

## GREEKS AND ARMENIANS FLEEING FROM TURKS Council Wish To Enforce Liquor Law Within City Limits

### Adrianople Has Appearance Of A Deserted City

Refugees Plodding Doggedly Toward Their Unknown Destination Through a Steady Downpour of Rain, Driven Forward by the Nameless Fear Which Has Gripped the Whole Population of Eastern Thrace Since the Terms of the Armistice Agreement Became Known—Procession Has Been Orderly, but the Misery of the Refugees Is Already Extreme, and Pneumonia Will Claim Many Victims of the Present Inclement Weather Continues.

(Associated Press Despatch)

ADRIANOPLE, October 17.—Thirty thousand Greeks and Armenians have passed from this city to the west since Saturday, and the road between here and the Maritza River is an unbroken line of men, women and children with ox carts, cattle and belongings.

Through a steady downpour of rain they are plodding doggedly toward their unknown destinations, driven forward by the nameless fear which has gripped the whole populace of Eastern Thrace since the Government's bulletins were posted on Saturday announcing the terms of the Mudania Armistice, which provide for occupation of the province within forty-five days.

The procession has been orderly, but the misery of the refugees is already extreme, and pneumonia will claim many victims if the present inclement weather continues.

Meanwhile, from the countryside, a similar exodus is under way, and every road leading to the Maritza is jammed with humanity, cattle and wagons. This whole flood converges upon a single road as it approaches the Karagatch Bridge across the Maritza.

The refugees believe that if they can reach Karagatch they will be safe from the Turks. This small village, which is just across the boundary, will be in neutral territory, unless the peace conference decides its fate.

Although the railway is moving a considerable number of refugees westward from Karagatch, the station here is becoming the centre of a vast concentration camp. The rain has flooded all parts of the village, forcing the refugees from the lowlands into the new camping places in the higher areas.

Many cattle have been drowned by the quickly rising Maritza, on the west bank of which thousands of refugees are encamped. Groups of giant droveries belonging to the army have been assigned to the duty of pulling refugees' carts from the mud banks into higher and safer places.

Meanwhile Adrianople has taken on the appearance of a deserted city, with the shops and houses closed. The Greek and Armenian priests remain and are doing conspicuous work in assisting the fleeing inhabitants.

#### FRENCH COMMANDER MAKES REQUEST FOR REINFORCEMENTS

(Associated Press Despatch)

CONSTANTINOPLE, Oct. 17.—The French military commander at Adrianople has asked for immediate reinforcements in Eastern Thrace. He declared the situation was fraught with danger.

#### MILITARY MISSIONS HAVE ARRIVED IN EAST THRACE

(Associated Press Despatch)

ADRIANOPLE, Oct. 17.—Allied military missions composed of twenty-one British, French and Italian officers have arrived in Thrace and will co-operate with the commanders of the seven battalions of troops in preserving life and property, insuring order, protecting the Moslem subjects and feeding the refugees during the period of evacuation.

General Nider, the Greek commander, has given guarantees to the Allied generals that the evacuation of the Greek army will be carried out within the stipulated fifteen days. Every precaution has been taken against the destruction of property or violence to Moslem subjects. He has pledged the Allies that his troops will leave the telegraph lines along the railway intact, but has insisted upon dismantling all other wire communications installed by the Greek army.

There is a steady movement of soldiers and populace from Adrianople and Rodosto, many leaving Rodosto by boat. Large contingents of Greek troops have reached Karagatch, on the right bank of the Maritza River.

#### WANT LONGER PERIOD FOR EVACUATION OF THRACE

(Associated Press Despatch)

CONSTANTINOPLE, Oct. 17.—The Greek Patriarch, in a moving appeal, telegraphed to all the Allied Governments last night, entreating the powers to prolong the evacuation period in Thrace in order to stay the panic which threatens in all parts of Thrace. He refers to the possibility of massacres by the Turkish gendarmes, which he thinks likely because the Turks at present time are consumed with fanaticism and are delirious from military successes.

He declares that a disaster of inconceivable proportions will ensue unless the Allies take drastic action.

#### CHURCHILL'S CONDITION IMPROVED

(Associated Press Despatch)

LONDON, Oct. 17.—Winston Churchill, secretary for the Colonies, who was taken ill yesterday, was somewhat better today. The Colonial Secretary took to his bed yesterday with an attack of acute gastritis.

R. M. JOHNSON, Progressive M.P. for Moose Jaw, who has been unseated because of alleged irregularities connected with his election campaign.

### UNITED STATES COMMUNISTS ON TRIAL TODAY

Twenty Alleged Communists Are Charged with Plotting to Overthrow United States Government.

(Associated Press Despatch)

ST. JOSEPH, Mich., Oct. 17.—Arraignments of twenty alleged communists charged with plotting to overthrow the government of the United States by force was set for today, the first test of Michigan's anti-syndicalism law which was passed as a war time measure.

Sixteen of the twenty men were arrested on August 22, when officers swooped down on a wooded glen, near Bridgeman, this county, and interrupted what the government charges was the national convention of the communist party of America, representatives in this country of the Third Internationale of Moscow.

Between seventy and eighty radicals had been at the meeting in the wild dune country along Lake Michigan, the government agents claim, but all but sixteen fled before the raiders arrived. Three men, including W. Z. Foster, of steel strike fame, later arrested at Chicago and extradited. Another, Joseph Zsak, was extradited from New York.

A farmer boy whose curiosity had led him to spy on the woodland meeting, told the raiders the men arrested had buried something in the woods, and he led them to a spot where they dug up three barrels filled with typewriters, duplicating machines, papers, manuscripts, reports, stationery and printed propaganda of the communist party.

Radical newspapers have advanced the explanation that those arrested merely were holding a picnic.

Today's hearing corresponds to Grand Jury action in some states. Eleven of the defendants have been confined to the Berrien County jail here since the raid, unable to raise \$10,000 bond.

### Contest Over the Validity Of Attorney General Daugherty's New Liquor Ruling

Millions of Dollars in Property, Trade Rights and Good-will Are Said to Be at Stake, While Counsel for Steamship Lines Claim that Infringements of Treaties Between the U. S. and Foreign Countries and Violation of Foreign Laws Are Points Involved.

(Associated Press Despatch)

NEW YORK, Oct. 17.—Wet and dry forces face each other today before Federal Judge Learned Hand in the first pitched battle between United States Federal prohibition enforcement authorities and foreign United States steamship lines over the validity of Attorney General Daugherty's liquor ruling.

The calendar of Judge Hand's court was cleared for the hearings of temporary injunctions returnable today, restraining the enforcement authorities from putting into effect the ruling forbidding United States and foreign ships leaving port after October 21st, from carrying liquor under seal into or out of United States ports. A distinguished array of counsel was present, representing the Federal prohibition authorities, the Treasury Department and the Cunard, Anchor, White Star, French, Holland American, American, Red Star and United American lines, and the International Navigation Company.

Millions of dollars in property, trade rights and good will are said to be at stake, while counsel for foreign lines have claimed that infringements of treaties between United States and foreign countries

#### PROCEEDINGS UNDER NEW TARIFF LAW

NEW YORK, Oct. 17.—Suits were filed in the United States District Court in Brooklyn yesterday by the United States District Attorney's office against the British schooner Emerald, seized Sunday night twelve miles out by the United States cutter Hahn, and against the American motor boat Elsie, seized at the same time.

On the two boats liquor was seized, it was said, valued at \$100,000.

Counsel for Captain John A. Williams, of the Emerald, and his crew of six negroes, and Captain Albert Shannon, of the Elsie, declared that the boats were eighteen miles out when seized.

The proceedings against the two boats will be brought under the new tariff law, it was said, and will be the first case under that act. Under the ruling of Attorney General Daugherty that no one is to be arrested outside the three mile limit, the two captains and the six negroes were released after being taken to the District Attorney's office in Brooklyn. They declined to state the ownership of the boats.

### QUEBEC POTATO CROP HIGHEST IN THE COUNTRY

Apple Crop This Year Placed at Seventy-five Per Cent. in Excess of a Year Ago.

(Associated Press Despatch) QUEBEC, Oct. 17.—Official estimates place the apple crop in Quebec this year at seventy-five per cent. in excess of a year ago. The potato crop is placed at 36,089,000 bushels, which is much the highest of any province in Canada, being almost double that of Ontario, the nearest competitor, with 18,480,000 bushels; New Brunswick comes third with 9,715,200 bushels.

### GRAIN YIELD WILL EXCEED THE BUMPER CROP OF 1915.

(Associated Press Despatch.) WINNIPEG, Oct. 17.—The 1922 yield of all grains will exceed Canada's bumper crop of 1915, according to the agricultural department of the Canadian Pacific Railway, according to the final crop report of the department to be issued today.

(Associated Press Despatch) MEXICO CITY, Oct. 17.—Property valued at more than a million pesos was completely destroyed by fire at Tampico yesterday, according to despatches received by the newspapers here yesterday.

The destroyed property covered five blocks. The origin of the fire is unknown.

This is the third destructive fire

### Unionist Conference Expected To Bring Political Crisis In England To A Head—Odds Change In Favor Of An Election

While It Is Agreed that Meeting Will Lead to Events of Utmost Consequence, Opinions Are Much Divided as to What Will Actually Happen on Thursday—It Is Admitted as Just Conceivable that a Temporary Truce May Be Patched up, but Few Place Much Faith in This Outcome.

(Associated Press Despatch)

LONDON, Oct. 17.—The meeting of Unionists called for Thursday at the Carlton Club, will be of great importance, as it is almost certain to bring the political crisis to a head. Until its decision, whether to break up the Coalition or stand by Premier Lloyd George, is known, the situation is not expected to develop materially in any direction.

The attendance at the meeting is to be confined to the Unionist members of the House of Commons and the Unionist peers who are members of the Government. Thus it will not be representative of the entire party.

The explanation of this arrangement is that when Austen Chamberlain was elected in March, 1921, to lead Unionists in the Commons, in succession to Andrew Bonar Law, he was not chosen to succeed the latter as leader of the whole party, and that, in fact, the leadership of the party has been vacant since Mr. Bonar Law retired because of ill-health.

Accordingly, it is declared, Mr. Chamberlain is not answerable to the party as a whole, and only feels called upon to explain or defend his declared faith in the Premier to the Commons and his ministerial colleagues.

While it is agreed everywhere that the meeting will lead to events of utmost consequence, opinions are much divided as to exactly what will happen on Thursday. It is admitted as just conceivable that a temporary truce may be patched up, but nobody places much faith in this outcome.

The alternative views, are, first, that Mr. Chamberlain's defence of the Coalition and his adhesion thereto, backed as it is by Lord Birkenhead and Sir Robert Horne, and perhaps other ministers, will bring him a vote of confidence by a large majority.

Second view is that the meeting will declare against adherence to the Coalition, which would be equivalent to a vote of confidence in Mr. Chamberlain as Unionist leader in the Commons. Those heading to the latter expectation support it by contending that practically half the constituencies re-elected by Unionists have declared against continuance of the Coalition, and will look to their representatives to stand by them.

It is a fact, however, that many of the Unionist members do not intend to seek re-election to parliament and may prefer to adhere to the coalition ticket on which they were elected, notwithstanding the changed opinions of their constituents.

Speculation is busy as to what will follow the meeting's decision, which ever way it does. Some observers suppose that, if Mr. Chamberlain gets his vote of confidence, Mr. Lloyd George will take advantage of this encouragement to dissolve parliament and arrange an immediate election.

On the other hand, if the Unionist leader is turned down by the meeting, he is expected to resign, being accompanied in this step by some of the Coalition Unionist cabinet members, notably Lord Chamberlain and Sir Robert Horne, as Chancellor of the Exchequer. Such a result it is assumed, would lead to a break up of the cabinet.

Whatever happens, accentuation of the existing cleavage in the Unionist party is foreseen, leading, perhaps, to the formation of a new party consisting of the supporters of the Coalition in both of the present parties.

A straw pointing to the decision of the political wind was the sharp

### REWARD IS OFFERED BY POLICE FOR DISCOVERY OF INDIVIDUAL WHO RAN DOWN WILLIE HAWKEN

\$500 Offered for Information Leading to Conviction of Individual Who Killed Young Hawken—Council Seeks Co-operation with Liquor Commission as a Means of Enforcing the Law in the City—Aldermen Want to See Local Police Given More Authority—Necessity of Referring Matters to Commission Results in Delays—Civic Abattoir Likely to Mature—Alderman J. D. Tremblay Appointed Pro-Mayor for Next Three Months.

(Associated Press Despatch)

A quiet but interesting session of the City Council was conspicuous for the firm stand taken by the members of the Council relative to "bootlegging" and various other infractions of the liquor law.

It was decided to appoint a committee to interview the Provincial Ministers with a view to securing, if possible, co-operation in connection with infractions of the law in the City of Sherbrooke. It was pointed out that, under present arrangements, the local authorities were unable to check the illicit operations, and that action, on the part of the Commission was merely spasmodic and generally somewhat tardy. The Council was anxious to work in harmony with the Commission in order to secure better administration.

The City Fathers gave concrete evidence of their good faith and willingness to help clean up matters by revoking the authority granted to a certain individual for use of part of the City ground as a stand for his lunch cart. This individual was recently given a jail sentence for infraction of the liquor law and the Council decided to refuse to allow him to occupy the land any longer.

These claims ranged all the way from the loss of an eye, a sprained arm or leg, to damages to an automobile by the city steam roller. The contentious item of the sheriff's commission for assisting at a sale was also disposed of on the basis of \$200.

Mr. Dugal, accountant, presented a statement showing the obligations falling due on January 1st, 1923, totalling \$400,000.

A further request was received from a number of farmers in the Fontainebleau (Two Miles Falls) district asking that the aldermen visit the different properties damaged by water. It was held that if the aldermen delayed their visit too long the waters would have receded and there would be little evidence of the damage caused.

Arrangements were made to hold an informal meeting of the Council on Monday evening next at 8 p.m., when Mr. Schurman will take up the matter of the city accounts.

Finance Report.

The report of the Finance Committee was presented by Ald. J. S. Tremblay and included a number of items of minor importance. Approval was given for the payment of the balance of the Harmony Band's grant for the year 1922, amounting to \$450 and sanction was also given for the payment of \$150 to the National Library, provided for in the budget.

Statements issued by the Canadian Connecticut Cotton Mills Limited, the Julius Kayser Co. Ltd., and the Panther Rubber Company, relative to the conditions under which these companies are exempt from taxation, were referred to the chief accountant for verification.

An inventory of city property is to be prepared for the council by December 1st, 1922. Instructions have been issued to all the heads of the different departments asking that this inventory be prepared as early as possible and duly turned into the council.

Letters regarding the St. Jean Baptist Hall, and the Noel Hospital, relative to taxes to be collected, were referred to the city attorney for advice on certain points raised.

Payment was authorized of the expenditure incurred by the water department in connection with the work done on Kingston, Kitchener, Fourth Avenue, Short and Vimy Sts.

Approval was also given to the purchase of a quantity of wood for the needy, and three hundred cords of dry wood at \$11 a cord and five hundred cords of green wood at \$10 were accepted.

The council recommended that the Building Inspector be requested to furnish the members with a statement showing the number of building permits issued since the beginning of the year, the number of permits actually paid for and the total amount collected.

The Sherbrooke Construction Co. made application for the refund of

### Gas and Electric Committee.

1.—Old poles, Frontenac and Montreal Streets.—1 Ordered the removal of the old poles from Frontenac and Montreal Streets, inasmuch as the wires and cables have been installed on the new ones;

2.—Authorized the secretary-treasurer to notify the Bell Telephone Company of Canada who was using the said old poles in conjunction with the city, to install its wires and cables on the new ones without further delay;

3.—Authorized the electricity and gas committee to cause the new poles to be painted.

Claims: A. C. Skinner, Margaret Griffith, Eva A. White, letter city attorney, Oct. 3rd, 1922.—The Council recommended that these claims be settled. That the Engineer be authorized to endeavor to obtain the servitudes from each of the claimants upon the payment of \$200 to Mrs. Griffith and Mr. Skinner and \$400 to Miss White, and report to the council upon the result of his negotiations, all without prejudice.

Gas house, portable elevator.—The committee recommended that the council authorize the engineer to sell the belt of the Jeffrey Elevator which has never been installed nor used because it was found impracticable to do so, and report to the committee the result of his negotiations with regard to the purchase of another portable elevator.

Tenders for meters (0-10 amperes, etc.) received and considered.—The committee recommended the purchase of the 50 meters from La Cie Codere & Fils, Ltee, the lowest tenderer, at \$8.60 plus sales tax, less discount, etc.

Militia and defense, rent for location of 3 poles across 54th Regt. site, \$3.00.—The committee recommended the payment to the Federal Government, Militia and Defense Dept., of invoice for rent of 3 poles from 1st of July, 1922, to 30th June, 1923, \$3.00, inasmuch as the city is using the said 3 poles for the transmission of electricity.

With regard to the painting of the poles, Ald. Delorme suggested that this should be made to apply to all poles, irrespective of those on Frontenac and Montreal Streets. The poles will most likely be painted green.

New Power Contract.

Ald. Edwards moved a resolution authorizing the city to conclude a new contract with the Canadian Brakeshoe Company Limited, by virtue of which the Company purchases from the city, a block of power for smelting purposes only for use in the foundry. Full approval was given to the new contract and authorization granted to sign the deeds.

Mayor Morris was called away and the chair was occupied by Pro-Mayor S. B. Newson.

Ald. R. Langis, chairman of the road committee, gave detailed figures in connection with the property of the Fletcher Corporation at the corner of Depot and Wellington Sts. The members were not clear as to whether the figures represented one half or the full cost of the paving and the matter was referred back to the city engineer for further details.

The report of the waterworks committee approval of the purchase of 12,000 pounds of liquid chlorine from the Grasselli Chemical Company, this being the lowest tenderer received.

Ald. Delorme read a petition from the residents of St. Michael Street asking for watermains and sewers to be installed on their street at an

TOO MUCH MEAT HURTS KIDNEYS

Take a Glass of Salts to Flush Kidneys if bladder bothers you.

Eating too much meat may produce kidney trouble in some form or other, says a well-known physician, because the uric acid excites the kidneys, they become overworked, get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disorders.

Let Cuticura Keep Your Skin Fresh and Young

Daily use of the Soap keeps the skin smooth and clear, while touchings of the Ointment now and then prevent little skin troubles becoming serious. Cuticura Talcum is ideal for powdering.

Secret Skin Troubles

MEAN NIGHTS & DAYS OF ITCHING TORTURE. A well-known physician says that he comes across many terrible cases of secret skin disease. Because there's a natural disinclination to seek advice, the sufferer either neglects the trouble in its early stages, or else aggravates it by use of some poisonous mineral ointment. Whilst this may hide up surface trouble, it also drives disease further into the skin.

You cannot thoroughly and permanently banish diseases like eczema, tetter, psoriasis, ringworm, etc., unless you first destroy all disease germs. Zam-Buk does this quickly and thoroughly. Zam-Buk is unique in its germicidal and healing strength. Its soothing herbal essences penetrate into the skin right into the weakened and diseased inner tissues, killing the germs and uprooting disease at its very source.

The first dressing of Zam-Buk ends the dreadful itching and when all sore inflamed tissues have been thoroughly soothed and purified by Zam-Buk, every trace of disease is made to disappear, and there is a splendid new growth of clear healthy skin.

Don't endure skin torture a day longer! Get Zam-Buk to-day! Apply to the first itchy spot, sore or eruption; use it for healing cuts, burns, scalds, ulcers and poisoned wounds; also for weakening, painful piles.

entirely new treatment for bronchitis, catarrh. No internal medicine to take.

Years ago the profession fought catarrh by internal dosing. This upset the stomach and didn't remove the trouble. The modern treatment consists of breathing the healing, soothing essences of Catarrhazone, which goes instantly to the source of the trouble. Catarrhazone is so liquid, because it penetrates where liquid medicines can't go. The balsamic vapor of Catarrhazone drives out the germs, soothes the irritation, relieves the cough, makes catarrhal troubles disappear quickly. For bad throats, coughs, bronchitis, Catarrhazone is a wonder. Two months' treatment, one dollar. Small size 50c. Sold everywhere, or The Catarrhazone Co., Montreal.

THE BREATHEABLE TREATMENT FOR COUGHS & COLDS EVERYBODY NEEDS PEPS!

WHETHER it's a Cough, Cold, Sore Throat, or a revival of the old Bronchitis the Peps breatheable remedy, is the one most speedily effective. The Peps way is to strengthen the breathing passages and end the danger before it affects the chest and lungs. When a Peps tablet dissolves in the mouth powerful medicinal fumes are liberated. As the diagram shows, these chest-strengthening medicines mingle with the air breathed through the nasal cavity (1) and mouth (2) and are carried over the tongue (3) into the throat (4) whence they pass direct down the windpipe (5) into the lungs. Druggists mixtures and syrups are ineffective because they go down the gullet (6) into the stomach. The Peps breatheable medicines however, deal directly, not only with immediate trouble in the throat and bronchial tubes, but they penetrate to the innermost recesses, where disease germs are likeliest to be. Peps not only acts as a powerful germicide but they speedily soothe and heal any soreness, irritation, or inflammation; they make breathing easy. There is no more valuable safeguard against throat trouble, chest weakness, bronchitis, asthma, pleurisy and pneumonia. Free from harmful drugs, Peps are perfectly safe for children.

Ironized Yeast Brings Marvelous Beauty to Skin

Science Now Proves How Complexion is Quickly Beautified Through the Blood

There is nothing in the world today which is producing such a sensation as this simple discovery! Pick out anyone who has healthy rosy cheeks and a ravishingly beautiful complexion, and you have picked out an individual whose blood

"Ironized Yeast Has Cleared My Skin Quickly and Gloriously!"

is rich with vitamins-and-iron. This recipe of Nature, "Ironized Yeast" is now being used by thousands of men and women with startling, yet perfectly natural, results. It gives you yeast-vitamins-ironized, containing iron in the form in which it exists in the human body. It is not a mere mixture of yeast and iron, but is yeast ironized, which is a substance all by itself. Muddiness, that great beauty robber, gives way to a lily-purity which nothing else on earth can produce. Pimples, blackheads, spots, eruptions? They become practically an impossibility! Rosy cheeks, firmer and younger looking skin, rose-petal purity, velvety softness—all natural! Imagine such a skin further beautified by your favorite cream and powder. To think of it is lovely. To have it, a modern miracle! Begin taking Ironized Yeast today. There is only one Ironized Yeast in the world, sold by all druggists at \$1.00 a package. Each package contains 60 tablets, each tablet is sealed. They never lose their power. Harold F. Ritchie & Co., Ltd., Toronto, Sales Agents. Get ready to be supremely happy.

Cook with This Ware - It Uses Less Fuel

Do you know that by using the wrong kind of cooking utensils, you can waste dollars and dollars of good money every year? It's true! This money can be saved if good enameled ware is used, such as Diamond Ware or Pearl Ware. The secret is that they heat up more quickly and hold the heat.

Here is a good test. Take a Diamond Ware or Pearl Ware saucepan and a saucepan of equal size made of brass, copper or aluminum. Into each pour two quarts of cold water. Place each saucepan over the burner or fire. The water in the Diamond or Pearl saucepan will come to the boil in just half the time it takes the other. Think of the money that can be saved by women using good enameled ware for all their cooking. No heat is wasted when Diamond or Pearl Ware is used.

With fuel at the present prices, economical housewives should not forget that by using SMP Enameled Ware kitchen utensils nearly half the cost of gas, coal, wood or electricity for cooking can be saved.

What ware do you cook with? Are you saving money and enjoying full satisfaction by using Diamond Ware or Pearl Ware utensils, or are you still using all-metal wares? Equip your kitchens at once with economical Diamond or Pearl Ware.

Sold in every good hardware store.

**ANNIVERSARY IS CELEBRATED AT STANBRIDGE**

Mr. and Mrs. Harvey Beatty Celebrate Their Golden Wedding—Other General News.

STANBRIDGE EAST, Oct. 17.—An unusual event took place on October 9, when friends of Mr. and Mrs. H. Beatty assembled at the Beatty home, the occasion being the fiftieth anniversary of the wedding of Mr. Harvey Beatty and Auriola Chandler. From four until nine o'clock their many friends continued to come to congratulate the bride and groom, and to wish them continued happiness. The happy couple received their friends under an arch of maple foliage in the drawing room. The large family room, and drawing-room, hall and dining room were beautifully decorated with the lovely shades of fall foliage, and flowers of many kinds were placed in large flower bowls on tables, stands and mantles. A crackling fire in the fireplace added to the beauty of the room. Music was furnished by Mrs. C. H. Hibbard and Mrs. Montague Rice. Mrs. Stillman Knight sang, accompanied by Mrs. C. H. Hibbard. The dining room, having been converted into a tea room, seemed to lack no convenience. The table was pretty in itself. The centre was beautified by a wedding cake, with date of marriage and present date and the names of the bride and groom. Among the many other kinds of cake served were the bride's cake and a christening cake, which was in honor of little Miss Gibson Auriola, the five-months-old child of Mr. and Mrs. H. C. Beattie, who at two o'clock in the afternoon had been christened in St. James' Church by Rev. R. Y. Overing, of Montreal. Tea and coffee were served by Mrs. Helen Stanton, Mrs. Arthur Reynolds, Mrs. Draper, Mrs. Florence Russell during the afternoon and evening. Mrs. E. C. Knight served the ices. Mrs. H. C. Beatty, Mrs. Simpson, Mrs. Currihan and Misses Corey, Cottingham, Palmer and Holloway served the other refreshments. Master Elmer Simpson and Master Paige Knight, grandnephews of the groom, received at the door all guests.

The out-of-town guests were: From Montreal: Rev. E. Y. and Mrs.

**ROYAL YEAST CAKES**

Canadian Made

As a health builder, Royal Yeast is gaining in popularity every day. It is a food - not a medicine. It supplies the vitamins which the diet may lack. Royal Yeast is highly beneficial in cases where the system seems "run down". Royal Yeast is the richest known source of vitamins, and when taken into the system acts as a corrective agent. Royal Yeast Cakes are recommended for their purity and wholesomeness. It is the purest, the most convenient and economical yeast on the market.

Two to four Royal Yeast Cakes a day will work wonders. A full day's supply can easily be prepared at one time by using one glass lukewarm water and teaspoon sugar to each yeast cake. Allow to stand over night in moderately warm room. In the morning stir well and pour off liquid. Place in refrigerator or other cool place and drink at intervals as desired throughout the day.

**"We Have Saved Without Stinting"**

DAVID BRADEN.

"We've something to look back upon, and something to look forward to—my wife and I," says David Braden.

"We've enjoyed life to the full, have had the things that make life worth living, and yet we have saved.

"We chose the better way of saving. All my salary every year was spent, except the moderate sized cheque that paid my Life Insurance deposit to the North American Life. That annual payment represented our 'savings' and the balance of my income was ours to spend on a happy lifetime.

"All these years that cheque has served the double purpose of 'savings' and 'protection.' It protected my wife and children against the possible loss of their bread-winner, and now that my policy has matured, I have \$10,000 in cold cash. While others were putting aside their little hundreds year by year I made sure of \$10,000 by means of Endowment Life Insurance. This will keep us two in comfort the balance of our days. We will enjoy life to the very end."

Our booklet, "Twenty Years Ahead," tells how you can do just as David Braden did. Send for it.

**As Vital as Milk to Your Growing Child**

Do you know how important it is that your children should eat frequently and plentifully of Oatmeal?

Do you know that oats should be their daily food of foods—that the oat contains more units of nutrition than any other grain food—that oatmeal builds muscular bodies and gives energy to the brain? In fact, it is just as important that every growing child should be educated to eat Quaker Oats at the first meal in the morning, as it is that the child should be taught to drink milk.

Your physician will tell you that oats do not produce fat—they produce bone and brawn. He will explain that oatmeal is an easily digestible vim-food indispensable to the growing child.

Quaker Oats are the best you can buy, because they consist of the very finest oats grown. All the puny or imperfect grains are discarded and in the Quaker carton you get the queen grains only—just the rich, plump, flavoury oats. That is why Quaker Oats has always dominated and why it should be the basic breakfast for your children. Quaker does most and costs less than one cent per dish.

Start NOW to educate your family to the value of oatmeal—good for children and grown-ups alike—but be sure to give them Quaker quality.

Include Quaker Oats on your grocery list today.

**THE STORY OF THE DAYS.**

The Norsemen had a god of war, named Tyr, and when a terrible wolf-spirit, named Fenris, had to be captured, because he was troubling the whole earth, it was Tyr who undertook the dangerous venture. He was the only god brave enough to volunteer. The terrible Fenris allowed himself to be bound, so the legend goes, but when Tyr put his hand in his mouth he bit it off, in his rage at being captured. The name of the brave god, Tyr, was then given to the day we know as Tuesday. The French call it Mardi, which means the day of Mars, who was also a god of war like the Norsemen's Tyr. But that does not mean that children, or grown-ups either, should quarrel on Tuesday, about which the "Kiwaniis" sing, "Today is Tuesday, today is roast beef; everybody happy? Well, I should say."

**MEETING OF SIR JOHN SHERBROOKE CHAPTER.**

The regular meeting of the Sir John Sherbrooke Chapter, I.O.D.E., was held yesterday afternoon, with a fairly good attendance. The regent, Mrs. A. M. Sangster, presided, and the standard was raised by Mrs. Gordon Knapp. The business routine included the reading of several communications from headquarters, discussion following, and the arrangements for a dance to be given early in November.

At the tea hour, Mrs. J. G. Ranshouhan and Mrs. H. A. McCrea were hostesses, the members enjoying the dainty refreshments and social intercourse.

**TO PLAY "LE GENDRE DE M. POIRIER."**

Announcement has been made that M. Maurice de Feraudy and his company of actors and actresses from the Comedie Francaise and other prominent Paris theatres, who will play in Sherbrooke for the second time on Saturday evening, have decided to change the programme for the evening's entertainment.

It had been the intention of M. de Feraudy to play Moliere's well known play, "Les Affaires sont les Affaires," but owing to the fact that there has been some adverse criticism, locally, of his choice of a play, he has changed the bill and will put on instead, "Le Gendre de Monsieur Poirier," which is well known locally and is a masterpiece worthy of the best of the ability of the great actor.

**METHODIST YOUNG PEOPLE'S MEETING.**

The Young People's Society of the Methodist Church has commenced the season's programme with considerable enthusiasm and the meetings this month have been most interesting. Last evening, Rev. B. B. Brown gave a very entertaining and instructive talk on the formation and work of the Quadrennial Conference, which was recently held in Toronto.

On Monday evening, October second, Rev. W. P. McVie gave an address on "Service" which was listened to with much appreciation by the young people.

The weekly meeting of October ninth was of a missionary character in charge of Miss Ruth Farnham, who touched on the work of the Church along missionary lines. An interesting letter from one of the Methodist missionaries in Japan was read by Miss Eunice Cutter. Messrs. Norman and Neil Tracy rendered a delightful musical selection.

The half-hour of games, etc., following each meeting, is much enjoyed by the young people.

**ELMAN MAY COME TO SHERBROOKE.**

Sherbrooke has had the good fortune of hearing a number of well known actors and singers recently, and in the near future, is to hear more of the world's prominent artists.

M. Maurice de Feraudy, of the Comedie Francaise, has played in the city once this season and will appear here again at the end of this week. Madame Galli-Curci is coming to sing here in November. Several good presentations, were seen here last season, including Madame Anna Pavlova and her Ballet Russe, which was seen here last spring.

These productions have gained the hearty support of the citizens of the city, who have welcomed the advent of first class artists to Sherbrooke.

It is stated that Mr. J. A. Gauvin, of Montreal, who has been responsible for the appearance of these theatrical events in Sherbrooke during the past few months, is able and willing to bring other well known artists to Sherbrooke as long as they receive the public's support. Among these is Mischa Elman, the world famed violinist, who gives a concert in Montreal this evening. It is stated that Mr. Gauvin intends to bring Elman to Sherbrooke some time in December. It will indeed be a stroke of good fortune for Sherbrooke if this comes to pass. Sherbrooke citizens have never in the past had the opportunity of hearing in their own city a violinist of the fame and ability of Elman.

**CAR SHORTAGE IN SHERBROOKE IS DISCUSSED**

Manufacturers Express Anxiety at Lack of Railway Cars.

The question of a car shortage in Sherbrooke is one which has caused considerable anxiety among local manufacturers during the course of the past few weeks, and the matter was discussed thoroughly at a recent meeting of the local branch of the Canadian Manufacturers' Association.

This car shortage was made the subject of a special investigation by the transportation department of the provincial branch of the Canadian manufacturers, and Mr. G. P. Ruickbie has just issued the following remarks relative to the situation in Sherbrooke.

"As I understand it, the principal shortage is in cars for loading to U. S. points, and in this connection the Canadian railways claim that their equipment is being held by U. S. roads in unusually large numbers, the U. S. lines apparently making use of the cars for local purposes owing to shortage in their own lines, instead of returning them to their owners. For this reason the Canadian lines find it necessary, in order to take care of their own traffic, to place an embargo against the loading of Canadian owned equipment to U. S. points, and for such shipments they are obliged to rely upon such cars as may arrive from U. S. under load and made empty on Canadian railway tracks.

"Our investigation would show that their contention is correct, and with a view to improving the situation, a delegation from the Canadian Railway Association recently waited upon members of the American Railway Association, urging that steps be taken to hurry the return of Canadian cars to their owners. I understand promises were made that everything possible would be done, and failing the return of Canadian cars, that efforts would be put forth to turn over additional numbers of U. S. empty cars to Canadian lines to replace our equipment which they are holding. I am afraid, however, that any great general improvement in the immediate future is hardly likely, owing to the poor condition in which the U. S. lines find themselves as a result of recent strikes, and also to the urgency on their part of giving the movement of coal preference over most other freight."

"It seems to me that Sherbrooke with its location should possibly be in a better position than most points to secure any American empties which may be available, and if members who are suffering for want of this shipment are unable to secure relief from their local agents, I would respectfully suggest that they might take the matter up with officials of the Boston & Maine, explaining what their individual requirements are, and possibly some assistance could be obtained from this source.

"The Canadian railways and the Canadian Freight Association assured me that they are doing their utmost to cope with the situation, and if there is any other action which you can suggest which this office can take, I would be very glad to hear from you."

Sherbrooke.

Dear Uncle Jim—  
This is my first letter to the Young People's Corner, but I have read it every week and think it is very interesting. I like the B. P. Club fine and hope I may be a member. I am sending in the coupon and hope to receive a pin. I have a pony and a dog for pets. I ride horseback, and I like it very much. I go to school every day and am in the eighth grade. A robin built its nest right over the window in my bedroom this year, and nearly every year the sparrows build nests in the hedge in front of our house. I like to watch the little birds learning to fly, they look so cute. I will close now. Your niece,

**LOCAL ASSOCIATION WILL CARRY ON.**

Last evening in the Y. W. C. A. the local Association for Girl Guides met to go over the work facing the association this winter, and to receive reports from the companies regarding their work and needs.

Mrs. Paton presided and the secretary's report was heard, after which Mrs. Brooks presented the financial report of the summer camp, which had proved a success, in every way. The president directed the secretary to notify the officers of the two local companies to have their reports ready to submit to the annual meeting, which would be held shortly. She also expressed the desire that a letter of sympathy be sent to the bereaved family of one of the committee members. This was put into motion and carried.

A donation of \$5.00 was made to the Victorian Order of Nurses, and the officers of No. 1 Company volunteered to furnish a layette for the Child Clinic.

Badge examiners were selected, and as soon as the officers are accepted the names of the examiners will be forwarded to headquarters. A new regulation in connection with badge work is the necessity of having all examiners registered at the Dominion headquarters in Toronto.

WHAT'S the matter?" said Bill sharply. Antony looked round at him with raised eyebrows.

"This is where the passage ought to begin."

to play bowls, after all.

"Well, why did you say you did?" grumbled Bill. Antony flashed a smile of appreciation at him.

"I wonder where that poor devil Mark is now."

"Mind you, I think he's right. I think it's what any of us would do. I shan't give it away, of course, but somehow there are one or two little things which make me think that Mark really did shoot his brother."

"Well, manslaughtered him, anyway. I may be wrong. Anyway, it's not my business."

"But why do you think so? Because of the keys?"

"Well, he began deliberately. 'The whole point is that I know Mark. Now, Mark—'

The bridesmaid, Miss Grace Ford, sister of the groom, wore a white organza dress with hat to match and carried pink asters with maiden hair fern.

COATES-LIPSEY. A pretty wedding took place on Wednesday afternoon, October 11th, in St. Andrew's Manse, when Elva Agnes, daughter of Mr. and Mrs. J. E. Lipsey, of East Angus, was united in wedlock with Mr. Stewart Chester Coates, also of East Angus.

MARRIAGES. A very pretty wedding was solemnized in St. Paul's Mission, Sherbrooke, at half-past ten o'clock Tuesday morning, October tenth, when Miss Lucy May Webster, daughter of Mrs. M. Sargent, was married to Mr. Frederick George Ford, second son of Mr. William Ford, the ceremony being performed by the Rev. R. Heron.

Social and Personal

Messrs. Victor Brownlow, Francis Mitten and "Kit" Carson were in Montreal over the week-end.

Mr. H. E. Pawson, Magog Street, left last evening for Montreal on business.

Mr. and Mrs. F. L. Warren, of Boston, Mass., were visitors to Sherbrooke yesterday.

Mrs. S. A. Jones, High Street, is spending a few days in Toronto. She is expected home on Saturday.

Mr. P. M. Hayes, of Freleighsburg, was a visitor to Sherbrooke yesterday.

Miss Marjorie Hume spent the week-end in Cookshire, the guest of Senator and Mrs. Rufus Pope.

Mr. Lionel Forest, advocate, has returned from a business trip to New York City.

Miss Mamie Smith, Portland Avenue, spent the week-end in Cookshire, the guest of her parents.

Dr. Ludger Forest, M.P.P., has returned from a week's trip to New York.

Mr. and Mrs. T. F. Marshall, of Braintree, Mass., spent yesterday in town and were guests at the Magog House.

Mrs. H. D. Bayne, Portland Avenue, has returned from Montreal, where she spent the past few weeks the guest of her parents.

Miss Etta Stropole, of the Montreal General Hospital, is the guest of Mrs. H. Bruce Fletcher Queen Street, for a few days.

Mr. and Mrs. W. L. Gilbert and daughter, and Mr. and Mrs. James Harrison, of Bishop's Crossing, spent yesterday in the city.

Mr. George Kendall, who has spent the past few months in the west, has returned, and is the guest of relatives in the city.

Mrs. W. B. Downes and her son, Mr. Raymond Downes, accompanied by Mrs. William Howes and Mrs. C. O. Bishop, of Bury, were in Sherbrooke yesterday.

Mr. and Mrs. A. D. Brodie and little daughter, Montreal Street, are spending a few days in Montreal, the guests of Mrs. Kneeland, Grosvenor Avenue, Westmount.

The friends of Miss Helen Armistage, who recently underwent an operation at the Sherbrooke Hospital, will be pleased to learn that she is progressing favorably.

Bernice E. Edgecomb, both of Waterville, Que. The ceremony was performed by the Rev. G. Ellery Reid in the presence of immediate relatives.

The bride, who was becomingly dressed in blue silk, was attended by her sister, Mrs. Angus McIver; while the groom was supported by his brother, Mr. Alfred Lundeborg.

Immediately after the ceremony the bridal company drove to Compton, where the wedding supper and reception was held at the home of Mr. and Mrs. Carl Lundeborg. The guests included Mr. and Mrs. Jack Edgecomb, of Bury; Mrs. Clara Lundeborg, mother of the groom; Miss Irene Heath, Mr. Preston Ingham and Mrs. McIver, all of Waterville. Congratulations and good wishes were extended to the happy couple who were also the recipients of many handsome and useful gifts. Mr. and Mrs. Lundeborg will reside in Waterville.

MURDOCH-KILBURN. OTTAWA, Ont., Oct. 17.—A very interesting wedding ceremony took place at St. John's Anglican Church, Ottawa, on October 10th, at half past three o'clock, when Miss Bernice M. Kilburn, daughter of Mrs. Pauline Kilburn, was united in marriage to Mr. Charles Alexander Murdoch, of Farnham, Que. Rev. Canon J. F. Gorman officiated, assisted by Rev. G. Roe. Mr. Mann played the wedding music and during the signing of the register, Mrs. D. K. McIntosh sang "Hear Me O Father," by Millard. The choir was in attendance and met the bridal party at the entrance to the church, later leading the procession along the aisle, meanwhile singing "The Voice That Breathed O'er Eden." Little Miss Jeanie Price, of Arnprior, attended the bride as flower girl. She was daintily dressed in her frock of yellow organdie over mull of the same shade, and she carried a basket of sunset roses. The bride, who was given in marriage by her brother, Mr. Jack Kilburn, of Farnham, looked charming in a gown modelled of aluminum grey Canton crepe with Spanish lace draperies. She carried an arm bouquet of Columbus roses. Her only ornament was a platinum and diamond pin, a gift from the groom. Those who acted as ushers were Messrs. Ellis and Eric Thomas, nephews of the bride. The bride's gift to the groom was an onyx and diamond scarf pin. The little flower girl was the recipient of a pearl and gold necklace, and the ushers received gold and pearl tie clips.

Mrs. Kilburn, mother of the bride, wore a gown of black satin crepe with black lace panels and trimmings of silver. Her hat was of black and silver.

A reception followed, held at the residence of the bride, 28 Roseberry Avenue, Ottawa. Later Mr. and Mrs. Murdoch left for Montreal, Quebec and the Maritime Provinces. The bride travelled in a suit of navy blue with smock of blue crepe and embroidered in cut steel beads. She wore a fawn and brown hat and a sable neckpiece. Numerous and beautiful were the gifts received by the bride and groom. The out-of-town guests included Mr. and Mrs. Prentice and daughter, Jean, of Three Rivers; Mr. and Mrs. J. L. Kilburn, of Farnham; Mrs. Ag. Hayes, of Montpelier; Mrs. B. A. Reynolds and Mrs. E. H. Hunter, of Freleighsburg; Mr. and Mrs. H. H. Allen and son, of Farnham; Mrs. C. B. Price, Miss Jeanie Price, Miss Dodd, all of Arnprior.

**Brass Tablet Placed in St. Paul's Church in Memory of the Late Gardner Booth, Who Was Killed During the Great War.**

KNOWLTON, Oct. 17.—After the regular morning service in St. Paul's Church on Sunday morning, a brass tablet placed on the wall to the memory of the late Gardner Booth, with the following inscription, "To the Glory of God and in loving remembrance of Ernest Gardner Booth, 24th Victoria Rifles, killed in action at Wancourt, France, August 27th, 1918, aged twenty years. Erected by his mother, M. J. Booth," was unveiled by Mr. Harold Dryburgh, C.A.M.C., lifting the Union Jack with which it was covered. There were present twenty returned officers and men in uniform, the mother, Mrs. M. J. Booth, and daughter, Florence, of Leominster, Mass., Mr. and Mrs. Carmi Libby, sister and brother-in-law, of Brome, besides hosts of friends to pay their last respects to one who gave his life, so young, for his country. Canon Carmichael took charge of the service and spoke comforting words.

SAVING AUSTRIA FROM RUIN.

Austria, the remnant of the once proud and powerful dual monarchy, has been in sore financial straits since the day the nation was forced out of the world war by the military power of the Allies.

The masses of Austria can not be left to perish. so the Allies have undertaken to give some financial relief to the Government in order that the people may be encouraged to resume manufacturing and agriculture in the effort to become self-sustaining.

It is proposed that Great Britain, France, Italy and Czechoslovakia unite in providing a loan large enough to equip Austria with the machinery and other facilities necessary to get the people established in a way that will enable them to resume earning.

The action of the Allies towards Austria must be accepted as a bit of magnanimity that should not be overlooked. None of the nations that will participate in the loan expect to profit by it, although they will receive security through the League of Nations for the return of the principal.

Austria has received assistance from the nations in food and medical supplies for much of the period since the end of the war, and the United States has done a great deal for the suffering people.

The only hope of Austria is to make the people self-sustaining, and this can only be done by helping them to equip themselves for the activities in which they may engage.

IS THIS FLYING LIMIT?

Within a few days American airmen have presented the world with two new records, one for sustained flight at San Diego, Cal., and the other for speed at Garden City, Long Island.

The American record probably will stand at least until some means is devised, if that is possible, of protecting the pilot from the crushing centrifugal pull, from the effects of which Lieutenant Maughan became unconscious for a few seconds.

The experience of Lieutenant Maughan apparently establishes the limit for maneuverability, which, of course, is the limit of speed since human capacity to control cannot keep pace with inventors' improvements.

STILL ROMANCE ON SEAS.

There seems, at first view, little of the romantic and picturesque about the modern floating hotel or gigantic freight carrier on the ocean.

It is true that the ships are bigger and stronger than ever before. There are no pirates aboard to fear, and all that science has been able to accomplish has been done to make ships safe.

But adventure, peril and romance remain. Whether a Great Lake freighter, laden with flax, suddenly shifts cargo and founders, while her crew leaps for the lifeboats, or whether a cargo of unslacked lime on a ship on the Atlantic coast, starts an unquenchable fire, the risk is there.

It is not unusual for an Atlantic sea captain to report a derelict. The case of the Marie Celeste comes instantly to mind. She was found shipshape, taking an unsteered zigzag course. Not a soul was aboard. Her log was missing, but there were evidences that she had not long been deserted.

TODAY'S A HOLIDAY.

October 17, 1922.

Kan Name Sai Festival, Japan.

The cheery chirruping of the cricket is not a thing to be despised anywhere, but apparently it is only the Japanese who hold it at its true worth.

Singing insects! Truly it takes a refined ear to detect the harmonies of their shrilling. In any pleasure garden in Tokyo or elsewhere in the island empire, however, they are to be found by the hundreds tonight.

There is another custom, too, which the Japanese have observed for centuries on this autumnal festival, that is the enjoyment of the mellow views by moonlight, at chosen spots. It is a very beautiful country, under the spell of night, and the spectacle of throngs, quiet and subdued a trifle by Luna's influence, drinking in aesthetically what nature has to offer, gives us pause,

and makes us realize that the Japanese is not entirely a cheap manufacturer and a blatant advertiser of militarism. There is a touch of the poet in him, too.

THE TURK WOULD HAVE KEPT OUT.

Now if the citizens of Smyrna had only put up "no more war" signs in their windows this thing would not have happened.

BRITISH SETTLERS NEEDED.

When are the British settlers coming to Canada? About 20,000 Italians and 6,000 Rumanians are said to be coming here in the spring.

SAVE WORLD FROM WAR.

"Save the boys from the fascination of the military career, if you would save the world from war." This was the keynote of an address delivered by Dr. William L. Potest, president of Wake Forest College, North Carolina, at a national Boy Scout executive conference the other day.

FREIGHT BY AIR IN FIVE YEARS.

"Within five years we shall see railway freight and passenger lines transporting heavy loads at commercially satisfactory rates," says Charles Hall, of Los Angeles, head of a staff of experts surveying air routes. This development of aerial navigation, Hall says, has been made possible by radio telephony, practical aerography, non-inflammable gas and aluminum alloy, permitting lightness in frame work.

THE TIPPING EVIL.

A great many men are of the same mind regarding the tipping evil, which has attained mammoth proportions; nor does its ultimate growth seem yet in sight. Tipping effects travel adversely, and is ungenial. Besides tipping debases both the recipient and the donor. It is wrong in theory and in principle and in practice, and the sooner it is abolished so much the better.

U. S. PRICES RISING.

The new tariff law in the United States is already yielding results. The Pennsylvania Sugar Refining Company has advanced the price of refined sugar 25 points, to 6.70 cents a pound. Increases by other refiners, to 6.60 and 6.75 cents a pound are reported, and more advances are said to be coming.

LAKE MEGANTIC NEWS AND NOTES OF INTEREST

Lord Bishop of Quebec Held Services at St. Barnabas' Church, Agnes.

LAKE MEGANTIC, Que., Oct. 17.—The Lord Bishop of Quebec paid his episcopal visitation to the Mission of St. Barnabas, Agnes, last week. On Saturday evening, at the Masonic Hall, a large and representative number of members of the congregation assembled to hear His Lordship's fascinating account of the work of the church on the north shore of the Gulf of St. Lawrence.

The incumbent, at the end of the Bishop's lecture, cordially thanked His Lordship for his kindness in giving local residents the opportunity of learning more about the mission work in their own diocese.

On Sunday morning the Bishop dispensed the apostolic rite of the "laying on of hands," and to all present his words were of much comfort, encouragement and hope.

At evensong the Bishop, despite the wet night, was greeted by a large congregation. Taking his text from Acts 16-30, the Bishop cautioned against any form of false doctrine, to which this text has been observed, too often been made to apply.

Among those who attended the services, it has been remarked that the fact that there was but little singing beyond that of the ordinary services, yet all the devotions were so beautifully rendered, and the Bishop's words and presence so sympathetic, reverent and uplifting, that it would be hard to say when more impressively beautiful, joyful and inspiring services have been held in St. Barnabas' Church.

Fire Committee's Report.

The council approved of the tender of the E. T. Construction Company for the erection of a large shed at the rear of No. 5 fire station in the west ward. The cost will be \$1240, and the work is expected to be commenced immediately.

The Council recommended the payment of 2 1-2 p.c. on the contract price of \$23,885, to architect J. Gregoire, amounting to \$597.12. With regard to the balance of \$32.49, the council did not consider the city responsible for that amount inasmuch as the architect charged a commission of 5 p.c. on extraordinary work executed by other contractors and for requirements purchased to complete the work over and above the contract price.

Health and Sanitation Report

Municipal abattoir.—The petition presented by the local butchers and signed by a large number of influential citizens, asking for the installation of an abattoir was carefully considered. The importance of an abattoir was explained by Dr. Demers who pointed out:

"While our present inspection of meat was good, it could not be so perfect a protection as would be afforded at a properly conducted abattoir."

It was finally unanimously decided—from a health standpoint—to recommend the erection of a modern abattoir to be under the supervision of the city health department, but the members of this committee felt that this question must be considered from many points of view and reserved the privilege of voting as they believed to be in the best interests of the city at large, when the matter comes up for further discussion.

Ald. Skinner presented the Sept. report of the activities of the health department and opportunity was taken to refer to the excellent services rendered by Dr. Demers and his assistant Mr. Masse.

Police and Poor Committee.

Public assistance.—Forms received from the General Hospital, the Sherbrooke Hospital and the Sacred Heart Hospital relative to persons admitted to these hospitals. The council decided that inasmuch as it was only on the receipt of Dr. Lesard's letter, dated August 2nd last, that the Council was advised that the above institutions were recognized by the Government in connection with public assistance, forms admitting needy persons to these hospitals should be dated from Sept. 1st last.

Favorable consideration was given to the cases of Miss Burtenshaw, Dame Albert Leblanc and the Lawrence family. With regard to the Lawrence family, Jenckes Lane, letters were received from the Rev. R. Bigg and Dr. W. W. Lynch and after proper investigation it was decided to pay a sum of \$150 in order to have the family returned home.

\$500 Reward Offered by City

The council authorized the Chief of Police to offer a sum of \$500 to

any individual furnishing information which will result in the arrest of the individual responsible for killing young William Hawkin, who was run over by an automobile recently. Notices will be duly published in the press and throughout the district.

Ald. Tremblay read a letter from the chaplain of the "Cercle Catholique des Voyageurs" congratulating the Council upon its firm stand in refusing to allow a certain play to be presented in this city.

Market Committee

The market committee report, read by Ald. Fortier, was adopted as follows:

Tenders received for building at the market (2 skin calves) and considered.—The committee recommended that the council accept the lowest tender, to wit: that of the E. T. Construction Company, amounting to \$390.00, and award the contract to that firm according to plan and specifications accompanying the call for tenders and the tender, subject to the approval of the finance committee to be constructed under supervision of building inspector.

That the Mayor and the Secretary-Treasurer be authorized to sign the contract on behalf of the city, if approved by the finance committee.

Liquor Control in City.

Ald. Edwards asked for information relative to the "Palais Club" on Wellington Street. "What is it?" "Has it a license?"

Ald. Tetreault:—"The license is granted by the Government, the city has nothing to do with it."

Ald. Edwards:—"Are you satisfied that this club is for the benefit of the city?"

Several Aldermen:—"That is a matter of opinion."

Ald. Langis made reference to bootlegging and suggested that the matter be taken up with the Government in order to ascertain whether it would not be feasible to authorize the city authorities to proceed without having to refer continually to the Liquor Commission. He observed that he was not criticizing the Government but would like to see that matter handled by the chief and his department without constant reference to the commission.

Ald. Newton:—"Why not appoint a committee and arrange for an interview with the Ministers and see if our complaint cannot be considered."

Ald. Langis:—"I would suggest Aldermen Tremblay and Newton form the committee." This was approved.

Ald. Edwards made reference to certain recent events and stated that constant infractions of the law should bring about a stringent investigation. He added that it was absurd to wait so long for attention and relief.

Ald. Tetreault referred to the fact that during the course of the recent raid undertaken by the Commission, one of the men arrested, and subsequently sentenced to a term in jail, was the occupant of property belonging to the city. It was accordingly unanimously agreed by the council that the individual in question, Evanna Berube, who has a lunch cart near the Magog river, be requested to transfer his property elsewhere.

Ald. Langis observed that it was the intention of the council to work in harmony with the commission and secure better administration.

City Incinerator

Ald. Skinner observed that inasmuch as the question of an incinerator

MEMORIAL TO COL. M'CREA HAS BEEN ACCEPTED

GUELPH, Ont., Oct. 17.—The plan for a memorial to the late Colonel John McCrea, in Wimeroux, in France, for which funds have been subscribed by the Canadian Clubs of Canada, has been decided on as acceptable to the Imperial Grave Committee and the family of deceased.

The suggested memorial is in the form of a stone seat at the entrance to Wimeroux Cemetery. At one side there is to be a house of records, on the other a shelter, both handsome structures. Between these the Imperial Graves Committee suggests that a large stone seat be constructed, a plan being submitted to show just what could be done in this respect. On this seat there would be carved deep in the stone, the verse of Colonel McCrea's poem, beginning "We are the dead," beneath this verse the name of the author, and concluding with the statement that "Colonel McCrea is buried in this cemetery."

KEMALISTS NOT PLEASSED WITH PREMIER'S SPEECH

(Associated Press Despatch) CONSTANTINOULE, Oct. 17.—Prime Minister Lloyd George's Manchester speech on the Near East, of which a summary reached Constantinople last night, has created a furore among the Kemalist followers here. The entire summary was telegraphed immediately to Angora. "This speech," said the Kemalist representative here, "completely shatters the confidence which we were reposing in Great Britain after her assurances to us at Mudania." The phrase in which, as received here, the Kemalists were compared with "warlike animals," particularly displeased the Nationalist delegate.

A POLITE DRIVER

Traffic cop—(Signalling)—Come on! What's the matter with you? Truck driver—"I'm well thanks, but my engine's dead."

ator would be up for discussion early in the new year, he considered it advisable for the electrical engineer to secure all necessary data regarding incinerators. It was decided that the engineer and Mr. Tremblay, road engineer should co-operate on this issue.

Ald. Edwards suggested that inasmuch as the incinerator would probably be located on the property of the gas and electric committee it would be advisable, in order to eliminate the dangerous G.T.R. crossings, to try and find some way of opening up Lansdowne street.

Mr. Martel, of the city office, again asked the council to provide a certain sum in order to assist in the payment of expenses incurred when his son was shot and seriously wounded by Sullivan who later committed suicide. The matter was referred back to the police committee.

Ald. Lacombe drew attention to the recent publication of the "Blue Bell," issued by the Bell Telephone Company, and in which considerable publicity was given to the City of Sherbrooke. Ald. Lacombe commented upon the splendid piece of work and the matter was referred to the publicity committee.

With the completion of his term as pro-Mayor, Ald. S. R. Newton is succeeded by Ald. J. D. Tremblay.

EASIER TONE TODAY ON MONTREAL EXCHANGE

(Associated Press Despatch) MONTREAL, Oct. 17.—The local stock exchange was only moderately active during the first half-hour this morning, although the majority of leaders were traded in. The somewhat weaker tone that first became apparent towards the end of last week continues, but the present slight reaction is in no way significant of any movement bordering on liquidation. Canadian converters was a feature of strength at the opening, registering an

THE MONTREAL CATTLE MARKET QUOTATIONS

(Associated Press Despatch) MONTREAL, Oct. 17.—Dominion Live Stock report: Cattle receipts, 275. Between eight and ten loads of cattle were left over from yesterday's market, part of these were sold this morning. Prices yesterday were fifty cents lower on good cattle and up to 25 cents lower on common kinds. Canners, bulls and real common cows were about steady. Demand for commonest kinds is better in comparison than for the good butcher cattle. A few bulls were sold this morning for \$2.72. Among yesterday's sales were three loads of Winnipeg cattle averaging 1140 to 1200 pounds per steer at \$5.75, and a number of fat northwest cows weighing from 1000 to 1200 lbs. at \$4.25. The bulk of the western cattle brought from \$4 to \$5, and one load of Ottawa cattle averaging 1130 brought \$5.25, and the bulk of the local cattle were common light stuff and realized from \$2.50 to \$3.50.

Quotations: Butcher steers, good, \$5 to \$5.75; medium, \$4.50 to \$5; common, \$2.50 to \$4.25; butcher heifers, good, \$4.50 to \$5; medium, \$3.50 to \$4.50; common, \$2.50 to \$3.50; butcher cows, good, \$4 to \$4.25; medium, \$2.50 to \$3.75; canners, \$1.25 to \$1.50; cutters, \$1.50 to \$2.25; butcher bulls, common at \$2 to \$2.75. Calf receipts, 757. The demand for good veal calves is good. A few fairly good sucking calves brought from \$9 to \$10. The fair to medium ones ranged from \$6 to \$8.50. The demand for grassers was a little better; butchers taking a few light, fleshy lots at \$4, but the bulk of the grassers sold around \$3.50 with an odd lot of very poor calves as low as \$2.50. Quotations: Butcher steers, good \$5 to \$5.75; medium \$4.50 to \$5; common \$2.50 to \$4.25. NEW YORK PRESS MARKET COMMENT

Furnished by McManamy & Walsh

Wall Street Journal—Industrial stocks started the new week with a remarkable outburst of strength and activity. Tribune—Despite the climbing of steel common to the highest prices for nearly three years, industrial shares, beset by profit takings sales, became irregular. Journal of Commerce—As in the latter part of last week, the session had not advanced very far before profit taking became general, and a good many issues were driven homeward. Wall Street Journal will say today: Southern Railway showed improvement in September. Copper buying moderate due to price weakening. American Smelting earnings show considerable increase. Loose Wiles Biscuit's financial position strong. Oil production gains in Panuco region of Mexico. U. S. Steel stock dividend not discussed, says Garry.

After opening 1/2 to 3/4 cent lower, with December at 65 1/2 to 65 3/4 cents the corn market underwent a little further sag. Oats started 3/4 cent lower to 1 1/2 cent advance, with December at 41 1/2 to 41 3/4 cents, rallied a trifle and then dropped lower than before. Provisions were firmer, guided by the action of the hog market. PRICES MOVED FORWARD ON WALL STREET 'CHANGE NEW YORK, Oct. 17.—(Wall Street No.) Heavy selling of the United States Steel, Baldwin, Studebaker and American and Continental Can shares, caused further irregularity during the first hour, but when these offerings had been digested the whole market moved forward. Copiers were unusually active and strong, apparently in response to the favorable semi-annual earnings statement of the American Smelting Company. A broader inquiry also was noted for food, public utility and tobacco issues. Railroad shares quieted down for a time but started upward again in response to a brisk demand for New York Central, which touched 100 1/4, a new high for the year, buying of this stock being attributed to reports of additional financing through a new 7 per cent issue. Speculative buyers continued to favor the Mexican Oils, Mexican Petroleum advancing to 215 1/4. National Biscuit and Postum Cereal were the favorite specialties, each establishing a new top price. ## U. S. BASEBALL WRITERS PAY A VISIT TO CITY

### Indications Are that Sherbrooke Will Enter Canada Baseball League Next Year.

Indications point to Sherbrooke becoming a link in the Canada Baseball League circuit next year. At least one would gather such an opinion from the remarks made at the informal gathering of prominent citizens and sportsmen at St. George's Club last evening to greet five members of the Baseball Writers' Association of the United States, who are on a three weeks' trip through Canada as guests of the Canadian Pacific Railway.

Among the visitors present was Mr. Joe Page, president of the Canada Baseball League, who in a few words actually offered an opportunity to Sherbrooke to enter the organized baseball field next year.

"We are not going to beg Sherbrooke to come into the Canada Baseball League, but, as I have already stated to Mr. Steve Newton, president of the Sherbrooke Club, we are anxious to have, and need, Sherbrooke in our circuit."

Mr. Sid Mercer, baseball expert of the New York Evening Journal, turned the local sportsmen up considerably by their enthusiasm to enter the Canada Baseball League. He openly stated that independent baseball was not to be compared to organized baseball, where there is a race. He pointed out that the city of Sherbrooke would derive great benefit by having a team entered in an organized league, carefully pointing out the great amount of advertising that the city would receive by being in a league race, and explaining that all the public organizations in the city should assist the club.

Mayor William Morris was present to welcome the visitors to the city, and during the course of his remarks stated that he was sure that if Sherbrooke entered a league the City Council would do all possible to assist the local club. A few remarks were also made by Colonel George Ham, who accompanied the party from Quebec to this city, also by Mr. D. J. Steele, local C.P.R. representative, who had charge of the arrangements for the entertaining of the visitors while in Sherbrooke. Mr. J. H. Walsh, general manager of the Quebec Central Railway, Mr. Steve Newton and Mr. E. W. Farrell.

The visit of United States sporting writers to Canada is to be an annual affair, five men to be chosen each year. The party this year is composed of Sid Mercer, New York Evening Journal; Denman Thompson, Washington Star; E. A. Ballinger, Pittsburgh Post; Frederick Lieb, New York Evening Telegram, and Irving Vaughn, Chicago Tribune, who joined the party here.

The party reached Quebec on Sunday, and through the kindness

of Mr. J. H. Walsh, general manager of the Quebec Central Railway, travelled to this city in the general manager's private car. On their way to Sherbrooke the party viewed the asbestos mines at Theford Mines, and each member received a sample of the fibre.

On arrival here the visitors were met at the Q.C.R. station by Mr. D. J. Steele and several local sportsmen and escorted to St. George's Club, where refreshments were served. Later the party, after expressing regret that they were unable to remain in Sherbrooke for a longer period, and thanking Mr. D. J. Steele and the local sportsmen for the enjoyable time they had had, left for the C.P.R. station, where they boarded the Halifax train. They are bound for Nova Scotia, where they expect to do a little moose hunting.

**NINETEEN MINOR LEAGUE PLAYERS DRAFTED**  
(Associated Press Despatch)  
CHICAGO, Oct. 17.—Only nineteen minor league players were requisitioned at the annual major league drafting meeting here on Sunday, the National taking the larger share of the youngsters. Only two American League clubs, New York and Washington, submitted names, Washington taking three and New York two players.

**BALTIMORE PLAYERS EACH RECEIVE \$1,000**  
(Associated Press Despatch)  
ST. PAUL, Oct. 17.—Eighteen players of the Baltimore International will receive about \$1,000 each as their share of the receipts of Minor World Series. St. Paul players take about \$700 each.

### BASKETBALL

**INDUSTRIA LEAGUE**  
Last night an organization meeting of the Industrial Basketball League was held at the Y.M.C.A. when four teams were entered, J. S. Mitchell, Fairbanks, Panther and Rand. At the meeting it was agreed that attempts be made to get another two teams by doubling up on some of the plants, and a meeting has been arranged for Thursday night to draw up the schedule and get games started. Any other teams than those mentioned above desiring to enter should get in touch with the General Secretary at the Y.M.C.A. and have a representative on hand on Thursday evening.

**JUNIOR TWILIGHT BASEBALL LEAGUE**  
The meeting called for last night to consider the protest in the Laurier-Y.M.C.A. game was postponed, but a meeting is called for Wednesday night at 7.30 sharp, when all the executive officers should be present, as well as representatives from each team.

## SIR LOMER SEES A BIG INCREASE IN POPULATION

### Claims Liberals Will Remain in Power for a Period of Ten Years.

(Associated Press Despatch)  
MONTREAL, Oct. 17.—"We are going to remain in power for ten years at Ottawa. At the end of that period there will be a census, and if we cannot show a population of from twelve to thirteen millions in Canada, you will have ample reason to change the Government, and we shall deserve to leave," was the declaration of Sir Lomer Gouin in his address before the Montreal Women's Club here yesterday.

## MEETING OF AUTOMOBILE ASSOCIATION

### Advocated Rigid Inspection of Gasoline Pumps at Session Held Last Night.

A meeting of the Sherbrooke Automobile Association was held last evening to discuss general matters pertaining to motorists and to discuss the annual meeting of the Quebec Association on which is to be held in the near future. Mr. C. E. Soles, president of the local organization, Dr. J. C. McConnell, secretary, and Mr. J. O. Darche were chosen as delegates to attend the meeting in Quebec. The local Association will make representations suggesting the desirability of legislation providing for the inspection of gasoline pumps and for the carrying of lights on all vehicles.

A good deal of discussion took place with regard to the apparent lack of supervision in the matter of gasoline pumps and the quality of gasoline served. It was stated that filling stations are being established at all localities along public highways. The price of gasoline is high and there has been an intimation that a government tax will be placed on gasoline, which will have a tendency to still further advance the price. As a result of this, motorists feel that they should have the absolute protection in the matter of full measure wherever and whenever they buy gasoline.

Instances were cited by some of those present of tests made showing the shortage in measure, and one case was reported where gasoline and coal oil had been mixed. It was pointed out that in some of the American States laws have been established by which a strict inspection of the condition of gasoline pumps is made.

A letter received by the Association from the Township of Ascot, asking for its support in an effort to have the Government take over the maintenance of the bridge at Ascot. The Association decided to join in a delegation in this connection.

O'Dowd won the judges' decision over Pete Zivic, of New York, in a twelve round bout here last night.

### EFFORT TO BRING SIKI TO U.S.

(Associated Press Despatch)  
NEW YORK, Oct. 17.—In an effort to reach an understanding on a tentative arrangement by which Battling Siki was to come to the United States to engage in bouts with light heavyweights, Tex Rickard today cabled Maurice Heller, the fighter's manager. It has been reported from Paris that Siki has no intention of coming to the United States.

"If Siki and his manager do not come here," said Rickard today, "as they cabled me they would, then I will guarantee that Siki will never box in America if I can prevent it."

### MADE STRONG COMEBACK

(Associated Press Despatch)  
MONTREAL, Oct. 17.—Jackie Norman, former Toronto lightweight, and now of New York, earned his second victory within ten days over Red Cap Wilson here last night, when, after being practically out in the third and fourth rounds of their scheduled ten round bout, he staged a remarkable rally and outfought his opponent in the last five rounds.

### TRACY TO MEET SOTELLO

(Associated Press Despatch)  
MONTEVIDEO, Oct. 17.—Jim Tracy, the Australian heavyweight, has signed articles for a fight with the Uruguayan middleweight, Sotello. The fight will take place on November 5th. Tracy will use six ounce gloves and Sotello gloves weighing four ounces.

### SPORTING NOTES

**NEW SWIMMING RECORDS**  
(Associated Press Despatch)  
HONOLULU, Oct. 17.—Warren Kealoha broke the world's record for the fifty yard back stroke here last night at the Hui Makani Club's swimming trials. He swam the event in one minute, forty six and one fifth seconds. The former record was 1:47 flat.

Marielchen Wehslau, of the Outer-ridge Club, swam the 220 yard free style in two minutes and fifty seconds, thus bettering the world's record of 2:51 2-5.

**SO CHEERING**  
"Dear Katherine is so good-hearted! She went down into the tenement district yesterday to brighten the lives of the poor."

"That was kind of her. What did she do for them?"

"Told them all about the good time she'd had at Palm Beach."

## FINE LECTURE GIVEN IN ST. ANDREW'S HALL

### Large Audience Greeted Dr. Nelson on Occasion of Anniversary Entertainment.

Irish wit, Scotch reasoning and British fervor formed the basis of the excellent address given in St. Andrew's Church Hall, last evening, by Dr. Banks Nelson, of Hamilton, Ont., on the occasion of the anniversary of the Presbyterian Church in this city. The fact that Dr. Nelson was speaking on "Ireland" at a St. Andrew's anniversary was somewhat unique in its way, but after listening to an address given by an Irishman in a Scotch church, one could more fully realize the natural close union which could, and should exist between these two great peoples.

Rev. Alfred Bright, in introducing the speaker, referred to the specially fine services held on Sunday, paying tribute to Dr. Nelson's sermons, to the music rendered by the choir under the efficient leadership of Mrs. MacKay, with Miss Ruggie at the organ, and to the hearty response of the congregation for the offering.

Dr. Nelson, in turn, expressed his pleasure in seeing the pastor and his people, "which," he said, "are each worthy of the other," and, in reference to music, showed his decided preference for the dear old songs, such as "Killarney," which had been beautifully rendered by Mrs. MacKay previous to the address. He spoke of Jenny Lind, who endeared herself to people by singing to them, not over their heads, comparing her gift to the world of music favorably with that of some modern singers.

He began his subject by "importing people from Ireland to put good blood into Canada," paying tribute to the warm-hearted inhabitants of Erin's Isle, but coupled with regret for conditions that exist, due in part to lack of progressiveness. "It is so busy in this country," he said, "that she has not time for improvement," was a candid remark, the speaker giving incidents to verify his words.

"With Ireland in her continuity to England, is it not a pity there is not more contagion?" he asked regarding the British spirit of progressiveness, of which Ireland is in need.

He spoke with regret of the primitive customs, people going into churches of magnificent Gothic architecture in bare feet, the thatched roofs of dwelling places; unsanitary conditions, etc., adding, "Who has put up the imaginary partition between England and Ireland? The country is full of orators who dig up old wrongs, foster the spirit of unrest and revenge, and the struggle goes on. Facts in history show that England has been sometimes more brutal in bare feet, the thatched roofs of dwelling places; unsanitary conditions, etc., adding, "Who has put up the imaginary partition between England and Ireland?
