THERE ARE SEVERAL INDICATIONS THAT DEBATE IS NEARING AN END

Political Observers Predict that Monday Will See Division on Liberal Amendment, and that After That Commoners Will Get Down to Definite Work—Senate Takes Three Weeks' Holiday

OTTAWA, Ont., April 17.—Only one chamber will function in Parliament today, the Senate having taken a holiday until May 5th. The House of Commons will resume its now protracted debate on the address in reply to the Speech from the Throne. This debate has been going on now for upwards of a month, in point of elapsed time, but there are many indications that it is nearing its end. Political seers predict that Monday will see the division on the Liberal amendment, and that after that the Commons will get down to definite work. G. B. Nicholson, Conservative, Algonia East, will be the first speaker today.

The interim supply bill, which has made definite provision that the Government's financial obligations will be safe for at least two months more—one-sixth of the estimates having been approved—received Royal assent by Mr. Justice Newcombe, Deputy of the Governor-General, in the Senate yesterday. This was the only business done by members of the Red Chamber. Following it they took a three weeks' adjournment.

After Wednesday's vigorous debate on unemployment, the proceedings in the House yesterday were tame. One bright exception endeavored a feature on the unemployment bill, and it came in the last speech—that delivered by J. T. Hackett, Conservative member for Stanstead. Severely castigating those who protested against reconsideration of the Montreal terminal question, Mr. Hackett denounced the "log rolling" which has been the curse of this country for the past sixty years. In these days when money could be more usefully expended on better purposes, Canada should look well to what was being done for the Canadian National Railways terminals in Montreal. He himself wanted the advice of experts and not the advice of men who were financially interested in supplying the materials which would go into the construction of the station. He wanted to be assured that the terminals would be of benefit to the whole country and that their erection was not dictated by a feeling that because Toronto had a new station, Montreal must also have one. It would not provide work for Toronto, or Winnipeg, or Vancouver. "It would give work in Montreal," interjected a Liberal member.

That retorted Mr. Hackett, was just the point. It was this log-rolling that had cursed Canada since Confederation. He wished to register his protest against that sort of thing.

Mr. Hackett was loudly cheered by his Conservative colleagues when he took his seat, members thronging and extending warm handshakes.

Apart from the Stanstead member, other contributors to the debate traversed only matters that had already been exhaustively dealt with since the discussion opened. Canada's depressed conditions, the situation of the Western farmers, the conduct of the Prime Minister at the Imperial Conference, unemployment, the tariff, falling revenues, decreased trade, low prices for farm

BRITISH LABOR PARTY SUPPORTED BY LIBERALS, REGISTERS VICTORY

Vote on Conservative Motion of Censure Assured MacDonald Ministry of Continuation in Office for Indefinite Time—Government's Next Danger Point May Come After Presentation of Budget.

LONDON, April 17.—The Labor Government of Premier Ramsay MacDonald appeared today to be as safely entrenched in office as at any time in its nearly two years of life after beating a Conservative motion of censure with a majority of fifty-four votes.

The Conservative leader, Rt. Hon. Stanley Baldwin, made a determined attack against the Ministry at perhaps its most vulnerable point, unemployment, in moving its censure on that count, but in the division benches the Commons lined up 305 for the Government and 261 against.

The Ministry was aided by the votes of twenty-three Liberals, less than half the Liberals in the Commons. Ten Liberals voted against the Government, and five abstained. Sir Oswald Mosley and the six members of his "new party" abstained, but the Labor Left Wing voted with the Government.

The margin of victory amazed even the most sanguine of Mr. MacDonald's followers, who previously had reckoned that the Government would win by about ten votes. There was a roaring cheer from the Labor

PRINCE BIBESCO INJURED WHEN AIRPLANE CRASHED

Flying from Le Bourget to Saigon When Plane Crashed—Prince and Four Passengers Seriously Hurt.

BOMBAY, April 17.—Prince Bibesco, head of the ancient Bibesco family of Rumania, and president of the International Aeronautic Federation, crashed today while flying between Gaya, Bengal, and Allahabad. Details were not immediately available. The prince and four passengers were seriously hurt.

The prince was making a flight from Le Bourget flying field outside Paris, to Saigon, French Indo-China, with a view to demonstrating the archaic nature of flying regulations and instituting reforms in them at a forthcoming meeting of the Federation.

QUEBEC CABINET APPROVES STAND OF PROVINCES AT RECENT PARLEY

Draft Form of Statute of Westminster Adopted at Recent Conference Approved Yesterday—Prime Minister Taschereau Withheld Formal Consent Pending Meeting of Cabinet—No Election Announcement.

QUEBEC, April 17.—The Quebec cabinet yesterday officially concurred in the decisions reached at the recent inter-provincial Conference with regard to the Colonial Laws Validity Act.

While the date for the election was undoubtedly discussed at the session, Premier Taschereau refused to make any announcement on the matter.

The Premier submitted the draft Statute of Westminster to which the conference was called upon to give approval. This draft is to give effect to certain resolutions passed by the Imperial Conference held in the years of 1926 and 1930. There are six sections, and the seventh section is left blank, with the proviso that, "here to be inserted a section dealing exclusively with the Canadian position."

The draft section for inclusion in the Westminster Statute agreed upon is as follows:

(1) Nothing in this act shall be deemed to apply to the repeal, amendment or alteration of the British North America Act of 1867 to 1930, or any order, rule or regulation made thereunder.

(2) The powers conferred by this act upon the Parliament of Canada or upon the legislatures of the provinces shall be restricted to matters within the competence of the Parliament of Canada or of any of the legislatures of the Provinces, respectively.

(3) The provisions of section 2 of this act shall extend to laws made by any of the provinces of Canada and to the powers of the Legislature of such provinces.

The draft Statute of Westminster, after the first paragraph of a preamble which is uncompleted and presumably to be filled in, recites that: "Whereas it is meet and

FISHING SEASON WILL OPEN TOMORROW

QUEBEC, April 17.—Acting upon recommendations of the Federal Department of Marine and Fisheries, Hon. Hector Laferte, Minister of Colonization, Game and Fisheries of the Province of Quebec, announced that the opening of the fishing season has been advanced from May 1 to Saturday, April 18.

The early opening is due to the unusually early disappearance of ice from lakes and rivers, resulting from the mild winter.

MAY INVESTIGATE COST OF COPPER PRODUCTION

WASHINGTON, D.C., April 17.—The Tariff Commission may make an investigation of costs of producing copper in the United States and elsewhere. It is reported the Commission may recommend to the President that the duty on copper be raised or lowered as much as fifty per cent. In 1929 Canada exported to the United States \$12,715,820 of copper.

EDMONTON, Alta., April 17.—Sweating in of Mr. Justice W. L. Walsh as new Lieutenant-Governor of Alberta will take place on May 3, according to reports current in Edmonton.

AN OPTIMISTIC VIEW TAKEN ON FUTURE EVENTS

Noted Statistician Believes Business Has Definitely Turned Corner, and that Before End of Year There May Be Shortage of Labor.

WASHINGTON, April 17.—The prediction that business has definitely turned the corner and that he would not be surprised to see a shortage of labor in some lines before the end of the year was made to President Hoover by Roger W. Babson, noted statistician, who predicted the stock market crash in 1929.

This prediction, made at the White House last night with the publication of figures by the Department of Commerce showing that, although well below normal levels, United States foreign trade in merchandise during March increased \$49,000,000 reaching a grand total of a little less than \$500,000,000.

Mr. Babson emphasized to the President that this was his first optimistic prediction since the business slump which started in the fall of 1929.

"If statistics tell anything," he said, "they show that business has turned the corner. Car loadings are increasing. Earnings are increasing, particularly in the chain store industries, and one or two big firms in each industry show by their earnings that for them the corner has been turned."

Mr. Babson had just come from the Department of Labor where, he said, he found figures showing the first actual pick-up in employment rolls since 1929. He added that the effect of the enormous combination of federal and state construction programmes, which were started early in the winter primarily for relief purposes, had not yet been felt in a great degree and that these would add their benefits to the upturn.

Mr. Babson predicted that the decline in commodity prices might continue for an indefinite period. He mentioned that the last commodity price decline extended over a period of 40 years. He confidently expected that the next era of speculation would be in commodities rather than stocks. "People are tired of stocks," he said.

Mr. Babson said that the last flurry in the stock market signified practically nothing. The sudden bull market early last month, he said, was simply "the discounting of the adjournment of Congress." The bear trend of later days came with bad earnings, he added.

There was nothing in business, so far as statistics show, that warranted stocks going either up or down, he continued. "We have been dragging bottom since December, and I really do not expect to see much activity in stocks for the next two years."

ST. HYACINTHE, Que., April 17.—The consecration of M. Signeur J. Alde Desmarais, newly appointed Auxiliary Bishop of the St. Hyacinthe Diocese, will take place on Wednesday, April 22, at the St. Hyacinthe Cathedral.

GOVERNMENT BLAMED FOR LOWER WAGES IN SHERBROOKE FACTORIES

Charles B. Howard, in Debate on Speech from the Throne, Sees Standards of Living Lowered and World Trade Decreasing Under Conservative Policies—Farmers and City Residents Both Suffering from Low Prices, Local Member Claims.

OTTAWA, April 17.—In both industry and agriculture there has been added distress since the present Government came into power, said C. B. Howard, Liberal member for Sherbrooke, speaking in the House of Commons last night. All employees of industries in his constituency were suffering from decreased wages, and farmers were receiving less for their products than they had in many years.

Mr. Howard stated that certain cotton mill employees working fifty-five hours per week were now only drawing \$15 per week salary after sixteen years' service; although before the election they received from \$25 to \$25 per week.

Since the present administration had come into office, Canada's world trade had decreased, there were lower standards of living in

this country and the Dominion had suffered loss of markets. In Quebec province, French-Canadians, he said, had according to the English Protestant minority the fairest of treatment, which he wished were done in all provinces. He said that the election of the Government was due to the support they had received from the Saskatchewan Government.

Taking direct issue with Mr. Howard on the position of industry in the Eastern Townships, J. T. Hackett (Conservative, Stanstead), said that many people were enjoying employment there now as a result of the tariff imposed at the special session of parliament. Mr. Howard, he added, might say he was not a "Protectionist Liberal," but he was "one of those Liberals who took all the protection he could get."

FIRST TIME A REIGNING KING VISITS CANADA

Canadian Nation Extended Cordial Welcome to King and Queen of Siam Upon Their Arrival at Vancouver This Morning.

VANCOUVER, B.C., April 17.—Their Majesties King Prajadhipok and Queen Rambai Barni, of Siam, with princes of the Royal household, and entourage of some fifty personages, arrived here early this morning on board the steamer Empress of Japan. The royal party arrived at Victoria last night where the King and Queen were extended a welcome to Canada by officials representing the Dominion, province and City of Victoria. Today will be spent quietly aboard the liner and at midnight the royal party will leave by special train for New York.

His Majesty on arrival at Victoria was confined to his cabin suffering from an attack of malaria and bronchitis.

History was made in the welcoming of the royal travellers at Victoria for it was the first occasion on which Canada has been visited by a reigning king and queen from any land beyond the seas, and while His Majesty's indisposition was regretted, his inability to officially receive the welcome extended by the Governor-General, the Dominion and provincial governments, the Mayor of Victoria and Canada's military and naval services, was considerably softened by the gracious manner in which Her Majesty acted in the absence of the King, when she accepted for it was the first occasion on which ECZEMA SET BABY AND ME CRAZY

"My baby and myself both had severe cases of eczema... itching and burning nearly drove us crazy. Then I tried 'Sootha-Salva'... It ended the itch and burn in a few minutes. And soon both our skins were absolutely clear. Eczema now gone!" — Mrs. J. P. Marrison, Ottawa.

A word to the outdoor girl

HANDS calloused from golf... lips chapped by the wind... necks and noses sunburned and freckled... here's how to repair this damage.

Lay in a stock of "Vaseline" Petroleum Jelly. At home on the dressing table. At the club in your locker. And apply it freely. For example: If the hands are calloused or rough and chapped, or too dry, or sunburned, or the cuticle is inclined to form hangnails, massage them with a generous amount of "Vaseline" Jelly before retiring, and wear soft gloves to bed. If lips are chapped, apply "Vaseline" Jelly every time you think of it. It is obtainable everywhere, in tubes and jars. These are simple, easy things to do. Do try them. Your looks will benefit enormously. "Vaseline" Jelly is a product of the Chesbrough Manufacturing Company, Consolidated, 5520 Chabot Avenue, Montreal, Canada.

THE NEW HOME OF THE YELLOW WINGS

Who doth create doth something add To give the world and make it glad.—Yellow Wing the Flicker.

This is true. Who never creates anything adds nothing to the world's store of riches. He goes through life taking rather than giving. A worker usually is a creator. Whoever makes something of use creates something, and the world is just that much better off. Yellow Wing the Flicker and Mrs. Yellow Wing are workers. When work is to be done there isn't a lazy bone in them. Now that they had started work on their new home in a telegraph pole in front of Farmer Brown's house they kept steadily at it. Yellow Wing would work until tired, when Mrs. Yellow Wing would relieve him. You see, there wasn't room for both to work at the same time. They certainly did make the chips fly, those two. That first day they worked until jolly, round, red Mr. Sun had started for bed behind the Purple Hills and the Black Shadows were already stealing across Farmer Brown's yard. The next morning they could hardly wait for the coming of daylight. It was peck, peck, peck.

Guild on Thursday, April 2. All old business was taken care of and plans were made for a salad tea to be held some time in May. At the close of the meeting, refreshments were served by the hostess, assisted by Miss Gertrude Chatterton. Mr. and Mrs. J. E. Meredith entertained a number of their friends on Wednesday evening last. Mr. Howard Atwood, of McGill University, who has been spending the Easter holidays with his parents, returned on Saturday to Montreal to resume his studies. Mrs. A. R. Johnson entertained the "Bridge Club" on Friday afternoon, April 10. Bridge was played at three tables. The prizes for the afternoon were won by Mrs. Lockwood, Mrs. Gale and Mrs. Costello. As this was the final meeting of the club, the scores for the entire season were added and Mrs. Gordon Clark won the first prize for the season. Each member of the club received a prize according to their record. Mrs. Clark and Mrs. Lockwood assisted the hostess in serving.

Mr. and Mrs. A. R. Johnson were visiting friends in Sherbrooke, on Sunday. Master Robert Harris, who has been spending the Easter holidays at the home of his grandfather, Mr. G. F. Dresser, in Richmond, returned to his home here on Thursday. Mr. G. F. Dresser and Miss Alice Dresser, of Richmond, were guests at the home of Mr. and Mrs. Harris, on Thursday, April 9. Mr. W. P. Dean, who was the guest of his sisters, Mrs. E. H. Richardson and Mrs. H. Martin, over the week-end, returned home on Monday evening.

peck with their sharp bills all day long, one working while the other hunted food, and then changing occupations. As Mrs. Yellow Wing had said, there was a soft spot in that pole and this made the work easier. First they cut a hole straight in. Then they began to cut down. After a while the hole was so deep that they had to climb up the entrance in order to drop the chips outside. Deeper and deeper grew the hole until Mrs. Yellow Wing would wonder when Mrs. Yellow Wing would be satisfied. "Are you trying to get to the bottom of the pole?" he asked mildly. "I am trying to get it deep enough to discourage any visitors," replied Mrs. Yellow Wing. "I'm going to have it deep enough for your babies to be safe when they are tiny and helpless. I'm not going to have it possible for Sammy Jay or anybody else to sit in the doorway, reach down and pull one of the darlings out when we are off hunting food for them. I've known it to happen in a shallow house. Yes, sir, I've known it to happen. It isn't going to happen here!" "Right, my dear, quite right," agreed Yellow Wing. "I sometimes wonder if this pole was a wise choice, it stands so out in the open. Every one will know where we live."

"Who cares?" retorted Mrs. Yellow Wing. "Most folks would know sooner or later anyway, and they may as well know it first as last. Has it occurred to you that Mr. Blackbird can't get up here? You remember that he got our eggs once. He can't climb this smooth pole as he can a tree. Black Pity isn't so likely to bother us either. She can climb up here, of course, but I don't believe she will. She doesn't like climbing anything so straight and tall. And if she should she would have to gang on with the claws of all four feet and we could drive her down without any trouble. Really, my dear, it is the best location we ever have had."

"Perhaps it is, my dear. Perhaps it is," Yellow Wing hastened to add. "If it suits you, it suits me. Aren't you almost through?" Mrs. Yellow Wing brought out the last of the chips she had cut. Then she inspected their work carefully. She took off a bit here and a bit there to smooth the walls. Satisfied at last, she climbed up and began to cut chips out of the room. Instead of throwing them outside, she dropped them down to the bottom or floor of the house. Yellow Wing saw what she was doing and rejoiced. He knew that the new house was almost finished. Mrs. Yellow Wing was asking a bed for the eggs. She was making a bed of chips, for this is all the nest she uses. Two or three times she went down to see if that bed of chips was thick enough. Finally she poked her head out of the doorway.

"Let's go eat," said she. (Copyright, 1931, T. W. Burgess)

TUCKER, FORMER BANK MANAGER, SUED FOR DEBT

Former Manager of Waterville Bank, Now Serving Penitentiary Term for Theft and Forgery, Ordered to Pay \$240.42 to Fred W. Ayer et Al.

Clarence A. Tucker, former bank manager at Waterville, but now serving a three-year penitentiary term in St. Vincent de Paul Penitentiary, Montreal, was ordered yesterday to pay Fred W. Ayer and D. William Ayer, also of Waterville, \$240.42 for goods delivered and services rendered the defendant by the plaintiffs. Mr. Justice Charles D. White, in the Superior Court yesterday, rendered this verdict after the plaintiffs had proved the amount of their claim which the defendant, through his counsel, generally denied.

Judgment in favor of the plaintiff was rendered in the case of the Canadian Bank of Commerce, Megantic, against Gedeon Trepanier, of St. Hyacinthe, and Stanislas Labbe, of Megantic. The bank claimed \$483.36 for two promissory notes signed by the two defendants jointly and severally. Trepanier had previously been condemned by default while Labbe denied the plaintiff's allegations, basing his denial on the alleged fact that he had not signed any notes around the dates mentioned. The court, however, ordered them jointly and severally to pay \$354.56 at interest of seven per cent and \$128.80 at five per cent.

The tribunal took under advisement the petition of the Woodard-McCrea Beat Works Inc., to have a previous judgment in favor of M. Echenberg et al laid aside. The petition submitted by the local boat works contended that on September 8, 1930, Echenberg had sued for \$119.25, and judgment had been rendered by default. In virtue of a writ of execution under the said judgment, a seizure was made of the goods and effects in the possession of the defendant at North Hatley. The petitioners alleged that the service of the writ of summons was not made in accordance with the Code of Civil Procedure providing for the service upon incorporated joint stock companies, and that the return of the bailiff, who made the seizure, stated that the defendant was served by leaving true copies with a reasonable person then in charge of its office in Sherbrooke. The defendant claimed that he has no office in Sherbrooke and that the service was not made at the office of the company-defendant, nor elsewhere upon its president, secretary or agent and, in fact, the service was not made personally upon any employee of the defendant. The Boat Company further declared that it is a joint stock company, duly incorporated in the Province of Quebec, has its head office in North Hatley, and that the service of the writ of summons is absolutely illegal, null and void, and the defendant suffers prejudice thereby. In conclusion, the petitioner asked that it be allowed to contest the action, that the judgment rendered by default be annulled, resiliated and set aside, that plaintiff's action be dismissed with costs and in the meantime the seizure practised in this cause be suspended until otherwise ordered by the court.

The plaintiffs generally denied the allegations contained in the petition in revision asserting that the contestants had a place of business in Sherbrooke and that the serving of the writ was made properly.

LENNOXVILLE

NEW FORM OF AFTERNOON TEA
The "birthday tea," held on Wednesday afternoon in Douglas Hall in connection with the monthly business meeting of the Ladies' Aid of the United Church was a decided success, both in attendance and in the carrying out of the ideas conveyed in its title.
The January table was in charge of the decorations. A musical note of the decorations, and in the carrying out of the ideas conveyed in its title.
Twelve tea tables were engaged in a jewellery shop in Sherbrooke before deciding to open up her own individual shop. At the time, three years ago, she could only secure a three-year lease, and upon its expiry she decided to move on the other side of Wellington street.

AN OPEN NIGHT IN UNITY LODGE
A representative gathering of Odd Fellows from the various lodges in Sherbrooke and district is looked for at the next meeting to be held by Unity Lodge No. 8 on Monday night, April 20th, at 9 o'clock. All visiting members will attend the regular communication of the Lodge, which will be closed about 9 o'clock. Following the regular agenda there will be an entertainment of moving pictures and all everyone will be invited to join in the smoke of cigars and cigarettes. A special speaker will address the gathering on "Brotherhood." There will be music and singing.
A hearty welcome is extended to all visiting brothers and it is hoped that out-of-town Odd Fellows will take advantage of the opportunity. They can motor in and spend an evening as guests of the officers and members of Sherbrooke Lodge.

IN SERVICE THERE LIES MORE SALES
A message which tells of steadily improving business conditions and a bright future, so far as the automotive industry is concerned, was brought home by Mr. O. R. Webster, general manager of Webster Motors Limited, who recently attended the zone dealer meeting of General Motors of Canada, Limited.
Present at the gathering were many bankers and business men of the district. Mr. Webster said, and their general attitude regarding 1931 was one of optimism. This was brought out, he declared, by remarkable sales records for the first three months of this year. These records revealed that Chevrolet had taken the lead over other cars. Ontario figures showed that twenty-seven per cent of all cars sold since the first of January were Chevrolets and that practically half of all the cars sold in the same province were General Motors cars.
Quoting from an address delivered before the gathering by W. C. Herring, general sales manager for General Motors, Mr. Webster stated that 1930 would prove to have been a rock bottom year and that if the men of the industry worked conscientiously, taking advantage of every opportunity that Canada offers at this time, this year would usher in the beginning of five of the most profitable years motor car dealers have ever experienced.
A feature of the meeting, was the award of General Motors "Efficient Service Management" merit pin to two of the service managers of dealers in this zone. The idea behind the award was to enable General Motors dealers to raise to a still higher degree of efficiency the servicing of motor cars to the public.

Bank clearings continue to flow in and out of the Sherbrooke Clearing House at a low ebb. The total for the past week ending April 16, figures issued by the local house yesterday reveal, was \$285,078.12, a decrease of \$146,532.48 compared with the corresponding week last year.
Last week's figures also recorded a decrease of \$249,087.41 compared with the week ending April 18th, 1929, when the clearings amounted to \$1,074,165.53.

Before entering into possession of the new premises in the McManamy & Walsh block, opposite His Majesty's Theatre, there will be a sale of all the charming things in the Wark shop at 25 Wellington street north, and in many cases the prices will be cut in half.
"A new shop naturally calls for everything new," said F. E. Wark, "and even all my fixtures will be new."
table. A Christmas recitation by Isabel Ross and a duet "Silent Night" by Misses Pergau and Crawford completed the programme.
A salad supper was served at which a large number sat down, the hostesses including Mrs. H. W. S. Downs, Mrs. H. R. Bassett, Mrs. C. E. Sterling, Mrs. G. G. McCurdy, and Mrs. I. J. Parnell.
The visitors were received by the president, Mrs. W. J. Lane, and Mrs. F. R. Matthews. Mrs. F. Gagnon poured tea and Mrs. R. S. Lippsey was in charge of a food sale which proved very popular. Daffodils were used in decorating the table where tea was poured.

FINDINGS OF COMMISSION ON WHEAT MATTER

General Public Criticized in Investigation Headed by Sir Josiah Stamp.

WINNIPEG, Man., April 17.—The cloak of mystery had been torn aside today from the "Bad Man" in the Grain futures market, exposing to view none other than the "general public." The Royal Commission, marshalled by Sir Josiah Stamp in its quest for the selling in a bull market which is not legitimate hedging, appeared to have reached the conclusion that the common people are the quarry.

Three days of the four-day Commission sitting at Winnipeg were necessary before the eminent British financial expert was able to track down the elusive trader who is classed by futures market supporters as the heavy loser when prices are bulled. If satisfied, the Commission will turn now to the substantiation of statements that the farmer profits through the futures mart.

Soon after the Commission opened Monday, Sir Josiah said he sought the speculator who was a benefactor to the farmer, "doing his good deeds by stealth." Tuesday, with the aid of James A. Richardson, nationally known grain man, he divided sellers on a bull market into legitimate hedgers and out and out gamblers. Yesterday Dr. A. B. Clark labelled the general public as the gamblers.

The Commission is to return its report on "What effect, if any, has the sale of grain futures on the price of grain for England on April 29." Yesterday the inquiry held its last day of session in Winnipeg, prior to a two-day trip across the prairies, to be followed by two days of session at Winnipeg next week and a swing to Minneapolis and Chicago.

MUCH ACTIVITY REPORTED FROM STANBRIDGE E.

Women's Institute Held Meeting—Societies Hold Busy Sessions.

STANBRIDGE EAST, Que., April 17.—The regular meeting of the Women's Institute was held at the home of the president, Miss Corey, on Thursday afternoon, April 9th, with a good attendance of members and one visitor. The regular routine of business was disposed of, after which a paper on "Insects" was read by Mrs. Fred Laraway. Roll call was "Favorite Salads," when the members exchanged recipes.

The April meeting of the Ladies' Aid was held at the home of Mrs. H. M. Carter on Wednesday afternoon, April 8th. The meeting was opened by the president, Mrs. Frank Corey and the minutes of the last meeting were read and approved. The treasurer's report showed the proceeds from the St. Patrick's supper to be \$20.50 and from the sugar social \$11.10. A bill for flowers was paid and the usual routine of business transacted. The meeting closed with the mizpah benediction, after which the members partook of refreshments.

On Tuesday afternoon, April 7th, the regular meeting of the Willing Workers of St. James' Church was held at the home of the president, Mrs. Percy Rhicard, with sixteen members and three visitors present. A letter of appreciation was read from Miss Ida Blinn for flowers sent her while she was in the hospital. At the conclusion of the business meeting a social afternoon was spent, until the tea hour, when the hostess, assisted by her son, Mr. E. Alton and Mrs. M. Callaghan, served refreshments. In the evening Mrs. Rhicard entertained at seven tables of cards. Refreshments were served by Miss Doris Kemp. The first gentleman's prize was won by Mr. Clifford Rhicard and the consolation by Mr. J. Everett.

There was a very good attendance at the 11 o'clock service in St. James' Church. The beautiful roses which were placed on the altar were a memorial to Private Edson Callaghan, who gave his life for his country at Vimy Ridge on April 9th, 1917.

The Ladies' Aid of the United Church were hostesses recently at a sugar social. The sugar, which had been donated by Mrs. Walter Curriegan, who gave his life for his country at Vimy Ridge on April 9th, 1917.

The members of the Women's Auxiliary conducted a very successful food sale in the empty store owned by Mr. Rhicard, Mrs. Walter Curriegan and Mrs. Charlie Montie had charge of the sale when the sum of \$10.00 was realized.

On Friday evening, April 10th, a dance was held in the Memorial Hall with Kimball's Orchestra in attendance. There was a large attendance. Novelties such as hats, horns, whistles, serpentine, confetti and balloons were presented to the guests during the evening and a good time was enjoyed by all. Lunch was served by members of the Women's Institute and was in charge of Mrs. C. M. Montie and Mrs. Charles Moore.

Mr. Edward Scagel was accompanied by Dr. Draper to the Royal Victoria Hospital, Montreal, on Sunday afternoon for special treatment. His many friends wish him a speedy recovery.

Wm. Yates spent a recent week-end in Montreal, a guest of Mr. and Mrs. Harold Blinn. The Misses Beulah and Mildred Blinn spent the past week-end at their respective homes here. Miss Lois Baker, of Stanbridge Ridge, has been spending several days at the home of her aunt, Mrs. Donald Blinn and Mr. Blinn. Mr. and Mrs. M. E. Voy, of Montreal, were Sunday guests of the latter's sister, Mrs. Clarence Boffin and Mr. Boffin. Mrs. Bert Campbell, of Farnham, spent several days recently at the home of her mother, Mrs. May Callaghan and Mrs. Asa Westover. Miss Lois Hauver, of St. Luke, spent the Easter holidays at the home of her sister, Mrs. George Tremblay.

THREE DROWNED WHEN ICE BROKE ON NORTHERN RIVER

Mother, Son and Young Nephew Were Crossing River Near Mistassini to Visit Friends.

ROBEVAL, Que., April 17.—News of a sad drowning fatality which cost the lives of a mother, her son and the woman's little nephew, has just reached here from Mistassini. The victims, Mrs. Elzeaz Tremblay, aged fifty-two, her son Paul, aged eighteen and the woman's little six year old nephew, son of Auguste Tremblay, started out late Monday afternoon to cross the ice on the Mistassini River, to visit the woman's daughter, Mrs. Boivin, residing on the opposite shore. The party had traversed half the distance when the ice suddenly broke beneath their weight and all three were thrown into the icy waters in full view of the daughter who was waiting their arrival at the bank. Mrs. Boivin immediately rushed for help, and though her husband and several other neighbors were soon on the scene, no trace of any of the three could be found. Late Tuesday afternoon men grappling in the vicinity of the accident succeeded in bringing up the bodies of Mrs. Tremblay and her son, but the body of the six year old boy remains unaccounted for.

WORKMEN JUMP INTO ACID TANKS TO ESCAPE FLAMES

Fatally Injured Workman Was Married Just Before Dying Horrible Death.

KATOWICE, Silesia, Poland, April 17.—Panic stricken, six workmen today sought to escape from a fire after an explosion in the Laura foundry here by jumping into a tank of chloric acid. When their comrades pulled them out, badly burned one of the workers begged for a priest and his fiancée and was married to her just before he died. Condition of the five is hopeless.

A FINANCIAL QUESTION

"Oh, Mr. Pitt, perhaps you can tell me—what does it cost to divorce one husband and marry another?" "I'm sorry—I don't know the present rate of exchange."

REJUVENATOR ABANDONS MANY FORMER PRACTICES

Theory of St. Louis Seeker After Long Life Fine for Man With Nothing to Do.

ST. LOUIS, Mo., April 17.—Back from Switzerland where he founded a research laboratory in an effort to learn the secret of old-age rejuvenation, Park G. Hammer, retired St. Louis paint manufacturer, announced yesterday he had abandoned several courses projected in his book, "Growing Young and Staying Young; or Longer and Better Living."

When practical experimentation is begun, probably within three years, members of his colony will not be required to walk about like animals, Hammer said. The plan of eating in a horizontal position, as set forth in his book, also has been discarded, but Hammer said he still held to his original contention that some benefits may be derived from sleeping on a log. The matter of intervals in which to sleep is conjectural. Hammer's original formula decreed frequent short periods, at no time more than two hours.

Another change in Hammer's programme is that surf swimming from 70 miles at the start to 12 hours at the end of the programme will not be required. Hammer, who is sixty-seven years old and wealthy, has been dubbed "Mr. Methusalem" by London and Paris newsmen.

OSNARBRUECK, Germany, April 17.—A new rocket invented by Reinhold Tilling, aviation engineer, was tried out here yesterday. It reached a height of over 6,000 feet where a pair of wings was automatically unfolded and the rocket lifted back to earth undamaged. It was charged with powder. Tilling said he was confident he would be able to construct a man-carrying rocket next year.

HORSEPOWER COST TODAY.

To judge a pair of horses you have to have their side by side with each other. Each point has to be compared.

Much has been written about the Ontario Hydro-power Commission and the power it is generating at Niagara Falls, and of the exceptionally low cost at which it is being sold.

Across the river from the Canadian Horse-shoe Falls the Buffalo and Niagara Power Company have a plant drawing power from the same source.

The Ontario power for industry is sold at 9.5 mills per kilowatt hour, whilst the United States privately owned plant sells it at 6.4 mills per kilowatt hour.

Most of the shallow arithmeticians overlook taxes in their comparisons.

To be sure Buffalo is a vast wholesale market. So is Toronto. Quite as vast. Other palpable inaccuracies and untruths are sent abroad by the demagogic supporters of wasteful politically operated utilities.

Lennoxville enjoys a lesser rate for power than does Sherbrooke, and yet according to the basis of population and wholesale quantity selling, the Lennoxville price should be far higher.

Montrealers pay three and a half cents per kilowatt hour, whilst Sherbrooke pay six cents for light. There has been such a decrease in the cost of distribution of electricity within ten years that Sherbrooke citizens should be paying about four and a half cents net for lighting, on its basis of consumption.

There are corporations in Sherbrooke who get their horsepower supply much cheaper than do other concerns, but they are good bargainers. In the language of the ward-heeler, "they have a pull," whilst the committee is in secret session.

JACOB, THE LEGERDEMAINIST.

One prolific writer in Montreal Mr. Hemming, thinks that we should adopt measures to balance population in Canada, that the right proportion of people should live in the rural and in the urban districts, "so that the people in the cities and towns will consume the products of those in the country, and vice versa."

The writer is one of those who gets up every morning and opines "There should be a law" to prevent or to correct aught that may displease him in his walk downtown.

As well might he try to correct the gender of the calves on the farm at Siccawei Lodge by prenatal seancer.

By the way the proprietor of this outstanding Jersey Farm in Stanstead County must have the good fortune of Jacob, who had such grand luck with Laban's herds when he hired on the basis of getting every black calf, and thereafter every calf born was black. When Laban changed the colour to red, lo and behold, all the calves came to Jacob because they were red.

At Siccawei Lodge Farm this year the chief herdsman, Charlie Thomas, says that of the first twelve Jersey calves—and they look like young does—there were eleven heifers and two of the dams had twins. Who among our farmers can beat that?

GOVERNMENT ESTIMATES.

The taxpayers of Canada will find some slight solace in the estimates for the Government expenditures in 1931. Total reductions in all departments are \$37,327,754. The largest saving is in a curtailment of new public works, over ten millions of the thirty-seven.

The Minister of Agriculture gets \$414,564 more for his department, even whilst the farmers are the most persistent in calling for economy in administration.

Pensions climb up \$643,029, even though the war has been over thirteen years since.

National health costs and Government or Civil Service pensions advance nearly a million dollars, whilst the Minister of Trade and Commerce is given \$317,797 more to experiment with assistant commissioners and other trade promotions.

Post Office estimates are cut by \$1,372,017, which would indicate that there will be no further extensions of rural mail delivery or aviation mail.

The Department of Dominion Lands, which has become almost a zero as far as its further maintenance is concerned has been cut in half, with a saving of \$2,764,953.

But with the public debt climbing up and the C. N. R. and the Harbour Commissions showing mounting deficits, there is an increase of \$1,631,500, the amount required to meet interest on the added net public debt of the Dominion.

There are capital investments which mean further expenditures on permanent works for

Railways and Canals, public buildings and works and expenditures on lake and ocean ports which total \$18,484,243 in all three departments. Much of this might have been laid over for a year. Canada pays interest on her public debt of over \$124,000,000, which amount exceeds the total budget needs of the whole Dominion for three years when Sir John Macdonald came into power in 1878.

EDITOR'S NOTE BOOK.

Lennoxville has published a leaflet on "the Ideal Town" in which the story of the city of homes is told in a nutshell by the editors of the Board of Trade, and the allure of the town is set forth in succinct form. The town will establish a regular Tuesday market, and the several hundred farmers who will join in bringing fresh provender to town will not find a single professional trader on the stands. To get a place on the Lennoxville market the imitator of the farmer will find it mighty hard. The suggestion has been made that each stand should be placarded with the name and location of the farm owner, and that professional traders be barred.

"Don't diet. Eat wheat." Preserve that sylph-like figure with rational eating of what you like best. The starvation menu of a bit of toast and a glass of water for a healthy man or woman is a blight on commonsense. If you feel like Oliver Twist of a morning eat two Shredded Wheat biscuits, and get a third if the bell has not ceased ringing. Eat wheat, and more wheat. It is nature's ration for the healthy male, with all the proteins, vitamins, and other fandangoes the diet doctors so glibly talk of to mystify the plump person who envies the lath-like. You seldom see a stout Scotchman, for he maintains his girlish figure with his morning cereal of shredded wheat or oatmeal, and with his activity in chasing the elusive dollar. Eat wheat, and stay strong. Don't weaken!

We may deride the Russians and the convict and community labour where they pool together to peel the pulpwood. But when we compare the two products together we cannot peel any bells of praise. The folks up the Moe and Salmon Rivers who cut and peeled the pulpwood which came down this week can take up another notch in their belt if they want to equal the finished product of the Russian serfs, peasants and convicts. When the mills would take any old thing, that was just what we got, for 'tis ever the insistence for quality that gains it. But the war is over long ago. The seller must do his bit, and the producer should have his nose rubbed against some of the rough stuff I saw bobbing down the river this week.

FRONT WINDOW MUSINGS

Canada won't turn Socialist. Why should it, when anybody who wants it can get a Federal appropriation?

Blessed is the famous man, for all his trite sayings shall be quoted as gems of profound wisdom.

It is not difficult to meet important people. You just lose sleep enough to make you seem dumb and then neglect to shave.

The average woman quite often makes a monkey out of her husband. It's really a great improvement in some cases.

The bear market has been educational at least. The mining brokers have learned that a burnt child dreads fire even after it's out.

Here's hoping the bedtime story will soon be changed. We are a bit weary of listening to "The Great Big Bear and The Teeny-weeny Bull."

"Nevada plans to grant divorces after forty-two days of residence." Doubtless the next step will be a slot machine which delivers a divorce when a penny is inserted.

THIS DAY THIRTY YEARS AGO

From the Files of the Sherbrooke Record, April 17th, 1901.

Edward Westman, Jr., and J. H. Barker have been elected wardens of St. Paul's Church, Marlboro. At Moe's River a son was born to Mr. and Mrs. St. Marie, and a son to Mr. and Mrs. Henry Bliss, at Acorn Vale. A daughter arrived at the home of Mr. and Mrs. T. A. Bonner.

Water in the St. Francis River is very high and flats on both banks of the stream are flooded at many points. Lansdowne street is under water between the Hovey and Jencks plants, and parts of Windsor street, East Sherbrooke, resembles a Venetian canal.

Visitors to Sherbrooke from Townships points include A. C. Crepeau, mayor of St. Camille; G. H. St. Pierre, Coaticook; C. J. Burbank, Danville; Mrs. Ramsay, Bury; and Mrs. M. F. Hackett, Stanstead, who is visiting her son, John Hackett, a pupil at St. Charles Seminary.

The Magog town hall and several other buildings were destroyed by a fire, which caused a loss estimated at \$40,000, with but \$16,500 insurance. A fire engine and reel from Sherbrooke, under charge of Captain R. G. Davidson and fireman A. L. Boudreau and John Cole were called into action before the flames were brought under control. The Sherbrooke boys got "thanks" for their good work.

John Boeten, employed at the Jencks Machine Shops, had one of his legs broken when a heavy piece iron fell on him.

At a meeting of the City Council a letter from the W.C.T.U. was read, asking the Council, in the best interests of the youth of the city, not to increase the number of liquor licenses. The missive was signed by Emily Skinner, president, and Alice M. Hyndman, secretary.

Joseph E. Goodwin has been appointed a Councillor at North Hatley to fill the vacancy caused by the death of Andrew Gordon.

Ex-Mayor Joseph Irwin, a son of one of the pioneers of Melbourn, died at Richmond at the age of fifty-three years.

W. A. Clearibus has been appointed manager of the United Asbestos Company, Black Lake, and an early commencement of active mining work is expected.

The following have been appointed officers of the Methodist Sunday School at Beebe: Wm. Haselton, M. P. Dixon, Ross Brooks, Misses Edith Norton and Agnes Harris.

COUNCILS HELD BUSY SESSIONS; SUTTON NOTES

Town Council Held Regular Meeting, When Many Matters Were Brought Up and Discussed.

SUTTON, Que., April 17.—A regular meeting of the town council was held on Tuesday, April 17, Mayor Darbo presiding, and a number of councillors, with the exception of Lawrence Smith, being present.

The minutes of the previous meeting were read and accepted, except that Mr. George Ingalls replaces Mr. Harold Brown as roll inspector, divisions 24 and 70. Bills amounting to \$260 were presented and accepted. The valuation roll was amended as follows: Mrs. Frank Grenier, in place of Mrs. T. Tibbitts, as owner of part of Cad. No. 1487 and 1488; Mr. Delbert L. Blanchard in place of Mr. Geddon Babin, as owner of Cad. No. 472; Mr. T. J. Tatro, in place of Mr. Thomas Willey, as owner of No. 1136; Mr. Harold P. Ledden in place of Mr. G. Goyer as owner of No. 1363-4-5; and Mr. Arden Miner in place of Mr. Avery Jones as owner of No. 374.

Mrs. T. Tibbitts, as owner of part of Cad. No. 1487 and 1488; Mr. Delbert L. Blanchard in place of Mr. Geddon Babin, as owner of Cad. No. 472; Mr. T. J. Tatro, in place of Mr. Thomas Willey, as owner of No. 1136; Mr. Harold P. Ledden in place of Mr. G. Goyer as owner of No. 1363-4-5; and Mr. Arden Miner in place of Mr. Avery Jones as owner of No. 374.

A rate totalling 15 1/2 mills was levied, divided thus: 7 1/2 mills for general purposes, 5 mills for summer roads, 3 mills for winter roads; payable on or after the 15th of June next, with a discount of 1/2 mill allowed for early payment. This is the same rate as levied for last year, but a larger fall of snow during the past season will probably require the full amount levied for the work that it was necessary to have done.

MEETING OF VILLAGE COUNCIL

A meeting of the Village Council was held on Tuesday evening, April 17, Mayor C. U. Tatro, presiding. The minutes of the previous meeting were read and approved. Bills amounting to \$172 were presented and these were accepted and ordered paid.

Councillors Robert Hill and Arnold Thompson advised of a motion for a by-law to be brought before the next meeting, to levy a rate of 8 1/2 mills, with 1/2 mill allowance for early collection, the same as last year.

It was resolved that municipal wages for the present year shall be twenty-five cents per hour for a man and fifty cents per hour for a woman and team. It was decided that the industrial committee be permitted to draw on the treasurer for funds to advertise the village up to an amount of \$200, with the object of attracting new industries.

General Notes Misses Lillian and Pauline Breese spent a day with their aunt, Mrs. A. A. Breese, before returning to their homes in the city.

Mr. Gordon Fulcher, of Hemmingford, who has been visiting friends at Sutton, returned to the city to resume his studies this week.

Miss Jessie Morrison, who has been spending the college holidays with her parents, Mr. and Mrs. George Morrison, returned to McGill University on Tuesday morning.

The Misses Marlon and Helen Martin, returned to Montreal on Sunday night, and resumed their school work there.

Some trouble with the engine stalled the Montreal-Newport train between this village and Enlaugra, on Monday night. The mail was delayed for some time. An engine from a double-header freight brought the passenger train here.

Mr. and Mrs. Sturgeon motored from Montreal on Monday and called on Mr. and Mrs. L. J. Longeway. They returned to Montreal in the evening.

THREE KILLED IN BURMA DURING REBEL OUTBREAK

Another Native Pretender King Causes Trouble for Burmese Villagers.

RANGOON, Burma, April 17.—Three police including a Burmese officer, were killed today in a battle between followers of a new native pretender "king" and a small force of constabulary in the Thayemyo district.

The Burmese rebels, who wear khaki uniforms, are creating considerable disorder in Kama township villages, in some of which the headmen have been assassinated. Military police and a section of a Punjab Regiment are en route to the scene.

AGED NUN HAD RENDERED LONG SERVICE TO CHURCH

Rev. Mother Sainte Marthe, Who Died at St. Hyacinthe, Held Posts in Canada and New England, Including Farnham, Que.

ST. HYACINTHE, Que., April 17.—Rev. Mother Sainte Marthe, nee Domithilde Ducharme of the Sisters of Charity of St. Hyacinthe, died here yesterday aged eighty-six. She was a member of the order for over sixty years and filled many important positions in New England.

During her long service to the Roman Catholic Church she was the founder and superior of the mission at St. Denis-Richelieu, Que., superior of the St. Anne School at Manchester, N.H.; general superior of the Order; superior at Farnham, Que.; superior of the Hospital Notre Dame de Lourdes at Manchester, N.H.; superior at Woonsocket, R.I.; and superior at Mariaville, Que.

RUSSIA HOLDS SERIOUS THREAT AGAINST COTTON

Eighty Per Cent. Increase in Soviet Production Seen as Menace to United States Industry.

WASHINGTON, April 17.—A Russian threat to the United States cotton producers is remarked by Carl Williams, member of the Federal Farm Board. Russia's reported intention to increase its cotton production this year by 80 per cent means that the Soviets will not import United States cotton, and will offer increased competition to the United States product in foreign markets.

Cotton is by far the most important agricultural export from the United States. Russian competition in cotton offers twice the threat that entrance into the wheat market does.

Mr. Williams said Russia formerly imported an average of 350,000 bales from the United States yearly. This year, however, Russia exported about 160,000 bales and imported less than that from the United States. If her intention of increasing production worked out, she would not only be able to supply her own needs, but would offer more severe competition in foreign markets.

"VESTRIS" OWNERS TRY TO LIMIT THEIR LIABILITIES

Damage Claims Filed Aggregate More Than \$5,000,000 in Case of Vestris, Which Went Down With Loss of 112 Lives.

NEW YORK, April 17.—Owners of the steamship Vestris, which sank more than two years ago with a loss of one hundred and twelve lives, sought in Federal Court yesterday to limit their liabilities to \$90,000, although damage claims filed aggregate more than \$5,000,000.

Attorneys for the owners and operators, the Liverpool Brazil and River Plate Steamship Navigation Company, Limited, and Lamport and Holt, contended unless negligence could be shown the owners were not liable for the loss of lives or property. They sought an order from Federal Judge Goddard to limit their total liability to the value of the sunken vessel and her freight charges.

Under admiralty law, it was pointed out, the total that may be recovered in marine accidents is the value of the vessel itself after the accident and the freight charges. In this case the ship is a total loss, thereby leaving the freight charges as the only asset.

RUSSIAN SOCIAL SERVICE SCHEMES PROVING COSTLY

Insurance Department Paid Out Over Twenty-One Million Rubles in Benefits for Fifteen Months.

MOSCOW, April 17.—Soviet Russia, where there is no unemployment, has no gold, but the Government's Social Insurance Department has just published a statement showing an expenditure of 21,119,100,000 rubles, (nominal value of ruble about fifty cents), in the fifteen months ending January 1.

Of the huge sum, 459,200,000 rubles were expended in relief of temporary disability of workers; 386,100,000 for pensions to the aged and orphans; and 429,100,000 for free medical aid to workers and employed.

Smaller sums went for maternity allowances and unemployment benefits, the latter being obtained in the last quarter of 1930, when unemployment disappeared and workers came at a premium.

During 1930, the Social Insurance Department maintained 661,270 workers and employees in rest homes, 75,590 in sanatoria, and 10,500 in health resorts. At the same time, the department invested 226,100,000 rubles in workmen's housing schemes and 66,100,000 in schools for training and retraining skilled labor.

In Soviet Russia, social insurance is obligatory upon all employees, both the state and extra-state.

CLEVELAND FINANCIER IS INVOLVED IN DIFFICULTY

Suits Against Cyrus Eaton and Others Allege Illegal Stock Transactions Involving More Than \$9,000,000.

CLEVELAND, Ohio, April 17.—Cyrus Eaton, Cleveland financier, who led the foes of the proposed billion dollar Bethlehem Steel-Youngstown Sheet and Tube merger, some of his financial assistants, and some of the finance companies in which he is associated, were attacked in three suits filed here yesterday.

The suits allege illegal stock transactions involving more than \$9,000,000. Because of the alleged illegal transactions, \$1,082,599.25 are due stockholders of Continental Shares, Inc., Eaton holding company, it was said.

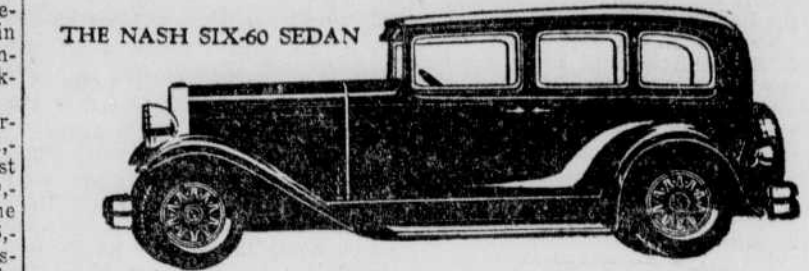

Eaton was charged with dominating Continental for private ends, principally to use it in blocking the proposed steel merger, which is now under injunction.

TORONTO, Ont., April 17.—A graduated tariff against all raw furs

of Russian origin that are in competition with furs procurable in Canada, with the provision that all dressed furs partially or wholly manufactured be left a part of the embargo list, will be recommended to the Dominion Government as part of a resolution adopted here yesterday at the second annual convention of the Furriers' Guild of Canada. F. D. Burkholder, of Ottawa, presided.

She was happy as could be at Aunty's, and romped and played the whole day long — till bedtime came — then a terrible fit of homesickness came over her. 'Aunty was at her wits' end . . . till she thought of Long Distance. In just a few seconds Dorothy's mother was talking to her little girl . . . quietly, firmly, cheerily . . . then she told her to let Aunty tuck her away in bed. Everything was all right after that. Dorothy felt that her mother really wasn't far away after all. And the telephone had saved Aunty from an awkward predicament — at a cost of just 35 cents."

SCHOOLS WILL CONSOLIDATE IN TOWNSHIPS

Protestant Committee of Education Has Arranged for Consolidation of Two More Districts in This Section of Province.

The programme of consolidation of rural schools, which has held the attention of the Protestant Committee of the Province of Quebec Council of Public Education, is being carried out with considerable success.

The other consolidation in this section of the province is at Sawyerville, where plans will be completed at an early date that the new school may come into operation by next September.

INDUSTRY CAUSED BY OVER-CAPITALIZATION

(Continued from Page 1) of capital investments in one year of twenty per cent.

"Facing the facts in an impartial manner it seems incredible that \$58,000,000 of additional capital should be sunk in capital investment in this industry in this province in a year when there was very real danger of a price war breaking out at any moment.

"The companies mentioned by the Premier, together with the operating profits shown in their reports were, as quoted by Mr. Taschereau: Abitibi, \$7,347,000; Canada Power and Paper, \$6,185,000; St. Lawrence Corporation, \$1,400,000 and Price Brothers, \$3,330,000.

"How did it get there? There is only one answer, and that is through the promoters' 'to get', and this is no abuse of language.

"Such being the leading principles underlying this business, look now at the details of the performance," said the Premier. "Over one year before the stock market collapse of 1929, the newspaper stocks began to slip from their former positions.

"Back in 1913, production had been only 350,000 tons per annum. By 1922, the total was over 1,000,000 tons, or three times as much.

"In the meantime, what of the market?" asked the Premier. "In 1922 Canadian mills operated at close to capacity or, in other words, they were able to sell practically all they produced. This condition, fluctuating slightly from time to time, continued in 1925 and remained almost as favorable until 1926.

INTERESTING ADDRESS GIVEN Y'S MEN'S CLUB

Mr. Stuart Sanders, Bursar at Mr. Sturt's University, Delivered a Splendid Talk on Australia and New Zealand.

"A trip to Australia and New Zealand" was the text of a very interesting address delivered to the Y's Men's Club last evening by Mr. Stuart Sanders, bursar at Bishop's University.

Interesting sidelights on the French colony, Tahiti, the British settlement, Rarotonga, the Fiji Islands and Honolulu were gathered during the evening, and the benefit which the members derived from Mr. Sanders' talk were expressed by Mr. Murray Simmons, who heartily thanked the speaker for his address.

A business session was then held and an offer was read from the Omega-Alpha Club to take part in the boys' camp project by providing the furnishings for the permanent building at the camp site.

The attention of the district was called to the Y's Men's members convention, which is to be held in Quebec City at an early date, and at which the principal speakers will be Messrs. Henry Grimes and Millette. President Bob Rich called made reference to the financial committee which the Y.M.C.A. will undertake to raise \$4,500 to meet the liabilities. This "drive" will be under the direction of Mr. D. T. Diplock, who will be assisted by four teams.

"In spite of these circumstances, such are our water power, it is surprising to realize that the paper companies uniformly have maintained good operating profits. We need no further proof of the inherent strength of a leading basic industry, vital to the prosperity of the province, especially so that the province of Quebec.

"The financial development of any basic industry is a public question and the present crisis is not a matter of concern only to the promoters and their clients, but is a matter of concern to every citizen of Quebec. We have reviewed the various factors in this industry and have seen the unwarranted over-expansion out of all proportion to demand and falling prices. We have seen the situation brought up by artificial arrangements and in the face of these circumstances the promoters of Quebec threw \$58,000,000 of the public's money into additional capital investments in this industry in 1929. This proficiency in clapping a crushing mortgage on an essential basic industry, can come as easily to our promoters as falling off a log.

"This discussion is not primarily interested in offering a solution to the present crisis in the industry but the solution is obvious and can be stated in a word. The antiseptic treatment of squeezing out the watered stock, though a painful process, would seem to be a common sense treatment to bring about recovery. With new spirit prices seeking their own level, and a revaluation of capital assets downwards, the present artificial situation could be exploded and there should be no reason why decent profits could not be made on a proper capital valuation.

"As we have seen," concluded the Premier, "the blame is not upon the Government of Quebec, which with prophetic insight sent out its warning in time. The whole story would take a volume to tell, but possibly enough has been said to indicate the fimsiness of the structure of the paper industry's financing. Looking at the paper industry, solely as an industry, it is profitable only, as is amply evidenced by the last financial statements of such companies as Abitibi Power & Paper Company which showed a profit of \$7,347,000; the Canada Power & Paper Company, a profit of \$6,185,000; St. Lawrence Paper Company, a profit of \$1,400,000, and Price Brothers showed a profit of \$3,330,000.

"These are only four and not all the companies engaged in this industry, and yet for the above named companies we have a profit of over \$18,000,000 in one year. But when we examine the methods of financing the record with regard to the industry's securities, it becomes obvious to all that the real cause of the present dilemma has been the promoter's insatiable desire to make."

LOCAL NURSING SCHOOL AWARDS MANY DIPLOMAS

Fifteen Graduates of 1931 Class of Sherbrooke Hospital School for Nurses Received Diplomas Yesterday Afternoon—Largest Class in History of Hospital.

The Nurses' Home was on fête yesterday afternoon when fifteen graduates of the 1931 class of the Sherbrooke Hospital School for Nurses received their diplomas, and prizes were presented to several of the class for outstanding merit and skill in different branches of their training.

Miss Buck must indeed have been gratified when she presented her class, the largest in the history of the hospital, to the president, to find such a large concourse of relatives and friends of the graduates assembled for the graduation exercises, which were held in the recreation room of the home. Attended by their "guard of honor" composed of the senior nurses-in-training at the Sherbrooke Hospital, Miss Buck and the graduates, namely the Misses Margaret J. Gelin, A. Louise Dougllass, Margaret E. Mason, Frances A. S. Hickman, Aileen M. McArdle, A. Vivian Hatch, Myrtle J. Carmichael, Doris M. Carmichael, Florence C. Wardlaworth, Dorothy Whitteher, Elizabeth F. Bonner, Ella D. Vintiner, Juliette Cabana, Geraldine E. Finlay, Ella G. Kezar, entered the room. Immediately following the invocation by Rev. W. H. Cheverton, Mr. D. J. Salls, chairman of the Hospital executive, on behalf of the Board, welcomed the visitors and expressed pleasure at the large number who had accepted the invitation to be present on the auspicious occasion when, after their years of training the graduates of the Hospital School for nurses would receive their reward from the president in the form of diplomas.

The tenth annual meeting of the Sherbrooke Ladies' Curling Club was held last evening at the Magog House. Prior to the meeting the annual banquet took place when the president, Mrs. J. G. Ranshouan, presided, assisted by the two honorary presidents, Mrs. F. H. Bradley and Mrs. G. S. Thomson, with Mrs. C. B. Howard and Mrs. F. N. McCrea as special guests-of-honor. Spring flowers and club trophies adorned the table, and at the conclusion of the enjoyable and delicious dinner the toast to the King was honored.

The various reports showed a very successful and enjoyable season. One rink took part in the Dominion competition in Montreal and friendly games were played with Quebec and Lennoxville. The social activities of the club were exceptionally numerous, two successful bridge parties being given in addition to the regular weekly teas at the rink.

The presentation of prizes by the president, was the next proceeding. The rink match prizes were won by Mrs. S. G. Newton, Mrs. A. E. Waite, Mrs. K. B. Jenckes and Miss I. L. Cobleigh (skip). The gold pins were donated and presented by Mrs. G. S. Thomson. B. Howard, Mrs. McCrea, Mrs. G. A. Forbes, Mrs. G. Bambridge and Mrs. W. Kinkead (skip). The Howard Cup Trophy was won by Mrs. L. Olen, Mrs. H. Goodhue, Mrs. G. Bambridge, Mrs. W. Kinkead (skip) and the silver pins were presented by Mrs. B. Howard. Mrs. R. Stevenson, to whom Mrs. Thomson presented Scotch "tams." The runners-up, Mrs. A. E. Waite and Mrs. W. H. Wiggert, received silver emblem pins. The granite points competition was won by Miss Florence Ingram, who received a gold pin donated and presented by Mrs. F. H. Bradley, while the runner-up, Miss I. L. Cobleigh, received a silver emblem. The iron competition was won by Mrs. W. Wiggert with Miss I. Ingram as runner-up. Miss Todd donated and presented gold and silver pins in this competition.

Following the presentation of prizes the election of officers took place, resulting as follows: honorary presidents, Mrs. F. H. Bradley and Mrs. G. S. Thomson; president, Mrs. J. G. Ranshouan; first vice-president, Mrs. K. B. Jenckes; second vice-president, Mrs. B. Howard; secretary, Miss I. L. Cobleigh; treasurer, Mrs. G. Bambridge; convener of matches and competitions, Miss Florence Ingram; and representative to the Ladies' Curling Association, Miss I. L. Cobleigh.

and dainty sweets, over which Mrs. W. E. Paton and Mrs. D. J. Salls presided, while a bevy of nurses in their becoming uniforms looked after the wants of the many guests. Last evening an informal dance was held for the graduates in the Nurses' Home. Miss Buck and Mrs. D. J. Salls received the guests, who numbered about seventy friends and relatives of the 1931 class. Later, delicious refreshments were served and the long anticipated "Graduation Day" was brought to a close.

At the close of the impressive graduating ceremonies, the scene shifted to the living-room with doors opening to the broad verandah with its magnificent outlook over the St. Francis valley and the panoramic view of our city scattered on its farther banks. Flooded with brilliant spring sunshine, which seemed to cast a benediction over the line of graduates, who, carrying their gorgeous bouquets of golden tulips and purple sweet peas, and holding ribbon in the same colors, and chiffon fast their precious diplomas and prizes, stood with Miss Buck to receive the congratulations and best wishes of parents, relatives and hosts of friends. In this same room was placed the attractive tea table with its glowing center of purple and gold spring flowers, matching the tapers

SOCIAL AND PERSONAL

Mr. and Mrs. C. E. Bentley, Mitchell School, received news yesterday of Mrs. Bentley's sister's death in Leeds, Yorkshire, England.

The many friends of Mr. Albert W. Reid, former avenue, who is a patient at the Sherbrooke Hospital, where he underwent an operation for appendicitis, will be pleased to learn that he is making satisfactory progress.

Mrs. Florence Bunclark, Mrs. Pearl Prescott and Messrs. Gordon Smeardon and Bert Noble have returned from Galesia, Ont., where they were called by the tragic death of little Russell Allison, son of Mr. and Mrs. Willard Allison (Sadie Year), formerly of Eustis, Que.

The first Troop Boy Scouts Mothers' Auxiliary met last evening at the home of Mrs. W. Shepherd, Hall avenue. There was a good attendance and the usual business routine was carried out. Hostesses centered the tea table at the next meeting will be at the home of Mrs. A. Smith, Bowen avenue south.

Mrs. J. A. Bourque, president of the Women's Association of Plymouth United Church, presided at a short business session held yesterday afternoon in the church hall. Plans were completed for a birthday salad tea to be given under the auspices of the Association. Married couples centered the tea table at the tea hour when Mrs. Gordon Bambridge and Miss Ranshouan were the hostesses and Mrs. W. H. Abbott poured tea.

The Easter thank-offering meeting of the Women's Missionary Society of Trinity United Church was held yesterday afternoon in Wesley Hall, Mrs. Mackie Fuller, the president, occupied the chair, and there was a good attendance of members. A beautiful Easter poem was read by Mrs. W. S. Lennon, and a most interesting reading on "Our Allocation Window" was given by Mrs. George Hall. The familiar and ever-popular solo, "There Is a Green Hill Far Away," was sung ably by Mrs. J. K. Edwards with Mrs. I. Dean as accompanist. At the tea hour Mrs. Walter Mutchler was the convener, with Mrs. F. C. Clark, Mrs. R. D. Wood and Mrs. R. E. Richardson assisting. Pink tuipts with matching candles centered the pretty tea table, presided over by Mrs. George Armitage.

One of the most delightful festivities given in honor of the 1931 graduating class of the Sherbrooke Hospital School for Nurses was arranged by Miss Buck for Wednesday evening, when "all by themselves the graduates gathered as a class for the last time in the loved and familiar surroundings of the Nurses' Home. The girls first attended the Granada Theatre, afterwards returning to the Home, where in the class room a long beautifully appointed table was charmingly decorated in the hospital colors of purple and gold with covers placed for the "class," who feathered around the board to enjoy their last "fling" as carefree school girls before assuming the responsibilities which naturally follow the serious pledge of their profession at graduation. Mingled with the joyousness of the occasion was that of sadness for the ending of the training days which they had spent together in the Sherbrooke Hospital and to which they will all look back in after life with kindest remembrance of many happy times spent in the Hospital School during their years of training.

Mr. Cecil Whitman, of Rock Ischell School, received news yesterday of Mrs. Bentley's sister's death in Leeds, Yorkshire, England.

Major and Mrs. E. H. Spearling, of Montreal, were guests of Lt.-Col. R. I. Dean during Major Spearling's inspection of the Sherbrooke Armories.

Mrs. Nellie F. Bullock, who has been a guest of Mr. and Mrs. Howard Nutbrown Elgin avenue, has returned to her duties at Stanstead College.

Friends of Miss Ruby Lavers, of Theford Mines, who recently underwent an operation at the Sherbrooke Hospital, will be pleased to hear that she is improving.

Mrs. J. G. Potter, who has been a guest of her daughter, Mrs. David T. Diplock, and Mr. Diplock, Quebec, returned to Montreal, Quebec, in Sherbrooke to attend the missionary meetings in St. Andrew's Church, has returned to Montreal. Mrs. Owen R. Campbell, of Montreal, president of the Women's Club of that city, also a delegate to the provincial meetings, was a guest at the same home.

The weekly tea and card party sponsored by the Ladies' Guild of St. Patrick's Church took place yesterday afternoon in the church hall. The hostesses were Mrs. D. J. McCrea, Mrs. W. G. Pohn, Mrs. J. T. Hawkins and Mrs. F. Harvey. Prizes at bridge were won by Mrs. N. Chartier and Mrs. M. J. Powders, while at "500" Mrs. Paul Rousseau and Mrs. J. H. Butts were the winners. A lovely combination of stocks and silver in a silver basket, and mauve candles in silver holders, centered the tea table, over which Mrs. P. J. Wolfe and Mrs. S. Hansford presided.

START TILLING AT EARLY DATE THIS SPRING

Ground in Exceptionally Good Condition for This Time of Season — Farmers Get Two Weeks' Start Over Last Year.

With the maple sugar season practically over, a season that has not been as satisfactory as had been expected, either in output or quality, the farmers are abandoning the bush and sugar woods for the open fields and devoting their energy to the tilling and ploughing of the ground in preparation for seeding.

A bright, early spring has given farmers of the Eastern Townships an advantage over recent years, and enabled them to begin tilling activities about two weeks earlier than last year. As a result, farmers in this district are now busy ploughing their fields, encouraged by fine weather, an early departure of snow and prospects of a good year.

The ground is in exceptionally good shape for this time of the year, it is stated by officials of the Lennoxville Experimental Farm, especially in the districts on the river borders and in the valleys. Farms situated farther away from these localities still have a certain amount of snow and more frost to contend with, and tilling in these sections has not had such an early start.

While it is still a little early for sowing, if the fine weather continues it is believed that farmers will be planting their seed at an early date.

CONFERENCE IS TO STUDY CASE OF FISHERMEN

Campaign Waged by U. S. Immigration Bureau to Prevent Entry of Nova Scotia and Newfoundland Fishermen and Other Seasonable Workers To Be Investigated.

BOSTON, Mass., April 17.—A conference to discuss a campaign being waged by the Immigration Bureau to prevent the entry into this country of Nova Scotia and Newfoundland fishermen and other seasonal workers will be held next week, it was announced yesterday. Owners of fishing vessels in Boston and Gloucester, heads of wholesale fish establishments, labor and state officials and Mrs. Anna C. M. Tillinghast, Immigration Commissioner for New England, were expected to attend.

The conference was being arranged by the Maritime division of the Boston Chamber of Commerce. Mrs. Tillinghast in voicing her intention to attend, said: "What has been done in the way of barring seasonal workers so far is an effort to aid in the solution of our own unemployment problem. If the Nova Scotians and the Newfoundlanders are really needed to man the Massachusetts fishing fleets, that will be brought out at the meeting. The Im-

WELLAND CANAL OPENING MAY BE POSTPONED

Owing to Fact that Government Estimates Are Not Sufficient to Complete Work, Present Indications Are Formal Opening Will Not Take Place as Scheduled.

OTTAWA, April 17.—Because the Government estimates do not contain enough money to complete the Welland Ship Canal this year, it is almost certain the official opening ceremonies will not be held this summer, as scheduled. Although the lock structure has been completed and is working, considerable dredging remains to be done at the Lake Erie end of the canal before it may be used to full capacity. The estimates are not large enough to complete this work this year.

July 1 had been set for the official opening ceremonies and, because of the magnitude of the work, there was to have been an extensive programme. The canal, when completed, will have cost Canada between \$100,000,000 and \$125,000,000. It was commenced before the war and is considered to be one of the greatest engineering feats of its kind in the world.

BOSTON SCORED THIRD VICTORY OVER BROOKLYN

Only Three Major League Teams Have Perfect Records—Washington Regained Their Edge Over Philadelphia Athletics Yesterday.

NEW YORK, April 17.—The big fellows of the big leagues are getting an early lesson this season in how tough some of the other teams can be. Only three of the sixteen major league teams have been able to win their first three games, and of these only the St. Louis Cardinals have had even a fairly easy time.

The other two are the Boston Braves, who have disturbed the peace of the experts considerably by upsetting the highly-rated Brooklyn Robins thrice, and the New York Yankees, who have taken three tough ones from the Boston Red Sox. The Braves won No. 3 yesterday by a 7 to 4 count as Ed Brandt allowed Brooklyn only five hits and Dazzy Vance contributed to his downfall by throwing to the wrong base just before young Charley Wilson clouted a homer with two on. The Yanks came out ahead by 2 to 1 in a pitching duel between Pennock and Hod Lisenbee. That was not decided until the ninth inning. Giving only seven hits and striking out seven, Lisenbee lost the game by making a wild throw in an attempt to nip the winni' g run at the plate.

The Cardinals had a fairly easy time winning their third game from Cincinnati by 6 to 3. Jess Haines and Paul Derringer checked at the Cincinnati batters except Wally Roettger, who hit four times in a row.

The surprising St. Louis Browns nearly won a third game when Harvey Walker, Detroit recruit outfielder, dropped a fly in the ninth inning and let in the tying run, but after coming from behind again in the tenth, the Browns lost out in twelve innings by 6 to 5. Gehring's double and Alexander's single brought in the winning Tiger run. Like Detroit, Pittsburgh won its first victory of the year, downing the Chicago Cubs by 4 to 3. The Cubs played rather loosely, having twelve men left on base, but they held the lead until George Grant hit a homer with Lloyd Waner on in the eighth inning.

Washington's Senators regained their edge over the champion Philadelphia Athletics, taking a close scrap by a 5 to 4 count. The A's barely missed tying the score as they tallied twice in the ninth inning and found some consolation for the defeat in the pitching of Hank McDonald, their nineteen year old recruit.

Clint Brown, of Cleveland, turned in a neat pitching job as he shut out the Chicago White Sox with six hits to win by 7 to 0. The Indians touched Faber, Moore and Lyons for fourteen blows. Although he allowed nine hits, Clarence Mitchell's spitball was more than good enough to enable the New York Giants to beat the Phillies. The Giants made twenty hits, most of them bunched in two big innings, and won by a 14 to 4 count.

SPORTING NOTES

CLOSE RACE FOR SAILING HONORS

HAMILTON, Bermuda, April 17.—Robert Meyer's Bobcat of the United States fleet, demonstrated her class as a stiff weather boat in the third race of the international six meter yacht series between the United States and Bermuda yesterday, registering a victory over five rivals.

The results of yesterday's race tightened up the team struggle for the Royal Bermuda Yacht Club trophy. Eldon H. Trimmingham's Bermuda boat Achilles still leads with 16 points, with the Bobcat second with 14. The Viking, owned by the W. J. H. Trott Syndicate, of Bermuda, is third with 13; B. S. Cunningham's Lucy, of the United States, fourth with 10, and the Bermuda, Sea Venture, owned by Lloyd Jones, and the United States craft, Aphrodite, sailed by J. S. Johnson, tied for fifth with five points each.

The Bobcat and Achilles were locked in a close struggle in the first heat to the windward, but the United States boat led almost from the start and kept increasing its advance steadily to the finish line.

CANADIAN RUNNERS TO COMPETE IN BOSTON MARATHON

TORONTO, April 17.—One of the strongest delegations of long distance runners gathered together in years left from here and other Ontario cities today for Boston, where they will compete in the annual Boston marathon.

Johnny Miles, twice winner of the Boston race, left Hamilton today confident of making another good showing.

One of Ontario's best prospects is little Johnny Cuthbert, who is for the New England city from Guelph.

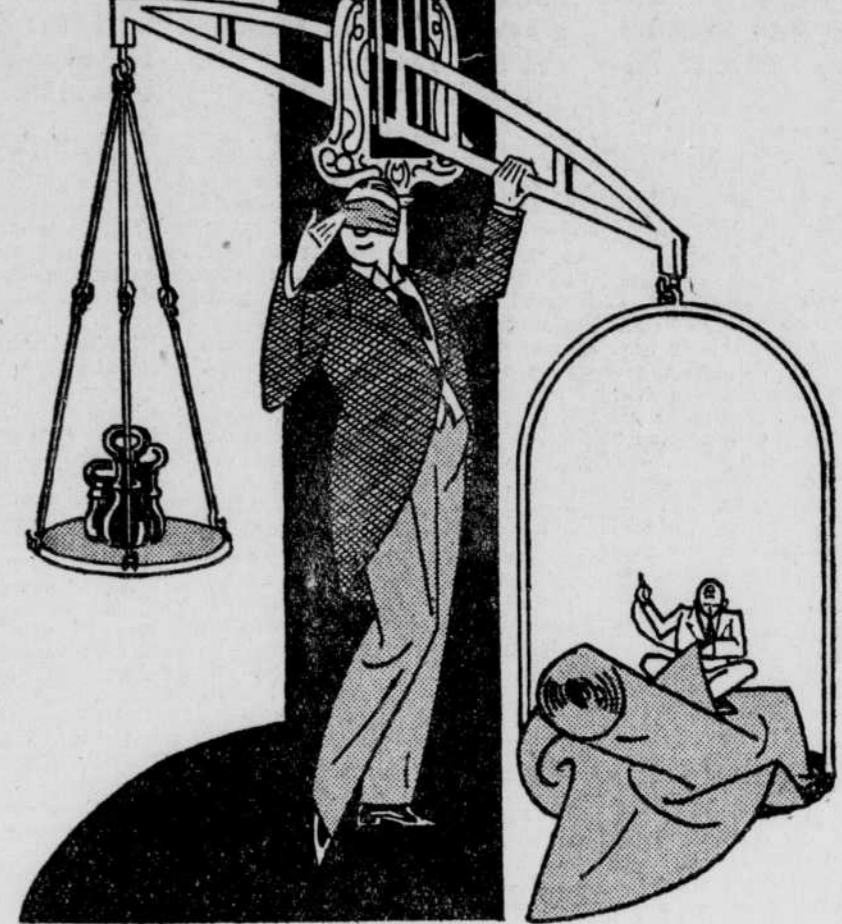

In addition to the Ontario runners, Canada will be represented by athletes from Montreal and several Maritime Province cities.

BANDITS MASSACRE LARGE NUMBER NEAR TENGHSEIN

180 Out of 200 in Village Killed as Revenge Measure, Reports Today Announce.

TSINAN, Shantung, April 17.—Reports that 180 out of the 200 persons in a village near Tenghsien, Shantung, had been massacred by bandits, as a revenge measure, were received here today.

Advices said the bandits wiped out the village because its populace had opposed them on a previous occasion when they attempted to loot the settlement. The villagers were said to have fallen in resisting the second attack.

Southern Shantung and Northern Kiangsu provinces were reported to be suffering from an acute wave of banditry which was terrifying the populace and paralyzing trade.

DEATHS REPORTED

MRS. THOMAS BATTERSHILL, VIRGINIA, VA.

Mrs. Thomas Battershill, who has made Virginia her home for the past thirty years, passed away here, on March 20th, at the age of 92 years and seven months. She leaves three sons, two daughters, fourteen grandchildren and thirteen great-grandchildren. Her husband, one son and one daughter predeceased her some years ago. The body was taken to the First Baptist Church, where the services were conducted by the Rev. E. R. Harris, pastor of the church, assisted by Rev. C. E. Newman, of the Christian Church, and Rev. J. R. Johnson, of the First Methodist Church South. Interment was on March 28th, in Union Cemetery, of this place. There were many beautiful floral offerings contributed by her friends and relatives. The attendance at the services and burial was large, considering the very inclement weather. Rev. E. R. Harris paid a very high tribute to the deceased and spoke very ably on "Oh grave where is thy victory?"

Before her marriage she was Miss Rebecca Drew and was born in Devonshire, England, August 24th, 1839. She was confirmed into the Episcopal Church in her early girlhood days. She had with her till death a Bible presented to her by her Sunday School teacher soon after she became a member of the aforesaid church, and was an ardent reader of the same. She read her Bible daily up to within twelve days before her death, and was willing and ready to meet her Saviour.

She came to Canada fifty-eight years ago and went to Capelton, Que., from which place she came South to her two sons, John and James. She had visited her children up North during the period mentioned.

MRS. THOS. C. LYSTER, MELBOURNE, QUE.

MELBOURNE, Que., April 16.—There passed away at the home of Mr. and Mrs. E. L. Pierce on April 4th, Mrs. Thomas C. Lyster, one of the oldest and most respected citizens of this vicinity.

Her husband, Mr. Lyster, died at Saratoga, N.Y., she came to St. Johnsbury, Vt., at an early age, making her home there with relatives until her marriage in 1872 to Thomas C. Lyster, formerly of Kirkdale. After their marriage they lived in Waterford, Vt., until the year 1882, when with their family of three they moved to South Durham, where they resided on their farm until they sold the place and moved to Melbourn in 1914, where they have lived since. Last fall, being in feeble health, they came to reside with their daughter, Mrs. E. L. Pierce. Although Mrs. Lyster's health has been failing for the past six years, her death came as a shock to her relatives and friends.

A quiet, retiring disposition and never of robust health herself, she was ever ready to aid in caring for friends and neighbors in times of illness, never sparing of her time or strength.

In passing, she leaves to mourn

her only daughter, Mrs. E. L. Pierce, who assisted in and away during the illness and death of her brother-in-law and uncle, especially the relatives who so kindly cared for her at the last, also Rev. T. Scott and the choir of the United Church, and all those bearing care, and for the beautiful flowers.

STANSTEAD MEMBER CONDEMS TERMINAL AS SENSELESS RIVALRY

(Continued from Page 1) We also know that by spending all this money we will not add a single passenger to the railways of this country. All it means is that a few passengers will be attracted from the rival across the way, and the rival across the way will no doubt be forced to erect a similar edifice of folly to keep its passengers.

ALFONSO AND VICTORIA REGARDED IN PARIS AS CONQUERING HEROES

(Continued from Page 1) connection with the Spanish revolution and, according to the newspaper Izvestia, Russia sees little hope for any stable form of democratic government in Spain. "The Imperialists are afraid," the newspaper declared today, "lest the bourgeois democratic revolution develop into a Socialist one. There is no doubt but that French and British bankers are well aware that Moscow has nothing to do with the events in Spain.

PRISONERS IN BARCELONA ARE RELEASED BY RIOTERS

BARCELONA, SPAIN, April 17.—All prisoners were released from jails here today by rioters who swept through the streets without interference. Police were disinclined to take action despite the existence of martial law.

PROSECUTING ALFONSO NOT INTENTION OF GOVERNMENT

MADRID, April 17.—The Spanish Republican Government has no thought of prosecution of the deposed monarch, King Alfonso, for any of his acts while he ruled Spain. The new Minister of State, speaking at the conclusion of a five-hour cabinet session, said that to think of prosecuting Alfonso was to think of prosecuting the moon, and the "Republican Government does not think folly."

WILL DISPOSE OF EFFECTS OF DEPOSED ROYAL FAMILY

MADRID, April 17.—Millions of dollars worth of property in possession of the deposed royal family is being inventoried by the new Republican Government with a view to disposing of it. Crown jewels, however, are not included among the valuables. Alfonso, in addition, is understood to have considerable personal wealth through inheritance and investments.

REVOLUTIONARY HERO HAS AGAIN RETURNED TO SPAIN

MADRID, April 17.—Major Ramon Franco, Spanish aviation and revolutionary hero, who returned yesterday from asylum in France, today was put in charge of the military aeronautical service here. He replaces Colonel Garcia Antez. His first act was to call together the personnel of his force and to exhort them to continue with their work, exerting themselves to the utmost in the interests of Spanish aviation.

French-Canadian members contributed liberally to the proceedings. Dr. Emile Fortin, Conservative, Levis, took occasion to define the attitude which the French-Canadian Conservative members adopted towards Premier J. T. M. Anderson, of Saskatchewan, and to contrast their attitude with that which the French-Canadian Liberals had presented to former Premier T. C. Norris, of Manitoba. His Liberal compatriots had held Mr. Norris in esteem, but the French-Canadian Conservatives would stand up against Mr. Anderson. Dr. Fortin hoped that Saskatchewan's Premier would remember that Rideau Hall had a chateleine of French origin.

MADRID, April 17.—Major Ramon Franco, Spanish aviation and revolutionary hero, who returned yesterday from asylum in France, today was put in charge of the military aeronautical service here. He replaces Colonel Garcia Antez. His first act was to call together the personnel of his force and to exhort them to continue with their work, exerting themselves to the utmost in the interests of Spanish aviation.

THERE ARE SEVERAL INDICATIONS THAT DEBATE IS NEARING AN END

(Continued from page 1) produce and lowered wages in industry were all commented upon, with responsibility for these conditions ascribed according to the particular adherence of the person speaking. French-Canadian members contributed liberally to the proceedings. Dr. Emile Fortin, Conservative, Levis, took occasion to define the attitude which the French-Canadian Conservative members adopted towards Premier J. T. M. Anderson, of Saskatchewan, and to contrast their attitude with that which the French-Canadian Liberals had presented to former Premier T. C. Norris, of Manitoba. His Liberal compatriots had held Mr. Norris in esteem, but the French-Canadian Conservatives would stand up against Mr. Anderson. Dr. Fortin hoped that Saskatchewan's Premier would remember that Rideau Hall had a chateleine of French origin.

Country and Dairy Produce Prices

MONTREAL, April 17.—Still greater momentum was reached yesterday in the tobogganing of butter prices on the Montreal wholesale market. Practically 2c a pound was chopped off the wholesale level during the day, for by afternoon the top of the market for either fresh or grass butter was 28c per lb. Butter was offering freely at this level, but even at the drastic reduction it was difficult to obtain buyers, for there was a feeling that prices might be lower on the following day.

NEW YORK MARKET TURNED HIGHER IN EARLY TRADING

NEW YORK, April 17.—The stock market turned upward in the initial transactions today. Consolidated Gas, Eastman and Byers moved up one point, and issues up to 5% included U. S. Steel, General Electric, Columbia Gas, Public Service of New Jersey, American Tobacco "B," Electric Power and Light, and Kroger Grocery. A few issues sagged. Electric Automobile opened off 3/4, and North American, Levis and International Harvester 1/2.

TO SUBMIT PARLEY RESULT AFTER DEBATE CONCLUDES

OTTAWA, April 17.—Replying to questions placed by Rt. Hon. W. L. M. King, Opposition leader, and Hon. Ernest Lapointe, Premier Bennett announced in the House of Commons yesterday that after the adoption of the reply to the Speech from the Throne, and as soon as the business of the House would permit, he would give a reply to Mr. King's question respecting air mail. This question also involved another in which Mr. King wanted to know if the Minister responsible for his own department should speak for it, or such speaking should be left to the Prime Minister.

ALFONSO AND VICTORIA REGARDED IN PARIS AS CONQUERING HEROES

(Continued from Page 1) connection with the Spanish revolution and, according to the newspaper Izvestia, Russia sees little hope for any stable form of democratic government in Spain. "The Imperialists are afraid," the newspaper declared today, "lest the bourgeois democratic revolution develop into a Socialist one. There is no doubt but that French and British bankers are well aware that Moscow has nothing to do with the events in Spain.

PRISONERS IN BARCELONA ARE RELEASED BY RIOTERS

BARCELONA, SPAIN, April 17.—All prisoners were released from jails here today by rioters who swept through the streets without interference. Police were disinclined to take action despite the existence of martial law.

PROSECUTING ALFONSO NOT INTENTION OF GOVERNMENT

MADRID, April 17.—The Spanish Republican Government has no thought of prosecution of the deposed monarch, King Alfonso, for any of his acts while he ruled Spain. The new Minister of State, speaking at the conclusion of a five-hour cabinet session, said that to think of prosecuting Alfonso was to think of prosecuting the moon, and the "Republican Government does not think folly."

WILL DISPOSE OF EFFECTS OF DEPOSED ROYAL FAMILY

MADRID, April 17.—Millions of dollars worth of property in possession of the deposed royal family is being inventoried by the new Republican Government with a view to disposing of it. Crown jewels, however, are not included among the valuables. Alfonso, in addition, is understood to have considerable personal wealth through inheritance and investments.

REVOLUTIONARY HERO HAS AGAIN RETURNED TO SPAIN

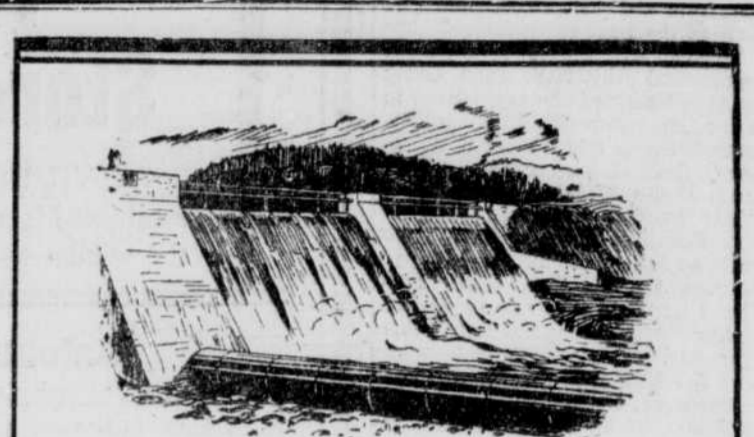

MADRID, April 17.—Major Ramon Franco, Spanish aviation and revolutionary hero, who returned yesterday from asylum in France, today was put in charge of the military aeronautical service here. He replaces Colonel Garcia Antez. GRATIFICATION IS EXPRESSED IN AUSTRALIA

Action of British Government in Agreeing to Postponement of Capital Payments on Australian War Debts Greatly Appreciated.

MELBOURNE, Australia, April 17.—Gratification was expressed throughout the Commonwealth at the generous action of the British Government in agreeing to postponement of capital payments on account of the Australian war debt to Britain for two years.

The two extremes of opinion are represented by Hon. John Greig Latham, leader of the Opposition in the Commonwealth House of Representatives, and Premier J. T. Lang, Radical head of the New South Wales State Government.

Mr. Latham expressed regret that Britain should consider Australia's plight serious enough to warrant the revision, while Premier Lang said Australians should continue to fight against interest payments.

In the House of Representatives at Canberra, Prime Minister James Scullion read an announcement of the debt revision, couched in the same terms as that made by Rt. Hon. J. H. Thomas, Secretary for Dominion Affairs, in the British House, and which had been approved by the two Governments.

The Prime Minister added that Australia expressed her thanks to the British Government and her appreciation of Great Britain's friendly offer. He acknowledged that it would give material temporary relief.

Hon. Lionel Hill, Premier of South Australia; Hon. Sir James Mitchell, Premier of Western Australia, and the acting Premier of Victoria joined in a declaration that the next problem is the funding of Australia's overseas floating debt, which is considerably larger than the war debt to Great Britain.

At Melbourne, Hon. Mr. Latham declared: "If we lose good friends abroad it will be our own fault." The announcement had been received in Australia with relief combined with regret that such action should appear necessary in Great Britain, he said.

On the other hand, Premier Lang, in a speech at Adelaide, declared the announcement had put new hope into his supporters, who are campaigning for non-payment of interest or principal of Australian debts for a term of two or three years.

"It shows that if Australian Governments found themselves as Europeans Governments fought for their peoples, Australia would be relieved of her interest burden," Premier Lang said.

Premier Lang defaulted interest payments on debts of his state due in London on April 1, and the Commonwealth Government, which assumed the payments, is now seeking to recover from the state through the courts.

NEW ENGLAND IS PLANNING A DRASTIC MOVE

Some Thirty Thousand Persons Face Deportation Within Next Month—Many of These Are French-Canadians from This Province.

MANCHESTER, N.H., April 17.—U.S. Immigration officials are at present busily engaged in a preliminary investigation in Massachusetts, Vermont and New Hampshire, which may result in the deportation of some 30,000 former Canadians, who it is claimed are illegally residing in that section of the New England states owing to the fact that they failed to carry out immigration regulations. These people would be returned to the Province of Quebec before the middle of next month, if present plans are carried out.

The activities of these federal agents are, at the present time, confined to cities which have a large Canadian population, Haverhill, Lowell, Lawrence, Lynn, New Bedford, Fall River, Holyoke, Chicopee and Fitchburg in Massachusetts; Montpelier, Jarré, Burlington, Winooski and St. Albans in Vermont, and Berlin, Nashua, Dover, Somersworth, Newmarket and Manchester in this state.

The immigration officials point out that the coming of these aliens, which will be unprecedented as far as ramifications and thoroughness are concerned, is not directed in any sense at any particular nationality or class. In other words, there is neither desire nor intent to proceed against Canadians alone. The above-named cities are being combed because each of them is an industrial centre.

While no official figures are available it is reported that out of several hundred aliens investigated, summoned or arrested the past few days, including those apprehended in Connecticut and Rhode Island at least seventy per cent of them are Canadians. At least seventy per cent of this latter group are French-Canadians, the remainder being natives of the Maritime Provinces. "Only the preliminary work is being done at present," explained

of a year ago. They were given ample opportunity to safeguard their residence by re-entering the United States before the time limit expired, but surprisingly few gave the matter more than passing attention. And the bad feature of the situation will now be—once they return to Canada or are deported, the law states they can never again return to the United States.

The fact that the cities are fast awakening to the situation is revealed by the communications sent to Washington by the state and city officials, religious and fraternal organizations, chambers of commerce and labor or trade unions protesting against the threatening deportation of French-Canadians.

LADD'S MILLS

Considerable excitement was caused here Thursday night when a high voltage electric wire broke in front of Mr. A. K. Grady's house, making a contact with a fence around his buildings which burst into flame. Mr. R. Jean-Marie, at Dixville, was immediately notified and drove to Coaticook, where he shut off the power only in time to save Mr. Grady's buildings from the threatening fire of dried grass and leaves, fanned by a strong wind.

Mr. W. M. Bishop and Mrs. Joe Bishop were at Ayer's Cliff last week to attend the funeral of Mrs. Bishop's mother, Mrs. Tyler.

Master Forrest Robertson, of Island Pond, was here to spend the Easter holidays with his uncle, Mr. F. H. Moloney.

Mr. I. W. Drew was home from Barnston Sunday and treated some of his friends to sugar-on-snow.

Miss J. R. Green has been home from North Hatley for the holidays.

Mr. William Falconer and family motored to Canaan, Vt., recently to see Mr. and Mrs. J. Cunningham.

A number of people from here went to a party Wednesday night at the home of Mr. and Mrs. W. Bayley at Coaticook, where an enjoyable evening was spent in dancing and cards.

Miss Glenna Falconer is the guest of her aunt, Mrs. J. Cunningham, at Canaan.

Mr. Simeon Laferle was at St. Hyacinthe on Friday to see his daughters, Lumina and Laurette, at the Seminary.

Miss Maude Nicholson, of Montreal, is staying with Mrs. W. Nicholson.

Miss Fautoux, of Dixville, is helping Mrs. Bergeron.
