It also concedes that the Republicans have evacuated Sligo, which the National forces now occupy, and says fighting is in progress in the surrounding area.

As regards Limerick city, normal conditions have been practically restored, most of the commandeered buildings being evacuated and the troops withdrawn for duty elsewhere.

CRUCIAL STAGE REACHED TODAY IN RAILWAY SHOPMEN'S STRIKE—NATIONAL GUARDSMEN ON DUTY AT MANY POINTS—ACTS OF VIOLENCE

U. S. Soldiers Are on Duty in Illinois and Troops Mobilized in Four Other States—Both Sides Apparently Determined to Stand by Their Positions Taken at the Outset, and Indications Point to a Feverish Deadlock—New Acts of Violence Reported at Scattered Points.

(Associated Press Despatch)

CHICAGO, July 10.—A crucial stage in the rail strike was reached today, the tenth since the shopmen's walk-out.

National Guardsmen were on duty in Illinois and under arms in four other states; United States Marshals were in charge of law enforcement everywhere at various points; the Michigan State police were prepared for duty; while at other rail centres the roads relied upon Federal injunctions and local authorities for protection in attempting to operate shops and maintain transportation into which increasing inroads were noted.

Shop and roundhouse whistles shrieked the final notes of railroad ultimatums cancelling seniority and pension rights of strikers who refused to return to the shops today.

The day brought ominous forebodings of an impending crisis at many points as trouble brewed among the strikers. New acts of violence occurred at scattered points, and others were feared as the situation grew tenser.

The tenth day of the strike was marked by the apparent determination of both sides to stand by their positions taken at the outset, and indications pointed to a feverish deadlock.

Railroads generally prepared to open their shops with what labor was available, accepting returned strikers and filling vacant jobs as far as possible with imported workers.

State troops patrolled the Illinois Central yards and shops at Clinton, Illinois, while at Bloomington, Illinois, city and county officials, admitting the collapse of civil authority, asked the federal troops to take over the Chicago and Alton shops, awaiting action by Lieutenant Governor Sterling, on their appeal for troops.

A new appeal to the acting governor was made by Mayor Jones and Sheriff Morris late last night. They declared the strike situation was out of their control.

Mobilization of special deputies under Federal Marshals was made for the additional purpose of protecting mails and property of railroads in the hands of receivers appointed by United States Courts.

REQUEST MADE BY GERMANY FOR A MORATORIUM OF AT LEAST TWO YEARS; ALLIED POWERS TO MEET

Reported that Germany Has Made Proposal Providing for Payment of All Remaining Cash Instalments Due This Year, Provided She Is Granted Moratorium of at Least Two Years—Meeting of Chief Allied Powers to Discuss Situation in Germany Is Forecasted.

(Associated Press Despatch)

PARIS, July 10.—A proposal providing for the payment of all the remaining cash instalments due this year provided Germany is granted a moratorium of at least two years, was brought to Paris yesterday by German representatives, according to unofficial information which reached the Reparations Commission.

The German representatives were Dr. Fischer, chairman of the War Debts Commission, and Herr Schroeder, Under-Secretary of the Ministry of Finance, who reached Paris during the forenoon for conferences with the Reparations Commission over Germany's financial position.

Up to the early afternoon they had not officially presented the reported moratorium plan to the Commission.

After a visit to President Dubois of the Reparations Commission this afternoon, Herr Schroeder expected to call upon each member of the Commission separately, outline the details of the plan, and set forth reasons why Germany regards a long moratorium as absolutely necessary.

It is not expected the proposals will be laid before a full meeting of the Commission before Friday.

The members of the Commission, they have indicated, feel that the immediate reason for the present financial situation in Germany is the failure of Germany to put an end to the wholesale printing of paper marks and the widespread exportation of capital from the country.

In reparations circles, however, the opinion seems daily to be gaining ground that the fundamental reason for the German financial chaos lies in the total of reparations required, 132,000,000,000 gold marks, which is regarded in many quarters as impossibly high.

It is further being made clear that no adjustment of the total indemnity to what would be regarded as a reasonable figure can be made with the consent of France until there is a definite settlement of the whole question of the inter-Allied debts, which would either result in cancellation or very indefinite postponement of payments. It is explained in French quarters that France cannot possibly pay her debt to the United States under the present conditions.

France, it is declared, would probably agree to a material reduction of the German indemnity if there should be such a readjustment of the inter-Allied obligations, and the opinion was expressed that sooner or later this idea must be laid before the United States Government.

Roland W. Boyden, the United States representative with the Reparations Commission, will return to the United States on the liner France next Saturday, unless he is instructed to remain during the present session, and will go to Washington to explain the whole question to Secretary of State Hughes before returning to Paris.

BRITISH PRESS ON SITUATION

(Associated Press Despatch)

LONDON, July 10.—Germany's financial crisis continues to be a subject of paramount concern in the British press, which today discusses the question exhaustively, stressing the danger confronting the whole of Europe.

The British Government is stated to be extremely anxious, and, according to the Daily Telegraph's diplomatic expert, a special committee of the Cabinet is studying the situation, which, it is understood, comes before the full Cabinet tomorrow.

The writer says it is difficult to see how, failing a meeting of the Supreme Council, an early conference of the Allied finance ministers and reparations experts can be avoided, and thinks it might conceivably be advisable to invite the collaboration of the other signatories to the Versailles Treaty, besides those generally represented on the Supreme Council.

He also believes the Allies may decide to invite an immediate re-assembling of the International Bankers' Commission which met recently in Paris, granting it the fullest powers of recommendation on all aspects of the reparations problem.

The Daily Mail's political correspondent says British representatives of international financial houses are sending demands of extreme urgency to the British Government, that it take steps to help Germany. Efforts are being made to secure a big loan for Germany, he declares, adding:

"The issue is being fairly enjoyed in between those who will assist Germany and those who believe the financial situation will never be finally relieved until Germany has passed through the stage of actual insolvency, and that outside help to stave this off is useless."

The editorial comment follows:

MISSION CHAPEL DEDICATED AT LITTLE LAKE

His Lordship Bishop LaRocque, of Sherbrooke, Officiated.

The benediction of the Mission Chapel at Little Lake Magog yesterday was the scene of an unusually large attendance, largely accounted for by the fact that His Lordship Bishop LaRocque, of Sherbrooke, officiated in person.

The wonderful scenery lent enchantment to the ceremony, and the Cathedral choir presented a splendid selection of sacred hymns. The ceremony was very impressive and the chapel itself was much too small to hold the parish members and visitors.

The benediction service was carried out with due solemnity and His Lordship the Bishop briefly commented upon the satisfaction of being able to open a suitable place of worship for the benefit of the summer residents of the parishioners of Notre Dame de Liesse.

During the course of the afternoon a lengthy sport programme was carried out, featuring races for all sexes and all ages. Ideal weather conditions were responsible for a splendid attendance, and hundreds of Sherbrooke citizens took in the trip.

## CHAMBLY CANAL ROAD IS TO BE REBUILT SOON

Man Seriously Injured When Train Hit Auto Fifteen Miles from St. Johns—Death of J. R. Duggan.

ST. JOHNS, Que., July 10.—Mr. Joseph Demers, M. P., has, through his own efforts, obtained the sum of \$35,000 for the repair and rebuilding of the Chamby Canal Road and work will be commenced very shortly.

The money was included in the vote for the estimates of the Railways and Canal Dept. and it is understood the Minister told Mr. Demers that he was fortunate in getting the amount asked for without having to pare down in pursuance of the cheese paring policy of the government.

There is a lot of work to be done to put this road in proper shape and it is hoped those in charge of the work will see that the vote is efficiently and economically used.

## TRAIN CRASHED INTO AUTO.

One man was seriously injured while his companion escaped without a scratch on the level crossing of the Rutland Railroad at Stottsville, 15 miles from St. Johns, Que., when an automobile in which the two men were driving was struck by the Rutland express bound for Montreal, at 7.40 o'clock last Monday morning. The automobile was standing on the tracks and the occupants were not looking in the direction of the train. The injured man, Cyprien Brunel, 64 years of age, of Napierville, suffered a fracture of the skull and was brought to the Montreal General Hospital, where his condition is reported as critical. His companion was Amedee McNeil, 37 years of age, of Napierville.

Brunel and McNeil were driving to a point on the highway where repairs are being made. Brunel is superintendent of highways for the district, while McNeil is inspector. As they neared the railway track there was a heavy wagon crossed the tracks and stopped. Brunel, who was driving the car drove on the tracks and stopped. Neither Brunel nor McNeil expected a train at that moment as the train was supposed to have passed an hour before. They did not look up on the line. The train, however, was an hour late, and came at that moment. The locomotive struck the front part of the automobile, and tore away the engine, and the remainder of the car was pushed several yards before the train could be stopped. Brunel was on the side of the car that was struck by the locomotive, and it is thought that his head struck the locomotive.

Dr. C. J. James, of New York City, was on board the train and he gave first attention to the victim. Brunel was placed on the train and taken to the hospital as above mentioned.

SCOUTS GOING ON NEW SUMMER SCHEDULE

In order to follow more closely the Chief Scout's out-door theme of scouting, the Second Sherbrooke will, instead of holding the usual indoor meetings hike out to the woods for dispatch carrying work and other games that aid the boys in the art of observation, self reliance and other qualities necessary to make a good Scout.

These hikes will be held on Tuesday evenings at 7.30 o'clock, beginning July 11th and every member is urged to turn out.

35TH BATTERY IN PETAWAWA. The 35th Battery, C.F.A., left Sherbrooke on Saturday afternoon for Petawawa Camp, where they will spend the next six days. The detachment consisted of thirty-six men, were under the command of Captain L. L. Youell, M.C. The other officers accompanying the Battery were Captain H. E. Pawson, Lieut. G. M. Dunsmore, M.M., and Lieut. D. B. Foss, Quarter-Master Sergt. Williams, R.C.H.A., who has been in Sherbrooke for the past month acting as instructor to the Battery, accompanied the men to Petawawa.

It is expected that the unit will return to Sherbrooke on Saturday.

ACROBATS ON WELLINGTON STREET

Many citizens watched with interest the actions and acrobatic stunts of a gang of six men on Wellington Street early this morning. Four of the men supported a long ladder upright in the middle of the street, holding it erect by means of four long ropes fastened to it.

It is expected that the unit will return to Sherbrooke on Saturday.

The services of the day were made helpful and attractive by the presence of Miss Effie Scott, soprano soloist in one of the leading churches of Orange, Mass. Miss Scott is a cultivated singer with a wide range and will be heard with pleasure at any future visit to Sherbrooke. Miss Scott's selections at the services were, "Oh! Lord Most Holy," "My Ain Country," "Oh! Come To My Heart, Lord Jesus," and "Star of the East."

FROM COAST TO COAST ON THE "TRANS-CANADA LIMITED."

Now that the "Trans-Canada Limited" train service has been re-established from Montreal, Toronto and Vancouver, it is merely a jump of ninety-two hours from coast to coast.

There are many deciding elements in favor of its use, one of which is that you are "ready for business" after breakfast on arrival in three of the most important cities. Leave Montreal (Windsor Station) 5 p. m. daily, arrive Winnipeg 10.15 a. m. (2nd morning), Calgary 10.15 a. m. (3rd morning) and Vancouver 10 a. m. (4th morning). Then, again, you "Save a Day," which is something to think about in planning a "Trans-continental" journey. Other features include oil burning locomotives, open top observation cars, in the Canadian Pacific Rockies, and no extra fare is required. You are able to see all the major points of interest by daylight, including Banff and Lake Louise. Everything is Canadian Pacific standard—There is none better.

For sleeping car reservations, tickets and beautifully illustrated publications such as "Pacific Tours," "Canadian Pacific Rockies," etc., apply to J. A. Metivier, City Passenger Agent, Canadian Pacific Ry., 91 Wellington St., No., Phone 130.

MEMORIAL FOR NURSES

The latest reports from the various committees in charge of the campaign to raise sufficient funds to erect a memorial to the nurses who gave their lives during the great war show Quebec Province still in the lead with their objective of \$7,000 practically all collected. Following is the last list of subscribers towards the "Sherbrooke and vicinity branch" which brings the local total amount collected up to \$512:

Col. H. R. Fraser, Mr. P. J. Campbell Windsor Mills, Mrs. Colin Campbell, Mrs. C. K. Bartlett, Mrs. B. C. Howard, Mrs. Todd, Mrs. Guy Bryant, Sherbrooke Hospital Alumni Association and the Misses M. MacKinnon, Clara Wiggert, Elizabeth Inrie, E. Buchanan, Todd, Stevens, Jenckes, Blake, Margaret Smith, Steveson, Robbins, Bowerman, MacCallum, Gladys White, Schofield,

Call, Mennie. The Superintendent of the Sherbrooke Hospital, who has been in charge of the work in the Eastern Townships, wishes to take this opportunity of thanking all those kind friends, who have shown such a keen interest in the work. The lists of subscribers published from time to time show that it is the wish of many that those noble fourteen Canadian girls who went down with the Llanover Castle, also those who lie in Flander's Fields, on Lemnos Isle, in England and those who were buried in the Homeland, should never be forgotten.

Although June 30th was supposed to have seen the objective realized, the officials are keeping the fund open, so that should there be anyone who cares to and has not already contributed to the worthy object, the opportunity is theirs.

MANY GALLONS OF GAS SOLD EACH DAY. The fact that Sherbrooke ranks as the third city in the Province in the total number of automobiles which she can boast, combined with the fact that many tourists pass through the city hourly, makes the business at the gasoline pumps at the various garages with which the streets are lined a good one indeed.

Many thousands of gallons of gasoline are sold in Sherbrooke each week, the highest sales usually falling on Sunday. At Webster's Garage, the daily sales average about one hundred and thirty gallons. On Saturday the sales are increased to about one hundred and fifty, while on Sunday they average between two hundred and fifty and three hundred and fifty.

At Sangster's Garage the sales are around eight hundred a week, while on Sundays they run between three and four hundred. Mr. Sangster states that in the past the Sunday sales were as high as seven hundred and fifty to eight hundred gallons, but that now, owing to the greatly increased number of pumps, the average is much lower.

The Olivier Automobile Company state that their average is about between twelve and fifteen hundred a week, while at the Sherbrooke Motor Mart about a thousand gallons are sold a week. The Wiggert Battery Service Station sell between one hundred and twenty and one hundred and fifty gallons a day, and O'Donnell and Morrissette report an average sale of one hundred and twenty gallons per day.

COMPLETED 425-MILE BICYCLE TRIP TO SHERBROOKE. The following clipping appeared in the Peterborough Evening Examiner, dated June 30th:

"Alan Trussler and his father, Joseph Trussler, Charlotte Street West, leave early tomorrow morning on a 425-mile bicycle ride to Sherbrooke, Que.

"They expect to reach Sherbrooke on Wednesday night.

"Night stops will be made at Kingston, Autpville, Cornwall and Montreal.

"While they are wheeling, the rest of the family have chosen to go to Sherbrooke on the train.

"The father and son are travelling light. They will get their meals along the route and have every confidence of making the trip successfully. They are riding ordinary bicycles.

"The longest trip they have ever made has been to Cobourg and back, but both father and son have been so enthusiastic over bicycling that the long ride was decided upon, and in this way they are spending their vacation.

The two cyclists arrived in Sherbrooke last Wednesday afternoon after a very interesting trip. They state that they encountered fairly good roads throughout their journey and that they did not have a puncture, did not, indeed, have to even pump air into their tires, during the whole trip. During one day's travel they covered a distance of ninety-five miles, fifteen miles through a rain storm.

MANY CARELESS DRIVERS ON GOVERNMENT ROAD. With the daily increasing number of automobiles which are encountered on the public highways, there are to be found each day a larger number of drivers who seem ignorant of the safe and proper way of handling a car. Many of these drivers simply barge along the road, generally in the middle or on the extreme left, and seem to take offence if the driver of another car hoots his horn to warn him to make room to pass.

On Saturday afternoon one case of ignorant and dangerous driving

was noticed on the Government road between Lennoxville and Waterville. A Ford touring car, was passed by a second car, a sedan, which, some distance farther on came up behind two gravel teams proceeding slowly on the extreme right hand side of the road. A car coming in the opposite direction reached the gravel teams almost simultaneously, necessitating careful attention on the part of both drivers to pass safely.

Just as the sedan turned out into the centre of the road to pass between the approaching car and the gravel teams, the Ford touring car came tearing up behind and shot around in front of the sedan, making it necessary for the latter to swerve to the left and to run into the rear of the gravel teams only narrowly escaping being jammed between the teams and the other car.

Careful driving is necessary on the Government highway where there is so much traffic, and serious and fatal accidents are likely to be the results of careless and reckless driving.

ECONOMIZING TIME. Enthusiastic but often balked gardener to next door neighbor— "Here, Jenkins, just hand these seeds to your hens with my compliments—it will save their coming over after them."

## UNCLE JIM'S LETTER

My Dear Corner Family:—

What a newsy Corner we have this week! Boys and girls busy with their outdoor work and play, yet having time to write to Uncle Jim, in proof of the continued interest in the Corner and the B. P. Club.

I know many of the Corner children are picking strawberries, and I would like to join some of them in their rambles through the fields. But, though I am in the country I do not have time to go berrying. I enjoyed a piece of strawberry shortcake today, and have had some berries with cream. It is a very good season for strawberries and I hope we will have lots and lots of raspberries.

I am glad to see the little boys and girls coming to the Corner and joining the Club. It will help to make the little ones more thoughtful about the birds, and kinder in their play with their pets, if they are taught to remember the pledge. I was sorry to receive two coupons in letters to the Corner that were not signed. Be sure to write your name and address

clearly.

Please do not think Uncle Jim is cross when he says that some of the children's letters are poorly written. When you write to a friend you wish to be polite, and to be so you should try to have your letter neat, with words spelled correctly and your name written plainly. Some boy or girl may lose a pin through writing his or her name carelessly.

I have learned in reading the nieces' and nephews' letters, that many cats are guilty of killing birds and it seems too bad, for cats are nice pets. Members of the B. P. Club must do their best to teach their cats to leave birds alone.

There are so many letters this week, that I will have to hold a few over until next week, also our little talk about birds, but I am glad so many wish to join the Club, and that they think the Club pin is pretty. I shall watch out for the boys and girls wearing the "little gold bird" and will wear mine proudly, too. Yours as ever,  
UNCLE JIM.

### Correspondence

Dear Uncle Jim:—  
My B. P. C. pin came last night. I was very pleased to get it. I remember you said something about getting one, but I forgot all about it. I have had lots of strawberries. Have you had any? I saw a robin building its nest this year. I will close now. Your loving niece,  
MADGE HUNTER,  
Bondsville.

Dear Uncle Jim:—  
I have received the club pin, and I think they are very nice and I thank you very much. Our school is closed now. I came second in my class, and the girl that came first only beat me seven marks. The robins are laying the second time. I will close now. Good-bye. Your nephew,  
WILDER COFFEY,  
Sherbrooke.

Dear Uncle Jim:—  
I have received my badge for the Bird Protection Club, and wish to extend my most hearty thanks to the Sherbrooke Daily Record. I have not got a garden this year, because I was sick this spring with the measles, and after the measles I had abscesses in my head. I found a ripe raspberry yesterday, there are also many green black berries. We have two kittens named Buster and Dixie, and an old cat named Bobby. I did not have any sugar on snow this spring. We are expecting to have a school picnic the first good day that comes, at Franklin Pond, Vermont. I am your niece,  
MARGARET BEST,  
Frelighsburg.

Dear Uncle Jim:—  
I received the B. P. C. pin, and think it is very nice. The swallows are very busy building their nests under the eaves of our barn. I think

it is very nice. I thank you very much. Our wrens were all destroyed. Some mean cat ate the little ones when they were about a day old. Don't you think Uncle Jim, it was very cruel? Our school is closed now for holidays. I came fourth, first in the boys, and only one mark between me and the second boy. Wasn't that a close shave, Uncle Jim? I will close now. Wishing the club success. Your nephew,  
JOHN COFFEY.

Dear Uncle Jim:—  
This is my first letter to the Children's Corner, and may I join the B. P. Club? I am eight years old. I have one brother, he is older than I and he is going to join. We love the little birds and we often watch them feed with our chickens just in front of our door. We live close to the beautiful lake, where we see all kinds of birds. I have a dog for a pet and his name is Max. Well, I must close as my letter is getting long, so good-bye to you Uncle Jim, and good luck. Your niece,  
EREMA HAND,  
Georgeville.

Dear Uncle Jim:—  
This is my first letter to your page. I thought I would like to join the B. P. Club. I am glad we are going to have a little bird pin for the Club. I have fun watching a family of wild canaries. They are yellow and black. My grandpa and grandma live just in the next house from where I live. The little canaries' songs are so sweet, and every morning the canaries are feeling their four little ones. My school closed the second of June. I have only one little kitten for a pet and his name is Whitefoot. I will try to protect the birds all I can, so I am sending in the pledge. I pledge myself to do all I can to protect the birds, and to learn all about them. Your loving niece,  
EVELYN TAYLOR,  
Ayer's Cliff.

Dear Uncle Jim:—  
I sent you my pledge and never wrote a letter, so am doing so this time. I received the pin and think it is very nice. For pets I have two kittens. I have been picking wild strawberries lately but don't care much about it, although I like them very well in ice cream. I am ten years old and have a garden with potatoes, parsnips, beans, cucumbers and tomatoes. The tomatoes froze. I have two brothers, Junior and Keith, and have three sisters, Erma, Olive and Marion. I went to school and was in the fifth grade. My teacher's name was Miss Farrell. I don't like to study very well, but I suppose I ought to. I like the little birds. Our cat is wild and she caught a robin just as I was going to look at her kittens. I heard the small kittens making an awful noise. I tried to see what she was doing. But she just made a noise all the louder. I lifted her up to see what she was doing and she had a little bird in her mouth, eating her as fast as she could. I remain your nephew,  
FRANCIS TAYLOR,  
Bolton Centre.

Dear Uncle Jim:—  
It is a long time since I have written to your Corner. I am just getting over the whooping-cough. My little brother had it too. We were in bed three weeks. I am weak yet so please excuse this bad writing. I am sending the coupon. Douglas and I want to join the B. P. Club. There are a lot of birds around here. The swallows build nests in our barn. Last year we used to watch them go in and out to get things to build the nest with. There were three or four of them. They have a nest in the rafters now. You can hear the little birds chirping. I like the robin, bluebird, blue jay and canary best. For pets we have a rabbit called Snowball and a kitten called Patches. She is three colored. Our teacher's name is Mrs. Anderson. All liked her very much and hope she will come back next year. For a prize I got a book entitled "Bosom Friends." I like to read. I have read a lot of books. My favorite authoresses are Grace Richmond, Jean Webster and May Wayne. We have fifty-seven chickens, all small. They are quite cute. There are lots of strawberries, we have got quite a few. My birthday was on May 2nd. I was eleven years old. As my letter is getting long I will close. Wishing the Corner every success. Your loving niece,  
MARJORIE WINSLOW,  
Willard Mills.

Dear Uncle Jim:—  
I have never written to your corner so I thought I would write you a few lines. My brother has joined the B. P. Club and he received his pin this morning. I thought I would like to join also. I will not rob birds' nests or hurt birds and will do all I can to make the club a success. Your niece,  
MILDRED BROWN,  
Tomifobia.

Dear Uncle Jim:—  
Many thanks for the pretty pin which I received yesterday. I am very proud indeed to be a member of your Club and will do all I can to protect the birds. Again thanking you for the pin and wishing the club every success. I remain, your loving niece,  
DORIS G. JENKIN,  
North Hatley.

Dear Uncle Jim:—  
I have not written to your corner for some time. I have been busy putting in a garden and picking strawberries. We have preserved nineteen quarts. I am signing the Bird Protection pledge. Wishing your corner ever success. From your nephew,  
LEWIS MCHARG,  
Bishop's Crossing.

Dear Uncle Jim:—  
I thought I'd try a short letter in your Corner. I am a little nine years old. Our school is finishing. I am now picking berries. I want to join the B. P. C. My brother joined some time ago. I am not going berrying today as I cut my foot, bad yesterday and it is awful sore today. Hoping to see my letter in print, your nephew,  
LINDSAY DAVIS,  
Millington.

Dear Uncle Jim:—  
It has been a long time since I have written to you. As the other nieces and nephews are joining the B. P. Club I thought I would like to become a member. I shall do my best to learn all I can about the birds. Your loving niece,  
ALBERTA SMITH,  
Tomifobia.

Dear Uncle Jim:—  
I would like to join the B. P. Club I like birds very much. In a mail box beside the road, up at Dufferin Heights, some blue birds have made a nest. They laid some eggs and they just hatched out the other day. I am nine years old. Good-bye,  
KATHERINE MORRILL,  
Sherbrooke.

Dear Uncle Jim:—  
I am at Magog visiting my grandpa and my aunt. They call their home "Edgewood." There are trees all around it and a great many birds are singing here all the time. I came this morning on the train with my father and mother and sister. I will stay about five weeks. I think the pins were very nice. Thank you for my sister's and mine. I will close for this time. From  
LILAH TAYLOR,  
Magog.

Dear Uncle Jim:—  
I have received my pin and I think

Dear Uncle Jim:—  
I am very much interested in the Club, so I am signing the pledge. We do not take the Record, but I heard about the Club from a friend and am signing the pledge. I love the birds, and I want to help protect them. There was a humming bird around our house when the apple trees were in bloom, and I watched a pair of robins building their nest in a fir tree near our house. I think they have left it for I have not seen them for a long time. I will close now. Your niece,  
ELSIE DUFEU,  
Sayabec, Que.

Dear Uncle Jim:—  
This is my first letter to you. I

Mrs. Louis E. Beall and Miss A. Barnes, of Williamstown, Pa., and Mrs. E. H. Schofield, of Pinehurst, N. C., were visitors to Sherbrooke on Saturday.

The members of the Sunday School of the Baptist Church had a very pleasant outing on Saturday afternoon, when they held their annual picnic at the Dominion Experimental Farm, Lennoxville. A large number met at the church on Queen Street early in the afternoon and journeyed by motor to the farm.

During the afternoon the young people enjoyed many races, ball games and other events which go to make up the programme of entertainment at such an affair. Delightful refreshments were served and towards evening the party returned to Sherbrooke after spending a very pleasant afternoon in the open. The members of the Sunday School keenly appreciated the kindness of Mr. and Mrs. McCleary, of the Experimental Farm, in allowing them the use of the grounds, which are ideal for an out-of-door picnic.

The members of the Methodist Sunday School held a very enjoyable picnic on Saturday afternoon in the beautiful grove on the property of Mr. W. S. Armitage, Upper Belvidere Road. Those in charge of the arrangements were Messrs. E. J. Pierce, Superintendent of the Sunday School; C. B. Howard, R. Corkran and E. S. Beerworth, Assistant Superintendents, and S. E. Pitts, Secretary. The party met at Wesley Hall at one o'clock and were driven in automobiles to Mr. Armitage's grounds, where a very pleasant afternoon was spent. Excellent refreshments had been prepared and were much enjoyed by the gathering. The affair was a great success in every way and foremost among those who aided in making the picnic an enjoyable one were Mr. and Mrs. Armitage, who did all in their power to entertain the young people.

Mrs. Steff, who has held for some years a position at the infirmary at Bishop's College, left on Saturday for Montreal to join her husband, and they will make their home in that city in future.

Mrs. Taylor is a guest of her sister, Mrs. Robert McFadden, at present.

Mr. R. Salmon, of Toronto, is visiting his brother-in-law, Mr. C. J. Lane, and other friends in town.

Mr. J. S. Marlin is in Montreal on business.

Mr. and Mrs. Sykes, of Windsor Mills are guests at the home of Mrs. Edward Faige.

Rev. P. Pergau and family leave on Tuesday for a month's vacation at Cedarville. The pulpit of the Methodist Church will consequently be occupied by Rev. Mr. McVie, of the Sherbrooke Y.M.C.A., for several Sundays.

A pleasant surprise party was given Mr. William Johnston on the occasion of his eightieth birthday. The party was given at the home of Mr. and Mrs. Alick Johnston. To add to the pleasure of the party, Mr. and Mrs. Jamieson, with their son and daughter, of Aberdeen, Scotland, arrived in time to be present.

Mr. Fred Rugg and family are established in their summer home on the West Shore of Lake Massawippi, opposite Perkins' Point. This gives Mr. Rugg an auxiliary canoe trip across the Lake each morning to catch the seven o'clock Boston and Maine train for Sherbrooke. The inspiration derived therefrom is no doubt reflected in the legal operations of the day.

I am a little girl nine years old. My sister signed the pledge and I will next time. I have two pets, a dog named Carl and a calf, Cherry. I will close for now. Good-bye. Your niece,

## FOSTER

Tomorrow afternoon (Tuesday), Mrs. Maurice Williams will entertain the Ladies' Circle of the Creek Church. A cordial invitation is extended to all.

## THE STAGE AND SCREEN

At The Premier Theatre.

On Monday and Tuesday the attraction will be "Her Social Value," featuring Katherine MacDonald. The picture depicts the adventures of Marion Hoyte, who presides over the destinies of a glove counter in a large department store. She makes the acquaintance of a young society man, who saves her from arrest on an unwarranted charge, marries him and thus moves up into a higher strata of society.

However, her husband quickly learns that there is a penalty for marrying outside of his set, and support which was sending him upward to success was withdrawn as a result. Fearful that she will be the cause of his ruin, the young wife maneuvers to obtain a divorce by a clever method. But nothing can take the place of the happiness which had been theirs, and they are reunited in a fitting way in the far West, following a thrilling series of adventures.

"Evidence," featuring Elaine Hammerstein, will be the feature picture for Wednesday and Thursday. The picture contains many swift passages, presents surprising denouements, and has great entertaining qualities.

The feature for Friday and Saturday will be the screen version of Kathleen Norris' novel "Sisters." Seena Owen will be the star. The picture illustrates that marriage is for better or for worse and can be made for the best.

At the Casino Theatre

Today and tomorrow the attraction will be "Spanish Jade" which is a picturization of the novel by Maurice Hewlett. It is a unique picturization of Spanish life and custom and a depiction of that section of Spain which has but slowly responded to the march of progress. David Powell is in the leading role.

The strange story of how an innocent girl may become emmeshed in the web of a big city's underworld, and held a prisoner with still no harm coming to her is told in Leroy Scott's original story, "The Night Rose," which will be shown on Wednesday and Thursday. The cast includes many well known actors and actresses.

On Friday and Saturday the feature will be "A Homespun Fanny" starring May McEvoy, who has the role of a pathetic little rural drudge who shyly worships a distinguished young author who is spending a few weeks in her native village. Circumstances bring about their marriage—which the man plans to have annulled as soon as possible. So it is not a husband, but a husband's love, that the little heroine seeks throughout most of the picture.

**SUTTON**

New Pastor Welcomed.

A very pleasant evening was enjoyed on July 8th in the lecture room of the Methodist Church, when a large gathering met to welcome the new pastor and family to Sutton. The room was profusely decorated with beautiful flowers, the work of the young ladies of the church. A certain gloom was cast over the company on account of the sad accident on Sunday evening which resulted in the death of Mrs. Martin. Mr. G. Martin made a few remarks. Mr. J. H. Smith, in a very appropriate way, welcomed the pastor and family. Rev. Mr. Boyd thanked those present for the kind way in which he and his family had been received. A nice lunch was served.

**General Notes.**

Those visiting at the home of Miss and Mrs. M. Shepard, Mrs. A. Willey and daughter Frances, from Bonville.

Miss Minnie Scott has been visiting her friend, Miss Prouty, at Knowlton.

Miss Bernice Metivie, of East Hill, has been the guest of Mrs. Lawrence Paquet for a few days.

Mrs. George Thompson and daughter Marjory, Mrs. Charles Powere and daughter are spending a week at Potton Springs.

Mrs. G. A. Morrison has been attending a meeting of the Eastern Star in Sherbrooke.

Mrs. Flannery, Mr. J. H. Smith and family and Mr. and Mrs. F. A. Jenne motored to Brome Lake one day last week.

Mr. H. Clark, of Cowansville, spent the week-end with his parents, Mr. and Mrs. Geo. Clark.

Sutton people were grieved to hear of the death of Rev. Henry Young in his seventy-fifth year, at Ottawa. Rev. H. Young made many friends while he was pastor of the Methodist Church here some thirty-five years ago.

Miss Ora Courser has been calling on friends on her way home from her school in Lachine.

## "A MAN OF HIS WORD"

By Ruby M. Ayers.

CHAPTER XIV. (Continued.)

"I assure you that he did. He led me to understand, if he did not say so many words, that it was your wish also."

Silence. Jean had sunk down on the big couch, her hands clasped in her lap. Her brain was in a whirl; she had never thought for a moment that Gavin would do such a thing. The old resentful feeling that she was being managed and entrapped woke again in her heart. She hated the idea that someone else—even Gavin—was proposing to map out her life for her.

"What did you say? I suppose you gave your consent at once."

"Why should you suppose that?" She shrugged her shoulders.

"You want to get rid of me, I know; and this would be a way—if I got married."

He was watching her closely.

"You told me a day or two ago that you would be married, no matter what I said."

Jean frowned.

"Do you always remember everything people say?" she asked irritably.

"I remember everything you say," he told her.

Jean stared steadily at the fire. In her heart she was only conscious of a sort of frightened dismay. Until now she had not known how completely her feelings towards Gavin had changed. She did not want to marry him; it frightened her because there was no longer the least wish in her heart to marry him, but she was certainly not going to let Robin O'Neil know it.

It never occurred to her that perhaps he did know it.

"Jean," said Robin O'Neil suddenly, "do you know that you've got into a most dreadful habit of biting your lips?" There was a hint of laughter in his voice. "Haven't any one ever told you that a beautiful woman cannot afford habits of that kind?"

"I'm not a beautiful woman, and if I were I should bite my lips just the same if I wanted to," said Jean irascibly.

She got up from the couch and flopped down on to her favorite humpty stool close to the fire.

"If I wished to be married I should not wait to ask your consent," she said offensively.

"No—so Dawson very kindly told me."

"You seem to have grown very confidential," she said. "I thought you did not like one another."

"Mrs. Rutherford," announced the stolid butler.

Pansy rustled into the room all smiles and perfume. She kissed Jean effusively. She shook hands with Robin as if she had come expressly for the pleasure of meeting him. She had the knack of making everybody feel that their presence gave her the greatest delight.

"Lillian's not down yet, of course."

Jean smiled to herself as she went down the stairs.

She thought it would take someone decidedly more clever than Pansy Rutherford to draw Robin O'Neil out of his shell and induce him to flirt with her.

She lingered in the hall for a moment to look at some letters lying on a side table; there were notes for her, and she went on to the drawing-room. The door was ajar; she pushed it softly and entered. Pansy was lying back in Lillian's favorite corner of the big couch, which she was looking up at O'Neil, who stood beside her, and as Jean entered her steps making no sound across the thick carpet, she saw him stoop and kiss Pansy Rutherford's hand.

Jean caught her breath with a little gasp; for a moment her feet were chained to the floor, she could not believe that he—the man whom she had called the "grim griffin"—would ever sufficiently unbend as to—as to... She was conscious of a curious sort of resentment.

BY GEORGE McMANUS

Review Of Crop Conditions Throughout The Country

OTTAWA, July 8.—The Dominion Bureau of Statistics reports the receipt of the following telegrams on the condition of crops in Canada at the end of June:

ONTARIO:—From the Ontario Department of Agriculture, June 30th:—"Crop prospects generally encouraging; fall wheat well headed; barley, oats and spring wheat promise well, but all grains somewhat short in straw. Potatoes, roots and corn have started well; early apples abundant; late varieties scarce. Other orchard fruits good. Small fruits plentiful, except raspberries, some having been winter killed."

MANITOBA:—From the Manitoba Department of Agriculture, June 30th:—"Crops well advanced; fall rye soon ready to cut. Rain needed in places, but no severe drought. Outlook for fair crop. Much damage to

crops and buildings by very violent hail and windstorm night of June 23. Recovery of wheat in hilled area doubtful, but late crops will probably rally. Pastures good."

SASKATCHEWAN:—From the Saskatchewan Department of Agriculture, June 27:—"Wheat seeding was practically completed by the end of May with the exceptions of the low spots which had been flooded by the spring rains. The weather of the first three weeks of June was hot and dry, thus enabling farmers to complete seeding operations in practically record time. The weather continued dry until the 17th, and some crops were beginning to feel the want of moisture when, however, the weather broke and heavy rains accompanied with high winds, and in some cases hail, became general over the province. No great damage was reported from hail and altogether the rainy weather was welcomed. All grains are making excellent growth and some early wheat is in the sheath. Fall rye is in excellent stand and is filling well. Cutting of rye is expected by middle of July. Summer following is well under way."

ALBERTA:—From the Alberta Department of Agriculture, July 1:—"Recent rains, fairly general over the province, have greatly improved crop conditions in general, although moisture came too late in a few districts. Owing to prospect of very light hay crop from 30 to 50 per cent. of rye is being cut for feed. General prospects are for an average crop of wheat and oats over the province. Grasshopper menace practically over. Hail has done damage to 30,000 acres all told."

Statement from Calgary CALGARY, July 8.—The Calgary Board of Trade issued the following:

"The statement in the Financial Post of June 30th, that the crop situation in southern Alberta has reached the crisis on account of lack of rain is very misleading. It is true that in some parts, particularly that section on the Aldersyde branch of the C.P.R. between Vulcan and Kipp, and east of that line in the territory served by the Sutherland branch and east to the Saskatchewan boundary, the crop is poor. From Lethbridge, however, through to the British Columbia boundary and all south thereof, the crop is good and in some districts the prospect is better than in 1915. Also on the Macleod branch, Macleod to Calgary, the present prospects are for a good crop."

Best Crop Since 1916. LETHBRIDGE, July 8.—Far from facing a crop failure, southern Alberta is today practically assured of the best crop since 1916, when grain shipments from the Lethbridge railway division alone exceeded 36,000,000 bushels. Heavy rains last Wednesday night and Thursday, followed by general rains on Tuesday night and Wednesday morning this week, have removed anxiety over the crop outlook. Wheat is just coming into head and while the straw will not be so heavy as in 1915 and 1919 there is enough moisture stored in the ground now to fill the heads well.

The statement which has been made that farmers were forced by the drought to cut their rye for hay

THE ACADEMY COMMENCEMENT AT WINDSOR

Notre Dame Academy Prize Lists Are Announced—Results of the Model Department of Windsor Academy.

WINDSOR, July 10.—The annual commencement exercises at Notre Dame Academy, Windsor, took place on June 22nd, presided over by Rev. Monsignor Dufresne, with Rev. Lafrancois and Rev. Guy, and parents and friends of the pupils present. In the fourth year Model Course, the following special prizes were presented:—Miss Anita Bourassa, highest marks in final examinations; Miss D. Healy, greatest number of marks maintained during year; Miss Jessie Connors, 1st. prize for penmanship; Miss Lennabel Dunn, 1st. prize for English.

After this distribution the English pupils recited "The Other Wise Man" in a very becoming manner.

The pupils of the fifth year Model Course were the next to receive the prizes merited: Miss Rita Daniels, highest marks at final examinations; Miss Dorothy Morey, greatest number maintained during year; Miss E. Perkins, prize for general application.

is declared here to be absolutely untrue. Half the rye was cut on the advice of the Alberta Government agricultural agents, as an insurance of sufficient fodder to carry stock through. Last winter 2,700 cars of hay were shipped under the free freight arrangement into southern Alberta. This winter Alberta will have a large percentage of that amount for export if it is needed.

General rains covered all parts of southern Alberta during the evening and last night, the fall in the city being .78 inches. Nobleford had over half an inch. Foremost district was visited by a destructive hail storm, south of the Lethbridge-Weyburn branch of the C. P. R., where crops on a strip of 2-1.2 miles wide by about 25 miles long are practically a total loss, except for late grains. Heavy rain visited the rest of the district.

Times of Oil Show Where the "Genoa Conference" Went Down

FROM RECORD FILES OF 25 YEARS AGO

July 10, 1897:—At two o'clock this morning the store of Mr. E. L. Darche, at Ascot Corner, was broken into and the clerk, Mr. Felix Desmarais, who was alone in the building, was shot. Desmarais was sleeping on a sofa when he was awakened by a noise in the store. He soon realized that the store had been broken into and saw a man a short distance away, who was also watching him. Desmarais shouted to him whereupon the thief drew a revolver and the clerk did the same. A shooting match now began. Several shots were exchanged and the thief lodged a ball in Desmarais' leg. He decamped and the clerk, though wounded, remained master. No trace of the would-be robber has yet been found.

DEATHS REPORTED

THOMAS STOKES, BURY. Bury, July 10.—The late Thomas Stokes, who departed this life on Sunday, June 18th, was one of the pioneers of the Eastern Townships.

Born in Hampshire, England, on February 13th, 1836, he with his parents and three sisters and one brother sailed across the seas while yet of early age. Another brother and sister were born in Canada, and of the family of nine there remains but one brother and sister: Mr. Henry C. Stokes, of Iowa, who is 82 and Mrs. Ann Eastman, of Rock Island, now in her 90th year. The late Mr. Stokes was married in 1859 to Louisa Irving and to whom were born four boys and two girls; these all survive their parents today, with the exception of Minnie.

About the year 1870 Mr. Stokes went into business with Mr. James Hunt as a carriage maker. Being burnt out some nine or ten years later, Mr. Stokes afterwards started in business for himself, and founded the firm that still exists on the same site. Mr. Stokes became known over a very wide territory as a business man of sterling integrity and as a man of upright character. One whose business zeal was unflinching, whose industry was an example and an incentive to others, and whose honesty of purpose was manifest in all his transactions.

The funeral service was held in the Bury Methodist Church, of which denomination the late Mr. Stokes was a member of outstanding quality and for very many years one of the leading officials. The church and the school room adjoining were both filled to capacity, very many attending from outside points. The floral tokens of sympathy and respect were both numerous and beautiful, and came in large numbers from friends in no way connected with the family, thus bearing silent but strong testimony of the very great regard in which the deceased was held by both the Catholic and Protestant communities. The service was conducted by the Rev. M. Brundage, whose text was most appropriate, being Num. 23: 10, "Let me die the death of the righteous and let my last end be like His."

George Dillcote Has Stopped Worrying About The Future. RECENTLY his "20-Payment Life" Insurance Policy matured—that is why Mr. Dillcote feels he no longer has occasion to wonder what will become of his family. He is now forty-six—and he took out his Policy with the North American Life Assurance Company at the age of twenty-six. Now, relieved of all further premium payments, he need not fear the possibility of declining earning power. One thing is certain—his family will be provided for by that fully-paid-up policy. This 20-Payment Life Policy such as George Dillcote chose, is ideal for the average man. It calls for only a moderate premium, and that premium is paid during the 20 most productive years of the Policyholder's life. He has an Estate that increases each year, with each succeeding premium payment—an Estate which, at the end of 20 years, is established beyond all possibility of diminishment. Full particulars about this form of Policy, at your age, furnished upon request. NORTH AMERICAN LIFE ASSURANCE COMPANY "Solid as the Continent" Head Office: Toronto, Can.
