Omission

Campbell's Bay, Que.

The Editor The Equity,

There was an omission in the write-up of the Brown Family Reunion published a few weeks ago and I would like you to print the correction if you will.

Mrs. Walter Smith and her daughter of Ladysmith, Que., donated a beautiful cake in honor of the occasion with decorations. Also Bert and Anna Crawford donated a second cake with "Happy Reunion" written on it. Welland and Ladysmith were left out when mentioning the places the friends came from, for which I was to blame and am very sorry.

Thank you, sincerely
Edythe Robinson.

Sunday Ball

Shawville, Quebec,
October 6, 1959.

The Editor,
Shawville Equity,
Shawville, Que.

Dear Sir:

I am in no position to judge whether the Lord objects more to the crack of a baseball on Sunday afternoon than He does to Sunday beach expeditions, car rides, television and sleeping all day. It seems that Shawville's Churches are planning a concerted effort to stamp out the evil of baseball on Sunday. One reason these ball games are not played during the week is obvious. Not sufficient light.

Why do Shawville's Churches so often unite in a stand AGAINST something? Would it not seem reasonable to unite FOR baseball in Shawville by providing a lighted field? It is a well known fact that when a Church organization has an objective, money is always forthcoming. This objective might take some time but would be a step in the right direction. If an alternative were provided there is little doubt that Shawville's ball club would respect the wishes of the Churches.

Many older people forget the boundless energy and restlessness of the young. Shawville is becoming noted as a town where "there is nothing to do" and a town which young people wish to leave. Who can blame them?

Until the Churches offer constructive criticism and unite to help provide an alternative which is acceptable to the Lord and the Law, signboards and sermons will be wasted on most of our young people.

Yours very truly,
Dorothy Yemen.

Publishers Purchase Ottawa Newspaper

David and Rosaleen Dickson, editors and publishers of the Equity, recently purchased a community newspaper in Ottawa, published during the past several years under the name of the South Ottawa Gazette. First issue under the new management appeared on Wednesday September 30. Published twice monthly in recent years, the Dicksons hope to change to a once a week schedule, and to change from a give-away plan of distribution to a paid system, using carrier boys in the Glebe, Ottawa South and Alta Vista districts of Ottawa.

Because the Printshop in Shawville is already working at capacity, it will not be possible to print the South Ottawa Gazette here. It is being printed in Ottawa by the offset process.

The Chairman reported that he had been informed that a grant would be available toward such undertaking It was agreed that such a Center should take into consideration the present and future needs of the youth of the community at large since there is no place available which would serve as a means to stimulate the interests of the younger generation in their own community for the future.

Always play it safe with electricity

Electricity can be dangerous if handled improperly or carelessly.

Complete control of this force, at all times, is the way to insure safety, keeping in mind that it is NOT the electricity which may cause an accident, but rather the way in which it is used.

Here are a few electrical safety rules to follow:

When renewing fuses, pull the switch FIRST; always stand on a dry board or other insulating material, and, if possible, replace the fuses during daylight.

Replace fuses with fuses — not coins. This latter practice might allow overload on the circuits which could cause a fire.

Use correctly rated fuses for the wiring.
Replace frayed cords.

Use permanent wiring instead of extension cords — cords hanging are fire hazards.
