PREDICT EARLY END OF STEEL STRIKE

World News In Brief

MONTREAL—(CP)—One man was burned to death Tuesday when a two-alarm, explosion-rocked fire destroyed a three-storey building in central Montreal.

Nine firemen were overcome by smoke.

The victim was identified as Shirley Goldner of Montreal.

TEHRAN—(AP)—More than 40 deaths from starvation and thirst have been added to the flood death toll in central and southern Iran. Latest official tally on deaths is 252. Hundreds more are missing.

Reuters placed the death toll at 300.

Disrupted communications have cut food supplies to the vanishing point in places.

REGINA—(CP)—Agriculture Minister Gardiner said last night that speculation he will be appointed to the Senate this fall is purely "a reporter's guesswork."

Reports from Ottawa had suggested the 73-year-old agriculture minister may be offered a Senate seat, made vacant last week by the death of Saskatchewan Senator J. A. Calder.

OTTAWA—(CP)—The Senate met last night for the first time since July 11 and adjourned until Monday because it had nothing to do.

Solicitor-General Macdonald, government leader, proposed the adjournment after stating that the Senate order paper was clear and there was no work in sight from the Commons this week.

MONTREAL—(CP)—George H. Hoganson of Halifax has been appointed chief of transport research in the CNR's research and development department, it was announced Tuesday.

Mr. Hoganson had been of. fice engineer. He is succeeded in that post by Alexander Olynk of Montreal.

MONTREAL—(CP)—Hon. Lionel Chevrier, head of the St. Lawrence Seaway Authority, will meet Thursday at nearby Caughnawaga with Indians protesting the waterway's route.

The meeting was called following one last week in Ottawa, where members of the reserve's council said the seaway went beyond its rights in "trespassing" on land reserved to the Indians by a treaty with the British government.

OTTAWA—(CP)—Citizenship Minister Pickersill last night said a proposed change in the Indian Act will enable Indians to buy liquor legally instead of from bootleggers.

He said in the Commons he knows that "far too many" Indians buy liquor illegally.

ST. JOHNS, Que.—A strike at the Chateleine hosiery mill here has entered its second week with still no sign of a settlement. Employees walked off their jobs July 16, protesting the dismissal of five knitters.

EDMONTON—(CP)—Thunderstorms have given temporary relief to Alberta's fire-ravaged forests.

Downpours helped check about 20 fires burning Tuesday in scattered areas west and northwest of here. But the public weather office in Edmonton said sunny weather will return to the fire areas today and winds could increase the fire hazard.

ROME—(AP)—Italy's heaviest tourist and vacation traffic in history began moving again today as the state-owned railway system resumed service after a 24-hour country-wide strike.

But the government's problems with eight railway unions demanding higher security pay and other benefits were not over. The big, Communist-led Italian Federation of Labor warned that unless demands are met another strike may be called soon.

LONDON—(AP)—Marilyn Monroe declined today to confirm or deny reports she is studying to become a convert to the Jewish religion—the faith of her husband, playwright Arthur Miller.

And Then There Were Six—One of seven pine trees, known as the "Seven Sisters" was smashed to pieces by lightning Monday night near the home of Wilfred Beaucage, on the St. Elie d'Orford Road. Force of the bolt is shown by the shattered remains of the 100-year-old tree. The seven trees have been something of a landmark, part of a beauty spot that has been used by picnickers for many years. Shooting Breaks Out Anew On Jordan-Israeli Border

AMMAN, Jordan—(AP)—Jordan and Israeli troops are firing at each other across the demarcation line west of Jerusalem and the situation is "very tense," a Jordan military spokesman said today.

The spokesman said United Nations truce observers rushed to the scene following an urgent request from the Jordanian authorities.

He said Israeli positions opened fire from small and medium automatic weapons and three inch mortars on three Jordan villages this morning.

Preliminary reports from Jordanian army headquarters indicate the inhabitants of the villages and national guardsmen have suffered some casualties.

However, an Israeli army spokesman in Jerusalem said Jordanians started firing on Israeli workers in the settlement of Mevaseret Yerushalayim. He said Israeli frontier police returned the fire and there were no casualties.

Only Tuesday Maj.-Gen. E. L. M. Burns, the UN truce supervisor in Palestine, called on Israel and Jordan to refrain from military action in the Mount Scopus area northeast of Jerusalem. This followed a clash between Israeli and Jordan police on Mount Scopus and the wounding of two Canadian truce observers in a mine explosion.

The Israel-Jordan border has been the area of greatest tension in Palestine in recent weeks.

Injured Canadians Expected To Recover

JERUSALEM—(AP)—Two Canadian Army officers severely injured by an exploding land mine yesterday were still in serious condition today but doctors said "there are good hopes" they will recover.

Maj. Marcel Breault, 37, of St. Hyacinthe, Que., and Maj. George Alfred Flint, 44, of Outremont, Que., were members of a United Nations truce team investigating reported Jordanian activity within the sector guarded by Israeli police when the explosion occurred.

Hospital attendants said today Flint's injuries are more serious than those of Breault. They said Flint suffered multiple abdominal and skeletal injuries. They did not disclose the nature of Breault's wounds.

Both men underwent surgery last night and received blood transfusions.

The incident caused Maj.-Gen. E. L. M. Burns, UN truce supervisor, to again call on Israel and Jordan to refrain from military action at Mount Scopus, a height overlooking Jerusalem near the spot the blast occurred.

Mount Scopus is an Israeli-occupied enclave in territory held by Jordan.

The Israelis demand free access to it to supply their 80-man garrison. The Jordanians will permit only one supply convoy a week, saying that free access would endanger defences of their sector of Jerusalem.

The UN truce organization is investigating whether an old land mine or some other kind of explosive caused the explosion.

Cross Is Burned For Mass. Negro

WESTWOOD, Mass. (AP)—Police and fire officials today were investigating the burning of a cross in front of a house a Negro is building for himself and family in this suburban town.

The three-foot-high cross, wrapped in oil rags, was set afire Monday night in front of the home of Charles Strother, Westwood has no Negro residents at present. Police said they are inclined to believe the act was a prank by teen-agers.

Hamarskjold Says Mid-East Ground Not Lost

GENEVA—(Reuters)—Dag Hammarskjold, secretary-general of the United Nations, said Tuesday the situation in the Middle East has "not lost ground."

Hammarskjold, back from a four-day visit to Israel and Egypt, told a press conference that this was "really a positive statement."

"There are certainly some points on which I do not like the way things are going," he said, "but if you can keep your stand and consolidate your position, that is progress."

"I hope to go back there again in October but this depends on what the governments say and how the situation looks from my point of view."

Today's Chuckle
When a woman indulging in rich canapes commented that she had to watch her waistline, her friend purred: "And how lucky you are to have it right out there where you can."

To Discuss Limiting H-Tests

OTTAWA—(CP)—The question of limiting hydrogen bomb tests will be discussed by Canada, the United States, Britain and France before their next meeting with Russia on the UN disarmament sub-committee.

External Affairs Minister Pearson made that statement to the Commons Tuesday as he was questioned about a report that Britain has changed its stand and is prepared to negotiate with Russia on the matter.

Colin Cameron (CCF—Nanaimo) asked whether Canada is prepared "to use its good offices to persuade the United States government to a similar course."

Mr. Pearson said he has no reason to believe Britain and the U.S. are following different courses.

However, this matter of the limitation of nuclear tests which is so important will be considered again by the UN sub-committee on disarmament when it meets and before that time there will be discussions in which Canadian representatives will participate with United States, United Kingdom and French representatives.

The four countries, with Russia, are members of the five-nation sub-committee.

Mr. Cameron's question referred to a London dispatch Monday reporting a speech by Prime Minister Eden to the British Commons.

Police Curb U. K. Strike Violence

BIRMINGHAM, Eng. (Reuters)—Hundreds of police patrolled strike-hit Birmingham auto factories today following Tuesday violence.

The strike marked so far by widespread disregard for the union's quit work call—tightened today at plants of the British Motor Corporation. Corporation officials said the number of men at work today was 22,512, or 705 less than Tuesday.

About 50,000 workers have been called by their union to strike in the British automobile industry's most serious labor turmoil for a generation.

Disregard of the strike call by half the workers brought picket-line clashes Tuesday.

The unions involved called out workers employed by BMC, Britain's biggest car combine, to protest the dismissal of 6,000 men without compensation or warning.

Capital Buys De Havilland Jet Lines

LONDON—(Reuters)—Capital Airlines of Washington, D.C., has arranged to buy 14 Comet jet airliners from Britain's de Havilland Aircraft Company at a cost of £19,000,000, it was announced Tuesday night.

Deliveries will start late in 1958.

Four Comet IV models will be supplied followed in the second half of 1959 by 10 IVAs, a variant aircraft intended for short and medium-range operations.

In Washington, R. M. Kendall of Montreal said the purchase would have a direct influence on the Canadian aircraft industry.

Kendall is general manager of Rolls-Royce of Canada Ltd. He said the Canadian firm has provided a technical services and stocked engine spares in connection with the earlier introduction of the Viscount turbo-prop airliner by Capital.

The company expects further activity in the U.S. as Comets are introduced on domestic routes, he said.

The Comet IV will carry 92 passengers but Capital will get a 74-seat version because it intends to operate the aircraft for first-class passengers.

The Comet IV will be powered by the Rolls-Royce Avon engine and the Comet IVA will use a later development of the Avon called the RA-29.

Stassen Bid Backfires, Herter To Nominate Nixon For V-President

WASHINGTON—(AP)—Harold E. Stassen's connection with the Eisenhower administration hung in the balance today after a crushing defeat of his effort to force Vice-President Richard Nixon off the Republican ballot.

Stassen's drive to substitute Governor Christian Herter of Massachusetts for Nixon was swallowed up in a tidal wave generated largely by Republican National Chairman Leonard W. Hall.

Hall got Nixon and Herter together on the telephone. The result was an agreement that Herter will place Nixon's name in nomination at the party's convention in San Francisco next month.

Nixon said there was no reciprocal agreement under which he and Herter might agree later to trade roles, as Stassen had suggested.

Herter told a press conference Tuesday he is not a candidate for anything, despite Stassen's statement. But he added he is ready to do anything Eisenhower asks him to do for the good of the party, including running for vice-president.

Stassen, still battling, contended the rapid developments "only strengthen" his campaign. Of Herter's action, he said that because Herter was not a candidate, "he could do nothing" but agree when asked to nominate Nixon.

"It's a matter of drafting him (Herter) anyway," Stassen added.

Nixon told reporters in a Capitol corridor interview he was satisfied that neither Herter nor

Apartment Owner Can Discriminate On Color, Race

TORONTO—(CP)—Ontario's apartment house owners may legally turn down prospective tenants because of their race, color or creed, Judge Douglas C. Thomas ruled Tuesday.

In rejecting the application of Sidney Forbes, a Toronto Negro, to have an owner prosecuted under the Ontario Fair Accommodation Practices Act, Judge Thomas said Mr. Forbes was undoubtedly refused an apartment because of his color, but he ruled the act does not cover apartment houses.

Judge Thomas said a defence contention that the act covers only places where the public customarily is admitted must be upheld. He said that by advertising a vacancy the owner did not throw his building open to the public.

Their boat was found capsized on Monday. But reports indicate they may have taken refuge on the schooner before a sudden squall struck.

It is feared that all may have been drowned if the schooner, loaded with 1,000 pounds of ballast and the additional passengers, struck a shelf and sank in deep water.

Found in the smaller boat were a woman's purse and two lifebelts. A lifebelt from the large craft was floating nearby.

Employees Share Payoff \$1 Shares Worth \$23

VANCOUVER—(CP)—Seventy employees of Industrial Engineering Ltd., a chain-saw manufacturing company in suburban Burnaby, received cheques ranging from \$20,000 to \$90,000 in a multi-million dollar business payoff Tuesday.

The employees, both office and industrial workers, hit pay dirt from a suggestion about 10 years ago that they buy into the company.

Recently, the company was sold to Outboard Marine Corporation of Canada Ltd., of Peterborough, Ont., for \$4,750,000.

The employees had bought shares for \$1 each. Today they are worth \$23.

Grinder operator Henry Richter got a cheque for \$88,340; maintenance man Sid Fletcher and his wife got \$46,200; design engineer Vic Buckley \$29,000. Others got lesser amounts.

Lose Hope For Missing 8 Sailors

OWEN SOUND, Ont. (CP)—Searchers have virtually given up hope of finding alive eight persons missing on Georgian Bay since Sunday.

An air and water search was scheduled to continue today.

The missing 30-foot motor-sailboat carrying Harris Jones, 27, Adam Smith, 34, Harold Sanderson, 25, and Ralph Gorsline, 20, all of Collingwood, Ont., left nearby Craigleith Sunday accompanied by a 16-foot outboard equipped with sail.

In the smaller craft were John Borland, 35, his 36-year-old wife, both of Collingwood, and a Toronto couple, Glen Hyland, 28, and his wife June, 25.

Their boat was found capsized on Monday. But reports indicate they may have taken refuge on the schooner before a sudden squall struck.

It is feared that all may have been drowned if the schooner, loaded with 1,000 pounds of ballast and the additional passengers, struck a shelf and sank in deep water.

Found in the smaller boat were a woman's purse and two lifebelts. A lifebelt from the large craft was floating nearby.

Bonici, a Maltese in his early 20s, held a commission as a special police constable. Police said his life has been threatened several times by nationalists, once for his refusal to close up shop last spring during a general strike by Greek Cypriot workers.

Elsewhere, a Royal Air Force man was shot to death this morning on his way to duty near Limassol, on the south coast.

He was the 50th Briton to be killed since the outbreak of Cyprus terrorism, not counting the 21 soldiers killed last month in a fire that authorities say might have been started by terrorists.

At Galoussa, in northeast Cyprus a Turkish-Cypriot was shot and killed. Official statements said the murder was considered "nonpolitical."

The Turk was killed by unidentified assailants at Yialousa, on the island's northeastern peninsula. It was thought at first to be a continuation of the friction between the Greek and Turkish communities over Cyprus' political future.

Parties Making Progress

NEW YORK—(AP)—Settlement of the 25-day-old steel strike today appears imminent.

Industry leaders are reported to have come up with a new contract offer in talks yesterday with heads of the United Steelworkers of America.

The parties issued a joint statement saying they were "making progress." They meet again today.

The union has summoned its 170-member wage policy committee to a meeting tomorrow. The committee has the power to approve a new agreement for the union's 650,000 striking members.

There also were reports that some steel companies have made preliminary plans to start resuming operations Friday.

Union chiefs and negotiators for the big three steel companies—U.S. Steel, Republic and Bethlehem—started new talks Tuesday after earlier discussions collapsed here and in Pittsburgh. The union struck mills across the United States July 1. More than 100,000 workers in industries dependent on steel have been laid off.

Negotiators declined to spell out the details of yesterday's talks. But it was believed the industry offered to settle for a three-year contract providing a 20-cent-an-hour package increase for the first year. The earlier industry proposal called for a four-year, four-month contract with a boost it valued at 17 1/2 cents-an-hour in the first year.

The union objected to the length of the proposed contract and placed the value of the increase at 14 cents.

The steelworkers' pre-strike wages averaged \$2.46 an hour.

LONDON (Reuters)—Moscow radio yesterday described the United States steel strike as "the greatest example of the American working class struggle in history."

The strike, now in its fourth week, was "provoked by the steel companies themselves with the dual purpose of enabling them to clear vast stockpiles of steel and to combat the workers' claims for higher wages and better conditions," the radio said in a home service broadcast heard here.

Murders Continue In Cyprus

NICOSIA, Cyprus—(AP)—Edward Bonici, a pro-British executive of Nicosia's biggest store, was shot dead while walking to lunch today with his fiancée.

British troops cordoned off all the inner walling city in a hunt for the killers.

Two bullets in the back and one in the head felled Bonici on Hippocrates Street, often called bloody alley because of a series of slayings there officially attributed to gunmen backing the Greek Cypriot movement for union of this British colony with Greece.

Bonici, a Maltese in his early 20s, held a commission as a special police constable. Police said his life has been threatened several times by nationalists, once for his refusal to close up shop last spring during a general strike by Greek Cypriot workers.

Elsewhere, a Royal Air Force man was shot to death this morning on his way to duty near Limassol, on the south coast.

He was the 50th Briton to be killed since the outbreak of Cyprus terrorism, not counting the 21 soldiers killed last month in a fire that authorities say might have been started by terrorists.

The Turk was killed by unidentified assailants at Yialousa, on the island's northeastern peninsula. It was thought at first to be a continuation of the friction between the Greek and Turkish communities over Cyprus' political future.

WEDNESDAY, JULY 25, 1956.

"Welcome, Dear Old Ross!"

Well, Ross Thatcher has only a couple more political parties to go and he'll have completed the full tour of parliament.

Maybe this is what the outspoken member for Moose Jaw-Lake Centre has in mind. For it's been a long time since anybody represented a single constituency for all political parties.

It would then be "Thatcher the Man" rather than "Thatcher, the Party-Man" that the people of Moose Jaw-Lake Centre wanted. And a fig to Mr. Coldwell, Mr. Drew, Mr. St. Laurent, and the rest, all in the proper order of course.

There is no doubt that Mr. Thatcher's switch has been a victory for the Liberals, although there are undoubtedly many Opposition members whom Mr. St. Laurent and company would welcome with wider arms.

However, never let it be said that the Government looked a gift-switch in the mouth. One can almost hear the

discussion that might go on between two Government members:

"Mighty fine chap that Thatcher. A traitor to the CCF, mind you, but a fine traitor. Courage of his convictions, you know. Not many realize what courage such a move takes."

"You're absolutely right. You know, all that shouting that old Ross used to do against the Government really didn't ring true in my ears. I always knew that in spite of all the terrible things he said, he was really on our side, just like all the rest. Oh, that they would all stop and think, like good old Ross! Then we wouldn't have all this trouble running the country the way it should be run."

"You know, you've been picking my brain. How is it that people like you and I and good old Ross always seem to think the same way these days? It's a trend. That's what it is, a trend! I can hardly wait to see who'll be next to join us!"

Marilyn's Historical Now

The reaction of the British press to that blonde bombshell, Marilyn Monroe, is rather amusing. In fact, the reaction of Britain in general is one that no doubt should please people in the United States, many of whom must get a bit weary of the frequent British inability to hide a distaste for many aspects of American life. And Marilyn is certainly an aspect.

While the country has gone slightly gaga over Miss Monroe, the staid old London Times has mentioned a word about her arrival. This silence has brought direct comment from less sulky papers. One columnist remarked that "after all, the Times is still a newspaper, indeed, according to some of its readers, still the greatest newspaper in the world — and I think a newspaper ought at least to

mention an event which . . . has some place in the social history of our time."

Well, we've always thought Marilyn was many things, but this is the first time we've seen her referred to as historical.

The tabloid Daily Mirror, meanwhile, mildly amused at the Times' treatment of the shapely American visitor, proclaimed, "We saw Marilyn first and we're proud of it."

All this newspaper furor over one well-constructed American girl must make interesting reading for Canadian and American newspapermen and women, all of whom at one time or another have listened to critical comparisons of North American newspapers by newly-arrived "Over Omers."

Red Feather Aids Newlyweds To Be Happy

Career girls and "only" children start married life with several strikes against them, according to statistics compiled by people whose business it is to find out why some marriages work and others don't.

Mrs. Dorothy Barrier, director of the Marriage Counselling Centre of Montreal, a Red Feather service, has found that certain categories of people are more prone to marital failure than others and, for this reason, she is anxious to encourage pre-marital counselling. An encouraging number

of engaged couples, forewarned by the high incidence of broken marriages, are taking advantage of the Centre's pre-marital counselling in the hope of avoiding the pitfalls that have trapped so many starry-eyed people before them, she reports.

The pitfalls are common enough, Mrs. Barrier says. Selfishness, unco-operativeness, lack of affection and understanding head a long list. For these very reasons, "only" children are recognized as having a 20 per cent marital disability. Often they have grown up as the centre of attention, unaware of any need to co-operate, and taking for granted many advantages which are not possible in large families. They are much more likely to be selfish and to want affection without recognizing the need to give it. This is as true of men as of women, according to Mrs. Barrier.

CAREER GIRLS

The career girl's problem is more specific and easier to solve, says Mrs. Barrier. It often boils down to the fact that she is a badly trained housekeeper. Her energy and interest before marriage went into her job and she may underestimate the demands of housekeeping. Husbands of these girls usually have to endure a period of trial and error while the bride perfects her knowledge of the basic skills of

WELFARE TOOTHACHE

(Stratford Beacon-Herald)
A toothache is unpleasant under any circumstances. In Britain, where dentists are civil servants under the country's National Health Insurance scheme, a toothache can be really serious.

Consider, for example, two incidents reported by the authoritative British weekly, Time and Tide. One case involves a professional man who bowed out of an important business engagement because it conflicted with a dentist's appointment he had waited three weeks to get. In yet another case a dentist refused an appointment for five weeks, even though the patient was suffering excruciating pain.

One is driven to the conclusion that the modern Welfare State isn't all it is cracked up to be for anyone unfortunate enough to be suffering from a toothache.

housewifery, and this often is where the trouble starts. The young wife may become discouraged and think regretfully of the days when she had a job she could do creditably and, what's more, got paid for it. Her husband, with no more understanding than she of the unfamiliar challenges of homemaking, may be impatient with her attempts. If they can weather this early squall, the career girl turned housewife usually ends up ahead of the game, Mrs. Barrier says.

FUNNY COMBINATION

(Ft. William Times-Journal)
Tim Buck, national leader of the communists in Canada, has been complaining bitterly to Minister of Justice Stuart S. Garson about activities of the special branch of the Royal Canadian Mounted Police whose duties are to keep an eye on those who would overthrow Canada's democratic institutions and government.

He claimed the Mounties kept a special watch at the entrance of the auditorium while the party's national committee was in session. He called for a public inquiry into "its police state practices."

How funny can Mr. Buck get? Here he condemns an agency for the protection of Canadian individual freedom against the communists whose first move, were they to seize power in Canada, would be to set up a system of state police to match the sinister forces in all other communist states!

ENGLISH AS SHE IS SPOKE

(St. Thomas Times-Journal)
In a case before the court in old London on Thursday a Cockney husband got a divorce from his Scottish wife. The husband said he could not understand a word she said, and the judge only understood the wife's evidence because there happened to be a Scottish usher who interpreted.

Wot we can't understand is 'ow 'e managed to make 'er understand 'e was proposing, and 'ow 'e understood wot she meant when she syde, "Och aye, laddie, I'll dae that ye ken."

BYGONE DAYS

TWENTY YEARS AGO
From the Record of Saturday, July 25th., 1936.

An official statement of the Spanish Government discloses that at least one half of the country is in the hands of the rebels but declares that the loyalist troops are gaining the upper hand. A special session of the French cabinet has been called to study the appeal of the government forces for additional arms to quell the revolt.

The four thousand Canadian pilgrims en route to the Canadian war memorial on Vimy Ridge were accorded a warm welcome by French officials and people on their disembarkation at Le Havre.

Germany officially recognized today the Italian-Ethiopian Empire by the abolition of the Nazi Legation in Addis Ababa and making it a consulate. Germany was the first nation to give full recognition of the Italian Empire.

Officers named by the Young Liberal Federation of Sherbrooke were Maurice Giguere, Alphonse Trudeau, B. C. Howard, Alphonse Belanger, Romain Biron and Alcide Trudeau.

TEN YEARS AGO
From the Record of Thursday, July 25, 1946.

The first underwater atomic bomb, exploding with an awe-

some roar that thundered upward into a beautiful cloudy geyser, destroyed the battleship Arkansas and sank the aircraft carrier Saratoga and seven lesser vessels today. The blast was so powerful that the Arkansas was shoved far out of her original anchorage just before she plunged and other vessels near the centre of the fleet were tossed about like toys.

Arab sources in London said today the British government is exerting all possible influence on the United States in an effort to sell a plan to split Palestine into communal units of Jews and Arabs.

Trade Minister MacKinnon today announced in the Commons a four-year agreement under which Canada will sell Britain 6,000,000 bushels of wheat. The agreement becomes effective on August 1st this year.

Canada's efforts in the field of music have been "big" in the past few years, George Thill, first tenor of the Paris Opera, declared in an interview prior to his concert here last night. He remarked that "there was no comparison between Quebec and France; he finds French Canadians "sympathetic et gentil", but their country too hot.

Letter To The Editor

The Editor,
Sherbrooke Daily Record,
Dear Sir:

I would like to reply, as an automobile owner and driver, to the Anxious Mothers of Lennoxville.

These ladies are asking for a sidewalk for their youngsters. As a Lennoxville taxpayer, I believe these should be provided on all streets as quickly as possible. However, the solution is far from complete when the sidewalk is finished. It is then up to these mothers and fathers to instruct their children to use the special facility. It is high time that pedestrians learn that the road is for cars, and the sidewalk for those on foot. A car driving on the sidewalk is dealt with most severely by the law, but a pedestrian on the street is entirely another matter. Granted that where both vehicle and pedestrian have to use the same facility, caution and prudence must be used, there are simple rules for both sides to follow, and usually those fol-

lowing the rules do not run into trouble.

There is also a question of what to do with children who do not use the sidewalk where one is provided, who walk side by side across the entire street, who refuse to move to let a car pass, and who dare the motorist to hit them. This is a daily problem on a number of Lennoxville streets, and in less than a year, I have twice had a child either on the fender or sprawled on the street in front of me. I suppose I am therefore an outraged motorist who is tired of having the motorist blamed for such accidents. However, I feel that it is about time for the parents to look at their children as others see them—a bunch of excess energy shooting off in all directions, with little or no responsibility (according to their upbringing)—and not as complete angels who can do no wrong.

"LIVING"

We are never truly living Until we learn the art of giving As we should from day to day, To all we meet along life's way, Giving of our best to others Helps us to unite as brothers.

Live and let live, is God's creed, To help others in their need, Give encouragement and hope to all Whether we be great or small, Give of our best, we have away, A smile, a greeting each new day.

As we reach our end of living, And journey toward life's ending, Have we lessened someone's load? Helped with their burden along the road, May we in our passing, leave behind Everything both good and kind.

BAD DISCARD KILLS DEFENSE'S CHANCE

Even experts are puzzled by the kind of hand shown today. Success depends on good guessing, sound technique, and a slip in the defense.

West opened the ten of spades, the jack was played from dummy, and East was allowed to hold the first trick with the queen. South won the spade return and hopefully laid down the ace and king of clubs. Had the queen of clubs dropped, South would have made his contract with ease.

The clubs broke badly, but rescue was at hand since West made the mistake of discarding the eight of diamonds. (A heart discard would have been sounder.)

South had to develop five tricks in the red suits and had to begin by knocking out West's ace. If South made the mistake of tackling hearts first, East would win and lead the last spade. Then West would still have the ace of diamonds as the entry to his established spades.

The discard of the eight of diamonds not only told declarer which ace West held but also killed the threat of the diamond suit. South could safely knock out the ace of diamonds, win the spade return, then knock out the ace of hearts to develop nine tricks.

Now see what happens if West properly discards a heart on the second club. South at best manages to guess that diamonds is the right suit to tackle first. West refuses the first diamond trick, takes the second, and can now lead a third diamond. This establishes the rest of the suit for East while East still has the ace of hearts as a sure entry.

CARD SENSE
Q—The bidding has been:
North East South West
1 Club Pass 1 Heart Pass
2 Clubs Pass ?
You, South, hold:
Spades A-K-10, Hearts A-Q-J-7, 3, Diamonds 6-2, Clubs 7-3-2.

What do you do?
A—Bid two spades. If North has strength in the unbid suit he will bid no-trump. Otherwise, you will aim for game in hearts or clubs.

WHY HE REBELS

(Toronto Telegram)

One of the reasons why Polish workers rebelled against their Communist masters at Pusan is to be found in comparative data supplied by the U.S. bureau of Labor Statistics. The average Polish workman must work from three to fifteen times longer than his opposite number in the U.S. in order to buy inferior equivalents of U.S. consumer products. He needs the wages of two hours work to buy a pound of beef, five hours for a pound of butter, one month for an overcoat, two weeks for a pair of shoes and 20 days for a table radio. The average U.S. worker can make enough in 22 minutes to buy a pound of beef, 26 minutes for a pound of butter, three days for an overcoat, one day for a pair of shoes and 13 hours for a mail tel radio. In an attempt to pacify him, the Polish worker has been offered minor wage improvements. These will not still his discontent, as he is aware that Soviet military and political considerations overshadow any interest for increasing the output of consumer goods.

OBITUARIES

MRS. EUNICE FRASER,
OF MONTREAL.

Montreal. — On Tuesday, June 22nd, Mrs. Eunice Fraser passed away after several years of complete retirement due to ill health.

Richmond Hill. — The July meeting of the Richmond Hill W.I. was held at the home of Mrs. William Bailey, with Mrs. Arthur Paige as joint hostess.

It was decided that Mrs. McIver's expenses at Macdonald be paid. Papers on "Polio" and "A

Man on a Diet" were read by the welfare convener and a quiz on health was held, first prize going to Mrs. Leslie Healy and second to Mrs. Sydney Smith.

Mrs. McIver gave an interesting report on the convention at Macdonald College. A discussion was held on preparing a paper on the branch history for the broadcast in September. The month's donation brought in

\$2.05. At the close of the meeting, lunch was served by the hostess.

KIRKDALE—

There was a good crowd and everyone seemed to enjoy themselves. Homemade candy was sold by Mrs. Couchman and tickets were sold on a cake by Mrs. Cross. The winning num-

ber, 83, was held by Mrs. Henry Blesse, whose husband is an employee of Nyamakad Farm. About \$65 was realized from all sources.

Telephone Service To Be Extended At Thetford Mines

THETFORD MINES — Some 450 new customers who have long anticipated the event were supplied with telephone service this month as a result of the recent installation of additional dial equipment in the new local exchange building, according to H. E. Leonard, Bell Telephone manager here.

The new Bell Telephone building, situated on Notre Dame N., and completed in June of this year, contains ultra-modern equipment, that will provide facilities for some 1,100 new telephone numbers altogether, thus satisfying the long waiting list of customers while at the same time providing facilities for future growth.

It might be mentioned here that the changing of the call number for Black Lake from 2 to 4, was another part of the extensive preparation for future growth being undertaken by the Bell Telephone Company here.

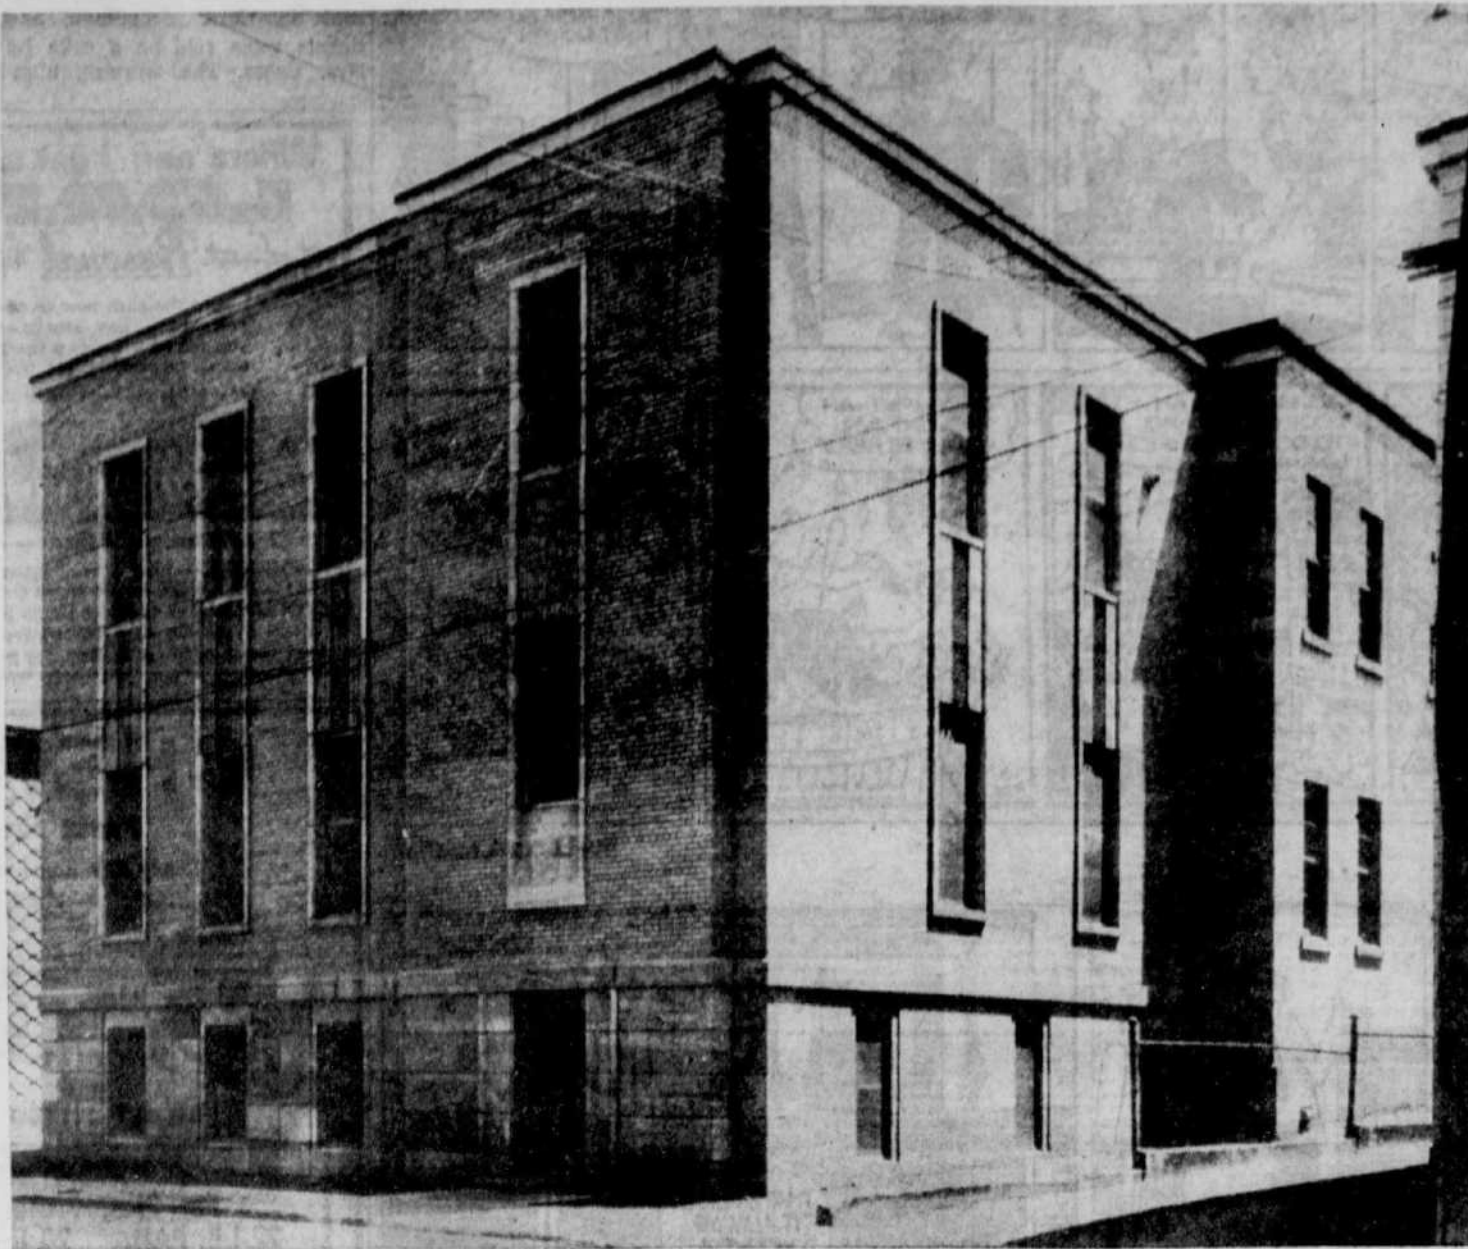

Mr. Leonard adds that, judging from the past increase in the rate of use and demands for telephones in this area, this expansion has come none too soon. Thetford Mines is obviously a telephone-conscious centre. At least 80 per cent of the families in Thetford have one phone, and many two, which is way above the Canadian average for a town of its size. By 1959, the telephone company estimates,

Number of calls too, is increasing rapidly. In 1950, 451 long distance calls and 20,695 local calls were made daily, while

last year Thetford telephone subscribers averaged 1,024 long distance calls and 34,302 local calls daily.

Thetford Mines subscribers will be interested to know that

a total of 100 local telephone numbers will be changed at the end of July. The new numbers will be listed in the new directory which will be distributed at that time. The new edition of the

telephone "Who's who" will contain more than 3,700 numbers, or four times as many as ten years ago. In 1941, there were only 895 telephones in Thetford Mines.

Royal Presentation Gives Debutante Case Of Nerves

By SYLVIA HACK LONDON. (CP)—An Ottawa debutante who was presented to the Queen and the Duke of Edinburgh at Buckingham Palace— but didn't see them—recalls her experience as a terrible day of nerves.

Eighteen-year-old Rosemary Davies, a blue-eyed brunette, said she just couldn't see the chalk marks on the floor, designed to guide debutantes to the royal couple, and her head "felt so heavy" during her curtsy she couldn't lift it.

When it came time to curtsy to the duke, "I just bowed to the shiniest pair of shoes, I saw and hoped they belonged to the duke."

A further mishap followed. At the royal garden party her white tulle hat fell off on her chocolate cake while she was having tea.

"But I managed to enjoy the rest of the party after we cleaned up the hat," Rosemary told a reporter.

She came to Britain 18 months ago to study ballet and dramatic art and lives with her parents, Mr. and Mrs. E. L. Davies, in Knightsbridge. Her father is the defence research member at the Canadian joint staff in London.

Her main ambition is to become an actress, but if she can't make the grade she will go back to Canada and teach ballet.

Bridal Bells Are Ringing For Summer Weddings

MILLS-LEECH

The marriage of Alfreda Joan, daughter of Mr. and Mrs. Henry W. Leech, to Mr. Edward Douglas Mills, son of Mr. and Mrs. Herbert L. Mills took place on Saturday afternoon at three o'clock in the Baptist Church, Rev. F. C. Amery officiating.

A Few Hints On Keeping Communication Lines Open

In almost any book or article you read on helping your child through adolescence you find these words: "Keep the channel of communication between you open."

This is just a high-falutin' way of saying, "Don't do anything to make your teen-ager clam up on you."

That's good advice. But how do you manage it?

Well, in this instance what you don't do is probably more important than what you do.

A few of the important don'ts are:

Don't criticize his friends. If you absolutely have to forbid him to run around with a certain friend because the friend is really a bad influence, do it. But don't just pick his friends to pieces, finding fault with one's manners, another's dress, or another's lack of parental control. Don't make derogatory remarks about teen-agers in general. You would be surprised how many teen-agers today think

that grownups don't understand or even like them.

Don't ridicule teen-age fads. They may seem silly to you, but you probably went in for just as crazy fads when you were growing up. And even if you didn't, following fads is important to your teen-ager.

Don't keep harping on how you did this and that when you were a kid. That's ancient history to your child though it may seem like yesterday to you. It's his teen-age years your child is living, not yours.

Don't snoop into your child's private life. It is quite one thing to make sure that when you know his friends, know where he is going when he leaves home and quite another to read his mail, listen in on his telephone conversations, and make a habit of checking up on him to see if he is telling you the truth.

You can keep Junior from clammup on you if you will just treat him like a respected, trusted, and dependable member of the family.

St. Christopher Named Patron Of Safe Driving

Today is the feast of St. Christopher and the Quebec Safety League has designated it Safe Driving Day. St. Christopher is the Patron Saint of motorists and pedestrians.

This Safe Driving Day is a vast provincial effort to reduce traffic fatalities. Local police, civic groups and others are observing the day.

The local police chief has asked that all citizens, motorists and pedestrians observe all traffic laws. The danger of having an accident is constant at all hours of the day and night, he pointed out. Every individual is exposed to this danger and anyone leading a normal life cannot escape.

In order to avoid accidents, prudent driving is advised by the police chief. This campaign is organized by the Provincial Safety League with the approval of the Minister of Transport and Communications, Hon. Antoine Rivard. The aim is to prove that with the co-operation of motorists and pedestrians, accidents can be avoided.

Firemen and equipment from nearby Knowlton were rushed to the scene, but were unsuccessful in stopping the blaze. Since the death of her husband two years ago, Mrs. Marshall has operated the farm with hired help. (Record photo by Mrs. H. Brereton).

Thetford - Kinnear's Mills Charge Has New Pastor

THETFORD MINES—An impressive and beautiful service took place in the United Church, when Mr. Lyall Simpson was received into the fellowship of the Quebec-Sherbrooke Presbytery and into the pastorate of the Kinnear's Mills-Thetford Mines pastoral charge.

Chairman of the Quebec-Sherbrooke Presbytery, Rev. McKinley Rose, B. A., of Stanstead conducted the service and received Mr. Simpson into the fellowship after he had been officially presented to Presbytery by Rev. R. A. Cameron, B. A., of Sawyer-ville.

Rev. Leslie Dean, of Chalmers United Church, Richmond, gave the address to the minister. He said he would not call it advice, but reminders of what a minister's duties to his congregation were.

Dividing his talk into three headings, Mr. Dean said a minister should come to his people as three things, a preacher, a pastor and a person. As a preacher, he must not preach too small a God; as a pastor he must, through his own presence, bring God as guest to every home within his care and as a person, he must live God, as big a God as he was capable of.

Rev. Corry Martin, of Ulverton gave the address to the congregation. He pointed out that a service such as this was like the planting of a seed, and there were no limits to the harvest. At the same time he pointed out that to make that harvest rich, the congregation had duties as well as the minister. He said that a congregation should honor and respect their minister but at the same time should remember he was human and not expect the superhuman of him.

He asked the congregation to work with the minister—not merely pay him to work for them! And most of all he asked them to give themselves, their talents and their time, and especially their prayers.

Following the service everyone adjourned to the Masonic Hall, where the members of Thetford

Mines W. A.—W. M. S. served a bountiful lunch.

In addition to the many members of the Kinnear's Mills congregation and the officiating ministers, guests included V. R. Beattie, president of the lay association of Presbytery, and L. B.

MR. LYALL SIMPSON

Farnsworth, treasurer of Quebec-Sherbrooke Presbytery.

It was a matter of regret that Rev. F. Matthews of Sherbrooke, who since last September has served the Kinnear's Mills-Thetford Mines pastoral charge, often at great physical cost to himself was not there to share with his former congregation in this service of consummation and re-dedication.

MOE'S RIVER—

Mrs. Evelyn Haseltine spent a few days at Hatley with Mr. and Mrs. William Sherman.

Mrs. Joe Simmons, Mrs. Evelyn Richards and two sons, of Rhode Island, were guests at Mrs. Addie Luce's.

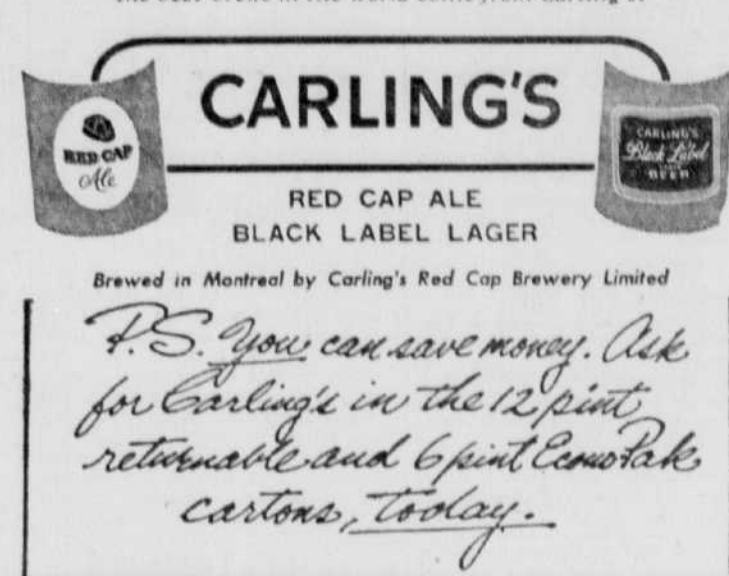

Mrs. Cora Walsh, of Rock Island, spent a week-end with Mrs. Evelyn Haseltine.

Triple-Filtered for SPARKLE

It's no accident that each bottle of Carling's Black Label Lager is so sparkling! Carling's brews are filtered three times — which is just one of the many reasons why each bottle of Black Label is as good as the one you enjoyed before!

Yes, Carling's has the "brewing know-how" . . . the skilled brewers, second to none in the world . . . to make a lager of unvarying goodness, to please the most discriminating taste. That's why the best brews in the world come from Carling's!

Has Parker Enough Savvy To Stay With Moore? To Be Answered Tonight

Experts Predict Canadian Hope Won't Go 10 Rounds; Gross Gate Of \$140,000 Estimated For Meeting

TORONTO. — (CP) — The ballyhoo and drum-beating had faded to a whisper, and the fighters take over today for what promises to be the biggest fight attraction in Canada's boxing history. It could be over in a hurry.

Shortly before 10 p.m. EDT, 26-year-old James J. Parker and Archie Moore are scheduled to climb into the ring at Maple Leaf Stadium to battle for what the promoters term the world heavy-weight title. To every boxing association in the world it's simply another fight between two big men.

Championship or not, it's a mighty important fight for the 26-year-old Parker, not listed in any world rankings. A win over Moore, No. 1 contender for the vacant crown, would open the door to a bright future for the Toronto battler.

But most experts for the 15-round fight predict Parker won't go the route. They figure the Canadian will be a knockout victim before the 10th round.

The reasoning is that Parker hasn't the ring know-how to stand up to the crafty Moore who has had 154 professional bouts in 20 years. He has won 88 by knockouts, proof that he has the punch to go with his ring savvy.

Parker, who has had only 37 fights since he turned pro in 1950, has the "tale of the tape" in his favor.

At 26, he is 13 years younger than Moore. He stands six feet 3½ inches against Moore's five feet 11 inches. His reach of 77½ inches is two inches more than Archie and he weighs about 208 against Moore's 185 or 187.

The fighters finished their training Tuesday at camps about 135 miles north of Toronto. Promoters confidently predicted a sellout for the fight. The weather forecast is for variable cloudiness with the temperature about 80. Prices range from \$3 to \$20 for ringside.

The estimated gross gate now is \$140,000 against the present record of \$76,523 set in Montreal in 1949 when Laurent Dauthuille of France knocked out Johnny Greco, Canadian welter champion, in five rounds.

Moore will collect \$45,000 or an option of 35 per cent of the gross gate. Parker's percentage is 22½ of the gross gate.

The promoters have been busy lining up what they call an "extravaganza." It will include everything from a life and drum band to a red carpet for the \$20-a-seat ringside customers.

The CBC will broadcast the fight at 10 p.m., but there will be no television. The broadcast will be carried on 31 stations in Canada only.

The bout will be scored on the points system and majority decision. The winner of a round will receive five points, the loser proportionately less.

Warren Spahn Of Braves Proves He Is Far From Being Over The Hill, Stops Giants For 10th Win; Yankees Lose

Warren Spahn, the southpaw veteran tabbed "over the hill" by some folks a year ago, now is within seven victories of becoming the National League's first 300-game winner in a decade. If Milwaukee Braves can keep up the part of a pennant winner, it may be a breeze for their one-time ace.

Milwaukee's championship machine continued to hum Tuesday night as the Braves came from behind, after being held hitless for five innings, and nailed New York Giants 4-3 with a two-run ninth. Spahn, 35, went all the way, homering for Milwaukee's first hit in the sixth. It was his 193rd career victory and 10th of the season.

Johnny Logan's two-out homer broke it up in the ninth and provided the only "fireworks" between the Braves and Ruben Gomez, the running right-hander who had fled from Joe Adcock in their hit-and-run affair in Milwaukee a week ago.

It gave the Braves 13 successes in the last 15 games and padded their first-place margin to 3½ games, the widest edge enjoyed by any of the numerous contenders this season.

Brooklyn battered the runner-up Cincinnati Redlegs 10-5 as Sandy Amoros drove in five runs with two triples and Duke Snider batted home three with his 22nd and 23rd home runs.

Philadelphia took over sixth place from Chicago, defeating St. Louis 7-3 while the Cubs were losing to Pittsburgh 6-3.

In the American League, the New York Yankees' lead "dwindled" to 8½ games as Chicago White Sox beat the Bombers 11-5 while the second-place Cleveland Indians defeated past Washington 11-0. Boston coasted Kansas City 3-2 on Mickey Vernon's ninth-inning home run. Detroit and Baltimore split a two-night pair, the Tigers winning 9-7, then losing 11-5.

Gomez had a four-hitter going into the ninth, when Hank Aaron opened with a triple and scored on a double play after a walk to Joe Adcock. That tied it and set up Logan's winning shot. Aaron reclaimed the National batting lead with a .338 average.

Gomez, now 5-10, had no trouble with Adcock, whom he hit with a pitch to get the fust started in Milwaukee. In his first appearance since the end of a three-day suspension he drew for the fracas. Ruben retired the heavy-hitting first baseman on a ground ball, a called third strike and a foul pop before walking him in the ninth.

Amoros, who also doubled, broke up a three-all tie with a bases-loaded triple in the sixth for the Brooks. Snider has accounted for their first three runs with his homers off loser Johnny Klippstein. Sal Maglie, though tagged for Bob Thurman's homer and half of the game's eight doubles.

Curt Simmons, his score arm trouble apparently a thing of the past, evened his record at 6-6. The lefty also doubled home two runs as the Phils slammed the Cards' Wilmer Mizell.

Roberto Clemente batted in four runs for the Pirates as Ron Kline won his ninth with relief. Bob Rush lost it.

Billy Pierce won his 15th to become the major's winningest pitcher, handing the Yankees their fifth straight defeat at Comiskey Park. The game had several hot moments, with New York second baseman Billy Martin forced out of the game after being spiked by Larry Doby and loser Tom Sturdivant drawing a beanball warning after hitting two batters.

Doby and Minnie Minoos each homered for the Chisox, driving in six runs between them. Gil McDougald, Bill Skowron and Bob Cerv homered for New York. Mike Garcia three-hit Washington. Rocky Colavito, just recalled from the minors, socked a bases-loaded triple and two singles for the Indians.

Vernon's homer followed a walk to Ted Williams, the only pass given up by Kansas City rookie Wally Burnette. Ike Delock won it in relief.

The Tigers and Orioles traded three home runs apiece in the opener with Charley Maxwell's two-run shot icing it in the sixth for reliever Steve Gromek. The Birds came back with five runs in the first inning of the nightcap against a wild Bob Miller.

It lost goalie Charlie Hodge to Rochester, N.Y., a new entry in the American Hockey League. And coach Billy Reay, who has two years left on a three-year contract, said Tuesday he is quitting to take a similar job with Rochester. Club officials said they will not stand in Reay's way.

Miami's Ancient Satchel Paige Puts Stop On Leafs' Seven-Game Winning Streak; Red Wings And Royals Win

Two seven-game winning streaks were put on the line Tuesday night in the International League, and it was the league-leading Toronto Maple Leafs who faltered.

The Leafs, who jumped into the league lead a week ago, had their margin cut to 2½ games when Miami Marlins outlasted them 6-4 as the Toronto squad started a swing of the southern cities. It was the Marlins' eighth straight victory.

Rochester, tied with Miami for second, kept pace by downing Columbus 5-0, and Montreal exploded for six runs in the 10th inning to defeat Havana 9-3 in the other games. A scheduled contest between Richmond and Buffalo was rained out and will be played tonight as part of a twilight-night doubleheader.

Jackie Burke Jr. Rallies With String Of Birdies To Turn Defeat Into Victory, Edges Ted Kroll

CANTON, Mass. — (AP) — Stretch-runner Jack Burke Jr. turned a balky putter into a blade of blazing steel Tuesday for a comeback 3-and-2 victory over Ted Kroll which added the U.S. Professional Golfers Association title to his Masters championship.

The boyish-looking, 33-year-old Houston pro, born and reared in the golfing tradition, thus became the second man to bracket these two major championships in a single year. Sam Snead won the PGA and the Masters in 1949.

Three down through the 18th hole after missing four putts of four feet and under, Burke went on a birdie binge on the front nine of the afternoon round to crack the iron spirit of the stocky ex-infantry sergeant from Fort Lauderdale, Fla.

It was the second bitter disappointment for the phlegmatic 37-year-old Kroll who blew a chance to win the U.S. Open last month in Rochester, N.Y., taking a three-over-par seven on the 70th hole when he needed only pars in to beat Cary Middlecoff.

The new champion nailed four birdies in five holes, starting at the 2nd, and three birdies in a row—from the 24th through the 26th.

He sank an 18-foot birdie putt on the 22nd and then in his fantastic finishing spurt on the front side dropped consecutive birdie putts of eight, three, two and seven feet—attesting to brilliant iron play and renewed confidence on the greens.

From three-down at one stage, he quickly reversed the trend to take a two-hole lead at the 27th which he stubbornly refused to relinquish.

Burke's rallying victory, which excited a crowd of 4,000 on the Blue Hill Country Club course, was patterned after his semifinal triumph Monday over Ed Furgol, in which he was five down at one stage before he spurred to win on the 37th.

The holes ran out for Kroll on the 187-yard par-three 34th, where the Florida professional

Ivan Boiser And Majella Charest To Meet Royer Brothers For City Tennis Doubles Crown This Evening

The Royer brothers, Richard and Raymond, pulled the upset of the City Tennis Tournament last night when they emerged from a five-set battle with Guy Durocher and Nere Chabot to win their way into the finals of doubles.

In the other semi-finals match the veteran team of Majella Charest and Ivan Boiser brushed aside Peter Murray and A. Charest in four sets to earn the other berth. This evening at 8.00 they will meet the Royer brothers for the crown.

The Royers dropped the first set 3-6 but evened the count with a 6-2 decision. In the third set Durocher-Chabot team pulled through with a 5-7 victory but following this the Royers ran out the next two 6-4 to move into the final.

The Charest-Boiser duo ran out the first two sets 6-2, 7-5 but then relaxed and dropped the third 4-6 but bounced right back with a 6-4 decision to send Murray-Charest to the sidelines and move into the final.

Miss Margot Poulin reached the finals when she finished off a match with Mariette Chevalier which was halted Monday night by rain. The defending champion won 6-4, 6-2. In the ladies' doubles Misses Cote and Lebrun earned a berth in the finals when they came through with a 6-4, 6-2 win over Mariette Chevalier and Miss A. Genest.

Four matches are listed for this evening besides the battle for the men's doubles crown commencing at 7.00. The doubles battle is slated for 8.00.

Leo Durocher Turns Down Two Offers To Return To Battle Front; Didn't Even Tempt Me, I'm Happy-The Lip

NEW YORK —(P)—Leo Durocher has rejected managerial offers from two National League clubs and has had a feeler from a third club.

The former manager of the New York Giants declined Tuesday night to say whether the feeler came from Cleveland Indians, who reportedly offered him a five-year contract at \$100,000 a year. He refused point blank to identify the two National League clubs.

He said neither of the direct offers was from Milwaukee.

Durocher, making his first visit to the Polo Grounds since he became a National Broadcasting Company executive, said his first offer came last winter and the second a few months ago. The be-

Amyot's Time For Channel Is Released

LONDON. —(CP)—The official time for the channel crossing of Quebec swimmer Jacques Amyot was announced Tuesday as 13 hours, two minutes.

William Floyd, secretary of Britain's Channel Swimming Association, said in Dover the time has been ratified by the association's 12-member committee. The unofficial time, given after Amyot completed the crossing July 17, was 13 hours, three minutes.

Asked about British newspaper reports saying there was a squabble among some civic officials in Dover because nobody was around to give a welcome to Amyot, Floyd said: "That's absolute nonsense. Amyot came ashore over some rocks at the bottom of a cliff. How could anybody give him a welcome."

Record for the Franco-to-England crossing, the route taken by Amyot, is 10 hours, 49 minutes, set in 1950 by Hassan Abdel Rehim of Egypt.

Timber, owned and ridden by G. Shemilt of Knowlton, emerged with the most number of points in the local horse show held Sunday afternoon and was awarded the sterling silver tray donated and presented by Ivan Dugre of Sherbrooke.

The Knowlton horse won the Pleasure Horse saddle class, the Pleasure Hack and the Road Hack and on the merit of showing in these classes accumulated the most number of points for an individual entry in the field.

The show, which was the second to be presented in Sherbrooke this summer, had the largest number of entries for several years. A grand total of 49 horses and ponies were on hand and a good crowd was on hand to witness the event.

Baxter Williams walked off with the honors in the roadsters while in the hackney classes the entries of Sterling Allard topped both the single and the ladies' events. It was in the saddle and hunter classes where the competition was very keen with as many as fifteen in a class.

The Equitation trophy was won by Miss Nancy Nicol of Sherbrooke over a large field while George Bishop placed a close second and T. Varney on Golden Hope was third with Nancy Flynn riding G. Shemilt's Timber to fourth position.

Bell Telephone Drops Tilt To Dow In Richmond Loop; Errors Costly To Losers; Winners Tie For Third

RICHMOND. — Dave Spence's Bell Telephone squad dropped their Sunday afternoon game to Dow 11-7 to remain in a two-way tie for fourth place with Duchess. The win moved Dow closer to the league-leading Molson team.

Dow took an early lead scoring three runs in their half of the first inning, having held Bell scoreless. Gerry Blais scored first after slamming a double and came home when Rod Cabana flied to right field. Rollie Bissonnette got the second marker and Jean Marcotte clouted a round-tripper for the third. Bell took the lead on four runs in the top of the second picking up two hits. Downmen were retired in order in their half. It was ditto for Bell in the third with three up and three down.

Three runs in the bottom of the third gave Dow a 6-4 lead. This inning proved the more exciting with Blais connecting for a triple, Bissonnette walked and R. Cabana grounded out to first. Bissonnette stole third and Gilles Cabana lined one between first and second to get on. Blais counted on the play.

Jean Marcotte was next up and made first on the first-baseman's miscue. Bissonnette, in the meantime tried for home and made it when the catcher threw to steal second. They ran him down but he slid back to first safe. Desrosiers flied out to left for the second out and big Real Marcotte fanned for the third.

Blais was the only hit earned in the inning. The Spence boys

could get only one run in the top of the fourth with Spence himself making it. Dow did the same with young Robert Smith scoring the seventh counter. Bell added two more to finish their scoring of the game giving them their seventh run in the fifth while holding Dow scoreless.

One hit was all the Bell boys could pick up in the sixth while Dow came back for four runs off three hits. Coach Carrier pulled Desrosiers and sent Rouville Beaudet to the mound in the seventh. He allowed only one hit a two-bagger by Paul Marchand, second man up. Robert Crack, first up, grounded out while Stott was out on a relay from Cabana at third.

Beaudet earned the win as he went in with the game tied 7-7 and his team forged back for four more runs. Desrosiers started and allowed only seven hits, fanned two and walked five. Bob Pariseau went the distance for Bell Telephone allowing ten hits, fanning three and allowing two walks.

Blais and Bissonnette were the best marksmen for Dow, scoring three runs each; both had three-for-three. Jean Marcotte had two-for-four. Best for Bell were Wayne Crack, Marchand and Johnson with two-for-four. Legion meets Brown Shoe Monday night and directly after the game, an important meeting will be held by the league.

5 SAVE STROKES

By JAY HEBERT

Most average golfers have a mortal fear of slicing — and slice.

Poor footwork finds the right knee pointing in front of the ball during the downswing.

The average golfer slices because he does not turn properly off the ball.

He picks up the club with his hands in such a way that they produce a sharp, rather than a long arc.

The key to the drive is a good turn. A faulty grip will prevent a man from turning correctly. A fault at the address, whether it be in the grip or in the stance, or in the position of the arms, will not invite a proper turn.

These errors lead to slices which harass golfers of all degrees of skill, including professionals.

The answer to the slice is to use good professional advice. Have movies taken of yourself.

In this way you see your mistakes and what is causing the average man's bugaboo — the slice.

NEXT — Shelley Mayfield on underclubbing.

MAJOR CAUSE — Poor footwork spells slicing. Proper footwork finds the right knee pointing in front of the ball during the downswing.
