STRIKE AT LIVERPOOL OFF.

Municipal Tramway Committee Will Reinstate Men.

SETTLEMENT WILL AFFORD MUCH RELIEF TO BUSINESS MEN.

London, Aug. 25.—The municipal street railway committee at Liverpool yesterday decided to reinstate the strikers, thus ending the labor troubles in that city. It took the committee nearly three hours yesterday afternoon to make up their minds to yield to the demands of the strike committee that no discrimination be shown against the strikers returning to work.

Sixty-eight thousand men, who are still on strike at Liverpool, awaiting yesterday's decision on the part of the street railway committee, will now return to work. George Ranken Askwith, of the Board of Trade, was with the street railway committee for twelve hours, finally overcoming their objections to taking back certain of the strikers.

There has been considerable tension in Liverpool throughout the day and several attempts were made by rowdies to interfere with the street car service. The disturbers, however, were easily routed by the police. The settlement will afford intense relief to the business men generally, though the ship owners' committee is fearful that it will only influence further demands on the part of the strikers. Many trans-Atlantic liners will be released at the end of this week, as the shipping employees return to work. The Lusitania and the Adriatic will get away for New York today.

THE WEATHER LOCAL FORECAST.

JUDGE MULVENA HEARS MANY CASES.

Several Parties Did Not Pay the City Dog Tax.

WOMEN FINED FOR ASSAULTING A NEIGHBOR.—JUVENILE BEFORE COURT.

A number of cases were dealt with before Judge Mulvena. A complaint laid by Thomas Jones vs. George Harton for having caused damage to a cow upon the lawn and flower beds at the C. P. R. station was dismissed after hearing the proof. The Court held that there was no doubt of liability for damages proved before a civil court, but there was not sufficient proof of the wilfulness to make the defendant liable under the Criminal Code.

FINED FOR ASSAULT. In the case of Thomas Jones vs. George Harton for assault arising out of the same affairs, the accused was fined \$2 and costs or ten days in jail.

DID NOT PAY DOG TAX. In the case of William Bell vs. Charles Parkins for violation of by-law, No. 195 (the dog tax by-law) the defendant pleaded guilty to the charge and was fined \$2 and costs or ten days in jail.

In the case of William Bell vs. Peter J. and Paul A. Burge, for a similar offence, the defendant pleaded guilty and a similar penalty was imposed.

In the case of William Bell vs. William Pentecost on a similar charge the defendant had pleaded not guilty to the charge, but when the witnesses were called he withdrew his plea and pleaded guilty. A similar penalty was imposed. In all three cases the defendants are to pay the dog tax over and above the fine.

JUVENILE BEFORE COURT. William Henry Ferris, a juvenile aged 11 years, pleaded guilty to a charge of breaking into a trunk and stealing 85c in money therefrom. On account of his youth he was allowed to go on suspended sentence in the care of his mother.

BROKE A WINDOW. Albert Trepannier, a juvenile aged 17 years, was found guilty of creating a disturbance near the house of Mrs. William Couture and throwing stones through the window. He was allowed to go on suspended sentence upon paying the costs and upon his father giving surety for him to keep the peace for the next 12 months.

BONDS TO KEEP THE PEACE. William Couture was convicted at the same sitting of the Court of assault upon Amonada Trepannier, brother of the previous accused. He was allowed to go on suspended sentence upon paying the costs and upon giving bonds to keep the peace towards the Trepannier family for the next twelve months.

FEMALES BEFORE COURT. Anna Valliere, wife of P. Bilodeau, and Lizzie Valliere, wife of Philibert Dubois, both pleaded not guilty to a charge of assaulting and beating and causing actual bodily harm to Julia Gosselin, wife of Antoine Bilodeau. The evidence showed that the complainant had been thrown down and beaten and kicked in the face and on the body by the accused. They were each fined \$10 and costs or sixty days in jail.

PREMIER NOT AFTER HONORS.

Sir Wilfrid Laurier Says He Will Retire if Party is Defeated.

WOULD SEEK REST WHICH HE THINKS HE HAS GAINED.

St. Jerome, Aug. 25.—Sir Wilfrid Laurier announced here yesterday that in the event of his being defeated at the polls on September 21, he would not lead the Liberals in opposition, but would enjoy the rest which he considered he had gained.

The announcement came in the middle of a period, when the Premier was answering the Nationalist attack that service in the navy would be obligatory and that Sir Wilfrid had introduced the naval bill to secure further honors from the British Government.

Learning that the platform railing and facing a crowd of 3,000 electors of Terrebonne county, Sir Wilfrid said: "Ah, gentlemen, say I want honors. I have enough honors which I never sought and as for more honors I do not seek them. The King of England or the Governor-General cannot give me the greatest honor that I possess—the love of my compatriots. And the day when I will descend from my present position by popular verdict or by my own desire neither King nor ruler can offer me a greater honor than that of being a simple citizen of Canada."

Lowering his voice as the crowd craned their necks forward, Sir Wilfrid continued: "Rest to me now is a sweet thing. If I am defeated there will not be a word of reproach upon my lips and I hope that I will be able to render other services yet to my beloved country."

"But if I were twenty years younger instead of being on the verge of seventy years, I would again become leader of the Opposition. But as it is in my advanced age, I would not do so, but would seek the rest which I think I have gained."

OLIVER ASSELIN FOR ST. JAMES. Montreal, Aug. 25.—Mr. Oliver Asselin was unanimously nominated as the Opposition candidate in St. James (Continued on Page 8.)

FUTURE OF THE QUEBEC CENTRAL.

Speculation as to Effect of Deal Just Put Through.

Q. C. R. AND B. & M. MAY RUN INTO C. P. R. STATION.—MAY MEAN FURTHER DEVELOPMENT HERE.

Now that the Q. C. R. lease or purchase by the C. P. R. has actually been signed there is a good deal of speculation as to just what the effect will be so far as Sherbrooke is concerned.

There is, of course, no official statement available in this connection, and very likely plans are not fully matured.

Many believe that it will not be very long before Q. C. R. and B. & M. trains will be running into the C. P. R. station. The Q. C. R. would get connections with the C. P. R. either over the trestle or by a new line from Ascot to Lennoxville. It is reported that the C. P. R. may remove its entire dispatching staff from Farnham to Sherbrooke and that the acquisition of the Quebec Central may result in the C. P. R. establishing their divisional point here.

The statement of Mr. Walsh yesterday that the development work in connection with the Q. C. R. will not be interfered with is received with satisfaction by the public.

The extent of the interest of the N. Y., N. H. and H. Ry., if any in the Q. C. R. deal has not developed. The general opinion is that it does not go beyond some understanding with the C. P. R. re through traffic to Quebec.

VISIT OF LIEUTENANT GOVERNOR OF QUEBEC.

Will Be Guest of Exhibition Directors on Sept. 6.

EASTERN CANADA PASSENGER AGENTS WILL ALSO BE GUESTS THAT DAY.

At a meeting of the executive of Canada's Great Eastern Exhibition yesterday afternoon, arrangements were made for the visit of the Lieutenant Governor of the Province to the Exhibition on Wednesday, September 6. His Honor will arrive in Sherbrooke over the Quebec Central Railway in Mr. J. H. Walsh's private car at 1.15 in the afternoon.

He will be received at the station, and then accompanied to the Exhibition Grounds. He will be the guest of the directors at dinner at six o'clock. The Eastern Canada Passenger Agents' Association will also be the guests of the Exhibition directors on Wednesday, September 6. They will arrive in Sherbrooke in the morning, and in the forenoon will hold their regular monthly meeting in the City Chambers.

After this meeting they will be guests at luncheon given by the directors and will also attend the dinner to the Lieutenant Governor in the evening.

AVIATOR ATWOOD IN TIGHT CORNER.

South or South East Wind Only Can Help Him.

HE ANTICIPATES LANDING AT SHEEPSHEAD BAY THIS AFTERNOON.

Nyack, N. Y., Aug. 25.—Harry C. Atwood worked last night on the engine of his aeroplane on the crown of a hill in a meadow near the Hudson river here. Close as this is to the finish of his flight from St. Louis, the young Boston aviator last night said he faced the most embarrassing predicament of his long journey.

His biplane is in an awkward box, out of which only a south or south-east wind can help him, he says. It rests near a haystack on the small sloping meadow 150 feet above the Hudson and about two thousand yards from the water. Almost behind him is the Rocky Hook mountain, rising 800 feet, and to the south and east nearby apple trees and some tall locusts make it a difficult place to take wing.

"It is the worst box I have been in since leaving St. Louis," Atwood said. "I could only climb out of here against a southerly or easterly breeze." Atwood announced last night positively that he will not attempt to fly from New York to Boston after reaching that metropolis. "I am too tired," he said, "for a longer trip now." The aviator will have all in readiness to start at 6 o'clock in the morning if the wind is right to aid him, but this will only be a bird hop to some larger open place a little way down the river. "I will not start for New York until 3 o'clock in the afternoon to land at Sheepshead Bay track at 4 p. m.," Atwood said.

TWO RIBS WERE BROKEN. Fulford, Aug. 25.—(Special)—While Mr. J. H. Wright was engaged in drawing his daily supply of water from a spring by the roadside, his horse became frightened at a passing automobile and became unmanageable. Mr. Wright was thrown to the ground and sustained two broken ribs besides other bad bruises. Dr. Forcoran, of Waterloo, was summoned immediately to reduce the sufferer's injuries but Mr. Wright is still in a serious condition.

DRILLING FOR WATER. Bromptonville, Aug. 25.—(Special)—Messrs. Jos. Lavigne and C. Martel are trying to get water here. They have now drilled 165 feet in the solid rock. At a depth of fifty feet a small vein was struck which will not give sufficient water for the number of houses which will put in taps. The tank will be about forty feet high, from which pipes will be run to furnish houses with water in the immediate vicinity on St. Lambert and Main streets.

RAINS DID MUCH GOOD. Rosenberger, Aug. 25.—(Special)—The recent rains have been of decided advantage in many ways. Partly owing to them but more to the well recently dug and deepened, there has been much less drawing of water for stock of late. The continued drought added to the unusual heat of the past summer has so affected the orchards that of the few apples that the season started with, scarcely any are now left upon the trees. Apparent rot turns out to be in many cases an actual cooked or baked condition. This was also the case with early apples, two or three summers ago. Corn is lately showing some improvement.

Mr. Kennedy will use the basement for a mounting and shipping room for his furnaces and ranges, and has leased the first floor for a term of years to a new firm. The old lumber yard of two large maple trees will disappear and the wooden workshop erected twenty-five years ago is being demolished to make room for the new building.

TWO MINOR ACCIDENTS. Ayer's Cliff, August 25.—(Special)—While driving through the village Mr. Fred Richardson had trouble with his span of colts, but got them under control before much serious damage was done. Mr. Ned Hartson, after oiling his buggy neglected to place the nut on one wheel and on driving from the yard the wheel came off, throwing Mr. Hartson out, but he fortunately did not lose control of his horse and no damage resulted.

CARELESS SHOOTING. Sutton, August 25.—(Special)—While Messrs. Daniel Brown and Erwin Moffatt were raking out on the latter's farm recently a bullet passed uncomfortably near them and buried in the ground not far away. It is a cause for considerable complaint that so many young nimrods do not exercise more care in the handling of firearms and more especially of rifles. There has been several narrow escapes from stray bullets in this section during the past year. It is certainly but reasonable to ask that all hunters use their utmost caution and try prevent serious accidents by stray bullets.

WOULD ENLARGE INDUSTRY. Coatcook, Aug. 25.—(Special)—There was a good turnout on the part of the members of the Board of Trade at the special meeting on Wednesday morning. Mr. E. B. Sylvestre of Cookshire was there with some models of boxes for butter, cheese, bananas, etc., upon which he holds patents. He is already manufacturing them in a small way, but would like to manufacture more largely. He made a proposition to sell his patents or take stock in a company to the amount of the value of his patents. His proposition was quite favorably considered by gentlemen present, some of whom expressed a willingness to invest in the enterprise. A resolution was passed favoring the scheme and expressing the desire that the Council should assist in making it possible to start a factory.

THE LATE SELAH POMEROY, COATICOOK. Coatcook, Aug. 25.—(Special)—The town was saddened by the news yesterday morning that Master Selah Pomeroy, son of Mr. and Mrs. A. A. Pomeroy, had passed away. He was operated on for appendicitis at the Sherbrooke Protestant Hospital the day previous. It was a complicated case and there was doubt of recovery from the beginning, yet it was hoped that youth might pull him through. While he had been alling some little time previous he had got to feeling better and on the day of the attack he went to Sherbrooke with his father and secured a position with the firm of J. S. Mitchell & Co., and was to go to work immediately. Instead he was taken to the hospital the next morning. He had never been rugged. It was a hard fight to get him to his present age. In a way he appeared to be unfortunate. Only a few years ago he put a bullet through his hand and his life was despaired of on account of septic poisoning. He spent last year at Stanstead College preparing for a business life, and just now when the fulfillment appeared possible, he is taken. There is universal sympathy for his parents and grandparents, Dr. and Mrs. D. A. Robinson, who doted much upon him. He was sixteen years of age. The funeral will take place Saturday afternoon.

"DO IT FOR SHERBROOKE." The Sherbrooke Board of Trade has issued the following letter: August 22, 1911.

Dear Sir:—As the time for the Annual Exhibition of the Eastern Townships Agricultural Association is rapidly approaching, when we shall be entertaining a great many strangers, we feel that our members will want to make some arrangements for welcoming the visitors.

The committee suggests that our houses and places of business carry a flag, or other appropriate decoration, in order that the stranger within our gates may feel that we are glad he is here.

They feel that a small amount spent in the embellishment of our own properties will set the example for the whole city, and it will be a material help for the men who are backing up the exhibition with their time and money.

Such demonstrations they believe

manifest co-operation, and show visitors that Sherbrooke is a good live town.

Your committee is arranging for a Bureau of Information on the Exhibition Grounds, and we want every member to feel free to use this tent when they find it necessary. We will be at your service the entire week. Yours very truly, CHARLES E. BRADFORD, Secretary-Treasurer.

MARRIAGES.

KATE—WARKUP.

Leeds Village, Aug. 25.—(Special)—At the residence of the bride's father, Mr. William Warkup, on Wednesday, Aug. 23rd, Mr. George Kate, of Lawrence, Mass., and Miss Bella Warkup, daughter of Mr. and Mrs. William Warkup, were united in the bonds of holy matrimony.

PETERS—GEORGE.

The home of Mr. and Mrs. Oliver Peters, Barnston Corner, Que., was the scene of a very pretty wedding on Monday evening, August 21st, when their only son, James was united in marriage to Miss Betsey M. George, youngest daughter of Mr. and Mrs. W. George of Stanhope, Que.

CLARKE—MILLER.

On Saturday afternoon, very quietly the nuptials of two popular young residents of Brockville were celebrated. Reference is made to the marriage of Miss Agnes, youngest daughter of Mr. and Mrs. Thomas Miller, St. Andrew street, to Reginald E. Clarke, an employe of the St. Lawrence Engine Works, Mr. Clarke and Miss Miller were unattended as First. Norman McLeod, minister of First Church, made them man and wife.

At the bride's home the ceremony was witnessed by only members of the two families all of whom joined in extending their best wishes to the newly wedded pair. The bride wore a smart tailor-made suit of navy blue with a white net waist over taffeta and large white hat.

DAVIES—KELLY.

Sutton, August 25.—(Special)—A very pleasant affair was the marriage on Wednesday, August 23rd, of Miss Janet Kelly and Mr. John Davies, both of Sutton. The marriage took place at Mrs. John R. Benham's at seven o'clock p.m. Rev. Wm. A. Hamilton, of the Methodist Church, officiated. The bride looked very pretty in a one piece suit of white with gloves and veil to match. She was attended by Mrs. Charles Shufelt, of Farnham, while Mr. Chas. Shufelt was best man for the happy occasion.

BELL—REYNOLDS.

Frelighsburg, August 25.—(Special)—The marriage of Miss Agnes E.G.L. Reynolds, only daughter of

Mr. and Mrs. William A. Reynolds, of this place to Mr. Thomas J. Bell, also of Frelighsburg, was solemnized in the Bishop Stewart Memorial Church here on Wednesday evening, the 23rd, instant, at 7.30 by the Rev. H. A. Naylor, Rector of this Parish. The stately edifice was crowded with friends and well-wishers of the young couple and was beautifully decorated for the occasion with flowers and greenery.

About 9 p.m. Mr. and Mrs. Bell left for Richford by touring car en route for Old Orchard, Me., and Boston, where they will spend a couple of weeks. The large number of presents received testified to the popularity of the happy young people. Before the wedding Mrs. Bell had received a shower of china and linen from the Lodge of Eastern Stars, of which she is a member, and a shower of canned fruit from her schoolmates. She was also very handsomely remembered by the members of the Church choir, who will sincerely miss her. Cut glass and silverware, linen, money, fancy-work, clock, hand-painting, from friends and a cooking range from the bride's father were among the presents received, while the groom's present to the bride was a necklace of amethysts and pearls; to the bridesmaid a gold brooch of pearls, and to the groomsmen and ushers sterling silver pins with amethysts.

Among the out-of-town guests were: Mr. William Lay, grandfather of the bride; and Mr. and Mrs. W.E. Solomon, of Lawrenceville; Mr. Chas. E. Lay, of Malden, Mass; Mr. and Mrs. A. N. Reynolds, of Stanbridge East; Mrs. J. M. Parker and son, Danforth, Me; Mr. R. Allen, of New Bedford, Mass; Mrs. J. Allen and daughter, Fairfax, Vt; Mrs. Whitehead and Mr. Allen of West Belton; Mr. and Mrs. A. McKenney, and Mr. and Mrs. Fletcher Allen, of Frost Village; Mr. Spencer Matheson of Waterloo; Mr. John Bell of East Dunham. Other invited guests were school mates and relatives from this place. Bell will be at home to her friends after the 15th of September.

CITY NEWS.

 Mrs. W. J. Jamieson and Miss O. Cunningham, of Bishop's Crossing, were visitors to the city yesterday.
 Mr. M. T. Stenson returned this morning from Quebec, where he went to attend a meeting of the Council of Public Instruction.
 Miss Connie Kees, of Stoke Centre, who has been visiting friends in Farnham, has returned home, accompanied by Mrs. A. E. Gough, of that place.
 Mrs. L. J. Swartz, of St. Louis, Mo., who has been visiting relatives in Sherbrooke and vicinity, has gone to Bishop's Crossing to stay with friends.
 Mrs. T. Malcolm Craig, Dominion avenue, entertained yesterday at a girls' informal bridge in honor of Miss Altha McCrea. Four tables were arranged, and the prizes were won by Miss Alison McBain and Miss McCrea.
 Corn roasts have been very popular forms of enjoyment at Little Lake Magog this month since the succulent dainty was available. The last one was given on the track near the hotel, and the blazing bonfire, where the corn was done to a turn, looked very picturesque with the young people standing about in bright sweaters, while the dark little sheet of water made an admirable background.

MISSING.
 Ethel Corlett, aged 17 years. Authorities of Knowlton Home are anxious to learn of her whereabouts. Advise Chief Davidson, Sherbrooke.

FIRE ALARM.
 A fire alarm was rung in about two o'clock this afternoon for a small blaze in Mr. J. O. Dufour's store. The damage was very slight.

MENT CALLED FOR A MINIMUM WAGE for molders of \$2.90 per day and core-makers \$2.65 per day. Under the new agreement the molders are to receive \$3.10 per day and the core-makers \$3 per day.
 There is a growing disposition on the part of ship owners in various parts of the world to employ Chinese crews. Chinese sailors and firemen receive about \$6 or \$7 in gold a month, and stewards \$5 to \$7, while the average wage paid to other nationalities reaches about \$45 in gold a month.
PENNY POSTAGE TO JAPAN.
 A very interesting paying step. The Toronto, Ont., iron molders writes Mr. Henniker Heaton in "Nineteenth Century and After," for August, would be to introduce without delay penny postage to and from Japan. The cost would not exceed \$5,000 for the first year. We have already penny postage all round the world excepting to Japan. We have penny postage to Gibraltar, Malta, Egypt, India, Singapore, Hong Kong, China (but not Japan), en route to Vancouver, Canada, and San Francisco, United States, thence to Australia, New Zealand, and home via Africa. I earnestly commend this proposal of penny postage to Japan, though I have strong reasons for believing that the present sagacious Postmaster-General will not leave office without establishing universal penny postage.

SAVING AT A DOLLAR A WEEK.

(Christian Herald.)

"It is mighty hard," said an unfortunate workman some time ago to the writer, "to save up a thousand dollars by laying aside a dollar or two a week and then to take it out of the savings bank and lose it to a get-rich-quick swindler, as I have just done." This poor fellow could work and save, but he had not had even a kindergarten education in finance, else his story would have been different. He had never given a thought to interest, and so was absolutely ignorant of growth through compound interest, and of course, had never heard of that wonderful process of accumulation known as "progressive compound interest."

One dollar deposited in a savings bank that pays 4 per cent, will amount to \$2.19 in twenty years. This is simple compound interest. Now, if you deposit one dollar every year for twenty years, or \$20 in all the sum to your credit will have grown to \$30.37. Any wage earner can put by a dollar a week. That money deposited in a savings bank for twenty years will have increased to \$1,612. A deposit of \$5 a week will have grown to \$8,000, and this at 4 per cent will be \$320 a year. It is as clear as the cloudless sun and the method is just as clean and honest.

BURY.

The large number of Sunday School scholars belonging to St. Paul's Church had a most enjoyable and delightful time at their picnic on Tuesday last. The parents had equally as pleasant a time. The games and races created much interest and were well contested. The sack races, apple and spoon races, etc., caused much merriment. Many nice prizes were given through the generosity of Mr. Forrest Barter, Mr. Alf. Roe and Dr. Turner. Before dispersing, all the scholars filed past the Rev. Mr. Lewis and received a bag of candies. Both the Rector and Mr. Turner were called upon for speeches.

NOT SMART ENOUGH.

"This Sherlock 'Olmes business is getting' too thick for me," said Bilkner the Bookie, wearily.

"Why, what's wrong?" asked the gentleman with the bad eye.

"Everything," said Bilkner. "I'm cleaned out, and all by a bloke as looked as if he didn't know a horse from a 'ay-stack. I took two quid to fifty from him about Threelegs for the 3.30. Well, Threelegs won, and presently up comes this green for 'is fifty."

"You've come to the wrong shop," I says, "tillin' the old tale. 'You must have put it in on with the chap what was here just before me."

"'Nothink of the sort," says he. "You're my man all right, even if your 'at 'as changed color, and you've found another coat, and your eye-lashes 'as grown, and your moustache turns up instead of down, and you've lost three inches of your right shoulder, and—"

"But I see 'e was too thick for me, an' 'e 'ad a fist like a pavement stone, so I 'anded over."

"'Ow did you know me?" I asks 'im.

"'Two buttons off the right boot' says 'e, chucklin', 'change your boots next time.' Bust Sherlock 'Olmes, I says!"

BASEBALL.

CUBS JUNIORS 15; MAGOG 10.

The Cubs Junior Baseball team of this city defeated the Maples of Magog Sunday afternoon on the latter's grounds by the score of 15 to 10.

Although the Magog team were heavier than the visiting team, the latter played the best ball.

The game was called at 2 p. m. and did not finish until 5, owing to the spectators crowding onto the field and not only protesting against the decisions of the umpire but also declaring war on the visitors. Nevertheless the game was exciting, both teams being at their best. For the Cubs Conley in the box and Biron behind the bat were the pick of the visiting team.

F. Poole, as umpire, gave satisfaction to both teams.

The convention took place in Lacasse Hall, Notre Dame street east, and was composed of about five hundred delegates, presided over by Mr. Charles Chaput, who predicted in a business-like speech that St. James was a division to conquer and hoped that the choice of the convention would be the man for the undertaking. GAVE FORTUNE AWAY.

Hinsdale, Ill., August 25.—Dr. C. H. Pearson, the philanthropist, who has distributed a fortune of \$7,000,000 in beneficences, has made his last gift. He gave the town of Hinsdale his residence and five acres of ground, valued at \$85,000. With the bestowal of the residence and grounds to be maintained as a public library art gallery and park Dr. Pearson accomplished his purpose, the distribution of all his wealth for the benefit of humanity. ANTI-JEWISH OUTBREAKS CEASE

London, August 25.—Except in Bargoed, the anti-Jewish outbreaks in Wales have ceased. Public meetings have been held at Tredegar and other towns at which citizens enrolled themselves as volunteers to help keep order. The Jews have fled from their homes, having now placed their families in safety at Cardiff, are returning to look after their abandoned property. The Jewish World, commenting on the outbreaks admits that in one particular quarter the charges against the Jews may be substantiated, but that in general they are baseless.
