Quebec Gazette.

A POLITICAL, COMMERCIAL, AND ADVERTISING JOURNAL.

No. 8330.] WEDNESDAY MORNING, SEPTEMBER 10TH, 1856. [VOL. 94.]

PLUMBERS' MATERIALS

To be sold Cheap,

UNTIL THE WHOLE OF HIS PRESENT STOCK IS DISPOSED OF,

CONSISTING OF

STRONG LEAD PIPE, ½, ⅝, ¾—4, 5, and 6 lbs. Milled Lead; WASH-HAND BASINS of different quality; a large assortment of

SINKS, PUMPS, COCKS, BATHS, WATER-CLOSETS, HOT WATER APPARATUS,

adapted for any Stove; also, GAS FITTINGS in Brass and pure Block Tin Tube, 3-16, 1-4, 5-16, 3-8, 7-16, 1-2, 5-8, and ¾; Plain and Fancy Brackets, &c., too numerous to detail.

☞ 52 TONS LEAD PIPE AND SHEET LEAD,

Expected by first arrivals, direct from factory, with a large assortment of Bath Mountings in Porcelain and Granite Slabs, plain and figured—they are a new article, well got up in England, and VERY CHEAP. Plated, Fancy and Enamelled Mountings; also, Victoria, Grecian and Crystal Fountain Wash-hand Basins, Green, Blue, Pink, Maroon, and White figured; also, common Wash-hand Basins and Fittings in great variety, from 3s. to 7s. 6d.

PATENT PAN WATER-CLOSETS,

To act with or without Cisterns—also, a large assortment of Ridgway's Water Closets. The undersigned speaks from experience and would recommend them to the Trade and the Public as being a very cheap and excellent article.

☞ 100 DOZ. PATENT VALVE COCKS FOR HOSE, &c.

Also Patent Cistern Ball Cocks, warranted to be noiseless from the action of the water; Iron and Block Tin Tubing, and many other articles in the above line too numerous to detail.

Now on hand and well worthy the attention of town and country householders wanting good COOKING and HOT WATER APPARATUS, some of C. C. TOLMAN'S FURNACE RANGE STOVES, and will be ready about the 15th April, a NEW MODEL STOVE not larger than the ordinary Cooking Stove, to boil eight pots, 20 inch roasting grate, large baking oven, and will boil 400 gallons of water per day—it is also very economical for fuel.

P S—The above Lead Pipe is not American Composition, the very thickest of which being easy burst by water pressure, but is pure malleable Mead direct from the British factory.

JOHN PYE.

Quebec, March 20th 1856.

Paints, Oils, Varnishes.

☞ 86 CASKS BOILED LINSEED OIL, manufactured by BLUNDELL, SPENCE & Co. The names of the manufacturers are mentioned as a guarantee to the purchaser, as there is a Spurious Article selling in this market—a drug manufactured in the United States, from ROSIN, held in solution by *Naptha*, and not from the LINSEED.

The Subscriber also offers for Sale:

WHITING,

14 Tons WHITING in Packages from 2 to 7 cwt.

PAINTS GROUND IN OIL, put up in packages to suit purchasers.

VARNISHES,

Coach-Body, Carriage, Cabinet, Mastic, and Demar Varnishes.

PATENT NOTTING—an article of great importance to the HOUSE and SHIP-PAINTER, as it is a sure preventive of Rosin bleeding from knots, and a decided improvement on the old system of killing them with common Glue.

DRY COLOURS—A select assortment in convenient quantities to suit purchasers.

GOLD LEAF, Silver Leaf; Gold, Silver and Copper Bronzes; and Dutch Metal.

STAINED GLASS, Ruby, Green, Orange, Blue, Amber and Purple—Ground and Muslin Glass for Hall and Staircase Windows.

WINDOW GLASS—Smethwick and German Sheet, in boxes and half-boxes, assorted sizes.

☞ The Subscriber having a practical knowledge of all the articles he offers for Sale, and having selected them himself, can guarantee them to purchasers.

WILLIAM McKAY,
Paint, Oil and Color Store, immediately outside Palace Gate.

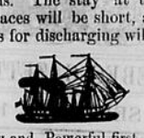
FIRST SCREW STEAMSHIP
FROM
LIVERPOOL
FOR
PORTLAND, U. S.

Calling at St. John's Newfoundland, and Halifax, Nova Scotia, out and home, to land and receive passengers and goods. The stay at these places will be short, as the facilities for discharging will be great.



THE New and Powerful first class Screw Steamship "CHERSONESE," A 1 at Lloyd's, 2300 tons burthen, Captain CHARLES POWELL, will sail from Liverpool for the above Ports on SATURDAY, the 23rd day of AUGUST, 1856, and return to Liverpool by the same route, leaving PORTLAND on the 23rd of SEPTEMBER following.

This beautiful Steamship, since she was launched, some six months since, has been employed in the Government service, and has proven herself to be a very fast and in every way a superior vessel. She has five watertight compartments, and is built of extra strength, suitable for the North American trade, and has been refitted with comfortable accommodations for a limited number of FIRST CLASS and STEERAGE PASSENGERS. Provisions provided in the usual style on board of Atlantic steamers at the rates of Passage named below.

	1st Class.	Steerage
Passage Money from Liverpool to St. John's Nfld.	15 Guineas.	5 Gs.
From Liverpool to Halifax & Portland	16 "	6 "
From Portland and Halifax to Liverpool, G. B.	60 dollars.	30 dol.
From St. John's Nfld. to Liverpool	55 "	25 "
From Portland to Halifax and *vice versa*	12 "	6 "
From Portland to St. John's Nfld	24 "	10 "
From Halifax to St John's Nfld.	16 "	8 "

Steward's fees and provisions included, except wines and other liquors, which can be had on board.

Freights from Liverpool to St John's (Nfld.) 45s. sterling, and 5 per cent. primage.
" from Liverpool to Halifax N.S., and Portland, 50s and 5 per cent.
" from Portland to Halifax, and vice versa, $3 per ton, 30 cts per barrel.
" from Portland to St John's, Nfld, $6 per ton, 50 cts per bbl.
" from Halifax to St John's, Nfld, $4 per ton, 40 cts per bbl.

Heavy Goods as per arrangement, and parcels on moderate terms. For further particulars apply to

WIER, COCHRAN & CO.,
General Office: Weaver Buildings, Brunswick St, or to

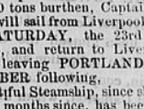
STEAM COMMUNICATION
BETWEEN
LIVERPOOL & CANADA.

Under contract with the Provincial Government of Canada for the
CONVEYANCE OF THE MAILS.



THE "MONTREAL OCEAN STEAMSHIP COMPANY'S" First-Class Powerful Screw Steamers

	Captain.	Tons.	Horse Pr.
"NORTH AMERICAN,"	Grange,	1782,	350.
"CANADIAN,"	Ballantine,	1764,	350.
"INDIAN,"	Jones.	1764,	350.
"ANGLO-SAXON,"	McMaster,	1782,	350.

Are intended to sail FORTNIGHTLY between LIVERPOOL, QUEBEC and MONTREAL as follows:—

From Liverpool.	[From Quebec.
"CANADIAN"	Aug 2
"INDIAN," July 16	Aug 16
"ANGLO SAXON," July 30	Aug 30
"NORTH AMERICAN," Aug 13	Sept 13
"CANADIAN," Aug 27	Sept 27
"INDIAN," Sept 10	Oct 11
"ANGLO SAXON," Sept 24	Oct 26
"NORTH AMERICAN," Oct 8	Nov 8
"CANADIAN," Oct 22	Nov 22

Rates of Passage from Quebec to Liverpool:

FIRST CLASS.....£20 or $80
SECOND CLASS.....£15 or $60
THIRD CLASS.....£7 10s or $30

A duly qualified Surgeon accompanies each Vessel.

The above Fares do not include Wines or Liquors.

Third Class Passengers must provide themselves with everything but Provisions, which will be supplied to them cooked.

No Berths secured till paid for.

For terms of Freight and further particulars, apply to

GEO. BURNS SYMES & CO., Agents, Quebec;
Or to
EDMONSTON, ALLAN & CO., Montreal;
ALLAN & GILLESPIE, Liverpool;
JAMES & ALEX. ALLAN, Glasgow;
MONTGOMERIE & GREENHORNE, London.

Quebec, 25th July, 1856.

FOR SALE.

Landing ex "Midas,"

100 HHDS. DEKUYPER'S Double Berried HOLLANDS,
250 Cases, each 1 doz.
750 Boxes WINDOW GLASS, assorted sizes.

LANE, GIBB & CO.

THE QUEBEC GAZETTE.

QUEBEC, SEPT. 10TH, 1856

A WORD TO THE POWERS THAT BE.

WHEN the new Governor General of the Windward Islands took upon himself the Government of Canada, at the instigation and connivance of Lord Elgin, coupled, as he was, with Messrs. Rolph and Cameron, whom the present premier of Canada denominated pharasaical brawlers, he took care that it should be understood that he was in the highest degree favorable to the interests of the French Canadians. All the "moutons" were consequently his most obedient servants. Even the present Commissioner of Crown Lands could produce no effect in declaiming against Richards, Rolph, and Cameron. Hincks ruled without the slightest regard to the prejudices of the clear grits, and, at the same time, retained them in the cabinet for show and for effect. Hincks succeeded admirably. Only for the opposition of the British party, who discovered that Hincks' strength lay in Lower, not in Upper Canada, his administration would have still been alive. The present cabinet have pursued a totally different policy. They have made it appear that Upper Canadian interests have been subservient to Lower Canadian interests; while in truth, their sympathies have been wholly Upper Canadian. While fraternizing, so to speak, with Messrs. Cauchon, Cartier, and Lemieux, they have been working underhandedly for Upper Canada. And now they have come to a pass which has alarmed Upper Canada and makes them desirous of separating themselves from Lower Canadian influence. Although virtually they retain power by Lower Canada votes, they are desirous, by changing the names of their colleagues of showing to the world that Upper Canada governs rather than is governed by Lower Canada. We doubt if they can do this. We doubt if they can toss out Cauchon and Lemieux, and retaining Cartier, take in Mr. Wilson, of London, and John Sandfield Macdonald, and, with the aid of Mr. Vankoughnet, conduct the business of the country. Whatever ordinary people may think, Lower Canadian interests cannot be overlooked, nor can the Honorable E. P. Taché's services be dispensed with, as Premier. Indeed the power of the French Canadian interest has recently been exemplified very strikingly in the division of the Irish people by means of the erection of a new parish—that of St. Columba—which has divided the St. Patrick's Church Congregation, by carrying off to St. Columba every soul from Reynar's Buildings to the Coves; by sending Father Nelligan to St. Joseph, LaBeauce, and filling his place in St. Patrick's Church by a gang of Jesuits about to be imported from France. To show their power, they have made arrangements for destroying Irish influence here, for keeping out of the City Council and of parliament Irishmen, and for restoring in its stead their own. If the Upper Canada section of the Cabinet had tact they would, under such circumstances, eschew a difficulty with either Mr. Cauchon or Mr. Lemieux, for they might if they do not, know, that they cannot govern Canada by means of Upper Canadian influence alone. Lower Canada must have a voice in the conduct of public affairs, and the voice which can only be and must be heard is for a while purely French Canadian. That the Upper Canadian section of the Cabinet believes otherwise, is evident from the speeches of Sir Edmund Head; but we would urge, and strongly urge too, upon the Honorable John A. Macdonald, who now aims at getting rid of Messrs. Spence, Cayley, Cauchon, and Lemieux, to consider well what he is about, before making the attempt.

The *Montreal Pilot* says: On Thursday last, as some men were engaged loading carts at a sand pit on Coté a Baron, they discovered an infant, apparently but recently born, well dressed, and wrapped up in a fine shawl. The child was still alive, although nearly covered with sand. We understand that no clue has yet been obtained to the unnatural mother. The child was taken to the Grey Nunnery.

There is to be a sale of a very valuable property on the Lewis road, by Messrs. Shaw and Langlois, Notaries Public, at 11 this forenoon. It is the property known as the "Asile champetre," belonging to Thomas Ruston, Esq. and is one of the most beautifully and conveniently situated properties in the neighbourhood of this city. In a few years its value will increase enormously, as it is within the city limits which are even now rapidly extending. It has gas and water, and the house is surrounded by extensive grounds, which may be converted into building lots at the will of the proprietor.

In the interior of Peru there has been discovered a beautiful tunnel under a river, the work of the old Inca Indians, and a lasting proof of their civilization.

ARRIVAL OF THE STEAMSHIP

CANADIAN.

The *Canadian*, Captain Ballantine, arrived here yesterday afternoon at half past 3 o'clock having left Liverpool on the 27th ultimo.

The *Canadian* experienced very heavy weather for the first ten days; indeed on the 4th of September she only made 100 miles in 24 hours, while on the last day, in the same time, she made 286 miles.

Captain Ballantine reports having passed the ship Mohawk on the 30th August, in lat 56 0 0 N. long 18; and that, off Kamouraska, he passed the ship *Princess Royal* and bark Devon, inward bound.

The Canadian has brought 90 cabin and 116 steerage passengers. The following summary of the news Capt. Ballantine very politely prepared for us himself besides furnishing us with the latest telegraphic news in manuscript from the telegraph office at Liverpool.

ENGLAND.

Political news unimportant.

The dinner to the Guards came off on the 25th ult., with great eclat, at the Surrey Gardens. 2,000 persons sat down to dinner. The chair was taken by Serjeant-Major Edwards, the senior serjeant of the Guards. The streets through which the troops passed were densely crowded, and the cheering of the people was most enthusiastic. The scene was exceedingly brilliant and animated, every man wore a Crimean medal, and many also displayed the Cross of the Legion of Honor. There was a profusion of military trophies, the flags of England, France, Turkey, and Sardinia, were suspended from the galleries and balconies, and festoons of flowers, and garlands of laurel met the eye in every direction. Behind the chair was a white escutcheon, bearing the name of Florence Nightingale. Independently of the military, there could not have been less than 20,000 persons present, the illustrious Mr. Seacole among the rest whose appearance awakened the most rapturous enthusiasm. The soldiers not only cheered her, but chaired her round the gardens. It had been originally intended by the committee to invite the wives of the Crimean Guardsmen to witness the splendid spectacle, but unhappily the war had converted so many of these wives into widows, that it was deemed more judicious to abandon the design. Some idea of the havoc made by death in the ranks of the Guards, who landed at old fort with the invading armies may be formed: when it is stated that to all the wives and soldiers in the Grenadier Guard there are only 13 whose husbands have returned to them.

Honble. Sir W. Temple, (Lord Palmerston's brother) and late ambassador at Naples, died in London on the 24th.—The *Daily News* remarks that upon the appointment of a successor to Sir W. Temple may depend the emancipation of Italy and the peace of Europe. The Press, D'Israeli's organ, and *Morning Chronicle* are squabbling about who shall lead the conservative party. The Times is laughing at them and declaring that the tories are not only without a policy but without an intelligible creed, and advising them to acquire a principle and a policy if they would again become powerful and respected.

Lord Normanby has so played his cards that every English traveller is convinced that he is devoted to Austria. Even though the course of the new English minister at Naples were likely to prove as smooth and free from danger and it is certain to be beset with embarrassments and perils, it would be the duty of Lord Palmerston to nominate to the post a minister whose mere name will be a guarantee for the good faith of England in a profession of regard for Italian liberty and independence in order to counteract the lamentably unfavorable impression made by the frivolity of Lord Normanby, and his fawning upon Austria and her Italian viceroys.

The report that Lord Normanby is retained at his post solely by favour and the Court and not by the will of Ministers, the *Daily News* disbelieves.

An extensive robbery of plate has been effected from St. James's Palace.

MARKETS.

CORN.—An advance of 3s. on the preceeding week. American flour 1s. advance. Cotton no alteration in prices, sales on 26th 6,000 barrels. Glasgow Pig Iron, Market steady, mixed wannants 73s. 6d. No. 1, C.M.B. 75s. Nor 3, 91s. 9d. Gartsherrie, No. 1, 78s. 8d.

MONEY MARKET.

CONSOLS.—Money 95¼ a 95⅜, for account 95⅜ a 95½. Bank stock 217½ a 218½. Reduced 95½ a 95⅝. New 3 per cents, 96¼. Annuities, 18½. India stock, 233 a 236. Exchequer bonds 100⅛ to 100⅞, and the Exchequer Bills 11s. to 14s. premium. Money is in good supply. Gold is nearly 3-10ths per. cent. dearer in Paris than in London, nearly 6-10ths per. cent. dearer in Hamburg than in London, after making allowance for charges for transport and difference of interest, the present rate of exchange leaves a small profit on the importation of gold from the United States.

STEAMER MOVEMENTS.

23rd August.—Steamship "Khersonese" sailed for St. Johns, Halifax, and Portland; steamship "Propontos" had arrived at Plymouth from St. Johns Newfoundland, in 12 days; R. M. S. "Arabia" arrived on 25th; R. M. S. "Cambria" was to take her turn on the 30th; "Arabia" intended to sail on the 4th, as a supplementary Boat; U. S. M. S. "Atlantic" abreast of South Rock, P. M. 27th, her news would be anticipated by steamship "Indian" which arrived at Liverpool A. M. 27th; steamer "City of Baltimore" sailed for Philadelphia, 27th; steamship "Washington" off Cowes, 23rd; U. S. S. "Arctic" at Queenstown, 23rd, had successfully accomplished a series of soundings between Newfoundland and Ireland; soundings reported favourable for submarine Telegraph.

FRANCE.

Everything is dull. Emperor and family are at Bierritz. The Moniteur of the 24th publishes a list of English soldiers amounting to 330 upon whom the french military medal has been conferred, for distinguished service in the Crimea. The Paris Bourse exhibits a further decline of ⅜ per cent, 3 per cent rentes closed on the 26th, at 70 f. a 40 c. for money and 70 f. 50 c. for acct for the month.

PRUSSIA.

The Government has determined to wreak a terrible vengeance on the Riff pirates. It is believed that England will co-operate. Russia has offered 3 ships and some gun-boats for the same purpose.

DENMARK.

Mr. Buchanan, English Ministry, has returned to Copenhagen, he had been in London conferring with his government, about the sound dues. It is believed that England has agreed to capitalization.

PORTUGAL.

LISBON.—Bread riots have ceased, but the stock of flour in the hands of millers is nearly exhausted.

SARDINIA.

The subscription for the purpose of presenting the Sardinian Government with 100 new guns, for the fortification at Alexandria, is energetically supported in the various parts of Italy as a testimony of confidence in the championship of the house of Savoy, the fortifications are progressing fast, and Sardinia is evidently preparing for war.

SPAIN.

Nothing definite, the National Guard of the province of Madrid is disarmed and to supply the wants of the treasury, the Government is secularising the Ecclesiastical property held in Mortmain.

NAPLES.

Two war steamers have been despatched in all haste to Palermo where a collision was said to have taken place, between the Neapolitan troop's and the Swiss.

SWEDEN.

Cholera has broken out with great severity at Stockholm and the Russian General Bodisco is about the first Victim, he had only arrived the day before.

TURKEY.

The Russian Ambassador has arrived at constantinople and the Turkish Ambassador has left for Moscow. Kars was Evacuated on the 4th August, the fortifications are untouched. The Evacuation of Reni and Ismail is began.

MALTA.

The transport "Tudor" left on the 20th for Liverpool with 750 officers and men of the Italian Legion.

(By Telegraph)

AFFAIRS OF THE EAST.

Constantinople, Aug. 20.

M. Bouteniefe, the Russian ambassador arrived yesterday; Reshesli Ali leaves tomorrow for Moscow.

The Russians have not yet evacuated the roads leading to Bayazida. Kars was completely evacuated on the 4th of August. The fortifications are untouched. The evacuation of Reni and Ismail is begun. The papers say that the Russians blew up the fortifications at Tuitchi. The Sultan has re-established the navigation of the Euphrates from Bagdad to Bassora.

[Times City Article.]

The English funds opened this morning at the dull quotation, of yesterday but subsequently experienced an advance, of ⅛. The improvement in the appearance of the weather was the sole circumstance that influenced the market. Money is in good supply in the stock exchange at 4½ per cent, and in the discount market the demand is very moderate. An instalment of £500,000 on the last loan falls due the day after tomorrow, a payment of £1,000,000 on September 15th, is all that will them remain to be made.

The Gold by the "*Walmer Castle*," has all been taken taken to-day for the continent only a portion was bought for the Bank of France but the demand consequent upon the purchases of silver caused the whole to be absorbed. Gold is nearly 3s. 10d. per cent. dearer in Paris than in London nearly 6s. 10d. per cent. dearer in Hamburg than in London and after making allowance for charges of transport and difference of interest the prerate of exchange leaves a small profit on the importation of Gold from the United States.

[Daily News City Article.]

Owing chiefly to the improvement in the weather the funds to-day showed increased strength at the close yesterday decline of ⅛ per cent was fully recovered.

Business remains quiet and altogether without pressure. The Paris bourse exhibits no recovery of importance, the three per ct. Rentes closed to-day at 70f 40c for money and 70f 50c for account.

SPAIN.

The Cabinet is aware that it cannot supply the wants of the Treasury without availing itself of the law of desamortisation secularising the ecclesiastical property formely held at Mortmain. Therefore in spite of the reactionery party, the King Consort and the scruples of the Queen that law has been vigorously put into execution.

The *Istrella* a clerical Journal says:—"The Junta or desamortisation holds two meetings every week and three thousand properties are authorized to be sold in each week.

The Nord states that the countess de Barnim (Fanny Elssler) has gone to London to meet Prince Adelbert of Prussia, whose morganatic wife she is.

The cholera has broken out with great severity at Stockholm. It is said that General Bodisco, the Russian millitary envoy is one of its first victims.

To avoid exciting the superstitious feelings of the sailors of the Minho, the late Earl of Shrewsbury's body was called a box of mellons when it went alongside the steamer in the Tagus.

The decimal system of weights has just been adopted throughout the whole of the Prussian monarchy, as it had before been in the German Association, and in several states of the south of Germany.

The elections in Sweden have returned to the Diet a liberal majority. The session ensuing will be much occupied with railway projects. The Government proposes a complete system of railways connecting the North Sea with the Baltic, and the towns of Christiani, Gottenburg, and Upsal with the capital, at a cost of 128,000,000f.

LIST of passengers per Steamship "Canadian," Capt. Ballantyne, from Liverpool to Quebec, 27th Aug., 1856:—

Mr. Campbell, lady and family, Mr Gilbert, Mr Harris, Mrs Wright and 4 children, Mr McKenzie, Mr Howard, Mr Loughbridge, Mr Garneau, Mr Johnstone, Mr Bowman, Mr Moir, Mr Anderson, Mr Stephens and lady, Hon J Price, Mr Dickson, Mr Wright, Mr Smith, Mr Voer, Miss Bute, Miss Beed, Miss Thornton, Mrs Moodie and 2 children, Miss Collon, Mrs J C Cusack, Miss Berry, Mrs Kirkpatrick, Miss Buchan, Mrs Hodge, Mr Westerhead and lady, Mr McCall and lady, Mr Howarth and lady, Mrs Marsh, 2 Misses Lundley, Mr Harcourt and lady, D A C Gen Irvine, Mr Graham and lady, Com Clerk Hunter, Miss Suedden, Mrs Jelly, Mrs Mooney, Miss Lawson, Mrs Holden, Miss Godfrey, 2 Misses Bussey, Miss Lowry, Capt Raynes, 23rd Regt, and lady, Mr Atwater, D Com Gen Routh, Mr Kenwick, Mr Thompson, Mr W Pearson, Mr H Jolly, Mr Smith, Mr Collander, Mr Moore, McGingras, Mr Clarke, Mr Parke, Mr Bitchje, Mr Doubleday, Mr Fisk, Mr Stone, Mr Arkell, Mr Hardy, Mr J B Hughes, Capt Raynes, 17th Regt, Mr Wade, Mr T Hodgson, Mr Parker, Mr Miller, Rev Dr Aytonn, Mr Wickman Mr Hopkins—and 116 steerage passengers.

The Toronto Globe having published some strictures upon a section of the Grand Trunk Railroad, under the superintendence of Mr. Kingsford, the latter replied in defence of the construction. After some cross firing Mr. Kingsford took umbrage at some reflections on himself, and challenged Mr. Gordon Brown, the responsible Editor; the latter declined on the ground of being a Christian, and thereupon Mr. Kingsford placards him.

If Mr. Kingsford intends to hold every Editor in Canada personally responsible to himself for reflections on the Grand Trunk Railroad, he is likely to have a busy time of it, and the Company should make an addition to his salary for the risks he runs of not finding all Editors, Christians, like the Brown family. —(*Montreal Advertiser.*)

GRAND TRUNK RAILROAD.—We have for some time been watching the progress of the works on the G. T. R. R. in the neighborhood of Port Hope and Cobourg. We, last week, gave a brief account of the works in the Township of Hope, as regards the amount of work completed up to that time. Now we have the satisfaction of stating taht the track is laid all the way from Cobourg to Toronto, with the exception of the viaduct in front of our town. In another month we shall have the gratification of witnessing a locomotive going across this mamamoth structure of such great beauty. The girders have been put permanently about one-third the whole distance. It is wonderful to see the rapidity with which the girders are placed upon the piers. When the viaduct is completed we will give our readers a full description and an illustration of the same in our paper.—We have every confidence in the stability of the superstructure as well as the masonry. Mr Evans, who superintends the superstructure, although young, is a men of great natural talents and experience, and we have no doubt that when his part is completed it will give general satisfaction. We are informed that Mr. Evans is a son of the late contractor of the same name in England, who put up the Conway tubular Bridge, which is a standing monument to his memory, and the admiration of the word.—Mr. E. is also to superintend the Victoria Bridge at Montreal.—*British Standard, Port Hope, Sept. 4th.*

It always affords us very great pleasure to be able to speak approvingly of the conduct of any servant, and we have now the satisfaction, in publishing the following complimentary address, to speak flatteringly of Mr. Isaac D. Purkis, to whom his friends have presented two handsome finger rings, one of which has his crest and an inscription engraved upon it. We have known Mr. Purkis for many years, and have ever found him to be active, intelligent, and straightforward:—

Quebec, 15th Aug. 1856.

MR. ISAAC D. PURKIS,
Sup. B. A. Telegraph Co.
Quebec.

DEAR SIR,—We, the undersigned operators of the British American Telegraph Company, in New Brunswick and Canada, having heard that our lines are about to be amalgamated with those of the Montreal Telegraph Company, and that you will soon retire from the management, beg leave respectfully to convey to you the expression of our deep regret, that our connection with you must have so early a termination.

We have long been associated with you in business, some of us ever since you became superintendent of the lines; and it is as gratifying to us to be able to state, as it must be satisfactory to you to know, that during all that time the deep harmony of our connection has "never been disturbed." Your uniform urbanity of manner, and gentlemanly demeanour towards us, will leave with us an impression of lasting regard, a regard which your untiring devotion to the interests of the line, and the consequent strictness of discipline in all the offices, have tempered with the highest respect, your qualities as a business man.

We beg that you will carry with you our very best wishes for your future welfare, and that you will accept the accompanying small tokens, which may, sometimes, recall times which will always be associated, on our part, with pleasant remembrances.

While we remain,
Yours most respectfully,

Thos. Green,	W. Graham.
J. B. Page,	L. Read.
W. H. Cran,	A. B. Nourse.
C. Ryan,	S. Smith.
J. MacAdams,	N. McKenny,
N. J. Anderson,	Jas. Stephenson.
E. M. Estabrooks,	T. T. Beveridge.
W. Weston,	J. Jones.

Quebec, 15th August, 1856.

To the Operators of the
British American Telegraph Co.

GENTLEMEN,—Your flattering, and truly gratifying address, accompanied by the handsome and appropriate "small tokens" of your regard, was presented to me to-day.

I need hardly assure you that your expressions of esteem and respect, are highly appreciated by me, the more so, as I have known you so long and favourably.

During my five years' superintendence of the British American lines, our harmony has truly "never been interrupted;" and it gives me pleasure to state that this is more owing to your gentlemanly conduct and strict attention to the interests of the company and their customers, than to any merit which I can claim.

I regret much the necessity which compelled our Directors to amalgamate with the Montreal Company, but I am happy to assure you that the Directors are satisfied that this necessity did not arise from any fault or remissness on the part of any of the Company's employers.

In conclusion, I beg to thank you for the good wishes to which you have given expression regarding me, and heartily reciprocating these sentiments,

Believe me to remain,
Yours very truly,
ISAAC D. PURKIS,
Superintendent.

(From the N. Y. Commercial Advertiser.)

THE LONDON POLICE AND LONDON THIEVES. —The Quarterly Review for July—the London Quarterly of L. Scott & Co.'s re-issue—contains an interesting article upon the police and thieves of London. The old system of watchmen was superseded only so recently as 1838. The members of it had become a standing joke in the metropolis, and the fast young men of the day played tricks upon them as they dozed in their watch-boxes, with almost nightly frequency. The men, too, were doubtless very corrupt, conniving at almost any breach of the law, when the lawbreaker could fee them handsomely, and tyrannizing over poorer culprits. Part of the system was the strict limitation of the duty of the watchmen to their respective wards, and it is mentioned that a heavy robbery of tea was effected in the presence of one of the watchmen, who excused himself for not having prevented it and arrested the thieves, because the theft was not committed in his ward, and therefore he could not interfere. Inefficient however, as the old watchman were, the change to the present system was not at all popular with the people, and was not effected without causing much excitement. Soon after its initiation, a collision took place between the force and the people, and three of the police were stabbed, one of them mortally. The system, although so unpopular at first, has now become one of the cherished institutions of the country.

The present metropolitan police force consists of five thousand seven hundred and thirty-four persons, comprising a chief commissioner, two assistants, eighteen superintendents, one hundred and thirty-three inspectors, six hundred and twenty-five sergeants, and four thousand nine hundred and fifty-four constables. The reviewer says:

The machinery by which this comparatively small force is enabled to watch by night and day every alley, street, and square of this vast metropolis, nay, tries every accessible door and window of its 400,000 houses, patrols 90 square miles of country, exercises a surveillance over the 8000 reputed thieves who prey upon its inhabitants, and keeps in awe the 40,000 or 50,000 people who form the "uneasy classes" of the metropolis, is not very complicated. The Metropolitan police district extends from Charing Cross 15 miles in every direction, and includes the whole of Middlesex and large portions of Surrey, Hertfordshire, Essex, Kent, Buckinghamshire, and Berkshire, for which seven counties the Commissioners are magistrates and the police are sworn constables. The river Thames is also under its jurisdiction, from Chelsea to Barking Creek, including all its wharves, docks, landing-places, and dock-yards. The entire district has a circumference of 90 miles, and extends over an area of upward of 700 square miles, 100 of which, forming what is called the interior area, is covered with our great Babel of brick and mortar. This wide extent of ground is mapped out into 18 divisions, each of which is watched by a detachment of men, varying in number according to the extent of the area, the exposed nature of the property, or the density of the population.

Two-thirds of the entire force are on duty from nine or ten o'clock in the evening to five or six in the morning. For some time the night police were required to patrol the streets for nine hours, "without sitting down or laying their weary limbs against any support." (Both by night and day the London police are requested to "keep moving.") This labor, however, was found too severe to be compatible with due vigilance toward the end of the watch, and only eight hours of patrol are required of the men. The discipline is very strict. If the sergeant, who himself goes the rounds after his men, discovers any door or window insecure, and the constable has failed to report it, the latter is fined for his neglect; and if the inattention is repeated, he is dismissed the service. That the force is carefully weeded of any who fail to perform their duty faithfully, is evident from the fact, that from 1850 to 1856, twelve hundred and seventy-six members were expelled the force.—Toward the outskirts of the metropolis, the police are necessarily more widely scattered. This necessitates the use of horses, and the men are furnished with swords and pistols.

The "city police" of London is under the management of the corporation. The area occupied by them is in the very centre of the Metropolitan police district, and while containing scarcely one twentieth part of its population, possesses a fourteenth part of its wealth. Through its thoroughfares passes an ever-teeming population. By one avenue, Cheapside, 13,796 vehicles, containing 52,092 persons, and 67,510 pedestrians pass in one day; and by another, Aldgate, near the Minories, 9,332 vehicles, containing 20,804 persons, and 58,430 pedestrians. Indeed, it is estimated that four hundred thousand persons are poured into that one square mile and a quarter in the course of the twelve hours of the day. Five hundred and sixty men well perform the duty of guarding the property and persons of this crowded and wealthy district. It is to be borne in mind that in the city proper are an immense number of uninhabited warehouses, a perfect labyrinth of lanes, and a vast crowd of carts and vans always standing full of valuable goods at the warehouse doors, with numerous banks, the clerks of which are continually passing to and fro with large sums of money in their possession.

Respecting the material of which the Metropolitan police are formed, the reviewer furnishes some interesting information. The best constables come from the provincial towns and cities. "They are both quicker and more plucky." The sharp Londoner makes a poor policeman, and cannot be trained in the necessary submission to discipline. The mere country villager is rarely intelligent or prompt enough.—When admitted into the force the men undergo close drill, and when complete in that they undergo a pretty rigid mental drill. When perfect in these respects, the neophyte doffs his plain clothes and puts on the uniform of the force. But before he is entrusted with a beat, he attends at the police courts, that he may see the manner in which trained policemen comport themselves in the witness box, and learn to give evidence clearly and briefly. Perfected in this, he is then put upon his beat, and two things are specially enjoined upon him, never to show his staff except to protect himself, and never to spring his rattle at night except in case of great urgency. It is expected of him that in six months time he will prove a steady, valuable officer.

A library is kept in the common room of every section house, containing from a thousand to twelve hundred volumes. These are selected by the men, and are much read.—The judgment displayed in the selection, and the sterling character of the books most in demand, speak volumns in favor of the intelligence and correct principles of the members of the force.

The detective police are composed of three inspectors, nine sergeants and about a hundred policemen drawn from the various divisions. They are termed "plain-clothes men," and are in every respect reliable men. In all great gatherings these men are distributed among the crowd, dressed according to the character of the assembly. At an agricultural meeting, smock frocks are worn, or the dress of a small farmer. At a review the garb of a mechanic clothed in his Sunday attire. As a general rule the plain-clothes men at such times are placed as near as possible to the policemen of their own division, in order that they may be assisted in capturing prisoners when that is deemed necessary. The reviewer dwells at some length on the peculiarities of this department of the police. It is remarked that some policemen have no faculty whatever for the detection of crime, while others from the very day they enter the force, show this faculty so strongly that they are at once marked off for this special service. These detectives are generally famous for some particular line of business. "One is good at housebreakers, another knows how to follow up a swell mob, and a third is a crack hand at forgers." Mr. Dickens, in his Household Words, has given some admirable pictures of detective policemen.

Of the thieves, whose ill-omened presence creates the necessity for this immense network of police organization, the reviewer gives some instructive facts. The pick-pockets are the largest class of thieves, and are of the most extensive range of intellect, age and dress. The May meetings at Exeter Hall are their harvest. Next to these are the burglars, of whose modes of operation the article in the Review gives particulars not generally known, but with which readers would do well to acquaint themselves. Then there are the dragsmen, who plunder vehicles, with other classes. Respecting their habits, haunts, &c., the reviewer also gives much information. Some of his comments upon the mode of proceeding in the police courts would very justly apply to the police courts of this city.

J. W. LEAYCRAFT,

Quebec, Sept. 10th, 1856.

SPECIAL NOTICES.

☞ DYSPEPSIA, HEADACHE AND INDIGESTION, by which all persons are more or less affected, can usually be cured by taking moderate exercise, wholesome food, and a dose of Bœrhave's Holland Bitters, one hour before each meal.

We would caution the public against purchasing any of the many imitations of this delightful Aroma. To prevent imposition, be careful to ask for Bœrhave's Holland Bitters.—See advertisement.

A most astonishing cure of General Debility —Mr. Henry Ambrose, of Toronto, was for thirteen years an alarming sufferer from general debility, at night he had the most horrible dreams when asleep, and when awake, he was low spirited, with thoughts of self destruction, dislike of society and involuntary blushing. This was the catalogue of his complaints, his friends were constantly alarmed, and in his calmer moments he wished for death to relieve him of his sufferings. As might be expected the best advice from time to time was obtained, but it was utterly unavailing, at last, he was determined to commence the use of Holloway's Pills, which he did, nine weeks perseverance with this celebrated medicine saw him such a man as he had never been before in his life, the bloom of health upon his cheek, and every symptom of his host of disorders completely eradicated.

From the Honourable Mr. Justice McCord.

TEMPLE GROVE, Montreal, 3rd Oct. 1854.

DEAR SIRS.—The Dentifrice, prepared by W. H. Elliot, Esquire, Dr. Dental Surgery, has been in use in my family for several years, and I can safely recommend it as one of the best Dentifrices I have ever used.—I remain, yours truly.

J. S. McCORD.

Messrs. S. J. LYMAN & Co., Place d'Armes.

BRIGHTON, Massachusetts, Aug. 4, 1855.

H. S. HUMPHREY, Esq., Dear Sir. You ask my opinion of your Zanthorea. I regard it as the very best medicine I ever met with, for the diseases for which it is intended. It cured me of an attack of the CHOLERA last summer in Ogdensburgh, during the prevalence of that terrible disease. I have often administered it to my friends, and always with success. I never travel without a vial of it with me. One of the great beauties of the ZANTHOREA, is that being prepared without opium, no unpleasant effects are left upon the system after taking it.

Yours truly,
J. S. KELLY.

For Sale by Wm. BENNING, No. 14, Buade Street, opposite the French Cathedral and druggists generally.

VEGETABLE PULMONARY BALSAM, FOR COUGHS, COLDS AND CONSUMPTION.—An expression of opinion of Albert Guild, M.D., Boston, Mass.: "Having prescribed the Balsam in many lung complaints, with *uniform* success, I can with confidence recommend its use for all those complaints for which it is offered as a remedy." Reed, Cutler & Co., Druggists, Boston, proprietors. *Be careful to get the genuine, as there are many imitations.* Price 50 cents and $1.

Bureau of Agriculture and Statistics, Toronto, 14th August, 1856.

PRIZE ESSAYS.

£40 £25 £15

THE above Premiums will be paid for the three best Essays respectively on the origin, nature, and habits, and the history of tqe progress, from time to time, and the cause of the visit of the weevil, Hessian Fly, Midge, and such other insects as have made ravages of the wheat-crops in Canada, and on such diseases as the wheat crops have been subject to, and on the best means of evading or guarding against them.
The Essay to be furnished to the bureau by the 15th day of January next, and to be designated by a motto, a copy of which shall also be forwarded in a sealed note with the name and address of the author. The Prizes will be awarded according to the decision of a committee to be named by the Board of Agriculture for Upper and Lower Canada, or in default of any such decision, by the Bureau, and tue Essays selected to become the property of the Bureau. A premium will only be awarded in case an Essay of sufficient merit is produced.
It is feared that the farmer, in his eagerness to produce wheat, is not paying sufficient attention to the danger of over-cropping, and it is hoped the warning, and the information and advice which may be obtained through the Essay sought for will aid in arresting the great scourges of the wheat.
P. M. VANKOUGHNET,
Minister of Agriculture, &c.

GREAT REDUCTION. PHOTOGRAPHIC PICTURES.

ELLISON & CO., 28 St. John Street, having met with such extraordinary success in taking cheap Daguerreotypes, now propose making a trial of cheap Photographs. They therefore inform the Public that they will (from this date until the end of September) take Photographic pictures for the low price of $3 for a single copy; ten copies for $10, and coloured in Oil or Water Colors, $1 less than any other house in this city, by our superior artist Mr. S. HAWKSETT, who has never colored for any other artist in this city, and whose experience and abilities for coloring Photographs and keeping the likeness, far exceeds any artist in this city.
E. & Co., feel perfectly satisfied that they can produce by far the FINEST PLAIN PHOTOGRAPHS IN CANADA, their Sky-Light being the best adapted to produce a perfect picture and their instruments being much larger and superior, their practice and experience much greater.
With all those advantages combined over other artists, they cannot fail to produce more satisfactory results. They only ask you to call and look at their Gallery of plain and colored SPECIMENS, and if you do not at once pronounce their Pictures superior to any you have seen in the Province, they will not ask your patronage.
N. B.—On hand, a LARGE ASSORTMENT of GOLD LOCKETS, Brooches, Fancy Cases, in great variety, for Miniatures. Gilt and plain frames, and every description of Goods in their line, for sale.
ELLISON & CO.,
28, St. John Street.

AYER'S CHERRY PECTORAL,
FOR THE RAPID CURE OF
Colds, Coughs, and Hoarseness.

BRIMFIELD, MASS., 20th Dec., 1855.
DR. J. C. AYER: I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a Cold, is your CHERRY PECTORAL. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints. EBEN KNIGHT, M. D.
A. B. MORTLEY, ESQ., of UTICA, N. Y., writes: "I have used your PECTORAL myself and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty-five dollars for a bottle than do without it, or take any other remedy."

Croup, Whooping Cough, Influenza.
SPRINGFIELD, MISS., Feb. 7, 1856.
BROTHER AYER: I will cheerfully certify your PECTORAL is the best remedy we possess for the cure of *Whooping Cough, Croup,* and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people.
HIRAM CONKLIN, M. D.
AMOS LEE, ESQ., MONTEREY, IA., writes, 3d Jan., 1856: "I had a tedious Influenza, which confined me in doors six weeks; took many medicines without relief; finally tried your PECTORAL by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

Asthma or Phthisic, and Bronchitis.
WEST MANCHESTER, PA., Feb. 4, 1856.
SIR: Your CHERRY PECTORAL is performing marvellous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years. HENRY L. PARKS, Merchant.
A. A. RAMSEY, M.D., ALBION, MONROE CO., IOWA, writes, Sept. 6, 1855: "During my practice of many years I have found nothing equal to your CHERRY PECTORAL for giving ease and relief to consumptive patients, or curing such as are curable."
We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

Consumption.
Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the CHERRY PECTORAL affords relief and comfort.
ASTOR HOUSE, NEW YORK CITY, March 5, 1856.
DOCTOR AYER, LOWELL: I feel it a duty and a pleasure to inform you what your CHERRY PECTORAL has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bless his kindness, as we do your skill, for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.
Yours with gratitude and regard,
ORLANDO SHELBY, OF SHELBYVILLE.
Consumptives, do not despair till you have tried AYER'S CHERRY PECTORAL. It is made by one of the best medical chemists in the world, and its cures all around us bespeak the high merits of its virtues.—*Philadelphia Ledger.*

Ayer's Cathartic Pills.

THE sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these PILLS have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute immensely to the relief of my afflicted, suffering fellow-men.
The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints:—
Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul Stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant Medicine, Scrofula or King's Evil. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.
Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them, and they should have it.

Prepared by Dr. J. C. AYER,
Practical and Analytical Chemist, Lowell, Mass.
PRICE 25 CTS. PER BOX. FIVE BOXES FOR $1.

LANDING
Ex "Amelia," from Oporto:

40 QUARTER-CASKS SUPERIOR PORT WINE, consisting of the favorite brands, Queen's Port, London Port, and Pure Juice, all the above brands are well known in the London Market of Messrs. OSBORN & SPENCER, of Oporto.
LANE, GIBB & CO.
Quebec, June 24th, 1856.

CROWN LANDS DEPARTMENT,
TORONTO, 24th July, 1856.

THE undermentioned lots, which form a part of the Northern and Southern portions of the Island of St. Joseph, Lake Huron, will be offered at Public Auction, at the office of the Commissioner of Crown Lands, in the City of Toronto, on MONDAY, the FIFTEENTH SEPTEMBER next, at the hour of NOON.—Upset price two shillings and six pence per acre; one-fifth to be paid down at the time of Sale, the remainder by four yearly Instalments, with interest on each as it becomes due, or the Patents may issue so soon as the purchase money shall be paid up in full.
The map of the Island may be inspected during the business hours, up to the day of Sale.
A considerable portion of the Island of St. Joseph is of good quality, well timbered, and the soil is adapted for Agricultural purposes, and the waters around it abound with excellent fisheries.
The mining regions will afford a favorable market for the surplus Agricultural produce raised upon the Island, which lies on the course of, and possesses stopping places for the American and Canadian Steamers proceeding to Sault Ste. Marie.

BOERHAVE'S HOLLAND BITTERS

JE MAINTIENDRAI

THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND,
FEVER AND AGUE,
And the various affections consequent upon a disordered
STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.
This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.
It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

CAUTION:

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given Boerhave's Holland Bitters a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
Sold at $1.00 per bottle, or six bottles for $5.00, by the sole proprietors,
BENJAMIN PAGE, JR. & CO.,
Manufacturing Pharmaceutists & Chemists,
Pittsburgh, Pa.
Barnes & Park, New York, and by Druggists and Merchants generally throughout the United States and Canadas.
JOHN MUSSON & CO., Quebec.
JNO. BURKE & CO., Montreal.
17th April, 1856.

MIDDLETON & DAWSON.
4th July, 1856.

BRITISH PERIODICALS

EARLY COPIES SECURED.

LEONARD SCOTT & CO., NEW YORK,

continue to re-publish the following British Periodicals, viz.:

1. The London Quarterly (Conservative.)
2. The Edinburgh Review (Whig).
3. The North British Review (Free Church).
4. The Westminster Review (Liberal).
5.

THE present state of European Affairs will render these publications unusually interesting during the forthcoming year. They will occupy a middle ground between the hastily written news-items, crude speculations, and flying rumors of the daily Journal, and the ponderous Tome of the future historian, written after the living interest and excitement of the great political events of the time shall have passed away. It is to these periodicals that readers must look for the only really intelligible and reliable history of current events, and as such, in addition to their well-established literary, scientific and theological character, we urge them upon the consideration of the reading public.

☞ Arrangements are now permanently made for the receipt of EARLY SHEETS from the British publishers, by which we are enabled to place ALL OUR REPRINTS in the hands of subscribers about as soon as they can be furnished with the foreign copies. Although this involves a very large outlay on our part, we shall continue to furnish the Periodicals at the same low rates as heretofore, viz.:—

	Per ann.
For any one of the four Reviews,	$3 00
For any two of the four Reviews,	7 00
For any three of the four Reviews,	5 00
For all four of the Reviews,	8 00
For Blackwood's Magazine,	3 00
For Blackwood and three Reviews,	9 00
For Blackwood and the four Reviews,	10 00

CLUBBING.

A discount of twenty-five per cent. from the above prices will be allowed to Clubs ordering four or more copies of any one or more of the above works. Thus: Four copies of Blackwood or of one Review, will be sent to one address for $9; four copies of the four Reviews and Blackwood for $30; and so on.

POSTAGE.

Canadian Mail Subscribers supplied free of United States postage.

Remittances and communications should always be addressed, post paid, to the Publishers.

Payments to be made in all cases in advance. Money current in the State where issued will be received at par.

LEONARD SCOTT & CO.,
54 Gold Street, New York.

F.B.—L. S. & Co. have recently published, and have now for Sale, the "FARMER'S GUIDE," by Henry Stephens, of Edinburgh, and the late Prof. Norton, of Yale College, New Haven, complete in 2 vols., royal octavo, containing 1600 pages, 14 steel and 600 wood engravings. Price, in muslin binding, $6,

☞ This work is not the old "Book of the Farm," lately resuscitated and thrown upon the market.

27th Dec., 1854.

Doors, Sashes, Blinds, Mouldings, and every description of Joiners' Work for House Building purposes, FOR SALE, and made to order at short notice. Also, constantly on hand, a large supply of Tongued and Grooved Flooring and Roofing Boards, and Sawed Scantling of every description.

CORNER OF GRAND & BARRONE STREETS, ST. ROCHS,
QUEBEC.

TO LET OR FOR SALE.

Eligible Property for Sale.

THE undersigned has been instructed to DISPOSE (by private Sale) of a LARGE and HIGHLY CULTIVATED FARM, situated at the place called the Little River St. Charles, about 3 miles from the City, between the property of Charles Smith, Esq., and that of heirs Duchesnay: the Farm contains 180 Arpents in superficies, of which ⅘ths are in the highest state of cultivation; it has a frontage of at least 10 arpents on the St. Charles and is intersected by the Turnpike Roads skirting the northern bank of that river: together with the DWELLING HOUSE, Farm House, Barns, &c., thereon erected.

HENRY S. SCOTT.
Quebec, 22nd March, 1856.

THE ORIGINAL AND ONLY GENUINE
SIR ASTLEY COOPER'S

MILD APERIENT ANTI-BILIOUS PILLS,

FOR THE CURE OF

Bilious Disorders, Liver Complaint, Indigestion or Dyspepsia, Habitual Costiveness, Sick Headache, Giddiness, Heartburn, Flatulency, Loss of Appetite, Irritability, Nervousness, Languor, Lethargy, Low Spirits.

THE distinguished patronage with which these sterling PILLS have long been honored, the beneficial effects which have constantly resulted from their use, the purity of the ingredients which enter into their composition, their careful and peculiar mode of preparation, and the great and increasing demand for them from every quarter of the globe, prove at once their superiority over all similar preparations in Europe or America. Prepared from the original recipe of the distinguished Physician and Surgeon, the late Sir ASTLEY COOPER.

IMPORTANT CAUTION

In consequence of the great demand for these most excellent Pills, they have been extensively counterfeited by several unprincipled persons both in Canada and the United States, and in order to secure the public for the future from all danger or risk of counterfeits, the proprietors have caused to be engraved, at great expense, a highly finished label, which is placed on the outside of the wrapper, and also on the top of each box, and on which is engraved the likeness of the late Sir Astley Cooper, from the celebrated painting by Lawrence, with the words, "Sir Astley Cooper's Aperient Anti-Bilious Pills."

And in order to afford the public a still further protection, the proprietors have placed the facsimile of their signature on the outside wrapper, and also on the directions which accompany each box; without these marks of authenticity, they are spurious and an imposition

MACPHAIL & CO, Sole Proprietors,
London and New York.

Sold at 25 cents, 50 cents, and $1 00 per Box, with full directions for use, by A. B. & D. Sands, 100 Fulton-St., N. Y.; Schiefflin, Bros & Co, 170 William-Street; Boyd & Paul, 149 Chambers Street; C. V. Clickener & Co., 81 Barclay-St.; Elcott, McKesson & Robbins, 127 Maiden-Lane; Rushton, Clark & Co., 165 Broadway; C. H. Ring, 192 Broadway, and by all respectable Druggists and dealers in Medicine throughout the civilized world; and wholesale and retail at the depots, 150 Oxford-Street, London, and 141 William-Street, New York.

8th Sept., 1855.

ECONOMY.

IT has long been considered that ELLIOT'S DENTIFRICE was the Best Powder in use for Cleansing, Whitening and Preserving the Teeth and Gums, but few think of the ECONOMY of its employment.

It is by far the cheapest Powder or Preparation for the Teeth offered to the Public.

Each Box contains four times the usual quantity of powder in 1s boxes, at the same time the universal testimony of all who have tried it, including the Dignitaries of the Church, the Judicial Bench, as well as Editors, Professional men, and indeed all classes is,

That Elliot's Dentifrice is one of the Safest, most agreeable and Effectual Dentifrices ever employed.

It prevents the decay of the Teeth, sweetens the breath, renders the gums healthy, and by its constant use Toothache is avoided.

Its Sale has already reached over

10,000 BOXES.

With still increasing demand.

Toronto, July 21st, 1856.

Gentlemen,—Having used Elliott's Dentifrice for some time, I can confidently recommend it as well calculated to cleanse and preserve the teeth, and to impart health and consistency to the gums.

I am, dear Sir,
Faithfully yours,
W. Agar Adamson, D. C. L.
Messrs S. J. Lyman & Co.,
Montreal.

Du Reverendissime l'Eveque de Cydonna, et Coadjuteur de Montreal.

Montreal, 3 Nov. 1856.

Cette excellente poudre m'est connue par mon experience personelle depuis plusieurs annees. Je la trouve eminemment propre a produire l'effet desire, sans faire craindre pour les dents ou pour les gencives, les inconvenients causes par ces poudres, ou il entre des ingredients corrosifs.

Dans l'occasion je me ferai un plaisir de la recommander.—Avec consideration, Messieurs, votre reconnaissant serviteur,

† Joseph, Eveque de Cydonia.
A S. J. Lyman & Cie..
Place d'Armes, Montreal.

Each box has the signature of the proprietors.
S. J. LYMAN & CO.

For Sale at all the principal Druggists throughout the country.

Quebec, Aug. 18th, 1856.

TARRANT'S PREPARATIONS

TO THE MEDICAL PROFESSION

AND the Public. The attention of the Medical Profession and Public is invited to the following preparation:

TARRANT'S EFFERVESCENT SELTZER APERIENT prepared on an entirely new principle, from a late and accurate analysis of the celebrated

SELTZER SPRING, IN GERMANY,

combining efficacy, economy, and portability, with such additions and improvements as will be found materially to increase its efficacy.

This much esteemed and highly valuable preparation will not fail to effectually remove Dyspepsia or Indigestion, Bilious Affections, Headache, Heartburn, Acidity of the Stomach, Costiveness, Gout, Rheumatism, Loss of Appetite, Gravel, Nervous Debility, Nausea of Vomiting, Affections of the Liver, &c., &c.

TARRANT'S COMPOUND EXTRACT OF CUBEBS AND COPABIA.

Sanctioned by popular opinion and the high authority of the most distinguished of the medical faculty; it offers to the afflicted a remedy, whose success has in every instance supported its deserved reputation. Being convenient and agreeable in its use, experience has proved that it retains in every climate its desirable and truly valuable character. It is in the form of a paste, is tasteless, and does not impair the digestion. It is prepared with the greatest possible care, upon well tested principles. To persons following the sea, or going long voyages, this preparation possesses qualities far surpassing any other—neat and portable in its form, speedy and efficacious in its operation, successful both in the earliest and worst stages of the severest diseases, whilst the usual and nauseous taste and unpleasant odor of copabia is wholly avoided in this preparation.

Prepared and sold, Wholesale and Retail, by JOHN A. TARRANT successor to James Tarrant, 278 Greenwich, corner of Warren street, New York; and for sale by the principal Druggists in the United States, British Provinces, West Indies and South America.

THORN'S COMPOUND EXTRACT OF COPABIA AND SARSAPARILLA possesses a few advantages not enjoyed by any other medicine for the cure of sexual diseases; and which must with an enlightened public, render it assuredly highly popular, and a desideratum long sought for in the medical world. It needs no confinement or change of diet. In its approved form, that of a paste, it is entirely tasteless, and causes no unpleasant sensation to the patient.

It has acquired the utmost fame in almost every part of Europe, it has been examined, approved of, and sanctioned by the faculty of medicine, and recommended by the most eminent of the profession, prepared by J. B. Thorn, Chemist, London, and for sale wholesale and retail, by J. A TARRANT, sole agent for the United States, 278 Greenwich street, New York.

The serious attention of the afflicted is respectfully invited to a trial of

DR. GROVER COE'S STANDARD FAMILY REMEDIES.

Dr. Coe's Liquid Harmattan is guaranteed to be the most efficient external application extant, for the certain cure of Ulcers or Fever, Sores, Abscesses, including Psoas and Lumbar, Felons, Biles, Carbuncles, Fistula, Piles, Wounds, Ulcerated and Syphillitic, Sore-throat, Chancres, Buboes, Ague in the breast, and every variety of external inflammation.

Warranted to arrest Mortification, when arising from Burns, Wounds, and other external conditions, and to prevent it when used in time.

Also warranted to check Felons and prevent suppuration when applied before matter has commenced forming. Used early in cases of punctured wounds from nails, pitchforks, &c., it prevents all symptoms of Tetanus or Locked-jaw and removes them when arising from want of its timely application.

DR. COE'S ANTI-MERCURIAL ALTERATIVE SYRUP.

A pleasant, safe and efficient remedy for the radical cure of Rheumatism, Erysipelas, Leucorrhea, Scrofula, Gonnorrhœa, Syphillis, Mercurial affections, Ulceration of the Kidneys and Bowles, and all diseases arising from a vitiated condition of the blood and fluids.

DR. COE'S FAMILY VEGETABLE PILLS.

The best and safest Cathartic Pills for popular use ever offered to the public.

For the cure of Sick Head-ache, Dyspepsia, Constipation, functional derangements of the Liver, Spleen and other viscera, they stand unrivalled. These are not crude and untried remedies, experimentally placed before the public, but they have stood the test of years. The proprietor is a practising Physician, and they are the same remedies he relies upon to sustain his wide-spread reputation as a competent and successful guardian of the public health. The Harmattan has stood the test of 50 years, the original formula having been obtained from the Indians by an ancestor of the present proprietor, who has improved and brought it to its present degree of perfection.

The Syrup and Pills originated with himself, and during 12 years' extensive practice, thousands have had cause to feel grateful for their efficacy.

For wounds and sores on horses, the world is challenged to produce anything equal to the Harmattan.

For full directions and explanations, see pamphlets accompanying the medicines.

JOHN A. TARRANT, Sole Agent,
278 Greenwich St., cor, Warren,
NEW YORK.
Aug 21st, 1855.

STORAGE AND WHARFAGE.

THE SUBSCRIBER having taken the WHARF and STORES of Messrs. Price & Co. is prepared to give Wharfage and Storage on very reasonable terms.

MATTHEW H. WARREN.
May 10th, 1856.

NOTICE.

THE UNDERSIGNED will not be responsible for any debts contracted in their name without a written order being produced therefore.

HOOKER, JAQUES & CO.,
Forwarders.

English,	Danish,
French (including De Sacy's version,)	Swedish,
German,	Greek,
Italian,	Latin, (vulgat edition)

At prices ranging from 5d. to 30s.

N. B.—Annual Subscribers are entitled to purchase at reduced prices. Subscriptions will be received at either of the Depositories.

17th Nov. 1855.

HIGH SCHOOL OF QUEBEC.

THE usual course of instruction in this Institution comprises English Reading; Grammar and Composition, History, Geography, Writing; Arithmetic, General and Commercial; Mathematics, including Geometry, Algebra, Mensuration, &c.; French, Latin and Greek.

Terms, as heretofore, £12 10s. per annum, payable quarterly in advance; Scholars under 10 years of age £10 per annum.

By a due distribution of labour among the Teachers and other arrangements, a full opportunity is afforded of securing proficiency in the practically useful, as well as the Classical branches.

Quebec, 29th January, 1856.

DOCTOR
JOHN BULL.

THE GREAT
KENTUCKY REMEDY!
DR. JOHN BULL'S
SARSAPARILLA.

This medicine, when used according to directions, will cure, without fail:—

Scrofula,
or King's Evil,
Cancers, Eruptions
of the Skin, Erysipelas,
Tumors, Chronic Sore Eyes,
Ringworm or Tetters, Scald Head,
Rheumatism, Pains in the Bones or
Joints, Old Sores and Ulcers, Swelling of
the Glands, Syphilis, Dyspepsia, Salt Rheum,
Diseases of the Kidneys, Diseases arising from the
use of Mercury, Loss of Appetite, Pain in the Side and
Shoulders, General Debility, Lumbago, Coughs, Colds,
Dropsy, Jaundice, Costiveness, Bronchitis, Weakness of the
Chest, Sore Throat, Pulmonary Affections, and all other
Diseases tending to produce Consumption, Liver Complaints, Female Irregularities and Complaints, Low
Spirits, Sick and Nervous Headache, Night
Sweats, Exposures, or Imprudence in Life,
Chronic Constitutional Diseases, and as a
Spring and Summer Drink, and General
Tonic for the System, and a gentle
and pleasant purgative, it is
superior to Blue Lick
and Congress Water,
Salts, or Seidlitz
Powders.

It is a remarkable fact, that among the hundreds of eminent physicians who have examined the recipe by which Bull's Sarsaparilla is prepared, not one has condemned it, but all approved it, and commend it in the highest terms. Many physicians express themselves strongly in the belief that it is decidedly the best preparation of Sarsaparilla that has ever been placed before the public. Although there are many physicians who feel a reluctance to having their names appended to the recommendation of any particular remedy, notwithstanding they may approve of it in the highest degree, there are others who frankly yield their support in favor of a remedy which they know is capable of doing so much good in an afflicted community. As an evidence, read the following from old and respectable physicians, of high standing in the community in which they live.

TESTIMONY.

☞ Testimony like the following renders superfluous all comments on the efficacy of Bull's Sarsaparilla. From Dr. L. P. Yandell, Professor of Chemistry in the Louisville Medical College: I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in chronic diseases, to which it is applicable.

L. P. YANDELL, M. D.
Louisville, June 6, 1848.

What Dr. Pyles, physician by appointment to the Louisville Marine Hospital, says of Bull's Sarsaparilla:

Louisville, March 20, 1848.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and I believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla now in use.

M. PYLES, M. D.,
Resident Physician Louisville Marine Hospital.

London, Ky., April 25th, 1850.

Sir—Permit me to address to you a few lines, and do me the honor to reply to a request that I will make in the conclusion of this letter, etc.

I am a graduate of Transylvania Medical University; I have practiced medicine in this wilderness country, about five years, but owing to exposure to bitter cold weather, I have been indisposed with Acute Rheumatism about six months. After having exhausted my skill in the treatment of my case, and deriving no benefit, I was induced to give your fluid extract of sarsaparilla a fair trial, and accordingly purchased a bottle of your medicine from your agent, Mr. George P. Brown, about two weeks ago, and I must confess that one bottle has entirely cured me.

It is my opinion, that your preparation of Sarsaparilla is decidedly superior to any other preparation now in use, and I will take great pleasure in recommending it to the afflicted as being a remedial agent, and I will advise the physicians to use it in their practice, etc.

Respectfully yours, B. B. ALLEN, M. D.

Louisville, July 13th, 1849.

I have examined the list of articles that compose John Bull's Extract of Sarsaparilla, and I have no hesitation in saying that it is a safe and valuable compound. I would prefer it to any article now in use, for the diseases arising from an impure state of the blood or taint of the system. I confidently recommend it to my friends as being a powerful Extract, and one that I believe will cure all classes of diseases, for which it is recommended, if used according to directions; I believe it to be a valuable succedaneum to Mercury.—Nay, I have my doubts whether in the most violent and protracted cases of Syphilis, accompanied with Nodes Trophe, in caries of the bones, whether it ought not to succeed every other remedy.

S. R. McCONACHIE, M. D.
Honorary member of the Medical Society, Philadelphia.

☞ Hear, what Dr. Stapp, a physician who stands at the top of his profession, says of John Bull's Sarsaparilla:

I have been using John Bull's Sarsaparilla, in a great variety of chronic diseases, with the most happy effects, and I have no hesitation in recommending it to the public for the cure of scrofula, syphilis, and all cutaneous and glandular diseases. Yours, most fervently,

Lewisport, Ky., April 6, 1849. WM. STAPP, M. D.

Rev. E. W. SEHON,—Rev. E. STEVENSON.

Conclusive.—Rev. E. W. Sehon is widely and generally known as an eloquent and accomplished pastor of the M. E. church, and Rev. E. Stevenson has been known as one of the most talented and zealous members that the Kentucky Conference could boast of for many years, and at this time is filling the high and responsible station of agent for the M. E. Book Concern.

Louisville, May 20th, 1849.

We have used John Bull's Sarsaparilla, and have known it to be used, with entire satisfaction; and we have no hesitation in stating our belief, that it is a safe and valuable medical compound, and calculated to produce much good and relieve much suffering; and therefore would cheerfully and most earnestly recommend it to the afflicted.

(Signed) E. W. SEHON,
E. STEVENSON.

We earnestly invite all persons who are suffering with any of "the ills that flesh is heir to," to call on Dr. John Bull's agent, and get a copy of Bull's Family Journal gratis; and for the sake of humanity, we hope that a single individual will not be found unwilling to give Bull's Sarsaparilla a trial, after reading, and recollecting, at the same time, that it is impossible for the Doctor to publish the tenth part of the number of certificates of astounding cures performed by his Sarsaparilla. The amount of testimony voluntarily showered on Dr. Bull's Sarsaparilla, from well known and distinguished individuals, both in public and private life, has been perfectly overwhelming.

LET US REASON TOGETHER.

HOLLOWAY'S PILLS.

WHY ARE WE SICK?

It has been the lot of the human race to be weighed down by disease and suffering. Holloway's Pills are specially adapted to the relief of the Weak, the Nervous, the Delicate and the Infirm, of all climes, ages, sexes, and constitutions. Professor Holloway personally superintends the manufacture of his medicines, and offers them to a free and enlightened people, as the best remedy the world ever saw for the removal of disease.

THESE PILLS PURIFY THE BLOOD.

These famous Pills are expressly combined to operate on the stomach, the liver, the kidneys, the lungs, the skin, and the bowels, correcting any derangement in their functions, purifying the blood, the very fountain of life, and thus curing disease in all its forms.

DYSPEPSIA & LIVER COMPLAINTS.

Nearly half the human race have taken these Pills. It has been proved in all parts of the world, that nothing has been found equal to them in cases of disorders of the liver, dyspepsia and stomach complaints generally. They soon give a healthy tone to those organs, however much deranged, and when all other means have failed.

GENERAL DEBILITY.—ILL HEALTH.

Many of the most despotic Governments have opened their Custom Houses to the introduction of these Pills, that they may become the medicine of the masses. Learned Colleges admit that this medicine is the best remedy ever known for persons of delicate health, or where the system has been impaired, as its invigorating properties never fail to afford relief.

FEMALE COMPLAINTS.

No Female, young or old, should be without this celebrated medicine. It corrects and regulates the monthly courses at all periods, acting in many cases like a charm. It is also the best and safest medicine that can be given to children of all ages, and for any complaint; consequently no family should be without it.

Holloway's Pills are the best remedy known the world for the following Diseases:—

Ague	Dropsy	Inflammation	Sore Throats
Asthma	Dysentery	Jaundice	Stone and Gravel
Bilious Complaints	Erysipelas	Liver Complaints	Secondary Symptoms
Blotches on the Skin	Female Irregularities	Lumbago	Tic Doloureux
Bowel Complaints	Fever of all kinds	Piles	Tumours
Colics	Fits	Rheumatism	Ulcers
Constipation of the Bowels	Gout	Retention of Urine	Venerealaffection
Consumption	Head-ache	Scrofula, or King's Evil	Worms of all kinds
Debility	Indigestion		Weakness, from whatever cause &c., &c.

Sold at the establishment of Professor Holloway, 244, Strand, (near Temple Bar,) London, and 80, Maiden Lane, New York; also by all respectable Druggists and Dealers in Medicines throughout the civilized world, and all over the Canadas, at the following prices:—1s. 3d.; 3s 3d.; and 5s.

☞ There is a considerable saving by taking the larger sizes.

N.B.—Directions for the guidance of patients in every disorder are affixed to each Box.

Dec. 27th, 1855.

THE SECRET INFIRMITIES OF YOUTH AND MATURITY.

Just Published, price One Shilling Stg.

NERVOUS DEBILITY, its Causes, Symptoms, and Cure: an Essay on Seminal Weakness, with Practical Observations on a safe, speedy, and successful mode of treatment of the Disease of the Generative System, by detecting the real cause and effect of every variety of Complaint, whether arising from solitary habits, excesses, accident, or climate. To which are added, Commentaries on the Physiology of Marriage, with precautionary hints on the evils emanating from Empirical practice, and the dangerous remedies advocated by various writers on these important disorders.

By SAMUEL LA'MERT, M. D.,
37, *Bedford Square, London.*
Matriculated Member of the University of Edinburgh, Honorary Member of the London Hospital Medical Society, Licentiate of Apothecaries Hall, London, &c., &c.

The essential object of this treatise is to point out the fearful consequences resulting from certain habits, irregularities, and excesses, which have produced more misery in Youth, degradation in Manhood, and premature decay at all stages of Life, than, perhaps, any other class of disease known to modern pathologists. Its perusal is particularly recommended to persons entertaining secret doubts of their physical condition, and who are conscious of having hazarded the health, happiness, and privileges to which every human being is entitled.

Section I.—Anatomy and Physiology of the Generative Organs.

Section II.—Puberty—Manhood—The Morale of Generative Physiology, and True and False Morality.

Section III.—The Physiology of Marriage—Aptitude and inaptitude for Wedded Happiness, Physiological Facts on Generative Capacity.

Section IV.—Spermatorrhœa, or Seminal Debility—Its History and Causes. The Miseries of Imprudence. The Vices of Schools.

Section V.—Symptoms of Spermatorrhœa and Impotence, Nocturnal Discharges, &c., Influence of Spermatorrhœa on the Mental Faculties.

Section IV.—Causes and Effects of Seminal Debility, Connection between the Mental and Generative Organs, Seminal Weakness. Impotence, and Sterility.

Section VII.—Detection of Seminal Weakness by Urinary or Microscopic Examination, Indications for Detection and Dangers of Mistakes, Importance of Examination, Medical Errors, Means of Cure.

Section VIII.—Treatment of Seminal Weakness and Impotence, Urinary Indications, Hazardous and Empirical Specifics, the Author's Mode of Treatment, Cases and Illustrations.

It is absolutely necessary that all men should know that there are principles of personal management which cannot be violated without incurring grievous penalties, and when wisdom and regret succeed the heyday of inconsiderate self-indulgence, how these penalties may be mitigated, how the sting of their bitterness may be removed, and how the evil and its consequences may be avoided, and, above all, that there is scarcely any degree of physical infirmity or functional derangement to which the timely aid of science cannot apply a cure.

☞ Patients residing out of England can be successfully treated by correspondence only, in any Languages, and medicines can be forwarded with secrecy, safety, and despatch, to all parts of the world. All letters must be accompanied by the fee of £1, or will not be replied to.

NERVOUS DEBILITY may be had of Mr. HOUSE, Bookseller, Cobourg, Canada West; at the "Prototype" Office, London and in Quebec at the "Gazette" Office.

EAGLE LIFE INSURANCE COMPANY.

CAPITAL

One and One Half Million Sterling.

CANADA AGENCY ESTABLISHED 1825.

WITH all the advantages, and none of the risks or uncertainties of a *Mutual* Insurance Office, the Eagle affords the further security of a large Capital, secured by Act of Parliament, 58 George III.

The rates of premiums are very moderate, and as Eighty per cent of all the profits are every Five Years divided among the whole life assured, it is evident that these rates are the very lowest that any Life Insurance Company can demand, consistent with its own safety, and the consequent security of the Assured.

The available assets of the Company, exclusive of subscribed Capital, exceed £768,000 sterling—with an annual income over £137,000 Sterling—and surplus fund nearly £200,000—out of which above £120,000 was either added to the sums insured by whole life insurers, or an equivalent given in cash, or by a reduction of premium, in June 1852.

From the establishment of the Company in 1807 a sum equivalent to the whole Capital has been *paid to assurers* in satisfaction of claims—and the liberality of the Eagle's settlements is well known.

Policies are insured either *with* or *without* participation in Profits; or Half Credit if required, for One Year, Seven Years, Whole Life, Joint Lives, or payable on attaining the age of 60—all payable quarterly, half yearly or annually

Extract from whole life Yearly Rates of Premium.

LIFE ASSURANCE.

IT is impossible to enumerate all the advantages which are derivable from the assurance of life, in an advertisement. Protection for the widow, the orphan, then aged and infirm, security that mortgaged property shall not be wrested from the family of the mortgagor at his decease—provision for the education of children, and for the commencemet of young men in business are among the most important of the advantages which it secures; and while there are few individuals to whom it would not be beneficial in some way or other, there are very few who could not avail themselves of it, without any serious inconvenience to themselves, if they felt so disposed.

Moderate in expenditure, the facility with which money may be invested at high rates of interest, and the certainty that it may be invested in this country for many years to come, at remunerative rates of interest, have enabled the

CANADA LIFE ASSURANCE COMPANY is to render life assurance, in all its ramifications, a less costly undertaking than it formerly was, while its local management enables the Board to undertake at equitable rates, the assurance of any contingency in which the value of one or more lives enters, however complicated or unusual it may seem.

The ages at which the "Canada" will grant assurances, range from 15 to 60, and they will assure as high as £2000, or as low as £25 on a single life.

Life assurance offers the best and safest investment for small savings, thus two pence a day saved from the age of 25, may be made to yield through the medium of the 'Canada' £180 4s. 2d. at death; from the age of 30, £151 16s.; of from the age of 35, £131 6s.; and so on in proportion to the extent of the savings, and the age of the saver.

Prospectuses, Forms of Proposal, and all particulars relating to the assurance of life, may be obtained at the office of the undersigned.
