

Athelstan Grist And Saw Mill Guttled In Early Morning Fire

Athelstan suffered a tremendous loss early Thursday morning, when news went out that the Athelstan mill was gutted in a fire. This is the last but one of several industries that were located in this small village and it will be a distinct loss not only to this community but for many miles around.

It was about 5:30 a.m. when the Gleaner representative was alerted to the fire by a call from our local Fire Chief Jofre L'Heureux. By 5:50 he had aroused the photographer and gathered necessary equipment and was on the way to the scene of the fire. A few minutes later the reflection of the fire could be seen and arrival at scene disclosed the holocaust that was previously the Athelstan Sash and Door Mill and the Grist Mill, on the south side of the river in Athelstan.

The Hinchinbrooke Fire Brigade was already on the job and the Huntingdon small truck and booster pump were set up at the river and providing two streams of water for the fire. On the south side the Burke, N.Y. equipment was working to keep the fire from spreading to a storage shed and was successful in this. A wind that was blowing was toward the village. The river being between acted as a fire-break in keeping the fire from spreading into the village. The Hutchings Barn and Green's years and because of this he

From Death Valley, California, To Expo '67, Montreal, Canada

The above photograph is of the Twenty Mule Train as it was entering Huntingdon on Route 4 on Sunday, about noon. It had started out from Death Valley, California, in April, 1966 and will have done approximately 5,000 miles by the time it reaches Expo. It indeed was a sight to behold — a flashback to those early pioneer days of the West. It is authentic in most all details and the wagons are near 100 years, or over 100 years old. Later the train stopped over at Dewittville for a night, passed through Ormstown and stopped over at Melville Brown's Farm near Howick. It continued on to Chateaugay and will stop over there for a few days before proceeding on to Expo. Arrival there is expected for October 2nd. See full story elsewhere in this issue.

Important Announcement May Soon Be Made Re: Swimming Pool

Several meetings of the County Civic Centre have been held the past few weeks in connection with Huntingdon County Centennial project of a swimming pool. Meanwhile, work has been going on at Russell's Island which is to be the site of the pool and to become a recreation area for all who care to use it.

These meetings have been for the purpose of obtaining more information on the pool that has been offered and the company has now thrown in the number of extras if the pool is ordered before the end of November. The committee therefore has been meeting to discuss ways and means whereby the offer can be accepted and the pool be installed by the spring of 1968.

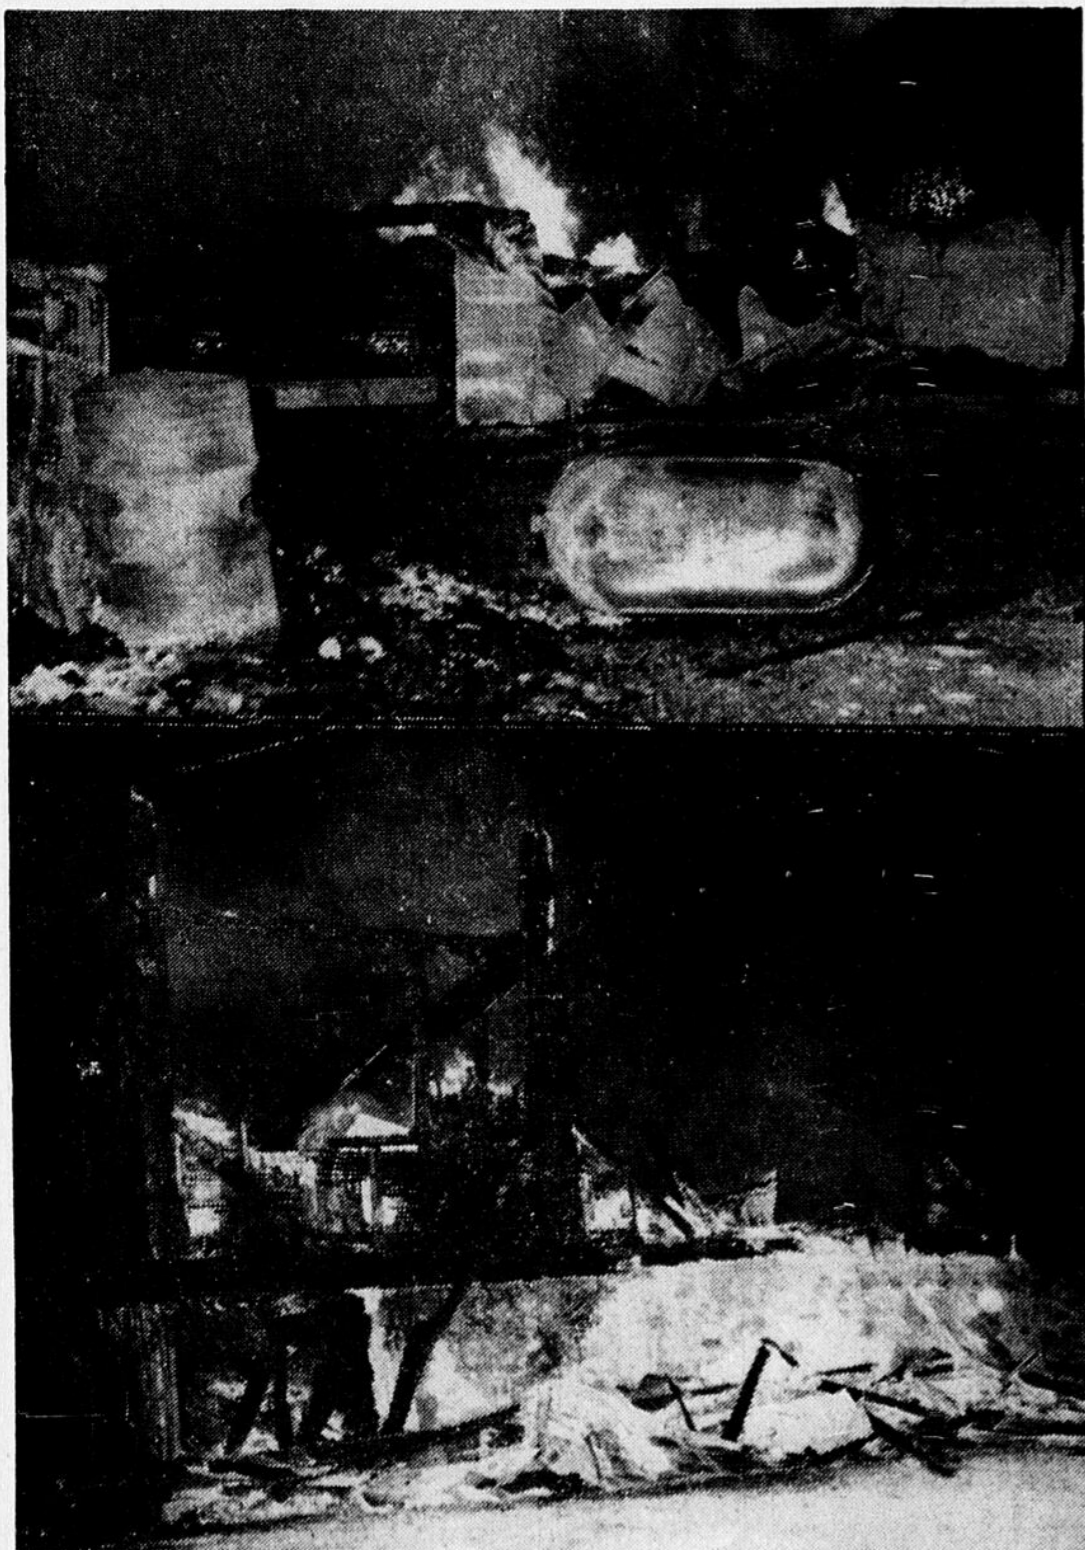

We cannot say much about the outcome of these meetings yet, but there is a determined attempt being made to have

important announcement will be made. Watch for this. In the meantime if you have not already contributed to this worthwhile and Centennial project, send along a contribution to Mr. R. L. Tinker, Huntingdon. Ask your friends to help also.

Small Accident

An accident in which two cars were involved, occurred last Friday at 2:20 p.m. on the New Erin Road. Mr. Fred L. Large, residing on Lake St., wanted to make a left turn on that road in front of Huntingdon Auto Parts. Mr. Florent Caza, 28 Dixon St. could not avoid the car and hit it at the rear causing damage to both vehicles.

Early Morning \$100,000 Fire At Athelstan

The top photo shows the fire at the Athelstan Sash and Door Factory and Grist Mill in an early stage. It is of the grist mill and shows the remains of the molasses tank with the truck standing nearby. The whole was lost. The lower photograph shows a later stage when the Sash and Door Factory was practically demolished. Later it all fell into the lower part where the flames can be seen as they burned fiercely.

ACCIDENTS IN AND AROUND ORMSTOWN

An accident which sent a bride and groom to mere hours of their deaths occurred on highway 4 near Ormstown at 6:30 Saturday afternoon, September 23rd. Charles Allen Abare of R.R. No. 2 Malone and his bride Gail, nee Gordon of North Bangor, were on their honeymoon trip to Montreal. When they reached Ormstown, they found themselves following a local wedding procession. Mr. Abare attempted to pass the line of cars, as he did so a car driven by Johnnie Brown of Howick, son of Edwin Brown, pulled out of line, thus forcing the American car, a 1962 Chevrolet off the road. The driver lost control and careened into a tree, near the Nicolas Gut home, resulting in the instant death of the 21 year old man. Mrs. Abare was taken to Barrie Memorial Hospital, where she died within the hour.

A Miss Mathieu of Ste. Martine was instantly killed when her car hit a tree near her home.

Miss Betty Snow of Montreal suffered severe head injuries when her car went out of control on the bush road near Clear Brook Game farm. She was rushed to Barrie Memorial Hospital where her injuries were found to be of such a nature she was sent to the Neurological Hospital in Montreal. Miss Snow's 1966 Plymouth was a complete wreck.

Romeo Guerin met with an accident on highway 14 on September 17th, as he was driving along the highway a car backed out of a driveway causing an oncoming convertible to veer to the middle of the road, hitting the Guerin car broadside. Mrs. Guerin suffered injuries.

A Rambler rolled over on No. 4 highway on Sunday, when police arrived on the scene, no one was around. A tow truck from Huntingdon later removed the vehicle.

Robidoux Meat Market Broken Into

Mr. Roméo Robidoux, owner of Robidoux Meat Market, Chateaugay St., Huntingdon had an unpleasant surprise when he entered his store last Wednesday morning.

He noticed that some items in the store were missing including an adding machine, all the music records which had been on display as well as other articles. Investigating further he saw that the back door had been broken. It appears that the thief or thieves entered by that door.

The P. P. and local police are investigating.

Havelock

HAVELOCK — Mr. and Paul Wheatley, and Mr. Larry Fagan of New York, Miss Clara Stacey of Montreal, have been visiting with Mr. and Mrs. Oasie Mannagh and Mr. and Mrs. Wesley McComb.

MOTHERS' MARCH OF DIMES CAMPAIGN THIS WEEK

Because of the severe weather conditions which usually prevail during the month of January, and because of several other important factors, it was decided that the annual Huntingdon Branch of the Legion sponsored Mothers' March of Dimes campaign for the Disabled be postponed until the Fall. It has therefore now been decided that the said March of Dimes Campaign will be commenced during the last week of September and ended with the "Porch-Light, Door to Door" solicitations on October 16.

As therefore, the General Chairman of the Campaign is Mrs. Anne B. Cameron, President of Huntingdon (Que. No. 81) Branch of The Royal Canadian Legion and her committee is comprised of members of the Branch and the Ladies Auxiliary thereof.

In connection with the Campaign, General Chairman Anne B. Cameron has said: "Most people are doubtless aware of same, but in case not, the Quebec Chapter March of Dimes was founded in 1946 by Quebec Command of The Royal Canadian Legion, which Command is comprised of Branches across the Province of Quebec.

"Its purpose originally was to organize the Polio Vaccinations which resulted in over two and a half million men, women and children, particularly children, being vaccinated with the Salk Vaccine, which thereby stopped the spread of that disease. Last year only two cases of Polio were reported in the Province, yet 1,975 former Polio victims were continued to be helped, regardless of race, colour or creed. In fact, in addition to the foregoing 1,975 patients helped, 306 non-Polio and 221 Hemophilic patients were helped, while the Chapter's Mobile Physiotherapy Unit treated 2,605 patients. In addition, a large number of Prosthetic appliances — including braces, boots, crutches, wheelchairs, walkers, hospital beds, etc. — were made available to the above and other victims of crippling diseases. And, in both connections, it may be emphasized that a number of those so concerned are residents of the Huntingdon Branch area.

"It is therefore hoped that those who may receive solicitations, either by letter or personal call, will give generously in aid of this great humanitarian project."

While a considerable number of Mothers and other Women have already offered their services, Mrs. Anne B. Cameron will be appreciative of any other offers of assistance, particularly in the county districts. It would therefore be appreciated if any such would phone Mrs. Cameron — Tel. 264-5426 — as soon as possible.

FRONT PAGE GUEST EDITORIAL

We Want Wendy At School

A pre-school girl who lives on our street, and whom I shall call Wendy, has just learned to ride a bicycle. Recently, coming home at noon hour I encountered her riding towards me. Except for the occasional wobble she rode quite well for a girl of her age.

Wendy is at that stage in life when the whole world lives for her, each new day is an adventure eagerly awaited, a challenge to learn something new. "She has a love affair with life."

At Huntingdon Academy teachers in Grade 1 look forward to the arrival of such little people each September, for their fresh enthusiasm and boundless energy are contagious and constitute one of the major joys in teaching the young.

Suddenly I was interrupted in my reflections as a car streaked from Bouchette Street in the direction of Dalhousie going at an estimated speed of 40/45 miles an hour minimum. The vehicle literally hurtled by so that I was barely able to get the license number. Fortunately no mishap occurred but the consequences could have been tragic had there been a wobble from Wendy coincident with the passing of this vehicle.

Girls like Wendy are not responsible. Sometimes indeed, so intent are they on what they are doing that they are completely unaware of automobiles. Yet their quick minds and active bodies can easily be spent by some thoughtless driver. The price of their protection is a constant vigilance by not only parents and law enforcement officers but all citizens.

Next September we hope to see Wendy in school; we want to see her love affair with life bear its multiple fruits. Will you help? A. M. Brockman.

Twenty Mule Train From Death Valley Passed Through Our Area This Week

A most unusual event took place on Sunday when the Twenty Mule Train passed through Huntingdon and other towns enroute to Expo. It had been in Malone and other nearby towns across the border a few days before and word was soon passed around that it had crossed the border into Canada and was on its way to Huntingdon. Cars were soon speeding toward Trout River to take a look at the replica of yesteryear. Many of them followed the train right into Huntingdon and beyond.

The train came through Huntingdon about noon on Sunday and it was quite a sight to behold. The twenty mules pulling a chuck wagon and a covered wagon, led by a front rider with out riders and man at the rear holding a red flag. The covered wagon was painted with the words "Expo '67 or Bust" "From Death Valley to Montreal Canada", and other such epithets. This train started out from Death Valley, California in April, 1966, and is expected to arrive at Expo about October 2nd.

The following is a story obtained by our Ormstown correspondent, Mrs. Bernice Cullen, after the train had stopped at Brown's. It gives a full account of how and why this started and some of the adventures along the way.

World's Only 20 Mule Jerk Line Team. Expo or Bust.

Like all youngsters, Gene Dehaven, Auctioneer and Cattleman of South Dakota, had a dream, a dream of adventure and excitement. On April 23, 1966, he with seven other men and boys, started out on that adventure which has far exceeded his wildest hopes.

Here we see the firemen as they battled against the fire at Athelstan in the early morning hours of Thursday of last week. While they managed to keep the fire confined to its own area, they were unable to save the important buildings. It was a total loss for the owner, Don Racine.

**Take A Bow
Mrs. Bazinet**

Last Sunday night immediately after the Ecumenical Service, in the Catholic Church, in Ormstown, the congregation was asked to go to Notre Dame du Rosaire School for a "Pot Luck Supper". As every one knows a pot luck supper is usually just that... a lot of pot and a great abundance of luck. We mentioned in our report last week that a remark was heard to the effect that, "If this is the pot luck, I'm in favor etc." During the week so many per-sons have suggested that this community effort should be

repeated at least three or four times a week. To our knowledge it was the first time that all the ladies of the entire area, pooled their culinary arts and presented their husbands, friends and guests with a veritable banquet, with little expense to any one family. Everyone pitched in to help. Mayor's wives, and the wives of the butcher the baker and the candle stick maker. It was all the result of one lady's willingness to get things going, by her simple acceptance of the job of chief organizer. Mrs. George Bazinet, of Ormstown smooth running project, she

was assisted in her work by Mrs. W. McGerrigle of the Anglican Church, Mrs. C. McGerrigle of the United Church, Mrs. H. Kerr of the Presbyterian Church and Mrs. A. Pionneau of the Catholic Church. This committee contacted ladies of their own congregations and together they proved that a society such as ours can and will do a job, second to none. Thank you Mrs. George Bazinet.

Athelstan Grist...

(Continued from page 1)

A Quebec Hydro truck was on hand to take care of any power lines that might prove to be a danger. Telephone communication was cut off as the telephone cable became damaged by the heat and flames. Both Huntingdon police and Provincial Police were on hand to direct traffic and other duties.

A large crowd of people was quickly on the scene and cars were parked on all roads leading to the fire. The Huntingdon Fire Dept. Booster pump did a fine job in supplying water from the river to the lines of hose being used and a good pressure was maintained.

While the loss is high in a number of ways, without the help of the various fire brigades, it could have spread to other buildings in the village very quickly. The wind was in that direction, but the fire scene was practically surrounded by fire fighting equipment.

A bystander stated that the person who gave the alarm was a Mr. Caza who drives a milk transport. He saw the fire as he was making his rounds and gave the alarm. It is not known if he was the person who knocked on Mr. Racine's door and gave the alarm there.

The Creamery at Athelstan is now the only remaining industry in this village, which at one time only a few years ago boasted several. One by one they are disappearing for various reasons, but this latter is the most disastrous so far.

Since the foregoing was written it has been ascertained that Mr. Racine is carrying on with his grist business with the help of a couple of other mill owners who have placed their facilities at his disposal. He has also retained his employees and is offering up the old mill in the Village of Athelstan with the idea of using this for his grist business. He is going to rebuild on his own property in the near future.

Twenty Mule Train...

(Continued from page 1)

losses and sickness. One man left the train shortly after they started. "Stomach Trouble, commonly known as... No Guts", said our informant. Two animals have been lost. On two occasions, mountain roads actually caved in and part of the train rolled over the embankment, resulting in the loss of nineteen men who were sent to hospital. Dehaven picks up followers all along the way, a group from Idaho was with the train when we interviewed them at Ormstown.

When asked how the train and crew have been received, Mr. Dehaven had no words to describe the hospitality, the kindness and the interest shown. Nat King Cole's son rode with the train for a day, the Governor of Wyoming greeted them and made presentations on behalf of the State. The State Flag was presented last week, in New York City and so the story goes, a long one of the unbounded interest of Statesmen and commoners. Schools have allowed the children to have half holidays to see the mule train... and Ormstown Quebec, was no exception.

If it was adventure the cowboys wanted they have had it, they have trudged through mud and slush, 25 days of constant rain, tornadoes, (when five tents were literally blown away) blazing sun and freezing weather have not dampened spirits. Even the run aways which caused concerned excitement were part of the fun... after it was over.

The twelve-year-old son who started out on the trip had to be sent back home for school, but will fly into Montreal to finish the last lap of the journey.

Dehaven told us that in all the time they have travelled they have not caused, or seen a single car accident.

Wait Disney's top Photographer was on hand at Mount Rushmore to take pictures, one of which Gene Dehaven will use as a cover for the book he will write about "EXPO 68".

5th Annual Open Golf Tournament Proves A Success

Dr. Fred Horsley, Chairman Royal Canadian Legion, Huntingdon Branch Golf Committee presenting the Irvin Laberge Memorial Trophy for low score to Cecil Brown at Malone Golf Club, September 16th, 1967.

All roads led to Malone, New York, on Saturday, September 16, 1967, as the Huntingdon Branch No. 81, Royal Canadian Legion sponsored their 5th Annual Open Golf Tournament at the beautiful 18 hole Golf course in Malone.

Golfers from the province of Quebec, Ontario and Northern New York State, were represented in the event. The weather was beautiful, the greens lovely and the first team got off to a shotgun start at 8:23 A.M.

A bountiful buffet supper was served at the Legion Hall to the golfers by the Ladies Auxiliary of the Branch. Dancing and fun was had by all during the course of the evening.

Trophies were presented as follows: — Cley and Tinker Trophy: — Cy Lepine, Malone, N.Y. (Annual) Ind. Low Gross. Chateau Trophy: — Ed Johnson, Malone, N.Y. (Annual) Ind. Low Net. Past President's Trophy: — Malone Golf Club represented by Geo. Gokey, Leon St. Denis, Vic Fayette and Ross Hunt (Annual) Team Low Gross. Huntingdon Branch 81 Trophy — Malone Golf Club

represented by Geo. Auger, Joe Convertini, Bob Lyng and Ed Lyng (Annual) Team Low Net. Bill Gordon's Duffers Trophy: — Geo Smith, Ormstown (Annual) Ind. Low Net. Irvin Laberge Memorial Trophy: — Donated by Laberge and Lalonde Ltd. Cecil Brown, Huntingdon, Que. (Annual) Ind. Low Net: — Huntingdon Area Residents. Riverside Motors Trophy: — Ladies Individual Low Gross. Kay Cartwright, Kingston, Ont. Huntingdon Dry Cleaners Trophy: — Ladies Individual Low Net, Jean Machan, St. Lambert, Que. The Royal Canadian Legion Branch No. 81, wishes to acknowledge with thanks the generous donations of gifts from the Huntingdon Merchants and dealers who contributed the following items for prizes.

Cecile's Gift Shop, Pillow; F. Lefebvre & Sons, Scarf; Elite Dress Shoppe Ladies evening bag; Mercedes Dress Shoppe, Kleenex box and towels; S. J. Currie, Cutting pliers; R. Menard Grocer, Cigarettes; Empire T.V., Electric Iron; Roland Lavallee Grocer, Cigarettes; Braithwaite Bros., Dec-fir, for here was something that could wipe out all that lifetime had built. And then there were those who came from beyond its limits, which brings to mind one such per-son a fireman Donald Grant who I am told, lay on his back under a small bush, and sprayed water to keep the back of the old Elder gris mill wetted down, knowing at the same time that the heat being so intense he would experience some difficulty if he should try to get out. Being more or less forced to lie there, he remained in that position for about three-quarters of an hour, holding the hose upright to keep that portion of the building well soaked.

No doubt the saving of that building was the key to the saving of a large section of the village, with the wind that was blowing at that time, the sparks from the clap-board sides of the burning building, were hurled overhead to points down the Lost Nation road. It was those sparks which happened to fall in the village that caused a lot of apprehension, but each individual family took care of them as they landed on their property. They used brooms, shovels, others had pails of water some had garden hose hooked up, they left the fire fighting to the firemen, while they tried to keep things under control at home.

Athelstan

The conflagration which hit this village last Thursday morning and destroyed the Athelstan Sash and Door and the Grist Mill is better told elsewhere in this paper together with pictures.

I will therefore confine what I have to say to the behavior of the people in this village. How they acted, what they did, when they were awakened, and saw every-thing lit up by a huge ball of

As the fire gradually began to burn itself out, the ladies made coffee, and with sandwiches and do-nuts served the firemen who had come from many points south of the border and from Huntingdon. The ladies are to be commended on the manner in which this task was taken care of, and wish to thank those who contributed coffee, salad dressing and fillings. The people of the village are I am sure grateful to (Continued on page 4)

This and That in Town

THE MULE TRAIN that crossed the border at Trout River early Saturday p.m. created quite a bit of excitement in Ourltown on Sunday. Sunday night the mules and mule-tenders stopped over at the Dewittville Recreation Field and hit the road about 9:30 Monday a.m. All the way from Calee-for-nee-eye-eh by mule team! Of course, Expo is their destination, after which they head for New York City. Some people who saw the critters say they show the wear and tear of travel. If this is true, let's hope they are given a good rest and opportunity to recuperate in Montreal.

A TRAGIC ACCIDENT occurred Saturday afternoon at Ormstown in which a young couple married earlier the same day at Malone lost their lives in an automobile accident. (Read elsewhere).

PRESCRIPTION DRUG PRICES are expected to soar. CONFIDENTIAL TO MARTIN. Do you know a book-keeper who has a girl friend who leaves keys in ignition locks and then carefully locks all the doors?

YOU'RE ALL HEART, DAVE, allowing Dee to hitch-hike. We mean it.

MRS. JOAN SMYTHE arrived by plane last week from Los Angeles and is visiting friends and relatives in Montreal and Huntingdon, also calling south of the border around Malone and Massena. Joan STILL thinks L.A. is just about it. All we'll say here is that some boss there has the perfect Girl Friday.

ORCHARDISTS suffered heavy losses because of Sunday's windstorm.

POSTAL RATES are taking a hike. Can we hope for better service, or at least revert to the service accorded before August 1st?

M. M. "Mac" MACNAUGHTON and brother Tom were in the Lake Placid area a week ago and trouble ran into them near Titusville on the way home. Mac was cruising about 50 m.p.h. when he saw a young deer bound into view ahead of the car. "Tom, look at that little digger go!" Mac exclaimed. Those were the final UNprofane words he uttered since, to our knowledge, hardly were the admiring words spoken to Bro. Tom yelled "Look Out! Too late... Big Mommy Dear came leaping out of the woods and in three leaps was right in front of Mac's car. Fortunately, Mac and Tom escaped injury... unfortunately, Big Mommy died instantly. "The impact wrinkled the front of the car up like an accordion," Mac tells us, adding reflectively, "But we were glad Big Poppa didn't come charging from the back."

HEY MORGAN — Seems there was a fire drill at Huntingdon Academy one day last week and we know a few people who are still laughing at the reaction of one first-grader. When 7-year-old Morgan Thompson, son of John (Tobaccoist and News Dealer) Thompson and Mrs. Thompson heard the fire alarm, he raced to his locker and grabbed his lunch box. Those who know Morgan, chubby youngster, will appreciate what his parents say, "All he thinks about is food."

ANNE CAMERON, District Commander and President of Br. 81 Royal Canadian Legion, accompanied by John Cappiello, Membership Chairman Br. 81, wife Marion and Mary Elliott attended a combined Legion Council Meeting and Membership Clinic at North Hatley over the week-end. Representatives of branches from coast to coast were assembled and besides meeting some fine people, the local delegation acquired much worthwhile information that will be passed on

to all members of District 13.

DO YOU REMEMBER when the Mothers' March of Dimes annual campaign for funds was held in mid winter? It was cold and roads and lanes were sometimes blocked with snow. Following the last drive under such conditions, the local committee decided to postpone the 1966 campaign until the fall of '67. Well, here we are and we're pleased to announce that Mrs. Anne B. Cameron, President of Br. 81 of the Royal Canadian Legion, is again the General Chairman. Huntingdon has a high record insofar as collections for the Mothers' March of Dimes is concerned and the present committee hopes it can be even bettered in the campaign now underway. Donations are now being accepted and on October 16 there will be a door-to-door Porch Light Blitz in Ourltown. Your cooperation is needed (see article elsewhere).

MR. A. T. FORRESTER of Victoria, B.C. called recently to pay his subscription to the Gleaner. He informed us that this will be the 55th year that he has received the Gleaner. He also informed us that he worked in the E. C. McCoy store from 1906-1909 along with Ward Kelly and Annie Fennell, now Mrs. J. E. Wilson. At that time, among the business places on the south side of main street, were Dunsmore's furniture, J. E. Rolfe, dentist, Pringle and Stark Store, Sam Davis Livery, etc. Donald Houghton Bakery, Munro's Butcher Shop, Danny Walker Feed Store, Jim Oney Furniture, Jack Thornton, taxidermist. On the north side were Charles Lamb, The Barr Store, Chalmers' Store, Walter Shanks' Jewellery Store, with the Gleaner adjoining; Jim and Johnny Brown groceries, Barney Allen's Jewellery Store, John Hunter and Sons, Dixon's Store, Tony Cappiello, J. Fortune's Drug Store and McCoy's. A new lower bridge was built in 1907. We're pleased to report Mr. Forrester is enjoying fairly good health in his 80th year.

JUST THIS (again it's true and took place at Huntingdon Academy) seems many of the students drive their bikes to school and there was a time when some of the youngsters 'borrowed' their friends' bikes without permission. This habit caused considerable grievance and gradually, day by day, week after week, the teachers taught the youngsters they weren't to touch other people's property. Until last week, that is. Then a six-year-old boy was caught red-handed. Hauled up on the carpet, his teacher asked him if he was guilty. "Yes M'am." Didn't he know he was doing wrong. "Yes M'am." If that big boy who owns the bicycle had caught you, what do you think he'd have done? "Kick my..." Well, we haven't got it down on paper to sound as amusing as it was told to us, but it was the little fellow's reply, as natural as all get-out. We still haven't found out what teacher's reply was, but we imagine she just waved him away and turned around to laugh. After all, she asked the question!

ELECTRIC RANGES, refrigerators, washing machines, a dishwasher... antique chairs, bureaus, pair of brass candlesticks, dishes... lamps, beds, springs, mattresses... liquor cabinet, portable john for boat or camp, brand new white wool curling sweater... snow tires, winter tires, good tires... bicycles, tricycles, skates, badminton racquets... brand new sunglasses that retail for several dollars per pair... radios, TVs, record players... knickknacks... name it, the Rotarians have it at the Remain Menard building on Henderson St. Auctioneer H. P. Jake Higgins will have it all on the Auction block this Saturday afternoon. Don't miss this, there'll be fun and bargains.

THE ROTARIANS canvassed the streets in town on Saturday for articles people wished to donate for the Sell-O-Rama, but for what we've been told, some homes were missed. A phone call to any Rotarian BEFORE Friday, will result in your offering being accepted for Saturday's Auction.

THE QUEBEC Provincial Bilingual Conference of the Fellowship of 71... will take place on October 20th, 21st and 22nd, at the Queen Elizabeth Hotel, 900 Dorchester Street, W., Montreal. A A is known in 90 countries throughout the world. There are 8167 groups in U.S. and 1282 in Canada. Our Association deals with alcoholics who have a problem and want to solve it with the help of other members who are suffering from the same disease. It is operating successfully at a percentage of 50% at the

first contact, according to statistics. Special rates for rooms are granted to members who mention that they are attending the Conference. Many members will like to make the Conference coincide with EXPO '67.

Howick

HOWICK — A group of 117 people which included the 3rd year Agriculture Students from Macdonald College and several staff members enjoyed a hot roast beef dinner complete with home made pies and buns on Saturday evening at the Cafeteria of Howick Elementary School.

They had left the college at 7:30 a.m. and had spent the day visiting places of interest at Abbotsford, Sherrington, etc., and were hungry as college students can be.

Gladys Hope, Convener of the Social Committee of Howick Home and School Assn., assisted by 12 or more ladies worked at the school during the day or evening and were called from the kitchen to be thanked by the visitors.

One of the students in his remarks said the nominations were in for class president but he suggested one more name be added — that of the lady who had made the buns. Mrs. Frank Hope of Allan's Corners had made and delivered the buns, and stayed to help the ladies, so she was "Madame President" from then on.

This is Monday, Sept. 25, and the Crawfords are celebrating a wedding anniversary. The morning has been spent writing Gleaner notes and preparing a citron for preserves — one of Jim's favourites. They went out of style sometime in my youth and the reason may have been that families are smaller now and there are not enough children around to pick out the seeds. I can remember doing that for my mother. It was great fun for me and a time saver for my mother. I realize now.

This citron hasn't been precision diced like my mother's were but I'll call it a small centennial project. One of my more ambitious centennial projects is to learn how to bake bread. My better half has lived through two bakings now and if I persevere I may have most of the problems licked by Dec. 31. Mrs. William Hope and Mrs. Frank Hope and Mrs. Murray and Mrs. Marsden will be quite safe from any serious competition for some time to come.

Well, that mule train is supposed to arrive at Melville Brown's farm at 1:30 p.m. so the wedding anniversary celebration might as well include that novel form of entertainment. Maybe they will invite us to have dinner with them — the people not the mules. We'll tell you more about that next week.

Mr. and Mrs. Allan Palmer, Mrs. Gertie Steele and Miss

Aubrey-Riverfield

AUBREY-RIVERFIELD — Mr. and Mrs. Wm. Stacey spent the week-end with Mr. and Mrs. Bert Peddie.

Mrs. Albert Ogilvie of Lachute and Mrs. Russell Logan were guests on Monday of Mr. and Mrs. McMahon.

Mrs. Finlay Milne spent several days last week with Mr. and Mrs. Charles Judson and family at Pierrefonds.

Mr. and Mrs. Wilbert Gruer, Holly and Danny enjoyed a holiday in the U.S. recently when they visited with Mr. and Mrs. George Endres of Albany, N.Y., Mr. and Mrs. Jim Nelson and family of Bennington, Vermont and also visited the Fair at Springfield.

Wednesday, September 27th, 1967

The Gleaner - 3

Mass. Ian Bunbury of Summers-town, Ont., spent the week-end with his grandparents, Mr. and Mrs. Robert Templeton.

Congratulations to Mr. and Mrs. Roy Angell who celebrated their 20th Wedding Anniversary on Saturday at the home of her parents, Mr. and Mrs. George Graham. Congratulations are also extended to Mr. and Mrs. Graham who were celebrating their 50th Anniversary on the same day. Many people from this vicinity attended the double celebration to tender their good wishes.

David Horner and Mary McCague of Queen's University were week-end guests of Mr. and Mrs. R. B. Ness.

The Glad Tidings.

We hope to see the community well represented at the Centennial Fellowship Hour on Sunday evening in the Howick High School. Everybody will be welcome.

Meeting closed with the Auxiliary Prayer in unison and a social hour was enjoyed

over refreshments served by Mrs. Ronald Reddick and Mrs. Ralph Reddick.

Mr. and Mrs. Robert Templeton were overnight guests of the Bunburys in Summers-

town on Thursday and called on Mr. and Mrs. Herbert Es-

Baskin Reunion A Centennial Event For Family Members

Thomas Baskin came from Donegal, Ireland in 1824, on a ship hired by a number of cousins. He settled on a farm on the English River near Havelock and married Sarah Cowan, who came from Scotland.

About 50 descendants of their son, Thomas à Kempis Baskin (1850-1935) and his wife, Mary Kerr (1856-1942) met at the home of Mr. and Mrs. George Baskin, Howick, on Sunday, September 10th. This was the first reunion since 1938 so, many were meeting for the first time.

A delicious buffet dinner was served on the lawn and the afternoon was spent visiting one another.

Thomas (Kemp) and his wife Mary raised 11 children of whom 4 have died, Edith, Ethel, Birtle and Lizzie. The seven remaining children were present: Jessie, Mrs. Henry Wilson of Huntingdon, 87 years of age; Mrs. Katie Boyd, Ormstown; Mabel and her husband Donald Douglas of St. Chrysostome; William and his wife, the Rev. Dr. Grace Baskin of Calgary, Alta.; Mrs. Annie Ellerton and her daughter Jean, Albany, N.Y.; Edward Baskin, Ormstown; George Baskin and his wife Georgina of Howick.

The youngest child at the gathering was Karen Stackhouse of Otterburn Park, 2 years old, great grand-daughter of Thomas Baskin from Donegal and grand daughter of Mr. and Mrs. George Baskin.

Mr. and Mrs. William Baskin came from Calgary one week before the celebration and spent the time visiting relatives. After the gathering they motored to Albany, N.Y., accompanied by Mrs. Annie Ellerton and her daughter, and Mr. and Mrs. George Baskin. The following week they at-

tended Expo and on the Saturday night attended the Curlers' Barbecue. On Sunday they joined other relatives for afternoon tea at the home of Mr. and Mrs. Leslie Champ.

Canada's Centennial year, 1967, will linger in the memories of the Baskin family, when they recall with pleasure this wonderful gathering held 143 years after Thomas Baskin's arrival in Canada.

The GLEANER THE LEADING ADVERTISING MEDIUM IN THE DISTRICT OF BEAUMARQUIS. Published by The Huntingdon Gleaner Inc. KEITH HOWDEN, President and Publisher

A Product of the Yesteryears

ONLY in photographs and in the movies have we ever seen a twenty-mule train, but on Sunday we saw one in real life and we were taken back to the yesteryears when this sort of thing was a mode of travel.

The front rider and the outriders were all in position as it journeyed through our town and on to Expo '67. The covered wagon was emblazoned with the inscription, "Expo '67 or Bust", "From Death Valley to Montreal, Canada".

The outfit had stopped over in Malone, N.Y. for a few days and was proceeding on its journey to Montreal, which brings the end of the long trek from California almost to an end. It is expected they may reach Expo '67 by October 1st which is the schedule outlined.

Oh well, perhaps it does one good to get a glimpse of the past. These were termed the 'good ol' days' but we have wondered why. Perhaps our nerves were in better fettle and we were not so excitable. These days everything is speed, speed and more speed - it is almost possible to arrive at our destination before we have left the point of embarkation.

owner and to the community, which ever way one looks at it. Despite his loss, the owner is determined to carry on and will start again in other premises in the near future. Meantime he is carrying on with the help of other mill owners extending him the use of their facilities.

Fire losses each year amount to a large figure and if we can prevent them from occurring we are on the road to beating this demon who, once he gets to work, can be quite ruthless. He can even take lives and often does.

We are reminded of the danger of fire by the recent one which occurred at Athelstan and wiped out both the grist and the saw mills. A tremendous loss to the

The campaign still goes on however; it does not stop, for fresh uses for the money raised are being found and more and more research goes on until complete immunity may yet be found as in the case of so many other earlier diseases.

The money that has been contributed over the years has done much for the cause of stamping out polio which was its objective. Unfortunately as is the case in almost all of these things, a number had to suffer from the disease before a check could be found. It was money from the March of Dimes which did this finally and the Salk vaccine was discovered as a result of research.

day there are far less outbreaks than before because of the discovery of the vaccine. The campaign still goes on however; it does not stop, for fresh uses for the money raised are being found and more and more research goes on until complete immunity may yet be found as in the case of so many other earlier diseases.

The Mothers' March of Dimes will reach blitz proportions at the end of the campaign and then every house in town will be canvassed for a contribution. If you have not already subscribed by this time be sure to give as generously as possible then. This campaign has no doubt saved you and yours from the terrible results which polio can inflict. Show your thanks by giving generously.

ter of the sire Selwood Betty's Commander, and has a 2 year old record of 14,770 lbs. milk, at 4% fat to her credit. It may also be noted that Meredith Ladysman is a son of Betty's Commander from the Gengary, Ontario bred cow, Gengary Lady Luck 4th (Ex) with a 7 year old record of 17,094 lbs. milk, 673 lbs. fat, in 305 days to her credit.

Today's cow is different; she's a high producer, so she sometimes needs to be pre-milked before she freshens", says a condensation of a report by Dr. F.C. Nelson, Ontario Department of Agriculture, in Canadian Ayshire Review. "If a farmer doesn't pre-milk this cow before she calves, her udder could har-

TWENTY-FIFTH ANNIVERSARY

On Friday night, September 15th, a large number of friends, relatives and curlers gathered at the Huntingdon Chateau to celebrate the 25th anniversary of Mr. and Mrs. John Nussey of Riverfield.

On their arrival Miss Shyrl Nussey daughter of the bride and groom pinned a corsage of pink carnations on her mother and a son Myron presented a boutonniere to his father, after which they led the Grand March to the music of the Campbell orchestra.

Following the expression of many good wishes by the guests, all joined in dancing the anniversary waltz.

The head table was centered with a beautiful wedding cake, an anniversary gift from Mrs. Gruer, mother of the bride. The cake was flanked by pink candles and rosebuds.

Members of the wedding party of 25 years ago along with husbands and wives and members of the family were seated at the head table.

Mr. Keith Robb, cousin of the bride and president of the Riverfield Curling Club acted as master of ceremonies.

Congratulatory speeches were made by the best man, Mr. Alvin Nussey brother of the groom; Mr. Kyrke Nussey eldest son of the bride couple; Messrs Ronald Reddick, Burton Reddick and Douglas McGerrigle, cousins, Mr. John Campbell, close friend of the groom; Mr. Jack McAllister, brother-in-law; Mr. Ralph Smith cousin.

An envelope was presented by Messrs Douglas McGerrigle and Aubrin Reddick on behalf of the family and guests. Mr. Keith Nussey, second son of the bride couple made a presentation on behalf of the family.

Johnny and Beulah were very appreciative of the attendance of so many friends and thanked them sincerely for their gifts and kind wishes.

After partaking of delicious refreshments, the remainder of the evening was spent dancing to the delightful music played by the orchestra.

Friends from a distance included Mr. and Mrs. Alvin Nussey and Mr. and Mrs. B. Fowler of Worcester, Mass., Mr. and Mrs. Floyd Reddick, Picton, Ont., Mr. and Mrs. Wm.

Huntingdon Academy News

Pupils of Huntingdon Academy run across Canada
(Eric Sandmark)

The pupils of Huntingdon Academy are going to run across Canada for their Centennial Project. It sounds funny, but it's true! All the pupils (most of them, anyway) will run around the school yard during recess, noon hour, before school, and after school; and then they will mark down how much they have run, in a special book. There is one person in each grade who keeps score. If a boy runs a mile at recess, he'll then come to the person in his grade and tell him to mark down what he has run, and he will mark down a mile for that person. At the end of the day, Mr. Sandmark picks up the books and adds up all the mileage that all the children have run together. Then in the morning, he marks with a felt pen on the map on the bulletin board how far we have run. So far we have gone through Nova Scotia, Prince Edward Island,

New Brunswick and we are starting through Quebec. We have passed through eight big cities and towns — Halifax, Truro, Amherst, Charlottetown, Sackville, Moncton, Fredericton and Edmundston. Grade 5 is also making stories about the cities that we have passed through.

Beside the maps on the bulletin board there are pictures showing scenes of the provinces that we are running through. Now there are pictures of Prince Edward Island, Nova Scotia and New Brunswick on the bulletin board. It is fun to look on the map for towns with amusing names. Some examples of unusual names are Admiral Rock, St. Louis du Ha! Ha!, Blue Bell, Beaver Bank, Pleasantfield, Waverly, St. Modeste, and Eureka. Mrs. Leaman's English class are writing to the Chambers of Commerce across Canada for information which is handed to Grade 5 to write the reports of the cities

that we have run through. Mr. Greenbank's grade 7 is making a giant scrapbook from the information received from the Chambers of Commerce. Mrs. Frier's Grade 3 has made tiny flags with the name of each important city we run through. These are placed on the map as we run through these cities.

The real reason for the cross-country run is because Mr. Sandmark wants the pupils of Huntingdon Academy to keep fit and in shape to pass the Centennial Athletic

Awards. Who knows? Maybe, someday we'll really run across Canada.

Indian Chief Is Speaker At Huntingdon Academy

It was a special day at Huntingdon Academy recently when Chief Delisle of Caughnawaga, and Mr. R. Kelly, Deputy Commissioner of the Indians of Canada Pavilion, were guest speakers. Grades 6 and 7 assembled in the Auditorium to hear a lecture by Chief Delisle of the Mohawk tribe, while Mr. Kelly, an Indian from the Queen Charlotte Islands, talked to Grade 5 in a classroom.

Chief Delisle talked about Indian culture. He explained that each tribe had several clans, and each clan had a different kind of work. Chief Delisle's clan took care of the sick. He told us a story of how his clan got their job. A sick Indian went to the door of several teepees and at each door he received unsympathetic treatment. At last he was well received by a woman who cared for him until he was well. He thanked

her by giving her the directions for a brew. He said, "Whenever anyone is sick in the tribe, give this to them." He also gave her this advice: "When your children are naughty, hitting them will do no good. Just ignore them until they stop being naughty and ask forgiveness." This was the beginning of his clan.

After this talk he played a Centennial recording, made by the Indians to present their way of life. The recording began with a sad chant, followed by a monologue in which an old Indian laments about the abuses they had suffered at the hands of the white man. The song ended on a hopeful note, as it should for Centennial year.

A question period followed the speech and the recording. The pupils took advantage of this opportunity to increase their knowledge about Indian life.

Valleyfield

The regular meeting of the Valleyfield United Church U.C.W. was held in the Church

Hall on Monday, September 18. Mrs. T.W. Hargrave, the President, welcomed new members and guests. The Devotional Period was taken by Mrs. M. Anderson, Mrs. Karl Dennis, and Miss Anne Wilson. The Treasurer's Report was given. This was followed by the study period, based on the book, "The Church Grows in Canada". Mrs. Allan Molyneux was leader for the study and read portions from the Manual. Each member was given questions on current events such as Education

and the Church, Moral Issues, Biculturalism, etc., and then the group was divided into smaller groups for discussion. This was followed by the business meeting. Reports were given by the chairmen of the various committees. Mrs. Hargrave reminded everyone that the Fall Presbyterial Meeting would be held in Montreal West United Church on Oct. 12. The meeting closed with the Mizpah Benediction.

Refreshments were served by the hostesses.

Chateaugay Valley Historical Society in its excursion
the Missisquoi County Historical Society's Museum in Stanbridge East and to Fort Lennox on Isle aux Noix
Saturday, September 30
All members as well as non-members encouraged to attend.
Departure time: 9.00 o'clock from Miss Rankin's Convalescent Home, Huntingdon.
For further particulars and car accommodation phone:
Miss Rankin, Huntingdon, 264-5409.
Mrs. Hauver, Beauharnois, 268-3185.
Mr. Wilfred Bryson, Allan's Corners, 829-2946.

Would you believe
you can buy a full 4-ply premium Nylon tire for just a few dollars more than the tires that came with your car?
That's right chief! Just a few dollars more. Full four-ply Nylon cord construction! For premium tire safety. Premium tire performance. Premium tire styling. No wonder the Firestone Premium '500' is Canada's best-selling premium tire!
And no wonder we call it the '500'. This great tire is the direct result of building tires for the famous Indianapolis '500' race. Every Indianapolis race, for 43 consecutive years, has been won on Firestones. And last year, Firestone tires were on the winning car in every major Canadian race. Plus many important International events. Making those racing tires has taught us how to build more safety and more mileage into tires for your car... with the strongest 4-ply Nylon cord body on the road. The Firestone Premium '500' is proved at over 100 mph to keep you safe at 60. Isn't that the kind of safety you want for your family? You bet your life it is!

TWO PROVINCIAL SOCCER CHAMPIONSHIPS FOR CHATEAUGUAY

Last Saturday was another great day for Chateauguy Soccer.

Atomes and Mosquitoes of the Chateauguy Minor Soccer League beat Verdun and A Ma Baie teams by scores of 1-0 and 2-0 respectively, to win the Provincial Championships.

This is the first occasion that Chateauguy has won a Provincial soccer title, and to get two titles — and almost a third was beyond all wildest dreams.

Chateauguy Bantams played Verdun for the Championships last Sunday, and lost by the odd goal in a struggle which lasted from 1.10 p.m. to 3.40 p.m.

There was no score at the end of regulation play. In the first overtime period Pierre Hebert put Chateauguy ahead. Three injuries in quick succession weakened the Chateauguy team, especially when David Brown's injury was serious enough to put him out of action for the rest of the game. This reduced Chateauguy to ten "men", as they had no reserves. In the second overtime period Verdun forced the equalizer and then went on to score the winner in the sudden death third overtime period.

Glen Curie scored the only goal to give the Atomes the title. The scores for Chateauguy Mosquitoes were not known at the moment of writing.

Congratulations to Chateauguy's Soccer Champions.

GIRL GUIDES TREE PLANTING CEREMONY

The Girl Guides Chateauguy Division held a combined three-planting and dedication of flag ceremony at Dunver Road Park last Saturday afternoon.

Divisional Commissioner Mrs. Cooper was the principal Guide representative at the ceremony, at which Father Belanger of Our Lady of Perpetual Help dedicated the Guides' flag.

The tree planted was Canada's Centennial tree — the Almey Crab. Town of Chateauguy, Sports Director Phil Depatie was master of ceremonies, and planted the tree.

Mrs. Cooper, who does double duty as Divisional Chairman and as Leader of the 1st. Chateauguy Land

Rovers, (the Oopkips) has three Districts in her Division, including the recently formed Centennial District of Chateauguy, comprising Seigniory Park and the Colonia area up to Maple Boulevard. Mrs. James Hanna is the Centennial District Commissioner, and Mrs. Malvina Chart is District Captain.

Leaders are needed for the Girl Guide Companies and Brownie Packs of the Centennial District. There are also a few vacancies for Guides and Brownies.

The Centennial District is planning to develop a library and is seeking a volunteer librarian to put in two hours work twice per week.

Chateauguy Ramblers Have New Coach

A Chateauguy Ramblers' spokesman last week made it official — Coach Mickey Maguire has resigned. This development surprised Ramblers' supporters, whose team has won every match this season.

Ramblers' executive has appointed Tom Campbell to succeed Mr. Maguire as coach for the remainder of the season.

Mr. Campbell played college football for Indiana University for three years as a

Perspective:— Must This Go On?

By Russ Faughnan

The public has been taken again and what are you going to do about it? Probably nothing. After all, you've been taken before and didn't do anything except complain. And you should know by now that a few gripes do not cut any ice with those selfish, irresponsible, greedy people whose well timed strike could ruin Expo.

Well, that's not quite fair. Only 99 percent voted to strike. There are still a few honest men in the Unions concerned. Honest but lonely. Some of the others don't like it or just don't care. Most are at best, ignorant slob and at worst, bums who would sacrifice their country for a dollar. They are no better than Black Marketeers in war time. That's the Union bosses of today, blood-sucking traitors out for a buck.

Strong words? No! They are mild. That is obvious when you consider the facts. They did not call a strike and vote to go on strike in spite of Expo, they took their action BECAUSE of Expo. That is the fact that stands clear. A transportation tie-up in November would be just as inconvenient to us all. But during Expo, it's a marvelous opportunity to hurt Montreal, Quebec, Canada, the tourist industry, the concessionaires, everybody. And it could kill our greatest national effort ever, Expo 67.

It could turn out to be the best thing that could happen. With Labour-Management relations at its lowest ebb, with the Union-Movement becoming corrupted by its unfeeling power, maybe the public will at last realize it is time for action. Action that is at

ways available to John Q. Public if only he will get angry enough to get off his fat backside and make the effort.

This much is self-evident. First, workers must organize to avoid exploitation and to achieve their justly earned rights. Second, Collective Bargaining has proven to be the best way to win and protect those rights. Third, the ultimate weapon of Collective Bargaining, the strike, has proven to be effective but has become so ineffective as to be corrupted by its own power. It has become a social evil in that it deprives others of their equal rights. Therefore, there is one logical solution. Keep the justice and abolish the evil. Compulsory arbitration will guarantee justice as decided by the majority. This is the democratic way. Remember that Democracy is the system whereby one is free to do as he pleases, short of hurting someone else. The strike power in the hands of the Unions is not democracy, it is dictatorship.

Only you can decide what to do. You can sit on your rear and complain... or you can vote. Vote for politicians who will support Compulsory Arbitration. You must forget other issues put forth by that wishy-washy team of Johnson and Lesage. Ask your man, is he for Compulsory Arbitration or against it? Tell him, if he is, he gets your vote. If he is not, tell him he is out. If you say it like you mean it, he will listen. Make him listen. Compulsory Arbitration is the only answer, the democratic way to protect our interests. As always, you can do something if you really want to. You can vote.

And what of this strike. It's already over as far as I am concerned, in that it has succeeded in hurting Expo beyond repair. What is done is done. Now I hope the M.T.C. tells the men to go jump in

EDUCATION IN THE VALLEY

No. 111-12

1. Sincere regret is expressed for the additional two days delay for grade eight classes who entered the Chateauguy Valley Regional High School on Tuesday of this week instead of last Friday as previously announced. At long last most of the classroom furniture is in. There is still much equipment to come yet.

The school administration, teachers and students are to be commended for their outstanding efforts, co-operativeness and good spirit in the conduct of classes under the most trying and difficult circumstances over the last week. To the parents, too, go our

thanks for your forbearance and understanding.

2. Plans for continuing education — evening classes for adults — have had to take second place to the school organization for regular day students. Classes will not commence early in October as in previous years but are planned to open at the Howard S. Billings Regional High School in Chateauguy in November and at the Chateauguy Valley Regional High School in Ormstown in January. Watch for further details in this column next week.

R.D. Mosher, Director General

REPAIRS TO MERCIER BRIDGE NORTH SPAN

The southern span of Mercier Bridge reverted to two-lane traffic last week-end as repairs were virtually completed. A certain amount of repairs remain to be made, but it is hoped that this can be done in off-peak hours. A part from congested traffic at the peak evening hours for the early days of last week, the whole operation did not cause the major dislocation that commuters feared. Many motorists changed to the ten-mile longer route via Champlain Bridge, and found little difference in the time required to return home.

This week is the turn of the northern or Montreal-bound span. Asphalting the road is in process, and one-lane traffic will be the order of the day until the work is finished. Provincial Police report that the new paving will be completed this week, and advise motorists to use the Champlain Bridge route in the meantime.

CATHOLIC AND JEW CAN WORK TOGETHER

The concept of co-operation between Christians and Jews was expounded by Cardinal Paul Emile Leger as he accepted the "Family of Man" award from the Anti-Defamation League of the Canadian B'nai B'rith in a ceremony held last week at Expo Theatre.

Cardinal Leger stressed that such co-operation need not mean amalgamation nor any loss of identity or the basic principles of either group. He stated that such cooperation is not easy and even goes against the grain with most of us especially when we are involved with charitable works. Cardinal Leger noted that "we must learn to work together, to sacrifice together and to co-operate together if we are to accomplish anything of lasting value."

The occasion was a gala one attended by Montrealers and Quebecers of varied faiths. Honoured guests included, Sam Bronfman, Lt. Governor Hughes Lapointe, Expo Commission Shaw, Sam Steinberg and Mr. Justice Harry Batshaw who made the actual presentation of the award.

The meeting was chaired by Henry Blatt, the national chairman of the Anti-Defamation League, who noted that the event represented "a historical landmark in the relationship of the Catholic and Jewish communities of Canada."

The Family of Man award will be presented annually to the Canadian, regardless of ethnic persuasion, who has made a significant contribution to the development of understanding and mutual respect among his fellowmen. Cardinal Leger qualified as the first recipient for his work as an architect of the ecumenical spirit who has spurred our march toward universal brotherhood.

The program included an excellent performance by the University of Montreal Student Choir. Their selections included French Canadian and Hebrew folk songs. They were well received by the packed house. Altogether an excellent demonstration of co-operation and co-appreciation.

CHATEAUGUAY WOMAN KILLED

Provincial Police at Ste. Martine report that a Chateauguy woman was killed late last Thursday night in an accident on Highway 4. The woman, 30 year old, Miss Claire Mathieu of 288 d'Anjou Blvd., Chateauguy Centre, lost control of her car and crashed into a tree near Ste. Martine.

Ramblers Trounce North Bears

Chateauguy Ramblers consolidated their position as leaders of the Quebec Senior Football Conference with a convincing 26-0 win over last year's champions, Montreal North Bears at Laberge Park Chateauguy last Friday.

Bears took the field with only 18 players, and although they had all their best players, found the strain of doubling up on offensive and defensive teams too great a strain as the game progressed.

Bears did well to hold Ramblers to a scoreless tie at the half-way mark including holding the aggressive home team on the one yard line. But in the second half the odds of superior play and lack of numbers took a steady toll.

The first score came in the third quarter when Bears' Jeff Smith went behind the end zone line to punt. Ramblers' Jim Taylor blocked the punt and recovered the ball for a touchdown, which John Kazmerchuk converted. Also in the third quarter, Milton Green burst 28 yards up the middle for the touchdown, which was not converted.

In the fourth quarter full-back Russ Martin made a spectacular play following his own high punt. The Bears, trying too hard to force a no yards penalty on the advance Ramblers, permitted Martin to pick up his own punt. Martin then went all the way for a touchdown, which John Kazmerchuk converted.

Vic Carter then put Ramblers into a scoring position by making an interception on his own 35 yard line and carrying the ball all the way to the three yard line. Two plays later Hank Lapointe took the ball over for the final score of the game, as numerical scores to catch un-defeated Ramblers.

FASTBALL

Seigniory Park Wins Old Timers Playoff

Seigniory Park Old Timers made it a clean sweep last week-end when they defeated Colonia 11-5 in the third and decisive playoff game.

Seigniory Park had previously won the league title from Colonia, Salaberry Hotel and C.C.R.A. (Chateauguy Centre Recreational Association).

Russ King was the winning pitcher.

Bookmobile Itinerary For October

The Bookmobile of The McLennan Travelling Libraries will be in the Chateauguy area the week of October 16, 1967.

The Itinerary of this trip is as follows:

Mon., Oct. 16. Chateauguy — R.A. Jobber Elem. School and Adults — 9.30 a.m. — 12 noon; 1.00 p.m. — 3.00 p.m.

Tues., Oct. 17. Chateauguy Centennial Park Elementary School and Adults — 9.30 a.m. — 12 noon; 1.00 p.m. — 3.00 p.m.

Wed., Oct. 18. Chateauguy, Julius Richardson Elementary School and Adults, 9.00 a.m. — 12 noon; Ice Rink, Lanctot St., 2.30 p.m.

Wed., Oct. 18. Chateauguy, Seigniory Park, 9.30 a.m. — 10.30 a.m.

Wed., Oct. 18. Chateauguy, Newton St., 11.00 a.m. — 12 noon.

Wed., Oct. 18. Chateauguy, St. Louis Square, 2.00 p.m. — 2.30 p.m.

Thurs., Oct. 19. Chateauguy, Mary Gardner Elem. School and Adults, 9.30 a.m. — 12 noon; 1.00 p.m. — 3.00 p.m.

Imperial Gardens, Crown Homes and Chateau Estates

Let's hope the cool weather on the weekend won't stay with us for too long and that we'll have a glorious Indian Summer. Noticed a lot of folk out with winter coats and mitts on the week-end, and I wonder if we shouldn't get our woollies out of the moth balls just in case.

Mr. and Mrs. Ken Boyd of Ethier Street returned home on the weekend from a two-weeks trip to the southern United States. Hear you had a grand holiday folks. God well wishes to Mrs. G. McIntosh of Lament St., Chateau Estates, who is presently a patient in the LaSalle General Hospital.

A happy birthday to Mr. Ken Moody of Ethier St., who celebrates his birthday on September 28th.

This Friday is really the day for the wearing of the green at the Kavannah house hold for it's the day Mrs. Kavannah's two sisters arrived from Ireland for a 3-weeks visit.

Town And School Board Sign Ten-Year Convention

Ceremonies were held in Notre-Dame de L'Assomption Park last week-end to mark the formal agreement between the Town of Chateauguy and the Catholic School of Chateauguy to exchange gymnasium and parks facilities.

Mayor Joseph Laberge signed on behalf of the Town, and Commissioner René Laberge for the School Board.

Included in the ten-year agreement — the first of its kind in the Chateauguy Valley, were the gymnasiums and washrooms of St. Willibrod School, Pie XII School and N.D. de L'Assomption. Town Sports Director Mr. Phil Depatie informed The Gleaner last week-end that a full programme for twelve months of the year has been developed.

Track and field meets are planned for later this year, and hockey will start as soon as weather permits.

Although this is the first formal agreement between the parties concerned, various programmes have been held in the past as a result of verbal ad-hoc arrangements.

BUS SHELTERS INSTALLED THIS WEEK

One of two bus shelters ordered by the Town of Chateauguy has been delivered, and the second shelter is expected any day.

The two shelters are due for installation on Dunver Road and St. Francis intersections with Routes 3 and 4. Erection of both units is expected to be completed this week.

Memorandum from McLeod

Correspondent: Mrs. Edith Bate
282 McLeod Ave. 692-9450

Route Bay: Peter MacLean
246 McLeod Ave. 692-9669

Bus strike or not, I decided to go to Expo last Friday and make my own observations on the effect of such a "disaster". On arrival at the Victoria parking lot, I looked with misgivings on the little Ballade vehicles and wondered how they could cope with the crowd. I need not have worried because they seemed adequate.

For one thing loading passengers is a breeze compared to the buses. It's fast and three to a seat. It was raining slightly when I arrived, but although a wee bit drafty, the Ballade proved to be just fine.

The Expo Express was another thing entirely. Thronged of people waiting and it seemed to me — hundreds of school aged children. Permit me a little bit of sarcasm: they couldn't get to classes because of the transportation strike but Expo was quite easy to reach.

The line-ups at some of the more popular pavilions were much shorter and in some cases no waiting at all.

The Blenkhorns of Lang Street in Colonia had a guest recently in the person of Miss Maureen Flint, of London, England. Twenty-one year old Maureen should be nicknamed "Marcia Polo", because her travels have taken her from one end of this continent to the other — north, east, south and west.

To begin with, Maureen received the Blenkhorns' address from a friend of a friend of a mother-in-law or something and it was the address at which the Blenkhorns lived twelve years ago. However Maureen's persistence paid off and she arrived here in Chateauguy two weeks ago and stayed for a few days. She is a student, has just received her B.A. from Bristol University majoring in Economics and History. She came to Canada on July 21st with only \$150.00 Canadian funds, two suitcases and a large shoulder bag, which contained a spoon, can opener and a camera besides the usual feminine knick knacks. Her ticket cost her (in England) \$160.00 return, obtained through a British University — North American Club. On arrival in Canada she purchased an unlimited travel ticket at Greyhound Bus Co. for \$99.00 which entitled her to travel anywhere in Canada and the United States. She "borrowed" names and addresses of people all over the two countries and usually was able to find bed and board with most of the people.

Seigniory Park Curbstones Given Green Light

The Department of Municipal Affairs has given approval to the Town of Chateauguy's By-Law for curbstones, sidewalks and enlarging of the pavement on Elmridge, Concordia, Rideau, Doucet, Woodbine, Olivier, Crestwood, Willow Oak and Spruce Streets in the section of Seigniory Park above the transmission line.

The contractor has been notified and work is expected to begin this week.

Last July, a referendum was held on this By-Law, and a majority favoured the improvement.

In this same area, the Town has requested Hydro-Quebec to complete the street lighting.

THE PRO SHOP

The Alouettes and the Tiger Cats have played the dullest football game of the year. At least, we hope so. We could not take many more where two teams score 20 points, but only one touchdown.

That just has to be dull. We have never been one to say "hang the Coach" but let's face it, Mr. Dalton is making a few mistakes, unprofessional ones. This constant switching of quarterbacks in a game, cannot produce the confidence needed to lead a team on the field. Now, he has taken to sending in every play. In so doing, Dalton must accept responsibility for a poorly called game. Make no mistake, we believe that the Als have a good team. They have the best defence in Canada and the potential for a top offence. All they need is the catalyst to make things go. In other words, a leader.

Next week, we will see a new leader. There seems little doubt that Carol Williams will get the call for the next game if he gets the chance to do the job and if he is allowed to play the full game, he might prove to be the one. If he is, we will certainly welcome him but not without a measure of regret from this body.

I am going to list some of the places we travelled to besides our own area here and Montreal. Ottawa, Toronto, Niagara Falls, Cleveland, Calgary, Banff, Jasper, Vancouver, Victoria, Seattle, San Francisco, Los Angeles, Salt Lake City, the Grand Canyon, San Antonio, New Orleans, Miami, Washington, New York, Boston and back to Montreal.

The day she was in Banff, she met a bear while on a stroll, and this was the same day the campers were mauled by bears in the area. She was very impressed with the vast distances here compared to England; with the great friendliness and generosity of everyone; the Grand Canyon and Niagara Falls; and if she were to live here she would choose either Vancouver or San Francisco.

Maureen also visited Expo and in addition 15 Montreal churches of various denominations.

In her wardrobe she had 2 pairs of slacks, 3 tops, 2 sweaters, 1 suit and several pairs of shoes. She kept her clothes clean by visiting Laundromats. If she could not find a family to stay with overnight she slept on the bus.

When Maureen returns to England she enters London University for a post-graduate course in Education. While studying, she is to be a student teacher in Divinity to a 14 year to 18 year old group of young people. What a wonderful experience for such a young person, to have a trip of this sort; to meet so many people and see so many things.

Now, back to Chateauguy. May I offer congratulations to Alice and Stuart Brown of Ashmore St. in the Terrace, on reaching their 16th wedding anniversary last Friday Sept. 22nd. This is a little late but these things happen around here all the time. Many more happy years together!

I had a phone call last week from Mr. Jim Waite of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America. This is directed towards male readers of this column and I will quote Mr. Waite — "If any man in the area is looking for enjoyment, fellowship, a worthwhile cause, or just a place to sing his head off without upsetting his wife or his neighbors, join the SPBSO-SA-ers". Mr. Waite is eager to enlist members for the Lakeshore Chapter of the above, and he would be willing to give all information on telephone by calling him at 691-9380. The group meets every Tuesday evening at 8 o'clock in the Hall of the Church of the Resurrection, corner of Mount Pleasant and Queen's Road in Valois. So come on fellas, release those tensions by giving voice in a melodic way and unwind after a hectic day at the office.

There will be 105 drinking fountains in the streets and squares of Expo 67; 336 public telephones and enough chairs and benches for 9,000 people.

The GLEANER

Chateauguy News Notes

The Centre's Council adopted by-law number 657 at a meeting held on Sept. 19th, for the provision of water and domestic sewer system, surface drainage works and macadam paving, curbstones and sidewalks on part of Maple Street from Highway 3 to the limits of the Town of Chateauguy Centre. A loan of \$72,200 will be required for the work and a public meeting will be held on Oct. 2nd from 7 to 9 o'clock in the Council Hall at 1 Richard Crescent.

At the same meeting by-law 658 was also adopted, to acquire parts of lots P-215 to P-221 inclusive, in order to open a public street, an extension of Primeau Street.

The skating rink at Langlois Park including the shack are being transferred down the hill to Laberge Park on Salaberry.

The Parks Committee of the Town submitted a program of equipping the skating rinks at an estimated cost of \$15,000. It was accepted by Council.

Early last May, we reported in these News Notes that the Town of Chateauguy was to sponsor two benches at Expo '67, with a suitable plaque attached. Has any Chateauguy resident rested their weary bones on these benches? We ask only out of curiosity, as we have been unable to locate these benches in the vastness of the Fair.

The curbstones by-law for Upper Seignior Park has been approved by the Provincial Government, and work is expected to commence this week. See further details elsewhere.

Miss Claire Mathieu of Chateauguy lost her life in a car accident in Ste. Martine last week. See further details elsewhere in this issue.

Chateauguy Ramblers coach Mickey Maguire has resigned and Tom Campbell has been appointed coach for the balance of the season. Ramblers are now runaway favourites to win the Quebec Senior Football Conference. See stories elsewhere in this issue.

Chateauguy won two Provincial Soccer Championships last week-end. See details elsewhere.

Education in the Valley this week contains a paragraph concerning Adult Education. See the details for both Howard S. Billings and the Chateauguy Valley High Schools in this issue.

Centre Police still continuing their routine duties. This reporter thought a story was in the offing last Monday morning when the Centre's Fire Truck was seen outside its garage. However it seems that the said garage was in the process of a Fall clean-up — hence the vehicle parked outdoors.

Town Police report 4 traffic accidents in the area last week, two of them minor. In one accident on Sept. 19th, at 5:00 p.m., corner of the highway and Dunbar Road, an 8 year old boy was struck by a car. The boy was examined by Dr. LaBarre and found to have no serious injury. He was treated for a small scratch.

In another traffic accident at the corner of the Highway and St. Francis Blvd., two cars were very heavily damaged when they collided. Car number one was proceeding north to south with the green light and car number two driving south to north attempted to make a left turn on to St. Francis. No injuries were suffered by persons involved.

Rumors are flying around Town once more on the changing of the name of some of the numerous Lang streets. One Lang street runs from Salaberry up to Edward Street. The next one runs from Ross to Langlois and still another runs from Vanier to Royal and the fourth from Colville to Lockhart. Pity the poor drivers of commercial vehicles — not to forget visitors to the area. We had a report from one resident of Lang in Colonia that her friends took two days to find their home. They were a little amazed at the duplication of street names. Perhaps originally they were all meant to join up in one long street such as St. Francis is now, but somewhere somehow builders just put houses where it was impossible to continue the full length of Lang. One name under discussion for one of the streets is Michener. We hope residents don't make the mistake of having their Christmas Cards and stationery printed too far ahead.

Chateauguy Lions Club is launching their usual Christmas program in the very near future — so says Ed McElroy of that group.

There is a possibility that the new Centennial Park School (Elementary) will be officially opened next week. Parents will be able to see the school and attend an informal meeting. Notification will be made by the school, by an invitation given to the students to deliver to parents. Watch for the notice. A similar evening is planned for the new Robert Jobber School in Seignior Park in the near future.

Calvary Baptist Church News

Last Sunday was Rally Day, when Sunday School classes resumed. Miss M. Petit Clerc was guest speaker. Miss Clerc told of the Child Evangelism Fellowship, which is dedicated to reaching children for Christ in areas where there is no Sunday School or Bible teaching ministry.

The Church Life Conference gets underway on Friday, September 29th with a Leadership Banquet at 6:30 p.m. especially for pastors, deacons and superintendents. At 8 p.m. an inspirational and instructive series of meetings will begin with Dr. Sumner Wemp of Moody Bible as the theme speaker. This is also the beginning of a two year programme of total evangelism both in visitation and from the pulpits and classrooms of the Southern Quebec Association churches.

The Ladies' Missionary Fellowship was due to hold its pot-luck supper last Monday evening at Brittain's, 121 Daniel Street. The supper was postponed from Sept. 11th.

Tonight (Wednesday) is the Midweek Prayer meeting at 8 p.m. It has been aptly said that "if absence makes the heart grow fonder, many a church member must be in love with the prayer meeting."

On Friday, at 7:45 p.m., all members are invited to an

News from Ormstown

Covering the activities of the "LITTLE ROYAL" EXHIBITION CENTRE

Mr. Hugh Chambers Visits Porto Rico

Ninety two year old Hugh Chambers of Ormstown has just returned from a trip to Porto Rico. Mr. Chamber's nephew, Hamilton McLean, persuaded his uncle, to travel to New York, where he stayed, until necessary arrangements were made for the trip, by air, to Porto Rico. In a recent interview with Mr. Chambers we learned that he actually went in swimming several times, he told us of the beautiful white beaches, the warm weather and ("at times"), he said twenty foot waves roll in over the beaches". Porto Rico is 100 miles long and thirty miles wide, so our young 92-year-old was able to tour the island in a rented car. Mr. Chambers made particular mention of the double lane road which led up to Porto Rico's highest peak, he learned that it was built by the U.S. Government. The beauty of the country and the hospitality of the people is something Mr. Chambers will long remember.

Ormstown Needs A Guide Captain

We have learned recently that the Ormstown Guides and Brownies are keen to begin their winter programme. Brown and Tawny Owls, Betty Bourassa and Dot Mills have already planned their work with a large enrollment. Mrs. Dorothy McCallum President of the local Association sends out an appeal for anyone with previous Guiding experience and a flair for leadership, to please offer her services as a guide Captain, to assist Lieutenant Peggy Rowe. There are a number of girls of Guide age in the area and since Ormstown has the only special Communion services on the first Sunday of October each year, its purpose is to demonstrate the oneness in Jesus Christ in the common observance of the Lord's Supper. A pre-Communion service was held in the Church last Sunday evening, followed by a time of fellowship in Memorial Hall.

The September General Meeting of the United Church Women was scheduled for last evening, Tuesday, Sept. 26th at the Montreal City Mission.

Pathfinder Scouts meet in Memorial Hall on Mondays at 7 p.m.

The Trustees of the Church were due to meet yesterday (Tuesday) evening in the home of Mr. and Mrs. Sidney Mode.

ST. ANDREW'S NOTES

Rev. Howard C. Fraser's sermon last Sunday morning was the third in a series of four on the Book of Jeremiah. The theme of the sermon was "The Potter and the Clay". The Old Testament Scripture Lesson was also from the Book of Jeremiah — Chapter 18, verses 1-12.

The Choir sang the Hymn "Have Thine own way, Lord!" from "Songs of the Gospel."

The Sacrament of Holy Baptism was administered to Sharon Elizabeth Rathwell, born July 11, 1967, daughter of Mr. and Mrs. D. Allen Rothwell, 93 Violet Street, Chateauguy Terrace; Andrew John Butler, born June 20, 1967, son of Mr. and Mrs. Edward C. Butler, 85 Violet Street, Chateauguy Terrace and Peter Roger Bouchard, born August 8, 1967, son of Mr. and Mrs. Guy Bouchard, 176 Gendron Street, Chateauguy Centre.

The Sacrament of Holy Communion will be held next Sunday morning. Most Protestant denominations hold special Communion services on the first Sunday of October each year. Its purpose is to demonstrate the oneness in Jesus Christ in the common observance of the Lord's Supper. A pre-Communion service was held in the Church last Sunday evening, followed by a time of fellowship in Memorial Hall.

Public Notice

TOWN OF CHATEAUGUY CENTRE
PUBLIC NOTICE

PUBLIC NOTICE is hereby given by the undersigned, Laurier Legault, Town Clerk of the Town of Chateauguy-Centre, that at a meeting held on September 19th, 1967, the Municipal Council of the Town of Chateauguy-Centre has adopted by-law No. 658, entitled:

BY-LAW NUMBER 658:

By-law to acquire parts of lots P-215, P-216, P-219, P-220, and P-221, shown on the official plan and book of reference of the cadastre of the Parish of St. Joachim of Chateauguy, Registry Division of Chateauguy, for the opening of a public street for the extension of Primeau Street.

This by-law is now deposited at my office, at the Town Hall, 25 d'Anjou Blvd., Chateauguy-Centre, where all the interested parties may take communication of same during normal office hours.

Given under my hand and the seal of the Town of Chateauguy-Centre, this 20th day of September 1967.

LAURIER LEGAULT,
Town Clerk.

Public Notice

TOWN OF CHATEAUGUY CENTRE
PUBLIC NOTICE

PUBLIC NOTICE is hereby given by the undersigned, Laurier Legault, Town Clerk of the Town of Chateauguy-Centre, that at a meeting held on September 19th, 1967, the Municipal Council of the Town of Chateauguy-Centre has adopted by-law No. 657 entitled:

BY-LAW NUMBER 657:

By-law providing for the installation of a water and Domestic sewer system, and surface drainage works and also for the confection of macadam paving, curbstones and sidewalks, on part of Maple Blvd., from Provincial Highway No. 3 to the limits of the Town of Chateauguy Centre and a loan of \$72,200.00 to that effect.

This by-law is now deposited at my office, at the Town Hall, 25 d'Anjou Blvd., Chateauguy-Centre, where all the interested parties may take communication of same during normal office hours.

PUBLIC NOTICE is also given that it was UNANIMOUSLY RESOLVED that a public meeting of all the electors who are proprietors of immovables concerned will be held on October 2nd between 7:00 and 9:00 o'clock P.M., at the Council Meeting Hall, at 1 Croissant Richard, Chateauguy-Centre, and that there and then said by-law will be submitted to those said electors, according to Law.

Given under my hand and the seal of the Town of Chateauguy-Centre, this 20th day of September 1967.

LAURIER LEGAULT,
Town Clerk.

Seignior Park

(Cont. From Chat. Front Page)

ent acquisition of a projector its Centennial Project.

The Bookmobile of the McLennan Travelling Libraries will be at Seignior Park on Wednesday morning, October 18th. Sadly, this will be the final visit of the bookmobile.

In the Robert Jobber kindergarten, physical education classes will begin sometime in October. "Show and Tell" projects are now underway, when each child takes along a favourite toy, book or whatever and tells all about it to the other children.

Now is the time for all good gardeners to plant shrubs, bulbs, et cetera, for growth next Spring. Our old friends

Tenders for fuel oil

Protestant School Municipality of Chateauguy

Tenders are invited by the Protestant School Municipality of Chateauguy, for the fuel oil requirements for the school year July 1st, 1967 to June 30th, 1968.

Approximate requirements
15,557 gallons Grade No. 5 fuel oil
14,930 gallons Grade No. 2 fuel oil.

Tenders will be received at the office of the Secretary-Treasurer, 75 St. Jean Baptiste Boulevard, Chateauguy, until 5 p.m. October 2nd, 1967.

The Protestant School Municipality of Chateauguy does not bind itself to accept neither the lowest nor any of the tenders received.

Peter L. Ross, C.A.
Secretary-Treasurer.

Dundee
DUNDEE — Mr. and Mrs. W.S. Smellie were recent weekend guests of Dr. and Mrs. Malcolm Madsen at Greenfield Park. While there they visited Expo. Mrs. Smellie spent the past week visiting relatives in Cornwall, Ont.
Last Thursday's church school meeting was held at the home of Mrs. S. Staveley. Book prizes are to be awarded again to the youngsters who have the best attendance at church school with the understanding that after they are read they will be donated to the church-school library. A Christmas supper and entertainment is planned for early in December.
Mrs. Mary Davidson accompanied Mr. and Mrs. Keith McPherson and family to Valleyfield on Sunday, where they were dinner guests of Mr. and Mrs. René Lézer.
Congratulations to Mr. and Mrs. Vollen Hastings (Barbara Roach) who are the proud parents of a baby son born in a Montreal Hospital this past week. Barbara and Vollen have three daughters, Linda, Karen and Valerie.
Mr. George P. Elder was released from hospital on Saturday afternoon and is comfortably 'settled in' at the home of his son, Mr. John D. Elder, at Athelstan.
News has been received of the serious illness of Mr. Adrian O'Reilly of Kingston, Ont. and formerly of Ste. Agnes and Dundee. He suffered several coronary attacks recently and was a patient in the intensive care area of Kingston's Hôtel Dieu Hospital. A temporary pacemaker had been placed in his arm, and it is believed that this device was responsible for saving his life, as the attacks, about ten of them, lasted about 18 to 30 seconds. Best wishes from his many old friends go to him for a successful recovery.
Mr. Mario Quesnel, son of Mr. and Mrs. Lucien Quesnel has entered the University of Sherbrooke. His parents, Mr. and Mrs. Lucien Quesnel, Pierre and Michel motored to Sherbrooke with him on Sunday and were accompanied by Mario's uncle, Mr. Aristide Quesnel.

with standout features that stand up to the tough jobs

with the '68 Job Tamers
Take Chevy's extra workpower: for conventional pickups in '68, the rugged 155-hp 250 Six is the biggest standard Six you can buy. Or ask for the 292 Six. Want more? Get the brand-new 200-hp 307 V8 — standard in V8 conventional pickups for '68. In all, you won't find a broader range of power in any popular pickup! And leave it to Chevy Trucks to give you a truck-tough cab and body with double-strong construction. Cab, cowl, windshield pillars, roof and door openings on all models... double-wall sides and taigate on Fleetsides... all double-strong where they should be — to tame the toughest job.
