POLICE SPIRIT REV. SPRACKLIN FROM WINDSOR

Following Rumors Of Intended Violence To Pastor-Liquor Inspector.

SELF-DEFENCE PLEA.

Prisoner Claims It Was A Case Of His Life Or Trumble's.

Windsor, Ont., Nov. 7.—Following rumors of intended violence, police officers early today spirited Rev. J. O. L. Spracklin, Methodist minister and prohibition enforcement agent, who had been held in jail here since yesterday morning, in connection with the shooting to death of Beverly Trumble, an innkeeper, to the jail at Sandwich, it became known tonight. Removal of the prisoner was effected quietly and did not become known to other than officers until this evening. The action is said to have followed telephone messages to the jail here that an attempt at violence was contemplated by certain friends of the slain man.

Removal of Spracklin will not prevent resumption of the inquest tomorrow night, it was said. The minister having submitted his testimony last night.

Pending a search for a man known as "Ed" Smith, into whose arms Beverly Trumble an innkeeper is said to have fallen after he had been shot by Rev. J. O. L. Spracklin, the inquest into the death of Trumble was adjourned today, until tomorrow night. Smith is said to have seen the shooting and his testimony as to whether Trumble was armed is desired.

"Babe" Trumble pressed his gun against the pit of my stomach. 'God damn you, Spracklin,' he said, 'I'm going to shoot you.' I knew then that it was his life or mine, was the dramatic evidence simply given by Rev. J. O. L. Spracklin, special license inspector, at the inquest held in the Sandwich courthouse.

Trumble's widow gave direct contradictory evidence. "My husband had no gun. He had only a cigarette in his hand when he went out to meet Mr. Spracklin," she swore.

Two witnesses, both Mr. Spracklin's aides, corroborated the pastor's evidence. Mrs. Trumble's evidence was corroborated. None of those in the hotel before the shooting saw Trumble with a gun. They did not see the shooting.

Everyone of the crowd who filled the court room to capacity, was "winked" up on entering for a possible concealed weapon. There was a heavy police guard in the court room and about the building.

The crowd made no demonstration hearing the evidence in absolute silence.

In a statement to the police officers, Spracklin claimed he shot Trumble in self-defense and his version of the raid on Trumble's place was corroborated by three other officers who were with him. Trumble's widow and several friends who were called to testify, have declared, however, that Trumble was unarmed.

Local police who made an investigation said they had been unable to find the pistol Spracklin claims the dead man had drawn upon him.

Feeling ran high throughout the border cities last night and the police said they had heard open threats to shoot Spracklin at sight. The minister was being detained at police headquarters for safety. Provincial officers took extraordinary precautions to prevent disorders at the inquest which attracted a large crowd.

During the day members of Spracklin's congregation raised \$10,000 for his defense should charges be brought against him and pledged \$300,000 for his bond. They declared the church was prepared to "go the limit" in having funds and other assistance their pastor might require.

Spracklin was appointed a special officer following his charges several months ago that regular authorities were making but little effort to enforce the Ontario Temperance Act. He had headed many spectacular raids and patrolled the Detroit River in a motor boat for rum-runners with whom he had engaged in several gun fights. He has continued the duties of his pastorate while acting as license inspector.

Reached Chatham. Chatham, Ont., Nov. 7.—Rev. J. O. L. Spracklin, who shot and killed "Babe" Trumble in a raid on the Chapel House near Windsor Saturday, arrived in this city last evening with an officer. He was accompanied also by his counsel, R. L. Brackin, M.P.P. He will return to Windsor tomorrow.

TWO PRISONERS HAVE CONFESSED

To Killing Of Bank Runner And Robbing Him Of \$40,000.

Mount Holly, N.J., Nov. 7.—Frank J. James and Raymond W. Schuck, both of Camden, confessed today, according to the police, that they killed David S. Paul, the Camden bank runner, robbed him of \$40,000 in cash and buried the body in the Jersey pines near Tabernacle. The money was buried in Evergreen Cemetery in Camden and most of it has been recovered, the officials stated to-night.

The alleged confessions were given in signed statements at the Burlington County Jail here, where both men are prisoners.

Details of the confessions were not made public but Ellis Parker, Burlington County detective, said the two men had "carefully planned," but "clumsily carried out the job."

Robbery was the motive, he asserted, and no one but James and Schuck was implicated. The killing, Parker declared, was one of the most brutal in the history of Camden County.

Paul was slain in Camden, according to Schuck's confession as given out by Parker, on October 5. The detective did not say who did the actual killing.

The messenger, who was taking \$40,000 in cash and \$30,000 in cheques, and securities from the New York Trust Company of Camden to a Philadelphia bank, was picked up by James, the confessions revealed, according to Parker, at Second and Arch streets, and offered a ride to the ferries.

A block further on, Schuck got in the automobile, which had the back curtains down. Near the ferry where there was considerable noise, Paul was struck over the head with a half-spring used for changing tires. This rendered him unconscious, Parker said. Schuck declared in his story, but did not kill him. He was carried several blocks before there was opportunity to "finish the job". Paul was then beaten over the head until his skull was crushed.

Schuck and James then drove to Tabernacle, according to the alleged confessions and threw the body into a small stream on the outskirts of the town. They then returned to Camden and buried most of the money in the Evergreen Cemetery. Paul's body was left in the water until October 14, when the two men made another trip to the pine belt and buried it in the shallow grave where it was found October 16 by hunters.

PILOT PAQUETTE'S LICENSE SUSPENDED

Ottawa, Ont., Nov. 7.—Capt. L. A. Demers, Wreck Commissioner, rendered judgment on Saturday, following the inquiry into the stranding of the Eldermaid off Bellechasse Light in the St. Lawrence on October 21. The judgment suspends for six months the license of Pilot Arthur Paquette, who has to pay the costs of the investigation and is reprimanded the second officer on the steamer.

FIERCE RIOTING BREAKS OUT IN NORTH BELFAST

Unionists Armed with Stones, Sinn Feiners With Rifles And Revolvers.

WILD SCENE WITNESSED

At Londonderry On Saturday Night Following Attack On Policemen There.

Belfast, Nov. 7.—Fierce rioting, fortunately confined to a limited area, broke out in North Belfast this afternoon, the neighborhood involving East Clifton Street and Old Lodge Road, known as the Stanhope area, which has figured in every disturbance since July. Hundreds joined in the fray, the Unionists with stones, and the Sinn Feiners with revolvers and rifles. A large body of police made repeated baton charges to keep the factions apart until the arrival of military with an armored car, when the rioters were soon dispersed.

A laborer was shot dead in Cork by a military curfew patrol Saturday night. The soldiers allege that the man disobeyed orders to halt.

Wild scenes were witnessed in Londonderry Saturday night as a sequel to a sudden attack on policemen there. Five policemen were shot, two of them so seriously that they are not expected to recover, two shops were burned to the ground and several others were wrecked. All the property belonging to the Sinn Feiners. The attack on the policemen was directed against the officers who were guarding the Customs House and a brisk exchange of shots followed. The fray occurred at nine o'clock in the evening in a busy neighborhood and so terrified the crowds and shoppers that they fled homeward in a panic. Afterwards the police and the military raided a large section of the city, holding up and searching everyone they found outdoors and invading and searching numerous houses. Later in the evening a hostile crowd assembled in Waterloo Square, a Sinn Fein thoroughfare and had to be dispersed by the military. Even after the curfew hour there was almost unceasing revolver and rifle fire for two hours or more, with occasional sounds like explosions of bombs.

A number of armed men passed along William Street, smashing shop windows, with the but-ends of rifles, destroying the lamps on the electric standards by rifle fire and plunging the whole street into darkness. Two premises were set on fire, one being a garage which was completely destroyed. A number of domestic animals were burned to death and the motors in the garage reduced to scrap.

Many persons left their houses and spent the night in distant parts of the city. Two policemen who had been wounded were found lying in Foye Street. It is not known how they received the bullet wounds from which they were suffering.

A fire brigade called to fires in William Street, had a thrilling experience. Before starting the firemen appeared to the military for aid and a number of armed soldiers traveled on the engines. On their way the fire was spent on them from both sides of the road. The soldiers returned the fire and two men were seen to fall.

To escape the fusillade the engines took a circuitous route and called at the military barracks to get more soldiers before proceeding.

The official report of the disorders says that three constables in plain clothes received severe gunshot wounds. It is believed, from the military escorting the fire brigade. Of two stores wrecked, one belonged to a member of the Londonderry Corporation.

Attack By Mob. Dublin, Nov. 7.—An attack by a mob on two policemen Saturday night, culminated in the shooting of two civilians, one of them seriously. The affray caused a great panic, as crowds of people were just leaving the theatres. The policemen who fled from the mob, fired their revolvers at their pursuers. One policeman was captured and thrown in the Liffey but was rescued by other police.

Volunteers Killed. Seven volunteers are reported to have been killed in a fight at the Causeway, near Tralee, Friday. Seventy-four arrests were made in Cork during the curfew hours Saturday night.

London, Nov. 7.—Several hundred rounds of ammunition and a number of rifles have been stolen, supposed by Sinn Feiners, from the Orange Hall, in the Cowcross District of Glasgow, according to the Daily Herald. The raid was discovered Sunday by a policeman who found the words "Commandeered for the Irish Republican Army", chalked on the wall of the hall.

Official denial is made of Friday night's Central News despatch that 300 Sinn Fein were arrested near Macroom after soldiers and police had surrounded an assembly of Sinn Feiners.

The correspondent of the Central News at Tralee, Ireland reports that he has received written warnings.

C.N.R. UNIONS TO TAKE ACTION

Division Number Four Represents The Dismissal Of James Higgins.

Toronto, Ont., Nov. 7.—Division Number Four, of the Canadian National Railroads, which represents the mechanical trade unions and is regarded as a fishing organization, will take action over the discharge of an employee without investigation by President D. B. Hanna, of the Canadian National Railways, as a violation of the wage agreement between the C. N. R. and the Division No. 4, according to a communication to a local trades unionist, from Charles Dickie, Secretary of Division No. 4 with reference to the case of James Higgins. Soldier-Labor candidate in the North-East Toronto bye-election, which takes place to-morrow.

Mr. Higgins was an employee of the C. N. R. and claims he was compelled to resign his railway position because of his candidature for the Legislature. Mr. Dickie, in his letter, stated that "just as soon as he (President Hanna) attempts to enforce his ruling, then we will take action."

The ruling in question was President Hanna's pronouncement that any employee running for political office would be discharged. Secretary Dickie claims that according to the agreement no employee can rightfully be discharged without first being given an investigation.

JAP TROOPS WITHDRAWN FROM CHANTAO AREA

Provided China Will Undertake To Maintain Order And Protect Life.

Tokio, Nov. 7.—The Cabinet, it is reported by the press, has decided to withdraw the Japanese troops from the Chantao area, along the Korean-Manchurian border, despite the fact that the activities of the bandits and Koreans insurgents, to combat which the troops have been sent, have not been suppressed, provided that China will undertake to maintain order and protect Japanese life and property. The diplomatic council has been summoned to consider the Cabinet's proposal.

The newspaper Hochi Shimbun adds to its report of this decision the statement that the British, French and United States governments have recently inquired as to how long Japan proposed to keep her troops in the Chantao area.

(It was announced in a Peking despatch of October 19 that China had protested against the presence of Japanese troops on Chinese territory and had emphasized its desire that all Japanese troops be withdrawn as soon as the Chinese troops which had been dispatched arrived in the district, the Chinese guaranteeing protection to Japanese subjects.)

REJECTED LOVER KILLED TYPIST

Body Of Young Girl Found In Vacant Lot With Slashed Throat.

St. Louis, Mo., Nov. 7.—Edna Ellis, the 18 year-old typist, whose body was found with the throat slashed in a vacant lot near her home here Friday morning, was killed by Albert Ellis, 21, a rejected suitor, according to a signed confession Ellis made to the police today.

According to Ellis' alleged confession, he intended to commit suicide, but the blade of the razor he used broke as he slashed the throat of his victim the third time.

Ellis, who is an electrician, only admitted the killing after several hours' grilling, according to the police. He was arrested Saturday morning on information furnished by Mrs. Marie Ellis, mother of the slain girl. She said Ellis, who formerly lived at her home, had threatened her daughter for breaking off their engagement after a quarrel.

When the girl's body was found both hands were badly lacerated. The alleged slayer is said to have admitted that she saw the razor and struggled with him, at the same time begging him not to cut her.

Ellis' reports that Ellis had confessed spread rapidly and a large crowd quickly gathered outside the district police station where he is being held. Police made unsuccessful attempts to keep the people moving but there was little talk of violence.

TROUBLE BETWEEN ITALY AND JUGO-SLAVIA

Insurgent Troops Under D'Annunzio At Fiume Fire On Serbs.

Rome, Nov. 7.—Just as the negotiations between Italy and Jugo-Slavia are about to begin, trouble has occurred between the insurgent troops under Gabriele D'Annunzio, concentrated at Fiume, and the Serbs.

On Thursday, D'Annunzio sent Captain Hiffer, his first aide, from Trent with sailors and Alpine troops to occupy St. Mark's Rock, at the entrance of Morlacca Strait, to prevent the Serbians from the opposite shore, on Buccari promontory, from interfering with navigation.

On Friday, the Serbians, realizing the Fiumans had occupied and were fortifying the place, opened fire on them, according to a despatch to the Idea Nazionale, as well as on the small steamer which D'Annunzio had put at the disposal of his men.

Captain Hiffer sent a few Alpine soldiers across the strait and the Serbian contingent fled. Three of them were captured and taken to Trent, where they declared they had been ordered to fire upon St. Mark's to prevent the work of fortification.

that he will be shot if he transmits any despatches without first submitting them to the police.

Sir Hamar Greenwood, Chief Secretary for Ireland, was questioned in the House of Commons last Wednesday regarding a story from a staff correspondent in Ireland of the Daily News to the effect that the correspondents' life was in danger from "black and tans", because he wrote the "truth".

The Government, said Sir Hamar, had not been informed of the threat but he had instructed the district inspector at Tralee, where the threat was alleged to have been made, to give protection to all newspaper correspondents.

SCHOONER FLOATED. Yarmouth, N. S., Nov. 7.—The steamer La Tour and the tug Mary H. Cann arrived here today from Stony Island, Shelburne, where they succeeded in floating the Freepoint auxiliary schooner Ethel Cora, which went ashore there on Thursday night.

The Cora was bound for Gloucester, Mass. when she went ashore. The vessel is believed to be undamaged.

The Weather.

Toronto Ont., Nov. 7.—Pressure which for several days has been unusually higher over Canada and the Middle States is now decreasing. Light rain fell this evening in Southern Ontario, caused by a steady shallow depression passing eastward over the Ohio Valley. The weather continues fair and mild in the Western Provinces.

T. will meet from 5.30 to 7.30 p.m., sewing and story-telling; Choir Practice 8 p.m. Sunday—Collection for the Vimy Ridge Memorial Church.

WOMEN'S WORK. On Friday last a Committee Meeting was held of the Travellers' Aid, convened by Mrs. F. S. Stocking. The work for the past four months, which grows continually in magnitude, was reviewed and ways and means of conducting it were considered. Besides the annual subscriptions, grants are made to this very worthy cause by St. Andrew's Society, the Irish Protestant Benevolent Society and other associations of a familiar character. In spite of these sources of revenue, the Travellers' Aid sometimes feels itself hampered for want of funds on hand; as salaries of its representatives are regular charges upon it, and from its very nature it is necessary that funds for all kinds of relief work should be continually available. At the C. P. R. Station along the Travelers' Aid representative who is stationed there to meet trains has directed, helped in various ways and given information to from 100 to 400 persons upon the arrival of a night train. The magnitude of the work is more easily imagined when one realizes that this is mentioning only one station. The representatives stationed at Lewis and at the docks are carrying on the same work. Exact figures which should be available within a few days will give the public a better idea of what is being daily accomplished by the Travellers' Aid in this city.

MEETINGS TODAY. Women's Auxiliary Cathedral Branch, Church Hall, 10.30 a.m. Ladies' Protestant Home, meeting, 2.30 p.m. W.C.T.U. Monthly Meeting in the Y.W.C.A. Building, 3.30 p.m. Junior Auxiliary Cathedral Branch, Church Hall, the close, at 4 p.m. Children's Mission Branch of the Methodist Church, weekly meeting, in the Church parlor at 4 p.m.

HUN PROFESSORS REPLY TO BRITISH CONFRES

Are Ready To Resume Inter-Course And Forget The Past. Berlin: Nov. 7—German university professors and members of the Reichstag have drawn up a reply to the appeal for re-establishment of the "friendly intercourse" which existed before the war, which the professors and doctors of Oxford University recently addressed to professors of arts and sciences and members of universities and learned societies in Germany and Austria. "Science knows only one aim—the search after truth—and it requires for the performance of this task the common labor of all, regardless of national boundaries," says the German reply. "The war interrupted this joint labor and dissolved many personal ties. We are ready to resume the conditions and by common labor to renounce to oblivion everything of envenome spoken or written in both countries."

JEWISH RELIEF FUNDS.

London, Nov. 7—A British-Canadian committee for the transmission of Jewish relief funds and letters and materials to the Ukraine has been established in Riga by representatives of the Federation of Ukrainian Jews in Canada, says a despatch received from Riga. The Canadian Committee is working independently of the joint distribution committee for American-Jewish Relief.

TRADE MARKS OF GERMAN PRODUCTS

Judgment Affirms Right of Plaintiff Through Purchase From Custodian.

Ottawa, Ont., Nov. 7 — (Can. Press)—Judgment was given by Mr. Justice Audette in the Exchequer Court on Saturday in the case of the Bauer Chemical Company vs. the Sanitogen Company, of Canada and William W. Barry, the finding being in favor of the Bauer Chemical Company. The case was the first that has been tried since the war involving the rights to trade marks covering the sale of German products sold in Canada, and it confirms the claims of the plaintiffs, an American firm, to rights sold them by the American Trade Custodian. In England the official controller seized the business of the branch established by the Berlin firm of Bauer and Company, voided their trade marks and forfeited and sold their business. In the United States after entering the war, the American branch of this Berlin firm, incorporated into a company, was also forfeited and sold to the plaintiffs in the case just concluded. The judgment points out that although the Canadian Government passed a number of Order-in-Councils, including the War Measures Act, respecting the trading with the enemy, no enactment can be found denying the plaintiffs in this case in the ownership of the trade marks in dispute. The judgment states:

That the sale by the American Custodian has purged any taint of German ownership and that the American Company are entitled to the trade mark in question. "The action," says the judgment, "is based upon a sale, or title derived from the Government of a friendly nation allied with Canada in the war and the Canadian legislation and Orders-in-Council respecting trading with the enemy do not affect such a transaction."

MAY HAVE ANOTHER VOTE IN MANITOBA

To Choose Between Government Liquor Dispensaries And Bone Dryness.

Winnipeg, Man., Nov. 7—Another vote on the prohibition issue can be brought about to determine whether the people of Manitoba want Government dispensaries, similar to that British Columbia, established for the sale of liquor, or whether the Province shall remain bone-dry. Premier Norris stated Saturday. Such a plebiscite would be placed before the people if eight percent, or 20,000 of the electorate petitioned the Government for another vote to obtain the will of the people in regard to prohibition. Agitation has already been started by the Army and Navy Veterans to have another vote taken.

MEMORIAL MASS

Santiago, Nov. 7—A special mass was celebrated here today in memory of the late Lord-Mayor MacSwiney, of Cork. In addition to the Irish colony, the members of various labor and religious societies and bodies of students attended the service.

Light World's Way.

Chicago, Ill., Nov. 7—Establishment of the workers' republic in Soviet Russia, "is the bright star in the political heavens and shall light the way of the world," Eugene V. Debs declared in a message sent from the Atlanta Penitentiary to the Cook County organization of the Socialist Party. The message was read at a celebration today of the third anniversary of the Russian Soviet revolution.

DEBS DOES NOT WANT PARDON

Ashamed To Be At Large Under Present Conditions Of Society.

Atlanta, Ga., Nov. 7—Eugene V. Debs, when it became known from Washington that the Government had no intention of pardoning political prisoners said he wanted his case to come last of all persons imprisoned for violation of war-time laws or better not at all under the present Administration, according to a statement from the Socialist leader, given out today through his attorney. The statement follows: "I understand that political prisoners will be considered separately and I hope my case will come last of all. I really would rather that it come not at all, under the present Administration because I would be ashamed to be at large under the chaotic conditions of society."

Light World's Way.

Chicago, Ill., Nov. 7—Establishment of the workers' republic in Soviet Russia, "is the bright star in the political heavens and shall light the way of the world," Eugene V. Debs declared in a message sent from the Atlanta Penitentiary to the Cook County organization of the Socialist Party. The message was read at a celebration today of the third anniversary of the Russian Soviet revolution.

MARCHED FOR HOUR AROUND WHITE HOUSE

Hundreds Of Irish Sympathizers Protest Death Of Terence MacSwiney.

Washington, D.C., Nov. 7—Hundreds of Irish sympathizers marched for an hour in single file around the White House as a protest against the recent death of Terence MacSwiney, Lord-Mayor of Cork, who starved himself in Brixton Prison. The demonstration was organized at a meeting of the local branch of the Friends of Irish Freedom earlier in the night, and it was announced it would be repeated each night for seventy three days, once for each of the days MacSwiney fasted before his death. Banners bearing inscriptions "Get the British Army out of Ireland," and "MacSwiney's death shall not be in vain," and others were carried by the marchers who moved in silent procession around and around the White Square. President Wilson, it was said, had retired and there was no indication from the White House that the presence of the marchers had been observed.

CANADIAN FELLOW OF OXFORD UNIVERSITY.

Montreal, Que., Nov. 7—The news of the election of the first Canadian to be made a Fellow of the University of Oxford is contained in a cable of congratulations from Lord Milner, Secretary of State for the Colonies, to the Governor-General of Canada. The name of the newly-elected Fellow is Percy Ellwood Corbett, a Rhodes Scholar for Quebec in 1913, and originally of Qu'Appelle, Sask. He is appointed to All Soul's College, Oxford.

QUEBEC, MONDAY, NOVEMBER 8, 1920.

THE TARIFF COMMISSION

Statement in Winnipeg By Sir Henry Drayton Explains Scope Of Inquiry.

In order to explain the scope of the Federal Tariff Commission which is now touring Canada, Mr. E. Rochette, the local Inspector of Taxation, has given the Chronicle the following statement which was issued by Sir Henry Drayton, Minister of Finance and Chairman of the Commission at the opening of the Tariff Inquiry in Winnipeg on September 14th, 1920:—

This meeting is the first of a series of sittings to be held by a Committee of the Cabinet. The whole object of the meetings is to obtain just as much information as possible as to how the Country's fiscal policy is affecting the people of Canada, her industries and her production; to ascertain what changes in the tariff or other fiscal measures ought, in the public interest, to be made, and what alternative and additional sources of revenue can be adopted. We are all Canadians and whatever differences there may be among us as to methods, unquestionably we all desire that the best manner in which to insure that result is to become certain of our facts and to take counsel one of the other. We are here to obtain information from you, to acquaint ourselves with the local conditions in each Province of the country and to learn your views first hand. Your earnest and patriotic co-operation is asked and I know will not be denied.

I have no doubt that all Canadians stand on common ground in regard to certain underlying principles:—

- 1. That Canada must pay her way and discharge her current obligations out of her current revenues. 2. That policies, conceived to bring about conditions insuring maximum opportunity of profitable labour in all spheres of human activity that can properly and profitably be carried on in our country, should be adopted. 3. That in carrying out these principles, our fiscal policies, while insuring the necessary revenues, should be applied in the manner least burdensome to the public.

In our considerations it is necessary to have before us, and to keep constantly in mind, the dollar cost of our preserved and continued freedom. For the present fiscal year the necessary expenditure resultant from the war is as follows:— Demobilization \$ 28,700,000.00 War Graves Commission 1,000,000.00 Soldiers' Pensions 35,500,000.00 Soldiers' Civil Re-establishment 40,300,000.00 Soldiers' Land Settlement 50,000,000.00 Interest on War Debt 130,300,000.00 Total \$296,800,000.00

While the country's currency obtains an exchange premium in many countries, we are faced with an unfavourable exchange rate in the United States, which means that some 75 per cent of the nation's purchases are made, resulting in heavy additional financial charges.

Over and above all this, the well-known high cost of commodities and increased salaries and wages have largely added to the expense of Government in this as in all other countries. The estimates for the current year call for some \$314,000,000.00 for objects apart from the war. It is the most pressing concern of the Government to reduce all controllable expenditure to that degree which proper continuance of public service will permit in connection with all its activities. It is, nevertheless, perfectly obvious that a large revenue must be obtained and those submissions made with this underlying necessity in view, will be the most in accord with the national interest.

SEEK TO AVERT FRENCH COAL STRIKE

Paris, Nov. 7.—The Government has obtained an agreement from Mino employers to meet representatives of the National Federation of Miners in an effort to avert the threatened strike for enforcing the men's demands for higher wages and nationalization of the mines, it was learned today. The men are demanding that the maximum pre-war scale be multiplied by five, as the cost of living, they report, has been increased more than six-fold. The Federation represents all the underground works in the coal and other mines and in the quarries.

DODD'S KIDNEY PILLS. 1087 THE PHARMACEUTICAL CO.

PROTECTION IS ABSOLUTE NEED

For Future Well-Being And Success Of Steel And Coal Industries.

Sydney, N.S., Nov. 7.—(By Can. Press).—Declaring that protection is absolutely necessary for the future well-being and success of the steel and coal industries in Canada, representatives of the Dominion Iron and Steel Corporation, the Nova Scotia Steel and Coal Company and the employees of the former, Saturday morning, gave evidence before the Federal Trade Commission, which opened a one-day session here.

But two members of them are making the tour of the East, Sir Henry Drayton, Minister of Finance, and Hon. G. D. Robertson, Minister of Labor, the third member of the Commission, Hon. F. S. Tolmie, Minister of Agriculture, being absent.

Colonel Thomas Cantley, Chairman of the Board of Directors of the Nova Scotia Steel and Coal Company, Alex. Johnstone, of the Dominion Steel Company, and Comptroller Archie McColl, of the Scotia Company, presented the case of the steel and coal interests. Not only did the officials of the corporation favor protection for the steel and coal industry, but employees of the Dominion Steel Company also advocated a continuation of a protective tariff insofar as steel and coal are concerned.

A. N. McLennan, President of the Sydney Board of Trade, also supported the claims of the company, although he did not appear before the tribunal as a representative of the Board of Trade.

There was but one champion of free trade at the morning's hearing, Dr. A. S. Kendall, ex-M.P., who declared that the Canadian manufacturers, protected by an exorbitant tariff, "were producing inferior goods."

REVISE TARIFF FOR CANADIAN PREFERENCE All Foodstuffs And Cattle Feeds In British Dominions Duty Free.

Port of Spain, Nov. 7.—The local Government yesterday announced a revision of the Customs tariffs under arrangements made with Canada for granting preference to her products, according to the decision reached at the recent Ottawa conference. Under the new revision all foodstuffs and cattle feeds produced in the British Dominions are made free of duty as are also British-produced machinery and certain cotton goods and glassware. The duty on United States foodstuffs is now 50 percent more than that on similar Canadian products. The duty on motorcars, jewelry and plated ware has been increased by 10 percent and foreign made machinery by 2-1/2 percent. The new tariff privileges for the imposition of duties ad valorem, the goods being assessed for duty at the exchange rates instead of at par.

HALF MILLION GRAFT COLLECTION

New York, Nov. 7.—That nearly half a million dollars in "graft" was collected by Robert P. Brindell, President of the Building Trades Council of New York, and his organization, between April and October of this year, is the estimate of accountants employed by the Joint Legislative Committee that has been investigating the "building trust" in this city. These accountants, computing their findings from evidence secured by the committee, state that more than \$450,000 is known to have been paid for Brindell's "assistance in obtaining contracts" and averring strikes; as "initiation fees" for employees or contractors joining the Building Trades Council, and for "dues" paid in advance and from other sources.

SHIPPING MOVEMENTS.

Arrivals at Montreal, Nov. 6 and 7: Strs. Ignacio Florin from Sunderland; Melmore Head from Belfast; Honorius from New York; Mottisfont from Antwerp. Cleared Strs. Dayton from Tampico; Canadian Sower for British West Indies; Cherca and Oglio for Gibraltar; Verentia for Avonmouth; Melita for Liverpool; Rangara for Australia; Mendip Range for Hull. Arrivals at Halifax, Nov. 6 and 7: Strs. Lady of Gaspe from Boston; Sheba from St. John's, Nfld.; Munorway from Christiania. Cleared: Lady of Gaspe for St. John's, Nfld. Steamer Arrivals, Nov. 6 and 7: Drottningholm at New York; Gotenburgh; La Lorraine at New York from Havre; Zealand at New York from Antwerp and Southampton; Roma at Lisbon from New York; Mauretania at Southampton from New York; Ryndam at Plymouth from New York; Calabria at Gibraltar from New York; Canadian Pioneer at Colombo from Montreal. Cleared: Casandr from Glasgow for Montreal.

FRANCE READY TO CO-OPERATE

With Washington To Formulate Something Different From League Covenant.

Paris, Nov. 7.—It was expressed in official circles Saturday that the French Government would be ready to co-operate with the authorities at Washington in formulating something different from the covenant of the League of Nations as drawn at Versailles in order to take its place. This statement was made in official quarters in referring to the declaration of President-elect Harding, as cabled from Marion to the French press, to the effect that the Versailles covenant was now "deceased". This is interpreted by officials as applying to the covenant as drawn at Versailles, and as indicating that something different from the Versailles agreement must take its place. To that end, it was stated by officials the French Government would be ready to give its collaboration.

It has been the generally accepted view here that the French Government would accept reservations by the United States regarding Article X, and the other provisions of the covenant which have been the subject of controversy in the United States. In this connection it was pointed out in official circles today that the original French idea of a League of Nations did not contain anything like Article X.

Whether the amended organization would be called a League, or a Society, or an Association, is immaterial to France, according to the Government viewpoint. The essential thing, it is said, is to arrive as near as possible to the prevention of war.

The French Government considers that it would be regrettable to sacrifice the organization already set up, and that the preferable procedure is to amend the existing League under the name of an Association, if that meets the United States view.

HON. MACKENZIE-KING TO ENTER EAST ELGIN Will Speak In Support Of Liberal Candidate At Aylmer.

Ottawa, Ont., Nov. 7.—(Can. Press).—It is announced from Liberal Headquarters that Hon. Mackenzie-King whose Western tour is about over, will speak in support of the Liberal candidate in East Elgin at a meeting to be held at Aylmer, Ont., on November 19. This is the only meeting so far arranged for the Opposition Leader in the constituency, but he may speak at one or two other points before polling day, November 22. Mr. King will come East by way of Denver, Colorado, where he will visit his brother.

Reports received here in regard to the programme of Mr. King in East Elgin, is that the three-cornered fight is a hard one and that the result is liable to be very much in doubt until the vote is counted. It is not expected that Premier Meighen will speak again in the constituency as he will not be back in the capital until November 19.

RETURNED SOLDIERS TO HECKLE HON. A. MEIGHEN

J. Harry Flynn Arranges To Stage Hostile Demonstration In Toronto.

Toronto, Ont., Nov. 7.—Three thousand returned soldiers and their friends at a meeting in a local theatre today were asked by J. Harry Flynn, General Organizer of the G. A. U. V., to line up in front of Massey Hall on whatever evening Premier Meighen is advertised to speak there, and inform the Premier intended to arrange for admission by ticket to the meeting here that Premier Meighen was to address and give out the impression that the Premier had got a wonderful reception.

"The soldiers of Toronto," he said, "will see to it that Hon. Arthur Meighen does not get his wonderful reception."

FRENCH FIRM AWARDED STEAMER

Montreal, Nov. 7.—Mr. Justice MacLennan, in the Superior Court, Saturday delivered judgment in the proceedings taken under the Federal Winding Up Act and ordered the liquidator of the Three Rivers Shipyard, Limited, on the petition of the Society Nephew, of Marseilles, France to give to the petitioner possession of the 4,500 ton steel tanker now in possession of the liquidator at Three Rivers, in order that the petitioners themselves may complete the building of the ship. The claim of the Marseilles Bank in contestation of the petitioner's claim, was dismissed with costs. The petitioner's costs were ordered paid by the liquidator.

COMMEMORATED THE REVOLUTION

The Left Wing Independent Socialists Joined With German Communists.

Berlin, Nov. 7.—The Left Wing Independent Socialists joined with the German Communists this morning in commemorating the anniversary of the Russian revolution. The demonstration brought a crowd of 15,000 to the Lustgarten, opposite the former Imperial Palace where the orators lauded a world revolution and the demonstrators cheered for the Third International.

The demonstration passed off in an orderly manner, the police not even being obliged to control the crowds. The Radical Labor Socialists today placarded Berlin with posters calling for a general strike in support of the men locked out at the Borsig Works and the striking electrical powerhouse workers.

Though the Government has declined to proclaim November 9th as an official holiday, German oratorical labor supported by the Social Democratic and Communist Parties, voted to make Tuesday a workless day. It is announced, however, that State employees, including the railwaymen, will not lay off on that day.

The Government's refusal to give November 9th as a Red Letter day on the German calendar, virtually finds the greater proletariat the sole applauders of the second anniversary of the German revolution.

BULLET WOUND KILLS REPORTER

Fired On When Moving Auto Believed To Menace Traffic.

Danbury, Conn., Nov. 7.—Arthur V. Donahue, a reporter of the staff of the New York American, died in hospital here today from a bullet wound received about midnight last night in Newtown. A police alarm has been sent out for two men, one of whom fired the shot that killed Donahue.

The young man was visiting at Newtown and had started to walk home with Edward P. Pitzschler, his brother-in-law, from the latter's barber shop, when the two men came upon an automobile standing in the middle of the road without lights. Considering the automobile a menace to traffic they moved it several yards to the edge of the road.

According to Pitzschler, two men then came out of an adjoining lot and one of them fired three shots with a rifle. One of the shots hit Donahue, who fell with a bullet in his back. The two men entered their automobile and drove off quickly in the direction of Bridgeport. Investigation later showed that the two strangers had been engaged in stealing gasoline from a State Highway Department tank nearby.

URGENT FIRM ATTITUDE TOWARDS UNITED STATES Meeting Held In Tokio Regarding California's Anti-Alien Land Law.

Tokio, Nov. 7.—A firm attitude toward the United States was recommended by speakers at a public meeting held Friday evening for discussion of the situation created by the adoption of the California's Legislation affecting the Japanese. The audience of about a thousand persons heard the speakers, who were journalists, minor politicians and student orators. One of the newspapermen who made the address urged that the anti-Japanese "discrimination" in the United States be met with anti-American discrimination in the Orient.

War talk was deprecated by the speakers. In an interview in the Hochi Shimbun, Viscount Jentaro Kaneko, of the Privy Council, expressed confidence that the negotiations at Washington would result in a settlement of the question in issue with the United States.

CHILDREN'S HOSPITAL CAMPAIGN CLOSED.

Montreal, Que., Nov. 7.—The campaign for funds for the building of a new wing to the St. Justine Children's Hospital, was formally closed at a meeting of the canvassers and friends of the hospital on Saturday afternoon in the hall of L'Assistance Publique. The total sum collected during the last fortnight was announced to be well over one hundred thousand dollars, excluding expected gifts from Government and public bodies, who have expressed their desire to give financial aid to the institution.

TURKEY RELUCTANT.

Constantinople, Nov. 7.—The Turkish Government has addressed a note to the powers in which it is declared that the present time is inopportune for the ratification of the peace treaty by Turkey.

RECEIVED WITH SATISFACTION

French Press Pleased Over Agreement Regarding German Reparations Question.

Paris, Nov. 7.—The agreement reached by France and Great Britain yesterday upon the procedure to be followed in settling the German reparations question is received with satisfaction by the French press today.

The procedure embraces as its first stage a conference of experts at Brussels; second, a meeting of Allied and German representatives at Geneva; third, consideration by the Reparations Commission of the findings of the first two conferences, and fourth, a meeting of the Premiers to consider the Commission's decision.

According to the Petit Parisien a full agreement has been reached concerning the procedure in the fourth stage, regarding guarantees and penalties, which it says the Supreme Council should provide. The Figaro says the agreement deprives the Reparations Commission of none of its rights, but that it will fix the amount of Germany's debt and decide as to her solvency, as France has contended it should.

It is expected that the first two stages will be covered in time to allow the Geneva conference to finish its work by the middle of February.

LITHUANIANS OPPOSE AID FOR POLAND

Boston, Mass., Nov. 7.—Several thousand Lithuanian residents of this city, at a mass meeting on the Common today, adopted resolutions protesting against aid being extended by United States to Poland through further forwarding of war material which might be used "in the war of aggression on Lithuania" instead of repelling Bolshevik invasions.

The resolutions were sent to Pres. Wilson, President-elect Harding, Secretary Colby, Vice President-elect Coolidge, and the Senators and Congressmen from Massachusetts.

LEMOUX ET AL. AT STE. MARTINE

Appeal To The Chateauguay County Electors To Remain Faithful To Liberals.

St. Martine, Chateauguay County, Que., Nov. 7.—Hon. Rodolphe Lemieux; James Robb, the local M.P., and Chief Liberal Whip; Hon. Honore Mercier, Provincial Minister of Lands and Forests; and others, addressed the electors of this county Saturday afternoon on political issues of the day coupled with appeals to remain faithful to the Liberal Party.

Mr. Lemieux spoke of the tariff and the railroad question, uttering the conviction that Government operation of railways could not be a success. As to the latter he said that this policy of Government ownership and operation of railways would later be handed back to their original owners.

Hon. Honore Mercier told what is being done in the district for improvement of roads, showing that several main roads had been constructed there.

Other speakers urged upon the audience the desirability of keeping away from the United Farmers' movement, which they claimed had its origin in conscription.

HAMILTON TIMES MORNING PAPER.

Hamilton, Ont., Nov. 8.—The Hamilton Morning Times made its bow this morning with its first issue, a 24-page paper. The Times has heretofore been an evening paper but has now dropped the evening edition and appears solely as a morning paper. This gives Hamilton one morning and two evening papers.

The Times is now the property of the Ontario Newspapers Corporation, of which John M. Imrie is President and General Manager, Mr. W. Nelson Wilkinson is the Managing Editor. The new morning paper makes a highly creditable appearance.

NO CHANGE IN SUGAR MARKET

Rumored Refiners' Meeting Unconfirmed And Failed To Check Price-Cutting.

Montreal, Que., Nov. 7.—(Can. Press).—Saturday was a day of counting up in the inner circles of the sugar business and no changes such as had marked the previous three eventful days were recorded. It was reported down-town around noon that the "big four", the Canada, Atlantic, St. Lawrence and Acadia sugar refiners were holding a meeting and many brokers and dealers stayed after hours at the offices hoping to gain some information. If the meeting was held, it did not do much towards restraining the orgy of individual price cutting which had been going on and the only fact that could be gleaned was the statement of the president of one of the leading refiners that no meeting had been held between the refiners with any reference to prices.

On Saturday most of the refiners were still publishing the old price list of 15 1-2 cents a pound, whilst Atlantic listed its sugar at 15 cents and Dominion Sugar Company quoted at 14 cents. Wholesalers reported they were getting all the sugar they wanted at around 13 3-4, 14, and 14 1-2 cents a pound.

Retailers were selling at 16, some at 15, and others at all kinds of figures from 16 to 18 cents a pound.

EXPLAINS DIFFICULTIES OF RECENT RETREAT

Sebastopol, Crimea, Nov. 7.—An official communique just received by General Wrangel explains the difficulties of his recent retreat to the Crimea, due to the sudden and unprecedented freezing of the Danper, on the nights of October 28 and 29, permitting the Budenny cavalry and infantry to cross the river on the ice, thus exerting unexpected pressure on his slowly retreating forces, falling back from the Nikolop region, the principal part of which were the Don Cossacks.

THINK PANTHEON LESS SUITABLE

Than Arc De Triomphe For Interment Of An Unknown Poilu.

Paris, Nov. 7.—An appropriation for carrying out the plan of the French Government for the transfer of the body of an unknown soldier from the battle zone at Verdun to the Pantheon here on Thursday next, the second anniversary of the armistice, has been approved by the Finance Committee of the Chamber of Deputies. The sum appropriated is 300,000 francs. The Committee, however, in making the appropriation, expressed the opinion that the "Arc De Triomphe would be a more suitable resting place for the body than the Pantheon, which is intended to receive the bodies of great men, to whom the country owed debts of gratitude."

The feeling expressed was that the "poilu" was not in this sense a great man, but a symbol of the thousands who had sacrificed their lives for France and a symbol of the victory that had been attained.

The Cabinet will decide Monday on the question of the burial place. The chief objection to a change is the confusion it would create at this late hour regarding the carrying out of Thursday's celebration program. The plan as a whole is similar to the one organized in England, where the body of an unknown soldier is to be laid to rest in Westminster Abbey on Armistice Day.

EX-MAYOR DECEASED

Halifax, N.S., Nov. 7.—Alexander Stephen, ex-Mayor of Halifax, died today, aged 75 years.

TURKS TAKE KARS

London, Nov. 7.—A despatch to the London Times from Constantinople says the Nationalists under Kazim Karabekir Pasha, outflanked the Armenians, who fell back on the fortress of Kars, which was captured by the Turks. The despatch adds that Alexander and the railway between Erivan and Tiflis are menaced and that the situation of the Armenians is critical.

HOLT, RENFREW & CO'S STOCK REDUCING SALE OF MEN'S WEAR Starts To-day. Late deliveries and a backward season find us with a larger stock than it is our policy to carry at this particular time. We are therefore offering almost our entire stock of Men's Wear at reductions of from 25% to 50% For one Week from November 8th. MEN'S SUITS, HATS AND CAPS, OVERCOATS, RAINCOATS, UNDERWEAR, SOCKS, CHILDREN'S HOSPITAL CAMPAIGN CLOSED, TURKEY RELUCTANT.

The Quebec Chronicle

Printed and published by the Chronicle Printing Company, 510 St. John Street, Quebec.

QUEBEC, NOVEMBER 8, 1920.

MR. KILLAM EXPLAINS.

Mr. I. W. Killam, President of the Royal Securities Corporation of Montreal, has replied to criticisms of his stand upon the subject of the "embargo" on Canadian securities held overseas in a letter to the Montreal Gazette and it is only fair that we should state the main points of his explanation.

New York funds, he points out, are at a premium in Canada. The pound sterling is at a discount in Canada. The policy that the minister has declared is unnecessary and artificially to keep down the premium on New York funds, because it saves a large sum of money to the Canadian consumer.

It is not emphatically declared, inquires Mr. Killam, "by the economists of the world" and particularly "by British financiers and merchants, who are looking anxiously to the restoration of the trade balance and the deflation of the currency in order to restore the pound sterling to a gold basis" that an essential economic remedy for a depreciated currency is to let the exchange find their natural level, placing a penalty on imports and a premium on exports, thereby checking the one and stimulating the other until the currency depreciation is at an end and all adverse exchanges have been rectified?

This principle, he declares, is in accord with the established fiscal policy of Great Britain and is based upon "theory, fact and experience."

It is the fundamental right of all classes of the community—producer and consumer alike—to benefit by the unrestricted operation of natural economic laws, except insofar as otherwise specifically enacted by Parliament. The Minister of Finance by his transgression of this principle goes beyond the scope of his authority as a Minister of the Crown.

The Finance Minister must know that capital is ultra-sensitive, and he should not forget that the memory of the British investor is long, as is evidenced by the maintenance to this day of a "black list" in London of those states of the American Union which many years ago repudiated their British-held bonds and debentures. Surely he must understand that his repeated "requests" are calculated to "willfully or artlessly jeopardize" Canada's standing with her greatest creditor, a creditor whose further service she is bound to need.

"The minister has declared, concludes Mr. Killam, "that the artificial reduction of the premium on New York funds is so important that the resulting discrimination against the pound sterling is of relatively little consequence. The propriety of this open discrimination against the pound sterling merits lengthy discussion; but I will leave this phase of the question to those who delight to argue economic issues on patriotic grounds."

Thus defined, the position of the head of the Royal Securities appears to be that it is impossible to establish an artificial value for money any more than for any other commodity; while exchange, left to follow its own course, will eventually right itself. When the premium is sufficiently great our exports will be increased because we will be able to undersell, for instance, the United States market; in the same way our imports will decrease because the price of imported goods will be then prohibitive.

If we have interpreted Mr. Killam aright, his view is very much that of a man who says that a cold will eventually cure itself, if left alone. This may be perfectly true in a number of cases but there are also other cases in which it proves fatal. In any event the illness is likely to be more protracted than if some remedial treatment had been taken.

His plea against arbitrary interference with economic laws is a good one and would be even better if it were always and everywhere respected. As a matter of fact, in very day business, so much interference of this kind goes on under various guises that it is extremely doubtful whether economic laws are ever permitted to function naturally and artificial measures are often the only means by which an artificial situation can be counter-acted.

Mr. Killam's strongest point is in regard to the doubtful wisdom of discriminating against the English pound sterling in favor of the American dollar and it would certainly seem that, if an "embargo" on Canadian securities held overseas will be beneficial, a general embargo on all Canadian securities held outside the Dominion would be more so. It also seems probable that Sir Henry Drayton might accomplish more if he could persuade importing houses to refrain from trading in imported goods than he is likely to do by persuading bond dealers to refrain from trading in imported securities. The whole question, however, is an extremely complex one, beyond the powers of the layman to determine, and when expert financiers disagree all that the general public have to go upon is the opinion of the majority which, in the present instance, is against Mr. Killam—so far as can be learned.

TARIFF OR INCOME TAX.

The Canadian Council of Agriculture in its memorandum presented to the Tariff Committee at Winnipeg on September 14, expressed the opinion that "it is not unfair to say that the income tax, if thoroughly and forcefully applied in this country, ought to yield a revenue of at least \$200,000,000 per annum at the present time." The Council of Agriculture has frankly recognized that "the rate of income taxes in Canada compares favorably with that of other countries of a character similar to Canada." Its claim is, therefore, that with the present rates of taxation of income efficiently applied a yield of \$200,000,000 annually can be secured immediately. The Council's estimate of the possible yield of the income tax in Canada appears to be based on war-time income tax collections in New Zealand which amounted to \$8,269,765 for the fiscal year 1919-20 (\$9,999,533 at parity of \$4.86 2-3 to the Pound Sterling). The yield of the New Zealand levy is multiplied by the numerical ratio between the populations of Canada and the sister Dominion and the amount is set down as a reasonable expectation of what similar taxation ought to produce in Canada.

The reasoning is unsound. Unlike Canada, New Zealand has a single and exclusive levy by the Dominion Government on all incomes derived from sources other than the use or produce of land. There are no provincial levies, because there are no provinces or counties, and local revenues are raised by land taxation, supplemented to a minor extent by fees, licenses, etc.

ada there are, in addition to the Federal levy, income taxes already imposed by two of the Provincial Governments, and, in a number of cases, heavy income taxes as well by municipal authorities. Not only is there over-lapping of taxation in this country, while there is no such duplication in New Zealand, but the New Zealand act is unlike the Canadian legislation, inasmuch as the New Zealand income tax is practically the only levy on income from sources other than land. In Canada, there are several such Federal taxes which ought to be combined before attempting to compare the taxation burden assessed against income in Canada with that in other countries. In addition to the income tax proper, there is the Business Profits War Tax. Business income, if assessable for the higher levy of the Business Profits War Tax, pays under that heading and the collections reported on account of income tax represent principally payments on personal incomes. Then there are in Canada special Federal taxes on banks, insurance companies, and trust and loan companies. These levies in effect are only special divisions of the Canadian Federal taxation of income. Direct income taxation by the Dominion Government in the fiscal year 1919-20, was as follows:

Table with 2 columns: Tax Category and Amount. Includes Income Tax (largely on personal income) \$20,264,943, Business Profits War Tax \$4,145,184, Taxes on banks, insurance companies, and trust and loan companies \$2,083,170, Total \$26,493,297.

If that mild winter predicted by Capt. Bernier has lost its way? When Quebec is going to have an up-town rink again?

Press Comment.

WHERE IGNORANCE IS BLISS. (Boston Globe)

The most stupefying fact of our time is the ignorance of the educated man. The technical schools turn out specialists who know all about one thing and perhaps a little about something else. The colleges turn out young men who know a little about a good many things and not much about any one. Despite manifold efforts of educators to correct both defects, we are continually confronted with the ironic spectacle of men who have never spent an hour in a college lecture room who are, nevertheless, in all the essentials, far better educated than the college product.

AMBASSADRESSES. (Westminster Gazette)

When Lady Astor urges the opening of diplomatic posts to women she might cite a precedent from good old Tudor times. Raphael Holmshed, the sixteenth-century chronicler, tells us that in 1539 (just at the time when Wolsey was in difficulties over the divorce) the Lady Margaret, Duchess of Savoy, and the Lady Lois, Duchess of Angouleme, mother of the French King, met to treat of peace, and that through their diligence peace was concluded between the Emperor, the Pope, and the kings of England and France. But the chronicler goes on to tell us that when all was finished a solemn Mass was sung, 'the two lady ambassadors of the King of England sitting in great state.'

CITY AND COUNTRY. (New York Globe)

At some undetermined point in time between the census of 1910 and the census of 1920 the United States crossed the Rubicon that separates an agricultural people from a nation of manufacturers and traders. Experts estimate there are at present 54,000,000 people in American cities, as opposed to 50,000,000 on the farms. Ten years ago there were 42,000,000 in cities and towns and 49,000,000 in the country. Never before in the history of any nation has there been such a flocking from the soil to the sidewalk, such a yearning away from cows and buttercups toward moving pictures and crowds. That's what it means to the human spirit, but to the economist it means that the United States will now turn out more factory products than raw materials, more machinery—in proportion—than food.

EXPERT TESTIMONY. (Vancouver Province)

Evidence given before the tariff commission in this province shows a lively interest in tariff questions. In the nature of the case and of the average man there are not many to offer an unbiased opinion on abstract questions. Academic evidence on economic theories can be obtained elsewhere. No doubt the minister of finance expected to hear in this province, as he will hear elsewhere, evidently of men who testify as to the bearing of tariffs on their particular interests. These are experts in respect to personal knowledge though not impartial witnesses. The commissioners have heard from manufacturers, traders, workers, lumbermen, men engaged in the fishing industry, operators of mines and smelting works, farmers, dairymen, fruit-growers and men of other occupations and interests. These are all consumers, and all producers. The minister of finance will be in a little better position to prepare a scientific tariff with the information secured in this province, whose interests are more varied than those of any other province in Canada.

Correspondence.

Unfortunate Germans

Quebec, 6th Nov. 1920

To The Editor of The Quebec Chronicle.

Sir,—I have read an item of news on the last page of today's issue of the Chronicle in which these unfortunate Germans are pitted to have to submit to the colonial troops employed by France in the occupied zone.

Allow me as a Frenchman whose family has not been spared by the sanguinary invasion of the barbarian hordes to ask your contributor a question.

If a man's wife or sister or daughter is outraged I infer that in his opinion he must take it in a Christian spirit, read once more the Year of Wakefield and apply for redress to Mr. Wilson's League of Nations!

Such sentiments are no doubt to be sincerely admired! These high ideals and the call of blood and revenge have nothing in common.

Frenchmen have ready to be taught and educated. English are fortunate in having no quarrel!

I have the honour to be, Sir, Your most obedient servant, Baron H. de St. Laurent.

(A Montenegrin Traitor)

Quebec, Nov. 6th., 1920

Editor, Quebec Chronicle,

Dear Sir,

In view of the accusations brought forward by the Serbian Consul against His Majesty, King Nicholas of Montenegro, I feel it my duty to give you the following facts: The Andrea Radovitch, of whom mention is made by Capt. Seferovitch, has served for six years in the penitentiary at Cetinje. He was convicted in 1907 and condemned to fifteen years at hard labor for taking part in an anarchist conspiracy and plot against the safety of the Montenegro State and the life of King Nicholas. He was pardoned by his Sovereign in 1913, after numerous applications. I leave it to your judgment therefore to decide as to the value of that pardonage as a criterion for the veracity of the facts advanced by Capt. Seferovitch.

Moreover, in 1917, Radovitch again turned traitor to his country when he organized a committee to promote the Union of Serbia and Montenegro with the help of officials from Serbia. Afterwards the gallant Radovitch admitted to having received 500,000 francs for his efforts, in the presence of three prominent Montenegrins whom he thought to make his accomplices: these were Messrs. P. Voutchikovitsh, Ex-Minister; K. Loutovitch, Director of Societe Russia; and Andre Perlya, Attache at the Montenegrin Legation at Washington in 1918. All three made sworn affidavits to the above fact and left them in the possession of Mr. Vladimir Popovitch, Attorney for the Royal Government of Montenegro. I am on very friendly terms with Mr. Andre Perlya of Washington, who has often personally corroborated to me the important admission made by Radovitch to which he has sworn and to which he is ready to testify again at any time.

Now, Sir, it is reasonable to believe that, if King Nicholas and his son Prince Danilo were such perfidious traitors as they are depicted by Capt. Seferovitch, the Great Allied Powers would continue to maintain accredited representatives near the Court of King Nicholas? Would his Majesty have been in receipt, since 1916, of such friendly messages from different Allied Monarchs and Statesmen as the ones reproduced in the Official Gazette of Montenegro, copies of which I forward under separate cover for your information?

If all that Capt. Seferovitch declares were true, one must come to the conclusion that these Kings and Statesmen did not know what had occurred or that they were like himself. His Majesty George V is a personal friend of King Nicholas and, like other Sovereigns, has a Minister Plenipotentiary near the latter in the person of Sir George Graham, K.C.V.O., who is actually domiciled at the British Embassy at Paris. I have the honor to be, Sir, Your most obedient servant, Jos. Eugene Corvicaux, Consul General for Montenegro.

WRANGEL STILL

HOLDS ISTHMUS

Paris, Nov. 7.—General Baron Wrangel, the anti-Bolshevik leader in the Crimea, is still holding the isthmus of Perekop, the only means of ingress to the Crimean peninsula by land and the military situation from his standpoint is not hopeless, according to information which has reached the French Foreign Office in a report from M. De Martel, the French High Commissioner at Sebastopol.

General Wrangel, according to this report, is confident the Bolshevik will be unable to break through his line of defence at the isthmus and invade the Crimea.

REPUBLICAN PLURALITY

BREAKS ALL RECORDS

Washington, D.C., Nov. 7.—The Republican plurality in the next House of Congress, according to the unofficial list compiled last night by William Tyler Page, Chief Clerk, will be 176, breaking all previous records. The count shows 305 Republicans, 129 Democrats and one Socialist.

The Molsons Bank 65th Annual Meeting

General Statement of the Affairs of The Molsons Bank, on the 30th September, 1920, as placed before the sixty-fifth annual Meeting of Shareholders.

Financial statement table with columns for LIABILITIES, ASSETS, and PROFIT AND LOSS ACCOUNT. Includes items like Capital Stock paid in, Reserve Fund, Dividends unpaid, etc.

WM. MOLSON MACPHERSON, President. EDWARD C. PRATT, General Manager.

AUDITORS' REPORT TO THE SHAREHOLDERS.

We have checked and verified the Cash, Investments, and Securities of The Molsons Bank at the Chief Office in Montreal on 30th September last, and also at another time as required by the Bank Act, and we have at different times during the year checked and verified the Cash and Securities held at other important Branches of the Bank.

THE PRESIDENT'S ADDRESS.

The President, Mr. William Molson Macpherson after drawing the attention of the shareholders to the fact that the profits had slightly exceeded the record set by the 1919 figures, noted that, despite increased expenses, this result had been secured with only a very slight increase, if any, in the rate of discount, which in Canada is now lower than in Great Britain or the United States.

DONACONA The Double Purpose Tobacco (Smoking and Chewing)

Those who know and appreciate good tobacco should try DONACONA

It is mild, burns slowly, lasts a long time and never irritates the mouth or throat. As a chewing tobacco, it is without equal. It is delicious and satisfying and, as a smaller chew lasts longer than the ordinary tobacco, it is more economical.

Ask your dealer for it ROCK CITY TOBACCO CO., LIMITED.

A REDINGOTE SUIT ONE OF THE SEASON'S OFFERINGS.

(By GERTRUDE BERESFORD)
Seldom has a season shown such a variety of suits. Nor has their popularity been so great for a long time. All kinds are smiled upon by Fashion's leaders, from the jaunty box coat to the graceful redingote. The latter is pleasingly typified in the accompanying illustration. It is fashioned from black duvetya that falls softly about the figure. The lining of pearl gray satin is matched in the costume blouse of gray silk. A long collar of ermine and cuffs of the same contrast effectively with the black material. The hat is made of pleated fan-shaped pieces of gray silk.

Clever New Old Dresses

By Edith Starvoant
Have you seen the smart new frocks that combine two materials so successfully into one perfect whole, making a style that gives opportunity to make over one's dress from last season.

One stunning chemise frock of navy charmeuse is split up the front and a great wedge of material removed to reveal an under dress of chow-colored crepe du chine. Motifs cut from crepe are applied to the charmeuse to form an artistic border, and there is a bit of this trimming on the sleeves. No collar is shown, but the neck is cut in a delightful oval, and finished with a narrow edging of chow.

Another smart frock that offers possibilities for remodeling a tight skirt on a dress, combines brick red duvetya with navy tricotine and adds a few touches of wool embroidery for "good measure." This clever frock slashes the sides of the skirt right up to the waistband and makes a narrow underskirt of the red duvetya.

Of course it is not necessary to have the entire underskirt of the duvetya, for it may be made on a foundation of lining silk with only the side portion of the duvetya. A broad belt of the tricotine is sprinkled with wool motifs, and there is a slim rolling collar and cuffs of red to brighten the blouse.

For evening wear, if one has a black net frock she would like to have done over for the winter, let her choose a basque of black and silver metallic cloth and add slim silver metallic cloth and add slim silver ribbons to bind the bottom of the skirt. Big black or silver tassels might trim the sides and swing with becoming grace when one desires to dance.

A simple touch to give a frock of navy serge that boasts of no trimming save good lines is a bit of bouma wool buttonholing. Such a frock might have the neck done in blanket stitches a quarter of an inch apart, with a string girdle of the material blanket-stitched.

SIX MONTHS OLD

INFANT IN JAIL

Mrs. J. Inman, president of the Mount Hamilton branch of the Women's Independent Labor party, who a few days ago wrote to the attorney-general's department, requesting that Mrs. J. Evans, who was sentenced in the local court to four months in jail on a charge of theft, be released at once, has not yet received any reply to her letter. Two days after the letter had been sent, Mrs. Inman was advised that the letter should have been directed to the remission office, in the department of Justice, at Ottawa, and she therefore wrote another letter, stating all particulars of the case, and sent it to the proper officials at Ottawa. A reply to the letter is expected about the end of the week.

In connection with this case, in which Mrs. Evans was sentenced to jail, with her six-months old babe in her arms, it was necessary for the court to also place the babe under arrest on a charge of vagrancy, and \$1,000 was found guilty and committed to jail for the same period as his mother. Officials of the court explained that the laws of Canada prohibit any person, no matter of what age, from being sent to jail for any length of time unless they are held or convicted under some charge.

ALBERTA CATTLE

AT QUEBEC FAIR

Calgary, Alberta, Nov. 8.—For the first time Alberta cattle will be represented at the Quebec Winter Fair which takes place in December and is one of the principal live stock exhibitions of the Dominion. A number of the provincial breeders of the province have already made arrangements to ship their

MEXICO SETTLES BRITISH CLAIM

Monetary Payment Agreed on
in Case of William S. Benton

Washington, District of Columbia, Nov. 6.—The United States Government is interested in the settlement which the Mexican Government has made with the British Government with respect to claims for the assassination of William S. Benton, a British subject, at the hands of bandits near Juarez in 1914, both because it is the first move to be made by the present Mexican Government to settle the claims of foreigners and because Great Britain had requested the United States Government to look after British interests in that part of Mexico.

Mr. Benton was the only Englishman to be killed during the 10 years of revolution, while about 600 Americans are listed as having perished at the hands of Mexicans in the same period, for only one of whom an indemnity has been granted. Because of the efforts of the Carranza Government to win recognition by Great Britain special efforts were made to protect British subjects, it is declared.

The settlement of the Benton case was effected by officials of the Mexican Foreign Service and Cunard Cummins in charge of British interests in Mexico. It is one of the very few cases in history where the British Government has accepted a monetary indemnity for the assassination of a British subject without insisting upon the punishment of the guilty person or persons. All that remains to be done, according to information received officially in Washington yesterday, is the payment by the Mexican Treasury of \$10,000 to Mrs. Benton, who is still living on the Benton ranch in Chihuahua, and the assurance that she will be paid \$2.50 a day as long as she lives.

The one occasion of an indemnity paid for the assassination of an American since the overthrow of Porfirio Diaz was in the case of John B. McManus in Mexico City, who was attacked by Zapatistas. That occurred on March 11, 1916, and three weeks later the Aguascalientes convention paid an indemnity of \$20,000 to his widow.

Mr. Benton was assassinated when he went to Francisco Villa's headquarters to protect the rebel leader against abuses in the territory under the latter's control.

The British Government, through the Ambassador at Washington, asked the United States to conduct a thorough investigation. The United States called on General Carranza to investigate, for he and General Villa were then operating against the Mexico City Government, and General Villa. Other investigators sent by the United States Government, including Consul Edwards of Juarez and George C. Carothers, an American consular agent and for 25 years a resident of Mexico, reported that Mr. Benton had either been assassinated by Villa himself or unjustly executed. It was largely because of this case that recognition of Mexico was withheld by Great Britain.

CANADIAN GOVERNMENT REWARDS BRAVE CAPTAIN
London, Nov. 6.—(By Can. Ass'd Press).—At Bristol, England, today, Captain Gordon Grieve, of the steamer British Isles, was presented by the Canadian Government with a silver urn for the gallant rescue of the crew of the Montreal steamer Manxman in the North Atlantic a year ago. The crews of the rescuing boats were also rewarded.

OPIUM SEIZURES
Plymouth, Eng., Nov. 6.—The Customs authorities here are said to have seized a large quantity of opium on board the British steamer War Matron and War Subadar. Both vessels came here from Tampico, Mexico.

Three Chinamen were arrested on board the War Subadar, where over twenty pounds of opium were seized. The authorities intervened as the drug was being hurled into the ship's furnaces.

HARDING DECLINES PROFFERED WARSHIP
Morton, Ohio, Nov. 6.—President Wilson's offer of a battleship to carry President-elect Harding to Panama on his vacation voyage was declined today by Mr. Harding. The President-elect wired to President Wilson, that although he was thankful for Mr. Wilson's courtesy, he had already perfected his plans for the trip and had engaged passage south from a Gulf port on a passenger steamer.

M'GILL TOOK FULL REVENGE

Defeated Toronto Varsity In Dramatic Game At Montreal Saturday.

Montreal, Nov. 7.—(By Canadian Press).—Disclosing a form that has been absent from their previous intercollegiate Rugby Football Union games this season, McGill defeated Varsity here at the Molson's Stadium on Saturday afternoon by a score of 7 to 3. It was a different team in system, aggressiveness and stamina which met Varsity here to the Red and White team which went down to defeat earlier in the season at Toronto. For the losers it can be said that the loss of Hobbs and Westman, two of their tried men, possibly weakened them. Both McGill and Varsity are now tied for first place in the League standing and barring an unlooked-for defeat by the latter at the hands of Queen's in Toronto next Saturday a play-off will be required to decide the championship. A meeting of the Intercollegiate Union will take place in Toronto immediately after the Varsity-Queen's game to decide on the locale for the crucial game. McGill will probably ask that Ottawa be chosen as was done in similar conditions in 1912.

Probably never before has such a dramatic football game been played in Montreal. All the elements for making it so were present. To begin with McGill started under the handicap of its loss in Toronto and the fact that a strong prejudice existed among its supporters that its team did not compare with the wonderful machine created by Coach Chagnon in previous years. Then the crowd on hand estimated at between eleven and twelve thousand, was the biggest which ever attended a game here and was composed of practically every male and female student attending the University from Sir Arthur Currie, the Principal, down to the youngest freshman, a large coterie of students from Varsity, and an enthusiastic representation of all classes of citizens. Lastly, the very finest sporting spirit was displayed on and off the field, the rooters chiding from McGill and Varsity vying with each other in giving expression to it.

While the McGill machine worked like clockwork, continuously, the Varsity system was constantly upset. The McGill backs, from whose kicks all McGill's scores were made, never made a mistake. The line in front of them gave them faultless protection and they generally had plenty of time to take punts and secure a good start and direction on runs back. The Varsity backs did not get such good protection and they kicked at all times under difficulties. Not infrequently Taylor would have to catch and punt with Little, Balise or Anderson on top of him. Balise, the McGill quarter, showed better judgment than vis-a-vis, Duncan. His signals were snappy and precise, while Duncan seemed to hesitate. Varsity's line only held in moments of extreme danger. Then it used its superior weight to advantage. McGill gained their yards on twenty four occasions and Varsity on only four.

McGill was robbed of what looked to be a sure try in the last tense few seconds of the game. Varsity backs had adopted the outside kick method of trying to secure a try that would have given them the game. With only twenty seconds to a Flanagan himself sent up a non-side kick and Anderson securing it, ran through the spread out Varsity formation to within a few feet of the Varsity line. An advance was made on McGill's first down and the Varsity line was bending under the second plunge when the whistle blew.

A summary of the score follows: First Quarter. Varsity, Taylor, kick to dead-line, 1 point. McGill, McCarroll, dropped goal, 3 points. Varsity, Flanagan, rouge, 1 point. Second Quarter. McGill, MacKenzie, rouge, 1 point. Third Quarter. McGill, Breen, safety touch, two points. Fourth Quarter. Varsity, Flanagan, rouge, 1 point. McGill, MacKenzie, rouge, 1 point. Total: McGill 7; Varsity 3.

Sporting Notes.

The 5th Machine Gun Brigade are organizing a series of boxing bouts to be staged at the Drill Hall. The first will be on Tuesday, the 16th. Soldier Legare and Fred Corrigan, of Stoneham, have been signed up. The promoters are in communication with Young Green to have him meet Charlie White.

In the good old days men used to fight for the love of it, even the champion boxers, but today champion heavyweights would not think of getting serious for less than half a million, not to speak of their rights in the "Movies." What mercenary times.

Now that Jack Frost has come to town it is interesting to watch certain Ski Club officials putting away the "shovel and the hoe" after a hard summer in the "peace gardens."

Little Johnny wants snow, but poor Pa who has not the double-windows up yet would like the Weather Man to hold out for a few days longer.

THREE CUSHION BILLIARD EVENT

Twelve Entries Determined For This Season's Tournament At Chicago.

Chicago, Nov. 7.—(Special to The Chronicle).—The twelve entries for this season's Three Cushion Billiard Tournament were determined at a meeting held Tuesday morning by the billiard committee in charge. Such a galaxy of stars has never before been assembled in tournament play heretofore, including the veteran Cuban Deoro, Augie Kelekefer, Clarence Jackson, John Daly, Pierre Maupome. The other players follow: Johnny Layton, St. Louis, Mo.; Chas. R. Morin, Chicago, Ill.; Hugh Heal, Toledo, O.; C. S. Otis, New York, N.Y.; C. A. McCourt, Cleveland, O.; Jess Lean, Denver, Colo.; Jos. Caprog, Chicago, Ill.

The games will be played at the Strauss Auditorium, 116 West Madison Street, Chicago, which place is now the scene of the Pocket Billiard Championship games. With a seating capacity of over 1,000 it is confidently expected that it will be filled to overflowing at every game as the Windy City is considered one of the greatest Three Cushion towns in the country.

The tournament will be a round robin affair similar to the one now being conducted in the Pocket game with those players finishing first, second and third to meet Bob Cannefax, present champion in the finals. It will cover a period of over three weeks, starting Friday, November 12th, winding up on Monday, December 6th.

Billiard fans are at a loss to pick the three players who will meet Cannefax in the finals. De Oro has practically been out of the game for the last year and a half, and it is a question as to whether or not he will be able to display the same form which he showed on so many occasions in the past. Kelekefer, Maupome and Clarence Jackson should finish in the first division, but in doing so they will have to supplant such players as Johnny Layton, Chas. McCourt, John Daly and other stars.

If former records are not broken in this year's big classic it will be a disappointment to the billiard fans who are making such prophecies at this time.

A very attractive prize list is offered both in the preliminaries and final events as well as a handsome medal emblematic of the Championship. The prizes are:—Preliminary: 1st, \$1,000; 2nd, \$800; 3rd, \$700; 4th, \$500; 5th, \$300; 6th, \$200. Finals: 1st, National Championship Emblem, Cash \$1,000; 2nd, \$2,400; 3rd, \$2,000; 4th, \$250.

CARPENTIER SAILS

New York, Nov. 7.—George Carpentier, heavy-weight champion of Europe, who has signed a contract to meet Jack Dempsey in 1921, sailed for Havre on the Havre steamer France yesterday with his manager, Francois Deschamps.

PRINCETON AND HARVARD TIED

Yale Trounced Brown, Cornell Lost To Dartmouth, Columbia To Swarthmore.

New York, Nov. 7.—Entrance of the big college football teams of the East into the serious phase of the seasons struggle was marked Saturday by attendance of more than 104,000 persons at four games.

At Cambridge, Mass., 44,000 saw Harvard and Princeton battle to a 14-14 tie. At New Haven, 20,000 witnessed Yale trounce Brown 14 to 12. Cornell lost to the fast Dartmouth eleven at the Polo Ground here, 3 to 14, before 30,000. Columbia lost to Swarthmore 21 to 7, at South Field, and ten thousand saw the play.

While all the big colleges were in action the banner event was the meeting of the Crimson and Princeton teams at Cambridge. Harvard converted a loss into an even issue when it led the Tigers at 14 points in the last period of their annual game. A series of forward passes did the trick, Macomber scoring.

VARDON AND RAY NOW HOMEWARD BOUND New York, Nov. 7.—Harry Vardon and Ted Ray, the British golfers who recently ended a three months tour taking them to all parts of the United States except the Pacific Coast, sailed for England yesterday on the S.S. Celtic. Ray won the American open championship at Toledo in August, and Vardon finished in a tie for second.

If Willard knocks out Dempsey on March 17th and someone else puts Carpentier away, we may see other principals dispute the world's championship next summer. (EFT)

BOSTON FISHERMEN CHALLENGE

Esperanto To Race For The Championship Of North Atlantic Fleet.

Boston, Mass., Nov. 7.—Boston fishermen are not inclined to admit that the victory of the Esperanto over the Nova Scotia schooner Delaware, established the Gloucester boat as the champion of the North Atlantic fishing fleets and last night they sent a challenge to the Cape Ann Sails to race the Esperanto against the Boston fisherman Josephine De Costa. The challenge is for one race or for the two out of three.

The Boston Committee extended congratulations to Captain Marty Welch.

Esperanto's Return Gloucester, Mass., Nov. 7.—The schooner Esperanto which last week won the international championship of the North Atlantic fishing fleet in races off Halifax, N.S., was inspected by thousands at her home port here today. The schooner arrived from Halifax early today after a 65-hour battle against head winds and heavy seas, and too late to be greeted by local committees.

The home-coming of the victorious craft will be formally celebrated to-morrow night at a banquet in the State Armory with Governor Coolidge as the guest of honor.

At that time the Dennis Cup awarded the schooner and the one awarded her captain, 'Marty' Welch by a fisheries company will be on exhibition.

BRITISH SOCCER SCORES

London, Nov. 7.—(By Canadian Associated Press).—Results of Association Football games played today were as follows:

First Division. Aston Villa 0; West Brom A. 0. Blackburn R. 2; Arsenal 2. Bradford C. 2; Everton 2. Chelsea 1; Preston N. E. 1. Derby C. 0; Bolton W. 0. Huddersfield T. 0; Manchester C. 1.

"Brier" has been Canada's Favorite Smoking Tobacco for over 40 years. The same old original quality can now be had in Cut "Brier". The Tobacco with a heart. H. C. FORTIER, Selling Agent, Montreal'

FUTURE AUTO INDUSTRY SURF

Replacement Demand Will Be The Big Factor In The Future.

It is immense and certain replacement demand that will make the big motor business of the future...

New Standards of Economy Set by Goodyear Industrial Hose

The outside covering on Water Hose, unless tough and sturdy, quickly disintegrates under the constant dragging over sharp objects...

of hose, built only after an exhaustive study of modern conditions in industrial work. Goodyear has broken new trails.

If your business is hampered by the excessive cost and unreliability of old-fashioned hose, get the Goodyear data and the Goodyear hose plan.

Goodyear has overcome this with a rubber cover of exceptional toughness and strength, a cover which gives longer life—at a correspondingly low cost.

For every industrial use—Water, Air Drill, Pneumatic Tool, Steam, Fire Hose—Goodyear has designed a special type

WESTMOUNT HIGH WERE VICTORIOUS

McGill Juniors Whitewashed Bishop's College Fourteen In Semi-Final.

Montreal, Que., Nov. 7 — With splendid football weather prevailing the Westmount Park Grounds were in fine condition...

Calvin defeated Sons of Scotland by a score of 1 to 0 Saturday afternoon and gave the championship of the Senior League of the P.Q.F.A. to the Highlanders.

The Grand Trunk Rugby team scored a victory over Lacombe at the G.T.R. Grounds, final score being G.T.R. 3; Lacombe 1.

Keeping up his record of not having its line crossed this season, the McGill Junior Rugby squad whitewashed the Bishop's College fourteen at the old campus Saturday morning...

The agreement as it stands today was largely identical with the one signed at Paris months ago.

TORONTO ARGONAUTS CLINCH CHAMPIONSHIP

Defeat Ottawa On Home Grounds In Inter-Provincial Fixture.

Toronto, Ont., Nov. 7—Argon, by defeating Ottawa here Saturday afternoon by a 6 to 5 score, won the championship of the Inter-Provincial Rugby Football Union...

TERMS MAY BE PUBLISHED

Governments Approval Required Before Text of Agreement May be Published

New York, Nov. 7—A member of the international Chinese consortium said yesterday that a summary of the most important parts of that agreement would probably be made in the near future...

The consortium would not attempt to carry on a propaganda in China to offset adverse propaganda...

It was also learned that the Japanese objected rather insistently to the inclusion in the pool of the projected railway line from Tsaoanfu to Jehol...

It is the system of acute pains, colic and stiffness. The poisons are quickly removed by the use of Dr. Chase's Kidney-Liver Pills.

Dr. Chase's Kidney-Liver Pills

The advisability of making public the essential parts of the agreement was admitted, one reason being the likelihood that certain Japanese interests would conduct propaganda in China to throw suspicion on the consortium...

It was stated definitely that there was no reason whatever to believe that the Japanese banking group members of the consortium were not wholly frank and sincere in their dealings with the other members...

From these elements there might be also opposition to the publication of the agreement or its essential parts...

The consortium would not attempt to carry on a propaganda in China to offset adverse propaganda...

It was also learned that the Japanese objected rather insistently to the inclusion in the pool of the projected railway line from Tsaoanfu to Jehol...

THERM NERVOUS MOTHERS

VINOL IS WHAT YOU NEED To Make You Well and Strong. Women in this city who are 'fagged out,' weak, overworked and nervous should profit by the experience of Mrs. C. J. Snoddy, of Moosomin, Sask., who writes 'I am a farmer's wife and keep house for my family of six children. I suffered from a constitutional breakdown and a weak, nervous, run-down condition, and always tired. My daughter recommended VINOL and it built me up so I enjoy my meals and feel like a different woman.' This is another link in the great chain of evidence to prove to overworked mothers that Vinol contains the very elements needed to build them up and make them strong.

SS. MEGANTIC IN PORT YESTERDAY

White Star Liner Sailed From Liverpool On Saturday, Oct. 30. The White Star-Dominion Line stamer Megantic, in command of Capt. W. E. Beadnell, R.N.R., which sailed from Liverpool, Saturday, October 30th, arrived at Quebec yesterday noon with 71 cabin, 506 second-class, and 883 third-class, a total of 1,460 passengers, mail and cargo. The third-class passengers were landed at 12:30 p.m. and conducted to the immigration buildings for medical and civil inspection. In the meantime, the second-class passengers, who proceeded to Montreal on the steamer, were examined on board by the immigration officials, Dr. Clark, of Toronto, who arrived in Quebec yesterday morning, being present to watch the medical inspection of the second-class as well as later the inspection of the third-class passengers in the immigration buildings. With the exception of 150 foreigners, mostly Polish Jews, the passengers were all British and a splendid class of new arrivals. With them came 107 British miners in charge of Mr. Sandow, en route to work in the silver mines at South Porcupine. At the conclusion of the inspection the new arrivals were forwarded to their destinations by special trains furnished by the Canadian National Railways and C. P. R. late in the afternoon.

SHIPPING NOTES.

The C. P. O. S. steamer Scandinavian is due to arrive at Quebec at 3:30 o'clock this morning with passengers. The steamer Venus, Robt. Reid & Co., Ltd., agents, is due to arrive at Quebec this morning. The steamer Mendip Range passed down at 4:45 p.m. yesterday. The White Star-Dominion Line steamer Megantic, which arrived at Quebec at noon yesterday, left going up to Montreal at 3:30 o'clock this morning. The C. G. S. Canadian Adventurer passed up at 10:20 a.m. yesterday. The tug Willie Hackett, with tow, arrived down at 12:20 p.m. yesterday. The tug Cumberland arrived up at 8 a.m. yesterday. The tug Sin-Mac with tow, arrived up at 9 a.m. yesterday. The steam barge T. J. Drummond left up at 12:15 p.m. yesterday. The U. S. tug Budget arrived down at 12:15 a.m. yesterday. The steamer Champlain arrived down at 6 a.m. and left down at 6:30 p.m. yesterday. The C. S. L. Montreal arrived down at 5:15 a.m. yesterday. The steamer Lake Geno left going down at 5:30 a.m. yesterday. The steamer Raranga passed down at 10:45 a.m. yesterday. The steam barge Stuart W. arrived down at 11:50 a.m. yesterday. The U. S. tug Leopard arrived down at 8:40 a.m. yesterday. The American Line SS. New York sailed from Cherbourg on November 3rd.

Tonnage figures of shipping which entered and cleared at British ports during the first seven months of 1920 compared with the corresponding period of 1919 indicate that there has been a more marked decline in the foreign tonnage entered and cleared than has been the case with British tonnage. The decline in British clearances was 42 per cent and in foreign clearances 43 per cent.

KOREAN WOMEN ARRESTED

Tokio, Nov. 7.—A press despatch from Seoul reports that 106 Korean women have been arrested, charged with collecting funds for the Shanghai Provisional Government.

BETTER THAN DISCOUNTS LARGE OR SMALL

There is no secret. It is now well known We lose money on each yard of all-wool Jersey Serge at our price of \$2.84

The regular price of the market for this material, which is in great demand, is \$7.50 a yard. For the benefit of those who were unable to profit by this sensational sale, we shall continue this losing sale of material Monday, Tuesday and Wednesday. Ask for the shade you desire. We have it.

Among the large lot there are Serges, Cloths, Plaids, Tweeds, etc., incomparable values at \$5.00 a yard. You may take your choice at this uniform price for three days beginning this morning \$2.84

POLO CLOTH Heavy Material Very Much in Demand For Winter Overcoats For Ladies, Misses and Children. An American factory sold us 40 pieces of Polo Cloth at our price. The following shades are on display: taupe, navy blue, drab, peacock blue, nigger brown, old rose, dark grey, red, wine and black. Included in this same lot are a few pieces of Tweed, fancy Whitney or Ratine, all most appropriate for a warm overcoat. The real value of this material varies from \$6.00 to \$7.00 a yard. The whole at a uniform price, per yard, \$3.84 Take a glance at our windows. They are always more and more interesting.

Syndicat de Quebec QUEBEC. Corner St. Joseph and Crown St.

Commercial and Financial News

CLOSING LETTERS BY THE CANADIAN PRESS

(By Canadian Press) New York, Nov. 8.—Dealings in stock Saturday were unusually lively for a week-end session, but the activity was wholly at the expense of quoted values, representative as well as less favored issues recording additional declines.

Absence of any semblance of support enabled the shorts to press their advantage in the steel, equipment, shipping, motors and oil divisions, extreme reactions ranging from two to seven points. The more severe losses in the industrial issues were sustained by Vanadium, Republic, Shoes and Sheffield steels, Baldwin Locomotive, Air Brake, Atlantic-Gulf, Mexican Petroleum, Houston Oil, Pierce-Arrow and Stromber Carburetor.

Tobacco, textile and food issues embraced the weaker specialties and seasoned raisins, including the prominent features of the mid-week lost one to two points, an unsettled tone ruling at the close. Sales amounted to 575,000 shares.

News of the day was not of a character to inspire confidence, British, French and Italian rates of exchange were in a further state of demoralization and domestic advices tended to confirm known conditions in the textile and allied trades, with emphasis of the pronounced increase of unemployment.

Another deficit in actual reserves, comparatively light against the loss of a fortnight ago, was the noteworthy feature of the weekly clearing house statement. Other interesting items of that exhibit included a decrease of \$54,256,000 in loans and discounts, a decrease of \$35,362,000 in members' reserves at the Federal Bank and a contraction of \$78,323,000 in net demand deposits.

The Bond Market stood up fairly well in the face of further stock liquidation, reactions among popular domestic and foreign issues, notably the Liberty group, being little more than nominal.

Total sales (par value) aggregated \$6,376,000.

Old United States bonds were unchanged on call during the week.

CLOSING LETTERS BY THE LOCAL BROKERS

(By Brunson & Dupuis) New York, Nov. 8.—The market has been a liquidating one today, the selling movement developing on Thursday continuing through today's session. It bears out what seemed probable before election day that if the confident forecast produced no rally in prices it was probable that many people were waiting for the election to lighten their holdings, especially, of course of the industrial stocks. This tendency has been quite evident in the past three days. The trouble lies in the complete business and financial demoralization throughout the world, and the realization of fact that this country cannot go on indefinitely financing its foreign trade on floating bank loans and selling to purchasers whose ability to pay, becomes worst and not better. As a secondary result, of course, contraction in our foreign trade, tends to congest the market and lead to these violent breaks in commodity prices which have been so difficult to deal with recent months. However, this liquidating process was inevitable after war, and while it was hoped, but it might come in a slow and orderly manner. This very rapidly of recent developments in this respect are likely to lead to a more prompt recovery, although the incidental damage will be greater.

(By Brunson & Dupuis) Montreal, Que., Nov. 7.—The tone of the market on the local Stock Exchange Saturday showed a continuation of the better sentiment prevailing at the close of Friday's market. A few issues went to lower levels but the majority of the issues traded in either held to the advantages gained on Friday or added to them. Breweries was the most active stock and at the end of the morning's trading showed a net gain of a point at 87, at one time reaching 88.

Sugar was a weak feature declined 3 points to 64 and closing at the low. In point of size of decline for the day, however, the record went to Penman's which fell 10 points to 110 on sales of 95 shares.

Other prominently weaker stocks were Canada Car preferred, down 3 1/2 points at 84, a new low for the year; St. Lawrence Flour, which lost 3 points at 80, also a new low; and Steel of Canada preferred, which lost 2 points at 90.

Steel of Canada common was lower, the common selling off a point to 82 1/2; Dominion Steel also showed substantial recovery, regaining at 50, the 1 1/2 points lost Friday, and Ontario Steel gained a large fraction at 63 1/2. The Steamship issues were steady to weak.

In the Papers, Spanish issues were lower, the common selling off a point to 92 1/2 and the preferred, a large fraction to 97; Brompton gained a point at 194; Abitibi gained a small fraction as did Brompton and Laurentide; Wawagamac lost a fraction. Among the Utilities, Brazilian held; Quebec Railway rallied one point; Bell Telephone gained a fraction; Shawinigan lost a large fraction and Total Sales: Listed, 7,799 shares; Bonds, \$36,600.

Hay, No. 1 per ton \$28 to \$29; baled track Toronto, \$30 to \$32.

(By L. G. Beaubien & Co.) New York, Nov. 6.—The pronounced selling movement continued today and further declines were suffered throughout the list with certain issues showing special weakness. The Mexican oil stocks were particularly under attack together with Atlantic Gulf. In the steel and equipment group extreme weakness was again shown by Vanadium and Republic, Republic and Bethlehem Steel were also off.

Heavy selling of motors followed the announcement of closing Whlby Toledo plant and several new low records were made in the group. Pierce Arrow was especially weak on rumors of necessity of new financing. The rails held up better but there was further profit taking in the standard issues such as Union, Southern, Reading, Northern Pacific and Great Northern which carried them down a point or more.

There was some scattered short covering toward the close but this did not enable the market to rally appreciably. Sales 663,500 shares.

BANK STATEMENT Average Loans decrease, \$55,153,000. Average Loans decrease \$35,818,000. Demand Deposits decrease \$13,548,000. Reserve Increase \$8,772,200. Actual Loans decrease \$64,255,000. Net Demand Deposits decrease \$78,323,000. Time Deposits decrease \$399,000. Reserve decrease \$15,361,300.

THE CANADIAN BANK OF COMMERCE

Our Service To Investors SMALL LOTS

It frequently happens that we are able to secure small lots of Bonds and Securities the issues of which, because of the resources behind them, have been rapidly and completely absorbed. Offering very high returns, such Bonds and Securities, present splendid opportunities to those whose funds are merely drawing low interest elsewhere. We list a number of these sound investments for the benefit of our Clients and gladly advise them on all matters connected with their purchase. This is one feature of our Service to Investors designed to help those who are unfamiliar with the routine of the financial markets.

"Behind The Door," Story of Tremendous Dramatic Strength, Now Showing at the Empire

PERFORMANCES TONIGHT UNDER THE AUSPICES OF ARMY AND NAVY VETERANS.

Chronicle Files 100 Years Ago

Vienna, Sept. 16 — Prince de Cimiti, who was despatched to St. Petersburg and London by the present government of Naples, has returned to Naples, after remaining here a fortnight. It was significant to him that the great Powers of Europe had agreed not to recognize the state of things in the Kingdom of the Sicilies, a state brought about by military force; and that they could not receive an envoy from a Power established by this military force.

Chronicle Files 25 Years Ago

Returning from the States

Again comes the gratifying intelligence, from the Lower Parishes that numbers of Canadians are constantly returning from the United States to take up land in the Province of Quebec. The county of Tomisouata is particularly favored in this respect where nearly thirty families have taken up land in the rich agricultural country known as the Squaticks, which is reached from Lake Temiscouata by way of the Touillard River. Mr. Roux, M.P.P., personally took these new settlers to the district in question, where they selected land, and many others are shortly expected to follow.

Counterfeit Bills.

It is reported that several counterfeit bills have recently been put in circulation here, among them are one of \$50. The detectives have the matter in hand.

Episcopal.

Archbishop Begin will pay a pastoral visit to the Parish of Beauport on Sunday next. His Grace will administer confirmation to a large number of children in the Parish Church in the afternoon.

BANK MANAGER DIES

Kingston, Ont., Nov. 7.—A. J. McDonell, Manager of the Kingston Branch of the Bank of Montreal, died here Saturday. Mr. McDonell was born at Bartonville, a suburb of Hamilton, in 1859.

NICKEL FURNACE CLOSED

Sudbury, Ont., Nov. 7.—One furnace of the International Nickel Company is to be closed down; a reduction from 4,000 tons of nickel matter to three thousand tons in the monthly production of the company's plant is announced, and about 300 men are to be let out. An unpaired market caused by general depression of business in the United States is given as the cause of the cut.

CANADIAN FLYING RECORD'S BROKEN

Toronto, Ont., Nov. 7.—Canadian flying records were broken Friday, when Lieutenant-Colonel Douglas G. Joy flew from Camp Borden to Leaside (Toronto), a distance of 80 miles, in 15 minutes.

Behind the Door

In all the history of motion pictures there has never been a picture quite like "BEHIND THE DOOR." Gouverneur Morris' tremendously dramatic story which is now being shown at the Empire. At the very beginning it starts a thrill along the spine and the dramatic sequences keep mounting up until it reaches a terrific climax, where Hobart Bosworth the featured performer of the cast, wrecks his terrible vengeance upon the man who had wronged his wife, a vengeance so terrible that it is shown only in shadows "Behind the Door."

This evenings performances are being held under the auspices of the Army and Navy Veterans Associations. There will in all likelihood be over capacity crowds and it is therefore advisable to be on hand early in order to secure a seat. All ticket holders who fail to gain admission this evening can have their tickets honored at the door tomorrow or Wednesday afternoon or evening, when the same performance will be given.

The usual short subjects will be included at each performance.

"Dangerous To Men" at Victoria—Viola Dana Has the Leading Role

Viola Dana in "Dangerous to Men" is announced as the feature attraction at the Victoria Theatre, for a run of 3 days, beginning today.

"Dangerous To Men" is an adaptation by A. F. Younger from H. V. Esmond's stage drama, "Eliza Comes To Stay," which had a big run in London when it was produced there with Mr. Esmond and Eva Moore in the leading roles.

It is the most ambitious production of Miss Dana's career and she is said to have found her favorite role as the school girl Eliza, who is thrust at the age of eighteen into a bachelor's household, where, although she has taken every precaution to make herself "safe" from men, she suddenly finds that she has the power to make herself dangerous.

The 7th Episode of "Ruth of the Rockies" and a good comedy is on the same bill.

Eyesight Dim?

If your eyesight is dim, your vision blurred; if your eyes ache, itch, burn or feel dry, get a bottle of Bon-Opto tablets from your druggist dissolve one in a fourth of a glass of water and use to bathe the eyes from two to four times a day. Bon-Opto has given stronger eyes, clearer, sharper vision and relief to thousands.

Notes: Doctors say Bon-Opto strengthens eyesight 50 percent in a week's time in many instances.

J. ALLEYN,

SAIL, TENT and AWNING MAKER

588 ST. PAUL STREET Telephone 76. Quebec

THE name "Bayer" on Aspirin is like 14 Karat on gold. It positively identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada.

Always buy an unbroken package of a few cents. Large "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocacetic Acid Salicylic Acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."
