Lueneburg, Oct. 16.—(AP)—Counsel for 45 S.S. guards on trial here for crimes at Belsen and Oswiecim concentration camps failed today in an attempt to install an expert on International law to argue points of the law during the proceedings.

Prosecutor Col. T. M. Backhouse told the Court "we must have regularity—the time has come to draw the lines," when the defence produced Prof. H. A. Smith of London University through whom it proposed to argue that the charges against the defendants represented no offence against International law.

The Court rejected the defence motion after deliberating 45 minutes, and then suggested Smith could make an address for the defending officers at the conclusion of presentation of evidence, which may take another two weeks.

London, Oct. 16.—(CP Cable)—Prime Minister Mackenzie King remained again today in the hotel suite here which he has left only for a few dinner engagements and to attend a church service in the past week.

Mr. King has confined his activities to informal chats with British leaders in line with his avowed information-gathering role during this trip to the United Kingdom.

Sources close to the Prime Minister have said he is "listening—not speaking" during these conversations.

Montreal, Oct. 16.—(CP)—Fourteen persons were injured last night, none seriously, when a street car on the Bleury circuit skidded on slippery rails caused by a rain storm, and crashed into the rear of a stationary tram. The injured suffered shock, cuts and bruises and were taken to hospital for treatment.

The accident occurred on Park Avenue near Pine where three streets cars were stopped for a traffic light. The fourth car, coming down the hill, skidded into the rear of the third and drove succeeding cars into each other.

London, Oct. 16.—(Reuters)—During the two weeks since the dissolution of the Foreign Ministers' Conference, nothing has been done to reform the Big Five peace-making machinery so far as can be ascertained by observers here, Frank A. King, British Press Association Diplomatic Correspondent, said last night.

The correspondent said deputies to the five Foreign Ministers, named to carry on the work of the conference assigned to them, are idle and there is no indication that there have been exchanges of views through diplomatic channels on the deadlock over peace treaties for Europe which concluded the Foreign Ministers Conference.

Wiesbaden, Oct. 16.—(AP)—Alfons Klein, former administrative head of the Hadamar Insane Asylum, and two of his assistants were sentenced to death by a United States military tribunal last night for the systematic murder of more than 400 Russian and Polish inmates of the institution.

Long prison terms were imposed on three other men and one woman who were tried jointly with the condemned trio.

Sentenced to death with Klein were Heinrich Ruff and Karl Willig, asylum attendants who admitted administering lethal doses of morphine to hundreds of victims.

Strike Ballots Called In All Major Packing Plants; Coal Miners Defer Action

Meat Packers' Union Seeking Master Agreement for Forty-Hour Week With No Reduction From Present Pay for 48-Hour Week.

The Canadian Press Possibility of a general strike of Canadian packinghouse workers today darkened the horizon for the industry. Strike votes have been called in all major Canadian packing plants.

Maritime coal miners last night referred to a threatened strike for higher rates. But Western Canadian coal miners, who were striking for an increased meat ration were slow in obeying the union's call to return to work.

The strike of 10,000 automotive workers continues at the Ford plants in Windsor, Ont., while at Toronto conference of Federal and provincial labor officials with representatives of the company and of the union resumes today in an effort to find a solution.

Fred Dowling, Canadian director of the United Packinghouse Workers of America, (C.I.O.), said at Toronto last night that strike votes will be conducted at the Swift Canadian Company plants and Canada Packers Company plants across Canada within a week. He said a strike vote at the Swift Canadian plant at Moncton had already been carried unanimously.

Dowling said that the Union is seeking from each of the three major packing chains a master agreement for a 40-hour week with no reduction from present-day pay for a 48-hour week. "We wrote Canada Packers and Swift Canadian over a week ago asking that they enter negotiations but have not heard from them," he said.

The threat of a strike by 12,000 Maritime coal miners was averted for the time being when the United Mineworkers of America (C. I. L.) at Glace Bay, N.S., last night announced that the present wage contract would be extended to October 31, and that a general referendum of the workers would be held October 30 to decide whether to accept or reject the latest decision of the National War Labor Board. Previously it had been announced the contract would be terminated at midnight Monday night.

The Union wants an increase of \$1 a day and an extra week's vacation with pay. The alternate offer was two weeks vacation with pay and wage increases to be met by an increase of 33 cents a ton in the selling price of coal.

In Alberta and British Columbia coal miners appeared divided on the day and an extra week's vacation with pay. Headquarters of district 15 of the United Mine Workers at Calgary estimated only 4,000 of the 9,000 miners "on holiday" had returned yesterday but said the number would be increased shortly.

On the Ford strike, no details were forthcoming from the Toronto conference with Government officials since the strike started September 10. Delegates, however, said after yesterday's preliminary meeting that the discussions were "satisfactory," and expressed hope of an early settlement.

The workers asked a union shop and check-off, 36-hour week and two weeks' holiday with pay. At Windsor, the City Council last night voted to discontinue, as from midnight tonight, relief in the form of food and fuel to Ford Company employees either on strike or made idle by the strike, on the ground that the responsibility of the federal and provincial governments.

conquests, have declined to announce figures until their survey is completed.

Asahi's report was made in a story outlining some of the financial problems facing the Government.

But the actual plundering implied by the size of the China bank's note issue must be doubled to evaluate the total of militaristic financial profits. When the notes were first issued they were arbitrarily discounted at one for two former Chinese yuan, thereby halving all bank accounts and other assets based on the former yuan.

The notes probably are the largest, but by no means the sole part, of worthless wartime currency which the Japanese issued without a single ounce of gold backing. The Central Reserve Bank of China served Central China, including Shanghai.

Ford Negotiations Said Satisfactory

Toronto, Oct. 16.—(AP)—Federal and Provincial Government officials with representatives of the Ford Motor Company and of the United Automobile Workers Union (C.I.O.) today resume their conferences seeking a solution to end the month-old strike of 10,000 workers at the Ford plant in Windsor, Ont.

A preliminary conference was held yesterday at the conclusion of which no statement was issued, but all delegates said the talks were "satisfactory" and expressed hope of an early settlement.

Before the meeting George Burt, Canadian Director of the U.A.W.A., had said he hoped the proposals he was bringing would lead to early conclusion of the strike.

The negotiations were the first since the strike began September 12 over the Union's demand for a collective bargaining agreement including a union shop and check-off, minimum annual wage, a 36-hour week, two weeks' holiday with pay and seniority provisions.

RED PARTY IN BERLIN WOULD LOSE IN VOTE

Washington, Oct. 16.—(AP)—Gen. Eisenhower said today "informal reports indicate a fair and impartially supervised election in Berlin would not support the present Communist Party dominance" of the city's government.

The general put into his second monthly report on military government in the United States Zone of Occupation a critique on politics in Germany—including those in the Russian zone.

Gen. Eisenhower said one of the political devices fostered by the Communists in Berlin—a bloc of parties—would have no welcome in the American zone.

Here is what he had to say about Berlin, where the Allied control authority has its headquarters and where the four Allied powers have four zones.

"Four organized parties exist there. They were granted permission by the Soviet military authorities to organize and so were functioning when United States forces occupied the U.S. sector of Berlin. The four parties are the Communist Party, the Social-Democratic Party, the Christian-Democratic Union, and the Liberal-Democratic Party.

"The first two are well organized, active and have a basis of former members on which to build. The latter two groups are new parties, though drawing support from middle-class, conservative bourgeois elements formerly associated with the Centrum, the German Democratic Party, and the German People's Party. They are less well organized and less active than the Marxist parties. This is especially true of the Liberal-Democratic Party.

"The Communist Party of Germany holds a majority of the strategic posts in the Berlin Magistrat and in the administrations of the Berlin municipalities. Informal reports indicate that a fair and impartially supervised election in Berlin would not support the present Communist Party dominance of posts but would reveal relatively strong support going to the Social-Democrats and the Christian-Democratic Union, in that order."

In the introduction of his report made public by the United States War Department, Gen. Eisenhower noted that he served as chairman and Lt-Gen. Lucius D. Clay, his deputy, as Secretary of the Control Council during August. They received the cordial co-operation of the other powers, said Gen. Eisenhower, "and the co-operative and friendly spirit of the Soviet delegation was particularly marked."

U.S. Labor Picture Darkens With Collapse of Conference Called to Settle Critical Soft Coal Strike— Idle Number 385,000.

New York, Oct. 16.—(AP)—Labor disputes, numbering at least 135, kept some 385,000 workers from their jobs across the United States today. It was the lowest total this month, but the general labor picture was not bright.

The darkest cloud came in the form of Labor Secretary Schwelienbach's announcement of the collapse of a conference called to settle the critical soft coal strike.

In New York City, where a 16-day strike of A.F.L. longshoremen has virtually paralyzed shipping in the world's biggest harbor, there was reported further curtailment to steel and other industries, as extra police were ordered to the waterfront.

On the bright side was the resumption of service to some 1,000,000 New England bus and trolley riders as buses, under control of the Commonwealth of Massachusetts, began rolling after a three-day strike of 1,800 Eastern Massachusetts street railway employees.

Although the Government in ten days of meetings failed to get the soft coal operators and John L. Lewis' United Mine Workers to agree over the recognition of the mine foremen's union, the Labor Secretary said he still held hope of solving the dispute. He said negotiations had adjourned "subject to call," and he was not going to recommend Government seizure of the pits.

Meanwhile, the scarcity of fuel in many of the strike areas brought further curtailment to steel and other industries, and threatened to close three large Pittsburgh high schools. Cold weather in Western Pennsylvania may also force some churches to close by the end of the week, a Coal Merchants' Association spokesman said.

Violence was reported in the 16-day-old strike of dockworkers in New York Harbor, which has virtually halted all outboard shipping, and hundreds of extra police were ordered to patrol duty along the big waterfront today. The additional forces were to confer with a federal conciliator today. Scattered fighting was reported yesterday between pickets and non-strikers as Johnston met with officials of major strikes.

Representatives of A.F.L. lumber workers in the Pacific Northwest planned to meet with operators today to discuss their demands for a \$1.10 hourly minimum wage for the industry. The hikes have been granted by seven employers, lowering the striking lines, which once totalled 61,000.

RUSSIA'S PART IN FOOD TALKS IS UNCERTAIN

Quebec, Oct. 16.—(AP)—Russia's part in the United Nations Food and Agriculture Organization remains in doubt today as delegates from about 50 countries gathered here for launching of a great co-operative effort to establish freedom from want.

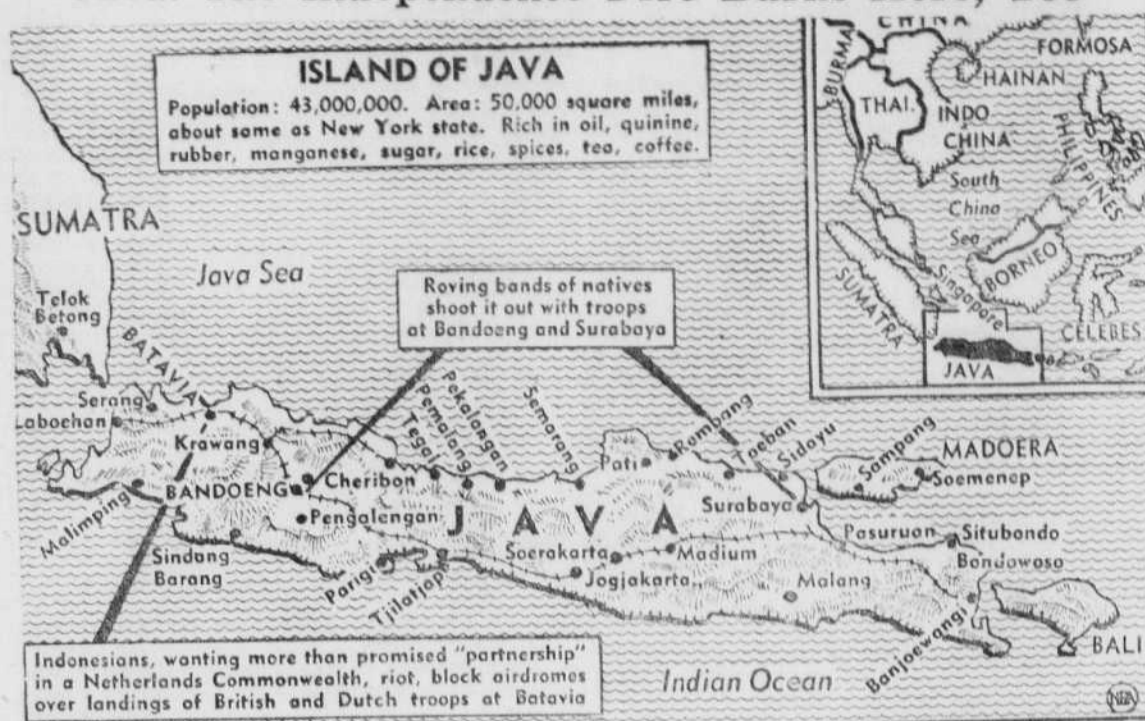

There was every reason, however, to believe the Soviet delegation here would eventually, if not today, sign the constitution and become a charter member of the organization it helped to initiate at the United Nations Food Conference in Hot Springs, Va., two-and-a-half years ago.

A party of 25 Soviet officials arrived Monday from Washington where their members were named only last Saturday. Their leader, Vasil Sergeev of the Russian Foreign Commissariat, is expected by air from Washington today. Mr. Sergeev, who carries with him instructions from Moscow on the organization, has been attending UNRRA meetings in London. He has been the Soviet representative on UNRRA since that organization was launched two years ago.

Later last night, the Interim Commission set up at Hot Springs to draw up the constitution which will be signed here this afternoon, held its last meeting and prepared to dis-

Java: The Independence Fire Burns Here, Too

Bloody clashes between British and Dutch troops and Java nationalists are making Java another live coal in the independence-fired Orient. Led by Dutch-educated 40-year-old Soekarno, who was placed at head of a "Republic of Indonesia" by the beaten Japs, roving bands of armed nationalists are resisting return of Queen Wilhelmina's government. The Dutch, supported by British occupation forces, expect to keep landing troops until they have 35,000 in Java. Soekarnists declare they will shoot them.

Java Denies Declaring War On Holland—U.K. Reserves Land In Dutch East Indies

London, Oct. 16.—(AP)—The Free Indonesia Radio and today the "Indonesian Republic" of Java had declared completely false all reports that it had declared war on the Netherlands.

Meanwhile the all-India radio reported British reinforcements had landed in the rich Dutch East Indies to cope with native disturbances.

The Netherlands news agency Aneta reported Saturday that the Indonesian peoples' army of the Soekarno nationalist movement had issued a proclamation declaring war on all Dutch, Eurasians and Amboneses.

The free republic radio broadcast this purported statement from the "republic," contradicting the Aneta dispatch.

"All news circulating abroad that it has declared war on Holland is false and untrue. The reports are only the evil provocations of foreign agents who are trying to discredit the Indonesian Republic. The Indonesian Republic wishes to emphasize their policy which is to respect the principles of peace, humanity and justice."

The all-India radio said the two British brigades on Java would be built up to a full division. Lt-Gen. Sir William J. Slim of the Southeast Asia Command was reported to have approved military plans for dealing with the situation on Java.

The first objective of the British forces, the broadcast said, would be to take over interment camps crowded with Dutch variously estimated to number from 60,000 to 100,000.

SOVIETS VIEWING FOR STALIN AS REPRESENTATIVE

Moscow, Oct. 16.—(AP)—Hundreds of Russian election districts are taking over the election of Premier Stalin on as a district candidate in the elections to the Supreme Soviet next February 10.

Campaigning got under way today following official proclamation of the election laws, essentially unchanged since the last general halting December 12, 1937.

"Can we get Comrade Stalin to be the delegate from our district?" is a question often repeated.

(The Kremlin announced last Wednesday that Stalin had left Moscow for a vacation and a rest. The Paris Press, an independent French newspaper, said last month Stalin was likely to retire from the Soviet Government this coming winter because of a liver ailment and expressed belief Marshal Kliment Y. Voroshilov would succeed him.)

The agitation is similar to that in the last elections. The Premier finally accepted the invitation of the voters of Moscow's Stalin district, an industrial section made of largely of factory workers. Stalin made one speech in the district. There was not a blank vote in the balloting for Stalin at that time.

BROAD POWERS OF GOVERNMENT IN U.K. EXTENDED

London, Oct. 16.—(AP)—The House of Commons voted 258 to 139 last night to extend the Government's wide wartime controls for five years, after the Labor majority beat down a spirited Conservative attack led by former Foreign Secretary Anthony Eden.

Mr. Eden, leader of the Opposition in the absence of alling former Prime Minister Churchill, said the broad powers over the economic life of Britain which were asked by the Labor Government were "such as no Government has ever before asked for in times of peace."

Earlier the House rejected 306 to 183 a Conservative amendment which would have limited to a maximum of two years the powers under which the Government is able virtually to draft labor, to regulate prices of food, clothing, building materials, labor and other services, to direct factories to certain types of production and even to requisition housing.

The latter authority was used principally to provide billets for troops and to shelter bombed-out persons.

Conservative Victor Raikes said the bill would reduce Parliament to the status of a Reichstag "and men and women will forget what freedom is."

Speaking for the Government, Home Secretary C. E. Rieu said the House at any time felt the Government was abusing the control powers it always could use "the terrible weapon—the vote of censure." He said the government sought the power in order to "facilitate the demobilization and resettlement of persons and to secure the orderly disposal of surplus materials."

Garson's Coalition Swept Back In Power In Manitoba

Winnipeg, Oct. 16.—(AP)—Premier Garson's coalition government today held office in Manitoba for a second term, swept back into power in yesterday's provincial general election in which the C.C.F. failed in its first major bid for power in the province but strengthened its position in the 55-member Legislature.

The Coalition forces, which held 43 seats at dissolution, elected 37 candidates and seven others were leading when compilation of the vote would up for the night. The C.C.F., led by S. A. Farmer, elected 18 candidates, an increase of one from its dissolution strength, and five were leading.

The latest standing, compared with the standing after the 1941 election:

Coalition	1945	1941
Lib-Prog	21	26
Con	11	13
SC	2	3
Ind	2	6
Ind-Con	1	—
CCF	—	3

Opposition:

CCF	4	—
Ind	1	1
Con	—	2
Workers	—	1

Totals	55	55

Early compilation of the popular vote indicated a probable total of 218,000 compared with 163,576 in 1941 when 16 Government supporters were elected by acclamation.

Based on incomplete results, Coalition candidates polled 54 per cent of the total vote. The C.C.F. had approximately 34 per cent, and other Opposition candidates 12 per cent.

Mr. Garson and Mr. Farmer scored personal victories in home constituencies. The Premier had a walkaway election in Fairford where his defeated G. W. Leonard, 64-year-old C.C.F. candidate. Mr.

An Evil Power Perishes

By DEWITT MACKENZIE
A.P. Foreign Affairs Analyst
Gen. MacArthur's epitaph for broken Japan is so starkly realistic that it brings one up with a jolt:

"This ends its military might and its military influence in international affairs. It no longer reckons as a world power, either large or small."

This perishes an evil power which for almost 100 years increasingly dominated the Orient until finally grappled it to reach itself in an effort to master and enslave not only its neighbors but to conquer great countries on the Western World.

Japan has been deprived of her ill-gotten gains and thrust back into her tiny island kingdom. She now lacks the resources to recover anything approaching her foreign position. She has been flung into the oblivion from which she emerged, almost within the memory of living man.

A vacuum has been created in the Orient with the disappearance of this dominant power. It is in the nature of things that something must rush in to fill that vacuum. That is, some other people will in due course take its place. What will it be?

The probabilities are that for a considerable period the influence of the Big Three—Britain, the United States and Russia—will control the situation, pending the emergence of the new Asiatic power. China is a logical successor, but it will be long before she could assume the crown, for she is terribly weak in all categories excepting one—the magnificent spirit which enabled her to hang on in face of the Jap onslaught.

China has a monumental task ahead of her. She must repair the terrible ravages of her long war, she must rehabilitate and greatly expand her industries, and she still has to go through pioneering days in developing the far reaches of a country which is so vast as to be unworkable.

China is a logical ultimate successor to the throne, but before we accept it as a finally we should stop and ask ourselves whether there is any other Asiatic power which might intervene.

The Soviet Union is extending this far easier.

This is no time for prophesy as to what will come out of the Oriental melting-pot, but we shall indeed be short-sighted if we don't recognize that Russia may be the power which will rush into the vacuum created by Japan's elimination.

As for Japan, while she has had to surrender her might, she still can achieve a useful and happy life. As Gen. MacArthur says, the Japanese "have for the first time seen the free man's army of life in actual action, and that should stir them to new thought and new ideas. A revolution—or more properly speaking, the evolution—which will restore the dignity and freedom of the common man has begun."

Used Clothing

The Canadian people are being asked at this time to contribute ten million pounds of serviceable used clothing to aid in the great humanitarian task of mitigating the distress that exists following the ravages of war.

All the used clothing that has so far been collected by the United Relief and Rehabilitation Administration on the North American continent, it is estimated, will meet the needs of 25,000,000 people. That leaves at least 100,000,000 men, women and children in the liberated countries of Europe who are facing the prospect of winter without sufficient clothing to face the rigors of winter, and help them fight off the diseases which malnutrition has brought in its wake.

Since the first of this month, young and old throughout Canada have been asked by the Canadian United Allied Relief Fund, formed of representatives of the twelve war relief organizations in this country, and UNRRA, to contribute to the National Clothing Collection.

This Canadian drive is scheduled to be continued until October 20. Already many thousands of pounds of sturdy Canadian clothing have been received at the main depots, where sorting and packaging is taking place.

Success in the drive can only be achieved through the whole-hearted co-operation of every Canadian family. If each will go over wardrobe now select from their articles of clothing of any description that can be spared and others can wear, and prepare them in bundles or packages, ready for the collectors when they call, the task of gathering ten million pounds of used clothing will be facilitated, and success assured.

Several Reductions In Valuation Roll Approved By Local Aldermen

Four of the nine Sherbrooke property-owners who actually carried the roll to the City Council were given a degree of satisfaction at the regular session last evening when the roll was homologated. The other five protests were rejected after considerable debate. Three other complaints had been registered with the city clerk but as the complainants either withdrew their protests or failed to appear before the meeting, the figures submitted by the valuers were maintained.

The chief protest registered was that of the Hall Machinery of Canada, Ltd., against the valuation of \$155,000 set against their property on Lansdowne Street. Although this represented a reduction of \$10,000 from the previous year when the properties were in the possession of the Canadian Ingersoll-Rand Company, the present owners felt the valuation was too high.

F. S. Ruzg, K.C., speaking for the company, pointed out that barely a year ago the entire property had been purchased for \$65,000 and suggested \$76,000 as a suitable valuation. He was supported by W. Miller Hall, who stressed the difficulties facing such concerns during the transition period and re-

GUY D'ARTOIS GUEST SPEAKER AT LIONS CLUB

Sudden death, sabotage, women spies and guerrilla warfare was the fiction-like story of his life with the French Maquis during the last six months of the occupation period of France, related by Capt. Guy D'Artois to members of the local Lions Club at their weekly meeting at the New Sherbrooke House last evening.

Capt. D'Artois, who is now Eastern Townships Superintendent of Canadian Vocational Training (Federal) for ex-servicemen, recounted his experiences after he parachuted into France three weeks before the invasion, to organize and lead the Maquis in the district of Saone and Loire. Bailing out over occupied France at 2:20 in the morning of May 20, 1944, he and his radio operator "Fin Fin" L'Italien, an eighteen-year-old member of the American Navy, landed some four miles off their scheduled grounds and therefore missed their contacts. However, they were able to find a "safe" farm.

Landing in the village of Flagey, their baggage which had been dropped with them evoked too much gossip and speculation among the villagers for the safety of its owners. Therefore, after a short rest, Capt. D'Artois dressed as a Frenchman and carrying a set of French identification papers which gave him the first of seven different personalities, began circulating through the Province of Burgundy making contacts with men and women of the underground.

Describing the work of the French underground, the speaker told how the French women would carry explosives in the mattresses of their baby carriages, and that passive resistance was organized throughout the Nazi-run factories. Members would also switch tags on freight cars on sidings thus sending urgently needed materials to a far remote district instead of to its original destination.

Known as "Michel" to the underground, Capt. D'Artois recounted that on one occasion he was "dead" for some time. He then told how the Gestapo had learned of a secret rendezvous that he had made with his underground workers, and that they had machine-gunned every person in the cafe, which was the meeting place. In the raid on the cafe, a man was found who closely

USED CLOTHING PICK-UP TO BE HELD THURSDAY

A city-wide pick-up for the National Clothing Collection, being sponsored throughout the Dominion by the Canadian United Relief Fund, will be held here on Thursday, October 18, between 5 and 7 p.m. Citizens are asked to place bundles of clothing on the sidewalk ready for trucks to pick up at that time.

A local committee headed by Rev. H. E. Secord and Paul Desruisseaux, and composed of representatives of all organizations in the city, has established twenty-four depots where clothes may be sent and from where they are picked up for shipment.

The city pick-up plan has been evolved for the convenience of the citizens, and all should remember

PRINCIPLE OF FILTRATION PLANT IS Again Approved By Local Aldermen

Hopes of Sherbrooke citizens that the local Council would make some definite advance towards improving the local water supply were dampened again last evening when, after an extended and oft-times bitter debate, the Aldermen contented themselves with passing a resolution proposed by Ald. Guy Bryant, chairman of the Waterworks Committee, that the Council favors the improving of the water supply by the construction of a filtration plant, plan for the construction of such a plan and the methods of financing to be given further study.

This was seconded by Alderman Trudeau and provided the sign for a general debate. Ald. Fisetite proposed an amendment that the word "and approved by the ratifiers by a referendum," be added to the original motion. This was seconded by Ald. Lanctot but later he withdrew his support for the amendment when it became apparent that regardless of the outcome of a referendum by all citizens, any loan by law must be approved by the property-owners. However, Ald. Dezie was ready to step into the breach and the amendment was put to a vote.

The amendment was defeated by six to three. Ald. Fisetite, Dezie and Rousseau favoring the referendum with Ald. Charpentier, Bryant, Lanctot, Hamel, Trudeau and Tremblay opposing the change. The original motion was then passed with

BROMPTONVILLE FATALITY IS INVESTIGATED

A verdict of accidental death was returned yesterday afternoon by a Coroner's Court jury following an inquest held at the Provincial Police office in the case of Mrs. Martin Olson, who died Saturday from injuries received in an automobile accident on the Bromptonville bridge. Three others, with whom Mrs. Olson was travelling, suffered injuries and required hospital attention.

Police Chief Emmett Boudreau, of Bromptonville, who investigated the accident, testified that while crossing the bridge the car glanced off a brace and then struck one of the steel posts of the structure. He said that the bridge, which is of steel construction, has a wooden road bed. This plank had become wet and slippery from rain at the time of the accident, he stated.

One of the passengers of the car, which was driven by Mrs. Olson's husband, H. R. Sabey, declared that the group had been visiting Canada and were returning to their homes in New York. He said that the car had made a sudden turn into the side of the bridge but that he did not know what had caused it.

Mr. Sabey, along with the other occupants of the car, Mr. and Mrs. Olson and Miss Annie Brown, were rushed to the St. Vincent de Paul Hospital following the accident. Mrs. Olson was suffering from a fractured skull, broken ribs, two breaks in the left shoulder and left wrist. Mr. Olson received cuts on the forehead and is suffering from shock, while Miss Brown has several broken ribs. Mr. Sabey suffered only minor injuries.

VOICES APPEAL IN BEHALF OF MEMORIAL HOME

During the past week, the Sherbrooke Branch of the Canadian Legion of the B.E.S.L. has launched its financial drive to secure funds for the establishment of a War Memorial Home for ex-servicemen.

Appealing to individuals to share in this project by contributing the necessary funds George F. Chapman, First Vice-President of the Legion said: "Now that the war is over and complete victory over the aggressor nations has crowned the efforts of Allied fighting services, the full realization of just what the boys in battle dress have accomplished to establish world security, becomes more apparent to all people.

"The guns and bombs which so recently belched forth death and destruction have ceased fire and some measure of quietness has come over the world.

C. C. F. DEFEAT IN MANITOBA

The overwhelming defeat of the C. C. F. party by Premier Stuart Garson's Coalition Government in the Manitoba Provincial election, is yet another clear sign that the people of Canada are not willing to entrust the management of public affairs to a system of state socialism.

On the outbreak of war the Province of Manitoba, under the leadership of the then Premier, John Bracken, decided to call off political hostilities, and a coalition of all parties, including the C. C. F., was formed.

Their alliance with the Liberals and Conservatives in Manitoba had always been uneasy and suspicious. It is against the declared policy of the C. C. F. party to ally itself with any other political group.

The C. C. F. have always believed that they would be returned to power in Canada some day, and when that day arrives the party leaders do not wish to share their power with any other group.

In the past this political group have sung social reform as the main theme of their Utopian song. They have promised the moon to the Canadian people, if only they could be returned to power.

For years neither the majority of the people, nor their Liberal and Conservative opponents, took them very seriously—a sad mistake. This negligence was changed when the C. C. F. came within an ace of being elected to power in Ontario just over two years ago, and when they got their first opportunity to form a Government in Canada, by their election in Saskatchewan.

It was only after the C. C. F. became a political threat in Canada that the electors started to study their real aims—and found these aims far removed from the glib public utterances of Mr. Coldwell and his various Provincial henchmen.

The C. C. F. were determined to introduce in Canada a system of Government control that would regulate the private and business life of all citizens—a regulation that was designed finally to stifle all opposition to the party.

A CHANCE TO HELP

The Sherbrooke branch of the Canadian Legion is giving citizens of this community a chance to show in practical form their appreciation for the efforts of Eastern Townships' soldiers to bring about final victory.

At the present time the Legion is attempting to raise \$25,000 to buy a property in Sherbrooke which will be converted into a Memorial Home and Legion headquarters for the benefit of all returned men.

The campaign is lagging. So far subscriptions have fallen below expectations, both as to the amount given and the number of subscriptions received.

It is not the part of a newspaper to act as a civic scourge. It is the part of a newspaper to act as a civic prod when necessary. It seems to be necessary now.

This city has much to be proud of. It supported and sent overseas a combined battalion representing French and English speaking militia units of the city in the pre-war days. That battalion fought with distinction through what was certainly one of the most vital military campaigns in world history.

It has just been announced that the Home Services Campaign has been successfully carried through. During the war years the various Victory Loan campaigns were always enthusiastically supported in Sherbrooke County.

Now the war is over. Men and women are striving to return to a new way of life. The Government has pointed the way by a preliminary lowering

of taxes. Reconversion, re-adjustment are words that one hears everywhere.

But for years to come the scars of war will be worn by Canadians. Who can say when the ache in a mother's heart for her lost son will ease? When will the young widow cease to mourn her dead soldier husband? Who can fill that empty chair around the family table?

The struggle and the sacrifice must not be forgotten. The record of the Sherbrooke Fusilier Regiment is not just something to be talked about with pride—it is an example to be followed.

The past record of "giving and supporting" that this city and district has achieved is not something lightly to cast aside. This campaign sponsored by the Canadian Legion has as its ultimate object the creation of a fitting War Memorial in Sherbrooke.

This memorial will stand in memory to those men from this district who paid for their beliefs with their lives. We are asked to pay for our beliefs—our beliefs in free speech, a free press, free worship and free government—with money. Let us not be backward to do so.

STILL PARTICULAR

One of the great problems facing the United Nations Relief and Rehabilitation Administration in handling the problem of feeding the hungry people of the world is the almost inconceivable fact that many persons, even while starving, will not eat certain kinds of food.

For instance, on one occasion the agency shipped some beef to India. Despite the fact that the Indians are perhaps the hungriest people in the world, they refused to eat the beef. To the Hindus, the cow is sacred.

In North Africa the natives refused to eat a shipment of salt pork. They consider the pig an unclean animal and anyone who partakes of even the slightest amount of pork products is polluted for all time.

In Italy expectant mothers were allotted macaroni with a special beef extract containing high nutritive qualities. But it was discovered the Italian women were washing the beef preparation off the macaroni before eating it.

These problems are the result of long-ingrained beliefs on the part of relief recipients and compel the most delicate handling on the part of the officials charged with distributing this aid. A long process of education might bring about a change in the attitude of the persons assisted, but the provision of aid is an emergent need and cannot await this educational campaign.

NATIONALIZING "THE BANK"

Certainly the terms of the bill under which the new Labor Government in Great Britain plans to nationalize the Bank of England do little to fulfill the fears of certain groups who saw in the Labor victory the start of a campaign to seize, almost without compensation, the major industries of the country.

However, the reasons advanced by the sponsors of the expropriation move for the bill reveal something akin to weakness, or at least a good reason for the expropriation. They say that over a long period of years the Bank of England has been exceptionally well managed.

The general indications are that the stability of British character in finance being what it is, the Bank of England management will be as conservative under Labor as it has been under other types of government in Britain.

On the other hand, the attack of the Opposition hardly promises to be a success. It is based on the hypothesis that through the Bank of England operations, the Labor Government will be able to spy on private transactions of other banks, and make political capital out of private business.

There are 17,500 shareholders and they will get government securities which will net them the same return as they have received from the Bank of England profits over periods of years. This shows clearly that the British Socialists have not advanced in practice as far as their prototypes in Canada have in theory, and who openly advocate seizure of wealth and private enterprise without direct promise of compensation.

HAVE A SMILE

This is the story of a man and his bicycle. He had laid up his car and taken to the bike. On his way to the suburbs he had a call to make and left the bicycle outside the shop. Having made his purchase, he forgot the bicycle and boarded a bus.

On his arrival home his wife, much to his astonishment, reminded him that he had gone away in the morning on the bike. He took the next bus for the city and to his surprise found the machine where he had left it.

As a token of his appreciation of the honesty of his fellow-citizen he decided to make an offering to the less fortunate ones. So he went into a church and deposited a contribution in the poor box.

With his heart full of joy and feeling of rectitude, he left the church—and found that his bicycle was gone.

Declaring that the lack of manpower was still interfering with the plans of the British Army, Lord Kitchener has issued another appeal for recruits. The possibility of introducing conscription is again before the Cabinet.

Popular unrest is reportedly sweeping Bulgaria as the people protest the declaration of war against Serbia. The Government is said to be using strong arm methods to maintain order.

Officers elected at the annual meeting of the Lennoxville Red Cross Society were Mrs. R. W. E. Wright, Mrs. Scarth, Mrs. W. H. Abbott, Mrs. George Taylor, Mrs. Martin, Mrs. Clarence White, Miss Perry, Miss Dodds, Mrs. C. F. Wiggert and Miss Isabel Johnston.

Defence experts are urging that the Government institute a lavish programme of searchlight lighting for London, claiming this would be more effective against zeppelins than the blackout system now in operation.

Predicting that machines would replace men as the principal combatants in any future war, Thomas A. Edison has placed a plan for the mechanizing of the armed services before the United States Government.

TWENTY YEARS AGO

The great Locarno Conference has ended in a blaze of glory with the various nations of Europe settling their differences and signing a collective security agreement. Both Allied and German observers see a new era of progress opening on the continent.

Neither the Liberal nor Conservatives have as yet been able to pick a candidate for Sherbrooke County in the approaching Dominion elections. Several names have been advanced but all those approached declined for "personal business" reasons. In the meantime the Independent is conducting a one-man campaign.

The preliminary figures of the United Census Bureau indicates that some seventy-five thousand farms have been abandoned in that country during the past four years. The inroads of the boll weevil are blamed for most of the abandonments.

Officers elected for the Eastern Townships Older Boys' Conference being held in Sherbrooke were: Norman Smythe, Stanstead; Kenneth Woodwork, Sherbrooke, and Roderick Bouchard, Sherbrooke.

In order to maintain the stability of the pound sterling and retain the gold standard, an embargo has been placed on the floating of further foreign loans in Great Britain.

Prime Minister Mackenzie King has announced the approval by both Canadian and United States Governments of plans for the developing of the St. Lawrence River power resources. The deep seaways plan is temporarily shelved under the agreement.

The Soviet-German strain is increasing steadily with the Russians attacking the German military drive on Rumania. Ten to twelve Russian divisions have been mobilized in the Balkan area.

German raiding planes have been driven back in four day-light attacks on London. North German ports are extensively damaged by the latest British raids. Many observers are convinced the stubborn British defence will force the Axis to turn its offensive campaign to the East.

Five men are appearing before the Sherbrooke courts charged with defrauding the Dominion and Provincial Governments of fifty thousand dollars through the operation of an illicit still.

The United States Government has announced that it will standardize its plane models with British orders in an effort to speed up production for both air forces.

McKENNEY ON BRIDGE

WEAKER BID MARKS BRITISHER'S GAME

This is the second of a series of interesting hands sent to me by Dr. Paul Stern, general secretary of the Tournament Bridge Association of London, England.

In Dr. Stern's opinion, the bidding of the English players is weaker than that of the Americans. However, judging from the hands he sent, I think that the English will hold up their end by good play. Today's hand was played by Dr. Stern himself. The ace of diamonds won the first trick, and the spade return was won by Dr. Stern with the ace. He cashed the ace of hearts, the king of diamonds, then dummy's king of hearts. On dummy's last diamond he discarded his losing four of spades.

East was end-played. He came out with the jack of clubs, but Dr. Stern allowed this to ride around to dummy's queen, led the three of clubs back to the ace, then led the nine of clubs. Once again East was end-played.

MARRIAGES

SQUIER—EWING The marriage of Ruth Armitage, daughter of Mr. and Mrs. George E. Ewing, 70 Dufferin Avenue, Sherbrooke, to Mr. John Mortimer Squier, Toronto, son of Mrs. Charles M. Squier and the late Mr. Squier, Lindsay, Ont., was solemnized in St. Peter's Church, Sherbrooke, at half past three o'clock, on Saturday afternoon, October 13, the Rev. Canon H. Reginald Biggs officiating.

White chrysanthemums adorned the High Altar, and the guest pews were marked with bows of white satin ribbon. Mr. Frederick L. McLearn presided at the organ, playing the wedding marches and accompanying Miss Helen Wiggitt, cousin of the bride, who sang, "Love's Coronation," during the signing of the register.

The bride was given in marriage by her father, and wore a lovely gown of white brocaded satin, the long fitted bodice, buttoned down the back with tiny buttons, having a square scalloped neckline, and long light fitting sleeves ending in scallops over the hands.

The full skirt, scalloped to the bodice, ended in a short train. Her full length veil fell from a headpiece of old lace, worn by her mother on her wedding day, and she carried a bouquet of white chrysanthemums.

Mrs. Neil Dinning, matron of honor, was wearing a slipper length frock of wine velvet, fashioned on long slim lines, with a full skirt, cap sleeves, long gloves of matching velvet, the bodice buttoned down the back with small self covered buttons.

She wore a coronet of wine and green velvet finished with long streamers at the back, gold slippers, and was carrying a bouquet of bronze baby mums. The bridesmaids, Miss Elizabeth Hume, Sherbrooke, and Miss Dorothy Squier, of New York, sister of the groom, were dressed alike in Hunter's green velvet, made on similar lines as the matron of honor's.

They wore coronets of green and wine velvet with streamers at the back, long green velvet gloves, gold slippers, and carried bouquets of bronze baby mums. Mr. Stuart Betts, Hamilton, Ont., acted as best man, and the ushers were Mr. Mitchell Armstrong, Sherbrooke, and Captain John S. Ewing, brother of the bride, Toronto.

Mrs. Ewing, the bride's mother, wore a floor length dress of black crepe, with full skirt, long sleeves and gold trimmed bodice, a small black satin hat with gold flower trim, mink furs and carried a gold bag with a cluster of gold baby mums attached.

Mrs. Squier, mother of the groom, was gowned in midnight blue crepe with satin stripe, and wore a matching blue hat, trimmed with toning ostrich tips and a corsage of red roses.

The reception was held at Mrs. Clifford Goodhue's, 133 Quebec Street, where late autumn flowers were used to decorate. Refreshments were served in the dining room. The bride's table, which was centered with a three-tiered wedding cake, was effectively done with yellow roses.

Later the bride and groom left to spend their honeymoon in the United States, the bride travelling in a green and white checked wool suit under a camel's hair topcoat, and wearing a brown hat and accessories.

Mr. and Mrs. J. M. Squier will take up residence in Toronto. The out-of-town guests were: Mrs. Charles M. Squier, Lindsay, Ont.; Mr. and Mrs. Robert Myers, Brampton, Ont.; Mrs. E. G. Pierce, Montreal; Mr. J. A. Ewing, K.C., Montreal; Mrs. W. J. Ewing, Richmond; Mr. and Mrs. Clifford Moore, Three Rivers; Miss Dorothy Squier, New York; Cap-

MAXWELL—LANE

The marriage of Catherine Darle, daughter of Mr. and Mrs. E. A. Lane, Lennoxville, to Mr. Wilbert Thomas Maxwell, Lennoxville, son of Mr. and Mrs. W. Irvine Maxwell, Inverness, Que., took place at the home of the bride's parents, 21 Academy Street, Lennoxville, at half past two o'clock on Saturday afternoon, October 6, 1945, the Reverend Norman D. McLeod, of the Lennoxville United Church officiating.

Autumn foliage with bronze and yellow chrysanthemums were used to decorate the already attractive rooms. The bride who was unattended, was given in marriage by her father, and wore an afternoon dress of hyacinth blue crepe, a matching feather toque, black accessories, and a corsage of red roses.

Mrs. Lane the bride's mother, wore a printed green ensemble with black accessories and a corsage of yellow roses. Mrs. Maxwell, mother of the groom, wore a navy blue suit, matching accessories and a corsage of white carnations.

Following the informal reception, refreshments were served in the dining room, a three tiered wedding cake on a silver tray, forming the centerpiece on the bride's table, which was covered with a lace cloth, and artistically done with white baby mums and tall white tapers in silver holders.

Later the bride and groom left to spend their honeymoon in Ontario and the New England States, the bride travelling in a grey suit under a red and black topcoat, and wearing a black hat and accessories.

The out of town guests included, Mr. and Mrs. W. I. Maxwell, of Lennoxville, Inverness; Mr. and Mrs. C. W. Ross, Niagara Falls, N.Y.; Mr. E. W. Lord, Sherbrooke, Ont.; Mr. and Mrs. L. J. Lane, Cookshire.

ANDERSON—WILSON

The marriage of Margaret Little Wilson, daughter of Mr. Taylor J. Little and the late Mrs. Little of Hatley, Que., to Mr. Harper J. Anderson, eldest son of Mr. and Mrs. Thomas Anderson of Callander, Ont., took place quietly Saturday afternoon, September 22, at three o'clock in Longueuil United Church, Rev. W. P. Tanner officiated.

The bride, who was unattended, wore a gray wool dressmaker suit with a tiny hat of wine-colored feathers, accessories to match and a corsage bouquet of Pernet roses and bouvardia.

Following the ceremony a reception was held at the home of Mr. and Mrs. L. Waddell. Later Mr. and Mrs. Anderson left for a motor trip to New York city.

They will reside in Nevada, Que. Out-of-town guests included Mr. and Mrs. L. Seale of Quebec City; Miss Phyllis Little of Ayer's Cliff, Que.; Mr. and Mrs. M. Alexander of Richmond, Que.; Miss Ruth Sherman, Miss Rita Smith and Mr. Bob Simpson, all of Montreal.

HOY—GREAVES A quiet, but pretty autumn wedding took place, at high noon, on Saturday, October 13th, at the home of Mr. and Mrs. R. Graeme Ford, Portneuf, when Eleanor Flora, elder daughter of Mr. Alfred Greaves, formerly of Inverness, Que., and the late Mrs. Greaves, became the bride of Mr. Charles J. Hoy, son of the late Mr. Thomas Hoy, of Inverness, and Mrs. Ludlow, of Laconia, N.H.

The bride, who was unattended, was given in marriage by her father and wore a street-length two piece dress of Mariella crepe; a black Car-

Mr. Guy W. Robins, who has been a guest for a few days of Mrs. G. M. Robins, of Montreal, has returned to his home in Drummondville.

Captain B. L. McCaskill, of Greenville, South Carolina, who was here to attend the Squier-Ewing wedding, was a guest for the week-end of Mr. and Mrs. George E. Ewing, Dufferin Avenue.

Miss Dorothy Squier, of New York, who was a bridesmaid at the Squier-Ewing wedding on Saturday, meeting of the week-end of Mr. and Mrs. George E. Ewing, 70 Dufferin Avenue.

Friends of Mrs. Arthur Dessaint, Ayer's Cliff, will regret to hear that she is a patient in St. Mary's Hospital, Montreal, where she is undergoing an operation. Latest reports state that Mrs. Dessaint is progressing favorably.

Mrs. Wright W. Gibson and Mrs. T. Fraser McQuill, hostesses at the tea hour following the October meeting of the W.M.S. in Plymouth Church Hall, were assisted by Mrs. T. F. L. Cohoon. Tea was poured by Mrs. J. Dorrian, the table being artistically done with snow berries and barberry in a large crystal bowl, and red candles in matching holders.

Cpl. Clifford John Shufelt, Royal 22nd Regiment, a former Sherbrooke boy who went Overseas in 1939 and returned home last week after seeing active service for five years, is with his English wife spending a few days at the Royal Hotel, and visiting friends. The young son is with the former's sister in Montreal. Cpl. Glenwood Shufelt, a younger brother, was killed in the battle of Sicily. Both boys were carrier boys of the Record in their school days.

Mrs. Roy Wiggitt and Mrs. C. K. Bartlett were hostesses at the tea hour yesterday afternoon, at the close of the weekly meeting of St. Faith's Guild in St. Peter's Church Hall. Mrs. Harry L. Pettis, President, was in the chair, and the gracious offer made by Mrs. George Chapman to accept articles at her home, 63 Quebec Street, for the Guild's rummage sale on Friday, October 19th, was gratefully accepted. Further arrangements were made for the candle-light Christmas sale and tea on November 26th, following which tea was served by the hostesses, the President doing the honors.

Miss Eleanor Labonte, of Kenogami, who attended the Teachers' Convention in Montreal, spent the Thanksgiving week-end at home with her parents, Mr. and Mrs. Henry Labonte.

Mrs. Roy Stafford, of Coaticook, while in town to attend the sectional meeting of the W.M.S., was a guest at the home of Mr. H. H. Cooper and Miss Olive Sparling was a guest of Mr. and Mrs. Henry Labonte.

Guests at the home of Mrs. Augusta Smith and Mr. and Mrs. Allen Wilson were Mr. Earl Nutbrown, Miss Iris Nutbrown and Mr. John Patterson, of Lennoxville; Mr. and Mrs. Stanley Herring, Mr. and Mrs. Reginald Thompson and daughters, Misses Fern and Ilene Thompson, Mrs. Dore Smith and Miss Audrey Smith, of Bury; and Mr. and Mrs. Lyle Herring, Misses Norma and Fern Herring, of Bishpton.

The many friends of Mrs. A. Smith will be pleased to hear that she received a letter from her grandson, Cpl. Elwin Herring, of Bury, who was a prisoner of war in Hong Kong, that he is safe and well and expects to arrive home soon.

Mrs. Aline Griffin has returned home from Montreal West, where she was a guest for a week of her sister-in-law, Mrs. Goffe, and Mr. Goffe, Mrs. Gilbert, who had been a guest of her sister, at the same home, returned with Mrs. Griffin to spend a week with her at the home of Mr. and Mrs. Murray Labonte.

WOMEN'S CLUBS

PLYMOUTH W.M.S.

The October meeting of the W.M.S. was held in Plymouth Church Hall, with Mrs. W. G. Cross in the chair. Mrs. W. S. Sutherland conducted the devotional period, and afterwards routine business, including the minutes and the financial report, which were read and approved, was disposed of.

The presiding officer gave an interesting review of the sectional meeting held in Lennoxville, and afterwards the reading course was discussed, and it was agreed that books be purchased by individuals and passed on to the members.

The study period was in charge of Mrs. J. Dorrian, the new book "Angola Now," being introduced. After the offering, Mrs. A. Norman Flint sang very sympathetically.

Many Present At Annual Sectional Meeting Of W.M.S. In East Angus

East Angus, Oct. 16.—Representatives from Bury, Cookshire, East Angus, Island Brook and Scottown Auxiliaries attended the sectional meeting of the Women's Missionary Society, held in the East Angus United Church, which was effectively decorated with seasonal flowers and plants.

The sectional Vice-President, Mrs. J. D. Cox, of Scottown, who directed the proceedings, was assisted by Mrs. R. P. Stafford, of Cookshire, Presbyterian President. The opening worship service was conducted by the Bury Auxiliary, opening with the hymn, "O Lord and Master of Us All," followed by Psalm XCIV, read by Mrs. L. D. MacLeod, and the closing prayer given by Mrs. Whitehead.

Greetings and welcome were extended to the visiting delegates by Mrs. Labonte, President of East Angus Auxiliary.

Splendid Auxiliary reports were given by Mrs. L. D. MacLeod, Bury; Mrs. O. C. Farnsworth, Cookshire; Mrs. Willard, East Angus; Mrs. A. A. MacAulay, Scottown; Miss Mary Seale, Island Brook, and Gault Station, read by Secretary.

Miss Olive Sparling, of Ottawa, Travelling Secretary of Junior Groups, who was introduced by Mrs. Stafford, spoke on "Our responsibility towards the youth of our Church," stressing the fact that the church can hope for no future unless the children and youth are educated in missionary work, which is an integral part of our religious training. World friendship must be taught the boys and girls, who have been so greatly affected by the war, and taught that Brotherhood is not a mere term. She suggested that a Secretary for younger groups be appointed, one of understanding, sympathy, and vision, who would be a link between leaders and the W.M.S. The family life of the church was also stressed. The new Literature Secretary, Mrs. E. E. Gilson, of Sherbrooke, replacing Mrs. E. Ball, of Magog, was introduced, and gave a comprehensive survey of books on the book shelf.

In the Group discussions, "Auxiliary Work," was led by Mrs. Stafford, "Junior Groups" by Miss Sparling, and "Reading Course," by Mrs. Gilson. Mrs. James, former Presbyterian President, spoke of the greater opportunities for future service in the work, opportunities which will require heroic effort. She closed the session with prayer.

Following a delicious luncheon,

served by the Young Ladies' Association, at the noon hour, the afternoon session was opened with the singing of the hymn, "I Do Not Ask, O Lord," and prayer, followed by "Highlights from the Dominion Board," presented by Mrs. Stafford, who stressed the urgent need for leaders in the Crusade for Christ and the church, "not been taken by the United Church, alone, but is a joint effort of all the churches," spoke of the important task of bringing back turned men into the church, and deplored the spectre of materialism, invading our land, and the increasing lack of Sabbath observance, indications of the trend of the times; and our attitude towards it, a lack of vitality, and spiritual power. Our objective, the re-dedication of ministers and church members, seeking preparation through, "Quiet Time."

The study course for the year, "Africa," was presented by Mrs. Sparling, who reviewed some of the study material, "Angola Now," "Currie of Chisamba," "Spotlight on Africa," "Nyanga, Two Villages," and also introduced books for primary age children.

To familiarize the books for study, groups were formed, led by Mrs. Gilson, Mrs. R. A. Scott, Mrs. Staff, Mrs. Cox and Mrs. P. A. Sherman, and the map of Africa was explained, facts given about the people of Africa, a quiz on Angola, what our church is doing in Angola, and highlights on China. A hymn, typical of the missionary work of the United Church of Canada, "Hills of the North, Rejoice," by Shaw, was pleasingly rendered by Mr. Don Willard.

On behalf of the visiting delegates, Mrs. P. A. Sherman extended thanks to Mrs. Stafford and Miss Sparling for their excellent addresses and for the practical manner in which the work was presented, but wishes for success to the new Literature Secretary, Mrs. Gilson, a cordial welcome to Mrs. James, to Mr. Donald Willard, for his service of song, and to the ladies of East Angus for their hospitality.

The session closed with a period of devotion, celebrating the centenary of the first Canadian Foreign Mission Board, and the sending of the first Canadian Missionary to open the first Canadian Foreign Mission Field, directed by Mrs. Stafford, who gave the "Call to Worship," which was followed by the hymn, "Praise the Lord Ye Heavens Adore Him," and the Scripture reading, "Ezekiel's vision of the River of Sanctuary," the basic idea of the "River of Christianity." Following the Litany and prayers of intercession, a short talk on the "Beginnings of Christianity," was given by the leader, and brief sketches of the life of John Geddes were given by Mrs. Cox, Mrs. P. A. Sherman and Mrs. A. A. MacKenzie.

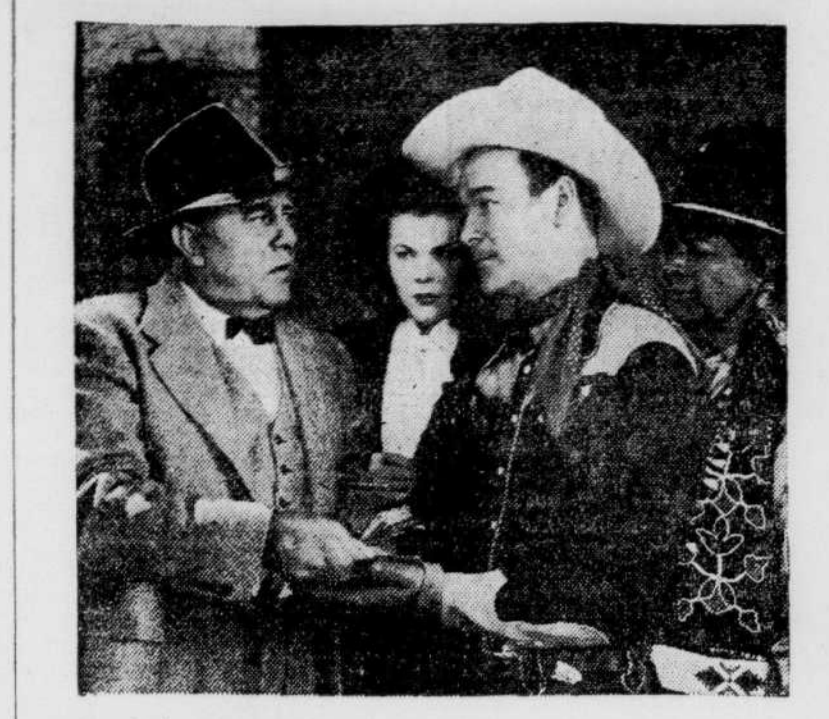

After the closing prayer and hymn, tea was served by the East Angus Auxiliary.

"Man From Oklahoma" Opens As Feature Tomorrow At Premier

Arthur Loft, Elaine Lange and Roy Rogers in an exciting scene from Republic's great new musical Western, "Man From Oklahoma," starring Roy Rogers and Trigger, The Smartest Horse In The Movies.

Excitement, action, music and comedy are expertly combined in "Man from Oklahoma," starring Arthur Loft, Elaine Lange and Roy Rogers, which begins tomorrow at the New Premier Theatre.

Republic, long recognized as master of the musical Western picture, has the best of its succession of such hits, in this, the hilarious story of two feudin' ranch families, who are forced to join together to outwit an unscrupulous land-grabber.

Rogers gives another of his riding-singing roles with the breezy charm which has made him the top cowboy star of the nation. Dale Evans, lovely singing actress has the top feminine role in the film and contributes two ballads to the top-flight musical numbers featured in the picture.

George "Gabby" Hayes, ace Western comedian is seen as the head of one of the feuding clans, and meets his comedy match in Maude Eburne, matriarch of the other family.

New and old music is supplied by Bob Nolan and the Sons of the Pioneers.

Roger Pryor plays the suave land-grabber and Republic's dozen starlets make up the prettiest chorus seen in recent films.

Action highlight of the picture is the exciting wagon race filmed under the direction of the dean of action directors, Yakima Canutt.

Frank McDonald, director of the film has combined the suspense, music and comedy into one of the

The Doctor Says

QUICK ATTENTION IMPORTANT IN ANKLE SPRAIN
By William A. O'Brien, M.D.

Sprained ankles are usually caused by catching the heel of the shoe on a step, forcing the foot to suddenly extend itself with the side turned in, resulting in a tear of the ligaments on the front and side of the ankle. Pain varies with the extent of the injury, and may be so severe that the patient is unable to stand.

First thought when you sprain your ankle should be to learn if you have a fracture. The method for finding a fractured bone is an X-ray examination. The ankle must be examined in several positions so that fine cracks in the bone may not be overlooked. The character of the tenderness over the injury also is suggestive, because in a sprain the whole joint area is tender, while in a fracture only a small spot over the bone may represent the tenderness. This may be so sharply defined that it is pencil-point in size. If there is no fracture, the next step is to reduce the swelling.

Cold Applications First
As soon after the injury as possible, take off your shoe and sock, lie down and elevate the foot. By this time a certain amount of bluish discoloration will be present, due to the escape of blood into the tissue.

Do not apply heat, as this will cause congestion with more swelling and discoloration. Instead, apply cold for the first two hours to keep the swelling down and to help in the clotting of the blood. Cold applications may be made by wringing out cloths in cold water or by putting on ice packs.

After the preliminary cold application, heat is applied to help absorb the fluid and blood which has escaped into the tissues.

Use Figure-8 Bandage
If the ankle is sprained and no fracture is present, the best dressing is a figure-of-8 bandage on the ankle and leg, strongly reinforced with adhesive strips.

Young people usually are able to get up and walk on the bandaged foot without too much difficulty. Older individuals, especially those who are overweight, may find walking results in too much swelling.

Are You Downright Tired?

Now is the time to remind you of what Dr. Chase's Nerve Food can do to help you overcome chronic fatigue which causes so much discomfort at this time.

Many people are working too hard or too long hours. Others have exhausting worries and anxieties to upset the nerves.

So many have obtained relief by the use of Dr. Chase's Nerve Food that we feel that the good word should be passed along.

When you become chronically tired out you may be sure that the inside nerves which control digestion and other body functions are also tired and that the processes of digestion and elimination are slowed down.

Indigestion, headaches, loss of sleep bring you discomforts which are soon relieved by the use of Dr. Chase's Nerve Food. Ask your druggist for the economy size bottle of Dr. Chase's Nerve Food.

Question 1

HAVE YOU A MAN STILL IN THE ARMED FORCES?

Then you will truly realize that, even though the "cease fire" has sounded, a lot of money will be required for the forces of occupation —to bring home as quickly as possible those no longer required, and to meet our obligations to them after their return.

Question 2

IS YOUR MAN HOME AGAIN?

You are looking ahead with him. You want stability—security—your man must have the best in hospital care if needed. This all adds up to the fact that Canada must raise a tremendous sum of money—money for mustering out pay—money for all the benefits and services your man so richly deserves. That's why the coming 9th Victory Loan drive is so important —and so necessary. Lend twice as much as before. Do your full part in putting the 9th Victory Loan Campaign over the top.

Question 3

ARE YOU PLANNING YOUR IMMEDIATE FUTURE?

With the cessation of hostilities, one's thoughts turn to plans for the future. Money may be needed to carry you over from wartime to peacetime jobs. Then there are education, household repairs and replacements to take care of... all important uses for the money already invested in your Victory Bonds. The savings reserve you add to now will be so important and useful later, that you should make the largest purchase you can of 9th Victory Loan Bonds.

Only Victory Loan for a year

The 9th Victory Loan is the only one for 12 months. You are asked to buy double this time—the same rate of savings as in previous Victory Loans will pay for twice as many bonds over the 12-month period.

Buy from savings; by wage deductions; monthly savings through Banks, or Trust Companies or by the deferred payment plan. Plan now to double your investment in the 9th Victory Loan.

Brome County Appeals For Support In \$935,000 Victory Loan Objective

Known, Oct. 16.—The last appeal for Victory Loan Bonds and the last opportunity for the people of Canada to buy Dominion of Canada Bonds on the instalment plan, namely \$5 only per \$100 as the first payment and the balance spread over a period of one year.

The objective for Brome County for this Ninth Victory Loan has been set at \$935,000. The following are the quotas allocated to each district, which are considered fair. All feel confident that the various salesmen will, as in the past eight loans, put Brome over the top and be the envy of all the Eastern Townships:

- Abercorn Village, \$20,000; Adamsville Village, \$19,000; Austin Municipality, \$22,000; Brome Township, \$71,000; Brome Village, \$41,000; East Bolton Township, \$35,000; East Farnham Village, \$10,000; East Farnham Township, \$35,000; Eastman Village, \$16,000; Foster Village, \$21,000; Knowlton Village, \$213,000; Potton Township, \$122,000; Sutton Village, \$192,000; Sutton Township, \$73,000; St. Etienne Municipality, \$4,000; West Bolton Township, \$56,000.

These objectives, on the surface,

might appear high, but when it is considered that this loan is two-in-one, and the public should invest for their spring purchases as well, these quotas should not be too hard to obtain. There are at present three billion dollars of savings deposits in the savings banks and one billion dollars of money in circulation. Let all give their best to bring the boys home, assure them of their rehabilitation and keep jobs secure by preventing inflation.

Friends of Mrs. Smith Hazard are very sorry to hear that her little girl, Sherry, is threatened with pneumonia, and sincerely hope that she may soon be well again.

RICHMOND

An interesting service was held in the United Church when the Sunday School held its regular Rally Day programme. The theme of the service was "In quest for others." There were one hundred members of the Sunday School present. Rev. T. N. Mitchell, Pastor of the church, was the leader, and the Scripture lessons were read by Misses Sheila Fee, Margaret Pope, Marguerite McManis and Errol Taylor. An interesting feature of the service was the dedication of the parents, teachers and officers to be co-workers in building the "City of God." This was followed by the members of the school singing the dedication hymn, "Take My Life And Let It Be." Mrs. J. S. MacNaughton, Superintendent of the Sunday School, presented the promotion certificates. Marjorie Husk was presented with a Bible for perfect attendance from October to June. The story, "How I May Be-

come a Useful Fisherman for Christ" was read by Lucien Perron. The service closed with the benediction by Rev. Mr. Mitchell.

Miss Kathleen Delaney, R.N., of Montreal, was a guest of her parents, Mr. and Mrs. C. Delaney.

LOST WOMAN'S LEFT SHOE
 ... black oxford, size 5 1/2, round patch on left side. Ample reward for its return to 112 Alexander Street, Belgrade, Yugo-Slavia.

Behind the above advertisement taken from "Politika", leading Yugoslavian newspaper, lies the grim story of the millions of European men, women and children who will die, or lose hands and feet this winter, for the lack of clothing, shoes and bedding.

IN GREECE—Six persons out of every seven are without shoes.

IN BELGIUM—A single shirt is the only garment possessed in a family of eight persons.

IN CHINA—Lack of clothing in freezing weather was responsible last year for tremendous suffering, the amputation of hands and feet and many deaths.

IN YUGOSLAVIA—Notice of a death brings crowds offering "fabulous" sums for the clothing of the deceased.

CARDS TO OPERATE LOCAL SQUAD IN CANADIAN-AMERICAN LOOP

Lease Of Local Park To New Entry Approved At City Council Session

Baseball enthusiasts in this district are promised the best they have ever enjoyed in the history of local diamonds as the result of a series of deals which were brought to a successful conclusion last evening whereby the East Sherbrooke Ball Park was leased to the Sherbrooke Canadian Baseball Club, an entry in the Canadian-American loop. The Sherbrooke member of this international circuit will be sponsored by the St. Louis Cardinals of the National League and will form a part of the farm club organization operated by the former World champs.

At the regular session of the Sherbrooke City Council last evening, the Aldermen, who have charge of the general administration of the ball park, approved a lease on the terms proposed by William J. Burns, of the Cardinals. Under the terms of the new agreement, the Sherbrooke Canadians obtain a lease on the plant until May 1, 1948, without any rental, provided the Club main-

TENNIS

GERRY WALSH TAKES TENNIS HONORS AT ST. PAT'S

Gerry Walsh, twice winner of the junior tennis championship at St. Pat's, made it three in a row by defeating Guy Lindley in the finals of the senior class. The champ had to exert himself to polish off Lindley 6-3, 6-4 in two hard-driving sets.

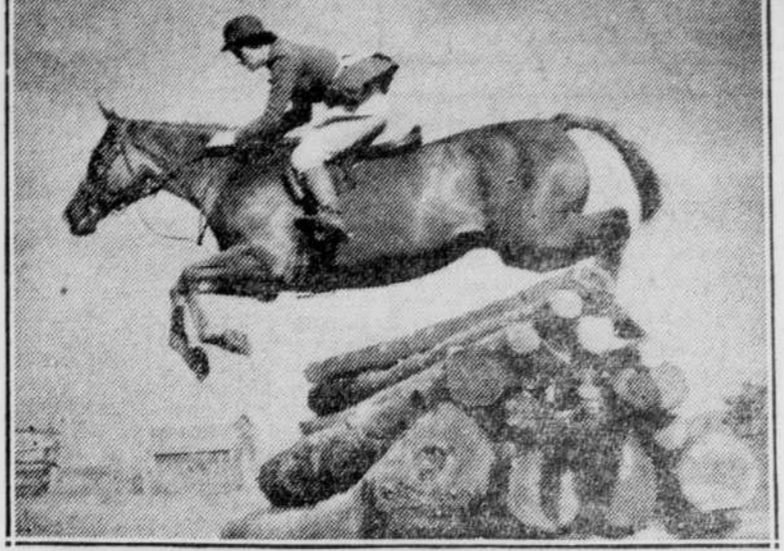

In the first round victors were Walsh, Gervais, Choquet, J. McDonough, Laliberte and Lindley.

In the second round Walsh took Gervais, Lindley beat Laliberte and John McDonough won over Choquet by default.

In the third round Lindley had to exert himself to take John McDonough, thus earning the right to meet Gerry Walsh, who received a bye in the finals. He is now holder of the Mitchell tennis trophy for the coming year.

Moriassette took the junior tennis honors. Playing a steady and a heady game all the way he had no trouble to defeat all his opposition, except Jimmy Steele, who made the champ use all his tricks to win. He is now the holder of the Dunn Cup for the coming year.

Many Entries Received For Horse Show

Among the many entries received to date for the Sherbrooke Horse Show which begins Thursday night is "Missy," pictured here with its rider, Mrs. F. H. Dillingham, winning the knockdown-and-out \$200 stakes at the Montreal Horse Show recently.

Organizers of this year's event stated today that ninety-two horses have been entered to date for what will be a spectacular exhibition of riding and jumping. Fifty horses are already in the stables on the Exhibition Grounds. Brand new jumps have been obtained for this year's event and there should be plenty of thrills. The performance on Thursday, Friday and Saturday evening will get under way at 7 o'clock sharp.

Thursday night the grand champion and reserve grand champion steers in the Fat Stock Sale and the champion and reserve champion lambs will be exhibited in the ring.

A.H.L. TO OPEN SEASON TONIGHT AT CLEVELAND

New Haven, Conn., Oct. 16.—(AP)—On the say-so of President Maurice Podoloff, the American Hockey League opens its first post-war campaign tonight with "very, very fine" prospects and visions of a big future. Not that all war years were too bad by any means, for the season of 1944-45 broke all attendance records.

Podoloff, starting his tenth season as the head of the loop, and its predecessor, the International-American, paused at his headquarters here before heading for the Cleveland-Hershey opener at Cleveland, to predict that this year's brand of hockey "will be better than ever."

Podoloff emphasized that his circuit "sought no concessions or favored treatment from the Government during the war, and received none, with the result we operated with players either too young or too old for military service."

"Today we find ourselves with a great surplus of ice athletes, a fact that makes me sure our hockey will exceed the quality shown before the war."

Tonight's game at Cleveland will be followed tomorrow by Indianapolis at Buffalo, St. Louis at Pittsburgh, and New Haven at Providence, in addition to a return Cleveland-Hershey engagement at Hershey.

Championship Competition In All Boxing Divisions Will Be Revived

Washington, Oct. 16.—(AP)—Revival of championship competition in all boxing divisions was predicted today by President Abe J. Green of the National Boxing Association as he hailed the return to civilian life of all titleholders.

Revealing the first post-war N.B.A. ratings Greene announced that notice had been served on all champs that after a "proper conditioning period" they will be expected to defend their crowns against proper contenders.

Joe Louis, Gus Lesnevich and Tony Zale were given a full period of respite from title defence because of their recent discharge from military service but Freddie Cochrane, Ike Williams and Manuel Ortiz were served notice to prepare to take on high-ranking foes.

Although Louis was not required to make immediate plans for risking his heavyweight crown, he signed a contract with Promoter Mike Jacobs yesterday for a battle with Billy Conn that is expected to draw a \$3,000,000 gate next June.

Only two Canadians—Johnny Greco and Danny Webb, both of Montreal—were named in the lists. Each was given "honorable mention" rating in the welterweight and featherweight classes respectively.

The rankings:

Heavyweight—Champion, Joe Louis, Detroit; logical contender, Billy Conn, Pittsburgh; outstanding boxers, Jimmy Bivins, Cleveland; Tami Mauriello, New York; Melic Bettina, Beacon, N.Y.

Light heavyweight—Champion, Gus Lesnevich, Cliffs, N.J.; logical contender, Archie Moore, St. Louis and Freddie Mills, England.

Middleweight—Champion, Tony Zale, Gary, Ind.; logical contenders, Jacob LaMonte, New York, George Abrams, Washington, D.C.; Rocky Graziano, New York; Holman Williams, Detroit; outstanding boxers, Charlie Burley, Pittsburgh; Jimmy Edgar, Detroit; Jack McAvoy, England; Honorable Mention, Marce Cerdan, France; Jose Basora, Puerto Rico.

Welterweight—Champion, Freddie Cochrane, Elizabeth, N.J.; logical contender, Ray Robinson, New York; outstanding boxers, Tippy Larkin, Garfield, N.J.; Jimmy Doyle, Los Angeles; Honorable Mention, Ernie Roderick, England; Tony Janiro, Youngstown, Ohio; Johnny Greco, Montreal.

Lightweight—Champion, Ike Williams, Trenton, N.J.; logical contenders, Beau Jack, Augusta, Ga.; Bob Montgomery, Philadelphia; Willie Joyce, Gary, Ind.

Featherweight—Champion, Sam Bartola, Boston; logical contender, Willie Pep, Hartford, Conn.; outstanding boxers, Chalky Wright, Los Angeles; Carlos Chavez, Los Angeles; Honorable Mention, Freddie Russo, Rahway, N.J.; Danny White, Montreal.

Bantamweight—Champion, Manuel Ortiz, El Centro, Calif.; logical contender, Tony Olivera, San Francisco; Bennie Goldberg, Detroit; Luis Castillo, Mexico.

Flyweight—Champion, Jackie Patterson, England; logical contender, Joe Curran, England; Dado Marino, Hawaii; Terry Allen, England.

Past Year's Work Reviewed During Annual Meeting Of Melboro W.M.S.

Melboro, Oct. 16.—The annual sectional meeting of the Women's Missionary Society was held in the Melboro United Church, with an attendance of sixty-five. The morning session started at ten o'clock, and was opened by Mrs. V. M. Gilbert.

The morning worship was conducted by ladies of the Kingsbury W.M.S. Mrs. Roy P. Stafford, of Coaticook, Presbyterian President, presided at the organ. Mrs. D. J. Stevens, local President of the W.M.S. spoke a few words of welcome to the visiting guests. Minutes of the last meeting were read by Mrs. Scott Milley, and approved.

Mrs. V. M. Gilbert, of Windsor Mills, acted as Vice-President, in the absence of the President, Mrs. A. B. Ross, of Asbestos, who was unable to be present.

Mrs. Jondreville, of Windsor Mills, held a memorial service for one of their members who had passed away during the past year. This was followed by a moment of silent prayer.

Mrs. Angus MacRae, of Richmond, gave an outline of the meeting she had attended at Edgemoor, Ont. She also spoke on missionary work.
