U. S. SENATE PASSES BILL

53 Votes for Reciprocity and
27 Against—All Depends on
Canada Now.

Washington, July 22.—In spite of a vigorous attempt by enemies of the reciprocity agreement to defeat it by tacking riders and amendments on to it the bill passed the Senate to-day at 1.30 p.m. by the overwhelming vote of 53 to 27. There was much excitement and the galleries were packed with interested onlookers. Twenty-four Republicans voted against the bill and 21 for it. On the other hand only 3 Democrats opposed it and 32 were in favor of it. President Taft was greatly pleased with the success which has attended his personal efforts to secure the passage of the bill.

G. T. R. BOATING

CLUB DID WELL.

Montreal, July 23.—With six firsts, four seconds and three third places, the Grand Trunk Boating Club came out of the eastern division canoeing championships, held at Cartersville on Saturday, easy winners. The Grand Trunk Club are thus entitled to be represented in nine of the 11 events to be decided at the Canadian championships to be held at Ottawa on Aug. 5.

BRIEF NOTES

OF DOMINION NEWS.

Ottawa, July 22.—The small strike which closed one of J. R. Booth's paper mills last week, is over, sixteen men out of the eighteen on strike for the eight hour day capitulated Saturday and will start to work to-morrow on the old terms.

Ottawa, Ont., July 23.—A little boy standing on a platform of an Ottawa River boat house let go his father's hand, fell into the water and never came to the surface again. He was Paul Henri Lefebvre, son of an employee in the Dominion Geological Survey, and only four years old.

Bluevale, Ont., July 22.—Mrs. Joseph Warwick, third line of Morris, a few days ago attempted suicide by cutting her throat with a razor. While in the act she was noticed by her husband who was attracted to the spot by the curious actions of the dog. It is thought that the victim will recover. No reason can be assigned for her action.

Cobalt, Ont., July 23.—Wm. Wilson, burned in the Porcupine fire, died at New Liskeard Hospital last night. Deceased was a pump man at the Dome mine. He was badly burned and inhaled smoke and flame. Mrs. Chas. Wilson, of Elora, is a relative.

Galt, Ont., July 22.—Yesterday afternoon Chief Gorman arrested William Good, an 18-year-old Irish boy brought out by the Miss McPherson Home of Stratford, in a lacy jewelry store, in a charge of stealing two watches. In police court he pleaded guilty and was remanded until Monday.

Halifax, N.S., July 23.—The steamer Amethyst, formerly the Santiago de Cuba, went ashore on Hutton Head, near Trepassy, Newfoundland, on Saturday afternoon and is likely to be a total loss. The Amethyst, which was on her way from Montreal, was loaded with cattle. She was built at Stockton in 1878 and Captain Fulton, who commanded her, was a part owner.

MR. J. J. HILL IS ELATED

Thinks Best Feature of Reciprocity is the Blocking of Imperial Trade Federation.

St. Paul, Minn., July 22.—James J. Hill, chairman of the board of directors of the Great Northern Railway Company, following the passage of the reciprocity agreement between the United States and Canada, declared to-night, in effect, that this country had profited more by what it had "prevented than by what it had gained." In the passage of the measure the railway builder saw the last vestige of what he is pleased to term an "Imperial trade federation" disappear before the march of an open and untrammelled market.

"It is not what we have gained by the reciprocity treaty that is most important, but what we have prevented," Mr. Hill said. "In the comment on this treaty when it was pending nearly every argument for it spoke of the good it would bring, and it will bring good. My views in favor of reciprocity are so well known that I need not repeat them, now that the Senate has acted favorably."

"But the good that it will bring is only the smaller consideration of the question. What would have happened if we had not passed the treaty? That is the big question. There would have been a revival of a move for imperial federation, and if we had refused to trade with our good neighbor, our second best customer, and for our manufacturers the best customer we have, we would have been sorry for it in years to come, for the opportunity was before us to make a favorable agreement with Canada and it would not have been before us again for many years after we had refused it this time."

"That is why I say that while the treaty will mean much good for both the United States and Canada—and I believe that it will stimulate trade on both sides and that it will not be long before everyone will see its benefits and see that the wise thing to do was to act favorably upon it—yet, after all, that is the secondary part. There is not the slightest doubt that the situation was such that had the vote in the Senate to-day been against it, the report would have gone over the world and would have stimulated activities elsewhere for obtaining trade that we are in the best geographical position to handle, and in England it would have meant the beginning of action for such imperial trade federation as would have shut us out."

"Will it hurt Canada? Not a bit if it. It will be of great benefit to Canada. It ought to help Minneapolis and St. Paul, and Winnipeg, besides our country and western Canada. There never was any more reason why there should be a line of custom houses along the northern Minnesota-Montana border, or the border of eastern Canada, than there should be between Minneapolis and Wisconsin or New York and Pennsylvania. What has made the commerce of the United States so great? That provision in our constitution that said that trade shall be free an untrammelled between the states. Although there were those who doubted the wisdom of free commerce between all the states when our country was in the formative period, it has been the greatest thing in our history. It will be the same between the United States and Canada."

"The reciprocity treaty was the most important piece of legislation before the country for many years," said Edmund Pennington, president of the Minneapolis, St. Paul & Sault Ste. Marie railway, commenting to-night on the passage of the Canadian reciprocity agreement. He said he believed ultimately the treaty would help business.

WIFE DEAD HUSBAND DYING

Another Fatal Street Car Accident Occurred in Montreal Yesterday.

Montreal, July 23.—Mrs. Hormisdas Paladeau, 592 Colonial avenue, lies dead at the morgue, while her husband is in a critical condition at the Royal Victoria Hospital as the result of a street-car accident, at the corner of Marchmont avenue and Queen Mary's road to-day. The couple were walking up Marchmont avenue and at Queen Mary's road stopped to let an east-bound car pass. They hurried on, failing to notice a rapidly approaching west-bound car, and were literally under the wheels before the motorman could see them. Mrs. Paladeau was hurled 100 feet and her skull fractured. Mr. Paladeau was picked up 150 feet away in an unconscious condition, with both legs broken and one side of his face smashed to a pulp. There is little hope for his recovery.

LEADERSHIP OF UNIONIST PARTY

Such Need for Authoritative Direction Has Not Been Displayed in Years.

London, July 24.—Not for a long time has the absence of effective and authoritative leadership in the Unionist party been so frankly displayed. Open warfare is carried on to-day in the columns of the daily press. Not only are the Unionist organs arrayed in two opposing ranks for and against the so-called surrender to the inevitable, but the great leaders are taking part in the fray.

Viscount Curzon and Lord Charles Beresford have long letters in the papers this morning, the former presenting many cogent reasons why the party should support Lord Lansdowne and pointing out how the Earl of Halsbury's plan of no surrender would be dangerous for the party and the country. He says that to force a wholesale creation of peers would be to expedite and render Home Rule inevitable; it would facilitate disestablishment and replace the veto bill by a machinery infinitely more dangerous and despotic, without conferring a single benefit, present or prospective, on the nation; without even injuring the government but gratuitously increasing their power for mischief.

"It is bad enough," says Lord Curzon, "that the government already have a large majority in the House of Commons. Where is either the expediency or the common sense or the public advantage of presenting them with a second majority in the House of Lords?"

Lord Charles Beresford also supports Lord Lansdowne and advises the Unionist party "to go into winter quarters."

Clearly, the next few days will see a great fight in the ranks of the party. Both sides have a strong following and it is impossible to forecast the issue of the struggle. Lord Halsbury has the support of the Earl of Selborne, the Marquis of Salisbury and, it is said, nearly 100 peers, while Austen Chamberlain, the Right Hon. George Wyndham and Sir Edward Carson are the leaders of an equally strong "no surrender" party in the House of Commons.

At present it appears impossible that Lord Lansdowne and Mr. Balfour will be able to control their insurgent followers, and it is hardly likely that the crisis will end without the creation of some peers. After Mr. Asquith's statement in the House of Commons to-day he will probably call a halt for a few days, awaiting the development of the Unionist feud.

FIRE SWEEP OVER STAMBOUL

Several Hundred Houses Were Destroyed—Fire Still Blazing at Last Accounts.

Constantinople, July 23.—During festivities this afternoon in celebration of the anniversary of the granting of the new constitution fire broke out in Stamboul, near the War Ministry, which narrowly escaped being destroyed. A violent north wind fanned the blaze, which swept over a residential district, leveling several hundred houses. These were chiefly in the Turkish quarter, in the vicinity of the Suleimaniye mosque.

Late to-night the fire is still burning fiercely, and the plight of the inhabitants is pitiable. Several persons were injured, including the former Minister of War, Mahmoud Scheiket Pasha. Rumors are current that the fire was of incendiary origin.

It is estimated that 2,000 houses have been destroyed, including the General Staff Building. The scene was one of terrific grandeur.

ARMED THIEVES

TERRORIZE TENDERLOIN

New York, July 23.—Three armed thieves invaded the heart of the Tenderloin at its gayest hour to-night, smashed the show windows of Jacob Jacoby, a jeweler at 189 Sixth Avenue, shot his clerk, Adolph Stern, dead, seized \$5,000 worth of diamond rings and got away in a red touring car, pursued by scores of persons who had witnessed the murder and robbery.

SCALP ITCH

How to Remove Quickly.

Scalp itch is invariably caused by a microbe called dandruff. He is a persistent fellow and works while you sleep and when you are awake. He feeds on the vitality of the hair roots until he has cleared the patch and you are baldheaded.

Parisian Sage will kill him and stop itching of the scalp in a few hours. Parisian Sage is the most pleasant and vigorous hair dressing in the world and the sworn foe to dandruff. Fifty cents a large bottle. Sold by your druggist who guarantees it. See that the Girl with the Auburn Hair is on each bottle and package.

BIG MEETING AT FRASERVILLE

Messrs. Bourassa, Laverne and Others Spoke—Mr. Lebel Opposition Candidate.

A very enthusiastic political meeting was held at Fraserville yesterday afternoon, when about 5,000 people were present to listen to speeches delivered by Mr. Bourassa and his friends. On Sunday last Hon. Mr. Lemieux held a meeting at the same place, but as the Postmaster General has not accepted the challenge of Mr. Laverne, M. P. P. to meet him on any hustings in this province, the latter and his friends were present yesterday at Fraserville and discussed the political events of the day—the marine policy of the present government being the special topic under discussion.

Mayor Malcolm Fraser, mayor of the town and the prefect of the county, presided, the first speaker being Dr. L. Lebel, who was unanimously chosen by a convention of delegates, held during the morning, as the federal opposition candidate. Dr. Lebel declared himself as a true Nationalist and a supporter of Mr. Monk, M. P. Dr. Paquet, M. P. for L'Islet, followed, eulogizing Mr. Bourassa, and also Mr. Monk, whom he will support as he has done during the present session.

Mr. Bourassa was the next speaker, and spoke in his usual eloquent manner for over one hour, the marine policy of the Laurier government being the principal subject dealt upon by the Nationalist leader. According to him, the present Canadian navy was not a Canadian navy, neither in time of war or peace, but would be an Imperial navy. It would not even be a protection for Canadian shores, as when required in Canada it would be called upon to fight England's battles. It would not even be in a position to transport provisions for Canada, as if called upon would have to act as supply transports for the English navy. The Canadian navy act had been adopted by the present parliament, but if the province unanimously voted against that policy it could be set aside by another government.

Mr. Bourassa was frequently applauded throughout his remarks, and upon concluding his speech he was presented with a bouquet of flowers by the young daughter of Mr. J. B. Frenette.

Mr. Laverne, M. P. P., followed, and as he advanced to address the meeting one of the spectators called out "Hurrah for Laurier!" by Mr. Laverne completely knocked the Laurier man out by remarking: "Yes, hurrah for Laurier; the man who has defrauded the French-Canadians of their rights in the North-West, and who wants to send your children to war." His reply was received with considerable applause, and the member for Montmagny then took up the navy question, giving an idea of the cost to this country or organizing a navy, from the cost of the men of war to the guns and rifles on board.

At the request of a number of those present, Mr. Bourassa addressed the meeting in English and asked the English-speaking electors not to listen to the charges made against him by the government newspapers. He urged upon them to attend the meetings which he addressed and they would be convinced that he was not as black as he was painted by his adversaries, who did all they could to raise the English-speaking electors against him and his friends.

The meeting was a most successful one and all the speakers were listened to most attentively. Another meeting will be held at St. Flavie, County of Rimouski, on Tuesday.

NATIONAL REGATTA

OF OARSMEN.

New York, July 23.—Rowing clubs of St. Louis, Detroit, Duluth, Baltimore, Philadelphia, Boston, Springfield Mass., this city and the Canadian cities Winnipeg, Ottawa and Toronto, are represented in the official list of entries for the national regatta of amateur oarsmen at Saratoga Lake, N. Y., made public to-night. The list of competitors in the 12 events is well filled, including well known jaspers and officials say that the prospects for the success of the 1911 regatta are promising.

In the senior eight-oared event, which is usually looked to as the feature, the Argonaut Rowing Club of Toronto, the Detroit Boat Club, the Duluth Boat Club and the New York Athletic Club will be starters.

For single scullers the list presents the names of many well known oarsmen, including Frank Shea of Sheepshead Bay, George Carter of New Rochelle, E. D. Butler of Toronto, E. D. Smith of Boston and Fred Fuessell of New York in the senior shells. For the senior championship John W. O'Neill of Halifax, N. S.; Lou F. Scholes of Toronto, Samuel F. Gordon of Philadelphia and Fred Sheard of this city are entered.

The events will be raced on Friday and Saturday of this week and in conjunction with the regatta Saratoga plans to hold a water carnival in which professional oarsmen will also perform.

PERSONAL.

Mr. and Mrs. Merrell Hungerford of Swanton, Vt., and Mr. and Mrs. Williams of Bedford, Quebec, were guests at the Hotel St. Louis yesterday.

Standard of Quality

There is a standard of quality in everything, including public and private life, morals, and patriotism. The higher the standard the higher the level of living—a standard, therefore, is a thing no one need be afraid of. We hear little now of the standard for Whiskey, which made such a furore some years ago. The only firm still adhering to it are the Proprietors of the Mackie's Special Whiskey. It evidently pays them.

We are sole distributors for this celebrated brand in Canada.

The Quebec Chronicle

QUEBEC, MONDAY, JULY 24, 1911

THE NEED FOR CARE.

Considering the narrowness of many of its streets traversed by the street railway, Quebec has perhaps reason to congratulate itself that it has so far escaped the long list of fatal and other serious accidents that attend the operations of street railways in other cities. But this comparative immunity from such disasters cannot be forever enjoyed without more care being exercised by passengers than some of them are in the habit of displaying. Familiarity with the cars certainly does seem to breed contempt of danger on the part at least of some of our people. On some streets, boys who are old enough to do better seem to think it clever to run across the car tracks immediately in front of cars in motion, while it is no unusual thing to see adults stepping from a car long before it is brought to a stop.

On a round of one of the Maple avenue cars yesterday, two fatal accidents were narrowly averted. In one case, a woman and a child crossing behind a car on one track stepped immediately in front of another coming in another direction. If this latter had not been slowing up at the time to take on a passenger, it would scarcely have been possible for the motorman to have stopped his car in time to avert an accident. In the other case, which was witnessed by our informant from the same car, a man stepped off immediately in front of a motor car, the chauffeur of which was barely dexterous enough to swerve sufficiently from his course to avoid crushing him to death.

These are only a few among many instances of the dangers that are daily and hourly run by many of our people for the want of a little ordinary prudence and thoughtfulness.

"SOMETHING ROTTEN, ETC."

If the recent meetings of the City Council held with reference to the selection of a new fire chief have done nothing else they have at least shown us that the present system of civic administration conduces to block business rather than to accelerate it.

There is a by-law requiring that no alderman be allowed to speak more than ten minutes. Yet, night after night two or three aldermen whose talents are obstructive rather than practical are allowed to have the floor almost the whole of the session and by talking a measure out render it impossible for a vote to be taken. It is time that some semblance of discipline should be introduced and some of these orators cut short in the midst of their verbose harangues if they cannot condense them sufficiently to comply with the regulations. Half the time they are only talking for the sake of hearing their own voices or catering to the gallery.

Again, if the business of the Council is to be interfered with by the gallery then steps should be taken to let the spectators know that they are only allowed in on sufferance and that any demonstration of disorder or attempt to intimidate the aldermen will render them liable to instant expulsion. If they cannot understand that then the Council should sit with closed doors.

PULP AND PAPER ACTIVITIES.

A Montreal weekly points out that during the month of July six new paper manufacturing companies were incorporated in Canada with a capital of more than \$11,500,000, while eleven other companies with a total capital of three and a half millions astly increased their stock.

According to recent statistics our exports of manufactured news print show a decided increase of late while our imports of pulpwood are considerably less. This means that more raw pulp wood is being manufactured in Canada and less exported. Another interesting feature is that the cost of pulpwood has increased at the point of shipment from \$5.98 per cord in 1909 to \$6.34 in 1910 and is still a few cents higher this year.

Canada is becoming more and more a manufacturing centre in this line and, if she has sense enough not to hand over her raw materials to the Americans, there is no reason why her mills should not compete seriously with those in the States and eventually capture most of the paper trade on this continent. She has the wood, the water power and the labor necessary to make her the leading manufacturing country.

WORK NEARER HOME.

Dr. James Schouler, an American historian of some eminence, advises the United States to abandon the Philippines and take hold of Canada instead.

The Springfield Republican, which endorses the historian's advice, finds in current developments the impressive teaching that the duty of Americans "in shaping the progress of the

world lies nearer home." It goes on to say that they are acting on this teaching in building the Panama Canal and seeking reciprocity with Canada. In other words, American Imperialism has been a failure, the continentalism that will bring Canada into the Union must be tried now.

There are two reasons set forth for the proposed withdrawal. In the first place Pan-Americanism is likely to be prejudiced by the diversion of American energy outside the Continent and in the second it is quite possible that the States will not be able to hold the Philippines.

Any loss of prestige involved in such abandonment will according to the doctor be more than offset by the strengthening of American influence in this northern territory.

LET THE PEOPLE DECIDE.

The Laurier press is shouting as though it were a crime for the opposition to demand an election to see if the country is in favor of reciprocity or not. There is no doubt that most people would be better pleased if redistribution took place before the elections, but there is absolutely no reason to suppose that the country would be ruined by deferring reciprocity for a few more months and it is a poor kind of Liberalism that would gag the voice of the people.

If the Liberals are determined to do all in their power to ratify the pact before redistribution is possible, then the opposition are fully justified in forcing an election as soon as possible. There is no reason why they should lie down and let the fellow-conspirators of Mr. Taft walk into the goal with their scheme for smashing confederation and breaking up the Empire.

No one has authority or data to decide that the Canadian people are in favor of the proposed agreement. Every great change in our fiscal policy has always been endorsed by the people before it was inaugurated. Should not the present generation have the same right?

It is only fair that the majority should rule. No two men can assume the right to speak for the people of Canada without having received authority from the people.

Reciprocity has not been an issue with the Dominion since 1891. At that time the attempt to destroy Canada's future was thwarted by the decision of the people. Since then it has never been a factor. Who can speak for the people of Canada on this question but the people themselves?

Canada has prospered without reciprocity for fifty years. A fair redistribution and a general election will not delay the verdict on the proposed measure more than two or three months. If it be rejected there can be no objection to the delay and, if it be accepted it will only mean that we have delayed for two or three months something which we have done very well without for the last half-century.

THE NEWMARKET CANAL.

The Newmarket Canal, profanely dubbed the "Aylesworth ditch" by certain people on the spot, has at last received a sweeping vindication. And this time, says the Toronto Mail, not by a Liberal editor—his words could not carry the requisite weight outside his own communion—but by an independent non-partisan investigator who recently made a trip over a good many miles of the canal's course. The occasion was a timely one in which to get first-hand information concerning this great Canadian waterway. The Canadian Press Association after the convention in Toronto took in an excursion to Collingwood and the Georgian Bay district. For many miles as the train sped northward from Toronto it paralleled the celebrated canal. How intently those editors peered from the windows of the onrushing train. Here was the bone of bitter contention right before them. After seeing more than they cared to the Liberal pen-wielders quickly buried themselves in the folds of a newspaper or American magazine, stealing furtive glances now and again to see if they would never get out of sight of that abominable canal.

"The Conservative editors were in high glee. 'I told you so,' they laughingly called out to their Liberal confreres. The latter, however, could never hear these jibes. The train made too much noise, forsooth.

But, without accepting the reports of either of these partisans, it is refreshing to be able to turn to an unbiased sightseer, the independent Kingston Standard, and find out exactly what was seen.

Prefacing his "travelogue" with the prevalent opinion being circulated, that the Newmarket Canal has no water, the Standard proceeds thus: "No water, forsooth! How preposterous when here and there great pools could be plainly seen, moistening the otherwise parched ground and giving ample drinking water for the

browsing cattle which peacefully meandered across fields and up and down the canal until they came to the refreshing pools.

"No water, forsooth! How ridiculous, when before our very eyes several small boys could be seen gaily sailing their toy boats—and wading out to them when, as once at least was the case, the frail craft foundered on a mud bar in the very middle of the raging stream of an inch or two which madly coursed down the canal.

"No water, forsooth! How absurd when several times the train was forced to cross the canal over a trestle and those who had eyes to see could see, had they been so disposed, the trickling, gurgling water ooze along and finally resolve itself into a muddy consistency which sent an ecstatic thrill down the numerous newspaper spines, as their owners recalled the happy days—alas, long since gone! when life to them was one long, sweet, happy, idle dream, and their most serious occupation was the making of mud pies. Ah, what a field is there here, my brethren, in the Newmarket Canal—the making of mud pies!

"No water, forsooth! He who says 'no water' knows not what water is; for water there clearly was—enough in spots to float a row boat or a canoe; enough elsewhere to carry a ship along a few feet at least; enough in other places to make the earth of an oozy consistency that certainly suggested that water had once been there, however, it had managed in the meantime to disappear.

"To be sure there were long, dry stretches where was no water at all; but these were so many that they but served to accentuate the presence of the water when it did appear and thus to give the lie to the horrible Tory libel that there is no water whatever in the Newmarket Canal. There is—and as an independent newspaper the Kingston Standard wishes emphatically to set out this great truth. There is water—several quarts at least, if not more."

BANK BUILDINGS.

According to the latest statistics the value of bank premises in Canada is placed at \$23,247,178. The value of the buildings has almost doubled in the past five years, in 1906 their value being given as \$12,844,918. In many cases the banks place a very low valuation upon their buildings. As an example, the Bank of Montreal values its buildings at \$500,000, when, as a matter of fact, the head office in Montreal alone is worth more than that amount. The reason given by the bank for the low valuation is, that in compiling its assets they wish to be absolutely sure of receiving the sum which they place opposite the bank buildings. It is a well known fact that very often, if a sale is forced, the sum received for a building would be much below its market value.

To-day banks are adopting a new policy in regard to their buildings. Some years ago any old kind of a building would do to house a bank, the directors feeling that their shareholders would not sanction a lavish expenditure on buildings and equipment. To-day that is all changed, and the banks are all endeavoring to secure as ornate and substantial homes as it is possible for them to achieve with the funds at their disposal. They look upon a fine building as an evidence of the bank's strength, and also regard it as a valuable advertising asset. In addition to having a handsome exterior, the banks are also consulting the comfort of their patrons by making the interior and the fittings as beautiful and convenient as possible. At the same time, they are providing for the convenience of their customers in many other ways. To-day their aim is to make banking easy.

With the larger buildings and the greater display has come a tendency on the part of banks to advertise more extensively. They believe that in this age of keen competition it is absolutely necessary for them to advertise and are entering into this much more extensively than was the case some years ago. However, this is only to be expected. This is an age of advertising and our banks would not be up-to-date if they did not do their full share in making known their claims for public patronage. Publicity of a judicious nature is one of the greatest assets which a bank can have.—Shareholder.

NOTICE

Is hereby given that the Pier at the mouth of Cap Rouge River is submerged as well as the other deep water Pier that was there up to last winter at the end of the long wharf. The position of the pier at the mouth of the Cap Rouge River is as heretofore shown by a flat buoy by day and a white light by night, and the position of the deep water pier recently taken at the end of the long wharf is in a straight line with the said flat buoy and about 600 feet to the west. Cap Rouge Wharf and Pier Co.
 N. FLOOD,
 Manager.

Connections at St. Joseph and St. Romuald, with the Levis Street Railway.

Shipping News

TWO STEAMSHIPS FROM GLASGOW

With Passengers Arrived Here
 on Saturday Evening—Two
 From London Arrived Yesterday.

Two steamers with passengers arrived here on Saturday evening from Glasgow.
 The first to reach port was the Allan Line Ionian, Capt. Eastaway. She brought out 167 cabin and 160 steerage passengers besides a general cargo. As it was too late when she arrived, 8.30 p.m., to land her passengers, she went to the company's wharf to discharge Quebec cargo and returned to the Breakwater yesterday morning, landed her passengers and left for Montreal at 10.30 a.m. The Ionian's passage was uneventful. Like other vessels coming up the gulf lately, she encountered considerable fog.

The second vessel to arrive was the Donaldson Liner Cassandra, Captain Mitchell. She reached here at 9 p.m. and brought out 123 cabin and 170 steerage passengers, besides a general cargo. After landing passengers and Quebec cargo on the Breakwater she left for Montreal at 7.30 a.m. yesterday. The Cassandra experienced similar weather to that of the Ionian on the passage.

ALLAN LINE.
 Str. Hesperian, Capt. Main, F. R. G. S., arrived from Montreal at 3 p.m. on Saturday, and proceeded for Glasgow.

Str. Corsican, Capt. Cook, having landed passengers and Quebec cargo, left for Montreal at 8.40 a.m. on Saturday.

Str. Corinthian, Capt. Rennie, from London and Havre, with passengers and general cargo, arrived in port last evening and moored at the Breakwater.

Str. Sardinian, Capt. Henry, arrived from Montreal at 3.30 p.m. yesterday and proceeded for Havre and London.

C. P. R. LINE.
 Str. Lake Michigan, Capt. Parry, with passengers and general cargo, arrived in port at 2.30 p.m. yesterday, mooring at the Breakwater. Having landed passengers she left for Montreal at 4 p.m.

Str. Montezuma, Capt. Griffiths, arrived from Montreal at p.m. yesterday and proceeded for London and Antwerp.

CANADA LINE.
 Str. Barcelona, Capt. Nepper, arrived from Montreal at 5.20 p.m. yesterday and proceeded for Hamburg, etc.

CUNARD-THOMSON LINE.
 Str. Iona, Capt. Rollo, arrived from Montreal yesterday afternoon and proceeded for London.

DOMINION LINE.
 Str. Turcoman, Capt. Jones, arrived from Montreal at 7.15 p.m. on Saturday and proceeded for Bristol.

Str. Welshman, Capt. Maddox, from Bristol, with a general cargo arrived in port at 3 a.m. on Saturday and proceeded for Montreal.

NORTH SHORE LINE.
 R. M. S. Aranmore, Capt. Hearn, from Natashquan and way places, with passengers, mails and general cargo, arrived in port yesterday morning and moored at the Pointe-a-Carrey wharf.

NATIONAL LINE.
 Str. Natashquan, Capt. Boucher, from Esquimaux Point and way places with passengers and general cargo, arrived here yesterday morning, mooring at the Pointe-a-Carrey wharf.

QUEBEC STEAMSHIP CO.
 Str. Trinidad sailed from New York for Quebec at 10 a.m. last Saturday.

WHITE STAR-DOMINION LINE.
 R. M. S. Laurentic, Lieut. Mathias, R. N. R., arrived from Montreal at 7.15 p.m. on Saturday, mooring at the Breakwater. Among the passengers brought down to this port from Montreal were a number of members of the National Editorial Association. After embarking Quebec passengers and the mails, the Laurentic left for Liverpool at 9 p.m.

R. M. S. Teutonic, Capt. James, having landed passengers and Quebec goods, left for Montreal at 6 a.m. on Saturday.

Moon Phases.
 New moon, Tuesday, 25th, 3.12 p.m.

Business Partnership

A new partnership has been effected between the brothers Dinan, which will carry on the business of stevedoring in the port of Quebec and at Three Rivers, Montmagny, the Saguenay, Rimouski, Matane, Escoumains, Sault aux Moutons, and other places. The firm will be known as Dinan Bros., there being no less than seven of the family in the partnership.

SPLENDID INNOVATION.
 The news that the Agricultural Department of Quebec would participate directly in the Provincial Fair in Quebec, which will be held from Aug. 28 to Sept. 5, 1911, has created among the farmer's class of the Province a feeling of satisfaction.

It will be indeed one of the greatest innovations offered to the public visiting the fair.

Honorable Mr. Caron, Minister of Agriculture, has authorized to build a stand on the exhibition grounds which will be the headquarters of the staff, who will have the duty to give full information to the public.

It is said that many lecturers will also be in attendance; among them there will be Father Ligouri, from Oka, who is one of the officers of the Experimental Union, and will give lectures on agriculture; and in order to illustrate his lectures and to put in evidence all the subjects he will treat, there will be on the grounds a poultry house with all the specimens required.

GRIST MILL
 AT BRYSON BURNED.
 Bryson, Que., July 23.—The grist mill and residence close by were burned yesterday afternoon from some unknown cause. The loss to Bryson will be more than a financial one, but the mill loss will be about \$21,000. J. Work and C. E. Sprent, of Vancouver, owned it.

NATIONALS WON
HARD STRUGGLEGame With the Clovers on Sat-
urday Was Close and Excit-
ing One.

The Clovers of Montreal, gave the Nationals a hard battle on Saturday afternoon, but the locals succeeded in winning out by a score of 4 goals to 2, though it was a hard proposition to judge the winners until a short period before the close, the score being 3 to 2 up to the closing stages of the game. The match was an exciting one, and was witnessed by a large crowd of spectators. The weather was real lacrosse weather, warm and sunny, and the struggle was a clean one, there being few penalties, both sides playing the ball and making a desperate attempt to win out on their merits as exponents of the game. The ball was put in play by Mr. Eugene Leclerc, M.P.P. for Quebec Centre, and from the start it was at once evident that both teams were fairly evenly balanced. Both sides showed that they were excellent stick handlers, passing and catching, using combination and fast on their feet.

The game opened with Clovers rushing the National goals, and Lafrance speedily had a stop which he negotiated nicely. DeBeaumont secured the ball and passed it on to his fielders, who relayed it to the home and Brady was quickly in trouble. He, however, saw it coming and averted the danger, and end to end play followed. Early in the game, the remarkable strength of the two defences became evident, and all through the match they did great work.

Finally on some nice combination, J. Jarrett found an opening and scored the first goal for Clovers after sixteen minutes play. To the delight of the supporters Nationals' notched the second goal in 2:30 and it was even up. The play had been very fast and exciting and showed some of the best lacrosse played here this summer.

The second period showed the Nationals on the offensive. They rushed the play, but the Clover defence, and especially Phil O'Reilly and Brady, kept them from scoring. Reynolds, of the Clovers, was hurt, but soon returned. From end to end the play went, Bernard notching another goal for the locals after 18½ minutes play. This was the only score in the period. Shortly before it closed, McCarthy replaced McNamara and Moisan went on in place of P. Alain.

John Alain scored another game for Nationals after 2 minutes play in the third quarter, and Tommy Maher came back with one for Clovers five minutes later, making the score 3 to 2 for Nationals. Both sides struggled desperately, but the two defences were putting up great games, and it was impossible to get near the poles. The crowd was on tip-toe of excitement, and the players never relaxed in their efforts.

With a great attempt to even the score, the Clovers started off the final period, but they could do nothing with the National defence. They did not have the play all their own way, however, for Nationals had half a dozen chances to every one which they had, but their shots were too wide or Brady caught them. It was a real struggle, but Pelletier put the match on ice by scoring again in 16 minutes. With only four minutes to play, Nationals pressed the play again, and were bombarding the Clover goals when the whistle blew. Just before the close, Rafferty, of Clovers, met with a heavy body check and had to retire. The line-up:—

National.	Goal.	Clover.
Lafrance	Brady	
Langlois	Point.	
DeBeaumont	O'Reilly	
E. Alain	Cover-Point.	
Bennett	Defence Field.	
Lachance	Leddy	
P. Alain	Centre.	
Bernard	Rafferty	
S. Boudreault	Home Field.	
Demers	F. Jarrett

HIS WORK DONE PRIEST PASSES AWAY

Father Lessard of St. Ambroise, Jeune Losette, Summoned By Death.

With his work just completed and while Bishop Roy was pronouncing a eulogy upon his services, Father P. Lessard, cure of St. Ambroise, Jeune Losette, was taken suddenly ill yesterday morning in the handsome new parish church which had been erected through his efforts. The reverend gentleman fainted and was carried into the presbytery, where he died a short time afterwards. Father Lessard had made the building of the new church, a stately edifice, the work of his life for the last four or five years, and with his efforts crowned with success, Bishop Roy proceeded to the parish yesterday morning to consecrate it. There was a great gathering of the parishioners and others, and the consecration ceremony had been completed. Cure Lessard gave the usual notices and, then Bishop Roy ascended the pulpit to preach the sermon. He was referring to the splendid work accomplished by Father Lessard, when the latter was seen to have fainted. Everything was done to relieve him, but he expired shortly afterward in the presbytery.

It would seem as if Father Lessard had had a premonition of his coming death, for he was heard to remark, it is stated, a short time ago that as soon as he had his church completed and dedicated to God, he would be quite willing to be called away to his rest.

Great preparations had been made by the parishioners to mark the important occasion, and there was great rejoicing at the successful accomplishment of the remarkable work done by the late Father Lessard. The sudden death of their beloved cure came as a terrible shock to all, and the universal rejoicing has now been turned to universal sorrow. The decorations to mark the festival of the rearing of this magnificent temple to the honor of God have been replaced by the mourning emblems which show the deep sorrow of those who recognize the self-denying efforts of he who, with the full and perfect accomplishment of his heart's desire, was only permitted just to see the fruition of his hopes before being called away.

FATALITIES IN LAKE ST. JOHN.

Two fatalities are reported from the Lake St. John region. F. Villeneuve has been drowned in Lake Ashuapouchouan, while A. Marchand, of St. Prime, was killed by a block of wood which was hurled by a circular saw.

ADVERTISING SIGNS.

J. Ovide Denis, general manager of the Denis Advertising Signs, Ltd., Montreal, is in town. Mr. Denis states that since opening business here his company has been much pleased with results obtained, there having been some forty contracts signed up.

Receipts—Quebec Corporation, \$12,000; school fees, \$2,837.15; cash in the bank, \$7,125.35; government grant, \$238.33; other sources, \$296.53. Expenditures—Maintenance of schools, \$12,710.44; on capital account \$360.09; other expenses, \$914.06; cash in the bank and building fund, \$8,512.78. Surplus of assets over liabilities, \$27,544.12. Amount at credit of bonds sinking fund with the Royal Trust Co., Ltd., \$2,672.13.

NATIONAL CONVENTION.

Knights of Columbus, Detroit, Mich.

The Knights of Columbus of the Province of Quebec have selected the Grand Trunk Railway as their official route to the annual convention at Detroit, Mich. The Knights will leave in special Pullman sleeping cars from Quebec and Montreal and will travel via Toronto, Lake Ontario, Niagara Falls, Buffalo, Lake Erie to Detroit, returning via Grand Trunk Railway and the Thousand Islands. This will make a very enjoyable trip and will last about one week. Arrangements are being made in Detroit for the entertainment of visitors while there, and all intending passengers will do well to call on any of the Grand Trunk agents, who will gladly furnish complete information in connection with the trip.

DEATH OF A WELL KNOWN LADY.

There passed away yesterday one of the most respected residents of Champlain street in the person of Miss Mary Ann O'Brien, a lady who was well known and highly esteemed by all who knew her. The deceased was a daughter of the late Michael O'Brien, in his life time a leading butcher of Quebec. She leaves three sisters, Mrs. John Mackay, Montreal; Mrs. O'Brien, of Michigan; and Mrs. John Kennedy, of Quebec. The news of her death will be received with universal sorrow, as she had won for herself a warm place in the affections of all. A lady whose life was marked by her charity to the poor and many Christian virtues, she will be missed by many. Sincere sympathy will be expressed for the family in the sad bereavement.

STATUE OF GOLD FOR STE. ANNE DE BEAUPRE

French Canadians in New York Form Association to Raise \$300,000.

New York Herald: Members of the French-Canadian colony in New York have organized the Saint Ann Gold Statue Association, which was incorporated at Albany last month and has for its object the creation of a gold statue of Saint Ann, the infant Christ and the Virgin Mary, which, having been blessed by the Pope and exhibited in various churches throughout the country, will be erected in the Church of Ste. Anne de Beaupre, near Quebec, to which thousands of devout Catholics make pilgrimages every summer.

The statue will be eight feet high, of fourteen carat gold and with the pedestal of Carrara marble, will cost \$300,000. The officers of the association are: Napoleon Thompson, No. 34 East Twenty-second street, president; William H. Daigone, No. 346 Broadway, vice president; Dr. Albert C. Roy, No. 150 Fifth avenue, secretary, and E. F. Sicotte, No. 6 Charles street, treasurer. The offices are at No. 277 East Twenty-second street. It is designed, one of the officers said yesterday, to receive subscriptions of \$1 each from French-Canadian and other Roman Catholics and the co-operation of the hierarchy would be asked.

Archbishop Farley was out of town yesterday. Speaking in his stead, Mgr. Mooney, the vicar general, said nothing had been heard by the clergy of New York of the Saint Ann Statue Association.

BRITISH COLUMBIA RHODES SCHOLAR

Out of Four Candidates, Joseph B. Clearihue, Victoria, Was Selected.

Mr. Joseph B. Clearihue, a native of Victoria, B.C., and son of one of the pioneer families of the capital city, in which he was born on December 20, 1887, will go to Oxford University very shortly as the British Columbia Rhodes scholarship holder of 1911.

A native of Victoria and in his 25th year, Mr. Clearihue entered the Boys' Central School in 1896 and Victoria High School in August of 1900. In September, 1909, Mr. Clearihue left for McGill and entered the three-year course of political science and economics, completing that course in 1910 and winning a Mackenzie scholarship. On graduating he stood equal head of the honor class in economics and political science, with first class honors and an average of more than 90 per cent. In his fourth university year he also took the full course in Greek, in which he passed successfully.

Mr. Clearihue here alluded to is a son of a former Quebecer (of an old and respected family) Mr. Joseph Clearihue.

C. B. C. LOST TO VIGERS.

The C.B.C. dropped a game to Viger yesterday, the score being 12 to 11. The Viger won out in the 9th.

Mid-summer sale, exceptional values, lovely suits for \$10 and \$12, at Fashion Craft Stores.

U. S. NEWSPAPER MEN IN TOWN.

A number of members of the American Editorial Association who have been in convention at Detroit, arrived in town on Saturday evening from Montreal by ss. Laurentic and were met on arrival by several members of the Quebec Associated Press, who escorted them to the Chateau Frontenac, where they remained during their sojourn in this city.

Yesterday morning the American newspaper writers, accompanied by a number of local pressmen went by special train to Ste. Anne de Beaupre and after visiting the shrine returned to Kent House where luncheon was partaken of and several speeches made, Messrs. Baumgarten, President of the Association, and Mr. White, thanking the Quebec pressmen for their courtesies, Messrs. Rene Leduc and George Morissette replying on behalf of the local newspaper men. The visitors left by G.T.R. for Montreal last evening.

Mid-summer sale, exceptional values, lovely suits for \$10 and \$12, at Fashion Craft Stores.

FIRE IN KIOSK ON TERRACE.

The firemen had a run to the Terrace on Saturday to stamp out a little blaze which had declared itself in the flooring of one of the kiosks, due to the imprudence of some smoker.

PREPARING TO START WORK.

A consignment of seven carloads of underground conduits has arrived in the city over the C. P. R. These conduits are consigned to the National Telephone Co., who are to operate in this city. The company have temporarily leased the spacious yard adjoining the Pion factory for the purpose of storing their material. They expect to start work shortly on the installation of their system.

CELEBRATED ITS 50TH ANNIVERSARY

Quebec Ship Laborers' Benevolent Society Had Impressive Service Yesterday Morning.

The members of the Quebec Ship Laborers' Benevolent Society celebrated the fiftieth anniversary of its foundation in an impressive manner yesterday morning, when a special grand mass was celebrated at the Diamond Harbor Chapel. As already announced, the Ship Laborers' Society was founded fifty years ago, its charter being issued in 1862. Yesterday the members of the society assembled in the pretty little chapel to offer their thanks to the Almighty for the opportunity afforded them of celebrating such a memorable occasion. The chapel was beautifully decorated for the occasion, and the congregation was one which taxed the sacred edifice to its fullest capacity.

High mass was celebrated by Rev. Father Healey, of St. Patrick's Church, the music of the mass being rendered by a special choir, which contained many of the leading singers of St. Patrick's Choir.

Owing to the illness of Rev. Father Handley, rector of St. Patrick's Church, who was to have preached the sermon, Rev. Father Healey preached. The sermon was a most interesting and impressive one. Father Healey took as the theme of his discourse the dignity of labor. He referred to the lowly life of the Saviour, whose father was a carpenter, and in whose shop the youthful Jesus worked. Father Healey spoke on the history of the society, its vicissitudes and its work, and in touching words referred to the motto on the time-worn banner of the society, "We support our infirm; we bury our dead," sentiments which could not fail to give life to any society. He trusted that the society would be able to celebrate its 75th anniversary and its centenary in the same manner in which it had celebrated its fiftieth.

Prior to the sermon, Father Woods, chaplain of Diamond Harbor Chapel, made a few remarks, in which he congratulated the members on their happy anniversary, and announced that on Sunday, next the mass would be for the repose of the souls of the deceased members of the society.

The service was one of the most touching which has been held in the chapel, and all present were deeply affected, not alone by the sermon but by the occasion which was being observed. Many of the members of other labor organizations wore their badges in honor of the event, including the officers and members of Quebec Typographical Union, which was well represented.

Chaplain street was gaily decorated for the anniversary, and was a blaze of color. Streamers, banners, flags and bunting were displayed, nearly every house being decorated. The event was marked in every possible way as a most important one, and the members of the society showed their loyalty to the organization and their pride in its fiftieth year of its organization by doing all in their power to make it so. The old banner of the society occupied a prominent place in the decorations, as already stated.

WILL BE EXECUTED THIS MORNING

Digby, N. S., July 23.—John Tebo hangs at 5 o'clock this morning. There is little trust that a confession has been made to Rev. Mr. Roy, Baptist minister, who has been considerably weakened in his extraordinary nerve. He ate a hearty supper last night. The execution will be performed by the sheriff or Chief of Police Bowles. Dr. Jones will be present. There is little excitement. The affair is expected to pass off quietly. The method of the execution will be the same as that of Peter Wheeler. The gallows will be erected behind the jail and closed in.

POLICE PTECTED TWO YOUNG LADIES.

Woodstock, Ont., July 22.—Two policemen were compelled to accord protection to two young ladies during the progress of the regular weekly band concert in Victoria Park. The trouble was caused by the extreme of fashion essayed by one of the young women who wore a merry widow hat of remarkable size with veil. Her companion wore a red velvet hobble skirt of unusual skimpihness.

While promenading they attracted the attention of every one. A crowd of young fellows surrounded them, yelling and hooting and the police had to fight their way through to the two frightened girls. The thoroughly distracted objects of the demonstration were hustled and jostled and when the police mounted guard, they were followed down the street by a yelling crowd of several hundred. The girls declared that they were unaware that there was anything unusual in their dress to cause such rowdiness.

SAD DROWNING

ACCIDENT AT TORONTO

Toronto, July 23.—A pathetic drowning accident occurred in the Lake of Sunnyside yesterday afternoon when Henry Hughes and Edward Goby lost their lives from a small row boat. The exact details of their misfortune will probably never be known. But it was probably caused by the gale which blew during the afternoon. Both men, firm friends for many years, engaged a small boat about 4.10 o'clock and went for a row. That was the last seen of them. About 7.45 in the evening the empty boat was discovered about a mile out in the lake. The boat was half full of water and in it were two coats and a hat.

In the pocket of the one of the coats was a letter which the police found addressed to Mr. Goby. The name of his friend, Mr. Hughes, was mentioned in the communication, which helped the police to find their boarding houses. The landladies of both men went down to the police station and identified the coats as belonging to the missing men and the Panama hat as the hat of Mr. Goby. No dragging has yet been instituted

for the bodies. The police say that the water is very deep at the point where the boat was found, and that no doubt it had drifted far from the spot of the accident before it was discovered. It was half full of water when secured, indicating that it had been buffeted considerably by the waves. A high sea was running on Saturday, and the men were probably upset from the boat in a sudden squall.

STEAMER AMETHYST

GONE TO PIECES.

St. John's, Nfld., July 23.—The ss. Amethyst, which ran ashore near Cape Race yesterday, went to pieces to-day. The crew reached shore safely shortly after the vessel struck and about one-third of the general cargo was salvaged in a somewhat damaged condition. On board the ship were fifty oxen which were lost in the surf. The Amethyst plied between this port and Montreal and lost her course during a thick fog.

Nothing makes a young couple so vain as a big lot of wedding presents.

Automatic Telephone Service

Means a Private Line From Every
Subscriber to Every Other Subscriber.

The announcement that Quebec is to have the
new secret Automatic Telephone was published
only a few days ago.

The popularity of the system which furnishes
absolutely confidential service, has been already
amply attested by the large volume of subscrip-
tions.

THE Automatic is the one telephone sys-
tem, the efficiency of which is not affected by
the number of its users—a thousand calls an
hour can be handled as satisfactorily and as
rapidly as ten.

NEVER a third party on the line.

WITH the Automatic even your desk mate
does not know the number you called.

NO operator to disconnect you in the mid-
dle of a conversation.

THESE and many other good points are being explained daily by our
large force of solicitors who are covering the city demonstrating The Auto-
matic, "The Telephone with Brains". Large orders of material to be used
in constructing this great system are now speeding on their way to this city
and will arrive early next week.

BRITISH POLITICAL SITUATION UNCHANGED

Unionist Papers Denounce Pre-
mier Asquith, But Conserv-
ative Journals Advise Sub-
mission.

London, July 22—The past 24 hours
have brought small change in the po-
litical situation. The Unionists and
that party's newspapers have joined in
a chorus of hot denunciation against
Premier Asquith for what they term
his violation of parliamentary decen-
cies. The majority of the Conserva-
tive papers in London and the provin-
ce advise the leaders to submit to
Mr. Asquith's ultimatum, as the lesser
of two great evils.

A small but important minority
exhort the peers to rally to Chamber-
lain's watch word "fight to the
death." The only uncertain factors
in affairs is how many of the Lords
will follow the Earl of Halsbury in
the fight to the death.

The Prime Minister yesterday noti-
fied the peers that he would not send
back the veto bill from the House of
Commons to them unless assured that
they would accept it. If Lord Hals-
bury can muster enough followers to
out vote the small Liberal contingent
in the Upper House—which may not
be impossible, because there seems
to be somewhat of a recrudescence of
the fighting spirit to-day and some of
the Liberal peers are so unfriendly to
the scheme for emasculating the Up-
per House that they cannot be de-
pendent upon to attend a division—he
will place the burden of the situation
on Lord Lansdowne's shoulders.

Lansdowne must then induce his
followers to vote for the Government
bill to stave off the degradation of the
peerage. While he has not said so,
the general belief is that he will do it,
if forced to.

In the meantime interest centers in
the meeting of the House of Com-
mons on Monday, when Mr. Asquith
is expected to make a more explicit
statement of his programme than he
has done up to the present. The pres-
sure for admission to this historic ses-
sion is enormous. It is possible that
the Government may move the post-
ponement of the consideration of the
Lords' amendments for a few days
to enable it to find out what the Up-
per House will do. If the result of
the negotiations is unsatisfactory the
Government may announce the crea-
tion of a batch of fifty new peers as
an object lesson to the Lords.

These are days of suspense for
many ambitious Liberals who aspire
to see their chance of rising and fall-
ing with the fluctuations in the peer-
age market. A correspondent of the
Times who signs "anti-corruption,"
declares that it is an open secret that
a peer on his creation contributes a
minimum of \$25,000 to the party
funds. He points out that 100 new
peers would give the Liberal organ-
ization \$2,500,000 to play with, which
could be used to subsidize candidates
and buy local papers.

Sir Edward Henry Carson, M.P.
for Dublin University and Chairman
of the Irish Unionists, has issued a
statement and has informed Lord
Lansdowne that "if we are to have
Home Rule forced upon us without an
appeal to the country it will be as
easy to resist it next year as in 1913,"
and protests against the calamity of a
surrender.

London, July 23—J. L. Garvin,
editor of the Sunday Observer, in
appealing for a large attendance at
the banquet to be given on Wednes-
day next in honor of the Earl of Hals-
bury, says that "no surrender" re-
presents the conviction of the mass
of the Unionist party and the major-
ity of its leaders. In the event of
surrender, he says, the party will split
from top to bottom and will never be
reconstructed under the present
leadership. It is a grave thing, adds
Mr. Garvin, that the party is still
ignorant of Mr. Balfour's real mind.

CHURCH SPIRE

SHATTERED IN STORM.

Canso, N.S., July 22—The most se-
vere electric storm that ever visited
this territory raged here at an early
hour this morning and caused much
destruction. The Catholic Church
spire is badly shattered and only by
the successful efforts of those who an-
swered the alarm was the church
saved from destruction by fire.

NEW YORK CANADIAN SOCIETY AND PREMIER.

Montreal, July 23—A deputation
from the Canadian Society of New
York, en route for Ottawa to present
to the Premier an invitation to be
present at the annual dinner of that
institution on December 8, passed
through this city to-day. It is ex-
pected that President Taft and Am-
bassador Bryce will also be present
on this occasion. The Canadian So-
ciety this spring had the honor to en-
tertain the President at one of their
banquets.

Mr. P. Smith showed them around
the city to-day. On being asked what
they would do in December if Sir
Wilfrid were not then Prime Minis-
ter, they stated that they wished to
honor him as a public man and not as
a party leader.

CHILDREN MISSING, SUPPOSED DROWNED.

Two young children of E. Foley, of
Quatchouan, Lake St. John district,
have been missing for some time. As
they were last seen near the river
side, it is thought that the little ones
have been drowned.

**PRESIDENT SAYS
DEMOCRATS HELPED****Could Not Have Passed the
Reciprocity Measure With-
out Their Aid.**

Beverly, Mass., July 23—In the first statement he has made since the passage of the reciprocity bill by the Senate, President Taft at the summer White House to-night freely acknowledged that his long, hard campaign in behalf of that measure would have proved unavailing if the Democrats had not helped him. Without such aid the President declared reciprocity would have been "impossible."

In his judgment, the President declared, the agreement would mark an epoch in the relations between the United States and Canada and the one who opposed the bill would find their prophecies disproved and their first ally by its actual operation. Its passage by the Canadian Parliament, the last step before it becomes a bond between the two countries, he hoped and believed would be forthcoming.

The statement reads as follows: "That I am very much pleased with the passage of the Canadian reciprocity bill through both Houses of Congress goes without saying. I believe and hope it will be followed by similar action by the Dominion Parliament. In my judgment, the going into effect of the new arrangement will mark a new epoch in the relations between the United States and Canada and it will tend to a marked increase in the trade between the two countries, which will be in every way beneficial to both."

"I hope the credit that belongs to Secretary Knox and his special assistants at the State Department, in the negotiating and framing of the pact and their lucid explanation and defence of its terms, will not be withheld."

"In a sense, the bill passed was a non-partisan measure, though the Republicans who voted for it, probably did so on one economic theory, and the Democrats who voted for it, on another. I should be wanting in straightforward speaking, however, if I did not freely acknowledge the credit that belongs to the Democratic majority in the House, and the Democratic minority in the Senate for their consistent support of the measure, in an earnest and sincere desire to secure its passage. Without this reciprocity would have been impossible. It would not have been difficult for them to fasten upon the bill amendments affecting the tariff generally in such a way as to embarrass the executive and to make it doubtful whether he could sign the bill, and yet to claim popular approval for their support of reciprocity in its defeat. In other words, the Democrats did not "play politics,"

in the colloquial sense in which those words are used, but they followed the dictate of a higher policy.

"We Republicans who have earnestly sought reciprocity, and some of whose votes were necessary to the passage of the bill may properly enjoy mutual felicitations on a work well done. To those who opposed the bill on the ground that it will do harm to the farmers, we can only say that we who have supported the passage of the bill look forward to the test of the actual operation of the reciprocity agreement to disprove their prophecies and to allay their fears. The satisfaction that actual experience in its working will give, we confidently hope, will secure its permanence. In a decade its benefits will contribute much to a greater United States and a greater Canada."

**MOTOR BOATS WILL
PATROL LAKE ONTARIO.**

Toronto, July 23—A fleet of six high speed motor boats will patrol Lake Ontario from Hamilton to Toronto during the aeroplane races between the two cities on August 27.

Mr. J. M. E. Fetherstonhaugh is the chairman of the committee, who has these arrangements in charge. Mr. Fetherstonhaugh's boat Necessity, which tips off a speed of 24 miles an hour and was the winner of the race last year at the Exhibition, is one of the boats referred to. They will be stationed at intervals along the shore ready to give assistance in case of need to any of the aviators should they fall in the water. A handicap motor boat race from Hamilton to Toronto may be held at the same time.

**GRUESOME FIND
AT PORCUPINE.**

Porcupine, Ont., July 23—The first news of a gruesome find was reported to-day by returning searching parties, when the bodies of Nelson Peterson and an unidentified man, supposed to be Rose Quist, was found one mile south of Goize Lake in Shaw township. Bears had scattered the remains over a considerable portion of the ground, and proper burial was almost impossible. Two deaths from Liskeard hospital were reported to the committee as follows:

John Bilo and Thomas Cooper, Dome mine employees. The death list now stands at 70.

Several carloads of provisions arrived to-day and the camp is now well supplied. Those who employ help have also received a good supply of provisions. The first work of the camp is road building and construction of houses. Within one week normal conditions will prevail.

Halifax, N.S., July 23—Alexander Falconer, D.D., father of Robert A. Falconer, President of the Toronto University, and J. W. Falconer, professor in the Halifax Presbyterian College and ex-Moderator at the Presbyterian General Assembly, died this morning at Elmsdale, where he was spending a few days. He was only ill a few hours.

PERSONAL

H. Walker and wife, of Montreal, are registered at the King Edward Hotel.

Gustave Belinge, of this city, has left for Montreal, where he will spend his vacation.

M. McAnley and wife, of Spring Hill, are stopping at the King Edward Hotel.

Major Jules Papineau spent the week-end at the Pointe, Riviere du Loup, the guest of Mr. Louis Filtault.

Montrealers at the King Edward Hotel: A. Lavoie, H. L. Revin, L. M. Pare, L. A. Page, B. Bourant, J. L. Gosselin.

Mr. Chas. and Miss Theresa Griffin arrived in the city recently from Manchester, N.H., after a visit to their aunt in that city.

Mr. and Mrs. G. H. Balfour were among the passengers who sailed from here Saturday on the White Star Line R. M. S. Laurentic.

Mr. J. W. Philips, steamship ticket agent of the C. P. R. Steamship Co., has resigned to accept a similar position with the G. T. R., and will assume his new position to-day.

The government railway management board, consisting of Mr. A. W. Campbell, Deputy Minister, and Messrs. Pottinger, Tiffin, Brady and Caron, are expected to arrive at Levis this morning.

Arrivals at the King Edward Hotel: M. Drouin and wife, Halifax; J. Hopes and wife, Philadelphia; A. A. Parisseau, Montreal; Bavian Dolly, Montreal; L. Panet, Lancaster.

The many Quebec friends of Mr. J. Marshall Heiser, who has for several years past been connected with the C. P. R. steamship service, in this city has so far recovered as to leave the hospital at Halifax.

Rev. A. R. Beverley, A. A. rector of Trinity Church, left this morning by Intercolonial Railway for the Maritime Provinces. Mr. Beverley is to be married in Halifax on the 1st of August. During his absence from Quebec, Rev. P. Callis, M. A., will have charge of Trinity Church.

Arrivals at the Blanchard: J. J. Booman, New York; W. Daigle, Mr. and Mrs. J. Beaudet, P. Charlebois, Mr. and Mrs. E. Marchand, P. Hebert, E. Hebert, N. Dionne, Montreal; P. Fournier, Edmonton; L. St. Michel, Fraserville; M. Vien and wife, Nicolet; J. E. Levesseur, Sherbrooke; A. J. Mooney, N. Enderson, Chicago; H. Morrison, Cabanos, P. Q.; R. Gange, Quebec; J. Bishop, Portneuf Mme. N. Larue, Vercheres; J. Noel, T. Laignon, Thetford Mines; P. A. Begin, Montreal, J. A. Dery, St.

Petronille, I. O.; G. Labreque, Sorel; P. Aspel, Buffalo; L. Lemere, Jonquiere.

Arrivals at the Neptune Inn: Joseph Gagnon, Rmiski; F. Egidi, Marcellina Italis; A. Villario, Marcellina Italis; P. Diminico, Marcellina Italis; K. McDonald, Bay St. Paul; N. Debiens and wife, Montreal; Mr. and Mrs. Jones, Toronto; George Mansfield, Vancouver, B. C.; Arthur Wilmet, London, Eng.; Mrs. K. Way, London, Eng.; H. Lautens Chaleger, Buffalo, N. Y.; F. Bott, Montreal; Albert Houle, N. P., Black Lake; Nap. Dupont, La Tuque; F. Savard, La Tuque; E. Simard, Roberval; J. H. Green, Bridgewater, N. S.; J. Crosby, Joliette; J. W. Phair, Ottawa; G. McCallum, Montreal; A. Fowler, Montreal; J. Boulay, Manchester, N. H.; L. Daigle and wife, Black Lake; L. Routhier, Black Lake; Miss Alice Martineau, Black Lake; J. C. Audet, St. Anselme; J. Tobin, Montreal; E. Carrier, Clarke City; A. Lambert, Clarke City; C. Nadeau, Fort Kent, Me.; Louis Saucier, Fort Kent, Me.; J. L. Otis, Baie St. Paul; Aug. Goyer, St. Simon; C. Bernatchez, Moisie; James Mansfield, Fredericton, N. B.; J. Serle, Fredericton, N. B.; B. C. Genin, Moncton, N. B.; J. E. Rousseau, Black Lake; C. McDonald, Murray Bay; Isaac Comau, Godbout; P. McGrath and family, Berlin, N. H.; Frank Pitt, Clarke City; Miss Anna Pitt, Clarke City.

**WOMEN FOUGHT
THE FOREST FIRES**

Sanford, Me., July 23—Women and children were forced to join with the men to-day in fighting a forest fire which burned over 75 acres of young growth and for a time threatened to wipe out the village of West Kennebunk. Help was summoned from Biddeford, Saco, York, Wells and Sanford and 200 men spent the day in setting back fire and in other ways combatting the blaze until it was reported under control to-night.

**SIED INTO CROWDED
ELECTRIC CAR.**

North Adams, Mass., July 22—Injured at the command of the motorman to get back from the running board and remain in his seat until the car stopped, Fadjo Mallak, a young Syrian, 21 years of age, suddenly drew an automatic revolver and fired 10 shots into a crowded electric car on the Cheshire Street Railway to-day, instantly killing the motorman, George E. Hoyt of Pittsfield, aged 45, and Miss Martha Ester, aged 21, of Adams, wounding two women seriously, and severely injuring three other women.

As he fired the last of the shots Mallak was seized by J. J. Mooney of Pittsfield, who took away the revolver. Drawing a knife the Syrian jumped from the running board of the car down an embankment, followed by a score of men. One of them threw a stone, hitting Mallak on the head and the others disarmed the infuriated man, who was taken to the jail at Adams, Mass.

The Why and Wherefore of Advertising

If you are satisfied to plod along in a small way, trusting to interest the curious passer-by—or those who are hurriedly looking for something in their most convenient locality, willing to put up with a small variety of goods for the sake of expediency—your business *may* exist without the aid of the newspaper.

If you could find a location where two-thirds of the population of this town would pass once or twice a week, you *might*, with the aid of well-dressed windows, *almost* dispense with newspaper advertising so far as *local* trade is concerned.

But, since to find such a location is almost an impossibility in a city of any size, and since the purchasing public is so accustomed to take the time to read well-written and well-displayed ads. in the daily news-sheet, with eyes wide open for suggestions, the newspaper is absolutely essential to any *successful* business.

Newspaper advertising is now almost universally recognised to be the best possible means of reminding the public that you are in business—what kind of business—and where located.

Moreover, it behoves the advertiser to command, not only the attention, but the *respect* of the public by means of well-written ads., appealing to the purchasing instincts of prospective customers.

At the Chronicle you will find every possible convenience and encouragement. The Chronicle "Ad. Man" is a good man to know—take him into your confidence—he can, and *will* help you.

SHIP LABORERS' ANNUAL PICNIC

Event Was a Great Success—

Large Gathering and Splen-
did Sport.

The annual picnic of the Quebec
Ship Laborers' Benevolent Society,
which took place on Saturday, was a
splendid success, and everything
passed off to the utmost satisfaction
of everybody. The special and regu-
lar trains carried out large numbers
of excursionists, the picnic being one
of the largest held for many years.
Beautiful St. Catherine's Grove pre-
sented a gay and animated appearance
all day, there being races, games and
sports of all kinds, while those who
desired to trip the "light fantastic"
had opportunity to do so, a full or-
chestra supplying appropriate music.

The picnic was admirably conducted
and the committee in charge had
every reason to feel proud of the
success which crowned their efforts.
Nothing seemed to have been left
undone to provide for the comfort,
convenience and pleasure of the large
number of people present.

The races and sports were vigor-
ously contested, some of the events
being very exciting. The following
were the winners:

Boys' race (15 and under)—First,
W. McCauley; second, M. Kenny;
third, A. Paul; fourth, J. Fullerton.

Girls' (12 and under)—First, Johanna
Fitzgerald; second, May Ryan;
third, Norah Askins; fourth, Mary
Haberlin.

Girls' (15 and under)—First, May
Allen; second, Johanna Fitzgerald;
third, Charlotte McCauley; fourth,
Norah Askin.

Half-mile (open)—First, M. Kenny;
second, M. Delaney; third, W.
Rooney.

Men's race (40 years and over)—
First, McGarrity; second, J. Lynch;
third, W. Fitzgerald; fourth, P. Ry-
an; fifth, W. Allen.

Mile race (open)—First, E. Burke;
second, D. Fitzgerald; third, H.
Kane; fourth, J. Connor; fifth, Mc-
Cauley.

Half-mile (Members I. S. L. B. S.)
—First, C. Allen; second, J. Fitzger-
ald; third, McLaughlin; fourth, Ver-
ina.

Half-mile (open)—First, Doyle;
second, Dooley; third, Kane; fourth,
H. Walsh.

100 yards (open)—First, McDon-
ald; second, Delaney; third, Rooney;
fourth, Bowls.

Smoking race (open)—First, Fitz-
gerald; second, Doyle; third, C. Al-
len.

Married ladies—First, Mrs. M.
Simms; second, Mrs. Pike; third, Mrs.
Vezina.

Three-legged race—First, O'Connor
and Delaney; second, Kane and
Doyle; third, O'Connor and Haber-
lin.

Running hop-step-and-jump—First,
Oatman, 40 feet; second, W. Conway,
37 ft. 11 in.; third, J. Bowles, 37 ft.

Married ladies' race—First, M.
Simms; second, Mrs. Coughlin; third,
Mrs. Pike; fourth, Mrs. Vezina.

Boys' race (15 and under)—First,
H. Quartz; second, W. Sadler; third,
H. Joynt.

High jump—First, J. Malone; sec-
ond, G. Oatman; third, W. Rooney.
Committee—First, J. Fitzgerald;
second, C. O'Connor; third, C. Allen;
fourth, R. McHenry; fifth, D. Power;
sixth, J. Kenny; seventh, W. Fitz-
gerald.

Consolation race—First W. McCau-
ley; second, C. Malone; third, H.
Joynt; fourth, J. Kenny.

QUEBEC CRICKETERS

WIN AGAIN.

A team of the Quebec Cricket Club
won a close game from the Empress
last Saturday by a score of 74 to 63.
The Empress, who played a couple of
men extra, batted first and Sothorn
(21), Brownsmith (13) and Barclay
(13) carried the score up to the half
century for the loss of only three
wickets. At this point it looked as
if the visitors might well run into
three figures, but a rot set in and
Clegg and Osborne took the next nine
wickets at the slight cost of a dozen
runs. Newton kept wicket well and
Westbrook fielded in good shape.

The home team was not in scoring
mood and only Newton and Redmond
made double figures, the former
proving the salvation of his side with
a careful innings of 27. Sothorn
brought off some splendid catches in
the outfield for the Empress whose
bowlers did not have much difficulty
in keeping the runs down.

TESTED BY TIME.

Among the many good old firms
which uphold the reputation of
British commerce for straightforward
dealing, combined with a business-
like enterprise that keeps them
abreast of the times, there are few
that can point to a record like Hor-
rockes'.
This firm was established in 1701,
and its career has been one of steady
and unbroken success.

For Longcloths, Nainsooks, Cam-
brics and the like it is only neces-
sary in order to ensure the perfec-
tion of the goods to make certain
that the trade mark "Horrockes'"
is on the selvage.

The Flannelettes as made by the
firm are of the highest quality, and
by their use it is possible to retain
for clothing purposes this cheap and
durable material without incurring
the risks that are so constantly run
by those making use of inferior ar-
ticles.

The highest prize, the Grand Prix,
was awarded to this firm at Brus-
sels Exhibition, and a recent award
is the certificate of the Incorporated
Society of Hygiene.

THE ORPHEUM.

This Week's Attractions.
Manager Driscoll will this week
present the Orpheum players in the
vital, gripping play of the century,
"The Man of the Hour," by George
Broadhurst, probably the most suc-
cessful play that has been produced
in years; it ran for two consecutive
years at the Savoy Theatre, New
City, and created a veritable sensa-
tion. Its success throughout the coun-
try was no less marked, in fact, the
play did a business everywhere that
was simply unprecedented.

The author has skillfully avoided
personalities by placing the location
of the play in any large city in
America, and as unfortunately graft
and bossism rule in so many of them,
each city, where it is produced can
deduce a moral lesson for itself.

Mr. Broadhurst has been particu-
larly successful in his drawing of the
various characters in the play, their exact
prototype can be seen in every city.
That is one reason of the piece's great
vogue as players everywhere measure
their own officials with those sketch-
ed by the dramatist.

Miss Kemble will appear as Dallas
Wainwright and as she played the part
in the original New York produc-
tion during the play's famous run and
afterwards on tour, there is hardly
any need in saying more than tell the
character will suit this charming
and popular artist. Mr. MacKay, of
course, will play Alywin Bennett, a
part exactly fitted to his clean-cut,
manly methods, as he also was in the
original cast, he should be able to give
a performance of unusual finish. Mr.
MacLarnie will make an ideal Hor-
rigan, the man of the peoples, who
has risen from the ranks, till he is
now the political boss of the city, the
part is entirely different from any-
thing this actor has yet essayed here.

Mr. Reed's quite unctuous methods
should aid him in giving a consistent
performance of Alderman Phelan, a
character, by the way, that is said to
be modelled after William Devery,
formerly New York's Chief of Police.

Miss Boshell, naturally will show to
advantage as the gentle Mrs. Bennett,
whose life is wrapped up in her son,
and Nichols should be thoroughly at
home as the breezy, good-natured
Cynthia Garrison. Mr. Webb can be
depended upon for one of his cameo-
characterizations as the financier,
Wainwright, while the part of Perry,
his bright and buoyant nephew, has
been assigned to Mr. Clark. Mr.
Adams is cast for Gibbs, the Wall
street broker, and Mr. Mathews will
have the best opportunity yet given
him in the role of Thompson, the sec-
man, Mr. Frawley as Alderman Rob-
ertson. Mr. Bennett at Judge New-
erts, Mr. O'Brien as Ingram, the Old
Grand Army veteran; Mr. Kelly as
Horriggan's lieutenant, Williams; Mr.
Delmar as Payne, a typical reporter,
and James as Miels, the butler, will
complete the cast.

For the closing week of this justly
popular organization beginning Mon-
day matinee, July 31, Manager Dris-
coll promises a beautiful and complete
production of Henry M. Dixey's
laughing success, the brilliant comedy
drama, "The Man on the Box." Good-
bye night will be Saturday, August 5,
and Manager Driscoll announces the
opening of the regular vaudeville sea-
son with many new and entertaining
novelties on Monday matinee, Aug.
7, and many brand-new surprises are
in store for our local patrons the com-
ing season. The bill for the opening
is sure to please even the most fas-
tidious.

ROYALS DEFEATED

THE DIXIE-CAMILLO.

By a score of 14 to 5, the Royals de-
feated the Dixie-Camillo team yester-
day afternoon, the score being as

AUTO DRIVER KILLED

IN BIG RACE.

Le Mans, France, July 23 — The
Grand Prix de France, which was run
here to-day under the auspices of the
Automobile Club of Sarthe, was
marred by a fatal accident. The axle
of the machine driven by Maurice
Fournier, brother of the noted auto-
mobile racer, collapsed when the car
was speeding more than a mile a
minute in an endeavor to overtake the
French driver, Hemery. Fournier was
crushed to death beneath the car and
his mechanic was hurled a hundred
feet into a field and seriously injured.
Hemery won the event in 7 hours
and 6 minutes, covering twelve rounds
of the course at an average speed of
81 kilometres (56 miles) an hour.

**CURE
SICK
HEAD
ACHE**
Sick headache and relieve all the troubles in-
herent to a bilious state of the system, such as
Dizziness, Nausea, Drowsiness, Distress after
eating, Pain in the side, etc. While their most
remarkable success has been shown in curing
headache, yet Carter's Little Liver Pills are
equally valuable in Constipation, curing and pre-
venting this annoying complaint, while they also
correct all disorders of the stomach, stimulate the
liver and regulate the bowels. Even if they only
cure

As they would be almost priceless to those who
suffer from this distressing complaint, but for-
tunately their goodness does not end here, and those
who once try them will find these little pills valu-
able in so many ways that they will not be will-
ing to do without them. But after all sick head

etrating light when he can have
Blaugas.

Blaugas is non-poisonous, non-ex-
plosive, non-freezable. Blaugas is
a ready-made gas which can be taken
anywhere. Blaugas is shipped in
steel bottles ready for immediate use.
Blaugas not only furnishes your
home with a brilliant light but sup-
plies fuel for cooking your food and
warming the water for your bath.

Our agent, John Walker, Quebec,
will give you any information you
require.

FRONTENACS KEEP UP WINNING STREAK.

The Frontenacs baseball team kept
up their winning streak by defeating
Maple Leafs in an exciting game on
the Cove Fields yesterday morning by
the score of 16 to 12.

Malone started the game for Fron-
tenacs, but was very wild, and by
passing five men together with Maple
Leafs' hitting he gave the losers the
lead. He was replaced by Dussault
in the second who pitched winning
ball and easily held Maple Leafs
down.

Frontenacs batted Gignac out of the
box in the third and Murray, who
took his place, was a puzzle for the
Frontenacs, and with the support he
received when the winners managed to
find his curves he held Frontenacs
to seven runs for the remainder of
the game.

The lineup and score:
Frontenacs—C. Malone, p. and 3b;
W. Duggan, lb.; H. Kelly, c.f.; Dus-
sault, p. 3b.; J. Kirkwood, s.s.; L.
Pelchat, c.; B. Hayden, 2b.; R.
Buckley, r.f.; H. Beach, l.f.

Maple Leaf—H. Grooves, c.; S.
Murray, p. 2b.; Doherty, lb.; A. Pa-
quet, 3b.; L. Gignac, p. 2b.; G. Nea-
ther, s.s.; Marcotte, c.f.; O. Wilds, l.f.;
J. Thompson, r.f.

Score by innings:
Maple Leafs 410002311—12
Frontenacs 00012031308—16
Umpires: L. Ledden, D. Malone.
