# YEAGER REFUSES POSITION AS MANAGER-IN-CHIEF OF THE ROYAL BASEBALL TEAM

**Joe Will Take Temporary Charge of the Royals—Baltimore Opened With Two Runs This Afternoon—Burns Arrives from St. Louis — Darrell Retires Hurt.**

Special Staff Correspondence.

Atwater Park, July 22.—Lefty Smith the little Oriole southpaw against whom the Royals have never won a game, was Manager Dunn's pitching choice in the opening encounter with the Royals here this afternoon.

Joe Yeager, who is conducting the Royals in the absence of Lush who has been set down, pinned his faith in Dick Carroll. Bergen and Murphy were doing the receiving.

Fourneir a first baseman has been purchased from the Chicago White Sox and will report here immediately. Fournier played with Moosejaw in the Western League last year and hit .370. He is touted as a second Lajoie.

Joe Yeager who was offered the managership of the team by the directors to-day absolutely refused to accept the job but will be in charge temporarily.

Burns, the catcher purchased from St. Louis (reported here) and was in uniform.

## LONDON BOWLING TOURNAMENT OPENS.

**Noted Skips Expected to Provide Fast and Exciting Contests.**

London, Ont., July 22.—The seventh annual tourney of the Western Ontario Bowling Association opens here this evening on the greens of the London Bowling Club under highly favorable weather conditions. The temperature is moderately warm with a clear sky.

The entries show a falling off, only 35 rinks being entered as compared with 104 last year. The fewer entries, however, does not indicate a falling off in interest of the sport, but rather otherwise the number of smaller tourneys throughout the province accounting for the fewer contestants here.

Many noted skips are here from Brantford, Stratford, Berlin, Waterloo, Hamilton and Toronto. The green is in excellent shape, and fast and excit-

# CROWDS FLOCK TO NEW YORK CORONER'S COURT

**Curious People Extend a Block to Get Admission in Rosenthal Murder Case—Mother of Car Driver Weeps as She Sees Her Son in Custody.**

New York, July 22.—Wm. Shapiro, Louis Libby, chauffers and owners of the "murder car," Louis ("Bridgie") Weber, "Jack" Rose, and Sam. Paul, all charged with homicide in being implicated in the murder of Herman Rosenthal were arraigned before Coroner Feinberg this afternoon for examination.

Mrs. Webber, the gambling house keeper's wife, dressed in black, and the mother of Shapiro, driver of the "murder car" were in court. Mrs. Shapiro wept when she saw her son sitting with an officer.

Hundreds of persons were unable to gain admission to the court room. A line of the curious extended fully a block in two directions and the police had difficulty in keeping them back. By two o'clock the crush in Coroner Feinberg's court became so great that it was decided to hold the hearing across the street in the Court of Special Sessions. The prisoners were hurried out by the officers so that the waiting throng only caught a glimpse of the participants in the murder case.

After a short wait in the new court room District Attorney Whitman entered going to the enclosure where the prisoners were engaged in conference with their attorneys.

When the coroner called the hearing to order at 2.40 o'clock District Attorney Whitman, for the people asked adjournments in the cases involving Shapiro and Libby. Mr. Whitman declared that "public interest and the interest of justice" demanded an adjournment. Adjournments in these cases were then ordered until Thursday.

Counsel for "Bald Jack" objected to a postponement in his client's case. Mr. Whitman thereupon asked that Deputy Police Commissioner be called as the first witness.

## TEACHERS OUT FOR SIX WEEKS CAMP

**Course at Levis in Physical and Military Training Makes Strenuous Work.**

Special to The Montreal Star.

Levis, Que., July 22.—A large number of the English-speaking teachers from different parts of the Province of Quebec are assembled at the Levis Camp for a six-weeks course in physical and military training. Quite a number hail from Montreal. The camp is situated at Lauzon, about a mile and a half outside the town of Levis, which is just opposite to the city of Quebec.

The camp is beautifully situated on the river bank on the south shore, commanding a very clear view of the far-famed Montmorency Falls on the opposite shore. The richly-wooded Island of Orleans is directly in front of the camp, and the whole countryside is one grand verdant scene.

The course marked out for the teachers daily is a strenuous one. They rise at 5.30 a.m. There is an hour's exercise before breakfast, on the parade ground. Breakfast is at 7 a.m. Exercise begins again at 8, and continues till 11 with a short interval. Dinner is served at 12.30 p.m., and the students are again on parade from 2 to 3. This finishes the day proper, but study and private practice takes up further time. Later on in the course an evening session will be added.

## Will be Worthy Of the Great Dominion

By Special Cable From Our Own Correspondent.

London, July 22—The Right Hon. Winston Churchill, in concluding his speech on naval expenditure in the House of Commons this afternoon said:

"I am not at liberty to announce the result of the deliberations between the Government and the Canadian Ministers. I may say that, whatever Canada does, will not be unworthy of the great Dominion."

## BRITAIN BUILDING FOR SECURITY AND PEACE.

London, July 22.—The Right Hon. A. J. Balfour, followed Mr. Winston Churchill in the debate on the extra naval appropriation in the House of Commons this afternoon. The former Premier, and ex-leader said that, although the country might groan under the expenditure, it would have the consolation of knowing that Great Britain was building for its own security and for the peace of the world.

## LOBSTER SEASON CLOSES.

Special to The Montreal Star.

Gaspe, Que., July 22.—The lobster season is now over and although it has not been a record success it cannot be said to be bad, but the cod and salmon season will be very good.

Cod fishermen all along the Gaspe coast report exceptionally good catches for a couple of weeks, and look forward to one of the best seasons in many years.

**Destructive Dennett.**

Dennett was enjoying himself among the sticks at Bristol the other day, and it is gratifying to find this capable left-handed slow bowler having a successful season, his name now appearing eighth in the current averages. Dennett, who is a Somerset man by birth, has accomplished many fine performances with the ball, his feat of dismissing ten batsmen in the first innings of Essex at Bristol in 1906 being the most conspicuous. No doubt he had much to do with placing Gloucestershire in the comparatively respectable position of fifth from the bottom of the championship table last season. He is thirty-two.

# THESIERES DOES BETTORS A GOOD TURN IN OPENING RAGE AT HALF MILE TRACK

PRINCE ARTHUR OF CONNAUGHT.

Who has been elected a member of the English Jockey Club.

**Largest Week Day Attendance at King Edward Park — Seven Youngsters Go to the Post in the First Event — Favorite Had An Easy Task.**

Special Staff Correspondence.

King Edward Park Race Track, July 22. The largest week day attendance at a half mile track this summer journeyed to Isle Gros Bois to-day for the second day of the meet and were landed in prompt time.

Capt. Clay, of Kentucky was in the judges stand to-day, he having arrived from the Blue Grass state yesterday.

Seven youngsters went to the post out of a field of eight in the opening dash. Thesieres was always favorite opening even money and being played down to 4 to 5. The result was never in doubt, the Bannockburn colt leading from the barrier to the Winning post and sending the form players off to a good start. Pass On, a hot tip, after being well up for half the journey faded in the run home. St. Avano was a comfortable second, and Michael Rice third. The books were hard hit, a long line of bettors still cashing in when the bugle sounded for the second race.

Booby sprang a surprise on the talent when he came over at 20 to1, in the second race. Manheimer played as confidently as if the race were over and looked like a sure thing until entering the stretch when he dropped back and the best he could do was to finish third. Helen Gow a ten to one shot beating the favorite out for the place.

Col. Clay sent in invitations to the newspaper men to sit in the judges stand and ask questions with reference to anything which did not look good to them. They accepted.

Summary:

**FIRST RACE.**

Purse $300, for two year olds, five furlongs. Thesieres, 114, Small, even, 1 to 2, and out, won. St. Avano, 111, Mondon, 2 to 1, 1 to 2, and out, second. Michael, Rice, 102, Dreyer, 4 to 17 ,2 to 1, and even, third. Time, 1.03 3-4. Boss, Pass On, Casenova and Gibbons also ran.

## MARKET CHEERED BY BETTER SHOW OF THE BANKS

**Great Strength in Sterling Exchange is Another Notable Feature.**

Special to The Montreal Star.

New York, July 22.—The "Post's" financial review says:

Speculation was a trifle more active to-day, and security prices held firm in the early trading with a reaction before the close. The stock market ignored the recommendations of the Stanley Committee's report, and paid little attention to the formidable array of figures given out by the railroads touching the disasters that might have been encountered if the wage increases asked for by the locomotive engineers should be granted. The proceedings of the Arbitration Board received, however, some attention, and the view prevailed that an equitable adjustment of the existing differences would be soo nreached.

The market was also cheered by a better bank showing, as evidenced by the fact that only three National banks reported last Saturday less than the legal reserve, against five the week before. There were no large offerings of time money, however, in consequence of the stronger reserve position. This was due in part to the fact that most of the banks had increased direct inquiry from their own customers to provide for.

Advice from St. Louis and other important interior markets indicated that business conditions were showing improvement, and that the plans for handling the increased volume of orders incident to the harvesting season were imposing rather heavy demands upon the banks.

An incident of importance bearing upon the money market conditions here and abroad was the great strength in sterling exchange. The exchange market here was active and higher, being influenced in part by the rise in the discount rates in London. It was evident that the complications in the English market incident to the congestion of unsold securities were reaching a somewhat critical stage.

After an early advance, the stock market became heavy and most of the early improvement was lost.

## JUROR'S ILLNESS STOPS DARROW CASE

**Alternate Juror May Create Novel Situation by Becoming Regular.**

Los Angeles, July 22.—The bribery trial of Clarence S. Darrow was unexpectedly halted to-day by the illness of Juror L. A. Leavitt. Shortly before court convened a telephone message was received from Elmonte that Leavitt had suffered an attack of appendicitis.

Judge Hutton selected a doctor to visit and report to the court at 10 o'clock to-morrow morning until which time an adjournment was taken.

If an operation on Leavitt is necessary, the services of A. M. Blackley, the thirteenth juror, probably will be required. Leavitt had an attack several weeks ago which delayed the trial for a few days.

Should the alternate juror become a regular member of the jury it will be the first time in the history of American courts, according to attorneys that such a condition has prevailed. Juror Blakely has been subject to the same conditions and restrictions as the regular jurors, but cannot vote on a verdict unless a regular juror becomes incapacitated.

## WOLFE GIVES UP SWIM ACROSS THE ENGLISH CHANNEL

**He is Reported to Have Reached Seven Miles from Dover.**

Boulogne, July 22.—Wolfe, abandoned his attempt to swim across the English Channel, some distance before reaching Dover, where he boarded an accompanying tug and returned here.

Boulogne, France, July 22.—Jaoez Wolfe, the well known amateur swimmer, started on another attempt to swim across the English channel today. He entered the water in the vicinity of Cape Grisnez at a quarter past four this morning, and at 7 o'clock was seven miles to the north of that point on the French coast. At that hour a brisk breeze sprang up, making the water rather choppy.

Wolfe was accompanied by several others swimmers who alternately accompanied him in the water.

Dover, Eng., July 22.—At 5.40 o'clock this afternoon J. Wolfe, who is attempting to swim across the English Channel was reported to have reached a point seven miles off this port.

## PICK OF ENGLAND'S POLO PONIES FOR CUP

**Duke of Westminster Has Hopes of Lifting American Trophy.**

London, July 22. The London Times in discussing the situation regarding the American polo cup, says that the Duke of Westminster has informed the Hurlingham Club of his readiness to take an English team to America in 1913 and a challenge in his behalf will be sent in due course by the Hurlingham committee which appointed delegates to confer with the Duke in carrying out the necessary arrangements.

Since the Duke took over the responsibility of organizing the English team, he has not allowed expense to stand in the way of securing the pick of England's ponies. The Times says it may be taken for granted that by the end of September he will have a supply of ponies in number and quality capable of carrying the right men to victory.

## PRINCE ARTHUR JOINS ENGLISH JOCKEY CLUB.

**Now Four Royal Members of the Exclusive Turf Institution.**

The election of Prince Arthur of Connaught to the Jockey Club was not unexpected by his intimate friends, who have noted his growing liking for the Turf, says the News of the World. It is now understood by his brother officers in the Scots Greys and others who enjoy his confidence that his Royal Highness may shortly form a small racing stud of his own, and it is stated that he will make one or two purchases of young horses when the autumn sales come round. These would be placed under the care of Mr. Richard Marsh at Egerton House, Newmarket, in due course.

Though there are now four Royal members of the Jockey Club, the others being the King, the Duke of Connaught and Prince Christian of Schleswig Holstein, only His Majesty is an actual owner, and is the only one to have registered his colors under the rules of racing.

## MARRIAGE CASE IN PRIVY COUNCIL THIS AFTERNOON

(Canadian Associated Press.)

London, July 22.—Following Mr. Geoffrey Lawrence, who supported the previous argument in the marriage appeal reference before the Privy Council, Mr. Hellmuth, K.C., replied to what had so far been addressed to their lordships and mentioned that Mr. Mignault would deal with the further point of the status of Roman Catholics who were married by a Minister other than a Roman Catholic Priest.

The Lord Chancellor—You are not dealing with the code.

Mr. Hellmuth replied that he was not dealing with the code, but with the point that on a true construction of the code, Roman Catholics were rendered absolutely incapable of having their marriage solemnized otherwise than before a parish priest.

## FIRST IMPORTER OF DRAFT HORSES.

**Father of Baseball Club Manager Dies in Los Angeles.**

Los Angeles, July 22.—Alexey Dillon, father of Frank Dillon, Manager of the Los Angeles Coast League Baseball club, uncle of Clark Griffith of the Washington American League team, and widely known as one of the first importers of Norman draft horses into this country, is dead at his home in Huntington Park.

Mr. Dillon came to California from Normal, Ills., last fall.

## RELIABILITY RUN CHAIRMAN DIES

**First Vice-President of American Automobile Association.**

Minneapolis, July 22.—Col. Frank M. Joyce, first vice-president of the American Automobile Association and Chairman of the Committee to make arrangements for the 1912 reliability run of that organization, died at his home here to-day after an illness of one week. He was 51 years old. Mr. Joyce recently resigned from New Orleans, where he had arranged for that city as the terminal of the tour.

# ONLY SON IN A FAMILY OF 13 IS CRUSHED BY AUTO

## Eugene Labelle Killed When Car Swerves Into Tree on Sherbrooke Street.

## ACCIDENTAL DEATH CORONER'S VERDICT

## Parents and Twelve Sisters Present Pathetic Scene at Bedside of Victim.

Eugene Labelle 14 years old and the only boy in a family of thirteen children was crushed to death Saturday between an automobile and a tree on Sherbrooke street near Berri street. The little victim was the son of Mr. Edouard Labelle, of 161 Drolet street.

The boy's head was badly crushed and he was injured about the body. He was taken to the Hotel Dieu Hospital, where his mother, father and twelve sisters gathered. With the members of his family at his bedside, the youthful victim died an hour later without regaining consciousness.

Young Labelle together with some other boys was riding on the automobile express of Lamy & Co., with the driver, Joseph Laporte, of 1350 City Hall avenue. Laporte was running his machine in towards the sidewalk in Sherbrooke street, near Berri. He requested the boys, who were standing on the steps of the machine to get on the other side, as he feared there was danger of their being struck by one of the trees at the edge of the sidewalk.

One of the boys crossed over in front of Laporte all right, but when the second boy was crossing he caused Laporte to lose his grip on the steering wheel, with the result that the machine swerved in towards the sidewalk and struck against the tree. The little victim, who was just about to crawl across in front of the driver, fell and was crushed between the front of the machine and the tree.

The children say the tree is in a dangerous position, and their parents say the corporation is blamed for not having it removed long ago.

Coroner McMahon this morning returned a verdict of accidental death without the formality of an inquest.

**Robert Lamont is Run Down.**

Another little boy was run down this morning. Robert Lamont, 12 years o fage, residing with his parents at 508 Berri street while attempting to cross Notre Dame street at the corner of Colborne street was knocked down and seriously injured by a large automobile. The owner of the car, however, did all possible for the little fellow and seeing that he was seriously hurt, placed him in the car and drove him to the General Hospital. On examination it was found that young Lamont had received a broken leg, as well as several bruises.

## GRACE DART HOME BAZAAR.

A successful bazaar in aid of the Grace Dart Home was held on June 26th, at Marin avenue, superintended by Miss Maither. The sum of $40.85 was realized. Those who took charge were: Fishpond, Blodwin Roberts; fancy booth, Dorothy Burrows and Hazel Burgess; toy table, Cleo Deufferwiel; refreshments, Mabel Harman and Muriel Whyte.

# Strikers Enter Eleventh Week

**Trouble With London Transport Workers is One of the Most Disastrous in History.**

Special to The Montreal Star.

London, July 22.—With sixty thousand workers still idle, and many of them reduced to the lowest ebb of poverty, London's transport workers strike completed its tenth week to-day. The strike has been one of the most disastrous in British history, and the monetary loss both to workers and employers has been immense.

The Labor members of Parliament are giving new impetus to their demand for a law creating a Wages Board for the Port of London.

**Conductor Falls Beneath Train.**

Canadian Associated Press.

Magog, Que., July 22. — Conductor Augustine Bourque, of The Brome Lake special, met with a serious accident here this morning. While alighting from his train at the station he fell under the wheels and his right leg was severed near the body. He was, immediately taken to the St. Vincent de Paul hospital at Sherbrooke, where he lies in a critical condition. His home is in Farnham.

**Suspect Border Thieves.**

Special to The Montreal Star.

Lancaster, July 22.—Thieves who, it is supposed, came across the river from Morrisburg, City, Mich., and carried off their booty in a row-boat, succeeded in getting away with $1,000 worth of readymade clothing from the store of E. C. Logan some time during Sunday night. The border police of all towns have been notified.

**Old Cookshire Resident Dies.**

Special to The Montreal Star.

Cookshire, Que., July 22.—Allen Searned, a well and prominent citizen of this place, died last night, after a long illness. He was born here in 1842 and lived here all his life, always taking an active part in the interests of the town. He was proprietor of the hotel which bore his name for many years.

**Italians Fight in Ottawa.**

Ottawa, July 22.—Joseph Varico, an Italian living in the General Hospital in a critical condition, and Phillipo Benetti, a compatriot, is in the hands of the police charged with a tempted murder. This is the outcome of a brawl between the two men, who resided together in a tent in the village of East View, a suburb of the city.

**Fall Kills Pioneer Priest.**

Vancouver, July 22.—The Rev. Father Capini, O. M. I., of William Lake, Cariboo, was fatally injured by a fall from his horse last Wednesday and died yesterday. He was a pioneer Catholic priest.

# Ontario Mayor Shines as Hero

**His Worship of London Rescues Five Young Men After Boat Upset in Lake Erie.**

Special to The Montreal Star.

London, Ont., July 22.—Mayor Graham proved himself a hero at Port Stanley on Sunday afternoon when in a small row boat he paddled out a mile and a half in Lake Erie and rescued five London young men whose sail boat had capsized in a gale.

The Mayor was sitting in front of his summer cottage on the top of the hill when he noticed the boat upset, and at once rushed down and dashed to the rescue.

One of the party, James Orr, the well known hockey player, was just about ready to let go from exhaustion, and all were clinging to the keel in a bad way from the effect's of the icy water.

## JAPANESE UNEASY OVER KOREAN SITUATION.

Special to The Montreal Star.

Harbin, July 22.—The death of the Emperor of Japan, it is feared, would precipitate a conflagration in Korea, the annexed Province of Nippon. No disorders are feared in Japan, when the Crown Prince succeeds to the throne, but the Japanese Government is uneasy over the situation in the annexed Province.

According to information received here, Japanese troops about Seoul have been placed in readiness to deal with any uprising.

## WHITE STAR SAYS MISTAKEN IDENTITY.

Special to The Montreal Star.

London, July 22.—The White Star management had no information today concerning the reported re-appearance of Captain Smith, of the Titanic, an old shipmate of whom said he saw him on a street in Baltimore last Friday. The officials of the line think the case one of mistaken identity.

**CLOTHES AND THE WEATHER.**

(Troy Record.)

Tip saw a man yesterday in Broadway, wearing a shirt waist and a Panama hat and carrying his coat. He looked warm. On the next block was a man in a silk hat, a Prince Albert coat, and he carried a cane. He looked as comfortable as a churchgoer on Fifth avenue when the autumn days are well on.

# RAILWAYS CLAIM ENGINEERS' POSTS EASIER THAN EVER

## Officials Say the Men Are Getting All That Business Will Warrant.

New York, July 22.—The arbitration committee appointed by the Chief Justice of the United States Supreme Court to settle the controversy between the 52 railroads east of Chicago, and their locomotive engineers over the demands of the men for increased pay, resumed their sessions at Manhattan Beach to-day.

With the engineers' side of the case completed, the railroads began the production of evidence in support of their claim that the wages and working conditions of the engineers are all that the present business of the railroads will warrant.

Mr. Worthington, president of the Chicago and Alton Railway, who is in charge of the case for the railroads, said that he would call general managers, yardmasters and others to show that the locomotive engineer of to-day has an easier job than in years gone by. He said that there is a hostler to bring the locomotive out of the roundhouse, inspectors to see that it is in order, mechanics to make repairs, and competent firemen to assist in operation.

# Time of Trial Still to Come

**Premier of Saskatchewan Fears Many Regina People Will Be in Financial Straits.**

Ottawa, July 22.—Writing to the headquarters of the St. John Ambulance Association, the Hon. Walter Scott, Premier of Saskatchewan, expresses his appreciation of the assistance rendered to the Regina storm sufferers and the good work of Secretary Birdwhistle, who was sent West to assist in the relief.

"The blow which Regina as a community has sustained is an acute one," says the Premier. "The spirit displayed by the people as a whole, including the sufferers, has been in every way praiseworthy. In reality, however, the time of trial is still to come. A great many people cannot fail to find themselves in severe financial straits, and there will be genuine necessity for discreetly applied and well-directed aid."

## CHEAP POWER; THE BIG QUESTION

**Dominion Conservation Commission Is At Work.**

Ottawa, July 22.—As Canada develops into a manufacturing country the consideration of cheap power will be an increasingly important one, and not the least important branch of the report of the Dominion Conservation Commission deals with this question.

Ontario and some of the Prairie Provinces are dependent upon imported coal, and their manufacturing industries would be seriously crippled should any unforeseen accident prevent the importation of the necessary supply. Any effort, therefore, that is being made to supplement the shortage of coal in these provinces must be followed with peculiar interest.

Luckily there is an abundance of peat fuel, it being estimated that there are 37,000 square miles of peat bogs already known from five to ten feet in thickness. According to Mr. Eugene Hannel, the director of mines, this is probably only a small fraction of the amount of this valuable fuel asset in existence in Canada.

Desultory and ill-considered experimentation only leads to expenditure of money on processes which give no satisfactory results. The Department of Mines, therefore, sent a member of their staff to Europe to investigate the processes in successful operation in peat producing countries, so that Canada might profit by the experiences of others. To produce the conviction necessary for the commercial exploitation of the process, it was recommended that a type of plant, of which thirteen hundred are in successful operation in Russia and a large number in Sweden be imported, a part of a bog purchased, and the manufacture demonstrated.

## CLERGYMAN'S SON DROWNS.

**Six-year-old Boy Falls From a Wharf at Rideau Lake.**

Smiths Falls, Ont., July 22.—Foster Mills, the six-year-old son of the Rev. A. W. Mills, of Matoon, Illinois, fell from a wharf at a cottage at Rideau Lake, fifteen miles from this place, and was drowned. The boy with his mother and several other members of the family was summering at the lake. The body was recovered.

**NEWFOUNDLAND TO COMBAT TUBERCULOSIS.**

Thanks to the generosity of Messrs. Reid, the three sons of the late Sir Robert Reid, who constitute the Reid Newfoundland Company, and who are operating the Colony's railroad and steamboat systems, the Newfoundland Government has been provided with the permanent machinery for rendering effective a campaign for the extermination of tuberculosis in the Colony. Mr. W. D. Reid, the oldest of the trio, and the president of the Reid Newfoundland Company, offered to put up in St. John's a sanatorium to cost $50,000, and his brothers, Messrs. Henry and Robert Reid, to erect sixteen cottage hospitals in the other electoral districts to cost $50,000 altogether, which will enable the benefits of this movement to bebrought to the home of almost every person on the island. The Government has itself undertaken to maintain these institutions, and carry on a vigorous propaganda for the stamping out of the disease, and it is hoped to begin active work in this direction within the next few months. The death rate from tuberculosis in Newfoundland is very high.

# To Swim the English Channel

**Jabez Wolffe Started Out To-Day From the French Side Of It.**

Special to The Montreal Star.

Dover, England, July 22. — Jabez Wolfe, the daring Englishman who has several times attempted to swim the English Channel, started out on another attempt to-day.

At 4.15 o'clock this morning Wolffe left the French shore, starting from Cape Gris-Nez, which is twenty-three miles from the nearest English shore.

Conditions were favorable for Wolffe, he declared. He was accompanied for seven miles by a small flotilla of boats. Then they turned back while the swimmer went on. He declared he would be able to accomplish the feat without difficulty, unless the weather changed.

## SUSPECT A CASE OF LEPROSY IN BUFFALO

**City Health Officials Conduct Minute Examination of Patient.**

Buffalo, July 22.—A bacteriological examination of the case of Sam Isen, of Bay City, Mich., who is suffering from what is declared to be a pronounced case of leprosy, and who was located in this city yesterday, is being conducted by the City Health officials to-day.

Upon the result of this examination, which will be known late to-day, will depend whether state and federal aid will be sought in freeing the city of his presence. Isen is confined in a local hospital under police guard.

**Montreal Pigeon Wanders Far.**

A Montreal carrier pigeon has wandered far afield, having been picked up on the farm of the State School of Agriculture, New York.

The bird bears on its right leg a metal band with the number "Montreal 247." It is now in the possession of the Poultry Department of the State School of Agriculture Canton, New York, from whence it can be obtained by the owner.

**Seeking Mr. J. V. Nicoll.**

The Montreal Brotherhood would like to learn of the whereabouts of Mr. Joseph Valentine Nicoll, who formerly resided at Arbroath, leaving there in May, 1911. Mr. Nicoll is an engineer by trade, but was for a time engaged in the hotel business. Mrs. Nicholl and her six children are anxiously awaiting news. Information should be addressed to Mr. Thos. Reade, Box 2400 General Post Office, Montreal.

**Deserted is Sentenced.**

Charged with deserting his ship, James Burney, a fireman on the SS. Laurentic, was arrested this morning by Constable Seiger and after pleading guilty before Judge Lafontaine, was sentenced to six weeks in jail with hard labor. Burney was on the Laurentic on a recent trip here when he made his first attempt to desert and was sentenced to three weeks in jail.

**Charged With Attempted Suicide.**

Charged with attempting to commit suicide by jumping into the canal, Minnie Hill, 36 years of age, who gives her address as 309 St. Antoine street, was arraigned before Judge Lafontaine this morning. Minnie who was fished out of the canal by Constable Corbett, had nothing to say this morning about her actions of yesterday and will come up on the 25th for enquete.

**Guests of Governor-General Arrive.**

# BODIES OF TWO NEW BORN BABES FOUND SUNDAY

## One Discovered Lying on Bench in Dominion Square—Other Was Floating in River.

The bodies of two newly born babes were found yesterday. Early in the morning the sexton of the St. James Cathedral while on his way to work discovered the body of a little child lying on one of the benches in Dominion Square. The child which was dead had been wrapped up in a dark colored blanket. The police authorities of No. 6 station were immediately notified and Constables Kavanaugh and Labin were sent to take charge of the body. They had it conveyed to the morgue.

The second body was seen floating in the river by Owen Prince and Chas. Hansom. While walking along the water front, immediately in front of the locomotive Works they noticed the body of a child floating about. The police authorities were notified and after taking the body of the newly born infant from the water, they had it taken to the morgue.

There were no marks of violence on either of the little bodies, but the police have been notified and are now engaged in trying to find the parents of the children.

## TORONTO UNIVERSITY'S FIRST RHODES SCHOLAR DIES.

**Ernest Paterson Passes Away After a Distinguished Career.**

Toronto, July 22. — After an illness which lasted for three years, Ernest Riddell Paterson, B.A., the first Rhodes scholar from the University of Toronto, passed away yesterday morning at the residence of his father, John A. Paterson, K.C., in Wychwood Park. Mr. Paterson suffered from anaemia, and his death was anticipated.

While at the University he distinguished himself by his scholarship and by his aptitude for athletics. He was a first class honor man in classics, and at the same time was the champion tennis player of the college. When he graduated in 1902 he was given the first Rhodes scholarship, to which he was unquestionably designated by his all round ability.

At Oxford he won further laurels. For athletic ability he obtained the "Oxford blue," which les the highest mark of distinction the old university bestows in the way of sport.

## DUKE RETURNS TO QUEBEC.

**Royal Party Leave for the Maritime Provinces Wednesday.**

Quebec, July 22.—His Royal Highness the Duke of Connaught, Princess Patricia and party, returned to Quebec on Saturday from their trip to Winnipeg.

The Royal party, including the Duke and Duchess and the Princess, attended service in the Anglican Cathedral yesterday morning, occupying the state pew. There was a large congregation in attendance.

# Prisoner Not Diamond Thief

**Man Arrested in Toronto is Not the Same as Stole Jewels here.**

While endeavoring to dispose of 124 loose diamonds in a second hand store in Toronto, Alex. Villendre who gave his address as 624 St. Catherine street, this city, was arrested there Saturday, accused of being the man who robbed Max Slovis, a diamond dealer, St. Catherine street, of a large quantity of diamonds, in June last.

On receipt of the information that he had been arrested in Toronto, Chief Carpenter immediately communicated with Mr. Slovis, and had him go to Toronto on Saturday and try to identify the stones, but he received word this morning that he could identify neither the diamonds or the prisoner.

At the time of the theft of the diamonds Mr. Slovis was talking in his office with a man with whom he had done considerable business and the diamonds were lying on the desk in a small sack.

Mr. Slovis was called from the office for a few minutes, and did not think of the diamonds again until his caller had disappeared. He has not been able to locate either the diamonds or his caller since.

The diamonds stolen were valued at about $1,800.

## LABOR MAN CURSES THE GOVERNMENT

**He Says He Will Not Keep His Seat While Women Starve to Death.**

**"SCANDAL," HE CRIES, THEN WITHDRAWS**

**James O'Grady Was Wrath Because Government Would Not Aid Dock Strikers.**

Special to The Montreal Star.

London, July 22.—Cursing the British Government for its refusal to intervene in the dock workers' strike, James O'Grady walked out of the House of Commons to-day swearing he would not keep his seat among the law makers while women and children starved to death.

Mr. O'Grady had been asking Premier Asquith what the administration proposed to do towards a settlement of the strike situation, and received a reply that further efforts by the Government were impossible. He had demanded a debate on the subject, and received a refusal from the Speaker.

"This is a d—d scandal," he cried tearing up his notes and scattering them broadcast with a furious gesture. Before the Speaker could call him to order, he had left the Chamber.

## AGED MAN TAKES ACTION TO RECOVER HIS PROPERTY

**Mr. Charles Hughes Claims Six Lots Given as Security for Note.**

A peculiar and pathetic case was uncovered to-day when a petition for an interlocutory injunction was presented before Mr. Justice Archer, in the Superior Court to-day by Mr. A. G. B. Claxton, K.C., of the legal firm of Claxton & Ker, against Mr. L. J. R. Hubert, to recover six lots of land in Notre Dame de Grace, claimed by Mr. Charles Hughes, an old man of 87 years of age.

After a long argument Mr. Hubert agreed not to sell or mortgage the property during court vacation.

Mr. Justice Archer made an order suspending proceedings until September the 3rd.

It was alleged that in October, 1910, the aged Mr. Hughes asked Mr. L. G. R. Hubert, a lawyer of Montreal, to discount or get someone to discount a note he had for $1,100. Mr. Hubert had it discounted. When the note became due and not paid Mr. Hubert had Mr. Hughes convey to him as collateral security for the $1,100 note, six lots in Notre Dame de Grace. The declaration states that Mr. Hubert gave Mr. Hughes a counter agreement to the effect that the lots had been given as collateral security and should the note be paid in six months Mr. Hubert was to hand the lots back. The declaration goes on to state that the action was not pushed till after the six months had expired. In October, 1911 Mr. Hubert made efforts to hypothecate the lots but finding that community of property existed between Mr. Hughes and his late wife and that the Hughes family had rights in the property, Mr. Hubert decided, in order to clear his title, to allow the lots to be sold by the sheriff for taxes.

It is claimed the six lots are valuable, worth in the neighbourhood of $11,000 and the taxes were only $48. Mr. Hubert next wrote to Mrs. Waller, Mr. Hughes' daughter, claiming that her father's property was in jeopardy to be sold for taxes and in order to help her father out he wanted Mr. and Mrs. Waller to sign power of attorney authorizing the conveyance to Mr. Hubert of Mrs. Waller's rights in the property, without consideration to Mr. Hubert.

At the sheriff's sale for taxes the six lots were sold, en bloc, and bought in by one, Lariviere, a prete nom, for Mr. Hubert. Instead of being sold for a song, parties bid them up, to $4,000. As the purchase price has not been forthcoming the sheriff has made a return for oppolie euchre.

Among the exhibits which have been filed in court are copies of writings of Mr. Hubert to Mr. Hughes some of which state that if Mr. Hughes will repay him the note for $11,000 he will return the property. The note of course has been paid and these proceedings have been taken to recover the lots for the old man.

Owing to Mr. Hughes' great age he is very deaf and the conversations held between him and Mr. Hubert were in writing.

**Man Attacked by Bandits.**

Valleyfield, July 22.—A man named F. H. Lyod, a cattle dealer, was found some distance from this town on Saturday night seriously wounded. Lyod said, on being found, that he had been attacked by footpads. He then lost consciousness. Doctors who attended him expressed the opinion that he had been attacked from behind and struck on the neck.

## A QUARTETTE OF FLY KILLERS WHO HAVE DONE WELL

See the box this little swatter has under her arm. There were 21,000 dead flies in that.

This is Norval Hiskett, a little three-year-old, who is working hard in the campaign.

This is Spencer Allen, of Westminster Avenue, Westmount, who came in with 51,800 flies to-day.

Tessie Hiskett is a little girl from Galt Ave., who caught most of her flies by hand.

## TRIPLETS COMING FAST! TWO MORE SETS ARE BORN

**Mrs. Shapiro Follows Example of Mrs. McEachran With Two Boys and Girl.**

Three separate sets of new-born triplets have now been reported—all born within forty-eight hours of one another. Close to where Mrs. McEachran's three little children are lying in the Women's Hospital, is another set of triplets and this time it is Mrs. Shapiro of Esplanade avenue, who is the proud mother of two healthy boys and a girl.

Mrs. McEachran set the example on Friday morning with two girls and a boy and she has been quickly followed by Mrs. Shapiro's, two boys and a girl, who were born at 10 a.m. Saturday.

Mrs. Allen, 1114 City Hall avenue, who is the mother of the third set.

Mrs. Shapiro gave birth to her babies at 10 o'clock on Saturday morning, the patient of Dr. D. de Jersey White. This is the commencement of Mrs. Shapiro's family, and it is considered a remarkably good start. Mrs. Shapiro was in a weak state after the birth, but she has recuperated wonderfully and this morning told the superintendent of the Montreal Women's Hospital, of which she is a full private patient, that she wanted to go home to-morrow as she felt quite fit enough.

The proper proportionate sex division has been maintained at the Women's Hospital as triplets No. 1 (Mrs. McEachran's) are two girls and a boy, while triplets No. 2 (Mrs. Shapiro's) are two boys and a girl.

**Triplets No. 2 Weighs Over 13 lbs.**

The latest triplets (No. 2) at the Hospital are fine looking children. Lying peacefully side by side in their little cot, it is difficult to distinguish one from the other; but still they are already said to resemble their father. When The Star representative first visited the Hospital this morning, the proud mother was fondling one of the babies, but it was shortly afterwards returned to its fellow triplets in the cot.

Triplets No. 2 (Mrs. Shapiro's) weighed (combined) shortly after their birth, 13 lbs 7 ozs., some 9 ozs. more than "The Triplets" (Mrs. McEachran's) and called by the Nursing Staff of the Hospital.

The individual weights of No. 2 triplets was as follows:—

No. 1 (girl), 4 lbs. 7 ozs.
No. 2 (boy), 4 lbs. 12 ozs.
No. 3 (boy), 4 lbs. 4 ozs.
Total weight, 13 lbs. 7 ozs.

Only one baby apiece was anticipated by both Mrs. McEachran and Mrs. Shapiro, and consequently only clothing sufficient to clothe one baby had been provided by either mother. Mrs. McEachran was provided by the Nursing Staff of the Hospital with clothing for the two unexpected little ones, they having raised a subscription amongst themselves for the purpose.

**Triplets No. 1 Grow Like Weeds.**

Triplets No. 1, ("The Triplets") are said by the superintendent of the Hospital, Miss A. M. Horncastle, to be getting on splendidly, like their mother, and "are growing like weeds." Miss Horncastle and her nursing staff are very proud of their double charge of triplets.

Mrs. McEachran declares that she would not now part with any one of her trio for any inducement, and she is getting quite reconciled to her fate, despite the fact that she became the mother of four babies, three girls and a boy, within 11 months. And all alive and healthy, too!

**Sad for This Family.**

Mrs. Allen, 114 City Hall avenue, gave birth to three pretty little boys on Saturday afternoon, but unlike Nos. 1 and 2 triplets, these No. 3 triplets were delicate little mites, only weighing together when born between 9 and 10 lbs. Two of them have died, one yesterday morning and the other yesterday afternoon, and the third one, the smallest of the trio, is not expected to live.

In less than 12 months Mrs. Allen has been the mother of 5 children, 4 boys and a girl. On August 1 last she presented her husband with twins, a girl and a boy. The baby girl died when 2 weeks old and the baby boy followed her to the grave on June 29 last. There is only one child left to Mrs. Allen now, a smart little boy of 7 summers, born in England. A break of six years occurred between the birth of the first child and the twins.

Mrs. Allen is progressing very well and is bearing up remarkably under the sad circumstances. She is the patient of Dr. J. E. Rousse, and is being nursed by a nurse from the Victorian Order of Nurses.

The Allen family are in very straitened circumstances.

## FLIES BY THE PAILFUL TURNED IN FIRST DAY OF FLY KILLING CONTEST

**This Means Hundreds of Thousands But the Exact Number Will Not be Known Till To-morrow—One Boy Hid His Treasure in the Garden But a Thief Came in the Night.**

The Star's fly-killing competition has been taken up with great enthusiasm by the boys and girls of the city.

This morning, when the first day's count began, so great was the crowd besieging The Star office with boxes and bottles of dead flies, that the staff on hand to register the entries was kuite overwhelmed, and extra men had to be hastily pressed into the service.

The competitors ranged all the way from six years up to fifteen, and one surprise of the competition was that rather more girls than boys had entered.

In a number of instances the competitors were acompanies by their mothers.

The really enormous totals of flies which many of them brought indicated remarkable activity, and it is quite evident that the winners of the best out of the 250 prizes which are offered by The Star will have to be up and doing every day during the three weeks that the competition lasts.

**Began Coming Early.**

The first arrivals at The Star office came soon after eight o'clock, and when the registration of the competitors and their "catches" began at nine o'clock, so great was the crowd on the ground floor of The Star office that the ordinary work of the office was seriously interfered with, and the competitors had to be taken off into the annex of The Star building for the counting of the flies.

Those who came first proudly exhibited boxes containing five or six hundred flies, and it was quite evident that a large proportion of the competors would qualify for the car fare both ways offered for those who brought in five hundred flies.

**Scores Mount Up.**

These early arrivals, however, were quite put into the background by others who came. One girl brought with her a box which she said contained no fewer than five thousand flies and for a time she was a centre of admiration and despair for the other competitors.

Presently another girl came in with a bigger box than any that had yet been brought. It was a cardboard box, rather larger than a brick, and on the top of it was written "16,000"

When she showed the box it was thought she had made a mistake in the figuring.

"You mean sixteen hundred, don't you?" she was asked.

"No, sixteen thousand," she replied.

It was hardly thought possible that any other competitor could approach this total.

**Two Quarts of Fries.**

But presently there appeared in the crowd a tall boy with a confident air carrying a larger paper parcel than anybody else.

When he unwrapped this parcel he revealed no fewer than two quarts of flies made up in pint bottles. He had no idea how many flies this represented.

From discussion with the competitors it appeared that the fly-killing competition has excited whole neighborhoods in the city, and more than one tiff has taken place as the result of a boy rushing in and killing a fly that another boy was too tardily stalking. All the best fly-killing spots of the different parts of the city are already well-known, and boys with fly-swatters and fly-traps are out on the war-path from dawn till dark.

**A Tale of Woe.**

One little boy had a great tale of hardship to tell. He said that he kill-

**"FLY-SWATTERS"**

**GIVEN FREE.**

Beginning on Wednesday, Wilders, Limited, 292 St. Catherine street west will make a free distribution of "fly-swatters." They have secured a large number of one of the best "fly-swatters" manufactured and, as long as they last, each applicant at their St. Catherine street store will receive one.

**Gypsy Smith's Farewell.**

"From Gypsy Camp to Platform," will be the subject of Gypsy Simon Smith's farewell address in the Calvary Congregational Church tent, corner of Atwater Avenue and St. Antoine Street, at 8 o'clock this evening.

**Business Personals.**

W. R. Arnold, managing director of the Dominion Trust Company Limited, sailed Wednesday from Liverpool by the "Olympic" for New York.

## SCALES BY WHICH FLIES WERE WEIGHED AND COUNTED

The number of flies was determined by the use of the new scales manufactured by the toledo Computing Scale Company, and put at the disposal of The Star for the purposes of this competition. So accurate is its mechanism that it registered the one hundredth part of a pound. It was found that this weight represented approximately 700 flies.

The scales were found to be not only accurate but very rapid. This was proven by the fact that more than five hundred consignments of flies were weighed and registered in about three hours. The method of weighing them was much more satisfactory than measuring them would have been. The ease with which the weight could be read was a specially noticeable feature. Mr. English of the Toledo Camputing Scale Co. with one of his assistants, personally took charge of the weighing of the flies.

## "EVAPORATED APPLES" HAVE SEEDS AND CORES.

**Department of Trade and Commerce Receives Many Complaints.**

Special to The Montreal Star.

Ottawa, July 22.—Many complaints have been received by the Trade and Commerce Department in regard to shipments of dried apples from Canada. Several shipments have arrived, covered with mould or in a sticky condition, and though labelled as fancy evaporated apples, contained seeds and cores below the first layer. The department is considering taking action.

## A THREE-POUND BABY IN NEED OF FOSTER MOTHER

**One Young Woman Willing, But is Astonished at Its Tiny Proportions.**

The Star's appeal on behalf of the youngest of the family of nine, whose mother died in the city a few days ago, has not gone unheard. The distracted father, Mr. A. Forget, 757 Mary Anne east, called upon Dr. Laberge the other day in the hope of getting some kind motherly woman to look after the little baby girl, which is only a fortnight old.

Having read the particulars of the case, a young woman called this morning at The Star office, and expressed her willingness to adopt the child provided the father would consent to that course, and provided its condition were such as to give it a reasonable chance of living.

In order that the motherless infant should be provided for as soon as possible a Star representative accompanied the applicant to Ste. Justine Hospital, where it is meanwhile being attended to. The infant lay sleeping peacefully in a corner cot.

"She is very little," said the prospective foster-mother, "Does the Sister think she will live?"

"Yes, I think she will live," said Sister St. Medard. "She takes her food quite well; she doesn't cry, and she is very good. She weighed 3 lbs 3 oz. when she came."

The lady who is anxious to adopt the child is married and has had one child of her own which died at birth.

"I should not require to get any baby clothes," she said smilingly, after leaving the Hospital. "I still have those I made for my own little one. I mean now to see the father, and I also want to get a doctor to see the baby before deciding. Oh, yes, my husband is quite agreed about it. He will let me do what I want!"

## NEW TEAM MANAGER NOT YET ANNOUNCED

**Joe Yeager is in Charge This Afternoon—Lush May Be Retained as a Scout.**

The directors of the Montreal Base Ball Club met this morning and while it was decided that Mr. William Lush is no longer to be the manager of the team, no man was appointed to take his place. The team was placed in charge of Captain Yeager for this afternoon and he may possibly still have command to-morrow.

President Lichtenhein and Messrs. Carrington and Cushing stated that they expected to announce the new man very soon. The meeting was held in the Montreal Base Ball Club offices and according to the president was very harmonious.

Messrs. Lush and Yeager were present during the greater portion of the meeting.

"What are your plans now?" Mr. Lush was asked when he left the gathering.

"I have no plans at all as yet, for the future," he answered.

It seems possible that Lush may be retained by the Club to scout for new players. According to the directors he is very well pleased with the treatment he has received from them.

**Deaf and Dumbs' New Quarters.**

Belleville, Ont., July 22.—Work was begun this morning on the new dormitories at the Institution for the Deaf and Dumb. The contract price is $65,000 F. S. Chittram, Toronto, is the contractor.

**Engineers For Convention.**

Belleville, Ont., July 22.—The twenty-third annual convention of the Canadian Association of Stationary Engineers will open here to-morrow. About two hundred delegates are expected.

## GERMANY'S NEW NAVAL LOAN DIRECT CAUSE OF BRITAIN'S INCREASE, SAYS CHURCHILL

RT. HON. WINSTON CHURCHILL
First Lord of the Admiralty.

**German Activity Has no Example In Practice of Modern Naval Powers, says First Lord of Admiralty**

**FOUR-FIFTHS OF GERMAN NAVY IS INSTANTLY READY FOR WAR**

**Britain in Self Protection Will Build Five Battleships Next Year and Four More Each Year For Four Years More.**

By Special Cable from Our Own Correspondent.

London, July 22—The Rt. Hon. Winston Spencer Churchill, First Lord of the Admiralty, speaking in the House of Commons on the Supplemental Estimates, said the German naval law was their direct cause and that its scope and character were not appreciated by this country. In 1920 the German fleet would consist of 40 battleships, 20 armored cruisers and 40 small cruisers, besides small craft.

The British supplementary estimate was only a small instalment of the new shipbuilding programme which would be raised in the next five years to five, four, four and four Dreadnoughts respectively, instead of three, four, three, four, and three.

The number of battleships in full commission would be raised from 28 to 33 by 1914. The four battleships at Gibraltar would be raised to eight, with a subsidiary base at Malta to operate in the Mediterranean, if necessary.

The German increases, he went on, were more serious than appear on paper, due to the greater efficiency. To increase the striking power it would be necessary to make large additions to the British fleet personnel every year during the next four years. A Royal Commission would be appointed to consider liquid fuel. The Admiralty was satisfied with a margin of 33 to 29 over Germany for the next two and a half years. But to make that margin adequate there must be a steady systematic development of naval forces untiringly pursued. We ought to learn from the German nation, who marched unswervingly towards their goal across the lifetime of a whole generation.

The Admiralty had decided to withdraw six old battleships from Malta, and replace them with four battle-cruisers of the Invincible type. They would also strengthen the armoured cruiser squadron at Malta, increase the submarine flotilla there, and establish a new torpedo station at Alexandria.

Mr. Churchill added, that he was authorized by Premier Borden to state that it was desired that any step which Canada might take should directly strengthen the naval forces of the Empire.

## NAVAL POURPARLERS RESUMED TO-DAY AT ADMIRALTY OFFICES

**Will Make Speech at London Chamber of Commerce Dinner Wednesday.**

Canadian Associated Press.

London, July 22.—The Rt. Hon. R. L. Borden came to town from Hatfield House this morning to resume the naval negotiations at the Admiralty.

The Canadian Premier will make his third public utterance this evening at a dinner to be given by the London Chamber of Commerce, when he will respond to the toast of "Our Guests," which will be proposed by the Earl of Desborough.

To the Hon. L. P. Pelletier is assigned the toast, "The Imperial Forces of the Crown," to which Lord Charles Beresford will respond.

Other important functions of the week will include the Imperial Government dinner on Wednesday night, and a dinner at Lord Strathcona's on Thursday night.

Premier Borden follows the Hon. L. P. Pelletier and the Hon. C. J. Doherty to Paris on Saturday. While there, the Canadian Ministers will be entertained by President Faillieres, the Franco-American Society, and the Paris British Chamber of Commerce.

## AUTO SPEEDERS IN POLICE COURT

**Forty Cases Now on the List Before Judge Lafontaine.**

In order to dispose of the big list of cases in the Police Court due to the present campaign against automobile speeders it has become necessary for Judge Lafonjaine to sit daily in this Court. This morning there were forty automobile cases on the list when the court opened at ten o'clock and only five had been disposed up to the time of adjournment at 12.30.

E. Barselou, R. Blair and Sam Godin were this morning fined $20, and costs for speeding and the cases against W. G. Morden and J. A. Bellrose dismissed.

## VERDUN GIRL ARRESTED ON PARENTS' REQUEST.

**Because She is Non-resident Cannot be Tried in Juvenile Court.**

Because she was not a resident of Montreal, Lena Robitaille, 15 years of age, Verdun, could not be received at the Juvenile Court this morning when she was taken there by Detective Charette, who had arrested her at the request of her parents, on a charge of vagrancy.

Lena, according to the story told by her father this morning, left her home more than two weeks ago, and has refused to return. The case was reported to the detective department, and Detective Charette located the girl in a house on City Hall avenue.

When it was found impossible to deal with the case in the Juvenile Court she was brought before Judge Bazin and the case was postponed until this afternoon. In the meantime it is probable that more warrants will be issued in connection with the case.

**To Protect Coast Fishing.**

Ottawa, July 22.—Owing to the numerous complaints of poaching by American fishermen on the Pacific Coast, the Government is about to order two new protective cruisers. They will be considerable faster than those now in the service.

## THE NECESSARY MARGIN OF SAFETY TO BE ADHERD TO

London, July 22.—The Right Hon. Winston Spencer Churchill, First Lord of the Admiralty, in introducing the Supplementary Naval Appropriation of $5,000,000 in the House of Commons this afternoon, said the direct cause of the increase in expenditure, on the British navy was to be found in the new Germany Navy Law, the main features of which was the increase in the striking force of ships of all classes.

The effect of the new German navy law would, he said, be that nearly four-

Under the new German law, the Admiralty Lord said, the ultimate scale of the German fleet would be 41 battleships, 20 large armored cruisers ,40 small cruisers and smaller craft in proportion.

"That will be an extremely formidable fleet," Mr. Churchill said, "and the only way to meet is by cool, steady, methodical preparation prolonged over successive years.

"There is no use flinging money about on the impulse of the moment," the First Lord continues. "The strain which Great Britain will have to bear will be long and slow, and nothing can be gained by impulsive or erratic action. We should learn from our German neighbors the way of the policy which marches unswervingly to its goal.

"The supplementary estimate to meet the extra German expenditure," Mr. Churchill said, "is only a smal instalment, and the new ship-building programme of the next five years will be five vessels next and four boats each year thereafter, instead of three in 1913, four in 1914, three in 1915, four in 1916 and three in 1917, the number I had hoped we might stand at."

Mr. Churchill went on to point out that the increased fighting power of the German fleet involved the reorganization of the British forces. In order that necessary margin of safety might be maintained.

## FOUR SQUADRONS IN FULL COMMISSION.

Mr. Churchill then announced that he intended to increase the number of battleships in full commission from 28 to 33, by 1914. From 1914 onwards, Great Britain will have five battleship squadrons, composed of 44 ships, and of the five squadrons four will be in fifths of the entire German navy would be maintained in full permanent commission and instantly ready for war. The First Lord continued:

"Such preparation is remarkable, and as far as I am aware, finds no example in the previous practice of modern naval powers."

Mr. Churchill then announced the British ship building programme for the next five years, saying that five battleships were to be constructed next year and four in each of the following years.

Full commission. Then Great Britain will have 33 battleships against Germany's 29.

This might not be considered a very satisfactory proportion, Mr. Churchill declared, but, having in regard the character of the different vessels, the Admiralty was of the opinion that 33 battleships would be adequate for the needs of 1914-15.

Mr. Churchill promised large additions in the personnel every year, as well as extra submarines, an acceleration in the construction of light cruisers.

**BIG INCREASE IN THE MEDITERRANEAN.**

Regarding the Mediterranean, the First Lord said that any attempt to confine British naval supremacy to any particular waters would be not only false strategy but bad politics. The four battleships at Gibraltar, the speaker said, would be raised to eight vessels. Six old battleships would be withdrawn from Malta and be replaced by four battle-cruisers of the invincible type. The armored cruiser squadron there was to be strengthened by the addition of a submarine flotilla. The station at Malta also was to be increased. Mr. Churchill said, and new torpedo boat stations were to be established at Alexandria.

The First Lord declared he had heard that one of the Mediterranean Powers contemplated another considerable naval programme, so it was not unlikely that the British squadron would have to be reinforced in 1916.

**HOW DOMINION WANTS TO HELP.**

Mr. Churchill stated that he had been authorized by the Canadian Premier, the Rt. Hon. R. L. Borden, to say that it was desired that any step Canada might take should be directly to strengthen the naval forces of the Empire.

**WILL SUPPORT TAFT.**

Springfield, Ill., July 22.—The committee of five Progressive Republicans who were appointed by Mr. McCormack to wait on Governor Dineen and ascertain whether he would support Taft or Roosevelt for President, were informed by the Governor this morning that he considered Taft the regular nominee of the Republican party and that he felt obliged to support his candidacy.

Chicago, July 22.—When Shown Governor Dineen's announcement that he would support President Taft, Senator Dixon, campaign manager of Col. Roosevelt, said: "It simply means Governor Dineen is not in the Progressive party and that a third candidate against him will be put out."

**CHINESE SHOW REFORM AT FUNERAL CEREMONY**

San Francisco, July 22.—The last detail of their programme of reform was demonstrated by the local Chinese today when they turned out in silk hats and frock coats at the funeral of Wong Law Ching, a wealthy merchant.

No roasted young pig was carried to the cemetery to cheer the spirit of the merchant across the Styx, automobiles outnumbered hacks in the procession, and a band of forty Chinese, playing Chopin's Funeral march on modern brasses replaced the weird music of the native instruments and hired mourners of other days.

## THE STAR'S LETTERS FROM FRANK LUKEMAN ABOUT THE DOINGS OF CANADA'S OLYMPIC SQUAD.

### Some Forecasts That Proved Correct—Storming a Swedish Railway Refreshment Room — An Athletic Field Which From Its Name Might be Considered a Breakfast Food.

Stockholm, July 5.—We arrived here last Tuesday morning, having left London (Kings Cross) at 2.30 Saturday, the 29th June, and arrived in Hull at 5.15. It was a special train we travelled on and it brought us direct to the Wilson Line Wharf, where we boarded the S. S. "Eskimo." Quite a party of Englishmen for the Olympic Games were aboard. The party included swimmers, wrestlers and polo players—there must have been about fifty in all. The trip on the "Eskimo" was everything that could be asked for—excellent service and splendid weather. The captain and officers of the boat did everything in their power to make things pleasant for the boys, and believe me they more than succeeded. We got to Christiania about 7 o'clock on Monday morning and left by a special train for Stockholm at 6.05 p.m. This gave the boys pretty near twelve hours in this picturesque little city. But this short stay of twelve hours was not without incident—the money, language and eating certainly gave the fellows lots of cause for amusement. For instance: one of the older members of the team went into a large store and wanted to purchase a pair of gloves—with him were two or three of the other boys. He went up to the lady behind the glove counter and asked her if she spoke German—he asked her this in the German tongue and she said no. He then asked her the same question in French, and she again said no. He then turned around to the other boys and said, "This is a hang of a shop. I want to buy a pair of gloves and they don't speak French or German." The young lady overheard this and said, "I speak English," and at this all hands rushed for the quickest way out—it was no place for them. This is only one incident, but there were several too funny to relate. However, we got away from Christiania at 6.05 and were booked to eat at a place on the line called Charlottenburg. We struck this burg about ten o'clock and talk about a hungry crowd. The boys held a meeting and it was decided that as there were about fifty English fellows on board and there being twenty-three in our party that the chances of all hands getting something to eat would be slim—we would storm the place—and maybe the place wasn't stormed. No sooner had the train stopped than a rush was made on the dining room—take it from me Canada was to the fore. In less time than it takes to tell the tables were cleaned. It was a buffet service and no doubt you can imagine the way things were thrown around. Three and four kinds of meat on a plate, with potatoes and two or three other vegetables. But the climax was the dessert, or perhaps a better word to use would be sweets—a la England—three or four kinds on the one plate. Everybody was satisfied however, and all hands immediately made for their bunks—four in a room and here was some more fun. It would not be safe for a policeman to stand near the train window as he was liable to get a couple of pillows, or some other handy articles, levelled at him. Dr. Cal Bricker holds the record in this particular line—he rung the bell everytime. We arrived in Stockholm about 7.30 and were met by a couple of the Olympic Committee, who took us in automobiles to our "diggings." Immediately after breakfast we went out to the Stadion, which is only about ten minutes walk from where we are staying, and we found out we could not use the Stadion track, so were then taken to Ostermalms Idrottsplats. Now this is the name of an Athletic Field—not a new breakfast food. We spent the morning in limbering up—no hard work being indulged in.

All the boys are feeling fit and ready for the biggest games that were ever pulled off. George Hodgson is slated to win the 400 and 1500 metres races) and the cracks will not be very far wrong. He is swimming in excellent form and from form displayed in training should about win both events handily, especially the 1500 metres. My own opinion is that he will smash the world's record for this event. Bill Happeny is another point getter. He should about place in the pole vault as he is going in fine style. Yesterday in practice he cleared 12.5 quite easily and did not try any higher. He is training consistently. Ed Fabre is fit, and if my gift of foresight is right you will see him in the first ten. He and the other Marathon runners are not with the balance of the team. An excellent spot was located by Elwood Hughes, who is looking after Jim Corkery, about four miles from town on the Marathon course. The name of the place where the Marathoners are situated is Stocksund.

Arthur Morranda, the National man arrived here on Wednesday evening all alone. Hapenny and I were just leaving the house for a walk about 9 o'clock and just as we turned the corner we ran into Morranda. Believe me, we were some surprised, as we did not expect to see him. He is in the same house as the team.

Now for eccentric Armie Howard. He has quietened down a whole heap since his last trimming in London and is doing what he is told—a little bit more any way. He has every confidence in himself about his ability to win both the 100 and 200 metres—but I think he has another big guess coming. He is up against it in a bigger way than he imagines. If he qualifies for the finals in both events he will be doing remarkably well. He has not improved an awful lot on his start and any person who knows anything about sprinting will readily see the handicap he is working under in this respect. However, here's wishing him the best of luck.

The Carlisle Indian, Jim Thorpe is going to take a whole lot of beating in both the Pentathlon and Decathlon. There are 56 entries in the last named event and 62 in the first.

The London office of the Montreal Star are certainly doing their best to keep us from being home sick. We get a batch of papers twice a week and the fellows are just tickled at receiving them.

How the Swedes have worked! And what a big task they undertook. The Olympic games of 1908 in London were the highest as far as entries were concerned and for the Swedes to buck against this they had a big task. They anticipated that Stockholm would not hold a candle to London in this connection, but the list of entries exceeded their highest expectations—there being close on 3,000 entrants for the Stockholm games. They evidently forgot the fact that the Olympic games fever has crept into every civilized nation of the world and by the time of the next Olympiad the interest will be much keener.

We found the Olympic officials with whom we came in contact tired by their continuous labor. They are tired physically but their mental powers are working overtime, and they are evidently determined that they will not rest until the games are over—they are leaving no stone unturned to make the games a success, and will try to show the entire world what a small nation can do to be a great athletic factor. The success of the games in my opinion, and in due justice to the Swedes, is beyond the possibility of a doubt.

FRANK LUKEMAN.

## CAPITALS TRY TO CAPTURE TORONTO'S DONIHEE

An innovation in the lacrosse war now in progress was witnessed in Montreal yesterday. Formerly it was the style for the Clubs in the D. L. U. to raid N. L. U. teams and lure away their players. Alex. Bannerman, of the Capitals, made a change in this. While the Capitals were in Montreal playing their schedule game with the Shamrocks, and the Torontos were in the city for their match with George Kennedy's team.

**Invaded Toronto Camp.**

The Capital magnate invaded the camp of the Torontos at Kastel's and attempted to induce Donihee, the speedy Cornwall second home man, to jump to the Caps and don a Cap uniform for the Shamrock game. Donihee was offered $40 a week for his services on the field and also a position at $1200 a year, which is considerably in advance of what the Torontos are paying him. But the Toronto management stuck to Donihee like glue, however, and gave Mr. Bannerman no chance to persuade him to take the jump at once. They also came up with more salary to the youngster.

**Will Go Probably.**

Donihee would not desert the blue shirts until after their game with the Irish Canadians, but announced his intention of accepting the offer made and accompanying "Sport" Murton to Ottawa next Saturday. At the present time Donihee is receiving $25 a week from the Scarboro Beach club.

## DISPOSING ONCE MORE OF ROYALS

### Brooklyn and Pittsburg Would Accept Montreal and Jersey City Franchises.

Buffalo, July 22.—That there will be a change and possibly two, in the circuit of the International League before another playing season starts seems to be practically assured. That the changes will affect Montreal and possibly Jersey City is the consensus of opinion of baseball writers.

A peaceful invasion of big league territory will consent of the big leaguers seems to have been discussed by both sides of late, the plan being to put International League teams in Pittsburg or Brooklyn, with the interlocking players schedules.

The Newark Evening Star said recently. "It is becoming more generally understood every day now that the International League is likely to have clubs in the major league circuit next season. Brooklyn and Pittsburgh are the cities mentioned.

"To get the teams in there it will not be necessary to have a war, for it is understood that the International League has a tacit agreement with the big fellows to that effect, because of their refusal to enter into a war with the American Association.

"It is understood that the site of the Jersey City ball park will not be available next year, and that the club will be transferred to Brooklyn. This would be agreeable to everybody and could be made so to President Ebbetts of the Brooklyn Club by a proper schedule arrangement. The Montreal franchise is to land in Pittsburg, it is said.

"President Edward G. Barrow has said that if Jersey City and Montreal are transferred they would go to bigger cities than Richmond and Syracuse, so the latest dope doesn't look so bad after all.

"Jersey City is not paying — that's sure. The league may carry the city along for the rest of the season if necessary. It is not likely the week-day games, however, will be transferred to Brooklyn this season. That is not impossible though, in spite of the denials of those interested.

"As for Montreal, everybody knows where that city stands in the estimation of the league officials, and sooner or later it must be eliminated."

## KENNEDY'S TEAM DOUBLED SCORE ON TORONTOS

### Match Rough Towards End—Scott and Fitzgerald Were Badly Hurt.

Irish Canadians doubled the score on the Torontos Saturday, the latter's defence being very poor. About three thousand people saw the match, which was interesting though one-sided, and not rough till the latter part. Then Billy Fitzgerald and Fred Scott had to retire at different times, each, strange to say, suffering from severe blows on the leg. Gordie Roberts took Scott's place and on the Toronto team Powers, Dandeno and Longfellow were juggled about whenever a change was necessary.

The real first rush was made by Nick Neville, who relieved after Toronto had made it very hot around the Irish Canadian's goal for a while. Neville ran almost three quarters the distance of the field and then passed to Henry Scott who scored the first goal of the match.

Braden finally managed to clear, and passed it down by way of Tommy Fitzgerald who scored and made it Irish-Canadians 1, Torontos 1.

Again the ball went to the Toronto goal and again Braden relieved with the result that Warwick scored and made the final score of the first quarter: Irish Canadians 1, Toronto 2.

After the wait Dandeno scored and then the two Scots in quick succession scored a goal each for their side. Fred taking the first and Henry the second so that the score was even again.

Irish Canadians 3, Toronto 3.

Henry Scott scored again, making it Irish Canadians 4, Toronto 3.

A run by White and Munday resulted in Fred Scott making the score:

Irish-Canadians, 5; Toronto, 3.

Alf Kane scored almost right after the face.

Fred Scott got the ball and did not hold it, but passed to George Roberts, who got the credit for the next goal.

Irish-Canadians, 7; Toronto, 3.

Fred Scott tried to score and failed, but George went after the ball behind the net and passed it back, Scott got it again but was forced to relinquish it and passed to George Roberts, who scored again.

Irish-Canadians, 8; Toronto, 3.

In the remaining 5 minutes no more scoring was done.

From the very start of the third quarter the Irish-Canadians made the pace, and Charlie George suddenly making a dash made the score Irish-Canadians 9; Toronto, 3. Dandeno got the ball at the next face and passed it to Bennett, who scored.

Irish-Canadians, 9; Toronto, 4.

The play during this and the second quarter was very clean but in a scrimmage near the Toronto net Layden went down without suffering much injury.

Toronto could not get the face away and George Roberts shot from the side making it, Irish-Canadians, 10; Toronto, 4.

Tommy Fitzgerald got it but Gagnon stole it, passed to Munday, who passed to Henry Scott and he made it:—Irish-Canadians 11, Toronto 4. This ended the third quarter.

It was half-past five when the last quarter started. Fred Scott shot a straight ball at Gibbons from about five feet away. Gibbons stopped magnificently, ran up with it, passed to Tommy Fitzgerald and he gave it to Barnett, who scored.

Irish-Canadians, 11; Toronto, 5.

Another scrimmage near the Irish Canadians' net resulted in Longfellow who was on again, running almost right in the goals, and leaving the ball there.

Irish-Canadians, 11; Toronto, 6.

Denny Munday ran right from centre to the Toronto net and made it—Irish-Canadians, 12, Toronto 6.

The line up was as follows:

| I. Canadians | Position | Toronto |

## ST. JOHNS UPHELD ITS FAME AS A REGATTA CENTRE—EASTERN C. C. A. MEET A SUCCESS—G.T.B.C. WON MOST

Special Staff Correspondence.

St. Johns, Que., July 22.—Canoeists and their followers turned out in large numbers to the regatta of the Eastern Division of the Canadian Canoe Association here on Saturday afternoon. It is one of the big events of the season for the paddlers and the eleven events on the programme brought out competitors representative of seven boating clubs, wearing their colors, as follows: St. Johns, red; Grand Trunk white; Valois, pink; St. Lambert, blue; Pointe Claire, green; Lachine, yellow; and Cartierville, black.

Trains on both railway lines had been carrying hundreds of people to town all day and by the time the races were scheduled to start the crowd on the wharf, grandstand, along the dock, on shore and in boats on the water, had grown to a record breaking size. Supporers of all clubs were there and the enthusiasm worked up to a high pitch with the staging of each event. The officials of the day were the following:—Referee, C. N. Marshall, G. T. B. C.; judges at start, H. Lehmann Valois; R. Meredith, Pointe Claire; P. Honeyman, Longueuil. Judges at finish, D. J. Kearney, C. P. Marshall, G. T. B. C.; H. E. Bourne St. Lambert; J. H. Roy, Cortierville; W. D. Berchall, Lachine; W. F. Thayer, St. Johns. Starter, D. Murdock, G.T.B.C. Clerk of course, P. Marshall. Timekeepers, J. A. Taylor, Alex. Turnbull, Alex. Falle. Scorers, L. J. Morris, G. Peterson. Announcer, J. Lane, St. Johns. Official measurer, E. S. Kent, St. Johns.

Officers C. C. A.—C. N. Marshall, Montreal, Commodore; W. Jennings, Vice-Com.; L. E. Church, Hon. Sec.-Treas.

That the G. T. B. C. is still in the flourishing state that has brought it to the front in former years was shown by the frequency with which the paddlers wearing the club colors crossed the line ahead. Pointe Claire made a splendid showing, and C. Pratt's winning of the junior singles, the first event on the programme was a very easy matter for the captain of this Boating club. The war canoe race for the championship of the C. C. A., was won in the last few lengths by the G. T. B. C., No. 1 crew, who saved a splendid spurt that took them across well ahead. It was claimed by some that the crew had not kept to their own water, but the judges, who were in a good position to see the start of the half-mile straightaway, let the race stand as finished.

The G. T. B. C. also won the mile war canoe event for the Fulford Cup, the last race on the programme. In this they led from the start, though challenged by the strong St. Lambert crew just at the finish.

It was late when the first race started and the whole programme was not finished till over an hour after schedule time. A dance in the evening brought the day's sport to a close.

The summary is as follows:—

Senior tandem — First, Grand Trunk, G. Kelly and J. Galbraith; second, Grand Trunk, W. Ferguson and P. Broderick; third, Valois, J. W. Patton and J. G. Stewart. Time, 3.40.

Intermediate fours — First, Grand Trunk, E. Sauve, R. McEwen, R. E. Woodward and R. E. Smith; second, Pte. Claire, G. R. Taylor, R. W. Dewar, J. N. Lomer and C. Pratt; third, St. Lambert, E. Ebert, S. Sproule, R. Johnson and G. McLennan. Time, 3.32.

Junior tandem — First, St. Lambert, W. Sutherland and T. Hurst; second, Cartierville, Barlow and Barlow; third, G.T.B.C., A. Lang and W. Clemens. Time, 3.48.

Senior fours — First, G.T.B.C., Lang, Broderick, Clements and Marshall; second, G.T.B.C., Broderick, Galbraith, A. Morrison and J. Morrison; third, St. Lambert, Gordon, Howe, Storer and McDonald. Time, 3.28.

Intermediate singles — First, W. Ferguson, G.T.B.C.; second, H. Allan, St. Johns. Time, 4.20.

Junior singles — First, C. Pratt, Pte. Claire; second, C. Storer, St. Lambert; third, H. Allan, St. Johns. Time, 4.20.

Senior single — First, G. Kelly, G.T.B. C.; second, J. Morrison, G.T.B.C.; third, J. B. Lomer, Pte. Claire. Time, 3.55.

War canoe, half mile, championship C. C. A.—First, Grand Trunk No. 1; second, St. Lambert; third, Cartierville. Time, 2.59.

Intermediate tandem — First, Morrison and Broderick, G.T.B.C.; second, Cameron and Cains, Cartierville; third, Clarkson and Rolls, St. Johns. Time, 3.50.

Junior fours — First, Grand Trunk, A. Lang, H. Schafer, W. Brown and A. C. Woodburn; second, Cartierville, D. Cameron, A. Cameron, N. Cameoron and J. Cains; third, Pte. Claire, P. McHarding, T. Allan, J. D. Peter and A. H. Murphy. Time, 3.37.

War canoe, one mile, for Fulford Cup—First, G.T.B.C.; second, St. Lambert; third, Cartierville. Time, 6.40.

The clubs' standing, according to the points they won on Saturday, would be as follows:

| Clubs— | 1sts. | 2nds. | 3rds. | Ttl. |
|---|---|---|---|---|
| G.T.B.C. | 9 | 3 | 1 | 34 |
| St. Lambert | 3 | 3 | 2 | 11 |
| Cartierville | 0 | 3 | 2 | 8 |
| Pointe Claire | 1 | 1 | 2 | 7 |
| St. Johns | 0 | 1 | 2 | 4 |
| Valois | 0 | 0 | 1 | 1 |

## Owen Moran Disqualified

### Decision of His Match with Jack White Received With Mingled Cheers and Groans.

Los Angeles, Cal., July 22.—After facing whatever fighting there was for nearly nine rounds of a scheduled twenty-round bout, Owen Moran, of England, was disqualified for using his elbow in clinches, and the decision awarded by Referee Charles Eyton to Jack White, of Chicago. The abrupt ending of the fight was received with mingled cheers and groans.

Moran did nearly all of the leading. Fully half of the time was spent in feinting and racing, Moran being the pursuer. White had the better of only one round, the seventh, when he landed three left swings to Moran's head.

Moran was first warned in the fifth round when a short left hook opened White's lip. The Chicagoan protested that Moran had used his elbow in striking the blow. Twice in subsequent rounds Moran was warned and each time he protested that he was not using his elbow.

Among the made spectators there was almost as much difference of opinion as at the Wolgast-Rivers decision, many asserting that it was because of White's method of defence in clinches that Moran seemed to be fighting unfairly. Moran displayed much more cleverness than White. Moran was a 10 to 7 1-2 favorite at the ring side, with comparatively little White money in sight.

OWEN MORAN.

English boxer disqualified in bout with Jack White at Los Angeles.

## JOHNSON VS. M'VEY AND LANGFORD

### Articles Have Been Signed for the Two Bouts to Be Staged in Australia.

New York, July 22.—Jack Johnson has signed articles for matches with Sam Langford and Sam McVey, in Australia. Hugh G. McIntosh, who promoted the Burns-Johnson fight, in which Johnson gained his title, is to handle these two bouts with the "black hopes." Tom Andrews, a western sporting authority, was McIntosh's representative.

Andrews took the articles to Johnson in Chicago, and as the matter had all been discussed and agreed upon between the two before articles arrived, Johnson quickly took his fountain pen in hand and appended his signature.

The champion is to get $30,000 for his bout with Langford, and $20,000 for the bout with McVey—$50,000 for both. Besides the purses, Johnson is to receive his transportation.

## THE NATIONALS OVERWHELMED THE TECUMSEHS

### Played a Much Better Game Than Ever They Did in Toronto.

Toronto, Ont., July 22.—Nationals didn't do a thing to Tecumseh when they clashed at the Island Saturday afternoon. The final score was National 7, Tecumseh 2, and this just about sizes up the playing of the two teams. National, played away ahead of the last time they were here, and their home played like stars from the drop of the hat. Le Heureux in goal also put up a star game, just as reliable as ever, showing how it is that no team can score many on him.

In the first quarter Nationals took the lead with two goals and so the quarter ended.

Gauthier and Boulianne were hte particular stars this quarter, each notching a game. Though strenuous, the game was not rough, but the checking was hard.

Kinsman was hard put to save the many shots sent at him to keep the score down.

In the next quarter the Tecumsehs started in and evened up, but only for a short time, as within three minutes the Frenchmen were three more goals ahead. This was pretty work on the part of National's home, as the Indian defence were completely bewildered.

In the third quarter only one goal was scored and the honor again went to the French, making the score 6 to 2 in their favor. Both teams worked hard, and especially Tecumseh, who took their whole defence down to score, but National's home backed up in good style and prevented any tallying. In this quarter especially Gauthier drew the applause of the crowd when he passed several men and then was cut down by Green.

In the last quarter the Frenchmen played more on the defence and kept the Redskins from becoming too dangerous. There was one goal scored in this quarter, Lamoureux doing it in 17 minutes.

The line-up was as follows:

| Tecumsehs | Position | Nationals |
|---|---|---|
| Kinsman | Goal | L'Heureux |
| Green | Point | Cattaranich |
| Yeaman | Cover | Duckett |
| Graydon | Defence | Decarie |
| Davidson | Defence | Clement |

## SONS OF SCOTLAND DEFEAT S.O.E. FOR THIRD TIME—GAME PROTESTED—GRAND TRUNK HEAD THE LEAGUE

Saturday's soccer produced few surprises, most games panning out as predicted.

The leading local fixture was Sons of Scotland and Sons of England. This was the opener for the Scots' new ground, St. Etienne street, and attracted a considerable crowd. A clash of this nature is always a draw, and Saturday's attendance was well up to average. In the few days at their disposal, Jack Kyle and his associates had done wonders on the ground, making an extraordinary improvement. One end, however, was in bad shape, and it was to this portion the Sons of England objected. The referee, Jimmy Rose, went carefully over, and decided it was playable, though to this point it appeared doubtful. Sons of England did not like this decision, but faced the music, after registering a protest with the referee.

The play, though exciting, was of the rough and tumble order, with the Scots having the best of it. After twenty minutes, Dougal breasted through a return from Dady. At half time the Scots led by 1—0. The second half saw the Rose in better form and Rimmer equalized with a beautiful shot. S. O. S. were mostly pinned in their own quarters, breaking away now and then. It was from one of these runs that Leitch put his side ahead and gave victory once again to the Thistle. Sons of England's protest will be watched with interest, as the rule distinctly says that the referee is the sole judge of the fit state of the ground for play.

After a scraggy first half, Grand Trunk had little trouble in defeating C. P. R., who were, by the way, weak, at the last minute being forced to play their secretary, G. Meats. The final score was 3—0 for Trunks, and places them on top of the League. Hughie Wright was not out for C. P. R.

Locos defeated Fairmount by one goal to nil, at Delorimier Racing Park As this solitary goal was scored from a penalty kick, it is not robbing Locos of credit to say that Fairmount had a bad-luck afternoon.

A victory over Valleyfield meant a lot for the Rovers, but they couldn't do it, coming away with one point only, after a 2-2 draw. The biggest home crowd of the season saw the game, which produces class play, notwithstanding one or two "hashes." Menlove opened the scoring with a grand side shot from the line, after twenty minutes play. Tommy Bennett missed a couple of good things, and had to change his boots. Just when Rovers looked like crossing over in the lead, Valleyfield equalized, and at the interval the teams stood at one each.

The second half was always exciting Reynolds scored, but the referee gave offside, though Rovers claim it was off a return from Valleyfield's goalkeeper. Amends were made for this, for Menlove put Rovers ahead, taking a neat pass from Reynolds. Valleyfield tried hard to get through, but failed to shake the Blues' defence. It looked all over a victory for the Montrealers, when through a misunderstanding between Soye and French, Soye was rushed and Valleyfield evened up. In the little time left, three minutes, Rovers could not again take the lead, the game ending as above, 2-2.

Lachine by defeating Cote St. Paul, 2-1 on the latter's own ground, not only accomplished a fine performance, but set sail for the First Division. They, Lachine, have now a four point lead, and are the only team in the district that can, so far, claim an unbeaten record.

Highlanders went further ahead, by giving Rosemount their quietus, 1-0. It was a close score and a good game.

Maisonneuve bent Rose and Thistle, 3-0. R and T's only had out seven men and they abandoned the game at half time.

The Third Division are in a disappointing condition at present, for though there were only three games down for play, two teams, Rosemount Jrs., and Royal Rovers, Jrs., defaulted to Jenkins and Grand Trunk. Regarding Rovers Jrs., they will be seen no more this season, as they have disbanded. Locos Jrs., handed it out, good and hot to Thistles, 14-0.

## MONTREAL BY SINGLE RUN BEAT WESTMOUNT

### Motherwell's Bowling Once More the Feature of Saturday's Cricket.

The Montreal cricket team met the Westmount eleven on the M. A. A. A. grounds on Saturday afternoon in a cup tie match. By a single run Montreal were the winners, the bowling of Motherwell featuring this game as it has former ones this season. He took eight wickets for 35. The bowling of Westmount was also remarkably good.

The final score was, Montreal 68, Westmount 67.

## REPORTED THAT CAPITALS WILL LAY A COMPLAINT

### Allege That Allman Led the Attack on Paul Jacobs After the Match.

Special to The Montreal Star.

Ottawa, Ont., July 22.—It is understood that the Capital management will lay a complaint with President Murphy over the rough usage handed out to Paul Jacobs, on the Shamrock grounds. Allman, the Shamrocks' defence man, will be the only name mentioned in the complaint, as he led the attack on the Indian.

Jacobs received a dozen blows on the head and his face is also cut up from the attack on him by three Shamrock players after the game.

### ENGLISH CRICKET.

Special to The Montreal Star.

London, July 22.—At the close of play yesterday Kent had scored 185 for four wickets and South Africa made 350 when they declared their innings.

The gentlemen got 159 for six wickets and the players 181. The match was drawn.

Hants' score against Sussex was 261 for four wickets.

The Richmonds met and defeated the Derbys on Beavers' Field, on Saturday, by a score of 17 to 8. The hard hitters, P. LaBerry, E. DesRochers, and C. Guay won the game for the Richmonds.

### ROSEDALES BEATEN.

Philadelphia, July 22. — The Rosedale Cricket Team of Toronto sustained an overwhelming defeat in the closing match of their visit to this city on Saturday, when the All-Philadelphia eleven won by an inning and 278 runs. The Philadelphians declared their first inning closed after putting together 492 runs for eight wickets. The Canadians in their first innings scored 104 runs and in the second made 110.

## AFRAID THEY MIGHT BE MOBBED IN CORNWALL

That the feeling between the National Lacrosse Union and the Dominion Lacrosse Association is still very bitter is best illustrated by the experience of Mr. George Kennedy, manager of the Irish-Canadian Club of the last named body, in Cornwall.

He spent the greater part of last week in the Factory Town for the purpose of obtaining two new players to strengthen his team, and expected to get away with Baker and one of the Cummins boys.

**Promised Faithfully.**

When asked why they did not turn up, he said:

"Both had promised me faithfully that they would come, but at the last moment Cummins told me that his mother would not let him go.

"Baker, however, expressed a positive desire to come, but the feeling was so strong against the D. L. A. in Cornwall that we thought it better for him not to go with me, but to take a later train, as we were afraid that we might be mobbed.

**He Did Not Come.**

"He gave me his solemn promise that he would take that train, but he didn't. As luck would have it, I had no need of them."

# Serious Fight on Shamrock Grounds

## THE ST. EUSTACHE REGATTA WAS A GREAT SUCCESS

### Rough Weather, However, Prevented 25-Mile Race for Laurin Cup.

The third annual regatta, held on Saturday, at St. Eustache, was voted by enthusiastic witnesses of the events to be "the best of them all."

Twenty-five events were on the programme four of them were not pulled off. The rough weather at the foot of the Lake of Two Mountains, held back several fast power boats, which were to have been in attendance, and for this reason, the twenty-five mile free for all event, did not materialize. It was at first hoped that the boats would be able to get up for Saturday afternoon and compete for Mr. J. A. Laurin's magnificent cup, but fate ruled otherwise, the weather being equally at the foot of the lake, as it was on the preceding day.

A large number of visitors debarked from all the trains, and the attendance was all that could be desired. Craft of all natures and sizes, prettily decked out with flags and bunting, swarmed on the water.

A summary of the results of the different events follows:

Two-mile gasoline cruiser race—1st, A. Yale, in the Claire; 2nd, Dr. Prud'homme, in the "En Avent."

Two-mile race of boats equipped with portable motors—1st, J. A. Savignac, with an Evinrude motor; 2nd, J. Robillard, Evinrude.

Two-mile one-cylinder motor boat race—1st, A. Milette; 2nd, M. Brunet.

Four-mile two-cylinder motor boat race—1st, A. Brunelle; 2nd, A. Desjardins.

Twelve-mile three-cylinder motor boat race—1st, J. L. Frigon; 2nd, A. Demers.

Sixteen-mile four-cylinder motor boat race—1st, J. L. Frigon; 2nd, A. Demers.

Ladies' four-oar skiff race—1st, Miss Binet and Miss Lauzon; 2nd, Misses A. and C. Filion.

Canoe race—1st, H. Rolland; 2nd, E. Debellefeuille; 3rd, J. Barbary.

Flat bottom boat race, lady and gentleman—Miss Paquin and Mr. Aquin, first; Miss Lauzon and Mr. Marcoux, second.

Gentlemen's skiff race—Messrs. Leach and Rolland first; Messrs. Turcotte and Aquin, second.

Gentlemen's canoe race—Messrs. Turcot and Aquin first; Messrs. St. Mars and Rolland second.

Skiff race, lady and gentleman—Miss Debellefeuille and Mr. Leach, first; the second place was protested, and the prize not awarded.

The walking of the greased pole was an interesting and amusing event. The local "fat man" who hid his name, was very prominent, but all his attempts resulted in nothing more than a big splash.

Vercheres won the war canoe race, with a small lead over St. Eustache. On the whole, the Regatta was a huge success, and was marred by no accidents.

## GERMANS WON ON THEIR HOME TRACK

Berlin, July 22.—Thirteen of the members of the American Olympic team and the Greek champion, Tsiclitiras, met the best of the German athletes in a series of games arranged by the Berlin Sport Club as a sequel to the Stockholm games. The greatest interest centred in the 100 and 800 metres events owing to the assertions of the German champions that they had been victims of unfair tactics at Stockholm.

The delight of the spectators was unbounded when the German sprinter, Rau, whose defeat in the semi-finals of the 100 metres at Stockholm was ascribed by him to the repeated false starts of Ralph C. Craig, of the Detroit Y.M.C.A., finished ahead of the Americans; Donald F. Lippincott, University of Pennsylvania, and P. C. Gerhardt, Olympic A. C., in the 100 metres, and Braun defeated James E. Meredith, Mercerburg Academy, who won the 800 metres at the Olympic. It was claimed by Germans that Braun would have finished first in that event at Stockholm if he had not been shut off.

Meredith made the pace over the whole distance, fighting a strong wind in the back stretch. He tired at the finish and Braun won by five yards in 1 minute 54 7-10 seconds. Meredith's time at the Olympic games was 1 minute 51 9-10 seconds.

The time announced for the 100 metres dash was 10 7-10 seconds. Lippincott won the 200 metres from Rau in 21 9-10 seconds, breaking the German record.

No world's records were bettered, but Ralph Rose and the Greek Tsiclitiras established new German marks respectively in the shot put, 47 feet 7 inches, and the standing broad jump, 10 feet 8 inches.

Tel. S. Berna, Cornell University, created a new German record in the 3,000 metres (approximately one mile seven furlongs), covering the distance in 9 minutes 1-5 seconds. George L. Horine, Leland Stanford University, won the high jump, clearing the bar at 6 feet 1 1-5 inches. Mark S. Wright, Dartmouth, captured the pole vault with a jump of 11 feet 9 7-10 inches.

The attendance at the games was the largest on record, there being barely standing room in the grounds.

## SPECTATORS AS WELL AS SPECULATORS MUCH PLEASED WITH KING EDWARD PARK'S OPENING—ONE ACCIDENT

Close finishes after well contested races; good starts; an ideal day as far as weather was concerned; well balanced fields; the largest and especially the choicest attendance ever seen at a half mile track around Montreal; all combined to make the opening day at King Edward Park a banner one.

Additional interest was bestowed upon the success or failure of Saturday's racing, owing to the premature collapse of the Valleyfield meeting and a general feeling to the effect that half mile racing was doomed in Montreal.

The prominence of the officials, and the trustworthiness and efficiency of the men who have staked their reputation upon the venture, and the fact that local capital is interested and backing the enterprise, brought a very large attendance.

Ten books, under the management of Walter Campbell, handled the money of the five thousand present, and with liberal odds chalked up, speculation was brisk and keen. Three favorites coming home in front and two well played "good things" flashing past the wire first sent the bettors home in good humor.

The boat service was fairly rapid, and the crowds were landed at Racine wharf in good time.

"This is the most beautiful, half-mile course in America," said Starter Jim Milton, who returned to the city from New York Saturday morning. The statement seemed to be the consensus of opinion of nearly all present.

The feature race of the day, the King George handicap at one mile and a sixteenth, was won by W. C. Weant's Leonid gelding Otilo. There was a well defined tip on the winner, and at six to one, the cashiers had to hand out a lot of "long green" to the lucky investors. Galley Slave, from whom the players of form expected much, was never prominent, and ran a poor race, finishing out of the money.

The last race furnished a keener contest, a closer and more stirring finish, than has been seen around these parts in a long time. Five horses entered the stretch in a bunch, and battling desperately under the whip and spurs, finished noses apart. The result was in doubt until the numbers went up. Judge Boden caught Grenesque, a ten to one shot, first, Western Belle and Doll Boy second and third.

Venetian, the now celebrated Delorimier mare, was next. She had been favorite, and with good racing luck might have won the race.

Caroll went down with Chilton France in the third, and it was at first thought that he was badly hurt, as after scrambling out of the fleeing runners' path on hands and knees, he keeled over and lay prone on the track.

Dr. Harn, the owner of Nila, who has been doing yeoman work attending injured riders at Valleyfield, attended the boy. He proved to be just shaken up.

Abrasion won her third straight start without at any time having to demonstrate just how good she is right now.

St. Avano, under a beautiful energetic ride and daring work in slipping through on the rail by Mondon, proved the best of the two year olds in the opening dash.

Blogg, played down from twelves to fours, walked away with the fourth race.

## FIGHT ENDED THE MATCH ON THE SHAMROCK GROUNDS

### Roddy Finlayson Stopped it Before Much Damage Was Done.

The game over, Capitals having succeeded in capturing their fifth straight N. L. U. victory by defeating the Shamrocks after a hard fight by the final score of 3 goals to 2, the Shamrock grounds were on Saturday afternoon made the scene of a regular battle field. Luckily, however, medical aid was unnecessary, as the warriors showed great ability in defending themselves against the onslaught of their foe. What caused the trouble or how it started remains a mystery. The final gong having sounded announcing the Ottawa team the victors, the two aggregations were leaving the field, and the spectators leaving the grand stand for their homes, when suddenly two men were seen in the centre of the field trying desperately to give each other a little memorial of the game. Larry Allman, who played a spectacular game for the Shamrocks, was the man wearing the green, while Jacobs, the promising young Indian from Caughnawaga, was the Ottawa warrior. To all appearance Allman started the slugging, which most luckily did not end in any one being seriously hurt. The sticks were lifted and aimed as a woodman aims his axe, but each man in turn succeeded in warding off the blows, until Roddy Finlayson, who was handling the game, jumped in between the two men and separated them. Jacobs, however, was cut up a bit, for in addition to Allman, Doran also helped out his comrade by giving the young Indian a few love taps. In fact for a time a serious fight was threatened, as the players of both teams were rushing into the field of battle, as well as a large body of spectators, and Roddy Finlayson did not separate the two men a minute too soon.

The game itself was an interesting affray, in which the Shamrocks gave the strong Capital aggregation a fight all the way. In fact during the last few minutes the Irishmen were playing the visitors off their feet, and the sounding of the final gong was all that prevented them from at least evening up matters. It was only in the third period that the Capital team showed up to any advantage over the Green Shirts, for in this quarter they scored the two goals which gave them the game. The opening period was about even, neither side succeeding in penetrating their opponents' nets while the second quarter was much the same, only each team succeeded in getting in a tally. Two goals in the third gave the visitors the lead. In this period the Shamrock home went badly to pieces, and lost numerous opportunities by poor judgment.

The Shamrocks came back strong in the final quarter, and after ten minutes of hard play succeeded in scoring a goal, the only one of the quarter. With Capitals leading by one goal and the Irishmen making charge after charge, the crowd was worked up to a high pitch of excitement, but their team could not secure the necessary, and the gong sounded annpuncing Capitals the victors by 3 goals to 2.

The team and summary:

| Shamrocks | Position | Capitals |
|---|---|---|
| Vallieres | Goal | Benedict |
| *Barry | Point | Eastwood |
| Clingen | C. Point | Fairbairn |
| Doran | Defence | Pringle |
| McMullen | Defence | Sarazin |
| Allman | Defence | Shea |
| Quinn | Centre | Dooley |
| McIntyre | Home Field | Hall |

# SPORTING VIEWS and REVIEWS

There was gloom in Toronto on Saturday, and lacrosse was the cause. Well, the cause was in keeping with the effect, for it was two sound drubbings at the hands of the Montreal lacrosse players, and if Toronto did not feel that it would be thick-skinned indeed.

It seems that Cornwall cannot be stopped any more than can be stopped the flow of the mighty rivers whose waters turn the wheels of Cornwall's mills. The Cornwall team now has a victory record of ninety per cent, which is considerably over-proof.

The Capitals have picked up as they promised to do, but on Saturday they were kept busy attending to the Shamrocks.

There is not a Royal to-day who does not believe in the yellow peril if a band of Chinese students can learn to play baseball well enough to make our previous Royals step about some, what will happen in world politics, when China has four or five million trained soldiers, and every Chinese athletic club can put in the ring two or three men any one of whom could do Mr. Johnson to a turn. The yellow peril is here now, at any rate so think the far-seeing men in the baseball world.

When looking over the names of the men composing the Chinese baseball team one is struck by the fact that none of them are very familiar none of them recall old favorites, and we do not exactly seem to have met before. It is said that had there been no shower to wet the ball and make it slippery the Orientals would have fared better. Well, luck must be on the side of the Royals sometimes.

There is always trouble somewhere. Just now it is on the Coast and the Pacific Coast too. When New Westminster plays lacrosse there is trouble, and lately cracks over the head for some one and now there is trouble because New Westminster did not play. It is awfully hard to suit everybody.

The Buffaloes and the Royals are straining every nerve in their contest for last place in the League and so keen is the rivalry that they had to divide a double header. The Royals still look like winners and are holding on to the position with a grim determination that does them great credit.

**Result of the Royal St. Lawrence Contests in "B" Class Saturday.**

Some more Class "B" races were sailed at Dorval Saturday and in going round the Dorval course twice in 1 hour and 18 minutes and 45 seconds, Avocet, owned and sailed by H. S. Duggan, was Blue Mouse, sailed by H. Paton, finished second in the elapsed time of 1 to 10. Georgiana, Commodore Doble's Boat, was third sailed by Ross Hutchins, finishing the course in 1.28.55. Pandora came in fourth, sailed by Alec Paterson, taking 1.27.05 to cover the eight miles. Sir Edward Clouston's Green Boat was fifth in 1.27.20, sailed by Col. Hamilton. The Whitehead Bros' Number 3 finished in 1.30.05. Two others started but did not finish, namely Black Feather, and Tabasco. The leading point winners in the series to date are Blue Mouse, 15; Avocet, 12, and Georgiana, 11.

The final race will be sailed over the Pte. Claire course next Saturday, the winner of the series taking Commodore Doble's Cup. A strong south west wind blew during the race.

### BOWLERS' TOURNEY.

**Two Hundred Rinks Expected to Meet at Toronto.**

Special to The Montreal Star.

Toronto, July 22. The Dominion Lawn Bowling Tournament, which opens here on August 12th, is expected to break last year's record. The committee are working hard to get together at least 200 rinks and for the first time the Winnipeg and other clubs in the Manitoba Association will take part.

Last year one rink from Buffalo represented the neighboring Republic, but this year a dozen rinks are expected from the States.

### GEO HODGSON WON A RACE IN HAMBURG.

Hamburg, July 22.—George Hodgson, of Montreal, who participated in the swimming competitions at the recent Olympic games at Stockholm, took part in a swimming meet here yesterday. He won the prize.

Nicholas P. Nerch, of the New York Athletic Club, was second.

The Hawaiian "Duke" Kahanamoku won the 100 metres event in the world's record time of 1 minute 1 1-5 seconds. P. C. McGillivray, Illinois Athletic Club, Chicago, won second.

The German swimmer, Rathe, of Breslau, defeated Mitchell McDermott, of the Chicago Athletic Association, in the breast stroke swimming races of 100 and 400 metres.

The American Olympic swimmers defeated both the German teams in the relay swim.

### C. C. A. RACES STOPPED.

Ottawa, July 22. The qualifying meet of the Northern Division of the Canadian Canoe Association was to have been held at Britannia, but owing to the heavy seas on Lake Deschenes the majority of the events were called off. Abbie Fournier, of the Britannias, won the senior singles and Ken Chassels, the junior singles, but the war canoes swamped and refused to take chances as the breakers were rolling almost as high as the club house pier. It was decided to call off the events until next Saturday, when they will be decided in connection with the Ottawa Canoe Club regatta at Rockliffe. In the race for the Dickson Rowing Trophy the Britannia four easily beat out the Ottawas.

### TOM LONGBOAT BEAT CAMERON IN 10 MILES.

**The Two Ran Neck and Neck in New Glasgow Race.**

New Glasgow, N. S., July 22. Before twelve hundred spectators Tom Longboat defeated Cameron in a ten-mile match race at New Glasgow on Saturday afternoon by about 2 yards. Time, 56 minutes 17 seconds. At no time during the race were the runners separated by more than ten yards, and for a distance they were abreast. The runners were side by side fifty yards from the finish, when inch by inch Longboat drew away from Cameron, breasting the tape three yards ahead of the Amherst boy.

Richmond Baseball Club defeated the Derby Baseball Club to the tune of 17 to 10. Mr. Degonde, of Derby's, scored the first home run of the season. The game was very brilliant at times, especially the playing of A. Williamson, of Derby's. Mr. Dahoney was referee and pleased both sides. The teams will meet next week again.

### ANGUS SHOPS' SPORTS.

**Mile, 440 and Quoiting at Annual Picnic On Saturday.**

Canadian Pacific Railway employes in the Angus Shops, with their families and lady friends, made holiday on Saturday, when the 26th annual picnic in connection with the Shops, was held to Hudson. The party, which numbered over a thousand, left Windsor Station in the morning by special train.

In the afternoon, some races were worked into the day's programme. The winner of the mile was W. Hazley, W. Lawrence and E. Lawrence being second and third respectively. The 440 yards sprint was won by C. Rieles, W. Lawrence was second, and E. Tolley third.

During the whole of the afternoon a keenly contested quoiting tournament was carried on, the premier honors finally going to J. Barnes, with P. Oliver and F. Pain as runners-up.

### AMERICANS PLAN OLYMPIC ASSOCIATION.

**That Material For Future Teams May Be Located.**

New York, July 22.—It was announced here to-day that the members of the American Olympic Games Committee plan to start a so-called Olympic Association on their return to this city. The aim of the Association is to promote interest in track and field competition and to keep the leaders informed as to where promising material may be found.

A membership bulletin will be issued for a subscription of $5 a year. There will be a different colored button for each year until the Berlin meeting. In this way a large fund will be assured to cover the expenses of the American competitors.

## COMIC OPERA GAME WITH CHINESE BALL TEAM YESTERDAY ENDED WITH OCCIDENT VICTOR OVER THE EAST

Our heroic athletes faced the Yellow Peril at the National ballyard yesterday p. m. and succeeded in getting away with the long end of the decision.

Owing to the moisture squeezed out from the cloud region, the starch came out of the Oriental forces and there was nothing to it all the way but the hated foreigners who battled in our interests.

The artist acting as official scorer of the sanguinary affair handed down the decision that our cohorts had a casualty of only four, while the hordes of the new Chinese Republic had fallen before our withering fire to the number of twelve.

It is shrewdly suspected that the aforesaid official is a man of limited education and is unable to count higher than twelve. It is possible, however, that his gray matter reeled at the unaccustomed sight of our pill-tossers coming across the rubber in such great numbers, and that he lost count of the procession. To old and young alike, it seemed that about 7,824 was nearer the correct figure, but this is a matter of little moment (i. e., it doesn't count much).

**Local Johns Forsook Fan-Tan and Sunday School.**

About 2,000 free and independent electors viewed the conflict between the East and the West, the number including 123 of the inhabitants of local Chinatown, who stayed away from Sunday school and deserted the fan-tan tables to witness their countrymen from the Boxer territory battle with the Royal contingent.

Interviewed at great expense after the game and questioned as to what they thought of ball-tossing as a fine art, several of the local Johns stated that it could, in their opinion, be greatly improved if flat-irons were substituted for the pills commonly used. One of the laundry magnates, when asked whether he knew the difference between a wreck at sea and an infield hit, replied sagely (i. e., wisely) that he thought the answer was seven.

The line-up of the Celestial choir listens like a cross between one of the eloquent addresses recently delivered in our midst by the distinguished Dr. Ottoman Zar Adusht Hannish, the great philosopher, and a teething baby operating at night.

In spite of this slight defect, however, the performance of the Boxer aggregation was of a highly creditable nature. Eight bingles were gathered in by the iron-wielders for a total of four runs. The same number of successful bendings was reported from our camp, but the heavers for the laundrymen were generous with their free transportation, and handed out eleven trips to first without money and without price.

**Chinese Shortstop a Heady Player.**

Mr. Ayan (stated by his confreres to be a direct descendant of the great trouble-starter, Li Hung Chang)) was the star performer of the cast. Mr. Ayan uses his head after a manner little in vogue with pill-pitchers of this unenlightened hemisphere. Finding tthat his hands were slow in getting up to gather in a line drive from the pole of Mr. E. Russell, Mr. Ayan elevated his lid sufficiently to stop the ball in its mad career.

This is a new one on us and the method of fielding is strongly recommended to several of our athletes whose heads are capable of equally effective work.

Others of the Oriental forces excelling in the battle yesterday were: Mr. Asam (half-brother of the great enemy of the liquor traffic, Mr. Sen-Sen), and Mr. Ah Toon, the chop suey artist. Both these distinguished visitors operated like real athletes, and are entitled to the commendation of every elector, irrespective of race or fortune.

**Messrs. D. Taylor and W. Viebahn did the Heaving.**

Owing to the fact that our esteemed Mr. D. Taylor speaks Chinese fluently, he was chosen as the heaver to give the Eastern forces battle and went along without much damage or exertion until the sixth inning, when Mr. W. Viebahn went to the firing line. Mr. W. Viebahn was educated! for the missionary business and studied the language for several weeks, after which he was able to eat chop suey with chopsticks and without spilling more than 99 per cent. on his expensive clothing.

It will be seen from this that Mr. Viebahn is an athlete of diversified talents.

There was considerable excitement early yesterday morning when Mr. E. Nash, of the executive department of our aggregation, arrived in breathless excitement from the railway station and informed the management that the Chinese team had missed the boat and was not on hand.

Mr. E. Nash was certain that they had not reached town by any of the morning channels, as he had stayed up all night in order to be down at the railway station at 7 a.m. In addition to being very fatigued, Mr. E. Nash was also much distressed and called up the Department of Finance at Ottawa to ascertain (i. e., find out) whether the Oriental outfit had been held at the border for non-payment of the usual water tax. The Finance Minister referred the excited Mr. E Nash to the Department of Indian Affairs, which in turn turned him over to the Inland Revenue office. Nothing could be learned of the whereabouts of the foreign athletes, and Mr. E. Nash was on the point of sending an expensive cable to Premier Borden in England, when a courier from Barre, Vermont, rode up to the steps and reported that the Chinese ball team had left the latter place at 5 p.m. last evening (Malone, N.Y., time).

**Mr. E. Nash Runs His Quarry to Earth.**

Search parties, directed by Mr. E. Nash, were then turned loose in the city and the Celestial outfit were located in an establishment on Lagauchetiere street eating chop-suey and making strange noises in their throats, which Mr. E. Nash immediately identified as polite Chinese conversation. The manager of the team stated that his employes had reached the metropolis at 10.10 last evening and would be on hand at the ballyard at the scheduled hour.

Mr. E. Nash thanked the Oriental magnate and withdrew, after refusing no less than 9,534,682 distinct invitations to partake of tea and the national dish of China.

The exact details of the clash between the Oriental and Occidental forces follows:

## Notes

The Chinese All-Stars were easy.

With seven teams like that in the league it would be the Royals all the way.

The visitors showed some real knowledge of the game in flashes, and bad pitching kept them out of the game.

Thirteen men were walked by the Chink pitcher in eight innings.

About two thousand fans turned out in the rain and had a lot of fun for their money.

It was curiosity to hear the Celestials coach that brought many of the fans out, and in this they were disappointed, as the visitors had little to say on the coaching lines.

Ayan at short was the star performer scoring two runs and making two hits.

When either Taylor or Viebhan exerted themselves and put anything on the ball the Chinks had not the slightest idea of how to go after it.

No such thing as warming up on that team when Ken Yan went bad in the fourth inning Aki was shoved on to the mound from right field, then Ken Yen went to first and Apan to right.

There are only twelve men with the team and they can all play every position.

Neither Joe Yeager, Handford or Bransfield were in uniform, the veterans taking a day off.

The Chinks are trying to arrange for a return engagement on August 3rd, an open date with the Royals.

Some difficulty was experienced yesterday morning in locating the All Stars, but they were located in Chinatown about twelve o'clock. Up until late yesterday afternoon the immigration officials refused to allow them across the border without the customary $500 head tax.

The Royals split even in a double header at Buffalo Saturday and McTigue lost the last one, a seven inning affair, on three hits.

## ROYALS PURCHASE ST. LOUIS CATCHER; JOINS TEAM TO-DAY

**New Backstop Went to Majors From Tacoma in the Northwestern League.**

The announcement was made at the National grounds yesterday that the Royals had purchased another catcher from St. Louis the former home of Mike Murphy, who is now assisting in our defence work.

Burns is the name of the new backstop and his chief recommendation is that he was held by St. Louis after they turned Murphy loose, which would indicate that the St. Louis management considered him well worthy of a try out.

The dope book shows that Mr. Burns performed last season with Tacoma who finished fifth, in a six club Class B organization known as the Northwestern League. He took part in 150 games, after 267 trips to the plate, scoring 60 runs and making 118 hits, including 15 doubles, 3 triples and four homers. He also made 23 sacrifice hits and stole 22 bases. His fielding record is given as .972 in 124 games, with 179 assists, 25 errors and 16 passed balls.

## Polo Team For America

**Duke of Westminster Will Bring One Next Year to Battle for the American Polo Cup.**

London, July 22. — The London Times, in duscussing the situation regarding the American Polo Cup, says that the Duke of Wetminster has informed the Hurlingham Club of his readiness to take an English team to America in 1913 and the challenge in his behalf will be sent in due bourse by the Hurlingham committee, which appointed deltgates to confer with Westminster in carrying out the necessary arrangements.

No announcement has been made regarding the players upon whom the Duke of Westminster may rely, but The London Times says that it seems certain that Mr. Buckmaster and Mr. Freake will accept the Duke's invitation, while others whom The London Times selects for inclusion on the team are Captain Hardress Lloyd, Captain Cheape, Mr. Noel Edwards, Captain Wilson and Captain Ritson.

It is understood that Westminster has determined to take at least six or seven players. Since he took over the responsibility of organizing the English team, he has not allowed expense to stand in the way of securing the pick of England's ponies, although it is probably too much to expect that his twenty-four best ponies would equal the best twenty-four from Whitney's stables. The London Times says it may be taken for granted that by the end of September he will have a supply of ponies in number and quality capable of carrying the right men to victory.

Toronto fell down bad in Rochester Saturday, and just when they commenced to look like pennant contenders dropped a double header to the leaders.

## AUTO NOTES

At one of the best attended meetings of the year the Automobile Board of Trade at its quarterly gathering in New York city listened to the report of the Show Committee covering plans for the big exhibition of next January, which will be conducted in two buildings—the new Grand Central Palace and the Madison Square Garden, with a single admission covering both buildings.

It was definitely decided to open the show on the evening of January 11, 1913 with an exhibition of pleasure cars in both buildings, continuing until the 18th. The commercial vehicle division, which will be held in both buildings, will open on the evening of Monday, January 20, closing on Saturday evening, January 25.

Suitable resolutions were passed on the death of Alfred N. Mayo, of the Knox Automobile Company, one of the oldest members of the Automobile Board of Trade and a leader in the industry since its inception.

Among those present were: Autocar Company, M. L. Downs; Buick Motor Company Cadillac Motor Car Company and Cartercar Company, W. C. ## RELAY RACES FEATURE AT ISLAND HANDICAPS

**Senior Event Taken by Capt. Kerry's Men—Juniors Had Well Balanced Teams.**

Notwithstanding the fact that there were many other attractions in the city to draw the crowds the Montreal S. C. had a fairly large gathering of swimmers and spectators at the bath Saturday afternoon and the various events on the programme were run off in smart style with the honors going to the Juniors taking part in the 100 yards relay race.

Unlike the senior relay the youngsters had two well balanced teams and although Captain W. Lester's team was leading after the first hundred, Capt. O'Brien's men pulled ahead after the buoy was turned in the next stretch and succeeded in heading his man to the wharf by 10 yards, this gave O'Brien a good start on Lester, who is the most promising youngster at the bath this year. Although the finish was a close one, Lester could not overtake his man.

The 50 yards Juniors event was a lively affair and many tiny boys took part, but none of them proved to be dark horses, although they were given a 25 sec. handicap on the big boy Lester. The big goose for all hands caused much laughter with his pranks. He was nearly caught by Kerry, but dived and remained under for a long period afterwards coming up in the midst of the boys and being caught by R. Osler, the goose was again purchased by the club and will be given another chance next Saturday. The presiding officer was W. F. Hamilton. The results were:

Relay race, senior, 220 yards—1st team, J. Kerry (captain), Parker, and Lant; 2nd team, M. Ross (captain), J. Walsh and H. W. Smyth.

Relay race, junior, 100 yards—1st team, J. O'Brien (captain), A. McNamee and R. McNamee; 2nd team, W. Lester (captain), A. Schneider and T. Kenny.

50 yards, junior—1, W. Lester; 2, J. O'Brien; 3, R. McNamee.

Sub race, junior—1, M. J. Gingras; 2, H. Newmark.

Duck caught by R. Osler.

## LAWNTENNIS DOUBLES.

**Clothier and Gardner Won at Longwood on Saturday Last.**

Boston, July 22.—The Eastern championship in lawn tennis doubles was won on the courts of the Longwood Cricket Club by William J. Clothier, of Philadelphia, and George P. Gardner, Jr., of Boston, who defeated Craig Biddle and R. W. Williams, of Philadelphia, in a long four set match.

Clothier and Gardner will go to Chicago to meet the champions of the South and West for the honor of challenging R. L. Little and G. F. Touchard, the present title holders, at Newport on August 19.

Gardner played the best game of the quartette to-day, according to the English system of showing percentage of earned points to errors. On this basis of scoring Clothier earned 27 points, made 51 errors, and showed a percentage of 34.8. Gardner had 27 earned points, 45 errors and 38.6 percentage. Biddle had 33 earned points, 62 errors, and 34.7 percentage, while Williams earned 33 points, made 62 errors, and a percentage of 38.3.

## LOCAL TENNIS.

The Country Club (Pins) team won from Y. M. C. A. on Saturday by five matches to two. The singles resulted as follows:

W. A. Holland (C.C.), won from P. C. Hart (Y. M. C. A.), 6—2, 6—2.

J. M. Miller (C.C.), won from H. M. Archibald (Y. M. C. A.), 6—3, 12—10.

J. V. Raven (C.C.) won from J. W. Elliott (Y. M. C. A.), 6—2, 6—2.

C. C. Moss (C.C.), won from H. D. McMullin (Y. M. C. A.), 6—2, 6—4.

The doubles resulted as follows:—

Hart and Archibald (Y. M. C. A.) beat Thornhill and Miller (C.C.), 12—10, 7—5.

Bird and Head (Y. M. C. A.) beat Holland and Moss (C.C.).

Raven and Schwann (C.C.) won from Elliott and McMullen (Y. M. C. A.), 1—6, 6—2, 6—4.

The postponed game between McGill and Country Club, which should have been played June 29, will be played at the Country Club next Saturday.

## CORNWALL SCORED THREE GOALS IN TWO MINUTES FLAT

**The Third Quarter Was Montreal's Undoing in the Factory Town.**

Special to The Montreal Star.

Cornwall, July 22.—A long story of Saturday's match between the Montrealers and Cornwalls here could tell the tale no better than that related by the summary which follows. The first half, which ended 2 to 1 in Cornwall's favor, was perhaps the best and most exciting ever seen here, and the 1,500 spectators were kept on the keen edge of expectancy every second of the time. In the third quarter there were almost as many goals recorded as in the first, second and fourth quarters combined, and nearly every one of them was of rapid fire nature. This is the period which proved Montreal's undoing, as Cornwall ran the figures from 2 to 1 to 5 to 1 and did it in exactly 2 minutes of actual playing. This gave Cornwall a lead that, try as they would, the Montrealers were unable to overcome, and Cornwall entered the last quarter with a lead of 6 to 3. This was increased to 8 to 3 early in the last quarter. Then Montreal took one and Cornwall another and the match finished 9 to 4 for Cornwall. In the dying seconds of the match, Nicholson of Cornwall and Thompson, the big Montrealer, were benched and fined $10.00 each by the referee Murphy for slugging.

The game was by no means a pink tea affair, and the hickory was used in good shape. Though strangers in a strange town, the Montrealers were the worst offenders in this respect, and the wonder was that more penalties were not handed out. If anybody deserved the palm for ugly work it was F. Hogan. He never let a chance slip to befriend an opponent, and he got several roasts from the stand.

One of the features of the game was the presentation to referee Peter Murphy of a travelling bag from the N. L. U. The presentation was made by President James Murphy just before the teams lined up at the opening. The parade of boys again took place and races were held between quarters.

The line-up was as follows:

| Cornwall | | Montreal. |
|---|---|---|
| Smith | Goal | Fyon |
| Thompson | Point | G. Finlayson |
| F. Degan | Cover | Thompson |
| Sommerville | Defence | O'Kane |

**Saturnias Met Grand Trunk.**

The Saturnia Football team met the Grand Trunk in a friendly game at Alexandra Park, Point St. Charles, Saturday night. It was very evenly contested in the first half, both teams showing a good knowledge of the game. Half time blew with no score.

In the second half the Saturnia showed up to perfection, their placing and combination being a treat to witness. From a well-centered pass McMaster snapped the only goal of the match for the Saturnia.

A return match is being arranged for the next time the ship comes into port.

## HEAVY ARTILLERY HOLDS ANNUAL RIFLE MATCHES

**Good Scores are Made Despite Unfavorable Conditions—Attendance is Good.**

The Montreal Heavy Artillery held their thirty-second annual rifle shooting matches at Pointe aux Trembles on Saturday. A good attendance was present and although the conditions were unfavorable, there being a gusty wind blowing, the scoring was very good. Lieut. C. E. Ward officiated as Range Officer. Due to the corps being in camp at Petewawa, only the open events were shot for, the Battery competition having been announced to take place later on.

Winners were as follows:—

## YOUNG BASEBALL FAN DIES FROM INJURY.

**Was Hit On Ankle By Pitcher's Wild Throw.**

Newark, N. J., July 22.—George Campbell, a school boy ball player, is dead of blood poisoning, at a hospital here. A week ago the boy was watching a game of baseball between two semi-professional teams, when a wild ball, thrown by one of the pitchers, struck him in the ankle. The bruise grew rapidly worse, and three days later he was taken to the hospital.

The surgeons said the case was undoubtedly one of blood poisoning, but that it was remarkable, because there was no break in the skin through which the foot could have become infected.

# FIRE DOES DAMAGE OF $2,000,000 IN VANCOUVER CITY

## Either Caused by Tramps in Stable or by Crossed Electric Wires, Report.

## MANY ROOMERS HAVE NARROW ESCAPES.

## Firemen Work Under Great Difficulties and in Constant Danger From Explosion.

Vancouver, B.C., July 22.—Causing approximately one and a half million to two million dollars' damage, the fire which broke out here early on Saturday morning wiped out practically all of the buildings on the west side of Main street on a block south of Prior. One version of the cause says the fire was caused by tramps in a stable, while another says that cross-electric light wires furnished the spark.

No fatalities are reported, but many residents of rooming houses were aroused only in the nick of time.

The fire originated behind Champion White's warehouse, which was burned, as well as the Hope Motor Company, and A. B. C. Motor Companies' buildings, with most of their contents, including 19 cars and trucks. The latter estimate their loss at a quarter of a million dollars on their stock and garage. They were chiefly trucks stored there by nearby commercial firms. All were pretty well covered by insurance.

Guests of the Royal George Hotel were aroused but this building, as if by miracle, escaped.

The Gibbs Tool Works, the Angelus, a furnished rooming house, and six street cars were burned. Falling through the transom of one of the rooms of the Angelus building, Thomas Desmond, a fireman, while climbing in to rescue one of the sleepers, was injured and was taken to the hospital with wounds about the arms. Protesting and resisting every step of the way Mr. J. Jansen, proprietor of the rooming house, was forced down a ladder from a second storey window and his life saved. Six street cars were burned before they could be taken from the barns after the power went off and ten A.B.C. motor cars went up in flames.

### FIREMEN FIGHT IN PERIL OF THEIR LIVES.

Firemen fought at the peril of their lives, knowing that behind, in the rear of the garage, a 1,000-gallon tank of gasoline might explode at any time. The terrific heat prevented them after the first hour from going near the buildings and efforts had to be restricted to preventing the spread of the fire to adjoining buildings. Glass windows across the street were cracked by the heat.

Stretching from the garage building into the Angelus rooming house where forty men slept, the fire made short work of the three-storey building, invading every room. Through the windows the firemen snatched men from their beds and before they were hardly awake had passed the rooms along the line of their waiting comrades and out through windows and down ladders to the street. Doors were forced, or some other mode of entrance was effected. It was in this performance of duty that fireman Desmond was injured.

People with trunks and hand-bags hurried out of the doors before the building caught fire, and going back for more things had to be carried to safety down the ladders. One man threw a pack of cards out of a window before he would be assisted down.

### FRASER MILLS CO. LOSE THEIR LUMBER.

The lumber pile of the British Columbia Supply Company at the rear of the Royal George Hotel and adjoining the B. C. Electric Ry. car shops, fell a quick victim to the flames. All lumber stored there for the Vancouver trade by the Fraser Mills Company, was lost.

Added to the thunder of the falling roofs of the Champion and White Warehouse was the noise of crackling car frames. Six were burned. Scores of others were removed from the sheds in a string which extended southwards as far as Camble and Cordova streets. Office furnishings of the sheds were removed with the property of guests of the Royal George Hotel and private apartments across the street. When about half-past one o'clock the wind veered around to the east, dashes were made for these places. It was feared that the fire might jump the street and devour many wooden buildings there. Before five o'clock the fire was under control, though places are still smouldering.

Estimates show the chief losses to be: Champion and White, buildings and builders' supplies, $450,000; Canada Malleable Steel Range Company, $75,000; Commercial Cars, stored in A. B. C. Motor Company warehouse, $225,000; B. C. Electric Railway, $50,000; Palmer Land Investment Company, $75,000.

**Crop Condition Never Better.**

Winnipeg, July 22.—Crop conditions in the three prairie provinces were never better nor more promising at this time of the year. This is the report being sent out by the Canadian Pacific Railway, and is the general result of reports sent in by its agents from every sub-division on the western lines.

# WANTS GRAIN SERVICE TO HULL, ENGLAND

## Suggestion of British Visitors Will Likely Bear Fruit in New Steamship Line.

The suggestion of Mr. Rank, a member of the well-known British firm of merchants millers, Rank Ltd., who was among the British Manufacturers who sailed on Friday morning on the Victorian, that a grain route be established between Hull and Montreal, has been promised full consideration by parties interested in the scheme.

Owing to a sudden illness which seized his father, Mr. Rank had to hasten away, and postpone his intended stay in Canada. At the time of his departure, he had been in conference with officials of the Canadian Pacific Railway Company, and it is understood that these gentlemen promised to consider the scheme, and if they find it practical, give it their full co-operation.

The greater part of Canadian grain, Mr. Rank claims, goes out from New York destined for Hull. There are, in the opinion of the visitor, a thousand and one advantages in sending the grain direct from this port to Hull. A direct line between this port and Hull, which is the premier port on the East Coast, would be one which would, Mr. Rank states, serve well the interests of the shipping companies, shippers and receivers of the cargoes.

It is probable that if the project is favored by the C. P. R., they will establish immediately the proposed service. As the company has at the present time a grain service between this port and Bristol, and it would be a simple matter to divert this service to Hull.

### R. & O. Lines

The steamers of the R. & O. Company are giving a perfect daily service between Niagara and the sea. The boats are built to fit, and are officered by tried and experienced men. One's comfort and vacation begin immediately on board, and stop-overs are permitted at important points and summer resorts. The cool watering places, Murray Bay and Tadousac, where invigorating mountain and sea air are enjoyed, prove more popular than ever this season. Holiday seekers can obtain all particulars and handsomely illustrated tour book at the city ticket office, new Richelieu building, Victoria Square.

# MYSTERY OF TEN THOUSAND DOLLARS IN DARROW CASE

## It is Suggested That the Money Was Used for Bribery Purposes.

Los Angeles, July 22.—Neither Anton Joannsen or Olaf A. Tveitmoe, the San Francisco labor leaders, will be called to the stand by the defence in the bribery trial of Clarence S. Darrow.

Both men had been summoned by the defence and it had been expected that Tveitmoe would at least be called to testify concerning the cheque for $10,000 he was alleged to have cashed in San Francisco bank last September. The cheque had been endorsed by Darrow, and it has been the contention of the prosecution that the currency received from it had been used by the Macnamara defence for corrupting jurors and witnesses.

Members of the defence decline to say whether there was any connection between the determination not to have Tveitmoe testify and the refusal of Judge Hutton, several days ago, to allow the defence a copy of the Tveitmoe's testimony before the February Grand Jury.

At that time Tveitmoe is said to have admitted receiving and cashing the cheque, but he is said to have testified that the money was given him by Mr. Darrow for the purpose of paying certain expenses of the McNamara defence in San Francisco.

Attorney Davis, formerly of the McNamara defence, is expected to take the stand when the trial is resumed to-morrow morning.

### FIRE AT ST ANDREW'S SUMMER RESIDENCE.

**Sir Thomas Shaughnessy's Coachman Hurt—Gas House Destroyed.**

St. Andrew's, N.B., July 22.—The Sunday quiet was broken last night by thunderous explosions, which were caused by a fire at the gas house attached to Sir Thomas Shaugnessy's summer residence. The gashouse was destroyed, and Mr. Gedman, Sir Thomas's coachman, had one arm badly burned.

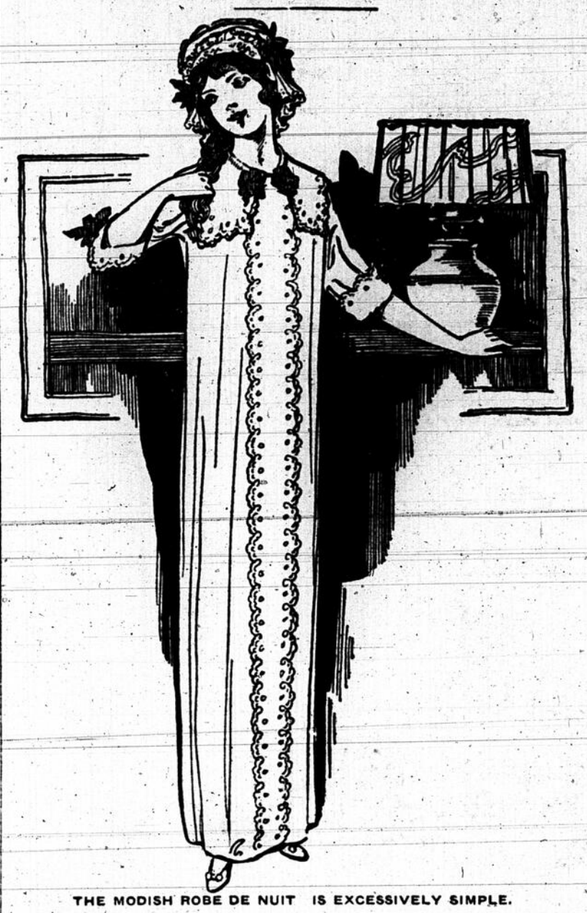
# OF INTEREST TO WOMEN

## DAILY FASHION HINT



THE MODISH ROBE DE NUIT IS EXCESSIVELY SIMPLE.

As simple and unpretentious as a young girl's little night garment is the sleeping gown of the fashionable woman these days. But these nun-like little night-gowns are made of the finest possible batiste, and every stitch is set in by hand; so that the garment is as soft and exquisitely dainty as a baby's slip! This pretty night-gown, one of a dozen ordered for a June trousseau, is made of fairy-fine white mull embroidered by hand with pale pink scallops and dots. The collar and turned-back cuffs are similarly embroidered, and bows of pink ribbon add a further touch of color.

All correspondence for this department should be addressed to Agnes Chesley. Notices of meetings should be so marked on outside of envelope.

Quite recently we touched upon one of the various departments of the coming Child Welfare Exhibition. To-day it might be of interest to glance at another. Nothing appeals to the true women more than questions concerning the home. The second department on the programme concerns the vital problems of the home. There will be exhibits of economical and sound furnishings, draperies, beds and so forth. The artistic side will not be neglected neither will be home occupations. Mothers will be intensely interested in the games for the children, which will be shown in a model play shop. There will also be a model nursery and a home library. The important question of ventilation and light will be dealt with and the foolish women who shut out the sun and sleep with closed windows will be shown the error of their ways. Over-crowding will be illustrated with examples from our midst and a standard living wage will be discussed on charts. A pretty touch will be given by the back yard gardens, window boxes and so on, the little things which bring light and joy to working homes. Does not this all sound very interesting? I foresee that many thousands of women will crowd to this exhibition to see just where they can improve their own homes. There is probably not one of us, even among the most competent and efficient, who will not be able to profit by this exhibition. One important item will be the matter of textiles. How many of us know why certain woollen material grow shabby in no time, why silk often goes immediately into holes, why colors fly from certain materials?

It is all very entertaining and highly educational and it behooves us women of Montreal to profit by it.

# HEALTH AND BEAUTY

**Hints for the Traveller.**

THERE are many ways of travelling. One of the worst is to be so engaged, either in domestic, business or social duties as to have to rush off without due preparation. Many discomforts throughout the journey result from the lack of a little forethought.

One care should be that of one's health. It used to be an old-fashioned habit among our grandmothers to take some form of cathartic or aperient before a journey. Better to so live that no such precaution is needed, but, if that has not been done, take the precaution. Do not start on a journey with the system clogged up. Car sickness, headaches and general misery can be avoided by starting off in perfect physical condition.

It is well, if the journey be a very long one, to have one or two simple remedies at hand. These should be chosen under the guidance of your family physician and should include some things to reduce fever (quinine does not suit every one); something for a possible attack of summer complaint, something if the opposite condition be indicated.

As to dress, much must depend on the length of the trip. If you are taking the boat to Europe, remember that the days when one took one's old garments to get a last wear out of them, when one contentedly "frumped" along till nearly the time for landing—oh, those days are gone! Take what you would need for a week's sojourn anywhere, plus a few travelling conveniences. Be sure you have a heavy wrap, a light wrap, something to keep recalcitrant locks within bounds, in the form of becoming caps, veils and the like. Do not neglect a small bottle of hair tonic, a pot of your preferred face cream or skin food, a good talcum and a lotion for sunburn and tan. Almost all of the above are needed for a "cross-continent trip." Many of them for even a short journey.

The perspiration that afflicts one on a train trip must not be met, as some meet it, by an incessant washing of the face. This will leave the skin like a nutmeg grater. Instead, have some good cleansing lotion and a small sponge (or better still, a packet of absorbent cotton, never using any piece twice), and mop the face with this when the discomfort can no longer be borne with patience. Some recipes shall be attached. Sometimes the application of a few drops of clear lemon juice will do wonders in cooling the skin, but many persons object to the "sticky" feeling.

Of course, no garment should be anything but loose and comfortable. Washing silk of a kind that does not crush conspicuously makes an excellent travelling gown, and closely fitting headgear is a comfort. A pair of gloves, a size too large, are of great service. In a bag, to be hung up beside one, have an abundant supply of handkerchiefs, perhaps a bit of soft, clean old linen, the absorbent cotton and skin freshener and writing materials. A small bottle of preventive or cure for mosquito bites is also a wise precaution.

Thus prepared, nourished, attired and equipped, one may face even a six-day journey without fear. It is best to read as little as possible, but to feast one's eyes upon the flying landscape. Many a beautiful impression will be received. Many a vision of forest and lake, mountain peak or cool, deep valley, many a wide sweep of prairie, of glimpse of lights fairylike on stretches of water as one nears a town may be graved on the page of one's memory. Why lose these, for the page of a novel you can read at any time?

Here are the recipes for cleansing lotions promised above: Equal proportions of glycerine and rosewafer, of course, we all know. Witch hazel, seven parts, and pure alcohol, three parts, is another good lotion. Any good druggist will put you up something to keep off mosquitoes, and something else to put on yourself if they sting in spite of all precautions. These remedies are chiefly needed during and after a wait at some country station.

So many people dread a journey, and approach it in the spirit of fear. Rather anticipate pleasurably this plunging into the more or less unknown, hoping to see something you never saw before. Let go of the grip of years (if you are in that grip) and make yourself a child again. Remember what a journey used to mean—what supreme ecstasy of expectation you enjoyed once, and recall that expectation. It may not be unfulfilled.

## Health Hints

A Board of Health across the border has issued a brief Compendium, of Public Health, which contains much good advice applicable everywhere.

"Know you," the articles begin, "that a communicable disease comes only from the germ of that disease. Kill, therefore, or render harmless the germs and thou dost prevent the spread of that disease." A second phrase enjoins sleeping with the windows open, for health and security come with the fresh air and diseases lurk in close rooms. Exercise the body, not in excess, but in moderation, building thereby a wall of resistance against the foe. Eat in temperance. If a neighbor has typhoid, why have it yourself. Screen the windows, keep out the flies, boil the water and eat only what is well cooked. "Remember that ofttimes the water gives the fever. Protect thy water and it will protect thee." The wastes and carelessness of man spread disease. See that the outhouse is safe from flies and insist on the same from your neighbors. If a child has diphtheria, do not think that it can be cured other than by anti-toxin, and administer this quickly. If the health officer quarantines the household, diligently obey his word, and protect your neighbor from your diseases just as you would have him protect you from his ailments. Do not give stale milk to the baby, for it is polsin. If you know that the milk given to the baby is clean and fresh, much care is removed from your household. And the final one runs, "Uphold the hands of those who would prevent disease, for they would lengthen the span of thy years and make happy thy lot."

## THE HOUSEKEEPER AND THE FLY.

It is a very poor housekeeper who allows flies in her house. In fact one might use a much stronger adjective for the woman who has a home full of flies practically lays her family open to all sorts of diseases which are carried by these little pests.

It is not difficult, only troublesome, says an exchange, to get flies out of a house, even after neveral generations have developed since the beginning of the season. And you can keep them out. Twenty drops of carbolic acid poured on a hot shovel in a tightly-closed room will give off fumes that will kill all the flies in the room. Sticky fly-paper and poisons are useful, but the most effective way of getting flies out of a house is to kill them, one by one, with "swatters," made of wire screen on the end of a stick.

Once a house is clear of flies, screens will keep them out. A mixture of carbolic acid and kerosene swabbed over a screen door will drive away the flies that usually congregate there waiting for some one to open it and let them in. If the garbage can is equipped with such a fly trap as can be bought in most house furnishing shops, the flies will gather there, for the most part, and be caught before they can enter the house. Then, if food is kept screened, and everything that goes into one's mouth, spoons, tumblers and baby's nursing bottles are scalded after a fly has walked on them, there will be little danger of infection.

The really important thing is to teach children that a fly is just as dangerous as a rattlesnake—even more so, for it leaves a poisoned trail wherever it walks.

The test of the good housekeeper used to be the flyless house. Later it was the amount of fresh air and sunshine she let in. Now it is the combination of both—a task more difficult than—at which grandmother faced but not impossible.

## Simple Home Recipes

**Coffee Cream Jelly.**

Use as the basis two cupfuls of clear black coffee (that remaining from breakfast or dinner will do), sweeten with two heaped tablespoonfuls of sugar and add the well-beaten yolk of one egg, half a cupful of rich cream, a few drops of almond extract and a pinch of powdered cinnamon. Mix thoroughly and then stir in a cupful of hot milk in which has been dissolved two tablespoonfuls of crystallized gelatin; place the jelly in a mixing bowl set in a pan of ice water, stirring occasionally as it begins to harden so that the custard and jelly will not separate when of the consistency of a thick puree, pour into a circular mold lined with lady fingers, held together by a little frosting; place where it will chill and when firm unmold on a large platter resting on a lace paper doily, ornamenting the top with stars of sweetened whipped cream, pressed through a pastry tube or with little mounds of whipped cream dropped from a spoon.

**Rye Breakfast Cakes.**

One cupful of molasses, one cupful of milk, onehalf cupful of sour cream, one teaspoonful of soda, one-half teaspoonful of salt. Make the mixture about as stiff as a gingerbread dough, with one part of white flour to three parts of rye meal. Bake it in hot gem pans, and serve with butter. Caraway seeds may be added when making the cakes for afternoon tea.

**Sour Cream Cookies.**

2-3 of a cup of butter, beaten to a cream.
2 cups of sugar.
1 egg.
2-3 of a cup of sour cream.
1 teaspoonful of soda.
Enough flour to roll out as softly as possible.
Flavor with lemon juice.

**Chocolate Gingerbread.**

Mix well one cupful of molasses, one-half cupful of sour milk, two teaspoonfuls of soft butter, one-half teaspoonful of salt, one teaspoonful of soda dissolved in one tablespoonful of water, two cupfuls of flour sifted with one teaspoonful each of ginger and cinnamon, and four tablespoonfuls of grated chocolate. Bake this in a loaf, in a steady oven, until a straw inserted comes out dry. This will be greatly improved by the addition of vanilla or chocolate icing.

**Smooth Gingersnaps.**

Two cupfuls of molasses, one cupful of lard, one cupful of sugar, one-half cupful of sour milk, one tablespoonful of ground ginger, two eggs, three and one-half teaspoonfuls of soda and enough flour to roll thin. Instead of rolling with flour, grease the rolling pin and dough-board well with lard, roll until the dough is thin and bake it in a quick oven. These gingersnaps can be rendered more fancy by the addition of chocolate or vanilla icing, or by sprinkling them with sugar.

**Asparagus Eggs, to Serve Six.**

Two cups rich milk or light cream, few grains pepper, 2 tablespoons pastry flour, 1 cup asparagus cut in inch lengths, 2 tablespoons butter, 1-2 teaspoon salt, 6 fresh eggs, 2 tablespoons grated parmesan cheese.

Make a sauce of the first five ingredients. Add asparagus and when hot slip in the eggs very gently and poach till set over hot water. Sprinkle with salt, pepper, grated cheese and serve on buttered toast.

**Pineapple Charlotte Russe, for Six.**

One cup of heavy cream, 3 tablespoons powdered sugar, 1 egg white, 1-2 teaspoon vanilla or orange extract, 1 1-2 dozen ladyfingers, 1 1-2 cups rich cooked pineapple.

Beat cream till stiff, beat egg till dry, gradually whipping in the sugar. Add extract, then combine with cream, folding mixtures together. Line glass cups with ladyfingers, place 4 tablespoons of the pineapple in the bottom of cup and fill with the charlotte mixture. Garnish with candied violets or rose leaves and serve very cold.

## NINETY-NINE YEARS FOR MANSLAUGHTER.

**Woman Gets Off On Charge of Complicity in Quebec Tragedy.**

Quebec, July 22. — Mary Hubbard, accused of participation in the crime at Baie St Paul, for which her husband, Montizano, was found guilty of manslaughter, was acquitted at Murray Bay Assizes on Saturday.

Montizano was sentenced to 99 years in St. Vincent de Paul penitentiary. When sentence was pronounced, Montizano was seized with a sudden fit of sickness, and a sensation was caused by a report that he had attempted suicide.

**Grain Growers Lease Elevators.**

Winnipeg, July 22. — Following a conference on Saturday of the Cabinet with T. A. Crerar and H. A. Bonnar, representing the Grain Growers' Grain Company, the provincial elevator system was leased to that company until such time as a sample market is established in Winnipeg. Six per cent. on the capital invested is the price paid.

## Baltimore Has A bad Cyclone

**Several People Drowned—Many Narrow Escapes—Houses Flooded and Damaged.**

Baltimore, Md., July 22.—A furious wind storm accompanied by a deluge, swept over Western and Northern Maryland this city, and the Chesapeake Bay, last evening. In Baltimore houses were unroofed, shutters ripped off, skylights and windowsashes smashed and trees uprooted. In Carroll and Washington counties and in Cecil county and the northern and western suburbs of this city the wind ble wwith tornado velocity. On the Patasco River and the Bay several small yachts and other sailing craft were capsized.

It is reported that several persons were drowned. A number of persons had narrow escapes. Telephone and telegraph wires are down, and the full extent of the damage cannot be learned. At Ellicott City and at Hagerstown the storm played havoc.

At the river resorts and in the parks picnic parties and Sunday excursionists became panic stricken and it is not known how many may have been lost. Many homes in the city were partly flooded and carpets and furniture damaged by the heavy rain pouring in through windows and skylights, smashed by the wind. Crops on the truck farms in Baltimore and Anne Arundel counties, were washed out, causing heavy losses to the farmers.

## Await Action Of Congress

**Department of State at Washington Will Not Discuss Panama Bill Yet.**

Washington, July 22.—A. M. Innes, British Charge de'Affaires, called at the State Department again on Saturday, but did not deliver the expected formal protest of Britain against the Panama bill. It is probable the Charge learned unofficially the sentiment of the State Department in this matter.

Its position appears to be unanimously in support of the contention embodied in the pending bill, that the American Government has an undoubted right to favor its own ships, either by relieving them from the payment of tolls or refunding tolls collected, without violating the Hays-Pauncefote treaty.

It is recognized, however, that this is a subject that might fairly be made a diplomatic issue, and as the department has declined to enter into any such negotiations so long as the subject is under discussion before Congress, it is unlikely that it will commit itself to any formal statement of its position at this time.

Meadville, Pa., July 22.—W. W. Baxter, who received word yesterday that he had fallen heir to $250,000 through the death of a relative at Syracuse, N. Y., dropped dead in the street here to-day.

# SUFFRAGETTE OUTRAGES CAUSE GRAVE TROUBLES

### Scotland Yard Has Much Worry Guarding Ministers, Who are Themselves Nerve-racked.

### HOSTESSES VICTIMS OF KEENEST ANXIETY

### Prime Minister Again Object of Attempted Assault—Vigorous Press Comments.

London, July 22.—"The suffragette movement is becoming purely a criminal one, and as such it will, of course, perish of its own perversity, but it is time to ask who is paying for this campaign of outrage and who organizes it."

The foregoing extract from an article in The Nation is based on the outrage of which Premier and Mrs. Asquith were the subjects on their arrival in Dublin, when a hatchet was thrown at their carriage.

This was only one of a long series of attempts by suffragettes to advance their cause by violence. Mr. Asquith is evidently a particular object of suffragette attack. Two weeks ago he was to be entertained by the National Liberal Club, but the meeting was countermanded because the police had obtained information that the Premier would be exposed to serious danger if he attended the gathering, as at the club in question it would be manifestly impossible to exclude all suspected persons.

The arrangements for his journey to Dublin had to be changed at the last moment so as to circumvent the plans of his would-be feminine assailants. Instead of taking the London & Northwestern train to Holyhead he travelled by another line to a provincial town, whence he motored to a steamer from which all ordinary passengers were excluded.

### GUARDING MINISTERS SERIOUS BUSINESS.

Dublin dispatches show that the suffragettes, balked in England determined to continue their persecution of the Premier in Ireland. Four Englishwomen were arrested in the Irish capital after the hatchet throwing incident and the attempted incendiarism at the Theatre Royal, in which the Premier was to speak. One report says that the police discovered in the lodgings taken by the women a quantity of gunpowder, petroleum, and other inflammable substances.

The task of guarding the Premier and Cabinet Ministers has become a serious question for Scotland Yard. Not since the days of the Fenian outrages have so many detectives been required to shadow political personages, and, according to one Conservative paper, "It is common knowledge that these incessant attacks and the police serveillance that is necessary are seriously affecting the nerves of the members of the Cabinet. At any moment they know that they may be the subject of possibly dangerous assaults and that their wives and families may be the victims of suffragettes' attentions."

Premier Asquith's iron nerve is said to be shaken and the result upon his health is beginning to give his friends some anxiety. Even Mr. Lloyd George, who has faced many disquieting situations nonchalantly enough, is showing signs of nervousness.

No function at which Ministers are to appear takes place without a special mobilization of the detective and police force. Guests at the Royal garden party at Windsor Castle were required to present cards of invitation before being admitted to the grounds, and even at the State Ball at Buckingham Palace special precautions were taken to prevent the entry of a possible disturber.

### HOSTESSES PREY TO INTENSE ANXIETY.

Political hostesses suffer intense anxiety, and the number of parties of the kind has been considerably reduced of late on account of the suffragette reign of terror.

The attempt to set fire to Nuneham House, the historic residence of the Harcourts, was a most striking move in the campaign of intimidation by arson. Helen Cragg's companion has not yet been discovered, but an extensive search of the park led to the finding of certain articles, among them a back hair comb, which the police regard as clues.

Prior to that, however, an attempt was made to set fire to the house occupied by the Minister of Education, Mr. Pease, and then Mr. Hobhouse's house was attacked, while, finally came the report that a bomb had been found in the Home Secretary's office.

An official denial was given to this last report as soon as it was published, and on Saturday Mr. McKenna informed Lord Wolmer, in reply to a question in the House of Commons, that the police had no information regarding the reported discovery of a bomb in his study. The story, he suggested, might have been derived from the fact that a housemaid while dusting the room had found two small vessels containing an inflammable but non-explosive mixture. Whether they were placed there with serious intentions of arson he was unable to say.

In any case, since the discovery of the so-called "bomb," a constable has been on special duty at the private door leading from the Home Office to the Foreign Office quadrangle, through which door, it is supposed entry was obtained to Mr. McKenna's study.

### MINISTERS AGING UNDER THE SHOCK.

Mr. McKenna had a personal experience with suffragette methods on Thursday afternoon, when he was violently shaken by a woman, who approached him from behind and caught hold of him before he observed her. The Home Secretary preserved his usual unruffled demeanor.

One Cabinet Minister, who is said on excellent authority, to be suffering seriously from the shock of a suffragette attack, is Augustine Birrell. Since the Home Secretary for Ireland was assaulted in Hyde Park by a woman, who proclaimed herself to be a suffragette, he has aged perceptibly.

Suffragette attacks on Premier Asquith were renewed on Saturday.

As the Premier was motoring from Chester station to the Town Hall, a woman broke through the police cordon and threw a bag of flour in the direction of the Premier. Her aim, fortunately, was bad, and the novel missile fell harmlessly in the roadway.

The suffragette was immediately arrested and amid applause was marched struggling to the police station.

### SYLVIA PANKHURST IN TROUBLE AGAIN.

Special to The Montreal Star.

London, July 22.—A suffragette demonstration in Finsbury Park, organized yesterday afternoon, by Sylvia Pankhurst, the younger of the two daughters of Mrs. Emmeline Pankhurst, ended in a riot. Ten thousand persons surrounded the four platforms from which addresses were made.

It was obvious from the very outset that a majority of those in attendance were hostile to the cause. The insistence of the women orators in continuing their speeches in defiance of the hooting and cheering and singing generally aroused the anger of the crowd, and what was clearly scuffling at first, led finally to fighting.

The police were helpless at first and were reinforced, but not in sufficient numbers. The people were thrown down in successive rushes, and many women and children were with difficulty rescued from being trampled under the feet of the mob.

The speeches of the women could not be heard.

## CARRY WATER IN PAILS IN METROPOLITAN MONTREAL.

Three hundred families in St. Denis Ward are still depending on dirty well water, utterly unfit for human consumption, and which in many cases has to be carried more than half a mile. The upper photograph shows women going for the day's supply, and the lower one shows a woman trying to wash clothes in the black and dirty water.

# SIX TRAGIC DEATHS MARK THE WEEK-END IN TORONTO

### Former Foundry President Shoots Himself—A Sixty-Foot Fall.

Special to The Montreal Star.

Toronto, July 22.—Toronto and vicinity were the scene of six tragic deaths on Saturday and Sunday, John T. Sheridan, former president of the Peas Foundry Company, shot himself through the brain.

Basil Collins, eleven years old, was smothered in a hole near his home in the east end.

George Symes was found dead on the railway tracks near Simcoe street, and foul play is suspected.

Dominic Neffi, an Italian, died of injuries received when a hand-car was struck by a train at Streetsville.

George Merriman was suffocated by falling into a shaving chute.

Earl B. Licht, a hydro-electric lineman, was fatally injured by a sixty foot fall near Oakville.

### This Relationship is Mixed.

London, July 22.—A young Frenchwoman by marrying her grand uncle has become the sister-in-law of her grandmother and the aunt of her own mother.

# DOCTORS BREAK FROM BRITISH INSURANCE ACT

### Mr. Lloyd George's New Measure Receives Its Hardest Blow.

New York, July 22.—A London cable says:—

One of the hardest blows at Lloyd George's new Insurance Act was delivered on Saturday at the meeting of the British Medical Association, the delegates to which represent the entire medical profession throughout 200 divisions.

The Chancellor has been negotiating with the doctors in reference to the administration of medical benefits under the Act, offering them six shillings for each insured person per annum. The Doctors at first demanded half-a-guinea, but subsequently reduced this to 8s. 6d.

The meeting on Saturday carried by a large majority, amid scenes of enthusiasm, a resolution to break off negotiations with the Chancellor. The recommendation needs confirmation by a later meeting, which seems likely to be given.

### CHANCELLOR MUST MAKE NEW DECISION.

The Chancellor will thus be left to decide whether he will start a State medical service or leave each local insurance committee to come to terms with physicians, or do what the Act provides, namely, return six shillings to each insured contributor who makes his own arrangements for medical attendance.

The members of the British Medical Association declare that they feel no anxiety regarding the threat that the insurance commissioners would ignore the association and appeal to local practitioners.

They say that any doctor, who, in face of the Association's decision accepted "black leg" rates would be treated as a "black leg," and would be ostracized socially and have his name removed from all respectable medical bodies.

### MANY BATH TUBS NON TO BATHE IN.

#### Enamellers Strike Because Company Won't Provide Baths.

Pittsburg, July 22.—Because there is not a bath tub in which to wash after working at the hot furnaces, where they make 600 tubs every day, 120 enamellers at the North Side plant of the Standard Sanitary Manufacturing Company walked out.

They declare the company promised more than a month ago, when the extremely warm weather began, to install tubs and showers so that at the end of the day the employes could put themselves in fit condition to travel home on the street cars.

The strikers are demanding a slight increase in wages and ask that the bath tub trust furnish them with water that is fit to drink. The waer, they say, is hot when it comes from the pipes and the corporation will not supply ice.

### TO PROVE DIABETES CURABLE

On Monday, May 6th, 1912, the San Francisco Examiner and Bulletin published an offer that is unique in history, as follows:

"To show that the preparation, containing opium which locks up secretions, used so much in Diabetes (Codein) is wrong and that Fulton's Diabetic Compound, which contains no opium or sedatives but promotes secretions, is right, we will say that if four physicians of good standing in this city will send us a Diabetic between fifty and seventy years of age, strong enough to call at our office, who shows high specific gravity thirst and a large quantity of sugar, with a letter signed by them showing the above, we will retire the Codein* and with this mild infusion to help the liver oxidize the sugars and starches will attempt to return him in sixty days with half of the sugar eliminated and specific gravity half way back to the normal with thirst and symptoms largely reduced and on the road to recovery. If we fail we will publish the fact, if we succeed the physicians to acknowledge it. We want a worthy reliable patient whom we can both trust. This offer is not in the nature of a contest, but to demonstrate that life can be prolonged or recoveries had in many cases of Diabetes that are now dying under codein."

Dr. Leduc's Drug Store is agent for Fulton's Diabetic Compound. Ask for pamphlet or write to John J. Fulton Company, San Francisco.

* Where patients are addicted to Codein (contains opium), it is often necessary to give a non-habit forming sedative for a while.

# PROGRESSIVES OF MICHIGAN LEAVE REPUBLICAN PARTY

### They Favor Adopting An Entirely New State and National Ticket.

Jackson, Mich., July 22.—Michigan progressives divorced themselves absolutely from the Republican party in their state convention here on Saturday. By almost a unanimous vote the delegates went on record as favoring the placing of an entire ticket, both state and national, in the field. A few instructed delegates voted against the move in order to record the sentiment of their home counties, but explained to the convention that they personally were for separation from the old party.

Senator Dixon told the convention that Col. Roosevelt wanted a full state ticket and after that it was all over but the shouting. The shouting, however, required much time, for the convention was as enthusiastic as the thousand or more delegates and a brass band could make it.

### DEMOCRATS WISH WILSON WELL.

Sea Girt, N.J., July 22.—Champ Clark, Speaker of the House, led his caravan of followers a tortuous way along the dusty roads of Sea Girt to Governor Wilson's summer home here They came, 116 strong, from the House of Representatives in a special train from Washington to shake hands with the nominee and bid him God speed for the presidency. It was the first time in the history of the United States the Democrats or Republicans, in Congress had quit their work to dash across the country and hail the party standard bearer.

### POINTS LINE FOR CURE OF CANCER.

Special to The Montreal Star.

Berlin, July 22.—Professor Neuburg and Caspary have made a report to the Berlin Medical Society in regard to experiments on malignant tumors in animals by a subcutaneous injection of organic combinations of metals, especially gold, silver, copper, lead, platinum, cobalt and mercury.

This was not successful; the professors thereupon tried the direct introduction of the cure into the veins. In this way they succeeded in causing complete disintegration and the re-absorption of malignant tumors in rats, mice and dogs.

The professors carefully warn that the treatment is not necessarily applicable to human cancer, but they say it may point out a line along which a cure may be discovered.

## THE PANAMA AFFAIR.

IT is intimated from Washington that the British "note" regarding the Panama Canal, which was intended to be merely a friendly query put informally while the American position was yet under discussion, will not be accepted in that spirit. The State Department, we are told, fully endorses the proposed legislation now before Congress, and so will insist that any British protest be fyled formally after such action has been finally taken. That such a protest will come, no one can doubt. The British Government is doing no more than protecting the rights of its subjects and inviting the American Government to live up to the terms of its own Treaty. But it is unfortunate that it must take the form of a formal diplomatic issue which will lead to much discussion, and finally to The Hague.

The point at issue will be whether or not the Panama Canal is a domestic American ditch. If the American contention stands, then the Hay-Pauncefote Treaty was not an instrument affecting chiefly the relations of its two signatories to this Canal, but was a guarantee given by the United States to Britain that the former nation would not extend more favorable terms to any other Power than it did to the British Empire, when, if anything, it was the reverse that was likely to happen. Just why the British Government should have bothered to get such a treaty written, is not clear. No other Government seems to have troubled its head about the matter. Britain appears, in such an event, to have taken on its shoulders the burden of the whole world, and begged the United States to declare that it would not treat Britain more favorably than—say—Germany. If the British Government did this, it is either the most unselfish and philanthropic organization in existence, or it "fooled itself" nicely on that occasion.

But it is plain enough what the British Government thought it was doing. It thought that it was getting equal treatment for its ships in relation to all vessels using the Canal, American or what not. And it looks now as if The Hague tribunal would have to decide whether it succeeded in writing this intention into the Treaty. It is unfortunate that the Americans have not received the British preliminary informal advances in the same friendly spirit with which they were made, and it will be still more unfortunate if they go on record as caring nothing for the obvious meaning of a solemn Treaty to which they have put their hands.

## PRESIDENTIAL PROBABILITIES.

CHAUNCEY DEPEW has been talking in Paris about the Presidential probabilities. He says that it now looks like Wilson; but that, after three months debate, he is confident that it will look like Taft. Roosevelt is an unmeasured force, and will remain so until the Progressive Convention shows how much strength there is behind him. This sounds like a fair reading of the signs of the times from a Republican point of view. If the Americans were to vote to-day, there is hardly a doubt that they would elect Wilson. That Taft can make any headway against this feeling alone, few will imagine; but a Roosevelt campaign may easily introduce scenes of startling chankes, and it is quite possible that the "stand pat" elements may gather about Taft as the only man at all likely to decisively beat Roosevelt.

It depends upon the swing of opinion. Wilson will go into the fight practically certain of the South. Roosevelt's threatened invasion of that Democratic "preserve" certainly does not look promising yet. Taft, on his side, will be wholly certain of very little territory; for, even in the East, it will be quite possible for the Roosevelt candidature to creep in between the regular Republican and Democratic tickets, and capture a plurality of votes. In all the Eastern States except New York and New Jersey, it will probably look like Taft first and Wilson second, with Roosevelt the doubtful factor. Now, if Roosevelt threatens to poll a larger vote than Taft in this three-cornered division, we may easily see the Gold Democrats swinging to Taft to make sure of Roosevelt's defeat. Should this movement gain headway, it will turn Wilson out of the East entirely.

In the West, they will hardly know that Taft is running. It will be Wilson vs. Roosevelt. And again we may see a practical alliance between the two old parties, the "stand pat" Republicans voting for Wilson. Still, if Roosevelt does not look like a fairly sure victor in this district, his candidature will be eliminated. If we grant him the West, then we shall have Wilson in the South, Taft in the East, and Roosevelt in the West, with the Middle West as the real battleground.

Here the working together of the Taft and Wilson parties in the East and the West will help Roosevelt, and no man can predict the result. But it may easily be—as we have said—that the fact that Taft is the only candidate who can hope to win against Roosevelt in these States, will make him the rallying centre of the anti-Roosevelt elements. That is the same conjunction of events which nominated him in Chicago might possibly elect him next autumn.

It ought not to be forgotten that, if Roosevelt goes into the campaign with any serious organization at all behind him, he will immediately become the paramount issue. It will be a fight for and against Roosevelt. He may talk about "the high cost of living" or what he pleases, but the question before the people of the United States will be whether they want "Teddy" for President badly enough to break with their old party affiliations for his "sweet sake." That is his power. He can focus public attention upon himself. And it is all very well to say that the American people are weary of him and that he will be "kicked to death by the mobs' million feet", but that was precisely what his opponents said when he started without friends to run for the Republican nomination, and yet when the "mob" came to do its "kicking to death," it was not the form of Roosevelt which lay on the ground. He rode triumphant until the "machine" met him at Chicago. In a Presidential election, the "machine" will not have the counting of the ballots.

## "HATE" VS. SELF-INTEREST.

THE coming together of Russia and Japan is the most natural thing in the world; but it strikes those who imagine that nations indulge in the luxuries of "love" and "hate" somewhat oddly. A very few years ago, these two nations were locked in the deadliest struggle of modern times. Russians were shooting down Japanese and Japanese were shooting down Russians; and the plains of Manchuria and the trenches about Port Arthur ran red with their blood. One might expect that a national "hate" would survive, and that these two nations could not come together for a generation. But we now have the decisive proof of an object lesson that they have wasted no time in "hate"; they are each thinking of what will best serve their interests in the future.

So it is with all nations. Inflammatory references to the past which arouse feelings of international "hate," are usually coolly calculated devices by the intelligent few to stir the passions of the careless many in the direction which the future interest of the nation requires that they should march. Wise statesmen let "the dead past bury its dead." They are not inheritors of "hate"; they are architects of hope. We have an evidence of this in the Franco-British "entente." In our school days, we were taught that France and Britain were "historic enemies"; and this, in spite of the patent fact that they had just recently fought as allies against Russia in the Crimean War. Canada is full of mementoes of that occasion. We not only have Russian guns; but we have Alma and Inkerman and Sebastopol streets—and we have the Tricolor, which gained its great popularity among our French people on that occasion.

It may be said that a "hate" exists between France and Germany as a result of the Franco-Prussian War. But obviously this is a "hate" which looks to the future and not to the past. It would speedily disappear if France gave up hope of recovering her "lost Provinces," and found her future interest to lie in an alliance with Germany. Sadowa antedated Sedan by only four years; and yet there is no Austro-German "hate." There is, instead, an Austro-German Alliance. The Continent of Europe is full of forgiven battlefields. Italy has forgiven both her French and her Austrian enemies. Russia has forgiven Moscow. France has forgiven the occupation of Paris by the Allies. Spain has forgiven the Peninsula War. Belgium has forgiven Waterloo. Future self-interest beats religion "all hollow" as a practical teacher of forgiveness of enemies.

We should keep this fact in mind in considering the possible combinations on the Continent of Europe and elsewhere. We will be deceived if we look at the past. There are no "impossible" alliances. If we make it to the interest of any two Powers to get together, together they will get, forgetting all "historic hates" and vindictive memories. Some superficial critics depend upon "hate" to keep France away from Germany. We had better far rely on self-interest, and make it abundantly plain that France has more to gain from an understanding with the British Empire than with the German Kaiser. Others say that we should not work with Russia because Russia is an autocracy. We are not working with Russia for Russia's sake or to preserve Russian institutions, or to extend Russian rule. We are working with Russia for our own sake, to preserve our own free institutions and to defend British liberties. Sentiment plays but little part between nations. Self-interest is the ruling force.

---

The death of Andrew Lang robs English letters of one of its keenest and yet kindest critics, as well as one of its most finished workmen. Andrew Lang was a writer who ever discussed subjects after the fullest study of all information available touching them. He was not a superficial critic; he was a profound student who produced criticism as a by-product. We have too little of that sort of tonic in our letters—especially in this country—and the shrewd Scotchman will be seriously missed.

---

It seems that the Dardanelles were attacked after all, in spite of denials and scepticism. A fleet of Italian torpedo boats appear to have tried to run them. What they would have done in the Sea of Marmora can only be conjectured. There are supposed to be several Turkish war vessels there of sufficient weight to deal with a torpedo boat squadron. Could they have arrived off Stamboul in safety, however, they might have compelled the Turkish Government, in its present divided state, to yield. But the Dardanelles forts were awake, even if their gunnery seems to have been "wide."

### "Sacred Obligations."

Henry Clews—"The sooner Congress adjourns the better. We have had a further illustration of its inclination to mischief by its unsound attitude on the Panama Canal. The Hay-Pauncefote treaty was a mutual agreement in which we freely consented to allow all nations to use the canal on equal terms. International treaties are sacred obligations, not to be broken for trifles or special interests. This treaty was a price we gladly paid for absolute control and ownership. It is also similar to the arrangement which has long existed between Great Britain and ourselves regarding the use of the Canadian canals. Once upon a time the Canadians chafed under a similar circumstance and sought preferential treatment for Canadian commerce on her own waterways much as we have attempted lately. We protested and Great Britain very promptly recognized the justice of equal terms to all users and the necessity of keeping the treaty terms. The rule which we insisted upon at that time we must be prepared to accept to-day. Repudiation of a treaty on such light grounds is unthinkable, by a self-respecting nation."

### The Difference.

Toronto Mail and Empire—"The difference between Mr. Borden's sledas of naval policy and those of Sir Wilfrid Laurier springs from a difference of standpoint towards the Empire. With Mr. Bodren it is an axiom that the Empire is a unit, and eh accepts all that is involved in looking upon the odminions a sintegarl patrs of teh Empire. Sir Wilfrid Laurier does not subscribe unreservedly to the view that the Empire is an indivisible whole. It is doubtful if eh would admit that there is a residum of subjects of high politics in respect to which the Mother Country and the dominions ought to enter into a permanent pact to take counsel together and act together."

### Honor Among Nations.

Evening Press, Grand Rapids, Mich.—"Above this, however, there is the question of honor among nations. We may be right in our contention or we may be wrong. In the eyes of the world we are playing sharp tactics. Do we wish to face the charge of bad faith by taking advantage of a technicality?"

### We Have to Pay.

Toronto Mail and Empire—Whether Britain's note regarding the Panama Canal was inspired by the railroads is an unimportant detail. Citizens who will pay the freight rates are those most concerned in having the canal operated on a basis of equality to all nations.

SWATTING flies, while a highly commendable operation, is not conducive to a good batting average, and should be avoided by baseball players.

## ALLEGED BURGLARS ESCAPE AND ROBBERY FOLLOWS.

### Believed That Three Men Arrested in Montreal, Robbed Valleyfield Jewelry Saturday.

What appears to be a clean-get-away from the Valleyfield jail, has been effected by the three young men who were arrested here some time ago by Sergeant Deserres, charged with burglary, in connection with the robbery of a jewellery store in Huntingdon.

Albert House, Henri Cote, and Louis Zemmar, are the men, and more than $2,000 worth of jewellery was recovered on their person when they were apprehended.

A few hours after the men had escaped from the jail on Saturday night, an identical robbery to the one for which they had been arrested was committed in Valleyfield, when the jewellery store of Mr. E. Lanlel was ransacked, several hundred dollars worth of jewellery being pilfered.

## BOATS STOLEN FROM MOORINGS AT LACHINE.

### Three Motor Crafts Taken in Two Days by Daring Boat Thieves.

Daring and expert boat thieves have been at work at Lachine of late, and have succeeded in carrying off a number of valuable boats.

The most recent sufferer is Mr. Charles Marsh, 756 University street, who had a new and valuable boat stolen Saturday afternoon. At midday, Mr. Marsh left his boat, the "Madge M" in Donast's boat house at Lachine. When he returned at 2 o'clock, the boat had disappeared, and has not since been seen or heard of. The theft was the more daring as the propeller of the boat was out of order, and the craft must have been towed by another boat. On Friday two other motor boats were stolen.

All through the season, boats and gear have been disappearing from Lachine. The police are working on the cases.

## FROM THE STAR FILES THIRTY YEARS AGO TODAY

Mr. Campbell Lane.

"Among those who passed with distinction at the Bar examination for admission to practice held at Three Rivers was Mr. Campbell Lane, B.A., B.C.L., of this city, who graduated with a first class degree, and delivered the valedictory, that year entering the Law Faculty of McGill. He became president of the law students of that college, and graduated in law a year ago, winning the prize for the thesis and obtaining first rank honors."—From The Montreal Star, July 22nd, 1882.

Mr. Campbell Lane is in every way a Montreal man, educated at the High School and McGill. He gained both popularity and experience from his contact with his fellow-men, and is highly esteemed by both the French and English-Canadians, regardless of politics. His perfect knowledge of the French language called for a high trobute from the Bench, when he had argued a case wholly in French. In youth he found time to be a good football player.

"For the past four or five years the Thompson Steamship Line has run a steamship from the Mediterranean direct to Montreal, with a cargo of fruit. The trade has increased to such an extent that the company will have to put on two of their largest vessels this fall."—From The Montreal Star, July 22nd, 1882.

"The navigation of the Gulf is as yet far from being free from danger through the ice. Captain Battersby, of the Ross Line steamship Ocean King, which arrived in port this morning, states that he saw a great deal of heavy ice off the eastern edge of Newfoundland Banks. He encountered a number of ice bergs about Cape Race, and saw several between Cape Race and Cape St. Mary."—From The Montreal Star, July 22, 1882.

"Among the army corps under orders for active service in Egypt are the 1st Battalion South Staffordshire Regiment, now in Malta; 1st Battalion Cameron Highlanders, in Gibraltar; 72nd Highlanders, in India. Lieutenants Seers and Trees, graduates of the Royal Military College, are, in the first-named regiment; Major Ridout and Lieut. Wise in the second, and Lieut. Hogan in the last."—From The Montreal Star, July 22nd, 1882.

"A special meeting of the directors of the South Shore Railway Company was held yesterday afternoon, Mr. Thomas Wilson in the chair. There was a large attendance of directors, amongst others present being Messrs. B. Globensky, P. S. Murphy, Joseph Simard, C. O. Perrault, Robert Watson, F. X. Archambault, J. B. Renaud, L. A. Roberge, and A. C. Wurtele. After some matters of minor importance had been disposed of, it was resolved to authorize the president to proceed immediately with the construction of the line from Huntingdon to Longueuil."—From The Montreal Star, July 22nd, 1882.

It must be borne in mind that thirty years ago the St. Lawrence Tunnel, which was to admit this railway to Montreal, was a live subject and elaborate plans and soundings had been made.

## AIRDOME OPENS SOON.

### Amusement Park Was to Have Been Opened To-day; Will Open Thursday.

Montreal's new uptown amusement park, The Airdome, on Phillips Square, will be opened to the public on Thursday of this week, when everything will be in readiness to put on the attractive programme the promoters have announced.

To-day had been set as the opening day but, although the carpenters and those employed in transforming the grounds from an orchard to a modern place of amusement had about completed their work, it was thought advisable to postpone the opening until Thursday in order to give the finishing touches to the new park.

### Lusitania Passenger Arrested.

Fishguard, July 22.—Emile Leon Sobler, a passenger on board the Cunard liner Lusitania, was arrested on the vessel's arrival here at a quarter to ten this morning, on the charge of alleged extensive frauds in America.

## IT IS SAID THAT CZAR'S NAVY PLAN WORRIES GERMANY

### Explanation of Proposed Expenditure of $800,000,000 is Hardly Satisfactory.

Berlin, July 22.—Germany is not at all satisfied with Russian explanations of the proposed expenditure of $800,000,000 in restoring the Muscovite navy. While the appropriation is to be spread over five years, the gigantic sum is considered in Berlin to exhibit a haste in naval preparedness inconsistent with Russian professions or desires for world peace.

An official of the Foreign Office says:

"From a military standpoint the rise of such a colossal naval power in the Baltic cannot, of course, be overlooked. From the German standpoint, however, it must be remembered that relations between the Germans and Russian empires have been continuously good and appear to be based on mutual confidence. It is, indeed, within the range of possibility that they will take still more positive form in the future.

"The Russian fleet is only in the first stages of its restoration. When it is completed the international situation may be such that Russia, strong at sea, will be useful and desirable for Germany. No matter what the future may bring forth, we shall, as before, allow anxiety over foreign naval expansion to be 'the traditional specialty of the English.'"

### Girl Ruler Popular.

The grand duchy of Luxemburg is wildly enthusiastic over its young woman ruler, Maria Adelaide, who has just attained her official majority, and taken the oath of office, formally assuming sovereignty. In ascending her throne, Grand Duchess Maria Adelaide delivered a womanly woman's speech. She promised to be kind, benevolent and accessible, and added:

"That social peace, which is so ardently desired, has remained up to the present an elusive ideal. Must we not pursue the work of approachment and solidarity? May we not hope that the action, slow but sure, of the eternal laws of justice will give us conciliation and appeasement?" The Grand Duchess promised to reign for the people and with them. She afterwards drove through the streets of the city to the palace, and was received with delirious cheers.

## Only Fifteen And She Voted

### A Stir in a California Court When Lillian Spoke.

Los Angeles, Cal., July 22.—There was a stir in Justice Summerfield's court, when Lillian Handy, asserting that she was only 15 years old, admitted to Deputy District Attorney Graham that she had registered to vote at the last election.

"Do you mean to say you swore falsely as to your age?" demanded the court. "I did not swear at all," was the answer. "The woman who registered me was working for the Socialist party. I was a patient at the County Hospital. She said all I need do was to sign my name to a blank, and I did so."

Mr. Graham produced the affidavit, which was brought into court from the Registration Bureau. He submitted it to Justice Summerfield, who ordered a thorough investigation.

### NEW GAS-ELECTRIC CAR.

A new 90-horse-power gas-electric passenger coach just placed in service on the Great Central Railway in England has fulfilled every expectation as regards performance, reliability and easy riding. A six-cylinder, four-cycle engine is flexibly coupled to a shunt wound generator which supplies current to the car motors, giving a speed of 45 miles per hour, and one man is sufficient to operate the car. A separate gasoline engine driven set drives a vacuum exhauster for the air brakes and a generator supplying current for lighting the car.

## CALIFORNIA CONVICTS TO WEAR GRADED CLOTHING

### Civilian Dress and Cadet Uniform Ordered for First and Second Class.

San Quentin, July 22.—The division of convicts into three grades, according to their records, and the probable clothing of the highest grade in civilian dress, constitutes one of the innovations decided on by the board of prison directors at a late session last evening. It also was decided to erect a plant for manufacturing woolen goods, including cloth and blankets, for the state institutions. Out of 63 applications 43 immediate and 10 future date paroles were granted. The clothing of the first grade convicts has not been finally decided.

Second grade convicts will wear cadet uniforms, while the third or hopeless grade will wear the striped uniforms of the present pattern. The committee on uniforming, consisting of Chairman D. M. Duffy and Directors Charles Neumiller and W. R. Porter, hopes to have 800 of the first grade convicts uniformed and segregated in the new building by September 1.

There are 1,936 prisoners crowded in the old cell buildings. Of the 1,600 individual cell buildings, for which ground was broken in 1906, a wing containing 300 cells has been completed and will be ready for occupancy August 30. The cells have electric lights and sanitary conveniences. A high hill was removed to make room for the building.

A one story, reinforced concrete, cold storage and ice making plant is to be built. The plans will be prepared by the state engineer.

Warden Hoyle reported that the women's ward had been thoroughly renovated, new beds replacing the old. Sanitary conveniences have been installed. The full board was present at last night's meeting.

### Cut Off the Supplies.

To the Editor of The Montreal Star.

Sir,—In last night's Star, you suggest that the supplies which feed the army of flies should be cut off. Your suggestion is a wise one. In some of the better residential parts of Montreal the garbage barrels in the lanes are left uncovered, and the odors arising from them are fever-breeding. This is especially noticeable in the humid early morning air. One can imagine the feast that the house flies and blue-bottles are having, and the "germs" that adhere to their feet to be carried abroad during the day.

# SWEARS CAPTAIN OF THE TITANIC IS STILL ALIVE

**Shipmate of White Star Commander Declares He Met Him in Baltimore.**

**CAPTAIN PURCHASES TICKET FOR WASHINGTON**

**Wealthy Retired Mariner, Who Tells the Story, is Declared to Be Quite Sane.**

Special to The Montreal Star.

Baltimore, Md., July 22—Peter Pryal, a wealthy retired mariner of this city, declared sane by his physician, and an active church member, swore to-day that he saw and talked with Captain Smith, of the Titanic, on Thursday morning.

Pryal, was a shipmate and close friend of Captain Smith for seventeen years. Last Wednesday morning the mariner swears he saw the commander of the Titanic approaching him. Pryal went up to the man and spoke to him, but received no reply. Pryal determined to visit the same spot the following day and stood on the corner for almost an hour, when finally, to his astonishment he saw the same man approaching him.

### "CAPTAIN SMITH, HOW ARE YOU?"

Walking up to him, he said: "Captain Smith, how are you?"

Then, according to Mr. Pryal the man answered: "Very well, Pryal, but please don't delay me. I am on business."

Pryal, without realizing what he was doing followed the man for a long distance through the city. The chase ended at a railroad station where he purchased a ticket for Washington. As he passed through the gates to board the car, he turned to Pryal, and said: "Be good, shipmate, until we meet again."

Trembling from head to foot, Pryal returned to his home, and related his experience to his wife who had laughed at him when he told her he had seen Smith the first time.

His condition grew so serious that a physician was summoned, who declared that he was suffering from some violent nervous shock. He added that he was ready to swear that Pryal was absolutely sane.

### MARINER HAS GOOD REPUTATION.

The mariner has a reputation among church workers, is a total abstainer, and swears he is telling the truth. He says Smith was probably saved through Providence, and was then afraid to face the world.

Capt. Smith's nephew lives in Baltimore, but no one has seen him for several days.

### PRESIDENTIAL CANDIDATES FOR SAME PLATFORM.

**Taft and Wilson Will Address American Road Congress.**

Atlantic City, N.J., July 22.—President Taft and Governor Wilson, the respective candidates of the Republican and Democrat parties are to be on the same platform and make speeches in Atlantic City some time between September 30 and October 5, according to an announcement made by the American Road Congress representing fifty associations which is to be in session between these dates. Both accepted invitations to address the Congress before they were nominated, an dthe addresses wil be nonpolitical.

### WEST SEEKING 25,000 MEN TO HANDLE BUMPER CROP.

**Plan to Recruit Harvesting Labor from Eastern Canada.**

Regina, Sask., July 22.—Government labor leaders here estimate that 25,000 men will be required to handle this year's bumper crop. They are laying plans to get this number from Eastern Canada. Last year this plan was followed, with immense success, and for 1912 it is intended to duplicate where possible. Tom Malloy, head of the labor branch, and A. Frank Mantle, deputy minister of agriculture, have the matter in hand.

### GEN. FRENCH'S BROTHER-IN-LAW IS ASSASSINATED.

**Dismissed Gamekeeper Shot Him and Then Suicided.**

London, July 22. — E. H. Watts, a prominent land owner and brother-in-law of General Sir John French, chief of the Imperial General Staff, was assassinated yesterday by a dismissed gamekeeper, who shot him while walking home from church, near Newport-Pagnell, Buckinghamshire. The gamekeeper committed suicide.

### CLIMB LEADS TO DEATH.

**Quebec Boy Catches Live Wire, And Is Electrocuted.**

Quebec, July 22. — A young lad named Rosario Tremblay met with sudden death yesterday morning on the Dorchester bridge. The lad, about 17 years old, was walking with his father, when he told the latter he was going to climb one of the tall poles used for carrying the electric wires into the city.

The boy had ascended a certain height, when he was suddenly seen to relax his grasp and fall to the pavement of the bridge. When he was examined he was found to be dead. It is supposed that the boy caught a wire and was electrocuted.

**Vandal Caught in Act at Louvre.**

Paris, July 22.—An attendant at the Louvre yesterday caught a, young woman in the act of smearing a valuable painting by Boucher with red ink. Examined by the police, the woman gave the name of Delarue Frolaine and said she arrived from Brittany a few days ago. From the incoherent nature of her replies it is believed that she is not in the enjoyment of all her faculties. The picture was not seriously damaged and can be cleaned.

H.T.H. MUTSUHITO.

Emperor of Japan, who is reported recovering from dangerous illness.

## Mutsuhito is Better To-day

**Latest Bulletins Re Emperor of Japan Indicate Marked Improvement.**

Tokio, July 22.—The improvement in the condition of Mutsuhito, the Emperor of Japan, which set in this morning continued throughout the day. A bulletin issued by the Court physicians in attendance at five o'clock this evening says:

"Temperature 100.4 far., pulse 88; respiration 26. Digestion good. Improved conditions sustained."

A further bulletin issued by the Court physicians at half-past eight this evening says:

"Temperature 98.69; pulse 72, strong; respiration 24. Other symptoms improving."

### VIOLENT HANDSHAKE DISLOCATES SHOULDER.

Special to The Montreal Star.

Windsor, Ont., July 22.—George Windfield, a race-track man, met an old friend at the track here on Saturday, and they shook hands so enthusiastically that when the friend released his grip Windfield found that his shoulder had been dislocated, and the services of a physician were required to place the bone back in position.

### TWEFIK PASHA TO REMAIN AS AMBASSADOR IN LONDON.

**Demanded Dissolution of Chamber as Condition of Occupying Office.**

Constantinople, July 22. — Twefik Pasha, Turkish Ambassador at London who was appointed Grand Vizier, made the stipulation as a condition of his acceptance that the Chamber be dissolved. The Sultan declared that he was not willing to consent to such an unconstitutional action and appointed Ghazi Moukhtar Pasha Grand Vizier. Twefik Pasha will be retained as Ambassador.

Moukhtar Pasha formed the following Cabinet:

Nazim Pasha, Minister of War.
Hussein Hilmi, Justice.
Kiamil Pasha, oreign Affairs.
Ferid Pasha, Interior.
Zia Pasha, Finance.
Jemallendin Effendi, Sheik-Ul-Islam.

### SECOND STRIKE WEEK OPENS WITH ARRESTS.

**Woman Attempts to Rescue her Husband From the Police.**

New Bedford, Mass., July 22. — Two arrests marked the opening of the second week of the strike and lockout which has forced into idleness 13,000 operatives in twelve common cloth mills in this city.

Joseph Adamowicz, said to be a member of the Industrial Workers of the World, and his wife were taken into custody. Adamowicz was taken on a double charge, interference and carrying a dangerous weapon.

Mrs. Adamowicz, with a nine days' old infant in her arms, was arrested for interference after she had attempted to rescue her husband from the police. No other trouble was reported during the early morning.

### WILL SHIP AMERICAN TIMBER FROM QUEBEC.

**First Consignment Ever Made for England From Great Lakes.**

Special to The Montreal Star.

Detroit, Mich., July 22.—Hewn timber from Idaho for export to Liverpool by way of Quebec constitutes the cargoes which the Canadian steamer Simla and barge Berma are now bringing down the Lakes.

The timber was towed from Duluth, whence it came by rail, and is said to be the first shipment of that description ever made from the American head of the lakes.

### NEW CUSTOMS CRUISER.

**Government Call For Tenders for Boat to be Armed With Guns.**

**Arrest in St. Catharines Murder Case.**

Special to The Montreal Star.

St. Catharines, Ont., July 22.—The police last night, arrested Harry Bosovian, an Armenian, as a suspect for the murder of Tarpimian, another Armenian, a week ago. Bosovian, it has just been learned, was out of bed before 5 o'lock on the day of the murder. He has been acting suspiciously of late. The Armenian arrested at Rochester is not Soloman Pilbosian, the man who disappeared immediately after the crime was committed.

**Midshipman's Last Climb.**

Annapolis, Md., July 22.—Midshipman William L. Bullock, a member of the fourth class, who entered the Naval Academy just six weeks ago, was killed on Saturday by falling from the mainmast of the Hartford, after he had accomplished the feat of climbing to the top of the mainmast of Farragut's old flagship and piercing his cap at the spike at the highest point.

## G. T. P. GET MANY FARMERS FROM ONTARIO.

**Over 8,500 Heads of Families Emigrate to the West.**

It was announced at the Grand Trunk offices to-day that the campaign which the company has for some time past been conducting in Ontario, with a view to getting 18,000 farmers from Ontario to settle in Western Canada is meeting with considerable success. Up to the present time no fewer than 8,500 heads of families have availed themselves of the opportunity thus prescribed to settle in Western Canada. They have been pretty well distributed over the three prairie provinces, the Peace River district, being slightly the more popular. Every one of these farmers had at least $500 in cash, and some of them considerably more.

## TENDERS CALLED FOR BIG GOVERNMENT WORKS.

**Contracts Calling for Expenditure of Five Million Dollars.**

Special to The Montreal Star.

Ottawa, July 22.—Government jobs aggregating four million dollars will be put up at tender this week. There are two big harbor works, one at Quebec and the other at Victoria, each costing two million dollars. The Quebec improvement consists of the construction of another large pier for ocean liners, along with sheds, and considerable dredging and filling.

Quebec, July 22.—The Allan SS. Victorian, Capt. Outram, which left here on Friday afternoon for Liverpool, passed through the Straits of Belle Isle yesterday. She is the first mail steamer to go through the Straits this season.

# MARRIAGE REFERENCE IN APPEAL

### Their Lordships Define Issue Sharply, Find Overlapping, Comment on it.

### MR. NESBITT'S VIEWS ARE NOT ACCEPTED WHOLLY

### Lord Halsbury and Lord Shaw Disinclined to Accept His Interpretation of Marriage.

(Canadian Associated Press.)

London, July 22.—The Privy Council Chamber at Whitehall, this morning, was the scene of the opening of the arguments in an appeal which will undoubtedly take foremost historic rank in the annals of Canada. The case was taken by the Government of Canada, as an appeal from the decision of the Supreme Court of Canada, the point at issue being as to whether the Canadian Parliament has power to pass such a bill as the one introduced by Mr. E. A. Lancaster, the Conservative member for Lincoln. The appeal will also cover the question of the legality or otherwise of certain mixed marriages, and, generally, will fix the responsibility on the Federal House or the Provincial Legislature for enacting legislation on the whole matter of marriage.

The Lord Chancellor, Lord Haldane, presided over the Privy Council and those associated with him were Lords Loreburn, Halsbury, MacNaghten, Atkinson, Shaw, and Chief Baron Tallas. Messrs. Nesbitt, Lafleur, and Geoffrey Lawrence appeared to argue questions for the Dominion; Messrs. Mignault and Hellmuth to argue other questions; Mr. R. E. Smith and Mr. A. Geoffrion, represented the Attorney-General of Quebec.

**REFERENCE TERMS ARE DEFINED.**

The Judical Committee sit unrobed, but counsel are robed. The Council Chamber is merely a large room like a private library. Their Lordships sit round a big table. Counsel take turns in addressing them from a sort of lectern. There is practically no provision made for the general public or for reporters, except the official stenographer.

Mr. Nesbitt opened with a formal recital of the grounds for the appeal. The first question for the Court was, he said, "Has the Parliament of Canada authority to enact in whole or in part the bill presented by Mr. Lancaster at the first session of the Twelfth Parliament of Canada?"

The Lord Chancellor—That was an Act entitled, "An act to amend the Marriage Act?"

Mr. Nesbitt—Yes, and the Bill provides the following amendment.

Mr. Nesbitt was citing the amendments in detail when Lord Shaw interviened with the remark:—

What the reference asks us to say is whether the provisions are all within the authority of Parliament, and if not, which one.

Mr. Nesbitt agreed, and proceeded to read Question 2:—"Does the law of Quebec render null and void, unless contracted before a Roman Catholic priest, a marriage, otherwise legally binding between (a) persons who are both Roman Catholics and (b) persons of whom one is a Roman Catholic.

The third question was, if A or B was answered in the affirmative, or both, has the Canadian Parliament authority to enact that existing or hereafter marriages are legal?

Counsel said that the Supreme Court judges opined that the prospective legislation was ultra vires.

**LORD SHAW SUGGESTS OVERLAPPING EXISTS.**

Lord Shaw said it occurred to him that there was overlapping. The retrospective part of the bill might be good as part of a scheme of concurrent legislation by Parliament and by the provincial Legislatures, confirming past marriages; and the prospective part, so far as possible, to make effective prohibitor.

"The religious test is very questionable, as leaving in doubt the civil statue of such persons," he said.

Mr. Nesbitt—The all-important point is that legislation touching the actual contract of marriage, as such, is within the exclusive power of the Dominion Parliament. We contend that the validity of a contract of marriage cannot be affected by any provincial legislation, which can only deal with the solemnization of marriage. Parties make their marriage. The validity of that marriage is the very basis of society.

On the third question, he proceeded, the judges had opined that Parliament had no power to enact such remedial legislation. His point was that once two persons agreed to live as man and wife, there was a marriage. The State could say that such a marriage would only be recognized if certain formalities were complied with. The formalities might vary, and they did vary; but what they were had nothing to do with building a contract.

In England, from the Saxon days onwards, some ceremonial had always attached to marriage. A marriage was solemnized in England, although it meant nothing more than a contract come to between A and B to live together, of which the ceremony was only the additional evidence. The parties having agreed to be husband and wife, were married and none the more married because the State where they lived said they must go through one or half-a-dozen legal forms in order to obtain the sanction of that State.

Lord Halsbury intimated that he thought the word "marriage" depended upon the context in which it was used. A and B might agree to get married, and go through a form of marriage, and yet not after all be man and wife.

Counsel thought that what Lord Halsbury had said was unquestionably true of divorce, but there was a difference between contracting and a dissolution of the marriage tie. A man was married or he was not. There was no half-way status. Yet, in divorce, the parties might merely separate or might be divorced without. They might marry again or be absolutely free.

Lord Shaw did not agree. It was true, he said, that a marriage could take place in a private home out there must be solemnization in some form.

Mr. Nesbitt submitted that the proper principle of the division between the jurisdiction of the Dominion and the province was that all questions relating to the contract of marriage itself, such as the capacity of the parties, the circumstances upon which the validity depended, and so forth, were within the exclusive jurisdiction of the Dominion Parliament, while the provincial power extended only to the regulation of the solemnization or the religious formalities by which the contract was to be authenticated or sanctified.

At this point the court adjourned.

Mr. Geoffrey Lawrence will follow later.

# GRANDDAUGHTER DOUBTS STORY OF TAYLOR FORTUNE

### Writes to the Mayor That She Thinks Somebody in His Dotage Imagined it.

There was a new development at the City Hall to-day in regard to the fortune of a million pounds sterling which it is reported that the late Rev. Dr. Taylor, who resided in Montreal for a number of years, has left to relations in Montreal. The Mayor received the following letter from the granddaughter of the deceased gentleman:—

"To the Mayor of Montreal.'

Dear Sir,—Have received papers and letters from several relatives and friends in Montreal, of the Taylor fortune waiting heirs. I am a daughter of Alexander Taylor, son of Wm. Taylor, D.D. We lived in grandpa's house, 179 Mansfield St. After his death until my father's death in 1881, when I was taken care of by Mrs. Agens MacDonald, (now dead) at 147 Metcalfe St., William Taylor (cousin Willie) boarded there the first years of his coming to Montreal from his father's home, then in Peterborough. I know no reason to believe there is any foundation for this fortune to be true, but would consider it very kind of you to notify me if you hear of any further particulars. My father-in-law thinks it rather probable, as the man has written to the Mayor. I think it may be some one in his dotage who thinks the money is there to be claimed, if I have written him, also cousin Willie, and will write after furnishing this to my father's cousins, the Drummonds, whom I have been in touch with since leaving Montreal.

"My elder sister, Mrs. M. M. Taylor is of the children's home.—Mrs. M. M. Taylor, 190 Somerset St., New Brunswick, New Jersey.

"My younger sister is a widow with four children in British Columbia.—Mrs. Agnes Smith, Royal Oak Road, MacKay, P. O., Britis Columbia.

"I remain, very truly, Elizabeth Adela Taylor Rolfe. Care of Mrs. Harvy M. Wolfe, Ottawa Park, Cape Elizabeth, Maine."

# SIX DOLLARS A FOOT FOR LAND ON DORCHESTER ST.

### Ex-Ald. Dandurand's Residence Has Been Sold for Apartment House Purposes.

The sale was announced to-day of the property situated at 800 Dorchester street, West, to Mr. O. Lamoureux, et al, for $140,000.00.

The property which was owned by Ex-Alderman C. H. Dandurand, and occupied as a residence by him, has a frontage on Dorchester Street of 163 1-2 feet, and a depth of 148 feet, making the total area 24,198 square feet and the purchase price equal to about $6.00 a square foot.

The purchasers will take possession of the property on September 15th and erect a ten storey apartment house consisting of eighty nine dwellings.

## GOOD WORK ON G.T.P. IN ROCKY MOUNTAINS

An excellent report of the progress of construction of the Grand Trunk Pacific in the Rocky Mountains was received at Grand Trunk headquarters to-day. It was stated that four thousand men are now at work west of Edmonton between the head of the steel and Fort George, and that rails will be laid for 143 miles west of Edmonton before the winter sets in. This will bring the line to the Fraser River.

A big cache is now being constructed at the Grand Canyon, with a capacity of between 3,000 and 4,000 tons. The supplies, which will be brought to this place by steamer, will enable work to be carried on all through the winter.

# POLICE HAVE NAMES OF MURDERERS

### Suspects in the Rosenthal Murder Case "Squeal" on the Gun Men.

### THEY BROKE DOWN UNDER THIRD DEGREE

### But District-Attorney Doubts the Evidence and Openly Blames Police for Crime.

New York, July 22.—A country-wide search for the slayers of Herman Rosenthal, the gambler, is on to-day. The names of the gun-men, who shot and killed the gambler, have become known to the police officials, through a grilling third degree, given several prisoners now in custody in connection with the case.

The band of gun-men that were engaged in the killing, after it had been carefully rehearsed in an uptown gambling house, are believed to have fled within a day or two, having become convinced that the "police system" will not be able to protect them.

Some of the East Side "characters" whom the detectives are searching for are "Lefty" Louis, a gun-man, "Whitey" Lewis, Harry Vallon, a gambler, Sam Schepps, a gangster, and "Itsky," another gangster.

Police Lieutenant Charles A. Becker, head of the "Strong Arm" squad, whom Rosenthal directly accused in sharing profits from gambling, was transferred to-day to an uptown precinct, where he will do desk duty.

The proceedings of the grand jury had to be postponed, on account of the illness of Mrs. Rosenthal, widow of the dead gambler.

**"BALD JACK" ROSE SAID TO HAVE "SQUEALED."**

There were reports this morning that "Bald Jack" Rose had "squealed" and that Commissioner Dougherty was in possession of all the names of those men who were in the "murder car." Dougherty has promised important arrests to-day, but further than that will not discuss the case. "Big Jack" Zelig, gun man and gang leader will surrender to-day, it was reported.

Detectives have learned enough of the case to admit that the gun-men were gathered on Monday and went to Weber's poker rooms, where the final arrangements for the killing of Rosenthal were perfected. Webber denies all knowledge of the shooting.

Plans to kill Rosenthal were laid on the excursion trip of the Sam Paul Association. Rosenthal had been talking too much. Some well known gunmen and black-jackers were with the excursion trip, and the detectives now know that "Bald Jack" Rose and "Bridgie" Webber were also on board the steamer.

Six men are now in custody in the Rosenthal case, one of whom is held as a material witness and five others charged with being impilcated in the crime. Oddly enough, Commissioner Dougherty says that not one of the men who killed the gambler is under arrest.

**DISTRICT ATTORNEY STILL BLAMES THE POLICE.**

District Attorney Whitman returned to the city to-day to take up the work with the Grand Jury in investigating the Rosenthal case, Lieut. Becker will be permitted to testify before the Grand Jury, provided he agrees to waive all immunity.

The public prosecutor makes no effort to hide his belief that the shadow of Becker rests upon the Rosenthal case, and in consequence will not subpoena him. Whitman takes the position that if Becker is as innocent as he says he is, he will seek to appear before the Grand Jury, waiving all immunity.

The Grand Jury will also take up the charges that the police profited from gambling houses by permitting them to run without molestation.

**NEW YORK'S GAMBLING JOINTS CLOSED TIGHT.**

Special to The Montreal Star.

New York, July 22.—The murder of Herman Rosenthal has given New York such a scouring and cleansing of crooks and gamblers as the city has not known for years. The town is really closed tightly, so far as the White Light and Downtown districts are concerned.

Even poker rooms, with "club" charters, which have never feared the police, are not running their games for the moment, and that is the last word for New York as a "closed town."

Nothing short of a revolution could wholly close down gambling on the East Side, where stiss and craps are the games usually played, and in outlying districts a number of "clubs" are still open for quiet play.

## TEMPERANCE CONVENTION.

**Mrs. Livingstone Speaks on Drink Evil at Knowlton Meeting.**

Knowlton, Que., July 22.—The annual convention of the Dominion Alliance opened here yesterday with every promise of success. Mrs. Deborah K. Livingstone, president of the Women's Christian Temperance Union of Rhode Island, U.S.A., made the "keynote speech," in the Methodist Church, in which she dealt with the liquor traffic as a hindrance to the kingdom of God.

The meeting was presided over by ex-Ald. Carter.

Mr. W. H. Goodwin declared that drink might lead Canada along the "merry way" that ends in destruction.

**King Edward Park Notes.**

The five boats which left King Edward (Racine) pier at quarter hour intervals handled the big crowd in splendid style.

The grand stand was brilliant in its new gay dress of national flags of the different countries in which the King Edward racegoers are most interested.

Many visitors from the United States, who are in Montreal sight-seeing were loud in their praise of the arrangements for the comfort of the patrons of the race course.

Manager "Sam" N. Holden is showing in certain tones just what can be accomplished on a half mile track.

Music on the boats allowed some lovers of dancing to add a bit of further enjoyment to the pleasant river trip to town.

Mr. J. T. R. Larandeau, the well-known French-Canadian financier, who has done so much to promote the high class racing at King Edward Park, is naturally one of the most pleased persons at the Ile Gros Bois course.

Captains Jacobs and Redmond are the raison d'etre for the uneasiness of "crooks" who might otherwise think that King Edward Park would be a good place to carry on their nefarious work. These two detectives are too well known for their alert work at other tracks to afford many shady "gentlemen" practice here.

John Boden, the associate judge in the stand, is being welcomed back to Montreal by a host of friends to whom he is well and favorably known.

Starter James Milton got some of the races off as if he was handling a set of human sprinters instead of a lot of high strung horses. Generally speaking the starts were good, which gives every person "a run for his money."

## Seeks Heartless Mother Here

**Brooklyn Man Wants News of Wife Who Deserted Dying Child.**

Leaving a 16 months' old baby at home with no one to care for it, Mrs. Louise Mercier, 623 Bleeker street, Brooklyn, disappeared from her home more than a month ago, and is believed to have come to Montreal.

Chief Carpenter this morning received a letter from the heart-broken husband asking him to try to locate his wife. He stated in his letter that she had formerly lived in Montreal, and that he had reason to believe she was at present employed in a store on Peel street. Inquiry, however, failed to disclose any trace of her.

The husband states in his letter that his baby is dying, and that he would like them to meet again before it is too late.

## Ald. Martin On War Path

**Incensed at Controllers for Not Expropriating Land.**

Ald. Martin got on the war path again to-day at a caucus of aldermen. He was incensed at the controllers because they would not report in favor of expropriating some land near Lafontaine Park. Their refusal was due to the contention that proprietors were asking the most fancy prices for their land. The threat was made by Ald. Martin that because of this stand of the controllers he would make it his business to block a number of reports when they came before Council from the controllers.

## ADULTERATING CIDER.

**Only Eight Samples Satisfy the Official Test at Ottawa.**

Special to The Montreal Star.

Ottawa, July 22.—That extensive adulteration is practiced in the manufacture of cider, is indicated in a report of the Inland Revenue Department to-day. Out of thirty-six samples sold as sweet cider, and analysis by the Department only eight met the requirements of the legal definition. Twenty-seven samples, out of thirty-three sold as hard cider were found to be genuine.

Mr. McGill, the analyst, says there is no justification for such terms as champagne cider, etc., as only the juice of apples may properly be so described.

# City's Huge Milk Supply

### Takes 32,000 Cows to Provide Milk For Montrealers.

According to figures completed by the Chief Food Inspector, it is shown that last year there came into the city no less than twenty-four million gallons of milk; or about a pint a day for every man, woman and child. Thirty two thousand milch cows furnish the supply. It is further stated in the report that on the whole, dairy farms are now well supplied with ice houses and that the custom has become general to cool the milk before it is shipped. One firm in this city which does a big milk business, cuts the ice and gives it free of charge to the dairies it does business with. On the whole, the quality of the milk is considered satisfactory.

## DEATH RATE AMONG THE CHILDREN IS VERY HIGH.

### Nearly Two-Thirds of Deaths are of Children Under 5 Years of Age.

The mortality among children under five years of age last week was nearly two-thirds of the entire number of deaths of the whole population. One hundred and seventy-five children died, while the total deaths numbered 305. The Medical Health Officer, Dr. Laberge, was much concerned over these figures, and said that the only way the large death rate among children could be cut down during the summer months would be to start institutions where young mothers could be taught how to care for their little ones.

# LIGHT FINGERED GENTRY ACTIVELY AT WORK HERE

### Eight Alleged Pickpockets Following the Races are Nabbed by the Police.

Anticipating a big haul from the race track followers gathered here to attend the race meet at King Edward Park, a small army of pickpockets arrived here Saturday morning and before the day was over eight of them had been conducted to police headquarters and will now have to stand trial on charges of vagarncy and attempting to pick pockets.

As early as 6.30 o'clock Saturday morning they had started to work and the first complaint received at headquarters was from Conductor Primeau, of the Montreal Tramways Co., who reported the loss of a gold watch and chain valued at $100, which he said was stolen from his person while attending to his duties on the cars. Following this half a dozen additional complaints were received and Chief Carpenter believing that the usual crowd of dips were on hand for the races immediately started out a squad of his best men to pick up the light fingered gentry.

**One Caught in the Act.**

One hour after they left headquarters Detective Dan McLaughlin started to bring in his army and by twelve o'clock he had picked up six, who although they were not caught in action he declares were simply waiting an opportunity.

Detectives Connors and Faucault, who were on duty at the corner of St. Catherine were attracted by the actions of Louis Cohen, and when he jumped on an Amherst car going north they were right behind him and caught him in the act of putting his hand in an old gentleman's pocket. Seeing the plain clothes men, Cohen became suspicious and jumped off the car, but the detectives were not long in locating him. He pleaded not guilty before Judge Lafontaine this morning and was remanded until the 25th, for enquete.

What is believed to be the cleverest dip of the party was picked up by Lieut. Charland and Constable Legault at the corner of St. Catherine and Visitation streets, Saturday evening. Charland was on his way home at the time and squeezed his way on to a St. Catherine street car. He had ridden but a short distance when he was astonished to hear Alderman Nap Giroux declare that he had been robbed of a purse containing $55. Two men standing alongside the alderman pointed out a man who gave the name of William Beach, as having committed the robbery and he was immediately placed under arrest.

That these men always work in gangs was quite evident from the fact that while two witnesses saw the robbery committed by the time the officers could get through the crowd to Beach he had disposed of the pocket book. The men who were watching him declare, however, that he slipped it into a newspaper which he held behind his back, and it was taken from that by a man who was following him through the crowd. Beach like Cohen entered a plea of not guilty and will appear again on the 25th for enquete.

"We must find some way of punishing these men more severely if we wish to wipe out this growing evil in Montreal," declared Chief Carpenter, in discussing the prevalence of pickpockets in Montreal this morning.

"While I do not wish to criticise any one it would seem as if these men were treated too leniently by the magistrates," declared the Chief. He pointed to the case of William Jennings, who was arrested in the act of picking a pocket and against whom there was a clear case. Jennings after his arraignment furnished bail of $100, and this is the last that has been heard of him.

Asked how he thought this could be remedied the chief referred to a law in Philadelphia and other large American cities, where if a suspected pickpocket is arrested and he is identified as having been convicted on this charge previously he can be sent to jail for three months on his previous record.

Ald. Giroux, who declares he has been robbed three times in the last three months, had an interview with Judge Lafontaine this morning regarding the manner in which these cases were handled, and says that he intends to press the charge against Beach to the last.

Of the four men brought in by Detective McLaughlin, none were caught in the act, but they are known to the police as men with international reputations. When brought before Judge Lafontaine they pleaded not guilty to a charge of vagrancy and were remanded until Monday. Judge Lafontaine said that he would accept $200 bail in each case.

# CHINAMAN IS SHOT BY HIGHBINDERS IN LOCAL FERMENT

### Ten Men Break Up Gaming Party and Moon On Falls With Bullet.

### FUSILLADE IS FIRED IN PITCH DARKNESS

### Local Chinamen are in Terror for Fear More Vengeance Will Follow This.

Following a fusillade of shots which were rained into a crowded room of gamblers at 50 Lagauchetiere street, west, one Chinaman lies at the General Hospital with a bullet through his face and the ten men which invaded the gambling joint are still at large. This means that the long-expected Tong war broke out in Chinatown at last.

The room where the shooting occurred looks as if it had stood a prolonged siege and the Chinese colony this morning is in a state of ferment.

The fact that one of the first bullets fired shattered the electric light and that the subsequent shooting was done in pitch darkness probably account for the light damage done by the lead.

At 2 o'clock this morning, twelve Chinamen were assembled in one of the rooms of the restaurant of Ning King Law at 50 Lagauchetier street. The game that was in progress was fan-tan and although the stakes during the earlier part of the night had been small, as the game progressed, the play ran high.

Suddenly the door leading from the stairs into the room was burst open and the leader of ten men, who had climbed the stairs, and whose name was given to the police as Lee Yok Chong, carrying a revolver in his hand, ordered the game to stop. He did not ask for money. Several of the Chinamen in the room, who were provided with guns made a move as if to draw and Chong is said to have begun blazing away.

**Bullets Embedded in Walls.**

The walls and the doors where the bullets were imbedded showed that revolvers of different calibre had been used. After twenty shots had been exchanged, the invading party retired down the stairs and into Lagauchetiere street west.

When the smoke of the battle had cleared away and a light had been brought in the room, it was found that Moon On was lying unconscious on the floor with blood streaming from a wound in the right side of his face. He was hurried to the General Hospital.

Lieutenant Lefebvre of the City Hall Police station and Detective Beauchemin who was on duty at headquarters reached the scene of the shooting about the same time and immediately repaired to the Chinese Republican Club at 78 Lagauchetiere street, west.

In spite of the presence of some fifty Chinamen in the building, everything appeared to be quiet and serene and the Celestials present absolutely disclaimed any knowledge of Lee Yok Chong or any of the other men, who are claimed to have entered the premises at 59 Lagauchetierre street, west. The place was ransacked from top to bottom, the place of worship and all and every one of the little rooms were searched but to no avail.

**Gambling General in Colony.**

The investigation of the "Star" representative this morning, brought out the fact that the Celestials are divided into two distinct camps, and that one is living in mortal terror of the other. That gambling for tremendous stakes, lottery on a high scale, opium smoking and debauch in general exists to an extent undreamt of by the citizens of Montreal, was ascertained. At one street corner is a very pretentious club. Rooms large enough to accommodate several hundred players are to be found there, and there is the headquarters of the lottery business in Chinese Canada.

The placards on the outside of the place, were said by one of the Chinamen to be advertisements for lottery and the day on which the drawings would take place, the numbers of the winning tickets and all that information adjacent to lottery gambling is embodied into the posters.

Ten days ago, letters from the Court were addressed to all the Chinamen in possession of permits to carry revolvers, instructing them to hand their weapons back to the Police Court. Out of 28 letters sent out, four responded and brought back their weapons. The others paid absolutely no attention to the correspondences.

Chief Campeau appeared to be very much surprised when advised this morning that permits had been granted to Chinamen in such large number.

**Chinamen Mortal Terror.**

One Chinaman interviewed shuddered: "Don't mention my name," he said, "or they will sure kill me." "I want it understood that this affair last night has nothing to do with politics. It is not a case of Imperialist against Republicans. This gang is composed of highbinders who formerly had their headquarters at 12 Pell street, New York, and who have been levying levying blackmail upon their countrymen from the city of New York to Vancouver. They have just reached the city from Winnipeg. I do not think that Lee Yok Chong had anything to do with it."

The Chinamen who were in the room are in dire fear of their lives, as in spite of the fact that they had promised to come to the Police Court this morning to lay charges, not one Chinaman could be seen around headquarters this morning.

Detectives Gorman, Connors and Foucault are scouring Chinatown for the accused to-day, but he has not been located.

# KISSES ACCUSED MURDERER AS HE IS LED TO CELL

## With Baby in Arms, Mrs. Shepherd Figures in Dramatic Scene in Morgue.

## SAYS McKENNA WAS FREE FROM ALL BLAME

## Accused Closely Guarded by Police Who Fear Outbreak on His Part.

Throwing her arms around her husband's neck and kissing him before he was taken back to his padded cell with a murder charge hanging over his head—Mrs. John Shepherd, was the principal figure in an intensely dramatic scene at the morgue on Saturday morning. She was carrying a six months' old baby in her arms, and her two other little tots, barely able to toddle, were clinging to her skirts, and saying "Papa, papa," in tones of childish wonderment.

Although there was a wild and haunted look in Shepherd's eyes when he was brought to the morgue, where he was finally committed for trial on the charge of murder, he looked calmer and saner after he had had a few minutes talk with his wife.

McKenna, the innocent victim of the shooting, was a native of Hamilton, and his body was removed to that city, where his parents still reside, and where the funeral took place this morning from his parents' residence.

Mrs. Shepherd told the main story of the shooting, which took place in the Bath Hotel on Friday afternoon, and resulted in the death of Fred McKenna, bartender, and serious injury to Dr. Roland Devlin.

Mrs. Shepherd, with her children were the only eye-witnesses to what actually happened in the little room, off the bar at the Bath Hotel, and in telling her story to the Coroner, she had no excuse to offer for her husband's actions on that occasion, except that he had gone suddenly insane. She said that McKenna had not insulted them in any way, and that after the drinks were served, he never as much as spoke to them, and was leaving the room when the shots were fired by her husband, without any provocation.

**Shepherd Was Closely Guarded.**

There was a large crowd present at the Morgue when the case was opened, and all eyes were fixed upon the woman, whose holiday trip to her home in Scotland had been suddenly brought to a termination by the actions of her husband, and as a result of which he is now held on a charge of murder.

The Shepherd's are apparently people of very moderate circumstances. It is true that they were awarded $1,500 in Chicago, following injuries received by the husband, but a large portion of this went in lawyers' fees, and between her sobs at the morgue on Saturday, the heart-broken woman declared that she was completely discouraged and did not see why so much trouble should be forced on any one pair of shoulders.

Shepherd was not present in court during the hearing of the evidence, as is customary in a murder case, as the police considered that repeating of the story would upset his mind again and that he might become violent. Instead he remainder in a little room on the floor above closely guarded by two constables, and did not appear in court except for a few moments when Denis Keane who was behind the bar at the time of the shooting gave his evidence and then he was brought in to be identified and to give his name.

When he made his appearance inside the court room with a constable holding either arm and Captain Riopel in charge, Shepherd had every appearance of a madman, except that he was quiet. His clothes were torn and his collar and hair mussed and there was a wild look in his eyes that is not common to men of sound mind. Coronor McMahon was hardly able to make him give his full name, and was forced to ask him half a dozen times before he gave his full name as George Steel Shepherd, after which he was led out of the Court room and back up to the third floor where he was kept until the jury had returned a verdict holding him responsible for the death of Fred McKenna.

**Mrs. Shepherd Weeps at Sight of Husband.**

At the conclusion of the hearing Mrs. Shepherd weeping bitterly and the little children crying as if their hearts would break presented a pitiful sight as they waited for a last look at husband and father before he was led off to the cells at the court house to be arraigned officially on a charge of murder. As the husband was marched down the steps Mrs. Shepherd rushed over and throwing her arms round his neck kissed him. Following this display of affection Shepherd's face lit up and Mrs. Shepherd asked Captain Riopel if she would be allowed to speak to her husband in private, to which the captain consented and they were led into a private room where with a constable guarding the door on the inside they bad each other good-by, and after a very few minutes Shepherd was conducted to the Court house where he pleaded not guilty before Judge Leet to a charge of murder.

Just why Shepherd, who was known to be insane at times, was allowed to carry a revolver was brought out at the Coroner's inquest. Mrs. Shepherd said that she was aware her husband had a revolver but that she had no idea that he carried it about with him. She said that her husband had sustained a serious injury to his head through the collapse of a scaffold in Chicago some time ago and that during the last three months he had frequently shown fits of insanity when he would make a rush for her as if he was about to knock her down, but that up until Friday she had always been successful in quieting him. On Friday she did not have even time to think before her husband had shot down McKenna.

**Keane Tells Story.**

Denis Keane told how McKenna had taken an order for drinks out of the bar and his attention was first attracted by two revolver shots emanating from a little room adjoining the office. Keane said he walked out to see what the trouble was and as he put his head out of the door leading from the bar a bullet out of a revolver in the hands of Shepherd grazed his cheek. Keane then backed under cover and crept under the bar and from here escaped on to St. Monique st. A few minutes later, he returned to the Hotel through the door leading to the rotunda and found Dr. Devlin lying on his back on the floor at the entrance of the room occupied by Shepherd and in which McKenna had been murdered. Shepherd who had quieted down some by this time asked "Is that man dead," and when Keane replied, "Guess so," he started to run around the office shouting: "I did it, I did it."

**McKenna Known in Toronto.**

Special to The Montreal Star.

Toronto, July 22.—Frank McKenna, the bartender who was murdered at the Turkish Bath Hotel in Montreal on Friday afternoon by John Shepherd spent six years in Toronto previous to going three years ago to Montreal. His widow is a niece of Joe Ready, fruit and vegetable dealer of 1099 Yonge Street.

Murley Shea, the former east end oarsman is also related to McKenna.

McKenna when in Toronto was a waiter at the Queens Hotel, and later a bartender at the Traders, Ed. Barrows and the Stag.

**Was Native of Hamilton.**

Special to The Montreal Star.

Hamilton, Ont., July 22.—Fred McKenna, who was shot and killed at Montreal on Friday afternoon by John Shepherd, was a native of this city. His parents are J. R. and Mrs. McKenna, 158 Hess street, south, his father being yard foreman for the T. H. & B. He was employed before leaving here three years ago, at the Royal and Palace Hotels. His wife was a Hamilton woman before her marriage, a Miss St. John. McKenna's remains arrived here yesterday and the funeral took place this morning from his parents' residence.

## To Ask Inquiry As to Sanity of John Shepherd

When the case of John Shepherd, charged with the murder of Fred McKenna in the Turkish Bath Hotel on Friday last is called for preliminary hearing before Judge Lafontaine tomorrow, an application will be presented by Mr. Papineau Mathieu asking that a commission be appointed to inquire as to the sanity of the accused before any further criminal action is taken.

Mr. Mathieu said this morning that he had little doubt but that the application would be granted in which case he would be immediately transferred to Longue Pointe to await the report of the commission.

Mrs. Shepherd, who, with her children, has removed from the St. Lawrence Hall to St. Andrew's Home, could not be seen this morning and nothing could be learned as to her future plans. It is believed, however, that she is being directed in her actions by the secretary of St. Andrew's Home and Mr. Mathieu, her counsel. Up to the present time she has not decided as to what she intends to do and as the family had not booked passage for Scotland, she will doubtless remain where she is until the case of her husband is settled.

# TWO YOUTHFUL VICTIMS TOLL OF WATER SATURDAY

## Arthur Boote Drowned at Ste. Rose—Napoleon Tremouillier Falls Into River.

The water collected two youthful victims as its toll Saturday in the vicinity of Montreal.

Arthur Boote, 13 years old was drowned at St. Rose when he became exhausted and failed in his battle against the strong current.

Napoleon Tremouillier, 11 years old, lost his balance while playing on the wharf, fell into the water and was drowned.

Young Boote, the son of Mr. and Mrs. Arthur Boote of 1364 Chausse street accompanied by his father, uncle and younger brother. Walter went on the joint picnic of the Sunday School classes of St. Thomas and St. Luke's churches at St. Rose, Saturday.

**Warned by Companions.**

Unknown to his elders, the Boote boy together with his brother, Eric and Herbert Moore and another boy secured a boat and rowed to the small island where they planned a swim. Arriving at the island Arthur Boote and the two Moore boys disrobed, but the younger Boote had and the other boy refused to enter the water declaring that the current was too strong. The three boys shoved off in the boat and after rowing a short distance dived overboard. The craft was caught in the strong current and drawn down stream. Fearing the loss of the boat, the lads started after it. Finally after a desperate struggle both the Moore boys reached it and climbed in. Young Boote was less successful in his battle with the current and was carried quite a distance from the boat. Suddenly he threw up his arms, cried "Save me" and went down. The Moore boys hastened to the place where he sank but were unable to save him.

The news of the drowning was immediately spread and within a few minutes parties of searchers were at work in quest of the body. After five hours, the body was recovered. It was brought back to Montreal on the picnic train.

Funeral services over the body were held this afternoon from St. Thomas-Church.

**Fails to Realize Boy's Fate.**

Napoleon Tremouillier, of 203 Panet street was playing on the wharf Saturday at the foot of the Beaudry street tunnel with Stanislas Wilczak, 8 years old of 199 Panet street, when he became over balanced and plunged into the water below.

The latter however, did not realize what had happened, and it was not until after the police authorities had been informed that little Tremouillier was missing and hunted up his playmate, that it was discovered what had actually occurred. The authorities are at the present time engaged in dragging the river for the body.

## FINE SIX-POUND TROUT WAS CAUGHT ON FLY.

The six-pound trout caught by Dr. Lewis R. Morris in Wyagamac Lake and referred to in Saturday's issue as the winner of the first prize in Class I. of The Star's Trout Competition, was caught with a fly.

The Doctor writes:—

The trout was caught with a 3-ounce Abbie and Imbrie split bamboo rod and on a brown hackle bass fly. This can be attested by the two Godin brothers, of La Tuque, and Arthur Bouvais, who were my guides. Mr. Louis Bouvais, who is the guardian, sent the trout to Bumouchel Brothers, Taxidermists, of 12 Craig street, Montreal, and Mr. Koelle, saw the trout and entered it for the competition, which I did not know about. The trout was sent back to Dumouchel Brothers for mounting. It is the largest trout of which we have any record at the club, that was caught on a fly, and certainly the largest that has ever been caught on that weight of rod. To encourage good sportsmanship in this Prize Competition of yours, I would suggest that the greatest prize of all go to the fish caught on a fly, as spirit to attention from the bait fishing. I think he should be complimented on this distinction, by encouraging good sportsmanship, keeping the big fish and putting the smaller ones.

# Do Turks Wish To Sell Fleet?

## Influential Italian Writer Suggests This is Probably Porte's Intention.

Special to The Montreal Star.

Rome, July 22.—"Rastignac," one of the most influential and forcible writers of the Italian press, draws a comparison to-day between the Italo-Turkish and Hispano-American wars.

"Spain's fleet," he says, "was but a small one, while that of the United States was immense, yet the Spanish fleet boldly came out of Santiago de Cuba, and thus redeemed the honor of the nation.

"The Turks, on the other hand, do not stir even when challenged at the very threshold of Constantinople.

"Perhaps they wish to save their fleet in order to sell it later by auction, just as they sold Abdul Hamid's jewels."

## NEW CABINET IS A STRONG BODY.

The new Grand Vizier has had a great military career. He was leader of Turkish resistance in the war with Russia in 1877.

The new Cabinet is a strong body. It inclues three former Grand Viziers and other notable men. Moukhtar Pasha is very popular in Albania, Ferid Pasha, Minister of the Interior, is an Albanian, and it is evident therefore that the Albanian movement has been given primary consideration.

The inclusion of Kiamil Pasha as Minister of Foreign Affairs should tend to satisfy the military agitators and it is believed that the new Ministry will be in a better position to negotiate peace with Italy.

## DARDANELLES NOT CLOSED YET, LATEST REPORT.

London, July 22.—The British Charge d'Affaires at Constantinople reports that up to Sunday no action had been taken regarding the closing of the Straits.

The Dardanelles will be allowed to remain open unless the Italians attack again. The Turkish Government has ordered the troops to cease hostilities in Albania.

## WINDFALL FOR ONTARIO PROVINCIAL EXCHEQUER.

**Windsor Banker's Estate to Contribute Large Succession Duty.**

Special to The Montreal Star.

Windsor Ont., July 22.—Succession duties due to the Ontario Government from the estate of the late John Curry, of Windsor, banker and capitalist, which totals over a million dollars, will amount to $60,000, acording to the returns made to the Surrogate Court clerk here.

There is a possibility of a contest over the payment of this amount, the larger part of the estate being made up of property in Detroit and other parts of Michigan.

# MOTHER POISONED HER FIVE CHILDREN; IS CONVICTED

## Prince Edward Island Case Where Five Children Die from Phosphoric Poisoning.

Special to The Montreal Star.

Charlottetown, P.E.I., July 22.—Mrs. Patrick McGee, of St. Mary's Road, tried in the Superior Court at Georgetown on the charge of murdering her five children by administering Phosphorus taken from matches, was found guilty after half an hour's deliberation by the jury, with a strong recommendation to mercy. She will probably be declared insane and sent to the asylum.

## MILITIA OFFICERS TO SAIL FOR ENGLAND.

**They Will Attend Autumn Divisional and Army Manoeuvres.**

Ottawa, July 22.—Col. the Hon. Sam. Hughes, Minister of Militia, and the party of Canadiaan officers who will accompany him to see the autumn manoeuvres in England, will leave Montreal on August 21 by the Royal George. They will attend the divisional manoeuvres from September 4 to 14 inclusive, and the army manoeuvres from September 16 to 19 inclusive.

In the party will be Col. W. E. Hodgins, commanding the first divisional area; Col. J. P. Landry, commanding fourth division; Lt.-Col. G. S. Maunsell, director of engineering services; Lt.-Col. Greville, Harston, chief inspector of musketry, Quebec; and Lt.-Col. E. W. B. Morrison, D.S.O.

## CELEBRATING FOUNDATION OF DETROIT THIS WEEK.

**Cadillaugua Water Fete and Carnival Will be on Bib Scale this Year.**

Detroit, Mich., July 22.—Two hundred and eleven years ago Antoine de Lamothe Cadillac founded Fort Pontchartgain du Detroit and in commemoration of this event Detroit will celebrate Cadillauqua, its biggest water fete and carnival, all of this week.

Preparations have been made for the accommodation of the greatest gathering of visitors at one time in the history of the city, and the leading merchants and financiers have spent months in preparing a programme of festival that will rank favorably with anything of its kind throughout the country.

# FLIES BY THE PAILFUL ARE TURNED IN TO-DAY

(Continued from Page 3.)

ed 700 flies, and so great was the envy with which he was regarded that he came to the conclusion that the only safe place to bestow these flies while he slept was to dig a hole in the back yard and bury them.

This he did.

And then there came a thief by night. Under the cover of darkness there stole into that backyard another fly-catcher, armed not with a fly-catcher, but with a spade.

Very quietly this newcomer began to dig in the back yard—so quietly that not even did the neighboring dog betray him.

When daylight came, and the little boy went to see if his 700 flies had remained safe from night prowlers, he found that his cache had been rifled, and that the 700 little corpses which represented so much activity on his part had become the booty of another.

**Many Methods.**

Conversation with the competitors showed that every known method of fly killing had been resorted to. It is a curious fact, however, that while most of the girls expressed preference for the direct method of attack by means of the fly swatter, the majority of the boys pinned their faith to fly-papers and fly-traps.

The question of getting the flies off the sticky fly paper has been solved in different ways, but the best seemed to be that of a boy who said he got his off easily by pouring coal oil over the paper.

As regards the counting of the flies, of course it would be impossible to count every individual fly. The method adopted for this competition is to weigh them, and to calculate the number according to the weight.

Special scales that register up to one-hundredth part of a pound have been obtained. It was found, by experiments with the flies brought in to-day, that there are 700 flies in one-hundredth part of a pound, which makes a total of 70,000 flies to the pound.

The full list of to-days entries, with the total number of flies obtained in each case, will be published in to-morrow's Star.

# THE LITTLE CONTESTANTS TELL SOME OF THEIR EXPERIENCES

"I've caught 11,200 flies," said little Patrick Greene, who lives at 66 St. Dominique street. "Mother and I spent nearly all yesterday picking them off the papers with pins. My, it did take hours, and then the counting. I caught heaps swatting at 'em with a wet towel, too, all around the house."

One small boy, David Devine, of 33 Hermine street, had a bitter experience. He and some other boys formed a fly trust, to corner flies, David being the president and director of the trust, and by Thursday afternoon they had 22,000 safely bottled. David not wishing to bring the corpses into the house, deposited the jar just inside the coal cellar, and when a little later he went around to advise his treasurer, the jar and all had disappeared.

"It just went," he said, sadly. "I don't know how. I guess one of the boys stole it, or, p'raps it got knocked down under some coal. We had got 'em all from fly papers in a shoe store, and a butcher store, save for us. We got nine sheets from the shoe store, and six from the butcher's. Anyway," he said, pluckily, "I'm going in it again. There's three weeks more."

**Got Four Pints by Poison.**

Spencer Allan, 120 Westminster ave., Westmount, arrived with four pint jam jars full. "I caught nearly all of mine by poison," he said, "and some by fly papers. The best way to get them off the fly papers is to soak the paper and all in coal oil, and then brush the flies off with a whisk. I've 51,800 here; it's a good start.

Little Edward Cavanagh, aged 8, who lives at 390 Boyer street, quite close to a garbage dump, brought about three quarts of corpses in a pail. "We haven't a fly left in the house now," he said, proudly. "We've been swatting them with wet cloths and catching them with fly pads. And out in the yard and around the shed we've caught heaps in a trap. It's a big barrel with fish as bait, and then when there are lots in it, we singe all their wings off with burning paper and kill them.

"Our shed window faces against the dump and they come in just dreadfully. I guess there's about 5,000 on the floor now; we had'nt time to catch them."

James Ronaldson, Molson Terrace, caught 1400 in his hands. "My fingers are good and sore," he said, "I hit them against any sort of things and I catch the flies all the same."

**Swatter This Boy's Favorite.**

"I've got 21,000," said Stanley Grorts, 296 Magdalen. "I hit them with a stick, and I got the 'lend' of a fly swatter, and I poisoned some too. I got 'em anywhere, all around the barn and in the back of the store and in the kitchen.

The whole of the Hiskett family living at 196B Gault ave., are helping little Tessie Hiskett in the fly catching business, mother and two brothers and the baby boy, who, though he is only 3, is determined to catch flies.

"I've got 21,000," said Tessie, "I watch them drop onto the papers, and catch them before they stick. And I catch them by my hand too, only I dont like doing that so much. We all swat them, even baby Norval."

Muriel Hill, 147 Ontario street west began catching flies on Thursday, and has caught in her hand no less than 1600.

**Used Home Made Fly Trap.**

"I've made the fly-trap I saw in the Star," said Diana Soller "and I've 16,000 flies in this box. And I've swatted them too, with the Star fly-swatter, and caught them by hand and by fly-paper. They first come swarming in."

Gladys Brown, 22 Conway street, advices everybody to get up early and go at it all day. "I do, she said, showing a jar full." And from about half past three to 4 o'clock, when the sun is strong, is an awfully good time to catch them. Spilled some sugar on the table, and just swat at them."

## SIGNALS OF HAIR DISTRESS!

**Warnings of Approaching Baldness and Greyness Every Reader Must Read Seven Days' Free Help, Which Will Restore Your Hair to Health.**

In a city office a man sits whose hair is greying and growing thin.

He is still young in years, but he looks elderly, because of the greyness of his hair and the bald patches on his scalp.

Because he "looks old" he is passed over for promotion by younger-looking men. They look younger because their hair has retained its natural color and grows luxuriantly without a trace of baldness.

A day comes when his employer particularly notices his "old" appearance. "We want a younger man here," he says to himself. And presently there is another man unemployed because he had not heeded his hair "signals of distress."

A woman is brushing her hair before the looking-glass. There is a worried expression upon her face. She can't understand why her hair is getting so straggling and thin. It comes out in combfuls every day. It has lost all that beautiful lustre it used to possess. Yes, and here and there there is distinctly a silver hair. To her it seems almost a tragedy—the tragedy of fading youth—a signal of approaching age.

**ONLY LET HER HEED THE SIGNAL.**

Here are the signals of hair distress. When your hair splits at the ends—
When it becomes dry and brittle—
When you notice fallen hair on your pillow in the morning—
When your hair comes out in your brush and comb—
When it becomes infested with dandruff and scurf—
When it loses its lustre and looks dull and lifeless—
When your scalp itches so that you feel you must scratch it—
When any of these things happen your hair is in danger. They are the hair's signals of distress. Its "minute gun" which call for help.

And that help is at hand for you and your hair to-day.

**YOU CAN HAVE THIS "HARLENE HAIR-DRILL" HELP ABSOLUTELY FREE.**

It contains

A Bottle of Harlene for the Hair, the wonderful preparation, which combines the qualities of a tonic, a dressing and a hair food.

Everybody Singing

There's nothing in this world so good
To quench the thirst and cool the blood,
The nerves to tone; the heart to chees
As Adams' Root or Ginger Beer.

In making it you're sure to meet
With great success; then' their receipt;
It aids digestion of the food
And does the general system good.

It's good for fathers and for sons,
For mothers and the little ones.
To make them solid as a rock
Parsons commend it to their flock.

## In Wall Street

Uneven strength was shown by the Stock Market during the early session. The first minutes saw a general upward movement but realizing for profit or short selling soon reduced many of the gains to minor proportions except in the tobacco issues, which registered advances of 2 to 7 points.

There was at the outset a demand for Union Pacific, St. Paul, the Erie and Reading, but offerings soon arrested their rise. Of the speculative favorites Steel was under greatest restraint, its movement reflecting conflicting opinions of the professional element in connection with the Stanley report.

## WATER SUPPLY NOW NORMAL.

The statement was made to-day by the head of the Water Department that the reservoirs were now quite full of water and that there was no longer the slightest danger of a water famine.

For some days during the hot spell water was cut off from fountains in squares, but it is now being turned on again. The city has also resumed the regular watering of the streets.

### THIS VIEW IS OPTIMISTIC.

C. W. Toole & Co. say: Conditions in Canada generally continue to be very satisfactory and with the continuation of monetary ease and a good crop this fall speculative activity will probably continue.

## FINANCIAL PERSONALS.

Mr. Dexter Blagden, of Charles Head and Co., New York, is in the city.

Mr. J. Pierpont Morgan is due in New York Wednesday.

President Brown, of N. Y. Central lines, is taking a trip which will take him to Alaska.

Mr. F. P. Jones is in Winnipeg.

### CONSOLS WERE STEADY.

Consols were slightly better at 74 3-16 for money and 74¼ for account.

### TO HOLD TREASURY STOCK.

Trethewey shareholders have voted to retain in the treasury the 1,000,000 shares of stock, whose addition to the capital caused some dispute.

## Twin City Tax is Heavily Increased

Minneapolis tax officials have placed an increase of over $800,000 on the personal property returns made by the three leading public utility corporations of that city. The Minneapolis Street Railway Company, which is controlled by the Twin City Rapid Transit Company, was given an increase in its personal property of $225,000, making the valuation for purposes of taxation $8,117,095.

### GONE AHEAD TOO FAST.

Edgar Smith & Co. say: Tram and Power has now reached a level that makes it susceptible to a sharp break in the event of the present bull market suddenly terminating. This, however, applies to a good many non-dividend paying issues that have made big advances of late, and, indeed, the market as a whole has gone ahead too fast.

### A $10,000,000 ISSUE.

The Brazilian Treasury has sold an issue of $10,000,000 bills in London.

## OPINIONS ON THE MARKET.

Lounsbery and Co.—Very little public interest taken and the principal business done by floor traders.

Henry Clews:—Investment conditions are satisfactory and choice securities can be purchased with confidence on every reaction.

Hayden, Stone & Co.: Personally, we think quite a smart reaction would do more good than harm as laying a firm foundation for a broad movement later on. We believe, however, that the situation is intrinsically sound, and that any such reaction is unlikely to go to dangerous lengths.

E. M. [illegible]:—Certainly nothing has transpired to cause anything but confidence in the immediate future of the market.

Laidlaw & Co.: Development of any vigorous bull initiative from proper sources might easily bring about an upward movement of substantial proportions.

Chas. Head & Co.:—We feel conservatively bullish on the situation, and would pick up attractive issues on breaks.

Oswald Bros.:—There is no market character to either buying or selling, and many traders have assumed a waiting attitude.

Burnett & Co.:—Stocks opened strong and made good advances, which were generally well held, although some recessions occurred.

[illegible] Randolph:—Plenty of stocks [illegible] the advance, but before [illegible] prices began to drop.

[illegible] Hemmill & Co.:—Advance in copper metal abroad has brought the [illegible] cents. The copper [illegible] good buying.

[illegible] & Co.:—The advance in [illegible] realizing, but stocks are in [illegible] profit-taking will not check [illegible].

## TRADING IN SPANISH RIVER, DIVIDEND TALK

Strength in Spanish River to-day was accepted as reflecting satisfactory earnings and the approach of a dividend stage for the stock.

To-day's activity was the first since the completion of the financing plans some weeks ago, incidental to the absorption of Ontario Pulp, when the highest was around 67.

After opening at 61½, compared with between 59 and 60 last week, the price advanced to 61¾.

The dividend may not come until late this year, or early next year, but it is believed to be reasonably near at hand, and any activity in the stock from now on may be regarded in the way of discounting that event.

The output for the half-year showed a gain of some 5,000 tons of pulp. As the latter half of the year is the big production period, the increase in the first half would suggest that the gain in production for the year will probably run 25 per cent. or more.

Owing to taking over the Ontario Pulp Company and the opening of the new paper mill, it is probable that the company's shareholders will shortly authorize a change in the company's year, making it end with June 30th, instead of December 31st.

### PARIS PRICES STEADY.

Paris, July 22.—Prices were steady on the Bourse to-day.

## Canal Will Change Commerce Geography

The halving of the American continent by the Panama Canal will mean fresh routes, the shortening of old ones, the creation of new enterprises, the adjustment of railroad rates, and a hundred other important incidents which must necessarily have a vital bearing on the world's trade and shipping.

In the first of a series of fourteen articles in The Monetary Times by Fred. W. Field, the editor, on Canada and the Panama Canal, it is recalled that this short cut for the world's shipping will change considerably the geography of commerce.

### WINDING UP MONTE CHRISTO.

Monte Christo Mining shareholders have been called to meet at Rossland, B.C., on Aug. 2, to appoint Jesse Kemp, acting secretary liquidator to wind up the company.

### TRAIL SMELTER RECEIPTS.

Ore receipts of Consolidated Mining & Smelting at Trail Smelter for week ending July 12th, were 5,886 tons; from July 1st to July 12, 12,926 tons.

## SIX MONTHS DIVIDENDS ON COBALTS

Dividends paid by the Cobalt mines for the first six months of the year shows a net loss of but $8,376 in comparison with the first six months of the previous year, and as the gains are to all intents permanent and the losses temporary or long ago discounted, the report is better than its face value would appear. The payments in the last six months were:

| | Per cent. of issued capital | Amount paid |
|---|---|---|
| Beaver | 3 | $59,892 |
| Buffalo | 16 | 160,000 |
| Townsite | 15 | 150,000 |

### LA ROSE FINANCES.

On July 1 the financial position of La Rose Consolidated Mining was as follows:

| | |
|---|---|
| Cash in bank, ore in transit and at smelters | 1,611,830.03 |
| Ore sacked at mine ready for shipment | 105,880.01 |
| | $1,717,710.04 |

### ASBESTOS MILL BURNED.

Standard Asbestos Mill at Thetford Mines, one of the largest of the Amalgamated Asbestos plants, was burned to the ground last night. It is believed that the loss is covered by insurance.

### TEMISKAMING BOARD.

A special general meeting of the Temiskaming Mine Company, Limited, has been called for Monday, July 29, for the purpose of ratifying a by-law passed by the directors increasing the number of directors from five to seven.

### MR. JONES ON CEMENT.

Winnipeg, July 22.—F. P. Jones, general manager of the Cement merger, who is in Winnipeg to-day, said he was in the West inspecting the plants of the company. The reduction of duty, he declared, will make no difference with the plans of his company.

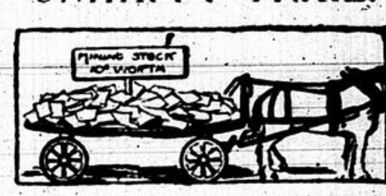
## Enters Third Year As President of Bank of Montreal

MR. R. B. ANGUS.

## TOPICS OF THE STREET

### *ONLY ONE REMEDY FOR THIS UNHAPPY TRAIL.*



The recent publication on this page of a long list of "lame ducks" of the Porcupine mining camp reminds us that this merely adds to the cartloads of mining certificates which have found a resting place in various receptacles and sepulchres.

Every mining boom and the exploitation of every newly discovered camp seems of necessity to leave this kind of an unhappy trail.

This great waste will doubtless continue until the public becomes educated to placing its money in the hands of exploration and development corporations of large resources, employing men of the highest scientific skill and administrators above the petty temptations incidental to mining stock flotations.

### *AN INTERESTING ANNIVERSARY FOR MR. R. B. ANGUS.*

Mr. R. B. Angus, president of the Bank of Montreal, to-day enters upon his third year as the head of that important financial institution.

This anniversary is of more than ordinary interest in view of the fact that Mr. Angus accepted the responsibilities of the post at an age when the great majority of men of affairs seek the repose and relief from active duties which a successful career is accepted as insuring.

Although past the four score mark Mr. Angus displays physical and mental vigor sufficient to put the average man many years his junior to the blush and he in many ways displays remarkable characteristics. In that respect he resembles very closely his old friend and business associate, Lord Strathcona.

His numerous friends and admirers will wish him many more such anniversaries and years of usefulness to the bank and the country generally.

### *GROWTH UNDERLYING APPRECIATION IN MARKET VALUES.*

The progress of building operations to the value of approximately $25,000,000 in Montreal and Toronto alone in the first half of the current year is an excellent index of our industrial uplift.

This is no mushroom growth, and it is proportionately widely distributed throughout the Dominion.

Apart from the large monetary distribution which this item alone involves the subsequent developments are of far-reaching importance.

This lets in some light on the appreciation in values of the public utility securities in the cities in question.

### AMES-HOLDEN BETTER.

There was some trading in Ames-Holden-McCready to-day at 28 and preferred 84 3-4.

### TUCKETTS WENT HIGHER.

Tucketts Tobacco went up to 56 1-4, but preferred sold at 93.

## EXPECT 5 P.C. ON CANNERS IN AUTUMN

The advance in Dominion Canners to 70 was regarded as a forerunner of the commencement of a dividend record for the stock.

The company has accumulated a tidy surplus, although the exact extent of it has been jealously guarded from public gaze.

It was stated that the dividend policy of the directorate depended on the outcome of the current year's pack.

If it proved reasonably good, the company could conservatively embark on a dividend career, and, as the outlook is somewhat better than that, it is felt that the dividend will not be delayed longer than the autumn.

The expectation is that the initial payment will be at the rate of 5 p.c. per annum.

The initial dealings to-day were at 67½, and in the first hour the price advanced to 70, closing at noon a point under the best.

### BULLION SHIPMENTS.

Cobalt bullion shipments last week were:

| Name | Ounces. | Value. |
|---|---|---|
| Nipissing | 120,158.7 | $72,398.89 |
| Crown Reserve | 23,603.0 | 14,220.50 |
| Buffalo | 8,608.0 | 5,200.00 |
| Kerr Lake | 1,518.5 | 956.28 |
| Totals | 153,888.2 | $92,775.97 |

### PACKER'S DISSOLUTION.

Washington, D. C., July 22.—Attorney-General Wickersham to-day took up the plan of dissolution proposed by the National Packing Company. The attitude of the Department of Justice may not be known for several days.

## London Market Quiet, Home Rails Easier

London, July 22.—No new features developed in the stock market to-day, and trading continued quiet. Foreign rails and Copper shares hardened, and consols were steady, but the other sections eased off. Home rails were weaker following the announcement of another reduced dividend. Underground shares were steady, exceptions in the local ground.

American securities were quiet and steady. Prices advanced on light covering during the forenoon, and later the list scored a further slight improvement under the lead of Erie shares. The market closed steady.

### METAL MARKETS.

New York, July 22.—Iron, east. 2 foundry, 14.75 to 15.25; basic, east, 14.50; copper, lake, 17½; electrolytic, 17⅞ to 17½; tin, 43.55; silver, 60⅛.

London, July 22.—Lead, steady, 18s 10d.

## TRAM-POWER MAKES A NEW HIGH RECORD

Another advance in Tram & Power to 59¼ this morning was the occasion for a good deal of gossip in the "Street," and 75 was talked about as the objective of the present movement.

The "Street" was in the dark as to the underlying motives in the absence of any knowledge of the company's earnings, but it is natural to presume that it is making big gains in receipts, as has been the case for many years back, consequent upon the growth of the city.

The criticism respecting the advance in the common while the debentures remained immovable, was in a measure removed by an advance in debentures to 87.

Can. Power bonds sold at 79.

There was a transaction in Montreal Street to-day at 245, the first in many weeks. There is understood to be very little of the old stock outstanding.

### WAYAGAMACK STRONG.

Wayagamack was strong at 39 and 79 for bonds.

### NAT. BRICK EASIER.

Nat. Brick eased off from 52 to 61½ this morning.

### GOOD BUYING OF ERIE.

To-day's buying of Erie was stated to be based on good earnings and recent traffic agreement with B. and O., whose earnings are also good.—L. and Co.

### HOLIDAYS IN LONDON.

The London Stock Exchange will be closed Saturday, August 3, and Monday, August 5. The latter is a bank holiday.

### SOUTH AFRICAN GOLD.

The Bank of England bought most of the $3,500,000 South African gold offered in the open market.

## OCTOBER WHEAT OPTION EASIER

With cool, cloudy weather prevailing throughout the North-West, interspersed with showers, the Winnipeg market holds very steady, except the October option of wheat, which showed a weaker feeling as a sort of aftermath of the recent manipulating by professionals. Hopes are generally buoyant as to the future outlook, and rust is not anticipated so long as the weather holds cool.

## Hog Prices Broke To-Day at Chicago

Special to The Montreal Star.

Chicago, Ill., July 22.—Provisions ranged lower; hog prices breaking 5 cents, due to receipts of 45,000 or 13,000 more than expected. On the break there was fair support from packers and commission houses. Weakness in grains had some effect in shaping sentiment.

### HAY EXPORTS.

Hay exports for the week ending July 17, 1912, were:—

| To— | Bales. |
|---|---|
| Liverpool | 3,731 |
| London | |
| Bristol | 1,773 |
| Glasgow | 13,574 |
| Manchester | 2,662 |
| Leith | 249 |
| Total | 21,989 |
| Same date last year | 26,878 |

## MARKET NOTES

Baled hay is steady. Trading only fairly active. Baled hay $18 to $18.50; No. 2 extra good $16 to $17; No. 2 good $15 to $15.50; No. 3 hay $13 to $13.50 and clover, mixed, $12 to $12.50 per ton.

Rolled oats and cornmeal are steady and quiet. Rolled oats $5.05 per bbl. and in bags $2.40; cornmeal $4.75 per bbl. and in bags $2.25.

Millfeed is active. There is a good demand for supplies. Prices are firm. Bran $22; shorts $26; middlings $27 to $28; pure grain moullie $32 to $34, and mixed moullie $30 to $31 per ton.

Eggs are steady. Demand good. Selects, round lots, 25c; do. in single cases, 26c; straight receipts, in round lots, 25c, and in single cases, 22 1-2c; seconds, round lots, 15c, and single cases, 16c per dozen.

Cheese is steady. Market fairly active. Best western colored, 13 to 13 1-8c; do. white, 12 3-4 to 12 7-8c; best Townships, 12 1-2 to 12 5-8c, and seconds 12c per lb.

There is a very strong feeling in the butter market, owing to an advance of 1-4 to 3-4c on all country boards since Friday. Best creamery, 26 to 26 1-4c; good, 25 1-4 to 25 3-4c; seconds, 24 3-4 to 25 1-2, and dairy 22 1-2 to 23c per lb.

Potatoes are firm. New American crop, $3.50 per bbl. in round lots, and $3.75 in a jobbing way.

Beans are firm at recent advance, and quoted at $2.75 per bushel in three lb. pickers.

### FOREIGN WHEAT ESTIMATED FAR BELOW LAST YEAR.

Ottawa, July 22.—A cablegram received from the International Agricultural Institute, Rome, to-day, gives the following data concerning the 1912 cereal crops, compared with those of 1911:—

| Wheat. | Estimated production, 1912, bushels. | Production 1911, bushels. |
|---|---|---|
| Belgium | 15,906,000 | 14,617,000 |
| Spain | 112,418,000 | 148,497,000 |
| England and Wales | 59,073,000 | |
| Hungary | 187,266,000 | 190,242,000 |
| Italy | 174,583,000 | 192,397,000 |
| Tunis | 4,226,000 | 8,635,000 |
| India | 366,370,000 | 374,845,000 |
| Japan | 24,453,000 | 24,831,000 |

## Export Demand Better

There has been an improved demand from foreign buyers for Manitoba spring wheat, and a good business has been doing on export account since Friday last in the better grades. Most of the business, however, was worked from Winnipeg, and the local market is quiet.

The export demand for oats shows improvement, and there is a good business being done for July-August shipment. Local prices are steady. No. 2 Canadian western oats, 46 to 46 1-2c; extra No. 1 feed, 46c; No. 3 Canadian western, 45 1-2c per bushel ex-store.

## BUTCHERCATTLE STEADY; HOGS VERY FIRM

The quickest clean-up seen on any local cattle market for some time was made this morning at the West End Stock Yards, when some 450 head of butchers' cattle, all that were left from a consignment of 600 since Thursday last, were offered. The chief reason was that their prices were all within reach of the buyers, and comparatively steady at last Wednesday's quotations, except butchers' cows, which were a little stronger owing to the demand caused by the lack of butchers' steers, there being only about two loads on offer. Hogs held at their high level, to which they again jumped last week after the slump.

Receipts of cattle since Thursday estimated at 600 head. Market steady. Top butchers' steers, $6.75 to $7; good, $6.40 to $6.60; fair, $6.10 to $6.55, and medium, $5.70 to $6. There was no demand for butchers' bulls, which were selling for canning purposes only, at $3 to $4. Best butchers' cows, $6 to $6.25; good, $5.75 to $5.95; fair, $5.35 to $5.60, and poor to medium, $3.75 to $5.25; canners, $2 to $3.

Receipts of sheep since Thursday, estimated 600 head. Market steady. Old sheep, 3.75 to $4; spring lambs, $4.50 to $5.00.

Receipts of hogs since last Thursday, estimated 1,025. Market strong; selects, $8.75 to $9; short and long run, respectively. Sows, $6.50 to $6.75, and stags, $4 to $4.50, a cwt., off cars.

Receipts of calves since last Thursday, estimated 250 head. Market steady. Calves, $4 to $12 each, as to size and quality.

Last week's receipts, 1,450 cattle, 1,450 sheep, 1,500 hogs, and 635 calves.

### TORONTO CATTLE MARKET.

Toronto, July 22.—Receipts at the Union Stock Yards this morning showed a big jump, totalling 2,432 cattle, 47 calves, 884 sheep and lambs, and 514 calves. The big run of cattle had its effect on prices, and all kinds of beef animals sold a quarter to a half cent. off. Export cattle, choice, $7.20 to $7.50; do. bulls, $5.25 to $6.25; butcher cattle, choice, $6.95 to $7.35; do., medium, $5.15 to $6; butcher cows, choice, $4.65 to $6.15; do. medium, $3.65 to $4.50; do. canners, $1.75 to $3.00; do. bulls, $4.50 to $5.50; feeding steers, $5.15 to $6.15; stockers, choice, $4.75 to $5.75; do. light, $3.00 to $4.00; milkers, choice, each, $45 to $65; springers, $35 to $65; sheep, ewes, $4 to $4.50; bucks and culls, 3 to $3.50; lambs, $7.50 to $9.25; hogs, fed and watered, $8.10; hogs, f.o.b., $7.75; calves, $3.75 to $7.75.

## Chicago Grain Receipts

Special to The Montreal Star.

Chicago, Ill., July 22.—Southwestern markets received 1,232,000 bushels against 572,000 bushels a week ago, and 485,000 bushels last year. Shipments were 312,000 bushels, against 158,000 bushels last year. Northwestern markets had 167 cars, or 43 cars less than a week ago, and compared with 353 cars last year. Winnipeg arrivals of 174 cars compared with 158 cars last year. Foreign news was moderately bullish, but had little effect. Liverpool closed only 1-4d lower in the face of our decline Saturday, while continental markets were irregular. Supplies on ocean passage decreased 1,976,000 bushels for the week, and stocks are 40,776,000 bushels, against 36,864,000 bushels last year.

World's shipments of 10,672,000 bushels, compared with 10,608,000 bushels last year.

### LOCAL GRAIN IN STORE.

The grain in store in Montreal was as follows on dates mentioned:—

| | July 20. 1913. | July 13. 1912. | July 22. 1911. |

## NEW WHEAT CAUSES BREAK

From Our Own Correspondent on the Chicago Board of Trade

Chicago, July 22.—Wheat ranged lower, being influenced by the large run of new wheat in the southwest, and September broke to 92 1-4c against Saturday's close to 93 1-4 cents. July, which finished at 97 cents Saturday was down to 96 cents, from which there was a moderate rally on reports of black rust in North and South Dakota, which induced some buying by commission houses and local professionals, but wheat came out in Laberal volume on the bulge and prices sagged off rapidly, the low point showing a break of about a cent on the break, however shorts turned buyers and gave the market a little support.

Weather over Sunday was mainly favorable, scattered rains being reported in the northwest and Canada, but the latter country needs dry weather and sunshine. Threshing returns from the southwest are running high and much better than expected. Country offerings are fair and St. Louis claimed that no sales of hard wheat were made Saturday until after the close when it sold at 3 to 5 cents decline, with one car of No. 1 hard going at 93 cents. Trade are not inclined to pay much attention to reports of black rust in the Northwest, believing that the crop is too far advanced to be materially damaged.

Sentiment is bearish, and a majority of traders say they can see nothing here to cause any permanent upturn except a wet harvest in the Northwest.

Corn sold off early 1-2 to 3-4c, September breaking from 64 5-8 to 64 cents due to the break in wheat and on scattered selling by commission houses and local bears, but a good class of buying developed on the break, and prices rallied to around Saturday's close. Weather reports were mainly favorable, there being showers over a good part of the belt with warmer weather predicted. The Southwest, however, is sending in claims of drought damage. Cash demand is rather slow but country offerings small and stocks show a decrease. Local arrivals were 132 cars against 64 cars last year.

Oats rallied sharply after an opening decline on reports of it being too wet which will delay harvesting and marketing. The bulge, however, failed to hold. Country offerings were light, and a fair investment demand is noticeable on the breaks. Receipts were 95 cars against 173 cars last year.

J. F. PRITCHARD.

### FLOUR STEADY.

Spring wheat flour is steady. There is some foreign enquiry but cabled bids are too low. Local and country trade is active. Manitoba spring wheat, patents first, per bbl., in wood $6.10; do. in jute $5.80; Manitoba spring wheat patents, second, per bbl. in wood $5.60; do. in jute $5.30. Manitoba strong clears, per bbl., in wood $5.40; do. in jute $5.10; choice winter wheat patents, per bbl., in wood $5.40 to $5.50. Winter wheat straight rollers, per bbl., in wood $3.40 to $2.45; do. in jute $2.00 to $2.25.

How you can go into business for yourself

Every man, no matter what his age, if has a spark of ambition in his make-up, would like to go into business for himself. He would like to become a partner in some growing and prosperous concern. Working on a salary and being able to save but a comparatively small amount per year, he has almost persuaded himself that a partnership in a prosperous business is altogether unreasonable for him to expect. Live, wide-awake men should not be carried away by this idea. Such a partnership IS possible as we shall point out in our next talk in this space.

## Nelson, B.C., has A Fierce Storm

**Lake Swept By Tremendous Downpour With Lightning—Buildings Damaged—Three People Drowned.**

Nelson, B.C., July 22.—Three persons are said to have been drowned, the city weigh scales building was levelled to the ground; boardings were picked up bodily and carried scores of feet; street cars and houses were struck by lightning, and gardens and glass houses were damaged, by a terrific rain and hail storm, punctuated by frequent flashes of lightning, which swept over Nelson about 7 o'clock Sunday evening, and a similar, but less severe storm on Saturday.

Scores of people were on the lake in launches, row boats and canoes, when the heavy clouds burst yesterday, and several were driven on the rocks. Numerous empty row-boats were seen from ... steamers ... but the names of missing ... have been reported.

## DR. DEVLIN HAS A FIGHTING CHANCE FOR RECOVERY

**X-Ray Examination Discloses Fact That He Was Shot Twice by Shepherd.**

There has been no change to-day in the condition of Dr. Roland Devlin, the victim of the Turkish Bath shooting affray, and while regarded to be in a critical state, the physicians of the Royal Victoria state that he has a fighting chance. Dr. Devlin underwent an X-ray examination on Saturday, when the fact was revealed that he had been shot twice, instead of only once, as was supposed. The first bullet grazed the lung and broke the collar bone, while the second which is causing the greatest alarm to the physicians, was inflicted from the back, the bullet lodging in the spine, although escaping the spinal cord. This cannever be removed. As a result of this wound, Dr. Devlin is at present paralyzed. Dr. Archibald, assisted by Drs. Keenan and James Devlin, from State Island, a brother of the victim who came to Montreal on receipt of the news, performed the operation. They, however, were not successful in extracting either of the bullets.

## Murder Victim's Large Funeral

**Late Bar Tender at Bath Hotel is Buried at Hamilton This Morning.**

Special to The Montreal Star.

Hamilton, Ont., July 22.—The funeral of Fred. McKenna, who was murdered in Montreal on Friday by John Sheppard, while that man was suffering from temporary insanity, took place in this city this morning from the residence of his father, J. R. McKenna, 158 Hews street south. The chief mourners were the father and mother, the widow, two sisters, Margaret and Catherine, and three brothers, John, Mert and Melville.

The funeral was largely attended, and from the home the body was taken to St. Joseph's Church and thence to the Holy Sepulchre Cemetery, the Rev. Father Leyes officiating at the house, the Church and the grave. The pall bearers were A. Warburton, T. J. Duffy, H. E. Oakes and three brothers, Mert, John and Melville.

Mr. McKenna was well known here, having worked in many hotels in this city, and having been born here, and his untimely death has created a feeling of sincere regret. His wife was Miss St. John, daughter of the former proprietor of the Hamilton Jockey Club hotel.

## CHARLIE GALLAGHER AND THE ROSENTHAL MURDER.

**Singer in Princess Company Was Locked Up for Giving Number of the Automobile.**

Word was received here this morning from friends of Charlie Gallagher, who appeared here recently with the Princess Opera Co., giving an interesting story of his connection with the Rosenthal murder in New York and as a result of which he was kept under lock and key for two hours, until he was released by the District Attorney.

Mr. Gallagher was the only man in New York who was able to give the number of the "murder automobile" which pulled away from the Metropole Hotel, after the murder had been committed. He remained on the scene until the arrival of the police, and immediately gave the number to them, for which act he was asked to give his name and address and later, on the arrival of men from headquarters, was locked up. Mr. Gallagher immediately communicated with the District Attorney, and after telling his story, was given his liberty.

## CONSTABLE CATCHES HIM DESPITE SPEED.

**Man Declares He's Russell Bowie. But is Not the Real Puck Chaser.**

Declaring in a loud voice that he was the best hockey player the world had ever known, and defying any one to catch him even without the glimmering blades attached to his shoes, a man who gives his name as Russell Bowie and his address as 478 St. Charles Borromee street, was arrested last night by Constable Fife on a charge of creating a disturbance and drinking out of a bottle on Viger Square.

Where the prisoner picked up the idea that he could pass himself as the famous puck chaser is not known, as he does not resemble that personage in the least degree.

Bowie is well known for the past few weeks. Only last week he paid a fine of $40 on the same charge, and after he pleaded guilty to the same charge this morning, he was fined $25 or two months.

## MAY OPEN SHERBROOKE ST. TO RUN ACROSS ENTIRE CITY

**Civic Authorities Discuss Scheme to Extend Uptown Thoroughfare in East End.**

There was a long discussion at a caucus of aldermen to-day in regard to a report from the Board of Control favoring the opening of Sherbrooke street in the East End, from Aylwin street to the city limits.

The Aldermen contended that the Controllers should order the opening of the thoroughfare from Fullum street, which is west of Aylwin, and which would result in Sherbrooke street being entirely opened from the east to the west end of the city limits.

The report of the Board of Control was sent back asking that the change be made. Ald. L. A. Lapointe stated that he heard proprietors were asking fancy prices for their properties, and he asked that the Controllers should report what would be the probable cost of the improvement.

**Inspection of School Premises.**

The custom of inspecting schools and seeing that they are in a satisfactory condition to receive scholars—which inspection has always been made when schools open after vacations—is to be done away with, and principals of public and private schools are to be asked to make arrangements for school inspectors to examine the school during the summer months, when the scholars are absent. Building Inspector Chausse said to-day, that a proper inspection could not be made by the present system and that it would certainly have to be changed.

## PAID FARE OF STRIKE-BREAKERS BACK TO TORONTO

**Garment Workers Promptly Met Action of Employers.—Each Side Claims Victory.**

In an endeavor to break the deadlock that exists at present among the wholesale manufacturers of clothing, owing to the striking garment workers, the Manufacturers' Association on Friday summoned by telegraph as many of the garment workers from Toronto as were willing to come East.

In response to the telegraphic call and to the prospect of steady work at good wages, some 57 men and women arrived in Montreal last night, prepared to go to work. They were met at the depot on arrival, however, by the representatives of the strikers who prevailed upon them to return to their city, representing to them that they were simply "scabs."

Considerably alarmed at the prospect of hurting those in the same field of employment as themselves, and to a certain extent fearful of what might happen to them in a strange city under adverse conditions, the entire contingent met the offers of the strike leaders here with ready response, unanimously accepting their fare back to Toronto, from the hands of the leaders of the garment strikers in this city.

Speaking to one of the officials of Messrs. Kellert & Co., this morning, a Star representative found a certain amount of chagrin at the desertion of their prospective employes, who had been apportioned among the various manufacturers as the size of their business and their respective need warranted. At the same time there seemed to be a certain note of optimism prevalent, due to a belief among the manufacturers, that the fares for the 57 operatives who had succumbed to the pleas of their fellow-laborers in Montreal had proceeded out of the funds gathered together last Saturday as the proceeds of the "tag day" campaign they had waged."

**Claims to Have Much Money.**

A very different opinion seemed to prevail at strike headquarters, at Coronation Hall, 204 St. Lawrence Boulevard. Here gathered around upon the sanded floor were group after group of laughing workers, who seemed quite content with the prevailing condition of affairs, and judging from their apparent enthusiasm were ready to go to the limit in order to win their fight. Some of them were heard referring jokingly to the wasted efforts of their Toronto friends' excursion, others were apparently contemplating pleasure jaunts and trips during their days of enforced but apparently very willing idleness.

Questioned as to the funds with which the Toronto would-be workers were returned to their city, the leader rubbed his hands with apparent satisfaction and gleefully remarked: "Don't you worry about that, we've got lots more where that came from, and I think it's about time the employers knew it."

## Girl Has Eight Grandparents

Some time ago the report was published that a little chap in Alberta had seven grandparents living. It now appears that this record is broken by Enid Gwendolyn Moore, whose parents live at 2122 Hutchison street, Outremont. She is seventeen months old, and she has eight grandparents, namely:—Mr. and Mrs. George Moore, and Mr. and Mrs. George Davis, the great-grandparents being Mr. Thomas Moore and Mr. Davis, senior, Mrs. Edward Webster and Mrs. Barlow. The father of this little girl who breaks the record is Mr. M. L. Moore.

## Three Lepers Now in the City

Another leper who developed the disease in Toronto was brought to Montreal yesterday for deportation. At present there are three lepers in Montreal awaiting deportation. The sufferers are being quarantined till definite arrangements can be made for sending them to the countries from which they came.

## GRAND TRUNK TO GET EARLY VANCOUVER CONNECTION.

The news was received at the Grand Trunk offices to-day that the issue of bonds for the Pacific Great Eastern Railway, which are guaranteed by the British Columbia Government, has been a success. This railway is being built in agreement with the Grand Trunk Pacific, to give connection between Vancouver and the Grand Trunk Pacific at Fort George. It is announced that before the autumn 4,000 men will be at work on the line, and that it will be completed in two years' time, or simultaneously with the completion of the G. T. P. into Prince Rupert.

## MISS SIEVWRIGHT DEAD.

The last survivor of an old family died yesterday in the person of Miss Elizabeth Sievwright, aged 85, who passed away at St. Canute, near Montreal. She was the daughter of Archibald Sievwright, of Aberdeen, Scotland, who was one of the earliest settlers north of Montreal, and who was a sargeant in the Peninsular war, under Sor John Moore. Her five brothers have all died before her, as also have her three sisters.

## DR. ADAMI MADE LL.D.

The degree of LL.D., Honoris Causa, has been conferred by Dublin University, upon Prof. J. Geo. Adami, M.D., (Cam.), F.R.S., professor of Pathology at McGill University. This honor is similar to the one recently conferred upon Dr. J. J. Guerin, of Montreal.

**Land Sold for $38,000.**

The land and buildings situated at the south east corner of Duluth and Mentana streets was sold to-day from Mr. M. Benoit to Klein Bros. through H. H. Brosseau and Co., for $38,000. The property has a frontage on Duluth street of 106 feet and on Mentana of 100 feet, making the total area 10,600 square feet and the rate per square foot equal to about $3.58.

**Journeyman Bakers' Picnic.**

The 51st annual picnic of the Journeyman Bakers, Local 31, Canadian Federation of Labor, was held on Saturday to Otterburn Park in conjunction with the Wire and Cable Picnic and a very enjoyable outing was indulged in.

## WARNING JAPANESE AGAINST BEING TOO OPTIMISTIC NOW

**Emperor Has Only Got Over First of Three Stages of Disease, Says Specialist.**

Tokio, July 22.—The bulletins issued from the palace by the Court physicians reporting the improved condition of health of Mutsuhito, the Emperor of Japan, have been received with general evidences of satisfaction throughout the capital to-day. That the Emperor, who was actually at the point of death, is almost superhumanly regaining his health, naturally adds to his wonderful prestige throughout the Empire.

The stock market improved generally as a result of the satisfactory news.

The Niche-Niche, one of the leading newspapers publishes a report that entertainments are to be resumed tomorrow.

A note of warning, however, is sounded by one specialist, who is quoted as saying that this is only the first stage in the Emperor's malady, and advising against over-hopefulness because the second and third stages of the disease must be passed through before full confidence in His Majesty's recovery can be restored.

It is reported to-day that the Emperor was at one time sufficiently conscious to be able to speak intelligently with the chief Court physicians. This afternoon a number of representatives of various Christian sects visited the Palace to express their condolence with the Imperial family and their hopes for the recovery of His Majesty.

Crowds of school children gathered outside the palace grounds to-day and presented an intensely moving spectacle while they prayed for the recovery of the Emperor.

The Crown Prince is reported to have almost entirely recovered.

Count Shigenobu Okuma, former Foreign Ministers, and others of the Elder Statesmen, visit the Palace daily to enquire after the Emperor's health.

## Reputed Rich, Dies Insolvent

**Stock Broker Was Son of Millionaire Banker—Miss Margaret Anglin is One of the Creditors.**

Special to The Montreal Star.

New York, July 22.—Maurice S. Wormser, who was reputed to be a millionaire, was hopelessly insolvent when he died two years ago. A report of his estate will be filed with the Surrogate to-day. Among the list of creditors of the stock broker is Margaret Anglin, the Canadian actress, Miss Anglin, who was in the stock market, and a client of the broker, has a claim against the estate for $5,658, which is said to be due on stock account.

Maurice S. Wormser was a son of Isidore Wormser, the multi-millionaire banker. He is survived by a widow, Mrs. Florine Wormser, of 14 East Sixty-second Street and two children. Mrs. Wormser, as administratrix of the estate, will file a report in the Surrogate's Court. This will show that her husband left assets of only $2,948. The chief creditor of the Wormser estate is his wife. She claims she lent $60,000 cash to him, and also that she is assignee of $20,000 worth of claims she paid in his behalf.

## Plot on Life of King of Italy

**Police Make Many Secret Arrests of Men Who Are Said to be Anarchists.**

Special to The Montreal Star.

Rome, July 22.—Reports were current to-day that a plot to assassinate King Victor Emmanuel had been discovered by the police. Te Department of Justice refused to comment on the reports, but it is known that a number of secret arrests have been made during the last three days.

The prisoners are said to be anarchists. Three of the best detectives of the Government secret service were despatched on secret errands to French and Swiss frontiers this afternoon.

## MAY BE EXTRAVAGANCE IN RAILWAY BUILDING.

Special to The Montreal Star.

Ottawa, July 22.—Messrs. Gutelius and Yynch Staunton, commissioners investigating the construction of the Transcontinental Railway, have returned to Ottawa, after inspecting the line from Winnipeg to a considerable distance east of Cochrane. They have yet to go over parts of the line in Quebec.

Evidence of the engineering staff has been taken at different points, and if the final report is not ready for the opening of Parliament, there will be at least an interim one.

No official intimation as to the character of the finding is yet forthcoming, but it is understood that the result will be such as to fully justify the inquiry. While the line is well built generally, it is understood that extravagance in construction and location is not lacking.

## ONTARIO WINS APPEAL BEFORE PRIVY COUNCIL

**Case Involves Lease of Rights to Niagara Power Development.**

Toronto, July 22.—The province of Ontario has won an important lawsuit in which hundreds of thousands of dollars were involved from the Niagara Power Company. Decision was given by the Privy Council to-day.

The case was one of the Attorney-General against the Canadian-Niagara Power Co. and arose over the interpretation of the lease of rights to power development from the Niagara River. The Province contended that the lease required the company to pay a tax on the peak or highest load of electricity carried on the wires. The company contended it was required to pay on the metered quantity of power, and their contention was upheld by the trial Judge and by the Court of Appeal. The Judicial Committee of the Privy Council to-day reversed their decision.

The lawyers in England for the province were Chas. Russell and Company and for the respondents B. Lake and Ridden.

Seattle, Wash., July 22.—United States District Judge Cornelius H. Hanford, whose conduct on the bench has been under investigation for nearly a month by a sub-committee of the House Judiciary Committee, telegraphed his resignation to-day to President Taft.

## PROSPEROUS PRINCE RUPERT.

Despite the belittlements of rival municipalities and the fact that the Grand Trunk Pacific steel has not yet "arrived" no city in western Canada has perhaps made more markedly gratifying progress during the year 1911 than Prince Rupert, the Pacific terminus of the G. T. P. and the destined port of the "All Red Route." This progress has been reflected in a perceptible prosperity general throughout northern British Columbia. The record of this development is to be found in the annual report of the enterprising Board of Trade and the importance of the main features is a fair indication of the many subsidiary developments that have accompanied them.

In June 1911, the Grand Trunk Pacific inaugurated their train service from Prince Rupert to Van Arsdol, thus opening up the first one hundred miles of the western section for the benefit of the public. This section alone is one that has increased the trade of the city, opening up the various valleys, such as Kitsumkalum and Lakelse, in addition to bringing it into communication with an excellent country farther to the east. Within the past few weeks this service has been still farther extended to the Skeena River Crossing, within 15 miles of the town of Hazelton. In this way the steamboat service on the river has been largely superseded and those interested in the section quicker and cheaper transportation.

Beyond this the western section contracts have been awarded as far as Mile 340 or thereabouts, and on conditions that grading must be completed by the end of this year. On the eastern section the same applies to Fort George. A gap therefore of less than 100 miles is left for 1913.

The Grand Trunk Pacific Steamship Co. now has three passenger and two freight steamers serving Prince Rupert; the arrival during the year of the G. T. P. steamer "Prince John" for service to the Queen Charlotte Islands and northern points marking a new era in the north coast business. The mail service from Vancouver has also been considerably improved.

Not only has the G. T. P. added 200 feet to its already extensive docks, with further additions in contemplation but the new wharves and warehouses built by the Provincial Government are to be ready for use in two months' time. Work is being pushed at the present time on the Grand Trunk Pacific terminals and dry dock.

The Prince Rupert Hydro-Electric Co., Ltd., has had a force of 40 men on survey work since August 1st, and as soon as their reports are prepared the work of construction will be commenced. The hydro-electric plant will, it is understood, be constructed during the present year, as also the permanent water system from Woodworth Lake to the city at a cost of $550,000. The hydro-electric company is developing from two sources the Khatada and Oxtall Rivers and expects to be able to supply 30,000 horse power at a cost of approximately $2,500,000. The municipality is continuing the work of street grading, placing of sewers, and general betterment.

There were approximately 61,000 tons of freight handled into Prince Rupert, during the year, which is an increase of over 62 per cent over the tonnage of 1910. There were moreover 14,094 passengers carried over the 100 miles of the Grand Trunk Pacific Railway between Prince Rupert and Van Arsdol in operation from the middle of June to December 31st, or an average of 2,562 passengers per month. The customs receipts for the year amounting to $101,553.88 in all show an increase of $4,170.34 for 1910, which is very creditable.

The Canadian Fish and Cold Storage Co. has completed its plant, which is the largest on the continent and at Porpoise Island 6 miles from the city, the B. C. Fisheries, Ltd., intends to build a very large cold storage, fish curing and packing plant. During the year the salmon packed in British Columbia amounted to 900,000 cases, of which the Naas and Skeen Rivers adjacent to Prince Rupert produced 320,000 cases.

Queen Charlote Islands have two whaling stations operating 10 months in the year and giving employment to a number of hands. It is reported that over 400 whales were caught and disposed of at Naden Harbor.

The Granby Consolidated Mining Co. has purchased and is operating the well-known and valuable properties of the Hidden Creek Copper Co. at Goose Bay. It is the intention of this company to induce its establishment if possible at or near the city on the line of the Grand Trunk Pacific. Such a record of achievement any city might well look on with envy.

### TENDERS FOR DREDGING.

SEALED TENDERS, addressed to the undersigned, and endorsed "Tender for Dredging, Yarmouth, N.S.," will be received until Tuesday, August 6th, 1912, at 4.00 P.M. for dredging required at Yarmouth, Yarmouth County, N.S.

Tenders will not be considered unless made on the forms supplied, and signed with the actual signatures of tenderers.

Combined specification and form of tender can be obtained on application to the Secretary, Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the work. Dredges and tugs not owned and registered in Canada shall not be employed in the performance of the work contracted for. Contractors must be ready to begin work within thirty days after the date they have been notified of the acceptance of their tender.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, for fifteen hundred dollars ($1,500), which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself accept the lowest or any tender.

By order,
R. C. DESROCHERS,
Secretary.

Department of Public Works,
Ottawa, July 18, 1912.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Public Building, Lethbridge, Alberta," will be received at this office until 4.00 P.M., on Wednesday, August 14th, 1912, for the construction of the building mentioned.

Plans, specification and form of contract can be seen and forms of tender obtained at the office of Mr. J. E. Cyr, Superintendent of Public Buildings for Manitoba, Winnipeg, Man., on application to W. C. Norman, Caretaker, Public Building, Lethbridge, Alberta, and at this Department.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
R. C. DESROCHERS,
Secretary.

Department of Public Works,
Ottawa, July 20, 1912.

Newspapers will not be paid if this advertisement is inserted without the authority of the Department.—20442.

CURED OF RUPTURE AT 87

To B. Lindman, Montreal:

Dear Sir,—For years I suffered from scrotal hernia, and after using several kinds of trusses I was fitted with your truss. After wearing same for about nine months, I was entirely cured, and thereupon discontinued its use, and have not since required it, and feel as if I had never been troubled with hernia. I may add that I am now 87 years of age and never felt better than I do at present.

# QUEBEC SETTLERS FOR FARMS ALONG NEW RAILWAY

### Statement That the Provincial Government Will Populate Big District.

Special to The Montreal Star.

Toronto, July 22.—A staff correspondent of the Globe, in a letter from Cochrane, Ontario published to-day, says that before the Transcontinental trains are running between Cochrane and Quebec, in about eighteen months' time, every farm along the track will be taken up between the Quebec boundary and the Harricana River by French settlers from Old Quebec, brought to the north by the paternal Quebec Government.

Thence from that sixty-eight miles of frontage, the settlers will spread east and possibly west, over the interprovincial boundary.

### Dean Protests Against Extradition to Canada — Statement That he May Confess.

Special to The Montreal Star.

Los Angeles, Calif., July 22.—It is intimated that a confession will soon be made by Charles Dean, alias Hoffman, in jail here charged with complicity in the robbery of the Bank of Montreal branch at New Westminster, B.C. Dean is expected to implicate Albert Addison and John McNamara, Dean's behavior since the reported capture of Martin Powell and Frank C. Davis at Detroit leads to this belief.

A protest against surrendering Dean to the Canadian authorities has been sent to the State Department at Washington, and if that fails the only resource left him is an appeal to the United States Supreme Court. It is estimated that he has already spent $5,000 on his defence, and it is believed he has exhausted his means.

# MR. ANDREW LANG, FAMOUS WRITER, DIES SUDDENLY

### Celebrated as Classical Scholar, Essayist, Poet, Historian, and Translator.

Special to The Montreal Star.

Edinburgh, July 22.—Andrew Lang, the famous scholar, poet, critic, anthropologist and historian, died suddenly at Banchory, early on Sunday morning, from heart disease. He had arrived at that holiday resort only on Tuesday last, apparently in excellent health; but was stricken on Saturday forenoon, and, despite the best medical skill, passed away not long after midnight.

### "ADMIRABLE CRICHTON" OF MODERN LETTERS.

Andrew Lang was a notable figure in the latter-day literature of Great Britain. He excelled in many fields; indeed, his versatility was extraordinary. A scholar without pedantry, a master of light yet polished verse, a profound student of folk-lore, and anthropology, a journalist capable of all save dullness, the laureate and chronicler of many sports, Andrew Laug was king among free-lances—the Admirable Crichton of modern letters.

He was born at Selkirk, Scotland, March 31, 1844, the son of John Lang and Jane Plenderleath Sellar. He spent his youthful days in the Scottish border land, the district wherein Scott and Hogg and Leyden 'made themselves,' and which Wordsworth so charmingly celebrates in his poems on the Yarrow." His schoolboy days were mainly spent in Edinburgh. Thence, in 1862, he passed St. Andrew's University, finishing up at Balliol College, Oxford, where he took his degree of M.A., later becoming, fellow of Merton College. Eventually he took up his residence in London.

### SPLENDID TRANSLATOR OF OLD GREEK BARDS.

As the result of his studies at Oxford, Mr. Lang became a thoroughly equipped classical scholar, being captivated by the immortal bards of ancient Greece and especially by Homer and Theocritus. As a translator he did splendid service. Utterly free from the petty narrowness of the mere "particle-hunter," he seized the spirit of the poet he translated and got into fullest sympathy with it. His prose translations of Homer and Theocritus, Bion and Moselius, are as beautifully rhythmical and poetic as if expressed in rhyme. "The rich rhythmical prose," says one, "in which he has chosen to represent the sounding hexameters of the Odyssey, entities him to a place beside the great scholars of that golden age of translation, the sixteenth century."

In the realm of scholarship the study of comparative mythology and kindred subjects had special charms for him, and furnished material for some of his most attractive stories. His two more elaborate works on mythology, "Custom and Myth" and "Myth, Ritual, and Religion," are regarded as authoritative if not indeed final. Working on the lines of Evolution, he has shown that myths are not the creation of poetic dreamers who lived in a sort of tremulous sympathy with Nature writing of dawn and twilight, clouds and dew, calm and tempest; but, that they are legacies from remote and barbarian ancestors, and are best explained by the careful study of the customs and beliefs of contemporary savages.

Neither was he less successful in his translations from modern masters, such as Theophile, Gautier, About, Balzac, and Tolstoi. From these great writers he has given us, in our own tongue, a series of masterpieces, each as perfect as scholarship and care, combined with a poet's insight, can make them.

With regard to the more ephemeral work of Mr. Lang, scattered among London journals, the clever and sparkling text, full of quotations and references supplied by his overflowing memory, stamped them with a quality which belonged to himself alone.

### AUTHOR OF LONG LIST OF WORKS.

As a poet, he was light, airy and graceful; and as a critic he evinced rare excellence. Some of his choicest work in this department is contained in that charming book of his—"Letters to Dead Authors."

Among his works, other than those already mentioned, are: "Ballads and Lyrics of Old France," "Ballads in Blue China," "Helen of Troy," "Rhymes a la Mode," "Books and Bookmen," "Grass of Parnassus," "Ballads of Books," "Letters on Literature,"

# SENSATION MAY DEVELOP OUT OF FARMERS BANK CASE

### Toronto Globe Publishes a Story Affecting the Conduct of Detectives.

Special to The Montreal Star.

Toronto, July 222.—The Globe today prints a story to this effect:

Developments of a serious character are pending as a result of the evidence adduced at the recent sittings of the commission engaged in investigating the affairs of the defunct Farmers' Bank, touching the alleged conduct of the members of the Toronto detective department.

The Globe says it learns that on the conclusion of the last sitting of the inquiry before Sir William Meredith, in Toronto, a certain material witness laid before the officers of the Crown a statement in which he alleged that prior to giving his evidence he had been instructed along the lines upon which he must testify by an officer of the detective force, who threatened that if he did not rigidly adhere to the lines, he would see to it that the witness "landed in the penitentiary."

The Crown officers, it is understood, laid the matter before the Hon. J. J. Foy, the Attorney-General, on Saturday and it is not improbable that the Attorney-General will lay it before the Government to-day.

In the meantime, according to the Globe, Colonel G. T. Denison, of the City Police Commission has made application to the Commissioner and to the Attorney-General's Department for copies of the evidence taken before Sir William Meredith relative to the conduct of Inspector of Detectives Palter Duncan and for all other papers and information bearing upon the Inspector's connection with the case.

## TEN THOUSAND BIRTHDAY GUESTS.

### Waggener's Celebration Takes Place of "Fourth" in Kansas.

Atchison, Kan., July 22.—B. P. Waggener, general solicitor for the Missouri Pacific and a widely known Kansas politician, is 66 years old, and there is not a child in northwestern Kansas who does not know it. Many of them are in Atchison to-day. They came on special trains with their parents. The trains, there were four of them, were paid for by Mr. Waggener. The picnic, which is the thirteenth given by him, will cost Mr. Waggener $10,000.

To intertain the 10,000 children here for the picnic he engaged four circus acts, Paul Studensky, who made two aeroplane flights; a merry-go-round, four troops of cavalry from Fort Leavenworth, a vaudeville show and three bands.

The picnic is as much of a success as any given in former years by Mr. Waggener. He gave the first one for his granddaughter, Louise Waggener, and it was such a success that he has given one every year since, and now Mr. Waggener's picnic is celebrated in Atchison instead of the Fourth of July.

Three deaths occurred on Saturday in the suburbs of San Juan from bubonic plague. One suspect has been found. These cases were not reported to the authorities. Since the outbreak of the plague there have been 37 cases and 26 deaths throughout Porto Rico. The Haffkine vaccine has been administered to all persons residing in the infected districts.

"Life, Letters and Diaries of Sir Stafford Northcote," "How to Fail in Literature," "Blue Poetry Book," "Blue Fairy Book," "Red Fairy Book," "Green Fairy Book," "Yellow Fairy Book," "Olive Fairy Book," "My Own Fairy Book," "Homer and the Epic," "The Book of Dreams and Ghosts," "The Making of Religion," "The Red Book of Animals," "Prince Charles Edward," "A History of Scotland," "John Knox and the Reformation."

### The River Bank Home.

The Home on the Richelieu River at Chambly is now open. Applications for admissions may be made to the committee at the "Star" Office, 165 St. James St., on the afternoons of Monday, Tuesday and Wednesday of each week during the season, between the hours of two and four o'clock. Every application must be accompanied with a certificate from the clergyman to whose church the applicant belongs. Blank certificate forms may be obtained from the secretary at the "Star" office, St. James Street.

The Fresh Air Fund is administered by a volunteer committee of men and women, including the city missionaries, interested in the welfare and suffering of children. It is established to take away from the city, for a longer or shorter period children and mothers whom the visiting doctor advises to send. It is:—

1st. For the sick children of the poor.

2nd. For the tired working mothers with children.

3rd. For children threatened with sickness and whose parents have not the means to enable them to leave the city.

Five dollars will send a mother and sick child to the country for a fortnight, and larger amounts will do proportionate good. Contributions may be sent to the "Star" office, 165 St. James St., Star Branch office, Peel St., near St. Catherine, or to Chas. M. Alexander, Esqr., Hon. Treas., 219 St.

## GREENFIELD PARK TO REGULATE AUTO SPEED.

**C. F. Millard Appointed as Building Inspector by the Town Council.**

At a special meeting of Greenfield Park Town Council on Saturday, Mr. C. F. Millard was appointed Building Inspector. The road superintendent reported that the bridge at the upper part of the town had been fixed with concrete foundation, and Council was pleased with the work. The surveyor stated that the drain on Lapraire Road, would shortly be completed to the nearest water course.

A petition respecting the high speed of automobiles was received, which Council decided to act on. No replies having been received from the Board of Railway Commissioners or Grand Trunk Railway respecting gates at the crossing of the road, it was decided to adjourn for a week.

## TWO FIREMEN ARE INJURED.

Captain Charbonneau and Fireman Coursol, of No. 30 station were yesterday seriously cut about the face and hands while fighting a fire which broke out in the grocery shop of Mr. O. Vaillancourt, Laurier avenue. The fire, the origin of which has not been ascertained, had made considerable headway by the time the firemen arrived on the scene, and had done, it is estimated, about $600 worth of damage before extinguished. The two injured firemen were attended by Dr. Beauchamp, of St. Lawrence street.

## POISONING IS MYSTERIOUS.

The coroner's jury, at the inquest held on Saturday into the death of Alice Douvivier, 24 years of age, who on Tuesday was conveyed to the General Hospital from 148 Lagauchetiere street East, returned a verdict of death from poisoning, which may have been taken by mistake. Dr. MacTaggart's evidence was to the effect that death had been due to an overdose of morphine, and examination revealed the fact that she was addicted to the use of the drug.

## INJURED BY CAR.

While attempting to cross St. Denis and Belanger streets last night, Miss Rosa Giguere, 20 years of age, 1598 St. Denis street, was knocked down and seriously injured by a south-bound street car. She was taken to the Notre Dame Hospital.

## Banker Morse Will not Talk

**Would Be Unwise to Discuss Business Affairs at Present Time, He Says.**

Special to The Montreal Star.

Bath, Maine, July 22.—There have been persistent rumors in Bath during the past week that Charles W. Morse has been arranging to put on a line of steamers from Montreal to New York.

Mr. Morse, when seen last night, said:

"I do not care to discuss the subject. In fact, I do not care to discuss business affairs in the public press at this time. It would be unwise.

"I am simply looking up the existing condition of things, and until I can regain my health and get my bearings it would be foolish for me to jump into any plan or to discuss through the public press any ideas which I may have in mind."

## TWO GERMAN WARSHIP OFFICERS ARE DROWNED.

**Eight Others are Taken From Sea Unscious but Later Revived.**

Koenigsberg, Germany, July 22. — Two officers of the German battleship Thuringen, which is anchored with the remainder of the second squadron of the active fleet in the Kurisches Haff, were drowned by the capsizing of one of the small boats belonging to the warship which was taking a boat-load of officers back to the vessel from shore. Eight other officers were brought ashore unconscious but were resuscitated.

Another boat load of bluejackets belonging to the fleet was also wrecked in the surf, but all were saved.

## BREAKS NECK IN DIVE.

**Boy Dove Off a Pier, His Head Striking Bottom of Lake.**

Special to The Montreal Star.

Port Stanley, Ont., July 22.—A sad accident occurred at Port Stanley yesterday afternoon, when a young man named Ely, aged 17, son of the manager of Oak Hall, London, was killed as a result of breaking his neck.

The young lad was bathing in the lake, and in diving off of one of the piers his head struck the bottom.

**Japanese Prince Hurries Home.**

St. Petersburg, July 22.—The serious illness of the Japanese Emperor has decided Prince Hatsura to terminate as speedily as possible his visit to Russia. The Prince and his party will leave here for Japan on July 27. All receptions and banquets during his stay here have been cancelled as well as his proposed visit to other capitals.

**Dies in Shaving Chute.**

Toronto, July 22. — George Merriman was found dead in a shaving chute at Laidlaw's lumber mill on Saturday afternoon. The unfortunate man, it is thought, was walking along a plank and fell into the shaving chute and was smothered.

## LORD MILNER WILL VISIT CANADA SOON.

Special to The Montreal Star.

Ottawa, July 22.—Lord Milner, who was Governor of Cape Colony during the South African War, will visit Canada this autumn. He is likely to go right through to the coast. Lord Milner's visit will be entirely unofficial.

## HOME RULE IRELAND IS WILD WITH JOY.

**Orange Districts Are Furious Over Premier Asquith's Speech.**

New York, July 22.—A cable from Dublin says:

Home Rule Ireland is wild with enthusiasm and the Orange districts are furious over the speech of Premier Asquith in the Theatre Royal here. John Redmond himself, both sides say, could not have been more aggressively, forcibly, antagonistic.

The Premier is almost an object of warships here. At Belfast the most violent threats are being made against him, and should he visit there it is more than likely that he would suffer actual rough handling.

The anger felt there toward the suffragettes who are alleged to have plotted to burn or blow up the Theatre Royal, and who attempted to interrupt the Premier's speech there, is intensified from the fact that it is looked upon as an attempt to sacrifice Irish interest to the votes for women campaign.

## CRAMP SEIZES DOCTOR.

**Brooklyn Physician Drowns While Bathing at Port Colborne.**

Port Colborne, Ont., July 22. — A sad drowning accident occurred here on Saturday. Doctor Murray, of Brooklyn, N.Y., came here with his wife and child to visit his sister, Mrs. Goodwin, at Welland, who has a cottage on the lake shore. The doctor was in bathing and either was seized with cramp or caught by the undertow, as quite a sea was running. The body was recovered shortly afterwards and worked over for two hours, but life was gone. He was an expert swimmer and about thirty years old.

**Sandhog Killed by Bucket.**

Quebec, July 22. — Oscar Johnson, a "sandhog employed at the sinking of the caisson in connection with the Quebec Bridge at the Chaudiere, met with a fearful death Saturday night. He was at work below the river bed, when the bucket used to hoist the debris from the inside gave way, and fell on him. It struck the man on the head, knocking him aside lifeless with both legs broken in several places.

**Portugal Uprising Costs Much.**

Lisbon, July 22.—Conditions are peaceful at both Lisbon and Oporto. Flying columns of Republican troops continue the search in the north for the Royalist bands, but no more have been found. Several army officers have been arrested, charged with complicity in the Monarchist plot. The Minister of War says that the Government has mobilized 5,500 men and spent $2,200,000 to quell the rising.

## Rescue Family From Blaze

**Two Brothers Break Into House and Rescue Father, Mother and Children.**

Discovering that a house was on fire, near the corner of Vallee and Benoit streets, two brothers Frederick and Alwin Fall, employes of the Chelsea Hotel, yesterday succeeded in rescuing Mr. Louis Blom, his wife and their three children. The blaze occured shortly after 2 o'clock yesterday morning, and the two brothers knowing that there were several people in the house, lost no time in breaking down the door and arousing the family, carrying the three children to safety. The house is an old one of wooden structure, and although the blaze had made considerable headway by the time the firefighters arrived on the scene, it took them only a short time to flood out the flames. The cause of the fire has not as yet been ascertained.

## SUICIDES IN CONFESSIONAL.

**Woman Takes Drug Mixed With Holy Water from the Font.**

Meride, Conn., July 22.—Miss Cora Desureau, 29 years old, committed suicide in the confessional of St. Joseph's Roman Catholic Church here Saturday afternoon by the use of poison. Before taking the drug the young woman had mixed it with water taken from the holy water font in the church vestibule. She had been dead some time when found. The medical examiner believes she was suffering from religious mania.

## THE COOL SCENIC WAY TO WINNIPEG.

There are comparatively few people in Quebec aware of the fact that the Canadian Northern Railway are operating some seven thousand miles of railway in Canada and that throughout the Prairie Provinces they have a network of lines radiating through the richest and most picturesque sections of the country extending for four thousand five hundred miles and connecting most of the big centres of population. During the hot months of summer, when so many people use the lake route to reach their destination in Western Canada, they will find it to their advantage to take one of the trains connecting with the boats at Port Arthur and journey on. No better equipped trains can be found anywhere on the continent. In wide-aisled, electric lighted sleepers, the passenger, fresh from the voyage up the Great Lakes, is transported through a region that is wonderfully picturesque. Along rushing rivers and through valleys that are altogether delightful the train speeds in daylight and even after hours of sight-seeing the traveller turns to his magazines with a sigh when the lake twilight was merged into the night. Mr. James Morrison, the Assistant General Passenger Agent at Montreal, will be pleased to answer any enquiries in connection with this route. And your nearest Station Agent is in a position to reserve sleeper space for you at any time.

## MEXICAN REBELS ATTACK TRAIN AND KILL SIXTY PEOPLE

**Some are Shot Outright, While Many Others Perish in Burning Railway Car.**

**PRIEST PUTS STOP TO THE CRUEL WORK**

**Rebels Rob the Dead and Living and Loot the Express Car—Bullets Riddle Child.**

Mexico City, July 22.—According to reports which have leaked out, a number of passengers in the second class coach of the passenger train, which was attacked by Zapatistas, between here and Cuernavaca Saturday, were burned to death when the rebels set fire to the train.

Altogether sixty people were killed and many were wounded in the assault, and it has been reported that thirty passengers in the second class coach were shot down, but it is now said that only nine were slain outright, and that the rest perished in the flames. A strict guard has been placed over all survivors since the arrival here. The Zapatistas robbed the dead and living, and looted the express car.

Among the first to fall was the ten-year-old daughter of Capt. Rosendo Nunez. She was sitting near a window and the first volley from the attacking party literally riddled the child with bullets.

**CAR WAS TARGET FOR MANY BULLETS.**

"From the time the train stopped until it ended," said one of the soldiers, "there was a veritable rain of bullets. At least 500 rifles were in the first volley, and the car in which we were travelling was the target. Most of the bullets came through the roof. The second Lieutenant had eighteen bullets through his body. The first lieutenant was also wounded almost at the first shot.

"The captain was travelling in the first-class coach, two cars back, and his child was lying dead before him. By the time he could get through the two cars, crowded with screaming women and children, thirty of the men were down. When he arrived we were firing from the car windows. The only targets we had were straw hats on the embankments, which we found out afterwards were left there by the enemy as decoys. When we went outside we were overwhelmed and unable to use our guns in the hand-to-hand fight."

**PRIESTS STOP THE BIG SLAUGHTER.**

"A Spaniard, who was on the train, a land owner in Morelos, known to the rebels, had a narrow escape. A priest interceded for him and his life was spared. Witnesses say the priest walked into the thick of the fray and sought out Delao, the leader, and said to him:

"Genevevo, what are you doing? Would you have the blood of innocent people on your soul?"

The execution was then stopped.

**PEASANTS FRATERNIZING WITH PORTUGUESE SOLDIERS**

**But Hundreds of Refugees in Spain Await Return of Monarchy.**

Lisbon, Portugal, July 22. — Calm reigns throughout the country, but the Republican troops continue to patrol these districts in which Royalists outbreaks have occurred. The temper of the people is shown by the fact that the peasants fraternize openly with the soldiers everywhere.

**May Wait a Long Time.**

Madrid, July 22.—Hundreds of refugees from Portugal are arriving in Madrid. Among them, are several army officers and journalists who have issued a statement to-day in which they say:

"We will go to America, Germany, or Japan if necessary, but we will never return to Portugal so long as the Monarchy is not restored."

**GERMAN NEWSPAPER ASSAILS GREAT BRITAIN.**

**Demands that the United States Intervene in Rubber Country.**

Berlin, July 22.—The Berliner Tageblatt publishes a leading article assailing Great Britain for the conditions in the Putumayo Rubber district of Peru. The newspaper demands that the United States intervene as the atrocities against the Indian rubber collectors have created a situation which is variant to the Monroe Doctrine, under which the United States can bring pressure to bear on a South American Republic failing to observe the standards of culture and morality. Such a course, the Tageblatt says, would be far more praiseworthy than the protection of delinquent debtors against European creditors.

WHEN YOUR HAIR BRUSHES OUT
Your hair is as sensitive as your skin—even more so. It stands up under heavy hats, curling irons, and diseases of the scalp, etc.—But there is a limit.

When you comb and brush your hair in the morning, watch for the "TRAILERS" that turn grey, fall out, and comb out with the first morning brush.

You MUST know that there's something wrong. If your hair was in good health, it wouldn't fall out, nature never intended that. There is something wrong at the root of things—the hair needs a tonic—a restorer.

When you are sick you take medicine. That is your first thought. Its turning grey, falling out, are both ways the hair has of "complaining of illness." It can't do it in any other way.—Do YOUR part. Use—

## France's Naval Programme Big

**But Wisdom of Four-Gun Turrets and Large Tonnage is Questioned.**

Paris, July 22.—Important details as to the four super-Dreadnoughts which the French Government will lay down next year in accordance with the present naval programme have just been made public by the Upper Naval Council and are giving rise to much discussion.

The new men-of-war will displace 25,000 tons each, and are calculated to make a speed of 21 knots. Each will have twelve guns of thirty-four centimeters, grouped in four turrets along the axis of the vessel.

In armament, speed, and tonnage these vessels are considerably in advance of those now under construction, and the French Government is the first to adopt the new principle of installing four guns in each tower.

The wisdom of this latter innovation is gravely questioned by a large number of critics in the navy, both officers and engineers.

Sharp comments are also made here with regard to the fever for an increase in tonnage, which the French navy, it is asserted, has caught from the world race for naval supremacy and which, it is declared, is being pushed too far. It is pointed out that a 1913 ship will cost the country not less than $14,000,000.

## A GRUESOME EXHIBIT.

Cheyenne, Wis., July 22.—The head of a murdered woman with long floating brown hair was an exhibit in court on Saturday at the trial of J. Warren Jenkins for the murder of his wife. The gruesome exhibit was used to show the manner of death. Jenkins broke down and it was an hour before he recovered. He is accused of murdering his wife in order that he might get possession of a fortune of $50,000 belonging to her.

## PREMIER ASQUITH PLEASED AT RECEPTION.

London, July 22.—The Prime Minister has returned to London from Dublin. He said that his reception in Dublin was unparalleled in enthusiasm, and proved that Home Rule would enormously strengthen the Empire. The Liberals, Mr. Asquith declared, were never more united than they are now.

## DOUBLE DROWNING IN SASKATCHEWAN.

**Man Loses His Life Trying to Rescue His Grandson.**

Yorkton, Sask., July 22.—A sad double drowning fatality occurred at Long Lake, Yorkton, yesterday morning, when John Furby, formerly of Yorkshire, and one of Yorkton's oldest residents, and his grandson, Tyrrell Innocent, were the victims.

Furby, accompanied by his niece, Miss Furby, of Winnipeg, and his daughter, Mrs. Innocent, of Alvina, Michigan, together with her son, Tyrrell, aged 5, were boating when the child fell in. Furby, who is about 60 years old, jumped after the child, but both were drowned.

## FIVE THOUSAND PEOPLE LEAVE MEXICAN DISTRICT.

**Earthquake Causes People to Fight for Tickets at the Depot.**

Guadalajara Mex., July 22. — Fully 5,000 people have left Guadalajara within twenty-four hours. The earthquake shocks were the most severe since the disturbances began, several months ago.

More than 2,000 men, women and children left by train fighting for tickets. Thousands more are camping with their household goods outside the town limits.

## Strange Death in Roof Tragedy

**Man Drawn Into Drain Pipe by Suction and Drowned Before Friends' Eyes.**

New York, July 22. — Robert Kinsella was drowned on the top of a twelve storey building in which he lived, in East Sixteenth street, late yesterday, when he went to the roof to release a foot and a half of water which had collected there after the drain pipe became clogged. He ran his right arm down into the drain pipe and as he released the rubbish the suction of rushing water caught him.

His arm was drawn in up to his shoulder and became wedged in the pipe. Three companions strove frantically but vainly to release the imprisoned man. The suction held him in the pipe and his head was drawn into the water, which still remained on the roof. Looking up through the few inches of water that covered his face, mutely appealing to his helpless friends, Kinsella was drowned.

Ottawa, July 22. The Cabinet Council has decided that the law will be allowed to take its course in the case of Samuel Wilinsky, a Pole under sentence of death at Macleod on July 25, for the murder of a fellow-countryman.

## IRISH MOB WRECKS A NEW SANATORIUM

**Armed With Ropes and Pickaxes, Lucan Villagers Demolish Building.**

Dublin, Ireland, July 22—A nearly completed consumption sanitorium under construction at Lucan, a village, about seven miles to the West of the city, under the auspices of Lady Aberdeen, and the Women's National Health Association, was demolished today, by irate dwellers in the vlinity.

A great mob armed with ropes and pikaxes, first tore off the roof and then threw down the walls, leaving nothing but a heap of debris. The inhabitants of Lucan displayed much hostility to the scheme since its inception.

## YOUTH'S PAST LIFE BECOMES A BLANK.

San Mateo, July 22.—One of the strangest cases that the surgeons in the marine hospital service ever have met with is that of Horace Walling, the eldest son of Mr. and Mrs. H. H. Walling, of San Mateo, who was stricken with a mysterious malady while with the United States training ship Nashville in San Domingo bay, Haiti, and now lies in the naval hospital at Portsmouth, Va., suffering from a complete loss of memory.

One day, while the Nashville was in port at San Domingo, Walling, assistant gunner on the training ship, went ashore alone. Half an hour later he was brought back to the ship in a dazed condition, unable to speak, hear or walk. At first the surgeons were inclined to believe that he had been drugged by the natives, but as his condition remained the same, that theory was abandoned. An examination failed to reveal any evidence of sunstroke and no bruises of any kind were found on his head or body.

## STEEPLEJACK TAKES PHOTOS IN CRATER.

Rome, July 22. A daring feat has just been successfully accomplished by Harry Vail, an American steeplejack, now tramping his way around the world. A wealthy Neapolitan scientist saw Vail at work cleaning the tall spire of the cathedral at Florence and the cool hardihood of the human spider suggested an idea to him. Desiring some photographs of the heart of the crater of Vesuvius in action, he offered Vail a handsome fee and liberal expenses if he would make the descent with a camera and take pictures. Vail took him up, was lowered over the lip of the crater and secured several marvellous photographs. While Vesuvius was merely in a mild state of eruption, the danger of the descent was considerable. Vail is now looking around for more craters to conquer.

**Marine Notes.**

The Cervona, which arrived yesterday afternoon, brought a lot of 29 ponies, consigned to Mr. W. W. Craig.

The Cervona came through the Straits of Belle Isle and reports good weather conditions.

The Corinthian, of the Allan Line, arrived from London and Havre on Saturday. She brought 85 cabin and 220 third class passengers. The Corinthian has been tied up at London by the dock strike for five weeks. When she finally got away and went to Havre, she found the French dock strike on and was naturally delayed some time at that port.

## U. S. DIPLOMACY IS CRITICISED RE THE BRITISH PROTEST

**Document Sent in Envelope to Senator Brandegle Like Routine Document.**

Special to The Montreal Star.

Washington, July 22. One phase of the Panama canal episode which seems likely to have an unexpected effect is being found in connection with the criticism of diplomatic officers which appears to be growing out of the occurrence.

There has been a good deal of talk about the absence of Ambassador Bryce, who is now in New Zealand, at a time when probably the most important issue that has been opened between the two countries for a long time is still under consideration.

Couples with this criticism is a good deal more pointed talk about the inefficiency said to have been displayed by Assistant Secretary of State Huntington Wilson.

Mr. Wilson happened to be in charge of the State Department as acting secretary on the date on which the British protest arrived at the Department. Instead of handling the letter in a diplomatic way, he immediately put the document into an envelope and sent it to Chairman Brandegee, of the Senate Canal Committee. It is stated that he did not even accompany the document with any explanatory statement, but merely sent the protest, as if it were a routine document of no particular importance.

It is this way of handling the situation that has given opportunity for much of the jingo criticism directed against Great Britain.

## Gaelic League Revival Plans

**Celebrations in imitation of the Ancient Festival to be Held in Chicago.**

Chicago, July 22. The first of a series of celebrations planned by the Gaelic League of Ireland to revive the Ancient Festival of Erin, the Feis, will be held here next Sunday.

Native melodies, folk dances and Gaelic stories, calculated to inspire Irish-Americans with a greater love for the Emerald Isle, will make up the competitive programme, and gold medals will be awarded the winners.

Other festivals of the kind are to be held in various of the large cities of the United States, Canada and South America.

The Feis was organized more than 2,700 years ago at Tara, and compares with the Mod of the ancient Scottish Highlanders and the Eisteddfod of Wales.

## SUDBURY LAWYER MAY HAVE LOST HIS WAY.

**Large Search Party is Organized to Look for Missing Attorney.**

Special to The Montreal Star.

Sudbury, Ont., July 22. Mr. J. H. Clary, Crown Attorney, of the District of Sudbury, senior member of the firm of Clary and Buchanan, town solicitors, and widely known throughout the Province, has been missing since last Tuesday, and is believed to have lost his way in the bush.

## MINISTERS' MOVEMENTS.

**Heads of Militia and Interior Departments Will Visit England.**

Ottawa, July 22. The Hon. Col. Sam Hughes, Minister of Militia, left last night on a trip to the west. He will visit all the principal centres on the way to the coast; and on returning will sail for England on August 21st.

The Hon. Robert Rogers is expected here this week from the west. Mr. Rogers will leave at an early date for England, where he will study conditions in regard to immigration, and will meet the other members of the Government already there.

## Many Scotch Brides Come

**Two Score Lassies Are Passengers by the Caledonia to Wed Sweethearts in Canada.**

New York, July 22.—Nearly two-score brides-to-be — thirty-eight of them, somebody counted—were passengers on the steamer Caledonia which came in Sunday from Glasgow. Approximately the same number of bridegrooms stood agitated but happy on the pier as the liner was docking. Many of the couples will be married in this city before leaving for homes in the West.

On Thursday the Caledonia sighted two small icebergs. She was in a position at the time about 500 miles due east of St. Johns, Newfoundland, and was about to make her turn to the south to finish her trip to New York by that route. The bergs were seven or eight miles distant.

## LIQOUR RULE VIOLATION LEADS TO DISMISSAL.

**Cavalry Officer Refuses to Leave Train on Arrival at Camp—Third Discharge.**

Special to The Montreal Star.

Ottawa, July 22.—A third dismissal this time in the Toronto Military District, has been made for violation of the regulation against the use of liquor in military training. A cavalry officer who became intoxicated refused to leave the train on arrival at camp, and considerable delay in landing the militia resulted.

## GOMPERS WILL AID DOCK STRIKERS IN ENGLAND.

**Head of American Federation of Labor to Take Up Question.**

Washington, July 22. — That the American Federation of Labor will send financial assistance to the London dock strikers, who yesterday cabled to Samuel Gompers, president of the Federation, was indicated yesterday by Mr. Gompers. "We will take the question up directly with the English union," said Mr. Gompers. "But I will not discuss for publication any of the details."

## NO ANGLO-GERMAN WAR BEFORE CANADA HAS A BUMPER CROP

**"American" Says Investors Should Consider This Possibility.**

Special to The Montreal Star.

New York, July 22.—The American's financial article to-day says:—

Alarmist talk of war between England and Germany is not taken very seriously. But since English financial authorities insist that there is going to be war, American investors should consider the possibility. There can be no war between England and Germany until Canada has produced a bumper crop of wheat, for England would have to look to Canada for food supplies, since the Dardanelles would probably be closed by war. Canada will furnish that bumper crop this year, and that gives the alarmists some slight excuse.

England has always protected Turkey, not because England loved Turkey, but because it was necessary to keep open the waterway through which England got her food supplies from Southern Russia. With the development of Canada the safety of the Turkish Government is not so important to England.

War between England and Germany might cause a brief shock to American security markets at first, and many persons would sell because America would lose temporarily, at least, two good customers.

**W.C.T.U. President Dies.**

St. John, N.B., July 22. — Mrs. Louise C. Dearborn, widow of a prominent spice manufacturer, and head of the W.C.T.U. here for the last ten years, died suddenly yesterday, aged 70, after a stroke of paralysis. She was a native of Boston, and graduate of Vassar College, and was very active in charitable work. She leaves one son.
