Snow Queen At Westmount Carnival

Queen's School, Westmount, held their snow carnival on Tuesday night. Demure Claire Vezeau, left, was crowned Queen with all the pageantry befitting a coronation. The original costumes worn by the children were designed by Herb Linder of the Westmount parks department.

Westmount Man Killed by Auto On Saturday

A Westmount resident, R. R. Bostwick, 60, of 1 Rosemount avenue, apt. 65, was killed when trying to cross Western avenue, Saturday afternoon.

The victim was allegedly crossing the street when struck by Marcil Villemure of 128 Chatelle street, who was trying to pass another vehicle at the time. It was reported that Bostwick, in an attempt to miss being hit by the first car, was struck by the second.

Suffering multiple injuries of the legs, body and head, he was given almost instant treatment by Dr. M. Nutik of 409 Clarke avenue. The victim was also wrapped up in blankets from the Ice Manufacturing Company until an ambulance arrived.

He was taken to the Western Division of the Montreal General Hospital, who pronounced him dead on arrival. Constables A. E. Jones and F. L. Miller investigated.

The body was removed to the morgue pending an inquest.

A coroner's jury on Monday returned a verdict of accidental death.

Mr. Bostwick, assistant chief engineer in the C.N.R. construction department, had been employed by the C.N.R. for 35

Leaders Plan Play Centre At Westmount Meeting

Bad girls are just as numerous as bad boys, Mrs. John S. Corbett, chairman of the finance committee of the Montreal Girls' Association told a meeting of the directors of the association held at the home of Mrs. A. Turner Bone. 551 Argyle Ave., Westmount.

The immediate object of the meeting was to discuss plans for the establishment of a play centre for girls in central Montreal and for the forthcoming campaign for $30,000.

The lack of recreational facilities for young girls, Mrs. Corbett said, was a "serious and continuing emergency." The play centre is planned initially, she said, to take care of the needs of the six to twelve year old group. This she said was because social service workers have found that with the girls one must begin young.

It is hoped that later the activities of the centre can be expanded to take in the older age groups.

It is proposed to locate the centre in a section of the city in the central area, where there is a large child population and a lack of recreational facilities, and it will be in a school under the jurisdiction of the Montreal Protestant Central School Board.

Leaders from other parts of the city will be welcomed for training, Mrs. Corbett said.

She pointed out that only 15 per cent of after school projects at present, are for girls, and most of that was provided by the Girl Guides.

Eventually it is hoped that the M.G.A. will parallel the work of the Montreal Boys' Association in relation to the needs amongst the young girls.

Chairman of the meeting was Miss Helen Guiton, president of the M.G.A., who said that Mrs. Corbett has been Chief Commissioner for the Canadian Girl Guides that she helped to form and then became chairman of the Western Hemisphere Committee of the World Association of Guides, and that she is convener for the Local Council of Women of Montreal.

W. E. Dunton, chairman of the Montreal Central School Board, in a brief address, invited the M.G.A. to use the board's schools. He said

Comfort Station At Glen, Gone

The public waiting room and comfort station at the Glen and St. Catherine street west intersection has been demolished.

This landmark built about 25 years ago was ordered torn down by the City of Westmount.

J. E. Anderson, superintendent of parks for Westmount, said that the building had served its purpose and that as it had been getting into a bad state of repair, it was felt that the comfort station had outlived its usefulness.

The Montreal Tramways had leased part of the building some years past but had discontinued using it recently.

Man Arrested for Theft Of Clothing in Westmount

Marcial Morin, 38, of no given address, was found guilty of stealing clothing valued at $1,300 from G. Roberge of 232 Metcalfe Avenue, and remanded for sentence by Recorder C. A. Hale of the Westmount Recorder's Court.

Morin was picked up by the Westmount Police Department early Friday morning and appeared in court the next day.

Werry Supported- Admit Electors Council Chamber

The letter written by Royal Werry, K.C., which was published in the last issue of The Examiner, has apparently received considerable attention. The Westmount lawyer in his letter criticized, as he put it, "in a constructive spirit" the method of snow disposal which, he stated, is costly, the high rate of taxation, and the outdated building by-laws of Westmount.

A further letter bearing on Mr. Werry's remarks has been received from "Westmounter" who seems to be of the opinion, that some of the former's complaints might have been obviated, had more information been made available by the City Council to residents.

Asks Open Council Meetings

He suggested that the practice prevailing in other municipalities, of throwing open to the public regular council meetings would, in his judgment, remove doubts any voter may have as to the efficient operation of the City's administration.

A suggestion is also thrown out that some action might be taken to improve the appearance of some of the streets in the business section, especially does he point to that part of Victoria Avenue running from Westmount Station to Sherbrooke Street.

Our correspondent's letter reads as follows:

The Editor,
The Examiner.

Dear Sir:

I was interested in reading in your issue of February 10th, a letter by Royal Werry, K.C., criticizing the administration of the City of Westmount.

If conditions are as stated by Mr. Werry, it would seem that he has some justification for his complaints. However, I have usually found that if sufficient light is thrown on faults which, at first glance, appear obvious, that a second look sometimes shows the defect in a different setting.

Make Information Available

It would appear that Mr. Werry finds it difficult to obtain information which should be available to any citizen and this naturally would arouse resentment in any community.

I can conceive of no good reason why the meetings of our City Council should be held behind locked doors. In Montreal and other adjoining municipalities, the public is admitted to council meetings, according to the capacity of the space available. Why not in Westmount?

I do not have any direct knowledge of the things complained about by Mr. Werry, but I would like to draw attention to the shabby, in fact, almost slum-like state of certain sections of our business streets.

Business Streets Slummy

Especially would I point to that part of Victoria Avenue running from Sherbrooke Street down to the C.P.R. Station.

Some of our streets in the lower level could stand a lot of attention, in order to bring them into some-

BUSINESSMEN HEAR EXPOSE ON RETAILING

The five basic rules for success in retail trade, was the subject of an address by R. F. Chisholm, vice-president of the Gordon McKay Company of Toronto, at a capacity joint meeting of west end business men's associations at Ruby Foo's Wednesday night.

Over two hundred turned out to make the meeting the most successful of the season, to date. The Flamingo Room was filled when Chairman H. V. Stoddard called the meeting to order following dinner. Mr. Stoddard then introduced Head table guests, City Councillor Charles Pare, John Lyall, and Roy E. Wagar, Paul Viau, president of the Westmount Association; John Templeman, president of the Montreal West Association; R. F. Chisholm, speaker of the evening; Norman Hartenstein, president of the Jacques Cartier Association; Eugene Kahn, president of the Notre Dame de Grace Association; Rolland Begin, vice-president of the Notre Dame de Grace Association, and M. Mathieu, president of L'Association de L'Est.

The five secrets of successful retailing, Mr. Chisholm listed as (1) The carrying of an ample range of basic stocks; (2) Efficient and intelligent stock control; (3) Attractive stores; (4) Promotion. The effective use of every means available; (5) Staff training. Competence and courtesy on the part of employees.

The greatest single asset the small merchant can have, declared Mr. Chisholm, is energy. On the question of competition from the larger retailers, the speaker declared that the advantages of mass purchasing were overrated and that there were other com-

Geo. W. Bourke

Geo. W. Bourke Named President Of Sun Life Co.

George W. Bourke of 774 Lansdowne avenue, Westmount, was elected president of the Sun Life Assurance Company of Canada, at a meeting of the board of directors of the company, following the annual meeting on Tuesday.

Mr. Bourke has had a brilliant career in the insurance field.

He became associated with the Sun Life Company in 1915, whilst still studying at McGill University. In the fall he returned to college, but continued to spend his summer vacations working in the actuarial department of the Sun.

Mr. Bourke graduated from McGill in 1917, obtaining his Batchelor of Arts degree, and also winning the Anne Molson Gold Medal for Mathematics and Physics.

Following his graduation, Mr. Bourke immediately enrolled in the McGill Siege Battery which went overseas under the command of Sir Stoppard Brunton.

His mathematical skill was put to good use by the battery, in plotting targets for the gunners in the Amiens sector of the battle front. In the summer of 1918 he was severely wounded, and was invalided home in the fall of that year, following a period of hospitalization in England.

George Bourke was awarded the Military Medal in recognition of his military service.

He rejoined the Sun Life Assurance Company in 1919. In the fall of 1920 Mr. Bourke married Miss Beatrice Mitchell, of Levis, who had graduated from McGill University in the class of '19.

They settled down in Montreal and later moved to Westmount, and have raised a family of three boys, two of whom served their country in the Second World War.

Mr. Bourke meanwhile earned the right to become a Fellow of the Actuarial Society, and followed this up by qualifying for the degree of Fellow of the Institute of Actuaries of Great Britain.

In 1924 he was appointed Chief of the Mathematical Department of the Sun Life, and five years later became Assistant Actuary.

In 1932 when Arthur B. Wood became Vice-President and Managing Director of the company, Mr. Bourke was appointed to succeed him as Chief Actuary.

In 1944 he was appointed General Manager, and two years later became Managing Director. In February 1947 Mr. Bourke was appointed Vice-President and Managing Director, and held that position until he was elected President of the Sun Life Assurance Company on Tuesday February 14.

Mr. Bourke is a former vice-president of the Actuarial Society of America, and served two terms on that body. He is a governor of the Society of Actuaries, and a past President of the Canadian Life Insurance Officers' Association. He is a director of the Bank of Montreal and a member of the Board of Management of the Montreal General Hospital.

He is a member of the Mount Royal Club, the University Club and the Royal Montreal Golf Club. In the summer he is to be found at his summer home at Lac Manitou in the Laurentians.

Mr. Bourke takes a keen interest in Westmount affairs, and is a steward of Dominion Douglas United Shurch.

that there has been a growing movement in recent years to use schools in evenings, and that at present more than 50% of them were in use every night by some 700 organizations.

Mr. Dunton agreed that there was a critical lack of organization for looking after young girls. Through the M.G.A. he said, the board hoped that it would not be many years before the school rooms were used as much by girls as by boys.

Amongst the prominent civic leaders present at the meeting were: P. G. Delgado, of the Westmount Rotary Club; Major Gen. C. B. Price also of Westmount and a member of the M.G.A. advisory council; William Dunlop, president and L. K. Jones, welfare chairman of the Verdun Lions Club; Lloyd D. Like Mr. Werry, I submit the above suggestions in a constructive spirit. I like living in Westmount, but I still think a little more co-operation, a little more information on civic matters, and a wide open door to council meetings would improve our civic morale, and create a better understanding of Westmount's problems in the minds of the electorate.

He advised his hearers to display all their wares, to eliminate the old-fashioned stock room, which some merchants still maintained. Turn the stock room into added space for display, he counselled.

Following the meeting, members enjoyed the floor show.

Planning For British Motor Show

Members of the Remembrance Branch, Canadian Legion, British Motor Show Committee are seen making final plans for the show which opens at the 17th Duke of York's Royal Canadian Hussars, Cote des Neiges Road on February 23rd, 24th, 25th. Left to right are Hal Givens, Henry Newmark, vice-chairman, Thomas Ritchie, Douglas Smith and standing L. Arthur Simon, co-ordinating chairman.

Regent Mill Head Helps Out Church

Hyman Grover, president of the Regent Knitting Mills at St. Jerome, who resides at 3207 Westmount Boulevard has earned for himself the profuse thanks of the citizens of St. Jerome by his gracious gesture in putting at the disposal of the parish of the church of Ste-Marcelle part of the knitting mill plant for use as a temporary chapel pending the construction of the new church.

Mr. Grover has given the use of the large hall to the congrega-

Legion-Sponsored British Motor Show Being Readied

Sponsored by the Remembrance Branch of the Canadian Legion, the British Motor Show will be held in the armoury of the 17th Duke of York's Royal Canadian Hussars, Cote des Neiges Road on February 23rd, 24th and 25th.

L. Arthur Simon, co-ordinating chairman of the committee, stated that more than 18,000 feet of floor space, which was a complete sell out, has been taken up by local British car dealers. The committee was preparing, he said, to accommodate more than the 16,000 who witnessed the show last year.

In addition to the exhibition of the latest English automobiles, a new feature of this year's show will be English motorcycles, bicycles, marine engines and auto accessories.

Air Marshal Sir William Welsh, official representative of British Motor Car Manufacturers in North America, visited Montreal recently to liaison with the Remembrance committee. Air Marshal Welsh, who was prominent in getting the Commonwealth Air Training Scheme started in Canada, official ly opend the motor show last year and will attend again if possible.

In an interview Sir William said some people thought that the British car would virtually disappear from the North American market once the car shortage was over. This was not true, he said, the sale of British cars in the United States and Canada was increasing steadily and the English car was here to stay. Dealers from coast to coast were concentrating on setting up service facilities to provide all-round satisfaction for their customers.

Aid Dollar Drive

The purpose of the British Motor Show is two fold. Firstly to promote the sale of British motor cars and motorcycles to aid Britain in her drive for dollars, and secondly to donate any profits from the show to the welfare fund of the Remembrance Branch. The Legion branch is faced this year with heavy demands upon its resources due to the large number of unemployed in Montreal.

The following are the members of the committee in charge of the show. Hal Givens, Bashford Browne, Henry Newmark, vice-chairman Thomas Ritchie, Douglas Smith and L. Arthur Simon, chairman.

Importance of Montreal Harbour is Outlined

The importance of the Montreal harbour, largest inland harbour in the world, was outlined by Gordon Murphy, Port Manager, who spoke at the Westmount Rotary Club at their regular weekly meeting, Wednesday.

Mr. Murphy said that the harbour had a national as well as a local importance, pointing out that ships of 20,000 tons displacement were able to sail up the St. Lawrence to Montreal, approximately 1,000 miles inland. He also pointed out that such a route was shorter to several ports in England, than was the routes from American Atlantic sea ports.

In a well-prepared address, the speaker also mentioned that it was the terminal for another 1,200 miles of inland navigation to the west, and the main Canadian terminal for the two great railways systems of the Dominion.

Giving some of the major facts concerning the shipping of goods from and to Montreal, the speaker said that the four grain elevators made it possible to store 15,000,000 bushels of grain, enough to fill a string of box cars 65 miles long.

He also pointed out, that through the present facilities, it is possible to fill twenty ships simultaneously.

Also included in the list of facts given out by Mr. Murphy, was the point that in the year 1928 alone, 211,000,000 bushels of grain passed through the Montreal harbour, which is run today by a three man Federal Commission.

The speaker said that coal handling has reduced considerably

Boys' Brigade To Hold Parade

The last Westmount Company and Life Boy Team will attend service at St. Andrew's Church, Sunday morning, along with their other youth organizations, for a special Youth Service. All boys are asked to meet at St. Andrew's Church hall for 10.45 sharp.

The boys have been making good progress this past week and have also been highly successful in their financial campaign, the final results of which should be announced this week.

A few more boys are ready for enrolment and will be invested this week with their badges of membership. Hopes for a sleigh drive are rather dim at the moment with the weather so variable. However, if conditions are not much improved shortly, a skating party will replace the drive, with a party and refreshment following.

Cure Albert Lemay's difficulties in accommodating his flock during the construction period has been solved as a result of Mr. Grover's offer.

The employees of the Regent Knitting Mills have also helped by transforming and decorating the space donated into a very beautiful and convenient chapel. They worked at this task during their spare time and week-ends.

Mr. Grover stands high in the esteem of his workers and St. Jerome residents through his kindly and thoughtful action.

Miss Demkoe is shown above receiving her prize from Mr. L. J. Ryan, centre, Eastern Divisional manager, Orange Crush Limited. Hobby Show Drive Showing Results

At the third meeting of the Westmount Boys' and Girls' Hobby Show Committee, held at the Westmount Y.M.C.A., Miss Ann Pow, chairman of the advertising committee, announced that the advertising campaign for this year's Hobby Show booklet is in full swing.

Over 25 boys and girls, representing the various schools, have been canvassing stores and firms throughout the city for advertising space.

The response from the Westmount stores and firms, in particular, has been very good. The campaign has reached half its objective, with a week to go.

Bob Moffat, Westmount "Y" physical director and adviser to the physical department of the Hobby Show, feels that the athletic department of this year's show will be bigger and better than ever. Featured in this department will be a tabloid sports program.

Other committees are working hard and, from all indications, the 1950 Hobby Show will be one the girls and boys of Westmount will be proud of.

Ross Clarkson, J. Pembroke, CBE, Head Royal Trust

Two Westmount residents were elected President and General Manager, respectively, of the Royal Trust Company, at the annual meeting of the company, held on Tuesday.

N.D.G.-Westmount Political Clubs To Hold Debate

The N.D.G. Young Liberals Association will tackle the Westmount Young Liberals in a heated debate on the controversial subject of immigration at the Reform Club, 82 Sherbrooke St. W., on Thursday evening, February 23rd.

The resolution reads, "Resolved that an unrestricted immigration policy would be beneficial to Canada." The debaters for the N.D.G. club will be Emmett Kierans and John McDougall, and the two teams will draw for the affirmative and negative sides today.

Professor G. T. Culliton of McGill University, an expert on immigration, will be guest of honour, and will address the meeting following the debate.

John Pepper, president of the Westmount Young Liberals, will chair the meeting. Ross Smyth, president of the N.D.G. group, announced that his members would be guests of the Westmount club.

Bus Fares Hiked In Effect Now

Westmounters using Provincial Transport Company buses will now have to pay more for bus fare than they have, since the last increase in 1936, according to a company announcement.

The increase means an advance of five cents on all tickets from 10 cents to a dollar. In addition, fares above $1 will be increased by five per cent plus any addition to make the new fares end in "0" or "5". A fare which has been upped to $1.98, under the new five per cent increase, will have an additional two cents added to make a round figure of $2.

The new boost in fare will only be in effect within the Province of Quebec where the company holds the franchise. Increases have already been received by the Colonial Coach Lines, operating from Ontario into Quebec, and by Greyhounds running from the U.S. into Quebec, officials said.

The Provincial Transport Board has authorized the new increases.

Reasons given for the increased fares are higher operating costs, higher wages, the premium paid on U.S. funds, and the increased prices paid for buses and materials.

Commuters will be able to buy tickets at substantial discounts in books of tickets good for 40 days, the company announced, and also books of twelve tickets can be bought at a reduced rate.

School children will be able to buy all types of commuter tickets at half price.

since before the war, but that this was quickly made up by the increased oil shipments. He listed in the way of facilities, the 65 mile harbour railway, the huge two shorey sheds and said that the stevedore situation compares favourably with any port in the world.

The speaker was introduced by James de Lalanne and thanked by Harry Griffin of the Westmount Rotary Club.

Ewart Everson enlarged on the letters sent to all members of the Westmount Rotary Club by Don Ross, concerning the Unity Boys' Club. He said that it was imperative that the sum of $7,500 be raised to make the $165,000 total placed in the budget for the group and urged their strongest support of the project by the end of May.

A letter from the local Boy Scout Headquarters was also read, which asked for co-operation in their financial campaign now being sponsored.

Westmount High Sports

First, here's the sportive line-up for WHS'ers this coming week. Today: W.H.S. vs Verdun, Senior A hockey at Verdun Arena at 4.00 p.m., and on Monday vs Loyola at the Forum. One more: next Thursday against McGee at Lachine.

Senior B hockey: W.H.S. vs Catholic High at the Forum tomorrow morning at 10.00.

Senior A basketball: WHS vs Loyola College at Westmount High next Wednesday at 4.00.

Girl's division: Senior A basketball team against Verdun some time next week for the city title.

LAST WEEK'S EVENTS

After tying Montreal 4-4 in a slow game played a week ago Wednesday, Westmount High's Senior A puck aggregation suffered a 9-1 drubbing at the hands of Catholic High in a fast game that left Johnny Meagher's boys gasping for breath before the first period was over. Westmount's defence could do nothing in the way of protecting their net minder and the result was that the score stood at 5-0 after the first 15 minutes of play.

Play became a little slower in the second stanza with the Durocher street gang banging home only two goals. The locals' sole tally came soon after the opening of the last frame when Johnny Ferrabee broke away and easily beat the Catholic High netminder with a hard shot to the bottom left corner.

Brother Paul's high-flying team then scored twice more to make the final count a one-sided 9-1.

The one bright spot in the proceedings from a Westmount viewpoint was the work of little Johnny Swaine in goals. Playing under the handicap of entirely new and untried goalie equipment, Swaine made a number of stops that bordered on the miraculous. Had it not been for his efforts, the score would have skyrocketed well into two figures.

The Senior B club fared almost as badly as they took a 5-3 defeat at the hands of Chambly County on Friday but retaliated on Monday with an equal score against Commercial. Twine-denters in the first game were Bobby Sherlock, Beebee Brown, and Hofman. In the latter: Jamie Lough (2), Hofman (2) and Barnard.

Last Wednesday the Senior A cagers bowed to Montreal High 53-47.

NOW IT'S CURLING

Westmount High's curlers travelled to Quebec City on Friday as one of Montreal's two first entries in the school boys' curling tournaments and lost all three rounds played. The team consisted of Morgenstern, Rutherford, Williams, and Collinge, skip.

Paced by Frances Williams and Mary Jean Morgan, the Senior A girls basketball sextet trounced Montreal West by a score of 21-14 to clinch their western division title in the girls' interscholastic basketball league. The locals thus earned the right to meet the eastern champs, Verdun, for the city title in a sudden death fixture for the city honours. This game will be played some time next week.

The Senior B sextet did as well as their "big sisters" by beating them 11-7 with Shirley MacNeill notching seven of the locals' points. They now play off with West Hill High for Senior B second place honours.

Notes: Westmount's A male cagers topped Baron Byng 54-42 Tuesday with Jim Lowe leading the scoring parade with 16 points. In an exhibition game the local Senior A squad managed to down Loyola College 2-0 on goals by Tom Potter and Fred Hofman, the latter playing on a loan from the Senior B team.

Putters Club Holds Carpet Bowling Meet

The Westmount Putters' Club went all out on Monday evening in the Oak Room of the Victoria Hall with a Carpet Bowling tournament. The Westmount Park Church Carpet Bowling Committee, and the Fairmount Taylor Church Carpet Bowling Association kindly supplied the equipment.

Bob Drain won in the men's section and Mrs. Harry Smith won in the women's section. Prizes were donated by the President, Mr. George Cairns.

Next Monday, the Putters feature an evening of court whist and it is hoped there will be a large turnout.

YMCA Wolverines Win Floor Hockey

Brian Hutchinson and his Wolverines romped home to a 5-to-0 victory in the Junior floor hockey game on Saturday. To date the Wolverines are undefeated and have amassed a total of 54 points through participation and their numerous victories. The Rough Riders trail with 30 points.

Unless the Rough Riders get their full team out for the Saturday games they will continue to trail in the number of participant points as well as in the game victories.

Let's pull up your socks, Rough Riders!

Basketball Popular

In the Intermediate hit-and-miss basketball, held every Saturday morning from 10.30 to 11.30, Randall Brooks heads the pack with 19 points, Stan English is in second place with 14 points, while Richard Black is third with 11 points.

In the hit-and-miss type of basketball, new teams are chosen every Saturday. If a boy is on a winning team he gets 3 points, if on a losing team he gets only one.

Last Saturday's game was a bit lopsided with 20 points separating the two teams at the final whistle. Usually this is not the case. Quite often the boys battle it out for a victory margin of one point.

New Traffic Light Causes Confusion

The new traffic light at the intersection of Westmount boulevard and Westmount avenue has been causing some confusion to drivers.

The light is located on the south-east corner of the intersection and is designed to regulate the flow of traffic onto the boulevard from Westmount avenue.

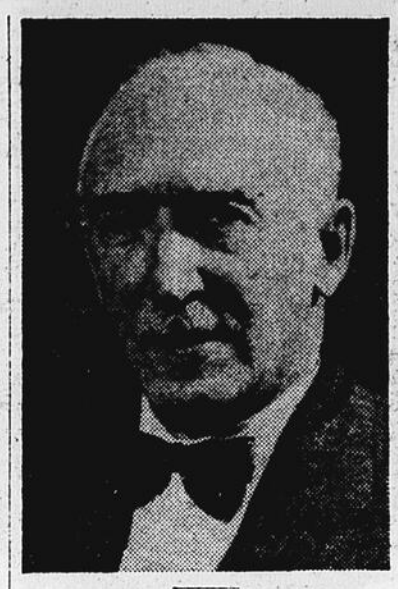

Drivers unused to the light seemed puzzled as to whether it was intended to check traffic going west along the boulevard.

Westmount police stated that traffic going west on the boulevard did not have to stop for the light. Traffic going east would have to stop when the light was red.

Cars may come onto the boulevard from Westmount avenue with the green light and can turn either east or west, the police said.

Since Westmount avenue is a one-way up street, cars cannot turn off the boulevard onto the avenue.

Ben Jackson Goes To Herbert Reddy Memorial Hospital

Ben Jackson, who for the past four years has directed the financial appeals for the Homoeopathic Hospital, this week transfers his services to the Herbert Reddy Memorial Hospital.

Ever since arriving in Canada in 1908 Mr. Jackson has been interested in City Welfare and for several years was behind promotion of the Griffintown Boys' Club, having had former experience as Secretary for the Church of England Home for Waifs and Strays in Manchester and Liverpool.

During the first world war he was Purchasing Agent for the Montreal Tramways Company and found time to assist the Canadian Red Cross.

Mr. Jackson is an Anglican Church organist and choir director of many years standing and in Montreal has helped in the training of many boys' choirs.

Red Cross Worker

He was appointed to the Canadian Red Cross at the beginning of the second war and was active in Red Cross matters in many districts in New Brunswick, returning to Montreal in November 1945 when he was appointed to the Homoeopathic Hospital in December, taking up his duties in January, 1946.

During his office Mr. Jackson formed the Student Nurses' Basketball teams of which there is now a representation in each Montreal Hospital, and more recently formed the Homoeopathic Hospital Staff Bowling teams.

Westmount Boy Scout Campaign Chairmen Are Announced

Chairmen for the Westmount Section of the Boy Scouts Association Financial Campaign were released this week.

A chairman was named for each church in Westmount that has a boy scout troop. W. M. Ford is chairman for St. Andrews United Church; M. A. Peterson, Church of the Advent; A. J. Penny, Calvary United; W. C. Dodgson, Westmount Park; J. R. Fenwick, Dominion Douglas; A. Shulman, Shaar Hashomayim Congregation; E. A. Lafontaine, St. Leo's and Church of the Ascension, and J. E. Slessor, of St. Matthias Church.

Newspaper Advertising Continues to Increase

A 17.9 per cent increase in national advertising lineage in December compared with the corresponding month in 1948, is reported by the Canadian Daily Newspapers Association.

Total advertising during December showed a gain of 9.3 per cent over December 1948.

During the twelve months of 1949, national lineage carried by Canadian newspapers was up 11.9 per cent over 1948.

Finance Minister Again Under Fire

The office of the Minister of Finance, the Hon. D. C. Abott, K.C., member for St. Antoine Westmount in the Federal House at Ottawa is again being deluged with coupons and printed cards requesting abolition of the means test on old age pensions.

Previously the Minister had been swamped by letters of protest in connection with the rental increases, which in volume created an all-time record, according to postal authorities.

Franking—the right of members to receive and send letters free, comes into operation 10 days prior to the opening of each session of Parliament. February 6th was the opening date for mailing unstamped letters to members, as the house convenes on the 16th.

The present campaign in connection with the old age pension means test removal is sponsored by the C.C.L.-C.I.O. and it is likely to be supported by other organizations.

The printed card being issued in the thousands for transmission to cabinet ministers and members of parliament reads:

"The Means Test should be removed immediately from the Old Age Pension law. The age limit should be reduced. I urge you to do everything within your power to have the law amended as quickly as possible.

Name .....

Address ....."

Besides the printed cards the coupons are also being printed in the daily press with a request that readers cut out the coupon and mail it to their member.

It is extremely probable that the question of pensions generally will come in for much discussion during the present session.

It will be recalled that Mr. Abbott warned against the granting of further public expenditure in a speech given by him to the Men's Club of Dominion Douglas Church, Westmount, recently.

The new demand for aid to the aged and infirm would impose a further drain on the public purse, but as it is fraught with political implications, it may get more consideration than the no increase in rental appeal received.

Harold Crabtree V-P Hospital Drive

Harold Crabtree, chairman of Howard Smith Paper Mills Ltd., who resides at 59 Forden Crescens, Westmount, will head the corporations gifts division of the Joint Hospital's appeal for funds according to an announcement by Hartland deM. Molson. general chairman of the campaign for $18,000,000.

Vice-chairman of this division will be Russell D. Bell, president of Greenshields & Co. of 1583 MacGregor street.

Mr. Molson stated that these two chairmen have accepted responsible positions of leadership in a campaign which is probably the largest ever undertaken for the good health of people in any Canadian city. "We welcome the strength they are brining to our work of enlisting widespread support from the business community and from employee groups."

Subscriptions will be sought in May throughout the Greater Montreal area and grants from interested governmental bodies are expected, he said. The money is urgently needed for new buildings and equipment for three hospitals: Central Division of the General Hospital, the Children's Memorial and the Royal Edward Laurentian (Montreal Division).

Don't be too critical. If humans were perfect we wouldn't need erasers on pencils, bumpers on cars, or parachutes in planes. And some women wouldn't need the new look skirts.

200 Young People Attend Fireside at Westm't Baptist

More than 200 young people attended a fireside at the Westmount Baptist Church, to hear Dr. C. P. Martin, Department of Anatomy, McGill University, speak on the topic, "Whom Shall We Follow."

A discussion group, led by the Ministers, lay men and young people followed, and also on the program was a sing song and trumpet solo by Alan Knapp. Refreshments were served following the meeting, which was one of three held in the Montreal area last week.

Teen-age Dance Held At Recreation Centre

Last Saturday evening the weekly teen-age dance at the Recreation Building on Hallowell was 'rocking in rhythm' with a Valentine dance.

Johnny Belanger and His Quintette supplied the music, while Jeanna Pearson, Jay Conn and Howard Fairburn added the sqquare dance touches.

The recreation hall was beautifully decorated by the youthful committee headed by Hugh MacDonald, the president.

This building is now outgrowing itself in size as more and more youngsters take advantage of the various activities.

Head Scouting In Quebec

G. ROBLEY MACKAY

B. W. ROBERTS

B. W. Roberts, O.B.E., and G. Robley Mackay ,who at the annual meeting of the Quebec Provincial Scout Council held in Three Rivers on Saturday, were recommended for appointment for another year as Provincial President and Provincial Commissioner, respectively. Messrs. Roberts and Mackay are joint vice-chairmen of the current financial campaign of The Boy Scouts Association for the Provincial Districts outside Montreal.

Provincial Scout Council Holds 39th Annual Meeting

Representatives of ten Scouting centres met on Saturday afternoon in Three Rivers for the 39th annual meeting of the Quebec Provincial Scout Council under the chairmanship of B. W. Roberts, O.B.E., of Montreal, president of the council.

Prior to the meeting, a luncheon was held in the Chateau de Blois. M. H. Moore of Shawinigan Falls, president of the St. Maurice Valley district, as chairman introduced the guest speaker, E. F. Mills, executive commissioner for training at Canadian Scout headquarters, Ottawa. Stressing the importance of the boy, Mr. Mills said "Let us never forget that we are working for the boy, literally the most important natural asset a country can have (or has)." Disagreeing with those who think modern youth is decadent, Mr. Mills pointed out that there has been the same cry through all ages and all generations. "The boy has the same loyalties, the same potentialities, as all boys. Today's youth is not decadent — the times change, not the boy."

Furthermore, he added, we must think of Scouting, of the Scout programme, as an entity — the outdoors, discipline, handicrafts, the daily good turn, the whole programme, as leading to the development of good citizens which is the ultimate aim of the Scouting programme. For, added Mr. Mills, "the wealth of a country rests in the character of its citizens." Rev. Canon Legge of Three Rivers thanked the speaker.

At the annual meeting, all districts represented reported improvement in various ways during the past year — increased membership, greater camping activity, emphasis on training, expansion, etc. Total membership was 8,523 at the year-end, including 673 adult volunteer leaders; the districts outside Montreal showing a total of 2,913 and Montreal 5,610 membership. The number of districts is now 14, including the most recent, Pontiac, taking in the region around Shawville.

Officers Elected

Officers elected for the year included Major-General Sir Eugene Fiset, Lt.-Governor of the Province, Frank W. Ross, Quebec, honorary president, W. H. Miner, Granby, and R. C. Stevenson, O.B.E., Montreal, honorary vice-presidents, G. Robley Mackay, Montreal, provincial commissioner, B. W. Roberts, O.B.E., president, M. T. Bancroft, Quebec, Alec P. Grigg, K.C., Montreal, and J. H. Wark, Sherbrooke, vice-president, A. T. Corner, Montreal, honorary treasurer, T. D. Archibald and Allan B. Strong, both of Montreal, assistant provincial commissioners for Lone Scouts and Rovers, respectively, and H. E. Grundy, Sherbrooke, chairman of the Provincial Honour Board.

In the conference that followed the meeting, C. J. Dendy, provincial executive commissioner at headquarters in Montreal was in the chair; and maters of a more or less technical nature were taken up and discussed. Here, the Scout uniform was modelled and explained, two Wolf Cubs and two Scouts acting as models while L. C. Houldsworth, assistant provincial executive commissioner, explained the features of the Scout summer or regular uniform, the Cub uniform and the new Scout winter uniform.

Mr. Mackay spoke briefly and urged the meeting to "make sure that all the planning (of this and other similar meetings) gets through to the boys." "The Scout leader's job," he said, "is to get to know the boy and to work with him; the layman's job is to make the Scouter's job easier so that he can get on with it more effectively."

C. G. Blake, commissioner for Sherbrooke district, extended an invitation to the meeting to hold the next annual gathering in his district.

Those present included George Beers, J. W. Blake, J. H. Wark and H. R. Dorey, all of Sherbrooke; J. W. H. Miner, Granby; Charles Maxwell, St. John's; M. T. Bancroft, G. H. Cartwright of Quebec; Mr. Moore and R. Parks of Shawinigan Falls; W. S. Morrison, Arvida; H. R. Conley, Windsor Mills, J. VanDamme, Drummondville; Herb. Molesworth, L. I. Wetmor, Rev. W. G. Jones, J. SAYS CHURCHILL WILL WIN

* * *

Baxter Analyzes British Election

The Tories will win the British general election on February 23 says Beverley Baxter, Canadian-born journalist and regular London contributor to Maclean's.

Baxter makes his prediction with some reputation as a political prophet. In 1945 he forecast the Labor victory in England and he forecast that President Truman would be re-elected. In "I Say The Tories Will Win" in the current issue of Maclean's Magazine, Baxter presents his arguments for a Churchill victory:

"The defeat of Socialist governments in Australia and New Zealand plus the virtual rout of Socialists in Canada will have a profound influence on the British, who are becoming more and more conscious of the necessity and opportunities of Commonwealth unity.

"The large Services vote in 1945 went overwhelmingly against the Conservatives. This time the services vote is small but will traditionally go against the government."

"In 1945 young people voted for Socialism in the belief that they would find it dynamic and exciting. In the last three years the Young Conservation Movement has swept the country because youth has found itself frustrated by controls."

"Growing sections of trade unionists are realizing that unions cannot have an independent existence under Socialism or Communism. I do not say that the breakaway will be large, but it will count."

"The middle classes put the Socialists in last time because a solid Labor vote is not enough for a majority. Now the middle classes are bearing such a burden of taxation that they have become almost a distressed section of the community. They are certain to rally in great numbers to the Conservative banner."

"The Conservatives should have a great swingover of women voters . . . The housewife detests the unfortunate Strachey; she is sick and tired of queues and she is not going to be told by her husband how to vote. In fact the housewife may well hold the reins of destiny in her hands — and who has a better right?

Writes Baxter: My final argument for a Conservative victory is Winston Churchill. I believe that even his opponents have realized what the nation lost when the electorate declared he could no longer speak as Britain's prime minister. If he rises to the heights which we know he can reach then I believe the spirit of the nation will soar on the wings of his words."

Baxter is himself a Conservative MP seeking re-election to the English House of Commons. Baxter predicts he will win, too.

Christian Science

"Mind" is the subject of the Lesson-Sermon to be read in Churches of Christ, Scientist, on Sunday.

The Golden Text is from Isaiah 33: 5 and 6. "The Lord is exalted; for he dwelleth on high: he hath filled Zion with judgment and righteousness. And wisdom and knowledge shall be the stability of thy times, and strength of salvation."

Among the citations which comprise the Lesson-Sermon is the following from the Bible:

"O the depth of the riches both of the wisdom and knowledge of God! How unsearchable are his judgments and his ways past finding out! For of him, and through him, and to him, are all things; to whom be glory for ever. Amen." (Romans 11; 33 and 36.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook "Science & Health with Key to the Scriptures" by Mary Baker Eddy:

"In Science, Mind is one, including noumenon and phenomena, God and His thoughts. There can be but one Mind, because there is but one God; and if mortals claimed no other Mind and accepted no other, sin would be unknown We can have but one Mind, if that one is infinite. We bury the sense of infinitude, when we admit that, althouh God is infinite, evil has a place in this infinity, for evil can have no place, where all space is filled with God. Science reveals only one Mind, and this one shining by its own light and governing the universe, including man, in perfect harmony". (Pages 114, 469, 510.)

Montreal Truth Centre

At the evening service of the Montreal Truth Centre on Sunday, Miss Marjorie Kirkness was guest speaker. In her address on "Destiny", she followed an original train of thought and handled her material in a unique manner. Her central theme was how the beggar on the park bench and the gentleman in his palatial residence each holds in his own hand his "Destiny". Miss Bella Segal, guest artist, sang "Teach Me to Pray" by Jessie Mae Jewitt, and "Others", by Arthur Penn. She was accompanied by Miss Margaret Ellis.

Dr. Edwards on Sunday will be speaker. Her topic, "Finding the Presence". Miss Daisy Yellion, guest soloist, will sing, "The Lord Is My Light", and will be accompanied by Mrs. W. Leeson.

Services are held at the Montreal Truth Centre every Sunday and Wednesday at 8 p.m. Classes, conducted by Dr. Margaret Davies Edwards, are on Tuesday and Thursday evenings. On Thursday at 2.30 p.m., Mrs. Ruth Whiting conducts an open study book group. The Montreal Truth Centre is located at 1628 Sherbrooke street w.

St. Andrews Westmount

Sunday being Boy Scout-Girl Guide Sunday throughout Canada, the day will be suitably observed in St. Andrew's. There will be a church parade of Girl Guides and Brownies, Boy Scouts and Cubs, and the Boys' Brigade. Mr. Grant's sermon, "On My Honour ..." will be appropriate. In the evening "A Place for You", will be the title of the message. Suitable selections will be presented by the choir at both services.

The Alpha Omega Society, which meets immediately after the Sunday evening service, is enjoying a season of profitable meetings with a variety of programmes. Under the leadership of Arthur Redmond, Sunday evening's feature will be a "Radio Quiz" programme.

Through-the-week meetings will include the Kirk Session, which meets on Monday night, Scouts and Guides on Tuesday, the Brownies and Cubs on Wednesday, the Bruce Copland Mission Band on Thursday afternoon. On Thursday evening there will be a meeting of a representative committee to survey and plan carefully for a future programme of activities for girls' and boys' groups in St. Andrew's.

A Class for New Communicants is being held each Sunday at 3 p.m. Teen-agers and other young people who are contemplating Church Membership are invited to attend this class. The Sacrament of Holy Communion will be celebrated on Palm Sunday (April 2) and New Members will be received and welcomed the preceding Sunday.

Little Boy Bow Shirt Makes Debut in Canada

Sure signs of spring are marbles and Migo's Little Boy Bow Shirt! This is the shirt that one of America's leading fashion magazines, Harper's Bazaar, shows as the best thing of its kind made in Canada. This clean-cut, boyish little shirt has captured the fancy of American women and will delight every fashion conscious Canadian girl.

The Little Boy Bow Shirt comes in fresh, clean, appealing colours and stripes that make you think of Saville Row. It is beautifully, beautifully washable and it is wonderful with slacks, skirts and suits.

sity for adequate care of aged people who, in the days of their strength, have made their contribution to their country's life and well-being, is a duty that can not be side-stepped. To prolong life and not care adequately for those who are aged is not only unfair, it is positively un-Christian.

"The Noblest Title Any Man Can Earn." This will be the Theme of the Evening Sermon, broadcast over Station CJAD. The man who can lay claim to being "A Follower of Christ" is among the aristocracy of Heaven. The call 'Follow Me" was issued by such men as the Scottish Robert Bruce, the Italian Garibaldi, the English Statesman Winston Churchill but the same call never has greater significance than when found on the lips of Jesus Christ.

The Mid-week Fellowship Assembly of the Congregation is held each Wednesday at 8 p.m. These gatherings are under the direction of the Minister and constitute a most vital part of the Church's Work and Witness. Prayer is the vital breath of any Christian Church.

Church of the Advent

Next Sunday is called Quinquagesima, which is the Latin word for the "fiftieth day;" the Sunday is so called, because it is the fiftieth day before Easter.

At the Church of The Advent the Rev. Canon W. H. Davison will preach at the Solemn Eucharist.

At 7 p.m. there will be a Church Parade of Boy Scouts, Wolf Cubs and Girl Guides. The first lesson will be read by Donald Frayn, cub instructor of the Advent pack, and the second lesson by a boy in the Scout troop. Colors will be dedicated and the Rev. J. W. Kerr will preach the sermon.

HALE—BUCKLEY

Standards of spring flowers, ferns and candelabra decorated Montreal West United Church Saturday afternoon for the marriage, which took place at three o'clock, of Jean Winifred, daughter of Mr. and Mrs. C. B. Buckley, of Montreal, and Mr. Jeffery Amherst Hale, son of the late Mr. and Mrs. E. Chaloner Hale, of Montreal. Dr. G. Campbell Wadsworth officiated. The organist was Mr. Henry E. Colcomb.

Given in marriage by her father, the bride wore a princess style gown of blush satin trimmed with lace, fashioned with an Elizabethan neckline appliqued with lace, a fitted bodice and a full skirt falling into a long train. Her finger-tip-length veil of French tulle illusion fell from a coronet of satin caught with clusters of orange blossoms, and she carried a cascade bouquet of Pinocchio roses and white freesia.

Miss Lois Buckley, of Kingston, Ont., as maid of honor for her cousin, and Miss Marie Bishop, of Moncton, N.B., as bridesmaid, were dressed alike in powder blue moire taffeta, the gowns having bertha collars, fitted bodices, and full skirts. They wore short mittens and carried colonial bouquets. Their headbands matched their bouquets.

Mr. Edward C. Hale, of Sault Ste. Marie, acted as best man for his brother and the ushers were Mr. Donald Buckley, of Toronto, Ont., brother of the bride, and Mr. Ross Henry, of Montreal.

Mrs. Buckley, the bride's mother, wore a floor-length gown of Gobelin blue crepe, with long fitted sleeves, and a cascade of Alencon lace on the skirt, navy blue accessories, and a corsage of American Beauty colored snapdragon.

A reception followed the ceremony in the Vice-Regal suite, at the Ritz-Carlton Hotel. The bride's table was decorated with spring flowers. The couple left later by plane for New York and Bermuda and for travelling the bride wore a light taupe wool gabardine suit, dark brown accessories, a muskrat coat and corsage of beige carnations.

They will reside in Montreal.

During the past year it was reported, the Chapter has continued to support education work. The "Kilvie Myers Memorial Prize", given to an 11th year student proceeding to 12th year, was again awarded in West Hill High School. The Honorary Regent and Regent of the Chapter were present at the graduating exercises of the High School and book prizes to the value of $10.00 were also given by them at this time. The Secretary in her report outlined the main feature of the Chapter year and expressed the sorrow of all the members at the death of Mrs. George Winch, a Charter Member of the Chapter. Special thanks was also offered to the Press, for the splendid co-opration given to the Chapter's press convener.

Donations

Donations were also made to the Arts and Letters Festival, the Notre Dame de Grace Library for Boys and Girls, and a special donation was made last June to the Boy Scout Jamboree Fund, to aid with the expenses of the first Canadian Jamboree. Many of the special I.O.D.E. projects were supported, and visits paid to Ste. Anne's and Ste. Hyacinthe Military Hospitals where cigarettes, books, playing cards, etc, were distributed. Expenditures throughout the year totalled $394.12. Mrs. S. Neilson seconded the reports of the officers and conveners, and then addressed the members briefly, outlining the plans which had been made to celebrate the 50th Anniversary of the Order in Montreal and to organize for the National Annual Meeting of the I.O.D.E. to be held here in May.

Westmount Club Talent Shines In Members Day Entertaiment

By HELEN B. SANDWELL

Glimpses of fashions of yesteryear and modes from the salons of today, along with an amusing one-act comedy, a sketch demonstrating a typical French lesson given to club members in one of the regular club groups, formed the delightful program given on Members Day by the Westmount Women's Club on Friday in Victoria Hall. The stage was decked with flowers and greenery, the whole colorful, in the glow of the footlights, and members and their friends sat at their ease at small tables on which tea was served during the intermission.

Mrs. H. S. Jacques, President of the Westmount Women's Club, welcomed the members and their friends. Much of the credit for the successful afternoon goes to Mrs. J. C. McKean who arranged the program, was chairman of the day and also acted as commentator for the fashion shows. Mrs. F. G. Sharpe played the music.

The Light Touch

The afternoon's entertainment got off to a good start with the comedy "It was a Lovely Meeting" by Sophie Kerr, directed by Dorothy Pfeiffer, C.D.A. The play depicted the clash of temperaments and interests apt to occur at a woman's meeting. It brought forth much appreciative laughter, proving that women enjoy a laugh against themselves and their foibles. The casting was excellent and the players made the most of their lines without overacting. The comedy was a team affair, not depending on any one artiste, but on the excellent work of all to gain its laughts — for instance, Bobby Rice's acrimonious comments would have lost half their humor it not delivered against Elsie Poole's dulcet panegyric on beauty, Reta Sykes' constant reminder that "she had to be home by 12.30", and Billy Cantlon, Leanore Thompson, Elsa Parkinson, Helen Cairns, Agnes Aldred all gave talented por-Moore and her "'Erbs". Marjorie trayals of their respective roles. Mrs. J. C. Cairns was drama chairman, and Mrs. R. A. M. Craig and Mrs. A. J. Goodenough were in charge of stage and properties.

French Class

In the demonstration of a typical French lesson given the club French class, Madame E. J. Lefebvre and her pupils gave would-be students of French conversation a good idea of the methods used to instruct. The dramatization of the classwork was a happy idea, and it was presented with skill and suavity. On the stage with Madame Lefebvre were Mesdames R. G. Brown, H. D. Caswell, W. D. Fowlie, T. O. Leggatt, W. G. Pardoe, F. Russell and P. A. Tasker.

Mrs. Herbert C. Holland and her committee made arrangements for, and served, the tea during the intermission.

Fashions of Today

This section of the program included a showing of skirts and blouses, dresses by Roger Barrot, suits by Louis Schrier Inc., hats by Juliette, furs by Ducas Bros., and gloves by Kayser. Skirt styles included plain, narrow lines, bell models, skirts plain in front with pleats in decks at the back, and some with all-round pleating. Pocket interest continues to be important. Schrier's suits, as usual, were applauded heartily, as also were his three-piece ensembles of suits and waist-length cape. In novelty English weaves and small checks, in subtle or contrasting colors. One cafe-au-lait number had navy trim on the suit and a navy lining in the cape. A Schrier original model grey suit was lit up by a scarlet collar and scarlet hat. Another original in small black and white check had a scarlet cape lined with the black and white check, and so on. Beautifully tailored, of course.

Juliette's hats perfectly complemented the costumes and held the audience's attention by their charm and unique artistry.

Dresses by Roger Barrot and modelled by Mrs. Barrot, were captivating in styles for afternoon, the cocktail hour and evening, these gowns depending for distinction on self trims, the new jutting angles, godets, knee flares, inverted pleats rippling into inserts of accordian pleating, and in the case of a crisp white gown for evening, on bunchy swooshes tulle side drapery. Incidentally, white pique is splashed all over the summer fashion picture, not only in dresses as trimming, but also in millinery. Of course Juliette has taken note of that, and some of her "atomic" creations even feature hats made of white petals in plastic.

Yesterday's Elegance

Gowns from 1800 onwards showed what the well-dressed woman was wearing when great-grandma, grandma and mother went to functions of note. Many of the romantic frocks had old-fashioned accessories too, such as the 200-year-old small fringed parasol carried by one model, and the lace mitts and bonnet of another. There were handsome gowns worn when their owners were presented at court, and dear old wedding gowns trimmed with fine lace and handwork and orange blossom posies.

Ducas Furs

An example of colored fur was seen in Ducas Bros. presentation of a midnight blue moleskin jacket with tiered cuff. Stoles were seen in a variety of furs, one being fashioned of three snowy Hudson Bay fox-pelts, another of silver blue mink. A lustrous sable dyed Canadian squirrel jacket, fingertip length, had wide sleeves and all-flared back; and a waist length cape was of natural Russian broadtail. A mink jacket had the skins worked horizontally, with a cape-flared back and fitted front. All sorts of interesting detail was featured in other fine Ducas furs, on sleeves and cuffs and in pelt arrangement.

Westmount Women's Club members who modelled the fashions in the show included Mesdames P. R. Aldred, J. G. Birnie, J. C. Cairns, C. W. Clark, M. J. G. Hogan, F. D. Lindsay, R. A. McIntyre, D. A. McNiece, M. C. Moore, H. W. Parkinson, J. W. Poole, J. B. Rice, C. W. Thompson and J. W. Wright.

Williams Inc., were responsible for the flowers; Hodge Bros., the special lighting; Cloutier Beauty Salon for the hair-styling, and Beauty Counsellors Ltd., for the make-up.

Lavender and Old Lace Note

Memories of yesteryear must have stirred in many onlookers as they viewed the "Fashions of "Yesterday" on Friday in Victora Hall at Westmount Women's Club's Members Day. Especially in the case of Mrs. James Duncan, of Lachine, who lent the wedding gown in which she was married in June, 1920, in Dominion Douglas Church. Accompanying Mrs. Duncan at the show was her mother, Mrs. A. W. Young, of Westmount, who is 83 years old.

★ ★ ★

One of the magnificent gowns was lent by Mrs. G. W. Ghewy, of N.D.G., the corresponding secretary of the W.W.C. It was worn by Mrs. Ghewy's mother-in-law, the late Mrs. Albert Ghewy, when she was presented at court in 1875, when she was 19 years old.

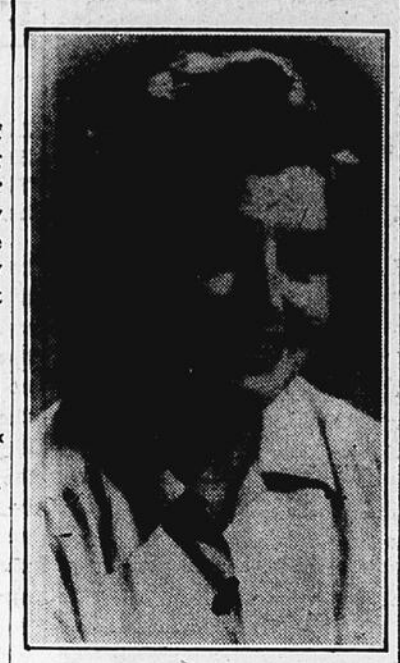

★ ★ ★

Dating back to 1875, the gown of muted check taffeta in brown, with fishtail peplum and bustle, and bonnet, mitts and parasol to match, belongs to the family of Mrs. Carlyle Brodie, of Mayfair avenue.

★ ★ ★

Mrs. A. G. McNiece, of Westmount, modelled the modern wedding gown and the little flower girl, minus a front tooth and sweet as a primrose, was little Beverley Herron. Beverley did a splendid job of handling the trains of both the old-fashioned and the modern wedding gowns.

Silver Tray Auction To Benefit Hadassah

Public demand influenced the judges, Mrs. H. Sin Mrs. A. Raginsky, Sr., Mrs. E. athanson, Mrs. H. B. Weinstein and Mrs. Jesse Schwartz, to retain "A Treasure for My Daughter", as the title of the book compiled by the members of the Ethel Epstein Ein Chapter of Hadassah.

In view of the fact that this title was suggested by two members of the chapter who have relinquished the claims to the prize, the silver tray will be auctioned at a "Treasure for My Daughter", event to be held in the near future.

Although the book has gone to press, the public can still avail themselves of the $2,00 presale offer until the end of February.

For the short leg, shoes which are long, with a slenderizing silhouette will help to give a heightened effect. Designs with an upward flowing appearance also do this. Platform soles and high slender heels add length to the leg. Contrasting colors and materials are to be avoided since they break foot and figure length.

AT THE WESTMOUNT

Marion Marshall, left is the bearer of bad news for Cary Grant and Ann Sheridan in this scene from "I Was A Male War Bride," the hilarious comedy which opens on Sunday at the Westmount theatre. She just interrupts a honeymoon with orders from the Army for Ann to return to the States, that's all, but it starts the film's second phase of hectic romance for Ann and Cary and its many laugh-provoking repercussions.

Women Playing Increased Role In the Field of Investment

Dr. Alice Turner, statistician, and Miss Helen Cleveland, Manager of the Women's Department of the Wood Gundy Corporation, and Counsellor to women investors, jointly addressed the Local Council of Women on Monday evening, in the Allan Shatford Hall. The topic was "This Business of Investment".

"Investment gives you a stake in your country," said Miss Cleveland. "Women's place in investment has made great strides since World War I. The part Canadian women are taking in this field has grown tremendously. Women have many problems of investment, and increased knowledge and guidance were needed, so that the money over which they have gained an increasing control would not be unwisely invested.

"The need for this knowledge," the speaker continued, "has been recognized in Canada by the Wood Gundy Corporation, the pioneers of a women's department in the field of investment. The success of this venture was soon apparent. Women have financial responsibilities and no one to guide them. It is an individual thing and one must find out the individual problems of each and advise accordingly. Speculation could be disastrous to a person with little knowledge on the subject, and although people have become more shrewd, a wide knowledge among the increased number of women with money to invest is necessary."

Dr. Turner traced the general background of channelling public savings into the capital needs of the country, explained stocks and bonds, and commented on some of their main features. She briefly covered security markets.

Mrs. H. J. Findlay, of the Committee on Trades, Business and Professions, introduced the speakers, and Miss Barfoot moved the vote of thanks.

The hostesses for the evening were the members of Beta Sigma Phi Sorority. Miss Ruth Henson, the president, in keeping with the custom, gave an outline of the activities of the sorority.

Pine-Thomas Develop Portable Microphone

A permanent portable microphone unit, rigged onto a jeep, has been developed by Pine-Thomas for use on locations. The outfit was tested on location at Sedona, Ariz, for use in filming "The Eagle and The Hawk", and the first permanent unit has been built for use on "Outrage", Pine-Thomas film currently shooting on location in Northern California.

A stationary top for the jeep has been made as a "floor" for the boom man. The microphone pole is attached to the side of the jeep. The sound mixer sits in the jeep, on the passenger side, and racks have been built to hold his panel.

Besides being able to "drive" the mixing machine and "mike" to difficult-to-reach shooting spots, it is also a time-saver when it comes to "moves" for various setups.

Mtl. Artist Mabel May To Reside in Vancouver

Mabel May, who is now leaving Montreal to retire to Vancouver, has asked the Dominion Gallery to dispose of the collection of her paintings. In a special sale, which started on February 8th and will end February 25th, all paintings of her private collection will be offered.

H. Mabel May was born in Montreal. Her father came from Cornwall county, her mother from Bedfordshire. Encouraged by her father, Mabel May took up drawing at the age of twelve and later took lessons at the Art Association of Montreal.

Between 1908 and 1912 she won two scholarships in "Life Class", entitling her to free tuition for several years at the Art Association of Montreal.

In the Spring of 1912 Mabel May went to France with a fellow student, Emily Kuhnen. Together with several other artists, she made a sketching trip in August and September 1912, to Northern France, Belgium and Holland. Some of the studies which she brought back from this trip are being shown at the present exhibition.

On her return to Canada in 1913, she painted the "Bonaventure Station", then the Grand Trunk Terminal, which is among the paintings on sale; and "Market under the Trees, Bruges" which the National Gallery acquired from her; and a scene in the "Luxembourg Garden" which was bought by the Toronto Gallery. The sketch for the latter went to Stephen Leacock. In 1914 she won the Jessie Dow Award for water-colour for a scene in Paris; a year later the Jessie Dow Award for an oil painting "Knitting", included in the present sale.

Between 1914 and 1918, Mabel May had her studio on St. Catherine street, where the York Theatre is today. At that time she painted "Falling Snow", which is a scene from the corner of St. Catherine and Mackay streets, also shown in this exhibition.

Eric Brown, the director of the National Gallery in Ottawa, encouraged her to contribute to the Canadian War Memorials by painting Canadian women at work during the war.

Two Excellent Features Sunday At The Westmount

A record marital marathon was staged by stars Cary Grant and Ann Sheridan in their roles in Twentieth Century-Fox' "I Was A Male War Bride," the new picture at the Westmount Theatre. During the course of the romantic comedy, made on location in Germany by director Howard Hawks, they had to go through three separate ceremonies.

Conflicting military and civilian red tape brought about the matrimonial complications between the actress, who plays a WAC lieutenant, and Cary, as an officer of the French Army.

Although the first time they marched to the altar for the cameras, they manifested great enthusiasm and wound up the nuptials with a tight clinch, succeeding rites found their fervor waning.

For the second marriage, a military affair with a chaplain officiating, Hawks asked the stars to reveal by their acting that the spirit of the occasion had been somewhat dulled. Ann and Cary manifested near-boredom in the third wedding, conducted by civil authorities, even prompting the justice of the peace from memory when he fluffed a line.

By the time number three rolled around, Hawks had a problem: how to quench that gleam in Cary's eye when he moved in to buss the curvy red-haired actress. The director's solution forestalled the gleam by filming a marriage a day, but excluding the final clinch. Then, two entire days were set aside for the kissing scenes.

Added Attraction

Filmed and enacted with gripping realism, "Border Incident," a punch-packed drama now showing at the Westmount Theatre, tells a story fictionized for screen purposes but inspired by government secret files. It is the story of the No-Man's Land along the United States-Mexican border, of the Mexican braceros, or harvest hands, who are smuggled across the border, and of the killers who prey upon them.

In a sharp break from "type casting," George Murphy, heretofore seen chiefly in light comedy roles, is now given an opportunity to show what he can do in a hard-hitting dramatic characterization and he gives the part of Bearnes, the U.S. inspector, everything he's got. Ricardo Montalban similarly turns his back on his erstwhile musical-comedy dancing assignments to give a ruthless force on both sides of the line.

Under the taut direction of Anthony Mann, the narrative is unfolded in the popular documentary fashion with its action filmed on the spot in El Centro, Calexico, Mexicali, and along the frontier with the cooperation of both American and Mexican authorities.

Sun Life to Increase Policyholder Dividends

Dividends to policyholders of the Sun Life Assurance Company of Canada are to be increased during 1950. This announcement was made by Arthur B. Wood, President, at the 79th Annual Meeting in which he revealed thtat the Sun Life had continued to maintain its foremost position, selling more new life insurance in 1949 than any other Canadian company. The total amount of life insurance purchased from the Company last year exceeded $372 million, while benefits paid to policyholders and beneficiaries during the period amounted to more than $114 million — a new record. Total benefits paid by the Sun Life since the Company's first policy was issued in 1871 stand at $2,240,000,000. The assets of the Company are now at an all-time high of $1,527,000,000. In connection with the assets, it is worthy of note that the Sun Life is by far the largest investor in Canadian residential mortgages, with more than $83 million held in provinces from coast to coast.

Fifty Years' Progress

During his talk to policyholders, Mr. Wood gave a brief review of the progress of life insurance over the last fifty years. In 1900, he said, the percapita amount of life insurance held by the population of five millions was only $75. Today, the per capita amount is $1,045, or a grand total of $14 billion. The Sun Life has more than kept pace with this remarkable progress, he added. Fifty years ago, the Sun Life's insurance in force was only $53 million, whereas the total at the end of 1949 stood at well over $4 billion. Mr. Wood also mentioned the Company's service to the public as a pioneer in extending more generous conditions and provisions to life insurance policyholders. It was the first to introduce the "unconditional" policy, and also the non-medical plan which made the benefits of life insurance more widely available to many not within reach of medical examiners. The Sun Life was also the first Canadian company to enter the field of Group insurance in Canada, and the first company to issue a Group Pension policy anywhere in North America. Today, Sun Life Group insurance services, arising out of this long experience, protect hundreds of thousands of employees all over Canada and the United States. During 1949, the Company's Group business increased by 11%, an outstanding achievement.

Nation's Health

An interesting sidelight of Mr. Wood's review of the half century made reference to the contribution of life insurance towards improving the nation's health. Average life expectancy has risen by about one-third since 1900 when a child born in North America was given a life of 48 years. Today, the expectancy for a male child at birth is 66 years, and for a female, 71 years. This improvement is due to sharply reduced mortality during earlier years of life and the elimination of the hazards of many illnesses and diseases once considered formidable. However, much remains to be done, particularly in the fields of cardio-vascular and cancer research. The Life Insurance Medical Research Fund, established by the life companies of Canada and the United States, was promoted for the purpose of supporting medical research to reduce mortality and increase longevity in the interest not only of life insurance policyholders, but of the community generally.

C.A.T. Holds Over 'The Big Bad Wolf'

Saturday was a day of great decision for many children, according to reports received from Canadian Art Theatre — for most of them it was their one and only chance to see the Ice Follies, and also, apparently, their last chance to see "The Big Bad Wolf" at Victoria Hall. After many requests had been received, Miss Joy Thomson, Director of Canadian Art Theatre, and author and director of "The Big Bad Walf", decided to extend the run to include one more performance at Victoria Hall, this Saturday at 2.30 p.m.

"The Big Bad Wolf" is described a hilarious comedy thriller based on the three well known stories, "Little Red Riding Hood", "The Three Little Pigs" and "Peter and the Wolf", with the same big bad wolf menacing the lives of the characters of all three stories.

From all reports received this play is a favorite of children of all ages, many now have seen it for all three performances.

Delegation Reports To Local Council

A delegation, consisting of Miss Esther Kerry, the president, and three other members of the Executive Committee recently waited upon the Honorable C. D. French, Minister of Mines and English-speaking member of the provincial cabinet, it was reported by the president of the Montreal Local Council of Women at its meeting in the Allan Shatford Hall.

The delegation laid before the minister letters and resolutions passed by the council and forwarded to the Provincial Government.

The appointment of Mrs. Archibald Stalker as honorary councillor of the local council was announced.

Mrs. H. F. Reusing, of the Penal Reform Committee reminded the meeting of correspondence carried on last May and June with the attorney-general's department in respect to the Protestant women's jail. As attention, then promised, to measures necessary for the welfare and rehabilitation of prisoners, has brought only minor changes, she said that another letter had been sent to the premier and attorney-general. It laid emphasis upon promises made eight months ago, and still unfulfilled.

A request was made to council by Mrs. John S. Corbett, chairman of the Recreation Committee, to endorse the Montreal Girls' Association campaign for $30,000 for a play centre The council commended the campaign to men's and women's service and community clubs for financial support.

"Maytime" — "Rage Of Heaven" Twin Bill At Monkland Theatre

Metro-Goldwyn-Mayer's lavish musical offering "Maytime" opens Saturday at the Monkland Theatre with Jeanette MacDonald and Nelson Eddy in the starring roles.

It may be said without fear of contradiction that the studio has gone far and beyond any beauty previously attained in the stage version. "Maytime" was a musical piece of gorgeous proportions as a stage play. It closely approaches the status of a musical masterpiece on the screen.

The skilful adaptation was made by Noel Langley. The songs were written by Sigmund Romberg, composer of the original Broadway score, and by Herbert Stothart, who composed the film operetta "Czaritza" which provides a lovely sequence in the picture.

Jeanette MacDonald and Nelson Eddy excel their previous work in "Naughty Marietta" and "Rose Marie." Lynne Carver, a delicately beautiful young singer from the Kentucky Blue Grass regions, sings and acts unusually well. She and Tom Brown provide the juvenile romance in the story.

Second Feature

"There are no bad villains," says Robert Montgomery, speaking purely from the viewpoint of the actor.

"Characterization is always more interesting than playing a straight role," says the star, who returns to the Monkland screen with Ingrid Bergman in "Rage in Heaven," one of M-G-M's current reprints.

Avenue Stars Midgets Blank Raiders 3-0

Richard Goulet, scoring a brace of goals, led the Avenue Stars to a 3-0 shut-out over the Raiders in the Westmount Municipal Midget Hockey League. Tom Grant scored the other Stars' goal. Jim McGivern, a Bantam goaler brought up for the game, played great hockey to get credit for the shut-out.

In another Midget contest, the Cardinals eked out a 3-2 victory over the Raiders to take undisputed possession of first place. Mickey Anderson gave the Cards a one-goal lead, only to have Noel Isene come back and tie up the game. Marty McKeown put the Cards in the lead again but Isene scored a second goal to again tie the score. In the third frame, McKeown took Ross Southward's pass and beat Claude Sawyer in the Raider's net with a hard shot for the winning goal.

With their goaler failing to turn up, St. Leo's was no match for King's and went down to a 11-1 defeat. David Jones played smart hockey to chalk up five goals. Nick Valikakis, Richard Clarke and Gordon Smith scored a brace of goals each, while Grant Dixon came away with a single.

Come From Behind to Tie Leading Catholic High

A fighting Academy hockey squad, showing the spirited tradition of their little school, battled their way from behind a two goal deficit, to gain a 3 to 3 draw with the league leading Catholic High team at Lachine Arena last Saturday. The Black and White aggregation went into the third period enjoying a 3 to 1 lead, but wilted under the onslaught of the Saints who accepted the challenge to fight back from the brink of elimination, to move into second place and, if they can hold this spot, will earn the right to engage C.H.S. in a post season play-off at the end of the schedule. Spearheading the attack was defenceman Neil Walsh and winger Tommy Grant. Neil figured in all goals, with two assists and netted the tying goal with but four minutes left to play in the game. Tommy Grant, turning in his best effort of the season, came through with two goals. Ray Losito playing his usual steady game back on defense, saved the game on a few occasions by intercepting a few dangerous breakaways around his blue line.

It was a swell game between two good teams, that stick to clean hockey and play the puck and not the man. Catholic High have a very clever player named Vezina, who notched goals and played a terrific game.

Top Strathcona 5-0

Last Friday at Lachine Arena, the Westmounters were not extended too much in subduing Strathcona Academy 5 to 0, in a regular Senior B hockey fixture. Claude Sawyer was in goals and handled the few shots he had cleanly. The scorers were: Buster Smart, John Foy, Jack Belanger, Richard Goulet and Russell Cliffe.

This Saturday morning it will be the lowly Commercial High Club that will provide the opposition and it hardly would be boasting to say that a win is expected.

The referee failed to put in appearance at Verdun Auditorium, last Tuesday for the scheduled battle for second place between St. Leo's and Chambly County. The hour was used for a practise game, with the Southshore bowing 1-0 to the Academy six.

SPORTS SHORTS

In case you don't know them, they are St. Leo's Orphans and are aptly named because they have no home in which to play their basketball games. But like many orphans they have a lot of perseverance and last Tuesday scared the daylights out of Commercial High, before bowing 52-46. This was the second game on the Commercial band box floor

Saint Bantams Win Two More

St. Leo's chalked up their eight and ninth victories of the season in the Westmount Municipal Bantam League this week.

The first game saw St. Leo's shut out the Aces 5-0. Brian Sheridan, David Smith, Mario Chartrand, David Farrell and Grant Gill, with a counter each, were the St. Leo goal getters.

The second contest was a close affair with little to chose between St. Leo's and the Stars. Grant Gill took Brian Sheridan's pass and slapped the rubber behind Pat Robinson in the Star's nets for the only goal of the contest.

In aother Bantam game, the Stars shut out the Braves 6-0. The goals were well divided with David Smith, Willis Beaton, Ed Matsubuchi, David Robb, Ronnie Foreman and Laurie Bennett scoring a goal each.

Led by Frank Jago who scored two goals St. Leo's shut out the Iroquois 4-0. Brendan Guilfoyle and Jerry Ramsay were the other goal getters.

In a hard fought game, the Comets eked out a 2-1 victory over the Iroquois. Don Ferrie and Peter Kilburn were the Comets' marksmen, while Ron Raycraft scored for the Iroquois.

St. Leo's moved into first when they shut out the Avenue Stars 2-0. Frank Rooney and Brendan Guilfoyle were the goal-getters for St. Leo's. Norman Mullins were credited with the shut-out in the St. Leo's net.

Flyers Edge Royals 5-4 In Intermediate Tilt

With all teams battling for playoff positions, seven games took place in the Westmount Municipal Hockey League this week.

In a thrilling contest, the Flyers eked out a 5-4 win over the Royals. JimMcCarthy was the big gun on the Flyers notching the hat trick. His last goal was a winning marker. Pat Palmer and Ron Shaw scored the other Flyers goals; Euard Read with a brace of goals led the Royals attack. Ed O'Brien and Bob Hutchison were the other point-getters.

The Alouettes scored an easy win over the Panthers defeating them 5-1. Pete Lovell, Frank Read, Bob Grant, Frank Boright and John Piers were the Lark's marksmen. Ron Hutchinson spoiled Ray Binmore's shutout when he scored for the Panthers.

Stars Wallop Frosst

The injury-ridden Frosst team were no match for the fast-skating Avenue Stars, as they went down to a 11-1 defeat. Pat Lomasney led the Stars attack scoring 5 goals. Allan Turner scored two while John Garland, Tony Kay, Micky Cybuliak and Stu McCowan finished with a goal each. Cliff Fisher scored the lone Frosst goal when he slapped home the rubber behind Doug Brambell in the Stars' net.

In a hard-checking game, the Alouettes defeated the Flyers 4-2 to move into second place in the league standing. Bob Grant notched two goals to lead the Larks attack. Jack Patterson and Bill Telfer were the other goal getters. Moe Strachan and Jack-Connolly scored a goal each for the Flyers.

Royals Edged

In a see-saw battle Frosst defeated Royals 6-5. Pat Kinsella and Cliff Fisher were the top men for Frosst with a brace of markers each. Stan Simmons and Russ King were the other goal-getters. 'Zeke' Brodie, Ed O'Brien, Ben Young, Logue McDonald and Bob Hutchinson were the Royals marksmen with a goal each.

The Avenue Stars continued to set the pace at the top of the league when they shut out the Royals 4-0. Pat Lomasney with a brace of markers led the Stars to victory. Earle MacDonald and Allan Turner were the other goal getters. Doug Brambell played a great game for his shut-out.

St. Leo's . . .

(Continued from Page 18)

and it would not be exagerating too much to go out on the limb to say, if we had a home floor to play this game, the result could easily have been reversed.

Fay Dawson, will play his first game for St. Leo's Senior B gang tomorrow at Lachine Arena.

Bert Lattimer, is beginning to use his strength and reach to advantage on the basketball outfit. Bert played a strong game against Commercial High. (P.S. Are you listening, Sheila?)

Claude Sawyer, Ross Murray and Neil Walsh are probably the three good reasons St. Leo's Senior B. hockey club attract more girls to their games then students from the boys' high shool. Claude will be in goals tomorrow morning, so remember girls to have your mother wake you up early.

Bouncing Buster Smart is producing with goals this year. The well-conditioned Buster may not have too much polish to his play but when it comes to trying, he would be pretty hard to beat.

St. Leo's two Bantam squads are at the top of their respective leagues and have little chance of being overhauled. Grant Gill is developing fast with the Bantams and the same can be said for his sidekick Wayne Hibbard. Frank Jago and Bob Tinker are two more Bantams that are showing improvement.

Richard Ryan, in the Bantam A nets, has shown possibilities of turning into a top notch goaler but little Richard will have to smarten up and show more co-operation, if his dreams of another Bill Durnan will ever materialize. He has been scored on only twice in seven league games.

Queen's Rovers Tie St. Leo's

In another contest, St. Leo's lost to a 8-0 shut-out over the Roslyn Rangers. Ken Lyons led the St. Leo's attack chalking up five markers. Brian Casey, Calder Black and Patrick Davis were the other goal getters.

King's and Roslyn Blue Bombers played to a 1-1 tie in another Pee Wee game. Roger Ackman scored first for the Bombers but Barry Webster came back for King's to tie up the game.

Queen's Rovers had an easy time defeating Roslyn Blue Bombers 8-1. Terry Grey was the Rover's big gun with five goals, while Paul Hamilton scored a hat trick. Roger Ackman scored the lone Bomber's goal.

Queen's School Ice Carnival Proves Success

With the co-operation of Old Man Winter the scene was laid at the Queen's School skating rink for a gala evening on skates.

Buzzing with excitement, the various classrooms all wondered who was to be chosen the "Queen" of Queen's School. Beautiful little Claire Vezeau was acclaimed the winner in this choice, and dressed in her stately robes she proved herself with her regal bearing.

Led onto the ice in the stately procession by the court herald, Bryn Kakely, dressed in black and silver, the Queen, with her two pages Terrence Grey and Douglas Scruton, emerged amidst gasps of pleased astonishment. Followed by the two chief standard bearers, Bobby and Paul Hamilton, the other standard bearers and little princesses came beautifully adorned in pastel shade gowns. Clowns, Cuban maidens and court attendants made up the retinue.

Seated on the throne, the High Priest, John Rasmusson, crowned the Queen with great pomp and ceremony.

Costume Prizes

When the ceremony was over, onto the ice spilled all the other members of Queen's School who were dressed in their original costumes. Prizes for the best costumes went to Doreen Hulin as Snowman, Lee Reuland as Old Fashioned Lady, Mao Chambers as Robin Hood, Ruby Squires as Choir Girl, Bobby Stewart as Scotch Piper, George Barton as Tramp. The members of the court were not allowed to be judged.

Winners in the various races were as follows: Heather Ward, balloon race; Terry Grey, balloon fight; Margaret Selby, girls' obstacle race; Paul Hamilton, boys' obstacle race, and Brian Morris, boys' bag race.

With the help of Recreation Supervisor, Herb Linder, Mr. A. Pitcairn, principal of Queen's School, organized the whole show which proved so enjoyable for the children.

Special thanks goes to Mrs. Sheila Wakely and her volunteer helpers for the making of the beautiful costumes.

Ron Brambell, Guy Bonnier and John Wakely worked capably in the midst of joyous confusion.

The judges for the evening were Mr. E. J. Anderson, Supt. of Parks, Mr. Sid Fraser and Bruce Johnston.
