FRENCH REPEL NEW VIET WITH ATTACK

World News In Brief

London. — (CP) — Prime Minister Churchill told the Commons today that "smooth and friendly" arrangements exist for consultation with the United States government about the use of atomic bombs.

Labor members had questioned him about machinery for consultation about their use in the event of war involving both countries.

Churchill said "increasing good feeling in the world" may save humanity from atomic and hydrogen destruction.

Cairo. — (Reuters) — Russia today informed Egypt and other Arab countries that it would consider conclusion of any Western-sponsored Middle East military pact "an unfriendly and even hostile act" directed against her, it was learned here.

London. — (CP) — Sir John Hodson, the man who shaped Britain's air raid precautions organization during the Second World War and now heads her civil defence training program, will fly to Canada Saturday, it was learned today.

Sir John will attend the official opening of Canada's federal civilian defence training school at Arnprior, Ont.

It is forecast in London that on his return he will be appointed chief of defence for the North Atlantic Treaty Organization. NATO now has no civil defence branch.

Cairo. — (AP) — President Mohamed Naguib today said Egypt is prepared to resume negotiations with Britain on the Suez Canal base "only if Britain admits 'our rights without question'."

The president was commenting to reporters on Foreign Secretary Eden's statement on Monday in the House of Commons in London. Eden said violence in the Suez canal area has created a difficult atmosphere for the resumption of talks between Britain and Egypt, in a stalemate since last October. Egypt wants the 80,000-man British garrison withdrawn.

Naguib said martial law in Egypt will be lifted on June 18 or before. Martial law was established after Cairo's fire riots of Jan. 26, 1952.

Party Standings Unchanged As Result Of By-Elections

Ottawa. — (CP) — Voters in four federal constituencies have reaffirmed the political choices they made in the general election seven months ago.

By-elections Monday returned Progressive Conservatives in the Ontario ridings of Peel and Elgin; Liberals in Verdun and Gatineau in Quebec.

The voting, in cold, sunny weather, was comparatively light, especially in the Quebec ridings where the weather and a larger number of candidates combined to reduce the Liberal margins of victory from last year's figures.

Yves Leduc, a Montreal lawyer, held Verdun for the Liberals in a seven-man contest. He succeeds Paul Emile Cote, former parliamentary assistant for labor, who was appointed to the Quebec bench.

Dr. Rodolphe Leduc, a dentist, defeated three other candidates in Gatineau, which always has returned Liberals. The former member, J. C. Nadon, died last December.

Open Drive On Commies In Jamaica

Kingston, Jamaica. — (AP) — Britain has embarked on an anti-Red drive in a third Caribbean colony after seizing documents in lightning raids Monday on two left-wing centres in this West Indies island capital.

Following up stern measures against alleged pro-Communists in British Guiana and British Honduras on the American continental mainland, authorities Monday swooped down here on the home of a Jamaican labor leader, Ferdinand Christoff, 57, who is assistant secretary of the Communist-dominated World Federation of Trade Unions, and on the offices of the left-wing People's Educational Organization.

Police said documents they seized in Smith's home identified Communist organizers and fellow-travelers in Jamaica. The files and papers taken in the raid on the educational organization were said by police to have been of a type banned by law as undesirable.

Announcements of the raids did not indicate that any action had been taken against Smith or the leaders of the educational organization. Smith, president of the Red-tinged Jamaica Federation of Trade Unions, was purged in 1948 as a leader in the United States of the CIO National Maritime Union on the grounds of Communist activities.

He was permitted to leave the U.S. "voluntarily" in 1951 to avoid deportation on charges of subversion and being an undesirable alien, and cannot return.

Police said the documents taken in his home Monday also contained the names of Iron Curtain organizations having contact with the JFTU. Smith has been a frequent attendant at Red-sponsored meetings and congresses in Europe.

Governor Sir Hugh Foot said earlier this month that the "Communist danger is very serious in Jamaica." He said the local Reds have been financed from Moscow and Prague.

Hong Kong. — (AP) — Roman Catholic headquarters in Hong Kong announced today that 28 Chinese Roman Catholic priests were arrested in Peiping March 2 in a new Red crack-down on religious activities. Twelve members of the church also were reported held.

"Religious houses which refuse to join the Communist movement and which are occupied and priests still left there are not permitted to go outside," the headquarters said.

Vienna. — (Reuters) — President Tito of Yugoslavia said in an interview published here today that the return to normal of Yugoslavia's relations with the Soviet bloc now has begun, "but is going very slowly."

"Our country is now practically the only European state which has no economic relations at all with the countries of the Soviet bloc," he told a correspondent of the Wiener right-wing independent paper, Die Presse, adding:

"I am optimistic for peace for Yugoslavia and the world, for all those responsible know that a new war would mean the end of our civilization."

Boston. — (AP) — Most Rev. Richard J. Cushing, Roman Catholic Archbishop of Boston, warned a Lenten radio audience Monday night against the purchase of "holy horrors" peddled by persons "interested only in the dollar sales."

New York. — (AP) — Fights broke out again today between members of rival longshoremen's unions in the face of a plea by Mayor Robert F. Wagner deck workers end their paralyzing port tieup, now in its 19th day.

One Company Of Rebels Said Destroyed In Attack On Besieged Fortress Of Dien Bien Phu.

Hanoi, Indo-China. — (AP) — The French Army announced today that its troops have beaten off a big new Vietminh attack on the besieged fortress of Dien Bien Phu. They claimed to have destroyed one company of the Communist-led rebels.

The headquarters announcement said 175 Vietminh were killed and nine captured.

The clash occurred on the road linking the heart of the fortress with its southernmost outpost four miles away.

At the midway point on this road, the Vietminh tried to ambush the French as they opened the road Monday morning. French tanks and mobile units, infantry and artillery quickly smashed the rebel assault, headquarters said.

The French reported they had "some losses."

This was the biggest clash with the Vietminh since they halted their mass assaults on the fortress last week after losing 3,000 killed and 9,000 wounded in frontal attacks.

The rebels were hidden along the road and charged out of fox-holes and trenches, hurling grenades and firing rifles, pistols and machine-guns in their attempt to wipe out two French battalions.

Meanwhile, the Vietminh tapered off their shelling of the fortress, apparently saving ammunition for another grand assault, but perhaps also because many of their guns have been knocked out by French artillery and aerial bombings.

The French Air Force today continued "massive" assaults on the Vietminh concentrations under bright, sunny skies.

The rebels meanwhile stepped up harassing guerrilla attacks on vital French communications in the Red river delta in an obvious effort to divert attention from their feverish preparations for new mass assaults on Dien Bien Phu.

In a series of ambushes, raids and acts of sabotage, they slashed the main highway and railway along which American-supplied war materials move from the port of Haiphong to Hanoi. The French closed the gashes quickly and claimed to have killed 43 rebels in scattered clashes.

The French said the flow of ammunition, food and medical supplies continued moving steadily westward to Dien Bien Phu. They were being parachuted to fortress defenders, 180 miles west of Hanoi in the mountainous Thai country, from American-supplied flying saucers manned by French and civilian American airmen.

Washington. — (AP) — The Republican leadership in the United States House of Representatives today is "dragging its feet" on St. Lawrence seaway legislation, Representative John Blatnik (Dem. Minn.) contended today.

Expressing bitter disappointment over the failure of the House rules committee to complete action on the measure and send it to the House itself for debate, Blatnik said, "We are getting a double shuffle by the House leadership."

Chairman Leo Allen (Rep. Ill.) of the rules committee said after Monday's session there was no intention on the part of the House leadership to delay the bill, which would authorize American participation with Canada in building the Atlantic-to-Great Lakes waterway.

Allen predicted it will be out of the committee in time for passage this session.

"We don't think the so-called saucers come from outer space or from a foreign government," the spokesman said.

Bill Nash, a Pan American World Airways pilot, told the Greater Miami Aviation Association recently that he was convinced "the air force has collected hardware from outer space."

INSULT LEADS TO SLAP — Rep. Charles Ianelle of the Massachusetts State Legislature is restrained by police (right) after allegedly slapping Nathaniel Mills (left), a former General Electric employee who was suspended and later fired for refusing to testify before Sen. Joseph McCarthy's committee. Ianelle claimed Mills had insulted him during a public hearing of the Legislative Commission on Communism.

Committee Still Blocked On Choice Of Special Investigation Counsel

Claim Nehru Ready To Act As Mediator

Washington. — (AP) — The Senate investigations sub-committee planned to meet today for another try at finding a special counsel for its investigation of the bitter fight between Senator McCarthy and the army.

William J. Jameson, president of the American Bar Association, Monday rejected the hot-spot post on the grounds of the ABA board of directors believed it would not be appropriate for him to serve.

Senator Karl Mundt (Rep. S.D.) said the selection of someone else to direct the inquiry would have priority at today's session, which was closed to the public and press.

Mundt will preside at the public hearings planned for later, McCarthy having stepped aside to that extent. Mundt said there might also be discussion today of the "touchy" matter of "ground rules" for the inquiry into charges and counter-charges by McCarthy and Army Secretary Stevens, and their aides.

McCarthy has said he plans to refrain from voting on any final conclusions his sub-committee may make, but will insist on the right to cross-examine witnesses and will permit army representatives to question him when he testifies.

Late Monday the Republican senator from Wisconsin, said he will ask that one of the witnesses be H. Struve Hensel, newly named assistant secretary of defence.

McCarthy said he wants to ask Hensel, former general counsel to the defence department, why the army released a report alleging pressures from the sub-committee for special favors for Pte. G. David Schine, a rich New Yorker who was an unpaid member of the sub-committee staff until drafted last fall.

McCarthy and Roy Cohn, the sub-committee's chief counsel, have accused Stevens and John G. Adams, an army lawyer, of trying to use Schine "as a hostage" to force the sub-committee to abandon its investigation of the army.

Consequently the Canadian government is coming to the conclusion that the practical thing to do with the inevitable is to nudge it into being.

London. — (CP) — The Manchester Guardian today says a "sympathetic meeting" between Prime Ministers St. Laurent of Canada and Nehru of India may play a part ultimately in bringing Communist China into the United Nations.

Physician Is Witness In Murder Case

Belleville, Ont. — (CP) —

A doctor who said he watched Percy Bell die in convulsions testified Monday he overheard the man's widow say afterwards: "That was the normal thing to happen."

Dr. Reginald Anderson was testifying at the preliminary hearing of Mrs. Mary Elizabeth Bell, 48, charged with murder in the death of her 52-year-old husband Jan. 2.

The doctor said that after Bell died in convulsions, his eyeballs bulging, he took another man in the room to tell Mrs. Bell the doctor said that when she heard the news she said, "That was the normal thing to happen."

He was one of three witnesses called in the first day of the preliminary hearing.

Dr. Anderson testified that while he was in the kitchen preparing a hypodermic he was called to the bedside. Bell had vomited explosively over the clothes and over side of the wall by the bed.

"His eyeballs bulged and he died," the doctor said. He added there were only two or three things that could kill a man like that.

The doctor said the symptoms immediately before death were "classic" and a "textbook picture" of death from strychnine.

Strike Ties Up British Films

London. — (Reuters) — A British film labor dispute today threatened to shut down the industry completely in 18 days and bog down production of movies starring Gregory Peck and Richard Conte, and a dozen other feature pictures.

The British Film Producers Association announced it will give 4,000 workers notice Friday in answer to a strike begun Monday by 400 film laboratory workers protesting the firing of nearly 2,500 laboratory technicians last week.

Approval Is Given Sales To Russians

London. — (Reuters) —

Trade Minister Peter Thorneycroft has told the House of Commons that Britain to date has approved \$38,500,000 worth of new exports to Russia.

The Russian orders, placed with a group of British business men who recently visited Moscow, included those for 20 trawlers worth \$16,800,000 and textile machinery worth \$3,500,000, the minister said Monday night.

Derrick Heathcoat-Amory, deputy trade minister, said later that discussions now are going on for a further Russian order for British trawlers.

Heathcoat-Amory added that the British market is "wide open" to Russian grain, timber, metals and manganese ore.

Speaking in debate on East-West trade, he said it would be "very helpful if larger quantities of grain could be made available."

He repeated Prime Minister Churchill's statement of last month that the government considers a "substantial relaxation" of present restrictions on trade with Russia would be beneficial.

Britain was "very anxious indeed" to get back to friendly trade relations with China.

Sir Hartley Shawcross, "trade minister under the Labour government, who recently visited the United States, said the attitude of many Americans on East-West trade problems presents difficulties, though not insuperable ones.

He said the average American may be brought to understand more fully than he does that if British standards of living are to be maintained, Britain must constantly expand her trade.

Name-Calling Incident At Westminster

London. — (AP) — One member of Parliament called another member a rare fish Monday night, and for a few bright minutes scales flew.

Everything started when Sir Hartley Shawcross, attorney-general and president of the board of trade in the former Labor government, arose to make his first important speech in some time. A busy lawyer, he is not heard in Parliament often these days.

Up jumped Conservative Sir Walter Fletcher and remarked: "Sir Hartley is the coelacanth of the Labor party, a fish which was supposed to be extinct."

The coelacanth was the sea creature possessing a look of amalgamation on its face in seeing where it is and then returns to the cavernous depths of the law again, not to be seen for another 10 months."

Sir Hartley didn't mind being called that kind of a fish.

"The coelacanth is a remarkable fish possessing a few notable characteristics," he retorted. "It is of long life and great endurance.

"It never deserts its home. 'Unlike the political minnows who drift and paddle in more stagnant waters, it never speaks unless it has something to say.' "And it has a sting in its tail which it uses not with wasteful prodigality, but when occasion requires."

Japs Reject U.S. Offer Of Assistance

Tokyo. — (Reuters) — Japanese scientists today spurned American offers of aid in the treatment of 23 Japanese fishermen affected by radioactive ash from the United States hydrogen bomb test at Bikini atoll March 1.

Dr. Masao Tsuzuki, head of the medical team caring for the fishermen, said the Japanese have so far been handling scientific and medical research in the case without any help from Americans, "and we do not need any help now."

Tsuzuki and other scientists charged that American scientists are interested in the fishermen only because they want to gather information "for their own purposes."

They flatly opposed a Japanese foreign ministry proposal that American and Japanese doctors for a joint research team.

But in the last few days they have repeatedly demanded that the U.S. release more details of the Bikini explosion to help them cure the injured seamen.

An American embassy spokesman announced meantime that Prof. Merrill Eisenbud, director of the U.S. atomic energy commission's health and safety division, arrived Monday night for "an indefinite period" to help Tsuzuki's team in any way he can.

Condition of the 23 remained unchanged today. Tsuzuki said that in the three most seriously wounded victims are of different ages, but their eyesight is weakening. All 23 have only half the normal number of white blood corpuscles, and their marrow cells have been affected.

Today's Chuckle

Mrs. Flanagan: "Good morning, Mrs. Murphy. You're looking fine this morning."

Mrs. Murphy: "I'm sorry I can't say the same for you, Mrs. Flanagan."

Mrs. Flanagan: "You could if you were as big a liar as I am, Mrs. Murphy."

Public Not Denied News On Flying Saucer Finds

Washington. — (AP) — A spokesman today termed without specification an assertion that the United States Air Force has recovered pieces of "flying saucers" and just isn't telling the public about them.

The air force position, he said, is that "given enough factual data" every "flying saucer" report over the last six years could be explained in natural, earthly, non-sensational terms.

"We don't think the so-called saucers come from outer space or from a foreign government," the spokesman said.

Bill Nash, a Pan American World Airways pilot, told the Greater Miami Aviation Association recently that he was convinced "the air force has collected hardware from outer space."

"I do not believe the air force cares to make all its findings public so long as the United States is threatened by unfriendly powers," Nash said.

Nash was quoted as having reported sighting unidentified ob-

Robert Flood Addresses Meeting Of Farnham Home And School Association

Farnham, March 23 — The regular meeting of the Farnham Home and School Association was held on February 25th, in Grace United Church Hall, with the president, G. P. Hawke, in the chair. During the business period, considerable time was given to discussion of the advisability of Grade II attending school all day instead of a half-day as at present. Some parents feel that the half-day, while long enough for the children in the first grade, does not allow sufficient time for the pupils to cover thoroughly the work allotted to Grade II. It was not suggested, nor considered feasible, that the old system be reinstated, i.e., one teacher handling both grades simultaneously, because of increased enrollment and lack of schoolroom space, but it was felt by the majority of interested parents that some lengthening of the school day for the older children would be beneficial.

C. S. Maxwell, program convenor, announced that he had not engaged a speaker for the March meeting but planned an open meeting for members and friends. Robert Flood, of Waterloo, was a guest speaker for the evening and was introduced by the president, Mr. Flood is president of the Quebec Association of Protestant School Boards, and, therefore, well qualified to talk on the subject of "School Finance". It was evident from the large attendance at the meeting that this is a subject of great interest to parents and ratepayers and a lively discussion followed the main address.

Mr. Flood outlined the responsibilities and duties of school commissioners, which cover a fairly broad field. It is their responsibility to engage the teachers and their duty, by law, to satisfy themselves that the children are being properly instructed. In practice, this latter duty is left generally to the appointed school inspectors and, in the opinion of the speaker, better so. The school commissioners are charged with the responsibility of furnishing adequate school buildings and their proper care and maintenance. They set the tax rate and fees, and collect the money.

The speaker quoted various assessed tax rates throughout the Province, which tend to show that the higher the local school tax rate, the larger will be the grant contributed by the Government towards education in that area.

M. Flood closed his address with the reminder that the Home and School Association's main reason for being is that the home shall be able better to support the teacher in the school, so that the sum total of home and school pressure brought to bear on the child may develop a more useful citizen.

A. E. Barber, chairman of the Farnham School Board, thanked the speaker.

Mrs. J. Dempster and her assistants served refreshments during the social hour, which followed the close of the meeting.

Boundary Students To Stage Operetta

Rock Island, March 23.—"Nothing ventured, nothing gained." It's an old and tried proverb, and is again being tried out by students of grades 6 and 7 of Sunnyside School at Rock Island, as they diligently apply every spare moment in practicing a junior operetta, "Aladdin in the Underground."

This is an entirely new venture for the students of the school, and there are more than 50 boys and girls taking part. All are enthusiastic over trying something new, and are being ably directed by Miss Margaret Masten, dean of girls at Stanstead College, with Miss Jean Davis, a teacher at the Conservatory of Music, in charge of the musical direction.

The operetta is to be presented the evening of May 7 in Sunnyside School auditorium.

Presentation Made By Choir Members

The headline on the story concerning the recent presentation to Mr. Roger Havard, for many years choirmaster at Trinity United Church, left the impression that this event at Elmwood Inn, Lennoxville was organized by the congregation of the church. Actually, the dinner and presentation was organized by the members of the choir and had nothing to do with the church congregation as a whole.

Tells Benefits For Recruits In Armed Services

Colonel J. A. Lefebvre of Montreal last night addressed members of the Lion's Club, at their weekly meeting in the Picardie Room of the New Sherbrooke Hotel. As he explained before giving his speech, he is not a member of the recruiting board, and limited his talk to the services in general, although he was most elaborate on army matters.

Col. Lefebvre told the members of three particular divisions in the forces; First, the officers, secondly, the ordinary soldier, and finally the latest addition to military ranks, the young apprentice soldier.

During the course of a 20-minute detailed address, the Colonel briefed the assembly on the recently established officers training center at St. Johns, Quebec. This camp accepted highly qualified young men, ranging in age from 16-to-20, who have the privilege of choosing two categories. The first is the ordinary soldier, and finally the latest addition to military ranks, the young apprentice soldier.

On the other hand, the ordinary soldier, who plays a vital part in our defence, is also showered with many other privileges rarely accorded to civilians. Citing an example, Col. Lefebvre said there is no reason why a young ambitious man cannot at least reach the rank of sub-officer.

"The third classification in the army, is basically to raise academic standards as to prepare young men of 16 years for life in the army," stated the Colonel. This plan adopted only a year ago, has already proven itself worthy, and will accept only those with high standards. It not only teaches them a trade but the students learn the standard junior high school subjects, as taught in schools across the Dominion.

Answering charges of excessive drinking in the army, Col. Lefebvre said, "I don't think they do more than in civil life." An army man knows if he drinks, it is going to cost him money in fines for the first three offences, and the fourth he retires to more suitable surrounding, better known as confined to barracks.

Col. Lefebvre was introduced by an old army acquaintance, Colonel Leopold Chevalier, and was thanked by Major Larry Greenland. Two films were shown, following his address, by Captain Gustave Denault, who accompanied Col. Lefebvre, R. Savoie, 2nd vice-president, presided over the meeting in the absence of club president Jean-Louis Gauthier.

He is survived by his wife, formerly Auguste Laurendeau, six daughters and two sons. The body is resting at Briens' undertaking parlor on St. Patrick Street, and the funeral will be held on Thursday, at St. Patrick's Church.

Two Booster Talks Given At Weekly Optimist Meeting

Last night's Optimist Club meeting at the LaSalle Hotel featured two Booster talks by Erich Marquardt and Don Lyon.

The first speaker, introduced by Henry Crochetiere, chose as his subject "Horses." His talk outlined the various types and some of the characteristics of these animals. He was thanked by Don Clowery.

"Farming" was the topic chosen by Don Lyon in his address to the members of the club.

"Farmers are not putting back into the land what they are taking out of it," said Mr. Lyon. He gave the drastic possibilities which may in the future result from this waste of land. "The day will come when there will be very little fertile land left." He used as an example farms in the United States where the government had to step in and reclaim the land.

The speaker was thanked by Dick Rousseau and introduced by Jacques Laliberte.

The coming district convention on May 21-22-23 was brought up by President Paul Nadeau and several members have been asked to participate in it.

At last the Sherbrooke Optimists have decided to visit the Verdun branch to present them with the annual Visitation trophy. The plans for this trip have been discussed for the past few weeks at every meeting and George Garard will lead a group there this evening.

A plea for clothing by a poor family has been made and the Optimists, in the past, will leave the matter in the hands of the Opti-Mrs. group.

Seated at the head table were President Paul Nadeau, Erich Marquardt, Don Lyon, Casey Vincent and Maurice Hudon.

Perjury Condemned By Judge Delaney During Attempted Theft Hearing Here

Perjury in court hearings was flayed by Judge Patrick Delaney in the local Magistrate's Court yesterday when he declared that the only thing that prevented him from giving one of the witnesses in a theft case a prison term was that the man was already serving a four-year term at Burwash Industrial Farm.

The judge's castigation came during the trial of Adrien and Jean Paul Thibodeau on charges of attempting to rob the store of C. Bourque et Fils Enrg., at Stornoway on the morning of October 17, 1952, and the remarks were addressed to Claude Aubin, who is presently serving a four-year sentence at Burwash Industrial Farm in Ontario for another offence.

The trial opened on March 2 but owing to the absence of Aubin, classified by the defence as a key witness, the hearing was postponed until yesterday to permit the latter's appearance.

Three Wards Are Selecting New Aldermen Today

The polls opened this morning at 9 a.m. in the three wards seeking to elect a man to represent them at City Hall for the forthcoming term.

Yesterday an advance poll was open from 2 p.m. till 10 p.m. and 14 voters took advantage of this service. Polls will close at 7 tonight and the results should be known by 7:30 as they will be telephoned into City Hall.

The City Hall switchboard will be kept open tonight for the use of the public who are interested in knowing the final results.

Demonstration On Fighting Of Gas, Oil Fires

There will be a special demonstration given by the Sherbrooke fire department at 2 o'clock tomorrow afternoon at the Sherbrooke Arena, on Park Avenue.

The equipment used will be a city service truck and a fog applicator and the fire department will show how to extinguish inflammable liquids, propane gas and acetylene gas.

Lucien Tetrault, of Verdun, will demonstrate the use of portable fire extinguishers on these gases and liquids.

The aim of the fire department is to educate the public how to control and extinguish fire, and is part of the fire prevention campaign by the local brigade.

Fire Director Percy Donahue invites all garage keepers, oil and gas dealers as well as manufacturers of the City to attend this demonstration as it will show them how to safely control the different types of fire peculiar to their business.

As most people know, the City fire brigade has an enviable record throughout the Province of Quebec and Canada for the fine work that they have done in keeping fires in this city at a minimum and Chief Donahue urges continued support and co-operation from the citizens of Sherbrooke.

OBSERVES BIRTHDAY

GERALD M. WIGGETT, of Sherbrooke, is receiving congratulations on the occasion of his birthday today.

According to evidence submitted by the Crown, the Thibodeau brothers, Aubin and another term-scriving colleague, Paul Dufour, entered the Bourque store with the intention of stalling a safe, but the unexpected appearance of the owner thwarted their efforts.

During the course of questioning by Crown Prosecutor Roland Dugre, Q.C., Aubin claimed that he and the other three undertook the robbery effort but his evidence became so involved that Judge Delaney was convinced he was lying and declared:

"The more you go on, the more you lie. If you were not already in prison, I would put you there."

At the earlier hearing Paul Dufour testified that Jean Paul Thibodeau was involved but that Adrien Thibodeau was not, although his car was used for the purposes of the robbery.

Both the Thibodeau brothers have denied that they had anything to do with the attempted theft and produced two witnesses to provide alibis for them. One of these was Marianne Biledeau, of Cookshire, Adrien's girl friend, and her mother, Mrs. Florian Biledeau, both of whom testified that the two men were at their home that night celebrating a birthday.

Detective Philippe Laroche produced a confession signed by Adrien Thibodeau but the latter denied having signed the paper tabled in the court, declaring that it was a forgery and had been substituted for another statement which he had signed.

The decision was delayed until March 29.

Raymond Bedard, of Lake Megantic, also appeared before Judge Delaney on charges of assault and robbery and after hearing the Crown witnesses, the case was adjourned until March 29 for the defence testimony.

In this case, the accused and his brother, Ovilva, are charged with having forced Napoleon Grenier, a Montreal hospital orderly, into a car in broad daylight on January 2nd of this year and then driving him to a lonely spot where they are said to have beaten him up and taken ten dollars from his person. They also tried to steal his watch but Grenier managed to escape and get into a passing taxi which took him to the Lake Megantic police station.

Three witnesses testified that they saw Grenier being forced into the car and also saw him when he came back from the supposed assault, while a confession signed by Raymond Bedard in the presence of two police witnesses was also produced.

Bedard, who was acting as his own attorney, stated that he would produce his brother to testify on his behalf. The brother is said to have disappeared from sight immediately after the incident occurred, and is now believed to be working in the woods as a lumberjack.

The case was then postponed until March 29 to permit Ovilva Bedard to make an appearance.

100 Guests At Open House At Magog School

Magog, March 23.—The attendance at open house held at the Princess Elizabeth High School on Friday, March 12, in recognition of Education Week showed that the interest in the education of the younger generation is by no means lacking in Magog.

Over one hundred guests were welcomed by five girls and five boys from grades VI and VII, and ushered to the various rooms designated by each individual guest. They were able to watch classes in session and see for themselves something of the way in which the classes are conducted.

Visiting pre-school age children were entertained by several of the High School students in the playroom, playing games and watching a film.

At three o'clock the principal, Mr. S. J. Olney, announced over the public address system that all guests were requested to retire to the cafeteria while classes were being dismissed.

The highlight of the afternoon was the serving of delicious refreshments, planned and prepared by the girls of grades IX and X under the capable supervision and guidance of Miss Henry. The planning, preparing and serving of a meal is part of the home economics course being taken by these girls and Miss Henry is to be highly praised for her success in turning out such splendid cooks and hostesses.

After refreshments, the guests departed feeling that the afternoon had been profitably as well as enjoyable event.

Supper Sponsored By United Church Ladies At Sutton

Sutton, March 23.—The annual St. Patrick's supper sponsored by the ladies of the United Church, was very well attended by both local citizens and friends from a distance. The guests were received by Mrs. R. Osborne, wife of the pastor, and Mrs. Earl Derrick. Miss Shirley Baker, organist of the church, played soft music during the interval before supper was served.

The tables were most attractive with green candles and bouquets of shamrock in low bowls. This was the first event of its kind to take place in the hall since the decorations were completed by the Young Women's Auxiliary, and the soft playing of the walls lent a pleasing background for the green.

The committee is to be congratulated for a very fine supper and the newly-formed Auxiliary for the work they have done in beautifying their church property.

J. S. Mitchell Net Earnings Higher In '53

Moderately improved net results are reported by J. S. Mitchell and Co. Ltd. for the year 1953. Largely responsible for the increased earnings was a substantial reduction in income tax provision, that more than offset a dip in gross trading profit to \$1,043,835 from \$1,071,995 in 1952.

Selling, delivery and administrative expenses were down slightly from the previous period at \$614,891 compared with \$628,894, and depreciation provision also showed a small decrease at \$27,843 against \$28,786. Provision for income taxes for the year stood at \$199,494, off \$37,678 from the 1952 figure of \$237,172. Earned surplus at the end of the latest period showed an increase of \$134,494 at \$2,134,702.

Current assets at Dec. 31, 1953, amounted to \$2,619,897 compared with \$2,444,751 a year earlier, and current liabilities were \$532,940 against \$495,706. Working capital was up \$137,912 from the end of 1952 at \$2,086,957 compared with \$1,949,045.

CONFIRMATION Continued From Page 3

After administering confirmation, His Excellency spoke to the children, emphasizing the fact that they were now soldiers of Christ and should act accordingly. He exhorted them to pray more and better and when possible to attend a week-day Mass, the best of prayers being the renewal of the sacrifice of Calvary. He reminded them and their parents, as well, of their pledge to recite the family rosary, made last year during the Marian Crusade, and of the Marian Year, during which devotions to the Blessed Virgin should be multiplied. He also added that vocations to the priesthood, for boys, and religious life for girls, develop in the youth and should be encouraged by the parents.

During the service, Veni Creator and other appropriate hymns were sung by the choir, accompanied by Mrs. M. C. Shea, organist.

FULFORD— Mr. and Mrs. L. Gaylor and Christine, called on their grand-mother, Mrs. Clara Gaylor, at Foster, who is in very poor health.

Miss Shirley Bennett, of Montreal, visited at the home of Mr. and Mrs. William H. Davis over the week-end.

Tel Aviv — (Reuters) — An Israeli army spokesman said an Israeli soldier was wounded today in a clash with Arabs in the Latrou area near the Jordan border.

The shooting occurred, the spokesman said, when a military unit went with investigators to check a report that Arab farmers are ploughing fields inside the Israeli border. Shots also were fired on an Israeli patrol which visited the area Monday, the spokesman said.

Edmonton — An air force ground party is expected today to reach the wreck of an RCAF Expediter sighted Monday in the timber-studded hills of northwestern Alberta. The plane, carrying three men, vanished last Wednesday.

Only the red wing tip and tail section of the two-motored plane were spotted by the four-man crew and eight RCAF spotters aboard a search Dakota. After three low-level sweeps over the snow-covered area, the spotters reported no sign of survivors.

Cookshire Forum Chooses Topics For Broadcasts

Cookshire, March 23.—The Cookshire Farm Forum met with Mr. and Mrs. Donald MacRae on Monday, March 15. There was a good attendance and all enjoyed the broadcast on "From Under the Earth."

Three groups were formed to discuss the question, "Do you think our mineral resources, including oil, are being used in the best interest of all Canadians?" and to answer the Forum questionnaire. All felt that large companies monopolize the oil, therefore it is too expensive for the general public. It was decided that the three best topics for the past year were "Partners All," "What Grade, Madam?" and "Telling the Farmer's Story." The choosing of topics for next year provided a difference of opinions but all want to hear "Can we farm on an 8-hour day and a 40-hour week?" One group thought if there were more talks and less discussions on the Forum radio program it would be of greater value. Also they would like to hear

a Macdonald College man speak. All wanted better reception as on most nights another station interferes. At a meeting last year three of the Farm Forum members were appointed to form a committee to find a suitable spot for a "roadside picnic ground." One was found in a maple grove near Birchton. The brush has been cleared away and a drive in and out road made. Members of the Forum are working on signs, benches and a table in their spare time. It is hoped that this project will be completed so that it can be used in the summer.

The next meeting, which will be the last for this season, will be held with the Rev. and Mrs. P. W. Jones.

GUILD AND W.A. MEET
St. Margaret's Guild and W. A. met with Mrs. R. N. Fuller with a very good attendance. A four-piece knitted layette, which had been ordered, was delivered.

Each member was given \$2 to be used as talent money, asking each member to bring back \$10 in the fall.

The next meeting will be held with Mrs. Henrietta Hodgman. The hostess served lunch.

WOMEN'S MISSIONARY SOCIETY
The Women's Missionary Society met with Mrs. E. C. Jones. In the absence of the secretary, Mrs. Jones acted as pro tem.

Mrs. A. H. Goff led the devotional exercises assisted by Mrs. J. E. Drennan. Mrs. J. W. Robinson read and discussed a chapter from the study book.

The supplies for the year were brought in and plans made to make and dress dolls for new Canadians this summer.

The next meeting will be with Mrs. J. W. Robinson, when the Society hopes to secure a guest speaker and the Easter thank offering will be received.

Tea and refreshments were served by the hostess.

MODERN LIVING

RUTH MILLET

DON'T OBLIGE 'OTHER WOMAN' BY GETTING A HASTY DIVORCE

A middle-aged woman was divorcing her husband because he wanted to marry a younger woman. Hearing of it, an older man asked: "Why are wives so anxious to cooperate with the 'other woman' by obliging with a divorce instead of just sitting tight and waiting for things to straighten out?" He has a point all right and probably fewer wronged wives would run to the divorce courts if they were realistic enough to see that by divorcing their husbands they are "cooperating" with the other woman.

But they are too hurt to think that straight. And so they believe that they have to do something for their pride's sake. Or they kid themselves that if they threaten divorce their husbands will never let them go through with it. And almost before they realize what has happened they have walked out on home and husband. They really put out the welcome mat for another woman to walk right in.

Wife Really Controls Situation
They think the "other woman" holds the trump card because for the moment she has the husband's interest. But it is the wife who holds the trump card, for she is his wife and the other woman can't marry her husband unless she cooperates by getting a divorce.

All she has to do to stymie the other woman is to sit tight and refuse to do anything. Many a marriage has lasted a lifetime because sometime during the course of it the wife was willing to sit out the "other woman." And many a marriage has ended in divorce because a wife cooperated with the other woman.

Reports Cover Many Activities At Session Of Boundary Helping Circle

Rock Island, March 23 — Mrs. Carroll Smith and Mrs. Gordon Petrie, of Rock Island were hostesses to the Helping Circle meeting, held at the home of Mrs. Smith on Tuesday evening, March 16.

The president, Mrs. Hatch, presided and the meeting was opened by Mrs. E. G. Tenneson reading from the Scriptures, and a poem, after which she gave a brief talk in regards to spiritual guidance, and the Lord's Prayer was repeated in unison.

The roll call was answered by 26 ladies and the minutes were given by the secretary, Mrs. Stuart Taylor, who also read a note from Miss Etta Taylor, who is with her sister Mrs. J. P. Riley at North Hatley. All were happy to learn Miss Taylor is convalescing nicely. She also stated that she enjoyed all the lovely cards she received, numbering 190 at the time the letter was written.

A letter was also read from the

American Red Cross; however it has been decided by the three societies that they have one treasury from which all such donations will be sent. Mrs. A. P. Bliss was appointed to act in this capacity at a previous Ladies Aid meeting and the arrangement was approved by the Circle at that time. The same arrangement had been approved by the 35 Club at an earlier meeting.

Mrs. Tenneson, assisting treasurer, gave her report, which included that of the dinner held at the church hall at noon on March 11th. It was voted that the one third share of the profits be turned over to the board, the same agreement being made by the other two societies who worked on this project.

Mrs. Kenneth Baldwin gave the report of the official board meeting which she and Mrs. Golda Standish attended as representatives of this society. Mrs. Baldwin gave a report on action taken by the boards in regards to insuring the church property and other requirements needed for the church work. She also gave a tentative account of special services planned for the remainder of the year, which will be announced at the proper time.

It was voted to give the sum of \$350.00 to the church board to assist in meeting the expenses of the church budget.

Ladies were reminded of the annual spring rummage sale to be held at the church hall the morning of Saturday, April 3, and ladies offered to make the necessary advertising posters of this event.

It was reported that Merton Davis has completed the new cupboard doors in the church kitchen, and he and Mrs. Davis were accorded a hearty vote of thanks, as Mr. Davis gave his time free of charge for doing the work.

Mrs. Lloyd Selby was asked and agreed to re-order paper for the tables at the church, which is used for suppers, etc. Mrs. Walter Curtis gave a report of the recent drive on the sale of cards which was the February project. The receipts from this were very satisfactory and the members were reminded that these cards can be obtained any time for sale.

It was agreed that the Circle cater for a dinner at the church hall the evening of April 27, in

OUR BOARDING HOUSE With Major Hooole

conjunction with the other two ladies' societies of the church.

As the next meeting date will fall on March 30, it was decided to postpone it until March 31, as Derby Academy is having an event which will take a good number of the ladies. The meeting on March 31 will be held at the church hall following the Lenten service at Christ church in Stanstead.

The meeting adjourned and a quiz game was enjoyed, with Mrs. Arthur Judd the winner. Refreshments were served by the hostesses.

Mrs. Hatch was taken by complete surprise when she was presented with a lovely birthday cake by Mrs. Petrie, decorated in green with pink trim, all aglow with flaming candles, as the ladies sang the Birthday Song. The recipient cut and passed the cake, being very much pleased with the thoughtfulness of her friends. She also received a birthday card which had been signed by those present.

BIRTHDAY PARTY

Mr. and Mrs. James Martin and their son, Charles, of Stanstead entertained a few gentlemen friends of Mrs. Martin's father, Mr. William Sawyer, of Stanstead, their home of Monday evening, March 15, the occasion being his 77th birthday anniversary.

Mr. and Mrs. Sawyer and their two children, May, Mrs. Martin, and a son, William, of Lennoxville, came from England to Stanstead some forty years ago.

At this party the guests were also persons who came from the "Old Country", and all had a wonderful time reminiscing of the days gone by, and of the homes they had left when they came to Canada, as they viewed some of the pictures which carried them back through the years.

Later Mrs. Martin and her mother, Mrs. Sawyer served refreshments, which included a prettily decorated birthday cake.

Mr. Sawyer has for years been gardener at Stanstead College. He takes great pride in his work and receives many compliments for his labors, especially in June, when the closing activities are taking place and the flower gardens are at their best. Each year in the diamond of the driveway, the red and white tulips, the school colors, are a beautiful sight to behold.

The many friends of Mr. Sawyer join his family in wishing him many more of these happy occasions with his cronies, and health that he may continue with his beloved flowers and care of the beautiful lawns at the College.

LADIES AID

The Ladies Aid of Stanstead South church met at the church hall on Thursday afternoon, March 11th, following the cleaning up of the dinner, sponsored by the three societies of the church.

The president, Mrs. Harry Smith, presided over the meeting, opening with a reading from the Scriptures, followed by all repeating the Lord's Prayer.

Routine reports were given and accepted. Thank you cards were read from Mrs. Mabel Drew, a shut in, and from Mrs. Harry Rickard, to whom a birthday card had been sent which was signed by all her Aid friends here. Mrs. Ida Garneau expressed her thanks and appreciation for the get-well cards and the numerous birthday cards received when she was shut in from a bad fall.

Mrs. A. P. Bliss and Mrs. Harry Smith each gave their report after attending the official church board meeting on March 3.

Rev. Mr. Tenneson was the special speaker at this meeting and he gave a very interesting and useful talk on the operations of the church boards, composed of trustees, board of sessions and the stewards. He also spoke on the financial operations of this church.

It was also voted to make a donation from the Aid funds of \$200 to the church board, also to turn over the Aid's share of the dinner to the board. It has since been announced that a good share of this dinner money is being used to purchase dishes for the church kitchen.

The meeting adjourned and thirty-five members and friends enjoyed the hot dish supper which followed. The next meeting will be held at the church hall the afternoon of March 25.

Saints Open Quarter-Finals Tonight With Royals At 8.30

Joe Levandoski, New Rearguard, Joins Locals For Playoffs; Team Minus Of Injuries; Royals To Be At Full Strength

The Sherbrooke Saints will open their bid this evening in the Quebec Hockey League playdowns when they will be hosts to the Montreal Royals in the first game of a best-of-seven quarter-finals at the local Arena at 8.30.

The second tilt of the series will also be played in Sherbrooke while the third, fourth and fifth games will take place in Montreal. The sixth will switch back to Sherbrooke while the final fixture is slated for the Forum on April 4.

It is the third consecutive year that the Saints and Royals meet in the first round of the league playdowns. Two years ago the locals under Ivan Dugre rallied after trailing 3-1 in games to win the series 4-3. Last year the roles were reversed with the Royals emerging the winner. The series went the full distance and the Saints came from behind a 3-1 to knot the count 3-3 but in the final game at Montreal Pete Morin's squad came through with a 2-0 victory to cop the fixture.

The Saints hold the upper hand over the Royals in games played at the Arena. They have four victories against two losses, one by the count of 7-2 and the other in overtime 3-2. The locals have posted 9-6, 4-3, 2-0 and 3-3 verdicts over the Montreals here.

At the Forum it is a different story as the Saints came out on the short end of all six encounters and failed to chalk up a single decision. Both teams will be at full strength with everybody ready for the fray.

The Saints will have a new rearguard on hand for the playoffs and he is Joe Levandoski and comes to the team from the Providence Reds of the American Hockey League. During the 1944-47 season he was a member of the New York Rangers in the National League and then rejoined St. Paul in the USHL where he played two years.

He performed with Kansas City and then moved down East with Sydney in the Maritime loop before joining Calgary in 52-53 and then he joined Providence this year. He was obtained by Jack Adams, general manager of the Detroit Red Wings, as a replacement for Jake Forbes, who was injured a few weeks ago.

The rest of the team will be the same as Coach Forbes has planned no changes for the crucial series which commence tonight at the Arena. Season ticket holders are asked to pick up their duets for by 6.30.

Howie Riopelle Wins Scoring Title As Phil Hughes Cops Vezina Trophy; Edges Burchell By One In Close Race

Montreal — (CP) — The Quebec Hockey League made it official today by crowning Howie "Rip" Riopelle of Ottawa the leading scorer for the 1953-54 season and naming Phil Hughes of Chicoutimi the winner of the Vezina Memorial Trophy as the loop's top goalie.

A third-period goal by Riopelle against Montreal Royals Sunday gave him the crown. He had gone into the game leading Skippy Burchell of Montreal by one point. Burchell overtook him by scoring a goal and an assist while Riopelle was held to a goal in the first two periods.

The former Montreal Canadiens

winger wound up the season with 37 goals and 60 assists for 97 points. Burchell had the same number of goals but one less assist.

Andre Corriveau of Valleyfield, who led most of the season, wound up third with 38 points on 37 goals and 51 assists.

Leo Gravelle, Riopelle's linemate and another former National Hockey League player, was the league's top marksman with 45 goals. He also had 41 assists for 86 points and fourth place in the standings.

Ray Powell of Quebec Aces had 22 goals and 55 assists for 77 points and fifth place. He was followed by Jimmy Moore of Chicoutimi Saguenays with 75 points on 28 goals and 47 assists.

Dusty Blair, centre for Gravelle and Riopelle, finished seventh with 28 goals and 43 assists for 71 points. Lanky Eddie Litzenberger of Montreal was one point back with 31 goals and 39 assists.

Moore Irving of Sherbrooke Saints with 64 and Bucky Buchanan of Chicoutimi with 63 rounded out the top 10.

Perrault Chases Hughes
Hughes had a six-goal edge over Bob Perrault of Montreal in the Vezina trophy race. He played 69 of his team's 72 games, allowing 185 goals. Denis Brodeur and Cliff Hicks, who filled in for Hughes in three games, permitted 12 goals for a team total of 197.

Perrault and Claude Evans, who shared the Montreal net duties, allowed 203 goals. Perrault was charged with 160 in 58 games while Evans allowed 43 in 14 contests.

Quebec, with Jack Gelineau doing most of the net duty, was scored on 212 times and wound up in a tie for third place with Ray Frederick of Ottawa and his five replacements.

Earl Balfour Is Recalled By Leafs
Pittsburgh. — (AP) — Earl Balfour, left-winger for Pittsburgh Hornets of the American Hockey League, left Monday night for Toronto where he will join the Maple Leafs in time to go to Detroit for the National Hockey League playoffs opening tonight.

Coach Baz Bastien said Balfour was recalled after Sunday night's AHL finale to replace Gordon Hannehan who is out with a liver ailment. Meanwhile, centre Danny Lewicki, called up by the Maple Leafs recently, will rejoin the Hornets tonight for their opening playoff game at Hershey.

LETTERS TO THE SPORTS EDITOR

Dear Sir:

Would you be so kind as to publish this letter of thanks in connection with the great gesture shown me by Sherbrooke fans last Thursday night at the Valleyfield-Sherbrooke hockey game.

I would like to thank the officials and the directors of the Sherbrooke Hockey Club, the directors of the Arena, all the announcers of radio station CKTS and CHIT, sport editors Jean Chartier of the Tribune, and Len O'Donnell, of the Sherbrooke Record, the donors of the attendance prizes, the employees of the Arena who together with the Police force gave their time freely. These same thanks also go to J. A. Laforest and his employees, who had charge of the programs, and also to the players of the Sherbrooke team and their coach John "Jake" Forbes as well as all the sportsmen of the Eastern Townships who made possible this very successful evening.

I would also like to thank Ernest Keene, who originated this idea when I first entered the hospital. I also want to point out the great work done by Ivan Dugre, my former coach, in the organization of this "night" which culminated in such a general testimonial on my behalf.

Knowing the financial status of the hockey club at this time I appreciate even more this fine gesture on the part of the direction of the team.

I would like to equally thank the representatives of each team in the Quebec Hockey League who unanimously voted me the sum of \$200 at the last league meeting on Friday night in Montreal.

In ending I want to say that next year, if my health permits, I will be very glad to once again join the Sherbrooke Hockey Team.

Once again, thanks to all,
ROGER ROBERGE.

Magog High Beats SHS In Cage Tilts

Magog — Two basketball games were played at the new Princess Elizabeth High School in Magog Friday with the Magog senior boys topping Sherbrooke High 60 to 51, while the senior girls took an easy victory from the Sherbrooke senior girls 67 to 39.

Kenneth Whittier led his team with 26 points, while Carol Whittier of Magog earned 57 of the 97 points for her squad. Sue Dustin chalked up the other ten for Magog.

The Magog boys' team started on its scoring spree from the start, and after the first quarter led by 16 to 7, and kept up the pace in the second quarter to finish 35 to 15 at half time. Sherbrooke, however, staged a comeback in the third and brought the score to 44-40, still in favour of the Magog boys. The final quarter proved the most interesting when at the middle of the fourth, the Sherbrooke group tied the score, 48 to 48.

The half way mark of the fourth quarter saw Magog's hopes fall when they suffered five personal fouls. It was here that Kenneth Whittier put his team into the lead again when he made a one-handed jump-shot from the bucket. One minute later, Murray of Sherbrooke tied the score but then Alfred Whittier with a quick break sent Magog ahead again with another point. The game continued to see-saw like this until two minutes were left, then Parker scored one for Magog and Alfred Whittier assisted by Ken Whittier, made six of his 22 points in the game. This ended the game, saw Magog with a 60 to 51 triumph.

Magog: Kenneth Whittier 26, Alfred Whittier 22, Jim Peters 10, Donald Parker 2, Garth Fields, Ross Bennett, Michael Minor, Maurice Renaud, Lizotte and Graham Foggo.

Jack Ellick Tallies Winner As Richmond Edges Windsor 6-5 In Overtime To Even Series At 2-2

Victoriaville. — (Special to the Record) — A goal registered by Jack Ellick, his third of the afternoon, after 11:28 of the second overtime period gave the Richmond Phantoms a 6-5 victory over the Windsor Paper Makers in the E. T. Intermediate "C" Hockey League playdowns here Sunday.

Ellick battled home his second tally of the game to knot the count again. Cloutier broke the stalemate but before the Windsor squad held onto their advantage Ellick finished off a play with Haworth to send the tilt into overtime.

In the first ten-minute session Allard put Windsor out in front again but with less than a minute left G. Haworth squared the count at 5-5 to send the game into the sudden-death frame. Preacher Roe Won't Pitch Till Ready

Vero Beach, Fla. — (AP) — Preacher Roe, Brooklyn lefthander who was routed by New York Yankees Saturday, says he won't pitch in any more spring games until he "feels ready."

"That was the worst racking I ever took," he said Sunday. "No matter what I did the ball wouldn't do what I wanted. I'm always a slow starter in the spring and this year maybe I was too eager for an old fellow like me."

Roe, listed at 36 in the Brooklyn roster, said he would pitch batting practice every day for a week "and see whether I feel strong again."

Eddie LeBaron May Join Stampede

Washington. — (AP) — Eddie LeBaron, a little man in a big man's game, may scrap his American career for a fling at Canadian football.

There's nothing definite yet, LeBaron said after two rather fruitless days of conference with George Preston Marshall, owner of the Washington Redskins. LeBaron was on his way home to California today without having made a decision.

Eddie wouldn't discuss the reason for the Canadian lure, but it's no secret that he'd just as soon play for somebody other than the Redskins' coach, Curly Lambeau.

Calgary Stampede, coached by Larry Stiermer, who was Eddie's coach at the College of the Pacific and was on the coaching staff of the Redskins last season, has been after LeBaron.

Eighty-Foot Blooper Cost Terry Sawchuk His Third Vezina Trophy And \$1,000; Gordie Howe Cops Close Scoring Race

Montreal — (CP) — One goal cost Terry Sawchuk his third Vezina Trophy — and the \$1,000 that goes with it.

The Detroit Red Wings goalie finished the season with 132 goals against him. Toronto Maple Leafs were scored on 131 times. The one-goal margin gave Harry Lumley the trophy for the first time since he came into the league in the 1944-45 season.

Lumley's close win was confirmed in official National Hockey League statistics released today. He held a six-goal margin going into the final game between the two clubs Sunday night.

The final week-end also brought Montreal Canadiens second place in a bitter fight with the Leafs. Canadiens knocked off the Red Wings and New York Rangers. The Leafs lost to both.

It wasn't until the final week that Boston Bruins clinched fourth place over the Rangers, making the last playoff spot in a late-season burst that carried them through 12 games with only one loss.

Watson Misses 200th
The statistics don't reveal the tough luck that suddenly overcame Harry Watson of the Leafs. They show Watson with 21 goals — a fine performance — but ever since March 7 the big Toronto left-winger has been trying to beg or borrow a goal.

He needed it to reach the coveted 200-class, in which there are only nine active players. The final quarter of the season produced a brilliant piece of goal-tending by Jacques Plante of Montreal Canadiens. Recalled from the Buffalo club of the American Hockey League when Gerry McNeil was injured, Plante racked up five shutouts in 17 games and had a goals-against average of only 1.59. Lumley's season average was 1.87.

Gordie Howe of Detroit finished with 33 goals and 48 assists for a point total of 81. It was the lowest total for any season he has won the scoring title.

Richard's Goals Tops
Maurice Rocket Richard of Montreal led the goal-getters with 37 and finished second to Howe with 67 points. Richard has topped his 37 only four times in 11 previous seasons. He holds the league record of 50, scored in 1944-45.

Ted Lindsay of Detroit, with 26 goals and 36 assists for 62 points, was third.

Bruins And Canadiens Clash In Tough Series With Home Ice To Play Big Part In Settling Winner

Montreal — (CP) — Boston Bruins, who couldn't win a game on Montreal ice all season, get a fresh crack at Montreal Canadiens tonight when the clubs open their best-of-seven Stanley Cup semifinals.

The Bruins dropped five games and salvaged two ties in Montreal during the regular National Hockey League campaign. On Boston ice they won four times, tied twice and gave up only one game to the Montreals.

Canadiens hold a 41-32 edge for the season on goals, but the Bruins come into this money series against the 1953 Stanley Cup winners as the hottest team at the windup of the NHL grind. They slipped through their last 12 games with only one loss, their eight wins and three ties holding fourth place safe against the crowding New York Rangers.

Although they can't match such individual sharpshooters as Maurice "Rocket" Richard and Bernie "Boom Boom" Geoffrion, the Bruins pack plenty of well-distributed scoring power up front.

Peirson Top Scorer
Right-winger Johnny Peirson is their top man with 21 goals. Dave Creighton and Joe Klukav both reached the select 20-goal class and Ed Sanford and Leo Labine each scored 16.

The Bruins are expected to be minus defenceman Hal Laycoe for the first two games — tonight and Thursday — before the series shifts to Boston. Laycoe is suffering from a groin injury.

Early today Montreal Coach Dick Irvin had not said definitely whether Jacques Plante will be in Canada's nets. The young goalie, recalled from Buffalo of the American Hockey League when Gerry McNeil was injured, has done a tremendous relief job, setting five shutouts in 17 games. His work undoubtedly contributed to Canadiens' hustling finish that gave them second place in the NHL race.

Basketball Body Makes Changes Duke Of Windsor In Golf Tournament

Winnipeg. — (CP) — Bert Jones of Winnipeg, president of the Canadian Amateur Basketball Association, said Monday night that Canada will adopt any basketball rule changes made by the National Basketball Committee now meeting in Kansas City, Mo.

Mr. Jones said Canada is represented at Kansas City by Don Paul of Toronto.

Earlier Monday the committee announced it had adopted two halves playing time instead of the four-quarter system and revamped its free throw rule.

The new method will allow one free throw on all personal fouls and a bonus shot on the throw if made. This will apply for the first 37 minutes. In the last three minutes, two free throws will be given as in the 1953 rules.

The rule for the past two seasons has allowed one free throw for a common foul and a second shot if the first was unsuccessful.

Palm Beach, Fla. — (AP) — Golf star Ben Hogan and such amateurs as the Duke of Windsor and Henry Ford II tee off today in the first round of the two-day pro-amateur tournament here.

Hogan, the United States, British and Masters champion, warmed up for the tournament by shooting a 61 Sunday for the lowest round of his career over the 7,000-yard course where par is 72.

Hogan's partners will be Laurence M. Lloyd, New York advertising executive, and John (Shipwreck) Kelly, former Kentucky football star.

The Duke of Windsor, an 18 handicap player, will play with Robert L. Ashe of Knoxville, Tenn., and pro Skip Alexander of St. Petersburg, Fla.

Henry Ford II, also an 18-handicap player, will team with Shaw Walker of New York and pro shot if the first was unsuccessful. Pete Cooper of Tampa, Fla.

Sports Of Sorts

The current tempest in a teapot surrounding school sports locally is the ruling by the Protestant Committee governing body, that as far as hockey is concerned, no player can participate in play-downs for the Provincial titles if he has played hockey for any team in the Quebec Amateur Hockey Association.

According to some educators that I have talked with the reason for putting this rule into effect was that first of all boys playing both branches of hockey were too busy in the months of January, February and March to keep up their scholastic work.

So, say the educators, we are not telling the parents how to run their business in regards raising their family, all we are doing is forcing the athlete to choose between school hockey, properly supervised by teachers, with a week's holiday, or town hockey which we feel is detrimental to boys of that age group, for the above mentioned reasons.

In talking to a few fans of the town hockey brand, their argument is this: Last year in particular they were highly incensed because in the case of the boys who had signed all their cards which included five of the best high school boys on the team.

Then came the school edict after their cards were registered. The Q.A.H.A. naturally held them to their original cards, and when the school boys were pulled out of the team, the coach and manager were left with an operating margin of thirteen players.

Then too, as one town fan put it, town hockey polishes the boys up in the keener competition supplied by the older players. In this area Tommy Wenkert, Bob Taylor, Pete Brown, Dale Osborne, Dave Crandall, Dex Jolley and Ph. Sykes undoubtedly got their polishing experience in the Yamaska League.

It can be truthfully said that Knowlton High School, who won the finals against Richmond wouldn't have even got to first base unless the boys had achieved their experience against such outstanding boys as Bernie Blanchette of Mansonville and the Hadlocks of Sweetsburg.

Added up against that theory is the fact that some very good boys have been spoiled stepping up against superior opposition. Irving Bookbinder of Cowansville was one of the finest school players on record and after a whirl with the town boys he never played the same again.

Chaff... St. Helen's took Granby girls very smoothly at Dunham the other night and that puts them in front for the Reglin Trophy emblematic of the girls senior championship in this area. The worst that can happen to them is a defeat by Betty McNeill's Waterloo girls and a tie for top honors with a playoff with Granby on a neutral floor.

Jackie Jensen is out with a bad muscle bruise, and George Kell, my third-baseman, has a sore arm and can't throw. Can't say when he will be able to. What hurts most is that Piersall is going to miss these next few weeks of play before the season starts. They are very important, especially now that it looks as though we're finally going to have good weather.

Boudreau's club has, indeed, had much more than its share of hard luck this chilly spring. He was asked if he still felt that he or any other manager had a chance of depriving Stengel's Yankees of a sixth straight American League flag.

What about Cleveland Indians and Chicago White Sox? Did he believe that either had a chance of cutting the Yankees down?

"We played Chicago one game here, but saw very little," Boudreau said. "Richards, Paul Richards didn't come over himself, and he kept most of his regulars at Tampa for a squad game."

His verdict on Cleveland appeared to be that not enough changes had been made, and that the team's first-base problem remained unsolved.

Red Sullivan Sets AHL Scoring Record

New York—(AP)—George (Red) Sullivan of the Hershey Bears set an all-time scoring record for the American Hockey League with 119 points during the season which closed Sunday.

The former record of 118 points was made by Carl Liscombe playing for Providence Reds in 1947-48. Sullivan's record was composed of 30 goals and 89 assists, the latter also a league record. He will receive a league award of \$300 for his scoring.

Jackie Gordop of Cleveland Barons finished second with 102 points. Don Marshall of Buffalo Bisons was third with 96 points, a league record for a rookie player.

Larry Cahon of Pittsburgh led in penalties, spending 179 minutes in the box. Jacques Plante, who played for Buffalo before he was transferred to Montreal of the National Hockey League, finished with the best goaltending record, an average of 2.69 on 148 goals allowed in 55 games.

However, Plante is not eligible for the Harry Hines award or the \$300 league bonus, as he did not play after Feb. 15. Gil Mayer of Pittsburgh will receive these awards for his second-best record, an average of 3.12 on 212 goals allowed in 68 games.

Washington—(AP)—The National Boxing Association reported Monday that indefinite suspensions have been ordered against three high ranking boxers, heavyweight Earl Walls of Windsor, Ont., and Edmonton, and middleweights Paddy Young and Pat Lowry.

All the suspensions were ordered, the NBA said, because the boxers failed to live up to contracts. NBA suspensions are ordered after a member of the association files a complaint. Canada complained that Walls had failed to come through with a scheduled fight against Freddie Besore in Toronto. The Young suspension was sought by Michigan, and the Lowry one by Ohio.

Olson Training For Gavalin Bout

Chicago—(AP)—Middleweight champion Carl Bobo Olson is quietly and methodically preparing for his title defence against Kid Gavalin April 2.

As usual, the stoic Honolulu-born fighter is letting his associates and friends do most of the talking. Willie Warton, his trainer, says: "Bobo will use his same boring style against Gavalin and will be throwing punches all the time. There is no reason for him to be any different. He's in great shape."

King Solomon, Chicago middleweight and a friend of Olson's says: "He stays right on top of you, He's got four kids and is a hungry fighter. Gavalin ain't hungry anymore. Gavalin can't hurt this Olson."

"Then there are plans for Turpin to fight again in London June 1," Solomons said.
