Diefenbaker Proposal

Canada-US Action On Jobs Urged

MIDDLETOWN, Conn. (CP)—Prime Minister Diefenbaker Sunday night called for better economic relations between Canada and the United States and made proposals for bringing them about.

The prime minister said, in an address at Wesleyan University here, that co-operation in defence is not enough. He spoke at ceremonies in which he was made a fellow of Wesleyan College.

He proposed that the two countries set up reciprocal legislative committees to improve relations.

He also recommended joint Canada-U.S. action on unemployment and the setting up of a NATO food bank. The bank would handle surpluses on farm products, ensure a food supply for Europe should war come and help needy "food-deficit" nations.

Formation of a congressional committee on Canadian relations had been put forward in a report to the House of Representatives foreign affairs committee. The report on Canada-U.S. relations had been prepared by congressmen Brooks Hays of Arkansas and Frank N. Coffin of Maine.

Commented Mr. Diefenbaker: "I am sure that the Parliament of Canada would give the fullest consideration to the setting up of a similar committee of Canadian parliamentarians who in periodic visits to our respective capitals would do much to achieve suggested solutions to recurring problems."

LACKING UNITY

He also said the U.S. disposal program for agricultural problems "materially hurt" Canada economically. Difficulties in Canada-U.S. trading relations rose from Canada's continuing unfavorable trade balance, he said.

"We are united in our defences both in Europe and in North America," Mr. Diefenbaker said. "But unity of defence is not enough. We must reinforce our defence action by economic co-operation."

He saw the food bank as a solution to trade problems created by the U.S. disposal program through barter deals and subsidized, tied sales "which in our opinion go beyond what is fair and competitive."

REMOVE SURPLUSES

The bank would be set up "to remove overhanging surpluses of wheat and other storable farm products . . . and assure that strategic reserves of these commodities will be available in Europe should war come." It also could help "food-deficit nations when in need."

"The U.S.S.R. appears now to be directing its major attention to the weakening of the free world on the economic front," he said.

"I believe that the nations of the free world will have to act co-operatively and effectively on economic matters, as they do in defence—that each of the free nations will have to refrain from action which will detrimentally weaken their partner in freedom's quest for freedom's survival anywhere in the world."

On education he said that though the West must encourage science it would be dangerous for its universities "to forsake the encouragement of the spiritual things and enthroned the machine."

Macmillan Proposal

Closer Economic Ties Between US, Britain

INDIANAPOLIS—(AP)—Prime Minister Macmillan called Sunday for closer economic ties between Britain and the United States.

In a nationally-televised commencement address at De Pauw University at nearby Greencastle, Ind., he said: "There are still too many artificial barriers to the free flow of money and trade in the free world."

Now that "we all face a common danger," interdependence must be the "keynote of the second half of the 20th century if the progress of humanity is to continue."

The prime minister goes by plane today to Washington for an informal conference with President Eisenhower and State Secretary Dulles.

MAKES POINTS

In a 21-hour sweep through Indiana official and social affairs, Macmillan emphasized these points:

1. He considers Premier Charles de Gaulle of France a friend and "hopes and prays" France will solve many of its problems under de Gaulle's leadership.
2. "Prosperity is not indivisible; there are too many artificial barriers to the free flow of money and trade in the free world."
3. Russians are "very intelligent people who will not be content forever with what is called the materialistic doctrine."
4. "In the long run, the free world will defend itself and win adherence to itself because our way of life gives a better way of living, a fuller life to the individual, security and hope."

Macmillan was greeted with applause wherever he appeared. A crowd of several hundred clapped hands and cheered when he stepped out of his plane.

Fatalities In Canada Twice Last Weekend; One Crash Kills Five

By THE CANADIAN PRESS

Canada counted 66 persons killed in weekend accidents. It was double last weekend's total of 30 and approached the 86 killed in the three-day Victoria Day holiday three weeks ago.

A Canadian Press survey, covering the 54 hours from 6 p.m. local time Friday to midnight Sunday, found 34 killed in traffic accidents, 26 drowned, one dead in a house fire and five killed in various other mishaps. The Victoria Day survey, in comparison, covered 78 hours.

The toll did not include five RCMP officers who were drowned when their outboard patrol boat capsized on Lake Simcoe, 40 miles north of Toronto. Persons killed in the course of their work are not counted in the survey.

It did, however, include:

Three men and two women killed at Ste. Germaine Station, Que., when their car crashed into rear of a police-halted truck;

An elderly couple and their two young grandchildren drowned when a seven-foot outboard motor boat overturned at Grand Pond, 55 miles from St. John's, Nfld.;

Quebec posted 25 deaths. Sixteen were killed on the roads, five drowned, one asphyxiated in a fire and three dead by other causes.

BABY SUFFOCATED

Ontario had 18 dead — seven in traffic, 10 drowned and a baby suffocated.

Saskatchewan had six dead — three in traffic, two drowned and a child crushed under a tractor. Two more drownings were not confirmed.

Alberta also had six dead — three in traffic and three drowned.

Newfoundland counted its four dead in the Grand Pond tragedy.

British Columbia totalled three dead — two in traffic and one drowned.

Manitoba had two — both traffic.

Nova Scotia had one drowning and New Brunswick one traffic death.

Car Hits Truck And Five Die

STE GERMAINE STATION, Que.—(CP)—Three men and two women were killed Sunday night when their car plowed into the rear of a truck stopped by a provincial police officer near this town 55 miles south of Quebec City.

The victims were identified as Gaetan Fortier, Jules Fortier and Robert Fortier, of nearby Ste. Justine; and Elizabeth Bilodeau and her sister, Lucille, of nearby Ste. Rose. All were believed in their twenties.

The car, travelling at a fast speed, crashed into the truck platform and its top was sandwiched under the vehicle. The constable and truck driver escaped injury.

De Gaulle To Name More Men

PARIS (AP)—Premier Charles de Gaulle summoned his cabinet today to continue action on the host of problems he is committed to solve.

Relations with France's former protectorates of Tunisia and Morocco were due to be discussed. Finance Minister Antoine Pinay also was likely to present an outline of the nation's economic troubles.

More cabinet appointments also are expected. Being mentioned as minister to represent the Algerian Muslims was Dr. Cherif Sid Kara, who was added to the public safety committee which seized control in Algiers during the May 13 revolt.

DRAW ON CIVIL SERVICE

Speculation was that the remaining cabinet posts will be filled by technicians from France's highly trained civil service.

French colonists in Algeria whose May rebellion brought de Gaulle to power have been hoping right-wing Jacques Soustelle would be named minister for Algeria. De Gaulle so far has retained the post himself, with the

Didn't Buy Secrets — Red

WASHINGTON (AP) — Soviet ambassador Mikhail Menshikov says a junior Russian diplomat denies trying to buy American military secrets. All Russians in the United States, Menshikov says, are forbidden to do anything improper.

Menshikov told a television panel show Sunday that Nikolai I. Kurochkin, the Soviet embassy's third secretary, has denied state department charges that he sought to purchase secret military documents from Charles T. Beaumont, an American magazine writer.

"And I have no reason not to believe him," Menshikov said.

Kurochkin was ordered Saturday to leave the United States on grounds he paid hundreds of dollars for army manuals and other materials and tried to get secret documents. He is expected to start for Russia later this week.

NO SECRETS

Beaumont, a 25-year-old magazine writer living in nearby Arlington, Va., said he never gave any classified information to the Russian. Beaumont said he furnished Kurochkin some non-secret material, part of which "was at ready in the papers." For this,

Beaumont said, he received \$435 over a period of months, starting last year.

In an interview Saturday night, Beaumont said he met Kurochkin last year after he went to the Russian embassy seeking material for a story on the making of stockings in Russia. At the time, Beaumont said, he was doing free-lance work for a textile industry publication.

This eventually led to a collaboration on articles dealing with military doctrine for Russian magazines, Beaumont said.

One night, Beaumont said, two federal agents came to his apartment and questioned him about his contacts with Kurochkin. From that time on, Beaumont said, "every time he called me, I called them."

Beaumont said the amounts he got from Kurochkin rose from \$50 to about \$200.

"I guess I should have been suspicious as the amounts grew," he said. "I wasn't until federal agents came to visit me."

Soviets Say Flyers German Responsibility

BERLIN (AP)—Russia refused today to take responsibility for nine United States army men taken prisoner by East Germany Saturday when their helicopter made a forced landing on East German territory.

Keeping up its campaign to force Western recognition of the East German Communist government, the Russian embassy in East Berlin declared that the East German regime has jurisdiction over the American prisoners and their aircraft because the helicopter came down outside the three Allied air corridors to West Berlin.

Russia guarantees free Allied

air traffic through these corridors under a 1949 big four agreement.

The United States does not recognize the East German Communist regime and had demanded the Russians in East Berlin promptly return the eight army officers, one sergeant and their aircraft.

The helicopter belongs to the 3rd Armored Division and had been on a military exercise. U.S. authorities assume the craft turned east due to a navigational error in a thunderstorm and ran out of gas.

It came down at Zwickau, 30 miles east of the border. Soviet Army headquarters in East Berlin said all nine men were safe and unharmed.

The East German foreign ministry announced it had sent the U.S. state department a note protesting that East German air space had been violated. The foreign ministry followed up today with a declaration that the fact it had sent its protest direct to the state department showed the East German regime — and not the Russians — has jurisdiction in the matter.

The foreign office statement, made in reply to a reporter's question, seemed to indicate that the Russians will tell Washington to talk directly to the satellite regime.

With the state department steadfastly refusing to do this, a diplomatic hassle might develop which would keep the nine American prisoners in an East German jail for some time.

The helicopter is the second Allied aircraft held by the Communists. A Belgian jet fighter was forced down in East Germany 12 days ago. The Russians have referred all Belgian queries to the East Germans.

Presbyterians Still Opposed To Vatican Envoy

TORONTO —(CP)—The general assembly of the Presbyterian Church in Canada was to reopen business meetings today.

The 240 commissioners, representing 48 presbyteries across Canada, hope to find some solution to a lack of funds which it is felt has curtailed the general assembly's work in Canada.

Saturday's meetings included discussion of the possibility of Canada sending an emissary to the Vatican.

The assembly reaffirmed its opposition to federal government appointment of an envoy to the Vatican.

Adopting a suggestion from the Maritimes Synod, the assembly passed a resolution stating there are no civil or religious grounds for such an appointment.

Best Prank

CAMBRIDGE, England (Reuters)—A 1,100-pound black panel truck that was perched precariously on the 150-foot high senate house of Cambridge University started early risers here Sunday.

Crowds of students and townspeople gathered around the building as word spread of the best undergraduate prank in memory, outdoing the hazardous but conventional chamber pot-on-churchspire feats of the past.

Ex-GGs Can Spot The Tie

LONDON—(CP)—The Evening Standard gassy ribs Governor-General Massey for designing a distinctive tie for past and present governors-general of Canada and their staffs.

The newspaper says: "Our lasting satisfaction . . . clubs or cabals must be select in number and unobtrusive in ritual. And rarely has this prescription been so brilliantly followed as by Mr. Vincent Massey."

By designing the blue tie with a royal crown and maple leaves, the editorial says, "Mr. Massey has made it fairly certain that when, in future, two ex-governors-general approach, one's swift side-glance will ensure recognition."

Water Feud

KARACHI, Pakistan (AP) — Prime Minister Feroz Khan Noon has charged India with curtailing river water to Pakistan canals, depriving 5,000,000 acres of land of irrigation. Pakistan has protested to India and has asked the world bank to mediate the dispute.

Worst Weekend Yet

Greeks, Turks Clash On Cyprus

NICOSIA, Cyprus (Reuters)—Renewed violence hit this troubled island today on the heels of the worst weekend of Greek-Turkish fighting in Cypriot history.

A Turkish-Cypriot and his wife were found shot in the Greek quarter of Nicosia. The wife died later in a hospital, bringing the death toll since Saturday night to five. At least 70 were injured in the weekend riots.

British officials put Nicosia under curfew shortly after an overnight ban was lifted. British troops were out in force throughout the island, especially on streets dividing Greek and Turkish communities.

CALL STRIKE

Greek-Cypriot leaders called a three-day general strike to protest the Turkish riots and attacks on the Greeks. The island's second largest city, Limassol, was at a standstill as Greeks observed the strike.

An official announcement said the Turkish couple was shot in their home.

Greek-Cypriot sources said several minor clashes broke out in Nicosia before the curfew was reimposed. They said Turks refused to allow Greek merchants into the municipal market, which lies in the Turkish quarter.

Turkish crowds gathered in Nicosia's old city before the curfew was reimposed and stoned several police vehicles.

OUTNUMBER TURKS

Greek-Cypriots in this British colony of about 500,000 population outnumber Turks five to one. The Greek population has been campaigning for political union of the island with Greece.

The Turkish-Cypriots are opposed to "enosis" — union with Greece — and demand partition of the island between the two communities.

In Athens the Greek government announced that it has asked for immediate meeting of the NATO council in Paris to discuss "the new vandalism," which, it said, "are part of a Turkish plan to exert pressure on the British government at a time when the British declaration on the future of Cyprus is expected."

The government also said its ambassador to Turkey, who is now in Athens, would remain at home. He had been scheduled to leave for Ankara today.

Don't Ignore Canadians Pearson Says

POUGHKEEPSIE, N.Y. (CP) Lester B. Pearson, opposition leader in the Canadian House of Commons, said today that when Canadians think of the United States their big fear is that "big brother" is not watching.

Mr. Pearson put the reverse twist on George Orwell's famous line in an address prepared for delivery at commencement exercises at Vassar College.

Discussing Canada - U.S. relations, he said Canadians, with a surging feeling of national pride during a period of great growth and development, are becoming a little touchy—"perhaps occasionally too touchy"—about being overlooked.

"At times indeed the source of our worry vis-a-vis the U.S. is that 'big brother' is not watching us."

Thus, Canadians were prone to feel aggrieved at certain U.S. policies.

"In trade, don't fence us out, and in politics don't take us benevolently for granted," said the former minister of external affairs.

Mr. Pearson conceded that the Russian Sputnik and developments in outer space mean "our little planet" will never be the same again, but cautioned against hasty suggestions for drastic change.

"I hope," he said, "you will reject the idea that because a few men in the Soviet Union have decreed that the energies of certain people should be concentrated on rockets and missiles rather than on a bigger tin for a motor car or new and better soap flakes, we of the West must make a frantic effort to regain immediate superiority in this segment of engineering effort. . . and overhaul our whole educational system."

Escapes Harem

TILBURY, England (Reuters) Mrs. Rita Nasir came home to Britain Sunday after four months during which she claims she was held in the harem of the king of Yemen. She said she, her Arab husband and six children escaped by bribing a chauffeur. "The king did not treat me as a concubine, but just used to talk to me," she said.

5 Mounties Drowned In Lake Squall

JACKSON'S POINT, Ont. (CP) Five RCMP officers were drowned in the storm-tossed waters of Lake Simcoe during the weekend when their outboard motorboat capsized in a squall off the shore of Georgian Island.

RCMP divisional headquarters in Toronto identified the five as Cpl. Herbert B. Smart, 33, of Toronto, Const. George H. E. Ransom, 22, of Melville, Sask., Const. Glen Frederick Farough, 22, of Stockton, Man., Const. Maurice Melnychuk, 22, of Prince

Portuguese Dictator Wins Election Easily

LISBON, Portugal (Reuters)—Premier Antonio Salazar's authoritarian government stood firmly in power today after Portugal's most hectic presidential election campaign in decades.

Salazar's hand-picked candidate, Rear Admiral Americo Tomas, swept to a landslide, three-to-one victory in balloting Sunday after a frantic four-week campaign in which 200 persons were injured in rioting.

Gen. Humberto Delgado, Tomas' opponent, opposed the Salazar regime in his campaigning.

VOTING HEAVY

Voting was unusually heavy in the election, the first since 1926 in which candidates had stood against the government's nominee.

No incidents were reported during the voting. About 100 persons were arrested during the month of campaigning.

Those arrested included the defeated candidate's campaign manager, Vieira de Al-

NOT NOMINATED

The election was held to name a successor to Gen. Francisco Craveiro Lopes, who was not nominated to stand again after his first seven-year term.

Another anti-government candidate was also in the race. He was Dr. Afrindo Vicente, a Lisbon lawyer. He said he would give his followers' votes to Delgado for the sake of a united opposition.

Salazar was the centre of one of the campaigns major controversies. The quiet scholarly economics professor became finance minister after a military coup in 1926. He has been premier since 1932.

Delgado repeatedly stated during the campaign that if elected he would dismiss the 69-year-old Salazar and restore fundamental democratic liberties.

L. F. Somerville Elected President At Meeting Of R.D.A. Teachers' Group

RICHMOND — The fourth regular meeting of the R.D.A. Teachers' Association was held in the A.D.S. High School, Danville. The president, Miss Marion Reed, called the meeting to order. Following the reading of the minutes and presentation of reports, Miss Reed explained the arrangements whereby a director for R.D.A. would be elected. Mr. McNiven, of the A.D.S. staff, was the members' choice for this position, for a two-year period.

The following slate of officers was presented for the coming year: Honorary president, Mr. French, Drummondville; president, L. F. Somerville, Richmond; past president, Miss M. Reed, Windsor Mills; vice-president, J. McGaw, Danville; secretary, Miss L. McQuat, Richmond; treasurer, Miss Rosalie Burrill, Drummondville. Delegates: Mr. Dexter, Drummondville; Miss MacKenzie, Windsor; Mr. Somerville, Richmond.

Dinner was served by the cafeteria staff, assisted by several high school students. Mrs. Coles extended the group's thanks to Mrs. Heath and her helpers. Mr. Gaw, supervisor, voiced the Association's regrets that several teachers were leaving at the end of the term, and wished them well in the years to come.

The members divided into groups to discuss various problems pertaining to teaching.

When all had reconvened in the Assembly Hall, K. H. Annett, supervisor-elect, spoke briefly, asking for the co-operation of all in the year ahead. Miss MacKenzie presented the retiring supervisor, Mr. McGaw, with a gift from the Association, for which Mr. McGaw expressed sincere thanks.

MAYTIME TEA, SALE A successful Maytime tea and sale, sponsored by the Melbourn Group of the Richmond and Melbourn United Church, was held in the church hall, which was tastefully decorated with spring flowers.

The many guests were welcomed by Mrs. C. L. Spence, captain of the group, and Mrs. W. Moreland.

The tea table, which was presided over by Mrs. F. A. LeMoine and Mrs. W. Moreland, was covered with a lace cloth and centered with a basket of spring flowers.

The fancy work table was in charge of Mrs. C. Cote, Mrs. A. Galbraith and Mrs. John Wilkins, while the food table was supervised by Mrs. F. A. Fleck, Mrs. S. Bilson, Mrs. A. D. Blemings and Mrs. E. G. Pierce. Mrs. L. M. Fee was cashier.

The tea was convened by Mrs. W. J. Reed and those who served were Mrs. M. Hughes, Mrs. E. Simson, Mrs. A. Coddington, Mrs. A. Wentworth, Mrs. M. Griffith, Mrs. H. Vigneault, and Mrs. G. W. Ewing.

The kitchen staff consisted of Mrs. B. Rodgers, Mrs. E. Hutchings and Mrs. W. J. Reed. HOLLYWOOD (AP) — You'd think that Sonja Henie would want to hang up her skates forever.

Yet she's on the ice again. In fact, she has been up at 6 a.m. to skim over the rink at the Pan Pacific Auditorium for three hours.

"It was the only time I could get the ice," she explained. The auditorium is on a 24-hour schedule, with one ice show appearing there and two others rehearsing.

Why all this activity on Sonja's part? She's leaving for Europe to film a 90-minute television spectacular that might be the start of a series.

"We planned to make the first one in Paris," she said. "But the political situation is so upset that we changed it to London.

I think it's a better location, anyway. Bob Hope just made a picture about Paris and there have been many others."

SHOW AT BRUSSELS Sonja's plan is to go to Brussels, where she has an ice show appearing at the world's fair. She'll rehearse the musical numbers there, then transport the company to London to film them. Afterwards, the story part of the spec will be shot around London.

"If the show is a success we'll do others in various other big cities of the world," she said. "The films will be made in color, so there is the possibility of showing them in theatres, too."

When I marvelled at her early-morning practice sessions, she replied that they're not unusual with her. Sonja's penchant for conditioning resulted in fights with 20th Century-Fox when she was queuing of the studio rink. She recalled, "I used to work hard to get ready for a picture. Then they'd shoot the story first, and I didn't have time to work out. When it came time to shoot the skating numbers, I had no strength. I skated from 9 in the morning until 7 or 8 at night, and the next day I was exhausted."

She indicated she will limit her future work to TV and occasional in-person appearances. "No more tours," she said.

FRELIGHSBURG — Mr. and Mrs. Alton Russell, of South Lee, Mass., visited their uncle and aunt, Mr. and Mrs. C. A. Soule, and Mr. C. W. Soule. The Misses J. Soule and Joan Deveaux, of St. Johns, and Mr. and Mrs. John Clough, of Cowansville, visited Mr. and Mrs. C. W. Soule at the rectory, on the weekend.

Mr. and Mrs. James Burnour, of Swanton, Vt., were guests of Mrs. Burnour's parents, Mr. and Mrs. W. B. Westover. Mr. and Mrs. L. R. Boast, of Richmond, called on their son and daughter-in-law, Mr. and Mrs. Lloyd Boast, while visiting friends in the vicinity.

13 Persons Injured In Area Traffic Accidents

Thirteen persons were injured, two of them seriously, in a series of accidents in the Sherbrooke district over the weekend.

Most seriously injured were Renee Croteau, four, of Sherbrooke, who suffered a fractured skull and a broken left hip when she was thrown from a car driven by her father, Lucien Croteau, between Ascot Corner and Sherbrooke and Gaston Roberge, 15, who received undisclosed injuries when the bicycle he was riding was struck by a car at the corner of Galt West and St. Esprit sts.

According to police the Croteau girl was injured Sunday night when the car door flew open and she was thrown out.

Young Roberge was hurt when he turned his bicycle directly into the path of a car driven by J. M. Jeanson.

Joseph Bougie, 42, of Montreal, suffered a broken rib when the car which he was driving struck another machine at the corner of Bachand and McManamy streets yesterday afternoon.

Miss Yvette Parent, 24, of Beaufort, a passenger in the car received lacerations to the face, while the driver of the second machine, Marcel Fouquet, of Sherbrooke, was uninjured.

Hotel Dieu officials report the condition of Bougie and Miss Parent as satisfactory.

Renaud St. Pierre, 12, of Sherbrooke, suffered lacerations when he was struck by a car driven by Armand Lacroix, of Sherbrooke, at the corner of Galt St. West and St. Louis St. last evening.

Lacroix took the boy to the St. Vincent de Paul Hospital.

Rocky Fabi and Theodore Chasson, of Cookshire, and Pierre Brown, of Lennoxville, were treated for minor cuts and bruises received in a smash-up Saturday afternoon but did not require hospitalization.

Kenneth Glavin, nine-year-old son of Mr. and Mrs. M. Glavin of Waterville, received treatment

at the Sherbrooke Hospital for minor injuries received when his bicycle was struck by a taxi driven by Emile Frechette on Main street, Waterville, Saturday morning.

Mr. and Mrs. Charles Renault, Paul Bedard and Mrs. Sam Leclere, required only first aid treatment after their car left the road on the East-Hatley-Massawippi highway yesterday afternoon.

Proposed Tariff No Great Burden To Suit Buyers

The proposed increase in the tariffs on wool fabrics would not increase the cost to material in a man's suit more than 25 cents or 10 cents in an overcoat. A. F. Anderson, of Montreal head office, told the annual dinner of the Quarter-Century Club of the Paton Manufacturing Co. Ltd.

He said it was up to the employees to combat the rumor that the price of a suit would be raised five dollars if the new tariffs were imposed. Considering how seldom a Canadian buys a suit, the increased cost seems hardly any burden, he continued.

"I don't believe that the recommendations of the Tariff Commission, if the Government applies them, would give us any reason to relax for an instant our continued pressure to gain our fair share of the Canadian market," Mr. Anderson said, continuing.

"The recommendations constitute a moral victory in that the Tariff Commission has recognized the need to protect Canada's woollen industry, but we must continue to produce the best products at the most reasonable prices and convince Canadians to buy them in preference to those of other lands."

Miss Marcella Huot and Norman Roy, two new members of the club, were presented with gold watches.

Herbert Buckley was elected president, Herve Trepanier, vice president, F. Milne, secretary, and Miss Elsie Card, Donat Lemieux and H. L. Berwick, directors.

Robert Neil, manager, presided at the dinner.

Stanstead College Holds Convocation, Prize Giving

STANSTEAD — Under a brilliant sun, Stanstead College convocation and prize giving were held on the college campus on Saturday.

In the absence of G. LeBaron, chairman of the Board of Trustees, the vice chairman, A. J. Phillips, of Windsor Mills, presided along with the headmaster, W. K. Molson.

Mr. Phillips brought greetings from Mr. LeBaron and the Board and congratulated the school on completion of a successful year under the leadership of Mr. Molson, and his loyal staff.

Mr. Molson, in the headmaster's report spoke on the heritage of the institution, which dates back to 1818. He mentioned the death of Miss Jessie Colby, O.B.E., a student of Stanstead Seminary and of the College, and as her family before her, a staunch supporter of the College. Mr. Molson also noted the death of two members of the Board, A. E. Curtis, Sr., and M. L. Moore.

Mr. Molson touched lightly on the highlights of the past year, the building of Colby Hall and restoration of Pierce Hall, as well as plans for the future; of the change which will come about in September of 1959, when the College will become a full residential college for boys.

He paid tribute to the sportsmanship of the school athletes and to the Board, the staff, especially Miss Elsie McFadden, Mr. and Mrs. D. Hackett, the A. P. Gordon family, Mr. and Mrs. Leonard McGilton, and to other members for loyalty and co-operation.

Former Resident Of Leeds Dies In California

Funeral services were held at St. Anne's Church, Santa Ana, Calif., on Friday morning, June 6, for Justin L. Clancy, a former resident of Leeds, Que., who died on Monday, June 2, after an illness of eight months. He was 50 years of age and had been a resident of California for the past 15 years.

He leaves his wife, Lois; two daughters, Mrs. Robert (Eleanor) Bussye of Santa Ana, Mrs. James (Delores) Way of Huntington Beach, Calif.; three brothers, Frank, 235 West Saratoga, Ferndale, John of Lorain, Ohio, Leo of Detroit; two sisters, Mrs. Michael (Helen) Mullen, 1398 Pearson, Ferndale, Mrs. Thomas R. (Bernice) Sullivan of Detroit; and five grandchildren.

The grocery store belonging to Roderique Bergeron, of Ascot, was robbed of about \$45 in cash and about \$250 worth of cigarettes.

The Benoit-Husk Auto Inc. garage in Richmond fared a little better. Thieves there only got \$10 in cash and a little more than \$150 worth of automobile accessories.

Both robberies appeared to be the work of the same group, Sgt. Morin said today.

Discussing other phases of the school's activities, she said that McGill University had discontinued art examinations. In the future, applicants are to submit 12 sketches to the judges, which was felt a better test of ability and training.

The sports program met with mixed success. Soccer was cancelled because of the influenza epidemic last fall but the skiing was very successful with the girls making several trips to Hillcrest during the season.

Skating was another failure. The pond had been deepened in the hopes of improving the ice but the result was that a lot of springs were disturbed which bubbled over the skating surface, completely spoiling it. Next year, an artificial rink will have to be constructed, she said.

Badminton and tennis were played extensively.

Other activities reported included a sugaring-off party, dances at Bishop's College School and King's Hall, several concerts and recitals by visiting musicians, and plays put on by the girls themselves.

The girls attended two plays at Bishop's College School and two at Bishop's University. Many attended My Fur Lady in Sherbrooke.

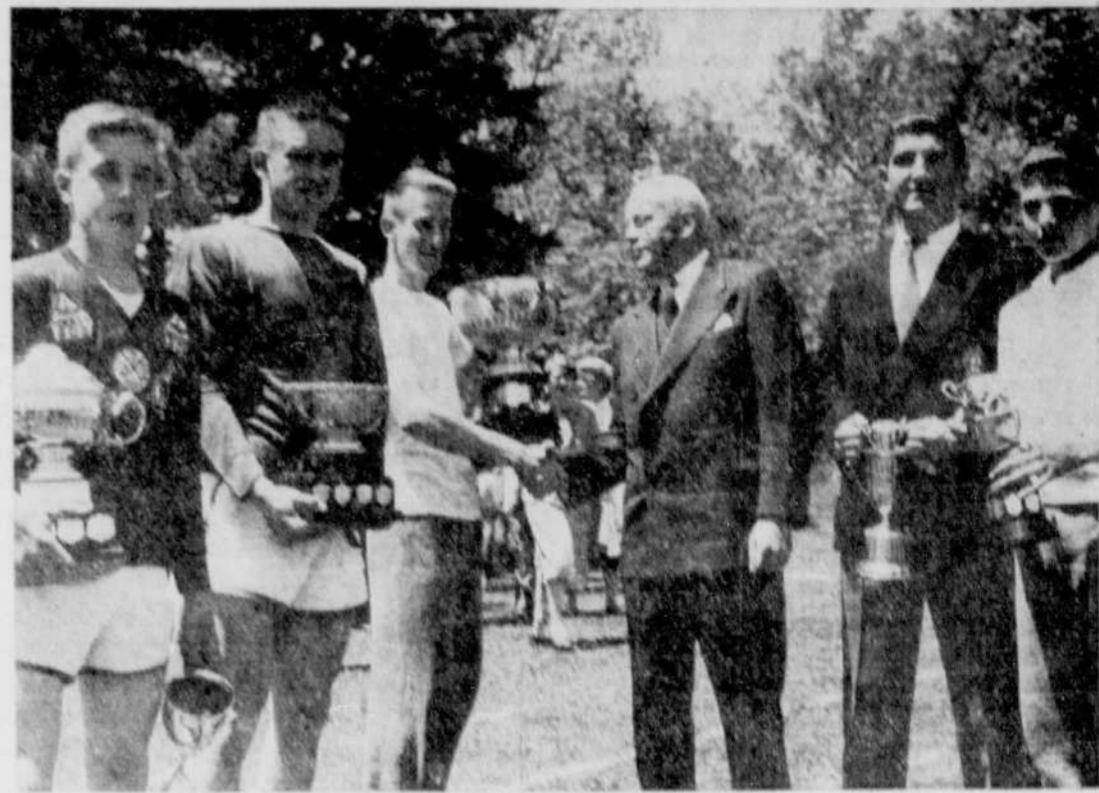

A play put on by King's Hall girls placed second in the Sherbrooke Drama Festival, Miss Gillard said.

Speaking to the students, Miss Gillard said that she had tried hard to instill in them the idea that with privilege comes responsibility.

"You may have thought me old fashioned," she said, "well I am happy that I am. I am perfectly aware that times have changed, but there are some things that are exactly as they were a hundred years ago. One of these is the idea of personal integrity."

This was one of the things that she had tried to impress upon the girls during their time at the school, she said.

Following Miss Gillard's report, prizes were distributed by Jackson Dodds, a member of the Board of governors.

BCS TROPHY WINNERS — Robert Anderson, who was introduced by Headmaster Ogdin Glass, as "An old friend of Bishop's College School", presented sports trophies at the school's track meet Saturday morning. From left are: P. Hutchins, winner of the Sportsmanship trophy (Preparatory School); M. Byers, Rankin Trophy Upper School Track and Field Championship; D. Improved Communications Vital To E.T. Development

ASBESTOS — Yvon Jutra, former Mayor of Victoriaville was elected regional president of the Chamber of Commerce for the Eastern Townships at the regional conference Saturday, held in Asbestos. He succeeds Ajuster Poisson of Asbestos.

Jean Paul Brouillette, of Richmond, was named 1st Vice-President while Roger Chapuis, of Victoriaville, was elected to succeed Robert Belisle of Sherbrooke in the post of Secretary-Treasurer.

Marcel Robidas, provincial director of the Chamber, acted as chairman for the elections.

Guest speaker at the conference was Mayor Horace Boivin of Granby.

Addressing the delegates at a banquet Saturday evening, the Mayor pointed out the importance of developing our system of transport and communication.

"If we wish," he declared, "to have our share of the national market, we will have to have a rapid and efficient means of communication." He went on to recommend that each important community in the district have its own small airport and that their respective communications

plans be worked out together.

These small airports in each community, he continued, would augment the regional economy by making larger cosmopolitan centres easily accessible. He admitted however, that railways and communications by rail were far from obsolete and that the present system would continue to aid in the development of the country.

Mr. Boivin went on to point out that it is all very well to keep trying to bring in new industries and commerce but it is a fruitless task when faced by a lack of the proper communications system.

Discussions of other phases of the school's activities, she said that McGill University had discontinued art examinations. In the future, applicants are to submit 12 sketches to the judges, which was felt a better test of ability and training.

The sports program met with mixed success. Soccer was cancelled because of the influenza epidemic last fall but the skiing was very successful with the girls making several trips to Hillcrest during the season.

Thieves Fail In Third Try At Stratford

STRAFORD—Thieves striking for the third time within three weeks at banks in this small Wolfe County community were scared away from their efforts to rob the local Caisse Populaire late Saturday night. A bystander noticed something unusual around the building turned in an alarm, forcing the would-be robbers to take to their heels.

The local agency of La Banque Provinciale was robbed on May 19 and June 6 by thieves who tied up three persons each time and made away with a total of about \$1,600.

Two boys walking along the shore of Lake Memphremagog Sunday found the bodies of two Worcester, Mass., airmen missing since May 21.

The men, Airman Ralph Rundgren, 21, and Airman Anthony C. Day, 20, disappeared after renting a small plywood boat for a fishing trip. The lake spans the U.S.-Canadian border.

Two boys, Eugene Bernard, 15, of Forest Hills, Mass., and Michael Hammer, 10, spotted the bodies floating close together.

Europe Needs A Stable France

Ever since World War I, France has made a painful habit of postponing, dodging or trying to bury most of its critical problems.

Its national story too often has been a fabric of indecision, with the French seemingly dedicated to the steady objective of not doing things.

Through this agonizing era the world's question has been: How long can a nation thus endure?

Certainly not forever. The crisis which brought Gen. Charles de Gaulle back to power is the evidence of that.

Algeria proved to be one unsolved problem too many. Sickened by the corrosion of French life that followed from that festering difficulty, men in Algiers finally rebelled.

That was the final undoing of the Fourth Republic as we have known it since World War II. The government in Paris was powerless to set down the insurrectionists. That last show of weakness was fatal.

Today France's friends around the globe look hopefully upon the unaccustomed sight of a strong French government under Premier de Gaulle. He has the power and the reluctantly given support, to set his once great country upon a new and higher course.

Free peoples pray that he will succeed in this mission. The highly industrialized, tightly knit complex of Western European countries needs a healthy, stable, prosperous France as an integral part. France is not a big land as nations are measured geographically, but it is basically rich and resourceful.

That such a country could be so badly drained as it has been by its Algerian war indicates how far it has fallen.

De Gaulle has with him the good wishes of many millions as he begins his late-hour effort to rescue France from weakness.

Plane In A Handbag

One is so inured to scientific marvels these days that it takes a good deal to make a fellow open his eyes wide. But the story of the Inflatoplane being developed for the U.S. Army does just that.

The advertisement talks about the Magic Carpet, long a good friend to advertising men. But in this case the simile is not so far-fetched as usual for the Inflatoplane, made of a newly-developed and extremely tough fabric, can, when deflated, be rolled up, engine and propeller on top, and compressed into a bundle a little more than half the height of a man.

The new plane will be suitable for use in tactical liaison work with airborne armies. It can also be dropped to a downed aviator in the sea. He will only have to pull a valve to

cause the plane to inflate and be capable of carrying him into the air again.

If a fabric has already been made so thin and so tough and resistant to wear and to pulls that it can be compressed into such small dimensions, then the day may not be so far away when an even tougher fabric and an even smaller engine will allow of compression, say, within the limits of a suitcase. One hesitates to stretch the forecaster's bow far enough to include a woman's handbag but that will probably come, too.

In that day stores will have to have landing fields and the suburbs will probably be a great deal farther off than they are now. And the traffic problem on good, old solid earth will be considerably relieved.

This And That

There is one way that prices are going down these days and that is deeper into your pockets.

U. S. AND CANADIAN UNIVERSITY AID
(Ottawa Citizen)
"Federal Programs in Higher Education," a study by the trustees of the Carnegie Foundation for the Advancement of Teaching, being circulated in Canadian Citizenship Council, is highly relevant to conditions in this country. In the United States,

as in Canada, the federal government recognizes the national interest in education, the plight of university teachers (whose real income dropped 5 percent between 1940 and 1954, while that of most other workers rose sharply) and the need to accommodate swelling enrolments. But "states' rights," like provincial rights, complicate the provi-

sion of federal tax money for education.

Washington provides huge amounts for military training and for research. Though paying for services is less open to criticism than giving money away, it means that certain activities are overemphasized, perhaps over-financed, from the point of view of the university as a whole. Again, these payments, like scholarships, may not cover all indirect costs to the university, which may be forced to provide hidden subsidies that it cannot afford.

An American federal program that could be paralleled in Canada is that of college housing loans for dormitories and other self-liquidating facilities. But Canada seems well ahead in its provision of general grants for universities, administered now by the National Conference of Canadian Universities, and of construction grants, through the Canada Council. These grants—indirectly giving salary relief and directly helping to provide buildings—are the least troublesome and, with loans and scholarships for students, the most needed form of aid. They can be increased whenever Ottawa sees fit.

BE CAREFUL WITH MEDICINES

(Brandon Daily Sun)
Modern medicines are a tremendous aid in fighting disease—but great care should be taken in administering them, says St. John Ambulance in its home nursing training. Medicines should never be given without a doctor's order and no one should ever prescribe for himself. Medicine which has been ordered for one person should never be used for another unless the doctor particularly orders it, because a medicine which may

First Well In Canada

OIL SPRINGS, Ont. (CP)—About 100 years ago a prosperous businessman from Hamilton sold his carriage factory and railway car works to accept the challenge of the black oil mire of Lambton County.

James Miller Williams, then 39, moved to Black Creek—now Oil Springs—20 miles southeast of Sarnia. He bought 600 acres in what was known as the "west gum beds" of Enniskillen Township and dug the well that some historians regard as the beginning of the oil industry in North America.

United States researchers dispute the claim—their candidate for the honor is Edwin L. Drake, who drilled a successful well at Titusville, Pa., in 1859.

But that won't stop the inhabitants of Lambton County from celebrating this month the centennial of the birth of the oil industry on the continent.

Although records indicate Williams started his well in 1857, the present year was picked for the centennial because it is felt the industry actually got under way in 1858.

To mark the centennial, a \$100,000 Museum of Oil History is to be built near the site of Williams' well. There will be a centennial celebration here June 28 to July 4, and the Canadian government has announced that a stamp will be issued in September to commemorate the 100 years of the industry.

Just when the Lambton County oil boom started has been the subject of much research.

Writing 30 years ago in Canada's Mineral Resources, geologist Elwood S. Moore said oil was first observed by settlers of Enniskillen Township as early as 1850.

By 1851, Charles Nelson Trip of Woodstock was digging in the gum beds where crude oil was collected by seepage. His embryonic asphalt industry soon faltered, however.

"A shallow well was dug at Titusville in 1857," Moore wrote,

be helpful to one person may cause great harm to another.

Ten rules for administering medicine by mouth are given: 1. Never guess what's in an unlabelled bottle—read the label and the directions carefully.

2. Shake the bottle well. 3. Read the directions again. 4. If a glass is used, hold it at eye level and pour the medicine. It may be helpful to place the thumb at the level that the medicine is to reach. When pouring medicine, keep the labelled side of the bottle uppermost so that no fluid will stain the label.

5. Recork the bottle immediately and read the label for the third time. 6. Add a little water to the dose of medicine if so ordered.

7. Watch the patient take the medicine—and see that he takes it all.

8. Give a drink of water after the medicine unless it is a cough mixture. 9. Record the time and dosage of the medicine immediately on a sheet of paper kept for that purpose—never trust your memory.

10. Wash the medicine glass and replace it with the medicine bottle or container.

Medicines which have been kept in the house for any length of time should not be used because many drugs change quality with age. They may lose their strength or become dangerously strong.

"and the same year the first deep well was sunk, two years before the drilling of the first well at Titusville, Pa."

He quoted the federal mines department and other sources as his authority.

Prof. J. J. Talman, head of the department of graduate history at the University of Western Ontario, London, and past president of the Canadian Historical Association, quotes from the Sarnia Observer of Aug. 26, 1858, that oil from Enniskillen had been "barrelled and sent to Hamilton to be prepared there."

Records in the Lambton County registry office show that Williams paid \$2,000 for his 600 acres in 1856. By September, 1859, only 27 days after the Pennsylvania well came in, the Enniskillen industry was mature enough to produce complaints of high prices from customers, Prof. Talman says.

"Williams must be given his rightful place as father of the oil industry," he concluded.

Old pictures of Williams show him as a rugged, faced pioneer with a shaggy beard. When his oil refining business was thriving—incorporated as Canadian Oil Company—he was elected a member of the Upper Canada legislature.

When he arrived at Oil Springs the area was an almost impenetrable hardwood swamp. Roads were hard to maintain, and transportation of the oil to the railway at Wyoming, 16 miles away,

was the young industry's biggest problem.

But it flourished quickly. Dr. Paul H. Giddens, in The Birth of the Oil Industry, says Canada supplied about 15 per cent of the total North American petroleum trade in 1858.

Williams himself was one of four men who laid out the village of Oil Springs. By 1861 it had 1,600 inhabitants and a newspaper, the Oil Springs Chronicle, was started.

At the height of the boom in 1862 about 1,000 wells had been drilled, and the population had grown to 3,000. There were 12 general stores and nine hotels, and a plank road running 1½ miles considered by the inhabitants to be the best in Canada.

The Oil Springs boom faded in 1865 when a better field was discovered eight miles away, near what now is Petrolia. The next year, the first Fenian raid occurred at Fort Erie and many oilmen, fearing a war between the United States and England, returned to their homes in the United States.

Almost overnight, the population of Oil Springs dropped to 300. The Petrolia field and other finds in the area gradually boosted Ontario's petroleum production until the peak year of 1900, when 915,000 barrels were produced.

The industry then went into a gradual decline. In 1927 its production, by one estimate, was less than enough to meet Canada's demand for three days.

But it lasted long enough to provide the impetus that made nearby Sarnia a great oil-refining and chemical centre.

There still are hundreds of wells producing in the area, with a yearly average of about 45 barrels a well.

Oil Industry Celebrates Centennial

Reason for the radical switch in opinion by leading weather men is strong statistical evidence that silver-iodide cloud-seeding experiments increased snow and rainfall in mountainous regions of the western U.S. by about 15 per cent.

In a special report Fortune magazine science editor Francis Bello reveals that at least two major California utilities have been seeding from six to eight seasons to increase winter snowpack behind their hydroelectric power-plants and presumably have realized rain and snowfall increase of 15 per cent. Fortune estimates that only a 10 per cent increase would be worth at least \$1 million a year to Pacific Gas and Electric, which along with Southern California Edison are the two utilities conducting seeding operations.

Because precipitation—or the lack of it—is the aspect of weather that usually causes man the most grief, the chief goal of weather control is "precipitation control." And the great promise of seeding is that it intervenes directly in the precipitation mechanism.

However, many meteorologists now suggest that although there is still a long way to go, seeding experiments have opened the way to greater control, if not suppression, of hail and lightning and there is a chance that some day seeding "might blunt, if not dispel, tornadoes and hurricanes."

The economics implications of such weather control would be incalculable. But before really significant gains can be made in this field, the U.S. will have to increase weather research about ten-fold as recommended by a special Committee of the National Academy of Sciences this past winter.

ELECTRIC TOOTHBRUSH
(Peterborough Examiner)

Millions of North American housewives have cause to be grateful to "Concours Lepine," the annual show of French inventions held at the Porte de Versailles Exhibition Park; it was there that the washing machine was first shown to the public. In fact the French have a distinguished record of inventions, among them the ball-point pen and the variable pitch propeller, both of which were first shown at this Paris show.

This year there are 700 inventions displayed—275 of them are designs to simplify the chipping of potatoes. There is also an electricity driven toothbrush, a spade that enables you to dig without bending, a multiple tool that can be used as an axe, a hoe, a pick, a shovel, a hammer, a wire cutter and a nail claw and also a device which turns car lights on at dusk and off at dawn.

We notice that the Brantford Expositor recently talked of inventions and gave a list of credits to Britain for the last 450 years. Readers will no doubt be surprised that the British invented coke as early as 1590 and the water closet as early as 1596 and no doubt reassured that macadamized roads were the invention of John McAdam in the early 19th century. Sufficient time has surely elapsed since this last invention for news of it to have reached this locality.

LUCK FOUR
Hard Luck Joe had no good reason for his two club bid. His partner had passed and he wasn't going to get anywhere in clubs. Also, he might be warning the opponents away from an impossible no-trump game contract. Joe was punished rather severely for his bid.

West doubled and opened the nine of spades. Dummy played the ten. East won with the jack and led the jack of hearts. West took Joe's king with the ace and cashed the queen of hearts. A second spade lead was won by East's queen and East shifted to the king of diamonds. West allowed it to hold the trick and East continued with the queen. Then East took his ten of hearts.

At this point in the proceedings, Joe had lost seven tricks and was down to his six trumps. Now East led the ace of spades and Joe ruffed with the eight. West overruffed with the nine and led the thirteenth heart. East stuck in his ten of trumps and Joe overruffed with the queen.

West still had to make his jack of trumps so Joe was down 1100. Of course East and West had a game, but they might not even have reached it if Joe had stayed out of the bidding.

SPEEDY BROTHER
(The Printed Word)
One outstanding characteristic of the U.S.A. is speed. No other country in the world's history has developed so quickly as the U.S. in the years after the Civil War. This same country is the one where quick manufacturing processes have taken to high gear, beating everybody else. Then, from the start of the Spanish-American war to the Versailles Treaty, the U.S. rose to the eminence of first world power—another speed record, surpassing Islam and the Khans' hordes of upper Asia.

Canadians are used to these successes and have profited by them, like a less-successful, hard-working fellow whose brother has got up to being a deputy minister. Canadians worry about U.S. speed, because it can work both ways. One example is that, in the forty years since crowds abroad cheered Woodrow Wilson and self-determination for small nations, the U.S. has managed to get itself in the dog-house thither and yon. It took the English much longer.

The other frightening example of speed in reverse is that those same forty years may turn out to have been the greatest period of U.S. predominance in world affairs.

Bury High School Graduation Exercises

BURY — Graduation exercises and prize giving of the Pope Memorial High School were held in the auditorium, which had been artistically decorated in green and white. With impressive ceremony the pupils marched to the places reserved for them, the graduates being seated on the platform.

Graduating were, Beverley Batley, Heather Burwash, Elizabeth Clark, Ken Herring, Gladys Lawrence, Elaine MacLeod, Jimmie MacLeod, Garnet Morrison, Donald Parsons, Donald Parsons, Elizabeth Rudd and Wayne Cook.

The principal, Mrs. Heath, acted as chairman and gave a resume of the year's work in sports and intellectual pursuits and thanked everyone who had made her stay so enjoyable. S. Prangley, chairman of the school board, addressed the gathering, announcing his retirement from the board, also that a substantial sum of money had been received to help defray expenses of the new rooms.

B. N. Holtham, of Sherbrooke, gave the address to the graduates, congratulating them on the splendid environment they had been so fortunate to enjoy. He urged them to learn to speak French, stressing the importance of bilingualism. They should develop their talents, he said, and strive to find the vocation to which they are most suited.

Donald Parsons thanked Mr. Holtham for his inspiring advice. Marion Matheson gave a fine report of the year's activities of the Students Council.

Prizes were awarded to the four upper grade pupils as follows:

Grade 11, presented by W. MacLeod: 1st general proficiency, English and French, Donald Parsons; 2nd general proficiency, Gladys Lawrence, general improvement, Beverley Batley; proficiency in mathematics and science, Elizabeth Rudd.

Grade 10, presented by Garth Harrison: 1st general proficiency, Marion Matheson; 2nd, Bruce Pehlemann; improvement in oral French, Marlene Anderson; English, Edith Baker; maths and science, Bruce Pehlemann; history, Pauline Goodenough; French, Pamela Goodenough; music, Eileen Mayhew.

Grade 9, presented by William

Sharp Reduction In Earnings Of Textile Company

Financial statements of Dominion Textile Company Limited for the year ended March 31, show a pronounced drop in net earnings. The net per common share was 79 cents compared with \$1.18 in the previous year.

Net earnings in relation to sales were again on a marginal basis at 2.24 percent of the value of shipments. "Such a small share of the sales dollar leaves little room for decline in prices or increases in costs without eliminating earnings and forcing losses on operations," says the report which is signed by G. R. Gordon, President.

Net sales of \$96,125,442 were down over \$10,000,000. Common-share dividends were 15 cents per quarter making a total of 60 cents per share the same as in the previous year. This was equal to 3.4 percent of the common shareholders' equity.

Imports continued to flood the market. These were mainly from the United States, with India and Japan taking an important share of the business in some lines. That the company's net was only 2.24 cents of the sales dollar is cited by Mr. Gordon as evidence that the goods are priced competitively.

Substantial capital expenditures were made in the year, chiefly at Valleyfield. The newly built Salaberry mill has been equipped with the most modern machinery available. Working capital is reduced by \$1,712,593, to \$33,781,000, while the ratio of current liabilities to current assets is better than 3 to 1. Inventories are about the same as for the previous period. Plant expenditures were \$8,279,011 and the total under this head has been over \$20,000,000 in three years.

Impending negotiations on labor contracts and the current hearings on tariff schedules are noted by Mr. Gordon.

er, W. Prangley, Mrs. W. Atkins, W. Cook and W. Baker to the following:

The following received letters for their achievements in sports: Senior Boys Hockey: Wayne Martin, Wayne Cook, Ken Herring, Wayne Olson, Garnet Morrison, Darcey Harrison.

Girls Hockey: Diane Dawson, Gloria Barter, Deanna Harrison, Elizabeth Clark, Beverley Batley, Barbara Lister.

Junior Boys Hockey: Jimmie Mayhew, Bruce Batley, Eric Herring, Angus Buchanan, Ashley Fisher, Gordie Parsons.

Boys Track, Highest Points: Reuben Bennett; Girls Track, to be awarded at Junior Graduation. S. Prangley Trophy for Badminton Singles: Boys, Darcey Harrison; girls, Edith Baker.

The graduation exercises followed. Don Parsons read the Last Will and Testament of the class, showing ability and talent, and Ken Herring's view of the doings of the graduates 20 years hence were given in a masterly manner. The valedictory given by Gladys Lawrence showed depth of thought and vision for the future.

Dancing was enjoyed for a while and the serving of refreshments brought the happy evening to a close.

Peron's Ex-Girl Is Married

Inquest Into Bouck Death Opens Today

LA SARRÉ, Que. — Provincial Police scheduled an inquest today at which Dr. Pierre Valcourt was to testify whether John R. Bouck, 26-year-old American student, was killed by his own hand or by another's.

Dr. Valcourt, one of the QPP's top medico-legal experts on duty, conducted an autopsy Sunday on Bouck, whose decomposed body was found in the bush near here eight weeks after he disappeared April 19 from his graduate engineering studies at Massachusetts Institute of Technology, Cambridge, Mass.

A 50-man search party, led by his father, George, and brother, Ben, found the body about a mile inside the bush with a bullet hole in the head and a 22-calibre rifle lying nearby.

NO FOUL PLAY
Detective Marc Baribeau of the Provincial Police said investigators were satisfied there was no foul play but the autopsy was ordered "to satisfy the family."

A local farmer reported he saw John park his convertible April 21 on a lonely road near this Northwestern Quebec village, 165 miles south of James Bay, and wander into the bush.

His family learned of the report June 3 and the father and brother came from their home at Massapequa, N.Y., to organize a search.

There were reports that John had been worried about his studies at MIT.

UK Subway Men Strike In Sympathy

LONDON (AP) — The five-week bus strike, accepted by Londoners as little more than an unpleasant inconvenience, took on a grim feeling today. A sympathy walkout by some subway workers jammed the morning rush hour.

Only 79 of the 1,000 motormen and conductors scheduled to handle the rush hour subway trains failed to report to work. But it was enough to cause the cancellation of 40 of the 500 rush-hour trains, operated by the government.

The sympathy walkout had been called by a rank-and-file section of subway workers over the objections of union leaders. They said they would walk out every Monday until the bus strike is settled.

WILL HOLD INQUEST
Dr. Smirle Lawson, supervising coroner for Ontario, said he will confer with Attorney-General Roberts of Ontario today to set the date of an inquest.

Dr. Lawson said the accident was caused by "too many men in a small boat."

The craft is believed to have turned over either late Saturday night or early Sunday in the southeast corner of the lake, 40 miles north of Toronto. The men set out from Orillia on a routine trip to an Indian reservation on the island to investigate possible liquor infractions at a wedding.

BOW ABOVE WATER
They travelled in a 14-foot RCMP-owned boat, powered by a 30-horsepower motor and equipped with searchlights and life jackets. When the boat was discovered only the bow was above water. The front spotlight was still on and two life jackets floated nearby.

Smart's body is the only one recovered so far.

High winds and waves were blamed for the accident.

Cpl. Smart, 33, a 15-year veteran of the force, was born in Fergus, Ont., and transferred to Toronto from Guysborough, N.S., last summer.

Too Confident

DENVER (AP) — "Why don't you ever use a safety belt?" the elevator operator asked Lawrence R. Thomas Sunday as she took the window washer to the fourth floor of a downtown office building. "I don't need one," he replied. A few minutes later, Thomas plunged to his death when a ledge crumbled under his feet.

Miss Jo-Ann Boisclair, of Coaticook, was a week-end visitor of Mr. and Mrs. C. W. May.

Master Mead Baldwin, son of Mr. and Mrs. E. Baldwin, met with a painful accident when he fell in the barn and cut his chin badly. However, he is much better now.

Quite a number from here have been ill with the gripe including Mr. and Mrs. E. M. Baldwin and family, Mr. Roy Markwell, Mrs. Wilbur May, Mr. and Mrs. C. W. May, Miss Joan White and Master Gregory May.

Mr. and Mrs. Angus Patterson and family were guests of Mrs. Patterson's parents, Mr. and Mrs. Lloyd Lyon, in Holland, Vt.

Miss J. White, of Rock Island, was visiting her grandparents, Mr. and Mrs. Joseph White, recently.

Mr. Michael Sawchuck, of Toronto, Mr. J. Kowalsky, of Montreal, and Mr. H. Way, of Lennoxville, have been here on business connected with the Lyster Lake Tungsten Co.

BISHOPTON

The Christmas Club was entertained by Mrs. Colin Pashley when a most enjoyable evening was spent playing Canasta. Mrs. Ted Ainsworth winning first prize and Mrs. Lyle Herring second. Lunch was served by the hostess, assisted by Mrs. Norman Skillen. The next meeting will be held at the home of Mrs. C. Rolfe on June 10.

Mr. and Mrs. Jack MacKenzie and Betty Lou, of Abbotsford, spent the week-end with Mr. and Mrs. Roy F. Harrison.

Mr. and Mrs. Irving Willard were guests for a week of Mr. and Mrs. Herman Parsons in Alexandria, Ont.

Mr. George Pangbourne, of Montreal, spent the week-end at the home of Mrs. Raymond Bishop and also called on other old friends in town.

Mrs. Lloyd Harrison has been spending some time with her sister, Miss A. Haddon, in Sherbrooke, called there by the illness and death of their mother, Mrs. Adelaide Haddon.

TELLING CHILD'S PRETENDED ILLS FROM REAL IS PROBLEM

When I was a boy my parents sometimes made me do things which I did not want to do. On one occasion they sent me to dancing school.

I didn't like it the first time. When the time to go again came around I said I had a "headache" and couldn't go. This did not fool my parents for long and back I went. Later I was glad that I had been forced into it.

No doubt every parent at one time or another has to decide whether some "symptom" of their child is the result of real illness or just "put on" as an excuse. Recollections of their own youth will often help them!

Sometimes it takes a good deal of ingenuity and patience, not only to find out what is really causing a youngster to complain, but also what to do about it.

Children will pretend to notice a sniffle coming on, complain of a stomach ache, or develop some other symptom when faced with something they want to avoid.

Parents should be careful under such circumstances not to overlook the possibility that the youngster does really have a cold, appendicitis, or some physical cause which happens to develop at the

It is possible also that a complaint is real enough even though it is the result of an emotional disturbance or resentment rather than a bodily disease.

It is not unusual for a child to vomit on school days and be perfectly well on Saturdays and Sundays. When this occurs regularly, dislike of something about school is a clear possibility.

The problem is to find out what it is and to try to remedy the situation. The child may not tell, but a conference with the teacher may reveal the trouble.

Peculiar symptoms in children are sometimes the result of imitation. There is the story of a six-year-old girl in apparently good health who vomited every morning. Attempts to find the cause failed until it was discovered that the mother was pregnant and had been vomiting in the morning!

other imitative reactions. These are involuntary movements, usually around the neck and face, and include such things as blinking the eyelids, twitching the mouth, or jerking the head or shoulders. They often begin in imitation of someone else, but practically always in nervous or unstable children.

Emotionally produced disorders of children which are not the result of a recognizable disease are among the most difficult problems with which parents may be faced. They often have complex and concealed origins and cannot be solved overnight.

Advice To Career Gals Keep It A Man's World; Watch For Opportunity

By DOROTHY ROE
NEW YORK (AP) — The sky's the limit for girls seeking careers in television—or any other business—if they observe two cardinal rules:

1. Never let men feel you are competing with them.
2. Always make the boss look good.

The authority for this advice is a blonde dynamo named Rose Tobias, who holds down one of the most important jobs in television. As casting director for one of New York's biggest producing firms, she chooses the casts for major TV and Broadway shows and the movies.

"It's a man's world—and thank goodness it is!" says the glamorous Rose. "But there's plenty of opportunity in it for women, too, if they don't go around making noises like feminists and carrying a constant chip on the shoulder."

"I never try to make a man think I'm smarter than he is, and I always believe in making the men I work with look good."

START AS SECRETARY
In the Talent Associates firm of which Rose is an executive there are 16 girls and seven men. Currently Rose is working on the TV production of Member of the Wedding.

To the thousands of college girls who will start out this month, diplomas in hand, looking for jobs in television, Rose has some more specific advice:

MANNERS MAKE FRIENDS

If you accept a blind date you shouldn't show any disappointment of the date doesn't come up to your expectations. You need never accept another date with the person.

For the one evening, be pleasant and try to make the best of a poor situation.

"The way to get your toe in the door is to start as a secretary," says she. "That's the easiest and quickest way for a girl to start a career in any field. Every business always needs competent secretaries. And once you're on the inside, you can pick up knowledge fast."

"I think in my business the bosses would rather give a break to a bright girl already working in the organization than hire somebody cold from outside."

"So whatever kind of career you have your eye on, you'll find it easier if you start out with your stenographer's notebook in hand, do the best job you can on the old typewriter, and watch your chance to get the specialized kind of work you want."

Personals

Mr. and Mrs. Grover Duff, of Tucson, Arizona, who have been visiting friends in Lennoxville, Inverness, Portneuf and Quebec, sailed for France on Saturday, aboard the Arkadia.

Friends of Mrs. Pearl Mersereau will be sorry to hear that she is a patient in the Sherbrooke Hospital where she underwent surgery last week.

Mrs. Arthur Moore, London St., left Montreal on the Empress of Britain, to spend several weeks visiting friends and relatives in England.

The friends of Mr. Fred Holtham, of Waterville, will regret to learn that he is a patient in the Sherbrooke Hospital.

Mrs. R. L. Bishop and her daughter, Joyce, entertained at their home on Quebec St., at a kitchen shower in honor of Mrs. Al Farmer, the former Patricia Young.

Spring flowers were used throughout the rooms where a number of Mrs. Farmer's friends awaited her arrival.

Highlighting the evening was the presentation of a basket covered with a pink and green decorated umbrella, and filled with gaily wrapped packages for the guest of honor. After the gifts had been admired, Mrs. Farmer graciously expressed her thanks for the lovely party and the many useful articles for her kitchen.

The tea table, attractively arranged with mauve and white lilies and forget-me-nots, and white tapers in silver holders, was presided over by Mrs. G. M. Young, mother of the guest of honor.

The hostesses were assisted in serving refreshments by Mrs. Murray Campbell and the Misses Helen French, Pat Wyde, Susan Farmer and Donna McPherson.

The marriage has been arranged to take place on June 21, in the chapel of Nellis Air Force Base, Las Vegas, Nev. Miss MacLeod is a graduate of the Sherbrooke Hospital School of Nursing.

Gay New "Under The Sun" Styles Shown In Paris Collections

By PEGGY MASSIN
PARIS (Reuters)—"Everything under the sun" is new and gay in the Paris beachwear and resort collections.

Shapes are abstract and easy exuberant colors run the gamut of every intense range, while fanciful ideas and accessories will be the passport for summer.

Jacques Heim, newly elected president of the Paris Syndicate of Couture Designers, shows one of the most amusing summer collections of holiday clothes. There are short play dresses and pinafores in transparent "camisette" effects, derived from a trapeze inspired silhouette, and worn over matching one-piece bathing suits.

"Pop-overs" cut like the Hawaiian coverall dress, or cotton printed smock, are sheared off at mid-thigh length, faced under the hem with flounced polka dot ruffles. Other casual slip-ons for beachwear at Heim are sharply stylized, with billowing rounded backs, drawn into a tight bobble hemband binding the legs above the knees.

One-piece play suits or long-legged overalls also feature surprise back treatments with blousing or mock two-piece effects.

Inspiration at other houses is varied, but the homogeneous note is the eye-catching carnival look of costumes, paired with bright colors.

Maggy Rouff sends her bathing belles down to the water's edge in high-waisted baby doll silhouettes, with the voluminous skirt divided low and gathered in around each knee like Zouave

trousers.

Jacques Griffe's most outstanding model is a black and white polka dot leotard worn under a full cut baby doll coat in turquoise corduroy.

TWO-FOOT COLLAR
Madame Mad, designing for Jean Patou, features a harlequin beachcoat in brown linen, with its giant, two-foot-wide collar made of tiers of "hot orange" petals, matching the scarf knotted around the cone-shaped astronomer's hat in shiny black straw.

Madeleine de Rauch, a sportswear specialist, adapts a school-boy look in knee-length golf knickers and middie blouse with long necktie of matching fabric. It is innocent and pretty in pale grey and white-striped mattress ticking, worn with Gilbert Orcel's cartwheel-shaped boater of bright yellow paillasson.

Henry la Pensee shows a smart selection of mated separates for beach and resort wear, with three- and four-piece ensembles to mix and match at will. There are brightly-printed chemise shirts, paired with brief shorts and sun tops.

Chinese blue and white totem pole pole stripes are used for a dress with sailor collar in heavy poplin, with matching two-piece bathing suit and tall, skinny, plastic-lined beach bag. One-piece bathing suits stress the trend towards shoulder coverage, with rounded camisole necklines and brief sleeves, combined in bright shades, with short, belted tunics of terry cloth toweling.

KING GEORGE V CHAPTER I.O.D.E.

The regular monthly meeting of the King George V Chapter, I.O.D.E. was held at the I.O.D.E. house, with the regent, Miss Sylvia Riley presiding.

The treasurer, Mrs. A. Burgess gave her report that the chicken salad supper, held by the Chapter in May, had been a success.

The regent thanked the members who assisted on the I.O.D.E. tag days, and requested that all members bring in the money collected in their sunshine bottles.

Funds raised in the above-mentioned projects will aid the Chapter greatly in supplying milk for a needy family, donating to the I.O.D.E. teaching, nursing & educational Bursaries and other welfare work.

Mrs. S. MacLean reminded the members that cancer dressings will be made by members of the Chapter the first Wednesday of each month, and requested their assistance.

Miss Riley advised that pocket books have been requested for troops in Germany. Following this she read an "Alert" bulletin which she received from Miss Lamb, who gave a lecture recently in this city.

Refreshments were served by Mrs. Girling.

PHILATHEA GROUP

The Philathea Group of the Lennoxville United Church held an advanced meeting in Douglas Hall with Mrs. H. L. Wallace presiding and opening the meeting with prayer.

Delegates were named to attend the annual W.A. Presbytery meeting in Waterville on June 10. Final plans were made for the annual salad bar tea and sale of fancy work, aprons, children's items, cards, plants, etc., to be held in the Scott Hall on June 11 and also to cater for a Presbyterial dinner on Aug. 5.

Mrs. Foster Ross was named to act on a committee to plan for the pre-Christmas bazaar on Nov. 26-27. The date of the next regular Federation meeting was announced for Sept. 23.

Refreshments were served at the close of the meeting by Mrs. S. McLean, Mrs. R. Havard and Mrs. R. B. DeBlois with Mrs. T. F. L. Cohoon pouring at the lace covered table centered with varicolored tulips in a pottery vase.

HUNTINGVILLE W.C.T.U.

Members of the Huntingville W.C.T.U. were entertained by Mrs. E. J. Harrison and Mrs. E. McLeod at their home in Huntingville. The devotional period was led by Mrs. W. A. Henderson, with Mrs. M. C. Sewell at the piano.

Two new members were welcomed into the group.

Mrs. A. Fairbrother reported on the work of the Little White Ribboners and also read several thank you notes.

Mrs. F. Ingham, in her report of the Provincial Convention held in Sherbrooke, made special comment on the Youth Night.

Mrs. W. A. Henderson, in the absence of the treasurer, gave the financial report which included the report on the luncheon served at the convention.

Business included plans for the strawberry supper to be held on June 24, at which time there will be a sales table. It was also decided to present two county life memberships and gifts to two local brides.

Meetings will be resumed in September at the home of Mrs. A. Fairbrother, Huntingville.

Following the Mizpah benediction, refreshments were served by the hostesses.

Proud Day In Home - She Made It

EDITOR'S NOTE: Most busy housewives would like to follow in the footsteps of the First Lady of the United States and tie themselves to a special retreat to catch up on their health and beauty. Not many can—but every woman can be a First Lady in her own home. NEA Service Beauty Editor Alicia Hart shows you how in this special seven-part series, of which this is the last.

Time was when washable dresses meant cotton house dresses. Fortunately for us, that's no longer true. Washable fashions are no longer merely utilitarian. They've burst into full bloom for smart summer, fall and even winter styles.

With new miracle fabrics, designers are offering us beautiful styles which are easy to care for. Take full advantage of these wash and wear fashions, by reading the washing instructions before buying. Learn whether they can be machine washed or if you must wash them by hand.

Be sure that the fabric and stitching tread are colorfast and preshrunk. Check to see that buckles, bows and buttons are washable and that crisp light collars and cuffs are detachable for convenient laundering.

Remember that cottons take joyously to the washing machine. Drip-dry fabrics must be laundered by hand, in lukewarm suds, but they have the advantage of needing little or no pressing. Just hang them on padded hangers, straighten seams, trim-

mings or pleats while damp, and you'll probably not need to use your iron at all.

Rayons and acetates should be rolled into a towel while wet—not hung up before ironing. They should be pressed with a cool iron while damp and placed on a hanger to finish drying.

It's wonderful to live in a world where the most filmy fabrics can be kept fresh and pretty with a minimum of effort and at practically no cost.

Cleanliness is the basic FIRST in the pursuits of beauty. If you and your clothing are fragrant, fresh and clean, you're well on the way toward an attractive appearance.

Take the necessary time to care for your face, figure and wardrobe. It won't take a big chunk out of your budget to make you pretty. All you'll have to spend will be time and effort.

And you'll reap real dividends in happiness when you've become the lovely First Lady of your home.

Ruth Millett Family Vacation Home Just Means Mama Toils as Usual

A second home may become as common as a second car within the next decade, say building experts.

If so, Mama ought to have her head examined. When the family got a second car, Mama at least got some freedom along with the job of family chauffeur.

But when a family gets a second home, however wonderful it may be for Pop and the kids, for Mom it is a second household to run.

She has two places to keep clean, two places to keep provided with food and other household necessities, two places that require such feminine touches as clean curtains, clean windows, clean closets and so on.

So the history of most weekend cabins is that, while Papa and the kids are out catching fish for Mama to fry, Mama is stuck in the cabin, doing housework as usual.

And there's another little handicap to the summer cottage, so far as Mama is concerned. City friends who don't have one of their own find it an ideal place for spending a weekend or just to happen by at mealtime.

So Mama doesn't even get away from entertaining, while the rest of the family are taking it easy.

Unless she's lucky, vacation trips are out, too. "After all," Papa reasons, "now we've got the summer cottage there's no need going to a resort for two weeks. We'll just go to the cottage."

And if Mama protests that she wants to go where there are people first to tell her.

Beauty Tips

Pluck eyebrows only to acquire a neater line by removing stray hairs from under the brows and across the bridge of the nose. Avoid the rapid, blank look that comes from plucking eyebrows too severely.

One of the biggest criticisms of girls by teen-age boys is messy hair. A simple hair style is most attractive. If clean and well brushed, hair can hardly be offensive. However, a young girl should avoid trying to look older by means of an extreme coiffure. It only makes her look ridiculous, and a young man may be the first to tell her.

Casserole Treat

CHICKEN AND ASPARAGUS AU GRATIN CASSEROLE

Chicken and Asparagus Au Gratin Casserole is a year round favorite. But it's especially good when fresh asparagus is available. Crunchy buttered bread cubes mixed with grated Canadian cheddar cheese, spread over the bottom of the casserole and in border pattern on top, make it good-to-look-at and good-to-eat!

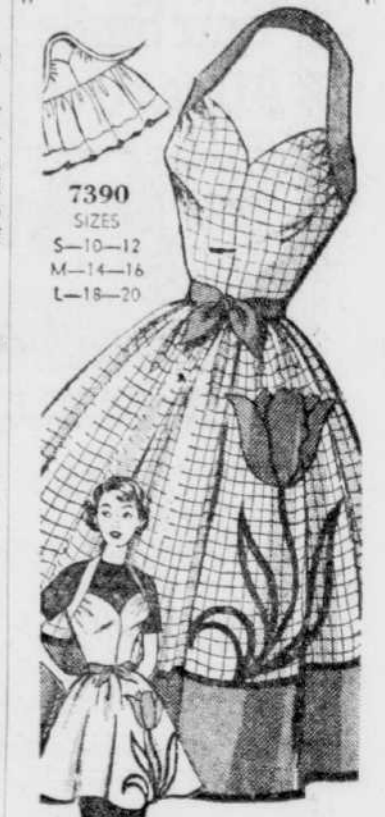

Casseroles make meal preparation easy too, especially when the vegetable and meat are combined in one dish. Just add a fruit salad as we've shown and with very easy fixin's you have a taste-tempting meal. In this Dairy Month of June . . . when dairy foods are in peak production . . . you'll want to include them often and here we've used milk, cheddar cheese and butter, along with another June feature, asparagus.

CHICKEN AND ASPARAGUS AU GRATIN CASSEROLE

(Makes 6 Servings)
4 cups soft bread cubes; 1 cup grated Canadian cheddar cheese; 1/2 cup melted butter; 2 cups cooked asparagus; 1/2 cup all-purpose flour; 2 teaspoons salt; 1/4 teaspoon pepper; 2 cups milk; 2 cups diced cooked chicken.

Mix bread cubes with cheddar cheese and 1/4 cup of the melted butter. Line a 2 quart size casserole with half the cubes. Arrange asparagus tips on cubes. Blend flour, salt and pepper with remaining 1/4 cup butter, then add milk and cook, stirring until thick and smooth. Add chicken and pour over asparagus. Sprinkle top border with remaining bread cubes. Bake in a moderate oven (350° F.) for 30 minutes or until bread cubes are golden brown and casserole is bubbly.

Nursing Shortage Really Acute In Some Countries

VICTORIA (CP) — In some countries there is only one nurse to 18,000 people, a nurses' convention here was told by Miss Lyle Creelman, nursing division chief of the World Health Organization of the United Nations.

Miss Creelman, who recently returned from a tour of health organizations and hospitals in Africa, said she had found the great challenge to nursing today is to use auxiliary services such as nurses' aides and to improve relations with patients.

There are still many countries which lack any public health program.

"We haven't yet quite got it across to the public that nursing means more than curative care in hospitals — that it embraces public health services," she said.

"Shortage of nurses and hospital is relative. In Canada there is one nurse to 196 people. In a more unfortunate country there is one to 18,000."

"I visited maternally wards where fathers were welcomed to the labor room, and where the mother is given her baby as soon as it is born. This is a good thing."

Homemaking

When shopping for broccoli, look for stalks with tightly closed, dark green buds. A healthy head of cauliflower should be firm and heavy. The flowerets should be clean, compact, white or creamy and the jacket of leaves bright green and fresh looking.

If housework is getting you down, try a new system of approach. Perhaps your work is not in the right sequence and you waste energy running back and forth. Or you work with bothersome equipment or around poorly arranged furniture that must be moved for cleaning.

PRESIDENT'S WIFE

Mariha Washington was the widow of a wealthy planter with two living children when she married George Washington in 1759.

Beebe Couple Feted By Friends On Anniversary

GRANITEVILLE — Mr. and Mrs. Reginald Eryou were feted on Friday evening, May 23, at a surprise party planned by friends on the occasion of their 25th wedding anniversary.

Friends and relatives gathered at their home, taking them completely by surprise. A social evening was spent playing cards and music was enjoyed. Mr. and Mrs. Eryou were presented with a silver service from their sons, Richard and Kevin, and a purse of money from the friends. They also received a beautiful bouquet of roses from Miss Velma Stevenson and Mrs. Hazel Stevenson.

The presentations were made by Sam Denney and both Mr. and Mrs. Eryou graciously responded.

Refreshments were served by Mrs. Jess Galazzo, Mrs. Leslie Bullock and Miss Velma Stevenson.

Games were played and Mrs. Ted Tetreault won the prize for the "Pin the Tail on the Donkey" game and Mrs. B. Bkerje received the prize for the card game. Refreshments were served by the hostess assisted by Mrs. Elmore Moss. The

At Cookshire High School Graduation Dance

The colorful dresses of the young ladies vied with the multi-coloured spring flowers which were used to decorate the auditorium of the Cookshire High School for the annual graduation dance, held under the supervision of Grade X.

The white back drop of the stage was effectively decorated with the names of the graduates in blue luminous paper. The young lady graduates were presented with red rose corsages, and the young gentlemen with white carnation boutonnières. The receiving line included B. Sandford, principal of Cookshire High School; Mrs. Heath, principal of Bury High School; C. P. Morse, secretary of the Central School Board, and Mrs. Morse; D. J. Macmillan, chairman of the Cookshire School Board, and Mrs. Macmillan. Irving Richards and his orchestra supplied music for the dancing. Pictured above are the graduates, from the left: Seated, Joan Laberee, Charlotte Cork, Joan Cook, Lorraine Kelso, Meryle Labonte; Standing: Ann Damon, Malcolm Fraser, David Cillis, Bruce Learned, Ferne Herring.

guests of honor, Mrs. Alden Peacock and Mrs. Jess Galazzo, were each presented a gift from the club members and a lovely cake, made and decorated by the hostess, was served.

The Friendly Fourteen club met at the home of Mrs. Arthur Henderson, with Miss Elsie Henderson as co-hostess. An interesting quiz game was played and the prize was awarded to Mrs. Clifford Rediker. The guessing game was won by Mrs. Arthur Slade. The birthday anniversary of Mrs. Clifford Rediker was celebrated and she was presented with a gift from her friends.

Mrs. James Wilson was pleasantly surprised recently when her neighbors called to arrange a tea party on the occasion of her birthday. Following a social hour refreshments were served by Mrs. Alfred Little, Mrs. Ramsey Williams and Mrs. Ted Tetreault.

Mrs. Charles Cowan and daughter Kimie, of Milwaukee, Wis., are spending the summer months with the former's sister, Mrs. Reginald Rediker, Mr. Rediker and family. Mr. Cowan will arrive later for a three weeks vacation. Mr. and Mrs. Frank Rittsig, of West Wellington, Conn., were weekend guests at the same home.

Ossie Virgil First Negro On Detroit Roster

DETROIT (AP) — Detroit Tigers Thursday promoted their first Negro player to their major league roster.

In a four-player switch the Tigers brought up third baseman Ossie Virgil from their Charleston, W.Va., farm in the American Association. Virgil, a Negro, has had previous major league experience with New York Giants.

The Tigers also promoted Herb Moford, a 29-year-old righthander with a 6-0 record at Charleston.

In return the Tigers farmed out pitcher Bob Shaw, 1-2 with the Tigers, and infielder Lou Skizas, obtained during the winter from Kansas City.

The Tigers have had numerous Negro players in their farm system but have remained with Boston the only two American League teams never to field a Negro.

Sherbrooke, Que.—Burke Emery, 162½, Sherbrooke, outpointed Jimmy Skinner, 161½, New York, 10.

Royals' Lead Reduced To Half A Game, Lennon Gets Five-For-Seven; Red Wings And Miami Split Double

Toronto Maple Leafs tried to give away runs instead of preventing them in an International League game Sunday.

This occurred in the second game of a doubleheader with Columbus Jets. Leafs shut out the Jets 5-0 in the opener.

With a curfew time of 7 p.m. in sight and the Jets in front 5-0 in the fourth, the Maple Leafs let everything hit on the ground trickle through for hits. They had hopes of stalling long enough for the curfew to arrive before the last of the fifth.

UMPIRE THREATENS

When Mike Goliat fumbled, then kicked Spook Jacobs' grounder in the fourth, umpire Augie Guglielmo threatened to forfeit the game to the Jets. The game continued and the Jets led 8-0 when the game was called after six innings. It will be completed at a later date.

Miami Marlins and Rochester Red Wings swapped shutouts. The Marlins won 2-0 in the opener and the Red Wings the nightcap 1-0. Montreal Royals split a pair with Richmond Virginians, winning 4-3 in 10 innings and then losing 3-1. Buffalo Bisons edged Havana Sugar Kings 4-3 in a game cut short by rain.

In Saturday's action, Columbus beat Toronto 8-5, Rochester lost to Miami 8-1, Montreal lost to Richmond 5-1 and Havana took a doubleheader from Buffalo 3-0 and 2-1.

BUNKER WINS

Sunday Dick Bunker limited the Red Wings to two hits in blanking them in the nine-inning opener. In the second game Red Wing hurler Lynn Lovenguth also pitched a two hitter.

Clyde Parris of the Royals singled home the winning run in the tenth inning of the opener with two out. The second game loss by the Royals made nine out of 12 games they have dropped as their lead was chopped to half a game. Bob Lennon, the league's leading hitter at .351 got five hits in seven at bats for Montreal.

Ray Noble's two run homer for Buffalo in the seventh for the victory came off loser Vincent Amor. This was the Bisons' only victory in the four game series held at Moron, Cuba to dedicate a new stadium. With the Bisons at bat in the eighth inning, the game was halted by rain. The second game was postponed.

No games are scheduled today.

Vick, Cleroux Draw In Semi-Final; Cote TKO's Ford For Pro Debut While Rivera Decisions Sarrasin In Prelims

By NICK POWELL

Burke Emery, Sherbrooke light-heavyweight, last night made up a convincing and unanimous decision over Jimmy Skinner of New York City, in a bruising 10-round main event at the Sherbrooke Arena, before an estimated 1,400 fans.

Utilizing a sharp left jab and a series of short countering rights to the jaw, Emery battled the windmilling New Yorker to a standstill in one of the best fights seen recently in Sherbrooke. Emery weighed in at 166½ while Skinner tipped the scales at 162¾.

In the six-round semi-final, heavyweights Johnny Vick and Cleroux fought to a draw.

Vick of New York who gave away more than 15 pounds to the Montreal fighter, found himself having difficulties being pushed around the ring during the middle rounds. Cleroux weighed in at 200 pounds.

In the two six-round preliminaries Yvan Cote, 147 pounds, of Montreal decked Rocky Ford, 148 pounds, of Sherbrooke, three times in the fourth round for a TKO, while Yucatan Rivera, 145-pound Mexican, won a unanimous decision over Clement Sarrasin of Montreal. Sarrasin weighed 139½. It was only the second professional fight for both boys.

Emery was never in any trouble during the main event encounter though he did manage to shake up Skinner two or three times between the fifth and eighth rounds. He kept the New York boxer at long range for most of the time with a head-slapping left jab and when he closed in, with a short right uppercut.

Skinner has a most bewildering style and tended to swing wild roundhouse rights from the heels which generally resulted in smacking Emery across the back of the neck. However, the local boy did not appear to be seriously affected by the wild shots, although they threatened at times to decapitate him.

After a comparatively slow start, the battle shaped up into something of a brawl during the middle rounds and once, as Skinner threw a wild punch, a short right from Emery stopped him short and left him a little groggy for a moment. However, Emery failed to capitalize on his advantage and Skinner finished the fight still swinging, but considerably more weary.

After a wild fifth round in which both fighters suffered a little damage, Skinner turned to Emery's ribs and in the seventh had to be warned by referee Young Lebrun to keep his punches up.

During the last three rounds, Skinner slowed his dancing step considerably and Emery used his two inch reach advantage to keep his opponent off stride.

The ninth round was probably the best of the night, with both fighters slugging it out in mid-ring.

Judges P. Leveille, G. Sylvestre and M. Cloutier scored the fight 17-44, 48-46 and 50-43, all for Emery.

The semi-final bout which resulted in a draw proved comparatively unpopular to the fans attending. Robert Cleroux hard-hitting Montreal heavyweight failed to take the measure of Johnny Vick, 184½ pound New Yorker, in spite of the fact that he spent most of the first four rounds pushing his lighter rival about the ring.

Vick showed surprising speed for a heavyweight and kept Cleroux off stride much of the time with his feints and dodges. Twice Cleroux was warned for wrestling Vick about the ring, an action which drew loud protest from the crowd.

Two or three times during the fifth and sixth rounds, Vick landed telling punches on the tugging Montrealer, a brawling clubbing fighter, and another round would have made all the difference in the outcome.

Jovial Joe Carr Of Ireland Wins British Amateur Championship By Downning England's Thirlwell 3-And-2

ST. ANDREWS, Scotland (CP) —Jovial Joe Carr of Ireland, stroking calmly and often brilliantly, won the British amateur golf championship Saturday by defeating Alan Thirlwell of England 3 and 2.

Carr, a Dublin haberdasher who practised putts every morning before breakfast for the last year, dropped a 75-foot green shot on the 30th hole to put the match on ice.

The win was the second for Carr, 36. He copied the title in 1953, and has played on six British Isles Walker Cup teams.

Going into the afternoon round 1-up, Carr never lost the lead. He built it to a 3-up advantage, then watched Thirlwell, a 29-year-old Newcastle radio man, whittle it down to 1-up.

But he proved himself immune to pressure, and when on the 360-yard 30th he drove the football-sized green, Carr smoothly dropped his ball in the hole 75 feet away for an eagle on the par-four hole.

CROWD STUNNED

Thirlwell and the small gallery gasped, and Carr got a small round of applause. Crowds have been scanty for much of the play all week.

Thirlwell lost on his putting. He missed a two-footer, an eight-footer, and a three-footer and three others just over the eight-foot mark.

Carr, meanwhile, sharpened his eye and hand as the match progressed over the Old Course, as began chipping dead to the pin, getting every bit of mileage out of his ancient and rusty putter despite stiff winds off the North Sea.

Carr has modified his game in the last year, remodelling his swing and stance in the American manner.

Tournament officials conceded the absence of an American in the final harmed attendance. Only 820 persons bought tickets for the final.

The fourth season of Little League Baseball in Sherbrooke was officially opened Saturday afternoon at the Parade Grounds with colourful ceremonies preceding the opening.

A gigantic parade formed up at Lansdowne Market to start off the afternoon pre-game proceedings headed by a police escort and the R.C.E.M.E. Pipe Band, under the direction of Pipe-Major Andy Forret, a fire-truck, the Peanut Day Float and many convertibles. The parade wended its way along King St. W., Wellington North, Frontenac, Dufferin, Montreal, Queen and Moore Streets to the playing field.

Players, league executive and the visiting dignitaries lined up on the playing field for the flag raising ceremony. President 'Moon' Mullins and the smallest player in the league took part in this event. Lorne "Gump" Worsley, starry goalkeeper of the New York Rangers of the National Hockey League, who was the guest of honour for the day along with Mayor Nadeau and Cecil Dougherty of Lennoxville formed the battery for the opening. Getting hold of "Gump's" second pitch His Worship lashed a clean single into centerfield.

Attending the opening ceremonies were many well known business and sporting personalities of the City and surrounding districts. His Worship Mayor Nadeau of Sherbrooke, C. Dougherty representing Mayor E. Gilbey of Lennoxville, Hon. Johnny Bourque, M.P., Maurice Allard, M.P., Ivan Saunders, vice-president Sherbrooke Daily Record, A. Matte, J. Kenalty and Bill Smith, secretary-treasurer Art Lockley, Umpire-in-Chief Bill Webb, Directors, E. H. Wilson, Ted Anderson and league patron C. A. Connors.

Senators had no trouble with the Red Sox in the official opening game romping home to a 21 to 2 victory. Young Gilles Boisse held the Sox to two scattered hits for his win.

The Senators got away to a three run lead in the first inning, added 13 in the third and closed with six more in the last two innings. Red Sox got singletons in the third and sixth stanzas.

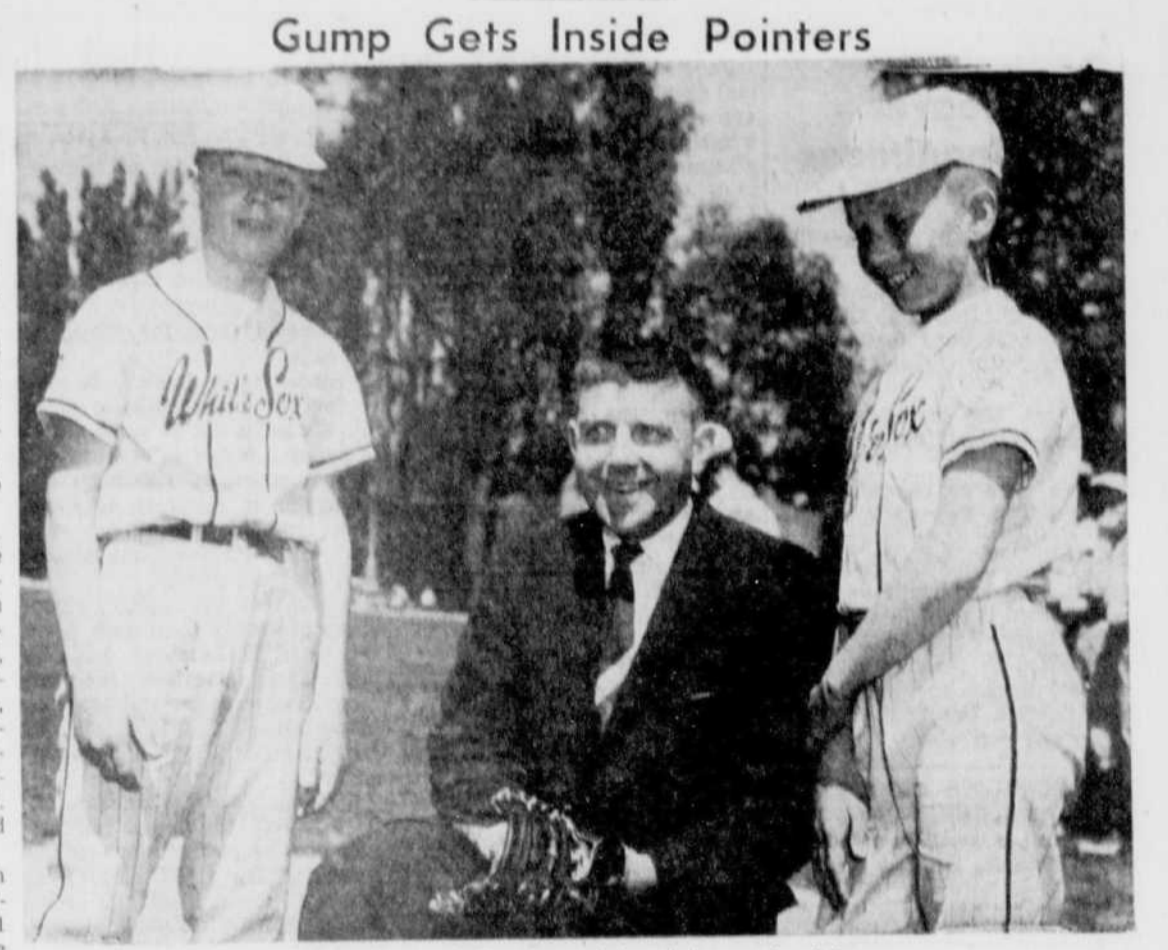

Coates and Doherty got the two Red Sox hits, while Perrault got a home-run and a single for the Senators. Other hitters were Payette with three, Neil with three one a home-run, Palmer, Boisse and Boyd, all got singletons.

O'Conner, Lardy and Courchesne umpired the game.

A's Rally To Top Coaticook 16-4 In Junior Loop; Audet Hurls Two Hitter In Windsor As Fuller Dumps Cards 4-1

St. Jean Baptiste Athletics staged a fourth inning rally to score nine runs and pave their way to 16-4 win over Coaticook Canadiens at the Sherbrooke Ball park last night. In the afternoon Fuller topped Windsor in the Paper City 4-1 behind the two-hit pitching of A. Audet.

Following yesterday's action in the Chartier Loop Fuller and the Indians are deadlocked in first place followed by St. Jean Baptiste, who are in sole possession of third spot. Windsor is fourth while Coaticook, still winless, occupy the cellar.

Boston Red Sox Beginning To Make Move, Sweep Two From Chicago As Indians Dump Yankees 14-1, 5-4

The Boston Red Sox finally are making a move in the American League.

By taking a pair Sunday from Chicago—thus dumping the White Sox into a last-place tie with the Detroit Tigers—the Red Sox stretched their modest winning streak to five.

With Jackie Jensen hitting two homers, including a two-run blast in the 19th, Boston took the opener from Chicago 6-5. A pair of two-run homers by Jim Piersall and Gene Stephens boosted them to a 4-1 sweep and Boston moved within eight games of first place.

Peleguin started for the Canadiens but was replaced in the third by Coupal. Dube followed him to the mound when the A's were on their scoring rampage in the fourth. Fortier struck out eight men for his win.

AT WINDSOR
A. Audet posted his second win of the season to lead Fuller to 4-1 win in Windsor yesterday afternoon. This was Fuller's third win in as many outings.

In chalking up his victory Audet had a no-hit game until the seventh inning when Dubois and Bibeau proved spoilers each collecting a hit.

Andre Dupuis started for Windsor and was replaced by Raymond Couture.

R. Cote, Serge Gregoire Norman Jacques and A. Audet accounted for the winners runs.

The next game in the Junior Loop will be played Tuesday, night when the Indians are host to Coaticook at 7:30.

PGA Champ Has One-Over-Par 71 For Nat. Golf Day

TULSA (AP)—National PGA champion Lionel Hebert shot a one-over-par 71 at the Southern Hills Country Club course Saturday to set the scoring pattern for golfers on national golf day.

He beat National Open champion Dick Mayer by five shots over the course where the 53th open championship of the United States Golf Association, will be played starting next Thursday.

National golf day is sponsored by the Professional Golfers Association and players throughout the land contribute \$1 to play, matching their scores based on handicaps against Hebert's score. The money goes to various charities and the caddy scholarship program.

Snead Nearly Forgot Winnings

DALLAS, Tex. (AP)—Sam Snead was so anxious to get to the scene of the National Golf Open at Tulsa, Okla., that he almost went off without his cheque for winning the \$25,000 Dallas Open Sunday.

Snead took first money here for the second straight year when he won a playoff with Julius Boros, Gary Player and John McMullin. He attended a hastily arranged "presentation ceremony" where they gave him a dummy cheque because the real one hadn't been written. Then Sam sprinted for a car.

Right behind him ran Jim Lawson, the tournament director, who managed to throw the authentic cheque for \$3,500 in the window of the car as Snead roared off with a police escort. Sam was catching a plane for Tulsa, Okla.

Britain Takes 3-0 Lead Over West Germany

SCARBOROUGH, Eng. (AP)—Britain took a winning 3-0 lead against West Germany Friday to reach the semi-finals of the Davis Cup European zone.

The British pair of Michael Davies and Bobby Wilson defeated Rupert Huber and Peter School of Germany, 6-2, 6-4, 6-3, in the doubles—making today's singles a formality.

Britain won both opening singles Thursday and will qualify to meet France or Sweden in Manchester July 17-19 in the semi-final.

Dodgers Hit Jackpot With 12-4 Win Over Braves While 171,326 Take In Series; Giants Retain Top Spot

Los Angeles Dodgers hit the jackpot at the box office and on the field last week.

Dodgers beat Milwaukee 12-4 Sunday to sweep a three-game series with the Braves that drew 171,326 fans. This is a National League record and was set at Memorial Coliseum, the Dodgers' temporary home.

By beating Milwaukee, the Dodgers helped the Giants stay in first place, despite San Francisco's 6-3 defeat by Cincinnati.

Los Angeles failed to climb out of the cellar, however, when Philadelphia finally edged St. Louis 6-4 in 14 innings after dropping the opener 6-5 in 10 innings. Harry Anderson's third homer of the day with a man on in the 14th saved the Phils from the basement.

Moe Drabowsky of Chicago pitched a one-hit shutout against Pittsburgh, winning 4-0 with the help of homers by Ernie Banks and Walt Moryn. The only hit off Moe was a broken bat single by Ted Kluszewski in the second inning. This first game of a scheduled doubleheader was delayed by rain and the second was called off because of rain and darkness after a half inning.

In Saturday's action, the Dodgers clipped Milwaukee 5-2. Pittsburgh took Chicago 8-6. Cincinnati lost to San Francisco 7-3 and Philadelphia beat St. Louis 15-6.

Sunday Johnny Podres gave up 11 hits to the Braves before 57,122 at Los Angeles but it didn't matter. The Dodgers clubbed loser Gene Conley and three successors for 19. Conley now is 0-5 for the year.

At San Francisco Sunday Cincinnati Redlegs pulled the game out with three runs in the ninth to break a 3-3 deadlock. Willie Mays of the Giants was hitless for the second straight day. Brooks Lawrence went the distance for his third victory.

Anderson hit a single, double and two homers in the first game for the Phils but St. Louis won on Del Ennis' sacrifice fly after three walks in the 10th. Anderson took matters in his own hands in the second game with his two-run blast in the 14th after the Phils pulled even with two in the eighth and two in the ninth.

Figure Skating Championships For Colorado

LUGANO, Switzerland (AP)—The executive committee of the International Skating Union voted Wednesday to hold the 1959 world figure skating championships in Colorado Springs, Colo., Feb. 24-28.

The schedule for other 1959 events:
Speed skating for men: World championships at Oslo, Norway, Feb. 14 and 15, and European championships at a yet undetermined place in Sweden, Jan. 31-Feb. 1.

The world speed skating championships for women will be held at Sverdlovsk, Russia, Feb. 7 and 8. The European figure skating championships will be held in Davos, Switzerland, Feb. 5-12.

Romanian Girl Establishes New High Jump Mark

VIENNA (AP)—Yolanda Balas of Romania established a world record Saturday in the women's high jump. Radio Bucharest reported, with a leap of 5 feet, 9 3/4 inches.

The listed world record is held by Cheng Feng-yung of China, whose mark is 5 feet 9 1/2 inches.

Archie Moore To Try For KO Mark

SACRAMENTO, Calif. (AP)—Old Archie Moore makes another try for boxing's all-time knockout record tonight.

The 41-year-old (that's what Archie says) light-heavyweight champion meets heavyweight Howard King of Reno, Nev., in a non-title 10-rounder.

Conn Smythe's Caledon Beau Wins 99th Running Of Queen's Plate And \$26,395; \$1,074,037 Bet For Day

TORONTO (CP) — Conn Smythe, boss of the Toronto Maple Leafs of the National Hockey League, built seven championship teams by driving his players to hard work. He has applied the same winning technique to his horses.

"If ever you're going to have a horse that will prove to be anything he must be able to stand some tough treatment," a jubilant Smythe said Saturday after his three-year-old Caledon Beau won the 99th running of the \$25,000-added Queen's Plate.

Smythe won this greatest of all Canadian races on his first try. Caledon Beau, bred by Smythe, was worked hard. It was the brown colt's third race in eight days.

WORKED HARD

Caledon Beau lost in a mile race a week ago Saturday, had a two-mile exercise jaunt the following day before his first-plate trial in the 1-1/16-mile plate final just 24 hours later.

The chalk-eaters said it was too tough for a three-year-old. It was probably this reasoning that prompted the modern-day record racing crowd of 28,386 at the suburban New Woodbine track to install Stole the Ring, a filly bred by Willie Morrissey of Toronto, as favorite for the 1/4-mile gallop over a fast track.

Caledon Beau breezed home a 9/8-length winner over long-shot White Apache and another 3/4 lengths over third-place Stole the Ring who, according to jockey Johnny Longden, "became tired on me."

TWO SECONDS OFF

Caledon Beau's time of 2:04 1/5 was nearly two seconds slower than the plate record of 2:02 3/5 established by Lyford Cay last year. But it was faster than the Calumet stable's Tim Tam clocking in its Kentucky Derby triumph at Louisville a couple of weeks ago. Tim Tam went the 1 1/4-mile distance over a muddy track in 2:06 flat.

Stole the Ring and Caledon Beau are both likely starters later this month in the \$10,000 Prince of Wales stakes at New Woodbine.

Stole the Ring has an impressive record. She won all five starts as a two-year-old, was winter hook favorite for the plate but developed a cough May 24 and didn't start this season until Saturday.

Fourteen horses from an original nominating list of 202 a year ago last December raced before a fashionable crowd who bet an all-time-high single-day total of \$1,074,037 for the eight-race card. It was the second million-dollar day in Canadian racing history. The first was made on plate day a year ago when 26,705 fans bet \$1,038,384.

SHOWED SUPERIORITY

Caledon Beau's superiority showed when the leaders hit the far turn. The Smythe colt was lying third behind the pace-setting Stole the Ring and Bill Beasley's Happy Harry when jockey Al Coy applied the whip to Caledon Beau. The colt charged along the rail, took a small lead, shook off a brief challenge by Stole the Ring and romped home alone.

His payoff was \$7.80, \$4 and \$2.90 and Smythe collected a gross purse of \$26,395. White Apache returned \$12.40 and \$5.30 and Stole the Ring \$3.30. Smythe accepted the Gold Cup from Governor-General Massey.

Immediately after the race the Ontario Jockey Club cabled the result to the Queen, and by tradition, the winning owner receives 50 guineas from the Queen's privy purse.

Wilf Greaves Gets Unanimous 10-Round Nod

DETROIT (AP) — Canadian middleweight champion Wilf Greaves scored a unanimous decision over Detroit's Clarence Riley in a 10-round feature bout at Motor City Arena Saturday night.

Greaves, who comes from Edmonton, weighed 160. Riley was 164 1/2.

There were no knockdowns in the dull fight. Referee Tom Briscoe scored it 50-39 in favor of Greaves; judge Ed Wagonlander had it 49-38 and judge Jack Aspery scored it 50-38 in the Canadian's favor. Points in Michigan are scored on the five must.

Riley clinched and wrestled his way through the bout. Greaves never was in trouble.

Sherbrooke May Have Juvenile Football In '58

The Quebec Rugby Football Union, juvenile section, will hold a meeting, Thursday, June 12 at the Verdun Auditorium, 8:30 p.m.

Convener George E. Jones is hoping that the idea of sponsoring juvenile eight or 12 man teams will catch in such cities as Three Rivers, Sherbrooke, Quebec City and cities that are able to organize a league or team. This would allow for provincial playoffs.

"Since junior football is costly to operate, juvenile or other minor classes are so much easier to sponsor, either in eight or the 12 man game. It also helps the youngster to catch on to Canadian football, helping out with junior and intermediate clubs," said convener Jones.

Rosemont, last year champions are ready to operate again this year. St. Lambert will be back. From Lakeshore, the four-team 12-man league will again be in operation. The Montreal and district teams play the eight-man game.

The closing date for team entries is July 1. Further information may be secured by calling convener Jones, HU, 1-2771 or P.O. 9-7070 or contact him at his home, 707 Willibroad avenue, Verdun.

Cavan Takes Belmont Stakes As Tim Tam Breaks Bone May Be Retired; Winner Gets \$73,440

NEW YORK (AP) — Tim Tam, Calumet Farm's Kentucky Derby and Preakness winner who suffered a bone break and lost the \$100,000 - added Belmont Stakes Saturday, may be retired from racing.

That was the opinion today as the flashy son of Tom Fool rested in his barn at Belmont Park, awaiting a final decision by trainer Jimmy Jones and owner Mrs. Gene Markey, who is in Europe.

In any event, the colt, beaten by six lengths by Irish-bred Cavan in the 1 1/2-mile race, won't race for some months. Jones said x-rays of Tim Tam's right front leg disclosed a break between ankle and hoof.

SEEKING THIRD

Calumet was seeking its third triple crown. Tim Tam won the Kentucky Derby and Preakness earlier.

Some decision may be made on Tim Tam Wednesday when Jones returns from Chicago.

Tim Tam and Cavan, owned by Joseph E. O'Connell of Boston, moved together on the final bend. Just as they turned into the home stretch, Tim Tam slackened

speed and Cavan drew away and won easily.

PAID \$11.80

Cavan, ridden by Pete Anderson, paid \$11.80 and collected \$73,440 from the \$114,600 purse.

Tim Tam was the 3-to-20 favorite. He picked up \$22,920 for finishing second. He now has earned \$467,475.

Ismael Valenzuela, who rode Tim Tam, said the injury probably occurred at the top of the stretch, about a quarter-mile from home.

Tim Tam could have been the ninth colt in history to win the triple crown. It was the second straight year that a foreign-bred horse whipped Americans in the rugged classic for three year olds. Gallant Fox, foaled in England but raised in Ireland when Cavan was born, won the Belmont a year ago.

The other five starters didn't challenge in the final going. They were Chance It Tony, Martins Rullah, Page Seven, Nasco and Saferris.

Manchester City Swamps Hearts

TORONTO (CP) — Manchester City used dazzling passing Saturday night to whip a befuddled Heart of Midlothian squad 7-1 in an exhibition soccer match, before 23,000 at Varsity Stadium.

The victory for City over the Scottish League champions kept intact the record of an English team never having lost to a Scottish squad at Varsity Stadium.

Since the annual clashes between English and Scottish teams were inaugurated nine years ago, the best the Scots have done was one tie, in 1950 when Glasgow Celtic and Fulham finished 1-1.

Joe Hayes, little inside right, scored three goals for City while Collin Barlow and Ray Sambrook each scored twice. Hearts' only goal came from Johnny Crawford.

The victory was the third in as many games for Manchester over Hearts on their current North American tour.

Royal Commander Takes Ormstown Exhibition Event

ORMSTOWN, Que. (CP) — Royal Commander, a roadster owned by David McCoy of Huntingdon, Que., won the road event Saturday at the Ormstown exhibition horse show for the second straight year.

Two years ago Royal Commander won the event at the Toronto exhibition horse show.

Officials declared the 3 1/2 day Ormstown exhibition, which wound up Saturday night, a complete success.

At least 22,000 persons visited horse shows, cattle shows and square dance competitions.

Weirton, W.Va. — Walt Ingram, 117 1/2, Weirton, outpointed Henry (Appy) Gaul, 118, Spartansburg, S.C., 12.

Brooklyn, N.Y. — Jose Torres, 162, Puerto Rico, outpointed Walter Irby, 159, Columbia, S.C., 6.

Stan Leonard And Miss Stanhope Against Country

EDMONTON (CP) — Stan Leonard matched men's par and Betty Stanhope was two strokes under women's regulation figures Saturday as the two golf champions set the marks for other Canadian golfers to shoot for in national golf weekend competition.

Leonard, Canadian Professional Golfers' Association champion from Vancouver and Lachute, Que., toured the Mayfair Golf and Country Club course in 70 strokes. Miss Stanhope, Edmontonian who holds the Canadian women's open and closed title, fired a 76.

Golfers across the country who pay \$1 towards financing a junior golfers development program can pit their skill over 18 holes against the champions on any golf course in Canada. If their net score is less than the champions' gross, they get an "I beat the champion" card from the Royal Canadian Golf Association.

High Wind Slows 200 Yd. Dash Pace

SANGER, Calif. (AP) — Ray Norton of San Jose State College ran the 220-yard dash in 20 seconds flat Saturday night but an aiding wind nullified the race as a performance equalling the world record.

The wind gauge registered its maximum eight miles an hour and gusts were far stronger than that.

Norton ran in the same Central California AAU meet during which Dave Sime of Duke set the official record of 20 seconds without aiding wind two years ago. The maximum allowable for a world record is 4 1/2 mph.

Claude Blanchette's Eveana Cops Main Event In 2.12 2-5; Quinellas Pay \$45.70, \$55.80 And \$63.90

Claude Blanchette's Eveana posted her second straight victory when she came home ahead of the field in the "DD" Trot and Pace yesterday afternoon in the main class of the Sunday afternoon program. C. Fluet teamed her under the wire in 2:12 2/5 to win the eight-horse event.

It was a close battle the whole way as several of the horses staged a fight right to the wire. Reynolds' Victor Abbe was in contention until the final turn when he broke while Mathieu's Deep Diamond jumped his stride at the start and was too far back to make up the lost ground.

Warren Litchfield's Atwell Hanover, with W. Chapdelaine up, broke twice but despite this the fast-stepping trotter came home to finish third after a brilliant rally. Victor Abbe was clocked in 1:05 for the first half but on the back stretch he broke to lose ground. It was at this point that Fluet brought up Eveana to overtake the field and pick up a good lead for the stretch drive. It was one of the best races of the afternoon and kept the fans on their toes until the finish.

The double of Miss E. Morgan's Atruscot and Fabi's Chippa Hanks formed the payoff duo but being favorites only \$9.70 was picked up. In the quinellas it was different and the money gathered was better.

The first quinella, in the fourth, paid \$45.70 for the combination of Gravel's Cool Breeze Vonlan and Dupont's Connelly B. The next one, in the sixth, was even higher with \$55.80 being collected for Mathieu's Ideal Harvester and Leger's Grattan Frisco B.

The final was one staged in the ninth in the "DD" Pace and Trot and the lucky pickers were rewarded with \$63.90, the tops for the afternoon. The high figure for a win bet was paid in the fifth when Madore's Bert Ellis led the pack home and his backers picked up \$37.40 for their \$2.00 investment.

In the sixth race Leger's Grattan Frisco B set the high for a place bet when \$17.30 was shelled out by the pari-mutuels. In the first race Thibodeau's Jimelwyn paid \$10.20 for a show wager. No tickets were sold on him for place.

The next card is slated for Wednesday evening when another program of dashes will be on the agenda. All of Sunday's classes were single dashes as per the fans' request.

INJURED MAN SEEKS DAMAGES FROM CARDINALS

ST. LOUIS — A \$50,000 damage suit was filed Saturday against St. Louis Cardinals by a 75-year-old man hit by a baseball outside of Busch Stadium Tuesday night.

The suit was brought by Louis Seher of St. Louis. He was on the way to the park to see the Cardinals play Pittsburgh when he said a ball hit in batting practice went over the pavilion roof and struck him on the right shoulder.

Cuban Pitcher Gets Suspension

MONTREAL (CP) — President Frank Shaughnessy of the International Baseball League Sunday announced that pitcher Raul Sanchez of the Cuban team has been suspended indefinitely from the league.

The announcement said the set-down came as a result of a fracas between Sanchez and umpire Frank Guzetta in Friday night's suspended game at Moron, Cuba. The right-hander is alleged to have attacked the umpire.

Shaughnessy said he is awaiting Guzetta's written report before making a final decision. Sanchez, who has a 3-0 record for the Cubans this year, pitched in 38 games for Cincinnati in 1955.

The medicinal value of the bark of the witch hazel plant was known to the Indians in eastern Canada long ago.

Sawyerville High School Graduates

Pictured above are the graduating students of Sawyerville High School, from the left: David Lobdell, Marilyn Laberee, Ruth Bailey, June McComb, Vivian Henderson and Frank Stickle. The graduates were guests at a dance held in the Town Hall, sponsored by the students of Grade X. Music was provided by Gerry Hazelton.

Gay Setting For Graduation Dance Held At Thetford Mines High School

THETFORD MINES — The High School graduation dance was held in the handsomely decorated gymnasium of the Andrew S. Johnson Memorial High School. The high ceiling of the room was virtually hidden by colored streamers and a tiered centre light arrangement gave a soft glow to the interior of the hall and brought out the multi-colored tone of the graduation gowns.

The wishing well, in a small greenery nook, complete with flowers was arranged by J. S. Visser. Miss Rahal was responsible for much of the other decorating.

Refreshments were served at midnight, after which William J. Johnson, representing the School Board, summoned the graduating class to the platform and presented them with their diplomas. The graduating class included Alison Nugent, Helen Henderson, Nancy Adams, Isabel Robinson, Ruth Morrison, Marie McMurray, Jack Bateman, Ronald Brink, Rock Lefebvre and Lorne Chenette.

Valedictorian of the class was Helen Henderson, who, on behalf of herself and fellow students, spoke warmly of the school and the teachers and nostalgically of the high school memories they would long carry with them. In introducing Miss Hen-

derson, Mr. Hodge said she was the first valedictorian they had ever had from Inverness, though many of the high school students each year are from out of town. Miss Henderson was presented with a subscription to two magazines in recognition of her work during the past year. As the only Honor Student, Miss Nancy Adams also received a subscription to a magazine.

As an additional highnote of the evening, Mr. Johnson, on behalf of the School Board and in honor of Mr. Hodge's 25 years as principal of the Andrew S. Johnson Memorial High School, presented Mr. Hodge with an engraved silver tray. In his words of presentation, Mr. Johnson mentioned that Mr. Hodge had come to Thetford Mines as principal of a four-roomed school, had been in charge during the past few years of a seven-roomed school and now there was talk of an even larger school.

Mr. Hodge thanked the gathering, dwelling particularly on the rewards, mostly intangible, which he personally had reaped in his years as principal of the High School.

In recognition of the fact that J. S. Visser will not be on the school staff next term, Mr. Hodge, on behalf of the teachers and pupils, presented him with an engraved cigar box, expressing the hope that Mr. Visser's departure from the staff would not be a permanent one.

The graduation exercises closed with Miss Joann Tearney of the

Grade X class reading the class prophecies.

An unusual and entertaining feature of the graduation dance was an exhibition of square dancing put on by Thetford Mines and Inverness young people who have already reached the semi-finals in the Sherbrooke T.V. square dancing contest. The square dancers were Rena Melrose, Gerald Robinson, A. Cruickshank, Douglas Robinson, Helen Henderson, Victor Lowry, Geraldine Robinson and Raymond Dempsey, with Mr. Nugent as caller.

Guest Night Held By Members Of Magog Guild

MAGOG — Mrs. J. Lowde and Mrs. W. Fields entertained St. Luke's Guild in St. Luke's Church Hall when the members held a "Guest" night.

After a short meeting members and friends played cards and spent a social evening. A raffle of a crocheted buffet set donated by Mrs. B. Buzzell, took place and was won by Mrs. A. Lowther. The evening proved very successful and the members are hoping to hold another in the future.

The final meeting of the season will be held in the Church Hall with Mrs. R. Sampson as hostess.

ST. LUKE'S GUILD MEETS

St. Luke's Guild held its regular meeting at the home of Mrs. E. Jackson, Pine Street with several members acting as hostesses.

North Hatley Church Celebrates 56th Anniversary

NORTH HATLEY — The Baptist Church observed its 56th anniversary with special services on Sunday and Monday of May 25 and 26th.

A former pastor of the church, Rev. W. J. Baxter, now of Verdun, was the guest speaker, with the ministers and members of the Minton United Church, and the North Hatley United Church participating in the Sunday evening service.

For his remarks at both evening services, Mr. Baxter used North Hatley's picturesque setting of hills and lake as a background for his thoughts. His topic on Sunday evening was "New Life in the Church", and he drew his thoughts from the hill-top experience of the disciples at the time of the ascension of Christ.

Mrs. Wallace Browning, of Ayer's Cliff, was the guest solo-

ist, contributing two beautiful hymns. The sermon was followed with a Communion service, with Dr. J. Boucher of the Minton United Church, and Rev. A. G. MacLeod of the United Church in North Hatley, and their deacons serving. Mr. Baxter pronounced the benediction.

On Monday the Ladies Circle of the church served a salad supper to the many friends who gathered at the Community Hall. The supper was prepared and served under the supervision of the Circle president, Mrs. Stanley Moore.

At eight o'clock the closing service of the anniversary celebration was held at the Church, with Wesley Sharman acting as chairman. Mayor C. J. Reed extended the greetings and congratulations of the members of the Town Council.

For his address, "Man Overboard", Mr. Baxter used the lake for the background of his thoughts, and spoke of the experience of the disciple Peter on the Lake of Galilee. He contributed to the inspiration of his message with two solos, "Jesus Lover of My Soul", and the "Stranger of Galilee". He was accompanied at the organ, by

Boundary Friends Bid Farewell To Junior Dustin

ROCK ISLAND — A farewell party was held in the town hall for Junior Dustin, who with his sister, Beverly, and mother, Mrs. W. B. Dustin, left on May 30 to join Mr. Dustin in West Berlin, Germany, where they will reside.

Arranged by Rodney Davis and Butch Patterson, the boys were assisted by the Misses Marion Davis, Diane Farley, Joyce Laberee and Brenda Patterson, who also acted as chaperones.

About 35 boys and girls from Rock Island, Stanstead and Derby Line attended and had a pleasant time playing games and dancing, music being supplied by a record player.

Butch presented Junior with a tie clip, cuff links and a pen.

Mrs. Baxter. This was especially enjoyed by his many friends who remembered with pleasure his fine singing of former years.

The service was closed with the benediction pronounced by the minister of the church, Rev. F. C. Amery.

with the best wishes of his many friends. The gifts were from the group who had "chipped in". Junior responded with words of appreciation.

The girls served lunch which had been supplied by the "mothers".

Second class badges were presented to Pauline Routhier, Christina Darby, Sandra Rollins, Laurel Curtis, Peggy Huckins, Wanda Roberts, Jane Willey and Vera Koran, by Jackie Laythe and Lana Cross. Beatrice Aldrich and Diana MacLean presented tenderfoot badges to Sheila Petelle, Helen Murray, Winona Webster, Audrey Bowen, Eileen Earle, Lexie Bronson, and Patsy Berry.

First class badges, the highest in Girl Scout work, were awarded to Jackie Laythe, Diana Mac-

Lean, Beatrice Aldrich and Lana Cross.

The following gave assistance in passing of badge work: Conservation Mr. Bingham, of the State; Mrs. Edwin Earle, R.N., and Mrs. G. Birchard, R.N., the home nursing course; Miss Agnes Greenwood, dressmaking; Miss Eddie, horses; Cpl. W. Green, of the State Police, cyclist; the tenderfoot and second class badges by girls from Grade 8.

Wendy Rice, on behalf of the troop, thanked all who had given assistance to the girls. Mary Millet gave a report on the troop activities since the autumn. Wendy Rice introduced the visiting leaders for her excellent Girl Scout leaders, Lorraine Jacobs was thanked by one of talk on home nursing at a P.T. A meeting.

An impressive candlelight ceremony was the concluding number of the fine program.

Later refreshments were served in the upstairs hall and many viewed the excellent work of the troops on display.

Inco Metals at work in Canada

To help insure the purity of the milk you drink, the tanks on most modern dairy tank trucks are made of stainless steel containing about 8% nickel. The stainless steel for these tanks is manufactured right here in Canada from nickel supplied by Inco. In Sudbury, Ontario, Inco workmen mine, mill and smelt the nickel-bearing ore. Then it goes to Inco's Port Colborne plant for refining. The refined nickel is sold to a Canadian steel company for the production of stainless steel. And Canadian fabricators use this nickel-containing stainless steel in the manufacture of dairy tank trucks and many other products.

There's INCO NICKEL in modern stainless steel dairy tank trucks... and it helps keep your milk pure

STAINLESS STEEL is a modern miracle metal. It resists rust and corrosion. It won't stain or tarnish. It has a bright, shiny surface that is easy to keep clean.

No wonder so many modern housewives want stainless steel sinks in their kitchens... stainless steel tableware in their dining rooms. Architects have used stainless steel for years to brighten and beautify the interiors of the buildings they design... and now they're using it for the exterior walls of buildings. Food processing industries depend on it to help keep their products pure.

Take the dairy industry, for example. Modern farms and dairies are now using stainless steel equipment for handling and processing milk. The milk seldom touches anything but stainless steel from milking to bottling time. Even the tanks on the huge trucks that haul milk from the farm to the dairy are made with stainless steel to protect the milk from contamination.

These dairy tank trucks are manufactured in Canada. The stainless steel that goes into them is also produced in Canada. Most of the stainless steel made in Canada for dairy equipment contains Inco Nickel. Another example of the way Inco metals serve the Canadian industries that serve you.
