French Cabinet Takes No Action On Commission's Verdict On Reparations

Cabinet Simply "Took Cognizance" of the Decision of the Reparations Commission on the German Moratorium Question, Neither Approving Nor Disapproving It—Specifically Reserved "Entire Liberty of Action" in Case Later Developments Made Other Action Necessary—Commission to Consider at Later Date Germany's Request for Moratorium of Several Years.

(Associated Press Despatch)

PARIS, Sept. 1.—The French Cabinet today simply "took cognizance" of the decision of the Reparations Commission on the German moratorium question, neither approving nor disapproving it. It specifically reserved, however, "entire liberty of action," in case later developments made other action necessary.

The Cabinet held that inasmuch as no moratorium had been granted Germany it could only "recognize" the situation, but it insisted that a conference should be called, attended by all the Allies without exception, at which the questions of inter-Allied debts and reparations should be fully considered.

The decision of the Commission suspends further cash payments from Germany this year, on the condition that Belgium's priority claims be met with short term notes.

Premier Poincaré was won over to the settlement yesterday only after a very definite statement had been circulated in Allied circles that independent action by France against Germany at the present juncture would be construed in London and Rome as nullifying the treaty of Versailles. Consequently no doubt was felt this morning that the Cabinet would, although perhaps reluctantly, endorse the Commission's resolution.

The first effect of the decision is to take the reparations question out of the hands of the Commission for the present, and to make it a matter for negotiation directly between the Berlin and Brussel Governments. Belgium is left to determine what guarantees she deems necessary to acceptance of the short term notes.

BELIEVED THAT SPEEDY AGREEMENT WILL BE REACHED

Should the two countries fail to agree on the necessary guarantees, Germany then is required to deposit an unfixed sum of gold with some foreign bank, approved by Belgium. It is believed, however, that a speedy agreement will be reached, as Herr Schröder, the German spokesman, yesterday, virtually promised M. Delacroix, the Belgian representative, that Germany would give any guarantees demanded.

The decision also anticipates an Allied conference in the near future at which a reduction of the indemnity to about fifty billion gold marks, and the settlement by cancellation of the Inter-Allied debts will be considered.

CONSIDER REQUEST FOR MORATORIUM AT LATER DATE

The Reparations Commission promises to consider at a later date Germany's request for a moratorium of several years' duration.

This will be taken after a new scheme for radical reform of Germany's finances, including the balancing of the budget, is presented to the Berlin Government.

The relief granted at the present time is for the purpose of giving the Commission time in which to complete the new scheme of reform and Germany opportunity of carrying it out.

ANTICIPATE RELIEF AFFORDED BY MORATORIUM WILL ENABLE GERMANY TO FLOAT A NUMBER OF LARGE LOANS

(Associated Press Despatch)

PARIS, Sept. 1.—The reparations commission anticipates that reforms, and the relief afforded by the virtual moratorium for the remainder of this year, will permit Germany to float large external and internal loans, the latter to be used partly to pay reparations and partly to rehabilitate the country's finances.

The manner in which the decision was arrived at was dramatic. M. Dubois, the French representative and president of the commission, held up the meeting for an hour and a half while he pleaded with Premier Poincaré to accept the compromise and thereby preserve against Germany the united front of the Entente.

He returned to the meeting on the run, and when he breathlessly announced the French acceptance, the members of the commission restrained a cheer with the greatest difficulty, and immediately took their unanimous decision.

Premier Lloyd George, of Great Britain, is also believed to have approved the plan over the telephone only a few moments before the decision was announced, and the Italians and Belgians are known to have been in telephonic communication with their capitals during the late afternoon. Thus the decision came primarily from the very seats of the Entente governments.

THE WEATHER

SHOWERS IN SOME LOCALITIES TOMORROW

Pressure continues high over the eastern portion of the continent, while a trough of low extends from Saskatchewan southeastward over Nebraska and Kansas. Except for scattered showers in the West, the weather has been fine over the Dominion.

Forecast: Moderate winds, fair today. Saturday: Fresh southeast and south winds, showers in some localities.

MANY ATTEMPTS BEING MADE TO WRECK TRAINS

Burning and Dynamiting of Bridges and Other Railway Property in U.S. Continues.

(Associated Press Despatch)

CHICAGO, Sept. 1.—The disclosure of a new train wrecking plot, an attempt to blow up a train, the burning and dynamiting of bridges and other railway property, greasing of tracks, slugging of workers and other acts of lawless violence, marked the strike of the railroad shopmen throughout the country yesterday. A pile of debris heaped in the path of an expected Chicago train near Spring Lake, Iowa, was reported to have resulted in the death of one man and the injury of three others when a motor hand car on which they were riding in advance of the train, struck the obstruction.

An attempt to blow up a Chicago and Alton train, near Alton, Ill., the bombing of a bridge in Wilmington, Del., and the burning of seven bridges on the "cotton belt line," also were reported simultaneously, with the arrest of three men in Chicago, charged with a plot to dynamite and wreck the New York-Chicago "Western Express."

LITTLE HOPE IS HELD FOR LIVES OF GOLD MINERS

Fearing Rescue Crews Would Pierce Depths of Mine Too Late to Save Comrades.

(Associated Press Despatch)

JACKSON, Cal., Sept. 1.—Fear that the rescue crews would pierce the depths of the Argonaut Gold Mine too late to save forty-seven entombed miners was growing this morning on the fifth day of the nerve-racking task of tunneling through several hundred feet of rock and earth.

Officials agreed that the workings could not be penetrated before next week. The fire in the shaft which imprisoned the miners last Sunday is believed to be virtually out, but huge timbers, saturated with oil, still smoulder, and the heat below the 2,500 level is intense. The boring operations to open a tunnel to the miners are in progress from the Kennedy Mine, adjoining the Argonaut.

Heavy Fighting Is Reported In City And Suburbs Of Cork—Rebels Are Beaten Back

Communications Between Dublin and Cork Cut—Free State Forces Register a Decisive Victory When Attacked by Rebels at Bantry—Prominent Rebel Leader Was Killed.

(Associated Press Despatch)

LONDON, Sept. 1.—Telegraph and telephone communications between Dublin and Cork were cut today, according to a Central News message from Dublin. Heavy fighting was reported in the city and suburbs of Cork. Four British garrison artillery men on their way to Queenstown from Cork were fired upon and seriously wounded.

RUMORS THAT GRIFFITH WAS POISONED.

(Associated Press Despatch)

DUBLIN, Sept. 1.—Reports that Arthur Griffith was poisoned circulated in Dublin at the time of his death three weeks ago, have again become prevalent. Inquiry among the physicians who attended the Daily President have evoked the categorical statement that he died from natural causes, probably from heart disease.

A leading physician has, however, informed the correspondent that there is some talk of exhuming the body and holding an autopsy for the purpose of clearing away any doubt as to the cause of his death.

Mr. Griffith, who had been over-

working and was suffering severely from sore throat, was treated at St. Vincent's Hospital. One day as he was leaving the ship he fell unconscious and died shortly afterward. His death was ascribed to cerebral hemorrhage, but a leading physician has declared it was more probable that it was due to heart disease. The physician added that the three killed doctors who saw Mr. Griffith both before and after his attack would without question have detected the presence of any poison.

REBEL FORCES SUFFERED HEAVILY.

(Associated Press Despatch)

CORK, Sept. 1.—In fighting at Bantry on Tuesday and Wednesday the Free State forces lost one man killed and two wounded. The rebel forces suffered heavily. Gibbs Ross, a prominent rebel leader of West Cork, was among those killed.

The outcome was a decisive victory for the Free State. The rebels, incensed over their losses, are concentrating at Kealkill, preparatory to other attacks in that district.

An official statement of the fighting says four hundred irregulars attacked a small Free State garrison.

PRIZE-WINNING PERSIAN CAT

Above is Mrs. J. H. Grant, of Mimico, Ont., with her white Persian, "Snow Drop," which won first prize for the entire cat show at the Canadian National Exhibition for the best white female Persian. Puss is four and a half years old, and has ten other prize ribbons to her credit, won at cat shows in United States and Canada.

Developments In Anthracite Coal Tie-Up Today Occasioned Renewed Optimism For An Early Settlement Of The Dispute

Much Importance Was Attached to the Statement Issued by the Operators that They Will Yield on the Wage Controversy if Impelled by a "Public Mandate"—Also Announced that the Operators Will Hold Another Conference on Saturday.

(Associated Press Despatch)

PHILADELPHIA, Sept. 1.—Developments in the anthracite coal tie-up today occasioned renewed optimism for an early settlement of the dispute that has kept 155,000 mine workers in idleness for five full months.

While efforts of none of the mediators to bring the two factions together in a new conference has been successful, much importance was attached to the statement issued by the operators last night that they will yield on the wage controversy if impelled by a "public mandate."

Significance was also placed on the announcement by the operators that they will meet again on Saturday. By many this was taken to mean that their attitude will be sufficiently modified to warrant the resumption of conferences with the leaders of the mine workers some time next week, making possible a complete adjustment of their differences by the end of the week.

COAL BILL PASSED.

WASHINGTON, Sept. 1.—The administration coal bill as framed with one amendment ending control legislation at the close next year, was passed by the House and goes to the Senate.

TO FIX COAL PRICES.

(Associated Press Despatch)

TORONTO, Sept. 1.—J. A. Ellis, Ontario fuel controller, addressing the Ontario Municipal Association at its annual convention here yesterday, said he had power to fix coal prices, and would not hesitate to use his power if the need arose.

"Gentlemen," he said, "if you know any case where action is necessary, let me know."

In answer to a question as to what he would do if a dealer were to refuse to produce his coal vouchers for the controller's inspection, he replied: "I would fix a maximum price and make him sell at that."

(Associated Press Despatch)

SYDNEY, N.S., Sept. 1.—Practically complete returns this morning indicated that the miners of Nova Scotia voted about three to one to accept the Sydney wage proposal negotiated Friday night between representatives of the British Empire Steel Corporation and the miners' officers, and to thereby terminate the general strike which has paralyzed the coal industry of the province for the past seventeen days.

By Tuesday, it is expected, the miners will be back in the pits and nearly all the collieries will be working full blast to catch up on accumulated orders and shipments.

By Tuesday, also, it is thought the military evacuation of New Aberdeen will have been authorized and the troops sent to Cape Breton

TURKISH ATTACK ON GREEKS PROVED UNSUCCESSFUL

(Associated Press Despatch)

SMYRNA, Sept. 1.—An unsuccessful attack by the Turkish Nationalist forces against the Greeks on the night of the 29th, at Eski-Shehr has organized the offensive along the whole front. The Greek line has begun slowly falling back on the second defensive position between Afun Kar, Ahissar and Kintayah, west of the Bagdad Railway.

ANOTHER LARGE CROWD POURED THROUGH THE EXHIBITION GATES; RAILWAY OFFICIALS ENTERTAINED

Dr. Bachand, of St. Johnsbury, Officially Represented the State of Vermont—Judging Continued in All Branches—Large Crowds Handled Splendidly by the Gate Officials—Lambert Todd Showed Up Well in the Races—Evening Attractions Well Patronized—Main Events at Exhibition Close This Afternoon—Over 18,000 on Hand Yesterday—Cars Numbered 1,595.

ANOTHER large crowd poured through the exhibition gates all day yesterday, while the automobiles were somewhat fewer than on Wednesday, they still represented an important factor. The greater part of the day was devoted to judging, particular attention being devoted to the dog show, where some splendid exhibits from outside towns were included.

The harness races were watched by thousands and the initial local appearance of Mr. Wm. Wright's famous pacer, Lambert Todd, fully justified the many complimentary remarks previously made. In the 2:20 pace, St. Francis \$2,000 purse, Lambert Todd had little difficulty in maintaining the lead and won with ease in straight heats. At the close of the race, Mr. Wright was presented with a splendid silver trophy and Judge King announced that Lambert Todd was unquestionably one of the greatest pacers in Eastern Canada.

The industrial, horticultural and other exhibits were more closely inspected than on the previous days, and the children's department came

in for special comment. Visits to the live stock were more frequent and the splendid grades of animals were closely examined. Today's fair will probably see an even greater interest in the exhibits, as thousands of visitors, having enjoyed themselves on the "midway," will now proceed to look around and take in the less expensive items.

The vaudeville performance was again presented afternoon and evening, and the auto-polo was watched by thousands, while hundreds took in the baseball game and saw Sherbrooke defeat St. Johnsbury by a score of seven to two. The standing in the series is now Sherbrooke three games and St. Johnsbury one game.

With the exception of the races and the vaudeville, including the auto-polo, nothing special is being featured today, while tomorrow the auto-polo races are scheduled.

At the luncheon held yesterday, railway officials were very prominent, and Mr. Henry Miles, Provincial member for St. Lawrence, took the opportunity of expressing his opinion relative to freight and express rates.

RAILWAY OFFICIALS HEARD TRANSPORTATION RATES CRITICIZED BY MEMBER OF PROVINCIAL GOVERNMENT

Railway officials were the guests of the Directors of the Exhibition at luncheon yesterday and the question of lower freight and express rates, introduced by Mr. Henry Miles, was the feature of the session.

Mr. E.W. Farwell, President, paid a high compliment to Dr. Bachand, of St. Johnsbury, who was appointed by Governor Hartness of the State of Vermont to represent him at the Sherbrooke Fair, and commented very favorably upon the fact that American exhibitors at the Sherbrooke Fair were greater this year than ever before.

In replying to the toast to the United States, Dr. Bachand observed that it was a great pleasure, a great privilege and a great honor to be the guest of the Association; and particularly so when acting in the capacity of representative of the Governor of the State of Vermont. Dr. Bachand congratulated the Association on its splendid success and assured his hearers that one word in the dictionary had never changed in meaning and that was "labor." Hard work, he contended, was the only real road to success.

Mr. R.W. Newcombe of the Boston and Maine, referred to the necessity of co-operation and assured the directors that the Boston and Maine would do anything within reason to assure the success of the Sherbrooke Fair. He made mention of the fact that the Americans and Canadians should not be regarded as merely cousins but as full blooded brothers.

Mr. H.R. Charlton, of the Grand Trunk Railway, observed that he came as the special representative of Mr. W.D. Robb, the recently appointed Vice-President and General Manager of the Grand Trunk Railway System, and paid a high compliment to his chief who, he claimed, had reached the pinnacle of fame by means of sheer hard work.

Mr. Charlton stated that the development of Sherbrooke was largely due to the Grand Trunk Railway and casually mentioned that the Grand Trunk had done more for the development of Eastern Canada than any other transportation company. He added that at the opening of the Toronto Exhibition the keynote of the speeches touched upon the optimism that was prevailing throughout Canada and contended that Canada was going to be the starlight of the British Empire and gradually develop into the biggest country in the world.

Colonel George Ham, of the Canadian Pacific Railway, commented very favorably upon the same laws of the Province of Quebec and stated that there was no annual event he enjoyed more than his visit to the Sherbrooke Fair, when the inhabitants showed their big-heartedness. He concluded his remarks with a few brief anecdotes.

Mr. Henry Miles, member in the Provincial Government for St. Lawrence, touched upon the marketing of farm products in Quebec Province, and held that the prevailing freight and express rates prevented the farmers from getting equitable profits from their land. Referring to his own particular farm, representing an investment of about \$100,000, he showed that the gross return on a calf shipped to Montreal from a distance of about 50 miles was between \$9 and \$10, of which the carriers got \$1.50. Express rates on vegetables were shown to be higher and on a shipment of \$3.40, the express charges were \$1.

Mr. Miles suggested that some amelioration should be made and held that the excuse of the railways that operating costs were higher was a very poor one.

Referring directly to the Sherbrooke Exhibition, Mr. Miles, who is an old Lennoxville boy, stated that he had listened with interest to the remarks made by the Hon. J.E. Caron and the Hon. J. Nicol and he could assure the Directors of the Fair that when the proper time came he would remind them of their promise with regard to the increased grant.

QUEBEC CENTRAL RAILWAY. Mr. J.H. Walsh, general manager of the Quebec Central Railway, spoke of the valuable resources touched by the Quebec Central Railway, commenting particularly upon the maple syrup, cheese and butter products, lumber and mining. In the majority of instances it was shown that the section of the country passed through by the railway was the richest in the Dominion.

Mr. Walsh cited certain records which even the Canadian Pacific and the Grand Trunk could not equal and referred to the industry of the people in the agricultural sections which was largely responsible for its success. The speaker commented very favorably upon the railway exhibits and paid a particular compliment to the Boston and Maine.

Mr. E.W. Farwell spoke of the proposed Canadian exhibit train to France, and again expressed the opinion that Mr. J.O. Darche be given the appointment of special representative with the said train, and paid a high compliment to his efficiency and ability.

Mr. E.J. Hubert, of the Canadian Pacific Railway, explained that while he was associated with the French train which visited Canada he had nothing to do with the train going to France but that he would certainly use any influence he might possess in advancing the interests of Mr. J.O. Darche, whom he considered especially suited for an undertaking of this nature.

Mrs. Emily Sarasin and children went to Sherbrooke on Sunday, called by the critical illness of her mother, Mrs. F. Tremblay, at the Sacred Heart Hospital.

Mr. and Mrs. H. Fairbrother, who have been residents of this village for many years, have sold their property here and are leaving for the States to make their home near their children. They are stopping a few days at the home of Mr. and Mrs. Harry Aldrich before leaving.

The new sign which has just been placed on the church grounds opposite the covered bridge attracts a lot of attention from passers-by, as it announces the denomination of the church and also invites all to worship there and to make it a church home. It is a very attractive board and reflects credit upon both Mr. Frank Libby and Mr. Franum, who did the work.

Rev. J. Emery Coulter's subject for next Sunday morning will be "Worship the Lord with gladness," at the First Universalist Church. The new choir, under the direction of Mrs. Coulter, is rendering fine music. Special Notice—All those that are interested in putting the new fence around the Huntingville Cemetery be on hand Wednesday, September 6th, as there is a lot of work to be done. Secretary H. C. CONCERT WAS A GREAT SUCCESS AT SCOTSTOWN

The Young People of St. Andrew's Presented a Fine Programme—General News.

SCOTSTOWN, Sept. 1.—One of the best concerts ever given in Scotstown was held last Friday evening in the Odd Fellows' hall by the young people of St. Andrew's Church. The hall was filled to its utmost capacity and the proceeds, which were in aid of the new Manse, amounted to \$99.50 door receipts, while over \$12 were taken from the sale of ice cream, which the ladies sold during the performance.

The hall was decorated for the occasion with numbers of Japanese lanterns, colored lights, flags and flowers. The two girls who distributed the programmes for the evening, Miss Doris MacKenzie and Miss Christena MacKay, and the two girls who sold ice cream, Miss Marjory Murray and Miss Irene Scott, were dressed as Japanese girls.

A chorus of old songs, "Rig a Jig," "Kentucky Home," "Meerschaum Pipe" and "John Brown's Body" were sung, and the programme was much appreciated, receiving an encore.

The town band kindly contributed a few selections, occupying two items on the programme. Those in charge of the concert wish to thank the members of the band for their kindness in giving such assistance.

Some of the returned boys put on a short play, "The Battalion Household," which received much applause. The characters were: O. C., Mr. Tom Riglar; Sergeant Mary, Mr. George Sherman; Corp. Bessie, Mr. Malcolm MacLennan; Private Susie, Mr. Angus Graham. The costumes were good and each took his part exceedingly well. Mr. Norman Murray, who was the father, deserves special mention, as he caused much merriment by his funny costume and many witty speeches. The boys responded to an encore with "Oh, It's a Lovely War."

The Girl Guides gave a camp fire scene, with their captain, Mrs. S. J. Scott, singing a number of their songs.

The bachelor's reverie was the big hit of the evening. The reverie was read by Mr. Alan Ross in the shaded light, while a spot light was thrown onto the stage, where each girl appeared in costume when spoken of.

There were fourteen girls, Miss Hope Scott taking the part of the little girl; the college girl, Miss Jennie Mayhew; the tennis girl, Miss Annie MacLeod; the skating girl, Miss Freda Start; the stenographer, Miss Margaret Bowman; the nurse, Miss Marjory Murray; the Paris girl, Miss Isabel Sherman; the chorus girl, Miss Etta MacLennan; the dancing girl, Miss Grace Murray; the swimming girl, Miss Flossie Sherman; the riding girl, Miss Christy MacLennan; the farmerette, Miss Eleanor Scott; the bride, Miss Evelyn Sherman. The costumes were excellent and received much applause. When the bride appeared she was attended by two little girls, who acted as train bearers and flower girls, Miss Ruth Sherman and Miss Wilma Scott, who were dressed alike in pink organdie and carried baskets of flowers. The girls all appeared together after the bride came out and sang "Goodbye Girls, I'm Going Away to be Married."

The whole chorus sang a medley of popular songs after the intermission.

The tableau, "Simply to Thy Cross I Cling," was posed by Miss Beth Scott and sung by Miss Margaret Bowman and Miss Evelyn Sherman, which was very well rendered.

The last item on the programme was the play, "The Happy Day," which was well put on. The characters were Mrs. Marlowe, Miss Isabel Sherman; Sybil Marlowe, Miss Etta MacLennan; Anne Loring, Miss Freda Start; Kitty Fenn, Miss Grace Murray; Opal Neff, Miss Hilda Stewart; Jane, Miss Eleanor Scott; Mrs. Tatlock, Miss Flossie Sherman; Polly, also taken by Miss Grace Murray.

The members of the cast took their parts exceptionally well, Mrs. Tatlock and Polly causing much merriment in their country costumes.

The committee wish to thank all who helped in any way to make the concert a success.

Careless Shampooing Spoils the Hair

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just plain Mulified coconut oil shampoo (which is pure and greaseless), and is better than anything else you can use.

Two or three teaspoonfuls of Mulified in a cup or glass with a little warm water, is sufficient to cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Mulified coconut oil shampoo at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months. Be sure you get Mulified. Beware of imitations. Look for the name Watkins on the package.

BURY COUNCIL HELD ANOTHER BUSY SESSION

Tender for Construction of Reinforced Concrete Bridge Let—Other Bury News.

BURY, Que., Sept. 1.—An adjourned meeting of the Bury Municipal Council was held on Tuesday evening. The principal business was to receive and act on the communication from Quebec relative to the tenders recently received for the construction of a reinforced concrete bridge. It was found that the department left it to the council to accept either of the two lowest tenders. These were Messrs. J. H. Worby and S. J. Davies, in the sum of \$3,224.56, and Mr. W. A. Bishop in the sum of \$3,000. After a lengthy discussion it was carried by a majority to let the contract to Mr. Bishop, and the secretary was instructed to draw up a contract.

Among the business done was the appointment of committees to investigate cases of distress in the township; also a report of the visit of inspection made that day by Dr. L. A. Chabot, provincial health officer for this district, was given. The council rose at 12.30 midnight.

General Notes.
Mr. and Mrs. James Saunders and Mr. and Mrs. Carlos A. Stokes motored to Coaticook on Sunday, and were the guests of Mrs. C. E. Baldwin.

Miss Marjorie Stokes recently spent a few days as the guest of Mrs. Wright Goodehouse.

On Monday night, August 21st, Miss Irene Elmes entertained at an aluminum kitchen shower for Miss Leah Bard, whose marriage takes place shortly. Miss Bard was the recipient of about forty pieces of aluminum, and the party was one of the few on record which was a genuine surprise. The strains of the Lohengrin wedding march ushered in a unique bridal party. Miss V. Sterling, in appropriate costume, officiated as minister. Miss Elmes, the happy bride, wearing about 14 yards of lace curtain, was happily united in marriage to the over-dressed and nervous bridegroom, Miss Peabody. Miss Elmes was given away by her father, Mrs. MacGuire. The Misses Dimick made charming flower girls and ably assisted the bride in managing her voluminous veil. All of the bridal party were in full dress costume. The Misses Lorrimer, Sterling and Williams rendered appropriate musical selections and Mrs. Greenhill, of Montreal, approved an able elocutionist. A dainty luncheon was served by the hostess and the party was voted a grand success by all.

The guest of honor was much surprised when a little wagon, decorated with white tissue paper and flowers, was drawn into the parlor by Ruth and Helen Collins, filled with pretty gifts. Miss Shuffelt received them graciously, thanking each one. Snapshots were taken of the group, after which Miss Horner served delicious refreshments, assisted by her mother.

BROME COUNTY SOCIETY MEETS; KNOWLTON NEWS

Annual Meeting of the Historical Society Held—Officers Were Elected.

KNOWLTON, QUE., Sept. 1.—The annual meeting of the Brome County Historical Society was held in the Paul Holland Knowlton Museum Building on Saturday afternoon, Aug. 26th, with the president, Mr. H. S. Foster, in the chair. The minutes of the last session were unanimously approved. The secretary made report that the entire cost of the beautiful catalogue of War Trophies had been paid by Hon. Senator Foster, also that Mr. P. C. Duboyce paid recently ten dollars to the funds of the Society, making himself a life member. There is an endowment of \$700 invested in Government bonds. The financial accounts have been audited and found correct with \$196.95 in the bank. Some repairs are needed and while the contributions in the box have been better than before the amount is small to what it should be.

The woman's committee decided to hold a rummage sale on the grounds on Friday afternoon, Sept. 1st.

The officers for the ensuing year were then elected as follows: President, Mr. H. S. Foster; Vice-President, Mr. H. C. Knowlton; Secretary, Rev. Ernest M. Taylor, M.A.

President of the Women's Committee, Mrs. S. W. Foster; Vice-President, Mrs. E. M. Taylor; Secretary, Miss E. Carr.

last night in conference with several prominent music lovers and musicians, who will form a committee to look after local arrangements. The event will be under distinguished patronage, and will be under the auspices of our leading choral societies.

The concert, in all probability, will be given in the armory of the 58rd Regiment. Definite announcement will be made as soon as the local committee has been formed. This, it is expected, will be done next week.

LABOR DAY TRAVEL.

The extra time available for a longer week-end holiday, on account of Labor Day, makes this particular one attractive. Most of the exhibitions and fairs are on during this time of year, of which two, Toronto and Quebec, may be mentioned. Various other places, such as Ottawa, Detroit and Chicago, are easily reached by the Canadian Pacific, with its thousands of miles of splendidly equipped and carefully-manned road. Particularly heavy travel is expected to take place this year and extra equipment, such as coaches, parlor cars and sleeping cars, have been arranged for. The Canadian Pacific offers the traveller everything that can be desired in the way of comfort, courteous attention and superior train service. For particulars of service and other information, apply to J. A. Metivier, City Passenger Agent, 91 Wellington St., No., Phone 130.

CONTRIBUTIONS TO SOLDIERS' SETTLEMENT BOARD.

Many contributions have been received by the Soldiers' Settlement Board towards the prizes which they offer for exhibits in the Agricultural building at the Sherbrooke Fair.

These contributions are still coming in, the most recent one being a cheque for ten dollars from A. R. McMaster, M.P., which the Board acknowledges.

CAMPERS ON THE BALL PARK.

Although there are large numbers of visitors in Sherbrooke this week to attend the Fair, there are still rooms of some description available for out-of-town people to spend a night. This fact, however, does not seem to have been realized by several auto tourists who arrived yesterday. These people brought complete camping equipments with them and have set up housekeeping on the Ball Park. This is a novel idea, and if encouraged will cause certain sections of Sherbrooke to resemble the "Tented City."

TRIBUTE TO LATE W. H. WIGGETT.

It is well that one of the many worth while activities in the life of the late Mr. W. H. Wiggett should not pass unnoticed. Possibly only those associated with him in his work for the young, appreciated to the full the earnestness and steadfastness of his interest in the Gibbs Home and the welfare of the boys.

Modest and sincere in his counsels and punctilious in carrying out his obligations, Mr. Wiggett was a source of strength to the Committee, with which he worked so amicably for many years.

His practical knowledge of construction was placed at the service

of the Society during the erection of the new Home. His extensive knowledge of farming conditions was drawn upon on many occasions. The Committee keenly deplored the loss of Messrs. J. A. Wiggett and E. H. Hargrave, and the unselfish and unremitting interest of W. H. Wiggett tended to fill the gap caused by the removal of his brother John.

When Mr. Wiggett passed away the Committee was scattered and it was not possible to pay a fitting tribute to the philanthropic efforts of the deceased. On Tuesday, the date of the annual gathering of the boys in Sherbrooke to attend the Exhibition, a contingent proceeded to the Elmwood Cemetery and the youngest boy member of the Home placed a wreath on the grave of Mr. Wiggett as a token of gratitude and esteem from the lads.

COMEDIE FRANCAISE OFFARIS COMING TO SHERBROOKE.

Another important announcement for theatrical lovers is just being made. It is the visit to this city of a great French company from the Comedie Francaise, of Paris, with Maurice Deferandy, the famous actor of the French stage.

Deferandy and his company are coming to America for a five weeks' tour this fall, and it is practically decided that one play will be given here on October 2. Local arrangements will be in the hands of a special local committee headed by Mr. L. E. Dastous.

Mr. Deferandy brings his entire company, costumes and stage settings from Paris.

Smith, flowers; Mrs. Mills, Rock Forest, fruit and parkerhouse rolls; Mrs. R. Downes, blueberries; Mrs. W. E. Loomis, catch of fish; Mrs. Knapp, flowers; Miss M. Manion, Flowers and sweets.

SIX YEAR OLD BOY STRUCK BY AUTO.

The six year old son of George Lemay, St. Henri Street, was struck yesterday by an auto and thrown to the ground receiving a deep cut in his left leg and several bruises.

The young lad was playing on St. Henri Street, near his home, and failed to notice the approach of the auto until it was too late to get out of the way. The car struck him and knocked him down but did not pass over his body.

He was taken to his home, and Dr. Ethier, who was summoned, made an examination, finding that there were no fractures or other injuries other than the cut.

E. T. STUDENTS TAKE COURSE IN DRAWING AT MACDONALD.

The summer course in public school drawing, which is an annual feature of the summer courses given at Macdonald College, was held this year from July 31 to August 11.

A large number of students were registered for the course this year, among those from the Eastern Townships being Anna Mabel Douglas, of East Farnham; Mrs. Nora Ethel Gallup, of Lorne; Myrtle Ethel Manning, of Magog; Gladys Grace Millmore, of Sweetburg; Susie M. Mitchell, of Drummondville; Goldie Estella Montgomery, of South Durham; Idonea Ruth Nourse, of Sherbrooke; Marjory Alice Olney, of Danville; Mrs. Blanche Godie Rollins, of Martinville; Mavis Bethania Smith, of Upper Bedford; Ala Lillian Steele, of Ormstown; Mary Alma Taylor, of Cowansville, and Addie Emma Todd, of Compton.

PICKPOCKETS BUSY.

Pickpockets are continuing their activity in this city and quite a large number of people who have lost sums of money have reported their troubles to the police.

One case is that of a man who lost a roll amounting to some three hundred dollars while boarding the early morning Quebec Central train. Another man this morning reported the loss of one hundred and thirty dollars, while several others have been relieved of various sums of money.

The thieves have adopted the custom of dropping the wallets into the letter boxes which are stationed at various places along the city streets, and the Post Office this morning received a wallet containing one hundred and eighty dollars in Travellers' Cheques. Another wallet was received in this way containing papers, apparently the property of a resident of Burlington, Vt. In every case, however, money has been extracted from the wallets.

Police are on the watch for the thieves, and if any of these are apprehended, they may be assured of a stiff sentence.

ASPHALT NEXT WEEK.

The finishing touches to the paving programme are being made by the City Road Department at the present time and the last little pieces of work are being done before the start is made to lay the asphalt surface.

The section of King Street West between Belvidere Street and the Bridge over the Magog River is being rapidly completed. The sidewalk has been laid on the north side of the street and the excavation

work on the road has been completed. The cement foundation is now being laid.

Work on Alexander Street is nearly finished, and the sidewalk has been put in on that section of Moore Street between Dufferin Avenue and the new cross street. The work of laying the sidewalk on both sides of Peel street has been commenced.

Next week will see the start of the asphalt work, when Frontenac, Alexander and Montreal Streets and a section of King Street West will be finished off.

LENNOXVILLE

GENERAL NOTES.

Mrs. M. M. Layhew, of Stanstead College, was in town yesterday.

Mr. and Mrs. F. A. Johnstone, of Ayer's Cliff, were guests at Mr. Robert McFadden's, yesterday.

Mr. and Mrs. H. A. Cairns and Master Aubrey Bayne, of East Cliff, and Mr. J. Streeter, of Greenfield, Mass., were guests at Mr. G. G. McCurdy's on Wednesday.

Mr. James McKeough, of New York, is a guest at Mr. James O'Keefe's home. Mr. McKeough was associated with the beginning of mining operations at Capelon and spent several years there. He attended the Sherbrooke Fair during the week.

Mrs. David Macell is visiting her daughter, Mrs. Max Sarasin and other friends at present.

In compliance with a request recently made by the Lennoxville Board of Trade to the Post Office Department at Ottawa, the G.T.R. train No. 17, leaving Lennoxville at 2.48 p. m. for Montreal and points west will now carry mail connecting with night trains leaving Montreal.

The result of the Board of Trade's efforts to secure this improved mail service will no doubt be appreciated by many of our local citizens. A letter for Toronto mailed at two p. m. will reach its destination now the following morning, a day sooner than formerly.

MARRIAGES

LAMBLY-McGOVERN

The marriage is announced of William Osborn Lambly, M.D., of this city, and Mrs. Suzanne Hadley McGovern, which occurred in Rock Island Wednesday, August 30th. The ceremony took place in the Congregational Church at 11.30 o'clock. Rev. E. Leroy Rice, officiating. The attendants were Mr. and Mrs. Laurence F. McGovern, son and daughter-in-law of the bride, and the bride was witnessed by a few relatives and close friends of the bride and groom.

Following the ceremony a wedding breakfast was served in a private dining room at the Derby Line Hotel, and Dr. and Mrs. Lambly left for a few days motor trip through the New England States, after which they will return to their Sherbrooke residence on Montreal Street. They will be at home to their friends after October 1st.

BOYLE-MANN.

MARBLETON, Que., Sept. 1.

A quiet, but very pretty, wedding was solemnized in St. Paul's Church on Saturday afternoon at two o'clock, when Miss Sybil Blanche, only daughter of Mr. and Mrs. C. H. Mann, of Lime Ridge, was united in marriage to Mr. William Harold Boyle, son of Mr. and Mrs. John Boyle, of Three Lakes, Que. The ceremony was performed by Rev. A. E. Legge.

The bride entered the church leaning on the arm of her father, and was becomingly dressed in a navy blue tricot suit with cream-colored georgette blouse, trimmed in sand color, brown hat with henna trimmings, and a scarf to match, and was given away by her father.

The ceremony took place under an arch covered with autumn leaves and flowers, the church being beautifully decorated for the occasion by some of the young friends of the bride. The hymn, "The Voice That Breathed O'er Eden," was rendered by the choir, and during the signing of the register the wedding march was played.

The young couple left the church with the usual shower of confetti, also the good wishes of their many friends.

After the ceremony dainty refreshments were served at the home of the bride's parents, and where they received congratulations and many useful and beautiful presents.

They left by motor for a trip through the New England States, and on their return will reside at Three Lakes, Que.

BRADLEY-TRAVER.

MANSONVILLE, Que., Sept. 1.

A very pretty wedding was solemnized at the home of Mr. and Mrs. G. W. Traver, when their youngest daughter, Mildred, was united in marriage to Mr. Ernest S. Bradley, of Eardly, Que., the Rev. A. H. Lupton performing the ceremony. The bride's only attendants were her two little nieces, Della Mae and Barbara Sisco, who carried white cushions for the bride and groom. They were dressed in white silk and carried bouquets of sweet peas.

The bride, who was given away by her father, wore white taffeta, draped with georgette. Her veil, which reached to the floor, was arranged in cap effect, with bridal roses. She carried a bouquet of pale pink roses, maiden hair fern and baby breath flowers.

Mrs. Fred Williams, cousin of the bride, played the wedding march, and Mrs. A. H. Lupton sang "O Perfect Love."

After the ceremony a lunch was served, after which Mr. and Mrs. Bradley left for a motor trip through the Mohawk Trail, afterwards going to Ottawa and Eardly.

Among the out-of-town guests were Mrs. Fred Williams, of Moncton, N.B.; Mrs. A. L. Sisco, of West Shefford; Mr. Manly Johnson, of West Burke, Vt.; Mrs. Alice Allen, of West Burke, Vt.; Mrs. Ernest Greely, of Brighton, and son, Mr. and Mrs. Geo. GRANBY TAKING STEPS RE COAL FOR THE WINTER

Arrangements Being Made to Secure Welsh Coal — Other News of Interest from Granby.

GRANBY, Que., Sept. 1. — The Granby City Council is taking steps to deal with the expected fuel shortage of the coming winter. It is understood that the Union of Municipalities propose chartering a ship to bring over a load of Welsh anthracite coal of which one thousand tons would be allotted to Granby, which, it is expected, would retail at about fifteen dollars a ton. This is about half the year's requirements for this city, but would help out until the coal strike is settled, which settlement is now being hastened by the large importations from the Welsh mines. Very few of the Granby citizens have a stock of coal. The high school has enough to last till January but the churches and places of business have none.

W. A. Held Meeting.
The Granby Women's Auxiliary of the Wales Old Folks Home met for a business meeting on Saturday afternoon last at the home of the president, Mrs. George Boyd, City avenue. The treasurer, Mrs. Angus McIntosh, having resigned on account of leaving town to take up her residence in Montreal West, it was necessary to accept her resignation, which was done with great regret by the Auxiliary. A hearty vote of thanks was tendered Mrs. McIntosh for her able services during her term of office. Mrs. (Dr.) Martin kindly accepted the office of treasurer. The president, Mrs. Boyd, was also appointed as a representative of the Granby Auxiliary to meet with the board at the annual meeting of the directors of the Wales Old Folks Home.

Old Land Mark Disappears.
An old land mark has disappeared from Elgin street, viz., the house next to the residence of Mrs. John Mullin, which is one of the oldest in town. The owner, Mr. G. E. Bradford, has had it moved over to Alexander street, where he intends to make an up-to-date dwelling of it. The lot has been sold to Mr. Jos. A. Mullin, who, it is understood, will erect a residence there for himself and family.

Local Golfers Won.
The Knowlton golf players motored over on Saturday afternoon last for a friendly game with the local players, which resulted in a victory for the home club.

General Notes.
The operetta, "Snow White and the Seven Dwarfs," that was given with such success last May, will be repeated in Granby on Saturday evening, September 9th, under the auspices of the Horticultural Society. There will be the same chorus, soloists and orchestra as took part last spring, but there will be a reduction in the price of the tickets, which will be fifty cents instead of seventy-five, and children under fourteen years will be admitted for twenty-five cents. There have been so many requests made to repeat this popular operetta that those in charge decided to do so, and the production will take place on the above date, which is the last day of the fair.

The Rev. J. Lambert Alexander, of Cowansville, Congregational Church, conducted the union services in the Granby Congregational Church on Sunday last at both services, and also motored to Shefford Mountain and held an afternoon service in the schoolhouse there. During his stay in town, Mr. Alexander was the guest of Mr. and Mrs. W. W. D. Brock, Mountain street.

The Granby high school will reopen on September 5th with the following staff of teachers in charge: Principal, Mr. Claude A. Adams; assistant principal, Miss Katharine M. McIntosh; Miss Clara G. Tyrrell, Miss Esther England, Miss Christina E. Curran and Miss Hughena

The Star Mission Circle of the Methodist Church will meet with Mrs. Charles Wilson, Denison avenue, this afternoon, at three o'clock.

The Women's Missionary Society of the Congregational Church will be entertained at the home of Mrs. W. W. Miner, Drummond street, on Tuesday afternoon, September 5th, at three o'clock.

BODY OF MAN FOUND IN THE MAGOG RIVER

Verdict of Accidental Death Returned by Jury in Case of Drowning of Joseph Beliveau.

MAGOG, Que., Sept. 1.—The Magog River indirectly claimed another victim some time during the last week, the exact time being indefinite as the tragedy came to light in a peculiar way. Master Ernest Pow-

ers, a young lad of about thirteen years of age, was looking for another companion along the bank of the river in the vicinity of the rear of the Grand Central Hotel, when he discovered the body of a man floating in the water. He immediately ran to the Fire Station, where he notified Mr. Chas. Powers, who went to the spot and found the body to be that of Mr. Jos. A. Beliveau, a local musician. All this occurred about five o'clock Sunday afternoon. Coroner Bachand was notified and an inquest held on Monday, which resulted in a verdict of accidental drowning, as Dr. Cabana, who examined the body, stated that it was probable that the deceased was an epileptic, that he was under the influence of this malady, at the time and fell in the water. The time was uncertain, as he had not been missed, as he was more or less erratic in his movements but probably about two days previous.

General Notes.
Two cars came to grief on Sunday afternoon last while endeavoring to turn the corner of Main and Pine Streets at the same time. One went limping home under its own power. The other was pushed to a garage.

The Magog High School will reopen after the holidays on Tuesday morning, September fifth. The staff of teachers this year will be as follows: Miss McCoy, B.A., principal, Miss Clarke, Miss Patton, Miss White and Miss Rexford.
In accordance with a motion passed by the members of the Town

Council in May last, with reference to daylight saving time, the townspeople will set their clocks back on September third.

Mrs. J. O. Denigan left recently for an extended visit to friends on the other side of the continent. During her travelling she will, among other places, stop at Swift Current, Saskatoon, and on the Pacific Coast.

Mrs. Thos. Osborne and Mr. Ross Osborne have been visiting relatives in Magog for a few days.

Dr. Geo. Robins, who has been spending his summer holidays at his summer residence at Drummond Point, returned to his home in Westmount on Sunday last.

had seen one another in forty years. Rev. H. Mick, of Stanstead, took charge of the services at the Methodist Church here on Sunday last.

Rev. and Mrs. S. W. Boyd and Master Lorne, of Sutton, are spending a couple of weeks' holidays at their cottage near the Hermitage Club.

CHAPTER XXVII. (Continued.)

"A truly alluring prospect," said O'Neil with faint sarcasm. "Now, you're to go to sleep—do you hear?"

"Yes—and, Uncle Robin."

"Well?"

"Didn't Auntie Jean look like the wicked fairy?"

"No—not in the very least. Good night."

"Good night, and—Uncle Robin."

"Well?" Robin was at the door now; he looked back with a faint smile.

"I think you're the very—very most nicest person in all the world."

"Thank you, Jummy," said O'Neil. He went away shutting the door after him.

The library was empty now, as he had known it would be. He glanced in wistfully as he passed.

"...The very—very most nicest person in all the world."

Pansy's frivolous eyes softened; she threw the half-smoked cigarette away; she stifled a little sigh.

"Jummy is a small person of great discernment," she said with sudden gravity.

O'Neil flushed a little; he looked away from her.

"You are very kind," he said stiffly.

Her words, so seriously spoken, embarrassed him.

"I wonder why some people always make a hash of life," Pansy said irrelevantly. She leaned her chin in the cup of her hand and looked at O'Neil with a little flame in her eyes.

He moved restlessly.

"I've been asking myself the same question lately," he said. There was an odd note of pain in his voice; he looked quickly to where Jean was standing, laughing and talking to a group of girls.

No wonder she had shrunk from him, he thought bitterly. How could he expect a girl such as she was to understand the sort of life he had lived out in India all those years ago? How could he expect her even to be tolerant of the things which women like this one beside him condoned every day of their lives?

He stifled a quick sigh. His face hardened. He had lived all these years without a woman's love, he supposed dreading that he could manage to get through a few more in the same way. He turned to Mrs. Rutland.

He plunged into reckless conversation with her. Jean, glancing across at him a moment later—saw him bending over Pansy, carefully lighting a fresh cigarette for her, which she held between her slightly reddened lips.

DEPORTATION, THE BEST MEDICINE.

Both Canada and the United States,—as the result of the welcome extended to general immigration, are suffering from the presence of individuals who are abusing the hospitality extended to them and through Bolshevik propaganda are seeking to undermine the institutions in these countries which have received them.

A short time ago four men were arrested in Michigan for train wrecking. All were Russians of the Bolshevik type. The hand of this clan of individuals is blocking the way to peaceful settlement of the coal and railway strikes.

The London, Ont., Advertiser, referring to the arrest and deportation from the United States of a Pole named Kowalski, as a nuisance and a menace, says:

"In Canada we have radicals and nation-smashers who want to tag bolshevism on this country. They are not content to come and live here and work here. They make a better living as agitators than they can as laborers, hence their role as agitators. Canada tries to grant freedom of thought to the people of the Dominion, but there are well-defined limits past which, we have no license to go. Outsiders who come here are not called upon or requested to preach the doctrines of Lenin and Trotsky. When they persist in so doing it might be excellent business to lead them back to Russia, where in twenty-four hours they can have a stomach full of the stuff they want to dump on us."

These agitators do not wish to go back to the country of their origin. They persist, however, in preaching the doctrine which has proven so disastrous to their native lands. Deportation is the best medicine for all such.

A DEBT THAT IS A BURDEN.

It is doubtful if the United States as the credit nation is in a much better position in its relation to this question than that of the debtor nations of Europe.

The New York Evening Mail points out that while colossal sums are owing to the United States, if these debts were paid the effect would be very bad on the United States.

The Mail sets forth the situation as follows:

"The paradox of Europe's \$11,000,000,000 debts to our government is that it would be bad for the United States if they were to be paid and it would be bad if they were not paid. This is the dilemma. This makes it an appalling problem. This is the reason that America should hold a meeting with its debtors, cut out its dignified aloofness and with the best brains of the country find a way out.

"Assuming, first, that the debts were to be cancelled, the people of the United States would have to pay them by taxation. When the Allies asked their huge loans from Uncle Sam he did not have the money to lend. He borrowed it from his millions of nephews and nieces, the people of the United States. He gave them promissory notes known as bonds. Some of these he had paid off, but only a small part. The bulk of the money to do this was paid by the people in taxation.

"In 1916 our national debt was a little over a quarter of a billion dollars. On June 1, 1922, it was over \$23,000,000,000, and 76 per cent. of this was for Liberty bonds and Victory notes. These the people must pay if the Allies do not. If Uncle Sam had had the \$11,000,000,000 stowed away in an old stocking as a reserve for a rainy day the situation might be different.

"Assuming that most of the Allies were not practically bankrupt and could pay, the outlook would be equally dark. When a nation owes a small amount in millions it may repay in gold, but the principal method is to secure the trade balance in its favor with the creditor nation. This means having its exports to that nation largely exceed its imports. To do this on the colossal scale demanded would swamp the American market with foreign goods to a degree that would absolutely paralyze every industry, and bring depression and a trail of poverty and unemployment unthinkable.

"Such a condition could not happen. To pay even the interest, quoted as about \$500,000,000 a year, would require a trade balance of that amount in favor of the Allies. In 1921 the excess in our favor in trading with Europe was over a billion dollars. It may be many moons before this balance will be wiped out.

"There must be a way in between these two horns of this dilemma. The Gordian knot must be cut. Nothing is to be gained by making faces at each other across seas, or by aimless drifting. Why not confer with our European debtors and see what can be done with helpful results to all concerned?"

SCHOOL DAYS.

Too great emphasis cannot be placed upon the desirability of parents arranging to have their children attend school from the beginning of the term. The child who enters school two or three weeks after the term opening will be at a handicap throughout the year.

In this connection, The Quebec Telegraph remarks: "Thoughtful parents scarcely need to be reminded of the importance of taking means to see that the young people are in perfect readiness to be in their proper places in their classes on the opening day. Punctuality is, nowadays, one of the most useful lessons for the young to learn, and none but very foolish parents will permit themselves or their children to say that a delay of a few days in resuming school work can make no difference. It does make a difference, for it is difficult for either young or old to catch up with work badly begun or too long delayed. Too much time is already lost as it is by late arrivals in the classes at the commencement of school terms, and the laggards at the opening of the classes are apt to be at the foot of them at the end of the school year."

And all this is true. Failure for the year may often be traced to neglect early in the year.

TODAY'S A HOLIDAY.

September 1, 1922.

The Tinkers' Parade.

In sober Edinburgh not much attention is paid these days to St. Giles, the patron of the city. And so we must turn to Belgium, where it has not been forgotten that he is also the patron of tinkers, for the observance in proper fashion of this, his festival.

The tinkers of Belgium are much like the tinkers of America. A wandering lot, they often have been confused with the Gipsies, and in truth the sons of Romany frequently are skilled in the trade.

But the Belgians know that today they may look for the tinkers at their doors, not for mending, but to have the yearly token which is theirs by right of long practice.

The tinkers form in parade, and march with two time-honored figures at their head. One of these wears a high shako, with a plume of flowers atop it. The other carries the standard of the trade. It is a little platform on top of a pole, and it is surmounted by a little statue of St. Giles. Hanging from the platform are cups, forks, pans and spoons, signs of their ancient occupation.

PRESS COMMENT

COMPENSATIONS.

(Portland Express.)
While you are working the old bucksaw this fall, preparing wood for heating purposes, you may be able to comfort yourself in the knowledge that wood ashes are excellent for garden and lawn.

THE EDGE HAS BEEN DULLED.

(Salem News.)
It is decreed by the Boston police that women can smoke on the streets of that city if they want to. Now that they know that they can, probably they won't care to. At least few have so far been observed lighting up as they marched along the sidewalk.

DEHORN AND BRAND THEM.

(Philadelphia Inquirer.)
So W. Z. (Red) Foster, strike leader, Communist, agitator and general all-around nuisance, is an object of the solicited attention of the authorities again? Well, both he and his gang of industrial wreckers will continue to prove a menace so long as they are handled in the delicately considerate manner that has been the policy of the Government in the past. It seems about time to de-horn and brand this outfit.

HIGH COSTS.

(Christian Science Monitor.)
The widespread discussion throughout the United States over what are claimed to be excessively high costs of retail distribution, has shown that high rents of shops and slow turnover of stocks are important factors in the expense of retail selling. To one who has been both merchant and consumer, it would seem that the policy of fixed prices may to some extent be responsible for limiting sales, and the consequent need for larger profits. A local haberdasher, appealed to for a moderate-priced summer necktie, explained his failure to keep ties sold for less than \$1.50 by saying: "We don't sell enough ties to justify handling the cheap sorts." He presumably knew his own business, and yet—a large proportion of the retail haberdashers fail. The problem of efficient merchandising, outside of the great department stores, still awaits a solution.

IS IT ANTHRAXITE?

(Toronto Globe.)
The claim that pure anthracite exists in paying quantities near Sudbury, Ont., is reaffirmed by Mr. A. F. Coyne, a geologist of repute. The official reply, when the announcement was first made, was that the substance was anthracillite, which has the same properties as anthracite, but is so encrusted with refractory foreign matter as to be commercially useless. This verdict was based on previous explorations of the district. At a time when the public mind is so agitated by the fuel question, the Federal or Provincial authorities would do well to examine anew Mr. Coyne's claim and to appoint a small committee of geologists to visit the spot and report. If there is commercial coal anywhere in Ontario the people of Ontario should know of it. If Mr. Coyne is mistaken, they also should know of it. Those who are being asked to invest money in coal development in this Province should have the benefit of the advice of experts in the public service. Even if the official geologists are skeptical they should be instructed to go over the ground again.

EASTERN TOWNSHIPS FARMER

RECENT INVENTIONS OF INTEREST TO EASTERN TOWNSHIPS FARMERS

(By C. J. Lynde, Macdonald College, Que.)

FRUIT PICKER

The moving jaw of this picker is operated by a pull rod which runs down one side of the squared pole.

It detaches the fruit and drops it down the cloth chute to the container.

(Jamerson Moore, Oklahoma, Okla.)

FRUIT GATHERER

The jaws of this device are opened by means of the long handles and are closed by a spring. They cut the

stem off the fruit and drop it into the cloth bag suspended below.

(George Sromovsky, Matistiquie, Mich.)

BARREL HEAD FASTENERS

The fasteners illustrated here are metal toggles in two parts. The upper part is placed over a joint in the

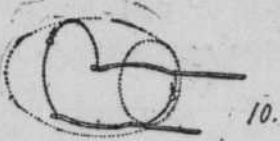

head; the lower part is sprung under the hoops and held by a prong or nail driven into the stave. They hold the head securely and are quickly detached.

(Joseph Gappel, Peoria, Illinois.)

BARREL LIFT

This is a very simple device for up-ending barrels. Its advantage is that the long handles increase the

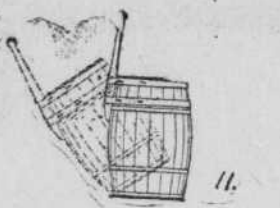

leverage and thereby decrease the lift needed to stand the barrel on end.

(Herman Hermelink, Jr., Kansas City, Mo.)

BARREL HANDLER

The handler shown here is used to up-end, swing, or turn a barrel, and also to roll it on one end. It is

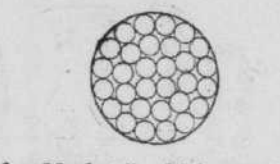

attached by means of two hoops and has a handle which decreases the labor by increasing the leverage.

(Mathias Mathiasen, San Pedro, California.)

PACKING APPLES

The apple packing season is at hand and those who are interested will find much valuable advice in these bulletins: Farmers' Bulletin 1880, "Preparation of Barreled Ap-

ples for Market," which can be had for five cents by writing to Superintendent of Documents, Washington, D. C., and Bulletin No. 2 "Modern Methods of Packing Apples," for which write to Department of Agriculture, Ottawa, Canada.

MANY SOLDIERS HAVE PROVED GOOD FARMERS

Soldier Settlement Board Will Sell Farms to Civilians—Great Success Is Being Achieved.

Mr. H. B. Jowsey, who is in charge of Soldier Settlement work in the Province of Quebec, is giving attention to the disposal of farms which have come back to the Board's hands.

Sneaking to the Record, Mr. Jowsey stated that they will be sold either to soldier settlers or civilian farmers on easy terms. Some of the farms were taken back by the Board owing to the death of the settlers, recurring illness, or other causes not controllable, and in some cases failure was due to the inability of the men to solve for themselves the problems of re-establishment. Since the first of May fifteen farms have been resold, and there are numerous enquiries coming to the Board from other parts of the Province of Quebec, and from many expatriated citizens in the United States who are anxious to return to Canada to take up farming.

Quite a number of these enquiries are from factory towns in New Hampshire and Massachusetts and, according to several letters, a large number of former Canadians, who have been working in the mills in those parts, would be glad indeed to get back to the land in their native Quebec.

Most of the farms now in possession of the Board are well located with regard to transportation facilities, schools and roads. Bought on favorable terms they should provide a comfortable living for the right kind of people. "I have been over these farms," said Mr. Jowsey, "and I am satisfied that with very few exceptions they offer splendid opportunities if they get into the hands of men who understand farming in this Province."

He continued: "The field staff of the Board are giving close attention to our settlers and a large percentage of them are making splendid headway. The change in the Act, which suspends payment of interest and lengthens the time for the repayment of stock and equipment loans, has been of incalculable value to the men who are just getting a start and who are not in a position to make heavy payments during the next two or three years. I find that the men appreciate these advantages

ROOTS VERSUS CLOVER FOR PRODUCTION

Many Things Taken for Granted Which Have No Data to Prove that They Are Right.

Many things are taken for granted which have no experimental data to prove that they are right, and this is sometimes the cause of a great number of people not going into certain lines of production which would be paying if undertaken in a reasonable manner. Everybody has heard and read quite often that, for winter egg production, the ration must contain vegetable matter in a succulent form, and it is possible that many a farmer has paid little attention to his flock, or even kept very few hens, because there were no such things as roots or cabbage to feed.

With an idea in mind that succulent vegetable feed would be the best, but also with a desire to see if such an easily gotten article as dry clover leaves from the barn floor would not be partly a substitute, a project was planned to compare these clover leaves with swede turnips, during four months, November to February inclusively, for five consecutive seasons. An average of twenty-three birds was placed in each pen and both lots were fed alike, with the exception that one received dry clover leaves, fed in a box, and the other swede turnips cut in two and hooked on nails around the pen.

This experiment was conducted from 1916 to 1921, and great care was taken to put in each lot birds which, to outward appearances, were nearly alike. It is admitted that an average of twenty-three birds per pen is small for a feeding project, but as two new bunches were chosen each year during five seasons, it seems that none had any undue advantage. The total weight of the birds in each pen was taken in the autumn, also in the spring, and the eggs were counted and weighed.

Contrarily to expectations, the lot receiving clover leaves gained more weight and laid more eggs, which were produced at a lower cost per dozen and per pound, than the lot receiving swede turnips. Sometimes a big year makes a lot of difference in averaging the results of an experiment, but in this case the birds receiving clover leaves gained more weight during four of the five seasons, 1916-17, 1917-18, 1918-19, 1920-21, and laid more eggs at a lower cost, also during four of the five seasons, 1916-17, 1918-19, 1919-20, 1920-21.

This article is not written with the intention of inducing poultrymen to put roots aside and replace them by clover leaves, but simply as an encouragement to persons who have no succulent feed to give to their poultry and who do not care to go to the trouble of sprouting oats. The result of the experiment also shows, as stated at the beginning, that we are apt to take as

and are striving to put themselves into a good position by increasing the area of cultivated land and improving the numbers and quality of their livestock.

"There is a good future for soldier settlers in Quebec, I am satisfied, and those who play the game will find that they will get every consideration from the Board."

BOVINE TUBERCULOSIS QUESTIONS AND ANSWERS

(Continued from last week.)

Q. If the by-law is approved, what then?

A. A regular salaried inspector of the Health of Animals Branch will make a preliminary survey of the dairies which the Medical Health Officer's list shows as being Class "A."

Q. Supposing reactors are found by the test?

A. They will be T marked and must be slaughtered if the owner wishes to stay in class "A." If he keeps them he will be transferred to Class "B."

Q. Must the reactors be slaughtered at once?

A. Only if in the opinion of the inspector the case is so bad that it would be dangerous to keep them. Otherwise the animals may be isolated and fitted for the block if he wishes.

Q. What is the next step?

A. If reports on the Class "A" dairies are satisfactory testing can begin. If not, testing will be delayed until structural or sanitary requirements have been satisfied.

Q. What kind of test will be used?

A. That is left to the judgement of the inspector.

Q. How can additions be made to these herds?

A. The district inspector should be notified and he will arrange to test animals on the vendor's premises, or in isolation on the buyer's premises. If the cattle pass the test, they can enter directly into the herd. If they are bought "subject to test" reactors will be T marked and removed and no further action taken.

Q. Is the same compensation paid for cases of open tuberculosis?

A. No! If destroyed as being an open case, only half of the appraised value will be paid.

Q. Is there any other way I can have my cattle tested? Supposing I have a herd of grades outside a municipal area?

A. Then you can have the test made under the Supervised Plan.

Q. How is that carried out?

A. An owner undertakes in his form of application, which he gets from the Veterinary Director General, to conform to the regulations dealing with this system. These are that you will obey the inspector's instructions as to quarantining, testing and retasting, buying, selling, handling of products, sanitation of buildings and avoiding of contact between his own and other animals.

Q. Does it cost anything?

A. The test is applied free of charge. The owner agrees to furnish transportation for the inspector to and from the nearest station and to give board and lodging to him during the test.

Q. Is compensation paid for reactors?

A. No.

Q. What becomes of them?

A. They are T marked in the ear, and isolated from the healthy herd or removed from the farm altogether. If they are sold the owner should notify the Veterinary Director General.

Q. What about additions?

A. Notice is given to the inspector of intention to purchase and the animals will be tested either on the vendor's premises, or in isolation on the purchaser's place.

Q. Is there any other system of testing officially recognized?

A. Yes! You can write to the Veterinary Director General, and name the veterinarian you intend to employ, and to state the number of animals you wish to test. Then the Department of Agriculture will supply him with its own tuberculin.

Q. Who pays him?

A. The owner of the cattle, who also undertakes to keep reactors under an inspector can come and T mark them.

Q. What happens to the reactors then?

A. It is up to the owner, as the Government pays no compensation.

Q. Can I sell reactors?

A. In Canada, yes, as long as you comply with provincial regulations, granted a whole lot of things which have been handed down to us without experimental backing, just as we will perhaps do ourselves to the future generation. This shows the great work that Experimental Farms are called to do, and which, in spite of the gigantic efforts with the money available, they have practically only begun.

—Gus Langlois, Superintendent, Experimental Station.

but they cannot be exported to the United States.

Q. In this case the veterinarian is not a Government inspector?

A. No, no is supplied with tuberculin and undertakes to furnish to the Veterinary Director General a record of his test on forms supplied by the Department of Agriculture.

Q. Is there no other system of testing?

A. Not officially recognized. You can have your own veterinarian test your cattle with purchased tuberculin, of course, but the Department of Agriculture does not concern itself with that.

Q. Are other varieties of farm stock affected by tuberculosis? Pigs for instance?

A. Yes it is quite common among pigs.

Q. Why is that? How do they become infected?

A. One reason is that dairy farming is increasing. Dairy products are used for feeding hogs. From tubercular cows infection gets to the pigs in milk, which has been contaminated by feces, or in other ways, or directly if the milk carries tubercular bacilli, when it leaves the cow.

Q. Is it the same disease as in cattle?

A. Yes, for all practical purposes.

Q. What conditions allow it to spread among pigs?

A. The same as in cattle. Dirty, bad ventilation, unthrifty condition. Stunted rickety pigs are more likely to become affected than well-grown, healthy ones.

Q. What are the symptoms in pigs?

A. It is not often that symptoms are found during the life of a pig, because ordinarily that is short. But in severe cases among young pigs you may find emaciation, weakness, unthrifty appearance, and a cough. In older animals than, say, two or three months, the disease generally takes a chronic form.

How can the disease be prevented among pigs?

A. It cannot be entirely until it is eradicated from dairy herds. It can be lessened by pasteurization of milk from suspected cows. Thorough cooking of garbage would help too. Cleanliness, ventilation, light, are all enemies of tuberculosis.

Q. What about chickens? Do they take it?

A. Very easily. They too get it in food, if this has been contaminated by the droppings from infected cows.

Q. How can you tell if chickens are infected?

A. It is difficult to be certain without a microscope. But the general tuberculosis symptoms do occur—diarrhoea, weakness, loss of appetite and weight. Then there are some special symptoms which are sometimes seen. The disease known as "bumble foot" is one. In this the foot swells up, and cracks may form in it, which give out a discharge like matter. Lameness of the joints is another symptom, and sometimes there is a patchy appearance around the wattles and combs. The condition known among poultry men as "going light" is another indication of tuberculosis.

LOOKS LIKE GEORGE

Mrs. R. B. M. writes: "Last Sunday afternoon I told my little girl that her father was asleep and that I wanted her and her brother to be as silent as the Sphinx. A moment later I heard her repeat my warning to her brother aged seven, and inquire what a 'Sphinx' was. 'Why, don't you know?' answered Robert, who is quite a student for his age. A 'Sphinx' is a big thing that grows in Egypt and looks like George Washington."

DEATHS REPORTED

MRS. JOHNSON, BOLTON CENTRE.

BOLTON CENTRE, Que., Sept. 1.—Death has again visited this community and taken away one of the most respected and best loved ones in the person of Mrs. Alice Johnson, who passed away at her home here on Saturday morning, August 19th, after a long illness, through which she was tenderly cared for by her daughter, Mrs. Scott Fullerton, and her daughter-in-law, Mrs. Mae Johnson.

The funeral was held in the Methodist Church at 2 p.m. on Monday. The service was conducted by Rev. E. M. Taylor, of Knowlton, assisted by Rev. G. Perrigard, pastor of the church. Beautiful music was rendered by the choir, of which deceased was a member, and when in health there was seldom a Sunday that her seat was vacant, and a touching feature was the empty choir chair draped. The church was beautifully draped and the abundance of beautiful flowers sent in from her relatives and friends went to show the love they bore for her.

After the service the cortege wended its way to the cemetery, where the remains were laid to rest beside her husband, who died three years ago. She leaves to mourn her loss one daughter and husband and little son, Mr. and Mrs. Scott Fullerton and Master Rupert; one son and wife, Mr. and Mrs. Lyall Johnson, and one daughter-in-law and little daughter, Mrs. Mae Johnson, and little Meredith; two brothers, Dr. T. Thacker and Mr. G. Thacker, of Renfrew, Ont., and four sisters, Mrs. H. Coffin, of Montreal; Mrs. H. Leavette, of Newport; Mrs. C. Leavette, of Boston, and Mrs. G. Dahms, of Ottawa, besides many other relatives and friends.

Mrs. Johnson was a woman who will be greatly missed in the community. She was always willing to help in sickness or trouble, and always kind and hospitable.

An active member of the Methodist Church, member of the choir, teacher in the Sunday school, member of the Ladies' Aid and an energetic woman in the church she loved so well, she has left behind her a memory that will not be soon forgotten, and her devotion to her family will long linger as a fragrant memory in the family circle.

Tenders Wanted

Sealed tenders addressed "Tender for the Construction of the Michigan Bridge" will be received by the undersigned, until Thursday, the 21st day of September, 1922, at five o'clock p.m. (Standard time) for the construction of the metallic bridge on the Magog river, including the abutments, the piers, the approaches and a concrete bridge at one of the approaches, the demolishing of the present bridge, the construction of a temporary bridge, the furnishing and placing of stone protecting the base of the abutments, and piers, etc., the whole in conformity with the plans and specifications prepared by the Department of Public Works and Labor, and signed by Ivan E. Vallée, chief engineer.

The above work shall have to be completed not later than the first of October, 1923.

An accepted cheque equal to ten per cent. of the amount of the tender shall have to be filed with each tender.

The tenderers will have the liberty to take communication of the plans and specifications at the office of the Corporation of the Town of Magog, or at the Department of Public Works and Labor at Quebec.

The Town will not be obliged to accept any of the tenders.

YANKEES MADE HITS COUNT TO BEAT SENATORS

Cleveland Downed St. Louis—
New York Increased Lead in
American League Race.

(Associated Press Despatch)
NEW YORK, Sept. 1.—Though
out-hit by Washington, two to one,
the Yankees bunched the four
bingles they obtained off Mogridge
in two innings and defeated the
Senators by 3 to 1.

As Cleveland beat St. Louis with
five run rally in the ninth inning,
7 to 6, the New Yorkers increased
their margin over the Browns, in the
American League race, to two and
a half games.

Brooklyn again got the jump on
the Giants and cut the champions'
lead in the National League to six
games by making it two in a row,
7 to 4. Jess Barnes was driven to
cover in the third inning after the
Robins had tallied five times, while
Mammaux effectually held the
Giants in the seventh when Smith
weakened.

The White Sox pounded three De-
troit pitchers, including Herman
Pillette, for twenty-one hits and a
ten to one victory.

The last place Boston clubs pulled
themselves nearer seventh place by
trouncing Philadelphia teams, the
Braves taking a pair from the Phil-
lies by scores of 5 to 4 and 7 to 2,
while the Red Sox shut out the
Athletics by 3 to 0.

LOCALS TAKE ANOTHER GAME OF BIG SERIES

Defeated St. Johnsbury by Score
of 7 to 2 Yesterday.

Sherbrooke took the fourth game
of the series with St. Johnsbury
yesterday by a score of 7 to 2. The
issue was always in doubt until the
fifth inning when Ralph Jenkins'
home run accounted for three addi-
tional tallies and practically put the
game on ice. Chadwick pitcher
the visitors with Hunt on the mound
for the locals. Neither pitcher was
hit very hard and errors were fre-
quently responsible for runs.

Sherbrooke opened the scoring in
the very first inning, Chartier get-
ting a two bagger and going to third
on Savage's sacrifice. Errors at
third and centre field were responsi-
ble for the two runs. St. Johnsbury
scored in the fourth. Butler singled,
McLaughlin was walked, Kelly was
safe on Hunt's error and with the
bases full Martin was hit by a pitched
ball.

In the fifth, Landry was walked
and Andy Jenkins was safe on an
error at short. Ralph Jenkins stepped
up to the plate and lined out a
peach of a hit which enabled him to
make a full round of the bases.

Grana's two bagger in the seventh
was largely instrumental in an-
other couple of runs while Kelley, of
St. Johnsbury, slammed out a three
bagger in the eighth and brought
home McLaughlin ahead of him.

As a result of this victory, Sher-
brooke forge into the lead of the
series for the border championship
and hold three victories to one loss.

The score was as follows:
R. H. E.
St. Johnsbury 000 100 010—2 5 6
Sherbrooke 200 030 02x—7 7 4
Batteries—Chadwick and Brack-
ett; Hunt and Landry

ARRANGEMENTS COMPLETED FOR THE BIG RACES

Auto Speed Races Will Be Held
on Local Track Tomorrow—
Plenty of Thrills Promised.

Special police protection will be
provided by the management of the
Sherbrooke Exhibition for auto race
day tomorrow. Secretary Sidney E.
Francis is neglecting no opportunity
to give the famous racing drivers a
clear course. "We must have the
fences on the turns kept clear of
spectators," said Lampkin, the rac-
ing star, this morning. "We never
know when we may go through the
fence."

Tonight the track will be flooded
and every bit of dust eliminated.
This will make for fast time, and
add to the comfort of the spectators.

The drivers entered in tomorrow's
races comprise seven of the leading
pilots who follow the dirt track rac-
ing game. The cars are divided
into classes, and will furnish a pro-
gramme of six events, from four to
ten laps each. The French Peugeot
and Delage are without doubt two of
America's finest racing cars, and
cost \$20,000 each. The two Essex
cars have campaigned for two years,
and are very fast. The Briscoe has
a 90 horse power Wisconsin motor,
and the Mooney and Monroe are re-
markably fast. An auto parade will
open auto day at one o'clock, par-
ading over the principal streets,
headed by the racing cars. The
vaudeville programme will be given
between races.

Sherbrooke's first professional
auto race meet should draw a record
crowd, and the speed fans should be
furnished plenty of thrills.

M. LOOMIS WON THE E.T. TENNIS CHAMPIONSHIP

Took Straight Sets from A. W.
Reid in Finals.

M. Loomis, of the St. Francis Golf
Club, defeated A. W. Reid, his club-
mate, in the finals of the Eastern
Townships Championships yesterday
afternoon and wins the Record Chal-
lenge Cup and the miniature donated
by His Worship the Mayor Wm.
Morris. Reid takes the tennis racket
offered as second prize.

The game played yesterday after-
noon could not be compared with
some of the games played previous-
ly in the tournament. It was a slow
game which found Loomis the stead-
ier of the two. It was decided to
play the best out of three sets and
the first set was fairly even, each
player alternating in the lead. M.
Loomis took this 6-4 and he also took
the second game 6-2. There were
several long rallies but there were
very few difficult shots, the balls
being kept fairly high. Loomis
played his regular steady game and
on the day's play fully deserved to
take the honors.

The finals results in the tourna-
ment were as follows:

Singles
Winner of Record "Challenge
Cup" and His Worship the Mayor's
miniature. M. Loomis, St. Francis,
Sherbrooke.
Runner-up:—A. W. Reid, St. Francis,
Sherbrooke, winner of tennis racket.

Doubles
Winners of St. Francis Golf Club
challenge cup and individual cups
presented by Col. H. R. Fraser and
Mrs. Gordon Hume and Warren
Lynch—Messrs. Napier Smith and
Arthur Hodson, Magog.
Runners-up:—Messrs. Harley and
McCabe, Windsor, winners of tennis
rackets donated by Messrs. Spaulding
& Co., through Messrs. J. S. Mitchell
bro.

Donors towards defraying the ex-
penses of tennis balls, etc., were
Messrs. J. E. Poutre, F. Bouthillier
and Mr. Wilson, Royal Bank.

Ray Claypool, of Kansas City, at the wheel of the French Delage, entered in the auto races at the Sherbrooke Exhibition on Saturday. Claypool is Middle Western track champion of the United States, and his French speedway car is one of America's leading racing cars. Six races are on Saturday's programme. Two valuable trophies and large cash prizes will reward the daredevil who tempt Fate over the local track. The Delage has a mark of 1 minute 4 seconds for the mile over a half mile track, and will be a leading opponent for Lampkin and his Peugeot speedway car.

LAMBERT TODD WON WITHOUT DIFFICULTY

GOLF

**GRANBY DEFEATED KNOWL-
TON.**

KNOWLTON, Que., Aug. 29. —
The Knowlton Golf Club members
journeyed to Granby on Saturday
to play the home club, but were un-
able to put a very strong team on
the links owing to several of their
top players being detained in the
city on business. The Granby team
winning by 17 points to 8.

A very interesting match was also
played on Saturday. Black, the local
professional, was partnered with J.
T. Devlin, Knowlton professional,
and Mr. Travers was partnered with
Mr. Lewis, both of the Country
Club, Montreal. The professionals
won by 4 up and 2 to play.

Mr. Baillie played on the links on
Saturday with a party of friends.
The fine weather brought an un-
usually large crowd to the links for
the week-end.

**GRANBY CLUB HERE LABOR
DAY.**

The members of the Granby Golf
Club will arrive in Sherbrooke to-
morrow to practice over the local
course in preparation for their re-
turn match with the St. Francis Golf
Club members on Labor Day. In the
first half of the match played at
Granby the Granby players estab-
lished a lead of thirteen points to one
so that the local players have a big
handicap to overcome in order to
win out. The match will be played
on Monday afternoon.

The match will be played under the
best ball foursome system, and the
local team will line up as follows:—
Gordon Miller and Alex Fraser;
Royce Gale and Dr. Gordon Hume;
Dr. W. W. Lynch and Philip Robins;
J. C. Stewart and W. P. Rapley; C.
White and Harry Lawrence; H. St.
C. Clayton and Dr. W. O. Lambly;
Dr. P. Colquhoun and J. M. Jenckes;
C. A. Joslin and H. H. McKee; Don
McRae and Wm. Spier; Jack Scott
and Evans Joslin; Larry McGannon
and Col. J. J. Penhale.

The Granby Club advise that they
are bringing at least sixteen play-
ers. Lunch will be served at one

CARPENTIER TO RETIRE

PARIS, Aug. 31.—Announcement
comes from London that Georges
Carpentier, European heavyweight
champion, will retire definitely from
the ring within six or eight months.
This has created only mild interest
in Paris, where Carpentier is not the
idol of old among the fight fans, who
rightly or wrongly charge him with
snobishness and an exaggerated ego.

CITY BRIEFLETS

GYPSY TENT PULLED DOWN

Early last evening a visitor at the
Exhibition Grounds submitted to the
appeal of one of the gypsies and de-
cided that he would permit her to
see into his future career. However,
the gypsy fortune teller saw into
more than the future and being of a
materialistic nature, gauged the fi-
nancial capacity of her victim and de-
prived him of ten dollars. The loss
was discovered and as the loser made
some very strenuous objections, the
seer of mysteries used discretion and
slipped the bill back to its rightful
owner.

On leaving the tent, the man in
question laid a complaint before the
police and the gypsy booth was

CZECHO-SLOVAKIA AND JUGO-SLAVIA SIGN A TREATY OF AL- LIANCE

PRAGUE, Sept. 1.—A treaty
of alliance between Czecho-
Slovakia and Jugo-Slavia was
signed yesterday at Marien-
bad by Premier Pachitch, of
Jugo-Slavia, and Premier
Benes, of Czecho-Slovakia.

taken down in quick order and the
owners were severely warned as to
their future actions.

Another of the tribe also got into
trouble and one of the women from
the Wellington Street booth is al-
present resting in the Sherbrooke
jail, waiting to appear before the
judge on a charge of theft.

The Opening of School

again brings to the front the vital importance
of providing the proper pen for every student
and scholar.

Every attention is paid to having text books easy to
read, in order to avoid eye-strain.

Too often, little attention is given to the choice of a pen—with the
result that the wrong size or shape of the ordinary pen tires the
hand, writing becomes irksome, and the handwriting grows more
and more illegible.

**Waterman's
Ideal
Fountain Pen**

Is an education in smooth, easy, effortless writing.
The steady, uninterrupted flow of ink allows the pen to keep pace
with the student's thoughts.

It provides a size to perfectly fit every hand, from boy and girl just
entering the graded schools to those attending college and university.

There is a point to suit every style of writing, including the point
recommended by Boards of Education, fitted to three distinct types
of barrel—regular, safety and self-filling.

See that your boy or girl has the right pen to do his or her best
work at school.
