ALLIES READY TO DISCUSS GERMANY'S REPLY Sting Drawn From Threat Of General U.S. Coal Strike

London Awaiting Deductions Made By French Gov't

Despite All Criticisms of German Reply, It Cannot Be Doubted that Impression Created Is on the Whole Favorable—Even in France, Where Many of Press Comments Have Been Written in a More or Less Ironical Tone, There Is an Admission that Germany's Attitude Is Conciliatory, and Hope for a Satisfactory Outcome Is Entertained.

(Associated Press Despatch)
LONDON, July 23.—Germany's reply to France's note outlining the observations of the Allies with respect to the security pact proposals, has been thoroughly studied by the foreign department experts of the three countries directly concerned—Great Britain, France and Belgium. London is now awaiting a communication which it is learned that M. Briand, the French Foreign Minister, has sent to the French ambassador in London, outlining the deductions made by the French Foreign Office after a careful examination.

Despite all the criticisms of the German reply, it cannot be doubted that the impression created is on the whole favorable. Even in France, where many of the press comments have been written in a more or less ironical tone, there is an admission that Germany's attitude is conciliatory and hope for a satisfactory outcome is entertained.

GERMANY EVIDENTLY ANXIOUS FOR A SETTLEMENT

In England most of the comment is based on the gratification that Germany evidently is anxious for a settlement and framed her reply in a manner to encourage hopefulness. The fact that the speech of the German Foreign Minister, Dr. Gustav Stresemann, in the Reichstag, yesterday, was received without any pronounced opposition, is regarded as reflecting the desire of the Germans to do nothing to hamper the progress of the negotiations to which it is hoped the reply will lead.

COUNSELLED GERMANS TO HAVE FAITH IN ALLIES

Dr. Stresemann expressed confidence that further discussions would develop something definite. He counselled the German people to have faith in the promises which had been made to Germany by the Allies. Referring to the "great problems of the present," the Foreign Minister declared that economic distrust in France and Germany could be removed only with the co-operation of the great world powers.

CABINET WILL HOLD SESSION NEXT MONDAY

Will Probably Be First of Series of Meetings at Which Political Situation Will Be Thoroughly Canvassed.

(Associated Press Despatch)

OTTAWA, July 23.—With contradictory rumors in regard to an autumn general election in the air, the cabinet will meet on Monday in force for what probably will be the first of a number of meetings at which the political situation will be thoroughly canvassed and views for and against early dissolution presented. Ministers who have been scattered to the four corners of the country, presumably for rest and recreation after a strenuous session of parliament, but also for the purpose of sizing up conditions from a political point of view, will report at the Monday gathering.

The most important matter which confronts Premier MacKenzie King and his colleagues is the decision in regard to an election appeal, and there will be no haste in dealing with it. Ostensibly, the cabinet meeting which has been set for Monday will deal with business which has accumulated since the few ministers then in town gathered two weeks ago.

SCHOONER RAMMED BY OIL TANKER

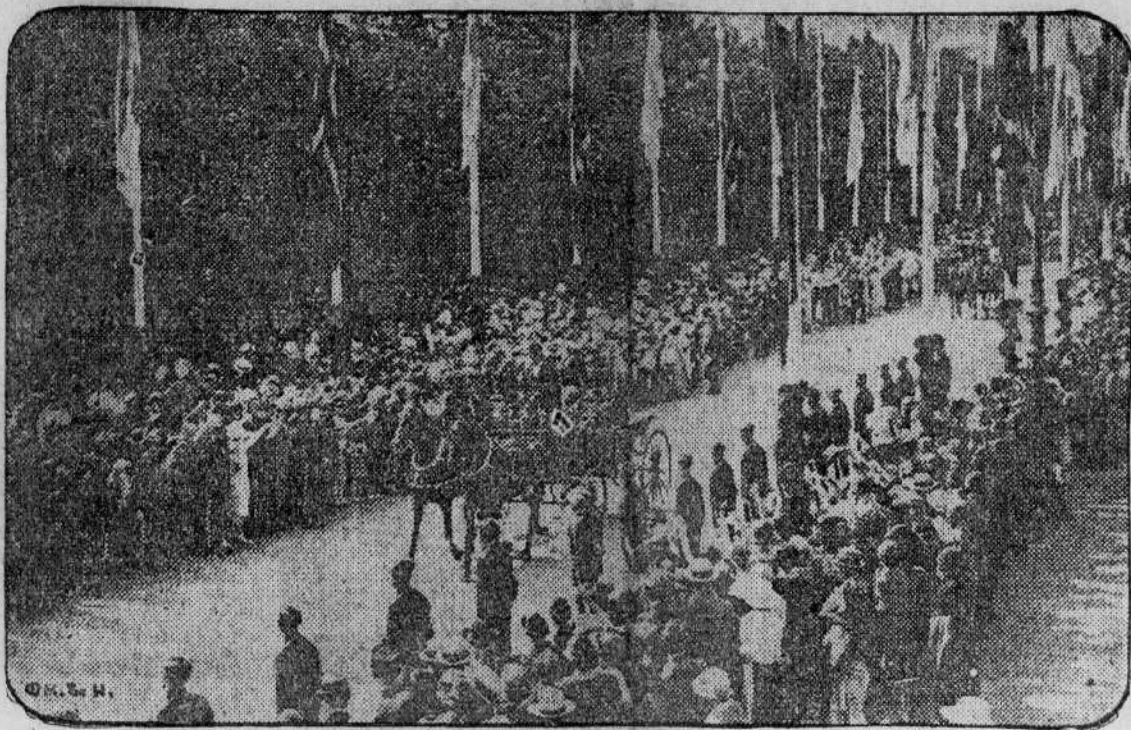

(Associated Press Despatch)
NEW YORK, July 23.—A three-master schooner, Sally Ven, from a South Carolina port, believed to be one of the few remaining vessels in rum row, was rammed by the oil tanker Edward Lukensbach, early today. Radio messages this morning indicated the schooner was still afloat and that a coastguard cutter and the freighter Bossum were standing by. The Lukensbach was not damaged.

THE WEATHER

PARTLY FAIR AND COOL

Since yesterday the depression has remained almost stationary north of the St. Lawrence, while the western high pressure has spread towards the southern part of the Lake regions. The weather continues cool in the Western Provinces and showers have been general in Alberta. From the Ottawa Valley eastward the weather is showery. Forecast: Fresh westerly winds, some local showers, but partly fair and cool today and Friday.

FIRST PHOTO SHOWING AMUNDSEN RECEIVED AS CONQUERING HERO ON HIS RETURN TO NORWAY

The way of the hardy pioneers of the aerial pathways leading to the North Pole, as they made their journey to the royal palace of King Haakon of Norway to receive their hard-won decorations, was lined with cheering crowds held back by lines of troops. Gay banners flaunted from towering staffs, and a truly royal reception was given them. Photo shows their carriage on its way to the palace.

RIFFIANS IN FULL RETREAT NORTHWARD

Tribesmen Fleeing Before French from Ouergha River—Local Actions Result in French Victories.

(Associated Press Despatch)

FEZ, July 23.—The Riffian tribesmen now are in full retreat from the Ouergha river northward, closely pursued by a French detachment with artillery along the right bank of the stream.

This, together with other indications gathered by the French intelligence service, shows that the leader of the rebellious tribesmen, Abd El Krim, has given up the idea of attacking the centre and is reverting to the plan of attacking on the wings, for which he is massing his regular troops in the regions of Ouezzan and Taza. Ouezzan is located about sixty miles northwest of Fez, headquarters of the French in Morocco and objective of Abd El Krim. Taza is about the same distance to the east. Reinforcements for the French army are reaching the zone in increasing numbers and the French command says it is in a position to deal adequately with any offensive which may be started by the tribesmen.

Local actions continued to be fought at different points along the far-flung battle line. French headquarters reporting that these invariably turn to the advantage of the French. The vicious tactics of the French army are beginning to impress those tribes which have been wavering between allegiance to the Sultan of Morocco and Abd El Krim, notably in the Ouezzan region. Nevertheless the agents of Abd El Krim are continuing to work upon the tribes behind the line, being out of sight of the actual fighting, are more easily won over.

NEW YORK, July 23.—In a drunken rage, Patrolman John Edwards, 30, yesterday shot and killed Mrs. Bertha O'Connor, 36, in her last 36th street apartment in the presence of her young sons. He then shot himself in the head, inflicting a wound from which he died three hours later.

Threatened Resignation Of Sea Lords Of British Admiralty Have Been Averted By Surrender Of "Economy Group" Of Cabinet

Stated that Admiralty, Having Secured Authority to Build Four Cruisers This Year and Three Next Year, Is Willing to Cut Naval Expenditures in Other Directions and Essay Closing of Chatham-Pembroke and Perhaps Gibraltar Dockyards to Offset Cost of Cruisers.

(Associated Press Despatch)
LONDON, July 23.—If the morning newspapers are correctly informed, the threatened resignations of the Sea Lords of the Admiralty have been averted by the surrender of the "economy group" of the cabinet, headed by Winston Churchill, Chancellor of the Exchequer, to W. C. Bridgeman, First Lord of the Admiralty, and the Sea Lords. Mr. Churchill, as guardian of the treasury, had insisted that the country could not afford to lay down more than two new cruisers this year

Government Plans To Make Another Effort Today To Bring British Mine Owners And Workers Together—Anxiety Is Increasing

Miners Are Receiving Sympathetic Support from Labor Generally, and Belief that There Will Be a Stoppage of Work in Mines Seems for Moment Increasing.

(Associated Press Despatch)

LONDON, July 23.—Only nine days remain before the expiration of the present agreement on employment in the coal fields, and there is increasing anxiety as each day slips by without a settlement of the differences between the miners and mine owners concerning a new agreement.

The miners are adamant in their refusal to meet the owners unless the latter withdraw their proposals for a new agreement, and the owners are equally insistent that they will not withdraw the proposals if the word "withdraw" is to be interpreted as "abandon."

Each day the owners have asked the Miners' Federation leaders to meet them with a view to arriving at a definition of the word "withdraw" as a preliminary to negotiations, but the Federation has not seen its way clear to move from its position.

The miners are receiving sympathetic support from labor generally, and the belief that there will be a stoppage of work in the mines seems for the moment increasing. Trade union members of the House of Commons last night sent a resolution to A. J. Cook, secretary of the Miners' Federation, protesting against the mine owners' "degrading attempt to reduce the miners to abject slavery."

It is expected that this will stiffen the miners' attitude, but the understanding is that the Government will make another attempt today to bring the disputants together.

HAVE EXPLODED CHANCES OF SERIOUS DANGER

(Associated Press Despatch)

ATLANTIC CITY, N. J., July 23.—Much of the sting appeared drawn today from the general coal strike threat made to the government on Tuesday by Van A. Bittner, chief union organizer of West Virginia.

Hard coal miners themselves were said to have exploded chances of any serious danger when they declared yesterday their branch of the industry was not to be counted in on any war plans.

The miners said definitely they were aligned with the operators in the understanding that hard coal and soft coal problems must be kept diversified, at least until a new anthracite contract is negotiated to replace the one expiring on August 31st.

Apparently feeling the miners had won a point in public opinion, the operators made what observers demand a bid of their own. This was seen in their quick demand yesterday that the miners agree to continue to work after September first, contract or no contract, and that they also agree to submit any snarls to arbitration by "three impartial persons." The trio in the terms of the offer would be selected by President Coolidge if the litigants could not agree upon themselves.

TOBACCO, HAY AND GRAIN CROPS IN NEW ENGLAND FLATTENED BY RAIN; LIGHTNING CLAIMED FOUR LIVES

In New England Storm Swept Down Barns, Flooded Streets and Cellars and Washed Out Railroad Tracks—Trolley Service and Wire Communication Impeded—In North Hatfield, Mass., Heart of Tobacco District, Crops Were Levelled and Roads Washed Out, With a Loss of Fifty Thousand Dollars.

(Associated Press Despatch)

NEW YORK, July 23.—Four persons were killed by lightning in Metropolitan New York and south New Jersey yesterday. Crops of tobacco, hay and grain were flattened by a severe rainstorm in New England and upstate New York.

A fourteen-year-old boy was killed by lightning in Brooklyn when he attempted to climb a tree to dislodge a kite. A woman was killed at her sewing machine in Somers Point, N. J., a laborer was killed under a tree near Westchester and a soldier struck dead while on duty at Camp Fort Slocum. There were no fatalities in New England but the storm swept down barns, flooded streets and cellars and washed out railroad tracks. Trolley service and wire communication were impeded.

At Rutland, Vermont, the storm started a landslide down Mount Taber, cutting a swath fifteen rods wide and a mile long through valuable timber and blocking a road. In North Hatfield, Mass., the heart of the tobacco district, three barns were razed by the wind. Standing crops were levelled and roads washed out with a loss of fifty thousand dollars.

FRANCE SUFFERS HEAVILY FROM SEVERE STORM

(Associated Press Despatch)

PARIS, July 23.—A series of electric storms last night brought an end to the heat wave with which France has been suffering for many days. Much damage was done throughout the country. The deluge descended on Paris for several hours, making streets impassable. Lightning struck a store in the West End of the city, wrecking it and injuring the owner.

In Normandy the apple and wheat crops and vines were damaged by wind and hail to the extent of several million francs. Immense damage also is reported from the southwestern section of France.

In the eastern Pyrenees the Layrisse and Pique valleys are under water. A factory was carried away by the flood at Luchon and the village of Cierp is submerged. Its inhabitants taking refuge on the roofs of their homes. The garrison of St. Gaudens has gone to their assistance.

Whole fields of wheat in Beaune, one of the most famous wheat regions of Europe, were beaten down flat. Hail stones fell in Bordeaux to a depth of three inches, choking the sewers so that many streets became impassable. The famous vineyards of the region suffered heavily.

DAYTON, TENN., TODAY IS AGAIN BACK TO NORMAL

John Thomas Scopes, Defendant in Evolution Trial, Has Not Decided to Appear on Lecture Platform.

(Associated Press Despatch)

DAYTON, Tenn., July 23.—Robert (Captain) Kidd a messenger who has delivered hundreds of telegrams during the "Scopes trial," summed up the day after the trial in Dayton when he said that "I made \$12 yesterday and the day before and nothing today." The Tennessee scene of the evolution test was back to normal after a period of feverish excitement.

Little was left of the carnival here. Some of the concession stands remained standing, but they were unoccupied.

The "No parking" signs had disappeared, leaving parking on a catch-as-catch-can basis.

John Thomas Scopes, the defendant, was planning to leave in a few days for his home in Paducah, Ky. His programme after that, he said, was uncertain. The twenty-four year old school teacher announced yesterday that he has not decided operations performed on patients of although such a course is under consideration.

KINGSTON, ONT., July 23.—The provincial auditors, engaged for four months, auditing the books of the township of Kingston, found a shortage amounting to about \$15,000. This shortage is for a period of ten years, the length of the time which the Council instructed the auditors to make their search.

EXCHANGE IN NEW YORK AT A NEW HIGH

Reached One-Sixteenth of One Per Cent. Yesterday—Explanation Given by U.S. Bankers.

(Associated Press Despatch)

NEW YORK, July 23.—Canadian exchange in New York touched a new high yesterday, reaching one-sixteenth of one per cent. The record high for any recent period was five-eighths of one per cent, established in November 1924.

Bankers attributed the present high premium to three things: huge exports from the Dominion (a recent estimate for the twelve months ending June 30 placed shipments above the billion dollar mark, an increase of \$16,000,000 over the preceding fiscal year); tourist travel in Canada, and the splendid condition of Canada's grain crop.

CLAIMS DOCTOR EXPERIMENTED WITH KNIFE

Sensational Tale of Deaths Following Operations Performed on Patients of New Jersey State Hospital for the Insane.

(Associated Press Despatch)

TRENTON, N. J., July 23.—A sensational tale of deaths following operations performed on patients of the New Jersey State Hospital for the Insane, this city, was revealed before the Bright Investigating Committee at the State House yesterday by Miss Edith Strong, a nurse who was discharged from the State's service.

Miss Strong, who was a volunteer witness at the resumption of the inquiry into State affairs, yesterday declared that since she took a position at the hospital about one year ago, five patients in her ward died and "only two or three got well," after they had undergone operations.

In nearly every case, Miss Strong testified, the patients opposed the operations, but were rushed into a room "like cattle" given hypodermic injection and operated upon. She claimed that one patient had begged her to save her from the operating table. She charged Dr. Henry A. Cotton, medical director of the hospital, with "experimenting on patients with the knife."

POPE PIUS CONTINUES TO ENJOY BEST OF HEALTH

ROME, July 23.—A newspaper yesterday published a report that Pope Pius had been taken ill, but not seriously, and that his condition would necessitate a complete rest. When told of the fact the Pontiff smilingly said to his informant: "I will read the bulletin of my illness tomorrow."

It is asserted by Vatican officials that the Pontiff is in the best of health, that he is showing absolutely no effect from his arduous Holy Year labors, and was insisting on continuing his personal work, in addition to his routine.

Smith, now of Farnham, who has been visiting here for a short time. Mrs. Smith's serious illness at the time the family moved away had prevented any formal send-off, but her many friends felt they must take this occasion of her visit here to meet and express their appreciation of her labors in connection with both societies for years past. As an office holder and worker her record was surpassed by none, and Mrs. John A. McLeod, on behalf of all the members, voiced their regret at Mrs. Smith's departure and their good wishes for the future of the family in their new home. Mrs. McLeod then presented Mrs. Smith with a beautiful pyrex casserole in a silver holder, the joint gift of the two societies. This is indeed a lovely piece, having been one of the collection on exhibition at the Toronto Fair. After Mrs. Smith had expressed her sincere thanks to the ladies for the unexpected tribute, refresh-

I have about 60 pairs left of the
200 pairs of shoes advertised as
samples. Each pair is worth much
more than \$3.59, the price asked for.
It is your last chance. J. A. Vallan-
court, next door to Laura Secord.

**WILL HOLD QUARTERLY
MEETING**
The Sherbrooke County Women's
Institute will hold their regular
quarterly meeting at the Ascot
Consolidated School on Tuesday
afternoon next, July 28th, com-
mencing at half past two o'clock
(daylight saving time). The usual
routine business will be before the
meeting, and several important mat-
ters are also on the agenda.

FLAG AT HALF-MAST
The flag at the main local office
of the Canadian Bank of Com-
merce is flying at half-mast today
as a mark of tribute to the late
Mrs. William Farwell, who passed
away at her home, Dufferin Ave.,
yesterday morning. Mrs. Farwell
was the mother of Mr. E. Winn Far-
well, manager of the main branch
of the Bank of Commerce, and the
widow of the late Mr. William Far-
well, D.C.L., president of the old
Eastern Townships Bank.

**MAGISTRATE SENTENCED
THREE LIQUOR DE-
FENDANTS**
Three liquor cases were dealt
with by Judge Arthur Godbout, of
St. Georges de Beauce, in the Ma-
gistrate's court yesterday. Judge
Godbout is presiding in place of the
local magistrate, Judge J.H. Lemay,
who is absent from town.

The three defendants appearing
yesterday were Louis Petit, Mar-
cotte Dore and Arthur Elie, who
were all arrested within the past
week in raids on houses suspected
of selling liquor in contravention
of the liquor act. The accused were
all sentenced to one month in pris-
on plus costs, or, failing payment
of costs at the end of the month,
the serving of three additional
months.

POLICE ACTIVITIES
Sherbrooke police again had a
quiet night to report, with no
arrests or disturbances. No Record-
er's Court was held this morning,
all previous cases having been
cleared up and no new ones being
on hand. The fire department was
not called out yesterday or last
night.

Y. M. C. A. BOYS' CAMP
Mr. J. J. Lunn, physical di-
rector, who was in charge of the
Y. M. C. A. Boys' Camp, returned
on Tuesday evening and reported
everything at the senior camp as
very favorable. While the attend-
ance is not as large as was expected,
all at the camp are having a
splendid time. Mr. Lunn left yester-
day for Portland, where he will be
for the next three weeks, and on his
return will make preparations for
an exhibition by local members of
the Association at Canada's Great
Exhibition.

**DISAPPEARANCE OF JEAN
PAUL GENEST**
Jean Paul Genest, fifteen-year-
old son of Mr. L.P. Genest, 97 Kirz
Street East, is missing. The boy
disappeared from his home shortly
before noon yesterday and has not
been seen or heard of since. His
parents know of no reason why he
should leave home, and state
that he has never been away be-
fore. To their knowledge he had
no money when he left and they

LENNOXVILLE

Orange Lodge Formed in Lennox-
ville

A new Orange Lodge was organ-
ized in Lennoxville last night under
very favorable circumstances. The
following old members duly signed
up as members: H. Brewer, J. F.
Wark, R. J. Sutor, J. Stewart, D.
Ross, J. Saunders, A. Sanders, Rev.
F. R. Matthews and S. McHarg.
New members who united with the
lodge were Thomas Cockburn, V.
Raycraft, W. E. Pratt, F. R. Tit-
combe, J. Bolton, P. Bolton, J. Ham-
ilton. The lodge opened with the
R.W. Grand Master, T. C. Thomp-
son, assisted by R.W. Grand Master
W. J. Prinn, Sherbrooke. Other
members of the lodge were present
and put on the degree work.
The first and second degrees were
exemplified, and the third de-
gree will be exemplified at the next
meeting, which will be held on
August 4.

are naturally exceedingly worried
over his disappearance, perhaps
especially since he is their only son.
The police are making a thorough
search for the lad and hope to meet
with success, and any information
concerning him will be gladly re-
ceived.

Young Genest, it is stated, is
quite tall for his age, fifteen years.
When he left home he was wearing
a greenish-gray suit, with short
trousers and a dark-colored peak
cap.

LADIES' SWIMMING CLASSES

Considerable interest having been
shown in a ladies' swimming class,
a regular class will be held every
Tuesday at 10 a.m., and mem-
berships will be issued from now till
the middle of September for \$1.
and, if necessary, provision will be
made for another morning in the
week. There will also be the class
for junior girls to be continued
every Tuesday from 5 to 5.45 p.m.,
and the senior girls swimming class
on the same evening from 7.30 to
8.30 p.m. Any girl able to swim
can take advantage of the hours
mentioned, lady non-members being
permitted to use the pool at those
hours at a charge of twenty-five
cents of each time.

TRIAL REGATTA WILL BE STAGED THIS EVENING

All arrangements have been com-
pleted and everything is now in
readiness for the trial regatta to be
held on the Magog river this even-
ing by the Sherbrooke Canoe Club.
Officials and members of the club
are anxiously waiting to see what
sort of weather will grace the event,
but outside of this, indications point
to a most successful regatta.

The programme will commence at
half past seven o'clock with a con-
cert by the Sherbrooke Regiment
band at the Club house. The regatta
events will include three or four
swimming races and fancy diving,
while there will also be canoe races,
consisting of singles, tandems and
fours.

A large number of enthusiasts
seem to have, in some manner, mixed
the two regattas. This evening's
affair is known as a trial regatta
and will be more or less of a prac-
tice event prior to the Club's annual
regatta, which is scheduled to take
place on Saturday, August 1st.

SPECIAL MEETING OF BOARD OF TRADE CALLED

A special meeting of the Board
of Trade has been called for to-
morrow night at eight o'clock in
the City Hall, as the result of a
delegation which waited on the pre-
sident of the Board, Mr. Andrew
M. Sangster, of the Canadian
Ingersoll-Rand Company, yester-
day. The meeting has to do with
important highway matters.

The delegation which waited on
Mr. Sangster favor either elimina-
tion or restriction of trucking on
the highways of the Province of
Quebec and this will be the matter
discussed at tomorrow night's
meeting. The reason for the res-
triction of elimination of trucking
on the highways is twofold. Firstly
the delegation declared in favor of
the proposal as a means of benefi-
ting the railways, which are suffer-
ing considerably by so much freight
being transported by road. Second-
ly, the heavy trucks cause consid-
erable damage to the highways,
and the delegation felt that some-
thing should be done to prevent this
deterioration of roads. After
hearing the delegation, President
Sangster called a meeting of the
Board for tomorrow night.

MR. MALCOLM LOTHROP PASS-
ED AWAY LAST EVENING

There passed away last evening
at the summer home of Mr. J. R.
Sangster, Little Lake, Mr. Malcolm
Lothrop, eighteen-year-old son of
the late Mr. E. A. Lothrop and Mrs.
Lothrop, of this city. The deceased
had been ill for nearly three
months, during which time he was

LITTLE DAMAGE
WAS CAUSED BY
STORM LOCALLY

Haying Operations Interrupted
—Electric Systems Escaped—
Boy Killed at Amos.

Sherbrooke and the surrounding
districts were visited shortly after
ten o'clock last evening by a rain,
thunder and electrical storm of con-
siderable intensity, but apparently
there was little damage done, al-
though some sections of the Province
suffered more severely.

In the city the rain was probably
an aid to gardens, which had been
getting rather dry up to a few days
ago. The city officials report no
damage done to any of the wires or
plants here, and the Bell Telephone
Company experienced no more inter-
ference than always results from
electric storms. The lightning about
here was mostly of the heat variety.

Haying operations in the country
districts have been considerably in-
terrupted this week by the several
rains, but farmers hope for a good
spell of weather soon. Other crops
have benefited somewhat by these
rains, but the farmers are chiefly
anxious to get in their hay at the
present time.

BOY KILLED BY LIGHTNING.
(Associated Press Despatch)
AMOS, QUE., July 23.—The thir-
teen-year-old son of Mr. Gendreau,
of this place, was instantly killed
here yesterday when he was struck
by lightning during a violent storm
which raged throughout the after-
noon and evening.

tenderly cared for at his home, also
being an inmate of the Sherbrooke
Hospital for some time, and later
being removed to Mr. Sangster's
cottage.

The late Malcolm Lothrop, who
was born in Montreal in 1907, was
well-known in this city, especially
in sporting circles, being an active
member of the local Y. M. C. A., up
to the time of his death. He was
also a member of the first rugby
and basketball teams of the local
High School, where he received his
education, later leaving school to
work in company with his brother,
Mr. Nelson Lothrop, in his father's
business, the Sherbrooke Steam
Laundry.

The deceased leaves to mourn his
loss, besides his mother and brother,
one sister, Ernestine, also a
large number of friends, both young
and old.

The funeral will be held on Fri-
day afternoon at half past three
o'clock from the late residence of
the deceased, Queen street, with
interment in Elmwood Cemetery.

LOCAL MEN HAD SUCCESSFUL
FISHING TRIP

Messrs. Swallow, Placey, Marhe-
w, Ames, Miller and Sears have just re-
turned from an extended fishing trip
to Oxe-Bow Lake, Me., bringing
back some three hundred and fifteen
of the speckled beauties of the kind
one reads about but seldom has the
pleasure of playing with rod and
reel and landing with a net.

The members of the party state
that they had a wonderful trip. They
had planned to spend some weeks
each member taking out a license,
as the waters of Maine are closed.
Together with guide and cook they
packed some fourteen miles through
the mountains and away from civil-
ization, where they built a wigwam
and lografts in preparation for the
"dream which came true."

The trip was made in about four
days time and proved a wonderful
experience. Deer were seen in abun-
dant numbers and the members of the
party claim that the deer would actually
stand and gaze within twenty feet
of the camp at mid-day. The air was
very cool and at night extra blan-
kets were required. The only objec-
tion the members of the party found
to the trip proved to be the black
flies and mosquitoes, which gave the
campers a very hearty welcome.
However, the local fishermen sur-
prised the insects with their vanity
cases filled with menthol and mos-
quito oil, which they declared proved
life-savers.

THE NICHOLS CO.
NOT TO REBUILD
AT CAPELTON

Decision Reached by Officials of
Chemical Company—H. J.
Cordy Transferred to Ontario
Plant of Company.

The Nichols Chemical Company
will not rebuild their sulphite plant
at Capleton, seven miles south of this
city, at least for the present. This
decision has been reached by the
officials of the company after sev-
eral conferences. This plant, it will
be recalled, was destroyed some
months ago in one of the most seri-
ous conflagrations on record for
some time in this district.

This fire laid the works completely
low and left nothing but heaps of
wreckage. Operations in consequence
have been at a standstill ever since,
and the village has presented a
rather deserted appearance, especial-
ly since the chemical plant was prac-
tically the only business enterprise
of importance in that district.

Mr. H. J. Cordy, who has been in
charge of the plant for some years,
and who is well known in this city
and district by business and mining
men, has been transferred to the
Nichols Chemical Company's plant
at the town of Sulphite, Ont. He is
leaving this week to assume his new
duties.

The closing of the Nichols plant
at Capleton means quite a loss to
the Eastern Townships in view of the
value of the production and of the
number of men employed.

ROCK ISLAND AND
DERBY LINE

The Community Fresh Air Fund
services an event which is antici-
pated with a good deal of interest
and enthusiasm by the Three Villages
and the neighboring communities.
This year the service will be held on
Sunday, July 26th, at eight p.m., ad-
vanced time, in the Haskell Opera
House, Rock Island and Derby Line.

The service will be under the direc-
tion of the local clergyman, and Dr.
Ellery Reed, of Plymouth Church,
Sherbrooke, will speak on "Making
the World Safe For The Children."

The musical part of the service
will be very attractive. Mrs. Eldon
C. Irvine will contribute a solo, and
Mr. Eugene Cowles, the well known
basso and composer, will sing his
compositions "The Ship of Mercy,"
and "Open The Gates of The Tem-
ple." Prof. Harlowe Martin will be
in charge of an orchestra which will
lead the congregational singing and
play a selection.

The collection, as usual, will be
divided between the Montreal Fresh
Air Fund and the Boston Floating
Hospital. The appeals sent out by
these charitable organizations are
very urgent, and the promoters of
this service look for a generous con-
tribution to the funds which are so
necessary for the carrying on of this
good work.

GRANITEVILLE

Mr. and Mrs. Fred Blake and
two sons, of Worcester, who have
been spending the past two weeks
with Mrs. Blake's parents, Mr. and
Mrs. W. B. Bullock, at their cottage
at Cedarville, returned home on
Saturday.

Miss Kathleen Bullock, of Sher-
brooke spent the week-end with
her mother, Mrs. W. C. Bullock.

Mrs. Roy Reed, who has been
sick with pneumonia the past two
weeks, is a little better.

Mr. and Mrs. Elmer Wright and
son Corroll, of Glover, Vt., visited
at the home of Mr. J. H. Smith on
Sunday.

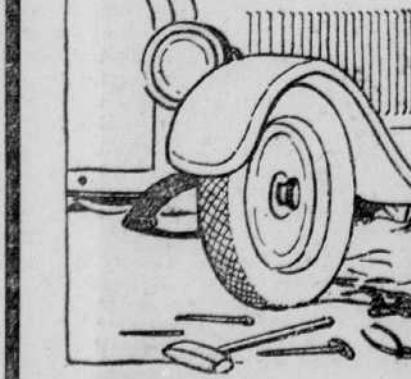

Miss Margaret Woods, of Mont-
real, is visiting her parents.

Mr. Robert Denney and Miss
Janie Mackie, of Beebe, visited at
Mr. Sam McAllister's on Sunday.

Mrs. Robert Hamilton, of Clare-
mont, N.H., who has been visiting
at the home of her father, Mr. Roy
Reed, the past two weeks, returned
home at the end of the week.

BOY SCOUT NEWS

SCOUTING OPINIONS

The Canadian Council for social
service recently secured opinions
from various clergymen all over
the Dominion regarding the Boy
Scout organization, and an excel-
lent little leaflet has been publish-
ed containing these opinions.

It would be impossible to quote
all these letters in full, but perhaps
it will be useful and interesting to
give a few extracts from the op-
inions of clergy in various parts of
the Dominion, in this column from
time to time. For instance a clergy-
man in Prince Edward Island
writes: "To my mind it is the best
all-round organization for boys. For
some years I have used it, and
always found it met the needs of
the particular locality in which I
worked. Scouting will attract and
come down the roughest boy, and at
the same time interest the more re-
fined lad. The Church Lad's Brig-
ades were too militaristic in char-
acter to appeal to all boys, whereas
the Boy Scouts include enough
"military" atmosphere for the pur-
poses of discipline and deportment.
Scouting is most suitable as an
adjunct to church work among boys,
as it can be used as a branch of
the Sunday School and the Bible
Class, and so keep the members of
the junior church together during
the week-day activities. The Patrol
System is especially successful in
this respect."

A clergyman in Nova Scotia who
has had long experience in all sorts
of organizations among young peo-
ple in the parish says: "I think the
Scout programme provides a wider
scope of development and a more
general field of activity than the
Church Lad's Brigade or Cadets.
At the present time we have troops
of Boy Scouts, Sea Scouts, Cubs,
Girl Guides and Brownies, all work-
ing successfully and all doing well.
Once a month we have a church
parade of all these troops at the
Sunday morning service. Our lead-
ers are all actively connected with
the Church and Sunday School, and
excellent results are developing."

Another clergyman in Nova Scotia
who has also had experience with
the Church Lad's Brigade, says:
"I consider that the Boy Scout move-
ment, with its many activities,
both for outdoor and indoor life,
together with the development of
the spiritual life that can be car-
ried on with a church troop of boys,
to be the best organization for our
church boys."

With summer camps finished in-
sofar as the local Scout troops are
concerned, Scouting activities are
going on in the usual way, the two
Sherbrooke and one Lennoxville
Troops holding regular meetings,
and accomplishing as much out-
door work as possible.

THE CALMING OF EXCITEMENT

(From the Christian Science Monitor)

Considered exclusively as a morbid mental or physical activity, and as the word is commonly employed, excitement is very undesirable; considered as an ecstatic emotion of the material senses, wherein mortals believe they find enjoyment, excitement is held to be pleasurable sensation. The time-killer, the sensualist, the leisurely person whose living is assured to him without effort, may believe that pleasure is found in the excitement of the imagination—in drinking, eating, gambling, in eye-sensations of print or picture, or other sensuous indulgences—but, alas, what penalties they pay in reactions of discord and surfeit!

It is coming to be seen that much of the suffering which mortals experience in mental depression, physical disease, and poverty is occasioned by the love of excitement, the idolatrous devotion to selfish personal aims, desires, and pleasures. The love of excitement, with its suppositional and transient sensations, so trains the human mind that excitement becomes its animus and in-

fixed habit, the object of daily pursuits and of nightly wanderings after the flickering gleams of false suggestions. So, after a long-continued dwelling in such illusive hopes and indulgences, excitement becomes in the dominant thought, and the victim of such mistake suffers constantly from its so-called reactions, often imparting the effects to those in his immediate circle who do not or cannot protect themselves from false influence.

Christian Science is doing much in healing mankind both of the false sense, or belief, that abnormal mental and physical excitement affords any real pleasure, and of ill effects which result from such false stimulations. This Science of Christianity also heals men, women and children of many forms of excitement which are little understood; for the practice of this Science calms the thought, bringing sweet peace and surcease from morbid conditions.

In Psalms we read, "The mighty God, even the Lord, hath spoken, and called the earth from the rising of the sun unto the going down thereof." And this is just what the Science of God is doing, calling all, in the words of Ezekiel, to "repent, and turn . . . from your idols." Christian Science reveals that these idols away from which mankind is constantly being called are the five corporeal senses, which constitute all materiality, all the illusions of evil and sin. A proper understanding of this Science shows that in proportion as men and women apply its teachings do they rise above the testimony of these material, personal senses in thought; and, as they gain a better sense of the peace of God, with its joys, excitements lose their attraction and their reactionary effects are destroyed. How much better it is to listen to the call of God, divine Love, and respond to its incitements, which bring health and freedom, than to dabble in the inglorious sensations of the fleshly mind, which never satisfy!

In "Miscellaneous Writings" (p. 228) Mrs. Eddy writes that the very act of refraining from revenge against betrayers "is to be calm amid excitement, just amid lawlessness, and pure amid corruption." "Those who in childlike faith practice this method of overcoming evil with good, gain the love of God, and lose the irritating effects of excitement. As the call of God to reflect His nature, His tender love, is heeded, the Scripture of Hosea is renewedly fulfilled: "When Israel was a child, then I loved him, and called my son out of Egypt."

The world of Egyptian darkness, dwelling in limited mortal beliefs, little recognizes to what extent mortals make personal excitement a god of pleasure. Many, under this delusion, traverse lands and seas in search of novel sensations to lay on the altar of this idol of transient sense. Oppressed with disappointment and weary of the futile search for material pleasures, every one can now heed the call of a loving Father—Mother God, and like the prodigal son of old, leave the husks of error, rise and go to Him, and find peace in the reality of ever present good. "Christian Science reveals God and His idea as the All and Only," writes Mrs. Eddy in "Retrospection and Introspection" (p. 60); and she continues: "It declares that evil is the absence of good; whereas, good is God ever-present, and therefore, evil is unreal and good is all that is real. Christian Science saith to the wave and storm, 'Be still,' and there is a great calm."

BROMPTON

Mr. Gordon Knapp, of Sherbrooke, was here over the week-end to see his parents, Mr. and Mrs. A. H. Knapp, who are quite ill. Latest reports are that they are slowly gaining.

Mr. and Mrs. Earl Robinson, of Berlin, N.H., were here one day last week calling on relatives.

Miss Dorothy Knapp, of East Sherbrooke, is here with her cousin, Miss Evelyn Jamieson.

Mrs. Robert Jameson, of Stratford, Ont., was here recently with Mrs. G. C. Robinson.

Mr. and Mrs. E. E. Perkins, Mrs. C. C. Robinson, Mr. D. M. and Miss Ruby Perkins were in Melbourne on Sunday with Mr. and Mrs. Mayland Gee.

Mrs. I. W. Caswell, of Windsor, spent a couple of days here last week with Mrs. E. E. Perkins.

The Ladies' Aid met on Wednesday afternoon of last week with Mrs. J. E. Young.

MARRIAGES

HEASLIP-HARRINGTON

TORONTO, Ont., July 23.—St. Anthony's church, Bloor street, was the scene of a very attractive wedding on Thursday, July 9th, when Helen Beatrice, daughter of Mr. and Mrs. J. J. Harrington, Havelock street, was united in marriage to Mr. J. Chas. Heaslip, son of Mr. and Mrs. Wallace Heaslip, of Sherbrooke, Quebec. The ceremony was performed by Rev. Father Flannigan. The bride, who was given in marriage by her father, wore a beautiful bridal creation of white satin and lace embroidered in pearls. Her veil of tulle was held with a coronet of orange blossoms. She carried a shower bouquet of Columbia roses and baby's breath. The bride was attended by her sister, Miss Jewell Harrington, who wore a charming gown of orchid satin with hat to match, and carried a bouquet of sweetheart roses. The groom was assisted by his brother, Mr. Donald Heaslip, while Mr. Leo Harrington and Mr. Thos. Harrington, brothers of the bride, acted as ushers. During the signing of the register, Mr. Walter Harrington sang. Immediately following the ceremony a reception was held on the lawn at the home of the bride's parents, Mrs. Harrington, mother of the bride, where the ceremony took place, was beautifully decorated with cut flowers and an arch trimmed with ferns and roses. The Rev. E. C. James performed the ceremony, assisted by Rev. W. E. Longe. The bride, who was given away by her father, wore a gown of white brocade and a veil of tulle held by a bandeau of orange blossoms. She carried a shower bouquet of Ophelia roses and lilies of the valley. She was attended by her sister, Miss Grace Horan, R.N., as maid-of-honor, who wore a frock of honeydew rayon silk and carried mauve and white sweet peas. Mr. L. Whitehead, of Shawinigan Falls, acted as best man. The wedding music was played by Mr. Wright W. Gibson, B.A., and during the signing of the register Miss Kathleen Armstrong sang "At Dawning" (Cadmus). Mrs. Horan, the bride's mother, wore a gown of black satin and a corsage bouquet of American Beauty roses. Mrs. Gow, mother of the groom, was gowned in black silk and her flowers were American Beauty roses.

After the ceremony a buffet luncheon was served to about forty invited guests. Mr. and Mrs. Gow left later on their honeymoon, and will afterwards take up their residence in Shawinigan Falls.

THE RAILWAY PROBLEM

The Senate's proposal for merging the Canadian National and Canadian Pacific Railways does not appear to have been taken very seriously or rather seems to have been regarded as a plan that is not for the immediate present. Some hostile comment comes from the west. The Manitoba Free Press, for example declares that Canada wants lower taxation and reduced deficits on the Canadian National Railways, but would not for these purposes hand over to the Canadian Pacific Railway a monopoly of transportation in Canada. That, it says, is involved in the Senate proposals, because a majority of the fifteen directors provided for in the Senate report would be friends of the C.P.R. The Free Press adds: "What the Commons and Senate at Ottawa had better do is to forget about any grand scheme of amalgamation, and to take immediate action toward writing down the capitalization of the Canadian National lines, which now stands at a little better than two billion dollars. That is an absurd sum on which to attempt to earn a dividend. It should be written down to at least the approximate true value of the system as an operating railway property, and then it would be possible to ask the C.N.R. management to show what it can do toward making the system pay its way. The people of Canada will have to pay for the sum written off the present capitalization, but in doing that they would be left with a properly valued railway system and not with an inflated balloon. It is the sensible way to rid ourselves of an incubus incurred through the co-operative and co-ordinated bungling of former Governments, and of former railway promoters who had a way with them when they made a drive on Ottawa for millions in bond guarantees."

To this the Toronto Globe replies: "Our contemporary is on solid ground in demanding the writing down of the capitalization of the National Railways. The present plan of book-keeping puts public ownership in an unfair light, making it apparently responsible for the frenzied finance which created a huge debt under private ownership. A large amount of extravagant duplication also took place through the competition or privately owned companies. There were too many railways in some places, while others were neglected. The Canadian National attempted to supply this defect, but was thwarted by the Senate; and the result was that the C.P.R. gained possession of new territory at the expense of its rival. It is not surprising, therefore, that there is little confidence in the Senate's desire for fair play, and that its proposals are regarded with suspicion. The chief obstacle to merger is public distrust, and fear that in a conflict of wits between advocates of public and private control the latter will prove the more cunning. The objection is, not to the C.P.R., but to private monopoly of any kind."

Public sentiment is not ripe for a drastic settlement of the Railway question by means of a merger. A few more deficits of the fifty million dollar size, however, would bring the public mind into line for some bold and effective solution. It is very likely that the Canadian National stands at too high a valuation. To write this down, and charge a hundred millions or more to the loss account, would, however, be a poor way to wipe out deficits. The question is about the biggest before the country today.

SHERBROOKE INDUSTRIAL EXPANSION

The announcement of a four story extension to the Julius Kayser and Company's plant in this city, to be erected immediately, is good news. During the past few months there has been increased activity in a number of Sherbrooke's plants and here is an industry that is going so strong that it must immediately increase its plant capacity.

We have here one more promising sign of the times, indicating the steady improvement of conditions.

A SWIMMING POOL

The Local Rotary Club has resolved to construct with the city's consent, a swimming pool for children of the city, to cost \$1500.00 and to be located in the new South Ward park which is being developed in the vacant lot formerly

forming a part of Fairbanks property. The Rotary Club is asking the city to take over the pool after its construction and assume its maintenance and supervision.

The proposal is an excellent one and there can be no doubt that a very useful purpose will be served. Here, under supervision, children may have their plunge in the water and learn to swim. Young children may enter the water in safety. Few cities today are without a properly operated public swimming pool. Sherbrooke will shortly have the addition to its equipment.

It is to be hoped the Rotary Club and City Council will find it possible to co-operate closely in this matter.

LETTERS TO THE EDITOR

THE PULPWOOD QUESTION

Editor of Record,

Dear Sir:

In a letter dated at Newmarket on June 23rd., last, Mr. Frederick Noad attempts to establish as a fact that Canadian mills pay a higher price for their pulpwood than is paid for similar wood for export, and he quotes certain figures from the Dominion Bureau of statistics for 1922 in support of his contention.

The obvious answer to the case which Mr. Noad attempts to make is that if the situation were as he represents it to be, our Canadian pulp and paper manufacturers must be exceedingly poor business men to pay almost \$14.00 a cord for their own wood and allow over a million cords of wood to leave this country at \$10.00 a cord.

Mr. Noad, of course, is either entirely ignorant of the pulpwood trade or else he has deliberately attempted to misrepresent the situation, for anyone with even the most rudimentary knowledge of this business knows that the pulpwood which is exported from Canada brings, in practically every instance, a higher price than that paid by the local mills, otherwise it obviously would not be exported.

I do not know the basis on which these figures which he has quoted are computed, but from a casual study of them I would be inclined to think that the figure shown for the value of wood used by Canadian mills is a price delivered at the plant, whilst that shown as the value of wood for export is computed as at the point of shipment, which would quite readily explain the apparent anomaly.

Very truly yours,
RALPH P. BELL.

MUNICIPAL MATTERS

To The Editor,

Sherbrooke Record

Sir:—In my letter of July 17th., I stated that, within a reasonable short time this city can be brought back to the best times of its history, which were during the boom-days of 1910.

In the face of prevailing conditions this will strike the public as a most extraordinary thing, extremely visionary. Well, possibly it is, but before a definite decision is rendered on this matter we'll see how the present conditions of affairs compare with past years when the same thing was achieved, and that under less favorable circumstances than exist at present. If it be true that history repeats itself, why, this should be no exception.

There was no more visible reason for a boom to break out in this

city in the year of 1910 than there was three years before, or any time between these years.

To bring on this boom took three years. Three years of constant hammering away at a skeptical and distrustful city full of people, who persistently knocked the idea and ridiculed the thought of this city ever becoming anything more than it was. But in spite of this doctrine of development was preached. Then, all of a sudden, the city woke up to the fact that the "vision" had come true. The boom had come and progress accompanied it. The city flourished and confidence was established. The whole city was alive with excitement. Provisions were made for a city of many times its size.

Between the years 1907 and 1910 there was less activity in building and so forth, than there had been during the three years preceding, and, besides this, the city was just suffering with periodical financial depression. Consequently, the times were anything but opportune to boost on a boom with. Anyhow that is what happened, and what was lacking in reality was made up in imagination. It was that visionary confidence that made the boom possible.

At the present time things are not worse than they were in 1907. In fact, they are better for a repetition of good times for Sherbrooke if they are only urged on. The city's assets are greater and so is the city's debt, but never mind that, for that will be taken care of under a new order of city management—a reformed council, an administrative board.

The city's permanent work is practically all finished for some years to come. It has its water works, gas plants, reservoirs, city hall, fire stations, paving, bridges, sewer systems, market and many other things. It also has its hydro electric power to induce industries to locate here. Most of these have been obtained since 1907, so it makes all that much more to brag about and to work on towards encouraging another boom. Besides, it has several million dollars worth of experience and that should produce face value on demand. If it should take three years, as it did before, to bring on this boom, (and the times will be ripe for it then) that won't be so very long to wait and wait for. If one man did this alone, with less advantages to work on and against a city full of knockers, surely the same can be done in less time by an organized team of boosters," with the sentiment of the public behind them. Conversely these conditions, of now and then, and the situation will be clear enough for a fool to understand.

Management has everything to do with the success of every enterprise, commercial and otherwise. It seems foolish to exemplify this by illustration, but it must be done. For example, we will take the Sher-

brooke Exhibition. That started down where the present market is. It was "a cattle show", and from that has grown "Canada's Great Eastern Exhibition." It is the greatest institution of its kind, for the size of the city, on the continent, and that means the world. That's some distinction for Sherbrooke. It is a credit to the city, and not less so for the whole Dominion of Canada. If the Exhibition had depended on a management similar to the system by which this city is governed there would be no annual Fair in this city. No, not even a cattle show, and the market would likely not be where it is. This one example given you shows what "management" means. If this city has not progressed in proportion to the Exhibition and doubled its population, it is due to its unbusiness-like system of government,—nothing else, and it never will amount to much until this system is changed to a more modern and practical one.

This change is coming, but it will not be made until the people are educated to its benefits. At present the citizens know absolutely nothing about a city run by a "business manager". In fact, they are equally as ignorant for the most part about the present system in practice. They do know that it's wrong, but that's all. I shall have more to say about this later, and will also show what action must be taken to bring about this change, accompanied by the advantages of making it; that is, running this city by a "business manager". If the first manager engaged does not save the price of salary for a year during the first twenty-four hours he is on the job, he should be charged with criminal negligence or having accepted bribes.

Sherbrooke, July 23rd, 1925.

SHORT TRUCE BETWEEN DRY FLEET AND RUM RUNNERS

Canadian Sailor, Seriously Ill, Was Brought to Shore by U.S. Cutter.

(Associated Press Despatch.)

ATLANTIC CITY, N.J., July 23.—A Canadian seaman, slowly dying in his bunk on the rum schooner J. Henry McKenzie, 45 miles out at sea, was the cause of a short truce between coastguards and the rum runners yesterday.

The desperate plight of the seaman, who is Robert Harris, 28, of Lunenburg, N.S., reached friends ashore here, who relayed the information to Captain Randolph Ridgely of the "dry navy."

The latter dispatched a cutter, which returned to port here shortly after 6 o'clock Tuesday night, with the stricken sailor. He was turned over to friends who have promised to look after him.

AMENDMENT TO PENSIONS BILL IS TROWN OUT

Wanted Pensions Paid to Those Entitled to Pensions Who Are Going to Reside in Other Districts of Empire.

(Associated Press Despatch.)

LONDON, July 23.—Despite appeals from several quarters of the House of Commons the government successfully resisted a proposed amendment to the widows and orphans and old age pensions bill to the effect that pensions should be paid to those entitled to pensions who are going to reside in other districts of the empire.

On behalf of the government it was stated that administrative difficulties rendered the proposal impracticable although steps were being taken to make a reciprocal arrangement with any Dominion that instituted a similar scheme working in conjunction with the British scheme.

WILL BE TAKEN BACK TO BOSTON TO FACE CHARGE OF CHILD DESERTION

Clause Making Child Desertion an Extraditable Offence Was Employed at Montreal for First Time.

(Associated Press Despatch.)

MONTREAL, July 23.—The recently added clause in the international treaty making child desertion an extraditable offence was employed here for the first time by the United States authorities when Frank St. Elmo, arrested on a complaint from the Boston police charging St. Elmo with neglecting to provide for his child from May 5th., last, appeared in court. He pleaded not guilty, waived extradition and is now awaiting Boston officers who will take him to the United States for trial.

RE-ELECTED GRAND MASTER OF LOYAL ORANGE ORDER

MAJOR LEAGUE CLUBS HAD TO ABANDON PLAY

All National League Games Were Postponed Owing to Rain—No American League Contests Were Scheduled.

(Associated Press Despatch) NEW YORK, July 23.—The New York Giants today took the road for a three weeks' trip which is expected to offer the champions their most severe test of the season.

A four game series in Boston starting today will be followed by a swing through the west, where the pacesetters last month lost their tight grip on first place after opening the campaign with a rush.

The Giants maintained their slight margin over the Pirates yesterday in another day of idleness throughout the circuit, rain forcing a postponement of all contests.

Pittsburgh had a margin of four runs over the Phillies, 7 to 3, when a downpour drove both clubs from the diamond in the fourth. A new assault on first place will be made by the Corsairs beginning today in a home series with St. Louis Cardinals, who have thus far been able to take but two games out of eleven from McKee's cohorts.

American League teams, granted a holiday by the schedule yesterday, are due back on the diamond today.

ST. PATS WERE BEATEN BY EAST SHERBROOKE

Two Teams Are Now on Even Terms in Fight for Lacrosse Honors.

Playing last evening in a scheduled City Lacrosse League fixture on the Parade Grounds, the East Sherbrooke team administered a bad beating to the St. Pat's club by the score of 8 goals to 1. As a result of this victory for the boys from the east, these two clubs are now on an even footing in the race for the championship title.

East Sherbrooke last evening, with a home working to perfection and a stone-wall defence, gave the Irishmen little chance to break through and score on Sawyer.

The game, however, was far more interesting than the score would indicate, for the Sons of Erin never gave up, and played better in the last five minutes than they did earlier in the game. In all fairness to them, it may be said that the absence of their regular goalie, also Parks and Hall, made a considerable difference.

The east side boys had the edge throughout, and at the end of the first period, the score stood 3 goals to 0, Jack Hatcher, Eddie Wolfe and G. McDonald each tallying one.

The second stanza was a repetition of the first, with the boys from across the river still accumulating points, the period ending with the score 5 goals to 0.

In the last stanza the East Sherbrooke team brought their score up to seven, and then in a scramble in front of the Easterners' goal, the ball was batted in for St. Pat's solitary counter, Dorey being the scorer.

Before the end of the game the East Sherbrooke boys added another counter to their list, making the final score 8 goals to 1 in their favor. Those responsible for East Sherbrooke's eight points were Jack Hatcher, 1; A. Couture, 1; G. McDonald, 4; Eddie Wolfe, 1, and J. Morin, 1.

The game was ably handled by Clifford Wilson.

The following is the present standing of the three teams entered in the City Lacrosse League:

	P.	W.	L.
St. Pat's ..	4	2	2
E. Sherbrooke ..	4	2	2
4th Troop Scouts ..	2	1	1

one-sided, the fans present, 400 in number, witnessed a good game, as the Vermonters never lost heart and tried hard to overtake Magog's lead.

Meek again turned in a good game, allowing Island Pond but four hits, two of which came in the first inning. Meek was ably supported by his battery mate, Desmarais, whose work behind the bat was a pleasing feature to watch. Zollinger again broke into the spotlight, getting four hits out of five, a single, two doubles and a three-bagger, while his circus catch off Danforth's bat brought a good hand of applause from the crowd.

Next Sunday "Shy" Kennison will bring his Newport, Vt., team to Magog, and as a big game is looked forward to, the largest crowd of the season is expected. Meek and Desmarais will be the battery for Magog, while Kennison and Kipke will do the work for Newport.

FOOTBALL

CONNAUGHT CUP SERIES
(Associated Press Despatch) WINNIPEG, July 23.—Scoring two goals in the last five minutes of play, Nanaimo, Connaught Cup

holders in 1923, eliminated United Weston, present holders, from the competition by defeating Manitoba's pride by 2 to 1, in the second and final game of the series here last evening. The first game ended in a scoreless draw. Nanaimo will now meet the Eastern winners in a two game series, the first of which will be played here on Saturday, for the Dominion honors.

SURPRISE WAS FURNISHED ON GRAND CIRCUIT

Todd Hart Beat Favorites in the \$10,000 Exchange Club Purse Event Yesterday.

(Associated Press Despatch) KALAMAZOO, July 23.—Todd Hart, bred and owned by G. D. Hart, of Clinton, Iowa, automobile dealer, topped over Trumpet and Hollywood Jessie, the favorites, in the eighteenth renewal of the \$10,000 Exchange Club Purse here yesterday afternoon by a burst of speed that carried the gelding to victory in the second and third heats. The time of the three mile heats averaged 2:06½, which was ¾ seconds slower than the record of 2:03¾ for the event, hung up by Favonian in 1923 and equalled by Fayette National last year.

It required an extra heat to decide the 2:07 trot, with Chrystie Mac, Hurry Up and Cupid's Albin each holding a heat. In the extra mile Hurry Up broke at the far turn and lifted his driver, Ben White, out of the sulky, and then proceeded to get under way and lead the others home under the wire. Chrystie Mac won the extra heat and race, while Cupid's Albin was awarded second money.

The Grand Circuit winners yesterday were:
2.15 pace, \$1,000, 1½ mile heats: Norman Grattan, b.g. by Grattan Royal (Palin), 1, 1, 1. Time 2:21½, 2:21½, 2:24.
2:08 trot, Exchange Club Purse, \$10,000, mile heats: Todd Hart, b.g. by Kentucky Todd (Pulman), 2, 1, 1. Time 2:06½, 2:06½, 2:06½.
2:20 trot, \$3,000, Kalamazoo

\$1,750,000 AT STAKE IN COURT CASE AT QUEBEC

Action Taken by Leaside Engineering Company Against Bayless Pulp and Paper Company.

(Associated Press Despatch) QUEBEC, QUE., July 23.—One and three-quarter million dollars is at stake in the suit which opened here yesterday and which has been brought by the Leaside Engineering Company against the Bayless Pulp and Paper Company. Judge Stein is presiding.

The Leaside Company officials are endeavoring to vindicate \$1,750,000 in shares which the Bayless Company hold in the St. Anne Pulp and Paper Company and the Beapre Pulp and Paper Company. The plaintiffs allege that the shares were sold to them and delivery promised, but it is contended against them that only puppariors regarding such a sale had been entered into in an unofficial manner and that no decision as to sale had been arrived at.

QUEBEC PROVINCE WILL BE REPRESENTED
(Associated Press Despatch) QUEBEC, July 23.—The Province of Quebec will be represented at the first International Congress of Municipalities, which will be held in Paris from September 23 to

October 5, but though several members of the Union of Canadian Municipalities are mentioned in this connection, the cabinet has not yet made a final choice.

Features Which Out-Chrysler Past Chrysler Results

Increased Power—Approximately 10 per cent more torque, giving 70 miles per hour with greater ease and quickness than ever before.

Greater Acceleration—5 to 25 miles in 7 seconds, power enough to climb the steepest grades and pull through deepest mud or sand, from refined power plant with a crankshaft of 50 per cent greater torsional rigidity.

Remarkable Fuel Economy—Carburetion improved to deliver 24 and more miles per gallon of gasoline, notwithstanding increased power and acceleration.

No Vibration—Larger seven-bearing crankshaft and scientifically balanced rotating parts completely smooth out periodic vibration which ordinarily would result from increased power.

Still Easier Gear Shifting—Softer-operating clutch and larger transmission gears to compensate added power give still easier and smoother shifting.

Improved Rear Axle—Ring gears and pinions are larger! Differential carrier heavier to handle increased engine power.

Distinctive Color Combinations—Body colors, in duo, are the most attractive and tasteful ever offered. Chrysler-designed, Fisher-built closed bodies are further refined; attractively low and gracefully rounded.

As other cars strive to draw close to the Chrysler Six—the Chrysler Six pulls farther and farther away.

To emulate Chrysler Six appearance is a privilege almost any one can exercise.

But to approach Chrysler Six performance even distantly is an achievement which Chrysler engineering and Chrysler manufacturing facilities will continue to render difficult to the point of impossibility.

If there was a thrill in Chrysler Six performance before—and the whole world knows there was—that thrill is immeasurably accentuated now.

In spite of almost overwhelming public approval—in spite of a sales success surpassing anything in the history of the industry—in spite of complete and deep-seated satisfaction on the part of more than 53,000 owners—

Walter P. Chrysler and his staff of engineers have never relaxed for a moment their labors to emphasize and enhance the wonderful performance qualities of the Chrysler Six.

Where before there was power beyond the highest ability of any engine of equal size, now there is increased power, in prodigal

plenty—power that the average owner will probably never use to its full extent more than two or three times during his ownership.

Where before get-away and acceleration were swift, they are even swifter now.

The 70-mile speed was always in leash at the tip of your toe—but now, with greater power, it is more easily and more quickly reached.

In smoothness, Chrysler engineering now actually excel the former super-smoothness introduced by Chrysler.

The beauty originated by Chrysler—and which still belongs to Chrysler alone—is re-expressed in refined and attractive body lines and new body colors, with Chrysler-designed closed bodies built by Fisher.

Chrysler pioneered in providing a degree of performance, quality and riding comfort which began to render obsolete the heavy, older-fashioned, costly vehicles; and it now goes even farther, with more alloy steels than before, and with the still higher quality which increased production makes possible.

Chrysler pioneered in designing bodies and creating new beauty on the basis of dynamicsymmetry.

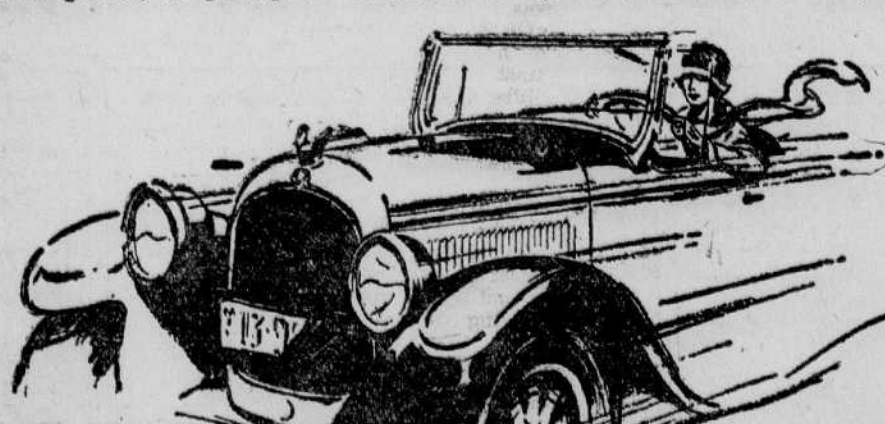

Chrysler pioneered the light, compact quality six, combining utmost convenience with generous roominess—with low center of gravity—with the center line pivot steering which makes the car delightfully easy to handle—with seven-bearing crankshaft—with thermostatic control of motor heat for maximum efficiency—with hydraulic four-wheel brakes to assure safety—with a new scientific spring suspension which prevents sideway.

Chrysler pioneered, almost two years ago, in providing the Purolator—a filter which removes all impurities from the crankcase oil as the motor runs—and set an example which is now being generally followed.

Today's Chrysler Six puts an interpretation on performance, quality, agility, and a riding ease enhanced by Watson stabilizers, as far in advance as was the original Chrysler interpretation almost two years ago.

We are eager to have you drive this new Six for yourself.

If you will do that, you will realize as we do that there is nothing in the present market, and nothing likely to appear, to equal the Chrysler Six.

ANNUAL RACES TO BE HELD AT NORTH HATLEY

Chief Interest Will Centre in Lake
Championship Over Five-Mile
Course.

NORTH HATLEY, July 23.—(Special)—The boat races to be held at North Hatley on Saturday afternoon will call forth considerable interest throughout this section, as was the case last year when the races were run on Lake Massawippi.

Chief interest will centre in the lake championship, which will take place at four o'clock and is to be over a triangular course five miles in length.

"Miss Hatley," the hydroplane owned and raced by Col. O. L. Pope, will defend the cup which was won last summer against a new entrant by Mr. Jas. McCrea, "The Black and White."

The McCrea boat is a slight favorite to win, its body construction being of lighter weight than that of the Pope boat. The two boats are equipped with similar motors of the aeroplane type, 140 H.P. It is likely that a third boat will run in this race, "Massawippi Girl," a very fast displacement boat, also owned by Col. Pope.

The handicap race for the shield donated by Mr. Jas. McCrea will also take place on Saturday afternoon immediately after the race of the hydroplane. This will be the first of three heats to be run during the summer and is open to all boats on the lake. Boats will start on time allowances, time in the last heat to be figured on the average year's series. Any new entries will be timed over the course by person named by the committee. The race is set for 4.30 and the following boats will compete: Ossawtee, owned by R. McCrea; Katherine M., owned by Dr. Buel; Minerva, owned by Mr. Wardman; Niagara, owned by Col. F. M. Pope; The Witch, J. McCrea; Commodore, owned by R. Stebbins; West Wind, owned by S. Patterson; Chetowic, owned by Miss Brock.

Other entries may be handed in at the club house to Mr. G. M. Rodwell, who is secretary to the committee. The sail boat races will be held as usual. The dinghy race at 10.30 a.m. and the half-racers at 2 p.m. Saturday.

General Notes.
Mr. H. C. Walthour, of Savannah, Ga., has arrived at his summer home, called by the serious illness of his mother-in-law, Mrs. Buckman. Mrs. H. C. Walthour and family arrived on Tuesday by motor from Boston, after coming there by boat from Savannah. On her arrival she learned of the serious condition of her mother, who arrived from Savannah a week ago.

Mr. Curtis Abbott, Mrs. Alice Murdoch and the Misses Murdoch, of Boston, have arrived at their summer home.

Mrs. Murdoch left on Tuesday for a short trip to Three Rivers and Shawinigan Falls.

RUM RUNNER, CAR AND BEER ARE CAPTURED

Offender Gives \$1,000 Bail,
Remarking "Another Load
Soon."

ST. JOHNSBURY, Vt., July 23.—"So long, see you later. Be going through soon with another load," said Andrew Cass as he coolly laid down a thousand dollars for his bail, after he had been arrested with a load of Canadian ale which he was trying to get safely across the border above Newport. His little Ford car with its cargo of about three hundred bottles of Frontenac ale was apprehended by Border Patrolmen Paige and Hadlock. Taken before U. S. Commission W. H. Cleary, Cass, who claims West Burke as his home, promptly furnished his bail and waived examination.

This is his second arrest within a short time, Cass having been taken into custody together with Jim Hayes by Canadian officers for failing to report their car when going into Canada. Their load and car were seized and turned over to the immigration officials.

Friday between Troy and Irasburg, Patrolmen Berry and Sherman rounded up a Studebaker roadster and a Buick roadster. There were four men in the cars who made for the woods when they discovered that they were followed and abandoned their treasure. The cars carried a cargo of choice assorted liquors, wine, gin, scotch and ale, about three hundred quarts in all.

Mrs. Moffatt and Mrs. Smith were in Sutton last week calling on friends.

JOHNVILLE
Mr. and Mrs. Fred Burns, of Birchton, and Mrs. Ernest Bowen and Master Donald Bowen, of East Angus, have been guests of friends here.

Mrs. Ellen Warner and Mrs. F. Wark and sons, of Sherbrooke, were calling on friends here recently.

Mr. and Mrs. A. E. Jackson and family, of Beebe, were recent guests of Mr. and Mrs. Stanley Nutbrown.

A very enjoyable event took place at the Guild room on July 10th, when a miscellaneous shower was given by the Guild members for Miss Rosamond Oaks, of Springfield, Mass., whose marriage takes place shortly. The Guild room was attractively decorated with festoons and streamers of pink and white roses and mock orange blossoms.

The guest of honor was escorted to a gaily decorated chair, and the gifts, arranged upon a tea wagon, were brought into the room and presented, of the Guild. A pleasant hour was then spent opening the parcels, and admiring the useful and attractive gifts. The bride-to-be thanked her friends feelingly for their kindness. Dainty refreshments were served, the color scheme of pink and white being carried out in the food.

Miss Oaks is the youngest daughter of the late Mr. Edwin Oaks and Mrs. Oaks, who, with their family, were residents of this place for many years.

COOLIDGE WILL TAKE NO ACTION IN SCOTT CASE

Brother Has as Yet Failed to
Appear—Attorneys Are Still
Hopeful of Saving Accused
from Gallows.

(Associated Press Despatch)
CHICAGO, July 23.—On the slender thread of a remote possibility hangs the chance of Russell Scott to escape death, awaiting him on the gallows at sunrise tomorrow.

This possibility depends on a hearing for clemency which his attorneys insist they have arranged with Governor Small and the last minute appearance of Robert, his brother, indicted with him but never found.

Scott says Robert was the real slayer of Joseph Maurer, a drug clerk, in a hold-up a year ago. A telegram signed with Robert's name and later established as a hoax, caused Governor Small to grant a week's reprieve six hours before the time set for Russell's execution last Friday.

"No eleventh hour circumstances will halt the execution this time," is the only public indication from the Governor, made in a letter from his secretary to Winthrop, Ontario, friends of Scott working to save him.

But Scott's attorneys are hopeful. They have a fund of \$5,000 raised by a group of Detroit club women to aid Scott, and they say new evidence has been uncovered which they feel will induce the Governor to grant a further reprieve. They will ask for a ninety day stay to develop this new evidence.

His spirits sinking as the time draws near for his execution, Scott thinks only the return of his brother can save him. His wife and his father have returned to visit him, after making every effort to obtain the brother's return.

The wife made a plea last night over the radio to Robert "if in the hearing of my voice," to come back, and called on anyone who might know where he is to send him, asking those who oppose capital punishment to add their appeals to Governor Small in her husband's behalf.

Appeals to the Governor and to President Coolidge continue to pour in a steady stream. The president has referred them all to the attorney, regarding the case as beyond his jurisdiction.

A personal appeal to the president would be made by two Detroit club women interested in raising their fund for Scott, his father said on his return from Detroit.

Scott has given out his probable last interview, in which he opposes capital punishment.

"If I'm hanged, then some day innocence will be proved and there will be a great movement against capital punishment," he told newspaper men.

**MAY ATTEMPT TO OBTAIN
WIDOW'S SHARE OF FORTUNE**

**William N. McClintock's Fiancee
Ready to File Suit Against
Mr. and Mrs. W. D. Shepherd.**

CHICAGO, July 23.—Prevented by death from marriage with William Nelson McClintock, Miss Isabelle Pope, his fiancee and a central figure in the bitter legal fight over his million dollar estate, may attempt to obtain a widow's share of the fortune.

She is understood to be ready to file a damage suit against Mr. and Mrs. William D. Shepherd, his foster parents, charging they conspired to prevent her marriage. At the same time she would file another suit to obtain a widow's portion of the estate, which under McClintock's will, goes to Shepherd, with an \$8,000 annuity for Miss Pope.

Shepard recently was acquitted of a charge of killing McClintock with typhoid germs.

Dr. J. E. Lemieux, Quebec's new agent general to Great Britain, who sailed from here yesterday on board the Empress of France, for London to take up his new position.

Dr. Lemieux added that immediately upon his arrival he will endeavor to develop the commercial relations between England and the Province of Quebec.

LATEST NEWS NAVAL POLICY IS ANNOUNCED BY BALDWIN

Two Cruisers to Be Laid Down in
October, Two Next February
and Three Yearly Thereafter.

(Associated Press Despatch)
LONDON, July 23.—Prime Minister Stanley Baldwin announced in the House of Commons today that the British Government's naval construction programme included two cruisers to be laid down in October, two next February and three yearly thereafter, making four cruisers to be constructed this financial year and three next.

The British Government also has decided upon the annual construction of nine destroyers and six submarines, together with certain auxiliary vessels, beginning with the financial year 1926-27, this programme to be continued during the normal life of the present parliament.

Some of the new cruisers will conform to the existing ten thousand ton type and the remainder will be smaller and less expensive, of a type approximately eight thousand tons, to be designed by the admiralty.

The additional expenses this year, which Premier Baldwin estimates at \$527,170 sterling, about \$2,600,000, above the present navy estimates, would be met by the admiralty by savings under other departments and by funds which are likely to accrue by not spending money appropriated.

Concerning the cost of the programme in future years, the Premier explained that the admiralty would make every effort by effecting substantial reductions in maintenance and other charges on the navy estimates to diminish the cost of the new construction.

A new committee of three persons not connected with the government would be appointed as soon as possible to examine the costs of maintenance in all branches of the British fighting services, he said.

FIRMER TONE RECORDED ON WALL STREET MARKET

(Associated Press Despatch)
NEW YORK, July 23.—Renewed buying of popular industrial specialties and the tendency shown by market leaders to recover from their recent setback imparted a firmer tone to stock trading at the opening of business today. National Biscuit and United States Industrial Alcohol scored initial gains of more than two points each, while United States Steel, General Electric and American Can moved up fractionally.

NEW YORK PRESS MARKET COMMENT

Furnished by
McManamy & Walsh

Journal of Commerce—The reactionary tendencies that have been noticed for some time past were in evidence and the large majority of all active stocks worked lower. Wall Street Journal—Although reports from the steel trade and the transportation industry betokened a sound condition in the nation's business structure, and an exceptionally promising outlook for autumn, stocks were sluggish yesterday.

Wall Street Journal will say today:—

Rock Island gains in 1925 expected. Management looks for largest gross since 1921 and best net earnings since 1917.

**ASBESTOS ISSUES AGAIN
STRONG AT MONTREAL**

(Associated Press Despatch)
MONTREAL, July 23.—The Asbestos issues were again strong at the opening of today's stock market on persistent rumors that the much mooted merger of asbestos companies would eventually take place.

Asbestos common, the most active issue, rose 1/4 to 74 1/2, while the preferred advanced 1 to 106. Shawinigan was also fairly active, but sold unchanged at 159. The only other leader to receive much attention was Consolidated Smelters, which was up 1/2 to 99. Wabasso Cotton was up 2 to 61 in light trading.

NEWS BUDGET OF INTEREST FROM BEDFORD

List of Personals and Newsy Notes of Interest to Bedford Residents—Meeting Held to Discuss Ways and Means.

BEDFORD, Que., July, 23.—Mrs. Robert Paul, of Montreal, was the guest in Montreal of her sister, Mrs. Harry Jones. During the past week, Mr. Paul joined them for the week-end and spent Saturday afternoon at Knowlton.

Mr. Neil Lagrange, of Guthrie, was a visitor to Bedford on Monday.

Mr. and Mrs. Percy Rhicard, of Stanbridge East, accompanied Mr. and Mrs. Wilbur Borden in their

car to Potton Springs on Sunday.

As Mr. Walter McNamara was driving on the road leading from Stanbridge Station on Sunday afternoon, his car was struck by another motor doing considerable damage to Mr. McNamara's car, and throwing the occupants out.

Rev. J. B. Messier, with Mr. R. N. Bail and Mr. J. Paradis, left on Monday on a motor trip to New York City and other points, and expect to be away for two weeks.

Mrs. Robert Paul, of Montreal, motored with her sister to Cowansville on Friday and called on Mrs. Stockwell and some of her old college friends.

Mrs. Blinn and Miss Grace Blinn, of Frelighsburg, are visiting Mrs. L. L. Thomas this week.

Mrs. M. Chevalier, of Pigeon Hill, was in Bedford on Monday for a few hours.

Visitors on Sunday of Mr. and Mrs. W. A. Sheltus included Miss Doris Foster, of Cowansville, Dr. E. A. Blake, of St. Albans, Vt., Mrs. Fred Sheltus and daughter, Miss Louis Sheltus of Chicago, Ill., Mr. and Mrs. Anson Sheltus, with their son, Mr. Jay Sheltus of St. Armand,

and Mr. Hannibal Sheltus of Cookshire.

Mrs. Vernon Connolly and Miss Bernice Litcock, of Boston, Mass., who are here visiting their sister, Mrs. Hiram Best, spent the past week-end in St. Albans, Vt., with Mrs. Clarence Best and Mr. Best.

Mr. Archambault, Dominica Father, of St. Hyacinthe, has charge of St. Damien parish during the absence of Rev. J. B. Messier, who is on a motor trip to New York with a party of friends.

The friends of the Rev. Atchison, rector of Stanbridge East, will be pleased to know that he has so far recovered from his recent illness so as to be able to take charge of both services on Sunday last.

After a very pleasant trip to Ottawa with Granby friends, Miss Jessie Blackwood has returned to spend the holidays with her aunt, Mrs. Thomas Hunter.

Mr. and Mrs. James Lorden with their children of Cowansville, were guests of the former's parents, Mr. and Mrs. Lorden, for over the week-end. Mr. Lorden, who is on the Bank of Commerce staff, and has been for several years at Hunting-

don, has recently been transferred to the branch at Cowansville.

Miss Doris Jones was a visitor at the home of Mr. George Cammells, of St. Armand, on Sunday.

Mr. Thomas Haliday, of Richmond, a former resident of this town, was among the Masons who attended the annual church parade on Sunday at the United Church.

Mrs. Forest Smith is now able to be out again after her recent illness during the past week.

Mr. and Mrs. D. J. Reid, Miss Barbara and Master Jack Reid left on Friday for Torrington, Conn., Pittsfield, Mass., to be gone for two weeks' holidays and are the guests of Mrs. Reid's parents during their stay in Torrington.

Mr. and Mrs. Byron Gardner, of Pigeon Hill, were among those who attended the Masonic gathering on Sunday at the United Church.

Mr. and Mrs. L. L. Thomas with their daughter, Mrs. Carl Vaughan and Mr. Vaughan and Miss Hilda and Master Clifford Vaughan and Mr. A. Sager motored to Burlington, Vt., on Sunday, where the Thomas family met for a reunion.

Mr. and Mrs. A. J. Thomas of

Abbottford, and Dr. Thomas, of Enosburg Falls, Vt., were among those present. A most pleasant time was enjoyed, and the weather was ideal for a picnic at the Ethan Allen park, where the reunion was held.

Mrs. J. J. Borden motored with her son, Mr. Wilbur Borden and Mrs. Borden and Mr. and Mrs. Percy Rhicard to Potton Springs on Sunday last.

Mr. and Mrs. Henry Connor went to Potton Springs on Thursday for a stay of two weeks at that popular summer resort.

Mr. and Mrs. Herbert Bieber, Colonel Ewings, Mr. Thomas Haliday, of Richmond, motored to Bedford on Sunday, and were the guest of friends for a short time, returning to Richmond the same evening.

Mr. Scagel, of Stanbridge East, was here on Sunday and attended divine service at the United church on Sunday afternoon.

Miss Doris Cammells is leaving soon for Concord, N. H., to spend part of her holidays with relatives.

A meeting was held recently at the home of Mrs. Edwin Currie Upper Bedford, to consult ways

and means of furnishing a table in aid of the Sweetsburg Hospital, whose management is holding a bazaar or sale on August 4th., at that place. The meeting was composed of ladies from both the Anglican and Methodist churches, who formed their committees and made other arrangements during the meeting. All contributions should be sent to Mrs. Edwin Currie Upper Bedford.

On Sunday morning next at St. James Church, a brass tablet will be dedicated to the glory of God and to the memory of the late Frank D. Walsh, who was a resident of this town and was also a warden of St. James' Church for many years. It is expected that the Rev. Walter Windsor of the Church of the Ascension, Montreal, will assist at the service. He was at one time rector of St. James' parish here.

Mr. and Mrs. Robert Paul returned to Montreal on Sunday evening.
