

THE TRAGEDY AT ULVERTON

Inquest Was Adjourned to Allow Autopsy to be Made

THEORIES ADVANCED AS TO CAUSE OF FRANK CROSS' DEATH. THREE MEN ARE HELD.

(Special Staff Correspondence) Ulverton, April 25.—In the sad case of Frank Cross' death, as already reported in Thursday's Record, Coroner Dr. Larue, of St. Germain, arrived on the scene about 4 o'clock in the afternoon and at once proceeded to select a jury, which was chosen as follows: Messrs. Jas. Bothwell (foreman), Roy Husk, Geo. Mooney, Z. Lefebvre, Jos. Gagnon, William Rick and A. Cote. Having been duly sworn, the examination of the body by coroner and jury, accompanied by the physician, Dr. Jos. Garon, of L'Avenir, who was called to attend the unfortunate man, was proceeded with.

After much discussion it was decided that an autopsy should be made.

Dr. John Hayes, of Richmond, was called upon to do this.

VISITED SCENE OF TRAGEDY.

The coroner and jury, besides many others, then went to the riverside, where the fighting took place. Dr. Garon pointed out several places where blood could be faintly seen, although much more marked and plain when he visited the spot in the morning. It was pointed out that the empty and broken whiskey bottles to be seen that morning had disappeared.

Approaching the river to the right, near the water's edge, a small pile of brush and wood showed that a fire had been burning for some time. There is a space of possibly two rods of clear ground to the water, and on the left small thick bushes. A few yards in this thicket, not more than ten or twelve feet, the imprint in the soft ground showed plainly that a man had stopped there and placed his feet firmly, as though forced to do so. A part of a watch chain, with fob attached, was found. The initials plainly traced on the fob were "H.E. B." This was supposed to be the property of Herbert Bogie.

ADVANCED A THEORY. Mr. W. E. Melver, advocate, of Richmond, expressed his opinion that it was possible that certain wounds on the deceased man's head could have been caused by his falling and striking certain small stubs where bushes had been cut alongside where it is alleged the quarrelling took place.

INQUEST ADJOURNED. The coroner then discharged the jury until Saturday at 1 o'clock p.m. when the inquest will be resumed.

THREE PERSONS IMPLICATED. As already stated, three persons were implicated by the widow of Frank Cross as being the cause of her husband's death.

It must, in justice to those persons, be said that in no way have they given those in charge of the case any trouble, nor have they tried to make their escape. Two of them, who returned to their home at Lisgar on Wednesday night, did not know that the said Frank Cross had died until informed of the fact by Mr. Roy Husk, who was sent to ask them to appear before the coroner, which they most readily agreed to do and were soon upon the spot.

SAYS THEY PARTED IN FRIENDLY MANNER.

One of these parties, speaking to the Record, maintained that they parted in a friendly manner from Frank Cross at his home, shaking hands, and received from him an invitation to again make a visit, and that he walked into his own home.

THREE TAKEN IN CHARGE.

The three young men in question were taken in charge by Chief of Police B. Chartrand, of Richmond, and Mr. James Boast, as special assistant, to have them appear at the adjourned inquest on Saturday. Chief of Police Chartrand is doing all in his power to make the young men comfortable at Richmond during their stay.

FUNERAL TO-DAY.

The coroner gave permission for the funeral to be held to-day (Friday), which will take place leaving the house at 2 p.m. for the Methodist Church, Rev. Mr. Schagel, of Ulverton, will conduct the service, assisted by Rev. G. H. Craik, of Melbourne.

THE DECEASED.

The late Frank Cross was the second son of Mr. and Mrs. John Cross, who are still living. He leaves, besides a wife and six children, three brothers and four sisters. One brother and sister are in the Canadian West. One brother is in Vermont, and the others live in this vicinity.

SYMPATHY OF NEIGHBORS.

The aged parents feel most keenly the sad affair and can hardly believe other than that their son was the victim of a murderous attack. Much sympathy is expressed for Mrs. Bogie, the widow mother of Herbert Bogie.

115 LIVES LOST IN MINE EXPLOSION

Up to Darkness Last Night Thirty-Five Bodies Had Been Recovered

MANY BODIES HAVE BEEN LOCATED BUT THEY CANNOT BE CONVEYED TO SURFACE.

Pittsburg, April 25.—Up to darkness last night 35 bodies of miners had been taken from the Cincinnati mine of the Monongahela River Consolidated Coal and Coke Company, a subsidiary of the Pittsburg Coal Company at Finleyville, the scene Wednesday of a disastrous explosion.

Many other bodies, it is said, have been located, but the greatest difficulty is being experienced in finding means to convey the bodies through wreckage to the surface.

Last night eighty miners were unaccounted for. These, with the 35 dead taken from the mine, bring the probable list of fatalities up to 115. Hopes of relatives and friends of the missing men that their loved ones are living are being dissipated slowly. Rescuers are unable to reach the inner workings of the mine on account of the gas fumes, water and debris.

It was announced by the officials of the Pittsburg Coal Company last night that 190 men entered the mine Wednesday morning. The officials stated that 75 men are known to have made their escape after the explosion.

Of the 35 dead taken from the mine 19 of them have been identified at the morgue where all the victims are being sent to be prepared for burial.

Ottawa, April 25.—Mr. Frank B. Proctor, solicitor, has withdrawn from the Miller case. For the last two months Mr. Proctor has been representing Mr. R. C. Miller, the House of Commons prisoner, now in the county of Carleton jail. Behind his retirement, according to the story of men on the Hill, is considerable of a secret not altogether yet revealed. Asked about his alleged withdrawal yesterday, Mr. Proctor dictated the following statement: "Owing to the fact that Mr. Miller has not accepted the advice I gave him in connection with this case I have withdrawn from it."

Further than that Mr. Proctor would say nothing. Upon the Hill, the fact that Mr. Proctor has withdrawn from the case was known yesterday. Explanation of the fact was given by one or two members of Parliament, friends of Mr. Miller, and they in the main agreed.

RUNAWAYS ARE QUITE FREQUENT.

Cootick, April 25.—(Special)—A rather exciting runaway took place on Thursday forenoon, when a pair of horses belonging to Mr. Fleming, of North Cootick, attached to a large wagon filled with chairs and small tables, became frightened near the Guild Hall on Cutting street, became unmanageable and ran furiously down the street. Coming to the corner of Main and Cutting they were not able to turn a sharp enough corner to keep the road, and ran directly on to the sidewalk in front of the store of Mr. M. J. McNamara, and continued on their way on the walk until they reached the corner of Main and Child streets, where they were stopped by a number of terrified pedestrians who happened to be in their path, and distributing the chairs and tables in heaps along the road, no damage was done. Though as yet no one has been injured in the town by such accidents, runaway teams dashing down our streets at the busiest hours of the day are becoming all too frequent.

NEW YORK TRAIN WAS DERAILED

Not One of The Passengers or Train Crew Was Injured

SCENE OF WRECK PRESENTED APPEARANCE OF VERITABLE DISASTER.

Montreal, April 25.—When the Delaware and Hudson train, No. 201, northbound, was derailed at 3 o'clock yesterday afternoon, about a quarter of a mile south of Brossseau Junction, on the Grand Trunk line, the gods must have been watching over the lives of the passengers and train officials. For although the scene of the wreck presented the appearance of a veritable disaster, no one was injured, and even the engineer, Millette, who remained in the cab while the engine was plunging its way into the sandy track, escaped being hurt.

The train was proceeding at a slow rate, about twenty miles per hour, when suddenly the engine plunged over on to its left side, plunging deep into the sand and making havoc of the northbound track. The mail car, which was immediately behind, No. 750, cannoned into the tender, which telescoped into the engine, and the car lurched over on its right side, covering both tracks. The second car, freight car No. 456, was dragged over also, falling transversely, but being little damaged, while the third, a passenger car, No. 193, was pulled after the preceding car, digging its way into the sand. The passengers were lucky enough to escape with a shaking. The fourth car stopped on the track and is uninjured.

No definite cause was given for the accident, although it was surmised that it was due to a defect in one of the wheels of the engine. It was in no way due to the track, which was in good condition.

HOW MANY WILL REMEMBER ARBOR DAY.

Massawippi, April 25.—(Special)—Arbor Day will soon be here. How many are interested in continuing the good work begun in the past by setting out trees. In the first three months of this year she has given 3,600 lbs of milk and 189 lbs. butter.

BARN DAMAGED BY LIGHTNING.

Scotstown, April 25.—(Special)—Mr. James Sherman, of Canterbury, came near suffering very seriously from the electric storm early Wednesday. He was awakened suddenly at about 4 o'clock in the morning by a terrific clap of thunder. He thought at first that it was the house that was struck, but on going out he saw that it was the barn, which is situated a short distance from his residence. The lightning struck directly in the middle of the roof, near the saddle board of the building, and the shingles were peeled off for a space of about three feet square and the boards were all cleared, and there was a smell of sulphur pervading the building. One of the rafters was all split in splinters. The lightning seems to have followed one of the rafters and then come down the wall of the barn. The stable is built in the form of a lean-to on the barn, so that the cows' heads are near the (Continued on Page 7)

PATIENT CLAIMS TO BE CURED

Was Treated by Dr. Friedmann's Serum For Tuberculosis

WAS IN ADVANCED STAGE OF THE DISEASE WHEN HE WENT TO CALIFORNIA.

Buffalo, N.Y., April 23.—Fred W. Lang, jr., of North Tonawanda, who was taken in February to Pasadena, California, suffering from pulmonary tuberculosis in an advanced stage, has returned, apparently cured by the Friedman treatment. When he left he was so weak he could hardly walk, and Dr. C. T. Crance, who attended him, said there was little hope for him.

About that time Dr. Friedman arrived in New York, and Dr. Henry Pyle, of Pasadena, was designated by the state of California to go to New York and investigate. Dr. Pyle was a personal friend of Dr. George Hyde, of Pittsburgh, a classmate of Dr. Friedman, and through him the California doctor obtained sufficient vaccine to treat three patients.

He returned to California and selected Lang as one of the patients. Lang had just suffered two hemorrhages, and was very weak. In a few days he had gained two pounds. Another injection was given, and later a third. After remaining under observation of the California doctor Lang was allowed to return to his home, near this city. He arrived a week ago apparently a well man.

Yesterday Dr. C. T. Crance, who was commissioned by the State of California to make weekly examinations of the patient, said that Lang had not a symptom of tuberculosis, and was apparently absolutely cured. When Lang went to California the State Health Department made a verified statement that he was in an advanced state of tuberculosis. The last injection was given over two weeks ago. Lang has gained twelve pounds in weight since that time, and says he feels as well as ever.

"When I was treated for the first time," said Lang last night, "I was so bad that I did not care whether I lived or died. I had suffered two hemorrhages a few days before, and was very weak. A few days after I received the first injection I gained two pounds, but lost that weight the day after the second injection. Five days after I received the second injection I began to feel better and gained in strength. I have continued to gain daily."

BUSINESS TAKEN UP IN THE COMMONS

Several Measures Were Advanced at Yesterday's Sitting

THE AGRICULTURAL AID BILL AND HIGHWAYS BILLS ADVANCED TO THIRD READING.

Ottawa, April 25.—Yesterday the House got down to business in earnest, and there was a marked progress made on the important Government measure that has been usually seen in a week so far this session. There were no closure rules invoked—there was no necessity for them—there was just as much free speech and just as much opportunity given to criticize the action of the Government.

Hon. Frank Oliver yesterday afternoon attacked the Government on the surrender of an Indian reserve at Vancouver. His charge was based entirely on a Vancouver newspaper clipping to the effect that the Indians were being misled by the British Columbia Government in the surrender of their reserve, which lies in the city limits. It was shown, in reply by Premier Borden and Hon. Robert Rogers that the surrender had not even been brought to the notice of the Dominion authorities and that it could not be consummated until approved of by the Dominion authorities. They assured the ex-Minister that the red men would be given every possible protection and consideration.

With Mr. Oliver's breeze disposed of, the House proceeded to business. Three important measures were dealt with. A bill providing for the establishment of a Harbor Commission at Vancouver, with a view to developing that port to handle the growing Pacific commerce, passed its first stage. The Agricultural Aid Bill was allowed to pass through the committee stage, and now stands for third reading. The Highways Bill also got a second reading. It is probable that morning sessions will be commenced soon, which means that the end of the most historic session in the history of Canada is within sight.

PRIVATE BILLS.

Mr. Clark (Bruce) introduced his bill to amend the Dominion Election Act, the object of which he explained was to rescind the clause which provided for a fine of \$100 for illegal voting, which might be collected by any person who chose to sue, and to substitute therefor a clause under which such an offence may be punishable with a jail term of two months and not more than six months. The bill was given first reading.

AMBASSADORS AND AUSTRIA

Action on Attitude of Montenegro Will be Considered To-Day

BELIEVED KING NICHOLAS CAN BE BROUGHT TO DECISION OF EUROPE.

London, Friday, April 25.—The Austro-Hungarian Government's dispatch calling upon the powers to take action against Montenegro will be considered at a meeting of the ambassadors in London to-day. London opinion regarding the outlook continues optimistic. It is pointed out that the Austro-Hungarian despatch was sent under the first impression created by the fall of Scutari, and before it was made clear that the powers had unanimously decided not to let the event affect their decision that Scutari must remain Albanian.

The powers will doubtless formally warn King Nicholas to that effect within a day or two. It is believed that there are means of persuasion and pressure by which, without recourse to armed coercion, Montenegro can be brought to submit to the decision of Europe. St. Petersburg despatches report fresh demonstrations there, but the Russian Government is checking all disorderly manifestations.

According to a Vienna despatch, Cettigne telegrams announce that King Nicholas delivered a speech to the crowd, which feted him in which he said: "Scutari is Montenegro's to-day," concluding with the words, "Long live Montenegro Scutari."

SOME SUASION FROM ROME.

Rome, April 25.—Representations have been made to Montenegro, it became known yesterday, in which the attention of the Cettigne Government is called to the fact that the Balkan states have bowed to the decision of the powers, inspired by the supreme interests of Europe.

Bulgaria, it was pointed out to the Montenegrin Government, had renounced her decision to continue the movement of her army towards Constantinople; Serbia has given up the seaport of Durazzo; Greece had abstained from permanently occupying the town of Valona, and Montenegro must evacuate Scutari.

Such a move on the part of Montenegro, it was considered here, would not imply any loss of dignity after her occupation of the city. If the European powers ceded in the matter of Scutari, it is affirmed, the other Balkan states also would have the right to realize their aspirations.

ripe old age of 90 years. During the last few weeks of his life his sister, Mrs. Worby, of Eaton Corner, was present to assist in caring for the deceased, and every care and consideration was bestowed by his grandson, Mr. Lowe, with whom he had resided for the past few years.

GREENLAW.
The funeral services of the late Mrs. David Knapp, whose death was announced in Tuesday's Record, were held in Christ's Church, Brompton, on the afternoon of Wednesday, and were very largely attended by relatives and sympathizing friends. The services were conducted by the pastor of the church, Rev. J. Belford, of which church the deceased lady was a faithful and devoted member. The reverend gentleman spoke very comforting words to the mourning friends on the blessed assurance of eternal life to those who live and die in the faith of our Lord, Jesus Christ. The mortal remains of the loved one were laid to rest in the beautiful little cemetery adjoining the church, borne by the following bearers: Messrs. Simon Ward, Charles and William Addison, Anick Robinson, John Young and Lawrence Wheeler, and committed to the earth in the grand words of the burial service, "In sure and certain hope of a glorious resurrection." The late Mrs. Knapp was born 48 years ago and was the only daughter of the late Mr. John Addison and his late wife, Mary Ward, her mother dying in her very early infancy. Her childhood years were spent with her maternal grandmother. In February, 1891, she was married to Mr. David Knapp, of Brompton, who, with one daughter, Myrtle, mourns the loss of a devoted and loving wife and mother.

The late Mrs. Knapp was not only an active church worker, but in temperance work made her influence felt, being a member of the select degree of the Royal Templars of Temperance, and also a member of the Rebekah Lodge.

Mrs. Knapp is survived not only by her husband and daughter, but also by one brother, Mr. John Addison, of Windsor Mills, who were the chief mourners at the funeral. The choir rendered appropriate hymns, the last being "Nearer My God to Thee," led

by the organist, Mrs. Bachelier, from Sherbrooke. The floral offerings were numerous and beautiful, viz: A pillow, Mr. and Mrs. J. Addison, of Windsor Mills; cut flowers from Mrs. Bowles and Mrs. Bernard; cross from Mr. and Mrs. Anick Robinson; triangle from R. T. of T.; cut flowers from Mr. E. W. Tobin, M.P., and Mrs. E. W. Tobin; cut flowers from Rebekah Lodge.

Those from out of town attending the funeral were Mr. and Mrs. Bernard and daughter, Danville; Mr. and Mrs. G. Barlow, Danville; Mrs. Bowles, Whitefield, N.H.; Mr. and Mrs. Gilbert, from Bromptonville; Mr. W. Varney, Newport, and Mrs. Bachelier, Sherbrooke.

Deaths Reported

EDWIN D. ALGER, EATON.

Eaton, April 25.—(Special)—Early Monday morning, April 21st, at the Sherbrooke Protestant Hospital the death took place of Mr. Edwin D. Alger, one of Eaton's much respected and genial hearted citizens. Mr. Alger was born at Eaton, Que., May 10th, 1851, on the farm where with the exception of nine years in California and a few other periods of absence he spent his life. He was a kind hearted neighbor and took much interest in the public affairs of the town and will be greatly missed by a host of friends. The funeral services were conducted by the Rev. G. W. Elliot of Sawyerville, from his late residence to the Eaton Cemetery, Wednesday afternoon. The floral tributes were from his sister and friends. Special hymns were rendered by the choir. The bearers were: Mr. V. F. Hodge, Mr. H. H. Winslow, Mr. John Picard of Eaton and Mr. Lyman Bowker of Sawyerville. The deceased leaves an only sister, Mrs. Kate L. Alger for whom much sympathy is felt. Miss Alger and her brother have for the past sixteen years carried on the home farm being the only survivors of the five children of the late Horace and Jane Alger.

ROSENBERG.
Another household which has late-
ly recovered from severe colds is that
of Mr. John Bockus, while Mr. Victor
Jenkins is another victim of the
same.

The household of Mr. C. Primmer-
man is recovering from a severe stage
of grippe. Mr. Primmerman himself,
however, is still in the doctor's hands.
In addition to the two deaths oc-
curring in the immediate neighbor-
hood, the community was further up-
dated of Stanbridge East, but for-
dened by that of Mr. P.C. Moore;
here, all three deaths took place
within a week and while that of Mrs.

Martin Campbell was fully expected,
about 60 years previous a resident
of those of Mrs. Byron Jenkins and
Mr. Moore came rather in the nature
of a shock.

Mrs. Riardon of St. Albans was a
guest for a few days lately of Mr. S.
D. Bockus; Miss R. Dandurand, from
St. John's, Que., not long ago and

gustine Dandurand in her dressmak-
ing and millinery business at St. Ar-
mand Station.

Mrs. Elie Chevalier and Miss O.
Chevalier were lately with Mrs. Er-
nest Bean, of Highgate, for a short
visit.

Miss Marion Campbell, who was at
home for a couple of weeks owing to
her grandmother's serious condition,
has resumed school at Philipshurg.
Mr. Nelson Campbell is still stand-
ing improving.

A wonderful improvement is notice-
able in the roads throughout the
Parish during the past week. This is
due not alone to the weather but to
the fact that the road scraper was
used sufficiently to smoothen the
ruts and fill the holes.

Though sugar has hardly proved up
to the average either in quality or
quantity, the season proved better
than was generally anticipated. Not
a few gathered their buckets before
the final runs.

what bruised in his desperate effort

Charles, Montreal.

Mrs. R. Hugh Gunning, Queen Street received yesterday for the first time since her marriage, a very large number of friends being present during the afternoon. Mrs. Gunning received in the drawing room, wearing a gown of pearl gray charmeuse with draped skirt and bodice, the latter trimmed with tiny bows of satin ribbon of Helen pink with rhinestones. The drapery of the skirt was caught with a tailored bow of the same pink and rhinestone buckle with touches of black. A collar of Irish lace completed the costume, and a corsage bouquet of lilies of the valley was worn. Miss Dunton of Richmond, wearing a pretty gown of champagne silk, and Miss Gunning, in a cream colored gown with drapery of cream fish net, caught with rosebuds, assisted in receiving. The drawing room was decorated with white carnations, and red carnations were arranged in the living room, while the tea table was lovely with pink Killarney roses in large vases, and two smaller silver vases. The centre piece was of lace, overlaid with one of bolting cloth with pink Japanese embroidery and the doyleys were of the same material and sign. The sandwiches and ices were on small tables at either end of the room, and the color scheme was well carried out in the cakes, ices, etc., which were all pink. Mrs. B. C. Howard poured coffee and Mrs. A. E. Kinkead tea, while Mrs. T. Malcolm Craig cut the ices. The guests were looked after by Mrs. Bissell and Mrs. Z. Griffith and served by Mrs. Garwood, Miss Lilla Ransohoun, Miss Mabel and Miss Dorothy Farquhar. Miss Margaret Houlahan, in a brown colored frock, and blue sash, opened the door, and Miss Olive Gunning, in pink, with pink satin sash, was at the head of the stairs, to direct the guests.

DAUGHTERS OF THE EMPIRE.

A special meeting of the Municipal Chapter of the Imperial Order of the Daughters of the Empire was held yesterday afternoon at the Academy of Music, Mrs. H. R. Fraser, Regent presiding.

Correspondence was read from the National Chapter at Toronto, in regard to a proposed amendment to the constitution and also to the question of electing a delegate to the National Chapter to represent the Sherbrooke Chapter. Mrs. Fraser read the Agenda of the meeting, at which, and from the subjects to be considered and discussed said she felt sure it would be most interesting and beneficial. Educational and local settlement work are to be the topics brought up, and addresses are to be given by Mrs. Fessenden, Founder of "Empire Day," and Mrs. Clarke Gurney, Founder of the Daughters of the Empire.

The Regent referred to the meeting to be held on Friday to form a committee in connection with the Girl Guides and hoped it would be well attended by those interested. She was happy to say that Miss Florence Purdy of the Lawrence School, had kindly consented to undertake the reorganization of the Children's Chapter, one of the most important branches of the order, and was already at work. Miss Purdy's report would be submitted later.

Mrs. Fraser was elected a member of the National Council from the Municipal Chapter and Mrs. H. A. Odell from the St. Johnsbury Chapter. The time and place of meetings in future were arranged and a hearty vote of thanks unanimously passed to Mr. Irwin Sawdon for the use of his beautiful and conveniently located rooms.

The National Anthem was sung and the meeting closed.

PAPE'S DIAPEPSIN REGULATES STOMACH

Time it! In five minutes Gas,
Sourness and Indigestion
is gone.

Do some foods you eat hit back-taste good; but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. Diapepsin is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as Diapepsin comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eruptions of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

FINANCIAL AND MARKET NEWS

COUNTRY PRODUCE.

EGG MARKET IS ACTIVE.

Montreal, April 25.—There were no new developments in the egg situation. Supplies are coming forward freely and owing to the continued cool weather for the season of the year the quality of the stock is turning out good, which packers are taking advantage of and putting them away for future requirements. There is also a good consumptive demand and the market is active with prices steady at 21c to 23c in a jobbing way. Receipts of eggs were 2,567 cases as compared with 1,687 for the corresponding date last year.

MAPLE PRODUCE STEADY.

Montreal, April 25.—There is no change in the condition of the market for maple product, prices being steady under a steady demand for small lots, and sales of maple syrup in three-quarter tins were made at 85c to 90c per tin, and at 7c to 8c per lb. in wood, while maple sugar is selling at 11c to 12c per lb.

HONEY MARKET QUIETER.

Montreal, April 25.—The market for honey is quieter owing to the fact that buyers have ample supplies on hand for the present, but as stocks on spot are not large a steady feeling prevails in the market and prices show no change.

GOOD DEMAND FOR HOGS.

Montreal, April 25.—A firm feeling prevailed in the market for live hogs and prices were unchanged with a good demand from packers, and sales of selected lots were made at \$10.25 to \$10.35 per 100 lbs. weighed off cars. There was no change in the market for dressed hogs, for which the demand was fair at \$14 to \$14.50 per 100 lbs. for abattoir fresh-killed. A good trade continues to be done in hams and bacon, and the market is fairly active with no change in prices to note.

BUTTER PRICES TEND DOWNWARD.

Montreal, April 25.—Receipts of butter were 753 packages, as compared with 926 for the corresponding date last year. Owing to the continued steady increase in supplies coming

There was some enquiry from outside sources for lots ranging from 50 to 100 packages, and a few sales were made, but the trade on the whole is quiet.

Montreal, April 25.—Receipts of cheese were 467 boxes, as against 700 for the same date a year ago. There was some demand from over the cable for fodder goods, and sales of a few small lots were made at 52c, which is 8c lower than what sales were made at this date a year ago. The local market was quiet with prices steady at 10 1/2c to 11c for fadders.

DAILY STOCK LETTER.

New York Noon Letter.
The market opened quiet and steady with an advance in C.P.R. on foreign buying. Before long the tone turned weaker and when Rumely broke and continued its decline traders rushed to sell stocks all around the room. The result was a very weak and almost demoralized market for a while. The liquidation was not extensive and in the second hour the market rallied moderately and has since held steady as a slight recovery from the low level. One of the most disappointing is the continued decline in investment securities. Illinois Central again making a new low record and continued weakness in Chicago and Northwestern is much commented on. St. Louis and San Francisco stock also kept on the downward movement on reiterated reports that the road has to do some financing and is expected to meet difficulty in getting the necessary funds. The market is now holding steady, but fails to rally with any vigor and activity is considerably increased since the decline set in.
Sales to noon, 190,000 shares.
Wheat up a cent. Cotton, steady.

Montreal Noon Letter.
There was strength in C.P.R., but otherwise no feature in the local trading. This forenoon stocks drifted idly within narrow limits with very few transactions.

GUARD THEIR HEALTH!

Children Who Grow Very Fast
Need Careful Watching.

Next to infancy, the years between ten or twelve and eighteen are the most critical in life, especially for the boys and girls who grow too fast. Rapid growth and the physical changes that are taking place render them particularly liable to weakness and disorders of the digestive system, kidneys or lungs that very frequently, when allowed to run on, condemn them to a lifetime of suffering. It is most important that at this period of life those organs which carry off the body's waste and impurities—the bowels, the kidneys and the skin—should be kept active and vigorous.

Nothing will do this more effectively than that good old-fashioned remedy, Dr. Morse's Indian Root Pills. It acts directly on each of these organs, enabling them to do their work properly, and thus keeps the whole system pure and healthy. Dr. Morse's Indian Root Pills are still made from precisely the same formula as when our grandparents used them, for nothing better has ever been devised.

Many friends and neighbors from far and near visited the scene during the day and expressed themselves as almost unable to believe that such a tragedy had taken place in their midst.

AN AUTOPSY HELD.

An autopsy was performed Thursday night by Dr. Hayes, of Richmond, and Dr. Garon, of L'Avenir, but they refuse to give any information on account of having to appear at the inquest to-morrow at 1 p.m., when their evidence will be made public.

NOTES

Rev. G. H. Craik, Melbourne, was among those present Thursday.

Mr. W. E. McIver, advocate, has the case of the three young men in hand.

Mr. J. B. Reed was busy until all details were settled.

Mr. Jas. Bothwell as foreman of Jury is the right man in the right place.

TRAGEDY IN THE NORTH-WEST

DETECTIVE OF R. N. W. M. P.
KILLED AND ANOTHER IN-
JURED.

Edmonton, Alb., April 25.—News has just reached the city of a murder which occurred at Grassy Lake, about 15 miles north of Toileld. Detective Bailey, of the local force of the R. N. W. M. P., is dead as a result and constable Whitley, also of Edmonton, is severely injured, while two Swedes named Fronberg hold possession of the shack filled with firearms, which is surrounded with police.

On Monday afternoon officer Petlet, of Toileld, went out to arrest one of the men on a warrant charging insanity. He was fired on by both men and was unsuccessful in making an arrest. Returning to Toileld, he wired for assistance to Edmonton and four men, including Bailey and Whitley, went out on the evening train. They drove to Grassy Lake and as they approached the shack, all within seemed quiet. Suddenly a shot rang out and Bailey fell dead. When Whitley was fifteen feet from the door a firearm was suddenly thrust out and he, too, was shot, the bullet entering the thigh. He limped away before another shot was fired, but was compelled to leave Bailey dead in front of the shack.

Whitley was taken to Toileld and the other policemen are now on guard. Reinforcements have been summoned from Fort Saskatchewan and this city, and it is likely the place will be stormed.

Bailey, the dead man, has been on the force for five years, having been stationed at Stettler and Lac Ste. Anne as well as Edmonton. It is said that the two men who hold the shack found a silver medal on their quarter section about a year ago and have recently had the hallucination that a silver mine was theirs. They have been stacking the shack with guns and ammunition and several persons passing nearby recently have been fired upon.

Australia gives land to dependents.

Sydney, N.S.W., April 25.—The defence department has under consideration a scheme for granting tracts of lands in northern territory to bushmen and others who fought for the Empire in the South African War.

Baseball chatter.

At any rate the Detroit Tigers still have Sam Crawford, and that's considerable. "Wahoo" is tearing the horseshoe to pieces by his heavy clouting.

The chances are that George Burns will land a regular berth in the outfield of the Giants. George has been showing Manager McGraw the real article this spring.

The poor conditions of Catchers Henry and Almsmith has caused Manager Griffith, of the Washington team to get busy looking for another backstop.

The injury to Vic Saier, who wrenched his ankle recently, will no doubt prevent the Cubs from making a quick get-away in the National League pennant chase.

First Baseman Sterrett, the former Princeton player now with the Highlanders, made a fine impression on President Wilson in the opening game at Washington.

Now that the Cardinals have purchased Jim Sheppard from the Cubs, it will be a case of tussle between Jim and Lee Magee for the position in left field.

It looks as if Stengel will become a Brooklyn regular, and Callahan will be sent to Newark to inhale a little more baseball before breaking into the fast set.

The dropping of Bobby Byrne from top to seventh place in the Pirates batting order, may mean that the rap on the bean that Bobby received from Joe Wood at Hot Springs has caused him to be "ball shy."

In view of the fact that the control and management of the Company is vested with the MONTREAL LIGHT, HEAT & POWER COMPANY, and the SHAWINIGAN WATER & POWER COMPANY and allied interests, we believe the success of the undertaking is assured. In fact, contracts have already been completed for delivery of power upon completion of the initial installation which assure the Cedars Rapids Company of sufficient revenue to provide for operating expenses, interest on the present bond issue, and in addition show a handsome surplus applicable to dividends on the Common Stock. It is expected that these results will be substantially increased later by the sale of the balance of the power from the first development and by the sale of additional power to be subsequently developed.

ASSULT CASE
BEFORE THE COURT
Young Lad Charged With
Injuring Another Boy on
Prospect Street
EDWARD BATT, JR., COMMITTED
FOR TRIAL, WHICH WILL
TAKE PLACE ON MON-
DAY NEXT.
The preliminary hearing in the
case of Edwin Cotton vs. Edward
Batt, Jr., charging the defendant
with assault causing bodily harm,
took up the whole day before the
District Magistrate's Court yester-
day. It appeared from the evidence
of the prosecution that the complain-
ant's son, a boy of twelve years, was
engaged with a companion shooting
with bow and arrows of the home-
made variety, on Prospect street, on
Tuesday evening, when the defendant,
aged 16, and a companion of the same
age were walking, and that an arrow
struck defendant in the back, and
that he thereupon took the bow away
from young Cotton, broke it, and
struck him a blow in the face, in-
flicting a serious wound across the
right eye, which required the doctor's
care.
The two witnesses for the defence
swore that the accused did not strike
the complainant's son, but that the
injury was caused by his falling while
running away and striking against a
veranda post.
In view of the very contradictory
nature of the evidence, the accused
was bound over for trial, and im-
mediately asked for a speedy trial and
pleaded not guilty. The trial was
fixed for Monday, the 28th, and the
accused released on his attorney be-
coming responsible for his appear-
ance. It is probable that expert
evidence will be heard at the trial to
decide how the wound was caused.

FEATHERLESS
HATS WANTED
CONFERENCE OF THOSE IN-
TERESTED IN SUPPRESSION
OF CRUELTY TO ANIM-
ALS.
London, April 25.—Featherless hats
provided one of the features of the
exhibition and conference opened in
London for the purpose of bringin-
together societies interested in the
suppression of cruelty to animals.
The millinery exhibits are intended
to prove that women's hats may be
both beautiful and fashionable with-
out the aid of feathers and plumes,
the plucking of which, it is said,
causes unnecessary pain to the birds.
A hat with a large plume made of
grasses, stiffened and colored, won
general approval from fashion ex-
perts. Ribbons played a great part
in the trimmings. Other exhibits
fashioned in the shapes of plumes
and feathers proved most effective.
Mrs. Sarah Grand, acting as first
chairman of the series of confer-
ences, dealt with the question of
"murderous millinery." Man, she

said, was at the bottom of the whole
mischief. Behind the evil traffic in
birds' plumage was the commercial
organization. She appealed to women
to emancipate themselves from the
tyranny of being dictated to by men
as to what they should wear.

London, April 25.—Several physicians testified at inquest into the death of Sir, Chas. D. Rose that the excitement of flying very likely had caused an attack of heart disease. He thought such sport should be confined to the young and the robust.

STRIKE IN BELGIUM IS CALLED OFF

SOCIALIST CONGRESS VOTES FOR AN IMMEDIATE RESUMPTION OF WORK.

Brussels, April 25.—The delegates to the National Socialist Congress voted yesterday by a three-fourth majority for an immediate resumption of work.

The delegates gathered at the house of the People at an early hour yesterday. One thousand delegates from all parts of Belgium were present. Deputy Edouard Anseele, one of the Socialist leaders, opened the proceedings with a lengthy speech on behalf of the strike committee. He reviewed the objects, the progress and the results of the strike, which he said had attained sufficient success to permit the Socialists to demobilize their forces and await the course of events.

The striking mine and quarry men at La Louviere are discontented with the prospect of the strike being brought to an end by the Socialist Congress without more definite promises in regard to the reform of the franchise being given by the Belgian cabinet. Only a few of the men returned to work yesterday.

ST. CHARLES' CADETS.

The cadets of St. Charles' Seminary turned out yesterday for a street parade and presented an uncommonly good appearance. The route was by Marquette, Alexander, Peel, Bail, Brooks, Aberdeen, Wellington, Frontenac, Dufferin and Goodhue. The cadet battalion was composed of five companies and a detachment of signallers, a recent addition to the strength. The cadet band and the bugle corps furnished capital martial music and the marching and alignment were excellent. The mounted officers were Lieut.-Col. Chas. Mackenzie, in command of the battalion; Major Eugene Vaillancourt, Major Albert Marcotte and Adjutant Darche.

The greatest credit is due to the officers of the various companies for their good work, also to the Abbe Marcotte, who is in general direction of the military officers of the seminary, and whose priests soutane cannot conceal his soldierly instincts.

SUDDEN DEATH AT ASBESTOS

**Alfred Perreault Passed
Away While at His
Work**

CORONER WAS NOTIFIED BUT DID NOT DEEM IT NECESSARY TO HOLD AN INQUEST.

Danville, April 25.—(Special).—A very sudden death occurred at Asbestos on Thursday. While Mr. Alfred Perreault of that place was working at the top of the pit he fell over and died immediately.

He was 59 years of age. Dr. Speer of Danville was immediately summoned and upon making an examination of the remains pronounced his death due to heart failure.

The coroner was notified but did not deem it necessary to hold an inquest.

GOOD ROADS DAY PROPOSAL

**Labour Tax Should be
Abolished and Money
Tax Instituted**

FARMERS IN THE BACK SECTIONS ARE VERY ANTAGONISTIC TO AUTOMOBILES.

The suggestion of the Record for a Good Roads Day is meeting with general approval throughout the Township. Here is a couple of suggestions: Editor Record:—

In reply to yours in regard to an early day in May to fix the roads, if not permanently, temporary should be a wise and good thing. To begin with it seems to me the first thing should be the doing away with the road tax as now generally applied and resort to a money tax. In a makeshift method of fixing this was generally done before haying and two months of bad roads were in use. But things are gradually changing except for the principal highways where motor cars generally travel. There is a great antipathy to this vehicle amongst the farmers in the back sections notwithstanding the operators and their motor cars are taxed pretty severely. The autoist in many cases have only themselves to blame for this hard feeling. Some of the motorcar operators treat the public shamefully and this has had a tendency to make some of the farmers very antagonistic in this respect. To me it appears we should be a little more thoughtful of others as the time will come when we will be obliged to sharpen our wits.

W. H. PLOWMAN.

Dixville, Que., April 25.

TRUST RECORD'S ROAD PLAN WILL BE CARRIED OUT.

Massawippi, April 25.—(Special).—A day set apart as "Good Roads Day," and a willingness upon the part of the menfolk to turn out and fix up the bad places in our village streets and country roads would be an ideal scheme. We trust the Record's plan will be heartily carried out.

MRS DESPARD GOES TO JAIL

ANOTHER SUFFRAGETTE LEADER GETS 14 DAYS FOR ATTEMPT TO HOLD MEETING.

London, April 25.—M's. Charlotte Despard, a leader of the suffragettes who were arrested while trying to hold a meeting in Trafalgar square, was sentenced yesterday to fourteen days' imprisonment in default of payment of a fine of \$25. Her companions, Nina Boyle and Mrs. Wood, were sentenced to ten days' and seven days' imprisonment respectively. Mrs. Despard declared that her attempt to hold a meeting in Trafalgar square was made as a protest against the Government's prohibition of suffrage meetings in Hyde Park.

LADY PLAINTIFF IS OWN LAWYER

NOTWITHSTANDING ELOQUENT APPEAL, JURY GAVE VERDICT AGAINST HER.

London, April 25.—Despite the fact that her eloquence probably never was paralleled by a woman, Miss Lind at Highbury, an anti-vivisectionist leader, who sued Waldorf Astor's Pall Mall Gazette and Dr. Saleeby, the writer on scientific subjects, for alleged libel, lost her case, the jury returning a verdict for the defendant, with costs. The case, which has been before the court for sixteen days, during which the plaintiff spoke about 330,000 words, occupied the jury only a quarter of an hour. The estimated cost of the action is \$65,000.

Miss Lind's last speech was passionately eloquent, provoking loud applause, which the judge did not suppress because, he said, he thought it "a laudable expression in the circumstances."

SECRETARY BRYAN AND PEACE PLANS

WOULD MAKE IT A BASIS FOR TREATY NEGOTIATIONS.

Washington, April 2.—Secretary Bryan yesterday laid before the diplomatic corps his plan for an international agreement for peace. Almost every ambassador and minister in

Washington was at the Secretary's office at noon in response to his invitation and heard his explanation of the plan which will soon be the basis of treaty negotiations. Mr. Bryan later said the outline he presented to the diplomats did not go into details because details are a matter of agreement between the contracting nations and might be different in different cases.

"The statement presented to the diplomatic corps," said Secretary Bryan, "is only intended to set forth the main proposition, namely, that the President desires to enter into an agreement with each nation, for the investigation of all questions of every nature whatever. This agreement is intended to supplant the arbitration treaties now in existence and those that may be made hereafter. Arbitration treaties already except some questions from arbitration. The agreement proposed by the President is intended to close the gap and leave no dispute that can become a cause for war without investigation."

"Does Jinks live in an aristocratic section of the city?" "Yes; there is not an hour during the day or night when the air is free from the odor of burning gasoline."—Buffalo Express.

WILL DISCONTINUE PULP AND WOODEN PAIL INDUSTRY.

Ottawa, April 24.—Owing to a shortage in the supply of good lumber, the E.B. Eddy Company, at Hull has decided to do away with the pulp and wooden pail department of its industry.

Officials of the company state that a high grade lumber is used in the manufacture of matches and pails.

There is a decided shortage in this class of lumber, so the company has decided to stop manufacturing the pails. Another reason given is that the wooden pails are supplanted on the market both for price and durability by the galvanized iron article. The Eddy company will likely start a plant for the manufacture of cardboard boxes and containers in the near future.

PENSION FOR GERMAN WORK- MEN.

Berlin, April 25.—A Bill reducing the age limit at which a German workman is entitled to be pensioned from 70 years as at present 65, was submitted to the Imperial Parliament by the Budget Committee. The measure was proposed by the Socialist member.
