Such great additional public benefits have lately been afforded by the Post Office Department that no apology is necessary for furnishing such statistics as will show the advance the Country has made in perfecting one of the best means of civilisation. No labored arguments are required to satisfy the meanest capacity that the quickening, cheapening, and facilitating of Postal communications, whether in the form of Letters or printed literature, which we now enjoy, must tend to improve our morality as a nation, ameliorate our social condition, establish our commerce, and advance our political status among the nations of the earth.

The following valuable Tables and accompanying explanations have been extracted from the Postmaster General's latest Report, and they afford abundant evidence of the admirable management of the whole Department entrusted to his charge.

To shew the progressive growth of the Department from year to year, the following Table, brought up to the year 1856, will be interesting:—

The available Postal Revenue of the year was, as above shewn.....£93,573 17 7½

As compared with the collections of the preceding year, there was an increase of £1532 7s. 7d., notwithstanding that by the Act which took effect on the 1st July, 1855, and therefore operated on three Quarters of the year included in this Report, the postages heretofore chargeable on the correspondence of the Legislature and of the Public Departments, and the remaining charges on the transmission of Canadian Newspapers by Post, were abolished, and these items of Revenue consequently withdrawn from the resources of the Department.

If an equivalent for the sum which those branches of income yielded be deducted from the corresponding three Quarters of the year ended March, 1855, in which they formed part of the receipts, it will be found that the remaining items of Postal Revenue, consisting almost exclusively of the ordinary correspondence of the Country, had in fact improved within the year ended March, 1856, to the extent of £12,000,—a very satisfactory rate of increase, and full of promise for the future.

The accounts of the year 1856, as compared with 1852, shew that the—

Ordinary Letter Postage has increased.....	122 per cent.	Charge for Salaries, City Post Office Establishment.....	174 per cent.
Charge for Salaries, Post Office Department.....	104 do	Do do Other than City Post Offices.....	102 do
Charge for Salaries, Inspector's Branch.....	118 do	Total Salary and Commission Charge.....	132 do

It should be noticed that the total charge includes the Salaries of Railway Clerks, a comparatively new class of Officers created by the exigencies of the Railway Mail service.

The month of May, 1856, was marked by the first voyage to the St. Lawrence of the line of Canadian Mail Steamers, under the contract between Mr. Hugh Allan of Montreal and the Provincial Government. These vessels have performed the service for which they were bound with laudable punctuality, and have crossed the Atlantic at an average speed which compares successfully with the performances of the steamers of the Cunard and Collins lines from New York and Boston.

The number of Letters passing through the Post under the Registration system commenced in May, 1855, is very great and rapidly increasing. During the year ended May, 1856, the number was 350,000; and now in February, 1857, upon a recent estimate, the computation was taken to be at the rate of 450,000 per annum. Of the 350,000 letters registered last year, question of failure from all causes attached to 35 only, and the integrity and careful attention to the duties connected with registered Letters involved in this result is highly creditable to the Postmasters and Clerks of the establishment.

The increase in the general circulation of Canadian Newspapers by Post, in the period which has elapsed since the Act of 1855 granted an entire exemption from postage charge, has been very remarkable: other causes have doubtless been actively at work to stimulate the extension of newspaper circulation in the Province, but it is worthy of observation that this expansion has been at least coincident with the abolition of postage charge. It is estimated that the annual rate of newspaper transmission by Post is now not less than twelve millions of copies. When the last newspaper enumeration was taken in 1853 the number was found to be about six millions.

The sections of the Grand Trunk Railway lying between Brockville and Toronto became available for Mail transport in October, 1856, and thus, by uniting at Toronto with the Great Western, completed the line of Postal communication by Railway between Quebec in the east and Windsor in the extreme west. This therefore appears to be an appropriate time to draw attention to the effect of this change in the mode of transport, in the acceleration of the Mails, especially in the winter season; and the following comparative statement will shew what the time occupied in the conveyance of a letter was in winter only four years since between Quebec and some of the principal cities and towns to the westward, and the present course of Post by Railway mail:—

CANADA.—On letters not exceeding  $\frac{1}{2}$  oz. in weight, transmitted by post between any two places in Canada the rate is a uniform charge of 3d., prepayment being optional. For letters exceeding  $\frac{1}{2}$  oz. in weight, see Provincial Scale of Rating, given above.

No additional charge on re-directed letters.

On letters deposited at an office for delivery in the same place, called drop or box letters, the rate is  $\frac{1}{2}$ d. Upon advertised letters one penny each additional is charged.

### LETTERS, &c. TO AND FROM THE GOVERNMENT AND LEGISLATURE OF THE PROVINCE.

All letters and other mailable matter addressed to or sent by the Governor of this Province, or sent to or by any public department at the Seat of Government, will be exempt from Provincial postage.

Letters and other mailable matter addressed to or sent by the Speaker or Chief Clerk of the Legislative Council or of the Legislative Assembly, or to or by any Member of the Legislature at the Seat of Government, during any Session of the Legislature, or addressed to any of the Members or Officers in this section mentioned, at the seat of Government, during the ten days next before the meeting of Parliament, shall be free of postage.

All public documents and printed papers may be sent by the Speaker or Chief Clerk of the Legislative Council, or of the Legislative Assembly, to any Member of either of the said branches of the Legislature of Canada, during the recess of Parliament, free of postage.

Members of either branch of the Legislature may send during the recess of Parliament, by mail, free of postage, all papers printed by order of either branch of the Legislature of Canada.

The public documents and printed papers sent under this clause should bear as part of the superscription the *bona fide* signature of the Speaker, Chief Clerk, (or Officer specially deputed for this purpose to act for those functionaries,) or Member sending the same.

STAMPS of the denomination of  $\frac{1}{4}$ d., 3d., 6d., 7 $\frac{1}{2}$ d., and 10d., for the prepayment of letters, can be purchased at the principal offices.

To the principal railway mail trains throughout the Province are attached Post office cars carrying railway mail clerks,—and at these "Travelling Post offices" can be posted at each station such correspondence as may be too late for mailing in the ordinary manner. Letters, however, mailed in the Post office car can be prepaid only by using postage stamps; no railway mail clerk being permitted to collect postage or to receive prepayment in money.

POSTAGE RATES TO FOREIGN COUNTRIES AND BRITISH POSSESSIONS BEYOND SEA.

No. 1.—*Letters for France, or sent via France to the several Countries specified in the following Table:*

Under the provisions of a Postal Convention concluded between Great Britain and France, letters sent from Canada addressed to France, or to the undermentioned countries *via France*, are liable to the following rates of postage, charged upon the French scale of one quarter of an oz. to a single letter.

*These rates are calculated for the Canadian mail steamers from the St. Lawrence. When letters for the undermentioned places are sent by the mails for England via the United States, whether for a British or Canadian packet, the United States transit rate of 2d. sterling per half oz. must be charged in addition.*

Letters for the above countries are forwarded by the British Post office *via France* as a rule, unless otherwise specially directed.

Prepayment is optional to all the countries in the foregoing Table.

By the French scale of weight, one additional rate is to be added for every  $\frac{1}{4}$  oz. in weight.

Letters for Spain and Portugal may be sent *via France*, if so specially addressed, on prepayment of the postage rate to the French-Spanish Frontier, viz. 8d. sterling per quarter oz. Letters for the Ionian Islands may be sent *via France* and Austria, on prepayment of 1s. sterling per quarter oz., if addressed *via France*, per Canadian packet.

2.—LETTERS MAY ALSO BE SENT *via FRANCE* TO THE UNDERMENTIONED COUNTRIES, IF SPECIALLY ADDRESSED "*via FRANCE*," AT THE RATES HERE SET DOWN; BUT THE ORDINARY CHANNEL OF TRANSMISSION FROM ENGLAND NOT BEING THROUGH FRANCE, THE SPECIAL ADDRESS IS INDISPENSABLY NECESSARY IF THE SENDER DESIRES THAT HIS LETTER SHALL FOLLOW THAT ROUTE.

Upon letters for those places marked \* prepayment is compulsory.

*These rates are calculated for the Canadian mail steamers from the St. Lawrence. When letters for the undermentioned places are sent by the mails for England via the United States, whether for a British or Canadian packet, the United States transit rate of 2d. sterling per half oz. must be charged in addition.*

- 6.—Postmasters must be careful with regard to letters posted at their offices for any of the countries or places named in the above lists,—
1. Whether sent prepaid or unpaid, to mark the sterling rate only; thus, "9d. sterling," or, "Paid 9d. sterling."
  2. To mark the rate, if unpaid, in black, and, if prepaid, in red ink; this difference of color being held in the practice of the British and Foreign Post offices to afford evidence of the fact of a letter being prepaid or otherwise.
  3. In the cases where pre-payment is not optional, to warn parties offering letters, that such letters cannot go forward unless prepaid.
  4. When a letter for a place to which letters cannot be forwarded unpaid is dropped into a Post office letter-box without pre-payment, to note the fact thus, "Postage not paid," upon the back of the letter, and put it under cover to the Postmaster General by the first post.
- 7.—Attention is requested to the note placed at the head of each list, warning that the rates given are calculated for the transmission by the Canadian mail steamer line direct from the St. Lawrence; and that when letters for the places indicated are forwarded in the mails sent to England by way of the United States, whether for a British or Canadian steamer, they will be liable to an additional rate, to cover the American transit charge, of 2d. sterling per half oz. Thus a letter for France weighing not exceeding a quarter of an oz., if sent by Canadian steamer from Quebec will be liable to a charge of 8d. sterling, and if by mail for a Cunard steamer from New York or Boston, or for a Canadian steamer from Portland, to 10d. Sterling.

#### REGISTRATION OF LETTERS.

Persons transmitting letters, which they desire should pass through the post as "registered letters," must observe that no record is taken of any letter unless specially handed in for registration at the time of posting. Upon all such letters, with the exception of those addressed to the United States, one penny must be prepaid as a registration charge. If addressed to the United States, the ordinary postage rate on the letters to that country *must be prepaid*, and in addition a registration charge of 3d. per letter. The registry thus effected in Canada will be carried on by the United States Post office until the letter arrives at its destination.

In like manner, letters addressed to Canada may be registered at the place of posting in the United States, and the registry made there will accompany the letter to the place of delivery in Canada.

A certificate of registration will be given by a postmaster if required.

The registration system can be applied to the letter portion of the mail only. Should a book, periodical, newspaper, circular, or other printed matter, be offered for registration, the benefit of the system cannot be extended to it unless it be *prepaid* the full rate of postage to which it would be liable according to weight as a letter, in addition to the ordinary registration fee.

It must be distinctly understood by parties who avail themselves of the privileges of registration, that such registration, with the certificate and receipt, are merely intended to afford the means of tracing the course of such letters through the post, and of ascertaining their delivery at destination, and will not be held to imply any liability on the part of the Postal Department to make good any loss, or alleged loss, arising upon the miscarriage of any such letter or its contents.

#### SOLDIER'S AND SEAMENS' LETTERS.

Letters addressed to non-commissioned officers may be forwarded from Canada via Canadian mail steamers from Quebec, or via Quebec and Halifax, on payment of one penny at the time of posting, provided that the letter does not exceed half an ounce in weight.

### POSTAGE ON NEWSPAPERS AND PERIODICALS.

#### NEWSPAPERS.

All newspapers printed and published within this Province, *and addressed from the office of publication*, are transmitted from the Post office where mailed by the publisher, to any other Post office in Canada, or to the United Kingdom, or to any British Province, Colony, or Possession, or to France, or the United States, free of *Canadian postage*.

Newspapers printed and published in the United Kingdom, or in any British Province, Colony, or Possession, or in France, when received in mails addressed to this Province, are delivered at the Post office to which they may be directed in this Province free of *Canadian postage*.

Newspapers received in the ordinary mails from the United States are charged one half-penny each on delivery in Canada, with the exception only of "*exchange papers*" addressed to the editors or publishers of Canadian papers, which pass free.

Newspapers, whether printed and published in Canada, the United Kingdom, or elsewhere, when posted or brought into Canada, otherwise than as provided in the foregoing clauses, or when re-mailed in Canada, including all *transient papers*, may be forwarded on prepayment of one half-penny each *by postage stamp*; but, unless so prepaid, papers so posted or re-mailed cannot be forwarded.

The class of *transient papers* liable to prepayment by newspaper postage-stamp includes all newspapers posted in Canada otherwise than from the office of publication.

Newspapers addressed from Canada, to be transmitted by way of England to foreign states or countries beyond sea, and newspapers received from such states or countries through the same channel, are liable to the special rates of charge prescribed by the Imperial Post office.

The British Post office requires that an Imperial postage rate of one penny sterling each be prepaid on all newspapers sent from Canada through the Imperial posts, to British West Indies, India, Australia, the Cape of Good Hope, and other British Colonies and Possessions beyond Sea; and in addition to this penny, whenever any such paper is forwarded from Canada, by the British closed mail through the United States, the prepayment of a second penny is necessary to cover the American transit rate.

Therefore, when intended to be forwarded by the ordinary closed mails through the United States, transient newspapers for the destinations named must be prepaid—3d. currency each; and when sent by the Provincial overland route, *via* Halifax, or by Canadian mail steamer from Quebec, 2d. currency.

Transient newspapers for the British West Indies or Newfoundland must be prepaid, by stamp, 2d. currency each.

Canada to England (Cunard line) 1d. on delivery. } If *transient*, to be prepaid a halfpenny stamp.  
Do do (Canadian line) 1d. on delivery.

Newspapers from the United Kingdom received in Canada in the closed British mails *via* the United States, though free of Canadian charge, are liable to a rate of one penny each on delivery—representing a transit charge due to the United States on every paper so received.

If received *via* the Canadian line they are delivered free.

Publishers of newspapers and periodicals may send, free of postage to their subscribers, subscription accounts, and receipts for the same, included in their publication.

It is declared by the Act that the word "newspaper" shall be held to mean periodical prints published not less frequently than once in each week, and containing notices of passing events.

PERIODICALS, MAGAZINES, AND OTHER PRINTED MATTER.

Periodicals printed in this Province other than newspapers, when specially devoted to *religious* and *general education*, to *agriculture*, to *temperance*, or to any branch of science, and addressed directly from the office of publication, are transmitted from the Post office where mailed, to any other Post office in this Province, free of postage.

Periodicals other than such as are exempt under the preceding clause are liable to the following rates of charge; namely, if not exceeding 3 oz. in weight  $\frac{1}{2}$ d., if over 3 oz. 2d.

Transient periodicals posted in Canada must be prepaid by postage-stamp. This class includes all periodicals of whatever description posted otherwise than from the office of publication.

Printed circulars, prices current, or hand bills, and other printed matter of a like description, and books, bound or unbound, passing as above, will be charged a rate of one halfpenny per ounce or fraction of an ounce, whether sent singly or in packets to one address, under the weight limit of 4 lbs. per packet.

Bound volumes of any periodical or newspaper published in Canada, if bound in a form to come within mailable dimensions, that is to say, not exceeding two feet in length, breadth, or thickness, nor four pounds in weight, may be sent from the office of publication to any place in Canada, at a charge of one penny per 8 oz., or fraction of 8 oz.; and this rate will apply to such volumes, whether the separate numbers of the publication or paper be free from postage or otherwise. Also, packets unbound of such periodicals or papers may be returned by a subscriber to the office of publication, at the same rate of charge, viz., 1d. per 8 oz.

Prepayment of the foregoing rates on periodicals and circulars and all other printed matter will be optional, except when addressed to the United States or British West Indies; and in such cases the charge must invariably be prepaid. Further, on all such printed matter received from the United States and British West Indies, the Canada rate will always remain to be collected by the delivering postmaster in this Province.

Circulars and other printed papers must be sent unsealed to pass as such; and pamphlets, periodicals, magazines, books, &c., must be put up in covers open at the ends or sides, so that the character of the matter may be seen, and are subject to the same restrictions as to the presence of writing and penalty of letter postage for infringement of regulations, which are hereinbefore detailed as applying to newspapers.

POSTAGE STAMP FOR PREPAYMENT OF NEWSPAPERS, PERIODICALS, DROP LETTERS, &c.

To supply a medium for the prepayment of transient newspapers and periodicals, and of drop or town letters, a postage stamp bearing postage value at one halfpenny each, is supplied to postmasters, for sale to the public at all the principal Post offices. Though specially intended for the lesser rates of postage charge, these stamps, if affixed to a sufficient amount, will prepay ordinary letters.

Periodicals when sent in packets to one address, within the limit of 4 lbs. to each packet, will pass at the rate of 3d. per lb. or fraction of a lb.

BOOK POST WITH ENGLAND.

The Rates and Regulations are as follows:—

1. A book packet may contain any number of separate books, publications, works of literature or art, almanacs, maps or prints, printed letters, and any quantity of paper, vellum or parchment (to the exclusion of written letters whether sealed or open); and the books, maps, paper, &c., may either be written, printed or plain, or any mixture of the three, and may be either British, Colonial, or Foreign.

2. The name and address of the sender, or anything else not in the nature of a letter, may also be written or printed upon the envelope or cover of the packet, in addition to the name and address of the person to whom it may be forwarded.

3. All legitimate binding, mounting, or covering of the same, or of a portion thereof, will be allowed as part of the packet, whether such binding, &c., be loose or attached, as also maps, and whatever may be necessary for the safe transmission of literary or artistic matter, or usually appertains thereto, and the postage is to be rated upon the gross weight of the packet.

4. The rates of postage on such book packets are,—

For a packet not exceeding 4 oz. in weight.....	3d. Stg.,	4d. Cy.
" " exceeding 4 oz. and not exceeding $\frac{1}{2}$ lb.....	6d. "	7 $\frac{1}{2}$ d. "
" " " $\frac{1}{2}$ lb. " " 1 lb.....	1s. 0d. "	1s. 3d. "
" " " 1 lb. " " 1 $\frac{1}{2}$ lbs. ....	1s. 6d. "	1s. 10 $\frac{1}{2}$ d. "
" " " 1 $\frac{1}{2}$ lb. " " 2 lbs. ....	2s. 0d. "	2s. 6d. "
" " " 2 lbs. " " 2 $\frac{1}{2}$ lbs.....	2s. 6d. "	3s. 1 $\frac{1}{2}$ d. "
" " " 2 $\frac{1}{2}$ lbs. " " 3 lbs.....	3s. 0d. "	3s. 9d. "

And so on, increasing 6d. sterling for each additional half pound or fraction of half a pound.

5. The following conditions must be carefully observed, as prescribed by the Imperial Post office :—  
 Every book packet must be either without a cover or in a cover open at the ends or sides.  
 It must not contain any written letter, open or sealed, or any sealed enclosure whatever.  
 No packet must exceed two feet in length, breadth, or width.

The postage of book packets must be paid in advance by postage stamp.

Should a book packet be posted unpaid, or with a prepayment of less than 3d., or be enclosed in a cover not open at the ends or sides, or should it exceed the dimensions specified, such packet cannot be forwarded, and must be sent to the Dead Letter Office. But when a book packet shall have been posted and insufficiently prepaid, and it shall appear that the single rate of 3d. sterling at least has been paid, such packet is to be forwarded, charged with an additional postage equal to the deficiency, with another single rate as a fine.

Should any letter, whether sealed or unsealed, or any enclosure, sealed or otherwise closed against inspection, be found in a book packet, such letter or other enclosure is to be forwarded, charged as an unpaid letter, with an additional sum of 6d. by way of penalty. The packet itself is, however, to be forwarded at the ordinary book charge.

6. Printed votes and proceedings of the Imperial Parliament and Colonial Legislatures are subject to the above charges and regulations when sent by book post between Canada and the United Kingdom.

7. All book post matter intended to be sent to the United Kingdom from Canada must be forwarded upon Quebec for transmission either *via* Halifax, or, in summer, by Canadian steamer.

Books cannot be forwarded except at letter postage rates by the mails sent to England through the United States.

**BOOK POST WITH FRANCE.**

Under an arrangement concluded between the British and French Governments, provision is made for the transmission through the British mails between Canada and France, and between Canada and certain foreign countries hereinafter named, through France, of printed papers of every kind, whether newspapers, prices current, periodical works, stitched or bound books, pamphlets, sheets of music, catalogues, prospectuses, announcements or notices of various kinds, and whether printed, engraved, or lithographed, at the following rates of charge :—

		British and French Charge combined.	
For a packet of such printed matter, or single newspaper, book,			
	pamphlet, &c., not over 2 ounces in weight.....	2d. Stg., equal to ..	2½d. Cy.
For ditto, exceeding 2 ozs. and not exceeding 4 ozs.....		4d. " do ..	5d. "
" " 4 ozs. and not " 8 ozs .....		8d. " do ..	10d. "
" " 8 ozs. and not " 1 lb .....		1s. 4d. " do ..	1s. 8d. "
" " 1 lb. and not " 1½ lb .....		2s. 0d. " do ..	2s. 6d. "
" " 1½ lb. and not " 2 lbs .....		2s. 8d. " do ..	3s. 4d. "

And so on increasing 8d. sterling (equal to 10d. currency) for each additional half pound in weight.

Prepayment will be optional, except when such printed matter is addressed *via* France to Spain.

On transient papers and periodicals prepayment by stamp of a halfpenny each is required.

The above postage rates comprise the whole British and French charge; and as no Provincial rate will be imposed, there will be no further charge when such printed matter is forwarded by the Canadian line of mail steamers, or by way of Quebec and Halifax, Nova Scotia, and by the fortnightly British steam packets between Halifax and Liverpool; but when forwarded or received in the ordinary weekly mails to and from England *via* the United States, there will be a transit charge payable to the United States, and in addition to the above rates, of 1d. currency for each newspaper, without reference to weight, and of 5d. sterling, equal to 6½d. currency, per ounce, for printed papers other than newspapers. This United States transit rate on printed matter for and from France, conveyed by that channel, must always be collected and accounted for by the Canada Post office, as well on the delivery here of such printed matter when received as at the time of posting when sent from Canada.

The book postal regulations between Canada and Great Britain apply also to matter between Canada and France.

If any of these regulations be disregarded the packets will either be detained by the British Post office or forwarded charged as unpaid letters.

List of countries and places embraced in this arrangement :—

France and its dependencies (Algiers, &c.).

French offices in the Levant, viz., Alexandria, Alexandretta, Beyrout, Constantinople, Dardanelles, Gallipoli, Jaffa (Syria), Latakia (Syria), Messina (Turkey in Asia), Mytelene, Rhodes, Smyrna, Tripoli (Syria).  
 Baden, Bavaria, Greece, Lucca, Majorca, Minorca, Modena, Papal States, Parma, Placentia, Sardinia, Two Sicilies, Spain, Switzerland, Syria, Tripoli, Tunis, Tuscany, Venetian Lombardy, Wurtemberg.

NOTE.—Printed papers addressed to these countries are forwarded as a rule through France.

**GENERAL OBSERVATIONS.**

Addresses upon all mail matter for Canada should express the name of the Post office from which it is intended that the letter or package should be delivered, and care should also be taken to give the designation of the township or county in which such Post office may be situated.

It is also desirable that the Christian as well as surname of the person addressed should be given.

Addresses should be carefully and distinctly written.

Before mailing a letter for British colonies beyond sea or for Foreign countries, the writer should satisfy himself as to whether prepayment to destination be optional or not.

**MONEY ORDER SYSTEM OF CANADA.**

I. Money Order Offices are divided into **FIRST** and **SECOND** Class.

II. Both classes may draw for any sum on one Order up to £100 upon **FIRST** Class Offices, and for any sum up to £50 on one Order upon **SECOND** Class Offices.

III. When Money Orders exceeding £25 in aggregate amount are issued in one day, and to the same person by one or more Offices, upon a **Second** Class Office, the Postmaster of the Office drawn upon will be at liberty to defer the payment of such Orders for three days.

IV. The Money Orders shall be made out upon Forms supplied by the Head Office, and no Order will be valid or payable unless given upon the regular Printed Forms.

V. Persons applying for Money Orders will be required to state the particulars upon a Form of Application provided for that purpose.

VI. If, in consequence of error or misapprehension in giving the name of the place of payment of a Money Order, the purchaser should desire to have the same changed, the issuing Postmaster will take back the first Order and issue another, for which he will charge commission, as on a new transaction.

VII. When a mistake in the name of the Payee, or person who is to receive the Money, has been made by the Applicant for a Money Order, the erroneous Order may also be taken back, and a new one granted, for which a second commission will likewise be exacted.

VIII. Parties procuring Money Orders will please to examine them carefully, to see that they are properly filled up and stamped. This caution will appear sufficiently important when it is understood that an Order defective in any important respect will throw difficulties in the way of its payment.

IX. When a Money Order is presented for payment at the Office on which it is drawn, the Postmaster, or Clerk employed, will use all proper means to assure himself that the Applicant is the party named and intended in the advice; and upon payment of the Order will be careful to obtain the Signature of the Payee to the Receipt at foot.

X. When through illness, or other insuperable difficulty, the Payee is prevented from presenting the Order in person, the Postmaster will be at liberty to accept a written order on the back in favour of a second person, provided always that such written order is satisfactorily proved to be genuine.

XI. Any Money Order Post Office may repay an order issued by itself, but only to the party who obtained it. The charge or commission, however, shall not in any case be refunded.

XII. The charges or commissions for Orders will be as follows:—

Under and up to £2 10s.....	3d.	Over £20 0s., not exceeding £22 10s.....	2s. 3d.
Over £2 10s., not exceeding £5 0s.....	6d.	do 22 10s., do	25 0s.....2s. 6d.
do 5 0s., do	7 10s.....	do 25 0s., do	30 0s.....3s. 0d.
do 7 10s., do	10 0s.....1s. 0d.	do 30 0s., do	35 0s.....3s. 6d.
do 10 0s., do	12 10s.....1s. 3d.	do 35 0s., do	40 0s.....4s. 0d.
do 12 10s., do	15 0s.....1s. 6d.	do 40 0s., do	45 0s.....4s. 6d.
do 15 0s., do	17 10s.....1s. 9d.	do 45 0s., do	50 0s.....5s. 0d.
do 17 10s., do	20 0s.....2s. 0d.		

Thus far for Orders on *First* and *Second* Class Offices, and by additional commissions of 6d., between every £5 from £50 up to £100, for Orders on *First* Class Offices only.

N. B.—No halfpence to be introduced in the Orders.

RAILROAD AND STEAMBOAT ROUTES IN CANADA,

Showing all the Places, with their distances, on each ; as also the Routes in the United States with which those in the Province connect.—Montreal being the chief centre of Canadian traffic, and the means of transport very frequent, no direct connections in regard to that City require to be noticed : Travellers proceeding East, West, or South, need suffer at any time but very trifling detention.

The Routes described under Letters are Main Lines, having a direction generally East and West; those under Numbers are Subsidiary or Intermediate. The Places in Italics in this and three following pages can be reached by two or more Routes.

It is hoped that the foregoing description of Routes through Canada and their connections with those in the United States, with the following Table, will not only be deemed sufficiently explicit for the general traveller, but that it will especially serve as a protection to the strangers who annually land on our shores from the very serious mistakes to which their ignorance of the country renders them liable. They will not fail to observe that throughout these Routes and Table the Port of Quebec is assumed as a starting point; that the first three columns of the Table express the exact situation of any place in Canada which may happen to be their destination, and to which it should be their first object to proceed on their debarkation at Quebec; and that the last column shows the nearest point most accessible by Railroad or Steamboat. The importance of a correct knowledge in this respect may be seen from the fact, that an unnecessary travel of twenty miles by stage or by a specially hired vehicle would probably cost an immigrant family nearly as much as the whole of their inland transport besides. In cases where the Main Routes run in a parallel direction, or to the same terminus, it has not been thought proper here to exhibit any preference; but rather to leave each immigrant to decide for himself, according as he may be governed by the value of his time, the amount of his means, and his other peculiar circumstances. It should, however, be observed that No. 14 is a cheap but tedious Route, and is, therefore, chiefly used in cases requiring the transport of families or considerable baggage: persons unincumbered in these respects generally prefer to travel by the regular stages from Brockville and other points convenient to destinations on the route of the Rideau River and Canal.

# TABLE

## SHOWING THE PROXIMITY OF THE RAILROAD STATIONS AND LANDING PLACES TO THE CITIES, TOWNS, AND VILLAGES OF CANADA.

*The Letter or Figure after the Names, in the Fourth Column, shows the Route in which the Place is to be found.  
The Places printed in italics, in the Second Column, are Seigniories, Fiefs, or Baronies.*
