## HAVE WE CIVIL DEFENCE PLAN?

### Railroad Experts At Hobby Show

The model train layout at the Westmount Y.M.C.A. Hobby Show was a highlight with the younger element. The rapt look on the faces of the lads in the above picture is proof enough that every boy has ambition to drive the transcontinental.

### Called Out to Street Accident

The Westmount Fire Department were called out last week to block all the sewers on Claremont avenue, Westmount, as 600 gallons of fuel oil swirled down the Claremont avenue hill.

According to the driver of the Royal Fuel Service truck, Charles Duggan, he was pumping oil from the truck into the basement of 464 Claremont avenue, when the truck's hand-brake suddenly slipped and the heavy vehicle began rolling down the steep hill.

Rolling across the street, the truck mounted the sidewalk and smashed headlong into a tree in front of 451 Claremont avenue, the force of the impact splitting the huge tank.

No one was hurt in the incident, but Westmount Firemen were quickly called to the scene to block all the sewers as the heavy oil was dangerous fire hazard.

### Abbott Pays Tribute To Hobby Show Participants

Finance Minister Douglas C. Abbott, Member of Parliament for St. Antoine-Westmount, officially closed the 14th Annual Westmount Boys' and Girls' Hobby Show at the Westmount Y.M.C.A. Saturday evening April 15.

Before presenting the prizes, Mr. Abbott gave a short and dynamic address to the hundreds of boys and girls, mothers and fathers assembled in the gymnasium. In reviewing its history, Mr. Abbott stated that he was proud to be associated with the Westmount Boys' and Girls' Hobby Show, and remarked that this was the 9th Hobby Show at which he had officiated. Mr. Abbott mentioned that to him the Hobby Show was one of the big events of the year in Westmount.

Mr. Abbott congratulated all the boys and girls who had taken part in the Show, whether or not they had won a prize. He also congratulated the boys and girls who had organized the Hobby Show, and stated that, "as long as we have boys and girls of school age, who are able to take on the responsibility that organizing a Hobby Show entails, we need not worry over the future of our country."

### Asselin, Marler May Head Transportation Commission

Reliable information concerning the Transportation Commission is to the effect that J. O. Asselin, chairman of the executive committee of the Montreal City Council and presently chairman of the Metropolitan Commission would be appointed by the outside municipalities to represent them on the new transport body.

The same rumour also had George Marler as being one of the members to be named by Montreal with R. F. Quinn, vice chairman of the Montreal executive also on the list. G. McL. Pitts, also an executive committee member, could be the English-speaking member.

The story went further and had R. Houde as chairman of the Transportation Commission, with J. Asselin as vice-chairman

### National Defence Dept. Offices Move to Westmount

The Inspection Service of the Department of National Defence will shortly vacate their quarters above the Post Office at the corner of Bishop and St. Catherine streets.

The Inspection Service offices will be located at the Glen, Westmount.

## Immediate Action Should Be Taken Says "Perturbed"

What is Westmount doing about the creation of a Civil Defence organization asks "Perturbed", in a letter to The Examiner.

The writer, who states that he was a member of the C.D.C. during the last war, heard Maj-Gen. F. F. Worthington, C.B., M.C., M.M., Canada's Co-ordinator of Civil Defence, address the Canadian Club here on Monday.

Apparently the General's remarks leads him to believe that steps should be taken immediately by our Westmount City Council, to set up an organization which could be called into service in case of need.

The letter from "Perturbed" reads as follows:

The Editor  
The Examiner.

Sir,

During the second world war I was a member of the local Civil Defence Corps which was formed by the municipality at the request of the government.

I can well remember, that in the beginning, members of the corps were imbued with tremendous enthusiasm, and attended training classes and also received a certain amount of military drill instruction, all of which they took in their stride.

The necessary equipment however was a long time in coming through, and those in charge seemed to be at a loss as to how best to carry on. Intelligent direction was lacking.

Fighting incendiary bombs seemed to be the No. 1 subject on the training syllabus, and as in those days the probability of an air raid here, appeared to be rather remote, members of the C.D.C. became rather apathetic, with the result that the force never reached a very high level of efficiency.

After listening to Gen. Worthington, at the Canadian Club this week, I may truthfully state that I am particularly disturbed, at what might happen here, if any enemy attacked with the friendly devices now in existence.

Fire he said, would be still one of the greatest dangers we might have to face. In Westmount and Montreal we are very vulnerable in this respect, as a direct hit on the water main on Atwater avenue, would cut off the supply of water for fire fighting.

The other possibilities are too horrible even to think about, and it is for this reason that I think our City Council should waste no time in setting up an emergency Civil Defence organization, capable of really doing an efficient job if called on. It will be too late if we wait until we are attacked.

### Dr. H. T. R. Mount Speaks At Annual Meeting, Thurs.

The Grenfell Labrador Medical Mission will hold its Annual Meeting at the St. Matthias Parish Hall, 12 Church Hill avenue, Westmount, on Thursday, April 27th.

Dr. H. T. R. Mount, Chairman of the Canadian Grenfell Labrador Mission will be the guest speaker.

### Council Makes Changes on By-law For Chimneys

Westmount's City Council decided that the chimney sweep should get a raise in pay. For over 40 years a fee of 25 cents per chimney plus an additional 25 cents for every base cleaned was charged, but with the repealing of Bylaw 187, section 32, all that is changed.

While it was optional as to whether the base is cleaned or not before the amendment, it becomes law that such work is carried on by the sweeps from now on.

The new tariff of fees for sweeping chimneys was broken into two divisions; first: for each flue in a one-family or multiple dwelling, 30 cents per storey, a basement and a pitched roof to count as an extra storey. The second division is for each flue in a commercial, institutional or public building at a flat rate of \$2.00 for the full height.

Under section 32 of the bylaw, every licensed sweeper shall be under the supervision of the Fire Department Chief. It will also be the duty of the chimney sweep to remove all soot and sweepings and deposit same in one or more of the receptacles provided for the job.

The third section of the bylaw declares that every licensed sweeper is entitled to the fees for such work at the rates fixed by the Westmount City Council.

### Accused of Indecent Assault on Parole

Facing six charges of indecent assault on women in Westmount streets, a man (identity withheld) was found sane by a leading psychologist.

The accused was picked up by the Westmount Police Department in April and was given a full examination before being parolled to a local association.

Here he will be on a long term parole and will be under observation and treatment.

## Scouting Around

with REG. GROOME

Western Area Headquarters rang last Saturday night to the tune of many and varied tunes, including the ever popular barn dancing, as what was slated as the final dance of the season was held in the local H.Q. The event was such a success that there now exists a definite possibility that another such dance will be held before the building is closed for the summer months. However, this is still within the realm of conjecture only. Don Rodgers, with the assistance of Dave Thompson, ran things very smoothly, and well over a hundred Scouts and their gals all seemed to have a grand time.

The party, twenty-six strong, that went down to the Chicken Chalet after the dance, also seem-

ed to have a good time, but then maybe our judgment is slightly prejudiced. However, you may ask anyone of the following . . . they were all in on the festivities . . . Stan Rodgers, Shirley Rees, Dawn Lidstone, Hugh Dentith, Joan Preston, Bill Baines, Bill Dick, Sheila MacNulty, Herbert Clarke, Shirley Wren, Harold Mason, Louise Appelton, Frank "Pop" Hicks, Ida Mitchell, George Morgan, Robert Mitchell, Beverley Emms, John Storr, Richard Hodgson, Marlene Miller, Donald Badke, Mary Wellein, David McFall, Carolina Elledge, David Thompson and Donald Rodgers.

Only twenty St. Luke's Cubs were out at the last meeting, due to the holidays. Tests passed were: Time-Telling, Kenneth Veary and Jack Eaman; Signalling, Peter Ellis, which completed his 1st star; Compass, Jacques Bisailon. L. Groves of the Group Committee told an interesting story and the following badges were presented: Team Player, Peter Ellis, Donald Woods, Gary Howes, David Cochrane, Douglas Smithers, Richard Powell, Crawford Spencer, Rodger Anderson and Bob Moffatt. Guide Badge went to Fred Groves.

The Hobby Show and Parents' Night will be held Saturday evening, May 27th, in the church hall St. Luke's boys are going to Cub Camp MacAuley in July. The Red Six won the pennant for the evening.

### Radio Broadcast

Last Saturday morning, three Scouts from the 1st McMasterville Scout Troop were guests on the Scout radio programme, "Scouting on the Air," one of whom was a winner in the current radio contest. This contest, which has been meeting with some considerable success, will be ending very soon now. In fact, this is the last opportunity for any Cub or Scout to get in on that chance to win a free period at either Cub Camp MacAuley or Scout Camp Tamaracouta. So, with this in mind, why not listen in this Saturday morning, and every Saturday morning, at 9.05 a.m. over radio station CJAD, to "Scouting on the Air" . . . you may hear news of your own unit, yourself and your friends . . .

**St. Matthias Pack**

St. Matthias Pack had a small turnout last week, no doubt due to the holidays. Badges were presented to Sixers Michael Harper, Hamilton Slessor, Peter-Leslie and to Cubs David Gilmour and Ronny Taylor. Colin Russel was presented with his 1st Star and the Sand Six now has everyone in the Six with their 1st Stars. Sixer Michael Harper, the first Cub to complete all twelve Cub badges, was appointed Senior Sixer. The neckerchief slide competition finishes tonight, so be sure and bring along all your entries. Sixers should contact their boys and ensure a full turnout.

### Southernmost Scout Troop

Canada's southernmost Scout Troop is on Pelee Island, Ontario. Like Canada's most northerly Troop, the Pelee Island unit is more or less isolated, being accessible only by boat and plane in summer and by plane in winter. Seven Scouts form the troop under Scoutmaster Allan Stokes, an observer for the University of Chicago, studying wild life and bird migrations on Pelee Island, the most southern point in Canada.

## Cancer Society Shows Progress

An all-time high of 20 research projects are under way at McGill and Laval Universities, the University of Montreal and at the Montreal General Hospital, Notre Dame Hospital and the Royal Victoria Hospital to advance existing knowledge of cancer, the Canadian Cancer Society reported today.

"In universities and hospitals of the province of Quebec, groups of men, who are little known to the general public, but who are famed in world scientific circles, are carrying on a 24-hour-a-day search for the answer to the riddle of cancer," Dr. Jonathan C. Meakins, C.B.E., president of the society, declared in a statement today.

The statement was issued in connection with the society's current campaign to raise a cross-country objective of \$1,000,000. The Quebec objective is \$250,000 and the Montreal quota \$200,000.

The Quebec projects are coordinated and financed by the National Cancer Institute of Canada, which sponsors a total of 76 research programs at 13 Canadian universities. The institute is financed to a large extent by its affiliate, the Canadian Cancer Society, whose campaign headquarters are at 1522 Sherbrooke street west.

Four hundred players were used by Cecil B. DeMille to enact the big fight scene in "Samson and Delilah," in which Victor Mature as Samson slaps the Philistine army with the jaw bone of an ass.

Brading's Brewery (Quebec) announces the appointment of Guy Normandin as sales manager for the City of Montreal. He was formerly assistant to Mr. P. A. R. Thompson, general sales manager, Canadian Breweries (Quebec) Limited, (Brading's, Carling's and O'Keefe's products). During the recent world war, Mr. Normandin served overseas for 20 months in the R.C.A. with the rank of lieutenant. Born in Farnham, Que., he has lived most of his life in Montreal, and has been associated with his present company for fourteen years.

**'TIS SPRING**

It's spring time in Westmount and, at long last, winter has made its final bow. The sun's rays possess a little warmth, there's a certain intoxicating balm in the atmosphere. It's a great time to be alive.

Take a few minutes out of your busy schedule and amble through this handsome suburb city. You'll see signs of happy spring in almost every nook and cranny.

The kids have shoved their hockey sticks and pads into moth balls and now must get their ice thrills vicariously with the help of Foster Hewitt. In their place are softballs and — in places not visited regularly by the constabulary of this fair city — the odd baseball. There's the odd lad with a tennis ball and a racquet having fun with only himself and a brick wall as opposition.

Up Murray Park way you get reminded of the ancient and honourable bromide to the effect that in spring young men — and presumably women too — turn their minds to thoughts of love. Hand in hand or arm in arm the young things stroll their blissful way in search of a vacant bench where they can sit and drink in the joys of spring.

At Westmount Park the first invasions from St. Henry are expected momentarily and in the meantime the laddies who live in that vicinity are waiting rather impatiently for a turn on the swings.

St. Leo's are preparing for their annual boxing show — yet another sign of spring in this metropolis.

Members of the pedagogical profession are finding their efforts bucked by daydreamers whose minds are miles away from such things as Max Planck's theory, the letters of Cicero and the intricacies of algebra, geometry and trig.

The high school throng are beginning to wonder what they're going to do this summer with the horrible prospect of going to work staring them in the face.

The college boys are trying their best to stick in their own billets for a final pre-exam session with their texts.

The birds are singing. The occasional flower is pushing its way skywards.

It's a great time.

## Colorful Pointers For Bright Living

Consider an applegreen picket fence this summer. Massed against it, Monte Cristo tulips in brilliant orange will give a new zest to the garden. Also a fence in this shade of green tends to highlight low shrubs whose leaves may be deep green.

If you've been wondering what to do about that entrance hall that seems to lack life, here's a suggestion. Paint the walls gum-metal grey . . . the floor may also be carried out in this shade either in wall-to-wall broadloom, or in battleship linoleum. This latter has the added advantage of being easy to keep clean. Accent colors can be in sugar pink and deep rose . . . sugar pink for the ceiling, deep rose in the drapes. You'll have a hallway that offers an invitation to gracious living.

An unusual color scheme for a living room finds the walls in light ivory — the hangings in off-white. Chesterfield may also be upholstered in off-white with accents of tile-red. Other accents provided by cushions in tile-red, and small pieces such as occasional chair, or top of stool in lemon yellow. Wall-to-wall carpet in sand-dune or beige.

Springtime makes us think of color and, of course, the color that predominates is green. If you're planning some decorating, why not consider an all-over green scheme for your living room? Walls in deep laurel green, small quantity of paddy green accents in cushions and lamp shades. Wall-to-wall broadloom in slightly lighter shade than walls. Upholstery in off-white with pattern in cool lime green and rich bottle green.

Winter is the time to check your color schemes. Be ready for spring painting. If a room with a north light has seemed cold during the winter plan to redecorate. You can use a warm orange on the walls, and a rich cocoa brown on the floors. Drapes in a matching brown, sofa and one chair in deep brown linen. Occasional chair in citrus yellow. If light is good, consider doing the ceiling in the orange slightly lightened by the addition of white. If light is not good, ceiling should be painted in off-white or oyster.

## Mr. Abbott States Inflation Over As Prices Rise

Westmount housewives are wondering whether their member, the Hon. D. C. Abbott, Finance Minister at Ottawa, was talking with his tongue in his cheek, when he stated recently, that the inflation peak had been reached.

No sooner had Mr. Abbott's statement been published, than along comes a release by the government Bureau of Statistics, showing that the cost of living in eight cities across the Dominion had increased during February.

Since then an upward revision in several commodities has taken place, notably in such items as coffee, tea, meat, etc.

The reason for only eight centres being mentioned, is that the Bureau only kept indexes for these eight, but as they are regional, the figures give a fair picture of the cost of living in the various areas from coast to coast.

Toronto led with a rise of 3.1 points higher than in the previous month. Winnipeg came next with a 2.5 rise; Montreal jumped by a 1.8 point increase; Vancouver also showed a 1.8 rise; Halifax 1.7; St. John, N.B. 1.7; Edmonton 1.4; and Saskatoon 0.9.

## Decrease Shown In Accidents

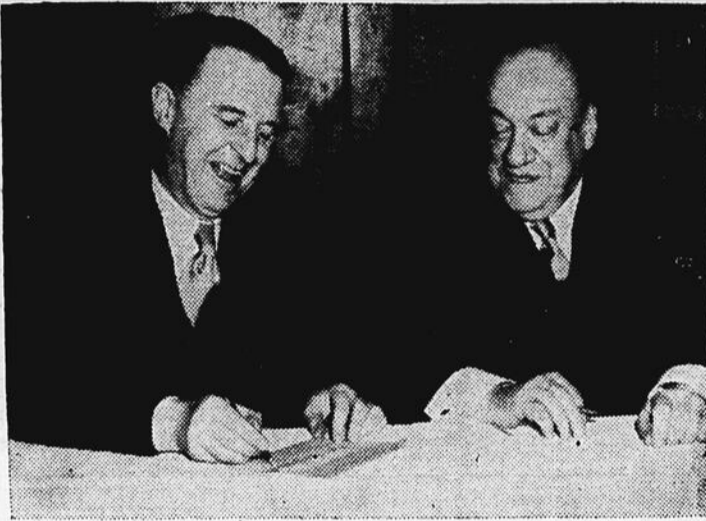

There was a decided decrease in the number of accidents reported for Westmount in March over the previous month, it was reported to the Westmount City Council on Monday.

A total of 71 accidents occurred, 56 of which were traffic; five street and 10 from other causes. The figures for February were 76, five and 17 for a total of 98 accidents.

The March total, however, was larger than that reported for March 1949, when 55 accidents were caused.

Of the total accidents, 20 injuries were reported for March 1950. No one was killed but one sudden death and one suicide were also marked on the books for March 1950.

## Friendly Foes Get Together

Hon. D. C. Abbott and Mayor Camillien Houde seem to be getting a kick out of signing as co-sponsors of the industrial and commercial exhibition scheduled to be held in the Arts and Trades School at St. Henry on May 22-28.

## Sutherland Wins Public Speaking Honors At Rotary

Four youthful speakers from Montreal High Schools were roundly applauded for their preliminary talks on Canada, heard at the Westmount Rotary Club at their luncheon meeting, Wednesday.

Winner of the preliminary was 16-year-old Ronald Sutherland of Montreal High School who was the unanimous choice of the three judges for his talk, "It's Great to be a Canadian."

"I am proud," said the winning speaker, "for it is good to be a part of a young and enthusiastic country." He recalled an incident which made him aware of what a privilege it was to be a native of Canada, saying that the foreigner who he met at a local hospital made him aware of Canada as a great country.

He spoke of the fertile plains of the west; the vast natural resources of the country, and said that it was possible for him to enjoy all the modern conveniences of science and industry.

In naming him as the winning speaker, Rev. J. Winston Kerr said that it was the speaker's charm that did much to capture the award.

Competition was keen as Ronald Wareham of Catholic High; Donald Savage of Westmount Senior High and Barry McLean of Mount Royal High also made talks on Canada.

McLean picked the same sub-

ject as the winner, directing his talk to a young immigrant of his named Karl who was still pessimistic about his future in Canada, while Savage and Wareham pointed out reasons why they would be opposed to a socialist government in Canada.

In his five minute talk Wareham declared: "This is no time to pursue false ideals but a time to continue to make the most of the things we have. Let us not forget the heritage of our forefathers."

Savage also denounced any form of a Socialist government in Canada, and said that slums are made from slum dwellers, pointing out that the proposed plan of new housing in a slum area would not take away the slums.

Frank Sharpe was the chairman of the meeting while Stanley Engles, Rev. Winston Kerr and Dr. J. S. Ashbury acted as judges for the contest.

In a short business meeting President P. G. Delgado announced that Ted Harrison, Frank Kenwood, Charlie Wright, Frank Sharpe and Jim Lawson were named to the Board of Directors to the Club for the next two years. They will take over their duties in July.

## Police Chief Issues Warning

Chief Robert Byford of the Westmount Police Department issued a stern warning today, to all residents regarding the cleaning of their front lawns.

He pointed out that under by-law 257, residents were not allowed to sweep their cleanings in the gutter, and said that in an effort to keep the city clean, action would be taken against any resident caught doing so.

"There is no excuse for it, and I have told my men to be on the lookout for any infraction of the bylaw," the Chief said.

## HANKINSON TO SPEAK

William C. Hankinson, Program Co-ordinator of the International Service of the Canadian Broadcasting Corporation, will speak on "Radio in the School" at the Annual Meeting of the King's Westmount Home and School Association on Wednesday, April 26, at 8:15 p.m.

## Mrs. Andrew Fleming Advocates Subsidized Low Rental Housing

Mrs. Andrew Fleming, M.B.E., was re-elected president of the Montreal Council of Social Agencies, at the annual meeting on Thursday.

Also elected as governors were: G. Egerton Brown, Paul Drummond, Mrs. George F. Ferguson, Mrs. Fleming, Miss Hamilton, Hon. Mrs. A. K. Hugessen, Mr. Haslett, Peter Kilburn, Mr. Magee, George Ramble and Carl Reinke.

The following were appointed by the functional sections, as their representatives on the board of governors: case work section, Eric I. Smith, chairman; Miss Dorothy Aikin, Mrs. H. H. James, Mrs. W. K. Newcomb and Mrs. T. Rea; health section: Dr. Baruch Silverman, chairman, Dr. W. H. Cruickshank, Dr. Donald Fleming and Mrs. Hubert Passmore; group work section: Miss Ann Silver, chairman, Henry F. Hall, Mordecai Kessler and Miss Anne B. Zaloha.

In her report, Mrs. Fleming stressed the need for the construction of low rental housing, and the setting up of a properly constituted housing authority, to plan the development of government-subsidized low rental housing.

Housing and unemployment, she said, aggravated all the other problems faced by the council.

## Reddy Memorial Hospital Extends Care To Homes

The Herbert Reddy Memorial Hospital, 4039 Tupper street, Westmount, will try out an experiment, in extending hospital care to patient's homes.

It is believed that the Reddy Hospital is the first in Canada to enter this new field of medical care, although some hospitals in New York have been doing this sort of work for the past few years.

That Westmount's own hospital should be the first to try out the new plan is something the community should be proud of.

H. H. Browne, superintendent of the Herbert Reddy Memorial Hospital, has outlined the plan for Examiner readers which is as follows:

Considerable developments in the care of the sick in Canada may well result from an experiment to be made by the Herbert Reddy Memorial Hospital, in accordance with an announcement made yesterday.

During the past few years various New York hospitals have

undertaken to extend hospital care to patients' homes. The patient remains under the care of his own physician and receives visits from nurses and interns while with his own family or friends.

The possibility of a somewhat similar arrangement has been studied for more than a year by the hospital authorities and the Departments of Health in Ottawa and Quebec and as a result, the Hospital has received a grant from the Federal Government to enable a pilot project to be carried out.

In accordance with the plan, the patient will leave the Hospital at an earlier date than usual and spend the period before complete convalescence at home. Interns will visit the patients under direction of their own physicians or the Hospital staff and make reports as if the patient were still in hospital. The nursing service will be carried out entirely by the Victorian Order of Nurses, the visiting nurse reporting to the Home Care Section of the Hospital so that complete records will be available.

The authorization received from the Federal Government was announced yesterday at the meeting of the Greater Montreal Committee of the Victorian Order. Colonel Wilfrid Bovey, the President of the Hospital, in speaking of the new plan, said: "One main difference between our scheme and that in force in New York is that the New York hospitals are dealing with patients who are public charges and the entire operation is at public expense."

"In our plan, the patient, while not paying as much as he would in the hospital, will nevertheless be expected to contribute, and we sincerely hope that when the experimental period is over, the Home Care Section will be self-supporting or almost self-supporting."

"It would have been impossible for the Hospital to undertake this work without the co-operation of the Victorian Order. Should the experiment be successful, it may very well pave the way to like activities throughout Canada and thus increase hospital facilities by perhaps 25 per cent."

"I believe that in authorizing this plan, the Federal Government has taken a step which may ultimately be of the utmost importance."

## Navy League To Stage 'Battle' At Exhibition

Last year at about this time Montrealers had an opportunity to see a unique exhibition. The Montreal Division of The Navy League of Canada had assembled on the main deck at their Closse Street barracks, a remarkable collection of model ships and sailing yachts which included everything from a giant model of the Canadian Pacific Liner "Empress of France" to a three-inch replica of the clipper ship "Cutty Sark", from a Chinese junk to an Ekimo kayak.

Those who visited this display will recall two very excellent models of a submarine and a frigate.

This year the League has arranged another unusual event. A submarine and a destroyer, similar to the two models in last year's show, will be on view at H.M.C.S. "Donnacona", 1475 Drummond street, starting Monday. Not only will these two accurate replicas of modern fighting ships be on view, but they will be on manoeuvres. That's right, manoeuvres.

### Naval "Battle"

The vessels are radio controlled and the "engagement" takes place in a 40 x 60 foot canvas tank. A ringside view of a naval engagement, without personal risk, is not an everyday occurrence, even in miniature. The daily shows are being held at 3, 4 and 5 p.m., and at 8, 9 and 10 p.m. On Monday, there will be two shows only, at 9 and 10 p.m. No shows will be held on Sunday.

## M. A. Boisclair Named "Father Of the Industry"

It wasn't all legs and stockings at the monthly meeting of the Full Fashioned Hosiery Manufacturers Association, held here recently.

At a special presentation, Maurice A. Boisclair, President of Chatelaine Industries Limited, was named "Father of the Industry" by Association President George Carr, and received in recognition of his nomination a book . . . the current popular novel, "Cheaper by the Dozen."

It was all a good natured bit of fun with a popular member.

Maurice Boisclair happens to be the only President of a hosiery manufacturing company on this continent who is also the father of 12 children.

"Canadian business leaders would do well to teach the philosophy of "Cheaper by the Dozen", Boisclair told his associates. "It is my conviction that a leader of industry should manage his business as he does his family; and that his generalship of his industrial army will reflect his captaincy of his family regiment."

Formerly secretary of the American Federation of Hosiery Workers of Northampton, Mass., Boisclair, was recently cited as "The Model Canadian Employer" by Gerard Picard, President of the Catholic Labor Unions in Quebec.

More recently his theories on world peace and prosperity through the co-operative efforts of free enterprise and labor unionism have attracted wide attention.

## E. DeG. Power Dies Prominent Member Many Companies

E. deG. Power, well-known industrialist, died suddenly on Wednesday, at the age of 63.

The funeral service, which was largely attended, was held in the Church of the Ascension of Our Lord, Westmount, on Friday morning. Interment took place at Vercheres, Que.

"Ted" Power as he was familiarly known in construction and engineering circles across Canada, was born in Ottawa in 1887, son of the late Augustus Power and Laleah (Crawley) Power.

He received his education in Ottawa, and at McGill University. Mr. Power had been associated with the industrial life of Canada for close to 40 years. At the time of his death, he was vice-president of Marine Industries, Sorel, and a director of Sorel Steel Foundries Ltd., and of the General Dredging Contractors Limited.

Interested in sports, he was an enthusiastic golfer, curler, and salmon fisherman. Mr. Power was a member of Laval-sur-Lac Golf Club, Kanawaki Golf Club, Marlborough Golf and Country Club, St. George's Curling Club, and the Mount Stephen Club.

He is survived by his widow, the former Elsie Himsforth; Henry Laporte (Nancy) of St. Lambert, Mrs. John Orr (Sheila) of Montreal, Mrs. Jack Fry (Suzanne) of Fort William; a son, Henry (Denny) Power of Montreal; a brother, Col. H. S. Tobin, D.S.O., O.B.E., of Vancouver, and two sisters, Mrs. H. E. A. Robertson and Mrs. Stuart A. Ross of Vancouver.

Passenger trains in Canada could make faster time than they do but schedules are "padded" to allow for unforeseen delays.

## Jr. Stamp Club Help Red Cross

The Junior Stamp Club continues to carry on their interesting trading and programs in the Oak Room of the Victoria Hall every Thursday evening, as do the seniors.

Great interest is being shown by Class 7B1 in the Westmount Junior High School in saving stamps for the Red Cross. Any stamps, any country, are accepted and should be left on the paper without being steamed off, with a margin of at least an eighth of an inch. These stamps are to be sold abroad and one pound brings approximately 30 cents. In charge of collecting is one of the active Junior Stamp Club members, Michael Ashby, of 489 Argyle Avenue, Westmount, at which address the stamps can be sent.

The Juniors have, at various times, held Red Cross auctions to raise money and have been very successful.

## Ruhman's Art At Vic Hall

Paintings and drawings by Walter Ruhman will be shown at Victoria Hall, from April 26 to 28. Expected to open the show will be Senator Cairine B. Wilson, Honorary Chairman of the exhibiting committee.

Claimed to be an interesting if not striking exhibition, each picture is said to reveal the strong imaginative trait of Ruhman. The division into different groups such as "World and Spirit," "Dusk and Dawn," "Age of Trial" and Satirics will make it easier to survive Ruhman's artistic capacity which follows a spiritual as well as a satirical line.

## Montreal Elgar Choir Presents Concert Monday

The Montreal Elgar Choir, under the direction of Berkeley E. Chadwick will present next Monday, Haydn's oratorio, "The Seasons", at the Legion Memorial Hall, Mountain street.

It is the first performance in Montreal of Haydn's Oratorio, and will mark the 149th anniversary of the original performance given on April 24th, 1801.

Haydn, one of the most versatile of composers, was 62 when on his second visit to London he was impressed by renderings of Handel's great choral works. This easily induced, upon hearing a libretto based on Milton's "Paradise Lost", to compose his first oratorio, "The Creation".

The successful production of this led to "The Seasons", the poem being written by a leading English poet of the day, James Thomson.

It is said that Haydn undertook this task with some reluctance, feeling that his powers were failing, but he carried through to achieve his last big composition, as fresh and genial as if it were the work of a young man.

For Monday's performance, Doris Killam is at the piano with Miss Lillian Ellis Thompson, Kevin Dougherty and Harry Maude assisting.

Close to 600 applications have been received from youthful artists all across Canada. The awards are being made available to any artist between the ages of 18 and 30 who is a resident of Canada. ### Big Awards

The awards are worth \$5,250, to 18 young Canadian artists. First award is \$1,000; second \$750; third \$500, and 15 awards of \$200 each. Their purpose is to increase the output of first-class work by furthering the development of young artists.

The awards may be applied for training, travel, or in any other approved manner which will further the artist's work.

It is expected that the judges will meet in Toronto in May and that announcement of the scholarship award winners will be made about June 1.

## "Command Performance" By Overseas Troop Shows

## TOM GARD'S NOTE BOOK

Was I fooled yesterday! I had been travelling in the country and dropped in on an old friend who had just purchased a fairly large summer hotel. As we relaxed before a comforting blaze in the fireplace I began to rave about the large artistic wrought-iron hinges on all the doors of the huge common room. My host chuckled and said "Come on over and examine them more closely". Imagine my amazement when I found my "artistic wrought-iron hinges" were made of cardboard! There's no denying the fact they were attractive.

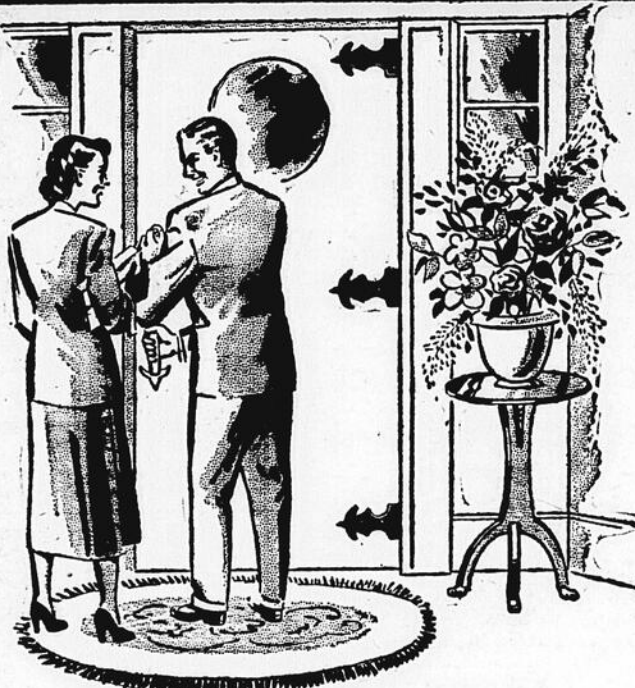

### Step Easy

With these April showers I find it difficult to walk across lawns where there is no sidewalk. Just yesterday, right in my own back yard, I sunk almost to my rubber tops on a dirt path that I intended to surface last fall. I am still in a quandary as to which to use—solid paving or stepping stones. In case some others are in the same dilemma, I've had illustrated two or three of the best methods I have seen used.

There's still plenty of usefulness left in an old bureau drawer. The chap across the street has put some to good use about his home. Two of his ideas are shown and both are practical. Junior's toys are stored in the one that is covered and painted a gay color. The other one, made into strong shelves, is in the basement to hold his partially used paint cans.

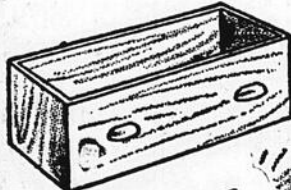

### Make Your Old Linoleum Smile

When I moved my family into our present house the agent remarked, "Of course, you'll have to lay a new linoleum in the kitchen". Would he be surprised to see the same linoleum five years and several coats of paint later! It is extremely easy to stipple a painted floor and what is even more important at this time of the year—it won't show the dirt!

## ST. MARY'S NEEDS YOUR HELP

### Hospital Faces \$118,000 Deficit

Since St. Mary's was first opened in 1924 in the Shaughnessy Home on Dorchester street, it has given the public everything it had to offer regardless of wealth or creed,

race or religion. St. Mary's has faithfully tended all the sick who came to its doors.

Like most hospitals, St. Mary's operates at a loss, and must depend upon public subscription to make good its deficits. The deficit this year is just under \$118,000, and an appeal to the friends of the hospital and the public at large is now in progress to liquidate this deficit. The campaign ends May 2.

The welfare of St. Mary's is of special concern to residents of Montreal west end—this part of the city—because this is where the greater part of its service is rendered, where most of its patients come from. When the canvasser calls upon you, therefore, give him an encouraging reception. Dig down deep. Remember, the entire community benefits from good hospitalization service. When sickness strikes, it's comforting to know there are institutions like St. Mary's close at hand.

### Westm't Park-Emmanuel

Montreal is fortunate in having a very distinguished man as Dean of the newly formed Faculty of Divinity at McGill University in the person of Dr. J. S. Thomson. Dr. Thomson is a graduate of Trinity College, Glasgow, Scotland, and came from there to the Divinity College at Pine Hill. Later he was head of the University of Saskatchewan and of the Canadian Broadcasting Corporation; finally called to McGill, he is already making an outstanding contribution in the theological field.

Dr. Thomson will address a group of young people on Sunday evening in Westmount Park Emmanuel Church and will also preach at the evening service.

### Westmount Baptist

The recent happenings in Shawinigan Falls, together with other incidents in past months, bring into focus the question of "Religious Freedom in Canada". Intolerance is a hateful thing in any guise. No man has a right to Lord it over his neighbour or to persecute his neighbour because of a difference in religious conviction. It seems utterly inconsistent to protest against intolerance in lands beyond the Iron Curtain if we permit it to raise its head in our own land. The right to preach, practice and propagate one's religion is basic to the whole concept of spiritual freedom and is the most important of the so-called Four Freedoms. Dr. J. A. Johnston's theme on Sunday morning will, therefore, be "Religious Freedom in Canada—Is It To Be Nominal or Real?"

At the evening service the theme of the sermon will be "The Compelling Power of Love". Paul, speaking for himself and his friends, said: "The love of Christ constraineth us". The word "con-

strain" has a triple meaning. It means "to hold together", "to put under pressure", "to urge or compel". Christian people and indeed the whole Christian Church must be actuated by this highest and most practical of all motives.

The Christian Youth Fellowship, which has been experiencing very vital things in recent weeks, has its meeting following the evening service. In these gatherings a large group of young men and women are earnestly seeking God's Will for their own lives.

Services, celebrating the Twenty-Fifth Anniversary of the Dedication of "Westmount Baptist Church", will be held on Sunday, April 30th. The speakers on this great occasion will be Dr. J. S. Thomson, Dean of the Department of Divinity, and Prof. G. H. T. Kimble, head of the Department of Geography, at McGill. A special Anniversary Calendar is being prepared.

### Montreal Truth Centre

On Sunday evening at the Montreal Truth Centre, James Falconer spoke upon the timely subject of "Chain Reactions." Miss Mabel Fetterly, guest artist, sang "Rock of Ages" accompanied by Mrs. H. F. Briegel. Sunday next Miss Marjorie Kirkness will give an address upon "Self-Expression."

Those who attended the Montreal Truth Centre on Saturday evening were thoroughly entertained when an operator from the Provincial Transport Co., showed several colour sound films in story form of Greyhound bus tours. The films were colourful as well as educational, spotlighting unique and historical "show-places" in the United States, and points of interest in the capital cities.

Between films, Miss Mildred Hodgkinson, soprano, rendered se-

**Christian Science**

"Probation After Death" is the subject of the Lesson-Sermon to be read in Churches of Christ, Scientist, on Sunday.

The Golden Text is from I Cor-

inthians 6:14—"God hath both raised up the Lord, and will also raise up us by His own power."

Among the citations which comprise the Lesson-Sermon is the following from the Bible:

"Behold I shew you a mystery; We shall not all sleep, but we shall all be changed; In a moment, in the twinkling of an eye, at the last trump: for the trumpet shall sound, and the dead shall be raised incorruptible, and we shall be changed. For this corruptible must put on incorruption, and this mortal must put on immortality."

(I Corinthians 15: 51 to 53)

The Lesson - Sermon also includes the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"We know that all will be changed 'in the twinkling of an eye' when the last trump shall sound; but this last call of wisdom cannot come till mortals have already yielded to each lesser call in the growth of Christian character. Universal salvation rests on progress and probation, and is unattainable without them. Progress is born of experience. It is the ripening of mortal man, through which the mortal is dropped for the immortal. Either here or hereafter, suffering or Science must destroy all illusions regarding life and mind, and regenerate material sense and self. The old man with his deeds must be put off."

## Mrs. J. Breckon, Nearing 100, Vividly Recalls Civil War Days

By DAWN McGLAUGHLIN

From the spring of 1861, until the spring of 1865, while Southerners felt that they were fighting for their rights, and antislavery men in the North were battling to prevent Southern secession from destroying the Republic, and from wrecking the United States as the hope of a free world, Mariah Dorr, then in her early 'teens, was busily engaged in rolling bandages and stocking "comfort bags" for the blue-clad troops of the Union. Today, Mariah Dorr, who has been Mrs. John Breckon since 1871, lives with her daughter, Miss Mae Breckon, on Addington Avenue.

Interviewed at her home recently, Mrs. Breckon, who will be a hundred years old November 1, said that she remembered the Civil War "as well as if it had all happened yesterday."

"We — I, my parents and my eight brothers and sisters — were living in Clayton, N.Y., when the war broke out. In fact," Mrs. Breckon added, "we were all born in Clayton. My father came to the United States from Germany, and settled in that town soon after he was married. At the time of the Civil War, the population was only 400 or so, and most of the young men were called into the service."

### News by Stage Coach

"It was a very sad time for us. We spent our days doing what we at home could for the soldiers — and waiting. Waiting for news from the front. There were no radios in those days, and few trains, so most news reached us by stage. There were dark days at first, when things were going so badly for the Union, especially after the Confederate victory at Bull Run.

"We didn't lose for long, though," Mrs. Breckon smiled, reminiscing. "We had so many great generals — Grant, Sherman, McClellan — my goodness, Lee hadn't a chance, really.

"Then, of course, there was President Lincoln. He was a wonderful man, and we all loved him. I saw him eight months before he was assassinated. And later, when we heard that he had been shot, we sat up all night waiting for definite news."

Asked, in the light of future happenings, which side she believed to have been in the right, Mrs. Breckon was very emphatic when she said "Oh! The North,

MRS. MARIAN BRECKON

decidedly. There's no question about that!"

Mrs. Breckon's husband was a railroad and bridge contractor, and at the time of their marriage in 1871, railroad mileage was rapidly expanding. Because by 1870, the Federal government had given the railroads land equal to the combined areas of New England, New York, and Pennsylvania. "My husband," Mrs. Breckon noted, "supervised the construction of Clayton's first railroad. In fact, he had to build the railroad to get me out of that town!"

Shortly afterwards, the Breckons came to Canada, and settled in Ottawa. Here, Mrs. Breckon first became interested in oil painting, and it was not long before her work was on exhibition. She still has many of her landscapes and still-lives, painted as long ago as 1879.

### Painting Wins First Prize

One beautiful still-life, in particular, which holds the place of honor in the Breckon home, was awarded first prize in the Ottawa Exhibition, the year that Princess Louise attended the event. Mrs. Breckon was forced to discontinue her painting career eight years ago, because of failing eyesight, but up until that time, she was recognized as one of Canada's foremost feminine artists.

Mrs. Breckon's interest in war work began with the Civil War, and continued through the Spanish-American War, when she knitted articles which were distributed to the soldiers by the American Red Cross; the South African War, and two World Wars. But asked what she planned to do in the event of a third world conflict, Mrs. Breckon smiled and said "I'm afraid they'll just have to get along as best they can without me, next time. I'm not as young as I used to be!"

Mrs. Breckon came to Montreal during the early 1900's, and has been a resident of Notre Dame de Grace, and a member of Montreal West United Church since 1912. "Of course," she remarked, "I haven't taken an active part in church work since 1942, but I did manage to attend the Easter Service this year."

A widow for many years, Mrs. Breckon has four children — Mrs. James Robertson, of Westmount, Mrs. Kathleen Millen and Miss Mae Breckon, of Notre Dame de Grace, and Mr. W. S. Breckon, of Winnipeg, Man.; three grandchildren, Mrs. Stuart Barclay, of Notre Dame de Grace,

## Group Entertained At St. Anne's Lodge

Mrs. Rod Campbell and Mrs. Charles Glenday, of the N.D.G. Branch of the Canadian Red Cross Society, were joint hostesses yesterday to several members of the Red Cross Group of the Notre Dame de Grace Women's Club, on a visit to Ste Anne's Red Cross Lodge at Ste. Anne de Bellevue. Members of the club group who went on the outing were Mrs. R. Drain, Mrs. T. Ward, Mrs. L. Marsh, Mrs. P. Paten, Mrs. R. Reynolds, Mrs. T. Bishop, Mrs. J. F. Gorrie, Mrs. G.S. Russell, Mrs. C. Wells, Mrs. E. W. Merrill, Mrs. T. Bourden and Mrs. Mitchell.

The party left at eleven o'clock in the morning by car, were entertained at luncheon and afterwards made a tour of the various facilities at the hospital and enjoyed a social hour at the Ste. Anne's Lodge lounge before making the return trip to Montreal.

Mrs. R. Drain and Mrs. T. Ward are the conveners of the Notre Dame de Grace Women's Club Red Cross Group who, according to the President of the N.D.G. Red Cross, have an admirable record in work accomplished for the Branch.

## Hospital Bridge

The bridge sponsored by the Associates of the Montreal Convalescent Hospital, under the con- vnership of Mrs. Philip Carriere, is taking place Saturday afternoon, at the hospital.

Mr. George Millen, of Toronto, and Mr. William Millen, of N.D. G.; and eight great grandchildren.

### Philosophical Attitude

Having lived in this world for 99 years and four months, Mrs. Breckon appears not at all disturbed by present trends.

"I've lived through several wars, watched 21 American presidents, and five English monarchs come and go," she said, "and I've seen a lot of changes. Some were for the better — some weren't. But I don't believe that the people of today are really any different from those of 90 or 100 years ago. My generation had its bad moments, but we survived. I'm sure the world will straighten itself out again."

## Mrs. J.C. McKean Heads 1950-51 Executive Of Westmount Club

The thirty-second annual meeting of the Westmount Women's Club was held Friday, April 14, in Victoria Hall, the president Mrs. H. S. Jacques, presiding.

Officers reports showed that a successful year had been completed. An afternoon bridge raised funds for welfare work and Christmas cheer, and a shower of imperishable food was held to aid needy families. A military whist, in aid of the club's post-war services, was organized, and in the fall, the club sponsored the Welfare Federation's Red Feather Revue (Westmount). At Christmas an entertainment was given for young people from the School for Crippled Children and other institutions.

During the year, 144 food parcels having a total weight of 1,783 pounds, also parcels of clothing, were packed and sent to Great Britain by the chairman of post-war services, Mrs. Herbert C. Holland, and a contribution was made to the support of an English war orphan.

**Hospital Visits**

Regular visits and comforts were provided for patients at Queen Mary Veterans' Hospital and Ste. Anne's Military Hospital. Members contributed new garments for distribution among patients in London hospitals, which were accepted and graciously acknowledged by Her Majesty Queen Mary, the scheme being organized in Montreal by Mrs. D. Forbes Angus.

The club was the recipient of the \$100 award made by the Ogilvie Flour Mills, for outstanding community work and from the Women's Voluntary Services it qualified for a certificate of merit in connection with the post-war services, which it carries on through that organization.

Representations were made to the authorities concerned on such matters as rent controls, the Protestant Women's Jail, Juvenile Delinquents' court and The Montreal Tramways. The club is affiliated with the Local Council of Women and a number of other organizations.

**Groups and Classes**

During the season, the club further developed the formation of instruction groups which members are eligible to join. Among these are Drama, French, Millinery and "Visit Your City," members of the latter having visited places of interest each month, terminating with a day at Parliament House, Ottawa, by invitation of the Hon. D. C. Abbott, K.C., M.P. (Westmount).

Grants and donations were apportioned for the following: Multiple Sclerosis Society, \$50.00; Homoeopathic Hospital, \$15.00; Herbert Reddy Memorial Hospital, \$30.00; Grace Dart Home, \$20.00; Canadian Cancer Society, \$25.00; Montreal Girls' Association, \$25.00; Salvation Army Red Shield Appeal, \$15.00; Y.W.C.A. Building Campaign, \$10.00; Montreal Children's Library, \$10.00; Community Committee for Future Canadians, \$5.00; overseas food parcels, \$420.00; Ste. Anne's Military Hospital Visiting, \$480.00; Queen Mary Veterans' Hospital Visiting, \$420.00; British War Orphan, \$250.00; annual scholarship for Westmount School student entering McGill University, \$100.00; prizes for vocal culture

MRS. J. C. MCKEAN

in Westmount schools, \$25.00; and a contribution to the testimonial luncheon given for Miss Esther Botting by sister organizations.

**Officers Elected**

Officers for 1950-51 are president, Mrs. J. C. McKean; first vice-president, Mrs. D. L. Stewart; second vice-president, Mrs. Herbert C. Holland; recording secretary, Mrs. George Olesen; membership secretary, Mrs. D. L. Fowlie; treasurer, Miss M. Frampton.

Chairmen of committees are: civics and education, Mrs. U. S. Beck; door and house, Mrs. Gordon T. Blair; drama and study, Mrs. J. C. Cairns; music, Mrs. Hugh Shoobridge; press, Mrs. E. E. Hutchison; welfare, Mrs. Robert H. Anderson.

The retiring president, Mrs. H. S. Jacques, was presented with a table lamp on behalf of the club, and a gift and corsage from the board of directors.

### Tots Turned Away From Memorial Hospital Due to Lack of Space

They come by the thousands to the Children's Memorial Hospital — but not all are able to receive the treatment they need. For every youngster admitted to hospital, there are two who are unable to receive care here because of lack of space. This was made known recently by hospital authorities in a statement to the Joint Hospital Fund. "No child is ever turned away from the Children's because of language, race, creed or the inability of his parents to pay," the statement read. "But children are being turned away because there are no beds available. . . ."

In 1949, 4,259 boys and girls up to 14 years of age were treated for practically every imaginable ailment. Five hundred and fifty-one tonsil and adenoid cases were the largest single group handled. Next largest was the pneumonia group, while fractures and appendicitis were third.

The Joint Hospital Fund on May 15th will commence solicitation of voluntary gifts to meet the new building and other vital needs of the Children's Memorial Hospital, as well as those of the Montreal General (Central Division) and the Royal Edward Laurentian.

Fresh water in Canada covers 28,307 square miles of the country's 3,690,410 square-mile area.

## St. George Kiwanis Sponsoring Benefit Fur Fashion Parade

From furs to fire-fighting equipment — seems like a long jump, doesn't it? Not to the hard-working St. George Kiwanis members, for their successful fur fashion shows last year made possible the donation of fire fighting equipment to the University Settlement.

The tickets purchased to view glamorous furs and fashions also resulted in many other worthwhile donations. There was a sewing machine for La Colonie des Vacances du Sacre Coeur; clothing for the Italian Orphanage; playground equipment for Neighbourhood House, and many, many others.

For the third year, the Canadian Fur Industry has provided the St. George Kiwanis Club with the glamorous ingredients for another Fur Fashion Parade. Ten showings are scheduled for the Mount Royal Hotel on April 20, 21 and 22. This year, the show promises added excitement in the new colorful furs and fashions, the prettiest of Montreal's models, and stage settings that promise to make this one of the outstanding fashion events of the year.

Worthy charities again will benefit from the entire proceeds of these fashion showings. Apart from enjoying a novel and interesting fur presentation, ticket buyers will have the pleasure of knowing they have helped contribute to such organizations as the East End Boys' Club, the School for Crippled Children, the Boy Scouts, Shawbridge Boys' Farm and many others.

## Britain Receives 4745 lbs. Food from Westm't Club

At the annual meeting of the Westmount Women's Club held on Friday, Mrs. Herbert C. Holland, chairman of the post-war services reported that, since 1947, she had shipped 414 food parcels, weighing a total of 4,745 pounds, as well as parcels of clothing, to Great Britain.

Mrs. Holland also reported that the members of the club had responded generously to the Queen Mary Gift Scheme for new clothing for distribution among various London institutions.

*Pattern Adjustment Made Easy*

In the new "Singer Sewing Book" by Mary Brooks Picken you will find pages full of useful how-to-do sketches such as this. Here you see an illustration from the book on how to adjust shoulder seams to fit smoothly. This new sewing book covers all phases of sewing for home decorating as well as home dressmaking.

Tissue paper patterns have been a great help to women who sew ever since they were first made by Ebenezer Butterick, an itinerant tailor, who made patterns and rented them to customers who cut from them. The latest invention in the pattern field is the plastic pattern, made so that it may be fitted to the figure.

A lot of problems in sewing can be solved by the correct selection of a pattern in the first place. Before buying a pattern, think over your needs carefully. Consider where and for what kind of oc-

casation you will wear the garment, what accessories you already have to wear with it. Choose your pattern to be suitable for the fabric you have in mind, for your figure, and your purpose.

If pattern adjustment has been your problem, you'll find the answer to this and many other sewing problems in the new Singer Sewing Book by Mary Brooke Picken. This new sewing book is full of illustrations and helpful hints for both home decorating and home dressmaking assignments.

*Minute Mix*  
 By H.B.S. and D.McG.

MINUTE MENTION . . . Nina Zibol, in addition to having long natural golden hair, a positive genius for looking slick as a whistle in the matter of good grooming, and a flair for singing gypsy songs has also the ability to take it on the chin when Fate hands her a wallop, Nina, young in spirit and years, has seen enough trouble, but trouble hasn't been able to check this Russia girl's resiliency in making a comeback. Nina seems to have what it takes to build a successful life in a new country.

Born in Odessa, Nina speaks five languages. She finished High School in Odessa then took three years training as a nurse, also continuing her education in singing, dramatics, etc. In 1937 her father, a White Russian, was killed by the Reds, and when the Germans marched into Russia in 1944 Nina, her sister and mother, along with most of the inhabitants of her home town, were forced to go to Frankfurt, Germany, where they lived for three years. Nina and her sister were offered no choice of employment. They were drafted to do manual labor, and these slender girls, used to the niceties of life, had to handle tremendous packing cases, etc., at Frankfurt railway station.

In 1945, when the Americans entered Germany, Nina was released from heavy labor and spent the next two years nursing. She had no wish to return to Russia where her father had met such a tragic end, and through American facilities came as a Displaced Person along with 100 Polish girls to work in the spinning mill of Mr. Dionne at St. Georges De Beauce.

Later she came to Montreal, where she was rejoined by her sister, and they were successful in getting the necessary passport

and papers to enable their mother to come to Montreal, from a D.P. camp in Germany. The three are now living happily together, and Nina, who is a member of a modelling class and whose Speirs-Miller photographic tests have proved to be exceptionally interesting, may move into a new field, that of photographer's model.

Would you say that Nina has been one of fortune's favored or not? In several ways she has, though her own good sense and resilient character doubtless has helped her through to success so far. Our very best wishes go to this new Canadian. May no pack-

 Mtl. Council Meeting**

The regular monthly meeting of the Montreal Council of Women was held yesterday in the Allan Shatford Hall, Miss Esther Kerry presiding.

A highlight of the afternoon was the presentation to Doctor Baruch, Director of the Mental Hygiene Institute, of eighty records of mental testing of adults and children which have been in the Council files since compiled by Miss Isa N. Cole in 1918, and which will be transferred to the files of the Institute for permanent safekeeping both for their historic value and present practical use.

Miss Nora Bailey, psychologist and educational assistant of the Mental Hygiene Institute, addressed the Council on "Mental Hygiene in the Community Today."

Mrs. Hartland Paterson, president of Montreal Dairy Nursery, discussed the history, objects, functions, etc., of the nursery, and noted that a Parent Association is being formed to encourage understanding between child, parent and the Nursery.

"The Montreal Day Nursery is the only Protestant Nursery in Montreal," she said, "and the Board feels that there is a definite need for more facilities for day care. We would like to see more nurseries of this kind to meet the needs of handicapped parents and children."

Mrs. C. K. Lally, chairman of the Economics Committee, reported some findings from a detailed study of the Report of the Royal Commission on Prices.

Hostesses for tea were the Silver Cross Mothers of the R.C.A.F.

### Group Program

The program presented by the clubs, with Mrs. Joan Bayer, clubs chairman, as convener, was designed to show the new members what the club had to offer in its various groups. Members inspected the displays of the Book Groups, the Discussion, and Public Speaking Groups. The Special Service Groups had two of their layettes to show, and articles made by the Hobby Group were on display. New hats, old hats remodeled, fabric gloves, painting on glass were a few of the latter groups triumphs.

The Marathon and Bridge Les-sons Groups indulged in a bit of tune telling. Mrs. R. B. Hayes, Mrs. C. D. Schnebly, and Mrs. F. D. Kman, dressed as gypsies and seated at booths, played the ever-popular fortune telling trade. The Ball Room was arranged

## Mrs. R.E. Wodehouse To Be Honored At Anglican Celebration

One of the most outstanding women members of the Anglican Church in Canada will be a special guest at the giant lay luncheon being held Wednesday at the Windsor Hotel, to celebrate the 100th anniversary of the formation of the Church of England Diocese of Montreal.

She is Mrs. R. E. Wodehouse, the first and only woman ever elected as a representative to the General Synod of the church in Canada who is also the dominion president of the Anglican Women's Auxiliary.

Mrs. Wodehouse, who resides in Ottawa represents the Diocese of Yukon at the General Synod. Church members of the far-away diocese who admired her work requested her to act as their representative on the governing body of the church in Canada.

Hundreds of other Anglican lay women are expected to attend the luncheon from parishes throughout the diocese. Although the affair has been arranged expressly for lay men and women, a member of distinguished clergymen will be present including the Very Rev. George R. Calvert, Dean of Victoria and the Rt. Rev. T. R. Ludlow, Suffragan Bishop of Newark.

### Obliging Light For Home Closets

Just like the light switch that automatically floods your refrigerator with light when you open the door, the Dor-Lite Company of Chicago is now manufacturing a switch which automatically turns on the light in home closets when the door is opened.

The apparatus is simply a length of wire with a switch to fasten to the top of the doorway with two screws and a three-way control socket that screws into a closet light fixture. If the cord

is too long it can be gathered neatly in a short hank and secured with a short piece of string or Scotch tape.

A railroad's real worth lies not in the dollars and cents it earns but in what it means to the territory it serves.

## Two Outstanding Features At The Westmount Sunday

Three gobs and their gals on a twenty-four hour leave in the Big City, set to songs, dancing and laughter — that's the entertainment spree offered in the new Technicolor musical jamboree, "On the Town," headline attraction at the Westmount Theatre.

Gene Kelly, Frank Sinatra and Jules Munshin are the sailors; Betty Garrett, Ann Miller and Vera-Ellen are the cuties who lead them on a scintillating sight-seeing tour of New York in this all-star filmization of one of Broadway's biggest stage hits.

The plot thread hangs on Kelly's search for Vera-Ellen, whose picture as "Miss Turnstiles of the Month," he has seen of a subway card and whom he meets briefly and falls in love with at first sight. But he loses her again and lines up his pals, Sinatra, Munshin, the hardboiled but romantic lady taxi-driver Betty Garrett, and the glamorous anthropologist Ann Miller, to scour the town and find her.

Before they are through they have demolished the skeleton of a prehistoric dinosaur at the Museum of Natural History, gotten into a jam at the top of the Empire State Building, covered such spots as Grant's Tomb, an assortment of night clubs and the Brooklyn Navy Yard, and end up in a wild police chase at Coney Island.

It's one grand romp, punctuated with the tune-fulest tunes.

"The Red Danube," as an added attraction, offers strong dramatic meat.

Telling the story of a British colonel and his staff, who are sent to Vienna after the war to ferret out subversive activities among displaced persons and to forcibly turn over Soviet citizens for repatriation, this picture doesn't pull a single punch in its gripping action.

## "The Immortal Sergeant", "Lydia" At the Monkland

It may hardly sound like a reasonable statement, but it is true that, in some cases, playing war scenes for a motion picture camera can be trying as war itself.

Henry Fonda, Thomas Mitchell, Mortor Lowry, Allyn Joslyn, Reginald Gardiner, Bramwell Fletcher and Melville Cooper will corroborate that statement. Fonda is starred and the others are featured in 20th Century-Fox's film version of John Brophy's "Immortal Sergeant." And, in simulating the grueling war in the Libyan desert, they were put to the real test in at least one respect.

Sandstorms sweep the east African desert as often as three and four times a week. Troops protect themselves by swathing themselves from the neck up in mufflers, except for the eyes which are covered by goggles.

But when director John Stahl realistically filmed those slashing sand blizzards, he couldn't furnish his "troops" similar protection. Why? Well, cover the players' faces and how are moviegoers going to know who's who among the cast?

No answer was found to that one. As a result, the cast was forced to stand face to face to sandstorms. And Fonda, who entered the Navy after completing the picture, said:

"The longer I'm in the movies the more I look forward to getting salt spray in my face!"

Maureen O'Hara shares top billing with Fonda in this stirring epic of the valiants who outlasted the Africa Korps in Libya. The film, which opens Saturday until Tuesday at the Monkland Theatre, was written and produced by Lamar Trotti.

Returning for your added enjoyment is that outstanding Alexander Korda production "Lydia" starring Merle Oberon, Alan Marshall.

### Audience of Prominent Women Hails "Heiress"

Highest praise was showered on William Wyler's "The Heiress" by leaders of women's organizations and women prominent in public life following a special screening of the picture held by Paramount at the Ambassador Theatre early this week.

The unanimously enthusiastic comments left no doubt that in the opinion of these leaders "The Heiress" is an excellent production of unusual appeal.

More than 80 leaders of public opinion attended the showing, and each accorded the picture a superlative reaction.

"The Heiress", which stars Olivia de Havilland, Montgomery Clift and Ralph Richardson, will be given a gala Hollywood premiere at the Carthay Circle Theatre the evening of October 20. William Wyler both produced and directed the distinguished film, with screenplay by Ruth and Augustus Goetz.

### Ferrer Signs Contract With MGM for Big Role

Jose Ferrer definitely placed his future in Hollywood's hands with the simultaneous signing of two important contracts. He reports to Metro-Goldwyn-Mayer shortly for the powerful and dynamic role of a ruthless dictator in "Crisis", which stars Cary Grant, and on March 15 joins 20th-Century Fox to begin a five year term contract arranged with Darryl F. Zanuck.

Ferrer, who scored an outstanding hit in "Joan of Arc", also enjoyed one of the year's top New York Theatre Guild successes in "The Silver Whistle." He recently completed "Whirlpool" at 20th Century with Gene Tierney and Richard Conte.

"Opportunity Knocks" Names  
New Canadian Star, Monday

Another Canadian star will be launched on a radio career when the grand award winner of Opportunity Knocks is announced on Monday. The semi-finalists, ten professional and semi-professional artists, have now appeared on two shows (April 10 and 17) of the current series of the CBC's talent show, directed and emceed at the Monkland Theatre by John Adaskin and broadcast on the Dominion network, on Mondays, at 8.30 p.m.

As well as weekly cash prizes awarded the artist who polls most votes from theatre applause and letters from listeners, each weekly winner competes on two semi-final shows for which he receives a professional fee. This is the same fee which all contestants receive who appear on the program. On the past two shows the semi-finalists have been competing for the grand award, a CBC network series. The last grand award winner was the Finnish baritone Kalle Ruusunen.

The current lineup of semi-finalists ranges from jazz players to opera singers: Ron Hollyman, English popular singer; Mario Germaine Leblanc, coloratura soprano of Moncton, New Brunswick; Barbara Goodwin, Ste. Anne de Bellevue pianist; Corinne Conley, an American-born popular singer now living in Montreal; André Cantin, Quebec City tenor; Colette Morola, Montreal mezzo-soprano; Norman Brooks, Mont-

real popular singer; Johnny Bird, boogie pianist of Swift Current, Saskatchewan; Jacqueline Poirier, concert pianist of Montreal; and soprano Doris Swan, winner of the Toronto audition program, Opportunity Trials.

HAPPY BING

Bing Crosby likes his role in Paramount's "Mr. Music." The Groaner gets to spend several days on the links at Riviera Country Club where golf sequences of the film are being photographed. And, for Bing, golfing isn't work at all.

Mona Freeman, the delightful "Teen-ager" of Paramount's "Dear Wife," is an accomplished artist, prefers to paint portraits in oils.

HOLLYWOOD, April 20 — You'll forgive me, I hope, if I digress from the movie beat today. But stay with me, please.

I lunched yesterday with a 32-year old scientist. Good looking in a pugish way, at 26 this young theoretical physicist helped develop the atomic bomb. He understands Einstein's relativity theory, loves to humba, but has never heard of Jane Russell. Cornell University pays him just to sit around and think.

Just think, mind you.

asked him what he thinks about.

"Baseball!" he quipped with a smile. But it was just an attempt at levity. Actually, he thinks most about the future of civilization.

He doesn't think civilization has much future. He is not a pessimist, either. But he is a scientist, a man of facts.

"We're on the road to self-destruction", he remarked calmly. "We're improving and inventing methods of mass annihilation. I believe that within 50 years society, as we now know it, will die."

My friend doesn't feel all humanity will perish. A few savages here and there will survive, plus a small number of educated folk. But, for all intents and purpose, society will have to rebuild as it did after the Roman and Babylonian declines.

This physicist is no sensationalist, but he advises moving to Brazil when things get hot, because Montreal and New York and Los Angeles will be in the front line of almost certain atom bombardment. He says the only defense against atomic attack is decentralization of industry and population. This means the redistribution of our cities through presently rural areas. Russia already has the jump on us there, and the plan is so costly we will probably not even try it.

My friend thinks the atom bomb, or its hydrogen successor, will almost certainly be used if Britain and America ever declare war on a common foe. Chances are the enemy will stall war with the Allies as long as possible, through the Hitlerian tactic of taking over European and Asiatic countries one by one until the Democracies invite atomic attack by declaration of hostilities. This process seems already well under way.

The scientific viewpoint is that we have already probably passed the point of no return. The terrible truth seems to be that whatever forward steps science takes today, whether they be applied or purely theoretical, the gains are certain to be used for

Westmount Girls  
In Leading Roles  
Of Dramatic Play

"Deep Are the Roots," powerful and moving drama dealing with the post-war Negro problem which opens at Westmount's Victoria Hall next Tuesday, has two Westmount actresses in the leading female roles.

Cynthia Michaelis and Mary Barclay play two sisters who are deeply concerned in the web of circumstances which bears down heavily on a young Negro war hero who was brought up as a servant in their home.

The Negro soldier, played by Percy Rodrigues, finds the girls' father, a bitter southern senator, unwilling to accept him in his new role. The senator's hate has violent repercussions which deeply affect his own family as well as the other characters in the play.

"Deep Are the Roots," co-authored by Arnau' D'Usseau and James Gow, was acclaimed in 1945 as one of the best plays of the year and has been hailed by UNESCO for its searing attack on race prejudice.

Miss Michaelis and Miss Barclay have both had extensive professional experience with repertory theatre groups in England. In addition, Miss Barclay is heard locally on the popular radio features, Happy Time, Laura Ltd., The Way of the Spirit, etc., and has appeared in several pictures both in Canada and England.

Attached to the WAAF during the war, Miss Michaelis was on loan to an RCAF bomber group. In addition to operational duties, she spent considerable time with theatricals for the entertainment of Canadian airmen. Following the war she joined the Isle of Wight Repertory Theatre and later toured all over England with a troupe entertaining service camps and hospitals.

# John Foy St. Leo's Top Athlete

## "Mounty" Organizes Troop

Boy Scouts from various West Winnipeg Troops are being formed into a Community Service Troop by R.C.M.P. Constable George F. Challoner.

## Ray Losito Voted Most Valuable Player Award

A highly successful hockey season was brought to an enjoyable climax last Friday evening at Victoria Hall, with the St. Leo's Senior B Hockey Club Party. This sociable evening had a lot of variety, featuring novelty dances, athletic award announcements, booby prize awards, etc.

Miss Helen Losito entertained with some well chosen piano selections that drew an appreciative round of applause from the boys and girls. The team was honored with a visit from their pastor, The Rt. Rev. Mgr. Wilfrid E. McDonagh, P.P.

Coch Andy McGillis took advantage of the occasion to announce the winners of the top athletic awards for 1950. Heading the list was a permanent trophy the courtesy of Father McDonagh, to St. Leo's outstanding senior all-around athlete. This year's winner was the popular Johnnie Foy, a third high student who has carved for himself and his school an enviable reputation as a brilliant little athlete and a fine young sportsman. It was a popular selection as no boy in the school could better personify the spirit and determination of this little school than Johnnie, who has left his mark on the football field, on the ice and in the boxing ring.

## Soccer Season Opens April 29; Westmount Strong

The local soccer season will open on April 29. Westmount will play Stelco in a National League opening game on that date.

With Chief of Police Bob Byford again back at the helm, Westmount is expected to put up a much better show than they did last season.

The fact that the Athletic Grounds will be available should make quite a difference to the team as last year the team had to play most of its games on away grounds.

The touring International English team will play an exhibition game against the pick of the local players at the Montreal Baseball Stadium on May 20.

## Coaster Classic Entries Open

This is it, fellows! Get your hammers and saws and start making plans to enter the Kinsmen Coaster Classic. It is for boys from 9 to 15 years of age, who have the ingenuity to build a racing car and the desire to experience the thrill of competing against other boys in the big race.

It is easy to enter, just write P. O. Box 915, Place D'Armes, for rules and regulations. You will then be mailed an official rule book with helpful hints on how to build your racer. Kinsmen will call at your home to help you iron out any difficulties you may encounter.

### Must Build Own Car

One of the most important rules is that every racing car must be built by the boy himself and must be driven in the race by the boy who built it.

The Kinsmen Coaster Classic will be run in two sections, one for cars with roller or ball bearings, the other for racers with plain bearings. Winner of each division will receive a bicycle and the driver of the fastest car of all will receive the Championship Trophy and declared the Kinsmen Coaster Classic Champion. There will be numerous special prizes and all drivers will receive prizes from the Kinsmen.

### Musical Programme By Queen's Pupils

Queen's Home and School Association will meet Wednesday at 8 p.m. in the school gymnasium. A programme of singing will be carried out by pupils of Grades 5, 6, and 7, and the school choir under the direction of S. E. McKyes. Violin solos will be rendered under the direction of Miss Lydia Davidson.

A short business meeting will commence at about 9 p.m.

Losito Most Valuable Another of the school's top athletes came through to gain well-earned recognition, when burly Ray Losito was voted by his teammates on the Senior B Hockey Club, as the most valuable hockey player in the school and the first winner of the Hon. Douglas Abbott Trophy. Ray not only plays the game well but like his team-mate, Johnnie Foy, injects enthusiasm, spirit and condition into the school program. St. Leo's may be well proud of these boys as they represent two of the finest young athletes to come to the front in many a moon.

Ross Murray took top honors in the junior brackets as the top athlete. Ross is another one of those spirited type of boys that has an inexhaustible amount of energy and a lot of athletic ability, particularly in hockey. Ross is active in football, hockey and boxing.

### SPORT SHORTS

Don't be surprised if St. Leo's will have a modern new gym within a few years and when this becomes a reality, it will be the realization of the coach's dream. . . . Len Mulligan did a swell job as M.C. at the hockey party. It was Lennie's first effort along these lines and the next party should see him well in command in front of the mike. . . . This year's junior boxing class has a lot of fistic class, with lads like Campbell Lane, Dave Orr, Wayne Hibbard, Frank Jago, Brendan Guilfoyle, Kent Farrell and Johnnie Arena showing up extremely well. . . . Wayne Hibbard is being groomed to take over the quarter-back slot when St. Leo's return to Bantam Football next Autumn. . . . Things are beginning to move behind the scene in the newly-formed St. Leo's Old Boys' Athletic Association. Old Boys interested in this movement could do well to get in touch with Vic Lattimer, chairman of the executive. . . . The Ramsey trio will invade the newly-formed Thousand Islands Sports Centre for their summer vacation and coach Andy, who will be one of the instructors at managing Director Vic Obeck's summer camp, will have to get up early to keep a step ahead of the Ramsey boys. . . . Student Manager Tony Scampacone, was the recipient of a beautifully engraved wrist watch at the hockey party, as an appreciation for all the fine favors he has done for St. Leo's hockey teams. . . . A vote of thanks to John Mace and John Rolland, two former St. Leo's boys, who gave up their time to help making the hockey party a success. . . . There is no truth to the rumors that Buster Smart will join the teaching staff at Arthur Murray's Dancing School. . . . Ray Losito made a fine impression at the Kitchener

Some fishermen like to take their sport the hard way, wading through streams, fighting underbrush and flies. But this gadget is for the lazy fisherman. It's an electric rod and reel. The fisherman drops his baited hook into the water and the fish is electrocuted when he nibbles. It's an exhibit in the Paris, France, annual inventors' convention.

## THE NEW BALK RULE

There is a raging controversy developing in the grand old national pastime, and this one isn't even remotely connected with the Brooklyn Dodgers and Branch Rickey, centers of most of the disputes that have marred the game's record in the past decade. The new disturbance in the form of a re-made balk rule, instituted in an effort to aid the base-runner by A. B. Candler and his subordinates. The new rule provides that a pitcher must come to a full stop of one second before throwing the ball, this giving the base runner a big edge over the poor hurler, who evidently didn't have enough troubles already with the souped-up ball and the rapidly closing-in fences, leading to the inevitable Chinese home runs.

This rule has been meeting adverse criticism wherever baseball men meet, from the harried twirlers and from the umpires, who hate the thought of calling a balk in a tight ballgame. But there has been little or no beefing from such speed merchants as Brooklyn's Jackie Robinson, Bob Dillinger of the Philadelphia Athletics, and Richie Ashburn of the Phillies. But the umpires evidently aren't hesitant in enforcing the new legislation, for in the first week of play in the Pacific Coast League, a total of 49 violations by pitchers were called, more than twice as many than are annually called in the extended Coast League schedule.

So gone from baseball are the days of the quick pitch for a third strike, as practiced extensively by Wee Willie Sherdel of the St. Louis Cardinals of the mid-twenties. Wee Willie was a master of the quick pitch, and he only made one mistake with it. He tried to throw it past Babe Ruth in the World Series of 1926, but the Babe's tremendous reflexes were equal to the occasion and he blasted it onto the right-field pavilion of Sportsman's Park.

Also gone are the days are such pick-off experts as Nick Altrock of the Washington Senators of the Walter Johnson era. Altrock was the pitcher who used to draw the best of the opposing team's mound staff, enemy managers being reluctant to waste a top-flight hurler against the high-unbeatable Johnson. And Altrock did all right too, and a large measure of his success was due to his artistry at picking opposing runners off base. In one game, Altrock deliberately walked the three best hitters on the opposing side three times apiece, and picked them all off first. One hitter, after being picked off a couple of times by cagy Nick, got to first and yelled that he wouldn't be picked off this time, because he wasn't going to fake more than a one-yard lead. That's all the lead he took, three feet, but Altrock picked him off anyway.

Just how long the balk rule will remain in force is a matter of opinion, however what is likely to happen is that it will become more and more increasingly discarded much as the basketball two-minute rule was this past season. At the end of the year, it is probable that things will be back to their old natural state. The new balk rule is one experiment that seems to have two strikes against it from the very beginning.

The sole salvation of civilization lays in our heeding whatever signposts this omnipresent conscience places in our road. We must have the courage to live and let live. Everyone must do so — or no one can be safe.

— COMPOSER RETURNS —  
April Premieres, Part II—Conclusion

Our very good friend, Violet Archer, has returned after an eventful and highly interesting season abroad. Not only were her works performed but she met many celebrities with whom she discussed the musical aspect of England and Europe, receiving first hand information. In London, Miss Archer met such famous musicians as Arthur Bliss, Edmund Rubbra, Howard Ferguson, Stanley Bate, Harriet Cohen and Sophie Wyrns.

"Activity in the world of music is extraordinary", says the talented Montreal composer, "especially chamber and choral music, which is among the finest there is." Miss Archer had a BBC Broadcast in London on "The Women's Hour" was interviewed and also played her pianoforte works at the Composer's Club of the Royal Academy of Music.

In Europe, Miss Archer spent a few exciting days in Paris, met the great composer Darius Milhaud. In Geneva, Switzerland, the Montreal musician met the pianist Jacqueline Blancard, and was invited to give a broadcast over "Radio Geneve." Among the many places she visited in Italy were Como, Milan, Cremona and Rome where she heard many fine concerts and was greatly impressed by the wonderful performances of the Turin and Rome Orchestras.

Her trip was such an exhilarating experience and her enthusiasm is so marked that Miss Archer would be glad to repeat it soon again.

April Premieres

Last week's column dealt with "April Personalities" and today's article continues with "April Premieres" of which there are a great many. The American premieres of Wagner's Operas, "Lohengrin" (1871) and "Die Walkure" (1877) took place in New York City but it took many years before they became the favorites they are today. "La Gioconda" by Ponchielli was first heard in Milan, 1876. Premieres in April of Verdi's operas include "Ernani" (New York, 1847), "Macbeth" (Paris, 1865), "Don Carlos" (New York, 1877) and "Otello," (New York, 1888). Paris heard Meyerbeer's "Le Profete" in its world premiere (1849) also Leo Delibes' celebrated, "Lakme" (1883). Mozart's "Magic Flute" was a New York First in 1833. Beethoven conducted the world premiere of his Third Symphony, the "Eroica" in 1805 and Mozart's most popular symphony, the "G Minor" was first heard in the United States, April 1863. "Die Fledermaus" (The Bat) by Johann Strauss, Junior, was given its world premiere in Vienna, 1874. That grand old man, Walter Damrosch, conducted the New York Philharmonic Orchestra in the American premiere of Tchaikovsky's great "Romeo and Juliet" Overture, 1876. In 1865, Meyerbeer's "L'Africaine" was produced in Paris, and in 1867 Gounod's opera "Romeo and Juliet" had its world premiere. Toscanini conducted the first performance of Puccini's "Turandot" in 1926.

Famous Easter Music naturally would be heard in April — Handel's "Messiah" had its world premiere in Dublin, 1742, with the composer conducting and was not heard in Germany, his native land, until thirty years later, 1772. Bach's "St. Matthew Passion" was first heard on Good Friday in Leipzig, 1728, and Haydn's "The Seasons" in Vienna, 1801.

Modern compositions which had their first performances in April include Debussy's "L'Après-midi d'un Faune" (American premiere, Boston, 1902) and his opera, "Pelléas and Melisande" with Mary Garden, in Paris, 1902 "Jeux d'eau" by Maurice Ravel had its Paris debut the same

### IRISH DICK

Barry Fitzgerald is fast becoming the screen's most popular detective. He has been a dick in "Naked City", "Top O' The Morning" and is now before Paramount cameras with William Holden in the kidnap thriller, "Union Station."

"vice" was sung by the Schola Cantorum in New York, 1934.

The first Jazz Concert took place in April, 1924, at Carnegie Hall. Paul Whiteman and his famous Band scored a great success and led the way for jazz to be recognized.
