

PART II.

CLASSIFIED

BUSINESS DIRECTORY.

CONTAINING THE NAMES OF SUBSCRIBERS,

ARRANGED UNDER THEIR RESPECTIVE BUSINESS HEADS.

In explanation of this part of the Directory, the Editor respectfully submits the following extract from the Prospectus, published on the 10th August last :—

The Directory will contain, secondly, a Classified Directory, in which the names of those who are Subscribers will be arranged under their appropriate Professional and Business heads, as Advocates, Auctioneers, Bakers, &c.

In adding this somewhat novel feature to the Montreal Directory, the Editor hopes to render it more useful and convenient than it would otherwise have been. It will be perceived that a new (and, the Editor thinks, improved) method has been adopted in arranging the cards of each business as nearly as possible after the names of the persons engaged in it, with a reference from the name to the page on which the card appears. It will be obvious that this is decidedly superior to the usual mode of placing all the cards together at the end of the book ; and the Editor anticipates that those who have given their cards for insertion will be well satisfied that the trifling cost will be amply remunerated through the general publicity, which by this means they must of necessity acquire.

E A G L E

LIFE INSURANCE COMPANY,

LONDON.

ESTABLISHED BY ACT OF PARLIAMENT IN 1807.

Capital, Two Millions Pounds Sterling.

AFFORDS a ready, safe, and profitable investment of small savings by persons of limited incomes. The public are secured by an ample capital, besides which all payments are set apart to accumulate as a distinct and inviolable fund, which at the end of seven years is strictly investigated, all existing claims provided for, and the surplus or nett profits are then apportioned, and *four-fifths* allotted to the Assured for the whole term of life, which may, at the option of the party, either be added to the Policy, or applied in reduction of the future annual payments; so that persons insuring at this Office may justly calculate upon a gradual annihilation of the annual Premium, without incurring the responsibility of Mutual Insurance.

The Rates of Premium are fixed as low as the paramount duty of security permits, and the errors in these Rates, if any, again corrected and reduced to the actual average risk by the periodical divisions of four-fifths of the profits among the Insured.

LIFE ASSURANCE.

BESIDES the perfect security to the policy holder of a large paid up capital, and accumulating funds, with moderate rates of premium, the following is one amongst many of the advantages which belong exclusively to the principles of Life Assurance and Deferred Annuities, originated by the Society, viz:—Power to borrow (without delay, expense, or forfeiture,) Two-thirds of all Premiums paid upon a Policy of Assurance.

PREMIUM FOR ASSURING £100.

DEFERRED ANNUITIES DEPARTMENT.

By the plan exclusively developed by the Society, a single Deferred Annuity is made, not only to answer the same object, but to equal in amount the entire sum of all the advantages heretofore only obtained by the middle and industrious classes by separate investments in Savings' Banks, Benefit Societies, and Loan Banks.

1. A small yearly, or weekly contribution, will secure the most ample return for after life; thus,—£2 12s. per annum (1s. per week,) at 20, will, at 65, give the Policy holder the choice of an Annuity for life of £47 16s. 6d.; £394 11s. in cash; or Policy, without further contribution, of £466 at death.

2. Two-thirds at any time lent on deposit of Policy, being a fund always available during sickness or want of employment.

3. Two-thirds of all payments returned to representatives in case of premature death.

The Report to the Annual General Meeting of Proprietors, Prospectuses, Tables, &c., may be obtained at the Office of the Society, by letter or otherwise, St. Sacrament Street, Montreal.
