Western Allies Discuss Means Of Countering Soviet Upset

Pilot Was Told 'Take Desk Job'

MONTREAL (CP) — A board of inquiry is expected to report next month on Canada's worst air crash—the Issoudun, Que., disaster of Aug. 11, 1957 in which 79 persons perished.

Lucien Beauregard, chairman of the special board set up by the transport department, indicated this to a reporter Thursday after a Montreal doctor had testified he had advised an airline pilot to take a desk job.

The pilot concerned was Capt. Norman Ramsay, 37, who was involved in the Issoudun crash. Dr. Bernard B. Raginsky, 56, president of the International Society of Clinical and Experimental Hypnosis, was summoned by the board to testify in its investigation into the cause of the crash of the Maritime Central Airways plane bound from Europe for Toronto.

IN SECOND CRASH

His evidence at the one-day hearing dealt largely with a previous crash in which Ramsay was involved. This crash, in which no one was killed, involved a Trans-Canada Air Lines Super-Constellation landing at Brampton, Ont., in 1954. Pilot negligence was ruled the cause.

Dr. Raginsky said he questioned the pilot under hypnosis and found him obsessed with a pre-occupation to clear his name of the "guilt of negligence." He also found an underlying anxiety over different levels of altitude.

The psychiatrist testified that on several occasions he advised Ramsay that the obsession was influencing his perception and observation and that he should give up flying.

Kiss Puts 2 Negro Boys Behind Bars

MONROE, N.C. (AP) — Two Negro boys, one 8, the other 9, kissed a seven-year-old white girl as she walked home from school Nov. 1. Two days later the boys were in reform school. Now their names are in a telegram of appeal from a Negro leader to President Eisenhower.

The telegram from Robert F. Williams Sr. says the boys lacked benefit of counsel and a chance to confront their young accuser. "Please tell me, Mr. President," says Williams' telegram, "when Negroes may expect your justice department to introduce the 14th amendment to the U.S. constitution to this social jungle called Dixie."

The 14th amendment says that no state may deprive any person of life, liberty or property without due process of law, or deny to any person within its jurisdiction the equal protection of the laws.

WASHINGTON (AP) — The Western Allies expect to decide in the next few days on moves to counter Russia's campaign to upset Western positions in Germany. Preliminary discussions already are under way with Britain, France, West Germany and other interested countries.

Premier Khrushchev announced Monday that the Soviet government would hand over to East Germany functions now performed by Russian military authorities in East Berlin. He demanded that the United States, Britain and France abandon West Berlin to East Germany.

The Western response so far has been to issue public statements rejecting the Soviet demand and making clear they plan to permit no change in the status of West Berlin.

FIRMER STAND

Officials here feel, however, that actions of a stronger and more official nature are required. One possibility is a new formal three-power declaration reaffirming intentions to maintain their positions in West Berlin and their use of access routes.

Another is a declaration of NATO policy, which could be drawn up and approved at a scheduled meeting of NATO foreign ministers next month.

The state department said Thursday that the allies are in Berlin and have travel rights through East Germany by virtue of their victory over the Nazis in 1945.

POTSDAM VIOLATION Khrushchev had argued that the Western rights to be in the city were established by the Potsdam conference — a war-end summit conference in 1945 — and that in recent years the West had destroyed the Potsdam Agreement by violating it.

Officials here say privately that there is nothing the West can do to prevent the Russians from pulling out of East Berlin if they want to. Such a move is feared, however, as opening up a new period of troubles and tensions. It would put the East Germans in a position to interfere with the traffic flow into Berlin and would also raise difficult political questions because the West refuses to recognize the East German regime.

HOODED BANDITS GRAB \$10,000 AT VALCOURT

Ex-Premier

Bulganin Branded 'Enemy'

MOSCOW (AP) — Nikolai Bulganin today was publicly branded an enemy of the Communist party after serving in its high command almost since the 1917 revolution.

The former Soviet premier, already reduced to a minor provincial job, was expected by observers here to be stripped soon of membership in the party's central committee—his last claim to importance.

The denunciation of Bulganin was contained almost casually in a report on the Soviet seven-year economic plan of Premier Nikita Khrushchev, once Bulganin's comrade in government.

Moscow Radio said the report mentioned "the exposure and routing of the anti-party group of Malenkov, Kaganovich, Molotov, Bulganin and Shepilov who joined them, who slid down the road of faction-splitting activity."

AMONG THE ERRING

This was the first time that the name of the ailing, 63-year-old Bulganin had been included as a member of the anti-party group. The other four were ousted from party leadership in late June of 1957 on charges of collusion and intrigue.

The four were accused of trying to overthrow Khrushchev. Reports accepted abroad said Bulganin originally sided with the four but changed sides when Khrushchev brought up additional charges of collusion.

The four alleged plotters were banished to minor jobs on July 4, 1957. Bulganin resigned as premier last March 27 and became chairman of the State Bank. On Aug. 15 he was demoted to chairman of the Council of the National Economy in Stavropol in the northern Caucasus.

On Sept. 6 Moscow Radio said Bulganin had been removed from the Praesidium, the key group of the party central committee. He has been reported in failing health.

Transfusion Refused, Boy Dies

ST. BONIFACE, Man. (CP)—A 14-year-old boy whose parents would not allow him to receive a blood transfusion because of religious beliefs died in hospital today.

Donald Holland of Neepawa, Man., was accidentally shot Nov. 4 with a .22-calibre rifle. The slug struck him in the thigh and severed an artery.

His parents, Mr. and Mrs. Louis Holland, approved an operation to tie the ends of the severed artery but refused to consent to blood transfusions. They are Jehovah's Witnesses.

Death came in the midst of a legal move by the Manitoba government to clear the way for transfusions. The government sought to become the boy's guardian under the Child Welfare Act.

He leaves Saturday for Lahore, the country's major centre of Moslem culture and education. A typical press conference question on Kashmir asked why the Free World was silent at "injustice" in its midst while out-raged at injustice in the Communist world.

"I presume you could give your own answer to your own question," the prime minister replied. The Canadian leader and his wife are staying at the president's palace but their host is not due to arrive from the north until tonight.

QUEBEC (CP) — In the midst of traditional splendor the annual session of the Quebec legislature is to open Wednesday.

The boom of cannons, stately band music, and a guard of honor will greet Lieutenant-Governor Onesime Gagnon, dressed in a newly tailored gold-braided, scarlet uniform of civil service second class, when he arrives for the inauguration.

Premier Duplessis, in a formal morning coat, will receive his former cabinet colleague at the legislature building's main door following the inspection of the 100-man guard of honor on the legislature grounds.

It will be the first session inaugurated by Mr. Gagnon. He was appointed last January. The event is taking on a special importance for this old capital's social elite, expected to turn out in large numbers to honor the first hometown resident in years to hold the lieutenant-governorship.

Not all women give most of their waking thoughts to the problem of pleasing men. Some are married.

VALCOURT — (Special) — Three hooded men held up the Canadian National Bank for an estimated \$10,000 here this morning a few minutes after opening time.

The trio walked into the bank about 15 minutes after the 10 a.m. opening and ordered Raymond Rousseau, the manager to lead them to the vault.

They emptied the vault of its cash and four \$100 bonds, rifled the cashier's till and unsuccessfully ripped out telephone wires in an attempt to prevent communication with the police.

The men made their escape in a black and cream colored Ford sedan. Mr. Rousseau said he was not certain whether the car was a 1952-53 model or a 1955-56.

He said the men wore colored hoods with holes cut out for their eyes and were dressed in blue coveralls. They used pistols for the hold-up.

There were four other employees in the bank besides Mr. Rousseau. Sherbrooke's Provincial Police Sgt. Eugene Morin and Det. Marcel Dupont are investigating.

No Recognition Yet Of Red China — Diefenbaker

KARACHI — (CP) — Prime Minister Diefenbaker said today Canadian recognition of Red China "might be considered approbation of communism" by Asian countries now standing together against communism.

"We do not say recognition will never be given," the world-touring Canadian leader told a press conference on the first full day of a three-week tour of Asian Commonwealth members.

"But we do say we must take into consideration reactions that recognition would have on those who have stood against the march of communism in countries adjacent to Red China."

Both Pakistan and India recognize the Peking regime.

KASHMIR BARRAGE

Reporters also fired a barrage of questions — many of them loaded — about the Kashmir problem, where India and Pakistan have been at loggerheads for 11 years.

Diefenbaker declined to go beyond expressing hope "that in the community of discussion a mutually agreeable settlement can be reached."

He said Canada is concerned at the continuation of a dispute between two fellow members of the Commonwealth but that no problem is beyond solution.

Asked whether he would volunteer Canada's good offices, he replied that Canada always has shown willingness to conciliate but "sometimes volunteering is considered presumption."

ON TIGHT ROPE

In view of the fact that Diefenbaker will hold talks with Indian leaders next week following Saturday's conference with the new Pakistan prime minister, Gen. Ayub Khan, he declined to be drawn into statements that might appear to favor either side.

Tonight the prime minister will be the guest of Gen. Ayub at a formal dinner. He leaves Saturday for Lahore, the country's major centre of Moslem culture and education.

A typical press conference question on Kashmir asked why the Free World was silent at "injustice" in its midst while out-raged at injustice in the Communist world.

Colombo Nations Confident

SEATTLE (CP) — A co-operative alliance of 18 nations with no constitution, governing body or rules save helping the hungry of Free Asia, wound up a four-day conference Thursday night, confident of a progressive future despite setbacks in the immediate past.

The nations are those of the Colombo Plan, first conceived at a Commonwealth conference eight years ago for the economic development of the 700,000,000 people of South and Southeast Asia.

A communique Thursday night echoed the same aspirations as those of the founding meeting of 1950.

"The economic development of the less developed areas is a major challenge of our times," it said. "The peaceful evolution of world civilization requires that this challenge be met."

FIVE BILLIONS SPENT

Since inception of the plan the challenge has been met by some \$5,000,000,000 in aid from the donor countries — the U.S., Britain, Canada, Australia, New Zealand and Japan.

Canada, playing a major role from the start, has contributed

Anglicans Anxious For Union

TORONTO (CP)—The Anglican Church of Canada wound up its executive conference Thursday, reaffirming a "firm intention and desire" for unity with the United Church of Canada.

The Anglican churchmen agreed to hold a two-day conference on union, probably in February, and voted to approach the United Church on the question of renewed unity talks.

"But," cautioned Rt. Rev. Kenneth Evans, bishop of Ontario, "we don't want the kind of union the United Church had in 1925." He and other speakers indicated the Anglican view was that the move towards union must be slow and cautious.

Commenting on reports that the United Church felt Anglicans were too slow in deciding about amalgamation, Bishop Evans told the closing session of the general synod's executive council:

"After the 1925 union of the United Church there were continuing churches, such as Presbyterians. We want a union which is complete and perfect."

LONDON (Reuters) — A British Overseas Airways Corporation Comet jet airliner — the first on a scheduled daily service across the Atlantic — touched down at London airport from New York at 7:29 a.m. today, seven hours and 14 minutes after takeoff.

A BOAC spokesman said the Comet carried 40 passengers and flew at an average speed of 495 miles an hour.

Show Business

By BOB THOMAS

HOLLYWOOD (AP) — It probably didn't cause a ripple in the motion picture industry that the Erwin Street School Parents-Teachers Association of Van Nuys, Calif., passed a resolution condemning the current movie ads.

But it's a straw in the wind, Hollywood. The film ads seem to some parents to be going overboard in stressing the sensational and horrific. Any film with even a hint of sex is hailed as a "youth gone wild." Where will it all end?

Another curiosity to me is the misrepresentation in some ads. I suppose it is considered good salesmanship, but it makes you wonder.

CLOTHES APPEAL

Take The Matchmaker. It's an amusing comedy of 19th-century life but all the ads make it appear to be an up-to-date story. The characters are depicted in modern clothes instead of the period costumes they wear in the film.

The reasoning appears to be

H. And S. Assoc. Regional Meeting At Cowansville

COWANSVILLE. — The Home and School Association held a Regional Council meeting in the High School in the form of a panel discussion on "What Price Competition?" The four experts who considered the subject under subheadings were introduced by Moderator Stan Pergau of Sutton.

The first speaker, Col. Orrin B. Rexford of Foster, who has had wide experience in education, stressed the need for uniformity in dress, and from academic standpoint the need for examinations, for uniformity in standards.

To Rev. James Adamson, of St. Johns, went the task of discussing competition on the playing field. Three ends were cited: health, development of a skill, moral development or sportsmanship. Dangers, such as the failure of the weakest, the temptation to cheat or lose temper, were mentioned. "Team competition," he said, "is better than individual competition."

Gordon Bown, vice-principal of Cowansville High School, examined the topic under the heading After Graduation. This comprises the time before and during further training. "Competition brings about selectivity," said he. This applied even to purchases. "Are we sold the article or do we buy it?" asked Mr. Bown, who affirmed that education should train the power of selection, and teach the student to appraise his abilities.

The last speaker, Gerald Hawke of Farnham, pointed out that competition is a stimulus to action, that it is the law of life. Failure to compete results in extinction; suppression of individual characteristics has a communistic bent. Thus the "bad" side of competition was apparent.

Following a lively question period, the panelists were thanked by Mr. MacArthur, of Bedford. Expression of appreciation to the Cowansville Association was made by Mr. Ferris, of Farnham.

A committee has been set up to promote inter-school debating. Prior to the meeting there was a dinner for the regional president, panel members, presidents and their wives from Home and School Associations of the area.

All About Stamps

This is being written on the 11th and the writer has just finished watching the Remembrance Day ceremonies at Ottawa. As is usual at this time of the year I feel that in a world troubled by threats of war and disturbances of all sorts we should be all the more thankful for the jobs that we accomplished by the members of our Armed Forces. The Canadian Post Office pictured on the Royal Visit set of stamps issued in 1939, the War Memorial at Ottawa.

One of the least known, among Canadian collectors, is the stamp issued by France in 1936 which pictures the Vimy War Memorial. This handsome stamp, 75 centimes in value, was engraved by the distinguished H. Cheffer. There are actually two stamps in the set. The other value is 1.50 francs, and the date of issue was July 26. That year a pilgrimage was undertaken by a great number of Canadian veterans to Flanders. There were a number of well known men from the Eastern Townships in this trip. Those of you who received cards or letters from these men may be in possession of some valuable covers. King Edward VIII unveiled the memorial and there were ten photographic reproductions of views of or from the memorial, a beautiful set. These cards were available for posting at the memorial, and when posted there on July 26 will bear the two stamps, or one of each and imprinted stamps on the cards. There will be a special cancellation for the First Day of Issue. It is thought that there are only about 50 complete sets of cards bearing the imprinted as well as the actual stamps that bear the special cancellation. Doubtless, many single cards were posted as souvenirs, and if you come across one, keep it. This will add to your collection as well as remind you of that small part of Canada that exists in France as a Memorial to all our brave men who cannot share with us this abundant life in our world of today.

The Coaticook Stamp Club at their last meeting elected M. Woodman of Dixville as president for this year, and Mr. R. Miess of Sherbrooke as secretary-treasurer. A number of suggestions were offered about the possibility of increasing the interest in philately and the attendance at our meetings. You are urged to either contact the officers of the club by letter or by phone and tell them your ideas and your suggestions for better meetings and items for the benefit of all collectors.

The next meeting of the Coaticook Stamp Club will take place in Sherbrooke on Thursday Nov. 20 at Mitchell School. A program of interest to everyone will be offered and you are assured of a profitable evening. A good turn out would show the officers that you are willing to support them and stamp collecting in the Townships. There will be a regular feature of some sort at every meeting this winter. No more evenings when the lack of a program has perhaps caused you to debate about going to another gathering.

The Post Office Department in the United States will honor Alaska with a 7-cent commemorative air mail stamp to be issued at Juneau, when the territory becomes the 49th State in the Union. Since the actual date of admission must wait on a proclamation by the President, no date of first day sale can now be announced. The stamp would seem to be most attractive from the illustration and would be a good item to add to your collection on a First Day Cover. If you want a cover the

following procedure must be followed, or you can take the easy way out and buy one from a dealer. Send your covers any time now, they will be kept until the date of issue. Your request should be accompanied with a remittance to cover the cost of the stamps to be affixed, these covers must be addressed to Postmaster, Juneau, Alaska, and the outside wrapper marked "First Day Covers" Alaska Statehood stamp — Hold for release and don't forget to place a sticker in each cover. By the way, what two other U.S. commemoratives have focused the attention of the world on the new state?

Special services of thanksgiving will be held at 11 a.m. and 7 p.m. when the Archbishop of Quebec, the Most Reverend Philip Carrington, will be the guest preacher. He will also administer the Sacrament of Confirmation at the evening service.

Another significant event will follow the evening service when a parish gathering will be held in the Memorial Hall for the purpose of burning the hall mortgage.

The Parish of St. Peter's traces its history to the year 1822 when the first Anglican service was conducted in Sherbrooke by the Rev. Clement Fall LeFebvre, probably in the home of W. B. Felton, one of the earliest residents of Sherbrooke.

The first church building was completed and consecrated in the year 1830 and stood on Bank Street overlooking the Magog River.

In the year 1844 a second church was completed on the parcel of land where the present church now stands and it was in this year that Sherbrooke was established as a separate parish district from Lennoxville.

From these early beginnings the parish continued to grow and expand until in the year 1899 the Vestry undertook the construction of the present church which was duly completed and consecrated on March 18, 1902, the Feast of St. Edward, King and Martyr.

The consecration service was conducted by the Right Reverend Andrew Hunter Dunn, Lord Bishop of Quebec, assisted by The Right Reverend George Thorne, Bishop of Algoma, a former rector of St. Peter's, and Archdeacon Roe. The rector of the parish during this period was the Reverend George Dumbell, D.D.

The present church has served the parish admirably during the past 56 years and has been consistently improved and embellished by memorial gifts and in other ways.

During the past year extensive restoration has been carried out on many parts of the building. The foundation and brickwork were strengthened and resurfaced, the floors were given new supports and were re-finished, the church was re-wired and a new lighting system installed, the choir rooms were entirely reconstructed and painted, the

Proprietors League Joins In Criticizing School Board Plan

The decision of Sherbrooke's Protestant and Roman Catholic School boards to appeal for a one percent boost in the retail sales tax for education purposes is being greeted with growing opposition.

An official application to raise the sales tax to two percent will be submitted to the next session of the Quebec Legislature which opens next Wednesday.

The Roman Catholic School Board officials were told by the Quebec Department of Education that their budget would be adopted provided they applied for a tax increase.

Anticipated deficits this year for the Roman Catholics are expected to be \$348,000 while the protestants estimate theirs at some \$20,000.

Should the tax increase be granted, the extra revenue for the Roman Catholics is placed at \$314,000, for the Protestants at \$35,000. Both would benefit from the increase because they share a joint charter.

The one per cent hike would probably go into effect in either March or April, 1959.

OPPOSITION

Mayor Nadeau, in a press conference yesterday, said he had no comments to add to a declaration he made Oct. 30 in which he declared he would oppose any move to increase the tax.

At that time, the mayor said:

"I think taxes are high enough in Sherbrooke without adding one percent. The province's Education Department provides grants for school construction."

"School commissions that make appeals to Quebec for grants have always obtained about 100 percent of what they have asked without going to the public."

PROTEST

The mayor said the question would probably be discussed at Monday's council meeting.

He said he did not know whether the city would send legal representation to protest the application in Quebec.

J. A. Fortier, president of Sherbrooke's Proprietors' League said his organization considered the increase injurious to local commerce and industry.

He said if the school commissions had been successful in their attempts to contest the city's valuation role on machinery, the city could not have obtained the important industry which is scheduled to settle in Sherbrooke and which will employ between 800 and 900 employees.

The five percent sales tax, he said, already represented a considerable sum for the people at the end of the year.

Mayor Prepared To Meet University Drive Heads

Mayor Nadeau said yesterday in his weekly press conference that he would be willing at any time to meet the officers of the \$4,000,000 University of Sherbrooke fund-raising campaign in a private interview.

"If they request an interview," he said, "they will not be refused. I am ready at any time to discuss the city's finances with them."

At last Monday's council session, he told a delegation of campaign officers that the city could not grant them the \$250,000 donation they were asking.

The mayor repeated the remarks he told the delegation Monday evening.

"I have nothing to add to what I said that the city cannot give more than its means will permit."

\$100,000 GRANT?

Asked if he were willing to endorse a \$100,000 grant to the drive, the mayor answered, "The decision is up to the council and not the mayor."

Should the council grant \$100,000, would that mean a loan bylaw and a referendum? The mayor was asked.

"The grant decided by the council will definitely be taken from the budget itself. These grants are always paid over a period of years."

Citing the city's grant of \$100,000 to the Fair Share campaign of the St. Charles Seminary several years ago, the mayor noted the amount is being paid over a 10 year period at \$10,000 a year. This amount has not been paid in full yet.

Elsewhere, it has been said that at least two aldermen have indicated their approval of a \$100,000 grant.

One alderman will probably suggest at next Monday's session, when the question is again expected to be discussed, that the university grant be given in \$5,000 yearly shares until the Fair Share grant is paid. Once the Fair Share grant is ended, the university grant would then be

NOT DISCUSSED

Mayor Nadeau pointed out that the question of the university grant had not been discussed in committee at last Monday's session.

"We finished our meeting at 1:45 a.m. and we had a heavily loaded agenda to go through."

"However, it's possible that the question will be discussed next Monday."

Asked if reporters would be permitted to the discussion the mayor said:

"It's a public affair."

Another Try

Waterloo Again In County Fair Ranks

Once again Waterloo will have its county fair, it was announced yesterday at the Annual meeting of the Eastern Townships County Fairs Association, held in the Sherbrooke Hotel.

The fair board of Waterloo decided not to operate last year.

At the same meeting, Lawrence Horner of East Farnham, was elected president of the Association while Lloyd Hunt of Sawyerville was elected vice-president. Miss A. Linahen of Richmond retained her post as secretary-treasurer.

Other members of the executive are as follows: Dr. Ephrem Jacques, Turner Colit, A. T. Smith, Tom Ride, Walter Hunter, L. J. Whitcomb, M. J. Jolin, C. H. Soule, D. L. McCarthy, G. Winzer, W. G. Hodgman, Curtis Ross, W. H. Bishop, W. G. MacDougall and George McClay.

Most of the morning session was taken up by the election of officers and the establishing of the tentative dates for the 1959

Mr. Fortier noted that large sums are voted for education purposes every year by the government and before imposing tax increases, the school commissions should press for its share in grants. Before increasing the sales tax, the commissioners should wait until the end of the year to find their real deficit.

A special meeting of the Chamber of Commerce's directors and members of the civic affairs committee has been called for Monday at 4 p.m. to discuss the proposed increase.

Local MP Studies Quota System To Aid Canadian Textile Mills

To Start Commerce Building

Mr. Irene Pinard, P.D., rector of the University of Sherbrooke said yesterday that the administration council of the university has authorized the construction of the new building for the Commerce faculty. Work will begin within the next few weeks.

Mr. Pinard added "this decision was reached because of the results obtained in the subscription campaign."

Charles Emile Belanger, C.A., dean of the Commerce faculty, said that he was "very pleased" at the news and that construction of this building had become a great point of public interest since 133 students following the curriculum were looking for Catholic School Commission building and are using a section of the municipal library which the city leases to them.

Three Injured In East Ward Traffic Crash

Three people were injured in Sherbrooke during the past 24 hours as a result of traffic accidents. None of the victims was critically hurt.

In the most serious condition Mrs. Romeo Allard, 59, Ascot road, was taken to the Hotel Dieu suffering from abdominal injuries and probable fractures of the knee and forearm, as the result of a "crash this morning at about 9:00 a.m. at the corner of Council and 5th Ave."

Her husband, slightly injured in the same accident, is in the same hospital.

The driver of the other vehicle, Emmanuel Morissette, 23, of Bromptonville, suffered slight cuts to the right hand.

Meanwhile, Sherbrooke police are searching for a hit-and-run vehicle. Last night the car in question knocked down Irene Adam, 970 Princess St. Mr. Adam was walking along the side of the road when the accident occurred. He suffered only bruises and a shaking up.

The possibility of instituting a quota system to limit the importation of textile products into Canada is being studied by Maurice Allard, MP for Sherbrooke, the local member stated in a declaration issued today.

"Always concerned with the textile problem, I am now studying quota formulas in connection with imports coming into this country," he said.

"It is likely that increasing tariff rates will in themselves solve the problem. There is also the problem of the quantity of merchandise produced and the Canadian consumption."

"In connection with a formula for 'quotas,' I am awaiting detailed information on the way they are applied in other countries and also in our own country in certain cases, such as in the agricultural field."

"It might be suggested that the Canadian Government would not permit imports from any country above a certain percentage calculated on the basis of imports over a three or five year period. For example, in connection with Japanese imports we might adopt the years 1950-51-52 as the base period, taking an average for these three years."

A survey he conducted during October indicates a substantial improvement in the operations of the textile plants in Sherbrooke, Mr. Allard continued.

During the past months, the firms reporting worked on the following basis, with the percentages for January 1958 in brackets: Bruck Mills, 100 (100); Carnegie Locknit, 100 (80); Charmeuse Hosiery, 100 (50); Domil, 85 (70); Dominion Textile, Sherbrooke branch, 95 (70); National Thread, 80 (80); Glenhill Knitwear, 100 (40); Julius Kayser, 100 (100); Orient Hosiery, 100 (75); Paton Mfg. 75 (50); Sheer Silk, 100 (Not available); Vesun Mills, 100 (25); Triocetex, 80 (50).

Under the auspices of Bishop's Literary and Debating Society, on "The present state of Canadian Letters."

Born in Sherbrooke, Mr. Frye was ordained at the University of Toronto in 1936 and went on to receive his M.A. from Merton College, Oxford in 1940. In a swift rise to the top of the Canadian literary scene, he taught English at Victoria College, became professor there in 1947 and succeeded to the chairmanship of the English department in the summer sessions of Princeton, Harvard and Columbia universities.

Rev. F. A. C. Doxsee Speaker At Plymouth Anniversary

Anniversary services will be held in Plymouth United Church on Sunday, both morning and evening. The morning service at 11:00 o'clock will be broadcast over Station CKTS. The guest preacher at both Services will be Rev. Francis A. C. Doxsee, B. A., Minister of St. Anne de Bellevue United Church and Lecturer at Macdonald College. Mr. Doxsee was pastor of Plymouth Church from 1938 - 1945 succeeding the late Dr. Ellyer Read.

One of the oldest United Church congregations in the Eastern Townships, Plymouth Congregational Church, as it was then known, was founded in 1835. The present building located on Dufferin Avenue at the foot of Montreal Street, with its Colonial style architecture and stately white columns, is over one hundred years old and stands out as a

landmark in the heart of a busy City.

Participating in the evening service at 7:30 will be the Ministers of St. Andrew's Presbyterian Church; the Baptist Church; Trinity and Sangster Memorial United Churches together with their congregations. Special Anniversary music, under the direction of Jack Evans, organist, will be rendered by the choir.

Bishop's And Sherbrooke To Stage Joint Carnival

French-speaking students of the University of Sherbrooke will combine with Bishop's in a joint winter carnival this year. At a meeting Wednesday night, Bishop's students voted against combining in all aspects of the three-day carnival, which includes an ice-cream night at the Sherbrooke Arena, a winter sports day at Hillcrest and a Carnival Ball to be held in the Sherbrooke Armory, but the two universities will join in attending and be responsible for Thursday night's ice-cream program and Saturday night's climactic Carnival Ball.

Circumstances were an important factor in prodding Bishop's to make the move. The carnival dates had to be pushed back one week because they conflicted with the Lenten season in which it is against university policy to allow organized dancing. The new dates chosen by Bishop's placed them in a situation where they would have to compete with the University of Sherbrooke in renting the Sherbrooke Arena and the Sherbrooke Armory.

At an Association meeting last week some students denounced the move with the idea that the distinctive idea of a Bishop's Winter Carnival would be ruined but their objections were smothered in an overwhelming vote in favor of the move.

Student President Ray Jensen said he was very happy with the results of the vote.

Ronald Marcoux, main factor in Sherbrooke University's bid to hold its first winter carnival, says that this will be an opportunity of organizing something important, not only for the students, but for the Sherbrooke people.

The administrations of both universities have solidly backed the move.

Richmond Group Is Organized By National Union

RICHMOND — Roger Trudeau was named President of a newly-formed group in Richmond the National Union Association which comprises the municipalities of Richmond, Melbourne and Cleveland.

Over 80 persons formed this association. The meeting was presided over by Dr. Ephraim Jacques, Mayor of Cleveland. Vice-presidents of the group are B. Flemming, of Melbourne, and W. Viger, of Cleveland. George Henri Poulin of Richmond is secretary. Directors named were Gaston Fontaine, of Racine, Jean Paul Brouillette, of Richmond, Lucien Cormier, of Richmond, Charles Emile Lagueux and Lucien Cormier, of Richmond. Other members of the executive will be named at a later date.

Dr. Jacques was pleased with the turnout and lauded the encouragement given him by the members and stated that he will be in the ranks as candidate at the next convention, if one is held.

Mr. Trudeau felt there was much enthusiasm by the co-operation of the members of the association and stated that through spirit and co-operation the members of the National Union will have a deputy or delegate at the next Quebec elections.

The president went on to say that much work is to be done by the executive and it was proposed that a women's committee be named at the next meeting. The forming of this association in these named municipalities should repeat in other towns and municipalities of the county and all will meet at a convention in the near future.

ET Get-Together Club Preparing For Next Picnic

The final meeting for 1958 of the E.T. Get-Together Club was held at the home of Mr. and Mrs. Wm. Warren, Toronto, with William Peak presiding. All expenses for the picnic held at Lake Pinhurst Park on July 1st, were paid and the books declared closed for the year.

Plans for the 1959 picnic will follow the lines that have made these annual gatherings of former E.T. folk now living in Ontario so successful. Circulars giving information about the picnic will be mailed as before, and names and addresses will be added to the list if sent to members of the Committee. Final details will be arranged at a meeting to be held late in April at the home of Mr. and Mrs. William Peak, Hannon, Ont.

Following the meeting, lunch was served by Mrs. Warren assisted by Mrs. Peter Sarasin of Toronto, and a social hour enjoyed before the members left for their homes.

Student Body Heads Planning Joint Meeting

The presidents of student councils in Quebec's six universities are to meet at the end of this month to draw up an agenda for their interview with Premier Duplessis on Dec. 2.

Claude Pinard, president of the Sherbrooke University Students' general Association, said yesterday no date has been definitely set but that the meeting would probably be held either Nov. 23 or 30.

A meeting of the Sherbrooke University students will be held next Wednesday, he said.

The date of the interview was received by Raymond Jensen, president of Bishop's University students' council, in a letter from the Premier.

Premier Duplessis' letter was in reply to a request for an interview in a joint letter by the six presidents dated November 10. "My colleagues and I are very happy with the Premier's letter," Mr. Pinard said.

The other presidents to attend the interview are Jean Cournoyer, of the University of Montreal; Roland Lamontagne, of Laval University; Roy Heenan, of McGill University; and Marvin Jay, of Sir George Williams. Students at five of the universities — excluding the University of Sherbrooke — staged a one-day boycott of classes March 6 in protest after the Premier repeatedly rejected attempts to arrange a meeting.

For more than a month after the orderly boycott, three University of Montreal students called at the premier's office in Quebec City every business day to ask if he had changed his mind about meeting with the student presidents. He had not.

Last Feb. 11, the students submitted a brief to the provincial government outlining problems and asking for greater financial aid for students and universities. They twice requested an opportunity to discuss the brief with the premier and, when the request was not granted, the one-day boycott of classes was ordered.

Prior to the boycott, Mr. Duplessis said he was still studying the original request for a meeting.

Buried Miners Live

BANCROFT Northern Rhodesia (AP)—Eight African miners, entombed 900 feet underground in a Bancroft copper mine since noon Wednesday, were reported alive Thursday. A rescue worker said he spoke to the eight men, all of whom were uninjured. Hot soup was passed to the men through a tube thrust down a two-inch drill hole.

Special Aid Brings Hope To Springhill

HALIFAX (CP)—The Nova Scotia government's announced program to aid disaster-torn Springhill, N.S. brought a glimmer of hope today for the town's plucky 7,000 residents.

Mayor Ralph Gilroy, who vowed through two disasters that his town would never die, called the government's plan to bring in new industry "ambitious and liberal."

Premier Stanfield announced Thursday, less than one day after Dominion Steel and Coal Corporation said it was abandoning its Springhill mine operations, that "special inducements" would be offered to attract new industry to the coal town.

Richmond Jaycees Induct Thirteen New Members

RICHMOND — The Junior Chamber of Commerce got its activity week off to a good start with induction of 13 new members at a supper-meeting held in St. Jacob's Hotel. This brings the membership to 82 and the organization hopes to make it 100 before the end of the present time.

Peter Cochrane presided over the meeting at which about 40 members were present. The regional president of the Bois-Blanc District of the E.T., Claude Brouillette, spoke on the work of the Jaycees, their organization, how the regional group is made up and its part in the organization. Mr. Brouillette was introduced by Roger Huckle, treasurer of the local group, and the reply was made by Paul Delaney, past-regional president.

Reports were made by each committee and the honorary president, Pro-Mayor Alfred Geoffroy, spoke briefly to the new members, saying they should take an active interest in affairs of the town and help make it a growing community.

The week's activities included a visit to Montreal Wednesday and a dance at the Roadside Pavilion Friday night. The Jaycees will hold a banquet at the Richmond Hotel Sunday night with guests representing other groups in the province.

New members at the meeting were: Guy and Gilles Lefebvre, Gerard Dessert, Henri Collard, Paul Lefebvre, Denis Dubois, Thomas Maurice, Rene Letourneau, Andre Lupien, Jean Guy Cote, Andre Duplessis and Denis Girardin.

Also attending were Jean Paul Brouillette, alderman, George Henri Brouillette, George Tremblay, Roger Trudeau, Dr. Jean Smith, Gilles Marcotte, Roger Cameron.

Lives On 'Trust'

VANCOUVER (CP) — Leaders of the radical Sons of Freedom Doukhobors in a letter to The Sun say their spiritual leader, Stefan Sorokin, "has never let us down." The letter is the answer to a series of articles carried by The Sun after a staff reporter Simma Milner Holt visited the 56-year-old Sorokin at his home in Uruguay. He was pictured as living a life of luxury, supported by funds sent by his 2,500 followers in British Columbia.

ST. PETER'S

Continued from page 3

Now, seven years later, due to generous contributions from parishioners, to hard work by St. Peter's Guild and St. Faith's Guild and to several memorial gifts and legacies the Memorial building stands free of debt and adequate to fulfill its purpose in St. Peter's Parish.

The Archbishop will be present for the mortgage-burning ceremony, as well as the Ven. Russell Brown, former rector of St. Peter's and now Archbishop of Quebec, under whose guiding and tireless efforts the Memorial Hall became a reality.

Dairies Plan To Drop Wednesday Milk Deliveries

In keeping with a national labor trend and to permit dairy employees to benefit from a five-day week, milk distributors in the City of Sherbrooke have arrived at a decision that no milk will be delivered on Wednesday.

The decision was taken so that dairy employees may enjoy a five-day week without an increase in the selling price to consumers.

Housewives are urged by the local dairies to cooperate by buying enough milk and other dairy products on Tuesdays to tide them over to Thursdays. This decision is to be effective Wednesday, Nov. 19th.

more than \$230,000,000. Now she is boosting her annual contribution to \$50,000,000 from \$35,000,000 to keep major projects going in India, Pakistan and elsewhere.

External Affairs Minister Sidney Smith, who headed Canada's 1-man delegation to the ministerial conference on the committee meetings, expressed confidence in the plan's future and echoed the feelings of other delegates in saying that so long as hunger stalks the earth, there also stalks the danger of war.

Secretary of State Dulles, who chaired the ministerial meetings, said the plan has become "a symbol of the economic aspirations of countless millions of people."

ADMITTS TROUBLES

The communiqué admitted there had been difficulties because of adverse weather, poor crops, inflationary pressures and declining exports in some areas. But the conference was confident that the setbacks "would not reverse the forward movement of economic development as a whole."

"Progress continued to be made at a substantial rate in such vital economic sectors as industrial capacity and improvement of basic facilities, including roads, irrigation and land reclamation." The 1959 meeting will be held in Indonesia.

The memory you left will never die.

Always remembered by daughter and son.

The
Doctor
Says

**MEDICINE CANNOT WHITEN
SKIN OF PERSON WHO IS
NORMALLY DARK**

Why we are what we are is always something a bit mysterious. I am of Armenian extraction and have a rather dark skin and complexion. Several doctors say I am in perfect health. Therefore, I feel my dark complexion is due to an hereditary strain and not a physical disturbance. I have read that the skin color is determined by the amount and state of melanin pigment in the skin. My question is whether this can be changed by drugs or X-ray treatments to give me a whiter complexion.

A—It is correct that the skin color is determined by the chemistry of the skin, principally the pigment melanin. This in turn is determined by hereditary factors and by environment. A whitish skin becomes browner by the deposit of melanin when exposed to the sun. This is called tanning. I do not, however, believe that there is any drug which can be given safely to whiten the skin. The attempt to do this by means of X-ray treatments would be highly dangerous.

Q—Twenty-one months ago, at the age of 52, I suffered a blood clot in the brain as a complication of childhood rheumatic heart disease. The accident occurred at night and paralyzed my entire side. To date almost all the affected parts have returned to normal, or nearly so, except my arm and hand. What would cause my arm to be so lagged and what chances do you think I have of recovering its use at my age?—M.

A—It sounds as though the clot exerted only temporary effect on portions of the brain controlling your left side, but may have permanently damaged that portion which controls the left arm and hand. That seems to be the most likely explanation for the failure of the left arm to recover as did the rest of the left side. Under the circumstances one cannot be too optimistic about the degree of recovery of the arm. But it may get better, and you should certainly keep on trying with such medical advice and assistance as can be obtained.

Q—Please say something about the treatment for a varicose ulcer which is near the ankle. It is painful at times. I am 70 and have tried several kinds of salves.—M.S.F.L.

A—A varicose ulcer at any age is not a condition on which to try home remedies. The best treatment is prevention; that is, treating the varicose veins which lead to an ulcer before they have gone so far as to cause such serious difficulty. In an instance such as this where an ulcer has already developed, you should obtain expert advice and treatment. But I fear you are likely to have periodic trouble in spite of everything which can be done.

Helen, Mrs. Kenneth Johnston, of Bulwer.

In addition to his wife and children, Mr. Forgrave leaves two sons-in-law, Hazen Lowry and Kenneth Johnston, and a daughter-in-law, Mrs. John McBurney, 12 grandchildren and 3 great-grandchildren. He was predeceased by a sister and four brothers.

Prayers were held at the home by Rev. H. Fraser, of Sawyerville, followed by the funeral service in Sawyerville United Church. A favorite hymn of the deceased, "Unto the Hills" was sung by the Sawyerville choir and a duet "In the Garden" was rendered by Mrs. Claris Phillips and Mrs. C. Kendall.

Bearers were four nephews, Gordon Forgrave, Dwight Forgrave, Irwin McBurney and Kenneth McBurney, and two brothers-in-law, Donald MacRae and Andrew MacRae. Burial was in East Clifton Cemetery.

Among those present were: Lt. G. Forgrave, Shearwater; F.C. Duane Lowry of the R.C.A.F., Toronto; Mr. and Mrs. Daryl Lowry and family, Middlebury, Vt.; Miss Dawn Lowry, Brownsville, N.Y.; Miss M. MacRae, Brooklyn, N.Y.; Mr. and Mrs. Andrew MacRae; Mr. Roy MacRae and Mr. David Forgrave, Montreal; Mrs. Anne Patterson, Miami, Fla., and many others from the surrounding districts.

VALE PERKINS —
The Vale Perkins W.A. of the United Church met with Mrs. R. Knowlton. The next meeting will be with Mrs. Maurice Cota on December 5th.

During the repose of the remains at her late home many friends called to pay their respects and the flowers, both numerous and beautiful, showed the esteem in which she was held.

Eye Appealing Simplicity

TURNABOUT — A daytime classic, styled in cashmere soft "Vocama", a brushed Arnel jersey. The convertible collar is circled with matching beads, and the waistline returns to normal. The fabric may be hand-washed, needs little ironing, will not crease.

Beauty Tips

Length of nails depends on what one does. Women who type or are active in sports need to keep their nails reasonably short. Hand shape also helps determine a flattering length. Surprisingly, long nails do not make short, blunt hands appear longer and more graceful. But long nails do complement long, slim fingers.

Homemaking

True sportsmen ignore the weather. And then someone has to chase away their colds and aches and pains. For ice fishing enthusiasts, a good water-resistant insulating seat helps ward off chills. Carry a sheet of plastic foam, for sitting, and also for keeping feet off cold, moist ground.

Fashion

The pendant earring is back in favor this fall and winter, done in glittering rhinestones of sparkling waterfalls of color.

Paris fashions are buttoned up with great big buttons this fall. Some are nearly two inches wide, in jet or marble or onyx.

Evening gloves in the long length take on the added beauty of embroidery for fall and winter. Some have the embroidered motif at the top and some have it running the length of the glove.

Great big handbags in floral tapestry are a pretty contrast for the coat, suit or dress in a dark, solid color.

MANNERS MAKE FRIENDS

The hostess who wants to make her guests feel really welcome in her home takes time to give each arriving guest her undivided attention. A thoughtless hostess waves a guest to a chair with her mind obviously on something else.

It makes the guest feel as though it wouldn't have mattered if he hadn't come to the party.

Stuffed Onions In Hamburger Hoops

With this recipe, we hail rice as one of the most versatile of all foods! Here it's a stuffing as well as a meat extender. Tender cooked onions are hollowed out and filled with rice and green peas. A savory rice and ground beef mixture is pressed up and around the onions. This is an award winner — our candidate for an "Oscar".

INGREDIENTS:
6 large mild onions (about 3½ ins. in diameter)
2½ cups cooked white rice
1 teaspoon Worcestershire sauce
½ cup canned tiny green peas, drained
1½ teaspoon black pepper
5 tablespoons milk
1½ lbs. ground beef
1 egg
1½ teaspoons thick steak sauce
1½ teaspoons salt
6 small slices American cheese

METHOD: Remove the brown skins from the onions. Simmer the onions until tender. Drain. Cool. Cut a large hole in the tops of the onions. Cut down

into the onion to remove the center. Leave a substantial wall of 2 or 3 layers of onion. Mix together 1½ cups of the rice, Worcestershire sauce, green peas, ½ teaspoon of the black pepper and 3 tablespoons of the milk. Fill the onions with this mixture.

Mix ground beef, 1 cup of the rice, egg, steak sauce, salt, ½ teaspoon of the pepper and 2 tablespoons of the milk. Form into 6 equal-sized balls. Place on a well greased large shallow baking pan. Flatten into meat patties large enough to hold a stuffed onion. Place an onion in each hole. Press the meat up around the onions to within about ½ inch of the top. Bake in a preheated 350° oven for 15 to 20 minutes or until the meat is done. Cover the rice filling with cheese. Heat until cheese melts. Serve with a hot tomato sauce, mushroom soup sauce or gravy made from drippings. This recipe makes 6 generous servings.

Compliments to Daughter Can Encourage Maturity

A mother writes: "My husband keeps telling our 14-year-old daughter how pretty she is, and I'm afraid he is going to spoil her."

"When I tell him he is going to make her conceited he just laughs and says, 'It never hurt a girl to know she's pretty.'"

And he's absolutely right — especially when the knowledge comes first from her father.

A teen-age girl needs a lot of reassurance to ever believe that she is something special. An admiring father can give her that assurance, without much danger that she will ever let his compliments make her conceited.

And there's this to remember. It isn't usually the girl whose father makes her feel pretty special whose head is turned by the first boy who hands her a line.

If you are really afraid your daughter's head will be turned by her father's telling her how pretty she is, ask him to notice and comment on some other of her good qualities and accomplishments.

If his compliments sometimes refer to the good sense she has shown in making a decision, on something she has done around the house, or on her good grades she'll realize that looks aren't all that count, even though they are important to a girl.

So don't try to make your husband board his compliments. Just

suggest that he spread them out to cover other things than his daughter's attractiveness.

Remember that compliments bring out the best in us far more often than they bring out the worst.

You might even try paying your daughter some compliments yourself. After all you think she's pretty, too, don't you? Then why not tell her so?

Ticats Leave For Ottawa With New Offense; Bench Has Clair Worried

Radical Change In Our Offence, Says Coach Jim Trimble, Attack To Blend A Little Fancy And Plain

HAMILTON, Ont. — (CP) — Hamilton Tiger-Cats trooped aboard a train for Ottawa Thursday night, armed with a new offence for the first game of the Big Four football league finals against Ottawa Rough Riders.

The players originally planned to fly to Ottawa but coach Jim Trimble decided against waiting for today's plane because of the uncertain weather.

The first game of the two-game, total-points final is at Ottawa's Lansdowne Park Saturday. The second is back in Hamilton the following Saturday. The winner meets the Western Interprovincial Football Union champions at Vancouver Nov. 29 for the Grey Cup and the Canadian pro championship.

"I'm quite sure you'll find a radical change in our offence," Trimble said Thursday before the team departure.

"Our attack will be a blend of the plain and the fancy. We won with the plain last year and had good success with the fancy this year. We'll have to work hard with both against Ottawa."

Trimble appeared confident. He said his men were in fine shape physically for the grind but "of course we won't know how the boys are mentally until game time."

Six Horses To Start In Final Leg Of \$75,000 American Pacing Classic; Joe O'Brien Pulls Shadow Wave Out

INGLEWOOD, Calif. (AP)—Six contenders will meet in the scheduled final leg of the \$75,000 American pacing classic at Hollywood Park Saturday.

Larochelle Tops Windsor In Richmond Darts

RICHMOND — The Larochelle Club of Asbestos, current pacesetters in the Richmond Darts League, have done it again. They posted their tenth straight win when they downed Windsor Mills 25-15.

Albert Martel's squad is a happy lot with this victory under their belts. No one seems to be able to beat them but Windsor came close when after three rounds they had the Martel squad trailing 11-13. Then the roof fell in on the Paper Makers when the mining town crew took the last two rounds 7-1.

This spelled finis to the Joe Gillis team and the pacesetters for Larochelle were three four-round winners. Gilles Labonte with Benoit Hine and Roger Perreault with Tom Grimard. Four others dropped only two rounds with one team losing four straight.

Best for Windsor were two with three rounds. Vern Dubuc, Ian Muir; Joe Gillis-Maurice Sears, L. Ouellet and C. Robinson lost five games. R. Fredette and R. Langlois won only the first round, losing four straight. Two games are on tap for tonight when Asbestos Hotel meets Trenholm at the Brunswick Hotel and Valcourt travels to Asbestos to clash with Larochelle.

But the climax of the rich sulky feature may not come until next Wednesday, closing day for the Western Harness Racing Association meeting.

The classic is run off on the basis of the best two of three heats. Widower Creed, last year's winner, won the first leg.

Little Joe O'Brien drove Shadow Wave to a stunning triumph in the second leg with a track record time of 1:56 3/5. However, the three-year-old came out of the affair a little lame.

SCRATCHED FROM THIRD
O'Brien, from Alberton, P.E.I., and New Glasgow, N.S., declared Shadow Wave out of the third leg Thursday. He said: "I'm terribly disappointed that Shadow Wave is unable to make it up to the race but he just isn't fit enough to tackle those tough, older horses."

If Widower Creed wins he will be the champion pacer of the meeting. If another horse wins, there will be a race off Wednesday.

O'Brien said there was a good chance Shadow Wave might get into a race off because of extra time to rest. Saturday's field lists Gold Worthy, Dottie's Pick, Belle Acton, Diamond Hal, Libby's Boy and Widower Creed.

Little Big Four Football League Holds Closing

The top photo shows the champion Alouettes of the Little Big Four Football League and the Tip Top Trophy which they won for winning the crown. Coach Mike LeProhon is seen on the right in the back. The players are, Don Charlebois, Louis Cote, Claude Dorey, Chris Evans, Jacques Forest, Jean Garneau, Gerald Goodard, Ron Rondeau, David Simms, Gilles Vallee, Denis Vermette, Fern Gilbert, Russell Marois, Denis Mills, Greg Mutchler, John Mawhood, Jack McNeil, David Nutbrown and Guy Pelletier.

The lower photo shows the individual trophy winners, members of the league executive and the donors of the various trophies. In the front on the left is Claude Pelchat, top scorer, coach Mike LeProhon of the Alouettes, captain Gilles Vallee and Ned Lynch, best linemen on the loop. In the rear are Bill Hammond, Lorne Campbell, Izzy Eichenberg, Jacques Marechal, Al Caplan, Ken Jackson and Jeff Wilson.

Over one hundred people attended the presentation of trophies of the Little Big Four Football League at the Y.M.C.A. last night.

President Campbell welcomed the players, parents and guests and thanked all members of the executive for their splendid co-operation during the season. He had a special word of thanks for the coaches in the league. These men he stated were a big factor in the success of the league. Members of the press and radio along with the Police Dept. were

also thanked by the President for their help during the season.

Sergeant Roland Rousseau, representing Police Ed Moreau, complimented the league on the work they were doing for the youth of the city and wished the executive much success in the future.

After the delicious meal, served by the Y.M.C.A. Ladies Auxiliary, the presentation of trophies took place. To the Alouettes, winners of the league, went the Tip Top Trophy. This was

presented to Coach M. LeProhon by Jacques Marechal representing Mr. Laliberte. The Al Caplan Trophy to the leading scorer was won by Claude Pelchat and was presented by Mr. Caplan. The Izzy Eichenberg Trophy for the best line man went to Ned Lynch and was presented by Mr. Eichenberg.

Members of the executive attending the dinner included Jeff Wilson, Ken Jackson, Jim Strickland, Hally Evans and Bill Hammond. Guests included Sgt. L. Rousseau, representing Police

Chief Moreau, Alderman Tony Pinard representing Mayor Nadeau, Gaston Lebrun, Parks Superintendent, Gordon Breen, Radio Station CKTS. J. G. Pinel, La Tribune, Ted Anderson, Sherbrooke Daily Record, Izzy Eichenberg, Jacques Marechal and Al Caplan.

In his closing remarks President Campbell paid thanks to Forest Keene for the use of the Y.M.C.A. for the event. The film of last season's Grey Cup was shown at the close of the dinner.

Hamilton's Reserve Strength Has Coach Clair Thinking Hard, Discuss Policy With Line Coach Bill Smyth

OTTAWA — (CP) — Coach Frank Clair, a frown on his brow and hope in his heart, is more than slightly worried by Hamilton Tiger-Cats' bench strength.

"After all, they finished first in the standings, they have more reserves and they'll be fresh Saturday," he said after sending his Ottawa Rough Riders through a light workout Thursday night.

The two teams meet Saturday at 1 p.m. EST in the first round of a two-game, total-points series to decide the eastern championship and representatives in the Grey Cup final in Vancouver Nov. 29. Second game of the series will be in Hamilton next Saturday.

Clair spent hours Thursday with line coach Bill Smyth going over films of past games with Hamilton, trying to figure ways of piercing the Ticats tough defence and of containing their strong offence.

Then, after a conference with the players, he had them running through some new plays and variations of old ones, to loosen up some of the stiff legs left over from Riders' semi-final victory in Montreal Wednesday. They walked Alouettes 26-12 in the sudden-death playoff.

Ticket sales to season subscribers for Saturday's game were heavy, with a lineup of as many as 500 at the club's ticket office. The players were in high spirits for the practice, still riding on the exultation from having broken a five-year jinx in McGill Stadium, Alouettes' home grounds.

"Everybody's fine but everybody's limping," said Smyth, Clair's inseparable sidekick. There are no serious injuries in camp.

"Those stiff legs will be okay by tomorrow," Clair said, adding that the team will hold another light drill tonight.

Ticats were scheduled to arrive by train today and were due to practise here in the early afternoon.

Winnipeg Blue Bombers Are Looking For Tough Battle With Eskimos In WIFU Final Which Opens Tomorrow

EDMONTON (CP) — Winnipeg Blue Bombers arrive by plane here today for the Western Interprovincial Football Union finals opener, and coach Bud Grant says he is looking for one of the best finals ever.

Both Bombers and Edmonton Eskimos planned brief workouts in the afternoon or early evening before resting for Saturday's game at 2 p.m. MST (4 p.m. EST). The second game of the best-of-three series will be held at Winnipeg Wednesday night and the third, if necessary, in Winnipeg Nov. 22.

The teams will be banging heads Saturday in cold and cloudy weather, with temperatures in the 20s, about five or 10 degrees below the seasonal normal. Some snow flurries are forecast, but winds will be light.

Bombers are well rested and healthy, having played their last game Nov. 1. Coach Sam Lyle's Eskimos have played two games since — defeating Saskatchewan Roughriders 58-12 in a two-game, total-point semi-final — and were left with halfback troubles.

MAY USE GETTY
There is talk that Lyle will throw in Don Getty, a Montreal native, as quarterback and shift Jackie Parker to the half slot. Getty first gained prominence in professional football when he took the controls under former coach Frank Ivy in the 1956 playoffs.

Weakness in the halfback position then brought Getty into play, and the same thing is possible

Bob Rosburg Fires 69 In Havana Open

HAVANA, Cuba (AP) — Bob Rosburg of Palo Alto, Calif., carved out a one-under-par 69 in gusty 30-mile-an-hour winds Thursday for a one-stroke lead in the \$45,000 Havana International golf tournament.

The paunchy Californian was the only player in the selected field of 43 to crack par-70 for the 7,000-yard Villa Real course. Favorite Sammy Snead dubbed a simple five-foot putt on the 18th green and finished with a 70. This put him in a three-way tie for second place with Doug Ford, and Marty Furgol.

Two "Hot" Boxers Clash Tonight As Tony Anthony And Sonny Ray Square Off In What Should Be Tough Battle

NEW YORK (AP)—One "hot" boxer probably will be cooled off tonight when favored Tony Anthony takes on Sonny Ray of Chicago in a 10-round match.

Anthony, top-ranked light heavyweight contender, has won six straight fights this year, five by knockouts. Ray, ranked sixth by Ring Magazine and 10th by the National Boxing Association among the 175-pounders, has swept nine in a row in the last 16 months. Tony is a 3-to-1 choice to keep his streak alive.

It's a risky fight for the 23-year-old New Yorker. He will collect about \$5,000 for the televised match just "to keep busy." A defeat by the comparatively obscure Ray would be damaging to Tony's light-heavyweight position and his heavyweight ambitions. A victory would add nothing to his prestige.

But Anthony is not ducking any opponents in his drive for a shot at heavyweight champion Floyd Patterson.

"We'll take those paydays as they come," said Anthony's manager, Ernie Braca. "The main thing now is to keep Tony busy."

Coach Gerry Plamondon And His Richmond Braves Face Montcalm Club In Exhibition Tilt At 9.00

RICHMOND — The Braves, members of the Eastern Townships Intermediate Hockey League, will play their first game of the season this evening when they will receive the visit of the Montcalm club of Quebec in an exhibition game.

The visitors will have a few former Richmond players in their lineup with Lucien Guérard and Raymond Letellier, who will be remembered for their smart play when they were members of the Braves.

Dr. Roland Bernier, manager of the team, with coach Gerry Plamondon have been keeping the boys on the move during the stiff workouts in anticipation for the league opener Sunday in Asbestos when they face the Metros.

This evening's tilt will give the home town fans an opportunity

of seeing their squad under fire for the first time. Gerry Plamondon hopes to have the majority of his players under contract by Sunday and following tonight's tilt he will have a better idea just how they will go.

Emile Beauchemin will be back in the nets while Pat Desrosiers, Jean Guy Houde, Maurice Bachand, Edgar Gendron, Ben Grenier, Jean Rousseau, Real Jacques, Rene Beauregard, Marc Parent, Jacques Beaudet, Claude Couture, C. Bannville, Ben Lapierre and Majella Dubois.

Several of the above named players have reached terms with Manager Bernier and it is hoped that rest will be in the fold by Sunday. Tonight's game which is an exhibition it is not necessary for the players to be under contract but they must be for the league opener.

Meteors Stopped 4-2 By Quebec Aces In Exhibition Tilt At Asbestos; Perron And Vachon Tally For Locals

ASBESTOS — The Meteors of Asbestos came up with a nifty performance last night when they held the Quebec Aces, of the Quebec Hockey League, 4-2 in an exhibition tilt here at the Civic Centre before some 700 odd fans.

Billy Forham was the big gun for the winners with his two goals while Anderson and Willie O'Ree accounted for the others. Paul Perron and Maurice Vachon were the marksmen for the Meteors.

The game was a clean affair as only one penalty was called and that went to Richard Champagne for holding in the first period.

Claude Bergeron, the Meteor's

goalie, was the star of the game and it was his outstanding work in the nets which held the score down. At the other end of the ice Al Millar, Aces' net minder, didn't have quite so much work but he was obliged to extend himself to block some very close ones.

Anderson and Forham came up with two beautiful solo rushes to tally their markers. Maurice Vachon helped the Meteors' cause as he tallied one and set up the other for his line mate Paul Perron. Marcel Forgues and Rejean each picked up an assist.

It will be the last exhibition game for the Meteors before the season opens Sunday when Asbestos will be at home to the Braves of Richmond.

First Period
1—Quebec, Forham (Cossette, Collins) ... 14:14
Penalties: Champagne, 2:59.

NFL Selects All-American College Squad

PHILADELPHIA (AP) — National Football League clubs will select what amounts to the pro's All-American college players Dec. 1 at their annual preliminary draft meeting here.

Commissioner Bert Bell announced Thursday that the 12 NFL teams will make their first four choices of the annual 30-round draft. In effect, those chosen are rated by the pro league as the 48 top college players in the nation.

The teams will select in the order of the standings after games of Nov. 30, from last to first place.

The balance of the draft will be concluded at the NFL's annual winter running for four days from the last Thursday in January.

Curt Russell Wins Copp Award

TORONTO (CP)—Curt Russell, 22-year-old centre and linebacker with University of Toronto Blues, was named the "most worthy" player in a vote of football team members today.

An all-star in each of his three seasons with Blues, Russell becomes the 23rd winner of the Johnny Copp Memorial Trophy. The award commemorates the Varsity football star of the early 1930s who died while still an undergraduate.

Russell is a native of Baltimore, Md.

DUSSAULT SIGNS — Normie "Ti-Nomme" Dussault is shown discussing terms with Manager Bob Beaudry, on the right, and playing coach Gilles Dube. Dussault was awarded to the Sherbrooke Beavers at a special meeting held this week and will be uniform Sunday when the Dube squad opens the 1958-59 season at the Arena Sunday against Victoriaville Canadiens.

Sweden Calls Off Tilt With Kelowna Packers

STOCKHOLM (CP) — A fourth and final game between the touring Kelowna Packers and a Swedish hockey team was called off Thursday night.

The Canadian team leaves today for Moscow for a five-game exhibition series.

The Packers originally were scheduled for three games in Sweden. Then, in a last-minute change, the Swedes requested a four-game meet and the Canadians agreed. However, the plan fell through and the Canadians settled for a 2-1 win in games over their Swedish hosts.

Duke Snider's Knee Is Fine

LOS ANGELES (AP)—Dodger outfielder Duke Snider says the knee that gave him so much trouble last season is feeling fine.

Snider told general manager Buzzie Bavasi Wednesday that the fluid which accumulated in the knee, and required periodical draining during the season, has now disappeared.

National Hockey League Referees Have Rough Week; Terry Sawchuk Chases McArthur As Wings Win

It's been a rough week for National Hockey League referees.

Goalie Terry Sawchuk of Detroit Red Wings provided the trouble Thursday night as his mates clipped Bruins 3-1 at Boston.

Sawchuk blew his top when the red light blinked on to signal Don McKenney's goal at 10:51 of the second period. He stormed at the goal judge and lumbered out to centre ice to argue loudly with referee Dalton McArthur.

Sawchuk insisted the puck, which had bounced out quickly, had hit the goalpost. The officials wouldn't listen.

Teammates helped calm Terry down and get him back in the net. But then the loudspeaker announced a 10-minute misconduct against him and he burst out again, this time chasing after McArthur the length of the rink to bump hard against him.

McArthur managed to keep his balance and ignored Terry. The incident finally ended.

Tuesday night in Chicago winger Tod Sloan of Black Hawks, also enraged by a goal call, clipped rookie referee Matt Pav-

elich on the side of the head with his stick. He was tossed out of the game.

The Sawchuk incident took the spotlight off a rousing performance by Detroit's ace line of Gordie Howe, Norm Ullman and Alex Delvecchio. They dominated the scoring with a goal apiece and picked up four of the five Wing assists.

The win moved Wings into a third-place tie with Black Hawks and robbed Bruins of first place in the league.

Earlier this week Bruins and Montreal Canadiens had been playing musical chairs with the league leadership. Canadiens had it Monday, slipped to second when Bruins beat Hawks Tuesday, then regained it by whipping Toronto Maple Leafs Wednesday night.

HERSHEY BEARS FINE

HERSHEY, Pa. (AP) — Hershey Bears of the American Hockey League Thursday fined goalie Gil Mayer \$200 for refusing to report to Edmonton of the Western Hockey League. Mayer was to be sent to the Canadian team as an emergency replacement.

Mizell-Smith Are Spreading Gospel In Japan

TOKYO (AP) — Pitcher Wilmer (Vinegar Bend) Mizell and catcher Hal Smith of the visiting St. Louis Cardinals have combined baseball with spreading Christian doctrine during their tour of Japan.

In almost all major cities visited by the Cardinals on their current good will tour of Japan, Mizell, 28, and Smith, 17, have taken time out to speak to Baptist groups on their Christian experiences. Both are active Baptist laymen.

"We packed the church in Hiroshima," said Mizell. "The Japanese people seemed interested in what we have to say."
