RUSSO-CANADIAN RELATIONS AT DANGER POINT

World News In Brief

Toronto, Feb. 21.—(AP)—Ace sleuths are leading the Dominion's hunt for foreign spies and their informants and today it was learned that one of the counter-espionage leaders is an obscure, dogged little man of infinite patience whose name little more than a decade ago was almost a household word.

Then, when the publicity attendant on the probe into Communist activities in Canada died down, he faded once more into the obscurity he seems to relish. But he kept working for the law, a top man among the law's manhunters.

His name? The Canadian Press was told this man, Inspector John Leopold, of the R.C.M.P., "is all tied up in it" and the reference was to the tracking down of the alleged Soviet fifth column reported operating in Canada.

Kwajalein, Feb. 21.—(AP)—Commander Ben Wyatt is not worried about what will happen to the Marshall Islands when the atomic bomb explodes in the Bikini tests this spring.

If any of his men mention the possibility of a tidal wave sweeping the islands, he snorts derisively.

"Hell, we're right in the middle of one of the greatest experiments of our times. Let's look at the good that might result from this experiment, and then think we are lucky to be part of it."

Expect Soviet Statement Protesting At Spy Probe To Come Before Cabinet

Government Official Declares Report of Royal Commission Will Blow Russian Alibi "Sky High" — Soviets Say Canadian Attitude "Incompatible With Friendly Relations."

Ottawa, Feb. 21.—(AP)—A Russian charge that Canada has adopted an attitude "incompatible with friendly relations"—indicating marked deterioration of Russo-Canadian relations—today placed the Soviet spy ring inquiry on the diplomatic level and foreshadowed consideration by the Federal Cabinet.

There was no immediate indication when—or whether—a Canadian Government reply would be made public to the Russian statement which admittedly had created a situation of "extreme delicacy."

It was expected that the text of the Russian statement, which the Moscow Radio said had been given to the Canadian charge d'affaires, would reach Ottawa today through diplomatic channels and would come before the Cabinet when it sat in routine meeting.

Official circles described the statement, accompanied by an admission that the Soviet military attaché in Ottawa, Col. Nikolai Zolotarev, had received "confidential" information from Canadians, as a defensive manoeuvre and said the report of the Royal Commission probing the ring would blow the Russian alibi "sky high."

Informed of the Soviet statement that their attaché received only "insignificant" information, one source commented:

"The report of the Royal Commission will blow that alibi sky high. They got more than that. They're just preparing the ground for their defence."

Constitutional authorities told The Canadian Press that the Russian statement did not necessarily mean a break of diplomatic relations, but rather the Soviet Union now would ask for an explanation of the inquiry.

But another source went so far as to say the statement could be taken as an admission of guilt sufficient to cause the withdrawal of the military attaché and an effort to minimize the affair.

Semi-official circles saw in the Soviet broadcast an attempt to put the Russian viewpoint before the world before the Canadian Government had made public its position in the matter.

These sources stressed the statement did not alter the fact the Soviets had developed in Canada a "fifth column" through which they were obtaining information which would be advantageous to them in another war.

PRAVDA CLAIMS KING COVERING BEVIN FAILURE

Communist Newspaper Charges Canadian Premier Seeking to Detract Attention "From Bevin's Political Failure" at UNO.

London, Feb. 21.—(AP)—Russia, frankly admitting that its representatives had obtained "secret data" in Canada maintained the information was "insignificant" and accused the Canadian Government of fostering an "unbridled anti-Soviet campaign."

"The Soviet military attaché in Canada received from acquaintances among Canadian citizens certain information of a secret character which, however, did not present a special interest to the Soviet authorities," the Russian Government said in a statement indicating the information concerned radar and atomic energy.

At the same time, the statement said, Russia deemed it "necessary to call attention to the campaign, hostile to the Soviet Union, which has started in the Canadian press and radio . . . the position taken up by the Canadian Government is directed toward the encouragement of this campaign in the press and radio. It is not compatible with friendly relations between the two countries."

"One must recognize," the statement continued, "that the above-mentioned unbridled anti-Soviet campaign was part of the plan of the Canadian Government and is aimed at inflicting political harm to the Soviet Union."

The statement, later handed to the Canadian charge d'affaires in Moscow, asserted that the Soviet military attaché in Ottawa was recalled as soon as "the above-mentioned activities of certain members of his staff became known to the Canadian Government, because of the 'inadmissibility' of those activities."

The statement said the Soviet Ambassador and other members of the embassy in Canada had "no connection whatsoever with the matter."

Canadian Government spokesmen in Ottawa declared the Russians were making "political capital" of the affair.

"The Soviet statement," he said, "started out as an admission of . . ."

URGES HYDRO SERVICE COVER ALL PROVINCE

Charge That Profits of Hydro Laid in Consolidated Fund and Spent for Other Purposes Denied by Hon. J. S. Bourque.

Quebec, Feb. 21.—(AP)—The government should take some action to settle up with shareholders of Montreal, Light, Heat and Power, Consolidated, taken over in 1944 to form the Quebec-Hydro Electric Commission, E. C. Laroche (L. Pontiac) said last night as the Throne Speech debate continued in the Quebec Legislative Assembly.

Service of Quebec Hydro should be extended throughout the province so that the whole population may benefit from the government-sponsored enterprise as in Ontario.

Joseph Francoeur (L., Montreal-Mercier) said citizens of Montreal had been deliberately deprived of reduction in rates as intended by the former Liberal government when it created Quebec-Hydro. The profits of Quebec-Hydro were laid in the consolidated revenue fund and were spent for other purposes.

Hon. J. S. Bourque, Minister of Lands, Forests and Hydraulic Resources, denied this charge and said not a single penny of Quebec-Hydro came into the consolidated fund.

Leon Casgrain (L., Riviere Du Loup), attorney-general in the 1939-44 Liberal administration of Adélard Godbout, said a Royal Inquiry Commission should be appointed by the attorney-general's department to probe in Montreal, and especially in Montreal, as "alarming" and the government should take steps to curb it.

At the afternoon session, René Chalouh (Ind., Quebec County) said he foresaw a trial was soon to be held between Great Britain and the Soviet Union—and he was not surprised at the announced discovery of a Communist spy ring in Canada.

Money for the Communist Russians was collected in Roman Catholic churches of Quebec province during the war, and he would not be surprised if the money—more than \$3,000,000—was used to pay the Communist spies in Canada.

He regretted that Canada's new Governor-General (Lord Alexander) is not a Canadian.

Stolen Goods Are Found In Halifax

Halifax, Feb. 21.—(AP)—Halifax's waterfront theft ring investigation took a new turn today when city police revealed the recovery in a Halifax hotel of textiles, whiskeys, silversware and other articles stolen from the cargo of a ship in port.

The disclosure came amid indications that Halifax operatives of the Eastern Canada textile ring have been thrown into panic by the R.C.M.P.'s exposure of their activities this week and were jettisoning stolen goods destined for the black market.

While many sections reported the fats and oils situation as "extremely short," in New Brunswick and Prince Edward Island the scarcity was not so severe.

Pork, reported extremely scarce elsewhere, was plentiful at ceiling prices in Prince Edward Island and sufficient to meet requirements in Quebec City and vicinity.

Shortages of pork and cooked hams, were believed responsible for lower supplies of cooked meats.

Fresh lamb was virtually off the market at Ottawa, and in New Brunswick and Prince Edward Island cold storage stocks were being used. Shortages were not expected in other localities. Mutton was plentiful throughout the Dominion, but there was little demand except for ships' stores.

Beef was plentiful and selling well up to ceiling prices. New Brunswick and Ottawa reported the quality above normal. Prince Edward Island had an abundance in the lower ranges, but the upper range was scarce.

Some Scarcities But Food Supplies Generally Good

Ottawa, Feb. 21.—(AP)—Food supplies across Canada generally are in sufficiently good supply and variety to maintain a well-balanced diet, but many commodities are "extremely scarce," forcing prices to ceiling limits, the Prices Board reported today.

In a monthly survey of food supplies in the Dominion, the board said many centres report a general tendency by consumers to be "less observant" of prices asked for merchandise.

Eggs were plentiful at virtually all centres. Prices generally were below ceiling.

The butter supply was insufficient with no dairy butter in some centres. Montreal reported a critical condition. There also was scarcity of butter, lard and potatoes in Quebec, but they were sufficient to meet current demands. Prince Edward Island had enough.

In most places sugar supplies were meeting requirements, though Montreal and Ottawa reported shortages. Supplies of apples were insufficient in Nova Scotia, Ottawa and Montreal.

St. Lawrence Seaway Now Seen As Security Measure

The United States Congress is considering the Great Lakes-St. Lawrence Seaway project, which, although urged by several Presidents from Wilson to Roosevelt, has never been approved. The late war gave its proponents a new argument—that it is essential to national security. The Secretaries of War and Navy made a joint declaration to Congress that, in addition to its economic advantages, the development would afford shipbuilding and repair facilities in a relatively secure area; give an additional supply line for ocean shipping which would ease wartime strain on eastern ports and railroads; become a large source of cheap, dependable power without the use of coal or other critical materials.

\$400,000 Grant Is Obtained For Construction Of Local Hospital

Quebec, Feb. 21.—(AP)—A \$400,000 grant for the construction of a new 150-bed hospital in Sherbrooke's North Ward to replace the Sherbrooke Hospital which is considered inadequate to meet present requirements, was made here yesterday by the Provincial Government, it was learned from an unimpeachable source today. Confirmation of this grant is expected to be officially made by next Thursday.

INDIAN SEAMEN ARE FIRED ON BY ARMY UNITS

Seamen Have Been Demonstrating for Days in Protest Against Alleged Racial Discrimination in Naval Service.

London, Feb. 21.—(AP)—A Reuters news agency dispatch from Bombay said a truce was reported declared between striking Indian Navy Seamen and British troops at Bombay's Castle Barracks shortly before 5:30 p.m. local time (7 a.m. E.S.T.—8 a.m. A.S.T.) today.

Transit Strike Agreement Reached In Pennsylvania

New York, Feb. 21.—(AP)—A crippling strike of transit workers in Lancaster, Pa., appeared near settlement today but the spotlight on United States industrial strife again was centred on Detroit and the three-month-old General Motors work stoppage.

Union and management representatives reached an agreement in Lancaster early today to end the 16-day transit strike which had seriously interfered with business in the Pennsylvania community of 60,000, but the agreement was to be submitted to the American Federation of Labor union membership for ratification.

Terms of the settlement in the dispute involving wages and other issues were not immediately disclosed. The transit workers struck February 6 for hourly wage increases of 20 cents and 25 other demands.

Supporting the transit strikers were A.F.L. and C.I.O. unions. The former union ordered a general strike of its 12,000 members last Sunday, while the C.I.O. industrial council, claiming 10,000 members in Lancaster, last night joined the A.F.L. unions in their efforts to end the walkout.

While Department of Labor officials mapped plans to avert a threatened country-wide strike of 250,000 telephone workers, they watched with interest today's negotiations in Detroit between General Motors and C.I.O. United Auto Workers officials.

COST INCREASE PROBABLE IN SEAWAY SCHEME

Canada Has Already Spent \$132,672,000 on Project Whose Estimated Cost Is Now Above 1941 Figure.

Ottawa, Feb. 21.—(AP)—The statement in Washington that the total cost to the United States of the proposed St. Lawrence seaway and power project would be \$342,016,000, roughly \$7,000,000 more than the 1941 estimate, brought from officials here the view that the cost to Canada also would be higher than estimated five years ago.

In 1941 agreements between Canada and United States and between the Dominion and Ontario it was estimated that Canada would have to spend \$144,812,500 of which \$37,000,000 would be for machinery with which to generate power, leaving approximately \$108,000,000 for construction works and land damages.

The higher estimated cost to United States submitted yesterday to the Senate Foreign Relations sub-committee by Lt.-Gen. R. A. Wheeler, chief of the Army Engineering Corps, was due to the sharp advance in construction costs across the border, an official here said.

Imperialism Is Scored By Pope

Vatican City, Feb. 21.—(AP)—The Pope was borne into St. Peter's at 9:35 a.m. (8:35 a.m. E.S.T.) today on his portable throne to open the public consistory at which he will present traditional red hats to 29 of the 32 new cardinals he created earlier this week.

In yesterday's world broadcast, which followed presentation of the scarlet biretta to the new cardinals, the Pope warned against the dangers of "modern imperialism" and "the unbridled tendency towards expansion, which has within it the gnawing of ceaseless unrest."

Hon. G. Howard Ferguson Died Today In 77th Year

Toronto, Feb. 21.—(AP)—Hon. G. Howard Ferguson, one-time Ontario Premier and later Canadian High Commissioner to the United Kingdom, died suddenly at his home here early today. He was 76.

Mr. Ferguson, who in 25 years of Ontario politics had never suffered personal defeat at the polls, had retired from public life following his five-year term in London. Born on a small farm near Kempenville in Eastern Ontario he was literally born into the Conservative Party. His father, Dr. Charles Ferguson of Kempenville, was for many years a member of the House of Commons and a close personal friend of Sir John A. Macdonald.

He entered politics shortly after graduating from Osgoode Hall as a lawyer and became a member of the Ontario Legislature in 1905. Energy and debating skill brought him to the fore and in 1914 he entered the cabinet of Sir William Hearst as Minister of Lands and Forests.

Five years later the government was defeated, although Mr. Ferguson was one of the few ministers re-elected. He was chosen leader of the party and re-organized the Conservative organization while a United Farmer-Labor Government ruled. His party swept back into power in 1923 and won elections handsily in 1926 and 1929.

He resigned in 1930 to become

HON. G. HOWARD FERGUSON

Canada's High Commissioner to Britain. He resigned the post in November, 1935, after the Liberal Government of Mackenzie King defeated the Conservative Government of Ontario.

Of great personal charm, he was popular with all classes and known by the familiar sobriquet, "Fergie." His successful and oft-stormy political career was followed by contented retirement at his home here.

Committee Reports Presented At Presbytery Sessions Here

Reports of the various committees occupied delegates at yesterday's sessions of the Quebec-Sherbrooke Presbytery, meeting at Trinity United Church here Tuesday and Wednesday. Chairman of the session was the Rev. E. D. Mitchell, of Waterloo, and Rev. A. B. Lovelace, of Beebe, acted as secretary.

Fourteen aid-receiving pastoral charges were all considered in the home missions report. A grant from the home mission fund was approved. The work at St. John's Hall, school for girls at Quebec, was reviewed and a grant from the home mission funds approved for the work.

Rev. M. W. Booth, executive secretary of the Bible Society, of Montreal, stressed the important aid of the Bible Society to the work of the Christian Churches in Canada and the overseas missions in a short address.

Rev. G. G. Conolly, of Dunham, spoke of the need for young men volunteering as candidates for the ministry. He announced a conference, to be led by Dr. R. B. Scott, at Stanstead College for Easter week. He declared that it was the duty of pastors and elders to seek fit candidates for the ministry in their communities.

Plans under way for a boys' and girls' camp and young people's camp at Cedar Lodge on Lake Memphremagog in July and August were reviewed by the Rev. P. Matthews, of Magog, speaking on Christian education. The Rev. L. Carlson, field secretary of Christian education, stressed the need of organized boys' work in every local church. Such work, he said, will help in supplying candidates for the ministry eventually.

Obituary narratives were read to the Presbytery by the Rev. D. A. McGuire, of Hatley, on the late Rev. W. H. Thomas, of Gould, and the late Rev. G. E. Bead, D.D., of Sherbrooke. The Presbytery responded by rising for a minute of silence.

The report of the pension fund committee was given by the Rev. C. Gustafson, of East Angus, who dealt with the coming of the pension capital campaign fund to raise \$3,500,000 in Canada. This committee was appointed to head the campaign in this Presbytery.

K. G. Nourse, Richmond, W. H. Bradley, Sherbrooke, T. H. Buttimore, Portneuf, and the Rev. John MacKay, Quebec City.

The report of the committee on evangelism and social service contained the following resolution, which was unanimously adopted by the Presbytery:

"Whereas the Canadian Council of Churches has invited the Anglican, Baptist, Presbyterian and United Churches to develop common efforts of evangelism in support of the Forward Movements in the Churches; and whereas this has been approved by and transmitted to us through the Board of Evangelism and Social Service; therefore, be it resolved that we do hereby request the executive of this Presbytery to initiate conversations with the executive officers of the official courts of other communions, operating in the areas common with our Presbytery, with the view to the holding of a joint conference of those courts and our own Presbytery for the purpose of promoting a deeper mutual Christian fellowship, and also to consider ways and means of a closer co-operation in those areas of the church's life where it is possible; and to give a common Christian witness to the men and women in our cities, towns and rural places; and that the executive have power to act accordingly."

A resolution instructing the secretary of the Presbytery to write a letter to Major J. W. Foote congratulating him on receiving the V.C. as an Army Chaplain was carried.

The Presbytery also carried a resolution of appreciation to the minister and officials of Trinity United Church for hospitality towards the Presbytery.

DEZIEL SCORES MOVE TO BREAK BONNE ENTENTE

Terming Alderman J. D. Tremblay's opposition to Alderman Guy Bryant's nomination to fill the English-speaking term of chief magistrate as a direct attempt to "break the traditional bonne entente" in Sherbrooke, Alderman Deziel stated last night at the Sherbrooke Snowshoe Club, that he hoped the citizens of Sherbrooke would "manifest their intentions once again, as they did twelve years ago, to maintain the tradition of an alternate English and French-speaking mayor."

Ald. Deziel dwelt for some time on the good relations which have existed between the two and felt any attempt to break these ties would be detrimental to the good of the entire population.

Guest speaker at the meeting was Gaston Masse, superintendent of the gas and electric department, who told the gathering that the department's revenue had increased from \$79,000 in 1920, when the municipalization scheme was put into effect, to close to \$850,000 in 1945.

Mr. Masse recalled that Frontenac was the only power plant operated by the Sherbrooke Water and Gas Company at time of municipalization, and development of power resources was steady from that time on, with the City building the Rock Forest plant in 1911, the Weedon project in 1920, the Drummond Power in 1927, Westbury between 1927 and 1929, and Eastis in 1930. The municipal system was connected with Shawinigan Water and Power in 1940.

Production in 1945 was 5,500,000 kilowatt hours compared with 70,000,000 last year, Mr. Masse said.

Among the civic officials attending the meeting were: Aldermen C. Guy Bishop, Paul Hamel and O. Deziel, City Building Inspector J. O. Charrier, City Clerk Antonin Deslauriers and Mr. Masse.

Business part of the evening consisted of making plans for a dance to be held on Saturday night following supper at 7.

Objects Of Y.W.C.A. Reviewed Here By National President

A representative body of religious, social, business and professional organizations from Sherbrooke was guest last night of the Sherbrooke Y.W.C.A. at the annual supper meeting, held at the Mackinnon Memorial Building and attended by Mrs. Walter Rean, Toronto, president of the National Council, Mrs. George H. Carr, Sherbrooke president, presided.

Supper was served in the main club room upstairs, where covers for upwards of seventy-five were laid, and at which the High School "Y" girls acted as waitresses.

Seated at the head table were Mrs. George H. Carr, who presided; Mrs. Walter Rean, president of the National Council; the Rev. H. E. Secord, representing the Ministerial Association and Mrs. Secord; Mrs. Andrew Sangster, Red Cross; G. H. Carr, president of the Chamber of Commerce; Walter Sutherland and W. Wolters, Y.M.C.A.; Mrs. St. Louis and Mrs. S. Powers, C.W.L.; Miss Bessie Milford and Miss Leslie Paterson, Business and Professional Women's Club; J. A. Archambault, president of the Rotary Club; H. L. Gagnon, president of the Lions Club; H. V. Haight, Home Service Committee; D. J. Salls and H. Clark, Advisory Board, Y.W.C.A., and Mrs. Arthur Fraser.

Mrs. Carr introduced each guest, briefly commenting upon his or her special contribution to the Y.W.C.A.

The president also congratulated Miss R. E. Hunt, upon her work at the Y.W.C.A. Hostess House, at Valcartier which like all others has just been closed.

Mrs. Carr also mentioned by name every member of the staff at the Howard Residence and at the Mackinnon Memorial, thanking each and all for their faithful and excellent discharge of their duties in the various departments connected with the management of the Sherbrooke Y.W.C.A.

Pointing out that an annual meeting should be a time of stock-taking and inward searching, Mrs. Rean observed that it is only as we have the faith and courage and determination to make it so.

To Walter Sutherland was entrusted the task of voicing the thanks and appreciation of the Sherbrooke Y.W.C.A. to the guest speaker.

ALD. FISETTE TO RUN AGAIN IN WEST WARD

Although a few days ago it seemed likely that a contest was developing for West Ward Seat, No. 2, latest events have changed the picture with the refusal of Donat Jacques to oppose Alderman Armand Fisetite who has accepted to stand for re-election following a petition presented him last evening by a delegation of twenty-six.

In a statement to the Record this morning, Mr. Jacques said that after giving the matter due consideration, he felt that his business would not allow him to shoulder the additional responsibilities of an

alderman and that either one or the other would suffer. He said, too, that this decision came after continued requests from a large number of west ward citizens who visited him for the past three nights in an effort to have him accept.

The delegation which presented the petition of over 475 names to Ald. Fisetite included Amede Monagan, C. E. Josin, Marcel Jeanson, Ephraim Gaudet, Arthur Therien, Thomas Tedeaull, Roger Lefebvre, Aurel Charrier, Sima LeBlond, Trefle Leblond, René Jacques, David Bergeron, Eugene Demers, Antonio Cameron, Fred McLaughlin, Hermenegilde Perron, Louis Lafrenboise, Arthur Robillard, Henri Larochelle, J. A. Garand, H. Hall, H. Cutbert, B. Sjolander, C. Taylor, Antonio John and Gerard Jobin.

Alderman Fisetite was first elected to the City Council in 1940 when he won out over the opposing candidate, J. R. Royer, by a majority of 490. In that year he headed the City Hall Committee and the following year took over the reins of the Market Committee. In 1942 he became Chairman of the Roads Committee until the changeover last fall when he was elected to the Chairmanship of the Electricity and Gas Committee.

Next parade of the squadron will be held on Friday, March 1, at 10:15 hours.

The committee is composed of Romeo Valle, Joseph Charpenier, Donald McGee, Antonio Grandchangement and Miss Lorraine Goulet. It is expected that they will meet with company representatives this afternoon.

ARRIVED ON QUEEN ELIZABETH

17 Inches Of Snow Blocks All Highways Leading Out Of City

Nearly 17 inches of snow have fallen since midnight Tuesday and now drifts are piling high as a strong wind, which sprang up last night and reached gale proportions in gusts, began rendering country roads and provincial highways impassable.

Only bus to leave the city this morning was the Montreal run—and it didn't get far. At Magog, whipped by the congregated snowflakes, it turned back. All other buses didn't even bother to make an attempt to get through and travellers to Coaticook, Drummondville, Granby and other points have been temporarily stranded.

The snow-removal department of Sherbrooke has taken another 40 men on strength since yesterday in an effort to get traffic running normally again. Working all night, the 100-man squad managed to get streets clear, but unloading is still almost impossible except downtown. All city buses are running, although a little behind schedule.

Canadian National reports trains running pretty well on time but the C.P.R. train from Saint John, N.B. was an hour late this morning. No serious trouble is reported by the electricity department at City Hall.

The storm was general throughout the southern portions of the province. Montreal had 12 inches of snow yesterday and 2,000 men of the roads department labored to clear streets. Most flights from

Dorval Airport were cancelled. The weatherman isn't helping matters any when he calls for maximum temperatures hovering about zero today, with continued cold weather tomorrow. However, the worst in the way of snow is over.

Dr. H. E. McKenna will be away from his office until March while visiting dental clinics in New York and Chicago.

TO PRACTISE HERE

Dr. Yves Gadois, son of Dr. and Mrs. F. A. Gadois, King Street West, who has received his discharge from the Royal Canadian Army Medical Corps after four years of service.

Dr. Gadois received his degree in medicine from Laval University in Quebec City and followed a post-graduate course at the Poly-clinic Medical School and Hospital at New York City in 1941. He joined the army the following year as an E.E.N.T. specialist, and was stationed for the greater part of his service at Vancouver and Nanaimo, B.C., where he served on the staff of the military hospitals.

Dr. Gadois will establish his practice as an eye, ear, nose and throat specialist in Sherbrooke on February 25, taking over his father's office at 96 King Street West. His father has practised in Sherbrooke as a child specialist for the past fifty years.

Canadian Legion Launching Campaign For War Memorial

The Quebec Command of the Canadian Legion will embark on a financial campaign to raise \$375,000 by public subscription for a War Memorial Building in Montreal. Heading the board of trustees which includes Lt.-Col. M. W. McNulty, of Sherbrooke, is Mr. Justice C. Gordon Mackinnon, formerly of Sherbrooke and Bondville.

Maj.-Gen. C. B. Price, C.B., D.S.O., D.C.M., V.D., a former first vice-president of the Dominion Command, will serve as general chairman of the campaign, which will open on March 25.

While the essential need for a central administration building for the handling of the fast-growing business of the Legion throughout Quebec is one of the deciding factors in the plan, the memorial aspects of the proposal will be kept in the foreground. A tentative committee has been gathering data on a memorial building for some months, and its recommendations and proposals are now before the campaign committee.

It is pointed out that one of the such as is proposed, it is felt, would serve both purposes to the full, and, in addition, develop a spirit of civic comradeship and mutual help among all members of the Legion in the district.

The building could also serve as a recreation centre for all Legionnaires, provide accommodation for meetings of those churches still without quarters and for the new branches which will spring up as time goes on and more men return from overseas.

The strikers of the Canadian Silk Products Limited, last night accepted the suggestion of R. Hermigny, representative of the Canadian Catholic Confederation of Labor (C.T.C.C.), to nominate a committee of five members to represent the employees at meetings with the company to bring about a fair solution to the dispute that arose Monday morning at the Sherbrooke plant.

The committee is composed of Romeo Valle, Joseph Charpenier, Donald McGee, Antonio Grandchangement and Miss Lorraine Goulet. It is expected that they will meet with company representatives this afternoon.

alderman and that either one or the other would suffer. He said, too, that this decision came after continued requests from a large number of west ward citizens who visited him for the past three nights in an effort to have him accept.

The delegation which presented the petition of over 475 names to Ald. Fisetite included Amede Monagan, C. E. Josin, Marcel Jeanson, Ephraim Gaudet, Arthur Therien, Thomas Tedeaull, Roger Lefebvre, Aurel Charrier, Sima LeBlond, Trefle Leblond, René Jacques, David Bergeron, Eugene Demers, Antonio Cameron, Fred McLaughlin, Hermenegilde Perron, Louis Lafrenboise, Arthur Robillard, Henri Larochelle, J. A. Garand, H. Hall, H. Cutbert, B. Sjolander, C. Taylor, Antonio John and Gerard Jobin.

Alderman Fisetite was first elected to the City Council in 1940 when he won out over the opposing candidate, J. R. Royer, by a majority of 490. In that year he headed the City Hall Committee and the following year took over the reins of the Market Committee. In 1942 he became Chairman of the Roads Committee until the changeover last fall when he was elected to the Chairmanship of the Electricity and Gas Committee.

Next parade of the squadron will be held on Friday, March 1, at 10:15 hours.

EXPOSING COMMUNIST ACTIVITY

Canadians, naturally, are rather disturbed at the conditions which gave rise to the appointment of a Royal Commission to investigate the espionage activities of a foreign power in this country, but reports from the United States indicate that many prominent newspaper columnists and editorial writers who have been trying for months to bring things into the open are greatly satisfied with the Canadian decision to launch an inquiry. For many months, these writers have been charging repeatedly that Russia maintains a network of spies within the United States, and that the Federal Bureau of Investigation has been busy. In the Ottawa action, they find confirmation of what they have been saying, holding that similar conditions prevail in both nations.

It becomes more and more apparent that, notwithstanding the dissolution of the Third Internationale, remains an active militant underground force in practically all countries working for the Communist ideology. Recently the Communist party in the United States expelled Earl Browder after offering some excuse that he was not fully favorable to their doctrines. This incident causes the New York Sun to show how the strings are pulled from Moscow. The Sun declares:

"In the play-acting performed by American Communists from 1939 down to the present time, no scene has had a finer blend of indignation and gall than the one in which Earl Browder was told never to darken the door of American Marxism again. Those Communists who are now in the driver's seat are not content to expel Browder for carrying on one particular act after Moscow had called a change in the program. They must couple the decree of expulsion with a call to arms against 'alien ideologies.'

"The expulsion is a poor reward for a skillful performance of a difficult role. Without preparation, almost without warning, on June 22, 1941, when Russia was attacked by Nazi Germany, Browder had to speak, not just new lines, but a whole new script having to do with the need for war production, the fight for democratic freedom and so on. He seldom stumbled. He kept a straight face through it all. Yet, because he played this part a little too long to suit the script writers at Moscow, he is out in the street, without a party, even without references."

Straight questions might also be asked about the Communist party in Canada which now parades under the name of the Labor-Progressive. It is neither dead nor dormant, and is ever on the alert to foment strikes and distress. There is always an incendiary word in a time of near crisis.

Canada, Britain and the United States truly played the game as great allies of Russia when that country was in travail and the enemy was deep within. The present chaos, uncertainty and suspicion seem a poor reward for the sacrifices made and the goodwill which the democracies have tried hard to create.

THE BAN EXPLAINED

Frequent complaints have been heard within recent weeks against the retention of the ban against the manufacture and importation into Canada of oleomargarine in view of the steady reduction of the butter ration, the claim being heard that the dairy interests of the country are responsible for the maintenance of the embargo. The argument is used that with the Canadian producer unable to supply the demand for butter the importation of this product should be permitted to supplement the ration. But this is far from being the true picture. The original ban may have been imposed at the insistence of the dairy farmers, but there has been a general change in the world situation as regards edible fats, these new conditions making it very unlikely that there will be any margarine reaching the Canadian market.

A survey has revealed conclusively that the

world supply of oils and fats, from which margarine is made, is still acutely short and that the distribution is under the control of the Combined Food Boards. Canada receives a share of the supply which reaches the public in the form of shortening, which is admittedly scarce here but is even in shorter supply in Great Britain. Any further supply which Canada might receive would be at the expense of Britain and other countries. Considering all circumstances it is extremely unlikely that the Dominion will receive more from the common pool.

The total of all fats, butter and shortening, now received by Canadians is in excess of that received by the people of any other country and it is unlikely that the Combined Food Boards would listen with favor to any appeal for a larger share for this country. Little, if any, oil suitable for the manufacture of margarine is produced in Canada. It would have to be imported. And the possibilities of such importation, even if the existing Canadian laws were amended, is virtually nil.

REGARDING ANNEXATIONS

The caution which has been displayed by the Sherbrooke Aldermen over the petition of a group of Orford Township residents to have the district annexed to the City of Sherbrooke is fully justified in view of the many serious problems involved. The prime purpose behind any annexation move is the desire on the part of the petitioners to have various civic services—police and fire protection, waterworks, sewers, etc.—extended to them, services which by law a city is compelled to provide to its population.

Before the City makes any move to accede to the request of these bordering areas, a complete survey should be made to determine the area of the proposed annexation, the costs of the required civic services and the probable benefits, financial and otherwise, which such a move would produce for the City. It would be well that until such a survey is completed that no definite move be made—a view apparently supported by a majority of the Aldermen.

Of course, the matter cannot be decided upon a mere basis of dollars and cents. The annexation of additional territory might bring indirect benefits to the City, such as the ability to control building construction and to improve health conditions. These are important, but despite their importance, the financial end must not be overlooked completely.

FORCE NECESSARY FOR PEACE

In his recent address before the Delaware Bar Association and the Society of Colonial Wars at Wilmington Lord Halifax touched upon a question when he declared that the world peace program demands "the existence of force in some form or other, which can if necessary be invoked," and a successful effort to maintain peace required "the continued readiness of public opinion in all peace-loving nations to remain resolute in this business of enforcement." Thus he recalled one of the fatal mistakes of 1918 when the non-aggressor nations began disarmament before security had been established, a tendency which should not be repeated today.

Lord Halifax's recipe for the enforcement of peace embraces the following points:

- First, refuse the late aggressors any opportunity to begin again;
- Second, establish as in the trials now proceeding, the personal responsibility of those who have been guilty of deliberately provoking war;
- Third, maintenance of control until we are satisfied that there is a real and permanent change of heart;
- Fourth, refusal to permit any one-sided infraction of any terms of international arrangements.

The last-mentioned point in the opinion of Lord Halifax is one of the fundamental principles on which future policy must be based. "If the law is to be effective," he says, "it must be applied always, everywhere and to all."

There can be no quarrel with Lord Halifax's views thus so clearly expressed. Only such a course as he espouses can guarantee the future peace of the world. There must be no start on disarmament until peace is firmly established.

Already there have been many incidents which have been solved by the firm stand which one or other of the nations involved in the difficulty have displayed. This firmness is only possible when the power in question is confident of its ability to meet the issue face to face. When a group of nations are willing and able to stand up for their own point of view, they generally win respect. But the history of the years intervening between 1918 and 1939 reflect only too well what happens when this strength is lacking.

HURDLE LOOKS TOO HIGH FOR THE JUMPER

PRESS COMMENTS

A TIME TO DROP THE PILOT?

The Gazette
At the end of this month Gen. H. D. G. Crear, former Commander of the First Canadian Army, will be retired. At this time all Canadians should consider whether some valuable role cannot yet be found for this man, who less than a year ago was leading the military forces of this country with unquestioned ability through a most difficult campaign. It is hard to believe that the ability displayed and the experience gained only a few months ago cannot now be utilized to the advantage of this country, faced, as it is, with an urgent need to reorganize its forces in the interest of preparedness and peace.

It is easy to imagine that Gen. Crear himself may be looking forward to retirement after the strains of the last few years. Yet it is no less easy to believe that, to his mind, retirement would have less attraction than a role of constructive service in embodying in Canada's military structure the lessons of the immediate past. On May 7, when his good work in Europe was done, he said: "It has been a great challenge and inspiration to one's capacities to be a commander of such men." It is not likely that he would find the challenge or the inspiration less were he asked to carry out some new work of importance in the critical transitional period that lies just ahead.

Of course it may be hinted that Gen. Crear's service, admirable as it was, came before the atomic bomb had revolutionized warfare and out-dated his experience. It may also be hinted that Gen. Crear's command in Europe was an appropriate climax for a long career, and that a younger man is needed for the reconstruction of the future.

Perhaps the best commentary on these hints is found in the action taken by our two great allies, the United States and Great Britain. For the United States has appointed its commander in Europe, Gen. Dwight D. Eisenhower, to be its chief-of-staff in Washington, while Great Britain has chosen as its chief-of-staff in London its commander in Europe, Field Marshal Viscount Montgomery.

Apparently these two allies, viewing the one problem against their different national backgrounds, have agreed that success in the war just ended is not an insuperable barrier to preparation for the new warfare of the future. Nor does the matter of age appear to have influenced the decision of our allies. For the three commanders are almost of the same age. Gen. Crear being two years older than Gen. Eisenhower and one year younger than Viscount Montgomery.

The appointments made in Washington and London have a further relevance. For our allies have appointed as their respective chiefs-of-staff the two very men who served together with such good effect upon the battlefield, and it was with these same men that Gen. Crear served in effective and friendly partnership. There would be an obvious and striking advantage, in a constructive preparedness, if the three nations, bound in an inevitable alliance, could maintain unbroken the triumvirate of the years of war.

FROM THE PEN OF E. T. WRITERS

THE COMMON WAY

My dream was once to walk a road
That climbs to a mountain high;
To lift my head and gaze beyond
The clouds in a clear blue sky.

My feet would never feel the ruts
Worn down by the throngs that tread
The path, and day by day go out
To work for their daily bread.

But then I looked and saw a child
At play on a sunny hill
Beside a cottage trim and gay
With plants on the window sill.

Right there, somehow, I lost the dream
Of height that I had one day;
For who am I to never crouch
The dust of the common way!

Do You Know?

Q—What Western Hemisphere nation limits presidents to one term of four years?

A—El Salvador, smallest of the six Central American Republics. It's about the size of Maryland, and is the most densely populated of the group, with 1,830,000 population. Coffee is the main industry.

Q—What is myosmine?
A—An alkaloid, the one responsible for pleasant aroma of cigar smoke. It has been produced synthetically for cigarettes and pipe tobacco.

Q—How many Jap balloons reached the United States?
A—About 900 of the 9,000 launched.

But are they the best we can offer this man, in view of our own needs and his proven abilities? This seems hardly the time to drop the pilot who so recently brought us so well through such dangerous waters.

PUSHING FOE TO BID RESULTS IN SLAM

In any discussion of freak hands, someone is sure to mention the Duke of Cumberland hand, and I often receive requests for it. If you are not familiar with the hand, it would seem unbelievable that South, with all his high cards, could not take a trick. You can have some fun with your friends if you prepare this hand and watch how they bid and play it. West, who persists in overcalling South's bids, is finally pushed to seven spades, which South eagerly doubts.

You can see that, regardless of North's opening, West is going to make a grand slam. If a heart or trump, then declarer's hand is ruff a diamond in dummy, which drops the king, then finesses the freak hands ever played in bridge.

MARRIAGES

CLOUGH — WARREN

East Barnet, Vt., Feb. 21. — A member of the Women's Land Army and a member of the Canadian Seaforth Highlanders Regiment were married in the parish church of St. Mary, the Virgin, in East Barnet, on Saturday, February 16.

The bride is the only daughter of Mr. and Mrs. F. Warren, of 41 Bohun Grove, East Barnet, Vt., and the groom was Reginald A. H. Clough, the eldest son of Mr. and Mrs. H. E. Clough, of Freilightsburg, Que. The curate, Rev. T. Gould, officiated at the ceremony.

The hymns, "Lead Us Heavenly Father" and "O Perfect Love" were sung.

The bride wore a simple styled gown of white marocain with a train, and a veil held in place by a wreath of orange blossoms. She carried a bouquet of bronze chrysanthemums.

Miss Edwina Willis, a friend of the bride, who was the only bridesmaid, wore a gown of apricot tulle with matching mittens and a feather headress. She carried a Victorian posy of violets, forget-me-nots and heather.

Cpl. A. Watkinson was the best man for Mr. Clough.

The reception was held at the home of the bride's parents.

The honeymoon is being spent in York. The bride travelled in a blue two piece costume with a matching hat, a fur fabric coat and brown suede accessories.

WOMEN'S CLUBS

TRINITY CLUB

The regular meeting of Trinity Club was held in the club room of Trinity Church, with the newly-elected president, Mrs. Barrie Armatage, in charge. Rev. F. Williams was the guest speaker for the evening, and stressed the need for independent and individual thought, particularly at the present time, rather than follow the danger of mob thinking. Mrs. Armatage, on behalf of the club, thanked Rev. Mr. Williams for his very interesting talk. Mrs. George Crawford, convener of the finance committee, presented a report on the program to be followed for the ensuing year to raise funds. Plans were then made for the next social evening to be held on March 4. Following further business, the meeting was adjourned.

DAUGHTERS OF ENGLAND

Caroline Lodge No. 13, Daughters of England Benevolent Society held their installation ceremony in the Odd Fellows' Hall with the following officers of the Grand Lodge of Montreal, who installed the local members.

The visiting Grand Lodge officers included Most Worthy Grand President Sister A. Bailou, Most Worthy Grand Vice-President Sister Hollis, Most Worthy Grand District Deputy Sister Wilton, Most Worthy Grand Treasurer Sister Valcamp and Most Worthy Grand Secretary Brother H. Goodwin.

The following officers were installed: Worthy vice-president, Sister Agnes Spanwick; worthy past president, Sister Esther Davies; worthy secretary, Sister Mae Mackell (re-elected); worthy treasurer, Sister Muriel Locke (re-elected); worthy chaplain, Sister Cora Carter; first guide, Sister Florence Perry (re-elected); third guide, Sister Lizzie Strieland (re-elected); fourth guide, Sister Eileen Richards; inside guard, Sister Dorothy Humphries; outside guard, Sister Agnes Humphries (re-elected); and pianist, Sister Andrea Moorecroft (re-elected).

Before the ceremony, Sister Florence Perry presented the visiting ladies with a corsage of white roses, and Bro. Goodwin received a white rose boutonniere.

At the close of the meeting a delicious collation was served by the social committee under the convener'ship of Sister Cora Carter.

The table was tastefully decorated with a Valentine tablecloth with napkins to match, while the centerpiece was a large red heart.

SPoonER POND

The Spooner Pond Women's Institute met at the home of the president, Mrs. Fred Wintle, with Mrs. H. Armstrong and Mrs. Orin Taylor, the assisting hostesses. The president was in the chair and opened the meeting in the usual manner. Mrs. Frank Sykes and Mrs. Oscar Lockwood were appointed to assemble the quilt blocks, which the members had pieced during the month and the quilting will be held at the home of Mrs. Harold Blanchard, Miss M. D. Boast and Mrs. E. Salway were appointed to audit the books for the past year. The committee appointed to draft program for the coming year is as follows: Mrs. Howard Hills, Mrs. Gerald Fortier and Mrs. Boast. The slate of conveners' committees follows: Mrs. Frank Blanchard, Mrs. S. H. Barrie and Mrs. Edward Knowles. Plans were made to hold a card party and raffle at the home of Mrs. Fred Wintle later in the month. A new member, Mrs. Harold Stevens was welcomed by the group. The convener of publicity then took over the meeting and read a paper on "County Career Woman." All business was disposed of and the meeting adjourned and a delicious supper was served by the hostesses.

MIND YOUR MANNERS

The Situation: You want a young child — four, five, or six years old — to feel that he has a real part in the celebration of the birthday of another member of the family.

Wrong Way: Buy the child a gift, too, so that he won't feel slighted.

Right Way: Let the child select — perhaps with your guidance — his own gift for the person and let him wrap it.

DOROTHY DIX Thoughtless Marriages

Big Toll In Divorces Due To Hasty War Marriages

Undoubtedly the wave of divorce that is sweeping the country is largely due to the vast number of young people who rushed into marriage at the beginning of the war without counting the cost. A sentimental hysteria was epidemic and catching. Military weddings, with uniforms and marching under swords, made an irresistible appeal to girls. Lonely boys, sailing out to the front, wanted somebody to love them. And so they got married without giving any thought to the sordid matter of what they should eat, or whereof they should they be clothed.

But now the war is over and the future has to be reckoned with. No more allowance checks will be coming in for the wife and the babies, and the young husbands, who went into the army before they had the time or opportunity of acquiring any trade or profession, are faced with the desperate problem of how to support a family.

No wonder that so many of them, half-crazed with anxiety, are gloomy and irritable and hard to live with, and are far from being the great lovers and gay companions their wives expected them to be. Now it is strange that thousands of them are throwing up their hands and quitting via the divorce route.

FINANCING IMPORTANT

All of which calls attention to the cold, prosaic fact that lovers are wont to ignore, and that is that marriage, like every other enterprise, has to be adequately financed to be a success. It does not call for riches, nor luxuries, nor a big bank account. The newlyweds do not have to set up housekeeping in a palace, nor ride in a swanky car. But they do have to have enough income to give them a reasonable sense of security and enough food to keep from being hungry, for when the stomach growls the heart ceases to speak.

Of course, every young couple in love believes that love is enough. Many starry-eyed boys and girls get married on this platform, and great is their amazement when they find out that marriage has worked no miracle in them, and that the way of life they had before marriage they still crave after marriage.

They still want new clothes and amusements and to go with their crowd, and when they can't afford it, the girl begins to regret the job she gave up to get married, and the boy to reflect that it is the wise bird that flies high and never lets himself be trapped into the domestic coop.

That the lack of money is at the bottom of the discontent and the quarrels that drive many young couples apart is not to be denied. They just can't stand the raff. They cannot endure shabbiness and anxiety about the future and penny-pinching. The wife gets peevish and fretful because she is overworked with cooking and scrubbing and baby-tending. The husband is irritable because his nerves are on edge wondering where the rent money is to come from and how he is to stave off the bill collector.

And both of them find out one of the bitter truths of life, and that is while money will not secure happiness in marriage, it certainly softens a lot of its angles. Wise is the young couple who wait until they have the price before they invest in a marriage license.

The Record will be pleased to receive any letters to this Dorothy Dix column. These will be forwarded to Miss Dix who will answer them as quickly as possible.

for a white stand and containing favors for all present.

At the close of the tea a social hour was spent before dispersing. Worthy President Sister Melinda Symons and Second Guide Sister Muriel Humphries were absent owing to illness.

BIRCHTON

The regular Farm Forum was entertained at the home of Mr. and Mrs. Alex McVetty. There was a very good attendance. After the Farm Forum broadcast and the general discussion, cards and crokinole were enjoyed for an hour, after which a basket lunch was served. The meeting on February 18, was held at the home of Mr. and Mrs. R. Harbison.

The regular Red Cross meeting was held at the home of Mrs. S. J. Taylor, with a goodly number present. Much work was accomplished during the afternoon. A quilt was tackled, which was donated by Mrs. Reginald Taylor and Mrs. Desruisseau. Many thanks are due Mrs. Taylor for the donation of the top and lining for the same. Two boxes were packed for overseas for Captain C. E. Johnston and Cpl. Howard Kerr. Mr. and Mrs. Campbell, Leona and James were visitors of Mr.

and Mrs. Archie Stronach and family in Lennoxville.

Mr. and Mrs. Alex Hodgman and son, Ronald, of Lennoxville, were tea guests of his brother, Mr. Bernard Hodgman, and Mrs. Muriel Humphries were absent owing to illness.

Mrs. Orren Bailey spent a week with her daughter, Mrs. Howard Picard, and Mr. Picard.

Mrs. Louisa Beaton who has been spending some time with her daughter, Miss Eva Beaton, in Sherbrooke, has returned home.

Master Gordon Perg, of Sherbrooke, who spent the week-end at the home of Mrs. Mabel Hodge, has returned home.

Miss Fanny Crane, of Lennoxville, spent a week-end with her sister, Mrs. Charles Lefebvre, and Mr. Lefebvre.

Miss Audrey Hodgman, R.N., was a tea guest at the home of Mr. and Mrs. W. H. Hill, in Bulwer.

OBITUARIES

MISS G. M. SHORT,
OF MONTREAL.
Montreal, Feb. 21.—The death occurred at the Homeopathic Hospital, Montreal, on Sunday, February 10, at 11 p.m., of Miss Gertrude M. Short daughter of the late C. B. Short and his wife, Margaret Barrall, formerly of Brigham, and later of Montreal.

Miss Short passed away after a long period of ill health, terminating with seven weeks in the hospital. She was a teacher in the Montreal schools for several years until her retirement, a few years ago, due to ill-health.

Besides her parents, she was predeceased by her only brother, Mr. W. E. Short, who passed away in May, 1943.

She is survived by her sister, Mrs. Herbert S. Hawthorne, and brother-in-law, Mr. H. S. Hawthorne, with whom she resided, at 4136 Wilson Avenue, and by her sister-in-law, Mrs. W. E. Short, of the Drummond Court, Drummond Street.

Miss Short was of a lovable and friendly nature and consequently made many friends, which was amply shown by the large number of floral tributes at her funeral, which took place at Tees and Company's chapel, and was conducted by Rev. Mr. Grant, of St. Andrew's United Church, Westmount.

Among her friends of town attending the funeral were Miss Marion Hawthorne and Mr. W. E. Hawthorne, of Brigham; Mr. H. K. Seymour, of Sherbrooke, and Mrs. Wesley Lebrocq, of St. Lambert, all cousins.

Canadian Red Cross Society Of Waterloo Holds Annual Meeting

Waterloo, Feb. 21. — The annual meeting of the Waterloo Branch of the Canadian Red Cross Society was held on February 12, at the committee room in the Court House with the President, Mrs. R. B. Moysey, in charge. Flagg of the United Nations, Canadian Legion and the Red Cross Banner decorated the rooms.

Mrs. Moysey presented her report for the year 1945 and stated that the feelings of the people were very different from those of the preceding five years. Peace time activity is to succeed war work, and with the completion of the articles on hand, the latter phase of the duties of the Society will be concluded. Mrs. Moysey

said that, as the work reports show, all members should well be proud of their achievements. Last year's Red Cross campaign netted \$8,012 bringing up the grand total to the magnificent sum of \$27,662.87 for the six years. The three blood donor clinics that were held during the years 1944-45 received 409 donations. Collections were made for jam for the children of Britain.

The president expressed sincere thanks to the men on the several committees, who always faithfully fulfilled their many duties in a cheerful manner, to all the officers and members of the executive and committees, to Mr. Boulay through whose kindness was permitted the use of the committee rooms, to those responsible for the publicity, Mr. Spencer Matheson, for the upkeep of the sewing machines, and to any and all, who went to make the task of the president lighter.

The vice-president, Mrs. C. A. Robidoux, then presented the president's report in French.

Mrs. L. C. Godbout, the secretary, gave her report, showing a total of nine monthly meetings for the past year, and a meeting of the executive committee, and read the list of names of those entitled to the Blood Donor's pin.

The treasurer's report was given by the treasurer, Mrs. Earl M. Blake, and showed that \$326.85 had been spent locally since November 1939, to cover the cost of rent, heat, electricity, maintenance of the sewing machines, the cost of transportation of the delegates to the Montreal central meetings, and postage stamps, etc.

Miss Lucille Labelle, the convener of the work committee, submitted her report to the gathering of the excellent showing of the work done by the Red Cross Group. A total of 19,499 articles were sent to the Red Cross House, in Montreal, from the year 1939 to date. These articles comprised in part of hospital furnishings, articles for the men and the women of the Canadian services, as well as several items for the needy civilians of many countries. Miss Labelle warmly thanked all who had contributed to this stupendous effort, and in particular Mrs. Arthur Robinson, Mrs. Wesley Parkes and Mrs. Leonard Adam, who had undertaken the supervision and disposal of these articles. A complete list of these articles is to be published at a later date, in order that interested citizens may learn what work was accomplished by this organization.

Mrs. Moysey then called upon Mrs. J. S. Macdonald, in the absence of Mrs. B. Marchessault, to preside over the meeting, and to present the new slate of officers for the ensuing year. The nomination committee, under the chairmanship of Mrs. Marchessault, included Mrs. Macdonald, Mrs. Joseph Plouffe, Mrs. Henry Bird, Mrs. Arthur Bartlett and Miss Jeanne Larose, and brought forth the following slate of officers:

Honorary Presidents, Mrs. John Bailey, Mrs. R. B. Moysey, Mrs. Charles A. Robidoux and Mrs. Charles W. Slack;

Executive Committee, president, Miss Lucille Labelle; vice-presidents, Mrs. Armand Boulay and

"Junior!"

Mr. Robert Flood; secretary, Mrs. L. C. Godbout, Mr. Frank R. Graves, treasurer; with Mrs. Dezelles Poirier assistant treasurer.

Members of the executive are to be Mrs. H. D. Wells, Mrs. Arthur Robinson, Mrs. Norman Paterson and Mrs. Benoit Marchessault; Mr. Philippe Jolin is to be the auditor, and the campaign organizers are Mr. Omer Fournier, chairman, with Mrs. C. G. Hall, Miss Marguerite Larose and Messrs. George D. Dallaire, Gilbert E. Hanson, Louis C. Godbout, R. B. Moysey and Charles A. Robidoux;

The committee of Disaster Preparedness and Relief has Mr. B. L. Fisher as chairman, and Dr. Leopold Larose, Mrs. Norman Paterson, and Miss Louise Labelle;

Veterans Welfare Committee has Mr. V. A. St. Denis as chairman; The First Aid and Home Nursing Committee is under the chairmanship of Mrs. Clarence L. Hanna; Mrs. V. A. St. Denis, chairman of the Work Committee, with Mrs. E. W. Pugh, Mrs. Leonard Adam and Mrs. Walter Readshaw as the other members.

Miss Labelle, the president-elect, thanked the gathering for the honor conferred upon her by her election to the presidency of the Waterloo Branch of the Red Cross Society.

It was moved by Mrs. Arthur Robinson, and seconded by Mrs. C. Dallaire to extend a hearty vote of thanks on behalf of all the members to Mrs. Moysey and Mrs. Robidoux for their untiring efforts as president and vice-president during the trying years of strife just ended. Much credit is due to this society for the marked success achieved and the extra fine work of Mrs. Moysey and her executive staff to be heartily congratulated by all citizens. As a tribute to the esteem the retiring president holds in the minds and hearts of all, Mrs. Moysey was presented with a beautiful bouquet of flowers by two charming little girls, Ann Lissaman and Jose Larose, who were wearing the emblem of the Red Cross Society. Mrs. Robidoux then made a presentation to the past president of a sterling silver toilet set, and a brooch and ear ring matched set. During the presentation, Mrs. Robidoux said the gift was a public demonstration of appreciation for the vigilant guidance always given by the president, and to thank her for all she had done with a personal remembrance.

Mrs. Moysey expressed her appreciation in a gracious manner for this beautiful gift given in tribute of her work as the past president.

The list of officers who have just concluded their work, which began in the month of November, 1939, is as follows: Mrs. R. B. Moysey, president; Mrs. C. A. Robidoux, first vice-president; Mrs. C. W. Slack, second vice-president; Mrs. L. C. Godbout, secretary; Mrs. E. M. Blake, treasurer; Mrs. C. D. Dallaire, assistant secretary; Mrs. H. D. Wells, Miss Louise Labelle, Mrs. N. Paterson and Mrs. B. Charlebois.

KINGSBURY

The Women's Auxiliary and the Women's Missionary Society, of St. Andrew's United Church, Kingsbury held their regular monthly joint meeting at the home of Rev. and Mrs. S. Milley with a good attendance. Mrs. G. Crack opened the meeting with a hymn followed by a psalm selection read by Mrs. A. McMorine. The roll call was answered with each member giving a suggestion regarding the Sunday School. At present there is no Sunday School being held but the parents would like to have it get under way shortly. The treasurer's report and minutes were read and donations for the auction were given by Mrs. A. Croteau and Mrs. G. Crack. These realized a nice amount for the treasury. A bill fold and socks were purchased for a lad recently returned from Hong Kong and were on display. It was announced that the next meeting would be held at the home of Mrs. G. O. Malbouef, on March 13.

The Women's Missionary Society portion of the meeting was presided over by the new president, Mrs. G. O. Malbouef. Following the roll call and the reading of the minutes, plans were made for the World's Day of Prayer. Service will be held in the church on Friday, March 8, at 2 p.m. All women in the community will be given a cordial welcome. Tea will be served at the manse and a social hour will be enjoyed following the service. A very excellent program on medical work in Africa was given with Mrs. Milley as leader and all members taking part. The meeting was closed with a prayer by the president, Mrs. G. O. Malbouef, the singing of a hymn and the Mizpah benediction.

The Kingsbury Farm Forum Group met one evening, at the

home of Mr. and Mrs. John Stalker. A discussion period was held after the broadcast and the questions were read and answered. A social hour was enjoyed and refreshments were served by the hostess.

Mrs. G. Crack and son, David, spent a day at the home of Mr. R. O. Crack. Mr. Richard Croteau was an overnight guest at the same home.

Mr. Guy Frank and children visited Mrs. R. Frank, Sr., at the home of Mr. and Mrs. R. Beers. Word has been received here of the passing of Miss Jean Crombie, following a stroke. Miss Crombie's father was a minister and served this community a number of years ago.

Mr. R. A. Crack and Mrs. A. Croteau spent an evening at the home of Mr. and Mrs. Norman Mills, in Richmond.

Mrs. C. Grainger is a patient in the Sherbrooke Hospital. All wish her a speedy recovery.

Mr. and Mrs. Gordon Crack and children were guests at the home of Mr. and Mrs. Elmer Crack.

MAGOG

The C.G.I.T. groups were re-affiliated with the local Women's Missionary Society at a meeting in the hall of St. Paul's United Church. A number of the members of the W.M.S. were present. After the ceremony, refreshments were served.

The 1925 Club was entertained by Mrs. William Whittier and Miss Lillian Pike, at the home of Mrs. Whittier. Plans were made for a Valentine tea and food sale.

Mrs. W. T. Armstrong, nee Helen Whittier, was the guest of honor at a shower given by the Misses Mammie and Juliette Bernand, at the Magog House, Sherbrooke. Upwards of thirty-five were present, when Mrs. Armstrong was conducted into the dining room, where she was taken by surprise. A buffet luncheon was served. Later Miss May Mitchell, in a few well-chosen words, presented Mrs. Armstrong with a Presto cooker. Mrs. Armstrong thanked her many friends for the

home of Mrs. George Gaunt one afternoon. The meeting was conducted by the president, Mrs. Carl Buzell. Plans were made to hold an afternoon tea and food sale in the near future. Refreshments were served by the hostesses, assisted by her daughters, Mrs. E. C. Mandigo and Mrs. J. C. Graves, and Mrs. Clarence Sijan. The next meeting will be held at the home of Mrs. H. Pilus.

Sympathy is extended to Mr. Leonard Jackson, who suffered an injury to his foot when an iron shaft fell on it.

Miss Lillian Pike has been confined to her home due to a severe cold.

The sympathy of the community is extended to Dr. Eudore Cabana in the death of his brother, Dr. T. C. Cabana, near Quebec City, formerly of Sherbrooke.

Mr. Brian has purchased the property of Mr. Roberts, opposite the St. Patrick's College, on St. Patrick Street.

Mr. Henry Connor has been confined to his home for two weeks due to a heart ailment.

Mr. E. Bracey is at present on a trip to England.

Mr. and Mrs. Fred Lepine are in Florida.

Mrs. Albert Sandell spent several days in Montreal, where she was the guest of her sister, Miss Doris Booth, while attending the School of Instruction for District No. 1, O.E.S.

Mr. Jack Shaw had the misfortune to break a bone in his ankle while skiing.

Congratulations are extended to Mr. Henry Chamberlin, who celebrated his birthday on St. Valentine's Day.

At the regular meeting of Harmony Chapter, No. 6, O.E.S., held in the Masonic Temple, plans were made for a military whist party to be held early in March.

C.R.C. Of Dunham Has Shipped Over 7,000 Articles In Seven Years

Dunham, Feb. 21.—The annual meeting of the Dunham Branch of the Canadian Red Cross Society was held at the home of Mrs. O. C. Selby. The meeting was called to order by the president, Mrs. G. G. Connolly, who gave the following in her address:

"This is the seventh annual meeting of the Dunham Branch of the Canadian Red Cross Society and it is a source of pleasure to us all that for the first time in seven years we are able to meet with the knowledge that war demands upon our organization have ceased. The great conflict, which in a sense brought this branch into being, is over. The demands of a war situation are likewise over and we have been advised that the work of the Women's War Work Committee is over.

"Our branch has made and shipped 2,635 knitted articles, 5,047 sewn articles, donated 32 quilts, 1 pillow, 24 cans jelly, 8 small dresses. This is truly a remarkable achievement for a branch with as few active members as ours. While we recognize that everyone has helped to make this total possible, we also recognize that certain members have made outstanding contributions of time and energy. Among those worthy of honorable mention are Mrs. Stratton, Mrs. Dominique, Mrs. Joseph Selby, Mrs. Gilbert and Mrs. Ten Eyck.

"The branch has raised funds apart from the general canvass to the amount of \$668.63. Included in this amount are donations from various organizations, the Women's Institute, the W.C.T.U., Unity Rebecca Lodge, St. Helen's School and the Soldiers' Comfort Club of Farnham's Corner.

"Special thanks go to the sum-

mer visitors at Selby Lake, who have contributed liberally.

"Through the annual campaign for funds, this branch has raised well over \$4,000 since its beginning, the year 1945 surpassing all previous years with a total of \$893.43 raised.

"The branch is particularly indebted to the efficient work of Mrs. Bewe, who has been secretary for almost the whole period of its existence, and to Mrs. Godfrey, whose work in receiving and shipping all work materials has involved the expenditure of time, patience and much physical energy.

"Some members may have been wondering if the Red Cross work is at an end now that the war emergency is over. War is only one of the major catastrophes in which the Red Cross Society helps to help suffering humanity. Famine, now widespread in Europe and Asia, floods, fires or any emergency, where speedy help to distressed people is needed are the peacetime concerns of our organization.

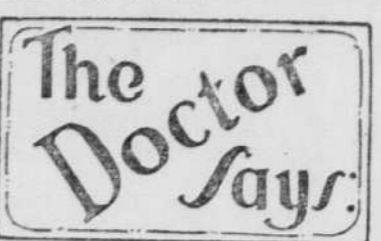

"While these things are more or less of an emergency nature, they require the existence of a permanent organization ready to operate at a moment's notice. Moreover, the Red Cross Society will continue to make annual appeals through its general campaign and some organization in the local areas will be needed to organize and conduct such campaigns.

"In conclusion, I thank all members for their generous support and continued efforts on behalf of this worthy organization."

The secretary reported a very busy year, having shipped the following: 20 turtle-neck sweaters, 27

AYER'S CLIFF

The regular monthly meeting of the Women's Missionary Society of Beulah United Church was held at the home of Mrs. W. P. Berwick, with the president, Mrs. Willard Rexford, presiding and opening the meeting with a short prayer. The minutes of the last meeting were read by the secretary, Mrs. Berwick, and accepted as read. A letter from Mrs. Roger Self, president of the Dominion Board, was read emphasizing the importance of the "Crusade for Christ" in all departments of Christian service. A letter was also read from the president of Presbyterian, urging special work in our life of prayer, visitation, and in the development of good will in the everyday life of our community. The financial objective for the present is \$200, which the W.M.S. expects to raise without too much difficulty. Prayer partners for the Auxiliary for this year are Miss Gwen Gardner and Miss Anne Capthorne, of Angola. It was agreed that Mrs. Sanderson should take the next working of literature secretary this year and Mrs. McHarg that of the associate members. The birthday bags were given out. The date of the "World's Day of Prayer" was announced for March 8 and will be held in Beulah United Church hall. The devotionals were conducted by Mrs. E. E. Crook and prayer was followed by scripture reading from St. Luke. The hymns, "In Christ There is No East or West" and "Rejoice the Perishing" were sung. The topic, "Christian Citizenship," was most interesting and provoked much helpful discussion, as well as problems unsolved. The meeting then adjourned. There were eight members and one visitor present.

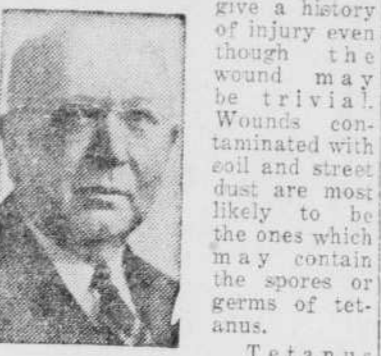

PREVENTION IS A MAJOR FACTOR IN TETANUS

By William A. O'Brien, M.D.

In tetanus, stiffness of the jaw (lockjaw) is caused by the toxins of the tetanus bacillus; as painful muscular contractions develop in other parts of the body the jaws become so rigid they are opened only with great difficulty.

Patients with tetanus usually give a history of injury even though the wound may be trivial. Wounds contaminated with soil and street dust are most likely to be the ones which may contain the spores or germs of tetanus.

Dr. O'Brien.

Tetanus germs are distributed in the soil throughout the world from contamination, by wild and domestic animals. Injuries which occur on the farm may be complicated by tetanus as the soil contains horse manure and tetanus germs are normal inhabitants of the intestines of horses. Tetanus develops four days to three weeks after injury, although longer incubation periods have been noted.

Some Infant Cases

Tetanus occasionally develops in infants in the first two weeks of life from contamination of the unhealed navel.

Active immunization with tetanus toxoid is desirable for those likely to be exposed to the possibility of infection. Tetanus toxoid was the greatest single factor in preventing tetanus in World War I. Servicemen who received injections of tetanus toxoid should be given a booster dose if they sustain injuries in civil life which may be infected.

Tetanus is treated by injections of antitoxin to neutralize the toxins which come from the germs in the wound, but as the disease usually is not recognized until it has been present for several days, damage of the brain, spinal cord and nerves from the toxin already may have taken place.

Patients Need Rest

Tetanus patients need complete rest and control of convulsions by sedatives. The outlook depends on the severity of the infection and the patient's ability to react to the disease. As prevention is more important than cure, every effort should be made to develop protection before infection occurs by the injection of tetanus toxoid at periodic intervals and at the time of exposure.

Tetanus usually is not difficult to recognize except that stiffness of the jaw and neck muscles also may be caused by impacted wisdom teeth, abscess about the tonsil, and inflammation of the sinuses in the neck. Painful stiffness of muscles elsewhere in the body and the history of the injury help to make the diagnosis in doubtful cases.

THE SONGSMITHS

From the top, Jack Allison and Hugh Brown, Toronto; Ed. Houston, Winnipeg; and Jimmy "Trump" Davidson, Sudbury, who, with Jeanne and Myrtle Campbell of Etara and Frances Cramer of Toronto are the Songsmiths now featured Mondays on "Canadian Cavalcade" over the CBC's Trans-Canada Network.

Allison, who sang with Rudy Vallee, Benny Goodman and Kay Kyser, is leader of the group. Davidson has his own orchestra and Houston and Brown are saxophonists as well as singers. Brown, a Lieutenant in the Royal Canadian Navy, has just received his discharge.

WHY NOT HAVE BABY SLEEP THROUGH NIGHT

YOU and your baby both need sleep. Here's the easy way many mothers manage it. Let Mrs. E. J. of Waukesha, Ontario, tell you in her own words: "Night after night, as soon as we would get settled in bed, 'Baby' would start crying. . . . Baby's Own Tablets changed all this. What a blessed relief."

They help give refreshing sleep by clearing away wastes and poisons that disturb rest. No "sleepy" stuff—no dulling effect.

Sweet-tasting, easily crushed to a powder, if desired—Baby's Own Tablets bring quick relief from teething troubles, constipation, simple fever, upset stomach, diarrhoea and other minor ills of babyhood. Try them. 25 cents.

THE W.C.T.U.

The members of the W.C.T.U. met at the home of Mrs. E. A. Small. The usual routine of business was conducted by the president, Mrs. Small.

A donation of knitted squares for blankets was made ready to send to Gaspe.

Dainty refreshments were served by the hostess, assisted by her daughter, Mrs. Humphreys. A few guests came in for tea.

THE Y. P. S.

The Young People's Society of All Saints' Church sponsored a Valentine party in the Church Hall on the evening of February 14. A very pleasant evening was spent by a socially company, some coming from Bedford and Stanbridge East.

A guessing contest of pictures was the first amusement of which Mr. J. Ellis and Mr. David Christie were the prize-winners.

The game of "500" was enjoyed and the prize-winners were Mrs. H. Turner and Mr. Lynwood Rowse for the highest score, and the consolation went to Mrs. Edwin Lampman and Mr. Eric Kemp.

Mrs. L. M. Knowlton won the prize in Chinese checkers.

Delicious refreshments were served, and thus ended a very enjoyable evening.

General Notes

Word has been received that Mr. John J. McElroy, of Chicopee Falls, Mass., has passed away. Mr. McElroy was a resident of Dunham in his younger days and is a brother of Mr. W. S. McElroy.

HUNTINGVILLE

The newly formed Lennoxville and Assoc. Community Association offers both youth and adult residents of Ascot a wonderful opportunity to take part in a variety of community activities that will be interesting and beneficial to all. The wide range of activities covering municipal improvement, entertainment and education, are of such a nature that they cannot be maintained by the small, scattered communities of Ascot, alone.

Lennoxville is the natural center for the people of Ascot and the organizers of the Association hope that the largest number possible, will become members. Membership cards may be obtained at C. H. Hunting's store, Huntingville.

Sympathy is extended to the relatives of Miss Agnes Dundin, whose death occurred on February 15, at Brantford, Ont. Miss Dundin was a former resident of Huntingville and had many friends here.

Messrs. Kenneth Hunting, Clifford Hunting and Archie Hunting, attended the funeral of Miss Dundin, which took place in Lennoxville.

Piper Fred McLean, of Lennoxville, was a guest at the home of Mr. and Mrs. C. H. Hunting. Other guests were Mrs. Lillian Kelly, Miss Merle Hunting and Miss Marion McKenven, of Sherbrooke.

Writer George Beers, Mrs. Beers and daughter, Janet, have moved into the house owned by Mr. Kenneth Hunting, formerly the "Call" residence.

Miss Marion Llibbey has returned to her duties in Sherbrooke, after being ill for a week with the gripe.

A Pimple Covered Face Kills Many a Romance

The lives of many young people are made miserable by the breaking out of pimples, and you probably know of cases where a promising romance has been spoiled by those red, white, fostering and pus filled sores on the face.

The trouble is not so much physical pain, but the mental suffering caused by the embarrassing disfigurement which very often makes the sufferer ashamed to go out in company.

The quickest way to get rid of pimples is to improve the general health by a thorough cleansing of the blood.

Burdock Blood Bitters helps to cleanse the blood and with the blood cleansed the complexion should clear up.
