NINETY-THIRD YEAR | HUNTINGDON, QUE., MAY 9th, 1956 | TWELVE PAGES

Full Staff For Next School Year Now Arranged For H.H.

The commissioners of Huntingdon School Board met at the school on Thursday evening for a regular monthly meeting, with all the members present, Secretary E. C. Martin and Principal Dr. Willis.

The reading of the bills disclosed that much repair work had been done on the stokers of the furnaces and that they still were not giving satisfactory service. A lengthy discussion took place on this matter and it further was disclosed that the school had been cold on several days of late due to the furnaces not functioning properly. It was decided to obtain some expert advise regarding what would be best to be done about this matter.

It was also noted that finances are getting short and that there are a number of delinquent tax payers. The Board instructed the secretary to take necessary steps to collect the arrears of taxes within the next few days.

The matter of the school buses came up for discussion and a study is to be made of the various routes with a view to a reshuffle if possible, in order to avoid the expense of purchasing a new bus to accommodate the extra pupils expected due to taking pupils from the Hinchinbrook annexation. Dr. Willis explained that he had made a scale map of the area covered. He felt that with study, the purchase of a new bus could be avoided. The matter was left to a committee to take under study and to report their findings to a future meeting of the Board.

Dr. Willis suggested the purchase of a piece of mechanical equipment for the wood working room and was given the authrity to make enquiries regarding how this could be arranged.

Due to the fact that it is practically impossible to keep grass growing in front of the school and also that a great deal of mud is tracked into the school as a result, it was proposed that this part of the grounds be black-topped. A committee was appointed with a view to approaching Mr. H. A. D. Somerville to see if the government would do this work in the near future.

Another committee was formed to put the newly acquired piece of land into shape for extra playground space in time for the new school year beginning in September. It is proposed to have the present fence extended along the street side to the depth of the addition and probably across the back to prevent trespass on the other property. Some of the trees will be cut down and the stumps removed. Other trees will be preserved to provide more shade. Dr. Willis asked for more playground equipment when this is done.

Apparently the staff for the school for the 1956-57 year has been arranged for and the Woodwork instructor will be a Mr. Laurin from Hemmingford, who will teach here for three days each week starting in October.

It was suggested by Dr. Willis and accepted by the Board, that Mrs. R. Baker be taken on the staff for three half days each week to teach biology. It was stated that this subject could be taken as an alternative to some other subjects and would aid those in the higher grades to obtain the number of subjects required for matriculation.

Some of the teaching staff will take on new grades in the next school year: Mrs. Wallace will have Grade 8, formerly in charge of Miss Pryde. Miss Pryde will take charge of Grade 9; Mrs. MacGregor will take Grade 10 and Mrs. Brown will take Grade 11. Mrs. Wallace will also assist with some of the lower grades which are rather large.

It was decided that the school should purchase another upright piano, and the members of the Board are to keep a lookout for a suitable instrument. Several pictures of the Queen have been donated to the school and these are to be placed in each of the classrooms. These pictures need frames and it is believed that suitable frames might be found discarded in the homes of friends of the school. If anyone has such, it would be appreciated if they would call the school and give the size. The pictures are fairly large so the frame would need to be of the fairly large type, say 14x18 or something about that size, inside measurement.

Dr. Willis also informed the Board that he and some other members of the staff had held interviews with grade eleven pupils and their parents with a view to co-operation and encouragement of the pupils to greater concentration on the course of study. He hoped that this will have the effect of improving the work in the grade and also of assisting the pupils toward greater efforts to improve their standing at the time of examinations.

Malone Grange Present Excellent Program At M.L.G.

On May 2nd, Malone presented their Neighbour Night Programme at Maple Leaf Grange, and was in charge of Margaret Brady Jenkins, Lecturer of Malone Grange. Throughout the programme and also for the business meeting of M.L.G., Grace Thomas was at the piano. Margaret Jenkins, in preparing her programme under the theme "Golden Hours", had chosen a Golden Hour out of each month of the year.

The first item was "The Bells of St. Mary" played by a rhythm band made up of members of Malone Grange, their instruments being sleighbells, drums and most any other noise making instrument. Following this the old year made an entrance and exit and was accompanied by little Miss New Years who was Joanne Hunter, Allan and Margaret's little daughter.

February brought two items, first an historical item on Abraham Lincoln by Sylvia Thomas and second, a Valentine number which was very amusing.

March, celebrating St. Patrick, brought two dance numbers: a tap dance by Shirley Shaw and the "Waves of Tory" by eight couples.

April with the thoughts of Easter showed a white cross at the front of the stage while James Macabee sang "I Forgive".

May with Mothers' Day showed a beautiful tribute to Mathers everywhere.

June, the month of weddings, brought a wedding scene to the audience.

July had Independence Day and the presenting of the Stars and Stripes.

August, playtime, showed four school girls enjoying summer vacation.

September, back to school, brought an amusing item to the singing of "School Days".

A presentation by Sara Hapgood to Lillian Childs of a beautiful corsage was in appreciation for over fifty years service in the Grange work. She also read an essay on Grange work for the October hour.

November, in which Thanksgiving is celebrated, brought a graceful minuet dance by Stewart and Raida Childs.

December, of course, brought Christmas with a visit from Santa and the singing of Jingle Bells.

Allan Hunter expressed the thanks of M.L.G. to Malone for the splendid programme they had prepared.

Remarks were made by Laurence Ryan, Howard Dunn and Belle Aldrich.

Nearly 120 people were present. Nine members and two visitors from M.L.G. attended the Rural Life Service on Sunday night, May 6th. A very impressive service with Rev. Williams of Chateaugay and Burke as speaker was enjoyed, with special music by Juvenile Grange members and 4-H girls, and a solo by Ed. Collins.

Six members of Maple Grange attended the organization meeting and first practice of the County Chorus at Bangor on Friday night. The next Neighbor Night is at Fort Covington May 12. Elizabeth Rankin reminded the members of the sewing and cooking contest to be held on May 15.

ADVENTURE IN CITIZENSHIP

DONNIE COGLAND

The Adventure in Citizenship, conducted by the Rotary Club in Ottawa, each year, during the month of May, will be attended by boys and girls from across Canada. The Rotary Clubs of Canada are invited to send representatives from their respective communities, and when doing subscribe the necessary amount to pay in the fund toward the general expenses entailed. The Rotary Club of Huntingdon makes a contribution of about $60. The representative to attend as from Huntingdon this May is to be Donnie Cogland, son of Mr. and Mrs. E. G. Cogland.

Arch. Craig Celebrates 102nd Birthday

On Tuesday, May 1st, friends and neighbors called at the home of Mr. and Mrs. Mervyn Craig, Howick, to celebrate the 102nd birthday of Mrs. Craig's father, Mr. Arch. Craig.

Though confined to bed most of the time, his health is good. Mr. Craig enjoyed seeing and talking to his friends, recalling many happy times. Best wishes were extended to him by letter, cards, radio and T.V. He also received beautiful flowers and kind remembrances which all helped to make his birthday a most happy event.

Refreshments were served by his daughters, Mrs. Chester Orr, Mrs. Robt. Roy and Mrs. Mervyn Craig and his granddaughters Mrs. Wilburn Anderson and Mrs. Clifford Craig.

Self Service Store Takes Place of Old Store

Through diligence and hard work, the old Holiday Store has passed into a great change from the country general store that it used to be. The present proprietor is Royce Ruddock, who took over the ownership from Mr. Doug. McColm a few years ago.

Originally the store was in one room surrounded by stock rooms. With business booming in the little store, Royce decided to expand such that he could make his store a self-service store. The partition behind what was the post office was torn down and the large stock room facing the highway was modernized to accommodate canned and other foods. The large old wooden counter which was located on the East side of the store was moved to the other side of the store and modern shelves built to accommodate additional groceries.

The grand opening of the newly renovated store was held on Friday and Saturday this past week. Many people throughout the district visited the store and sampled the large cake decorated suitably for the occasion.

Eleven Door prizes of baskets of groceries were won by the following: Ken Ferns, William Graham, Keitha McIntosh, Miss Connie McCaig, George McAdam, Mrs. Ernie Martin, Mrs. Bruce McKellar, Miss Winnie Rowles, Miss Annie Muir, Mrs. H. Lefebvre, Miss Rita Laplante and Mrs. Thos. Quesnel.

Old Traffic Bugbear Is Here Again

Huntingdon Town Council met on Monday evening for a short time and then adjourned until Wednesday evening, at the same place and hour. The reason for the adjournment was the absence of Mayor Cappiello, Alderman Fournier and the vacant seat of Alderman Caza. Alderman McWhinnie acted in the stead of Mayor Cappiello, by the resulution of the meeting.

A large number of bills were read and passed for payment, with a few reservations for further checking. This occupied a considerable portion of the meeting.

A resolution was passed accepting the resignation of Alderman Caza, due to illhealth. It is expected that an election will be held within the next month for a candidate to fill the vacant seat on the council.

Mr. Guy Lefebvre, representing the Junior Chamber of Commerce, asked the council to have Chateauguay Street cleaned at least twice each week during the summer months. This matter will be taken up again on Wednesday.

Mr. Lefebvre also asked that Chateauguay Street be made a one-way street with parking on both sides during the summer months. He complained that the business men on that street were losing business because there are insufficient parking facilities. Several of the aldermen disagreed with this view and remarked that the traffic had never operated as smoothly on that street as it does today. This matter will also be taken up on Wednesday.

The meeting adjourned.

Art Show To Provide Good Program

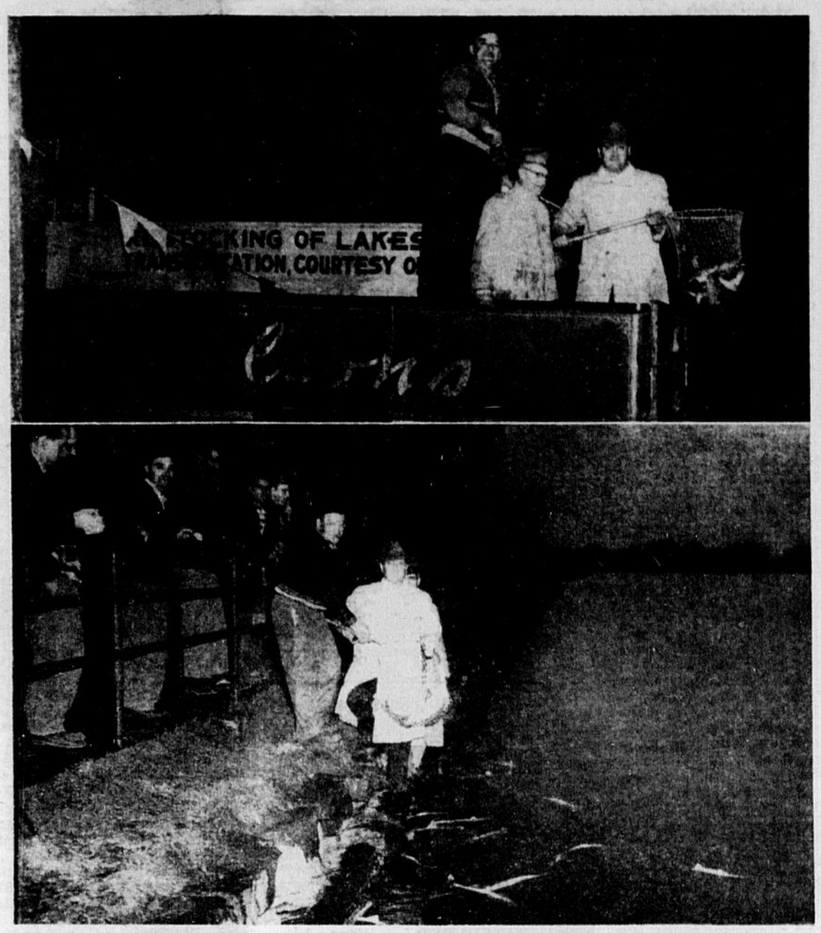
From 150 to 160 pictures from various artists throughout the Chateauguay Valley have already been received for the Art Show which is being held at Grove Hall, Huntingdon, on Friday and Saturday of this week. The committee in charge is highly pleased with the good response being made to the exhibit and it promises to be highly entertaining.

In addition to Allan Mills, the folk song singer, who is to give a performance in the evening of Friday, the Grange Players have also sent word that they will give a performance on this evening also. Tickets are selling well and those who intend to attend, should procure their tickets without delay.

On Saturday, the Ladies' Auxiliary of the Huntingdon County Hospital are holding a tea and hope for a good attendance at this event in order to help their funds.

Proceeds from the Friday night program are for the benefit of the Barrie Memorial Hospital and Huntingdon County Hospital and will be divided between them. This is an annual event sponsored by the Chateauguay Valley Artists Association and has created great interest among the people here. It therefore goes that a good attendance will be on hand for Friday and Saturday.

RESTOCKING RIVERS IN AREA WITH FISH



The above photograph was taken at Valleyfield the past week, when the Lake St. Francis Fishermen's Club were supervising the dumping of a series of 2,000 fish into the lake. The operation was under the supervision of Mr. Romeo Marleau, President of the Club. Also assisting were: Messrs. C. Auclair, B. Jutras, F. B. Cadieux, G. Jutras, F. B. Cadieux, G. Jutras, L. Lapierre (Fish and Game Warden), M. Lebeuf (representing Molson's Brewery in Valleyfield). The first load of 250 fish came from Missisquois Bay and were taken to Lake St. Francis in a Molson truck. They were obtained from the Provincial Government through Mr. Edgar Hebert, M.P.P. The weight of the fish varied from 2½ to 10 pounds. This will be followed each week by similar shipments until the amount of 2,000 has been reached.

On May 2nd, 200 dore were released in the Chateauguay River at Ste. Martine, and another 300 will be released in the Chateauguay River near Ormstown, this week.

These fish were netted in the Missisquois Bay area, where certain fishermen have the right to net fish at this time of year. The Government makes arrangements with fishermen in this area to dispose of them in this way, rather than to put them on the market. The fishermen are paid a certain sum for every one taken by the Government. They are then released in other areas where the fishing has been on the downward trend, thus benefitting the ordinary fishermen. Mr. A. Laberge, M.P.P., of Chateauguay County, made the request for this district. Molson's Brewery donate their trucks and tanks to transport the fish and Game Wardens oversee the stocking.

Annual Meeting Ormstown War Memorial Community Centre

The Annual Meeting of the Ormstown War Memorial Community Centre was held in the Club Rooms on Monday evening under the chairmanship of Mr. James White.

Following the minutes of the previous meeting, there were reports on the progress of the park and the arrangements for the monument.

Mr. H. Fearn presented the following financial statement showing the operations at the skating rink and the park fund.

Mr. Adoris Beauchamp reported for the Tennis Club, $400 was raised through tennis fees during the year and more than $260 from Bingo. The original construction fund showed a deficit.

The Women's Auxiliary reported that a slate of officers would be drawn up following the Exhibition, and a healthy financial report was presented by Mrs. R. Anderson.

Assistance was voted to the Skating Rink and Tennis Club.

Dr. G. L. Sutton reported for the nominating committee and the directors were re-elected.

Mr. Leo Chartrand, president of the Athletic Club, replaced Mr. Adoris Beauchamp.

A directors meeting followed the general meeting.

Ladies of St. Ann Form New Choir

For a number of years the Ladies of St. Ann of St. Joseph's Parish, have been without a choir. Recently at one of their regular meetings, they decided to call for volunteers with a view to re-organizing a choir. The ladies were very co-operative and many joined.

The past week, they sang for the first time in St. Joseph's Church, providing the choir for the Month of Mary exercises, which started last Tuesday.

Those responsible for the new organization are to be congratulated on this new move. The singing was well done and the parishioners are anxious to hear them again. The group is formed of forty-two ladies and all are giving their full co-operation, so they should succeed in their aim. The Gleaner has been told that they will contribute to another church ceremony in the very near future.

U.N. CANDIDATE

MR. H. A. D. SOMERVILLE

Who will be the candidates in the County of Huntingdon for the Provincial Election to be held on June 20, is a topic very much to the fore. Mr. H. A. D. Somerville is to be the Union National standard bearer, according to the Union National Chief, Maurice Duplessis, as he has conveyed this information to James E. Barrett, the Returning Officer for Huntingdon County.

During the past week petitions have been out seeking names for the nomination of Mr. Somerville. The petition heading read: We, the undersigned, electors of the County of Huntingdon, hereby request Mr. Alister Somerville, the out-going member of the Union National Party, to run again at the next election as standard bearer of that party in the County of Huntingdon".

On Monday lists were received indicating 2122 electors had signed the petition. We understand a half dozen or so lists were yet to be turned in, which would tend to further increase this number.

Mr. Somerville has assured the petitioners that he will have his name duly filed as the Union National candidate.

It is expected the registered electors in Huntingdon County will number 6,000.

To Be, Or Not To Be, That's The Question

The age-old question of the traffic on Chateauguay Street reared its ugly head once more at the Town Council Meeting, on Monday evening. The request was made to have Chateauguay Street returned to one-way traffic with parking on both sides. No action was

Chateauguay - Huntingdon W.I. Hold Successful Convention At Ormstown

The 23rd annual convention of the Chateauguay - Huntingdon Counties' Women's Institute was held in the Ormstown Presbyterian Church, on Friday, May 4th, 1956, with an attendance of over 100 including visitors and invited guests, among whom were Mr. and Mrs. A. Somerville, W.L.A., and Mr. and Mrs. Merrill Barrington represented Mr. and Mrs. A. Laberge, M.L.A., who were unable to be present. Also all the past W.I. County presidents were among those present, being Mrs. C. Petch, Mrs. C. Smallman, Mrs. R. Blair, Mrs. J. D. Lang and Mrs. W. E. Bernhardt.

The financial statement was read by the treasurer, Mrs. Alex. Robb, Huntingdon, and showed a balance on hand of $335.21. During the year some of the money spent was Prov. Fees, $203.00; Pooling of Fares $105.00; A.C.W.W. and F.W.I.C. Travelling Fund $50.75; Public Speaking prizes for 1955 and 1956 amounted to $38.50; Q.W.I. Service Fund $190.00; Huntingdon County Hospital $10.00 and Barrie Memorial Hospital $10.00.

The public speaking project will be carried on again. The finals to be held in Ormstown next year.

$10.00 each was voted to be given The Barrie Memorial Hospital and The Huntingdon County Hospital again. Also $50.00 was voted toward the Q.W.I. Service Fund.

The following committee was named including the County President, Secretary, Treasurer, Convenor of Education and all Branch Convenors of Education to meet at 1.30 p.m. on Wednesday, June 13th, at the home of Mrs. Adam McNeil, Ormstown, to discuss further the scholarship award or loan project. In case any of the present branch convenors of education cannot be present, the presiding past convenor of education may represent them.

The County Convenors gave very interesting accounts of the work being done during the year in the seven branches. Convenor of Education reports scholarships being given and name engraved on Silver Trophy at school opening in Hemmingford last fall. Also prizes have been awarded in the various schools for sewing, cooking, manual training and public speaking. And teachers were welcomed and entertained.

The Convenor of Agriculture told of the local agronome, giving talks pertaining to home gardens. The exchange of bulbs, slips, plants and seed prove still popular with most branches, also at the county convention. Ormstown processed fruit and vegetables, which were kept in Barrington's Food Locker, for later use in the Ormstown High School cafeteria. Howick and Aubrey-Riverfield canned fruit and vegetables for Howick School lunches. Hemmingford branch visited The Hardee Vegetable Farms at Sherrington, Que., and were shown through the processing plant and cold storage buildings. Aubrey-Riverfield served lunch for the Calf Club Field-day. School Fairs were sponsored by 4 branches. Two others discontinued last year due to poor gardening conditions.

Convenor of Citizenship reports Civil Defense being the most important subject at all meetings along citizenship views. There were donations to "Save the Children Fund" and "Pennies For Friendship", as well as Christmas Cheer boxes given.

Welfare and Health mentions hospital beds owned by branches, being in constant use, and quilts and second-hand clothing collected to be distributed among the needy. Donations were sent to The Cancer Society, Red Cross and Cerebral Palsy Fund. Howick branch gave $105.00 towards furnishing the Nurses Station on the 3rd floor of The Barrie Memorial Hospital. Huntingdon branch donated a portable surgical X-ray lamp for the operating room in The Huntingdon Hospital. Talks were given at several branch meetings by the local doctors.

Home Economics convenor tells of all the knitting, sewing, quilting, food sales, hat remodelling and Painting For Pleasure courses; contests on Christmas corsages and fancy salads; and home canning being done for school cafeterias. Two members from one branch took advantage of attending The Leadership Training Course at Macdonald College.

And Convenor of Publicity reported all the meetings and special events to The Macdonald Journal; and annual and semi-annual conventions to the local press, The Huntingdon Gleaner. Also the W.I. booths at Huntingdon and Havelock Fairs and the many card parties during the year were great W.I. publicity.

On behalf of Mrs. R. Thompson, past president, Mrs. LeBaron, Prov. president, brought greetings, and complimented our county on its good work. We are the 3rd largest W.I. in this province, only lacking 1 member to be even with the second largest.

She referred to our Handbook in reference to the constitution and by-laws of the term of county officers. An attempt is being made to have the branch follow the county in regards to the term of officers. This to be voted on at the annual convention this year by the branch delegates.

She stressed the need of our W.I. supporting the following W.I. resolutions, such as (a) The desire to prohibit the making and selling of dangerous toys such as B.B. guns. And urged that we approach our member to support this bill when it comes up in parliament. (b) Status of Married women in the Prov. of Quebec — another resolution to support, asking that a wife sep-

The C.P.R. Has Progressed As Canada Has Progressed

Members of the Rotary Club of Huntingdon heard an address on Monday afternoon, given by E. W. Wakefield, Supervisor, Motion Picture Bureau Department of Public Relations Canadian Pacific Railway Company, Montreal, on "A Railway and a Nation". The following are excerpts taken from Mr. Wakefield's address:

The nation is Canada — the railway, of course is — the Canadian Pacific.

We are all impressed, I am sure, by the progress Canada has made during the past few years. This country, I believe, has gained the respect and admiration of every other nation on earth.

Just 18 years ago, in 1938 — Canada's gross national product was 5.2 billion. In 1955 it had soared to over 26 billion dollars.

At the outbreak of World War II, the population of Canada was 12 million, today our population is 16 million, and we are still growing. The current annual rate of population increase is in excess of 2½ per cent, as compared with the growth rate of roughly 1¾ percent in the United States.

In 1955, the Canadian mineral production reached a record value of 1,778 million dollars, or more than triple its value at the end of the last world war.

In the manufacturing field, Canada has also advanced to a point, where today, manufacturers account for about 30 percent of the value of all goods. In 1953 manufacturing establishments' employees earned a total of nearly $40,000,000,000 in salaries and wages, and were responsible for a gross value of factory shipments amounting to nearly $17,700,000,000.

If we look at agriculture, we find that in 1953 Canadian farmers realized a cash income of $2,741,000,000. Recent estimates put the value of farm lands and buildings, implements and machinery, and live stock, representing the capital invested in some two-thirds of a million individual farms at near the $10,000,000,000. mark.

In the question of water power, Canada's installed capacity of 17,000,000 h.p. is higher than any other nation in the world, with the exception of the United States, with its 35,000,000 h.p.

Suppose we turn back the pages of history — let us, for instance, consider the years 1872-1880 — British Columbia had entered Confederation, as we know, in 1871, with the understanding that the Government of Canada, headed that day by Sir John A. MacDonald, would complete a rail line linking that Province with the east.

Failure after failure had met the Government and British Columbia threatened to withdraw unless the road was completed. In 1880, Prime Minister MacDonald turned to a group of Canadian businessmen, headed by George Stephen, then President of the Bank of Montreal. This group of men, entered into a contract with the government in 1880, promising to complete the rail line within a period of ten years. On February 16th, 1881, the Canadian Pacific Railway Company, was incorporated, and George Stephen, later Lord Mount Stephen, was elected President.

I mentioned a moment ago that the contract called for the completing of the line within a period of ten years. Actually the line was in operation in four years and six months, a saving on the contract of 5¼ years.

As far as I know it is the sole case in history where the creation of a nation, depended upon the construction of a railroad.

Time forbids going into details as to the actual building of the line, except to say that the facts are indeed fascinating, nor is it possible to trace the growth of the Company, since its early days up to the present.

The progress is, of course, highlighted by the inauguration of the longest scenic-dome-car passenger train run in the world, offering a new look at the Canadian scene. Canada's

Huntingdon High School Notes

Picture Frames Wanted

Mr. W. R. Wilson has secured sufficient copies of a lovely picture of the Queen and her two children to supply those school rooms which do not yet have pictures of the Queen. However, the pictures have to be framed. The school board would welcome up to ten old, unused frames from homes if such frames for pictures 15" by 18" are available. Such old frames would, if necessary, be repaired, cut to size and painted in the school. If the response to this appeal for frames is inadequate, the school board will arrange to frame the pictures.

—H-H-S—

Band to Play for Concert

Mr. Don Moore has been giving much time and effort to the Huntingdon High School band recently in preparation for the Chateauguay Valley Teachers' Association school concert. At this concert most schools of the Valley enter items. Our band will be playing this year. The first concert will be this Friday in Howick and then on the following Friday it will be held in Huntingdon High School.

—H-H-S—

Serve Luncheon

On Wednesday, May 9th, at 12:15 in the Home Economics Room, the Grade Nine Girls are serving a Luncheon to Mrs. MacGregor, Mrs. Dahms and the Grade Nine boys. To Mrs. Greig many thanks are due, for helping the girls plan and prepare this Luncheon.

—H-H-S—

Colored Film

We were very pleased to have Mr. Wakefield from the C. P. Railways with us on Monday, May 7.

The pupils from Grades 1 to 6 enjoyed the colored film "The Canadian", Mr. Wakefield making a few comments concerning the film. This film showed a trip across Canada on the new C.P.R. dome train, starting at Montreal and travelling to Vancouver.

—H-H-S—

Demonstration

Carl Wilson demonstrated the new technique of artificial respiration to Grade 6 last Thursday, May 3. It is hoped that pupils will practice this until they know it well as no one knows when it may help to save a life.

—H.-H.-S.—

T.V. Educational Programs

During the past three weeks a series of television programs has been shown to pupils of Grades 2 to 10. This was the second of a series of experiments conducted by the National Advisory Council on School Broadcasting and the C.B.C., with the aim of helping to determine the role which television can play as a supplement to regular classroom lessons.

Teachers, students, and parents were asked to fill out evaluation forms and tests in order to facilitate the estimate of the results of these programs. Thus far, it has been found that some of the programs were well adapted to the various classes, while others have been above that particular grade level. Nevertheless, the National Advisory Council will doubtlessly benefit from comments submitted on the evaluation forms. On the whole, teachers feel that students' responses to the television series indicate that it would serve as a satisfactory medium for supplemental educational instruction.

News from Ormstown

Covering the Activities of the "Little Royal" Exhibition Centre

Boys' Club Banquet

ORMSTOWN — The annual banquet for the Athletic Association has been planned for May 26th, when all members of the Boys' Club Association will be entertained. Mr. McAdam, Canadian director of Boys' Clubs of Canada and director at Weredale and Mr. Eastwood, Eastern Regional director of Boys' Clubs, will be present and the boys will be presented with the Clubhouse Plaque.

All parents are urged to attend the banquet.

First Aid Training for Juniors

Mr. Edward Mann, senior officer of the St. John's Ambulance Brigade, is conducting a course in connection with the Ormstown Boys' Club. Ninety-five children reported for the first lesson but by elimination of children under 12, Mr. Mann now has thirty-six regular students each Monday evening.

The recent meeting of the Ormstown War Memorial Community Centre Athletic Association officers and directors were named for the coming season: President, Mr. Leo Chartrand; Vice-President, Lucien Dandurand. Directors: L. Albers, Donald Hooker, I. Dandurand, Donald McEwen, Mrs. J. Brocklehurst.

Medical Advisors: Dr. Sutton, Dr. Marion Kelen.

Chaplains: Rev. Johnson, Father Langlois.

O.H.S.

Grade VII from Ormstown High School visited the Huntingdon Gleaner plant on Friday and were shown the various operations by Messrs. Robert Sellar and S. Smith. The students gain a great deal of knowledge from such a trip and learn to compare intelligently ancient and modern methods of printing.

At the regular staff meeting on Monday, a birthday cake, in honor of Mrs. Margaret Campbell, was enjoyed.

Women's Auxiliary War Memorial Community Centre

The Women's Auxiliary executive War Memorial Community Centre met on Monday evening when it was agreed that the present executive should hold office until the catering at the Ormstown Exhibition should be attended to. Mrs. M. A. Gartshore presided at the meeting.

W.C.T.U.

The regular meeting of the Ormstown W.C.T.U. was held on Thursday afternoon, in MacDougall Hall. Only nine members were present, Miss E. M. Blair presiding. The meeting opened with Miss M. McNeil in charge of devotions. A prayer for strength and courage to carry on our service closed this period.

A few items of business were attended to and reports received, from one of which we learned that five of the National Temperance Study Course papers sent from this Union had received National W.C.T.U. awards.

An interesting program was presented, Miss L. Bazin telling of the annual Goodwill Day (May 18th), when world radio message was sent by the children of Wales in 1922 after First World War and has been broadcast each year since by them to 60 countries, dedicating the youth of all lands to our great adventure Peace on Earth and Goodwill among Men.

A clip-sheet "Gambling and Lotteries" was conducted by Mrs. Greig and 7 members.

A dialogue "Water and Wine" and a story entitled "She Couldn't Say No", completed the program.

The meeting closed with all repeating the Pledge and Benediction.

Sick visiting committee for May are Miss L. Bazin, Mrs. T. Duncan and Mrs. E. Elliot.

The June meeting will be held one week earlier than usual, i.e., on May 31, in MacDougall Hall.

Barn Destroyed By Fire Saturday Night

TATEHURST — The barn owned by Mr. Vailancourt on the former Cameron farm was destroyed by fire on Saturday night. The cause of the fire has not been determined.

Mr. and Mrs. Dale Morrison, of Cowansville, visited on Friday with Mr. and Mrs. Preston Hooker.

Mr. and Mrs. Everett Forrester entertained several members from O.H.S. teaching staff, on Thursday.

Mr. and Mrs. Earle Hooker and Milton were guests on Sunday of Mr. and Mrs. William Perry, Covey Hill.

Messrs. George and Alan Hooker visited on Sunday with Mr. Thomas Hooker, Huntingdon.

Mr. and Mrs. Wallace McMullan celebrated their 40th wedding anniversary last week and were entertained at a dinner given by their family and a few friends at the home of Mr. and Mrs. Wilbert Gruer, at Aubrey.

The event was a complete surprise to them and they received many beautiful gifts, including a lovely decorated wedding cake made by their niece, Mrs. Ruth Towns.

Out-of-town guests included Mr. and Mrs. Stanley McMullan of Newport, Vermont.

Barrie Memorial Hospital Notes

Annual Memberships of $10 have been received from W. J. Chambers, and Mrs. Peter Finlayson of Ormstown and Miss Martha Goundry, Howick.

Donations have been gratefully received from Wolod Stankievic, Montreal, $19; Mrs. F. W. Hammond, Montreal, $15; and F. W. Hammond, Montreal, $15.

Shower for Miss Daphne Baskin

On Thursday night Mrs. A. Kelen, Mrs. Edgar Johnson, Miss Mary Standage, and Mrs. John Laurin entertained at the Elvidge home in honor of Miss Daphne Baskin whose marriage takes place within the near future.

Pink and white were used to decorate the living room and the basket containing the presents.

After opening the gifts, Daphne capably thanked everyone for their kindness.

The C.P.R. Has

(Continued from Page 1)

first, and only, all stainless steel, air-conditioned train, is "The Canadian", now operating daily, both way service, between Montreal-Toronto and Vancouver, B.C.

"The Canadian" is hauled by diesel electric units — and it may interest you to know that the three diesels that take the train from Sudbury — the point where the Montreal and Toronto trains meet — and are consolidated into one westbound train, haul it all the way to the Pacific Coast. In the day of the steam engine at least five changes in locomotives were made.

The train has another distinctive feature — a controlled public address system carrying to all parts of the train, recorded music, announcements of information, and of interest, to passengers, and at suitable times commentaries on the scenery and points of interest on the journey.

There is another point that is very important in connection with the progress of the Canadian Pacific and that is "Safety" — The first rule in the Uniform Code of Operating Rules reads — "Safety is of the first importance in the discharge of duty". "In case of doubt or uncertainty the safe course must be taken" — In fact every rule in the book has Safety as its theme.

Our efforts have been repaid in that once again we have the satisfaction of reporting that we had no passenger fatalities during the year 1955.

At Sea

The 26,000-ton all air conditioned liner the "Empress of Britain", that sailed from Liverpool on its maiden voyage on April 26th, sailed from Montreal on Tuesday, May 1st, flagship of the Canadian Pacific fleet.

A sister ship, "The Empress of England", will be launched by Lady Eden, Wednesday, May 9th, and will join the fleet in 1957.

The courage and the determination of the men of the last century who in the face of almost impossible obstacles, maintained their faith in Canada, have left us an example — and the Canadian Pacific Railway stands as a monument to their faith. I feel sure that in the future you will find the Canadian Pacific willing and ready to play its part — as it continues to serve the Canadian people.

Notes From The Police Blotter

Two Robberies at Ormstown

During the night of Sunday, May 6th, two break-ins and robberies took place at Ormstown. A. A. McCormick's garage was broken into and some tools and cash were stolen from the premises. The office of the Quebec Roads Dept. was also entered and while nothing was stolen, the whole office was thrown into a disorder. The garage nearby was also entered and from the office some cigarettes and petty cash were stolen as well as some tools. Det. F. Wilmot is investigating the robberies.

Slot Machine Seized

On Friday, Provincial Police seized a slot machine in the Cazaville area. These machines are not tolerated in this county.

Editorial Notes...

Spring and It's Implementions

SPRING this year is very backward and the weather has not been too warm to encourage outside work being done in any amount. This may account for the fact that we are now in the second week of May and have not heard the usual Clean-up Cry.

Generally speaking, Huntingdon does not present too bad an appearance following the winter months. Our town workers have made a good job of cleaning the streets early this year. The private properties for the most part are quite tidy and work is proceeding as the weather will permit to steadily improve gardens and yards. The regular garbage collection does much to help keep properties tidy, as much of the unsightly rubbish that might otherwise collect during the winter, is removed. There are still, of course, owners of properties who do allow rubbish to collect during the winter months, and the advent of Spring is a good time to see that all such is cleaned away.

A complaint was registered a short time ago on the appearance of rear part of premises along Chateauguay Street. This is one place where the owners could well do a little beautifying. Especially is this the case where garages are situated. In this day and age there are a number of wrecked cars and these, and old parts from cars, are from habit thrown at the rear of garage premises. Much of this material can be quite valuable both as an aid to making other repairs and for its value as scrap metal. However, from across the river an unsightly mass is seen which mars the rest of the general tidiness. No doubt with a little time spent on these lots the general confusion could be cleared up into a more orderly stacking. The absolutely useless junk could be carted away to the dump and thus improve the general appearance of the rear of these premises. There are premises along this section which could do much to improve the rear view of their lots, by keeping them in tidy condition at all times.

A little paint can work wonders for the appearance of nearly all buildings. The winter weather is hard on the paintwork and it does not take long for it to become shabby looking. Besides improving the appearance, paint is a good preservative and by going over the building, other defects make themselves known and can be repaired before more costly repairs become necessary. People are attracted to good appearing and well kept premises and this especially applies to business premises. The good looking, well kept store implies that the owner is neat and wants his premises clean and inviting at all times. A smart appearing business section is an aid to business and a good advertisement for the town.

Industrial buildings could well have some shrubbery and lawns at the bare spots around them, which would tend to give them a much improved appearance than just the drab walls and the endless number of windows. It is not enough that private homes be made to look neat and inviting, all places in our town should come under the beautification plan and in the course of time we would really have something to brag about. Over the years by dint of perseverance, many improvements have been made. The river bank at the western part of Chateauguay Street is improving steadily each year as unsightly buildings and wilderness have been removed. It only goes to show what can be done when a determination and willingness to do things is manifest.

This is in support of improving our town and not intended as a criticism of any property or its owner. Suggestions contained are made with the one view in mind of having our town as attractive as possible for all to behold and admire.

Disappointing

IT was a bitter disappointment to those responsible for the efforts, when the possible new industry for Huntingdon decided against locating here. They had nothing against the site, or the town, but still they found they were unable to exercise the option. Many representatives have been interviewed and this was one of the greatest possibilities, that is why it was such a disappointment when it did not go through.

It requires great patience on the part of those who are trying to encourage new industries to locate in Huntingdon. Each one brings its own problems and competition among the towns in Quebec is very keen at this time. Representatives looking for new locations do not usually view one possibility, they investigate several and then choose the one most advantageous. Huntingdon is nicely situated, but it does not suit all who might come to view its possibilities. Getting industries to locate requires the offering of many inducements. The more a town can offer, the greater the possibilities for those interested to locate. Such inducements may be offering a site and building at no initial cost at the outset and also special privileges in the way of tax concessions. It requires an assurance that labour will be available and that housing will be available for the employees. Some companies even consider the recreational possibilities. In this they feel that their employees should be contented and happy in the town in which they live. Some firms study the costs in the town in comparison to other centres and choose one which provides lower all around costs, this includes living. All these things the committee interviewing the business representatives, must be able to answer in the light that everything possible will be done. To do this they must have the co-operation of everyone. That is why the Industrial Development committee has been formed, so that money will be available to provide the initial expense of locating an industry if it is required. Such an investment is not lost to those who subscribe to it and certainly if an industry does decide to locate, there is much to be gained by all.

A new industry can mean increased business all around and also new employment opportunities, not only in the new industry, but in many other types of work. More houses are needed, more cars can be sold, more clothing, more foodstuffs, more hardware, more services of all kinds. As business expands, general business expands to meet the needs. This can mean more work in the existing business concerns. It is essential then that everyone be interested in seeing new industries brought to this town.

It is a case that we must all keep trying and eventually the efforts will be rewarded.

A Lull - Or Peace

IT would seem that Dag Hammarskjold has obtained a lull in the Middle East tension, but whether a real truce has been secured, is still a matter of conjecture. All told, however, he has succeeded in greater measure in his mission than what had been obtained before. It is rather doubtful if anyone could pin any of the parties concerned down to an absolute guarantee there would be no more trouble. We will say that a temporary truce has been obtained, but it is not known for how long it will last. There are many factors concerned in the troubles in the middle East and one could be the cause of a snag and the trouble breaking out afresh.

Principal among the factors, is Russia, who has been supplying arms, etc. to certain authorities in the middle East. The communistic influence could do much toward keeping the trouble waters smoother, but that is not what they want. Their aim is to keep trouble abrewing, they reap their rich rewards when there is trouble for they trade upon it.

Out of the meeting of NATO officials, the significance of the trouble which Russia can create is made known by the extension of Russia's economic aid program. This is what is behind that smile which we have thought so mysterious on the part of Russia of late. Previous, there was the traditional snarl and growl of the bear. Now the approach is that of the salesman who wants to make a good bargain. We will supply you with certain goods and services in return for your co-operation with us in matters in which we are interested. In other words, Russia is practising how to influence people and win friends. By offering aid that the Western allies have not even thought of, to countries needing such, makes them think how good Russia is and how solicitous for their welfare. The upshot of it is that at the NATO meeting, a similar plan is to be devised for the Western Allies. The Western Allies have come to the conclusion that it is not now so much a matter of gun and butter, as it is butter only. The economic situation in nearly all the troubled countries is of such nature that a little help in this way can work wonders to winning the nationals over to one side or the other. Russia has been very fortunate in her bloodless victories to date and this is what is giving concern at the present time to the Western Allies. The fear is that Russia will gain control of vital commodities in the middle East and elsewhere through her apparent eagerness to help the economic situation of the countries concerned.

Our own Lester Pearson has been nominated on a committee of NATO with a view to working out a plan to counteract that of the Russians in the matter of economic aid.

MEMBER AUDIT BUREAU OF CIRCULATIONS

Looking Back Along the Trail

— 1848 —

Editor's Note: In this column this week, we are continuing some more excerpts from the book "Transactions of the New York State Agricultural Society" for 1848. We are going to quote some costs and profits of various operations on farms in those days. They may provide a laugh in these days of high prices, but they will show that the farmers were very thorough in keeping track of their costs and profits.

Preparing ground: men and horses (team)— 77½ days	$ 81.12
110 bushels seed wheat, at 9s	123.75
Harvesting:	
Men, 92 days	62.87
Team, 19 days	9.00
Threshing and Cleaning:	
Men 62 days	31.07
Team 19 days	14.25
Machine for threshing	36.40
Board of men 251½ days, at 25c	62.87
Interest on value of land, 55 acres, at $75 per acre, equal to $4.125 at 7% is	288.75
Cost of cultivation, including interest	$ 710.08
1,420 bus. cost $710.08, equal to 50c per bus.	
1,420 bus. sold at $1.10¾	$1,572.65
Less cost, as above	710.08
Nett profit	862.57

The cost of cultivation, exclusive of interest on value of land, is equal to 29 2/3 cents per bushel.

Editor's Note: The part that intrigues us in the foregoing is the labor costs in those days as compared with today. Figure the men for harvesting at just a fraction over 67 cents per day. Threshing and cleaning works out at about 50 cents per day.

In another section of this book more statistics are given as to costs: Hired Man for 9 months, $100. Benton Reed threshed with machine 427 bus. of barley, $10.69. Cost of hired help for entire season, $154.

On Draining:

Gentlemen — At the present day it may seem unnecessary to offer any argument or reason for draining our farms. Probably not a man who hears me but admits the general principle, while he comforts himself by the delusion, that in his particular case draining is useless, not serviceable, etc.; and doubtless it appears so to many, for few, very few have adopted the profitable system of thorough draining. Gentlemen, when an evil exists it must be examined and probed deeply to effect a cure, and it is in the conviction that our country suffers severely from its extreme northern to its extreme southern boundary, that I intend to take the broad ground of thorough drainage, as applicable and essential to the better cultivation of our farms.

Editor's Notes: The following are the estimated costs for a farm house which according to the plan would have 13 rooms including pantry and halls and a porch.

1,000 feet hewed timber, at 2c	$ 20.00
4,134 feet inch pine boards planed, 10½c	44.65
4,100 ft. roof boards, at 7c	28.70
1,200 feet ½ inch for battings	12.60
500 feet 1½ inch, second clear, at 13c	6.50
200 feet 1¼ inch, second clear, say	3.00
182 feet 1½ inch for water table	1.75
21,000 shingles, at $2.50	52.50
Estimate all scantling at	50.00
Joiner work, to frame and enclose, make, sash, etc.	200.00
Glass and putty for windows	20.00
Nails	15.00
Door and window swings	10.00
	$ 464.70
This is exclusive of the cellar wall and underpinning, which, with the chimneys, may be (inclusive of materials, made for	125.00
Flooring	20.00
Inside joiners' work and lumber	150.00
Lath and plastering	200.00
	$ 959.70
Extras	40.30
	$1,000.00

This of course does not allow for the digging of cellar or hauling of lumber; — that must be calculated according as the distance is far or near.

Editor's Note: Comparing the above estimate of costs with the wages paid for labor, it will be found that all are relative. That is to say the labor was cheap and then so were materials. Such costs as these compared to present day costs sound absolutely ridiculous. However, there is no denying that things were much cheaper one hundred years ago. In these days people are apt to think back and say that only so many years ago this cost me so much, look at the cost today. They do not stop to compare the other relations such as how cheaply they worked when they paid only so much. No doubt in those days, people thought that the cost of everything was high too.

Here are monetary yields from crops:

88 bushels of wheat on 2 acres of ground with the straw $118.04, expenses, $28.10, profit $89.94.

180 bushels of Indian Corn, on two acres of ground with fodder, $145.00; Expenses $70.12; profit, $74.88.

130 bushels of barley and straw, $69.00; Expense, $24.33; profit, $44.77.

295 bushels of oats, $82.74; Expenses, $30.68; profit $52.06.

36¼ bushels of beans $36.25; pods and vines for sheep, $4.00 - $40.25; expenses, $13.29; profit $26.96.

269 bushels potatoes, $107.65; Expense, $33.80; profit, $73.85.

966 bushels carrots, $120.75; Expenses, $50.11; profit, $70.64.

Editor's Note: The above gives an idea of the yields in cash which a good farmer could obtain from various types of crops in 1848. Farming today does not seem to be quite so diversified, there is more turn to specializing. Unless this is done on a large scale, the yield is probably too small for the effort put into it.

Weekly Review

Science and the Welfare State

By LEWIS MILLIGAN

"The first World War was followed by a long period of industrial depression, the second was not: on the contrary, output in many industries has attained greater heights than ever before." So says Sir E. John Russell in his recent book on Science and Modern Life." Much of this good result, he says, has been due to a better recognition by all groups of the need for the fullest utilization of science in industry, and of their joint responsibility to the community at large."

These peaceful conditions, however, are not inherent in the democratic system of Britain, and Sir John adds: "In industries with large numbers of unskilled and semi-skilled workers where the general level of intelligence is not so high, it appears to be relatively easy for a small group of determined obstructors to prevent the smooth working of the machine and make a considerable amount of trouble.." Thus, says Sir John, "this nicely balanced organization for large-scale production has led to the foundation of a **new profession**, the scope of which is to make trouble wherever practicable without much risk," that is, to themselves.

The growth of science and technology has also created economic problems by lengthening the average life of the population. Old age pensions for industrial workers in Britain are payable at 65 for men and 60 for women, but retirement at those ages are not compusory though some changes may be made in the nature of the work. An enquiry by the Ministry of National Insurance showed that 64 per cent of the men elected to stay on at work, and of the remainder more than half were given up because of ill-health. The number of old age pensioners is steadily increasing; a Royal Commission forecast a total of over six million and probably many more, especially among women.

Sir John points out that pensions were originally intended as social insurance, but that "they have long since lost this character and the cost is now mainly borne by the taxpayer." The additional liability is estimated as equivalent to an addition of £15,500 million to the national debt. "How is the cost to be borne?" asks Sir John. "Most people agree that someone else must pay....unfortunately the pensions problem seems likely to become a question of party politics and already the pensioners are a powerful pressure group which few piliticians could risk offending."

The expectation of longer life as the result of the advancement of medical science is raising serious problems. Sir John says that methods may yet be discovered whereby life may be continued in the body beyond the present natural term. "It may well happen in another fifty years that centenarians instead of being news items will simply be boring commonplaces." This raises the ethical question as to how far interference with natural processes is justifiable, especially if prolongation extends only to physical and not the mental life. Hopeless cases in mental institutions are liable to diseases which used to be fatal, but now are curable by costly drugs, and they are being cured. "It is only a cure of the body," says Sir John: "The mind has long since gone beyond recall; and one cannot help wondering whether is is ethically right to deflect limited resources to maintaining the physical functions of a body from which the mind has departed."

The application of science, combined with the assumption by the State of economic responsibilities which used to be personal has tended to increase the quantity but not the quality of the population. Sir John cites "some disquieting facts" referring to the quality of the students entering the universities. A woman teacher in a State school reports: "Unwillingness on the part of pupils to take risks or face discomfort unless covered by financial aid....soft, self-pleasing and unstable....I cannot imagine any one of them developing a sturdy British backbone." Question: Does the Welfare State mean farewell to Britain's greatness?

Athelstan

Evening Auxiliary

ATHELSTAN — The May meeting of the Presbyterian Evening Auxiliary of W.M.S. was held at the home of Mrs. Dan Tully. Eight members answered the Roll Call. Plans were made for a Food Sale to be held during mid May. For the lesson, Mrs. A. Hampson read an article from the Presbyterian Record, "The Power of Prayer". Mrs. Bert Shearer will have the next regular meeting, which will be held in May, advanced one week on account of Ormstown Fair falling on the regular date.

Woman's Association

The Woman's Association met on Thursday evening at the home of Mrs. T. O'Hara. The Worship service topic was entitled "Who is my neighbor?", based on the parable of the Good Samaritan. The responses to the roll call were varied, being Helpful Household Hints. The membership to 'The Beacon Light" was renewed. Two interesting articles, "Our Best Opportunity" and "Girl Preacher", were given by two of the members, the first describing the work of Church Extension and the latter to do with women ministers of the United Church and especially that of Rev. Frances MacLellan who today is minister of the Rainier Pastoral Charge in Southern Alberta. A donation was gratefully received by the Work Committee. The entertainment committee had a game, "What We Prefer", as to our likes and dislikes; this proved very interesting.

A pre-Communion service of the Rockburn, Elgin and Athelstan congregations was held Friday night, May 4th, in the Athelstan Presbyterian Church with a good attendance. Two ordained ministers, Rev. Wm. Brown iterim moderator and Rev. Leslie Resault, officiated.

Mr. and Mrs. A. Malark and baby daughter were guests of her parents, Mr. and Mrs. Wm. Hendrickson, over the week-end.

Mrs. Anders spent a few days this past week visiting among friends in the city.

Aubrey - Riverfield

AUBREY-RIVERFIELD — The regular monthly meeting of the Riverfield Presbyterian Evening Auxiliary was held at the home of Mrs. Ralph Reddick on Tuesday, 24th., Mrs. Jas. Scoble presiding. Twelve members were present.

Mrs. Scoble conducted the devotional period. A Glad Tidings item "Youth in the New India" was read.

The treasurer's report was given. Letters were read from Miss Alice Anderson and Mrs. K. Markell. Another donation of material was distributed among the members.

Mrs. Ronald Reddick read another chapter from the book "Dauntless Women". It was a most interesting account of the life of Mary Moffat, who was the wife of Robert Moffat, a missionary at Kuruman in Bechuanaland. It dealt mainly with those years when she and her husband laboured so tirelessly to bring Christianity to the natives.

Brooklet

BROOKLET — The regular monthly meeting of The Woman's Association of Rennie's United Church was held Wednesday afternoon, May 2, at the home of Mrs. J. O. Levers. Ten members answered the roll call with a Mother's Day verse. Mrs. Fred Elliott had charge of the devotional exercises. During the afternoon, the creation of several novelties, to be sold later in the year, occupied the ladies for a period of time. It was decided to purchase a dust-mop for the Church.

The Gore

Mrs. M. Antoine, Mrs. Gerald Long, Virginia and Nancy of Cornwall and Mrs. Willis Botts of Ormstown were Sunday guests of their father, Mr. W. J. McCartney.

Mr. and Msr. Purcell Fortune and Stanley were week-end guests of Mr. and Mrs. Stanley Whaley and Greta.

Mr. and Mrs. Jas. McCaig of Beauharnois were week-end guests of her parents, Mr. and Mrs. Matt. Gilligan.

Mr. Mike Andrews and Miss Isabel Darlington were recent guests of Mr. and Mrs. W. J. Graham.

The Week At Ottawa

OTTAWA — (CP) — A federal cabinet decision is drawing closer on the proposal for a $72,000,000 short-term treasury loan to Trans-Canada Pipe Lines Ltd. to get an immediate start on its natural gas line from Alberta to Montreal.

Trans-Canada says the assistance is necessary, and soon, if the Prairie section of the $375,000,000 project is to be completed this year.

The financing question was nearly eclipsed in Parliament last week by a Commons' rhubarb over Trade Minister Howe's recent statements to the house that he did not possess "documents" from Calgary gas executive Frank McMahon proposing an alternative plan to that of Trans-Canada.

A written proposal April 4 by Mr. McMahon, president of Westcoast Transmission Co., was tabled in the Commons last Thursday. Progressive Conservative members on Friday charged the minister with deliberate mis-statements April 13 and 16 when he said he had no McMahon "documents."

Mr. Howe replied the McMahon letter was marked "personal and confidential" and thus could not be produced for Parliament. The minister argued that he was forced to respect Mr. McMahon's "confidential" label, which was lifted on May 3 to permit tabling of the letters. "I have never double-crossed anybody in my life," he said.

Opposition leader Drew replied: "If anybody was double-crossed, Parliament was double-crossed by the minister."

Harry O. White (PC — Middlesex East) asked Mr. Howe whether he was thinking of resigning in view of the "fiasco" over pipeline negotiations.

Mr. Howe merely replied that the negotiations could be discussed later during debate on a government pipeline proposal before the house. He was referring to another financing plan whereby the federal and Ontario governments will build the line's $118,000,000 Northern Ontario section and lease it to Trans-Canada.

The McMahon letter was tabled along with a telegram from Mr. McMahon announcing he was dropping his pipeline proposal. The telegram was sent May 3 after a Howe-McMahon long-distance telephone talk in which Mr. McMahon agreed to remove the confidential label from his letter. Mr. McMahon's telegram said he was dropping his plan, to devote his time to the British Columbia gas pipeline of Westcoast Transmission.

In a follow-up statement from New York, issued at Ottawa, Mr. McMahon said he withdrew "to avoid any suggestion that my intervention might jeopardize or delay the start of the line to Winnipeg."

Initial Wheat Payment

The Canadian Wheat Board plans to open the next crop year Aug. 1 with the same initial payment for prairie grain it has offered in the last six years.

Trade Minister Howe announced to the Commons last Thursday that the federal marketing agency will maintain its initial price at $1.40 a bushel for No. 1 northern wheat. Western farm leaders welcomed the announcement.

The initial payments, also will be continued at 65 cents a bushel for No. 2 CW oats and 96 cents a bushel for No. 3 CW six-row barley.

The trade minister also announced that the long-awaited final wheat board payment for wheat delivered in the 1954-55 crop year will be disbursed late this month.

W. J. Parker, president of the Manitoba pool elevators, described the news as "very satisfactory." He added that farmers were hoping "that the government has sufficient faith in our markets to continue those prices."

Arnold Platt, Alberta Farmers Union president, said the announcement's earliness would give farmers some idea of what to expect.

Revive Deliveries

Mr. Howe also said the board has decided against last year's policy of trying to equalize farmers' deliveries by providing a uniform minimum quota of eight bushels for each specified acre. This has had an adverse effect on grain marketing, using crowded storage space for grades and types not immediately salable.

This year the board would give preference to deliveries of varieties and grades in immediate demand. It might result in inequalities of delivery quotas, but "the board cannot afford to pass up market opportunities in an endeavor to equalize farm deliveries among producers."

Long-Term Loans

Ross Thatcher (Ind. — Moose Jaw-Lake Centre) has suggested a national farm credit act through which farmers could get long-term, government-guaranteed bank loans. As the Commons studied estimates of the agriculture department, Mr. Thatcher said lack of long-term credit has resulted in a concentration of more and more farms in the hands of fewer and fewer owners.

The number of tenant farmers had grown and farm productivity had been reduced because farmers could not afford irrigation projects and modern equipment. He said the government had already accepted the principle of providing guarantees for long-term bank loans in the National Housing Act, which enables federal guarantee of mortgages.

TV and Youth

A Liberal senator said last Thursday that televised programs showing acts of violence were corruptors of youth. Senator McGrand, a physician and former New Brunswick health minister, said that "in corruption of youth, the comic book has been ably assisted by television programs."

He spoke during Senate debate on a motion by Senator David Croll (L — Ontario) urging penal reform in Canada.

"It is disturbing to know that much of our amusement is built around acts that are cruel and sadistic and on the increase," said Senator McGrand.

Don't dare laugh at Mrs. Muggeridge!

You may not lose money like this unfortunate lady but you probably lose small sums just as quickly. Why not set aside these small sums—they can so easily grow into a substantial cash reserve for your future. An Investors Syndicate plan will help you. Call or write:

Hemmingford

Hemmingford W.I. Meeting

The regular monthly meeting of Hemmingford W.I., was held in the school auditorium on May 2nd., at 2 p.m., President, Mrs. T. Clelland, opened the meeting with the members repeating the Mary Stewart Collect.

A short discussion on various types of School Shields followed. Mrs. H. McAdam is convenor of the committee to replace present completed Shield on which the names of high ranking Grs. X and XI students are recorded annually.

Mrs. H. Palmer reported acknowledgement of our contribution to Quebec Women's Institutes brief re Fowler Commission on C.B.C. All members are advised to follow closely developments presently given in newspapers and on radio.

Agriculture Convenor, Mrs. F. Greer, read a provocative article on present decline of farm population and influence, compared with a few decades ago.

Prizes for impending School Fair were discussed. It was noted that anyone in Hemmingford district may donate prizes, and should inform Mrs. F. Greer of their intentions by May 11th.

Home Economics Convenor, Mrs. W. Beattie reviewed rules and descriptions of Handicrafts to be shown at Macdonald College in June during Provincial Convention.

Convenor of Health and Welfare, Mrs. G. Gnass, read a surprising article on "Allergies". Mrs. C. Petch quoted from the "Family Herald" a proven way to prevent car sickness. Simply trail a chain or piece of wire from car to reduce static electricity, to which some people are sensitive.

Convenor of Citizenship, Mrs. C. Edgerton, read a paper on "U.N.-E.S.C.O.—its purpose and activities."

A donation of $100.00 was approved to help provide either new drapes for the school auditorium or display tables for use at the school fair. Final decision to be made next month.

The Secretary, Mrs. Marg. Keddy read a letter from Mrs. M. Keddy, thanking the members for the shower of birthday cards she received in the hospital.

Mrs. C. Petch reminded us the Town Hall will be open every Monday during May to receive contributions of old clothing, etc., for the Salvation Army.

Mrs. H. Palmer read the remainder of our branch "History" and plans are being made to supply each member with a copy of the article.

After the meeting was adjourned Mrs. F. Greer conducted a brisk auction of plants and bulbs. $5.70 was received at this event.

Winners of the cookie contest were, Drop cookies:—Mrs. E. Moore; Mrs. W. Keddy; Mrs. T. Clelland. Rolled cookies:—Mrs. E. Moore; Mrs. J. Brown; Mrs. G. Gnass.

The Money Cake for May was baked by a visitor, Mrs. F. Deery. We received $1.10 from the sale. Mrs. E. Merlin is to make the Money Cake for June.

Valleyfield

VALLEYFIELD — The Knowlton High School Band put on a splendid concert at the Gault Institute on Friday evening, May 4th.

This Band was formed in October, 1951, and contains members from Grade 4 through Gr. 11. Ninety percent of the instruments are owned by the band and are purchased through the proceeds of concerts and engagements. Such an arrangement is necessary since Knowlton is a consolidated school in a rural area. The players live within a 12-mile radius of the school and must arrange their own transportation to the Saturday morning rehearsals. Crests are awarded for attendance at eighty-five percent of all rehearsals and performances during the year.

No absences are excused either for travelling conditions or for illness. The band gives ten concerts during the school year in Knowlton as well as a like number of outdoor concerts during the summer. Fall fairs and civic celebrations are a part of the band's work, and concerts in other communities complete the year's program. Academic credit is given for acceptable work in the high school grades (8-11).

Two students, John Pille and Fred Whitehead, have been awarded scholarships at the Provincial Conservatory where they follow courses concurrent with their regular school work. Each year a student is appointed as assistant conductor and creative music is encouraged.

John Pille plays the trombone, has composed an overture "Freedom" which he conducts. He has played in England and in New York on T.V.

Fred Whitehead plays the French horn and also conducts. Those who were not able to attend missed a splendid entertainment.

The Men's Association of the United Church met in the Church Hall on Thursday evening, May 3rd.

A delicious supper was served at 6.30 p.m. by the Young Women's Group of the Church.

The guest speaker was the Hon. Walter Adam Tucker, B.A., L.L.B., Q.C., was ably introduced by Mr. Lionel J. Robb. Mr. Tucker is a lawyer, a veteran of the two wars, has been a delegate both to the International Monetary Conference at Bretton Woods and to the Second Assembly of the U.N.O.

He is a past Leader of the Opposition in the Saskatchewan Legislature and is now serving his fifth term as Federal representative for the Constituency of Rosthern, Sask.

He has just recently returned from Palestine and gave a most interesting illustrated talk on his trip there. Over eighty attended this meeting from Valleyfield, Nitro and Montreal.

Seagram Appointment

JACQUES B. LANGEVIN, whose appointment as National Sales Manager of Joseph E. Seagram & Sons, Ltd., is announced by J. M. McAvity, President of the House of Seagram, Ltd. Mr. Langevin has been Sales Manager for Quebec and the Maritimes since joining the company in 1947 and is currently President of the Montreal Tourist and Convention Bureau. He served overseas during World War II with the Second Canadian Division, passed War Staff College, Kingston, and subsequently held various senior staff appointments.

Mr. Langevin will continue to make his headquarters in Montreal.

Canadian Garden Hints

No Hurry

One shouldn't fret even if the calender is getting on and the garden isn't. In all parts of Canada there is still plenty of time for planting flowers and vegetables. In many parts of this country, as a matter of fact, it is an early season indeed where much planting is possible before early May. Rushing will do far more harm than good. Both soil and air should start to really warm up before it is safe to risk most flower and vegetable seeds.

There are a few things like the first lettuce and radishes, garden peas and a few onions which one can plant just about as soon as the last snow leaves. But the big bulk of the vegetable planting, things like carrots, beets, beans, potatoes, cabbage and so on are not safe until danger from frost is about over. And tender things like melons, tomatoes, cucumbers and corn should not be planted or set outside until all danger of frost is over.

The same holds true in the flower lines too. The hardy things that will withstand a bit of frost are not too numerous and include sweet peas, cosmos, marigolds and a few others which are listed as hardy in the seed catalogue. Most flowers, however, so far as Canada is concerned, are only semi-hardy and planting these while there is still danger of frost and the soil is cold is largely a waste of time. Even if they do grow, they are liable to be stunted by cold and later sown seed will be farther ahead in the end.

DON'T STOP TOO SOON

Much more important than planting early is not stopping too soon. All sorts of fine bloom and vegetables are missed when one stops planting say by the end of May. In most parts of the country we can still go on sowing seed and setting out plants right up to July or even later. By spreading operations over weeks, we spread the bloom and the harvest of vegetables. In certain areas where the first frosts do not come until about the middle of September, it is quite possible, by planting in early July, to have fresh beans, carrots, beets, peas, lettuce and other fine vegetables coming on from mid-August until far into September.

If You've Just Moved

There is a lot to be done when one moves into a brand new house but still is is possible to have a good garden this season too. Even those who rent and move every few years can also have an excellent garden. In these cases, of course, we rely on annual flowers rather than perennials which must get established. And it is amazing what can be done with annuals exclusively. We can get vines that will cover a porch in a matter of weeks, things like scarlet runner beans or the modern and vastly improved morning glories. Or we can get use window boxes filled with trailing nasturtiums, and semi-trailing petunias, marigolds and zinnias.

In the place of permanent shrubbery, we use big quick growing bushy annuals like cosmos, giant marigolds, and zinnias, delphinium, ornamental sunflower or tithonia. Annual flowers, it should be remembered come in all shapes, colours and sizes, All these particulars are listed in any good Canadian seed catalogue and a little study will give you almost anything to fit your own special likes and location.

Is It Ready

It is a mistake and often a serious one to do any general cultivating or sowing while the ground is muddy, either because the winter's frost is still coming out or there have been recent rains. Heavy soil, especially, is liable to bake hard and lumpy if dug or worked while too wet. A good test is to take a little earth and squeeze it in the hand. If, when released, it crumbles, it is safe to work. If it forms and holds in a ball however, it is best to let dry out further.

Powerscourt

POWERSCOURT — Congratulations to Mr. Van Goodoever, student minister of our congregation, who has won several bursaries including Birks Scholarship, United Theological College Scholarship, Alexander Bursary, Fairman Bursary and Wm. Lackhead prize, all awarded for outstanding work in First Year studies.

Mrs. Lafond is spending some time with relatives in Sherbrooke, Que.

Mr. and Mrs. Ronald Wood and Mrs. E. M. Wood motored to Montreal on Thursday. They were accompanied by Mr. and Mrs. J. R. K. Millen who had been visiting at the Wood home and left that evening for their home in Winnipeg. Mrs. E. M. Wood stayed over to visit with Mr. and Mrs. A. L. Hay.

Mr. and Mrs. Jacobs and two boys, of Montreal, were recent guests of Mr. and Mrs. Fred Wood.

Sunday being the first fine day we have had, many people took advantage of it, and traffic was quite heavy on the roads. The fishermen were out in full force and from reports received the catch was good.

Kilbain

KILBAIN — Mr. and Mrs. Ed Bannon and Bill motored to Cornwall, Ont., on Saturday. Mrs. Bannon remained over until Sunday and returned with Mr. and Mrs. Harold McNicol and also called on Mr. and Mrs. James Curran of Nitro, Que.

Mr. and Mrs. James Curran, Trudy Paula, Patrick and Martin were callers Saturday of Mr. and Mrs. James Higgins and Mr. and Mrs. Ed Bannon.

Mr. Ancil O'Connor of St. Anne de Bellevue spent the week-end with his parents, Mr. and Mrs. Thos. O'Connor.

Mr. and Mrs. Emmet McDonagh, Donny and Marion were Sunday callers in Malone, N.Y.

Congratulations to Mr. and Mrs. Jerry Lambert (née Geralgine McDonagh) on the birth of a daughter, born Saturday, May 5th.

Covey Hill

COVEY HILL — Mr. and Mrs. Tom Greenway, son Donald and grand-daughter Patricia Maithers were callers on several families here Sunday afternoon.

Mrs. Earle Caldwell and children Nina and Richard, of Huntingdon, spent the past week visiting her parents, Mr. and Mrs. James Watt.

Mrs. M. McNeil, Mr. Alan Hooker and son Brian, Ormstown, were recent guests at "Cornerstones".

What's the score under Duplessis?

NEW INDUSTRIES IN CANADA IN 1955	
ONTARIO	260
QUEBEC	33

In 1955, out of a total of 346 new industries (Canadian, American, British and European) in Canada, 260 established in Ontario whereas only 33 located in Quebec.

According to Canada Gazette, published weekly by the Queen's Printer, Ottawa, since 1952, 120 companies situated in Quebec have requested to transfer their head offices to other provinces, the majority of them relocating in Ontario.

From 1952 to 1955, capital investments in the Province of Quebec increased to only $7,547,000 or $1,790 per person as compared to $11,324,000 (or $2,360 per person) in Ontario.

here's the PROOF

that Duplessis has discouraged new industries from establishing in Quebec

- *Statement by Mr. Fred Gardiner, president of the Toronto Metropolitan Commission (February 17, 1956):*

"Metropolitan Toronto would be foolish not to take advantage of Premier Maurice Duplessis' restrictions on industry in Quebec . . . It is most important to attract industry and since Duplessis — sometimes called "Do-as-he-pleases" — has been making the climate uncomfortable for industry in Quebec . . . "(On January 24, 1956, Metro Chairman Gardiner speaking to a dinner meeting of the Ontario Forest Industries said) ". . . the Quebec premier is double taxing, insulting and penalizing industry".

- *Statement by Lands and Forests Minister M. Mapledoram (Fort William) published in the Toronto Globe & Mail, Feb. 24, 1956:*

"Firms which have been operating in that province for upwards to three quarters of a century are now interested in Ontario forests. The Duplessis policies are driving them to us."

- *Gordon Mines in "The Financial Post" (March 27, 1954):*

"Quebec is definitely harder to sell as plant location. Industrial development men say prospects fear further tax troubles.

"Many of those concerned with industrial development in Quebec report that the tax has definitely affected the attitude of firms considering Quebec as a location for new plants or an expansion program."

ASSURE QUEBEC'S FUTURE ECONOMY
CHASE DUPLESSIS FROM POWER

LAPALME SAYS:

"The economy of the province rises and falls according to whether the government is good or bad. The present Quebec administration has, out of all ten provinces, the greatest number of nuisance taxes. These only serve to encourage capital investors and industries to move to other provinces. At the same time new business is discouraged from establishing in Quebec."

Chief, Provincial Liberal Party

THE LIBERAL PARTY OF THE PROVINCE OF QUEBEC

Quebec Political Leaders Open Campaign Within Week

Quebec (CP)—Quebec Liberal Leader Georges Lapalme hits the campaign road this week in connection with the June 20 provincial election, taking along the official blessing of Quebec ministers in the Federal cabinet.

Announcement of the opening of his campaign was among highlights of a week crammed with political activity.

Premier Duplessis officially launches his Union Nationale party's election operations May 20, at his home town of Trois-Rivieres.

LaPalme's campaign opens Thursday, May 10, at Thetford Mines in Megantic county. Friday, he speaks at Disreali, Wolfe riding; Saturday, at Lac-Megantic, Frontenac riding, and Sunday at Victoriaville, Arthabaska riding.

Among Federal cabinet ministers backing Lapalme in his attempt to dethrone Mr. Duplessis is resources minister Lesage who said in a reform club address:

"The Union Nationale party has perhaps tried to intimidate municipalities, school boards, institutions, private groups and individuals but that party is mistaken if it thinks it can prevent us (federal cabinet ministers) from entering the fight."

While Mr. Duplessis warns Federal liberals to stay away from the election campaign, Lesage said, he, in all his elections uses Federal-Provincial issues as a political war horse.

"If therefore the chief of the Union Nationale party chooses to pick this problem for the voters by attacking Ottawa Liberals, these Liberals owe it to the people to engage in the discussion and to reply to the attacks of which they are the targets."

LaPalme, in announcing the opening of his campaign, promised Quebecers that if he is elected he will revamp the provincial income tax which is deductible. This would place Quebec taxpayers on the same footing as the Ontario taxpayers.

At the same time, the Liberal opposition promised a strong election opponent for Duplessis in Trois-Rivieres riding.

Gerard Levesque, president of the Quebec Liberal federation, said the Liberals will nominate a man he described as "one of the most honorable professionals" of Trois-Rivieres . He did not name the man, but said he will defeat Duplessis.

Duplessis was also busy with matters other than the election during the past week. He announced at his weekly press conference details of various industrial and hydro-electric developments.

At Beauharnois, west of Montreal, he said the Quebec Hydro-Electric Commission plans to increase soon its current capacity there of 1,300,000 horse-power by 700,000 horse-power at a cost of $55,000,000.

He then announced a projected establishment of a newsprint manufacturing plant in the north-western Quebec region of Lake Matagami.

This would involve development of hydro-electric power, roads and perhaps railway construction at a cost of between $85,00,000 and $100,000,000.

Also he said, the cabinet has just conceded vast tracts of land in the Baie Comeau area some 200 miles east of Quebec city for construction of the first of two $80,000,000 sections of the Canadian British Aluminum Company Ltd's plant.

In an address to the annual meeting of the corporation of master electricians of the province of Quebec, the Premier predicted that the province's mineral production will reach, within the not-to-distant future, a value of $1,000,000,000 annually from the present $385,000,000.

Quebec is passing through a period of unprecedented development, he said, but it is only the prelude of bigger things to come.

A mother and eight of her 11 children perished April 30 in a naptha-fed blaze that swept through a wooden frame home outside the north gaspe fishing village of Mont Louis.

Tragedy struck the household of Arthur LaFlamme at 7 a.m., two hours after the father had left to inspect his herring nets in the St. Lawrence river.

The blaze, believed caused when one of the children attempted to light the stove with naptha, took the lives of Laflamme's 42-year-old wife, Marguerite, his sons, Paul-Aime, 12, and Charles-Aime, 9 and Jean-Marie, 2, and daughters, Julienne, 15, Pierette, 14 Marie-Paule, 11, Cecile, 10 and Murielle 7.

Quebec W.I. Pushing Requests For New Legislation

Pasteurization legislation for Quebec is still a live issue. This is being emphasized by the executive of the Quebec Women's Institutes as members of this body attend annual county meetings throughout the province. This is, of necessity, a long term project, one that has been of concern to the Q.W.I. over a period of years and must be continued until the objective is reached.

Members are also being reminded of the two resolutions sponsored jointly by the Montreal Council of Women and the Q.W.I. For the first, revisions to the Civil Code as they effect women, Institutes are urged to ask their representatives to the Legislative Assembly to give support to this when the Thibaudeau Commission presents its report. The other resolution, a ban on the sale, import and manufacture of dangerous toys, has been sent to the Federated Women's Institutes of Canada. Here the Institutes are being asked to approach their Federal Members in an effort to gain their support for such a measure.

Advance notice of the Provincial Convention is being given at these meetings. This will be held June 27-29 at Macdonald College. It is expected there will be a large attendance to meet Mrs. A. M. Berry, president Associated Country Women of the World, who will be a guest of the Q.W.I. on the middle day of the convention.

How Boys Clubs Solve "Delinquency Problems"

"We give a kid something better to throw than a rock," says Arthur Burger, executive secretary of the Boys' Clubs of Boston. "We give him a basketball. His reward is the yell of his pals as he makes a basket...more fun than busting a street light."

More than 475 Boys' Clubs throughout Canada and the United States, with some 450,000 members, are providing sports, games and hobbies as substitutes for rock-throwing and other teen-age mischief and crime.

But although the Boys' Clubs successfully salvage problem boys every day, "bad" boys form only a minute percentage of total membership. The 450,000 youngsters whom the Boys' Clubs keep busy, happy and out of trouble come from every background, race and creed. In some areas the majority are from underprivileged homes: in others 80 percent or more of all boys are members.

Boys' Clubs of America celebrates its 50th anniversary this year. Each club is directed by leading citizens, and operating funds are contributed locally. Members, however, must pay dues, though the amount may be as little as 25 cents a year. "Otherwise," says Herbert Hoover, national chairman, "they wouldn't feel it was their own club."

One of the most up-to-date Boys' Clubs in North America was opened in Ottawa recently by Governor-General Vincent Massey, patron of the Boys' Clubs of Canada and an active supporter of the movement. The Ottawa Club is one of 54 in Canada and has facilities for 900 boys, including a gymnasium, swimming pool and library.

Boys' Clubs of Canada, an independent affiliate of the U.S. organization, helps co-ordinate the activities of local clubs, supplying training courses, fund-raising assistance, building planning advice and other services. Individual clubs are sponsored by local groups, Red Feather agencies and private benefactors.

Boys' Club leaders know that the "bad" boy is usually neglected and lonely, thinking himself a failure. In the club's variety of activities any boy can find a field wherein he can win the recognition he needs.

Statistics from many cities show that in areas served by Boys' Clubs ---and some are in tough neighborhoods---the juvenile-delinquency rate is lower than elsewhere. But Boys' Clubs do more than keep members out of trouble. They lay the ground-work for the good life, and often for exceptional accomplishment. Club alumni include mayors, Gongressmen, ministers, doctors, writers.

Old? Get Pep, Vim

Feel Full of Vigor; Years Younger

TRAVISEE - PELLETIER WEDDING IN MONTREAL

TRAVISEE-PELLETIER

The marriage of Claire Eleanor Paule, daughter of the late George H. Pelletier, and of Mrs. Pelletier, of Outremont, to Mr. William Ernest Travisee, son of the late Otis Travisee, and of Mrs. Travisee, of Notre Dame de Grace, took place on April 14th, in St. Monica's Church, the Rev. J. C. O'Toole, of St. Raphael's Church, Outremont, officiating. Mr. J. Birmingham played the wedding music, and Mr. E. Duplantis sang during the service. Standards of white snapdragon and gladioli were used to decorate.

The bride, who was given away by her godfather, Mr. Paul Desjarins, was in a gown of white Bourdon lace and silk taffeta, fashioned on princess lines, with a fitted bodice and full skirt. Her short veil of tulle illusion was held by a Juliet cap of lace, and she carried a cascade bouquet of Easter lilies.

Miss Valerie Evelyn Pelletier, as maid of honor for her sister, was in a frock of Copenhagen blue crystalette, the fitted bodice appliqued with flowers of the same material, and the bolero fashioned with three-quarter-length sleeves, she wore a matching coronet of leaves and carried a cascade bouquet of yellow feathered carnations.

Little Miss Valerie Wilkins as flower girl, was in a frock of baby blue embroidered nylon trimmed with pink velvet piping. She wore a starched lace bonnet, and carried a tiny nosegay of Sweetheart rosebuds.

Mr. Douglas Wilkins acted as best man for Mr. Travisee, and the ushers were Mr. Maurice Desjardins, and Mr. Croydon Snowdon.

Mrs. Pelletier, the bride's mother, was gowned in beige silk taffeta, and wore a picture hat of azure blue straw and tulle, matching accessories, and a corsage bouquet of Orange Delight roses.

Mrs. Travisee, mother of the bridegroom, was in a gown of pale blue French crepe. She wore a picture hat of navy blue mohair, navy blue accessories, and a corsage bouquet of pink carnations.

Following the ceremony a reception was held in the Queen's Hotel, where the bride's table, centered with the wedding cake, was arranged with bouquets of spring flowers and candles in candelabra. Later, Mr. and Mrs. Travisee left for Washington and New York, the bride travelling in a navy blue suit, under a pale blue coat, and wearing white accessories and a corsage bouquet of gardenias.

Among the out of town guests were Miss Gisele Normandin of Ste-Adèle-en-Haut; Mr. Guy Normandin of the Mount Gabriel Club; Mr. and Mrs. Ernest Mason, Mr. and Mrs. Frank Mason, Mr. and Mrs. Everett Mason, Mrs. Albert Travisee, Mr. and Mrs. Gordon McIntyre Mr. Thomas McNaughton, Mr. Robert Stone, Mr. Arthur Rankin of Huntingdon, Que., and Miss Sandra Barrington of Ormstown, Que.

Boy Scout Activities

1st. HUNTINGDON WOLF CUB PACK
by: Akela

Conservation:

Our theme for the month of April was Bird Recognition. Several birds have been identified locally. The characteristics of the various birds have been studied. In order to encourage proper nesting, Cubs have constructed and installed birdhouses suitable for each type of bird. The importance of birds in general has been stressed during the month of April.

The theme for the month of May is Trees and Wildflowers. Several activities in this direction are planned for this very interesting study. A detailed report will be given later.

Enrolment

The Huntingdon Wolf Cub Pack has now reached an enrolment of 36 Cubs. Due to the increased enrolment and limited assistance in the farm of Leaders, it will not be possible to accept any more Cubs during the remainder of the season. Should any parent wish to submit a boy's name for future consideration, this may be done by contacting the Cubmaster, Mr. H. MacKrith. Any prospective Cub's name will be placed on the roll and will be given first preference in the fall.

Kelly's Farm Machinery Specials

Mr. Farmer, labor will be hard to come by on the Farm this year

Lighten your work and do it faster with a No. 45 International Harvester Baler — Power Take Off or Motor Driven.

Drop in and let us show you why the No. 45 is the most popular advanced Baler on the market today.

Check the No. 45 with other Balers on the market for strength, simplicity of operation, safety features — examine the most up-to-date, simple and trouble free knotter on the 45.

One year guarantee on all Balers, including free service by experienced qualified serviceman.

Not only will you enjoy working with a No. 45 because of its superior quality and ease of operation, but also because it is so easy on your Pocketbook.

ONLY $1275.00 P.T.O. — $1475.00 MOTOR DRIVEN

Check the following **used** Spring Tillage Equipment which we have on hand, completely overhauled, perfect condition, priced to sell:

1 I.H.C. No. 16 8-ft. Tractor Discs.
1 I.H.C. No. 10A 8-ft. Tractor Discs.
1 I.H.C. 8-ft. Out throw single Tractor Discs.
1 I.H.C. 4 section Scotch Diamond Drag Harrows
1 I.H.C. Steel Land Roller
1 I.H.C. No 2 25 Tooth Tractor Spring Tooth Harrow
1 I.H.C. No. 4S Cream Separator

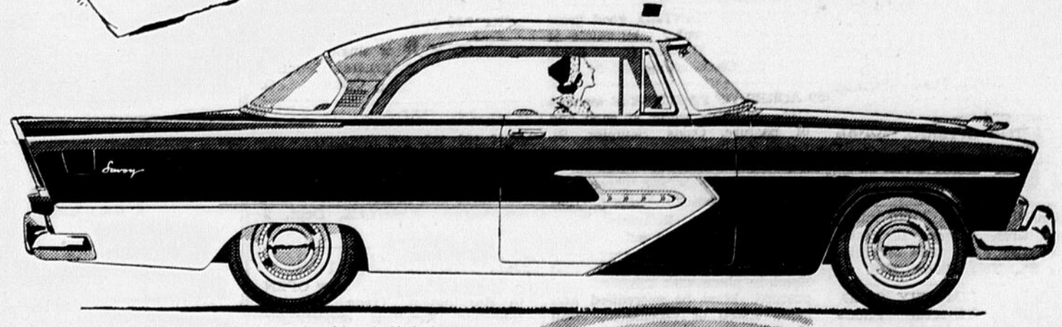
You'll hit the jackpot with a Plymouth



Manufactured in Canada by Chrysler Corporation of Canada, Limited

Come in, learn about Plymouth's JACKPOT OF VALUES!

There's a Surprise in store for you!

For buys that are mighty hard to beat, see your Plymouth dealer. He's offering better deals, bigger driving benefits, bonus surprises during Plymouth's Jackpot of Values.

Come see—come save—come get the features other cars still lack. You can hit the jackpot . . . *today!*

Biggest car of the low-price three, Plymouth is up to 7.3 inches longer outside, roomiest inside, and has the biggest trunk by far!

Only all-new styling in its class makes Plymouth the car to be copied! Flight-Styled from angle-hooded headlights to dramatic up-swept rear fenders!

Exclusive push-button driving sets Plymouth apart. With PowerFlite automatic transmission, you push a button, step on the gas, and GO!

Most powerful car in its field, Plymouth lets you choose up to 240 h.p. in the Plymouth Fury—the car that recently broke all stock car *acceleration* records and the *speed* records for its class!

Lowest priced car with push-button drive, Plymouth is easy to buy, economical to own. Look-ahead styling and built-in quality mean higher resale value!

More safety features for accident *prevention* and *protection*. Your dealer can show you a convincing safety comparison of Plymouth and its competitors.

You needn't wait for something *new*... Plymouth has it *now!*

IMMEDIATE DELIVERY **PLYMOUTH 6 OR V-8**

at your Chrysler-Plymouth-Fargo dealer

Watch Climax—Shower of Stars weekly on TV. Check your newspaper for time and date.

Elaine and Bill

Cards of Thanks

We wish to express our sincere thanks to our neighbours, friends, and relatives for their acts of kindness, flowers, and messages of sympathy extended us during our recent bereavement.
Henrietta and Robert Tate

My sincere thanks to the doctors, nurses and staff of the Barrie Memorial Hospital for care and kindness. Special thanks to Maple Leaf Grange for the lovely basket of fruit. also to relatives and friends for candy, cards letters, papers and visits.
Andrew L. Macfarlane

To all who offered and gave blood, Dr. Stalker, the doctors and nurses of Barrie Memorial Hospital, our kind neighbors and friends who all helped in any way since my accident.
Robert W. Cottingham

I wish to extend my sincere thanks to Dr. McCrimmon and staff of the Huntingdon County Hospital and Dr. Stalker and staff of Barrie Memorial Hospital for their kindness and care also to my friends and neighbours who remembered me with cards, letters and visits while I was in Hospital.
Mrs. William Arnold

We wish to thank our many friends and neighbours for the wonderful farewell party which was held in our honour recently at Herdman.
Mike Levine and family.

We wish to thank Dr. McCrimmon, neighbours, friends and relatives for their acts of kindness, flowers and messages of sympathy extended us in our recent bereavement.
Mr. and Mrs. Henri Smith, Sisters and Brothers.

We wish to extend our sincere thanks and appreciation to Dr. Stalker, other Doctors, Nurses and Staff of the Barrie Memorial Hospital, for their kindness and care. Also to our Neighbours, Relatives and friends for their kindness and sympathy and the many flowers, at the loss of a dear Wife and Mother.
William J. McCartney and family.

I wish to express my sincere thanks to Dr. Stalker and the Nurses of the Barrie Memorial Hospital; also to all who so kindly remembered me with cards, letters and visits during my stay in hospital.
Mrs. James Elvidge

VETERAN LEADER

DISRAELI, Que. (CP) — The brass band in this Eastern Townships community celebrates its 50th anniversary May 9 with a special concert. It will be directed by J. T. Poulin, who has played with the band since it was founded in 1906.

Huntingdon Locals

Ormstown Pupils Visit Gleaner

On Friday morning, the Grade VII group of pupils from Ormstown High School visited the Gleaner to see at first hand the workings of a Printing Plant. Mrs. W. Hooker, their teacher, accompanied them and has been on many similar trips for the past number of years. The visit works in well with a phase of the studies which this Grade takes each year. Those on the visit were: Michael Rennie, Billy Renni, Billy Elliott, Alton McEwen, Ernest Anderson, Garth Cavers, Stuart Vine, Rodney Greer, Esther van Diepeningen, Holly Winter, Sandy Anderson, Mary Sault, Dolores Merriam, Maureen Greig, Geraldine Sutton, Betty Hope, Myrna Reddick, Sheila Towns, Marilyn Gruer, Linda Cottingham, Linda Anderson, Phyllis Todd, Grace Baird, Shirley Ovans, Shirley Bott, Floris Henderson.

-o-

Huntingdon Industrial Development Corporation

A general meeting of the Huntingdon Industrial Development Corporation was held in the main dining room of the Huntingdon Chateau. Purpose of the meeting was to elect an executive of five members who would act on behalf of the shareholders of the company. Those elected are: President, J. M. Smellie; Vice-President, Paul Lefebvre; Secretary-Treasurer, Norbert Bourgon and two directors, Dr. F. G. McCrimmon and A. Carisse.

-o-

Property Sale

Some lakeshore property owned by W. K. Philps, changed hands this week. The property consisting of about 14 or 15 acres with a house upon it was sold to Mr. Roland Dansereau of Montreal. This was the former Brown property near the Ross Farm at St. Anicet. The reported price is $16,000. It is not known what the new owner intends to do with the land, but it is thought he may build some cottages on it.

-o-

Entertain Friends

Dr. and Mrs. Kenneth Willis, Hunter St., entertained fifty friends to a house party on Saturday evening. It was a delightful event, and with the great number present, entertainment for the guests was made a simple matter.

-o-

On Trip to Europe

Mr. and Mrs. F. E. Cleyn have gone on an extended trip to Europe. They sailed on the "S.S. Homeric", leaving on Monday. They will first have a vacation in Paris after which Mr. Cleyn will go on business to Milan, Venice and Rome, Italy, and then return to Paris. Mr. Cleyn will fly back to Canada, leaving on June 6 and be in Huntingdon on June 7. Mrs Cleyn is to remain in Paris and sail for Canada on June 23, aboard the "S.S. Homeric."

-o-

St. Andrew's Church Preparing Financial Drive

The Managers and Elders of St. Andrew's Church met in a joint meeting on Thursday evening, May 3rd in the Annex of the Church. This meeting was held to discuss the every-person canvass that the Church will conduct on the afternoon of Sunday, May 27th.

The canvass committee outlined the plans for the canvass and a discussion was held on merits of the plan. Another joint meeting is planned for tomorrow night Thursday, May 10th and it is hoped that a turn out of between 50 and 60 canvassers will be on hand to receive instruction on the needs of the church and the purpose of this canvass.

-o-

Affiliation Service

The Explorer and C.G.I.T. groups of Huntingdon United Church held Affiliation Services with the Evening Auxiliary of the Woman's Missionary Society on Friday afternoon. The service marked the completion of the annual missionary study of both groups. The Explorers presented a money gift and children's clothing to be used in the missionary work of the church. Ann Rutherford, Doreen Rutherford, Moira Johnson, Nola Johnson and Helen Stark took part in the Affiliation Service of the C.G.I.T. group. Mrs. Wallace Rennie represented the members of the Evening Auxiliary at both services.

-o-

Anniversary Service United Church

Special Anniversary Services were held at Huntingdon United Church last Sunday. The Rev. K. G. MacMillan, B.A., minister of St. Lambert United Church, was the guest preacher at the morning service of worship. He preached a challenging sermon on the theme "The Head of The Corner" urging a deeper devotion to Christ and a greater sacrifice in Christian discipleship. The choir, under the direction of Mr. E. A. Yates, conducted a beautiful service of praise and thanksgiving at the evening hour of worship. A congregational social hour followed the service when the members of the Woman's Association served refreshments.

-o-

St. Andrew's Presbyterian Church Sunday School held a very successful afternoon tea on April 27th. Thanks are due everyone who helped make it a success. Amount realized was $87.00.

-o-

Mr. F. H. Hunter has returned home after an extended vacation in the United States. Mrs. Hunter spent three weeks in Birmingham, Alba., with friends and three weeks in New York City with her brother, Mr. N. W. Pringle and family.

-o-

Mr. and Mrs. Charles Pace left on Monday to begin their European Tour. The Paces plan to sail on Friday from Montreal. In the meantime, they will visit different wholesale houses to place orders for their Christmas merchandise. The Paces plan to return to Canada about the middle of September.

-o-

Mr. Eric Brown of Huntingdon Dry Cleaners Limited is reported to have purchased the home of Mr. Robidoux on East Street. Mr. and Mrs. Aurèle Robidoux have moved to St. Anicet where Mr. Robidoux has become the proprietor of the J. M. Quenneville store.

-o-

Miss Lena Duheme, Miss Huguette Beaudin of Huntingdon, and Miss Alida Beaudin of Montreal are leaving on Friday for New York and then to Bermuda for their holidays. Their friends wish them a most enjoyable trip.

-o-

Mr. and Mrs. Charles Grant are at present enjoying a short holiday at Niagara Falls, Ont.

-o-

Guests at the home of Dr. Ken Willis and Mrs. Willis at the week-end were: Miss Shirley Layton of Macdonald College, and Mr. Robert MacDonald of Westmount.

-o-

Rev. K. G. MacMillan and Mrs. MacMillan of St. Lambert, were luncheon guests of Mr. and Mrs. J. McCoy, on Sunday, following Rev. MacMillan's engagement at Huntingdon United Church. They were accompanied by two friends.

-o-

Huntingdon County Hospital acknowledges a $10.00 annual membership from Mr. Joseph Donohue, St. Anicet and a $10 donation from Chateauguay-Huntingdon W.I.

Mrs. A. L. Caldwell New President of Liberal Women

Mrs. Jessie Caldwell, newly-elected president of the National Federation of Liberal Women, plans to give her full attention to politics.

The Already-busy citizen of Saskatoon said that she has been "streamlining" her activities so she can give her best efforts to political pursuits.

She said that she felt non-partisan work was important, but that women could make the greatest "impression on Canada through politics and working for good government."

"I shall serve one term—it will run either two or three years because an organization must not become static. Its honors, and responsibilities, must move all around Canada."

Two of her main hopes for the Federation is to bring it to a greater state of autonomy as an integral part, and not a secondary working group of the party, and to stimulate further interest in public affairs and politics.

The great value of women's political associations is the experience, information and ideas it developes and disseminates, she said.

A Canadian delegate to the United Nations General Assembly in 1953, she now is the elected President of the Saskatoon City Liberal constituency.

Following her election as President of the National Federation of Liberal Women, Mrs. A. L. Caldwell spent the week-end at Turkeys DeLuxe Inc., Dewittville, the guest of her sister, Miss P. Winnie Rowles.

HUNTINGDON, QUE.

Hemmingford

HEMMINGFORD — Tuesday evening, May 1st, Mrs. Bertha Cavanagh, Mrs. W. J. McKay, Mrs. Russell Williams were hostess to a surprise birthday party in honor of Mrs. Wilson Hayes. About 30 ladies were present. Games and a social event was spent and refreshments were served. Prize winners of the evening were Miss Ethel Williams and Mrs. Alister Somerville. Mrs. Hayes was the recipient of many gifts. All left her hospitable home wishing her many more happy occasions such as this. Other guests of the evening were her son Mr. Richard Hayes and Miss Nancy Stevenson of Montreal.

Mr. Mervyn Forrester and Mrs. A. A. Clayland of Huntingdon and Mrs. Myrtle McNeil and friend of Calgary, Alberta, visited Mrs. Una Hayes recently.

Mrs. Thos. E. Howlett of Kitchener, Ont., and Mr. and Mrs. John Howlett recently visited Mrs. Edward Cowan and Mr. and Mrs. W. J. McKay.

Mr. and Mrs. W. J. McKay, Mr. and Mrs. Allen Campbell and Donald recently visited Mr. B. S. Spearman at the home of Mr. and Mrs. Frank Benson of Ormstown, Mr. Spearman is recovering from pneumonia and has been confined to bed four weeks. All his Hemmingford friends wish him a speedy recovery.

Mrs. Bertha Cavanagh spent the week-end visiting friends in Glen Falls, N.Y.

Mr. Wilfred Beaudin motored to Rimouski for the week-end. Mrs. Beaudin, who had spent the past month with her son-in-law and daughter, Mr. and Mrs. Lapierre, returned home with him.

Several friends from Hemmingford attended the funeral of the late Mrs. Hercule Delisle on Tuesday, May 1st, at St. Chrysostome. Sincere sympathy is extended to her daughter Miss Jeanne Delisle in her bereavement.

Mr. and Mrs. H. Lank and daughter from Prescott, Ont., were week-end guests of Mr. and Mrs. Frank Richard and family.

Mrs. Harold Tobin and two sons, Vaudreuil, were recent guests of her parents, Mr. and Mrs. Arthur McAleer.

Mr. and Mrs. Lucien Germain and Raymond, Huntingdon, were week-end guests of Mr. and Mrs. A. Germain.

Mr. W. B. Stewart, Montreal, was a week-end guest of Mr. and Mrs. Howard Miller.

Mr. O. Fisher, Mass., attended the funeral of the late Mr. Gilbert Fewster and called on friends here prior to visiting his sister Mrs. Baldwin, at Ayer's Cliff, Que.

Friends of Walter Brown will be pleased to hear his health is improving daily.

Mr. William Brown of Vancouver, B.C., is visiting his sisters and brothers here.

Mr. and Mrs. Reginald Barkes of St. Eustache sur le Lac were week-end guests of Mr. and Mrs. Leonard Barkes.

Mrs. Roy McCanse who was a patient at the Montreal General Hospital for several days, has returned home.

Miss Madeleine Abran, R.N., was a week-end guest of her parents, Dr. and Mrs. A. J. Abran.

Miss Margaret Simpson and Mrs. Bredenbery of Champlain, N.Y., were recent guests of Mr. and Mrs. Scott Simpson, Covey Hill, and Mrs. J. P. Simpson.

Howick

The Howick W.I. met on Tuesday evening, May 1st at the home of Mrs. Frank Hope with the President, Mrs. Arthur Kerr, presiding.

Twenty-five members and five visitors were present. The roll call was "Pay one cent waist measure".

Two minutes' silence was held in memory of the passing of one of the W.I. members — the late Mrs. Alex. MacGregor.

It was decided that the sewing prize money was to be on the finished product — list to be given by Miss Aitken, Home Economics Teacher.

The convenors present, Mrs. Wm. Wilson and Mrs. Jas. Crawford, gave their reports.

The Salvation Army truck is again to come to Howick and Brysons' Station about the 16th of May. Anyone having articles to be given to them, please leave them in the Georgetown Church sheds, where they will be picked up by the truck.

Chateauguay-Huntingdon W.I.

(Continued from Page 1)

arate as to property may dispose of same; that a married woman may be given the right to sign contracts and that a married woman be given equal right to sign or give consent, such as, when a child requires a necessary operation if the father happens to be absent.

Also if we are doubtful of a comic being a "crime comic" send it to The Montreal Council of Women and enquire, giving our name and the dealer's name.

In regard to the law forbidding the passing of a standing school bus, to see that every car or whatever else is being used as a school bus have a stop school bus sign in both French and English on it.

Mrs. LeBaron then urged that we need to continue the support of the Q.W.I. Service Fund in our branches. While it is on the "up" certainly, it takes it all to continue the services we are enjoying and demanding.

Re: Education of the Retarded Child we must do all we can to aid this cause. Lachute W.I. is working with the local school board to do this.

She also recommended that two members at least affiliate with the C.A.C. — one being the Convenor of Home Economics, thus gaining the necessary benefits. Also that we have one

---

Mrs. Wilfrid Bryson and Miss Jean Ritchie were appointed delegates to the County Convention, which was held in Ormstown Presbyterian Church on Friday, May 4.

The June meeting of the W.I. is to be held on May 29 in the evening at Mrs. Cairncross's, on account of the Ormstown Fair, during the regular week.

Mrs. Huntley Greig then introduced the guest speaker for the evening. Miss Aitken, the Home Economics Teacher, who gave a very interesting talk on "Interior Decoration", showing many magazine pictures to illustrate her theme. Mrs. Wm. Wilson thanked her.

A helpful demonstration on "How to Wash Woollens" such as wool sweaters was given by Mrs. Wilfrid Bryson. Never wring them, squeeze the water out of them after washing, by forcing it through a colander, then carefully lay the sweater on top of a towel, being careful to get them into correct shape, where they will soon dry.

The Georgetown Evening Auxiliary met at the home of Mrs. Donald Ness on Thursday night. Twenty members answered the roll call containing the word "Seed". There was one visitor present. The Study and Bible quiz was given by Mrs. Wm. McArthur.

The Bring and Buy Sale realized $10.50.

membership with the United Nations. And she stressed the buying of UNESCO stamps.

We must use our Handbook more and save Mrs. Taylor answering our many questions.

If 2 or 3 or even 4 are interested in The Leadership Course send in your applications, just in case at the last minute there is a vacancy. As they can and do wish to have 40 attend this course.

In closing Mrs. LeBaron reminded us that Mrs. Berry of Australia, International President of C.A.C.W. will speak at the annual convention at Macdonald on Thursday, June 29th.

At the noon lunch hour, Mrs. J. D. Lag presented Mrs. W. E. Bernhardt with a Life Membership certificate. During lunch, Mrs. John Wallace, Ormstown, sang "The Lord's Prayer" and "Bless This House" accompanied on the piano by Mrs. P. Osmond. The flowers on the tables were in memoriam for deceased members, and for whom 2 minutes of silence was kept during the morning session.

After lunch an apron sale brought in over $23.00 and the plant sale about $20.00.

Mrs. H. Palmer introduced Mrs. J. Ossington, Granby, Que., Prov. Convenor of Citizenship, who spoke on Civil Defense. The warned us that we in Chateauguay Valley should learn to do our share in civil defense in case of disasters. That this dread will be with us for many years to come. Civil Defense is really a way to teach us how to live without fear at any time of disaster.

All children, expectant mothers, elderly people and hospital patients are the first to be evacuated within a great radius of Montreal should it ever be hit.

Mrs. Ossington as convenor of citizenship also includes work in regard to The United Nations, who can't stop war but can and do insist they must talk peace. She suggested we appoint a man to go to Arnprior, Ont., to learn Civil Defense. For any civil defense items needed the Dominion and Provincial Gov'ts. go halves on the cost.

She also recommended taking a St. John's Ambulance Course to learn all we can about defense.

Quebec has only raised $180.00 for U.N.E.S.C.O. compared to over $1,000.00 from every other province. And she suggested every W.I. branch have a membership in U.N.E.S.C.O.

Following Mrs. Ossington's talk a couple of films were shown on Defense — one of which was "The Homeless Ones".

Rev. Mr. Hood thanked Mrs. Ossington for her address and Rev. Mr. Johnson pronounced the benediction.

The W.I. Annual Convention will be held in Riverfield Church next year.

The Resolutions were as follows:

1—Be it resolved that Chat.-Huntingdon County W.I. express thanks to Mrs. Ossington, who came to give us this very instructive talk on preparedness for civil defense.

2—That Chat.-Huntingdon Co. W.I. express thanks to Mrs. LeBaron for coming with her message from the Provincial Board.

3—To all retiring convenors and officers, we express our sincere thanks for the work they have done for the W.I. Cause.

4—That the W.I. express thanks to The Huntingdon Gleaner for granting space in their publication.

5—Be it resolved that the Chat.-Huntingdon W.I. express thanks to the Ormstown branch for their hospitality today and to the Board of Managers of Ormstown Presbyterian Church, who allowed us to use their church and hall for our convenience.

The Officers and Convenors for 1955-1956 are: Past President, Mrs. W. E. Bernhardt, Athelstan; President, Mrs. Ward Rember, Ormstown; 1st Vice-Pres., Mrs. H. Palmer, Hemmingford; 2nd Vice-Pres., Mrs. A. MacFarlane, Riverfield; Sec'y., Mrs. C. Reid, Huntingdon; Treas., Mrs. Alex. Robb, Huntingdon.

Convenor of Agriculture—Mrs. A. H. Fraser, Dundee; Con. of Education — Mrs. Wallace Kerr, Howick; Con. of Home Economics—Mrs. Frank Rowe, Franklin Centre; Con. of Citizenship—Miss K. Murphy, Ormstown; Con. of Health and Welfare—Mrs. M. McKell, Aubrey; and Con. of Publicity—Mrs. D. M. Laurie, Hemmingford.

Henrysburg

HENRYSBURG — Mr. and Mrs. Bruce Clelland, Mr. and Mrs. Carlos Vider and The Misses Verna and Dorothy Clelland, all of Montreal, also Mr. and Mrs. William Beattie of Hemmingford, were Sunday guests of Mr. and Mrs. Alfred Cookman and family and Mrs. Robert Brownlee.

Mr. and Mrs. Earl Orr, Donna, Alden and Larry called on Mr. and Mrs. Fred Orr and family of Barrington, on Tuesday evening.

Mr. and Mrs. Louis Simioni (nee Norah Gabrielle) announce the birth of a daughter, Mary Gloria Gocelyne, born in Montreal, on April 21st.

Mrs. Walter Kyle, of Hemmingford, called at the Cookman home on Friday afternoon. Evening callers at the same home were Mr. and Mrs. Archie Brownlee of Greenfield Park, the occasion being their mother, Mrs. Robert Brownlee's, 81st birthday.

Mrs. Hazel True and Gerald motored to Lachine on Sunday afternoon to visit Mr. and Mrs. Norman True and Bryan.

Mr. Rosario Inkel and daughter Marielle of Cohoes, N.Y., spent the week-end at the home of Mr. Inkel's sister, Mr. and Mrs. Euclide Daignault.

Mr. Lewis Davidson of Laprairie was a Sunday guest at the Cockerline home, returning to Laprairie in the afternoon to spend the evening with Mr. and Mrs. Stanley Prosser, Jr., Mr. and Mrs. Stanley Prosser Sr., Mrs. Ady and Mr. Ashfield.

Vgetables will stay crisp many days longer if placed wet in a polythene bay and stored in the refrigerator. If you have to keep them too long and they wilt, you can freshen them in a basin of cold water which contains a tablespoon of vinegar or lemon juice.

DO WE NEED FEDERAL AID FOR EDUCATION

THE LAST ARTICLE OF A SERIES OF FOUR

Dr. M. E. LaZerte, Research Director Canadian School Trustees Assn.

It is apparent that local taxes and provincial grants must provide most of the money needed for the schools. Should there however, be federal aid for elementary and secondary education? The answer depends upon provincial needs and upon the standards we want in education. To think profitably about the question asked, one must know what the tax-paying ability of each province is, what percentage of its population is of elementary and secondary school age, what relative annual expenditure it is now making on education and what standard of education is to be considered acceptable. For example, in two provinces the relative tax-paying abilities per capita are 118 and 218, the percentages of the populations in school 19.3 and 17.6 and the average 1951-52 expenditures per classroom $4,190 and $5,375. An expenditure of $5,375 by the second province is the equivalent of an expenditure of only $2,909 by the first. Then, too, the relative numbers of classrooms required per 1,000 population are as 19.3 to 17.6. Therefore, an actual expenditure of $2,653 per classroom in the first province represents the same effort as does a "per classroom" expenditure of $5,375 in the second.

If the cost of an acceptable school programme is, say $5,000 per classroom per year, the one province can meet this requirement easily, but the other needs much assistance unless it makes twice the effort made by its sister province. It is apparent that all provinces are not equally able to support elementary and secondary school programmes. If the least wealthy province is now offering satisfactory schooling or could offer it with adequate effort, there is no valid argument for federal aid. However, two facts are accepted: first, the programmes offered by some provinces are at such a low cost level that they cannot be acceptable and, second the demands of all combined municipal services are so heavy that expenditures on education cannot be increased without impairing other services.

The Canadian School Trustees' Association believes that education is of such national importance that the Federal Government should make certain that education is not allowed to fall below acceptable standards. The Federal Government is dependent upon the provinces for the basic, general education of its civil servants and its armed forces personnel. Gross national production totals are greatly affected by the quality of Canadian public education. The Dominion's place in world trade is similarly conditioned as is also the general social and cultural level of Canadian life. Canadian school children, wherever they live, should have equal educational opportunities. It is to aid local district and provincial governments in providing such opportunities with some equality of effort that federal aid is needed.

The principal of equalization has long been accepted at the local district level; it is being extended rather rapidly to large administrative unit level. Equalization at the provincial level is desired and it is for this purpose that federal aid is requested. Equalization need not, of course, apply to education only but the national significance of this service is so great that education, along with health probably, should take precedence over other provincial services. The Canadian School Trustees' Association is advocating federal aid to equalize the foundation programmes that can be supported in the several provinces. Although this aid might be given indirectly and included in general equalization grants to the provinces or directly as grants on a 'per pupil' basis, the plan of distribution favored by the Association is that direct educational grants for elementary and secondary education, these distributed to the provinces on the basis of need. The need is for federal aid sufficient to bring the basic foundation programme level that can be financed by each province to an agreed-upon Canadian standard.

Time For Asparagus

Fresh Canadian asparagus, now in season is so very special that deserves to be cooked to perfection and served with elegance. From the Consumer Section here are cooking instructions and serving suggestions to help you prepare asparagus that will be both attractive and a genuine pleasure to eat.

First, for peak-of-flavour goodness, when buying it select asparagus with tightly closed buds and firm, bright green stalks. Before cooking it, wash the asparagus thoroughly with a soft brush so there will be no grit left under the scales. After washing, snap off the stalkes where the tender point starts and save the ends for making fresh cream of asparagus soup.

To prevent the tender tips from becoming overcooked by the time the stalks are tender, tie the asparagus in loose bundles and stand them upright in about an inch of boiling salted water. If you can not have a deep saucepan, use the lower part of a double boiler with the top inverted over it, for the asparagus should be covered during cooking. Cook asparagus to the "just tender" stage--about 10 minutes for young, slender stalks and 15 to 20 minutes for large, less tender stalks.

Serving Suggestions

1. Sprinkle hot, cooked asparagus lightly with salt and pepper. Pour on a generous amount of melted butter, either by itself or with one of the following added:

a few drops of lemon juice; minced parsley, onions or chives; sautéed mushrooms; a little prepared mustard; toasted chopped almonds; a sprinkling of nutmeg, rosemary or terragon; chopped hard-cooked egg; crisp bacon bits; or crumbled blue cheese.

2. For luncheon or supper serve cooked asparagus on buttered toast, and top with one of these:

a poached egg or creamed hard cooked eggs. Hollandaise sauce, nippy cheese sauce, sour cream sauce or mushroom sauce.

For extra nourishment place a slice of ham under the asparagus.

3. Use cold cooked asparagus with other vegetables on a salad plate or in an aspic seasoned with rosemary or terragon or cut up leftover asparagus and add to a tossed salad. Cold asparagus is also ideal to use in the centre of pinwheel sandwiches or in tiny sandwich rolls which can be served plain or toasted in the broiler just before serving.

Reminiscent of The Past Memoirs of Ken Dalgleish

Two weeks ago an item appeared in the Gleaner pertaining to Ken Dalgleish, Picture Butte, Alta. and his late brother, the Rev. Bert Dalgleish. Since then we received a scrap book of the late C. H. Lamb from Mr. A. A. Lunan. The Rev. Bert Dalgleish was an athlete during his school and college days and he hung up many enviable records. In the scrap book we note that in jumping, he and A. A. Lunan were very close rivals in the "hop, skip and jump", for Dalgleish made a distance of 35 feet 6" and A. A. Lunan a ¼" less.

In a second letter from Ken Dalgleish, who is now 77 years of age, he makes reference to a few items that will interest many of our old readers. Evidently a class picture was taken when Ken attended the Academy. He was wearing short pants and did not fancy his picture so had some black substance put on his face, which he claims made a big improvement. His teacher, Miss McPhee, sent him to Principal Holiday, which meant he had to remain in school in a small room next to the Nelson Walsh property until 5 p.m. Val Gomery brought him a book to read, and so passed the time with ease. When in the small room, Ken reports: "Ellen J. Boyd came to the room to get her wraps. Her father, the late Daniel Boyd had made her a power boat, and it was named the "Ellen J. Boyd". I always addressed her in full, "Ellen J. Boyd".

At the time of the Diamond Jubilee Ken went to Nelson Walsh, who was then Mayor of Huntingdon and obtained permission to ring the bells of the Church of England, Catholic Church, Methodist Church and that of Boyd's Foundry. With permission accorded, it became the lot of Ken to ring the bell of the Methodist Church. When he tried to ring the bell during the curfew act, the bell would not ring, so upon investigating he found in the belfry Frank Bissett and Walter B. Rennie. As Ken opened the door leading to the belfry he heard Walter Rennie giggle and as Ken got to the belfry he found both Rennie and Bissett had vacated through a small door onto the rafters above the church.

A bicycle parade took place with all available bicycles participating, including a tandem bike of Archie Maclaren. Maclaren, besides having someone ride the tandem with him had the bell off the old fire engine attached to a fish pole. We all did our duty, writes Ken Dalgleish, and I expect Queen Victoria heard it, but to be absolutely honest, I do not think she ever acknowledged it.

Picture Butte, Alta., has a population of 900, three schools and 25 teachers. We have four vans that transport up to 200 children and other smaller bus transports, making 12 in all. The school vehicles are also used on unday to transport children to Sunday School.

Adverse farm problems confronted Ken Dalgleish for he states that for years he had 960 acres of "dry land", and it was "dry". In 1927 he moved to Picture Butte, Alta., and got along well. In a farm competition for best farm home grounds (irrigated) within 25 miles of Lethbridge, first prize was accorded him. Also 1st prize for best irrigated farm, prizes being a silver cup and $50. given by the Exhibition Board and Department of Agriculture.

Franklin Centre

Mr. Lewis Parham of Montreal and his cousins, Mrs. Gladys Parham and son Linden and Mrs. Howard Farley of St. Lambert were over night guests of Mr. and Mrs. Willard Dunn.

Miss Shirley Kenney of Chateauguay Heights spent the week-end with Mr. and Mrs. Omar Harvey and family. Her parents, Mr. and Mrs. Charles Kenny and brother Wm. spent Sunday at the same home.

Miss Carole Brown of Brockville Bible School, Brockville, Ont., spent the week-end at the Dickenson home here.

Mr. and Mrs. Gordon Brooks, Mrs. Kenneth Brooks and June were Sunday guests of Mr. and Mrs. Ronald Livingstone at Greenfield Park.

Miss Annie Waddell of Montreal spent most of last week with her brother and sister, Mr. John Waddell and Miss Libbie, Covey Hill.

Miss Shirley Baird of Ormstown spent Friday night and Saturday with her friend, Miss Norma Dunn.

Mrs. T. G. Sherrington Jr. left Friday morning for Peterborough, Ontario, for a visit with her brother-in-law and sister, Rev. and Mrs. Douglas. During her absence, her children, Freddie and Joan are staying with their grandparents here.

Mr. and Mrs. John Dickenson of Montreal spent the week-end at their home here.

OBITUARY

The Late Mrs. A. M. Parham

Mrs. Annie Maria Parham, daughter of the late Wm. J. Ball and his wife Mary Jane McCort, died early Thursday morning, April 26th at the Barrie Memorial Hospital. She was taken ill with pneumonia on Saturday and was taken to the hospital where she recovered from the illness but the after effects on her heart, which had been troubling her for years was fatal.

The late Mrs. Parham was born at Havelock, Que., in 1873, but in her early 'teens her parents lost their home by fire and moved to a farm at Vars, Ont., where she lived until her marriage to the late Fred Fulton, when she came to Franklin Centre to live. After his death she continued to run the farm for a few years till she married the late Wm. C. Parham. After his death in 1921 she went with her daughter Alma Parham to live with her brother Wm. Ball at Vars, for a few years. She returned to her late husband's farm where she lived until she sold it. Since that time she lived with different members of her family and friends.

She was a faithful member of the Anglican Church and always did her share in the upkeep and work of this church, a good neighbour and a kind helpful friend and was always ready to lend a helping hand to anyone in need.

The funeral service, from Sharpe's Funeral Home, was held at the Anglican Church on Saturday afternoon, Rev. Hatcher of Huntingdon officiated assisted by Mr. Westin. The floral offering was beautiful.. Interment at Ames Cemetery.

The deceased is survived by three daughters, four sisters and four brothers.

New Erin

NEW ERIN. — Mr. and Mrs. J. I. McWilliams of Shawinigan Falls, Que., enjoyed a ten days vacation with the latter's brother and sister, Mr. Earl and Miss Effie Rankin.

Mr. Grant Cameron has left for Lennoxville, Que., where he has taken a position as Field Man with the Carnation Milk Company. We wish him every success in his new venture.

Messrs. Lawrence and David VanVliet of Lacolle, were callers during the week on their sister, Mrs. Burton Rankin.

Mrs. Gerald Capsey, Bedford, Que., spent the week-end with her mother, Mrs. M. Cameron.

Dr. and Mrs. Edgar Payette of St. Lambert, Que., were Sunday visitors of Mr. Donat and Miss Blanche Chartrand.

BIG IMPROVEMENT

WOODSTOCK, N.B. (CP) — Citizens of this northern New Brunswick community claim they have the "purest water in the province."

This, they say, is due to the recent installation of a $130,000 water supply system, consisting of an automatic pump capable of producing 500,000 gallons daily from a well 111 feet deep. A second well has an equal capacity.

The town's previous water supply came from the St. John river which has been condemned by the department of health.

Introducing "Monsieur le Notaire" — A Legal Gentleman From Quebec

THE PROVINCE OF QUEBEC IS DISTINCT IN LEGAL MATTERS.

While surrounded on all sides by countries of English law, it has preserved the laws introduced therein by France some three hundred years ago. Its code of Civil Law, applicable to its whole territory and to all its citizens, English, French or foreign, is in a large measure based on the Code Napoleon of France.

Among its characteristic institutions is the profession of **"Notaire"**, a gentleman follows the same course of legal studies as an advocate or solicitor, but who confines his legal practice to non-contentious matters. In fact, the man who aspires to become a "notary" must follow a complete course of literary and scientific studies in a recognized classical college after which he must take the same course of legal studies as his friend, the aspiring advocate or solicitor in the Faculty of Law of a recognized University, both attending the same lectures and passing the same examinations, and each attending the legal office of a practicing lawyer or notary. They must, however, elect which of the two professions they will follow, as an advocate cannot practice as a notary nor a notary as an advocate.

Once admitted by the Board governing his profession, "Monsieur le Notaire" becomes an Official Public Officer; he draws and keeps of record all original deeds of Sale, Mortgages, Marriage Contracts, Last Wills, Trust Deeds, Articles of Partnership, Administration Accounts by Executors and Trustees, Partitions, etc.; he examines titles of property, attends to registration, winds up states, incorporates companies, negotiates mortgage loans and acts as agent for the sale of real estate. In fact he attends to all business transactions both as a financial agent and as a legal adviser.

But he does not plead before the Courts of Justice: this is reserved to the advocate, who, in his turn cannot officiate at the execution of a deed. "Monsieur le Notaire" makes a deed "authentic", that is, in geheral unquestionable as to its execution, including the certainty of the date and of the signatures: he numbers and keeps the original of record in his office, delivering as many official copies thereof as may be required, which have the same legal force and authenticity as the original itself. This provision is particularly serviceable in connection with Last Wills, Deeds of Sale, Mortgages and Powers of Attorney.

His appointment is for life and his jurisdiction extends over the whole Province of Quebec. At his death, his original deeds are transmitted to another Notary under the authority of the Board of Notaries, or to the Prothonotary of the Superior Court, and the Notary or Prothonotary with whom they are deposited has power to issue authentic copies of such original deeds.

In conclusion, when legal business in the Province of Quebec, is of a non-contentious charaoter, is is entrusted to the "notaire" who, in this respect, much resembles the old-fashioned English solicitor. When there is litigation, the case is entrusted to an advocate.

There are 950 notaries distributed throughout the province. Every village of any importance has at least one Notary; all have a reading knowledge of French and English, and in the principal cities and towns all speak and write both languages.

THE BOARD OF NOTARIES OF THE PROVINCE OF QUEBEC.

Sir Harold Nicholson, who has just entered his 70th year, recommends gardening for those who seek longevity and who wish, at the same time, not to lose interest in life. He cites, also, the doctor's golden rule about alcohol: "A great deal sometimes; a little always; but never a great deal always".

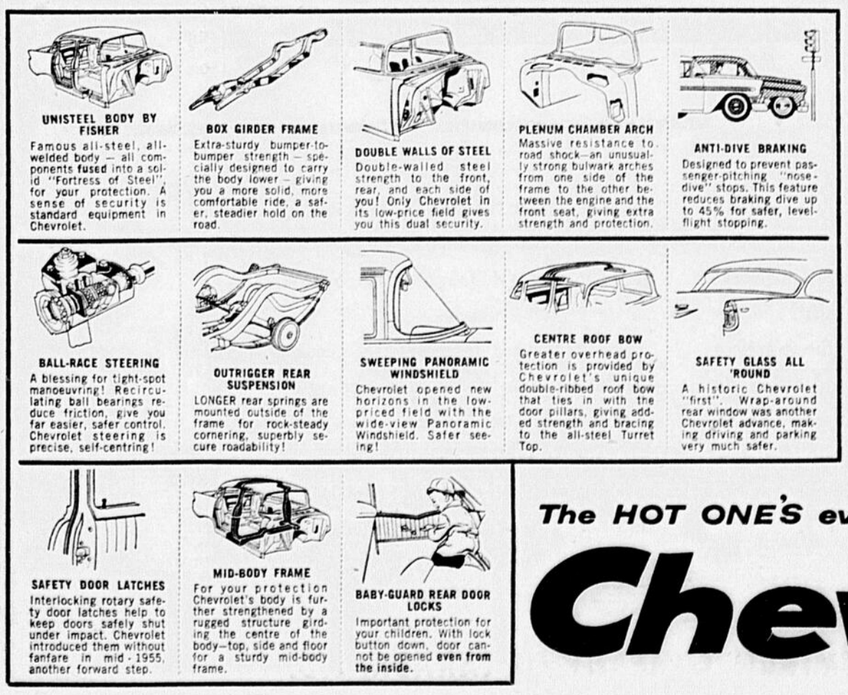
CHEVROLET

"SAFETY FIRSTS!"

A GENERAL MOTORS VALUE



UNISTEEL BODY BY FISHER
Famous all-steel, all-welded body — all components fused into a solid "Fortress of Steel" for your protection. A sense of security is standard equipment in Chevrolet.

BOX GIRDER FRAME
Extra-sturdy bumper-to-bumper strength — specially designed to carry the body lower — giving you a more solid, more comfortable ride, a safer, steadier hold on the road.

DOUBLE WALLS OF STEEL
Double-walled steel strength to the front, rear, and each side of you! Only Chevrolet in its low-price field gives you this dual security.

PLENUM CHAMBER ARCH
Massive resistance to road shock—an unusually strong bulwark arches from one side of the frame to the other between the engine and the front seat, giving extra strength and protection.

ANTI-DIVE BRAKING
Designed to prevent passenger-pitching "nose-dive" stops. This feature reduces braking dive up to 45% for safer, level-flight stopping.

BALL-RACE STEERING
A blessing for tight-spot manoeuvring! Recirculating ball bearings reduce friction, give you far easier, safer control. Chevrolet steering is precise, self-centring!

OUTRIGGER REAR SUSPENSION
LONGER rear springs are mounted outside of the frame for rock-steady cornering, superbly secure roadability!

SWEEPING PANORAMIC WINDSHIELD
Chevrolet opened new horizons in the low-priced field with the wide-view Panoramic Windshield. Safer seeing!

CENTRE ROOF BOW
Greater overhead protection is provided by Chevrolet's unique double-ribbed roof bow that ties in with the door pillars, giving added strength and bracing to the all-steel Turret Top.

SAFETY GLASS ALL 'ROUND
A historic Chevrolet "first". Wrap-around rear window was another Chevrolet advance, making driving and parking very much safer.

SAFETY DOOR LATCHES
Interlocking rotary safety door latches help to keep doors safely shut under impact. Chevrolet introduced them without fanfare in mid-1955, another forward step.

MID-BODY FRAME
For your protection Chevrolet's body is further strengthened by a rugged structure girding the centre of the body—top, side and floor for a sturdy mid-body frame.

BABY-GUARD REAR DOOR LOCKS
Important protection for your children. With lock button down, door cannot be opened even from the inside.

Look them over carefully. Most of these important safety features were pioneered by Chevrolet — the car that has *ALWAYS* taken your safety seriously.

18 Safety Firsts . . . by Chevrolet . . . a vital demonstration of Chevrolet's consistent, many-sided leadership. Leadership, you will note, not merely in protective safety features — but in *PREVENTIVE* features. Features which bring you surer, safer control of your car . . . new ease, precision and security of handling under all conditions. This is no new concern of Chevrolet engineers, and it has always been gratifying to find other cars eventually adopting so many of Chevrolet's contributions to your motoring safety. Directional Signals, Safety Padded Instrument Panel and Seat Belts with Shoulder Harness, all are available to you with Chevrolet. The largest-selling, most trusted car in the world MUST take a conscientious and a comprehensive view of your safety. And it does. Look over the record of Chevrolet Safety Firsts. It speaks eloquently for itself.

C-1656D

The HOT ONE'S even HOTTER in SAFETY, too!

Round Byre AND Ring

By Frank Napier

Howick to Columbia

Douglas A. Ness of R. R. Ness and Sons, Burnside Farms, Howick, Que., has reported the sale of three choicely-bred Ayrshires to go to Senor Mariona Ospina, Bogota, Colombia, South America. Two of them being heifers from Burnside and a bull from the Cherry Bank Herd of A. E. McArthur, Howick, Que. We also understand that these cattle are now en route to Colombia.

As will be noted later on, this must constitute three of the most highly bred Ayrshires that have ever been sold out of Howick for export or anywhere else. Likewise three top individuals.

Bogota, Colombia

For the information of the "Geographically-minded", the Republic of Colombia is situated in North-West corner of South America and constitutes the southern bridge head of the Central American Bridge which unites North and South America. It is bounded on the North by the Caribbean Sea with a coastline of appoximately 990 miles; on the west by the Pacific Ocean with a coastline of approximately 800 miles.

Bogota the capital of Colombia is located in the central part of that country. It stands in a high plateau of the Cordillera Oriental, 8,660 feet above the level of the sea.

Burnside Hyacinthe

One of the Burnside animals is the 3-year-old heifer Burnside Hyacinthe. Born July 6, 1952, she dropped her first calf September 17, 1955 and during the first 277 days of her subsequent, her first lactation she produced 7,491 lbs. milk. She is again in calf to Burnside Worthy Comment, first prize senior bull calf and reserve junior champion at the 1955 Royal Winter Fair, likewise a son of the noted cow Carnell Tulip 12th, (imp).

Her sire is Nethercraig High Merit (imp) that well-known Burnside sire which, in turn, is a son of the noted Nethercraig Prosperity, one of Scotland's greatest sires of recent years. In turn "Prosperity" was a son of the noted sire Howie's Topmost and of Elmhurst Khiva which produced 14,540 lbs. M., 4.15%, at 2 years of age. Altogether, Elmhurst Khiva made 7 records, from 2 to 8 years of age, which averaged over 12,215 lbs. milk.

The dam of "High Merit" was Drumfork Hazel 4th with 5 good records to her credit including 10,050 lbs. M., 5.12%, at 2 years; 12,617 lbs. milk, 4.47% in mature form. Altogether her butterfat tests averaged 4.67%.

Burnside Rebecca

The other Burnside heifer is Burnside Rebecca born September 23, 1953 and in calf to Carnell Never Fear (imp). That service sire being a son of Carnell Hiawatha, "Approved", in turn a son of the well-known Rottenrow Remarkable His dam is Carnell Tulip 9th., with a lifetime production of 119,123 lbs. milk, average test 4.14%, likewise a daughter of Nethercraig Prosperity "Approved".

Burnside Rebecca is sired by Burnside Request, a Class AA son of Rottenrow Remarkable, already referred to and with to his credit before importation the male grand championships at both the Royal Highland and Ayr Shows in 1949.

Burnside Request is also a son of the famous Burnside Barr Andrietta, "Excellent" and Approved" and with a lifetime production of 127,112 lbs. milk. Needless to say "Barr Andrietta" is a daughter of two great animals that made history a few years ago. That is her sire was the noted "Approved" sire Barr Peter Pan, while her dam was Burnside Blossom Andrietta, one of the greatest of all time show-ring winners and reproducers.

"Rebecca's" dam is also a Burnside Andrietta Blossom. She is Burnside Future Blossom, junior champion at the 1947 Eastern States Exposition and now classified "Very Good.". "Future Blossom's" dam was Burnside Barr Blossom, "Excellent", "Approved" and a "Hundred Thousand Pound" milk producing daughter of Burnside Blossom Andrietta.

Cherry Bank Royal Robert 4th.

There is likewise a wealth of record, showring and reproductive backing in the bull calf which went to Colombia from the Cherry Bank herd of Allister E. McArthur.

He is Cherry Bank Royal Robert 4th., born August 12, 1955.

His sire is Cherry Bank Royal Bomber, Class A.A., first prize, 2 year old Ormstown and the Royal Winter Fair 1954, also senior and grand champion at Ormstown, and reserve senior and reserve grand champion at the Royal. Sold last fall to head the Alderwood herd of J. G. Wilson, St. Valentin, Que., he was subsequently first prize 3-year-old at the 1955 Royal Winter Fair.

"Royal Bomber's" sire is Cherry Bank Golden Anchor, Class AAA, and winner of the following prizes: first 2 year old, senior and grand champion 1949 Ormstown Exhibition; first 3 year old Ormstown Exhibition and Royal Winter Fair, 1950, also grand champion at Ormstown; first aged bull, senior and grand champion Royal Winter Fair, 1951; first aged bull, senior and grand champion Ormstown Exhibition and Lachute Spring Fair 1952. "Anchor" was also a son of the famous Cherry Bank Winter Royal, of whom see later.

"Royal Bombers" dam was Cherry Bank Royal Verna 3rd., "Excellent", and an outstanding winner up to 14 years of age when she headed the Veteran class at the Royal Winter Fair. She is also the dam of the noted bull Cherry Bank Brown Bomber while she has to her credit a lifetime production record of 118,411 lbs. milk, 4,926 lbs. fat.

"Royal Robet 4th's" dam is Cherry Bank Royal Lollypop, "Excellent", and with several good records to her credit, including 11,528 lbs. M., 482 lbs. fat, in her first lactation; 51,907 lbs M., 2,171 lbs. M., in 5 lactations.

"Royal Lollypop" is also a daughter of Cherry Bank Winter Royal, "Preferential Sire" in Canada, "Double Approved" in U.S.A.. He was also the sire of many noted prize winning sons and daughters, while 51 of his daughters have to their credit 123 records which average 8,568 lbs M., 351 lbs.F., 4.07%, average lactation 298 days. It might also be mentioned that "Winter Royal" was a son of that famous pair Alta Crest Winter Royal and Cherry Bank Bonnie Butteroup 3rd.

"Royal Lollypop" is also a daughter of Cherry Bank Royal Luna, "Excellent" and with 8 records which total 81,494 lbs. M., 3,483 lbs. F., to her credit.

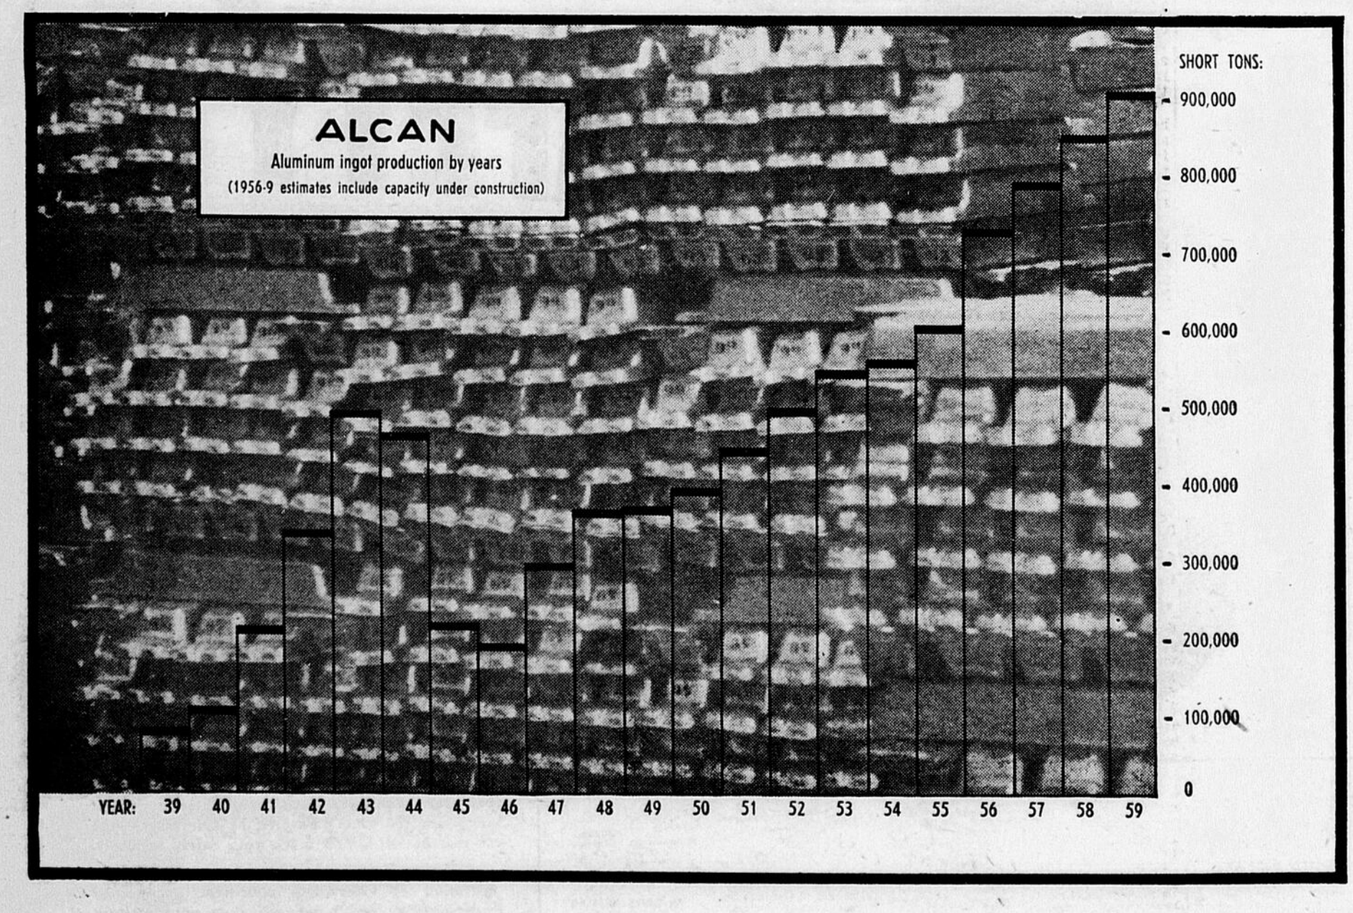
SINCE 1910—CANADA'S FINEST LAGER

CANADIAN ALUMINUM

1955 capacity to be expanded 50% by 1959

EXPANSION PROGRAMME LARGEST IN THE INDUSTRY



Its matchless combination of qualities — lightness, durability, strength, appearance — has made aluminum second only to steel in world markets. New uses — for both civilian and defence purposes — keep increasing the relentless demand. The world demand for aluminum is presently in excess of supply and the immediate prospect is that, like other basic materials, aluminum will be a scarce metal during the months ahead. Despite continuing expansion of producing facilities, as shown in the chart above, the fact is that the demands go up at a rate faster than new production can be pushed to completion at Isle Maligne in Quebec and Kitimat in British Columbia.

Steady increase in productive capacity has been accompanied by a corresponding increase in employment and payroll. Today in Canada there are 20,500 Alcan employees.

The payroll at the rate of $70,000,000 a year contributes to all phases of Canada's standard of living.

ALCAN ALUMINUM COMPANY OF CANADA, LTD.
MONTREAL, QUE.

Smelters at Arvida, Isle Maligne, Shawinigan Falls and Beauharnois in Quebec; Kitimat in British Columbia.

The Gore

W.M.S. and W.A. Meetings Held

The Gore W.M.S. and W.A. met on Wednesday evening May 2nd., at the home of Mrs. Mervyn Graham with a good attendance of members and visitors. Mrs. Carl Anderson, President of the W.M.S., was in charge. A minute of silence for our late member, Mrs. McCartney, was observed. An Easter story, "The First Easter" was read by Mrs. M. Graham. The Easter Thank offering was taken in. The members had brought articles of clothing for the bale.

Mrs. Willard Anderson, President of the W.A., was in charge.

Mrs. Anderson read a delightful poem entitled "Spring Time" and written by Mrs. L. McClelland, one time resident of the Gore.

Plans were made concerning the fourth coming food sale to be held at Heath's this week.

It is with deep regret that we note the passing of Mrs. W. J. McCartney. Mrs. McCartney had been in poor health for about two years, but all the time was very cheerful and never complained. She died in the Barrie Memorial Hospital on Saturday, April 28th., and her funeral was held from her late residence to the Gore United Church on Tuesday May 1st.. The community offers their sincere sympathy to Mr. McCartney and the family.

Lacolle

LACOLLE — Mrs. H. Gibson entertained the Canasta Club on Friday night. Prize winners were: Mrs. A. Morin and Mrs. M. Patterson.

Sorry to report that Mrs. L. Hadley is a patient in the Royal Victoria Hospital, Montreal.

Mr. and Mrs. Sherwood Boyse, Robert, Norma and Brian were Sunday visitors with Mr. and Mrs. Walter Cleland of Alburg, Vt.

Among those who attended the 9th Annual International Immigration banquet and dance in the Rose Room of the Windsor Hotel, Montreal, on Saturday evening, were Mr. and Mrs. Q. J. Delaney, Mr. and Mrs. L. Foisy, Mr. and Mrs. J. Benoit, Mr. and Mrs. D. Rogers and Mr. and Mrs. G. McClenaghan.

Tuesday visitors of Mr. and Mrs. S. Boyse were Mr. and Mrs. Donald Douglas of St. Chrysostome; also visitors at the same home on Saturday were Mr. and Mrs. E. Blatherwick, Ann and Mary Lou, of St. Vincent de Paul.

Mr. and Mrs. G. Sutton and family of St. Agnes de Dundee were Sunday visitors with her parents, Mr. and Mrs. G. Cookman.

Mr. Percy Barr of Perth, Ont., has been a recent visitor with his sister, Mr. and Mrs. Elmer Robinson.

Rockburn

ROCKBURN — The Sacrament of The Lord's Supper was dispensed Sunday, at the morning service, by the Moderator, Rev. Wm. Brown of Georgetown, to a good attendance of the members.

Mrs. Gertrude Rosevear is spending some time with Mr. and Mrs. Albert Rosevear in Huntingdon. Mrs. Rosevear has been confined to her home for a week with a bad attack of bronchitis.

Mr. John Blair of Montreal visited this past week-end with Miss M. Jamieson.

Mr. and Mrs. Harold Douglas and children of Lacolle, visited friends in Rockburn and vicinity recently.

The Committee in charge of the arrangements for the Centennial observance of the Rockburn Church Building, which is to be observed June 30th and July 1st next, met with the Moderator, Rev. Wm. Brown, at the home of Mr. and Mrs. Trainer, Friday evening last. Their plans are quite well made, and will be announced later.

Dewittville

DEWITTVILLE — On Thursday, April 26th, the Woman's Christian Temperance Union held their meeting at the home of Mrs. Irwin Todd with an attendance of 12 members.

Several items of business were attended to.

Any mmbers who could attend the County Convention in Huntingdon on Friday, May 18, were urged to do so and also, the Provincial Convention which will take place in St. James United Church, Montreal, on May 24th and 25th.

The "clip sheet" entitled "Canada's Annual Liquor Bill" was used and was most informative; one small item showed that of the 50,000 persons committed to the 45 Ontario jails, published government reports state that 95 per cent used alcoholic liquors and two out of three were "intemperate drinkers".

Text word for the May meeting to commence with the letter "C". Collection $2.05.

The Loyal Temperance Legion held their meeting under the leadership of Biss Phyllis Todd.

Franklin Centre

Community Envelope Shower

FRANKLIN CENTRE. — A Community "Envelope" Shower, sponsored by the W.A. was held at the home of Mrs. Fred and Mrs. Floyd Stevenson on Saturday night, for Mrs. Howard Blair who had recently lost her home by fire.

A social evening was spent and Crokinole and "500" were played. Prizes were awarded to the winners: 1st prize was won by Mrs. Earl McNiece and 2nd by Mrs. Harold Stevenson in Crokinole. In "500" Mrs. John Goldie 1st, and Mrs. Real Leger 2nd. After refreshments Mrs. Omar Harvey, on behalf of the ladies, presented Mrs. Blair with a "Good Luck Rod" to which were attached 62 small envelopes containing money and an address to which Mrs. Blair suitably replied.

Mr. and Mrs. Fred Fraser of Montreal spent Supnday at their home here.

Mrs. Francis Smith and Denis spent Friday night and Saturday at the home of Mr. and Mrs. Ray Millan and family.

Mr. and Mrs. Fred Stevenson and Mr. and Mrs. Floyd Stevenson attended the funeral of their cousin, Mrs. Henry Gilbert at Mooers, N.Y., Sunday.

Moderator Rev. DeWitt Scott of Montreal took charge of the service in the United Church, Sunday.

Messrs. Carl Waller and Andy Ocenas returned home Friday from a business trip to Florida.

Mr. and Mrs. Clarence Blair and Miss Cora were Sunday guest of Mr. and Mrs. Frank Hewson, Montreal. They also called on Mr. and Mrs. John Barr.

Mr. Robert MacFarlane, of Bridgeport, Conn., spent the week-end with his grandparents, Mr. and Mrs. F. G. Sherrington Sr., Mr. and Mrs. Gordon Sherrington of Lachine were also guests at the same home.

Canada's Lester Pearson May Be One of Special Committee With N.A.T.O Program

Britain has proposed Canada's External Affairs Minister Pearson as one of the "three wise men" to study ways of giving new life to the North Atlantic Treaty Organization.

The suggestion was made to the NATO council meeting at Paris by British Foreign Secretary Selwyn Lloyd. His other two nominees were foreign ministers Halvard Lange of Norway and Gaetano Martino of Italy.

Mr. Pearson said he was "by no means certain" he would be able to serve as one of the triumvirate, which was suggested earlier by U.S. State Secretary Foster Dulles as a means of launching NATO into non-military fields.

"It will take many weeks if not months of work," Mr. Pearson said. "It is by no means certain the government would free me for this task."

A formal NATO vote on the proposal and nominations had yet to be taken, but this was regarded as a technicality. The individuals suggested would first have to obtain formal approval of their governments.

The members of the proposed triumvirate probably would tour NATO capitals to consult with member governments for guidance on how the alliance should develop. This information would be compiled into a program of action for submission to the NATO council later this year.

Missing Frogman

Members of the British Parliament have been pressing Prime Minister Eden's government for the explanation of the "mysterious disappearance" of a British diver in Portsmouth harbor during the recent visit of the Soviet cruiser Ordzhonikidze.

British newspapers have been printing under big headlines a series of conjectures and rumors about the fate of 46-year-old Lt.-Cmdr. Lionel Crabb. The frogman's body has not been recovered.

They suggested that Crabb died through an underwater accident or was killed by the Russians who mistook him for a saboteur, or even was captured by the Russians and taken back to the Soviet Union as a prisoner aboard the warship, which carried Premier Buganin and Communist party chief Nikita Khruschev on their visit to Britain.

The Soviet embassy in London said the Russians had not laid a hand on him. The Admiralty had disclosed only that Crabb, a retired Royal Navy officer, is "missing, presumed dead," following an underwater exercise on April 19.

An official at the Soviet embassy said the Russians had taken no action of any sort against Crabb. He told newspaper men: "A watchman in our ship saw a frogman come to the surface in Portsmouth harbor. He was on the surface for only a few seconds. Then he disappeared and was not seen again."

Shooting on Lake

Three Canadian fishing captains who pleaded guilty to fishing illegally on the Ohio side of Lake Erie were fined and released at Ashtabula, Ohio. One of the captains, Cecil Martin of the fishing boat South Side, out of Port Burwell, Ont., also pleaded guilty to trying to evade arrest by running for the Canadian side of the lake.

One, two or three shots were fired from a game warden's revolver at the boat as it tried to escape. The Canadian vessel halted after the shot, or shots. No one was hurt.

Judge Herb Paulino said he regretted "that incidents like this happen. We have laws and Canada has laws. I presume the Canadian government wants us to respect their laws, and we want you to respect ours."

He fined Martin, Captain Jack Powell of the C. F. Harril, also of Port Burwell, and Captain Jim MacDonald of the Ferroclad, out of Port Stanley, Ont., $100 each for having no Ohio fishing licence and $200 each for using nets with smaller mesh than Ohio allows. Martin was also assessed $50 for trying to outrun the game warden's boat. Seven tons of fish were confiscated for Ohio welfare institutions.

Time-Bomb Crash

Death in Colorado's gas chamber was decreed for John Gilbert Graham, 24, convicted at Denver of dynamiting an airliner that hurled his mother and 43 others to death. Graham had taken out two air-trip insurance policies, each for $37,500 on the life of his well-to-do mother, Mrs. Daisie King, 55.

He confessed to the FBI last November that he had slipped a 25-stick dynamite time bomb in Mrs. King's suitcase before she left Denver, November 1, on a United Air Lines plane for a trip to Anchorage, Alaska. Among the 44 killed when the plane exploded near Longmont, Colo., was Mrs. Alma Winsor of St. John's, Nfld.

Radio-TV Arguments

After a week of hearing sharply-opposed views on how radio and TV should be operated, the royal commission on broadcasting lest Ottawa to open hearings in the west.

Major problems before the commission so far have been the financing of the CBC — whose current scale of operations confronts it with a $20,000,000 deficit for the current year — and whether it should be continued as the over-all regulatory body in competition with private stations.

Private radio and television broadcasters have been urging an independent regulatory body for radio and TV, but they were told that such a board might make them subject to more, rather than fewer controls.

This suggestion was made by the commission chairman, R. M. Fowler, during discussion of a brief by the Canadian Association of Radio and Television Broadcasters.

Huntingdon Telephone Rates May Be Increased

In conformity with the regulations of the Board of Transport Commissioners for Canada, The Bell Telephone Company of Canada has reported to the board that the Huntingdon local calling area has outgrown its present telephone rate group.

If on the basis of this growth the board directs that the Huntingdon local calling area be reclassified into the next higher rate group, Huntingdon telephone rates would be increased slightly to make them the same as those now paid in other centres with a similar number of telephones in their local calling area, J. L. Rivest, Bell manager for this region, explained. For example, the monthly charge for two-party residence service would be increased by 10 cents and individual residence service by 20 cents.

Telephone rates for any exchange are governed by the number of telephones in its local calling area, as established by the board on the principle that the service increases in value as the number of telephones within the local calling area increases. The company is required to report to the board, twice yearly, the status of exchanges whose total telephones have increased—or decreased—more than five per cent beyond the limits of their group.

The Huntingdon area has expanded steadily in recent years and its progress has been accompanied by a parallel growth in the number of telephones. Telephone customers served by the Huntingdon exchange now have 2142 telephones in their local calling area.

The following table provides examples of the rate for typical classes of service in Huntingdon's present and proposed rate group:

Residence Service	Present	Proposed
Individual Line	$3.45	$3.65
2-Party line	2.85	2.95
Multi-P. (rural) Line	2.75	2.85
Business Service		
Individual Line	5.85	6.50
2-Party Line	4.85	5.40
Multi-P. (rural) line	3.85	4.10

Trap Shooters Opened Season Past Week

On Sunday, the Club de Tir de Huntingdon (Huntingdon Trap Shooters Club) held its opening shoot of the season, on their trap layout, half a mile from Ste. Barbe.

Thirty-five marksmen were on hand, which is a good attendance. Mr. Emile Leduc of Ste. Barbe was the winner of a trophy by getting a total of 49 out of 50.

The next shooting match will be on May 26th, in the afternoon. Everybody is welcome to attend these shoots.

BIG PROJECT

Chicoutimi, Que. (CP) Consideration is being given to plans for a $700,000 waterworks system that would serve adjacent rural communities.

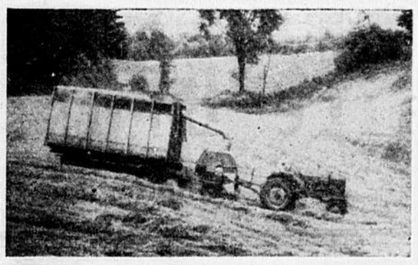
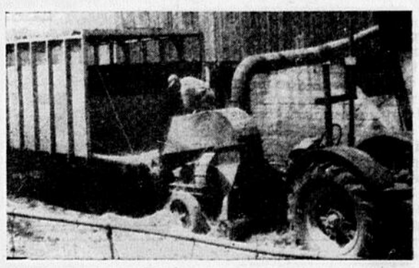
A Great New Implement



Loading in Field



Unloading at Barn

USES and GENERAL INFORMATION: The Pneumatic Hay Harvester is designed to handle forage crops easily and quickly. It will pick up grass for silage, hay, straw, and has been used successfully to harvest clover seed. It is ideal to pick up swathed grain since it saves many hours of hand labour.

OUTSTANDING FEATURES:
- It loads Hay in the field and unloads it at the barn
- Can be used by one man (extra help not necessary)
- One man can harvest 15 tons of hay in seven hours
- No coupling and uncoupling, saves time and bother
- Can be used in hilly, uneven fields
- Small stones will not damage it. Large stones will not enter it
- Hay is drawn in by vacuum, no apron chains, no gears or feed rollers, no ledger plate. Safe to operate
- Shreds the hay for better feed. Makes the best grass silage of them all, because it lacerates the grass and holds the moisture
- Simple construction, sold under one year warranty
- Spreads the hay in the loft, saves time and hard work
- Unloading winch is driven direct from harvester.

AT THE MURPHY DISPERSAL SALE

One of the biggest auction sales ever held in this district took place at the Dispersal Sale of Mrs. Emmet Murphy on Highway No. 52 on Saturday. The day was clear, but unfortunately there was a strong wind which kept the temperature quite cold. This was quite noticeable by the many hundreds of farmers being mundled up in warm clothing.

The auction sale consisted of household effects, farm machinery and livestock numbering 50 cattle and two horses. Harold P. Higgins, local auctioneer, was in charge of the sale.

Harold has been very creative during the past few weeks in conjunction with Marshall Hooker of Hooker's Foundry in designing and the construction of, the first mobile or collapsable show ring of a type not before seen in this district.

The ring consists of a stand and gate ensemble and eight sections of four-foot fence by eight feet in length, made of welded steel pipe. The idea of the ring is to keep the spectators away from the animal and allow the animal to display all of its fine points. At the same time, this will prevent possible injuries to spectators caused by nervous animals. With all the pieces assembled, the ring will be approximately 24 feet in diameter. It might also be added that the ring can be square, rectangular or round in shape.

SEEDS

Timothy, Red Clover, Alfalfa and Alsike

Certified No. 1 Seed Potatoes

Gerard Bourdon, Liberal Candidate in Chateauguay

Mr. Gerard Bourdon, was chosen to be the official Liberal Candidate to represent Chateauguay County in the Provincial Elections on June 20th, at the Liberal Meeting held in Ste. Martine on Sunday. More than 100 delegates and over 400 liberal supporters attended the meeting.

The initial choice of the County Liberal Party was that of Mr. Honore Mercier, who was elected in 1944 and defeated in 1948. However, Mr. Mercier declined the nomination because of health reasons and on his doctor's advice.

Mr. Yvon Dupuis, Liberal deputy of the County of Ste. Marie, Montreal, as chairman of the meeting called upon the delegates to nominate candidates. Mr. Jean D'Amour was proposed by Murray McEwen of Ormstown and Bruno Giroux of Ste. Philomène. Mr. Bourdon was proposed by William Legault of Chateauguay and Mr. Sanders of Chateauguay Heights. The delegates voted by secret ballot with the outcome of 52-37 in favour of Mr. Bourdon.

Following the balloting, Mr. Jean D'Amour thanked his supporters and assured those present that he would support Mr. Bourdon.

Mr. Bourdon thanked the delegates and paid tribute to the Mercier families, especially the late Honore Mercier as one of the great Ministers of Land and Forest in the history of the Province of Quebec. "If I am elected," he added, "I shall support all laws which might contribute to the advancement of the agricultural class of this County."

Mr. Gerard Cadieux, the official candidate for Beauharnois County spoke briefly. Mr. Yvon Dupuis during his address described the advantages of voting for the Liberal party.

The last speaker of the meeting was Mr. Jean Boucher, M.P. of Chateauguay - Huntingdon - Laprairie, who assured the audience that the Federal Liberal representatives will collaborate with those of the province of Quebec to assure the victory on June 20th.

Mr. Bourdon will be the opponent to Mr. Arthur Laberge, present deputy of the Chateauguay County and official candidate of the Union Nationale Party.

Among those present at the Liberal meeting were Jean Marie Leger, A. Craig, J. Cleary, A. Beaulieu, Mr. and Mrs. Y. Dupuis and others.

Progress Being Made Toward Community School

A most successful meeting of the executive of the Huntingdon Community School was held Monday evening, May 7th, at the home of the Chairman, Dr. K. R. Willis.

Encouraging progress was reported in obtaining excellent instructors for the various courses planned. A letter was drafted to be sent out shortly to prospective members.

On the suggestion of Brother Baker, Vice Chairman, it was agreed that a good way to contact a large majority of residents of the town, would be to have these informative letters delivered from door to door by the students of both schools. These letters will also be forwarded through the rural mail delivery to the outlying districts.

Since the inception of this project, an increasing interest is being shown by the community, and a good response is anticipated.

Aubrey - Riverfield

Aubrey-Riverfield — The Aubrey-Riverfield W.I. Branch held two very successful card parties. One being held in Riverfield Curling Rink, Monday evening, April 30th, when progressive Euchre was played at thirteen tables. Prize-winners were: ladies, high score, Mrs. Ewart Orr, low score, Mrs. Math. McKell, gentlemen's prizes went to Andrew Allen and John Bustard. A second party was held in Aubrey Curling Rink, Monday evening, May 7th, when cards were played at fourteen tables. Prize-winners were: Mrs. Russell Kerr, Mrs. Geo. Kees, Burton Reddick and Math McKell. Proceeds amounted to approximately $38.

To Be or Not To Be

(Continued from page 1)

taken at this meeting and there was no discussion, as the meeting was adjourned until Wednesday evening, when it was said it would be taken up then.

The reason for the change was once again, the loss of business through the fact that sufficient parking could not be found.

No thought was paid to the reason why this street was changed as it is. It was upon the recommendation of the jury in the case of the child who was killed on this street. Since the change, the police reported there have been less accidents on this street and that the flow of traffic is very much better and very little congestion. Toleration was given for owners of cars to stop at stores on the opposite side of the street for the purpose of picking up their purchases and for this purpose only. This overcomes a difficulty that was raised and the necessity of carrying parcels a long distance to a car. People generally are now used to the method of operation on this street and very few complaints are heard about it. The general opinion seems to be that the method now in use is the best for many years.

When this contentious matter comes up for discussion on Wednesday, the council should give it very careful thought before coming to a too hasty decision. All advantages and all disadvantages should be weighed and carefully analysed. Other traffic conditions must be considered along with those of Chateauguay Street. The general benefit to the whole town must be weighed also as well as the safety of the public.
