

## GREATEST VICTORY OF WAR WON BY FRENCH IN SOMME REGION

### Reported That German Lines at That Point Have Been Broken. Allied Offensive Has Been Intensified. Flank Attack by French on Crown Prince's Army May Result in Utter Rout. British Meet With Desperate Resistance for Possession of Hill No. 70, Which It is Essential to Capture in Order to Maintain Loos.

New York, N.Y., Sept. 30.—(Special).—The London correspondent of the Herald says: The stirring description of the glorious behaviour of Lord Kitchener's new armies in the advance on and the capture of Loos, and the story of the British triumph in Mesopotamia, are completely overshadowed by the report that the French, still advancing, have reached Hill No. 140, the topmost crest at Vimy.

It is whispered everywhere that the French victory is much greater than the official communique reports, and that the German lines, despite the reported presence of the Kaiser on the western front, have been broken at the Somme, and that the Crown Prince's army is in danger of having its communications cut.

This is sent under the greatest reserve, but where there is smoke there is fire, and every one here believes the French have scored the greatest victory of the war in the West as the result of their splendid advance.

ACCESS TO OPEN BATTLEFIELD. One hundred meter hill, which gives to the French access to the barren Vimy Plateau, and the first open battlefield they have encountered in all the Artois sector. At the same time it places them further east than they have appeared at any time since early October, 1914, when the vast flanking operations were ended in a deadlock at the North Sea were in progress.

ALLIED OFFENSIVE MAINTAINED. There was no indication last night of a decrease in the force of the allied offensive. On the contrary, at certain points on the long front it seemed intensified, notably in the Souchez neighborhood, at Loos and north of Messiges in Champagne. The French here have brought their right up until it has passed north of the front erupted by the Crown Prince in the neighboring Argonne. Unless he has strengthened his right materially where it bends north from Vimy, he will be compelled to fall back from his advanced positions at Pour de Paris, La Fille Morte and Fontaine Madame and Solente, or lay himself open to a flank attack that is almost certain to end in utter rout, is the opinion here.

BRITISH HAMMERING THIRD LINE. The British yesterday were making their main effort against the third German line south of La Bassee Canal and east of Loos. The British line is now to the east of Loos and is advancing along the line of the railway leading to Cite St. August. Between Loos and Cite St. August is Hill No. 70, in which the Germans are strongly entrenched. The fighting for the possession of Hill No. 70 is still raging, and with the Germans putting in heavy reserves to maintain their hold on this most important position, Hill No. 70 is essential in order to maintain Loos, and it may be expected that the British will never stop until they have made their hold on Loos good by full possession of the elevation.

SOUCHEZ NOW IN FRENCH HANDS. Souchez, which lays in front of the French left wing, and which has been the scene of the most sanguinary fighting throughout the spring, is now found in French hands. The first French attack succeeded in carrying the cemetery of that place, and finally the Chateau de Carleu. The French line was carried before Souchez to a distance of three quarters of a mile, and is now right up to the base of Hill No. 140 and to the outskirts of Givendry En Goble. The village of Angres is still in German hands and has been the scene of continuous fighting since last Sunday. The Germans put in strong reinforcements at this point and also at Lewin, which they continue to hold.

MAY BREAK RAILWAY COMMUNICATION. The immediate danger to the German position lies in the possibility that the British may be able to push their advance beyond Hulluck and through Biennfontaine and get astride the railway running from La Bassee to Pont Au-Bendra. This railway continues on to Lens and is a feeder to the entire German line between Lens and Arras.

The danger is accentuated now by the reported gains by the British along the French railway which passes south of Hill No. 70 and reaches to Cite St. Auguste. If the British reach Cite St. Auguste and Pant-A-Vendin, or either place, then Lens becomes untenable, and with it the entire line of German entrenchments between Lens and Arras.

GERMANS RUSH ALL AVAILABLE MEN INTO FRAY. London, September 30.—The Allies' offensive in Artois and the Champagne is still being persevered in, and, according to French accounts, further progress has been made in both areas.

In Artois the French claim to have reached Hill 140, which lies directly east of Vimy, and is the culminating point of the crests named after that town. The importance of the hill lies in the fact that it commands the plains to the east, the network of roads and the railway which runs from Lens southward.

## FRENCH TAKE IMPORTANT POSITIONS

### In Champagne French Troops Have Gained Footing on German Second Line of Defence

AIRMEN DO MAGNIFICENT WORK NOTWITHSTANDING UNFAVORABLE CONDITIONS. Paris, Sept. 30, 2.47 p.m.—(Special).—In continuation of the general offensive movement on the western front, the French have captured an important defensive work of the Germans south of Ripont, it was officially announced by the war office to-day.

In the Champagne French troops have gained a footing at various points on the German second line of defence, the official statement adds. The text of the communication follows: "The only resistance of the enemy in the Artois district has been a very violent bombardment of our new positions to the east of Souchez."

"In the Champagne district we have secured a footing at several points in the trenches of the German second line of defence, to the west of Butte de Tahure and to the west of the Navarin farm. "At this latter point certain detachments of our troops made their way through and resolutely advanced beyond the German lines, but it was impossible for them to maintain this advance because of a curtain of fire maintained by the German artillery, as well as a very violent flanking fire. Our men, however, hold firmly the points conquered by them on the second line of the enemy."

"To the south of Ripont we have enlarged and completed our conquest of the first line German positions by taking possession of a portion of the important supporting works known locally as the 'Ouvrage de La Defaite,' the defeat earthwork. The night passed quietly along the remainder of the front.

AIRMEN DO GREAT WORK. "In spite of most unfavorable atmospheric conditions our air squadrons yesterday bombarded the lines of communication behind the German front. Shells were thrown down on the railway stations and in the Valley La Soupe, Bazancourt, Warnerville, Pont Faverges and St. Hilaire le Petit, as well as upon a German column marching near Somme-Py."

## GENERAL JOFFRE STRUCK FIRST

### Plans of Crown Prince in the Argonne Were Ruined By Allied Attack

PRUSSIAN GUARDS AND OTHER FIRST LINE REGIMENTS WERE SENT FROM EASTERN FRONT TO ARGONNE. Rotterdam, Sept. 30.—The furious storm of shells that burst from the French and British guns behind our lines at Ypres and at further south beyond the borders of Flanders did more than shatter the German trenches. They broke into fragments the enemy's plans and dispositions. In recent weeks the enemy had been pouring troops into points of concentration behind the western line. From the eastern front there came contingents of Prussian Guards and other first line regiments. By train and road have arrived light and heavy guns in enormous numbers and supplies of every description. At the same time there are constant reports having their origin partly in discussion among German officers at Brussels, that another attempt was to be made to break through the Allies' line and force something like a decision in the west. It was the Crown Prince, rumor ran, with his army in the Argonne, who was to undertake this attack as soon as sufficient forces from the eastern front were at his disposal, but the Allies struck first, and struck elsewhere, and the Argonne plans were reduced to a mere counter-offensive with the object of weakening the French attacks in Champagne.

DAMAGED ITALIAN BATTLESHIP IS STILL AFLOAT. Rome, Sept. 30.—(Special).—The Italian battleship Benedetto Brin, on which there was a violent explosion following a fire, is badly wrecked but still afloat, according to the Messagero.

Several guns already have been taken out and preparations are being made to lift out the bigger ones, the newspaper says.

## STATE OF SIEGE IN MACEDONIA

### Bill Providing for This and Loan of \$30,000,000 Passed By Greek Chamber

MEASURES WERE ENTHUSIASTICALLY RECEIVED AT A SITTING OF THE DEPUTIES. Athens, Sept. 30.—(Special).—Bills proclaiming a state of siege in Macedonia, providing help for the families of men called to the colors, and providing a credit of 150,000,000 drachmas (\$30,000,000) to meet the expenses of mobilization, were enthusiastically applauded and voted at a sitting of the Chamber of Deputies to-day.

## HIGH TRIBUTE TO KITCHENER'S ARMY

### Correspondents Tell of Splendid Work in First Important Engagement

GERMAN STAFF SEIZED WITH PANIC WHEN BRITISH ENTERED LOOS. London, Sept. 30.—(Special).—The British special correspondents at the front continue to-day the story of the western battlefield. They pay a high tribute of admiration to the fine qualities of "Kitchener's army," which here, for the first time, has been engaged in important operations.

According to one writer the panic in which the German staff is reported to have fled from Loos indicates that the entry of the British was unforeseen. Field guns mounted on concrete platforms, this correspondent says, were still hot and with shells in position when the Germans departed.

## RECRUITING NOT EQUAL TO NEEDS

### Kitchener, However, is Said to Prefer Present Volunteer System

London, Sept. 30.—(Special).—Preference for continuation of the volunteer system is said to have been expressed by Earl Kitchener at a meeting of Labor executives. He said, however, that the present rate of recruiting was not equal to the needs.

## TWO GENERALS FELL IN ACTION

### Lieut.-Gen. Sir Thompson Capper and Major-Gen. G. H. Thesiger Among British Casualties

London, Sept. 30.—(Special).—The British casualties in the recent offensive action on the western front included Lieut.-General Sir Thompson Capper and Major-General G. H. Thesiger, both killed.

## 165 MEMBERS AT THE FRONT

### Good Contingent of Quebec Odd Fellows With Fighting Force

DISTRICT MEETING OF I.O.O.F. HELD AT RICHMOND LAST EVENING. Richmond, Sept. 30.—(Special).—The annual district meeting of the I.O.O.F. was held here, last evening, with a large attendance.

The district includes the lodges of Richmond, Danville, Windsor Mills and South Durham. All were well represented and favorable reports were given of the condition of the several lodges. D.D.G.M. MacIntyre, of Windsor Mills, presided.

The Grand Master, R. W. Dixon, and Grand Secretary T. J. Potter, were out from Montreal to attend the meeting, and a number of Grand Lodge Officers and Past Grandmasters from the district were present.

## NEW ORLEANS SWEEP BY STORM

### Ten Persons are Known to Have Been Killed and 150 Injured

PROPERTY LOSS WILL EXCEED A MILLION DOLLARS—WIND AT 130 MILES AN HOUR. New Orleans, La., Sept. 30.—(via wireless to Mobile).—(Special).—Ten persons are known to have been killed, 150 injured and property loss exceeding a million dollars was caused by the destructive West Indian hurricane which struck this city at 6 o'clock last night.

At intervals a terrific gale swept through the city at a velocity of 120 to 130 miles an hour, according to the figures of the local weather bureau, and the average prevailing velocity between 5.30 and 7 p.m. was in excess of 80 miles an hour.

## FRAUGHT WITH SIGNIFICANCE

### Owing to Military Necessities Cables to France Will be Subject to Indefinite Delay

New York, Sept. 30.—(Special).—An announcement that may be fraught with significance because of the military activity in France, was made by the cable companies here to-day. It is to the effect that the French administration has given notice that on account of military necessities cablegrams to France and through that country will be subject to indefinite delay.

## E. T. BOARDS URGE SAFETY FIRST IN INVESTMENTS

### Mr. P. C. Duboyce Tells of Many Schemes to Separate People from Their Money—Victims Can Always be Found—Some Instances—Need of Protective Legislation in This Province—"Investigate Before You Invest," Good Advice.

(Seventh Article Eastern Townships Associated Boards At Knowlton) That farmer gave to a stock agent his notes for \$1500 and had to apply to a notary for \$1800 to pay both claims. That man would never come back financially, neither would the "guy" come back.

Mr. Duboyce mentioned many instances where the effect had been the reduction of savings bank accounts, and hardships and want in several other cases. The cure for all this in his opinion lay in a system of education which he thought the Associated Boards of Trade should take up. The victims were led astray by the hopes of big profits which would never be realized.

THE VERMONT LAW. The state of Vermont would not allow anyone to sell stock within its limits unless the company had a license from the bank commissioner which could only be obtained after a statement of all its affairs had been sworn to by the officials of the company. A heavy penalty was inflicted for a false declaration and the license was revoked in the event of the standard being lowered afterwards.

PROTECTIVE LAWS IN THE WEST. In Manitoba the services of the Public Utilities Commission were made use of in connection with this question. No alteration in the status of a company could take place without the chairman being notified. Severe penalties were inflicted for any infraction of the law and no stock peddler could sell stock there without a license.

E. T. BOARDS WILL STUDY MATTER FURTHER. On the motion of Mr. R. C. Wilkins of Farnham seconded by Mr. G. F. Payne the committee of which Mr. P. C. Duboyce is chairman was continued in office to co-operate with the executive in making further investigations and decide upon the best course to adopt with a view to an effectual remedy.

The Committee submitted a resolution urging safety first in investments, investigation before investment, and suggesting the need of a legislature as a further protection of the public.

The matter remains with the committee for further inquiry into the legislative requirements. The Associated Boards, however, appeal to the Eastern Townships public to be on their guard against stock peddlers and get rich quick schemes. Many safe investments are available to-day first class securities being offered and which will yield good interest rates.

"Safety First" is urged as a good principle to follow in investments to-day. To this should always be coupled "Investigation before investment."

MARKETING OF HALF BILLION CREDIT LOAN. New York, N.Y., Sept. 30.—(Special).—Complete details of the method of marketing the \$500,000,000 joint Anglo-French five-year bonds probably will be announced late to-day by J. P. Morgan & Co.

GENERAL BOTHA ON PLAN TO TAKE MEN TO EUROPE. Cape Town, Sept. 30.—General Botha speaking at an election meeting at Kroonstad said decidedly that if anybody in the next Parliament attempted to introduce a bill to commandeer men for Europe his government, if returned to power, would strongly oppose it.

LONDON WILL BE VERY MUCH IN THE DARK. London, Sept. 30.—(Special).—The police have issued an ordinance further restricting the lighting of London at night.

When the new order becomes effective on Friday night, virtually all that remained of directly visible lights in the metropolitan district will disappear.

THE WEATHER. Moderate winds, fine and a little warmer.

THE CANADIAN BANK OF COMMERCE. SIR EDMUND WALKER, C.V.O., LL.D., D.C.L., President. JOHN AIRD, General Manager. H. V. F. JONES, Asst. General Manager. A MAN OF UNTOLD WEALTH

Ameer of Bokhara Has Largest Private Hoard in the World

The largest private hoard in the world is probably owned by the Ameer of Bokhara, the Russian vassal State in Central Asia. According to the Turkestanian Krai the Ameer possesses in his stronghold a vault 315 feet long, 45 feet wide and 20 high, completely filled with gold bars and coined gold. Some years ago the Ameer had another vault built to hold his savings, and the new storehouse is now almost almost full. There is at the Bokhara court an enormous cash book, which has served for generations and in which all revenues and expenditures are supposed to be put down, but also for generations it has never been cracked with the "cash in hand." Grafting is the easiest thing in the world in Bokhara. The Ameer's officials draw no salary. They are appointed on the understanding that they must keep themselves on what they can make out of their arduous offices. Then there is a small contribution toward the upkeep of the Russian police in the protectorate and the maintenance of the Bokharan "army" which has shrunk to a mere bodyguard. The Ameer's annual savings, it is calculated, amount to more than \$8,000,000 a year.

CARGO OF PACKERS' PRODUCTS GOES TO PRIZE COURT

London, Sept. 30.—The cargo of packers' products on the Norwegian steamer Vitalia, from New York, August 19, for Rotterdam, was thrown into prize court today, notwithstanding the fact that the goods were consigned to the Netherlands Overseas Trust. The British Government contends that there were fats and oils in the cargo which were not consigned to the Netherlands Trust.

LETTERS TO THE EDITOR

THE LIQUOR QUESTION.

Editor of Record. Dear Sir:—I have no desire to again enter into a newspaper correspondence with regard to the liquor question, but facts are stubborn things. In one of my letters I stated that on a Monday morning 50 to 60 were brought before the stipendiary magistrate for intoxication. I don't often get a Portland paper, but today I have a copy of the Portland Argus, Sept. 6, brought by a lady friend who is visiting us. Our prohibition friends should read, mark and learn what is taking place daily in the home of prohibition, where there is more liquor consumed per ratio and more arrests for drunkenness than in any other city in the United States with the same number of inhabitants. Prohibition causes more drunkenness than where there are licensed houses. Prohibition has been a failure from its inception in the Garden of Eden up to the present time. Those who read their Bibles carefully are forced to admit this. I am no advocate for the liquor trade, but seek fair play for all. It is a weakness in many that they will and do seek that which is prohibited. Why the deputies did not find more drug stores with liquor on the premises is because soon as a search is begun the phones are kept hot warning all members of the liquor sellers' association and all stock is quickly moved. Thanking you for your courtesy I remain, Yours faithfully, JOHN JAQUES, Windsor Mills, Sept. 8.

MR. E. P. STEVENS WRITES AGAIN.

Editor of Record: Dear Sir,—Apparently some of the prohibitionists of Brome County are annoyed at the position which I saw fit to take in the campaign just ended. Perhaps you will allow me to explain my reasons through the columns of the Record. I was a resident in Knowlton during the period the Scott Act was in force, to wit, from 1885 until 1899, and the conditions during that period were sufficient to disgust anyone, and is so admitted even now by the then Scott Act supporters. The law was not enforced, there was continually and conspicuously illicit selling, drunkenness and disorder almost daily occurrences, until finally the Act was repealed by a majority of 532 in 1899.

Upon reading the report of the Royal Commission which required two years for exhaustive investigation, visiting Europe, the United States and various places in Canada, I discovered that I was far from being alone in my views, to wit: that local option did not prohibit but was impractical and unworkable. I made three speeches in the County, and at each one after stating my views, I quoted from the report of the Royal Commission in which was the testimony of bishops, clergymen, bankers and other financiers, philanthropists, professionals and others in high standing in various vocations of life. I did not quote any from a long distance but confined myself to those whose names were familiar to the public in general. Some of them stated they had experience in Scott Act Counties, and one was a former resident of Brome, and that there was no perceptible difference during local option period or license, and some of them maintained that of the two they preferred the license. As I have above stated, in 1899 the people of Brome County voted for license by a majority of 532. Shortly after this vote was taken Mr. Green, the present proprietor of the Lake View House at Knowlton, who enjoyed a high reputation as a hotel man, was impudently and encouraged to purchase this hotel and move to Knowlton, and also by the further assurance of this majority of 532, that he would be granted a license. He gathered together his available resources and invested in the hotel here, and in the meantime the people in our village were continually congratulating themselves, also, one another on having such a well-kept and well-managed hotel, and it is a well known fact that it stands second to none in cleanliness, comfort and edibles. Mr. Green has furthermore expended every cent he has in the hotel during the past fifteen years in additions, alterations and refurbishings, also a steam heating plant at a cost of \$2,000. Now, let me ask, is it fair that after encouraging Mr. Green by this majority vote of 532 as well as otherwise deliberately set fire to his buildings, that is, to commercially destroy them, the fruits of his years of toil. Let me draw a comparison which by the way I do not consider impossible, nor improbable: Suppose that the temperance people after years of hard labor succeed in carrying the Canada Temperance Act in a large majority of the constituencies of the Dominion and they begin to congratulate themselves on the result when to their surprise a bill is introduced in Parliament to repeal the said Canada Temperance Act, and as a result all their labors come to naught. One may bring up the chestnut argument that it is a bad business, but the public put their signature and seal to the contract by a majority of 532, and I can't see how a man with a spark of conscience could, under the circumstances, now vote the other way.

I look my position because local option had, and I also think that anyone who voted one way in 1899, and another way in 1915, has not done as he would wish others to do unto him. My conscience does not trouble me one bit, I would do the same over again, and any one who entertains ill-will towards me for the position I have taken I do not think his good-will would count for much. Yours truly, E. P. STEVENS, Knowlton, Sept. 27, 1915.

ASCOT CORNER.

Miss Nora Murphy to Stoke for a short visit to her uncle and aunt, Mr. and Mrs. D. Weir; Mr. L. Lock to East Angus for the winter; Mrs. Ed. Lock and daughter of Sherbrooke Sunday guests of Mr. and Mrs. Lock.

MEGANTIC CO. HAPPENINGS

Budget of News from Various Sections of County

INVERNESS. Mrs. William H. Watchorn, formerly Miss Mary M. Andrews, of Inverness, Megantic County, was born on August 21st, 1871, married July 29th, 1902, and died Sept. 21st, 1915. She was the third child of Mr. and Mrs. George Andrews, of Hamilton Range, Megantic County. She was a teacher of ability, graduating from the Inverness Academy in the year 1888. She spent several years teaching in the County of Megantic, afterwards going to Morin Heights, where she met Mr. William H. Watchorn to whom she was afterwards married. During the last two years she suffered much from internal cancer, and though submitting to two operations followed by X-rays treatment, all proved unavailing to preserve the life of one so greatly beloved by all who knew her. She is survived by her husband, Mr. William H. Watchorn, and one son, Master George Watchorn, two children having died in their infancy; her father and mother, Mr. and Mrs. George Andrews; three sisters and four brothers, Mrs. J. L. Ritches, of Sherbrooke; Mrs. William Wannon, of Parkland, Alta., and Mrs. J. A. Kinneer, of Inverness; Mr. Wm. A. Andrews, Mr. A. B. Andrews, Mr. O. G. Andrews, all of Parkland, Alta., and Mr. N. Andrews, Inverness, who have the sympathy of the community. During the past six months of her life she had her sister, Mrs. J. L. Ritches of Sherbrooke to minister to her needs and whose kind attentions were constant both by day and night, till the end came. Her pastor, Rev. Dr. Lawson, was faithful in his attendance to the suffering one. He conducted the funeral service, speaking to a packed audience of sympathetic hearers. Dr. Lawson spoke in the highest terms of the deceased, and of the affectionate esteem in which she was held by her former pupils and the public in general; also, of the great benefit he himself derived, from his frequent visits to her during her protracted illness. His text was, "There shall be no night there," and the sermon, which was most appropriate and comforting, was followed by a solo by the pastor entitled "No night there," which was followed by the choir.

NOTES OF NEWS FROM THEFTFORD

MRS. PORTER THROWN FROM BUGGY AND HAD ONE EYE PIERCED.

Theftford Mines, Sept. 30.—(Special)—A serious accident happened to Mrs. B. Amadon's mother, Mrs. Porter who resides at Clapham, Mrs. Porter and her youngest daughter Winnie, were driving home from Christ's Church, Lower Inland having attended morning service. When turning out of the road from the Church the horse took fright at a little boy who held an umbrella and jolted. The vehicle was upset throwing both occupants clean out of the buggy. The daughter, Winnie, escaped with only a few scratches, but the mother was thrown on a barbed wire fence, one barb piercing an eye. On Monday she was taken by friends to the Royal Victoria Hospital, Montreal, where the eye was removed. It was feared at one time that both eyes would be lost but happily it is not so.

The Oddfellows Lodge has fixed a new sign which is lighted up by an electric intermittent light. Strangers coming to town have had a difficulty in finding out the Lodge room hence the sign was very necessary. Mr. Frechette the Portuguese, Consul Brazil visited town on Saturday. Miss Dean elder daughter of Mr. and Mrs. Lewis Dean has passed her final examination at the Royal Victoria Hospital, Montreal most successfully. Miss Dean will finish her training in December and will then stay with her parents for some time.

Regular Monthly Meeting of Board of Trade Will be Held This Evening For Important Business

LADIES CONNECTED WITH THE RED CROSS SOCIETY ARE WORKING HARD.

Bedford, Sept. 30.—(Special)—A large number of people were present at the chicken pie supper which took place in the entertainment hall of the Methodist Church on Tuesday evening. The menu was certainly an excellent one and the ladies of the church for providing good things to tempt the appetite, and the many that sat down to supper were soon passing along compliments to the cooks who shared in preparing the feast. The attractive programme that followed, consisting of an address by the Rev. Mr. Brown, Frelighsburg, as well as several musical numbers, proved an enjoyable feature of the programme. The national anthem brought the exercises of the evening to an end.

VETERANS LAID LOW. The rain and wind storm which swept over this section on Sunday did more or less damage to many of our shade trees. Some old veterans which had stood the blast for many years were laid low, and in many instances blocked the highways.

SHOULD SOLVE EDUCATIONAL QUESTION. It is hoped that the efforts of the Eastern Townships Boards of Trade, assisted by the local organizations, will find a satisfactory solution to the school text book question, which for many years back has been the cause of much discontent. Compulsory and free education, which is in vogue in other communities, is an important question for discussion.

B. OF T. MEETING TO-NIGHT. The regular monthly meeting of the Board of Trade will be held on Thursday evening, the 30th instant. This meeting should be largely attended. Questions arising from the quarterly meeting recently held at Knowlton will be on the agenda paper. Business men are gradually getting alive to the importance of the Board of Trade.

A FEATHERED HOUSEBREAKER. An unusual case of housebreaking is reported by Mr. Saunders, druggist. At an early hour on Tuesday morning Mr. Saunders was disturbed by the breaking of glass, and on investigation discovered the intruder to be a full grown partridge. The feathered offender was at once seized, and the sentence imposed later on, though severe, will prove a toothsome stew to the captor.

ACKNOWLEDGE GIFT OF TOBACCO. Mr. A. B. Foster, secretary of the Missisquoi Conservative Association, is in receipt of the following letter acknowledging a gift of tobacco from that Association: "Dear Mr. Foster:—Your tobacco received and was pleased to receive it, and we wish to thank you very much for it. A good puff from a pipe keeps our nerves up when the Huns start the ball-rolling. Thank you again,—Edgar Bertrand, 6th Batt., C. F. I."

RED CROSS SOCIETY AT WORK. The weekly meeting of the Bedford branch, Red Cross Society, was very largely attended. The interest the ladies of Bedford have been taking in this work is very encouraging. There are, however, a large number of ladies who have not yet done any work for the Red Cross, and it is hoped they will soon begin to realize how necessary it is for them to do their "little bit" for the boys at the front. The strain is tremendous and the necessity great. Anyone who can knit or sew will find plenty of work to do. Won't you come and join us in our efforts?

NOTES. Mr. R. V. Russell has returned to Bedford after spending his vacation at his home in St. Catharines, Ont. Mr. B. W. Guthrie, Mystic, was a week-end visitor in Montreal.

TO PURCHASE SHIPS IN CHINA. Copenhagen, September 30, via London.—For the first time in history Chinese shipbuilders are competitors of the European yards. A steamship company of Drammen, Norway, has ordered three destroyers in China, to be delivered in 1916 and 1917. The placing of this order in China is due to the unusual pressure on the home yards.

It was a time when Tim should have been in active service that he was discovered by his sergeant in a hole well out of the way of even a stray bullet. "Get out of that hole!" commanded the sergeant sternly. "Get out of it immediately!" The usually good-natured Irish face looked up at him with stubborn resistance written on every feature. "You may be me superior officer," he answered boldly, "but all the same, O'm the one that found this hole first."

What The Patriotic Lady Workers Have Accomplished in The Past Year For The Cause

HARVEST HOME OF THE METHODIST CHURCH WAS A SUCCESSFUL AFFAIR.

Stanbridge East, Sept. 30.—(Special)—The report of the Stanbridge East branch of the Red Cross Society for year ending September 17, 1915, is as follows: Cash received, \$171.25; expenses, \$136.98; balance on hand, \$34.27. The following articles have been forwarded to the Red Cross Society, Montreal, Belgian Relief Fund and the Daughters of the Empire since October, 1914: 204 face cloths, 14 pairs wristlets, 11 scarfs, 29 pairs drawers, 63 dresses, 33 night gowns, 41 petticoats, 4 suits children's pyjamas, 4 blouses, 56 pneumonia jackets, 16 suits pyjamas, 6 surgical shirts, 55 bandages, 433 pairs socks.

HARVEST HOME FESTIVAL. The harvest home festival in the Methodist Church was the most successful one yet held. The church was nicely decorated with vegetables and flowers. The supper provided by the ladies of the congregation cannot be too highly spoken of, and the new kitchen proved the great convenience in serving the same. The programme which followed the supper consisted of addresses by Rev. J. Hinton, of Cowansville, Rev. T. Knowles, of Dunham, and Pastor A. J. Ward, of Bedford. Rev. C. H. Brown acted as chairman. Everyone was delighted with the excellent addresses. Two choruses by the choir, a song by the male voices, and a duet by Rev. J. Hinton and Rev. C. H. Brown, were all well rendered and much enjoyed. The proceeds amounted to \$70.

GOOD TREATMENT OF SOLDIERS. A letter was received from Mr. Harry Beatty by his parents last week. He is at present in England and has just left the hospital. He was confined on account of ptomaine poisoning for two weeks in the Beverton Home. He wrote of good treatment received and speaks of pyjamas, night gown, socks and handkerchiefs given him there, and he sees the good work of those who are sewing and knitting to make the soldiers comfortable.

FENCES AND TREES BLOWN DOWN. A heavy storm of rain and wind passed over here on Sunday, blowing down fences, breaking down trees and telephones and electric light wires. Mr. D. Phelps had about 75 maples blown down.

INSURANCE WAS \$2,400. In reporting the insurance received by Mr. Herbert Laduke on his creamery, which burned down last week, an error was made. The amount received was \$2,400, instead of \$800, which all will be pleased to hear.

NOTES. Mr. Larive, who has been working for Mr. C. Van Antwerp at Frelighsburg has rented a blacksmith shop here belonging to Mr. J. A. Van Antwerp, and will work here in future. The closing service of the series held at the Laraway schoolhouse this summer will be held next Sunday at 10 o'clock. Mr. E. L. Hodge will conduct the service. Mr. E. L. Carter to Boston to attend the Bible School. Miss M. Beatty is teaching now in the elementary department of the school.

TURKEY PROHIBITS PUBLIC DRUNKENNESS.

It has long been claimed on behalf of the Turk that in common with other Mohammedans, he was a teetotaler. He "hit" the pipe but not the bottle, and, therefore, to a degree that made him a worthy example to many other races, he was a model of one brand of temperance. That the Turk did not drink was a part of our stock of general information.

Misinformation, said an English traveller, who had spent much time in Turkey and carefully studied the Turks' habits. He asserted that the Turks are not strangers to the cup that both cheers and inebriates. The traveller's assertion is borne out by a special trade recently promulgated by the Sultan, making public drunkenness a crime punishable by court martial.

If the Turk is a teetotaler how comes it that there is any public drunkenness in his country? Of course, if he is simply a prohibitionist one could understand it; but a teetotaler is another story. If we deny the Turk temperance what virtue has he left?

\$4 Saved Two Fingers. While at work in the St. Lawrence Sugar Refinery, J. V. Bernard, of 539 Craig Street E., Montreal, had his hand badly crushed by the falling of an iron beam. Two fingers, particularly, were so badly crushed that the doctors, who were called to attend him, said they must be amputated. Mr. Bernard, however, had heard of the wonderful healing properties of Zam-Buk, and he refused to have the fingers taken off. Instead he had the fingers and the crushed hand dressed with Zam-Buk. This, he says, stopped the bleeding, eased the pain, and put the wounded members on the way to recovery. Every day he had the Zam-Buk dressing replaced, and by the time he had used eight boxes of Zam-Buk the fingers were completely healed, he could use them as before the injury, and his hand, too, was quite restored. Just think what this really meant! Think what it means to go through the world with a maimed hand, and minus two fingers! Practically a cripple! Ordinary treatment would have meant just that to Mr. Bernard. The Zam-Buk saved him from it! By a trivial expenditure of \$4 in Zam-Buk, the world's greatest balm, he saved himself from disablement for life! Take the lesson to heart! If you have any injury, blood-poison, or any diseased tissue, old wound or suppurating sore, apply Zam-Buk. Don't waste time! Zam-Buk builds up new tissue, heals wounds, cuts, burns and bruises, ends eczema and eruptions, heals cold cracks, cures piles, and is the most useful and most effective balm known to present-day science. All druggists and stores sell at 50c. box, or post free for price from Zam-Buk Co., Toronto. Refuse harmful imitations and substitutes. Get the real thing and see the name on the box before purchasing. Imitations and substitutes of Zam-Buk would not have saved Mr. Bernard's fingers, and will not save yours!

Mrs. F. Payne, of Alexander street, who underwent an operation on Monday last is doing as well as can be expected.

Mr. Thos. J. Parkes has gone to Montreal to attend the funeral of Mr. Robertson Macaulay, the late President of the Sun Life of Canada.

Mrs. Farthing, wife of the Bishop of Montreal, who has been the guest for a week of her sister, Miss Kemp, Moore street, left for her home in Montreal today.

There will be a Wood Bee and weather discussion at the Club House of the Sherbrooke Snowshoe Club on Saturday afternoon next. All members invited.

Mr. and Mrs. Reinhard Groeling have returned to Staten Island, N. Y., after visiting Mrs. F. Rodda, at Capelton and Mrs. Jas. McCrea, at Lennoxville.

Rev. H. R. Biggs has returned from Coaticook, where he was the guest of the Rev. Cecil Stevens, at the Rectory, and preached at the Harvest

Thanksgiving service at the Anglican Church.

Mr. L. D. Brewer, who has been spending part of the summer in Sherbrooke, left yesterday for New York.

Mr. and Mrs. M. Dingman, of Heathton, and their two children are spending a few weeks in town with relatives.

Mrs. Alex. Forrest who was the guest of her sister, Mrs. J. F. Kerr, High street, for a couple of weeks, has returned to her home in Quebec.

Dr. and Mrs. Albert Dufresne (Miss Laetitia Millette) who have returned from their wedding trip, were the guests of Mr. and Mrs. C. S. Millette Sanborn street, before returning to their home at St. Elie de Carleton.

Mrs. L. A. Parkin, who for the past month has been the guest of her daughter, Mrs. Robert Wyatt, has gone to Hamilton, where she intends to make her home in future with her grand-daughter, Mrs. Chas. Wigg.

Dr. R. B. Speer, specialist in eye, ear, nose and throat diseases, has opened an office in the Whiting Block. Dr. Speer, who is a graduate of McGill and Dalhousie Universities, received his training in the Royal Victoria Hospital, Montreal, following this with a year's special study in Edinburgh and London.

The hostesses at the Guild tea, at St. Peter's Church Hall, yesterday, were Mrs. Aitken, Mrs. J. F. Wells, and Mrs. Parnale. Many members and friends were present and a pleasant hour was spent "over the tea cups." Mrs. S. A. Jones presided at the table.

The tea given Tuesday afternoon by St. Agnes' Guild in the Hall of the Church of the Advent, Bowen Ave., was an enjoyable affair and well attended. The hostesses were Mrs. G. Wiggitt and Mrs. Wilcox, and tea was poured by Mrs. Wark. The decorations of the tables and the hall were particularly pretty, and the refreshments unexceptionable.

The first meeting of the season of the Junior Ladies' Aid of the Methodist Church, was held Tuesday evening at the home of Mrs. George C. Hall, Cliff Road, the President, the majority of the members being present. After the usual preliminaries, the plans for the winter's work were discussed and practically decided on. Arrangements were made for a Halloween party to be held in Wesley Hall, Friday, Oct. 29th, with others to follow at intervals. At the close of the business meeting a social hour was spent, refreshments served, etc.

Pte. Reid Moe, who is at Valcartier with the 35th Field Battery, C.F.A., for overseas, is acting Quartermaster Sergeant during the absence of Quartermaster Sgt. C. F. Fuller, who is in Sherbrooke on military business. Pte. Moe spent a couple of days in the temporary hospital at the camp from the effects of a severe cold and the inoculation for typhoid fever, but is again in his usual health. The conditions at Valcartier during the violent snow, rain and wind storm of Sunday and Monday must have resembled those at Salisbury Plain last winter, many of the tents being flooded out.

ST. ANDREW'S CHURCH. Members of the choir are requested to meet in the Church Hall at eight o'clock prompt tonight (Thursday), instead of to-morrow night, for special practice.

All are invited and welcome.

MEETING OF POULTRY ASSOCIATION.

An important meeting of the Sherbrooke Poultry Association will be held in the offices of the Eastern Townships Agricultural Association on Tuesday evening next, October 5. The prize list and many other matters in connection with the Annual Winter Show will be arranged at this meeting. A full attendance of members is requested.

DR. C. J. EDGAR'S RECENT PROMOTION.

Dr. C. J. Edgar, formerly of North Hatley, who volunteered for active medical service, early in the war and was for some time chief surgeon on the ambulance ship, Carisbrook Castle, plying between France and England, has recently been promoted to

a captaincy and has been given command of the ambulance ship "Massilia."

Surgeon-General Donovan, in announcing to Dr. Edgar his promotion told him it was in recognition of his "splendid work" at Netley and on the Carisbrook Castle.

He also informed him that he was the first colonial in this war to be given a separate command in either the British Army or Navy.

The first trip made by Dr. Edgar, after his appointment, was to the Dardanelles. The "Massilia" brought back to England a shipload of wounded Australians, New Zealanders and British, and has returned to the Dardanelles. Dr. Edgar speaks in optimistic terms of the outlook in the Dardanelles, and expresses the opinion that the final result is in no doubt whatever.

## OFFICIAL FRUIT BULLETIN

Fruit Branch—Dept. of Agriculture Canning and preserving fruits are almost done, although some good peaches may even yet be obtained. Those who have not canned or preserved sufficient to last for a year, should act promptly. Do not forget that grape jelly is delicious and a liberal supply should be on the shelves for the coming winter. Get Smock Peaches, the latest and one of the best for canning, this week. If you can still get a few Elbertas, take them. Some good prunes are still available. Do not forget our soldiers. Do up a few jars for them and communicate with the Canadian Club or Red Cross Branch in the nearest city.

### MARRIAGES

**HETHERINGTON-WEYLAND.**  
Marbleton, Sept. 30.—(Special)—St. Paul's Church, Marbleton, Que., was the scene of a very pretty wedding on Tuesday evening, September 28th, when Alice Mary, only daughter of Mr. Chilton M. Weyland, was married to Mr. William Edward Hetherington of the Canadian Bank of Commerce, St. Hyacinthe, Que., and son of Mr. and Mrs. Jas. Hetherington of Sherbrooke.

The church was beautifully decorated for the occasion by friends of the bride. The ceremony, which was performed by the Rev. John V. Young, incumbent of the parish, took place at 6 o'clock in the presence of a large number of friends. The bride, who was given away by her father, wore a beautiful gown of ivory satin, with train and pearl ornaments her tulle veil was arranged in mob cap effect with orange blossoms and carried a bouquet of bridal roses. She wore the bridegroom's gift, a pearl pendant.

The bridesmaid, Miss Florence Hunt was gowned in pale pink silk, with large black velvet hat and carried a bouquet of pale pink American Beauty roses. Mr. H. A. Johnston of the Canadian Bank of Commerce, Sherbrooke, acted as best man while the ushers were Mr. Maurice Weyland, brother of the bride, and Mr. J. I. McCabe, manager of the Canadian Bank of Commerce, Marbleton. The wedding music was rendered by Mrs. K. L. Munkittrick of East Angus, aunt of the bride, and during the signing of the register Mr. E. J. Loselle, Montreal, sang a song of Thanksgiving accompanied on the organ by Miss Maud Rolfe.

Immediately after the ceremony a reception was held at the home of the bride's father.

The bride was the recipient of many beautiful and valuable gifts, among them being valuable presents from the Manager and staff of the Canadian Bank of Commerce of St. Hyacinthe. The manager and staff of the Canadian Bank of Commerce of Marbleton and Weedon. The Junior Guild of St. Paul's Church, Marbleton, also the Sunday School of St. Paul's Church, Marbleton. The groom's gifts to the bridesmaid and organist were pearl and mermaid pendants; to the best man, gold and platinum watch chain, and to the ushers gold cuff links.

Mr. and Mrs. Hetherington left by auto for Sherbrooke, en route to Niagara Falls, Buffalo, and other points, the bride travelling in a navy blue serge military costume, with small white hat.

Upon their return they will reside at the Grand Apartments, St. Hyacinthe, Que.

### THAMES-WYMAN.

Fitch Bay, Sept. 30.—(Special)—A pretty wedding took place at the home of Mr. and Mrs. U. A. Wyman, on Saturday, Sept. 25th, at twelve o'clock, when their eldest daughter, Mary Lovina, was united in marriage

### Deaths Reported

**MRS. O. LEBLANC, McCONNELL.**  
McConnell, Sept. 30.—(Special)—Mrs. O. Leblanc was taken suddenly ill on Saturday afternoon and although it was not considered fatal, she passed away during the night.

**MR. GEO. SNADEN, DANVILLE.**  
Danville, Sept. 30.—(Special)—The funeral of another old citizen of Danville took place Wednesday afternoon Mr. Geo. Snaden who had been ill the past two or three weeks succumbed to an attack of pneumonia on Monday last at the home of his sister.

Mr. Snaden was a highly respected citizen of Danville. He came to this country when a young man and had resided here nearly all his life. He was about 74 years of age. The funeral service was held in the Methodist Church, Rev. W. A. Hamilton officiating. His remains were laid to rest in the Protestant Cemetery in the family lot.

Mr. Snaden's familiar figure will be much missed by a large circle of friends and relations.

**MRS. M. A. PICKEL, FARNHAM.**  
Farnham, Sept. 30.—(Special)—On Saturday morning, at 7 o'clock, one of Farnham's oldest citizens passed away in the person of Elizabeth Ann Sweet, relict of the late M. A. Pickel in her 82nd year. Mrs. Pickel's husband predeceased her 21 years ago, and since then she has made her home with her son, Mr. Van B. Pickel.

Mrs. Pickel had been an invalid for many years. At the time of her husband's death she suffered an illness, which confined her to the bed for six years. From this she recovered and gained her usual health, until six years ago, when she suffered a paralytic stroke of the right side, and has been a helpless invalid nearly all the time since. During these latter years of helplessness, Mrs. Pickel received the loving care of her grand-daughter, Miss Bertie Pickel.

The funeral and interment took place at Swetsburg, Que., on Monday, the service being conducted by the Rev. Mr. Plaisted. The bearers were all near relatives consisting of Van B. Pickel, Dr. Pickel and Martin and Gordon Pickel.

The deceased leaves two sons, Van B. of Farnham, and Thomas R., of Swetsburg; also two brothers and three sisters, John and Clark Sweet of West Bromo; Mrs. L. R. Darby, of Swetsmore; Mrs. John Dab, of Fulford; and Miss M. J. Sweet, of W. Bromo; also a number of grandchildren.

to Mr. Seaborn Edward Thames, of Jacksonville, Florida. The ceremony was performed by the Rev. P. S. Dobson, of Stanstead College. The house was tastefully decorated with quantities of asters. The bride, who was unattended, wore a dress of white silk crepe de chine over silk, and carried a bouquet of white roses and ferns. During the ceremony Mrs. F. H. Rider sang "O, Perfect Love." The Wedding March was played by

### MAKING CREAM CHEESE.

To make a three-pound cheese that is good after four weeks, and better with age, we take five gallons of milk cream and all, if it has set for a while, and heat till about the temperature of milk which has just been drawn from the cow. We then dissolve one-half of a No. 2 rennet tablet in one-half teacupful of cold water, stir it well into the milk, add

and then stir. We remove it from the fire and let stand from three to six minutes, when it becomes thick like clabber. As soon as it becomes solid clabber it is ready to break up. We then stir the clabber, or curd as it is commonly called, which separates the curd from the whey, and let it stand until the curd settles to the bottom. With the hand we press the pieces, say one inch thick, put in a crock and pour hot water over it.

It is then stirred with a spoon and let set till it seems tough, like leather, which will be in about three minutes. We now take it out of the water, and again cut in pieces as it has salt and run together for butter and it is ready to be pressed. For this purpose we take a gallon syrup can and melt of both ends and make ends for the can from one-inch boards, to just every day until it is ready to use. We set the can over one

board and line it with a well-greased cloth, long enough to fold over the top. The curd is then poured in the cloth, folded over, and the other board put on. It is then set where it can drain. A fifteen pound weight is placed on top, left for twenty-four hours, and then removed from the press. We take off the cloth and increase the cheese, lay it on a plate in a screen box and grease and turn it over a few from your neighbor to keep the cloth growing and maintain the condition of the work horses.

from druggists or dealers in dairy supplies.

Do not lose confidence in Canada horse business simply because European countries are not buying army horses here. They will be later on unless we miss our guess.

If your old oats are done and you cannot thresh for some time yet, borrow a few from your neighbor to keep the colt growing and maintain the condition of the work horses.

BIRTHS

WINSLOW-On September 25th at the Sherbrooke Hospital to Mr. and Mrs. E. S. Winslow a son.

IN MEMORIAM

Mary M. Andrews, wife of William H. Watchorn, who was born August 21st, 1871; married July 29th, 1902; died September 21st, 1915, at Morin Heights.

Dearest Mary, precious sister, God has called thee home to rest. Freed at last from pain and anguish. Resting on thy Saviour's breast.

We, thy sisters, fondly loved thee, But thy Saviour loved thee more, And in mercy has removed thee, To fair Canaan's blissful shore.

Thou "wast" called upon to suffer, But "didst" patiently endure; Now released from pain and trouble, In the heavenly home secure.

How it grieved our hearts to see thee suffering on that bed of pain, But the Saviour came and took thee, Dear one, we shall meet again.

In the land of light and glory, Where no sorrow e'er can come, We shall meet thee, dearest sister, In our Father's heavenly home.

Cheer up loving father, mother-Think not you have lost your child; She is now with Christ, her Saviour-Safe with all the undefiled.

Trusting in the Saviour's merit, Washed in His atoning blood, She has passed in through the portals To the city of our God.

Let us then away with sorrow-Hush our aching hearts to rest; Soon will come the glad to-morrow-We shall join the loved, the blest.

Written in loving memory of Mrs. Wm. H. Watchorn, nee Mary M. Andrews, by Rev. Jas. Lawson, D.D.

RESERVIST SHIP WAS IN DANGER EIGHT DYNAMITE STICKS ON BROOKLYN PIER AFTER SAN GUGLIELMO SAILS FOR NAPLES.

New York, Sept. 29.-The finding of eight sticks of dynamite on the Brooklyn pier of the Sicula-Americana Line steamer San Guglielmo shortly after she sailed for Naples with 1700 Italian reservists aboard was announced yesterday by the Bureau of Combustibles.

It was the belief of the authorities that an attempt was made to place the dynamite aboard the ship, but that the vigilance of police and dock guards in scrutinizing passengers prevented whoever brought the explosives to the pier from boarding the vessel. The dynamite was found hidden under a pile of bags.

NEW ZEALAND ADOPTS REGISTRATION BILL. Wellington, Sept. 29.-The prime minister, Mr. Massey, announced in Parliament that the national registration bill asks men between 19 and 45 years if they have volunteered to enlist, and if not whether they will do so or serve in any other capacity, if not, asking them to state their reasons.

The bill was passed unanimously. of the demand and as a result trading was dull.

Followers of the market state that they do not look for any immediate improvement in prices and butchers and packers are still well supplied, and if anything prices may go lower.

Although the price of cattle showed a tendency to sag, there is still a good demand for lambs and the price held firm at 75c to 8c, the high level reached last week.

Hogs were also in good demand at prices ranging from 8 1/2 to 9 1/2c. The run of steers this morning was varied, and while the highest price recorded was \$6.75, the great majority of the cattle offered changed hands well under this figure, the lowest figure being \$5.50. Cows were also lower, selling at from \$4.50 to \$6, while bulls brought from \$4.50 to \$6.

Canner cows changed hands at from \$3 to \$3.25, and canner bulls from \$3.75 to \$4.25.

Sheep were unchanged from 4c to 5c and lambs continued strong at 7 1/2 to 8c.

Grass calves brought from 3c to 4c and milk calves from \$3 to \$13, h. hd. Hogs were quoted at \$9.75 to \$9.75.

All county officers and superintendents, also local presidents are members of this committee, and are asked to make a point of being present.

PREPARATIONS TO EXPORT THE CROPS

GOVERNMENT WILL PROVIDE ADEQUATE OCEAN TONNAGE. Ottawa, September 29.-The Government sub-committee which has been investigating Atlantic transport conditions with a view to ensuring sufficient tonnage to take care of the wheat exports is believed to have found that arrangements made are likely to be adequate so far as accommodation is concerned. The railways and lake carriers have made special preparations for bringing the wheat down to the points of ocean shipment and there is enough ocean tonnage in sight to look after the exportation. The export wheat estimate sent by Sir George Foster to the Acting High Commissioner in London is two hundred million.

7 O'CLOCK CLOSING IN ONTARIO

PROVINCIAL LICENSE BOARD WILL MAKE THIS RECOMMENDATION TO GOVERNMENT. Toronto, September 30.-The Mail and Empire says: "While no official announcement was issued yesterday, the provincial license board, it is understood, put the finishing touches upon its recommendation to the Government covering the reduction of the hours of sale in the hotels of the province, and the matter now awaits the approval of the Lieutenant-Governor-in-Council, which will probably be given to-day.

STRANGELY WON V.C.'S

Air and Submarine Exploits Would Astonish Queen Victoria. Twice during the great war has the Victoria Cross been won in a way that could by no possibility have been foreseen when the decoration was first instituted. For Queen Victoria, of course, never even dreamed of the possibility of an aerial duel between the two types of aircraft such as gained for the late Flight Sub-Lieutenant Warneford the coveted bit of bronze.

Neither could she, nor any of her advisers probably, have imagined the episode in the Dardanelles, when Lieutenant Holbrook dived his submarine under five rows of Turkish mines in order to torpedo the battleship Mesudiyeh, thereby winning the first naval V.C. of the war.

Even in the days gone by, however, many Crosses have been won in quite curious and exceptional circumstances. Admiral "Tug" Wilson, for example, got his for bowling over half-a-dozen Arabs with his fists at El Tel, after his sword had been broken off short at the hit, a feat which also earned for him his popular nickname, the "Original Buzzer" who, about that time, gained a certain brief notoriety by standing up to John L. Sullivan, the heavyweight champion of the world.

Nor was Wilson the only British officer who earned the V.C. through skill in asticuffs. At Jeerum, in India, during the Mutiny, the late General James Blair knocked down several armed mutineers in almost precisely similar circumstances, his sword having been broken off early in the scrimmage; while at Inkermann Captain Hugh Rowlands saved his commanding officer, Colonel Hay, by bowling over with a straight left-hander a gigantic Russian who was running up to bayonet him as he lay wounded on the ground. Both these officers received the V.C. in due course.

The Kaiser possesses 323 decorations.

ASQUITH AND KITCHENER CONFER

Representatives from Most of the Leading Labour Unions Were Also Present

QUESTION DISCUSSED WAS THE KEEPING UP OF ARMIES TO WAR STRENGTH, AND REPAIRING OF WASTE PAIRING OF WASTE

London, Sept. 29.-The Daily Chronicle says: "Mr. Asquith and Lord Kitchener had a very important conference yesterday afternoon, with most of the leading representatives of organized labor in the Kingdom. The subject discussed was the question of keeping up of our armies to war strength and the best method of repairing the waste which goes on every day in every theatre of the vast struggle.

"The conference was an outcome of the resolution unanimously carried at the Trades Union Congress at Bristol which, while offering the Government every possible assistance and support in bringing the war to a successful conclusion, protested against the introduction of compulsory military service.

"When the conference broke up all the information given was that the Prime Minister and the War Secretary had attended it in response to an invitation from the meeting and had addressed the conference on the military situation. All those who were seen by our representative afterward stated that everyone present was pledged to absolute secrecy as to what had been said during the course of the afternoon.

WOUNDED REACH ENGLISH HOSPITAL

Medical Men Were Prepared for Canadians but New Comers Were from British Regiments

NONE COULD SAY POSITIVELY WHETHER TROOPS FROM DOMINION HAD BEEN ENGAGED.

London, Sept. 29.-The Queen's Canadian Hospital at Shorncliffe has received the first batch of wounded who participated in the British advance on Saturday. The medical staff had expected the arrival of Canadians, but the newcomers consist of men of Scottish and English regiments. None of these could say positively whether the Canadians had been engaged, but the third brigade said one of them, were in the trenches near one point where stubborn fighting took place.

There is ample evidence that several Scottish regiments were in action. Having carried three trenches the Scots met the Germans in the open. The Germans, said one of the Highlanders, appeared fearful of the bayonet. Many were very ready to surrender. They put up a fight to check the British advance and there was a terrible fire from German guns which had been placed in the houses, but our onslaught was too great. "Come on boys, nothing can beat ye!" shouted our sergeant who had taken the place of a wounded officer. We took the village and afterwards Hill No. 70."

RUSSIANS ARREST TEWKIF BEY. Petrograd, Sept. 29.-It is announced from Teheran that the Russians have arrested Tewfik Bey, the Turkish consul-general at Rehat as a result of his intrigues in connection with the Russian troops' movements. The arrest is also a reprisal for attacks made on the Russian and British consuls at Kermanshah.

MARRIAGES

(Continued from page 5) Miss Gladys Swanson, of Waterville. After congratulations lunch was served to fifty guests.

Mr. and Mrs. Thames left by automobile for Newport, Vt., leaving Saturday evening for New York and other cities, where they will spend some time before going to their home in Jacksonville, Mrs. Thames travelled in a tailored suit of navy silk poplin and navy hat.

The bride is one of Fitch Bay's most popular young ladies and is a graduate of the Montreal General Hospital.

Among the guests from out of town were: Miss Florence Doherty, Montreal; Mr. and Mrs. B. Abbott, Mr. and Mrs. S. Abbott, Miss Gertrude Abbott, Mr. Frank Abbott, Mr. and Mrs. J. C. Colby, Stanstead, Mrs. Swanson and Miss Gladys Swanson, Waterville; Mr. and Mrs. A. Slack, Sherbrooke; Mr. and Mrs. J.W. Wyman, Newport, Vt.

McGOVERN - PARK. Danville, Sept. 30.- (Special) - A very pretty wedding took place at half-past six on Tuesday morning at St. Anne's Roman Catholic Church, when Miss Delphine S., eldest daughter of Mr. and Mrs. John Park, was united in holy wedlock to Mr. Edward McGovern, of Richmond. Only the immediate relatives of the family were present. The Rev. Father Hebert officiated at the nuptial Mass. During the ceremony an Ave Marie was beautifully sung by Miss Kathleen Tobin, and a duet was likewise well rendered by the Misses Chagnon and Gregoire. The bride and groom were unattended.

After the ceremony the wedding party returned to the home of the bride's parents where a recherche dejeuner was served.

Mr. and Mrs. McGovern left later for a wedding trip to New York and Atlantic City.

DRIVE RELIEVES THE RUSSIANS

Germans Have Withdrawn Whole of the German Guard Corps From Vilna

EXPERTS CLAIM THAT COMPLETE TEUTON ARMY WILL BE SENT TO THE WESTERN FRONT.

London, September 29.-A despatch to the Times from Petrograd says: "The military critics here note the almost instantaneous relief on the Russian front between Dvinsk and Osmana on the assumption of the offensive by the Allies in the West, which resulted in the withdrawal of the whole of the German Guard Corps from Vilna. They expect this transfer to be followed by others of a like character.

"This relief was very welcome, as General von Eichhorn's thrust across the Russian communications in the region of Molodecna was still serious and its danger to the Russian retreat not entirely ended.

"The Novoe Vremya's military critic expresses the belief that the Germans will be obliged to withdraw a complete army from this front for the western frontier to repair the losses they already have sustained.

"General Kuropatin has been appointed to command an army corps." HUN CORPS PERISHED IN FLOODS.

London, September 29.-The Times' Petrograd correspondent says: "A report which has been confirmed from a good quarter, is that the forty-first German Army Corps was overtaken by the flooding of the Pripiet marshes, and being unable to escape, nearly the whole of the corps perished."

BRITISH SUBS. AID RUSSIAN FLEET

Those Operating in the Baltic are Under the Direction of Russian Admiralty

London, September 29.-The silence of the Admiralty in regard to the work of British submarines in the Baltic was explained in the House of Commons yesterday by Thos. MacNamara, Financial Secretary of the Admiralty. Mr. MacNamara said, in response to a question that these submarines were under the orders of the Russian commander-in-chief.

"The House will realize that much gallant and successful work is being done by these vessels," Mr. MacNamara said, "but the responsibility of deciding what shall be made public of their proceedings in the Baltic must rest with the Russian Admiralty.

"Commander Noel Lawrence is the officer who was decorated by the Russian government for the successful torpedo attack on the Molka."

DR. DUMBA ORDERED HOME

DIRECTED BY FOREIGN OFFICE TO RETURN FROM UNITED STATES TO AUSTRIA

Washington, Sept. 29.-Dr. Constantin Theodor Dumba, the ambassador from Austria, telegraphed the State Department yesterday from the summer embassy at Lenox, Mass., that he had been ordered home by his government and asked that a safe conduct be arranged for him.

In the light of advices from America the Austrian foreign office had given informal assurances that Dr. Dumba would be recalled, as asked by President Wilson, the State department construed Dr. Dumba's despatch of yesterday as a notification that official action had been taken by Vienna and that change for his safe conduct without waiting for formal notification from the Austrian foreign office.

This action is considered by the American government as closing the incident.

BRITAIN REQUIRES TRANSVAAL GOLD

Johannesburg, Sept. 29.-W. H. Dawe, president of the South African Chamber of Mines, called attention yesterday to the vital importance of South African gold of the cause of the Allies. Mr. Dawe said that numerous employees of the gold mines desired to volunteer for service at the front, but that permission for them to do so could not be given because the importance of the industry was so great that no risk could be taken which might affect its steady operation. The adjustment of the American exchange rate, Mr. Dawe said, covered commodities but the large orders for munitions placed by the Allies must be paid for to a considerable extent in gold. The continuance of gold payment, he said, would be possible because the British Empire produced £60,000,000 (\$300,000,000) in gold annually, two-thirds of it from the Transvaal.

INDIANS IN NORTH ARE FACING STARVATION

Prince Albert, Sask., September 29.-That starvation is confronting pretty well the whole of the Indians in the north, and that thousands of square miles of forest are in flames, is the report brought into the city yesterday by Wm. McKay, Dr. Stuart Reid and Harry Holroyde, three of the members of the treaty party which left here on June 11th and arrived back in Prince Albert yesterday.

The party visited Isle A la Croix, Lac la Loche, Stanley, Lac du Brochet.

GEORGE BAKER RETURNS HOME

Lennoxville Man Who Fought With Princess Pats Honorably Discharged from Service

HAS LOST USE OF LEFT HAND THROUGH WOUND IN ARM. CORDIALLY WELCOMED BACK TO LENNOXVILLE.

Honorably discharged from the army as medically unfit for further service, George Baker one of the Lennoxville heroes of the war, returned home last night. He is the son of Mr. Geo. W. Baker, signalman, and brother of Brownie and Eddy Baker the well known hockey players.

George's homecoming was a pleasurable surprise to his parents and friends as they had received no advice that he was returning. Mayor McMurray was in Quebec yesterday and at the Chateau Frontenac hotel he was accosted with the words "Hello, Bob!" in a voice that seemed familiar.

Mayor McMurray and Baker journeyed home together arriving in Lennoxville late last night. This morning George was the centre of admiring groups in the village square when a "Record" representative approached him. Old friends gathered round him to renew acquaintanceship, to congratulate him on his patriotism and safe return, and to probe him with questions upon the war.

Baker enlisted in the 53rd regiment at the outbreak of hostilities and went to England with the First Canadian contingent in August 1914. He was afterwards drafted from the 12th battalion to the Princess Pats when volunteers were called for to reinforce that famous regiment and he arrived on the firing line in February.

Belgian Official Statement. Paris, Sept. 30.—(Special).—The Belgian official communique issued last night reads as follows: "The night of September 28-29 and to-day have been marked on the Belgian front only by unimportant actions."

GREATEST VICTORY OF WAR

Russians, wherever possible, are getting behind them.

BRITISH VICTORY IN MESOPOTAMIA

The British have inflicted another serious defeat on the Turks in Mesopotamia. The Tigris army, after suffering heavy losses, is in flight towards Bagdad. Thus, the three armies which the Turks sent to Mesopotamia against the Anglo-Indian invaders have been scattered. In May the Tigris army was driven back from Kurna to north of Amara; the army of the Karun was driven from Ahwaz, and the army of the Euphrates was last heard of as fugitive on the river somewhere north of Nairi.

OFFENSIVE AGAINST SERBIA. It is again reported that an Austro-German army 300,000 strong is assembling for an offensive against Serbia.

SERBIA HAS 600,000 MEN IN THE FIELD. New York, N.Y., Sept. 30.—(Special).—Serbia has an army of about 600,000 men in the field to resist invasion of that country by the Teutonic Allies, according to information received by the Serbian Agricultural Relief Committee from Professor Losanitch, of the University of Belgrade.

CRIMINAL COURT AT SWEETSBURG

Case Against Roxton Falls Merchant for Illegal Possession of Liquor Dismissed

GRANBY MAN ACCUSED OF ROB-BING POOR BOX - EASTMAN HOTELKEEPER FINED

Sweetsburg, September 30.—(Special).—Judge Mulvena held a term of the Criminal Court here on Wednesday.

C. D. Griggs, collector of provincial revenue vs. Evasiste Cusson, merchant of Roxton Falls, on the charge of illegal possession of intoxicating liquor for purposes of sale. In the absence of the attorney for the prosecution, Mr. J. H. Roberts, Secretary of the Dominion Alliance, asked permission to conduct the case for the prosecution which was granted. Defendant was represented by Mr. Geo. H. Boivin, M.P.

It was established that the liquor was found not in the store, but in a sideboard in an adjoining room. After hearing the evidence on both sides the Court discharged the accused holding that the quantity of liquor seized, i.e., 2 1/2 bottles of gin, one gallon of whiskey and one gallon of native wine was not an unreasonable amount for a person to have for his own use in his own dwelling house in a town where a prohibition by-law was in force. The liquor was ordered to be returned to the defendant, the Court intimating that it would be better to look after more flagrant violations of the liquor act than cases of this kind, interfering with the rights of people who bought liquor for their own use.

VIOLATION OF LICENSE ACT. C. D. Griggs vs. Leon Menard, hotel keeper of Eastman. Defendant was fined \$30 and costs or three months in jail for having sold liquor at hours forbidden by law, to wit, on a Sunday afternoon.

CHOSE JURY TRIAL. The King vs. E. Goulette of Granby, committed for trial on a charge of the theft of \$3.30 from a poor box in a church. Defendant opted for a trial by jury and was admitted to bail.

ACQUITTED ON SERIOUS CHARGE. The King vs. Orin Cloutier of South Roxton for a serious offence. Defendant who had been committed for trial before justices of the peace some months ago opted for a speedy trial and pleaded not guilty. The Court discharged the accused holding that the evidence was too conflicting to justify a conviction, and that in any event Article 215 of the Criminal Code upon which the complaint was founded was not made for cases of this kind.

remainder of his time before returning home at the Shorncliffe camp, performing such duties as he was capable of. Before leaving Shorncliffe Baker met a number of Lennoxville men in the 5th Mounted Rifles whom he says were all well and in good spirits. Ray Martin another Lennoxville man with the Princess Pats, who returned to the firing line after being wounded has not been seen by Baker, since they both entered the trenches in February.

Baker had a narrow escape previous to receiving the wound in his arm. He was taking aim with his rifle one day when it was struck by a German bullet which knocked the rifle against his head and face, bruising

Adjourned Meeting of S.P.C.A. For Brome County Completed Organization of Society

OFFICERS ELECTED TO REPRESENT EACH MUNICIPALITY IN THE COUNTY—REPORT OF YEAR'S WORK.

Knowlton, Sept. 30.—(Special).—The adjourned meeting of the S. P. C. A. Society was held in the Conversation rooms of the Pettes Memorial on Tuesday. There was a fairly good attendance. The meeting was called to adopt the constitution which had been prepared and to elect the remaining officers. The President and Secretary being elected at a recent meeting.

The Vice-Presidents for each municipality in the county were chosen and are, Mr. J. E. Fay, Knowlton; Mr. H. A. Blunt, West Bolton; Mr. Herbert Chandler, Brome; Dr. Henderson, Sutton; Mr. Geo. Clark, Village of Sutton; Mr. F. Fyles, Township of Sutton; Mr. Moquin, Eastman and St. Etienne de Bolton. The Council consists of Hon. S. A. Fisher, Mr. Justice Lynch, Mr. F. A. Knowlton, Mr. J. N. Davignon and Mr. M. H. Bede.

The executive is composed of the President, Secretary Treasurer, the Vice-Presidents of each municipality and the Council.

The Preventive Officers appointed are Mr. Chas. Beals, Brome; Mr. W. St. Martin, Brome Centre; Mr. Mooney, Bolton Centre; Mr. Jas. Stowle, Sutton. Others will be appointed later, if it is found necessary.

The executive committee will meet quarterly on the last Friday of the months of August, November, February and May. The annual meeting will be held on the last Friday of August at the Pettes Memorial.

A resolution was passed requesting the S. P. C. A. Society of Montreal to investigate conditions of certain horses near Lachine which are being sold and shipped to the Eastern Township in poor condition.

Special attention was given to the use of horses with overhead checks. Very interesting report was given by the Inspector, Mr. Chas. Beals, which stated that 17 horses in poor condition had been disposed of during the year; 2 head of cattle, and a number of smaller animals. There had been several warnings and convictions for offences against the Act for the prevention and cruelty to animals. There has been a very noticeable improvement in the county within the past five years.

The membership fee has been fixed at \$1.00 and the vice-presidents of each municipality is authorized to accept fees and solicit members.

ing him somewhat but not necessitating him leaving the trenches. His corroborates so many other accounts of the terrible scenes of the conflict and the awful devastation and ruin wrought by the foe in France and Belgium. He highly praises the skill and attention of the hospital doctors and nurses, whose services at all times he says could not be improved upon.

The returned soldier has had some experience of Zeppelins. While in a convalescent home in Kent, several Zeppelins flew all over the district, one soaring over the house in which he was staying and dropping a number of bombs in an adjacent field

GREATEST LOAN IN HISTORY

Interest to be Paid by France and England Will Amount to \$25,000,000 Yearly

New York, September 30.—England and France may pay \$25,000,000 annually as interest on the half billion dollar loan. This was the chief topic in Wall Street yesterday following the formal announcement of the completion of the most gigantic loan ever negotiated. For five years—the life of the initial bonds—the borrowing nations must pay \$125,000,000 interest alone.

One reason advanced as to the high rate of interest was that it was necessary to make the loan especially attractive in view of the fact that munitions payments will probably be made with funds out of the credit. While it was not stated in the official agreement that war purchases would be made with this money it was not said they would not be.

Without doing any damage. They then turned in the direction of London, where he states a great deal of damage was done to buildings with the loss of many lives. London presents a strange scene at night, being practically in darkness.

Although thousands of British troops are being rushed across to France every week, Baker says the recruiting in London is not what it should be as he saw hundreds of eligible young fellows walking about.

BRITISH PAID A HEAVY PRICE

Tommy Atkins Went at the Attack on Loos Without Faltering

London, September 30.—The correspondent of the Daily Graphic, in a despatch regarding the fighting at Loos says:

"A book of 'golden deeds' could be written about this battle and the exploits of Great Britain's new army. They paid a heavy price but they paid it without faltering.

"The task of confronting the battalions attacking Loos and Hill 70 was not easy. It meant a charge across level fields, through three lines of barbed wire, past slagheaps, a hand-to-hand struggle for mastery of the German first line trench and then for the second line trenches, the trenches of communication and the intervening dugouts filled with the enemy.

"These were cleared and the trenches won. There remained another dash across fields and the high road studded with unknown obstacles and visible entanglements until the western edge of Loos was reached.

"Then came the silencing of machine-gun batteries and house-to-house fighting, with plenty of cellar-to-cellar searches for hidden enemies and constant pressure through narrow streets eastward to the open field beyond where the final rush would carry them to Hill 70 for fresh fighting at close quarters and the endurance of a galling fire from a kind of machine gun fort until its guns could be silenced.

"Altogether, it was a journey of perhaps three miles and serious resistance was encountered. When the attackers came up to the cemetery it was alive with machine-gun parties sheltered behind the low earth on parapets raised among the graves. Even tombstones were used as cover in addition to a trench dug at the upper end of the cemetery."

Everyday Needs for the Home and the Farm

Saving money for our customers is the easiest thing we do. So easy that we don't have to talk much about it. The difficult thing is to watch carefully everything we buy, so that the customers will be sure of quality and everlasting goodness of the things they get here. We often meet with customers who are skeptical and who must be shown, and it is a pleasure for us to know that our goods can stand on their own merits and back up everything we claim of them.
