HOSTILE FORCES ACTIVE IN EAST.

Japanese Are Making Another General Attack Upon Port Arthur — Are Also Advancing on Mukden With Great Force.

Chong, September 21.—Authoritative information has been received here of a general attack on Port Arthur by the Japanese forces, which began yesterday before daybreak and continued until dark.

All indications point to an effort to capture certain of the northeast main forts.

This is the attack for which the Japanese have been preparing for the past nineteen days with slight hopes of success. The attack is directed against the northeast front. The main object is to capture the fortifications on Kikwan mountain, Rihlung mountain, and the intermediate forts.

The foregoing comes from a Russian of standing, whose previous information has been correct. He adds that the attack at the end of August, which was reported as two separate assaults, really constituted a ten day's battle, the fighting being the heaviest during the first three days, and the last four days of that period.

Although the Japanese retired August 31 along the greater part of their line, they remained in four supplementary forts on the northeast corner, which they had captured from the Russians. These include two forts fifty yards from Rihlung mountain, and two others at a somewhat greater distance.

Since August 31 the Japanese have bombarded very slightly, while the Russians have been throwing approximately one thousand shells daily, chiefly against the four Japanese positions mentioned. Small sorties in the efforts to recapture the positions have been of almost nightly occurrence, and have been uniformly unsuccessful.

The Japanese have been taught wholesome respect for the resisting power of the fortress, according to every Japanese who has recently arrived here from Port Dalry. If they succeed in capturing Rihlung Mountain or other forts they will realize that this will be only one step, although an important one, toward the capture of Port Arthur. The Japanese are endeavoring to proceed slowly but surely.

During the fighting in August the attempt to capture Kikwan Mountain cost the Japanese an entire regiment. This statement has been absolutely confirmed, and indicates the monumental proportions of the task of capturing the fortress, which is composed of many forts equally strong.

BIG BATTLE IMMINENT.

Mukden, September 21.—A battle is

imminent. The Japanese are advancing with eight and possibly nine divisions.

The crops of tall millet have nearly all been harvested, affording a better field over which to fire on the flat plains. The river Hun is the direct front of the Russian army.

AN UNLIKELY REPORT.

St. Petersburg, Sept. 21.—A sensational announcement that General Kuroki has crossed the Hun river unopposed and that the whole Japanese army is advancing upon Mukden does not receive complete credence here, as being in direct contradiction of official news issued by the General Staff.

General Kuropatkin announced only two days ago that there was not a single Japanese east of Bentsiputze.

MESSAGE FROM KUROPATKIN.

St. Petersburg, Sept. 21.—The following despatch has been received from General Kuropatkin: "The reconnaissance made September 17 establishes the fact that the Japanese position at Baniputze is strongly held by a brigade with guns. There was no enemy east of Baniputze, but Japanese reinforcements arrived September 18 in the vicinity of that village. Large Japanese forces from Liao Yang have already crossed to the right bank of the Taitse river.

"A Cossack patrol attacked a Japanese convoy west of Bentsiputze and captured thirty horses with their loads."

TAKEN BY THE JAPS.

Tokyo, September 21.—Field Marshal Oyama, commanding the Japanese forces in Manchuria, telegraphed yesterday as follows: "An investigation of the trophies captured by us, made since our last report, shows the number of Russian buildings occupied by us in the neighborhood of Liao Yang station to be 353 houses and 214 warehouses, covering an area of 58,000 square yards. We also seized 79,360 bushels of barley, rice, wheat and millet, 1,300 cases of kerosene, 1,800 cases of sugar, 166 tons of coal and much cordwood. The amount of coal captured by General Kuroki will be reported later."

EXPULSION FROM THE FRONT.

London, September 21.—A despatch from St. Petersburg to the Exchange Telegraph Company states that Nemirovich Danchenko, the most noted of the Russian war correspondents, has been expelled from the front. All the Russian war correspondents are returning home.

EIGHT PERSONS WERE INJURED, BUT, FORTUNATELY, NONE WERE KILLED.

Eight persons were injured, none seriously.

ANNIVERSARY CONCERT AT RICHMOND.

INTERESTING PROGRAMME AT METHODIST CHURCH MONDAY EVENING—DR. ELLIOTT THE SPEAKER.

Richmond, Sept. 21.—(Special.)—On Monday evening the anniversary concert in connection with the Methodist church was held in the church, when a goodly number assembled in honor of the occasion. The pastor, Rev. A. E. Pates, occupied the chair.

The proceedings were interspersed with excellent musical selections. The soloists were Misses M. Ewing, A. Busby and M. McCourt and Messrs. G. Alexander and W. Ewing. Miss Marion Lockhart gave a very telling recitation. The Revs. Dr. Kellock and R. G. Watt presented the greetings of their respective churches, then the Rev. Dr. Elliott gave an address, taking for his subject, "The elements of success," which was both humorous and instructive, after which a very successful anniversary time was brought to a close by Dr. Elliott pronouncing the benediction.

On Sunday Dr. Elliott preached the anniversary sermon to a large congregation.

RUNAWAY ACCIDENT.

KNOWLTON MAN THROWN FROM A WAGON AND HORSE GOES ON.

Brome Centre, Sept. 21.—(Special.)—A runaway on Monday afternoon caused considerable excitement here. While driving to Knowlton after his day at the Macdonald school garden at Iron Hill, Mr. Fuller, the nature study teacher at Knowlton, lost control of his horse and it bolted, throwing him out of his carriage. He was stunned for a few moments, but the only injury of any importance which he sustained was a cut on his head. As soon as he realized what had happened, he started on foot to follow his rig. Several persons along the road endeavored to stop the runaway, but without success, until it was seen by Messrs. Clinton and Arthur Devlin.

After vainly trying to stop it, one of them overtook a horse and followed, soon overtaking the runaway, which had lessened its speed, being somewhat exhausted after its long run. They turned the rig about and drove back to meet Mr. Fuller. Fortunately no serious damage was done, and Mr. Fuller's wound, which is slight, will not cause him much inconvenience.

THE DEATH OF CAPT. JAS. MILLER.

PASSED AWAY AT NESS HILL MONDAY—FORMERLY OF THE ALLAN LINE.

Echo Vale, Sept. 21.—(Special.)—Captain James Miller, Ness Hill, late of the Allan Line, died here Monday afternoon from neuralgia of the heart, from which he has suffered recently. Funeral on Thursday, at 10 a.m. to the Echo Vale cemetery.

Capt. Miller, who was about seventy-three years old, leaves a widow and a large family, all grown up.

BURNED BY CARBOLIC ACID.

LITTLE FELLOW AT FARNAM'S CORNER TIPPED OVER BOTTLER.

Farnam's Corner, Sept. 21.—(Special.)—The little son of Mr. Aylmer Holly met with quite a serious accident Sunday morning.

While climbing in the cupboard the little fellow tipped over a bottle of carbolic acid from a shelf above, spilling its contents on his face, hands and legs, which were badly burned.

THE FAIR AT ST. CAMILLE

WOLFE COUNTY AGRICULTURAL SOCIETY, NO. 2, HAS SUCCESSFUL SHOW.

St. Camille, Sept. 21.—(Special.)—The annual fair of the Wolfe County Agricultural Society, No. 2, was held at St. Camille, last week.

It was a splendid success, the attendance being upwards of 5,000. The exhibits in all departments were excellent.

CITY COUNCIL NAMES ARBITRATOR.

Asks P. I. & H. Co. to Do Same Under Old Contract

NEW MOVE IN LIGHT CONTROVERSY—OTHER MATTERS BEFORE MEETING OF CITY COUNCIL.

Pro-Mayor McManamy presided, and there were present Councillors Denault, Olivier, Fuller, Jenckes and Caron.

The most interesting and significant matter in connection with the meeting was a resolution showing it to be the intention of the Council to take advantage of the "discovered" arbitration clause in the old contract with the Gas and Water Co.

Councillor Denault presented this resolution as follows:

"That, considering that on the 4th day of October, 1887, a contract passed before J. T. L. Archambault, N.P., and was entered into between the city of Sherbrooke and the Gas and Water Company of this city.

"Considering that by the terms of the said contract the city of Sherbrooke has the option on the 1st day of July next of buying out the works of the company at a value to be fixed by arbitration.

"That the Secretary-Treasurer be and is hereby instructed to notify the Gas and Water Co. of this city and their successors the Sherbrooke Power, Light and Heat Company;

"That it is the intention of this city to avail itself of the said option of buying out the company's works at such a valuation as may be put on their property by the arbitrators as provided for in the said contract of date the 4th of October, 1887;

"That the city names Robert A. Ross, electrical engineer, as its arbitrator, and is prepared to proceed with the arbitration at any time;

"The said company is hereby requested and required to name its arbitrator as agreed."

Councillor Olivier seconded.

Councillor Jenckes inquired that if the Council had this right of arbitration, why did they spend so much money for experts, purchase of water power and time in fighting in the City Council. It seemed to him that it was rather peculiar that this should come up now. They had spent some \$16,000 or \$17,000 on the question of municipal ownership, all of which was now worthless to the city.

Councillor Olivier pleaded ignorance. He knew nothing of the contract until he saw it in the papers. If they had known they perhaps would not have spent so much money.

Councillor Jenckes thought that if the promoters of the scheme had looked into the matter a little more closely there would not have been such an expenditure of money. It seemed to him that they should have gone into the matter in a business-like way, and looked more closely into the records.

Councillor Denault was of the opinion that the company was to blame, also, for if they had known of the existence of the clause they should have informed the Council. The money spent was not lost, because the information they had secured would be of great assistance to the arbitrators.

Pro-Mayor McManamy said that neither party knew the situation. He for one did not know of it. In 1896 he knew that they had a right to arbitrate for the gas and water, but when the present agitation arose he did not think it covered the electric light. He was willing to assume his share of the blame, but he did not think the money which has been expended in buying the Westbury Basin power will be lost, because the property would bring as much as they had paid for it. Another thing they had to consider and that was that in a very short time the company of the city would have to go and look for other powers to meet the demand which was steadily growing, and which the present power would be unable to meet in a very short time. He believed that arbitration would be satisfactory to all parties.

There was some talk of leaving the matter over until another meeting and the vote having been taken on this point, it stood:

For—Councillors Denault, Caron, Olivier, McManamy; against—Councillors Jenckes and Fuller.

LETTER FROM THE P. I. & H. CO.

The Secretary-Treasurer read the following letter from the Sherbrooke Power, Light and Heat Co.:

"At a special meeting of the directors of the company I am instructed to say that they are prepared to consider with you the question of a new contract to replace the present one, which expires 1st October next.

"The directors are anxious to meet the views of the citizens as far as possible and an early answer is respectfully requested.—R. N. Robins, secretary-treasurer."

It was moved by Councillor Olivier, seconded by Councillor Jenckes, that the letter be referred to the Special Light Committee.

THE MODERN BEDSTEAD CO. BY-LAW.

Councillor Denault presented the

ROSEBERY SPEAKS ON ISSUES.

Chamberlain Agitation Baseless Fabric of a Drama.

DENIES THAT THERE WAS ANY SERIOUS OFFER FROM THE COLONIES.

London, Sept. 21.—Lord Rosebery, speaking at Lincoln, said Mr. Chamberlain began ringing the Imperial chime and telling the country it would be criminal to neglect the offer of the colonies and in the second place that the preferential tax included a tax on food. All evidence was entirely against this hypothesis. If the colonies had come to the Motherland and asked them in the interests of Imperial unity to consider whether it was not possible to find some method for the mutual exchange of products that would have been worthy of consideration. There was no offer from the colonies and leading authorities in Canada and Australia had given no evidence that they intended such. The leader of the Opposition in Canada had declared in favor of the Chamberlain policy, which implied that the Laurier Government was not in favor of the scheme. The Chamberlain agitation had been proved the baseless fabric of a drama.

POLITICS.

MR. FISHER LEAVES IMPRESSION OF EARLY ELECTION DATE—QUESTION OF CANDIDATES.

Hon. S. A. Fisher, who was in town yesterday, in conference with Sherbrooke and district Liberals, left this morning, for Ottawa.

It cannot be learned that he made any definite announcement regarding the date of the elections, but he certainly strengthened the impression that the dissolution of the House is impending, and that the election will be brought on early in November. The work of printing the voters' lists is being rushed at Ottawa and the impression seems to be that if the date of the elections is delayed at all it will be on account of the lists.

QUESTION OF CANDIDATES.

The matter now chiefly occupying the attention of politicians of both parties in Sherbrooke and some of the neighboring counties, is the question of candidates.

The supply in some cases exceeds the demand.

There is a report in circulation in town that in the Sherbrooke field an independent candidate may figure in the person of an ex-candidate for provincial honors.

Hon. M. F. Hackett, Conservative organizer, is in town to-day, but his business is apparently chiefly of a professional nature.

Incidentally, however, he finds time to encourage the local Conservatives with a glowing account of the party's prospects.

Mr. Fisher, yesterday, aroused enthusiasm with a similar picture but in rousing instead of blue.

All this is but the simmering of the political pot, the rumbling before the storm.

RICHMOND CONVENTION.

Richmond, Que., Sept. 21.—A Liberal meeting was held here Monday night, to arrange for a nomination day to select a Liberal candidate for the Federal House, and October 4th, was the day decided upon, and it is expected that Hon. Sidney Fisher and Hon. Rodolphe Lemieux will address the electors. The election of officers for the Liberal Association of Richmond and Wolfe will also take place on that date. It is a foregone conclusion that Mr. E. W. Tobin, the present member, will be the candidate, and that the county of Richmond and Wolfe will return him with a sweeping majority.

BARN BURNED AT HATLEY.

BOYS AND MATCHES SAID TO HAVE SOMETHING TO DO WITH IT.

North Hatley, Sept. 21.—(Special.)—The barn belonging to Mrs. Lundeborg, containing about eight tons of hay, was burned Thursday.

The fire is said to have been caused by boys playing with matches.

SHOOTING ACCIDENT NEAR WINDSOR.

MAN GETS CHARGE OF SHOT IN HIS ARM FROM COMPANION'S GUN.

Windsor Mills, Sept. 21.—(Special.)—A shooting accident occurred in the woods near here on Monday.

Chas. Tremblay, Jr., and A. Couture were out hunting.

Couture was walking in front when he tripped and fell. The gun he was carrying went off. Part of his coat was shot off and about twenty No. 2 shots lodged in Tremblay's left arm. Some of the shots passed right through the arm.

RUSSIANS LODGE A PROTEST.

Against the British Thibetan Treaty.

CLAIMS THAT GREAT BRITAIN HAS BROKEN FAITH IN THE MATTER.

St. Petersburg, Sept. 21.—Russia officially maintains that Great Britain has broken faith in the matter of the Thibetan treaty, and Ambassador Benckendorff has been instructed to lodge a general protest at the British Foreign Office. According to the Russian view, as explained to the Associated Press, Great Britain's pledges to Russia regarding the scope of the expedition contemplated only the regulation of trade between India and Thibet, and she disclaimed any purpose to meddle with the internal or political affairs of the country. Instead, Russia claims that a treaty was forced upon the Thibetans which goes much further, creating a virtual protectorate over the country.

DUNHAM FAIR PRIZE LIST.

Judges Found Competition Keen in Many Classes.

RAIN INTERFERED WITH ATTENDANCE YESTERDAY—GOOD CROWD VIEW EXHIBITS TO-DAY.

Dunham, Sept. 21.—(Special.)—The annual Fruit Growers' Fair closed here to-day. Rain yesterday interfered with the first day's attendance.

All agree that the exhibits in all departments were never as good before. A large crowd visited the hall to-day. On all sides there was only praise for those who worked so hard to bring the fair off successfully. The judges had a difficult task to get through with their work, owing to the number of exhibits to carefully examine, especially of the Fruit Department. Dr. Wood, of St. John, and those with him deserve credit for the manner in which they performed their work judging the apples, there being such a quantity to get through with.

Mr. C. O. Robb carried away a large share of first prizes in the vegetable department. Messrs. N. Carter, R. J. Ladd, A. J. Longway, J. Lee & Son and others were well up in the list looking after prizes in different departments. Dunham is keeping pace with other fairs of its kind in the Townships.

WITH THE LABRADOR MISSIONARIES.
Rev. J. G. Ward Writes of His Journey to His Field of Labor.

REV. A. J. VIBERT, ALSO LOCATED IN THE LABRADOR MISSION.

The following extracts from a letter written by the Rev. J. G. Ward, who is in charge of the Canadian Labrador Mission, and is assisted by the Rev. A. J. Vibert, recently ordained in St. Peter's Church, will have a special interest for the residents of the Townships, where both the young clergy-men are well known, and have many friends. He says:

"I reached my mission safely on July 29th inst., returning via Sydney and Newfoundland. I was delayed three days at Bay of Islands (Newfoundland), awaiting the S.S. Home to carry me to Blanc Sablon. On Sunday, I assisted the Rev. Henry Pettey, at early communion and Matins, and held Evensong, while Mr. Pettey went to an outpost. On leaving there we steamed along the west coast of Newfoundland, to Port Saunders, from which place we crossed the Straits of Belle Isle, to the Canadian Labrador, but in the dense fog, which continued nearly the whole trip, we were unable to make the land, and this compelled me to go to Battle Harbor, and disembark on the return trip. It was a great change to me, just leaving Quebec, where the weather was very warm and coming into a region of ice and snow. Many of the hills were still snow-capped, and once counted from the ship twelve icebergs.

"At length, I reached the field of my labors and am working the mission westward from Blanc Sablon, while the Rev. A. J. Vibert is making eastward from Seven Islands. I have been here (at Bonne Esperance), a few days, visiting our good people in the five settlements in this vicinity, and on Sunday have arranged to have morning prayer, and Holy Communion at Stick Point; Evening Prayer, at 2:30, at Bonne Esperance, and Evening Prayer at Old Fort.

"At these places we have fairly large congregations at this season of the year. I trust the day may be fine, and prove a blessing to us all."
