LIBERAL LEADER LESAGE HERE ON FLYING VISIT

Planned For Construction

Hospital At Fort Coulonge; Homes At Shawville And Bay

Architect Rene Richard of Hull is busy now with plans for a 35 bed hospital to be built at Fort Coulonge and a 65 bed old folks home for Campbell's Bay. It is expected that construction on both will begin this summer.

At Fort Coulonge the hospital will be directed by the Sisters of the Sacred Heart of Jesus of Ottawa and will be called St. Camille Hospital.

It will be built on Morrison's Hill, will cost about \$500,000, be a storey and a half and take about a year to construct. English and French speaking nuns, doctors and nurses will staff the hospital.

At Campbell's Bay the old folks home, to be named Manoir St. Joseph, will be under the direction of the Sisters of St. Joseph of Pembroke. This home will be for the use of both English and French speaking Roman Catholics of the area, while a further 30 bed establishment, being designed by the firm of Burgess, McLean and MacPhadyen will be built in Shawville for elderly Protestants.

The plans for St. Joseph's Manor at Campbell's Bay are unique in Quebec and per-

haps in Canada. The building will promote a family atmosphere among the occupants. Cost will be about \$250,000.

There will be a central pavilion with four spokes at the end of each of which will be a wing. Two of these wings will have 20 single rooms, each with private bathroom. The third wing will have 12 double rooms for married couples and the fourth wing will house the administration offices, the infirmary, and a residence for six nuns.

The central part of the building will contain the chapel, kitchen, meeting rooms and a promenade. Each spoke connecting the central halls with the residence wings will contain a dining room, living room, places for reading, music and television. In the basement, under the central pavilion will be the laundry, store room, repair shop, heating plant and refrigerator room.

The institution will be one storey high and so built that further expansion could house another 40 people. Gardens and walks will be situated throughout the grounds between the wings and the central pavilion.

LIONS BAND CONCERT
SATURDAY JUNE 4

Explains Plans For Better Administration

Davidson was the setting this morning of the very dramatic arrival by air of Mr. Jean LeSage, leader of the Liberal Party of the Province of Quebec. Not a stranger to Pontiac, Mr. LeSage had been in Fort Coulonge as recently as two years ago and he said he could still see the many needs of this County.

A small crowd had gathered at the beach to greet him. As the plane landed and taxied towards the beach, all was silent but the minute Mr. LeSage set foot on the little row boat that served as a landing barge, applause broke out. Their smiling leader then shook the hand of every Liberal there assembled and a caravan was formed of the cars for the ceremonial drive to Fort Coulonge.

The reason Mr. LeSage and his party were escorted over the 70 year old covered Bryson bridge, so recently threatened by a log jam during the flood, was explained by Mr. E. C. Lawn. He said they wanted the Liberal leader of Quebec to use a Mercier Bridge, not a Duplessis one.

At the Parish Hall in Fort Coulonge, a good crowd was on hand, filling the hall and overflowing into the parking area in front. Wyman MacKechnie took charge of the meeting, Mayor F. X. Bertrand greeted the guest of honour, four other Pontiac Mayors, Hugh Proudfoot, Oscar Laflamme with his two beautiful daughters, candidate Wallace MacDonald and Oswald Parent were all on the platform with the Liberal leader.

Wallace MacDonald assured Mr. LeSage that his next visit

would be as Premier of Quebec and without any delay, except for repeated standing applause Mr. Jean LeSage gave his address.

He said there is a lot to be done here both in building, bridges and to improve working conditions generally in various fields of work. He said "we have to have a policy" in agriculture among other things.

Mr. LeSage said he intended to see industry decentralized, prices stabilized and a replacement (Continued on Page Six)

Hilton Mines Offers To Provide Shawville Rec. Leader For July

Tuesday night the Shawville and District Home and School Association held their last meeting of the year in the form of an informal pot luck supper in the High School Cafeteria.

About forty members attended. A brief business meeting was held at which it was decided to present Principal Hagen with money to be spent at his discretion for prizes to members of the graduation class. These money prizes will be given out at the High School Graduation program this month.

Another decision at the business meeting was to name an Awards Committee to organize the annual awards night in the fall.

Mrs. Jack Russell gave a report on the Western Regional Home and School Meeting at Hull and Mrs. Don Dods and President Jack Russell reported on the Provincial Conference at Montreal.

Jack Russell also reported from the Shawville and District Recreation Committee that interesting progress is being made.

The Shawville and District Recreation Association is fast taking shape. Being the brainchild of the Home and School, it has met three times.

At present Renfrew Recreation Association's Herb Rushell has notified the Shawville group that he can provide a recreation leader to Shawville for July and August, "of the

very highest calibre".

The Hilton Mines has offered to pay this leader's salary for the month of July and temporary chairman Jack Russell feels confident that the August salary can be raised.

Several important decisions must be made before the program goes into motion and to this end another meeting is called for Tuesday, June 7 at eight pm in the High School. Everyone in Shawville will be effected by the summer recreation program being planned and every organization is invited to send a representative to the meeting. It would be advisable, if the representative can't attend, to send an alternate.

Shawville Takes Top Spot In U.O.V Baseball League

Shawville needed two runs in the ninth inning to earn a 3-3 tie with Sheenboro in a closely fought Upper Ottawa League baseball game last Sunday in Sheenboro. The draw gives the Tigers sole possession of the league's top spot.

Once again the young right-hander Bryan Murray pitched all the way for Shawville. He scattered seven hits, fanning six and walking no batters. Paddy O'Donnell was his batting mate. Ken Walker, ano-

ther young righty, pitched efficiently for eight innings on the Sheen Hill, giving way to big brother Ed Walker in the ninth. Ken allowed 10 hits, struck out six and walked none, while Ed fanned one batter, walked one, and gave up no hits in his relief job. J. Michaud was the catcher.

Sheenboro led all the way, scoring once in the first and second inning. Shawville got one back in the fifth but fell behind 3-1 in the seventh. Ar-

BAND CONCERT

The Lions Club drive for funds gets underway on Saturday of this week, when the Band of the Governor General's Foot Guards will hold a band concert on the grounds of Shawville High School in honour of the occasion.

Band concerts, particularly by a band of the calibre of the GGFG, are sufficiently rare in Pontiac that this one will undoubtedly be attended by just everybody up and down the County who can get there.

With the Lions, we are hoping for good weather that day so the concert can be held outdoors. With the Lions, too, we hope that those who attend will contribute generously when the hat is passed at the concert.

The sum to be raised for the Home is large — amounting to \$50,000. A recognition of the need for the Home here may help those who attend Saturday's concert to reach deeper into the pocket, and so get the drive off to a really good start.

The sum to be raised for the Home is large — Shawville, at an estimated cost of \$150,000, of which the provincial government has agreed to pay \$100,000. The Home will serve the needs of the protestant population of Pontiac County, and will be built on a site in Shawville. Three or four sites are at present under consideration, but none has yet been selected. The Home will have accommodation for 36, of which probably six will be staff.

\$5.00 WILL PUT YOU ON THE MAP

In Ottawa there are a number of tourist information offices. One is right in the middle of the new Sparks Street Mall. At these booths are numerous maps and folders of tourist attractions in the Ottawa area. The area includes all of Pontiac County but there is nothing there about us and one very good reason is that we haven't got a tourist map to put there.

Now, this month, June, 1960, the Pontiac Printshop is going to publish a tourist map of Pontiac County and distribute it to these Ottawa outlets. Anyone who provides any service for tourists is eligible for mention on this tourist map. Boats for hire, fishing licenses, good meals, overnight accommodation outfitters and guides, ferries, hotels, theaters, buslines, supplies, sports facilities are some of the items we want to include. Information for the map must be mailed immediately. Your check for \$5.00 (or money order) should accompany your listing.

Natural attractions will appear on the map at no charge of course but we'll need to be notified of these right away too.

Our artist will start work on the map as soon as we have enough information to start on so hurry and get yourself on the map.

Write to Pontiac Printshop, Shawville, Que. and include the exact nature of what you have to offer potential tourists and the exact location.

We'll see you get on the map and with your cooperation, this Tourist Map of Pontiac will be in the hands of the touring public this month.

Farm Production And Price Trends Noted By B of M

Developments outside Canada may affect farm production and prices here more in the future than has been the case recently, according to the Bank of Montreal Business Review for May, just issued.

The review draws attention to the recent decline in beef prices as both Canadian and U.S. herds have increased in size. It also points to the fact that pork prices have been lower since the introduction of deficiency payments, noting that U.S. hogs can now enter Canada for the first time since 1952.

So far as wheat is concerned it is essential to consider sales prospects in a world perspective, the review says, especially in the light of postwar gains in the U.S. share of the world market.

Total wheat exports for the current crop year are expected to approach the previous years level of almost 300 million bushels, the B of M says. This would mean that combined export and domestic requirements would exceed the estimated total crop so that a further reduction in the "carryover" could be achieved.

Livestock Adjustments

In contrast to wheat farmers, who are interested in worldwide supply and demand, Canadian livestock producers are concerned almost exclusively with the Canadian and U.S. markets, the review adds.

As it is, U.S. herds are increasing steadily and as a result there may be a further drop in Canadian cattle exports south of the border.

In hog production, the review notes that the embargo against importation of American animals imposed in 1952 has now been lifted. As a result, it can be expected that U.S. pork prices will influence Canadian prices.

Even so, the outstanding single factor for Canadian hog producers today is the new deficiency — payment system, the B of M believes. Now four months old, the plan has been at least partly responsible for hog marketings falling from the highest-ever figure of 262,000 in the week immediately

was granted to each request. Mrs. McMillan and Mrs. Lambert reported on prices and where to get tables; the basement of the church is to be gone over again.

The annual strawberry supper is to be held again the latter part of June. Committee in charge Mrs. C. Young, Mrs. P. Ballantyne, Mrs. Barber and Mrs. C. Russell. Final arrangements for the wedding dinner to be served were made.

A pleasing part of this meeting was the stork shower for Mrs. Gerard. A lovely array of gifts were opened by Mrs. Gerard who thanked all for their thoughtfulness and kindness.

There were 21 sick visits. The meeting closed with the mizpa benediction. Tea was served by the hostess and a happy hour spent.

Rt Worshipful Orange Lodge Meets At Pine Lodge, Bristol

The Rt. Worshipful Orange Lodge met at Pine Lodge, Bristol on Friday afternoon with the Grand Master the Rt. W. Brother George Crobar presiding and the other chairs occupied by the junior officers. Most W. Brother R. S. Smith was appointed chaplain in place of Rev. Jacques Smith who was unable to be present.

After the opening ceremonies various committees were appointed and the Grand Masters address, the Grand Secretary's Report and the Grand Treasurer's report were read. These all showed splendid work done during the last year with an increase in membership due chiefly to the work in the Shawville area.

Divine worship was held in Bristol Memorial Presbyterian Church which was taxed to capacity by the men of the Grand Lodge and the ladies of the Grand Lodge of the L.O.B.A. The service was conducted by the Rev. R. S. Smith assisted by Rev. R. G. Elliott, and Rev. John Hodgson of Ontario East and Rev. L. Emard who preached the sermon. His subject being "Companionship with Christ". Mrs. Hammond presided at the organ. Among the visitors to the Grand Lodge were:

Most W. Brother John Hammond General Agent of the Orange Insurance; R. W. Brother, John Hodgson, Past Gr. Master of Ont. East; R.T.W. Brother Morgan Brown, Grand Master of Ont. East and the Deputy Grand Master of Ont. Rt. W. Brother A. Milligan.

Friday evening was devoted to a banquet and an address by the Rt. W. Brother Werry

tely prior to the start of the plan to the subsequent average of only 148,000 weekly.

But, continues the review, "domestic consumption of pork in 1959 was at a very high level, nearly 20 per cent above 1958, no doubt as a result of relatively low prices. With prices still lower in 1960 to date, domestic consumption has been maintained at close to last year's level."

Adequate Milk

In dairy farming, the bank says a broad measure of price support is accorded to the industry "to ensure income stability to milk producers and an adequate and continuous supply of milk."

"In addition price supports have been used to influence the pattern of milk utilization in order to effect a balanced output of different dairy products," and recent changes in the structure of price supports have partially achieved this objective, the B of M review adds.

B. C. regarding the Orange Home and its work.

The Grand Lodge received a delegation from the Grand Lodge L.O.B.A. with great pleasure on Saturday morning. In the afternoon a deputation from the Grand Lodge waited up the Ladies Grand Lodge. The members of the delegation were Most Worshipful Bro. John E. Hammond, Rt. W. Brother Morgan Brown, Rt. W. Brother Harry Butler and the Most Worshipful Brother Rev. R. S. Smith.

The election of officers was as follows:

Immediate Past Master, Rt. W. Brother George Crobar, Grand Worshipful Master, R. W. Brother Roderick Brown; Deputy Grand Master, R. W. Brother Raymond Reside; Junior Deputy Grand Master, R. W. Brother Edward Burke; Grand Chaplain, Most W. Brother

There were over a hundred delegates registered and they came from all parts of the province. Among the guest speakers were Most Worshipful Brother E. Hammond; Rt. Worshipful Brother Morgan Brown; Worshipful Brother Harry Thompson; R. Worshipful Brother Rev. John Hodgson and others.

a challenge down the ages . . . and one that has been met in Quebec by the National Union since 1944 with mounting success and achievement.

At the unbelievable rate of 6 new schools a week for 10 years the need has been met . . . more than 20,000 modern classrooms in which to train the minds of the coming generations in the new techniques of the 20th century.

And at the level of higher education, after planning and travail against seemingly insurmountable odds . . . a formula for aid to higher education that is already being lauded across the

country as 'the only way' to more and better educational opportunities for more young men and women . . . The problem of university grants has been settled to the satisfaction of all, a solution proposed by Hon. Paul Sauvé and finalized by Premier Antonio Barrette. PLUS — a trade and specialized school setup of over 90 institutions that is the envy of every other province, and is fitting thousands of Quebec youth for their place in the modern world . . . a place in which they can make their way . . . through the skills at their command.

ment of all Union National policies which he stated "are only based on electoral promises".

LeSage promised he would rid the Province of a government based on graft and electoralism. He would restore dignity to the job of MLA which he said has been debased to the point where Members are merely voting machines and

airand boys.
"There will be no more electoral patronage" he said. "Benefits will be more and better", he said "through honest administration". He specified supplementary benefits for old age pensioners and family allowances for children over 16 who are still in school, among others.

"Making a change now", said LeSage, "isn't taking much of a chance". His parting words were directed to those who

have heretofore been of other political creeds. To those he extended an invitation to join with the Liberals. "You are welcome, said Mr. Jean LeSage "to our party".

The meeting then came to a close with thanks being given to the guest by Oscar Laflamme.

Grant MacDonald, minister of St. Andrew's Presbyterian Church, Fort Coulonge for the past three and a half years has received a unanimous call from St. Andrew's Presbyterian Church, Fenelon Falls, in the Presbytery of Lindsay. Mr. MacDonald will leave Fort Coulonge the middle of June to take up duties in his new charge.

Born in New Glasgow, N. S. Mr. MacDonald was educated in the public and high schools of that city, he received his B. A. from Acadia University in Wolfville, and his theological

Value Of Farm Wife

Just a little clipping found in the little leaflet, "The Farmers' Voice", published by Quebec Farmers Association.

Perhaps some of the wives would like to know how much they are worth.

How Much Is A Farm Wife Worth?

A specialist at Washington State University says more than \$2000 a year absolute minimum. Another study of the minimum cost of replacing the service of a wife and mother in a home established a figure of \$5,800. Costs were calculated for services of a housekeeper, baby sitter, cook, nurse and governess.

This is the minimum and it doesn't include the love, the devotion, the overtime, the counselling, the companionship and in many cases the contributions made to the family income by part-time or full-time working wives and mothers. And how can you assess the value of a farm wife who works side by side with her husband and family, gardening, helping in busy seasons in the field and in the barn, keeping farm accounts? (Isn't it time that we mere men wakened up to the fact that our most valuable asset is a neatly proportioned bundle of enticing humanity, our wives.)

Rev. W. J. Smith, Bishop of Pembroke Confirms Class of 58 At Bryson

K. McDonald of Quyon. The sponsors for the children for confirmation were Mrs. Rheal Sicard and Mr. Fred Coyne. A large number of parishioners were present to welcome the Bishop and to take part in the ceremony. Six Records Broken

Yemen Breaks Two Speed Records As Blues Win H. S. Track Meet

The Annual Shawville High School Track and Field Meet was won by the Blue House with a total of 223 points. They were followed by Brown—148; Red—142½; and Yellow—116½ points.

The Meet, which was held at the Shawville Fair Grounds, May 27/60 saw six records broken and one tied. Albert Armstrong tied the record for the Senior Boys 100 yd. dash with a time of 11 seconds.

Jim Graham set a new record in the 12 lb shot put event with a toss of 36 ft. 5 in., breaking the old mark of 32 ft 6 in. The Senior Red House broke the old record of 1:51 for the 880 yd relay with a time of 1:46.

Helen Stark cleared 4ft 2 in. to break the record of 4ft 1 in. in the Senior Girls high jump.

Speedy Doug Yemen broke two records in the Intermediate Division, breaking the old time of 11.1 sec. in the 100 yd

dash in the record time of 11 seconds; also the 220 yd. dash mark of 25.8 sec. topped as Doug made a 25.3 second run.

In the Junior Boys Division Bruce Hobbs, who is rated as one of the best track and field prospects in SHS, broke the broad jump record of 14 ft. 6 in. with a new mark of 15 ft 10¾ in.

The Senior Boys mile open was the most exciting race of the day. Wayne Chamberlain took an early lead and held it until the last fifty yards of the race. Then, Albert Armstrong, coming up from the rear, passed Wayne and it looked as if he had the race. But Chamberlain, running only with a pair of socks on his feet, summoned up his reserve energy and passed Albert about 20 yards from the finish line to win the race.

The Physical Education Department wishes to thank all who made the Field Day a

success, especially to the teachers of SHS.
