INSTITUTE AT AYER'S CLIFF HELD ANNUAL

Mrs. Fred Wyman Elected President—Secretary and Treasurer Presented Reports—1926-27 Programme Drawn Up.

AYER'S CLIFF, Que., March 29.—The annual meeting of the W. I. was held on Friday afternoon at the home of Mrs. Malcolm W. Johnston. A good attendance of members, all manifesting their interest in the work of the W. I. by joining for another year, was gratifying at this meeting.

The meeting was opened with Mrs. E. E. Bangs in the chair. The club women's creed was repeated in unison, after which the report of the previous meeting was given and committees' reports followed.

The annual report was then read by the secretary, Mrs. Fred Wyman, including a report of the activities and accomplishments of the past year in the local branch of the W. I. The report read as follows: "Our membership this year has been small, the actual number being eighteen. Though rather lacking in quantity, we have been abun-

dantly blessed in quality. I think no society can boast a more willing, energetic, agreeable group of workers. "We all appreciate the services rendered by the society the past three years by our president. The success of her term of office has been gratifying to us, and I am sure must also be pleasing to her."

"Our aims and endeavors this year have been broadened, I think, several new items having appeared on our programme. "The papers prepared by members and read during the year have been most entertaining and instructive. They are as follows: "Historical London," Mrs. B. B. Morrill; "Literary London," Mrs. F. M. Wyman; "Rights of Quebec Women," Mrs. E. E. Crooks; "Canadian Resources," Mrs. F. A. Johnston. A discussion of the hand book by members was also profitable. At several meetings musical numbers have been included on the programme.

A delightful affair was held at the home of Dr. and Mrs. C. L. Brown in October, the occasion being the formal reception of the teachers of the academy. Prizes were offered in the four academy rooms. Musical instruction has been carried on to the great advantage of the pupils of the academy. Through the efforts of the W. I. four high-class entertainments have been placed within reach of the citizens of the town at a nominal price.

"A masquerade dance was put on in February, also several other dances and parties, which not only brought funds into the treasury, but also provided clean enjoyment at home for the younger people.

"The community Christmas tree was, as usual, a great delight and success, the hall being packed to the doors, all with the spirit of Christmas predominating differences which might at other times exist, the great advantage of a community Christmas tree.

"The children's musical held at the home of Mrs. E. H. Chadsey was indeed a success, probably one of the most profitable attempts of the year, and certainly one of the most enjoyable. A shower was given an expectant mother. Through the sale of violets the children raised nine dollars, which was sent the mothers of the Wales Home. Gifts were sent the inmates of the Wales Home at Christmas time. Several members of our society received gifts and flowers during illness. The annual picnic was enjoyed so much this year at Dufferin Heights. The teaching of sewing was carried on at the academy during the spring and summer months. Medical examination was conducted at the academy.

"Thus we come to the end of a year of great activity, and pausing a moment on the threshold here passing on to the new year, we ask ourselves, 'Is our work really worth while? Are we doing something to help ourselves and our children to become better Canadian citizens physically, morally and mentally? Can the towns and rural communities, without great personal and public loss, do without the Women's Institute?' To the mind of any unbiased, normal individual the annual report is sufficient reply.

"No other one of the magnificent women's organizations does for Canada just what the Women's Institute is doing. In it is a real work tending to reap a rich harvest. When we consider the extent of its activities, that in the scope of territory it is an international society, all clubs attempting and accomplishing as much and infinitely more in many places than we in our little hamlet have done, we realize that we are indeed affiliated with an organization of great magnitude, and our hearts swell with pride. May the work of the coming year prosper and be rich in advantages and blessings to the individual and community."

Mrs. Morton Leavitt, the treasurer, gave the following report: Cash on hand March 1, 1925, \$50; amount raised during year, \$207.14; balance on hand March 1, 1926, \$37.38. All obligations met.

Mrs. Leavitt has acted treasurer for three years past in a most proficient and acceptable manner.

The reports were accepted and the business of the election of new officers was carried on. Mrs. J. E. Bayley taking the chair during this period and Mrs. E. H. Chadsey and Mrs. G. G. Fish acting as nominating committee. Mrs. S. S. Worthen moved a vote of thanks to the retiring officers. The elections resulted as follows: Mrs. Fred Wyman, president; Mrs. E. E. Bangs, first vice-president; Mrs. S. Scott, second vice-president; Mrs. Chas. Daintrey, secretary; Mrs. Malcolm W. Johnston, treasurer. The convenors were elected as follows:

She Was Troubled With Chronic Constipation

Once your bowels become constipated you are in for a lot of trouble, as constipation is one of the most prolific sources of disease that the human race is addicted to, therefore a free motion of the bowels every day should be the aim of everyone who aspires to perfect health.

One day I saw your advertisement of Milburn's LAXA-LIVER PILLS.

UNCLE JIM'S LETTER

Dear Corner Children: Spring is coming very quickly now. The snow is disappearing and the days are getting warmer. Pretty soon the sap will be running and you will be able to have a "sugaring-off." I hope you have been noticing the crows which are returning. The other birds will be here soon and I am sure we shall be glad to see them again.

Speaking of spring makes us think of Easter, which is only a week away. You will be having holidays then, I suppose, and you must be looking forward to them very much. I wish you would write me about how you are planning to spend your holidays and of the good times you expect to have then.

This week the History pictures tell us about the discovery of Quebec. You have probably read about Jacques Cartier in your Canadian histories. He was a brave adventurer and with the aid of Francis I, King of France, he set sail on a voyage of discovery in 1534. Francis I was a powerful king and though he had a great deal of wealth he wanted more and hoped that Jacques Cartier would discover what was called "the golden land of Cathay." The French ships sailed on and on for a long time but at last they came to land. They passed Newfoundland and landed at Gaspe where Jacques Cartier took possession of the land for God and the king of France. I hope you are finding the History pictures interesting and I wish you would write me what you think of them.

Love to all the Corner Folk,
UNCLE JIM.

BURGESS BEDTIME STORIES

SEEING IS BELIEVING

Of course, I'll believe when I can see
A Fox has really climbed a tree.
—Mrs. Reddy.

Reddy Fox almost lost his temper because Mrs. Reddy wouldn't believe the story he had told her of a strange Fox high up in a tree. Yes, sir, Reddy almost lost his temper. You know, it is very provoking to have people refuse to believe what you tell them when you know positively that it is true. But all Reddy's talking was in vain. Mrs. Reddy never had heard of a Fox climbing a tree, and she simply refused to believe that any Fox had done such a thing.

But though Mrs. Reddy refused to believe, her curiosity was very much aroused. She knew by the way Reddy acted that he really had seen something out of the usual. She even suspected that Reddy really believed his own story. So Mrs. Reddy began spending a great deal of time in the Green Forest looking for that stranger. She heard of him often. Sammy Jay told her about him. So did Blacky the Crow. She wanted to ask them if they had ever seen the stranger in a tree, but she couldn't bring herself to do it. No, sir, she couldn't bring herself to the point of asking if they had seen that stranger in a tree. You see, she didn't want to be laughed at. She was sure that they would laugh at her for asking such a question. She she contented herself with making sure that there really was a strange Fox and that this Fox wore a gray coat instead of a red coat.

Now Mrs. Reddy is quite as smart as Reddy himself, and Reddy is one of the smartest of all the little people in the Green Forest and on the Green Meadows. It seemed as if any one so smart ought to be able to find that stranger, but somehow Mrs. Reddy continually missed him. Time and again she found where he had been, but she was always just too late. You see, Reddy just insisted that it was all true about the stranger climbing a tree.

At last one day Mrs. Reddy found the stranger's trail and the scent was so strong that she knew he had passed only a few minutes before. Mrs. Reddy followed swiftly. This time she hoped to at least see the stranger. Luck was with her. As she she peeked around an old stump, she saw standing out in a little open space, looking back as if he suspected he was being followed, Gray Fox himself.

He was about the size of Reddy Fox, but his legs were longer and he was a little more slender. His tail was not nearly as handsome as Reddy's or as her own. His coat was gray, trimmed with red across the breast, and he was red on the sides of his neck. There was also red on his legs. But as a whole he looked gray, and this was why he had the name of Gray Fox, the Woods Fox.

Mrs. Reddy remained perfectly still, peeping around the old stump. Gray Fox didn't see her, but it was clear that he was uneasy and suspected that somebody was following him. After a moment or two, he turned and lightly bounded away.

The next story: "Gray Fox is Timid."

Mrs. Reddy remained perfectly still, peeping around the old stump.

Instantly, Mrs. Reddy followed him. She found that Gray Fox was a fast runner. Mrs. Reddy is a fast runner herself. You know, before she was Mrs. Reddy, she was Miss Swiftfoot.

Presently, she caught a glimpse of Gray Fox ahead of her. He disappeared behind a little hemlock tree. Mrs. Reddy hurried faster than ever, but when she peeked around that little hemlock tree, Gray Fox was nowhere to be seen. Yet she could see nothing behind which he could be hiding. If ever there was a puzzled Fox, it was Mrs. Reddy. She sat down with her head to one side to study things out. A bit of bark dropped from a tree just in front of her. She looked up. There was Gray Fox halfway up that tree. How Mrs. Reddy did stare!

"Reddy told the truth," she muttered to no one in particular. "Yes, sir, Reddy told the truth."

Plans for raising money for the work were made and a quilt was started. Tea and delicious refreshments, served by the hostess and Mrs. W. Lane, were greatly enjoyed after the busy afternoon.

The annual meeting of the W. I. was held at the home of Mrs. Traver on Tuesday, March 2nd, with all members but one present. The president opened the meeting by asking all to repeat the "Club Women's Creed", after which the minutes of previous meeting were read and approved. Much interest was shown regarding the work to be prepared by the girls for the Canadian National Exhibition at Toronto. The treasurer was requested to pay the 150 per member to help finance the expense of the exhibit.

Reports were given by the conveners of home economics, social service, educational legislation, and these reports were then forwarded to the county conveners. The remaining county conveners were notified that the local organization had not taken up work in those departments.

The secretary treasurer's report stated that nine meetings had been held during the year with the attendance good. Good co-operation had been shown by members, and the meetings were of interest to all. A credit balance was reported by treasurer.

PERSONALS AND GENERAL NEWS FROM DUNHAM

Interesting Items of Happenings at Dunham—Enjoyable St. Patrick's Day Concert Staged.

DUNHAM, Que., March 29.—Mrs. E. A. Buchanan fell on the ice on Monday, and although not seriously injured, was badly bruised about the face and head, and received a bad shaking up. All will be glad to know she is better at time of writing.

In assisting her husband to lay an oilcloth under the stove in the kitchen of her home on Monday, Mrs. Godreau had one of her fingers so badly crushed that it was necessary to amputate it. Mr. Godreau has recently moved his family here from Stanbridge East, and it was while arranging their household effects that the accident happened.

A most enjoyable St. Patrick's social was held on March 17 in the class room of the United Church. The evening's festivities were opened at 7 o'clock by a splendid supper of very satisfying foods served by the Ladies, under whose auspices the social was held. Following the repast a unique radio programme from station "PAT" was given, interspersed by vocal solos. "The bedtime story" was an Irish romance. Pencils and papers were handed out, and the romance was written out with the blank spaces to be filled in with the proper word to complete the romance. Miss Lee and Miss McKelvey were the successful winners. Masters Robert McElroy, Halton Turner and George and James Day were irresistible in the whistling chorus, "Tipperary," and for an encore "The Wearing of the Green." Mrs. O. C. Selby gave a fashion talk and foretold green as the popular color for spring. A peanut hunt and stunts of various kinds proved attractive features for the young people and children. The room was prettily decorated with Ireland's favorite color and emblems. The table decorations were especially pretty and attractive with shamrocks in abundance. Much credit is due Miss Eunice McKelvey and her committee, Mrs. Forde, and the Misses Calahan and Benham, for the pleasing appearance of both room and tables, and to Mr. Forde, Mrs. Brown and Miss Jane Brown for the unusual programme. "God Save the King" brought a very pleasant evening to a close.

Motorists Already Benefit By NEW TIRE WARRANTY Instituted January First, 1926

It is now three months since the Tire Manufacturers of Canada put into effect the 90-day Warranty on tires.

It will be remembered that, starting Jan. 1st, 1926, all standard tires have been sold in Canada under a full guarantee against defects of workmanship or material for 90 days from the date of first road-wear (180 days in the case of solid tires).

The benefits of this policy to the motorist were pointed out at the time of its announcement.

You were told of the great improvements made in tire construction. You were told of the high average mileage being given by standard tires—mileage so good that the old basis of adjustment had ceased to mean anything. You were told why Tire Manufacturers now sell their tires under this Warranty, knowing that any defect will show up within 90 days.

The success of the 90-day Warranty's operation in the United States, during the past two years, was reasonable assurance that the Warranty would also benefit motorists in Canada. Already those benefits are apparent. The practically complete elimination of the professional adjustment-seeker is reducing tire costs to the motoring public. Using the old adjustment as a bait to sell poor tires is almost a thing of the past. Every honest motorist who wishes only to get good value for his tire money is protected as he never was before.

Now that the motoring season is really beginning, the benefit of the 90-day Warranty will become more and more apparent.

EASTER WILL SEE MANY TRAVELLERS

The unusually long week-end at Easter permits travelling distances which would be impossible in a shorter period. Thousands are arranging to visit the home folks or out-of-town friends.
The Canadian National Railways are making special arrangements to provide the public with every travelling comfort. Extra sleeping cars, etc., are being kept in readiness to meet the demand for accommodation to New York, Boston, Atlantic City, Washington, Sherbrooke, Quebec, Ottawa, Toronto, Hamilton, Detroit, Chicago, etc., and where necessary extra sections of trains will be operated. Nevertheless as it is impossible to estimate the number of those who intend leaving town to make their reservations, both going and returning, as soon as possible.
It is also possible to deliver tickets to persons out-of-town by depositing the amount of the ticket with the local Canadian National Agent.
Any Canadian National representative or A. M. Stevens, C.P. and T.A., 23 Wellington Street North, Phone No. 88, will be pleased to make your reservations, etc.

OTTAWA, CENTRE OF CANADA'S NATIONAL LIFE

Ottawa, the centre of Canada's National Life has many advantages that are unrivaled by any capital city the world over. Nature gave with lavish hand when the Capital's site came into being. The city itself is situated on an imposing bluff which overlooks the majestic Ottawa and Rideau rivers.
In 1910 the main Parliament building was destroyed by fire, but in its place has risen a magnificent pile, a wealth of stone and marble, rich in decoration, which excels any other building in the Dominion. Among the other noteworthy government buildings are Rideau Hall, residence of the Governor-General; Dominion Observatory; Victoria Memorial Museum; the Archives; Royal Mint; new Customs Building and the Supreme Court. The Pulp and Paper Mills, the Match factory and other industries at the Chaudiere will not be overlooked by those interested in the industrial progress of the Dominion.
Visitors will find their comfort catered to by splendid hotels. The principal of these is the magnificent Chateau Laurier, situated in Major's Hill Park and commanding a splendid view.
You should visit your Capital and when you decide to do so ask any Canadian National ticket agent to plan your trip, make reservations, etc., or see A. M. Stevens, C.P. and T.A., 23 Wellington Street North, Sherbrooke, Que., Phone No. 88.

She—Do you think my voice will ever be suitable for opera?
He—Stage or boxes?
THE ORATOR ON "WE."
For the first time in its history, WE will issue a report of the City's doings and standing—the best WE know how. WE show things as they are, not as they should be, by any means, besides, only a very few can understand them, whether they be right or wrong. WE issue 500 of them to be called for at the City Offices within a few days. If more taxpayers do not understand these reports, it is regrettable, for there is much to be learned from them. If errors have been made in the past, they will serve as examples for the future. This city is approaching a turning point in its existence, a detour, as it were, and in future, many of its losses will be turned into profits. We have already begun this reverse. During the last 18 months WE have made excellent showings in economizing. WE have now conducted our permanent improvement work, that WE have not operated the Stone Crushing Plant last winter, thus saving the average cost of \$30,000, and by using gravel instead of crushed stone last season, WE saved another \$30,000, and this saving will continue indefinitely so long as the city needs stone for concrete work or road making.
WE have not called upon the citizens for an appropriation this year, because WE saved enough on our permanent paving to enable us to carry on this year's work without it. The same is true for all the other departments. WE have made worthy savings in every branch of the city's operations, even to that of providing for the poor; for WE intend in the future not to encourage poverty in the community. WE would have accomplished still greater things if WE had only taken more advantage of the good advice, or rather, the wholesome suggestions offered by the public. WE neglected to profit by in the past. WE will endeavor to benefit by in the future. WE are only beginning to open our eyes to the lack of knowledge we possess, of how to conduct public affairs successfully. The fact is, there is so much to learn in this thing, and WE have so little time to study them, owing to our personal affairs, that WE really cannot afford to sacrifice our own interests for the benefit of the public. This is one reason of our not succeeding better. If WE only had a few more Christophers to assist us (Mr. Edwards, who is to be our next Mayor, has acknowledged this) or, if WE only paid more attention to his sound suggestions, WE certainly would have succeeded much better. This is an open confession, which is good for the soul, likewise to our municipality. In future WE will not treat suggestions of improvement to our city with contempt, or even derision, as WE have done in the past, but will accept them in the same spirit of faith and honesty they are offered, and as WE solicit such assistance, WE will thank those who may be so interested in our welfare, and our thankful sentiments will be expressed in a manner becoming any body of intellectual business (servants) men.
WE admit that a special vote of thanks is due Christopher (but will he get it?) for the wholesome suggestions he has already offered for the general improvement of the city, and which have achieved so much already, and will continue to do so as time goes on. WE admit WE owe him an apology for not expressing our appreciation of his services before this, and WE trust, that he will accept this apology as generously as it is offered, and also WE trust that never again will our negligence, or indifference, in such matters, betray our courtesy, or judgment. If there be other Christophers in our midst, and they follow the good example of the original one, their suggestions will not be slighted, even though they may not be approved, but will receive the same considerate acknowledgement. H.H. Morency, Real Estate, Etc., Etc.

APPROPRIATE SERVICES AT PLYMOUTH

The services in Plymouth Church yesterday were in keeping with the observance of Palm Sunday. In the morning, the choir sang Faure's "Palms" with fine effect. At the evening service, the anthem was Parker's "Jerusalem", which was admirably rendered, the recitative being sung by Mr. Robert Smith. Miss Baldwin's singing of Campion's "Ninety and Nine" was most appropriate to the whole spirit of the service.
Dr. Read had recovered from his recent illness and was able to preach. He was assisted by Dr. W. O. Rothney both morning and evening, who conducted the service of worship.
The beautiful floral decorations were in commemoration of Mrs. Andrew Paton, who was a member of the church for fifty-eight years, and who passed from this life just before Easter last year.

RALLY OF C. G. I. T. TO BE HELD HERE

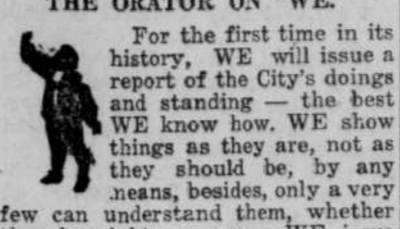

A rally of Canadian Girls in Training from all parts of the Eastern Townships will be held in Sherbrooke on April 17th and 18th. Miss D. L. Gass, Provincial Secretary of the Girls' Work Board, will be in charge.
The programme will be largely put on by the C. G. I. T. groups of Sherbrooke and Lennoxville, who will exemplify the fourfold life. It will include a hike, at lesson, ideal business meeting, devotional meeting, missionary play and "stunts". A cafeteria supper will also be a feature.
On Sunday morning, April 18, the girls will attend one of the churches of the city in a body, and on Sunday afternoon, at four o'clock, the rally will close with a service of worship, conducted by Miss Gass.
As this rally is being put on especially for the Eastern Townships girls and leaders, it is earnestly hoped by those in charge that as many as possible will endeavor to come to Sherbrooke for the purpose.
Billets will be provided for the visitors. A small registration fee of thirty-five cents will be charged. All those intending to be present at the rally are requested to notify Miss I. R. Nourse, secretary of the local Girls' Work Board, 9 Elizabeth St., on or before April 8th, if possible.

TWENTY-NINE BELOW COLDEST THIS WINTER

The coldest day experienced in Sherbrooke during the past winter was on February 23rd, the mercury on that date dropping to twenty-nine degrees below zero. This failed to come anywhere near the record established the previous winter, however, when, on January 28th, 1925, the weather man furnished a frigid spell that sent the thermometers of the city down to the forty-eight below zero mark. According to reports from the Dominion Experimental Station at Lennoxville, the past winter, on the whole, was a comparatively mild one.
The winter of 1925-26 has it over the previous winter so far as the snow fall is concerned. During the past season, a total of ninety-nine inches, or eight and one quarter feet of snow has fallen up to the present time. The previous winter's total snowfall was seventy-one inches, or one inch less than six feet.
It was the present month that helped swell this year's total snowfall. In all, twenty-two inches of snow fell in the twenty-seven days of this March, as compared with ten inches last year.
Another taste of winter weather, though mild, was experienced in this vicinity over the past week-end. Early this morning, the thermometer in the city stood at ten degrees above zero, and until the sun had been out sufficiently long enough to warm things up, the air had an extremely noticeable snap to it.

THE ORATOR ON "WE."

For the first time in its history, WE will issue a report of the City's doings and standing—the best WE know how. WE show things as they are, not as they should be, by any means, besides, only a very few can understand them, whether they be right or wrong. WE issue 500 of them to be called for at the City Offices within a few days. If more taxpayers do not understand these reports, it is regrettable, for there is much to be learned from them. If errors have been made in the past, they will serve as examples for the future. This city is approaching a turning point in its existence, a detour, as it were, and in future, many of its losses will be turned into profits. We have already begun this reverse. During the last 18 months WE have made excellent showings in economizing. WE have now conducted our permanent improvement work, that WE have not operated the Stone Crushing Plant last winter, thus saving the average cost of \$30,000, and by using gravel instead of crushed stone last season, WE saved another \$30,000, and this saving will continue indefinitely so long as the city needs stone for concrete work or road making.
WE have not called upon the citizens for an appropriation this year, because WE saved enough on our permanent paving to enable us to carry on this year's work without it. The same is true for all the other departments. WE have made worthy savings in every branch of the city's operations, even to that of providing for the poor; for WE intend in the future not to encourage poverty in the community. WE would have accomplished still greater things if WE had only taken more advantage of the good advice, or rather, the wholesome suggestions offered by the public. WE neglected to profit by in the past. WE will endeavor to benefit by in the future. WE are only beginning to open our eyes to the lack of knowledge we possess, of how to conduct public affairs successfully. The fact is, there is so much to learn in this thing, and WE have so little time to study them, owing to our personal affairs, that WE really cannot afford to sacrifice our own interests for the benefit of the public. This is one reason of our not succeeding better. If WE only had a few more Christophers to assist us (Mr. Edwards, who is to be our next Mayor, has acknowledged this) or, if WE only paid more attention to his sound suggestions, WE certainly would have succeeded much better. This is an open confession, which is good for the soul, likewise to our municipality. In future WE will not treat suggestions of improvement to our city with contempt, or even derision, as WE have done in the past, but will accept them in the same spirit of faith and honesty they are offered, and as WE solicit such assistance, WE will thank those who may be so interested in our welfare, and our thankful sentiments will be expressed in a manner becoming any body of intellectual business (servants) men.
WE admit that a special vote of thanks is due Christopher (but will he get it?) for the wholesome suggestions he has already offered for the general improvement of the city, and which have achieved so much already, and will continue to do so as time goes on. WE admit WE owe him an apology for not expressing our appreciation of his services before this, and WE trust, that he will accept this apology as generously as it is offered, and also WE trust that never again will our negligence, or indifference, in such matters, betray our courtesy, or judgment. If there be other Christophers in our midst, and they follow the good example of the original one, their suggestions will not be slighted, even though they may not be approved, but will receive the same considerate acknowledgement. MAN'S ACTION AGAINST WIFE IS DISMISSED

Court Declared Deed Legal in Connection With Purchase of Property at Scotstown.

His Lordship Mr. Justice Archambault rendered an important decision in the case of Alfred Marler, plaintiff, of Scotstown, against his wife and A. M. MacKenzie, mis-en-cause, in which he maintained the defendant's pretensions and dismissed the plaintiff's action with costs.

Mrs. Marier through her attorney, contested her husband's action alleging that the property was bought for her and paid by her and that the money had been earned by her through her daily work for others, and further that the deed was made in her name, also that all the money which she earned was given to her husband, who was to pay the same on account of the purchase price, and that the plaintiff in the month of April offered her \$300 if she would renounce her right to the property in question.

'OLD HOME WEEK' TO BE DECIDED THIS EVENING

Board of Trade Will Hold Public Meeting in City Hall at Eight O'Clock to Decide Whether Suggestion Will Be Carried Out—Large Number of Delegates Expected to Attend Meeting.

Whether or not Sherbrooke will have an "Old Home Week" as a celebration for the fiftieth anniversary of the granting of the City Charter is to be decided at a public meeting, which is to be held in the City Hall this evening at eight o'clock.

This meeting is being held under the direction of the Sherbrooke Board of Trade, and it is expected that a large number of delegates, representing different religious, charitable, patriotic, fraternal and sporting organizations of the city will be present.

A meeting was held some time ago, under the presidency of His Worship Mayor Braut, for the purpose of discussing this matter. The number present at the meeting, however, was so small that the meeting did not have any definite results.

The officials of the Board of Trade have stated that they hope to settle the question definitely this evening. The number of delegates who attend the meeting will decide whether the "Old Home Week" suggestion is favorable to the citizens generally and whether or not it will be adopted as a fitting manner in which to celebrate the City's fiftieth birthday.

TORONTO GIRL WON SPEED TYPING HONORS (Associated Press Despatch) TORONTO, March 29.—Miss I. NORTH WARD NOMINATIONS TOMORROW

Between 10 and 11 O'Clock Tomorrow Morning Mr. A. Deslauriers, City Clerk, Will Accept Nominations for Seat Rendered Vacant by Ex-Alderman Skinner's Resignation.

Between the hours of ten and eleven o'clock tomorrow morning the electors of the north ward will be called upon to nominate a representative for that section of the city on the council to replace ex-Alderman A. C. Skinner, who resigned. The nominations will be received at the City Hall by Mr. A. Deslauriers, the city clerk.

Dr. F. H. Bradley was the unanimous choice at a public meeting of north ward electors held in the City Hall on Thursday evening last, and the general opinion is that Dr. Bradley will be elected as north ward representative by acclamation.

Should no other resident be nominated between the hours of ten and eleven o'clock tomorrow morning, Dr. Bradley will be elected by acclamation, and will be allowed to take his seat at the next regular meeting of the council, on Tuesday next, April 6th, which is also the last meeting of the council before the other municipal elections. Should there be a contest in the north ward, however, which is very unlikely, the election will be held on Tuesday, April 6th.

The north ward nomination is being held earlier than the other nominations, by order of His Worship the Mayor.

THREE VILLAGES COMMERCE BODY HELD BANQUET

First Meeting Proved One of Marked Enthusiasm—Col. J. Bruce Payne, Granby, and Mr. H. L. Ford, Burlington, Vt., Were Speakers.

STANSTEAD, Que., March 29.—The first banquet of the International Chamber of Commerce, held at the Derby Line Hotel Monday evening, was a decided success in every way, some one hundred and twenty evincing their interest and enthusiasm, not only by their presence, but by the spirit in which they entered into the occasion.

Mr. W. E. Learned presided, and with him at the head table were a number of officers and committee men on the newly organized chamber, also the speakers of the evening, Mr. H. L. Ford, of Burlington, Vt., secretary of the Greater Vermont Chamber of Commerce, and Col. J. Bruce Payne, of Granby, president of the Eastern Townships Associated Boards of Trade.

Mr. Ford spoke particularly of "tourists" and their growing influence in the development of the country.

At the beginning of his address he congratulated the chamber upon its unique international position, pictured its opportunities as he saw them, and expressed the belief that it would have a wide influence in the development of the two countries, whose people were alike, and whose ideals, aims and ambitions were the same. Between the two countries there was only an "imaginary line," and between the two the utmost harmony must continue to exist. In this connection, the speaker said his own ancestors had originally come to America from Londonderry, Ireland, so he thought he might claim to have a bit of British blood in his own veins. Returning to his subject, Mr. Ford said he thought it remarkable—almost miraculous—that the local organization could have mustered two hundred members in so short a time, but he cautioned the assembly against future indifference. In many instances there was a tendency to elect officers and then to throw all of the work as well as the responsibility upon them. Through co-operation only could permanent

Social and Personal

Mr. Norris Robins, High Street, spent the week-end in Quebec.

Mr. Jack Wiggins, of Delson, was in town over the week-end.

Mr. J. M. Rennie, secretary-treasurer of the E. T. Kennel Club, was in Montreal during the week-end to attend a meeting of the Montreal Kennel Club. Mrs. Rennie, who accompanied him, remained for a longer visit.

Guests registered at the New Sherbrooke House over the week-end include Mr. J. A. Lapointe, of Quebec City; Mr. M. Whitty, of Richmond; Mr. J.R. Allard, of Coaticook; Miss Jessie McLeod, of Magog; Mr. E. W. Johnston, of Cookshire; Mr. E. P. Wilson, of East Angus; Mr. and Mrs. R. O. Harvey, of New York City; Mrs. J. A. Wright, of Pottsville; and Mr. Harry Jessing, of Eustis.

Success be achieved. Mr. Ford declared his belief in the church as the bulwark of civilization and the centre of community spirit. He made a strong appeal for co-operation for the development of the industrial, commercial, agricultural and educational interests of the community, forgetting religious, racial and political differences. "Throw away your wishbone, straighten up your backbone, throw out your jaw bone. Get back of your International Chamber of Commerce and push, then success will be yours," were his closing words.

Col. Payne. Col. Payne dealt particularly with the Eastern Townships and the work of the "Associated Boards."

The nine counties referred to had an annual production of one hundred and fifty-five million dollars, their exports to United States amounting to \$19,892,901. Of asbestos, the Eastern Townships exported \$6,499,992, of hard-wood logs \$1,351,918, copper 11,180,000 lbs., dairy products \$2,704,169, \$2,600,000 of this being cream. The annual shipment of logs, all told amounted to \$123,359, of Christmas trees \$86,554, pulpwood \$953,578, paper base stock \$2,827,426, paper \$2,869,402, maple sugar 3,492,002 lbs., wool in grease 481,129 lbs.

Col. Payne deprecated the export of raw materials, particularly of hard-wood logs, asbestos and copper, for these, he said, were followed by the young men of Canada, who went to work them up in the United States. He thought these materials should be retained in Canada to be worked up by Canadian labor, for the benefit of Canada. He was glad to say, however, that whatever the problems of other sections of the country might be this was not a matter which seriously affected the Eastern Townships. For returns showed that only \$3,180 in household effects were taken out of this territory during the year. He thought if all the advantages of the Townships were revealed and everything, including the hospitality of the people, were understood, these would come back and bring with them perhaps \$300,000.

The "Associated Boards" were now considering community affairs rather than industrial interests. Turning to broader problems, Col. Payne expressed the conviction that the greatest question of the day was what can be done to bring the nations of the earth closer together. In this connection he referred to the Gerard essay competition, urging the youth of the country to take part.

Col. Payne thought international chambers of commerce should be established all along the three thousand miles of frontier, not for the promotion of trade alone. In his opinion there was something deeper. They should be for the promotion of that spirit which prompts one to say, "I must labor for my neighbor." Brotherhood which should bring the two nations more and more closely together, in their social intercourse, in their work for the general benefit of mankind throughout the world, working energetically and harmoniously together for the elimination of wickedness and vice, and for the maintenance of true religion and virtue. Coordinating along these lines, we would merit and obtain God's richest blessings upon all our laudable undertakings.

At the close of Col. Payne's address a vote of thanks was moved by Mr. A.L. Fuller, seconded by Mr. John Macdonald, and vigorously supported by the handclapping of the gathering.

Mrs. Archibald Abercrombie Bowman (Louise Morey Bowman), who has been visiting Miss Katherine Edgell, Melbourne street, is the guest of Mrs. F. A. Briggs. Mrs. Bowman returns to Montreal tomorrow.

Mrs. Allan Bayley, Miss Buck, Miss Edwards, Miss Pauline Dastous and Miss Cynthia Adams were the hostesses on Saturday afternoon at the tea given by the Artillery Badminton Club. Mrs. Bayley presided at the tea table.

A successful tea and food sale was held in Plymouth Church Hall under the auspices of the Guild on Saturday afternoon. The hostesses for the tea were Mrs. A. R. Kendall, Mrs. G. Knapp and Mrs. G. D. Wadsworth, while Mrs. H. A. McCrae and Mrs. J. E. Riggs poured. The tables looked most attractive with mauve streamers and daffodils. In connection with the sale, the Misses S. Hall and K. Fales had charge of the fancy-work table. Mrs. E. Kellett the candy table, and Mrs. G. K. Fuller and Miss Agnes Duncan the food table. The proceeds from both the tea and sale were very gratifying.

CITY BRIEFLETS

THE FEAST OF PASSOVER With sunset this evening the Jewish race the world over will enter upon the feast of the Passover, which is one of the most important feasts in the Jewish religion. This festive time will continue until sunset on Tuesday next week, April 6. This year Passover comes early, on March 30th. Services in the synagogue and a family service, called the Seder, mark its opening. The Seder is held on the eve of the feast and is one of the happy family events of the year. It frequently brings the scattered members of a household together from great distances. The service at the family table consists largely in recounting the old story of the winning of freedom through God's providence. Its symbols, unleavened bread (matzos), the lamb bone, bitter herbs and various other things, recall the incidents of that first redemption history with all its happiness and all its bitterness. Old as the feast is, it is still modern in its appreciation of freedom and its expression of gratitude to God for His guiding providence and for the plenty with which the Jewish people are blessed.

LENNOXVILLE

The local groups of Canadian Girls in Training entertained the group of St. Peter's Church, Sherbrooke, in Douglas Hall on Friday evening. In the afternoon the girls went for a hike, the keen March air making the day an ideal one for the purpose. The guests were entertained at supper by the local groups, and an hour spent in games concluded the day.

Mr. James Bassett, of Edmonton, formerly of Lennoxville, returned home on Thursday after spending a week the guest of his son, Mr. Harold Bassett.

The choir of the United Church was assisted yesterday at the services by Mr. and Mrs. F. A. Johnston, of Ayer's Cliff. Mrs. M. W. Clift, wife week-end guests of friends in town.

BOY SCOUT NEWS

2nd Sherbrooke Troop Last Wednesday night, the 2nd Wolf Cub pack held a meeting in the William Street Armory, when a splendid programme of games was carried out. The entire evening was devoted to games, under the direction of C.M. Clarence Price and A.C. M. Hunter. At the close of the meeting, refreshments were served by the Mothers' Auxiliary, and were very much enjoyed.

At the meeting on Friday night, a large number of Scouts were present. After the usual opening, a special game was run off under the direction of Mr. K. Muzzev. During patrol corners the Wild Goose patrol carried out a programme of tenderfoot work under Patrol Leader A. Price. The Lynx and Crow patrols used the instruction period for first class work, while the Beavers received instruction on the Pathfinders' badge. Mr. H. Saunders examined a number of Scouts for the Quirouet signalling medal. After another snappy game, P. L. Brownlow gave a very interesting talk on the Scout uniform, in which he explained the uses of the several different parts of it, such as the neckerchief, hat, belt. Emphasis was also laid on the necessity of having a uniform. Songs and yells were interspersed in the programme. The meeting closed with the National Anthem.

On Saturday afternoon a sugaring-off hike was held to the Lynx Lair log cabin. Several Scouts went on ahead in the morning and had a good warm fire going by the time the main body arrived. The afternoon was spent in the practicing of Scout tests such as fire lighting, tree felling (demonstration only), and judging. Then came the most important part of the afternoon, the sugar-on-snow, which was served by T. L. Waller to a tired and hungry group of Scouts. After a light lunch the hikers returned home, all agreeing

THE STAGE AND SCREEN

AT THE PREMIER THEATRE

The parable of the prodigal son, famous Bible story, has been brought to the screen in Paramount's film version of "The Wanderer," which will be the feature attraction at the Premier Theatre today, tomorrow and Wednesday.

Jether, (played by William Collier, Jr.) son of Jesse, (Tyrone Power) is weary of the monotony of his shepherd life and longs to see the great city beyond the hills.

Despite the entreaties of his mother (played by Kathlyn Williams) and the maiden Naomi, (enacted by Kathryn Hill) he demands his portion and leaves for the city.

Here he meets the siren Tisha, (portrayed by Greta Nissen). He falls in love with her and squanders his fortune in idle and luxurious living. Vexed that he is unable to buy her a trinket she craves, Tisha transfers her affections to Pharis, a wealthy sea captain (played by William Beery).

Jealous and desperate, Jether yields to the temptation of Tola, (Ernest Torrence) to play with loaded dice. He is discovered and humiliated. Breaking through the drunken crowd, he goes to Tisha whom he finds in the arms of Pharis. He reproaches her bitterly and leaves her.

But the lure of the charmer is too strong and he returns to her. Tisha demands a proof of his love and tells him he must renounce his God and sacrifice to Ishtar, the pagan goddess.

At first he revolts. Then he yields with a dumb-bell every day.

and makes oblation to the strange idol.

For Thursday, Friday and Saturday the feature attraction at the Premier Theatre will be Hoot Gibson in "The Calgary Stampede".

In this picture there is also a very well-selected cast supporting the star.

The story of this picture, which was filmed in Calgary, Canada, revolves about the adventures of a cowboy who is wanted by the Canadian Northwest Mounted Police.

All the principals in the story congregate in Calgary during the Stampede and lively action of the type which has made Gibson famous punctuates the actual history, which was the biggest in festival, due to its being the celebration of the fiftieth anniversary of the establishment of Fort Calgary and the coming of the Northwest Mounted Police to Alberta.

AT THE CASINO THEATRE

"Bright Lights," with Charles Ray and Pauline Starke and a fine supporting cast, including Lilyan Tashman, Lawford Davidson, Ned Sparks and others will be the feature picture at the Casino Theatre for today, Tuesday and Wednesday.

The production is said to be a colorful depiction of the life of a Broadway chorus girl who tires of the sham of her butterfly existence and goes back to her mother in New Jersey. Here she meets a young farmer, who gets the mistaken idea that in order to win her he must go to Broadway and obtain more polish. The ensuing complications are not of the usual sort, and the picture is one which is said to delight the eye as well as being excellent entertainment.

Glen Tryon, who is being starred by Hal Roach in a series of novelty feature comedies, will be seen in the leading role in "The White Sheep," which will be shown at the Casino Theatre the last three days of this week beginning on Thursday.

"The White Sheep" in the picture is the youngest son of "Fighting Nelse" Tyler, a hard-hitting pioneer whose two elder sons follow in his belligerent footsteps. They are a scrappy family, fighting among themselves when no better material is available, but Toby is the problem of Father Tyler's life. He won't fight and because of this constantly cast reflection on the family's reputation.

However, Toby makes up with cleverness what he lacks in fistic ability.

G. J. ALEXANDER LAID TO REST AT RICHMOND

Funeral, Under Auspices of St. Francis Lodge, A.F. and A.M., Was Largely Attended—Other Richmond News of Interest.

RICHMOND, Que., March, 29.—The funeral of the late Mr. George James Alexander took place yesterday afternoon from his late residence on College Street. The funeral was under the auspices of his Mother Lodge, St. Francis, A. F. and A. M., and was one of the largest seen in these parts for many years. The brethren of the Lodge, with many visiting brethren from outside points, marched from the lodge rooms to the house, where the beautiful service for the dead was rendered by the W. M., of the Lodge, with the assistance of his officers.

At the conclusion of the Masonic Service, Rev. Mr. Crsik conducted a very beautiful service, Revs. Coates and MacLeod reading the lessons. Mr. Crsik spoke very fittingly from the words, "Lo, I am with you always, even unto the end," and made very appropriate reference to the many splendid traits and qualities of the departed citizen, the church member and friend. Mrs. E. H. Bradley, of Sherbrooke, sang very effectively the hymn "Jesus, Lover of My Soul," to the setting of "Dykes." The other hymns, "When on my Day of Life the Night is Falling" and "Peace, Perfect Peace," were sung by a united choir of the churches of the town, with Mr. George A. Brooks as pianist.

Mr. Alexander leaves behind him a memory of friendship and service rendered which will be an inspiration to all who knew him. From the house the large cortege marched to St. Ann's Cemetery, where the committal service of the church was rendered as also the solemn and appropriate service of the Masonic Order. The pall-bearers were Messrs. Isaac Bidgood, H. E. Bieber, E. W. Melver, H. A. Jones, A. MacRae and E. C. Atkinson.

LADY CURLERS CLOSE SEASON AT GRANBY

Large Attendance at Final Meeting—Interesting and Encouraging Reports Presented—Officers Elected.

GRANBY, March 29.—There was a large attendance at the closing of the Granby Ladies' Curling Club held at the club house on Monday evening, March 22nd, with the president, Mrs. C. H. Bradford in the chair.

The president, in her opening remarks, spoke of the splendid season just brought to a close, the favorable weather for curling and the pleasure the ladies had had and said that she for one, was sorry it was over.

The chairman of the match committee, Mrs. George Jackman, gave a report of the number of matches played throughout the winter, that two rinks of ladies from St. Andrew's Club, Montreal, had played in Granby, and two rinks from Outremont, also, both events being much enjoyed.

Mrs. J. G. Fuller, chairman of the entertainment committee, reported that two suppers had been given by the ladies at the club house, four bridges and that after each of the seven bonspiels, refreshments had been served. Two luncheons also had been served, one on the occasion of the visit from the ladies of St. Andrew's Club, and the other for the ladies from Outremont.

The president then spoke of the prizes, over forty of which had been donated during the season, many being for bonspiels and were presented immediately at the close of the game. The remaining prizes were presented at this meeting.

The president, Mrs. C. H. Bradford reading the names, and the vice-president, Mrs. C. A. McDonald, presenting them, as follows: President's prize, Mrs. A. E. Solomon, Mrs. Geo. Jackman, Mrs. A. A. Stewart and Miss Anna Goyette, donated for doubles and won by Mrs. Hollis and Mrs. C. P. MacDonald; Charity bonspiel in aid of the Children's Memorial Hospital, donated by the entertainment committee, Mrs. J. G. Fuller, Mrs. W. F. Giddings, Mrs. J. S. Mullin and Mrs. John McDonald, won by Miss McIntosh, Mrs. V. MacHutchin, Miss Anna Goyette and Mrs. A. A. Stewart (skip); Bonspiel with prizes presented by Mrs. J. J. Connelley, of St. Lambert, Mrs. A. E. Solomon, Mrs. J. S. Mullin, Mrs. J. B. Travers, Mrs. J. G. Fuller (skip); Challenger cup, donated by Mayor P. E. Boivin, the holder for this year is Mrs. J. G. Fuller, who successfully defended the cup the greatest number of times, her rink being Miss E. Simpson, Miss L. Lyrell, Mrs. Lawrence Smith, Mrs. J. G. Fuller (skip). Their names engraved upon a silver shield which will be attached to the base of the cup.

Mrs. C. P. MacDonald having defeated Mrs. J. G. Fuller in the last match, was resulted in a tie of 7 to 7, another end having to be played which Mrs. MacDonald's rink won by 2 points, the latter, therefore, is the holder of the cup until the opening of the next season.

Mrs. C. H. Bradford with a beautiful bouquet of flowers as a tribute of appreciation for her splendid services as president during the past two years.

Mrs. Bradford made a suitable response of thanks, saying it had been a great pleasure to work with the ladies and although she felt she must resign the office, yet she would still do all in her power to aid the club in any way possible.

The election of officers followed and resulted as follows: Honorary President, Mrs. S. H. C. Miner, re-elected; President, Mrs. A. A. Stewart; Vice-President, Mrs. C. A. McDonald, re-elected; secretary-treasurer, Mrs. A. E. Solomon.

There being no further business, tables were arranged for a game of bridge, the prizes being won by Miss Anna Goyette and Mrs. Herbert Giddings for first and second highest scores. Refreshments were served at the close of the game. The committee for the evening being Mrs. C. P. MacDonald, Miss G. Monty, Miss M. Wallace and Miss V. Renaud.

"OLD CURLERS" ENTER-TAINED. The unofficial closing of the Granby Curling Club was held at the club house on Saturday evening last, when the "old curlers" entertained the "green curlers" to a chicken pie supper, about sixty-five being present. The green curlers prize, a pair of irons, donated by Mr. W. H. Miner, were presented to the winner, Mr. Gardner, and the runner-up, Mr. J. C. St. Pierre, was presented with a handsome shaving set, donated by Mr. C. P. MacDonald.

The president, Col. J. Bruce Payne, and all the members were unanimous in declaring this to have been the best season in the history of the club, the weather conditions making it possible to enjoy three months of steady curling. There is talk of enlarging the rink and adding another sheet of ice, the membership being now so large as to warrant it.

Explaining the adjective "Tried your new auto yet?" "Yes, had a fine ride." "Go fast?" "Not so fast as the cop. That's where the fine came in."

PROTESTANT SCHOOL BOARD AT BURY MET Large Representation of Ratepayers—Moss School Now Part of Brookbury Consolidation—Teachers for Next Year Selected.

BURY, Que., March 29.—A meeting of the Protestant School Board was held at the town hall on Thursday afternoon, with Commissioners Jas. E. Groom, A. Pehleman, A. Dougherty and John F. Martin in attendance. There was a large representation of ratepayers present, more particularly from the Moss school district, the Canterbury district and the Keith school district.

A petition was received asking that the closing of the Keith school, which had been decided on at the previous meeting, be not carried into effect. After considerable discussion it was decided to leave the question in abeyance for the time being.

Letters from the Department of Public Instruction in reference to the inclusion of the "Moss" school in the Brookbury consolidation were read, after which a resolution was passed joining that district to the consolidated area.

The question of the Canterbury consolidation was left over until further word is received from the provincial educational authorities.

The resignation of Mr. C. O. Whitman, principal; Miss M. E. Rodgers, intermediate teacher, and Miss Agnes I. McLean, elementary teacher, of the Bury intermediate school, were received and accepted.

The board then turned their attention to the very large number of applications from teachers for positions under this board.

Subject to acceptance by the parties concerned, the following teachers were selected: For the intermediate school, principal, Mr. Thomas Cleland; for the intermediate room, Miss Edna J. Small; for the elementary room, Miss Mary H. MacDonald. For the Brookbury consolidated school: Principal, Mr. O. T. Pickford, B.A.; for the elementary room, Miss M. H. MacRitchie; for the primary room, Miss Margaret McLeod.

Appointment of teachers for the district schools were not made at this meeting owing to the uncertainty as to how many will be required with the question of consolidation still in the air.

General Notes. Service will be held in St. Paul's Church on Good Friday at 10.30 a.m. The services on Easter Sunday in the parish of Bury will be as follows: Holy Communion and sermon in St. Thomas Church, 9 a.m.; Holy Communion and sermon in St. Paul's Church, 11 a.m. Children's service, 2.30 p.m. and Evensong and sermon at 7 p.m. On Easter Day every loyal member of the English Church is expected to attend church.

APPROVE BILL FOR PUBLIC AND UTILITY BOARD

Board to Control Affairs of Municipalities and Keep Them Financially Sound.

(Associated Press Despatch) WINNIPEG, Man., March 29.—As being a start in the direction of having a local government board in Manitoba, the principle of which was heartily endorsed, representatives of opposition groups in the Legislature have placed themselves on record as approving of the government's bill for creating a municipal and public utility board. They made it clear, however, that they are not satisfied with some of the 184 clauses of the measure, which is one of the longest ever presented to the House, and would make a strenuous fight to get amendment effected in committee.

Under the legislation a board of three, a chairman and two part-time members, will be created to control the affairs of municipalities and keep them financially sound and to administer the public utility act, under which control is exercised over sale of company shares.

GOT \$450,000 FOR SELLING FAKE STOCK

After Three Years of Swindling Friends and Relatives, Husband and Wife Are Placed Under Arrest.

(Associated Press Despatch) NEW YORK, March 29.—Mrs. Grace O. Bange, and her husband, a forty dollar a week clerk, were placed under arrest today charged with swindling friends and relatives out of nearly \$450,000 in fictitious stock transactions.

Mrs. Bange admitted to police, they say, that she told friends she was able, as an executive of the American Telephone and Telegraph Company, to buy the company's stock at par, which is under the market price. They flocked to her, asking her to invest money for them, and she gave them receipts but no stock. From time to time she paid dividends out of capital to keep them satisfied and spent the rest in luxurious living for the past three years.

The heaviest loser police believe is H. A. Denniston, an executive of the Standard Oil Company, employer of the husband, Charles W. Bange. Mr. Denniston, police were told, paid \$75,000 for the fictitious stock.

All were satisfied with receipts for their money and dividends when due, until one victim decided he would like to see his stock. He went to the Telephone Company and found that his name was not listed as a stockholder. The company got in touch with the police immediately.

Mrs. Bange's assertion that all the money has been spent except about one thousand is discounted by police who are looking for more put away in safe deposit boxes.

SELLING WAVE SENT STOCKS TO LOW RECORDS

U. S. Steel Common, General Motors and Hudson Were Among Fifty or More Issues to Establish New Low Levels for Year.

(Associated Press Despatch) NEW YORK, March 29.—A wave of selling orders swept over today's stock market, carrying scores of issues down to ten points. U. S. Steel common, General Motors and Hudson were among the fifty or more issues to establish new low levels for the year.

The announcement that banks had called an additional ten million dollars in loans apparently was the signal for a heavy bear attack on United States Steel common, which quickly broke through 120, its previous low, and slid off to 118 1/2.

General Motors crumbled nearly six points to around 113, and Hudson dropped four to 77 3/4.

National Tea and Jersey Central each collapsed ten points and Woolworth, General Asphalt, Mack Trucks, Pullman, Delaware and Hudson, McCrory Stores "B" and R. H. May dropped 4 to 8 points below last week's closing.

MONTREAL WON TITLE AFTER A GREAT BATTLE

Maroons Downed Senators in Second Game at Ottawa in Win Series by Count of 2 Goals to 1.

OTTAWA, March 29.—Maroons are champions of the National Hockey League for the 1925-26 season. The team from the Metropolis captured the eastern pro hockey crown and crashed Ottawa's fondest hopes when they downed the Senators by 1 to 0 in a tense, nerve-wracking battle here on Saturday night. It was the second game of the series and gave the Maroons the round by a score of 2 to 1, the first game in Montreal having ended in a 1 to 1 deadlock.

As the result of the successful termination of Montreal's two year quest for the title, the Maroons will now meet Victoria Cougars, Western title holders, for the Stanley Cup and the world's pro hockey championship. The first of the series will be played at the Forum in Montreal on Tuesday night.

Babe Siebert, left wing player, emerged the popular hero of the gruelling final encounter. Little more than six minutes after the start of the second period, up to which time the two teams had played careful, cautious hockey, the Flying Dutchman accepted a fast pass from Bill Phillips in the free zone. Siebert flashed in on the Ottawa defence. He drove one of those whistling shots for which he is famous. The puck went through George Boscher's legs and Connell took it on the chest. The Ottawa goalie was knocked off balance by the force of the blow and the puck bounded fifteen feet in front of the net. Siebert dashed around the Senator defence, and, before Connell could regain his

poise, sent another terrific drive, which went to the left of the Ottawa goalie and hit the corner of the mesh. It proved the "million dollar" goal of the series.

Ottawa came right back and within a minute Denenny got the puck on a Smith-Nighbor-Denenny combination play. Referee Marsh rang his bell for an offside. Denenny shot and the puck beat Benedict. The crowd had not heard the bell. The joyful scene turned to one of disgust when the Ottawa fans saw that the tally had been disallowed.

It was Ottawa's last dangerous threat. Thereafter the Maroons went to strictly defensive hockey for the final half of the game. Ottawa swarmed around the Montreal goal, sending the entire team up on attack, but the Senators were jaded, tired out and unable to furnish the extra punch necessary to break down the barrier thrown against them.

Montreal deserved all the laurels that are theirs. That the margin in their favor was not greater was the surprise, for the Maroons threatened more frequently and dangerously than the apparently jaded Senators. Broadbent rose to supreme heights when the Maroons were battling to hold their lead, and twice he got through only to find the tables turned against him. It is doubtful if "Punch" showed a better game than Saturday in his long career. Nelson Stewart, Noble and Phillips all turned in nice games.

For the Senators, King Clancy, as on Thursday night, battled like a tiger. He was the puck carrier in practically every Ottawa attempt to land the tying goal.

AMATEUR TITLE AT STAKE TONIGHT

(Associated Press Despatch) TORONTO, March 29.—Local hockey enthusiasts are expecting to witness a fitting climax to a season of brilliant hockey when Port Arthur, champions of the Thunder Bay League and survivors of the Western Canada elimination series, meet University of Toronto, intercollegiate champions, and Eastern Canada representatives in the third and deciding game for the Canadian championship and possession of the Allan Cup at the Arena this evening. Each team has a victory to its credit of the two games played in Montreal last week.

VICTORIA ARRIVE TO DEFEND STANLEY CUP

(Associated Press Despatch) MONTREAL, March 29.—Victoria Cougars, led by Lester Patrick, a former Montrealer, arrived in Montreal yesterday to start their series in defence of the Stanley Cup against the Montreal Maroons.

These two championship teams will meet in the first game under the eastern rules at the Forum tomorrow night. Details in connection with the series will be arranged at a meeting this morning. It is likely that two Montreal referees will be appointed for the series. Cooper Smeaton and Billy Bell having been suggested. The series will be for the best three out of five games. The second game will be contested Thursday under western rules and the third game Saturday under eastern rules, the eastern and western codes alternating with each game. If a fourth game is necessary, it will likely be played on Tuesday, April 6th.

COOKSHIRE DOWNED BISHOP'S

(Associated Press Despatch) COOKSHIRE, Que., March 29.—Playing in an exhibition game here, the Cookshire hockey team won a fast and exciting game from the Bishop's College sextette by the score of 7 goals to 5.

The score was a 2-2 tie at the end of the first period, while in the middle stanza, the collegians pressed hard, with the result that they left the ice on the long end of a 4-3 score. In the final stanza, however, the locals braced up considerably, and after tying the score twice, stepped into the lead on two goals.

C.N.R. CAPTURED TITLE

(Associated Press Despatch) MONTREAL, March 29.—The Canadian National Railways defeated Banque Canadienne Nationale by 3 to 1 at the Forum on Saturday in the play-off between the winners of the Bankers' League and the Railway-Telephone League, for the commercial hockey title of the city.

PLAN NEW AMATEUR ASSOCIATION

(Associated Press Despatch) MONTREAL, March 29.—A move is under way in amateur hockey circles in the province to establish an association, independent of the Quebec Amateur Hockey Association, to govern the amateur game. At a meeting of the Mount Royal League officers, the question of the St. Francois Xavier Club and its difficulties, which finally resulted in its being barred from competition in the Allan Cup series as representing this province, led to the discussion concerning the advisability of forming a new association.

It is stated that twenty-two clubs have agreed to join such an association, many of them being from points outside Montreal. Sponsors of the proposed new associations are of the opinion that teams in this province have little connection with those outside and that there is no particular benefit to them in belonging to the Q.A.H.A.

PITTSBURGH WALKED OFF WITH BIG END OF PURSE

(Associated Press Despatch) WINDSOR, Ont., March 29.—Saskatoon defeated Pittsburgh by 3 to 1 after three minutes of overtime play here Saturday night, the extra time being necessary to decide the winner on the round for the two games, and the Pirates walked off with the big end of the \$5,000 cash prize by 8 to 7.

BOSTON A. A. TOOK SERIES

(Associated Press Despatch) BOSTON, Mass., March 29.—The Boston Athletic Association tied Perre Marquette in the second game for the Eastern Hockey League championship, one all, and take the title by virtue of having won the first game by three to one, giving them a 4 to 2 margin for the series.

BASKETBALL

INTERESTING CITY LEAGUE GAMES

On Saturday evening basketball fans had one of the best treats served up to them they have had for many years, when the first real night of the City Basketball League was run off, with Y.M.C.A. taking the points in a very hard fought game with Bishop's by a score of 43 to 30. Elesco winning out over Circo by a score of 40 to 29 and Hi-Y after a wonderful fight, coming out on top over the Silk Socks by a score of 38 to 31.

In the first game the Y team took the lead at the beginning and kept it right through, though at times Bishop's trailed them quite close, with both teams working very hard to improve their position, and when the period closed Y players were on top with a score of 15 to 11.

In the second period Y opened up the play, with the defence men watching McCaw very carefully. The defence men on Bishop's seemed to weaken and the Y forwards were able to get basket after basket, though two of their players, and they had no subs, got somewhat badly jarred, Ripley being right out of the game for about five minutes with a strained ankle. Out of this game shone a new star in J. Taylor, who played a very fine game for the Y in centre position, netting the largest number of points for the team.

For Bishop's McCaw played his usual game and was responsible for twenty-one of the thirty points scored by his team.

The line-up: Bishop's—McCaw, Robertson, White, Ride, Caulfield and Wade. Y. M. C. A.—Loughheed, Ripley, Taylor, Mitchell and Rowell. The game was splendidly handled by E. Grime. The second game played was on a par with the first and from the first

LATEST GLEANINGS FROM BASEBALL TRAINING CAMPS

NEW YORK, March 29.—Gloom and optimism are running neck and neck in the baseball training camps.

The Philadelphia Athletics and the Phillies start northward from their Florida retreats next Wednesday, with the managers of both teams pretty well discouraged.

But the gloom registered from the Quaker City camps was balanced by an aggressive optimism exhibited by Rogers Hornsby, who bids the world sit up and take notice of the St. Louis Cardinals. The Cards have just chalked up their twenty-second straight win by drubbing the Fort Worth club, 7 to 4.

Manager Speaker, of the Cleveland Indians, is another pilot satisfied with the condition of his men. Every man is in shape for the season's opening.

The Boston Braves also continue to show improvement as the training period nears the end at St. Petersburg. The team is elated over its victories, and spectators say the outfit looks strong.

Although the St. Louis Browns made a poor showing in the south, Manager Sisler is not discouraged. Critics see great possibilities in the team, and believe that it has hitting ability, although not much of it has been displayed so far.

The Philadelphia leaders made no bones about the shortcomings of their teams. Connie Mack saying his team was far below the "standard we must have." The record of the Phillies seems to speak for itself. They have lost all their exhibition games.

Hornsby believed his team mates would offer far more formidable competition this year than last.

whistle until the last was either teams game, although Circo were somewhat weak on the forward line, while the Elesco defence put up a sterling game. In the first period the game stood 13 to 11 for Elesco and in the second period the gap was widened, with both B. and H. Grime starring for Elesco and Lohrop and Stocks for Circo, and Sangster putting up a wonderful defence game. The final score stood 40 to 29 for Elesco.

The line-up: Elesco—H. Grime, R. Cutte, Twyman, Jarvis, B. Grime and J. Stocks. Circo—Bob Cutt, Skinner, C. Stocks, M. Lohrop, Robinson, Sangster, Ranshousan and Gels.

The game was handled by F. McCaw.

The third game was the best of the evening when Hi-Y took Silk Socks number in a splendidly contested match that was full of thrills from beginning to the end. In the first period the Hi-Y pulled a surprise when they were able to take the lead and keep it almost to the end of the game. When the score stood 31 to 30 for Silk Socks just two minutes from the end, it looked as if the Silk Socks had the game, but under the brilliant leadership of Hammond Hi-Y did a wonderful come back, adding four baskets to make a score of 38-31 for Hi-Y.

For Silk Socks possibly the best putting up a splendid defence game man was Echenberg, with Liddell For Hi-Y every man on the team played the game and played it well, with Hammond and Heath standing out possibly as the two nicest players of the evening.

The line-up: Hi-Y—Humphrey, Stoyles, Hetherington, Littler, Echenberg, Du-four and Liddell.

This game was handled by Mr. J. Corfield.

TORONTO, March 29.—Detroit won the International Y.M.C.A. and United States Y.M.C.A. national title in the basketball tournament concluded on Saturday by defeating Broadview "Y" Toronto by 37 to 15. Broadview "Y" won the Canadian Y.M.C.A. championships.

SOCCER CLUBS HELD ANNUAL MEETING ON SATURDAY

Mr. James Corfield Elected President for 1926—Seven Clubs Now in League—Schedule to Be Drawn Up at Meeting on April 10.

The annual meeting of the Eastern Townships Football Association was held at the Y.M.C.A. on Saturday evening, when a large attendance and marked enthusiasm gave evidence of a most successful season.

The principle business was the election of officers, which resulted as follows:—Honorary Patrons, Dr. E. A. Tomkins, Dr. De L. Johnson, Dr. H. D. Bayne and Messrs. W. D. Van Roden, E. L. Stewart Patterson and J. G. Watson; Honorary President, Mr. W. E. Paton; president, Mr. James Corfield; vice-presidents, Messrs. P. D. Mathias and E. E. Croft; secretary-treasurer, Mr. H. L. Pettis; executive committee, Messrs. J. Duncan, W. Anderson, E. Marshall and J. R. Thomas.

The Magog Football Club made application for membership to the league. This was accepted, and there are now seven clubs entered in the league. All teams have been strengthened considerably, and indications are that soccer will be on a much higher plane this coming season than ever before.

It was decided to postpone all other business until the next meeting, which has been called for April 10th, in order that other teams may file their applications for membership.

The schedule for the 1926 season

will be drawn up at next month's meeting, so any outside clubs wishing to join the league is requested to get in touch with the secretary-treasurer prior to this date, as no applications will be considered afterwards.
