SPECIAL COUNCIL SESSION PASSES RESOLUTIONS ON V'FIELD BILL - WINTER WORK - BEACH

ALDERMEN CONTINUE IN ANNEXATION "MOOD"

After spending Wednesday and Thursday in Quebec City Mayor Robert Cauchon called a special meeting of the Valleyfield City Council to deal with a number of matters that could not be held over till the next regular meeting on November 14th.

The council passed a resolution approving the Valleyfield Bill to be presented to the provincial legislature, but added one clause. The Council wants to be able to levy two per cent tax on all telephone bills and 2 percent on all electric light bills. The School Commission and Provincial Government already receive a 2 per cent tax on these items.

The council also passed a resolution passing the Winter Works Program for the city of Valleyfield as compiled by City Manager Alcide Lafontaine. Mr. Lafontaine was further given the authority to start the program on Monday last, which he promptly did.

A Notice of Motion was given for a bylaw which will provide the city with the authority to borrow one hundred and twenty five thousand dollars. Of a total of \$172,900, which will be necessary for Valleyfield's Winter Work Program, \$52,900 will be paid jointly by the provincial and Federal governments towards salaries. The remainder... \$120,000... will be carried by the city.

The Council passed a resolution congratulating the Prov. Minister of Public Works, B. Pinard on calling for tenders for the construction of the new Mercier Bridge Span. The council requests the Provincial Government to start work on this project immediately. (We didn't realize calling for tenders was such an extraordinary event — Ed.).

With additional through traffic for Valleyfield in mind the council has requested the Minister of Public Works to construct two bridges at Ile Perrot via Ile aux Vaches in such a way that traffic would join the Mgr. Langlois bridge clover leaf and thus lead additional traffic to or through the Valleyfield region.

The aldermen requested the provincial government to contribute to the installation of automatic railway crossing signal lights which the city plans to install at the Dufferin Rd. crossing. The Minister of Roads was also asked to foot the bill for the further widening of Victoria street between the new section, coming from the bridge across the Montreal Cottons tailrace, up to Academy street.

A Notice of Motion was introduced concerning the subdivision of land into building lots. The council refused to pay the requested \$25,000 tax levy by

the Parish of Ste. Cecile for Valleyfield sewers which pass across (or under) Ste. Cecile land.

The council, under guidance of Mayor Cauchon, being in an "annexation mood" ever since it has come into office in January last, received a notice of motion that a bylaw will be introduced for the annexation of part of the parish of Ste. Timothee to Valleyfield. It concerns the triangular piece of land between the boundaries of Valleyfield and Nitro that was originally slated for a shopping centre. There is now talk of building 20 or more new homes in this area. Mayor Cauchon remarked confidently "This proves that our administration must be sound as everyone wants to annex to Valleyfield."

Alderman Albert Marcell and city manager Lafontaine were given the authority to attend the Industrial Commissioners

Anglican Parishes Of Valleyfield And B'nois Under One Pastor Resident

Chateauguay To Be Full Fledged Parish

As a result of the continued expansion of Chateauguay and the death of Canon W.S. Hatcher in Huntingdon the Anglican authorities have decided that as of Sunday November 27th the first Sunday in Advent, the parishes of Beauharnois and Valleyfield will once again come under the same pastor resident, the Rev. J.B. Hall, of Valleyfield.

The parishes of St. Mark's V'field, Trinity Church Beauharnois and St. George's Chateauguay have a long history of helpful association with each other. The Rev. W.G. Walsh incumbent of this parish from 1928 to 1953, has written a "History of Trinity Church Beauharnois (including St. George's Church Chateauguay)". There is a record of a Confirmation held in Beauharnois by Bishop Fulford (1850-1860). In August, 1895, Mr. R.Y. Ovinger, theological student serving at Valleyfield began holding week night

Mayor Robert Cauchon moved the first shovel of earth. Others in the picture are aldermen, city officials and Messrs. Laurent Boyer and Lalonde, extreme left and right, of the Employment Office. "Serving the District of Valleyfield Beauharnois and Chateauguy"

BEAUHARNOIS, QUE., WEDNESDAY, NOVEMBER 9, 1960

"We Can But Do Our Best And There Leave The Matter"

REMEMBER DURING REMEMBRANCE WEEK

In all parts of our area the annual Poppy Campaign is in full swing. In Valleyfield and Ormstown Remembrance Day parades were held over the past week-end while in Beauharnois and Chateauguy they will be held this coming week-end on Sunday November 13th.

While we owe Remembrance to those "who died so we may live" we can bring even greater

honour to their remembrance by contributing as generously as possible to the Poppy Campaign in our community. Our contributions help the local Region Branch carry on its welfare work among needy veterans and their dependents. If you haven't already bought a Poppy be sure to do so this week or send your contribution to your local Legion Branch.

A MORE FOOL PROOF BENEFIT SYSTEM A MUST

While warnings about the serious depletion of the amount of money in the Unemployment Insurance fund continue to be heard... one commentator even mentioned "the possibility of the fund going bankrupt", the serious and scandalous mismanagement of the funds, money continue by those who have no legal right to receive any of its benefits. "Working for the Government" now days doesn't only mean that he or she has a government job. It now can also mean that the person in question is receiving unemployment insurance benefits. We realize a completely fool proof system is an impossibility. On the other hand there

must be some method of control available to keep in check the number of people who are receiving unemployment benefits unrightfully. The point has been reached whereby some recipients of unemployment Insurance benefits prefer to remain unemployed... at least on paper, thus leaving the way open for him to earn one salary at part time work of one nature or another and to also receive "a salary" from the government via the unemployment insurance commission.

THOUGHT OF THE WEEK

Habit is a cable; we weave a thread of it each day, and at last we cannot break it.

— Horace Mann.

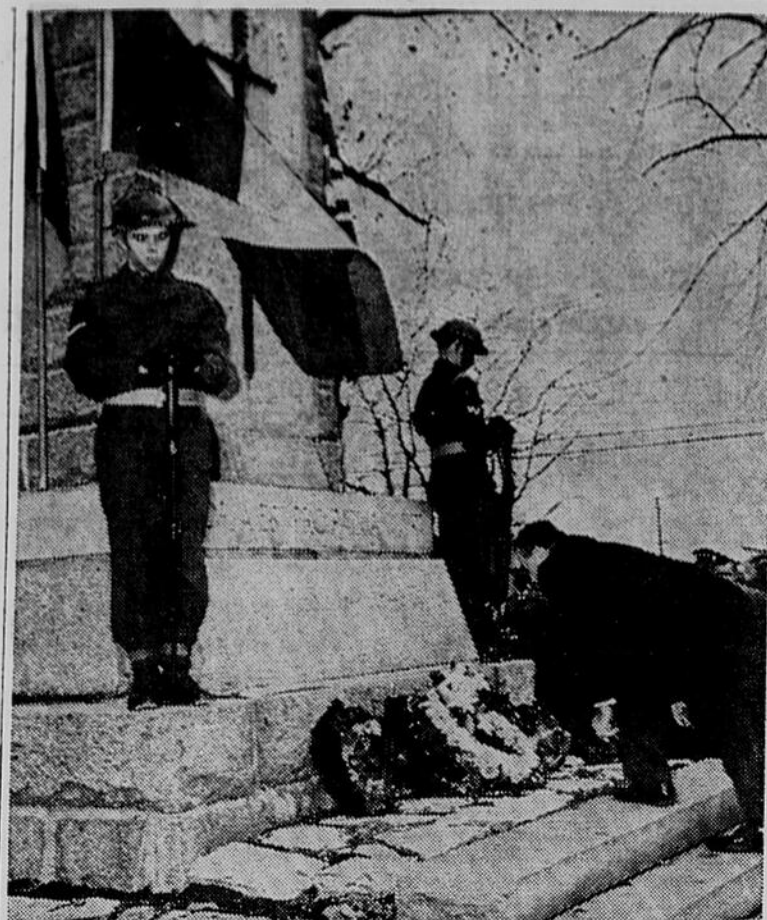

"SIX HOUSES FROM THE BIG TREE..."

"Six houses from the big tree in Prudential" was the address on a letter that was received in the Chateauguy Post Office during the first week of door to door mail service.

While this is perhaps an exaggerated example (and perhaps even a practical joke) we are sorry to report that it reflects adequately the attitude of most residents in the area as far as helping the post office to get a smooth running service organised. Weeks in advance of the new service residents throughout the Chateauguy area had been requested to inform their correspondents,

publishers of newspapers and magazines they receive, and others who should know their proper address of their change in address. Hundreds of cards were given out for this purpose at at least one post office we know of. However, very few of these cards were used with the result that people who had been receiving their mail at box numbers received it days late or not at all.

Also it has caused considerable confusion and delay in getting a proper and efficient carrier service underway and many people may be receiving their mail late for several weeks to come yet due to their own lackadaisical attitude.

At the Valleyfield Cenotaph last Sunday afternoon during Remembrance Day ceremonies. Mayor Robert Cauchon is seen laying a wreath on behalf of the city of Valleyfield. Legionnaires, RCMP and a large contingent of the Royal 22nd Regiment took part in the Parade. A large crowd had gathered around the cenotaph area to watch the proceedings while Federal and Provincial members of Parliament and other invited guests attended the impressive ceremony. D. Johnson Critical of Lesage Govern.

The Hon. Daniel Johnson, M.P. for Bagot county and the former Minister of Hydraulic Resources recently in a number of television and radio appearances accused the Liberal Government of "Patronage and hypocrisy", and said the government had done nothing in the past 4 months to alleviate the unemployment situation in Quebec.

He referred to dismissals in

the judiciary, the liquor permit situation and other instances in which the Liberals were "patently playing patronage" despite Mr. Lesage's avowed protestations to the contrary at the time and after the election.

Imports Continue To Disrupt Can. Industry, Says Noted Economist

Canada should insist that Japanese exports to this country be obtained by displacing foreign competitors rather than destroying domestic producers, a noted Canadian economist said recently in Montreal.

And if all competitive imports were cut out we could expect a 100% expansion in production of Canadian textiles and clothing, an expansion of automobile production by one third, and the

News from Nitro

(By Mrs. S. St. Onge)

Last Monday night being Halloween brought umpteen youngsters to my door. I tho't I was well supplied with apples and candy, and gave them out carefully, but my supply was exhausted before my visitors were. Was sorry to disappoint these, but couldn't be helped. Rather wish I'd kept count, would help another year! Noticed many of the children used make-up instead of a mask, much saffer for them, and at tho I see these wee folk often, they had me puzzled more than once, and off they went laughing. The children of the Protestant Church and myself had U.N.I. C.E.F. cans for the first time this year. Many people were unprepared with small change but almost \$20.00 was collected for this fund this year. A sincere thank-you to all those who contributed.

I'm sorry I forgot to add last week that the little Moore baby was given the good old Scotch names of Colin Ferguson.

Only heard of one birthday this week - so happy birthday to Mr. Kelly, Purvist St.

ANGLICAN CHURCH...

Services in Beauharnois. The Service of Dedication of the present Trinity Church building took place December 18, 1897, the Ven. Archdeacon Evans officiating. Six years later in 1903 Beauharnois had their first resident priest, Rev. R.D. Irwin (retired).

And now the wheel has come around full circle with Beauharnois and Valleyfield again joining under the same minister.

While it had been considered a long term solution to unite Valleyfield and Beauharnois, in view of the rapid expansion in Chateauguy, it had not been anticipated so soon. However, with the consent and agreement of all parishes concerned it has now been decided to make the move on Sunday November 27th.

The Rev. P.R. Stote will take over the duty in Huntingdon, Hinchinbrooke, Ormstown and Franklin Centre, the Rev. John B. Hall will be in charge of Valleyfield and Beauharnois and the Rev. John Buck will be able to give his full time to the ever growing parish of Chateauguy.

Connection between Trinity Church, Beauharnois and Chateauguy goes back to 1924 when it was suggested to the Rev. L.D. Lariviere (retired) by people in Beauharnois that it might be worthwhile to visit Chateau-

guay Basin with a view to beginning Church work there; he gladly agreed and paid several visits.

On October 26, 1924, Bishop Farthing appointed the Rev. W. A. Howard, M.A. to be incumbent of Beauharnois (Mr. Lariviere again retiring) and instructed him to open a Mission at the Basin. It then became necessary to alternate services between Beauharnois and Chateauguy and therefore to re-arrange services at Beauharnois. There has therefore been an association of the two over the last 35 years.

At a meeting held in Mr. D.L. Weston's house in Chateauguy (obviously with a sense of an historical happening taking place) on November 25, 1924 - present were Mr. and Mrs. Wooler, Mr. and Mrs. A. Williams, Mr. P.G. Dance, Arthur Dance, Mr. and Mrs. A. Champion, Mrs. L.A. Wyse, Mr. Richards, Mr. Cose, Mr. and Mrs. Weston - the Rev. W.A. Howard spoke of "the wish of church people in Beauharnois to help Chateauguy to set services on foot." The meeting then elected Mr. Claude Wooler, People's Warden and the Rev. W.A. Howard appointed Mr. Weston Rector's Warden. "The meeting agreed that the thanks of all present should be sent to the Beauharnois congregation for their offer of support and for unselfishly denying themselves Church services

in order that Chateauguy might enjoy them." Mr. Champion said "there was no time like the present for making a definite start."

So the first service was duly held at Mr. L.A. Wyse's house, Chateauguy Heights (Austin Street) on (note) the first Sunday in Advent, November 30, 1924 - the Rev. W.A. Howard celebrating the Eucharist.

When St. George's Church in Chateauguy becomes a parish on its own with a resident incumbent on Sunday November 27th, 1960 it will be exactly 36 years ago to the very day that the first Anglican service was held in Chateauguy.

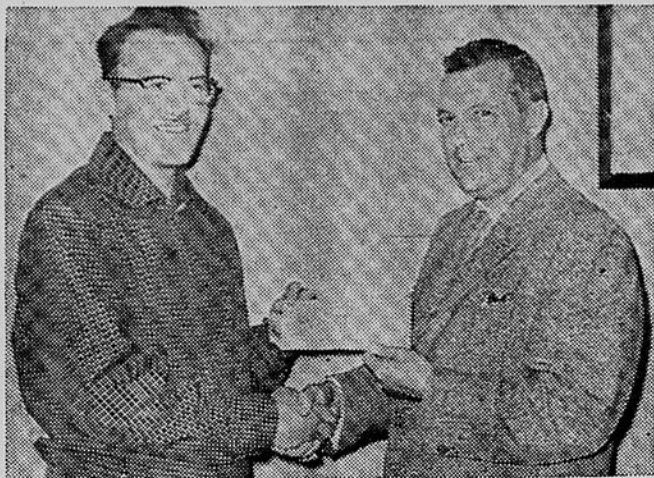

Of statistical interest are perhaps the following figures reflecting not only the growth of St. George's Church but of all of Chateauguy. The following figures show the number of families which were member of St. George's starting in 1925:

January 1925 -	6 families
January 1955 -	90 families
January 1958 -	120 families
January 1959 -	150 families
January 1960 -	300 families
January 1961 -	400 (?) families

MELOCHEVILLE GARAGE OWNER WINS CASE AGAINST SEAWAY AUTHORITY

The Exchequer Court of Canada has rendered judgement at the beginning of last month in the case of Garage owner Edgar Loiselle of Melocheville against the St. Lawrence Seaway Authority.

The decision calls for a payment of 18,000 dollars plus 5 per cent interest since 1957 by the Seaway to Mr. Loiselle in

payment for damages caused to his garage and property as a result of the building of the Seaway at Melocheville.

As a result of the building of the Seaway the main street of Melocheville, on which Mr. Loiselle's Garage was situated, had to be closed and was replaced by a tunnel. This Mr. Loiselle's property lost a great deal of

its value.

After a long series of hearings at which a great number of experts appeared and correspondence was read between Premier Duplessis and the Honorable Lionel Chevrier, who was then head of the Seaway Authority, the court decided in favour of Mr. Loiselle. Seaway Authority lawyers contended that the road concerned was under jurisdiction of the provincial government and that the discontinuation of the road and the consequent damages were the responsibility of the province.

Mr. Frank Dorval, well known local lawyer, who represented Mr. Loiselle argued that the construction of the Seaway was the direct cause of the closing down of the road and that if the waterway hadn't been built the provincial authorities would not have had to close the road.

When the province decided to move highway No. 3, which at one time ran right through Melocheville, Melocheville's main street had not been closed to traffic and Mr. Loiselle did not suffer any damages.

Other residents of Melocheville have been waiting for a favourable decision from the court before filing their claims.

RENTAL CONTROL NOT ABOLISHED IN B'NOIS

There seems to be some confusion in the city of Beauharnois as to whether or not Rental control in this city is still in force, due to incorrect information appearing in the french language newspaper "Le Progress de Valleyfield". However, the legal advisor for

the Rental Control Board in the counties of Beauharnois, Chateauguay and Huntingdon, Frank Dorval, points out that in a letter dated September 1, 1950 from the Provincial Secretary to the municipalities of the province it is stated that rental control in a town or city can be abolished if the majority of a municipal council requests such a move and the Lieutenant Governor upon recommendation of the rental control board gives his approval. And as such approval has not been given residents and property owners of Beauharnois can still avail themselves of the services of the Rental Control Board.

HEATING -- OIL CONSUMERS...

WATCH OUT!

Yes, Watch Out For Those
Oil Distributors Who Sell
Their Oil At Low Prices!

WHY?

"I'M SURE GLAD
THESE POINTS
ARE BEING
BROUGHT TO
OUR ATTENTION,"
SAYS THIS READER.

- 1—IS THE AMOUNT SHOWN ON THEIR BILLS REALLY PRINTED BY THEIR OWN METERS ?
- 2—IS THEIR DISTILLED OIL MIXED WITH AN INFERIOR QUALITY OIL CALLED LIGHT OIL CHEAPER PER GALLON ?
- 3—DO NOT BE SURPRISED IF THE COST OF YOUR HEATING IS HIGHER THAN IT SHOULD BE.
 - a) Either by the number of gallons paid (and perhaps not received)
 - b) By the money spent on cleaning the burners (always expensive) more often than normally necessary and also the many annoyances caused by this type of work.
- 4—EVERYBODY HAS A RIGHT TO A REASONABLE PROFIT WHEN CARRYING OUT

AN HONEST BUSINESS

Voting Hours Reason For Poor Turn-Out At Chat'y Election

The elections for 3 aldermen in Chateauguay Centre on Monday of this week went off without incidents or much excitement. In the 3 wards a total of 459 voters went to the polls or 50.8 per cent of a total of 904 eligible voters. It is felt that this relatively small percentage is largely the result of the early closing hours of the polls at 6 p.m. Plans call for amendment of the bylaw to change the time from 6 to 8 p.m.

Elected were in ward 2 J.A. Meloche with 117 votes against R. Bourdon with 29; in ward 3 Roland Colpron with 110 votes against Edgar Lauzon with 62 and in ward 4 Jean Paul Cote with 99 votes against Armand Mastroluca with 42 votes.

Work On Shopping Plaza To Start

Dr. P. Joseph Q.C. of the Chateauguay Regional Shopping Plaza announced at the end of last week that the contract for the construction of the 35 store project has been signed with the Montreal contracting firm Anglin Norcross and that work is to get underway almost immediately.

-- VETVILLE CORNER --

As a new feature, in accordance with our endeavour to give readers of all sectors of the Chateauguay areas... young, older and old... the fullest possible news coverage on people and events, the SUN starts this week with VETVILLE CORNER. Vetville Corner will bring you each week an interview with one of the families or residents now residing in Vetville. The interview will contain some of the interesting facts about the lives, present and past, of these people. For our first article the SUN interviewed Major and Mrs. Robert Mitchell.

Major Mitchell was born in Perth, Scotland and emigrated to Canada in 1911. In 1914 at the outbreak of the First World War he joined the 24th Battalion of the Victoria Rifles and emerged in 1919 as a Regimental Quarter master Sergeant. Upon leaving the army he joined the militia and remained in that

organization, with a number of non-commissioned ranks, until 1939. In '39 the Second World War necessitated the calling out of the militia and Major Mitchell was then commissioned as a Junior Lieutenant. During the war he was stationed at the No. 4 District Depot and was one of the four officers who started the Longueuil Camp which was to become the largest recruiting camp in Canada. The Major was discharged in 1946 after having being promoted to his present title of major.

In the first war the Major received the Military Medal and in the second was made a Member of the British Empire and received the Efficiency Decoration. Major Mitchell has also been a Legion Member of long standing, having just been the recipient of his 25 year service award.

At the present time Major Mitchell lives with his wife Mar-

EXPERIENCED BANKER

Mr. Tarte, the manager, was formerly manager of the B of M's North End branch in St. Jerome.

Born in Montreal, Mr. Tarte joined the B of M at St. Cesaire in 1939 and later served at branches in Montreal, at Granby, Temiskaming and Moncton, N.B.

In 1952, he was appointed accountant at Lake Megantic and, three years later, moved to St. Jerome main office in the same capacity. He became manager of the North End branch, at St. Jerome, in 1958, and leaves that post to manage the new Chateauguy B of M.

Active in community organizations while at St. Jerome, Mr. Tarte was a director of the Richelieu club, treasurer of the Canadian National Institute for the Blind and a member of the Canadian Legion, for which he was president of the 1960 poppy campaign.

commission. A Board of panelists will ask questions.

A Bazaar will be held by the Hospitalization and refreshments committee of the Catholic Parents Teacher Association on Saturday December 3 from 10.30 a.m. to 4 p.m. in the basement

of the Pie XII school.

The bazaar will feature the following ten booths under the chairmanship of Mrs. Elson. Anyone wishing to make donations for any of the booths can do so by contacting any of the following ladies or gentlemen: Tea room - Mrs. Dowling; Apron Booth - Mrs. Gillespie, P. Cooking - Mrs. Wallace; Fish Pond - Mrs. Ryall, White Elephant - Mrs. Godin, Candy booth - Mrs. Leclair, Needlework - Mrs. Foley, Post Office - Mrs. Mackey, Misc. - Mrs. Howard. A special booth for the men will be ably handled by Mr. Thompson.

Mothers Act To Supply Cafeteria For St. Wilbrod School

A group of mothers under the direction of Mrs. K. Elson, Secretary of the P.T.A. have grouped together to organize a cafeteria, which is to include the serving of hot meals, for their children. Tentative arrangements have already been made by the mothers with Mrs. G. Dubuc who will make the necessary purchases and will sell soup at 5 cents a bowl, sandwiches 10 cents each, and dessert (pie or doughnuts) at 5 cents a piece. In addition to this Mrs. Dubuc can provide a special lunch for the teachers at 50 cents each.

The above prices are being made possible through the cooperation of a group of mothers who are willing to donate their time free of charge in order to assure proper meals for their children.

A brief, presenting the whole picture, was presented to Mr. D. Lavigne, President of the school board, with the official sanction of the P.T.A. The board accepted the brief and has forwarded it to Quebec for approval by the Department of Education.

val by the Department of Education.

The P.T.A. has also assured the board that it will not be asked to assume any of the expenses of the cafeteria. All necessary funds will be raised under the P.T.A. program.

This plan, if accepted by the Provincial authorities, marks a definite step forward in facilities for the students. The present volunteers and Mrs. Elson certainly deserve a vote of thanks for their work. However more help is needed and if any other mothers would be willing to give up some of their time for this cause, please contact Mrs. Elson at OX. 2-4408.

garet, whom he married on June 3rd, 1921, at Vetville and holds down the positions of Vetville Superintendent and Postmaster. Mrs. Mitchell also led an active military life and acted as President of the Victoria Rifles Officers Ladies Association from 1956-59. Mr. Mitchell has just recently recovered from a serious illness which severely curtailed her activities.

The Mitchells have one daughter who lives in Santa Monica, California. They also have a grandson, Vankeith, needless to say the "apple" of two very proud grandparents' eye. Vankeith spent last winter with his grandparents and they only wish that he could return this year.

Major Mitchell feels very strongly about one thing and that is to see more veterans join the Legion. He states that the Legion did much to bring about the present system of pensions, military hospitals and numerous other benefits and if there were an increasing membership the work of the Legion would be assured of continuing strength.

SHOPPING PLAZA...

(From Page 10)

In answers to questions by the SUN Dr. Joseph stated that wherever possible local labor will be used and that materials for the two and a half million dollar shopping centre would be bought locally as long as prices are competitive. The SUN also learned that May 1st is still the deadline for completion of the project and that so far at least one local merchant is about to sign a lease for a store in the shopping plaza.

Members of the Catholic Parent Teacher Association don't forget the meeting coming up next Tuesday, November 15th, 8 p.m., at the Pie XII School.

Happy birthday to Adrian Thatcher who will be having a birthday party this Saturday, Nov. 12th to celebrate his eighth birthday.

I would like to thank all the children in the Gardens area who assisted the UNICEF Halloween Drive. The children were more than pleased to pick up a UNICEF can from me and go out collecting for those not as fortunate as they. In fact, several refused the treats for themselves and, judging from the weight of returned cans, all were very zealous in their endeavours for UNICEF. Thanks

again from me and from all the children you have helped through UNICEF.

I wonder? . . . where the Gendarmes were going Sunday morning around eleven. . . They flew down the street around 50 M.P.H. or better and didn't even come to a halt at the stop sign. . . When will the Queen's boys remove the old postal boxes from the corners. Some are getting rougher usage now they are not in service than previously. I suppose they won't be moved until the snow is six feet deep or so and they require a snow-plow, radar device to find the boxes, and extra men to do the work. Maybe John's way of easing the unemployment situation. . . Whatever happened to Aunt Minnie's Cats. . . What Marion Adams said when her clothes line broke on Wednesday.

Did you ever notice. . . Hartland Rowell is the only man that uses more matches than tobacco even though he is constantly sucking away on his pipe.

Surely there's a speed limit in heaven. . . you can't drive a cloud and play a harp simultaneously and make a drag stripe of the heavens. Now on our earthly drag stripe. . . St. Francis Blvd. . . it is pleasing to note the lawabiding citizens, but, more often than not one can pinpoint the persons who say to themselves. . . "I'm not going up anyway so why worry about speed limits and stop signs". I'm sure there is not one taxi driver in Chateauguay who, when the moment of decision arrives, will be able to say otherwise than, "down please". To go further, it's a shame that the modern Wyatt Earps don't get some money in the kitty by enforcing present speed limits and ensure that all vehicular traffic stop at existing stop signs instead of concerning themselves so much with who's dog has a license or who's bicycle hasn't been registered.

Last Saturday's Anglican Church Bazaar held in St. George's Church Hall was a huge success. These youngsters can hardly wait to dig into the turkey supper being served here by Mrs. C. MAPLE SCHOOL WINS FIRST DEFEATING HOWICK 3-0 IN SOCCER AND 32-23 IN GIRLS JUNIOR BASKETBALL EXHIBITIONS

Last Thursday Howick journeyed to Maple School to play two exhibition contests and were defeated in both cases. The boys soccer team under the expert coaching of Jack Taylor, gained their first victory with a 3-0 edge. Gerry Kezar was the star for Maple with 2 goals, the other

being scored by Brian McGee on a free kick. Bob Jackson and Ron Thornburg also turned in good games for the winners.

In the basketball game the Junior girls played a heads-up game to beat Howick 32-23. Linda Tonge, Linda Hammerbeck and Donna Birtwhistle, were the outstanding players for Maple School, scoring all their team's points.

On Friday there was quite a

More and More People are Getting to Like Winter!

They are learning that it is the very best time to get all sorts of jobs done around their homes, plants and businesses.

Skilled workers are more readily available and, being more productive, give you better value for your dollar. Many firms also offer discounts in the off-season lull.

This applies especially to home, plant and office improvements.

But in addition to home improvements there are many other things that can be done to advantage during the winter. They include such things as maintenance of lawn and garden equipment, electrical appliances, outboard motors and automobiles, as well as dry cleaning of drapes and rugs and replacement of upholstery, to mention but a few.

By taking a realistic approach to winter work you will also be helping your community by creating employment during the traditional winter lull. When everybody works, everybody benefits.

different story as the soccer team travelled to Gault and were walloped 8-1. Gerry Kezar scored Chat'y's lone goal to prevent a complete rout.

Monday Maple's Senior boys and girls basketball teams played regular league games at Howick and came out on the losing end in both cases. The girls lost 45-24 with Julie Kaiser and Carol Normans starring for Chat'y. In the boys contest Howick won 72-14 with all-round athlete Gerry Kezar emerging as the bright spot for the outclassed Maple School team.

Maple School needs basketball referees for their home games. Anyone with experience who is interested, will receive remuneration for the job. Please contact Mr. Russ Mosher for further details.

CHAT'Y MINOR HOCKEY ASSOCIATION FORMED

This week we have good news for all our youthful athletes. At a meeting held last Thursday at the Chateau-Gai Motel a new association was formed to organize hockey for the coming winter. Representatives from Parkview, Chat'y Gardens, West-End, and Prudential attended the meeting and agreed to operate under the name of Chat'y Minor Hockey Assoc. with two leagues for this year. The leagues will be Pee-Wee for boys from the ages of 8 - 11, and Midget for the 12-15 group. All ages will be reckoned as of Jan. 1, 1961.

It was decided that as two areas were not represented but had signified their interest, namely the Heights and Colonia, we would proceed on the basis of an expected 6 team entry in each section. Thus it was decided that the teams would play a 10 game schedule with a home and home series with each of the other teams in their section. The games would be played on one week night and one day of the week-end each week. Other rules that were adopted were that the home team would supply referees; the games would consist of three 15 min. periods no more than 15 players could be dressed for any one game but there would be no limit to the amount of players used in the season; any player would have to play at last 3 league games to be eligible for the play-offs; the first four teams

would be eligible for play-offs with team 1 meeting team 3 and team 2 meeting team 4 in a 2 game total point series with the winners meeting in a best of three final; finally it was agreed that the league would follow Q.A.H.A. rules.

It was decided that Al Round would act as temporary Chairman of the Assoc. until the next meeting at which there would be an election. The next meeting has been scheduled for the Chateau-Gai Motel on Nov. 15 at 8:00 p.m. and any interested parties are invited to attend.

Since the meeting your correspondent has had occasion to contact representatives of the two areas who did not attend the meeting and we can now state that the Heights finitely enter teams in each section. In charge of sports was less certain but are optimistic about the planned league and will have an answer as to their participation at the next meeting.

We are pleased to salute the formation of this league as another step in the right direction towards providing sporting facilities for the youth of Chat'y. Nothing is needed to a greater degree than adequate facilities to encourage our youth to become participants rather than spectators. This period of inactivity will likely go down in history as the first time that it was made easier to watch major sporting contests than to compete in minor sports. The convenience of television and the difficulty of providing proper playing fields, etc., has turned our youth into major league spectators rather than minor league participants.

BOWLING SCORES for Nov. 3rd.
HIGH SINGLE:
Mrs. I. Baxter 121
Mr. B. Taylor 173
HIGH TRIPLE:
Mrs. S. Green 297
Mr. S. Simpson 433

Our Birthday wishes this week go to little Stephen Flynn, eldest son of Mr. and Mrs. J. Flynn of 131 Parkview Blvd., who celebrated his 6th birthday on Nov. 3rd. "Many Happy Returns", Stephanie.

The Bazaar and Turkey Supper which was held on Saturday Nov. 5th at St. Georges Anglican Church Hall, was a tremendous success, everyone who attended had a very enjoyable evening and we would like to thank all those who worked so hard to make this event the success it was.

A very Happy Birthday also is wished to Mr. G. Bushe of 154 Parkview Blvd who celebrated his Birthday on Tuesday November 8th.

This is a request to parents to ask their children to please stay out of the model home which has been given to the Parkview Community Club to be used as a club house for future club activities, three fires have been set and if the culprits are apprehended the parents will be held responsible for any damage.

We were sorry to hear that little Gervase Bushe had to undergo minor surgery at his home. He is the youngest son of Mr. and Mrs. G. Bushe of 154 Parkview Blvd., and we hear he took it like a little trojan and was ever so brave. Good boy B.G. Dr. Belisle of Verdun performed the operation.

Another reminder folks, that the Parkview Community Club is holding their Masquerade Dance on Saturday, November 26th at the "Buffet Hebert", on Highway 4 near St. Philomene. Sam Salvadore's orchestra will be playing for your dancing pleasure so do plan to be there. Dress is optional but you will have loads of fun if you wear a costume of some kind as they are to be some very nice prizes.

The Ladies of St. Georges Anglican Church of this Parish are planning to hold a Bazaar in the near future. There is to be a rummage sale stall. Gift stall and a baking sale stall. As the date has not yet been set we can't give it to you but as soon as I have all the details it will be in this column.

Plans are going ahead to continue the card games which will be held at 111 Hillsdale Drive. The last one was such a success, anyone interested in joining in please call OX. 2-6534.

Perusing the Chateaugay Property Owners Association's annual report and financial statement for the past year, it would seem that the outgoing officers have piled up a pretty impressive record. The board of directors has listed a total of 27 major accomplishments during the year, not the least of which was the membership drive as a result of which membership was increased by 100 per cent. The CPOA now has 197 members in good standing, which makes it by far the largest such group in this area. We know, from what outsiders have told us, that the CPOA is also the most active such group in and around Chateaugay.

So far as finances are concerned, it is satisfying to know that although the association has been in existence for only a couple or so years, the net worth of CPOA is somewhat in excess of \$3,000.

As to the future, one of the first tasks of the new executive is to organize another successful Christmas party, and at the general meeting last week a committee was organized to handle this project. The commit-

tee, of course, has already been in touch with old Santa, who has promised to attend in person despite an already heavily-booked schedule.

Of more immediate interest to the kids, a giant rally for all children is scheduled for this coming Saturday, Nov. 12, at Maple School, commencing at 10 a.m. Refreshments will be served, movies will be shown and the softball team will be presented with crests. It is hoped that a member of the Montreal Canadians will be present. For boys between 8 and 14, application forms for membership of a local hockey league will be distributed at the meeting.

One of the most ambitious projects of the new executive is to construct a swimming pool, for the benefit of all CPOA members and non-members who would like to use it on a paying-guest basis. A special general meeting devoted to this undertaking will be called in the near future, and meantime members are asked to give the idea some serious consideration.

No association can operate without money, of course, and it might be as well to pass on the painful reminder, bills for 1960-61 dues will be coming your way shortly. In order to make the task of street directors easier, and to save them a second call at members' homes you are asked to have cheques already made out (post-dated of you like).

It might be as well, too, to remind residents outside Colonia the the CPOA is open to membership for any property

owner in the whole Chateaugay area, and the association would welcome applications from any interested persons who would like to join.

The next general meeting will be on Nov. 17, at which time nominations will be accepted to fill the vacant positions on the Board of Trustees.

Next Monday, Nov. 14, there will be a meeting of the Ladies Association for Girl Guides and Brownies, at the home of Mrs. Lorna Snow, 423 Dunver Road. All mothers of Guides and Brownies are invited to be present.

Mysteries bother most people, and there's one that's currently bothering us. Maybe somebody can explain. For months, on the Upper Lachine Road hill just

beyond Ville St. Pierre, a long cloth banner flapped in the breeze. On it were the first few letters of the alphabet, then a few dots, and then the last few letters. It drove us insane every time we passed by, trying to figure out why it was there and what it meant. Then the whole thing disappeared. Now it has reappeared, this time near Labatts, and we're grinding our teeth all over again. What in heck DOES it mean?

A local resident complains that the Caughnawaga railway crossing is ruining the springs of his small car, and asks can't we get somebody to do something about it. Well, about all we can do is complain in print and hope that by some chance a member

of the provincial roads department will read it and get after somebody. We always did wonder why they call them level crossings, since most of them are exceedingly unlevel.
