BOLSHEVISTS STILL ADVANCING ON WARSAW

Water Department Refused Assistance Of New Manager

Polish Armies Pounded To Pieces Before Rush Of Bolshevik Hordes

Brest-Litovsk, the Last Great Fortress Guarding Warsaw From the East, has Apparently Fallen Before a Tremendous Assault by the Enemy Forces—The Soviet Leaders Have Been Hurling Their Armies Into the Fray in Attempts to Capture Both Warsaw and Lemberg Before the Conclusion of the Armistice Negotiations—Over a Front of a Hundred and Twenty Miles the Poles are Being Pounded to Pieces by Determined Attacks of the Bolsheviks.

(Associated Press Despatch)
WARSAW, August 3.—Brest-Litovsk, the last great fortress guarding Warsaw from the east, has apparently fallen before a tremendous assault by the Russian Bolsheviks. North of that place, Soviet forces have smashed their way forward in their drive westward to a point only sixty miles east of this city.

Over a front of 120 miles, Polish armies are being pounded to pieces before the rush of Bolshevist hordes, which are being hurled into the battle in a desperate attempt to capture Warsaw before the conclusion of the armistice conference at Kobryn.

Reinforcements are everywhere being hurried to the front by the Russians to complete the defeat of the Poles before hostilities are halted.

An official statement issued late last night showed the Soviet armies had reached a line running from Kossaki to Ciechanowicz, which is only sixty miles from this city, with which it is connected by an excellent automobile highway.

Great masses of Bolsheviks have been flung against the Polish breastworks defending the part of Brest-Litovsk east of the River Bug.

Fugitives who arrived here last night from that city reported that the Soviet forces were in control of the eastern half of the town. It is officially admitted that the Russians have reached Mielnika, northeast of Brest-Litovsk. Far to the southeast, near Brody, the Bolsheviks have rushed reinforcements into the line and it is said a terrific attack will be launched there for the purpose of capturing Lemberg before an armistice is declared.

SOVIET FORMED IN PARTS OF POLAND

(Associated Press Despatch)
LONDON, August 3.—A Provisional Soviet has been formed in the parts of Poland that have been occupied by Soviet troops, according to a wireless message received here from Moscow today. Julian Maakievsky is chairman of the newly formed body, adds the despatch. The Soviet has issued a manifesto to the laborers of Poland exhorting them to rise "against Pilsudsky Bourgeois land owner government."

The manifesto declares that a stable peace between Russia and Poland is only possible through Soviets of the workers.

ARMISTICE NEGOTIATIONS POSTPONED

(Associated Press Despatch)
LONDON, August 3.—Negotiations for an armistice between Poland and Soviet Russia have been delayed, according to a wireless despatch received here from Moscow.

It says the Polish delegation left Baranovitchi for Warsaw on Monday to present to its government the Soviet demand that the Polish delegates be given mandates for signing, not only an armistice agreement, but also a protocol setting forth fundamental conditions of peace.

"Without this," the message declared, "it will be impossible to conclude an armistice."

The Polish delegation was empowered to merely arrange for a halting of hostilities. The Soviet delegates proposed that another meeting of the armistice commissioners be held at Minsk on August 4th, the despatch says.

FIGHTING TO CONTINUE UNTIL AUGUST 4TH

(Associated Press Despatch)
LONDON, Aug. 3.—A despatch to the London Times from Warsaw, dated Monday at noon, says a staff officer, who accompanied the Polish delegation to the Bolshevik front, has returned to Warsaw and reports that the delegates arrived at the point where the armistice is to be negotiated.

The Polish government has been informed that the Bolshevik high command had issued orders that hostilities shall continue until August 4th. The Times says it learns the Lithuanian government has accepted the Russian proposal for a mixed commission representing the two governments to sit at Vilna and arrange for the execution of the clauses of the peace treaty of July 12.

BERLIN, Aug. 3.—The stiffening of the Tagelblatt's correspondent to the arrival at the front of the contingent of the new volunteer forces.

PREDICTS WAR BETWEEN ASIA AND EUROPE

White Nations Will Be Told to Get Out of Africa, Says Marcus Garvey.

(Associated Press Despatch)
NEW YORK, Aug. 3.—England, France, Belgium, Italy and every other white nation that has "pre-empted any portion of the African continent are to be summarily ordered to 'get out of here,'" declared Marcus Garvey, president general of the Universal Negro Improvement Association in an address at Madison Square Garden last night.

It was the opening of the International Convention of the Society. Garvey predicted that Asia would soon undertake the bloodiest war of all times to match its strength and civilization against that of Europe, and in predicting this war declared he saw in it the opportunity for the negro to strike for his heritage.

The message of peace brought from the conference at Versailles by president Wilson, Lloyd George and Premier Clemenceau meant nothing, he said, "for handwriting on the wall pointed to the big war of Asia against Europe."

Court Martials Will Take Over Duties Of Crown Tribunals In Ireland Under The Provisions Of Latest Irish Bill

Military Courts Will Also Take Over the Duties of Coroners and Will Have the Power to Decide Cases Without a Jury—The Courts Will Be Given the Power to Compel Witnesses to Attend Hearings and Enforce Orders for the Presentation of Documents.

(Associated Press Despatch)

LONDON, Aug. 3.—Duties of Crown tribunals in Ireland will be taken over by court martial, even to the extent of settling civil disputes, infliction of fines and the binding of accused persons over to keep the peace, under the terms of the new Irish Bill, which was made public this morning. Military courts will also take over the duties of coroners, and will have the power to decide cases without jury. In trials for crimes punishable by death, however, one person, who need not be an officer, shall sit as one of the judges. He must be appointed by the Viceroy from a list approved by the Lord Chancellor of Ireland or the Lord Chief Justice of England.

The courts will be given the power to compel witnesses to attend hearings and enforce orders for the presentation of documents. Persons convicted by them may be imprisoned in any part of Great Britain.

The bill makes provision for excluding Ulster from the working of the law by stipulating that it shall be effective in the whole or any part of Ireland.

LIGHTHOUSES ARE RAIDED BY BANDS.

(Associated Press Despatch)
LONDON, Aug. 3.—Armed raiders held up the occupants of the Mizen Head Lighthouse, County Cork, on Saturday and took away twelve hundred rounds of signalling ammunition. The Rossclare Coastguard Station was also raided and the signalling apparatus taken.

According to some of the newspapers yesterday successive raids on lighthouses have been one of the reasons for diverting trans-Atlantic liners from Queenstown.

Mail Train Was Held Up.

(Associated Press Despatch)
DUBLIN, Aug. 3.—A mail train running between Noate and Athlone was stopped by raiders Monday night and all mail matter and parcels were carried off.

Sinn Fein Member Resigns.

LONDON, Aug. 3.—Diarmid Lynch, Sinn Fein M.P., and food controller of the Republican Government, has resigned, on ground of differences of opinion between Devalera and leader of the Irish party in the United States.

REGARD SITUATION IN POLAND AS FAVORABLE

(Associated Press Despatch)
Paris, August 3.—Military experts here regard the situation in Poland optimistically. The principal menace is considered to be at the centre of the front, where large concentrations of Soviet cavalry are reported.

PUBLIC HEALTH AND ORDER THE MAIN TOPICS

Two Important Matters Brought Before the League of Nations Council Yesterday.

(Associated Press Despatch)
SAN SEBASTIAN, Spain, Aug. 3.—The Council of the League of Nations divided its attention yesterday between public health and public order, taking up a plan for organizing a permanent international hygienic organization and ways and means for using the economic blockade with the promptest effect in case of violation of the convention of the League of Nations by a member country or belligerency by a non-member country.

MISTOOK COMPANION FOR A BEAR.

EDMONTON, Alta., Aug. 3.—Mistaking him for a bear, O. C. Bailis was shot dead by his partner, W. W. Gregory, eleven miles east of Mountain Park on Sunday night according to information received by the Provincial police.

NOTED STUNT AVIATOR FALLS TO HIS DEATH

Was Doing a "Nose Dive" for Motion Picture Firm When the Accident Took Place.

(Associated Press Despatch)
LOS ANGELES, Calif., Aug. 3.—Lieutenant Omar Locklear, noted stunt aviator, and Lieut. Elliott, his aid, were killed last night when their plane crashed from a distance of ten thousand feet.

Locklear was engaged with Lieut. Elliott in performing a feat for a motion picture concern. At a distance of ten thousand feet in the air he was given a signal by the motion picture director and started into a nose dive. A battery of searchlights were playing on the machine and fire works were being set off from the plane by Lieut. Elliott. When he had dropped to within two hundred feet of the earth Locklear was seen to attempt to straighten his plane out. He was too low, however, and crashed to the earth. Both aviators were instantly killed.

Locklear was credited with being the first aviator to leap from one airplane to another while in flight.

HAVE CONTROL OF COCOANUT OIL COMPANIES

British Interests Control Three of Largest Companies in Philippines.

(Associated Press Despatch)
MANILA, Aug. 3.—British interests have secured control of the three largest coconut oil companies in the Philippines, which have been consolidated into the Philippine Refining Corporation with a capital of ten million dollars. Lord Leverhulme, chairman of the Board of Directors of Lever Brothers, Limited, of England, and extensively connected with soap interests in Canada, becomes chairman of the board of the new company.

MUCH DAMAGE DONE BY FIRE AT WINNIPEG

Civic Light and Power Plant Was Badly Damaged by Flames.

WINNIPEG, Man., Aug. 3.—A fire broke out among the riveting equipment of the new work at the Winnipeg civic light and power plant at Point Du Bois, yesterday afternoon, and spread rapidly to the 600 gallon oil tank inside the plant, the explosion resulting in burning oil all about and causing the burning of insulation off all wiring inside the building. Light and power were shut off from the city's system from about three p. m. until nearly eight o'clock.

A Real Old-Fashioned Hold-Up Staged Aboard Train By Three Men—Mounted Police Are On The Trail Of Bandits

Foreigners Held Up Conductor and Passengers on Train Running from Lethbridge Through the Crow's Nest Pass Last Evening—Bandits Jumped Off Train as It Slowed Up Rounding a Curve—The Capture of the Bandits, It Is Felt, Will Be a Matter of But a Few Hours.

(Associated Press Despatch)
ALBANY, Aug. 3.—Three men who are described as foreigners, held up at Sentinel, near the British Columbia boundary, the conductor and passengers of the C.P.R. Train, running from Lethbridge through the Crow's Nest Pass shortly before six o'clock last night. They suddenly appeared with guns and passed through the passenger cars, taking all the money they could collect from passengers. It is not known how much money they secured but the conductor had a considerable amount of money on him which they got away with. The three men were passengers on the train from Lethbridge and are known to the police. They are Calgary men and are amateurs.

The hold-up was conducted while the train was running and as the train slowed up around the mountain curves, near Sentinel, the robbers jumped off and made their escape. The train was in charge of conductor Sam Jones, of Cardston, and engineer Alexander. The engineer knew nothing of the affair until the train reached Sentinel.

THE WEATHER

ENGAGEMENT OF NEW MANAGER WAS THE SUBJECT OF A LIVELY DEBATE AT COUNCIL MEETING

Appointment of New Manager Was Opposed by Chairman of Water Department—Aldermen Wanted to Change Minutes of Last Meeting—Extension of Authority to Water Department Was Cause of Trouble—Minutes Finally Passed and Motion Restricting Supervision to Gas and Electric Departments Carried.

MUCH ado about nothing" ably describes the character of by far the greater part of last evening's meeting of the City Council, when an hour and a half was frittered away on a vague and technical discussion as to whether the City Fathers could or should reject the minutes of the last meeting, a special session, at which the appointment of a new managing engineer, namely Mr. H. E. Pawson, for the city's public utilities was recommended and ratified. The meeting had barely opened when, in the midst of the reading of the minutes, Alderman Tetrault, chairman of the Water Department, was on his feet re-animating against the action of the council in engaging a new manager for the various departments and stating that he considered that, before allowing a new man to assume control of the several branches of service, the water committee should have been advised of the intention of placing the appointee in control of this latter department also. This point of view was concurred in by Alderman Tetrault, who waxed vehement in his denunciation of the practice of bringing "a stranger here to gain experience at the expense of the city."

Alderman Trudeau proposed that the motion adopted at the previous meeting be rescinded and a new vote be taken on the question. Here Mayor Denault sought to pour oil on the troubled waters and urged the Aldermen to consider the matter fairly and without acrimony. "We are here to carry on the business of the city, and we can only do this by respecting one another. The minutes of the last meeting cannot be changed, and the sole legal way to proceed is to pass the minutes, then bring in another motion if necessary."

Alderman Delorme contended that the minutes could be rejected, and Alderman Tetrault reiterated his avowal to oppose them.

Alderman Edwards rose to explain that it was strange that there was so much misunderstanding over a matter that was considered settled. When Mr. Desbaillets left the service, the Council had been told that it would be a good idea to ask for a business manager for all the city's utilities and this idea had found favor with the Aldermen. Accordingly, the secretary had advertised for a manager for "the public utilities" and some forty applications had been received. Of this number, one from Mr. H. E. Pawson, manager of the city public utilities of Prince Albert, who was considered to have the necessary qualifications, was favorably considered, and the chairman

General Manager Needed.

Mayor Denault again expressed his disapproval of the criticism and bitterness manifested. "If anyone had objections, they should have been voiced when the matter was being considered at the last meeting. This is not the time to comment on the competence of the superintendents of the various departments. If the chairman of the Water Department does not wish his department to be given the benefit of another man's training, he does not have to accept it." Mayor Denault thought that a general manager was needed, and cited the advantages that had accrued to the city through the experience and assiduity of the previous incumbent.

Alderman Brault, who up to the present had been content to listen without voicing an opinion, stated, at the Mayor's request, that he present his views, that if anything were to be done, the present was the opportune time, before the minutes had received the sanction of the meeting. He suggested changing the wording of the motion to read "manager of gas and electric departments only" instead of "manager of public utilities." Alderman Edwards opposed this and promised that if any de-

JUDGE OF PROBATE COURT GIVES TANLAC STRONGEST PRAISE

After Long Struggle Judge M.F. Short Regains Health—Makes Public Statement in Hope of Benefiting Others.

It is seldom indeed that men of prominence, especially men who hold high office, willingly express their indebtedness to a proprietary medicine. However, when a medicine obtains that singular purity and efficiency shown by the uniform preparation, Tanlac, statements from our best citizens are to be considered thoroughly commensurate with the good that is being accomplished among the people of our Commonwealth.

Judge M. F. Short, of 1026 South Hickory St., Ottawa, Kan., who has held the honorable position of Probate Judge in Franklin County for two terms and has been true to every trust imposed in him, said in a recent statement concerning the great good he derived from the use of Tanlac.

"I have never used any medicine that went right to the spot like Tanlac did in my case. Nearly a year

ago I had an attack of the 'flu,' and was so weak after it that I couldn't walk even a short distance without getting tired and out of breath. I also had a severe cough that bothered me a great deal. My appetite was very poor and what little I did eat seemed to do me no good. I did not sleep well at night and just felt tired all the time. I tried several medicines said to be good for restoring strength and energy, but none of them seemed to reach my case.

"The statements in the papers about Tanlac so impressed me with their sincerity that I concluded to try it. The very first bottle gave me great relief, so I kept on with it until now after taking five bottles I am feeling even better than I did before I had the 'flu.' I can now eat a good meal and have no trouble at all from indigestion. My old-time strength and energy have returned and my general health is better than it has been in years. I am only too glad to tell what Tanlac did for me, and hope by giving this statement that someone who suffers as I did may be benefited."

Tanlac is sold in Sherbrooke by Griffith's Drug Store and A. E. D. Berger under the personal direction of a special Tanlac representative. (Adv.)

THE through freight swings 2000 tons across a come threat at 13 miles an hour. Alongside the old cargo routes on which the voyage in this time made 35 miles between dawn and dusk with many pounds of freight. The old-time shipper paid two dollars a day—or 25 cents per ton per mile! The modern shipper pays less than one cent per ton per mile—the average of earnings on all freight carried is 1000 of a cent per ton per mile!

LAST autumn a famous Canadian apple valley bore a triple crop.

Its usual overseas market was already glutted with cheap apples.

An empty American market lowered its customs tariff and opened suddenly with orders for scores of car loads for distant American points.

Fortune smiled on the growers—

But the American buyers added: "Shipments must be made in refrigerator cars to avoid danger from frost!"

Such cars are not common equipment. Hundreds would be needed by the small local railway which in other years had required only box cars for the short run to the nearby ocean ports. The demand for refrigerator cars in other parts of Canada was heavy. American lines—to whom the apples were destined—could send none! The success or failure of the apple growers' whole year's work hung in uncertainty!

Yet the railways of the Dominion, co-operating through the Railway Association of Canada, were able to meet the situation.

Authority was obtained to commandeer any empty foreign refrigerator car found in Canada.

Across three transcontinental lines and in every siding, yard or terminal these cars were hunted out.

Every carrier in Canada helped rush them East to a point where they could be fed into the overflowing orchard lands.

Over a million barrels were loaded and moved successfully to market without injury from frost.

This illustrates the spirit behind the railway service of Canada.

Its effectiveness will be broken, however, if railway net revenues continue to fall. Increased freight rates are essential

Use B-H Paint—it Pays

B-H Paint will withstand the severe "climate test" of many hard Canadian winters.

Speaking more definitely still, there is one paint that carries a 100% guarantee on every can.

B-H "ENGLISH" 70% Pure White Lead
30% Pure White Zinc
100% Pure Paint

Famous for its covering capacity and durability. It has a base 100% pure, to which is added a fine turpentine and an exceptional linseed oil from the B-H mills.

Some dealers can sell you paint which costs less per gallon than B-H, but it will not have the B-H guarantee of quality and permanence—neither will you have the certainty that a gallon will show the greatest covering capacity.

Even at the slightly higher cost of B-H you will find when the job is done that the ultimate cost is lower—very much lower.

Another thing, just look at any house that was painted, maybe years ago, with B-H and see the "finish" that still remains.

Saving Daylight

A GOOD deal of daylight is lost because of people not being absolutely sure what the time is. If you want to keep an appointment at 8:45 it's mighty confusing when the kitchen clock says 8:05, the living-room time-piece registers 8:32 and your watch declares it to be 8:14. If you get there too early you lose time. If you're late the other man blames you for losing his time. Uncertainty means loss of time all round. The best thing to do is to carry a Waltham. Because of its unfailing accuracy a Waltham Watch is one of the best devices in the world for saving daylight.

Waltham Watches in a great variety of styles for ladies and gentlemen always in stock. Prices from \$25.00 upward.

YOUNG LAD IS ARRESTED ON CHARGE OF ROBBERY

E. Lebel Accused of Housebreaking and Theft from Store on Wellington Street.

Edmond Lebel, a lad seventeen years of age, was arrested at ten o'clock last evening by Constable Aube, while in the act, it is alleged, of breaking into a store at number five Wellington Street. The lad had entered the establishment through a window, and it is said, was attempting to get into the till when caught. A police alarm was sent in and the patrol with two officers arrived on the scene. The lad was taken to the Central Station where he awaits his hearing before the district Magistrate.

Lebel will appear on the charge of house-breaking and theft.

In Portland Square had only been partially successful, owing to the fact that there were two similar out-of-door parties the same evening.

In view of these facts, the question of future entertainments was discussed with interest by the members present and it was agreed that much time and labor had been expended with no adequate returns. A number of suggestions were made in regard to the best method of meeting the necessary expenses, one being a monthly house-to-house collection but the difficulty of obtaining collections was an objection. The Dormitory Committee reported a rather unsatisfactory condition of the room, but as it was stated that a change had to be made in the caretaker, improvement was hoped for. The room is of course not provided with the ordinary conveniences of a sleeping apartment but such as is, should be orderly and also very clean and the good beds given by the Khaki Club made attractive.

The number of returned soldiers making use of the room has fallen off of late, of the eleven beds only one being now occupied. It was moved, seconded and carried that at the next meeting of the G.W.V.A. the question of keeping the dormitory open during the winter should be submitted as the sum required for rental could be used in other directions. A letter was read from the Executive of the Association thanking the members of the Auxiliary for their help and support.

FIRE ON HOTEL ROOF.

A fire on the roof of the "Hotel des Voyageurs", Depot street, was the cause of an alarm sent in at two forty-five yesterday afternoon, and answered by Station Number Three. The blaze was soon under control and apart from burning a few shingles on the roof, no damage was done. The fire is thought to have been caused by a burning cigarette butt.

JULY WAS DULL AND RAINY, MONTH.

While June was a month of sunshine and droses, July, which generally provides the highest temperature of the season, was this year decidedly dull, with much rain.

The records of the weather department, kept at the Lennoxville Experimental Station show that rain fell on twenty days during last month, totalling 7.66 inches, compared with 3.18 inches last year. Bright sunshine amounted to 222.9 hours as against 239.6 hours last July.

The highest temperature recorded was 85, lowest 38, and mean 64.15, while a year ago the highest temperature was 92, lowest 40, and mean 65.32.

TO RAISE FUNDS FOR WAR MEMORIAL.

The public spirited people of Lennoxville are preparing to hold a series of evening entertainments in the interest of good will, growth, and sociability, and to this end the Veterans Cornet Band of Sherbrooke, has been engaged to play on the Town Hall lawn on August 4th, 11th and 18th, and if any of these Wednesday nights prove unfavorable the concert will be held the following evening. During the concert, the Women's Institute of which Mrs. Armstrong is the president will conduct an ice cream social. Tables will be set on the Town Hall lawn, suitable illumination will be furnished by the Electric Light Co., and refreshments in the form of soft drinks, ice cream, and cake, and ice cream cones will be sold by the ladies of the Institute.

The Women's Institute is composed of the public spirited women of Lennoxville, and these same women have banded themselves together to be a leading factor in raising money for a memorial to the Lennoxville and Ascot boys who fought and died in the World's War. And with this object in view of establishing a suitable memorial for our dear heroes, these women will give their time and their labors in the interest of this memorial fund, and all money collected over and above expenses at the social will be put into this memorial fund.

CITY BRIEFLETS

OLD AND WELL KNOWN RESIDENT PASSED AWAY.

The funeral of the late Mr. Alfred J. Varney, who passed away on Friday, was held on Sunday afternoon, from the residence of his nephew, Mr. Freeman Varney, 349 Wellington Street, South, and was largely attended by relatives and friends of the deceased. Rev. Mr. Matheson, who is supplying for Rev. Alfred Bright, of St. Andrew's Church, conducted the service, and a quartette, under the direction of Mr. A. E. Whitehead, sang suitable hymns.

The casket, on which were many beautiful floral offerings, was carried by Messrs. M. Kilburn, P. Moo, John Ross, and John Stebbins, and the interment was made in Elmwood cemetery.

The late Mr. Varney, who was seventy-eight years of age, had resided in this city for about twenty years, and previous to coming to Sherbrooke, had been employed at the C. S. Clark mill at Brompton, during the greater part of his life. His wife predeceased him several years ago, and during his latter days he had resided at the home of his nephew, where he passed away.

He was a well known and highly respected resident of the two places where he had made his home, and his familiar figure will be missed from among the older men who took an active interest in what was going on around them.

His nearest relatives living are Mr. Wm. Varney, of this city, and Mr. Albert Varney, of Los Angeles, Cal.; brothers; Mr. Freeman Varney, nephew; Mrs. Duncan Ross, of Lewiston, Me.; niece; Messrs. S. Varney, Windermere Mills, E. Varney, Brompton, L. Varney, East Sherbrooke, and Mr. E. S. Stevens, city, all cousins.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

How to Rid the Arms of Objectionable Hairs

(Aids to Beauty)

A simplified method is here given for the quick removal of hairy or fuzzy growths and rarely is more than one treatment required: Mix a stiff paste with some powdered deodorant and water, apply to hairy surface and after 2 or 3 minutes rub off, wash the skin and every hair has vanished. This simple treatment cannot cause injury, but care should be exercised to get real deodorant.

This Is Better Than Laxatives

One NR Tablet Each Night For A Week
Will Correct Your Constipation and
Make Constant Dosing Unnecessary. Try It.

Poor digestion and assimilation mean a poorly nourished body and low vitality. Poor elimination means clogged bowels, fermentation, putrefaction and the formation of poisonous gases which are absorbed by the blood and carried through the body. The result is weakness, headaches, dizziness, coated tongue, inactive liver, bilious attacks, loss of energy, nervousness, poor appetite, impoverished blood, sallow complexion, pimples, skin disease, and often times serious illness.

Ordinary laxatives, purges and cathartics—salts, oils, calomel and the like—may relieve for a few hours, but real, lasting benefit can only come through use of medicine that tones up and strengthens the digestive as well as the eliminative organs. Get a box of Nature's Remedy (NR Tablets) and take one tablet each night for a week. Relief will follow the very first dose, but a few days will elapse before you feel and realize the fullest benefit. When you get straightened out and feel just right again you need not take medicine every day—an occasional NR Tablet will then keep your system in good condition and you will always feel your best. Remember, keeping well is easier and cheaper than getting well. Nature's Remedy (NR Tablets) are sold, guaranteed and recommended by your druggist.

THETFORD BREAKS EVEN IN DOUBLE-HEADER

The Thetford Mines baseball team played their return game with St. George de Beauce on the latter's grounds, and after a closely contested game St. George was victorious by a 5 to 4 score. Durgan and Cote, for the winners and losers, respectively, both pitched masterly ball and kept the hits well scattered. The Miners played a strong game in the field, but were weak with the stick, there being at least six men stranded on third when the much needed hit would have tied the score. Durgan practically won his own game when he hit a ball into the autos parked in left field, which went for a home run owing to there being no ground rules arranged before the game. L. Corriveau also distinguished himself in left field when he pulled down Morin's long fly that looked good for a homer.

Returning from St. George, the Thetford team stopped off and played Beauceville, which they defeated by a score of 9 to 1. Thetford played air-tight ball in the field and rapped the old pill hard and often. "Big Chief" Scott was the master of the situation at all times and had the "Indian sign" on the Beaucevillites.

The following are the scores by innings of both games:

R. H. E.
Thetford 110000101—4 5 1
St. George ... 00120062x—5 4 3
Batteries: Cote and Morin; Durgan and Corriveau.

R. H. E.
Thetford 120230010—9 10 1
Beauceville .. 000010000—1 3 5
Batteries: Scott and Morin; Fortier and Bouthier.

BASEBALL FLASHES

"Babe" Ruth cracked out his before a crowd officially estimated at thirty-eight thousand, and New York shut out Chicago. It was the third circuit drive the "home run champion" has hit off Williams this season.

Detroit won both games of a double header off the Boston Red Sox here yesterday.

St. Louis rallied in the eighth inning, scoring six runs after two were out, and won from Philadelphia.

George Burrie, pinch hitting for right fielder Smith in the eighth inning, doubled to left, scoring Chapman and Speaker with the only runs of yesterday's game.

In the National League—After losing the first two games of the series of four, St. Louis beat Brooklyn yesterday.

New York again won from Cincinnati yesterday, making the series stand two games to one in the Giants favor.

Manager Cravath's two bagger featured yesterday's ninth inning Philadelphia rally, which, however, fell short, Chicago making it two straight.

Errors by Oeschger and Marranville in the seventh inning helped to present Pittsburgh with two runs and enabled the visitors to win.

FOOTBALL

BEEBE AND CIRCO PLAY DRAW GAME.

The champion teams of the Eastern Townships Football League, Beebe and Circo, played a fixture here on Saturday afternoon which resulted in a draw.

The game started at 4.25 p.m., and Circo at once took the ball to the Beebe end. Circo missed a good chance to open the scoring. They kept up the pressure for about ten minutes when Beebe had a say and the ball was sent to the other end. The game was proving very fast and it appeared that both teams were out to win. The Circo pressed and after a little combination and a nice pass from Webb to Robertson, the latter scored with a neat shot which the goaler had no chance to save.

The rain was falling but this only served to keep the players on the move and up to this stage of the game, Circo were no doubt the better team. There followed another forward attack and Thompson made

the score 2-0 for Circo. This was the score when the half-time whistle blew.

The second half started and play continued fast and after about fifteen minutes Beebe attacked. Candlish shot but Cross caught the ball but failed to raise the ball in his kick out to clear. It struck Cand who followed it up and shot it back into the net making the score 2-1. After this Circo pressed but failed to score. Beebe came back and Duguid got the ball but failed to clear and Anderson who had followed up took the ball and had no difficulty in making the score 2-2.

Great excitement prevailed and each team was trying to get the odd goal but neither side was able to get there and the game ended with the score 2-2.

The teams lined up as follows: BEEBE: McIntosh, Mosher, McIntosh, Anderson, Enslie, Candlish, Earl Enslie, Jowett, Wilson, Meigs. CIRCO: Cross, Scott, Duguid, Gillander, Forbes, Taylor, Millar, Thompson, Webb, Robertson, Smith. Referee: Mr. Hugh Brodie.

The Sherbrooke team will meet the Circo, on Wednesday, August 4th, in a twilight game. Kick off at 6.30 p.m. There will be a general meeting of Football Clubs on Tuesday, August 3rd, at the G.W.V.A. Rooms, Dufferin Avenue, at 7.15 p.m., in connection with the Hospital Cup games. All interested are invited to attend.

There is only one more league

game to be played, Sherbrooke and Stanstead, at Sherbrooke on Saturday, August 7th. Stanstead, who have not yet won a game can hardly expect to do so against the fast Sherbrooke combination who are expected to finish as runners-up in the league.

It is to be hoped that Sherbrooke will support the game during the cup ties as this is entirely for the benefit of the Sherbrooke Hospital.

The Circo will probably arrange a twilight game with the Vets some time next week. They are anxious to average that 11 to 2 defeat.

LACROSSE

LACROSSE GAME TOMORROW EVENING.

Tomorrow evening at 6.30 p.m., the Knights of Columbus Lacrosse Club will meet the strong East Sherbrooke Club on the Parade Grounds. The Irishmen are determined to stop the winning streak of the boys from across the river and a strong contest can be expected. The players are out to demonstrate their best, as it's by these games that the players are being judged and only the pick of the clubs now playing will represent Sherbrooke in the inter-city series with Quebec which takes place at the end of the month. The Knights line-up will include Bonner, Plamondon, Unsworth, Mitten, Kennedy, Bron, Saunders, Maguire, Peto and Bill Plamondon. Hawkins, Wolfe and Workman Bros., while the East will

be Cameron, Jones, Hutchison, Sawyer, Smith, Hatcher, Campbell, MacDonald Bros., Breckenridge Bros. and Sharpe.

These players are asked to be on the Parade Grounds tomorrow night (Wednesday) at 6.15 p.m.

DEATHS REPORTED

ALBERT SUTTON, COOKSHIRE

COOKSHIRE, August 3.—The funeral service for Albert, eldest son of Mr. and Mrs. Stanley J. Sutton, of Cookshire, was held at the home on Thursday at 2.30 p.m.

Rev. Mr. Warnell, pastor of the Methodist Church, officiated at the service and the hymn "Abide With Me" was sung. The pastor spoke words of comfort to the deeply sorrowing family when he reminded them that the young life of their son and brother was not cut off, but continues to grow and develop in other surroundings, where Christ Himself will be Guide and Friend, and there shall be no more death.

Many beautiful flowers covered the casket and surrounded it, among others, a wreath of sweet peas and ferns from the parents, wreath of pansies, spray of asters, heart of pansies, and many others, brought with expressions of sympathy and words of love for Albert, who was a thoughtful, earnest boy, and who took this year, the prize in school for best behavior. Those who attended from out of town were, Mr. and Mrs. E. B. Parker, Mr. and Mrs. Harry Baldwin and Mrs. F. R. Morrison, all of Cookshire.

Burial took place in the Cookshire Cemetery.

MRS. GALLAGHER, REEDSDALE

REEDSDALE, Que., August 3.—On Saturday evening, July 24th, there entered into rest at her home here, Mrs. Emma Gallagher in her fifty-eighth year, after five months of illness borne with christian patience. Although her suffering was great at times, she always met her friends with a smile and glad welcome, but the end came suddenly at the last. Her husband predeceased her twenty-five years ago, leaving her with a family of four small children the youngest nine months old also his father and mother, both being almost invalids at the time. Being of good courage and strength of character, Mrs. Gallagher kept her little ones together and brought them up by means of hard work and her own exertions. Her eldest daughter died when she had grown to be a young woman. Mrs. Gallagher was tenderly and faithfully cared for by her daughter, Miss Carmen, and her youngest son John, her eldest son having made his home in Lennoxville. Besides her children she leaves to mourn her loss three sisters and two brothers and a host of friends.

The funeral service was conducted by her pastor, the Rev. Mr. Jackson, of Inverness, at her late home on Monday. A large and sorrowing concourse of friends and neighbors paid their last respects to one of Reeddale's life long residents, interment being in the family plot in Boutelle's Cemetery. Those who attended the funeral and brought them were Mr. and Mrs. Harold Gallagher and little daughter, Lennoxville, Miss Annie McIntyre, of Boston, and Mrs. Spaulding of North Hatley.

MAN ENDED LIFE BY JUMPING OVERBOARD

Steamer Backed to Scene of the Suicide and Body Recovered.

(Associated Press Despatch)
TORONTO, August 3.—A man jumped overboard from the Canadian Steamship line steamer Cayuga last evening shortly after the boat had left Niagara-on-the-Lake, on its way to Toronto and was drowned.

The steamer backed up to the scene of the suicide and in about twenty-five minutes from the time the man jumped to his death, his body was recovered. On one of his arms was tattooed the name of W. E. Switzer. He was about sixty years of age.

ENGAGEMENT OF A NEW MANAGER

(Continued from Page One.)

partment did not want the new manager to assume control, he would be prevented from so doing.

Alderman Fortier explained that the motion as adopted at the last meeting was correct. "Public utilities" did not imply all services of the city, but was only a general term that could be restricted or amplified at the will of the council.

Mayor Denault suggested the addition of the words "of gas and electric" to the motion, thereby defining the meaning without changing the minutes technically. Alderman Tetrault wanted these to be changed by the addition of the words "except the water department."

After a great deal of quibbling, Alderman Fortier moved that the minutes be accepted as read, seconded by Alderman Edwards.

In amendment, Alderman Forest moved that the minutes be accepted without the report of the committee recommending the appointment of a new manager, seconded by Alderman Trudeau.

When a division was called on the amendment, a deadlock ensued, Alderman Fortier, Edwards, Brault and Skinner lining up against the amendment, while Alderman Delorme, Forest, Tetrault and Trudeau were for it. The tie was broken and the amendment was defeated by the Mayor's vote, who opposed it. The principal motion was carried on the same division. When the matter was finally settled, Alderman Edwards created a little amusement by enquiring if the minutes were duly signed.

Petitions and Reports Presented.

Petitions presented included one from the Housing Company, presented by Alderman Edwards, asking that the power line to the new houses be installed for use late in the fall.

Numerous reports were read and passed, including those from the finance, gas and electric road, fire, police, hygiene, sewer water market and city hall committees. That from the chairman of the road committee asked that the salary of the superintendent of that department be raised from twenty-four hundred to three thousand per year. Mayor Denault remarked that this could not be done legally without reference to the finance committee and the matter was referred to that body for consideration.

Reading of the correspondence was left to the resumption of this meeting which was adjourned to next Monday. It was pointed out that August sixteenth is the last day on which protests against valuation can be legally received.

By-Laws Are Proposed and Read.

Before the meeting was adjourned, Alderman Forest gave the second reading of a by-law asking for \$121,550 for sidewalks, the purchase of property and the paying off of a loan from the National Bank.

Alderman Delorme gave first reading to a by-law respecting the purchase by the city of a site for a technical school. This will necessitate the raising of about thirty thousand dollars for a property on Alexander, Galt and Gillespie streets. In this connection, Alderman Edwards read a letter from the Board of Protestant School Commissioners, offering the site of the Central School for the purpose, and asking the city to consider the deal. The matter was referred to the special committee for study, and also to the fire committee.

Alderman Fortier gave notice of a by-law, and Alderman Tetrault gave first reading to one asking for seventeen thousand dollars for sewer construction. Alderman Trudeau also gave notice that he would propose a by-law at next meeting for the purchase of a site for a new city hall.

It was decided that a special meeting of the council be called to consider all these by-laws before they are put before the ratepayers.

Just before the close of the session, Alderman Tetrault moved that report twenty of the gas and electric committee be modified so as to limit the authority of the new manager to the gas and electric departments only. This was seconded by Alderman Delorme and carried.

Apply Pepsin
Every Day to Your Teeth

All Statements Approved by High Dental Authorities

To Fight Film

DENTAL SCIENCE has proved that the great tooth wrecker is a slimy film. You can feel it with your tongue. Most tooth troubles are caused by it. It clings to the teeth, enters the crevices, hardens and stays. And teeth will discolor and decay where that film stays, however much you brush them. That is why millions of tooth brush users fail to save their teeth.

That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance with ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Scientists have for years sought ways to combat that film, but the methods proved inadequate. Then one man, after extensive research, applied activated pepsin—a digestant—to the film. And many clinical tests seem to clearly prove that he solved this great film problem.

We ask you to see for yourself. This pepsin method is employed in Pepsodent, and we offer a 10-Day Tube. See what it does when you use it. See the results in ten days. It will show you a way to clean your teeth as you never have cleaned them before.

See How They Glisten

Analysis shows that the film is albuminous. Pepsin digests albumin. The object in Pepsodent is to dissolve the film, then to constantly combat it. But pepsin alone is inert. It must be activated, and the usual agent is an acid harmful to the teeth. So pepsin long seemed forbidden.

Now a harmless, activating method has been found. And that method, used in Pepsodent, makes efficient pepsin possible.

Able authorities have proved Pepsodent by convincing clinical tests. It has been adopted, and is now endorsed, by leading dentists everywhere. It does what nothing else has done, and everyone should use it.

We urge you to prove it yourself. Ask us for a 10-Day Tube. Look at your teeth and see what it does. See how they glisten. Do this for your sake and your children's sake.

Learn the way—the only way—to cleaner, safer teeth.

TWO CIVIC PROBLEMS.

The Union of Canadian Municipalities meeting at Quebec discussed at length the question of housing and of the bonusing of industries.

The importance of adequate housing was recognized. No city could hope to expand along healthy lines unless it was able to solve its housing problems.

The bonus system, even under limitations as at present practiced, was condemned. A resolution adopted urged legislation to the effect that no municipality should be permitted to grant a bonus or exemption of taxes to any firm wishing to establish a manufacturing plant in any city.

There is no doubt that housing and industrial growth present very grave problems for all prosperous communities. They are closely allied and receive far too little consideration. Even in Sherbrooke, the first city in the province to take up seriously the question of providing workmen's dwellings, has not applied itself with sufficient earnestness to the question of housing in general.

The industries of Quebec province are steadily expanding and new plants are being established. This development will continue irrespective of bonus considerations because there are other matters of greater importance. Quebec Province towns will grow, and the responsibility of directing that growth along right lines rests on the municipal authorities and the citizens in the urban centers. A city where the population is increasing rapidly is in great danger of developing unhealthy housing conditions. Constant consideration and modern methods on the part of civic authorities can prevent this and so direct matters that the whole community will benefit from the prosperous industrial state.

Opinions will differ regarding the bonusing of industries but all will be of one mind as to the need of improved and enlarged housing accommodations.

HON. L. A. TASCHEREAU, PREMIER.

Hon. L. A. Taschereau, the new Premier of Quebec, is a member of a very distinguished family whose name has been prominent for many years in Canadian public life.

Sir Wilfrid Laurier, on one occasion, referring to the Taschereau family, said:

"What is, in your minds, the finest name in the French race in Canada? Is it Papineau? Is it Lafontaine? Papineau and Lafontaine have been as meteors in the night, but there is amongst us a perpetual illumination which for me has yet more brilliancy. The finest name of the French race in Canada, it is the name of this noble family in which talent, character, honor, force, work are hereditary; which through all generations, since one hundred years, has furnished patriots and workers, whose imprint has been marked on the men and the things of their time, which at the beginning of this century had the honor to count a martyr of liberty in the prisons of Governor Craig; which has given five judges to the Bench, an Archbishop for the Church of Canada, a Cardinal to the Universal Church. Let us salute this glorious name of Taschereau. Let us salute it with respect, because this name is the symbol of those virtues which alone make the great races and the great nations."

At a banquet tendered the new premier in Quebec a few days ago, Hon. W. G. Mitchell, Provincial Treasurer, speaking as Protestant minister of the Cabinet, in the course of his address said:

"Your accepting the leadership of the Liberal party and becoming the head of the Government in this Province, I as a Protestant representative want to say that we have always had confidence as a minority in the sense of justice and fair-play of the majority of this Province. We had confidence in Marchand; we had confidence in Parent; we had confidence in Gouin, and I need not say that we had confidence in Laurier, for these, one and all, was the belief that minorities must be treated not only with justice, but with generosity."

"On behalf of the Protestant minority of the Province of Quebec, Mr. Prime Minister, knowing you, and having worked with you for a number of years, knowing your broad-mindedness on religious and national questions, knowing your big, fine sense of justice and fair-play, I have great pleasure in saying to you that we have just as much confidence in you, as we had in any of the distinguished leaders I have just mentioned."

"You in your declaration to the public the other day said:

"I will continue to follow in the way which Sir Lomer Gouin led, so that the Province of Quebec may be the sanctuary of all classes and religions, all living together in peace, harmony and concord, and so that it will continue to be said in the future as in the past, that there is no pro-

STATED THAT ARRESTS HAVE TAKEN PLACE

Public Feeling Aroused to a High Pitch at Quebec Over Murder of Girl.

QUEBEC, August 3.—Public feeling has been aroused to a high pitch in Quebec as a result of the outstanding facts brought out at the coroner's inquest on Friday into the murder of Blanche Garneau, whose body was found near Victoria Park, last Wednesday night.

While both the city and provincial police are at work on the case, both departments emphatically denied last night that any arrests had been made. It was persistently reported, however, that three men had been taken into custody in connection with the case and that their arrest was being kept secret by the police who feared to make it public lest the arrests cause an outbreak of indignation and that mob violence might ensue.

SHOE MAKERS HAVE ENTERED A PROTEST

Want Importation of Shoe Operators from England by Various Firms Stopped.

KITCHENER, Ont., Aug. 3.—A representative meeting of shoe makers of western Ontario was held here. The object of the gathering was to decide as to what steps should be taken to stop the importation of shoe operators from England by various firms, it being claimed that at present there were fifty per cent. of the operators in Canada who are not employed in the factories, but are engaged in other industries.

It was decided to bring the attention of the government to the situation and request that the importation of operators be stopped.

MINISTER LOST ON THE SUMMIT OF MOUNTAIN

Was Rescued by Search Parties in a State of Exhaustion.

NELSON, B. C., Aug. 3.—After being lost for a day and night on the summit of Kasto Mountain, the night including the worst thunderstorm of the season, Rev. Robt. Hughes, Methodist pastor at Kasto, was found by search parties Friday night on Campbell Creek in a state of exhaustion, according to word brought down from Kasto. The minister had gone out mountain climbing with fifty girls and boys and remaining behind with some weaker ones, later insisted in completing the trip to the summit by himself after the main party started to come down. He recovered under the ministrations of the rescue party.

NEWSPAPERS FOUND COSTS TOO HEAVY

Increased Cost Causes Regina-Saskatoon Amalgamations.

REGINA, August 3.—Joint announcement is made today by W. F. Herman, proprietor of the Saskatchewan Daily Star, the Regina Daily Post, and the Border Cities' Star, of Windsor, Ont., and by the Leader Publishing Company Limited, which controls the Northern Publishing Company publishers of the Saskatchewan Phoenix to the following effect:

The Regina Daily Post has been taken over by the Leader Publishing Company, Limited, and will in future be published from its office.

The Saskatchewan Daily Phoenix has been taken over by W. F. Herman and will in future be published from the office of the Saskatchewan Daily Star.

The Regina Daily Post has been re-titled the Regina Daily Post and has been reserved by W. F. Herman, who will continue to direct it. The policy will be identical with that of the Morning Leader.

Advancing costs in the way of newspaper, labor, machinery, etc., have compelled the amalgamation of scores of newspapers in Canada and the United States during the past year," the announcement goes on.

The publishers concerned in this transaction feel that by it they are advancing the interests of the communities served by their newspapers. By reserving the editorial control of the newspapers which are changing hands, the publishers feel they are obviating the objections ordinarily voiced to one-newspaper fields.

vince or place such as Quebec where there is such measure of liberty."

"Mr. Prime Minister, that declaration was not necessary, because the English-speaking Protestant people of this Province have confidence in you and know that your administration will consider all their questions as they were considered in the past, not upon national or religious grounds, but upon the grounds of equity, justice and fair-play, and would to God that all over Canada the same kind of equity, justice and fair-play were exercised so that we would hear no more in Canada the question of rights of minorities, but apply the principles of British Liberalism and British fair-play, so that we would only hear laudatory praise from minorities of majorities for the generosity of their treatment in all matters and things. In fact, there should be in Canada, as here in Quebec, no minorities, but a Canadian people."

CREMATION OF BOMBAY EDITOR HELD IN POONA

Crowd Viewed Remains of Nationalist, Which Were Placed on Hotel Veranda—Cremating Ceremony First in Present History.

(Associated Press Despatch)
BOMBAY, August 3.—Solemn funeral ceremonies were held here over the body of Gangadhar Tilak, Nationalist leader and editor of the newspaper Mahratta, of Poona, who died Sunday morning.

In the presence of an enormous crowd, the body was placed on a funeral pier erected on the sea beach at Poona, and was burned, this being the first cremation of this kind in the memory of the present generation.

News of Tilak's death spread rapidly through the city of Poona yesterday morning and great crowds thronged the neighborhood of the hotel where he died. In order that all might view the remains they were placed in a sitting posture one one of the hotel's verandas.

TRADE WITH ROUMANIA IS OUT OF THE QUESTION

Roumanian Lei Is Only Quoted at Between Two and Two and a Half Cents.

(Associated Press Despatch)
OTTAWA, August 3.—Trade with Roumania is practically out of the question at the present time owing to the exchange situation. On the weekly bulletin of the Department of the Trade and Commerce, the Canadian trade commissioner in Roumania, states that the Roumanian Lei, which has a par value of approximately nineteen cents, is now quoted at between two and two and a half cents.

They can regain their citizenship by taking the oath of allegiance.

DOMINION BUILDING COMPANY'S PLANT AT TORONTO SHUT DOWN

Closing of Doors Said to Be Due Chiefly to Labor Troubles.

(Associated Press Despatch)
TORONTO, August 3.—The Dominion Building Company's plant has been closed. It is said labor troubles are largely the cause of the shut down, the long extended strike of machinists and other shipbuilding workers having had serious results. Those behind the company expect to resume operations in a few weeks.

ADDRESS OF PREMIER AND ITS MEANING

Does It Presage the Likelihood of Attempts to Secure French-Canadian Representation in the Cabinet?

(Associated Press Despatch)

OTTAWA, August 3.—The appeal made by the Premier in his address at Portage La Prairie yesterday has aroused considerable comment in political circles. In particular, interest is attached to his plea for a better understanding between English Canadians and French Canadians. Does the plea, it is asked, presage the likelihood of attempts to secure French speaking representation in the cabinet.

At the present time, there is no French Canadian member of the House who has a seat in the cabinet.

Rumor has on several occasions connected the name of Hon. Mr. Patenaude, a former member of the Borden Government, with cabinet possibilities.

STOCKS SOON REBOUNDED ON WALL STREET 'CHANGE

(Associated Press Despatch)

NEW YORK, August 3.—(Wall Street News)—A break of four cents in sterling, due to the unsettled Polish situation, together with rumors of new financing and poor earnings of various industrial corporations, tempted additional short selling. The market, however, showed plain evidence of being over-sold, and when support appeared for certain stocks, prices rallied briskly.

The rebound carried the leaders up one to four points, with marked strength in certain of the steel, equipments, oils, motors and railroads. The inquiry for the standard railroad shares imparted a stimulating influence, but general buying was rather cautious because of the sensitiveness of some of the speculative industrialists and the unfavorable credit conditions. United States steel duplicated yesterday's low figure of 85½, but rebounded to near 87. Baldwin and the investment oil stocks also displayed pronounced strength.

UNITED STATES REFUSES TO GRANT PERMISSION

(Associated Press Despatch)

WASHINGTON, Aug. 3.—The United States government has refused the request of Governor Cantu of the northern district of Lower California, for permission to import arms and ammunition from the United States for use in repelling threatened occupation by Mexican provisional government forces.

SURPRISED AT HIGH COST OF FOOD HERE

Hon. Arthur Robinson Terms Archbishop Mannix a Fomenter of Anti-British Feeling.

WINNIPEG, Aug. 3.—Condemnation of Archbishop Mannix, as the fonder of an anti-British feeling in the life of Australia, and amazement at the higher prices of food in Canada, which almost staggered him, in comparison with the cost of living under the Southern Cross, were the outstanding comments in a review of the political and business situation in the Commonwealth, given here last night by Hon. Arthur Robinson, attorney general of Victoria, who is passing through Canada on his way home after transacting business in England and the United States.

"I do not know how you knew Irish Bishop Mannix in Canada, and I am surprised at some of the things I have seen in the newspapers," he said, "but I want to say, and say it emphatically, that he has been a very disturbing element, a very dangerous element in the community, that he is a fomenter of a very anti-British feeling to the best of his ability."

"People have been misled," said Mr. Robinson, "into believing that Australia will support any kind of Irish demand. They have overlooked the fact that there are in Australia, the same as in the United States, parties catering for sectional support. But political parties are now beginning to realize that it is extremely dangerous in Australia to cater to people holding the views of Dr. Mannix. The great mass of the people are anti-Sinn Fein and anti-Irish."

DEGREES ARE CONFERRED ON THE DELEGATES

Delegates to Imperial Press Conference Arrive in Montreal.

(Associated Press Despatch) MONTREAL, Aug. 3.—The delegates to the Imperial Press Conference from Britain and the Far East, who arrived in Montreal last night from Grandmere, where they inspected the plant of the Laurentide Pulp and Paper Company, were this morning out for a drive around the city by the courtesy of the Automobile Club of Canada.

After the drive, the entire party was entertained at luncheon on Mount Royal, by the city, and addresses were delivered by Sir Harry Brittain, of England, Mr. G. E. Fairfax, chairman of the Australian delegates, and Mr. Robert Donald, of England. Commissioner Charles Marcel presided at the luncheon.

This afternoon the degree of doctor of laws was conferred upon four members of the conference by McGill University at a special convocation of that institution, which was held in the Royal Victoria College, at four o'clock. Those who received the honorary degree, which was for distinguished public service, were: Viscount Burnham, of London, England; Sir Harry Brittain, of London, England; Ralph Stapleton Ward Jackson, of Johannesburg, South Africa, and Thomas Wilson Leys, of Auckland, New Zealand.

The convocation was noteworthy for two reasons, one being that General Sir Arthur Currie officiated for the first time as Principal of the University conferring the degrees, and second, that never before in the history of the institution has the service of the public press been officially recognized by academic honors being done its representatives.

Lord Burnham replied for the honored members of the Press Conference. He was introduced by Dr. Adams, who has just resigned his duties as acting principal of the University. Mr. Thomas Wilson Leys, chairman of the New Zealand committee, was presented by Dr. Birkett, Dean of the Medical Faculty.

Sir Harry Brittain was presented by Dr. Rutlan, and Mr. Ralph Stapleton Ward Jackson, chairman of the South African delegation, was presented by Dr. Eve.

This evening the delegates will be the guests at dinner in the Ritz Carlton Hotel of Lord Atholstan, while Lady Atholstan will entertain the ladies at the Mount Royal Club.

FEAR NEGROES MIGHT CAUSE SOME TROUBLE

Florida National Guardsmen Were Called Out Last Night at Miami.

(Associated Press Despatch) MIAMI, Fla., August 3.—Florida National Guardsmen were called out last night to protect the city from disorders threatened by four hundred negroes, natives of the Bahamas Islands and British subjects who have been aroused over the death of Herbert Brooks, one of their number, charged with assaulting a Miami white woman.

Brooks was arrested at Ormond, Florida on Saturday and reported to have been killed in a leap from a train taking him to Jacksonville for safe keeping, but the negroes who are said to believe instead that he died at the hands of a mob, made a demonstration and threatened to obtain vengeance when his body was returned to Miami. Troops were patrolling the negro residential section last night.
