ALDERMEN WILL GRAPPLE WITH MAY MOVING EVIL

Legislation Committee Gives the Canadian Autobus Company the Routes It Wants, and Talks of Grants to the Parks Commission.

At a meeting of the Legislation Committee this morning, it was decided to request the city law department in what way the law can be amended to stop the May moving necessity.

It is reported that since the property qualification for aldermen has been abolished a number of candidates standing on this platform to reform the leasing law, are preparing to come out in many wards. The present aldermen say that they are just as sincere in their desires to wipe out this abuse.

The application of the Canadian Autobus Company for new routes was endorsed. The following are the extra routes given:—Atwater avenue, from Notre Dame street to Dorchester street; St. Antoine street, from corner of Little Craig street to Atwater avenue; St. Urbain street from Sherbrooke street to Bernard avenue; Laval avenue, from Sherbrooke street to Mount Royal avenue; St. Hubert street, from St. Catherine street to Mount Royal avenue; Papineau avenue, from St. Catherine street, via Papineau avenue, Ontario street, Delorimier avenue to Mount Royal avenue; Sherbrooke street, from Papineau avenue to Delorimier avenue; Roy street, from Park Lafontaine street, by Roy, St. Denis, Pine, Park, Prince Arthur, St. Louis Square, St. Denis street, Cherrier street, Park Lafontaine to give direct connection from Lafontaine Park to Fletcher's Field and Mount Royal Park; Inspector street, from St. James street to Lagauchetiere street; Mansfield street, from Lagauchetiere to St. Catherine street; Cathedral street, from St. Antoine street to Dominion Square.

Alderman L. A. Lapointe brought up the Metropolitan Parks Commission question. He said he would amend the charter so as to permit the city to vote money to the commission out of the loan fund instead of by a special tax as proposed. The city could advance sufficient money to prepare a general plan of the city in anticipation of the ratification of the amendment by the Legislature. The increase in property valuation, said he, is enormous, and the city's borrowing power should be reduced to ten percent.

The committee declined to take action on the recommendation of Mr. O. Champagne, chief city boiler inspector, to compel the railway companies running into the city to take steam locomotives off the tracks. Mr. Champagne was told to go to the Dominion Railway Commission for the required order. This matter is not within the jurisdiction of the council.

The request of the Canadian Northern Railway for exemption from the ordinance prohibiting it to blow whistles in Longue Pointe Ward was refused.

The request of a society in Vancouver to resist the passage of the Bank Act on the ground that it created a money trust was not entertained. 'This is a matter for Parliament to settle,' said Alderman Lapointe.

MONTREAL POLICE MADE NEARLY SEVEN THOUSAND ARRESTS FOR DRUNKENNESS

The great amount of work done by the police force in the past year is the subject of the annual report of Police Chief Campeau for 1912. Only the Chief does not say whether it is great or small, good or bad, but gives solid facts, striking and telling facts, that speak louder than praise.

The report covers the ground thoroughly. The detective department last year recovered articles worth $130,207.05, against articles worth $97,875.58 last year. It made 2,277 arrests last year, against 2,212 the year before, and the detectives looked into 6,276 complaints, against 5,781 in the previous year. Eight betting houses were raided by the detectives in the past year. The complaints received included 374 disappearances, 218 horses and vehicles stolen, 185 bicycles stolen, 60 dogs stolen, and 12 deserters from the army.

Medical consultations and surgical treatment were given to 1,767 members of the police force, there were four deaths, one being a suicide.

Among the prisoners, 60 cases of delirium tremens, 119 of cocainism, insanity or delirium, 20 of hysteria, 120 of alcoholic poisoning, and three of tuberculosis were treated.

MORALITY SQUAD DID ACTIVE WORK.

The Morality Squad, under Inspector O'Keefe, raided 196 houses, found 677 women, and 388 men in disorderly houses, arrested 154 street walkers, raided seven gambling houses, where it found 145 men, returned eleven girls to their parents, and made 15 arrests for cocaine selling. There were also 98 arrests for selling liquor without a license, and fifteen picture shows were prosecuted for allowing children within their doors unaccompanied by parents or guardians.

The personnel of the force comprises 808 officers, 29 detectives, 2 assistant detectives, 20 sergeants, 51 lieutenants, 25 captains, 647 constables, and one matron.

The services performed by the police last year were: Call 23,109; calls with arests, 9,671; fires, 2,753; sent to hospital, 693; sudden deaths reported 25; strayed children looked after, 1,671; stores found open, 1,782; sidewalks reported in bad order, 240; cows impounded, 154; protected 1,530 males and 740 females.

SIXTY-SIX HUNDRED ARRESTS FOR DRUNKENNESS.

The following are the chief of the criminal statistics given: Males — Drunk, 5,191 cases; drunk and disorderly, 678; drunk in charge of vehicles, 360; a total of 6,209 cases of alcoholism; fast driving, 138; highway robbery, 23; photographing on Sunday, 1; illicit still, 2; spitting on the sidewalk, 17; shooting in the street, 5; stealing, 612; expectorating in tramcars, 4; throwing snowballs, 3; threatening language, 23; threats to shoot, 2; vagrancy, 153; attacking girls, 9. Females—Drunk, 343; attacking men in the street, 14; begging, 24; damaging property, 14; drunk and disorderly, 71; drunk and loitering, 26; fighting, 7; inmates of disorderly houses, 471; indecent conduct, 16; keeping disorderly houses, 170; stealing, 36. The total cases of male and female drunkenness taken into custody therefore amount to 6,649.

LIST OF ARRESTS BY NATIONALITIES.

The nationalities arrested were as follows: Canadians, 10,554; English, 1,582; Irish 2,262; Scotch, 638; American, 395; French, 239; Italians, 337; Germans, 103; Newfoundlanders, 8; Swedes, 36; Norwegians, 27; Swiss, 3; Danes, 8; Belgians, 28; Spaniards, 5; Poles, 275; Australians, 73; East Indians, 10; Greeks, 53; F sians, 780; Roumanians, 113; Chinese, 153; Syrians, 39; Turks, 4; Persians, 1; Japanese, 1; Finns, 8; Africans, 2; Cubans, 1; Hollanders, 6; Hungarians, 7. Total, 7729.

Some of the occupations of those arrested were Laborer, 6,009; cigarmakers, 457; carpenters, 258; conductors, 13; actors, 4; actress, 1; agents, 171; editors, 1; doctors, 1; dentists, 2; hackmen, 195; housekeepers, 332; laundresses, 225; no occupation, 2,030; waitresses, 20.

YOUNG WOMAN KILLED BY AN UNKNOWN AUTO.

Which is Driven Off at an Increased Speed After the Accident.

While getting off a car at the corner of Park and Mount Royal avenues, about 12 o'clock last evening, Miss Beatrice Barette, 24 years of age, was knocked unconscious by an automobile, whose occupants are unknown, and taken to the Royal Victoria Hospital, where she died a couple of hours later. Her sister, Mrs. Daoust, wife of Constable Daoust, of the St. Lawrence street police station, managed to get out of the way of the speeding car, but Miss Barette was knocked down and run over by the car, which put on still more speed and disappeared with its six occupants before any one got the number.

The injured woman was carried in an unconscious condition to the office of Dr. F. O. Anderson, on Park avenue, and thence taken in an ambulance to the Royal Victoria Hospital, where it was seen that she was beyond medical aid. She died at two o'clock this morning, without having regained consciousness.

NEW $120,000 CHURCH.

Plans for a new Roman Catholic Church to cost $120,000, and to be built on Bernard street, Laurier ward, were submitted to Mr. Alcide Chausse, city building inspector, to-day. It will be called St. George's Church.

BOMB SHATTERS INSTRUMENTS OF OBSERVATORY

Royal Building in Edinburgh Escapes Injury; Suffragettes Suspected of Outrage.

Edinburgh, Scotland, May 21. — A bomb exploded in the west dome of the Royal Observatory here at half-past one this morning. The astronomical instruments were badly deranged, but the building itself escaped serious damage The bomb consisted of an earthenware vessel filled with gunpowder.

The militant suffragettes are suspected by the authorities of being the perpetrators of the outrage.

City Floats Loan of Seven Millions

The city has just succeeded in floating a loan for one million four hundred thousand pounds sterling in London at par. The city pays 4 1-2 percent interest, and the net realization will be 97, as against 96.82 on the occasion of the last loan floated. This has been done through the Bank of Montreal.

German Emperor Presents Throne as Wedding Gift to His Daughter

Will Proclaim Brunswick an Independent Duchy of German Kingdom.

BRIDE AND GROOM THE REIGNING SOVEREIGNS

England's King and Queen Welcomed at Berlin on Arrival for Festivities.

Berlin, May 21.—According to the 'Lokal Anzeiger,' which claims to be a semi-official newspaper, the German Emperor's principal gift to Prince Ernest of Cumberland and Princess Victoria Luise, the Emperor's daughter, whose marriage is to be celebrated on Saturday next, will be a throne.

The Emperor, it is declared, intends to proclaim Brunswick an independent German duchy with Prince Ernest and Princess Victoria as its first reigning sovereigns.

The Bundesrath, it is added, has already completed the legal and political formalities, and Brunswick, the capital to the future duchy, is busily preparing a state entry for the new rulers.

This step on the part of the Kaiser is looked upon as the ending of the long-standing feud between the Hohenzollerns and Guelphs.

PREPARATIONS FOR ELABORATE FESTIVITIES.

Berlin, May 21.—Garlands, flags, poles and decorations of all sorts adorn the Unter den Linden and all the streets and avenues through which next Saturday's wedding procession will proceed. The official programme for the three days' festivities has just been issued. It enumerates a series of luncheons and dinners to the foreign sovereigns and members of the

PRINCE ERNEST OF CUMBERLAND, Who will wed the only daughter of the German Emperor on Saturday next.

princely families related to the Emperor and to the prospective bridegroom, Prince Ernest August of Cumberland, and receptions to the ambassadors and delegates from the German states, duchies and colonies. After the great State banquet on Friday night there will be a visit to the Opera House by the three Emperors and all the distinguished visitors. This will undoubtedly be one of the most magnificent of the public functions.

PRINCESS VICTORIA LUISE.

Earlier on Friday the gifts from Hanover, Brunswick and other states and cities will be presented.

The civil marriage is timed for 4.30 p.m. on Saturday in the great hall of state at Schloss. The grand marshal, Count Eulenberg, will officiate. As soon as the civil ceremony is concluded the procession to the Palace chapel will start.

The Rev. Dr. Dryander will conduct the church wedding.

A MAGNIFICENT PARADE.

Then will come the great parade through Berlin, a spectacle which bids fair to be more magnificent than any living Berliner has been privileged to see before.

And while Berlin is en fete, ablaze with illuminations, crowds parading the parks and streets, the banquet at the Schloss will be served and the toast to the newly-wedded couple proposed by the Emperor William in a speech which will be cabled around the world.

Officers of the 1st Dragoon Guards, whose colonel is King George of England, have arranged a 'high breakfast,' Berlin style, for the British monarch and their regimental commander, to be given on Sunday morning.

Not to be outdone, the officers of the Czar Alexander Regiment of Imperial German Grenadier Guards, whose colonel is Czar Nicholas, will give a breakfast, Russian style, to the Russian Emperor at the officers' club on the same day and hour.

St. Petersburg, May 21.—Emperor Nicholas left here yesterday for Berlin to the wedding on May 24 of Princess Victoria Luise, the German Emperor's daughter, and Prince Ernest August of Cumberland.

Berlin, May 21.—The official receptions started this morning with the arrival here of the bridegroom, and the State entry into Berlin of King George and Queen Mary of England.

There was no ceremony to greet Prince Ernest. He drove at once in an automobile to the castle, where he took breakfast with his bride-to-be before returning to the station to meet the British Royalties.

At the station awaiting the arrival of the Royal train were the Emperor William and Crown Prince Frederick William, in the uniforms of their British regiments, together with the Empress and the Crown Princess. All the Royal personages and princes assembled in Berlin, and a mass of brilliantly uniformed military and naval officers and ministerial and court functionaries surrounded them.

King George and Queen Mary, when they alighted from the train, were greeted with the customary cordial embraces by the Emperor and Empress, and the other members of the Imperial family.

King George and the Emperor William then jointly passed in review the guard of honor drawn up on the platform.

This completed, the two monarchs, together, and the Queen and the Empress side by side, drove in open state carriages through the avenue of Victory and Unter den Linden to the castle, each carriage escorted by a squadron of cavalry with pennoned lances. The wide thoroughfares were lined with troops of the Guards Army Corps, and behind them all Berlin seemed to have gathered.

The dirigible balloons 'Zeppelin' and 'Hansa,' flying the British colors, had accompanied the Royal train from Rathenow, about fifty miles away, and hovered over the carriages as they drove toward the castle.

IS NEW BUILDING WANTED BY THEOLOGICAL COLLEGE?

Rev. R. W. Dickie Doubts if Larger College, More Distinguished Professors and Greater Endowments Would Attract More Candidates to the Ministry---Gives His Impressions of the Scheme of Federation.

The Rev. Robert W. Dickie, pastor of the Crescent Street Church, writing to the 'Witness' in regard to the scheme of federation of the Theological College in Montreal, says:

'May I add a word to the dicsussion of the question of the proposed new Theological College for Montreal? While I am a believer in church union and am satisfied with the measure of co-operation among the colleges during the past session I find myself unable to support the project which the committee have in hand for a union building and union endowments. In stating my reasons I do so with much deference to the disinterested services of the men who are desirous of magnifying the study of Theology in this way. But, as there is by no means a unanimity of opinion on this project among those who sympathize with the end aimed at, it is only just that reasons for opposing it should be stated whatever they may be worth.

'1. There seems to be no evident need for a new building. I should judge that less than half of the class-room space of the four colleges was in use at any one time during the past session. Some slight interior alterations would give sufficiently large class-rooms to accommodate much larger classes than we are likely to have for many years.

'If the only reason for a new building is to overcome "a certain feeling of discomfort and sacrifice of individualism on the part of students of one denomination taking lectures in the college of another, that seems to me a feeling which those interested in more friendly relations between the churches should not encourage."

SUGGESTS BETTER USE OF FRIENDS.

'2. Some of our Theological professors do not receive a respectable stipend. With the endeavor to improve such conditions I much sympathize. But if we are to have a union college it would seem that the more reasonable course would be to make a better use of the funds which these colleges already have rather than to appeal for more. If I am rightly informed these colleges together graduated sixteen men this year and I think they have just sixteen professors. The Theological Colleges of Scotland, from which we might learn much, have only five, or at most, six professors each and they graduate a larger number of men. So far from showing any desire to reduce the staff to proportions more in keeping with the number of students the committee plainly state they wish more funds with which to enlarge the teaching staff by extra lectureships.

'3. One may sympathize with the good purpose of "magnifying theology," and yet question the methods by which the committee seek to attain it. We all much lament the lack of candidates for the work of the ministry. But will a larger college, more distinguished professors, greater endowments, make any appreciable difference in this respect? My impression is that nine men out of ten who go into the church do so for the reason that they feel themselves called to the work of the ministry. I am not sure that others, generally speaking, are desirable candidates. Now many men do attend such colleges as "Union" and "Chicago"—which seem to be the ideals of those projecting this scheme—after they have felt themselves called to the work of the ministry, but is there any ground for believing that the call ever comes through these colleges, no matter how complete their equipment may be?

WANTS BETTER EDUCATED MINISTERS.

'We all likewise regret that our colleges are not giving us better educated ministers, for however good in this respect, we should still like to see them better. But the fault would seem not to lie with our theological colleges. No theological college, however well equipped, can in three years, send out an educated minister if the student has little aptitude for learning or culture, or inadequate preliminary training. If we want better educated men entering our ministry, we shall have rather to look to the material our colleges get, and to insist more rigidly on a thorough university training.

'4. I have no doubt we can never greatly improve our training of candidates for the ministry, or worthily magnify the study of theology along the lines proposed by the committee, which have this matter in hand. So far as their policy has been given to the public it would seem that they propose to do it by buying and hiring a policy much in vogue with builders of American educational institutions, but one which cannot be said to be yet past the experimental stage. The fact still remains that the best educational institutions in the world are the best instructors cannot be bought with money. Nor is it necessary that an instructor should have a world reputation in order to be efficient. The greatest theological scholar in America twenty years ago, whose name was known in all the churches, was confessedly one of the poorest instructors, while the greatest teacher they ever had in Toronto—one of the greatest in America—was Geo. Paxton Young, who was known only to his friends, and his students. It may be very flattering to the student to sit under a world celebrated scholar, and very gratifying to the directors of the college, but that is in no way any guarantee that he will be an efficient instructor. Given competent scholarship and culture, everything depends upon the spirit of the man and his ability to instruct. I think our theological colleges would be well advised to disregard this passion for celebrities, which is alien to the spirit of true culture.

THE CONTROL OF EDUCATION.

'5. I regret that this movement would seem to take the control of the education of a church's candidates for the ministry out of its hands, and commit it to the hands of a body not responsible to it. Connected with four bodies it is responsible to none so long as they remain apart. This would seem to mean an increasing remoteness of the college from the life of the church. Perhaps some one may be able to point to a theological college which has passed out of the hands of a church which has maintained the ideal of training ministers, and not that of making progress, I cannot.'

KILLED BY LIGHTNING.

Charlottetown, P.E.I., May 21.—Jonathan Adams, aged 40, a farmer, of Oleary, was instantly killed by lightning yesterday, when standing at his barn door. The barn was partially shattered. Mrs. Adams and her young son, who were in the barn, had a miraculous escape.

VICTORIA DAY.

In order that the staff and employees may have the full benefit of the week-end holiday, the first of the out-of-doors holidays of the year, the 'Daily Witness' will not be published on Saturday next, Victoria Day. The usual Saturday departments and special features will be incorporated in Friday's 'Witness,' which will be enlarged accordingly.

Advertisers and contributors are asked to assist in this holiday-giving by seeing that all copy intended for our week-end issue reaches the 'Witness' office not later than to-morrow (Thursday) evening.

AMBITIONS OF AUSTRIA ARE SIGNIFICANT

Government to Ask Big Expropriations For Strong Mediterranean Service.

EMANCIPATION FROM MILITARY CONTROL.

A Navy 'Second to None,' Says Cable---Via New York.

New York, May 21.—A cable from Vienna to the 'Tribune' says: On the recommendation of the Prince Imperial, Archduke Franz Ferdinand, the Austrian Government has determined to emancipate the navy from the control of military landsmen. Investigation shows that millions in dollars have been wasted because the votes of army officers in the Council of the War Department have hindered proper economies.

Austria is now ambitious to build a navy second to none on the sea. Heavy appropriations are to be asked for Dreadnoughts and cruisers for service in the Mediterranean, while many new coast defence ships are to be put in commission on the Danube. Hitherto the navy has been administered as a department of the War Office. This old-fashioned arrangement has long been criticised.

Archduke Franz Ferdinand holds that the great lesson taught by the Balkan War is that specialists must be entrusted with the free conduct of each arm of the service. The only question, he says, which should be left to civilians is how much the nation can afford to spend for real preparedness.

One More Examination

Medical Students Face Their Last Trial on Friday.

The last sessional examination of the present session in the Faculty of Medicine of McGill University, will take place on Friday, and then for the next eleven days, until the results are announced on June 3rd, the students will be in an anxious state of mind until they learn what estimate the examiners have put on their labors. This year the students in Medicine, and the Dental Department is in excess of last year, the numbers being 358 in the former, and 34 in the latter, making a total of 392, while last year the total in both departments was 352, the increase this year being principally in medicine. The graduating classes are much the same as last session, sixty-one students composing the fifth year (or graduating class in Medicine), and four students in the Dental Department.

CONVOCATION ON JUNE 6TH.

The annual Convocation will take place in the large hall of the Royal Victoria College, on the afternoon of Friday, June 6th, when, in addition to the presentation of prizes, conferring of degrees, etc., the degree of LL.D. will be conferred on Dr. James Algernon Temple, of Toronto, who is a distinguished graduate of McGill University, and who will give an address to the graduates.

The Post Graduate course, which has already been referred to in the 'Witness,' starts on Monday next, at the General and Royal Victoria Hospitals, and this year, instead of the students having to take all the courses laid down in the programme that has been sketched out, they can choose their own subjects.

CATERPILLARS' RAVAGES.

Ald. Drummond to-day told the Board of Control that caterpillars were ravaging the trees in Rosemount Ward, and particularly in Drummond Park. There are many apple trees in this section, and these are covered with the pest.

ALD. LAPOINTE CHAFES AT DELAY.

Ald. L. A. Lapointe was inquiring at the City Hall to-day as to the cause of the delay in dealing with the tramways question. He said the time was ripe for a settlement, and he could see no reason why this question should be put off any longer by the City Hall or other authorities.

'If our own officials have not completed their reports,' he said, 'they must be made to hurry up, for this question has been dragging on long enough.'

DO NOT LISTEN TO WAR TALK, SAYS WESTMINSTER

Responsible Statesmen Convinced That There Will Be No More Fighting in Balkans.

LASTING PEACE IS NOW IN SIGHT

Way Being Paved For Another Conference at St. James Palace.

(By Marconi Transatlantic Wireless from Our Own Correspondent.)

London, May 21.— It really seems that there are some people who are anxious that the strife in the Balkans should continue.

Some newspapers are almost gloating over the prospects of further complications. They are now predicting that Servia and Bulgaria will yet fight over the division of spoils, just as a short time ago they predicted that Montenegro would fight for her claims.

It seems necessary, therefore, again to assert, that the responsible statesmen here are convinced that there will be no more fighting. The ambassadorial conferences in London are producing an excellent impression, and it is believed that when the representatives of the belligerents meet in St. James Palace, their task of settlement will be fairly easy.

It is most important in the social and economic interests of these distressful States, that they should now enjoy a lasting peace.

The Great Powers are determined to do their utmost to ensure this, and a treaty will be prepared with the utmost care so as to prevent misunderstandings in the future.

HUNTING FOR A WILD WOMAN IN THE WOODS

Mr. O. H. Skroder Goes to Grenville to Attempt Rescue of Maniac.

Mr. O. H. Skroder, of the S. P. C. W. C., received a letter from Mrs. Thomas Cummings, of Grenville, Quebec, and as a result he hastened there this afternoon in an attempt to take a woman from the bush, where she has been in hiding for over a week.

The letter states that a woman of unsound mind is running about very wild in the district, which is densely wooded, and hides in the thickest of the bush when anyone goes near her. The Attorney-General was communicated with, and, acting on his instructions, Mr. Skroder will try to draw the woman from the wooded home she has made for herself during a whole week.

It will be recalled that two years ago a woman was found in the same bush by Mr. Skroder in a dying condition, and brought to the Royal Victoria Hospital, where she was found to have been starved to death. She was so emaciated that little more than a skeleton was revealed to the Hospital attendants.

PAID BY FINE FOR INTERRUPTED SUP.

Found in a blind baggage car attached to a train for Toronto, William Henry and John Jones, of Arkansas, were sentenced to pay a fine of $25 or one month in jail by Judge Lanctot this morning.

FINED OFFICER'S ASSAILANT.

Charles Hayes, who pleaded not guilty to obstructing Constable Antonio Dufour a week ago, while the constable was making an arrest, appeared this morning and admitted he was guilty in the eyes of the law. He claimed William Erskine, his friend, was knocked down by the policeman, and he offered to take him home.

In contrast to this mild statement was the evidence of the constable, who had a rough time in making the arrest. A group of men who had been turned out of a saloon at seven o'clock and stood on the sidewalk blocking pedestrians. On their refusing to move he attempted an arrest, and, as a result, a free fight took place. The constable was alone, and, before the gang was subdued, Erskine had to be placed out of commission by Dufour, who used his baton. The man is now in the hospital, and the constable bears the marks on his body where beer bottles were hurled at him by the men. Erskine was fined $13 and costs, and Hayes, who pleaded ignorance of what he was doing, was let off with costs of court.

A MESSAGE FROM THE DEAD.

Goderich, Ont., May 21.—A slip of paper, picked up by two boys on the shore of Lake Huron, near the Point Clark lighthouse, contains the following words written in pencil:

'October 8th, 1912, gasooline launch 'Anna Bell,' of Sarnia, sinking middle of Lake Huron. John, Archie and brother Tom Alward Tell father, Goodbye.'

The paper was in a tightly corked bottle.

ENGLAND HOPES MUCH FROM THE BERLIN VISIT

Belief That All Outstanding Questions With Germany Will Soon Be Settled.

KAISER'S ACT IS MUCH APPRECIATED

Suffragettes Calming Down and Their Movement Gains Strength.

(By Marconi Transatlantic Wireless From Our Own Correspondent.)

London, May 20.—It need hardly be said that the people of Great Britain are delighted at the many evidences that we are now entering upon an era of better understanding with Germany.

The evidence of this has already been found in the gracious act of the Kaiser in pardoning British officers condemned to imprisonment for espionage.

This act alone has produced a favorable impression in England, where it has long been felt that the Emperor has desired a better understanding between the nations.

There is good reason to believe that many outstanding disputes between the Chancelleries are about to be settled, including the Bagdad Railway question, which has long been a bone of contention.

The visit of the King and Queen to Berlin cannot fail to have a good effect, as have the visit of Viscounts Haldane and Morley already.

One is glad to know that the militant suffragists are seeing the error of their ways, and that a saner policy is to be pursued in the future. As has been said all along, as soon as the campaign of violence ceases not only will the women's movement gain tremendous strength, but there will be reasonable prospects of their demands being met by the House of Commons, the last institution in the world to be coerced into doing anything against its will. The suffragist now realize this.

WESTMINSTER.

WILL CONSIDER HIS RESIGNATION

Ald. Houle May Be Satisfied With Boulevard Reports in Present Form.

Asked about whether he would resubmit his resignation to the City Council when the aqueduct and boulevard report came up, Alderman Houle said that he would have to study the matter as last presented to the council. It might possibly be satisfactory.

He introduced some residents of the district north and east of Papineau avenue who want telephones, but cannot get them because the Bell Telephone Company has no poles up in that section.

Mr. Janin, city engineer, said that the city has no power to force the company to put up poles, but only power to fix the position of poles.

The applicants will go before the Railway Commission.

KILLED ON C. P. R. TRACK.

Jules Gordon, of 1648 St. Dominique street, was found lying unconscious and badly injured on the C. P. R. tracks near Laval Park station, Bordeaux, by a gang of workmen returning from work late on Monday. He was taken to a house at Laval des Rapides, but died an hour later despite all efforts made to save him. It is thought that while walking along the tracks on his way from work, he had been hit by a train or engine, his skull being fractured and his body badly battered. An inquest was begun at the morgue yesterday by Coroner McMahon, but adjourned till Tuesday next for further investigation of the case.

REMARKABLY LIGHT SENTENCE.

A remarkably light sentence, considering the circumstances of the case, was passed by Police Magistrate McMahon in the Westmount Court, on Ernest Lafrancois, of 324 St. Catherine street west, who was brought up on the charge of loitering. Despite evidence showing that prisoner was found standing on a barrel looking over a fence into the window at the rear of a house on Clarke avenue, and that at 10.30 on Friday night last, $5 and costs or eight days was the ruling handed down. That it must have been a surprise to the man himself is undoubted, since the police demanded $25 bail from him on his arrest.

Parks Commission Not Perturbed by Rebuff

Will Not Look to Legislature to Establish Proper Scheme of Financing—Commission's Object is to be Helpful, Not Antagonistic, to the Civic Administration.

What will happen to the Metropolitan Parks' Commission, now that the aldermen have finally and definitely refused to accede to the Greater Montreal Planning and Housing Association's report, to impose a small tax for the purpose of enabling the Commission to get to work?

Mr. J. C. Walsh, one of the leading members of the Commission, is by no means perturbed at the outlook.

'Now that we know the decision of the aldermen,' he said, 'our course is plain. We must go to the Legislature, and ask it to be made the necessary financial provision for us to carry on our work. Personally, I don't think that the suggested tax on property of a flat rate of one-twentieth of one percent for the Parks' Commission would be equitable. The property and the districts benefitted by the provision of parks should be taxed in proportion to the benefits. For instance, the creation of a park would enhance the value of all the property facing it, and this property should pay more than that only indirectly benefitted. A graduated system of taxes is necessary. This is done in other cities, and the Legislature should now get to work and adopt something of the kind for this Commission.

'Funds are absolutely necessary to our work. We must call in experts to assist us in drawing up a general plan of the island, making provision for the future growth of the city, and in addition there is much other work to be done.'

Dealing with the need of the Commission, Mr. Walsh said the present civic administration was of necessity almost wholly concerned with the administration of property and streets. The human element, now largely outside the purview of the various civic departments, must, however, be taken into consideration, and the moral and physical health of the people conserved. That was coming to be recognized by every big city.

'Every child' he said, 'has a right to its play, but thousands of children are denied play in Montreal. By denying them a healthy outlet for their activities, we are manufacturing physical and moral degenerates, and we must inevitably pay dearly for it later on.'.

As showing how the city neglected this problem, Mr. Walsh said that the slums in the neighborhood of Dufferin Square carried the high average of 100 people to the acre.

No opportunities for play were provided in the Square until the University Settlement started work in that neighborhood. The Settlement directed the activities of some 400 or 500 children, and nurses and doctors testified that a remarkable change in the conduct, appearance and tone of the children had resulted.

Similar good work was being done by the Parks and Playgrounds Committee. But what was wanted was a central body like the Parks Commission, which would co-ordinate all this work, and help it, not in one district, but all over the city—which would see that streets, houses, open spaces and everything connected with the development of the city conformed to provisions for the moral and physical health of the people.

'The Commission,' he said, 'is not antagonistic to the aldermen, or to the civic officials. It recognizes the good work done by these and its object is to assist by devoting its whole attention to what the civic administrators have little time to think of—namely, the human problem in relation to civic development.

'It has been said,' added Mr. Walsh, 'that it is not the streets but the backyards which have the greatest influence on the health of t people of a city. We have neglected our backyards.'

Copy Example of Militants

Free Speech Advocate Throws Brick Through Glass Door of Home Secretary's Office.

London, May 20.—Advocates of free speech are adopting militant arguments with the object of making the British Home Secretary's life harder.

A man strolled up to the Home Office this afternoon and hurled a brick through the plate glass door of Mr. Reginald McKenna's sanctum. A howl of 'Vote for free speech' rose about the din caused by the shattered glass. The man attempted to break a second door, but was arrested before he could accomplish his purpose.

ACCEPTS THE LIPTON CHALLENGE.

London, May 20.—The New York Yacht Club to-day cabled to the Royal Ulster Yacht Club definitely accepting Sir Thomas Lipton's challenge for the America's Cup.

The races will take place in September, 1914, under the New York Yacht Club's present rules as to measurement, time allowance and racing rules.

EMINENT HEBREW.

Dr. John Shane Represents Toronto in Welcome to Nahum Sokolow.

Dr. John Shane, president of the Bnai Zionist Association of Toronto, who has been here since Sunday as the representative of the Hebrews of Toronto to join in welcoming to Canada Nahum Sokolow, the great European publicist and journalist, has arranged to have him visit the Queen City also. There he will be given a civic reception, and will address a meeting in Massey Hall. This will be on Thursday next.

Dr. Shane is one of the leaders of Hebrew activities in Ontario. He is a member of the Council of the Federation of Canadian Zionist societies, whose headquarters are in Montreal, and he attended the great Hebrew Congress of Parliament two years ago at Basle, Switzerland. The next Congress will be in August of this year at Vienna.

After visiting Toronto Nahum Sokolow will go to Hamilton, and also to Winnipeg. Then he will go to the United States, where he will meet President Wilson.

Enraged at Doll's Mishap

Sicilian Signorina Forgot Her Own Bruises in Grief Over Broken Doll.

Louise Pazzatelli is a Sicilian, five years of age, and is possessed of more than the average little girl's capacity for curiosity. Combined with these qualities she has a decided leaning towards exploration on her own account, and it may be added that she seems to be under the especial care of some very vigilant guardian angel.

Walking this morning along Pine avenue west, with her father and mother, who have just landed here from the sunny slopes behind Palermo, and who were vainly trying to find Notre Dame street on the mountain side, Louise became very wearied of simply walking ahead, and taking the opportunity afforded by a heated debate between her parents as to the way they should go, she quietly crossed the road and went up some steps on the tree-covered embankment on the north side of the avenue.

Walking westward, with her doll in her arms, the signorina was enjoying her trip, when she must have slipped and rolled, for her father and mother were horrified to see, ahead of them, their child shoot out from the bushes, and fall fully fourteen feet into the road. Rushing forward, they anticipated picking her up at least bruised and bleeding. What was their surprise then when, on being helped to her feet, and having regained her full senses after her somewhat stunning fall, the little lady gave vent to all the ire and passion her Southern nature was capable of—and all because her doll had been less fortunate than she, and was minus a face!

Utterly uncontrollable, the child stamped about the road in a towering rage, which, however, soon gave way to a flood of tears, and the parents were last seen going towards Cote des Neiges road, leading between them their offspring, who was entirely occupied with endeavoring to make her voice heard from one end of the city to the other.

MALTESE PROVE STIFF PUZZLE FOR COURTS.

Constable Seger and the lower court officials were up against a peculiar case yesterday when Joseph Fara, a trimmer on the SS. 'Canada,' of the Austro-American line, was discovered to be a Maltese, unable to speak any language other than his own particular patois. How he understood the orders of his Austrian captain is a mystery, as he failed to qualify in the German language when Mr. Morris, the court interpreter, tried him out. Mr. Viglino, the Italian interpreter, had no better luck, and the prisoner has set the court house on end, while everybody who shows up there is buttonholed in the hope of finding one man who can tell Fara what he is in court for. He deserted his ship but doesn't know it yet, and will not until an interpreter with a knowledge of Maltese makes known the complaint.

FAMOUS CASE ENDS

Benjamin Lipson Pays $300 Fine For Selling Wood Alcohol for Liquor.

Benjamin Lipson, found guilty of causing grevious bodily harm to Treffle Bellemore, by selling him a poisonous drug instead of liquor, was yesterday sentenced by Judge Bazin to pay a fine of $300 or spend one year in jail.

This is the last of the famous wood alcohol poisoning case of last August, when eleven Russians were killed by drinking wood alcohol. Bellemore, the complainant against Lipson, is almost totally blind and had to be conducted through the Court House by his little girl. It is stated that he can never recover his sight, which was burned out of him by drinking the supposed liquor served to him by Lipson. The accused paid the fine.

GETS FULL AMOUNT OF CLAIM.

Judgment awarding Joseph Lacombe the full amount of his claim against the Montreal Water and Power Company was delivered in the Superior Court yesterday. Lacombe's case was that he had given the company permission to lay pipes on his property at Cote des Neiges, but that this did not include the right to destroy his fruit trees and render a strip of orchard useless. Neither did it justify them in shaking and damaging his house with explosions. He asked for $589.50, and refused the company's offer of $300.

RAILWAY LINE STOPPED BY LITIGATION

Construction Must Cease Until Suit is Settled, Says Judge.

CENTRAL RAILWAY IN AWKWARD POSITION

London Firm of Contractors Obtain Interlocutory Injunction.

Until the suit taken by Messrs. C. J. Wills and Sons, railroad contractors, of London, against the Central Railway of Canada, is finally decided on its merits by the courts, or the troubles between the parties are settled, some other way, the construction of the line cannot be proceeded with. This is the result of a judgment delivered by Mr. Justice Guerin granting the injunction sought by the contractors. The injunction is interlocutory, and subject to the deposit by the plaintiffs of a guarantee of $10,000, but completely enjoins the company from themselves finishing the line or letting the work to other contractors.

The line is planned to run from Midland, on Georgian Bay, to Montreal, and according to the statement filed by plaintiffs in support of their petition they were guaranteed the deposit with the City Safe Deposit and Agency Company, Ltd., of London, of sums sufficient to carry on the work. This arrangement, the Messrs Willis say, was not carried out. In July, 1911, the company made an issue of £1,000,000 five percent first mortgage bonds, and in the prospectus it was stated that a portion of the proceeds would be paid to the plaintiffs. Later the plaintiffs state they were assured that by March 15, 1912, the cash in the hands of the trustees would amount to £200,000, which sum would be 'earmarked' for payment to the contractors. This sum the latter now allege was never deposited. The petitioners added that the company has no assets except such as are hypothecated, mortgaged and pledged with the City Safe Deposit and Agency Company for the holders of the bonds. Under the circumstances they claimed no judgment in damages would be of use to them.

Mr. Justice Guerin ruled that the order for injunction was justified under the provisions of article 957 C.P., so that work on the line will be forthwith upheld, even though another contractor has already started the construction. The railway company based its defence principally on an allegation that the contractors had not fulfied their agreement, and that only a few miles of the line had been constructed, although it was supposed to be completed by December, 1912.

HOUSE CONCURS IN BANK AUDIT UNDER BANK ACT

Strikes Out Clause Prohibiting Managers Carrying on Insurance Business.

(Witness' Staff Correspondence.)

Ottawa, May 20.— Consideration of the contentious clauses of the Bank Act was commenced in the House of Commons this morning.

Mr. F. B. Carvell renewed his objection to the clause which gives banks a first lien on stock held by a shareholder, and does not allow a shareholder to make a transfer of shares unless he has discharged all his liabilities to the bank.

The clause, however, was passed.

Mr. Turgeon (Gloucester), moved to strike out the clause which was inserted in committee at the request of Mr. F. B. Carvell, prohibiting bank managers from carrying on an insurance business.

The Hon. W. T. White said the principle of the clause was right, although it might be drastic. He suggested the clause might be dropped, and the Bankers' Association asked to take steps to prevent abuses.

Mr. Turgeon's amendment to strike out the clause was carried on a vote of 41 to 17.

The clause in regard to the audit of banks passed practically without debate.

An amendment to restrict the foreign loans of banks to 10 percent of capital was under discussion at one o'clock.

C. P. R. EMPLOYEE ACCUSED OF ROBBING PASSENGER

H. Ralph, 25 years of age, employed as news agent by the C.P.R. Company, was arrested on the train between Cobalt and Montreal, for stealing a $500 draft, $70 in money, and some valuable photos from Lars. Delane, a Cobalt miner, while he was laying in an upper berth at midnight. The prisoner was turned over to Inspector Boisjoly, and when arraigned in court, pleaded not guilty before Judge Lafontaine. Later he was committed for trial on the 23rd by Judge Bazin, in the Court of Special Sessions.

At the Market's Close

WALL STREET IN WAITING MOOD

New York, May 20.—Wall Street, 3 pm—Traders having secured a comfortable profit by the midday rise in prices were not disposed to participate actively in the later dealings this afternoon, pending word as to the success of to-day's bond issues on both sides of the Atlantic. In consequence speculation was spiritless and devoid of significance at the close.

MERCHANTS BANK MEETING---STEEL GOSSIP

MARKET DULL, BUT C.P.R. ON A STEADY LEVEL

Brazilian Stronger, With Steel Common Weak---Not Much Activity.

The market continues a very flimsy affair. The hope is now expressed that an improvement in the money situation will follow on after the holiday, but this is merely a hope.

Canadian Pacific reached its highest at 238 this morning and practically the whole list was dull and unchanged, except for Brazilian, which was on a higher level than yesterday, its highest point being 95 1-2.

Detroit was weak at 72, and Steel common at 47 1-2. Cement common showed a little firmness at 29 3-4.

New York, May 21.—Wall Street, Noon—Several stocks, the most conspicuous amongst which was Penna, sagged to new low marks under the pressure of short selling and liquidation. The cheerful feeling in London and reports of the success of the Chinese Loan abroad were reflected in the firm undertone of the early market, but efforts to bid up prices were ineffectual, and the trend became downward.

Sentiment was depressed by renewed liquidation of some industrials, which was regarded as evidence that these stocks were being thrown out as collateral for loans. The continued lack of investment demand, which it was hoped might be stimulated by the New York and Chinese bond flotations, restrained bull operators. Bonds were irregular.

PARIS BOURSE ON THE EASY SIDE

Paris, May 21.—Prices were easy on the Bourse to-day. Three per cent. Rentes, 85 francs 97 1-2 centimes for the account.

Exchange on London, 25 francs 22 centimes for cheques. Private rate of discount 3 7-8 per cent.

LONDON CLOSING WAS STEADY, WITH MONEY RATES FIRM

London, May 21.—The Chinese loan occupied the attention of traders on the stock exchange during the forenoon to-day. The issue was over-subscribed and applicants only expect small allotments of the bonds.

The stock market was quietly irregular. Home rails were weakened by poor traffic reports and Kaffirs were flat owing to Paris selling, but Mexican and Chinese bonds improved on repurchases.

American securities opened steady and unchanged. The list advanced from 1-4 to 1 1-8 over parity under the lead of Canadian Pacific during the early trading. Later, light Wall Street support sustained the market and the closing was quiet and steady.

Money was firm but discount rates were easier.

LONDON CLOSING PRICES.

C.P.R. ON LOW BASIS FOR LONG TIME

New York, May 21.—The active demand in the loan crowd for Canadian Pacific calls attention to the fact that the stock has been carried virtually on its present low basis for over a month. On April 17 its charge was reduced to 1 3-4 percent, where it remained until about a week ago. Since then it has ranged between that figure and 2 percent. This bears out the general impression of a large short interest.

JUDGE DENIES D.U.R. PETITION

Detroit, May 21.—The citizens' petition for an injunction restraining Mayor Marx from proceeding to municipal ownership of the street railways under the charter amendment, as adopted by the people on April 7, will be denied. Judge Van Zile, of the Circuit Court, announced the victory for the city against the Detroit United.

TONE BETTER ON BERLIN BOURSE

Berlin, May 31.—The tone of the Bourse was decidedly better to-day. Money was more plentiful, and prices closed firm and higher.

Exchange on London, 20 marks 44 1-3 pfennigs for cheques. Money, 5 per cent. Private rate of discount, 4 1-2 per cent.

CANNOT FATHOM THE STEEL ISSUE

Some mystery surrounds the alleged $2,500,000 six percent preferred issue of the Dominion Steel Corporation, purported in a London cable to have been arranged for by Mr. J. H. Plummer, the president.

Local directors do not seem to have been informed regarding the deal, and two of our largest brokerage houses have had cable communications from their London representatives to-day in which the latter state that they are unable to discover any traces of such a transaction having been arranged.

Mr. Plummer is now on the steamer bound for Montreal, so that the precise state of affairs will not be known until next week.

MAPLE LEAF MILLING CO. IS DOING WELL

The Maple Leaf Milling Company seems to be easily the best earner of the milling companies recently organized. The annual report of the concern for the past year has now beben approved by the directors, and it is understood to show net earnings of $440,000.

After deducting from this the interest on the bank advances on grain in storage, the earnings are equivalent to over 12 percent on the preferred stock. The annual meeting will be held next Tuesday.

C. P. R. IN LONDON.

Canadian Pacific was very much stronger to-day than it was yesterday, either at the opening or at the close. Comparisons between the openings yesterday and to-day at London were as follows:—

	Yesterday.	To-day.
First cable	237 5-8	237 1-8
Second cable	237 7-8	237 5-8
Last cable	236 7-8	237 7-8

CEMENT HOLDING STRONG.

Cement came over the London cable at 29 3-16, as against 29 11-16 yesterday morning. The stock turned weak here yesterday, and on very heavy realizing, ran down to 29 1-2 in the afternoon, so that the cable would not seem to indicate that prices will be lower.

STEEL STILL DOWN.

Dominion Steel Corporation was the one stock on the list to show a decline. The opening London cable quoted 47 1-2 to 48 1-4, these prices comparing with 48 3-4 to 49 3-4 yesterday morning.

BRAZILIAN DOING BETTER.

Brazilian reflected the better tone shown in New York stocks, and opened one point higher than yesterday morning, the quotation this morning being 95 to 96. Brazilian began selling here yesterday morning at 94 1-4, and sold up to 94 3-4, the entire turn over consisting of about 500 shares.

PARIS TAKING GOLD.

New York, May 21. — Engagement of $2,000,000 gold for Paris to-morrow makes $35,000,000 taken for that city since January.

SOME MONEY STILL LEFT.

SHAREHOLDERS OF MERCHANTS BANK WELL PLEASED

Some Directors Elected at Meeting--Mr. Haig Comments on Bank Act.

Sir Montagu Allan, in presenting the report at the annual meeting of the Merchants' Bank of Canada, covering a period of five months, said that the shareholders are aware that the date of the annual meeting was changed by vote of the shareholders in December last, and that from this on the meeting will take place in May. The directors have thought it well, in view of only a portion of a year being covered, to make no provision on account of bank premises or the officers' pension fund, but to carry the balance forward in profit and loss account, to be dealt with a year hence. This procedure commended itself to the board, and we hope will be satisfactory to you.

'All the capital subscribed has now been paid up. There are still some shares remaining to be disposed of, but your Board have not found a convenient time for dealing with these. It may be that during the coming year the shares will be placed, when those shareholders interested will receive any premium obtained over the issue price.

The financial statement for the five months was considered quite satisfactory, and was adopted, while the retiring directors were re-elected.

Mr. George Hague, formerly general manager of the Merchants' Bank, in commenting upon the Bank Act today at the meeting, said that the revised act, as it now stands, has practically become law, and he was pleased to see that it had not been mutilated with needless alterations.

'The most important clause in it,' he said, 'was that providing for the appointment of an auditor by the shareholders. This will not come into force for another year, and we, in the Merchants' Bank, will welcome this, as our showings are such that only a very disgruntled shareholders could find fault with.'

'In my opinion,' he concluded, 'the changes now made in the act are of a trivial kind, the only effects resulting from them being a considerable addition of clerical work from the bank's officials.'

U.S. MILLERS ARE DISGUSTED WITH FLOUR TARIFF

Minneapolis, May 21.—Northwestern millers are greatly exercised over the pending tariff bill. What strongly excites their antagonism is the proposed admission of flour duty free from all countries that have no import duty on flour from this country.

Canada would, of course, quickly remove its present flour duty of 40 cents to 60 cents per barrel in order to afford her millers the benefit of sales to this big consuming country. A leading authority comments: 'Who ever heard of the value of the raw material being sustained by the cheapening of its product? To protect wheat prices and slaughter its product would be like purchasing silver coin at $1, and putting it through the melting block to sell it at 60 cents as an occupation.

It is unbelievable that the Senate will stoop to such folly, but will tax both wheat and flour or make both free.'

LOOKS LIKE DEAL IN TORONTO RAILS

The manner in which Toronto Street Railway stock has held up during the past few days when most other issues have been showing some weakness has resulted in a lot of investors forming the opinion that there must be a very good chance of the City of Toronto concluding arrangements before long to buy out the Toronto Railway Cmpany.

There seems to be some orders for Toronto Railway stock just under the market, these evidently having been placed by interests who are in touch with the Toronto situation very closely.

MONTREAL'S LOAN NOT HALF TAKEN

London, May 21.— Sixty-six percent of the Montreal loan has been left with the underwriters. The result under all circumstances, is regarded as satisfactory considering the lukewarm welcome recently accorded to all new loans, and the fact that this is Montreal's second application to London within three months.

It is perhaps not untimely to direct the attention of Montreal and other similar Canadiin borowers to the fact that the creation of big floating indebtedness is certain to invariably penalize them in the money market.

MERCHANTS BANK DIRECTORS ELECTED

The following gentlemen have been elected as directors of the Merchants Bank of Canada:—President, Sir H. Montagu Allan; vice-president, Mr. K. W. Blackwell, Mr. Thomas Long, Mr. Alex. Barnet, Mr. F. Orr Lewis, Mr. Andrew A. Allan, Mr. C. C. Ballantyne, Mr. A. J. Dawes, Mr. Howard Wilson, Mr. Farquhar Robertson, Mr. Geo. L. Cains, Mr. Alfred B. Evans.

What the BANKER BROKER and FINANCIER are DISCUSSING

Interests here and at Toronto who have been following Brazilian Traction ever since the stock was listed have been giving a good deal of attention in order to try and find out why the London Syndicate should regard Brazilian Traction so favorably as to take on over 10,000 shares of the stock. It is quite evident that no syndicate would become the purchaser of such a large amount unless something in the way of a substantial profit had been assured to them. The conclusion they have come to is that the syndicate which underwrote the new preferred issue of Brazilian Traction has also made arrangements to purchase the large block of common on the practical certainty given them that the dividend on the common would be increased before the end of the year.

HILL TAKES THE LONG VIEW OF IT

When Mr J. J. Hill speaks of conditions in the United States his mind does not run upon stock market matter. For fluctuations from day to day he has no thought. That the market's course does not immediately correspond to his observations are incorrect. Speculative interests, knowing that the public would be likely to profit in the end if it cautiously acted on what Mr Hill says, try immediately to discredit his remarks in hope that they will soon be forgotten.

While traders in Wall street as a rule are still very bearish, a few have begun to express bullish opinions. The latter, however, have not bought stocks, and are not encouraging their friends to. What generally makes them bullish is evidence of confidence on part of large interests, such as shown in an active buying movement. It is a sustained rise and not a decline that would induce speculators to buy stocks.

C.P.R. IS LOOMING LARGE IN WALL ST.

dian Pacific contributing about one-tenth of the transactions on the New York Stock Exchange, as it has done on more than one occasion during the week. The traders think they understand it; but they do not. They say Berlin has been a heavy seller of the stock, and also that there has been liquidation for Canadian account, but they do not try to explain how such a relatively large amount of that high-priced and usually inactive issue should be sold in Wall Street without a really serious decline in the price. At its lowest this past week Canadian was about eighteen points above the low of the March break, and only about ten points down from the highest reached since that time. A loss of little more than one-third of the recovery from the low may prove to be nothing more than a normal reaction, affording no justification for the extreme pessimism with which Canadian Pacific's market position has been regarded by the rank and file of traders.

Wall street speculators have never been very successful in operations in Canadian Pacific. They have generally been more inclined to operate on the bear than on the bull side of the stock, and perhaps the present selling movement has been included merely as an incentive to them to operate on the side which they generally prefer. The probability is that there is a big scattered short interest in Canadian Pacific. It remains to be seen whether the traders 'will get away with it.'

$100,000,000 NEW 6 P.C. MEXICAN LOAN ALLOWED

Mexican Congress Comes to Decision After Long and Stormy Discussion.

Mexico City, May 21.—The Mexican Congress late last night gave its sanction to an agreement for a loan of $100,000,000 at six per cent. interest. The amount is to be placed at 90, and will run for ten years. It is guaranteed by 38 per cent. of the Customs receipts. The Mexican National Bank has been named as the representative of the bankers in the supervision of the disbursements.

The debate on the loan was a long one, lasting till about midnight. The Minister of Finance was charged with failure to take better offers which had been made. He replied that provisional President Huerta and the other members of the Mexican Cabinet had urged upon him the immediate acceptance of this loan as the other offers received necessitated more delay.

It is still necessary for Congress to discuss and vote upon the four articles of the financial measure, but its approval of the general terms of the bill makes it reasonably certain that it will also approve all the details.

The loan has been placed with French bankers, but it is certain that British interests are participating. The names of the bankers have not been announced.

SENTIMENT IS MORE CHEERFUL TOWARDS AMERICAN RAILWAYS

London, May 21.—(Cable.)—Sentiment on American railway shares today was more cheerful and business in the group increased. The best showing was made by the Harriman issues, and there were repurchases of Denver and Rio Grande and Rock Island descriptions. Canadian Pacific Railway displayed strength, and the bears retired. Markets generally had an irregular appearance.

A heavy tone prevailed in domestic issues and there was some pressure on Consols, owing to the continued succession of new applications for a variety of loans. Home Rails resumed a drooping movement.

Grand Trunks became harder, and foreigners acted well on the Chinese loan success in this market. Mines and Rubbers were slow. Rio Tintos up 1-4.

CHINESE LOAN ON MARKET.

The new Chinese $125,000,000 loan is to be offered in London and on the continent to-day.

FINE WEATHER IS BEARING WHEAT

(Special to the 'Witness.')

Chicago, May 21. — Wheat is a shade lower on cable and the fine weather over most of the spring wheat country and Canada. Locals are all very bearish and short and they ignore anything of a bullish character. The buying on the decline is not aggressive, but is quietly going on and is of a good character.

News from our Mr. Kalb who is in the southwest is bullish as to conditions as he finds them, but the crowd puts no faith in them. We believe that condition has been lowered in the great surplus states of the southwest and middle west and that this eventually will be a potent bull factor.

Liverpool cables on wheat closed unchanged to 1-4 lower. Corn unchanged to 1-4 lower.

Corn weak and considerably lower on local bear pressure. The bulls seem to be letting them take care of itself. Trade very moderate volume.

Oats following trend of other markets with quite a little local selling, most of which is for short account. Scattered showers in some sections where needed.

CURTIS ON GRAINS.

Clement Curtis wires to James Carruthers and Company from Chicago: 'Lower cables, good crop conditions abroad and no important drop in condition in this country. Hold to the selling side of wheat.'

Corn. — Receipts larger to-day than recently, but low consumption demand.

Oats. — Rains over to the central belt, condition of plant is poor. May sells off on the rains, but looks as if yesterday anticipated them.

LIVE STOCK MARKET, MAY 21.

About 400 head of butchers' cattle, 1,700 calves, 75 milch cows and springers, 300 sheep and lambs, and 850 hogs were offered for sale at the East End Abattoir to-day.

Trade was rather slow, as higher prices were being demanded for the cattle, quality considered. Prime beeves sold at 10 1-4c to 10 1-2c per lb., but they were not choice; pretty good animals, 5 1-4c to 7c, and the common stock, 4c to 5c, per lb.; milkmen's strippers sold at 4 3-4c to near 6c, per lb.

Calves sold at 2 1-2c to 7c per lb.; sheep sold at 5c to 6 1-4c per lb.; spring lambs at $4 to $6 each.

Good lots of hogs sold at 10 1-2c to 10 3-4c per lb.

CHINESE LOAN A GREAT SUCCESS

London, May 21. — So great was the rush of the public to secure a portion of the new Chinese loan which was opened for subscription to-day that the issuing banks closed their lists at eleven o'clock this morning.

It was then announced that the loan had been largely over-subscribed. It was quoted at one percent premium by sellers.

BIG STEAMER TO BE LAUNCHED MAY 22

The Collingwood Shipbuilding Company will, on Thursday, launch what will be one of the finest steamers yet constructed in Canada when the 'James Carruthers' is placed in the lake for the St. Lawrence and Chicago Navigation Company, of which Mr. Carruthers is president.

The steamer has been built to meet the requirements of the freight trade on the upper lakes, and will be rushed through to completion with a view of filling in as much of the present season as possible.

WILL VOTE WITH RUBBER BOARD

New Brunswick, N. J., May 21.—At special meeting of directors held previous to annual meeting of United States Rubber Company it was decided that resolutions would be presented at the annual meeting supporting directors who were members of the syndicate in the Revere Rubber Company transaction.

Resolutions were forced by suit brought last year by a stockholder to compell such directors of United States Rubber Company, as were members of the Revere Rubber Company syndicate to turn over their profit in Revere transaction to United States Rubber Company. Executive committeemen acted as a body, and have risen to the support of their fellow-members who belonged to this syndicate.

Resolutions in Revere Rubber Company case, as outlined at directors' meeting of United States Rubber Co., were presented at annual meeting and formally approved by stockholders.

At United States Rubber stockholders' meeting resolution was adopted in favor of change in fiscal year so that it will correspond with calendar year. It was voted to hold annual meeting on third Tuesday of March instead of third Tuesday of May, the date now in force.

The annual meeting was purely routine affair. Directors were out in force, supplemented by a few local stockholders. The Board was re-elected by a unanimous vote.

CHICAGO LIVE STOCK.

Chicago, May 21.—Cattle receipts 13,000; market steady.

Beeves, $7.10 to $8.90; Texas steers, $6.75 to $7.70; stockers and feeders, at $5.80 to $7.85; cows and heifers, $3.80 to $7.90; calves, $6.50 to $9.25.

Hogs receipts 22,000; market steady.

Light, $8.50 to $8.75; mixed, $8.40 to $8.72½; heavy, $8.15 to $8.65; rough, at $8.15 to $8.35; pigs, $6.60 to $8.40; bulk of sales, $8.50 to $8.70.

Sheep receipts 18,000; market slow, steady.

Native, 5.40 to $6.10.

Yearlings, $6.00 to $6.65; lambs native, $6 to $7.60.

FLOUR UNCHANGED.

Spring wheat parents, firsts, are selling at $5.70, seconds at $5.20, and strong clears at $5 per barrel, in wood, and 30c per bag less in bags.

Choice winter patents sell at $5.25, straight rollers at $4.85 to $4.90 per barrel in wood, and the latter in bags at $2.20 to $2.35, with extras at $1.80 to $1.90 per bag.

BEAN MARKET QUIET.

The demand for beans is slow owing to the fact that buyers in most cases are fairly well supplied for the present, and in consequence the market is dull.

PLENTY OF OATS.

Export demand for oats is quiet, and local consumption only moderate. No. 2 Canadian western oats, in car lots, sold at 41 to 42 1-2c; extra No. 1 feed at 41c, and No. 1 feed at 40 to 40 1-2c, per bushel, ex-store.

LARGER HAY SUPPLIES.

Larger supplies of hay are arriving, but the general demand is quiet. No. 1 baled hay is selling in car lots, ex-track, at $14 to $14.10; extra good No. 2 at $13 to $13.40, and ordinary No. 2 at $12 to $12.50 per ton.

CAR SHORTAGE AND LACK OF COAL HURTS SHIPPING

Complications and Difficulties Experienced at the Lower Lakes.

Cleveland, Ohio, May 21. — Coal is growing scarce at the lower lake docks. Shippers have pretty well cleaned up everything that can go into large ships., Coal is not coming in very fast and the tonnage that has been loaded since the opening has been extraordinarily large.

The car shortage is acute and until the cars that have been unloaded return, coal will not be plentiful. Grain shippers were bearish Tuesday. Though 2 1-4 cents was discussed as the possible rate out of Fort William for Buffalo, a medium-sized ship was chartered to load at either Duluth or Fort William at two cents. The best firm offer was two cents without restrictions.

BUSINESS IN THE NORTHWEST FAIR SAYS U.S. BANKER

Minneapolis, May 21.—Money is firm, but there seems no likelihood of any advance in immediate future beyond 5 1-2 percent and 6 percent, which are current rates, except for grain terminal paper, which takes a lower rate,' said President Decker, of the Northwestern National Bank. 'Business is fair. It is not increasing noticeably in general volume, nor is there notable falling off. Not a thing in the situation warrants any boasting. Some lines find it pretty quiet, yet, on the whole, business is satisfactory.'

STEEL TRUSTS' SHOWING GOOD

N.Y., May 21.—Estimates of earnings of the Steel Corporation for current quarter show very little change. The Corporation suffered from the floods in the middle West, and then again certain departments have been unable to operate fully on account of pronounced scarity of raw steel. It is believed, however, that net earnings for the second quarter will aggregate between $37,000,000 and $38,000,000, comparing with $34,426,801 in preceding quarter. The increase during current quarter will be result of a larger production and deliveries of steel on a slightly higher price basis.

If earnings are between $37,000,000 and $38,000,000, they will compare favorably with the corresponding quarters of preceding years. A net of $37,500,000 would be the largest in any corresponding quarter since the organization of the Steel Corporation exept the second quarter of 1910, when they were $40,170,960; the second quarter of 1907, when they were $45,562,705; the second quarter of 1906, when they were $40,125,032; and the second quarter of 1902, when they were $37,662,058.

BUTTER IS HIGHER.

The butter market is somewhat firmer on account of an active demand for best grades from the West.

Finest creamery quotes at 26 1-2 to 26 1-4c; fine creamery, 26 to 26 1-4c; second grades, 25 to 25 1-2c; dairy butter, 24 1-2 to 25 1-2c.

CHEESE STRONGER.

The demand for cheese is somewhat improved, and prices are higher with western fodders at 11 1-8 to 11 1-4c, and eastern fodders at 10 7-8 to 11c.

CAMPBELLFORD BOARD.

Campbellford, May 22. — There were 600 cheese boarded; 350 sold at 11 1-4c; balance, 11 3-16c.

POTATOES ACTIVE.

There continues to be a steady demand for potatoes, with Green Mountains, in car lots, at 60 to 65 1-2c, and Quebec grades at 50 to 55c, and in a jobbing way at 58 to 90c per bag.

MAPLE PRODUCTS.

The market for maple product remains steady under a fair demand, and maple syrup in three-quart tins sells at 85 to 90c per tin, and in wood at 7 to 8c per lb. Maple sugar is very scarce on spot, and prices are firm at 11 to 12c per lb.

WHY THE DELAY?

All sorts of flimsy reasons are given from day to day for the persistent refusal of the Controllers to act upon the question of car congestion. One would think that, in view of the past history of our street railway dealings they would show some zeal, if only to escape comparisons with the days when all public agreements were held up till the contracting company came to terms with potential aldermen, after which the company got all it wanted and much more than it should have had. It is held that much could be done by re-r uting. Surely if it can be accomplished so easily it should be done at once. Where new links of tracks are needed they would, we suppose, take some time to lay. Are we to see the snow fly again and nothing done. If so the people will be angry. If the Controllers think those new tracks mean new privileges to the company that it ought to pay for, the Cote des Neiges people think that Mount Royal Ward should not have to pay eight cents to get to town when others are carried about as far for three. All hands seem to be on deck to attend to the autobus proposals, and the sooner that improvement is under way the better. It should not need any dicker. The streets should be free to free vehicles. But it is simple to suppose that the aristocratic autobus is going to have any sensible effect on the car congestion. Suppose there were to be fifty of these on the road by the autumn—and that is probably more than there will be, and supposing each of them should manage to make two trips at the crowded hour, and that is more than most of them could, they will carry thirty-two people each, that will be a reduction of three thousand two hundred on a traffic of perhaps a million. It would be always something, but would not take care of more than a month's increase in the ever-growing business. Let the gentlemen have their five cent coaches by all means, but do pay some attention to us common folk who do not enjoy the present distresses of getting home.

THE RIGHT TO THE AIR.

Drive the loafers off the park—there is no place in the sun or in the shade for them there. They frighten ladies and children, especially when they go to sleep, because it suggests that they have been where they ought not, and are not quite responsible. There was a fine place for the out-of-works to sun themselves, but not to sleep, on the curb all round the great fountain in Victoria square. But civic propriety—it is well that we have some sense of civic propriety—was shocked at their sitting there, and the whole fountain was removed so that they could find no sitting place there. Montreal must have no fountains, lest their coolness should comfort the idle. The right place for the out-of-works is evidently the saloon, which the provincial government provides us with at every turn. And, having all these saloons on our hands, what have we to do but to drive the idlers away from every place but the saloon. Still, a better way to have no bogey men in the park would be to have no saloons.

Another sort that should by no means be permitted in public squares is, the children, big and small. There was another little fountain in Victoria square, where very little children used actually to battle in tenuous raiment. That fountain also had to go to where no naughty children bathe. Mr. Bernadet, the park superintendent, reported against the use of St. Patrick and Gallery squares as playgrounds, and the reason forsooth was that the neighbors objected. A universal obstruction to playgrounds is that the surrounding residents think they belong to them. Fletcher's Field was acquired for a playground. The abutting properties became charming, and people hastened to build there. Then they objected to boys playing there, and induced the City Hall people to make streets through it, and to plan nice gardens for them, so as to keep the naughty boys as far as possible out of hearing. Public opinion would not stand for that, and the boys may still play there. The park superintendent doubtless takes some pride in his gardening, but fortunately our long cry for play room for the children has found its way to the public ear and the public heart, and people are beginning to realize that the children have as much right to playgrounds as the business of the city has to streets.

BACK TO THE FARM.

A hundred years ago the greater part of the small population which was scattered over the province of Upper Canada was rural, just as the greater part of the population in the thirteen colonies, before the American revolution, was rural. But in all of older Canada, that is to say, in the five eastern provinces, while the rural population has greatly increased in the course of a century, the towns and cities, just as in the United States during the same period, have been gaining at a much more rapid rate. If we may trust the censuses, which are our only guide, but which in this taking did not impress the people with their accuracy, we find that in the ten year period from 1901 to 1911, the population of the towns and cities of the five eastern provinces increased by 785,396, or 43.3 percent. During the same period the rural population in the five provinces decreased by 47,253, or a loss of 1.6 percent. Each of the provinces has been losing farmers, who have joined the procession from abroad to the western provinces. This, of course, has not been the sole cause of the diminution. For years, labor-saving machinery has been helping to lessen the number of people employed on the individual farms. Then, too, the scarcity of farm labor and its high price has caused many to turn, for instance, from dairying to stock feeding as requiring less labor. Lastly, during the last thirty years there has been a very steady demand for labor for the immense industrial enterprises and railways which have been built up during that period — and this demand has drawn heavily upon the rural population.

But that there had been an actual decrease of the rural population in the five eastern provinces—a decrease from 2,911,966 in 1901 to 2,864,713 in 1911 — has come as a surprise even to those who have been following the social development of the country most closely, and the result calls for the earnest attention of every patriot. Half a century ago, Canadians were in the habit of saying that Canada was, and should be, essentially an agricultural country. We were not then thinking of the west, which has since become such a vast wheat field. We were going to become a great farming country here in the east, with large surpluses of our products to export. But for the moment, the census figures of 1911 seem to be administering a cold douche to such hopes. How are we to look for the increased agricultural production that we should expect if our great wide spaces are to be tilled by a decreasing population? Even in the western provinces the relative growth of urban has been greater than that of rural population. In the ten year period the increase in the urban population of western Canada was from 297,987 to 681,216, or 227 percent. The gain of the rural population was from 437,550 to 1,059,681, or 149 percent. East and west, therefore, there is a gain of urban upon rural population in the matter of percentage, but the eastern figures are the more directly serious. That there have been some substantial gains in agricultural production in the five eastern provinces, during the ten years, does not fully offset the diminution of population.

These facts are certainly such as to catch the eye of a Minister of Agriculture, whose business it is to study the relations of government to our social conditions. Mr. Burrell on assuming responsibility would find that, as far as legislation could affect the trend of population, the whole of Canadian legislation since the days of Sir John Macdonald's 'National Policy' has been to lay burdens on our natural industries for the upbuilding of urban industries that needed aid to live. The least a government can do under such conditions is to devise some means to return to agriculture something of what it has been systematically robbed of. Hence Mr. Burrell's Agricultural Aid Act. Its purpose is to give a new impetus to Canadian farming by means of agricultural education. When introducing the bill in January last, Mr. Burrell said. 'Help given in an educational direction will not only mean better farming, but better farmers and better and happier men and women.' The particular form such assistance may take may vary with the special needs and conditions in each province. It will embrace the increasing of the efficiency and equipment of our agricultural colleges; the establishment of agricultural schools, of short courses in agriculture; the initiation of agricultural teaching in the public schools, and work by travelling or located qualified instructors. It might well include the valuable educational work carried on by means of demonstration trains, training of teachers in nature study, and the invaluable work of domestic science concerned with the women and girls of our communities, whose influence will always constitute one of the most potent forces in solving the problems we are considering.'

The sum of $700,000 is divided among the provinces this year on the basis of population, with a basal grant to each of $20,000. The $700,000 is increased each year by $100,000, until it reaches $1,100,000, which becomes the fixed sum until the ten years are ended. It is the intention, also, to have a general conference each year with the representatives from the provinces in order that the work may be co-ordinated. Mr. Burrell stated that it was the desire of the government 'to treat this whole matter from an economic and national standpoint, eliminating party politics and party advantage.' The maintenance of this spirit on all sides during the ten years, were such a change of heart conceivable in Canada, would certainly be a political blessing in itself. In the meantime we shall hope for great results from this co-operation of the federal and provincial governments, and of the provincial agricultural and educational departments. 'Back to the farm' is not an idle bit of social philosophy. It is a great essential policy for our country, and a most powerful means to that end will be through a great system of practical and scientific agricultural education.

MURDERER'S COUSIN A CONVICTED WIFE-BEATER

Dominica di Luca, who is reported the last man to have seen Garmine di Luca on the night when Torento Gizzi was murdered, was arrested last night by Lieutenant Savard, on complaint of the accused's wife, who alleged that her husband was a wife-beater of the most severe kind, and gave her a beating three times a week regularly.

The family live At 119 Christopher Columbus street. Dominico is a cousin to Garmine di Luca, the escaped murderer, and it is known that the two men met on St. Lawrence Boulevard near midnight shortly after Gizzi was shot and killed by di Luca, who, locked in a room for some time awaiting the police, made his escape by breaking a window and scaling a 30 foot wall to gain the street.

A man known to the police reported seeing Dominico at the time, and he has been under surveillance since. This morning he was condemned to ten days in jail and compelled to make a deposit of $50 to keep the peace for six months or go to jail for another six months, by Judge Leet, in the Recorder's Court.

MAILING MADE EASY.

New Letter and Newspaper Boxes in Front of Post Office at Last.

It's happened at last! St. James street pedestrians stood aghast when they saw it too. Didn't you see the big shiney brass plates that were inserted into the front wall of the general post office this morning—just east of the main entrance? Not a step to climb to reach them either. Two of them with eight great holes in them, through which to poke letters singly, letters in bundles, letters with special delivery stamps attached, letters for the city and letters for over the sea. Then there is a great gaping mouth, through which one can mail bundles of papers and a smaller one for single papers.

The new innovation will supply 'a long-felt want,' for long loud and many have been the growls of angry Montrealers who searched in vain for the mail chutes in the post office front in the past.

FRED GRAYDON SIGNS WITH THE TECUMSEHS

Toronto, May 21. — There is now one less 'hold-out' on the lacrosse list, and it is expected that all the high-salary aspirants will be back on the active list by to-morow night. The stock of the Tecumseh Lacrosse Club took a decided boost last night when Fred Graydon, the veteran defence player of the Indians, signed up for the coming season. Graydon who is a C.P.R. conductor, had his duties arranged so that they will not conflict with his playing with the Indians.

AMERICAN CLUB HEADQUARTERS

Headquarters for the American Club of Montreal will very soon be a reality, for at a meeting held last night at the Windsor Hotel under the chairmanship of the president, Mr. A. B. Howard, a report presented by Vice-president A. D. Mapes, chairman of the house committee, was accepted, and the Board of Governors was given full power to proceed with the acquisition of a residence for club headquarters. Mr. Mapes' report suggested the taking over of No. 71 McGill College avenue, and its transformation into an up-to-date club house with fifteen or eighteen dormitories, and with the various other rooms necessary for its proper equipment.

$5,000 CLAIM DISMISSED.

Daniel Fitzgerald, who claimed that he had lost the sight of an eye as a result of a blow of an ice pick dealt him by Oliva Renaud, saloonkeeper, on June 24, 1912, had his suit for $5,000 damages dismissed in the Superior Court to-day. Fitzgerald has been serving a term of six months' imprisonment for deserting his wife. He was unable to prove his claim, there being no positive evidence that Renaud had been responsible for the injuries received by the plaintiff. The case was heard by Mr. Justice Demers.

NEW MAISONNEUVE FERRIES.

The new ferry steamers for the Maisonneuve-Longueuil service, came up the river from Quebec to-day, arriving at Maisonneuve this afternoon. The names that they bear are the 'North' and the 'South.'

The first trip of the vessels will be made in a day or two—just as soon as the last arrangements can be completed.

SUIT OVER TRAM ACCIDENT.

Five thousand dollars' damages are claimed from the Montreal Tramways Company by Miss Ethel L. Moore, who was seriously injured on January 16, last, when a street car collided with a vehicle in which she was driving. The accident took place at the corner of St. Denis street and Laurier avenue. Mr. J. E. C. Bumbfay has charge of the plaintiff's case.

STRIKE OIL AND GAS NEAR CALGARY.

Calgary, May 21.—Oil and gas has been encountered in commercial quantities in wells which are being drilled in the Black Diamond district, thirty-five miles south of Calgary. The strike is responsible for a rush on the land offices, and during the past few days oil and gas claims have been filed in nine townships.

A UNIVERSITY COURSE FOR G.T.R. APPRENTICES

Four Years at McGill University Open to Sons of All Employees.

The Grand Trunk Railway, which has developed one of the most notable apprenticeship systems on the continent of North America, is extending that system in several directions. It was announced from the president's office to-day that the company is about to offer three free scholarships, each covering four years' tuition in the Faculty of Applied Science of McGill University. These scholarships are open, subject to competitive examinations, to apprentices and other employees of the company under twenty-one years of age, and to minor sons of employees.

The examinations, which will be the regular entrance matriculation examination provided for in the annual calendar of the university, will be held at the university, Montreal, and at other centres; beginning June 12 of this year. The three candidates making the highest average and complying with the requirements of admission will be awarded the scholarships, and have the option of taking a course in any department of the Faculty of Applied Science. Scholarships will be renewed from year to year, to cover a period not exceeding four years, if at the close of each session, the holders thereof are entitled, under the rules, to full standing in the next higher year.

In consideration of the free scholarships, students will be required to enter the service of the company as student apprentices and serve during vacation periods while in attendance at the university, and at the option of the company, for two years after completing the college course.

WIDER ACTIVITIES.

Extension of Work or Society for Protection of Women and Children.

Great extension of the work of the Society for the Protection of Women and Children is the ambition of the executive of that organization at the present time. A scheme for the purchase of an island near Montreal, two hundred acres in extent, with solid farm buildings and a fertile soil for the sum of $18,000, is what the members would like to see realized, but the question of funds is acting as a deterrent.

'In my opinion, the Society should get out after funds like other societies do,' said Mr. O. H. Skroder, the secretary, this morning, 'for it is not a comparatively large sum that we require. That new and larger premises than we have at present are necessary there is no question, and I am in favor of the establishment of a home outside Montreal, even forty or fifty miles away, where the cost of maintenance would be cheaper than in the city, and where we could look after children who would be reared in healthy surroundings, and where, when they reach sufficient age, boys could assist with the work on the farm, and thus do something towards assisting the Society.

'We have now been established thirty years, and we have acquired the premises we are occupying on Lagauchetiere street, and have just sufficient money coming in to pay the expenses for the purpose of building. The Society was established only for the purpose of bringing to justice men who neglect their wives and children and to help children whose parents neglect them, and we are doing that every day. But, with an effort made to get money in order to buy a farm such as we should like, we should be able to do much greater work, and a good farm would go a long way towards allowing the home to keep itself once things had been started.'

CONFERENCE ON Y. M. C. A.'S FUTURE ACTIVITIES.

For the purpose of discussing work to be undertaken by the various branches of the Y. M. C. A. in this city during the coming association year, a conference, the second of its kind, is to be held during the coming week-end at Highgate Spring, Vt., which will be attended by 125 members, comprising the Board of Directors, and officers of the Association here. The party will leave Montreal by the Central Vermont Railway on Friday afternoon, and will return Monday morning, staying at the Highgate Springs Hotel during the week-end, the hotel being placed entirely under the Association's management during that time.

Full particulars of the programme are not yet completed, but the discussion of educational, physical, and especially religious work to be done, will occupy most of the time of the convention. All the principal officers of the Association will attend, and Dr. George Smith and Mr. John Bradford, respectively destined to take up work at the Central Y. M. C. A. in August next as physical director and community secretary will be present.

The committee that has the arrangements in hand is composed of Mr. C. K. Calhoun, general secretary of the Y. M. C. A. in Montreal, Mr. Gerald Birks, Mr. W. H. Goodwin, Mr. A. Patterson, Dr. F. Tees and Mr. G. Williams.

VISITATION DAY LEADERS.

One step further in the organization of the Montreal Home Visitation will be taken this evening at a meeting to be held in the Baron de Hirsch Institute, 410 Bleury street, at 8.30, when leaders of the thirty-one districts into which the city has been divided for the purpose of the scheme will be chosen. A meeting on similar lines, to apply to Protestant bodies, will be held in the Central Y. M. C. A. Building, Drummond street, to-morrow evening at 5 p.m.

SATURDAY A POSTAL HOLIDAY.

Saturday, May 24, 1913, Victoria Day, will be observed as a holiday by the Post Office. The outgoing afternoon mails will close at 10 a.m., and the night mails at the usual hours. A mail for Great Britain and Europe per steamship Hesperian, of the Allan Line, will close at 7.30 a.m. The wicket's of this office and those of the postal stations will close at 10 am. The lobby will be opened from 7 a.m. till midnight.

LAD CHARGED WITH MURDER.

Eugene Mathieu, the 14-year-old boy who is charged with the murder of Guard Morin, at the Reformatory a week ago, will have a hearing this afternoon, before Judge Lafontaine. The boy is held responsible for Morin's death by the coroner's jury, who decided that the guard was killed by a blow from an iron bar held by young Mathieu, who hit him over the head, causing wounds from which he never recovered.

A LAW WRONG 600 YEARS.

(New York 'World.')

In the days of King Edward III. the British Parliament provided by statute that persons 'of good fame' might in case of certain offenses be bound over to keep the peace. The law was engrossed in Norman French on parchment. Not long after a clerk copied it for convenience, and to save writing out the Parliament roll. He was careless and made it apply to persons 'not of good fame.'

For six hundred years an Act of Parliament has been enforced as the exact opposite of what it really is! Parliament meant that a person 'of good fame' need not go to jail for a petty offense, but might be bound over. It passed a statute mercy. For eighteen generations this has been enforced as meaning that persons 'not of good fame' must be otherwise punished for offenses specified unless they could provide bonds. It has been used as a statute of mitigated severity.

That is not all. The wording of the careless clerk's copy, instead of the original act, has affected the theory and in many cases the wording of the law in every British colony and in many American States. It is so buttressed in precedent and statute that, except in England itself, it will doubtless remain valid law. What will be done about it in England we are unable to guess.

For more than half a thousand years the greater part of the English-speaking races, and any non-English millions within their political systems, have lived comfortably under a topsy-turvy law, and never known the difference. Many never will know the difference. No one would know it now if some ferret of the law had not stumbled upon the fact while seeking a quibble for the benfit of Annie Kenney, window-smashing militant suffragette, bound over to good behaviour.

JUDGE AND JURY CLASH.

Judge's Acquittal of Man on Murder Charge Stands Without Jurors' Signatures.

Memphis, Tenn., May 21. — Judge and jury clashed in the second division of the Criminal Court here yesterday, and, as a result, a verdict acquitting a man of a murder charge was made a part of the court record without the signatures of the jurors.

C. E. Murrell, railway fireman, was charged with having murdered Moss Todd. Presiding Judge Palmer ruled that the evidence showed self-defence and directed a verdict of not guilty.

'Suppose we do not think he is not guilty?' suggested several of the jurors.

'But I do,' replied the court. 'Write your verdict accordingly.'

After consultation with members of the jury, Mr. Cooney, the foreman refused to write the verdict.

Judge Palmer explained that he could permit no other verdict to stand, in view of the testimony.

'You have a right to your opinions,' retorted Mr. Cooney still obdurate, 'but you are not the keeper of my conscience.'

Finally, however, the verdict was written, but the jurors carried their point to the extent of not affixing their signatures.

GOLF CHAMPIONSHIP.

Six Americans Enter World's Games at St. Andrews.

St. Andrews, Scotland, May 21. — Six American golfers are among the list of nearly 200 competitors who have entered for the amateur golf championship of the world, the play for which starts next Monday, May 26. The entries closed at noon to-day.

Findlay S. Douglas, of the Nassau Country Club, Long Island; C. W. Inslee, of the Oneida Community Club, New York; W. Heinrich Schmidt, of Worcester, Mass.; Harold Weber, of Toledo, Ohio; and Douglas Grant, and Campbell D. White, both of San Francisco are entered.

The sole Canadian representative in the tournament, Jackson Walton, meets L. G. Stevens, one of the strongest players of the Royal Cinque Ports Club.

Two of the American players, Harold Weber and Campbell D. White, have drawn byes, and will make their first appearance in the second round of the tournament. The other four play in the first round.

DR. MARSH'S MEETINGS CREATE DEEP INTEREST

The special series of meetings led by Dr. Marsh, of Bristol, England, are in progress, and creating a deep interest in the minds of Bible lovers. Dr. Marsh is a man of his own class; he has the faculty of getting at the heart of things, bringing from old truths practical lessons for present day problems in spiritual matters. He makes the old Book to sparkle with attraction, and 'the Christ' of the Book the mightiest force in the universe. The meetings will be continued at Taylor Presbyterian Church every afternoon and evening with the exception of Saturday, up to and including Wednesday night, May 28th. Dr. Marsh has a supply of his works with him, which can be secured at the church at any of the services.

WILLS $44,000 TO CHURCH SOCIETIES.

Toronto, May 21. — Mrs. Magdalen Campbell, wife of Mr. H. M. Campbell, who died on the 8th inst., left an estate valued at $168,000. The Presbyterian Church and several charitable institutions in Toronto are to share in the distribution. The legacies to the enterprises of the Presbyterian Church are:

Home missions of the Presbyterian Church, $10,000; foreign missions, $10,000; Knox College building fund, $10,000; Knox College, $10,000; Presbyterian city mission, $2,000; Rosedale Presbyterian City Mission $2,000. Total, $44,000.

DOES NOT WANT SEWER.

To prevent the city of Montreal constructing a sewer through his quarry in Longue Pointe ward, is the object of a petition for injunction sought by Mr. Robert Clarence Dickson. The proposed sewer, Mr. Dickson says, would serve to permanently deteriorate the value of his property. The matter came before the Practice Court this morning, but had to be postponed, as the lawyers engaged were not ready for argument.

THE PHILOSOPHER OF FOLLY.

(By Sherwood Hart.)

THE YEARLY MYSTERY.

Some bright and warm May morning when starting out from home without the slightest warning a thought will pierce our dome—we'll note some fellow sporting a lid of summer straw, whereat we'll start cavorting and shouting 'Hip-hooraw!' On seeing him parading our weary heart will leap; our derby, old and fading, we'll scuttle on the heap of bottles, bones and ashes against our backyard fence, where all the winter trash is, behind our residence—though something inly tells us 'tis best to travel slow when summer thus impels us to treat our cady so. Re-entering our portal, we'll head us for the shelf, where we, deluded mortal, had placed that straw ourself the twelfth of last November—a cold and snowy day—how well we can remember our putting it away. With what a joyful feeling we ope the closet door our treasured lid concealing—but it is there no more! It's vanished altogether and been and gone and went like snow in summer weather or money paid for rent. Weighed down with great dejection we search each nail and hook through all our quarter-section we give a thorough look. We ask a hundred questions while on our wild-goose chase; our folks hand out suggestions and then vamoose the place. Our search is unavailing—who ever found a lid, which when fall winds were wailing he carefull had hid? The sun is somewhere streaming on straws of yester-year, but only when we're dreaming their shadows reappear—thin shadows, dark and dismal and weighted down with woe, from out that bourne abysmal where housecleaned discards go.

BIRTHDAYS.

WEDNESDAY, MAY TWENTY-ONE.

Colonel the Hon. E. G. Prior is sixty years of age to-day. He is a native of Yorkshire, England, and went to British Columbia as a mining engineer. He represented Victoria in the House of Commons for many years, and was Minister of Militia under Sir Mackenzie Bowell. He was later Premier of British Columbia for a short time.

* * *

The Hon. J. H. Barry, judge of the Supreme Court of New Brunswick since 1909, celebrates his fifty-fifth birthday to-day. He was once a partner of the late Hon. A. G. Blair.

* * *

Mr. Thomas McDougall, retired general manager of the Quebec Bank, was born seventy years ago to-day, at Three Rivers. His active career was spent in the service of the Bank.

THREE HORSES SUFFOCATED.

Three horses belonging to Romeo Brivet, a carter of 735 Notre Dame street, were suffocated in a fire in the stable in the rear of the house, and nearly $2,000 of damage done by the flames yesterday. The carter and the fire department of Maisonneuve tried to get the horses out but without success, and the animals were killed by the smoke. The fire is thought to have been due to defective electric wiring in the ceiling of the stable.

MR. ROGERS GOING TO COAST.

Vancouver, May 21. — The Hon. Robert has written Mayor Baxter that he intends visiting Vancouver in July. The minister has never been on the Pacific Coast.

JAPAN STRIVES TO TAME THE WAR SPIRIT

California's Action Aggravates Jingoes, But the Government Continues Sane.

UNDERWRITERS COVER WAR RISKS.

London, May 21.—The underwriters quote five guineas per cent to cover the risk of an outbreak of war between the United States and Japan for three months.

Eight guineas percent was quoted to cover a similar risk for six months.

Tokio, May 21.—Since the news that the Californian Land Ownership Bill has been signed by Governor Johnson was received here the Government has redoubled its efforts to pacify public opinion in the belief that Washington will find a peaceful solution of the problem.

It is felt, however, that it will be difficult to stem the tide of popular anger against the United States, as the Japanese generally regard the issue as one involving their national honor.

The bankers and big business men of the country are strongly in favor of moderation, and are bending all their efforts to avoid a conflict, but considerable alarm is evident in official circles at the attitude of the lower classes, who seem to desire war on any pretext and in any conditions.

The old Samurai spirit appears to be reviving, and the Emperor and his entourage, bearing in mind the success of the republican movement in China, which has had a strong effect upon the peasantry and the workers in the cities of Japan, are more or less afraid to resist it.

Mr. Arthur Bailly-Blanchard, secretary of the American Embassy, called on the Japanese Foreign Minister, Baron Nobonki Makino, yesterday, and assured him that the United States would do its utmost to find a peaceful solution of the dispute, asserting again that it was not an American, but only a California issue.

ROBERTS INQUIRY.

Owing to Chief Accuser's Absence from City for a Few Days Probe Will Be Delayed Till May 30.

The inquiry into the charges of Mr. John H. Roberts against police officers and the Frisco Soda Water Company was resumed for a few minutes by the Board of Control yesterday afternoon and adjourned till May 30.

Then Mr. Roberts will bring witnesses. Secrecy was strictly maintained. Mayor Lavallee said that the long adjournment was made to suit Mr. Roberts, who is leaving town for some days.

PICTURES AT HIS MAJESTY'S

Press Agent Almost Bursts Into Song as he Contemplates the Summer Season.

The management of His Majesty's Theatre promise a remarkable entertainment when it opens its first summer moving picture season next Monday, and starts daily matinees.

The advance press agent bursts almost into song as he contemplates the coming feast. Just listen to him:—

'In this golden age, when human ingenuity can "wed the seas," and it seems to have no limitation, it is indeed fitting that Kinemacolor should be perfected and reproduce in natural color motion photography, these events and truthfully record and hand them down to posterity.'

And then he tells some of the visions caught by the Kinemacolor process for reproduction here next week:

'Down on the Isthmus of Panama, several thousand Americans, with the help of labor drawn from all countries of the world, and of machinery which represents the last thought in power and economy, are building a canal which will change the trade routes of the world, and directly or indirectly will affect the prosperity of all its human beings; while over in the Balkan Peninsula many thousands of brave and hardy mountaineers re bringing to a successful conclusion a struggle to the death with the Ottoman power. In the United States, the 28th presidential inauguration, that of Woodrow Wilson, took place in Washington, preceded the day before by a parade of thousands of women battling for equal rights. All this will be shown.

Is Your Back Full of Aches All Day Long?

Mrs. Anna Rodriguez writes as follows from her home in Valencia: 'For a long time I suffered with failing strength and nagging headaches. My condition grew steadily worse, my limbs became bloated and shaky, I was sallow and thin, felt rheumatic pains, dizziness and chills. I unfortunately didn't suspect my kidneys and was nearly dead when I discovered the true cause of my sufferings. I read so much about the wonderful health and strength that comes to all who use Dr. Hamilton's Pills that I felt sure they would help me. **Such blessings of health and comfort I got from Dr. Hamilton's Pills I can't describe. They speedily put me right, and their steady use keeps me active, energetic, strong and happy. I strongly urge others to regulate and tone their system with Dr. Hamilton's Pills of Mandrake and Butternut.'**

No greater medicine exists than Dr. Hamilton's Pills for the cure of indigestion, constipation, flatulence, liver, bladder and kidney trouble. Refuse substitutes. 25c. per box or five boxes for $1.00, at all druggists and storekeepers, or postpaid by the Catarrhozone Co., Buffalo, N.Y., and Kingston, Canada. 18.

BALKAN STATES ASK BIG WAR INDEMNITY.

Paris, May 21.—The Bulgarian minister of finance, T. Theodoroff, who is to represent Bulgaria at the financial conference in Paris in connection with the Balkan settlement, says the Balkan states will ask for a war indemnity of 2,000,000,000 francs ($400,000,000), of which Bulgaria's share would be 1,000,000,000 francs.

GENERAL PLAN OF CHURCH UNION IS APPROVED

Dominion Square and Stanley Street Church Boards Discuss Details.

The proposed union of the Dominion Square Methodist Church and Stanley Street Presbyterian Church, the general scheme of which was published exclusively in the 'Witness,' on May 6th, was discussed again fully between the representatives of the two churches and the subcommittee of the Interdenominational Board at a special meeting held last night. There were 26 churcl. leaders present, including the Rev. Dr. Pedley, the chairman of the Interdenominational Board; Mr. J. H. McKeown and Mr. William Birks. The Dominion Square Methodist Church was represented by ten of its board, and Stanley Street Presbyterians by the session, trustees and board of management.

A spirit of harmony prevailed throughout all of the discussion and a desire for union was very apparent. At the same time the technical and legal difficulties in the way of such a course loomed up very large. The greatest of these, it is understood, lies in the fact that there is no provision in the denominations for the use or holding of denominational moneys for union purposes.

In the end the Presbyterian representatives waived their request that the money be held by the union church and agreed to permit it to lie in the control of the Methodist Church for three years—while the necessary changes in church law were being enacted. In the event of the failure to provide such regulations in that time, Stanley Street Church reserved the right to withdraw from the union, taking with it whatever money it had expended in the proposed new union church. This was agreed to by all parties concerned in the plan and resolutions expressing confidence in the general scheme of union was adopted.

To-night the Presbyterian boards will meet again to consider what action shall be taken regarding its own proposed new church building on the upper level. Contracts were on the point of being awarded when the union scheme loomed up, and the church must adopt some definite plan with regard to the contractors.

G.T.R. GIVES $5,000 TO CARTIER CENTENARY.

The president of the Cartier Centenary Committee, Mr F. W. Villeneuve, has been notified by Mr. William Wainwright, vice-president, that the Grand Trunk Railway directors will subscribe $5,000 to aid the movement for the erection of a fitting monument to Sir George Etienne Cartier.

It was Cartier who secured the incorporation of the Grand Trunk Railway Company, and, in a speech in 1854, he said: 'I am prouder of that than of any other action of my life.' Cartier also did everything in his power to tide the company over its early difficulties.

His interest in railway development did not stop there, however, for it was Sir George Etienne Cartier who, in the session of 1872, presented resolutions providing for the construction of the Canadian Pacific Railway. After a remarkable debate, a bill based on the resolutions was adopted, and Cartier, springing to his feet, gave utterance, amidst loud cheers, to the expression which has become historic, 'All aboard for the West.'

NEATLY TRAPPED.

Policemen Got the Better of Fighting Sailors.

Four sailors who were having a merry time slugging each other to their hearts' content on the Allan line dock, were neatly trapped by Detective Walsh, this morning, and piloted to the police station two at a time, the last pair not knowing they were to meet their antagonists at the Central station.

They were Francis Young, George Watt, George Leighton, and William Anderson, off the SS. 'Hesperian,' of the Allan line, and Watt looked as though he had been dragged along the face of a mountain trying to loosen the stones on his way by jabbing his face against the sharp edges. He had a black eye that was closed to all observers, and from all appearances it would remain hidden from view for a long time yet. His nose was scraped of most of the skin, his cheek was cut open, and his lip bleeding.

Leighton looked the best of the lot, and the detective claimed he was the bad man of the party. Watt and Young were taken in hand, presumably to have their injuries seen to, but before this was done they were in the police station. The other two were asked to help them out of their trouble by going to a house where they were supposed to be 'Getting fixed,' and were landed in the police patrol before they knew it.

Brought up to-day before Judge Leet, the men were sentenced to six weeks in jail, and to lose three days' pay for being absent without leave. Mr. E. M. Holden, for the company, asked the maximum penalty of twelve weeks, but the Judge did not see fit to impose it.

SHAVINGS FOR BEDDING.

Wood shavings instead of straw for bedding will be tried for the horses of the fire department, on the recommendation of Chief Tremblay. He said that he has experimented with them, and found them good. Straw for bedding costs $5,000 a year, and shavings would cost about $1,000 a year.

MORE BRIDES TO GLADDEN WESTERN CANADIAN HOMES

'Corinthian' and 'Montreal' Both Bring Parties of Happy Young Ladies on Way to Altar.

The Allan liner 'Corinthian' arrived here early this morning after anchoring for the night at Longue Pointe. Her 952 passengers, from London and Havre, reported a splendid voyage across the ocean, although there was the usual amount of ice and fog. It was a bride vessel, too, and when the ship berthed there were a number of happy young men on the wharf with all of the papers necessary for a speedy wedding. Several of the young couples were married in the city this morning, afterwards beginning the railway trip to the West, where their new homes will be made.

It was the 'Corinthian's' first appearance here this season—the trip on which she usually carries the Dr. Barnardo Home children. They were not ready to come on this voyage, but the next time that she docks here, it will be with a large party of the little settlers.

Capt. Bambeer was on the bridge again, looking hale and hearty after his winter's run to seacoast ports while the canary in his cabin was singing its merriest when the harbor was reached.

A little later in the morning, the C.P.R. liner 'Montreal' came into port from London. She carried 1,369 passengers of two classes, among whom there were many ladies on the way to the altar. Capt. M. McNeill reported ten icebergs and a number of small growlers. He had clear weather to Cape Race; then around 48.24 N., 45.44 W., he saw the ice.

About one o'clock, the 'Manchester Commerce' arrived with a general cargo from Middlesborough, while the big 'Megantic' is due to-night with a large list of passengers.

FIREMEN'S BENEFIT.

Board of Control Authorizes Fire Chief Tremblay to Exhibit Moving Pictures.

The Board of Control gave leave yesterday to Fire Chief Tremblay to hold a course of moving picture shows in the Theatre Francais on June 23 to July 5 for the relief of the Firemen's Benevolent Fund. The coffers of the Firemen's Benevolent Association have become so depleted that action is needed to restore it. Montreal fire scenes, rescues, and groupings of the fire brigade will be shown. The show will be given under the patronage of Mayor Lavallee and the Board of Control.

EMMA GOLDMAN EXPELLED.

San Diego, Cal., May 21.—For the second time in a year Emma Goldman, anarchist, was yesterday rushed out of San Diego to protect her from mob violence, and with her went her manager, Dr. Ben. Reitman, who, on his previous visit here during the I. W. W. troubles, was treated to a coat of tar and feathers. The couple, who arrived on the 'Morning Owl' train, were at once arrested and later protected by the police, who placed them aboard a train for Los Angeles.

SIR RICHARD SCOTT'S WILL.

Ottawa, May 21.—The will of the late Sir Richard Scott, filed for probate here disposes of an estate of $92,360. He bequeathed $2,000 to charity and the remainder of the estate is to be invested and divided between two unmarried daughters. 'I regret that financial losses debar me from making other bequests I would like to make,' reads the will. The two sons, Assistant Railway Commissioner D'Arcy Scott and W. L. Scott, are trustees of the will. They are not beneficiaries.

FELL FROM LADDER.

While at work on a house at the corner of Orleans and Lafontaine streets yesterday afternoon, Amadee Boisvin, 25 years of age, living at 731 St. Catherine street East, a painter by trade, fell from the ladder on which he was standing, twenty-five feet to the ground below. He was taken to the Notre Dame Hospital, where he now lies suffering from a fracture of the right foot and internal injures.

MAY CARRY THEATRICAL DISPUTE TO U. S.

London, May 21.—Mr. J. Salter Hansen, the American theatrical manager, accused of threatening Mr. Arthur Bourchier, the London actor-manager, after a dispute regarding the production of Baron Henri de Rothschild's play, 'Croesus,' was released from jail last night, in bonds of $5,000.

He declares that he will appeal to the American State Department to investigate his assertion that he has been 'jobbed,' and that the proceedings against him were framed up in order to keep him away until 'Croesus' was produced.

BREAK IN STRIKE LEADS TO RIOTS.

Ipswich, Mass., May 21.— Some turmoil marked the re-opening to-day of the Ipswich Hosiery Mills, which have been closed for a month by a strike of operatives. Six hundred strikers who had gathered near the mills were dispersed by a force of 100 policemen, including members of the state police and detectives from surrounding cities. Three arrests were made. Officers who arrested the men were attacked by strikers, but by using their clubs were able to retain their hold on the prisoners. The mill officials stated that 250 of the 1,100 operatives returned to work, and all departments were in operation.

Put Your Liver To Work!

CONSTIPATION of the liver interferes with the action of the bowels. When the liver stops working and the bile accumulates your system becomes clogged with waste matter. Get that liver working right and all biliousness, headache, stomach trouble and constipation is avoided or disappears.

DON'T take a drug which drains you and makes you feel "as weak as a cat." Two wrongs do not make a right. Take a mild, natural laxative which gently stimulates and effectively operates.

HUNYADI JANOS WATER, a NATURAL remedy, acts within one hour or so after taking on an empty stomach—½ glassful puts your liver to work. Get a bottle at any drug store to-day.

The Race for Home

(By Raymond Macdonald Alden, in the 'Congregationalist and Christian World.')

(Concluded)

'We have found that we really are old neighbors,' Mrs. Farnham explained to Miss Lovett. 'That is why he wants the song again. He did not even smile at that wonderful second line, about the trees being so 'beautiful, magnificent and great.' Probably his mother used to sing it, too. We have been planning our return together—in the spring. I hope that is not against the rules, too?'

'No,' said Miss Lovett, and her face wore an odd expression. 'But it is a sign that you are very new. Mr. Gray to be sure, has not learned any better. I don't think he ever will.'

They passed upstairs, and the Farnhams stepped out again for a moment on the balcony before entering their room. The stars were so brilliant that the plain lay like a phosphorescent sea beneath them, and the mountains toward the East were very distinct. In the distance sounded the long whistle of a locomotive making its winding way into the foot-hills; close at hand everything was utterly still. Mr. Farnham, after a long look, drew in a deep, quivering breath. Then he said:

'Can you read the stars for me to-night, Elsie? I want to know more than ever what they have to say for us.'

'Yes,' she answered quickly. 'Their language is as plain as it is at home. They say that there is really no such thing as time—only now and here; don't count months, but just live. And they would say something about home being where the heart is—meaning where I am—if they could think how to put it less tritely.'

Then they went to their beds, and a slow, soothing night wind from off the desert arose and wafted them to sleep.

. . . . . .

On an April morning Mrs. Farnham stood on that same balcony, seemingly watching a train of burros that came winding up the hillside, but really seeing nothing in particular—only the wonderful whole of the world. The air was sweet, after the fashion of the land, with pungent alkaline scents, and the warmth of the sun, though it already prophesied the summer heat, was only pleasant. No green things were yet springing up of themselves, for the rains were still in the future; yet there was that in the air which made Mrs Farnham think that spring was really universal, and that in the heart of nature here in the desert lived something akin to that in the fields about the Merrimac at home. So she drew in long breaths of joy.

Miss Lovett came into the courtyard below, and picked a geranium blossom that leaned forward to invite capture. Seeing her, Mrs Farnham went inside and ran lightly down the stairs; in a moment more she was laying her hands on Miss Lovett's shoulders.

'I have something to tell you,' she said, her eyes shining. 'Can you guess? Dr. Swan has given Mr. Farnham the most thorough examination, and says he is cured—cured! Isn't it too good to be true?'

Miss Lovett put the geranium in the little woman's hair, kissing her forehead as she did so. Then she said:

'You will be going home, then?'

'Yes. It's only a question of the weather; there is nothing else to wait for now. The first of May will be two weeks from Monday; we are still planning for that.'

That afternoon the Farnhams walked among all the nooks in the vicinity of the Sanatorium with which they had become acquainted, little by little, through the winter, eyeing them with a new affection from the very fact that they were to leave them; then came back to supper tired and browned—Mr. Farnham in the same happy, healthy fashion as his wife.

Mr Gray was the first to greet them as they passed into the drawing-room.

'What's this I hear? That you are thinking of going back to New Hampshire? Not before me, surely? It is my turn first, and the doctor hasn't given me any leave yet.'

'But he has given ours,' said Mr Farnham, 'for the first of May.'

'Nonsense!' He didn't know what he was thinking of. I will speak to him in the morning. You know I am to go first, and get Mrs. Farnham's garden started.'

'Unfortunately,' said Mrs. Farnham, 'my garden will be tended by some one else this summer. It will have to be a boarding-house for us for a while, Mr Gray. You know we had to sell our little place. That is the only sad thing about going home; I shall feel like avoiding that part of the town for fear of seeing some other woman digging in my tulip bed.'

'Where is it?' he asked.

'Just across from the old Methodist church,' she said. 'A little white house that we loved dearly. I suppose you have often passed it. Some day we are going to buy it back again, for old times' sake; and we shall have you there often for the afternoon, when you feel like driving across the river and talking over Arizona days.'

'Good,' he said heartily. 'But even a boarding house needs careful choosing. I shall pick out your rooms for you, and see that they are ready when you come.'

'You'll have to hurry, then,' she said, smiling, 'for we shall want them—let me see, on the sixth. Mrs. Farnham is to be back in his office on Monday, the eighth; and we haven't money enough to stop anywhere on the way, even if there were time.'

'Then I must leave on the twenty-fifth at the latest,' he said, with much gravity. 'For I am determined or no! I'll tell you what, Farnham—you want to have our little game of dominoes, don't you? The one that wins to-night shall go home first. How is that?, Mrs. Farnham?'

'It is hardly like your New England conscience, Mr Gray.' For it was only by unusually good fortune that any one got the better of him at dominoes. But Mr Farnham laughingly consented to make the trial, and the game began.

Mr Gray played not only with his usual skill, but with more than his usual zest, the bit of color in his face showing how keenly he was interested. His opponent, too, put rather more into the game than commonly, and, drawing some fortunate combinations, seemed once or twice on the point of carrying off the honors. Other patients gathered about and watched with interest. The score was turning again in Mr Gray's favor, when he suddenly paused, a strange look on his face, and laid down his hand.

'I think I must be excused for a moment,' he said hoarsely.

Mr. Farnham seized his arm as he rose feebly, while Miss Lovett came to his help at the same instant from the other side, and a third patient ran to find his man Johnson. Before he had reached the hall door he was pressing his handkerchief to his lips, and Mrs. Farnham, watching with anxious eyes, saw a spot of bright red stain it suddenly.

During the following days he was kept in bed, and the others had only glimpses of the man Johnson coming back and forth on errands, an air of some mystery and importance enwrapping him, to the discouragement of the curious.

'Oh no, Mr Gray is not dying,' said the doctor, when pressed for positive information. 'I think you will probably see him out in a few days. Of course he cannot go home just at present. As to that, it is impossible to say.'

Meantime the first of May drew nearer, and with it the departure of the Farnhams. There was a good deal of real feeling at these times of parting, for Dr Swan's people were bound together by closer ties than those of mere proprinquity. They had been fighting a common enemy, and any victory or defeat was felt by all. When the hour came for bidding goodbye to the Farnhams the population of the Sanatorium began gathering at the door, and one and another asked permission to go to the station with them in the carryall.

'All right! All right!' said Dr Swan. 'But save a good seat for Mr Gray. He wants to go along, too, and as he is feeling much stronger this morning I think the ride will do him good.'

He came out just then, dreadfully worn and haggard, leaning heavily on the arm of his man, but with his old alertness of glance and courtesy of voice, as he bowed and gave greetings to the others.

'Yes,' he said, 'I am sportsmanlike enough to see it through. You know we had a sort of stake on this matter of going home, and I barely lost it—by fault, you might say. But you shall not get to the station before me, Farnham; I have the seat in front of you, it seems.'

There was little time to wait for the Limited, and the partings at the station were soon said. From the window of their sleeper the Farnhams exchanged a few last words with those who waited outside, while the engine took water at the siding. Mr Gray had been forbidden to leave the carry-all, and there, seeing him sitting alone, Miss Lovett presently joined him.

'Come up, here, Miss Lovett,' he said. 'I want to tell you something. I can't have every one standing about and thinking I am beaten. I must tell somebody.'

'Why, what is it?' she asked wonderingly.

'Did you see me give Farnham a package? Can you guess what was in it? They are not to open it till to-morrow.'

'Never a bit,' she said.

'It contains the deed of their old house,' he said, his voice trembling a little with excitement. 'I have not been doing nothing, lying there on my back these two weeks. As soon as I was sure I would not get home ahead of them I telegraphed my lawyer at Nashua to buy that house—for what it was worth, if he could; if not, for whatever he had to pay. We've been keeping the wires hot ever since. Their furniture was sold with it, it seems, and we got everything back.'

'How splendid,' cried Miss Lovett. But he would not be interrupted.

'And Johnson has found out just when they will get home, barring accidents; and there is to be a woman in the house, waiting for them, with a good supper ready—if that's the time of day. And the garden is to be spaded, ready for her flowers if the frost is really out of the ground. I've telegraphed all these orders and sent duplicates by mail. Now, tell me just one thing; don't you think I have won out, after a fashion? I'm ahead of them in Nashua by proxy, anyhow.'

'I think you have,' she answered. 'And what is more—'

'None of your pretty speeches, if you please, Miss Lovett. Nothing nice about it at all. A man that is going to die out here in the eternal wilderness, and has neither chick nor child of his own—to call him benevolent, or self-denying, or anything of that sort, is to be a fool. It was my only chance. I told them in my letter that if they didn't accept it they would be doing their first unkindness. They will understand; they'll take it more as a favor to me than to themselves, and I don't care.'

'They will never forget you,' she said.

'No, I don't believe they will. I shall go back to be buried, of course, and we will be neighbors again. It's a great thing to have a state like New Hampshire, after all, even if only to be buried in. You don't understand me, Miss Lovett, you who are so contented here in the desert.'

She turned almost sharply. 'Don't!' she said. 'I can't always pretend. It's one thing to live it down, but I will not be thought happy—by you.'

He looked at her wonderingly for an instant. 'Then we shall be all the better friends,' he said.

After that they were silent. Miss Lovett turned toward the train that she might regain her usual composure, and Mr Gray, whose strength had been sadly taxed by the events of the morning, leaned back against his pillow, gazing at the impenetrable mountains to the eastward with eyes as impenetrable as they.

The engine was now sated with water, and the bell rang gaily. From the car the travellers called their last adieus to those outside, who in turn waved their handkerchiefs with hearty goodwill. Mrs. Farnham turned to her husband with eyes in which the joy of their going was for the moment eclipsed.

'What are you thinking, John?' she asked him.

'I can think of but one thing,' he said. 'Do you remember how in the Samoan hurricane, when that one English man-of-war was able to ride out the storm and make to sea, the men on the other ships cheered her, and their bands played, as they stayed behind to meet their fate?'

'Yes,' she said, 'I remember.'

And now the last glimpse of the village was to be had, with the Sanatorium on the hillside. The engine was leaping forward to achieve its conquest of the mountain barrier, and the two travellers could not linger in backward thoughts; for they knew that the desert was soon to be passed, and that beyond all the mountains, waiting in the virgin beauty of the New England spring, was home—home.

The Kidneys Are To Blame

WHEN A WOMAN'S BACK IS NOT STRONG.

Women are coming to understand that weak, lame and aching backs from which they suffer are due to wrong action of the kidneys.

The kidneys are overtaxed,—given more work than they can possibly do—then they cry out in protest through the pain in the back.

When the back aches and pains it is almost impossible to do her housework, for every move and turn means pain.

On the first sign of backache Doan's Kidney Pills should be taken so as to avoid all this suffering.

Mrs. Harvey W. Brownell, Northport, N.S., writes:—"I now take pleasure in writing you, stating the benefit I received by using Doan's Kidney Pills. About a year ago I was terribly afflicted with lame back, and was so bad at times I could not sweep my own floor. While looking through B.B.B. Almanac, I saw Doan's Kidney Pills were a great kidney remedy, so thought I would try a box or two. I did so and found great relief. After using five boxes I was completely cured, and I am very thankful to have found so speedy a cure."

Price, 50 cents a box, 3 boxes for $1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

"BED-TIME STORIES"

A SQUIRREL AT ITS BATH.

I saw a squirrel take a bath the other day. It was raining, and this seemed to be an assistance to him. I was at a loss at first to understand what he could be up to. He was in the crotch of a tree, to which is attached the shelf that holds a drinking dish that the squirrels and the birds use in common.

Chippy would first lie on his back and pull himself along; then he would roll to one side and do the same, and then to the other. Suddenly he sprang to his haunches, drew up his paws along his wet sides, and then rubbed them over and over each other, as you may have chanced to see a farmer do when he has been washing himself at the kitchen sink.

His last performance was the most amusing of all. After he had got his body and his hands cleaned to his satisfaction, he began on his face. This process also reminded me of the farmer when he rubs the water over his face with is hands. The comical part was to see the squirrel use both hands at once, just as the man at the sink does, except that the squirrel rubbed from his ears to his nose after the fashion of a cat.

The impression that this gray squirrel was taking a bath dawned upon me when I realized that his fur must be wet through from the rain which was steadily falling. After every part of his body had been thoroughly gone over, Chippy scurried to the top of the tree and stretched himself full length upon a limb, waiting for the sun to come out and dry him.—'The Visitor.'

THE BEE'S WISDOM.

Said a little wandering maiden
To a bee, with honey laden
'Bee, in all the flowers you work,
Yet in some doth poison lurk.'

'That I know, my little maiden,'
Said the bee, with honey laden;
'But the poison I forsake,
And the honey only, take.'

'Cunning bee, with honey laden,
That is right,' replied the maiden;
'So will I, from all I meet,
Only take the good and sweet.'

BURNING THE MORTGAGE

Hervey Institute Now Clear of Debt, but Needs Means to Take in More Children.

A celebrated picture by a Canadian artist is called 'Foreclosing the Mortgage.' A happier subject worthy of an artist would be 'Burning the Mortgage,' a ceremony which formed the climax of the sixty-sixth annual meeting of the Hervey Institute, held last evening at the home in Westmount.

The Rev. Dr. W. J. Clark acted as chairman. He announced that the occasion was a special one, as the mortgage had been paid off and was to 'go up in flames,' Mrs. J. A. Henderson, the president, read letters from old friends of the institute, who were unable to be present, among them Mr. George Hague, Mr. David Morrice, and Mrs. Lovell, who was associated with Miss Hervey, when the home was started.

The annual report opened with a note of thanksgiving that by the determined and united efforts of the committee and the help of a host of friends the building was now absolutely free of debt. Reviewing the recent history of the Home, the report stated that when the new building was formally opened for occupation, in the presence of Their Excellencies Earl and Countess Grey, December 16, 1908, there remained an unavoidable debt of $20,000, offset in part by the mortgage of $17,500 on the sale of the old property, but leaving $2,500 with interest to be collected by special effort. The committee allowed themselves five years in which to pay off the amount, but had been able to accomplish their object in a little over four years. Colonel Carson's offer at the outset to contribute the last $500 had proved an incentive. The Credit Foncier, by whom the loan of $20,000 had been advanced, had consented to accept pre-payment, thus saving to the Institute several months' interest. A rest fund had also been inaugurated, having for its nucleus the legacy of $1,000 from a late member of the advisory board, Mr. James Tasker.

MRS. J. A. HENDERSON,
President of the Hervey Institute.

While working to clear off the debt, the report continued, the regular work of carrying on the Home, with cost of provisions advancing, and more children claiming protection and help, had necessitated constant effort. Annual subscriptions and children's board fees came to little more than sufficient to provide food and clothing; other expenses, with the exception of a few hundred dollars to be counted upon from regular sources, had to be worked for by the committee and their friends, by getting up entertainments, collections and other ways of making ends meet. There are 73 children just now in the Home, 30 girls and 40 boys. The applications received by the registrar during the year numbered 115, the largest number for any year thus far. Applicants were admitted as vacancies occurred, but 22 are still on the waiting list. The report closed with hearty thanks to the many friends who had helped in any way the committee to meet their responsibilities.

Mrs. A. Strachan, the treasurer, gave the financial statement, showing a balance in hand of 16 cents. The total income for the year was $7,928.83. Mrs. Fiske gave the registrar's report.

Dr. Henderson said there was little in the way of a medical report to give. There had been only one case of serious illness, and only two slight cases that he had heard of, each requiring but a single visit from the doctor. He thought the good health of the children was partly due to their spending the summer months at Morin Heights, where the Institute has its summer quarters, and partly to the excellent care taken of them in the Home.

Mr. John Pitblado, who has been treasurer of the building fund, gave the statement of accounts, and then presented the mortgage, a rather formidable looking document, to Mrs. Henderson for cremation. Before applying the match, Mrs. Henderson said she hoped it would not be supposed that when the mortgage paper went up in smoke the Home would need no more money. A tremendous amount of effort had to be put forth by the committee to raise funds each year, in this work of looking after children, who, as things were, needed that the Institute should be their home. An addition badly needed was a large room for recreation and manual training for the boys. Was it not better to keep a child in the Home on forty cents a day than to let him find his way later into the courts, at a much greater cost?

The Rev. James Patterson, the Rev. Dr. Hanson, the Rev. Mr. Pratt, Mr. Dunton, congratulated the committee on the successful culmination of their efforts, and spoke with appreciation of their able administration. The world-wide topic of the day, woman suffrage naturally cropped up before the evening was over. The Rev. Mr. Pratt contrasted the sensible method of procedure as revealed by the reports with 'that of certain other people whom it was not necessary to refer, to more explicitly.' As to the finances of the Home, he thought the Provincial Legislature might better give larger grants to such institutions, and there would probably be less required for such others as jails, etc. Mr. John Pitblado observed that he thought the best way to approach the Government in this regard was to give the ladies votes. The Rev. Dr Hanson, too, thought that when women could administer institutions so ably, they might be trusted with larger matters.

Some very enjoyable music was contributed by Miss Beatrice Fraser, contralto; Miss Mitchell, soprano; and Mr. Millard, who played two violin solos, accompanied by Mr. Rice. Prior to the opening of the meeting, classes of the children sang, and went through some drills and marches. Refreshments were served by ladies of the committee.

The following were elected officers for the ensuing year: Hon. president, Mrs. Utting; president, Mrs. J. A. Henderson; first vice-president, Mrs. Garth Bulmer; second vice-president, Mrs. M. L. Clark; treasurer, Mrs. A. Strachan; assistant treasurer, Mrs. J. G. Borthwick; recording secretary, Mrs. Alex. Murray; corresponding secretary, Mrs. George Vipond; assistant secretary, Mrs. J. S. Norris; registrar, Mrs. George Fisk; assistant registrar, Mrs. Ormiston Roy; committee of management, Mrs. Baikie, Mrs. Barlow, Mrs. Campbell, Mrs. Dalrymple, Mrs. Foster, Mrs. Gray, Mrs. Hogle, Mrs. Jackson, Mrs. Jones, Mrs. Lavers, Mrs. Leslie, Mrs. McIntosh, Mrs. McNally, Mrs. Minty, Mrs. Morrison, Mrs. Smart, Mrs. Smith, Mrs. Winter, Mrs. Watt, and the Misses Lawder and Robertson. Advisory board, Messrs. R. G. Dunton, George Hague, F. R. Heaton, David Morrice, John Pitblado, R. S. Smith and Geo. Sumner.

INFLAMMATORY RHEUMATISM

Completely Cured by GIN PILLS

Mr. W. G. Reid, of Hamilton, Ont., one of the best known and most highly respected commercial travellers in Canada, was a cripple from Rheumatism, and suffered terribly. GIN PILLS cured him. Mr. Reid writes as follows:—

'I have been for the last two years a cripple with Muscular and Inflammatory Rheumatism. I tried almost everything known to medical science to relieve me of the intense pain and inflammation. I sought change of climate in Kentucky and other Southern points without relief. Your manager in this city recommended GIN PILLS, and I have since taken eight boxes, and am now cured. I consider GIN PILLS the conqueror of Rheumatism and Kidney Diseases.'

Gin Pills is sold with a positive guarantee to cure or money promptly refunded. 50c. a box, 6 for $2.50. Sample free if you write National Drug and Chemical Co. of Canada, Limited, Toronto. 142

SOCIAL and PERSONAL

In Christ Church Cathedral this afternoon, at half-past four o'clock, the marriage was solemnized of Miss Bertha C. Symonds, eldest daughter of the Rev. Dr. and Mrs. Symonds, to Mr. H. Percy Thornhill, son of the Rev. A. F. Thornhill, of Rothersfield, Sussex, England. The marriage rite was performed by the bride's father, Vicar of the Cathedral, and the service was choral, Mr. Lynwood Farnam presiding at the organ. The solo, 'O perfect love,' was sung by Mr. Merlin Davies. The bride was given away by Mr. W. J. Turpin, an old friend of the family. She was attended by her sister, Mrs. Corbett Whitton, of Hamilton, as matron of honor; and her cousin, Miss Doris Boyd, of Bobcaygeon, and a younger sister, Miss Isabel Symonds, as bridesmaids. Mr. Alfred Dann was best man, and the ushers were Mr. F. R. Adelhelm, Mr. Trevor Evans, and Mr. Spencer Symonds. The bride wore a lovely gown of cream satin with overdress of silk net embroidered in cream silks and gold; her veil of old Limerick lace was arranged with a chaplet of orange blossoms, and she carried a shower bouquet of white roses and lilies of the valley. Mrs. Whitton, the matron of honor, was gowned in cream brocaded poplin, and wore a white hat with blue trimming; she carried a bouquet of pink roses and sweet peas. The bridesmaids wore white lace dresses with blue accessories, and white hats also trimmed with blue, and they carried pink and white sweet peas and roses. The bridegroom's gift to the bride was an enamelled pendant set with diamond and pearls; to each of the bride's attendants an antique pendant; to the best man he gave a cigarette case, while the ushers received stick pins as mementos. Mrs. Symonds, the bride's mother, was gowned in royal blue chiffon with garniture of champagne-colored lace. She wore a black hat trimmed in cerise, and held a bouquet of crimson roses. Among out-of-town guests for the wedding were the bride's aunt and cousins, Mrs. W. T. C. Boyd, Mr. Thornton and Mr. Lawrence Boyd, of Babcaygeon, Ont.; and Mr. and Mrs. Lamprey, of Berlin, Ont. Following the service in the church, Dr. and Mrs. Symonds held a reception at their residence, 261 Peel street, where the floral decorations of the house for the occasion have been carried out with very charming effect with lilacs, pink and white roses, ferns and palms. Mr. and Mrs. Thornhill leave this evening for a wedding trip, the bride going away in a gray cloth suit with white trimmings, and hat of old gold Tagal straw trimmed with velvet and golden hued flowers. They will reside in Montreal, on Durocher street.

Mr. George Hadrill and his son, Mr. Temple Hadrill, sailed yesterday for a vacation in Europe.

Lady Garneau and Miss Garneau, of Quebec, arrived in town, and registered at the Ritz-Carlton yesterday.

Mr. and Mrs. J. J. Riley have returned from Ottawa, where they were guests of Dr. and Mrs. R. E. Webster.

Mr. and Mrs. G. L. Ogilvie, Redpath street, leave about the first of June for their country residence at Cartierville.

Mr. and Mrs. J. G. McKay, 286 Prudhomme Avenue, will leave on Saturday for a two months' holiday in Scotland.

Lady Borden, who has been ill with a severe attack of grippe, is recovering, and intends leaving for Canning, N.S. as soon as she is well enough.

Sir Francois and Lady Langelier are giving a garden party, and also a state dinner at Spencer Wood, in honor of the birthday of King George on June 3.

Mr. Bartlett McLennan and the Misses McLennan, who have been in Europe for the past two months, are returning home this week by the 'Empress of Ireland.'

Mr. Leveson-Gower formerly Comptroller of the Household at Rideau Hall during the regime of Earl and Countess Grey arrived in the Capital yesterday, from the West, and is at the Chateau Laurier.

The marriage of Dr. Eudore Parent, brother of the Hon. S. N. Parent, to Miss Eugenie Pelletier, daughter of Mr. Joseph Pelletier, advocate, of Montreal, is announced to take place on May 23rd.

The marriage of Miss Katie Hazen, daughter of the Hon. J. D. and Mrs. Hazen, to Mr. Hugh McKay, takes place in St. Paul's Anglican Church, St. John, N. B., on Wednesday afternoon, June. 18.

The MacVicar Women's Missionary Society will hold an 'At Home' at the residence of the Rev. and Mrs. J. G. Potter, 1072 St. Viateur Avenue, tomorrow afternoon, from three to six o'clock. An offering will be received for the work of the Society. All the women of the congregation are very cordially invited.

The marriage of Miss Amy Shute, daughter of Mr. and Mrs. Theodore Shute, to Mr. George A. Peate, of Montreal, took place very quietly this morning at the home of the bride's parents, 459 Clarke avenue, Westmount. The Very Rev. Dean Evans performed the ceremony, in the presence of only the immediate relatives. The bride is a granddaughter of the late Captain Henry Charles Morgan, 3rd Dragoon Guards, and great-granddaughter of Sir East Clayton East, Bart., of Hall Place, Birks, Eng. She is a grand-niece of Sir Charles Cameron Shute, of Brighton, England. Mr. and Mrs. Peate have left for an automobile trip to Niagara, Buffalo, and other places in the United States. They will spend part of the summer on Mr. Peate's fruit farm at Spencerport, N.Y.

The Debutantes' League will assist Mrs. C. M. de R. Finniss, convener of the Flower Committee, at the Handicrafts Exhibition next week. On the afternoon of Tuesday, May 27th, the opening day, Miss Edith Jamieson and Miss Elizabeth McKim will be in charge, and will be assisted by Miss Ethel Jamieson, Miss Sandham, Miss Marguerite Turner, Miss Annie Starke, Miss Beatrice Coristine, Miss Edith Ross, Miss Dorothy Phillips, and Miss Quintina Muir. Miss Muriel Robertson and Miss Marguerite Hodgson will have charge in the evening, their assistants being Miss Ethel Perrigo, Miss Ethel and Miss Edith Jamieson, Miss Dorothy Phillips, Miss Agnes Badenach, Miss Gladys Miller, Miss Sadie Robertson, Miss Yvonne Merrell, Miss Geraldine Hodgson, Miss Beatrice Coristine, Miss Hazel Ekers, Miss Elvira Strathy, Miss Madeleine Hanson, Miss Jean Pollock, Miss Hilda Mcgrett, and Miss Helen McCall. On Wednesday afternoon Miss Turner will be in charge, with Miss Jeanne Ross, Miss Hilda Merrett, Miss Helen Macpherson, Miss A. Hart, Miss Muriel Robertson, Miss Jean Pollock, and Miss Edith Jamieson. Miss Turner will also have charge in the evening, with the same committee, assisted by Miss Elizabeth Fayette Brown and seven of the Iverly Club girls. On Thursday afternoon the Misses Alice and Cybel Lighthall will take charge, and will have as their helpers Miss Grace Sumner, Miss Edith Cushing, Miss M. Crean, Miss Elsie Williamson, Miss Marguerite Taylor, and Miss Dorothy Duff; and in the evening Miss Quintina Muir will be assisted by Miss A. Hart, Miss Elvira Strathy, Miss Hilda Merrett, Miss Hazel Ekers, Miss Beatrice Coristine, Miss Beryl Muir, Miss Margaret Duclos, and Miss Elizabeth Fayette Brown, with eight of the Iverly Club girls. On Friday afternoon Miss Hilda Merrett will have as her assistants Miss Helen Merrett, Miss Quintina Muir, Miss Hazel Ekers, Miss Ethel Jamieson, Miss Kathleen Fyshe, Miss Gladys Wainwright, and Miss Marjorie Ross; and in the evening Miss Helen Merrett will be in charge with the same committee. On Saturday afternoon Miss Gertrude Crathern will be convener of the Debutantes, assisted by Miss Edith Henderson, Miss Alison Elder, Miss Evelyn Archibald, and Miss Pauline and Miss Mabel Weir. Miss Dorothy Phillips will act as convener in the evening, assisted by Miss Muriel Robertson, Miss Elizabeth McKim, Miss Ethel Perrigo, Miss Evelyn Archibald, Miss Mabel Smith, and Miss M. Craven.

OF INTEREST TO WOMEN

The 'Witness' Daily Fashion Hint

The middle hat has a Tam crown and upstanding ostrich feather mount. The third hat illustrated is smart with an aigrette mount.

Tulle is just as popular as ever as a trimming for millinery and makes a light and airy ornamentation for the small hat. Tulle and roses are combined charmingly in the model pictured above.

ACQUAINTANCE MEETING.

An acquaintance meeting is the unique title of to-night's service in MacVicar Memorial Church. The subject of the pastor's address will be: 'He that will have friends must show himself friendly.' The occasion will give the opportunity of a better acquaintance.

THE 'WITNESS' DAILY PATTERNS

The home dressmaker should keep a little catalogue scrap book of the daily patern cuts. These will be found very useful to refer to from time to time.

9589.—A POPULAR AND STYLISH DESIGN

White linen embroidered in self-color is shown in this model. Corduroy or gingham would also be effective. The peplum may be omitted. The sleeve may be finished in wrist or shorter length. The shoulders are long, forming part of the sleeve at the upper arm. The skirt has the habit back, and is gathered at the top. The pattern is cut in five sizes: 14, 15, 16, 17 and 18 years. It requires five yards of 44-inch material for a 16-year size.

SIMPLE PHYSICAL EXERCISES

Which Girls Can Practice at Home.

(Contributed to the 'Witness' by Mr. G. O. Wilkinson, Assistant Physical Director, Central Y. M. C. A.)

III.

TO ENLARGE THE LOWER CHEST.

1.—Stand with the left arm folded across the hollow of back, the right arm extended straight above head, and the right foot advanced about thirty inches beyond the left foot. From this position bend forward and touch toes of right foot with fingers of right hand, then straighten up and bend as far backward as possible, carrying the right arm again to the extended position over head. Change to right and back and repeat. (10 counts).

This is an admirable exercise for enlarging the diameter of the lower chest.

TO DEVELOP THE LEGS.

2.—Take hold of back of chair, rise on toes and return (15 counts). This is a splendid exercise for the development of the calves of the legs, relieving the tendency to flat foot, and strengthening weak ankles.

TO BEAUTIFY THE WAIST.

3.—Stand with left hand on left hip, right arm by the right side. From this position swing the right arm side ways to above the head, and at the same time raise the left leg sideward away from the right leg (eight counts) and alternate.

These movements are admirably calculated to break up the angles made by corsets and to beautify the waist and hip lines.

4.—Stand with the right foot advanced about 24 inches in front of left, with the hands well above the hips, elbows drawn back. From this position bend forward and touch the floor with the fingers beyond the right foot, immediately straighten again, throwing the weight back to the left leg and drawing the elbows back of the sides of the body, as if rowing a boat. (10 counts) and alternate.

This is a splendid exercise for developing the muscles of the back, of loins, and strengthening girls where they need strength most.

Note:—These exercises should be followed by a cool sponge bath, and a brisk rubbing down, and always a few minutes complete rest before breakfast.

By beginning these exercises with a minimum number of times, and persistently doing them until they have become a habit, one will soon be amazed at the good that will be accomplished by them.

NEW IDEAS FOR SUMMER SHIRT WAISTS.

(By Katherine Leslie.)

Although the one-piece dress is a feature of our summer outfits, and hangs in our wardrobes in various colors, and materials, and styles, ready to don as soon as the hot weather comes upon us with its usual rush, our thoughts are much occupied by the shirt waist which undoubtedly will continue, world without end, to be an essential feminine garment. Impossible to imagine a summer outfit without several shirt waists of varying styles and materials, sheer linen, crepe, lawn or dotted muslin for the dog days, and some in thicker materials for the cooler days. Fortunately the manufacturers are always eager to cater to our needs, imagined or real, and supply us with unlimited materials from which to choose. This season they seem to have made special efforts to tempt us to extravagances, for who cares for ordinary materials when those lovely embroidered muslins, marquisettes and voiles lie ravishingly before one's eyes? And how resist the ever fascinating Swiss muslins and delicate sheer linens?

The ideas in styles are quite as captivating as the materials. Take the sleeve, for example. A new idea is to have it begin just below the neck line where it is slightly gathered into a shallow yoke which dips deeply down into the back. The blouse which shows this sleeve is made in red and white dotted muslin and trimmed with collar and cuffs of white batiste, edged with fine white lace. Twenty-five dollars was the price asked for this waist, but it could easily be made at home for less than five dollars. By the way, it is refreshing, if not comforting, to learn that in buying a blouse like this having a special new feature, one does not pay really for the blouse, but for the idea in it. This is not a point of view that usually occurs to us. Once fixed in our minds, however, it will doubtless sustain us in many extravagances. Especially will we feel comfortable when we see the idea we have paid $25 for multiplied indefinitely all about us?

One of the best of the new shirt waists is of heavy undressed linen, fastened with thick crochet buttons. There is a wide rolling collar—high at the back—which has points that run to the shoulders, and fasten there with the large buttons. The sleeve has a pointed turn over cuff which fastens in two places with link buttons, and the neck is finished with a loose black cravat tied in a sailor knot.

Warns Women Against Smoking

Lord Methuen Deplores the Fact That the Habit is Increasing.

London, May 21.—Lord Methuen, in the course of a speech at the meeting of the Army Temperance Association warned the Society against the increase of smoking among women. He declared that women did not lack sense of propriety the same as men, when they began smoking. He did not know where they got the craving which they indulged in from morning until night.

'I hope the Society will recognize that an excess of smoking among womanhood, as among manhood, is a danger that we must protect ourselves against, not only for ourselves, but for our children who come after us.

PROGRAMME OF COMING BAR CONVENTION

The principal matter to be discussed at the annual meeting of the American Bar Association, to be held in Montreal during the first week of September, will be the simplification of legal procedure, a matter which has been agitating jurists of the United States recently. The subject will be discussed under three sub-topics, as follows: 'Some causes,' by the Hon. W. C. Cook, Judge of the Federal Court of Appeals, Kansas; 'Legal procedure and social unrest,' by the Hon. Charles Burke, Judge of the Maryland Court of Appeals; 'The goal and its attainment,' by the Hon. Wm. A. Blount, of Florida. Ex-President Taft will present a paper on a topic to be announced later.

At the annual banquet to be held in the Windsor Hotel, the Hon. Elihu Root, Senator from New York, will preside, and Maitre Labori will respond to one of the toasts. The headquarters of the convention will be at Windsor Hotel. In connection with the convention, the following meetings of committees of affiliated bodies will be held: Committee on uniform judicial procedure, 8 p.m., Saturday, Aug. 30, Windsor Hotel. Executive committee, 8 p.m., Saturday, Aug 30, in President Kellog's private reception room, Ritz-Carlton Hotel. Commissioners on uniform State laws, 10 a.m., Tuesday, Aug. 26, Windsor Hotel. Association of American law schools, 3 pm., Sept. 2, Windsor Hotel. Comparative law bureau, 3 p.m., Tuesday, Sept. 2, Windsor Hotel. American Institute of criminal law and criminology, 2.30 p.m., Wednesday, Sept. 3, Windsor Hotel. The programmes for the meetings of the section of legal education and the section of patent law will be announced later.

WOLFE'S HOUSE BOUGHT AS A GIFT TO CANADA.

Mr. J. B. Learmont, Montreal, has purchased and will present to the people of Canada the old home of General Wolfe, in the village of Westerham, Kent County, England.

This old manor house dates from the time of Henry VII. In it will be arranged a museum, of old relics and documents relating to Wolfe's life, and the place will become a mecca for Canadian visitors to England.

Mr. Beccles Wilson, the Canadian journalist, is at present living in the house.

COULD NOT BE TAKEN FOR DEBT.

Suit to recover $250 from the Catholic Order of Forestors on foot of one of their beneficiary certificates of the face value of $1,000, given as a collateral security for a debt, has been dismissed by the Superior Court, as he rules of the Order prohibited the giving of such certificate as collateral security. The certificate was that of the late Constable Cardinal, and the amount $1,000, was paid to his children after his death.

DR. K. D. MACMILLAN PRESIDENT OF WELLS

Aurora, May 21.—Announcement is made that Dr Kerr Duncan MacMillan, assistant professor of Church History in Princeton Theological Seminary, has accepted the presidency of Wells College here, and will take up his duties at the beginning of the academic year next September. There had been a vacancy in the presidency since Dr George Morgan Ward resigned nearly two years ago.

Prof. Kerr Duncan MacMillan was born in Mount Forest, Ont., on March 17, 1871. He received his collegiate education at Toronto University, and was graduated from Princeton Theological Seminary. In 1899 he was licensed by the Presbytery of Lindsay, Ont.

SLAYTON-GLADSTONE CASE IN SUPREME COURT.

Ottawa, May 21.—In the Supreme Court yesterday the case of Slayton vs. Gladstone, on appeal from the Court of King's Bench, Montreal, was argued. The appellant claims $7,000 for expenses paid out by him for the support of his daughter, from the respondent, as curator to her husband, J. S. Evans, who had been interdicted for insanity. The parties were married in 1899, being separate as to property by their marriage contract. In 1902, the wife was obliged to leave her husband, and since then has lived with her father, the appellant. Her health being delicate, her father took her abroad on several occasions, and incurred expenses for medical attendance. The appellant was paid money at different times by Evans, and after his interdiction the curator, by authority of the advice of a family council, paid $200 a month for the wife's maintenance. The defendant claims that Mrs. Evans left her husband voluntarily and without cause; that the husband was not obliged to maintain her except at his own domicile, and that he had never requested her father to support her. At the trial the appellant obtained judgment for the amount claimed. The Court of King's Bench reversed this judgment, and dismissed the action. Errol Languedoc appeared for the appellant; R. C. Smith, K.C., and Williamson for the respondent.

WAGGON AND AUTO COLLIDE.

While getting up speed to take the steep rise on Beaver Hall Hill about 1.30 p.m. to-day an automobile belonging to the National Brick Company, of Victoria Square, collided with W. H. Scroggie's delivery waggon No. 1, going east along Latour st. The vehicles met with a resounding bang, but no very serious damage was done. The horse of the delivery van sustained a few superficial cuts, and the auto had one of the mudguards and a headlight smashed. Mr. W. Marcotte, of 727 Chambly street, who was driving the car, explained that he was bending down to adjust the carburettor, and did not see the rig till he was on top of it. Both vehicles continued their respective ways after the accident.

'SLIM' MULLAN DEAD IN HOSPITAL

Mining Pioneer and Wanderer Who Won Respect But Little Fortune.

Toronto, May 21.—Mr. W. D. Mullan, known as 'Slim' Mullan, who had been a pioneer in the Yukon, Cobalt and Gowganda, died in the German Hospital at Buffalo after an operation for the removal of a portion of the stomach. He was on the way to recovery, but got out of bed and the wound reopened.

'Slim' Mullang was the son of a Presbyterian minister at Stanley, N. B. He was attacked with the 'wanderlust' some fifteen years ago. He went to Nevada, Montana and other mining centres. He had varying fortune, but his open-handednes kept him from piling up wealth.

He was in the van of the rush in the Yukon in 1896, and he made some big strikes. He studied the country far and wide, for he was an explorer as well as a miner. He went to the Treadwell camp and was one of the first there, but did not find the fortune he sought. For some time his adventurous spirit found an outlet in the service of the North-West Mounted Police. It was in the far northwest that he was dubbed 'Slim' Mullan, for he was of lanky build, and the name stuck to him.

One of the first miners in Cobalt was 'Slim,' but he had little success there. He was a pioneer in the Gowganda stampede and staked many claims with slight reward. Then he drove the first stakes in the Shining Tree camp, and his claims there are said to be worth a fortune. While in Northern Ontario, Mullan made expeditions into Ungava and was said to be one of the best informed on the interior of that country.

PEACE DELEGATES RETURNING HOME.

New York, May 20.—British, Belgian, Australian and Canadian delegates to the International Conference held here to arrange the programme for the celebration in 1915 of one hundred years of peace among English-speaking peoples, have ended their strenuous fifteen days' visit to the United States, and the British members embarked on the steamer 'Mauretania,' sailing late last night.

Speaking of their visit to America to consult with the United States and Canadian committees, Mr. H. S. Perris, secretary of the British delegation, said:

'In consulting with the American and Canadian committees we have agreed on a bold and far-reaching programme for the adequate commemoration of this event, so important in the history of the world's civilization. Our proposals have received the enthusiastic aproval of the leaders of public life, thought and effort in your principal cities. It remains now for our respective committees, without a week's delay, to get to work upon the realization of this programme, and the raising of the necessary funds. The world needs just such a message of hope and courage as our centennial victory of peace shall flash it.'

CALLS IT RETROGRESSIVE.

Delegation Opposes Amendments to Juvenile Delinquents' Act—Bill To Be Shelved.

Ottawa, May 21.—The proposal to amend the Juvenile Delinquents' Act in the direction of empowering a magistrate to commit to jail any inmate of an industrial school over fourteen years of age who is found to be refractory, was the subject on which a deputation of the Children's Aid Society of this city interviewed the Minister of Justice yesterday. The deputation was headed by Mr. John Keane, secretary of the society, who in criticizing the bill, which stands in the name of Mr. Richard Blain (Peel), adopted the line that such legislation would be retrogressive, and that if need exist, the discipline should be made more severe in the industrial school.

The Hon. C. J. Doherty gave the delegation to understand that in all probability the bill will be shelved this session.

Mr. W. P. Archibald, Dominion parole officer, has already expressed strong disaproval of the bill.

PEACE CENTENARY.

British Columbia Plans Spectacular Celebration.

Vancouver, May 20.—Joining hands across the invisible boundary line which divides the Pacific Coast of Canada from that of the United States, representatives of the Province of British Columbia and the State of Washington will during the month of August meet in a cordial, cousinly celebration of a century of peace between the two countries. On this occasion British Columbia will represent all Canada, and Washington will do the honors for the States.

The scene of the entertainment will be converted into a veritable fairyland, through the joint activities of the two Governments, while as a crowning glory the British Columbia Electric Railway Company will assist in spanning the boundary with a fiery arch, in which tens of thousands of electric lamps will be used.

Not only will Washington join in a fitting celebration of a century of peace, but plans will soon be formulated for meeting this province with good roads at the boundary.

Empire No 2

Empire Typewriter No. 2 follows Empire No. 1

For years we have considered every possible improvement that could be made in typewriters.

We have considered how these improvements could apply to the EMPIRE.

We found that the principles of EMPIRE construction could not be improved upon.

But new features have been added to all typewriters—in many cases patched upon the old as an afterthought.

We have collated these ideas and they are all incorporated as an integral part of EMPIRE No. 2, which is built entirely new throughout, and is now offered to the public.

Send for illustrated booklet, giving full particulars.

ROYALS OPEN SERIES WITH BALTIMORE TO-DAY---THE YACHT RACE

ORIOLES WILL OPEN FOUR-GAME SERIES THIS AFTERNOON

The Sailors Gave the Bisons a Seven to Two Walloping Yesterday.

FOUND BISONS EASY.

Buffalo, May 20. —Newark found the Bisons an easy team to beat to-day, winning 7 to 2. Buffalo tried three pitchers, but they all looked alike to Smith's crew.

Score by innings:—

Buffalo	001 000 010—	2
Newark	301 000 003—	7

GLARING ERRORS.

Rochester, May 20.— Glaring errors by Martin and Hoff, and bonehead work in the outfield, allowed Jersey City to walk away with the game today, six to four. Doescher was yanked in the ninth, after the Hi tiers had made two doubles and a single off him. Brandon retired the side easily. Crisp banged one of Hoff's offerings over the left field fence for a home run.

Score by innings:—

Rochester	000 002 002—	4
Jersey City	100 031 100—	6

CANADIAN LEAGUE.

Ottawa, May 21.—Lill and Baker had a great duel at Lansdowne Park yesterday, and Umpire Black called the game at the end of the ninth on account of darkness. Manager Shaughnessy was chased off the field in the third and fined $5 by Umpire Black.

St. Thomas ... .,00000001—	1	5	2

Lill and Lage; Baker, Howick and Powers.

PETES TOOK SECOND GAME.

Guelph, May 21.—Peterboro took the second game of the series yesterday afternoon by hitting the ball at opportune times. At no time did the locals have a look in, as they could do little with Brodie's delivery. Craven, a local youngster, pitched for Guelph, and was very wild. Guelph played an errorless game in the field, and should be as good as the best of them as soon as the pitching staff is strengthened with a couple of good twirlers.

NOSED OUT LOCALS.

Hamilton, May 21.—The Baltimore International Leaguers nosed out the locals in the exhibition feature here yesterday by the score of 6 to 5, but it took the visitors ten innings to do it.

NATIONAL LEAGUE.

MATHEWSON HARD HIT.

New York, May 20. — Harmon held New York to two singles to-day, and St. Louis shut out the locals, 8 to 0. Only two New York players reached first base. Mathewson, for New York, was harder hit than at any time this season, the visitors making 12 hits off him in six innings. Seven of them were of the infield variety. After Wiltse relieved Mathewson, St. Louis continued scoring.

St. Louis .. .. 000 022 022—	8	15	0
New York .. 000 000 000—	0	2	2

Batteries: Harmon and Wingo; Mathewson, Wiltse, Meyers and Hartley.

TOO MUCH WAGNER.

Brooklyn, May 20.— Too much Wagner beat the Brooklyns in their first clash of the season with Pittsburg today. The big shortstop not only cut off many a promising base hit, but came up in the fifth inning with the bases full and two out, and drove out a single that Stengel made good for three bases by a fumble, and three runs came home. Wagner tried to steal home, but lost the decision by a bad slide.

Pittsburg ... 000 021 000—	4	6	1
Brooklyn .. .. 100 000 000—	1	7	3

Batteries: Robinson and Simon; Allen, Stack and Miller.

DROVE FROMME OFF THE RUBBER.

Philadelphia, May 20. —Philadelphia drove Fromme off the rubber in three innings to-day and had no difficulty in winning, the score being 5 to 1. Packard, who took Fromme's place, was very effective. Alexander held his opponents to five hits and did not give a pass.

	R.	H.	E.
Cincinnati .. 000 001 000—	1	5	2
Philadelphia.. 022 000 01x—	5	9	1

Batteries: Fromme, Packard and Clarke; lexander and Killifer.

SCORED ON PERDUES LAPSES.

Boston, May 20. — Chicago scored enough runs on Perdue's lapses from form in the second innings to-day to win easily from Boston, 7 to 3. All seven runs were scored in that session, bases and balls and a hit batsman counting four runs. Overall held the Boston hits scattered, two of the three locals' runs coming in the seventh, when Connelly drove his second home run in two days over the right field fence.

EDMONTON'S BIG WELCOME FOR CRICKETERS

The Australians Will Be Entertained at a Public Reception and Banquet.

Edmonton, Alta., May 21.— Fifteen hundred dollars has been guaranteed by the Edmonton Cricket League for the entertainment of the touring Australian cricketers, who will play at Diamond Park here, June 3 and 4. Victor Trumper, one of the greatest cricketers the world has ever seen, probably will captain the visiting team. Edmonton is the only city in Alberta to be visited by the Australians, who will go from here to Prince Albert, where they will make their sole appearance in the province of Saskatchewan. The first match in Canada will be played in Victoria on My 28.

The visitors will be entertined at a public reception and banquet on the evening of June 3, when Mayor William Short, the members of his cabinet, officers of the Provincial Government, members of the Legislature, and presidents of the various amateur athletic organizations, will be there to welcome them. The address of welcome will be given by Mayor Short. Invitations will also be sent to prominent cricketers throughout the western provices.

'Arrangements have been completed to give the "Cornstalks" a genuine western welcome,' said Mr. R. Gamble, secretary of the league, 'and we are looking forward to their visit with pleasure. We feel, too, that the coming of the Australians will stimulate the game in this part of the country. There are more than 300 active cricketers in Edmonton, and as many more in other parts of the district, and we are looking forward for good results.'

CRICKET SEASON OPENS.

The following team has been selected to represent the Verdun Cricket Club against McGill in the opening league match on Saturday next: First team at Verdun—A. J. Burgess (capt.), R. Smith, C. L. Trotte, Thompson, W. S. Gibson, J. Braid, C. R. Calbron, W. C. Moe, Craze, E. W. Johnson and S. Morley, with R. H. Chadwick as reserve.

Second team at McGill—C. Wilson (capt.), E. Stonebridge, L. Burns, E. Rider, J. Bradley, A. Rheaum, A. Millar, E. King, A. Robinson, E. Butler and A. E. Plant, with E. Byers as reserve.

Practice will be resumed on Beaver Field on Wednesday at 6.15 p.m., when a good turnout is expected.

EXCITING PRACTICE GAMES BEING PLAYED BEFORE INTERNATIONAL MATCH.

DRIVING TOWARD THE SOUTH GOAL

The top picture shows the American polo team in action on the Meadow Brook field practising for the international match in June. This photograph was taken the day the English team, which is shown below, arrived. The American players were badly beaten during this scrimmage by a scrub team. The view was photographed just as the ball, which can be seen in the left lower corner of the picture, is being driven down to the south goal by the "minor polo lights," who beat the "first team" by a bad score.

MANY DOGS FROM A DISTANCE COMING TO THE SHOW.

A large number of dogs from kennels at St. John, N.B., Halifax, Ottawa, Toronto and Hamilton have been entered for the forthcoming show at the Mount Royal Kennel Club, to be held in the Coliseum on May 29th, 30 and 31st.

Entries are now definitely closed, and the result is most satisfactory. The children's variety class, for which a number of prizes have been offered, will most likely be judged on the last day of the show, exhibitors must be under fifteen years of age, and show their own dogs.

Additional interest is being taken in the event on account of it being held in aid of the Protestant Infants' Home, many ladies coming forward to assist in disposing of tickets in order that this well-deserving charity may reap the benefit.

ROYAL ST. LAWRENCE YACHT CLUB

Season Will Open on Saturday When Races for Special Prizes Will Be Held.

July 24th, 25th and 26th, are the dates set for the annual sailing races of the Royal St. Lawrence and Thousand Island Yacht Club, to be held at Alexandra Bay. The two yacht clubs will compete for a handsome trophy, which Mr. G. F. Benson, a member of both organization will donate.

The Royal St. Lawrence season opens on Saturday at the Dorval course, when all classes of boats will compete for special club prizes. The new club launch will be of service to members and their friends, and afternoon tea will be served on board. The season's schedule will be carried on right through the summer to the end of August, closing on August 20th, with the Point Claire III B. Class.

The season's schedule, which is being printed, and will soon be in the hands of the members, is as fololws:

August 2—Valois regatta.

August 9—Pointe Claire regatta.

August 16—Hamilton cup races at Pointe Claire, series III-B class.

August 23—Pointe Claire, series III-B class.

August 30—Pointe Claire series III-B class.

LIPTON'S CHALLENGE DEFINITELY ACCEPTED BY N. Y. YACHT CLUB

The Challenger Will Be of the 75-foot Class on the Water Line, and Will Be Built Under the Present New York Yacht Club's Rules.

London, May 20. — The New York Yacht Club to-day cabled to the Royal Ulster Yacht Club definitely accepting Sir Thomas Lipton's challenge for the America's cup.

The races will take place in September, 1914, under the New York Yacht Club's present rules as to measurement, time allowance and racing rules.

'The challenger will be 75 feet on the water line, and built under the present New York Yacht Club rules,' said Designer Nicholson. 'This size was really fixed upon by Sir Thomas Lipton because in his challenge he suggested racing under the same measurements rule as in the last contest, and thought that with the extreme type produced under that rule, having an enormous sail area, a 75-footer was large enough.

'In acknowledging the challenge the New York Yacht Club apparently did not understand Sir Thomas' meaning, because they asked whether he intended to race under the old rules or the present rules. Sir Thomas replied in effect: "Gentlemen, I challenge you; you choose the weapons," and said that he intended to race under the old rules, but if the New York Yacht Club intended to race under the new rules he was quite willing.

'As this, however, was really altering what he intended to be the terms of the challenge, I advised him that there was no longer any necessity to adhere to the 75-foot length and suggested that he race with a 90-footer under the present N. Y. Y. C. rules. Sir Thomas agreed, and cabled that Shamrock IV. would be the 90-footer, unless the New York yachtsmen preferred that the race should be with yachts of any other length.

'In accepting the challenge, the representatives of the New York Yacht Club have held Sir Thomas to the 75-footer named in his first challenge, evidently preferring to race with yachts of that length.

'I consider this decision highly satisfactory, because it seems a departure from races between extremely freakish yachts of 90-foot length, and I consider that it means more frequent racing for the America's Cup in the future. It is now agreed that the contest will be with yachts of a wholesome type. The N. Y. Y. C. race, in fact, produces big-bodied boats like those built under the international rules here.'

Asked whether the British boat would be designed to carry the largest sail area possible ,Mr. Nicholson replied:

'The sail area will be moderate compared with her size, because under the rules governing the race excessive sail area will be heavily penalized.'

Designer Nicholson added that he had prepared plans for a freak boat, but that he had alredy commenced work on new plans, and planned to launch the challenger in March, 1914.

Sir Thomas has not yet selected the skipper, but it probably will be either Captain Edward Sycamore, commander of Shamrock IV., of Captain Wringe. He also expects to take Shamrock IV. over to tune up the challenger.

New York, May 21.— With almost universal satisfaction prevailing in yachting circles over the news from London yesterday that the New York Yacht Club has accepted the latest challenge of Sir Thomas Lipton to race for the America's Cup, gossip was busy to-day regarding probable plans for the defence of the trophy. While confirmation of the news was not forthcoming at the New York Yacht Club last night the word is generally accepted as true.

The greatest satisfaction is expressed that the coming series of races will be held under the present rule of measurement and time allowance. It is freely predicted that with 75-foot yachts designed under this rule, good seaworthy boats will be the result, instead of the flimsy racing machines which participated in the last contest.

One result of this change, it was said, will be a great reduction in the cost of building and maintaining the yachts, and this is expected to bring about keen competition for the honor of defending the cup. Yachting enthusiasts believe at least three, and perhaps four, boats, will be built, to contest in the trial races. It is understood that two individual yachtsmen will order 75 foot boats, while it is said the nucleus of a syndicate to put afloat another yacht has been in process of formation for some time.

To-day the opinion was expressed that opportunity should be given several American designers to see who can produce the best and speediest craft. Hereshoff, it was said, will have one, and perhaps two boats, and William Gardner, who has been very successful with sailing craft, under both the old and new rules, is expected to have one. Henry J. Gielow, who designed the 'Effort,' winner of the first King's Cup race, is also talked of for another yacht.

INSURANCE BASEBALL.

At a general meeting of the representatives from the different insurance companies, held at the Sun Life of Canada offices, it was decided to form an Insurance Baseball League. The companies represented were: Royal-Queen, Liverpool, London and Globe, London stutual, North American, Aetna, Dale & Co., Yorkshire, Sun Life of Canada. The election of officers resulted as follows: Patrons, Wm. Mackay and R. J. Dale; president, Frank Kavanagh; vice-president, Chas. Hoerner; secretary and treasurer, E. Stuart Taylor; committee: A. Glover, C. Smeaton, W. Davidson, P. Law, B. Cramz, C. Wood. A. G. Spalding & Co. have donated a challenge cup to be held by the winning club, until the opening of the succeeding season. Schedule for the season 1913:—May 16, L., L. & G. vs. Aetna; May 19, Dale vs. Sun Life; May 20, Royal vs. London Mutual; May 23, Dale vs. Aetna; May 26, L., L. & G. vs. Royal; May 28, Sun Life vs. London Mutual; May 30, Royal vs. Aetna; June 2, Dale vs. London Mutual; June 4, L., L. & G. vs. Sun Life; June 6, London vs. Aetna; June 9, L., L. & G. vs. Dale; June 11, Royal vs. Sun Life; June 13, L., L. & G. vs. London Mutual; June 16, Royal vs. Dale; June 18, Sun Life vs. Aetna.

The opening game called for May 16th, was postponed on account of rain. The second schedule game—Dale vs. Sun Life—was played yesterday afternoon on Fletcher's Field, and resulted in a win for Sun Life, 8—2.

The line up was as follows:—

Dale:—T. Mowatt, c.f.; W. Smith, c.; H. Hooper p.; F. Kavanagh, s.s.; P. Law, 1b.; A. Mackay, 2b.; C. Key, 3b.; M. Hartford, r.f.; H. Campbell, l.f.

Sun Life—E. Jones, c.f.; G. Manhire, c.; C. Smeaton, p.; L. Earl, s.s.; W. Smart, 1b.; H. Allen, 2b.; C. Nourse, 3b.; E. Taylor, r.f.; F. Smart, l.f.

Umpire, W. J. Davidson.

ROYAL HIGHLANDERS SOCCER TEAM WILL PLAY JENKINS.

The Royal Highlanders soccer team will play Jenkins on Saturday on the Letourneaux street grounds. The Highlanders' team will be chosen from the following: Hynds, Muirhead, Edwardson, Mears, Dalrymple, Jack, Anderson, Deans, Grant, Tucker, Brown, Nicholson, Greenless, Shelton.

GYMKHANA WILL BE HELD MAY 21ST.

The officers for the S.P.C.A. Gymkhana to be held at Bois Franc Lodge on May 31 were elected at a recent meeting at Ravenscrag, the residence of Sir H. Montagu Allan. Arrangements for the sports are proceeding, and before the conclusion of this week the seven committees necessary are expected to be appointed and the programme drawn up. The officers are: Hon. patron, Mr. Hugh Paton; chairman, Sir H. Montagu Allan; secretary, Mr. G. L. Ogilvie, and treasurer, Mr. James R. Innes. Tickets may be obtained from the treasurer at 286 St. James street.

BIG DEMAND FOR SEATS FOR LE MARINZBYSCO MATCH.

When the gong rings on Saturday evening at the Arena for the opening of the big wrestling match between Constant Le Marin and Stanislaus Zbyszko, it will be before the largest and most distinguished crowd that ever attended such a match in the history of the Dominion. Over eleven thousand people from all parts of Eastern Canada and the Eastern States will be in the Arena and included in this gathering will be over one thousand ladies. The management of the Canadian Athletic Club have been deluged with applications from doctors, lawyers, professional men generally, and even clergymen who wish to see for themselves the two greatest exponents of the wrestling game who ever appeared in the Dominion.

The tremendous hold that the wrestling game has obtained on the people of Montreal at the present time may be judged from the fact that at practically every book-store and library in the city the demand for books dealing with the art of wrestling far exceeds the supply. The younger generation of Montrealers especially, have taken to this sport during recent months in ever increasing numbers and there is little doubt but that much of the credit for this state of things is due to the Canadian Athletic Club who have been staging boys all winter at Sohmer Park, and who are now putting on this attraction.

The popular prices ranging from fifty cents to three dollars prevailing for the coming match have given everyone an opportunity to witness the big contest and Montrealers are preparing to take advantage of it to the full.

The seat sale at the Arena opens tomorrow and will continue there till Saturday.

ST. THOMAS AQUINAS A. A. A. SOCCER CLUB

At a meeting of the St. Thomas Aquinas A.A.A. Soccer Club, held last night at the club house, the following were elected officers for this season: President, Mr. 'Dick' Walker; captain, Mr. Geo. Munro; vice-captain, Mr. L. Dwyer; secretary, Mr. Patrick J. Teggart, 27 Convent street.

Regular practices will be held on Tuesday and Thursday of each week. The team is rounding in good shape for their game with the Moose on Saturday next.

THE LACROSSE HOLDOUTS ARE VERY FEW NOW

All May Soon Be Back in Line ---Hyland to Play With the Torontos.

PROFESSIONALS AND AMATEURS AT WORK

'Big Four' Champions Have Signed Up a Strong Team --Clubs Well Matched This Year.

After all the gossip about how the reduction in salaries was going to affect the professional teams it begins to look as if the only players who will stay out of the game because of the salary question are Billy Fitzgerald, of the Torontos, and Fred Graydon, of the Tecumsehs, and possibly the Scott brothers, of the Irish-Canadians. By the class of new material secured by the teams these stars will likely be forgotten before the season is very far advanced. It is well within the range of possibility, however, that the great hold lacrosse has got on these men will entice them back on the field once again.

The local professional and amateur lacrosse teams were again out on their various grounds last night, and continue to show improved form at every succeeding practice. The Irish-Canadians will practice this evening and again to-morrow, after which they will rest up for their opening championship match in the Queen City on Saturday, when they tackle the 'Big Four' champions. The Nationals are already in good condition for their game with the Tecumsehs on Victoria Day, on the East End grounds. The M.A.A.A. amateur squad were out on the Westmount field for a light work out. St. Thomas Aquinas and Shamrock players also handled the stick for an hour or so last night and are gradually rounding into condition.

Harry Hyland, of Montreal, who was secured by the Torontos in exchange for 'Buck' Marshall, is expected to be out with the 'blue shirts' this week. Hyland is a first class home player, and Toronto fans think he looks like the man to replace Billy Fitzgerald.

Last year the Torontos and the Nationals outclassed the other two teams in the league, but the Tecumsehs and Irish-Canadians should be able to make it more interesting this season. The Torontos, who last season had probably the best team that has ever represented the blue and white, went through the season at a merry clip and were easily the class of the league. 'Billy' Fitzgerald, the star of all home players, has not yet signed up with the blue shirts, but, it is rumored, that he has assured the management that he will help them out if they need him. 'Red' Donihee, the Cornwall boy, has discarded Vancouver, and is with the blue shirts again. Tommy Fitzgerald will likely get a regular place on the Toronto defence, which will move Eddie Powers back to cover point, and put Fitzgerald in at third defence, and they should be O.K. at that end of the field. The absence of Billy Fitzgerald would weaken any club, but with Dandeno and Spellen, th 'Big Four' champions should still have an effective scoring division.

Toronto, May 21.—The new materia trotted out by the Torontos this week consisted of 'Cully' Wilson, of hockey fame, who played on the Canadian Northern team of Winnipeg, last summer; Art. Harrison, of Mimico; Eddie Murphy, of Regina; Walter Millar, of Peterboro; Dusty, of Brampton; Barber, of the Maitlands; and Alex. Somerville, of Cornwall, whom the Torontos tried to secure last year. With Gibbons and Holmes to look after the nets and Powers, Harshaw, Braden, Stagg, Tommy Fitzgerald and Barber the Torontos' defence, should be just as good as last year. Longfellow or Dandeno at centre, and Barnett, Warwick, Donihee, Somerville, Kalls, Spellen, Wilson and Millar, the champions should be in good shape when they start the season against the Irish-Canadians on May 24th at Scarboro Beach.

MOUNT ROYAL TENNIS CLUB.

The official opening of the Mount Royal Tennis Club will take place Saturday, May 30, when the directors will give a formal tea to the members in the new club house, which is rapidly nearing completion. The courts, which have been selected by the P.Q.L.T.A. for the Canadian championships, are in fine condition, and five grass courts will be open to play next Saturday.

GOVERNMENT INCREASES COUNTRY'S EXPENDITURE BY $23,470,316

This Sum Brings Up the Aggregate Spending to $202,662,499, Which is a Record---Four Million Dollars Are to Be Spent on Terminal Grain Elevators---Quebec Will Have $418,449 of the New Estimates, Which Includes $50,000 For Guards Armory at Montreal.

Ottawa, May 21.—Supplementary estimates for the current fiscal year were laid on the table by the Minister of Finance, the Hon. W. T. White, yesterday afternoon. They total $23,470,316. Of this, $17,328,809 is chargeable to consolidated fund, and $6,141,506 is chargeable to capital. With the previous main estimates of $179,192,183 the aggregate of the estimates is now $202,662,499, a record figure for the Dominion.

The largest single item in the supplementary estimates is four million dollars 'to provide for the construction, acquisition, leasing or expropriation of terminal elevators.' It is proposed to establish at various points in the west interior elevators at which grain will be weighed and graded and certificates issued to the farmers upon which they may borrow money or sell their grain.

The sum of a million and a half is proposed for the carrying out of the Hon. Mr. Cochrane's Highways Bill.

The division of the appropriation among the provinces is as follows:

Ontario	$527,201
Quebec	418,449
Saskatchewan	102,189
Nova Scotia	102,870
Manitoba	95,196
British Columbia	82,005
Alberta	78,282
New Brunswick	73,524
Prince Edward Island	19,584

For harbors and river amounts chargeable to capital, these being national works, the total comes to $3,300,000, divided up as follows:

Victoria harbor, B.C.	$600,000
Toronto harbor	500,000
Vancouver harbor	500,000
St. John, N.B., harbor	500,000
Halifax drydock	500,000
Esquimalt drydock	500,000
Port Arthur and Fort William	200,000

For the Trent canal there is a vote of $250,000, being the further amount required for this work. This amount will be devoted to bringing the canal out to the Georgian Bay near Midland or Port McNichol.

For enlarging Port Colborne elevator on the Welland Canal there is a vote of $143,089, and there is also $40,000 for repairs along the same canal.

$50,000 FOR NEW ARMORY IN MONTREAL.

For the Department of Militia and Defence there are additional estimates of $438,240, of which the largest items are: $100,000 additional for the annual drill; $50,000 for school teachers' courses in connection with the cadet corps movement, and $20,000 for converting the ramparts at Quebec into a promenade.

The sum of $50,000 is provided towards the cost of construction of a new armory for the Grenadier Guards of Canada at Montreal. For belts and hats for cadets, $17,500 is provided. An item of special interest is $30,000 towards establishing remount depots in new training areas.

For the Intercolonial Railway the sum of $750,000 additional is asked. This includes an appropriation of $140,000 for the installation of a block system of operation, and a further sum of $60,000 for wireless despatching. To eliminate level crossings and grade at Moncton there is a vote of $100,000.

For the Department of Agriculture the sum of $175,000 additional is asked. The sum of $100,000 is appropriated towards the establishment and maintenance of additional branch stations. The main estimates already contain $250,000 for this purpose.

A grant of $14,600 is donated by Canada to the Captain Scott fund in commemoration of the hero of the Antarctic.

For a monument to the heroes of the Long Sault, near Montreal, $5,000 is set aside, and towards the erection of a monument to Champlain at Orillia there is a vote of $7,500.

For the centennial celebration which is to be held on the battlefield of Chrysler's Farm on the Niagara frontier this year, $2,500 is appropriated.

SPECIAL GRANT TO McGILL.

To McGill University there is a contribution of $1,500 towards the maintenance of a regional bureau for Canada for the International catalogue of scientic literature. For expenses in connection with the reference of the marriage case to the Supreme Court and Privy Council there is appropriated $20,197. This is the case based on the Lancaster Bill, which was taken to these high courts last year.

For the Archives Department there is an additional vote of $18,000. For operation of the National Transcontinental from Moncton to Edmunston $100,000 is provided.

TO INVESTIGATE LIFE HISTORY OF OYSTERS

Retained by the British Columbia Department of Fisheries to prosecute a thorough inquiry into the life of the Pacific Coast oyster, which duty will occupy several seasons, Dr. Joseph Stafford, M.A., Ph.D., lecturer on Zoology at McGill University is now at Boundary Bay, B.C., opening his investigation.

Dr. Stafford, who has been a close student of oyster life for the past ten years, and whose papers on the Canadian oyster are widely known, is undertaking the inquiry preliminary to the decision by the British Columbia Department of Fisheries to increase measures for the production of oysters on coast of the Province. His inquiry at first will be to ascertain under what natural conditions they thrive best, and what steps can be taken for the protection of the young oysters. By means of formes, Dr. Stafford will endeavor to collect spat of the Atlantic oysters now in Pacific waters, it having been established that when the transfer of oysters is made they produce eggs and milt, but no reproduction results. This peculiarity is at present unaccounted for, and elucidation of the matter will be attempted.

NINE MEN DROWN.

Cordova, Alaska, May 21.— Nine men were drowned on Sunday night, when a storm blew a pile driver and a barge ashore near Katalla, according to advices received here last night.

The men were building a fish trap for the North-western Fisheries Company at the mouth of Martin River, near Katalla. A furious storm came up Sunday night, and broke six anchors, with which the pile driver and barge were made fast. They were driven eighteen miles along the shore, where they struck on the beach.

DR. A. W. CHASE'S CATARRH POWDER 25c.

is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops dropnings in the throat and permanently cures Catarrh and Hay Fever. 25c. a box; blower free. Accept no substitutes. All dealers or Edmanson Bates & Co., Limited, Toronto.

CONSTIPATION Can Be Cured.

You cannot expect to be well if you allow your bowels to become clogged. What is necessary is to have a free motion of them every day, and to keep them in this condition all the time if you wish to be strong and healthy. If you don't keep them open the system will become clogged up with poisonous matter and produce constipation, headache, dyspepsia, bad blood, etc.

Keep the bowels in good condition by using Burdock Blood Bitters; the remedy that has built up an unrivalled reputation, during the past thirty-six years, as a cure for all troubles arising from a constipated condition of the bowels.

Mrs. Thomas Calder, East Lower Fort Garry, writes:—"I am writing you to let you know what Burdock Blood Bitters has done for me. I suffered very much from constipation and none of the medicines I took agreed with me. Now I am glad to say that there is nothing like B.B.B. Since taking it I have not been troubled."

Burdock Blood Bitters is manufactured by The T. Milburn Co., Limited, Toronto, Ont.

NAVY BILL IS INTRODUCED IN THE SENATE

Debate Will Begin on Second Reading of the Measure To-morrow.

RAILWAYS BILL UNDER CRITICISM

Emphatic Opposition to Big Expenditure, as Proposed, Without Parliament's Control.

Ottawa, May 21.—The Naval Aid Bill reached the Senate yesterday. At the close of the sitting Speaker Landry announced that the bill had come from the Commons.

The measure was given first reading as a matter of routine, and on the motion of the Hon. Mr. Lougheed, Government leader, it was set down for second reading on Thursday.

The Hon. Mr. Lougheed moved the second reading for a bill authorizing the leasing of railways up to two hundred miles in length or building a line up to 25 miles in length. He stated that the bill contained the safeguard that the Minister of Railways had to obtain a vote from Parliament to build any new road, and to obtain the approval of Parliament to any contract leasing a line.

TOO MUCH RULE OF CABINET.

Senator Davis objected to Parliament giving the minister the authority. He said there was too much of a tendency to delegate authority to the Governor-General-in-Council. If some people had their way, Canada would soon be run by Governor-Generals-in-Council, pretty much as Russia is run.

The Hon. Mr. Lougheed said Parliament could reject the contract and that would be an end to the transaction.

Senator Casgrain expressed approval of the bill. He favored the acquisition of branch lines for the Intercolonial, which he said needed them as much as any other railway sytem, and had been handicaped without them.

Senator Choquette insisted that Parliament's aproval should be required before a contract was entered into. Under any other system there would be abuse of authority by the Government.

Senator Power expressed himself against giving the Governor-General-in-Council or a single ministr of the Government the right to lease 200 miles of railway or build 25 miles without authority first being obtained from Parliament. The construction of 25 miles of road would involve expenditure of $20,000,000. That was too large an amount to allow a minister to commit the country to spend without Parliament being consulted. He stated that the late Liberal Government had introduced a bill for the acquisition of branch lines. The Senate thought the powers provided in the bill of the Liberal Government were too great, and the Liberal majority in the Senate had not hesitated to amend that bill.

SIR GEO. ROSS FOR PARLIAMENT CONTROL.

Sir George Ross said that everyone wanted the Intercolonial improved and developed, especially through the acquisition of branch lines and feeders. What was objected to was giving the Government or a minister power to acquire branches or build them without authority of Parliament. The Government could buy nothing else unless money had first been voted. Why should it be given the right to do so in this case? Why should the Government in this case seek authority to acquire first and obtain the power afterwards. The Liberal majority in the Senate had not hesitated to make amendments to the branch line acquisition bill of the late Government and would not hesitate to do so in this case. He hoped to be able to offer an amendment in committee which would make the bill safe.

Senator Dandurand read the amendment, which the Senate had made to the bill of the late Liberal Government for the acquisition of branch lines, and he thought it would be regarded as only fair to put similar safeguards in the present bill.

The bill was given second reading and set down for consideration in committee.

Further debate on the Highways Bill stands adjourned.

ASK $100,000 SECURITY

Security to the extent of $100,000 is demanded from the Canadian Northern Tunnel Company by the owners of the Gault property at the corner of Pine Avenue and M'Tavish streets, as a condition to their agreeing to the construction of the tunnel under their land. The property is said to be worth in the neighbourhood of $200,000, and the owners say that there is a danger of this being depreciated by the noise and vibration arising from the running of trains 160 feet or so beneath. They further assert that the Company has a heavy bonded debt, which in the event of any trouble arising would take precedence over other claims, and for this reason they ask that security be put up before any arbitration proceedings are commenced. Mr Justice Guerin, who heard the motion, adjourned the argument to Monday, at the same time advising the parties to come to an understanding.

CAPT. GRAY NAMED PARKS COMMISSIONER FOR CANADA.

Ottawa, May 21.—Captain A. W. Gray, assistant highways commissioner of Ontario, has been appointed highways commissioner for the parks branch of the Department of Interior. Captain Gray is assuming the new position at once, and will leave this week for the west to take charge of his work. The position is a newly-created one, and the object of the Government is to establish a series of fine highways through the public parks of the west for automobiles and for horses.

STEAMER ON THE ROCKS.

Yarmouth, N.S., May 20.—At high tide yesterday the Bristol steamer 'Gerald Turnbull,' from Maderia to Magdalen Islands, struck on Gannet Rock Ledges. It is not yet known what damage she sustained, but tugs have gone to her assistance. The 'Gerald Turnbull' is a new steamer of 1,967 tons net, and sailed from Maderia on May 8.

MINISTER PRAISES ZAM-BUK

Tells How It Cured His Wife's Bad Sore.

When Everything Else Had Failed.

Rev. Henry J. Munton, of Blackfalds, Alta., writes: 'My wife had a very bad sore foot, which it seemed impossible to get anything to heal. The sore would heal to a certain point and then fester again, and so on. I procured a box of Zam-Buk, and after persevering with this herbal balm for some time the sore was completely healed.

'We were so grateful for this cure, and Zam-Buk acted so differently to any other of the numerous remedies we had tried that I thought you ought to know of this case. I have since recommended Zam-Buk to several of my parishioners, and it always gives satisfaction.'

Another instance in which Zam-Buk proved of unequalled value is told by Mr. N. L. Gerry, of Brandon, Man. He says: 'I had my left foot run over by a waggon loaded with wheat. The foot was very badly crushed, and my little toe and the next toe were laid open. I applied Zam-Buk, and only had to miss work for two days. Zam-Buk healed the wound so quickly that on the third day I was able to put on my boot and walk to my work. In a very short time my toes were quite healed, and the foot is now as sound as ever, thanks to Zam-Buk.'

Just as good for chronic sores, ulcers, piles, blood poison, burns, scalds, eruptions, eczema, and all skin injuries and diseases. 50c. box at all druggists and stores, or Zam-Buk Co., Toronto. Try Zam-Buk Soap, too, 25c. per tablet.

SYNOPSIS OF DOMINION LAND REGULATIONS.

ANY person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him, or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section, alongside his homestead. Price, $3.00 per acre.

Duties.—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry, (including the time required to earn homestead patent), and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price, $3.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

W. W. CORY,
Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

A SESSION OF THE COURT OF KING'S BENCH (Crown Side), holding criminal jurisdiction in and for the DISTRICT OF MONTREAL, will be held in the COURT HOUSE, in the CITY OF MONTREAL, on MONDAY, THE SECOND DAY of JUNE NEXT, at TEN o'clock in the forenoon.

In consequence, I give PUBLIC NOTICE to all who intend to proceed against any prisoners now in the Common Gaol of the said District, and all others, that they must be present, then and there, and I also give notice to all Justices of the Peace, Coroners and Peace Officers, in and for the said District, that they must be present then and there, with their Record, Rolls, Indictments, and other Documents, in order to do those things which belong to them in their respective capacities.

NEW HOPPER BARGE LAUNCHED AT LEVIS

Quebec, May 21.—There was launched from the Davis works at Levis, yesterday a Canadian Government hopper barge, built for the service in the River St. Lawrence.

The dimensions are: Length, 180.0; breadth, 32.0; depth, 14.6; draught, 12.0; gross tonnage, 850 tons.

The discharging arrangements of the barge are very complete, and consist of a series of six double doors on each side of the vessel, operated simultaneously or separately, the door being of extra heavy design and so arranged that when opened they do not extend below the bottom of the hull.

The accommodation for officers and crew is situated on the lower deck forward, and consists of large rooms for the seamen and firemen.

The machinery, developing about 500 I.H.P., consists of a set of triple expansion engines, 14 by 24, 38 foot discylinders by 22, steam being supplied by two horizontal multubular boilers 10 feet dia. by 10 feet in length, working at a pressure of 180 lbs. per square inch. There are two feed pumps of Weir's vertical direct acting type, fitted in connection with Weir's air pump, food heater, evaporator, and filter. The condensor is circular by means of Drysdale centrifugal circulating pump. Two large Weir's general service pumps, two separate acting bilge pumps, one sanitary and one fresh water pump are placed in the engine room, and a patent ejector is fitted in the stokehold.

INJURED BY RUNAWAY.

While driving along De Gaspe street about seven o'clock last evening, Mr. J. M. Cavendish, 33 years of age, living at 2612 Waverley street, was seriously injured when his horse became frightened and dashed down the street, suddenly turning into a yard. The waggon turned turtle, and Mr. Cavendish was thrown to the sidewalk, striking his head on the curb. He was taken to the Royal Victoria Hospital, where he now lies in a semi-conscious condition. The doctors fear his skull is fractured, and his case is considered serious.

TO DISCOURAGED PEOPLE WHO SEEK HEALTH

Of all forms of humbug the health humbug is the most pernicious.

People who take advertised cures which do not cure become discouraged and disgusted, so that they doubt everything.

And yet it is to this class of people we appeal—the discouraged, the doubting, the hopeless.

There is a way to be well, without drugs, without internal medicine of any kind. That is the Diaductive way to health.

Don't you want to know about this way of **self-healing?** Send your name and address, and we will send you entirely **free** the literature on the subject. Will you stay sick, or **spend a cent** for a post card?

If you wish we will send our **representative** to your home.

Proclamation

CLEANING DAY

Whereas it is advisable to fix a day to be devoted to the final cleaning of the lanes and yards in the City, I hereby proclaim Friday, the 23rd inst., as a general and final cleaning day throughout the City.

Arrangements have been perfected whereby the City Cleaning Department will have a sufficient staff at work, on that day, to remove all the refuse from the lanes and yards, and the citizens generally are earnestly requested to have the same placed in suitable receptacles, in order that the same may be finally collected and removed on that very day.

NOTICE

The Provincial Government of Quebec has decided to make the following offers to those who are indebted towards the Crown for Seigniorial rents:

1o.—An allowance of 1-3 of arrears to those who will pay the arrears without paying the capital;

2o.—An allowance of 2-3 of arrears to those who will pay the capital together with the arrears.

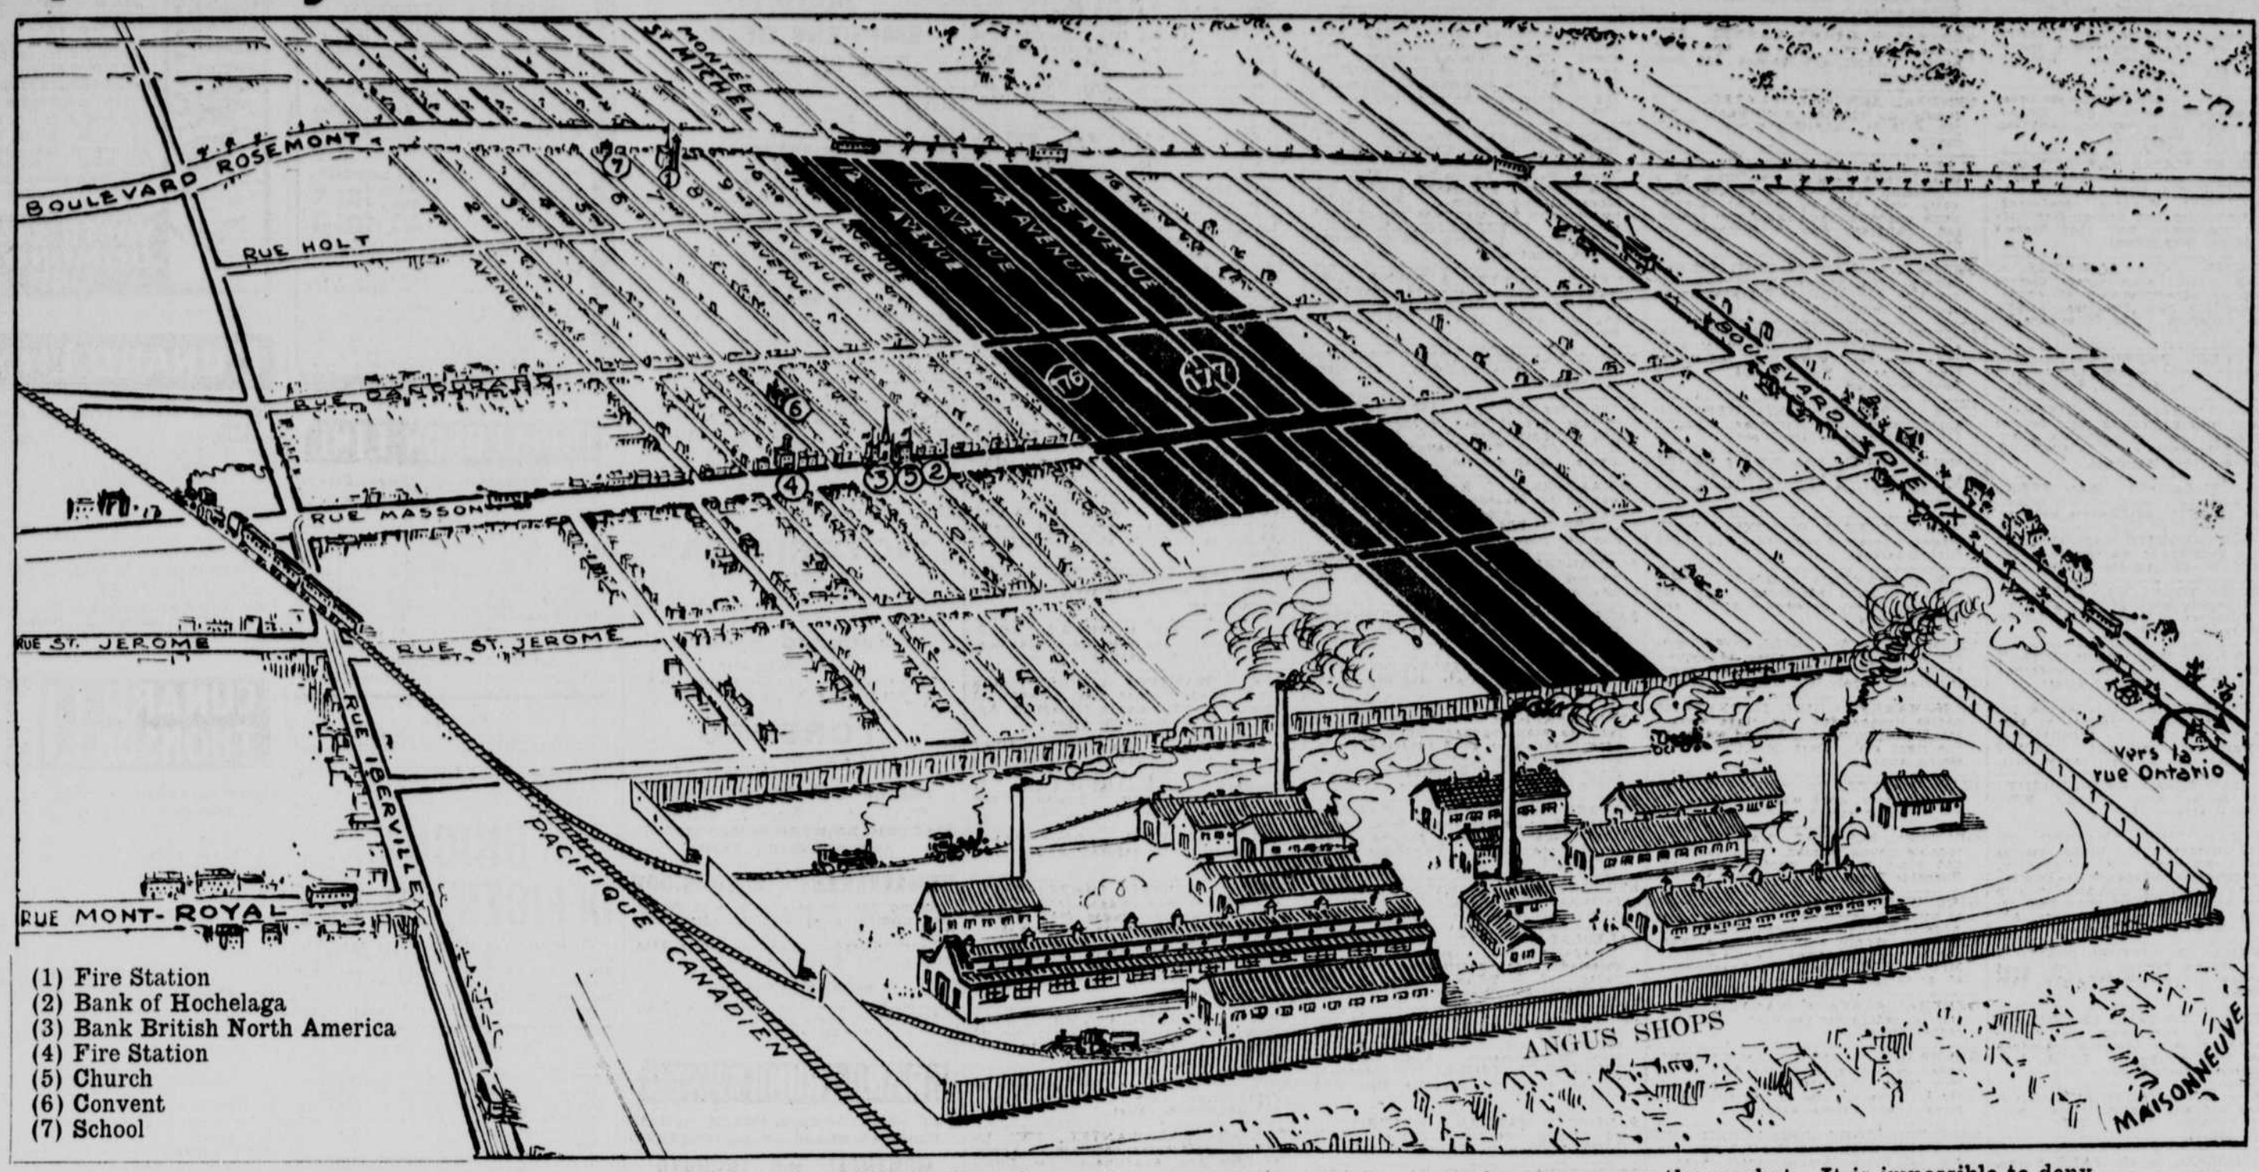

Interested parties shall have until May 20th next to take advantage of said offers. After that date the Government will sell by public auction the balance which may be then left due, both in arrears and capital.

ELS. MIVILLE DECHENE,
Deputy-Minister of Lands and Forests.

$198,000.00

THIS IS THE AMOUNT TO COME UP TO DATE FROM THE SUM TOTAL OF SALE OF LOTS AT

ROSEMOUNT

(1) Fire Station
(2) Bank of Hochelaga
(3) Bank British North America
(4) Fire Station
(5) Church
(6) Convent
(7) School

This is the strongest proof and the best argument that the public can have that our lots are indisputably the most advantageous on the market. It is impossible to deny it. The facts are there. Besides, how could it be otherwise. A single glance at the annexed plan and one can realize that this part of Montreal, with its amenities, its conveniences and its public services, its lines of tramway and its population increasing from day to day, is bound very soon to become the residential quarter of the East End.

In fact the value of these lots (which measure from 25 x 70 ft. to 25 x 80 ft.) is really extraordinary if one considers that Rosemount possesses all the conveniences of the oldest parts of Montreal, including

SIDEWALKS, WATER, DRAINS, CHURCH, BANKS, FIRE STATIONS, MACADAMIZED STREETS, SCHOOLS, STORES AND ELECTRIC LIGHT.

The lots are level, dry and at a good elevation. The subdivision is practically surrounded by buildings of the highest class.

Two lines of tramway run to Rosemount, and for the accommodation of the ever-increasing population the Montreal Tramway Company is about to lay a double track on Iberville street to Masson street, where our lots are. Rosemount is at 20 minutes distance from the centre of the city.

Prices on cross streets from **25c** the foot. Can you buy anywhere in a place possessing a population of about 10,000 souls for less than $500 per lot?

There are only a few lots remaining on Masson street.

Purchasers, do not forget that in buying lots on this subdivision you buy direct from the owner.

On the afternoon of the 25th our representatives will be on the ground at the service of all who wish to visit that magnificent property.

HOW TO GET THERE—All the tram routes from Mount Royal going East connect with those for Rosemount, which go right to 10th Avenue, that is to within a few yards of our lots. The tram line from Pie IX. Boulevard along Rosemount Boulevard runs also to our property. The fare is the same as in the city.

HALIFAX TRAM STRIKE ENDS

Men Accept Company's Terms and Sign Agreement Individually, Not as Union.

Halifax, N.S., May 21.—As expected, the strike of the employees of the Halifax Electric Tramway was ended late yesterday afternoon, on the basis of an acceptance of the offer of the company to increase the rate of pay, making it respectively 22 cents and 23 cents, and 25 cents per hour, according to length of service.

The company also agreed to take all the men back, and to give employees not holding passes two tickets each per day.

The men signed the agreement individually.

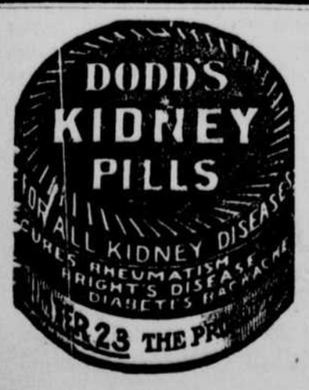

WOMAN'S DRAMATIC LEAP TO TERRIBLE DEATH

While crossing the Ahuntsic Bridge yesterday noon, a young woman, whose identity has not yet been established suddenly climbed to the top of the five foot wire railing, and hurled herself into the swirling water twenty-five feet below. Romeo Tetrault, son of Lieutenant Tetrault, of the Ahuntsic police station, who saw the dramatic suicide, rushed to the water's edge in time to see the body whirled away by the stream and ran to the police station, not far away, where he notified his father of what had happened.

Hastily ordering his men to bring ropes and other tackle the Lieutenant hurried to the river bank, but the woman had disappeared beneath the waters, leaving no trace as to who she was nor her motive for her fatal leap.

Lieutenant Tetrault and three men worked all yesterday afternoon, dragging the river near the scene of the tragedy, in the hopes of recovering the body, while others were sent around the country to try and find out who the woman was. Both parties were unsuccessful in their search.

The woman is described as about five feet six in height, with fair hair, wearing a white waist and blue skirt, and no hat.

INCREASED RENTALS GENERAL IN CANADA.

Ottawa, May 20.—The Labor Department's index number of wholesale prices stood at 136.3 for April, as compared with 135.9 in March, and 136.0 in April, 1912. The chief increases occurred in western grains, animals and meats, earthenware, paints and oils. There were increases in eggs, fresh fish, fruits and vegetables, cotton, brooms, and raw rubber. Grains and fodder, dairy produce, fruits and vegetables were lower than a year ago, but most of other groups were higher.

In retail prices there was a general decline in eggs, and an upward movement in meats, especially in pork products. Butter, milk, and cheese were also downward. Coal was reduced for the summer in some localities. Rentals were strongly upward in several cities.

MARKED FOR PROMOTION.

Among the names mentioned for promotion in the near future on the Montreal police force is that of Constable M'Caffrey, whose friends are working for a proper recognition of his bravery and seven years of faithful service to the city.

There are still a few vacancies to be filled by the Board of Control, and Constable M'Caffrey seems destined to get one of these. He has seen service in South Africa both as yeoman and policeman, serving three years in all at that point. Besides this, he was a member of the Irish Constabulary, and made a great record here in the last seven years. Several important arrests were due to his bravery, and in 1910 he caught two highwaymen who were sent to the penitentiary for six years. He has had two daring acts placed to his credit this year. He was instrumental in saving the lives of a woman and two children at the wreck outside St. Lambert, and jointly with Constable Trapper he captured Tomasso Bernardi, the Italian murderer.

NOTRE DAME HOSPITAL BONDS.

This evening a meeting will be held at the residence of Dr. E. P. Lachapelle to consider the question of the issue of bonds to provide funds for the Notre Dame Hospital new buildings. The bonds are expected to be on the market in the near future. Plans for additional work on the new building will be submitted.

LONESOME FOR SILENCE OF THE FROZEN NORTH

Captain Bartlett Joins Stefansson Expedition as Commander of the Karluk.

New York, May 20.—Mr. Stefansson announces that he has engaged Capt. Robert Bartlett, Peary's captain of the North Pole ship 'Roosevelt,' to command his ship, 'Karluk,' with which he is to make the most elaborately equipped Arctic expedition that has yet put north for scientific research and the quest of a vast possible Arctic continent of 1,000,000 square miles in the existence of which Arctic explorers have time and again declared their belief, and which Admiral Peary thought he had at one time seen.

Captain Bartlett left New York last evening immediately after the announcement of his command was made. He said that he had grown lonesome and homesick for the silences of the frozen north, weary of civilization, and eager to be off again and guiding his ship through the ice of the Arctic seas. So he hurried away to Ottawa, thence to go west to Esquimault, British Columbia, where the 247 ton barkentine 'Karluk' is now in drydock, preparatory to the start of the expedition from Esquimault about June.

With Capt. Bartlett went also two other members of the expedition, Henry Beuchat, of Paris, anthropologist, and Fritz Johansen, the Norwegian zoologist of Stefansson's expedition. Two other members of the company are already at Esquimault.

Stefansson himself will remain here for two or three days more completing his arrangements. So large has his expedition grown, he said, that original arrangements have been quite outgrown, and instead of taking one party on one ship he will have to take two parties and two vessels. The second ship, he said to-day, would be selected from three now in northern waters.

Stefansson explained that while he would make every effort to find the vast hypothetic Arctic continent which he believes to lie north of Western Canada, north of Alaska and northeast of Siberia, his chief object would be to gather comprehensive scientific data about the vast unexplored area thereabout. Whether he finds land or not he expects to be gone until the fall of 1912 at the very least.

Captain Bartlett is a native of Newfoundland. Although he was Peary's second in command, the latter refused to take him to the North Pole.

Nervous Sufferers Often Look Well

While persons subject to disorders of the nerves are frequently thin and weak, such is not always the case by any means.

Many are of ruddy and vigorous strength, and so healthy in appearance that they receive little or no sympathy.

In such cases the symptoms indicate trouble in the head and spinal cord. Though strong in a muscular sense, the nerves are affected, and spells of helplessness come over the sufferer. The condition is alarming, because the result to be expected is paralysis.

As in all forms of nervous exhaustion, Dr. Chase's Nerve Food is the treatment from which the best results are to be obtained.

You cannot sleep, and feel restless and irritable; you gain strength and then a little extra excitement brings on a nervous collapse, and helplessness and discouragement come over you again.

It seems impossible to concentrate the mind and to apply yourself to the duties of the day. Yet your appearance is such that people are inclined to think you shamming.

Dr. Chase's Nerve Food will do wonders for you if you only give it a chance. Gradually and naturally it restores new vigor to the nerves and new hope and confidence to the mind.

VIAUVILLE PLATEAU LOTS SELLING FAST.

Short & Trower, Limited, report a great many sales of Viauville Plateau lots, of which they are the exclusive selling agents. Viauville Plateau is owned by the Montreal City Estates, Limited, of which company Sir Henry Pellat is president. It was placed on the market about a year ago, and since that time sales amounting to over $700,000 have been made. At the present rate of selling the balance of the lots will be sold out within the next two months. It is situated on Rosemount Boulevard, on the upper level of Maisonneuve. It is within six minutes' walk of the Ontario street and Pius IX. car lines, and is also reached by wide macadamised avenues extending from Notre Dame street up to Rosemount Boulevard. A park—162 acres—owned by the city of Maisonneuve, lies directly to the south of the property. A large sum of money is being expended on this park.

The owners of Viauville Plateau are spending a large sum of money in opening up streets, laying of permanent sidewalks, etc. The city of Montreal is at present laying a sewerage system across the property which will be completed this year. It is an ideal residential location commanding a splendid view of the river and mountains and yet within a short distance of the city and the great manufacturing industries of Maisonneuve.

SENT TWICE FOR AMBULANCE.

S. Cyr, 35 years of age, of 558 St. Patrick street, was taken to the Notre Dame Hospital twice last evening, and now lies in that institution with a badly broken nose. At 6.50 last evening a call came from Charlevoix and Notre Dame streets, where Cyr had fallen to the sidewalk, gashing his head and spraining one of his wrists. He was taken to the hospital, and treated in the outdoor department and sent home. A few moments later a call for the ambulance came from the corner of Notre Dame and Gosford streets, where Cyr had fallen to the sidewalk, and broken his nose. He was again taken to the hospital, where he was found to be so weak from loss of blood that the doctors deemed it well to detain him until he is sufficiently recovered to move about safely.

LAD CHARGED WITH MURDER.

Eugene Mathieu, the fifteen-year-old inmate of the Reformatory School, who is alleged to have struck Flavien Morin, a guard, with an iron bar that caused his death a week later, was brought before Judge Choquet, as a matter of jurisdiction, at the Juvenile Court yesterday afternoon, and from there was taken to the Arraignment Court before Judge Lanctot, where a charge of murder was to be heard against him. He appeared for a moment in the prisoner's dock and was remanded till Friday. His mother and father and one sister from Quebec were in attendance, along with the chaplain of the Reformatory.

MAY FORM A LEAGUE FOR CHURCH UNITY

Dr. Symonds and Rev. A. P. Shatford Will Speak in Toronto.

The Rev. Dr. Symonds, of Christ Church Cathedral, and the Rev. A. P. Shatford, of the Church of St. James the Apostle, both of whom have taken a prominent part in the movement amongst the ministers and laymen for unity along certain lines with other Protestant denominations, will visit Toronto to-morrow, and address a meeting of those who have expressed themselves as being in favor of the movement.

The meeting will be held in the Church of the Redeemer, and it is their opinion that as a result of the meeting probably a Canadian League for Church Unity will be formed.

Three hundred ministers and a thousand laymen, living in various parishes from Halifax to Vancouver, signed the letter advocating a form of union, and a large number of these are expected to attend the Toronto meeting. Canon Plumtre and Archbishop Cody will give addresses explaining the movement and the suitability of the present time for putting it into action, while Mr. Shatford will formally move the resolution endorsing the views as to unity expressed in the circular letter which was sent out.

It is also learned that although the bishops have not been officially notified of the meeting, as it was not considered that such notification was necessary, the movement is endorsed by seven archdeacons, nineteen canons, fourteen college professors, four heads of theological colleges, five heads of cathedrals, a dean, and two bishops, as well as many prominent ministers and laymen of the Anglican Church.

ANOTHER LAND OFFER.

The Board of Control has received a new offer of land for a western entrance to Mount Royal Park. The city is offered a right of way through property for 25 cents a foot, and, with the improvements, will cost $48,000 against $80,000 last year.

REFORM CLUB'S ADVICE TO THE SENATE

Take All Constitutional Means to Bring Naval Question Before the People.

MONTREAL LIBERAL PAPER CRITICISED

Former Party Organ Said Not to Represent Liberal Opinion Now.

The Montreal Reform Club, meeting at the Windsor Hotel last night, went on record as entirely approving of the action of the Liberal Opposition at Ottawa in regard to the Borden Naval Bill, and hoping that the Senate would give the people a chance to render a decision on the matter.

DID NOT REPRESENT LIBERAL OPINION.

Mr. A. R. McMaster, K.C., who presented the resolution, said that the purpose was partly to let it be known that a certain Montreal paper which

MR. W. G. MITCHELL, K.C., The New President.

had formerly supported the Liberals when in power at Ottawa, but was now advising the Senate to pass the Naval Bill, did not represent the instructed and informed Liberal opinion in Montreal.

The resolution, which was telegraphed last night to Sir Wilfrid Laurier and to Sir George Ross, leader of the Senate, in view of the conference of the Liberal Senators this morning, read as follows

'That the annual meeting of the Montreal Reform Club places on record its appreciation of the fight made by the Liberal party at Ottawa for Canadian autonomy; and expresses the hope that the Senate of Canada will take all constitutional means to give an opportunity to the Right Hon. R. L. Borden of implementing his promise to bring this question of the naval contribution before the Canadian people for decision.'

EXERCISED HIS PREROGATIVE.

When it was decided to send a copy of the motion to the Liberal leaders at Ottawa, Mr. R. L. Calder suggested sending a copy to the Hon. Sam Hughes, since he had 'exercised his immemorial prerogative of firing an

MR. LEON GARNEAU, K.C., The Retiring President.

officer sent over by the British Government.' The reference was to the reported resignation of General C. J. MacKenzie, chief of staff, which was said to have been due to differences with the Minister.

Another member suggested that a copy of the resolution should be sent to the Montreal 'Herald,' the paper above alluded to, and there was very frank criticism and condemnation of the course that journal had adopted.

In practically all the speeches last night the strongest resentment was expressed at Mr. Borden's declaration in his Toronto speech, that the Laurier naval policy could only lead to the separation of Canada from the Empire.

When Mr. McMaster made reference to that part of Mr. Borden's address there were cries of 'shame.'

STIGMATIZES HALF THE PEOPLE OF CANADA.

'It is a shame,' remarked Mr. McMaster, 'because it stigmatizes half the people of Canada as not being loyal to our King, and it is also untrue.

'The Empire has grown strong on the principle of giving the various parts of the Empire full control of their own affairs. They are, and should be, like associated kingdoms. The only way to remain a happy family is on the principle of self government. That principle has been accepted in its entirety by both parties in the Old Land. The only people who do not admit the principle are the Tories of our own country.

'There are 400,000 people now coming into Canada every year, of whom only 150,000 are from the British Isles. The best way to weld all this foreign immigration into one nation is by holding up the ideal of Canadian nationality. It's idle to try to bring up a great nation unless we follow that policy.

IN FAVOR OF NATIONAL NAVIES.

'British Liberal opinion is in favor of national navies.'

Mr. W. G. Mitchell, K.C., the new president of the club, was unable to attend, but he sent his appreciation of the honor conferred on him and declared his strong attachment to the best principles and traditions of Liberalism.

Mr. Leon Garneau, K.C., the retiring president, remarked that although the party was in opposition at Ottawa, the club had not gone to ruin. The meetings during the winter were well attended and arrangements were under way for the securing of much larger and better quarters. The plans for the new club house on Sherbrooke street were there on the table for the members to see. The club would enter its new home in September.

Mr. A. N. Brodeur, first vice-president, then took the chair. He hoped that the club would increase its influence when in its enlarged quarters and would help to secure the return of good government in the country. He had recently met Sir Wilfrid Laurier and the other leaders at Ottawa, and the veteran leader had spoken with great appreciation of the activity and the future plans of the Montreal Reform Club.

CONSTANTLY IMPUTING DISLOYALTY.

Mr. A. K. Cameron stated that the Conservatives were constantly imputing disloyalty to the Liberals. He resented it very strongly. They had done it years ago at the time of the time of the National Policy campaigns, they repeated it during the recent reciprocity campaign, and now they were at it again.

Allusion was made by several members also to the frequent references in the Montreal 'Star' to the separation from the Empire which the naval policy would surely lead to. Such declarations were heartily condemned.

Dr. Milton Hersey, Antonio Perrault, R. L. Calder, Wm. Patterson and other members discussed the naval question.

The election of the new executive committee resulted as follows:

French-speaking members: R. Chartrand, Emilien Daoust, Joseph Fortier, Louis Gosselin, Flavien J. Granger, Cyrille Laurin, S. Letourneau, Talbot M. Papineau, Antonio Perrault, Thibaudeau Rinfret, F. X. Roy, Dr. E. St. Jacques.

English-speaking members: J. S. Archibald, W. T. Castle, J. J. Creelman, Dan Gilmor, jr., Dr. Milton L. Hersey, S. W. Jacobs, Arthur F. Leggatt, Geo. Lyman, W. C. Munn, G. Hugh Semple, Peter Smith, Henry Timmis.

England's Silly Season Opens

Newspapers Open Columns to Flood of Letters on Turkey Trot.

New York, May 21.— Invasion of the British Isles by the Turkey trot, the tango and other modern dances has so stirred the British public that a spirited discussion of the diversions in question is now in progress in the newspapers, cable advices from London here to-day show. Editorial writers, too, have taken up the topic and are treating of it freely.

Few, if any, of the London dancing masters, seem to regard the turkey trot as suitable to the ball room, the cabled comment indicates, but opinion regarding other dances generally grouped with this is not nearly so unanimous.

The Boston and tango, which a correspondent of the 'Times,' who signs herself, 'Peeress,' describes as the 'beginner of evil,' are regarded by Charles Dalbert, vice president of the Imperial Society of Dancing Masters, as two of the most graceful dances invented since the time of the Minuet.

Other opinions are as widely at variance.

MILITIAMEN ARE NOT UNANIMOUS

French Soldiers Oposed to Three Years' Term Sent to North Africa.

Paris, May 21.—Some French soldiers are displaying considerable opposition to the decision of the Government to keep them for another year in active service, instead of discharging them at the expiration of their two-year term. Demonstrations have occurred in a number of garrison towns and the government is acting with great energy in suppressing opposition.

A number of soldiers who took part in a demonstration at Toulon on Sunday were tried by courtmartial and sentenced to serve the rest of their term with the disciplinary battalions in Northern Africa.

At Macon yesterday 100 soldiers assembled in the public squares and sang 'The International,' the Socialistic hymn. Speeches were made condemning the introduction of the three years' term of military service.

NOTABLE ARCHITECT.

Late Mr Stevens Haskell Did Some Very Important Work.

After a short illness, the death occurred last night, at his late residence, 68 Durocher street, of Mr. Stevens Haskell, of the firm of Messrs. Marchand and Haskell, architects of this city.

Born at Boston, Mass., on Feb. 14, 1871, deceased was educated at St. Paul, Minn., later going for architectural training to the Ecole des Beaux Arts, Paris. Returning to America he took up work with Mr. Cass Gilbert, a prominent New York architect, coming to Montreal ten years ago. He took up partnership with Mr. J. O. Marchand, and during the association some important commissions were executed by the firm.

The Mother House of the Congregation of Notre Dame on Sherbrooke street west, the private chapel of the Sulpician Fathers, the City Hall Annex, the St. Cunegonde Church, and the St. Paul's Hospital are some of the work done by the firm in this city, while the Houses of Parliament at Quebec, the new cathedral at St. Boniface and the Grey Nuns Hospital there are some commissions executed out of town.

Deceased's father, Mr. Samuel Chauncy Haskell, died last year. His mother (née Mary Fletcher Stevens) is still alive, and it was with her that Mr. Stevens Haskell resided at 68 Durocher street. He was unmarried. The funeral will take place to-morrow afternoon, at 5 o'clock, from Olivet Baptist Church. The remains wil be interred at Newton, Mass., where deceased's father is buried.

BILL TO AMEND BANK ACT PASSES COMMITTEE STAGE

Acrimonious Fight Over Interest Clause Which Stands at Seven Percent.

BANKS TO SHOW THEIR REAL ESTATE VALUE

A Protest Against Inflating Values With Costly Building on Choice Lots.

(Witness' Staff Correspondence.)

Ottawa, May 21. — After two days' debate in the House of Commons, the Bank Act, which was considered for ten weeks by the Banking and Commerce Committee, was last night put through all but the final stage. It emerged from committee of the whole house, and now stands for a formal third reading.

The longest discussion of the day occurred on clause ninety-one, which deals with the rate of interest banks may charge.

At times the talk was somewhat acrimonious, the western members in particular contending that there is no reason why Parliament should not be able to fix a maximum rate of interest.

The upshot of the discussion was that it was decided to leave the act just as the law stands at present.

Under the present act seven percent is fixed as the maximum rate, but the courts have decided that when the interest is paid by way of discount when the loan is negotiated, it is lawful. The clause put in by the Committee on Banking and Commerce recognized this practice, and the House decided that this was worse than the present law, with the result that it was decided not to make a change.

One amendment introduced as a result of the discussion in the House provides that the banks must make an annual return as to the value of their real estate holdings.

Many members protested against the action of the banks in securing choice corner lots and erecting costly buildings, thereby inflating values.

The Hon. W. T. White was disposed to agree, and said that he proposed to take the matter up with the Bankers' Association.

An amendment put in at the request of Mr. F. B. Carvell when the bill was before the committee, prohibiting bank managers from doing insurance business, was killed on a vote of 41 to 17.

In connection with the clause which provides for a redemption fund for the redeeming of notes of a bank which has failed, an amendment was proposed, and carried to the effect that this fund should not apply to circulation secured by the central gold reserve.

NO SUNDAY-SCHOOL,

Says the Manager When Speaking of Oriental Club.

The License Commissioners held a meeting yesterday afternoon to consider the licensing of the Union Club, run by P. J. Smith, St. Lawrence Boulevard, and the Oriental Club, 110 Mansfield street, managed by Mr. B. C. Sportsman, and one other.

The new order given out by the attorney general that the numerous clubs which are conducted on a revenue dispensing system should be investigated by the license board in the future had its first try out yesterday and produced many things not known concerning the two clubs under discussion. Among the questions asked was the number of members, what becomes of the revenue, and how are the proprietors obeying the law.

In the case of the Oriental Culb, Mr. Sportsman claimed the membership was 500, made up of the middle class. Asked to be more definite he replied, 'Well we have members from all over the city. They do not have to live next door to the club, and are mostly workingmen, plumbers, carpenters, and a skilled class of men generally. Then the club has the honor of having doctors, business, and professional men on its membership roll, and you will find the books there which tell all about the way it is conducted.'

'SELDOM GET ANY REVENUE.'

'What becomes of the revenue from this club,' asked Judge Choquet. 'Why it goes to the club when there is any revenue, but we seldom get that far, it takes about all to conduct the place.'

Mr. Sportsman acts as manager jointly with another, and when asked what salarly he received said it was $30 a week. 'The other man gets the same salary, but we don't always get our pay,' he stated.

Judge Choquet reminded him of complaints made that a number of people were observed coming from the club house at 3 and 4 o'clock in the morning.

That may be, Your Honor, I will say that our club is all right, and we observe the law in every way, but it is not a Sunday School by any means.'

P. J. Smith, of the Union Club, who is one of those whose conduct is being investigated, admitted that he was found guilty of keeping a gambling house at the Union Club, and his books will be turned over to the commissioners for examination. Both cases were taken en delibere.

$1,000 SURPLUS

Diocesan Theological College Debt is Practically Wiped Out.

A surplus of $1,000, with the debt practically wiped out, was the welcome news brought before the concluding meeting for the year of the Board of Governors of the Montreal Diocesan Theological College held yesterday afternoon, Dean Evans presiding.

Mr. A. P. Willis, chairman of the finance committee, and hon. treasurer, reported that the deficit wihch for fourteen years had existed on business expenses, had been cleared off, and thanks to a promise of $5,000 the accumulated debt of the institution was practically wiped out. One thousand was the surplus now in hand.

The college work had been most successful, and the salaries of professors had been raised by $500 each, the tutors' remuneration being also raised. The co-operation movement was also favorably commented on.

Owing to Principal Rexford's absence the meeting had to be held pro forma, postpontment being until the autumn.

NEW ORDINANCE ON WHEEL TRAFFIC

The Board of Control Approves Draft By-law Which Also Interferes With Processions.

The Board of Control approved yesterday a draft of a by-law which the City Council proposes passing to control better vehicular traffic in the city. It says that no vehicle of any description may stand in any commercial street for longer than fifteen minutes, nor in any other street longer than thirty minutes, except in case of a breakdown or repairing. The ordinance will also control street processions and parades which are prohibited unless the Chief of Police is given twenty-four hours' notice. Religious processions, national demonstrations, or Labor Day parades are exempt from this law. Those in processions must keep to the side of the street as much as possible in order not to block street car trafic.

This ordinance will stop the practice of taxicabs and automobiles standing in front of restaurants and hotels waiting to be hired.

ENGINEER OBJECTS.

Power Company Has Right to Open Streets on Thirty Days' Notice.

Mr. George Janin, city engineer, is raising great objections to the powers conferred on the Montreal Light, Heat and Power Company, to open streets for conduits on thirty days' notice. He said that the city is going to pave some of the streets, including Sherbrooke street. The company wants to open that thoroughfare from University to Guy street. The other streets which will be opened by the company are: Cote St. Paul road, from Lachine canal to Dagenais; Dagenais from Cote St. Paul to Decourselles; Decourselles from Dagenais to city limits; St. Marie from Cote St. Paul to St. Remi; St. Remi from St. Marie to Dagenais; Cabot from Lachine canal to Hadley; Hadley, from Cabot to Galt avenue; Galt avenue from Hadley to aqueduct works; Levis from Church to Galt avenue; Ontario avenue from Sherbrooke half way to Pine avenue; Peel from Sherbrooke to Pine avenue; Drummond from Sherbrooke to Pine avenue; Stanley from Sherbrooke to Pine avenue; McTavish, from Sherbrooke to Pine avenue; Alexander from St. Catherine to Mayor; Lagauchetiere from St. George to Alexander; Ottawa from McCord to Seminary; Boyer from Marie Anne to Mount Royal; Mill, from Riverside to Bridge; Queen from Ottawa to Wellington; Canning from William to Notre Dame; St. Ambroise from near the G.T.R. tracks to Green avenue; Green avenue from St. Ambroise to St. Emelie; St. Emelie from Green to Atwater; Atwater from St. Emelie to Fauteaux lane. And in Westmount, the Glen road from city limits to St. Catherine street.

MR. CANNON CANDIDATE.

Liberals Ask Him to Fight Mr. Dussault in Dorchester By-Election.

Quebec, May 21.—There are indications that Mr Lucien Cannon, advocate of this city, and son of Judge Cannon, will be the Liberal standard-bearer in Dorchester county at the bye-election of June 2. The Conservatives have chosen their candidate in the person of Mr Georges Dussault.

In Nicolet it seems likely that Mayor Trahan will be the Government nominee, though the name of Mr. J. A. Savoie, of Manseau, is also mentioned. It is not yet settled whether there will be any opposition in this county.

MILK-SHIPERS TROUBLE SETTLED AT LACHUTE.

Lachute, May 21.—A conference between farmers and C.P.R. officials has resulted in a satisfactory settlement of the question of milk shipment. The farmers have agreed to ship the milk this week at 7.40 a.m., and the railway company have agreed, commencing next Monday, to run the train past here at 8.30 a.m.

RENAISSANCE AT THE JEWISH RACE

Mr. Rudolf Rocher on their Advance in Literature, Art and Philosophy.

'During the last ten or twelve years there has been a marvellous renaissance in literature, art, and philosophy among the Jewish community, especially among the Jews in Russia,' said Mr. Rudolf Rocher, editor of the 'Workers' Friend,' of London, and one of the most prominent workers among Jewish anarchists, to a 'Witness' reporter. Mr. Rocher has been delivering a series of lectures here and elsewhere in Canada, dealing with politics, literature, and art. Last night he gave the concluding lecture at the Auditorium, the subject being the works of Multatali, the Dutch philosopher.

'The movement I refer to,' continued Mr. Rocher, applies particularly to Russia, where the seven million Jews who have been laboring under the worst conditions, having all the duties but not the rights of citizens; have made wonderful progress. They are a strong people and the movement is one of the masses, not of a particular class, and great things are hoped for in the future when these people have moved to countries where they will have liberty.

Nearly all are preparing to leave Russia and many are going to Canada, the United States, and the Argentine Republic. Of course, the Zionist plan for a regenerated people to settle in Palestine, is attracting many, but personally I do not think the plan will be to the advantage of the Jews as a whole.'

Referring to the anarchist movement, Mr. Rocher said the movement was gaining ground very quickly, especially in France, Germany, parts of Spain, and in the Old Country, where communistic socialism as advocated by Kropotkin, was taking great hold of the working classes.

CHARGE U. S. SENATOR AS BRIBE SEEKER.

New York, May 21.—The case of State Senator Stephen J. Stilwell, of the Bronx, indicted on a charge of having asked George H. Kendall, president of the New York Bank Note Company, for a bribe of $3,500 to expedite legislation desired by Kendall, was called for trial to-day in the Supreme Court. Stilwell was exonerated by the Senate after an inquiry, and his colleague, Senator M'Clelland, is acting as chief counsel at the present trial.

SEEKS TO ABOLISH COMMON DRINKING CUP.

Toronto, May 21.—In allowing the pupils of the public schools of the city to drink from a common drinking cup the Board of Education has run foul of Dr. Hastings the medical officer of health, and the indications are that the board wil be indicted for maintaining a nuisance unles they comply with the wishes of the Medical Health Department and abolish the common drinking cup.
