

HAVE SUBMITTED ANOTHER OFFER TO BRITAIN

Fine Exhibits At Cookshire Fair—Textile Strike Settled

A Final Attempt To Reach Accord On Reparations

German Delegation Perturbed by What Status of Rhineland Evacuation Will Be Should There Be a Failure to Settle Financial Question—It Is Understood that Great Britain Has Offered Sixty Per Cent. of Its Claims, or About \$7,500,000 a Year, to Be Included in Unconditional Annuities.

(Associated Press Despatch) THE HAGUE, Aug. 16.—Last minute efforts to reach an agreement on the financial question and plans looking toward evacuation of the Rhineland were in progress today at The Hague. Premier Briand, of France, called on Foreign Minister Stresemann, of Germany, and again talked about evacuation of the Rhineland, while Emile Francqui, Belgian delegate, again called on Right Hon. Philip Snowden, British Chancellor of the Exchequer, with a formal proposition from the other creditor powers.

It is understood that Great Britain was offered sixty per cent. of its claims, or about 30,000,000 marks a year (about \$7,500,000) to be included in the unconditional annuities.

Evacuation of Rhineland Premier Briand told Foreign Minister Stresemann that the second zone of the occupation of the Rhineland, the Coblenz bridgehead, will be evacuated by the middle of November.

As to the third zone at Mainz, experts are still at work studying the details.

The situation in the financial committee was also discussed by the two ministers.

When M. Francqui made his proposal to Chancellor Snowden, he also made a detailed reply for the creditor nations to the Chancellor's argument, in the course of which Francqui declared that the British interests had been far better cared for in the reparations settlement than the Chancellor had admitted.

Previous Offers Totally Inadequate

The four countries on whose behalf M. Francqui spoke were France, Italy, Belgium and Japan. Before today's meeting the British Chancellor had declared that offers previously made were totally inadequate and that unless the other creditors found a way of satisfying the British demands fully it was futile or the financial committee to meet tomorrow.

The French delegation has intimated that it has gone to the limit of possibilities seeking to make up a sum to satisfy the British, while the Italians have remained firm in resting the British position. These circumstances had deepened the gloom over changing the headquarters of the various delegations this morning, although it was hoped the last minute efforts might be of avail.

The German delegation was particularly perturbed by what the status of the Rhineland evacuation will be should there be a failure to settle the financial question.

FORCED DOWN BY ENGINE TROUBLE

LONG BEACH, Calif., Aug. 16.—Engine trouble yesterday forced Emory Bronte and Jack Beld to stop their attempt to establish a new non-refueling endurance record after twenty-seven hours and twenty-nine minutes in the air. The record of sixty-five hours and twenty-five minutes is held by German fliers.

CHINA WILL NOT YIELD TO DEMANDS OF SOVIETS

(Associated Press Despatch) NANKING, CHINA, Aug. 16.—A spokesman for the Nationalist Government today, commenting on events in Manchuria, declared that China will maintain a strong attitude and not yield to Soviet demands growing out of the Manchurian seizure of the Chinese Eastern Railway.

He said the Government had received numerous telegrams from prominent military leaders throughout the country pledging their fullest support to the Government's firm stand.

SOVIETS NOT TO RECOGNIZE ANY RAILWAY OBLIGATIONS UNDERTAKEN BY CHINESE

(Associated Press Despatch) MOSCOW, Aug. 16.—Vice-Commissioner of Foreign Affairs L. M. Karakhan last night issued a warning to all foreign governments and persons that the Soviet Government would not recognize any transactions or obligations undertaken by the Chinese in relation to the Chinese Eastern Railway in Manchuria since their seizure of that road.

His statement was issued through the official Tass news agency, which said it was made "in connection with reports of complete disorganization of the railway and attempts by Chinese authorities to enter into transactions with foreign banks at the railway's expense."

The Chinese Eastern Railway, over which there had been joint Chinese and Russian direction since 1924, is at the bottom of the present tense situation in Manchuria, where troops of the two countries were reported to have clashed during the last few days. The Chinese dismissed the Soviet personnel and charged they had used their positions for propaganda purposes.

CLASHES CONTINUE ON RUSSIA-CHINA BORDER

(Associated Press Despatch) LONDON, Aug. 16.—Renewed alarming aspects of the Chinese-Soviet crisis were reported in Reuter's despatches from Mukden, Manchuria, today. Other sources related continued clashes, although apparently of minor character, along the border between Russians and Chinese and Russians and White Russians.

A Reuter's Mukden despatch said Chang Hsueh-Liang, head of the three Manchurian provincial governments, had ordered 60,000 Fengtien troops to the Siberian border, half to be commanded by Marshal Wang Shih-Chen at Manchuria, and half to be stationed in the east at Suifenho (Pogranichn).

INJUNCTION TO STOP NEW ROAD IS EXTENDED

All Work Connected With New Granby-Drummondville Road Held Up Pending Hearing of Case—Parties Failed to Agree After First Court Order Issued.

MONTREAL, August 16.—Mr. Justice Philippe Demers in the Practice Division of the Superior Court on Wednesday granted an interlocutory injunction to Pierre Lajoie et al., by virtue of which all work connected with the paving of the Drummondville-Granby highway will be temporarily halted. This follows directly upon a judgment rendered recently by Mr. Justice Fortier, who had granted an interim injunction of eight days' duration to the petitioners, in order to find out, in that allotted time, some arrangement could not be made.

The petition presented before Mr. Justice Fortier was directed against the municipality of the Township of Roxton, and Adèle Lemieux, mis-en-cause, in which plaintiff declared that as tenders had not been called for in the usual manner, all construction work on the road should be stopped. The court, in opposing the injunction, maintained that a notice was put up on the church door to the effect that a new road was being contemplated and that, as on several previous occasions, such notice had served in lieu of the ordinary call for tenders.

"Pierre Lajoie himself," said the defendants, "sent us his tender, so we surely was aware that a road was going to be built." The case is being continued.

Stated That Chinese Troops Have Been Ordered To Siberian Border—Soviet Marines Were Driven Back

Six Russians and Two Chinese Reported to Have Been Killed in Conflict Which Ensued When Three Russian Marines Occupying Two Small Towns on Lower Sungari River Were Driven Off—Field Marshal Wang Shih Chen to Command Half of Fengtien Troops, With Western Headquarters at Manchuli.

LONDON, Aug. 16.—A Reuter's despatch from Mukden, Manchuria, this morning said that Chang Hsueh Liang, Governor of Kirin district and son of the late Marshal Chang Tso Lin, had ordered 80,000 Fengtien troops to the Siberian border. Field Marshal Wang Shih Chen was to command half with western headquarters at Manchuli, while General Ho Yu Kwan would establish eastern headquarters at Suifenho.

It was also reported that three hundred Russian marines who had occupied two small towns on the lower Sungari River had been driven off. Six Russians and two Chinese were reported killed in the conflict.

Opening Day Of Annual Fair At Cookshire Successful In Spite Of Early Heavy Rain

While Gate Receipts Slightly Below First Day of Last Year's Fair, Much Good Work Accomplished—List of Some of Prize Winners in Heavy Horse Class—Green Race Run.

COOKSHIRE, Aug. 16.—The beginning of the second day of the Cookshire Fair this morning was again marked by heavy rain, though it was hoped that this would follow yesterday's course and clear off by noon. If it does so, a larger crowd than last year will be expected, he attracted.

The Fair opened yesterday in a downpour of rain, which continued well along toward noon when the clouds commenced to break. By noon the sun was shining down upon the grounds, drying them up so quickly that it was possible to run the green race as planned.

All out-of-door judging was held up until the afternoon, when judging of some of the heavy horses and beef cattle was disposed of. These are being completed today. Some of the prize-winners in these classes were: Beef Cattle, C. E. Sherman, Canterbury; F. L. Luce, Compton; W. R. Sherman, Galsion; Alex Matthews, Sawyerville; James McBurney, Sawyerville; C. M. Cromwell, Cookshire; John Forgraves, Sawyerville; Newton Bennett, Bury; Grant Forgraves, Sawyerville; Aubrey French, Cookshire; Mrs. H. Hodgman, Birenton; Wm. McAskill, Bury; S. C. Coates, East Angus; A. E. Learned, Cookshire; D. C. Duffield, Bury; G. Waldron, Sawyerville; Rufus Cromwell, Cookshire.

Best herd of Shortborns—C. E. Sherman, Canterbury, who also carried off the champion prize. C. Guy Bishop acted as judge in this class.

Prizes for Heavy Horses.

A. R. Ness judged some of the heavy class of horses, which resulted as follows: Mare and foal, W. Painter, Island Brook, first; foal, Ernest Labonte, Birenton, first; mare with foal by side, H. Lowry 1st, J. W. Robinson 2nd, T. Beaudoin 3rd, Wm. McAskill 4th; foal, H. Lowry 1st, J. W. Robinson 2nd, Wm. McAskill 3rd, T. Beaudoin 4th; filly or gelding, 3 years old, C. M. Cromwell 1st, A. E. French 2nd, W. McAskill 3rd, French 4th; filly or gelding, 2 years old, J. S. Christie, 1st; yearling colt, Gordon French 1st; mare and foal, Alex Matthews 1st; foal, Alex Matthews 1st; three-year-olds, Carl Paige 1st, J. S. Christie 2nd; two-year-olds, J. R. French 1st, A. E. Learned 2nd.

The judging in these classes is being completed today.

Among the principal prize winners in the flower department were: Mrs. M. Trombley, Alice E. Rudd, Mrs. R. H. McRae, Bury; Mrs. H. Learned and Mrs. R. Learned, Cookshire.

Green Race Held.

Notwithstanding the rain the race track was in excellent condition and the green race was hotly contested as follows: Babe Dunsmore, owned by Chas. E. Taylor, won first money; Director B, owned by W. B. Barrett, second money; Vancouver Jim, owned by B. Brochu, third money; General Sisco, owned by B. Briere, fourth money. The time was: First heat, 2:25 1/4; second heat, 2:28 1/4; third heat, 2:26 1/4.

Industrial Exhibitors.

Some of the principal exhibitors noticed on the grounds are: H. K. Taylor, of Sawyerville, with a large exhibit of stoves, washing machines, cream separators, scales, etc.; and Graham-Paige automobiles, demonstrated by the J. E. Smith Motors, Sherbrooke.

Yesterday's gate receipts were not quite up to the opening day last year, but today it is expected will go beyond the average.

The midway is in full swing today. Among the attractions are: merry-go-round, ferris wheel, trained horses and wild animals, fortune tellers, and a large array of games.

INCREASE IN NUMBER OF MARRIAGES LAST YEAR

Living Births Also Showed Increase, While Infant Mortality Was Reduced.

OTTAWA, Ont., Aug. 16.—Marriages were popular in 1928. The total of 74,287 in the year was 4,771 more than 1927 and 7,629 more than 1926. Finally revised figures were made public yesterday at the Dominion Bureau of Statistics.

Living births increased 2,000 to 286,194, compared with 1927, while infant mortality was reduced from 22,010 to 21,171. Deaths at all ages increased 3,000 to 108,939.

CANADA PLANS RECEPTION FOR GEN. HIGGINS

Chief of Salvation Army, Who Leaves London for Canada Next Week, Will Be Entertained by Governor-General and Will Give Lecture at Which Premier King Will Be Chairman—Will Also Be Received by Lieutenant-Governors of Provinces.

(Canadian Press Despatch) LONDON, Aug. 16.—General Edward Higgins, Chief of the Salvation Army, accompanied by his wife, will leave London on August 24 for Newfoundland and Canada to conduct the Army's Annual Congress at St. John's Nfld., Toronto and Winnipeg. This will be his first extended tour since he assumed the leadership of the Salvation Army in succession to the late General Bramwell Booth. He will be away from London for two months.

Among the arrangements for General Higgins' visit is an invitation from His Excellency, Lord Willington, Governor-General of Canada, for luncheon at Ottawa. Premier Mackenzie King will preside at a lecture to be given by General Higgins at Ottawa, and the Lieutenant-Governors of the various provinces have invited him to be their guest and have arranged public receptions.

Every Salvation Army officer in the Dominion will meet General Higgins in council, while at private meetings at wayside railway stations he will address the bulk of the army workers in Canada. His programme also includes large public meetings in thirteen principal centres.

FINE WEATHER CONDITIONS PREVAIL FOR HARVESTING

(Canadian Press Despatch) WINNIPEG, Man., Aug. 16.—Ideal conditions have prevailed during the past week for the harvesting of western Canada's crop, and in many areas of the prairie grain belt cutting was general today, with some threshing in a few districts.

Fine warm days with cool nights have prevailed during the week, and in many sections of the west wheat cutting has gone ahead rapidly in the early sown areas.

Zeppelin Early Today Reported Speeding On Its Way Into Siberia

Giant Dirigible Passed Over Town of Viatka, Six Hundred Miles East of Moscow, at 2:30 a.m. Eastern Standard Time—Compelled to Proceed North, Avoiding Moscow, Because of Unfavorable Weather.

(Associated Press Despatch) MOSCOW, Aug. 16.—The Graf Zeppelin, speeding on into the heart of the steppes of Siberia, passed over the town of Viatka, six hundred miles east of Moscow, at 10:37 a.m. local time (2:30 a.m. E.S.T.) today.

The Graf Zeppelin crossed the Soviet frontier near Dwinsk (Dumaburg) at 9:30 p.m. (3:30 p.m. E.S.T.)

A radio message from the Graf received at 3 a.m. (8 p.m. E.S.T.) said that it was compelled to proceed north, avoiding Moscow, because of unfavorable weather.

English Textile Walk-Out Settled And Workers Hope For Better Days—Strike Costly From Many Angles

News that Strike Had Been Settled Caused Great Joy Throughout Lancashire Last Night—People Waited in Streets to Hear of Latest Developments—Manufacturers Lost Heavily Through Inroads into British Trade by Foreign Manufacturers—Blackburn Weavers' Association Paid Out Large Amount in Benefits.

(Canadian Press Despatch.) MANCHESTER, Eng., Aug. 16.—There was joy throughout Lancashire last night when the news that the cotton strike had been settled spread through the scattered towns.

In Blackburn, Oldham, Bolton, Croy and other "cotton towns" crowds waited in the streets for the latest news. The announcement of the stoppage was over with great cheering.

The general opinion in Blackburn is best summed up in the words of the mayor who was responsible for the formation of the Lancashire mayoral negotiations committee.

"It is excellent news," he said, "we shall have the mills running next week. If we face the issues resulting from the Graham commission in the cotton industry in the same spirit, I think we shall see better days for the cotton industry."

The strike was a costly one from many angles. The manufacturers are reported to have lost heavily through inroads into British trade by foreign manufacturers. The Blackburn Weavers' Association paid out \$175,000 in

POLICE GUARD PILGRIMAGE TO WAILING WALL

British Authorities Took Special Precautions Against Rioting at Time of Annual Jewish Pilgrimage.

JERUSALEM, August 16.—(Jewish Telegraph Agency.)—Strong detachments of British police under the command of the police superintendent and the district commissioner of Jerusalem, stood guard last night at the western wall of the temple, commonly known as the "wailing wall," while the Jews of Palestine made their annual mass pilgrimage to the remnant of the temple.

Jews recited the lamentations of Jeremiah over the fall of Jerusalem and the destruction of the temple. Prayers were offered all night at the wall.

In view of the recent trouble between Jews and Moslems over the police access to the Holy Site, special precautionary measures were taken. No disturbances, however, occurred.

CARBUNCLE WAS CAUSE OF RUSH ON BANK FUNDS

Excited Depositors of Bay Ridge Savings Bank in Brooklyn Yesterday Withdrew \$2,000,000 Savings When Rumors Were Heard that There Was to Be a Rush on Bank—Finding that Everything Was in Perfect Order, They Reopened Their Accounts.

(Associated Press Despatch) NEW YORK, N. Y., Aug. 16.—A carbuncle on the back of a president's neck indirectly helped to start a run yesterday on the Bay Ridge Savings Bank in Brooklyn.

Two thousand depositors rushed into the place, and before some of them rather sheepishly, had gone back and re-opened their accounts—totaling out \$2,000,000.

Several days ago Dr. Maurice T. Lewis, president, went to a hospital in Connecticut, to have a carbuncle removed from the back of his neck.

False rumors were circulated that he was dead and that his death had caused a run on the bank. Rumors of a run started the actual run.

In addition, officials of the bank said a man who had tried to borrow \$16,000 on only \$10,000 collateral went to a nearby speakeasy and said he had been unable to get any money because the bank was short.

Being warned, the bank's officials set about in a methodical way to take care of the rush. They hired nine extra tellers, making a total of seventeen. They stationed attendants at the door to hand out withdrawal slips to the depositors, and they brought over from the Brooklyn Trust Company in an armored truck \$14,000,000 that they had in reserve there. Police were summoned to keep the milling crowd in order.

Everything went off smoothly. Nobody was worried or delayed in getting his money and from time to time, Dr. Lewis read to the crowd reassuring statements that the money was there, that there was no danger, and that the bank was perfectly willing to let them close their accounts if they desired.

By closing time, one of the seventeen tellers had been transferred from a paying window to a receiving window.

Four Long Island banks, whose aggregate resources are \$1,250,000,000 offered to place all of their resources at the disposal of the Bay Ridge Bank and to help its officials to run down the persons who started the rumors.

While the run was at its height, other banks in the vicinity refused to accept for deposit money that had been drawn out of the Bay Ridge Bank.

Quiet Session Expected By Trades Union

Nothing of a Wildly Revolutionary Character Appears on Agenda for Trades Union Congress of Great Britain, Which Meets in Belfast on September 2.

(By Thomas T. Champion, Canadian Press Staff Correspondent.) BELFAST, Aug. 15.—Nothing of a wildly revolutionary character appears on the agenda for the meeting of the Trades Union Congress of Great Britain, opening here on September 2nd, but even the "red" program has special interest as being compiled just when a Labor ministry has taken office. The resolutions apparently are intended to ginger up the new ministry in its general policy of social-democratic advancement.

The Miners' Federation asks the Congress to move towards establishing one union for each industry, which seems at the moment a rather foreboding aspiration considering the notorious jealousy which admittedly exists among so many unions possessing identical interests.

Brooklyn Bull Fighter Thrilled Spanish Fans

It Only Took One Thrust of Sidney Franklin's Sword to Kill Bull—All Other Matadors Required Several Thrusts.

MADRID, Aug. 16.—Sidney Franklin, of Brooklyn, N. Y., showing no sign of the rough treatment he received from a bull in the Lisbon bull ring recently, last night killed the bull of the "Corrida" with one thrust of his sword, which is comparable to knocking a home run with the bases full. All other matadors in the programme required several thrusts. Franklin himself took two for his second animal.

Franklin, who was considerably bruised at Lisbon, had another escape in his first fight. The horn of the bull caught in the cloth of his skintight trousers and he was thrown to the ground. He quickly recovered himself and went on with the kill, to the accompaniment of great cheers from the more than 13,000 spectators.

Weeping Widows

In that strange interlude—"life"—there comes a time when one's partner dies. The remaining partner, if she be a widow is grief-stricken. But beyond the grief there very often arises fear—haunting fear—for the future, the spectre of want.

Sometimes the very means to provide for immediate subsistence are lacking. Friends come to the rescue for a time but only for a time. Then the widow is doubly lonely. She has not only lost her husband; she has become a burden to friends.

This is not a pleasant possibility for your wife, is it? Well then, why not strive to prevent it—as far as it lies in your power, by means of a Confederation Life Insurance Policy?

Write for our pamphlet entitled "A Cheque in the Mail". You will be astonished to learn how much insurance you can buy for a modest premium.

LEBANON MAN IS BEING SUED FOR DAMAGES

Actions for Damages Totalling \$900 Instituted Against James G. Cantlin by Messrs. E. W. Farwell and H. W. Berwick.

Actions for damages totalling \$900 have been instituted in the Superior Court here against James G. Cantlin, of Lebanon, N. H., as the result of damages inflicted when his car, driven by Ronald R. Sloan, also of that place, struck a wagon and injured the driver, Mr. H. W. Berwick, then crashed into the residence of Mr. E. W. Farwell's on Wednesday evening last.

Mr. Farwell's action for damages totals \$600, while that of Mr. Berwick amounts to \$300. Sloan, who was arrested following the crash on a charge of driving a car while under the influence of liquor, was found guilty and fined \$100 and costs, as well as being ordered to pay the damages inflicted on his appearance before Judge Lemay in the Magistrate's Court on Wednesday last.

CONDITION OF NEW YORK MAN IMPROVED.
The Sherbrooke Hospital authorities report this morning that the condition of Mr. Robert Camber, of New York, who was seriously injured in an automobile accident near Ketevale, on Wednesday, shows a marked improvement this morning.

SHERBROOKE AUTO ELECTRIC
One year ago, on August, first, 1928, the Sherbrooke Auto Electric purchased the Auto Electric and Battery Service business of the Wiggett Battery Service Company.

During the past year this concern in addition to their regular business has taken over the distribution of numerous Automobile Specialties and also at the commencement of aviation activities in Sherbrooke district this firm was the first to introduce, locally, standard lines of Aviation supplies.

The business of this firm has been expanding consistently in spite of their being forced to move to a new location only a few months after commencing business, and their present attractive accommodations at 51-53 Wellington St. South is now very suitably arranged for their requirements, with the ground floor comprising the Shop and Service Department with Mr. Francis J. Fuller as manager, and on the floor above is located the Sales and Specialties Department under the management of Mr. Newman T. Hunter, the office also being located on this floor and a very comfortable Tourist rest room.

BANK CLEARINGS SHOW SMALL GAIN

Bank clearings passing through the local clearing house during the week ending August 15th totalled \$918,552.61. This sum was \$27,759.05 greater than the clearings for the corresponding week of 1928 and larger by \$6,187.82 than the same week of 1927.

THREE ARRESTS YESTERDAY
Alfred Larose, of Cookshire, was arrested on a charge of being drunk and incapable on Sanborn Street, while Aime Lessard, of Magog, was arrested charged with being drunk and disorderly on Depot Street.

Rene Couture, of this city, was found sleeping in a truck on St. Michel Street and taken in hand by the police, charged with vagrancy. They were all found guilty by Recorder Forest this morning and each sentenced to fines of three dollars and costs or three days in jail.

POSTPONEMENT OF SENTENCES BY MAGISTRATE

Beauchesne, Gunston and Vachon to Be Sentenced on September 4 for Theft.

Willis Beauchesne, former resident of North Ham; William Gunston, of Westmont, and Donat Vachon, of this city, appeared before Judge J. H. Lemay in the Magistrate's Court this morning for sentence in connection with thefts to which they were found guilty on Wednesday last. In each case the sentence was postponed until September 4th.

The sentence of Beauchesne, who was found guilty of stealing two cars and obtaining two cars under false pretenses, was postponed in order to allow time for the recovery of the automobiles. Vachon's sentence was also postponed and, in the meanwhile, an attempt will be made to recover the ring which he stole from Mrs. D. Pomerleau, of this city. In the case of Gunston, who was found guilty of stealing a grip containing goods to the value of \$80, Judge Lemay postponed the sentence in order to obtain information in connection with his previous record.

A man giving the name of Dick Willard, of this city, pleaded not guilty to a charge of stealing a car, valued at \$275, from O'Donnell and Morrisette, of this city. The hearing was fixed for Friday next. Bail was set at \$300.

Abraham Dodier, of the Township of Eaton, was fined \$5 and costs for having operated a cheese factory without a permit.

MAGOG THIEVES STOLE \$600 IN MERCHANDISE

Valuable Clothing Articles Taken and No Trace Yet of Thieves —Cheques and Notes Found on Railway Tracks—Provincial Detective at Work.

(Special to the Record.)
MAGOG, August 16.—Although a provincial detective and members of the local police force are working on the case, no trace has been found as yet of the thief or thieves who broke into the dry goods store of D. Beaudry on Main Street Tuesday night and stole merchandise to the value of from five hundred to six hundred dollars. A wide range of objects were stolen, consisting for the most part of ladies' clothing.

Amongst the things stolen from the store were a muskrat coat valued at about \$200, a lady's cloth coat worth \$35, from twenty-seven to thirty dresses, from fifteen to twenty pairs of silk stockings, twelve ladies' hats, two club bags and several handbags.

A collection of cheques and notes worth from \$5,000 to \$6,000 was taken, but recovered the following day, Wednesday. They were found on the Canadian Pacific Railway tracks at the rear of the store the next morning, tied together with a rubber band. Apparently the robber decided that these were of no value to him and that it would be unwise for him to keep them. They were found on the tracks by a workman and returned to the owner.

It is believed that Magog people are responsible for the theft, as strangers, with an automobile, would probably have taken still more things. For instance, there would not be any apparent reason why more than the single fur coat would not have been taken if the guilty one had been able to plan on a complete getaway.

LAKE MEGANTIC BOY INJURED ON RAILWAY TRACK

Rene L'Heureux Loses Leg After Being Struck by Switching Engine in Lake Megantic Yards.

(Special to the Record.)
LAKE MEGANTIC, Que., Aug. 16.—Slipping and falling as he was running across the tracks in the station yards here yesterday afternoon, Rene L'Heureux, aged twelve, the youngest son of Constant L'Heureux, of Lake Megantic, was run over by a yard shunting engine, one of his legs being badly mangled. The youngster was attempting to cross the tracks in front of the oncoming locomotive when he fell.

Dr. J. A. Dube and Dr. Leo Blais were immediately called and gave the injured boy medical aid. It was found that it would be necessary to amputate the leg above the knee, and the child was taken by automobile to Sherbrooke, where he entered the St. Vincent de Paul Hospital. He is under the care of Dr. Fred Bertrand and Dr. Dube, there. His condition is reported as fair this morning.

The accident occurred at 4:15 o'clock yesterday afternoon.

RED CROSS TO ASSIST WORK IN MAGDALENS

Local Branch to Donate Cash and Supplies to Outpost Hospitals.

At a recent meeting of the local branch of the Canadian Red Cross Society it was decided that this branch should assist the provincial executive in establishing two nursing outposts on the Magdalen Island. The assistance is to be given in cash and necessities for the nurses' work. A cheque for one hundred dollars is to be sent towards furnishing the emergency cupboards and, if possible, twenty baby's layettes. These, owing to climatic conditions, should be made of good white flannellette and all articles must be shipped before the end of November, as there is no communication with the islands between December 15th and April 15th.

It was thought that some of the many women's organizations or even individuals in the Eastern Townships might like to donate one or more outfits, or help this good work by contributions of money. If so, further particulars may be obtained from the Red Cross Relief Secretary, Mrs. S. A. Jones, 48 High Street, Sherbrooke, to whom also cheques may be made payable.

BOY SCOUT NEWS

LEADERS' COUNCIL MET.
A meeting of the District Leaders' Council was held last night at the home of Cubmaster E. Waller.

The business of the evening dealt principally with the ushering at the exhibition. Scoutmaster Price is to be in full charge. It was decided after lengthy discussion to give the boys who work, a corn boil after the exhibition.

The question of a display of Scout handicraft and hobbies was brought up, and a committee was chosen, consisting of S.M. Ken Muzzev, S.M. Jack Wright, C.M. Edwin Waller and C.M. L. Hicks.

CHILDREN NOT TO BE ALLOWED INTO THEATRES

Managers of All Local Theatres Have Been Officially Notified to Refuse Admittance to Any Child Sixteen Years of Age or Under, Whether Accompanied by Parents or Not.

All children of sixteen years of age or under are now absolutely forbidden admission to any of the local theatres. This ruling went into effect several days ago and is being carried out at all theatres throughout the province.

The law forbidding children to attend moving pictures was passed by the Provincial Government some time ago, but local theatre proprietors were not officially notified to enforce the ruling until recently.

The law in this respect reads that children sixteen years of age or under, whether alone or accompanied by their parents, are not allowed to enter a moving picture theatre.

HAS SHOWN SPLENDID RESULTS

The light airplane club, inaugurated in the autumn of 1927 by the Department of National Defence to encourage aviation, has shown excellent results to date. Twenty-one clubs are active at present and it is expected that three more will receive the Government grant of two aircraft in the near future.

These twenty-one clubs have a membership of 4,248, of which 279 are solo pilots, and have to their credit a total of 5,975 hours in the air so far this year, according to the latest statistics, while one hundred and fifty-eight private pilot and forty-seven commercial pilot licenses have been obtained by the members.

Besides stimulating public interest in flying, these clubs ensure good aerodromes wherever they are established, which is one of the urgent needs of today.

MORE ATTENTION TO PEDESTRIANS

Considerable comment has been heard of late in connection with local parking regulations and many suggestions have been advanced in the hope of bringing about a suitable solution to the problem. However, in all this discussion no mention has been made of the pedestrians, who have to look out for themselves as best they can when crossing busy street intersections.

During business hours street crossing at intersections, especially at the corner of Wellington and King Streets, is very dangerous, and it would seem only fair that the pedestrians should be given consideration and protection. However, at the present time the traffic officers apparently are giving their entire attention to keeping the automobile traffic moving and disregarding men, women and children, who are standing on street corners awaiting an opportunity to make a safe journey across the busy roadway.

It is not asking too much, and certainly not more than the pedestrians are entitled to demand, that they be given protection when crossing streets at busy intersections.

It is also noted that of late quite a few motorists have been parking their cars across the white lines reserved as safety zones for pedestrians and at street car stops. These zones have been placed at regular intervals and the police should see to it that they are free from parked cars at all times.

THE WALES HOME

The old people of the Eastern Townships were honored on Wednesday when the annual field day was held at the Wales Home near Richmond. On that occasion several hundred friends of the old folk gathered to give them a good time and let them see that their services during their long lives were appreciated by the younger people.

The Home was en fete for the event, and the entertainment and addresses given were thoroughly enjoyed by the inmates of the Home, though perhaps not as much as the fact that they were able to see many old friends and talk over the past with them. The idea of the field day is a good one. It gives people a chance to show the esteem in which they hold the elderly people of the district who are being so wonderfully cared for in their declining days, and gives the latter an opportunity of meeting friends and of getting away from their regular routine of life.

The Honorable Senator Pope had some good words of advice to give regarding the care of the old people of the Eastern Townships. The world, he pointed out, has been divided by Providence into two classes, those who are comfortably fixed economically and those who are not. And, he went on to say further, it is the bounden duty and privilege of the former to care for the latter in their declining days of their life, for while the less fortunate are not able, in many cases, to care for themselves, they nevertheless have done their part during their earlier days as citizens of this land, and deserve a comfortable and happy respite after their life of toil.

The people of the Eastern Townships have done much for the Wales Home, and have the satisfaction of knowing that their efforts have been for a worthy object. All who might have helped, however, have not taken the opportunity of doing so. A time is coming, though, when they will be asked to do so, and there will be little excuse for them to refuse. Additional rooms are required by the Home immediately, as there is a continual waiting list for admittance. This added accommodation must be provided in the near future, while a larger endowment fund is essential, and the public must be prepared to help. There is no more worthy object in this district than the Wales Home, and when a worthy object has been in need, the Townships have never yet seen its need unaided.

SIX SUPREME ASSETS (By Glenn Frank)

In a recent issue of Advertising and Selling, Allen T. Moore sets down six primary requisites of the good copywriter.

And the six requisites he sets down are six supreme assets for which, regardless of the job that is ours, we can well afford to sacrifice any amount of time and energy.

The six requisites that Mr. Moore lists do more than describe a good copywriter; they paint the portrait of the really educated and really effective man. Of the good copywriter, Mr. Moore says:

First, he must have learned to learn. No man ever becomes educated or effective as a result of what he learns in school. By the time he gets into the arena of action either he has

forgotten what he learned in school or the facts he learned in school days have gone obsolete in this rapidly changing day. But if a man can learn how to learn he can afford to come to the end of his school days knowing even less than the average college graduate now knows on commencement day.

Second, he must have learned to see. Few of us really see when we look. But the capacity to observe accurately underlies all effective work. Only the man who really sees when he looks faces his problem with the real facts in hand.

Third, he must have learned to hear. Few of us really hear when we listen. I am constantly amazed at the way in which otherwise intelligent men will sit through long discussions in board meetings, listening with apparent concentration, and at the end show clearly that they have not really heard, but have only listened.

Fourth, he must have learned how to think. It is important to have accurate knowledge to have mastery of the facts involved in the issue at hand, but knowledge becomes but lumber if its possessor cannot analyze it, assess it, relate its varied parts intelligently, and steer the issue at hand past all irrelevant factors and bring it out into the sunlight. In short, it helps but little to know much if we cannot think straight about what we know.

Fifth, he must have learned to interpret. Here is the secret of great leadership either in larger or in small affairs. The greatest statesmen have achieved their greatest results not through clever strategy, but through clear interpretation of tangled issues and situations.

Sixth, he must have learned to versatilize. The effective man must be versatile enough to adapt himself and his technique to varying persons and problems. The man of one idea, one approach, and one technique is doomed to ineffectiveness, regardless of his field of work. Here are six contentions against which it is worth while severely to measure ourselves to find our points of strength and our points of weakness. —Cpt. 1929.

PRESS COMMENT

GETTING AFTER THE DRUNKEN DRIVER. (Christian Science Monitor)

The new Massachusetts law depriving a drunken automobile operator found guilty of causing a fatal accident of the right to drive again for ten years not only assures greater safety to the millions of pedestrians and motorists, but also presents another convincing reason for the Eighteenth Amendment and strengthens the national law. Many persons who permit themselves to be drawn into arguing academically and technically against prohibition may see the liquor question in a different light when confronted with a concrete example of the imperative necessity for stopping drunken driving, which is but one phase of the liquor problem.

Governor Frank G. Allen in signing the bill pointed out that the courts have held that the right to operate a motor vehicle is a privilege that properly may be withdrawn when abused and when the public safety is jeopardized.

Just as Calvin Coolidge reasoned when he said: "There is no right to strike against the public safety by anybody, anywhere, any time," so today prohibitionists believe there is "no right to traffic in or indulge in intoxicating liquor against the public safety by anybody, anywhere, any time." Hence the Eighteenth Amendment.

So many drivers have found it possible to circumvent the former mild penalties that there has grown to be a disregard, if not contempt, for the law. Hence severe action has really been forced by these very violators. Liquor, down through the centuries, made the prohibition law necessary, just as abuses have made this drastic automobile law imperative.

Baldwin presided, was daintily decorated with white phlox and yellow candles.

MANSLAUGHTER CASE FIXED FOR WEDNESDAY

Preliminary Inquiry of Alphonse Morin to Open Wednesday Next—Accused Held Criminally Responsible for Death of George Arguin, Young Street Car Motorist.

The preliminary inquiry of Alphonse Morin, thirty-two year old resident of Barnston, who is facing a charge of manslaughter in connection with the death of George Arguin, nineteen-year-old motorman of the Sherbrooke Railway and Power Company, was fixed for Wednesday by Judge Lemay in the Magistrate's Court this morning. Bail was set at \$3,000.

Morin was arrested Wednesday on a coroner's warrant for manslaughter following the inquest held by Coroner Bachand to inquire into the circumstances surrounding the death of Arguin, who was fatally injured Tuesday afternoon when he was struck by a car driven by the accused. The jury were only out ten minutes, and on their return gave a verdict holding Morin criminally responsible for the death of the young man. The verdict as given by the jury was: "That Alphonse Morin be held for manslaughter, having driven a car while under the influence of liquor; having driven a car without a driver's license; having taken license No. 121,244 belonging to his brother; having driven a car at an excessive rate of speed; and having driven a car with defective brakes."

Following the reading of the charge by Crown Clerk J. V. Arctis, the inquiry was set for Wednesday next.

LENNOXVILLE. DAHLIA AND FLORICULTURAL SHOW OFFICIAL OPENING THIS EVENING. The official opening of the annual Dahlia and Floricultural Society show will take place this evening at eight o'clock, when the visitors will be formally welcomed by Major the Rev. Dr. A. H. McGreer, Principal of the University of Bishop's College. Judging from indications at present the curling rink, where the show will be staged, is likely to be taxed to capacity to hold the display, which promises to be an exceptional treat to flower lovers. The favorable weather during the season has contributed to the success of flower-growing and quantities of dahlias, sweet peas and other flowers of a notable quality and many varieties are being artistically arranged in the building. Information and prize lists may be had by application to the secretary of the Dahlia Society, Lennoxville. D. AND M. O. E. ENTERTAIN GUEST. Caroline Lodge, of the Daughters of England entertained in the Women's club room, on Wednesday evening, in honor of Mrs. Buckinger of Montreal, who is spending several weeks with her daughter, Mrs. J. J. Bradley. Cards and games were played during the evening, Mrs. Bradley winning first prize in the former and Mrs. Aveling, in the latter, with Master Cotterell as winner in the children's contests. Refreshments were served in charge of Mrs. Loke and Mrs. Aveling. General Notes. Mrs. Richard Robinson, wife of the late Rev. Richard, and her son, Mr. Anson Robinson, of Montreal, were guests at the home of Mrs. William Byrne, on Wednesday. Mrs. Wesley R. McCurdy entertained last evening at her home on King Street West, at a miscellaneous shower, in honor of Miss Irene McCurdy, of Lennoxville, whose marriage takes place next week. About forty guests were invited, from Sherbrooke, Ascut and Lennoxville. During the evening a gaily decorated wagon was drawn into the living-room by little Miss Irene Rolfe, laden with useful and fancy gifts, and presented to the bride-to-be, who thanked her friends in suitable terms for their kindness. A special chair had been decorated in blue and white for the guest of honor, corresponding with the colors decorating the wagon. An enjoyable social time was spent and refreshments added to the general pleasure. The dining-room table was centered with sweet peas, and the flowers used in the living-room were dahlias, asters, and zinnias with a background of green. The hostess was assisted in serving by Misses Florence Hopkins, Nellie Sullivan and Ida Murphy.

EXHUMATION OF BODIES MADE AT STANSTEAD

Positive Identification of Woman and Child Killed in Accident Made by Mr. Frank Quimby, Husband and Father, as Well as by Mother of Dead Woman—Bodies Again Buried in Same Cemetery.

STANSTEAD, August, 15.—The exhumation of the graves of the woman and child who were killed here a week ago Saturday when the carriage in which they were riding was struck by an automobile, took place on Tuesday for the purpose of identification of the bodies. Frank Quimby, of Enfield, N.H., was present, having ordered the exhumation and at once was able to state that the bodies were those of his wife and child. At the time of burial, the dead woman and child had been known as Mrs. Isaac Fortin (or Forton or Fortier) and her child.

Several days ago there appeared at the three villages Frank Quimby, accompanied by his lawyer, John L'ooan, both of Enfield, N. H. The former said that he was the husband of the woman who was killed in the accident at Stanstead on the evening of August 8rd, and the father of the child, whose real name was Elroy Raymond Quimby, and who died at the Newport Hospital as a result of the same accident. Mr. Quimby says that he married his wife, whose maiden name was Dora Rock, ten years ago, and that they had four children, the eldest of whom died several years ago, two are at his home at Enfield, and the youngest, Elroy Raymond, disappeared with his mother ten weeks ago. He tried to trace them, but without avail. Following the Stanstead auto accident, a clipping was sent from some newspaper to Mrs. I. Fortin, who lives at Lebanon, N.H., whose husband disappeared about the same time as Mrs. Quimby. Mrs. Fortin showed this clipping to the Chief of Police of Lebanon, who communicated with Mr. Quimby. The latter became convinced that the chief sufferers from the accident were his wife and child. He accordingly came to Stanstead seeking further information, and after interviewing the physician who examined the body, the undertaker who laid out, embalmed and interred the remains, and several other persons, he went to Sherbrooke seeking legal advice. He was told that in order to prove conclusively that the bodies, which had been buried in the Griffin Cemetery, were those of his wife and child, it would be necessary to open the graves and identify them as such. Mr. Quimby returned to Enfield and came back to Stanstead on Monday, accompanied by his wife's mother, Mrs. Canfield, of Enfield. Tuesday morning the graves were opened and when the coffin lids were removed, Mr. Quimby and Mrs. Canfield positively identified the remains as those of the former's wife and child. This they did in the presence of three witnesses. They expressed themselves as well pleased with the cemetery and its surroundings and satisfied that the bodies should rest there undisturbed.

BIG ARGENTINE PUT HEENEY OUT IN NINTH ROUND

Vittorio Campolo Flogged New Zealander With Terrific Right—Battle Kept Fans in Constant Uproar.

(Associated Press Despatch) NEW YORK, N.Y., Aug. 16.—"Take it from Tom Heenev, the 'honest blacksmith' from New Zealand—the next heavyweight champion will be Vittorio Campolo, of the Argentine."

"Honest Tom" expressed his opinion of Campolo's worth last night after the South American had stopped him in the ninth round of a bruising and savage struggle as metropolitan fans have witnessed since the days of Jack Dempsey.

"The greatest fighter I have ever faced," was Heenev's comment. "No one ever hit me as hard as that giant did with those rights, and I think he will be the next heavyweight champion."

For seven rounds the New Zealander and his giant opponent battled on even terms, the tide of apparent victory swinging from one to the other.

In the eighth, however, Heenev, weakened by the towering Campolo's heavy body punches, was a mark for the Argentine's right hand.

One crushing right sent him to the floor for no count just before the round ended. In the ninth Campolo battered the New Zealander from pillar to post, and finally flogged him with a terrific right. Gately the New Zealander got up at count of seven, but he was out on his feet and the referee stepped in between the fighters and led Tom to his corner, the victim of a technical knockout.

Campolo, who failed to impress the experts in his first fight, gave every sign of future greatness last night. He boxed well, was extremely fast on his feet for so big a man, carried plenty of dynamite in his right hand and displayed at the same time a long left that kept Heenev away most of the time.

The fight kept a crowd of eighteen thousand at Ebbets Field, Brooklyn, in a constant uproar.

BAD WEATHER AGAIN RULE AT D.C.R.A. SHOOT

Conditions Unusually Adverse Today and Yesterday—Lieut. J. W. Houlden, Sherbrooke, Qualifies for Governor-General's Match Finals.

CONNAUGHT RANGES, Ont., Aug. 16.—Conditions were again bad for the fifth day's shooting at the Dominion of Canada Rifle Association meet here today.

While the sky was clear, there was a very high wind sweeping the ranges from west to east and the marksmen were allowing a lot of windage. Extra series and practice shots are the first on the agenda, to be followed by the City of Ottawa match, 300 and 900 yards, later in the morning.

Full results of the King's medal match, given by Lieut. Desmond Burke, of Ottawa, for the third time yesterday, show that the former King's prize winner scored 176 in the deliberate fire with movement, rapid and snap shooting practices, five higher than the score made by Major J. J. Jeffrey, of London, in winning the same event last year.

Next in order were Sgt. W. J. Livingstone, Ottawa, with 153; Sgt. J. Sillack, Medicine Hat, 137; Lieut. T. E. Snow, London, 133; Captain W. H. Blake, Regina, 134; Lieut. H. W. Bishop, Ottawa, 127.

Governor-General's Footguards, Ottawa, added to an already imposing list of prizes when they annexed the General Sir Arthur Currie Trophy, awarded to the team making the highest score in the four practices of the King's medal competition.

Bostock Competition Lieut. J. Bowen, Edmonton, won the Bostock Memorial Trophy, given to officers and men who are members of a cavalry, artillery or mounted rifle unit of His Majesty's Forces, for the highest aggregate score in the first stage of the Governor-General's match yesterday. Lieut. Bowen scored 99.

Victoria Rifles, Montreal, won the Gordon Highlanders' Musketry Trophy, awarded to the team composed of eight men competing in the first stage of the Governor-General's match making the highest aggregate score at 200, 500, and 900 yards.

The 68th Highlanders, Toronto, came second with 775, six points behind Mrs. H. Murphy and Ivy Turner, second.

Gunwale Race—Charlie Turner and Herbert Seybold, won; John Stairs and W. Leggett, second.

Gentlemen's Single Canoe Race, final for Old Foster Cup—R. Richardson, Sherbrooke, won; R. Taylor, Knowlton, second.

HAVANA STARS AND ST. ROCH PLAYED DRAW

Game Called After Nine Innings, on Account of Darkness, With Score One to One—Fine Pitching by Morin.

Snappy fielding and smart pitching were the outstanding features of the baseball game last evening between the Havana Red Sox and Sherbrooke St. Roch, which ended in a one all tie.

Cusantiner and Morin engaged in a pitchers duel, and the honors were about even. The visiting pitcher fanned eight men, while the local twirler struck out nine opposing batters. The former walked four men, but Morin, who perhaps was never in better form, did not issue a free ticket to first.

On frequent occasions the locals had the winning run on third, but failed to hit in the pinches kept the score deadlocked.

The visitors were the first to cross the pan, when, in the fourth inning a Texas leaguer and a two bagger accounted for their only run. St. Roch came right back in their half of the inning and tied the score. Blanchard struck out, but Savage singled through the pitcher's legs and stole second.

Landry flied to deep centre and Savage got to third on the throw in. Savage then registered on a passed ball as Asselin walked. Pinard flied to centre to end the inning.

In the sixth, with two men out, Pete Landry got a three bagger, but he was stranded when Asselin hit to the pitcher and was out at first. The ninth inning was finished in semi-darkness, and it was decided not to go into extra innings.

The line-up was: St. Roch—Blanchard, s.; Savage, c.; Landry, c.; Asselin, 3b.; Farnard, 1b.; Perron, 2b.; Gingus, c.; Garne, i.; Morin, p.; Lepege, end Dore.

Havana Red Sox—Bauza, s.; Ferrer, 3b.; Ramirez, c.; Edeggol, 2b.; Cuellar, i.; Massip, 1b.; Hernandez, ig.; Cusantiner, p.; at 3 Poliac, c.

The score by innings: Havana—000 100 000-1-0-2. St. Roch—000 100 000-1-0-0.

Behind the Montrealers. Royal Hamilton Light Infantry took third place with 760, while the Governor-General's Footguards, Ottawa, were next with 768.

QUIET MARKET THIS MORNING AT MONTREAL

Four Point Advance by Power Corporation at Opening Was One of Morning's Features—Montreal Power and Winnipeg Electric Also Showed Gains.

(Canadian Press Despatch) MONTREAL, August 16.—Power Corporation provided the feature of the opening of the Montreal Stock Exchange today by advancing four points to 135 on the first sale and selling up to 137 before profit-taking reduced the price to 136.

This advance followed a rise in the stock's value yesterday of six points. The market generally was quiet this morning. Montreal Power was stronger, opening up one, rising to 141 1/2 for a gain of 2 1/2 points.

Winnipeg Electric gained one at 82. Other changes were fractional.

***** GOSSIP IN THE WORLD OF FINANCE ***** Furnished by Johnston & Ward. ***** HIGHER PRICES FOR WEEK-END ***** NEW YORK, Aug. 16.—The New York Advisory Service today says: A higher range of prices appears in prospect over the week-end.

The list at the close gave every indication that a large number of issues which had been held deliberately in check today were in an excellent position to move forward aggressively right from the start of Friday's session.

A remarkable feature of the market is the rapidity with which it has stabilized itself, following last Friday's sharp dip and subsequent sizzling recovery.

We are again prompted to point out what we stated earlier in the week, namely that those who are awaiting the elusive secondary reaction are apt to make belated purchases at much higher levels.

The steadiness of the call money market, the unchanged Bank of England rate, the decrease in brokers' loans, the \$104,000,000 reduction in borrowings from the local reserve and finally, the improvement in the federal reserve ratio at New York to 74.3 from last week's ratio of 69.1 are all factors contributing to a favorable market background.

American & Foreign Power has swung into a strong consolidated position, from which a sharp upturn can be momentarily launched. We would pick up some of it here if you have not already done so.

Brooklyn Union Gas is a purchase at the market for a sizeable advance that should take it into new record ground. Continue with Consolidated Gas as it is primed to extend its advance appreciably.

EXPECT A LARGE ENTRY FOR E. T. GOLF TOURNEY

Will Be Held at Dufferin Heights Course on 23rd and 24th of This Month.

What promises to be the biggest meet of Eastern Townships golfers is scheduled for the 23rd and 24th of this month at the Dufferin Heights Course, Stanstead.

This is the fifth annual tournament of the Eastern Townships Clubs, and is being held under the auspices of the Eastern Townships Golf Association. Twelve Eastern Townships Clubs are now represented in the Association, and present indications are that all twelve clubs will be represented at the meet, the majority of which will have the full representation allowed, namely, six players.

The entry list closes on Thursday, August 22nd at six p.m. after which no entries will be received. The following clubs will probably be represented, Sherbrooke Country Club, Drummondville, Lennoxville, Windsor Mills, Waterville, Granby and Dufferin Heights, by six players each. Cowansville, Thetford Mines, Danville and Hermitage by four each, and Knowlton by two. Last year at Granby forty-four competed and this number will pos-

sible be exceeded this year by at least ten.

The mode of play has also been greatly changed, there being no match play rounds whatsoever. The first day all entries play thirty-six holes match play, the best twenty-four scores from the first day continuing the second day with a further thirty-six holes, the combined scores for the two days to decide the winners of the tournament.

The two main trophies up for competition are the Skinner Eastern Townships Trophy, which goes to the best score for the seventy-two holes play, and the Sherbrooke Daily Record Trophy, emblematic of the team championship. This is played for on the first day of the tournament by teams of four men each representing the various clubs entered in the tournament, the combined scores of the team for the thirty-six holes being taken into consideration.

There will also be special prizes for the best eighteen and thirty-six holes on each day.

BASEBALL AND LACROSSE ON SAME BILL SUNDAY

Both baseball and lacrosse fans will find attractions in the double-header to be played at the Ball Park Sunday afternoon. At two o'clock the Notre Dame baseball team, of Sherbrooke, will meet Bromptonville, while at four o'clock St. Aloysius Old Boys, of Montreal, will cross sticks with the Sherbrooke National junior lacrosse team.

On Saturday afternoon at three o'clock Sherbrooke St. Roch and Gilman, Vt., will play an exhibition

PACE-SETTERS BOTH INCREASE THEIR MARGINS

Athletics Now Have a Lead of Fourteen Games in American League Race, While Cubs' Lead in National League is Eight and a Half Games.

(By William J. Chipman, Associated Press Sports Writer)

NEW YORK, Aug. 16.—The Athletics apparently have developed the knack of advancing while standing still, but the Cubs have gone them one better, finding a way to gain ground while losing. The Mackian margin was stretched to fourteen games yesterday when the Yanks lost to Detroit as the leaders sat idle in Cleveland. The Cubs won and lost in a Brooklyn double header, but the Pirates obligingly dropped a 2 to 1 decision at Braves' Field, tossing half a game into the lap of Joseph McCarthy. The Chicago lead is now eight and a half games.

Real pitching duels were on tap yesterday at Braves' Field, Navin Field and the home of the Browns. The most noteworthy mound performance was that of the pitcher in the second half of the programme. The end of the first game was enlivened by a shower of Flatbush confetti from spectators around third base in the ninth inning when Bressler was ruled out for being hit by a batted ball.

formance was turned in by Earl Whitehill, who limited the savage Yanks to two small hits to win by 3 to 0.

Held Yanks In Check The champions went hitless until the seventh, when Doc Messel spotted Whitehill's afternoon by out-tracing Wessling's throw and getting credit for a single. Roy Shepird, while Hill's opponent, got a clean blow in the next inning, and that was all.

Sherid himself turned in a smart game, which is becoming something of a habit with him, but he was not prepared to meet such extraordinary work as the Detroit southpaw flash-work as the Duce placed the game beyond Sherid's reach in the heavy first inning with a home run.

George Blaeholder allowed the Boston Red Sox just three hits at St. Louis yesterday to win over Jack Russell by 3 to 0, while Fred Marberry and Garland Braxton collaborated upon a four hit performance which set the White Sox down by 9 to 4 at Chicago.

Marberry was forced to retire at the end of the sixth inning because of sudden illness, but credit for the victory remained with him. As anticipated earlier, rain kept the Athletics and Cleveland Indians indoors in Cleveland. They meet in a single game today, an open date on both schedules.

Divided Honors Guy Bush trimmed Brooklyn 9 to 5 in the first game of the Flatbush double-header to gain his seventeenth victory of the season, but Dazzy Vance evened things up by downing the Cubs by 5 to 4 in the second half of the programme.

The end of the first game was enlivened by a shower of Flatbush confetti from spectators around third base in the ninth inning when Bressler was ruled out for being hit by a batted ball.

Umpire McLaughlin was the target of the bottle throwers. Their disposition was not improved when Johnny Frederick followed with a home run which would have put the Robins almost in the game had Bressler been on base. Another shower of soft drink glassware was aimed at all three umpires as they marched off the field in the escort of patrolmen at the end of the first game.

The incident apparently was forgotten when Vance won the night-cap.

Rogers Hornsby collected his twenty-sixth home run in the first game and Kiki Cuyler hit for the circuit in the second. Bush's victory in the opener broke the tie which had existed between him and Burleigh Grimes for the league leadership. Each had won sixteen and lost two until Bush pulled ahead yesterday.

Brands Downed Pirates Ed Brandt turned back the Pirates with two hits at Braves' Field to win by 2 to 1 from Kremer, who yielded eight blows. Lloyd Waner collected both of the safeties off the Boston hurler. Brandt was scored upon solely because of his wildness, Comorocky smashing a sacrifice fly in the sixth after three men had been passed.

Frank O'Doul's twenty-third home run with two on base enabled the Phillies to win from the Reds by 5 to 4, and the Giants just outlasted the Cards 9 to 7. Ott hit his thirty-first home run.

GOLF AS CHAMPIONS PLAY IT

When the player is in a trap by the green, what tips would you give him for choosing between a putter and a niblick?

Answered By ABE G. ESPINOSA One of America's Leading Professionals, Western Open Champion, 1928, Chicago District Open, 1928.

When the ball is in a trap with steep banks or is partially buried in sand, a niblick has to be used to get it out.

However, a ball might have a good lie in a trap with banks that slope gradually, where a safer shot could be made by running the ball up with the putter. The choice of a club for a play from a trap near the green should depend upon the

nature of the trap and the position of the ball in it. ABE G. ESPINOSA. Copy't 1929 Associated Editors Inc.

FOOTBALL

THREE GAMES TOMORROW Two semi-final cup games and one postponed League fixture will be offered soccer fans Saturday afternoon. In the semi-final games for the Eastern Townships Football Association cup, Y.M.C.A. will travel to Asbestos, while Quebec Central will be guests of Celanese.

In Sherbrooke one of the many postponed games will be run off, when Regiment and Bebe clash. This game was scheduled for April, but the cold weather prevailing in the spring forced the teams to postpone the match.

The cup games give promise of unusual interest, as the strengthened Asbestos team gave Y.M.C.A. a hard battle last week at Sherbrooke, while Celanese and the Railroaders are old-time rivals. The management of the Sherbrooke Regiment Club have selected the following players to represent them against Bebe tomorrow: Louheed, Parsons, Smith, Taylor, Miller, T. Ridock, Gardner, Hatch, G. Ridock, Buck and Dowling.

IMPROVEMENTS HELPED TO MAKE ANNUAL BROME LAKE REGATTA SUCCESS

Clubhouse and Grounds Put into Good Shape—Many Entries on Programme for Seniors and Juniors of Both Sexes.

KNOWLTON, Que., Aug. 16.—The annual regatta of the Brome Lake Boating Club was a most successful affair.

A great many improvements and alterations have been carried out this year to the clubhouse and tennis courts, and the club has enjoyed the most successful season in its history.

Following the regatta, a dance was held in the evening, which was very largely attended, and at which the prizes were presented.

A new cup was given by Senator George G. Foster for the best aggregate, and Herick Duggan and Tom Erskine tied. The Intermediate Cup, presented by the Lakeview House was won by Charlie Turner.

The results of the events were as follows: transactions or obligations under Girls' Tandem Canoe, 13 and under—Adrienne Hanson and Debbie Stairs, won; Sylvia Thornhill and Meredith Seybold, second.

Boys' Tandem Canoe, 13 and under—Douglas MacFarlane and C. Gardner, won; Robert Harvey and Tom Harvey, second. Mixed Tandem Canoe—Meredith Seybold and Tom Harvey, won; (Continued on Page Seven.)
