Bill Affecting Civil Servants' Salaries Killed.

Cost of the Plebiscite—The Military Medals.

Ottawa, June 27.—Mr. Richardson introduced a bill into the House yesterday the purpose of which was to make the salaries of civil servants liable to seizure. This was practically killed by the committee rising and reported progress. Mr. Richardson said if the bill was not passed at that sitting, he would abandon it.

In reply to Mr. Foster, the Minister of Finance stated that up to the 23rd of the present month \$192,541.61 had been expended on the prohibition plebiscite, and it is estimated that about \$1,000 will cover the balance yet to be paid.

In reply to Mr. Quinn, the Conservative member for St. Ann's, Montreal, the Premier said no person had been named to the vacant postmaster-ship of Montreal. As he had on a previous occasion announced, an investigation was being made into the administration of Montreal post office and until the report of that enquiry was received no appointment would be made.

In reply to Mr. Clarke, Conservative, West Toronto, the Minister of Militia said that in reference to the progress made by the Medals Claim Commission in deciding who are to receive the Canadian General Service Medal, 11,780 applications had been received, of which 4,291 had been decided, final decision being reserved in 162 cases. During the past few days 441 other applications had been received and would be considered and investigated in a few days. It had not yet been decided when and how these medals and clasps would be distributed.

SUPERIOR COURT.

The second regular monthly term of this Court opened this morning, Mr. Justice White presiding, with two cases on the roll, viz: Douglas vs. Cassidy et al., and Beaulieu vs. Clay.

The first was continued till tomorrow, but the second was proceeded with at enquete and merits.

BRIEFLETS.

Johnston & Foss will have Hale's Strawberries for sale to-morrow.

The Y.M.C.A. Bicycle Club will take its weekly run tonight.

Mrs. T. J. Tuck entertained a few friends at Bellevue yesterday in honor of Miss Brooks, of Chicago, who is at present the guest of Mr. and Mrs. H. D. Lawrence.

The watch stolen from Louis Castonguay, of Windsor Mills, at Union Station, Friday night, by Alphonse Ouellette, has been recovered. It was in the possession of Phillip L'Heureux, who stated that he bought it of Ouellette, giving him \$2.

Dr. McConnell, eye specialist, was in the city today, on his way to Magog, after a special four weeks' course in New York, on muscular refraction of the eye. He will now resume his regular trips throughout the Townships.

A very heavy rain storm struck this section shortly after 12 o'clock, last night. The electric element in the storm was not as marked as is usually the case with our summer storms, but the lack in this respect was fully made up in the torrent of rain which fell.

The caterpillar pest is about over for the season as the spinning of cocoons has begun. Under favorable conditions, however, the crop next year will be larger than ever as it is said every cocoon is good for 200 caterpillars.

Hotel arrivals at the Grand Central hotel are: J. Bushlaw, H. Kroder, J. E. Wright, C. P. Rice, Geo. Browne, C. G. Russell, P. Kane, Montreal; and W. J. Duquet, Richmond.

WEATHER PROBABILITIES.

June 27, 11 a. m.—Forecast for next 24 hours, issued by the Meteorological Bureau.

ICE BLOCKED STRAIT.

Steamer Unable to Pass Through Belle Isle.

Father Point, June 27. (Special.)—Capt. Kerr, of steamship Marthana, McClay, McIntyre Line, reports that he tried to come by Straits of Belle Isle, but met large quantities of ice 60 miles east of Belle Isle, and failing to get through, he had to come around by Cape Race and skirted along the ice for about 60 miles, from lat. 52 north, long. 53.30 w. southwards.

PAID A HIGH RANSOM.

Italian Millionaire Gives \$12,500 to Be Released by Brigands.

Rome June 27.—Signor Benedetto Leonardo is the well-known Italian millionaire who for some time past has been considering the advisability of selling his estates near Salerno and settling in Rome, owing to the repeated attempts of a local band of brigands to capture him. He has now finally made up his mind to that course, for during the last week the brigands actually captured him. They fixed the ransom moderately under the circumstances at \$12,500 and required that the money be paid on Wednesday under pain of slicing the captive's ears off. The ultimatum had only an hour within which to expire when the money arrived, and Leonardo considers it too close a shave to incur the risk of a repetition.

MRS. BARROW SENT TO PRISON.

Must Serve Twelve Years for Kidnaping.

New York, June 27.—Mrs. George B. Barrow, when arraigned before Justice Werner in the criminal branch of the Supreme court yesterday pleaded guilty to the charge of kidnaping Baby Marion Clarke. She was sentenced to twelve years and ten months in prison. Justice Werner bitterly denounced the woman, and pronounced her crime one of "consummate villainy." He refused to accede to Lawyer Howe's request to defer the sentence. "This woman," he said, "would ordinarily be entitled to some consideration, but the nature of this case shows her to be utterly devoid of the fine and tender feelings that are the distinguishing characteristic of her sex."

THE ANGLICAN CHURCH IN HAWAII.

Honolulu, June 18, via San Francisco, June 27.—The Church Defence Association, an organization that is seeking to have the Anglican Church in Hawaii transferred from the English to the Protestant-Episcopal Church of America, has received a letter from Queen Victoria in response to an appeal to her to change the jurisdiction. The Queen replied that she had referred the matter to the Archbishop of Canterbury. The Archbishop says he is communicating with the American authorities at New York on the subject.

REWARDS FOR HEADS OF MISSIONARIES.

Hong Kong, June 27.—Placards have been posted at Kien Ning Foo offering \$1000 for the heads of the missionaries there. Trouble with the native rebels is feared.

FARMERS' PICNIC.

The picnic which is being got up under the auspices of the Sherbrooke Plowman's Association, at Lennoxville, on Wednesday, July 5th, promises to be a great success.

The following is the list of speakers who have been invited: Mr. Justice Lynch, Hon. H. T. Duffy, Hon. W. B. Ives, R. H. Pope, M.P.; A. H. Moore, M.P.; Mr. H. S. Foster, Mr. Ewing, of Richmond, and the Hon. M. F. Hackett.

The beautiful golf grounds of the College have been kindly lent. Here there is ample space for every kind of amusement. Refreshment booths will be found on the grounds. The directors have also made arrangements for a band.

The speaking will begin about 1.30 p.m. Afterwards there will be games and other amusements.

SENT UP TO QUEEN'S BENCH.

Before Judge Mulvena, in the Magistrate's Court, at the conclusion of the argument yesterday in the case of the G.T.R. against W. J. Anthony and Wm. Wright, charged with shooting at a boarding house car at the Compton Station, the learned Magistrate bound both the accused over to take their trial at the next term of the Court of Queen's Bench.

JUDGMENT CONFIRMED.

In the Court of Review on Saturday last, judgment was rendered in the case of Robert vs Dyke confirming the judgment of the Superior Court of this district. Mr. Justice Lemieux presiding.

CHAMBERLAIN SPEAKS.

Some Straight Talk on the Transvaal Question.

Kruger Must Back Down or There Will be War.

Birmingham, England, June 27.—Mr. Joseph Chamberlain, Secretary of State for the Colonies, addressing the Unionists of this city yesterday afternoon, reviewed carefully the Transvaal question.

In the course of his speech he said that owing to the enormous military preparations of the Government of the South African Republic, Great Britain had been compelled to increase the British garrison in Cape Colony and Natal, entailing an additional expenditure of £500,000 annually.

"If the reforms which Lord Ripon proposed in 1894, had been accepted," said the minister, "there would have been no raid and no crisis at present. But the raid tied the hands of the Government and prevented the application of the pressure."

Mr. Chamberlain said the Government had tried to establish friendly relations with President Kruger, but all their advances had been received with contempt. He then proceeded to eulogize Sir Alfred Milner, governor of Cape Colony and British High Commissioner for South Africa. The Government accepted responsibility for the actions of that official. As "for the counter proposals of Mr. Kruger, they did not constitute even a fair instalment of reform."

After denouncing in the strongest terms the attitude and actions of the Boers, Mr. Chamberlain, with great deliberation and emphasis, added:

"The Transvaal's enormous secret service fund has procured it friends and advocates in every country. The way the British subject there is treated is not only a menace to them, but interferes with our prestige among the natives, who now regard the Boers and not the British, as the paramount power. Besides the breaches of London convention, the Transvaal is flagrantly violating the equality that convention was intended to secure. Its misgovernment is a festering sore, poisoning the whole atmosphere of South Africa. We hope the efforts that are now being made will lead to an amicable arrangement, for Great Britain only desires justice, but there comes a time when patience has had and y distinguished from weakness and when moral pressure becomes a force, that cannot be continued without loss of self-respect. I trust that time may never come in this instance; but if it does, Britons will insist upon finding the means to secure a result essential to the peace of South Africa."

"It is my belief," he said in closing, "that the country will show itself not unworthy of its glorious history and traditions."

THE SCOTT ACT VOTE.

Final Statement of the Returning Officers.

Cowansville, June 26.—The returning officer, Mr. H. E. Williams, on Saturday, summed up the Scott Act vote, and declared the majority in favor of the repeal of the act to be 532. The total number of votes polled was 2,832, as compared with 2,270 when the attempt to repeal the act was made in 1898. The vote in favor of the act shows a falling off to the extent of 51, having been 1,202 in 1898 as compared with 1,151 on June 20. On the other hand, there is an increase of 605 in the vote in favor of repeal, the comparative figures being 1,068 in 1898 and 1,673 on June 20.

The vote by polling subdivisions with comparisons with the vote on the plebiscite was as follows:

BIG STRIKE COMING.

40,000 Tin Plate Workers Will Go Out Saturday.

Pittsburg, Pa., June 27.—The conference of the committee of the American Tin Plate Company and workers closed at Chicago on Saturday evening without reaching an agreement, and a strike of 40,000 workers will be inaugurated next Saturday.

SMUGGLING RUM AT HALIFAX.

The Liquor Drawn Off in the Bonded Warehouse and Water Substituted.

Halifax, N. S., June 27.—Smuggling liquor into Nova Scotia from St. Pierre has long been practiced. The temptation to do this is great, particularly on rum, which costs in Jamaica or Demarara less than 50 cents per gallon, but on which the Canadian Government levies a customs duty of \$2.40.

A new phase of the infraction of the law has just come to light. Customs officers in this city seized five puncheons which were in bond here. Three of these puncheons held rum and two contained colored water. Clandestine entrance was obtained to the bonded warehouse by the firm who imported the liquor. The rum was drawn off and taken away in small lots and water substituted. The colored water is exported in bond to St. Pierre. This is the charge of the officers. How the smugglers worked the game at the St. Pierre end of the line is not known, but it was accomplished.

The penalty for this offence, besides the fine, is a year's imprisonment. It is asserted that practically all the rum consumed in Cape Breton is smuggled. It is constantly brought from St. Pierre by sailing vessels and landed there in small packages.

STOLE \$25,000 OF SHIP'S TREASURE.

Hawaiian Police Believe They Know the Men Who Robbed the Alameda.

Honolulu, June 18, via San Francisco, June 27.—The Hawaiian detectives and Marshal Brown are confident that they have located the thief who stole \$25,000 in British sovereigns from the steamer Alameda on her last trip from Sydney to San Francisco. They are confident that the thief was Wilson, an Australian convict man and adventurer, who travelled with four others and has been engaged in several big robberies.

Their theory is that the treasure was carried to Wilson's stateroom and was removed at Honolulu. Wilson got off here and sailed for Japan. One of his accomplices is believed to be a man who brought ashore here a valise full of sovereigns, and who pulled out these big gold coins several times to pay hackmen and others.

POIRIER'S INSURANCE.

The Mother of Sam Parslow's Victim Sues the Insurance Company.

Judge Lemieux Decides that She Can Recover Her Son's Insurance.

Montreal, June 27.—(Special.)—Judge Lemieux delivered judgment today, in case of Mrs. Poirier vs. the Standard Life Assurance Co. in favor of the plaintiff. Mrs. Poirier is mother of the man who was murdered at St. Camille by his wife, Cordelia Vian, and Sam Parslow, both of whom were hanged, and she sues the company to recover \$2,000 insurance on her son's life. The Judge decided against the company on the ground that Mrs. Poirier was not responsible for acts of the wife who paid the penalty of the law.

THOS. DOYLE'S WIFE

Arrested as She Was Leaving Halifax With \$1200 of His Money.

Halifax, N.S., June 27. (Special.)—Thos. Doyle, a saloon keeper, had his wife detained by the police at the Intercolonial Railway station this morning, as she was about to depart on a train for Sydney, C.B., with about \$1200 in cash, which he alleged she was carrying off without his sanction. The wife, who is a handsome Newfoundland woman, not yet 20 years old, handed back the money, but she is still being held at the City Hall pending an arrangement of matters between herself and her husband.

Q. C. MAIL SERVICE.

Difficulty Between Railway and Post Office Department Not Settled.

Mail Left This Morning in Baggage Car and an Empty Mail Car Goes This Afternoon.

The difficulty regarding the mail service, which has arisen between the Quebec Central Railway and the Post Office department, has not yet been settled. This morning the mail for the Quebec Central district was sent to the station as usual, and the mail clerk took it in charge and proceeded in the baggage car, from which he distributed it along the line. This afternoon the mail train leaves under the company's new schedule with the proper mail car, but no mail.

The post office department, it appears claims the right to oblige the company to put a mail car on this fast express which leaves here at 7 a.m., and which under arrangements with the Boston & Maine and other connecting roads consists of baggage car, smoking car, coaches and Pullmans from Boston & Springfield to Quebec and which only stops at the important stations, and it would be impossible to run an extra car for the mail, necessitating the stopping at every small station.

The company holds that under the new schedule it is running a good mail train in the afternoon from Sherbrooke to Quebec, and in the morning from Quebec to Sherbrooke, and that the mail service thus given would be fully as acceptable to the public as that under the winter timetable. They further assert that for reasons stated above it would be impossible to run a mail car on the fast express and stop at all stations.

The Company, however, offers to allow the mail bags to be carried on the baggage cars of the express trains and dropped at the stations at which these trains stop, the bags for the smaller stations to be sent back on the local a few hours later. This would necessitate a small additional expense to the department, and is opposed by it.

It appears that when the Q.C.R. company was preparing for its summer service, arrangements were made with the postoffice superintendent in accordance with the new schedule of the company, and that owing to some misunderstanding between the superintendent and the head office at Ottawa, the present difficulty has arisen.

It certainly seems, however, that the post office department, is acting unwisely in opposing the change in the mail service from morning to afternoon from Sherbrooke to Quebec which the Quebec Central Company desires to make, inasmuch as there is no doubt that the afternoon service would be preferable to the public. This is certainly the case in the city of Sherbrooke, and it is understood from points along the line that the arrival of an afternoon mail would be an agreeable change there.

PASSED IN REVIEW.

Eighteen Thousand Men Salute Her Majesty at Aldershot.

The Pick of Britain's Army Which Would be Sent to the Transvaal in Case of War.

London, June 27.—Her Majesty Queen Victoria, the Duke of Cambridge, the Prince of Wales, the Duke of York, Grand Duke Michael of Russia, the Duke of Connaught, General Lord Wolseley, commander-in-chief of the army, and many princes and princesses were present on the famous plains of Aldershot yesterday to witness a review of over 18,000 of the best troops in the Kingdom.

This review is interpreted in London as a means of satisfying Queen Victoria that her troops are ready for any emergency they may be called to meet in the Transvaal or elsewhere.

Not since the Queen's Jubilee has a more magnificent army corps passed before a European sovereign, and while 60,000 additional troops remained in their barracks, the display afforded the Queen ample evidence of her military resources.

All the regiments which took part in the review were those which would answer the first hasty call to arms for the Transvaal or elsewhere and as the various battalions swung past the royal carriages their fitness evoked the heartiest applause. Nearly 15,000 infantry, 50 guns and 3,600 horses made up this magnificent display.

Nearly all the foreign military attaches were present and a profound impression was made upon them by the Dragoons, the Scot's, the famous royal regiment, of which Emperor William is the honorary colonel; the Fusiliers, the Camerons, the Scottish Rifles and other heroes of the Zulu campaign passed. The enthusiasm of the crowds was intense and the Queen smiled approbation as each command came immediately under her eyes.

Col. Sumner and the other attaches compared the army of the Queen to a "forest of shimmering steel overhanging a scarlet sea," and characterized it as one of the finest reviews within their experience.

NOTES OF THE NEWS.

A despatch from St. Petersburg, says the Czarina gave birth to a daughter there yesterday afternoon. She was named Maria.

The House of Lords of England yesterday defeated the bill legalizing the election of women as councillors and aldermen. The vote stood 182 against the measure, and 68 in favor of it.

For the first time since 1870 the Vatican party has obtained a majority in Rome in the municipal elections and the fronts of the churches are fantastically illuminated nightly in honor of the success.

At confirmation service in St. Mark's parish church, Brantford, Ont., yesterday afternoon, Bishop Dowling, of Hamilton, stated incidentally that Mgr. McEvay, of Hamilton, would be the next bishop of London.

AT LAPRAIRIE CAMP.

The Boys Are Enjoying Their Soldier Life.

Fine Weather With Efficient Drill and Strict Discipline Have Marked the First Week in Camp.

Laprairie Camp, June 26.—(Special)—Camp life is progressing pleasantly and under the direction of Major-General Hutton, the provincial militia here assembled are receiving very efficient instruction and a taste of strict military discipline. Company drill ended Saturday night after nearly a week of hard work, which was highly creditable to the officers and men. The weather has been all that could be desired by the most chronic grumbler in the camp, where there are not a few. With the exception of a shower last Friday no rain has fallen and the sky has been obscured by clouds, protecting the camp from the burning rays of the sun.

The 54th Batt. of Richmond finished target practice Saturday. Major-General Hutton in receiving the battalion on parade, praised the men for their excellent shooting which, he said, meant a great deal to a battalion, as correct shooting is a most desirable feature in an infantry regiment. He also, complimented the men for their soldierly bearing and good marching. The targets, which are made of canvas, are four feet square and placed about fifty feet from the river. Starting at 500 yards distant, the battalions advanced by half companies by the quick march, then halted and fired, and eventually advanced by rushes, volley firing at 20 yards distance from the preceding firing line, until they came to within 100 yards of the targets. These tactics were continued on the retreat.

Field services were held yesterday by Protestant and Roman Catholic clergymen. That of the former was held opposite the lines of the 8th brigade, midway between the 2nd Cavalry brigade and the 8th Infantry brigade, and that of the latter at a temporary altar erected the night before opposite the 7th Brigade. The Protestant service was conducted by Mr. Dickson, chaplain of the 11th Argenteuil Rangers, assisted by Major Jakel, of the same battalion, and Lt.-Col. Whitley, of the 6th Duke of Connaught Royal Canadian Hussars.

This morning the militia turned out for battalion drill, which will continue till Wednesday, when brigade drill will begin.

The total number of officers and men on the grounds now number nearly 6,000. The camp is laid out as follows: On the west side of the common are the cavalry brigade. The divisional staff are located on the river bank near the extreme westerly limit of the common. On the west side are the Morris tube ranges, straight back from the river are the hospital tents, between these again are the tents of the instructors of the St. Johns school. Near these on the western side are the 2nd Cavalry brigade, consisting of the 6th Duke of Connaught Royal Canadian Hussars, Montreal, 6th Canadian Dragoons (St. Francis district) Royal Canadian Dragoons, B. Battery, R. C. A. Field Division. Stretching from south to east are the Infantry divisions, they are as follows:—7th Infantry Brigade, 64th Voltigeurs de Beauharnois, 76th Voltigeurs de Chateauguay, 80th Nicolet Battalion, 83rd Joliette Battalion, 85th Battalion, 86th Three Rivers Battalion, 118th Infantry Brigade, Argenteuil Rangers, 50th Huntingdon Borders, 51st Hemmingford Rangers, 52nd Brome Battalion, 54th Richmond Battalion, 58th Compton Battalion, 79th Shefford Battalion Highlanders.

But enough has been said of the camp itself, now something regarding the men. They are generally made up of two classes, the loafer who knows all about camp life, a very undesirable class of men. But this year is certain to be a red letter in the annals of the Laprairie camp; the strict enforcement of order against canteens selling spirituous liquors has been productive of the very best results, the men are painstaking and steady; instead of spending their nights drinking and carousing, they rest, the consequences are that they are able to drill, and feel better.

Volunteers who have a liking for strong drink find this camp very dry, as far as alcoholic liquors are concerned, for the army regulations are very strictly enforced, not a drop of liquor having been sold since the 21st by the canteens, and stranger still, not one drunken man has been reported among the 6,000 infantry, cavalry and artillerymen present. This certainly reflects great credit upon the officers commanding the different battalions, and especially upon Major-General Hutton, who gave the order prohibiting the sale of intoxicating liquors. Major-General Hutton was on the grounds inspecting the different battalions. He expressed himself as well pleased with the cleanliness of the men and their soldierly bearing.

CHURCH CASE SETTLED BY PAPAL DECREE.

Worcester, June 27.—The Spy says that the trouble which has existed in the St. Joseph's Catholic Church at North Brookfield from which the French-speaking members seceded more than two years ago, has been settled by a papal decree received from the Vatican by letter, which will be read for the first time next Sunday. The decree from the pope is a direct refusal of the prayers of the French-speaking people of the church and an indorsement of the action of Bishop Beaven.

COATICOOK.

RUSSIA'S PROPOSAL.

Text of the Scheme for Naval Standstill—New Phase to Private Property at Sea Proposed.

The Hague, June 27.—The following is the text of Russia's new proposal: Acceptance of the principle that for the term of three years the sum of the naval budgets shall be determined with an engagement not to increase the total, during that triennial period, and with an obligation of announcing in advance for said period: First, the total in tonnage of those ships of war which it is proposed to build, without specifying the models thereof; second, the number of officers and crews in the navy, and third, the expenditure on works in ports, such as forts, docks, arsenals and the like.

The question of the exemption of private property at sea from capture in time of war has entered a new stage, through the issue of the statement of the American delegates. It is stated on good authority that a certain foreign Power may extend the discussion to the declaration of Paris, with a view to getting rid of one feature which is not considered advantageous. The first half of the voluminous paper is merely a summary of past action in the part of the United States in the matter.

The proposal itself follows: "Private property of all the citizens or subjects of the signatory Powers, with the exception of contraband of war, shall be exempt from capture or seizure, on the high seas or elsewhere, by the armed vessels or by the military forces of any of the said signatory Powers, but nothing herein contained shall extend the exemption from seizure to vessels and their cargoes which may attempt to enter a port blockaded by the naval forces of any of said Powers."

The American delegates, referring to the fact that the circular of Count Muravieff excludes extraneous matters, says: "The fact of our having received the instructions herein referred to from the President of the United States shows that our Government believed the scope of the conference wide enough to include this question." They urge as an argument that their proposal, if adopted as a rule of war, would ameliorate the hardships of naval warfare.

On the other side, however, it is argued that it has been conclusively proved by experience in past wars that the destruction of sea borne commerce is one of the most humane ways of reducing the power of an enemy. As a great thinker once observed, it is better to destroy men's property than their lives. For the moment the question is, whether the subject is one which can, consistently with the terms of the Muravieff circular, be submitted to the conference. It seems scarcely probable that the matter will be solved in a sense favorable to the American proposal. At all events, some of the leading delegates consider it outside the competency of the conference.

NO OBLIGATORY CLAUSES.

London, June 27.—A despatch to the Daily News from the Hague says: "Count Munster, the head of the German delegation, has received Prince Hohenlohe's instructions, and Germany will withdraw her objections to the establishment of a court of arbitration, provided the obligatory clauses are expunged. The Russians themselves do not expect a majority for their 'disarmament proposals, which are not advanced seriously.'"

COLLISION IN THE FOG IN NEW YORK HARBOR.

New York, June 27.—The steamship City of Rome, of the Anchor Line, while coming into port yesterday morning from Glasgow, ran into and came near sinking the steamboat Monmouth, of the Sandy Hook route. There was a dense fog prevailing at the time of the collision, and it is charged by the crew of the Monmouth that Captain Young and the other officers of the City of Rome did not take proper steps to avoid the collision when the boats came in sight of each other. The vessels came together almost bow on, and the rail, netting stanchions on the bow of the Monmouth were torn away. The City of Rome continued on the way to her pier at the foot of West Twenty-fourth street. The Monmouth continued on her way to the Atlantic Highlands, and made the return trip to the city with a force of ship carpenters at work on her repairs.

(STANSTEAD, ROCK ISLAND AND DERBY LINE.)

(News items for insertion in the DAILY RECORD will be gladly received by E. E. Jones, local correspondent, Times Office Richmond.)

June 26.—Miss Jennie Howden, of Montreal, is spending a few days at "Broadview," the guest of Miss Butters.

Mr. Henry D. Pike, while riding his wheel on the Stanstead race course on Saturday evening met with rather a serious accident, by coming into collision with a dog. He was thrown violently off, remaining unconscious for over an hour. His injuries were all about the face and head. Dr. Tomkins was called and took several stitches just under the left eye, and he is progressing as well as can be expected.

Mrs. Richard Emery, Hatley, is the guest of Mrs. H. M. Hovey.

Mr. and Mrs. O. Libby, former residents of Rock Island, now of Sherbrooke, are the guests of Miss Lucinda Libby. The Misses Robinson have returned home from North Adams, Mass., having closed a successful year's school there.

Miss Lily Blanchard is the guest of her mother, Mrs. A. B. Sweeney, and will spend her summer vacation here.

Mr. S. D. Fregeau is making extensive repairs in his house by raising it up a storey, as well as adding other improvements.

Mr. D. Lockhart spent Sunday with his family at Stanstead.

NORTH HATLEY.

June 26.—Mr. Archie Jackson while cultivating corn near his barn on Friday saw a large deer.

Mr. C. W. Gate of Sherbrooke, has opened his cottage on the west side of the lake for the summer.

At a meeting of the patrons of Mr. Bert Reed's creamery held on Saturday evening it was voted to employ Mr. Palmer, government milk inspector to test the milk.

The steamer Mississippi was inspected by government officials on Saturday and pronounced in perfect order.

Yesterday was children's Sunday at the Universalist church. The church was beautifully decorated with flowers and ferns and at the morning service two children were baptized. In the evening a concert was given by the children of the Sunday School which was largely attended. A collection was taken for the benefit of the Library.

Miss Mamie Ramsdell has returned from the Victoria Hospital, Montreal.

Major Bergland of Baltimore, Md., arrived at the Victoria, Saturday morning.

LARGE NUMBER OF SUNSTROKES

New York, June 27.—Nothing demonstrates more clearly the severity of the heat during the recent hot wave than the number of sunstrokes recorded by the health board. For the week ending June 10, with the temperature at 95° at its highest point and a mean of 78° night and day, there were eighty-five cases of death from sunstroke. In the corresponding period of last year there were then only three cases of death from the same cause, and the thermometer at its highest was nine degrees below the mark reached this year. Through the month of June, 1896, there were thirty deaths from sunstroke and the thermometer reached 92°. It is in August that most of such cases usually occur.

CHICAGO MURDERERS DISCOVERED.

Chicago, June 27.—The police state that positive evidence has been secured pointing to Frank, alias Matt Smith, "Moafey" Brauer, alias Sigmond Brock, two saltwater sailors, as the men who robbed and murdered Martin Meter, the aged Swiss recluse who was found dead in his lonely home on West Fifty-seventh street about three weeks ago. Instead of securing several thousand dollars, however, it is supposed the men succeeded in finding but \$18. The robbers left Meter bound and gagged, believing that he would be released by his brother. But no one called at the house until the following Wednesday, the robbery having occurred on Monday, and Meter probably was gradually strangled to death by the gag in his mouth.

FILIPINOS TRIED TO CAPTURE HER.

Breeze Came Up Just in Time to Save the Schooner Retrieved.

Honolulu, June 18, via San Francisco, June 27.—The ninety-ton schooner Retrieved, which arrived here two days ago after a voyage of 106 days from Hong Kong, had a narrow escape from capture by the insurgents on the north coast of the Island of Luzon. The rebels put out in boats when the schooner was becalmed, but the wind sprang up just in time and she escaped. She ran into a typhoon and was driven ashore on Formosa, where she was repaired.

The vessel was originally owned by Prof. Hillier and Dr. Furness, of Pennsylvania University, who used her in scientific work along the Borneo coast, and she was bought from them by the present owner.

SAWYERVILLE.

June 26.—Mrs. R. Evans returned last week from Montreal and Lachute, where she has been visiting friends for the past two weeks.

The funeral of the late Mrs. Joseph Taylor, of Bernardston, Mass., formerly of East Clifton, whose remains were brought here for interment, took place on Friday, 23rd.

Mrs. E. J. Westman, of Marbleton, and a daughter are in this place, visiting friends.

Mr. John Sawyer and family, of Cheney Valley, New York state, are in this place, visiting his uncle, Mr. William Sawyer.

Dr. Geo. Ryan is here this week, visiting at the home of Mr. John Duncan.

Miss K. Duncan, Miss J. Duncan, A. Cairns and E. Evans attended district council of R. T. of T. in Scotstown last week, and as is usual for people going to Scotstown, had a jolly good time, the only regret being that they could not stay longer.

Mr. Thos. Riddell is making a noted improvement in this place in the way of grading and seeding his lawn.

Mr. H. Waldron, road overseer, has received the repairs for the road machine and commenced work on the roads once more. There are a great many complaints about Hungry Hill road, being so bad. It certainly is in bad need of repairing.

Leslie Evans, who has been home on the sick list, returned to Angus on Monday, to resume work.

CHINESE WALL IS DOOMED.

Big and Famous Structure to Come Down—Yankees Want the Job.

Chicago, June 27.—A special to the Times-Herald from Denver says: "According to Frank Lewis, a Chicago engineer, who was today a guest at the Oxford Hotel, the Chinese government contemplates the destruction of the ancient Chinese wall that separates China proper from Chinese Tartary. He is en route to China to assist in tearing down the famous structure."

Mr. Lewis is a civil engineer, and goes to China on behalf of a syndicate of Chicago capitalists. He said: "I understand that the enterprise is one of the Chinese government's own conception and is independent of Russian, German or French influence. The cost will be great, involving millions of dollars."

PACKING TOBACCO AND CIGARETTES.
The Tobacco Trade Review says: "An ingenious method of packing Cigarettes and Tobacco, so that after an unlimited time they turn out as fresh and fragrant as when first prepared, has just been introduced by Messrs. Ogden, Ltd., Liverpool. The method consists in packing the goods in tins from which the air is withdrawn, and which are afterwards hermetically sealed in a vacuum. This process has never before been accomplished, and is a remarkable invention in these days of discovery. That there is no doubt about the air being extracted may easily be tested by slightly pricking a sealed tin, when the air will be heard to rush in with great velocity. Tobacco and cigarettes packed in these tins will be appreciated by travellers, as a smoker can lay in a stock of his favorite brand, and be sure of having his tobacco, in any country in the world, in as fine condition as if freshly purchased from his tobacconist. We have inspected a sample of the goods which have been packed 6 months, and found them on opening to be in every respect equal to the newly made article."

Mr. Brown's Opinion of PAINE'S CELERY COMPOUND

IT RESTORED HIM TO NEW HEALTH WHEN ALL OTHER MEDICINES FAILED.

It is everywhere admitted that the people who testify to the health-giving and restoring virtues of Paine's Celery Compound are men and women who are respected and well known in the towns and cities where they reside.

The high standing of Paine's Celery Compound with the most prominent medical men, and its world wide popularity, is due to the fact that the great medicine accomplishes just what it promises. It saves life after all other medicines fail; it cures when doctors pronounce the patient incurable.

Mr. John H. Brown, Truro, N. S., writes as follows:

"I am truly thankful for the good results I have obtained from the use of your Paine's Celery Compound. For a long time I have been a sufferer from general debility and indigestion and have made use of many medicines, but none have given me the grand results, as far as improved health is concerned, as has your wonderful Paine's Celery Compound. It has done wonders for me, and though I am 65 years old I have been able to do light work for the past six months, and have not lost a day. I give your medicine all the credit for my restoration."

PAN-AMERICAN EXPOSITION.

Board of Managers to Select a Site for the Government Building.

Washington, June 27.—The Board of Government Managers of the Pan-American Exposition, consisting of one representative from each of the executive departments; the Smithsonian Institution and the Bureau of American Republics have left Washington for Buffalo. They will inspect the grounds selected for the Exposition to be held in 1901, and will select a site for the Government building, which is to contain the Federal exhibit at the fair. The Supervising Architect of the Treasury, James K. Taylor, accompanied the party in an advisory capacity.

HONOLULU TO OBSERVE JULY 4.
Honolulu, June 18, via San Francisco, June 27.—The first Fourth of July here under the American flag is to be made memorable by a great celebration throughout the islands. In Honolulu there will be salutes morning and evening, a great parade, field sports and a ball in the evening. No limit will be placed on the expense, and the affair will be as heartily supported by the Hawaiians as by the whites. Those who opposed annexation in the old days are now all enthusiastic Americans.
