COATICOOK MAN'S DEATH.

Doctors Say Treatment Hastened Jas. O'Neil's End.

WAS AFFLICTED WITH WASTING DISEASE AND SHOULD HAVE HAD NOURISHMENT.

Montreal, Oct. 5.—It remains to be decided by Judge Leet, in connection with the charge of manslaughter against Miss V. Gobeil, proprietor of a private sanitarium in Montreal, whether or not apparent ignorance of the proper medical treatment resulting in the death of one of her patients should be considered a case of criminal negligence.

Miss Gobeil is accused of manslaughter in connection with the death of Mr. Jas. O'Neil, of Coaticook, who was suffering from disease of the kidneys, but who appears to have been treated for cancer by Miss Gobeil.

According to the evidence at the preliminary investigation into the case, yesterday afternoon, only a light diet was furnished the patient while under the accused's charge, pure water being supplied the patient one week and fruit juice alternate weeks. Later gruel was served.

Dr. Dugas and Dr. McTaggart, medical experts at the morgue, said yesterday they believed the patient's death had been hastened by Miss Gobeil's treatment, because a man suffering from a wasting disease should have been given nourishing food instead of being fasted.

Judge Leet stated: "It seems to me, and I think any jury would come to the same conclusion, that this man's life was shortened by the treatment, although the doctors say that a man in that condition might die suddenly from any cause.

"Now, in a case of this kind, does it come under the heading of manslaughter? It is not murder.

"It seems to me that some kind of a stop should be put to people treat-

FATAL FOREST FIRE IN ALBERTA.

Settler Lost His Life in Fighting Fire.

GIRL ALSO BELIEVED TO BE FATALLY BURNED.

Calgary, Alta., Oct. 5.—One life is lost and another is seriously endangered, and there is a report that two million dollars worth of property was destroyed by fire which started northeast of Hutton, Alberta, and that has been raging since Saturday week. The flames were checked at Hutton without any loss to the town, but not without hard fighting. Mr. Yeagerson, a Swede, was blowing his fireguard when the first signs of the fire became apparent. Leaving his niece, Mary Segelstad, to check the flames by continuing the ploughing of the fireguard, Yeagerson sped off to assist assembled homesteaders in fighting the flames for possession of their homes. The smoke was so suffocating by the time he reached the scene that he fell senseless before the rapidly advancing flames had reached him.

His niece, who is at present in the Columbia Hospital, suffering from severe burns, and who was left to plow the fireguard, is a victim to devotion to duty. At the last moment that she left the team to take the only remaining chance of escape, she was easily caught by the flames, and is now in a precarious condition in the Columbia Hospital. The heroic young woman was brought into Bassano by Charles Parks, a rancher in the devastated district, and from there placed on a train for Calgary.

The fire is still raging fiercely and the people of the entire district are engaged fighting the flames. The full extent of the disaster will not be known for a few days.

BAD WHISKEY KILLS TWO MEN.

Four Others Are Seriously Ill in Biddeford, Me.

SECURED A GALLON OF WHISKEY AND WENT ON A TIME.

Biddeford, Me., Oct. 5.—The death of two men and the illness of about four others, alleged to have been caused by impure liquor, on Saturday, caused an investigation to be begun yesterday by City Marshal Charles D. Harmon and Coroner Walter I. Dennett. John W. Hayes, formerly connected with the police department, was found dead Saturday afternoon on a wharf, his body lying in such a manner as to lead to the belief that he had strangled to death. Saturday night Alexander Normandin died very suddenly, and as he had been seen during the day, together with about four other men, an investigation brought out the theory that the men came to their death by the use of bad whiskey. The other men who were with Hayes and Normandin are said to have stated that they had procured a gallon of whiskey from an express company, and that after drinking some of the liquor they all became ill.

A letter was read from Mr. A. McConnell, Galt street, asking that the street crossing in front of his property be repaired. The matter was referred to the Road Committee.

KINGSTON AVENUE IN A BAD STATE.

A letter was read from Mr. Louis Levesque, Kingston avenue, asking that sidewalks be constructed and the street be improved. The light and water service in this section was also in bad condition.

Ald. Thompson explained that the Road Committee had offered to do the work, but the residents would not sign, and now it is too late to to anything this season.

Ald. Denault moved that the Secretary advise the residents to have the street homologated before anything is done. Ald. Thompson seconded the motion.

THE RUGG-BALL CO.

A letter was read from Mr. C. O. Palmer, secretary of the Board of Trade, on behalf of the Rugg-Ball Co., asking that the city grant them certain inducements to come and locate in Sherbrooke. They ask for a free site and exemption from taxation when they erect a building to cost about $3,000 and pay $12,000 a year in wages. The company asked that the Council adjourn to October 14th, when a deputation from them will lay their plans before the Council. Ald. EAST SHERBROOKE HOME.

A letter was read from Rev. THE SHORT STREET EXTENSION.

A letter was read from Messrs. Cate, Wells, White & McFadden regarding the extension of Short street in connection with the Mackinnon-Holmes Co. McManamy, seconded by Ald. Ledoux.

OBJECT TO CHANGE IN STATION NAMES.

Citizens Between Farnham and Newport May Enter Protest.

C. P. R. WOULD ALSO LIKE THE NAMES OF POST OFFICES CHANGED.

Sutton, October 5. — (Special) — The C.P.R. has made arrangements to change the names of several of their stations between Farnham and Newport, the change going into effect on Monday, Oct. 4th. By this act the station at East Farnham will be known as Eastfarn; Sutton Jct. will be called Drummondville Jct.; East Richford as Missisquoi; Glen Sutton, as Glenton, and Newport Centre, as Centre.

Of course the C.P.R. can change the names of as many of their stations as they like, but a good deal of feeling has been engendered all along the line by these changes and more particularly as it is said the railway company would like to see these places also change their post office to correspond with the new names of the railway stations, which would be unsatisfactory to nearly all the people at these five points and many others as well.

There is talk of a protest being made to the Government to not allow the names of the post offices being changed. These places have been known under their present names for generations and it will surely be very distasteful to the people if any attempt is made to change the names of these post offices.

FERRON TAKEN BACK TO LOWELL.

Alleged Murderer of Flora Lariviere Passed Through Sherbrooke.

CRIME IS ONE OF MOST BRUTAL IN ANNALS OF POLICE WORK.

Henri Ferron, accused of the murder of a young woman named Flora Lariviere, at Lowell, Mass., passed through Sherbrooke on Saturday in charge of two detectives, en route for Lowell, Mass.

Ferron was arrested at St. Sebastien, near D'Israeli, by Bailiff Gauthier, who was accompanied by an American officer, and brought to Quebec to await extradition papers. These papers having arrived, and the necessary delay expired, he was handed over to the American officers.

The crime of which Ferron is accused is the brutal murder of a young woman. On the morning of the 26th August last, a milkman of Lowell, Mass., calling on his customers in the early hours of the morning, noticed a door ajar in a flat where he delivered milk. This was an unusual circumstance for the milk dealer, whose curiosity was naturally aroused, and looking into the room he was horrified to see the apparently lifeless body of a young woman lying in bed, bathed in blood. He immediately notified the police authorities and called in physicians and the ambulance. When the police and physicians reached the scene a horrible sight met their eyes. The young girl, although covered with blood, was still conscious and was able to relate to the authorities what had occurred about eleven o'clock the previous evening. According to her ante-mortem deposition, which she signed, she gave her name as Flora Lariviere, and acknowledged to be living with a young mill operator named Henri Ferron, a resident of Lowell. The latter had come into her bedroom on the previous evening while she was asleep, and taking an axe, almost severed the head from the rest of the body. Not satisfied with this, Ferron struck her several other blows with the axe and then disappeared. The young woman died shortly after giving her deposition, and the police authorities of Lowell soon discovered that Ferron had left the place. He was traced through the New England States to Canada, and was finally captured in the County of Beance, where it was known that he had friends and relatives.

THAT BORDER IRRITATION

MATTER WILL BE UP BEFORE RAILWAY COMMISSION.

Ottawa, Oct. 5.—The Board of Railway Commissioners will sit in Ottawa to-day. The question of chief interest to come before them is the examination of passengers by the United States immigration officials on trains bound for the United States while in Canadian territory. Charges of discourtesy have been made, and the board recently issued an order calling upon conductors to see that passengers were not subjected to any indignities.

BALLAST TRAIN AT RICHFORD.

Richford, Vt., Oct. 5.—(Special)—Mr. Lucien Hebert, of the C.P.R. forces, is here in charge of a squad of men loading ballast in the pit to use on the fills between Newport and Farnham. The gravel is being loaded by hand, and an engine and train crew are doing the hauling to the various fills. It is expected that this extra work will put this section of the air line into first class condition for the approaching winter.

DAILY NEWS SPECIALS FROM ALL PARTS OF THE EASTERN TOWNSHIPS

Iron Hill, Oct. 5.—(Special).— It would seem that every crow in Crowdom mastered forces on Sunday. Thousands of crows from every quarter gathered and held a regular caucus. No doubt they were deciding where it would be best to spend the winter. It was never our fortune to see such a grand review before and the noise was Babel indeed.

FARM HAND TAKES GOODS AND DECAMPS.

Sutton, October 5. — (Special) — A recently arrived emmigrant was engaged the past week to work for Mr. Hiland F. Wright, near Glen Sutton. The young man had been on duty for Mr. Wright nearly a week when he took a fine suit case with a new suit of clothes and several other articles and decamped. Mr. Wright had purchased him a new pair of shoes which he also took and no trace has as yet been found of him. The articles taken were worth upwards of $25.

The next regular session will be held Nov. 1st when all taxes in arrears not paid by that date will be left with the bailiff for collection.

COUNCILS AT VARIANCE OVER ROAD.

Bury, Oct. 5.—(Special)—The Council met on Monday with the Mayor in the chair and Councillors Hunt, Morrow, McKaskell, McLeay and Beaton being present. Minutes of meeting were read and confirmed. Several small bills were ordered paid.

A letter was received from Mrs. Katie Grey in regard to the maintenance of her sister-in-law, Mary Grey, claiming she was a widow and unable to support her longer, and solicited help from the town.

Councillor Jas. H. Leonard was appointed to make arrangements for her board at the town's expense.

Mr. Jos. Worby received payment for the covering of Gould Station.

An application was received from Herman Oleson for a winter road at Gould Station. Mr. J. W. Bennett Special Superintendent, was appointed to go and lay out this road.

Mr. John Manes and Mr. Joseph Worby were appointed to inspect the Westbury road and to attend Westbury Council meeting held on Monday evening at East Angus. There is a little dispite over the water in the ditches, and the councillors do not feel like accepting the road until some provision is made for this. After the voters' list was corrected and homologated the meeting was brought to a close.

FINE CONCERT AT DUNHAM.

Dunham, Oct. 5.—(Special).—On the evening of Wednesday, the 29th ultimo, a fine concert was held in the town and village hall here, its object being to raise a sum of money in aid of the work now being carried on by the Village Council towards putting cement sidewalks along every street in the village. This movement has been encouraged by everyone and will be contributed to by all tax payers. However, members of the Roman Catholic Church here desired to make a special contribution to the good cause and, organized by Mr. Edward Poirier, our newest merchant, the contribution was provided from the proceeds of the said concert. The Cowansville orchestra opened the programme with a fine selection and were followed by a piano duet by the Misses Boucher. Miss Florence Coutu then sang a solo accompanied by piano and violin. This was followed by a drama in three acts entitled "La maledictionn d'une mere." This was taken by the Misses Loiselle, Boucher, Brault, Pigeon, Couture, McDermott and six younger girls who took part without being mentioned on the programme. In the drama the Misses Loiselle and Lucia Boucher had a good deal of important work to do and did it remarkably well. The entire cast, however, acquited themselves very creditably.

Mr. and Mrs. Arthur Ostiguy, of Pawtucket, Rhode Island, who happened to be visiting here, contributed much to the success of the programme by rendering a violin and piano duet. Mr. Ostiguy also sang a song and Mrs. Honore Bedard played a piano solo. The Misses Beatrice Pigeon and Lucia Boucher likewise rendered a piano duet in good style.

In fact the entire entertainment pleased all those present. The attendance was the largest that has been seen in the hall for many an entertainment. It was well organized and carried out. The proceeds (net) amounted to the sum of $55.45, which Mr. Poirier has turned over to the Secretary. This is not only a very substantial assistance to the work of putting down sidewalks, but it is thoroughly appreciated by Mayor Yeats, Councillors F.X. Beauvais, Jos. S. Baker, Michael Curley, R.P. Small, F. T. Curley and O. S. Selby, members of the Council.

KING'S BENCH AT SWEETSBURG.

No Hearing of Criminal Cases Will be Heard.

THERE ARE EIGHTEEN CASES ON THE ROLL TO BE DISPOSED OF.

Sweetsburg, Oct. 5. — (Special)—A session of the Court of King's Bench, (Criminal side), was held here yesterday, Mr. Justice Lynch presiding.

Mr. John F. Leonard, Clerk of the Crown, announced that he had been notified by the Attorney General that no term of the Court for the hearing of cases would be held. He stated that in July last there were twenty-four cases reported, but since then six of these had taken their trial before Judge Mulvena, leaving only eighteen cases on the roll.

Before the Court closed, His Lordship spoke of the death of the late Mr. Justice Curran, whom he had known for a long time.

A PLEA FROM THE HOUSEKEEPER.

OBJECTS TO PREPARING THANKSGIVING DINNER ON SUNDAY.

Iron Hill, Oct. 5.—(Special).— We have not yet noticed the date of Thanksgiving and we trust that the law-makers will not again condemn the mothers, wives and cooks of this prosperous Canada of ours to prepare their Thanksgiving dinner on Sunday as was the case last year in order to please the commercial travellers. If Thanksgiving is held on Monday a great part of the dinner must of necessity be prepared the previous day. Why not be sensible and have it on Thursday thus giving ample time for preparation and plenty of time to recover before Sunday.

ARGUMENT IN MUNICIPAL WRANGLE SUIT; CONCLUDED AND CASE TAKEN EN DELIBERE.

The argument in the case of Ald. McManamy against Mayor Bachand was heard before Mr. Justice Hutchinson in the Superior Court, yesterday. Both sides occupied the attention of the Court until four o'clock in the afternoon.

ATTORNEY FOR PLAINTIFF ARGUES.

Mr. C. D. White, for the plaintiff, opened the argument. He contended that the defendant in his pleadings had alleged that the plaintiff had made a great many statements against the defendant at different meetings of the Council, and in his evidence defendant went into these questions very fully as to what plaintiff had said to defendant. Another matter that he wished to draw the attention of the Court to and that was that the defendant did not ask for compensation on account of these statements, nor did he state that there was any provocation. Defendant, therefore, could not ask for a diminution of damages on that account.

Another matter that he wished to draw attention to was that the defendant admitted having made use of the words as alleged in the declaration. In his plea he alleges that whatever he had said at the Council meeting was substantially true.

The law of the Province of Quebec in regard to slander was very simple. It was held that even if the plaintiff did not prove any special damages which he suffered, if slander was committed, it was for the Court to place the amount of general damages according to the circumstances.

Mr. White quoted several authorities on this point.

Continuing, Mr. White contended that the plaintiff had proved the allegations of his declaration. The preponderance of the evidence, he argued, went to show that the defendant had by his statement led those who heard to believe that the plaintiff had aided and abetted Mr. McCaw to falsify the minutes. The Court would, he argued, find such a statement made to a man in plaintiff's position, occupying a seat at the City Council, that as a matter of law he had suffered damages. Having caused damage to the plaintiff on that account, judgment for some amount must be given to vindicate the position taken by plaintiff, and, to vindicate the law. The law had been broken by the statement made by the defendant.

Coming to the question of malice, Mr. White argued that the plaintiff had proven this. He argued that the plaintiff had been able to show malice by the conduct of defendant from the meeting of the 12th of February up to the 22nd of March and that was sufficient for the plaintiff to show what meaning was taken from his statement and the surrounding circumstances.

Mr. White then quoted authorities on the question of malice.

Continuing, he contended that the statement alleged had not only been published, but that it was repeated in the plea by the fact that the defendand stated that what he had said was true.

Counsel then proceeded to deal with the questions which arose from the

ATTORNEY FOR DEFENDANT ARGUES.

Mr. E. Rioux followed. He said that on the 9th of February the City Council met for the purpose of nominating committees. Ald. Denault, who was chairman of the Finance Committee, was replaced by Ald. McManamy, it being understood that Ald. Denault would be chairman of the Board of Control. This understanding was the essential condition of the change. Ald. Howard moved in this direction, and it was expressly understood by Aldermen Olivier, Denault, Desaulniers, Lanctot, Ledoux, Simoneau, Mayor Bachand, McCrea, Thompson and Armitage, who gave their tacit consent to this motion, and Ald. McManamy also went so far as to move his appointment as chairman, as was shown by a report of the proceedings. After the Board of Control was appointed they met at Ald. McCrea's office for the purpose of organization. The main point was who seconded the motion appointing Ald. McCrea chairman of the Board. Ald. McManamy did not know who seconded that motion. Ald. McCrea, so far as he recollects, says Mayor Bachand seconded the motion. When asked if he would swear to that he said that he would not. When asked, "Could not Thompson have had time to second the motion first made by Ald. McManamy?" he answered, he might have had time. Ald. Thompson swears only to the best of his recollection, and counsel for the defence contended that the evidence of Aldermen McManamy, McCrea and Thompson could not be accepted as strong evidence as to who seconded the motion electing Ald. McCrea chairman.

The only direct evidence they had was that of Mr. McCaw and Mr. Robins, who swear by their minutes.

On the other hand Mayor Bachand swore positively that he did not second the motion, and Ald. Denault swore to the same effect.

Ald. McManamy swore that he did not get up to suggest the name of Ald. McCrea for chairman. He did not speak from recollection. He swore positively. His friend, Ald. McCrea, contradicted him, however. The latter said: "My recollection is that Ald. McManamy was the first to propose me. I objected right away, and Ald. Thompson said there would not be much work."

Ald. McCrea must be positive as to this because on the 20th of April last, a few weeks after the meeting, he repeated the same words on the G.T.R. train.

Counsel contended that Ald. McManamy moved the motion nominating Ald. McCrea as chairman of the Board of Control, for when he did so he turned to Thompson and said: "You second that."

The whole thing was done so quickly that probably the secretaries got mixed up with the names and put Mayor Bachand's name down instead of Ald. Thompson as having seconded the motion.

Counsel held that circumstances corroborated the statement made by Mayor Bachand, because: (1) Immediately after the meeting Mayor Bachand said to Ald. Denault, "Do you

PROPERTY VALUES AT THETFORD MINES.

Bank of Montreal Will Erect New Building.

THREE BANKS WILL HAVE BUILDINGS OF THEIR OWN.

Thetford Mines, Oct. 5.—(Special) — That the Bank of Montreal intend to establish a branch banking office in the near future at Thetford Mines, is now assured from the fact that they have purchased a property 50 x 100 ft. on Main street situated between Gingras' block and L. H. Huard's furniture store. The property was purchased from Mr. Henri Roberge at a price of $3,000.

In connection with the sale it is interesting to note as an indication of the increasing values of real estate that the same property some five years ago could have been purchased for $600.

When the branch of the Bank of Montreal is established here, there will be no less than three banks doing business in Thetford. The Quebec Bank, the Bank of Montreal, and the Eastern Townships Bank with two branches, one at each end of the town. Both the Quebec and Eastern Townships Banks have fine buildings of their own, and Thetford will soon have another fine banking building to further ornament the town.

Another banking institution which is already in actual operation at Thetford, is the "Caisse Populaire," which was organized a little over a month ago, and which now occupies an office on Main street under the management of Mr. Emile Vaillancourt.

The "Caisse Populaire" is reported to be getting a good fair share of patronage and doing a good business so far.

New ground is being made year by year, and what was two or three years ago a waste land is now burying lots. Under the direction of Mr. W. H. Allen, good work is going on here. All the money derived from the sale of lots is put back into the cemetery in improvements. It is without a doubt one of the best located and one of the neatest cemeteries in the country, and not a little of this is due to the owners of lots, who take a pride in the upkeep of the graves and lots. Some very beautiful specimens of the monumental art are to be seen here.

RUPTURE

Danger Of Death. How To Avoid It.

In my last article when I was announcing the coming arrival to Sherbrooke of Mr. A. Claverie, of the distinguished specialist of Paris, I have said that Rupture was a disease to be dreaded.

I have since received several letters inquiring if the disease was really as dangerous as I had stated.

I hasten to reply that rupture is one of the most FEARFUL INFIRMITIES known, although most of those who suffer from it are not aware of it.

Not to speak of the inconvenience of the pains it causes, the Rupture, if it is not supported, or if it is wrongly supported, which is just as bad, is bound fatally to INCREASE more or less regularly until it attains FEARFUL PROPORTIONS.

From that time digestion is bad, the appetite decreases, the patient becomes weak until he is unable to work and even to move. It is old age when yet young, it means the shattering to pieces of all the strength of the patient.

And yet, there is something more terrible in sight: a scrotal rupture. It threatens, the SMALL as well as the large ruptures.

All of a sudden, the ring which allows a passage to the rupture sharply tightens, and this without any apparent cause, and if at this moment the rupture is protruding outwards it is CHOKED, STRANGLED and cannot be pressed back; this means DEATH WITHIN 24 HOURS.

One may judge how urgent it is to take the most earnest precautions when one suffers from Rupture.

But it is not by wearing ordinary trade trusses that one may be protected against such terrible danger because these trusses are in most instances unable to support perfectly the Rupture and to maintain the bowels in their proper place.

This question of the treatment of Rupture is a serious and grave problem for science and not traders to solve. It is then only through scientific and perfected appliances that good results can be secured.

And, for these reasons, I cannot too strongly recommend to my readers not to fail to go and see Mr. A. Claverie, the Specialist from Paris, when he will visit your city.

His Method and his Apparatus have the endorsation of the highest Medical authorities and have been adopted by nearly ONE MILLION SUFFERERS, the world over.

His last creation specially, solves the question of the system of palliative cure definitely and it is impossible to count now the many desperate cases that have been relieved and even cured.

You will thus go and see Mr. A. Claverie as you will surely find with him, safety and cure.

DOCTOR NAMY.

Mr. A. Claverie will be in Sherbrooke Saturday, the 9th, and Sunday, the 10th of October. He will receive at the Chateau Frontenac from 9 a.m. to 3 p.m., and from 6 to 9 p.m.

Deaths Reported.

GUY KNIGHTS, OF AYER'S CLIFF.

Mr. Guy Knights, son of Mr. Richard Knights, of Ayer's Cliff, died on Saturday in this city after an illness of some weeks. He underwent an operation for appendicitis, but the difficulty was too far advanced to admit of his recovery.

THE LATE MRS. THOS. BOWN.

There died at Eaton, Que., on Saturday, Oct. 2nd, Mrs. Thos. Bown, (Mary Sharman), in her 88th year. The funeral took place from John Lefebvre's residence to St. Thomas Church, Bown, on Sunday at 4 o'clock, Rev. Mr. Robertson, of Cookshire, officiating.

THE LATE MRS. WETHERELL

Stanstead, Oct. 5.—(Special).—Mrs. Wetherell, whose maiden name was Lois Mansur, who has been housekeeper for Mr. George Peasley for several years, died suddenly on Friday night of heart failure following an attack of acute indigestion. The funeral was held from her late home on Sunday.

THE LATE MOSES GEER.

Knowlton, Oct. 5.—(Special)— The death occurred on Friday of Mr. Moses Geer, a former resident of this place. Mr. Geer sold his house and property here last spring and since then had been living with his children. At the time of his death he was visiting his brother, Mr. Leonard Geer, in Montreal. The remains were brought to Foster on Saturday morning and the funeral took place at 2 p.m. on Sunday, after which the remains were brought to Knowlton and interred in the cemetery here.

THE LATE MRS. EZRA FRIZZLE.

Birchton, Oct. 5. — (Special) — Mr. Ezra Frizzle, formerly of this place, arrived at Bulwer on Sunday with the remains of his late wife from the West, where Mr. Frizzle and family had moved a few years ago, trusting that the Western climate would improve the health of Mrs. Frizzle. Although better for a time yet the change did not prove as beneficial as had been hoped for.

The funeral was at the Bulwer Church on Monday afternoon, interment at Sand Hill, beside the remains of her late daughter.

The deceased was a lady of wide influence and Christian character, an active Church worker and a strong advocate of the Temperance cause. She leaves a husband and two sons, besides a host of friends, to mourn their loss.

THE LATE JOSEPH SEVIGNY, LENNOXVILLE.

One of the oldest and most respected citizens of Lennoxville has passed away, in the person of Mr. Joseph Sevigny. Mr. Sevigny died the 29th September at the age of 58 years, after two years of constant severe suffering, which he bore with the greatest resignation. He died as he always lived, a good Christian. He leaves to mourn his loss a wife, a son, Pierre, and an adopted daughter, Noemi Denoncourt.

His funeral was held the 1st October in St. Anthony's Church, Lennoxville, amidst a great number of relatives and friends. The service was conducted by Rev. J. A. Parent, parish priest, assisted by the Revs. F. X. Seguin and J. Gervais as deacon and sub-deacon. The choir was under the direction of Mr. E. Jutras. The bearers were Messrs. A. Sevigny, L. Sevigny, J. Lemieux, Emile Lacroix, A. Boucher, J. Gardner, and pall bearers Messrs. P. Boucher, W. Lacroix, J. Lacroix, F. Lacroix, Eusebe Lacroix and J. O. Bouchard, all nephews of the deceased. The funeral was under the management of Mr. L. A. Simoneau.

THE LATE MRS. ALPHONSO HODGE.

At her home near Eaton Corner, on Sept. 28th, 1909, there passed into rest, at the age of 51 years, Mrs. Alphonso Hodge (nee Mary Sunbury.)

The deceased had not been in her usual health for some months, but the call came very suddenly of paralytic stroke, while she was about her household duties. Since her mother's death, only a few weeks ago, she seemed to have strong forebodings that her end was not far off and frequently talked about it in her family. Even to choosing the hymns, singers and bearers for the funeral occasion, which were carried out in full by the family. She leaves a husband and two children, Mr. George Hodge on the home place, and Mrs. Guy Parsons, of Sherbrooke, also, three brothers and three sisters. As a neighbor, wife and mother, her place will be hard to fill and much sympathy is felt for the bereaved family.

The floral tributes were very beautiful, two pieces being especially worthy of mention, the gifts of the Eaton Ladies' Aid and the Conservative Club.

Mrs. Hodge lived constantly for others, always ready to lend a helping hand to the sick or needy. She loved the means of grace and greatly enjoyed the visits of her pastor.

HEAVILY HANDICAPPED

Is Every Man or Woman who Suffers from Indigestion.

No one can enjoy life fully, or do life's work properly, without good health, and no one can possibly have good health unless the stomach is working right.

Headache—drowsiness—shortness of breath—pain in the stomach—apathy—irritability—bad breath and bad temper are some of the signs of indigestion—signs that should never be neglected, especially as there is a quick and sure cure—Father Morriscy's "No. 11" Tablets.

These tablets were devised by the late priest-physician to relieve and cure those of his parishioners who suffered from any form of stomach trouble, and they have relieved and cured thousands.

Here is what Mrs. Jerrry Mullin, of Trout Brook, Northumberland Co., N.B., writes about them, dated Dec. 2, 1908:

"I was afflicted with a very severe stomach trouble and the medicine I received from Father Morriscy cured me completely."

CURRENT EVENTS OF THE DAY—COMINGS AND GOINGS OF PEOPLE.

COWANSVILLE

Mr. George E. Ford has just returned from the Vermont State Fair at White River Jct., Vt., and on account of the terrible weather conditions there prevailing caught a severe cold and is laid up for a few days. Mr. Ford was there securing a thoroughbred bull to improve his herd of cattle. There is, in this country, plenty of room for high class stock.

Thomas A. Spear is leaving Cowansville at the end of this month.

Mrs. Hiram Sykes is here this week looking after the renting for another year, of her thirty acre farm and village property. It is understood that she has rented it to Mr. H. C. LaDuke, who will move there on the first of November, at which time Mr. Vigeant will take over his own property until now run by Mr. LaDuke and formerly bought from Dr. William S. Cotton.

Mr. Moses Robenski, who formerly went by the name of "Moses," without the appendage of his family name has been visiting Sheriff Cotton for a few days recently. Moses was formerly well known through this section as the most kindly disposed of his race. He sold his wares to everyone, people buying from him for a liking they had for his mannerisms. For the last eight or ten years he has been teacher in a Hebrew school in Montreal.

Mr. Paul Fuerter, of Basle, Switzerland, is another of the Sheriff's recent guests. This young gentleman has come over here with every intention of purchasing a farm in Canada and locating here. Another feature in his favor is that he has got money enough to buy a mighty good farm and pay cash for it. He speaks French and German perfectly and is perfecting himself in English.

Mr. George E. Ford and the Sheriff have also recently entertained another young Europeanm who, however came here from Brazil where he has been connected with Mr, Stuart Wisdom, civil engineer, the Sheriff's son-in-law, in mining ventures. This last mentioned foreigner speaks German, French and English perfectly and has a good working knowledge of Portugese. He has now left for Gow Ganda to join Mr. Wisdom, who is manager of a mining company in that place, known as the Victor Consolidated. This is the style of immigrants whom the Government does not have to "induce" to come over.

Common sense, reason and persistent plugging away have brought Bellevue Park into prominence. It is seen now in its true light—seen now how it has the city cornered. Those who don't realize this fact this year will be given the living proof of it next year, for everything is happening just as I said it would. I have more to tell but in future I will not be so free to tell all I know, just for the sake of telling what I know. Some of my knowledge I will preserve as my stock in trade to be retailed at a profit for myself first.

Fuel-Saving Scheme

Sask-Alta Double Duplex Grates will save you fuel.

Grates are separate, as shown in illustration. This allows ashes to be removed from one end of fire-box without disturbing fire in other end.

And saves fuel—as frequently there are more ashes in one end of fire-box than in other. When ordinary long grates are used good coal in one end of fire-box is shaken down with ashes in other. 25

Remember this feature is patented. Therefore Double Duplex Grates are to be found only on Sask-Alta Steel Range.

From 7.45 until 8, Prof. Sawdon's orchestra furnished music.

The choir, under the direction of Prof. Sawdon, added materially to the pleasure of the evening by the rendering of the following programme:

Two Part Songs (Ladies), "The May Bells and the Flowers," Mendelssohn.

MONTHLY MEETING OF THE S.P.C.A.

The regular monthly meeting of the Sherbrooke Society for the Prevention of Cruelty to Animals, was held yesterday afternoon in the parlors of the Y.M.C.A., with a rather small attendance, as many of the members are out of town.

Mr. F. P. Buck, the President, occupied the chair and called the meeting to order. The Secretary, Mr. George Borlase, then read the minutes of the last meeting, which were adopted, and presented the following report: May 21st, 1909, complaint from Ayer's Cliff. Investigated by Mr. E. S. Foss, Inspector, who found an action unnecessary.

May 28th complaint from Hatley investigated. No action.

June 1st, complaint from Bishop's Crossing.

May 27th, complaint from Stanstead.

July 20th, complaint from Way's Mills.

August 1st, complaint from St. Elie d'Orford.

August 14, complaint from Sherbrooke.

August 26th, complaint from Magog.

Sept. 8th, complaint from Magog.

Sept. 22nd, complaint from the Township of Ascot.

All the above were carefully and thoroughly investigated and such action taken as was judged necessary by the Inspector. In some cases the offender was warned, in others, warrants were issued, and the case brought before the District Magistrate.

At the request of Stanstead County A.A.S., Inspector Foss attended the Fair at Ayer's Cliff to look after the "horse-swapping" fraternity. A number were present, but conditions were much improved. With three exceptions which were sent off the grounds by the Inspector, the horses were fairly good and there seemed no disposition to abuse them.

The President made a few remarks, expressing his satisfaction with the work of the Society and the good results.

The demands are becoming greater every year, not because cruelty is on the increase, for the opposite is the fact, but because conditions which need correction, and which formerly remained concealed, are now brought to notice and rectified.

It was decided at the last meeting, to try the experiment of asking the members through the press, for their annual subscriptions and donations, but the response has not been as general as was hoped for and collectors will be appointed.

SPORTING NEWS

CHANGES ON OTTAWA TEAM.

THREE NEW PLAYERS MAY BE TRIED OUT AGAINST TIGERS.

Ottawa, Oct. 5.—Two, and possibly three new faces will be seen on the Ottawa football team when it lines out against the Hamilton Tigers at Lansdowne Oval next Saturday in what is likely to prove the most interesting game of the local season. After much coaxing Billy Stronach, the outside wing, tonight announced that he would play again. Stronach would not have been pressed to get into uniform again had Ryan been reinstated. Stronach will hold down left outside, while Kilt will play right. Nick Bawlf will be out to practice tomorrow also, and will likely succeed Christie at full back. Zimmerman, the former McGill captain, will also be a candidate. Zimmerman and Bawlf should strengthen the back division. Ottawa officers announce that they are not trying to bring George Kelly here.

Dubois, one of the big scrimmage players of the Ottawa College team, knocked his right shoulder out this afternoon and will be on the sick list for two or three weeks. Muzzanti, the Italian quarterback, was also carried off the field, sustaining a painful sprain to his right ankle.

The Ottawas have suggested Dr. Hendry and Harry Griffiths as referees for Saturday's game.

FARNHAM ATHLETIC ASSOCIATION.

Farnham, Oct. 5.—(Special.)—A meeting of the Directors of the Farnham Athletic Association was held recently at which were present Directors A. B. Comeau, P. W. Jutras, A. J. Choquette, F. F. T. Brown and G. S. Boright also Sec.-Treas., W. E. Hooper. The minutes of the previous meeting were read and adopted. Mr. A. B. Comeau acted as chairman. Owing to the resignation of the Sec.-Treas., Mr. Hooper, it was necessary to elect a successor. The name of Mr. W. B. Cockburn was suggested and on motion of Mr. Jutras he was elected unanimously. Several bills were passed and will be paid at once. A vote of thanks was tendered the retiring Sec.-Treas., who has taken a great interest in the F.A.A. and because of his wide experience he has been of much assistance.

The medals won by the men who took part in the first annual field day will be given on Thursday evening in the Association rooms. A social evening is being planned for which everyone is invited.

LACROSSE.

KAVANAGH, SHAMROCK CAPTAIN, WITH BONE BROKEN IN LEG CAN'T PLAY AGAINST MONTREAL.

Montreal, Oct. 5.—(Special).—It will be a weakened team Shamrocks will put in the field Saturday against Montreal in the final struggles for the championship, as Jim Kavanagh, captain of the Irishmen, will be out of the game, for it was found yesterday there was a small bone broken in his leg. Kavanagh's loss will be a serious one for the Shamrocks, as for years he has been the mainstay of the team, is one of the best stick handlers in the country, and could always be counted on to remain in the game. It is about the worst loss the team could sustain, and although President Slattery said last night the Irishmen would come out on top, as the spirit to win was there, there followers will not be so sanguine of success with Kavanagh sitting in the grand stand.

SPORTING NOTES.

Mr. C. A. McDonald, of the Granby Rifle Club, is to be congratulated on winning the handsome silver salver presented by the Dominion Government.

YOU CAN CURE CATARRH

J. H. Taylor, 54 Bond St., Toronto, Breathed Hyomei and Cured a Long-Standing Case of Chronic Catarrh That Defied All Other Remedies, also Toronto and New York Specialists.

Without taking a drop of medicine into the stomach, J. H. Taylor, 54 Bond Street, Toronto, tells how the distressing troubles of Catarrh were overcome by simply inhaling Hyomei air. It's the story of tens of thousand of similar cases on record, proving that Hyomei can be depended upon to cure Catarrh, Bronchitis, Coughs, Colds and Croup. It has no equal for any distress of the breathing organs.

Mr. Taylor says: "Some years ago while on a hunting trip to Northern Canada, I contracted a severe cold that settled in my head and finally affected my throat. It rapidly developed into Catarrh and caused a miserable throat weakness. My head would become clogged during the night and there was a catarrhal dropping from my nose into the throat. Many days I had been unable to breathe other than through my mouth, and the constant hawking and spitting was almost unbearable. I had been treated by the best throat specialists here and in New York, but nothing benefited my condition. I obtained Hyomei, and soon found relief, the throat dropping ceased and my head began to clear. I continued with Hyomei for six weeks and after that time I was well in every detail. There has been no return of the trouble since, and I feel grateful in speaking well of Hyomei, as it cured me when all else failed."

A complete Hyomei outfit costs $1.00, and F. T. Ansell will refund your money if it fails to cure.

Boat Containing Party of Seven Upset by Squall.

TWO CLUNG TO UPTURNED BOAT WHICH DRIFTED ASHORE.

Halifax, N.S., Oct. 5.—(Special). — Clinging to an upturned boat two persons drifted ashore on Bout Island in Minas Basin Sunday night, only survivors of a party of seven who had put out from the island five or six hours before.

The boat capsized in a sudden squall and five of the party perished.

Survivers were batted by heavy sea for four hours as they clung to the keel of their upturned craft and one of them is not expected to survive the experience.

Four members of one family were drowned and Mr. and Mrs. Stivers who were rescued, lost their three year old daughter.

The drowned are Robert Martin, Mrs. Robert Martin, Perry Martin, aged 14; Hattie Martin, aged 16; and Gertrude Stivers, aged 3.

The party left early Sunday morning in combined motor and sail boat starting from Melanson, Lower Gaspereau, for Bout Island and arrived there later in the forenoon.

They left for home about 1 o'clock in the afternoon. It was then calm and they hoisted their sail but in a very short time a squall swept down on them capsizing the boat and throwing all the occupants into the water.

The four Martins and Stivers baby went down almost instantly, but Mr. and Mrs. Stivers clung to bottom of upturned boat.

WILL SUPPLY HIS OWN HOTEL.

Mr. William Wright, proprietor of the New Sherbrooke, has just purchased twenty acres of land adjoining his farm in East Sherbrooke, comprising part of the Cartmell property. The land having been devoted to market gardening, is in a fine state of cultivation, and Mr. Wright, with an acumen and energy that cannot be too highly commended, expects to rely upon his farm for supplies of milk, fresh vegetables and eggs for his large hotel, whose consumption is enormous and ever-increasing.

He has recently completed the construction of a new poultry house, and has added to his dairy stock, so that his little farm will be a valuable and attractive adjunct to his hotel, the New Sherbrooke, and will make him, in a great measure, independent of the ups and downs of the markets.

LECTURE ON ISLAND OF BARBADOES.

Interesting Sketch of Island Given at Cowansville.

SPOKE OF FRIENDLY FEELING OF PEOPLE TOWARDS CANADA.

Cowansville, Oct. 5.—(Special).—On the evening of Tuesday, the 28th ultimo, the Congregational Church was fairly well filled by an audience to listen to Miss Muir's lecture upon the Island of Barbadoes where she and Mrs. Whitfield spent last summer. This lecture dealt with all the topics of interest which might be discussed in connection with this small but important and one of the oldest British dependencies in America.

Miss Muir is a fluent and earnest speaker and her remarks were listened to with the best possible attention by all those present.

The lecturer spoke of the importance of the island the wonderful management by which so smalla spot of earth, only 166 square miles, could sustain a population of 200,000. She then described its appearance and its formation, the different trees and vines, taking her audience to one of the estates into which the island is divided. This was an average one of 300 acres, the duties of the manager, manager's wife and the life on an estate were told. The laborers, forming so large a part of the population, were then described with their mode of life.

Next the mode of cultivation of the soil and the crops were described. Miss Muir did not have much difficulty in convincing those present of the wonderful value and interest of the sugar cane. A word picture was given of the growth of sugar cane from the time of planting and also of its manufacture into sugar in one of the large boiling houses.

Miss Muir then described the water supply from a subterranean river and its free distribution all over the island for the use of the laborers, speaking of the cleanliness of the people and the strict sanitary measures. Miss Muir told of the division of the island into parishes, a physician, almshouse, dispensary and hospital being provided free for the poor out of the parochial taxes. The form of government was then dwelt upon. In referring to the government and its form a high tribute was paid to its honesty and efficiency. Happy spot, its public funds untouched by the dishonest politician. After speaking of the high grade of the educational institutions and the superior class of white people who govern the island, Miss Muir closed her lecture with a reference to the commission now being held at Ottawa for closer trade relations with Barbadoes, speaking of the friendly feeling of the people in Barbadoes towards Canada and the desirability of giving them some preference in what they have to sell us. All felt that after seeing the island through Miss Muir's eyes it was indeed a wonderful place, and its inhabitants had good ground for the conceit which sometimes distinguishes a Barbadian.

Vocal solos were rendered by Rev. W. E. Baker, Miss Bulman and Mrs. Warren, from Granby. Miss Carlin was the accompanist.

MAN'S DEATH

(Continued from page 1.)

ing invalids in this way. The man went there of his own free will, of course, and we do not hear that he complained, except that he seemed to want to get solid food."

Mrs. O'Neil, the widow of the victim, the first witness of the afternoon said her husband had been ill for two years before coming to Montreal to be treated.

Mr. Jas. O'Neil, son of the victim said his father seemed no worse than usual when he came to be treated by Miss Gobeil. When visiting his father at Miss Gobeil's place, he had asked his father what he was going to eat, and Miss Gobeil had said she would give him something nice. The witness had seen his father given cereals on one occasion, and then pears. She had also given him a kind of gruel.

Dr. Dumont testified that shortly before the patient's death in Miss Gobeil's institution he had been called to see if he was strong enough to be removed to an hospital. He found the patient dying at the time and not in a fit condition to be removed.

The evidence for the preliminary investigation was concluded yesterday, and only the arguments of counsel remain to be presented.

JUDGES AND THEIR SENTENCES!

A Sweetsburg correspondent writes: "A writer in a local paper insinuates that the administrators of criminal law do not put feeling enough into their work and are inclined to be severe. He asks if the judges who sentence criminals ever saw the inside of a prison or jail, or to that effect, and seems to think if they did they would be more humane. It is probable, judging from the feelings of the average man, that if that writer ever becomes the victim of some of these pridatory criminals he will shut his eyes to the hardships of prison or jail life and demand the full penalty. A great many people indulge maukish sentiments about prison and jail inmates and forget the poor victims who suffer through these inmates being at large. There are few, if any, of our judges who administer criminal law, but have a knowledge of what they sentence these men to in the way of punishment. They would be glad to avoid sentencing anybody, but they have to protect the public against the criminal class. The records show that the boy or man who has merely yielded to a sudden temptation or impulse gets a fair chance to begin a new life outside jail limits. Experience teaches the Magistrate to detect the old offender or the incorrigible criminal at a glance, and yet he gets a fair show. The men or boys discharged on suspended sentence constitute a large percentage of arrested persons and the fact that a person so discharged rarely comes back for a new sentence speaks well for the system and for the just sense of discrimination of the Magistrate. The administration of criminal law, so far from hardening those engaged therein, tends to make them lenient to human weakness. It helps in no way the suppression of crime to indulge in ignorant criticism against those engaged in protecting the public and meting out punishment to the guilty."

ARGUMENT IN MUNICIPAL WRANGLE SUIT.

(Attorney for Plaintiff Argues.)

various meetings after the 9th of February. While several councillors had stated that they would support Ald. Denault for the chairmanship of the Board of Control, it was not proven, he contended, that the plaintiff had ever said he would do so. The defendant admitted that, but said that he had expected he would because they had always worked together.

Mr. White contended that the hostility arose between defendant and plaintiff over this point: That defendant was disappointed because plaintiff had not supported Ald. Denault.

Mr. White contended that for the purposes of this case it was immaterial whether as a matter of fact Mayor Bachand seconded the motion nominating Ald. McCrea or not. It was not disputed that the minutes showed that he had seconded the motion. The plaintiff at the meeting of March 22 had read from the minutes and drew the Mayor's attention to the fact that his name was mentioned as seconder of the motion. It is then charged that defendant made the statement which is the basis of the action, and accused the plaintiff of having used his influence to have the minutes changed to suit his purpose. It is this charge, and not the actual fact as to whether the Mayor seconded the motion or not, which is the basis of the action.

The defendant was given an opportunity to apologize by plaintiff, and the defendant must have thought he had done an injury to the plaintiff because he stated in his evidence that he would have gone half way to meet plaintiff, but that he did not do so because plaintiff had made him angry.

Mr. White contended that these facts proved positive malice. He argued that defendant had again shown malice when he said, after the meeting of the 12th of February that "he would look into the matter." He did not consult all the members of the Council, but only those who supported him, that Ald. Denault should be chairman of the Board of Control. Defendant did not say that he had any feeling against the English members of the Council, only that he was of the opinion that the English councillors were supporting the plaintiff. It was on account of his hostility to Ald. McManamy that he did not consult them.

Mr. White contended that there was no doubt that the remarks as alleged were made by the defendant towards the plaintiff, and it had been proven that those who heard them took it that he sought to lower the plaintiff in the eyes of the public.

Mr. White concluded his argument by contending that the remarks made by defendant were defamatory and that judgment go in favor of the plaintiff.

(Attorney for Defendant Argues.)

see the trick they are playing on you?" and Ald. Denault answered: "It is as usual." If Mayor Bachand had seconded the motion why should he have made this statement to Denault.

(2) Immediately after the meeting Mayor Bachand said to the Controllers, "What do you call this meeting?" "It is a Board of Control," said Ald. Thompson. Mayor Bachand replied: "No, I call this a self-control meeting."

Mr. McCaw, Aldermen Thompson and Denault heard that remark. If Mayor Bachand seconded the motion he had no cause for complaint.

(3) Mayor Bachand went away from the meeting dissatisfied, which did not go to show that the Mayor had seconded the motion.

Counsel then dwelt at some length in connection with the minutes, and contended that there had been a mistake in taking them down. He did not think that there was any intention on the part of the assistant to do so, but circumstances showed that a mistake had taken place. As an instance he pointed out that Ald. Denault is down as having seconded the third motion when he swore that he did not second any. Counsel also contended that Mr. McCaw's minutes did not correspond with Mr. Robins.'

Continuing, Mr. Rioux said that Ald. McManamy had been accused of abusing former mayors, and he contended that this had been proven. Plaintiff had also been charged with having run the whole Board of Control, and he also contended that that had been proven.

With regard to the alleged charge that the minutes were altered through influence, counsel said that the evidence went to show that Mayor Bachand explained the words by saying that it was a mistake or error of the secretary, and that he should not be made to suffer. This was proven by the evidence of Messrs. White and Foulds, both disinterested parties, who said that Ald McManamy said, "Do you accuse me?" and the Mayor replied, "I do not accuse you or anybody else."

The plaintiff was suing for $1,000 as damages, but he acknowledged under oath that he had suffered no damage, and no words uttered by Mayor Bachand could affect him. Under such evidence it was not possible to see how any damages could be awarded. There was only one thing and that was to dismiss the action with costs.

So far as the law was concerned, counsel contended that the words mentioned by plaintiff were not defamatory; that there was no certainty as to the person defamed; that suspicion was no ground for an action for slander; that defendant was privileged; that the statements were made in the public interest; that there was no proof of malice; the statements were made in self-defence and with probable cause, and that if there was any doubt the defendant should have the benefit of it.

Mr. Rioux then cited a large number of authorities in support of his argument.

After Mr. White had answered a number of points in Mr. Rioux's argument, His Lordship took the case en delibere.

A Heating Proposition

Enunciation:-

Given the best wood furnace made, with proper installing, a large amount of wood will be saved, and better satisfaction given.

Par. Enunciation:-

Let the furnace be the "Asbestos All-Steel" and the installing done by "Nickel-Steel" workmen.

Proof:-

Since the fire box of the "Asbestos All-Steel" is of heavy steel and heats up quickly;

Since the double wall asbestos lined casing keeps the heat from the cellar;

Since there is no heavy brick casing to absorb heat.

Conclusion:-

Therefore, there is a big saving in wood, and a quick live heat for your registers. Q. E. D.

WHAT'S IN A NAME

Naturally the name of this shoe would suggest the highest standard in the art of shoemaking. The makers of this shoe devote all their energy and attention to the exclusive manufacture of women's fine shoes, and employ only skilled Artizans, and every pair is lasted by hand the same as when you leave your measure and have a shoemaker make your shoes by hand, but there is one difference, THAT IS THE PRICE, as you would pay six to seven dollars to have a pair made in your own town. We offer the "Art Shoe" at just half the price.

BOLTON CENTRE.

The Harvest Home supper in connection with the Methodist Church, given in the Town Hall on Thursday evening, Sept. 30th, was well attended. Chicken pie in abundance, flanked by all those delicacies for which the ladies of Bolton are famed, satisfied the appreciative appetites of the large number present. The hall was beautifully decorated with flowers and autumn foliage. Several selections of music were rendered by the choir. Mr. A. Gosselin also gave two solos. ... fish pond, presided over by Miss ... Peasley, was a pleasing feature of the evening. Taken altogether the affair was a decided success from beginning to end.
