Striking scenes in Shawville

Although about 400 people from Hull were involving themselves in the strike at Fort Coulonge, in Shawville they were conducting their own pickets. Notary Raymond Rowat stopped on his way to work to discuss the situation at the Pontiac High School with Science Head Mr Force.

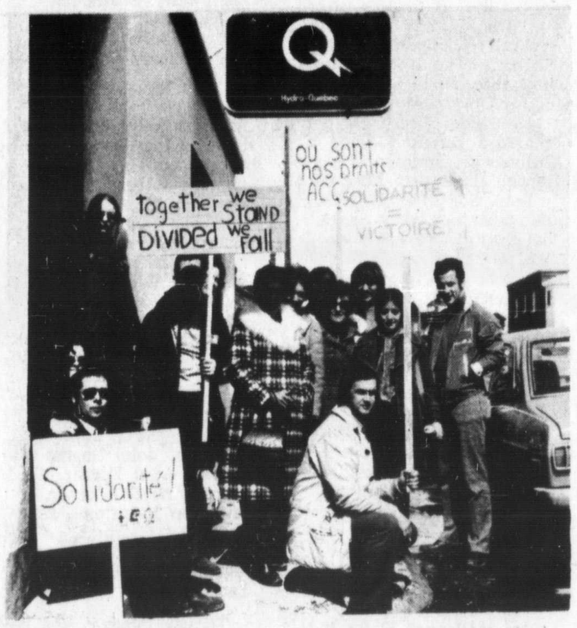

Outside the Elementary School Mrs Horner, Mrs Black, Mrs Belsher and Mrs Hayes are seen with Mr Reynette whose placard asks how much longer teachers must work without a contract.

Mrs Fulford, Mrs Cuthbertson, Mrs Carmichael and Mrs Newberry on a picket line have attracted the attention of two little boys, Billy Jobbs and Randy Smart.

West Quebec Teachers Association President John Wigmore, speaks with Mr Christie and other picketing teachers at the High School.

Not all picketers are teachers. Here a group of road workers join Victoria Avenue School teachers in front of the office of Hydro workers who were prevented by an injunction from striking. Photos are by Eva Andal.

Chichester takes lead in requesting bilingualism from Quebec government

Invites all Pontiac to take united stand

The Chichester Township Council has passed a resolution regarding bilingualism. This is recorded in the minutes of a meeting of the Municipal Council of Chichester held on March 7th, 1972.

Further to their resolution the Chichester Councillors have instructed their Secretary Treasurer in the County of Pontiac, to try and arrange a meeting and see if some kind of united stand can be made on the subject.

The motion was made by Councillor Melvin Gagnon and seconded by Councillor Eldon Matte and reads as follows:

Whereas the present trend in Quebec, to a unilinguistic policy, promoted to the maximum by some Departments, one of which is the Department of Municipal Affairs, has reached proportions far beyond any sense of democracy;

Whereas twenty of the twenty five municipalities in Pontiac Councy conduct their affairs in English, these municipalities are faced with a serious and unwarranted discrimination through no fault of their own.

It is therefore moved by Councillor Melvin Gagnon seconded by Councillor Eldon Matte that in our opinion the time has come for us to take some positive steps of our own against the bureaucratic and oppressive attitude taken by the Government at Quebec, especially by the Department of Municipal Affairs, regarding the use of French only in our correspondence, and we would strongly recommend that we ignore any correspondence, forms, or circulars which we cannot read, as we are tired of returning these for explanations, usually to have them ignored at Quebec.

Consequently we would recommend that our Secretary Treasurer be instructed to get in touch with each Mayor and Secretary Treasurer in the County, try and arrange a meeting, and see if we can make some kind of united stand against this and any other interference in our affairs, as it has become apparent that we have no one to depend upon but ourselves, and any suggestions as to how this may be achieved would be welcome. Carried. Andrew Daley, Secretary Treasurer, Township of Chichester.

It is to be noted that this is not a request for anything more than is guaranteed to all Canadians, that is to say for bilingual treatment. It is also to be noted that the mover and seconder are Mr Gagnon and Mr Matte which should indicate in some measure to those in power in Quebec that Pontiac County is not in two camps as to language, heritage, or anything else significant. Unhindered communication with the government of Quebec is as important to a Gagnon or a Matte as it is to a Daley or a Fitzpatrick.

Why the teachers are on strike

Number one on the list of reasons for the current teachers' strike is "Salary". According to information received from John Wigmore, President of the West Quebec Teachers Association, the main areas of disagreement in contract negotiations are Salary, Working Conditions, Job Security and Sick and Accident Leave.

The members of the Western Quebec Teachers Association are exercising their legally constituted right to strike in an attempt to achieve a new and satisfactory collective agreement, states Mr Wigmore in an information sheet circulated for the public and the press.

He states that teachers have been fulfilling their role as teachers to date even though their contract expired on June 30, 1971, almost a year ago. Because of the legal implications of Bill 27 (a bill to restructure the management of Elementary and Secondary education) they feel they must have a contract before June 30, 1972 for their security.

Taking the main areas of disagreement in contract negotiations one by one, they start with Salary.

The government, they say offers a salary increase of 4.8% per year for a three year contract. Statistics Canada shows that in 1970 the average wage settlement for a three year contract was about 27%.

In addition to this discrepency between what is being offered to teachers and to workers in other fields of work, the teachers in Western Quebec are faced with new deductions. They now pay unemployment insurance contributions of .8% and increased contributions and reduced benefits in the new pension plan deduct another 2% and the government's sick leave plan takes another 2.5% for a total new deductions of 5.3% which means to them that teaches even after the 4.8% increase proposed by the government will end up with a minimum loss of .5% .

The second item is working conditions and in this connection Mr Wigmore states that the government says this can not be negotiated as it is all set down in the Education Act, Regulation 7, and other official sources.

The Association would like to see the ratio of pupils to teachers reduced at the Elementary Level but finding the government immovable on this point they are trying to negotiate a maximum class size of 32.

As for Job Security, the Association is asking that new teachers have the right to know the reasons why they were not re-engaged and have a right to contest those reasons if felt to be invalid. The employers, they say, want the right to suspend teachers without pay as a disciplinary action.

The fourth area of dispute is Sick and Accident Leave. The teachers want to maintain their existing plan with a few modifications. The government formula for such leaves they find to be " weird and unacceptable".

In total the Association's President, Mr Wigmore, states, with regard to the government's offers:

" These miserable offers can do nothing but lead to a deterioration of education in this Province".

Meanwhile we are informed that teachers are receiving no pay while they are on strike.

All quiet now at Fort Coulonge

Carloads from Hull returned peacefully

On Friday there were about eight hundred people milling around the streets in Fort Coulonge. Half of these were from Hull, having driven up the highway in well filled cars and at least one bus to try and enforce the closing of the town's three small schools. The other half were Fort Coulonge citizens who came out to see what was going one.

On the high hill of St Camille, almost next door, the big new Polyvalente stood empty with all teachers on strike and all pupils on holiday.

But the Poupore School, the St Pierre School and the Fatime School in Fort Coulonge all kept their doors open with only three of their thirty one teachers taking part in the strike which has ground all other classrooms in the County and almost all schools in the Province to a halt.

There were slightly more than the usual number of absences for this time of year noted at the schools of Fort Coulonge but otherwise business was as usual with all grades in session and work in progress towards regular school closing in June.

All teachers at Poupore, St Pierre and Fatima are lay teachers and their assistant principal, Mr Chenier, says they are taking each day as it comes with no long range commitments other than to do what they can to fulfill their duties to the children in their care.

The Provincial Police, under Corporal Robert, are maintaining a discreet surveillance of the scene as many carloads of people have been seen driving, seemingly in convoy, up the Pontiac highway. A large group gathered outside the old hotel in Davidson Monday and then decided to return to Hull. After Friday's quiet gathering outside the school the principal, Mr Brisard, decided to close schools for the day and everyone went home. The school reopened Monday morning while townspeople and others from nearby towns milled about wondering what was going to happen next.

On Tuesday all was normal again in Fort Coulonge with school in session as usual.

Over a hundred well wishers shared the 109th birthday cake with Pontiac's grand old man on Thursday, April 13th. Appropriate to the name of this County is the fact that it's senior citizen is a full blooded Cree.

Mr. Paul is 109

Last Thursday was the 109th birthday of Mr Ceasor Paul of Fort Coulonge.

On that day, April 13th, 1972, Mrs Sylvia Graveline, one of Mr Paul's many grandchildren, received guests at a tea party on his honor.

The birthday celebration was attended by a number of relatives and friends and was also noted in the daily newspapers and on radio and television of the region.

Still in good health, Mr Paul smokes his pipe, enjoys television, eats heartily, has good hearing and eyesight and has good fun with his grand children and his great grandchildren.

Mr Paul was first married to the former Lease Chausse and his second wife was the former Alexina Paquette, both deceased.

His daughters, Mrs Violette Graveline, Mrs Viola Martin, Mrs Hilda Lacroix and his son Rheal, all of Fort Coulonge. Other children are Mrs Marie Ange Weatherby of Ottawa, Mrs Marie Louise Gervais Paul of Maniwaki and Mrs Patsy Laderoute of Campbell's Bay. There are countless other descendants throughout the area reaching into the fifth generation.

On the occasion of his 109th birthday, Mr Paul was greeted by the Prime Minister of Canada the Hon Pierre Elliott Trudeau, the Prime Minister of Quebec Mr Bourassa, the Queen of England, Elizabeth II, the Member of Parliament Mr Tom Lefebvre and the Hon Lester B. Pearson who was Prime Minister during Canada's Centennial when Mr Paul was honored as oldest Canadian.

The Mayor of Fort Coulonge and his wife Mr and Mrs Hector Soucie Jr., the Mayor of Mansfield and his wife Mr and Mrs Vezina Herault were on hand to congratulate Mr Paul in person as well as the secretary treasurer of the Municipality of Fort Coulonge Mr J.J. Duke and Councillor and Mrs Stanly Nadeau.

A hundred people shook hands with Mr Paul and wished him best of health in his 110th year. Later on he enjoyed seeing himself on television, taking it all very much for granted along with other of the million innovations with which he has become accustomed since 1862. Mr Paul is a hundred percent Pontiac citizen of Cree descent.

Mrs Mark Desrochers and Gilles Martin join their grandfather, Ceasor Paul, in a toast to long life and happy times on the occasion of his 109th birthday.

TOURISM MEETINGS

Another of those "Outaouais" things is cropping up this week and next month at Campbell's Bay. And once more it will be a good thing if there's a good turnout of Pontiac people. We think it is going to be held in English.

This meeting has to do with regional development and especially as it relates to tourists.

It is the "Conseil régional de développement de l'Outaouais" working jointly with the 'Société d'aménagement de l'Outaouais" and they are calling the venture "Operation Information Consultation".

On Wednesday April 19th they will discuss tourism, handicrafts, sports, cultural activities and leisure in general. The place will be St Johns School auditorium in Campbell's Bay and the time is eight o'clock in the evening.

Nothing can be gained by staying away from the meeting and a great deal of good might derive from a good attendance.

For one thing they intend to explain the exact nature of the touristic projects in hand, such as for instance the big new Leslie Park in Pontiac County. They are going to show Pontiac people how to combine their efforts in a collective attempt to benefit from the project. They want everyone's opinions and will only be able to act on the opinions of those who give them.

There will be a second meeting on Tuesday, May 2, strictly devoted to tourism, with specific suggestions on many aspects of the industry.

UNITE QUEBEC

The meeting of the Unite Quebec Party, which is the new name of the old Union National Party and is generally akin to the Federal Progressive Conservative Party, will be in Hull next Sunday, April 23rd, at the CEGEP, 283 Tache Boulevard. At 8:30 in the morning registration will begin and work papers will be distributed to all who arrive.

An open discussion of regional problems will commence at 9:50 and a regional executive will then be elected. The meetings will then continue into the afternoon. A good representation from Pontiac would be worthwhile.

What is different about this particular meeting is that the leader, Gabriel Loubier, intends to find out what the people of Quebec want.

He asks, in preliminary letters, if we want federalism, socialism, nationalism or what. He is travelling throughout Quebec to find out.

When he comes to Hull he will have time to listen to a number of people. If everyone who meets him there asks for the same things he will assume that the voice of West Quebec has been heard. Anyone from Pontiac County who is willing for people from Hull to speak for them might as well stay home. But if there are those who want Pontiac to have a voice in the new party, they should attend.

You don't have to join to speak your mind. The Unite Quebec Party may never get into office but it would still be worthwhile to have a voice from Pontiac present at their decision making.

And if they do ever form a government we'd like to know they are aware of Pontiac County and our particular needs.

Pontiac Fish & Game Association comes out strongly against wolves

Urges county to reinstate bounty

Kevin Stanton, president of the Pontiac Fish and Game Protective Association, has urged that the County of Pontiac re-instate the bounty on wolves.

He feels that if there was payment involved a number of people would join in a concerned effort to rid this area of what he considers to be an excessive wolf population.

His feelings are not necessarily popular with all wildlike enthusiasts. Our own fish and game expert tells us in fact that " the worst wolves are on two legs and they don't have the game wardens to look after them!"

But be that as it may, Mr Stanton's efforts to have the bounty brought back are based on his strong feeling that the wolf is a preditor and deer are his natural prey.

To support his opinions about wolves, Mr Stanton brought in a long letter published in the Renfrew-Mercury-Advance , written by Mr Mac O'Neill of Douglas. His remarks refer to Ontario but seem equally applicable to Quebec, according to Mr Stanton.

O'Neill states that he is not surprised that the government removed the bounty on wolves because " I feel that the vast majority of our elected members could not tell a wolf from a German Shepherd dog, and all they know about hunting is that the revenue from hunting licenses helps in a large way to fatten the coffers of the province with much needed funds".

Further on Mr O'Neill writes of the terrible slaughter of deer this winter. " Perhaps", he writes, " The nature loving and wolf-loving groups who must have pressured the government into removing the bounty and who loath to have deer legally shot and given instant death and utilized by hunters, take some sort of overmastering hidden pleasure in imagining what it is like for a deer to pulled down and torn into shreds while it is still alive."

The deer population must be controlled, either by natural predation or by man, otherwise the deer will eat themselves out of house and home and malnutrition, starvation and death are inevitable, he states. Natural predation represents the ultimate in waste and cruelty in his opinion.

Describing the wolf as intelligent, cunning, bloodthirsty, brutal, destructive, wasteful and vicious, he says wolves have one litter a year of four to six pups born in May. Their life span is from ten to eighteen years. When the pups reach adult age they have no natural enemies except disease. Their only control is man and the removal of the bounty system removes this control.

We are informed that it is not against the law to kill wolves in Pontiac County and so there is actually no removal of this control over wolves. But it is Mr Stanton's opinion that although men know of the reasons why they should kill the wolves it will not be done until the men are acrually paid for doing it.

Mr O'Neill's letter is gory in its detailed description of how a wolf will destroy a deer. He also states that wolves interbreed with dogs and many of their offspring become leaders of house pets that are running wild and molesting and killing deer.

Up until the end of the first world war, he says, the wolf was a necessary part in the balance of nature. Some of the current thinking of so-called wolf lovers may stem righteously from that period in time.

Since then, man has replaced any necessity of the wolf's part in this balance. Without the wolf, man alone is in control, he says, and the abundance or scarcity of deer hinges on man's desires.

Projecting into a possible future with no control over the wolves, Mr O'Neill sees a time when the deer hunting season will be closed because the remaining deer herd will be needed to feed the starving wolves. Shortly after that we will have a wolf season instead of a deer season because of the wolf predation on livestock.

Apparently the wolves have exterminated the deer in large areas of northern Ontario. Until twelve years ago Mr O'Neill says there was controlled shooting and trapping of wolves in Algonquin Park by conservation officers but then the law was changed and no wolves have been taken recently with the result that the park is now a breeding ground for wolves, the deer have become scarcer each year, and the wolf population is overflowing the park.

As they see it, these conservationists figure it has come to the question of whether we want wolves or deer, and it is also their opinion that there is only one place in today's world for the wolf and that is in the zoo.

Within a few weeks the Mayors of the County will be asked to take up the matter of wolf bounties and make a decision thereon.

LETTERS TO THE EDITOR

The Equity
Shawville, Quebec

Dear Editors:

I would like to take the opportunity at this time to thank the Equity for bringing to the public our need of help to feed the deer, as usual from as far away as Fort Coulonge, right down to Quyon help came. Thank you all.

At times it seems that we are fighting a losing battle with the N.C.C. but when you read articles like the one which appeared on Page 10 of the Ottawa Journal on April 10th of this year where Dr J.S. Hart a biologist with the National Research Council said the National Capital Commission is " Completely unable to cope with wildlife management" of the Park. Are they going to say that he does not know what he is talking about. A similar article was in the Citizen on the same day.

As for those persons who are saying that we feed the deers so that we can shoot them for our self, well talk is cheap.

In the first place, the deer are not here in hunting season. They arrive every year around Xmas time. If we were shooting them, how would people see them all winter.

It is probably " sour grapes" on the part of some who have approached us wanting to hunt on our land have been refused.

I will close by saying that I intend to keep on fighting to save the deers that are left, and next winter we may call on yourselves and the people in Pontiac to help us once again.

Yours truly
Joe Archambault

grist...

The Ministerial Association is organizing a meeting at the United Church Hall in Shawville for Wednesday night. At this meeting there will be officials of the two sides of the controversy to answer questions and give information about the reasons for the dispute which has caused the teachers to be on strike. The meeting will be a success if everyone who goes is really interested in finding out facts. The meeting will be a complete failure if people attend with the intention of arguing. It is possible to conduct a meeting entirely for information. This may be difficult under the circumstances but if anyone can manage it this should be the clergymen of the district. Good luck to them.

Someone who observed the goings on at the rabies clinic in Shawville observed that with such a wealth of really fine looking pets in the area, their owners should hold a pet show here.

Dr Rodgers earlier held 2 clinics for rabies vaccinations, one in Clarendon and one in Quyon, when a total of 250 pets were vaccinated in Clarendon and 300 at Quyon. These were sponsored by the Lions Clubs.

Hundreds of ideas for centennial

Schools, Clubs, Churches take active interest

Over fifty people took time out Monday night to help the executive of the Shawville Centennial Committee to lay initial plans for the all-year celebration which is slated to begin January 1, 1973. In fact it was decided to jump the gun on the big year and conduct a warm-up event before the new year in the form of a Centennial Santa Claus Parade.

Chairman Ron Ellis, Vice Chairman Orla Young and Secretary-Treasurer Evelyn Dale will be adding to their numbers on the executive after they sort out information handed in to them on questionnaires which were handed out.

Mayor Young first welcomed those who attended the meeting and then introduced Rev Ellis whose opening remarks included such catch phrases as " This is your centennial-become involved" and " I believe we'll have one of the greatest events Shawville has ever seen" and later " Plan your work then work your plan".

Mr Ellis said he hoped to have a major event for every month of 1973 plus other events of less magnitude in between. He will be placing a calendar of planned events in THE EQUITY and also hopes to publish a brochure when all major plans are completed.

He announced that several contributions had been sent in to the Centennial Symbol contest and that others would be welcome. The decision will be made on May 1st and then the symbol will be reproduced in many forms.

It was suggested that organizations with postage meters use the symbol in these machines for all mail and that others get it on a rubber stamp to put on mail.

A number of money raising ideas were suggested, notably by the Rotary Club which intends to sell Centennial Stetsons with all profits going back into a Centennial project. It was proposed that all moneys made out of the Centennial by clubs and organizations be put back into the Centennial in some way. The County and Municipal Councils have offered to grant certain sums for the celebration but Mr Ellis stressed that personal and institutional contributions should be added to these sums.

Among the hundred suggestions for ways of celebrating which came Monday night at the meeting there were many original ones as well as numerous plans which were successful five years ago during our celebration of Canada's Centennial such as beard growing, clean-ups, costume ball, relay running the centennial flame from Ottawa, and so forth.

New ideas were a winter carnival, track meet, an 1873 classroom, a repeat of the litter chase put on by the Rangers, Guides and Brownies last year, a square dance contest, old time fiddling and step dancing, drama festival, well lit centennial garden, paint-in, centennial quilt contest, a centennial flower to be grown in all gardens, a centennial tree, special sport events with outside sports personalities and many more.

Several people felt there should be a permanent structure of some sort to to mark Shawville's hundredth year. One proposal was for a swiming pool or tennis court and another was for a log cabin to be built on the Centennial Park beside the highway which could be used as an information booth.

The Mayor will be proclaiming the first week of July 1973 as Shawville Home Coming Week. Thus far this is the only concrete decision of the Centennial Committee.

At Monday's meeting representatives were present from the Shawville United Church, St Pauls Anglican Church, the Pentecostal Church, the Ministerial Association, the Municipal Council, Shawville Rotary, Shawville Lions Club, Shawville Women's Service Club, Shawville Curling Club, Shawville and District Skidoo Club, the Emergency Measures Organization Shawville Division, the Shawville Christian Business Men's Committee, the Canadian Girls in Training, the Scouts, the Shawville Voluntary Firemen, the Independent Order of Odd Fellows, the Rangers, Guides and Guides Mothers Association, the Pontiac Agricultural Society Divison A, the Centennial Stage Band, the Pontiac Protestant High School, the McDowell Elementary School, the Junior Hockey Club, Minor Hockey, Men's Softball, the Junior Farmers 4-H Clubs, the Highway Radio Patrol and St Paul's Junior Auxiliary.

West Quebec citizens conduct media study

Plan new medium to serve whole area

Sunday, all day, in Hull, writers and broadcasters of West Quebec met with numberous interested members of the community to hear proposals regarding the profession of journalism.

The meeting was organized because of an expressed dissatisfaction on the part of people both inside and outside the profession that decision making in the field of information was in the hands of too few people.

The main complaint seemed to be that although writers and news gatherers might be doing an excellent, conscientious and honest job, they were being curtailed in their efforts by the management of the newspapers and radio stations and television stations.

To improve all this, it was decided to inaugurate action towards the establishment in each paper and station of a committee composed of two members of management, two members of the reporting staff and two members of the public outside. These committees were to make all decisions relating to news in all the newspapers , radio and TV stations concerned. Included in the plan was a general heading called " hebdos". This, in the French language which was of course the language of all delibarations at the conference, means weekly newspapers.

As the only representative of weekly newspapers present, Mrs Dickson explained some of the workings of THE EQUITY. When asked if she felt its pages were accessible to all readers she said she thought they were. She then went on to explain that if a committee of six people had to make all decisions there wouldn't be room in the printshop for the workers and furthermore that if such a committee were enforced by law, as the group was suggesting, she would give the key to the printshop to the said committee and let them take over all the responsibilities along with the decisions.

Mrs Dickson's opinions were echoed by the managers of much larger organizations as well but despite the seeming impracticality of the proposed committees the motion went ahead and may easily gradually wend itself into the legal structure of Quebec.

While hoping to set future watchdog committees for every one of the news media, the people who assembled in Hull are meanwhile pushing forward on three definite projects. One is to form a committee to check up on radio stations in particular to be sure they conform with the laws under which they are licensed. A second group is exploring ways in which the public can become more involved with the radio stations and the daily newspapers which serve West Quebec, mainly Le Droit.

A third committee is going to try to organize a new medium of public information which will cover all of West Quebec. This committee of twenty people includes Mrs Dickson who joined the group because she was the only person present from Pontiac County and feels that whatever concerns all of West Quebec should have at least one Pontiac voice among all the others.

The Farm Credit Corporation, a federal government lending agency, has announced its fourth consecutive reduction of interest rates in the past 2 years. Canadian farmers borrowing from this lending agency during the next 6 months will pay 7% interest on their long term mortgage loans and 6-1/4% on loans obtained to purchase equipment under the Farm Syndicate Act.

It is to be recalled that interest rates charged by the Farm Credit Corporation for its long term loans in April 1970 was 8-3/4%. The rates have been gradually reduced to 8½%, 7-3/4%, 7½% every subsequent 6 months, to reach the actual level of 7%.

Quebec farmers taking advantage of the long term mortgage loans of the Farm Credit Corporation are automatically eligible for a substantial reduction of interest charges on the first $15,000 of the mortgage loan. This grant is available from the government of the province of Quebec.

For more information, interested farmers are advised to contact the local office of the Farm Credit Corporation located at 5 Main Street, Hull', P.Q. Tel. 992-3287.

Curling in Shawville

A breath of spring arrived at Shawville Curling Club on Monday, April 10th in the guise of a Fashion Show arranged by Kays' Style Shoppe. From all compliments and comments this will no doubt become an annual affair.

In charge of planning was Muriel Imison, Marie Finnigan, Gwen Hayes, Lois Hill and Dot O'Connor.

Miss Irene Shaw- a Life member of Ladies Club was our guest of honour and was presented with a corsage of orchids.

The decor of the Club room was enhanced with beautiful plants and flower arrangement so kindly supplied by Hardy Plants.

Mrs Margaret Campbell was the commentator. The sense of humour and gracious manner was so thoroughly enjoyed by all guests present.

The models were Gwen Hayes, Margaret Michaud, Gwen Armstrong, Heather Hayes, Valerie Clarke and Nancy Barber.

To single out anyone model or outfit would be so difficult. From bikinis to swim suits, to daytime dresses, to pant suits to evening gowns- they were all superb.

Mrs Allan McKay won the door prize donated by Mary Dale.

Allan Dean's organ music was such a nice addition to the Fashion Show.

Now to Curling-- 5 teams from Shawville made the return trip to Ottawa Curling Club to complete Challenge for Bradley Trophy. Our men's club were the all-round winners. They do hope it is the reverse in '73.

Ladies Annual Meeting held on Wednesday, April 12th . Regular business attended to and a generous sum of money voted to Men's Club assisting in their finances.

New executive is: Idena Orr Pres., Margaret Michaud, 1st Vice., Gwen Hayes, 2nd vice, Joan Gray, Secretary, Mary Dale, Treasurer, Doris Hanna, Match Conv.

A gift was presented to Muriel Imison , retiring President.

Shawville Senior Citizens present gift of farewell to Mrs. Pearce and son

The Senior Citizen Group met at the United Church Hall for their monthly meeting on Thursday, April 13th with forty attending.

Mrs Emard led in devotions then all joined in games and a social hour.

Mrs Preston Hodgins ably convened the occasion and welcomed the guests.

Following the fellowship Mrs Nellis Hodgins gave an appropriate address and Mrs Fern Stephens presented Mrs Pearce with a lovely silver dish in appreciation for her helpfulness and faithful attendance at our meetings.

Mrs Pearce graciously thanked her friends for their thoughtfulness.

Mrs Fred McCagg read an address and Mrs Roy Dagg presented Mr Pearce with a wallet.

Although taken by surprise , Mr Pearce thanked all for their kindness to his mother and himself.

A delicious dinner was served by Mrs Lawrence Hodgins, Mrs Heman Elliott, Mrs Dwight McDowell and Miss Martha Rylands and assisted by others.

Rev Macintosh expressed the regret of all present at the Pearce's leaving our Community and wished them well in their new ministry.

The " Closing Party" on Friday evening was thoroughly enjoyed by all attending .

Trophies and prizes were given out. The list is very long and most of them have been in earlier reports in the EQUITY.

A most successful year was reported by George Gionet, President of the Men's Club.

A Golf Day is planned for some time in June. Please keep inquiring about this because I'm sure you must have heard about the excellent golf scores that were made on the same type of day held last Fall. It was certainly a highlight in Club activities.

Allan and Rodney Dean were in charge of the Music for the party. A task well done boys. " You make such beautiful music".

Kevin Stanton was the winner of the coloured television. Kevin is the envy of all ticket holders.

Have a nice summer and come November get ready to " Keep your eye on the broom and good Curling".

Softball development meeting Thursday

An important meeting for the regional development of softball will be held through the services of the Outaouais Recreational Council, on April 20, 1972 at 8:00 pm

During this meeting which has for main purpose the regrouping of the softball teams and leagues, on a regional level. Mr Alain Leblanc , President of the Quebec Amateur Softball Federation Inc. will explain the structure of his federation; and the reasons why it is benificial for a region to regroup its softball participants.

Taking into consideration the number of teams in the Outaouais region, including men and women, and the number of leagues these teams operate in, it seems logic that some form of coordination should exist. If softball is to regain its position of the past, as one of the leading sports of the region, it has to give itself some solid structures with interested persons at the key positions. This is the only way that this sport can compete with the other sports which have these structures on the regional level.

If you are really interested in softball, and are willing to put some efforts to promote this sport, you are to be present Thursday, April 20, at 8:00 p.m., at the Outaouais Recreational Council 111 Carillon, Hull, Quebec, do not forget that Mr Alain Leblanc will be there to answer all your questions, and that the meeting will be bilingual as required.

For further information please call the Outaouais Recreational Council at 770-3575.

IN MEMORIAM

ATKINSON — In loving memory of a dear husband and father, Fred W. Atkinson who passed away April 22, 1971.
The rolling stream of life flows on
But still the vacant chair
Recalls the love ,the voice and smile
Of one who once sat there.
Wife Rose and children
Phyllis and Charles 2592x

FIEROBIN — In loving memory of my dearest sister Shirley Fierobin who passed away April 16, 1960.
God gave me a wonderful sister
Her memory will never grow old
He fashioned her smile out of sunshine,
He moulded her heart of pure gold
He needed a new star in heaven
A beautiful light to shine,
So out of this old world of sorrow
H chose that dear sister of mine.
Sadly missed
Manson, Elsie, Dwayne and Connie 75711b

FRASER — In loving memory of our dear father and grandfather George Fraser who passed away April 20, 1956.
A day of remembrance silently kept
In the hearts of those who never forget.
Lovingly remembered
The Family 75804b

HOBBS — In loving memory of a dear son Herbert C. Hobbs of Carp, Ont., who passed away April 21, 1962.
The parting comes and hearts are broken,
Loved ones go with words unspoken
Life goes on we know thats true
But not the same since we lost you.
Wishing today as I wished before
That God could have saved you dear
For many more years.
In our hearts your memory is kept,
To cherish and never forget.
Sadly missed by
Your Lonely Mother 75724b

RICHARD — In loving memory of our dear infant son and brother who went to heaven on April 12th, 1968.
No stain was on his little heart,
Sin had not entered there,
And innocence slept sweetly on
That pale white brow so fair.
He was too pure for this cold earth
Too beautiful to stay,
And so God's holy angel bore
Our darling one away.
Always remembered,
Mommy, Daddy,
Mark and Melinda 75805b

WOODS — In loving memory of our parents Mr. and Mrs. R. J. Woods who passed away, father Feb. 22, 1963 and mother April 19, 1971.
Their life was full of kindly deeds
A helping hand to those in need
A pleasant smile and heart of gold
No finer parents this world could hold.
Never to be forgotten by
The Family 75747b

Farmerettes of three counties meet in Hull

On Tuesday, April 4th a session was held in Hull of all the Farmerette Clubs of the three counties, Papineau, Pontiac and Gatineau who were called to assist at this meeting.

Mrs James Rosé, President, Mrs May Amyotte, vice President, and Mrs Andre Levesque, Secretary. Also the same group of each locality attended.

Mrs H.C. Calve, President of Federation 15 opened the assembly by giving a word of welcome to all and then read the program of the day. It was a pleasure for her to greet so many Farmerette Ladies.

Also two new groups joining the Federation. Work has been done in every part but still some more is to be done.

She gave a word of how to choose a delegate to attend Montebello's Congress on July 5th. The delegate must be given the roll to represent the club in a qualified way. She told the members that there will be two special days at Place Bonadventure in Montreal for the Farmerettes on the 11th and 12th of May.

Different demonstrations sales and courses given every hour in certain rooms.

Ladies of each committee spoke about art, agriculture, consumers and education.

There is always new subjects coming in. It is well for us to keep up to-date. If a lady knows a new crochet or knitting or if she is willing to give or show her ability to others as giving interesting receipes and to help them in any way.

In the Ottawa region an assortment of all different kinds of weaving knitting and crocheting and etc. will be formed and in the near future, a center will be established to sell these articles.

Mrs Alberta Wells explained why different committees were formed. The aim of each was to research new ideas to inform the clubs to make a study on the value of nutrition and of money.

Mrs A Boucher of Buckingham said it is wise to read these leaflets given by the Caisse Populaire to inform us on how to avoid accidents and other things. It is well to acquire new ideas at any drug store and that you can get this leaflet " Guide to the economy of the family".

Other discussions were held during the afternoon after which several questions were asked.

All the farmerette clubs were pleased with their day.

Fort Coulonge

Mr R.C. Fumerton and daughter of Toronto visited Mrs Anne Fumerton on Thursday.

Mrs Rena Ladoucuer has returned home after a two week vacation, accompanied by her daughter Marie, Mis Julie Flynn, and Mr Garry Spicer , where they visited in Fort Lauderdale, Florida, Disneyland, Cape Kennedy, Silver Springs and Ocean City and also passing through many more lovely cities including Washington D.C. on the return motor trip back home. A very enjoyable trip for all and also very beautiful weather.

The Farmerettes of Fort Coulonge held their monthly meeting with a good attendance. Mrs Leclair won the door prize. The president, Mrs Rose, reminded the members of the inter-club exposition in July, to have our contributions ready. After an interesting program the parish priest joined for the close of the evening. A gift was presented to Father Pilon in congratulations for his elevation to episcopal secretary. A gift was made to the " Comité des Pauvres".

The meeting of the Dames Champlain took place last week. Mrs Valliere read the minutes of the last meeting and Mrs Gunville and Mrs Roy spoke on the subjects of " The Future of the Family" and " A Smile". Father Pilon was present and replied to written questions. The presidents of various committees made their reports of activities and the president reminded members to be ready for the local election of officers in May.

Also meeting last week were the Ladies Auxiliary of the Sacred Heart Manor.

An information meeting was held at the Polyvalente Sieur de Coulonge for parents and others interested in the subject of the strike which is now in progress.

Charteris

Mr and Mrs Herman Emmerson and Mr and Mrs F. Ladouceur, Shawville visited last week with Mrs Nathan Dagg.

St Matthews Guild will be held on Wednesday afternoon at the Parish House, Charteris. Also Parish Council on Friday night.

Mr Roy Greer of Onslow visited with Mr and Mrs Earl Alexander on Sunday.

Mr and Mrs Wayne Carrothers and family are spending a few days this week with Wayne's parents Mr and Mrs Carrothers at Kazabazua.

ST MARY'S C W L

The regular meeting of St Mary's Council of the C.W.L. was held in St. Mary's School auditorium Monday, April 10, Mrs Margaret Dowe presiding.

Members recited the opening prayer in unison with Father Klatt.

Minutes of the March meeting were read by Secretary Anna Robinson, Treasurer Marie Moyle submitted her report, followed by roll call by Juliette Trudeau.

Arrangements were completed to cater a wedding dinner and serve lunch June 3rd, and to cater at a wedding anniversary, June 16th.

A Mass will be offered April 26th, in honour of our Lady of Good Counsel.

Mention was made of a retreat for men and women at Chapeau, April 28, 29 and 30.

The C.W.L. annual banquet will be held at Fairbanks Hotel, May 15th.

Members were reminded that annual membership fees will be due at next month's meeting.

Convenors' reports were submitted as follows: Church Life- Sister M. Patricia; Organization- Mrs Juliette Trudeau; Communications and Public Relations- Mrs Ronnie Kennedy; Social Action- Mrs Ada Daley.

Mrs Anna Robinson gave a report to cover all activities completed for the term.

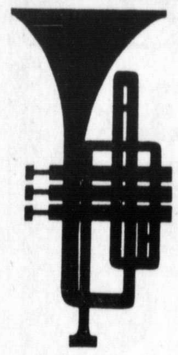

Father Klatt answered questions from the members.

Convenors were chosen for card parties to be held in the school, April 18th and May 2nd.

A motion was made by Mrs R.M. Hudson, seconded by Mrs Francis Daley, that pupils of St Mary's School be informed that school rings could be purchased with St Mary's School crest. The crest is available at Birks' Jewellers, Ottawa.

Luncheon was served by Sister M Patricia and Mrs Margaret Dowe. The tea prize was won by Mrs Juliette Trudeau.

Blaskie - Bloom wedding

Darlene Bloom of Fort Coulonge and James Blaskie of Otter Lake were united in marriage on March 18, 1972 at 4:00 p.m. by Father Hasome in St. Peters Church in Fort Coulonge.

Darlene is the daughter of Mrs Olive Bloom of Ottawa and the groom is the son of Mr and Mrs Paul Blaskie of Otter Lake.

The bride's attendants were Colleen McGuire, Lynda Bloom and Sharon St. Jean.

The best man was Allan Vadneau and the ushers were Robert Blaskie and Danny Corriveau.

The bride dressed in a long white gown with a hood , made of peau de soie, was given in marriage by Mr Norman St. Jean.

The attendants were dressed in long gowns with hoods. One was in blue and the other two were in yellow.

The bride's mother chose a midi length, brown dress and wore a yellow corsage.

The groom's mother chose a long flowered gown in mauve, pink and blue and wore a pink corsage.

After the wedding a reception was held for the couple at Lebines Hotel in Fort Coulonge.

For a trip to Deep River, the bride wore a short blue dress with long navy blue boots to match.

Mr and Mrs Blaskie will take up residence in Otter Lake, Quebec.

East Ontario breeders visit Ayrshire farms in Pontiac County

A bus load of 42 Ayrshire breeders from Glengarry and Stormont counties augmented by several more from other Eastern Ontario points toured Pontiac last Saturday, calling at prominent Ayrshire farms as they went.

First stop was at the Bonnieshade Farm of W. Ronald MacKechnie & Sons. After a thorough inspection of the herd, particularly the milking section where they showed great interest in the cards over each animal, giving ancestry, type classification and milk records they called at the basement of Quyon United Church where they were catered to by the C.G.I.T. girls.

After lunch the bus proceeded to the Bristol View Farms of Ronald Russell and Sons where a profitable hour was spent. Here again cards explained the records, etc. of each animal.

At this farm they were particularly interested in the records of Bristol View Choice Queen.

From Bristol it was a long hop to the Bonnie Elms farm of Crawford Bros. of Campbell's Bay. Here, James and Dale Crawford have developed one of the largest herds of Ayrshires in Pontiac and certainly one of the outstanding herds in Canada, a feat accomplished in the last ten or twelve years.

The touring breeders expressed great interest in this large and comparitively new herd. Time did not permit calling on more Ayrshire farms here.

As they turned their bus toward Glengarry, they all agreed it was a day well spent.

A car so advanced, it can tell you just about everything that's right or wrong with it.

Remarkable new invention in every 1972 Volkswagen.

We've all been through it.

The agony of an automotive check-up.

You sit nervously thumbing through old magazines, praying that somehow you can get out of there for less than $50.

Then, the moment of truth:

A Service Manager telling you that one of his best mechanics thinks you need a new generator.

Those days will be over soon if you own a 1972 Volkswagen.

For instead of a mechanic telling you what he thinks is wrong with your car, now your car can tell you for sure.

Sound amazing? It is.

A car wired like a space capsule.

When Man went to the Moon, the success of each mission depended a great deal on a highly technical computerized system that told the Astronauts the exact condition of their space vehicle.

A similar system is now built into every 1972 Volkswagen.

The system in the car.

Running throughout the car is a network of sensors, each reporting the condition of various parts of the car.

Most of these sensor points are located in key areas like the engine or the electrical system, but many are found in seemingly insignificant places like the heated rear window.

The information from all areas is channeled to one central socket located in the rear engine compartment.

The socket is about the size of a pack of cigarettes.

We mention the size only because of what happens next. And that's what this amazing socket can do when your VW Dealer plugs our new computer into it.

Checks wheel alignment in 10 seconds.

In 10 seconds, you'll know if your front wheels are properly aligned.

In a minute, you'll know the condition of the compression of all engine cylinders.

You'll know if your battery needs water.

Ignition, dwell angle, generator, electrical system. 60 vital checks in all.

All checked out without human error.

In effect, your car will be telling you how it feels directly.

From that one tiny socket built into the back of every 1972 Volkswagen.

Results printed out in plain English.

One-half of the system is already here. Built into every new Volkswagen.

The other half, the computer, is on its way.

Imagine.

A computer five feet away from your car is printing out in plain English just about everything that's right or wrong with that car.

When all 60 service checks have been made, the printout sheet is yours to keep.

A new way to look at a VW.

It started with economy, back in 1949, when it wasn't fashionable for an automobile to be economical.

But since when has a VW been fashionable?

Since never.

Obviously, the Volkswagen Beetle hasn't made it on looks alone.

But then, that's always been the plan.

While everyone else has been worrying about how their cars looked, we've been worrying about how ours acted.

And now, after all that time, we've even advanced it to a stage where it can speak.

TEXACO SERVICE STN., HWY. 8/SHAWVILLE/647-2662

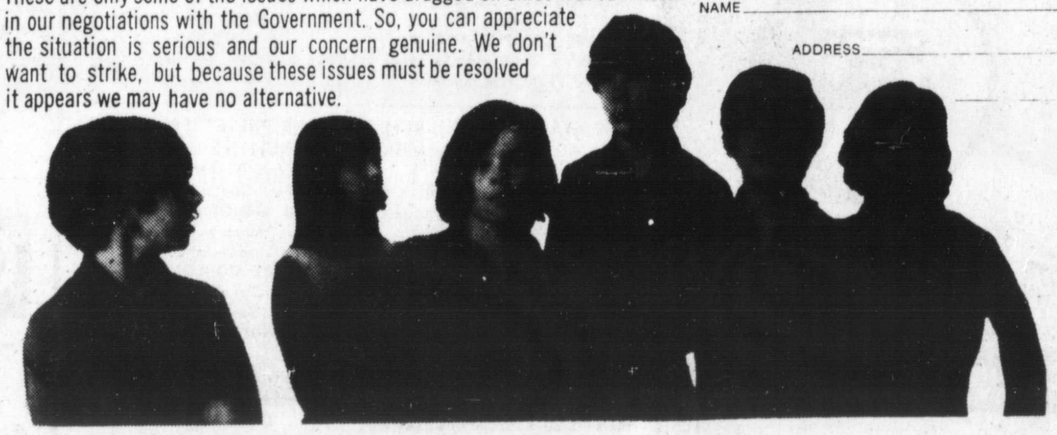

If you are concerned about the future of our children, here is your chance to say so.

Take a few moments to read this ad. Please. In a period when many public service personnel are agitating for rights and recognition, our problems may seem remote and even tiresome. However, because our situation directly affects your children, we feel you will want to show your concern. Let us, therefore, tell you briefly of some of the issues which are at stake.

Firstly — class size. Under present conditions, it is very often impossible for students to receive the individual attention they deserve. Ask your child how many children are in his or her class, and how much time the teacher is able to spend with each individual — the answer will undoubtedly speak for itself. Next comes the issue of 'classification', which determines the salary a teacher receives. The Government unilaterally introduced a new system which would lower the 'classification' of many of our teachers — resulting in lower salaries. Is this fair to teachers who entered the profession in good faith under a different system?

Further, a long overdue salary increase proposed by the Government actually results — after deductions — in a net loss of take-home pay. Also, many teachers are at a substantially lower salary level when compared to civil service employees with equivalent schooling.

These are only some of the issues which have dragged on since last summer in our negotiations with the Government. So, you can appreciate the situation is serious and our concern genuine. We don't want to strike, but because these issues must be resolved it appears we may have no alternative.

Whatever the situation, your support can be invaluable to us in our negotiations. Your name on the letter below is an effective way of showing your support. Do take a few moments to consider the situation and, if you agree with our position, please forward the letter to us.

Should you want to discuss the situation further, we would be very happy to do so. You see, we care about your kids.
Help us, by your involvement, to keep on caring.

THE PRESIDENT,
PROVINCIAL ASSOCIATION OF PROTESTANT TEACHERS,
245 HYMUS BLVD., POINTE CLAIRE, QUEBEC

Dear Mr. President,

I am concerned with the future of education in Quebec and wish to support the Teachers' request for an acceptable contract.
