THE GOVERNMENT DECLARES SUGAR ORDER INOPERATIVE PENDING FURTHER HEARING

Action Came With Dramatic Swiftess—Unless Contrary Reasons Given Ban On American Imports Will Probably Be Rescinded—Regulations Of Character Never Intended.

Ottawa, Ont., Oct. 14—(Can. Press)—Action by the Government in regard to the order of the Board of Commerce fixing the price of granulated sugar at 20 cents per pound and confining sales to Canada, came with dramatic swiftess tonight when it was announced to the Canadian Press, Limited, that the order had been suspended pending a hearing before the Governor-in-Council on Wednesday, October 20. Unless reasons can be shown for contrary action at the hearing the order of the Board will doubtless be finally rescinded. Meanwhile, as stated, it is suspended.

Owing to the importance of the matter and his desire to be present at the hearing and until the question is finally disposed of, Prime Minister Meighen has decided to defer for one week his Western tour. All dates of meetings announced are, therefore, postponed for that length of time.

The decision of the Government was arrived at today after a full consideration of the effect of the regulation passed yesterday by the Board. This decision, which is set out in an Order-in-Council based upon a report made by Hon. C. J. Doherty, Minister of Justice, sets out the view that the regulations passed by the Board of Commerce are very probably illegal and that whether strictly legal or not they are of a character never intended by the Legislature establishing the Board. The view is further expressed that they seem designed to effect a purpose wholly outside the Board's authority.

On these grounds the Government has acted on its own motion and has declared the order inoperative. In view of the very great importance of the question involved opportunity will be given to all interested for and against, to be heard by the Governor-in-Council if they so desire, and Wednesday, October 20, 1920, at 2 p.m. has been fixed as the date for the hearing.

An indignation meeting of citizens may be called or some other effective action taken to protest against the sugar order of the Board of Commerce. The matter is being brought up at the Board of Control this afternoon by Controller Frank Plant.

Refiners' Position

Montreal, Que., Oct. 14—(Can. Press)—That, as a direct result of continuous Dominion Government control of the industry, the sugar refiners of Canada are left with commitments representing a value over \$60,000,000 which they have been forced into acquiescing, accumulating and holding under Government orders and which they are unable to sell except at a loss that involved the present production of their industry, if compelled to do so in the face of the ruinous market conditions in the United States; that the issues involved do not stop short at sugar refiners, but that they affect the entire commercial structure of the Dominion of Canada; and that the present situation is not of the making of sugar refiners and would not have developed had they been left to their own devices; and the points made by Huntley & Palmer, President of the Canada Sugar Refining Company, Limited, speaking after a conference with representatives of sugar refining interests in this city, this afternoon.

IRISHMEN WILL GATHER IN OTTAWA ON MONDAY

Ottawa, Ont., Oct. 14—(Thomas R. Donovan, Chairman of the Ottawa Branch of the Self-Determination League for Ireland, in whose hands are the arrangements for the convention in St. Patrick's Hall Saturday and Sunday next, stated today that already he had received assurances that between 600 and 700 delegates from every Province in Canada would be present at the meetings.

"There is an executive meeting tonight," said Mr. Donovan, "and until that is over we cannot announce the names of the speakers or the substance of any resolutions that may be introduced."

"Do you expect any interference?" was asked.

JAILBIRDS IN DARING PLOT

To Blow Up Portsmouth Penitentiary—Nitro Glycerine Stored Between The Walls.

Kingston, Ont., Oct. 14—One of the most daring attempts at jail delivery ever known in Canada has been discovered at Portsmouth Penitentiary here, according to a sensational story published by the Kingston Standard this evening. Evidence is said to have been uncovered showing the part of the plot was to blow the penitentiary off the face of the earth.

It is said that enough nitro-glycerine to destroy the big prison has been discovered along with some use and a number of deadly weapons.

No official account of the plot has been obtained, but it is said that the suspicions of the officials of the penitentiary were aroused some time ago, and they at once began a thorough investigation. This investigation is said to have resulted in laying bare the scheme to blow up the penitentiary. The quest for evidence against the supposed plotters involved the tearing away of some structure in prison, and this revealed several cans of nitro-glycerine and some fuse.

The weapons which included rifles and shotguns, were unearthed in another part of the penitentiary. One disquieting feature of the alleged plot, according to the Standard, is the belief that the explosives and firearms could not possibly have been taken into the institution by means of a porter, as some other agency than that of suspected prisoners must have engineered the daring scheme. What this agency is, or who are behind it, may possibly be revealed in the investigation which is said to have begun.

When the prison authorities became suspicious of the plot they put under close confinement, four convicts, it is said, and kept them separate from the other prisoners.

"The four are believed to be L. Symonicki, who in August 1914, escaped from the Portsmouth Penitentiary, and almost killed Guards Dowley and Taithe, and who was captured at North Bay; "Cigarette" Brown, "Wasp" Kalka, who was sent from the prison at Edmonton, Alberta to the penitentiary here for safe-keeping; and a prisoner named Johnson.

WROUGHT HAVOC TO FLOTILLA OF TRAWLERS

Halifax Reports Result Of Boisterous Weather On The Atlantic.

Halifax, N.S., Oct. 14—Boisterous weather on the Atlantic has wrought havoc to the latest flotilla of trawlers and drifters which left this port on Sunday last. Two trawlers and three drifters sailed for Inverness, Scotland. Today one of the trawlers returned here and the loss of Cape Breton coast of two drifters, the crews of which were saved. The other trawler was last seen heading for Sydney, where the third drifter is now. On Board the T.R. 54, which returned here were the crews of the two lost drifters. They had a narrow escape from going down with their boats, one crew being rescued as the ships decks were awash. The drifter sank ten minutes later, here were eight men on each of the drifters. High seas had swept over the boats and extinguished the fires, and despite the efforts of the crews, it was impossible to keep them from foundering.

ALLEGED BOMB PLOT

Detroit, Mich., Oct. 14—Stanley Obolowicz, a laborer, was detained by the police today pending investigation of an alleged plot to blow up the home of James Couzens, Detroit's millionaire Mayor. Police assert that Obolowicz after sharing questioning declared four men had offered him \$20,000 to bomb the mayor's residence. The Couzens home has been placed under guard.

FISHERMAN'S LUCK

Poston, Mass., Oct. 14—The schooner Squanto started to return to the port Monday with holds empty, the crew disgruntled and only two barrels of salt mackerel to show for a cruise of two weeks. The next day she ran into a big shoal and sailed up to the fish pier with 45,000 pounds of large fresh mackerel which sold for \$8,600. Each of the crew received 200 as his share.

JAMAICA RATIFIES TRADE AGREEMENT

Kingston, Jamaica, Oct. 14—The Legislature Council today ratified a trade agreement between Canada and Jamaica. Under the agreement Jamaica obtains a preference of 50 percent on several articles, including sugar, while Canada obtains a 25 percent preference in return for a subsidized steamship service between Montreal, Jamaica and the West Indies, which will carry freights at reduced rates beginning in January next.

IS NAMED FUEL ADMINISTRATOR

J. W. Lewis, Former Controller, Appointed By Province Of Quebec.

Ottawa, Ont., Oct. 14—(By Can. Press)—Quebec is the first Province to name of fuel administrator under the provisions of the recent order of the Board of Railway Commissioners, which makes it optional for a Province to take this step to provide for conservation of fuel.

The administrator for the Province, is J. W. Lewis, who was Provincial Controller before when Dominion control was exercised by C. A. Macneil.

F. G. McArthur, Fuel Control representative, who is administering the order for the Railway Board, returned to-night from Montreal, where he was in conference with Mr. Lewis in regard to the fuel situation. He stated that Mr. Lewis at an early date will announce the scale of fees which will prevail in the Province. He is also planning to keep a rigid check on the tonnage and in this connection will be disposed to leave the matter of distribution largely in the hands of the trade.

While no formal notice has yet been received, it is believed that Mr. Lewis will also name a fuel administrator who will co-operate with the Federal authorities in securing and properly distributing the fuel supply for the Province.

ULTIMATE FATE OF KIDNAPPED CHILD

The Coughlin Baby Was Inadvertently Choked By Ransom Seeker.

Philadelphia, Pa., Oct. 14—District Attorney F. X. Rensinger, of Montgomery County, today gave out a confession alleged to have been written by Augusto Pasquale, "the crank" in which he tells in detail the kidnapping and smothering of three-months-old Blagely Coughlin. The alleged confession says how he entered the baby's room by means of a ladder. When the child started to cry he wrapped a coat he found at a nearby house around the child, escaped down the ladder and after walking about three quarters of a mile he sat down to look at the baby and found him dead.

"I killed him by holding him too tight around my breast a little too long," the confession said. "So not knowing what to do with him then, I took him down to the river because I didn't want to put him on the ground and account that I did not want the dirt and worms to touch him. So I took him to the river and sitting there by the track with the boy on my lap until I saw daylight coming. Then not daring to hold him any longer I tied him with a string I found on a wagon in the stone quarry nearby to a piece of rail that was also in the quarry. Then I threw him in the river."

FINAL ARGUMENT FOR REDUCTION

Tariff Commission Hears Case Against Protective Tariff At Winnipeg.

Winnipeg, Man., Oct. 14—(Can. Press)—Final arguments for the reduction of the protective tariff were presented to the members of the tariff commission here today by representatives of the Western Farmers.

Winnipeg manufacturers presented statements in which they alleged that the high tariff is essential to the continuance of many industries in Canada. The Prairie section of the Canadian Manufacturers' Association presented their final document in which they argued against various appeals for consideration put in by the farmers during the Western sessions of the Commission. Premier T. C. Norris, on behalf of the Provincial Legislature, read a resolution passed unanimously by the House at the last session which put the Legislature on record as approving of the demands of the farmers. The resolution was similar in detail to the one presented by the Saskatchewan Legislature.

W. D. Bayley, M.L.A., for Assiniboia, represented the Dominion Labor Party before the Commission at the afternoon session. He presented the viewpoint of his body on the tariff question and practically supported the arguments of the farmers for a reduction of the tariff although he claimed that a more general co-operation between all parties affected is necessary before any solution can be arrived at.

J. R. K. Bristol, tariff expert for the Canadian Manufacturers' Association, presented an argument in which he claimed that the facts in the original statement of the Canadian Manufacturers' Association presented here at the beginning of the Western session have not been proved false by an argument of the farmers' representatives.

SIR ARTHUR CURRIE IN HIS HOME TOWN

Given A Rousing Ovation—Inspiring Address At Canadian Club.

London, Ont., Oct. 14—General Sir Arthur Currie today made his second official visit to London since the signing of the armistice, members of the Canadian Club tendering him a royal welcome at a luncheon in the Tecumseh House. Following this he was taken by the governing of Western University on a tour of the new grounds and the medical school.

Sir Arthur went to his mother's home near Strathroy, late today, and will make a brief visit there. His address to the Canadian Club dealt with the relation of education to various phases of the national life.

"Today we are in another set of trenches conducting a fight against the powers of greed and selfishness. The institutions which are going to have the greatest effect in this fight are the educational institutions. They are inseparably linked with the progress of the nation. The nation is the field for the exercising of citizenship and the university is where they are prepared for their active duty as citizens. There are two laws operating in these spheres of activity. They are self-culture and service. The university is for the development of the former and the state for the latter."

Nationals expressed itself in many different ways he asserted, economically or in terms of industry; in terms of education and politically in terms of Government. Referring to the latter point he said that it was deplorable that the people spoke so lightly of those engaged in the Government of the country.

IN RE THE DOMINION TRUST COMPANY

Vancouver, B.C., Oct. 14—J. G. Gwynne, liquidator of the Dominion Trust Company, received an order from Mr. Justice Murphy authorizing him to pay dividend of ten cents on the dollar on those claims of unsecured creditors which have so far been allowed by the court, and to set aside claims of unsecured creditors not yet allowed by the court, but to be adjudicated upon in the near future.

Secured creditors have already been paid over \$25,000,000 and the amount of claims as adjudicated upon and allowed by the court upon which the dividend will now be paid is \$2,858,774; the unsecured claims still to be adjudicated upon total \$467,748, and will likely be reduced by court decision.

LANGUAGE FAILS MACKENZIE-KING

Blames Sugar Order Of Commerce Board On Autocratic Executive.

Vancouver, B.C., Oct. 14—(Can. Press)—Referring in his speech at Vernon this afternoon to the sugar order passed by the Board of Commerce on the previous night, Hon. W. L. Mackenzie-King said:

"I doubt whether language it is permissible to use in public can be found which will adequately express the indignation and outraged sense which the Canadian people have a right to feel at this latest arbitrary and anti-social act of an autocratic Executive."

The Liberal Leader was more than two hours late in arriving here and was at once whisked away to the Empress Theatre where a large audience was awaiting him from all parts of the fruit centre of the Okanagan Valley. It was his first address in the Yale constituency, where a bye-election is now pending to fill the vacancy caused by the resignation of Hon. Martin Burrell.

When he launched into the sugar question and the effect of the Government's recent action on the cost to the ultimate consumer, he said day by day the real issue between the political parties in Canada as represented on the one hand by the Government and its supporters, and on the other by the progressive forces allied against them, was becoming more and more clearly defined.

Identifying the present Government with the big interests of the country, Mr. King stated that the nature of one at least of those interests had been disclosed by the order which the Government had just sent forth through its appointment on the Board of Commerce directing that the tariffs as to the buying and selling of sugar should be tied to different channels which found their fountain head in the half-dozen refineries which constituted one vast monopoly in this country.

It was a busy day in Vernon there having been many gatherings of an important character taking place. As Mr. King and his party arrived in the city, the railway commissioners, who were to hear the grievances of the fruit growers, stepped from a private car attached to the same train on which Mr. King travelled, while the superintendent of the Emfion Express Company and a large party of Grand Trunk officials also emerged from their respective private cars. But all those things did not prevent his interest being taken in the visit of the Liberal Leader.

RUSSO-FINISH	22
PEACE SIGNED	22
Helmsford, Oct. 14—The Russo-Finnish peace treaty was signed today at Dorpat, Estonia.	22
Peace negotiations between Finland and Russia were entered into last spring on the initiative of the Moscow Government. The purporters, however, were subject of many interruptions.	22

The Weather.

Tronto, Ont., Oct. 14—Pressure remains lowest over the northwestern portion of the continent and it is now nowhere much above the normal. The weather has been fair today over the Dominion, with the exception of a few showers on the British Columbia coast.

"GRANDEST IN THE WORLD," SHE SAYS

Montreal Woman Says Her Recovery Since Taking Tanlac Is Talk Of Neighborhood. Has Gained Twenty Pounds

"My recovery is the talk of the neighborhood for a short time ago I weighed only one hundred pounds and was unable to attend to my housework but now I weigh one hundred and twenty and am in perfect health." Mrs. Emilie Dallaire, who resides at 194 Cuvillier Street, Montreal, recently made this statement while telling of the remarkable benefits she has derived from the use of Tanlac.

"My stomach was so badly disordered," she continued, "that I had to give up eating all the things I liked best. I could not touch meat at all and sometimes just the sight or smell of food made me sick. I had awful pains in my stomach and had fallen off so much in weight that I was scarcely more than a frame. My nerves were shattered and even the door bell ringing would make me jump.

"Sleep, why, it just seemed that I couldn't get to sleep to save me. Many nights I got up out of bed four and five times, and walked around trying to get my mind off my suffering so I could get a little rest. In the morning I just felt like I didn't have the strength to get out of bed and if I tried to do any of my housework I would become so dizzy I would almost fall over before I could catch hold of something to hold up by.

"But I'm so thankful that I decided to try Tanlac for those days of suffering are over now. My recovery is wonderful and my friends and relatives are all simply amazed at the change Tanlac has made in me. My health is just splendid and I have gained so much in weight that everybody tells me that I look like a different person entirely.

"My appetite is just fine and I can eat meat or anything else I please and digest it properly. I am not one bit nervous and sleep as soundly as a healthy baby. I get up feeling as happy as a lark and can do my housework without tiring one bit. I am perfectly well in every respect and just think Tanlac is the grandest medicine in the world."

Tanlac is sold in Quebec by Martel & Dion, and by Jolicoeur's Pharmacies; and in Lewis by Maurice D'on, under the personal direction of a special Tanlac representative.

A cable from Broomhall says that the wheat crop of Australia this season is estimated at 120,000,000 United States bushels, compared with 47,000,000 bushels last season.

DAILY GOSSIP ON THE LEADING STOCKS

Application has been filed with the Interstate Commerce Commission by the Western Maryland Railway to issue \$2,700,000 first and refunding 5 per cent mortgage bonds.

Germany's 1920 budget shows a deficit of 47,000,000,000 marks, including an operating deficit of 18,000,000,000 on railroads and 2,000,000,000 on the postal service.

Shut-out imports of crude oil out of Mexico in September totaled 992,645 barrels, of which 562,712 barrels were transported by the Sinclair fleet. This does not include Sinclair oil sold to other companies operating in Mexico.

Pig iron production in August was 3,147,402 tons and 2,743,388 a year ago. The total for the year to the end of August is 24,353,431 tons, and last year 21,265,737. The output of steel ingots was 3,006,432 tons, the preceding month 2,802,218 and a year ago 2,746,081.

Permission to issue \$3,000,000 of refunding and general mortgage bonds, Series B, at 6 per cent, to exchange for an equal amount of Series A, 5 per cent bonds already issued under the mortgage agreement, was asked by the Baltimore & Ohio Railroad in an application filed with the Interstate Commerce Commission.

Charles J. Andre, secretary of the National Association of Securities Commissioners estimates the annual loss to the American public by sale of fraudulent securities at \$500,000,000. He claims that about 10 per cent of the stock offered to the public is worthless. Although 33 states have sky laws, some are so loosely practically everything gets through he asserts.

Three million dollars in Province of Ontario 6 per cent bonds due October 1, 1923, at prices to yield about 7 per cent are being offered by a syndicate composed of Halsey, Stuart & Co., Aemilius Jarvis & Co., of Toronto, and the First National Company, of Detroit.

Oil exports from Mexico in September amounted to 17,000,000 barrels, a high record, 1,700,000 barrels more than August. Six companies shipped more than 1,000,000 barrels each, while the Mexican Petroleum Company and the Mexican Eagle Oil Company shipped 2,000,000 barrels each.

SKUNK TRIMS THIS DUVETYN SUIT

(By GERTRUDE BERESFORD) Fur is one of the best-trimmed trappings for the Fall suit. On this model skunk is used for the handsome collar and generous cuffs. The suit is evolved from a beautiful piece of duvetyne in the fashionable shade known as sumac. It is designed with a rather low waistline, which is further accentuated by the tabs in the front of the coat. The lower part of the coat is set in with slight fullness, which contrasts well with the very tight skirt. Buttons that slip through buttonholes bound with the material and stitching ornament this model. The hat, of sumac velvet is almost covered with black coque feathers.

Sharing the Housework

(By LORETTO C. LYNCH) An Expert on All Matters Having to Do With Household Management.

All over the country there is the cry of shortage of household help. Once it was the little middle-class bride and matron who bemoaned the passing of the maid-of-all-work. Now even our wealthy find their households badly crippled. We are facing the fact that every year fewer and fewer women are available for work in the household. Or, they are available at a price far out of all proportion to their efficiency.

How are we to solve the problem then? For at all costs, the home must endure and be preserved if the nation is to continue to exist.

The progressive women of the West are solving this troublesome problem by reorganizing their homes and readjusting their mode of living. And then they are going in for every kind of household machinery that they can possibly afford.

Of course the middle-class home in the West has never pretended to be anything but what it is, but it is noticeable that the men of the West share the household tasks, and no matter how rich the average Westerner grows, he never seems to get above having a certain pride in telling you that he can cook.

FRESH IMPETUS GIVEN TEMPEST

Asquith 'Bitterly' Attacked Lloyd George — Assailed Himself By Carson.

London, Oct. 14.—The political tempest which has been aroused by the recent pronouncements of prominent men on the Irish problem, notably by Premier Lloyd George, Viscount Grey and former Premier Asquith, received a fresh impetus today when Mr. Asquith bitterly attacked Mr. Lloyd George while at the same time Sir Edward Carson, the Ulster Unionist leader, made an equally acrimonious assault on Mr. Asquith.

Speaking at Ayr with reference to Mr. Lloyd George's Welsh address, Mr. Asquith declared that "all the Premier's flippancies and all his vulgarities have not diverted and cannot divert attention from the outstanding fact of his confession of political bankruptcy."

He said that the Premier's speech would be interpreted as at least, condoning the reprisals in Ireland.

Sir Edward Carson, on his part in a speech in London, asserted that Mr. Asquith at the most critical moment in the Irish situation was attempting to minimize the efforts toward a solution. A man who would do that for the purpose of gaining support for his party's issues, he declared a traitor to his country.

Regarding the reprisals, Mr. Asquith said he was confident that when Parliament reassembled it would insist upon an independent and impartial inquiry into the reprisals cases, which "were not acts of self-defence, but blind vengeance."

Referring to the burning of crematories, he declared that no parallel to these reprisals could be found except in the achievements of the Germans. So far as he knew no one concerned in the outrages of the past four months had been punished. He concluded with a condemnation of what he called the makeshift Home Rule Bill now before Parliament.

Sir Edward Carson discussing the measure put forward by the Premier for Home Rule for the South and West counties and another for Ulster, said that a majority for this was secured but he personally thought it was cruel to the people of Ireland at present to try to lead Ireland into a political war for independence. If once that war broke out it could not be ended during the present generation.

THEIR DENIALS ARE REITERATED

Self-Determination League Insists Mayor MacSwiney Is Not Fed.

London, Oct. 14.—The officials of the Irish Self-Determination League, which sends out reports regarding the condition of Lord-Mayor MacSwiney, in Brixton Prison, reiterate their denials that the Lord-Mayor is receiving nourishment of any kind. The League officials declined today to speculate on the time the Mayor may yet be able to hold out, merely saying: "He might die any minute or, on the other hand, he might survive several days."

The bulletin issued to-night by the League says that Lord-Mayor MacSwiney is very weak, but still conscious.

SUGAR QUESTION HERE AND THERE

Has Been A Thorny One According To Reports From Various Sources.

Boston, Mass., Oct. 14.—Alexander T. Loughlin of Portland, Maine, President of a firm of wholesale grocers, told Attorney-General J. Weston Allen today that he was unable to obtain sugar from the Reverse Sugar Refinery or the American Sugar Refining Company last June until he signed a contract to pay 1 1/2 cents a pound for it.

He had offered to pay any price that might prevail on the date of delivery, he said, but could get no sugar until he met the 22 1/2 cents for the lot. Now with 600 barrels undelivered of a total of 1400 barrels contracted for at that price, and with sugar selling at 11 cents a pound, his company is losing more than 10 cents a pound, he said, while the American company is profiting on carrying out the terms of the contract.

Attorney-General Allen is investigating the high prices reached by sugar before the recent slump. President Loughlin and other dealers who testified at the hearing, agreed that they had never until last summer been asked to make contracts for sugar. Last June, however, Loughlin stated, he was told by refiners' representatives that there was a shortage coming in the fall and that unless he signed a contract at 22 1/2 cents a pound he could not get sugar whatever.

The Beet Variety.

Toronto, Ont., Oct. 14.—A special despatch to the Star from Kitchener says: "The effect of the order of the Board of Commerce will not only be to prevent consumers from reaping the advantage of American sugar but also make it impossible for them to get the benefit of lower prices by reason of the bumper Canadian beet sugar crop this year. This was just beginning to have an appreciable effect on the market when out came the order staying prices."

San Francisco, Calif., Oct. 14.—Sugar dropped from \$12 to \$11 a hundred weight for best grades at the refineries here today. Other grades ranged on an average of twenty cents lower.

Letbridge, Alta., 22 1-2 cents. Regina, 22 1-2 to 23 cents. Edmonton, 22 to 23 cents.

More Protests.

Brantford, Ont., Oct. 14.—Following a conversation with Ald. T. R. Ryerson, Chairman of Finance, Mayor MacBride, announced today that he was arranging to call a mass meeting of all citizens to register by resolution protest against the action of the Board of Commerce in maintaining the high price of sugar. He stated that he will write every municipality in the Province of Ontario asking them to join with Brantford in emphatically demanding the rescinding of the order of the Board.

MOTOR CYCLIST WAS KILLED

Was Crushed By A Street Car At Three Rivers And Died From Injuries.

Joseph Duplessis, of Pointe du Lac, died in hospital at Three Rivers yesterday as a result of having been crushed by a street car. The victim was riding a motor cycle and at the corner of St. Charles and Ste. Cecile streets, he collided and fell in the path of a street car. The motorcyclist was unable to stop up an time and Duplessis was crushed by the car. He succumbed shortly after his arrival at hospital.

BOSTON TRANSCRIPT TO NOW COST 5 CTS.

Boston, Mass., Oct. 14.—The Boston Evening Transcript announced today that beginning October 15 the price of its Saturday edition would be five cents. All editions have sold for three cents for nearly forty years. The growth in the popularity of the week-end issue, and the effort and expense involved, were said to be the reason for altering the price at this time.

IRISH AND BRITISH LABOR IN JOINT CONSULTATION. London, Oct. 14.—The Executive Committee of the Irish Trade Union Congress and Labor Party has accepted an invitation from the "Council of Action" of the British Labor Party to a joint consultation on the Irish situation. The conference will be held in London Monday. This is regarded as an important development in the relations of Irish and British Labor on the eve of the opening of Parliament.

AN ALLEGED GO-BETWEEN CAUGHT

Former New York Stock Broker Appears Following Schillinger's Arrest.

Chicago, Ill., Oct. 14.—Arrest today of Charles Schillinger, alleged go-between and the asking of three John Doe's for suspected revenue agents involved in connection with the whiskey running operations today were followed by the appearance of Walter Sadler, a former New York Stock Broker, before a Federal Grand Jury investigating a plot to flood the United States with contraband whiskey. Announcement was made that Sadler would later return to Chicago to give further testimony.

Court attaches said that Sadler told the jury something of his dealings with a distillery at Louisville, Ky., from which whiskey was said to have been shipped. Seizure of this liquor preceded Sadler's confession that a \$1,000,000 "whiskey ring" had sought to distribute liquor throughout the country.

Sadler was accompanied to the Federal building by two United States deputy marshals who have been with him since Wednesday when he told authorities he had received a threat against his life.

Schillinger whose arrest followed complaint by Andrew Pappas, proprietor of a firm that he paid Schillinger \$12,000 for whiskey, but received only part of the amount bargained for, is thought by the police to have obtained \$100,000 from saloon-keepers to whom he failed to deliver liquor as ordered. Further release of liquor from bonded warehouses in Illinois was temporarily suspended today by R. W. Stone, State Prohibition Director.

CLAIMS CANADA WILL DO WORK

Of Deepening St. Lawrence If The United States Does Not Help.

Toronto, Ont., Oct. 14.—At a luncheon given by the Toronto Board of Harbor Commissioners to the International Joint Waterways Commission here, today at the conclusion of their Commission's sitting in this city, R. Home Smith who presided, said that if the United States did not see its way clear to make the deepening of the St. Lawrence an international undertaking, Canada would do the work itself.

"When the time comes for the work to be done," Mr. Smith said, "I hope that the credit will go to this joint committee, but if things turn out differently I am confident that we will go ahead ourselves and do the work as a national undertaking."

Mr. Smith, who is a member of the Toronto Harbor Board, stated that the millions of dollars expended on the Toronto harbor were spent with the definite expectation of a deepened St. Lawrence and if it were necessary to go ahead and spend twenty five or fifty or one hundred millions it should be done, he said, in view of the value of the St. Lawrence canal to be.

ARREST IS MADE AT EDMUNDSTON

Wm. St. Pierre Suspected Of Connection With Woman's Death.

Edmundston, N.B., Oct. 14.—(Can. Press).—William St. Pierre, of this town, was arrested here today on suspicion of being connected with the death of Minnie Stevens whose body was found in the Madawaska River on Tuesday last. The coroner's jury in this case sat behind closed doors today and after examining two witnesses retired and brought in an open verdict of murder.

St. Pierre is a returned soldier, a prominent member of the G.W.P.A., and is employed at the C.N.R. Divisional Stores Department here. He will be brought up for examination to-morrow in the Magistrate's Court.

The medical examination of the girl showed death due to drowning. There were two serious wounds on her head and her skull was fractured.

BLACKING LIQUID EXPLODED. Montreal, Que., Oct. 14.—Emile Parenteau, 29, of 18 Inspector Street was severely burned on the face, hands and neck while N. Duchesne was scalded in an explosion of blacking liquid at the plant of J. B. Lortie, saddler and leather manufacturer, 88 Craig street, West, this afternoon. It is believed sparks fell from a pipe Parenteau was smoking in the blacking composition containing gasoline which they were using.

RESIGNATION OF COL. CAMERON. Montreal, Que., Oct. 14.—Colonel Kenneth Cameron, C.M.G., has resigned from the post of Medical Superintendent of St. Anne's De Belleve Hospital, Department of Soldiers' Civil Re-Establishment, after six years of military service, and he will be succeeded by Dr. J. B. McMurrich, of Toronto. The resignation goes into effect at once.

AN INJUSTICE TO WIFE AND CHILD

Presbyterian Scores Ecclesiastical Decrees That Can Invalidate Marriage.

Montreal, Oct. 14.—A strong condemnation of ecclesiastical decrees which could make null and void marriages legal according to the civil law of the province was contained in an address "the marriage laws of the Province of Quebec" by Chancellor Davidson before this morning's session of the Presbyterian Synod. Dr. Davidson mentioned instances where, through an ecclesiastical decree or impediment marriages, had been annulled "ab initio" thereby returning the children to the status of illegitimate, and stigmatizing the woman in the eyes of the church.

A law permitting the annulment of marriages "ab initio" was considered by the speaker to be worse than the divorce laws of any country, for these laws did not do away with the original marriage contract, though it annulled it for the future. The children were then not wronged or branded for life as illegitimate. While believing that the church had the right to make marriage decrees which should be obeyed by its members, Dr. Davidson urged that the Presbyterian Church should support the principle that the punishment should be to the parties directly ecclesiastical and that no contravention of the civil law should be allowed.

Pass Resolution.

Montreal, Que., Oct. 14.—(Can. Press).—Following an address today by Chancellor Davidson in which he argued that Ecclesiastical decrees affecting marriage should not be permitted to over-ride the civil law of the country, the Presbyterian Synod in session here placed itself on record in the following resolution:

"That this Synod of Montreal and Ottawa affirms its belief in the right of the Presbyterian ministers and of other officers of civil status in any part of Canada, to marry those who have obtained a marriage license, or after due publication of banns, regardless of the religious affiliations of the parties representing the same. "That this Synod protests against the action of certain Roman Catholic authorities and of certain judges on the civil courts in declaring null and void marriages which have been solemnized in the manner declared by the Supreme Court of Canada to be legal and valid. "That this Synod do further importune the next general assembly of the Presbyterian Church in Canada to take steps to co-operate with the other Protestant churches in the Dominion, in endeavoring to procure the passing of such measures as may be necessary to guarantee that the Crown shall be duly represented in all suits taken for the annulment of marriage and making it the duty of such representative of the Crown to enter an appeal from any judgment rendered contrary to jurisprudence in such matters, of the highest courts of the land."

The proceedings of the Synod closed this afternoon. The next meeting will be held in Chambers Church, Ottawa, on the 2nd Tuesday of October 1921.

A BUSH FIRE NORTH OF CITY

Broke Out Yesterday On Mountain West Of St. Pierre De Charlesbourg.

A fire broke out yesterday morning about ten o'clock in the hardwood bush on the mountain west of the convent at St. Pierre de Charlesbourg, and last night it was raging furiously fanned by a strong easterly gale.

The blaze was plainly visible from the City last night and was sweeping a stretch about a mile and a half in length by several acres in width at some points.

There is a small settlement on the mountain composed of several families but none of the buildings were in danger last night as the wind was blowing in an opposite direction and the fire was progressing towards Chouin with some two miles of bush to traverse before reaching there. It is not exactly known how the fire had its origin, but it is thought that it was caused by sparks from some slash which a farmer was burning.

Most of the damage caused last night was in a bush lot owned by Rene Bedard, but the fire had also communicated to lots owned by farmers on St. Joseph Road, whose properties extend into the mountain.

Unless a heavy downpour of rain comes today there may be considerable difficulty in arresting the progress of the flames, and the damage will be considerable.

Woman Dies From Injuries Sustained In A Runaway Smash—Auto Overturns. A fatal highway accident is reported from Weedon, P.Q., in which Mrs. Euclide Fontaine sustained injuries which resulted in her death. The accident was a double one. Mr. and Mrs. J. Blanchard were coming along the road in an automobile when the car skidded and turned turtle. Mrs. Blanchard was injured about the head. Mr. and Mrs. Fontaine were driving in a buggy nearby and the horse taking control upon the vehicle in the ditch. Mrs. Fontaine was so gravely injured that she died some time later.

WANTS JUVENILE COURT IN QUEBEC

Lady Writes To Make Request To City—Left On The Table.

There was a short meeting of the Civic Finance Committee held last night at the City Hall when several matters of minor importance were dealt with.

A letter was read from Mrs. K. W. Griffith asking that a juvenile court be established here. No action was taken by the committee. The communication was simply left on the table.

On behalf of the Quebec Signal Cadets a letter was written asking the City to provide 150 uniforms. It was pointed out that the City had not the power to do such a thing and the matter was consequently dropped.

It was decided to vote Fire Chief Louis Talbot, who has tendered his resignation, a pension of \$1,850.00 a year. He will be given the rank of Consulting Chief.

A sum of \$5,300.00 was placed at the disposal of the Waterworks Department in D-Verdere Ward to provide water service for the houses being erected near the Blessed Sacrament parish.

City Treasurer Verge announced that he had redeemed \$10,000.00 in bonds at 96 1/2%. His action was approved by the committee.

HAD EXHAUSTED EVERY EFFORT

Lloyd George Replies To Miners' Executive Regarding Coal Strike.

London, Oct. 14.—After consulting with Sir Robert Horne, President of the Board of Trade, today, Mr. Lloyd-George replied to the miners' executive to the effect that the Government had exhausted every effort to prevent a calamity, had explored every avenue which might lead to a peaceful solution. In a letter to Robert Smiller, the Miners' leader, the Premier expresses profound regret and disappointment at the rejection of proposals "so supremely reasonable," and says it is impossible to conceive of any situation more likely to bring about serious disaster to the country's trade.

The Premier reviews the Government's efforts to find a solution and points out how, finding that recent increases in wages have been followed almost automatically by reduced production, the Government has sought an arrangement providing an incentive for a larger output. He expressed the belief that the country will be fortified in its determination to endure the trials imposed by the rejection of the offer in the knowledge that the proposals made by its elected Government have received the support of the most responsible and experienced minds in the Federation.

FATAL ACCIDENT AT WEEDON, P.Q.

Woman Dies From Injuries Sustained In A Runaway Smash—Auto Overturns.

A fatal highway accident is reported from Weedon, P.Q., in which Mrs. Euclide Fontaine sustained injuries which resulted in her death. The accident was a double one. Mr. and Mrs. J. Blanchard were coming along the road in an automobile when the car skidded and turned turtle. Mrs. Blanchard was injured about the head. Mr. and Mrs. Fontaine were driving in a buggy nearby and the horse taking control upon the vehicle in the ditch. Mrs. Fontaine was so gravely injured that she died some time later.

STONE-THROWINGS. Beaufort, Oct. 14.—Several stone-throwings, necessitating the intervention of the military, occurred last evening in the net work of streets between York Street, a continuation of the city's thoroughfare, and Queen Street, which is a nationalistic locality. The disorders assumed such a serious aspect that the soldiers were summoned and with the aid of the police put down the rioting.

EXTRA TROOPS. Londonderry, Ireland, Oct. 14.—In consequence of the disorders Tuesday night, an armored car patrolled the affected area and extra troops were placed on duty. There was considerable revolver firing last night.

CIVILIANS SHOT. London, Oct. 14.—A Dublin despatch to the Central News reports that three civilians were shot dead and more than thirty wounded in the Tabbot Street affair. The district was in a state of high excitement and several raids were being carried out in the neighborhood.

THREE INJURED BY RUNAWAY CAR. Automobile bearing No. 952 ran away without any driver on St. Eustache Street yesterday and at the corner of St. Julia street struck Joseph Harpin, R. Poirin and J. P. Chagnon. Our "Rebel" County. The car then crashed into a building and was considerably damaged. All three men were considerably shaken up.

BOY INJURED ON DAUPHINE ST. Samuel Coughlin, aged 8 years son of Mr. Patrick Coughlin, 16 Drolet Street, was run down on Dauphine street on Wednesday afternoon by a mail cart. The lad was picked up by Mr. Guy Neuvill-Beliveau who called after the driver of the cart. The driver, it is said, pulled up at the next corner, but there stood he was late and could not tarry to help the boy who had been run down. The lad was taken into a house on Dauphine street and later was removed to the Hotel Eden Hospital in the ambulance. He had one leg fractured at the thigh and will be a patient at the Hospital for some time.

A FRACTION CHEAPER. Montreal, Que., Oct. 14.—A decline in the price of butter and beef was reported at the Bonsecours Market here today. Butter is 2-4 cents a pound cheaper, whereas 53 1-4 cts and one cent cheaper for the consumer. Beef has dropped about a cent a pound.

TWO KILLED AND FOUR WOUNDED

When Soldiers Attempted To Raid Tailoring Store In Dublin.

Dublin, Oct. 14.—Two persons, a boy of fifteen years, and another civilian, were killed and four others wounded, including a policeman on duty, when soldiers with two lorries and an armored car attempted to raid a building containing a tailoring store on Talbot street, at 4:45 o'clock this afternoon. Other deaths are expected. A crowd collected when the raiding party appeared and the military, fearing an attack, fired volleys.

The tailoring store is owned by two leading Sinn Feiners, one of whom, Thomas Hunter, is a member of the House of Commons. The official report on the Talbot Street affair says that on the arrival of the troops a body of civilians outside the shop opened fire and one officer was killed and one non-commissioned officer wounded. The fire was returned by the troops, resulting in the death of two civilians. Three arrests were made.

At 2:30 o'clock this afternoon an officer and two soldiers in a turret armed car visited the Phibberborough bank to draw their pay. While the officer was in the bank four young men opened fire on the car, wounding one of the soldiers. The other soldier returned the fire of the assailants, one of whom, a civilian, was wounded, in the head, and died later. The officer rushed out of the bank, revolver in hand. No shots were fired and the members of the attacking party escaped.

The Sinn Fein issued a detailed statement on the amount received at Headquarters from Ireland, Great Britain and France for the Republican Loan. The total reached approximately £77,000.

An official announcement issued today says the Government has decided to refund guarantees of dividends on the Irish railway shareholders unless the railways are prepared to carry all traffic.

Viscount French, the Lord Lieutenant, in inspecting the auxiliary police in Phoenix Park today, exhorted the men to observe judgment and self-restraint in the performance of their arduous duties.

Among the number of persons arrested today was Mr. O'Sullivan, Manager of the Queen's Theatre. He was taken into custody after troops had searched his residence.

CITY HALL RAID. Cork, Oct. 14.—The first raid on the Cork City Hall since Terence MacSwiney, the Lord Mayor, was arrested last August, took place shortly before noon today when four lorries filled with soldiers, a smaller lorry mounting a Lewis gun and an armored car, drove up and took possession of the building.

The raiders remained for more than an hour. They made one arrest, John Eager, a clerk in the Public Works Department, on whom they found a ticket for a raffle of a revolver. Every person in the building was rounded up, and as a hand-up, was taken to the corridor on the second floor, where a personal search was made. In the meantime there was a systematic search of the various department offices. Officials of the Treasury Department assert that 32 pounds which were private funds, are missing from the safe.

STONE-THROWINGS. Beaufort, Oct. 14.—Several stone-throwings, necessitating the intervention of the military, occurred last evening in the net work of streets between York Street, a continuation of the city's thoroughfare, and Queen Street, which is a nationalistic locality. The disorders assumed such a serious aspect that the soldiers were summoned and with the aid of the police put down the rioting.

EXTRA TROOPS. Londonderry, Ireland, Oct. 14.—In consequence of the disorders Tuesday night, an armored car patrolled the affected area and extra troops were placed on duty. There was considerable revolver firing last night.

CIVILIANS SHOT. London, Oct. 14.—A Dublin despatch to the Central News reports that three civilians were shot dead and more than thirty wounded in the Tabbot Street affair. The district was in a state of high excitement and several raids were being carried out in the neighborhood.

THREE INJURED BY RUNAWAY CAR. Automobile bearing No. 952 ran away without any driver on St. Eustache Street yesterday and at the corner of St. Julia street struck Joseph Harpin, R. Poirin and J. P. Chagnon. Our "Rebel" County. The car then crashed into a building and was considerably damaged. All three men were considerably shaken up.

BOY INJURED ON DAUPHINE ST. Samuel Coughlin, aged 8 years son of Mr. Patrick Coughlin, 16 Drolet Street, was run down on Dauphine street on Wednesday afternoon by a mail cart. The lad was picked up by Mr. Guy Neuvill-Beliveau who called after the driver of the cart. The driver, it is said, pulled up at the next corner, but there stood he was late and could not tarry to help the boy who had been run down. The lad was taken into a house on Dauphine street and later was removed to the Hotel Eden Hospital in the ambulance. He had one leg fractured at the thigh and will be a patient at the Hospital for some time.

"Beauty is Only Skin Deep"

LANCASTER BOYS WON PLOUGHING MATCH. Montreal, Que., Oct. 14.—At the ploughing competition being held under the auspices of the Eastern and Western Quebec Ploughmen's Association, entries are reported as far distant as Niagara. In the single ploughing match the winner of the \$50 prize was W. Mussey, of Hebert, Que.; the runner-up and winner of \$40 prize being Arthur LaFrance, of St. Basile. The Grand Champion of Que. A plow was awarded to Ewan MacLennan, of Lancaster, Ont., and C. B. Goodlow, another Lancaster boy, won the second prize.

The Quebec Chronicle

Printed and published by the Chronicle Printing Company, Sir David Watson, General Manager, at the building of the Company, 9 Beaud Street, Quebec.

QUEBEC, OCT. 15, 1920

THE CLIMAX OF BLUNDERING

We had thought that the Board of Commerce had long since done its worst, that any change must be in the nature of an improvement, but its latest performance has fairly capped the climax of blundering.

It is true that the former Commissioners did check the price of sugar in Canada at a time of great scarcity—the only commodity over which they maintained any sort of effective control—and it may be that in this way the refiners were precluded from raising earnings to which they were entitled by world-wide conditions, as they contend; but this is no reason why the present Commissioners should now, by a reversal of policy, protect these refiners against the ordinary risks of trade at the expense of the consumer.

An immediate test of the legal position is therefore imperative and no doubt be made, as was done in the case of newspaper when the same Board endeavored to improperly assist the publisher at the expense of the manufacturer.

Here it is right to point out that, so far, the Federal Government cannot be charged with responsibility for the action of the Board of Commerce as Opposition newspapers, for obvious reasons, have been prompt to suggest. Its members have been appointed by the Government but it has the jurisdiction of a judicial body and it would be just as reasonable to blame the Government for the mistakes of any other judge, whose appointment lies in its hands.

A FREE TRADE-PROTECTIONIST

The Chronicle has already referred to the agitation among Western farmers for the restoration of the Wheat Control Board in order to bolster up the falling price of that commodity and has demonstrated their policy in regard to the consumer to be one of "heads I win, tails you lose."

Only the other day Mr. H. W. Wood, President of the United Farmers of Alberta, appeared before the Cabinet Tariff Commission and denounced the protection of manufacturers. The idea of the State helping Canadian industry or Canadian labor was, in his opinion, an unspicable outrage.

"Now, state control of wheat selling," asserts the Journal, "is the most absolute, as it is the most vicious, kind of protection. It means that the man who has wheat to sell is guaranteed a stated price for it, and in the event of the markets of the world not providing this price, the rest of the community are taxed to make up the loss. That, surely, is protection with a vengeance, and a kind to which some manufacturers would rapidly agree."

would not be necessary. The trouble is that the world has never quite reached the point of perfection which Cobden, the 'International Man,' hoped it would, and upon which he based his doctrine of Free Trade; hence the necessity of tariffs."

The Chronicle has also discussed a parallel movement on the part of the Wheat Growers' Association in the United States to "valorize" wheat by withholding supplies until the price reaches \$3 a bushel. Apart from the inherent selfishness and immorality of such a proposal, its danger to the growers themselves, no less than to the consumer, is forcibly insisted upon by the New York World which reminds us that valorization is by no means a new idea.

It is not impossible that a movement to force the price of wheat to \$3 might prove successful—for a time. But as surely as any group of growers causes an artificial scarcity in the national market, supplies of wheat will flow in from the Argentine, Australia and other producing regions. Then when the break comes it will be all the sharper. Prices will go down with a crash, as they did in the sugar market, and the growers who failed to unload at the top will be left holding the bag, and with no one to sympathize with them.

"Every farmer has full right," the World admits, "to hold his wheat for a better market, if his judgment tells him that holding will prove profitable. But anything savoring of conspiracy will fall of its own accord. The wheat market is a world market, and neither 70,000 farmers nor seven times 70,000 farmers can permanently influence the price except by restricting production."

"If wheat prices go up to an unnaturally high level, they will drop to an unnaturally low level—and the chances are that the speculators, who know the game better than the farmers, will profit by any concerted efforts the farmers may make."

WORK FOR HUMANITY

We are pleased to note that a strong local Committee has been formed to handle the coming campaign to permanently endow the Labrador Mission of Dr. Wilfred T. Grenfell. The men who have thus associated themselves with the "drive" should be a sufficient earnest of its success but everyone must give their full support and there should be no grudging or holding back in such a cause.

No one can possibly know the difficulties and privations that this remarkable man has cheerfully accepted and subdued in order to discharge a self-sought duty in the northern wilds during the past thirty years. There is little doubt but that, had he chosen, Dr. Grenfell could have been a prominently prosperous medical practitioner in some great city, with all the social privileges and recreations that such a position implies. Instead, he turned his face resolutely on everything that most of us regard as essential in order to adopt a career of sacrifice and service.

The total amount sought is \$1,500,000 and, of this, friends in the United States have already guaranteed \$1,250,000. All therefore that is left for Canada, with its far more immediate connection with and interest in Labrador, is \$250,000. Of all the Provinces, moreover, Quebec is surely most responsible for this northern territory where 2,500 white men—the large majority of them French-speaking—have been treated in a single winter. Quebec city is only asked for \$25,000 and it would be a lasting reproach if so easy an objective were not attained. We have every confidence in local generosity and feel that it is necessary only to point out the obligation to secure its cheerful recognition.

The Chronicle has no feeling in the matter of the appointment of a Fire Chief, other than a desire that it should go to the ablest candidate available; at the same time we would deprecate political tactics or appeals to sentiment. It would hardly be in the public interest to elect a Fire or Police Chief, as one would an alderman, by popular vote.

Last year Canadian farmers paid \$400,000 in income taxes, while other classes paid \$17,000,000 although the rural element forms more than fifty per cent of the total population of the Dominion. And yet farmers have appeared before the Tariff Commission demanding that their burdens be lightened, that the loss in revenue created by the abolition of the tariff should be made good by a heavier income tax. This may fairly be described as adding insult to injury, if not actually as the height of impudence.

WHAT THE TREATY MEANS (Louisville Courier-Journal)

The Treaty at Versailles is the certificate of America's victory in the war. It is Germany's settlement with the United States for all the crimes committed against this country, such as the sinking of the Lusitania and the loss of American lives, the destruction of property of American citizens. It transfers to this Government German ships; it recognizes the title of this country to the \$900,000,000 of German property confiscated during the war and arranges disposition of the proceeds. It marks the surrender of the Government whose definite and complete defeat was demanded by Americans of all walks just two years ago. That Treaty was not won by Woodrow Wilson. He was but the negotiating agent. It was won by the blood and sacrifices of million of Americans. It is the culmination of the hard work, the Liberty Loan drives, the Red Cross efforts, the meatless days, the heatless nights, the months of military training, the struggles against snaky submarines, the hell through which American youths passed on the red front.

AN EXPERT (New York Evening Sun)

There is a movement in Japan toward lessening the distance between the people and the throne. If the Mikado really wants to learn how, let him write to the Prince of Wales.

Quality-Comfort-Perfect Fit

When you go for rubbers, be sure to find the dealer who carries Dominion Rubber System rubbers. Then you are sure of getting the style and shape to exactly fit your shoes.

Dealers who specialize on Dominion Rubber System brands have studied carefully this question of rubbers. They know by experience that they serve your best interests by giving you these long wearing, perfect fitting rubbers, which are made for every style of shoe worn by men, women, boys and girls.

Dominion Rubber System Rubbers

are worthy products of Canada's largest rubber organization and are the best that sturdy materials and wide experience can produce.

Wear Dominion Rubber System rubbers in bad weather to keep the feet dry and to prevent you from catching cold. They help to save your good shoes. It is a sound economy to wear old shoes with rubbers on wet, stormy days.

What about the children? Don't neglect them. See that their shoes are properly fitted with rubbers.

There will be three collections of the street letter boxes, at 7:30 and 11:15 a.m. and 6:16 p.m.

E. A. VERRET, Postmaster.

BOOKS AND THOSE WHO WRITE THEM

"The Prairie Mother" Out of the comforts and luxuries of eastern civilization, dimly one pictures the life of the women of the plains—those who bring up their babies miles from doctors, stoke their own fires, kill their meat. We pity them—but perhaps were we all to read this story we might envy them. It is not that it is an essentially happy tale—nothing absolutely human could be—but that this particular prairie mother meets life with such a smile and sees so much in its barest offerings, that we feel we might make more out of an existence venerated with civilization. The girl has come from a luxurious eastern home, she has three small children, a husband who is in love with another woman. Alone, sought out by another man, abundantly alive, she resists revenge, new love, and bitterness of soul and daily grinds out her existence of fending for her family until time and accident adjust the uneven scales. Her humor makes the story amusing. Her slang is vivid and frequent and, if at times it seems undeniably masculine, we must remember that she is a woman entirely surrounded by men. The book, which is from the pen of Arthur Stringer, has a sharp, vivid, earthy tang to it. It makes you think of outfields, mustangs, sunrise. It convinces you that hardships beauty and intensely life rather than embitter it. The author himself says: "Life is a battle which scars you more when you try to keep out of it than when you try to wade into it." That is the text of the book. Published by McEldred and Stewart, Limited, 215-218 Victoria Street, Toronto, Canada.

NEW FIRM TO BE ESTABLISHED

Knox Bros. Buy Plant At St. Joseph De Levis To Re-Manufacture Lumber.

The Montreal lumber firm of Knox Bros., Limited, has come to Quebec, and announces the purchase of the Davis Shipbuilding Plant No. 4 at St. Joseph de Levis, to establish a remanufacturing plant.

The Davis Shipbuilding plant No. 4 is located at the West side of the Orleans ferry landing, and is distinct from the shipbuilding plant with the old and new dry docks and machine shops.

The firm announce that the new place is now shown in the Railway Tax as a 2000 ft. plant for the manufacturing in transit, and that the yard capacity will be about 15,000,000 feet, and the dry shed capacity about 1,000,000 feet.

The firm will commence operations immediately and will have a stock at St. Joseph de Levis of 5,000,000 feet of dry merchantable spruce and 4,000,000 feet of British Columbia fir timber.

FRENCH SAILOR WAS ACQUITTED

Jury Returned Verdict Of Not Guilty After Deliberating Ten Minutes.

After deliberating for ten minutes yesterday afternoon the jury returned a verdict of "Not Guilty" in the case of the King vs. Auguste Lanvoise, greaser on the French steamer Marmoutier, who was accused of having caused the death of Chief Engineer Vergos on July 28 last.

The afternoon was taken up with the pleadings of the lawyers for the defence, Messrs. Guy de St. Victor, son of the French Counsel in Quebec, who was making his first appearance in the Criminal Court, and E. Talbot, and the plea from the Crown by Messrs. Marchand, K.C., and the charge from Chief Justice Lemieux, M. de St. Victor made an especially eloquent plea, and when the verdict was returned by the jury the crowded court room seethed with emotion, but no demonstration was made, at the request of the court.

Immediately after the verdict had been delivered, the accused man was liberated from the prisoner's dock, and took his place behind his lawyer, undergoing a hand-shaking from nearly everybody in the court room.

The decision reached by the jury was immensely popular. It will be remembered that the accused man had been arrested following a quarrel with Vergos, the chief engineer of the Marmoutier, a French vessel in the port of Quebec at the time and had been charged with having caused his death.

The evidence given since the beginning of the trial had not been of a very conclusive nature against the prisoner, and after the jury had retired at 4:30 yesterday afternoon to deliberate, the opinion was expressed by a large number of people in the Court-room that the prisoner would be acquitted.

Today it is expected that the case of John Antonio, accused of having caused grievous bodily harm, and Jack Collins, robbery with violence, will be started, while the case of Marcoux and Gagnon, of St. Etienne, Lauzon, charged with rape, will start tomorrow.

ANNUAL MEETING HELD YESTERDAY

Women's Home Missionary Society Of Baptist Church Had Successful Year.

The annual meeting of the Women's Baptist Missionary Society of Eastern Ontario and Quebec, opened at 9:15 o'clock yesterday morning in the Baptist Church, with a song service, led by Mrs. Geo. R. MacFall, of Ottawa, followed by a scripture reading and prayer service, conducted by Miss P. M. Chandler, of Gaitheok.

The business session was presided over by Mrs. C. W. White. After the reading of the minutes of the previous meeting, the reports of the Recording Secretary, the Superintendent of Mission Bands and the Superintendent of Christmas boxes were read, all of which proved most encouraging, showing an increased interest in all departments.

The President then delivered her annual address, which opened with an expression of faithfulness and loyalty to the cause of home missions, and to the Executive Officers on the part of the Mission circles, whose prayers and gifts had made it possible to meet the obligations of the General Board.

SHILOH 30 DROPS COUGHS. SINCE 1870. FOUR SAILORS MISSING AFTER COLLISION. Prince Rupert, B.C., Oct. 14—The steamer James Carrothers collided with the United States steamship Surveyor in a hurricane at 11 o'clock Tuesday night off Green Island. The Surveyor a much larger vessel, was carrying 74 men on the way from Alaska. The Carrothers took a hole in the Surveyor about eight feet above the water line which was soon patched. The impact put the Carrothers in a sinking condition. Four men were missing from the Carrothers. They are James Marshall, Newfoundland; Alex Murray, Nova Scotia; C. Kere, Scotland, and Geo. Anderson, Norway.

SPORTING NEWS

CLOSING TEA FOR LADY GOLFERS

Season Of Quebec Ladies' Golf Club Came To An End Yesterday.

The season of the Quebec Ladies' Golf Club came to an end yesterday afternoon at the Montmorency Falls links.

The Leap Year Mixed Foursomes attracted quite a number of entries and some notable players took part in the competition.

After the conclusion of the Leap Year Foursomes, the closing tea was served in the Club-house.

Mrs. Boulton was a great success, a very large number of members being present.

After the prizes won by the various members of the club during the "Golfing Week" were distributed.

Senior Championship Cup (Turner Cup)—Mrs. Handsonbody. Runner-up Prize, given by Mrs. Dobell—Mrs. Boulton.

Junior Championship (Turner Cup)—Miss L. Thompson. Runner-up Prize, given by Mrs. Meredith—Miss A. Stuart.

Senior Long Driving, given by Mrs. R. Meredith—Mrs. Boulton. Junior Long Driving, given by Mrs. C. Thompson—Mrs. Warrington.

Senior Approaching and Putting, given by Mrs. Foy—Mrs. C. Thompson. Junior Approaching and Putting, given by Miss Joseph—Mrs. Gale.

Club Clubs, given by E. Locke. Club professional, for Senior and Junior Foursomes—Mrs. Davis and Mrs. Handsonbody.

Prize for best gross score in Senior Qualifying Round, given by Mrs. Dobell—Mrs. C. Thompson.

JUNIOR SOCCER LEAGUE MEETING

St. Pats Declared Champions For Season Just Terminated—Protest Thrown Out.

The Junior Football League held its closing meeting of the season last evening at the residence of its President, Mr. Young.

One of the most important things that came up was the protest made by the Boy Scouts team in regard to the referee who officiated at a recent game.

The following standing was officially accepted by the representatives of all the teams in the league as final for the 1920 season.

St. Pats, 3 1 4 10. Shamrocks, 3 2 3 9. Roy Scouts, 9 2 5 5.

INVESTIGATION AGAIN TUESDAY

Baseball Probe Resumes Work Next Week—Abe Attell's Presence Wanted.

Chicago, Oct. 14.—Investigation of the baseball scandal by a special grand jury will be resumed Tuesday.

Assistant State's Attorney Republic has sent a telegram to Abe Attel, former featherweight champion, requesting him to appear before the special grand jury.

A third message was sent to "Sport" Sullivan, of Boston, against whom a true bill was voted by the grand jury stating that if he wishes to testify when the investigation was resumed, his appearance would be welcomed.

The Metropolitan Club of New York are going to propose a motion doing away with the "high-diving" in high jumping.

The Junior soccer league has terminated their season, and St. Pats have been officially claimed champions.

What fight followers would like to see now is a match between Carpenter and Dempsey for the heavy-weight title.

INTERESTING RACE CARD AT LEXINGTON

Five Well Contested Events Were Decided Yesterday—Louie Gratton Defeated.

Lexington, Ky., Oct. 14.—The card of the five races on Get Away Day at the Grand Circuit meeting here was a most interesting one.

The three-year-old was conceded to Natalie The Great by experts, but she was badly off form.

The first division of the 2:17 trot was won by the favorite, Mightwell, but not until after Hobnob had beaten her in the first heat.

The second division of the 2:17 trot went four heats with The Great McGregor, the winner of the last two heats of the race.

Three-Year-Old Trot, 2 in 3, Purse \$1,000. Plausble, b.g., by Sisko (Reamey/Macey) 2 1 1. Natalie The Great, b.f., (Cox) 1 2 2.

2:05 Trot, Three Heats, Purse \$1,000. Nedda, b.m., by Atlantic Express (H. Fleming) 1 1 1. Charley Rex, b.g., (McMahon) 3 2 2.

2:17 Trot, 2 in 3, (Second Division), Purse \$1,000. The Great McGregor, br.h., by Peter The Great (Swearingen) 4 3 1.

2:02 Pace, 2 in 3, Purse \$1,000. Single G., b.h., by Anderson (Wilkes Allen) 1 1 1. Louie Gratton, b.m., (V. Fleming) 3 3 3.

2:17 Trot, 2 in 3, (First Division), Purse \$1,000. Mightwell, b.m., by Mighty Onward (V. Fleming) 2 1 1. Hobnob, b.g., (Reamey/Macey) 1 2 3.

2:05 Trot, Three Heats, Purse \$1,000. Nedda, b.m., by Atlantic Express (H. Fleming) 1 1 1. Charley Rex, b.g., (McMahon) 3 2 2.

2:17 Trot, 2 in 3, (Second Division), Purse \$1,000. The Great McGregor, br.h., by Peter The Great (Swearingen) 4 3 1.

2:17 Trot, 2 in 3, (First Division), Purse \$1,000. Mightwell, b.m., by Mighty Onward (V. Fleming) 2 1 1. Hobnob, b.g., (Reamey/Macey) 1 2 3.

2:05 Trot, Three Heats, Purse \$1,000. Nedda, b.m., by Atlantic Express (H. Fleming) 1 1 1. Charley Rex, b.g., (McMahon) 3 2 2.

2:17 Trot, 2 in 3, (Second Division), Purse \$1,000. The Great McGregor, br.h., by Peter The Great (Swearingen) 4 3 1.

CARPENTER IS VERY INDIGNANT

Over Reports Going Round That Tuesday's Fight Was Not On The Level.

New York, Oct. 14.—Reports circulated in sporting circles and published in some newspapers intimating that the bout Tuesday night between Georges Carpentier and Battling Levinsky was not fairly fought.

"I fought the man you selected for me to fight, and this is what I got—you call the fight a fake," said Carpentier.

"Give me a fair deal—that is all I want." "My vindication will come if ever Carpentier gets Dempsey," said Levinsky.

John S. Smith, Chairman of the New Jersey Boxing Commission, expressed the opinion that the fight was absolutely honest.

JAPANESE LIVE ON VERY LITTLE

Thrive to An Amazing Degree—Lots of Things They Do Not Possess

A Japanese house is one of the simplest things ever built, for it consists of little more than four posts and a roof.

The Japanese have no bread, no beds, no fires, no boots or shoes, no trousers for the men, no petticoats for the women.

Along with his magnificent want of wants so to speak, the Japanese combines a capacity to get huge pleasure out of what we would regard as trifles.

These and a cushion or two and a quilt to sleep on, with an elaborate conventional politeness, constitute the furniture of a Japanese house.

Along with his magnificent want of wants so to speak, the Japanese combines a capacity to get huge pleasure out of what we would regard as trifles.

COTTON MARKETS.

New York, October 14—Cotton futures closed weak. Closing bids: May, 19.25-60c; Oct., 20.56-78c; Dec., 20.55-68c; Jan., 19.75-87c; March, 19.45-55c. Spot closed quiet. Middling Uplands, 22.50c.

Liverpool—Cotton, spot, moderate demand. Prices lower. American middling, fair 21.00c; good middling, 18.25c; fully middling, 17.40c; middling, 15.52c; low middling, 11.75c. good ordinary, 8.52c; ordinary, 7.52c. The sales of the day were 3,000 bales, including 2,400 American. Receipts were 4,000 bales, including 3,800 American. Futures opened and closed steady.

Canada is the Eighth Maritime Power

Seventy Years Ago Canada Was Third

There are 8,700 ships under the Canadian Flag to-day.

The value of the Merchant Fleet of Canada is \$250,000,000.

Through lack of interest of Canadians in their maritime affairs these ships are neither officered nor manned by Canadians.

To-day the protection of Canadian Trade Routes is not given by Canada.

The burden of the British Navy is Seventeen Dollars per head of British taxpayer. The "burden" of the Canadian Navy is twenty-five cents per head of Canadian taxpayer.

AUSTRIA URGED TO MAKE SACRIFICES

Drop Impossible Ideals And Devote Itself to Work of Reconstruction

Vienna, Oct. 14—Dr. Renner, Secretary for Foreign Affairs, recently delivered a most exhaustive and interesting expose of Austria's foreign policy.

"Since the treaty of St. Germain came into force, he said, 'the Republic of Austria had been endeavoring to renew gradually the official relations with the powers which had been destroyed by the war of the five great entente powers, England, France and Italy had accredited their ministers to the President of the Public. The United States of America had not yet ratified the Peace Treaty, and Japan was not yet represented by a minister. We ourselves are endeavoring economically in the establishment of foreign representation, and have only sent ministers to Paris and London. With the other allied and associated powers we have only charges d'affaires.

"Our diplomatic service must be newly established on an entirely different scale and with other aims. The Republic of Austria as a moderate, small State whose foreign relations are chiefly bound by the Peace Treaty. Our foreign problems are chiefly of an economic nature. Nothing is left for Austria, with her, unfortunately, much too narrow territory, but to restore her national economy and build up her political and social institutions. The manifold, hard and unjust terms of the Peace Treaty, which have condemned Austria to disruption, have forced her to submit to the League of Nations which we hope will prove a just and far-seeing forum.

"In the concrete expectation that the League will deal equitably with our complaints, and recognizing that the Republic is economically exhausted and politically not yet sufficiently firmly established, the government has abandoned all idea of any change in the basis of the treaty of St. Germain, and has urged all the members of the State, and citizens, not to spend their strength in fight for impossible ideals, but to devote themselves to the work of internal reconstruction. The present phase of history permits no other aims.

Credits Granted. "Following the ratification of the Peace Treaty, the Austrian section of the Reparations Commission has begun its activities in Vienna. This has created a dual representation of the allied and associated powers. While the ministers and charges d'affaires represent each power individually, the Reparations Commission is the common organ of all the Allies. Its sphere of jurisdiction is prescribed by the Peace Treaty, but the boundaries between the powers of the commission and of the diplomatic representative are not clearly defined and can only be settled from time to time. Besides this the commission is here in a double capacity—the Peace Treaty does not exhaust its whole task.

"Thanks to the large-hearted generosity of the great power, Austria is granted credits from the allied and also from the neutral powers, and the Vienna section of the Reparations Commission is the organ of this credit. The Republic is greatly indebted to the high powers, to the Reparations Commission, and especially to its president, Sir William Goode, for the energetic introduction of this action, and confidently hopes that the action will take a definite form as quickly as possible, as the visible economic depression can only be relieved by prompt credits and supplies of raw materials. Of the military commissions, the naval section has already completed its work; the army and the air forces commissions are still at work.

"The Peace Treaty left series of questions which must be settled by negotiations between the individual states. Chief among these are the financial questions. For the regulating pre-war debts negotiations have been completed with England and France, and similar negotiations are pending with Italy, Czechoslovakia and Jugo-Slavia. With Czechoslovakia two treaties are nearly completed regarding the possession of art objects and archives, and the protection of minorities. The disputes over the boundary question of Gmund and Feldsburg must be settled in accordance with the Peace Treaty, however hard it may be for us to lose towns and communities which have belonged to lower Austria from time immemorial. The Foreign Office has laid down the basic rule that it is better to accept unavoidable sacrifices at once and not to attempt to delay them. The Republic's best interests are to come into the territories assured by the Peace Treaty and to know exactly the boundaries of its population, as territory and citizen are the first presumptive for our whole political and juridical jurisdiction.

Relations With Neighbors. "Our relations with all the neighboring states are peaceful and assured, with all that is, unfortunately, but Hungary. In conversations with the Hungarian Minister I have endeavored repeatedly to make it clear that there is a far-reaching community of interest between the two sovereign and separate states of Austria and Hungary, and that Austria attaches the greatest importance to having good neighborly relations and close economic connections with Hungary. At the present moment, the question of the handing over of western Hungary is pending between the two states. In this matter Austria has never shown herself inimical or impatient. She has never thought of a forcible occupation, but has submitted to the Peace Conference. Austria has even introduced in Parliament a bill leaving the ul-

imate decision over the future of the country to the freely elected local assembly and has in this way acted most loyally and shown the utmost regard for the Magyar mentality. "In spite of this, Hungary has answered only with challenges, and has not surrendered the territory, although she has signed the Treaty of Neuilly. These and many other representations from us have borne no fruit. On the contrary, Hungary replied with the raid on Fuensternfeld, and in the last few weeks has strengthened her forces on our frontier. The notes which the Hungarian Government has addressed to us on these points do not correspond with the facts. As a matter of course, the Republic of Austria will, under all circumstances, insist upon the surrender of the western Hungarian frontier territory within a short time.

Obstacle Removed. "With the Kingdom of Jugo-Slavia we have difficult problems to solve upon two points. The railway line, Spiechfeld-Radersburg, together with the old frontier station of Radersburg, have at last been turned over to us. With regard to the threatened part of Carinthia, the plebiscite commission has taken up its work. Several questions of traffic and communication between us and Jugo-Slavia are awaiting agreement. Apart from questions of traffic and frontier regulations the relations between Belgrade and Vienna are good, and the commercial treaties which have been concluded may be regarded as the beginning of an economic rapprochement. The same applies to the Kingdom of Rumania. Between the people of Vienna and German-Austria, on one side, and the Rumanian people on the other, the deepest sympathy has always existed, though, owing to the dual union with Hungary, it has, unfortunately, never had any

practical effects. Now this obstacle has been removed and it is to be expected that between these countries and peoples and their economic life, the closest community will develop. "Of the nations with which we formerly lived in national community, the Poles and Ukrainians are at present suffering the greatest tribulations. In this conflict Austria can only take the position which her internal and foreign situations compel.

Peace Term Severe. "With the former German Empire we are united with the same lasting and undisturbed confidence, and deep sympathy which arises from a communion of history, language and culture as well as of the last suffering. The three chief European powers in the League of Nations, England, France, and Italy have through their ministers as well as through the members of the Reparations Commission and Military Missions, repeatedly proclaimed and conferred their interest and readiness to help our young State. The debates over the peace treaty of St. Germain in both houses of the English Parliament and in both chambers in France and Italy, have shown that public opinion in these countries realizes the severity and injustice of our peace, and leads us to hope that the League of Nations will listen to and deal with us justly."

SNOWDON'S SUMMER. "The summit of Snowdon was sold recently for £7500. When the deal of the national trust be realized and all England's dear and pleasant places become the people's own inalienable property, never to be bought or sold again? If one must "buy" a Snowdon, let it be the portrait, not the mass of crag, it was Ruskin who tells in his

Advertisement for Maritime Caps featuring an illustration of a man in a cap and the text: Maritime CAPS. If it is a question of snappy style—of quality—of sound value for the money—then "Maritime Caps" are the logical purchase. Ask Your Favorite Store. MARITIME CAP LIMITED, MONCTON, N. B.

"Practically" of the day when, hardy more than a boy, he received from his father a present of £40, and of how he spent it all in buying a picture of Snowdon—by Turner. "It was not a piece of painted paper," he writes, "that I bought for my £40; but Snowdon itself." At that time there was no hotel, no railway station on Snowdon summit to spoil the view of it. Probably there was not even that vast cairn which now adds nearly a score of feet to the 3560 given by nature to the King of Welsh mountains. And what a summit is still, in spite of all attempts in its despoil! A summit that is a true cone and that falls away on the east and the west in sheer crag down to Glaslyn and Llysa Goch, with long ridges stretching northward toward Llanberis and southward over the "one man's way" of Bwlch Main to Beddgelert. One of the best approaches to the summit is the path devised by Sir Edward Watkin, who once owned the mountain. From the strath that contains Llyn-y-Delinas and Llyn Gwyant, the track, wide and unmissable, climbs up Cwm Llan to the saddle between Lliwedd. Then the way narrows and becomes far steeper as it zigzags up the shale slope which tumbles Snowdon on the southeast.

ONE BATH SHARED BY TWENTY TENANTS. Winnipeg, Man., Oct. 13 — One bath shared by twenty tenants is cause enough for protest against an increase of \$10, according to E. Frost, occupying a two-room suite in a local down-town apartment block, who appeared at the Rent Probe of the Joint Council of Industry here today.

The Monthly Cheque That Never Fails

How the Money was Lost

"You see I had only a few thousand dollars left after the estate was settled—"

and my brother borrowed some to help him along; of course that went and then—"

I simply had to help father with his business, he was so worried—"

and I thought it best to invest something in real estate at once. Well, that failed—"

and, really, if it were not for the monthly income cheque from the Canada Life I don't know how I should be getting along now."

It is all so simple and effective!

Just a few dollars set aside regularly, and the Canada Life will guarantee to your home a continuous monthly income.

What a relief to know that no matter what may happen, the monthly cheque that never fails, issued regularly by the Canada Life, will come to your home!

Your present Life Insurance will no doubt "clear the mortgage," pay off the obligations of your estate, and leave something for your family, but

Consider This

In addition to a "lump sum" of money, you should provide a definite income that cannot fail.

A weekly or monthly income is the natural thing for most people.

A woman can keep a family together on even a small income, provided it is regular.

Financial problems should not be thrust upon a woman who is not used to business deals.

The hands of unscrupulous men are always outstretched for money held by the unwary.

The Monthly Income Plan

You will be surprised to learn what a reasonable proposition can be made to you; how only a few dollars saved and set aside from your regular earnings can be multiplied into a substantial income for your Beneficiary.

Colds & Common Sense

You have a cold, or your child has a cold; a cough; a tight feeling across the chest; a soreness in the breathing tubes.

In the past how have you treated such? You have bought some cough mixture, and swallowed this down into your stomach. Now, why? Your stomach was not ailing; and there is no direct connection between your chest (where the trouble is) and your stomach! Then why swallow into your stomach any mixture when the trouble is in your lungs and bronchial tubes?

It's a mistake; and Peps is the remedy provided to correct this un-commonsense treatment. Peps are little tablets, which contain highly beneficial Pine essences, combined with other medicinal extracts. The healing extracts are so prepared that as soon as you put a Peps into your mouth they are liberated in the form of healing vapors. You breathe these vapors down to the throat and lungs, and thus treat the organs that are inflamed, direct. In a way, it is like breathing from a vaporizer or bronchitis kettle, except that there is no apparatus needed, the little Peps providing everything needful for the treatment! The very small portion of Peps which you swallow has a slightly tonic effect upon the stomach and does you good, but the use of Peps is not for stomach troubles, but for lung, throat and bronchial troubles. Peps relieve these as no ordinary treatment can.

Children like Peps and they are best for the little ones because Peps contain no morphine, laudanum or other poison found in so many of the old cough mixtures. Druggists and stores everywhere sell Peps 50c. box or from Peps Co., Toronto, for price. Remember the name—four letters only:—

Peps

LEADING MEN EXPLAIN STAND

Will Support Senator Harding For Presidency Of United States.

New York, Oct. 14—A statement explaining the position in the political campaign of 31 prominent men who have advocated some form of international agreement was issued over their signatures here to-night and announced they would support Senator Harding, the Republican nominee.

Elihu Root, Herbert Hoover, Geo. W. Wickersham, Henry L. Stimson, A. Lawrence Lowell, Henry W. Taft, and Chas. E. Hughes were among the signers of the statement, which says in part:

"We have reached the conclusion that the true course to bring the United States into an effective league to preserve peace is not by insisting with Mr. Cox upon the acceptance of such a provision as Article Ten, thus prolonging the unfortunate situation created by Mr. Wilson's insistence upon that Article; but by frankly calling upon the other nations to agree to change in the proposed agreement which will obviate this vital objection and other objections less the subject of dispute.

"For this course we can look only to the Republican Party and its candidate; the Democratic Party and Mr. Cox are bound not to follow it. The Republican Party is bound by every object is attained.

"The conditions in Europe make it essential that the stabilizing effect of the treaty already made between the Europe and Powers shall not be lost by them and that the necessary changes be made by changing the terms of that treaty rather than by beginning entirely anew."

"DANDERINE"

Girls! Save Your Hair! Make It Abundant!

Immediately after a "Danderine" massage, your hair takes on new life, lustre and wondrous beauty, appearing twice as heavy and plentiful, because each hair seems to fluff and thicken. Don't let your hair stay lifeless, colorless, plain or graggy. You, too, want lots of long, strong, beautiful hair. A 35-cent bottle of delightful "Danderine" freshens your scalp, checks dandruff and falling hair. This stimulating "beauty- tonic" gives to thin, dull, fading hair that youthful brightness and abundant thickness—All druggists!

MANY PERSONS WERE KILLED

Others Wounded At Various Italian Points During Two Hour Strike.

London, Oct. 14.—Many persons were killed and others wounded at various places in Italy during a two hour strike Thursday, says a despatch to the London Times from Rome.

Nine persons were killed at San Giovanni Rotondo, four were killed and fourteen wounded in Bologna, and one man was killed and several men were injured in a clash between strikers and the police in Milan.

Bombs were thrown at several hotels in Milan, including the Hotel Cavour, where the British Delegation to the League of Nations conference are staying. No one was injured, however.

The offices of a Socialist news paper were set on fire.

A despatch received in London Wednesday night said that the leaders of the Italian Socialist Party and of the General Confederation of Labor in Italy had published a joint manifesto in the Avanti of Rome ordering demonstrations in every town in Italy on Thursday. The object of the movement, it was stated, was to force the Italian Government to recognize Soviet Russia.

Resolutions Passed

Rome Oct. 14.—The following resolution as passed at meetings held throughout Italy during today's strike:

"The proletariat protests against the reaction which is oppressing workmen and soldiers. It asks the immediate liberation of all those persons arrested and condemned for any political or military crime in action or thought. It protests against the severe Jesuitical attitude of Italy and the other Entente countries to the detriment of communist Russia.

"It demands that the Italian Government shall no further hinder brotherly or commercial relations between the two peoples."

Resolutions also were passed urging the workmen to prevent construction and transportation of any war materials to be used against Russia.

Eleven persons were killed and 100 wounded during the rioting at San Giovanni Rotondo today.

THE CUBAN MORATORIUM MAY STABILIZE SUGAR

In The U.S.A.—Has Recently Dropped From 23 To 7 Cents A Pound.

New York, N.Y., Oct. 14.—The extent of the decline in sugar prices in the United States and its demoralizing effect of remaining supplies, has been emphasized by this week's announcement of a moratorium in Cuba. Refined sugar, which reached 25 cents per pound for granulated on the peak of the advance last spring, is now quoted here at 11 cents by refiners, while the price of raw sugar has declined from well above the 23 cent level to 7 cents per pound, on the basis of the last reported transaction.

This decline has been considered by dealers as part of the general readjustment in commodity prices, following the popular revolt against the high cost of living and deflation of credits in progress since early last spring. But dealers also assert the sugar decline reflected special conditions rendering the break even more severe than in the case of some other staples.

The moratorium is expected by dealers to relieve the market of any immediate pressure from the Cuban stocks, and a slightly better demand for refined sugar has been reported during the past day or two. So far, however, the buying has been limited to orders for prompt shipment.

DISPLEASED AT LACK OF DATA

Toronto, Ont., Oct. 14.—"We might as well have not come here, we wanted facts and figures from Toronto to base our judgment regarding the opening of the St. Lawrence canal and we have not got them", commented Commissioner Powell, of the International Waterways Commission, at its session here this morning.

Commissioner Magrath also commented on the lack of more definite trade figures. A conference with the Board of Trade and Canadian Manufacturers Association was suggested but Secretary Lewis, of the Deep Waterways Association, said the two bodies were preparing complete data which would be sent to the commission.

Witnesses representing their own special industries were then heard.

COTTON GOODS AT

LOWER LEVELS

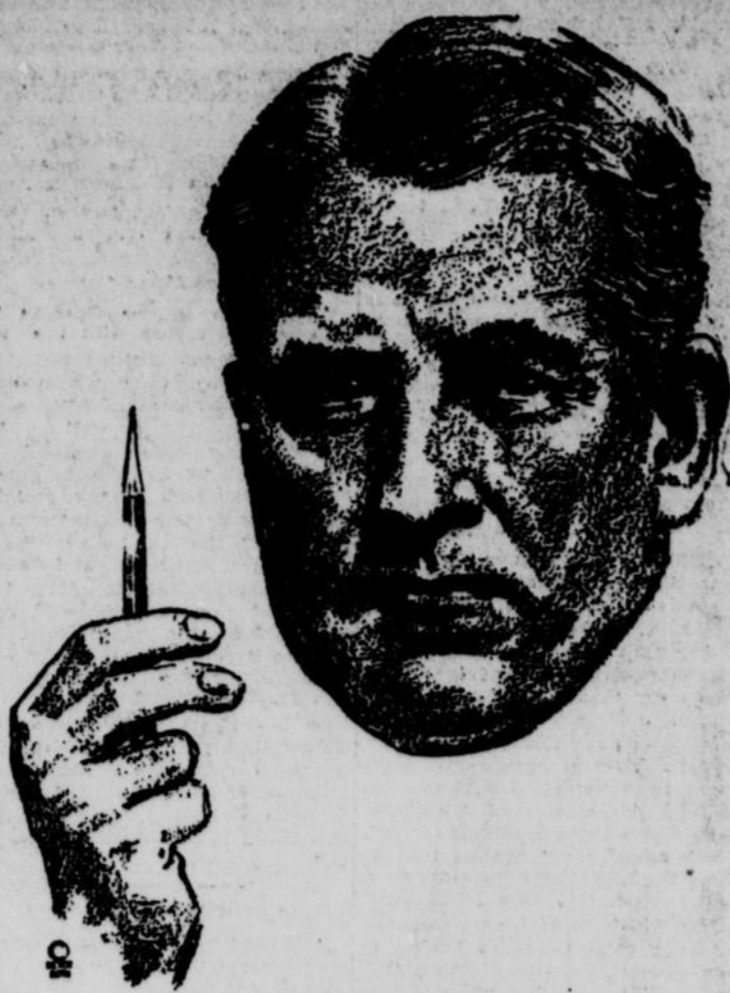

New York, Oct. 14.—Selling agents for two lines of widely known bleached muslins announced today that drastic price cuts would be made to-morrow.

One line will be cut from 35 cts to 20 cts a yard, while another will be reduced from 31 to 19. In the first case the cut represents a decline of 50 per cent from the high record.

SURVEYING IN A

CURTISS SEAPLANE

North Bay, Ont., Oct. 14.—The Curtiss Seaplane powered with a 350 h.p. Liberty engine which was placed at North Bay by the Canada Air Board a week ago as a stand by for Colonel Leckie's coast to coast trip, has since been used by the Department of Conservation in making surveys and taking photographs of the forests within a radius of forty or fifty miles from North Bay. Major Edgewood of the Forestry Department, with Capt. McKeown, pilot, have been engaged for some days on this work.

THE CONCENTRATION OF PRICES

Ladies—Profit by the best opportunity in the world to purchase a new Coat. All our models of 1920-21 marked

\$45.00, \$50.00 and \$55.00

are open for your choice at the uniform price of

\$35.00

Make haste. The offer cannot last long as the goods will be picked up quickly. Our assortment is large, but nothing is inexhaustible. Try and profit by this sale by coming early.

THEY ARE REAL MARVELS.

Our select millinery models for ladies which have been so much admired by the visitors to our exhibition were considered a bargain at from \$12.00 to \$17.00. They will be sold at the reduced price of

\$9.90

Come and make your choice. The style you want will perhaps be picked up first.

DO NOT TAKE ANY CHANCES. COME EARLY.

The Big Week of Bargain Prices From One Saturday to Another From the 16th to the 23rd

It is the result of an expert's efforts. The man who wields the blue pencil will make his tour of the departments marking the goods destined for sacrifice. He is obliged to do additional work, and one whole day did not suffice, so numerous were the lots accumulated on the counters.

You will realize the importance of the sale during the week opening Saturday, October 16th. A discount, a liquidation or a closing sale, all fail to even approach the importance of the reductions on our real prices.

We court comparisons and ask all our purchasers to see that the price quoted is in keeping with the value of the article.

IT IS THE ESSENTIAL POINT.

IN JUSTICE TO ALL

You, Gentlemen who are delaying your Fall and Winter purchases owing to the fact that prices are too high, profit by these days of big reductions, and the exceptional opportunities which we are offering.

Come and choose from our assortment of Suits and Overcoats for all seasons. Worth as high as \$45.00 official price. Offered at a unique price, regardless of Style, Quality or Color. Your choice for a few days only

\$25.00

You cannot come too quickly. We believe that the assortment will be rapidly sold out.

ACT PROMPTLY AND SAVE MONEY.

Tomorrow will be a big day. All Departments are joining in this big price-breaking movement.

IN THE MEN'S HAT DEPARTMENT.

Scotch Tweed Caps lined in fur.....\$3.50

New Tweed Caps. Regular price, \$3.50. For a few days only

\$2.00

Myrand & Pouliot

LTEE ST. ROCH

STOP LOOK and LISTEN

before purchasing a baking powder that may possibly contain injurious ingredients. Many food scientists claim that baking powder containing alum is unsafe for use in food. The mere fact that some brands of baking powder have the words "No Alum" on the label is not sufficient proof that they are what they are represented to be. Our chemists find a good many have "No Alum" on the outside but large quantities of it inside.

UNIVERSITIES SHOULD "THINK POLITICALLY"

Says Sir Arthur Currie— Would Emphasize Their National Importance.

Toronto, Ont., Oct. 14—General Sir Arthur W. Currie, G.C.M.G., K.C.B., L.L.D., today addressed the Empire Club on "The Relations between the Universities and the Nation."

Sir Arthur said that he believed that the Universities should be consulted on all questions of education.

as for example, the nature of the courses of study, the qualifications of teachers, the choice of text-books and general problems of school management. The Universities must also be taught to think politically in terms of Government which is one of the highest functions of the State. Sir Arthur considered that the comparative absence of corruption and political expediency in the Government of the old Country was in no small degree due to the number of universities men who held seats in the Houses of Parliament. Oxford and Cambridge played a tremendous part not only in the political life of the British Isles, but also in the wider problems of international statesmanship. Sir Arthur felt that the universities and the nation should be linked up in a striving for all that was best in the spiritual sphere.

ENGLISH EYES ON OUR WESTERN COAL DEPOSITS

British Admiralty Said To Be Negotiating For Large Mining Area In B. C.

Vancouver, Oct. 14—Negotiations are pending between a syndicate representing the British Admiralty and the owners of the Ground Hog Coal properties for the purchase of nearly 2,000 square miles forming the largest smokeless steam coal deposit in the world, which the announcement made last evening by R. C. Campbell-Johnston, of this city, the man who opened the ground Hog district, 150 miles from

FORTUNES THAT LIE UNDER SEA

How Divers Recovered Sunken Treasures—Many Ships Sunk in War Now Salvaged

Goods and specie to the value of many millions of pounds are awaiting recovery from the bottom of the sea around the English coasts.

Of the 5,612 ships belonging to the allies which were sunk by mines and German submarines, over 1,000 vessels of from 200 to 10,000 tons are lying in less than 120 feet of water around the British Isles.

The admiralty has prepared a chart of these showing the position of every sunken vessel between Dungeness and the Tyne. They are indicated by little black dots, which show that the Germans reaped their richest harvest off Deal, Aldeburgh, and between Flamborough Head and Whitby, while the mouth of the Thames is a chain of wrecks.

Salvaging operations were conducted during and after the war, with the result that of the 5,612 ships sunk 590 have been salvaged, and the value of the recovered ships and cargoes being estimated at £60,000,000.

It is believed that at least another £250,000,000 can be recovered, and double that amount if anyone can invent a new method of deep-water salvaging.

At present it is not possible for a diver to operate at a greater depth than 120 feet, if he is trying to recover the ship itself, although cargo can be recovered at greater depths.

Perhaps the most remarkable salvaging feat is that which is being carried on in connection with the White Star liner Laurentic, which lies in twenty fathoms of water off the north coast of Ireland. The Laurentic was sunk on a voyage to America in the early part of 1917. She carried £9,000,000 in gold and silver.

Diver's Adventure.

An attempt was at once made to salvage the specie, but enemy submarines destroyed the salvage vessel and attacked her several times. On one occasion the salvage boat had to run for safety without waiting to haul up the diver, who was towed through the water. Fortunately his life line held and he was eventually saved.

In spite of these dangers, however, and the fact that divers could not remain at such a depth for more than half an hour, as the water pressure was over fifty pounds to the square inch, a way blasted to the strong room and specie to the value of about £6,000,000 was recovered.

An effort is now being made to recover the remainder of the gold and silver. The admiralty salvage ship, which has been fitted out with the object of salvaging the remaining treasure, has on board a pump which will lift 800 tons an hour—not only water, but coal, mud and debris. Science and invention have equipped the salvage diver today with some wonderful apparatus. To cut holes in the side of sunken vessels he now uses a flame-cutter. This is so devised that an oxy-acetylene flame can be used under water. The flame issues from two jets, and is projected by a stream of compressed air coming from one to two other jets in the same cable, which blows the water away from the flame. The usual plan, however, is to blow a hole in the side of the vessel with explosives.

In efforts to raise sunken vessels it has been found possible to "lift" ships of 3,000 tons. The usual plan is for divers to lighten the vessel, so far as possible, by taking out the cargo. Submersible pumps then clean the hold of water, and hawsers are attached or passed beneath the vessel.

It was by this means that a government collier weighing 3,500, which was sunk by collision in twelve fathoms of water, partially blocked in an important channel, was raised some time ago. She was lifted by various methods of 2,000 tons, and sixteen 9-inch wire ropes, each with a breaking strain of 250 tons, were placed in position and attached to four admiralty craft over the wreck. The vessel was then lifted and carried to a place on the beach—a wonderful salvaging feat, as up to that time it had been believed that no vessel more than 1,500 tons could be raised by wire ropes.

EGG MARKET

Ottawa, Ont., Oct. 14—The egg situation is without any new feature. Warm weather as improving production in the Maritime Provinces. Toronto eggs current receipts very light; prices unchanged. Poultry receipts heavy, market easy at decline. Montreal warm weather has brought forward a good supply of fresh gathered, which sold at 64c to 66c, demand is good for specials at 75c, extras 68c, firsts 60c.

Hamilton, B.C. Mr. Campbell-Johnston and a company with which he was associated in Quebec, opened negotiations in 1912 with the British Government through Mr. Campbell Johnston's cousin the Duke of Argyll. This deal was pending until 1911 when Lord Rhonda came to Canada, and after looking over the property decided to take it up providing his engineers were satisfied. Lord Rhonda was then called to the post of Food Controller and before he could resume negotiations he died. The matter then lay in suspense until Lord Jellicoe was here last year when it was again opened and has been under investigation ever since.

American Shoe Market

CUT PRICES OUR CHIEF ATTRACTION

THE STORE THAT BROUGHT DOWN THE HIGH PRICES OF FOOTWEAR.

YOU MUST GIVE US THE CREDIT FOR BRINGING DOWN THE HIGH PRICES OF FOOTWEAR

Not only bringing them down, but keeping them down. Always lower than the other merchants. Always the biggest values in Quebec. Although our great fight against High Prices this Spring was remarkably successful, yet we must always be on our guard to buy the best merchandise at the lowest possible prices, so we can keep passing on to you that great saving of 33 1-3% to 50%. Some of the Public realize how we can make this possible. Our big buying power effects great savings. Buying for cash means further savings. Buying in great quantities makes this possible. Low rent, no unnecessary and costly fixtures, no charge accounts and our system of buying all go to reduce the selling cost to us and also to you. Thus we simply pass on to you these great savings of 33 1-3% to 50%. To start our first Fall Sale we are going to offer you the greatest values in Canada. Just look over these items below and see what you can save by buying your Fall and Winter Footwear here.

REFUSES TO SANCTION A LEAGUE OF NATIONS DAY

Gov. Coolidge Of Mass. Says It Would Be Political Propaganda.

Boston, Oct. 14—A request by the League of Nations Day Committee, headed by President A. Lawrence Lowell, of Harvard University, that the governors of all States proclaim Sunday, Oct. 24, as "League of Nations Day" to promote a better understanding of the covenant was refused by Governor Coolidge today. To the suggestion that the people on that day be invited to read the covenant in their homes and other places, and that the announcement be made also through the schools, Governor Coolidge replied that the people of the State would receive instruction upon their worship on Sunday and that he would not underwrite of what they do not underwrite.

Wilson kague the official sanction of the Commonwealth of Massachusetts, and that he use the office of governor for the dissemination of a political propaganda by official proclamation resented by many of the people.

PILES
Do not suffer another day with itching, bleeding or protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. Get a box at all dealers, or Edmanson, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and receive 5c stamp for postage.

SERIOUS CHARGE MADE AGAINST MONTREAL DOCTOR
Montreal, Que., Oct. 13—Accused of performing an illegal operation on the person of Zaby Dross, a young girl, 13 years of age, who died at the Royal Victoria Hospital last night, Dr. P. E. Lacombe, 1077 Sherbrooke Street East, appeared before Judge Lacombe in Chambers this afternoon for voluntary statement. He was committed for trial and will appear before Judge Babin in the Court of Sessions to-morrow to declare his choice of summary trial or trial by jury.

EASTERN LINES TENDERS SEALED TENDERS, addressed to F. Stewart, Chief Engineer, Moncton, N. B., and marked on the outside, "Tender for Coaling Plant" will be received up to 12:00 o'clock noon, Saturday, October 23rd, 1920, for the construction of a 350 Ton Mechanical Coaling Plant at Chaudiere Jet, P.Q.

Plans, Specifications and Contract Form may be seen at the following offices: Chief Engineer, Eastern Lines, Moncton, N. B. Div. Engineer, Tunnel Station, Montreal. District Engineer, Quebec, P.Q. All the conditions of the specification and contract must be complied with.

Tender must be put in on the blank form of tender, which may be obtained from the Offices at which plans are on exhibition. Each tender must be accompanied by an accepted bank cheque payable to the Canadian National Railways, for an amount equal to ten percent of the tender. Lowest or any tender not necessarily accepted.

F. P. BRADY, General Manager, Eastern Lines, Montreal, Oct. 14th, 1920. Oct. 18x7

MAIL CONTRACT SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 29th October, 1920 for the conveyance of His Majesty's Mails, on a proposed Contract for four years, 3 times per week each way, between O'Farrell and St. Malachie, from the 1st January 1921 next.

Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of Tender may be obtained at the Post Office of O'Farrell and St. Malachie, and at the office of the Post Office Inspector, Quebec, 27th September 1920.

S. TANNER GREEN, Post Office Inspector, Oct. 15x1W

PRETORIAN IN FROM GLASGOW

Mishap In Turning Delayed Docking Of Liner For Nearly An Hour.

The C. P. O. S. Steamer Pretorian, from Glasgow, with 474 passengers, 237 cabin and 237 third-class, arrived at Quebec yesterday afternoon at 3:50 p.m. and, owing to the incoming tide, proceeded up the river to make a turn, assisted by the tug Eskay, in pulling the bow of the vessel around to come down stream. The hawser attached to the tug snapped which obliged the vessel to dock for wharf an hour. When she was moored at the breakwater, in line with shed 26, the passengers were landed for medical and civil immigration inspection. The passengers landed, all Scotch, were composed of young married people with young children and some stalwart young men. After inspection, exchange of summer tickets for railway transportation, etc., new settlers were forwarded to their western destinations by a C.P.R. special train.

SHIPPING NOTES.

The C.P.O.S. Victorian sailed from Liverpool for Quebec on Wednesday.

The White Star-Dominion Line Steamer Canada, sailed from Liverpool yesterday for Quebec and Montreal with passengers and cargo.

White Star-Dominion Line: SS "Meganic" arrived at Quebec October 10th and Montreal October 11th, with passengers, and sail out again on October 16th.

Red Star Line: SS. Gathland, arrived at New York Sunday, Oct. 10th, and sails Friday, Oct. 15th instead of the 14th.

American Line: SS. St. Paul, left Southampton noon, October 9th and Cherbourg the same evening.

SS. Caronia, docked at Halifax 7:45 a.m., October 14th.

SS. Vauban, sailed from Liverpool 5:00 p.m., Saturday, Oct. 9th.

SS. Pannonia, sailed from Gibraltar, 9:00 p.m., Monday, Oct. 11th.

SS. Saxonia, sailed from London, 2:00 p.m., Tuesday, Oct. 12th, for Halifax, with 66 second-class and 153 third-class passengers.

SS. Carmania, 1,200 m.t.s. east of Ambrose, is expected to dock at New York, Sunday afternoon, Oct. 17th.

The Steamer Maria Immacolata, passed up at 1:00 a.m. yesterday.

The Steam Barge L. W. Robinson, passed at 1:50 a.m. yesterday.

The Steamer Carmona, left Quebec, going up at 3 a.m. yesterday.

The Steam Barge Edmonton, arrived up at 8:30 a.m. and left, going up at 2:10 p.m. yesterday.

The Head Line new Steamer Vendome Head, passed up at 5:35 p.m. yesterday.

The C.P.O.S. Pretorian, left arrived at Quebec at 3:50 p.m. left going up to Montreal at 7 p.m.

The Canadian Government Steamer Miller, left Quebec, going up at 5:35 p.m. yesterday.

The tug J. H. Hackett, arrived down at 6:15 a.m. light, and left going up with tow, at 2:20 p.m.

The Steamer Galt, left Quebec going down at noon yesterday.

The tug Edward Pyke, arrived up at 2:30 p.m. yesterday.

The Steamer Durham, passed, arrived down at 2:55 p.m. yesterday.

DOWN GOODS MARKET IS FLAT

Recent Buying Activity Only Flurry And Mills Are Waiting Stabilization.

(Chronicle Science Monitor)

The flurry of buying activity seen in primary cotton goods markets a week or two ago and based as it was on the forecast of business recovery has proved merely a flash in the pan and both yarn and goods markets have settled back once more into deep lethargy, with trading practically at a standstill. Prices have continued to decline and are traceable principally through limited second-hand offerings as the mills have long since given up hope of meeting or even approximating the unstable price ideas of prospective buyers. Not less to say, these price slumps are below the actual cost of production. However, the fact that a certain type of wide print cloth measuring 38 1-2 inches wide, weighing 5.35 yards to the pound and counting 64 by 60, sold this week at 11 cents a yard or approximately 58 cents a pound. The governments fixed price for this type of goods was 83 cents a pound. Although cotton is now 5 cents a pound cheaper than the price used as a basis of the government figures, wage scales have advanced four times 75 per cent and are now probably 75 per cent higher than they were when cotton prices were fixed. Similar illustrations could be given with regard to other types of cloth.

Although cost of production is by no means a guarantee that prices will not go beyond a certain point, and the value of goods is what they will sell for rather than what they cost to make, it is difficult to see how the decline can go much further, in view of the constantly dwindling stocks on hand.

Curtailed in Order

Curtailed production in the cotton mills, already universal to a certain extent, is being very rapidly extended, in some cases to the point of complete shutdown. A number of the fine goods plants in New Bedford have closed down completely for 10 days, a few are closed indefinitely, and practically all have announced a shutdown until the middle of next week. The output of New Bedford mills combined with the New York 25 per cent of normal next week. The same thing is happening in Fall River, Lowell and in the Rhode Island textile territory. There are unconfirmed rumors that the cotton mills throughout the New England Valley are to close down completely for a week and possibly two. Southern mills are running only two, three or four days a week and the result is being seen in the very material shrinkage in the cotton consumption throughout the country.

Meanwhile, prices of cotton are proceeding on a steady upward basis so far as the volume is concerned. Some of the values in dollars have shrunk somewhat, but stocks are better than they were and are expected to be the time when replenishment becomes a necessity.

Shipping Movements. The C.P.O.S. Pretorian, left arrived at Quebec at 3:50 p.m. left going up to Montreal at 7 p.m.

The Canadian Government Steamer Miller, left Quebec, going up at 5:35 p.m. yesterday.

The tug J. H. Hackett, arrived down at 6:15 a.m. light, and left going up with tow, at 2:20 p.m.

The Steamer Galt, left Quebec going down at noon yesterday.

The tug Edward Pyke, arrived up at 2:30 p.m. yesterday.

The Steamer Durham, passed, arrived down at 2:55 p.m. yesterday.

The C.P.O.S. Pretorian, left arrived at Quebec at 3:50 p.m. left going up to Montreal at 7 p.m.

The Canadian Government Steamer Miller, left Quebec, going up at 5:35 p.m. yesterday.

The tug J. H. Hackett, arrived down at 6:15 a.m. light, and left going up with tow, at 2:20 p.m.

The Steamer Galt, left Quebec going down at noon yesterday.

The tug Edward Pyke, arrived up at 2:30 p.m. yesterday.

The Steamer Durham, passed, arrived down at 2:55 p.m. yesterday.

The C.P.O.S. Pretorian, left arrived at Quebec at 3:50 p.m. left going up to Montreal at 7 p.m.

The Canadian Government Steamer Miller, left Quebec, going up at 5:35 p.m. yesterday.

The tug J. H. Hackett, arrived down at 6:15 a.m. light, and left going up with tow, at 2:20 p.m.

The Steamer Galt, left Quebec going down at noon yesterday.

Subscription Lists will close on or before October 25th

MONTREAL, October 15th, 1920

New Issue \$4,000,000 Abitibi Power and Paper Company Limited

3% General Mortgage Sinking Fund Gold Bonds Dated January 2nd, 1920 Due January 2nd, 1940 Denominations: \$1,000 and \$500 Interest (\$30 every six months on each \$1,000 of Bonds) payable on January 2nd and July 2nd. Principal and interest payable at par of exchange at Montreal, Toronto, New York, or London, England.

Table with columns: CAPITALIZATION, Authorized, Outstanding. Rows: Common Shares, 7% Cumulative Preferred Shares, 6% First Mortgage Bonds, 6% General Mortgage Sinking Fund Bonds.

SECURITY FOR BONDS

Bonds are secured by a specific mortgage on all the Company's present and future fixed assets and a floating charge upon all other assets subject only to \$4,107,500 of First Mortgage Bonds redeemable serially 1921-1934.

From \$292,000 to \$325,000 of First Mortgage Bonds mature each year, 1921 to 1934 inclusive. These annual reductions in amount of First Mortgage Bonds outstanding coupled with heavy Sinking Fund of 3% per annum on General Mortgage Bond issue rapidly increases the equity behind General Mortgage Bonds.

At current market prices on Montreal Stock Exchange, Preferred and Common Shares have a market value of approximately \$20,000,000, ranking junior to these Bonds.

Complete prospectus, copies of which will be mailed on request, contains a letter from the President of the Company from which we summarize as follows: 1. Abitibi Power and Paper Company, Limited, is one of the largest Canadian producers of newsprint paper. It operates at Iroquois Falls in the District of Temiskaming, Ontario, a modern newsprint paper mill designed for an ultimate annual capacity of 145,000 tons.

2. Present Annual Output is as follows: Newsprint Paper 70,000 Tons, News Sulphite Pulp (surplus) 20,000 Tons, Groundwood Pulp (surplus) 35,000 Tons. Production by May, 1921, will be increased to 145,000 tons newsprint paper annually.

3. Timber Areas — over 1,000,000 acres pulpwood lands, estimated to contain over 5,000,000 cords of spruce pulpwood. Total supply of about 15,000,000 cords of pulpwood is available from the Abitibi district.

4. Water Power — 53,000 horse power, of which 25,000 horse power is developed and in operation and 28,000 horse power now being developed.

5. Plant and Property Valuation — \$21,000,000, exclusive of timber holdings, as against \$5,107,500 of Bonds, including this issue.

6. Net Liquid Assets (working capital) after deducting all current liabilities, but without including proceeds of this issue, as at December 31st, 1919, were \$1,594,986.

7. Net Earnings available for interest, depreciation, etc., for year ended December 31st, 1919, were \$2,125,717—over four times amount required to pay interest on all Bonds outstanding.

Estimated Net Earnings for current year available for interest, depreciation, etc., \$2,500,000, against annual Bond Interest of \$486,450 (reduced annually by serial maturities).

The larger portion of this issue having been sold in Canada and the United States, we offer the unsold balance at the price of— \$9.44 and Interest, Yielding 7% Payable: 20% of the par value on application. 40% of the par value on November 15th, 1920. Balance, December 15th, 1920.

Interest will be allowed on payments at the rate of 6% per annum. Payments may be anticipated in whole or in part at any time. Accrued interest will be adjusted upon final payment.

APPLICATION FORM ROYAL SECURITIES CORPORATION, LIMITED

Sirs: I/We hereby apply for \$_____ par value Abitibi Power and Paper Company, Limited, 6% General Mortgage Sinking Fund Gold Bonds, due 1940, and agree to pay for same, or any less amount that may be allotted to me/us, in accordance with the terms of your Prospectus dated October 15th, 1920.

Name (in full) _____ Mr., Mrs. or Miss _____ Address (in full) _____ Date _____

100 Years' Pulpwood Supply. We're offering to our clients a new issue of a pulp and paper company.

The company will immediately erect a thoroughly modern groundwood pulp mill with a daily capacity of 100 tons.

It is estimated that the standing timber on the company's limits is sufficient to keep a mill of the capacity of the one presently planned at full capacity for more than 100 years.

The issue carries with it a bonus of one share of common for every share of preferred.

Ryan, Grier & Hastings LIMITED MONTREAL 96 Notre Dame St. W. TORONTO 33 Meli-da St. Advt. 2246-7

There seems to be no possibility of meeting the present market levels without a cut in wages, and as yet there has been but little talk of that, although continued lack of demand may force its serious consideration.

Commercial and Financial News

CLOSING LETTERS BY THE CANADIAN PRESS

(By Canadian Press)

New York, Oct. 14.—Conflicting elements of domestic and foreign origin combined to bring about further irregularity of prices on the Stock Exchange today although a firm to strong tone ruled at the market by active close.

Redemption to-morrow of the Anglo-French \$500,000,000 loan was again a factor of primary importance in the money market. Call loans established the highest initial rate of many weeks at 9 per cent, subsequently repeating yesterday's performance by closing at 10 per cent.

This was not the only drain on local resources however, banks and other financial institutions sending large additional sums of money to Cuba, where the moratorium seems to have reduced virtually all business to a cash basis.

Cables from London announcing the decision of the Coal Miners' Federation to strike, occasioned some softening for foreign account. British exchange eased off slightly, however, and the Bank of England's weekly statement showed a strengthening of its liability reserves.

Latest domestic activities pointed anew to further readjustments in the more important branches of industry such as steel and textile trades. On the other hand, proof of a sound investment position was once more afforded by the success which attended the Sears-Roebuck \$50,000,000 note issue.

Backs, shipping and oils comprised the more uncertain features of the session, stocks, equipments and motors representing the stronger issues. Net gains of 1 to 4 points were made by Bethlehem Steel, Baldwin Locomotive, Studebaker, Retail Stores, Mexican Petroleum and "Nickel Plate".

Sales amounted to 525,000 shares. The bond market was comparatively dull on reduced dealings. Domestic issues, including Liberties, were slightly easier and international were irregular. Total sales (par value) aggregated \$14,375,000.

Old United States bonds were unchanged on call.

CLOSING LETTERS BY THE LOCAL BROKERS

(By Brunau & Dupuis)

Montreal, Oct. 14.—All-round liquidation in local securities on the local stock exchange today contributed the most active dealings since September 20 last. The largest activity centered in Brompton, which sold down to 78 1/2 and closed at a recovery to 78, down 1 1/2 points.

Sugar fell to 113 1/2 and firmed to 114, a net loss of 3 1/2 points. Spanish Common went down to 107 1/2 and firmed to 108 1/2, a loss of a large fraction. The preferred showed a better recovery at the close recovering to 113 after selling down to 110 1/2, a net loss of a point.

Laurentide, Riddon and Howard Smith came in for selling pressure which was poorly absorbed and lost from 3 to 2 1/2 points each. Liquidation was maintained also in Detroit Railway which was offered down to 97 from sales of broken lots two days ago at 107 1/2, later the price firming to 99 1/2. Cement lost 2 1/2 and Asbestos 1 1/2 points respectively.

Wayagamack was among the few stocks that withstood the selling pressure, recovering an early loss and closing at 139, a point up net. Brazilian also had a fractional gain. Preferred, Steamship Preferred, Bridge, Steel Preferred, Textile, Power and Steel of Canada held steady at yesterday's closing prices. Total sales—listed 15,017; bonds, \$18,000.

(By L. G. Beaubien & Co.)

New York, Oct. 14.—Industrial stocks continued to show considerable strength this afternoon. The short covering movement in the motors kept up and the earlier gains were added to before the close. Chrysler and Studebaker benefited more than the rest, but the whole group acted in a manner to confirm the feeling that they have been well liquidated. The steel and equipment stocks also moved higher, although probably their stimulus came from different sources as the equipments appear to have been benefited from new buying while the purchasing of the steels was presumably short covering. Money was fairly well supplied, although the rate did touch 10 percent, for a relatively small amount. The oil stocks and tobaccos strengthened up towards the close and as the rains also were firm, the market showed considerable improvement on the day. Sales 547,900 shares.

A Chicago Board of Trade membership has been sold for \$250, a decrease of \$750 from the previous sale.

Indispensable Servants of Community Life

CONFIDENCE in public utility investments, especially those of traction, power and light companies, is being restored. It is admitted that most of these companies have in the past few years had rather difficult times, but with the restoration of more normal conditions, a better understanding of their necessities by the communities in which they operate, the growth of traffic, and the future expansion now in sight, the indications all point to a strong revival of confidence in these investments for the following specific reasons:—

Absolute Public Necessities. These utilities are absolute public necessities. Upon their efficiency depends in great measure the comfort, convenience, transportation, light and power of great communities.

Reliable and Economical. Electricity for industrial motive power is rapidly replacing coal, because of its economy of production and transmission and because of the reliability of the supply.

Household drudgery is being eliminated by countless appliances operated by electricity, and this form of service is bound to increase the use of electricity to a very great extent.

No Bad Debts. It is a cash business with no credits nor merchandise stocks subject to falling prices. The public utility is practically the only business which benefits from a falling commodity market because even if its earnings remain stationary its overhead and expenses are bound to reduce.

After careful study of the public utility situation, our conviction is that the securities of companies supplying light, power and street railway service, generating their electricity from water power, are exceptionally attractive at present prices.

We have prepared an interesting resume of the public utility situation, which is available on request.

Golden Harvests

Why speculate with hazardous hopes? Few people realize fully the handsome returns which some of the most unquestionable securities actually bring. This applies not only to those who are just beginning to save, or are just forming investment habits, but, indeed, to many who have been investing for years.

COST	RETURN
At 93 and interest:	29 half-yearly interest payments of \$27.50 each
For principal \$930.00	and at maturity.... 1,000.00
For accrued interest. 25.16	
TOTAL \$955.16	TOTAL \$1,797.50

If the interest payments were not spent, but were re-invested promptly in securities yielding 5 1/2%, the total return would be still further increased to \$2,196.20.

A \$100 Bond costing \$ 95.52 | A \$50 Bond costing...\$47.76 would return 179.75 | would return 89.87

\$10,000 worth of Bonds, costing \$9,551.60, would return \$17,975, or, if re-invested, \$21,961.95; and other amounts in proportion. This is the kind of golden harvest which the safest security in Canada will give you. Whether the amount is large or small the same proportion holds. Plant your dollars now in Victory Bonds and your harvest will be sure.

Bonds may be bought in \$50, \$100, \$500 or \$1,000 denominations. Your inquiries and orders will receive our best attention.

Building Up An Estate.

It takes the average man nearly all his time to attend to his regular business properly. The Royal Trust Company is equipped to render vital service to such a man—to keep in trust his surplus earnings—to make his investments—to administer his property—to advise and assist in his finances generally to the end that he may build up an estate—and, in due course, to act as his Executor.

THE ROYAL TRUST CO

EXECUTORS AND TRUSTEES HEAD OFFICE: MONTREAL QUEBEC BRANCH, 55 St. Paul Street, GEO. L. DEAN, Manager.

What Cash You Need When Travelling

—and more particularly, when large sums are required—is best carried in the form of a Letter of Credit, issued by The Merchants Bank. This old established form of international banking, is preferred by many experienced travellers because of its absolute security. Letters of Credit are cashed only by banks or banking corporations, and after the identity of the holders is established to the satisfaction of the bank officials. This insures safety, and guards against loss and theft.

THE MERCHANTS BANK OF CANADA

Head Office: Montreal. Established 1884. QUEBEC AND LAUZON BRANCHES, ST. SAUVEUR BRANCH, F. L. MacGACHEN, Manager, J. F. LEMIEUX, Manager.

BREEN & GOURDEAU

Stock and Bond Brokers, 147 Mountain Hill. Telephone 185-186. Correspondents: Jenks, Gwynne & Company, members of the New York Stock Exchange, and Parson, Beaveley & Co., members of the Montreal Stock Exchange.

Mechanics' Supply Coy. Limited, Tel. 651 80-90 St. Paul St., Que.

Feels Lost Without It

"We had never used Zam-Buk before but would feel lost without it now," writes a grateful Ontario mother, Mrs. T. G. Miller, of Winona.

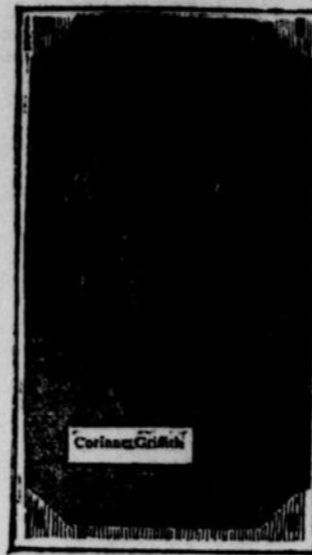

Social and Personal

Mr. H. S. Quigley, of Ottawa, is in the City. Mr. F. C. Work, of Halifax, is a guest at the Chateau.

At The Theatres

Corinne Griffith is Delightful to See in "Bab's Candidate" at the Classic

"BAB'S CANDIDATE" GAVE AN EVENING OF REAL PLEASURE TO THOSE WHO ATTENDED THE CLASSIC LAST NIGHT—MISS GRIFFITH PLAYED THE PART OF "BAB" IN A REALLY DELIGHTFUL MANNER

The story is very entertaining all the way through and keeps Miss Griffith "on the screen" practically all the time.

Big Programme For Sunday At The Auditorium Theatre

OPENING CHAPTER OF SANELY SENSATIONAL SERIAL, "THE BRANDED FOUR" WILL BE PART OF THE PROGRAMME—FOUR BIG FEATURES

The Auditorium presents today and tomorrow its present weekly programme of vaudeville and pictures. There are six big acts of vaudeville and a big feature with comedy in two reels depicting the amusing incidents of "Jigg's married life."

"Stella Maris," Mary Pickford's Best, Playing at the Victoria Theatre

The story of Stella Maris gives to Miss Pickford the most tenderly appealing role in which she has ever appeared on the screen.

In this latter role Miss Pickford appears with curls straightened out and hair braided down against a dirty face and over a hunched shoulder.

The story revolves around the curing and entrance into the real world of the paralytic, Stella Maris, and the revelation to her, after having been sheltered for years in a world of dreams and ideals, of the actualities of the misery and sorrow in the real life outside.

"In Folly's Trail," a Fascinating and Gorgeous Production Now Showing at the Empire Theatre

Such scenes of gay revelry as are depicted on the screen at the Empire Theatre, in "Folly's Trail," Carmel Myers' elaborate photodrama, have very seldom been shown in a world of modern story.

Due to a combination of a splendid story with its scenes laid in that modern Babylon, New York's Bohemia, the fine directorial hand of Rollin Sturgeon and the splendid acting of Carmel Myers and her supporting cast, "In Folly's Trail," now occupying the screen at the Empire Theatre, is proving one of the most delightful offerings seen at local playhouses in some time.

The 10th episode of the absorbing Eddie Polo serial and a lively two part comedy completes the program which will be shown again today and tomorrow.

Chronicle Files 100 Years Ago

The English papers mention the construction of a new carriage for land conveyance. It is said to be uncommonly simple, has neither crank nor cog wheels but is impelled by a slight pressure of the foot, and can be made go with great velocity.

Chronicle Files 25 Years Ago

The Beauport Brewery. Letters Patent have been issued incorporating Francois Parent, contractor, Joseph Edouard Bedard, advocate, of Beauport, Senator Landry, of Lamolou, Jules Tessier, M.P.P., and Joseph Isaac Lavery, advocate, of Quebec, by the name of "La Compagnie de Brasserie de Beauport," with a total capital of \$30,000, divided into 300 shares.

Horrible Accident.

Mr. Louis Verret, carter, residing at 127 Argo street, was the victim last night of a horrible accident in the tannery of Mr. Gaspard Rochette. While passing over a narrow walk in the tannery, Verret lost his balance and fell into a vat of boiling liquor.

Daring Burglary.

At Scotstown on Monday night burglars forced or exploded a safe in the building of the People's Bank of Halifax and abstracted therefrom the sum of \$2,000.

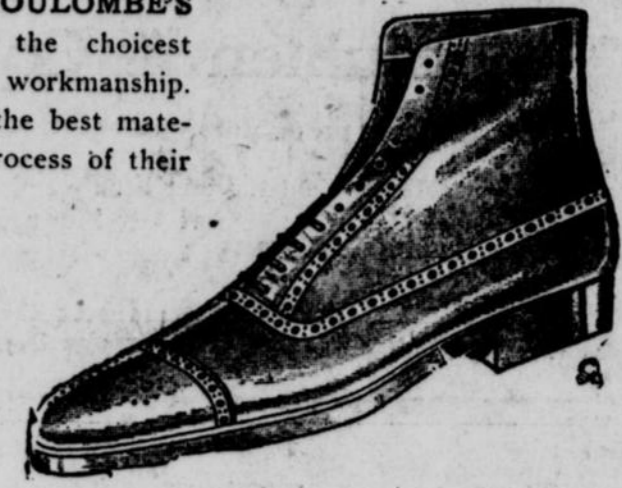

"WE SHARE OUR PROFITS WITH YOU"

EXTRA SHOES For Immediate Wear

It's surprising how many men overlook the advantage of having several pairs of good shoes on hand. At this time of the year especially it's desirable to change about. It really makes you feel better—it's better for your feet—it's better for your shoes.

They Are Made of Choice Leathers

In every one of COULOMBE'S SHOES you will find the choicest leathers and the best workmanship. Highly skilled labor and the best materials are used in every process of their construction.

That's why you can count on them for long time service—and it will be a long time, a mighty long time before they wear out.

This model especially made for Fall Wear in Black or Brown Calf-skin. SALE PRICE for Friday and Saturday NO TAX.
