

PROSPECT OF FOUR CORNERED FIGHT IN STANSTEAD COUNTY.

Stated That A. C. Hanson and Contractor Brunet May Enter Field— Former Said To Have Been Promised Liberal Nomination— Latter Will Run as Labor Candidate.

Coaticook, Aug. 16. (Special)—There has been some talk here to the effect that Stanstead County might have a three cornered fight. In fact a four cornered one has not been thought out of the question. First there are the candidates nominated at the party conventions, Mr. C. H. Lovell, ex-M.P. for the Liberals, and Mr. Geo. W. Paige for the Conservatives. Then there has been a rumor in the air that Mr. A. C. Hanson is not satisfied. It appears that some of his friends claim that there was an understanding in the past that Mr. Lovell should retire in his favor at this time. Mr. Lovell apparently does not recognize any such understanding, for he is in the field again. There is no doubt that there has been some canvassing done for Mr. Hanson with a view of bringing him into the field. It is not generally thought, however, that he will consent to run. Then there is the so-called labor candidate, Contractor Brunet, of Montreal. Mr. Brunet owns a farm in the County, and it is said is willing to come out as a labor candidate if he can get some encouragement. There has been a man here feeling over the ground on his behalf, but it is doubtful if he got much encouragement.

In the meantime Mr. Lovell is sawing wood and proceeding along his way as unconcerned as if there was no prospect of having to face three opponents.

CONSERVATIVES OF BROME COUNTY MEET TO-DAY.

Waterloo, Aug. 16. (Special)—Conservative delegates from all over Brome County are gathering here to-day for the convention which will take place this afternoon. Who the candidate will be is not known, as no name has been prominently mentioned. It is possible, however, that the last candidate, Mr. W. H. Robinson, of Granby, may be induced to enter the fight.

Mr. H. B. Ames, of Montreal, will be present and at the close of the convention will address a mass meeting. He will reply to the address given by Hon. S. A. Fisher here some weeks ago.

MR. GUTHRIE DENIES RUMORS.

Guelph, Ont., Aug. 16.—Mr. Hugh Guthrie, when asked as to the statement which appeared in the Guelph Herald that it was rumored that if he did not secure the appointment he would retire from politics and devote his time and energies to his law practice, Mr. Guthrie most emphatically denied the truth of it. "If the Liberals ask me to be their candidate at the convention on Wednesday I will accept," he said.

OPPOSITION CANDIDATE.

Montreal, August 16.—At St. Lambert's yesterday evening a meeting was called to choose delegates for the projected convention of the Conservatives of Chambly-Vercheres. There was a very large attendance, and as soon as the meeting got under way it was found that all were so agreed as to who should be their candidate that it was changed into a nomination meeting, and the selection went unanimously to Mr. J. H. R. Rainville, advocate of Montreal.

(Special)—The fire that has been in the marsh near the head of the bay is now raging fiercely and is now burning the trees in Major Hawley's woods north of what is called the "New Road," that leads from the village to the lake. \$20,000 FIRE AT BEAUPORT ASYLUM.

LARGE BARN WAS DESTROYED BUT LIVE STOCK WAS SAVED. Quebec, August 16. (Special)—Causing damage to the extent of \$20,000 was the work of a raging fire which broke out in a large barn on the farm of the Beaufort Asylum, about four o'clock yesterday morning.

As soon as the fire was noticed the doors were opened, the cattle were loosened and let out. Then the fight with the flames began. The volunteer brigade attached to the asylum, together with the firemen from Limoges and Chateaufort accompanied by fourteen men from the city brigade, worked valiantly and kept the blaze well in check, considering the inflammable material in which the fire had full scope. The fire was finally extinguished, but the barn and its contents were badly gutted.

It is supposed that the fire was caused by one of the inmates of the asylum smoking in the barn. The insurance on the building and its contents is estimated at \$10,000 just one-half the loss.

Knowlton, Aug. 16. (Special)—At the annual business meeting of the Knowlton Conference the following officers were elected for the ensuing year:

President.—Rev. E. T. Capel, 205 Mansfield street, Montreal. Vice-Pres.—The Hon. Justice Lynch, Knowlton. Secretary.—Rev. Ernest M. Taylor, M.A., Knowlton. Executive Committee.—Mr. S. S. Bain, Judge Seth P. Leet, Principal W. A. Kneeland, Mr. J. Ritchie Bell, Rev. Dr. Bedford, Messrs. Geo. G. Foster, K.C., James Rodger, C. R. Westgate, of Montreal; Dr. G. E. Hyndman, Sherbrooke; Rev. Canon Carmichael, Rev. G. O. C. Wood, Knowlton.

Hon. Pres.—Judge Foster, Knowlton. Hon. Vice-Presidents.—Rev. Dr. Warner, Canon G. Osborne Troop, Rev. Dr. Robert Johnston, Rev. Dr. Young, of Montreal; Rev. W. H. Stevens, Chateaufort, Ont.; Rev. J. L. Alexander, Granby; Rev. Dr. Durfee, Burlington, Vt.

Convener of Women's Auxiliary.—Mrs. J. Ritchie Bell. Representatives of Y.W.C.A., Miss Tenny, Montreal; of W.C.T.U., Mrs. L. M. Nutting; of Dominion Alliance, Mrs. J. H. Cayford.

It was resolved that the lady members of the Knowlton Conference constitute the Ladies' Auxiliary of the same, and that they be empowered to elect their own officers and committees, administer their own funds, adopt a constitution for the guidance of the organization, and add to their numbers such other ladies as they may deem fit. It was further resolved that Mrs. J. Ritchie Bell be the convener of the Ladies' Auxiliary pro tem.

The ladies of the above named Auxiliary hold a final meeting on Wednesday afternoon and have issued invitations for a five o'clock tea to be given on that occasion.

IN NEED OF FUNDS.

The Conference is much in need of funds to defray an expense of \$1,000 incurred during the past year in the erection of new supplementary buildings, and to meet a deficit in this year's Conference expenses. The number of students has again increased this year, as also has the number of boarders. The number of students' certificates issued this year has been reduced, owing to no diplomas having been issued to the attendants at the Christian Workers Conference, students of the Sunday School Conference only having been granted testimonials.

GIVES CONCLUDING ADDRESS.

Mr. J. Ritchie Bell gave his concluding address on "Methods of Work for the Winning of Souls to Christ." He spoke specially upon inquirers' methods and means of approach. Many zealous and well intentioned workers spoiled their opportunities of doing good by making ill advised remarks, and showing a general want of tact. Some persons distributed tracts in a promiscuous, haphazard manner, their conversation being equally incongruous. Then, too, those who were approached often asked strange and abrupt questions, frequently resenting their being spoken to on religious questions at all.

BIBLE AS "DRAW NET."

Dr. Shaw in his concluding address advised men who worked for Christ to use the Bible as the "draw net." Time was wasted by the use of particular methods. What was wanted was the inspiration of the Holy Spirit. When the spirit went out of an institution, the greater and more elaborate it was in construction, the more conspicuous was its collapse.

REV. DR. TYNDALE.

The Rev. Dr. Tyndale, in his concluding lecture, spoke of the work of the "Holy Spirit in Regeneration." His immediate and ultimate results in the lives of men. Often when a man in the early stages of his work showed strong originality and was very self-assertive, his inspiration was not genuine. Generally the first work of the Holy Spirit was to render a man humble, and to destroy his self-regard. He was likely to confess himself a sinner and humble himself to such an extent that his friends would feel ashamed of him for his abasement. Dr. Tyndale spoke of the wish that he felt to be guided right and his sense of self-effacement which gave umbrage to some of his friends at his conversion. In his public lecture delivered on Sunday afternoon, Dr. Tyndale spoke upon the phenomena of electricity and the light thrown by them on the working out of God's providence with regard to mankind. Dr. Tyndale showed by experiment that a prepared steel disc attached to a telephone could be used to transmit the sound of a man's voice. No visible trace was left upon the steel until it was subjected to a further process of development, as in the

INTERPRETATION OF INDIAN NAMES.

Lake Megantic, Aug. 15. (Special)—While perusing the article on the "Pathfinders of the St. Francis River," by Dr. John Hayes, of Richmond, which appeared in last Saturday's Record, Aug. 12th, your correspondent came across the English meaning of the Indian word "Megantic," meaning "The Resort of Fish." Although we have lived at Lake Megantic nearly 35 years, this is the first time we have been able to find anyone who could give this information.

The same article gives the names of the Coaticook River as "The Stream of the Pineland;" "Memphremagog," "The Great Sheet of Water;" "Macannamag," "The Source of Waters," is the Indian name of what is locally known as Spider Lake.

The Indian name of the St. Francis River is "Alakanteka," meaning "The River of the Long Floating-grass."

These names are of Algonkian origin.

The convention was held in Hull. Conservatives and Nationalists had candidates, and five or six names were submitted. After a vote the convention united upon Mr. Cousineau, Nationalist.

W. U. COTTON TO RUN IN MONTREAL DIVISION.

Montreal, Aug. 16.—One of the features of yesterday's political developments was the announcement that the Socialists would place a candidate in St. Lawrence division to contest the seat with Messrs. Robt. Bickerdike and C. F. Johnston. Mr. W. U. Cotton, a prominent advocate of Socialist doctrines in Montreal, and who runs Cotton's Weekly at Cowansville, will in all probability enter the field against the two candidates of the greater parties. Mr. Cotton contested Brome with the Hon. Sidney Fisher in 1908.

MAINE PROHIBITION CAMPAIGN.

MORE THAN HOLDING ITS OWN. SAYS PROF. JOHN A. NICHOLS.

Boston, Aug. 15.—Prohibition is more than holding its own in the Maine campaign, according to John A. Nichols, recent Prohibition nominee for Governor of Massachusetts, who has just completed a stumping tour of the Pine Tree state.

Mr. Nichols says that the people of Maine are waking up to what the present campaign means to their state and to the cause of prohibition. The world over, a hard fight is being waged by both sides, for it is realized that if liquor gains a foothold in the state it will take years for the temperance workers to regain the lost ground.

Miss Anna Gordon, vice-president at large of the W.C.T.U. has organized 25,000 school children into a Young Campaigners League. Songs and parades are being used by them in the campaign.

John Nichols denies that the license laws are openly violated in the larger cities in Maine.

The Maine prohibition workers claim that prohibition can be made absolute in that state by a change in the interstate commerce laws giving the state police power over shipments as soon as they cross the state line.

Mr. Nichols states that one of the most encouraging signs of the campaign is the desperate efforts the opposition is making.

NOVA SCOTIA FORESTS RAVAGED BY FIRE

No Rain Has Fallen and Situation Is Becoming Serious.

THIRTY BUILDINGS DESTROYED—GANGS OF MEN GO OUT TO FIGHT FLAMES.

Halifax, N.S., August 16.—There is no abatement in the conflagration in the forests on the south shore of Nova Scotia, West of Shelburne town and west of town of Liverpool. No rain at all has come in Shelburne and a light shower near Liverpool yesterday morning amounted to nothing in its effect on the flames.

It will take two or three days of continuous rain to soak the moss and debris sufficiently to extinguish the fire burning below and nearly as much to put out the fires sweeping through the wood and creating tremendous havoc.

The Sable Lake River Lumber Company's property is still intact, including a pile of six million feet of sawp lumber. The company started a "back fire" to prevent a blank space in case the conflagration came within touch of their mills and lumber.

The fire has not reached Church-over, on the opposite side of the harbor from Shelburne town, some eight miles back. Men coming in from Roseway confirm the story of the destruction of property in that village. They say that thirty buildings are gone. Gangs of men have gone from Shelburne town, as well as the other side, to the harbor nearer the fire to fight the flames. They are doing what they can, but without rain their efforts are largely in vain.

It is reported that the towns of Port Latour and Barrington will be endangered if the wind turns to the northwest.

SIR WILFRID LAURIER OPENS CAMPAIGN.

Spoke at Great Length in Favor of Reciprocity Pact.

WAS PRESENTED WITH ADDRESS CONGRATULATING HIM ON 40 YEARS OF PUBLIC LIFE.

Simcoe, Ont., Aug. 16.—Sir Wilfrid Laurier opened his campaign here yesterday by addressing a gathering, estimated at from 6,000 to 8,000 people, in the town park. For more than an hour the Prime Minister spoke in defence of the reciprocity agreement.

Sir Wilfrid arrived from Toronto about noon, accompanied by the Hon. George P. Graham, Hon. Rodolphe Lemieux, Hon. W. L. M. King, Messrs. P. C. Larkin, J. W. Curry, H. M. Mowat, Hugh Guthrie and many others. Special trains carried crowds into Simcoe all morning, and after a procession through the town, when the speakers mounted the platform in the park, every space was occupied. The streets were gaily decorated with flags, bunting and banners, and half a dozen bands were on hand to provide the music.

Mr. H. M. Mowat was chairman of the meeting, and after the usual preliminaries Sir Wilfrid was presented with a bouquet, after which Mr. Donley read an address of welcome. The address congratulated Sir Wilfrid on the forty years he has been in public life, fifteen as prime minister, and stated that at every point in his career he had upheld the principles of conciliation, moderation, unity and the co-operation of men of every faith and creed in the great work of building up a strong, happy and prosperous nation as an integral part of the British Empire. The address concluded by expressing the hope that Mr. W. A. Chantrel would be victorious in the coming election.

MR. BORDEN OPENS CAMPAIGN.

Was Given Reception by London, Ont., Conservatives.

DENOUNCED THE RECIPROCITY PACT. CANADA'S TARIFF WOULD BE FASHIONED AT WASHINGTON.

London, Ont., Aug. 16.—Two thousand people greeted R. L. Borden in the Grand Opera House here last night, when he opened his campaign in this province. The London Liberal-Conservative Association tendered him a monster demonstration preceding his address. Hundreds were turned away from the crowded theatre. The keynote of the meeting was "Canada for Canadians." Mr. Borden impressed his audience by his sincere denunciation of the reciprocity pact, which, he alleges, is going to place Canada in the hands of the United States; open the Canadian markets to United States industries, and have the country's tariff fashioned at Washington.

Hon. Adam Beck was called on for a speech before Mr. Borden spoke, and declared he would be a poor party man if he did not rise to endorse Mr. Borden's cause, which he stated every loyal Canadian ought to adopt as his own. He called upon the audience to give Mr. Borden the closest attention, as what he had to say was of paramount importance to every Canadian.

William Gray, president of the London Association, was the chairman, and he was followed by Mayor Beatrice and then Mr. Beck.

REIGN OF TERROR AT LIVERPOOL.

Troops Ordered to Fire on Lawless Mob.

3,000 TOUGHS ENDEAVORED TO RESCUE RIOT PRISONERS.

Liverpool, Aug. 16.—A reign of terror exists here and troops are pouring into the city with the object of putting down disorder. A special guard has been detailed to protect the landing stage of the trans-Atlantic steamers, which it is asserted the rioters have planned to destroy by fire.

Five prison vans, escorted by fifty Hussars, which were carrying riot prisoners from the Police Court to Waltham jail, were attacked last evening by 3,000 members of the rougher class in Vauxhall street, who tried to rescue the prisoners. The mob attacked the soldiers with missiles of every description, and in defending themselves the Hussars fired. At first blanks were used and then ball cartridges. In this affray one man was killed and many persons were severely wounded.

The troops then charged the mob with drawn sabres and cleared the streets. So daring were the rioters that one of them tried to unhorse an officer, who was obliged to use his revolver, wounding a man severely in the head.

Another, but less serious, affray, in which the troops again were compelled to fire, took place in Bond street. Only a few persons were wounded here.

Each case before the troops were ordered to fire many of their number had their faces streaming with blood from injuries caused by stones and broken bottles thrown by the rioters. Before enforcing the general strike order, the strike leaders have decided to allow the railroad companies 24 hours, in which to agree to meet the representatives of the employees and discuss the grievances.

COLLAPSE AT GLASGOW.

Glasgow, Aug. 16.—The men who are on strike here were in a bad way yesterday morning and many of them were in a state of collapse. The men have applied to their employers for their old jobs, and it is expected that full service on the surface cars will be established later when the surrendering workmen are reinstated.

NEARING STARVATION POINT.
Liverpool, Aug. 16.—(Special)—The city is nearing the starvation point. The only bread now left is that displayed in the shop windows. If the railway strike takes place, two days will exhaust the supply. Some restaurants have closed for want of provisions. Eggs and butter to-day averaged eight cents per pound.

WILL NOT GUARANTEE TO CARRY PASSENGERS.
London, Aug. 16.—(Special)—The railways have notified passengers for Manchester that they cannot guarantee to carry them farther than Crewe, twenty-five miles from Manchester.

NO ABATEMENT OF STRIKE.
London, Aug. 16.—(Special)—There is no abatement of the strike fever to-day, the improvement at the London docks being offset by outbreaks elsewhere. Except at Liverpool the strikers are orderly. At Liverpool shipping is becoming completely paralyzed. The Lusitania arrived yesterday, but is not yet docked, and a dozen other liners probably will not sail on regular dates. The strike of the Midland Railway's signalmen has disorganized railway traffic at Sheffield. At Glasgow the dock laborers refuse to unload fruit steamers sent there.

HOME RULE CAMPAIGN.
LIBERAL PARTY HAS COMPLETED ARRANGEMENTS TO OFFSET ANTI-HOME RULERS.

London, August 16.—The Liberal party organization is preparing to conduct a vigorous home rule campaign during the coming autumn. Preparations have been going on quietly for some time to meet the active campaign which is to be waged against home rule on the Unionist side, and it has now been arranged that the Liberal Home Rule organization shall be placed under the auspices of Mr. Winston Churchill, the Home Secretary, as chairman; Mr. Robert Harcourt, as honorable secretary; Mr. Donald Maclean, who has been associated with the Liberal headquarters in their new system of establishing federal areas, is to be the honorary treasurer of the home rule executive committee. There will also be a strong literature committee, of which Mr. J. M. Robertson is to be the head. It is expected that a separate organization will be formed for Scotland, acting under the authority of Mr. J. W. SPORTING NEWS

GAME AWARDED TO SHERBROOKE.

Quebec Lacrosse Team Did Not Send Representative.

LOCALS ARE PRACTICING HARD FOR SATURDAY'S GAME AGAINST THE CLOVERS.

At a meeting of the Intermediate Lacrosse League Executive, held in Montreal last night the disputed Quebec-Sherbrooke game came up for discussion. As the Quebec team was not represented and the facts of the trouble were against them the game was awarded to Sherbrooke.

CLOVERS HERE ON SATURDAY.

The Sherbrooke Lacrosse squad put in another good night's practice last night. Although it rained about a dozen men were out. The Clovers of Montreal, who will be here on Saturday and are considered one of the strongest teams in Montreal. Last year they finished second to Quebec and this year are leading the league with Sherbrooke only one game behind them. The lacrosse fans who attend the game can be sure of witnessing one of the best games of the season. The Sherbrooke team has been practicing hard for six weeks and were never in better condition. The Clovers have the best defence in the league and the local defence is considered to be as good as any in the league. The home will be strengthened with Atto back on the team. With Atto, Colin Dunsmore, Longfellow and Major, the Clovers defence will be kept on the move. A practice will be held tonight and again to-morrow night rain or shine.

A GOOD PRECEDENT.

(Montreal Gazette.)

The Intermediate N.L.L. established a precedent last evening which it is to be hoped their seniors and all others engaged in the conduct of lacrosse will observe, should occasion arise in the future. This was in the severe and summary punishment of J. Alain, a player of the Quebec Nationals, who in a recent game on the home grounds of the club, assaulted Mr. Maguire, (Dick) who was acting as Judge of Play. One year's suspension was the punishment meted out to Alain.

Beide discipline of unruly players the intermediate executive were called upon to decide a protest preferred by the Sherbrooke Club against the Quebec Nationals, arising from the last meeting of these two teams. Sherbrooke complained of having suffered from the foul tactics of the Quebec twelve and as the evidence bore out the charges of the Sherbrooke Club, the meeting allowed the protest, awarding Sherbrooke the match.

TWO AVIATORS LOSE THEIR LIVES.

St. Croix Johnstone and R. Badger Meet Death At Chicago.

LATTER WAS KILLED ON FIELD WHILE FORMER MET DEATH IN LAKE.

Chicago, August 16.—Two aviators, William R. Badger, of Pittsburg and St. Croix Johnstone, of Chicago, both young men, lost their lives at the international aviation meet here yesterday. In dying both revealed the frailty of the craft in which two score more aviators were curving and gliding about in the air, with scarcely a pause for the deaths of their contemporaries.

Death in both cases was due to unexplained accidents, probably the results of unexpected defects in the mechanism of the machines, and was in no way caused by carelessness or lack of responsibility by the drivers.

Badger, a wealthy youth, careened to his death in a pit on the aviation field. There had been a flaw in one of the wings of the propeller of the Baldwin machine which he drove. Centrifugal force broke the propeller, upset the equilibrium of the machine, and Badger dashed 100 feet to the bottom of the pit, his neck being broken.

Johnstone fell 500 feet under his engine, and was drowned as the result of an equally unsuspected fault. Caught under the heavy engine in the Moisant monoplane, he was carried deep into Lake Michigan, and his body was not brought to the surface until an hour later.

Badger lived for 45 minutes after he had been extricated from the remains of his engine. He did not recover consciousness, and died almost at once after he reached an hospital. His death was the first serious accident of the meet, although thirty-five flyers have dipped and glided here for three days.

St. Croix Johnstone's wife saw her husband fall, but she was told that he had been rescued, and rushed to the hotel to meet him. His father, Dr. Stuart Johnstone, had left the grounds 20 minutes earlier.

TWO FREIGHT TRAINS COLLIDE

THREE TRAINMEN WERE KILLED—ROLLING STOCK WAS BADLY DAMAGED.

Montreal, August 16. (Special)—By the collision of two fast freight trains on the C.P.R. line near St. Cuthbert, on the Quebec-Montreal line, last night, three men were killed. Two of them were firemen, and the third a young brakeman, Albert Lepage, son of Conductor Lepage, of Quebec. The trains came together with terrible impact and rolling stock was badly damaged. The line also being blocked for a time.

Lepage and Gervais formerly lived in Quebec, but now reside in Montreal. The third, whose name could not be learned, belonged to Three Rivers.
