SHERBROOKE, QUE., SATURDAY, NOVEMBER 13, 1897.

PRICE ONE CENT

## THE FENIAN RAID.

Some of the Survivors of the Missisquoi Invasion.

Sweetsburg, Nov. 11.—Lieut. Col. Amyrauld, of Sweetsburg, who was in the field on active service on this frontier, during the Fenian raids of 1866 and 1870, has in his possession a number of interesting papers relating to the services of the militia during those exciting times. In 1870 he was in active service at Eccles Hill, Frelighsburg, etc., with his regiment, the old 52nd, as captain and quartermaster, and also as acting paymaster, in the place of the late Captain and Paymaster, H. S. Foster, whose health did not permit him to turn out. As such acting paymaster he made at the time a complete nominal roll of the regiment, and has it still in his possession. In view of the early distribution of medals for that service, the roll is an interesting one. Many of those gallant soldiers have gone to their long rest, and many others have otherwise disappeared, but it is hoped the few survivors will soon wear on their breasts the token of the gratefulness of their Queen and country.

The total strength of the regiment at the time spoken of was 284, consisting of 28 officers and 256 non-commissioned officers and men. The field officer commanding, Lieut.-Col. R. Miller, is dead. Of the staff officers, those remaining are Capt. and Adjutant W. S. Smith and Captain and Quartermaster and Acting-Paymaster T. Amyrauld. The non-commissioned officers on staff who remain are Sergt.-Major Davis and Quartermaster Sergt. J. H. Bartlett. Of the captains, all are dead, save T. H. Cox, who was the captain of No. 1 Company. The regiment at the time consisted of eight companies. Two of the lieutenants are dead, those remaining being A. W. Mitchell, James Moynes, J. Allen, W. W. Lynch (now Judge of the Superior Court for the District of Bedford), and R. N. Manson, Lieut.-Col. J. D. Bulman, of Sweetsburg, who now is commanding officer of the 79, was at that time a sergeant in No. 5 (Knowlton) Company. Geo. B. Hall, now honorary major and paymaster of the 52nd, was then sergeant of No. 7 (East Farnham) Company.

## FOUGHT TO THE LAST.

Thirteen British Died on the Indian Frontier.

Simla, Nov. 11.—When the British reconnoitering force returned to the camp in the Maldan valley, after a disastrous retreat from the summit of the Saran-Sar mountain, Lieut. McIntyre and twelve men belonging to the Northamptonshire regiment, which had suffered most severely while saving the wounded, were reported missing, but it was hoped they would succeed in reaching camp. A despatch from the Maldan valley today, however, shows that the Lieutenant and his companions have been killed. Their bodies have been found and it is said to be evident from the position in which the corpses rested that the little detachment fell gallantly fighting to the last. Every man of the party died from rifle bullet wounds.

## TOM NULTY'S CONFESSION.

Rawdon, Nov. 11.—Tom Nulty, the murderer, at the coroner's inquest made the following confession under oath. "I mind killing the first one, all right enough, but I do not know if I struck her. The next one I mind meeting, but I dont mind killing her. The next thing I saw was my little brother moving on the floor in the blood, but I do not mind killing him. The next thing I mind I was in front of the door, and I started and went two miles from the house. I went from there to a fellow named Jules Grenier. I went to 'caley' that night to a fellow named Louis Beaudry's house. I left there at ten o'clock to go home. I got home at twelve. That is all I guess."

## BARNUM & BAILEY'S SHOW SHIPPED FOR EUROPE.

New York, Nov. 11.—The Barnum & Bailey show, which is to sail for England on the Massachusetts, was brought to this city from Bridgeport yesterday, and, after the theatre crowds had gone home last evening, the animals were taken through Thirtieth street to the vessel's pier. The menagerie men had a good deal of trouble with the camels, which were badly frightened by the street noises, but all of the animals got to the steamship in safety. The show is to make a long stay in London, and will make a tour of England and Europe before it is brought back here.

## THE MOCK PARLIAMENT.

Lennoxville, (Bishop's College), Nov. 12.—(Special)—A Mock Parliament has been organized by the students of Bishop's College, and consequently a "political spirit" prevails throughout the University.

The various parties have been organized, the Conservatives under the leadership of Mr. Patterson, B. A., were found to have a solid majority of ten votes over all opposition. The Liberals elected Mr. R. R. Hibbard, B. A., to act as their leader, and a third party, calling themselves the "Independents," elected Mr. J. Wayman, B. A., to lead them.

Prin. Patterson chose the following gentlemen to form a cabinet to assist him in the administration:

Minister of Justice, Mr. Somerville.  
of Trade and Commerce, Mr. Enright.  
of Finance, Mr. Johnson.  
Post. General, Mr. Callis.  
Sec. of State, Mr. McRae.  
Minister of Marine and Fisheries, Mr. Alexander.  
of Railways and Canals, Mr. Rothera.  
of Public Works, Mr. Mitchell.  
of Militia and Defence, Mr. Ward.  
of Interior, Mr. Tanner.  
of Agriculture, Mr. Tanner.  
of Customs, Mr. Wurtele.  
of Inland Revenue, Mr. Browne.

Rev. Mr. Costigan is the speaker of the House of Commons, and Mr. Canvil is the clerk of the House.

At the opening of the session, last night, the Rev. Prof. Wilkinson, M. A., delivered the speech from the throne. The premier's and the leader of the Opposition's speeches showed the lines that would be followed by the different parties in the debate. Messrs. Enright, Tanner and Thompson spoke in support of the Government, and Messrs. Hamilton, Phelan and LeGallais in support of the Opposition.

The government's policy is protective in regard to trade, with preference to Great Britain, and Colonies, and remedial in regard to the settlement of the Manitoba School question.

## THIRTY KILLED.

Not One of a Wedding Party Escaped.

St. Petersburg, Nov. 11.—A terrible accident has occurred near Bielostok, Russian Poland, resulting in the death of thirty persons. A wedding party of that number was returning from the church to the home of the bride. All were in one wagon, a huge vehicle drawn by eight horses. The road along which they drove crosses the railway track on the level, and the driver, either through carelessness or ignorance of the train schedule, pushed his swiftly moving horses upon the crossing just as the express was coming up. The locomotive struck the vehicle squarely, killing many members of the party outright, and mangling others so that they soon expired in frightful agony. Not a member of the party escaped.

## \$50,000 ON A PRESIDENT'S HEAD.

San Francisco, Nov. 10.—A price has been placed upon the head of President Barrios, of Guatemala. Those who have lately suffered from his cruel persecution are willing to pay \$50,000 in gold for his life. This information comes from a reliable source and is said to have already been conveyed to the Guatemalan ruler, who is using every precaution to protect himself against assassins.

## BISMARCK ILL.

Berlin, Nov. 11.—Count Herbert Bismarck, eldest son of the ex-Chancellor, started for Friedrichsruh yesterday, having received news of a recurrence of his father's facial neuralgia, from which he had suffered periodically for several years. The present attack is unusually severe.

The ex-Chancellor experiences most acute pains, and is also suffering from a prolonged attack of insomnia. His condition causes great anxiety owing to his fast increasing physical weakness.

## THE MAGNISCOPE.

The Magniscope performances at the Art Hall are drawing good crowds, and merit an increased attendance. Yesterday afternoon the matinee was held over until 5.15 o'clock to accommodate the pupils of the St. Charles Barrommee Seminary, who attended in a body. The Queen's carriage and escort, as well as Sir Wilfrid Laurier, evoked hearty applause from the students. The magniscope was working well, and the views were very steady and clear. The performance last night was well patronized.

## MARBLETON.

Nov. 11.—Messrs. Cumming and Stansby from Robinson will have their photographic studio in running order in a few days.

Mr. L. Stacy has bought the Evans farm at the Corner, and is improving the buildings.

There is talk of a new Lime Co., being formed in Dudswell. Our iron and gold mines, lime and flag stone quarries should make this town a place of some importance.

W. S. and Curtis Bishop have secured the contract to build the sidewalk from this place to St. Adolphe.

Some are in favor of removing the church of the Good Shepherd from Dudswell Centre to Bishop's Crossing. The change will suit the Bishop's. I fancy the Lord Bishop will have something to say in the matter, the spirit of the peak should have.

The Bell Telephone line was out of order yesterday and we were obliged to send a message around by Danville via Sherbrooke and back to get a point two miles from home.

## COOKSHIRE.

Nov. 13.—R. T. of T. oyster supper, Town Hall, Monday night.

Miss Annie Planché has returned from Lennoxville.

Miss Georgie Learned has been on the sick list this past week.

Miss Helen Learned returned from Montreal last night.

R. H. Pope, M. P., and W. W. Bailey, Esq., have returned from Brunswick, Me.

H. A. Connolly, M. A., "is the latest camera fiend."

Mr. Jas. Riddle reports two feet of snow up the river, where he is working.

Miss Cora Parker, late of the Bell Telephone office, Sherbrooke, is now in charge of the agency here.

## LENNOXVILLE.

Nov. 13.—It seems like winter today, as we look out on the hills and on them white with snow.

A number of our young people attended the chicken pie social at Huntingville on Tuesday evening, and had a very pleasant time.

Mrs. L. Williams has returned from Montreal, after a week's stay with her daughter, Mrs. Geo. Fuller.

The platform in front of the College House is a great improvement to our street.

There will be a choir practice tonight. Much credit is due to Mr. Parker for the interest he takes in the singing.

## TWO MEN SHOT.

They were Taken for Deer in the Woods.

Sayville, N. Y., Nov. 11.—A shooting accident occurred in the woods as Ronkonkoma this afternoon. Two hunters from Lakeland, seeing a deer standing out of range, began to crawl through the underbrush to a point of vantage. William Gregory, a hunter from Patchogue, who was on the lookout for deer a short distance away, seeing the bushes move and thinking that a deer was in them, fired into them. He was horrified when the two men jumped into the air and then fell back to the ground in agony. Each had received several dangerous buckshot wounds. The men refused to tell their names. They were taken home by friends.

## AFTERNOON TEA.

The five o'clock tea given by the young ladies of the Methodist church choir at the residence of the Rev. Dr. Williams, was a success. A good number called in to pay their respects to the young hostesses and were charmingly received. An informal programme was given and refreshments served. The proceeds were devoted to the funds of the Young Ladies' Aid under whose auspices the tea was given.

## MARTIAL LAW AT RIO JANEIRO.

Rio de Janeiro, Nov. 11.—There was a mutiny among the convicts here yesterday and the troops were called upon to suppress the insubordination.

The authorities are convinced that the recent attempt on the life of President Muraes was the outcome of a large conspiracy. The Congress has passed on its first and second readings, and the bill declaring martial law for thirty days.

The very first premium paid on a policy in the Sun Life of Canada is money saved for the future. The interest earned by this sum in a savings bank during the year would be but a trifle. But what a legacy it bequeaths to a family when it has been deposited with an Assurance Company.

From The Toronto Globe. "LOVED ITS TONE." Antoinette Trebelli, the world-renowned French prima donna, writes as follows regarding the Gerhard-Heintzman grand piano used by her at two grand concerts in Quebec recently: "Permit me to say that the Gerhard-Heintzman piano used at my two concerts completely fulfilled the highest expressions of excellence that had come to my ears. I loved its fine quality of tone, and I may also add that my pianist, Mr. Hubert de Blank, has expressed himself in most flattering terms of the many good qualities of the instrument."

The above fully carries out the statement repeatedly made in these columns that in the Gerhard-Heintzman pianos, foreign artists find an instrument that leaves nothing to be desired either by singer or pianist.—TORONTO GLOBE, October 30th, 1897. This instrument is handled exclusively by

WATER BY-LAW.

COUNCIL'S AMENDMENTS WERE ILLEGAL.

So. Yesterday, They Kill the Whole Thing and Will Begin Over Again.

An adjourned meeting of the City Council was held yesterday afternoon. There were present Councillors McManamy, Belanger, Quay, Langlois, Cate, Hebert, Fortier, Lomas and Gordon. Mayor Fraser presided.

Coun. McManamy read a letter from Mrs. Henry Shumacke requesting that the Sherbrooke water system be connected with certain of her tenements. Application had been made to the Gas & Water Co., but they required first the authorization of the Council. It was moved, seconded and carried that the Gas & Water Co. make the necessary connections as requested and that the cost be considered in the settlement of the water question.

Coun. Gordon presented a special report of the Road Committee recommending that, in the event of the Sun Life Co. completing their purchase of the Brown property, the city acquire a sufficient strip off said property to make the street at that point a uniform width of 41 23-100 feet. Report was adopted. Coun. Belanger moved that the mayor and secretary-treasurer be authorized to execute deed of purchase of the land paying for it the same price per foot as the Sun Life Co. pays for theirs. Carried.

Water Works By-Law.

By-law 177, known as the water by-law, was now taken up. The Amendments proposed at the last meeting, as suggested by the Board of Trade, had been referred to the city attorney, to be embodied in the by-law. The city attorney had done, and Coun. McManamy held in his hand the amended by-law, but the city attorney had accompanied it by a letter in which he declared it to be his opinion that the proposed amendments were altogether illegal, inasmuch as they would restrict the powers of future councils in the control of the water system, which would be contrary to the law governing the actions of the council. The matter was discussed at some length. The councillors generally expressed themselves favorably to the amended by-law, but they could not pass it, except on their own responsibility as the city attorney had declared it illegal. Coun. Cate, the mover of the amendment resolution, said that he had made it without looking up the strict legal position of the matter. He had made it to carry out the views of the Board of Trade, which were his views. He had since looked the matter up and believed the city attorney to be right, and that the amendment could not be made according to the strict letter of the law. He thought the Council could still get at it, however, if they desired, by appealing to the Legislature for permission. Coun. Gordon thought they ought to meet in committee, with Mr. Brown present, and discuss the matter. Coun. Belanger agreed with Coun. Gordon; this should have been done long ago. The question of taxation or establishment of water rates was discussed. It was thought that by law the Council would be obliged to levy a tax, but they might also establish a water rate, and the tax might be small. It was suggested that the raising of the water revenue by a water rate on the consumers might affect the negotiability of the bonds. Mr. Brown, city attorney, was called to the council chamber, and explained the legal position of the matter. No council had the right to vary or restrict the action of future councils, and he thought the adoption of the amendment would tend to do this. He did not think the manner of raising the water revenue, whether by tax or rate, would affect the negotiability of the bonds. The Council could of course go before the Legislature and get permission to pass the amendments, or to place the water system under the control of a commission. Coun. McManamy then read the by-law as first introduced for a "third and last time." But it would not go. The Council had committed itself to the amendments and must first repeal them before voting on the by-law. A motion was made that the amendments made, which had since been found to be illegal, be reconsidered. But again, the Council was in trouble. This was only an adjourned meeting and resolutions could not be reconsidered at the same meeting as adopted. The city attorney was appealed to and he advised that the by-law as read a third time be voted down—declared lost. Then at a special meeting the by-law could be re-numbered and read a first, second and third time and passed. A vote was called and all the Councillors answered "nay." The by-law was voted down. A special meeting will be held when the same by-law under a different number will probably be introduced and passed thus complying with the red tape of the law.

The letter of the city attorney upon which the action of the Council in throwing up the amendments, is based, reads as follows: Sherbrooke, Nov. 11, '97. Wm. Griffith, Esq., Sec'y-Treas., City.

Dear Sir:—I have prepared an amendment to the by-law relat-

ing to the water works in accordance with the resolution, which you have submitted to me.

I feel it, however, my duty as city attorney, to point out that this resolution is altogether illegal, inasmuch as it is an attempt to vary the limits and powers conferred upon the municipal corporation by its charter and the towns corporations general clauses Act, and also as limiting the mode of exercising the powers therein granted.

It is, I think, a well known principle of law, that a municipal council cannot restrict the legislative powers of future councils.

I might quote Dillon, article 781, wherein he says, "It is plain that the powers of taxation conferred upon municipal authorities by the charter or organic act, and the mode of exercising such powers as prescribed therein, cannot be varied by ordinances or by-laws."

I thought it only proper to give you this opinion, because I do not wish the responsibility of the introduction of this amendment to rest with me.

Yours obediently, (Signed), H. B. BROWN.

S. S. S. CLUB.

Annual Meeting and Election of Officers.

An enthusiastic meeting of the Sherbrooke Snow Shoe Club was held last night at the Magog House, the President Mr. E. Winn Farwell in the chair. He just returned from Boston in time for the meeting. There were twelve new members proposed viz Messrs J. H. Bryant, Albert E. Wiggett, H. D. Woodward, W. D. Simpson, Cliff Daigneun, J. Samuel, L. E. Whitehead, L. S. Chamell, C. H. Foss, Dr. W. S. Allen, J. A. Lomas, and J. B. Sanborn. The election of officers was then proceeded with and resulted in the following gentlemen being chosen.

Hon. Pres., W. A. Hale; Pres., E. Winn Farwell; (re-elected.) Vice-Pres., T. J. Maguire; 2 Vice-Presidents, J. J. Penhale, Sec.-Tr., C. K. Fraser, Captain, A. S. Hobson; Chorister, E. O. Grundy.

The committee elected comprises the following: Messrs. J. H. Walsh, Fred Loomis, J. A. McKechnie, A. P. Lomas, J. P. Wells.

The building committee submitted their report in regard to the erection of the new club house and considered it advisable to wait another year, owing to lack of funds. They reported that a number of the members who form a minstrel company, have in hand a tip-top prospective show which will surely net a good sum for the club house fund.

A hearty vote of thanks was tendered, the retiring officers, to which the president, Mr. Farwell, responded and the acting secretary, Mr. A. P. Lomas, whose name was coupled to the toast, also made a few happy remarks.

VETERINARY SCIENCE ASSOCIATION.

Some three months ago this association was introduced into the province of Quebec with office at Sherbrooke, and has been making rapid progress. It has only been going in Ontario for about one year and 20,000 persons have become members. The business of the branch office in Sherbrooke is managed by David J. Watson, who came from Watford, Ont. It is an association composed of the leading farmers and stockmen in Canada and the United States. The object of association is to gather useful veterinary knowledge from every quarter of the globe, and to distribute it to its members, thus keeping them posted on all the latest improvements and discoveries in veterinary skill. The privileges of the association are Reduced Prices for Medicines, Free Consultation, The Results of Experiments, New Medicines, New Inventions, Research in Foreign Countries, or in other words, it's the World's Combined Knowledge, centered at one point. The names of some of the gentlemen who have already united with the association are:—Edmond W. Tobin, president of Agricultural Society, Brompton Falls; Parker W. Nagle, Jas. Simpson, Arthur W. Mills, Rock Forest; William Beatty, Hiram McLeod, Albert Varney, Brompton Falls; Jno. Ross, C. Hatch, J. B. McDonald, Sherbrooke.

INSOLVENT STOCK SOLD.

The stock of boots and shoes of J. F. Martin assigned was sold yesterday at auction at the stand on Commercial street and was bought by Mr. Geo. Armstrong of this city at 70 cents on the dollar. Mr. Armstrong will continue the business at the same stand selling of the present stock at a discount. The book debts were bought by Mr. Henry Duffet at 23 cents on the dollar.

Y. M. C. A. NOTES.

The first of the series of meetings in connection with the "Week of Prayer" will be held tomorrow afternoon at 4 o'clock. Messrs. Byrne and Price will speak on the work of the association at home and abroad.

The topic for men's meeting tonight at 8 o'clock is "Relation of Bible study to Spiritual Life" Eph 6:17.

Remember the Sunday morning prayer meeting at 9:30. All young men cordially invited.

SHERBROOKE MARKET.

Saturday, Nov. 13.

The market this morning was comparatively small. Vegetables on the market this morning were scarce. Cooking apples were quite plenty, although not much sale for them. There was a good quantity of beef on the market this morning, which sold quite readily.

Table listing market prices for various goods including Flour, Butter, Eggs, and other commodities with their respective prices per unit.

The above report is furnished by the MacFarlane Milling Co., J. Milford & Sons and Alex. Ames.

BRISFLETS.

Now we are ready for you. Boston candy all opened up, Klondike nuggets, peanut taffy, Spanish nougats, Kissmets and fig bonbons, all new lines. R. W. Darby & Co.

Mr. E. C. Fraser has had placed in his store Commercial street a torrid soda fountain from which hot coffee, hot beef tea, chocolate, etc., can be obtained at any hour. The fountain is a perfect example of superior workmanship and is imported direct from the factory in Boston.

Cornichor, Catawaba and Malaga grapes. R. W. Darby & Co.

The electric cars ran up Commercial and Melbourne streets yesterday afternoon for the first time.

20 inch dry hard wood for telephons, at the City Wood Yard, Prompt delivery. People's Telephone 213, office, 24 King st. 232-2

Dr. Wm. S. Allen, Dentist, Bell Telephone Building, Sherbrooke. 227-1m

Get some of our English tablets for cough and colds. R. W. Darby & Co.

Winter is coming fast. If you wish to be comfortable through this severe season, go to Z. P. Cormier's, the leading furrier, and you will be suited in quantity, quality and prices, at 131 Wellington street, sign of the White Bear.

The Magog House of Sherbrooke, is the Leading Hotel in the Eastern Townships. Refurnished throughout. H. E. INGRAM, proprietor. 17-187

Mr. Lamphrey, of North Hatley, was on the market this morning and had an extra large hawk that was killed under peculiar circumstances. The hawk came down into Mr. Lamphrey's yard and attempted to carry off a chicken. The latter was of good size and hindered the hawk in getting away. In its efforts it came in contact with a wire fence, and in such a way as to break its neck.

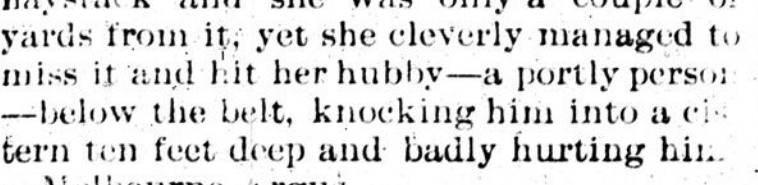

An Awful Bad Shot. Women are notoriously bad shots. I Western Australia the other day a mill manager's wife was christening an engine and had to throw a champagne bottle at it. It was somewhat larger than the proverbial haystack and she was only a couple of yards from it, yet she cleverly managed to miss it and hit her hubby—a portly person—below the belt, knocking him into a cistern ten feet deep and badly hurting him. —Melbourne Argus.

The Brooklyn War. "I took a great deal of exercise yesterday," remarked one Brooklyn papa to another. "Did you?" "Yes, I did. When I reached home, I found that the cyclometer on my baby carriage registered a fraction over ten miles. —Harper's Bazar.

An obscure paper says: "There is some foundation for the belief that the Irish people can trace their origin to one of the lost ten tribes of Israel. Shamrakh, an Arabic for trefail and it is an easy distance to shamrock, the three leaved clover indigenous to Ireland."

There being no signal service in China the authorities, in case of a protracted drought, rely upon the gods for relief.

ACREABLE TO TASTE. QUICK TO ACT. SURE TO CURE. NO CURE, NO PAY.

"Just as Good" CIGARS...

Are sold as the K. & C. Boquet Cigar, but its the experience of smokers that the "Just as Good" kind cost more money. A K. & C. Boquet Cigar costs 5 cents.

RETAIL TRADE. There's a small profit on each K. & C. Boquet Cigar; the demand for them is great, though. Quick sales, small profits, more money made selling K. & C. Boquet Cigars than selling slow-going, big profit cigars.

A. E. KINKEAD & CO. 113 Wellington St. Sign of the Indian.

THE WISTFUL DAYS.

What is there wanting in the spring? The air is soft as yesternear. The happy nestled green is here.

VENGEFUL IN DEATH.

On a certain day I received a letter from a private soldier named Gramtar, attached to the garrison of San Francisco.

"Oh, I thought you were the spirit—I mean—oh, but it was standing exactly where you are!" she exclaimed.

"Merciful God! What will become of me? He is to be murdered, you understand—murdered in cold blood by a spirit—and he knows it, and I know it!

For I had interesting work on hand. It is not often that one may be in such a murder as that. I ran to a livery stable, secured a swift horse, mounted him and spurred furiously for the reservation.

"Anything the matter?" I asked. "I don't know," he answered, getting down. "I felt the carriage sway, and I saw that the door's wide open.

WHAT A HEREFORD LADY SAYS. I was taken sick last fall with Rheumatism. I was so bad that I could not move in bed and they had to move me on sheets.

WHAT A PROMINENT NOTARY SAYS ABOUT THE REMEDY. This is to certify that I have suffered from Rheumatism for many years. Last spring I tried the Great North American Indian Rheumatic Cure.

WHAT A PROMINENT DOCTOR SAYS. I am now prescribing the Great North American Indian Rheumatic Cure for my patients. I believe this remedy is the surest cure for Rheumatism and Kidney Disease or anything yet discovered.
