MYSTIFIED AS TO CAUSE OF ENGINE TROUBLE

Weekly Market Review—School Problems Were Discussed

Claim Made That Sabotage Caused Motors To Fail

Director Oesterle, of Dornier Aeroplans Works, Made Charge of Sabotage Openly—"Why Should Same Thing Happen to Two Crankshafts? I Have Been With Motors for Years and Cannot Conceive of Such Duplicate Tragedies. No, There Has Been Dirty Work Somewhere," He Said—It Will Require a Week or Ten Days to Make Repairs—Nine Men Arrested During Week After Actions Which Characterized Them as Would-Be Stowaways—Are Being Held in Strict Confinement and Will Be Subjected to Rigid Examination—There Were Too Many of These, in Opinion of Officials, to Make Presence of All Easily Explainable.

(Associated Press Despatch)

FRIEDRICHSHAFEN, Germany, May 18.—Feeling that sabotage was responsible for the failure of four of the Graf Zeppelin's motors almost at the outset of its trans-Atlantic flight project grew here today.

Officials of the Zeppelin Corporation declined to comment upon the suggestion, while others put it forward with considerable frankness, although they admitted perplexity and consternation at the abrupt end of the Graf's flight.

Director Oesterle, of the Dornier Aeroplans Works, made the charge openly. "Why should the same thing happen to two crank shafts?" he asked. "I have been with the motors for years and can't conceive of such duplicate tragedies. No, there has been dirty work somewhere." (At the same time he was unaware that the failure was quadruplicate.)

Dr. Ludwig Duerr, the zeppelin's constructor, said that both he and the Maybach motor experts were mystified as to the cause of the engine failures. He did not believe it was due to overstrain; "when machines have successfully negotiated ten million revolutions we generally assume that the element of fatigue has been eliminated."

NINE MEN PLACED UNDER ARREST DURING WEEK

Meanwhile, nine men arrested during the week after actions which characterized them as would-be stowaways are being held in strict confinement, and, it was known, would be subjected to a rigid examination. There were too many of these in the opinion of officials to make the presence of all easily explainable.

Pending investigation of the zeppelin's condition, nothing more than speculation was possible in prediction of the dirigible's immediate future. It was believed it would be necessary for it to remain at Cuers for at least a week or ten days, but whether it would start back to Friedrichshafen from there or continue its flight was not known.

NO PASSENGER CAN MAKE CLAIM FOR REFUND

The matter of the \$2,000 which passengers paid for passage seemed in some doubt unless the Graf's owners chose to make another attempt at a trans-Atlantic crossing. Under the terms of booking no passenger can make a claim for refund for passage or damages because the zeppelin failed to reach its goal. More than thirty-eight hours flying could be checked against the tickets and no announcement was made as to whether they would be good for another flight.

With anxiety over the fate of the airship and its cargo removed, the prevailing sentiment here was one of trying to recover from the staggering blow administered to Germany's prestige as an aeronautical leader and from the setback given to lighter than air craft transportation.

The trans-Atlantic air liner, Graf Zeppelin, after an all-day struggle against storms landed at Cuers, France, at 8:35 o'clock last night, (2:33 p.m., E.S.T.). The huge ship with her crew and passengers entered the Cuers hangar with the assistance of a large force of troops, who had stood by while she was making her gallant struggle against the elements.

GIANT AIRSHIP IS TODAY REPOSING IN FRENCH HANGAR, WHERE DAMAGED MOTORS WILL BE REPLACED AT ONCE

(Associated Press Despatch)
CUERS, France, May 18.—The Graf Zeppelin saved by its master, Dr. Hugo Eckener, from catastrophe in a perilous thirty-eight hour flight, reposed today in a French hangar, from which only five years ago the ill-fated Dikmda went forth on its disastrous Mediterranean flight.

After hours of maneuvering yesterday in which it seemed the air liner would be blown to sea or into the foot hills of the Alps, the dirigible arrived over the naval air field here and was pulled to earth safely at 8:35 p.m. (2:35 p.m. Eastern Standard Time). Four of its motors were not working, their crankshafts being broken.

The presumption was that the dirigible would have its motors replaced and complete the trans-Atlantic journey, either from Cuers or after a return to Friedrichshafen. Some of the passengers, far from discouraged at their experience, announced they would not cancel their bookings and would fly with the zeppelin if and when she started again.

Two passengers, George N. Crouse, Syracuse, N.Y., and Maurice Y. Nathan, New York diamond merchant, hurried to Cherbourg to take the Aquitania for home. Some others went from nearby towns to Paris for the night.

Most, however, including Mrs. Mary Pierce, the only woman passenger, simply sought hotel accommodations at Toulon, content to

CANADA'S TRADE MADE ANOTHER ADVANCE

(Canadian Press Despatch)
OTTAWA, Ont., May 18.—Canada's trade shot upward another \$26,000,000 in April. The total of \$168,354,216 for the month compares with \$137,383,785 for April, 1928.

With an aggregate of \$97,626,617, imports advanced \$19,217,147. Domestic exports reached a figure of \$65,727,599, an increase of \$6,753,284 over the previous April. Exports of foreign origin were about the same at \$1,426,337.

Newsprint led in the export items with a value of \$9,747,536, while wheat totalled \$8,072,341.

Of the imports \$67,178,761 was for dutiable goods and \$30,452,856 free of duty.

FIRE DESTROYS SUMMER HOME AT AYER'S CLIFF

Summer Residence of Mr. E. R. Frost Burned to Ground Yesterday by Fire of Unknown Origin—Was One of Finest in District.

(Special to the Record)

AYER'S CLIFF, May 18.—What was considered one of the finest summer homes in this district was lost yesterday when fire of an unknown source destroyed the summer residence of Mr. E. R. Frost, of New York City.

The fire originated in the servants' wing, which was unoccupied at the time, and spread rapidly throughout the whole building. The manager of the estate, Mr. Walter Keeler, with the aid of his assistants and neighbors, attempted to fight the flames, but the absence of an adequate water supply made all efforts futile, and the large building, with all its contents, was soon a heap of glowing embers.

Mr. Frost was expected to take up residence here during the coming week.

House Studied Losses Caused By German Illegal Warfare And Has Made Provision For Settlements

Secretary of State Moved Resolution Providing for Payment of a Total of \$2,500,000—Under Present Plan Virtually All of Small Claims Will Be Paid in Full—Large Claims Will Receive Partial Payment—Conservative Leader Criticized Government for Not Having Made Payments Earlier.

OTTAWA, May 18.—After an interval of many weeks the legislation providing for reparations to those who suffered loss as a result of Germany's illegal warfare, came before the House again yesterday afternoon, when Hon. Fernand Rinfret, Secretary of State, moved the resolution providing for the payment of a total of \$2,500,000. Under the present plan, virtually all of the small claims will be paid in full, the large claims receiving partial payments, or up to a maximum in any case of \$25,000 each. While the legislation as it stands provides for this partial payment, it is reported that before the session is concluded complete payment will be made.

The Secretary of State, in outlining the plan as presented to the House, stated that there would be immediate payments in full on the small claims up to a maximum of \$15,000, there being 1,294 to be paid in this category. On accounts from \$15,000 to \$25,000, a total of ten claimants in this class would be paid \$15,000 plus 25 per cent of the remainder. On all amounts over \$25,000 there would be payments of \$15,000 plus 10 per cent. In no case would there be an individual payment of over \$25,000. The total number of claimants received awards under the Rinfret report is 1,331.

The total of the claims rewarded in that report is \$4,246,868.75, which, with an addition of \$2,042,520.59 interest calculated up to March, 1928, makes a total of \$6,289,389.34. According to figures tabled in the House this week by the Prime Minister, the money, received by Canada on account of reparations through the Dawes plan, exceeded to date \$21,000,000.

Premier Mackenzie King foreboded further settlement beyond the provisions of the present resolution when he said there had been some misapprehension as to the phrase "not exceeding \$2,500,000." This did not necessarily prevent further readjustment, and accordingly the Prime Minister moved an amendment deleting the words "not exceeding." Whether additional payments were made, he said, depended upon the nature of the debate on this question.

Provincial Educational Questions Are Taken Up At Meeting In Montreal

Protestant Committee of Council of Education Held Session Yesterday at McGill University—Reports on Consolidation, Backward Children, High School Diplomas and Rural School Grounds Presented—Dr. S. B. Sinclair, Noted Educationalist, Spoke on Matter in Which Subnormal School-Age Children Should Be Handled.

(Special to the Record.)

MONTREAL, May 18.—At a meeting of the Protestant Committee of the Council of Education held here yesterday at McGill University many important matters in connection with education were taken up, including consolidation, education of backward children, high school diplomas and rural school grounds.

In a report on backward children, Rev. Dr. E. I. Rexford announced that a bill had been recently passed by the Provincial Government whereby classes could be established for the benefit of these children. Dr. Rexford also read a report in connection with the granting of high school diplomas, in which was incorporated information regarding teachers' courses at McGill and Bishop's universities, while Rev. Dr. A. H. McGee handed in a report in connection with rural school grounds.

Grant to North Hatley School Board
Mr. A. Kirk Cameron, chairman of the sub-committee on consolidation, stated that the Provincial Secretary had approved of the special grant of

LOYD GEORGE MAKES REPLY TO CHALLENGE

Liberal Leader Named Three Experts Who Advised Him in Preparing His Unemployment Programme—Challenged Premier Baldwin to Do Likewise With Regard to Experts Who Helped Frame Government White Paper Issued in Reply to Unemployment Proposals.

(By George Hamilton, Canadian Press Staff Correspondent)

LONDON, May 18.—Taking up Premier Baldwin's challenge, Right Hon. David Lloyd George, Liberal leader, last night named three of the experts who had advised him in preparing his unemployment programme. They were W. T. Layton, M.A., C.B.E.; Maynard Keynes, M.A., C.B.E.; and Sir Herbert Samuel.

He challenged the Premier to do likewise with regard to the experts who helped to frame the Government White Paper issued in reply to his unemployment proposals.

Thursday Premier Baldwin in a speech asked who the experts mentioned by Mr. Lloyd George were and said he wondered if Sir Henry Mayhew, an expert on roads, was one of them.

Speaking at Bristol, Mr. Lloyd George spoke of the three men he had named as men of the highest distinction who had been called upon to advise Conservative governments on important matters.

\$7,000 to be paid to Stanstead College for the building of a school to accommodate the pupils from six districts of Stanstead Township. A grant of \$12,500 to the North Hatley school board for the building of a consolidated school was also approved. In concluding his report, Mr. Cameron stated that the grants for consolidation to the existing consolidated schools amount to over \$19,000 this year.

During the meeting it was officially announced that Mr. Malcolm Thomas Robb had been appointed member of the Committee in succession to the late Chief Justice Martin. A recommendation was also adopted whereby the scale of fees for preparing and reading High School leaving examination papers was raised, and the annual applications for \$7,000 made by McGill, and for \$1,000 by Bishop's College, were granted.

An Interesting Address
Following the business meeting, Dr. S. B. Sinclair, formerly Dean of Macdonald College, school for teachers, and now inspector of auxiliary classes for Ontario and chairman of the group for handicapped and gifted children at the July meeting of the World Federation of Education Associations at Geneva, addressed a joint meeting of the Protestant Committee and the Protestant Board of School Commissioners of Montreal on the subject of "The Diagnosis and Treatment of Subnormal School Age children."

"It is a safe working rule," said Dr. Sinclair in opening his address, "that speaking generally in surveys of large areas, in every group of one thousand children of school age there will be found twenty children under seventy-five per cent I. Q., of whom eighteen are over fifty I. Q., and should be placed in a special class."

"By providing institutional care for the one-fifth of one per cent who are feeble-minded or psychopathic and special classes for the two per cent who are dull there are no children, left in ordinary classes under seventy-five per cent I. Q. As a result the children of higher mentality are not held back, the dull children are trained to good citizenship, the parents profit by the more rapid progress of their children, the teacher is spared the narrow strain of attempting the impossible and everyone is better satisfied."

LONDON BISHOP ASKS CLERGY TO OBSERVE ORDER

Replies to Open Letter in Which Twenty-One of His Clergy Explained Reasons for Refusing to Comply With Directions Concerning Use of Reserved Sacrament.

(Associated Press Despatch)

LONDON, May 18.—"Out of 170 incumbents in the diocese who have reservation and who are as strongly Anglo-Catholic as you yourselves are, with few exceptions your twenty-one are the only ones who have not seen your way to observe this regulation." Thus writes the Bishop of London, Right Rev. Arthur Winnington-Ingram, in a spirited reply to an open letter in which twenty-one of his clergy explained their reasons for refusing to comply with the Bishop's directions concerning the use of the reserved Sacrament.

The Bishop concludes by asking the writers to think the matter over again. "You are many of you well advanced in years," he says, "and the ministry of some of you is drawing to an end. I shall take no disciplinary action against you, but as every living changes hands the new incumbents will have to fall in with the regulations of the diocese. Why leave it to younger men to do what you yourselves should be the first to lead them to do and so give back to the church that unity and peace which it sorely needs for its worldwide work at the present time."

FEDERAL ELECTION ANTICIPATED SOON.

VICTORIA, B.C., May 18.—"A federal election is anticipated in about fifteen or eighteen months," said Premier S. F. Tolmie, in an address here last night to members of the Sir John A. MacDonald Club.

Premier Tolmie recently returned from a visit in eastern Canada.

More Confident Trading Was Noted On U. S. And Canadian Markets Towards Week-End

Until Recovery Shown in Selected List of Stocks on Thursday and Friday, Canadian Exchanges Struggled Through Week Under Handicap of Pessimism Inspired by Rise of Call Loan Rates in New York, by Decline in Price of Wheat and by Uncertainties of Foreign Exchange.

(Written for the Canadian Press by Wellington Jeffers)

TORONTO, Ont., May 18.—Until the recovery shown in a selected list of stocks on Thursday and Friday Canadian stock exchanges struggled through the week under the handicap of pessimism inspired by the rise of call loan rates in New York from the low of six per cent, a week ago to a high of fifteen per cent on Wednesday, by the decline in the price of wheat on world markets and by uncertainties of foreign exchange. But call loan rates in New York again declined to six per cent yesterday, while brokers loans only increased \$14,000,000 during the week, and this led to more confident trading both in Canada and the United States with as many gains as losses, except in mining and oil stocks, where losses predominated.

Brazilian Staged Important Recovery.

The tendency towards recovery, which did not bring the generality of stocks up to the level shown at the close of trading on Friday of last week, was aided by special considerations in the case of the companies whose stocks advanced. Brazilian Traction common stock, for instance, staged an important recovery to 55½ during the last few days in response to more favorable news concerning economic conditions in Brazil and the prospects for recovery of the milreis. Canada Bread continued the striking advance of the previous week because of the early expectation of a split in the common stock, and the split was actually announced on an eight for one basis. The common closed at \$200 a share yesterday and a trading range of \$25 to \$26 was established yesterday for the new (Continued on Page Seven.)

Railway Measure Was Given Third Reading In Senate Yesterday

Pacific Cable Measure Was Also Given Third Reading in Senate—In Commons Fifteen Divorce Bills Received First Reading, Twenty-One Second Reading, Ten Third Reading, and Twenty-Six Stand for Third Reading.

(Canadian Press Despatch)

OTTAWA, Ont., May 18.—The Senate yesterday gave third reading to the bill enabling the C. N. Rys. to purchase the Quebec-Montreal and Southern Railway, also third reading to the Pacific Cable measure. Senator Lynch-Staunton withdrew his bill to amend the criminal code.

The House of Commons yesterday gave third reading to the bill which provides for payments to civilians of reparations out of funds received from Germany. Fifteen divorce bills received first reading, twenty-one second reading, ten third reading and twenty-six stand for third reading. The bill to amend the excise tax secured third reading.

Flashes From Battle Front

(By George Hamilton, Canadian Press Staff Correspondent)
"Lloyd George has puffed up his patent programme for unemployment by extravagant promises of what he is going to do if he comes into power, which God knows he is not going to do," said Lord Hailsham, Lord Chancellor, in a speech at Battersea last night.

"National solvency or national bankruptcy is involved in the Liberal prospectus," said Sir Philip Cunliffe-Lister, president of the Board of Trade, at Golder's Green.

"Never have I been so satisfied that the next government will be a Labor government," Right Hon. J. H. Thomas, at Bedford.

"The Liberals are jamming the wireless. They are throwing letters and sentences into the air. They are clouding and dulling the messages the two other parties are giving out to the electors," Lord Londonderry at Maidstone.

"I would like to see the Prince of Wales speech on Christmas night posted all over the country. Without consulting the government, he said his own speeches, visited the mining districts and with his own eyes saw terrible distress," A. J. Cook, at Kenton.

PRICE OF MILK TO REMAIN SAME DESPITE TARIFF

Owing to Recent Announcements Made by President Hoover, W. F. Stevens, Secretary of National Dairy Council of Canada, Has Rather Changed His Views on Situation.

OTTAWA, Ont., May 18.—"Some days ago I was quoted as saying that milk prices might drop because of an adverse American tariff shutting out Canadian dairy products," said W. F. Stevens, secretary of the National Dairy Council of Canada, yesterday, "but since that time, President Hoover has made announcements that lead me to believe that there will be no such changes. The price of milk will therefore remain pretty much as it is at present."

All Persons On Graf Zeppelin Remained Calm During Trouble And Are Ready To Resume Trip

Passengers Had Absolute Confidence in Ability of Dr. Eckener to Bring Dirigible to Safety—One After Another Motors Gave Out—Expect to Resume Flight in Ten or Fifteen Days.

(By Alexander R. Von Kryha, Graf Zeppelin, Passenger, Written for the Associated Press)

Toulon, France, May 18.—The Graf Zeppelin brought us all safely back to land. Four of its motors were out of order but none of the passengers were unduly frightened.

Most of those aboard intend to start out again for New York with Dr. Hugo Eckener, the dirigible commander, in ten or fifteen days. One after another of the motors gave out because they were fatigued. They had worked too many hours already in trial flights and in long flights in the early spring over the Mediterranean.

Motors Began to Give Out.

All went well at first but after we left the coast of France the motors began to splutter and give out. Doctor Eckener first thought that they could be repaired and that we could continue on toward America. It was 3:30 p.m. on Thursday, after we had passed Valencia, and were rounding the coast of Spain, that Dr. Eckener called the passengers together and told them the situation. He asked them whether they preferred to turn back. Most of them did and so the commander turned the nose of the ship toward home.

Mechanics Worked Without Success for several hours to get the stalled motors working again but without success.

Most of us thought that he would be able to get back to Germany but we met strong winds against which the ship had to struggle and the fact that only one motor was working during the afternoon made this impossible.

There never was any doubt among the crew and passengers, however, but that Dr. Eckener would bring the ship safely to rest. Even before we landed, Dr. Eckener said it would be a question of only ten or fifteen days before he would have new motors installed and would again start for Lakehurst.

Are You Ready

When your Children Cry for It

Baby has little upsets at times. All your care cannot prevent them. But you can be prepared. Then you can do what any experienced nurse would do—what most physicians would tell you to do—give a few drops of plain Castoria. No sooner does the baby feel better; relief is just a matter of moments. Yet you have eased your child without use of a single doubtful drug; Castoria is vegetable. So it's safe to use as often as an infant has any little pain you cannot put away. And it's always ready for the crueler pains of colic, or constipation, or diarrhoea; effective, too, for older children. Twenty-five million bottles were bought last year.

DO YOU VALUE HEALTH

Sickness Almost Always Due to Weak, Watery Blood.

If your health is poor; if you are pale, nervous and easily tired; if you suffer from headaches or backaches; if there are twinges of indigestion, or twinges of rheumatism, you may depend upon it that these symptoms come from an impoverished condition of the blood, and that the condition is remedied by a complete breakdown may follow. To any who are in this condition, Dr. Williams' Pink Pills will be found the perfect medicine. The whole mission of this medicine is to build up the blood, promote appetite and good digestion, and strengthen tired, frayed nerves. Men and women alike benefit through the use of this medicine. Therefore if you are weak or ailing, give Dr. Williams' Pink Pills a fair trial and you will be pleased with the beneficial results that will speedily follow.

Among the thousands who have found Dr. Williams' Pink Pills a real blessing is Mrs. Geo. M. Andrews, Halifax, N.S., who says:—"My first experience with Dr. Williams' Pink Pills was as an anemic young girl, when they completely restored my health. Then a few years ago I became pale and run down, and my husband got a supply of the pills for me. I gave them a good trial and when my baby was born she was a big healthy baby and I did not have a day's sickness. My friends all tell me how well I look and I certainly feel that way, and I give all the credit to Dr. Williams' Pink Pills. I hope my experience will help some other woman who needs a good medicine."

You can get the pills from your druggist, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville.

DR. MCCOY'S MENUS SUGGESTED FOR THE WEEK BEGINNING SUNDAY

Sunday
Breakfast—French omelet, toast, shredded wheat biscuit, stewed raisins.

Lunch—Stewed corn, buttered beans, shredded lettuce with peanut butter dressing.

Dinner—Roast pork, cooked asparagus, cooked celery, salad of grated raw carrots and chopped celery, apple whip.

Monday
Breakfast—Breakfast food (re-toasted) served with milk or cream, but no sugar, stewed figs.

Lunch—Potato fluff, spinach, salad of shredded raw cabbage.

Dinner—Vegetable soup, roast beef, steamed carrots, green peas, raw celery, jello or jelly-veal, with cream.

Tuesday
Breakfast—Coddled eggs, melba toast, stewed prunes.

Lunch—8 ounce glass of grape juice.

Dinner—Broiled mutton chops, mashed turnips, string bean salad, baked pears.

Wednesday
Breakfast—Wholewheat muffins, with unsalted butter, baked eggs, stewed raisins.

Lunch—Boiled rice, parsnips, lettuce.

Dinner—Clear tomato soup, Salisbury steak, cooked celery, baked egg plant, dish of berries (canned).

Thursday
Breakfast—Eggs poached in milk, re-toasted triscuit, baked apple.

Lunch—Pint of buttermilk, 10 or 12 dates.

Dinner—Roast veal, spinach, molded salad of peas, string beans and chopped celery, cup custard.

Friday
Breakfast—Cornmeal mush, with milk, no sugar.

Lunch—Cooked lettuce, cooked oyster plant, salad of grated raw carrots.

Dinner—Baked sea bass, spinach, squash, lettuce and tomato salad, no dessert.

Saturday
Breakfast—Coddled eggs, melba toast, stewed apricots.

Lunch—Oranges as desired.

Dinner—Broiled steak, string beans, head lettuce with olive oil, pineapple sponge.

Potato fluff: Peel and boil the desired number of Irish potatoes. When soft, mash and season with a little salt. Add enough thick cream to make a stiff batter and beat vigorously for several minutes. Heap into a flat baking dish, but do not smooth over or pack down. Sprinkle with melba toast crumbs

and place in a hot oven until lightly browned. Serve in the dish in which it has baked. Sweet potatoes may be prepared in the same manner, except that they should be boiled in their skins, plunged into cold water for minute and the peeling slipped off while still hot.

QUESTIONS AND ANSWERS
Peritonitis
Question—M. C. L. C. asks: "Will you kindly explain peritonitis? What is the cause, and is there a cure?"

Answer—There are many causes of peritonitis. Peritonitis means inflammation of the peritoneum which is the smooth covering lining the inside of the abdomen. Various diseases of the intestines or other abdominal organs may induce a spread of inflammation to the peritoneum. The cause is always found in one or more of these inflamed organs and never starts in the peritoneum itself. Therefore a diagnosis is necessary to find the cause.

Dulce
Question—J. L. H. writes: "When I was in Scotland I was given a plant called dulce to eat and I rather enjoyed its flavor, but I have not found any in this country. Can you tell me if it is obtainable here?"

Answer—Dulce is an edible seaweed which may be eaten raw, either fresh or dried, or boiled in water and served as a vegetable, or it may be roasted by twisting it around red hot tongs. Seaweed is

one of the most abundant of nature's products and is used in many parts of the world for food. It, however, contains very little in the way of nutritive qualities, although it is rich in mineral elements, especially sodium, iodine, chlorine and potassium. Most of the seaweeds possess gelatinous properties and are used for thickening soups and making jellies. Dulce is quite abundant along the New England coast and probably most seashores. Other seaweeds sometimes used for food, are agar-agar, for its laxative properties; carrageen or Irish moss, for making blanc-mange or jelly; and laver, known in Scotland as sloak, which is boiled and spiced and served with cold meats.

The bride, who was given away by her father, wore a travelling suit in a lavender shade, with a fox fur and a rose beige hat, and carried a lovely bouquet of pink roses, lilacs of the valley and maine hair fern, while her sister, Miss Catherine Morse, who was

bridesmaid wore a costume of beige with skirt and scarf of contrasting material with a beige felt hat and carried a bouquet of pink and white roses. Mr. L. Dimick, of Farnham was the best man, while Messrs Allan Palmer and Royce Smith acted as ushers. The ceremony was performed under an arch of evergreens, from which was suspended a wedding bell of white trimmed with flowers, while the chancel of the church was decorated with potted plants. The church was decorated by friends of the bride. Musical selections were played before the ceremony by Miss Helen Ewing, who also played as the bride company entered and left the church. Among those from out of town who were present were Mr. and Mrs. Morse, of East Hatley parents of the bride and Mr. and Mrs. Dimick and the groom's two sisters from Farnham. At the conclusion of the ceremony the newly-married couple left by motor amid showers of confetti for Farnham, leaving from there that evening for Worcester, Mass., after which they will go to Connecticut for a time, also to Manchester, N. H. On their return from their wedding trip, Mr. and Mrs. Dimick will reside in Farnham.

Mrs. J. Dormer, of Montreal, came out on Friday and was the guest for several days at the home of her parents, Mr. and Mrs. S. Ewing, on Phillipsburg Road.

Goitre Not A Disease
Milwaukee Doctor Makes Remarkable Discovery

Milwaukee, Wis. — It has been brought to light by scientific research that goitre is not a disease and is not to be treated as such. Dr. A. A. Rock, Dept. 801, Box 737, Milwaukee, Wis., a prominent goitre specialist for over 24 years, has perfected a different method of treatment for his patients that has proved remarkably successful. This same method is now being used for a home treatment of goitre cases all over the country with astonishing results. The Doctor states that goitre is a condition which grows worse with neglect, and recommends immediate attention no matter how small the growth may appear. He strongly opposes needless operations. Dr. Rock is the author of a book that tells in a simple way about treating goitre at home. He has published this book at his own expense and will send a copy to anyone interested. Write him today.—Adv.

Mr. L. McTavish, of Montreal, was in Bedford for a time during the past week. Mrs. J. Silverman, of Westmount, motored out on Sunday and spent the day at the home of her brother, Mr. D. P. Jones.

Mrs. Allan Risk, with her two children, Ewing and Jim, are the guests for the present of the former's parents, Mr. and Mrs. Matthew Ewing, on the Phillipsburg Road.

Mr. and Mrs. T. W. Judd, of Setton, returned on Monday after a stay of several days with Mr. and Mrs. W. H. Williams.

Miss Hazel Ewing, who is a nurse-in-training at the Children's Memorial Hospital, Montreal, recently spent several days with her parents, Mr. and Mrs. S. Ewing.

BLOSSOM TIME SALE

BEATTY ELECTRIC WASHERS

Free during this sale are given SIX extra pieces. Three of them are laundry pieces to lighten the laundering tasks. And the other three are beautiful baskets, made in our own basket factory.

And perhaps, if you will come and see us we may have a chance to show you what a pleasant task your laundering becomes when you have a Beatty Washer to help you.

And what could be more pleasant than to hang out your own freshly laundered things on a fragrant morning in May or June. The flowers are blooming, the birds singing and the children shouting at play. And perhaps a neighbor across the fence chatters cheerfully as she fills a line of her own.

Beatty
BROS. LIMITED

There are 10 pieces on our list of wash day extras from which to choose. Select three to make a complete outfit with your washer—

Clothes Hamper	Electric Iron	Square Rinse Tubs
Ironing Table	Folding Clothes Rack	Automatic Tub Drainer

SHERBROOKE BOARD OF TRADE

The Sherbrooke Board of Trade is endeavoring to promote larger and better business and to develop the well-being and prosperity of the community. Consequently, it deserves the wholehearted support of every business man in the district.

Today is to be a "red letter" day in the Board's 1929 programme, for the annual dinner is to be held this evening with such prominent men as Hon. J. L. Perron, Minister of Agriculture; Hon. J. E. Perreault, Minister of Roads; and Hon. Jacob Nicol, Provincial Treasurer, as guests of honor.

The officials of the Board of Trade hope that all citizens, especially the merchants, will co-operate with them in their efforts to make this function the most successful in the history of the organization.

CANADA IS ABLE TO LOOK AFTER HERSELF

What effect will the proposed new United States tariff rates, if approved at Washington, have on Canada? That is one of the outstanding questions at the present time. Various points of view have been expressed in the press, but probably the most important opinion made public to date is that of Sir John Aird, president of the Canadian Bank of Commerce, who has a comprehensive knowledge of the economic conditions of the Dominion.

"Canada is able to look after herself. If our trade with the United States is affected by tariff regulations we will be able to develop other foreign trade, and what I think is more important, to develop intra-Empire trade. My feeling has always been that we wish to be friendly with the United States, and I see no danger that those relations will not continue. But, no matter what action the United States may take in regard to tariff, Canada is now big enough and rich enough that our business people are quite able to protect the business of Canada. However, we should not worry unnecessarily," states Sir John.

Such an opinion, coming from the head of a great financial institution that is vitally interested in the Dominion's continued progress, is worthy of more than passing notice and will be applauded by many.

Latest developments in the United States indicate that there is considerable opposition in that country to the proposed increases in tariff. Many Americans fearing that if the rates are raised it will bring a further increase in the price of food, the Boston Transcript remarking: "New England is dead set against any such increases in the cost of food as this tariff bill proposes. The local supply of milk and cream is inadequate, and to pile five cents a gallon on milk and forty-eight cents a gallon on cream will cause great resentment among consumers here. These heavy duties will not materially increase production and they may send the price of milk, already prohibitive for many families, still higher. All foodstuffs in the United States are too high, nor does the American farmer benefit very much from the high prices paid in the cities. That is the evil of the whole situation, but the solons of the West are going the wrong way about correcting it, and expecting the tariff to do what it cannot."

HOW MUCH DO WE KNOW?

(By Glenn Frank)

The American Philosophical Society has proposed what seems to be the most significant intellectual venture of this generation, a venture that should enlist the co-operation of all the nations of the world, particularly of the Western world.

The proposal is that the scholarly world pledge itself to an intellectual stock-taking.

The separate sciences have been boring and blasting, exploring and excavating, in their several fields, throwing up a mass of new knowledge.

It is the work of these intensively specialized bands of scientists that has made the modern age modern.

But specialization, which is the rock upon which we have been building, may become the rock upon which we shall wreck ourselves.

In the first place, the separate sciences are now seen to be not as separate as they once seemed. Biology is not just biology. Biology is also chemistry. Biology is also physics. This has been seen for some time, and so we have created other departments of knowledge called biochemistry and biophysics. But these hybrid departments are half-way houses on the road to a realization that life is not cut into as many bits as a college catalogue might suggest.

The end of all research is to understand life, and no investigation of a fraction of life can alone give us that understanding.

The results of investigation in scattered fields must now and then be brought together and focused on life.

Seven years ago I wrote that the most urgent need of our time is a band of New Encyclopedists who will do for the knowledge of our time what Diderot and his fellow encyclopedists did for the knowledge of an earlier century in France. The plan of the American Philosophical Society is a step in this direction.

But our greatest danger lies in the fact that specialization, which is essential in exploration for the discovery of knowledge, has come to dominate our educational system almost completely.

Men must be specialists in the work of discovering knowledge, but unless men are more than specialists they will never be able to understand the interrelations of the new knowledge thrown up from the thousand and one fields of research.

It is all right for the Philosophical Society to

take stock and, it may be, pull the findings of modern specialization together.

But the next step is to recognize that liberal education is today dying under the dominance of specialists, and that until we frankly keep specialization in its place as a technique for discovering knowledge rather than as a major instrument of liberal education, all the stock-taking in the world will be largely wasted effort.—Cpt. 1929.

PRESS COMMENT

PEACE IN THE IRISH FREE STATE.

(Christian Science Monitor)

If more evidence is wanted of the new atmosphere which is apparent in the Irish Free State today, it is to be found in the recent repeal of the Public Safety Act by the Dublin Parliament. This measure was passed in the summer of 1927 immediately after the assassination of Kevin O'Higgins, the Vice-President and Minister of Justice. It empowered the Government to deal summarily with political crime and conspiracy. President Cosgrave justified it on the ground that determined efforts must be made to stamp out organizations whose aim was to subvert the Constitution by violence. There could scarcely be more striking testimony, also, to Mr. Cosgrave's desire to rule by consent and not by force than this repeal, four years sooner than had been expected.

TRAIN TELEPHONY.

(New York Herald and Tribune)

Acclaim to the engineers of the Canadian National Railways for success in linking their trains to the continent's telephone system is a well deserved reward for that patient, consistent labor on details which so seldom, alas, has any honor at all. Most of the essentials of the train telephone go back to the early days of radio telephony. Speech by means of carrier waves has been known for more than a decade. Even the devices that make possible two-way conversation have long been familiar in other uses. The problem of the Canadian engineers was to make these methods and devices simple, rugged and dependable enough for day-by-day service on a railway train, where continual highly skilled readjustment is likely to be impossible. Success in this is no small accomplishment.

CANADIAN—FOR CANADIANS

(Toronto Globe)

Canadian War Stories, a new all-fiction monthly, has just made its bow to the reading public. It is to be written by Canadians—for Canadians. For its editor it has Mr. W. Clayton Lamarch, a Chatham barrister, who has, he infers, become "fed up" with Chateaux Thierry and Belleau Wood and other names with which the American "doughboy" periodicals are constantly plastering the newstands of this Dominion, and is out to "tell the world" that the war did not begin with the Meuse-Argonne offensive, and that troops had learned to die gallantly long before the summer of 1918.

Mr. Lamarch should make a discerning editor. He started in the war as a water detail corporal at the first Ypres gas attack, and is credited, generally, with ending it, as far as the Italian front is concerned, with a salvo from the British battery which he, as a subaltern, was commanding at the time. He knows the difference between right and wrong—between the possible and the impossible. The stories which he will buy will be, at least, true to detail and setting. There will be, we fancy, no Canadian attacks on Turkish trenches at Gallipoli, or "clouting" of enemy posts by bandmen in their best parade-ground brass and uniforms.

With their first issue the publishers of Canadian War Stories make it plain they have no desire to glorify war. Rather, they seek to describe as graphically as possible "the titanic efforts" by which Canada's place in the British Commonwealth of Nations was assured—to picture truthfully—if sometimes swaggingly—"the manner of men" who contributed to those efforts. There should be a field here for a magazine with this ideal.

DRUMMONDVILLE GOLF CLUB MET; GENERAL NOTES

Board of Directors Outline Plans for Coming Season—News Items of General Interest from Drummondville and Vicinity.

DRUMMONDVILLE, QUE., May 18.—The annual meeting of the Drummondville Golf and Country Club was held recently, at which time the financial statement of the year ending March 31st, 1929, was read to the Board of Directors and says that the expenditures of last year certainly warrant an increase in membership. We have several improvements under way and especially should spend quite a sum of money on the fairways and greens during the coming year. This together with the fact that several members have resigned due to being transferred or leaving town, requires that in order to properly run the Golf Club, we should have at least thirty to thirty-five additional members.

There are at the present time seven kinds of memberships in the Club:

- (1) A family membership which entitles a married couple and all children under the age of eighteen years to play at a cost of \$100 per year, or \$25 quarterly;
 - (2) Regular male membership for which there is a charge of \$15 quarterly, or \$60 per year;
 - (3) Female membership, \$7.50 quarterly or \$30 annually;
 - (4) Junior membership covering boys under the age of 18 years, whose parents are not members. This membership costs \$20, payable semi-annually and not quarterly;
 - (5) Wife of any male of the Golf Club can play with the additional charge of \$20 per year, or \$5 quarterly;
 - (6) Students' season tickets admitting students to play during the months of July and August at a cost of \$10, payable in advance;
 - (7) Male out-of-town membership, \$15 per year.
- The Board of Directors have decided to do away with the initiation fee from now until June 1st. The president is Mr. W. T. Gall, manager of the Dominion Silk Dyeing Company. The Pro. is Mr. Little, available on the links at all times for supplies and for coaching.

General Notes.

Mr. Fletcher of the C. C. Company is away on a holiday to Montreal and vicinity.

Mr. Ashworth, of the Celanese sales department, Montreal, is in town on business matters this week.

Miss Ward, principal of the River-view school, will terminate her engagement with the Protestant school trustees at the close of the current school year, and Miss Buck will do the same.

Mr. H. Mitchell, who for several months has been the secretary of the Protestant trustees, at Drummondville, has resigned and is to go to the Experimental Farm, Ottawa.

Mr. Micolson, day superintendent at the Drummondville Cotton Company, will shortly, with Mrs. Micolson and family occupy "The Pines," at the south end of Hemmings Road.

Mr. Ares and Mrs. Ares, of the "Manoir," Drummond, were out of town last week-end visiting in West Shefford and Montreal.

Mr. George Morris, who for about two years has been the office manager of the L. Roussel silk factory, has gone to Montreal, having resigned his position here. Mr. Morris came to town in 1926 and joined the Canadian Celanese Company's office staff for a short time.

The Quebec Central Football team were supported at the Celanese cafeteria, after their unsuccessful attempt to win a match with the local team last Saturday. About twenty persons attended the party at the invitation of football manager Lloyd and his section of the C. S. Club.

A workman on the building alterations being made by Mr. John Badham Mitchell, at the corner of Brock street and St. George's road, about half past four on Monday afternoon had his right leg broken below the knee by a falling stone. The man's

name is Vallance, single, of the 3rd Range.

From the powder plant there is some movement towards Montreal, Messrs. Joseph French, Aime Lapointe and Lamotte, with their wives and families, totalling eighteen persons, leave this week. Each man owned his own house and adjoining lots of land which are put into the market for sale. The houses are now closed up. There are no industrial establishments in the village which grew up on account of the Aetna Chemical Company's munition plant being located there in 1915, but closed up after the war. The families named came here at that time.

The Celanese Football Club play at Sherbrooke on May 18th against the Y.M.C.A. team and hope to have a large contingent of our local supporters of the game out with them.

GLEE CLUB AT BISHOP'S GAVE ENTERTAINMENT

Very Appreciative Audience Enjoyed First Annual Presentation in Convocation Hall of University Last Evening.

The first annual presentation of the Bishop's University Glee Club took place last evening in Convocation Hall of the University before an appreciative and enthusiastic audience.

This event is an innovation in the social activities of the university, it being the first public appearance of the University Glee Club, which was formed in February, although the Ladies Glee Club, which assisted in the programme, has been in existence for several years. The clubs are composed only of students and genuine vocal talent and outstanding ability in chorus work was demonstrated in last evening's programme. The numbers were well balanced and arranged to suit all tastes.

Great credit is due to Mrs. E. E. Brotherton, who has coached and directed the Ladies' Glee Club, composed of fourteen members, and Professor R. Havard, who has trained and directed the University Glee Club, composed of twenty-five members. The creditable performance of last night's programme is sufficient evidence of their careful direction.

The first number was Edward Germain's popular "Rolling Down to Rio," arranged for men's chorus. The parts were well-balanced and the requisite volume was present. Schumann's stirring "The Two Grenadiers," as a bass solo, was next sung by Douglas Argue, who responded to the applause with an enjoyable encore.

The Ladies' Glee Club first presented an arrangement of Elgar's "Salut D'Amour," "Lo! The Dawn is Breaking," which admirably suited the quality of their voices. A baritone solo, "My Prayer," sung by J. Comfort followed.

Variety was introduced by a male quartette, composed of Messrs. Davis, Comfort, Wright and Caulfield, who gave the ever-popular "John Peel." Mr. Wright, tenor, also sang "Jogging Along the Highway," by Samuel, the Glee Club joining in the chorus. Perhaps the most outstanding number on the programme was the old Welsh melody, "All Through the Night," sung by the men's chorus. It was here that precision, tonal control and harmony was most effectively displayed.

During the intermission the principal of the college, Rev. Dr. A. H. McGreer, expressed his appreciation of the admirable work done, and pointed out the value of art

THREE CHANGES AUTHORIZED IN E. T. PARISHES

Transfers Made of Incumbents of Parishes of East Sherbrooke, Scotstown and Marbleton—Rev. H. Humphries Replaces Rev. O. G. Lewis in East Sherbrooke.

At the meeting of the Diocesan Board of the Anglican Church held in Quebec this week several changes were made in the incumbents of Eastern Townships' Parishes. All take effect at the end of June.

Rev. E. M. W. Templeman, incumbent of Scotstown, will be placed in charge of Marbleton, while the Rev. H. Humphries, of Marbleton, will assume the incumbency of East Sherbrooke, in succession to the Rev. O. G. Lewis, who is being transferred to Scotstown.

In connection with education, music being an outstanding adjunct.

A men's chorus, "Down Among the Dead Men," continued the performance. This was followed by two piano solos, a Chopin Polonaise and Prelude, played by Miss Hazel Wade, L.R.A.M., who displayed an accurate technique and careful study of the music. Two songs of Massfield, "Sea Fever" and "Trade Winds," set to music, were sung by Mr. A. E. L. Caulfield, whose baritone voice displayed exceptional tone and assurance.

A second ladies' chorus was taken from "Morning Mood," and in consistent applause brought forth Schumann's "The River." The pleasing voice of Miss Dorothy Dean was heard in "A Blackbird Singing" and "Little Moon," delightfully sung.

The programme was not lacking in humor. Messrs. Wright and D. Argue, dressed as vagabonds, announced their presence by "Two Beggars," and a clever skit on Bishop's. The programme was closed by a rollicking number by the men's chorus from the opera "Robin Hood" and the National Anthem.

Mr. A. F. Dawdell accompanied the Glee Club and Mr. R. Gustafson the Ladies' Glee Club. Miss Wade and Miss Brewer also accompanied several numbers.

The members of the University Glee Club are Messrs. Argue, Smith, McArthur, Comfort, Dickson, Church, Dean, Rosenstein, Caulfield, Davis, Cole, Rennie, Gibbs, Cornish, Moore, Carson, Stockwell, McMorine, Pattee, Braugh, Church, Matthews, Riley and Dyer. Of the Ladies' Glee Club: Misses Jackson, Wright, Holgate, Swanson, Atcheson, Halls, Smith, Frizzell, Ewing, Brock, Dean, Matthews, Burt and G. Jackson.

LENNOXVILLE IMPROVEMENTS ON TOWN HALL

Extensive improvements are being carried out on the grounds upon which the Town Hall stands, which will, when completed, add very greatly to the appearance of the place. The ground has been levelled and fitted up to the level of the sidewalk, with cement roadways to the lower part of the building, where the fire apparatus, etc., is kept. It is expected that hardy shrubs and trees will be planted and that the whole appearance of main and Depot Streets, as well as the Town Hall property itself, will be much improved.

QUEBEC CO-OPERATIVE WOOL GROWERS' ASSOCIATION TO HAVE NEW BUILDING

Work has been begun on the new building, which is being erected on Main Street by the Quebec Co-operative Wool Growers' Association. Excavations for the foundation have been made during the spring and in the last few days the first timbers are being put into place, and it is expected that the building will be completed by the early autumn. Mr. L. V. Parent, manager of the Co-operative Wool Growers' will then have a new and more convenient site for his business, which is one of the most active and useful in the community.

General Notes
Mrs. William Beattie, of Lennoxville, who has been the guest of her daughter, Mrs. D. E. Byrne, has now gone to St. Johnsbury to visit another daughter, Mrs. McKee.

ANNUAL MEETING OF Y.M.C.A.
The fifty-fourth annual meeting of the Y.M.C.A. will be held in the Y.M.C.A. gymnasium on Wednesday evening, May 22nd, at 6.15 o'clock, when all interested in the association's activities are invited to be present.

MR. D. H. ROSS IS TO VISIT CITY MONDAY

Information was received from Mr. Theo Monty, secretary Board of Trade, that Mr. D. H. Ross, Australian Trade Commissioner, would be in the city on Monday, and that he is desirous of getting in touch with local manufacturers who might be interested in trade with Australia.

Industrial men in this city may reach Mr. Ross on Monday between the hours of nine o'clock in the morning and four o'clock in the afternoon by phoning Mr. Monty, secretary of the Sherbrooke Board of Trade, at 2130.

BOER VETERANS HELD REUNION LAST EVENING

Relief of Making Celebrated by Local Veterans of Boer War at Informal Dinner.

Thirty years rolled easily from the shoulders of fourteen veterans of the Boer War, 1899-1901, when they met in the Magog House on Friday evening to celebrate the Relief of Making and to revive the memories of the past.

After the very excellent dinner had been thoroughly enjoyed, and the traditional toast to "The King" and "Absent Comrades" had been honored, the informal gathering settled down to reminiscence and stories, more gay than grave, passed thick and fast across the table. Lt.-Col. Burke, the organizer of "Paardeborke Day" in Montreal, brought greetings from Montreal comrades and Capt. R. Becker suggested that the meeting should send to His Majesty King George V loyal greetings from this group of veterans who had served under Queen Victoria and King Edward.

The suggestion was received with enthusiasm and will be acted upon immediately. The evening was punctuated by the singing of "The Absent-Minded Beggar" and many old marching songs which are now forgotten, all but the old-timers, while some of the favorites of Albert Chevalier, such as "Knocked 'Em in the Old Kent Road," "E Dunno" Where 'E Are," and others must have made casual visitors to the hotel wonder. The comrades look forward to another gathering at about the same time next year.

SECOND TROOP MEETING

The regular meeting of the Second Sherbrooke Troop was held last evening with a large attendance. The outdoor programme was arranged by and in charge of A. S. M. Brownlow and Macintosh. Due to next Friday being Victoria Day and a holiday the regular weekly meeting will be held on Thursday evening at the regular hour.

ARRESTED ON CHARGE OF THEFT

Yvonne Guay, St. Henry Street, was arrested yesterday afternoon on a charge of stealing \$36 from Charles Frappier, also of this city. The accused appeared before Justice of the Peace J. S. Tetreault, and was remanded until Wednesday next, at which time she will appear before Judge J. H. Lemay in the Magistrate's Court to answer to the charge.

REV. H. A. CARSON WILL DELIVER MORNING SERMON AT PLYMOUTH CHURCH

The morning service in Plymouth United Church tomorrow will be in charge of the Rev. Herman A. Carson, B.A., of the Stanstead South United Church, Rock Island. The subject of the sermon will be "Lying Things from Which Christ Drank," and the anthem, "Hear Me When I Call." (Psalm).

The evening service will be conducted by the minister, Dr. Ellery Reed, as usual. The sermon will be appropriate to the commemoration of the gift of the Holy Spirit to the apostolic church the subject being "The Spirit and the Church." The choral service will include Dudley Buck's "Evening Hymn," and a solo by Miss Gladys Davey, "Beside Still Waters." (Hambledon).

The church school will meet at 10.45 a.m. for the beginners' and primary departments and at 12.15 for all others.

TEXTS OF SERMONS AT TRINITY CHURCH TOMORROW

The pastor of Trinity United Church will resume tomorrow morning the series of sermons now being preached by him on "Illuminating Questions of Jesus," the title of tomorrow's sermon being, "The Question That Destroys Worry." During the service, the choir will sing the anthem, "Night and Morning," and a duet will be rendered entitled, "The Beautiful Land" by Mrs. and Miss Metcalfe. In the afternoon the Sunday

Mrs. Harvey Taylor, of Fairfield, Conn., is the guest of Miss Gladys Davey, Prospect Street.

Mrs. Gignilliat, of New York, is the guest of her daughter, Mrs. A. S. Bayles, and Mr. Bayles, Portland Avenue.

Mrs. E. M. Adams and Miss Cynthia Adams are motoring to Montreal today to attend the Davis Cup Tennis matches.

Mr. Stephen Edgell, Melbourne Street, celebrated his ninety-second birthday yesterday, and was the recipient of congratulations from a large number of friends.

The food sale held in McCaw-Bissell's Store yesterday afternoon for the benefit of the 7th Troop Boy Scouts was very successful. The president, Mrs. Alto, was assisted by Mrs. P. Peck, Mrs. Cochrane and Mrs. H. Edgcomb.

Mrs. S. Hansford, Fulton Avenue, entertained the members of the Mothers' Auxiliary of the Fourth Troop Boy Scouts at a card party on Thursday evening. The prizes were awarded to Mrs. E. W. Stocks, Mrs. A. Banks and Mrs. Carrigan. Dainty refreshments were served by the hostess, assisted by Mrs. Moffatt, Mrs. W. Duncan and Mrs. C. Patton.

school and the Trinity Brotherhood will both meet at 2.30 o'clock. In connection with the brotherhood, Rev. Dr. Lennon will speak on "The Life of Jesus—Its Outline."

In the evening the C.G.I.T. Groups of the city and vicinity will worship in Trinity Church, and will listen to a special message from the pastor of Trinity Church. There will be special music for the occasion. An anthem will be rendered by the choir at this service and Miss Helen Robertson will sing a solo.

MR. W. ROSENBLUM TOLD OF UNIVERSITY LIFE

New experiences, new liberties, new outlooks as a student in high school and go out into the bigger educational sphere of the university were explained by Mr. W. Rosenblum in his talk to the Y. Club last evening. As the boys were told of the place of athletics and the interests on the campus, and the advantages of the fraternity organizations, a great deal of light was thrown on the life of the college student, while the necessity of careful study and the choice of the best companions creating a better atmosphere and environment was clearly emphasized.

From the outset the speaker gripped the attention of the boys and the address with its salient facts was very much appreciated, and at the close the speaker was thanked by the vice-president, Lyman Tomkins.

Some discussion took place on a projected dance at North Hatley and it was agreed that the club carry out its plans at North Hatley on Saturday, June 1st. Reference was also made to the Athletic Meet to be run off today at Stanstead, when M. Turner, president of the club, requested the boys to get sufficient rest and be in good shape for the meet.

"MOTHER AND DAUGHTER" BANQUET AT ST. ANDREW'S

Last evening the C.G.I.T. groups of St. Andrew's Presbyterian Church held their annual "Mother and Daughter" banquet in the Church Hall, which presented an attractive scene for the occasion. The tables were artistically decorated with daffodils, sweet peas and crepe paper streamers with mauve and yellow the color scheme.

Around thirty joined the singing of the C.G.I.T. song, following which a well-prepared supper was served. At the close of the meal everyone joined in the singing of popular C.G.I.T. songs under the leadership of Margaret Scott.

The opening toast on the printed programme was to the King, ably proposed by the toastmistress, Noeline Dunsmore, to which everyone responded by the singing of the National Anthem.

Elizabeth Watson next brought the attention of all present to the important and indispensable position played by a girl's "best friend—her mother." Mrs. Wilkie offered thanks and congratulations on behalf of the mothers.

The church then received her due regard when Eileen Dunsmore wished it continued success and prosperity. Rev. Jos. Cordner replied for the church in his usual impressive and sincere manner.

The next institution related to the C.G.I.T. movement to receive compliment and recommendation was the Sunday School—well proposed by Eileen Douglas and responded to by Robert Robertson.

On behalf of the C.G.I.T. Amethyst Kees welcomed "The Guests" and Miss Van Soden represented and spoke for this group in a few well chosen words.

Leaders of today and tomorrow in turn were proposed by Jean Giff and Margaret Scott respectively and responded to by Rita Michie and Iva Heath.

A short programme then took place consisting of piano solos by Jean Giff, and Nancy Waite, readings by Eileen Douglas and Amethyst Kees, and vocal duets by Ruby Mersereau and Jean Giff.

At the close of the evening mention was made of the helpful contribution towards the banquet's success made by Mrs. Jos. Sawyer, Mrs. Helen Robertson and the other leaders associated with them. Thanks were extended to the girls who served tables, three cheers being given in each instance to mark this appreciation. The forming of the "Friendship" circle and singing of "Taps" brought to a close a very profitable and enjoyable evening.

Mr. V. E. Lyon, of Riverbend, is spending the week-end in town with his parents, Mr. and Mrs. E. N. Lyon, Portland Avenue.

Mr. and Mrs. Arnold Haigh, and little daughter, of Burlington, Vt., are the guests of Mr. and Mrs. Miller Hall, Portland Avenue.

The Misses Twose, Queen Street, have returned from Quebec City, where they attended the annual meeting of the Women's Auxiliary as Dominion life members.

The Y. W. C. A. held a most successful rummage sale on the market yesterday, under the convenship of Mrs. E. C. Howard, assisted by Miss Bulmer, the proceeds amounting to \$83.65.

Mr. and Mrs. T. J. Parkes, of St. Petersburg, Florida, formerly of Sherbrooke, are visiting their son, Mr. A. J. S. Parkes, and other relatives in Montreal prior to sailing on the Duchess of Bedford, to spend some months abroad.

Misses Gladys Davey and Mildred Lurie gave a recital in the Town Hall, at Richmond, last evening for the benefit of the chimes fund for the Roman Catholic Church, in Richmond. Mr. Gault Parker was the accompanist for the evening.

Mr. and Mrs. Granville McClure, Royal Avenue, announce the engagement of their youngest daughter, Marguerite Jean, to Mr. C. T. Netterfield, son of Mrs. T. Netterfield, of this city. The marriage to take place the latter part of June.

Mrs. Andre Robinson, Rockmount, Moore Street, has returned home after an absence of several months spent in Montreal, Atlantic City and New York. While in the latter city, Mrs. Robinson was the guest of Mrs. G. Pratt and Mrs. Robinson.

A dinner party given in Ottawa recently will interest many Sherbrooke readers, when Hon. W. L. McKenzie King entertained at his residence, Laurier House, in honor of their Excellency the Governor General and Lady Willingdon. The fourteen guests included Mr. C. B. Howard, M.P., and Mrs. Howard, of Sherbrooke.

The Canadian Girls in Training, of Sherbrooke and Lennoxville, are holding a mothers and daughters service in Trinity United Church on Sunday evening at seven o'clock. Dr. W. S. Lennon will be the speaker. Parents and friends are cordially invited to worship with the C.G.I.T. Leaders and girls are asked to wear their uniforms and meet in Wesley Hall at 6.45 p.m.

More Confident Trading Noted

(Continued from page 1)
stock on a "when, as and if issued" basis. The desire to spread ownership of the shares among consumers of the company's product was stated to be behind the split. Maple Leaf had a remarkable move up from \$137 to \$161 a share, partly because of its important holdings of stock of Canada Bread and partly because of confidence in the prospects of the company itself and the likelihood of a distribution when in the fullness of time the directors think it desirable.

Pressed Metals Found Higher Ground.

Pressed Metals found higher ground as a reflection of the activity of the company's plants and the increasing orders reported. Rogers jumped to \$68 on the news that Oneida Community, Limited, will absorb the company on a basis which should net the present shareholders about \$72 a share. Dominion Glass, on the Montreal stock exchange, had a spectacular jump yesterday from \$198 to \$220 a share on expectation of merger news of importance, and this price compares with a closing sale at \$180 a week ago last night. Of the mining stocks Big Missouri showed a considerable advance of .23 to \$1.64 a share during the week. Newbec advanced from 56 cents to 62 cents. Ventures went up from \$9 to \$9.95. Loblaw "A" and Ford of Canada "A" were active, but fluctuated without any decided net change of price.

Declines were shown in Standard Chemical (after declaration of a \$1 dividend with an additional bonus of \$1 a share), gold stocks like Hollinger and McIntyre, Noranda, which was gaining yesterday but was still lower than the close a week ago last night, and Durant Motors, which dropped from \$22 to \$18 5/8. All implement stocks were lower as a reaction to the grain price declines, but were firmer towards the end of this week.

Service Stations Fell Off.

Service Stations dropped off \$4 a share during the week, half of the loss being yesterday after the public had read of the new reorganization plan by which the company will become a holding company and increase authorized capital so that it can buy in new subsidiaries from time to time. The decision to offer Hamilton Bridge shareholders "rights" to purchase a new share at \$50 for every five shares now held resulted, as in other cases recently, in a decline from \$62.50 a week ago to \$57 yesterday.

So far as stock exchange activity is concerned a favorable development in the last week or two has been the decision of municipalities to wait no longer for better prices but to sell their bonds on the market again on a five per cent yield basis. This means that they no longer lean

so heavily on the banks, which will have more money for business.

Another bond development was the offer in Canada of Canadian National Railway equipment five per cent trust certificates for practically the first time. Hitherto these have been placed entirely in the United States.

INTERNATIONAL NICKEL CO. DENY RUMOR OF DISCOVERY

(Associated Press Despatch)
NEW YORK, May 13.—Dr. John F. Thompson, assistant to the president of the International Nickel Company, when asked about the report that the International Nickel Company had made a new discovery on its holdings, denied the truth of the rumor. "Steady development of the mine is going on," said Dr. Thompson, "but no new discoveries have been made."

Reo Junior Speed Wagon in the Delivery Service of Cooke, Florist, of Washington, D. C.

Second-Class Delivery Means A Second-Class Business In The Public Mind. High-Class Delivery Means A High-Class Business To The Thousands Who See Your Trucks On The Street Every Day

EVERY delivery truck that runs the streets is either a Good Advertisement or a Bad Advertisement for its owner. Only One Person in 1,000 who sees your delivery on the street ever comes into your place of business. In the eyes of the 999 who never meet you face to face, second-class delivery bespeaks second-class methods. High-class delivery means a high-class business.

That may be fair or unfair. But it is a fact. A fact that you prove to yourself ten to fifty times every day by the trucks you see. Figure it out for yourself.

High Speed, High Power Trucks That Pay For Themselves In Advertising

Cognizant of the tremendous advertising importance of High-Class Delivery Service—Service that looks high-class and that is high-class—Reo, world-leader in high speed, high power and low upkeep commercial transportation, offers Canadian Business a new era in the hauling

field. An era combining utility, flexibility and almost unbelievable endurance with low upkeep and the great factor of favorable publicity.

Models For Every Need

Reo Speed Wagons are built in 13 wheel-base sizes—and in tonnage capacities of 1½-ton—1-ton—1½-ton—2 tons and 3 tons in wide variety of body styles. 4-wheel, 2-shoe internal hydraulic brakes; 6-cylinders; 7-bearing crankshaft; 4-forward speed transmission; air cushioned seats and full equipment. Popularly priced.

Call any of the Reo dealers, whose names appear in this advertisement. They will be glad to send a Reo transportation specialist who will prove these facts. Reo Motor Car Company, Lansing, Mich.

The Stage And Screen Attractions

THE PREMIER
The glory of patriotism, the strength of true friendship and the great gift of sacrifice are embodied in the British-made picture, "Carry On," which will be shown at the Premier Theatre on Monday, Tuesday and Wednesday next.

This exciting Drama of Naval adventure has a strong cast of popular British players, including Moore Marriott, Pat Aherne, Alf Goddard, Tribby Clark, Cynthia Murtagh and Johnny Butt.

The story centers around two life-long friends, one a naval captain's son (in later years a destroyer's commander himself), and a fisherman. Both maintain the national and naval spirit indicated by the title, in their respective ways during wartime. The fisherman's failure to join the navy, and his inability to explain why, lead to the first but very serious disagreement between the two men. Understanding comes at last in tragic terms to the officer when his pal's dead body is discovered, and very soon he joined him, for he too makes the great sacrifices in his country's cause.

Accompanying this stirring story of British naval pluck and integrity is a compelling romance, and the whole is placed amid settings ranging from real British warships to picturesque coastal villages. "Quarantine Rivals," which relates what happens when a most interesting combination of characters are locked in one house under strict quarantine, will also be shown on this programme at the Premier Theatre for the first three days of next week.

The characters are enacted by such competent film funsters as Robert Agnew, Kathleen Collins, Veora Daniels, John Miljan, "Big Boy" Williams, Clarissa Selwynne, Ray Hallor and others.

"Seven Footprints to Santa," starring Thelma Todd and Creighton Hale, will be the feature picture at the Premier Theatre on Thursday, Friday and Saturday next, with "A Midnight Adventure" as an added attraction.

On Sunday, May 26th, the feature screen attractions at the Premier Theatre will comprise "Lingerie," a Tiffany-Stahl production, and Ted Wells in "Beauty and Bullets."

THE GRANADA
Suspense, like that of a great detective story, marks the unfolding of Emil Jannings' latest starring picture, "The Patriot," which Ernest Lubitsch directed for Para-

mount, and which opens a two day engagement at the Granada Theatre on Sunday afternoon.

Plotting against an emperor who boasted that every man in his kingdom was under the direct surveillance of the police is the dangerous and exciting work which falls to the lot of Lewis Stone, who with Florence Vidor, plays opposite Jannings in this picture. From the opening shot, plot, counter-plot, intrigue and near discovery keep the audience in sympathetic terror.

Laid in the court of the Czar Paul the First of Russia, "The Patriot" brings a gorgeousness of production as a background from an enthralling story, which has rarely been viewed on a local screen. Despite the fact that the audience is always conscious of an enormous palace, great numbers of soldiers, peasantry and the plains of Russia, attention is never once detracted from the handling of people used to tell an engrossing and fascinating story. Emil Jannings as Czar Paul gives characterization which deserves to be placed beside that of his "The Way of All Flesh," which has already made him one of the greatest pantomimists of all time.

As "The Patriot," Lewis Stone presents a character which is finer than anything he has done since "Scaramouche."

"Win That Girl," the added film attraction on this programme, is said to be one of the most hilarious comedies of football ever brought to the silver screen.

This is a David Butler production for Fox Films, and is based upon a Saturday Evening Post story, "Father and Son."

Sue Carol, the new Paramount screen "find" has the leading feminine role.

Madame Lalune will be seen and heard on the Movietone in a repertoire of songs. A News reel concludes the programme.

HELD FUNERAL OF INSTRUCTOR; GRANBY NOTES

Military Funeral Held for Instructor Evans — General Notes and Personals of Interest from Granby District.

GRANBY, Que., May 18.—The funeral of the late Captain Christopher Evans, who met a tragic death on Sunday afternoon when his plane crashed to earth on the Granby flying field, was held at the United Church on Wednesday afternoon. The Rev. Thomas Scott gave a most impressive address and the choir rendered the special hymns, "Crossing the Bar," "Jesus Savior Pilot Me" and "Peace Perfect Peace." The organist, Mr. R. G. Arnott, played the Dead March in Saul, the large congregation standing and at the close the bugle sounded "The Last Post," and the remains were taken to the gun carriage and borne to the Congregational Cemetery.

The funeral, which was a military one, was under the command of Major C. V. Meyer, and the bearers were military men. A firing squad fired three volleys over the grave as the body was lowered to its last resting place and the "Last Post" sounded. The church was crowded with sympathizing friends, many being obliged to stand during the entire service. The floral tributes were very beautiful, designs from the Aviation Club and United Church choir being among the number. Much sympathy is felt for the

young wife and little son, who are in England, and were expected to arrive in Granby to join Captain Evans early in June.

General Notes

A very pleasant occasion took place on Tuesday afternoon, when Mrs. W. P. Hibbard, Mrs. H. Hibbard and Mrs. Russell Bradford were joint hostesses at a linen shower given for Miss Mina Murdock, whose marriage took place quietly this afternoon to Mr. Robert MacDonald, eldest son of Mr. and Mrs. W. T. B. MacDonald, of Granby.

At the convention of the Grand Encampment of Quebec L.O.O.F., held on Tuesday at Sherbrooke, the following from Granby attended: Past Grand Master H. G. Sample, Past Grand Harbinger Neil, S. Hansford, H. Salsbury, R. Keep, Bros. Wm. Kennedy, T. Miller, L. Webster and Sister Rebekahs Amy Semple, B. Coupland, G. Mudd, S. Salsbury and Robinson.

Mrs. J. C. Fuller was in Montreal on Tuesday attending a reception in the blue room of the Windsor Hotel given by Mrs. S. Millman, of Westmount, formerly of Granby.

Mrs. J. B. Travers entertained six tables of bridge on Friday evening. The prizes were won by Mrs. George Gilmour and Mrs. L. C. Smith; consolation, Mrs. F. D. Quinn.

Rev. Holt Murray and Mrs. Murray and Mr. and Mrs. Bass, of Prescott, are guests of Rev. Thomas Scott and Mrs. Scott.

Mr. Keith Giddings is home from McGill College.

Mr. J. L. Dozois, who with Mrs. Dozois, has been spending the winter in Montreal, has returned to Granby and is the guest of his daughter, Mrs. Carl Bullock, and Mr. Bullock. Mrs. Dozois will remain in

Montreal for a couple of weeks where she is receiving medical attention.

Mother's Day was observed in the United Church by special music and sermon. Rev. Helt Murray preached at the evening service.

Miss Anna Goyette and Mrs. A. Gauvin spent Tuesday in Montreal. Miss Winnifred Honey, of Abbotford, is the guest of Mrs. A. E. Nutbrown.

Mrs. Nace, of St. John, N.B., was in town attending the funeral of the late Captain Evans. It will be remembered that Captain Nace was killed in a crash on the same field last August.

The G.H.S. held their field sports on Saturday last, at which there was a good number present.

Mr. and Mrs. Saunders and friends, of Toronto, motored from Toronto to attend the funeral of Captain Evans. Mr. Perry, of the Canada Power Co., Montreal, and Mr. Mark Davis, of Montreal, were also present at the funeral.

Mrs. Neil Booth is in Montreal for special treatment.

The Misses Jessie and Janie Norris spent last week-end with their mother, Mrs. T. Norris.

CANADIAN PACIFIC RAILWAY "THE ALOUETTE" MONTREAL-BOSTON

The World's Simplest Engine In Canada's Best Styled Car

The brilliant beauty of the new-style Willys-Knight "70-B" is conspicuous even among the most beautifully designed cars—and no wonder. It was created by an artist—a master stylist—whose work in the "custom-built" field has brought him world renown in the motor car industry.

It was inevitable that such a beautiful car should step quickly into preferred place in public favor. Each month we are building more Knight-engined cars than ever were built in any preceding month. But sales have exceeded factory production schedules right from the outset—and are still mounting.

Here is a car whose high-powered, quick-accelerating motor is simplicity itself. 118 to 158 less parts than any other automobile engine. Just two metal sleeves in each cylinder sliding up and down, one within the other, in a film of oil—that is all. With no carbon troubles, no valves to be ground, no springs to weaken, the new Willys-Knight engine cuts upkeep costs in two.

Your nearest Willys-Knight dealer will gladly give you a demonstration.

New Beauty, New Comfort and New Smoothness Beyond comparison among low-priced cars

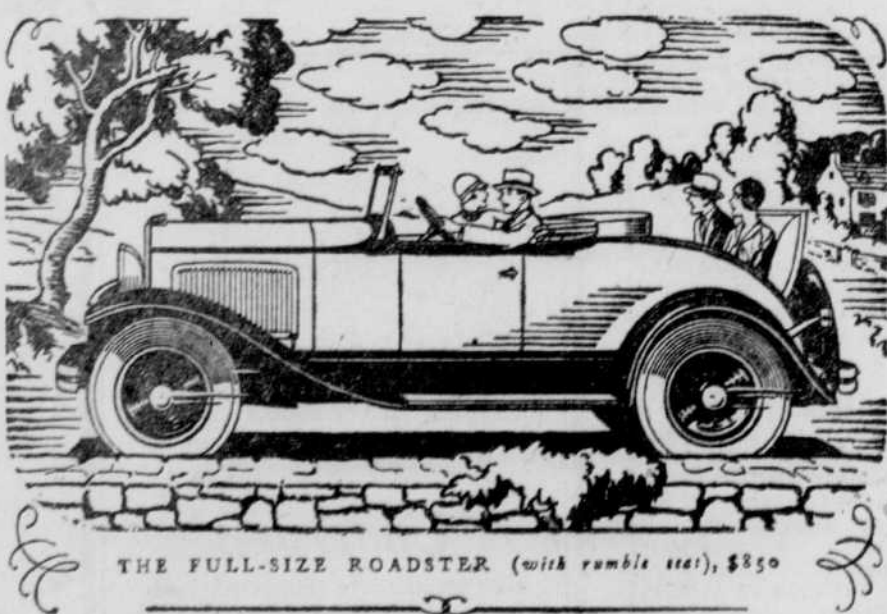

THE improved Plymouth is today exhibiting new standards of performance, economy, comfort and beauty entirely beyond comparison in the field of low-priced motor cars.

Chrysler engineers have created many new refinements in Plymouth's famous Chrysler "Silver-Dome" type engine. These include longer stroke and an increase in piston displacement; a heavier crankshaft; larger interchangeable bearings; larger connecting rods; a newly designed system of full-pressure lubrication. These and a number of other improvements have accomplished in the full-size Plymouth a remarkable type of performance, comfort and economy heretofore unlooked for in a low-priced motor car.

Now more than ever is Plymouth brisk and flexible in pick-up. Now more than

The moment you step inside the improved Plymouth you are aware of exceptional comforts. In addition to uncramped roominess, Plymouth has self-conforming seat cushions of lounge-chair restfulness.

Children's Cozy Corner

UNCLE JIM'S LETTER

Dear Corner Children:

How quickly the month of May is going! Soon we will have that lovely spring holiday, the 24th, then a few more days will slip by and June will arrive. The weather has not been very nice so far this month, but it is nicer now and we must appreciate it, for in other countries they are not having as nice weather as we are.

We feel cross at times and grumble about the cold and rain, and forget all about the troubles other folk are having. But now that summer is just ahead of us and we have all sorts of nice plans we must be happy. Muriel tells us about the Maypole dance which is a very pretty way to welcome the merry month of May.

Helen says her letter did not appear in the corner, and the corner uncle is very sorry. It is very difficult to remember, Helen, but it may have been when there were so many letters coming in we just had to let some go by, with only a mention of them. Your letter may have gone astray for I always mentioned those that were not used during the contest, and they were only a few from cousins who had written often.

We want our corner to be bright and cheery this summer, so we all hope to have nice, newsy letters from the cousins. There will be outdoor games and parties, and trips to places, and many things of interest to write about. We also want to know how many of the cousins are making gardens this spring. The corner uncle is making a big garden, and will be glad to tell the boys and girls how it is getting on, if they will tell about theirs.

I know many children have birdhouses set up all ready for a bird-tenant, and so they will enjoy the little story about the one made by "Wilfrid." The birds have had rather a hard time of it this spring, but

when we go into the woodlands they seem very happy and busy. They probably know, in their own little way, that it is better to be cheerful and enjoy all the sunshine there is, always hoping for more.

Before our next corner meeting we will have had our happy May holiday, as the 24th comes on Friday this year. If any of the boys go fishing they must tell us what luck they had.

With best wishes to all the corner folk, and hoping to have many newsy letters before next Saturday, I will say good-night, happy dreams.

Faithfully yours,
UNCLE JIM.

LETTERS FROM THE CORNER FOLK

Dear Uncle Jim:

I received your card and was pleased with it. I am going to school every day and have only missed one day this term. We play "Run-a-mile," "steal sticks" and we have the Maypole dance every first day of May. We dance at school and have lots of fun. I like my teacher; her name is Miss McLeod. She went away today and we had another teacher and we liked her very well. This is my second letter to the corner cousins. My letter is getting long so I will close.

Your loving niece,
MURIEL WILSON.

Bury.

Dear Uncle Jim:

I have not written to you for a long time. The last letter I wrote I did not see in the Children's Cozy Corner at all. Was it put in the Record? It might have been and I missed it. We are having our final exams now. I think I have passed in the ones we have already taken. We have the exams divided into the number of days that are left, and I think we will close the end of this month. It was snowing yesterday and I think we are going to have

winter all summer. What do you think? Daddy has made a swing for Howard and Madelyn, also for me, I guess. I have been May-flowering; I went Saturday, and Howard went on Monday to get some more. Well, my letter is getting long so good-bye.

Your faithful niece,
HELEN PICARD.

WILFRID'S TENANTS

Wilfrid had made a bird-house. Of course, his big brother, Jack, had given him lots of advice and had helped with the hard parts, but still Wilfrid had done most of the work himself. So he felt quite able to call it his bird-house. He attached it to the tree outside his window, hoping that some birds would find it during the night. He was so anxious to watch some birds making their nests and bringing up their young.

He awakened early in the morning and ran to the window to see if any birds had made their home there that night. But the little bird-house was still unoccupied. The next morning, and for many mornings after, Wilfrid looked from his window towards the bird-house. But every morning he was disappointed.

One morning when he looked out as usual he was excited to see a little yellow bird perched on the shelf in front of the bird-house. But there was something very stiff and quiet about it, and a second look showed him that it was one of the chicks he and Jack had found beside their plates on Easter morning.

"That Jack is a tease," he said to Mother, laughing. "He nearly made me think a real birdie had come."

"I thought it might attract real birds," said Jack, laughing, too. That day they went for a picnic. When they returned, Wilfrid was feeling very tired, but he did not forget to look at his bird-house. He sat up in great excitement when he saw two robins flying about; it was Mamma and Jack watched, too, and soon there was no doubt about it. The robins had evidently decided to make Wilfrid's bird-house their home.

Through the long summer days Wilfrid watched them as they made their nest, hatched their eggs and trained their little family. But Jack always said that it was the little

Easter chick that had attracted them in the first place.

DANDELION

There's a dandy little fellow Who dresses all in yellow— In yellow with an overcoat of green; With his hair all crisp and curly. In the spring-time bright and early, A-tripping o'er the meadow he is seen.

Thro' all the bright June weather Like a jolly little tramp, He wanders o'er the hillside, down the road.

Around his yellow feather The gypsies fireflies camp, His companions are the wood-lark and the load.

Spick and spandy, little dandy, Golden dancer in the dell! Green and yellow, happy fellow, All the little children love him well!

But at last this little fellow Doffs his dandy coat of yellow, And very feebly totters o'er the green.

For he very old is growing, And with hair all white and flowing, A-nodding in the sunlight he is seen.

FULFORD

Mrs. A. J. Badger and Master George Badger recently spent a few days with relatives, in Knowlton. Mr. and Mrs. James Booth and three children, of Knowlton, were guests of Fulford friends on Sunday.

EAST BOLTON

Miss Dorothy Knapp closed a very successful term of school at Lakeside on Saturday. The pupils were all remembered by her. Douglas Wing received the special prize donated by Mrs. Knapp, Sherbrooke, for perfect attendance, while Edna Shonyo won the prize given by the Women's Institute for the highest average. After the prizes were given out a picnic was held on the lake shore, where games were enjoyed and a marshmallow roast, which needless to say, the kiddies enjoyed. Lunch was then served by Miss Knapp. Miss Knapp was the recipient of many presents.

The Ladies' Aid will meet with Mrs. H. A. Channell on Wednesday afternoon for tea. All are cordially invited.

Messrs. Herbert, Albert and Burton Darlington, Montreal, motored here for the week-end and were guests at the Parsonage. They were accompanied by Miss Frances Patterson, who was the guest of her parents, Mr. and Mrs. J. Patterson.

Mrs. Sidney Bryant and daughter, Shirley are guests of friends in Montreal.

Messrs. E. C. Juby, Eldon Juby and Mr. and Mrs. Chas. Channell motored to Knowlton on Saturday. Mother's Day was observed in the United Church here. The altar was beautifully decorated with potted plants and a bouquet of pink and white carnations was placed on the altar by Mrs. Wm. Juby in memory of little Doris Juby. Special music was rendered by the choir. Messrs. Eldon Juby played the cornet, while George Juby accompanied on the violin. A quartette, "My Mother's Prayer," was sung by Messrs. Don-

ald Patterson, Carl Juby, Harry Dawson and Cecil Dash. Mr. Darlington delivered an eloquent sermon, taking his text from Ephesians 6 chap., verse 2. All the mothers and fathers were given pamphlets by the pastor.

SUTTON

Boarders and lodgers wanted; also washings done at reasonable rates. Mrs. Sargent in Hiram Mill's tenement, Sutton.

NORTH HATLEY

Mr. and Mrs. Jackson, Mr. and Mrs. John Wells and Mrs. M. L. Tomlinson, of Barre, Vt., visited at the home of Mr. and Mrs. R. W. Allen on Wednesday.

Miss Anna Bond has arrived at her summer home after spending the winter in Baltimore.

Mr. and Mrs. Wm. Edgar, of New York, and Mrs. H. W. L. Powell, of Boston, have been spending a few days here.

Mrs. A. R. Virgin has returned home after spending the past month in Montreal.

Mrs. Moulton Sampson will entertain the Ladies' Guild on Wednesday afternoon, May 22.

Mr. A. Lee McKay has gone to Granby to take up the duties of instructor in the Flying Club there.

ORFORD LAKE

Mr. Maurice Dingman, of Montreal, was spending the week-end with his parents, Mr. and Mrs. C. H. Dingman.

Mr. Eldrid Parker was home for the week-end with his parents, Mr.

and Mrs. N. S. Parker, at the Lodge.

Mr. and Mrs. Winship, of Montreal, spent the week-end at Orford Lake.

Mr. C. H. Dingman was home for the week-end.

At their cottages for the week-end were Dr. and Mrs. Shaw, Mr. and Mrs. MacManus, Mr. and Mrs. Harvey and Miss A. Harvey.

Mr. Homer Dingman went to Montreal, where he has accepted a position.

Mr. Percy McGee, of Sherbrooke, was week-end guest of Mr. and Mrs. Wm. Paige.

Mrs. W. W. Mack is again confined to her room.

DIXVILLE

Mrs. Thos. Cowhard is the guest for a few days of her sister, Mrs. Hiram Webster, at Waterville.

Mr. Wm. Logan has returned to town after spending the winter with friends in the New England states.

Mr. and Mrs. W. W. Norris are moving their household effects to Coaticook, where they have taken an apartment in the residence of Mrs. Charlotte Lovell.

Mr. W. A. Wallis, of North Newry, Me., was a recent guest of his mother, Mrs. Julia Wallis.

Mr. Claude Cunningham, of Hereford, was calling on friends here on Thursday.

Mr. Charles Damon still remains quite ill at his home on the Norton road.

Mr. Robert W. Spaulding, accompanied by his brother, Mr. David Spaulding, of Canaan, Vt., motored

to Sheldon, Vt., on Friday, and spent the week-end with their sister, Mrs. A. L. Loukes, and Mr. Loukes.

YANKEES DROP BACK TO THIRD PLACE IN RACE

Red Sox Increased Yankees' Losing Streak to Five Games Yesterday—Athletics and Browns Both Chalked Up Victories.

(By William J. Chipman, Associated Press Sports Writer)

NEW YORK, May 18.—The Yankees have launched themselves upon their most ambitious May losing streak since the year of "Babe" Ruth's classic stomachache. The home fans saw the Yankees losing streak increased to five at the Yankee Stadium as Ed Morris and the Red Sox dropped the champions by 5 to 3, in a twelve round battle. Bill Regan tied the game with a single in the eighth and won it with a triple in the twelfth when he sent two mates scampering home. Waite Hoyt conceded an edge to Morris throughout.

Bob Grove pitched the Athletics to a 4 to 1 victory at Washington, and the Browns nosed out the Indians by 6 to 3 at St. Louis. This combination of events not only enabled the Athletics to gain a full game on the champions, but also lifted the Browns into second place, one full game ahead of the Yankees and the Tigers, and a half game behind the Athletics.

Old Red Faber was too much for the Tigers and the White Sox won the second game of the series 6 to 2. The Tigers maintained their virtual tie with the Yankees, but dropped to a point one and one-half games behind the flying Mackmen.

Cubs Downed Reds
The hammer and tongs brawl in the National League saw the Cubs regain the ascendancy yesterday. They celebrated their first good road trip in years by going home to trounce the Reds 9 to 3. Sheriff Blake had the upper hand at all times, and received home run support from Hack Wilson and Charlie Grimm.

Young Ray French outpitched the veteran Alexander to beat the Cards by a 6 to 2 score at Forbes Field and the Red Birds fell back to a position half a game behind the Bruins.

The Brooklyn losing streak was mysteriously broken in Philadelphia by 14 to 13, but grave doubt existed regarding the outcome until the

last man was out in the ninth when a Philly rally fell short with the bases filled at the finish.

Giants Won in Tenth

The Giants had the scare of their lives at Boston, but the Braves were unable to find the odd run this time. The clan McGraw hammered John Cooney for four runs in the tenth to win by 9 to 5, for Fred Fitzsimmons, rescuer of the veteran Carl Mays, Percy Leo Jones started for Boston, but gave way to a pinch batsman in a ninth round rally which tied the score.

REGIMENT SOCCER PRACTICE ON MONDAY

The Sherbrooke Regiment Football Club will hold a practice on Monday evening at 6.30 o'clock in preparation for their game against the Y.M.C.A. on Wednesday.

BALL SEASON TO GET UNDER WAY HERE TOMORROW

Fans Invited to Attend Exhibition Game at Ball Park—Plan to Officially Open Season Against Montreal Club on May 26.

Tomorrow afternoon at the Ball Park the St. Roch's baseball team will make its first public appearance of the season when they will hold a practice game with the Maple Leafs, a local club. This exhibition is free and it is hoped that all fans will accept the invitation.

The management of the senior club appreciate the advantage of having a strong junior club that will develop players to feed the major team as the older players drop out, so are lending their active support to the Maple Leafs, who have gathered together an attractive looking team.

They feel that the best way to encourage these boys is to have them meet the senior team occasionally and thus give them a chance to improve their play.

The official opening of the baseball season will take place on Sunday, May 26th, when the St. Roch's will be the hosts to the St. Arsenne team, of the local club, is completing the necessary details for the game, and hopes to be able to announce the official line-ups of the two teams early next week.

Indicative of the strength of the local club, the following list of players who have signed their contracts for the coming season contains many veterans and some new players. Those who have signed to date are: P. J. Landry, Alime Morin, Alfred Savage, Gerard Blanchard, Antonio Pinard, Ferdinand Perron, Forest (Pat) Mitchell, Gerald Dore, Rosario Gagne, Hector Asselin, Adelard Brault, Miles Farrell and Antonio Ginguas.

U.S. PUT CANADA OUT OF RUNNING FOR TENNIS CUP

Americans Won Doubles Match Yesterday and Consequently Qualified to Meet Japan in Next Round for Davis Cup.

(Canadian Press Despatch)
MONTREAL, Que., May 18.—Tennis players of the United States climbed the first rung of the ladder in their 1929 quest for the Davis Cup when they eliminated the Canadian team from further competition by virtue of their win in the doubles match yesterday.

The American players had already won the first two singles matches. Canada's tennis playing medics, Dr. Jack Wright, of Montreal, and Dr. Arthur Ham, of Toronto, yesterday took up the task of halting the victorious march of the invaders, but they were unsuccessful, being beaten three sets to one by John Hennessey, of Indianapolis, and John Van Ryn, of Princeton, N.J. The scores were 6-1, 6-1, 6-2. In one set only the third, which they won six to one, did the Canadians show anything in the way of real tennis. In the other three sets the visitors were unbeatable, their perfect placing and smashing swamping the Canuck pair.

Two singles matches are scheduled for today, but even should the Canadians win both, the United States will still have won by a three to two series count. Opponents in today's matches are William Crocker, Canada, vs. William Allison, United States; Dr. Jack Wright, Canada, vs. John Van Ryn, United States. Hennessey was originally scheduled to play Crocker, but by special arrangement Allison was substituted.

Their first round victory over Canada, qualified the Americans to meet Japan in the second round of the American zone draw.

His Excellency, the Governor General, Lord Willington, was a spectator at yesterday's double match, and prior to the start was photographed with officials and members of the two teams.

MAPLE LEAF CLUB TO MEET TODAY

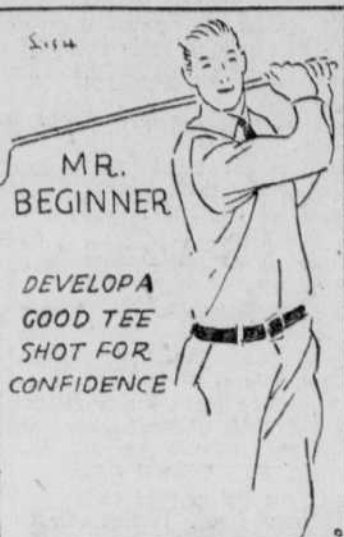

A meeting of the Maple Leaf Tennis Club will be held on Tuesday evening, May 21, at 7.30 o'clock, in the 2nd Troop Boy Scouts' room over Houlahan's store.

KING'S PLATE TO BE RUN TODAY

(Canadian Press Despatch)
TORONTO, Ont., May 18.—Today is King's Plate Day at the Woodbine, to the racing world of Ontario the greatest occasion of the year. If the weather is fair, and indications this morning were that it would be, probably thirty thousand people will witness the seventeenth renewal of the oldest racing fixture continuously run on this continent.

Ciroulet, a Seagram chestnut gelding by Golden Sphere from Letty Lind, is the favorite, and no other horse entered in the Canadian bred classic has been deemed quite his equal.

GOLF AS CHAMPIONS PLAY IT

What club, if any, should a beginner practice with mostly? Why?

Answered by WILLIAM MEHLHORN

San Antonio Open, Richmond, Va. Open, Montauk Beach Open, Westchester Open, 1928; Hawaiian Open, (Tied), El Paso Open; Texas Open; Hot Springs Open, 1928.

For the beginner, the driver is my choice. The beginner needs to gain all the freedom of motion possible to help later on in other shots. If he develops a good tee shot it will give him the confidence that is so necessary to make the shots that follow successful.

WATERVILLE WAS SCENE OF HAPPY BANQUET

Mothers and Daughters Met in
Pleasant Social Manner—
Other Notes of News from
Waterville.

WATERVILLE, May 18.—The Mother and Daughter banquet, which took place at the United Church, on Friday evening, May 10th, under the leadership of Mrs. H. S. Ball, was a decided success. Covers were laid for thirty, the decorations being carried out in red and white, the class colors. The tables looked very attractive with the red and white tulips, red candles in silver candlesticks and dainty place cards. As the tables were being cleared, following the different courses, C. G. I. T. songs were sung some of these being, "Big-a-Jig-Jig", "It Isn't Any Trouble to S-m-i-l-e", "I Know a Little Pussy", and "If She Has a Sunny Smile".

The toast to the King was proposed by the president, Miss Betty McEachin, followed by "God Save the King".

The toasts following were: To the Church, by Iris Blier, with Mr. Victor Rose responding; the Sunday School, by Pearl Longstrong, responded to by Mr. J. H. Woodside; to our mothers, by Edith Smith with Mrs. A. L. Blier responding.

A very enjoyable programme was presented, with Betty McEachin in the chair, composed of the following numbers: Vocal duet, "Because

You're You", Mrs. R. L. Gale and Miss Gladys Swanson; vocal solo, "My Task", Mrs. R. L. Gale; piano solo, Ruth Gerrard; recitation, "Our Hired Girl", Eleanor Smith; vocal solo, "Old Man Sunshine", Mary Heald; recitation, "Ma and The Auto", Claire Tucker; vocal solo, "Junonia", Jean Tucker; violin solo, Marguerite MacNaughton; vocal duet, "I Would Be Like Jesus", Edna and Eleanor Smith; recitation, "Line Little Goblins", Gertrude Mason; vocal solo, "Pal of My Cradle Days", Olive Drew; vocal solo, "Daddy Long Legs", Grace Higgins.

Mrs. Ball gave a very interesting talk on the aims and ideas of the class, and also spoke of the willingness and readiness of the girls, whenever called upon to do anything.

The candle light service was used as a closing item, with red candles for the mothers and white ones for the girls. "Follow the Glean" was the closing group song. This banquet was considered one of the most successful events put on by the Circle since organization, and their leader, Mrs. Ball, deserves much credit for the great interest she is taking in this group of teen age girls.

At a recent meeting of the Y. P. S. executive held at the home of the president, Mr. Stewart Snow, plans were made for summer activities. Owing to the nearness of examination, meetings are to be discontinued until the last week in June, when an outdoor meeting will be held at Woodland Bay.

Mothers' Day Observed. Sunday being "Mothers' Day", the morning service at the United Church was fittingly observed as such in music and sermon.

Mr. Rose preached a sermon in honor of mothers, basing his remarks on the text from St. John's gospel, chapter nineteen, verse twenty-five, "Now, There Stood by

the Cross of Jesus His Mother".

The red and white carnations and tulips placed before the pulpit were very beautiful.

At the Sunday School session in the primary department, on Mother's Day, each of the little tots were given a bouquet of spring flowers. These they took home to their mothers, along with little cards they had made during the "work period". The flowers were donated to the department by Iris Blier.

On Sunday evening a joint service of all the Protestant churches was held in the Town Hall when Mr. George A. McLennan, B.A., field secretary of the British and Foreign Bible Society, gave a very interesting and inspiring illustrated address on "Labrador". His review of the "Years Which Have Passed" 1901-1929, was a synopsis of the good work being done by the Bible Society.

A special meeting of the Ladies' Guild of St. John's Church was held at the home of Mrs. David Johnston on Monday evening, May 13, when definite plans were made to hold the Victoria supper on Friday, May 24th, keeping the old date as in previous years.

The Women's Missionary Society held its regular monthly meeting at the home of Mrs. C. A. Tucker. Dr. Clifford V. Ward, of the Royal Victoria Hospital, Montreal, spent a few days in town recently. Mr. Alex Swanson was home from Stanstead to spend a few days.

The many friends of Rev. Father Godbout are glad to see him home again, following an indisposition of several weeks at the Marcoux Hospital, Sherbrooke.

Mr. and Mrs. B. N. Holtham, of Sherbrooke, were week-end guests at the home of the former's parents, Mr. and Mrs. F. E. Holtham.

Miss Gwynnita McNaughton is spending a few days at East Angus,

the guest at the Bagley home.

Mrs. F. W. Ayer was in Montreal last week and visited her cousin, Miss Winnie Smith and friends.

Mr. and Mrs. Lindsay Fisk, of Sherbrooke, spent the week-end at the home of the former's parents, Mr. and Mrs. F. A. Fisk.

Mr. Fred Peterson was home from Montreal to spend the week-end with his parents, Mr. and Mrs. C. W. Peterson, Sr.

Miss Frieda Lowell was in Sherbrooke recently. Messrs. L. O. Piper and Allan Piper, of Cornwall, Ont., were in town recently.

Miss Alena Marlin, of Sherbrooke is visiting at the home of Mr. and Mrs. J. Marlin.

Mrs. J. W. Mills and Miss Winnie Mills spent Saturday in Sherbrooke. Messrs. Percy Beane, and John McEachin have gone to East Barre, Vt., where they have positions.

Miss Elizabeth McEachin spent a day last week in St. Johnsbury, Vt.

Count D.L. Ray and his B.F. Keith Vaudeville Unit which is playing at His Majesty's Theatre today and tomorrow.

✓ Authorities predict for the Future what DODGE BROTHERS OFFER TODAY

✓ "The all-metal seamless body is the auto body of the future," George J. Mercer, consulting body engineer and former chairman of the Committee on Standards, Body Division, Society of Automotive Engineers, predicted, at a meeting of the Cleveland Section of the S. A. E. — *Automotive Daily News*, February 12, 1929.

In the exclusive Mono-piece Body—available in all eight body styles of the new Dodge Brothers Six—you find the design to which leading engineers point as "the body of the future." It is one of the host of epoch-making ad-

vancements which instantly identify the Dodge Brothers Six as the greatest more-for-the-money car in Dodge Brothers history.

The Mono-piece Body is an original and exclusive Dodge Brothers Six feature, presented by Walter P. Chrysler, who inspired this record-breaking new car. Literally one-piece, the Mono-piece Body is proof against squeaks and rattles. Even after thousands of miles of hardest usage it remains as tight, as firm and as noiseless as when new.

Providing an abundance of room with a new degree of grace, the

Mono-piece Body is stylishly trim. Doors and windows are wide. In fact, the Mono-piece Body, in every way, stamps the new Dodge Brothers Six as the herald of a new era of greater beauty, greater comfort and even greater dependability in motor car design.

Your Dodge Brothers dealer will be delighted to explain in detail every one of the many interesting and important features of Mono-piece Body construction, as well as the many other unduplicated betterments which this marvelous car has introduced.

The Big Six
LANDAULET

A Car of Elegance and True Distinction... at Low Price

IN the Landaulet, Pontiac offers a car of superb beauty and distinctive styling, matched by an unusually brilliant order of performance and by a luxury characteristic of the higher-priced Sixes.

The strikingly original lines and exquisite appointments of this de luxe Pontiac Six are notable tributes to Fisher Body genius. The upholstery is exquisite; the seats wide, deep and of chesterfield comfort. Appointments are of the finest; hardware fittings are by Ternstedt.

Foot-controlled tilt-ray headlights are among the convenience features. The instrument board is complete, even to hydrostatic gasoline gauge.

Mechanically, of course, the Landaulet sets exceptional standards... of acceleration, power

and speed. The new Pontiac Big Six engine offers the combination of performance and smoothness so desirable in a car of this type. Lovejoy Hydraulic Shock Absorbers add to the delightful riding-comfort, while big, internal-expanding four-wheel brakes (usual only on higher-priced cars) afford complete security to the driver, even at high speeds.

The Pontiac Landaulet is a car which, on appearance, luxury and performance, invites comparison with the finest its field can offer. At its remarkably low price of \$1,150 (at factory, taxes extra) it is a value which your own judgment will tell you is unique.

PRODUCT OF GENERAL MOTORS OF CANADA, LIMITED

From Rock to Roof—all Canadian

STURDILY Canadian in every sense are Johns-Manville Flexstone Asbestos Shingles, quarried at Asbestos, Quebec, source of the very best asbestos (rock) fibre. From this start, every succeeding operation is carried through in Canada.

This is the roofing for your home. In addition to being Fireproof and Timeproof, Flexstone colourings, this year, are, without a single doubt, exceptionally smart... you won't find anything lovelier in all Canada.

Yet with all these advantages, Flexstone's first cost is exactly the same as that of any "fairly good" roofing. Economical for any size house... for business or farm buildings, too, as shingles or in rolls.

Blended Roman Red, Britany Blends of copper, moss, bronze and purple. Tila Red, Deep Green, Blue-Black, Red and Green. All these are offered you in Flexstone this year.

Make it a point to get the genuine Johns-Manville Flexstone. Your roofer, contractor, lumber or building material dealer either has Flexstone in stock or can get it for you quickly from our authorized distributors... then there are the famous Johns-Manville Rigid Asbestos Shingles, slightly higher in price, but beautiful beyond words and guaranteed everlasting.

Cut Down Your Fuel Bill
Cover your furnace and pipes with Johns-Manville Improved Asbestocel. Keep the heat where it belongs. You'll save many a dollar. Usually one season's saving pays the cost.

Make YOUR Brakes Safe
Police inspectors come daily to test your brakes. Better be sure than sorry. Have a KEYSTONE STATION reline your brakes with J.M. Asbestos Brake Lining. It grips 100% in any weather and lasts longer.

INSTITUTE AT
N. SHEFFORD
HAD MEETING

Plans for Summer Activities
Made at Regular Meeting of
North Shefford Institute—
Items of General Interest from
Savage's Mills.

SAVAGE MILLS, May 18.—The North Shefford Women's Institute held their regular meeting on Wednesday afternoon, May 1st at the home of Mrs. T. McGowan. There were seven members and three visitors present, Mrs. Standish presiding. The meeting was opened with "The Club Women's Creed," followed by reading of the minutes of the previous meeting, which were adopted as read. Roll call was answered with hints on raising money for W.I. needs. Some interesting papers were read on the raising of poultry and small fruit. The secretary read a letter advising the members that the county convention was to be held on May 29th, at Warden.

It was decided to hold the meeting in the schoolhouse at Martin's Corner for the summer months. Mrs. D. Ashton, convener of work committee, reported one pair of mittens knit and material purchased for a quilt.

It was decided to give the first dance of the season on May 28th at the schoolhouse at Martin's Corner. Hostesses for the evening were Mrs. Blampin and Mrs. Lyle Ashton. The next meeting will be held at the schoolhouse on June 5th. Roll call: "Name A Household Article Made in Canada." Exchange of recipes. The hostesses will be Mrs. D. Ashton and Mrs. Lyle Ashton. Mrs. D. Ashton and Mrs. Blampin were appointed to audit the books. A guessing contest was enjoyed. The drawing for the prize between Mrs. Blampin and Miss Maguire resulted in Miss Maguire winning the prize, after the meeting adjourned the hostess served lunch.

General Notes.

Mr. J. P. Cleary motored to Waterloo and Granby on Saturday last on a business trip.

Miss Bernice Anderson, of East Angus, was here over Sunday, visiting her mother Mrs. Anderson and Mr. and Mrs. R. McCutcheon, and family.

Mr. and Mrs. Arthur Reneand, of Warden, were here on Sunday visiting Mr. and Mrs. James Ingram and other relatives and friends.

GOOD YEAR WAS
REALIZED BY
TEXTILE CO.

Increase in Sales of \$1,500,000,
Although Competition During
Year Was Very Keen, Mr. F.
G. Daniels, President of Com-
pany, States in Report.

MONTREAL, May 18.—Although competition had been keen in every line of the company's business, said F. G. Daniels, president and managing director of the Dominion Textile Company, Limited, at the annual meeting of the shareholders held yesterday, the position of the company had been maintained at a satisfactory level. The president continued by saying that it had been a fight for every dollar's worth of business, but the past year had been one of increased activity and satisfactory results in every department. At the end of the year sales were nearly a million and a half dollars in excess of the previous year.

The president stated that during the year, it had been found to the advantage of the company to take over two new properties—the tire fabric plants of the Canadian Connecticut Cotton Mills of Sherbrooke and the Jenkes Canadian Company at Drummondville—which now incorporated under the names of Sherbrooke Cotton Company, Limited and Drummondville Cotton Company Limited, respectively, were being operated as subsidiaries of Dominion Textile Company.

Additional machinery was being added at present to the Drummondville plant to bring it up to standard, and in the Sherbrooke plant spinning and other machinery was being installed to produce a number of additional lines. At this mill there was still a space of about 350,000 feet which was being utilized carefully.

Sir Charles B. Gordon, chairman moved a vote of thanks to the president and his staff for their efficient work of the year, which had been a trying one with the unsettled conditions of the industry coupled with acquisition of new properties. The directors were re-elected without change, the board now being as follows: Sir Charles B. Gordon, G.B.E., chairman; F. G. Daniels, president and managing director; Sir Herbert S. Holt, vice-president; J. P. Black, W. A. Black, J. H. Webb, secretary-treasurer, and Sir Frederick Williams-Taylor. There were represented at the meeting a total of 162,150 shares.

Cleary, who expects to leave the hospital this week as he is much improved.
Mr. Dan Dunlavy came home from Granby, at the week-end and is with his parents, Mr. and Mrs. John Dunlavy.

**Drive it—and you'll know
Chrysler performance IS different**

Chrysler enjoys its universal prestige and popularity because Chrysler is unique among motor cars.

There is no other motor car performance quite like Chrysler performance—so silky in power, so flashing in pick-up, so steady in speed, so untiring to drive, so disciplined in control.

This is understandable when you check the list of Chrysler engineering developments included in both the "65" and the "75"—chassis and body features, and combinations of features, to be enjoyed only in Chrysler cars.

Chrysler offers, in the final analysis,

something more than just a motor car—a delightful new phase, a thrilling new experience, in motoring performance.

You can pay more and still not equal the performance or the intrinsic value that Chrysler "65" and "75" both give you at their remarkably moderate prices. Ask any Chrysler dealer for a demonstration and learn the difference.

CHRYSLER "65"—Business Coupe, \$1325; 2-Door Sedan, \$1360; 4-Door Sedan, \$1460. (Three other body styles to \$1460.) services in the United Church on
Sunday, May 19th, will be as fol-
lows: The subject of the Rev. H.
Allenby's discourse at 10.30 a.m.
will be, "Matthew, the Man of Af-
fairs." This is the third sermon of
the series on the "Apostles." Even-
ing subject, "The Mustard Seed,"
which is also the third talk in a
series on the "Apostles," found in
the Gospel according to St. Mat-
thew. Appropriate music will be
rendered by the choir. All strangers
and visitors will be cordially wel-
comed to these services. The Sun-
day School will meet at 11.30 a.m.
as usual. The regular mid-week
service will be held on Wednesday
evening, May 22nd, at eight o'clock.
A very impressive Mother's Day
service was held in St. Luke's
Church on Sunday morning last.
The pastor, Rev. N. E. Peterson,
preached a touching and appropri-
ate sermon. A full-voiced choir
sang suitable hymns in keeping
with the day, which is set apart
to the honor and respect of mothers
who are still here and those gone
on to their eternal home. The ser-
vice was particularly a sad. Mr.
Peterson officially announcing his
acceptance of an insistent call to
the church of St. Columbus in Notre
Dame de Grace, where his duties
will begin in October. The con-
gregation heard Mr. Peterson's an-
nouncement with profound regret
and sincerely deplore the loss of
Mr. and Mrs. Peterson and their
little daughter from St. Luke's pa-
rish.The Junior Choir comprising
twenty-five voices, which have been
assembled, trained and developed by
Mrs. Colwell, and accompanied by
the organist, Mrs. Graves, was in
charge of the singing at the even-
ing service in the United Church on
Sunday, May 12th. The anthem,
"Song of Spring," was especially
well rendered. On Sunday evening
next, May 19th, the male choir of
the church will render special mus-
ic.Mrs. D. L. Allen has returned

CANADAIt is surprising to learn how few
people realize how high Ottawa
ranks among the beautiful cities on
this continent. With broad, clean
streets and fine municipal buildings,
the capital of Canada has an at-
mosphere of dignity and quiet charm
rare in many capitals of other coun-
tries.While Ottawa is a city of compar-
atively small population, it boasts
twenty-five parks and squares. Of
course, the Federal Parliament build-
ings lend the city much of the pre-
stige for which it is noted. Men of
international prominence are to be
encountered almost daily, strolling
about the city.Visitors should find much to in-
terest them as most of the beauty of
the Ottawa Valley is mirrored in its
prayer city. The Canadian Pacific
Railway offers exceptionally fine
train accommodation to and from the
capital.For full information as to rate,
etc., apply to any Canadian Pacific

gton Street North, Phone 130.

IN MEMORIAM

In ever loving memory of my husband, Harold Lorne Farley, who entered into rest May 18th, 1921.

Nothing can ever take away
The love a heart holds dear.
Fond memories linger every day,
Remembrance keeps you near.
MRS. H. L. FARLEY.
May 18th, 1929.

IN MEMORIAM

In sad but loving memory of my little son, Theodore Nelson Carroll, who left us one year ago today, May 18th, 1928.

We miss our darling Nelson at morning, noon and night.
How sad it is to have him forever from our sight.
Those dear little shoes our darling used to wear
Bring back into our memory our baby long ago so fair.

His little bed and play things we've laid away with care,
His little cap and clothes, with a lock of golden hair,
But baby's now in Heaven, yes, God has called him home.
And nothing's left that's quite so dear.
As the clothes our Nelson wore,
We know he's so much happier than we could make him here.

For oh, in Heaven, our Nelson, will never shed a tear.
MOTHER, FATHER AND SISTERS,
LESLIE AND FRANCES.
Asbestos, Que.

IN MEMORIAM

In loving memory of our dear wife-mother, Ann Buckland, who departed this life on May 18th, 1928.

Nothing but memories since that sad day,
When the one I loved was called away.
Gone is the face I loved so dear,
Silent is the voice I loved to hear.
In silence she suffered,
In patience she bore,
Sorrow and true heart and mind,
What a beautiful memory she left behind.

J. BUCKLAND, HUSBAND AND FAMILY.
Burla, Que.

CARD OF THANKS

I desire to express my thanks and appreciation to all who sent me word during the fire which destroyed the building of E. J. Frost, on Friday, May 17th.

W. S. KEELE, Manager,

FOURTH TROOP MEETING

The regular meeting was held by 4th Troop with a very good turnout. The meeting was entirely in charge of A.S.M. Beldon Bradford, who had a fine programme prepared.

The troop was brought to order by flag raising, Scout prayer, and inspection. This was won by the Fox patrol. A number of games were played and enjoyed by all, such as "Swat Tag," "Boat Race," etc. The troop had the pleasure to have the presence of a visitor during the meeting, Dr. Lennon, who spoke a few words to the boys,

Prices And Details Of Sherbrooke Market

No startling changes were noticed in prices at the Sherbrooke market yesterday, the same quotations of last week ruling in most lines, although slight drops occurred in certain products.

Local lettuce came out yesterday at five cents a head, with a few exceptionally large heads bringing ten cents. Iceberg lettuce remained at ten cents a head.

In the provision section round beef was down to 40 to 44 cents, as compared with 42 and 46 cents a pound asked a week ago. Liver was two cents a pound lower, selling at 19 to 21 cents a pound, instead of 21 to 23 cents.

Quotations on poultry were quotations only, as very few fowls or turkeys were offered. Maple sugar and syrup have disappeared entirely from the stalls. The prices in detail were:

THE DAIRY MARKET
Butter, best creamery, 44c to 45c
Butter, best dairy, 40c to 42c
Eggs, per dozen, 30c to 35c
Cheese, 35c to 40c
Kraft Cheese, 45c
Pimento cheese, per lb., 60c
Brookfield, 40c to 42c
Rockford, 40c to 42c

THE VEGETABLE MARKET
Beets, per measure, 20c
Brussels Sprouts, 2 qts., 25c

COUNTRY AND DAIRY PRODUCE PRICES

BUTTER—Wholesale butter prices declined yesterday again. Eastern Townships No. 1 pasteurized was 1-4c up to 35 1-4c to 35 1-2c per lb., with the former the general ruling price. There is a temporary firmness to the market, caused by this week's light receipts of Quebec butter and the withdrawal from the market of New Zealand butter, holders of the latter preferring to store their stocks and wait for higher prices. The trade expects lower prices to prevail and, as soon as receipts improve, prices will doubtless ease off.

CHEESE—Cheese is steady. There is a fair local trade, with export business dull. Western No. 1 colored is ruling unchanged at 17 1-4c per lb.

EGGS—Prices of eggs to the retail trade were unchanged yesterday being as follows:

Fresh extra, 35c per doz.
Fresh firsts, 32c per doz.
Fresh seconds, 28c per doz.

In a wholesale car lot way there was an easier undertone to the market for western fresh eggs, with other grades steady. Brokers were endeavoring to get western eggs 1-4c cheaper at 28 1-4c for extras, 26 1-4c for firsts and 23c for seconds, f.o.b. Manitoba points. British Columbia fresh eggs were 26 1-4c for extras and 24 1-4c for firsts, f.o.b. Vancouver, while Ontario fresh eggs were 36 1-2c for extras, 28 1-2c for firsts and 24c for seconds, f.o.b. Ontario points for storage packed, with small lots on spot, in common cases, selling at 31c for extras, 28c for firsts and 26c for seconds delivered.

POTATOES—The local potato market was quiet, with prices unchanged. New Brunswick Green Mountains per 90 lbs. in bulk, while Prince Edward Island potatoes were 80c for whites, and 87c for Green Mountains per 90 lbs. in bags.

POULTRY—Poultry is ruling steady, frozen dressed line being sold to the retail trade as follows:

Squab broilers, 50c to 52c per lb.;
Squab broilers, 44c to 48c per lb.;
Selected chickens, 39c to 44c per lb.;
With milk-fed chickens 3c per lb. higher; selected fowls, 30c to 39c per lb.; selected turkeys, 40c to 50c per lb.; selected geese, 30c per lb.; selected ducks, 31c per lb.; domestic ducklings, 34c per lb.; green ducklings, 37c per lb. These prices are for "Standard" poultry. For "A's" prices on all lines are 3c to 4c per lb. less on all lines except milk-fed chickens, which are 2c per lb. less.

GRAIN MARKET
Montreal, May 18th.

GRAIN—Winter wheat flour, in car lots, is now selling at from 10c to 20c lower per barrel, and white corn flour is 20c lower, following the recent breaks in the wheat markets. Other prices unchanged.

Cash grain market:

Feed wheat, 80c
Manitoba, No. 6, 75c
Manitoba feed barley, 75c
No. 2 Canadian western oats, 75c
No. 3 Canadian western oats, 60c

SPORTING NOTES

BIG FIELD WILL COMPLETE IN KENTUCKY DERBY TODAY
LOUISVILLE, Ky., May 18.—By train, motor, aeroplane and blimp, horse and foot, the massed crowd of the Great Grass capital today for the fifty-fifth running of the \$50,000 Kentucky classic for three-year-olds.

Semi-official estimates placed the number of visitors at 100,000, but it will be miraculous if more than 75,000 actually witness or even get within proximity of the running.

Overnight, twenty-six of the country's foremost three-year-olds have been named. This surpasses the field of twenty-two that started last year, but track experts expected no more than eighteen or twenty actually to go to the post.

The weather prospects were for thunder showers, increasing likelihood of several scratches. Post time was set for approximately five p.m. C.S.T. The race is at a mile and a quarter.

The outstanding favorite all along, Col. E. R. Briley's Blue Larkspur, the hope of the home folks, occupied a conflicting position.

PROVINCIAL EDUCATION
(Continued from page 1)

Classes for dull and backward children have increased from eight to 170 in ten years, without compulsion or special propaganda. Twenty-five classes have been added during the past year.

"A confidential provincial survey has been made by the Department with the assistance of inspectors and teachers and thirty special local surveys for the formation of classes are now being made. The inspectors have held several conferences for the study of special classes and for training in intelligence testing. The Government gives grants on special class accommodation and equipment equivalent to one half of the excess cost of special education and the grants for adolescent dull and backward children are the same as those for technical school children. The government also conducts free surveys and provides special training for auxiliary class teachers in summer schools.

"The minimum requirements for teachers of these classes are Normal School graduation, three years' experience in teaching, Inspector's recommendation of special natural aptitude for the work and five weeks intensive special study including comparative study of normal and subnormal children and resulting methods of treatment, the giving of intelligence tests and sensory motor training for special class work.

"The diagnosis and treatment of the eighteen children referred to can be dealt with satisfactorily by the Provincial Education Department, local School Boards and School Teachers' Associations.

"The feebleminded child and the psychopathic child should be placed in a home or an institution under the charge of a psychiatrist. The eighteen children are over fifty per cent mentally and can be trained

to become happy and helpful citizens. They are not feebleminded and the terms 'feebleminded' or 'defective', etc., should not be applied to them.

"The preliminary selection of the eighteen children can be made privately by the school staff. The physical examination can be given by the school nurse and physician. The children can be selected for special examination on the basis of life history, school performance and the teacher's estimate of mental age without the use of a standardized intelligence test.

"Termin, the highest American authority on intelligence testing says: 'The average teacher is perhaps better equipped than the average physician to give intelligence tests' while Cyril Burt, the highest British authority, says that the 'scholastic may standardize a method; to apply that method and to appraise the results, demands the tact, the experience, the imaginative sight of the teacher born and trained.'

"In the ultimate analysis the successful establishment and continuation of special classes for dull and backward children depends upon governments and school boards with vision and courage willing to pay one half the excess cost of furnishing adequate educational facilities for these children and upon well born, well trained, sympathetic and self-sacrificing teachers willing to spend and be spent in this worthy humanitarian and national service.

Next Meeting at Quebec.
Hon. W. G. Mitchell, K.C., was in the chair, and the others present were Rev. Dr. E. T. Rexford, G. W. Parmelee, Dr. A. T. Love, W. O. Rothery, W. S. Bullock, C. A. Adams, Malcolm Robb, Dr. W. Rowat, Hon. C. F. Delage, Dr. W. L. Shurtleff, E. G. Pierce, P. C. Duboye, A. K. Cameron, H. Murray, Bishop Williams of Quebec, Dr. Milton Hersey, Dr. J. A. Nicholson, Professor Currier, M. Derick, and Eugene Lafleur, K.C.

The next meeting will be held in Quebec City on September 27th.

RAILWAY MEASURE
(Continued from page 1)

next week was raised, Hon. Raoul Dandurand, Government leader, said that there would be no adjournment except over the week-end, for it was desired to press the work to a conclusion, in order to reach an early prorogation. If, he said, there can be prorogation in two or three weeks, the Senate will have plenty to do without an adjournment. Another announcement by the Government leader was that he hoped a way might be found next session to relieve the Parliament of Canada of divorce work.

When the bill providing for the acquisition by the Canadian National Railways of the Quebec-Montreal and Southern Railway was proposed for its third reading, Hon. Senator McMeans said the building of railroads in the west was no justification for the purchase of railroads in other parts. He protested against the enormous expenditure and said a day of reckoning would come. He was not satisfied with the information furnished regarding this transaction.

Senator Dandurand said there were expenditures which justified themselves even when it was felt the financial situation was a difficult one.

Senator McMeans said he did not think anybody seriously contended that the broker intended to exercise his option, and he asked "where is the 'take it'?" Senator Dandurand agreed to bring down all the correspondence. The bill was given third reading and finally passed.

Use of Force by Police Officers.
Senator Lynch-Staunton today agreed to the withdrawal of this bill. He said he had no objection to the use of force by police officers in reference to effecting arrests for various offenses. The proposed legislation, he thought, might curb the effectiveness of the police. It would be advisable, he thought, to have the Department of Justice see what the bill stood for, meant exactly what Mr. Mackenzie King read the extract complained of. It was that the former employees of the postal or railway mail service removed from such service and subsequently re-employed should be paid for the services actually performed as from the date of re-employment, at rates of remuneration paid to other employees for similar services.

Premier Explains Principle.
No account need be taken, the Prime Minister continued, of the salary received when these men went out in strike, when they were re-employed or of anything but their actual employment when they were re-engaged. The Civil Service Commission attached remuneration to particular employment, and that was a factor which must govern. If there had been no strike, that remuneration would have been given to those men, but because of the strike, they were put in a class which was not intended, but at one lower than that for which their services called. The bill merely said that these men should be paid for the work they actually did. If a man was a letter carrier and had been paid as a postal helper, then it was now proposed to pay him the difference between a postal helper and a letter carrier.

Betty—You mustn't tell a lie.
Jean—Why not?
Betty—Because its like smoking; it isn't right to do it until you're grown up.

Woodworth. The Speaker called the bill, and to the amusement of the House, named Mr. Woodworth as second.

Amid much laughter, Mr. Woodworth asked leave to have his name withdrawn. The Speaker then named T. W. Bird (Progressive, Nelson), who also requested to withdraw his name. Making a third attempt, the Speaker named Miss Agnes Macpail (Progressive, Southeast Grey), but the lady member in her turn refused. The matter was settled, to the amusement of the House, by the Speaker naming G. G. Coote (U. F. A., Macleod) who did not refuse.

Extend Northern Law Enforcement.
Persons charged under the Criminal Code in Yukon Territory with an indictable offence may, at the discretion of the Minister of Justice be tried before a court in Northwest Territories. This authorization was given in a bill passed last night with respect to the administration of justice in the far north of the Yukon, where court facilities are scarce.

There have been 351 changes in the tariff schedule of Canada since 1921, according to a return tabled yesterday afternoon. Of a total of 1,051 items in the schedule, 54 are free under the preferential tariff but dutiable under other tariffs.

The items in which the preferential rate is lower than other tariffs, exclusive of these 54, total 613; free items in all tariffs amounting to 351; dutiable items the same rate in all tariffs total 23.

There are four special items, two applying to Australia and New Zealand, and two to railway rolling stock and foreign vessels, but not applicable to Great Britain.

COMPENSATION FOR POSTAL STRIKERS PASSES COMMONS
(Canadian Press Despatch)

OTTAWA, May 18.—The bill to provide for the adjustment of the salaries of the re-employed western postal strikers of 1919, rates commensurate with the services they actually have performed from the date of re-employment, was given third reading in the House of Commons yesterday. Hon. R. B. Bennett, Conservative leader, criticized the measure at length when it came up for third reading.

Premier W. L. Mackenzie King explained the interpretation that the Government placed upon it. Following these two speeches, the bill passed without opposition.

These former strikers were re-employed under an order-in-council which specified that they were to come back into the service only on the salaries of new employees.

The Prime Minister explained that under the bill no consideration need be given to the wages these men received when they struck or the position they held. The bill was to provide that if a man, on his return, performed one duty and was paid less than this service regularly received, as a result of the order-in-council, the difference would be made up now. For example, if a man performed the duties of a letter carrier and, because of the terms on which he came back he was only paid the wages of a postal helper, he would now be paid the difference for the time in which this condition existed.

Bennett Attacks Measure.
In opening the discussion today, Hon. Mr. Bennett observed that the measure was different in some of its terms from the original provisions of the bill. The measure, however, Mr. Bennett proceeded to offend a principle which the Opposition thought should be maintained.

Senator McMeans said the nature, dealing with the re-employment in the public service of men who had been dismissed.

The bill proposed to effect a retroactive readjustment of the salaries of the postal workers in question. These men after their dismissal in 1919 had in some cases five, and in some cases as long as nine years after their dismissal, been re-engaged in the public service. Their contract with the state called for a certain salary, and it was now proposed to effect an adjustment contrary to this contract.

The Prime Minister took exception to what he termed the effort on the part of the Opposition to misrepresent the motives or purposes of the Postmaster-General and the Minister of Labor. He would give to the House the full purport of the bill as far as it concerned the Government.

There could be no doubt as to what the bill stood for, meant exactly what Mr. Mackenzie King read the extract complained of. It was that the former employees of the postal or railway mail service removed from such service and subsequently re-employed should be paid for the services actually performed as from the date of re-employment, at rates of remuneration paid to other employees for similar services.

Premier Explains Principle.
No account need be taken, the Prime Minister continued, of the salary received when these men went out in strike, when they were re-employed or of anything but their actual employment when they were re-engaged. The Civil Service Commission attached remuneration to particular employment, and that was a factor which must govern. If there had been no strike, that remuneration would have been given to those men, but because of the strike, they were put in a class which was not intended, but at one lower than that for which their services called. The bill merely said that these men should be paid for the work they actually did. QUIET OPENING THIS MORNING AT MONTREAL

Price Trend Ruled Steady—International Nickel Opened One Point Higher at Fifty-Two.

MONTREAL, May 18.—The Montreal stock market was quiet at the opening this morning, with the price trend ruling steady. International Nickel opened one point higher at 52, while fractional advances were recorded by Brazilian, Dominion Bridge and Power Corporation. Dominion Glass, which was a spectacular feature yesterday, did not enter into the early dealings this morning.

PRICE MOVEMENTS WERE MIXED ON WALL STREET
(Associated Press Despatch)

NEW YORK, May 18.—Price movements were mixed at the opening today, but the general tendency appeared to be downward. Wilcox Ritch "A" and General Railway Signal each dropped two points and Anaconda, American Smelting, Sparks Withington, United Aircraft and the "A's" showed initial declines of a point or more. St. Joseph Lead and Underwood Endicott Fisher each advanced 1 1/2 points on opening transactions, and Montgomery Ward, North American and Nevada Copper advanced a point or more.
