

GERMANS REPULSED IN HEAVY ATTACK ON FRENCH POSITION

German Crown Prince Has Big Force—Austro-German Forces Still Held Back by Russians—Significant Reports From Constantinople Indicate Fear of Dardanelles Fall.

HEAVY FIGHTING IN ARGONNE

GERMAN CROWN PRINCE CHECKED IN FIERCE ATTACK.

London, July 14.—The army of the German Crown Prince has resumed the offensive in the Argonne. This is officially announced in Paris. It is recorded that a fierce attack was made after a violent bombardment, and a "barrier fire" with asphyxiating shells; but it also is stated the legions of the Kaiser's heir have been checked. That an enormous army was brought up to take part in the onslaught is indicated by the fact that five different regiments of the Sixteenth Corps already have been identified.

Minor successes also are reported from other points on the French battlefield.

IN THE EAST.

In the east the operations are entering a new phase, the Russians having been successful in their counter-offensive against the Austrians in the region of Krasnik. They have taken new positions in the hills to the north of that town, and apparently are waiting for the Austro-Germans to make a move. It is not expected that this will be long delayed, for General von Mackensen has had time to receive reinforcements and supplies of guns and ammunition for his next great effort to secure control of the Lublin-Cholm railway.

AUSTRIANS MAY HAVE TO RETREAT

ALONG WHOLE LINE IF RUSSIANS CANNOT BE HELD.

Geneva, Switzerland, July 13, via Paris.—A despatch to the Tribune from Innsbruck says: "Archduke Joseph Ferdinand is expected to-day at Cracow to preside over a war council. If within the next few days the Austrians cannot stop the victorious Russian advance, the whole front must retreat."

"Since the loss of the positions south of Lublin the re-creating of the armies has become impossible. Large Austrian reinforcements have been hurried to the Province of Lublin, but the Russians, though fighting against superior forces, continue advancing."

"The Austrians have been returning to Galicia since the 10th of July, and are now at Wzawzy. The Russians defeated the Austrians at Zamosz, and surrounded and captured two Hungarian battalions."

"It is reported from Lemberg that an important council of war was held there July 10, and that as a result of it a number of superior officers were disgraced."

AGAIN HALT FRONTIER TRAFFIC

GERMANS SAID TO FEAR ESPIONAGE FROM SWITZERLAND.

Geneva, via Paris, July 14.—Without prior notice, the Germans have stretched a chain across the frontier bridge at Zurich, a Swiss town on the Rhine, sixteen miles northeast of Aarau. Since Sunday the German frontier guards have exercised an exceptionally severe control, and it is almost impossible to cross the frontier. It is supposed that these measures have been taken following recent attempts at espionage.

GERMANY RECALLS COMMANDER IN TURKEY.

London, July 14.—(Special)—The correspondent of the Daily News telegraphs from Athens: "General Liman von Sanders, German commander in Gallipoli, has been recalled to Berlin."

Join The Eastern Townships Regiment!

50 Recruits wanted for 5th Mounted Rifles now at Valcartier.

Any wishing to join should apply to one of the following medical men: Sherbrooke—Dr. Gordon Hume. Danville—Dr. Stevenson. Stanstead—Dr. Stockwell. Sutton—Dr. R. C. MacDonald. Cowansville—Dr. Pickett.

RUSSIA IS MOVING CAUTIOUSLY

NOT TO BE DRAWN TOO FAR SOUTHWARD AFTER AUSTRIANS.

Petrograd, July 14.—The Russians in their series of successes against Archduke Joseph Ferdinand's army immediately east of the Vistula have not allowed themselves to be tempted too far southward. Having pushed the retreating Austrians almost to Wyznina River, the Russian forces now occupy their old positions north of Urzowdowka. It would have been foolish to allow the retreating Austrians to draw any considerable bodies of Russians much farther south so long as General von Mackensen's picked positions remained unbroken to the east.

Apparently the present stage of the Galician adventure is one of quiescence pending rearrangement of the Germanic line.

DARDANELLES NEAR FALL?

GERMANS IN CONSTANTINOPLE MAKE SIGNIFICANT MOVE.

London, July 14.—A Turin despatch says:

"News has been received here that the German military attaché has just quit Constantinople with over two tons of bags. The German Embassy archives have also been removed from the Turkish capital. German patrons are also withdrawing their deposits from the city banks."

"Il Secolo" has this news from its special envoy in the capital and he sends the news that the general impression exists that the collapse of the German-Turkish defence of the Dardanelles is not so far off as most people imagine."

DARING DASH FOR TRIESTE

ITALIAN CAVALRY PATROL GOT WITHIN THREE MILES.

Geneva, Switzerland, July 13, via Paris.—A despatch from Laibach says a strong Italian cavalry patrol reconnoitering recently made a daring dash towards Trieste and arrived within three miles of the town, and then retired.

An Austrian attempt to invade Italian territory at Kreuseberg was repulsed with heavy losses. The Austrians succeeded at Kellerwald in forcing back the Italians. The Italians were reinforced, however, and regained the position.

At Gargav the Austrians tried to drive back the Italians into the Isosno, but failed.

There are daily engagements east of Monfalcone, where the Italians have taken a large number of prisoners."

PREPARE FOR SIEGE

GERMANS BUSY IN CONSTANTINOPLE ON ENORMOUS SCALE.

London, July 14.—According to a Mytilene despatch to the Times, advice from Constantinople are to the effect that the Germans are strengthening and adding to the fortifications at Constantinople on a stupendous scale. They are employing thousands of soldiers as laborers, and trenches are being dug on the sea front at half mile intervals all the way from San Stefano, on the western outskirts of Constantinople, with the usual accompaniments of mined approaches, entanglements and concealed batteries and mounted guns of all sizes.

There are ample supplies of guns, the despatch adds, but through what channels they are obtained is not known.

KAISER MAKES A PREDICTION

TELLS AGITATED BANKERS IT WILL COME IN OCTOBER.

London, July 14.—The German Emperor, according to the Times, in a speech to a deputation of bankers who had insisted on an interview in order to point out to the Emperor the financial difficulties of the situation and the grave risk attending the pursuance of the campaign through another winter, stated that the war would end in October.

The bankers are alleged to have declared that even if the war was brought to an end immediately and an indemnity obtained, Germany's position would be difficult, but that if the war was prolonged the German Empire would become utterly bankrupt. It was in reply to these representations, according to the Times, that the Emperor is understood to have declared that the war would end in October.

PREMIER IN ENGLAND

Says All Dominions Are Prepared to Fight to End

PREMIER HAD AUDIENCE WITH KING BEFORE GOING TO LUNCHEON

London, July 14.—"An admirable and most moving speech" was the phrase used by the Right Honorable Arthur Balfour, respecting Sir Robert Borden's utterance as a guest of honor at the luncheon given him yesterday at the House of Commons by the Empire Parliamentary Association. Mr. Balfour being in the chair, Sir Robert had gone direct to the House of Commons from Buckingham Palace, where he was received in a lengthy audience by His Majesty the King.

The function at the Commons, though brief in character, was a historic one, bringing together the imperial and overseas legislators for the first time since the outbreak of the war. The duty of proposing the toast to "Canada and the War" fell to Mr. Bonar Law, who in a quiet but effective speech showed how Canada had dissipated all doubts as to her ability or her readiness to help the Empire in its hour of need with the result that, in the words of a record officer after the Battle of Ypres, "it meant more to be a Canadian to-day than it did a week ago."

KNEW CANADA'S COURSE

Sir Robert, in opening his address, alluded to what had been said of Canada's part in the war and said there had never been any doubt in his mind what that part would be.

"I took the responsibility, four days before the actual declaration of war, of sending the Imperial Government a message, stating that if war should unhappily intervene they might be assured Canada would regard the quarrel as her own, and do her part in maintaining the integrity of the Empire," he said. "We are not a military nation in Canada. We are a peace-loving and peace-assuring people, with great tasks of development within our own borders lying before us."

"Although for a struggle such as this we were naturally unprepared, the Minister of Militia succeeded in placing upon the plains of Valcartier in a space of six weeks 25,000 men. We have sent overseas up to the present nearly 70,000 men, including the troops doing garrison duty in the West Indies. We have today in Canada 70,000 under training."

"The response from every province has been to arm that our duty has been to secure arms and equipment. So far as the men are concerned, they are there in abundance. So far as preparation was concerned, we have been very much in the same difficulty as yourselves, namely, unprepared for war upon so tremendous a scale. In this conflict we are engaged with a great nation whose military preparation has extended over nearly half a century, and whose aim, so far as we can comprehend it, has been world-wide supremacy by force of arms."

"Naturally, in the opening months we couldn't accomplish all that was necessary, but I take comfort in this, that for the purpose of the war, as for any other purpose, the resources of this Empire are not only abundant but almost unlimited, and there is yet time for that preparation which, perhaps, ought to have been made earlier. The day of peril came before our day of preparation had been fully reached and looking back on what we had to face, I venture to think the condition of affairs to-day is one upon which we may rather congratulate ourselves."

"I have no fear of the future, although the struggle may be long, and may entail sacrifices which we did not anticipate at first. I think it may bring to you, on behalf of the people of Canada, this message: that in whatever is necessary to bring the war to an honorable and triumphant conclusion, Canada is prepared to take her part. I am sure this is true also of every dominion of the Empire."

GERMANY'S NEW DEVILTRY

HIGH VOLTAGE ELECTRIC WIRE ALONG THE FRONTIER.

The Hague, via London, July 14.—Reports received from the Belgian-Dutch frontier are to the effect that many persons are being killed by a high voltage electric wire fence which has been constructed by the Germans along the entire border. Every morning, it is asserted, there are found from half a dozen to a dozen charred bodies of Belgian peasants, including women and children, who during the night have attempted to cross the fence and were electrocuted.

SWEDISH SEAMEN KILLED IN MINE EXPLOSION.

London, July 14.—(Special)—The captain and four members of the crew of the Swedish schooner Daisy were killed when the vessel was sunk by a mine off Floetjina Lighthouse, according to a Reuter despatch from Stockholm.

Field Kitchen Fund Grows Steadily—Now Over \$700.00

How The Field Kitchen Contributes to Health.

The Field Kitchen Fund is growing steadily and there is every reason to believe that it will reach the required amount.

The Record has been in communication with the authorities at Valcartier as well as with manufacturing firms with a view of determining just what is required to place the Eastern Townships regiment in the most favorable position in the way of Field Kitchen equipment. It appears that one of the regiments at Valcartier has already been presented with three kitchens of the smaller pattern, while one of the regiments is getting along with one larger kitchen but, it is understood, is to receive another.

One of the smaller kitchens, which cost about \$900, would not be sufficient for a regiment of six hundred men. A double equipment, that is kitchen with fireless cooker equipment, at about \$1400, would do very well, though two of the \$900 kitchens would meet the requirements of the regiment much more adequately. So the matter is in the hands of the friends of the regiment. The lads will be extremely grateful which ever way it goes. The Record is under the impression that the people of the Eastern Townships will stop only at an amount which will be absolutely adequate to place the regiment on a most comfortable footing in the matter of Field Kitchen equipment.

HOW FIELD KITCHEN OPERATES AT THE FRONT.

A number of the regiments of earlier contingents from Canada were provided by Field Kitchens by their friends. A presentation of a kitchen to the 42nd Battalion of Montreal, was made last May. The Montreal Star in referring to the matter on that occasion said:

"The compactness of the outfit can be better understood when it is stated that one of these kitchens will provide hot food for several hundred men in the trenches, and the heat is retained for a considerable time by the introduction of the fireless cooker principle in the big receptacles. This line of outfit which, although a highly desirable part of an army equipment, is not provided by the military authorities, being left to private donation. Naturally, the physical welfare of the regiments is lucky enough to receive these kitchens is likely to be better conserved by the advantages which heated foods confer over the cold rations. These kitchens working in the rear do away with the necessity of making smoke in the trenches, which might undesirably disclose a position to the enemy."

CONGRESS OPENS "SILVER" WHITE IN MONTREAL

Great Religious Gathering on Fletchers Field This Morning

TWENTY-FIVE THOUSAND PERSONS KNELT IN PRAYER.—THE CARDINAL PRESENT.

Montreal, July 14.—(Special)—Twenty-five thousand people knelt in silent reverence on Fletcher's Field this morning when His Eminence Cardinal Beugin celebrated a solemn high mass in connection with the congress of priest adorners of the Dominion now being held in the city.

The solemn spectacle drew people from every part of the city, and at 9 o'clock the crowd was dense around the imposing altar erected for this special open-air mass on the slope of the mountain just northwest of the Cartier Memorial. The color effect was wonderful. Blending with the purple-clothed bishops and the distinguishing habit of the cardinal, were the white-robed Dominicans, the brown-robed Franciscans, and the members of the various other orders that attended in large numbers. Five hundred Zouaves, dressed in their distinctive uniforms, gave a military touch to the celebration, while the large force of white-helmeted policemen lined the approaches to the altar.

HEAVY SENTENCES METED OUT TO SUPPLY PURCHASERS.

Clermont Ferrand, France, July 14.—A court-martial has condemned three members of a commission which was charged with purchasing supplies for the army. They were accused of falsification of accounts. M. Meuville, president of the commission, was sentenced to eight years in the penitentiary; M. Esteve, the registrar, to nine years, and M. Sanceime, the disbursing officer, to five years.

REPLY TO GERMANY

United States Will Make Haste Slowly in Matter

NO NEW DEVELOPMENTS EXPECTED TILL WILSON RETURNS TO WASHINGTON.

Washington, July 14.—(Special)—Pending the return of President Wilson from Cornish, N.H., it was believed here to-day there would be no further developments in the German situation over submarine warfare.

Just when the President would return to take up with his Cabinet the latest German note was not definitely known, but the President will be here in a few days, it is expected.

U. S. NAVAL PLANS.

Gossip continued here to-day as to the make-up of the proposed civilian advisory board of inventors and technical experts, as proposed by Secretary of the Navy Daniels, to assist in working out naval problems. The only selection thus far announced is Thomas A. Edison, who will head the board. The names of a score or more of possible new members of the advisory council many of them recognized experts in special lines of inventive and research work, are under consideration.

THAW VERDICT LIKELY TO-NIGHT

Case Will go to Jury To-Day Report Says

DR. FLINT MAKES ASTOUNDING CHARGE THAT THAW HAS ATTEMPTED TO HYPNOTIZE HIM DURING THE TRIAL.

New York, July 14.—Harry K. Thaw will know by to-night whether he is to be returned to Matteawan as an incurable lunatic or given his liberty as the outcome of his nine years' fight to prove that he is sane and not a menace to the community.

The State closed its case yesterday afternoon after calling two more alienists, and Thaw's lawyers announced that the evidence to be submitted in rebuttal would take up only a few minutes this morning.

Then the attorneys will sum up, and the case will be in the hands of the jury. Thaw and his lawyers expect the jury to bring in a verdict of "sane" without long delay. Justice Hendrick has the power to disregard any verdict by the jury if he sees fit, and therefore Thaw's fate will be in doubt until he has made known his decision after hearing what the jury has to say. Should Justice Hendrick decide that Thaw is sane, the State will at once make an appeal. Then application will be made on behalf of Thaw for bail pending the decision of the higher court.

NEW YORK STATE ALIENIST SAID THAW TRIED TO HYPNOTIZE HIM.

New York, July 14.—Harry K. Thaw is now a hypnotist. That is the latest contention of the State in its effort to combat Thaw's sanity test in the Supreme Court and have him returned to Matteawan.

"Thaw has tried to hypnotize me time and again in this trial," Dr. Austin Flint, the State's chief alienist, said on the witness stand yesterday. "He has stared at me 15 minutes at a stretch in an effort to hypnotize me."

There was a roar of laughter in the court room at this assertion and Justice Hendrick threatened to clear the room.

"You do not seriously mean to say," said the court, "that you believe Mr. Thaw tried to hypnotize you?"

"I most certainly do," insisted the alienist.

SADDLY MUDDLED.

The long and oftentimes conflicting testimony of Dr. Flint yesterday left the jurors sadly muddled as to the value and efficiency of expert testimony. Flint finished his arduous grilling yesterday afternoon.

"Thaw has shown no insanity of any form here in this court," he told John B. Stanchfield.

"Thaw is a hopelessly incurable paranoiac," Flint told Deputy Attorney-General Cook.

WELSH MINERS CONTINUE WORK

July 14.—(Special).—The South Wales Miners' Executive Committee to-day met to consider the situation created by the Government's proclamation forbidding a strike pending negotiations regarding the miners' demands under the munitions measure. The mine owners are co-operating with the Government in the hope of a settlement, and it is probable that the miners will continue to work on day-to-day contracts until a middle ground is reached.

MURDER CASE BEFORE COURT

Tomasso Geminero, One of Three Men Charged in Capelton Affair, Gets Preliminary Hearing

WITNESSES TELL WHAT THEY SAW AND HEARD ON FATEFUL NIGHT. CASE PROCEEDING.

The preliminary hearing in the case of Tomasso Geminero, one of the three men charged with the murder of Gattano Calero at Capelton on June 26, was continued before Judge Mulvena yesterday afternoon.

The Court decided that the Crown had the right, if it saw fit, to proceed against the accused separately. The assumption of the defence that the Crown was proceeding in this manner so as to call the defendants to give evidence against each other would be dealt with if and when that time came and an objection was raised. The Court did not intend to cross a stream until it came to it, and it would be premature to assume the intention of the Crown was as suggested.

THE EVIDENCE.

William Bennato, farmer, of Ascot, knew deceased by sight. He deposed that he was driving along the road from Capelton to Albert Mines on the night in question, with his sister, and saw something lying on the road which he at first thought was a coat. His sister afterwards said it was a man, so they turned back. He then went to Arthur Roy's house, and Roy went with him to where the body was. Deceased was lying on his breast with his face a little sideways. His hat was on the ground nearby. When witness and his sister passed the first time, deceased was making no sound, but the second time he was breathing hard. They went to Bennato's house for help, and three men went with them. When they reached the body two other men were there. Deceased was taken to the Bennato house and put on the sofa. He was covered with blood and his coat was cut across the back. Deceased was breathing after being laid on the sofa, but could not speak. Roy recognized Calero and witness did afterwards.

CORROBORATED PREVIOUS WITNESS.

Arthur Roy told how Bennato went to his house and took witness to the spot where the body was lying. It was put in Bennato's wagon.

SAW MEN AT HEARD NOISES.

Marianne Bourque testified that she was on the verandah at the presbytery with Regina Dionne. Two men passed talking loudly, about 9.15, going down the hill towards Capelton. After that another man passed with a pail. She afterwards heard a noise as though someone was striking something, and she was afraid. She heard the noise three times and then entered the presbytery with the other girl. That was about 9.35. The noise was coming from down the hill in the direction of the small bridge.

WHAT THE OTHER GIRL NOTICED.

Regina Dionne, East Sherbrooke, corroborated. When the two men passed the presbytery the one on the near side had a dark complexion and wore a soft hat and a black suit.

HEARD CRACK AND PERSONS RUNNING.

Edwin Thomas Johnson, Albert Mines, did not know Calero. Witness lived on the back road running from the main road leading to the Albert Mines from Capelton. The priest's house was directly opposite his, which was about 300 feet from the small bridge. Witness was at home that evening with his wife and children. He heard nothing extraordinary except a very sharp crack at 8.50, coming from the direction of the little bridge. About five minutes later he heard two persons running down the road in the direction of Capelton. There were bushes between the road and his house. It sounded as though these persons started from by the bridge. Witness lost the sound as they passed the bushes, but heard it again when they reached the next (Continued on page 5)

CLEVELAND TOWNSHIP COUNCIL DEALS WITH VARIETY OF BUSINESS.

Richmond, July 14.—(Special)—A final meeting of citizens of Richmond who were chiefly responsible for the Dominion Day celebration, was held at the town offices on the evening of Friday last. W. J. Ewing, president of the Richmond Band, presided and among those present were P. C. DuBoys, N. P., Rev. Wm. MacMillan and Rev. Jas. F. B. Belford, Frank Smith, Robt. Ratray, M. J. Palmer, Chas. Pearson, L. Perkins, Geo. J. Alexander, F. W. Dyson, J. L. Barrie and other members of the band.

Mr. Wm. Montgomery who acted as secretary-treasurer of the committee in charge of the celebration, submitted the financial statements from which it appeared that the gate and stand receipts amounted to \$289.65. Cash donations to prize fund were \$22.50. The committee's share of proceeds from the entertainment in the Casino were \$10.75. The statement also included the sum of \$12.97 which was the share of profit from the sale of refreshments on the grounds, receivable from the Ladies' Patriotic Committee of Richmond, Melbourne and Cleveland, as per arrangements previously made. The secretary-treasurer submitted a cheque from the committee for \$12.97, and on motion of Mr. M. J. Palmer, seconded by Mr. Pearson, it was unanimously agreed that the cheque be returned to the Ladies Committee, and that they be requested to accept same as a donation from the band to their funds. Reference was made to the baseball game, and on motion of Mr. F. W. Dyson, seconded by Mr. Perkins, it was resolved that \$10.00 be donated to the team.

The expenditure side of the statement consisted of a number of small items and it appeared that after giving effect to the above donations, the band would benefit to the extent of about \$260.00. The report was unanimously adopted on motion of Mr. Alexander, seconded by Rev. W. M. MacMillan. It was agreed that a hearty vote of thanks be extended to the donors of prizes, to the committees, to Messrs. John Murphy, O. M. J. Ingalls, S. At present the war seems no nearer
 its end than when I left, although
 one never knows what may happen
 perhaps quite suddenly to put an end
 to this hideous slaughter of human

At present I feel that for any rec-

 of the parish, and yet it would be
 hard to leave our young men here at

 skirts very closely the fringes of the

 wonderful privilege to be a Chaplain

NEW RECTOR OF ST. PETER'S
IN TOWN.

The Rev. Mr. Bigg, the newly ap-
 pointed Rector of the parish of St.
 Peter's in Sherbrooke, is in town for
 a couple of days.

The Rev. Henry Reginald Bigg was
 born in England in the year 1870,
 and educated at the King Edward
 VII School at Stratford on Avon,
 later at King's College, London, Eng-
 land. He was ordained deacon by the
 Bishop of Norwich in 1898 and
 priest by the Bishop of London in
 1909. After holding the curacy of
 East Bergholt, Suffolk from 1898 to
 1909, and that of Old Iselworth West
 from 1909 to 1910, Mr. Bigg came to
 Canada, and was incumbent of the
 parish of St. George, Beauce for a
 year, rector of St. Paul's Quebec and
 chaplain to his Lordship the Bishop
 of Quebec for three years, and assist-
 ant at the Cathedral in Quebec until
 the year 1909. Since that time he
 has been rector of the parish of St.
 James at Three Rivers, Que., Mr.
 Bigg and his family expect to arrive
 in Sherbrooke shortly to take pos-
 session of the rectory.

LETTER FROM CANON F. G.
SCOTT TO HIS PARISH-
IONERS.

(From Diocesan Gazette.)
 France, June 5th, 1915.

To the parishioners of St. Matthew's
 Quebec.

My dear friends,

By the time you get this letter
 nearly a year will have elapsed since
 I left you for service with the troops.
 At present the war seems no nearer
 its end than when I left, although
 one never knows what may happen
 perhaps quite suddenly to put an end
 to this hideous slaughter of human
 beings. But still, there can be no

WILL SPEND THREE

MONTHS AT HOME

Lieut. C. H. Palmer Expects to
 Fully Recupate in
 That Time

WITH SEVERAL BULLET HOLES
 IN HIS CLOTHES, WAS ONLY
 ONCE SLIGHTLY
 WOUNDED.

Lieut. C. H. Palmer, of the Royal
 Irish Rifles, son of Mr. C. O. Palmer,
 of this city, who arrived home Mon-
 day night, will spend about three
 months at home, recuperating. He is
 suffering from rheumatism contract-
 ed in the trenches last winter, but as
 a result of treatment during the past
 few weeks is much improved and ex-
 pects to be fully recovered before
 the expiration of the most serious
 fighting of last winter's campaign.
 He was only once slightly wounded
 in the wrist, though several bullets
 passed through his clothes and one
 of his most interesting souvenirs is
 a Princess Mary chocolate case which
 has a bullet hole through it, being
 struck while in his pocket.

Lieut. Palmer is reticent with re-
 gard to his individual experiences,
 being apparently more inclined to
 forget than to recall. He speaks,
 however, with confidence with regard
 to the final outcome of the war, and
 is firmly convinced that the day has
 gone by when the Germans had any
 chance of breaking through the west-
 ern front.

MARRIAGES

EMBERLEY-WEBSTER.

Ayer's Cliff, July 14.—(Special)—
 A very pretty though quiet wedding
 took place at the home of Mr. and
 Mrs. Edwin R. Webster, Wednesday
 afternoon, July 7th, at 2 o'clock,
 when their daughter Una Althea was
 united in marriage to Mr. Arthur
 Franklin Emberley, Macdonald Col-
 lege demonstrator for this place, by
 the Rev. Churchill Moore. At the
 appointed hour the bride entered the
 drawing-room, leaning on her fa-
 ther's arm, looking unusually sweet
 and girlish in a blue silk travelling
 suit with white hat and carried a
 large bouquet of white roses and li-
 lies of the valley. The groom await-
 ed his bride unattended. Immediate-
 ly after the ceremony they went by
 auto to Magog where they took the
 train for a three week's trip to Mr.
 Emberley's home in Ontario, also a
 trip down the Saguenay.

The young couple arranged the
 wedding so slyly that no one except
 the family knew the plans. Even the
 clergyman assisted in the scheme and
 made a call in the neighborhood be-
 fore going to Mr. Webster's. It was
 not until they had left town that
 the news was spread.

Upon their return they will reside
 in Ayer's Cliff and will be at home
 to their friends after Sept. 1st.

MACIVER—MACIVER.

Gould, July 14.—(Special)—A very
 pretty wedding took place here on
 Wednesday, July 7th, when Miss
 Katherine MacIver, daughter of the
 late A. B. and Mrs. MacIver, was
 united in marriage to Mr. Roderick
 MacIver, both of this place. The
 wedding took place at the bride's
 home at 3 p.m. The bridal party en-
 tered the room to the strains of Ka-
 theline MacLeod, of Milan. The bride
 was charmingly gowned in white sa-
 tin charmeuse with coatee, of Indian
 lace, and carried a bouquet of white
 roses. She was attended by her sis-
 ter, Miss Margaret MacIver as
 bridesmaid, and Dr. F. MacIver, bro-
 ther of the groom, acted as groom-
 sman. The wedding ceremony was
 performed by Rev. D. MacLeod, of
 Chalmers' Presbyterian Church under
 an arch of ferns and daisies.

After the ceremony a very dainty
 supper was served to the guests
 who numbered about forty, and con-
 sisted of only the immediate relatives
 of the family.

The bride received a large number
 of very handsome gifts consisting of
 silver, cut glass, linen, etc.

The newly-married couple left for a
 trip to Quebec, Saguenay and other
 places.

The scene was a most solemn one
 and we all parted with very warm
 good wishes afterwards.

It was Stanley Marchant who met
 me the day before by accident and
 asked me if I could not arrange a
 celebration of Holy Communion for
 them, as there was no Church of
 England chaplain in the 1st Brigade.

Colonel Watson gladly gave his per-
 mission, and so the service was held
 as I have described it.

Life out here is better than it is
 often at home, there is no fussing
 about trifles and less self-seeking.
 The constant presence of danger and
 duty lifts men into a higher plane of
 thought.

I am sure the world will be the bet-
 ter for this terrible trial, and I do
 not think we shall sink back into the
 careless ease and indifference about
 God which have made our public and
 private life unworthy during the last
 few years.

In the meantime, my dear friends
 continue your prayers for the men at
 the front, and be constant and devout
 in your religious duties at home.
 You have a great privilege in your
 church service. We who are de-
 prived of them, appreciate that fact
 more than ever. Support your
 clergy. Help your clergy in their la-
 bours. And may God bless and keep
 you always, and soon bring this war
 to an end.

Ever your sincere friend and pastor,

Lieut. C. H. Palmer Expects to
 Fully Recupate in
 That Time

WITH SEVERAL BULLET HOLES
 IN HIS CLOTHES, WAS ONLY
 ONCE SLIGHTLY
 WOUNDED.

Lieut. C. H. Palmer, of the Royal
 Irish Rifles, son of Mr. C. O. Palmer,
 of this city, who arrived home Mon-
 day night, will spend about three
 months at home, recuperating. He is
 suffering from rheumatism contract-
 ed in the trenches last winter, but as
 a result of treatment during the past
 few weeks is much improved and ex-
 pects to be fully recovered before
 the expiration of the most serious
 fighting of last winter's campaign.
 He was only once slightly wounded
 in the wrist, though several bullets
 passed through his clothes and one
 of his most interesting souvenirs is
 a Princess Mary chocolate case which
 has a bullet hole through it, being
 struck while in his pocket.

Lieut. Palmer is reticent with re-
 gard to his individual experiences,
 being apparently more inclined to
 forget than to recall. He speaks,
 however, with confidence with regard
 to the final outcome of the war, and
 is firmly convinced that the day has
 gone by when the Germans had any
 chance of breaking through the west-
 ern front.

MARRIAGES

EMBERLEY-WEBSTER.

Ayer's Cliff, July 14.—(Special)—
 A very pretty though quiet wedding
 took place at the home of Mr. and
 Mrs. Edwin R. Webster, Wednesday
 afternoon, July 7th, at 2 o'clock,
 when their daughter Una Althea was
 united in marriage to Mr. Arthur
 Franklin Emberley, Macdonald Col-
 lege demonstrator for this place, by
 the Rev. Churchill Moore. At the
 appointed hour the bride entered the
 drawing-room, leaning on her fa-
 ther's arm, looking unusually sweet
 and girlish in a blue silk travelling
 suit with white hat and carried a
 large bouquet of white roses and li-
 lies of the valley. The groom await-
 ed his bride unattended. Immediate-
 ly after the ceremony they went by
 auto to Magog where they took the
 train for a three week's trip to Mr.
 Emberley's home in Ontario, also a
 trip down the Saguenay.

The young couple arranged the
 wedding so slyly that no one except
 the family knew the plans. Even the
 clergyman assisted in the scheme and
 made a call in the neighborhood be-
 fore going to Mr. Webster's. It was
 not until they had left town that
 the news was spread.

Upon their return they will reside
 in Ayer's Cliff and will be at home
 to their friends after Sept. 1st.

MACIVER—MACIVER.

Gould, July 14.—(Special)—A very
 pretty wedding took place here on
 Wednesday, July 7th, when Miss
 Katherine MacIver, daughter of the
 late A. B. and Mrs. MacIver, was
 united in marriage to Mr. Roderick
 MacIver, both of this place. The
 wedding took place at the bride's
 home at 3 p.m. The bridal party en-
 tered the room to the strains of Ka-
 theline MacLeod, of Milan. The bride
 was charmingly gowned in white sa-
 tin charmeuse with coatee, of Indian
 lace, and carried a bouquet of white
 roses. She was attended by her sis-
 ter, Miss Margaret MacIver as
 bridesmaid, and Dr. F. MacIver, bro-
 ther of the groom, acted as groom-
 sman. The wedding ceremony was
 performed by Rev. D. MacLeod, of
 Chalmers' Presbyterian Church under
 an arch of ferns and daisies.

FRENCH STATEMENT

Paris, July 14.—(Special)—The French War Office this afternoon gave out the following statement:—

"In Belgium after the bombardment reported in the official statement last night, the Germans attacked the trenches captured by the British troops on the east bank of the canal to the southwest of Pilen on the night of July 5. They were easily repulsed.

"In the region to the north of Arras, north of the Chateau de Carleul and at the Labyrinth, there occurred trench to trench combats with hand grenades.

"Arras and Soissons were bombarded by shells of large calibre. In the region of the Somme at Frise and at Fay (west of Peronne) as well as in the Champagne district near Perthes, mine battles occurred. In the Argonne the German attack which was concentrated in the region included between Marie Therese and the Chevauchee Heights, have been definitely stopped. Between the Meuse and the Moselle in the forest of Apremont there was artillery cannonading but no infantry action. On the rest of the front there is nothing to report."

21 MILLION MEN NOW ENGAGED IN THE WAR

Berlin, July 14.—Figures that show the stupendous scale on which the European war is waged have been compiled by William Michaelis of Berlin, famous as a statistician. He estimates that there are 21,770,000 men and 2,108 warships engaged at a total daily cost of \$42,250,000, or \$15,920,000,000 a year.

Among the totals arrived at by Dr. Michaelis are these:

Men engaged—For Germany, Austria and Turkey, 8,950,000; for the allies, 12,320,000; total, 21,770,000.

Warships engaged—For Germany at sea—Line ships, fifty-six, cruisers, seventy-three, torpedo boats, 358, submarines, forty, miscellaneous 139, total, 666. For the allies—Line ships, 113, cruisers, 215, torpedo boats, 704, submarines, 179; miscellaneous, 231. Total, 1,442.

The daily cost—To the German empire, \$8,250,000; to Great Britain exclusive of colonies about \$8,250,000; to France, about \$5,500,000; to the ten nations at war, \$42,250,000. Total cost of war up to April 1, \$10,000,000,000.

Premier Asquith recently announced that Great Britain's war expenditures was \$15,000,000 and French and Russian authorities have calculated the cost to each of their respective countries at \$12,000,000.

CONSOLIDATED SCHOOL AT GLEN SUTTON TO STAND.

Sutton, July 14.—(Special)—At a meeting of the School Commissioners held here on Monday the question of the consolidated school at Glen Sutton was debated pro and con. It was finally decided by the commissioners to continue the consolidation of the schools as during last two years. In regard to the Sutton Mountain School which some of the interested parties also wished to have consolidated with the Glen Sutton Schools, it was decided to have it remain as before, as it was not found practicable at present to make the change some desired. This latter school has some 20 to 25 scholars, which it was thought would be too much for the Glen School to accommodate at the present time.

FARNHAM SOLDIERS WRITE HOME.

Farnham, July 14.—(Special)—Last week word was received from a number of our soldier boys, among them being Gunner Morton Cousins, Privates Clyde Shufelt and Gordon Hesse. They all report themselves as fine and dandy. Lance-Corporal Fred Dorman sent a photo of himself and three chums. Fred's old friends would scarcely recognize him. He looks to weigh about 25 lbs. more than he did when he enlisted, and is feeling great.

The following is an extract of a letter from Gunner Morton Cousins to his mother:

"I am well. Will try and answer your letter date May 14th, but have not had much time to myself, for some time being on mounted orderly

SCOTSTOWN CASE IN COURT

Geo. W. Beard Fined \$5 and Costs
For Obstructing Board of
Health Officer

PLEADED NOT GUILTY BUT AFTER LENGTHY HEARING THE COURT HELD THAT THE CHARGE WAS PROVEN

A complaint was laid before Judge Mulvena by Donald J. Stewart, Superintendent of the Board of Health of Scotstown, against Geo. W. Beard, for having hindered him in the performance of his duties while acting under instructions of the Board of Health.

Mr. C. D. White, K.C., appeared for the prosecution, and Mr. John Leonard for the defence.

Defendant pleaded not guilty and the hearing of the evidence took up most of the day. The Court held in substance that the weight of evidence proved that the defendant had hindered and obstructed the complainant in the discharge of his duty and that he had no right to do so, and that if he had any grounds of complaint against complainant he should have reported the matter to the Board of Health and had him dismissed.

In view of the large amount of costs, the defendant was fined \$5 and costs or thirty days in jail. The money was paid.

work, which keeps one busy. I was on duty night and day, sleep when I get a chance, usually with my spurs on. Wish you could have been here this a.m. I was on guard duty with orders to awake the Battery at 3 a.m. Soon after this order we received the order battery action, and commenced to send shells over into the enemy's trenches as fast as I could load, one second between rounds, between battery fire, four seconds. If there is anything I like it is to be jumping shells over into the German lines, it is great sport, and it kind of even matters up, when we think of Ypres. I am feeling fine and enjoying summer weather great. Cut out the hero stuff in the papers for a while, the public might get weary. It is all right to let the people know what is going on, but it looks as if I was trying to plaster it on too thick. You might send me some tobacco. I see Italy is in the fight. Remember me to all the boys."

SUTTON FAMILY ADOPT BELGIUM WAR BABY.

Sutton, July 14.—(Special).—A little Belgian girl war baby that had lost both father and mother when the Germans passed through Belgium, has secured a good home in Sutton, the tiny little woman having been adopted by Mr. and Mrs. William Lassonde, of this village. The child is said to be very bright and attractive.

QUIET ON WESTERN BATTLEFRONT

London, July 14.—(Special).—For more than a week now the Austro-German offensive in Galicia and Poland has been hanging fire, while the Russians, their center having fallen back on a more advantageous line in the heights to the north of Krasnik, apparently are awaiting the next move of the Teutonic forces.

Fresh ammunition and reinforcements may bring a sudden revival of activity in this war theatre, but meantime the western front, by reason of the uncertainty as to which side plans a general offensive, will offer the greatest possibilities of interesting developments.

ATTACK COSTLY FOR GERMANS.

The French claim that their front in the Argonne forest, after being dented by a violent attack made by the army of Crown Prince Frederick William has been restored, the net result being a costly adventure for the Germans. The strength of the offensive at the Woivre districts will not be selected for a general German offensive rather than the battle-grounds in Flanders.

DOES TURKEY WANT SEPARATE PEACE?

Many reports from Balkan sources revive the rumors that Turkey is weary of war and anxious for a separate peace. Though none of the reports find confirmation, some sections of the British press profess to believe that they are not improbable, in that Turkey is beginning to feel the pinch of ammunition shortage in the Dardanelles by virtue of Roumania's refusal to allow munitions to cross her borders.

The attacks made on Roumania by Berlin newspapers coincide in this theory, at least to the extent that Roumania's attitude in the matter of arms and ammunition is being felt.

BILL TO CONTROL COAL PRICES.

London, July 13.—(Special).—The text of the Price of Coal Limitations Bill, which was issued to-day, specifies that coal may not be sold at the pit mouth at a price exceeding four shillings (\$1) a ton more than the price at which the same kind of coal was sold during the twelve months ending June 30, 1914. The measure was introduced in the House of Commons yesterday by Walter Runciman, president of the Board of Trade. Violators of the Act are liable to a fine not exceeding \$500.

GREAT LOAN BIG SUCCESS

Greatest in History Met by British People

ONE MILLION SUBSCRIBERS HAVE ASKED SECURITIES — PROBABILITY THAT DEMAND WILL EXCEED SUPPLY.

London, July 14.—The total subscription to the war loan amounted to close on \$3,000,000,000, according to the statement made by Reginald McKenna, the chancellor of the exchequer, in the House of Commons. The total number of subscribers through the Bank of England was 550,000, whose contributions aggregated \$2,850,000,000. The subscriptions through the post office have not yet closed, but up to date 547,000 persons have subscribed \$75,000,000 through this channel. No figures are available as to the number of small vouchers taken out. Mr. McKenna in making the statement pointed out that the figure of \$4,000,000,000 mentioned in the newspapers neither was expected nor desired by the Government. If that amount had been reached, he said, it would have been necessary to close the list.

BIG INTEREST ON GREAT DEMOCRATIC LOAN.

Although the magnitude of the new British war loan, the greatest in history, is fairly staggering even in these times when men and money are counted in round numbers of millions, the loan is record-breaking in other respects than mere size. Of far-reaching effect is the fact that the loan ushers a Government interest rate of 4½ per cent., such as the British Government never dreamed before of allowing on its obligations. And as the London rate has been accepted as a standard for years the world over, when foreign Governments have reckoned on what interest they would allow, this unprecedented pushing up of the London rate seems likely to affect Government interest rates the world over.

A record feature is that this is the first "democratic loan," which means that for the first time the Government is not dealing through bankers as middle men and underwriters, but appealed to the people, and particularly the working people, to come forward with their savings and deal directly with the Government through its vast organization of postal savings banks and its governmental machinery in the Bank of England. It is the first time on record, also, that a British Government bond has been in less denomination than £100, or \$500. These large denominations in the past have excluded the small investor, and the working people with a few dollars to spare.

BRITISH HOUSE THANKS BOTHA

ASQUITH PAYS GLORIOUS TRIBUTE TO VICTOR IN GERMAN EAST AFRICA.

London, July 14.—The House of Commons yesterday voted its hearty thanks to General Louis Botha, General Jan Christian Smuts and the force of the Union of South Africa upon the successful conclusion of the campaign in German Southwest Africa. Premier Asquith, who moved the resolution, paid tribute to what he characterized as "the remarkable campaign which has just been brought to a remarkable and glorious conclusion."

"The German dominion of Southwest Africa has ceased to exist," he said.

"I ask the House," said the Premier in his peroration, "to testify to the admiration of the whole empire for, and its gratitude to the illustrious general, who has rendered such an estimable service to the empire which he entered by adoption and of which he has become one of the most honored and cherished sons, and to his dauntless and much-enduring troops, whether of Burgher or British birth, who fought like brethren side by side in the cause which is equally as dear to them as to us—the broadening of the bonds of human liberty."
