

WILL RESUME BOMBARDMENT.

Main Batteries at Tripoli Replied to Italian Fire.

CARE IS BEING TAKEN NOT TO DAMAGE BUILDINGS IN THE TOWN.

Rome, Oct. 4.—(Special)—It is officially stated today that Vice Admiral Faravelli sent a message to the Government stating that the bombardment of the main batteries at Tripoli commenced at 3 o'clock yesterday afternoon and continued until sunset.

The batteries replied to the Italian fire without effect. The Admiral intimates that the bombardment will be resumed to-day in order to completely destroy the batteries.

The greatest care was taken by the Italian gunners to avoid damaging the buildings of the town.

Only the lighthouse and one of the batteries were destroyed.

The despatch to the Government was timed at Tripoli at 7.45 o'clock last night.

WAR OPERATIONS DELAYED.

London, Oct. 4.—The lapse of another day leaves the Tripoli-Italian war without further development.

Apparently the Italian Government is apprehensive that the Turkish fleet may be able to hamper the passage of the transports, and great precautions are being taken. The expedition will be started from ports in two seas, rather than from South Italy and Sicily, in order to minimize that danger, and evidently Italy is in no hurry to get the expedition on the way.

Another reason for the delay of warlike operations is the continuance of the Turkish cabinet crisis. Clearly the old ministers are remaining in office against their will and are unable to formulate or agree upon any definite line of action. It is even reported that the minister of marine has resigned on account of flagrant disobedience of his orders to the fleet.

Meanwhile the four parlers of the powers continue without intermission. It is said that Russia is now supporting Germany in her efforts to bring about peace.

A report comes from Aosta that the Turkish transport Derna changed her name to "Eitel Friedrich" and flew the German flag while running the blockade at Tripoli, and that her officers were proud of eluding pursuit. But, it is pointed out in the report, she might have been captured 200 miles from Tripoli had not the Italians wanted her arrival at Tripoli and the landing of arms as a pretext to declare war.

APPEAL OF THE PORTE.

Constantinople, Oct. 4.—Replies to the Porte's appeal have been received from most of the powers, but, as was expected, they afford little satisfaction. In effect the powers say that they will be unable to offer mediation until the Porte suggests a basis of settlement on the lines of the Italian demands set forth in the ultimatum.

CAPTURED A TRANSPORT.

Taranto, Italy, Oct. 4.—The Italian armored cruiser Marco Polo brought into this port yesterday the Turkish transport Sabah, which she had captured. Great excitement prevailed throughout the day during the disembarkation of the prisoners taken along with the steamer. These included a Turkish general, a colonel, a major, and many soldiers. Five thousand rifles, sixty grenades, much ammunition and about two hundred horses were also captured.

MANY BASELESS RUMORS.

Constantinople, Oct. 4.—There is complete international and political confusion and absolute lack of trustworthy news from Tripoli and the Adriatic coast. There is an absolute disorganization of the telegraphs, and all of the news is of feverish local manufacture. Among the baseless rumors is one that there is a strong movement looking to the impeachment of the late cabinet by the deputies. Said Pasha, the new grand vizier, insists upon freedom from the domination of the secret committee cabal. The hitherto all powerful

When the Court of King's Bench opened this morning, Mr. N. K. Laflamme, K. C., on behalf of F. W. White, against whom a true bill had been returned, presented a motion asking that the indictment be quashed. Many grounds are set up in the motion. A. Vachon, charged with house-breaking and theft, also appeared at the bar, and on being arraigned pleaded not guilty.

SHANNON CASE GOING.

Evidence in the case against Miles Shannon was then proceeded with. It is expected that the case will finish this evening.

GRAND JURY MAKE REPORT.

The grand jury made a further report to the Court last evening, just before the Court adjourned. A true bill was returned against F. W. White on charge of theft by conversion. A "no true bill" was returned in the case of T. Lamontagne, charged with subornation of perjury.

TRUE BILLS FOUND.

In the Court of King's Bench yesterday afternoon the grand jury returned several pronouncements. True bills were found against Samuel Guilmette, one for attempted murder and the other for shopbreaking and theft committed at Lake Weedon some months ago. True bills were also found against T. Fortin and A. Vachon for housebreaking and theft, respectively.

The trial of Miles Shannon was then proceeded with. The charge against him is a serious one. The jurors sworn were: T. Lachance, Cookshire; Geo. Dick, Sherbrooke; G. Gamache, Eaton; J. Gahureau, Eaton; John N. Jenks, Barnston; J. Laflamme, North Ham; Jos. Pariseau, Hereford; Jos. Champagne, Clifton; Jas. Dyke, Barford; W. A. RECOUNT IN SHEFFORD.

Mr. Boivin's Majority Reduced to 26.

TWO POLLS WERE THROWN OUT ALTOGETHER—222 BALLOTS NOT COUNTED.

Waterloo, October 4.—(Special)—As a result of the judicial recount of the ballots cast in the recent election in Shefford County Mr. George H. Boivin, the Liberal member, had his majority reduced from thirty to twenty-six.

The recount was held before Mr. Justice Lynch, and lasted from ten o'clock in the morning until four-thirty in the afternoon. Mr. Boivin, who was present, was assisted by Messrs. C. A. Nutting K.C., W. K. McKeown and R. Taschereau, the latter from Montreal. Mr. Davidson was represented by Messrs. J. Martin, K.C., Montreal, A.E. Chagnon and R. Cloutier.

TWO POLLS THROWN OUT.

The ballots in two polls were thrown out. In poll No. 2, village of St. Joachim, the ballots were not initiated. At Maple Ridge another irregularity was found. The first named poll gave Mr. Davidson a majority of nine. Maple Ridge gave seven majority for Mr. Boivin.

As a result of the throwing out of these two polls one hundred and seventy-six votes were wasted. This, together with the number of spoiled and rejected ballots, brings the total up to two hundred and twenty-two. It is not thought that Mr. Boivin's election will be protested.

BAILIFF TOOK A SPEEDY TRIAL.

Fined For Assault and Carrying Firearms While Making Seizure.

SCOTSTOWN WOMAN GAVE EVIDENCE IN GAELIC BEFORE JUDGE MULVENA.

J. T. Garneau, bailiff, Black Lake, who had been committed for trial at Scotstown on a charge of simple assault and with carrying firearms, and pleaded not guilty, came up before Judge Mulvena yesterday. The case arose over the alleged illegal seizure of a wagon belonging to one Mackenzie, near Scotstown.

The evidence of Mrs. Mackenzie, which was given in Gaelic and had to be interpreted, was to the effect that the accused came to their home and proceeded to where the wagon was directed there by the sound of firearms. She went out and informed the accused that the wagon he was about to take was not the right one, and told him he had better leave it alone. When he seemed determined to take it she sat on the pole, and he took her by the neck and tipped her over. The daughter then appeared on the scene, and she too sat on the pole, with the result that she too was knocked over. And when Mrs. Mackenzie stepped aside he fired it into the ground.

After the evidence had been adduced the Court fined the accused \$5 and costs, or 30 days in jail, on the charge of assault, and \$10 and costs, or 60 days in jail, on the charge of carrying firearms. The costs amounted to over \$45.

Judge Mulvena in passing sentence severely admonished the accused and remarked that he had acted more like a highway robber than an officer of the law. The Judge further remarked that if he was a judge of the Superior Court of the District of Arthabaska he would see that his commission as a bailiff was taken from him.

DISCUSSED THE VALUATION ROLL.

Rate of Taxation Fixed at 21-2 Mills on Dollar in Dunham Township.

CANNOT SECURE HELP TO WORK ON ROAD AT \$1.25 A DAY.

Dunham, Oct. 4.—(Special)—The regular monthly session of the Township Council was held in the Town Hall with Mayor Henry B. Buck presiding, and Councillors Martin E. Baker, W. F. Lee, G. A. Doherty and Jas. E. Millar in attendance. A good deal of time was taken up with routine work and several changes made to the Valuation Roll on account of changes of property and deaths of proprietors since the roll was made last July. The Grand and Petty Jurors' lists was homologated and the rate of taxation was laid for the current year at 2½ mills on the dollar. The secretary was instructed to deal with the Jenkins Machine Co., regarding the stone crusher bought from them, and the Mayor was authorized to deed to Dr. Stevens a piece of land which was sold for taxes two years ago.

Mr. H. Oscar Martin reported that he could not hire any help at \$1.25 per day to work on the road. The Council wish to macadamize some road between here and Cowansville, and money was placed to Mr. Martin's credit to hire men for this work. He was authorized to continue or stop work, according as he can or cannot secure help.

The last business before adjournment was a discussion about finding a place to build a large shed to store the stone crusher, road graders and snow plows.

The Council then adjourned until Thursday, Oct. 12th, when the Voters' Lists will be revised.

Dr. Roche may come in from Manitoba, and Hon. Robert Rogers from Saskatchewan, where the Conservatives have a seat, and efforts are being made to induce Premier McBride to accept a portfolio.

Mr. Richard Blain, of Peel, and Mr. A. E. Kemp, of Toronto, who were here yesterday, are both regarded as likely cabinet selections, and it is rumored that while his cabinet aspirations will not be satisfied, Col. Sam Hughes may go to a high position in the Militia Department.

PREMIER MCBRIDE COMING.

Vancouver, B. C., Oct. 4.—Premier McBride, of British Columbia, and W. J. Bowser, attorney-general, will go to Ottawa, leaving on Thursday. It probably means that the former will join the Borden cabinet and the latter will be the new premier of British Columbia.

PUPILS HAVE TIME TO THINK FOR THEMSELVES IN COUNTRY SCHOOLS, AND ARE BETTER FOR IT.

Richmond, Oct. 4.—(Special)—Inspector Rothney held his annual teacher's conference at St. Francis College High School. He had the assistance of Dr. Sinclair, Dean of Macdonald College, who addressed both sessions in addition to his address re the "Needs of the Rural Schools."

In the course of his remarks Dr. Sinclair emphasized the fact that the teacher of young children needs more thorough preparation and training than the college lecturer, because the young child believes implicitly whatever the teacher tells him, while the advanced student can think for himself and will discount the lecturer's statements if he thinks fit.

He further said that the well-known economic law that "Bad money drives out good money," was paralleled in the teaching profession, for "Unqualified teachers will drive out qualified teachers." Low salaries are also responsible for the fact that many of the best qualified and most successful teachers are leaving the profession because they cannot live in the style befitting their education on the salaries they receive.

He cited an instance of a man who, as a teacher, had a wide influence over his pupils, had spent much time in preparation, and received a salary of \$600 per annum. As a commercial traveller he received \$2,000 a year for less work, and could have acquired training for that work in six months. Dean Sinclair took up the teaching of spelling by phonetics, illustrating his point with a class of primary children.

Inspector Rothney discussed various matters in regard to rural schools, which had been observed during his tour of inspection. Dean Sinclair followed with a talk on Arithmetic, observing that in six months a pupil of ordinary intelligence could acquire enough arithmetic for most business transactions. The study of arithmetic beyond that was for the purpose of training the reasoning powers. Most noted men began their education in a rural school, and possibly their renown was due to the fact that each pupil had a chance to think for himself. In a graded school the pupils seem to resemble jars into which the teachers are busy pouring knowledge, which the pupil spends his time forgetting. According to the Scotch method, when a pupil asked for help the master sent him to his seat to help himself, and if he took three weeks to solve one problem the time was not wasted, he knew that problem.

SCOTSTOWN.

A farewell party was given at the home of Mr. and Mrs. John MacLeod, Albert Road, Scotstown, on Thursday evening, in honor of the departure of their eldest daughter, Katie Palmer, who, with her aunt, Miss M. Morrison, left for Springfield, Mass., on Friday evening. Miss K. Morrison, Miss Effie Morrison from Dell, and Miss Hattie MacLeod from Milan left at the same time. There were about forty guests present from Marshboro, Milan, Dell and Scotstown. A very pleasant evening was passed in dancing till about one o'clock. The music was furnished by Mr. William Whitehead. After the dance farewell songs were sung in Gaelic. The party broke up about half-past two. All reported having had a good time.

PERSONNEL OF MINISTRY.

Cabinet Selections Expected to Cause Some Surprise.

RESIGNATION OF LAURIER CABINET TO TAKE PLACE ON RETURN OF GOVERNOR-GENERAL.

Ottawa, Oct. 4.—(Special)—The resignation of the Laurier cabinet is looked for immediately upon the return of Earl Grey from Montreal, and Mr. Borden will be ready very shortly afterwards to announce the personnel of the ministry. It is very likely to involve surprises.

Mr. Hector McInnes, K.C., of Halifax, one of the foremost lawyers of the Lower Provinces, arrived last night, and rumor connects him with a cabinet portfolio.

Mr. G. W. Fowler, M.P. for Kings and Albert, and Col. Sam Hughes reached Ottawa this morning. Mr. Fowler has cabinet aspirations together with Mr. Crockett and Premier Hazen, of New Brunswick.

Indications are said to favor Mr. Hazen's selection, but Mr. Crockett's friends are strongly pressing his claims.

While there is nothing official about it, it is estimated that Ontario will lose to the West a cabinet minister, while the Solicitor-Generalship may be chopped off from Quebec.

Dr. Roche may come in from Manitoba, and Hon. Robert Rogers from Saskatchewan, where the Conservatives have a seat, and efforts are being made to induce Premier McBride to accept a portfolio.

Mr. Richard Blain, of Peel, and Mr. A. E. Kemp, of Toronto, who were here yesterday, are both regarded as likely cabinet selections, and it is rumored that while his cabinet aspirations will not be satisfied, Col. Sam Hughes may go to a high position in the Militia Department.

MUNICIPAL MATTERS QUIET AT COATICOOK.

Council Will Have Bad Point on Road Straightened Out.

COURSE OF COMPTON STREET WILL NOW BE LESS DANGEROUS FOR TRAFFIC.

Coaticook, Oct. 4.—(Special)—At the monthly session of the Coaticook Council there were present Mayor Norton and Aldermen McCurdy, Gendreau, Kennedy, Akhurst, Martin and Dupuis.

The number of bills before the Council was hardly up to the average either in number or amount. All of these were passed upon and ordered paid.

While there were several matters discussed by the Council, no definite action was taken regarding them except two. Upon motion of Alderman McCurdy, seconded by Alderman Gendreau, the Mayor and Alderman Martin were appointed a committee to purchase from Mr. B. Farnsworth the necessary land to change the course of Compton street near the residence of Mr. Farnsworth. It is now nearly a year since the stakes were set showing a change in this road. It was always considered a dangerous point in the road even before the time of automobiles. The road at this point runs alongside a cliff and turns at an abrupt angle so that teams or automobiles coming in opposite directions cannot see each other. It is they are very close together. It is now proposed to straighten the road at this point and run it away from the cliff, so that the occupants of approaching vehicles can see each other.

The only other resolution which was passed was one authorizing Alderman Martin to sell a piece of land belonging to the Corporation. This is on the side of a hill and is of little value. An offer of \$15 for the lot had been received from the adjoining owner, Mr. W. F. Hool, and the necessary authorization to deed it was granted. The Council then adjourned.

The evening was then brought to a close by singing "Auld Lang Syne" and "God Save the King."

Glen Sutton, Oct. 4.—(Special)—Mr. Israel Shepard, of Brome, is putting some concrete ice breakers on to the abutments of each end of the river bridge at this place. Something of that sort is needed here as there is a large volume of ice to pass under this bridge every spring, and at times the bridge is threatened with destruction in that manner. A raised roadway with a wide water passage is also needed from the north end of the bridge well up to where the Courser brook crosses the street, and thus allow a safe passage during the spring freshets.

OLD SCHOOL IN BAD SHAPE.

Kirkdale, Oct. 3.—(Special)—The old stone school house, the Alma Mater of at least three generations of school children and at one time the religious centre of Melbourne, Dunham, Kingsville and Cleveland, where every preacher of the gospel, irrespective of denominational lines, preached the living truths to those hardy pioneers, who hewed out of the forest primeval, the splendid farms of the present day, is still roofless. The rain streaming through the rotten shingles like a sieve, inside it presents a sorry spectacle, pools of water all over the floor, the stove demolished into a shapeless mass of scrap iron, the seats overturned, the windows, some of which are shattered, broken, the desolation is so intense, that the tramping fraternity are too nervous to stay over night, preferring Mr. E. L. Pierce's bush instead. The question is, what are the Board of School Commissioners of Melbourne and Brompton Gore going to do about it. It is up to you, gentlemen.

There is nothing else better to take Gas from Stomach and cleanse the stomach and intestines, and, besides, one single dose will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When Diapiesin works, your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all Stomach misery is waiting for you as soon as you decide to take a little Diapiesin. BEDFORD DISTRICT LOCAL HAPPENINGS.

Gathered by Daily Record Correspondents in Various Communities

ROSENBERG.

A very severe frost visited this section on the night of the 27th. As, however, the weather for several days previously had given due warning of what might be expected, little damage was done.

Threshing machines are going the rounds at present. Those who have already threshed report barley to be rather light. Other grains average better. Potatoes and corn are being harvested and generally speaking the yields are light, though in a few cases results are unexpectedly good. Apples are very scarce and almost invariably defective. Early in the season it was expected that there would be a few butternuts to harvest but these fell before reaching maturity.

The infant daughter of Mr. and Mrs. C. Primmerman who was ill again, is much better at present.

Mr. Victor Jenkins is making his home at Mr. Jas. Primmerman's during his mother's absence.

The service at the school house on the afternoon of the 24th was very well attended. Until notice to the contrary is given, a short service, beginning at 2 p.m. will be held there by the Rev. Wm. Walsh, Rector of the Parish, on the last Sunday of each month.

Mrs. Rosenberg has returned from a visit of a few days to her mother, Mrs. H. Douglas Moore, of Stanbridge East.

Mr. and Mrs. Chas. Moore of Stanbridge East were visitors at Mr. Rosenberg's last week.

Mr. Jos. Piche, who has been a very severe sufferer for some months past, is rather easier at present, though still confined to his bed. His daughter, Mrs. Alfred Warner, of Farnham, is remaining with her mother to assist with the nursing.

Arrivals: Mr. and Mrs. H. W. Brown, of Phillipsburg, at Mr. S. D. Bouskas for a few weeks, pending the completion of their house, now in progress of building at Phillipsburg; Miss Fortin of St. Sebastien, visiting Miss O. Chevalier for the month; Mr. and Mrs. Jos. Desranelau, from their wedding trip, at Mr. J. Roy's prior to moving onto the farm they recently purchased at Morse's Line; Mr. and Mrs. Augustus Jenkins, guests of Mrs. Irving Jenkins for a couple of days; Miss M. Titterton, of Campbell's Corner, with her cousin.

The sad funeral took place Monday afternoon, October 2nd, from the home of her parents, of Margaret Gertrude, only and dearly-loved daughter of Mr. and Mrs. Claude A. Turner, Court Street. A brief service at the house was conducted by Rev. Pastor, Rev. J. C. Nicholson, of St. Andrew's Church, the chief mourners were Mr. A. I. Turner and Mr. Grayson Turner, and Mrs. Buzzell, Cherry River, grandfather and uncle; Mr. Wallace Shaw, grandfather, Mr. W. W. Shaw and Mr. J. F. Shaw, uncles, who acted as bearers. Among the friends present at the house were Rev. W. T. Brown, Mr. J. H. Bryce, Supt. of St. Andrew's Church Sunday School and Mrs. G. H. Kerr, Supt. of the Primary Department of which Margaret was a devoted little member. The little body in its white covered casket was borne to Elmwood Cemetery and tenderly laid away by her two uncles, surrounded by sorrowing relatives and friends. "Until the Day Break and the Stars do flee away" was the blessed hope of the Resurrection. Her passing away was rendered doubly sad owing to the painful circumstances attending it (she having died of diphtheria) and Mr. Turner having been stricken with the same disease himself was unable to attend his little daughter's funeral. Little Margaret was an exceptionally bright and winsome child, the sunshine of her home where her loss to her parents and grandparents will be irreparable, and dearly loved by all who came under the influence of her sunny disposition. She was a cherished blossom sent to bloom on earth for a little while to cheer the hearts and lives of all who loved her and she has left the world brighter for her coming. Mr. and Mrs. Turner have the heartfelt sympathy of the entire community in their lonely grief, shut off by quarantine from receiving even the sympathy of relatives and friends. Beautiful flowers covered the little casket and filled a carriage following the hearse, expressions of sympathy from the following friends: Wreath, roses and lilies from the parents, Mr. and Mrs. C. A. Turner, also wreath from Mr. and Mrs. Wallace Shaw, roses, Mr. and Mrs. W. W. Shaw, roses from the primary class of St. Andrew's church, roses and ferns, B.B. Society of St. Andrew's Church; roses and ferns, Dr. and Mrs. Spencer, roses, Mr. and Mrs. J. H. Bryce, Mr. and Mrs. A. B. Williams, Mr. and Mrs. J. Nicol, Mr. Armistead, Mr. and Mrs. J. Gordon, and Mrs. J. Bellam, Lennoxville; and Mrs. J. Bellam, Alex. Berwick, Ivy; lilies of the valley and roses from Marguerite Moore, Margaret's little playmate, Mr. Hiram and Miss Purdy, Mrs. Wm. Bell and Mrs. J. Taylor; roses and carnations, Mrs. Newman and family, carnations, Mrs. G. H. Kerr, Master Bitchell, Bell, Mrs. Westgate, Mrs. Cotton and Bella, Miss Sheridan and Miss Eccles.

NEWS AND VIEWS

ALD. LEDOUX AND THE HEALTH COMMITTEE.

As chairman of the Health Committee Ald. Ledoux is the right man in the right place. That he has not been able to accomplish more is not all his fault. Among the commendable measures introduced by Ald. Ledoux that have proven advantageous was the appointment of a Meat Inspector on the Market. The large quantities of diseased meats this inspector has seized from time to time is sufficient proof that the step was a wise one.

On Monday night Ald. Ledoux came forward with another suggestion that received, and deserved, the hearty support of the Council. He now proposes to introduce a system of milk inspection. His object is more to detect disease germs than aqua pura in the milk. He proposes to have every cow owned by milkmen tested to make sure that she is not diseased. One has but to consider the number of people, children especially, who

ALD. LEDOUX, Chairman of the Health Dept.

will be affected by the sale of diseased milk to realize the importance of Ald. Ledoux's proposition.

Another proposition introduced by the chairman of the Health Committee was the building of a public Abattoir. This was presented in the form of a by-law and read once or twice. It was then dropped, but according to Ald. Ledoux, will be brought up again at an early date.

THE ROAD COMMITTEE.

The chairman and certain members of the Road Committee were roundly scored at a meeting of the Council on Monday evening. That they have not carried on the work of that department as it should be carried on is evident from the condition of the streets, and the manner in which petitions have been pigeon-holed. This condition of affairs is due no doubt to the large business interests the members in question have to look after.

The city has suffered for their lack of time to devote to her interests. The city will continue to suffer in more ways than one owing to the small amount of time the members of the Council have to devote to city matters. No business man would

BROTHER RESCUED BROTHER.

Ladd's Mills, Oct. 4. — (Special) — While the young sons of Mr. A. K. Grady were playing around a small pond the youngest fell into the water. His elder brother, who is but seven years old, succeeded in pulling him out. Although the water is only two feet deep the little fellow would have been drowned had it not been for the plucky action of his brother.

RE CITY AFFAIRS.

trust the success of his business to a body of men who had practically no time to devote to its management.

Is it not reasonable that with three or four men of business ability whose entire time would be devoted to city affairs, would carry on the affairs of the city of Sherbrooke in a more efficient manner than a volunteer Council could?

Study the Commission form of City Government, then let the public hear your opinion.

FINANCIAL — SHERBROOKE AS A BANKING CENTER—THE E. T. BANK AND THE WEST.

It is not too much to assume that when a banking institution like the Canadian Bank of Commerce decided to locate in Sherbrooke the management looked into the future. They were convinced after thoroughly going into the matter that the development of Sherbrooke will continue and increase. The fact that the Canadian Bank of Commerce has faith in this city should encourage other institutions, industrial as well as financial, to look towards Sherbrooke. It should also serve as a tonic to some of our own townspeople and show them that although they are pessimistic there are others who are convinced Sherbrooke has a future, and convinced to such an extent that they are prepared to spend large sums of money in the city.

THE E. T. BANK IN THE WEST.

As a financial centre Sherbrooke is at the present time receiving considerable valuable advertising in the West. The president, general manager and directors of the Eastern Townships Bank are now on an extended trip through that country. They will visit every town and city of importance. Their object is to open up new branches. Sherbrooke, being the head office of the Bank, will thus be prominently brought before the people of that section.

Few cities of 17,000 inhabitants can boast of having the head office of an institution like the Eastern Townships Bank.

EDUCATIONAL — OPPORTUNITIES FOR THOSE WHO CANNOT AFFORD TO ATTEND DAY SCHOOL.

On Monday night the Free Industrial Drawing Classes opened for the season. The fact that eighty-five young men registered on the opening night is very encouraging. Young men who are willing to devote their spare time in self improvement, of times at the sacrifice of pleasure, are generally those who succeed.

The Y.M.C.A. is advertising a very complete course this year. Many of the classes are free. For others the fee is small. All are within the reach of everyone.

With these two institutions at the disposal of every young man in Sherbrooke before many years the old phrase, "If I had only had a chance" will seldom be heard.

A woman named Arthur Gilmart was killed, while Marguerite Demetres and Dianne Dubois were badly injured. The chauffeur of the car, a man named Parent, was also badly hurt. A special car was sent down to bring the injured back to Quebec, and they were taken to the Hotel Dieu Hospital. The body of Marguerite Gilmart was taken to St. Coe's, where Dr. Bedard, deputy coroner, will hold an inquest to-day.

DAMAGE TO THE NOBLE.

Ottawa, Oct. 4.—The damage to the Canadian navy has been put into figures. The Noble cannot be repaired under an expenditure of \$100,000, or forty per cent of her total original cost to the Canadian Government. The Cornwall is still more badly damaged, but the repairs will be paid for by the British Admiralty, Canada paying the Halifax dockage charges.

BURIED IN COAL DUST.

Freeland, Pa., Oct. 4.—(Special.)—Five men, all foreigners, with families, lost their lives at Lehigh Valley Coal Company mine at Britton. Two other men had narrow escapes. Last night in most unusual accident. The laborers were working on huge culm bank repairing the drag line attached to an apparatus that carries refuse from mines to the top of culm heap. Near them was large wooden stack connected with an air shaft running into the mine. The stack suddenly collapsed and the fine dust refused to run into mine opening like quicksand, and drew the men into the vortex and precipitated them 70 feet into mine. Other men on the culm bank noticed the advance and rescue gangs from within mine were immediately put to work digging out unfortunate workmen, who, by this time, had been covered by tons of dirt, but when they were reached two hours later five of them were lifeless. Other two

are in serious condition but will probably recover.

HAD BAD SORE FOUR YEARS

ZAM-BUK HAS HEALED IT.

Mrs. Wilson, 110 Wickson Ave., Toronto, says: "About four years ago a sore spot appeared on the right side of my face. This spot increased in size until it became about half an inch in diameter and very painful. I went to a doctor but the ointment he gave me did not have any good effect. The sore continued to discharge freely, and was most painful. I had it cauterized, tried poultices and all kinds of salves, but it was no good, and I continued to suffer from it for four years."

"A sample of Zam-Buk was one day given to me, and I used it. Although the quantity was so small, it seemed to do me some good, so I purchased a further supply."

"Each box did me more and more good, and to my delight, before I had been using Zam-Buk three weeks, I saw that it was going to heal the sore. In less than a month it was healed."

"I know a lady in the east of the city whose husband suffered for years with an open sore on his leg. On my recommendation, Zam-Buk was tried in that case. The other day, when I saw her, she told me that it had healed the sore completely."

"My daughter, who lives in Lethbridge, Alta., has also used Zam-Buk with the same satisfactory result. I think it is beyond all doubt, the finest healing balm known."

Such is the opinion of all persons who have really tried Zam-Buk. It is a sure cure for eczema, piles, abscesses, ulcers, scalp sores, ringworm, cuts, burns, scalds, bruises, and all skin injuries and diseases. 50c. box, all druggists and stores, or post free from Zam-Buk Co., Toronto, for price. In case of skin disease use also Zam-Buk Soap, 25c. tablet.

QUEBEC FIREMAN
KILLED AT FIRE.

One Woman Fatally Injured and Others Were Hurt.

NO. 5 FIRE STATION DESTROYED AND OCCUPANTS HAD TO JUMP FROM UPPER STOREYS.

Quebec, Oct. 4.—Buried in the debris, the body of Fireman Labarre, of No. 5 station, was taken out by his companions last night at 10.30 from the ruins of No. 5 fire station, which was utterly wrecked by a fire that broke out shortly after eleven o'clock yesterday. The blaze was attended with a number of sensational incidents, the fire spreading so rapidly that the whole station was a mass of flames within a few minutes the occupants in the upper storeys cut off by the fire. Mrs. Savard, widow of Fireman Labarre, who was buried Monday, had to jump from the third storey to save herself and sustained injuries which may prove fatal. Mrs. Lemelin and Louis Lamouette and T. Savard, who also jumped were more or less seriously injured.

While the firemen were at work the floor suddenly collapsed and four men were hurled into the cellar. All managed to escape except Labarre, who was pinned under a heavy beam and covered with the falling debris.

The occupants of the upper storeys of the building had narrow escapes from death. The two women who jumped in an endeavor to catch the ladder, which was a storey below them, were badly injured, but at last accounts from the hospital were doing well. Mrs. Savard was caught in the ruins of the ladder, and remained suspended head downward, struggling for some time in the midst of the flames which were bursting out of the windows.

The fire is supposed to have caught in the stables.

BODIES RECOVERED IN AUSTIN WRECKAGE.
Feeling is Expressed That Many Will Never Be Found.

SITUATION IS SERIOUS OWING TO NON-ARRIVAL OF SUPPLIES.

Austin, Pa., Oct. 4.—With six bodies recovered from the flood wreckage here yesterday, the face of another, and a skull so badly charred that neither the sex nor appropriate age of the victim could be determined, the total number of known dead in the catastrophe, that almost obliterated this community last Saturday noon stands at 38. All but one of the bodies were identified.

With the almost hourly revision of the list of missing, due to defects in the census and incomplete information gathered, the remaining number is approximated only. This is given out officially as about 40, and the feeling is expressed that a number of these never will be found. Those not having been consumed in the fire, it is thought, will have lost any semblance to a human body before being uncovered, so deeply have they been buried in the wreckage, which has frightfully torn and mangled the bodies that have been recovered.

The body of Arthur Ainsworth, one of those recovered yesterday, was found pinned down to a wall by the side walk by a heavy sign that marked his legal office. Ainsworth was a former district attorney of Potter County. The position of the body and conditions surrounding it indicated that he had been buried in the avalanche of debris while leaving his office.

Considerable anxiety is felt here by the state officers in charge because of the non-arrival of several cars of supplies that have been reported on the way.

"We want food and we want money," was the appeal of Dr. S. G. Rixon, state health commissioner, in charge of the work yesterday. "The food supply is getting low and as we increase our working force we must find a way to feed them."

The regular water supply has been re-established and to-day it is made available.

The inquest into the disaster will be opened on Friday.

INSURANCE
MEN MEET.

Mr. Fiske, of Metropolitan, Meets Agents of Four Districts.

LARGE GATHERING OF AGENTS—DINE AT CHATEAU AT NOON.

The annual convention of the Metropolitan Life Insurance Company for the districts of Sherbrooke, Quebec, Levis and Three Rivers, was held in this city to-day, and was graced by the presence of Mr. Haley Fiske, of New York, Vice-President of the Company, as well as the following other high officials of the company, namely: Messrs. F. O. Ayres, Fourth Vice-President; F. E. Taylor, Fifth Vice-President; Dr. A. S. Knight, Medical Director; Wm. J. Tully, General Solicitor; Dr. G. L. Megall, of Medical Division; Col. John Tilton, Chief Agent for Canada; A. B. G. Claxton, K.C., Counsel and Chief Agent for Quebec, and James E. Kavanaugh, Superintendent of Agencies.

About 150 superintendents and agents were in attendance.

A conference was held this morning when inspiring addresses, intended to instruct and encourage the agents, were given by Mr. Fiske and other officials.

At noon an elaborate dinner was served at the Chateau Frontenac.

His Worship, Mayor Cate, representing the city; Mr. F. H. Hebert, President of the Chambre de Commerce, and a number of other invited guests were present.

An orchestra played while dinner was being served and songs and choruses, sung with great vigor, enlivened the proceedings.

After the singing of "O Canada," "God Save the King," and the "Metropolitan," Mr. Fiske delivered a short address on the work of the Metropolitan Life Insurance Company in Canada. He pointed out the extent and special features of the company's work in the Dominion entitled it to be considered a true Canadian company.

After reviewing the stupendous figures represented by the company's insurance, its Canadian investments, etc., he referred to the industrial insurance feature of the company's work against tuberculosis and other work carried on by the company, which might appear to be outside the regular line of insurance. He styled the agents as "Apostles of thrift" and urged them to an effort to accomplish still greater things this year. The eloquent speaker was vigorously applauded.

Mayor Cate followed with a short address in which he welcomed the convention to Sherbrooke. His Worship took occasion to enumerate some of the features of note relative to the city, referring to its progress, its manufactures, its water power, railways and general advantages. The Mayor also referred to the great resources of the province as a whole. In his opinion there was no need of the people of this province seeking new homes in the West or in any other land. He congratulated Mr. Levesque, the company's Sherbrooke superintendent, upon securing the convention for Sherbrooke and hoped they would come again and stay longer.

Mr. F. H. Hebert followed along similar lines expressing on behalf of the commercial organizations, the city's welcome to the visitors.

Brief remarks were made by a number of others and the gathering dispersed at about 3 p.m.

The convention was a very successful one and is part of a system followed by the company in its organization throughout Canada.

TRAMPS SET FIRE TO BARN.

Mr. Cecil Smith Meets With Serious Loss as a Result.

THREE HORSES AND ALL THE GRAIN, HAY AND FEED DESTROYED.

Cookshire, Oct. 4.—(Special)—Mr. Cecil Smith, of Bulwer, sustained a serious loss by fire yesterday morning. In the early morning fire was observed in the barn, but it had gained such headway that it was found to be impossible to save but a portion of the stock.

The buildings were burned to the ground. Three horses were destroyed as well as the hay, grain and feed, and farming implements. A horse-rake and mower was all that was saved.

The fire is believed to have been the work of tramps, as no one else had occasion to go to the barn during the night. Several of the tramping fraternity were observed in the neighborhood lately.

There was only a small insurance. The loss will be at least \$3,000.

BARFORD HAS A NEW MAYOR.

WAS DEFEATED SOME MONTHS AGO, BUT OPPONENT RESIGNED OFFICE.

Cookshire, Oct. 4.—(Special)—Mr. E. S. Bacon is mayor of the Township of Barford. He was elected at a session of the council held on Monday. He says, however, that he does not intend to continue in the office or even in the council for any lengthy period. He came to the conclusion some months ago that he was entitled to be mayor of the town. He is now in his seventieth year and has lived in Barford all his life with the exception of the first five years. He never mixed up with municipal politics or sought election until two years ago last January, when he was elected by a vote of 48 to 7. Ever since his election he became tired of the office and placed his resignation before the council. He remained in the council because his fellow councillors refused to accept his resignation. Last January the office of mayor was between him and Councillor Goyette. His opponent won. Mr. Bacon told them then that the affairs of Barford must henceforth be strictly administered according to law. He himself had been a zealous student of the municipal code and knew municipal law well. At seven different sessions since then he held up the business of the council on account of either technicalities or illegalities which he brought to their attention. This is perhaps not the reason why he is now mayor. A little time ago the man who was elected over him last January resigned the office of mayor and suggested as his successor Councillor Bacon. As above mentioned, Councillor Bacon changed seats on Monday last and now occupies the mayor's chair.

Nauwigewauk, N.B., Oct. 3, 1910 "I can gladly recommend dear Dr. Morrisey's Eczema Ointment because it cured me of a sore which I had on my ear for over 8 years. I did everything to have it cured, and had the most skillful doctors treating it, but it would not heal up. I went under treatment with Father Morrisey's Ointment, and in a short while it was cured. That was 3 years ago, and I am sure the cure is permanent. When I think how quickly No. 4 Eczema Ointment cured me it seems wonderful indeed, because you know I doctored with several skilled physicians who could not help me. You surely must have a big demand for this wonderful Salve. My only regret is that I did not use it at first, as it would have saved me over 5 years of pain, to say nothing of an unsightly ear and expensive doctor bills."

John Ryan.

Nauwigewauk, N.B., Oct. 3, 1910 "I can gladly recommend dear Dr. Morrisey's Eczema Ointment because it cured me of a sore which I had on my ear for over 8 years. I did everything to have it cured, and had the most skillful doctors treating it, but it would not heal up. I went under treatment with Father Morrisey's Ointment, and in a short while it was cured. That was 3 years ago, and I am sure the cure is permanent. When I think how quickly No. 4 Eczema Ointment cured me it seems wonderful indeed, because you know I doctored with several skilled physicians who could not help me. You surely must have a big demand for this wonderful Salve. My only regret is that I did not use it at first, as it would have saved me over 5 years of pain, to say nothing of an unsightly ear and expensive doctor bills."

GOLF.

LENNOXVILLE VS. WATERVILLE.

Waterville, Oct. 4.—(Special)—Lennoxville Golf Club played Bonnie View Club here, Saturday afternoon.

Tea was served by Mrs. R. O. Hopkinson, Mrs. S. Edgemoor and Mrs. Charles McAllister. There was an unusually large gathering and the evening was much enjoyed.

SPORTING NOTES.

The interior of the curling rink is being painted white.

Mr. Walter Heeger (Wally) of M.A.A. witnessed the start of Saturday's Road Race.

The closing game of the Eastern Townships Association Football League takes place next Saturday, when Sherbrooke Rovers play Y.M.C.A. If Y.M.C.A. win this game they will be champions of the League, although on equal footing with Waterville regarding points, as their goal average at present is better than Waterville's.

There is some talk of Waterville and Y.M.C.A. playing off for the championship but as communication between the towns is difficult at this time of the year it looks as if the goal average will have to decide provided, of course, Y.M.C.A. beat Rovers Saturday.

DEFEATED THE BATTLER.

YOUNG SAYLOR HAD THE BEST OF EVERY ROUND.

Boston, Oct. 4.—Young Saylor, of Indianapolis, gave "Battling" Nelson, the former lightweight champion of the world, one of the worst defeats of his life in twelve rounds of interesting boxing at the Armory Athletic Association last night.

Nelson met a man who was his superior at his own game of infighting.

In the first three rounds the men were in a constant clinch, with both working body punches with good effect. After the third round the men were broken apart from the clinches and Saylor met every rush of the "Battler" with swift left and right swings. Nelson landed few clean punches. Saylor had every round and was given the decision.

AMUSEMENTS

GEORGE M. COHAN'S BIG MUSICAL PLAY COMING.

It is expected that a packed house will witness and enjoy George M. Cohan's masterpiece of tuneful melody, Forty-Five Minutes From Broadway. The play is noted for being clean and bright and possessing an abundance of scintillating wit. The production is still owned by Messrs. Cohan and Harris, which means that it will receive attention from the man who wrote it and first staged it, and this is a big point in its favor. The company this year is in every way competent and a highly enjoyable entertainment is assured.

Forty-five Minutes from Broadway will be the attraction at His Majesty's for one night on October 7th.

THE LA PALME CONCERT.

The sale of seats for the concert to be given here to-morrow night by Miss Beatrice La Palme is already large. It is expected that every lover of good music will be on hand to-morrow evening.

The Montreal Witness makes the following reference to her singing in Montreal on Monday evening:

"The audience which gathered to greet Miss Beatrice LaPalme at the Monument National last night on her first public appearance in Montreal, was enthusiastic. On such an occasion, and when the other attractions of last evening were taken into consideration, the audience was numerous."

The audience had come prepared to tender the talented young singer full and warm appreciation on the slightest notice or encouragement, and many were evidently surprised at the genuine opportunities presented them to become enthused over the work of the singer. Possessed of a somewhat light soprano voice, Miss La Palme has achieved absolute control over same, and gave evidence last night of the thorough and severe training to which it had been subjected. The young lady, however, is more than a charming singer. She is an actress of no small accomplishments and considerable personality, and charmed the audience last night as much by her grace as by her wonderfully expressive voice."

3RD. REGIMENTAL RIFLE ASSOCIATION MEETING CONTINUED.

The third annual meeting of the above Association was continued on Saturday 30th inst. at the rifle ranges. Owing to the Record Road Race and various other athletic meetings the attendance was not as large as previously. The result of the three matches were as follows:

FINANCIAL AND MARKET NEWS.

COUNTRY PRODUCE.

EGG MARKET FIRM.

Montreal, Oct. 4.—Receipts of eggs were 359 cases as compared with 286 for the corresponding date last year.

The tone of the market is firm owing to the falling off in the receipts and the continued good demand from all sources for supplies. We quote prices as follows:

Selected stock, round lots 25c

Selected stock, single cases 27c

No. 1 stock, round lots 21c

No. 1 stock, single cases 23c

Straight receipts, round lots 20c

HONEY MARKET SLOW.

Montreal, Oct. 4.—The trade in honey continues slow, the demand being only for small lots to fill actual wants, and the market in consequence is quiet, with no change in prices to note. We quote:

Clover, white honey 11 to 12

Dark grades 08 to .10

White extracted 07 to .08

Buckwheat 06 to .07

MAPLE PRODUCTS STEADY.

Montreal, Oct. 4.—The tone of the market for maple product is steady, but the volume of business passing is small. We quote: White syrup in wood at 7c to 7 1/2c per lb., with syrup in tins at 7 1/2c to 7 3/4c as to size, and maple sugar at 8 1/2c to 9 1/2c per lb. as to quality.

EASY BEAN MARKET.

Montreal, Oct. 4.—An easy feeling prevails in the market for beans on account of the more liberal offerings from the west for future shipments, and car lots of three-pound pickers are quoted at \$2.05 per bushel, ex track.

GOOD DEMAND FOR POTATOES.

Montreal, Oct. 4.—The demand for potatoes in a jobbing way continues fairly good and prices rule steady at \$1 to \$1.10 per bag for Green Mountains, and car lots are quoted at 85c to 90c per bag.

DAIRY PRODUCE.

CHEESE MARKET STEADY.

Montreal, Oct. 4.—Receipts of cheese were 17,546 boxes as compared with 8,512 boxes for the corresponding date last year. The tone of the local market is stronger in sympathy with the higher prices prevailing at Country points, which is due to the smaller offerings and the keener competition between buyers for the same.

BUTTER MARKET STRONG.

Montreal, Oct. 4.—Receipts of butter were 1,877 packages as against 636 packages for the same date last year. A stronger feeling prevails in the local market in sympathy with the higher prices ruling in the country.
