COMMISSIONERS ST.

THE COMMISSIONERS STREET IMBROGLIO.
City Surveyor Barlow (to Harbor Engineer Kennedy)—"It's your move."

ALL THE CASUALTIES ARE NOW REPORTED

Long List of [illegible] Heroes Who Bled at Kleinhart's River—Eleven Killed, Forty-six Wounded.

The list of casualties in the Kleinhart's River fight is now complete. A supplementary list was received in Ottawa last night, confirming the report of the death of Trooper Day and Corporal Kniseley, which thus leaves the death-list at eleven; and announcing three further "dangerously wounded" cases, six "severely wounded," and thirteen "slightly wounded." The total number of wounded in the 2nd C.M.R. is thus 46.

DANGEROUSLY WOUNDED.

GEORGE McKUGO, aged 28, Rossland, B.C.

Farrier-Sergeant George McKugo is an Englishman, born at Warwick, his mother being Mrs. John Maskell, Custom House, London. He served with Strathcona's Horse, and re-enlisted in the 2nd C.M.R. at Rossland.

JOHN A. WILKINSON, aged 28, Guelph, Ont.

Corporal John A. Wilkinson is a farmer and a native of Guelph. His mother is Catherine W. Lane, of Clyde, Ont. He was wounded in the face and right forearm.

JAMES TENNANT, aged 22, Fredericton, N.B.

Private James Tennant is a mill-hand, born in Fredericton, son of James Tennant, sr. He served with 2nd Battalion, R.C.R., and re-enlisted at Moncton, N.B. Struck in the head.

SEVERELY WOUNDED.

JOHN K. MINCHIN, aged 21, Guelph, Ont.

Shoeing-Smith J. K. Minchin, a blacksmith and a native of Milton, Ont., is a son of Mrs. A. Minchin, of Clyde, Ont. He was wounded in the leg and hand.

CLAYTON S. CORSON, aged 21, Toronto, Ont.

Private Clayton S. Corson is a son of P. H. Corson, of 201 Carlton Street, Toronto. He is an all-round athlete and holds a medal for running, as well as a reputation for good work as centre scrimmage in Rugby. He was also a member of the champion Dufferin lacrosse team and was extremely popular. He is a shipping clerk by occupation. He was wounded in the forearm and hip.

FRANCIS A. SMITH, aged 29, Toronto, Ont.

Private Francis A. Smith is a well-known Toronto boy, youngest son of the late John B. Smith and Mrs. Jane Smith, 66 Grenville Street, Toronto. Private Smith is 29 years of age and unmarried. He was a private in the Governor-General's Bodyguard and full of military enthusiasm, so much so that although his friends strongly advised him against leaving his business there to go to South Africa, he insisted upon joining the Mounted Rifles. His engagement to a young Toronto lady was announced shortly previous to his departure for the front. Smith was struck in the chest.

JOHN W. MILLAN, aged 23, London, Ont.

Private John William Millan was born at Windham Centre, Ont., son of John Millan. He is wounded in jaw and leg.

WILLIAM STOKES, aged 21, London, Ont.

Private William Stokes, a former member of the 25th Battalion of St. Thomas, is a laborer, son of James Stokes, of Fingal, Ont. He was wounded in the thigh.

W. F. SMITH, aged 25, Ottawa, Ont.

A. G. R. Agassiz, clerk, aged 23; born Seaforth, N.S.; mother, Jessie Agassiz, London, England; served with R. C. Dragoons at Charlestown; dysentery.

BODY REACHES MATABELELAND

Whole Population of Buluwayo Follows Rhodes' Remains in Imposing State.

Buluwayo, Matabeleland, April 8.—The funeral train, conveying the body of Cecil Rhodes, which left Cape Town April 3, arrived here to-day. The town was draped in mourning and practically the entire population assembled at the railroad station and accompanied the coffin to the drill hall where the body is now lying in state. Masses of wreaths and other floral emblems are banked about the bier. To-morrow the coffin will be taken to the Rhodes farm, in the Matoppo district, whence it will be conveyed, April 10, to the hill called "The View of the World." The religious service there will synchronize with a memorial service at St. Paul's Cathedral, London.

PERCY GORMAN BETTER.

It was with great pleasure that Percy Gorman's friends heard last evening that he was now considered out of danger. It will be a couple of weeks before he can be out. He will go away then for a month's rest.

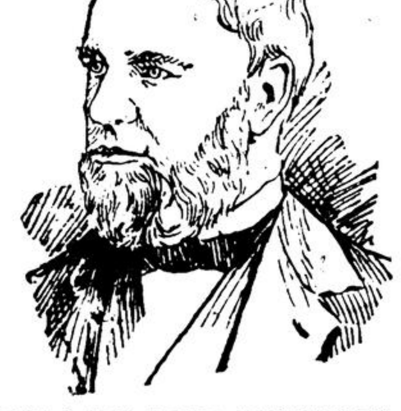
LIBERAL LEADER OF LORDS DEAD

Earl Kimberley Colonial Secretary Under Mr. Gladstone, Passes Away.

London, April 8.—Lord Kimberley, the Liberal statesman, who had been ill for some time past, died this afternoon.

John Wodehouse, Earl of Kimberley, was born in London, January 7, 1826, and was the eldest son of Hon. Henry Wodehouse, second son of Lord Wodehouse, and descendant of Theophilus Thornhagh Gurdon, Letton, Norfolk. He succeeded his grandfather in the barony in 1846, and married Florence C. L., the eldest daughter of the third Earl of Clare, in 1847. He was educated at Christ Church, Oxford, and attained first-class honors in classics the same year; hon. D.C.L. in 1894. He was Under Secretary for Foreign Affairs from 1852 until 1856, and again from 1859 to 1861 and 1894 to 1895. He was appointed envoy extraordinary to Russia in 1856 and held that post until 1858. He went on a special mission to Copenhagen in 1863, and was Under Secretary at the India Office in 1864. He was Lord Lieutenant of Ireland from 1864 to 1866, and Lord of the Privy Seal, 1868-70. He was Secretary for the Colonies during the years 1870-74, and again in 1880-82; was Chancellor of the Duchy of Lancaster in 1882; Secretary for India, 1882-86; Lord President of the Council, 1892-94. He was president of the University College of London, which position he resigned in 1887. He owned 11,200 acres.

Apart from his record in the Colonial Office, the Earl of Kimberley's chief prominence was due to his being the leader of the Liberal party in the House of Lords, a position which he took in 1897. In the disorganized condition of the party he acted, as long as his health would permit, in the interests of conciliation and moderation. His occupancy of the Colonial Office was uneventful. During the second term there occurred the Phoenix Park murder and the celebrated resolution by the Canadian Parliament asking for self-government for Ireland, to which Lord Kimberley replied that "Her Majesty will, in accordance with the constitution of this country, have regard to the advice of the Imperial Parliament and Ministers, to whom all matters relating to the affairs of the United Kingdom exclusively appertain"—a reply which, along with the concurrent Times' editorial, aroused a great deal of bitterness in the Canadian press. He was the author, 1882, of a suggested compromise in the railway dispute between British Columbia and the Dominion, but did not retain office to carry it out.



THE LATE LORD KIMBERLEY.

The earldom of Kimberley was created in 1866 and bestowed upon him on his retirement from the Lord Lieutenancy of Ireland. His heir is Lord John Wodehouse, J.P., and County Councillor for Norfolk.

MUCH ACTIVITY AT PORT CHALMETTE

Col. Crowder, of Chicago, Goes to Investigate Mule Shipments.

Chicago, April 8.—Col. E. H. Crowder, of Chicago, connected with the Adjutant-General's Department, and now assigned to the Department of the Lakes, according to the Tribune's New Orleans correspondent, is the officer sent to Port Chalmette, La., to inquire into conditions at the military camp reported to be under the management of the British Government at that point. Colonel Crowder, the Tribune says, is at New Orleans awaiting instructions from the War Department.

Col. Crowder has already briefly inquired into conditions at Chalmette. He has found that the Port Chalmette railroad people, say the Tribune's correspondent, claim to have full control of the land occupied by the pens and stables.

Col. Crowder investigated the court records pertaining to the suit brought by General Pearson in recent effort to prevent the sailing of two transports. The courts set aside the objections. It is found that nearly all the documents in the cases were forwarded to Washington as a part of Governor Heard's report to the Secretary of State. To-day, it is held, will decide whether there will be thorough and immediate inquiry.

It is estimated that there are now 1,000 horses and four hundred mules penned up at Port Chalmette.

At the wharves three transports are waiting to clear for Cape Town the moment the animal cargoes are abroad. A "committee" of British army officers and veterinarians are busy passing on the four-footed recruits that come in daily from all points of the western grazing districts.

HAMILTON COUPLE MAY DIE FROM ASPHYXIATION

Hamilton, April 8.—(Special.) A case of asphyxiation that may result in the death of two persons occurred in this city last night. James Nehin, residing at 161 Young Street, with his wife and one child, aged about seven years, has been ill for some time, and yesterday morning some of his neighbors sought admission to the house, but were unable to arouse any of the inmates. An entrance through a window was effected, and all three were found unconscious from the effects of coal gas, caused by a defective furnace.

Mr. and Mrs. Nehin are still unconscious.

WHEN TEACHERS WILL SAIL.

Ottawa, April 8.—(Special.)—One half of the Candian teachers who go to teach in the Dark Continent will leave by the Corinthian at Halifax on the 14th inst., and other half by the Lake Ontario from St. John on the 18th inst. There are forty teachers in all.

UNPRACTICAL AND EGOTISTIC IDEAS

Principal Grant Thinks Effect of Rhodes' Will Much Exaggerated.

Kingston, April 8.—(Special.)—Principal Grant is looking much like himself and has a pleasant greeting for callers. He is now busy arranging for the general convocation of Queen's University, in April 30th. The medical convocation occurs on Wednesday. The chief addresses will be made by Rev. Prof. McComb, the latest addition to the divinity faculty and by Dr. Grant. "The medical faculty have thus extended a courtesy to Theology," said the principal with a smile as he recalled his own experiences during the past six months, "for it gives evidence that they consider a change is agreeable even in medical matters."

The principal was asked as to his opinion of Cecil Rhodes' will.

The principal said it was nonsense, or rather inflated language in which the London press was indulging over the Imperial aspect of the man's bequests. Its effects will be by no means as great as the press imagines. Not a few of his notions are unpractical and characteristic of the egotism of the man. Imperialism, in the real sense is not likely to be permanently benefited by Mr. Rhodes' legacies any more than the people of Rome were helped by the few Drachmae Caesar left to each citizen by his will. Dr. Grant held the same views of Rhodes as he has ever held but he does not deem it wise to discuss with minuteness a will, whose full text is not known, nor a man who is dead but not buried.

"FATHER BILL" FINED.

Washington, April 8.—At the Bennings race track yesterday the stewards fined "Father Bill" Daly $300 for alleged intimidation of horses in the selling race, the third on the programme. He entered Handicapper in that race, and it is charged that his plan was to frighten the owners of dangerous horses into withdrawing, by threatening to bid them up if they won.

The Annual Dilemma.

To move or not to move, that is the question;
Whether 'tis nobler to stay and suffer
Through thinking of the better places we might have had,
Or rip the carpets up and pack the things
And let the mover at them? To sleep on stairs
And eat cold things picked from the shelves;

To catch penumonia, to grunt and sweat,
And, getting rid of little ills we have,
Fly unto others that we know not of.
Is this a consummation devoutly to be wished?
But, soft, the missus comes, and if she catch me here
I'll have to hie me to the landlord straight
And strike him for repairs enough to keep
Us all torn up for seven weeks at least.

"So you want to marry my daughter, eh?" said the old man to the youth with the tieless collar and uncut hair. "By the way, what is your occupation?"

"Sir," replied the youth, "I am a poet."

"A poet, eh?" echoed the father of the one and only. "Well, I suppose that's all right as an occupation, but who pays your board?"

THE GENTLE SPRING

Signs.

When the twigs begin the rustle
And the birds are all a-bustle
On the bough;
When an azure sky discloses
Promise sweet of June with roses
On her brow;
When the brook that sang so sadly
Welcomes every sunbeam, gladly
Frolicking;
When to wood-songs' subtle rhyming
Countless echoes soft are chiming,
Then it's spring.

When your clothes seem dark and clinging
And you cannot hear the singing,
Since a cold
Gave your head that buzz ecstatic,
When you throb with sharp, erratic
Pains untold;
When good-natured folks assure you
That they know just what will cure you,
And you bring
A most harrowing melancholy
'Mongst your friends who would be jolly—
Then it's spring.

WE NOTE THAT the daughter of Dr. Talmage, who is about to be married, "is endowed with splendid gifts of conversation." One is inclined to doubt the policy of publishing this fact before marriage.

FOUR REGIMENTS WILL GO OUT IN 4TH CONTINGENT

But Strength Will Only be Two Thousand as Originally Planned.

WAR OFFICE'S DEFINITE REQUEST RECEIVED

If Transport is Ready Troops Will Sail in Three Weeks, Fully Equipped.

Ottawa, April 8.—2 p.m.—(Special.)—Dr. Borden says that the fouth contingent will consist of four regiments, of 500 each, and the strength of the contingent will remain at 2,000 as at first arranged.

THE WAR OFFICE REQUEST.

Ottawa, April 8.—(Special.)—If the first British troopship arrives at Halifax on time, the fourth contingent will start for the front in three weeks.

At any rate the Department of Militia will have the contingent outfitted, equipped and ready to go on board the steamer in three weeks. The next troopship will leave a week later. All contracts for clothing and equipment have been given out.

The Minister of Militia has been advised from the War Office that the British Government will accept four regiments in the fourth contingent. This will likely increase the number to 2,300. There will be no difficulty in securing the necessary officers and men.

The report that there is a difference of opinion between the ministers and the Governor-General over the latter having cabled congratulations to Col. Evans without consulting the ministers is not credited.

TAKE ACTION TO VOID ELECTION

Protest Against the Method of Electing Coadjutor Bishop Drawn Up.

A protest has been forwarded by several members of the Montreal Anglican Synod to the Provincial House of Bishops against the consecration of the Very Rev. Dean Carmichael as coadjutor bishop of the diocese.

The unseating of the coadjutor-elect is said to be a possibility, and action towards this end has been taken, not on personal grounds, but in order to preserve inviolate the functions of the Church.

It is claimed by those making the appeal that if Dean Carmichael, under existing circumstances, should ever succeed to the archbishopric, all his official actions as archbishop would be illegal, and that the entire machinery of the Church would thus be upset.

Consequently the protest is founded entirely upon the legality of the proceedings of synod and claims in particular that the grant of the right of succession to the see without the confirmation of two meetings of synod is unconstitutional.

Among the signatures attached to the document are those of Dr. T. P. Butler, Rev. Edmund Wood, Rev. Arthur French and Mr. A. G. B. Claxton.

Discussing the question this morning, Mr. Claxton said: "In order to have a legal election the canon has to be confirmed. That has never been done. We brought up this argument at the time of the election, but the majority of the synod was of a contrary opinion. Notwithstanding, we feel it our bounden duty to do everything in our power to see that the coadjutor be legally elected, and until proper formalities have been carried out we think it advisable to use every legal means to bring about our pretentions."

"Is it merely a legal question?" queried the reporter.

"Most emphatically," responded Mr. Claxton. "Personally I have the deepest regard for our beloved dean, and did not hesitate on the floor of the house to declare that as soon as legal formalities had been observed I should vote for him and do everything possible to make his election unanimous."

"Do you think there is any possibility of unseating the dean?"

"There is, most decidedly," replied Mr. Claxton. "Aside from the view I have presented," he continued, "there is, of course, the possibility of some one taking out a writ of quo warranto questioning the usurpation of an office that has not been legally established."

Dr. Butler also protests absence of personal motive and bias. He had protested before any person had been selected, and he still continued to protest. His only fear was that the coadjutor-elect, for whom he had the greatest possible respect, would be consecrated before he had been legally elected. It was his desire to make his claim to the episcopate and to the succession to the see of Montreal perfectly clear that had impelled him to his action. If any doubt as to the matter arose, grave damage might result to the Church, and he felt it his duty as a churchman to inform the bishops of the doubts that many felt and to remind them of the responsibility cast upon them. He would be glad to see the dean co-adjutor bishop with the right of succession; but he wished him to be so in a way that no one could cavil at.

CARNEGIE AND CANADIAN.

Rev. W. A. C. Frost, B.A., of Toronto, Now New York Pastor, Creates Scene at Authors' Dinner.

New York, April 8.—Rev. W. A. C. Frost, who last night created a diversion at the Authors' Society dinner to Andrew Carnegie, by vigorously requesting a gift for his church, has for several years been the rector of the Protestant Episcopal Memorial Church of the Holy Comforter in the eastern part of this city, says a Baltimore special to the Times. His congregation is composed largely of working people.

Dr. Frost is a Canadian. He was graduated from Toronto in 1884 with first honors. He and his wife are both rich. Several years ago he took charge of a mission in Montana without salary, built up a church there, and then came home.

CAN. NORTHERN BILL HAS PASSED THE COMMITTEE

Government Approves Project of Second Trans-continental Railway.

INCREASE OF CAPITAL LEFT OVER FOR PRESENT

New York Central's Montreal Bridge Application Down for Thursday.

Ottawa, April 8.—(Special.)—The Railway Committee, which at its last meeting killed the old Montreal Bridge charter, this morning made the application for a new charter made by the New York Central interests the second order of the day for next Tuesday. This gives the Grand Trunk and the Canadian Pacific railways, who are expected to oppose the independent entrance of the New York Central into Montreal, an opportunity to marshal their forces. Some lively lobbying is expected during the coming week. The New York Central secured the first blood by having the old bridge charter killed.

The Canadian Northern, the great new line which Messrs. Mackenzie & Mann are pushing toward the Pacific Ocean north of the Canadian Pacific, engaged the attention of the committee to-day. The bill which the promoters want approved asks powers for the construction of new lines, one from a point between Port Arthur and Fort Francis, Ont., to a point near the City of Quebec, with branches to Ottawa and Montreal, another from McCurry Station, Man., to Edmonton, and thence to the Pacific Coast near the Keena River by way of Pine River Pass; another from Swan River to a point between Edmonton and Yellow Head Pass; one from a point on the company's authorized line east of Edmonton to Red Deer River, and one from Hanging Hide River, Saskatchewan, to a point near the mouth of the Carram River. Power was asked to increase the capital stock from $24,750,000 to $35,000,000.

The Minister of Railways, asked his opinion on the project by Mr. Oliver, said he had no hesitation in declaring he looked with approval upon the building of a second transcontinental railway in Canada. The policy of the Government was to do anything it possibly could to further the project. There were some matters to be looked into. He would not like to put a transcontinental railway in exclusive possession of the great belt of country through which it was projected. The map indicated that the Canadian Northern projected two or three parallel trunk lines in the Northwest, 80 to 100 miles apart. Whether the committee should authorize such roads before the company had shown its ability to complete its trunk lines was a question. The western members, Messrs. McCreary, Davis and Oliver, wanted the committee to prevent a combination between the Canadian Pacific and the Canadian Northern, and powers for other roads be reserved.

The counsel for the company, Mr. Lash, said that the line to the Narrows was intended to shorten the through route for which a charter had already been granted to the Pacific. Changes to suit local demands were made.

The third line and the fourth line were dropped. The bill was passed with the exception of the clause relating to capital. This was held over for further consideration on the suggestion of the Minister of Railways that $35,000,000 was a pretty heavy capitalization for a new company to undertake to pay dividends upon. But the bill was practically approved, and it looks as though the Canadian Northern would be as real and as big as the Canadian Pacific in a few years.

NEW MACHINE FOR THE POST OFFICE

Government Said to Have Ordered Cancelling Device For Local Office.

Syracuse, April 8.—(Special.)—Notice has been received in this city of the award of a $30,000 or $40,000 contract by the Canadian Government to a Syracuse company, the recipient of the award being the International Postal Supply Company of New York.

Information was received from Ottawa that the Dominion Government had adopted the "Hey & Dolphin" cancelling machines made by this company, to be used in all the post offices of the cities and towns of Canada.

The price for the rental of the "Flyer" is $500 a year and that of the hand machines 200 each. A contract has been entered into between the company and the Government, and a number of the machines have been ordered for the large cities. These orders will be followed as rapidly as possible by others for the equipment of the entire service.

SMALL SHOPKEEPERS AGAIN TO THE FORE

Ask City Council Not to Permit Interference With Right to Sell on Sundays.

The claim of the small storekeeper to consideration, especially as regards the right to Sunday selling, was forcibly brought to the attention of the City Council by means of a voluminously signed petition, asking that no interference be permitted with the trade. The prayer of the petitioners showed:

That they energetically protest against the movement to close small stores on Sundays, for the following reasons:

1. Because such an act would be untimely and vexatious for a majority of the people of Montreal who, on Sundays, are in need of newspapers, cigars, refreshments, etc.
2. Because that modest trade is easily kept under control and threatens in no way whatever the public morality.
3. Because the people in the said trade, bona fide and for a long time have, most of them, heavy obligations towards their landlords, which obligations they would not meet if their stores were suddenly closed.
4. Because most of them are widows or sick or crippled men who make a living out of that trade and would be reduced to begging through such by-law.

For the said reasons the undersigned sincerely hope to see your Council rejecting every proposition tending to prohibit the small Sunday trade and repealing without delay the by-law already in force.

The petition was laid on the table. It will be considered when the question of enforcing the existing by-law comes up some time later.

PLACE NAMES AGAIN.

When the report of the Roads Committee, recommending the changing of Shaw Street to Dorion, came up, Ald. Ames said he could appreciate the force of the objection the Shaw Street, but was it not more profitable to remember that Andrew Shaw was one of the most respected citizens of old Montreal. He was president of the Board of Trade, president of the Montreal Telegraph Company, and had helped to organize a line of steamships to the old country. "It is regrettable," concluded Ald. Ames, "that a proposal should be made to obliterate another English name in the East End. It is objectionable that Council should appear to countenance a division between the East and West ends."

"The reason given for changing the name of Shaw Street," said Ald. Stears, "is positively puerile. That the ignorant should misapprehend the sound of the present name is a matter of very little consequence. I have great respect for the memory of Dorion, as all Canadians should have, and I believe that a better street could be picked out to commemorate him."

After Ald. Chausse, the chief advocate of the change, had made one of his characteristic harangues, the report was adopted on the following division:

Ayes—Vallieres, Lebeuf, Chausse, Lavallee, Couture, Ouimet, Martineau, Lariviere, [illegible]erance, Bumbray, L. A. Lapointe, Ricard, Sauvageau, Payette, Lemay, Hebert and Dagenais.—17.

Nays—Robertson, Clearihue, Ames, Turner, Sadler, Walsh and Stearns.—7.

C. P. R. VALUATION.

The Finance Committee made a report recommending that the C. P. R. be granted a fixed valuation on its property in the East End of $400,000 for a period of twenty years, but as some of the aldermen desired additional information it was left over until next meeting. Ald. Ekers pointed out that he had reliable information to show that 15,800,000 feet of land in the locality was now assessed on an average of 3 cents a foot, which price would increase to at least 10 cents within two years after the C.P.R. took possession. In this way the city stood to make money by the arrangement.

VALUATION OF PROPERTY.

Ald. Hebert, seconded by Ald. Lavallee, gave notice of motion for the appointment of a special committee whose object will be to study the subject of municipal valuation of property. It is proposed to strike a more even balance between the rich and the poor proprietor.

PRINTING CONTRACTS.

Shortly prior to the last municipal elections the Council adopted a resolution providing that the union label should be used on all printing contracts awarded by the city. But the two city attorneys, Messrs. Ethier and Archambault, gave it as their opinion that this resolution was not legal, as all contracts had to be open to public tender and the motion in question would have the effect of nullifying the provisions of the charter in this particular. Ald. Lamarche requested that the four city attorneys should be asked to sign the report, and the matter was consequently deferred until this is done.

MUNICIPAL MANHOOD SUFFRAGE.

A resolution was read from the Federated Trades Council, recommending manhood suffrage in municipal elections.

HONOR MR. HART'S MEMORY.

The Council adjourned on motion of Ald. Sadler, seconded by Ald. Martineau: "Be it resolved, That this Council desire to record their deep regret at the untimely demise of their highly esteemed ex-colleague, Mr. Frank J. Hart, who was a prominent member of this body during the past civic term, when he occupied the important position of Chairman of the Fire and Light Committee, with far-seeing business ability and unswerving earnestness and tact in the performance of his duty.

"Be it further resolved, that this Council do tender to his bereaved widow and family their deepest sympathy, and out of respect for the memory of their late ex-colleague, do now adjourn."

Look Ahead, Girls.

If young girls would look ahead it would sometimes save them from serious collision with the men they marry. It is here that ignorance is almost a crime. The young husband cannot understand it when the wife changes to a peevish, nervous, querulous woman. And the young wife does not understand it herself. She only knows that she is very miserable.

If ever there is a time when nature needs help it is when the young girl is adjusting herself to the new conditions of wifehood. Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It promotes regularity, dries debilitating drains, heals inflammation and ulceration, and cures female weakness.

Sick women are invited to consult Dr. Pierce, by letter, *free*. All womanly confidences are guarded with strict professional privacy. Write without fear or fee to Dr. R. V. Pierce, Buffalo, N. Y.

"I will drop you a few lines to-day to let you know that I am feeling well now," writes Miss Annie Stephens, of Belleville, Wood Co., West Va. "I feel like a new woman. I took several bottles of the 'Favorite Prescription' and 'Golden Medical Discovery.' I have no headache now, no backache, and no pain in my side any more. No bearing-down pain any more. I think there is no medicine like Dr. Pierce's medicine. I thank you very much for what you have done for me—your medicine has done me so much good."

Dr. Pierce's Pleasant Pellets cure biliousness and sick headache.

THE STATUS AND FUTURE OF THE ISLAND OF CUBA

Mr. Thomas Fysche, general manager of the Merchants Bank of Canada, returned to the city yesterday from a six weeks' trip to the West Indies. His party was made up of Mr. F. D. Corbett, of Halifax; Mr. Robertson, manager of the Bank of Nova Scotia, in Chicago; and the trio visited Havana, Matanzas, Cienfuegos, Santiago and the British port of Nasau.

In discussing the status and the probable future of Cuba, Mr. Fysche said that he had grave fears as to the ability of the Cubans to govern themselves. Their first president-elect, Astrida Palma, is doubtless a statesman of far-seeing ability and mature and careful judgment; but is the intellectual calibre of the natives such as they would appreciate their leader?

Mr. Fysche is of opinion that the United States, if their troops ever have occasion to return to the island, will hold it for all time.

"With regard to the tariff," added Mr. Fysche, "the Cubans declare that unless the American Government gave them a reduction of 20 per cent. there can be no good come of it. The greatest opposition in the United States is to the competition in the beet sugar business which would follow a reduction in the tariff."

Mr. Fysche said he visited several of the banks in Havana and all of them appeared to be doing a satisfactory business. The party met Sir William Van Horne in the island's capital and heard a great deal about the railway which is being built from Santiago to Santa Clara. Mr. Fysche met a Texas rancher named Williams, who had been engaged by Sir William Van Horne to purchase mules in that state, and he declared, with a full knowledge of what he was talking about, that for cattle raising Texas could not begin to compare with Cuba.

GINGRAS WILL BE BACK.

Brother of Missing Witness Says He Will Appear at Desy-Hetu Trial.

It looks as if some interesting evidence might be forthcoming when the Desy Hetu case is resumed on Thursday morning. La Presse publishes the following letter, dated Central Falls, April 4:

"You can announce as certain that my brother, Albert Gingras, will be in Montreal on the 10th of April, in order to testify on the case of Desy-Hetu. He will relate how he was prevented from giving his evidence, and the means that were resorted to."

The letter was signed by G. E. Gingras.

Albert Gingras was considered an important witness, but for some reason not now known, he left town. Seeing this condition of affairs the court was adjourned for one month. The time will expire in a few days, and naturally the foregoing has added new interest to the case. Gingras was clerk of poll No. 37.

VERDUN TOWN COUNCIL.

Verdun Town Council met last night and outside of regular routine business the only work of importance was to decide to take stringent measures to prevent the location of piggeries in and about Verdun. It was decided to take civil action against all such establishments, as they are considered a nuisance and a menace to public health.

FLOOD OF IMMIGRANTS.

One hundred and fifty Chinamen arrived at Windsor Station, from Vancouver, yesterday afternoon, and left last night for Boston, New York and other points in the New England Eastern States.

A party of Norwegians and Finns came in from New York earlier in the day, and went West in the evening to engage with the Clergue enterprise at the Soo.

ON CHARGE OF LIBEL.

Edouard Chartier, editor of Les Debats charged with libelling Deputy High Constable Lambert, was committed for trial to the June term of the Court of King's Bench yesterday. Mr. Chartier was discharged on a similar charge brought some time ago by Mr. Louis G. Robillard.

ON A SERIOUS CHARGE.

Detectives Richard and Cote arrested a man named Dufort, of Troy, N.Y., yesterday at the St. James Hotel. He is charged with enticing young girls to leave their homes for the United States. Dufort pleaded not guilty and was remanded for enquete. His wife, was arrested on a similar charge in October 1901, but allowed to go free as the complainant did not appear.

SOLD LIQUOR ON SUNDAY.

Alphonse Lecavalier, hotelkeeper, St. Henri, was sentenced yesterday, by Judge Choquet to $30 or three months for selling liquor on Sunday.

LEPER MISSIONS.

A meeting in aid of leper missions will be held in the Y.M.C.A. at 4 o'clock this afternoon. It will be addressed by Miss Lila Watt, B.A.

MENTALLY DERANGED.

An inquest was held at the morgue yesterday in the case of Mrs. John T. Mahoney, whose body was found in the river at Hochelaga last Thursday. The verdict returned was that the deceased came to her death by jumping into the river while suffering from a fit of mental derangement.

SIX CHARGES AGAINST THEM.

John Williams, Charles Millard, and Hugh Richard, will be tried to-day in the Special Sessions on six charges of breaking and entering, involving $300 in all.

FINE OR IMPRISONMENT.

Amand Pilon, arrested Sunday morning, was sentenced yesterday morning by Recorder Poirier to $8 fine or one month, and 15 days imprisonment.

POINT ST. CHARLES

A G. T. R. brakeman named William Folston, Sebastopol Street, was arrested yesterday by G. T. R. watchman Hemett. He was in one of the workmen's boarding house cars and is accused of theft of boots and clothing.

A small boy who was lost and was found by the police was restored to his parents, and a dog which was badly cut up in a fight was shot yesterday at No. 9 station. This was the only relief to the monotony of Point police life.

St. Gabriel's Temperance Society at their meeting on Sunday decided to hold an excursion as soon as the weather permits. A committee was appointed to take the matter in hand.

Mrs. Murphy kept a saloon at the corner of Centre and Ropery street, but lost her license, and the landlord decided to eject her. He sent a bailiff there yesterday to do the work, but all that was accomplished was to draw a crowd. Mrs. Murphy still holds the fort.

WELSHMEN COMING; RHODES' GIFTS

London, April 8.—The Welsh-Patagonian committee, having collected £2,134, are arranging for a steamer to call at Chabut to take the first batch, probably 250, of the most deserving of the emigrants to Canada. It is hoped the Canadian Government will increase the present payment of £1 per head to enable others to follow.

The Rhodes scholarships are of a yearly value of £300 each, and are tenable at any college in the University of Oxford for three consecutive academical years. There are sixty colonial scholarships, of which three go to Ontario, three to Quebec and three to Newfoundland.

Editor W. T. Stead, discussing the will, states that the small number of scholarships granted to Canada was an oversight on the part of the great Imperialist, and that it will be remedied later.

CALLED CURTIS A "CRAZY LOON"

Victoria, B.C., April 8.—On the Royal Commission resuming on Saturday to inquire into the railway charges, Mr. Smith Curtis at once asked Premier Dunsmuir, who was called for cross-examination for a telegram sent by members of the government to Mr. Greenshields to address a meeting in the government interests, and the reply, Premier Dunsmuir told Mr. Curtis that he could find out for himself who sent the telegram. Mr. Curtis said his charges were not personal.

Mr. Dunsmuir retorted that they were personal.

Mr. Curtis said he brought them from a sense of public duty, and the Premier said a "crazy loon" like Curtis was liable to think that such was a public duty. Mr. Curtis said the Premier had no right to insult him in that way and Mr. Dunsmuir retored that he had the same right as Mr. Curtis had to bring such charges.

Judge Walkem said he was not going to sit and hear such wrangling and that the Premier had no right to make such a remark and thereupon adjourned the court till to-day.

YEAR'S BENEVOLENT WORK.

Annual Meeting of the Irish Protestant Benevolent Society Held Last Night.

The annual meeting of the Irish Protestant Benevolent Society was held last night in the rooms of the Protestant House of Industry and Refuge. The reports for the year were most satisfactory, and the following officers were elected:

Hon. president—William Warren.
President—McDuff Lamb.
First vice-president—Joseph Luttrell.
Second vice-president—R. C. Irwin.
Third vice-president — Wm. Galbraith.
Treasurer—W. Henry.
Secretary—C. W. King.
Assistant secretary—A. H. McKee.
Corresponding secretary—W. Owens.
Council—James Moore, Wm. Seale, S. C. Kyte, J. Dixon, J. H. McKeown, J. Hamilton Ferns, W. J. Pendleton, J. Wilson, T. Gilday, Charles Byrd, W. J. Sproule, J. W. Percival, Robert Herbert, J. G. Poole, Fitzjames G. Brown.

The question of holding a concert under the auspices of the society in 1903 was left to the council.

YOUR BREAKFAST TELLS.

The character of your breakfast to a large extent determines your condition for the day.

The use of Malt Breakfast Food will give you a full measure of energy, vitality and strength for mental or physical work and duty, and keep you free from distressing and depressing derangements of the stomach.

Mr. T. W. Dobbie, Provincial Land Surveyor, and Conveyancer, of Tilsonberg, Ont., says: "I have been a constant user of your Malt Breakfast Food since last spring. Now, I never have a breakfast without it when I am at home. I find that I am not troubled with dizziness or biliousness while using Malt Breakfast Food."

This is the blessed experience of all who have made Malt Breakfast Food a regular morning dish. It regulates and fortifies the digestive organism, enriches the blood and builds up strength. Thousands of letters giving proof of banishment of stomach troubles by use of Malt Breakfast Food have been sent to the manufacturers of this noted cereal food. Grocers everywhere recommend the popular food.

FUNERAL OF MISS M'DONALD.

The funeral of the late Miss McDonald, daughter of Mr. Milton McDonald, of Le Journal, took place this morning at 8.30 to the church of the Gesu, and was largely attended. Interment will take place at Cote des Neiges cemetery.

DOMINION CO.'S DEFICIT.

Mr. A. F. Gault, president of the Dominion Cotton Company, in reviewing the past year's business, at yesterday's annual meeting, said that he regretted to say that the year's operations showed a loss of $312,000. But the company had a good supply of raw cotton on hand and the purchase price had been satisfactory.

Mr. Gault referred to past buying a venture which caused a loss of $200,000 to the company. The president said he was well satisfied with the ability of the new manager, Mr. A. B. Mole.

The following directors were re-elected: A. F. Gault, president; James Wilson, Hon. L. J. Forget, S. Finley, J. Grenier, S. H. Ewing and C. E. Gault.

THAT AWFUL GAS

For Years This Form of Indigestion Had Troubled Mr. Harmer.—Now All the Bloating and Belching Has Gone.

Indigestion manifests itself in many forms. One of the most trying and unpleasant symptoms is the formation of gas in the stomach, and the consequent belching up, bloating and distress.

This was how it affected Mr. W. H. Harmer, of Avonmore, N.B., and in this way he had been troubled for a long time. Nothing he used as a medicine seemed to improve his condition until he commenced a treatment of Dodd's Dyspepsia Tablets.

This favorite remedy once more demonstrated its wonderful curative properties by immediately relieving and in a very short time completely curing Mr. Harmer's trouble.

He has written a letter in which he expresses his gratitude to Dodd's Dyspepsia Tablets for their prompt and satisfactory cure of his trouble. He says:—

'I know of several others here who have used Dodd's Dyspepsia Tablets with good results."

The evidence of these wonderful cures pour in daily from all parts of the Dominion. From east, west, north and south come grateful letters from people in all stations of life, who had almost given up hope of ever being cured, and who have found in Dodd's Dyspepsia Tablets a remedy they so long had sought.

The wonder is that every Dyspeptic has not already heard of and used this remedy.

One of the serious symptoms of this disease is fear and doubt, and this may account for the fact that there is a single case of Dyspepsia left in the Dominion of Canada.

Surely these earnest, honest letters and statements of living men and women will convince the most skeptical Dyspeptic that to suffer a moment longer when a cure is at hand is unnecessary.

What has cured all kinds of cases, of every conceivable form in old people and in young people, is surely worth a trial.

If you don't believe, ask these people, or anyone else who has given Dodd's Dyspepsia Tablets a fair trial.

ARTICLE WAS LIBELLOUS.

Le Journal Condemned to Pay $200 and Costs for a Sensational Article.

Judgment was rendered yesterday in the Superior Court in the libel suit of Soucy against La Compagnie d'Imprimerie Electrique, the publishers of Le Journal, condemning the defendant to pay $200 and the costs of a $500 action. In the libellous article which appeared on the 6th of July, 1901, Soucy and his wife were virtually charged with being under the grayest suspicion of having poisoned their baby of a few weeks old. They were also represented as holding their child in aversion, as having refused it proper nourishment, and as being desirous of giving it away for adoption. On the day that the report appeared, the Coroner proceeded to investigate, but it was not necessary to do much, as two physicians immediately pronounced that the child had died a natural death.

The defendant pleaded that the report had been published in the public interest, and that the main facts were true. The court in giving judgment as above adds: "Defendant and his wife have been greatly worried and annoyed by the article in question. It is not possible to conceive how the public interest was to be served by publishing a great deal of what was given currency to. Some of the insinuations are cruel. It is not necessary. The evidence discloses that defendants simply wished to be first in the field with a sensational story. Public interest played no part in the publication. Plaintiff is a poor man in humble circumstances. The court considers him an honest, hard-working citizen, and that his wife is a highly respected person.

H..D TO LEAVE LULU.

Leading Man in "Dolly Varden" Company Agrees to Disagree With the Star.

New York, April 8.—Dolly Varden had a new sweetheart at the Herald Square Theatre on Saturday evening. There had been a disagreement among the principals, and as a result Mr. Van Renssalaer Wheeler had suddenly retired from the company. The whole matter will doubtless be presented to the courts for judicial determination.

Few who have seen "Dolly Varden" and the sentimental passages nightly between Miss Lulu Glaser and Mr. Wheeler could have suspected that they were not the best of friends off the stage. Nevertheless, it is a fact that the star and her leading man had not exchanged greetings since the first week of the season in New York.

Difficulty began while it was playing in Detroit early in the season. M. F. C. Whitney notified Mr. Wheeler that his services would be dispensed with after four weeks. Through the intervention of Mr. Stanislaus Stange, the librettist, this difficulty was arranged, and Mr. Wheeler continued on to this city.

Soon after the company came here there was a personal disagreement between Miss Glaser and Mr. Wheeler, as a result of which cordiality off the stage was abandoned. Thereafter there was constant trouble in the company, and Mr. Wheeler got another four weeks' notice.

The real crisis came on Friday night, however. When Miss Glaser kissed Mr. Wheeler in the first act he did not show his usual enthusiasm. He walked up the stage and made a gesture that was interpreted as one of disgust. Miss Glaser made complaint to Mr. Whitney and Mr. Wheeler was notified that he would not be permitted to appear again.

KRUGER HAS NO INTEREST NOW IN NEGOTIATIONS

But European Pro-Boers Still Trust to "Foreign" Complications.

London, April 8.—(Spcial.)—There are the strongest reasons for believing that Mr. Kruger and his associates have not been in direct communication for a long time with the burghers fighting in the field.

Mr. Kruger himself is old, enfeebled and worn, and takes litle interest in the negotiations now in progress. His associates control the actions of the broken old man except in money matters. He retains a strong grip upon what remains in the war chest.

There is little faith among Boer sympathizers in Europe that peace is imminent in South Africa. Hearts are hardened in consequence of the conferences held at Utrecht, and Boer envoys and refugees are asserting in a louder key than ever that the war will last four years longer, and that there can be no peace without independence.

Boer agents think that the deliverance is coming through British foreign complications, when there is not a cloud in the sky. They are asserting that Britain is fatally embarrassed by her alliance with Japan, and will certainly be drawn into a war of tremendous magnitude in the Far East. Boer sympathizers are consequently justifying the indefinite continuance of the guerilla warfare, and forecasting the ultimate triumph of the cause of independence when British troops can no longer be spared from the larger theatre of European operations.

The return of the delegates from the United States has dispelled all illusions regarding the expected help from that country.

CAR ROUTE FROM ST. LAMBERT INTO MONTREAL

The Mayor of St. Lambert Announces a Practical Settlement.

LINE OVER BRIDGE WILL RUN TO McGILL ST.

Final Details Will be Settled at Conference Later This Week.

The regular monthly meeting of the St. Lambert Town Council was held in the Town Hall last evening, Mayor W. H. Rosevear, sr., who presided, announced that arrangements for running electric cars over Victoria Bridge were assured and were about completed and that the final details would be settled between Senator Forget, president of the Street Railway Company and Mr. Hayes, the second vice-president and general manager of the Grand Trunk road, upon the latter's return from his western inspection tour. Mr. Hayes is expected here on Friday. The mayor also stated that the new electric line would not form a part of the Ste. Etienne street line, and that the proposed and probable route would extend down Mill Street, which is Government property (the consent of the Government having already been obtained), and that it would cross the canal over Black's Bridge to the foot of McGill Street, joining the main line into Montreal.

This is an important feature and one which seems to solve all local difficulty as to desirable and obtainable route at that end. The ordinary routine business was transacted.

COLLIDED WITH CAR.

Freight Wagon Comes Out of the Encounter Decidedly the Worse for It.

A car of the Montreal Park & Island line and a G.T.R. freight waggon, driven by Jean Ranger, collided at the corner of Notre Dame and Versailles streets shortly before 7 o'clock this morning. The car, which was well filled, was returning from Lachine, when it struck one of the front wheels of the vehicle. The fender was badly smashed and the steps were twisted out of shape, while one of the horses of the waggon was knocked down, the driver was propelled from one end to the other, where he hung on at the same time, giving utterances to his sentiments. The vehicle finally was got under way, and the car proceeded eastward. None of the passengers were hurt, but the driver of the freight waggon had his face and nose badly cut.

SUICIDE OF OLD WOMAN.

Mrs. F. X. Thouin Throws Herself from Window of Hospice Auclair.

Mrs. Francois Xavier Thouin, an inmate of the old ladies' section of the Hospice Auclair, Sanguinet and Rachel streets, jumped from a fourth storey window of that institution yesterday afternoon and was killed. She died almost instantly.

The woman was sixty years old, and for some time had shown signs of mental derangement. During the absence of her guardian she opened a window facing a lane in the rear of the building, and threw herself headlong to the ground. The fall fractured her skull, and when picked up she was almost dead, Rev. Father Joseph Piette, of St. Jean Baptiste parish, was called to assist her and before she was removed he administered the last sacrament.

Deceased had recently been examined by specialists, and was to have been conveyed to the insane asylum at Longue Pointe. The Coroner is holding an inquest this afternoon.

TEMPORARY INSANITY.

Coroner's Jury Investigates the Death of Mr. Thomas C. Bulmer, of Westmount.

The inquest in the case of Thomas C. Bulmer, Westmount, ex-councillor, who committed suicide yesterday, was held this morning at his late residence, 530 St. Antoine road. Coroner McMahon presided, and the following jury was sworn in: Charles Stevens, Westmount councillor; Wm. Minto, secretary-treasurer of Westmount; Chas. Ludwig, Norman McLeod, Antoine St. Germain, Flavin Hurteboise, James R. Baker, Thomas Lynch, Fred Jennings, David Benner, Chas. E. Box, and Joseph Armstrong.

Evidence was given by Dr. Wyatt Johnston, who stated that he had made an autopsy on the body of the deceased.

Dr. Albert Wurtele Haldimand, the family physician, testified that he, in conjunction with Dr. James Stewart, had examined the deceased on Thursday, and found him suffering from monomania, and needing quiet and rest. This view he represented to the family. After the shooting he was called in, but found Mr. Bulmer dead.

Fred Bulmer, 11 years of age, a son of the deceased, stated that he had called his father a moment before he heard the shot, and the whole family had rushed up stairs.

Horace Bulmer, of No. 1 Albert place, another son, stated that the revolver with which the deed was done was in possession of the family.

The following verdict was arrived at unanimously and without discussion: "We, the undersigned jurors, having heard the evidence, declare that Thos. C. Bulmer died at Westmount on April 7, 1902, having shot himself in a moment of temporary insanity. There is no blame attached to any one."

LEMIRE CASE BEGUN TO-DAY

The trial of M. Lemire, charged with criminal libel against his brother-in-law, Mr. J. E. Dore, whom he accused of having paid several thousand dollars to obtain his position as Sanitary Engineer, was commenced in the Court of King's Bench, yesterday.

After the jury had been sworn in the case, Mr. Lafontaine K.C., announced that this case would be the last of the term and asked that the jurors who had not been sworn, be set at liberty. Judge Wurtele therefore discharged the remainder of the jurors after having thanked them for their services.

The case in hand was then proceeded with, and Mr. Berard, who with Mr. A. Delisle, is defending the prisoner, asked that the prisoner be permitted to sit near him for the sake of convenience, but His Lordship stated that this could not be allowed.

Mr. Lafontaine, who is assisted in the prosecution by Mr. J. T. Cardinal, then explained the case briefly to the jury and called upon Mr. Dumouchel, notary, as the first witness. Mr. Dumouchel testified that it was before him that the accused had sworn to the solemn declaration in which he made the charges against Mr. Dore. He had not read the document but simply signed the document without reading it.

Mr. L. J. Tarte, of La Patrie, was the next witness. He remembered that the accused Lemire had come to see him at the end of November with a document of the nature of that which was produced in court. He asked him to publish it, but the witnessc refused, telling him that it was libellous. The witness advised him to put it into the hands of the mayor of the counseland told him that as soon as it should be made public property in that way he would publish it.

Mr. P. A. Cote, of La Presse, gave similar evidence.

The court then adjourned until this morning when Mr. Rene Bausset, assistant City Clerk, was called to the box and stated that at the time the statement was made public. He received the following reply from Mayor Prefontaine,

"Will you give Mr. Dore a copy of the accusation and ask him what he can have to reply.

(Signed) "R. P."

Mr. Bauset's evidence wac not of particular importance and the greater part of the morning was taken up in the discussion of legal technicalities, shich as the claim of the defence that because the alleged libel was in French and the indictment in English, it could not hold.

The defence will open its case this afternoon, but it will probably be the end of the week before the trial is finished and a verdict reached.

WANT CHILDREN SENT WHOLESALE

There seems to be an unusually large number of parents at the present time anxious to see the city assume the custody of their children. No less than ten applications were made this morning to Mayor Cochrane, and His Worship was much annoyed about it when The Herald reporter put in an appearance.

A man, delegated to appeal to the mayor in behalf of the two children of besotted parents, these offsprings receiving no care owing to the drunken orgies of their elders, had just taken his departure. He had met with a flat refusal from the chief magistrate.

"Some people seem to think," said Mr. Cochrane, "that the city is running an orphan asylum. There is a man just going out who wants us to take charge of two children while their parents go on protracted sprees. But that is not the way I do business. I will have the police look up those parents, and, when we get them here, I shall find out what excuse they offer for failing to support their children. Of course, if the Finance Committee wants to send young ones to Montfort by the wholesale, I have no objection. Until then there must be a halt in this kind of thing. Parents must be made to see that their children should be given the first consideration."

ANOTHER PHASE OF ELECTION CASES

At the opening of the Court of King's Bench this morning, Mr. J. C. Walsh, acting for Henry Armstrong, alias John Armitage, who was found guilty of impersonation in connection with the last municipal elections, applied to Judge Wurtele for a writ of habeas corpus, and asked that the prisoner be released from confinement on the ground that as the fine had been remitted by the City Council, the alternative penalty of imprisonment was also annulled.

Crown Attorney Cooke opposed the motion, claiming that the City Council had the right to remit only that half of the fine which would go into the civic treasury. The learned counsel further pointed out that as the conviction had been obtained under an enactment of the Legislature, the City Council had no right to remit the fine imposed by the Recorders any more than if it were imposed under the criminal code. He held that the fact that the clause regarding the punishment of impersonators also appeared in the civic charter did not alter this position. Mr. Walsh, in reply, maintained that the city had this right, and his Lordship took the motion en delibere. His decision will be awaited with double interest, as in the event of the motion being granted, the Recorder might be compelled to return to the City Council that part of the fine paid over to him in connection with the liberation of the other two "telegraphers."

Mr. Walsh also made application for the prisoner to be permitted to take the necessary proceedings in forma pauperis. But Judge Wurtele refused to permit this, stating that no one supposed that the prisoner had committed the offence of his own accord, and that if his instigator had one spark of honor left, he could at least forward the necessary fees to the clerk without letting his identity be known.

LACHINE CO. MAY MAKE CUT IN ITS HOUSE RATES

Directors This Afternoon Are to Consider Advisability of the Move.

The Lachine Hydraulic and Power Company are considering a reduction of the rates of house electric lighting. A meeting of the company's directors to consider this question has been called for this afternoon.

For some time it has been rumored that the Lachine Company and the Light, Heat and Power Company had come to some understanding and that the former would ere long be taken over by the latter. To those who are interested in the question two statements made to-day will afford an occasion for guess work.

Mr. W. McLea Walbank, managing director of the Lachine Company, said today that his company was not a party to any combine with the Light, Heat and Power or any other company, and was determined to put light and power on the market at a price far below that of any of its competitors.

"The Lachine company is going to offer the lowest prices of any in operation," he said.

Mr. Rodolphe Forget, vice-president of the Montreal Light, Heat and Power Company, said the Lachine Company would change its mind before lowering its rates. If, however, it decided to do so the Light, Heat and Power would not follow suit.

This afternoon's meeting will considerably clear the situation. From what could be learned to-day, the Lachine Company, if the question be favorably dealt with by the directors, will inaugurate a system of reduced rates east of St. Lawrence Street and north of Craig Street.

THE SITUATION TO-DAY.

Until the present time the Lachine Company has not operated directly in that section of the city. Their poles and wires conveying motive power are there but the lighting of private houses had been done through a company in the north end of the city—the Imperial Electric Company. Not very long ago the Imperial was bought up by the Royal Electric Company—a component part of the Montreal Light, Heat and Power. Gradually the power supplied by the Lachine Company to the Imperial was reduced and was furnished by the Royal instead. The Lachine Company said they did not need to be prophets to foresee the ultimate result of a continued reduction. For this reason the company has gone in to supply light directly and the better to gain back the customers—formerly the customers of the Imperial—they have decided upon a policy of reduced rates.

LITTLE WORK NEEDED.

To supply electric light to private houses in that section of Montreal will not mean much preliminary work. The poles now standing and owned by the Lachine Company, will be used, and all that needs to be done is to place on them the necessary wires. How long these reduced rates will last is not decided—indeed if it is not decided that they will be introduced at all; but should they be they will be continued long enough to permit the Lachine Company to make a big effort to win back their subscribers.

Mr. Rodolphe Forget does not believe in the policy of cutting rates. The Lachine Company had already reduced their rates somewhat, at that time the other company did not make any effort to meet them. If further reductions were made it would not hinder the Light, Heat and Power going its own way—but it would not cut prices—and still it would get contracts.

SHIPPING MEN IN CONFERENCE ON A GRIEVANCE

At the conference which was held to-day between representatives of a section of the shipping interest of Montreal and the Harbor Commissioners the principal question under discussion was the responsibility of the port authority for damage to goods while on the wharf sheds before they pass into the hands of the consignees, if they are imports, and before they are loaded on the vessels if exports.

The question at issue, it was soon apparent, was the decision arrived at which provided that the Harbor Board would undertake no liability in the matter.

The Hon. Senator Mackay presided over the conference, at which the whole of the Commissioners were present, and the following representatives of the shipping trade: Messrs. W. I. Gear and R. W. Reford, representing the Robert Reford Company; Bitting, representing the Furness-Withy line; J. G. Brooks, the Quebec Steamship Company; Cook, the Elder-Dempster Company; Gault, the Leyland Company; Cook, the Dominion Coal Company.

Mr. Meredith, as counsel for the shipping interests, took an important part in the proceedings, and Mr. Aime Geoffrion was present in the capacity of counsel for the board.

At the opening of the proceedings the secretary to the Commissioners, Mr. Seath, read a letter from the shipping interests, submitted at yesterday's meeting, asking for a conference regarding the last clause in the agreement that is to govern the wharf leases for the coming season. This clause set forth in specific terms that the Commissioners would not be responsible for damage to goods piled on the wharves and in the sheds.

CLAIMS IT IS ILLEGAL.

Mr. Meredith, as spokesman for the delegation, contended that the clause complained of was illegal; that if accepted it would deprive the shipping lines of any right that they might have for the recovery of damage that might be sustained—a right which they clearly possessed under their contracts and was moreover at variance with the principles of common law. As an illustration of the injustice which would be suffered, Mr. Meredith instanced the case of a steamer moored at one of the Commissioners' wharves struck by a harbor tug boat and seriously damaged by the collision under this clause the steamship owners would have no remedy against the board.

At this point it was thought that it would be well if Mr. Meredith were acquainted with the facts relating to the occurrence that led up to the board's decision and the secretary read the correspondence that had passed between the board and the Canada Jute Company, in which the Robert Reford Company figured on the side of the Jute Company. In brief it showed that a number of bales of jute had been brought over by one of the steamers for which the Robert Reford Company are agents, and were damaged by immersion in the water through the subsidence of a portion of the wharf during a severe storm. No claim was sent in by the jute company until some months after the occurrence, and no notification had been given of accident at the time, so that the commissioners might have sent an official to enquire into the facts.

Mr. Bickerdike remarked that all the commissioners wanted was some protection against a claim that might be sprung upon them months after an accident happened, when there would be no opportunity of obtaining evidence. In this case the damage was caused in July, and no complaint was made until November. They ought to have some protection against such an eventuality, but they need not necessarily go so far as to deprive the shipping firms of any rights in such a case as Mr. Meredith had suggested. He suggested that something might be inserted at the end of the clause like the following: "Unless the said damage is caused by the negligence of the commissioners or their employes."

HOW TO MEET THE CASE.

Mr. Meredith recognized that the commissioners desired to protect themselves, and there seemed to be an idea amongst them that they were assuming a greater responsibility in giving these allotments for the season than they would assume in the case of goods carried by tramp steamships, which simply came in and sailed away again. A tramp vessel would not be required to sign this condition, and there was no logical reason why the regular shipping lines of the port should be subject to a liability to which the tramp steamer was not. What he asked for was a modification of the agreement, which would make it perfectly clear that the shipping interests did not assume any greater responsibility than would be the case if they had not received any allotment at all.

What the steamship lines objected to, observed Mr. Meredith, was that they were placed at a disadvantage as compared with vessels that had not received any allotments at all. The steamship interests were desirous to meet the board and they suggested that the last clause in the agreement should be withdrawn, so that there might be inserted a clause to the effect that the commissioners shall not by reason of these allotments be responsible to any greater extent than they otherwise would be for any damage to either vessel or goods moored at the wharves.

Mr. Aime Geoffrion insisted that the clause ought to make it perfectly clear that the Harbor Board was not responsible for claims that might be brought forward at any time a consignee might think fit.

The Mayor suggested that at the end of the clause the words should be added, "Unless notified within 24 hours of landing and the said damage is caused by the negligence of the commissioners or their employes."

Mr. Meredith observed that the did not want to give up any consignees' rights in the matter. There were two distinct sets of rights involved—the rights of the steamship lines and the rights of the consignees. He argued that the amendment he proposed was a perfectly reasonable one—they came here and established regular lines of steamships and they did not want to be in a worse position than tramp steamers coming here twice a year or so.

MR. BICKERDIKE'S JOKE.

"There is only one thing," observed Mr. Bickerdike, jocularly, "that we are responsible for, and that is the collecting of the freight dues."

The observation caused Mr. Reford to flush with anger, and, speaking with great warmth, he declared that the steamship companies of Montreal had been used badly by the Harbor Commissioners. "I have been here six months," he hurled forth in thundering tones, "and I have seen nothing done for the steamship companies of Canada. You don't treat the steamship companies of Montreal as they should be treated."

"Oh, come," interjected Mr. Bickerdike, with a soothing smile, "that's going too far."

"What have we done that you can complain of?" asked President Mackay, directing the observation to Mr. Reford. "There is only this case of the Canada Jute Company and you know the reason we could not entertain that."

Mr. Reford, refusing to be placated, went on to say that there were a good many things, but he did not instance any, and went on to predict that the steamship companies would forsake Montreal.

The President pointed out the impropriety of such remarks going from the lips of a commissioner at such a gathering, and declared that if Mr. Reford had such remarks to make he ought to make them at a regular meeting of the Harbor Board.

After some further discussion it was decided that Mr. Geoffrion and Mr. Meredith should draw up a clause protecting all the interests concerned to be adopted at an adjourned meeting of the board, which will be held this afternoon.

NON-RESIDENT PUPILS MUST PAY

The regular monthly meeting of the Protestant High School Board was held at the school building on Peel Street this morning and was attended by every member.

Two important questions were acted upon. They had been under careful consideration for some time. The first was as to what action should be taken regarding the attendance at the school of children of non-resident non-taxpayers. The Board decided that such scholars must pay the full cost of their education from and after September 1, 1902, the commencement of the next fall term, but that this provision shall only apply to those who enter the school on and after that date, and that all scholars who have been or are now in attendance will be permitted to finish their full course of study under the present existing terms and arrangements.

At present there are four terms in the school year, and the tuition now charged ranges from $5.00 to $15.00 a quarter, according to the grade.

The result of this decision of the Board means, in effect, that the tuition for children of non-resident non-taxpayers will be increased by about three-fourths the present amount. This does not apply to non-residents who own city property and pay city taxes, but only to those who are non-residents and also who do not contribute any payment to the city school tax. There are over 200 such scholars in attendance now, and the matter had assumed importance, and while other schools have a few such children, it was particularly a high school measure.

JEWISH EDUCATION.

The second question had to do with the matter of Jewish education. The Board decided not to continue the Hebrew teacher after this year, which terminates on June 30, and they also refused to guarantee the payment of the present subsidy to the Baron Hirsch Day School. The monthly report of Superintendent Arthy was read and approved, and contained an encouraging and exhaustive statement of the work done by the 17 different night schools throughout the city during the past year, and an account of the condition and progress of the day school for the past month. Other ordinary routine business was transacted.

FELL DOWN STAIRS.

Oswald Tobin, 4 years of age, fell down stairs at his home, in Berri street yesterday, and was taken to the Notre Dame Hospital. He is doing well to-day.

THE PUBLIC AND THE PUBLIC COMPANY.

A very interesting question is suggested by the attitude of Messrs. Gault and Forget at yesterday's meeting of the Dominion Cotton Company. That question is whether the ordinary shareholders of a public company, whose shares are selling daily on the Stock Exchange, have the right to demand the publication of such general information as will enable them to form a correct estimate of the standing of the concern. The gentlemen mentioned evidently think the public are entitled to only such information as the directors think fit to give, and when things are going badly they very naturally do not think fit to give very much. It is a position for which there is very much to be said, however extreme it may appear, for the other extreme is absolute publicity, and that might have very disastrous consequences. The mischief arises when, as in this particular case, the directors deny the public access to adequate sources of information, and then coolly appeal to the public for relief. "We have lost $312,000," they say in effect, "of which we admit that $200,000 is accounted for by a wrong guess at the future of the market for raw cotton. That leaves a further loss of $112,000, about which we propose to give no particulars. We ask the public to see that Parliament gives us a higher tariff protection, so that this may not occur again." This begs the whole question, as anyone can see. It keeps out of account the whole question of what happened under the management that in very recent years came in and went out again, and of whether that management made the best use of the resources at its command. Surely the management was not changed because of the tariff. Surely the tariff is not fairly chargeable with the whole blame for Dominion Cotton Company losses when under the same tariff the Montreal Cotton Company is found to improve its position and increase its dividend. It may not be absolutely essential for an industrial concern to make the same ample presentation of its affairs year by year that is always made when the subscription of capital is invited, but at least if the public is not to be informed then appeal ought not to be made to the public to tax itself for the relief of the distressed concern.

THE GUYBART FAMILY.

In a recent issue The Herald took occasion to bring to the favorable notice of its readers the claims of one Noel Charbonneau, of the parish of St. Jean de Matha, upon the consideration of his countrymen. Mr. Charbonneau was living with his wife and three daughters when the census enumerators of 1891 passed the way, and the good-natured enumerators thought it due to the old man to add to this score of five a matter of fifty more, representing sons and daughters, their wives, husbands, and children long departed from the parish, some for cities in the United States, some for other Quebec parishes, in which they were doubtless found in the body and counted all over again.

A still more remarkable instance of the zeal of the enumerator, however, has come to light in the case of the Guybart family. The history here indicated is one that might well serve as a text for those zealous students of sociology in Ontario who have been complaining of the diminishing birth rate, and might also not be without its point for those captious critics, also in Ontario, who hold that if the birth rate is high in Quebec, the death rate is high in proportion. In face of facts like these all captious criticism must cease. Paul Guybart, the head of this most interesting family, was forty years of age when the enumerators found him. His wife, who may by a possibility have been his second wife, was thirty. This interesting couple had the care of a family of no less than eighteen children, of whom the eldest was six years younger than the mother and sixteen years younger than Paul himself. This would seem to prove beyond question that Paul had been twice married, for it can hardly be supposed that in a country like Quebec even a census enumerator would venture to marry a boy of fifteen to a girl of five. However, no mention is made of the first wife, and she can only be evolved as an algebraic quantity. The eldest son, as has been said, was 24 in that memorable year 1891, and evidently neither he nor Elizabeth (22), nor Marie (21), nor Phillemon (20), nor Pierre (19), nor Olive (18), nor Mat. (17), nor Ermeline (16), nor young Paul (15), had emulated the admirable example of their sire in the matter of early marriages. Even in a single generation, therefore, a vast change had come over the habits of the people in this section of Quebec. This was the more to be regretted because the birth of a child regularly every year (as witness the uninterrupted progression from Elizabeth to Paul) was continued for what must have seemed, with the increasing congestion of population in the cabin, a very long time afterwards. There were Georges (14), Moise (13), Hormidas (12), Eugene (11), Martin (10), Roxann (9). To mark the close of this very remarkable series, there next came a dispensation of twins, Albert and Norbert being both entered as of eight years of age. It is just possible to infer that these seventeen were of the first family, for there is a clear break in the record of seven years, the last, the eighteenth, being only thirteen months old at the time of enumeration. As Paul and his second wife were both young in 1891, it is quite possible that a new record of annual births has been made in the ten years that have passed. We are forced to admit, though much against the grain, that accounts of this sort leave a very agreeable impression of the effect of the National Policy upon the life of the nation, and there must be many people who voted Liberal in 1896 and again in 1900 who might not have done so if these records had been before them. The only fly in the ointment is that when the parish priest had notice served on him of the existence of this notable family in his parish, though he hunted high and low for them, made inquiries of all the other inhabitants, searched the registers of marriages and births and deaths, he could get absolutely no account of them. Father and mother, boys and girls, names and ages, were all creatures of the imagination. There were between fifty and sixty thousand like them enumerated in the Province of Quebec in the year of grace 1891, by census-takers zealous for the reputation of the Conservative party and the policy of national redemption by high taxation.

THE EARL OF KIMBERLEY.

The Earl of Kimberley, who died today after a long illness, was one of those statesmen of whom there have been so many in England, who, without being particularly brilliant, continue for very long periods actively identified with the most intimate concerns of parties. Lord Kimberley was in charge of Irish affairs so long ago as 1864-66, and was Colonial Secretary in the period of 1870-74, and again in the early '80's during the famous controversy with the Transvaal which had Majuba for its monument. The town beside the diamond mines is, of course, named after him. When it is recalled that he again occupied a most important station in the Cabinet of Lord Rosebery, and that in all the intervening stages, during which the Liberal party was in opposition, he was prominent in the councils of the leaders, it is seen how long and how honorable has been his career. It goes without saying that to attain this distinction Lord Kimberley must have been a man of parts. It is true the way of even an inferior man might have been made more smooth in a house where Liberal peers are, numerically, an almost negligible quantity. But Lord Kimberley was very far from being a man of inferior in effect. He was rather a man of very superior character, a fair representative of the type of British statesman Lord John Russell found in Lord Althorp. When Althorp was in charge of a measure of the highest importance, he had to reply to a very ingenious and very convincing criticism from a very able man on the other side. "I have forgotten," he said, "precisely what were the considerations that constitute the reply to the arguments we have just heard advanced, but I know they were perfectly satisfying to my mind," and that solemn and deliberate body, the House of Commons of Great Britain, rejected the ingenious criticism and stood by the man who could not remember the reasons that had satisfied his mind. It was a case where character scored over intellect, as it has done in the cases of dozens of other British statesmen. It is only on rare, very rare occasions, that high character and brilliant intellect together illuminate, or rather glorify the career of a superlative being, as was the case with Lord Kimberley's great leader, Mr. Gladstone.

Since the cessation of Lord Kimberley's labors, and Lord Rosebery's entry into the penumbra, Lord Spencer has been Liberal leader in the Lords. The other most considerable figures are those of Lord Aberdeen and his brother-in-law, Lord Tweedmouth.

REV. MR. STEEN'S LECTURE.

Addressed a Large Audience at Art Gallery Last Night on the Renaissance.

Rev. F. J. Steen concluded the series of lectures which he has been delivering this season, by addressing a large, cultured and fashionable audience at the Art Gallery last evening. "The Renaissance" was the subject chosen by the lecturer and his remarks were eloquent, interesting and instructive, and held the attention of the audience throughout. His definition of the term was on substance, the rebirth of man, through which he came once more to know himself as a rational being and his relations to the world in which he found himself, and discovered a new significance and interest in this earthly life.

The lecturer explained that life in the Middle Ages was animated and controlled by more or less impractical and, as it were, unhealthy ideals, which had a tendency to deaden and stifle whatever of progress might be awakened and to foster rather a spirit of sentimental and unproductive action. He said, as to the dawn of the Renaissance:

It was in Italy that the first successful opposition to the mediaeval theory of life arose. The Renaissance was the outcome of the toil, industry and strenuous life of the communes. The successful struggle for municipal freedom, intelligence and industry, a complex civilization arose that soon outgrew the mediaeval theory of life and burst the fetters which it had placed upon human activity.

It was, in its earlier aspects, the awakening of the Italian mind under the stimulus of free institutions, and the consequent development of intelligent prosperity and high spirit. The revival of the classical in literature and art gave an extraordinary stimulus to the intellectual life of Italy. Without it the Italian Renaissance would have been a slower and different movement. Intellectually, the classical revival was marked by the complete emancipation of the human spirit. Modern science and philosophy dated from the Renaissance, when thought was freed from the fetters which mediaeval theology had placed upon it.

Mr. Steen then traced the movement in other countries and showed that in every instance that while the causes to some extent were much, the Italian Renaissance was the first example of this wonderful and far-reaching throb of new and better life and formed the inspiration in a large degree for its emulation elsewhere. He said: "In Germany its first production was the Protestant Reformation. In France art, and in Spain and England it culminated in the golden age of literature. It was latest in England, but there it reached its zenith in the genius of genius of Shakespeare, who was the greatest child of the Renaissance."

Canadian Legislators.

MR. JAMES KENDRY, M.P.

Mr. James Kendry, the Conservative member for Peterborough West, was born in Oshawa, Ont., March [illegible], 1845. His father came to Canada, from Yorkshire, England, in 1841, his mother coming from Paisley, Scotland, about the same time. Early in life the subject of this sketch entered the service of Barber Brothers, at Streetsville, Ont., and afterwards became manager of the Clyde Woollen Mills, at Lanark, Ont. At present Mr. Kendry is president and managing director of the Auburn Woollen Co., of Peterborough. He was a Councillor for 9 years, was Mayor of Peterborough for 4 years, and a member of the Board of Education for several years. He was returned to Parliament in 1900 by a majority of 351. Mr. Kendry yesterday made a speech in the House on the Budget.

MUSIC AND THE DRAMA

Ward and Vokes.

It is to the lasting honor of Messrs. Ward and Vokes that they have found out exactly what the public likes. It is to their great financial profit that the public knows it.

Last night the Theatre Francais was packed to the doors when the curtain rose on "The Head Waiters." The title is the same as that of last year's production, but the production is fresh amost all through. Nobody cares about the title anyhow. Nobody would dream of asking you to go and see "The Head Waiters." It is Ward and Vokes that every soul who can get into the Francais goes to see; it is Ward and Vokes that are talked about afterwards; it reminds one of the time when one went "to see Mrs. Patrick Campbell," with the added resemblance that while the force changes the stars change not at all. In voice, in gesture, in mannerisms, they are just the same as ever. Fortunatey the jokes are new.

"The Head Waiters" has been improved. It is a very well-staged production, with a well-balanced chorus, an immense wardrobe, a clever limelight man, and a whole lot of new ideas. One of the latter is a phonograph solo with a soft-voice accompaniment by the chorus. Another is a wonderfully-costumed ladies' brass band, with a quartette of weird woodseed instruments resembling bassoons. "Florodora," and certain American war dramas of the "give-me-back-me-child" type, come in for a lot of gentle parody. There is a new coon song, and the inimitable Hebrew impersonator of Izzy Marks does a characteristic dance which is simply convulsing. There is the dancing of Miss Lucy Daly, energetic but graceful, and there is some good comedy work by Miss Margaret Daly Vokes. There are some solos by Miss Maud Alice Kelley, who has a powerful soprano. There is also a certain amount of business which is neither fresh nor vastly amusing, but as the audience laughed at it as much as at anything else, it is merely a further proof that W. and V. know what they are doing. And there is not enough to prevent the whole thing from being a bright and lively show.

Proctor's.

This week's play bill at Proctor's is more than usually attractive, and Mr. H. Brunelle, who has recently assumed the local management, has provided an excellent evening entertainment for the patrons of this popular house. "The Deacon's Daughter," a four-act sentimental farce comedy by A. C. Gunter, produced for the first time by the regular stock company; a series of new and unique moving pictures by Paley's Kalatechnoscope; and, last but not least, an admirable selection of pictures, living studies in art, which are an entirely new feature and never before given in Montreal, furnished a diversified and meritorious programme which was presented to a large and appreciative audience last evening.

"The Deacon's Daughter" tells the story of a straight-laced New England deacon who is incumbered with a daughter and a mortgage. Dutiful daughter, who has lots of push, goes to the city to wrestle with fortune and her mistress's go-cart and earn wherewith to put the weighty mortgage out of business; discovers she has a voice and talent and becomes a favorite of the stage; makes money in large chunks and the mortgage looks like 30 cents; persuades her parents, who believe that plays and perdition go hand in hand, to visit her; loyal lover shows old man the town, who sees all kinds of folly, including that of his former strict ideas; daughter forgiven; everybody happy. The action of the piece is spirited and gives opportunity for many ridiculous and amusing situations, and the cast, composed of the permanent company, whose standard of ability is familiar in Montreal, interpret the various parts in pleasing manner. "Liza," a catchy song by Miss Marion Longfellow, and a trio entitled "Burlesque," by Miss Longfellow, Mr. Cooper and Mr. Castle are introduced and were warmly received and elicited repeated encores. The performance is more than usually entertaining and well done.

The living studies in art, as the name implies, are a series of pictures, being copies of noted paintings, in which the life figures are represented by living models. They are indeed truly artistic and refined, finished and beautiful in conception and execution and in themselves well repay a visit to the theatre. A large frame occupies the middle centre of the proscenium opening in front of which hangs rich dark red curtains, which are parted and drawn together by two pretty and handsomely dressed pages between each number. The auditorium is darkened, and the light effect, which is fine, is centered on the picture groups, with a result both admirable and charming. Among the number "Spring," a scene showing six small children in a field of flowers, and "Can't You Talk," in which a sweet and tiny child looks wistfully into the face of a huge mastiff, are particularly fine, and in company with "Rock of Ages," "Wooing," and "Evangeline," who caresses a "real live" calf, seemed to please most, although it is hardly fair to give special mention to any special one, for every picture is a real gem and pleases all tastes alike. The costumes, draperies, backgrounds and light effects are rich and effective and the colorings appropriate and mellow. The management deserves liberal and well-merited congratulation, and his efforts thus far give earnest of the fulfilment of his promised improvement in the performances at Proctor's. A new orchestra is also provided.

The Royal.

Manchester's New York stars have always been favorites with patrons of the Theatre Royal, and the opening of their week's engagement here yesterday was greeted by large audiences. A female sextette, in which almost all of the members are able to sing fairly well, McIntyre and Rice, the Gerckers and Carlin and Brown are all good numbers, while Belle Hathaway and her troupe of monkeys are different enough from the ordinary to arouse much interest. Jack Burk, assisted by William McEvoy, does some clever boxing.

Plunket Greene.

Mr. Plunket Green made his first appearance on his present Canadian tour in London on Monday night before a crowded audience, who were delighted with his interpretations. All his programme is new and charming, and is wide in range from the best exponents such as Schubert, Mendelssohn and Brahms, to the delightful Irish melodies like "Little Mary Cassidy," "Trottin' to the Fair," "Eva Toole," etc. One very remarkable number that he sings is "Quick, we have but a Second," in which the tempo of the song is probably the fastest any composer has ever attempted. Mrs. Dorothy Harvey will be heard in some delightful songs, and Rudolph Von Scarpa will be the sole pianist. Mr. Greene will be heard in Windsor Hall on Saturday evening, April 12th.

THE FRENCH PRESS

Imperialism.

La Presse on Saturday said: "The idea dramatically thrown out by the London Times and spread throughout the world by telegraphic agencies devoted to the English Government, that Canada, having contributed to the South African war, should be consulted on the conditions of peace, is interesting from more than one point of view. It is the first feeler upon Imperialism, the sugar coating of the pill which it is hoped we will swallow one of these days. What is more flattering for the vanity of a young colony than this obsequious deference of the mother country and of the Imperial Government? But there is a logic of facts which destroys completely this logic of seduction.

While we are reminded of the importance of our new role as advisors, it is decided that the surrender of the Boers must be unconditional, as it must exclude all vestige of autonomy. The Boers must first submit and renounce their liberty, and after that, we will see.

"To what are we therefore invited if the judgment of the English nation is already formed upon the question? It is not that we desire to complain; but this incident supplies us with an argument which we have enunciated many times. It is impossible for the colonies to take part in the Imperial deliberations because their interests, their sentiments are generally opposed to those of the Empire, and their opinion can be of no efficacy in these semblances of confabulations. To-day we are not consulted, but we are not vexed about it. It would be different if we saw that our opinion, asked in good and due form, had been set aside. Thus Imperialism would be nothing but a sack of tempests and a constant invitation to disgust, the precursor of dissatisfaction and disloyalty."

No Other Title.

La Presse says last night: "The newspapers are busy just now finding titles of nobility for Sir Wilfrid Laurier. Some pretend that he will soon be Lord Arthabasca; others speak of him as the Viscount of Canada. Serious minds are satisfied to call him Mr. Laurier. One of his intimate friends assures us that Sir Wilfrid is determined to accept no other title. The acceptance of "Sir" was in order, and rendered almost obligatory by precedents. The other titles cannot be looked at the same way."

MAJ. GEO. WILLIAMSON, M.P.

Major Williamson, of Kingsbury, was born near Sanquhar, Dumfrieshire, Scotland, in 1833. He came out to Montreal in 1848 and moved to Melbourne, Que., in 1849. In 1855 he purchased the Clark mills on Salmon Creek, and engaged in the lumber business. These mills are now the maintenance of the thriving incorporated village of Kingsbury, named after the late postoffice inspector, King, and the present terminus of the Orford Mountain Railroad.

During the Trent troubles Major Williamson raised a volunteer company, which afterward became No. 2 company of the 54th Battalion. He retired after some twenty years' service with the rank of major; he was also a member of the municipal council of Melbourne and Brompton Gore for eight years, during six of which he was mayor, and is also a justice of the peace for the district of St. Francis. He retired from business at the end of the last century, selling his interest in the well known firm of Williamson & Crombie to his partner, Mr. M. G. Crombie.

Major Williamson has been a benefactor to many by his kindly financial aid in the time of need, as for instance, in connection with the extinction of the debt of $3,000 on Chalmers' Church, Richmond, last year, when he subscribed the important sum of $500.

BUDGET SPEAKERS IN A SLIM HOUSE

Mr. Wade Makes a Neat Speech. The Cost of the Censuses.

(From The Herald's Staff Correspondent.)

Ottawa, April 7.—There was more and more condemnation of the Government in the House to-day by the gentlemen who are supposed to condemn. The opportunity for criticism is growing beautifully less. No one is sorry but the gentlemen who have speeches which they desire to get before their constituents through the kindly medium of the Hansard. But, to-morrow, the endless budget debate ends and then business will be business in the House and abuse, bluster, bluff and budgets will be a thing of the past for a year.

The Government began this debate in good faith, finishing speaker for speaker with the Opposition, but the minority are now making two speeches to the majority's one. It is reported, perhaps unkindly, that the last orators are making the same speeches with which the first men electrified the House. This is a difficult matter to prove, for an examination of Hansard shows all the speeches belong to one large and uninteresting family.

MR. WADE OF ANNAPOLIS.

Mr. Wade of Annapolis made a Government speech from an Eastern Liberal point of view. He began, as all the Government members have to begin their speeches, by refuting misleading statements made by leaders of the Opposition. Mr. Smith, of Wentworth, a few days ago said the Minister of Agriculture had done so little for the fruit business that the apple men of the Annapolis Valley were dissatisfied. Mr. Wade stated the fruit growers were dissatisfied, but with a steamship company that had failed to carry out a contract, and not with the Government which had offered a bonus and entered into a contract with the steamers. The leader of the Opposition said the Government had no policy and for that reason men were afraid to invest money in Canadian enterprises. Both these statements were wrong. The Government had a well defined and thoroughly lived-up to policy and instead of men being afraid to invest money in Canada outsiders were crowding one other to get their capital in. The Dominion Coal and the Dominion Steel Companies in his own province were examples of foreign confidence. Mr. Wade said that figuring from the 1891 census, which he knew was not thoroughly accurate but would serve the purpose, he believed that only about 160,000 persons in Canada were employed in manufacturers that would come under the benefits of a protective tariff. He doubted the wisdom of the 85 per cent. or 90 per cent. of the people of Canada being taxed for the benefit of the minority, especially if that taxation was out of all proportion. The gentlemen opposite seemed to think, in the preparation of a tariff that only the manufacturing interests need to be considered. The farmers, the fishermen, the miners and a hundred other interests had claim on the care of the Government.

"Mr. Speaker," said Mr. Wade in conclusion, "I must pay a tribute to those mounted men of Canada, the heroes of Hart's River. These men who have shed their blood for the Empire. These men chose death rather than surrender. They have added lustre to the name of Canada that will be as enduring as time, and with such deeds before us and the records of the other Canadian contingents that have gone to South Africa may we not, regardless of political faith, feel proud to-day that we can call ourselves Canadians?"

TALKING TO THE BENCHES.

A general denial of all claims that the Government has done well was made by Mr. Northrup, an Opposition member sent from East Hastings. Canada should not continue to be misgoverned in view of such confusion on the right side of the House and so much talent and honesty on the left. The present Government had not lowered the tariff, they had not aided in prosperity, they had not promoted foreign trade. But they claimed them all. No one denied all these denials, no one heard them but three reporters and the halls and men. There were only twelve members in the House, and two of them were asleep, while the rest were writing letters.

Mr. Ward, of East Durham, followed most appropriately. Mr. Northrup having denied the Liberals everything Mr. Ward said he regretted that the speakers on the Government side did not give the Liberal Conservatives credit for having done anything toward the development of Canada. Mr. Ward instituted claims on everything he had charged his opponents with having overlooked. The admission of Alberta and the Northwest Territories, the admission of British Columbia and Prince Edward Island and the Canadian Pacific Railway.

A Peterboro man, Mr. Kendry, began at 10.30 p.m., in spite of the lateness of the hour another subject, to roast the preferential tariff. We should have the interest of the Dominion first in our thoughts and acts. There was no reason for Canada encouraging the mechanic of Manchester at the expense of the mechanic of Ontario. The woollen manufacturers of this country were especial sufferers under the present tariff.

The Government had granted no relief though earnestly applied by the woollen manufacturers. The American mills drew the best Canadian worksem so the manufacturers were being squeezed between the British preference and the American demand for Canadian labor. Mr. Kennedy maintained that a sufficiently high tariff would have prevented the factories closing.

The Minister of Customs moved the adjournment and will speak to-morrow.

ANSWERS TO QUESTIONS.

Replying to Mr. Taylor, Hon. Mr. Fisher said the cost of taking the census in 1881 was $456,904, for 1891 it was $570,115. To date in 1901, the cost has been $986,296. To complete the cost was estimated $183,703, making a total of $1,170,000 as the total cost of the 1901 census.

Mr. Blair told Mr. Monk that St. Octave Station was built by Mr. T. Laundry for $4,000. He was the lowest tenderer but the contract was not given to the lowest tenderer because it was $4,500 and the Government did not think it low enough.

Sir Wilfrid Laurier said the Government had not yet decided whether to declare May 24 a holiday, as well as the King's Birthday.

Hon. Mr. Fitzpatrick said that of 494 cases since 1897, only 16 were heard by the full bench.

IN THE THICK OF IT.

In yesterday's issue, Mr. W. H. Hunter, of Peterboro, one of the severely wounded members of the Second Mounted Rifles, was referred to as being a nephew of Mr. Andrew Gunn, of the firm of Messrs. D. Gunn Bros. & Co., Toronto. This was a mistake. Mr. Gunn had a nephew reported severely wounded, but it was John Grant Gunn, the only member of the Field Hospital Corps in the casualty list. He is a son of Dr. Gunn, of Ailsa Craig, and at the time of his enlistment was a third year medical student at London Medical College. He was an all-round athlete, and so eager for actual service that before leaving he expressed his intention of transferring from the Field Hospital Corps to the Mounted Rifles. The report that he has been in battle would indicate that he had succeeded in doing so. He is a cousin of John A. Gunn, of Gunn, Langlois & Co., of this city, and a lieutenant in the Victoria Rifles. Mr. Gunn expressed himself as not being surprised at hearing that his cousin had been in the thick of the fight.

"MONTREAL MUST BLEED."

(Toronto Telegram.)

The monopoly which controls the business of supplying light and power to Montreal points with pride to net earnings sufficient to pay three or four times the usual dividend on the capital which represents the cost of its system.

Public ownership is accused of many failings, but the light and power consumers of Montreal are being bled for the money, which illustrates the triumph of private ownership in that metropolis.

Public ownership might pay larger wages and waste money, but its extravagance would give cheaper light and power than the efficiency of the Montreal monopoly, which exacts from its victims rates sufficient to meet all fixed charges and still roll up a great undivided surplus.

LOST; MAY BE DROWNED.

Kingston, April 8.—(Special.)—Enquiry is being made for John Wright, of Wolfe Island, who left Wolfe Island on March 16th, in the evening to cross to Kingston. The ice was in poor condition, and as he has not yet been located, it is feared he broke through and was drowned. Deceased was a man weighing 160 lbs., and about 40 years of age. He had been second engineer on the steamer Glengarry.

TORONTO EXCLUDES AMERICAN CONTRACTORS.

Syracuse, April 8.—(Special.)—Ex-Commissioner of Public Works James H. Meagher, of the contracting firm of Meagher & Enright, has returned from Toronto, where he had gone to submit proposals for city paving contracts. His mission was found to be futile because of action taken by the authorities to exclude competition from the United States.

It was said that while bids from this side of the boundary might be submitted, they would have to be in the name of Canadians or they would be thrown out.

Action to prevent American firms from obtaining municipal contracts in Toronto has been taken by the Council of that city during the past few weeks. During last week it was announced there that contracts could not be awarded Americans in the name of Canadians.

Interesting to people who are removing or home furnishing.

If you want the best Inlaid Linoleums, Cork Carpets or Scotch and American Oilcloths at lowest prices, pay a visit to Hamilton's.

DEATH OF MRS. JOHN NICHOLSON

Mrs. John Nicholson, 17 Belmont Avenue, passed away on Monday the seventh instant. The many friends of Mr. W. Nicholson of the M.A.A.A., Mrs. McGillivray, and of the Misses Nicholson, will regret to learn of the death of their mother. The body will be taken to Ottawa for interment. The funeral will be private.

LABOR NEWS
(Contributed.)

ELECTRICIANS TO ASK MINIMUM

All Inside Wiremen Will be Asked to Pass an Examination.

The Electrical Workers have joined the movement for better conditions and will shortly make an effort to establish a minimum rate of wages in this industry.

Another reform which will be inaugurated shortly is the adoption of regulations requiring all inside wiremen to pass an examination in trade matters, and take out a certificate of competency. This, it is said, will guarantee to an employer that applicants are qualified to do the work they seek, and protect the general public from the danger of fires resulting from defective wiring.

Although the local union has not yet been organized one year, it has a membership of about 400 in good standing. Probably no other union in Montreal has made such remarkable progress in so short a time. The meetings are much better attended than those of the average trade union, and are rendered interesting by lectures on technical and trade topics. The attendance is frequently too large to be accommodated comfortably in one hall, and consequently a proposition is now under consideration to organize a new local.

At last night's meeting President Wilson and Organizer Lowe, of the Trackmen's Union, were present and delivered addresses. The officers of the union are capable and energetic, and much hard work has been done to secure the large membership.

STONE MASON'S DEMANDS.

A large and enthusiastic meeting of the Stone Mason's Union was held in St. Joseph's Hall last evening, President Pilon occupying the chair. A committee was appointed to interview the contractors in reference to the new schedule, and to secure a declaration of their intentions as soon as possible. At the rate the stone masons are joining the union this spring, it seems likely the entire trade will be organized by the time a definite movement is made to obtain concessions from the employers.

ASK OVERTIME PAY.

At the last meeting of Jacques Cartier Typographical Union, a resolution was adopted to the effect that the union declare that its members must not work on feast days, public holidays, etc., for the regular rate of wages. All such work must be regarded as overtime, and be paid for accordingly. A committee was appointed to request the Mayor to carry out the provisions of the union label resolution passed by the aldermen.

It was decided to recommend Felix Marois to the International Union as a candidate qualified to act as general organizer for the Province of Quebec. The masters of the chapels reported everything satisfactory, with an increasing demand for the union label on printed articles.

McGUIRE'S EXPULSION.

Great interest is being manifested by local labor leaders in the efforts of the executive board of the United Brotherhood of Carpenters and Joiners to discredit P. J. McGuire, the founder and international secretary-treasurer of the brotherhood, as well as one of the moving spirits in the organization of the American Federation of Labor. While Mr. McGuire was on a sick-bed some months, a number of the officials declared his books were wrong and expelled him from the brotherhood. Mr. McGuire has demanded an investigation, but this has been refused him. It seems that the persecution of Mr. McGuire is due to a racial difference between the Germans and Irish, the former of whom have, by some means, secured a majority on the executive board. Under Mr. McGuire's direction, the union built up a membership of 100,000 and raised wages from $1.50 to $2.50 and $3.50 per day, and secured an eight-hour day in all large cities in the States.

LABOR NOTES.

The machinists on strike in the Allis-Chalmers plant of Chicago have decided not to get shaved till they win their demands.

Garment Workers' Assembly, K. of L., met last evening and initiated ten new members. Master Workman Levi occupied the chair and delivered a shorter address on organization work. A committee was appointed to interview the Minister of Labor, with a view to having a large portion of the clothing for the new contingents manufactured by Montreal firms employing union workmen.

The Joint Committee of the Printers' Unions has been resurrected and will devise plans to advertise the union label.

The meeting of machinists called for this evening has been postponed to the 15th. A meeting, however, will be held to-morrow evening at 590 Wellington Street.

The demand of the Core Makers' Union for better wages will be again taken up this spring. A year ago the union demanded a minimum wage for its members, but no active steps were taken to secure it.

CATARRH

The Mother of Consumption.

How This Dread Disease May be Prevented and Cured. The Opinions of People Who Have Been Cured by

CATARRHOZONE

Catarrh is very often spoken of as the mother of consumption, because when unchecked it extends from the place of beginning to the bronchial tubes, then deeper and deeper, till finally the disease becomes consumption of the lungs.

The safest and best remedy for any form of Catarrh is Catarrhozone. It is inhaled

to all parts of the breathing organs; kills the disease and drives it completely out of the system.

Mrs. Mary J. Whitney, of Clay Street, Topeka, Kansas, was cured of nasal Catarrh after twenty years suffering by Catarrhozone, she says:

"I owe to Catarrhozone an immense debt of gratitude. It cured me of Catarrh of the most disagreeable kind, after doctors without number had pronounced my case incurable. My breath is pure and my respiration regular, and I do not cough any more since using Catarrhozone. It has cured me perfectly."

Another case of chronic Catarrh that was cured quickly by Catarrhozone is that of Mr. G. L. Luce, of 1700 Navasto St., Austin, Texas. Mr. Luce says:

"I tried for four years to get rid of Nasal Catarrh, used salt douches, atomizers, tablets, stomach medicines, etc., but they did not do me much good.

"Then I tried Catarrhozone, and received relief in a few hours. It cured in a week so that I did not have a recurrence of my former trouble."

Miss Winer, who resides on May Street, in Hartford, Conn., was cured of throat trouble by Catarrhozone, and speaks of her recovery in the following words:

"Repeated colds finally resulted in a catarrhal condition from which I suffered more or less every spring and fall. Catarrhozone was the only remedy that relieved and cured me. I recommend it."

No treatment is so good for Catarrhal affections and Bronchitis as Catarrhozone. Its success is quite unequalled in the history of medicine. It will cure you quickly and surely and is well worth a trial. Two months treatment guaranteed to cure. Price, $1.00; small size, 25 cents. Druggists, or N. C. Polson & Co., Kingston, Ont. Buy it to-day.

THE GRANDA $500 CIGAR CONTEST

In connection with the Granda $500 cigar contest, recently published in the daily papers, the company is in receipt of the following letter:

Montreal, April 5th, 1902.

Messrs. The Grandas Cigar Co.

Having examined the terms of your challenge, I have pleasure in accepting it, and will be pleased to have your representative meet Mr. A. C. McPhee, of the Toronto Globe, who will represent me in this matter. Yours truly,

WM. H. PARKINSON.

38 St. Peter Street,
Montreal, April 7, 1902.

Wm. H. Parkinson, Esq., city:—

Dear Sir:—We beg to acknowledge receipt of your favor of the 5th inst., in which you accept our challenge, and in which you notify us that you have appointed as your representative, Mr. A. C. McPhee, of the Toronto Globe.

We beg to appoint as our representative in the contest, Mr. M. Michaels, proprietor of the cigar and news stand in the Windsor Hotel, city.

We have this day written to Mr. McPhee asking him to make an appointment to meet Mr. Michaels as soon as possible, so as the test can be made without any delay.

Trusting this will be satisfactory to you, and sincerely thanking you for accepting our challenge, yours very truly.

GRANDA HERMANOS Y CA.

38 St. Peter Street,
Montreal, April 7, 1902.

A. C. McPhee, Esq., city:—

Dear Sir:—We are in receipt of a letter from Mr. W. H. Parkinson accepting our challenge, and appointing you to represent him.

We beg to appoint as our representative in the contest Mr. M. Michaels, proprietor of the cigar and news stand of the Windsor Hotel, city.

Will you kindly make an appointment with this gentleman at your earliest convenience, and arrange everything for the test.

Thanking you in advance for any trouble you may have, yours very truly,

GRANDA HERMANOS Y CA.

A check for $500 is now in the hands of Mr. F. Abraham, secretary-treasurer of The Montreal Daily Herald, who will hand over the same to any one the judges decide as the successful competitor. The result of the contest will be published later in The Herald.

THE LODGES

STANLEY LODGE, A.O.U.W.

Stanley Lodge, No. 5, A.O.U.W., held a most successful meeting in Richmond Hall last evening, when all the chairs were occupied by Past Master Workmen, as follows:—W. D. McLaren, jr., P.M.W.; James Martin, M.W.; L. A. Bossiere, foreman; John McDowell, overseer; A. S. Ross, recorder; John Roach, financier; E. H. Watkins, receiver; George Maybury, I.W.; Louis Lussier, O.W. During the evening P. M. W. Ross, who has been recorder since the lodge was instituted in April 14, 1888, submitted an interesting statistical statement, showing that during that time the lodge had received 303 members. The average period of membership of those who died was 7 years, 5 months and 7 days. Stanley Lodge will celebrate its fourteenth anniversary by a concert and dance in Stanley Hall on Monday next.

ODDFELLOWS' BANQUET AND BALL.

Lafayette Lodge, No. 15, I.O.O.F., gave a most successful banquet and ball at the Hotel Jacques Cartier last evening, over two hundred ladies and gentlemen being present. The Noble Grand President at the banquet, at which there were only four toasts, "the King," "the Independent Order of Oddfellows," responded to by Grand Secretary T. J. Potter; "Sister Lodges," replied to by Past Grand Master D. J. Dickson and Dr. Dalpe, and "The Ladies." After the banquet, a splendid musical programme was carried out, and the remainder of the evening was devoted to dancing, the ball room being very prettily decorated. Every lodge in the district was represented.

COURT LAURENTIDE, C.O.F.

Court Laurentide, No. 651, Canadian Order of Foresters, gave a very enjoyable concert in the Masonic Temple, at its regular April meeting, at which Chief Ranger A. McNaughton Stewart presided, and Miss Stewart, Miss Watson, Miss Mitchell, and Messrs. T. Crawford, Buckley, Hardie, Larimiere and Mattice contributed to an excellent programme, besides which the Chief Ranger and Vice Chief Ranger Griffin gave a fine magic lantern entertainment.

UNITY LODGE, I. O. G. T.

The lady members of Unity Lodge, No. 196, I.O.G.T., entertained the brethren at the meeting in the Empire Hall last evening, and in addition to the literary programme refreshments were served.

SUPERBA SOCIAL CLUB.

On the occasion of the closing reunion for the season of the Superba Social Club in the Stanley Hall, at which about seventy-five couples were present, the president, Mr. W. V. McNally, on behalf of the club, presented Mr. T. D. Hofland with a beautiful silver service in recognition of his three years' indefatigable labors as secretary-treasurer.

A. O. U. W.

Westmount Lodge, No. 39, meets to-night at Victoria Hall, Westmount. Programme, "debate."

ITALIAN ANARCHISTS JAILED.

Rome, April 8.—Malatesta, the well known anarchist, has been sentenced in contumaciam to five months imprisonment for publishing an article in an anarchist journal applauding the murder of President McKinley. His co-anarchist Sottovia, was arraigned for the same offence and was convicted. He was also sentenced to imprisonment for five months.

RAILWAY NEWS

A meeting of the newly formed Canadian Railway Club will be held at the Windsor Hotel this evening, when a paper, prepared by Mr. S. King, master car builder of the Intercolonial Railway, on the "Advantages and Disadvantages of the Standard Box Car" will be read. "Coal Combustion" will be the subject of another paper, and it will be illustrated by limelight views. These papers will indicate the character of the work which the new club, which starts with a membership roll of 175, aims at doing. The meetings are held on the second Tuesday of each month, except during the summer months of June, July and August. The secretary is Mr. P. Kelly, chief clerk of the car department of the Canadian Pacific Railway.

QUEBEC AND LAKE HURON.

The Quebec & Lake Huron Railway, which has for some time been in a formative state, has now been organized. The directors and officials were elected yesterday:

President—Hon. Frank Campbell, Bath, N.Y.

Vice-president — Hon. Adelard Turgeon, Quebec.

Treasurer—Mr. Henry G. Hablo, New York.

Secretary—Hon. Charles Langlois, Quebec.

Directors—Roger Larue, John D. Cameron, Quebec; John N. Drake, New York; Hon. Senator Landry, Quebec; Hon. Solicitor-General Henry G. Carroll, Fraserville.

Mr. R. J. Campbell, of the South Shore Railway, who is a brother of President Campbell, of the proposed Quebec & Lake Huron, arrived here last night, accompanied by Mr. Edmond Guerin, and gave some particulars about the undertaking. He said the road will start from Quebec and end at the mouth of the French River, on Georgian Bay, at the northeast angle of Lake Huron. The road will practically follow a straight line, and be 440 miles in length, 335 of which will be in the Province of Quebec and 1-15 in that of Ontario. At the mouth of the French River it will connect with navigation on Lakes Huron, Michigan and Superior. It looks as if the Vanderbilts have a finger in this pie, too.

C.P.R. LAND SALES.

The land sales of the Canadian Pacific Railway for March of this year more than tripled the returns of the same month in the previous year. During the month just closed there were 101,029 acres sold for $333,852, against 39,546 acres for $122,362 in March, 1901. In former years the month of March was not a particularly good one in the sale business of the Canadian Pacific Railway, and such an increase was not looked for until the figures were given.

FROM YOKOHAMA.

Mr. W. C. Payne, general agent of the Canadian Pacific Railway at Yokohama, Japan, who was in Montreal yesterday, and had an interview with Sir Thomas Shaughnessy, is returning to the Orient after spending a half year vacation in Europe. Speaking of present conditions in Japan, the question that interests foreigners most is the house tax, an assessment which the Government imposes on all houses owned or leased by foreigners. This is in addition to the land tax. He thinks the Anglo-Japanese alliance will be hailed with great satisfaction in Japan, and will be a good thing for both countries.

C.P.R. PATRIOTIC.

The Minneapolis grain men have been defeated in their first attempt to divert any large quantity of Canadian grain to the terminal there. Buyers of the Minneapolis concerns came to Canada, according to a western despatch, thinking they could secure co-operation to relieve the grain blockade in the Northwest, but they found the Canadian Pacific disposed to keep every bushel possible on the Canadian side. The American grain men, it is added, received assurances from the American roads that 1,000 cars would be provided, but the Canadian Pacific Railway refused to handle the cars.

HANDSOME DESIGNS SENT FREE OF COST TO ANY ADDRESS IN CANADA.

Diamond Dye Mat and Rug Patterns Are the Most Popular.

The continued and increasing demand for the Diamond Dye Mat and Rug Patterns, is the best proof of their great popularity.

The fascinating art of Mat and Rug making in the home is now cultivated by women of every social rank. There is with many ladies a pride and pleasure in being able to show nice specimens of their handiwork.

The Diamond Dyes Mat and Rug Patterns combine beauty and simplicity. After securing one of these patterns any lady can easily hook it and produce a valuable and attractive room ornament.

The manufacturers of the celebrated Diamond Dyes are prepared to send to any address free of cost sheets of pretty and suitable designs to enable ladies to select from. Address The Wells & Richardson Co., Limited, 200 Mountain St., Montreal, P.Q.

WISTAFF FOUND GUILTY.

MINARD'S "KING OF PAIN." LINIMENT

Messrs. C. C. Richards & Co.

Gentlemen,—After suffering for seven years with inflammatory rheumatism, so bad that I was eleven months confined to my room, and for two years could not dress myself without help. Your agent gave me a bottle of MINARD'S LINIMENT in May, '97, and asked me to try it, which I did, and was so well pleased with the results I procured more. Five bottles completely cured me and I have had no return of the pain for eighteen months.

The above facts are well known to everybody in this village and neighborhood.

Yours gratefully, A. DAIRT,

THE NEW FRENCH REMEDY.

TRADE **THERAPION** MARK.

This successful and highly popular remedy, as employed in the Continental Hospitals by Ricord, Rostan, Jobert, Velpeau, and others, combines all the desiderata to be sought in a medicine of the kind and surpasses everything hitherto employed.

THERAPION No. 1 in a remarkably short time, often a few days only without the slightest discomfort, inconvenience, or risk, effects a cure, superseding capsules and and astringent fluids.

THERAPION No. 2 for impurity of the blood, scurvy, pimples, spots, blotches, pains and swelling of the joints, gout, rheumatism, and all diseases for which it has been too much a fashion to employ mercury, sarsaparilla, &c., to the destruction of sufferers' teeth and ruin of health. This preparation purifies the whole system through the blood, and thoroughly eliminates every poisonous matter from the body.

THERAPION No. 3 for nervous exhaustion, impaired vitality, sleeplessness, and all the distressing consequences of dissipation, residence in hot, unhealthy climates, &c. It possesses surprising power in restoring strength and vigour to the debilitated.

THERAPION is sold by all the principal Chemists and Merchants throughout the World. Price in England 2/9 & 4/6. In ordering, state which of the three numbers is required, and observe above Trade Mark, which is a fac-simile of word "THERAPION" as it appears on the Government Stamp (in white letters on a red ground) affixed to every package by order of Her Majesty's Hon. Commissioners, and without which it is a forgery.

WHAT IS BEING ACCOMPLISHED BY THE COLONIAL EXHIBITION

British Public Learning Much of Canada From Exhibit.

CONSTANT DEMAND FOR VARIED INFORMATION

Comment of Visitors to Royal Exchange Shows Seed is Being Widely Sown.

(Special Correspondence of The Herald.)

London, March 29.—The midday restrictions originally provided for connected with the admission of the public to the Colonial Exhibition at the Royal Exchange have been removed, with the result that a continuous stream of people will be going and coming during the time that the Exchange is open each day. It is announced that the average daily attendance is about 25,000 persons. As the exhibition is to be open six weeks, six days each week, it may be estimated that nearly a million of people will have inspected the exhibits between the 10th March, the date of the opening, and the day of closing. Inquiries made in the Canadian section resulted in my being informed by the secretary (Mr. James Brodie) that the supply of literature daily put on the tables for gratuitous distribution, on the principle of "first come first served" is quite unequal to the demand, and similar information was obtained in the space allotted to the Canadian Pacific Railway Company, whose "moving pictures" of Imperial express trains crossing the Continent and of steamships of the Empress line between British Columbia ports and China and Japan, continue to be one of the chief attractions of the exhibition.

DISTANCES AND RESOURCES.

An overwhelming majority of people in this country, has no idea whatever of distances in Canada and are just as ignorant regarding the general character of the country, the variety and richness of its resources, the magnificence of its scenery the magnitude of its lakes, and rivers, the character of its climate, its system of Government, its educational advantages, the social life of its people and other marked features of the "make up" of the Dominion—as it is possible for them to be. I have known men of more than average intelligence to hesitate about believing that a visitor to Canada could enter a railway train at Montreal and travel in comfort, in luxury, indeed, for a distance of nearly three thousand miles, every mile on Canadian soil, without leaving the train until he reached the prosperous and growing city of Vancouver, on the Pacific coast; and not a few people express surprise when they are informed that some of the men who left Canada to participate in fighting the Empire's battles in South Africa, travelled hundreds of miles more than that distance before they embarked at a Canadian port for Cape Town.

It is interesting to listen to the comments made by visitors to the exhibition. The following reflect the general tone "I had no idea that Canada was so extensive"; "Canada must be a great country", "I should like to live there," "The climate cannot be injurious to health when the Canadian people look so vigorous and strong," "How rich the Dominion must be in forest and mineral wealth." etc.

Then there is a practical view of the situation, viewed from three standpoints; (1) The encouragement of travel in Canada, promoted by illustrations of Canadian scenery; (2), the encouragement of emigration, by the distribution of pamphlets, descriptive of various parts of the Dominion and furnishing detailed information regarding the geography, climate, system of government, land regulations, educational advantages, social life of the people, etc., and (3) attracting the investment of capital by the display of exhibits representing the rich and varied natural resources of the Dominion.

ENCOURAGE THE COLONIES.

On each of the three points it is gratifying to note that leading British newspapers have become alive to encouraging the colonies rather than foreign countries. Everybody knows that the United States of America is to a great extent the great nation it is to-day as the direct result of immigration; and now that the Imperial idea has taken such a strong hold in this country—the outgrowth in its latest development of the spirit of loyalty manifested in the colonies in coming to the aid of the Mother Country in the struggle in South Africa—the feeling is deepening that British people, if they will leave home to seek their fortunes abroad, should be encouraged to settle in some British colony, where they would continue to remain subjects of the same sovereign, to live under the old flag, and where they could realize the strength of the connection in the sentiment "'Tis not distance that can sever those in heart and feeling one." It is safe to say that the majority of men who leave this country and settle, say, in the United States, are lost to the Empire; on the contrary, all who go to one of the Australian colonies to the Dominion of Canada, to South Africa remain a factor in the personal make up of the Empire.

Then as to the question of encouraging investment of British capital in the colonies in preference to foreign countries. England; it is almost unnecessary to remark, is a rich country. Millions of money are lying, year in and year out, waiting an opportunity for remunerative investment. Let a solvent, honest scheme be put before the British capitalist, and he is ever ready to make an investment. As a rule, he does not allow sentiment to influence his action. As long as he is persuaded that he can get a reasonable return for his venture, he does not care in what part of the world his investment is made. But recent events have suggested to the press the giving of a preference to colonial investment; and the fine display of specimens of natural resources at the Colonial Exhibition has tended to emphasize the feeling. In this connection I cannot do better than quote from the London Financial News of the 21st inst. In an interesting editorial article reviewing the main facts of Mr. Fielding's budget speech (which by the way, were bulletined by London newspapers in such headlines as "Prosperous Canada," "Canada's Continued Prosperity," "Canada Going Ahead," etc.) it alludes to the satisfactory condition of affairs as set forth by the Minister of Finance, and then it refers to recently published official literature (circulated at the Colonial Exhibition) as follows:

GOOD WORDS FOR CANADA.

"With regard to the hand books to which we have referred it is impossible to read them without arriving at the conclusion that Canada is only at the beginning of her economic development. The census returns have proved disappointing to many who expected that the population of the Dominion would have made greater strides during the past decade; but Mr. Fielding said in his budget speech the other day that the later returns had shown a more substantial growth, and that there was hope of much better things in the course of the next decade. And, notwithstanding the rival attractions of South Africa, and the drain of Canadians across the border owing to the marvellous development of the United States, we think Mr. Fielding will be justified. It is clear from the pamphlets before us that there is room for almost infinite development, and that development will come as Canada gets better known, and as the stories of her frightful winters become duly discredited. Canada has severe winters undoubtedly; but in Ontario and Quebec particularly, they are not so bad as the stay-at-home Englishman has been led to imagine. They are bright and healthy, and the rest of the year is a beautiful climate. To take only Ontario, the varied farming capacities are as rich as could be desired. It was Ontario, to quote from one of these little books before us, while at the Chicago World's Fair was adjudged the front place as to live stock, dairy and fruit exhibits, and stood equal to any competing Province or State in the variety and excellence of her general farm products. And Canada has not stood still since 1893. Transport facilities are increasing, fresh lands, such as the New Ontario district, on the northern shore of the Great Lakes, are being parcelled out and generally opened up for settlement; the Government has a vigilant eye for suitable immigrants, and Canadian products are winning their way fast in the world's esteem. Canada offers as good a home as any to be found in the world to the intending emigrant, and as good a field for the employment of capital also by those who live upon this side of the Atlantic. We wish no harm to British South Africa in pleading that its charms should not make people forgetful of what British North America has to offer."

Articles similar in sentiment to the above are by no means phenomenal in the columns of British newspapers nowadays. Such pamphlets as those referred to cannot be too widely circulated. They help to "spread the light," to furnish such reliable information as it is desirable in the substantial interests of the Dominion should be scattered far and wide throughout the country. And when their contents are favorably reviewed by the press and colonial preference strongly urged, both in regard to emigration and the investment of capital, the advantages must be apparent.

THE COLONIAL EXHIBITION DISPLAY.

is a splendid object lesson. One may read books and pamphlets and form some vague sort of idea of a country's resources, but when from the "bowels of the earth" are extracted and exhibited specimens of what is to be found there, and people have ocular demonstration to satisfy them of the truthfulness of the representations made, the importance of Canada's participating on such occasions cannot be over estimated. Now that its advantages have become apparent I can well imagine how strong the feeling would have been throughout the Dominion, if, as the result of a "penny wise and pound foolish policy," the Minister of Agriculture had recommended to his colleagues that Canada should not be represented at the Royal Exchange Exhibition. But Mr. Fisher was fully alive to the importance of such a representation, and the result is a big advertisement for the Dominion in the centre of the British Metropolis. Every day's experience at the exhibition only deepens the conviction made at the opening—that no better move could have been made for bringing colonial resources directly under the notice of London's capitalists. I was entering the building a few days ago when I met a gentleman—(a Canadian by birth, but at present on business in London)—who asked the question, "Well, what do you think of the show?" I replied, "It is first class as far as it goes, but everybody should be made aware that, valuable and extensive as it is, it is only representative in a limited way, of Canada's inexhaustible resources." "I know," answered my friend, "that want of accommodation prevented a bigger display, but we have the satisfaction of having half the space allotted by the Royal Exchange authorities all to ourselves," and continuing his comments, he said: "I regard this display as the best advertisement Canada has ever had in this country, and from the standpoint of encouraging investment of capital in Canada I do not think its value can be over-estimated.

ENQUIRIES.

From Mr. Scott, the Canadian Commissioner, and Mr. Brodie, the secretary, I learn that numerous enquiries have been made by firms of British manufacturers regarding many of the "raw materials" on exhibition, which may have practical results in the immediate or near future. Their scope of enquiry includes: Corundum, Granites, for bridge and kerb work, Talc, tamarac for wood paving, infusorial earth, gypsum, asbestos, mica in all forms and a number of others, and in naming the few care has been taken to include only such enquiries as are really of a thoroughly practicable nature, and that have the appearance of leading to considerable business.

Be Careful About Costumes

Don't buy a Costume unless you are sure the style is right. The safe way is to go to a store where new styles come in every day. There are lots of that kind of store in New York, but we know of only one in Montreal—the Novi-modi Wardrobe.

The trouble is most stores import their Costumes, which are made-up months ago. We keep a big staff of expert men-tailors, and they make only for our own stores.

Woman's Doings.

ART WAS THE SUBJECT.

Yesterday the Art and Literature Department of the Women's Club met to discuss Three Present Tendencies in Art. As all the directors of the department were unavoidably absent, Mrs. N. C. Smillie, occupied the chair and Miss Ferguson, the Club's able recording secretary, took the minutes. The attendance was good and the influence of spring was observed on the headgear of many of the Club members.

Miss Warren gave an able paper on "Mural Decoration," in which she dealt at some length, with the work in the Boston Library and made reference to the work of Mr. Abbey. Miss Warren also alluded to the fact of the celebrated artist George Frederick Watts, having offered to decorate the station of the Great North-Western Railway free of charge, which offer was declined by an unappreciative nation.

Miss G. Hunter, M.A., followed with a delightful, carefully, prepared paper on "Watts", Illustrated by many fine points of his most celebrated pictures. Miss Hunter spoke of the great artist having, some years ago, decided to bequeath his work to the nation which accounts for his seldom, of late years, selling a picture. Touching on his work Miss Hunter said that no artist has approached Death as he has, and illustrated this by a number of pictures in which Death is depicted.

Watts is well known as a portrait painter, as he has had for sitters some of the most famous men of the day.

Miss Helen Reid read a concise interesting paper on "Impressionism," explaining the name, and giving the leading principles which govern this school of art, founded by Monet. The impressionist is the realist of art, who deals with objects and color, as his eye views them. The impressionists are much abused, but it must be acknowledged that a man who works direct from nature and paints what he sees is likely to know more than the critic who finds fault with his color effects without having, himself, studied Nature's peculiarities.

A picture should give a hint of the painter's philosophy, his point of view, his attitude towards life. The work of the impressionist school shows none of these, but betrays a fondness for violent color and diffused light.

The question "What Has Created the Popular Interest in Art?" was raised, and several explanations were forthcoming. One has the rapid acquisition of wealth in America, another the reproduction of the great pictures of the world in magazines and in cheap form.

On Monday next Hon. Robert Hall, will lecture on Wordsworth and on the 21st the art and literature department will hold its last meeting for the season, when "Music" will be taken up. On the 28th the annual meeting takes place.

SOLDIERS' WIVES' LEAGUE.

The Soldiers' Wives League held a meeting yesterday morning, at which Mrs. Busteed occupied the chair. Others present were Mrs. H. S. Birkett, Mrs. F. Minden Cole, Mrs. Bond, Miss Costigan, Mrs. Gibsone, Mrs. Mackay, Mrs. Ostell, Mrs. Labelle, and Mrs. Ibbotson. At present eleven families are on the list receiving aid, including the destitute family of a man recently killed in South Africa. A committee was nominated to aid the fund for caring for the graves of soldiers in South Africa, in which Lady Minto is interested.

Mr. and Mrs. W. Lake Marler, of Ottawa, who have been visiting in New York, arrive to-day to visit Mr. and Mrs. Carlyle Davidson and attend the wedding of Mr. Herbert Marler and Miss Beatrice Allan which takes place to-morrow afternoon.

Miss Kerr, of Montreal, is now the guest of Miss Carruthers, Winnipeg, who gave in her honor last week a luncheon and a charming five o'clock tea when Miss Carruthers, in the absence of her mother, was assisted in receiving by her aunt, Mrs. MacMillan. The decorations were pink and white tulips. Miss McNichol, of Montreal, was among the guests. Mrs. Gauthier gave a luncheon and Mrs. Hastings a ping-pong party for Miss Kerr, who has been a much feted guest this winter.

Last night Mrs. R. L. Borden, wife of the leader of the Opposition, gave a very large and most successful reception at the Russell House, Ottawa. The affair was most enjoyable, a large proportion of the nine hundred invited guests being present. Mrs. Borden, who was beautifully gowned and carried a bouquet of roses sent from Brampton, Ont., received in the small drawing room. The guests included a large number of senators and members from both sides of the Houses, with their wives and daughters, as well as all the leading people in Ottawa's political and social circles. Dancing went on merrily all night, plenty of accommodation being provided for those who did not care to dance. The decorations were very handsome.

Yesterday afternoon a very pleasant informal little tea was given by Mrs. Lyle Davidson, St. Luke Street in honor of Mrs. Cotton, of Halifax. Mrs. Davidson was gowned in black and the guest of honor wore purple velvet. The tea table was presided over by Mrs. Davidson and Miss Routh. The guests included Mrs. James Cooper, Mrs. Knight (Winnipeg), Mrs. W. de M. Marler, Mrs. George Marler, the Misses Marler, Mrs. C. Ernest Gault, Mrs. J. R. Hutchins, Miss Beatrice Hamilton, Miss Jean Tyre, Mrs. Peers Davidson, Mrs. Harold Hampson, Miss Christie and Miss Gilman (Halifax).

Last night the Montague Club of Westmount gave their final dance for the season in Victoria Hall, Westmount. The affair was as enjoyable as a good floor, congenial society and excellent music could make it. The chaperones were Mrs. W. H. Nowers, Mrs. A. D. Thornton and Mrs. MacBean. Among those present were Miss Arnold, Mr. J. Arnold, the Misses Nowers, Mr. Shaw, Mr. MacBean, Mr. Thornton, the Misses Dyers, Mr. Dyers, Miss MacBean, Mr. F. Rogers, Mr. Asbury, the Misses Peacock, Mr. F. Peacock, Mr. A. Smith and others.

The following Canadian visitors registered their names at the Canadian Government office, 17 Victoria Street, London, S.W., during the week ending March 25: Stanley W. Adams, Winnipeg; Dr. W. and Mrs. Wickwire, Halifax; Jack Mackellar, Miss M. F. Strathy, Toronto; George and Miss Hodge, A. Nelham-Adolph, Montreal; Rev. Frank C. Harper, Toronto; Georg W. Kylie, Lindsay, Ont.; W. Eatson, Ogilvie, Montreal; Major Boyd Magee, Toronto.

Princess Louise and the Duke of Argyll went to Liverpool lately from Knowsley, where they were the guests of Lord and Lady Derby, and after having been entertained at luncheon by the Lord Mayor at the Town Hall, they proceeded to St. George's Hall for the opening ceremony of a grand bazaar, organized under the auspices of the local branch of the Navy League, to raise £10,000 for the maintenance of the Sea Training Home established at Liscard. Princess Louise, who was beautifully dressed in a pale gray gown, with touches of turquoise blue, and a becoming black chiffon toque, accepted a bouquet of white orchids and lilies from Miss Winifred Reed, and in a few sympathetic words declared the sale open. The Royal party then made a tour of the stalls, which were arranged side by side, each distinguished by the name of some notable warship in His Majesty's service.

Mrs. Edwin Snyder, 1135 Dorchester Street, was hostess yesterday of a very enjoyable tea. The hostess received in a gown of black crepe de chine. The pretty decorations were of pink carnations and roses. The tea table done with centre piece and flowers was in charge of Mrs. Campbell Macdougall and Miss Whitehead, assisted by Miss Livingstone, the Misses Duchastel, Miss Aileen Hingston, Miss Fisher, Miss H. Oswald, Miss Dunbar, (Quebec).

Among the many guests present were Lady Hingston, Mrs. Archer, Mrs. Henshaw, Mrs. W. T. Whitehead, Mrs. G. THISTLE CURLERS ELECT OFFICERS

Charles McLean is President, and William Cunningham, Vice-President.

The annual meeting of the Thistle Curling Club was held last night, the principal business being the election of directors, which resulted as follows: Directors, W. D. Aird, M. Freeman, D. McIntyre, H. McIntosh, W. Cunningham, C. McLean, W. McCaw, D. Robertson, W. McNally; representative members, Dr. J. C. Cameron and Dr. J. T. Finnie; chaplain, Rev. Rev. M. S. Oxley. Immediately after the general meeting the directors got to business and the following officers for the next season were elected: President, Charles McLean; vice-president, Wm. Cunningham; treasurer, Major Freeman; secretary, W. D. Aird.

Miscellaneous

Ottawa Show in Progress.

Ottawa, April 7.—The Kennel Club show opened here to-day with 287 dogs in the kennels. The principal classes are collies St. Bernards, bull terriers, Great Danes, fox and Irish terriers. Mr. James Watson, of New York, is the judge. There are entries from all the chief places in Ontario and Quebec as well as from many other places.

Ping Pong at St. George Club.

The Ping-Pong tournament at St. George Snowshoe Club resulted in W. H. Halford and A. E. Beckett having to play off for first place, and it was agreed that this should be done on Wednesday evening next at 8.30.

The double handed competition was won by Messrs. W. H. Halford and Wm. Cunningham, who have again issued a challenge to any two members. Over twenty members have already signed for another tournament. Entrance 50 cents.

Ping Pong is Dangerous.

London Golfing says: To those golfers who have "fallen in love" with the parlor game we would remark, Beware! For there lurks in the celluloid globule a hidden danger as it rebounds, pinging-ponging. The heat engendered by the blows of the racquet may suffice—only "may," mind—to set the ball on fire!

Celluloid, it seems, has a bad habit of igniting apparently without cause. Dr. Alexander Ogston, writing in the Lancet, gives a number of instances of celluloid burns which should make the reader careful and uncomfortable. Experiments made with celluloid have shown that the lowest temperature at which it will ignite is much higher than that which would prevail six feet away from any ordinary fire.

A Meeting Postponed.

The annual meeting of the Montreal Lawn Tennis Club has been postponed until next Monday evening. This is because most of the members are busy at the ping-pong tournament.

An Auto Race.

Paris, April 7.—The Presse to-day announced that W. K. Vanderbilt, jr., and Dr. Henri De Rothschild have arranged a match race with 40 horse power automobiles of the same make, to be run before May 15, the stake in the race being 1,000 francs, to be given to the poor. The distance will be 200 kilometres, but the route is not yet chosen.

Baby's cold may be cured in a night by using Vapo-Cresolene, which has been extensively in use for twenty-four years. All druggists.

Lawn Tennis Championships.

The national lawn tennis championship games will be held as usual at Newport, beginning August 19. The eastern championship games in doubles will take place at Longwood, Boston, July2 1, and the western doubles two days previous in Chicago. The women's championship games will be held on June 24 at the Philadelphia Cricket Club, while the intercollegiate event will also take place in Philadelphia at the Merion Cricket Club.

Burdock Blood Bitters.

Turns Bad Blood into Rich Red Blood.

This spring you will need something to take away that tired, listless feeling brought on by the system being clogged with impurities which have accumulated during the winter.

Burdock Blood Bitters is the remedy you require.

It has no equal as a spring medicine. It has been used by thousands for a quarter of a century with unequalled success.

HERE IS PROOF.

Mrs. J. T. Skine of Shigawake, Que., writes: "I have used Burdock Blood Bitters as a spring medicine for the past four years and don't think there is its equal. When I feel drowsy, tired and have no desire to eat I get a bottle of B.B.B. It purifies the blood and builds up the constitution better than any other remedy."

T. C. O'CONNELL IS PRESIDENT

Shamrock Lacrosse Club Held Their Annual Meeting Last Evening.

The Shamrock Lacrosse Club had a harmonious and satisfactory annual meeting in St. Ann's Hall last evening. The only business was the reception of reports and the election of officers, as the stand to be taken on the proposed changes in the playing rules was left to the new committee. The election resulted as follows:

Hon. president—H. E. McLaughlin.

President—Thos. O'Connell (acclamation).

First vice-president — H. J. Trihey (acclamation).

Second vice-president—T. F. Slattery.

MR. T. C. O'CONNELL.

Last Evening Re-Elected President of the Shamrock Lacrosse Club.

Hon. secretary—P. Murphy (acclamation).

Assistant hon. secretary—F. Tansey.

The financial statement showed that the club turned in over $3,000 to the association.

The secretary's report was a good one. "Of the twelve games played—nine regular league championship matches, two exhibition matches, and one match for the Minto cup—your team lost but two."

In the Goal Nets.

Cornwall is omitted from the proposed membership of the union in President Pittaway's circular, probably in error.

New Westminsters are strengthening their team. They have Snell of Dawson, Cowan of Vancouver, and are after Lionel Yorke. But some of the older men are slower this year.

Jeff O'Brien is the only likely absentee from last year's Quebec team.

Athletics.

The Paris Medals.

The medals from the Union des Societies Francais des Sports Athletiques, given to those competing in the athletic games at Paris in 1900, have been received recently by the American competitors.

The medals are of bronze, executed by the famous artist, F. Vernon, of Paris.

On one side is the figure of an athlete, holding a laurel wreath in his right hand, as a sign of victory. Beneath the pedestal on which he stands are the words, "Concours de jeux athletiques" (athletic sports meetings.

On the other side of the medallion is the figure of a woman poised in midair over the city of Paris and scattering branches of laurel in her flight, typifying the numerous regards of merit given by the World's Fair at Paris.

Football

Lachine Meeting To-Morrow.

The annual meeting of the Lachine Association Football Club, will be held in Fortin's Hall, Lachine Locks, on Wednesday April 9th, at 8 p.m. sharp, to receive the secretary's report and to elect officers. All the members are earnestly requested to attend.

ODDS AND ENDS OF ALL SPORTS

Advice from Melton Mowbray indicate that Mr. Foxhall Keene has recovered from the first shock of his accident on the hunting field and is already well on the way to recovery.

In the Tennessee Derby, to be run Tuesday, Mr. Bennett's great Hanover colt, Abe Frank, will be a pronounced favorite, at the probable opening price of 1 to 3.

A wealthy sportsman of Washington has an agent at Lexington to buy, if possible, several high class stallions, of fine racing records and stout bloodliness, to be used in the stud to sire hurdles, and steeplechasers, as well as a high grade of jumping horses.

This evening at 1492 St. Catherine Street Emile Levesque and Eugene Payette will play pool, the former to score 250 to his opponent's 200.

The newly elected officers of the Cercle St. Denis are: President, Hormisdas Laporte; vice-president, H. Courjean; treasurer, A. P. Beauchemin; secretary, Treffle Dubreuil; assistant secretary and treasurer, L. Valois.

A Rifle Record.

New York, April 7.—Dr. W. G. Hudson, of the Manhattan Rifle and Revolver Club, has made a new United States record at 200 yards on the American target, 100 consecutive shots. In spite of unfavorable conditions, Dr. Hudson made 900 points out of a possible 1,000. The record previous to this was held by Theodore Geissel, Springfield, Mass.

ODDS-ON FAVORITES WELL RECEIVED

Four Second Choices Also Got First Money at Benning's Track.

Washington, April 7.—Only two favorites, Maru and Toscan, both odds-on, won at Bennings to-day, second choices capturing the other four. Weather cloudy. Track fast. Summary:

Mat and Ring

Jack Burke in Town.

Jack Burke, who is on at the Royal this week, is well-known by the older sports of Montreal; for he and Stanton Abbott provided one of the best fights Montreal has ever seen. Jack is the hero of the longest fight in the United States. It lasted 110 rounds and took 7 hours and 20 minutes. It was in 1893, and Andy Bowen was his opponent. The referee gave it a draw. For the first 29 rounds Burke had all the best of it. Then he got his wrist broken, but he was game and stayed in the ring for the remaining 81 rounds, though not able to hit with that arm.

Kid Carter Won.

Chicago, April 7.—Kid Carter, of Brooklyn, was given the decision over Al. Weinig, of Buffalo, at the end of the sixth round to-night. Carter was covered with blood and seemed barely able to stand up, so weak had he become from the severe drubbing he had been subjected to. Weinig came through the fight practically without a scratch and when he heard the referee's decision against him he became frantic but his appeal for a reversal of the decision was unheeded. The decision appeared to be as big a surprise to Carter as it was to the audience.

Can't Fight in Charleston.

Charleston, S.C., April 7.—After an extended conference with President Wagener and a committee of business men of the city Governor McSweeney, announced at midnight to-night that he would not allow the Jeffries-Fitzsimmons fight to be pulled off in Charleston. He said that the law was very rigid and he could not take any other course. The effort to secure the mill is now ended, as J. C. Jaudon telegraphed to New York early this morning, withdrawing his offer. Mr. Jaudon said he would not post the $10,000 forfeit demanded by Jeffries, in view of the attitude of the Governor.

CRIME OF JEALOUS MAN.

Ithaca, N.Y., April 7.—James Churchill, of Ithaca who killed his wife, Minnie, and his father-in-law Daniel Minture, at the latter's home at Newfield, last June, was sentenced to-day to life imprisonment at Auburn. Justice Lyon of the Supreme Court, pronounced sentence. The prisoner pleaded guilty to murder in the second degree. Churchill's crime was the result of jealousy.

DOCTOR SAID INCURABLE

EXCRUCIATING PAINS IN THE BACK AND LOINS.—A PLASTER CAST NECESSARY FOR TEMPORARY RELIEF.—HOW A CURE WAS FOUND IN

DR. CHASE'S KIDNEY - LIVER PILLS.

We leave Mr. Demers to describe his own case as he wrote it in a letter to us. Few human beings are ever called upon to suffer as he did from kidney disease. You cannot wonder at it that he is now enthusiastic in the praise of Dr. Chase's Kidney-Liver Pills. They have given him a new lease of life.

Mr. S. O. Demers, Conception Station, Labelle county, Que., writes: "I am writing you in order that others who suffer as I did may profit by my experience. For three years I was obliged to give up all work on account of severe pains in my loins, back and sides. I had become so stiff in my body that I could not lean over without suffering the most excruciating pains.

"I consulted several doctors and specialists, but all of them pronounced me incurable, and could not even give me relief. One had me encased in plaster in order to support the body, for I suffered dreadfully, but this only gave me temporary relief, and I thought myself condemned to die without being able to find a cure.

"About this time I received one of Dr. Chase's books, and found my case described exactly. The sample of Dr. Chase's Kidney-Liver Pills which came with this book gave me marked relief, so I bought some more, and continued the treatment. Gradually the sharp pains in the back and sides grew less severe and my bowels became regular and active—constipation had been one of my worst symptoms.

"I had also suffered from indigestion and gas on the stomach, pains between the shoulders, in the back, loins and sides, frequent desire to urinate and pain in making water, stiffness of the body, and all the sufferings accompanying derangements of the liver and kidneys.

"Since using Dr. Chase's Kidney-Liver Pills these ailments have become less and less, until now they have entirely disappeared. I have great confidence in Dr. Chase's Kidney-Liver Pills, and they have done so much for me that I cannot say enough in their praise. The people in this county are surprised to see me so well again, and no wonder, for my cure has been almost miraculous."

Dr. Chase's Kidney-Liver Pills; one pill a dose; 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

CAPITALS ARE BUSY OVER TEAM

They Are Likely to be Short of Home Men—Have Big Defence Bunch.

The annual meeting of the Capital Lacrosse Club will be held Wednesday night, when organization for the season will be effected. Members of both the senior and intermediate Capitals will attend, and it is expected that all arrangements for the opening of practice will be made. An early start is necessary this season, as several vacancies in the senior twelve will have to be filled, and the younger players will be carefully watched in their play.

There is a proposition to play Herb Ralph on the home this year, but it is doubtful if he would fit in on the attack. Good man as he is, the changed conditions would no doubt affect his play. Alf. Stewart, of last year's Torontos, will go on the defence. In fact, the Capitals have a plethora of defence men with such a reserve force as Hutton, Ashfield, O'Doherty, Ralph, Robertson, Moore, Binks, Stewart and Butterworth to choose from. Buterworth may be tried on the home, and with Starrs and Westwick forming the attack field. Powers and E. Murphy will be in the game again, and Shea, H. Stuart, Cope and Kimpton are possible choices for the position formerly occupied by Pat Murphy.

The officers of the club will likely be the same as last year. Ald. Davidson will again be president and W. F. Foran secretary-treasurer.

OTTAWA COLLEGE CHASE PIGSKIN

Have Begun Football Practice to Get a Line on the Likely Men.

Ottawa College has started football practice, and much interest was taken in the play, a large number of students being present. The Ottawa College executive evidently have some very first-class material to choose from this season, some of the new blood showing up in good style. The teams were captained by F. Brown and W. Callaghan, and the former won by five points to one. At the call of time the teams were tied with one point each, but in the extra ten minutes Brown's men got a try and won out. The teams were:

Brown's—Back, O'Neil; halves, Meagher, Brown (captain), Gaboury; quarter, Letang; scrimmage, Dowd, Harrington, Heston; wings, Nagle, Dechene, Hurley, Kennedy, Maloney, McDonald, Mack.

Callaghan's—Back, Burke; halves, O'Brien, Callaghan (captain), Gabriels; quarter, Rheaume; scrimmage, Fee, Gilligan, O'Keefe; wings, MacDonald, Rochon, Brennan, Burns, Cosgrove, Lonergan, Phillips.

Baseball

Base Hits.

The Toronto team will be known as the Maple Leafs this season. "Toronto" will be replaced on the uniforms by a maple leaf.

The directors of the Eastern League meet in New York to-day for the purpose of adopting the schedule for the coming season. Manager Dooley will look after Montreal's end.

Boston's National League team, which is made up of a number of Eastern League stars and managed by Buckenberger, got off to a good start, beating the Atlanta team of the Southern League by a score of 6 to 5.

A lefthander named H. J. Bressler has been signed by Manager Leonard of the Worcester team.

Aquatics

St. Lambert Bonnet Hop.

A bonnet hop will be held in the St. Lambert Boating Club house, St. Lambert, Thursday evening, April 10th. This is the last of the series of enjoyable hops that have been held under the auspices of this club during the past winter, and a large attendance is expected.

The annual meeting of the club will be held in the clubhouse at 8 p.m. Thursday, May 1st, at which will be submitted the reports for the past year, officers elected for the coming season, etc.

Yachting

SEAWANHAKA TRIALS.

Will Have Very Elaborate Races to Choose the Challenger.

New York, April 7.—A novel arrangement in the Seawanhaka Cup trial races is that by which the committee will stop the boats at the end of each round of four miles.

Five minutes after the last boat finishes the first round, the second round will be started. The third round will be started in a like manner.

As the aggregate triangular and windward and leeward courses are twelve miles in length, three rounds, almost like separate races, will be sailed each day.

In this way the boats will be thoroughly tried out. A bad start on one round will not necessarily mean a continual handicap as it would if the boats were put through one continued contest.

In addition to the dates set, additional races may be ordered by the committee between such contestants as may be selected.

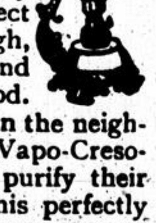
In the event of any races being postponed or ordered resailed, they will be sailed off at the earliest possible moment.

As all of the boats now building for the prospective honor of challenger are to be owned and named by the cleverest Corinthians in the country, the uttermost interest in the contests will result.

NOTICE OF INCORPORATION.

Registration has been made at the Tutelle Office of the incorporation of what was formerly the firm of P. W. Ellis & Co., of Toronto, as the P. W. Ellis Company, Limited, letters patent having been received in Ontario.

Germs, Germs.



We hear a great deal about them these days, and rightly too; for they are the direct cause of whooping-cough, diphtheria, scarlet fever and other diseases of childhood. When any of these are in the neighborhood, you should use Vapo-Cresolene. Every evening purify their sleeping rooms with this perfectly safe remedy. It is so easy to prevent the disease in this way. For whooping cough and croup, the doctors say it is a perfect specific. 13

Vapo-Cresolene is sold by druggists everywhere. A Vapo-Cresolene outfit, including the Vaporizer and Lamp, which should last a life-time, and a bottle of Cresolene, complete, $1.50; extra supplies of Cresolene 25 cents and 50 cents. Illustrated booklet containing physicians' testimonials free upon request. VAPO-CRESOLENE Co., 180 Fulton St., New York, U.S.A.

WESTMOUNT CHESS.

The Annual Meeting of the Club Was Held on Saturday and Officers Elected.

The annual meeting of the Westmount Chess Club was held at the Victoria Hall on Saturday evening last. The election of officers for the coming year resulted as follows: The president, Mr. E. C. Pratt, was re-elected unanimously, as also were Mr. J. C. Senez, first vice-president, and Mr. A. Angus, treasurer. Dr. McArthur was elected second vice-president and H. P. Monsarrat, secretary. Messrs. G. H. Cornell and W. Small, auditors. A vote of thanks was passed to the retiring officers, and especially to Mr. A. Angus, through whose efforts the finances of the club have been placed on such a satisfactory footing. Messrs. H. C. Russell and F. C. Saunders were appointed a committee to revise the by-laws of the club. It was the unanimous wish of the meeting that the club should have a dinner, which under the management of Messrs. Russell and Saunders, should prove a great success. This club meets every Wednesday and Saturday evenings, at the Victoria Hall, where visitors will be always welcome.

Montreal Checker Club.

An important meeting of the Montreal Checker Club will take place this evening in their rooms, 300 William Street, to decide when Messrs. Farrell and Valin will play off their tie games which took place in the tournament some time ago, both having a score of 34½ points to their credit. A good contest is anticipated when these gentlemen meet, as they are considered about the two best players in the city.

PLAYED AT VERDUN.

Garrick Dramatic Club Entertains Patients With a Three-Act Farce.

The Garrick Dramatic Club kindly visited the Verdun Asylum last evening and gave a rehearsal of Sydney Grundy's original three-act farce, entitled, "The Late Mr. Castels," which the same cast is to perform to-morrow evening in the Stanley Hall under the patronage of His Excellency the Governor-General and the Countess of Minto. The sparkling dialogue and amusing situations were greatly appreciated by a large audience. The cast was as follows: Sir Pinto Wanklyn, Mr. Cecil T. Gordon; Captain Trefusis, Mr. W. O. Ryde; Jack Uniacke, Mr. E. Vernon Mott; Spencer, Mr. A. Rives Hall; Mrs. Bickerdyke, Miss Elsie Campbell; Mrs. Castels, Mrs. Cecil T. Gordon; Avice Bickerdyke, Miss Blanche Corban.

HELD ON A SERIOUS CHARGE.

Beamsville, Ont., April 8. (Special.)—William McCastell, who suddenly left town a few weeks ago with a charge of criminal assault hanging over his head, was arrested on Sour's farm, near Welland, yesterday, and taken to St. Catharines jail. He will be given a preliminary hearing in Beamsville to-day.

MONTREAL FIRM STARTS SUITS.

Toronto, April 8.—Goulet Bros., wholesale tobacco manufacturers, Montreal, are suing Thomas B. Greening, the wholesale tea and coffee firm of Hamilton; Nicholas Garland, of Toronto, and J. E. Matcheet, clerk for Mr. Garland, for an account in connection with insurance on the stock of J. McN. Richmond, general merchant, of Rat Portage. The plaintiffs, who are creditors of the latter, assert that the defendants got practically all the insurance and assets when Richmond was burned out. Yesterday the court here granted an order of commission to take the evidence of three witnesses in Rat Portage.

DEATH OF MR. W. W. DORAN.

The many friends of Mr. William Walter Doran will regret to learn of his death, which occurred at his residence in Quebec yesterday. The deceased was well and favorably known in Montreal. After residing here for about a year he returned to Quebec, and interested himself in the insurance business, but has been been confined to his mother's residence through illness for the last five months.

S.P.C.A. MEETING.

Inspectors Report the Number of Cases Handled During the Past Month.

The Canadian Society for the Prevention of Cruelty to Animals held its regular monthly meeting at its office in the Canad Life Building yesterday.

The report of the inspectors of the work done during the month showed: Convictions, 8; warnings given, 126; special complaints investigated, 41; animals destroyed, 9; animals ordered off work, 81.

It was stated that three humane animal killers had been ordered from England. These will be placed one each at the east, centre and west of the city, and will be at the disposal of the police as well as of the officers of the society.

The ladies who recently got up a bazaar on behalf of the society, which realized such a handsome sum that the committee is now able to retain the services of all four inspectors, which would have been impossible without this addition to the funds, were not forgotten, and a cordial vote of thanks was unanimously passed in recognition of their valuable services and timely aid. In this connection a letter to the president of the society, Mr. Chas. Alexander, from the honorary secretary of the ladies' branch, was read, expressing thanks for his aid to the bazaar in furnishings, and a special vote of thanks was also accorded to Mrs. Baumgarten for kindly placing her house at the disposal of the ladies of the bazaar committee.

A vote of sympathy and regret at the continued illness of Mr. John Crawford, who is one of the senior members of the executive committee, was registered. The following members of the executive committee were present: Messrs. Chas. Alexander, president; Geo. Gillespie, vice-president; J. P. Cleghorn, Rev. T. Harris and J. H. Stearns.

VESTRY MEETINGS.

At Churches of St. John the Evangelist and St. James the Apostle.

The statement presented by the church wardens at the adjourned meeting of the Easter vestry of the Church of St. John the Evangelist, which was held last evening, showed the gross receipts, including the [illegible] legacy of $[illegible], of $17,[illegible], and the reduction of the mortgage debt by $[illegible] and of the floating debt by about $[illegible].

Rev. Edmond Wood presided. An election of wardens for the ensuing year and delegates to the Synod resulted in the re-election of the present officers, Messrs. W. H. A. Eckhardt and C. E. Reiffenstein, wardens, and Messrs. A. G. B. Claxton and J. J. M. Pangman, delegates. They received a vote of thanks for their past services.

Messrs. J. J. M. Pangman, G. H. Carter, A. R. G. Heward, A. Browning, E. W. Parker, C. E. L. Porteous and H. Mould were elected members of the select vestry.

A report showed that the condition of the school was most encouraging and that its financial success was assured, and the able work and efforts of Mr. [illegible], the head-master, were much appreciated. A motion to the effect [illegible] was unanimously carried.

ST. JAMES THE APOSTLE.

The adjourned vestry meeting of the Church of St. James the Apostle was held last evening, the rector, Canon Ellegood, presiding. The rector's warden, Mr. Henry Miles, presented the wardens' report and financial statement for the current year. The report was adopted and a vote of thanks was tendered to the wardens. A very prosperous year was recorded and the vestry expressed the greatest satisfaction with the results submitted. [illegible]

The assets of the church, [illegible]

[illegible]

Several valuable gifts to the church during the year were acknowledged by resolution. [illegible]

[illegible]

This Chancel was erected by the Congregation of the Church of St. James the Apostle in loving commemoration of the Jubilee of the Rector, Canon Ellegood, M.A.

[illegible]

The rector appointed [illegible] as rector's warden, and Mr. Henry Miles was unanimously elected by the vestry as people's warden. [illegible]

Mr. Henry Upton received a vote of thanks for his services as auditor, and after the appointment of sidesmen, the meeting adjourned, the chairman pronouncing the benediction.

Weak Men

Here is the Source of Health. Don't Pay Me Until You're Cured.

There is one certain way to cure weakness—that is, to restore life—there is one certain way to cure pain—that is, to remove its cause.

How far drugs come from this and how directly the Dr. McLaughlin's Electric Belt strikes the mark are shown by the thousands of cures performed in almost hopeless cases by my wonder-working electric treatment after the failure of all kinds of drug medication.

The reason is that all pain and weakness result from a loss of organic and nerve vitality. That must be restored. Drugs cannot restore it. Electricity can and does do that. I apply it right.

DR. McLAUGHLIN'S ELECTRIC BELT

Cures, to stay cured, Nervous Debility, Waste of Power, Varicocele, Weakness of Any Kind, whether in Nerves, Stomach, Heart, Liver or Kidneys. It cures Rheumatism, Pains in Back and Shoulders, Sciatica, Lumbago, Indigestion, Neuralgia, Prostatic Weakness, Constipation, Dyspepsia, and all troubles where new life can restore health.

I know no better way of proving the curative powers of my Belt to anyone than to cure them before I ask my pay. My confidence in my method enables me to offer my Belt to anyone who will secure me, to be used at my risk, on the condition of

NO CURE. NO PAY.

You run no risk: You pay only when cured, if you can offer reasonable security. Failure to cure costs you nothing, as I take all the chances. The Dr. McLaughlin Electric Belt is the best electric body appliance that has ever been invented. It is warranted on a bond of $5,000 to give a stronger current, last longer, and to cure quicker than any other electric body appliance made. [illegible] nor blister, as old belts do. [illegible] to-day.

50,000 Cures It has cured in every town and hamlet in the country. Cures after everything else has failed. Send for my book with full information FREE. Be cured now, while you can, without cost if it fails.

TWIN CITY DIVIDEND IS NOW 5 PER CENT

The Increase To-day Causes an Upward Start in the Stock.

STEEL SHARES ACTIVE AND STILL HIGHER

Power About the Same—Duluth Active and Up a Little.

The Steel shares were stronger to-day, on further good buying, while Twin City was under the influence of a rather strong bull movement, based on the increase in the dividend from 4 to 5 per cent.

Twins were stronger and more active in New York and sold freely there around 121 to 121¼.

There were further rumors from London to the effect that the peace proposals had made additional progress, which rather made the outlook for the international stocks a little better.

Power was a little easier this morning, selling at 101½ to 102. There was naturally some apprehension over the reports of rate cutting on the part of the Lachine Company, but it now appears that the district involved is only east of St. Lawrence Street, and that the Power Company does not intend to meet the lower rates, but will stick to its present figures. President Holt, of the Power Company, is in New York to-day, and it is understood that he is there with a view of looking after the details of the listing of the stock on the New York Exchange, and is also consulting with the banking houses that intend to take the stock in charge.

$ $ $

It is said that leading Ottawa people are now getting heavily interested in the local market, and there was quite a lot of buying from the Capital this morning.

Twin City was more active than it has been for some time past on the dividend rumors, selling up to 122¼ just before the close, although it eased off ¾ from that point on the final sale.

$ $ $

The exceedingly poor annual report of the Dominion Cotton Co. led to considerable liquidation, which forced the stock down to 50, making a striking decline from the recent high figures.

$ $ $

Toronto Rails continue to disappoint holders, as there are no signs yet of the much-talked-of bull movement that was to carry the stock to 125.

Duluth shares were very strong, the common selling at 16½ and the preferred at 30½, in line with the activity and higher prices established in New York yesterday.

$ $ $

L. J. Forget & Co.'s London cable quoted Grand Trunk first at 102, second at 86¼, third at 34⅞, Canadian Pacific at 118⅝ and Anaconda at £5⅞.

$ $ $

Montreal Street Railway earnings yesterday were $5,374.82, an increase compared with the same day last year of $179.64.

$ $ $

Mr. C. D. Monk's messages said: London markets better all around. Americans up ⅛ to ½; L. & N. feature. Sterling eased off only slightly on gold bills and higher money rates. Rochester & Pittsburg Coal and Iron Co. miners refuse to accept offered concessions. Finance Committee of United States Steel meets to-day; official bond plan circular may be given out. Treasury Department denies rumors of impending large Government bond purchases. All bids for Western Maryland are rejected. Texas Company oil pipe line, capital $3,000,000, incorporated at Austin; J. W. Gates interested. Expected temporary injunction against Metropolitan Street Railway will be vacated to-day. The puddlers of Reading Iron Co. have asked for another wage advance. Generally admitted no deal pending in connection with St. Paul. Alton earning rather over 1 per cent. on common. Winter wheat conditions still uncertain, with authorities differing widely. All war taxes repealed. Bull talk on Wabash. Reported Heinze people syndicated their holdings as preparatory step to control by Amalgamated. We look for better market to-day. The conditions yesterday favored the bear element, but their success will be of short duration. There is nothing to be alarmed about in crop scares; Government report will be out on Thursday. It will have a great deal to do with course of stocks, particularly Atchison, Missouri Pacific and San Francisco lines. London, 2 p.m.—South Africans are strong on buying from Paris, who hears that a large force of Boers estimated at 600 have surrendered. L. & N. attracting attention on London on reported strengthened strategic position of company. Illinois Central for February, net decrease $9,320; July 1 to February 28, net increase $1,329,000; month of March, gross increase $164,654; July to March 31, gross increase $2,771,616. Metropolitan wins in the injunction case, restraining them from leasing its properties to Inter-Urban Co. Great victory for Metropolitan. Sub-treasury gained $2,370,000 from banks yesterday, and since last Friday gained $2,708,000 from banks. London, 3.30 p.m.—Americans firm; Kaffirs strong on peace rumors; nothing but rumors, however.

$ $ $

Robert Meredith & Co. received the following over their private wire from Zimmermann & Forshay, New York: The market received encouragement at the opening in the higher prices for Americans in London, and after a slight hesitation the weakness caused yesterday by large gold export engagements passed away. Sentiment was favorably influenced by the buoyant recovery in Louisville & Nashville, which sold up two points on the belief that the treasury stock issued by the directors had already been marketed. There were several movements of exceptional strength in the speculation. Duluth, South Shore & Atlantic stock advanced over a point for the common and two per cent. for preferred. The Soo stocks, however, were reactionary. Metropolitan Street advanced 1½ per cent. on the refusal of the court to continue injunction against the inter-urban lease, but realizations later wiped out all the gain. The other local tractions were also inclined to strength. Twin City advanced sharply on the favorable dividend rumors. The speculation was somewhat restricted in point of activity, but the temper of the traders is decidedly more cheerful than yesterday. The official circular of the Steel refunding will probably be issued at the meeting to-day. Gould issues were improved, and it looks as if the pool which has long been dormant will resume activity. Copper rise was checked by Boston selling. The exchange market is weak, demand sterling being 487¾. London was a buyer principally of Louisville & Nashville and Southerns. Seven thousand shares would cover the amount of London's operations. Sales to noon, 339,000 shares. Canadian Pacific closed in London at 118¼.

$ $ $

Zimmermann & Forshay quote foreign exchange in New York as follows: Demand sterling, 487.80; francs, 515⅝ less 1-32; reichmarks, 95 7-16.

GOSSIP OF THE "STREET" AND EXCHANGE.

Some many uniformly bullish statements on Dominion Coal and Steel have come from Boston, inspired no doubt by Toronto, that it seems rather strange to hear Boston singing a new tune. The same people who whooped the stocks up in the past now write: "Estimates in Canadian papers and other publications of the enormous prosperity of the Dominion Coal Company are so far beyond the real facts that it is time these were stated.

"The Dominion Coal Company's year ends February 28, and for the year just ended the company has made an output of 2,412,000 tons, and has earned less than $1,000,000 net. It has had to spend more than $500,000 on new shafts, has to pay charges, including 8 per cent. on $3,000,000 preferred stock of $407,700 per annum, and made profits only during the last five months of its fiscal year. A year ago the company was going into debt. To-day it has only turned the corner by six months.

"Now, the coal of the Dominion Coal Company is wholly a soft coal, carrying a high percentage of sulphur. Its market, except to a limited extent in Canada, has been made largely by the establishment of the New England Gas and Coke Company, which is to-day using 600,000 tons per annum, upon which it is admitted upon all sides there is no profit to the coal company, and by the starting of the Steel Company, which pays $1.20 per ton for about 800,000 tons per annum. The coal is so rich in gas making material that it has to be carefully guarded against spontaneous combustion. It is so high in sulphur that it has to be crushed and washed before being turned into coke for use in the furnaces of the Steel Company."

Continuing, they write: "The price paid by the Steel Company and the unprofitableness of the New England Gas and Coke contract to the Coal Company, should make clear that the stories that have been repeated the last three weeks of 3,000,000 tons per annum yielding $1 per ton net are not well based. Forty cents per ton is the estimated profit on the coal used by the Steel Company. Therefore, on one-half of the company's coal there is not $500,000 profit, but there is sufficient to pay fixed charges and the profit for the common stock will come in the expansion of the coal into foreign markets.

"There has been an almost unprecedented coal famine in Europe and the Coal Company has been able to open up a good market there, but prices are receding and the profit on foreign sold coal should be figured under, rather than over, $1 per ton for an average profit. But it is not necessary to enter into discussion of these details. The 6 per cent. option limits the prospective profit, and should the coal people, who it is now believed own control of the Steel Company, finally succeed in voting Steel Company stock to voluntarily increase this option to 8 per cent., it is difficult to see how there should be more advance in Dominion Coal upon a guarantee of 8 per cent. from its own offspring, the Steel Company."

$ $ $

Montreal led in the trading in Dominion Steel last week, with Boston a close second. In the latter market the sales of Steel amounted to 54,292 shares, and of Coal 6,370 shares.

The total trading of all shares in Toronto last week amounted to 43,396 shares, Montreal doing nearly as much as that in one day.

A Toronto paper appears to think that Montreal traders did not know anything about Steel until it got to high figures. It says: "Traders in the east have until the past week or two largely kept out of the swim so far as the domestic industrial shares are concerned, and have given Toronto people lots of gratuitous advice about "going slow" on such issues. While Montrealers were talking Toronto people were buying the stocks and saying nothing, but accumulating big profits. Then, as if to prove the truth of the saying, from the sublime to the ridiculous is but a step, the eastern traders developed an intense passion for Steel common, buying tens of thousands of shares and running the price up 23 points over 60, but the close showed a reaction in this issue of over 10 points.

$ $ $

In a Toronto paper Montreal is credited with having traded in only 75,148 shares of stock last week. As a matter of fact, Montreal traded in over 100,000 shares, more than twice the business done in Toronto.

Crow's Nest Coal had a phenomenal rise in Toronto the past week. The stock is very strongly held, and owing to the small floating supply, it has been easy to work up the price whenever a demand appeared. The first sale of the week was at 400, ten shares selling at that figure, which was a net gain of 30 points. Then 100 shares changed hands at 400, and finally yesterday there were sales at 515, 515¼ and 510, the top price showing a net advance for the week of 145¼ points. There is talk of an increase in the capital, and it is said the price may go up to 1,000 or more.

MONTREAL MARKETS

GRAIN.—There is no material change in the grain market and prices are about the same. Ontario wheat and peas, however, are a little easier. Ontario No. 1 spring wheat, afloat May, 75c; No. 2 spring wheat, 74c; peas, 89c to 89½c; rye, 63½c; barley, 56c; oats, 45½c; buckwheat, 67c; and No. 2 oats on spot, 45½c to 46c.

FLOUR.—A fair jobbing trade was done on both local and country account, but apart from this the market continues quiet, with an unsettled feeling. Manitoba spring wheat patents, $3.90 to $4.10; strong bakers, $3.50 to $3.80; winter wheat patents, $3.75 to $4; straight rollers, $3.45 to $3.55; in bags, $1.65 to $1.70; and extras, $1.50 to $1.60.

MEAL.—The demand for rolled oats was slow, but prices show no further change, they being quoted at $4.30 to $4.40 per barrel and at $2.10 to $2.15 per bag.

FEED.—There was a fairly good demand for all lines of feed at firm prices. Sales of car lots of Ontario bran were made at $18.50 per ton in bulk and shorts at $22.50 per ton, including bags; Manitoba bran sold at $19 per ton and shorts at $22, including bags.

HAY.—A fair amount of business was done both for local and export account. No. 1, $8.50 to $10; No. 2, $8.50 to $9.25; clover mixed, $7.50 to $8; and clover, $7 to $7.50 per ton, in car lots.

CHEESE.—The market is very strong in tone, but there is nothing particularly new to note. Finest Ontario makes, 11¾c to 11½c; finest Townships makes, 11¾c to 11½c; finest Quebec makes, 11¼c to 11½c.

BUTTER.—The demand for fresh made creamery was good and all offerings met with a ready sale at steady prices. There was also a fair demand for held creamery and dairy from American buyers, and some fair sized lots were taken off the market to-day. Finest fresh creamery, 22c to 23c; creamery seconds, 17c to 20¼c; western dairy, 15c to 17c.

EGGS.—The tone of the market continues firm owing to the fact that there is still a scarcity, but prices show no further advance. The demand to-day was good, and sales were made freely at 13½c to 14c per dozen.

MAPLE PRODUCT.—The market was fairly steady, with a fair business passing. Syrup in large tins sold at 70c to 80c, in small tins at 50c to 60c, and in wood at 5c to 5½c per lb. Sugar brought 7c to 9c per lb.

HONEY.—Business in honey was exceedingly quiet, as is usual at this season. White clover comb at 13c to 14c, tinged at 10c to 11c, strained at 9c to 10c per lb.; buckwheat in comb at 9c to 10c, and extracted at 7c to 8c.

BEANS.—There was no change in beans. The demand for primes was quiet at $1.10 to $1.15 in car lots, and at $1.20 in a jobbing way.

POTATOES.—The trade continues slow, the demand being chiefly for small lots to fill actual wants. Round lots are offering at from 50c to 75c per bag, as to quality.

ASHES.—The market was quiet and prices unchanged. Firsts, $4.40 to $4.45; seconds, $3.90 to $3.95; pearls, $6 to $6.2 per 100 lbs.

Irritating Pimples and Disfiguring Blotches.

They place many young girls at a great disadvantage in life. The only cure is a blood purifier like Ferrozone. It cleanses the crimson flood of poisons and impurities, renews and strengthens it, and makes lots of red corpuscles that manifest their presence by a ruddy, healthy glow in the cheeks and lips. Ferrozone quickly masters all skin eruptions, builds up broken-down constitutions, and gives to weak, sickly women an abundance of spirits, vitality, energy and beauty. Try Ferrozone, it's all right. Price 50c per box, or 6 boxes for $2.50, at druggists, or N. C. Polson & Co., Kingston, Ont.

CATTLE MARKETS

London, April 7.—Owing to short supplies and a good demand, the undertone to the market was strong for cattle, and prices show an advance of ½c to 1c per lb. since this day week. American cattle sold at 13½c to 14½c, and sheep and lambs at 14c to 15c.

A private cable from Liverpool quoted choice Canadian cattle at 13½c, and one from London quoted them at 14c.

Another cable from Liverpool quoted choice Canadian cattle at 13½c to 14c, and one from London quoted them at 14c to 14½c.

A cable from London reported sales of American steers at 14¼c to 14¾c.

LIVE STOCK.

About 400 hogs were sold off the cars at the Montreal stock yards yesterday. Prices ran from 6c to 6¼c, sows 4½c, stags 3½c. Some 300 head of cattle were landed there and sold at the eastern market for 2½c to 5¼c. There is a fairly good run of stock for local consumption, and quite a large lot of export stock is passing through.

CATTLE IN TORONTO.

Toronto, April 8.—Ninety-two loads in to-day, including 341 hogs, 236 sheep and lambs, 18 calves and 1 horse. Export cattle, choice, $5.25 to $5.75; light, $5.25 to $5.40. Export bulls, choice, $4.30 to $4.60. Export cows, $4 to $4.30. Butchers' cattle, picked lots, $4.90 to $5.25; medium mixed, $4.25 to $4.75; common, $3.50 to $4. Feeders, heavy, $4.40 to $4.75; light, $3.65 to $4. Feeding bulls, $3.25 to $3.75. Stockers, $2.25 to $3.65. Stock bulls, $2 to $2.50. Milch cows, each, $25 to $47. Calves per head, $2 to $10. Trade good for export cattle and butchers' cattle. Buffalo stockers, bad trade.

WHEAT IN SIGHT

The total amount of wheat in sight shows a decrease of 1,205,000 bushels compared with a week ago, and a decrease of 2,410,000 with a year ago.

The following table shows the amount of wheat on passage to the United Kingdom and continent:

On passage to cont'nt.	12,720,000	12,080,000
Total wheat in sight	94,680,000	97,090,000

CANADIAN BACON

Mail advices from London under date of March 29 say: Canadian bacon, in common with other descriptions, has experienced a great falling off in demand within the last few days. Holders are firm in their requirements for full prices for leanest selections, but stout descriptions are not going particularly well. No change has been made officially in prices.

Mail advices from Liverpool under date of March 29 say: The arrivals of Canadian pea fed bacon have been small, but the demand good, and in some cases an advance of 1s is reported.

LAKE SUPERIOR ENQUIRY.

St. John, N.B., April 7.—At the steamer Lake Superior's stranding investigation today before Captains Spain, Douglas and Murphy, the evidence of the chief officer and second officers was taken, and the consensus of the testimony was that the anchor was let go and did not hold owing to the strong tide. The officers' evidence threw the blame on the pilot, but there was nothing really decisive in the evidence. Thirteen witnesses in all were examined. The enquiry will be resumed to-morrow.

LAKE STEAMER AGROUND.

Cheboygan, Mich., April 7.—The Steel Corporation's steamer Charles R. Hise, from Duluth to South Chicago, ran hard aground on the northwest end of Bois Blanc during a snowstorm about two miles from the life-saving station. She is on a rocky bottom and is leaking. The captain was brought here by the crew of the life-saving station, and will go to the assistance of the Van Hise. A special report says that the schooner Annie M. Peterson is ashore at Whitefish Point, Lake Superior.

WILL PLACE BUOYS.

Quebec, April 7.—The Government's steamers Constance and Le Canadienne will leave at daylight to-morrow with the Lower Traverse and Red Island lightships, and all the buoys and ballast leads, and Pilgrim Shoal gas buoys, which will be placed in their respective positions. After placing the buoys below Quebec in position, the Government vessels will proceed up the river, as far as Platon Point, placing the buoys as they proceed, while the remainder will be placed later. This is three or four weeks earlier in the season for this work to be proceeded with.

The revenue cutter Constance, Captain George M. May, left port this morning for her cruising grounds.

THE STRIKE AT HALIFAX.

Halifax, April 7.—The striking longshoremen made a big demonstration this afternoon. Twenty-five men arrived to-day from Stewiacke to load one of the deal steamers. The strikers induced them to leave the city again. A band was engaged and 1,000 strikers formed in procession on Water Street. The Stewiacpe men were placed ahead of the procession, and they marched to the train, and left for their homes.

A conference was held this evening between the steamship agents and the executive of the strikers. The agents offered the men an advance of five cents an hour for night work, but they refused to accept it. The strike is extending, and it is feared that the whole water front will be tied up. All the steamers have been delayed, as men cannot be obtained to work on them. Those men who started to work on the steamers have been either induced to leave the city or forced to join the union.

W. Mackenzie King, Deputy Minister of Labor, is expected here. The union telegraphed for him.

The St. John longshoremen will not unload cargo from steamers on which non-union men have worked.

R. & O. NOTES.

The Richelieu & Ontario Company's fleet, which is expected to arrive here shortly, will make the following runs: The Berthier will run between Montreal, Sorel and Three Rivers; the Chambly, between Montreal and Richelieu River; the Quebec and Beaupre (formerly the Montreal) will run between Montreal and Quebec. When ready the company's new boat Montreal will replace the Beaupre. The Hochelaga and Longueuil, which have been running since Saturday between here and Longueuil have been doing an immense business, the traffic being very heavy.

ALONG THE WATER FRONT.

The river front presents a busy appearance to-day, large gangs of men are at work on the wharves, making everything ready for the reception of the first boats, which will arrive shortly. Workmen are engaged in removing the ice which has been piled up on Victoria Pier, and a large gang is at work clearing the wharf of the McLean, Kennedy Co. The harbor commissioners intend to begin dredging to-day, all their appliances being ready. Most of the electric light poles have been fixed and plant will be ready by the time the sheds are erected.

GENERAL NOTES.

The Leyland Line steamship Caledonian arrived at Boston on Saturday, April 5.

The Donaldson Line Almora arrived at St. John, N.B., yesterday from Glasgow.

The Quebec Steamship Company's boat Campana is expected to begin her trips about April 18.

The Elder-Dempster Company's Degama, from Canary Islands to St. John, N.B., arrived on Saturday and is now loading hay for South Africa.

The British steamship Enringham, 1949 tons, has been chartered to carry deals from Montreal to London at 37s 6d, April or May loading.

The Allan Line steamship Corinthian, from Liverpool, arrived at Halifax at 6.45 a.m. yesterday. Her passengers will pass through Montreal this afternoon.

The Dominion Line steamship Dominion, from Liverpool, arrived at Portland on Sunday at 10 p.m. Her passengers are expected to arrive in Montreal to-day.

The Head Line steamship Bengore Head, Captain Phillips, from St. John, N.B., for Dublin, will sail at noon to-day, and will complete the Head Line service from St. John, N.B., to the Irish ports.

The water in the river registered 21 feet at 3.30 p.m. yesterday, and the flood gates are now open to give free access to the water.

The erection of the sheds on the Allan Line pier has been commenced, most of the flooring being laid yesterday.

MISSED THE BOERS.

Early Attempts of the First Section 2nd C.M.R. to Get to Fighting Were a Failure.

Sherbrooke, April 7.—(Special.)—Private J. G. Brookhouse, of the 2nd Canadian Mounted Rifles, writing from Kitchener's Kopje, Newcastle, Natal, on the 3rd March, to his uncle, J. H. Parthington, of this city, tells of the fine passage which they experienced on the troopship Manhattan to Cape Town, and also the run round to Durban. Half of the detachment was sent to Borthiers' Pass just after the detachment arrived at Newcastle. They returned four days later without having come in contact with the enemy, who broke through the line of communication some distance from Newcastle. On the 2nd of March the whole detachment marched to the other side of Newcastle, and were inspected by Lord Kitchener. He was very much impressed with the detachment, and complimented the men on their smart appearance. They rode through Newcastle like a streak, and looked a pretty wild bunch. The writer concludes by expressing the hope that they will be sent out on the trek before the other half gets out of quarantine.

LORD'S DAY ALLIANCE AT RICHMOND.

Richmond, Que., April 8.—(Special.)— A Lord's Day Alliance meeting was held in Richmond, Sunday night. The Methodist, Presbyterian, and Congregational churches of Richmond and Melbourne were closed, and the speakers were greeted by a very large audience. The Richmond branches of the Alliance and the Citizens' League are allied, and Lieut.-Col. Harkom, president of the Citizens' League, presided, and also gave an address in behalf of the Citizens' League. Addresses were also given by Rev. Messrs. A. Stevenson, of the Presbyterian Church, Danville; R. G. Watt, of the Congregational Church, Melbourne, and C. W. Finch, of the Methodist Church, Richmond. The subjects dealt with were the need of a day of rest, the proper observance of the Sabbath, and Sunday amusements. So-called sacred concerts were ridiculed as frauds. Some churches, the speakers claimed, also flavored a good deal of the concert. The object of the Lord's Day Alliance was also explained as an effort to preserve the Lord's Day in its integrity.

SHERBROOKE GUN CLUB.

Sherbrooke, April 7.—(Special)—The series of matches to be shot through the season by the Sherbrooke Gun Club began on Saturday. The Robin Hood Powder Co. give one trophy and the club another. METHODIST LANDMARK GOING.

Brockville, April 7.—Athens Methodists are about to erect a new church and yesterday the last services were held in the old building, previous to its being torn down to make way for its successor. The old church was erected sixty years ago and is one of the land marks of Methodism in this section. The first minster on the circuit, which was organized in 1835, was Rev. Thaddeus Lewis, and since there has been 41 pastors.

GOT RISE, BUT STRUCK.

Sherbrooke, Que., April 7.—(Special.)— A large number of the employes of the Paton mill asked for an increase of wages from the management last week, and this morning increases ranging from five to ten per cent. were given. About fifty of the employes were not satisfied and refused to return to work this morning, but it is expected that they will return to-morrow.

BROCKVILLE'S LIGHT SUPERINTENDENT.

Brockville, April 7.—(Special.)—A meeting of the Light Commissioners on Saturday evening, Charles T. Wilkinson, was appointed superintendent of the Light and Power department of the town, at a salary of $1,000 a year.

POSTMASTER THE THIEF; 7 YEARS IN KINGSTON

Toronto, April 8.—Inspector Greer, has returned from Sarnia, where he secured a conviction in a rather interesting case. On December 16 last a registered parcel was received at Edy's Mills postoffice, addressed to John McTagart, a cattle buyer, containing $1,150. That night the post office was robbed, and the $1,150 taken. Isaac Kersey, the postmaster, said that he had placed the package in the safe and retired. Albert Kersey, who sleeps over the postoffice, stated that about 3 a.m., they heard an explosion and both got up. On entering the office they found the safe blown open and the money package gone.

In the morning Albert Kersey communicated with Post Office Inspector Hopkirk, of London, who made an investigation, and notified the postmaster-general. Commissioner of Police Sherwood, of Ottawa, was then instructed to look into the case, and communicate with Inspector Greer, of Toronto. As a result of inquiries Walter and Isaac Kersey, were arrested.

On the night of the robbery a pane of glass was found missing from one of the windows, through which, it was alleged, the robbers obtained entrance to the store. The crown, however, contended that the hole was not large enough for anyone to get through, and the detectives found that no force had been used from the outside to break the windows, and that the snow on the window-sill was not disturbed. They also followed up footprints leading from the back door to the road, and found that they returned to the house. All the doors were securely bolted after the explosion.

The trial, which lasted three days, was concluded Saturday evening, when the jury, after being out about an hour, acquitted Walter Kersey and found Isaac Kersey guilty. The latter was sentenced to seven years in the Kingston penitentiary.

KING'S BENCH CASES.

Ville Marie Bank Case and Other Well-Known Charges Will be Heard by Judge Bosse.

Quebec, April 8. — (Special.) — The spring term of the Court of King's Bench will convene in this city on Thursday morning next, the 10th inst. The docket is not a large one, and besides the celebrated Ville Marie Bank case, the list of offences to be disposed of will comprise only the case of the King vs. Leon Letellier, accused of rape; the King vs. Michel Joseph Armaly, accused of forgery; the King vs. Francais Gingras and Marie Anger, wife of the said Francois Gingras, accused of manslaughter. The King vs. Delina Cantin, wife of Alexis Marin, accused of manslaughter. The King vs. Pierre Blouin, accused of theft, by appropriation, and the King vs. Edouard Carreau, accused of shopbreaking.

Mr. Justice Bosse will preside over the assize.

LORD ROBERTS SENDS MESSAGE

Compliments From Commander-in-Chief—Disposition of the Forces.

Ottawa, April 8.—The Governor-General has received many congratulatory messages on the gallant conduct of the Canadian troops at Kleinhardt's River. The following message was received from Lord Roberts commander-in-chief of the British army:—

To Earl Minto, Government House, Ottawa, April 7:

"I have telegraphed Kitchener heartfelt congratulations to troops who did so well at Kleinhardt's river, March 31, but I would like you to acquaint Canadian Government how much I appreciate splendid stand of Candian Mounted Rifles, how much I regret heavy losses.

(Signed) ROBERTS.

CANADIANS WERE IN FRONT.

Toronto, April 7.—An Evening Telegram's special London cable says: "Most recent advices from the front say that at the Kleinhardt's River engagement, the British troops were arragned in the form of a semi-circle, the Canadian rifles holding a point somewhat in advance and across the front of the semi-circle. The Boers were following up a bold attack on the 28th Mounted Infantry, when they were met with a heavy fire from the Canadians, who poured volleys into them at a distance of two hundred yards. Private Evans, although mortally wounded, kept in the thick of the fight, and having fired all the ammunition in his bandolier, broke his rifle.

Private Evans, above mentioned, was the son of James Evans, of Port Hope, and was 27 years old.

WHO ARE THE SIX?

Dr. Baird, Corporal in 10th Field Corps, Writes a Strange Story of Casualties.—The Position of the Corps.

Ottawa, April 8.—A letter has been receieved here from Dr. D. H. Baird, who is serving as corporal with the 10th Hospital Field Corps, in which, after speaking of the smallpox outbreak among the men, says: "Yesterday six men rode out a few miles and they did not return. A searching party was sent out and they were all found dead. I do not know what camp they belonged to." This section, which is the one that went out in the Victorian on March 2nd, was at the date of the letter moving to the front, and it is thought that they had already joined the Canadians, who went forward in the Manhattan, when the engagement at Kleinhart River was fought. This is strengthened by the fact that one of the Field Hospital Corps is mentioned among those severely wounded. So far no details have been received regarding the names or addresses of the men who are reported in this letter as killed. The letter speaks of the good service of Dr. Donaldson during the time the regiment was attacked by the smallpox, and also of the visit of Lord Kitchener.

MAD MULLAH WAS QUITE PECEFUL.

Peshawar, Punjab, April 8.—Hadda Mullah (the fanatic, who was reported to be marching on Cabul with 5,000 armed followers), reached Cabul March 28, saw the Ameer, congratulated him on his accession and expressed his intention of returning home immediately, having accomplished the purpose of his visit, which was solely one of congratulation on his accession and condolence on the death of his father.

SPION KOP PAPERS TO BE PUBLISHED

Balfour-Buller Controversy Has Results—House Again Sitting.

London, April 7.—The House of Commons reassembled to-day after the Easter recess. An early opportunity was taken to press the Government for information on the subject of peace negotiations in South Africa, but the Government leader, A. J. Balfour, declared the ministers had nothing in that connection to impart to the House.

Answering a question about the General Buller controversy, the War Secretary, Mr. Brodrick, said that in view of the recent statement of Mr. Balfour it had been decided to publish all the papers and despatches relating to the Spion Kop engagement forwarded to the War Office by Lord Roberts. The order forbidding General Buller to publish the documents would not, however, be rescinded.

Mr. Balfour refused to grant facilities for the discussion of the motion made by John Redmond, the Irish Nationalist leader, censuring the Speaker, William Court Gully, in connection with the suspension of John Dillon.

RECEIVER FOR NEW ENGLAND.

Boston, April 7.—Judge Cott, of the United States District Court, has appointed Robert H. Barnett temporary receiver for the New England Gas and Coke Company, upon application of the United Coke and Gas Company, of West Virginia, a creditor. The liabilities of the New England Gas and Coke Company are placed at $2,123,000, a part of which is secured by $300,000 in Brookline Gas Company's certificates, and $200,000 Coke bonds. It is said that the operations of the company showed a loss of $100,000 last year.

MORGAN AND QUEEN'S.

Queenstown, April 8.—Upon the arrival of the White Star steamship Oceanic, a deputation headed by the Lord Mayor of Cork will board her and ask Mr. J. Pierpont Morgan, who is a passenger on her, to send the Columbia to take part in the contest for the Queen's Cup, against the German Emperor's yacht Meteor and St. Thomas Lipton's Shamrock.

CHINA'S ENVOY TO CORONATION.

Pekin, April 7.—The son of Prince Ching, who was selected as the imperial envoy to the coronation of King Edward, left here to-day for London, accompanied by his suite. He will return by way of the United States and will visit the principal cities of that country.

OTTAWA'S TELEPHONE SYSTEM.

Ottawa, April 8.—Following up the mandate of the electors last January, the City Council last night decided to call for tenders for the installation of a municipal telephone system of 4,000 subscribers, the cost of service not to exceed $20 per 'phone annually.

BOILS CURED

When oxygen is lacking in the blood it is generally impure. Oxygen is an element of Nature: it is used by Nature to purify impurities—it is Nature's medicine. That's why Powley's Liquified Ozone is such a valuable preparation to cure blood disorders or system weakness of any kind. Read this evidence.

THE OZONE COMPANY, Ltd., TORONTO, ONT.
Gentlemen: I consider it my duty to inform you that having suffered for 14 years from impure blood and very painful boils, I have been completely cured by using one bottle of your preparation, "Powley's Liquified Ozone." I am thankful to you and gladly give you my testimonial, and should I have any further illness of any description, "Ozone" will be my remedy. I cheerfully recommend its use to all those suffers with whom I come in contact.
(Signed) P. TREMPE, 341 Panet St., Montreal, P. Q.

The way to treat all blood disorders is by taking Powley's Liquified Ozone in internal doses and outward applications. If you suffer from pimples, sores and boils, bathe the parts in hot water to which you have added two tablespoonfuls of Ozone. Directly after bathe in cold water to which has been added the same quantity of Ozone, i. e., two table spoonfuls. It won't take long—it's a simple treatment and you'll be cured.

DELAREY HAS MADE CHARGES OF CRUELTY

January Letter to Kruger Published—Kritzinger Acquitted of Murder.

London, April 7.—Lord Kitchener's despatch to the War Office to-day states that the British columns report 17 Boers killed and wounded, 107 prisoners and 31 surrenders since March 31. The Boer casualties in the engagement of March 31 and April 1 at the Kleinhart River and Boschman's Kop are not included in these figures. At the lowest they are counted as 30 killed and 80 wounded. Commandant Erasmus was killed on April 3.

A despatch from Lord Kitchener, dated from Pretoria, says Commandant Kritzinger, who was captured by General French at Hanover Road, Cape Colony, December 17 last, and who has been tried by court-martial on a charge of having committed four murders in addition to train wrecking and cruelty to prisoners, has been acquitted and is being well treated as an ordinary prisoner of war.

BOER CHARGES OF CRUELTY.

Amsterdam, April 7.—The Boer bureau here has published a report which was sent by General De la Rey to Mr. Kruger last January. It is countersigned by Ignatius Ferreira, the acting state attorney. This report contains numerous stories of alleged British atrocities, and is supported by affidavits. Besides the general accusations of placing women as screens around the British camps, as a result of which practice many women have been killed, it is said General De la Rey gives specific instances of the killing of wounded prisoners, and he complains that owing to Lord Methuen's persecution, his own wife, with six children, has been wandering on the veldt for the past year. General De la Rey also complains that his mother, aged 83 years, was driven into Klerksdorp, after her cattle had been stolen and her house had been burned.

Van Der Merwe, late mining commissioner of the Rand, now fighting under De la Rey, appends a further list of alleged atrocities committed on women and children to the report of General De la Rey.

AN AUTHENTIC DOCUMENT.

London, April 8.—The Daily Mail prints a note warning its readers against taking seriously the allegations of cruelty against the British army, which previous experience, it says, has shown is generally exaggerated when the charges are not baseless. Nevertheless the paper gives prominence to General De la Rey's charges and it adds that its correspondent assures it that the report is unquestionably an authentic document from General De la Rey. On the other hand, it has been repeatedly stated that General De la Rey's magnanimity to General Methuen was prompted by the latter's kindness to General De la Rey's wife and family, for which General De la Rey thanked General Methuen, while the latter was a prisoner.

AN ENGLISH CAR TRUST.

Self-Defence Against American Competition Drives English Car Builders Into Combination.

London, April 8.—Extraordinary meetings were held yesterday of the Metropolitan Railway Company and the Oldbury Waggon Company at Birmingham, to consider a proposal for amalgamation with the Ashbury Waggon Company, of Manchester and other companies. The idea of the new proposal is to form something in the nature of a trust among railway waggon builders, of which these companies are the chief in England. Mr. Hodgkinson, who presided, pointed out that they were threatened with serious American and German competition. The Americans were already extensively supplying dining and drawing rooms cars and tram cars in this country, and they now contemplated either starting carriage building works in that district or acquiring existing works as the nucleus of a great Anglo-American combination. Mr. Hodgkinson announced that the capital of the new amalgamated company would be £972,000. The average profit of the concerns affected had been during the past three years, £124,000 per year. This was sufficient to pay an addition of 10 per cent. upon the capital to give the company a margin of £53,000.

MAY BE CARDINAL FALCONIO.

Ottawa, April 8.—While nothing definite has been announced regarding the removal of Monsignor Falconi from Ottawa, it is said that he will probably be removed to Washington, D.C., and there be honored by being created a cardinal. If there is any change it will probably take place next summer when Monsignor Falconi will have been in Canada three years. His predecessors were honored by being made princes of the church, and it is likely this dignity will be conferred on him. Letters from Archbishop Begin who is in Rome, do not make any mention of a change.

FATHER MATHIEU'S ILLNESS.

Quebec, April 8.—Rev. Mr. Mathieu, C.M.G., rector of Laval University, while celebrating mass in the Quebec Seminary Chapel, had a fainting fit and was unconscious for several hours. His condition was reported much better last evening and he is out of danger.

BRITISH TRADE DECREASING.

London, April 8.—According to the British Board of Trade returns for March, imports into the United Kingdom decreased in value £5,528,105 during the month. For the same period the value of articles exported showed a decrease of £2,804,055.

THE PRESIDENT'S TRIP.

Washington, April 7.—President Roosevelt and party left for Charleston, S.C., at 8.30 o'clock. The party travelled in a special train over the Southern Railway.

NOT EVEN MIXED CHINESE ALLOWED

Washington Passes an Exclusion Law More Vigorous Than Ever.

Washington, April 7.—The House passed the Chinese Exclusion Bill to-day after having incorporated in its several amendments which increased the drastic character of the measure. The principal one not only excludes Chinese by birth and descent, but all Chinese of mixed blood. The chief struggle was over an amendment to prohibit the employment of Chinese sailors on American ships. An amendment covering this proposition was ruled out at first on a point of order, but was subsequently modified to evade the ruling and was adopted 100 to 74. As passed the bill practically re-enacts all the existing exclusion laws and incorporates with them the existing treasury regulations.

It extends these exclusion laws to the Philippines, and the other possessions of the United States and forbids Chinese laborers in the colonial possessions from coming into this country.

By the terms of the bill the Philippine commission is directed to adopt proper measures for the enforcement of the provisions of the bill in the Philippines.

The conference report on the war revenue tax repeal bill, was adopted and the bill was sent to the White House.

WAS MERELY MOB RIOT.

Saturday's Disturbance in Jamaica Had no Political Significance, But Many Police Were Hurt.

London, April 7.—A despatch from Kingston, Jamaica, states that a disturbance arose on Saturday at Montego Bay between the mob and the police. A crowd attempted to rescue a prisoner from jail and overpowered the police who were guarding him. The police were driven into the barracks. The magistrates enlisted a force of special constables and succeeded in restoring order. Sunday passed quietly until evening, but after dark a serious riot broke out and ended in a fierce fight between the mob and the police. The latter were obliged to fire and one civilian was killed and several wounded. Three police officers, including the Inspector-General, were seriously injured, and sixteen constables were wounded. The Government has despatched a force of military and police on the British cruiser Tribune to Montego Bay. The report states that the trouble is entirely non-political.

"PHYSICIAN, HEAL THYSELF."

Nurse, Nurse Yourself.—Six Years of Rheumatic Pains.

Mrs. Einer, professional nurse, Cornwallis St., Halifax, N.S., says: "For six years I was a great sufferer from rheumatism. Doctors treated me and I tried almost everything, but got very little relief. I took a friend's advice and tried South American Rheumatic Cure. I have proved it a grand medicine, for before I had finished the second bottle my sufferings had ceased. I was completely cured, and have had no return of the pains." Sold by B. E. McGale, 2123 Notre Dame Street.—adv.

SIGNS OF BUDGET CHANGES.

Sugar and Timber Held in Bond, Against a Probable Increase of the Duties.

Liverpool, April 7.—The customs officials, acting under instructions from the Government, have visited the bonded warehouses and forbidden further deliveries of sugar, of which there are heavy stocks in the stores. The action is taken to indicate that there will be an increase in the sugar duties in the budget.

ON TIMBER IMPORTS.

Newcastle-on-Tyne, April 7.—The customs authorities here to-day refused to issue the usual order enabling timber vessels arriving to discharge their cargoes. This is interpreted as meaning that the Government intends to place a duty on timber imports.

REPUDIATED MITCHELL.

Dubois, Pa., April 7.—The district officials of the United Mine Workers of America and the delegates representing the miners of the Rochester and Pittsburg Coal and Iron Company, who met General Manager Robinson at Punxsutawney, this afternoon, repudiated the Indianapolis agreement entered into by President Mitchell, the National Executive Board and Mr. Robinson. The strike will be continued.

STILL AFTER TREPOFF.

Berlin, April 7.—The Tagblatt this evening publishes a despatch from St. Petersburg, dated Sunday, April 6, which reports a third attempt to assassinate General Trepoff, the prefect of police of Moscow. While the General was out driving, a man supposed to be a rusticated student sprang on the step of his carriage and tried to stab the prefect, but only succeeded in wounding a policeman who was seated beside him. The would-be assassin was arrested. It is believed that there is a widespread conspiracy against the prefect of police.

GOLD PEOPLE MAY OBJECT.

St. Thomas Likely to be Scene of a Rebellion When Danish West Indies Are Transferred.

Copenhagen, April 8.—Two more secret meetings of the Landsthing were held yesterday to discuss the Danish West Indies Islands Treaty, but no vote was reached. The opposition made a new motion, namely, to order that a plebiscite be taken before and not after the ratification of the treaty. This motion will not be accepted, but it caused the postponement of a vote, to the next meeting of the House, April 9, which will undoubtedly be the last one.

A reliable forecast indicates that the Landsthing will vote for the ratification of the treaty and a plebiscite subsequent to this action.

Herr Von Fessen, who was sent to the Danish West Indies in 1901, by the National Tidende to stir up opposition to the proposed sale to the United States has returned with glowing reports of the success of his mission. To-day Herr Von Fessen publishes an article in the National Tidende in which he declares that influences have been at work in the islands which would render a plebiscite at this time worthless to Denmark, as the vote of the inhabitants of the island, would result in favor of the sale. He therefore, asks the Landsthing to reject the treaty outright. This is believed to show the desperate straits of the opposition.

It is said that the secret meetings of the Landsthing were very stormy and that a proposal to reject the treaty was defeated by a vote of 35 to 28.

London, April 8.—The Danish cruiser Valkyrien, says the Copenhagen correspondent of the Daily Mail, which left the Danish West Indies last week, has been suddenly ordered to return to St. Thomas, as the Government is apprehensive of a revolt there.

OUR WIVES, MOTHERS AND DAUGHTERS.

Too Many of Them Are Nerveless, Weak, Pale and Anaemic.

PAINE'S CELERY COMPOUND

Reaches the Root of Every Female Trouble and Makes Our Women Strong and Vigorous.

It is a most regrettable fact, and a calamity too, that our women, young and old, are numbered amongst the most unhealthy of females in the civilized world. For delicacy of beauty, intellectual capacity, and for all graces that adorn the sex, they stand peerless; but it is doubtful if one in ten can be found, who is functionally and organically well.

This absence of feminine health and vigorous vitality is due to a neglect of the nature's unerring laws. Immediate reformation is necessary if our nation would have women who will become true wives and mothers with an offspring that will prove a strength to the country.

For the special weaknesses to which women are now victims, Paine's Celery Compound is the surest and safest remedy. The wonderful strengthening and building-up properties of this marvellous prescription devised by that eminent medical expert Prof. Edward E. Phelps, M.D., LL.D., and its specific action in correcting disorders of the female organism, are well known to the medical profession and to the tens of thousands of women who have been raised from weakness and disease to health and physical happiness.

Paine's Celery Compound quickly gives the true health tint to sallow and bloodless faces; it gives life and light to the eyes; it gives pure, clean blood to course through the body; it gives natural appetite, sweet sleep and that blessed cheerfulness that is the delight of men. Try a bottle or two of Paine's Celery Compound, dear suffering and rundown sister. Your condition, your family interests and the welfare of society demands this effort on your part.

HUNTING CANDIDATES.

Prohibitionists Busy in Several Constituencies.—Very Anvious to Oppose Mr. Ross.

Toronto, April 8.—(Special.)—The Liberal convention for West Northumberland will be held at Cobourg on the 19th. Mr. Samuel Clarke, Liberal, sat for the riding in the last Parliament, and will probably be renominated.

The Prohibitionists of East and West Wellington will hold a convention at Drayton on the 10th inst., to decide on the course of action in the coming elections.

A meeting of the Ontario Prohibition Campaign Committee will be held on Thursday afternoon to consider the question of placing an independent candidate in the field against Hon. G. W. Ross. The attitude taken by the Premier in his Newmarket speech on Friday last is regarded as aggressively hostile by a section of the prohibitionists.

St. Catharines, April 8.—The prohibitionists are still casting about for a candidate to contest the county at the coming election. A great deal of pressure is being brought to bear on Daniel H. Moyer, of Caistor, ex-warden of the county, a Conservative. He has consented to run if the Liberal candidate will retire in his favor. Rev. D. V. Lucas, of Grimsby, declined the nomination.

PADEREWSKI ASKS PARDON.

Albany, April 7.—Governor Odell gave a hearing this afternoon on the application of Ignace Paderewski, the noted pianist, for a pardon for Antone Werner, of Duchess County, at present serving a life sentence in Sing Sing Prison for murder. Paderewski urged that Werner had been sufficiently punished. The Governor said he would take the request under consideration and would have the circumstances connected with the case investigated in order to learn whether or not it was one where executive clemency should be extended. Paderewski's interest in Werner, he stated, was that of a fellow-countryman.

The Secret

of our success is briefly told. Honest value put in every garment we turn out. That is the keynote of our business—honest value. It means a lot. Always make sure when you spend a dollar you get a dollar's worth of value. Seath's way of doing business is to please everyone and keep their trade. We want your trade—we want an opening order—if we get that it's all we ask. We will look after the rest. To start with us, try a pair of our $4.00 Trousers. They will please you. We'll make them.

THE WALLER TRIAL.

General Smith Denies That He Conferred Any Unusual Powers on Officers Accused of Torturing.

Manila, April 7.—General Jacob H. Smith, commanding the American forces in the Island of Samar, was the only witness today at the trial of Major Waller, of the Marine Corps, by court-martial.

General Smith denied that he ever gave Major Waller power of life and death exceeding Order No. 100.

He said he received the first news of the killings at Basey, where Major Waller and Lieutenant Day, of the Marine Corps, are charged with having killed three natives, from General Chaffee. General Smith explained that his order to Major Waller about not being burdened with prisoners meant that he should disarm and release those prisoners who were not charged with serious offences. He said that he had not understood the meaning of Major Waller's telegram about "expending all prisoners."

Interesting to people who are removing or home furnishing.
