

RUSSIA'S GREAT ADVANCE STILL CONTINUES ; ENEMY RETREATING ALL ALONG GALICIAN FRONT

Czar's Troops Press on Towards Halicz on Both Banks of The Dniester. Now at Head of Various Railway Lines Converging on Lemberg. Austrians Swept North From Carpathians And Important Railway Lines With Hungary Cut. French Capture German Trenches on a Front 300 Yards Long and 100 Yards Deep. Along Isonzo Front Enemy Has Suffered Further Reverses at Hands of the Italians

London, August 15.—(Special)—A despatch to the Daily Petrograd from Petrograd says:

Russia's great advance continues. Her enemy is retreating up the corridor between the Russian frontier and the Carpathians, a corridor which becomes narrower and narrower the further west he goes. While this gives the Teutons a shorter line to hold, at the same time it cramps their freedom of action, more particularly in view of the constant pressure which the Russians exert on their flanks, and also in view of the loss of important railway lines owing to General Letchitzky's Stanislaw coup.

How far they have already retreated may be seen from the line of the front occupied by them at the present moment, and it must be added, only for the present moment.

The Russians are advancing along the whole front from Beresteck, on the Galician frontier north of Brody, to Delatyn, in the Carpathians. The line is not far short of two hundred miles long. The Teuton front from south of Beresteck goes southwest of Stanislawsk and then south to Olesko, fifteen miles west of Brody. From Olesko it runs south to Zeboroff, a little northwest of Jezerna, on the Tarnopol-Lemberg line, thence south to southwest of Brzezany, on the Zlota Lipa, and south along that river past Zavalu, northwest of Monasteryka. Here the front bends sharply almost due west through Jezupolon, the Bystritzo Maidan, eight miles northwest of Stanislaw, thence to southwest to Solotvin, ten miles northwest of Nadvorna.

PRESSING ON HALICZ.

The Russians are pressing on toward Halicz on both banks of the Dniester. Halicz is extremely important as a railway centre and as covering the routes to the west. There is a strong bridgehead fortification, but it is intended largely for defence against an army advancing from the northeast.

General Brusiloff has upset all calculations by appearing from the south and southeast.

Czar Nicholas' troops, inspired by victory, may be depended upon to utilize to the utmost the time left to them before the autumn rains. The present advance has already brought them to the heads of the various railway lines converging on Lemberg, and the possibility of a simultaneous advance on the road leading to it.

The Austrians have been swept north from the Carpathians, and convenient railway communications with Hungary are cut. We are on the threshold of stirring and fateful events.

FRENCH TAKE 300 YARDS OF HUN TRENCHES

Paris, Aug. 15.—(Special)—French troops captured German trenches on a front about 300 yards long and 100 yards deep, north of the Chapel of Sainte Fine, at the intersection of the Fleury and Vaux roads, on the right bank of the Meuse, in the Verdun sector, last night, says the War Office statement to-day.

On the Somme front, the French artillery was very active at Belloy, Estrees and Libons. Elsewhere the night was calm.

FURTHER REVERSES TO AUSTRINIANS ON ISONZO FRONT

Rome, via London, August 15.—(Special)—On the Carso Plateau and to the east of Gorizia, along the Isonzo front, the Austrians have suffered further reverses at the hands of the Italians, to-day's official statement says. Austrian entrenchments in both sections were captured.

AUSTRINIANS AND GERMANS FALLING BACK

London, Aug. 15.—The Austrians and Germans in Galicia are still falling back before the advance of the Russians, who, according to Petrograd, have made additional gains along the Sereth and Zlota Lipa rivers and have captured the strongly fortified town of Tustobaby, northwest of the Dniester. On the upper Sereth, however, the Teutonic allies are holding back the Russians with vigorous artillery fire.

Berlin says that south of Brody, on the Lub and Graberka sector, Russian attacks were put down with heavy losses, and that Russians who had penetrated Teutonic positions on the Zboroff-Konjucy line, northeast of Tarnopol, later were driven out and 300 of them made prisoners. According to Vienna a Russian attack southwest of Podkamin, near Brody, ended with the field before the Austro-German position covered with Russian dead.

WEATHER HALTS OPERATIONS. No change took place Monday along either the British or French lines in France, bad weather hindering the operations, which were confined almost exclusively to artillery duels. According to Berlin the British have been expelled from trenches over a front of 700 yards southwest of the Thiepval-Pozieres sector, which they occupied Sunday.

ITALIANS ADVANCE.

On the Isonzo front, according to Rome, the Italians have made still further advances against the Austrians along the Carso plateau and east of Hill 212, in the latter sector another line of trenches having been penetrated and more men made prisoners. In the Gorizia sector Rome says the Austrian guns are being busily employed against the Italians. Here, according to Vienna, seven charges by the Italians were put down by the Austrians.

RUSSIANS PUSH FORWARD ON ALL FRONTS

Petrograd, Aug. 15, via London.—The retreat of the Austrians from the Strips continues, with the Russians pounding the Austrian rear guard. Podgiczy, on the Koropice, has fallen, and General Count von Bothmer's forces are taking up positions on the west bank of the Zlota Lipa.

The line of the Austrian defence as it appears to-day runs from Beresteck through Shezurovite and Stanislawsk to the headwaters of the Styx northwest of Brody, and through Olesko-Zboroff to Brzezany forming a zigzag to the Upper Zlota Lipa; along the stream to Korzov ten miles above its junction with the Dniester; thence west to Jesupol, at the mouth of the Bystritzo-Maidan, ten miles northwest of Stanislaw; thence south to Solotvina, ten miles northwest of Nadvorna. In other words, Austrians, contracting the circle about Lemberg, are withdrawing to a line between the Carpathians and the Pinsk marshes, the shorter length of which will compensate them in some measure for the tremendous losses they have suffered since the beginning of the Russian advance. Military critics look for their eventual withdrawal to the line of Kemionka, Lemberg, Mikolayoff and Strivj as their logical line of defence.

The surrender of Mariampol by the Austrians has enabled General Letchitzky to straighten the front of his advance toward Halicz, this now forming an almost direct east and west line only seven miles from that town at the nearest approach.

The Rech, in its summary of the prisoners and booty taken by the Russians during last week's operations, estimates that 83,200 men and 1,720 officers were captured and 69 guns and 342 machine guns and bombs thrown away taken by Generals Letchitzky, Scherbachoff and Sakmaroff.

ITALIAN BATTLESHIP BLOWN UP

300 of Crew Drowned When The Leonard La Vinci Sank in Taranto Harbour

FIRE BROKE OUT IN KITCHEN AND SPREAD VERY RAPIDLY TO THE BATTLESHIP'S MAGAZINES.

Paris, Aug. 15.—(Special)—The Italian dreadnought Leonard Da Vinci caught fire and blew up in the harbor of Taranto, Italy, and 300 of her crew were drowned, says a Turin despatch to the Petit Journal.

The date of the disaster is given only as a day in August. The fire, says the despatch, was discovered in the dreadnought's kitchen, and spread rapidly. The captain immediately ordered the magazines flooded, and tried to beach the battleship, but one magazine exploded before this could be done. The vessel was turned over on her side and a large number of the crew were thrown into the sea. It is believed that the battleship can be righted and refloated.

The Leonard Da Vinci was a sister ship of the Conte Di Cavour and of the Gioio Cesare, and was launched in October, 1911. Her displacement was 22,000 tons, and she was 575 1-2 feet long, 91 3-4 feet beam, and carried a total company of 957 men. Her main battery consisted of thirteen 12-inch guns, and her secondary battery to stand off torpedo attacks was composed of eighteen 4.7-inch guns. Her engines were of 24,000 horse power, designed to develop a speed of 22.5 knots.

Lloyd's Brokers Quote 4 1-2 to 10 That War Will Not Close Before Next June

New York, Aug. 15.—(Special)—A London cable to the World, dated yesterday, says:

Despite the prominence given in belligerent as well as in neutral countries to the economic problems after the war, and the rapid growth of plans by commercial and banking institutions preparing to meet such problems, Lloyd's brokers are not reducing quotations on the ending of the war in the near future. Ninety per cent. (9 to 10) was quoted to-day on the possibility of its ending by December 31, which was held to be a prohibitive rate, and the possibility of its ending by May or June of next year was quoted at 45 per cent. (4 1-2 to 10).

ONLY 50 LEFT OF PRINCESS PATS

Of The Original Regiment That Is All That Remains In The Fighting Line

Ottawa, Aug. 15.—Fifty original members of the Princess Patricia's Regiment are still fighting, according to the statement of Sergt.-Major Samuel Patterson, D.C.M., who, with Sergeant-Major J. McKay, also an original "Pat," is in the Capital.

Sergeant-Major Patterson stated that the Princess Patricias are now being replenished through reserves from other battalions. Over five thousand men have now been attached to the battalion since the first of the war. There are about fifty of the original men still fighting. The Universities' Company system has been discontinued.

Sergt.-Major McKay is badly wounded about the legs and back, having been injured in the first St. Eloi battle on February 15, 1915. It was here that Sergt.-Major Patterson won the D.C.M. after successfully leading a sapping party against a German trench.

"Everybody is feeling proud over in England just now. They are realizing that everything is going all right and the public is very high spirited," he stated.

KAISER SAYS HE DID NOT START WAR

Tells "Eminent Neutral" That History Will Clear Him of That Charge

CLAIMS HE ACTED THROUGHOUT IN GOOD FAITH AND STROVE HARD FOR PEACE.

London, August 15.—(Special)—A statement by the German Emperor on the responsibility for the European war is published in the Daily News. It is contained in a despatch from Bern, which gives an "eminent neutral's" account of an audience with the Kaiser at Berlin. The Kaiser is quoted as saying:

"I suppose the British theory that I am responsible for this war has got a hold on your own people. It is curious how this theory seems to fascinate my enemy, yet the people who accuse me of having caused the war are the very people who previously testified to the earnestness of my desire for peace.

"I do not envy the man who has the responsibility for this war upon his conscience. I, at least, am not the man. I think history will clear me of that charge, although I do not suppose history will hold me faultless.

"In history, all civilized men in Europe must have a share in the responsibility for this war, and the higher the position the larger the responsibility. I admit that, and yet I claim that I acted throughout in good faith and strove hard for peace, even though war was inevitable.

HUN PRESSURE ON AUSTRIA

Berlin Wants Count Andressy to Be Appointed Foreign Minister

GERMAN NOMINEE REPRESENTS PARTY OF ABSOLUTE SURRENDER OF AUSTRIA TO GERMANY.

Milan, Aug. 15.—(By Andre Beaumont. Special)—The meeting between the German Imperial Chancellor, Dr. von Bethmann-Hollweg, the German Foreign Minister, Dr. von Jagow, and Baron Burian, the Austrian Foreign Minister, at Vienna, with renewed rumors of the impending nomination of Count Andressy as Austrian Foreign Minister, is evidence that events of almost transcendent political importance are preparing in the Austrian capital.

Count Andressy represents the party of absolute surrender by Austria to Germany. He idolizes the German Emperor and is idolized by him.

It is likely that pressure had been brought by Berlin to force the acceptance of Andressy on the Austrian Government as a sort of complement to the appointment of Field Marshal von Hindenburg to the command of Austro-German armies in the East. Thus, if Andressy is appointed successor to Baron Burian, it will mean a closer union between Vienna and Berlin. Amidst it all one can hear the death-knell of the Austro-Hungarian Empire sounding.

MORE TROUBLE AT THETFORD

Section Of Strikers Would Not Return to Work On Terms Agreed Upon

OVER SIX HUNDRED MEN HAVE LEFT PLACE TO WORK ELSEWHERE.

Thetford Mines, Aug. 15.—(Special)—When the people of this place were congratulating themselves that a settlement had been arrived at between the mine workers and the companies, more trouble developed yesterday, and as a result work at the mines is at a standstill.

As already mentioned, the International Union representatives came to an agreement that the men would return to work at \$2.25 per day, and on the understanding that certain other grievances would be considered later.

Yesterday, however, the men belonging to the Catholic, or local union, decided not to go back on the terms agreed upon by the other union, and held out for the rate of \$2.50 per day. As a result of this attitude work at the mines is at a standstill.

The continuance of the strike is having a serious effect on the town and the stores are already beginning to feel the effect through a curtailment of business. Another outcome of the trouble is that large numbers of men have left the place, having secured work elsewhere. Last week it was estimated that over five hundred men had gone away, and yesterday over one hundred left for Quebec, Sherbrooke, and other places. The exodus still continues.

CANADIAN RED CROSS SOCIETY

Contributions Received During The Month of July From The Eastern Townships

The people of the Eastern Townships thoroughly realize the value of having an official channel, such as the Canadian Red Cross Society, recognized by the Government, through which they may send their donations for the relief of the sick and wounded soldiers and sailors.

Recently many cases of surgical dressings have been sent to the French hospitals, where the necessity was very great, and also one thousand cases of Red Cross supplies have been sent to the sailors of the Grand Fleet in the North Sea. Our own Canadian hospitals are being supplied in a way which has called forth many letters of appreciation from our own sick or wounded soldiers.

Contributions of money during the month of July have been generous and much appreciated.

CAN. GEN. ELECTRIC CO. GETS CONTRACT FOR GENERATORS—STREET RAILWAY QUESTION.

An adjourned meeting of the City Council was held last night at which Mayor Sylvestre presided. All the aldermen were present except Ald. Forest.

AUTHORIZE DEBENTURE ISSUE FOR MAIN SEWERS.

On the recommendation of the finance committee the council authorized the issue of debentures for \$47,500 (five years at 5 per cent.) for the cost of the new main sewers and collecting drains in south, west and east wards.

WATER POWER OFFERED TO CITY.

The secretary-treasurer was instructed to reply to a letter from F. N. McCrea, M.P., who had offered to sell to the city the "Ulverton water power," and to ask for information concerning the head, available amount of water and price.

CONTRACTS AWARDED FOR NEW DAM AND GENERATORS.

The contract for new generators for the city power station was awarded to the Canadian General Electric Co. for \$34,500, on the recommendation of Consulting Engineer Sammett.

The contract for the new concrete dam at the city power station was awarded to Messrs. T. L. MacBean and M. L. Williams, Montreal, for the sum of \$59,358.

COUNCIL APPOINTS DELEGATION ON STREET RAILWAY MATTER.

Mr. D. J. Steele, president of the Sherbrooke Board of Trade, addressed the council with reference to the resolution passed at the board's meeting last Friday night, requesting the council to appoint two aldermen to meet a representative of the Sherbrooke Street Railway Co., with two members of the Board of Trade, to discuss the price, conditions and terms upon which the railway might be purchased by the city. Mr. Steele alluded to the urgent necessity of immediate transportation facilities for the increasing number of industrial workers in the west ward. He had reason to believe that the company would be willing to appoint a party to represent them outside of Mr. McGuig, with whom they could investigate the company's financial standing and the physical condition of the road. The board was prepared to make their report by August 31 as the best means for settlement of the question, whether by purchasing the road, by arbitration or by enforcing the franchise.

Ald. Edwards felt that the officers of the Board of Trade were entitled to much credit for their endeavors towards an amicable settlement of the matter.

After some discussion the delegation from the council was appointed as follows: The Mayor, Ald. Jenckes, Ald. Brault and Ald. Forest.

The council adjourned until September 18 on the motion of Ald. Genest.

CANADIAN CASUALTIES

PTE. ANTONIO GENDRON, SHERBROOKE, IS MENTIONED AMONG THE WOUNDED.

Ottawa, Aug. 15.—From eleven o'clock last night until two o'clock this morning the Militia Department gave out hourly lists of casualties—four altogether. They were all brief, ranging from ten names to thirty-nine, and making a total of eighty-one. Private Antonio Gendron, of Sherbrooke, is mentioned among the wounded.

SPAIN AS MEDIATOR.

Paris, Aug. 15.—Count Romanones, the Spanish premier, had a long conference Saturday with the Austrian ambassador, says a Havas despatch from San Sebastian. On Sunday the conference was resumed and was continued longer than the previous day.

LADIES PROTEST UNTIDY STREETS IN THE CITY

Delegation Waited on City Council And Laid Views Before Aldermen

MAYOR PROMISED THAT ATTENTION WOULD BE GIVEN TO THEIR REQUEST FOR TIDIER STREETS.

Before the regular business of the meeting was proceeded with at last night's council meeting, Mrs. J. M. Jenckes addressed the council on behalf of a deputation of ladies present consisting of herself, Mesdames W. E. Eaton, C. D. White, E. C. Fraser and T. M. Craig.

Mrs. Jenckes said she also had the authority to use the names of Mesdames Darche, Rioux and Bertrand, as representing the French ladies of the city in support of their representations. They had not come to make speeches but were just housekeepers who took a pride in keeping their houses tidy and would also like to see the streets of the city made tidy. They did not know Ald. Parkes was in sympathy with them until they saw his letter in that night's "Record." They did not ask for any large sums of money to be expended on the streets, but simply that they be made tidy. That could be done without a great outlay of money, because in war times they did not suppose there was much available for the purpose.

Mrs. Jenckes alluded to Ald. Brault's proposition for straightening Brompton Road for safety's sake and said that the Lennoxville Road had been made smooth and straight and yet nearly every day an accident occurred because it had been made a speedway. Possibly the same thing would happen on the Brompton Road.

TIDY STREETS IN CITY FIRST

While everyone wished the roads leading to the city to be in good condition and all would like to see Brompton Road a beautiful driveway, the first need was for tidy streets within the city. Autoists enjoyed the speedways, but the citizens enjoyed good streets and instead of spending the citizens' money for autoists on the Brompton Road, Mrs. Jenckes submitted it should first be used for the benefit of all the citizens.

WHAT ABOUT MONTREAL STREET?

Mrs. Jenckes referred to the sum of money voted some time ago by the council to make Montreal Street into a boulevard. Nothing had yet been done. Why? The ladies of Sherbrooke would like that street to be put in good condition so that they could be proud of it. The speaker asked the aldermen if there was any residential street they were proud of. Of course when the sidewalks were built on King St. that would be a good street, but it was a business street. The residential streets needed most attention. She would like to see the streets lined with a cord and an edging tool used such as was done at exhibition time. They looked very nice then, but why not begin in May and do it again in July and September?

Another question Mrs. Jenckes asked was "Has one citizen on one street a right to park his automobile and spoil the line of grass for the rest of the people on that street such as happened on Dominion Avenue and Montreal Street?" If so, why not go to Quebec and get the charter amended to prevent it? She also called attention of the south end of Queen St. which a little expenditure would rectify. Plenty of men who wanted work and could not go to war could be given occupation in this way. Nature had made Sherbrooke did not like to see it disgraced.

Ald. Jenckes was sure the Road Committee would give consideration to all the matters submitted by the ladies in due time.

MAYOR PLEASED AT INTEREST OF LADIES.

Sunday was observed in the Methodist Church as children's and flower day. The church was beautifully decorated with evergreens, flowers and banners. At the evening service the Sunday School scholars marched in, carrying sheafs of grain and laid them on the altar and marched on to seats which were marked off for the members. A duet, "I Love Jesus," was rendered by the Misses Flossie and Una Westman. A list of alphabetical designations of Jesus as a friend was given by Mrs. de Gruchy. The collection was taken up by two little girls and two little boys with pretty fancy white baskets, namely, Katherine Evans and Arthur McHarg, Lora Joyce and Philip Scowen. The congregation remained while the school marched out, all singing Onward Christian Soldiers. The pastor, Rev. M. de Gruchy, presided.

The Willing Workers were entertained by Miss Alice Carlson on Saturday with about 12 present. The resignation of Mrs. R. G. Bostwick as president of the society was accepted; very little business was transacted but a very pleasant afternoon was spent at the close of which lunch was served. The next meeting will be with Miss Pearl Gilbert on Saturday, August 26th.

WINDSOR MILLS NOTES OF NEWS

MINSTREL TROUPE OF ST. PATRICK'S ACADEMY, SHERBROOKE, RENDERED FINE PROGRAMME.

Windsor Mills, Aug. 15. (Special)—On Friday evening the Minstrel Troupe and Dramatic Club, of the St. Patrick's Academy, of Sherbrooke, gave an entertainment in McCabe's Hall, which was crowded with a large audience, in aid of the Serbian Relief Fund.

The first part of the concert consisted of songs, jokes, gags, etc., which were all well received, judging from the volume of applause which occasionally burst forth from the audience. Part two opened with a Nymph Dance, in which the following young ladies took part: Misses Ave Walsh, Eileen Hawkins, Irene Steely, Irene Wolfe, Florence Bryant, Evelyn Carrier. This dance was loudly applauded. The next number was a sketch by the Dramatic Club entitled "John Ray's Schooldays," which was followed by an address by Professor Chucklow (Gerald Collins). Number four was the dancing of the Highland Fling by Miss Ave Walsh, which was loudly encored. Number five was a most amusing sketch entitled "The Wonderful Telephone," by Gerald Collins, and Leslie Waiter, who held imaginary conversations with celebrities in different parts of Europe and America; the last to be called was Charlie Chaplin, who responded by appearing in person on the stage. This difficult part was taken admirably by Michael Hawkins. The last item was a song by the school choir entitled "America," after which a pleasant evening was brought to a close by all singing the National Anthem.

Too much praise cannot be given the actors who all took their parts well, especially for such youthful performers; also to Miss Dorothy and Master C. McIver, who accompanied on the piano and Brother Columbus, Polycarp, under whose care the troupe were. Their efforts will no doubt add a substantial sum to the Serbian Relief Fund. In a few well chosen words Mr. Tom Walsh thanked all those who had helped to make the evening a success.

TRIP BY AUTO TO BOSTON.

Mr. and Mrs. T. F. Proulx have returned from a very pleasant trip by auto to and from Boston, Mass. The outward journey was delightful but on the return journey they found the showers of last week had done much damage to the roads. Many of the government roads were undergoing repairs, and in the White River Junction district and St. Johnsbury, Newport, Vermont, many bridges and culverts had been washed away and in one part where the road was flooded they ran with the water up to the running board. In spite of such difficulties they both thoroughly enjoyed their outing.

FORMER PREMIER OF VICTORIA IS DEAD.

London, August 14.—The Rt. Hon. Sir George Turner, former Premier and Treasurer of Victoria, died suddenly today in Melbourne, according to a despatch to Reuter's Telegram Company. He was born in 1831 at Melbourne, and took up law. He entered Parliament in 1883, and before becoming premier had held office in various administrations as Minister of Customs, Minister of Health, Solicitor-General, and Minister of Defence. He became premier of Victoria in 1894. He was Treasurer of the Australian Federal Government from 1901 to 1904. He was also President of the Federal Council of Australia, Chairman of its Standing Committee, and a member of the Australian National Federation Convention.

FEARS THAT EUROPE IS RUINING ITSELF.

London, Aug. 14.—The Nation calls attention to the hitherto little noticed clause in Premier Asquith's speech of Aug. 4, in which he referred to the safeguards against war as resting on the common will of Europe, but "not on Europe alone." The Nation asks whether this is a reply to President Wilson's speech of May 27 and an invitation to America to pursue a policy of guarantees—and if so, hopes that Foreign Minister Grey will expand it into a reasoned exposition of policy.

The Nation takes the view that America is anxious to mediate because she fears that Europe is ruining herself, and against a weakened Europe she dreads the advent of a great Far Eastern power.

GERMAN FABRICATION.

London, August 14.—The British Press Bureau says the German wireless report regarding the damage done during recent Zeppelin raids on England is "wholly untrue."

WHAT E. T. WOMEN ARE DOING FOR PATRIOTIC FUNDS

PATRIOTIC WORK AT BURY.

Bury, Aug. 15.—(Special)—A sewing meeting of the Red Cross will be held on Tuesday afternoon, 15th inst., at the Rectory. A new consignment of work has arrived.

The Bury Ladies' Patriotic Association acknowledges with thanks 50 cents from Miss Alberta Wilson.

Another fifty pairs of socks were sent away recently to the Canadian War Contingent. A large supply of wool is now on hand and can be had by applying at the Rectory.

The Red Cross has sent away 53 wash cloths and 17 personal bags, made by the ladies of Bury and Canterbury.

RED CROSS WORK AT SCOTSTOWN.

Scotstown, August 15.—(Special)—The Red Cross Society was entertained by Mrs. Peter Taylor on Friday afternoon. Twenty-three ladies were present and a very nice amount of work was accomplished. The secretary-treasurer, Mrs. J. A. Gifford, has received word from Miss White, of Sherbrooke, stating the sale of all socks as follows: Length of foot, 11 inches; length of ribbing, 4 inches; length of leg to commencement of heel, 12 inches. Will the members of these directions, which will help to adjust the matter of socks being too large or too small. Mrs. Gifford has also received the following contributions: Miss Honor Gifford, \$2.00; Mrs. Strause, \$1.00; Mrs. Kenneth MacLeod, \$1.00, and \$1.00 from Mrs. J. Black for wool to knit for the soldiers of the 117th E. T. Battalion; \$1.00 from Mrs. M. B. MacAulay. Sixteen towels and six face cloths were recently sent to Sherbrooke.

The next meeting will be held on Friday of this week with Mrs. D. L. MacRitchie, Miss C. MacAulay being the hostess.

BIG CHANGE IN LABOR CIRCLES.

London, Aug. 14.—Sweeping resolutions will be submitted to the trades union congress next month. The resolutions will call for a compulsory trade union membership, a compulsory 48-hour week for all trades, a minimum wage of 30 shillings for all adult workers, and a State unemployment wage system for everyone. To meet the cost of the war the following proposals are advanced: "A heavier graduated taxation on large incomes; a special tax on land values; an increase of duties on estates; a graduated taxation on capital; the nationalization of railways, mines, shipping, banking and insurance and the conscription of wealth."

BIG ORDER FOR COPPER.

New York, Aug. 14.—English manufacturers of war munitions are negotiating an order, which may total 250,000,000 pounds of copper to be delivered in scattered lots throughout 1917. It was learned here today. J. P. Morgan and Company are carrying on the negotiations for the manufacturers, and the American Smelting and Refining Company representing the producers. The largest single copper contract ever reported before was placed last April through Morgan and Company. It called for 200,000,000 pounds of copper at a cost of \$85,000,000.

FRUIT IS WASTING.

London, August 14.—Thousands of tons of fruit are spoiling on English farms for want of labor to pick it. Complaint is made that hundreds of intelligent and well-educated women have gone to these farms to pick the fruit, only to return because of the miserable conditions under which they were asked to live and the pettiness with which they were treated.

ESTIMATE CROP ABOVE AVERAGE

MANY CORRESPONDENTS IN MANITOBA REPORT APPEARANCE OF RUST.

Ottawa, Aug. 14.—The Census and Statistics office has issued a preliminary estimate of the yield of fall wheat based on appearance at the end of July, as estimated by correspondents, and also a report on the condition of other field crops at the same time. The preliminary estimate of the average yield per acre of fall wheat in Canada in 1916 is 25.76 bushels, as compared with 29.41 bushels last year, 21.41 bushels in 1914, and 23.26 bushels, the average of the six years 1910 to 1915. The harvested area of wheat in the five provinces of Ontario, Manitoba, Saskatchewan, Alberta and British Columbia amounts in 1916 to 1,042,200 acres, as compared with 1,208,700 acres in 1915, and the total estimated yield for this year is 26,850,000 bushels, as compared with 35,561,500 bushels last year and 20,837,000 bushels in 1914. In Ontario the total estimated yield for 1916 is 18,778,000 bushels from 774,800 acres, an average yield per acre of 24.23 bushels, and in Alberta, the other large fall wheat growing province, the total yield is estimated at 7,250,000 bushels from 247,700 acres, an average of 30.36 per acre.

Many correspondents in Manitoba report the appearance in the wheat crops of rust due to murky atmosphere and extreme heat. They were not able to estimate the extent of the damage beyond stating that this would be serious if not checked by a change of weather.

Second Lieut. Humphrey Layland Braithwaite, Royal Engineers, killed in action, was, some years since, manager of the York Harbor Mines, Newfoundland.

MARRIAGES

LOVELL—GREENLAY.

SAWYERVILLE, Aug. 15.—At six o'clock Thursday, August 10th, a quiet wedding took place in the Mission hall when Frederic Lovell and Marguerite Edna Greenlay were united in holy wedlock, by the Rev. Norman Ward. The wedding march was played by Miss Julia Hurd.

Removes Hairy Growths Without Pain or Bother

(Modes of Today)

It is not necessary to use a painful process to remove hairy growths, for with a little delicate handy you can keep the skin entirely free from these hairy excrescences. To remove hair, make a stiff paste with a little powdered delatone and water. Spread this on the hairy surface and in about two minutes rub off, wash the skin and the hairs are gone. To guard against disarrangement, be careful to get real delatone.

A Question of Beauty is always a question of complexion. With a perfect complexion you overcome nature's deficiencies.

Gauraud's Oriental Cream

renders to the skin a clear, refined, pearl white appearance - the perfect beauty. Healing and refreshing - Non greasy. Send 10c for trial size. Ford & Hopkins, Inc., 24 West St. Paul St., Montreal, Que.

CHOLERA INFANTUM

Cured By Using DR. FOWLER'S Extract of Wild Strawberry

Cholera Infantum is one of the most common, and at the same time one of the most dangerous summer complaints of infants, and many children have died who could have been saved and the proper remedy been used on the first signs of this trouble.

Cholera Infantum begins with a profuse diarrhoea; the stomach becomes irritated, vomiting and purging set in, and the child rapidly loses flesh, and becomes weak, prostrated and languid.

Mrs. B. A. Currell, Roseway, N.S., writes: "I can recommend most highly, Dr. Fowler's Extract of Wild Strawberry. A friend of mine whose little daughter was ill with cholera infantum was given up by the doctors. The little one's mother asked me to come in and see the child. I told her I had a bottle of 'Dr. Fowler's,' and asked her if she would try it. When the bottle was half used the child was well. This cure was a miraculous one for I thought the child was dying at the time."

Dr. Fowler's Extract of Wild Strawberry has been on the market for the past twenty years. Any one who has ever used it will not accept a substitute. See that you don't. When you ask for "Dr. Fowler's" be sure that you get it.

The genuine is manufactured only by The T. Milburn Co., Limited, Toronto, Ont. Price 35c.

The Call To Breakfast

Has a new appeal for those who awake to a breakfast of

New Post Toasties

These new corn flakes have a unique deliciousness because of their self-developed flavor and improved form. The flavor is the true essence of choice, ripe Indian corn. Unlike ordinary "corn flakes," the New Toasties do not depend upon cream and sugar for their palatability.

Try some dry—they're good that way and the test will demonstrate their flavor. Then try some with cream or good milk. Note that New Post Toasties are not "chaffy" in the package; and that they don't mush down when cream is added.

New Post Toasties are known by the tiny "bubbles" on each flake, produced by the quick, intense heat of the new process of making. They come in a wax-sealed package that preserves their oven crispness and delightful flavor—the most perfect corn flakes ever produced.

Mr. Max Strange at home for a few days before going to Brockville, Ont., where he has been transferred from the Molsens Bank, Williamsburg. The Leader, of Morrisburg, has the following: "We learn with much regret that Mr. Max Strange, who has been for the past three years in the Molsens Bank, Williamsburg, has been transferred to the bank at Brockville. On Friday evening last, prior to his departure, the I.O.O.F. and Masonic Lodges met in the former's hall, and after serving refreshments, Mr. W. C. Strader, on behalf of the Lodges, made a few fitting remarks and presented Mr. Strange with some beautiful gifts as a token of appreciation for services rendered in the lodges. Mr. Strange, in a few well-chosen words, expressed thanks. His departure from our midst will be regretted by his many friends and citizens generally. He will be succeeded by Mr. Miller, of Knowlton, Que."

BROME.

A number from here motored to Richmond on Tuesday night and took in the play "The Battle Cry of Peace."

COUNCIL MEETS

AT DUNHAM

Considerable Discussion Took Place in Connection With Roads and Ditches

Dunham, Aug. 15 (Special) - The regular session of the Township of Dunham Council was held with Mayor G. M. Beach in the chair and Councillors G. H. Garrick, J. E. Miller, Thos. Bryce, G. A. Doherty, T. Mosses and Joseph Boucher in attendance.

There was much discussion over ditches, watercourses and bridges, also the bad condition of roads in the township. Mr. George E. Ford appeared before the board and reported the hill above the water trough near his house was badly washed out by the heavy rains.

The secretary was ordered to notify road officer M. A. Royaston to make necessary repairs. Mr. S. A. Sweet presented a request that his time as special superintendent be extended to September 4th to report on the process verbal watercourse. The request was granted and the time extended to the above date.

Road Officer W. G. Barrette, Road Division No. 33, was ordered to remove certain obstructions fronting the driveway of Antoine Dupras.

Discussion followed over building a permanent piece of road from the corner of Mr. M. Curley's leading to East Dunham. It was decided that the council meet there and look over the situation and to decide on best method of building the same. Complaint was received from the Board of the village of Dunham Council, complaining of the large quantity of water which was being discharged upon the village from the Township at the corporation limit, approaching the R. C. Hill. After discussing the matter, it was decided that the town of Dunham pay half the expense of blasting the rock on the east side of the road to effect a better drainage.

A petition was presented by Alfred Fournier and signed by other qualified ratepayers, praying the council to establish a watercourse, taking its rise near the roadside on the lands of Thomas Jasmin, continuing in a southerly direction entering the Bissonnette discharge on the land of Jos. Bissonnette. The petition was received and Mr. Robert Clark appointed special superintendent to investigate said course and report to the council. The secretary instructed to pay bills received after which the council adjourned in due form.

NO MEETING OF VILLAGE COUNCIL.

LETTERS TO THE EDITOR

THE CANADIAN ARMY HORSES, IN FRANCE.

Sir:—I should esteem it a favor if you would draw the attention of the readers of your influential journal to the following facts.

The Royal Society for the Prevention of Cruelty to Animals, founded in 1824, is the mother society of all animal protection societies in the world. It has consistently advocated the claims of the dumb creation, both in times of peace and in times of war.

The horses of the Canadian Army now in France are benefiting to a very considerable extent by the activities of the Royal Society for the Prevention of Cruelty to Animals. Fund for Sick and Wounded Horses, and we are at the present time building a veterinary hospital in Northern France to accommodate 750 sick and wounded horses of the Canadian regiments now so nobly doing their duty for their Mother Country. This hospital is costing approximately \$48,000 to build, and in addition we are sending out horse ambulances and other things necessary to mitigate, as far as possible, the sufferings of these animals.

The R.S.P.C.A. Fund, which was started at the request of the War Office in November, 1914, is the only one authorized and approved by the Army Council to do this work.

On the 6th April, 1915, in answer to a question in the House of Commons, Mr. Tennant, then Under-Secretary for War, made the following statement:

"I am aware that funds are being collected in this country by more than one Society, but I do not know by how many. It is desirable that it should be known that the only Society authorized by the War Office to collect funds and coordinate offers of assistance for horses of the British Army is the Royal Society for the Prevention of Cruelty to Animals, to which all contributions, gifts and offers of assistance should be addressed. I may add that this Society is working in close connection with the Army Veterinary Department. I agree with my hon. friend that the collection of funds by more than one Society involves waste of effort.

The remedy is, I think, for the public to appreciate fully the fact that the authorized Society for this purpose is the one I have mentioned."

As we have, as well as this work in hand for the Canadian Army horses, a large development of work for the horses of other regiments of the British Army, we are desirous of obtaining all the support we can get, and therefore I appeal to your readers to support us in any way they can by sending all contributions to our fund. I should be only too pleased, on receipt of a letter from any of your readers, to send them our latest report and reading matter on the subject of the fund, to show the vast amount of work we have already accomplished.

Cheques, postal orders, or any money sent, should be addressed to the Treasurer of the Society, C. A. Phillimore, Esq., Royal Society for the Prevention of Cruelty to Animals, 105 Jernyn Street, London, S. W., England.

Yours faithfully, PORTLAND, Chairman of the Fund. MONTAGUE FOWLER, Hon. Secretary.

BOTH MASTERPIECES THE HEINTZMAN & CO. PIANO The great reputation made by the Heintzman & Co. piano is due above all else to its remarkable individuality of tone—whilst none the less noted for its beautiful touch and great durability.

THE HEINTZMAN & CO. PLAYER-PIANO The Heintzman & Co. Player-Piano is made up to a standard not down to a price. When the firm turned its activities to the Player-Piano field, it had to bring forth an instrument which would tower above other Player-Pianos as did the Heintzman & Co. Piano above other Pianos.

MINISTER OF AGRICULTURE AT EXPERIMENTAL FARM. A large number of farmers from all over the Eastern Townships greeted the Hon. Mr. Burrell, Minister of Agriculture, at the Experimental Farm, Lennoxville today. This was one of the outings arranged for by Mr. John McClary, Superintendent of the farm. The visitors were shown around the gardens and other sections of interest, and later were entertained to luncheon. In the afternoon the Minister of Agriculture, Mr. J. H. Grisdale and others addressed the company, which had been considerably augmented as the day advanced.

USING CANCELLED STAMPS TO ESCAPE WAR TAX. Following the war stamp regulation, the Post Office Department discovered that a good many cancelled stamps were being used on letters. A very considerable number of cases were detected, and fines ranging from \$10 to \$50 imposed. It is understood a number of cases occurred in this district. Post Office authorities say the trouble in this regard has pretty well ceased now. WRITES FROM GERMANY. Mrs. D. Kirby Waite has received a letter from her husband, Pte. Waite, who is a prisoner in Dulmen, Germany, in which he says in part: "I was captured after a big bombardment along the line, which I

shall never forget. We are allowed to write a post card every week and a letter every two weeks, so that is not bad at all. Let my friends know where I am, but do not give me my address, as I can only manage to write to you. I need some money to buy writing paper and post cards, but do not send any papers or books with war news, as it is not allowed. You might send me a parcel of food once a week or twice a month, because we need it. Food and comforts also reach us from the Canadian Red Cross in London at the rate of ten shillings a month per man, which is stopped out of our pay at Westminster House, London. Tell the children that I shall be home, God willing, after peace is proclaimed, to play with them again. We are having good weather and this is certainly a fine country. Pte. Waite comes of a fighting family. His father was Captain W. J. Waite, of the 7th Queen's Own Hussars, Gen. Sir John Haig's regiment, and rose from the ranks. Pte. Waite has three brothers fighting for the cause, and had four in the South African war, all of whom received medals and many clasps. He, himself, was in South Africa with the Rifles Brigade, and was with Sir Redvers Buller's column. He was awarded both medals, with a clasp. Pte. Waite, who went to the front with the 24th Battalion, V.R., at the time of his capture was attached to the 2nd Canadian Tunneling Co. (Engineers), and was officially reported missing for a month before it was found that he had been taken prisoner.

LADIES PROTEST UNTIDY STREETS (Continued from page 1) Mrs. Jencks on behalf of the ladies' delegation, and he was sure that the aldermen were all pleased to know that the ladies took such an interest in the welfare of our beautiful city. He very much regretted that Ald. Forest, chairman of the Road Committee, was not present to hear what the ladies had to say, but he promised that their sentiments would be conveyed to him, and Ald. Forest, being a great admirer of the fair sex, would no doubt do everything in his power to act upon their valuable suggestions. MONEY NOT PROPERLY DIVIDED. Later in the evening Ald. Edwards referred to the ladies' deputation and stated that he had on several occasions drawn the attention of the Finance Committee to the fact that \$25,000 voted sometime ago had not been properly divided for the different purposes for which it was intended on the streets. He moved that at the next meeting this sum be allocated according to the original intention. Ald. Jencks replied that division of the money had been made and properly recorded. The question was studied at a meeting of the Finance Committee at which Ald. Edwards was not present. Ald. Edwards was aware of that but insisted that proper division had not been made. For instance, St. Edward St. was mentioned and got nothing, and the wall recently built by the city to protect the front of the new Gate Club building on Alexander St. and which was not mentioned in the original by-law got perhaps \$1,000. That was not right. He wanted the division revised. The wall certainly could not be allowed to come out of the \$25,000. Ald. Parkes supported the Montreal St. boulevard and wished the work to proceed if the Finance Committee had the \$6,000. Ald. Edwards pointed out that the revision of the list would do no harm because it was certainly not properly made out. Ald. Brault (smiling) "The money draws interest which can be added to the sum to be spent on the roads." Ald. Parkes, "I would like to have it spent on the roads. That will give more interest."

WILL APPORTION SUM FOR ROAD. Finally the following resolution, moved by Ald. Edwards and seconded by Ald. Parkes was carried, "That at the next meeting of the Finance Committee, the division of the \$25,000 voted under the by-law be properly made as was intended by the by-law."

ISLAND-BROOK. Arrivals and Departures include: Mr. and Mrs. Thomas Westgate of Sherbrooke; Miss Hilda Niberg of Brooklyn, N. Y., guests of Mr. and Mrs. Jas. Battalion home for the week-end; Miss Ethel Miller to Westburyville to visit her uncle, Mr. Jas. McVety; Mr. Robert French and son, Archie, Earl Morrow, Misses Mary and Eva Seale and Saddle Burns to Valcartier to visit friends. Mr. William Buchanan and son Harold of Boston, guest of his brother Mr. Alex. Buchanan; Mrs. Earl Young and daughter have returned home to Barrie, Ont.; Pte. Wesley McNaughton has returned to Valcartier; Mr. Joseph Seale and son Howard to Valcartier to see Pte. W. T. Seale; Miss Inez Bowen to Cookshire. There will be a basket picnic held in Mr. Wm. Morrow's grove, August the seventeenth.

STANBRIDGE EAST. The annual Sunday School picnic will be held at Meigs' Corner on Wednesday next, August 16. The Stanbridge East, Freighthouse and Stanbury schools are expected to unite for this picnic. Baseball, running and other sports will be the order of the day. A giant pike was caught by Mr. Patrick Smyth, Curly, Granand, whilst fishing in Lough Gowan, in Ireland. The pike turned the scales at 26 lbs., and when opened contained three full-sized perch.

PLYMOUTH BINDER TWINE We handle Plymouth Twine — It saves you time and money. Both some knots, frequent breaks and snarls—these come from using cheap twine. They cause delays and breakdowns that amount to many times the cost of the twine. You can avoid this extra cost by using PLYMOUTH. No getting down from your seat to loosen snarled places; no stopping to thread up; no loose sheaves to rebind, and no lost grain always satisfies. Wheat growers say "PLYMOUTH is the most even twine ever made." Any man who uses PLYMOUTH will tell you it has the fewest knots and causes the least trouble. Works perfectly on both old and new binders. Saves many times its own cost. Goes farthest. Always marked with the sheaf-of-wheat tag, which guarantees a smooth-running, strong, full length twine. Call and let us tell you more about PLYMOUTH. Profit by consulting us at once.

GOOD ROADS TO SHERBROOKE

But Streets in City are Disgraceful, Says Montreal Journalist

EASTERN TOWNSHIPS HOLD PALM FOR SCENERY. THE MENACE OF DERBY LINE HIGHWAY.

In an article on the "Motoring Notes and News" page of Saturday's Montreal Star, "H. P." describes an automobile tour from Montreal to Sherbrooke, and, while praising the beautiful scenery en route, and admiring many stretches of highway, he takes occasion to knock the City of Sherbrooke for its bad streets, which he terms "execrable" and "a disgrace." He describes the route as follows:

"The route which is outlined this week is from Montreal to Sherbrooke, a distance of 87.7 miles starting from the Victoria Square and ending at the New Sherbrooke House at the foot of King street. The roads throughout are quite passable in dry weather, and there are many miles of good macadam, while the sand roads are also good. The scenery throughout is excellent, and there is good hotel service at the principal towns en route.

"After getting out of the city over Victoria Bridge there is excellent asphalt through Longueuil, followed by fair macadam to Chambly Basin. This road is now being resurfaced, and at present there is deep sand on it in St. Hubert. In Chambly the road is very bumpy and generally bad, owing to sewer laying work, but this is going to be reconstructed almost immediately. There is a worn and rutty macadam road to Marieville, the route leading through Chambly Canton, past the old Chamblay Fort on the left, over the Richelieu River, following along its eastern bank for some distance through Richelieu, and then turning inland to Marieville. Through this village there are a couple of tricky turns to be made into Marieville street, and then, turning on to Poulin street, the road runs straight through to Rougemont, the mountain of that name looming up on the left. Here there are Government experimental fruit farms, which may be visited, and the road to St. Hyacinthe also branches off from the centre of the village.

"There is a sane and dry road for part of the distance before reaching Rougemont, easily passable in dry weather, but hard and rutty, while in wet weather it would be difficult. On to St. Cesaire there is a good graded gravel road, and then graded sand to Abbotsford, the road crossing the Yamaska River, and passing by Abbotsford Mountain. There are a few highways through Abbotsford, and a fair highway part of the way to Granby, although near the latter place it is very badly worn and rutty.

"The worst piece of road is between Granby and Waterloo, for the surface has been washed away, and the road is covered with loose, sharp stones and exposed rock ridges, which should be negotiated with care. The road leads through Post Village and up to the top of Macdonald Hill, from which a splendid view can be obtained. Then it descends to South Stukely, where there are two sets of four corners, the road keeping on to the right at the first, and straight on at the second.

"The condition of the roads improves around this locality, and the run through Eastman and Bolton Forest round the shores of Orford Lake is excellent, while the scenery which may be visited, and the road to St. Hyacinthe also branches off from the centre of the village.

"And the people of Sherbrooke also ought to get busy within their own limits. It seems an extraordinary thing that with a population of 20,000 people there is not a single foot of good pavement within the city limits. The roads are execrable all through the town—there is no other word for them. Potholes and ruts, mudholes and miniature lakes in bad weather, with practically no grading or drainage—the streets are a disgrace. I was told that there are many good road enthusiasts on the Council, and that they got \$10,000 voted last year to pave the main streets. But the work has not been commenced yet, and whether they are waiting for the one-man trolley-car system to be developed and double tracks laid, or whether the money was diverted to some other use, they should get busy at once, if only to make some temporary repairs for the present season.

"Perhaps there is some truth in the rumor that they are undecided what sort of road to lay down, and that if a start was made somewhere the rest would quickly follow. I have heard of roadmaking firms who have offered to lay down a stretch of a quarter of a mile or so of their special kind of road in order that big cities might test them and watch how they stand the traffic. If this practice is still in vogue there is a good opening at Sherbrooke for the town has plenty of money to spend—the only thing that seems to be bothering it is the best way to spend it."

RECKLESS SPEEDING ON DERBY LINE ROAD.

Alluding to the new Sherbrooke-Derby Line highway, which he describes as "an excellent road," the writer says: "But at the same time it is a dangerous road at present, owing to the insane desire of a few motorists of the city to go in for speeding along it. The road has too many sharp curves and blind corners for any speeding to be indulged in, and there should have been no need for half a dozen or more people to have been killed in order to realize this. There are hundreds of cars a day passing over that road, especially during the week-end, and the responsible motorists of Sherbrooke ought to get together and devise some means of bringing the score of irresponsibles to their senses.

"They say it is courting death to go along that road on Saturday evenings, owing to the number of motorists who come in from the surrounding 'dry' district, have a good time in the city, and then proceed to 'hit the high spots' on their way home. And there are motor cyclists who do the same thing—I know it because I have seen them doing it and they only hurt themselves. It would not matter so much—but they are a

will be held during the first week in September, and as this is a big industrial centre, having the largest woollen mills in Canada and cotton mills that manufacture all the tire duck made in the Dominion, as well as a number of other rubber, shoe, clothing, cigar and jewellery factories, the exhibition should attract a very large number of tourists to the Eastern Townships.

BEAUTIFUL EASTERN TOWNSHIPS.

The writer adds: "It is not too much to say that the Eastern Townships certainly hold the palm, so far, for varied scenery, while the hotel service is good, so far as it was sampled.

"The route is a winding one, with many turns, and the tourist should never be at a loss for something charming to look at, for he has many miles along by the riverside, he has many more in the shadow of mountains, and even to the top of them, and all more along the shores of beautiful lakes, with deeply wooded glades on one side and a panorama over the water on the other, than which nothing could be finer. In this regard I refer especially to Orford Lake and Bolton Forest, which puts one in mind of the beautiful lakes in Ireland, and to the famous Memphremagog and Little Magog Lakes, which are like inland seas, and alongside of which the road runs for miles.

"There is not the slightest doubt that if the Provincial Government build a road similar to the Quebec highway from Montreal to Sherbrooke, embracing these lakes, and the important towns which such a road would link up, it would be taking a step which would do more to bring the province to the forefront as a tourist centre than any road they have yet to be built."

IMPORTANCE OF DIRECT ROUTE FROM MONTREAL TO SHERBROOKE.

"I am very grateful to the Sherbrooke Board of Trade for inviting me into the district and enabling me to realize what an important centre that city is from the tourist point of view. They were most hospitable and showed an earnest desire to do everything that was possible to attract motorists to their locality. They are naturally interested in the direction which the new Government road is going to take, for it will mean much to them, and from the information gathered during a brief stay I anticipate that they are going to get things moving in a way which will bring home to the powers-that-be the importance of having a direct route from the metropolis of the Townships, not only from a scenic point of view, but also from a commercial and business standpoint.

SHERBROOKE STREETS A DISGRACE.

"And the people of Sherbrooke also ought to get busy within their own limits. It seems an extraordinary thing that with a population of 20,000 people there is not a single foot of good pavement within the city limits. The roads are execrable all through the town—there is no other word for them. Financial and Market News

MONTREAL LIVE STOCK MARKET

LOWER CATTLE PRICE, BUT HOGS AGAIN ADVANCE. Montreal, Aug. 15th.

On a large run of cattle of mediocre quality, yesterday prices in the local live stock market were somewhat lower than during the preceding week. There was no really good stock offering yesterday, the highest price paid being around the 8c level for the best cattle sold. The receipts of cattle at the West End market were unusually large, 1400 yesterday and 1700 for last week; the bulk of yesterday's offerings being of rather poor quality grass fed stock, but some medium steers were offered and a few fairly good bulls. Some trading was also done in canning stock. The trade in cattle, as a whole, was rather slow and business inclined to drag yesterday.

The trade in other lines showed some changes, hogs going up to a new level at \$12.50 to \$13.25 per hundred lbs., while one commission merchant paid \$13.25 cwt. for a three-deck carload of select hogs, establishing a new high record for this class of stock. There is a steady demand for select hogs, and receipts are a little under last week's total.

A fair amount of business is being done in calves, and prices are firmly maintained, with receipts smaller than usual.

Sheep and lambs are arriving on the market in large quantities, being 3200 yesterday and 4800 for the week. It was reported that Mr. Fisher, of the New England Dressed Meat Company, was in the market making purchases of lambs, sheep and calves for export to Boston and vicinity. The tone of the market remains firm in spite of the large offerings.

Sales of round lots of live stock were made at the following prices: Butchers' steers, good, \$7.75 to \$8.25; fair, \$7.25 to \$7.50; medium at \$6.75 to \$7; common, \$5 to \$6.50.

Butchers' cows, good, \$5 to \$7; fair \$5.50 to \$6; common, \$5 to \$5.25. Butchers' bulls, best, \$6.50 to \$7; good, \$6 to \$6.50; fair, \$5.50 to \$6; canners, \$4.50 to \$5.

Sheep, 7c lb.; lambs, 11c. Calves, milk fed, 8c to 9c lb. Grass fed, 5c lb.

Hogs, select, \$12.50 to \$13.25; roughs and mixed lots, \$11.50 to \$12.25; sows, \$10.50 to \$11, all weighed off cars.

Receipts of live stock at the West End Stock Yards last week amounted to 1,700 cattle, 4,800 sheep and lambs, 2,900 hogs and 12,000 calves.

Yesterday's offerings were 1400 cattle, 3,200 sheep and lambs, 1,200 hogs and 700 calves.

MORNING COTTON LETTER.

New York, Aug. 15. Cables are strong due possibly to bullish messages sent from this market last night by the leading supporters of cotton. It is quite probable that the bulls will open the market as high as possible in the hope of driving in any short interest that was formed during the trading yesterday. There is, however, a possibility that the steady drip of such offerings will wear out the patience of even the most enthusiastic bulls if continued.

TROOPER CHAPMAN AGAIN IN HOSPITAL.
 Marlton, Aug. 15 (Special)—The following letter has been received from Trooper O. B. Chapman.
 "Shercliffe, July 31, 1916.
 Dear Aunts Corrie and Nellie:
 I received your most welcome letter to-day. I am sorry to say that I have had to go to the hospital with my leg. You will have to excuse writing, as I am writing sitting up in my bed. I can't sit up far enough to write properly. I have been in the hospital now about two weeks, and have had no operation. They call it Traumatic Aneurism, which they

told me was a swollen artery as the result of a bullet. The operation will prove a success, and it is healing up as well as may be expected. They had to tie the artery, and to do this they had to make two incisions, so you see they have cut me up pretty well but that does not worry me, because the doctors here know their business well, and I have one of their best surgeons on my case. Well I will say good-bye for now. From Oscar, Moore Barracks Hospital, No. 2 Ward, Shorncliffe Kent, England.
 P.S.—Remember me to all and don't worry about me.

URGES RIGID QUARANTINE

LONDON TIMES WANTS GREAT BRITAIN SAVED FROM INFANTILE PARALYSIS.
 London, August 15.—The Times today urges the Government to enforce a most rigid quarantine against infantile paralysis, now prevalent in New York.
 "At the moment when we have high armies of men in training," says the Times, "an outbreak of this disease would be a great disaster. For the sake of our children, too, we must take due precautions. Quarantine regulations should be enforced on passengers coming from New York and other infected areas and a thorough disinfection carried out in all cases where a shadow of doubt exists. If we neglect precautions and the epidemic spreads here, we shall have only ourselves to blame."

MILK TOOK A DROP.
 West Bolton, Aug. 15 (Special)—When going to the creamery on Monday morning, Mr. F. H. Mizener's horse took fright when meeting an auto, dumping both cans of milk into the ditch, throwing the driver off his seat. He managed, however, to cling to the wagon and reins, until after running some distance, he got the animal under control.

WILL HOLD SCHOOL FAIR IN WEST BOLTON.

West Bolton, Aug. 15 (Special)—The West Bolton School Fair will be held at the Brill schoolhouse Friday, September 22nd.
 Mr. McOut from Macdonald College, through here on Thursday judging the children's flowers and crops. Prizes are given to the best looking and best kept plots; other prizes are to be given at the school fair, September 22nd, in which six schools will compete. The Brill consolidated school, Lost Nation, China, Bolton Pass, Bolton Glen, and the Creek. The parents and friends are welcome.

GOOD RETURN FROM MAPLE TREE.

Farnham's Corner, Aug. 15 (Special)—Mr. St. Lawrence, Cowansville, recently cut a hard maple tree, on Mr. D. D. Harvey's farm. The first cut of 8 feet was not quite sound. The next log, 10 feet long, scaled 27 inches, at the small end, one way, and 30 inches the other, not being quite round. Two more logs, one 10 and the other 11 feet, were taken from the same tree, the smallest scaling 24 inches. The price paid for the tree was \$14. These logs are to be taken to the United States and used

as rollers in a paper mill. Delivered at Cowansville, the largest log was worth \$40.

MYSTERIOUS DISAPPEARANCE OF FORMER SUTTON MAN.

Sutton, Aug. 14.—(Special)—Asa Clinton Frary a native of Sutton son of the late Giles G. Frary and Grandson of the late Rev. John Smith, Rector of Grace Church, Sutton for many years, left his farm at Hastings Lake about 10 miles from Tofteld, Alberta, on March 1st expecting to work for a farmer close to Calgary giving an address 707-4th Street at which he would call for his mail. Many letters have been sent to this address but none have been answered. He left some stock on his quarter section of land of which he had a clear title, any information concerning him would be appreciated by his brother John Frary of Freilshburg or C. W. Shepard of Sutton who is executor of a will which in drawn in partially his favor.
 Mr. Frary was born in Sutton and grew up here. After which he went into New York State where he was a constructor of telephone lines also later in Pennsylvania. He is about 45 years of age. His homestead is about 30 miles from Edmonton.
 Mr. Chas. W. Shepard of this village has received a letter from the Editor of Edmonton Bulletin who is aiding in the search for Mr. Frary. While the R.N.W.M.P. have also taken up the trail. A strange provision in the will giving certain property or money to Mr. Frary is that he must claim it on or before August 25th as it goes to other heirs. The disappearance of the man wanted dates back to last March and so far no trace of him can be found.

DESTROYER SUNK BY SUBMARINE

Six of The Crew of The British War Vessel Lasso Are Missing

GERMANY MAKES BIG CLAIM AS TO THE NUMBER OF MERCHANT SHIPS SUNK.

London, Aug. 15.—The British torpedo boat destroyer Lasso sank Sunday of the Dutch coast, having struck a mine or been torpedoed, according to an official statement issued yesterday afternoon.
 Six of the crew of the destroyer are missing. Two men on board were injured.
 Available shipping records do not contain the destroyer Lasso.

CLAIMS MANY SUNK.

Berlin, via London, Aug. 15.—A German submarine torpedoed the British torpedo boat destroyer Lasso Sunday morning, according to an Admiralty statement issued yesterday. It is announced also that between August 2 and 10 five British and French steamers and ten British and French sailing craft were sent to the bottom by a German submarine.
 The official statement says: One of our submarines Sunday morning torpedoed, in the British Channel, the British torpedo boat destroyer Lasso.
 Another official announcement says: One of our submarines torpedoed in the Channel, between the 2nd and 10th of August, seven British and three French sailing vessels and three British and two French steamers.

BRITAIN'S CORRECTION.

London, Aug. 15.—The British Press Bureau, in a statement issued last evening, controverts the German official statement with regard to the locality where the Lasso was sunk, saying that the destroyer was sent to the bottom "a few miles off the Dutch coast, and not in the Channel, as the German Admiralty pretends."

WELCOMED RAIN ON BRITISH FRONT

FIRST TIME SINCE JULY 8 THAT THE DROUGHT HAD BEEN BROKEN.
 With the British Army in France, Aug. 14.—Via London, August 15.—For the first time since July 8, a heavy rain fell in the battle area today, breaking the long drought, and one of the longest heat waves in recent years. The transport, which had been operating in clouds of dust, was washed clean by the generous down-pour. The dry bottom trenches are running with water, and thousands of men in the open were drenched by the down-pour, but even at the expense of sleeping wet, the cool air was a welcome change.

CHINESE AT TACK JAPANESE SOLDIERS

SEVENTEEN JAP SOLDIERS WERE KILLED OR WOUNDED.
 Tokio, Aug. 15.—Chinese troops have attacked the Japanese garrison at Chengchiatun, between Mukden and Chaoyangfu, and have killed or wounded seventeen Japanese soldiers and killed one officer. According to official advices from Chengchiatun, the Japanese barracks is now besieged by the Chinese soldiers.
 Reinforcements are being rushed to the beleaguered garrison from the Japanese forces stationed at Kaiyuan and Sudinghai. The fighting resulted from the arrest of a Japanese merchant.

DEFAUDED MERCHANTS AT SWEETSBURG

FOUR ASSYRIANS ARRESTED IN OTTAWA, CHARGED WITH THEFT OF \$3,100.
 Ottawa, Aug. 15.—High Constable Boisvert, of Sweetzburg, Que., arrived in Ottawa last night with a warrant for four Assyrians, who are charged with obtaining \$3,100 by false pretences at Sweetzburg. He arrested them at 31 Clarence street. They are four brothers, Kalehr, Abraham, Mohamad and Philip Antoine.

REPORT SWEDEN SANK GERMAN SUBMARINE.

Copenhagen, Aug. 15, via London.—The Dagens Nyheder yesterday publishes a rumor that a German submarine was sunk by a Swedish cruiser between Stockholm and the Skar-gaard on Thursday last.

FORESTRY BATTALION READY.

Ottawa, Aug. 15.—Within a few days the 238th Forestry Battalion now in camp at Connaught Park, expect to get orders to move from that location. The battalion was up to full strength some time ago, and their time is now spent in mastering sufficient military drill to enable them to pass inspection.

PREMIER WILL MAKE TOUR OF WEST.

Ottawa, Aug. 15.—Sir Robert Borden plans a trip through Western Canada about the end of September. He will not go to Great Britain this year.
 A number of the questions he would have taken up, had he gone, have been attended to by Sir George Foster. Sir Robert does not plan an extended tour of the Western provinces, but will visit the principal cities and deliver a number of patriotic addresses.
 He will return to Ottawa to say farewell to Their Royal Highnesses before they leave in October.

MILAN.

Arrivals and departures: Miss Marietta Smith, from Springfield, Mass.; Miss Nina Martin of Monticello, calling on friends; Messrs. John and Angus McKenzie, Norman McLeod, Murdo Nicholson and Arthur McDonald left on the harvesters' excursion; Mrs. George Ridgway and the Misses Dora and Hazel home from Springfield, Mass., with her parents, Mr. and Mrs. J. M. Murray.
 A very enjoyable evening was spent at the home of Mr. and Mrs. D. McR. Morrison, Marshboro, on Friday evening, when a number from Milan and Marshboro walked into the house and pleasantly surprised them. There was upwards of 75 present, and a pleasant time was spent in dancing and social chat, after which lunch, brought by the ladies present, was served by Misses Annie and Christine Murray and Margaret Morrison. Mr. J. A. Murray, in behalf of the party, presented Mr. and Mrs. Morrison with a beautiful sideboard. Mr. Morrison thanked the friends in a few words for their beautiful gift.

LET NO MISTAKE BE MADE.

(London Telegraph)
 Viewed from the standpoint, not of the immediate present, but of the unknown future, the position is as grave as any which has confronted the world. Every ship that sinks beneath the water raises the prices of the necessaries of life in every country on either side of the Atlantic. With every man, woman or child who is assassinated, the security of the whole human family is lessened. That is the situation. If it be evaded to-day, the terrible penalty must be paid to-morrow. It is not for us to attempt to dictate to neutral peoples how they should think and act in this emergency. Let no mistake be made—seeds are now being sown by the enemy in the oceans which may spring up in years to come and choke civilization.

BIG CROP ACREAGE.

Lethbridge, Alta., August 15.—Canadian Bank of Commerce crop report indicates acreage in the province next year will be a record one. In some districts the acreage under summer fallow is double that of last year. Hundreds of thousands of acres of raw land are being put in shape to crop next year.

MANY HARVESTERS IN WEST.

Vancouver, B.C., Aug. 15.—Twenty-two hundred men have registered at employment offices here for harvest work in Alberta and Saskatchewan. Nearly seven hundred men have been shipped East within the past two days.

THE FARMERS AROUND NEWTONHAMPTON, CO. ARMAUGH, IN IRELAND, IN CONSEQUENCE OF THE HIGH PRICE OF COAL, ARE AT PRESENT CUTTING LARGE TRACTS OF BOG.

In many of the districts of Northern France women are now employed as electric tramway-car drivers and conductors, and in at least one town are acting as Jesus in the old-fashioned cabs.

LICENSE TRADE IN SCOTLAND
 COMMITTEE RECOMMENDS ABOLITION OF GROCERS' LICENSES AND PURCHASE OF INNS.
 London, Aug. 15.—The committee appointed some time ago to advise the Government in regard to proposals for purchase by the State of the licensed liquor trade of Scotland, has recommended that trade in liquor by licensed grocers should be abolished and that hotels and inns, which depend mainly on the traffic, should be taken over by the State. The committee reported against the purchase of distilleries.
 It is suggested that the price paid for hotels and inns should be estimated on the basis of their annual profits over a fixed number of years, payment to be made in 4 per cent stock issued at par.

ATTACK CHICAGO WHEAT PIT
 SENDING PRICES OF GRAIN SKYWARD, LONDON DAILY NEWS CHARGES.
 London, August 15.—The Chicago wheat pit is again made the object of a violent attack in yesterday's Daily Express. In a long article the paper says:
 "Undeterred by the world war, the wheat gamblers of Chicago are sending skyward the prices of grain from which mankind derives its daily bread, amassing their grains with as little compunction as the Bourbons used to gather taxes.
 "Once again the provision pits present a discreditable spectacle of frenzied speculation, fleeing those whom they facetiously style their lambs, while in the British House of Commons the Premier is being urged to take what steps he can to arrest the rise in the price of a loaf. That a nation which has been described by its President as too proud to fight in the cause of liberty should comprise a body of so-called business men willing to add to the sum of human suffering in this day of Armageddon, actuated solely by greed of gold, bodes ill for the verdict of the future."

DENIES REPORT ABOUT SINKING OF DEUTSCHLAND.
 Boston, Mass., Aug. 15.—The captain of the French cruiser Amiral Aube issued yesterday a formal denial of the report that he was informed by the captain of a British cruiser that the latter had been sunk German submarine Deutschland on August 8.
