Allied Forces In Picardy Launch Heavy Attack RESISTANCE of ENEMY ALONG LINE IS HARDENING

Troops Under Field Marshal Haig Gain Additional Ground North Of Roye And North Of Somme

Germans Were Repulsed in Attack Made on British Positions in the Merris Sector in Flanders—Enemy Also Failed in Objective Between Roye and Chaulnes—French Advance Has Been Slowed Up—Artillery Barrage Against Petain's Forces is Intense.

(Associated Press Despatch)

PARIS, August 13.—Last night was without important developments on the main battlefield, according to today's statement from the War Office.

BRITISH MAKE FURTHER ADVANCE.

(Associated Press Despatch)

LONDON, August 13.—British troops have gained additional ground north of Roye and on the north bank of the Somme, says the official statement from Field Marshal Haig today.

The Germans last night attacked the British positions in the Merris sector, Flanders. They were repulsed. The Germans delivered a local attack near Fouquescourt, on the line between Roye and Chaulnes. It was repulsed.

ALLIED FORCES LAUNCH HEAVY ATTACK.

(Associated Press Despatch)

PARIS, August 13.—The Allied forces in Picardy made a heavy attack today along the entire front from Chaulnes southward in a determined effort to break the resistance of the enemy.

The Allied artillery now has full control of the converging roads in and out of Noyon, near the southern end of the line, notably that running toward Ham, to the north. The difficulty of the enemy in carrying out a retrograde movement is thus markedly increased.

GERMANS EVACUATE TRENCHES ON RIVER OISE.

(Associated Press Despatch)

LONDON, August 13.—German troops are evacuating trenches in the river bed of the Oise, just west of Bailly, according to news received here early this afternoon. The move has been forced by French pressure in the valley of the Oise.

Bailly is a village situated on the east bank of the Oise about a mile and three-quarters east of Ribecourt. It is near the southern end of Ourscamp Forest, a wooded section which is of great strategic value in that part of the battlefield.

The French are working around Roye to the west and the south of this important German holding point almost in the centre of the Picardy battlefield, and now hold high ground in this region.

The wooded area around Des Loges, south of Roye, was captured by the French last night, but a German counter-attack drove them back.

The village of L'Econville has been captured by the French and further ground has been gained by them north of the St. Claude farm. (L'Econville is about three and a half miles southeast of Lassigny and virtually on the crest of the ridge overlooking the Oise).

(Associated Press Despatch)

WITH THE FRENCH ARMY IN FRANCE, Aug. 13.—The latest prisoners taken say that they belong to the rearguard whose mission is to delay the advance of the French and facilitate the retirement of the main force with the supplies and big guns.

FRENCH OFFICIAL STATEMENT

(Canadian Press Despatch)

PARIS, Aug. 13.—The French official statement follows: "On the battlefield our troops effected further improvements in their positions north of the Roye road and on the north bank of the Somme, and captured additional prisoners."

"A local attack made by the enemy in the neighborhood of Fouquescourt was repulsed."

"We captured a few prisoners last night in patrol encounters south of the Scarpe (Arras front) and in the neighborhood of Vieux Berquin (Flanders)."

"A hostile attack against our positions in the Merris sector was repulsed after sharp fighting."

ALLIED AIR SERVICE PLAYING AN IMPORTANT PART

(Associated Press Despatch)

WITH THE FRENCH ARMY IN FRANCE, Aug. 13.—(Morning) During the battles of the past few days, the aerial service, particularly the bombing squadrons, has been playing a most important role. The bombing heavy artillery, which the Allies were not able to bring up fast enough to keep pace with their advance.

BRITISH OFFICIAL STATEMENT

FRENCH MAKE PROGRESS IN THE VALLEY OF OISE

LONDON, August 13.—The French launched an attack this morning on the southern part of the Picardy battlefield, and according to reports shortly after noon were making progress in the valley of the Oise. The Germans are evacuating their trenches in the bend of the river west of Bailly and the French are occupying them.

ALLIES HAVE TAKEN 70,000 PRISONERS

PARIS, August 13.—(Havas Agency)—Since the beginning of the Allied counter-offensive on July 18, the Allies have taken more than 70,000 prisoners and more than a thousand guns, the Echo De Paris states today. In addition, it estimates, more than ten thousand machine guns have been captured from the enemy.

HUN STRATEGY UNDERGOING EVOLUTION

Military Critic of the London Times Sees Marked Change in German Military Policy as Marked by Recent Events.

(Canadian Press Despatch)

LONDON, Aug. 13.—A marked change is taking place in German military policy, says the military critic of the Times. He believes that during the allied victories of the last month, German strategy was clearly in a transitory stage from the ideas with which Ludendorff began the March offensive to ideas whose nature is not yet revealed and which can only be conjectured. "The successful allied raids on the Italian front," he continues, are an example of the way these conjectures are being tested. Are the Germans straightening the Italian front with a view to an autumn offensive, or is there a backward movement on the Italian front, and what is its explanation? Doubtless these raids have enabled the allied staff to answer these and other questions.

DR. BELAND TO VISIT TORONTO.

Speculation Rife As To Marshal Foch's Next Move

PARIS, August 13.—After four days of constant progress in their offensive the Allies have been obliged to take a breathing spell in the face of the stiffening enemy resistance.

Whether the Allied forces, reinforced by the troops which have been and are pouring toward the front, resume their drive or not, the fact remains that the Germans have been completely outmanoeuvred, and a victory has been won, the fruits of which will not be easy to wrest from the victors.

As the result of the continuous pressure exerted by General Humbert on the line of the hills of Rollo and Bologne-La-Grasse, Von Hutier's position is somewhat worse than that of yesterday. The fall of Lassigny is imminent, according to the indications and it may even already have occurred.

The enemy defense is now being offered not by the customary rear-guards but by mobile groups of machine gunners. At the same time the Germans are bombarding the French rear with their field guns.

Prisoners taken yesterday, most of them quite young, said that reinforcements for Von Hutier were not expected, and that the troops on the enemy line were only there to cover a withdrawal.

Speculation is rife as to Marshal Foch's next move—whether he will continue to press his advantage between the Somme and the Oise or strike elsewhere along the front to make the enemy's confusion worse confounded. There is general belief, however, that he will not let the war return to its old familiar state of intermittent actions.

EASTERN FRONT WILL BE MENACE TO GERMANY

Chain of Provinces in New Government Extends from the Arctic to the Region of Don Cossacks on South.

(Canadian Press Despatch)

WASHINGTON, D. C., Aug. 13.—The possibility of an establishment of an eastern front that will be a serious menace at least, to the Germans is being considered by officials here, it became known today in connection with the making public of the full text of the proclamation of the "Supreme Government of the Northern Territory." The signers of the proclamation are with two exceptions, members of the constituent Assembly, representing the Provinces of Novgorod, Archangel, Vologda, Viatka, Kazan, and Samara—a chain of provinces extending from the Arctic to the region of the Don Cossacks in the south.

The chain is in the form of a crescent, making a complete front of peoples strongly pro-ally in sentiment and representing the best elements of the Russian population.

CANADIANS CONGRATULATED ON THEIR WORK

Sir Douglas Haig and Premier Clemenceau Pay Visit to Line and Compliment Men on Their Achievements.

(Associated Press Despatch)

With the Canadian Forces in the field, August 12.—(By J. F. B. Livesey, Canadian Press Correspondent)—During the past two days the Canadian Corps has had the honor to receive several distinguished visitors who have congratulated them on their splendid work. Among these have been Sir Douglas Haig and Premier Clemenceau.

Sir Douglas rode along the Canadian battlefield stopping to speak to officers and men at Canadian Headquarters. He complimented Sir Arthur Currie, not only on the achievement of the corps, but also on the wonderful spirit animating his men, battle weary after three days of savage fighting, yet whose only desire was to be let loose again on the Boche. The Canadian advanced line has been practically static since Saturday evening.

APPLE TREE CARRIES FRUIT AND BLOSSOMS.

IRON HILL, Aug. 13.—(Special)—The unusual phenomenon of apple trees laden with fruit and blossoms may be seen at Mr. Jas. Robinson's, Meadow Brook Farm. A Russian Transparent with ripe apples and lovely blossoms presents a beautiful appearance, and two later varieties have blossoms as well as fruit.

ENEMY LINE IS HARDENING ON FRONT HELD BY BRITISH FORCES; MORE FRESH TROOPS BROUGHT UP

Prince Rupprecht's Troops With the Somme at Their Back are Having Most Uncomfortable Time—British Guns Hammer Chaulnes and Bridges Over the Somme—Thrilling Stories of Air Fighting Recorded—Daring Feats Carried Out By British Airmen.

(Associated Press Despatch) WITH THE BRITISH ARMY IN FRANCE, August 13.—During the lull in the battle there are further indications that the line is hardening. This afternoon Crown Prince Rupprecht, of Bavaria, seems to have brought in more fresh troops, and while the Allied forces are pressing their own accord, the enemy within the area of his battlefield, with the Somme at his back, is having a most uncomfortable time. The British guns are hammering Chaulnes, while cannon of larger calibre are coming up all the time and drenching the enemy's rear with steel. They are also pounding away at the bridges across the Somme at Bethincourt.

The shelling of the bridges here is a serious matter for the enemy, as bombs from the air are continually being dropped by British airships from a low altitude on the bridges in the Peronne district. This bombing has been going on day and night since the battle began, forcing the Germans to divert their transport so that the general movement was southeast. Now his bridges to the southeast are under heavy fire. With the comparatively small force of Americans there has been no real heavy fighting today. They still are holding their line, and their patrols have been sent out now and then, feeling out the foreground. At many places along the new front, especially just south of the

Somme, the Germans are occupying the old line dugouts built by the French more than two years ago. The Germans have concentrated some artillery at many places, and today are sending in more shells than on any day since the battle began. Lihons, which came into British hands Sunday when Field Marshal Haig's men stormed the place after having been driven out in a counter-attack, was being heavily shelled yesterday. A party of cavalry charging down the Rye road ran into the cross fire of large German pill boxes studded with machine guns just this side of Roye and received a check, but the Germans who happened to get the opportunity to do this execution paid the extreme penalty later.

ENEMY TROOPS JUMPY. Today the resistance of the enemy has been stiffening progressively, but his troops appear to be nervous and apprehensive of what the future holds out for them, and what the Allies intend to do. In order to feel out the Allied forces it is expected that further heavy counter-attacks may be launched by the enemy. THRILLING STORIES OF AIR FIGHTING. Stories of the air fighting over the battle lines are amazing. One observer coming into his station shot down four machines. In the same fighting a British pilot chased one enemy plane to earth and was swooping down to finish off his antagonist when the man climbed out of his

Stokes and Miss Stokes and Master Ronald motored out for a short time. A party motored through from Port William and are guests of Miss Yates.

SPONER POND

A most successful social was held in connection with Christ Church, Spomer Pond, on the evening of Thursday last. The object was to raise funds to pay off a small debt incurred by the installation of the lightning rods and the placing of a cross on the Spomer Pond Church. Mrs. James Armstrong kindly undertook to hold a social, and the efforts of her and her family were amply rewarded in every way. In spite of the inclement weather and doubtful roads, there was a good attendance, upwards of 68 finding their way to the Trenholmville homestead. Games were the order of the evening, and merriment unceasing, until a most welcome and bountiful supper ap-

peared. After the guests had shown their appreciation of the good fare provided, a short musical programme followed. Those taking part were, Mrs. Dunn, Mrs. William Shaw, the Rev. H. C. Dunn, who contributed songs, and Mrs. Fred Armstrong, who sang and played the piano. Mrs. Dunn thanked all who had contributed to the pleasure of the evening. Mr. and Mrs. James Armstrong for their kind entertaining, the ladies of the congregation who helped with the supper and many friends in Trenholmville, who also most kindly lent china and donated cakes. Mr. Jim. Brown added considerably to the enjoyment of the evening by bringing his phonograph. The gathering will long be remembered as a happy event to be cherished in the memory. The sum of \$17 was realized.

WEST HATLEY TOWN COUNCIL

Resignation of Mayor Reburn Was Not Accepted—Will Continue in Office—Road Work Discussed.

MASSAWIPPI, Aug. 13.—(Special)—The Council met with Councilors Oliver, Pope, St. Dizier, Colt, Voisard and Jones present. Mayor Geo. Reburn presided. Mr. J. Dezan was authorized to finish the work on the river road. It was moved, seconded and carried that the secretary-treasurer write to the Minister of Roads in regard to a rebate on work done in the summer on gravel roads in this municipality, as this municipality has taken over about half of the roads formerly under the management of the old Township of Hatley. Several bills for road work, cedar poles, gravel and printing were presented and ordered paid. It was moved and carried that the valuation roll of 1918 be accepted and homologated. The Mayor having retired, the Mayor, Mr. Oliver, took the chair. It was moved and carried that this Council do not accept the letter of resignation from Mr. Geo. Reburn, presented at the previous meeting; therefore Mayor Reburn will endeavor to continue in office during the term, much to the satisfaction of the Council.

Bobby's Idea.

In a family where Bobby, the eight-year-old, was an intense admirer of his father, a dyspeptic diet came to dinner. When the duck was being carved the father said to the visitor: "What part do you prefer?" "I never eat duck, thank you," came the reply. The hostess had some cold roast chicken brought in and offered. "No, thank you," said the man. "I never eat chicken." Some cold roast beef was next brought in. "No, thank you, I never eat roast beef," came the reply. By this time the host was visibly displeased what next to offer his guest. Bobby was quick to see it. His temper had risen at what he considered a slight upon his father. "I say, papa," burst in the boy, with a glare at the dyspeptic, "perhaps the old idiot would like to suck an egg."

Criticizes Tirpitz.

In the current number of the Prussische Jahrbucher, Prof. Hans Delbruck, German historian, accuses Admiral von Tirpitz of lack of foresight during his term of office in the matter of construction of submarines. "Von Tirpitz was fascinated with 'dreadnoughts,'" he says, "and even during the war hindered the construction of new submarines, in the belief that the few he had consented to build were sufficient to beat the British in a few months." Delbruck calls upon the Reichstag to order an investigation into von Tirpitz's naval policy.

The farmers are starting harvest, which promises well this year.

BAD ACCIDENT AT DERBY LINE

Mr. J. Belisle Sustained Serious Injury to Knee When Struck By Pole of Hose Reel While Responding to Fire Call.

DERBY LINE, Vt., Aug. 13.—(Special)—During the run of the Derby Line Fire Company to the I. Belisle house, Sunday afternoon, Mr. E. H. Cosby was struck on the knee by the pole of the reel cart and thrown to the pavement just opposite the Edmund Cafe. Mr. Cosby was helped to his home in the Audinwood block, and it was found that he was seriously hurt. He was later taken to Sherbrooke Hospital and an X-ray taken of the injured knee, and it was found that the kneecap was pushed out of place and the muscles of the leg badly torn and bruised, necessitating an operation, which will be performed on Tuesday in the hope of saving him from a permanently stiff knee. The outcome is rather doubtful even for that, as it was torn away such a distance from its proper location.

Carried No Insurance.

Mr. and Mrs. Geo. Bonnette arrived home about 8.30 Sunday evening after the fire was all out. Their furniture had been stored in the barn adjoining, which had not been touched by the fire or water. Mr. and Mrs. Bonnette were completely overcome by the shock of arriving home to such desolation. Mr. Bonnette had no insurance whatever on his goods, and the loss will be considerable.

SOLDIERS FROM MONTREAL WILL GO TO SIBERIA

MONTREAL, QUE., Aug. 12.—Three hundred French-Canadian soldiers from this military district will form part of the four thousand men Canada will contribute to the Allies' Siberian expeditionary force.

Kept Notes for Novels.

Charles Dickens was no exception to the rule of authors in keeping notebooks or even a series of files, for retaining ideas or data for future use. His notebook dating as far back as 1855 was recently offered to the public at a sale of autographs and personalia arranged by Sir J. M. Barrie and E. V. Lucas, in London. The little book is interesting as showing, to a certain extent, not only the construction of his books but also his mentality. Was it not Anthony Trollope who literally kept volumes filled with the collections of anecdotes, plot outlines, bits of description, or character study? Another interesting item of the same sale was a Stevenson letter dated from the Adirondacks. "R. L. S." writes with some contribution of the large sums paid to him by enthusiasts in the United States for his work. He is quite positive that his literature is not worth what he has received, and that he is growing greedy, and announces that he "is done with big prices held that, for him individually, the collection of worldly riches and the maintenance of self-respect were not compatible. It is a brave and manly creed.

Kipling's "Golden Insult."

A letter sent by Mr. Rudyard Kipling to the committee of the Society of Authors has made Mr. Israel Zangwill's blood boil. Mr. Zangwill stated at a recent meeting of the society that the letter was an insulting one, and that he was sorry that the committee had pocketed the insult and the £100 which accompanied it. "Mr. Kipling seems to me as Esau, or a wild ass of a man, to quote from his favorite Old Testament," said Mr. Zangwill. Mr. Aldmer Magde said that this was not the rudest letter the committee had received, and Mr. Bernard Shaw facetiously asked whether any one else could be induced to insult the committee with a rude letter and £100.

His Report.

A company commander received an order from battalion headquarters to send in a return giving the number of dead Huns in front of his sector of trench. He sent in the number as 2,001. H.Q. rung up and asked him how he arrived at this unusual figure. "Well," he replied, "I'm certain about the one, because I counted him myself. He's hanging on the wire just in front of me. I estimated the two thousand. I worked it out all by myself in my own head but it was healthier to estimate 'em than to walk about in No Man's Land and count 'em!"

RAILWAY BOARD TURNED DOWN APPLICATION

Locomotive Engineers Wanted Switch Engines Equipped With New Tanks and Headlights.

OTTAWA, ONT., Aug. 12.—The Railway Board in a judgment issued today refuses the application of the Brotherhood of Locomotive Engineers for the order directing the railways to equip all switch and transfer engines with wedge tanks, low enough for enginemen to see over, and with a headlight on the rear. The Board finds that at the present time, when the resources of railway companies are being taxed to the utmost by war necessities and material and labor are so difficult and expensive to obtain, to place "any such burden upon the railway companies."

Apart from the question of expense the Board declares that a case for the order asked for has not been made out.

MOTHER AND THREE DAUGHTERS FOUND DEAD

MALDEN, MASS., Aug. 12.—Mrs. John A. Perry, and her three daughters, ranging in age from 9 to 15 years, were found dead in a gas-filled room at their home here on Sunday. A note near the bodies indicated, according to the police, that there had been a family dispute over money matters, and that the mother and her daughters entered into an agreement to end their lives.

Kink in the Back

You bend over and can scarcely get straightened up again. This comes on you so suddenly you can't understand it. This is lumbago. Like backache and rheumatism, it is the result of poisons in the blood. The kidneys are deranged, but the use of Dr. Chase's Kidney-Liver Pills will soon set them right. The pains and aches will disappear with the poisons when the kidneys do their work properly.

Lemon Juice For Freckles

Girls! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

Best Home Treatment for All Hairy Growths

(The Modern Beauty) Every woman should have a small package of delicate hand, for its timely use will keep the skin free from beauty-marring hairy growths. To remove hair or fuzz, make a thick paste with some of the powdered delatone and water. Apply to hairy surface, and after 2 or 3 minutes rub off, wash the skin and it will be free from hair or blemish. To avoid disappointment, be sure you get real delatone.

CHANGE OF WATER CAUSED DIARRHOEA.

People moving from one place to another are very much subject to diarrhoea on account of the change of water, change of climate, change of diet, etc., and what at first appears to be but a slight looseness of the bowels should never be neglected or some serious bowel complaint will be sure to follow.

The safest and quickest cure for diarrhoea, dysentery, colic, cholera infantum, cholera morbus, pains in the stomach, seasickness and all looseness of the bowels is Dr. Fowler's Extract of Wild Strawberry. Mr. T. T. Allard, Barry, Sound, Ont., writes: "In the fall of 1914 I was working on the new 'Chiclet Gum' factory, on Carlaw Ave., in Toronto, when I had a violent attack of diarrhoea, owing, I think, to the change of water. One of the foremen advised me to get a bottle of Dr. Fowler's Extract of Wild Strawberry, which I did, with the result that I hadn't taken it all before I was completely cured." Dr. Fowler's Extract of Wild Strawberry has been a national remedy for the past 72 years, and is sold by medicine dealers everywhere at 85c a bottle. Don't let anyone palm off a substitute on you. When you pay your money for the genuine, you've a right to get it. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

Cuticura Heals Pimples On Face That Itched and Burned. Scratched Constantly.

"I had pimples and blackheads on my face which were caused by bad blood. They came to a head and were hard and red causing disfigurement for the time being. They itched and burned so much that I constantly scratched and made them worse. I sent for a free sample of Cuticura Soap and Ointment, and afterwards bought more. Now I am completely healed." (Signed) Miss Josephine A. Wetmore, 35 Sherbrooke St., St. John, N. B., Aug. 10, 1917. Keep your skin clear by using Cuticura for every-day toilet purposes. For Free Sample Each by Mail address post-card: "Cuticura, Dept. A, Boston, U. S. A." Sold everywhere.

Shell Shocked Nerves

Shattered nerves are the source of greatest suffering to many a returned soldier.

The doctor can give something to relieve physical pain, but when the nervous system breaks down you are sleepless, nervous and mentally worried, real cure only comes when the exhausted nerve cells are nourished back to health and vigor by such restorative, upbuilding treatment as Dr. Chase's Nerve Food.

On Thursday afternoon about 4.30 the alarm of fire was given. Everybody at once rushed to the scene, which proved to be the barn of Mr. X. Pare. The fire had gained headway, and when discovered the roof was in flames.

The fire was finally got under control. The barn was badly damaged, a large quantity of hay being burned, as well as a valuable cow being smothered to death. The fire originated in the hay mow, where two young grandsons of Mr. Pare's were playing with matches. Mrs. Pare, sr., was seriously burned around the head and shoulders while trying to rescue things. She was overcome with smoke and had to be carried from the burning building. At present, although not out of danger, she

is recovering.

WATERLOO A dance will be held under the auspices of the I.O.D.E. at Waterloo in the fine new building of the Bedford Mfg. Co., Thursday, August 15, \$1.00 a couple, extra ladies 50c. Considering that this dance is in aid of one of the societies which has done so much for the soldiers, it is hoped it will be well patronized, not only locally, but by the surrounding towns.

WHEN A SOLDIER IS DISABLED It is not always from wounds. A great many men are disabled through foot trouble. Even the bravest man cannot "carry on" if he is suffering from sore feet. Hence the necessity for Zam-Buk to keep the soldiers' feet in good condition. A military authority in "The War Office Times" says: "If every man in the service were supplied with a tin of Zam-Buk it would, in my opinion, greatly add to the efficiency of the army." For blisters, cuts, scratches, burns and sores of all kinds Zam-Buk is unequalled. All dealers Zam-Buk box.

ORFORD HOMEMAKERS' CLUB WILL ASSIST

Will Play a Part in the Exhibit of Canned and Dried Fruits and Vegetables to Be Shown at Sherbrooke Exhibition.

The monthly meeting of the Orford Homemakers' Club, was held on Wednesday at the home of Mrs. Gaultry, St. Elie d'Orford. Mrs. Faith, the president, took the chair, and there was a large attendance, two new members being added to the ranks that day.

A letter was read from Mrs. Macfarlane, of Macdonald College, asking the assistance of the Club in an exhibit of canned and dried fruit and vegetables, which it is expected will be shown at the Sherbrooke Fair. It was decided to assist Mrs. Macfarlane in this movement, furthering an industry at all times useful, and in these war times necessary and patriotic.

The annual meeting of the Club was decided upon for the 21st, inst., when there will be a programme of sports and a movement made for increased membership.

Tea was served by the hostess of the day, and the meeting adjourned until September, when the monthly meeting will be held at Mrs. Arberry's, St. Elie.

QUESTION TAKEN UP OF ACCOMMODATION FOR THE LOCAL GIRL WORKERS

It Was Explained that Y. W. C. A. Was Fully Occupied and that More Accommodation for Young Girl Workers is Needed at Once.

An important question came up for discussion yesterday at the monthly meeting of the Board of Management of the Y.W.C.A., viz., that of proper accommodation for the young women and girls employed in the West quarter of the city, especially in munition work. Mrs. S. A. Jones, the president, who occupied the chair, stated that the Y.W.C.A. building is now full to overflowing, and that many applications had been received, only to be refused, as there were no rooms available.

If a house could be erected in the section mentioned, it would be a great advantage to workers, and after the war, if no longer required, could readily be converted into an apartment house, for which there would always be a demand. It would naturally be impossible for the Association to undertake such an enterprise, but it might be considered by employers of labor and public-spirited citizens, in particular those belonging to the Board of Trade who have the welfare of the city at heart, it was explained.

The members present, a fair number considering the season, were in full accord with the president, and on motion of Mrs. McDonald, seconded by Mrs. White and carried, a committee consisting of Mrs. Jones, Mrs. H. D. Lawrence and Mrs. Dowlin was appointed to confer with Mr. E. J. Page, president of the Board of Trade, on the matter.

Miss Coleman, house superintendent, gave the result of the recent campaign, which had quite exceeded expectations, and the first bills for the additions to the building and its renovation were authorized to be paid by the treasurer.

The latter was also requested to forward a cheque for the sum agreed upon to Mrs. Douglas, who had been in charge of the work during the absence of the superintendent, with the thanks of the Board.

The hope was expressed by the members that Miss Lindsay, the secretary, who had carried on the work of the Association, would be able to resume her duties in September.

Mrs. David Wilson reported that the swimming class this season had paid expenses and that a small profit would accrue to the funds, although the attendance had not been as large as that of last year.

Miss Coleman suggested that owing to the high price of gas and the increased bills, the slot system be substituted for the meter if upon inquiry from those who had used it it was found satisfactory, and the change was authorized.

The president announced that a cordial invitation had been extended to the Board to the annual Y.W.C.A. convention to be held at Hamilton, Ont., in October, and she hoped that some of the members would be able to accept.

"Such a meeting of workers could only be productive of good results in inspiration and uplift," she said.

GOLF EXHIBITION GAMES AT ST. ANDREWS.

Every experienced golfer knows that more can be learned in a day from watching crack players at the game than in a month of haphazard slopping. For this reason it is well worth while making the trip to St. Andrews for the exhibition games which will be played on Saturday, August 17, over the Algonquin Club's course, by four of the best professionals in Canada, namely, C. R. Murray, of the Royal Montreal Club, twice open champion of Canada; Albert Murray, of the Kanawaki Club, also twice open champion; A. Woodward, of the Country Club, St. Lambert, and John Peacock, of the Algonquin Club, St. Andrews.

The Algonquin Hotel, a fine fire-proof structure operated by the C.P.R., is close to the golf links, and the C.P.R. has an excellent train service to St. Andrews. The season at St. Andrews is now in full swing, with many visitors from both Canada and the United States.

For particulars of train service, consult J. A. Melvior, City Passenger Agent, 74 Wellington St., Sherbrooke, Que.

LATE MR. WOOD LAID TO REST.

The funeral service of the late William Henry Wood, Lennoxville, was held at the Methodist Church on Saturday afternoon, the Rev. Mr. Selzer, Lennoxville, officiating. The bearers were Messrs. W. S. Hunting, E. T. Hunting, C. F. Wiggitt and R. W. Reid.

The chief mourners were Messrs. J. A. Wood, E. C. Wood, Lennoxville, and F. T. Wood, Lyndonville, Vt., brothers; Mr. C. J. Lane, brother-in-law; Messrs. W. J. and E. A. Lane, nephews, all of Lennoxville.

The choir sang the hymns, "Lead Kindly Light," and "Rock of Ages," and appropriate music was given by a quartette composed of Mr. and Mrs. F. A. Johnston, Miss Alice McFadden and Mr. Hugh McFadden.

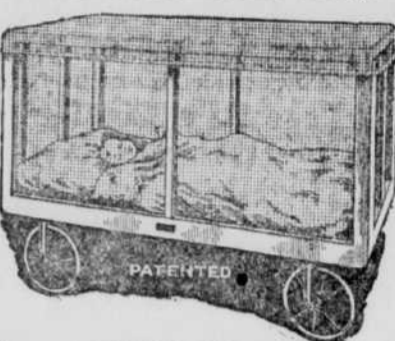

Among the floral offerings were wreaths from C.O.F., brothers and nephews; sprays from the Hunting family, Mr. and Mrs. W. Hatcher, Mr. and Mrs. Lee Hyndman, Mr. and Mrs. S. Turner, M. L. Hunting, and others.

The late Mr. Woods who passed away at the Sherbrooke Hospital on Thursday, was fifty-eight years of age, and was a lifelong and highly respected resident of Lennoxville. His wife, who was Miss Clara Hunting, predeceased him four years ago.

Munitions Workers

When you go home each day, if your conscience tells you that you have put as much real service into your labour as the individual soldier puts into his fighting, then you will, and everyone else must be satisfied with your output.

The soldier trusts so implicitly in the steady and enduring character of your effort that you cannot be indifferent to the amount and quality of it.

To fall behind in munitions production now---is to dash the Cup of Victory from the lips of those who, for more than four years, have tasted only the bitterness of hope deferred.

The Army must rely upon you.

Kosovo Day and the Serbians

DURING the last week of June the people on this continent joined others in observing the discovery of America.

In 1889 a great battle was fought between the Turks and the Serbs. The Turks won. The day has ever since been observed by the Serbs as a day of mourning. This year Americans helped the Serbs to keep it. It has taken Americans a long time to appreciate what Serbia has meant in history, but they are now beginning to appreciate her.

Had it not been for Serbia, Turkey would have overrun Europe as far as Vienna sooner than she did. Had Serbia not been able to withstand the forces of Austria as she did, she would have been overwhelmed sooner than she was—and when she was, it took Germany and Bulgaria as well to do the work.

Serbia, militarily and economically a prosperous country during the centuries preceding the battle of the plain of Kosovo (plain of the blackbirds), so exhausted the Turks in the battle that they did not completely subdue Serbia for seventy years after.

In that battle both the Serbian King Lazar and the Turkish Sultan Murad lost their lives. The legend has it that on the eve of the battle the Serbian King dreamed that he saw great earthly possessions as a reward for letting the Turks march through his territory, and he also saw a heavenly crown as a reward for resistance. He chose the latter and hence Kosovo Day has always had deep religious significance to the Serbs.

It was appropriate, therefore, that a service was held in the Cathedral of St. John the Divine, of New York City, in which the clergy of the Protestant Episcopal, Presbyterian, Serbian, and Russian Churches took part. In his sermon Dr. Robbins, dean of the cathedral, said:

"Kosovo Day voices the cry of a race that more than five hundred years ago suffered martyrdom for freedom. Like Israel, Serbia stood in the way of a great and ruthless conqueror, seeking world dominion, and faced him in the name of freedom and faith.

"But Israel proved, and Serbia also proves, that there is something in the world stronger than brute force. It is that indestructible thing, the spirit of a nation that remembers. At Kosovo Serbia stood in the face of the Turk between the Turk and Europe. She fell, but the Turk suffered so heavily that Europe had a breathing space and time to prepare. What Belgium did in the first month of the present war Serbia did on the field of Kosovo."

The following day, at a celebration at the Waldorf-Astoria in New York, Serbia was picturesquely to the fore by reason of many Serbian khaki uniforms, with feathered skull-caps and with coats thrown back from the shoulder so as to display the scarlet shirt. Among other distinguished speakers was the Serbian Minister, Dr. Ljubomir Michaelovitch, who asserted:

"The battle of Kosovo taught us the value of liberty and honor above everything else. Our people have again sacrificed all that a nation can sacrifice, but have saved their honor!"

The Minister added: "The liberty and union of the Polish, Czechoslovak, and Yugoslav nations is the surest guarantee of world peace and check to Pan-Germany." It is not only the Serbs of Serbia who are interested in Kosovo Day. The Serbians, about five millions in the Kingdom of Serbia, are but a part of the Yugoslav race, which also includes the Croats and Slovenes from Austria-Hungary. The three factions, together with the Serbs in Boston and elsewhere, number about thirteen millions. They stand not only for national independence but also for united endeavor with the Poles and the Czechoslovaks.

Among all the Slavs, however, it will always be Serbia that will have peculiar prominence. This is not only because her geographical position barred the way to the Turks in their attempt to extend Greater Germany southward. It is, in the ultimate analysis, because of the spirit of a people that has known how, year by year, to keep Kosovo Day, a day of mourning, as a day of honor.

DEMONSTRATION AT COWANSVILLE

Arrangements Were Well Carried Out—Enthusiastic Speeches Referred to Victories of the Allied Forces.

COWANSVILLE, Aug. 13.—(Special.)—The demonstration planned for Saturday evening to celebrate the allied victories was well carried out. The procession which was formed at the station was headed by the Boy Scouts, Veterans Gus. A. Ross and Pte. Roach carrying the standards; next came the Dunham brass band riding in a gaily decorated barge, and under the direction of Father Guillet. The motor truck of Mr. T. L. Burnet was requisitioned by the Girls' Red Cross Society, all carrying torches. Miss Molly Safford presided at the wheel. This was followed by Mr. Hauver's barouche, in which an effigy of the Kaiser was standing, guarded by Sapper Curley and Mr. Geo. Nightingale. Dozens of automobiles and hundreds of pedestrians made up an imposing procession. After going around the square a halt was made at the new school grounds on Church street, where a stand, gaily decorated, had been erected. Patriotic speeches were made by Messrs. F. X. A. Giroux, B.C.L., and A. J. E. Leonard, B.C.L., of Sweetsburg. Mayor Vilas presided. Mr. Vilas called for three cheers for the Dunham band, which had kindly given their services free of charge. This was followed by a huge bonfire, in which the effigy of the Kaiser was destroyed. The Girls' Red Cross realized over \$50 from the sale of tags.

WASHINGTON HEARS OF SUB. ACTIVITIES

No News of the Fate of the Crews of Two Steamers Sunk off Nantucket Has Been Reported.

WASHINGTON, D. C., Aug. 12.—Destruction of the British steamer Penistone and the Swedish steamer Sydland by a German submarine off the New England coast, was reported today to the Navy Department. The Penistone was sent down yesterday about 100 miles east of Nantucket, and the Sydland on August 8th, south-east of Nantucket. No news of the fate of the crews was given in the Department's despatch.

Later the Navy was advised that the American schooner Herman Winter had been sunk in the same general locality. There is no record here of a schooner here of that name. An American coastwise steamer named Herman Winter is reported safe in port.

WESTERN UNION OPERATORS GET INCREASE IN WAGES

NEW YORK, Aug. 12.—Announcement of a general increase of ten per cent. in wages to all employees of the Western Union Telegraph Company belonging to the association recently organized by the company, was made here today. The increase, retroactive from July 1, applies to about 45,000 workers.

FINANCIAL AND MARKET NEWS

RAIL STOCKS EXTEND GAINS
(Canadian Press Despatch)
NEW YORK, N. Y., Aug. 13.—(Wall Street)—Rail stocks gave promise at the opening of today's stock market of extending their recent gains, transcontinental and grangers showing pronounced strength. Initial advances in those divisions ranged from large fractions to a point, Union Pacific leading. Coalers also made further substantial improvement on a moderate requirement for Reading and Norfolk Western. Industrials were uncertain, United States steel recording a nominal loss, but soon rallying with crucible steel and pressed steel car. Sumatra tobacco was strongest of the specialties, gaining two points.

Sub. Crew that Sunk Swedish Steamer Went About Work in a Leisurely Manner.
(Canadian Press Despatch)
BOSTON, MASS., Aug. 13.—The crew of the Swedish steamer Sydland, which was sunk by a German submarine on August 8, southeast of Nantucket, were landed at this port yesterday. The Germans in sinking this neutral ship, proceeded in a leisurely manner, spending three or four hours in examining the papers, in exploring her holds, and in making ready the bombs which finally sank her, according to the story told by the officers. The Sydland was bound in ballast from Gothenburg, Sweden, to Hampton Roads for orders.

DAILY SHOT AT KAISER FOR HOME FOOD SAVERS

GREENS SHOULD NOT BE BLANCHED IN HOT WATER. They should be blanched in steam. This picture shows a simple method of blanching in steam, by placing them in a colander in a receptacle with tightly fitting cover. There should be not more than an inch or so of water on the bottom of the receptacle and the water should not touch the greens. A Steam Pressure Canner is excellent for use in blanching greens. The National War Garden Commission of Washington will send any reader free canning book for a two-cent stamp to pay postage.

RICHFORD BOY KILLED IN FRANCE

DEATHS OF RICHFORD PEOPLE.

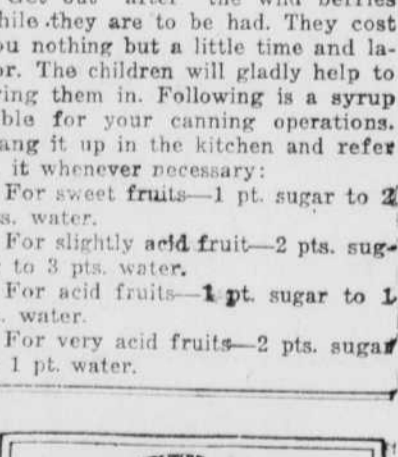

RICHFORD, Vt., Aug. 13.—Mr. Jacob Whitehead, aged 70 years, died at his home on Elm street Sunday afternoon after a long illness of dropsy. Funeral services were held at his late home Tuesday afternoon at 2.30 o'clock, Rev. E. M. Fuller officiating, assisted by Rev. J. W. Tripp. Mr. Whitehead's sons-in-law acted as bearers. Capt. A. J. Merrill and Mrs. R. M. Pelton sang "I Would Not Live Alone," a piece Mr. Whitehead repeated only two days before his death. He is survived by his wife and six daughters, Mrs. M. F. Whitehead, of Chelsea, Mass.; Mrs. Wm. Donaway, of Everett, Mass.; Mrs. S. Stone, of Waterloo, Que.; Mrs. Gedric McCutcheon, of West Bromme, Que.; Mrs. Arthur Darrah, of Sutton, and Mrs. Alvin Purdy, of Richford. Interment was in Hillside Cemetery. Several relatives and friends from his old home town, Waterloo, Que., attended the funeral.

CANADA TO SEND FORCE TO SIBERIA

OTTAWA, ONT., August 12.—That Canada will be represented by a military unit of considerable strength in the expeditionary force which the Allied Governments will send to Siberia to assist the Russians and the Czech-Slovaks in their struggle against the Central Powers, was officially announced here last night by the Government. The statement was a brief one, conveying the information that the special force to be mobilized would be about four thousand strong, but a more detailed announcement is promised later on. The statement follows:
"For some time past the situation in Russia has been under close consideration by the Allied governments, and decisions have been reached which will lead to the rendering of assistance to the Czech-Slovaks and Russians, who are resisting the aggression of the Central Powers.
"Canada will take part in this movement and, following important communications from the Prime Minister, the Government has authorized the mobilization of a special force of about 4,000 for active service in Siberia, with a base at Vladivostok.
"A further announcement will be made shortly."

WAR CANNING BULLETIN

(Issued by Canada Food Board)
THINK OF THE FUTURE.
Don't be short-sighted on the canning question and leave things to chance for next winter. By that time if your cellar shelves are not well stocked you will be mighty sorry that you did not see into the future somewhere around August.
Get out after the wild berries while they are to be had. They cost you nothing but a little time and labor. The children will gladly help to bring them in. Following is a syrup table for your canning operations. Hang it up in the kitchen and refer to it whenever necessary:
For sweet fruits—1 pt. sugar to 2 pts. water.
For slightly acid fruit—2 pts. sugar to 3 pts. water.
For acid fruits—1 pt. sugar to 1 pt. water.
For very acid fruits—2 pts. sugar to 1 pt. water.

GERMANS BLAMING CROWN PRINCE
LONDON, August 12.—Renter's correspondent with the British army in France sends the following despatch concerning the German Crown Prince:
"According to the statement of prisoners, the German Crown Prince appears to be the most unpopular leader in the German army. He is accused by them of being directly responsible for the Marne disaster. They say that the opinion is widely expressed by German soldiers that the Crown Prince's amateurish interference with the plans of their experienced generals was the starting point of the present crushing misfortune of the German armies."

HATLEY

Miss Winifred Ives, who underwent a critical operation at her home here a week ago, is making satisfactory progress toward recovery.

On account of the busy session, the regular meeting of the Ladies' Aid was not as largely attended as usual.

The members of the Hatley Patriotic Society held their regular fortnightly business meeting on Friday afternoon in the Guild hall.

In addition to the usual routine, the time was employed in the preparation of bandages and other essential comforts for the soldiers.

Plans were also considered in reference to providing entertainment for the young S.O.S. in this vicinity, who will be addressed on Saturday evening in the Guild hall by Mr. Patterson, travelling secretary of the Y.M.C.A., of Montreal.

On Saturday afternoon the members and friends of the Junior Guild of St. James' Church were entertained at "The Firs" by the Misses McDougall.

Instead of the usual fortnightly meeting of the Ladies' Guild on Wednesday afternoon, the members will be employed in making preparations for the social and annual August sale to be held on Wednesday evening.

A number of the young men from this locality motored on Sunday to St. Johns for the purpose of paying a short visit to the young soldiers from this place who have lately been called to join the colors.

Miss Evelyn Wells will leave early in September for Bulwer, where she has been re-engaged to take charge of the intermediate grades in the model school.

Work on the western division of the Government highway in this municipality is being carried on by a considerable number of laborers.

Mr. and Mrs. J. S. Webster recently visited the latter's brother-in-law, Mr. H. Morrison, at North Barnston, who, a few weeks ago had the misfortune to fall from a load of hay and fracture one of his hips.

Mr. and Mrs. J. H. Haines, accompanied by Mrs. H. M. Emery, have returned from a few days' outing at their summer home, Cedar Cliff Cottage, on the eastern shore of Lake Massawippi; Miss Burton, of Sherbrooke, for a week's stay at the home of Mr. and Mrs. P. O. Webster; Mrs. M. Robinson, of Lennoxville, for the week-end at the home of her son, Mr. and Mrs. M. J. Robinson; Mr. and Mrs. Wheeler, of Sherbrooke, for a short stay at the home of Mr. and Mrs. J. H. HUN ZEPPELIN BROUGHT DOWN

Fell in Flames Off English East Coast After Attack Made By R. A. F. Machines.

LONDON, August 13.—British air-men yesterday brought down a German Zeppelin in flames off the English east coast, according to advices to the Star. The machine was one of the largest and newest of this type of aircraft.

The Zeppelin was observed at sea at daybreak yesterday. Royal Air Force machines rose to attack it and were able to get close to the airship before they were observed. After a few minutes' fighting the Zeppelin was effectively hit and fell flaming into the sea.

TWO SOLDIERS SHOT AT QUEBEC

Inquiry Into Death of Sentry and Volunteer at Levis Fort Has Been Postponed.

(Canadian Press Despatch) QUEBEC, Que., Aug. 13.—Coroner Jolicoeur today postponed till Wednesday his inquiry into the double shooting of last night at Levis where a Serbian sentry named Djordjic, was shot and killed by A. Vidal, a Serbian volunteer, who attempted to re-enter the Levis forts without a pass. Vidal was himself killed by another sentry. A court martial is proceeding with an inquiry, but Coroner Jolicoeur has to hold an inquest also, the affair having taken place in a street, off the military camp.

UKRAINE PEASANTS BITTER AGAINST THE GERMAN SOLDIERS

(Canadian Press Despatch) WASHINGTON, D. C., Aug. 13.—Bitterness among the peasants of the Ukraine against the Germans is steadily increasing, according to advices reaching the State Department today from an eye-witness to what is going on in the Russian Province. German soldiers, when they travel about the country, do so only in large squads, according to this information, otherwise they are attacked by bands of peasants who endeavor to capture them for torture or burial alive.

LATEST TELEGRAPHIC DESPATCHES

ALLIED FORCES ARE HOLDING THEIR NEW LINE

(Associated Press Despatch) WITH THE BRITISH ARMY IN FRANCE, Aug. 13.—(11.30 A.M.)—The allied forces are holding their new line gained in the second battle of the Somme, improving their positions, beating off a few feeble counter-attacks, and increased the number of their prisoners last night and this morning.

In the meantime the enemy appears to be moving in a considerable number of troops. Quite heavy movements westward are reported by aerial observers, but no really great force remains available for Crown Prince Rupprecht to throw into the battle without calling on the German Crown Prince for assistance.

Proyart remains firmly in the hands of the British this morning, having been finally taken by them yesterday. North of the Somme the Americans spent a quiet night, the principal action in this locality being at the southern end of their position on the spur between Etinehem and Bray. There the British improved their positions along the whole length of the spur by storming and capturing enemy defences, inflicting casualties and taking prisoners.

There has been some little fighting in Madamat Wood, about 2,000 yards southeast of Herleville, where the Australians are in touch with the enemy. A German counter-attack yesterday at Chilly, further south, resulted in the British withdrawing to the edge of the town as nothing could be gained by staying there. Chilly is now No Man's Land. Another counter-attack east of Lihons, north of Chilly, was smothered under the British fire.

Among the new troops the enemy has hurled into the line in front of the British are two from the north and one from Flanders. All told over thirty German divisions have been engaged by the Allied forces in this battle. Of this number some 24 have been in action against the British alone. At least five of the enemy divisions are exhausted and they have been or soon will be relieved from the line.

INQUIRY INTO LABOR DISPUTE IN QUEBEC CITY

(Canadian Press Despatch) QUEBEC, QUE., Aug. 13.—The Royal Commission inquiring into the labor dispute at the Davis Shipbuilding plant, resumed work today. Mr. Walsh, representing the International Union men, had withdrawn his resignation from the Commission. No one was allowed to enter the proceedings being held within closed doors. It is known, however, that the entire enquiry has been started over again, as all the witnesses who appeared previous to the protest of the Internationals, have been recalled to testify. A queer thing is that even lawyers representing the two opposing unions are not admitted within the court.

War Situation in Brief

(Associated Press Summary.) Allied forces this morning began a general attack against the German line running from Chauines south to the Oise River, a front of about twenty-five miles. Despatches filed at London shortly after noon reported important gains at various points, especially on the vital sector south of Lassigny, near the Oise. The Lassigny massif, the steep slopes of which have been strongly defended by the Germans, is reported to be almost in the grasp of the French, an official despatch states that there is every prospect that this natural fortress will soon be wrested from the Germans.

Further south the French have advanced to the village of L'Econville just south of the eastern extremity of Thiescourt Wood and virtually on the crest of the hills overlooking long reaches of the Oise. Just to the west of L'Econville the French have made new progress north of the St. Claude farm.

As an immediate result of the gains made in that sector, the Germans are abandoning their trenches in the bed of the Oise, just west of the village of Bailly, east of Ribecourt. It is said that the French have occupied these positions. North of Lassigny, in the region of Roze and along the railroad running northward to Chauines, there are, so far, no reports of progress.

If the Allies succeed in carrying the heights south of Lassigny, they will force the enemy

GERMANY CALLS ON AUSTRIA-HUNGARY FOR HELP.

(Canadian Press Despatch) Paris, Aug. 13.—(Havas)—Germany has been obliged to call upon Austria-Hungary for help on the western front, and Austria-Hungarian troops are arriving there, the Echo de Paris says today. These troops, it adds, are being sent to quiet sectors of the front.

MUST REGISTER ON RETURN TO DOMINION

(Canadian Press Despatch) OTTAWA, Aug. 13.—The status under the Military Service Act of Canadians not ordinarily resident in Canada, but who return to Canada to reside, has been changed. Formerly such men automatically fell into Class 2. Under the provisions of an order-in-council, however, they are now, within ten days of their return to Canada, to register. If they come within the provisions of any class affected by a proclamation they come under that proclamation. The order-in-council is of particular importance to the unmarried man between 20 and 34 years of age not resident in Canada since the outbreak of the war. On his return to the Dominion, instead of being placed automatically in Class 2 (married men between 20 and 34), he is placed in the class in which he would have been placed had he remained in Canada.

COURT ORDERS FIVE CENT FARES IN DETROIT

(Canadian Press Despatch) DETROIT, Mich., Aug. 13.—At one minute past midnight this morning the city of Detroit, through its corporation council, secured a Circuit Court injunction against the Detroit United Railways Companies, preventing that company from evading the newly-enacted ordinance which became effective at midnight, and provides for a five-cent fare on all city lines.

The attempt of the company to collect six-cent fares, which began Saturday, led to the refusal of hundreds of passengers to pay the increased sum, and resulted in rioting and the damaging of several cars.

Early last night the company instructed employees to accept five-cent fares rather than refuse to move the cars, but still maintained the right to collect higher tariff.

RECOMMEND DRAFT AGE IN U. S. FROM 18 TO 45

(Canadian Press Despatch) WASHINGTON, D. C., Aug. 13.—The Senate Military Committee today voted to report favorably at once the Administration Man-Power Bill, extending draft ages to from 18 to 45 years, but with an amendment by Senator Reed, of Missouri, to have the Government provide two years' education free for all boys under 21 years old, to be given after the war.

PRICES ADVANCED IN CORN MARKET

(Associated Press Despatch) CHICAGO, Ill., Aug. 13.—Active buying forced a material advance today in the corn market. Continued hot, dry weather formed the chief incentive to purchase. Besides, receipts here are dwindling. Opening prices, which ranged from 1 1/4 off to one cent up, with September at 162 to 162 1/2, and October at 163 1/2 to 164 1/2, were followed by decided gains in both of these months. The August delivery was relatively weak.

Oats mainly were influenced by the strength of corn. Receipts, however, were large, and there was considerable selling by cash houses.

After opening unchanged to 1/2c higher, on September at 69 to 69 1/2, the market reacted somewhat, but then took a fresh upward swing. Provisions showed but little life. Price changes were unimportant.

**PROGRAMME
ARRANGED FOR
FARMERS' DAY**

**Farmers, Their Wives and Young
Fellows Who Have Been Doing
Their Bit on the Farm Promised
a Good Time.**

The plans are all completed and the stage set for a gala day at the Lennoxville Experimental Farm on the occasion of the Fourth Annual Farmers' Day on Thursday, when it is expected there will be on hand a large number of farmers, their wives and sons, and also the "Soldiers of the Soil." The latter, with which is included the farmers' boys between the ages of thirteen and nineteen years of age who have worked on the farm for three months or who intend to work on the farm for that period, are scheduled for a busy time. In addition to being invited to attend the programme arranged for the older members of this branch of Canadian industry, the young fellows will also be given an opportunity to show off their abilities as athletes. A fine card of sporting events has been arranged for the boy workers, which will take place during the afternoon.

Mr. J. A. McClary, general superintendent of the Experimental Farm, has left nothing undone to assure those who attend an interesting and pleasant day. In the morning the visitors will inspect the live stock and horticultural work at the farm, and at noon lunch will be served. In the afternoon following the luncheon, several speakers will be heard, including Mr. J. H. Grisdale, Deputy Minister of Agriculture, Mr. Begin, superintendent of the Experimental Farm at Ste. Annes and Senator Foster. The Homemakers' Clubs will also give a demonstration on Canning and Drying of fruits and vegetables in connection with the Government's plans of the conservation of food. Following these the boy farmers will hold the stage on the athletic field.

**MANY ATTENDED
FUNERAL OF LATE
MR. GOODHUE**

**Well Known Resident Passes
Away After Rather
Prolonged Illness.**

The funeral of the late George Goodhue, took place on Tuesday from his home, "Maple Grove Farm," Prospect street, to St. Patrick's Church, where a solemn Requiem Mass was sung by Rev. E. C. Fissette, parish priest, assisted by deacon and sub-deacon. Appropriate and impressive music was furnished by the choir and organist. The attendance was large, neighbors and friends being present in good numbers, while the I. O. F., of which deceased was a member, was well represented.

The principal mourners were Mrs. Goodhue, wife of deceased, their daughter, Miss Violet Vivian Goodhue, Mr. and Mrs. N. L. Goodhue, brother and sister-in-law, Messrs. Clayton Goodhue, Eddy McGrath and John Taylor, nephews; Mrs. E. E. Gilson, Mrs. John Taylor and Mrs. James McGrath, Northampton, Mass.

The pall bearers were, Mr. J. Lacroix, Mr. O. Murphy, Mr. N. Benoit, and Mr. F. Lachance, and the bearers were, Messrs. H. Waite, E. Bowen, James McGrath, Walter Reid, A. Lamont, and J. Lacombe.

The numerous and beautiful floral offerings comprised a sheaf from the family, wreath from Unity Lodge, I. O. O. F., wreath, Mr. and Mrs. N. L. Goodhue, and many other tokens of remembrance of one who was well-known and highly esteemed in the community.

The late George Alfred Goodhue was born in Vermont, but had lived in Sherbrooke over eighteen years, and carried on a successful farm and dairy business. Some two years ago he was obliged to give up active work owing to the failing of his health, and since then had suffered much, gradually declining until the end came at the comparative early age of 58 years and three months.

He leaves to mourn his loss, his wife, who was born Irene Katherine McElligott, of Holyoke, Mass., one daughter, and the relatives mentioned above.

A son by his first marriage died during the Spanish-American War, in which he enlisted.

**DEATH DUE TO
ACCIDENT WAS
JURY'S VERDICT**

**Inquest Was Held Into the Death
of Louis Huot, Who Died as
Result of Burns Received in Ex-
plosion at Windsor.**

A verdict of accidental death was returned by the jury after the hearing of the evidence into the death of Louis Philippe Huot, who died in the St. Vincent de Paul Hospital as a result of the injuries he received in the recent explosion at the Canada Explosives Company's plant at Windsor, at the inquest held by Coroner Dr. Bachand. Huot and two of his comrades were badly burned in the explosion and rushed to the local hospital for treatment, but Huot never recovered.

It was shown in the evidence that the three injured men were at work repairing a part of the building which had been badly shaken in a previous explosion. The officials of the company stated that they had warned the men to get the building well with water before they started their work of repairing and that for this purpose a fire hose had been brought down to the scene. The men had wet the building, but not to a sufficient extent. The result was that while hammering in some nails, one of the laborers by the name of Laverdiere evidently struck the head of a nail on which some powder had dried, and the explosion followed.

Laverdiere, although it was his hammer which caused the explosion, was the least injured of the three men. For a time it was thought that Toussignant, the third man injured, would not recover, but he is now reported to be making good headway toward recovery.

**GREAT INTEREST TAKEN IN
INQUEST INTO DEATH
OF YOUNG DRAFTEE**

**Captain Durocher, of Quebec, is in
Town to Attend the Inquest
Which Opens This Afternoon—
Many Will Likely Attend the In-
quest.**

Considerable interest is being taken in the inquest which is to be held this afternoon into the death of Emile Picard, the young draftee who was shot and killed while attempting to evade one of the military police officers who had been sent out to round up the young man under the Military Service Act.

Captain Durocher has arrived in town from Quebec with his witnesses and the inquest is scheduled to open at four o'clock. It is alleged that the man who fired the shot that resulted in the death of young Picard is a returned soldier that had taken up the duties of a military policeman by the name of Crandall.

**U-BOAT MAKES
GAS ATTACK ON
U. S. COAST**

**Fumes Released from Oil Spread
Over the Surface of the Water
By Submarine—Raider May Be
Lost.**

WASHINGTON, Aug. 13.—Using poison gas, a German submarine attacked the coastguard station and lighthouse on Smith Island, off the North Carolina coast, Saturday night, the Navy Department last night announced. Six men were overcome by the gas. The gas was released from oil spread over the surface of the water by the submarine. Three large areas of the oil, each larger than an acre, grounded near the island. The gas, which appeared similar to mustard gas used in fighting on the western front, was effective about forty minutes. None of the men overcome by the fumes died.

Sub was Attacked. The German submarine operating off the Virginia coast, was attacked by an American destroyer, which used seventeen depth bombs in an effort to get the raider. The submarine did not re-appear and oil was noticed on the surface of the sea.

The date of the attack was not given in the report received yesterday by the Navy Department. The submarine was sighted at a distance and the destroyer immediately dashed full speed toward her. The German submerged. Circling about the spot, the destroyer launched fifteen depth bombs. When oil was noticed on the surface, the destroyer put over two additional depth charges.

**ORDERED TO
STAND TRIAL ON
THREE CHARGES**

**Judge Mulvena Held Sessions of
the Court at Theftford Mines and
Black Lake Yesterday.**

Judge Mulvena held sessions of the Magistrate's Court at Black Lake and Theftford Mines yesterday, and disposed of quite a number of cases that were up for hearing. Vidal Thibodeau, of the Township of Theftford, was convicted to stand trial at the next term of the Court of King's Bench to be held at Arthabaska on a charge of stealing. The complaint was laid against the accused by Thomas Lapointe, forest ranger of the Brompton Pulp and Paper Company, charging Thibodeau with stealing a quantity of lumber from the lots on which the Brompton Pulp and Paper Company has secured a license to cut the timber. Quite a large number of witnesses were heard before Judge Mulvena rendered his decision. The accused was allowed his freedom on bail to the amount of \$400, being furnished \$200 by the accused and one security of \$200.

Cases at Black Lake. Two cases taken under the liquor regulations were heard at Black Lake. Mrs. Ovide Begin, of Black Lake, pleaded guilty to the charge laid against her of selling spirituous liquor without a license, and was sentenced to a fine of \$100 and costs, or three months in jail.

Monore Bellance, also of Black Lake, pleaded guilty to the charge laid against him of selling liquor without a license. Many witnesses were examined and they stated that they had never secured any spirituous liquor from the defendant by purchase or otherwise, and as a consequence Judge Mulvena dismissed the case.

**DESERTERS AT ST.
MALO CAUSING A
LOT OF TROUBLE**

**Intimated that They Were Re-
sponsible for the Burning Down
of Mr. Dyke's Home, Causing
\$7,000 Damage.**

Deserters under the Military Service Act and their sympathizers are alleged to be causing considerable worry, damage and trouble in and around St. Malo de la Riviere. In fact, it is claimed that they were responsible for the burning down of Mr. C. D. Dyke's large residence last week at an estimated loss of \$7,000. While there is no evidence that the deserters and their sympathizers were responsible for the setting on fire of Mr. Dyke's house, no other suitable excuse for the outbreak can be given and threats of such an act being accomplished had been made previous to the fire.

It appears that a number of the deserters under the Military Service Act and their sympathizers had a grievance against Mr. Dyke owing to the fact that he was in favor of conscription and because he had entertained two Military Police officers at his home recently. After that several threats were made against him and his house-keeper, Mrs. Bennett. As time passed the men became bolder and on Friday night several shots were fired at Mr. Dyke's house, following which his house was burned to the ground the next night, the fire originating from an unknown cause. Owing to the fact that there was no apparatus on hand to combat the flames, they soon finished their work of destruction, Mr. Dyke and the other inmates of the house being forced to make a hasty retreat from the burning building in light attire in order to save themselves from a horrible death. Luckily, Mr. Dyke's wood mill, which is quite a little distance from his residence, did not take fire. Mr. Dyke is well known in that vicinity, owning some nine hundred acres of land and three other houses in addition to his own which was destroyed.

**WILL FIGHT ATTEMPT
TO CUT DOWN WAGES**

**President of Printing Pressmen's
Union Says Men Should Organ-
ize Against Such a Move.**

(Canadian Press Despatch) MONTREAL, QUE., Aug. 13.—That he believed that many employers were already planning to cut down wages after the war, and that workers should be gin to adjust themselves now to meet after-the-war conditions, was stated by George L. Berry, general president of the International Printing Pressmen and Assistants' Union, and a member of the American Federation of Labor. As President of the International Union he stated that their membership would fight to the bitter end any such attempt on the part of employers, and that they considered it a patriotic duty to keep wages high. In reference to restrictions of free speech, Mr. Berry said that any man who tries to hamper a war fought to defeat militarism should be set upon.

(Canadian Press Despatch) HALIFAX, N.S., August 13.—"There is no truth in the report that I am to command the Expeditionary Force to Siberia," said Major-General F. L. Lessard, Officer Commanding the Sixth Military District, to the Canadian Press today.

**BITTER FEELING
AGAINST ENEMY
IN RUSSIA**

**Growing Movement Over Occupa-
tion Will Compel Germany to
Send Reinforcements to Hold
People Down.**

(Canadian Press Despatch) LONDON, Aug. 13.—Germany, in the bitterest hour of defeat in the west she has yet known, is menaced in the east not only by the advance of the allied expeditions, but by the perpetually growing movement of unorganized resistance to her occupation, says the Daily Telegraph, in commenting on the situation in Russia.

There is not a part of Russia where German troops are stationed where the commanders have not all they can do to hold the people down by force of arms. The task, the newspaper adds, will soon call, if it has not already, for strong reinforcements apart from the question of meeting the allied expeditions. The Telegraph continues:

"If the enemy is in peril in the west, he is little better off in the East, and Prussianism is reaping wherever it has sown." The removal of the German Embassy to Pskov, says the Daily Chronicle, is an admission by the Germans of their intense unpopularity in Russia. The Daily News says that the salient fact of the political situation is the failure of the Bolsheviks to provide a rallying point for the nation. It believes that the fall of Lenin and Trotsky would be the first step toward a solution of the problem, for it would mean the emergence in Russia of forces disposed to stand for national self-assertion as against exploitation by Germany.

**WILL ANNIHILATE COUNTER-
REVOLUTIONARIES.**

(Canadian Press Despatch) AMSTERDAM, Aug. 13.—A new manifesto advocating the pitiless annihilation of all counter-revolutionaries has been issued by Premier Lenin, says the Rheinische Westfalische Zeitung of Essen. Peasants retaining grain beyond their personal needs will be arraigned before revolutionary courts as enemies of the people. Capital punishment will be inflicted on illicit traders.

**CANADIANS
TAKE TOTAL OF
9,000 HUNS**

**Over 150 Guns Were Also Captured
During Present Offensive—
Corps Made Advance of 13
Miles.**

(Canadian Press Despatch from Reuters, Limited.) LONDON, August 13.—Sir Edward Kemp has given out the following statement:

"Reports up to last night regarding the work of the Canadian corps in the present offensive further emphasize and confirm the extent of their successes. The corps' prisoners now total 9,000, with over 150 guns captured. The depth of the corps' advance at its maximum point is over thirteen miles. The activities of the past three days have been on the scene of the old Somme battleground, where the ground is fully traversed by old trenches and other defensive works, making the operations of our tank units, motor machine-gun companies, cavalry and infantry more difficult, thus accounting for the slowing down of the early advance."

"All ranks of the corps are in the best of spirits, and in the words of the corps commander, who is highly enthusiastic, they are simply irresistible." CANADIAN LOSSES WERE LIGHT. OTTAWA, August 13.—The following cable was received yesterday by the Department of Public Information from Sir Edward Kemp, Minister of Overseas Military Forces: "Official reports received yesterday emphasize the prominent part played by the Canadian forces in the present advance and captures of prisoners and war materials are greater than anticipated in earlier reports."

**SUPERIORITY OF
BRITISH AIRMEN
AGAINST HUNS**

**Down Twenty-nine Enemy Ma-
chines, and Drop Tons of Bombs
on Enemy Stations With Good
Effect.**

(Canadian Press Despatch) LONDON, Aug. 13.—An official communication dealing with aviation, issued last night, says:

"Fifty tons of bombs were dropped by our airmen on August 11 and the following night. The two chief objectives, both by day and night, were the crossings and certain railway junctions of military importance. "Courtaul station and its sidings were heavily bombed by some of our squadrons in broad daylight, from a low height, without loss to us. Many direct hits were observed."

"At night the stations at Peronne and Cambrai were severely attacked, with good effect. All our night bombing machines returned safely."

"Enemy aircraft, flying in large formations, were active on the battlefield. Twenty-nine hostile machines were destroyed in air fighting during the day and twenty-four others were driven down out of control. "Four hostile balloons were shot down in flames. Five of our machines are missing."

"The observation work for our artillery, carried out by airplanes and balloons, was steadily continued. On the night of August 10-11 a Gotha machine was brought down by our anti-aircraft fire, in addition to those already reported. On the afternoon of the 11th instant, in addition to the bombing previously reported, a few bombs were dropped on the railways of Metz."

"On the night of the 11th-12th our machines attacked two hostile air-dromes and various ground targets with bombs and machine gun fire. On the day of the 12th one of our squadrons, despite unfavorable weather conditions, successfully attacked the air-plant and chemical works at Frankfurt."

"Bursts were observed well in the centre of the objectives. Large numbers of enemy airplanes attacked and kept up a running fight for about thirty miles. Two enemy airplanes were destroyed. All our machines returned safely."

"Another of our squadrons attacked the hostile air-drome at Hagenau with excellent results. This squadron just after crossing the lines met large numbers of enemy ships, and at once decided to give battle. As a result of severe fighting, four enemy airplanes were destroyed and one other machine was driven down out of control. Two of our machines are missing."

"The squadron reformed after this fight and proceeded to bomb its objective. A direct hit was obtained on a large hut in the air-drome and a bomb fell among four enemy machines on the ground and destroyed them."

**EFFECTIVE WORK OF FRENCH
AIRMEN.**

(Associated Press Despatch) PARIS, Aug. 13.—"During the day of August 11 our bombing squadrons carried out successful expeditions over the enemy lines. Concentration centres, road crossings, bridges and railroads were copiously drenched with projectiles. "Marching columns were subjected to machine gun fire. The important centre of communication of Perquerie court received for its part seventeen tons of explosives during the day."

"Numerous transports have been bottled up. A total of fifty-seven tons were dropped, of which twenty-two tons fell during the night on the regions of Ham, Noyon, Guiscard and Tergnier. "The same day fifteen airships and four captive balloons were downed and twenty-one machines were put out of action by our pilot, operating in collaboration with American crews."

**CREW OF LIGHTHOUSE
GASSED BY SUBMARINE**

**None of the Victims Attacked at
Station Near Wilmington, N. C.,
Suffered Serious Injury.**

(Canadian Press Despatch) WILMINGTON, N.C., August 13.—Information from the coast guard station on Smith's Island, at the mouth of the Cape Fear River last night, is that none of the victims of the gas there on Saturday afternoon suffered serious injury. Those who suffered at the lighthouse are understood to have been the keeper, his wife, and one other, composing the entire crew of the lighthouse, while three of the coastguards at the life-saving station also suffered. A brood of chickens on the reservation was killed, and other animals on the place showed signs of the gas.

**HEAVY FIGHTING
REPORTED AT
FISMETTE**

(Associated Press Despatch) LONDON, August 13.—(Soissons-Rheims Front.)—Heavy local fighting is reported in progress at Fismettes, on the north bank of the Vesle, where the Franco-American forces are holding the line. The Allies here were attacked by the enemy and forced to retire to the south bank of the river. An immediate counter-attack was launched, and according to the latest reports the old positions of the Allies on the north bank of the river have been restored.

**GERMAN GUNS
MORE ACTIVE ON
FRENCH FRONT**

**Enemy Now Reinforcing Old Line
Which He Held from 1916 to
1917—Heavy Guns Required
to Batter Way Through.**

(Associated Press Despatch) WITH THE FRENCH ARMY IN FRANCE, Aug. 13.—Difficulty in bringing up artillery ammunition over battered roads brought a comparative lull on the French sector yesterday. Infantry activity was confined to local engagements.

The German guns have been more active with shells of all calibres and with gas. The enemy is now reinforcing his old line which he held from 1916 to 1917, and it will require heavier armament to batter a way through. The Germans have attempted several counter-attacks, but they were without marked vigor and gained no success.

Aviators continue to plan an important role in harassing the enemy behind his front line. They are obstructing the movement of convoys of munitions and supplies. It is believed that the stand that the Germans are preparing to make in their old trenches is likely to prove only a temporary expedient to obtain time in which to move back the immense stores of material, and to organize retirement of the artillery and infantry.

There is great activity within the German lines east of Roys and Chaulnes. All the roads are encumbered with wagon trains, indicating that the enemy is still moving out the ammunition and supplies he had gathered in that region.

**RECRUITING FOR
"PAL BATTALION"
OF WOMAN'S A.C.**

(Canadian Press Despatch) OTTAWA, ONT., Aug. 13.—On what a gigantic scale are the operations in Canada of the Imperial Munitions Board is indicated in an official statement that the total value of contracts for shells, raw materials and supplies of various kinds up to May 31 last was \$1,200,000,000. No less than \$1,000,000,000 had been paid out on account of these orders by the Board to the same date.

LONDON, Aug. 13.—Recruiting has begun for a "Pal Battalion" of the Women's Auxiliary Army Corps for service with the American Expeditionary Forces. Five thousand women are needed, and women who are friends are invited to enlist together.

**ENEMY PUTTING
UP RESISTANCE
AROUND CHAULNES**

(Canadian Press Despatch) LONDON, Aug. 13.—The British are finding their hardest fighting in the district close around Chaulnes, where the Germans are making a desperate effort to keep the Allies back in order to retain the use of the important lateral lakes and highways out of Chaulnes. Allied artillery and aircraft are doing their utmost to make the use of these communications unpleasant for the Germans.

**ENEMY DROPS
PROPAGANDA OVER
AMERICAN LINES**

(Associated Press Despatch) WITH THE AMERICAN ARMY IN FRANCE, Sunday, Aug. 11.—German airplanes dropped bombs on the American positions on the Woerle last night without inflicting damage. The enemy has sent over balloons carrying propaganda for both American and French troops.

**HEAVY FIGHTING
REPORTED AT
FISMETTE**

(Associated Press Despatch) LONDON, August 13.—(Soissons-Rheims Front.)—Heavy local fighting is reported in progress at Fismettes, on the north bank of the Vesle, where the Franco-American forces are holding the line. The Allies here were attacked by the enemy and forced to retire to the south bank of the river. An immediate counter-attack was launched, and according to the latest reports the old positions of the Allies on the north bank of the river have been restored.
