MESSAGE FROM QUEEN MOTHER.

Says She Has Lost Everything in Death of Husband

CONVINCES SON TO CARE OF PEOPLE WHO WILL FOLLOW IN FATHER'S FOOTSTEPS.

London, May 11.—While the rulers and representatives of foreign nations are assembling here for the obsequies of the dead sovereign, the various necessary formalities incident to the sad event are being gradually completed. The widowed Queen has sent a touching personal message to the nation, written in unassuming style and recalling similar intimate messages which Queen Victoria was in the habit of addressing to her people.

King George has addressed messages to the navy and army and to the Indian princes and people. The Queen Mother's message to the nation follows:

"From the depth of my poor broken heart I wish to express to the whole nation, and our own kind people we love so well, my deep-felt thanks for all their touching sympathy in my overwhelming sorrow and inconsolable anguish.

"Not alone have I lost everything to me, my beloved husband, but the nation, too, have suffered an irreparable loss by their best friend, father and sovereign thus suddenly called away. May God give us all his direction to bear this heaviest of losses, which He has seen fit to lay upon us. 'His will be done.'

"Give to me a thought in your prayers which will comfort and sustain me in all that I have to go through. Let me take this opportunity of expressing my heartfelt thanks for all the touching letters and tokens of sympathy I have received from all classes, high and low, rich and poor, which are so numerous that I fear it will be impossible for me to thank everybody individually.

"I confide my dear son to your care, who, I know, will follow in his father's footsteps, begging you to show him the same loyalty and devotion you showed his dear father. I know that both my dear son and daughter-in-law will do their utmost to merit and keep it."

KING GEORGE TO NAVY.

One of the first messages issued by King George, who has long been known as "The Sailor Prince," was addressed to the navy. In it the King says:

"It is my earnest wish on succeeding to the throne to make known to the navy how grateful I am for its faithful and distinguished services, rendered to the late King, my beloved father, who ever showed the greatest solicitude for its welfare and efficiency.

"Educated and trained in that profession which I love so dearly, retirement from active duty has in no sense diminished my feelings of affection for it. For thirty-three years I have had the honor of serving in the navy, and I know full well that my participation in its life and work enables me to know how thoroughly it can depend upon that spirit of loyalty and zealous devotion to duty of which the glorious history of our navy is so full.

"You that you will ever remain to me as in the past the backbone of your country's navy, and I know full well that your former will always be followed by me with deep feelings of pride, affection and respect."

"GEORGE, R."

SEVEN KINGS WILL ATTEND.

London, May 11.—(Special)—It is now known that seven kings, besides George V., will attend the funeral of Edward VII. They are:

William, Emperor of Germany and King of Prussia.

Frederick VIII. of Denmark.

Haakon VIII. of Norway.

Alfonso XIII. of Spain.

King Manuel III. of Portugal.

King Albert of Belgium.

King George I. of Greece.

Other mourners will be the Queen of Norway; Archduke Ferdinand, representative of the Emperor of Austria; Grand Duke Michael, representing the Czar, and the Duke of Austria, who will represent the King of Italy.

WILL AMEND DECLARATION OF KING.

The Cabinet yesterday decided to introduce a bill amending the declaration of the King, wherein he asserts his belief in the substitution of the Virgin and Child, and that he makes declaration without mental reservation or dispensation from the Pope or other authority.

For the declaration that the foregoing doctrines and the mass "are superstitious and idolatrous," it is proposed to substitute the words, "are contrary to my belief," and to omit all reference to the Pope.

The majority of members of Parliament are believed to favor these changes, but the Orangemen and extreme Protestants will oppose the declaration, which the law officers of the Crown consider such a necessary step.

It was definitely announced last night that ex-President Roosevelt's lecture at Oxford University, which was scheduled for May 18, has been postponed.

Late last night the body of King Edward, enclosed in an oak casket,

SERIOUS FIRE AT NORTH HATLEY.

T. V. Reed's Sash and Door Factory Destroyed by Fire.

HELP WAS ASKED FROM SHERBROOKE, BUT LOCAL MEN SUBDUED FLAMES.

The cry of fire aroused the people of North Hatley, this morning, shortly after two o'clock, when fire was discovered in the sash and door factory belonging to Mr. T. V. Reed.

A large number of people turned out, and a bucket brigade was soon at work. The fire had gained considerable headway before being discovered, and it was impossible to save the building. All efforts were directed towards saving the lumber in the yard and keeping the fire from spreading to adjoining properties.

It was thought at one time that the flames could not be controlled and a call was sent to Sherbrooke for aid. This was responded to by the steam engine from No. 3 fire station under the charge of Engineer Boudreau and Fireman T. Smith. A special was made up and the apparatus left Sherbrooke at 4.10 a. m.

On arriving at North Hatley, however, it was found that the flames had been gotten under control, and it was not necessary to unload the apparatus.

The buildings and kilns were destroyed, and from 50,000 to 75,000 feet of lumber. The greater portion of the latter was saved.

There was an insurance of \$2,500 on the buildings and machinery and \$5,000 on the lumber in the yard. The damage cannot yet be estimated, but it is thought it will reach over \$10,000.

The fire started from some unknown cause. There was a watchman employed, but he was absent when the fire was discovered, although Mr. Reed was talking to him over the phone at one o'clock, when everything was reported all right.

LOYALTY TO KING GEORGE THE FIFTH.

Motion Expressing Fealty Passed in the Legislature.

NOTABLE SPEECHES MADE BY REPRESENTATIVES OF THREE RACES.

Quebec, May 11.—In assembling again to-day to resume their deliberations, the Legislature, upon the motion of Premier Gouin, adopted an address of loyalty to King George the Fifth, and at the same time expressed their sentiments of bereavement on the death of King Edward VII.

The occasion was made solemn and notable by the speeches delivered by the representatives of three races of the Empire, namely, the French-Canadian, the English-Canadian and the Irish-Canadian, who united in paying tribute to the king-peace-maker who but a few days ago was the inspiration of countless subjects of the Empire.

Men as different in political ideals as Premier Gouin, head of the Government; Mr. Teller, leader of the Opposition; and Mr. Henri Bourassa, the Nationalist chief, struck a common note of harmony in extolling the tact, the thoughtfulness and the broad-minded spirit of King Edward who preferred the happiness and contentment of the various races of his dominions to any other glory.

Hon. Chas. Devlin, minister of mines and colonization, and Hon. Mr. Keane, spoke for the Irish people of Canada and of other lands, saying the Irish people had no quarrel with the personality of the British throne and that they recognized in the late King a friend to the Irish cause.

The solemnity of the gathering was heightened up by the evident desire of all the speakers to refer to the late King as a man and not simply as a monarch, that being another tribute to his sacred ability to win all classes to himself.

Not for many days has the Legislature witnessed such a quiet unostentatious display of what makes Canadians strong, that is, their power to be loyal and Canadian at the same time.

Premier Gouin, in moving the adoption of an address to His Majesty, said that he had shared King George's, gave expression to the feelings of the people of the province of Quebec in the loss of Edward the Seventh. That was a feeling not only shared by all British subjects but by the people of all lands. It was fitting that the descendants of the French race in Canada should likewise show their devotion to the memory of the King who was a king among kings and a man among men.

Reference was made by the Premier to the expression of loyalty manifested by the inhabitants of the province upon the occasion of the death of the late Queen Victoria, and that opinion was well merited by the people of Quebec. It was a guarantee which had been continued by Edward, who was the most constitutional of monarchs, as well as the most democratic of sovereigns. His life had been spent in transferring the clamors for war into acts of friendship, for which reason he well deserved the title of the peace-maker.

The speech of the Premier, which he read was an eloquent eulogy on the life of the late king. As regards King George the Fifth, the Premier remarked that he had had the advantage of two glorious reigns, the first his experience on the most democratic of sovereigns, the late Queen Victoria, who had seen war in South Africa, at the close of her long reign. It was, however, the duty and the privilege of King Edward to grant constitutional government to South Africa, which his illustrious mother had granted to Canada. The reign of King Edward might be summed up, said the Premier, in the words: Foresight, moderation and firmness. War had been turned into peace and hatred into love and brotherhood.

Sir Lomer Gouin closed by making a reference to Queen Alexandra, who, during forty years, had been the companion of King Edward, and was nowhere more respected than in this province. Sir Lomer declared that the desire of all was that His Majesty George the Fifth would be a worthy successor to his illustrious father.

CASES BEFORE JUDGE MULVENA.

Husband Responsible When Wife Sells Liquor Illegally.

TERM OF COURT HELD AT THETFORD MINES AND BLACK LAKE.

Thetford Mines, May 11.—(Special)—Judge Mulvena was here yesterday and held a term of court.

F. Cote was charged at the instance of Mrs. Kert with having committed an assault on her. He pleaded guilty and was sentenced to pay a fine of \$5 and costs or 30 days in jail.

Alce Hamelin, charged with being drunk and disorderly, was sentenced to pay a fine of \$1 and costs or 15 days in jail.

A similar charge was laid against W. Barber, but the case was adjourned until next term, as a doctor's certificate was produced showing that he was too ill to attend.

BROKE INTO STATION.

Oliver McCaffery was charged with having broken into the Quebec Central Station and with having stolen a bottle of whiskey and an article in the possession of the American Express Company, on the night of the 30th April. He pleaded not guilty, and several witnesses were examined.

It appeared from the evidence that the accused sent to D'Israeli for a bottle of whiskey and it arrived at Thetford Mines by express. As there are quite a number of parcels of "soft goods" arriving by express for convenience they are kept in the ticket office. The accused denied having taken his own and another bottle, but witnesses swore that the wrapper used on the parcel was found under his bed the next day.

He was committed to the Court of King's Bench at Arthabaska.

He was subsequently released on furnishing bail bonds of \$400 personally and two sureties of \$200 each, to appear for trial at the next visit of the District Magistrate.

HELD RESPONSIBLE FOR ACT OF WIFE.

Black Lake, May 11.—(Special)—Judge Mulvena was here yesterday. W. Biddick was charged with a contravention of the License Act. He pleaded not guilty, and a number of witnesses were examined, who all testified that they had seen Biddick with the defendant, except the last witness, who stated that he had never got it from the defendant himself, but finally admitted that he had bought it from his wife. The Court held that under the License Act a husband living with his wife was responsible for any sale of liquor that he made as if he had himself sold the liquor.

The accused was fined \$50 and costs, or three months in jail.

REORGANIZATION OF PROVINCIAL POLICE.

PREMIER TO INTRODUCE MOTION TO ESTABLISH SYSTEM OF RURAL POLICE.

Quebec, May 11.—Premier Gouin will, this afternoon, present a motion in the Legislature for the re-organization of the Provincial police force.

The motion will state that where, as there are no experienced police officers in the rural districts of the province, and as the present system of police has been found to be unworkable, and as the increase of population and the growth of business necessitates the establishment of a more effective police system, it is proposed that a committee of members of the Legislature be appointed to study the best means to be taken, "for the purpose of organizing, maintaining and paying a force of police to assure the maintenance of public order, the safety of persons and the protection of property, as well as the punishment of crime throughout the province."

ANNUAL MEETING PEOPLE'S TEL. CO.

Mr. C. H. Fletcher is Elected President.

MR. S. SKINNER RETIRES FROM THE MANAGEMENT OF THE COMPANY.

At the annual meeting of the People's Telephone Company held at their head office in the city of Sherbrooke, May 10th, the following Directors were elected:

Mr. C. H. Fletcher, President.

Mr. S. Skinner, Vice-President.

Mr. C. J. Wright, Superintendent and Secretary-Treasurer.

Mr. C. Skinner, who for many years has been manager of the Company, retired.

MR. SKINNER'S RETIREMENT.

Mr. Skinner, it may truly be said, has earned a rest. For many years he has been one of the most persistent fighters in the Dominion on behalf of independent telephone companies, that is, of companies operating independently of the Bell Telephone Company. Several times he has appeared before commissions at Ottawa and has not hesitated either in the townships or elsewhere to face any conflict, either municipal, judicial or otherwise on behalf of his company or of the cause of independent telephones in general. It may be said that he has generally won out. In the face of great obstacles he undertook the development of the People's Telephone system, even better known as "Skinner's Telephone." Municipalities in the early days refused admission to his lines, and poles planted in the streets were unceremoniously chopped down. This was all sport for the People's Telephone organizer. He secured permission to attach his wires to private buildings and to erect poles on private land, jumping the public streets at an elevation so high that the hostile authorities could not reach the wires. He has fought many cases in the courts and has had more than his share of successes.

The story of Mr. C. Skinner's fight for an independent telephone system in the Eastern Townships will sometime be written and will prove an interesting chapter.

Having passed his 70th birthday with the People's Telephone Company as an established institution, Mr. Skinner has for sometime felt that he deserved a rest from the activities of the company's management.

The good will of the friends of the People's Telephone Company is with him and the public wish will be that he may long live to enjoy his well earned holiday.

PRICE OF BUTTER AHEAD OF LAST YEAR.

Brome, May 11.—(Special)—Notwithstanding the sudden drop in the price of butter on the Cowansville Board Saturday it is still commanding a higher figure than this date last year. The salesmen were loath to accept a decline of 4 3-5c. per pound on last week's prices.

Mr. H. S. Foster, the president of the Board says: "Thou shalt manufacture butter rather than sell cream at a higher figure to American buyers." He also says: "Thou shalt sell on the Board," and he read quotations from the papers which are 3c. per pound more than the buyers will bid. However, he is unable to lash them into line and the salesmen calmly submit.

The abundant rains of last week, although regarded with more or less disfavor by many farmers, especially those occupying lowlands, has been a boon to the Macdonald Bros., who have been enabled with comparatively small expense to run their logs down to Roxton Falls, when otherwise they would have been tied up for the season. From this point they will be shipped south, via the C. R. Railway. About 1,500 cords comprise the season's cut.

SAWYERVILLE. The funeral of the late Charles Albert Farnsworth, as already mentioned, took place on Thursday, the 5th instant, from his father's residence to the Sawyerville Methodist church, where an appropriate and impressive service was conducted by the pastor, Rev. D. A. Lough, assisted by the Rev. Jas. Hastie, pastor of the Presbyterian Church, and Rev. Mr. Elliott, Baptist minister.

The church was crowded with sympathizing and sorrowing friends and acquaintances of the bereaved family. A year ago Mr. Farnsworth completed his third year work of the science course at McGill University, Montreal. Shortly after returning to college last fall he contracted typhoid fever, as a result of the effects of which, upon medical advice, he gave up his studies for the year and returned home to recuperate. Taken to the General Hospital, Montreal, on the 28th ult., he suffered patiently and resignedly until the 3rd inst., when he peacefully passed away. Mr. Farnsworth was a young man, 22 years of age, with the promise of a bright future before him. He was possessed of those rare qualities of mind and character, of Christian principles and high ideals, that assure one of an honorable and successful career in life. Energetic, ambitious and studious, he easily took a high standing in his studies during his three years at College. His winning personality won for him many friends. The floral wreath and the letters received by his parents, from his fellow students, expressive of his influence over them for good, and of their sympathy and sorrow, speak of his popularity and worth among his student associates. Among the many floral tributes were wreaths from his fellow employees of the Dominion Bridge Co., and "The Centurion" of the Canadian Telephone Co., of which his father is president. The bereaved family have the deepest sympathy of the whole community in their great sorrow and bereavement. The interment was made in the Maple

Leaf cemetery. Truly, "We live in hearts of those we leave behind."

JAPANESE HONEYMOON PLEASSED SHERBROOKE AUDIENCE.

"The Japanese Honeymoon" made a decided hit at Clement Theatre, last night. As a comic opera it is the neatest of the season. Not as extensive in its chorus, as some but for catchy songs, good music and comedy that makes an audience roar the Japanese Honeymoon has the goods and is able to deliver them.

The night was disagreeable but a very fair sized audience assembled and all were repaid.

The play was of the usual comic opera sort: not very bulky, but sufficient to carry two hours of fun.

Among the songs were, "I know some one who loves me true," "My name is Pin Tu," "I got the time and place but his hard to find the girl," "In Jappy Land," "Any old port in the storm," "Looney, Spoon-sy Moon," "Was ever maiden's heart so sad," "Mighty ruler of Japan," "What's the use of saving money," "If the wind had only blown the other way," "Sambo and Dinah," etc., etc.

The principal characters are: Pin Tu, ruler of the Island of Dreams, H. Russell Hamilton. Ban' Ko, his matrimonial adviser, Russell Roushoren.

Pit Poo, adviser on everything else, Tom Ramsey.

Carl Neville, Ensign U. S. N., J. A. Beall.

Capt. Gilling, Commandant U. S. N., F. Payne.

Dorothy, an American Beauty, Beatrice Turner.

Faisetta, a faded flower, Lottie Hayward.

Sang Foy, the wild flower of Japan Maude Amanda Scott.

And to these is added the pony ballet which, also, is a feature of the performance.

There are two acts, one laid in the "Sacred Cherry Blossom Grove" and the other in the "Gardens surrounding Pin Tu's Palace." The company is well costumed and its stage settings are attractive.

The company will give another performance this evening, and to all who enjoy a clever and amusing little comic opera it can be recommended.

In connection with an item appearing in Wednesday's evening Record, re Mr. Colin Hughes' position as mail clerk on G. T. POTATO MARKET QUIET.

MONTEAL LIVE STOCK MARKET

TOPE OF MARKET STRONGER.
Montreal, May 11.—The tone of this market for live cattle was no stronger and the higher prices demanded tended to curtail the demand to some extent; consequently the market was slow, but as offerings were small, a good clearance was made. Choice steers sold at 7c to 7c, good at 6c to 6c, and common at 5c to 5c, and bulls at 4c to 4c per lb. There were only a few hogs offered, which sold at 18c to 18c, and 100 lbs. weighed off cars. The demand for calves was good at prices ranging from \$2 to \$6 each, and spring lambs sold at \$4 to \$8 each.

PROVISION MARKET

LIVE HOGS HAVE ADVANCED.
Montreal, May 11.—A feature of the provision trade is the stronger feeling in the market for live hogs, and prices advanced 25c to 25c per 100 lbs., which is in sympathy with a recent advance in the Toronto market of 30c, and coupled with an improved demand from packers for supplies. Steady prices were made at \$10.00 to \$10.25 per 100 lbs., weighed off cars. The market for dressed hogs is also strong, and prices advanced 5c to 5c per 100 lbs., and are now selling at about 18c to 18c per lb. Notwithstanding the above, packers in some cases have reduced prices for bulk, and pure lard is per lb., while on the other hand they have advanced compound lard to 1c per lb., and the smaller sized hams at 1c per lb. The demand for most lines is fairly good for the season, and with warmer weather increased activity is expected.

E. T. LIVE STOCK MARKET.

SHIPMENT FROM KNOWLTON.
Knowlton, May 11.—(Special)—Live stock shipment was made Tuesday morning, by Messrs. Curley & Moffat, amounting to 30 hogs at 8c per lb., 30 calves from \$2.00 to \$5.00.

BUYING HORSES AT FARNHAM.

REPLANKED BRIDGE.

Cowanville, May 11.—(Special)—The new steel bridge by the fire station has been replanked with three-inch plank, running lengthwise, and laid on top of the plank which formerly were laid cross-ways. Some citizens express their satisfaction that the traffic over the new covering will be so smooth and pleasant, while others state that the placing of the plank lengthwise will make them wear out twice as quickly as if they were placed the old way. Thus all have different points of view. The experience which Dunham Township Council has had leads to the conclusion that plank laid over an old plank has a tendency to rot out sooner than a single covering.

NATURAL RESULTS OF OLD AGE.

With old age comes feebleness and loss of power. The organs act more slowly and less effectively than in youth. It is hard to get sufficient nourishment from the food to keep strong because the digestion is weak. We want to say to every aged person in this vicinity if they only knew how our cod liver and iron medicine, Vinol, strengthens the organs of digestion and creates strength we would not be able to get it fast enough to supply the demand.
