THE GRAIN BILL BEFORE COMMONS

All Yesterday—Nelson Offers
Good Terminus for Hudson
Bay Railway.

(Special to the Chronicle.)

Ottawa, Feb. 6.—The House went into committee on the Grain Bill as soon as it was settled this afternoon and remained in all day, passing 70 or 80 clauses. The only incident was a proposal by the minister, which stood over for further consideration, that "Manitoba No. 1 hard" be changed to "Canada No. 1 hard."

Notes.

The hydrographic branch of the Marine Department is issuing a map embodying the result of a careful survey recently made of the mouth of the Nelson River. This chart shows a wide channel of from 20 to 60 feet depth in the Nelson River with few shoals and those such as could be removed without excessive expense. A passage from one to four miles wide could be secured up the river to the point where the railway terminals would be located, if Nelson were chosen as the port of the Hudson Bay Railway. A protection wall could be built for the roadstead at reasonable expense. This puts a new face on the question of the Hudson Bay terminus, as hitherto it has been understood that Churchill is the superior port. The grades to Nelson are said to be lower and the distance is less.

KING OF DENMARK

TAKEN SUDDENLY ILL

Copenhagen, Feb. 6.—While taking his customary walk to-day, King Frederick was seized with a sudden illness. He returned to the palace and was sent to bed. It is stated that the King suffered a chill. A bulletin issued to-night says that his condition is considered satisfactory.

EDMUND LAMY MEETS

WITH AN ACCIDENT.

Saranac Lake, N.Y., February 7.—Edmund Lamy, who won the professional skating championship last week from Morris Wood had a nasty fall on the ice here to-day and as a result will be unable to skate for several weeks and probably the rest of the season. Lamy was practicing short turns in a hockey pen when he was accidentally tripped by another skater and fell into the net, wrenching his ankle and bruising his thigh. He was carried to the office of a physician who ordered the champion to take absolute rest for several weeks. Lamy has cancelled all dates.

TWO YOUNG STUDENTS

MAKE A FULL CONFESSION

Sweetsburg, Que., Feb. 6.—Hearing in the charges against Eugene Bernard and William Henry, the two young American pupils accused of conspiring with young Marchand to burn down the Holy Cross College at Farnham, was held here to-day before Judge Mulvena. The boys, who are 14 and 13 years respectively, broke down completely and told the whole story of the burning of their college. Their evidence showed an apparent systematic conspiracy to destroy the college by fire, telling as it did of a number of previous attempts made by older boys, and the running away or expulsion of the culprits. The Brothers had learned of these attempts, but attempted to hush them up, withholding details of what they knew from the police and even receiving insurance money following an incendiary outbreak of fire which did slight damage last autumn.

Bernard told how he had showed Marchand where to start the fire while Henry confessed to having supplied Marchand with matches. Judge Mulvena reserved his decision until Monday next, taking the case en delibere.

MEN CHARGED WITH BEING ACCESSORIES

To Murder.—Refused Admission to Bail by Court in Boston.

Boston, Mass., Feb. 6.—An attempt of representatives of the striking textile workers in Lawrence to have their leader, Joseph J. Etor, and his lieutenant, Arturo Giovannitti, who are charged with being accessories before the fact of the murder of Annie Lopez, liberated on bail, failed to-day. Judge Bradley, in the Supreme Judicial Court, refused to release the prisoners on the habeas corpus proceedings which had been instituted.

The two men will remain in the Essex County Jail, at Lawrence, until next Friday, when their case will come up in the Lawrence Police Court for a continued hearing.

The Lopez woman was shot and killed during a riot near the Everett Mill a week ago Monday. During today's proceedings George E. Roewer, counsel for the accused men, declared that the person who fired the fatal shot was a policeman. District Attorney Atwell stated that, according to the autopsy performed by Medical Examiner George H. Dow, the bullet which killed the woman was of .38 calibre, while the two police officers on duty in that district at that time carried .32 calibre weapons.

Judge Bradley, in dismissing the petition, said that he had never known of an instance in which bail had been allowed in a case of murder before an examination had been held or an indictment found.

THE MURDER OF MRS. HELEN TAYLOR

The Mystery Surrounding It
Grows Deeper — Package
Was Received by Mail.

New York, Feb. 6.—The mystery surrounding the murder of Helen Taylor, killed by the explosion of a bomb in her apartments last Saturday night, grew deeper to-night with the disclosure that the package containing the informal machine was apparently sent by mail instead of having been delivered by messenger, as had been supposed.

The police and Coroner Feinberg both admitted to-day that their case against Charles M. Dickinson, who was with the woman when the explosion took place and who will be arraigned by the coroner to-morrow on the charge of homicide, had many weak points and unless more definite evidence comes to light meantime, it was intimated that Dickinson would be discharged.

A new development in the case came late to-day, when the police found a letter carrier who said that on Wednesday last he delivered to a woman he believes to have been Mrs. Taylor a package about five inches long, three inches wide and two inches high. This description tallies well so far as size is concerned with the bomb package. With this statement in their hands, the police turned to scrutiny of the package wrapper, and portions of postage stamps picked up in the room where the explosion occurred, and which are now thought to have been attached to the manila paper covering. The markings on the stamps showed, according to Deputy Police Commissioner Dougherty, that the stamps were cancelled at the Grand Central Station here, but there was no dates as is usual with fourth-class mail matter. This, coupled with the story of the letter carrier, indicated the possibility that Mrs. Taylor kept the package for a few days before opening it. The motive of the sender was, however, as much a matter of mystery as ever.

IS YOUNG BUT RECEIVES

AN IMPORTANT POSITION.

Winnipeg, Man., February 7.—D. C. Coleman, general superintendent of the car service for the Canadian Pacific Railway, was to-day transferred to the operating department and given charge of the Manitoba division as the general superintendent. He is the youngest man ever named as a general superintendent by the company. Mr. Coleman succeeds J. T. Arundel, appointed to Toronto. The Manitoba general superintendency was offered to F. F. Busted, recently general superintendent at Vancouver, but his health prevented his acceptance. Mr. Busted is now in the east. Mr. Coleman was born at Carleton Place, Ont., 31 years ago and has been closely associated with Vice-President Bury since he entered railroading.

GERMAN CONSUL DECORATED

New York, Feb. 6.—Dr. Curt Ziegler, who since November of last year has been acting German Consul-General here owing to the illness of Consul-General Franksen, has received the Order of the Red Eagle from Emperor William, it was announced to-day. Dr. Ziegler has been attached to the German consulate-general here since 1902. In 1909 he was appointed to the position of German Consul.

EX-SHAH OF PERSIA TO BE PENSIONED

And Amnesty Granted His Adherents Provided He Quits Persia.

Teheran, Feb. 6.—With the consent of Great Britain and Russia, the Persian government, through the Russian consul at Astrabad, will inform the ex-Shah, Mohammed Ali Mirza, that it is willing to allow him a pension and grant amnesty to his adherents on condition that he quits Persia without delay.

The foreign minister, in an interview to-day, said: "The government is willing to grant the ex-Shah 50,000 toman (\$100,000) yearly. Russia is not willing that he shall reside in Russian territory, and his place of residence will be settled upon in subsequent negotiations. The government will allow Shua-Es-Sultaneh, a brother of the ex-Shah, to resume possession of his property, and will grant Salar-Ed-Dowleh, another brother, 12,000 toman yearly and remove the ban of confiscation from his property, provided he lives abroad."

Zia-Ed-Dowleh, ex-vice governor of Azerbaijan Province, was found shot to-day in a room in the British consulate at Tabriz, where he recently took refuge. He is believed to have committed suicide.

Mohammed Ali Mirza was de-throned in July, 1909. He proceeded to Russia, residing in Odessa until June, 1911, when he returned to Persia for the purpose of regaining his throne. The ex-Shah gathered around him many supporters and fought several engagements with varying success. The Russian government denied that it was lending him aid, and recent despatches from St. Petersburg said that Russia and Great Britain had entered into a special arrangement not to attempt his restoration.

THE REPUBLICAN GOVERNMENT

In China Returns Its Answer
to Premier Yuan Shi Kai's
Requests.

Nanking, Feb. 6.—The answer of the Republican government to Yuan Shi Kai's requests on behalf of the Manchus has been forwarded to Peking. In nearly all the essential points the reply is in the affirmative and an answer from Yuan Shi Kai is expected to reach here promptly.

The Conservative element among the Republicans does not insist on making Nanking the capital, and it now appears probable that Peking will continue to be the capital of China pending the final action of the National Convention to decide on the future form of government.

Prof. C. D. Tenn, Chinese secretary of the American Legation at Peking, has arrived in Nanking and has arranged to make an unofficial call on the members of the Republican government. His mission here is to investigate the stability of the republic.

Peking, Feb. 6.—A complete armistice has been arranged, but bargaining between Premier Yuan Shi Kai and the Republican leaders is likely to continue for several weeks before the court finally retires.

The Chinese papers publish the terms laid down by the Empress Dowager, which includes the perpetuation of the titles of the entire court, the retention of the imperial family of the palaces in Peking, the continuation of the imperial guard at the expense of the Republic and the right of the court to exact regal homage from the nation. It is not believed that the Republican will accept all of these terms.

General Tuan Chi Jui, acting viceroy of Hu-Nan and Hu-Peh provinces and Commander of the second imperial army, has withdrawn his forces, which were formerly stationed at Hankow, to Pao Ting Fu. General Chang Hsun, in command of the imperial army which was recently at Nanking, has been instructed to receive a Republican emissary and arrange for peace.

Anarchy in Manchuria is causing much concern, and a Japanese battalion has been moved into Mukden. The Japanese legation here declares that except for this change no troops have been moved.

London, Feb. 7.—Premier Yuan Shi Kai carries the edict in his pocket naming him as High Commissioner with absolute powers and making him a virtual dictator, says a Peking despatch to the Daily Telegraph. The retention of the throne's dignities, which are carefully guarded by the capitulations, divided into three chapters of twenty articles, makes the future government a commonwealth rather than a republic.

DONALDSON LINE.

St. John, N.B., Feb. 6.—The steamer Cassandra, Captain Mitchell, arrived to-day from Glasgow with 180 passengers, including Louis M. Spiers, a football player with an international reputation, who is going to Montreal.

CHARGE OF RT. REV. BISHOP FARTHING

To the Montreal Synod—Reference to the Martial Contract.

Montreal, Feb. 6.—The charge delivered by Right Rev. Bishop Farmington, at the opening session of the Montreal Diocesan Synod to-day, was mainly devoted to the marriage question and the head of the diocese strongly expressed the sentiments of the Protestant Church in regard to the Ne Temere decree.

He pleaded first for the sanctity of the marital contract, then exposed the conflicting position brought about in two famous cases, and concluded by a denunciation of outsiders interfering in Canadian marriage laws, demanding also a uniform marriage law recognized by the state.

"When there has been a marriage against which there has been no objection save that of religion," declared the bishop, "it seems to me a horrible degradation of human life for the church to separate the two persons and permit the Christian partner to marry another."

Referring to the Hebert case, judgment in which is expected at the end of this week, the speaker declared that the state had authorized Methodist ministers to solemnize marriage and it was the duty of the state to see that its license was honored.

He also referred to the recent marriage annulment case, wherein civil effect was given to an ecclesiastical decree, declaring the marriage of two Roman Catholics, married eight years ago by a Roman priest before the requisite number of witnesses and in a Roman Catholic church, void on the ground that they were of the third or fourth degree of consanguinity and had not received special dispensation to marry from the church, as is necessary, according to ecclesiastical law, under such circumstances of relationship. This annulment, he said, was a horrible scandal which should arouse the whole Dominion to action.

MORE TROUBLE FOR POOR MEXICO

Rebel Leader Preparing to
Cross from Texas to Assist
German.

Mexico City, Feb. 6.—The Department of the Interior has received advice through secret agents that David De La Fuente, who was one of the signatories of the plan of Tacubaya and is a member of the revolutionary junta, formed a week ago in El Paso, is preparing to cross the frontier to engage in an insurrection in favor of Emiliano Vasquez Gomez. He is said to be now at Brownsville, Texas.

David De La Fuente was formerly chief of police here and later became a director of the so-called Army of Liberation, which Gomez endeavored to organize. He fled to the United States to avoid arrest for insurrectionary agitation in Chihuahua.

It is confirmed here that Gen. Pascual Orozco has been offered the governorship of Chihuahua.

WARNING TO EMPLOYERS DURING ELECTIONS.

Washington, D.C., February 7.—A bill to make it illegal for employers of labor, during presidential elections, to threaten employees with a shut-down of factories or reduction of wages should certain candidates or parties be successful, was introduced to-day by Representative Pepper, Democrat, of Iowa. A fine of \$1,000 or imprisonment for not less than one year are provided as penalty in the bill.

Consider Your Savings

Ask yourself if you are receiving the maximum earning power from your investments consistent with security. TWO NEWSPAPERS CONFISCATED IN RUSSIA.

St. Petersburg, Feb. 6.—The evening edition of the Novoye Vremya, a St. Petersburg newspaper, and the Octobrist organ Golosmesky, a Moscow publication, were confiscated to-night for describing Gregory Rasputin, a reputed mystic, who is wielding enormous influence at the court, as "a corrupter of bodies and souls." The recent exile of Bishop Hermogenes, of the Saratov diocese, and the reactionary priest Heliodorus, Abbot of Tarsitsyn, is said to have been due to antagonism on the part of Rasputin.

Boris Souvorin, the editor of the Novoye Vremya, it is announced, will be prosecuted on the charge of libel, which is punishable by a maximum of eight months' imprisonment.

Frederickton, N.B., Feb. 6.—The New Brunswick Legislature will open for despatch of business March seventh. Lieut.-Governor Tweedie's term of office expires at noon March 26, and it is believed his successor will be sworn in in time to open the Legislature. It is understood Senator Wood is to be the new Governor.

LAZY LIVER, BILIOUSNESS, HEADACHE, COATED TONGUE OR A BAD STOMACH.

You men and women who somehow can't get feeling right—who have an almost daily headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel worn out.

Are you keeping clean inside with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the decomposed waste matter and poison from the intestines and bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box will keep your entire family feeling good for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

WEDNESDAY, FEBRUARY 7, 1912

CIVIL SERVICE SALARIES.

As is generally known a commission was formed by the Provincial Government some time ago to discuss the question of raising the salaries of Government employees. We now learn that the work of this commission has been interrupted by the session, and will only be taken up again at its close, though a general increase of salaries is promised.

There has been no general increase of salaries since 1876. Such increases as have been given, have gone, for the most part, like kissing, by favor.

Three years ago, the salaries of the Ministers were increased by fifty per cent, and the sessional indemnity has been raised from \$800 to \$1,500.

Practically every argument that was used to urge those increases holds good in the case of the employees.

The salaries of the Deputy Ministers have not been increased for something like thirty-five years, though they are receiving additional sums of money for extra work.

The significant fact is that while the salaries have not been increased, the cost of living has increased quite fifty per cent. in the last ten or fifteen years alone. It is no exaggeration to say that the purchasing power of \$1,500 to-day is no more than that of \$1,000 fifteen years ago.

Food has gone up, rent is especially dear and taxation is enormous, and the increased cost is quite as noticeable in the case of necessities as of luxuries.

If this question of increase is to be delayed until after the session is over it will be a long time before anything is done. If a change is to be made it will have to be effected during the session by act of Legislature as it will be necessary to amend the civil service act.

That act is disregarded in all its provisions to-day. Under the old act the salaries of deputy heads and of clerks are limited to certain sums. There are also supposed to be five classes of clerks with a maximum salary to reach class. But, there is no classification observed to-day and various increases have been given without any regard to classification. Some clerks of the lower grades are receiving quite as much as higher clerks. Some of the higher class are receiving more than the maximum. As a consequence there is a good deal of confusion and salaries are frequently not in accord with merit.

In short, the Government which is the executive of the legislature defers the authority of the legislature by disregarding the law. It is not a very serious offence, to be sure, but it shows the need for a change.

What is needed is a proper classification. The Departments should be taken, one by one. A general percentage increase would not be fair as some feeling servants are getting more than they are worth, and some less.

But, whatever happens, every employee should receive a decent living wage, even if he has to give more of his services to the Government. He should not be expected to have to seek other work in order to make both ends meet.

A CONTRAST.

In Boston, the officials of the Grand Trunk, the City Council, the members of the Legislature, the Chamber of Commerce, the business men and the general public—all are working together to make Boston the Eastern terminal of the Grand Trunk Pacific.

What is anybody in Quebec doing to see that the Ancient Capital comes into her own? Is there any noticeable activity in this respect?

In Boston, the Grand Trunk officials declare that they stand ready to begin work at once.

What are the Grand Trunk officials doing here? Are they worrying about Quebec? Search them.

In Boston, the City Council is going to advocate the necessary legislation, require for the building of the extensions desired by the Grand Trunk Company. Does our City Council care two cents about the coming of the Grand Trunk?

In Boston the president of the Chamber of Commerce urges the expenditure of \$50,000,000 on the development of the port.

What is the Quebec Board of Trade doing? Has it lost all interest in the coming of the Transcontinental? The Legislature of Massachusetts

has already provided \$8,000,000 for the development of Boston.

How many of our politicians have opened their mouths to say a word in favor of Quebec?

Are they too busy squabbling over paltry affairs of patronage to ignore the larger issues?

Six million dollars were voted in a few minutes the other day for the development of the port of Montreal.

But whole hours will be taken up over the discussion of a few thousand dollars, for some petty wharf in the neighborhood of Quebec. It is about time for our local members, Liberal and Conservative, alike, to wake up and show that they are alive. They are not sent to Ottawa to pass their time fooling about trying to dismiss a few Government employees, or to keep them from being dismissed.

Let them get together and do something.

SOUTH RENFREW.

Those members of the Opposition who are frantically endeavoring to trump up evidence against the Borden Government, usually end by finding out something ten times worse about their own party. Such a case occurred the other day, when Mr. Clarke, the Liberal member for East Essex, moved to discuss "a district matter of urgent importance, namely: The question of the vacancy in the representation in the House of the electoral district of South Renfrew, and of the delay in the issue of a writ for an election to fill the vacancy."

The facts are these: On December 7 last, Mr. Low, the member for the constituency, resigned in order to make room for Mr. Graham, the ex-Minister of Railways, whose presence is badly needed by the Liberal remnant in the House. Apparently there was no consulting of the electorate, no convention, but a deal was declared through Mr. Low. At the time, hundreds of voters were away in the woods, and it seems to have been the idea of the Opposition to force an election during their absence, and to take advantage of the lists of 1910. This effort to railroad Mr. Graham into the seat was not appreciated by the Conservatives as much as by the Liberals, and there were several irregularities in the lists of certain townships, which called for a delay while corrections were made.

Speaking to his motion, Mr. Clarke employed the usual Liberal flimflam about gagging constituencies, depriving electors of their rights, etc., by failing to issue a writ. It was a speech that, as Mr. Borden said, contained much "excellent fooling."

Mr. Borden then asked how long the constituency had been unrepresented and Mr. Clarke replied "From December 7."

Mr. Borden answered that Mr. Low had drawn his sessional indemnity up to December 31, so that the county might consider that it had been represented up till then.

The Premier then ridiculed Mr. Clarke's posing as the champion of decency and right and proceeded to turn the tables on the Opposition by a scathing exposure of the Liberal record in gagging constituencies. Citing numerous cases in which writs were not issued for periods as long as 119 days, Mr. Borden remarked: "I did not hear the eloquent voice of my friend raised in any of these cases to denounce the government for the outrage of delaying the writs such a protracted period."

Mr. Clarke retorted that in most of the cases he was not a member of the House and in others the House was not in session.

"Perhaps then my hon. friend will tell us now what he thinks of these delays," replied Mr. Borden. "I would like to state here that from the 7th of December last until the 10th of January this House was not in session as the session was adjourned during the interval. That is a point my hon. friend seems unfortunately to have overlooked. Therefore, if his logic is to be accepted, there has only been a vacancy since the 10th of January last."

Mr. Borden then proceeded to give a further list of elections willfully delayed by the Laurier Government, which takes up more than a page of Hansard. Writs were not issued in some instances during the Liberal regime for 241, 260, 279 and in one case, in the St. James Division of Montreal, for 299 days. "I think," said Mr. Borden "there is only one conclusion at which this House can arrive and that is that my hon. friend must have sat in this House during the period in which these delays in the representation of these constituencies took place without knowing anything about them, because otherwise his voice would have been raised, as the champion of decency and right to prevent these constituencies being gagged as they were."

It is hardly necessary to say that neither Mr. Clarke nor any other Liberal had any more to say after this exposure of the scandalous delays for which the Laurier Government was responsible in this respect.

FROM CANADA'S COLD TO SOUTHERN HEAT

Mr. C. E. A. Carr, Formerly of
the Q. R. L. & P. Co., Now
In New Orleans.

The Railway and Marine Journal has the following to say about a former well-known Quebecer: C. E. A. Carr, who since January, 1910, has been General Manager of the Quebec Railway, Light, Heat & Power Co., has resigned on being appointed General Manager of the New Orleans, Southern and Grand Isle Ry. and of the Algiers Ry. and Light- ing Co., at New Orleans, La.

On January 8, he was presented by the staff with a gold watch and fob, and a silver purse for Mrs. Carr, and they both left Quebec on the following day for New Orleans.

Mr. Carr's move is from one extreme climate to another, and it is a peculiar coincidence that Quebec and New Orleans are the oldest cities on the continent.

The New Orleans Southern and Grand Isle Ry. runs from Algiers, La., which is situated on the south side of the Mississippi River, opposite New Orleans, practically paralleling the river down stream to Buras, 59.6 miles. It is contemplated to build a line from Myrtle Grove, about 25 miles south of New Orleans, to Grand Isle on the Gulf of Mexico, where a harbor will be established. It is standard gauge and its equipment consists of eight locomotives, 10 passenger cars and 139 freight and miscellaneous cars. The President is C. D. Warren, Toronto, formerly President of the Lake Superior Corporation, and at one time largely interested in the Metropolitan Ry., now a portion of the Toronto and York Radial Ry. system.

The Algiers Railway and Power Co. has six miles of electric railway in Algiers and furnishes power for lighting. It is probable that this company will be amalgamated with the New Orleans, Southern and Grand Isle Ry. Co. in the near future.

SCOTCH CURLERS GAIN

TWO VICTORIES IN CHICAGO. Chicago, Ills., February 6.—Curlers of the Royal Caledonia Curling Club of Scotland to-day defeated the Wanderers Curling Club here, and then beat the Chicago Curling Club. The total score of the Wanderers in two games was 84, the visitors netting 94. The visitors won from the Chicago club 47 to 37.

Operation for Piles Failed

Zam-Buk Was Then Tried and Worked a Cure.

Writing from Poplar, B.C., Mrs. C. Hanson, wife of the proprietor of the Commercial Hotel, says: "I suffered for years with bleeding piles. The pain was so bad at times that I could hardly walk, and ordinary remedies seemed utterly unable to give me any ease. Finally I decided to undergo an operation, and went to the Sacred Heart Hospital in Spokane. There they performed an operation and did all they could for me. For a time I was certainly better, but within twelve months the trouble started again and the piles became as painful as ever. I tried liniments, hot poultices, various 'pile cures' and indeed everything I could think would be likely to do any good, but still I continued to suffer, and the shooting burning, stinging pains, the dull, aching and wretched 'worn-out' feeling that the disease causes continued as bad as ever."

"One day I read about Zam-Buk and thought I would try it. The first one or two boxes gave me more ease than anything else I had tried, so I went on with the treatment. In a short time I began to feel altogether different and better, and I saw that Zam-Buk was going to cure me. Well, I went on using it, and by the time I had used six boxes I was delighted to find myself entirely cured. That was three years ago, and from then to the present time there has been no return of the trouble."

Zam-Buk is a sure cure for piles, eczema, ulcers, abscesses, cold sores, chapped hands, varicose sores, burns, scalds, bruises, inflamed patches, and all skin injuries and diseases. Drug-gists and stores everywhere, 50c box or Zam-Buk Co., Toronto, for price, Refuse harmful substitutes.

Church Society OF THE Diocese of Quebec

Notice is hereby given that the annual meeting of the Church Society of the Diocese of Quebec will be held in the Cathedral Church Hall on Wednesday, the seventh day of February next, at three o'clock p.m. for the reception of the annual reports, the accounts of the Church Society, the Diocesan Board, and Clergy Trust Funds, for the election of new members, vice-presidents, members of the Central Board and of the Diocesan Board, for the final consideration of amendments to the following by-laws:

By-law VIII, l., re Constitution of the Central Board.

By-law IX, re Grants to new missions for building purposes.

By-law XI: An Assistant Bishop or Bishop Coadjutor to be ex-officio a member of the Diocesan Board.

And for the transaction of general business.

By order,

Correspondence

THE NAVAL QUESTION.

Editor of the Chronicle.

Dear Sir: The final analysis of Mr. Wurtele's letter, as given by me, is absolutely correct. He proposes that money should be given by Canada to the United Kingdom to enable the building of vessels to be stationed on our coasts, but neither manned nor maintained by us. I propose that we should build in Canada such vessels as are required for the protection of our country and commerce, and maintain them ourselves, manning them as soon as possible, but in the meantime paying the wages of their crews and every item of their upkeep. Why should we continue to burden the Mother Country with the cost of our protection when we are quite able to pay for it ourselves, at any rate to that extent? At the same time, I would not say Mr. Wurtele was a Wee Canadian, because he does not go as far as myself, partly because, to me, the words have no clear meaning, and partly because I would not apply to any fellow-Canadian a term which he might possibly consider offensive. On the financial question we are only at issue if he proposes to borrow, leaving the repayment to our descendants, when the vessels are on the scrap heap. The good English way of meeting expenditure out of income seems the preferable course. Mr. Wurtele is good enough to include me with the English people. Over 40 years' residence in the Dominion should have made me a good Canadian, and all my interests are bound up in this country. As a Canadian, loyal to the United Empire and United Kingdom, I look to whatever government that is chosen by the electors of the home country, as embodying and representing its people. Such terms as "Radicals," "Little Englanders" and "Jingoes," when applied to any British government, are only words of meaningless abuse and insult, not for Canadians loyal to the United Kingdom and its people to use. There are only two great parties capable of forming a government, the Conservative and Liberal, and to say that either has at any time failed to do its duty to the country and Empire is to reflect on the majority that returned it to office. If the present opposition were in power would it increase naval expenditure or continue the policy of the present government in connection with the fleet? Certainly not the former, but the latter. Irresponsible criticism and suggestion are always in evidence, and no doubt serve a useful purpose. Careful examination only makes it abundantly clear that no government has allowed Britain's navy to deteriorate for the sake of false economy. I am sorry to hear the army is not up to the proper standard, but it is the navy we are discussing just now, not the army or the government.

The two keel for one standard has

never existed, as applied to possible or impossible combinations. There is not the most remote probability of the United Kingdom being called upon to fight Germany and the United States at the same time. The possibility of having to fight the Triple Alliance without allies is remote indeed.

The Russian fleet would have met the same fate if its number had been doubled. The Jap was all right, possibly, because England lent a Canadian, now Admiral Douglas, as an early naval instructor. England has within her realm many as good as he, though possibly none better.

Every statement in my previous letter can be verified. Facts are better than argument, and information than controversy. £28,012,949 of the national debt was paid off in the financial year ending 31st March, 1911. To suggest that bookkeeping, or non-existing surpluses for party ends had anything to do with it, show a want of acquaintance with British methods or a want of appreciation of English character and standards.

Let Mr. Wurtele make a list of the countries that build their own men-of-war, and a list of those that have their naval vessels built abroad, and then let him ask himself on which list Canada's name would be in the best company.

No responsible party in England now asks for any addition to the building programme.

Possibly the United States coveted Canada in 1775. That is a long time ago. The old order has changed, yielding place to new. There is absolutely no ground for supposing that under any circumstances the United States would now attempt to annex Canada by force of arms. In some of the noblest words ever written

"Let us have done with a worn-out tale

That tells of an ancient wrong,
So our friendship will last as love doth last,
And be stronger than death is strong."

Yours truly,

ED. HARPER WADE.

Quebec, Feb. 6, 1912.

DONATION PARTY.

As the Lake Edward Sanatorium is now in its third year, the Ladies' Committee find it necessary to renew the house and table linen, kitchen ware, woollen sweaters, caps, etc., the Committee intend to hold a "Donation Party" in Morrin College Hall, on Wednesday, Feb. 7th, to which all friends of the institution are invited. Tea will be served from 4 to 6. Donations in money and kind will be thankfully received. Further information may be had from the following ladies: Mesdames Turner, Ross, Holt, Bartlett, Colley, McCorkill, A. Turner, J. Brown, Messervy, Wiggs, Poston, Misses Boswell, Carter and Irvine. The committee will attend at Morrin College Wednesday morning to receive donations.

QUEBEC MINISTERIAL ASSOCIATION.

The eighth session of the Association was held in the rooms of the Y.M.C.A. on the 5th instant, at 10.30 a.m. The President in the chair. The attendance was fairly good. After devotional exercises, the reading of the minutes, the Revs. Dr. A. T. Love, and A. J. Lebeau, and J. J. Wright, B.A., were appointed for February and March meetings. The President and the Vice-President were appointed a deputation to wait upon the manager of the Chateau Frontenac having in view the securing of Sabbath privileges for the Protestant waiters.

The Revd. G. H. Cobbleddick, M.A., B.D., read a very able and succinct review of Dr. Orr's book on the "Virgin Birth." The review was commended and regret expressed that there was not a larger attendance in view of the importance of the subject.

COMING ATTRACTION
AT THE AUDITORIUM.

The next big attraction to be presented at the Auditorium will be "Beverly of Graustark," Geo. Barr McCutcheon's romantic novel, dramatized by Geo. M. Baker, and produced through the courtesy of Mr. David Belasco and Mr. David Warfield, by an all star cast. Two nights, Friday and Saturday, March 1st and 2nd.

Latest Sporting News

WHAT ABOUT
QUEBEC ARENA?

Quebec Has Best Team in League and there should be Accommodation in Stanley Cup Games.

Quebec, Feb. 5, 1912.

To the Sporting Editor of Chronicle:

Dear Sir,—Being a very ardent fol-

lower of the fortunes of the Quebec

hockey team, I plead this as an excuse

for writing the following. I was de-

lighted and surprised to see the won-

derful "come back" of the local team,

after the very poor start they got this

season, and feel that we have the fin-

est and most consistent team in the

N.H.A. and would not be at all sur-

prised if the Stanley Cup would take

up its sojourn in our midst. This to

my mind would be one of the best ad-

vertisements Quebec has ever got,

and now that the Quebec Publicity

Bureau is doing such fine work in ad-

vertising Quebec all over the world

in connection with the Mardi-Gras

festivities, etc., it seems to me that

this is the time to get busy on the

Arena, so much spoken of in your

columns last fall, or early winter.

Some time ago I spoke to a member

of the executive of the Quebec Hock-

ey Club about this matter, and he

said that they had a couple of sites to

choose from, on which to build the

Arena, but, wisely, would not tell me

where. As you know, Toronto and

Tecumseh could not get permission to

put teams into the N.H.A. this winter

on account of their Arena not being

ready in time to play the scheduled

games there, and in order that we

should not make the same mistake,

and put off building until too late for

season 1912-13, it behooves the parties

who have this matter in hand, to

get busy, finance it, (and I consider

it a good investment), give the con-

tract, and start building early in the

spring, as soon as the frost gets out

of the ground.

I think Quebec has the best team in

the N.H.A. and have every confidence

in the team winning the championship

and the famous "Stanley Cup," and

feel sure many more would go to see

them play if they felt they had any

chance of getting accommodation.

Thanking you for giving this your

valuable space, and trusting that the

Quebec public will hear more about

the new Arena through the medium

of your paper.

Yours truly,

Quebec Hockey Team Fan.

SIR WILLIAM MACKENZIE

IN HALIFAX

Halifax, N. S., Feb. 6.—Sir William

MacKenzie and D. B. Hanna were in

Halifax to-day. They arrived last

night, accompanied by A. Laird, gen-

eral manager of the Canadian Bank

of Commerce. Sir William was here

in connection with the interests of his

railways and mines in this province

and was in conference all day with

the chiefs of those departments and

his staff. Sir William, Mr. Hanna

and Mr. Laird will leave to-mor-

row morning for Montreal on their

private car attached to the Intercol-

onial Express.

SIR WILFRID TO TAKE

PART IN SOUTH RENFREW

Arnprior, February 7.—Sir Wilfrid

Laurier will lend a hand in the South

Renfrew Liberal campaign. At a

meeting in favor of Hon. George P.

Graham held here to-night, announce-

ment was made that the Opposition

leader would address a meeting in the

town hall of this town on the evening

of Wednesday, Feb. 19. As a demon-

stration to-night's meeting was rather

in the nature of a disappointment to

Liberal partisans. The town hall was

well filled, but most of those present

seemed to be either old men or women

who had turned out in numbers, and

filled the gallery. The speakers were

Messrs. T. A. Low, ex-M.P., Hon. Mr.

Graham, Hon. Rodolphe Lemieux and

Mr. E. M. Macdonald, member for

Pictou. N.S. A large part of the speak-

ing was reiteration of what has al-

ready been said at former South Ren-

frew meetings.

MYSTERIOUS DEATH OF

THE DEATH ROLL.

Woodstock, Ont., February 7. — John Cuthbert, of Swebourg, is dead at his home, at the age of 94 years. Mr. Cuthbert was of Scottish birth and came to this country 70 years ago, settling in North Oxford where he had lived most continuously since. He was one of the oldest pioneers in the county.

Lemington, Ont., February 7. — Isaac Botswick, a prominent Romney township farmer living near Wheatley, is dead as a result of being stricken with heart failure while doing noon chores at his barn, death resulting in a very few minutes. Mr. Botswick was in his 76th year and leaves a family of two sons and six daughters.

Ottawa, February 7. — Rev. Mother Theresa, Sister Superior of Rideau Street Convent of Grey Nuns, died at 2 o'clock this morning at the age of eighty-four. She was a daughter of Hugh Hagan, an old Irish scholar of St. Johns, Que.

CRESCENTS DOUBLE SCORE.

Halifax, N. S., Feb. 6. — The hockey match in Halifax to-night brought a victory to the Crescents over the Socials by a score of 8 to 4. The McNamara brothers worked well together in defence and in breaking up the combinations of the Socials. The victory of New Glasgow at Moncton over the local team here, which was 3 to 2, puts the New Glasgow and Moncton teams in a tie for the championship.

MEETING
Annual meeting St. Patrick's Literary Institute will be held at their rooms, No. 24 St. Stanislaus street, Tuesday, February 13th, 1912, at 8 p.m.
JOHN KELLY,
Secretary.

IN AND ABOUT TOWN

DEATH OF MR. C. E. BRODIE

Young Lawyer Passes Away Suddenly at Levis This Morning.

The news of the death of Mr. Chas. E. Brodie, one of the brightest members of the junior bar of Quebec, who passed away early this morning at Levis, will come as a shock to his many friends in Quebec. A lawyer of exceptionally brilliant attainments, and who appeared to be in full and vigorous health, his death will cause deep sorrow.

Mr. Brodie was a member of the firm of Pentland, Stuart, Brodie, Gravel and Thomson. He was admitted to the bar in 1896, and he had made a reputation for himself by his practice at the bar.

Mr. Brodie was the eldest son of the late Thomas Brodie. He was 41 years of age. He was married to a daughter of the late Wm. Davie and leaves a widow and several children.

Mr. Brodie had been unwell for only a day, and his death was quite unexpected. He was well-known in social and fraternal circles, having been a member of the Masonic Order as well as Grand Master of the Independent Order of Oddfellows of Quebec.

RECORDER'S COURT.

The only prisoner before the Recorder yesterday for drunkenness was an old offender. He was sent to jail for a month.

ALDERMANIC CANDIDATES IN ST. ROCH.

Deputations last evening waited upon Messrs. Bouchard, and T. Matte and asked them to become candidates in St. Roch ward. Both gentlemen signified their intentions of accepting the candidature for the Council.

MEETING OF FIREMEN'S BENEFIT ASSOCIATION.

At a meeting of the Quebec Firemen's Association held yesterday morning, the following officers were elected:

President—L. Donnelly Captain No. 1.
Secretary—A. Lemay.
Treasurer—M. Reddy.

The Association is doing good work and its funds are now in an encouraging condition, there being \$8,965.50 at present in the funds of the society after an expenditure of \$1,403.95 caused by the death of four firemen during the past year. The Association in the demise of each of its members awards the widows of the late firemen \$300 besides meeting the burial expenses.

WEDDING BELLS

AT ST. PATRICK'S

There was a very pretty wedding at St. Patrick's Church on Monday morning, when Miss Rachel Murphy, daughter of Mr. M. Murphy, became the bride of Mr. Thomas A. Tremayne. The Rev. Father Jones officiated at the ceremony. The bride look charming in a brown travelling costume, with hat to match; and wearing white fox furs. The bride was given away by her father, while the groom was attended by Mr. James Martin. After the ceremony there was a wedding breakfast at the residence of the bride's father. The happy couple received many handsome and beautiful presents, including a purse of gold from the fellow-employees of the groom at the Chateau Frontenac. The couple left on a honeymoon trip to the West.

ALDERMAN FOR ST. JOHN'S WARD.

Ald. Lavigne received a large deputation of the electors of St. John's Ward last night, who requested him to again become a candidate for the City Council. Dr. Faucher and Mr. Cyr. Fagny were the spokesmen, and they presented him with a requisition signed by over 150 taxpayers of the ward. In presenting the requisition, the speakers dwelt upon the good work which had been done by Ald. Lavigne during his tenure of office. Ald. Lavigne accepted the nomination, and will again be in the field for St. John's Ward.

DEATH OF MR. J. M. FOTHERINGHAM

It was with a feeling of universal sorrow that the news was received by his large circle of friends of the death of Mr. James M. Fotheringham, district engineer of the Grand Trunk Pacific Railway, which sad event took place yesterday morning. The deceased had been a resident of Quebec since 1908, and he made for himself a large number of acquaintances by all of whom he was highly esteemed. The remains of deceased will be transferred to Palmerston, Ont., his native town, on Thursday noon, by Grand Trunk Railway.

The late Mr. Fotheringham was only 36 years of age. He was an engineer of exceptional ability, and he was a man whom all admired for his many splendid qualities. The deceased contracted a cold while on a tour of inspection and was forced to take to his bed. He recovered, however, and was able to be out and about again, but he took a relapse and the end came yesterday morning. The deceased leaves a widow and one son, and to the bereaved family sincere sympathy will be extended.

NEW IMMIGRATION BUILDING HERE

Will Be an Inspiring Structure and Up to Date in Every Respect.

The proposed immigration buildings in Quebec will be on the latest and most improved plans, and the new-comers to the Dominion will be given every accommodation. The new buildings will cover an area of 780 feet by 80 feet. There will be verandas all round the building, which will be two stories in height, and built of concrete and steel.

The accommodations will be most complete and there will be offices for the different railways, the immigration officials and for all other purposes.

Work has already been started on the demolition of the buildings, which will also include the old shed No. 22. The new buildings will be larger and much more convenient than the existing ones. The contractors have three years in which to complete the work, but with the assistance which the Harbor Commission are ready to afford, it is expected that the work will be rushed through within a year.

Temporary accommodation will be afforded to immigrants while the new buildings are under way in a shed at the far end of the Breakwater, which is now under way. The ground is now being cleared, and the shed will be rushed to completion.

QUEBEC SNOWSHOE CLUB

LADIES TRAMP.

Arrangements have been all completed so that an interesting and novel tramp will be given to all those attending this event. The tramps will take the 8.30 County Railway car at St. Cyrille street. The route to be covered will take about one hour to reach the clubhouse. Once there the company will be entertained to a dance. Special car has been ordered to bring back the tramps and every possible detail has been attended to, in order to assure a pleasant evening.

SWEATERS

We will allow a discount of 25% for cash on our complete stock of Ladies' and Gent's Sweaters.

HON MR. TURGEON

ENTERTAINS.

The following guests were entertained at dinner last evening at the Parliament Buildings by Hon. Mr. Turgeon, Speaker of the Legislative Council:—Hon. Messrs. C. B. DeBoucherville, N. Perreault, T. Chapais, F. E. Gilman, Geo. Bryson, Jr., N. C. Cormier, T. P. Peletier, John Sharples, D. Rolland, T. Berthiaume, J. Girouard, R. Turner, J. Lanctot, N. Garneau, E. DeVarennes, C. E. Dubouché, H. Champagne, A. Bergevin, E. Choquette, Geo. R. Smith, Geo. E. Amvot, E. Roberge; Messrs R. Campbell, E. A. Panet, A. St. Jacques, J. E. Baribeau, L. A. Fortier, J. A. Jordan, H. d'Hellencourt, D. Watson, W. M. Scanlan, F. X. Lemieux, jr.

PILES CURED IN 6 TO 14 DAYS.

Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. 50c.

MUNICIPAL ELECTIONS.

Candidates in the Forthcoming Elections.

A large meeting of electors of Montcalm Ward was held at the Auditorium last evening, when Ald. Morin was requested to allow himself to be placed in nomination again for No. 1 Seat. Several speeches were made and Ald. Morin accepted the nomination, announcing his programme which includes the modification of the tax system, replacing the rental value by real value; the increase of industrial activity, the present system of taxation being an obstacle to the creation and development of industries in Quebec; the establishment of an office of municipal statistics; to replace temporary pavements by permanent pavements on hills and in the principal streets; and the carrying out and advancement of the publicity office.

In St. Roch's ward, Mr. Theo. Matte will contest No. 1 Seat against Ald. Guillet and Mr. J. Alb. Bouchard has consented to run against Ald. J. Cote for No. 2 Seat.

CLOSE OF EXHIBITION.

The exhibition of samples of French China closes to-morrow Thursday evening.

To any one who has not yet seen these splendid specimens of French art, we extend a cordial invitation.

The THOMAS CO., LTD.,

TALENTED LADY LAWYER SPOKE

Women's Canadian Club Enjoyed a Rare Treat Yesterday Afternoon.

The Women's Canadian Club, of Quebec, enjoyed a rare treat yesterday afternoon in the address given before it by Miss O'Neill, of Connecticut, U.S. Mrs. J. T. Ross, the able president of the club introduced the speaker in both languages and gave a brief resume of Miss O'Neill's career, which is, as yet, a most uncommon one on one side of the border. Miss O'Neill, who is a daughter of Mr. John O'Neill, president of the Connecticut Bar, is in partnership in the firm with her father and brother, is the most prominent woman lawyer of the State and combines an unusually keen intellect with a most charming personality and address. Her talk on the legal condition of Women under the great powers of the past and present was delivered so clearly and convincingly that she held the interest of her audience from start to finish.

Among those present, as guests of the Club, were many members of the legal profession of the city, notably Sir Louis Jette, Sir Adolphe Routhier and others.

At the close of the address a vote of thanks was given by Mrs. Charles Fremont and seconded by Mrs. S. C. McLimont.

HAD JOLLY NIGHT AT KENT HOUSE

Employers of Q. R., L., H. & P. Co. Held Annual Euchre and Dance.

The thirteenth annual euchre and dance of the employees of the Q. R., L., H. & P. Co. took place at the Kent House last evening, and was a great success. There was a large gathering of the employees, and Mr. Matthews, the General Manager, Mr. W. J. Lynch and other officials of the company were present.

The first prize winners were Miss Walsh and Mr. X. Giroux.

After the euchre there was dancing and all present had a splendid time. The next big event at Kent House will be the "Fete de Nuit" on Thursday evening, when the grounds will be brilliantly illuminated and there will be all kinds of winter sports.

HUNT CLUB HAD PLEASANT GATHERING.

There was a very interesting and delightful gathering at Villa Balvanie, the club house of the Hunt Club, last evening, when there was a euchre and dance. The euchre was a keenly contested one, the prize winners being: Ladies—1st, Mrs. U. Gauvin; 2nd, Miss Albertine Cote. Gentlemen—1st, P. J. Mailloux; 2nd, M. Jacques. After the euchre, there was refreshments and dancing and the event was a most successful and delightful one.

BAD SNOW STORM AT OSWEGO, N.Y.

Oswego, N. Y., February 7. — Oswego is recovering from the most serious storm of the winter. Railroads have been blocked for days and some trains ran 24 hours late into Oswego. Country roads have been impassable since Sunday.

ICE CAUSING TROUBLE.

City Island, N. Y., Feb. 6. — The ice in this vicinity is becoming very troublesome to sailing vessels. Tugs and steamers, however, can manage to get through. Outside of the Execution Rocks, the Sound is clear of ice. The schooner Centennial, New York for Lunenburg, Me., which has been ice-bound near Hart's Island Point, was taken in tow by the tug Pelham and towed to this harbor, where she anchored.

SUCCESSFUL FLIGHT OF A HYDRO-AEROPLANE

New York, Feb. 6. — The first successful flight of a hydro-aeroplane in this section was seen late to-day when Frank T. Coffey ascended from the middle of the Hudson River, near Twenty-third street, and flew about for 16 minutes up and down the river at a height of 500 feet. The aviator made no public announcement of his plan, and when he alighted in the river amid floating cakes of ice, many on shore thought he had fallen into the river. Preparations were making for his rescue when it was found that he was trying out a hydro-aeroplane. Half an hour later Coffey made a second flight, but in a temperature below freezing he came down almost benumbed after a few minutes, alighting near the Battery.

The flying machine was lifted on a raft which was being towed ashore when a ferry boat collided with it and knocked the machine off into the water. A deck hand on the tug boat leaped into the cold river and secured a rope by which the machine was dragged back upon the raft, only slightly damaged.

STEAMER ARRIVALS.

New York—Kronprinz Wilhelm, Bremen; Niagara, Havre; Vaderland, Antwerp; Kursk, Libau; Florizel, St. John's, Nfld., and Halifax.
Boston—Marquette, Antwerp.
Glasgow—California, New York.

MEETING OF THE
CITY COUNCIL

FRIDAY, FEBRUARY 2, 1912.

Present—His Worship the Mayor, Aldermen Barbeau, Cannon, Collier, Cote, Emond, Fiset, Guvau, Goulet, Guillet, Jobin, Lamontagne, Lavallee, Lavigne, Madden, Messervy, Monaghan, Morin, Pouliot, Shink, Trudel, Verret—22.

The minutes of the last meeting were read and confirmed.

Read a letter from the Canadian Inspection and Testing Laboratories Co., offering their services for the complete inspection of the pipes and of their laying out in connection with the new water main. Referred to the water works committee.

Read a letter from Messrs. B. Fortier & Brothers, asking an exemption of taxes on the proposed extension of their factory for the manufacture of gents' clothing. Referred to the finance committee.

Read a letter from the Salvation Army, asking whether the municipal authorities would allow them to hold open air meetings of the Salvation Army, and also grant the protection of the police force when necessary. Referred to the police committee.

Read a letter from Messrs. Jennings & Co., inviting the mayor and council to visit their exhibit of fire motors and appliances at the Automobile Show in Montreal.

Read a petition from the Daughters of the Empire, praying the council to adopt stringent measures to put a stop to the dangerous habit of spitting on streets and public squares. Referred to the by-law committee.

Presented a recommendation of "L'Assemblee Papineau" in favor of Mr. Francis Gingras to be appointed guardian of the Water Works, in place of Mr. Charles Maddison.

Read application from Mrs. Charles Maddison praying that her son be appointed to the position vacant through the decease of her late husband, a guardian of the Water Works, and from Alph. Auger, praying to be appointed inspector of works on the laying of the new water main. Both letters are referred to the Water Works Committee.

Presented the following reports: Finance: 2096th (to purchase lot to build fire station in Champlain Ward); 2097th (to organize the exhibition under the control of the City and grant a subsidy of \$10,000 therefor); 2098th (to purchase lot of land of Mr. Felix Lepinay, to widen Cote de la Negresse).

Moved by Alderman Cannon, seconded by Alderman Lavigne, and resolved: That the said reports be taken up as 2nd, 3rd and 4th orders of the day.

Roads: 1276th (on tenders for the building of Dorchester bridge); 1277th (to award contracts for annual supplies); 1278th (to award contract for broken stone); 1279th (on tenders for carters' numbers).

Moved by Alderman Pouliot, seconded by Alderman Cote, and resolved: That the said reports be taken up as the 5th, 6th, 7th and 8th orders of the day.

Water Works: 670th. Reporting that the accusations made against Mr. Forrester are not founded.

Moved by Alderman Lavigne, seconded by Alderman Goulet, and resolved: That the said report be taken up as the 9th order of the day.

By-law 90th. Reducing to six the number of the Standing Committee of the Council, and enclosing draft of By-law to that effect.

Moved by Alderman Verret, seconded by Alderman Pouliot, and resolved: That the said report and draft of By-law be taken up this evening as the 10th order of the day, said by-law to be read for the first time to-night.

Order of the Day.

1st order of the day—First reading of By-law No. 21, concerning the closing of certain stores, etc., for which first reading the presence of two thirds of the members of the Council is required. And the said By-law being submitted, and the roll of members as follows, to wit: His Worship the Mayor, Aldermen Morin, Goulet, Guillet, Cote, Pouliot, Lavigne, Cannon, Messervy, Fiset, Verret, Barbeau, Emond, Trudel, Monaghan, Goulet, Jobin—(19). Being called, only 19 are found to be present, and the Council decides that it cannot proceed to the first reading of the said By-law.

2nd order of the day—Read the 2096th report of the Finance Committee, which being put to the vote, is adopted, and it is resolved: That the recommendation of the Finance Committee to purchase certain land whereupon to build a new fire station for Champlain Ward is hereby accepted, and His Worship the Mayor is authorized to sign a deed of purchase of the lots of land bearing Nos. 2395, 2395a and 2391a of the official cadastre for Champlain Ward, said lots being the property of Mr. Patrick Dinan, the purchase price to be two thousand dollars, the said sum to be charged to the credits voted for contingent expenditure.

3rd order of the day—Read the 2097th report of the Finance Committee, which being put to the vote, is adopted, and it is resolved: That the recommendation of the Finance Committee to purchase certain land whereupon to build a new fire station for Champlain Ward is hereby accepted, and His Worship the Mayor is authorized to sign a deed of purchase of the lots of land bearing Nos. 2395, 2395a and 2391a of the official cadastre for Champlain Ward, said lots being the property of Mr. Patrick Dinan, the purchase price to be two thousand dollars, the said sum to be charged to the credits voted for contingent expenditure.

any remuneration, shall have the entire responsibility of holding the said exhibition. The said directors shall themselves elect their officers and shall render an account to the City of their administration. The said directors to be the following persons, to wit:

The Mayor of Quebec.

Two Aldermen appointed by the City Council.—One representative appointed by the Provincial Government, one representative appointed by the General Association of Cattle Breeders of the Province of Quebec. The Hon. C. E. Dubord, Messrs. Jos. Picard, F. P. Tweedle, Jules Guvau, D. O. Lesperance, Elzeur Turcotte and J. H. Fortier, with power to add other members.

The said directors shall receive no salary nor remuneration for their services in connection with the said exhibition.

That this Council hereby votes a subsidy of ten thousand dollars (\$10,000) in favor of the next exhibition, and if it turns out that the said exhibition be not held by the City, arrangements be made with the existing Exhibition Company to grant them a subsidy not exceeding ten thousand dollars, said amount to be charged to the credits voted for contingent expenditure for the year 1912-13.

4th order of the day—Read the 2098th report of the Finance Committee, which being put to the vote, is adopted, and it is in consequence resolved: That this Council hereby accepts the recommendation of the Road Committee to purchase the property of Felix Lepinay, at the southeast corner of Cote de la Negresse and Arago street, in order to widen the foot of Cote de la Negresse, said property bearing No. 1454 of the official cadastre of Jacques Cartier Ward, the purchase price to be \$3,500, the amount to be charged to the credits voted for contingent expenditure.

5th order of the day—Read the 1276th report of the Road Committee, which being put to the vote, is adopted, and it is in consequence resolved: That this Council hereby accepts the recommendation of the Road Committee on tenders received for the building of Dorchester bridge to be erected on River St. Charles, in the City of Quebec, to connect Bridge street, in St. Roch's Ward, within the Beaufort Road, Limoilou Ward, said recommendation being based on the report of Mr. L. A. Vallee, Engineer of bridges for the Local Government and of Mr. Baillarge, City Engineer, and hereby awards a contract to "La Compagnie J. H. Gignac" for the sum of \$145,700, being the lowest tender received, to which sum must be added a royalty of \$7,000, which the City shall have to pay to the Strauss Bascule Bridge Company of Chicago, said contract to be subject to the condition that the said Gignac Company shall bind itself by the said contract to supply and establish, at their own cost, the hand machinery necessary to operate the said bridge, in order that navigation be not obstructed in case the electric power should fail, the granting of the above contract being also subject to the obtaining of an order of the Governor-General in Council, authorizing the said construction of the said bridge.

6th order of the day—Read the 1277th report of the Road Committee, which being put to the vote, is adopted, and it is resolved: That pursuant to the order of this Council, the Road Committee has reconsidered its 1274th report, already laid before the Council, and persists in the recommendation contained in it, except for the item for broken stone, for which a special report is now laid before the Council; and that contract for the annual supplies required for the fiscal year 1912-13 be awarded to persons having tendered whose names follow, and if any tenderer refuses to accept a contract for an item to him adjudged, said item be awarded to the next lowest tenderer:

Nails—To Chs. A. Parent; Unbroken Stone—To "La Compagnie de Briques de Quebec, Limitee"; Broken Stone—To "La Compagnie de Briques de Quebec, Limitee"; Retaining Walls—Chs. A. Cote & Co.; Deals—To Ernest G. Odell, items Nos. 1, 3, 7, 17; To Nap. Gignac, items Nos. 2, 6, 8, 10, 13; To E. A. Hookes, items Nos. 9, 11, 12; To G. & W. D. Brown, items Nos. 5, 15, 16, 18; To J. H. Gignac, Ltd., items Nos. 4, 14; Sand—to A. W. Tierney.

That the security to be offered by the contractors is left to the approbation of His Worship the Mayor, the amounts required to be charged to the credits for the fiscal year 1912-13 of the departments to which such works shall be imputed, as determined by the certificate of the City Engineer and that His Worship the Mayor be authorized to sign said contracts.

7th order of the day—Read the 1278th report of the Road Committee, which being put to the vote, is adopted, and it is resolved: That pursuant to the order of the Council, the Road Committee having reconsidered their 1274th report persists in the recommendation made in their first report awarding the contract for broken stone to "La Compagnie de Briques de Quebec," and this Council hereby awards the contract for broken stone to the said "La Compagnie de Briques de Quebec," according to the form of their tender. That the security offered by the contractor is left to the approbation of His Worship the Mayor, the amounts required to be charged to the credits voted for the fiscal year 1912-13 and that His Worship the Mayor be authorized to sign said contract.

8th order of the day—Read the 1279th report of the Road Committee, which being put to the vote, is adopted, and it is resolved: That the Road Committee having reconsidered their report No. 1275th on tenders received for carters' numbers, and persisting in their recommendation already made to divide the contract therefor equally between the two tenderers, Messrs. Lafreniere and Trepanier, this Council hereby awards the contract for the making of carters' numbers to Messrs. M. A. Friemere and E. Trepanier, both parties undertaking to make each one-half of the said numbers for the sum of two hundred dollars each, the amount to be charged to the appro-

priations voted to the Road Committee for the fiscal year 1912-13, and His Worship the Mayor is authorized to sign said contract.

9th order of the day—Read the 670th report of the Water Works Committee, which being put to the vote, is adopted, and it is resolved: That this Council hereby accepts the report of the Water Works Committee, who after considering the report made by His Honor the Recorder on the enquiries held concerning Mr. Forrester and persons having tendered for the work of the new water main, consider that the accusations laid against Mr. Forrester are not founded.

10th order of the day—Read the 90th report of the By-law Committee, which being put to the vote is accepted, and it is in consequence resolved: That this Council hereby accepts the recommendation of the By-law Committee to amend clause No. 35 of By-law No. 1, concerning the internal government of the Council, by striking out said clause 35, which fixes at 9 the number of standing committees of the Council and substituting there to a clause limiting to six the number of standing committees of the Council. The Health and By-laws Committee being merged in the Police Committee, and the Ferry Committee being merged in the Market Committee. The City Clerk becoming secretary of the Police Committee, the Assistant City Clerk secretary of the Market Committee.

The Council then takes up the first reading of the proposed by-law to reduce the number of standing committees of the Council; the roll of members being called, and there being only 21 members present, to wit: Messrs. Morin, Goulet, Guvau, Shink, Lamontagne, Lavallee, Collier, Guillet, Cote, Pouliot, Lavigne, Cannon, Messervy, Fiset, Verret, Barbeau, Emond, Trudel, Guvau, Monaghan, Goulet, Jobin (21). And there being not a sufficient number of members to form a quorum, the Council decides that it cannot proceed to the first reading of the said by-law.

QUESTIONS.

By Ald. Messervy: Is it the intention of this Council to pass a by-law prohibiting tying the legs of cattle, or other small animals, when carried or exposed on the city markets, as asked in letter of the 12th of May last, 1911, of the President of the Society for the Prevention of Cruelty to Animals?

His Worship the Mayor answers: I do not know what is the intention of the Council, but the letter of the President of the Society for the Prevention of Cruelty to Animals and the petition of the Daughters of the Empire, presented to-night, are both referred to the By-law Committee for consideration.

Ald. Lantier:—Is it to the knowledge of His Worship the Mayor that a great many taxpayers have suffered and still suffer in their properties of the consequences of gas escaping in different streets of the city?

If in the affirmative, does the Council intend to take energetic measures to put a stop to this state of things? and if in the affirmative, what are the best means according to our charter and the law to be taken to stop at once this state of things?

His Worship the Mayor answers: I have received many complaints from parties having suffered personal inconvenience and serious damages in consequence of the leaks in the gas conduits in different parts of the city. I have asked the advice of our city attorneys and have been informed by them that the city or the Council or the city officials cannot in any way interfere on behalf of the complainants. The only redress for them is to prosecute the Gas Company.

MOTIONS.

Moved by Ald. Cannon, seconded by Ald. Lavigne, and resolved: That section 1 of article 29 of the Statute 29, Victoria, and section 3, of chapter 33, of the Statute 31, Victoria, be amended, so that the presence of two-thirds of the members of the Council shall not be required for the passing of by-laws in first reading, but only when the second reading of said by-laws takes place in the Council.

Moved by Ald. Cannon, seconded by Ald. Lavigne, and resolved: That the Mayor, the Aldermen and the citizens of Quebec have learned with profound regret the death of His Grace the Duke of Fife, who was so closely connected with the Royal family of England actually reigning, and this Council takes this first opportunity to forward the expression of their deep condolence and respectful sympathies towards His Royal Highness the Duke of Connaught, and they respectfully request him to transmit the same to Our Most Gracious Sovereigns, Their Majesties the King and the Queen of England and to the members of the Royal family.

Moved by Ald. Cannon, seconded by Ald. Lavigne, and resolved: That this Council do now adjourn.

Adjourned.

A REPUBLICAN CONVENTION
SPLIT IN TWO FACTIONS.

Palatka, Fla., February 7.—The Republican State Convention split into two factions, soon after being called to order here to-day one body going to another hall, where delegates to the National Convention were instructed to vote for the nomination of Theodore Roosevelt for President.

PAIR OF BIGAMISTS

RECEIVE SENTENCE

St. Catharines, Ont., Feb. 6.—Police Magistrate Campbell this morning disposed of two self-confessed bigamists, Edward Terry and Daniel Sayers, the former going to the penitentiary for three years and the latter to the Central Prison for nine months. Terry deserted his wife and family in Toronto last summer and came to this city, where he married Minnie Freeman last November. Sayers is 65 years of age. He and his wife separated in Welland, the latter going to Sault Ste. Marie. Sayer then engaged a housekeeper and later brought her to this city, where they were married.

THE LEGISLATURE
OF ONTARIO

Will Open This Afternoon—
What Speech From Throne
Will Probably Contain.

Toronto, Ont., February 7.—The first session of the thirteenth Legislature of Ontario will be formally opened to-morrow afternoon. The ceremony will follow the usual course except for the election of W. H. Hoyle, of North Ontario, as Speaker.

The only indication of new policy in the speech from the Throne will be in the references to co-operation between the Federal and Provincial Governments regarding immigration and the development of Northern Ontario. The speech will make reference to the departure of Earl Grey and the coming of His Royal Highness the Duke of Connaught to Canada. Among other subjects mentioned will be the completion of the Hydro-Electric undertaking as originally projected and other extensions contemplated; the progress made with the new Central prison at Guelph and the success of the Board of Parole, and the arrangement for the Grand Trunk Railway to have running rights over the Temiskaming and Northern Ontario Railway. Mention will be made of the satisfactory progress in mining development. Also of the success to the efforts of the Department of Agriculture in the direction of agricultural instruction. The fact that the government's legislation of last session in regard to technical education has been well received by the public will be indicated.

INTERNATIONAL PROTECTION
OF INDUSTRIAL PROPERTY

Washington, Feb. 6.—The Senate to-day ratified and made public the convention for international protection of industrial property, signed at Washington by leading governments. The signatories were Great Britain, France, Italy, Germany, Austria-Hungary, Spain, Portugal, Norway, Denmark, Sweden, Mexico, Cuba, Brazil, Belgium, Netherlands, Japan, San Domingo, Serbia, Switzerland and the United States. The main provision follows:

"The subjects or citizens of each of the contracting countries shall enjoy, in all the other countries of the union, with regard to patents of invention, models of utility, industrial designs or models, trade marks, trade names, the statements of place of origin, the suppression of unfair competition, the advantages which the respective laws now grant or may hereafter grant to the citizens of that country. Consequently, they shall have the same legal remedies against any infringement of their rights, provided they comply with the formalities and requirements imposed by the national laws of each state upon its own citizens. Any obligation of domicile or of establishment in the country where the protection is claimed shall not be imposed on the members of the union."

UNITED STATES IMPORTING
POTATOES FROM ENGLAND

Boston, Feb. 6.—When the steamer Devonian reaches here to-morrow with her cargo of 90,000 bushels of potatoes from Liverpool, she will bring the foreign shipments of the tubers into this port since Dec. 1 to 330,000 bushels, a new record for such imports in Boston. The Devonian's cargo is in 33,000 sacks, each containing 2 3/4 bushels, and the asking price in Boston to-day was \$2.75 a bag, including the duty of 25 cents.

H. Rider Haggard's New Book

146 MARIE

—The title of a book destined to be one of the best sellers for 1912.

The author's name—H. Rider Haggard—assures wide popularity for any story he may write, and competent critics believe "Marie" to be the notable writer's best production.

"Marie" is quaintly or diffidently sub-titled "An episode in the life of the late Allan Quatermain"—but that hardly does justice to the book.

H. RIDER HAGGARD 147

The story is practically a complete and wonderfully fascinating history of Allan Quatermain's early life—a story that also reveals many incidents in the strenuous life of South African settlers more than half a century ago.

The book shows Africa's big mystical philosopher at his best.

Price, \$1.25

Can be obtained wherever books are sold.

THE LYNCHING OF REBEL.

GENERALS IN ECUADOR.

Guayaquil, Ecuador, February 7.—General Leonidas Plaza, leader of the government troops in Ecuador, arrived here to-day on the cruiser Bolivar after pacifying the coast provinces of Manabi and Esmeraldas. He appointed new authorities and captured several rebel leaders, whom he imprisoned in Punta Piedra fort, in order to avoid the risk of their losing their lives if sent to the Quito penitentiary. Further details have reached here from the capital of the Quito tragedy on January 28, when a mob broke into the penitentiary and lynched Generals Eloy Alfaro, Flavio Alfaro, Medardo Alfaro, Ulpiano Paez, Manuel Serrano and other rebel leaders. The generals were shot in their cells and their bodies thrown into the street from the second storey. The bodies

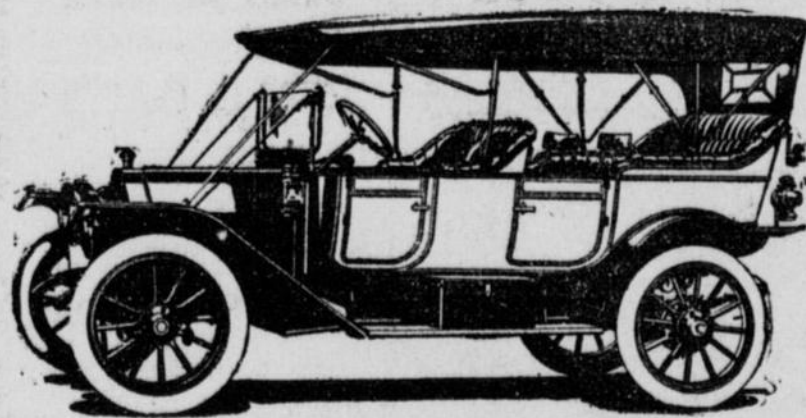

were beheaded, mutilated, dragged through the streets and finally burned. The heads were carried on poles in front of a frenzied procession. The political prisoners in the penitentiary were not harmed. The government has ordered the imprisonment of the ringleaders of the lynching, but so far no one has been placed under arrest.

MAY PAY TWENTY

CENTS ON THE DOLLAR.

Toronto, Ont., February 7.—Application to wind up R. J. Smith & Co., clothing manufacturers of Ottawa, incorporated at a million dollars, was made before Chief Justice Meredith, at Osgoode Hall to-day by the president of the company, who said it was insolvent. It was estimated that it was able to pay 20 cents on the dollar. The order was not made for want of proper application, which will be made on Friday by a shareholder.

Starts From The Seat
Carries Seven Passengers
Price Only \$2,500, Equipped

The Newest Russell Value
Is A Big Success

MADE UP TO A STANDARD NOT DOWN TO A PRICE

Russell Seven-passenger—the latest offering of this company is a touring car designed expressly to meet the demand of a car that will carry five or seven passengers in complete comfort is up-to-date to the last detail, has a moderate price and low cost of maintenance.

ITS long wheel base is 120". Its big tires are 36 x 4" front and rear. Its self Starter brings a relief from chanking up. Its equipment included in its price is as follows:—
Pantecore Top and Side Curtains; Top Envelope; Folding Glass Front; Speedometer; Two Extra Seats in Tonneau; Foot Rest and Robe Rail; Gas Head Lamps and Prest-O-Lite Tank; Self Starter; Side and Tail Oil Lamps; Single Tire Irons with well in Running Board; Tire Repair Outfit; Full Kit of Tools; Jack.

The two extra seats in the tonneau can be removed in a moment if not wanted. The long wheel base and big wheels, the Russell suspension and the Russell upholstery give real luxury.

The motor is flexible and thoroughly reliable—is a great hill-climber and handles splendidly in traffic.

IMMEDIATELY upon the announcement of this model we began to receive orders for spring shipment. We can still promise prompt delivery, but again warn you to order early in order to assure delivery of the car at the time you want it. Call at our newest branch or agency and get full particulars.

BOHEMIAN DEFEATS GERMAN.

Cedar Rapids, Iowa, Feb. 6.—Smejkal, the Bohemian wrestler, won his match here to-night with Ernest Ritzler, of Germany, in straight falls, the first in 40 minutes and the second in 13 minutes and 40 seconds. Smejkal sprained his left ankle in the second fall and had to be carried from the mat.

MORSE IS SLOWLY

REGAINING HIS HEALTH.

Atlanta, Ga., February 6.—Charles W. Morse, the New York banker, who recently was given his freedom by the Federal authorities after serving two years of his fifteen year sentence in the Federal prison, is said to be able to travel and will leave within the next two days for New York. Mrs. Morse to-night declined to confirm the report. Since his release from Fort McPherson Hospital, it is said, Morse's condition has been slowly but gradually improving.

SUSPICIOUS DEATH OF

YOUNG SCHOOL TEACHER

Uxbridge, Ont., Feb. 6.—The inquest into the death of Evelyn Baker, of Saintfield, the young school teacher who died suddenly at her father's home on Saturday, Jan. 13, under suspicious circumstances, was to have been held to-day, but has been postponed until Friday, Feb. 9. Miss Baker had been to Uxbridge and spent the evening there, afterwards being driven to her father's home by a young gentleman friend. After returning to the parsony, where she was found in convulsions, dying shortly afterwards.

Automatic Telephone Service

CONDEMNED BY CALGARY BOARD OF TRADE.

The following is from a report of a meeting of the Calgary, Alberta, Board of Trade, published in the Calgary "Albertan," January 9th, 1912.

"Telephone System not Satisfactory.

"Board of Trade Members attack Automatic Service at Annual Meeting.

"The Telephone System, not only in Calgary, but throughout the province, was severely criticised at the annual meeting of the Board of Trade, held yesterday afternoon at the Board Rooms.

"Considerable discussion took place and it was the general opinion that the present automatic system was not suitable for large cities. J. A. Valiquette said it has been found in American cities that the automatic system was not satisfactory. When the calls got into five figures, the machines were very inaccurate, and caused considerable inconvenience.

"J. H. Woods said that the situation in Calgary was very bad. Applicants for telephones were kept waiting for months for phones. He understood that the trouble was that there was no supply of material, and that the outlook was very unsatisfactory.

WILL INVESTIGATE SYSTEM.

"A motion was passed that the president appoint a committee to investigate the telephone system, and take up the matter with the Provincial Government."

OUR GREAT ANNUAL REDUCTION SALE

Will Open on Friday February 9th
and will last for 12 days.

This year we shall surpass all others. Our prices are lower than ever.

SENATORS ARE GETTING BUSY NOW

Discussed a Number of Different Subjects Yesterday —
Annuities, Pensions, etc.

Ottawa, Ont., February 7.—Payment of railway men's wages, the question of old age pensions, annuities and the civil service commission were among the things to which the Senate paid some attention today.

The divorce committee reported in favor, granting the application of Ethel May Stewart, of Binbrook, for divorce from George Stewart, of Hamilton.

Sir Richard Cartwright moved for a return of the number of annuitants who purchased annuities to February 1, 1912. He said his object was twofold: first, to correct a misstatement in the Commons as to the amount of business, and in the second to call attention to the principle underlying the Annuities Act, passed three years ago, and the desirability of Canada setting her face against the mischievous project of introducing old age pensions. In the Commons, by mistake no doubt, the Ministry of Trade and Commerce said the annuities numbered 514, whereas they numbered nearly 3,000 who had paid in cash to the treasury of about \$1,250,000 for annuities purchased. Bearing in mind the difficulty of introducing such a scheme, these results reflected credit on the parties who are entrusted, whether as lecturers or in any other capacity, with the task of laying this project before the people.

He regarded as a distinct misfortune that the English Government should have been obliged to introduce old age pensions; but was aware whether owing to misfortune or misconduct of the governing classes, or for what different causes it may be due, there can be little doubt, as a former Prime Minister owing to misfortune or misconduct of the governing classes, or for what different causes it may be due, there can be little doubt, as a former Prime Minister said there are in England millions who hardly know whether they can secure a meal on the following day. Under these conditions, which he hoped would never exist in Canada, he did not feel free to criticize their action. Sir Richard said the worst enemies of the working classes were those who seek to pauperize or degrade them into being recipients of pensions they had not earned, and further, that Canada should not make preparations to relieve the submerged tenth, but to see that no submerged tenth exists in Canada.

He did not consider old age pensions proper federal work. He declared that in this matter, Canada stood at a parting of the ways, and would either be called upon to spend very many millions to provide old age pensions, or may spend a few thousand dollars a year in educating the people and in encouraging habits of thrift. In the course of a few years this question would become an active one, and unless something was done, the Government would be called upon to spend many millions for the purpose of pauperizing the people, instead of a few thousands now for the sake of educating them and giving the man opportunity of obtaining an honorable independence.

Senator Loughheed said there was no objection to the motion. It is certainly not desirable that there should be such a result from the change in the annuities system, as Sir Richard prophesied. The Government had made the transfer of annuities to the post office department for the purpose of increasing the sale of annuities. He thought Canada was a long way from the introduction of the old age pension system, as enacted in England and there did not seem to be much likelihood of such legislation being enacted in Canada. He promised to give the Senate more information at a later stage of the bill.

The motion for papers was adopted.

Senator Macdonald, of British Columbia, called attention to the custom of having preferential lists in the spending departments to favor partisans "and asked the Government if it intended" not to adopt such a custom but to award contracts to the lowest responsible bidders. Senator Macdonald said he had no intention of going back to what had been done in the past, and would say he appreciated the difficulty any government had in keeping its friends away from the treasury. The funds of the country however, did not belong to any one party and, therefore, he hoped that in future there would be no partisanship in expenditure which there had been reason to regret in the past.

Hon. Mr. Loughheed, for the government, said tenders were called for whenever the amount to be expended exceeded \$5,000 and he was unaware of the existence of patronage lists. It was the policy of the present government to call for tenders for supplies.

"It is the intention of the government to introduce a bill during the present session, to increase the British preference," asked Senator Macdonald.

The attention of the government has not been called to the matter as yet," replied Hon. Mr. Loughheed.

Senator Davis asked if the government intended to give the water transportation on the tariff commission. Hon. Mr. Loughheed said that as the bill for the commission had not passed parliament, it was impossible to state who would be appointed.

On second reading of a bill amending the Inquiries Act, Sir Richard Cartwright said he had no objection to proper inquiry but he said investigations should be carried on only by judges and lawyers of such high standing that they would not dare to do anything unfair for fear of losing

that standing. The bill was given second reading.

The debate on Senator Casgrain's bill, requiring to pay employees twice a month was resumed by Senator McSweeney, who favored the proposal as a moderate one to which the railways should not object.

Senator David suggested as a compromise that the railways should pay the men in its shops twice a month. Senator Power thought the legislation infringed provincial jurisdiction. He was opposed to the principle embodied in the bill.

Senator Belcourt favored the principle, but doubted parliament's jurisdiction.

Senator Dandurand was not clear on jurisdiction. The motion for the second reading was defeated by 16 to 26.

In committee, on a bill transferring the archives to the Privy Council, Senator Poirier commended the decision of the government to promote Dominion Archivist Doughty to the status of a deputy head. He called attention to the fact that Mr. Roy, of the Archives, was now on a par, as far as salary was concerned, with Dr. Doughty, each getting \$5,000 a year and suggested that the parity should be continued. The library of parliament and the Civil Service Commission were precedents as each had two men who ranked as deputies—one French and one English.

Senator Poirier's view was supported by Speaker Landry, Senator David and Senator Tessier.

Hon. Mr. Loughheed promised to call the government's attention to these representations. Second reading was given to a bill respecting Trust and Loan Company of Canada and a bill respecting the Methodist Church.

JUDGMENTS RENDERED IN THE COURT OF APPEALS

Several important judgments were rendered in the Court of Appeals yesterday by Chief Justice Archambault, and Judges Tremholme, Lavergne, Cross, Carroll and Gervais, in the following cases:

Robertson vs. Grant, (Rimouski,) appeal of Robertson, maintained with costs and respondent condemned to pay him \$50 and costs of both courts.

Houde vs. Marchand, appeal maintained with costs of Superior, Review and Appeal Courts against Marchand.

McLean against Dentre and Lavigne, Judgment maintaining appeal of McLean with costs and declaring injunction permanent.

The Excelsior Life Insurance Co., appellants against Rhodes et al. Appeal dismissed with costs.

Quebec Lard Co., against the city of Quebec. Appeal of the Land Company dismissed with costs.

City of Quebec appellants, vs. Leprie. Appeal dismissed with costs.

Carrier et al. vs. the North Shore Power Co. Appeal of Canier et al., maintained with costs.

Nolin vs. Gosselin, Appeal Nolin maintained with costs.

Auger & Son, appellants, against the Dominion Land Co. Appeal, Auger & Son dismissed with costs.

Lavesque vs. McCrea. Appeal maintained with costs, as also in the case of the Corporation of the Firm of Drumondville against Simoneau as well as in the case of Gregoire vs. Lepointe and the cases of Duchaine and the Fabrique St. Alexis and the case of Tremblay against the Fabrique St. Alexis.

In the appeals of the Jacques Pulp Co. against the Chicoutimi Pulp Co., the appeal of the Chicoutimi Pulp Co. was maintained with costs and the record sent back to the Superior Court. In the case between the same parties, the appeal of the Chicoutimi Co., was dismissed with costs and the nomination of a sequestrator was confirmed.

Johnson Co. vs. The Royal Trust Co. Appeal dismissed with costs.

The Quebec and Levis Ferry Co. vs. Bernier. This was an appeal from a judgment rendered in the Court of Review in 1910, by Judges Lemieux, Cook and Letellier, confirming in part a judgment rendered by the Superior Court, which had condemned the company to pay a fine of \$500 for contempt of court, and Mr. Thompson, the manager of the company, to pay a fine of \$100 and to be imprisoned for 48 hours. The Court of Review set aside the judgment as regards the imprisonment of Thompson, but appointed a man named Marcoux to superintend the actions of the Quebec and Levis Ferry Company, during three months, and to report to the court whether or not that company carried passengers as freight between the two shores, which they were not entitled to do. Mr. Marcoux was to be paid at the rate of \$175 a day.

From this judgment the Quebec and Levis Ferry Company appealed, and yesterday the Court of Appeals maintained their appeal, condemning Mayor Bernier to pay all costs.

TROUBLE BETWEEN TWO LABOR ORGANIZATIONS.

Lawrence, Mass., Feb. 6.—Rivalry between labor organizations over the conduct of the textile workers strike was accentuated to-night when the leaders of the Industrial Workers of the World issued a statement asserting that the entrance of the American Federation of Labor into the situation is an effort by capitalists to divide the workers. The statement which is in answer to a proclamation issued last week by John Golden, of Fall River, President of the United Textile Workers of America, and other members of the American Federation of Labor, is signed by William E. Trautmann, of Chicago, national organizer of the Industrial Workers of the World and three members of the strikers' executive committee.

GENERAL BADEN-POWELL REVIEWS CHICAGO SCOUTS.

Chicago, Feb. 6.—Lieut.-General Sir Robert Baden-Powell, originator of the Boy Scout movement, was greeted in Chicago by scouts to-day and in the afternoon reviewed the evolutions of the youngsters at Dexter Park Pavilion. He declared himself pleased at the interest shown in the boy scouts and commented favorably on the precision shown by the Chicago scouts in their drill.

LIVING CONDITIONS TEXTILE WORKERS IN LAWRENCE

Boston, Mass., Feb. 6.—Wages and living conditions of mill employees in Lawrence are compared favorably with those of workers in other lines in other cities in a statement given out to-night from the headquarters of the Lawrence manufacturers here. The statement says: "Some strike leaders at Lawrence attempt to fix upon the manufacturers the responsibility for certain living conditions in the city, where it alleged that half a dozen people or more are crowded in a single tenement room. The same condition can doubtless be found in the north end of Boston, where there are no textile factories to be blamed. It should be borne in mind that the recent immigrants who are described as huddled together in one room in Lawrence work on the same wage scale as English-speaking employees, who do not find it necessary to live in such a way. If the matter were investigated it would be found that the people who are living crowded together in unwholesome conditions in Lawrence were too often accustomed to live in the same way in their native land. The city officials of Lawrence have denied that such living conditions were common, and added that they were due not to actual need, but to the imported practice of sub-letting."

The statement says that girls from

Southern Europe earn from \$7 to \$8.65 per cent, which is more than many American girls receive in the department stores of Boston and other cities, and besides, it is pointed out, rents and other living expenses are lower in Lawrence than in Boston.

LARGE DELEGATION GOING TO OTTAWA

Toronto, Feb. 6.—Three hundred representatives of the Ontario Good Roads Association, members of county councils, Toronto and Hamilton city councils, the Toronto Board of Trade and the Canadian Manufacturers' Association, will leave Toronto to-morrow night in three special cars for Ottawa, where they will lay before Right Hon. R. L. Borden and his Cabinet their views with regard to the organization and plan of control of provincial and county roads as affected by Hon. Frank Cochrane's Highway Improvement bill. The delegation will be augmented by delegates from the eastern portions of the province. They will urge that a thoroughly comprehensive system of main highways be laid out reaching into all parts of the province; that in order to effectively give aid to the farming people of the country, an appropriation be added to the present provincial grant to the county roads construction, and that this aid be ex-

tended to the maintenance in order that permanent results be assured.

IRON PLANT GOES INTO RECEIVERS' HANDS

Harrisburg, Pa., Feb. 6.—The Central Iron and Steel Co., which operates the largest iron and steel works in this city, was placed in the hands of receivers late to-day by presiding Judge George Kunkel, of the Dauphin County Court. The works have plenty of orders booked, but inability to convert a large stock of raw material into money is generally supposed to be the cause of the proceedings in court. The Central plant consists of two blast furnaces, a large open hearth steel mill, three plate mills and other properties. The company has a capitalization of \$2,000,000, most of the stock being held here, and a bond issue of \$1,239,000. The value of the plant, it is said, is above all liabilities and the bonds.

OFFICIAL OPENING OF POULTRY SHOW.

There was a large gathering of spectators at the annual exhibition of the Quebec Poultry and Pet Stock Association last evening, when the official opening took place and the show was in full swing, and all who attended were greatly impressed with the fine exhibition.

Ambitious Men

who realize their latent ability and seek success in life, are invited to a careful consideration of the famous food.

Grape-Nuts

Brain Nourishment is essential to Brain Activity.

A sluggish brain is a handicap—a hindrance in the path of promotion.

Grape-Nuts food, made of whole wheat and barley, contains the tissue-building "albumins" and the energy-making starches [changed into dextrin and grape sugar in making Grape-Nuts.] It also contains the phosphate of potash [grown in the grains]—the cell-forming mineral element Nature uses in building brain and nerve cells.

Grape-Nuts, regularly for breakfast, will help anyone.

"There's a Reason"

Made of Canadian Grain, by Canadian Labor.
Canadian Postum Cereal Company, Limited, Windsor, Ontario, Canada

NO TROUBLE. Promotions are Easy When Your Brains Work.

A young man who earned a fine position tells how food helped him:

"I was engaged as a bookkeeper for a large publishing house in New York city where the work was trying and hours so long I gradually broke down under the strain.

"My brain seemed thick and I lost the good health that I once claimed. I was compelled to resign my position, feeling that a good rest was needed.

"After three weeks' recreation I accepted a position as assistant cashier with one of the largest manufacturing concerns in the United States, feeling that the work would not be so hard mentally, and that the change would be for the best.

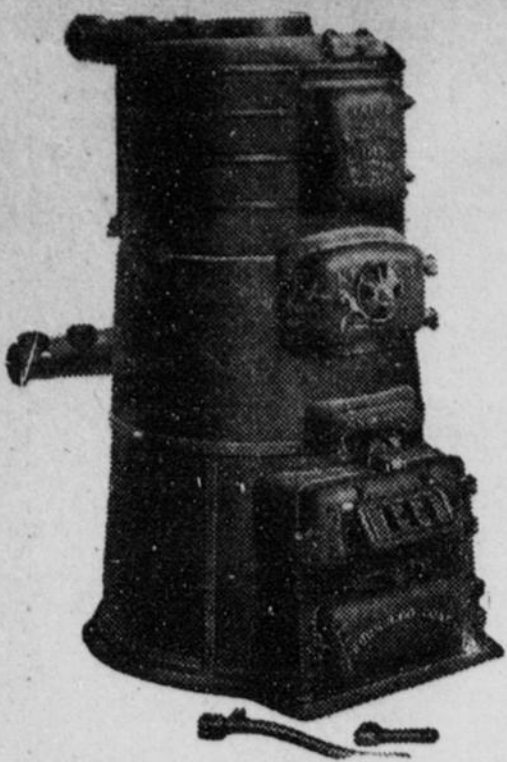

"It took just two days to convince me I had undertaken a task beyond the power of my overworked and underfed brain, and I decided to again resign, disgusted with myself and the world in general. That day I met a friend whose counsel I asked before taking the step. After I had related my troubles to him he said 'Eat Grape-Nuts my boy!'

"I looked on this remark as a joke at the time, but by the time I reached home I had thought it over and determined to give Grape-Nuts food a trial, and the next day it was on my table. The food seemed to give me new life from the start and gradually a great power for work became evident. It increased from day to day, my brain became active and my capacity for mental work unlimited. My duties at the office, that at first seemed beyond my capability, are now accomplished with precision, accuracy and pleasure.

"Last month I was promoted to the position of cashier amid the congratulations of my friends. I attribute my success to those wonderful little grains of food—Grape-Nuts, and to all I repeat a motto that is worthy of thought 'Eat Grape-Nuts my boy.'

BILL INCREASING JURIES' INDEMNITY

Read a Third Time After Pro-
posed Amendments Were
Defeated.

There was little of interest in the
Legislature yesterday. Premier
Gouin's bill providing for the increase
of indemnity was given third reading.
Mr. Tellier objected to the four-
mile restriction and proposed an
amendment to increase the indemnity
of all jurors. This was lost on a vote.

Mr. Bernard, seconded by Mr. Syl-
vestre, moved a motion to refer the
bill to Committee of the Whole for
amendment. The motion was defeated
by a vote of 43 to 11. Mr. Gault
voting with the Government and Mr.
Langlois, labor member for St. Sau-
veur, and Mr. D'Anjou, of Rimouski,
voting with the Opposition.

Most of the afternoon was taken up
with the discussion of agricultural
estimates, the following items being
passed: Horticultural Society, Que-
bec, \$500; Council of Agriculture, \$3-
000; agricultural schools, \$23,000;
housekeeping schools, \$10,000; Dairy
Association, \$2,000.

Mr. Bourassa spoke at some length
on the item of \$8,000 for the dairy
school, St. Hyacinthe, asking that de-
tails of the receipts of the school
should be put in the public accounts.
He considered it a government school
and therefore the Government should
give particulars about it.

Mr. Caron replied that it was not a
Government school, but only subsid-
ized. It received money from its
members and also a grant from the
Federal Government.

Mr. Bourassa did not dispute this,
but argued that the school could not
subsist without the Provincial sub-
sidy.

Mr. Caron admitted that this sub-
sidy covered what would have been a
deficit in the working of the school.

Mr. Bourassa contended that de-
tails should be supplied in this case
just as much as of monies received
from prison labor or in connection
with court houses. He said that Mr.
Dallaire, the director of the school,
was competing unfairly with other
concerns as he found himself to pay
high prices in winter on condition
that the farmers should supply him all
the year round.

Hon. Mr. Allard, interviewed after
the sitting, said it was the intention
of his department to continue poison-
ing the wolves in the National Park
as he considered this to be the best
way of getting rid of them.

The private bills presented and read
the first time are as follows:
To incorporate the Kanawaki Golf
Club.

To amend the charter of the town of
Outremont.

To incorporate the municipality of
Ivry-on-Lake.

The Legislative Council met yester-
day afternoon when the following
bills which had been read the third
time in the Legislature of Assembly
were read the first time:—The Peo-
ple's Telephone Co. of Sherbrooke;
University of Bishop's College; the
sale of the Nazareth Home in Mont-
real; incorporation of the town of La-
salle; incorporation of the town of
East Angus; incorporation of the Rat
River Ry. Co.; amending the charter
of the Tramway Employees' Associa-
tion of Montreal; respecting the
church of St. Victor d'Outremont;
amending the charter of the town of
Lachine; authorizing the Catholic
School Commission of Sherbrooke to
borrow \$100,000.

The bill concerning the Ladies' Pro-
testant Orphan Asylum of Montreal
was read the second time and after ex-
planations were given by the Hon.
Mr. Perreault, the bill concerning ac-
tion taken against societies that vio-
late or exceed their powers, was read
the third and last time.

The Council will sit again to-mor-
row.

The Bill to incorporate the St. Charles and Huron River Railway Co.
which will run a line from the Lake
St. John Railway line at St. Ambroise
de la Jeune Lorette northward for a
distance of about eight miles to a
point on or near the Huron River in
the parish of St. Edmond de Stone-
ham, was passed before the Railway
Committee yesterday.

The petitioners were represented
by Mr. L. A. Cannon, who is also a
petitioner, and the St. John's Lum-
ber Company was represented by
Messrs. Knowles, O'Neil and Stuart.
Work on the line is expected to be
started next spring.

ELECTED MAYOR.

Alex St. Amand, of Jaune Lorette,
was re-elected Mayor for fifth term
yesterday.

Arrivals at the King Edward.—M.
L. Sparke, Boston; R. Levesque,
Halifax; F. Jesmeur, St. Agathe; H.
Angers, Ottawa; G. Roy, Grand Mere;
A. Beaudry, Ste. Anne de la Perade;
J. Kenn, Montreal.

INVESTIGATION IS NEAR ITS CLOSE

United Shoe Machinery Co.
Commission Resumed Sit-
ting Yesterday.

It is expected that the investigation
into the United Shoe Machinery Co.
case will come to an end this morn-
ing, when after a couple of more wit-
nesses are heard, the commissioners
will take the evidence into considera-
tion, and the famous investigation will
be ended. The commission resumed
its sitting in Quebec yesterday in the
Admiralty Court room. Judge Lau-
rendeau and Messrs. White and Walsh
were on the bench, while Hon. T.
Chase Casgrain appeared for the United
Shoe Co. Messrs. Faulconer and
Beaubien were in attendance for the
complainants.

A large number of witnesses were
heard during the day, and while all
acknowledged that the United Shoe
Co.'s machines gave satisfaction, yet
there was an objection to the "tying"
clauses and lease system.

J. A. Duchaine stated that with these
two clauses eliminated, the machinery
would be satisfactory, though he
thought that the price of wire charged
was too high. A. E. Marois, of the
firm of Tourigny & Marois, thought
that it would be more satisfactory if
the "tying" clauses were abolished.

Mr. H. Gale stated that he did not
consider the royalty too high, and he
did not think that the price of produc-
tion had been increased.

Mr. John Ritchie, who was recalled,
stated that he had nothing to add to
his former evidence.

At the afternoon session Mr. Wm.
A. Marsh, of the Marsh Company,
Limited, gave evidence. In the course
of his evidence he stated that he
thought that the United Shoe Machi-
nery Co. could still be in business and
doing well even if they cut out the
objectionable clauses in their con-
tracts. He thought the bigger com-
panies paralyzed the little ones be-
cause of its capital. He agreed that
there were numerous calls for repairs
to machines, and that these parts
could not be got from anyone but the
company. Before the United Shoe
Machinery Co. took charge there was
no staff of experts to take charge of
repairs to the machines. He had never
been forced to take any machine he
did not want nor was he refused any
machine he wanted.

Mr. T. Trudel, the next witness, de-
clared himself against the "tying"
clauses and the lease system. He had
been forced to take out a Canadian
machine, which he had paid for, but he
turned it over to the United Shoe Ma-
chinery Co. and was allowed certain
privileges.

Mr. Duchaine, recalled, said that the
Boot and Shoe Manufacturer's Asso-
ciation was composed of some 19 or
21 members. At the meeting at which
the debated resolution had been
passed, there were ten members pre-
sent, and the motion had been passed
unanimously.

Mr. Gale, recalled, brought up the
list of machines used in his factory.
He preferred the lease system at the
time. On general principles, he be-
lieved in buying machines outright,
but under the circumstances that the
firm had been compelled to increase
its factory and equipment a number
of times, he preferred leasing.

J. E. Samson, of the Rock Shoe
Manufacturing Co., said he had two
Canadian machines when he started.
There was a bit of argument over the
suits taken in regard to infringement
of patents, during which Mr. Casgrain
asked: "What was the trust?" the re-
mark having been used during the de-
bate. He was satisfied with the Caron
machines and thought that they were
more economical.

Mr. O. Goulet stated that he used
the United Shoe Co.'s machinery ex-
clusively. He was satisfied with them.

Cross-examined by Mr. Beaubien,
he said he had used the Caron ma-
chines for two years, whereupon he
was asked if he had not received a
bonus of \$1,550 for five years when he
abandoned them.

During the afternoon Mr. Eug. Pion,
and Mr. G. M. Stanley, representing
the John Ritchie Company and the
Wm. A. Marsh Co., produced the
various leases of their respective firms
and these were entered upon the re-
cords.

Minister of Province of Quebec, pre-
sident Auditorium Company, of Que-
bec, etc., etc.

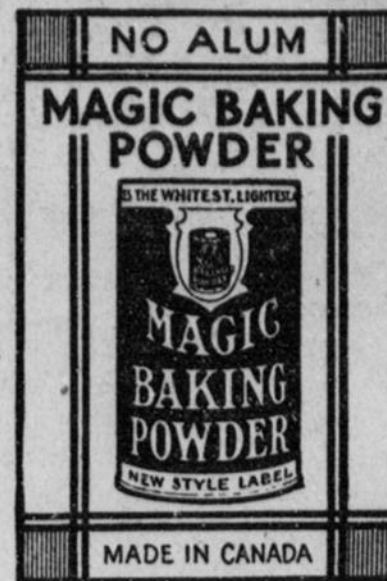

Arthur J. Price, Quebec, Director
of the Jonquiere Pulp Company, Di-
rector of the A. Gravel Lumber Com-
pany.

Edward Slade, Quebec, Broker.

OFFICERS ELECTED.

The Port aux Quilles Fish and
Game Club held their annual meeting
on the 5th inst., and the following
officers were elected for the ensu-
ing year:—Dr. J. D. DuChene,
president; Mr. Colin Campbell, vice-
president; Mr. Joak. Mercier, secy-
treas.; Mr. E. Martel and Mr. L.
Deschene, directors.

This club has fine preserves in the
county of Charlevoix; beautiful lakes
turning with brook trout running to
a very large size, and game such as
Moose, Caribou and Bear abound.

Brookville; T. St. Germain, St. Adde;
Rev. Mr. Plaskett, Jonquiere.

ECZEMA IS CAUSED BY IMPURE BLOOD

Cured by Dr. Williams' Pink Pills
Because They Make Pure Blood

Ask any doctor and he will tell you
that eczema is caused by impurities
in the blood; that nothing can cure
it that does not reach the blood—
that salves and outward applications
are worthless and a waste of money.
Pink Pills have always been so suc-
cessful in curing this most annoying
trouble is because they act directly on
the blood, reaching the root of the
trouble, and driving out all impuri-
ties. They banish eczema, salt
rheum, and unsightly pimples and
eruptions, relieve the irritation and
itching and give perfect health. Mrs.
A. Puling, of Milestone, Sask., says:
"I was afflicted with a blood and skin
disease which the doctor called
eczema, but which did not yield in
the least to his treatment. I was cov-
ered with sores and in very bad shape.
A friend advised me to take Dr. Wil-
liams' Pink Pills, and after using
eight or nine boxes I was completely
cured. I can strongly recommend the
Pills to anyone suffering from
that trouble."

A medicine that can make new, red
blood will cure not only skin troubles,
but also anaemia, rheumatism, neu-
ralgia, indigestion and a host of other
troubles simply because these trou-
bles are the result of bad blood. Dr.
Williams' Pink Pills make new blood
and under their use blood and nerve
troubles disappear. Sold by all me-
dicine dealers or by mail at 50 cents
a box or six boxes for \$2.50 from The
Dr. Williams' Medicine Co., Brock-
ville, Ont.

My Cadillac Automobile never
smokes. The lubricator can be
adjusted so that it feeds only
what oil is needed and there is
none wasted in smoke. I get
about 800 miles per gallon.

To locate the CADILLAC at the
Montreal show just look for the
busiest exhibit.
