PROPOSED STREET RAILWAY CONTRACT

Ald. Carter Discusses the Movement to Re-open the Question.

THE NEED OF MORE REVENUE

That in Itself is Considered Sufficient to Lend Additional Interest to Plan.

The question of extending the contract of the Street Railway Company, which is again up before Council, is causing interest at the City Hall.

Ald. Carter, as already stated, has made a motion in Council that negotiations be again conducted with the company along the lines of the offer it made a year ago. In this offer the company asked that it be given a fifty-years' extension of franchise. For the privilege of such extension the company offered the city, among other things, a series of cash bonuses, to be paid yearly. The bonuses were in addition to the regular percentages paid by the company to the city on its earnings.

The company held that the total amount the city would get from it in fifty years would be no less than fifty-four millions of dollars.

The following figures show what the cash payments were to be:

Cash payments: 1905, $100,000; 1906, $100,000; 1907, $100,000; 1908, $100,000; 1909, $100,000; 1910, $100,000; 1911, $100,000; 1912, $100,000; 1913, $100,000; 1914, $100,000; 1915, $100,000; 1916, $100,000; 1917, $100,000; 1918, $100,000; 1919, $100,000; 1920, $100,000; 1921, $100,000; 1922, $100,000; 1923, $150,000; 1924, $150,000; 1925, 150,000; 1926, $150,000; 1927, $150,000; 1928, $150,000; 1929, $150,000; 1930, $150,000; 1931, $150,000; 1932, $150,000; 1933, $200,000; 1934, $200,000; 1935, $200,000; 1936, $200,000; 1937, $200,000; 1938, $200,000; 1939, $200,000; 1940, $200,000; 1941, $200,000; 1942, $200,000; 1943, $250,000; 1944, $250,000; 1945, $250,000; 1946, $250,000; 1947, $250,000; 1948 $250,000; 1949, $250,000; 1950, $250,000; 1951, $250,000; 1952, $250,000; 1953, $250,000; 1954, $250,000.

Speaking of his notice of motion, Ald. Carter says that the subject of getting increased revenue is again before the City Council. He thinks a fair and impartial consideration should be given to the subject of giving an extension of franchise to the Street Railway Company. He could see no reason why, if the city could make a good bargain with the company it should not be made. He said that in addition to the company giving the city cash bonuses, interest on its earnings, etc., it would be willing also to do street watering, street paving and other things. The subject was one that he desired to have discussed by the Council, and in consequence had decided to bring it up again.

There are members of the Road Committee who favor a new agreement being entered into with the company, because the city, to-day, has practically no money on hand to do street paving. On the other hand, there are members of Council who point out that the contract of the company at the present time has many years to run, and that no offers from the company would justify a fifty years' extension of franchise.

WANT LARGER SALARIES.

Court Criers Petition Attorney-General for Increases.

A petition for an increase of salary has been presented to the Attorney-General through the Council of the Montreal Bar by the criers of the Superior Court. The petition sets forth that the present remuneration which runs between five and six hundred dollars annually, is no longer sufficient to meet ordinary living expenses. The majority of the Superior Court criers are married and have families. Article 2699 of the Revised Statutes of the province of Quebec provides that their salaries can be increased to a thousand dollars annually.

SOLD TO NON-MEMBERS.

Judge Desnoyers Imposes Fines on Two Club Managers.

Three more liquor sellers were fined to-day in the Court of Special Sessions by Judge Desnoyers for violating the laws. M. Campeau, who keeps a saloon in Ste. Cunegonde, was fined $30 and costs or three months for selling liquor on Sunday. Emil May, proprietor of the Germania Club, 244 St. Lawrence street, was fined $75 and costs or three months for selling liquor to a non-member of the club, and Robert Galitz, who keeps a club at 246 St. James St., was fined the same amount for a similar offence.

NEW ALLAN LINER ORDERED.

Fifteen Knot Boat to Be Built to Replace the Bavarian.

The new Allan steamship, an order for which has been placed in Glasgow, will not be a turbine boat. This does not arise from any lack of faith in the principle which the two newest boats of the line exemplify, but from the fact that the boat to be built is to be a freighter, a large cargo carrying boat. The speed of the new vessel will be about fifteen knots. The turbine is regarded as economical in a high-speed vessel, but at anything less than seventeen knots it does not compare favorably with the ordinary type. The boat to be built with a speed of fifteen knots will be fast enough to fulfil the government requirement as to mails, but yet will be an economical vessel.

SICK HEADACHE
CARTER'S LITTLE LIVER PILLS.

TWENTY THOUSAND MEN ARE OUT

'Longshoremen of the Great Lakes Have Responded to the President's Call.

Detroit, Mich., May 2.—Although the presidents of the two powerful organizations that have locked horns in a labor dispute involving vessel traffic on the great lakes both reside in Detroit, most of the news of the shipping strike originates in other ports.

President William Livingstone, of the Lake Carriers' Association, has talked quite freely and has given out the substance of a number of telegrams he has received regarding the progress of the strike, but Daniel J. Keefe, president of the 'Longshoremen's, Marine and Transport Workers' Association, under whose order twenty thousand men have abandoned their work has not as yet broken a sphinx-like silence.

Despatches from Lake Michigan and Lake Erie ports indicate that there has been almost an unanimous response among the local unions to the strike order. It is impossible, however, to get from the silent officials of the union here even an estimate of the number of men out, but unofficial estimates set the figure at 20,000.

CAMPBELL ARRESTED AGAIN.

Man Who Passed Worthless Cheques Here at His Old Game.

Special to the Montreal Star.

Port Hope, May 2.—Alexander Campbell, was arrested late last night by Chief Bond, on a charge of obtaining money under false pretenses. A week ago Chief Bond received word from Constable Crawford, of Oshawa, to look out for Campbell, who had obtained money in Oshawa under false pretenses. Late last night Chief Bond visited a house in Port Hope, and upon searching found Campbell concealed in the cellar. He was taken to Oshawa this evening where he will stand trial.

Last September, Campbell was arrested in Montreal for attempting to pass cheques in Toronto, on the Traders' Bank. At the same time Chief Bond was informed by the manager of the Walker House, Toronto that Campbell had passed a bogus cheque on him for twenty dollars.

Chief Bond has received communication from W. Frantin, of Dundas and the Manager of the Bank of Montreal, at Hamilton, both having been done by Campbell for $15 each. He has also done L. McMann, of Thorold, for $10. In September last Campbell attempted to pass Port Hope cheques on the Eastern Townships Bank, and Merchants' Bank at Montreal, and taken to Toronto by Detective MacKee, to stand trial.

MASONS IN NEW YORK.

Canadians Join in Effort to Build Monument to Tompkins' Memory.

New York, May 2. — Between two double rows of Masons, in their regalia, stretching the length of Madison Square Garden, and before a great congregation, some of the men most distinguished in Masonic circles in the United States and Canada passed last night to the large platform put up at the eastern end of the amphitheatre, to open the benefit concert for the fund to build a monument in this city to Daniel D. Tompkins, once Governor of New York, vice-president of the United States and Grand Master of the Grand Lodge of New York.

Grand Master James H. Burkitt, K.C., of Canada, received a rousing welcome as did the past grand master of Canada, Benjamin Allen.

MAY BE A CARDINAL.

His Holiness Said to Have Decided Upon Archbishop Ireland.

Special to The Montreal Star.

Rome, May 2.—It is reported in diplomatic circles that the Pope has indirectly addressed an inquiry to President Roosevelt, asking whether the promotion of Archbishop Ireland to a Cardinalship, will be agreeable to the President. If the reply is favorable Archbishop Ireland will be elected at the next consistory.

THE WEATHER

PROBABILITIES FOR THE NEXT 24 HOURS

Easterly winds, cloudy with showers.

Thursday, westerly winds, fine and moderately warm.

To-day was a case of back to winter, and the cold rain, and colder wind, and the slight flurry of snow were characteristic of March rather than of May. This is probably one of the days that should have fallen in January, but got misplaced and was put by mistake in the month of May, while the spring day came in January. This is the most consistently inconsistent year that has happened in the memory of the most longivous resident.

Montreal Weather Statistics.

Readings by Hearn & Harrison's Standard barometer:

At noon yesterday, 30.00; at 8 a.m. to-day, 29.83; 11 a.m. to-day, 29.76.

Temperature—To-day, maximum 50, minimum 40; yesterday, maximum 54, minimum 42.

The Sun rose this morning at 4.47 o'clock, and will set this evening at 7.08 o'clock.

Maximum and Minimum Temperatures.

Victoria, 64, 44; Kamloops, 70, 48; Calgary, 56, 30; Edmonton, 62, 32; Qu'Appelle, 64, 48; Winnipeg, 60, 32; Port Arthur, 44, 32; Parry Sound, 54, 40; Toronto, 52, 40; Ottawa, 58, 42; Montreal, 54, 40; Quebec, 46, 32; St. John, 52, 38; Halifax, 52, 38.

Temperatures Elsewhere.

London, 53; Paris, 53; New York, 58; Chicago, 68.

ROUTE OF RAILWAY TO GEORGIAN BAY

Location Maps of Mackenzie and Mann New Line have been Filed.

ROAD 340 MILES IN LENGTH

From Montreal to Ottawa the Distance Will Be 115 Miles and from Ottawa to Bay 225.

The Canadian Northern Railway Company, or, as styled in official documents, the James Bay Railway Company, have filed location maps at the Department of Railways for the proposed line from Montreal to Georgian Bay and from Toronto to Ottawa, respectively.

The location plans to be deposited later will show in detail the course to be taken and the manner in which entrance will be had into the cities of Montreal and Ottawa. The line to Ottawa will be about 225 miles, and that to Montreal some 340 miles long, distance between Montreal and Ottawa being 115 miles.

From the point of junction with the railway to James Bay, a little northeast of Toronto, the line will strike easterly in a fairly straight line through the counties of York, Ontario, Durham, Northumberland and Hastings, at a distance north of the Grand Trunk varying from three to twelve miles, until it strikes Lime Lake, in the north-east corner of the township of Tyendinaga.

It will pass close to Tamworth, across the Kingston and Pembroke Railway at Reynold Station, run through Westport, pass a little north of Smith's Falls, and thence follow a north-easterly direction to the Capital. In this run of 225 miles the railway will go through the townships of Scarbara, Pickering, Whitby, Darlington, Clarke, Elizabethville, Hamilton, Haldimand, Brighton, Murray, Sydney, Thurlow, Tyendinaga, Hungerford, Sheffield, Hinchinbrook, Bedford, North Crosby, North Burgess, Elmsley, Montague, Marlborough, Goulburn, Nepean and Gloucester.

The line from Montreal to the Georgian Bay will follow the north shore of the Ottawa River to Grenville, and will cross the river in the neighborhood of Hawkesbury, keeping along the south shore to Ottawa. Ottawa River will be crossed near Arnprior, and again at Portage du Fort, and the Pembroke Southern half way between the Grand Trunk line to Parry Sound and the Canadian Pacific Railway. From here the railway will run straight as possible in a northwesterly direction to Key Inlet, on the Georgian Bay, from ten to twelve miles south of the French River. The application for approval of location maps will be heard by Hon. Mr. Emmerson on the 12th inst.

ARBITRATORS ARE AT WORK.

Decision in Case of Grand Trunk and Engineers Expected in Few Days.

The arguments in the case of the dispute between the Grand Trunk Railway System and its engineers have all been submitted to the three arbitrators who have been appointed to adjudicate on the merits of the fight.

Mr. Wallace Nesbitt, K.C., of Toronto, appointed by the railway company; Mr. T. H. Morrissey, of Cleveland, Ohio, appointed by the engineers, and Mr. J. J. Wallace, of New York, the third arbitrator selected by the two first named, have left for their respective homes, where they will go carefully into the evidence submitted, and within a week or ten days will return to Montreal to render their decision in the matter.

Grand Trunk officials state that the preliminary meeting of the arbitrators was of a very satisfactory nature, and that no doubts are entertained as to a mutually satisfactory decision being recorded.

RESTORED STOLEN GOODS.

Valuable Bundle of Furs and Silver Left in Police Station.

A valuable parcel was found in the vestibule of the Central Police Station about 2.30 o'clock this morning. Constable Bedard was coming in from his beat when he stumbled over it. He picked the bundle up and carried it into the office of the captain. There it was opened and was found to contain a seal skin coat valued at about $250 and a set of silverware, comprising knives, forks, spoons, butter dish and platters. There were also two fine sets of carvers.

These articles the police suppose have been part of recently stolen goods.

25,000 CANADIANS HOMELESS IN 'FRISCO.

Mr. Harry Hill writes to the Star from San Francisco, under date of April 26, as follows:

"I am glad to see our Ottawa Government donates so large a sum of money for relief work. There are about 25,000 Canadians homeless in this unfortunate city at present, most of them from the Lower Provinces."

The American Government unfortunately found itself unable to accept the offer of Canada.

CARR TELLS A REMARKABLE STORY

Declares That 350 Injured Were Chloroformed by Doctors and Nurses or Shot by Soldiers.

Special to the Montreal Star.

Omaha, Neb., May 2.—According to the story told by O. K. Carr, a well-known Omaha man who was through the San Francisco earthquake and fire, 350 wounded and injured people were chloroformed to prevent them from being burned alive when Mechanics Pavilion was vacated. He said:

"I was with the Red Cross and still have my badge. We were in the Mechanics Pavilion after the quake, and when the fire came so close that we saw the building must go all the injured that it was thought could recover were taken away. Those with mangled bodies and broken or burned limbs begged to be shot to escape being burned alive. Three hundred and fifty in the Pavilion were chloroformed by the doctors and nurses or shot by soldiers. It was done as an act of humanity."

ALL QUIET AT PARIS.

Paris, May 2.—The city has resumed its usual appearance. The military and police patrols have been withdrawn and most of the labor organizations have resumed work. King Edward has arrived here on a three days' visit.

STRIKE SETTLED.

Miners at Glace Bay Go Back to Work After a Conference.

Special to The Montreal Star.

Glace Bay, N.S., May 2.—A conference of some hour's duration took place to-day at Reserve Mines between Supt. of Mines, Chas. Fergie, manager of Reserve Colliery; James McVey, Grand Secretary P. W. A.; John Moffat and a committee from Unity Lodge P. W. A., and the men returned to work last night. The minor grievances will be adjusted and an effort made to provide working places at the "Face" for all who have previously been working there. The committee convenor will notify the manager regarding conferences on any labor subject, and the manager will receive the committees.

Dredging Contracts Let.

Special to The Montreal Star.

Ottawa, May 2. — Contracts for dredging have been let as follows: Fessenden, Owen Sound Dredging and Construction Company; Goderich, W. L. Horton, Goderich; Meaford and Trenton, R. Weddell, J. J. Manly and R. G. Weddell, Trenton; Owen Sound, A. Bowman, Southampton; Penetanguishene, Owen Sound Dredging and Construction Company; Point Edward, Dominion Dredging and Construction Company, Ottawa. Port Burwell and Port Stanley, Manley Co., Toronto; River Thames and Rondeau, C. S. Boone, Toronto; Port Arthur, Messrs. R. Weddell, M. McAuliffe, N. J. Poupore and Randolph MacDonald; Fort William, Mission and Kaministiquia Rivers, Great Lakes Dredging Co., Limited.

CHARGED WITH POISONING HUSBAND

Alleged Paramour, William O'Connor, is also Placed Under Arrest.

BROCKVILLE STIRRED UP

Woman Was the Wife of Henry Allen, Whose Death Was Suspicious—She Was a Scotch Immigrant.

Special to The Montreal Star.

Brockville, May 2.—The little village of Lansdowne, a few stations west of Brockville on the Grand Trunk Railway, is in a ferment of excitement over what appears on the surface as a murder sensation.

There has been a current rumor for some time that the late Henry Allen, a comparatively young farmer, residing about a quarter of a mile from Lansdowne, who died about five months ago, came to his death by foul play, and on Sunday it reached a climax, when a party lodged information before H. C. Mulvaugh, J.P., to that effect.

The county crown attorney was at once notified, and the coroner, Dr. J. M. Shaw, acting under instructions, had the body exhumed and the viscera removed for an analytic examination.

The information sworn to against Mrs. Allen, wife of the deceased, was that the complainant had just cause and reason to suspect that within the period of five months Mr. Allen came to his death by poison unlawfully administered by his wife. There was also information sworn to against one William O'Connor, implicating him in a similar manner.

Constable Plunkett, of Rockport, arrested O'Connor and brought him to Lansdowne. Later on Mrs. Allen was taken into custody, and no lockup being in the village, both prisoners were kept at the Stewart House in charge of constables.

Coroner Shaw then took the preliminary steps in the matter of holding an inquest and empanelled a jury, which was informed of the action of the crown in having the body exhumed. They instructed Dr. Shaw to proceed to Toronto with the viscera to have an analysis of its contents made by the provincial authorities, and an adjournment was made to await results, no evidence being taken.

In the event of any suspicious finding, the prisoners will be brought before the coroner's inquest and the investigation proceeded with.

Allen was a hard-working farmer, who came to Leeds County from the Old Country about fifteen years ago. He was employed on the farm of David Copeland, and there met his wife, Margaret Blanche, an orphan girl from Scotland, who had been adopted into the Copeland family. After their marriage, some eight years since, the couple rented the Copeland farm and worked it up to the time of Allen's death. They had no children.

O'Connor, the alleged paramour of Mrs. Allen, is an unmarried man of her own age, about 32 years. For two years previous and up to the time of Allen's death he was employed on the farm, and his alleged relations with the female prisoner are thought to account for his arrest.

O'Connor is the son of a respected farmer living in Exott Township. Both prisoners take their arrest coolly, and the village is agog awaiting developments.

The deceased suffered from a lingering illness for a year or more prior to death, and his case was diagnosed as an ailment of the stomach.

MAY DEMORALIZE IMMIGRANT RATES

Grand Trunk's Differential War with Other Railways Makes Itself Felt.

Special to the Montreal Star.

New York, May 2.—Much concern is felt in railway passenger circles over the outcome of the conference of the Central Passenger Association to be held in the middle of May. It is charged that the Erie, among others, has been paying commissions to steamship agents as a means of secretely nullifying the differentials that the Grand Trunk has demanded. The latter has retaliated and is supposed to be paying commissions and the Wabash has, it is charged, followed suit. If the main question of the Grand Trunk differentials cannot be settled, it seems probable that general demoralization in westbound immigrant rates and perhaps in other directions will iresult.

COLONY IS NOT ALARMED.

Newfoundland Believes it Did Right In Fining United States Fishermen.

Special to the Montreal Star.

St. John, Nfld., May 2.—Colonial authorities claim they are not concerned over the Washington report that the state department is protesting to the British Cabinet against the recent action of the colony in fining American fishing vessels for alleged breaches of colonial fisheries regulations in coast line.

Where Americans enjoy fishery rights under the treaty of 1818 the Colonial officials contend Americans are subject to regulations wherever they are not inconsistent with rights conferred by the treaty and hold that all restrictions which bind colonists are equally binding on Americans, because their right is only that of fishing in common with British subjects.

No Universal Penny Postage.

Canadian Associated Press.

London, May 2.—The Postal Union conference at Rome, has rejected the proposal for a universal penny postage.

CROWN PRINCE RAN IN WITH SHERRING

Glorious Victory For Canadian Runner—Eighty-three Men in Race—Over 200,000 Look On.

The latest despatches from Athens say: Sherring, when well ahead, dropped into a walk, and continually looked back towards his opponents. As soon as he saw them drawing up, he broke into a run again. All sorts of gifts were showered upon Sherring, including a young lamb.

Special to the Montreal Star.

Hamilton, Ont., May 2.—Will Sherring, the runner, who yesterday won the Great Marathon race at Athens, is a native of Hamilton, and has lived there all his life. He will be 28 years of age on September 19 next, and has been running about ten years. He is a small sized man, both short and slim, 5 feet 7 inches in height and weighing 112 pounds when in running condition. His first race of any importance was run at the Barton Fair in 1897, when he was one of 32 entries in a 5-mile race, in which he finished fourth. In the Hamilton-Dundas 10-mile race on Christmas Day, that year, he was third in a field of 15. That year he also made his first appearance in the Herald road race, run around Hamilton Bay, between 19 and 20 miles, on Thanksgiving Day, and was third, his time being 2 hours, 4 minutes and 30 seconds. In 1898, he ran second in the Y. M. C. A. 5-mile race, and won several mile and half-mile events. He again tried for the Herald Cup that year, but was only fourth, but he won a 6-mile road race from Barnard, a cup candidate, and took the 5-mile race at Barton Fair. In the 6-mile cross-country run at Buffalo, N.Y., in November he finished first, with thirty-five starters. He next won the Herald road race in 1899 in 1 hour and 53 1-2 minutes, establishing a new record for the distance. In the following year he ran second in the Marathon race at Boston, his time being 2 hours, 41 minutes and 31 seconds. In the same year at Milton he established a new Canadian record for ten miles, his time being 58 minutes and 20 seconds, and at Galt later in the season he won a 10-mile race in 58.05. In the 10-mile race at the Hamilton summer carnival in 1903 he ran third to Nash and Anderson, but a few weeks later he went into and won the round-the-bay race in 1 hour, 51 minutes and 57 seconds. Largely through the instrumentality of Mr. Thomas Wall, of Montreal, the Canadian manager of the Spaldings, Sherring was selected to represent Canada in the Marathon race at the World's Fair in St. Louis. He was in splendid condition then, and purposed making a world's record if possible for 25 miles. Just before the race he was hurt in a street car accident in St. Louis, and could not start. Last year he entered for the Herald race again, but was in another accident, getting a hand hurt on the Grand Trunk Railway, where he is employed. This year he went to Athens, wearing the colors of the St. Patricks Athletic Club of Hamilton, which club Jack Caffery also ran for when he made the world's record in the Marathon race at Boston. The city to-day is flying flags on the municipal buildings, fire halls, etc., in honor of Sherring and the St. Patricks Club has already announced a monster reception upon his return. Sherring went to Athens largely at his own expense, although two public concerts were given to assist in paying his passage.

STORIES OF THE RACE.

It was a source of great disappointment to the athletes from the United States that their entrants failed to carry off the highest honors. The Marathon race fell to a Canadian, for Serring from Hamilton, Canada, was the first to finish. Swanberg, of Sweden, was only a short distance behind the Canadian, and William G. Frank, of the Irish-American Athletic Club, who was third, was fully a half mile behind these two. The time was 2 hours, 51 minutes.

The 83 athletes who started in the race had been over night at Marathon, where they slept. The start was at 3 o'clock in the afternoon. All along the road between Marathon and the Stadium there were masses of spectators who called encouragement to the Greeks who were in the race. More than 150,000 were along the roads and in the Stadium were something less than 70,000 persons.

The scene when the leader came over the brow of the hill that overlooks the Stadium was tremendous. The entire assemblage, keyed up to the appearance by the continuous roar of shouting from without, that came stronger and stronger as the first two men toiled up the ascent on the other side, arose together and joined their applause with that of those who had waited to give the warning note. Then the cries stopped at once and the Stadium was absolutely silent. A shuddering intake of breath seemed to catch all the spectators, and there was a sort of hum of disappointment that swept across the crowd. The leader was not a Greek. Across the bespattered running shirt of the first man who came across the divide was the Maple Leaf of Canada.

A faint hope sprang up when less than three yards back of him came another toiling figure. But that was the Swede. Then there was a long wait, and by the time another figure had crossed the sky-line the race was over and done. Sherring loped down the decline and dashed round the Stadium to the finish. He was in good condition, despite the fact that for the last few miles on the road he had been almost exhausted with fatigue. The approach of the finish heartened him up, and he felt the vigor that belongs to the winner. The Scandinavian ran well, but was not the equal of the Canadian. Frank labored home, spent but game, in third place, and the United States had at least one place in the run.

To crown the games, the athletes of the Red, White and Blue took three more firsts. Paul Pilgrim, of the New York A.C., showed that he was one of the best men on the team by defeating not only Lieut. Halswell in the 600 metres, but the great Lightbody as well.

Robert Leavitt, of Williams College, won the 110 metres hurdle final, with Friend, of the University of Chicago, unplaced. Leavitt beat the Englishman Healy a yard.

America won the championship with a total of 75 1-2 points; England, counting Ireland, Scotland, Australia and Canada, had 36; Sweden, 36; Greece, 27 1-2; Hungary, 13; Austria, 12; Germany, 7 2-3; Finland, 6; France, 5 1-3; Italy, 3, and Belgium, 1.

ANOTHER REPORT OF RACE.

Athens, May 2.—Interest in the Marathon race overshadowed everything yesterday. Everyone was in a fever of impatience until the result was known. All shops were closed and business was completely suspended. The whole population of Athens and its suburbs and the villages in the vicinity, altogether some 150,000 persons, filled and overflowed the Stadium and spread along the Marathon road and the surrounding hills, forming a tumultuous swaying human barrier on each side the entire length of the course, behind the military cordon lining the road.

The competitors spent the night as the guests of Foreign Minister Skouse, at the Marathon. Classified by nationality, the runners consisted of 26 Greeks, 7 Britons, including Canadians and Australians, five Americans, three Germans, two Frenchmen, two Italians, three Swiss, one Belgian, one Dane, and two Egyptians. The favorites were Petri, Italy, Bonheure, French, and Coutoulaki, Greek, the British and Americans also having numerous supporters. The contestants started in three lines, one metre apart, exactly at three o'clock. The weather was splendid, the thermometer showing 30 1-2 degrees in the shade. A mounted officer, riding in front with a chronometer, acted as timekeeper. Hundreds of vehicles of all kinds followed the fortunes of the contestants outside the cordon holding the course.

The race started at a hot pace. At the tenth kilometre, W. K. Frank, American, was leading followed by the Bohemian Brenslayman. At the 15th kilometre Frank was still ahead, but Daly, Ireland had taken second place with Blake slowly creeping up. At the 20th kilometre which was reached at 4.10 p.m., Blake was leading grandly, running a magnificent race, followed by Frank and Sherring. The latter, who was now beginning to show himself in his true colors, was slowly gainig on his opponent. At the 26th kilometre uphill work was going on. Beginning the last ten kilometres of the race. Frank was still leading, but obviously pumped and distressed; Sherring was second, and Blake third. The time at this point was 4.40 o'clock. Sherring was running maginficently, but Daly had stopped to rest. Petrie had dropped out on account of stomach trouble.

Sherring now speedily took the lead, followed by Svamberg, Swede, and Frank. When he found himself well ahead, Sherring dropped into a walk, giving himself great reserve for the final spurt. Whenever he saw his opponents approaching he resumed running, and in this manner tired them all out, except Svamberg and Frank, who always were a good distance behind. Sherring joked and laughted with his Greek attendant and returned the salutes of the cheering crowds.

A cannon shot anounced the arrival of the first runner within four kilometres of the Stadium. The cheers along the road grew into roars. At 5.50 p.m. a cavalry officer, followed by a single runner, was seen approaching. At the gates of the Stadium, Sherring, smiling and looking fresh and not at all distressed, was joined by Crown Prince Constantine, who ran alongside until he ended his long journey in front of King George and Queen Olga. The King handed Sherring a bouquet, while ladies showered flowers and gifts upon him. There was great cheering and enthusiasm although the Greeks evidently were disappointed.

Svamberg followed seven minutes behind the winner, and Frank came about two minutes later, both done up.

The King and Queen both congratulated Sherring in the kindliest manner.

Svamberg's time was 2 hours 58 minutes 20 seconds, and Frank's was 3 hours and 46 seconds.

The cycling race of 80 kilometres to Marathon and back brought a splendid finish, Vast winning by two yards from Bardonneau.

The Greek style discus throwing contest was won by the Finlander, Jervineau.

SPRING SUITINGS.
We have an exclusive assortment of everything suitable for fine ordered tailoring. W. H. Walsh, Merchant Tailor, 1759 Notre Dame st. 96 144eod

Dr. Deimel (LINEN-MESH) Underwear

Its soft mesh is a delight to the skin, and its absorbent qualities quickly remove all bodily moisture, giving a perpetual feeling of cleanliness and comfort.

Write for free booklet and samples.

THE DEIMEL LINEN-MESH CO., 2202 St. Catherine St.

Lacrosse Row in Toronto.

Toronto, Ont., May 2.—There promises to be a smart little local lacrosse war here because the Tecumsehs have been at work and secured practically their pick of players. It is claimed on behalf of the Torontos that there was an understanding that the Tecumsehs would leave certain players, but this they deny. When asked about the trouble this morning, President Munro said the Tecumsehs had kept their agreement that they promised not to meddle with one man only and him they had left alone. The Torontos have closed a deal for the old Rosedale grounds and their games will be played there.

The Tecumsehs have signed Pitcher, of last year's Chippewas, and Ollie Davidson, of Brantford. Their defence will line up somewhat as follows: Goal, Bun Clark; point, Pitcher; cover, Ollie Davidson; defence field, Fred. Graydon, Stewart Pickering and Fred. Rountree. That is one more than can be played in any one game, but it is likely that all the men mentioned will be carried.

The line-up at home lacks a man. As far as arranged it will be: Querrie, 3rd home; 2nd home, Durkin; 1st home, Adamson; outside, Murton.

The Red Cross baseball team met and defeated the Senior School by a score of 7 to 5.

A CHAMPION FENCER.

The picture in the centre of the ones published to-day is that of Dr. Chiaramonte, an Italian Doctor-of-Law, and Secretary to the Consul-General of Italy, who should also be a Doctor-of-Fence, for at the Canadian Amateur Fencing Championships, which were held here recently, and at which he won the championship, he certainly proved himself a fencer of note.

To the left of him is Mr. Dal Lewis, the Superintendent of Montreal's first and successful Automobile Show, and to the right Leroy, the baseball player, who will probably be again with Montreal.

Mr. Dal Lewis, Superintendent of Montreal's Auto Show.

Dr. Chiaramonte.

Leroy, who will be with the Royals again.

BANNON TELLS STAR HE WILL NOT PAY THE FINE.

Is Confident, Notwithstanding Yesterday's Loss, That His Team Will be All Right During Season—Thinks the Umpire Was Wrong in Giving Away the Game and is Confident Eastern League Directors Will Stand By Him.

(By Jimmy Bannon, playing manager Montreal Baseball team.)

Special to the Montreal Star.

Baltimore, May 2.—"I am entirely satisfied although we lost to-day through a sudden change in our team. They were no fluke victories at Jersey City, but the result of good, fast play. My pitching staff is in first rate trim, my players are hitting and fielding well, and their base running is about as good as any I have seen in their company. I couldn't suggest a change and yet we are doing all this without the use of Joyce, Rapp and Connors. Both of the last two men named are doing well and I expect to get them back to work by the time Newark is reached. When that happens I may be able to let Baltimore have Hartman, as I see they need a short stop. I suppose you know that I let Clancy and Farley, the two pitchers, go in New York. My others are better, and now my team is fixed as long as it keeps the present clip up. We will get into our new uniforms to-day for the first time. A combination of dark navy blue and dark maroon that the boys are well pleased with. We have got buttoned up sweaters coming, white with navy blue trimmings, but they are not ready yet.

"What am I going to do about that fine? I have not been notified officially that I have been fined, yet, and when I am, I won't pay it, pending an appeal to the directors of the Eastern League.

"My team was ready to play. Whichever way the umpire decided, the third man was out and my batter was ready to take his place at the bat.

Besides I shall hang my protest on the illegality of an umpire putting a player out of the game and allowing him to return."

JAMES BANNON.

THE HISTORIC VALUE OF WORLD'S MOST CELEBRATED FOOT RACE WON BY THE CANADIAN SHERRING

The idea of the Marathon race, won by Sherring, the Canadian boy from Hamilton, came from the fight in which the Greeks and the Persians battled in the small city of Marathon.

Marathon is a village on the east coast of ancient Attica, twenty-two miles north-east of Athens, Greece. The name of Marathon is gloriously memorable as the scene of the great defeat of the Persian hordes of Darius by the Greeks under Miltiades (490 B.C.), and known as one of the decisive battles of the world. No sooner had the victory been won than a messenger was despatched with the message to Athens, announcing the victory. The messenger ran the entire distance from Marathon to a square in Athens, and after making the announcement, "Victory is ours," dropped dead. A monument was placed to his honor on the spot on which he fell.

At the Olympic games in Greece in 1896, an event from Marathon to Athens was established in honor of the messenger's journey, and was won by a Grecian mail carrier named Louès. After that a similar event was held in America under the auspices of the Knickerbocker A. C. of New York, and the next spring the Boston Athletic Association took it up as an annual event.

'BOOKIE' SOUGHT BY WEALTHY CLUBMEN

Members of Rockaway Hunt Slipped Him Their Money and He Slipped Away.

New York, May 2.—Several speculative members of the Rockaway Hunt Club are looking for a disappearing bookmaker who vanished during the organization's races in Hempstead on Saturday. The wealthy clubmen bet $1,800 on Mrs. Elois Kernochan's hunter Cresset that they had backed down from 2 to 1 to 3 to 5 at post call. It's a sad tale for all but the "bookie."

As soon as the names of the jockeys of the second race were posted the bettors got busy. Members of the Rockaway, Meadow Brook and Great Neck Hunt Clubs at once plunged on Cresset for amounts from twenty-five dollars to five hundred, as the tip had gone the rounds that Cresset was fit. All the grooms on the course, even, bet all they had.

From the drop of the flag the result was never in doubt and Cresset came home on the bit with lots to spare. Then the jubilant club-members went to collect their wagers, but they found that the "bookie" had flown.

The Pinkerton agency furnished a sufficient force for the grounds, but their attention was directed entirely to the crowd of society people who were scattered around the grounds and the bookie eluded them. Whither he went no one knows. The detectives made every effort to locate him at all the railroad stations, but they were fruitless.

One member of the Great Neck Club is reported to have bet five hundred dollars on Cresset's chances.

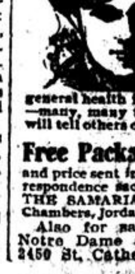
Call "Royals" Pea-Soupers.

A Jersey paper says:

After the clever win on Saturday, Toronto lost the Sunday game at Newark by a run. Rochester walloped Providence, Montreal beat Jersey City in the third game on Sunday, and the peasoupers take their place at the top of the league.

Samaria Stopped His Drinking

A London Lady cures her husband permanently of the drink habit and without his knowledge.



"How glad I am that I overcame my hesitation about writing you for a Free Sample of Samaria. At that time my husband was drinking very hard, and I was in despair. The effect of your treatment was immediate, and now our home is entirely free from the Drink Curse. I gave my husband the tablets in his tea, and he never knew. As the taste for liquor left him, his general health improved and is now splendid—many, many thanks. I will be glad if you will tell others of my experience.

Free Package and pamphlet giving full particulars, testimonials and price sent in plain sealed envelope. Correspondence sacredly confidential. Address: THE SAMARIA REMEDY CO., 107 Jordan Chambers, Jordan St., Toronto, Canada.

Also for sale by J. A. Harte, 1780 Notre Dame street, and J. H. Harte, 2450 St. Catherine street.

DE MUND FASTEST HORSE IN AMERICA

Two-Year-Colt, Timed by Forty Watches, Ran Half Mile in 46 Seconds.

New York, May 2—De Mund, a chestnut colt, two years old, by Goldfinch-Graciosity, is probably the fastest horse in this country. He is certainly faster than any horse of his age. He worked a half mile trial at the Gravesend track in 0.46 seconds last Sunday. This is at the rate of 1.32 to the mile—about three seconds faster time than Salvator made in his famous race against time over the straight course at the Monmouth Park track.

This half mile was made in the presence of at least forty horsemen, who timed him. Some of the men made the time faster, as their watches stopped at 0.45 4-5 seconds. De Mund carried 105 pounds in the trial.

The speed he displayed astounded the onlookers and all pronounced the trial the greatest they had ever witnessed.

His speed was made all the more impressive by two important things, the easy manner in which it was accomplished and his ability to race around the turns. There were two turns in the half mile, consequently he could not run at top speed all the way.

No other horse has ever shown in either public or private such great speed. Old trainers, men who have watched horses work and race for years, said yesterday that they could not recall a single instance where a half mile was run so fast. Geraldine, at one time the greatest sprinter in the country, ran a half mile down the hill at Morris Park in 46 seconds, but her performance was not as wonderful as that of De Mund.

Newton Bennington, who owns De Mund, was offered $20,000 for the youngster after the trial by two multi-millionaires, Paul Rainey and E. R. Thomas. Bennington refused both offers, and said he would not take less than $30,000 for him. It is probable that De Mund will be sold to-day.

The first meeting of the St. Patrick's A. A. A. Baseball Club will be held Friday, May, 4, at 8 p.m. sharp, at 12 Desrivieres for election of officers. Intending members are invited to attend.

Absolutely accurate dispensing is the only kind I permit in my laboratory.

Every grain is weighed—every drop is measured.

Guess-work would be quicker and perhaps as good, but I don't allow a "perhaps" to enter into my work.

I follow your doctor's orders—certainly and surely.

POOL ROOMS SCORE OVER JOCKEY CLUB

Track Police Trying to Ascertain How Information Was Obtained—Results Late Coming In.

New York, May 2.—Poolroom men were jubilant last night, declaring that they had beaten the Jockey Club in its efforts to prevent their obtaining information at the tracks early enough to be of commercial value. Jockeys and odds for the second race at Jamaica were duly posted in the poolrooms yesterday. This had not occurred previously since early in the Aqueduct meeting. This service, such as it was, continued through the last five races of the Jamaica programme. Jockeys and first betting were received and posted at the same time and about ten minutes before the time for the horses to go to the post. There was little time left to make wagers, but the bettors knew what entries had been withdrawn, and the approximate odds in each case.

Results of the races were not received, however, until they had come to the city through the censored channels and reported on "tickers." No description of the running of any race was attempted in the poolrooms.

"Jackson & Co.," proprietors of a racing news bureau, made the connections necessary with the track and furnished the information to rooms and other racing bureaus. How it was obtained none would reveal if any knew.

Until last evening the fact that the pool-rooms were again getting jockeys and betting in time to make betting possible was not known to those who were at the Jamaica track. The track police learned of it late in the day, according to reports, and went so far in their immediate investigation as to tentatively establish the leak. That the information came from a leak in the regularly established channels was evident. If the spyglass had obtained the information the description of the running of the races would have been most easily given.

It is the practice for the names of the jockeys and first betting to be telephoned from the grand stand betting ring to a booth behind the field stand. The man who takes it there immediately reads it off through a megaphone to the scores of runners for the bookmakers doing business in the field stand ring. Any one within seventy-five feet of this megaphone can get all the information the poolrooms in New York received yesterday. It is believed the information was obtained from this source.

ALF ALLEN WANTS A MATCH.

Had Two Ribs Broken in Encounter With Munroe.

Alf. Allen, of Ottawa, the well-known boxer, is in town at present to see if he can get a match on with some of the men who have been boxing of late at the Shamrock Amateur Athletic grounds. He declares that he is willing to meet any man from 145 to 150 pounds. He will remain in Montreal for a few days. The reason that he did not challenge before this was that in his match with Jack Munroe, in Ottawa, he had two of his ribs broken, and they have knitted only recently.

WAGNER'S ABSENCE MADE THE ROYALS LOSE

It Seems to Have Played Havoc With the Team that Played so Well in Jersey.

Special to The Montreal Star.

Baltimore, Md., May 2.—It's astonishing even to close students of the game, what a difference in play just one man's absence can make in a team. One man caused a reversal of form yesterday on both sides. It made Montreal lose and it made Baltimore win. Montreal's man was Wagner, who developed such a cold on Monday night that he had to be in bed yesterday, and Manager Bannon had to shift about his line-up considerably. Wiedensaul moved down to second base, and up in the batting order. Heulsman switched to left field with G. Bannon promoted to third base, while Catcher J. Connors had to go to right field when he hadn't a fielding chance, affording Lattimer the opportunity to display rather poor catching ability. It wasn't so much that the men fielded their positions badly, but their team work, especially at the bat, was broken up. To make matters worse, Pappalau had no terror for the Oriole batsmen, while Burchill had the Montreal stick artists in the hollow of his hand at all times. Montreal made four hits, but two of them clean, and but one run, while the Orioles tallied ten runs and hit when they pleased.

Montreal's first and only sign of real life it showed at the bat, came in the fifth, when G. Bannon opened with a drive, which Hatfield stopped in a highly sensational way with one hand, but threw badly. L. Hartman dumped a bunt in front of the plate, which Buyers lost, and both runners were safe before Burchill could field the ball. In endeavoring to catch G. Bannon napping at second, Burchill threw wild, but Kelley's throw in caught G. Bannon at third. Hartman reached second on the play and scored when Jennings let Pappalau's drive go between his legs. Montreal had chances before and after that inning, for Burchill was liberal with his passess, Montreal batters would often get to second base, once before any one was out, but there they were left. Twice, too, some sleepy work on bases allowed a Montreal runner to be caught napping, which interfered sadly with chances to win. On the whole, the Montreal team looked totally different yesterday afternoon from the confident aggregation that had first defeated Jersey City three games. Baltimore's one man rule worked the other way. The poor showing made with Buffalo had been due in great measure to the work of Hannifin at short stop, so Manager Jennings determined to get back into the game himself yesterday. The change worked beautifully, for Baltimore, and the first really good game of the season from a Baltimore standpoint resulted.

Manager Bannon hopes that Wagner will be able to play to-day, and it is probable that Deering and Connors will be the battery.

HORSE SHOW SCHOOLING.

The Arena is a Busy Place Just Now.

Last evening, at the Arena, the schooling for the Horse Show commenced. Dr. McEachran, chairman of the show committee, directing the proceedings. For three hours the ring was given up to saddle horses, jumpers and hunters.

Very few horses in the saddle class were there, but the jumpers showed up in good form.

The horses were lined up in the same order as they will be at show time, each one jumping in its turn. To-day the hunters and jumpers will be the first and last on the programme. In the morning the ponies and ladies' classes will receive their training, and the afternoon devoted to the four-in-hands, tandems, and heavy harness classes.

Swimming at Laurentian.

Yesterday evening, at the Laurentian Baths, an interesting swimming contest was held. The summary of events:

100 yards—1st, J. C. Addison; 2nd, W. Gathercole; 3rd, T. Zimmerman. Time, 1.20.

Diving competition—1st, H. Smith; 2nd, G. Selby and H. Smythe, tied.

50 yards—1st, W. Gathercole; 2nd, J. C. Addison; 3rd, U. Cypihot. Time, 35 seconds.

In the water polo competition between the Montreal and Laurentian clubs, the former won by 5 goals to 2.

The teams:—

Montreal.		Laurentian.
Campbell	Goal	Selby
Hamilton	Defence	Zimmerman

ACCUSTOMED TO CHANGES.

Modern System Has Revolutionized the Tailoring Trade.

If a merchant tailor could get a journeyman tailor who could duplicate the workmanship in a "Semi-Ready" overcoat, he would gladly pay that man $30 or $40 a week. Modern system in tailoring as exemplified in the Semi-Ready tailor shops has revolutionized the tailoring business just as the Goodyear-Slater shoe has displaced the custom-made shoe. When you buy Semi-Ready—the real "Semi-Ready"—you would as soon order a silk hat made to order as afterwards buy a wait-to-order suit of clothes.

In this city and district the exclusive franchise for the sale of Semi-Ready is held at 231 St. James street and corner St. Catherine and St. Andre streets, Montreal.

Special Notice.

We pay spot cash for all our pianos, organs and piano-players, thus obtaining them at the lowest possible figure. This is one of the many reasons why we are able to give better value than some other firms. Layton Bros., 144 Peel street, sole agents for the celebrated Karn Pianos, Organs and Pianauto Piano-Players. 60 2 Saw

BLOOD HUMORS

PIMPLES BLOTCHES ERUPTIONS FLESHWORMS HUMORS

Many an otherwise beautiful and attractive face is sadly marred by unseemly Blotches, Pimples, Eruptions, Fleshworms and Humors, and various other blood diseases.

Their presence is a source of embarrassment to those afflicted, as well as pain and regret to their friends.

Many a cheek and brow—cast in the mould of grace and beauty—have been sadly defaced, their attractiveness lost, and their possessor rendered unhappy for years.

Why, then, consent to rest under this cloud of embarrassment?

There is an effectual remedy for all these defects, it is,

BURDOCK BLOOD BITTERS

This remedy will drive out all the impurities from the blood and leave the complexion healthy and clear.

Miss Annie Tobin, Madoc, Ont., writes: "I take great pleasure in recommending your Burdock Blood Bitters to any one who may be troubled with pimples on the face. I paid out money to doctors, but could not get cured, and was almost discouraged, and despaired of ever getting rid of them. I thought I would give B.B.B. a trial, so got two bottles, and before I had taken them I was completely cured and have had no sign of pimples since."

Burdock Blood Bitters has been manufactured by The T. Milburn Co., Limited, for over 30 years, and has cured thousands in that time. Do not accept a substitute which unscrupulous dealers say is "just as good." "It can't be."

Boils and Pimples

Red Rash, Eczema, in fact any skin disease, disfigures the complexion because the bowels are constipated—or because the kidneys do not rid the system of waste—or because the skin itself is unhealthy.

Ointments, salves and soaps are useless. Because the trouble is with the blood.

Owing to defective action of bowels, kidneys or skin, the blood becomes laden with impurities. It is these impurities — deposited by the blood — that make boils, pimples, and painful, disfiguring skin diseases. It is because the trouble is with the bowels, kidneys or skin, that FRUIT-A-TIVES cure these diseases

Fruit-a-tives
OR "FRUIT LIVER TABLETS"

act directly on the eliminating organs—correct their irregularities—strengthen them—and thus clear the skin and make the complexion clear and soft.

If you have any skin trouble—or any fault with constipation, liver trouble, biliousness, headaches, indigestion, rheumatism—cure yourself with Fruit-a-tives. They are made of fruit juices and tonics—and never fail to cure.

50c. a box or 6 boxes for $2.50. Sent on receipt of price if your druggist does not handle them.

FRUIT-A-TIVES LIMITED, OTTAWA.

A BROKEN-DOWN SYSTEM.

This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a break-down, as it were, of the vital forces that sustain the system. No matter what may be its causes (for they are almost numberless), its symptoms are much the same; the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential in all such cases is increased vitality—vigour—

VITAL STRENGTH & ENERGY

to throw off these morbid feelings, and experience proves that as night succeeds the day this may be more certainly secured by a course of the celebrated life-reviving tonic

THERAPION No. 3

than by any other known combination. So surely as it is taken in accordance with the printed directions accompanying it, will the shattered health be restored,

THE EXPIRING LAMP OF LIFE LIGHTED UP AFRESH,

and a new existence imparted in place of what had so lately seemed worn-out, "used up," and valueless. This wonderful restorative is purely vegetable and innocuous, is agreeable to the taste—suitable for all constitutions and conditions, in either sex; and it is difficult to imagine a case of disease or derangement, whose main features are those of debility, that will not be speedily and permanently benefited by this never-failing recuperative essence, which is destined to cast into oblivion everything that had preceded it for this wide-spread and numerous class of human ailments.

THERAPION is sold by the principal Chemists throughout the world. Price in England 2/9 and 4/6. Purchasers should see that the word 'THERAPION' appears on British Government Stamp (in white letters on a red ground) affixed to every package by order of His Majesty's Hon. Commissioners, and without which it is a forgery.

Sold by Lyman Sons & Co., Montreal, Price One Dollar. Postage 4 cts.

William Hendrie, Sr., Very Ill.

Ladies' gold filled watches $12 to $17. R. Hemsley, 255 St. James street.

FORT WILLIAMS FIGHT WITH TYPHOID

Dr. F. C. Douglas Tells of the Battle Waged Against Epidemic

WATER WAS CONTAMINATED

Sewer Fed Into River a Short Distance Above Water Supply Intake.

Dr. F. C. Douglas, D.P.H., M.R.S.I., of Montreal, has just returned from Fort William, Ont., where the Board of Health requested him in March to take charge of the typhoid epidemic which was then widespread in that city. Dr. Douglas this morning told the Star something of the battle with the epidemic.

In January, he said, the cases were not very numerous, but in February about twenty-five cases were reported daily. When this was noticed by the Board of Health they requested Professor Starke, of McGill University, to go to Fort William and look after the stopping of the epidemic. When Professor Starke reached Fort William he outlined a plan to be followed, and told the officers that it would be better for them to get a doctor who was an expert in the treatment of typhoid. It was then that they asked Dr. Douglas to look after the breaking of the epidemic.

Dr. F. C. Douglas.

When asked what was the first thing done on his arrival he stated that he made a careful analysis of the city water and found that it was full of typhoid germs. This was due to the fact that about 500 or 600 feet above the water intake a sewer's discharge was found. A little further up the river, in the district where foreigners are living, about six cases were found. The pipe feeding the reservoir used to extend out into the river about thirty feet, but some time ago this pipe was broken by a steamer, and the reservoir was fed in shallow water. After this examination placards were put above all public taps condemning them, and notices advising people to boil all water and milk were distributed in every house.

At the same time three hospitals were opened, one in the C.P.R. Bank, another in the old Findland Church, and a third in the City Hall Auditorium, this last one being specially for female patients. About two tons of crude carbolic acid was used as disinfectant and distributed free in the city.

"On my arrival on the 8th March," Dr. Douglas stated, "the death rate was one person to every 9.1, and when I left on April 8th, only two or three cases were reported."

The reservoir has been condemned, and now the city gets its water supply from a lake, and in the course of a month or so, Fort William will be supplied by a large lake on Mount McKay, about three miles from the city.

$21,000 DAMAGES ASKED.

Suit Against Power Company Over Death of J. J. Paquette Begun.

There was commenced yesterday before Mr. Justice Doherty and a special jury the cases of Dame M. L. Laurence and Joseph Paquette, the wife and the father of the late Joseph Jean Paquette, who was killed on the 11th day of November, 1905, while turning on one of the lights in his premises in the town of St. Louis. $15,000 damages on behalf of the wife, and $6,000 on behalf of the father.

The plaintiffs claim that the death of the late Mr. Paquette was caused by the fault, negligence and imprudence of the Montreal Light, Heat and Power Company and its officers and servants, and especially in that they failed to properly instal and control their electric light connections in the premises of the late Mr. Paquette, in that they had failed to properly inspect and protect their transformers in the vicinity of the accident, and in that they had failed to use the proper class of transformers.

Several expert witnesses have been summoned, and the case is likely to last several days. The plaintiffs are represented by Messrs. Bissaillon, Q.C., and Brossard, with Mr. Henry J. Elliott, and the defendant is represented by Messrs. Montgomery and Lacoste, with Mr. Archer, K.C.

S. P. C. A. Tombola Prizes.

Several prizes won at the tombola for the benefit of the Society for the Prevention of Cruelty to Animals have not yet been called for. Those holding any of the following numbers are requested to call, with their tickets, at the secretary's house, No. 107 Crescent street, Thursday, May 3, either morning or evening: Nos. 21, 81, 94, 154, 155, 170, 187, 207, 227, 228, 251, 257, 397, 431, 476, 497, 525, 571, 531, 600, 614, 615, 667, 699, 719, 739, 761, 784, 858, 873, 883, 917, 944, 957, 962, 965, 985, 1053, 1054, 1064, 1069, 1134, 1161, 1224, 1229, 1231, 1282, 1321, 1328, 1375, 1388, 1402, 1417, 1438, 1439, 1532, 1556, 1611, 1628, 1633, 1648, 1676, 1684, 1714, 1750, 1772, 1871, 1893, 1921, 1932, 1944, 1946, 1977, 2045, 2073, 2087, 2106, 2119, 2159, 2204, 2208, 2221, 2313.

DANCING CLASSES.— Karn Hall was crowded on Friday evening by parents and friends of the pupils to witness the concluding lessons at the dancing academy of A. Roy Macdonald, Jr. The programme was varied and was much enjoyed.

DO YOU GET UP WITH A LAME BACK?

Have You Rheumatism, Kidney, Liver or Bladder Trouble?

To Prove what Swamp-Root, the Great Kidney, Liver and Bladder Remedy, will do for YOU, all Readers may have a Sample Bottle Sent Free by Mail.

Pain or dull ache in the back is unmistakable evidence of kidney trouble. It is Nature's timely warning to show you that the track of health is not clear.

If these danger signals are unheeded, more serious results are sure to follow; Bright's disease, which is the worst form of kidney trouble, may steal upon you.

The mild and the extraordinary effect of the world-famous kidney and bladder remedy, Dr. Kilmer's Swamp-Root, is soon realized. It stands the highest for its wonderful cures of the most distressing cases. A trial will convince any one—and you may have a sample bottle free, by mail.

LAME BACK.

Lame back is only one of many symptoms of kidney trouble. Other symptoms, showing that you need Swamp-Root, are: Being obliged to pass water often during the day and to get up many times during the night, inability to hold your urine, smarting or irritation in passing, brick-dust or sediment in the urine, catarrh of the bladder, uric acid, occasional headache, dizziness, poor digestion, sleeplessness, nervousness, sometimes the heart acts badly, rheumatism, bloating, irritability, worn-out feeling, lack of ambition, loss of flesh, sallow complexion.

If your water when allowed to remain undisturbed in a glass or bottle for twenty-four hours, forms a sediment or settling, or has a cloudy appearance, it is also evidence that your kidneys and bladder need immediate attention.

In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

In order to prove the wonderful merits of Swamp-Root you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands upon thousands of testimonial letters received from men and women cured. The value and success of Swamp-Root is so well known that readers are advised to send for a sample bottle. In sending your address to Dr. Kilmer & Co., Binghamton, N.Y., be sure to say you read this generous offer in the Montreal Daily Star. The genuineness of this offer is guaranteed.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular 75c and $1.25 size bottles at drug stores in Canada. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N.Y., on every bottle.

GERM OF LEPROSY IN THE MOSQUITO

Canadian at Leper Settlement Makes Important Discovery—Bed-bug Also Implicated.

Special to The Montreal Star.

Ottawa, May 2.—Dr. Morgan, editor of Canadian Men and Women of the Time, is in receipt of a letter advising him that Dr. W. J. Goodhue, medical superintendent at the Leper Settlement at Molokai, Hawaii, who has devoted many years to the investigation of leprosy, clinically, bacteriologically and chemically, has discovered the germ of leprosy in the mosquito and the bedbug. This is considered a very great discovery in the medical world, and will be especially interesting to Canadians, as Dr. Goodhue, to whose painstaking studies the discovery is due, is one of themselves. He was born in Arthabaskaville, Quebec, October 8th, 1869.

CANDIES WERE CONFISCATED.

One Lot of 38,000 Pounds Condemned by City Officials.

The following animals, food, etc., was confiscated in the city last week as being unfit for human consumption: Confiscated at the abattoirs—6 cattle 54 calves, 25 livers and 107 pounds of meat. Confiscated at markets, stalls, etc.—809 pounds of beef, 1,420 veal, 143 mutton, 2,714 pork, 245 chickens, 215 sausages, 90 liver, 92 kidneys, 35 tripe, 60 lard, 525 fruit, 230 vegetables, 744 fish, 4,000 pounds of biscuits, 38,000 pounds of candies. The two latter were sent from a biscuit factory recently burned.

Stole Horse, Waggon and Hay.

John Cunningham, laborer, 37 years of age, who resides on Laurier avenue, was arraigned before Judge Lafontaine yesterday on a charge of having stolen a horse and waggon and a load of hay, valued in all at about $200 from Mr. T. Sicotte, a farmer. Cunningham claims that he was drunk and did not know what he was doing. He was caught in the act of trying to dispose of the waggon and load for a small sum of money.

C. P. R. Trainmen Get Increase.

For the first time in three years the conductors and trainmen on all lines of the Canadian Pacific Railway east of Fort William have been granted an increase in pay as a result of the negotiations which have been going on between the Canadian Pacific Railway and the committee representing the employes. The extent of the increase was not announced. Both sides have signed the new wage schedule.

HIGH FAVOR FOR MOVING PEOPLE

Sunshine and Absence of Dust Was Highly Acceptable to the Migrating Multitude.

The annual moving day has come and gone, though the moving is by no means over.

Throughout the city long processions of vans loaded with the Lares and Penates of hundreds of people yesterday took their course and the task which began long before the milkman had commenced his rounds was continued into the night. The day was fine, the slight rain having laid the dust.

The same anxious expectation of the people in the flat above as to who their next door neighbor should be was manifested. The usual number of carts and waggons broke down and the usual number of articles forgotten at the last minute were carried by perspiring families along the streets, in street cars and in hacks.

Noticeable, however, was the fact that the majority of the vans moved from the central portion of the city towards the suburbs.

From Maisonneuve to Westmount, from the Annex to Point St. Charles, the vans could be seen piled high with a hundred odds and ends. The curiosity dealer or the antiquarian might revel in some of the articles which saw the light while the old clothes' dealer, whose peculiar day it is, did ply a brisk and thriving trade.

Some amusing incidents were witnessed in the narrow streets of the east end. In one place two men who had been busily employed in unloading goods from a cart backed up against the sidewalk had deserted their task and taken a stroll to a nearby saloon. This had so enraged a buxom lady, evidently the wife of one of the men, that she had started in herself to unload the cart. When the two deserters finally appeared upon the scene it was to meet with a torrent of invective from the lady who, having pulled a heavy table partly off the cart, was supporting its entire weight, unable to get either up or down.

Frequently the outgoing tenant would be met by the incoming man and the furniture would be hastily piled upon the pavement to free the cart that was urgently needed elsewhere, while the former gentleman would enlighten the latter as to his prospective home, pointing out various peculiarities not mentioned in the lease.

Hundreds of carters, persons having dogs, etc., crowded the long room at the City Hall to pay their taxes. Many of the carters were anxious to get the same numbers they had last year; their explanation was that they were known to many by their numbers; this meant trade to them. An effort was made to comply with the requests.

SS. Mimer, of the Scotia Line, with the first cargo of Old Sydney coal to reach Montreal, arrived on Monday, and is discharging her cargo at Muir's yard in Wellington Basin. This is fully ten days ahead of the first cargo last year. Three other ships with Old Sydney coal will reach the city this week, including the Agnar, which will discharge her cargo on the wharf at the foot of Beaudry street for use in the East end of the city.

A Secret

It aids nature a little, that's the only secret about it. We refer to Ayer's Hair Vigor. It feeds the hair, makes the scalp healthy. The hair stops falling out and all dandruff disappears. The result could not be different, for it's the natural way. And it is a splendid dressing, keeping the hair soft and smooth. Why not save what hair you have and get more at the same time? J. C. Ayer Co., Lowell, Mass.

TENDERS.

TENDERS addressed to the undersigned at Ottawa, and endorsed on the envelope 'Tender for Dredging Pump, Sorel,' will be received up to the TWENTY-THIRD DAY OF MAY, 1906, for supplying and delivering at Sorel one direct connected dredging pump and triple expansion steam engine.

Specifications and forms of tender can be obtained at the Department here, and at the office of G. J. Desbarats, Director of Shipyard at Sorel.

An accepted cheque on a chartered bank, payable to the order of the Minister of Marine and Fisheries for one thousand dollars, must accompany each tender. The cheque will be forfeited if the party tendering declines the contract or fails to complete the work contracted for, and cheques will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

Newspapers inserting this advertisement without authority from the Department will not be paid.

F. GOURDEAU,

CRUELTY TO ANIMALS.

Henri Pominville Beat Horse and Assaulted Horse's Protector.

Henri Pominville, charged with cruelty to animals and assault, appeared yesterday before Mr. Recorder Poirier, and was fined $3 and costs on each offence.

James Myles was called as a witness in the case, and stated that he saw Pominville cruelly beat his horse with the butt of a whip on the head and body. Myles further stated that he went and spoke to him and the only answer he got was the threat of a beating from Pominville, who attempted to hit Myles with a stone. When Pominville was asked if he had anything to say, he answerd that he had been wrestling with Myles, and that Myles had struck himself with a stone when he had fallen to the ground.

BICYCLIST INJURED.—While riding his bicycle on St. Catherine street last night Joseph Simard, 12 years of age, living with his parents at 162 Montcalm street, was knocked down and run over by a horse and cab. At the Notre Dame Hospital it was found that he was suffering from cuts and bruises.

A MIDNIGHT BURGLARY.

Felix Livernois and Jimmy Nicolas Charged With Crime.

About midnight Monday the store of Mederic Lafontaine, 15 St. Therese street, was entered by burglars, who carried off a clock, a quantity of pickles and some dog biscuit. Yesterday afternoon Detectives Leger and Charbonneau found two men—Felix Livernois and Jimmy Nicolas—on St. Paul street with the clock in their possession, and arrested them on the charge of having burglarized Mr. Lafontaine's store.

Protestant School at Delorimier.

A petition signed by a majority of the Protestant proprietors has been forwarded to the Lieutenant Governor in Council to separate the territory forming the municipality of Delorimier from the school municipality of Cote Visitation and for its erection into a separate school municipality, the Trustees of Cote Visitation having agreed to the separation. Nothing definite regarding a site of a building has been decided upon, but it is expected arrangements will be completed so that the new school may commence operations after the summer holidays.

"WHAT ARE YOU GOING TO DO ABOUT IT?"

It is becoming more and more impossible for the apologists for the "indemnity grab" to ignore the fact that the real issue has grown to be the right of the people to get their way. When the "grab" was railroaded through Parliament before any one was well aware of it last session, weak-kneed members and members "on the make" might pretend to themselves that the people would not offer much objection to their "hard-worked representatives" at Ottawa paying themselves a trifling thousand a year more. The people had given no sign; for the people had been carefully kept in the dark about the whole affair.

But to-day, no such sham ignorance of the wishes of the Canadian people can be pleaded. Whatever the members thought last session, they know now that the electors of Canada do not want this indemnity increase to stand. Thus a new element is injected into the situation. Further evidence is produced; and any court in the land would re-open the case. And, at the new hearing, no man can support the "grab" without deliberately defying his masters, the people; and, by inference, asking them Boss Tweed's historic question—"What are you going to do about it?"

They have come to believe in the smoking rooms of the Parliament Buildings that, when the three hundred politicians who have seats in the two Houses agree with fair unanimity upon any course, the people do not count. The people may be annoyed; but they will forget. The people appoint two sets of representatives at Ottawa to watch each other; but when these two sets of sentinels strike hands and agree to do a little combination "looting" for their own benefit, they imagine that the millions behind them are helpless. They are about as helpless, in truth, as the millions of France and the millions of Germany would be if their lines of sentinels conspired to betray them. For the moment, the betrayal might seem to succeed; but a day of reckoning would speedily arrive when the temporarily puissant sentinels would become but single citizens and the "million feet" would trample them into oblivion.

A member of Parliament is a big man while he occupies the chair at Ottawa which really belongs to his constituents. He has a great deal of delegated power. He can speak for some forty thousand people, more or less. But one day will come the dissolution of Parliament and all his delegated power will slip from him. Then the "sentinel" becomes once more the single citizen—not one whit more powerful than any of his fellows who have, like him, a solitary vote. That will be the day of reckoning; and there is not a name attached to the answers to our circular on this subject, that are pouring in constantly from all parts of the country, which does not represent a man who might just as well be the choice of the people for the next Parliamentary term as the individual who now sits there and who is wondering how far he dare go in doing the very thing which the people do not want.

The character of the constituency to which our circular has appealed is becoming plain now, we fancy, to the party managers. These men who are expressing over their signatures their condemnation of the "grab" are the material out of which the party managers make Parliamentary candidates. They are the leaders in their localities. Some of them have a national reputation. When they take the trouble to make their wishes known in this public manner, they are hardly likely to lie down under the affront of having the politician, whom they may have made, tell them from Ottawa that he proposes to pay no attention whatever to their expressed will. They may sign their names to protests against the "grab" if they like the exercise; but he is the master of the situation.

We venture the prediction that, if the members of the House of Commons persist in abusing their powers as trustees to pocket the people's money against the plain will of the people themselves, we are publishing in our protest columns the names of men who will be sent to the next Parliament to replace those who are snubbing the country to-day, and that the reason for the change will be the defiance of public opinion on this very issue.

Nor is the issue financially a small one. A thousand a year for three hundred M.P.'s and Senators means $300,000 a year all told, which, capitalized at three per cent., reaches TEN MILLIONS OF DOLLARS. That is, Parliament proposes to permanently invest ten millions to provide additional annuities for its own members. Ten millions would buy the country many an improved equipment which would bring it great benefit in this "growing time." What if we spent ten millions on the St. Lawrence route? What if ten millions were expended in an honest endeavor to link Prince Edward Island more closely to the other Maritime Provinces? What if ten millions were used to join the waters of Georgian Bay with those of either Lake Ontario or the Ottawa? What if ten millions were given to the provinces to spend on education?

But can the people get this ten millions spent as they would wish? That is the issue. The noble three hundred at Ottawa want to pocket it. They have the power to pocket it for a year or two if they dare use it. But the presumption of our Parliament system is that they shall not use this power directly in the teeth of public opinion. Wherever there is a reasonable doubt as to the attitude of the people, the presumption always is that Parliament will consult the people before taking the proposed step. In truth, Parliament is presumed to always consult the people before taking a new step of any sort, whether there be reason to doubt popular opinion or not.

This step has been a glaring exception to the rule. It was taken hastily when the people were thought not to be looking. But now it is known that the people are looking, and looking with condemnation. Sir Wilfrid Laurier and Mr. Borden have properly agreed that the clandestine stride of last session must be regarded as a "fool" and that if it is to stand—it must be taken again. Will the greed of some members and the smoking-room-cowardice of others hound Parliament into taking this step a second time without consulting the people whose property is at stake and whose hostile opinion is notorious?

NEW GAOL FOR MONTREAL.

The announcement made by Hon. Jules Allard in the name of Premier Gouin that the Provincial Government proposes to erect a new gaol in Montreal is the welcome recognition, tardy though it be, of a need that has long been pressing. Judges, lawyers, police and gaol officials, and grand juries, have joined for years in a chorus of condemnation that has been as strong as it has been steady—to say nothing of the heroic venture of Major Stephens. The situation became so impossible recently that it was necessary to transport fifty prisoners from Montreal to Quebec for detention, as the capacity of the Montreal gaol was exhausted.

It is unfortunate that the Provincial Government is not even now able to go on at once with the construction of the new gaol. It is well, however, that improvements in the equipment and arrangement of the present building are to be proceeded with in the meantime, and it is to be hoped that these will be as thorough as possible. Some action is demanded at once, and though, as the Premier indicates in his letter to Earl Grey, the present structure is too small to permit of the proper and needful classification of prisoners, it is urgent that any possible ameliorations should be made with the utmost practicable speed.

The words of condemnation used by His Excellency, strong as they are, are not, as all acquainted with the facts will bear him out, one whit too strong. And strong and plain as they are, it is well that they should be kept in mind. "I have no hesitation," says Earl Grey, "in saying that the result of my researches into the whole question of prison treatment in the Dominion has been to convince me that the lot of the convict prisoner in a Federal penitentiary is preferable to that of an unconvicted prisoner awaiting trial in a provincial gaol."

Earl Grey further points out that conditions in the gaol make impracticable the application of the first principles of criminology, the separation of first offenders from hardened convicts. These are evils the seriousness of which it is difficult to estimate and which must enormously militate against the success of any reformative effort in the prison system; and it does not mitigate, but increase, their seriousness that His Excellency found them prevalent also in the Toronto gaol. It is satisfactory to see from Premier Gouin's reply to the Governor-General that he recognizes the seriousness of the problem and that the new gaol will be constructed with a view to solving it.

This correspondence is the result of a visit paid to the Montreal gaol by His Excellency during his February stay in the city, and if we are to thank that Vice-Regal visit for the present announcement, it is good reason for hoping for "many returns" of the Governor-General. It is indeed well that that high office should be put to such practical use, and though the action may be a little out of the official routine, we can honor our King's representative none the less for a wholesome disregard of "red tape," which enables him to render the community such services. And in felicitating His Excellency on the success of his intervention, we must not forget the thrilling experiences of our own George Washington Stephens, who probably knows more about the real discomforts of our gaol than any other voluntary visitor.

That a Canadian runner should win the great Marathon race is a conspicuous honor for his native country. It is an event which will attract the attention of Europe; and will create a desire to know where Canada is in circles which otherwise might never hear of us at all. The task which young Sherring has accomplished was no light one. To go to a strange country and a trying climate, and there to train to beat the athletes of Europe on their own ground, was an example of pluck and prowess of which he, Hamilton and Canada may well be proud.

P. B. MIGNAULT, K.C., NEW BATONNIER

He was Elected by 66 Majority Over Eugene Lafontaine, K.C.

The annual elections held yesterday by the Montreal Bar Association, have resulted in the appointment of Mr. P. B. Mignault, K.C., as Batonnier by a majority of 66 votes over his opponent Mr. Eugene Lafontaine, K.C. For the position of Syndic Mr. R. C. Smith, K.C., and Mr. L. Coderre were the candidates, and Mr. Coderre was elected by a majority of 66 also.

Mr. J. H. Loranger was elected secretary over Messrs. J. A. Pruneau, A. Vallee, J. Rainville and D. Desbols, who were also nominated for the office.

The following were elected members of the council: Messrs. H. Gervais, K.C.; R. Monty, C. Beaubien, K.C.; F. E. Meredith, K.C.; Aime Geoffrion, K.C.; E. Brassard, K.C.; R. A. E. Greenshields, K.C., and V. Martineau.

When the final returns had been announced, Mr. Lafleur, the retiring Batonnier, extended his congratulations to his successor, and complimented the Bar on having chosen so worthy a leader. In his reply, Mr. Mignault, after stating that the contest between himself and Mr. Lafontaine had been a friendly one, declared that for his part he would try to follow in the footsteps of his predecessor, than whom he could not hope to have a more distinguished model.

The new Batonnier is one of the oldest members of the Bar, having been in practice since 1879, the year in which he graduated with the gold medal at the Law Faculty of McGill University. He is the author of several works on jurisprudence, the most widely known being his Annotated Civil Code, which has been approved by the Privy Council of England.

Mr. P. B. Mignault, the new elected Batonnier of the Bar Association.

The very best kind of Insurance—i.e., provision for the future as well as the present—is a Savings Account in

The Sovereign Bank of Canada.

Interest paid four times a year. $1.00 will open an account. Put your money in a place where you can get it when you want it.

Main Office, 232-236 St. James Street.

Uptown Branch, 2608 St. Catherine street (Corner of Guy).

Will nobody have a benefit for the moving day sufferers?

"It is always a man," says Mrs. Emma Paddock Telford, "who propels the muck rake. Also the lawn mower, Emma.

The best authorities now consider it safe to put the snow shovel away in moth balls.

All packed but the bathtub, and a moving van secured.

The suburbs now reveal the man with the garden rake, who is working hard and getting no celebrity whatever.

The warmth of the weather has caused the average citizen to give his little attention to the fact that there has been an interruption in the mining of anthracite.

A genal glow is in the air.
So weather man, jest kindly say
"Some warmer (not too warm) an' fair,"
An' keep it up from day to day.

Cheer up, ye flat-changers! Even Othello went through the experience. For, sooth, he said: "Wherein I spake of most disastrous chances of moving accidents——"

In nearly every section of the city the housecleaning microbe is making tremendous havoc but it is not thought that its ravages will be serious.

How aggravating Mr. Carnegie is to call Sir Wilfrid Laurier one of the five great men of the world, Booker Washington another, and refusing to mention the names of the other three. It leaves us all guessing.

"Star, sir, Star," said the newsboy to the American tourist in the noisy suit of clothes. "Star, all the latest news!"

"Ah, run away somewhere, I don't read English."

"Well, I have a few American papers."

Mrs. Talkwards—Henry, you were talking in your sleep last night.

Henry—Pardon me for interrupting you.—Smart Set.

"The automobilists seem to consider that there are only two classes of people in the world besides themselves."

"What are the classes?"

"Those who can get out of the way in time and those who can't."

"Ah, I see: 'The Quick or the Dead.'"

'Tis singular, tis true, that on the very day we learn that a person moving at an ordinary pace can go around the world in 428 days, the van man should get in eight hours' work moving five blocks! Yes, Geraldine, we're scrogby about it!

Mme Eames, describing her experience in 'Frisco, says: "I was thrown violently out of bed, dressed hurriedly, and then rushed, in an auto, to find Sembrich." Then, judging from the first page summaries, she and Sembrich rushed in an auto to find a press agent!

"Why does a human being laugh?" inquired the naturalist.

"Usually," answered the man with the weary air, "to avoid offending a friend."—Washington Star.

If San Francisco was stricken as a punishment for its wickedness, are not all the cities which are sending relief guilty of trying to thwart the purposes of an all wise Providence?

The report that many survivors of the Frisco tragedy became temporarily demented seems to be true. The official who issues marriage licenses out there has had an unusually busy week.

Open Season for Flat Hunters.

You'd surely think a cyclone had been travelin' this way
For us kids ain't got no one fer to mind.
We're certainly the monarchs now of all that we survey;
We've sure cut loose and joy is unconfined.
We haven't seen our parents fer a coon's age, more or less,
We're orphans and they don't know what we're at.
They are both too busy now to keep us in duress;
For pa and ma is huntin' fer a flat.

The hired girl has quit us fer she couldn't stand the pace,
And everything is goin' plumb to smash.
And every one is desperate that lives around the place,
Fer Sister Ann's a cookin' of the hash.
They started in November fer to find a better home,
But all they've done so far is just to spat.
And pa and ma they keep a gittin' madder as they roam
Around the town a huntin' fer a flat.

The ones that suit 'em best is where the prices are too high;
The cheaper ones they won't look at, a tall.
And all the time the first of May kept on a-drawin' nigh,
There's nothin' sure that we'll get moved by fall.
Just as like as not when Gabriel's trumpet note is heard
Two folks will get left—I'll bet a hat
Pa and ma will never know the incident's occurred,
For they'll be out a-huntin' fer a flat.

—Roy K. Moulton.

Before thoroughly investigating his claims we hope no one will rise up to declare that the French scientist who says beer will cure cancer has been unduly influenced by the breweries.

Mr. Carnegie says Canada owes her freedom to the United States, but when you recall the attempts of the United States to capture Canada in former years it seems as if the statement will stand qualification.—Buffalo News.

Germ K. Germ calls Gernegie's talk Carnegese. And why not Germ's—Chinese?

Cutting Off Licenses.

Special to The Montreal Star.

London, May 2.—The Liquor License Commissioners have announced the names of the six hotels to be cut off in accordance with the reduction by-law passed by the ratepayers in January. The reason assigned in each case is the lack of accommodation for the travelling public.

Fatal Level Crossing.

Special to The Montreal Star.

Renfrew, May 2.—Jas. McMahon was instantly killed by a Kingston and Pembroke freight yesterday in the act of crossing a railway street level with a waggon and team. A young man companion saved himself by jumping. The deceased leaves a wife and four children.

RESOLUTIONS FOR 1906 A FAILURE.

When we look among our friends, from the men of brains to the men of toil, we must acknowledge that our New Year's resolutions too often fail.

We must acknowledge that when alcoholism and drug habits have taken possession of us or them, and they have become uncontrollable diseases—yes, practically enslaved to them—there is no longer any necessity for believing that we can overcome them by an exercise of the will power—it will be impossible.

There is but one way to gain freedom, or to be restored to a normal condition, and that is through scientific medical treatment, one that positively controls and cures the disease. The restorative and cure is

"THE MACKAY TREATMENT."

It is a treatment founded on scientific principles, and has no relationship whatever to fake medicines or quackery. The best evidence of its sterling merit is that the Government of the Province of Quebec and the municipalities of Montreal and Quebec use Dr. Mackay's Treatment to cure their chronic inebriates.

This treatment restores the will—it builds up the nervous system—clears the brain, and practically renews the functions of life. When the treatment is completed it leaves the system fortified, and no longer requires the needs of the temporary bracing effects of stimulants and poisonous drugs, that slowly, but surely, destroy life.

Why delay an absolute cure any longer? The medicine itself can positively do no harm; it does only great good; it will make the victim happy, respected and trustworthy.

Remember — It has taken years to produce these diseases and habits, for which the Mackay Treatment is a Specific. By using it you will be cured and become a free person, no longer enslaved to your previous habits, in the

SHORT TIME OF THREE WEEKS.

in your own home — by following precisely and exactly the treatment as directed.

A Princely Gift to San Francisco.

If Adolphus Busch had not seen the horror and devastation of the disaster at San Francisco, said the St. Louis Globe Democrat in commenting on his donation of $100,000, his contribution of $100,000 to the relief fund would we may be sure, have been no less.

On the practical side, Mr. Busch doubtless sees that, with the necessary help and support, the stricken city and section will rise again and pass on to new and greater conquests. No man has a greater faith in the boundless and redounding energy and recuperative power of the American people than Mr. Busch, for no man knows them better and few as well. He helps those he knows to be worthy of help, not only for his sympathy and their relief, but for rehabilitation of what is lost and reconstruction of fallen powers. He has given wisely and well—as a philanthropist and as an American with supreme faith in the grit and enterprise of his fellow-citizens.

Killed on Level Crossing.

Renfrew, Ont., May 2. — James McMahon, a citizen, was instantly killed by a K. & P. freight yesterday afternoon while in the act of crossing Railway street level with a waggon and team. A young man companion saved himself by jumping. The waggon was demolished and one horse killed. Deceased leaves a wife and four children.

Prince Arthur Had Poor Luck.

Halifax, N. S., May 2.—The royal train, carrying Prince Arthur of Connaught and suite, passed through Bridgewater at 8.30 last night from the Medway river fishing grounds. A crowd was at the railway station to get a glimpse of His Royal Highness. The weather was ideal, and the Prince enjoyed his outing, but the water in the river was very high, which accounts for his poor luck.

Negro's Horrible Act.

Special to The Montreal Star.

Woodstock, Ont., May 2.—A negro named Smith, influenced by motives not yet known, is said to have deliberately smeared a cow with kerosene oil and then set fire to the animal. The suffering beast was discovered in time and the fire extinguished. The skin was badly burned, but no serious results are feared. Smith has disappeared.

Quebec Bar Elects Officers.

Quebec, May 2.—The elections of the Bar of the district took place yesterday afternoon and resulted as follows: Batonnier, F. X. Drouin, K.C., re-elected; L. A. Taschereau, syndic; Louis Demers, treasurer; secretary, Chs. Deguise, re-elected; counsel, C. E. Dorion, Ant. Galipeault, G. F. Gibsone, Eusebe Belleau, Pierre Cantin, Fergus Murphy, P. V. Chaloult, Adj. Turcotte.

Jerome Says "No Hurry."

Special to the Montreal Star.

New York, May 2.—Replying to criticisms of Recorder Goff, in the matter of indictments in the insurance cases, Mr. Jerome says there is no good reason for haste. "We have heard wild clamor for months and years," says Jerome. "That things must be done openly and above board, so the public can know what is going on. By careful investigation and canvass, I satisfied myself that I should not have got one vote out of the last grand jury to indict on the evidence in regard to political contributions. I do understand that there are strange forces of character moving on the face of the waters at times in this city, and to my mind this eager, burning desire to force matters into the grand jury room before the autoritative reading of the court is had, is peculiar, to say the least. I cannot understand it. The insurance investigation is left entirely to a special grand jury which will convene next Monday at the order of the Supreme Court."

Mariechen Floated.

Special to The Montreal Star.

Victoria, B. C., May 2.—The Victoria wrecking steamer Salvor has succeeded in floating the German steamer Mariechen, which, while en route to Alaska, went ashore in False Bay, Alaska, and was abandoned as a total loss. The Mariechen is now at Juneau, Alaska.

Loving Cup for Mr. Curry.

Special to the Montreal Star.

Toronto, May 2.—J. Walter Curry, K.C., until recently crown attorney for Toronto, was last night made the recipient of a handsome silver loving cup by a few friends of the National Club at a private dinner in the club quarters.

Carpenters on Strike.

Toronto, Ont., May 2.—About forty carpenters employed at the Canadian ship-building yards here are on strike for an increase in wages from 25 cents to 27 1-2c per hour. One of the strikers stated that twelve men were receiving 27 1-2 cents, and the rest of the men thought they were entitled to the same amount, as they were doing the same class of work. All the strikers are Englishmen who have only been in the city a few weeks. Some of them belong to the union and others are non-union men. Mr. A. Armstrong, manager of the company, said fourteen carpenters had been discharged because they were not competent. The company was always advertising for competent men, and taking them on and discharging them when they were found to be incompetent.

Side Lights

Famous "Spenders" of Old.

Americans are prone to believe that they are the greatest of "spenders" the world has ever seen. As a nation, America probably is; but the millionaire is older than history, and the American people have examples in prodigality 2,000 years old. According to the Bible, King Solomon collected in one year over $1,500,000. His dishes, cups, goblets, everything, was of gold. Silver never was allowed. It was too common, and, in fact, was "as stones in Jerusalem." Queen Semiramis was another very rich personage of ancient history. She was the lady who founded Ninevah, and it is claimed that she erected an altar all of beaten gold, the total cost of which amounted to $55,000,000. The tyrant Nero was so extravagant that he never wore the same garments twice, and when he travelled 1000 carts were necessary to carry his luggage. Alexander the Great did things in the same open-handed way, which met with so much popular disapproval when modestly practised by some of our contemporary insurance officers. At a banquet, when 9,000 persons were seated at the table, he spent no less than $8,438,878, for during the entertainment he became so pleased with his guests that he presented each with a golden goblet and paid the debts of every one present. When this mighty conqueror died, two years elapsed before suitable preparations could be completed for his burial. The funeral procession which then took place has never been surpassed. The chariot which bore the remains was encrusted in gold and jewels. Jewels and gold and precious objects were worn or carried by every member of that glittering procession. Another parade which the ancients consider rather effective was that of Ptolemy Philadelphus, Emperor of Egypt. This procession took place at Alexandria, and took from sunrise to sunset in passing the point where the Emperor sat. To read such stories about the riches and the money the millionaires of the olden time used to spend makes the millionaires of the present look small, and a comparison between Croesus, who at one swoop got rid of $15,000,000 by making a present to the temple at Delphi, makes the present day efforts of Andrew Carnegie look rather limited.

The Silver Lining.

"The brotherhood of man never found more impressive expression than in the world's response to the need of San Francisco," says the Winnipeg Telegraph. National government, state governments and municipal governments were quick to open their treasuries to relieve the stricken city. Private citizens without number have contributed according to their means. The railway corporations, the banks and financial institutions have been inspired by a similar feeling. This mighty charity is the silver lining to a cloud of awful darkness. It shows that the world of the twentieth century, though intensely commercial, is nevertheless intensely human. It has stretched forth one gigantic hand to the aid of suffering humanity, so that the public which a few days ago stood awed at earth's calamities to-day reflects on the evidences of humanity's goodness. The anger of nature has all but been forgotten in the spontaneous offerings of nature's children. The world will perhaps be better for the calamity at San Francisco. The ennobling effect of sorrow, the wholesomeness of the discipline that lies in trial and suffering, have often been the subject of comment. If private bereavement can refine and ennobie character it is but natural to suppose that the humanizing influence of a calamity affecting hundreds of thousands of people will be more impressive and lasting. The contributions that are pouring into San Francisco, tell the story of man's humanity to man as it was never told in the world before.

Smoke a Benefit to Health.

The following news item recently appeared in a Chicago press despatch: "That the smoke blanket over large cities, instead of being a menace, is conducive to health, was the contention advanced here by Dr. E. W. Anderson, of Pittsburg. According to Dr. Anderson, the banishing of smoke in several European cities was in every case followed by a decline in health." If this be true, it would be interesting to know why it is so. Is it due to the presence of carbon in the atmosphere, or is it, perhaps, a proof that there is something in Major Woodruff's theory, that light is injurious to the blond races? London has a smaller death rate than any of the world's largest cities. It has been claimed that this is due to the carbon in the atmosphere of that city, where, on a foggy day in winter, it is necessary to light the lamps at noon. For nervous people too much sunshine is doubtless bad. Such people would do better on the seacoast. Meantime, until further light is thrown on the subject, most people will prefer the sunny skies of Southern California to the smoky atmosphere of "dear old Lunnun." By the way, is it possible that this is intended as an ingenious advertisement, to popularize Pittsburg as a health resort, just as the Puget Sound cities are taking up Major Woodruff's theory? Smoky Pittsburg hopes, however, to have clear skies soon, as power is to be transmitted from coal mines by means of electricity.

Whence We Get Chinchilla Skins.

The chinchilla, so much prized for its beautiful, silken, light-gray fur, is found only in the Cordillera ranges of the Andes in Bolivia and Chile. It is a small animal, which burrows in the ground, and in appearance somewhat resembles a rat. In recent years so great has been the demand for this fur that the animals have been hunted both in season and out of season to such an extent that they are now threatened with extinction. They are captured in various ways; but the most common method is to hunt them with dogs, the fox terrier being the most useful and skillful for this purpose. The shipping season covers the months of January and July, and the product both of Chile and of Bolivia is exported mainly from the port of Coquimbo, Chile. From this port 144,000 skins were shipped last year, the majority of which came to the United States, the prices realized being almost double those paid the year previous. A protective law establishing a close season was passed at the last session of the Chilean Congress, but on account of the natural habitat of the chinchilla in the wilds of the lofty Andes Mountains, it is difficult to detect and convict violators of the law. It seems probable that this valuable fur-producing animal is destined to early extinction.

THE GLEANER.

World Gossip

Public and Indemnity Grab.

Mr. M. Burns, of Calgary, speaking on the increased indemnity to the members of Parliament, said:

"If our legislators imagine that the Canadian people will stand idly by and patiently see them vote to themselves large sums of the country's revenue without ever taking the trouble of referring so important a matter to the decision of the people, they will find themselves very much mistaken. We will look after them at the next nominating convention."

Aroused General Attention.

Mr. Edward Hodge, of Vancouver, B.C., spoke very strongly at the Windsor last night on the subject of the indemnity grab.

"The Canadian people," he said, "have unfortunately become so used to grafts of various kinds, that it requires a considerable stimulus to urge them to action on any new manifestation of this spirit in politics. This time, however, the dedecided stand taken by the Montreal Star in the matter of the indemnity "grab" has aroused general attention, and has set on foot a movement for the purification of Canadian politics, which is bound to have its results."

Developing the Coal Industry in Ireland.

"Coal has been found in the region of Ballycastle lately, and the mining of a vast quantity of coal is now only a question of time," said Mr. Lawrence M. Power, of Belfast.

Mr. Power is connected with a mining syndicate who are exploiting the coal fields in this section of the island.

"The sinking of shafts, the erection of machinery, and other necessary preliminaries have approached the final stages, in fact, operations have already begun, and when everything is going full force the management expect to lift about two thousand tons of coal per day.

"This new find of coal deposits has come as a very great surprise, owing to the fact that old geological surveys which had not been revised for a number of years, restricted the coal area in Ballycastle to some two miles, but the find is double and probably treble this area.

"Experts who have been working in this district for quite a while state that, based on a conservative estimate, there are at the least some 58,000,000 tons of coal in that district, and more than three times that quantity of black and iron stone.

"The syndicate intend to utilize the iron stone, and with this intention are erecting smelting furnaces for the conversion of the ore into pig iron.

"This will be the means of employing a great many who have been thrown out of work in the north-east of this district owing to the closing down of some of the iron mines.

"Short roads are now being built for the conveyance of the coal to the railway station, and everything is now about in shape for the development of a great coal industry in this part of Ireland."

English View of British Cattle Embargo.

Speaking on the question of the embargo against Canadian cattle at the Carslake last night, Mr. Robert M. Stewart, of Highbury, England, stated that many whom he had met were under the impression that this embargo was directed only against Canadian cattle.

"This," said he, "is not at all correct, as this embargo applies to all cattle. Many in England are of the belief that the importation of store cattle would lower the price of beef to the consumer. As to this I cannot say, but one assertion I can make, with all confidence, and that is that since the imposition of this embargo the number of cattle in Great Britain have largely increased, and the price of beef has gone down steadily, and as a matter of fact, you can buy beef in England to-day at six cents per pound, and I doubt very much if the price could be much lower.

"In my opinion, all the noise about the removal of the embargo is made by a comparatively small section of the community.

"The Liberals, when fighting the last elections, tooted for all they were worth the cry of 'No tax upon corn' and 'No preferential tariffs,' yet one of the very first things brought up in the House by a few of the Liberals was the question of giving Canada preferential treatment for her cattle, which would bring about a very awkward state of affairs.

"Cattle from Texas or Mexico or any other American State, under this law, could not be shipped direct to England from these States, but they could be from Canada, and all that would be necessary would be to take Canada's word for it that the country was free from disease. The cattle industry in Great Britain is well enough as it is, and it is better to leave well enough alone."

Immigration to Southern Cotton Fields.

"Within the next few years the Southern States will receive an enormous influx of immigrants."

The above is the opinion of Mr. Harold S. Stephens, of Georgia, who last summer spent some months in Europe in the interests of immigration.

Speaking on this subject at the Queen's last night, he stated that throughout the European countries the impression had gone broadcast that the Eastern States were overflowing with foreigners, and that the best lands in the West and Northwest had been taken up, and as a consequence they look upon the South as the new land of promise.

"Everything points to the fact that the Italian immigration will presently show a decline, and an immense increase in the number of immigrants will be shown from such countries as Germany Russia, Bulgaria and Hungary.

"These people are good workers and thrifty, and are splendid farmers, and will be a boon to the South in the work of developing the cotton fields.

"The intention is to bring these people direct to their place of destiny without having them stop at New York or any of the north-eastern ports, and no doubt additional lines will be established to run directly into the Southern ports.

"These people will, to a certain extent, be pioneers in the South, and will be the progenitors of a new race which, in the course of time, will reflect credit on the nation and prove the foresight of those who are now endeavring to establish these different nationalities in the Southern portion of the States.

"Immigration from the Old Country will from now assume immense proportions."

NEW STATION AT LONDON.

Negotiations on to Include Pere Marquette With Grand Trunk.

Special to The Montreal Star.

London, Ont., May 2.—The negotiations between the Grand Trunk officials and the City Council looking to the raising of the company's tracks throughout the city and the erection of a new station and freight shed to cost in the neighborhood of $1,250,000, are rapidly coming to a head.

Mayor Judd is now behind a movement to have the new station moved to a location two blocks east of the present site, and to arrange for a union station for the Grand Trunk, Pere Marquette and Michigan Central lines, leaving only the Canadian Pacific, which it would be impracticable to include, outside the pale.

FIVE WERE DROWNED.

British Steamer Blanefield Sank After Collision With Kate Thomas.

New Haven, England, May 2.—The British steamer Blanefield, Captain Isaacs, which sailed from Junin, March 10, for Dover, was sunk off Beachy Head yesterday by the British bark, Kate Thomas, Captain Hughes, from Antwerp for Callao. The captain and nine members of the crew were landed here by a pilot boat and it is believed that fourteen others were also saved. Five persons are reported drowned. The cargo of the Banefield was valued at $250,000.

BOYCOTTING IS ILLEGAL.

Important Judgment Rendered in Toronto by Three Learned Men.

Toronto, Ont., May 2.—A judgment which would seem to have a significance for trade unions throughout Canada was delivered Monday morning by the divisional court and signed by Chancellor Boyd, Mr. Justice Magee and Mr. Justice Meredith. It dismissed with costs an appeal entered by local union No. 30 amalgamated sheet metal workers, against a judgment given by Judge McMahon, awarding $7,500 and costs to the Toronto Metallic Roofing Company.

The company was embarrassed in its business some two or three years ago by a boycott of the members of the union consequent on a disagreement as to an open and closed shop. As the union was not a corporate body the officers were sued by the company which got judgment. The union then appealed and the case has been in the courts ever since. Their lordships find that boycotting is illegal."

Special to the Montreal Star.

Fort William, Ont., May 2.—Passenger train No. 2, westbound, was derailed at Tamarack, by a broken rail yesterday. Three cars ran off. No one was hurt. All trains are ten hours late.

Province of Quebec, District of Montreal.

Town of Notre Dame De Graces.

At an adjourned session of the Municipal Council of the Town of Notre Dame de Graces, held at the ordinary place of sessions of the said Council, Monday, the 30th of April, 1906, at eight o'clock in the evening.

Were present: Thomas A. Trenholme, Esq., Mayor, and Aldermen Robert Brodie, Dugal MacDonald, Daniel Decarie, forming a quorum of the said Council, under the presidency of Mr. Mayor.

By-Law Concerning the Construction of Houses and Buildings Within the Town of Notre Dame De Graces.

It is ordained and resolved by By-Law No. 25 of the Council of the Town of Notre Dame de Graces, concerning the construction of buildings and houses within the town, as follows:

WHEREAS by article 383 of the Act 3, Edward VII., chap. 38, and by the Incorporation Act of the town, the Council has the right to pass by-law to regulate the construction within the limits of the town:

1.—The Council shall, when deemed necessary, appoint an inspector, or such other subordinates, to examine and survey the construction of all houses and buildings within the limits of the town.

2.—The Council may appoint one or several officers to examine or have examined all buildings so as to ascertain whether the dispositions of the present by-law are followed and executed.

3.—Nobody shall use any street or road, nor obstruct same in any way, without a permit from the Council or its officers.

4.—Before the construction, reparation or alteration of any house or building, the proprietor, architect or builder thereof shall have to submit the plans of such construction, reparation or alteration to the Council, and all such construction, reparation and specifications or alteration shall not be commenced before such plans had been approved of by the Council or its officers.

5.—When the works for which a permit is asked for, or when the plans connected therewith will not be found by the Council or its officers in accordance with the dispositions of the present by-law, the Council may refuse to deliver such permit as long as said plans have not been altered and found in accordance with the present by-law.

6.—No alteration shall be made to any plans or specifications without being previously approved of by the Council or its officers.

7.—The Council may, from time to time, determine streets, on which a line shall be fixed at such distance from the line of said street, as may be determined on by said Council, and beyond which line no building shall hereafter be erected.

8.—No wooden construction shall be erected unless the exterior part of said construction shall be at a distance of at least forty feet from the division line of a lot belonging to a neighboring proprietor.

9.—No wooden building already existing, and not cased with brick, shall be removed from one lot to another, nor from one portion of a lot to another portion of the same lot.

10.—The Council may ordain to all proprietors to demolish all construction, house or building deemed dangerous for the public, and in case of refusal or neglect of the said owner to do so after having been ordered, the said building or structure shall be demolished at the expense of the owner, and the cost of said demolition shall be assessed upon the land on which such building or structure stands.

11.—The Council would order to any proprietor or builder to stop to build or to demolish, according to the case, any construction, house or building which in the future shall be built against the dispositions of the present by-law, and in case of such proprietor or builder would refuse or would neglect to do so in the twenty-four hours after ordered, the Council or its officers would have to demolish such construction, house or building, and the expenses will be charged to the said proprietor before any court of competent jurisdiction.

12.—Nobody shall erect any house fronting on any streets of the town, provided such house has at least two stories, the first of said stories to be of at least ten feet in height, and eight feet for the others.

13.—None of such houses shall be constructed unless it be constructed with solid brick or stone, concrete, or in wood, brick or stone and cased brick, except in the clause 8.

14.—All joist, foundation and foundation wall shall be in stone or concrete or brick.

15.—The middle wall and the exterior division wall shall be made with solid brick or stone, or concrete, and of a thickness of at least twelve inches—exceeding not less than 12 inches above the roof.

16.—No construction not in accordance with the present by-law shall be allowed within the limits of the town.

17.—The Council may ordain, by resolution, to suspend all construction not in accordance with the present by-law, as also the demolishing of all such construction.

18.—No staircase nor steps before house can be erected at the exterior of any house, construction or building, at a height of five more feet than the higher level of the street or road.

19.—No house, construction or building shall be covered with wood, or with wood and paper, or any other inflammable materials. Subject to clause 8.

20.—All persons violating any of the provisions of the present by-law shall be, for each offence, passible of a fine, with or without costs, and in default to immediately pay said fine and costs, to an imprisonment; said fine not to exceed forty dollars, and said imprisonment not to exceed two months, which imprisonment shall cease immediately after the fine and costs are paid.

This by-law will take force fifteen days after its publication.

Given at Notre Dame de Graces, this first of May, 1906.

(Signed), THOMAS A. TRENHOLME, Mayor.

NEW YORK'S PROPOSITION.

It is Suggested That the Big City Advance $100,000,000 to San Francisco.

San Francisco, May 2.—The first definite proposition for furnishing money on a large scale to San Francisco to rebuild some of the burned sections was made public yesterday when it was announced that a syndicate of New York capitalists had agreed to advance $100,000,000. The news came in a telegram received by W. F. Herrin, chief counsel of the Southern Pacific, from United States Senator Newlands of Nevada, who had a large interest in the burned Palace Hotel. Senator Newlands stated that he had submitted the plan to New York financiers, and that they had virtually consented to supply the money on a bond and mortgage basis. The offer is under consideration.

It was decided yesterday that the citizens' committee would accept all offers of aid from foreign countries. The local money stringency was somewhat relieved yesterday by the banks resuming business in a small measure through the branch United States mint. Well-known depositors were given certified cheques for small sums by the banks, and business clients of commercial banks were accommodated if they so desired, with sums not exceeding $500 each.

SAVOY HOTEL LONDON.

OVERLOOKNG THE RIVER AND EMBANKMENT GARDENS

Never has the Press of England shown greater unanimity than in its praise of the additions and improvements to the Savoy Hotel, London, upon which have been spent upwards of one million pounds sterling.

The new building is characterized by extreme luxuriousness. — "The Times."

The magnificent buildings of the Savoy make a truly noble show.—"Daily Telegraph."

The building is palatial—the greatest possible comfort combined with luxury.—"Morning Post."

One of the most sumptuous and costly interiors in London.—"Daily Graphic."

A remarkable addition to the architecture of the Strand.—"Standard."

All is peace and refinement.—"Pall Mall Gazette."

The last word in hotel luxury and magnificence. — "Westminster Gazette."

One of the most luxurious and one of the most comfortable hotels in the world.—"Referee."

The most striking innovation in building which London has seen of recent years.—"World."

A scale of luxury hitherto unattempted in any hotel in London.—"New York Tribune."

More beautiful than ever.—"Morning Leader."

A delight to the eye—no lavishness seems to have been grudged.—"Sportsman."

One of the handsomest of London edifices.—"Globe."

Elegance and artistic character everywhere. Nothing has been omitted that could conduce to the comfort and content of the visitor.—"Ladies' Field."

The most beautiful hotel in Europe.—"Outlook."

An ideal home for twentieth century London.—"Queen."

The great pile of buildings included in this latest addition to the architectural sights of London forms a combination of luxury and beauty which cannot be surpassed in the wide world. The New Savoy is a vast palace of a thousand splendours, of a thousand surprising and delightful innovations. Nothing that could contribute to the comfort, the smoothness and the joy of life is wanting which the inventive genius of America and Europe could supply, or that the taste and skill of the world's schools of art in all its branches could furnish. The place is, in its way, a very triumph of genius. Its match is not to be found in London, nor in Paris, nor indeed, in any capital of this little planet. To do it justice in a necessarily brief article is impossible. Having rambled through its glorious salons and galleries, and ante-chambers up and down marble staircases of noble breadth, beneath panelled ceilings, adorned in relief with exquisite golden tracery, one feels that all this roval magnificence, this opulent beauty might well inspire a volume which should be bound in white satin and gold.—"Western Mail."

This Typewriter Has Perfect Alignment

Do you know what perfect alignment in a typewriter means?

It means that the writing, on the paper, is on a perfectly straight line.

You've seen typewritten matter with some of the letters above, or below, the writing line, haven't you?

Well, when letters print, in this way, the writing is said to be out of alignment.

There's no typewriter made that cannot, sometime or other, get out of alignment.

But the L. C. Smith & Bros. Typewriter will give you more perfect and permanent alignment than any other machine made.

It's impossible to have perfect and permanent alignment with a carriage that moves up and down.

The L. C. Smith & Bros. Typewriter is the only visible writing machine made with an absolutely rigid and frictionless carriage.

In most visible writing machines, the carriage moves up and down, when changing from small letters to capitals.

In the L. C. Smith & Bros. Typewriter, it's the type that's shifted and not the carriage, when capitals or small letters are required.

This means simplicity of construction, as fewer mechanical parts are required.

Taft Not After Presidency.

Special to the Montreal Star.

Washington, D. C., May 2.—Despite speculation concerning Secretary Taft's availability for the republican nomination for the presidency in 1908, it is said on the highest authority that Taft has given up all presidential aspirations and will accept Roosevelt's offer of appointment as Associate Justice of the United States Supreme Court. October 1st is named as the probable date when Taft will leave the War Department.

DR. A. W. CHASE'S CATARRH CURE ... 25c.

is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. Blower free. All dealers, or Dr. A. W. Chase Medicine Co., Toronto and Buffalo. 44 156eod

No Hospital for Consumptives.

Toronto, May 2.—Toronto will not build a hospital for consumptives for the present. The private bills committee of the Legislature were overwhelmingly against the plan Monday morning, and disallowed the expenditure of $50,000 for the erection of a hospital. A by-law passed by the rate-payers was held to contemplate merely the contribution to existing institutions of the money voted.

The Allan Line Royal Mail steamer Parisian from Liverpool and Moville for Quebec and Montreal, passed Three Rivers at 6 a.m., on the 1st of May.

Special Notice.

WERE PLANS OF THE POWERFUL DREADNAUGHT STOLEN FOR THE UNITED STATES NAVAL DEPARTMENT?

By Cable from a Special Correspondent of the Montreal Star in London.

London, May 2.—A grave naval scandal has developed over the mysterious disappearance of the plans of the new battleship Dreadnaught. It is believed the plans have been sold to a foreign power by some navy department officials. The Government has been trying to keep the matter quiet, but the fact is now established that the plans disappeared a month ago and were returned to the Admiralty through the mail.

The Power which secured the plans is not known, but suspicion is directed and in some instances accusations have been cast towards America, owing to the announcement that the United States intends immediately to construct a battleship on an improved Dreadnaught design. Many new methods were employed in the construction of the Dreadnaught, which England tried to keep secret in the hope they would put Great Britain several years ahead of other powers in this new style of warship.

DECADENT PULPIT DECADENT CHURCH

At the annual convocation of the Wesleyan College, last evening, Dr. Jackson impressed upon the graduates the need for cultivating the gift of fervent, forceful oratory. He warned them, however, that if pulpit oratory was to be of any use it must be from the heart.

He emphasized the importance of assiduous daily study, particularly of the Bible, in their coming ministerial life, and advised them to spend four to six hours a day in the pursuit of knowledge. This might seem hard work, but anyone timorous of toil had no right to enter the ministry. They must cultivate a vigorous spiritual life. Their ministry would be exactly what they themselves were. Preaching would constitute the chief and most important part of their ministry. Some people declared that the power of preaching had declined in the tremendous influence of the press. But great as was the power of the press, it could never take the place of the pulpit.

It was through the medium of preaching, he reminded them, that Methodism had accomplished its highest achievement. A deteriorated pulpit meant a decadent church. The church with the strongest pulpit would be the church of the future. But their preaching must be heartfelt, not mere flights of rhetorical ingenuity. The greatest need of the pulpit to-day was a profounder appreciation of men's spiritual needs and a greater sense of the adequacy of the Gospel to meet them. It was an age of elaborate formalism and intellectual unrest, but the gospel message, if fervently presented by a faithful preacher, was as efficacious as ever.

The report of the registrar showed a satisfactory state of affairs. The students health had been good, and the college spiritual life had been marked by depth, fervor and progress. The total number of students registered had been sixty-nine, forty-eight being residents, and twenty-one extra mural, showing a net increase of five, while the increase in resident students was seven. The total number of students registered since 1873 was 440. Three needs of the college were mentioned, viz.: increased accommodation, bursaries of at least $50 each for promising students, and a better equipped library.

The list of graduates is as follows: J. A. Agnew, A. W. Budd, W. H. Harris, E. P. Ward, C. L. Poole, T. Hancock, C. W. Morrow, J. R. Saint, W. Edwards, B.A. (McGill University), C. W. J. Baker, D. E. Johnston.

To Bridge Niagara.

Special to the Montreal Star via. Dominion "DeForest Wireless Telegraph.

Ottawa, May 2.—Several bills were reported by the Railway Committee this morning. The first was Mr. McDonald's bill respecting the Canada Atlantic Railway, empowering that line to acquire the shares of the Pembroke Southern Ry. Co. Mr. W. M. German got his bill respecting the Water Bridge & Power Co. through committee. This company contemplates the bridge of the Niagara near Port Erie but the U. S. Government has declined to sanction the project. The bill is to grant an extension of five years to enable th[illegible] range the matter. A clause safeguards the right of the province over the ungranted lands of the province and the water flowing over them.

WATCH JEWELS

¶ The jewelling of a watch is another important point to consider when choosing a watch. The more jewels there are at the frictional points the longer the life of the works.

¶ Birks' "Thin Model" Watches for both gentlemen and ladies are jewelled: the smallest number in any watch being fifteen. No watches with less jewels are considered worthy to bear the name "Birks" and certainly are not good enough to carry the firm's broad guarantee.

$25 is our price for a Lady's "Thin Model" Watch, in a solid 14 karat gold case, either plain or engraved design. Write for illustrations.

MAKE IT BUSIER FOR ST. LAWRENCE

The strike of mates on the great lakes for recognition of the union and the more important consequences which have grown out of that, in the strike of the 'longshoremen on Lake Erie, will in all probability have farther reaching effects upon the Canadian carriers than was at first generally supposed.

Most of the wheat shipped from Boston and New York comes via Buffalo, though much of this is purchased in the Canadian Northwest and transhipped to American carriers at Fort William. As a result of the strike a good deal of this will come by way of Montreal.

There were no bids for Canadian wheat at Fort William yesterday meant for exportation in American bottoms to Buffalo which is somewhat unusual. This was explained by the announcement of the mates of the vessels lying at the head of the lakes that on navigating their vessels back to Buffalo they would quit work before unloading.

The effect of this will be that much of the wheat to catch certain sailings in Boston cannot be carried there via Buffalo.

As a result the demand for space on the Canadian boats sailing from Fort William to Kingston has greatly increased and to-day and yesterday considerable space changed hands.

A local man, speaking of the labor troubles which for several successive seasons have been experienced on the American fresh water vessels stated this morning that as a result the industry on the Canadian side has greatly increased and that a number of vessels which some years ago were not in commission are now being overhauled and in all likelihood the building of other carriers will increase.

CANDLES CAUSED FIRE.

Sister of the Congregation of Notre Dame is Burned.

A fire broke out in the Convent of the Congregation of Notre Dame, 40 St. Jean Baptiste street, to-day, as the result of the boiling over of wax candles.

One of the sisters was severely burned on the hands and arms in trying to extinguish the flames. Her wounds are not considered dangerous, however, and she was not taken to the hospital.

The central division of the brigade responded to the gong, and extinguished the flames.

PERSONALS.

Mrs. R. B. Angus, Drummond St., has postponed the reception she was giving this afternoon.

Miss Elaine Casgrain is entertaining informally at the tea hour this afternoon for her guest, Miss Scholes.

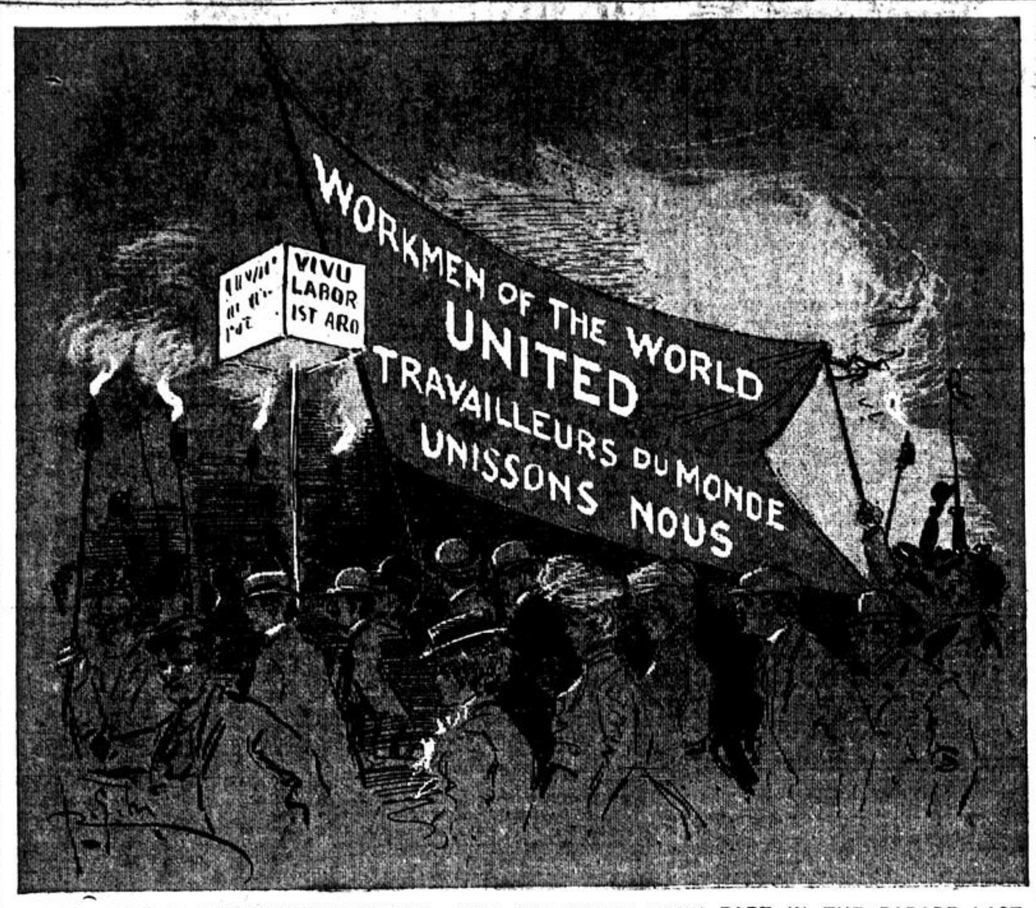
The marriage of Miss Annie Wilson, daughter of the late Mr. J. C. Wilson, to Mr. Edgar Budge will take place May 10th.

The engagement is announced of Miss Gertrude May Milne, eldest daughter of Mr. Robert F. Milne, of Arnprior, Ontario, to Mr. John Alexander Meekley, of Pembroke, youngest son of Mr. Chas. Meekley, of Iroquois, Ont. The marriage will take place in June.

Lord Minto, Viceroy is busy touring. He has visited Lucknow, Agra, Ajmere and Delhi, and from every place one hears glowing reports of the impression which he has made upon the minds of the people, perhaps by reason of his absolute unpretentiousness. Lady Minto joined him at Lucknow, where she arrived straight from her shooting camp near Dehra Doon. She and her daughters spent a very pleasant week under canvas, and, though they were disappointed in their hopes of seeing a tiger, their shikar was very successful, for the bag consisted of a panther, half a dozen chital, some nilghai, and a fine sambhur, besides three hundred head of small game.—London World.

The marriage took place Tuesday afternoon, at Lachine Methodist Church, of Miss Wilma L. Baltzly, daughter of the late Mr. B. F. Baltzly, formerly of Cambridge, Mass., to Mr. Jos. Bodfish. Rev. A. W. Williamson officiated. The bride wore a navy blue princess travelling costume, with hat to match, and carried white roses. She was given away by her brother-in-law, Mr. Jas. Tweedie. The matron of honor, Mrs. Jas. Tweedie, wore navy blue silk poplin trimmed with white applique, and a Panama hat. Mr. Wm. Norberry was best man and the ushers were Mr. T. P. Hall and Mr. R. Brimson. The ceremony was followed by a reception at the bride's residence, 20th street, which was attended by a large number of friends. The bride was the recipient of numerous beautiful presents. Mr. and Mrs. Bodfish have left on a trip to Portland and Boston.

Visitors to Montreal for the Horse Show will include: Mr. and Mrs. Adam Beck, who will be at the Windsor; Miss Eileen O'Meara, who will be the guest of her sister, Mrs. G. W. Cooke; Miss Aurelia Hughson, who will be with the Misses Hays, Ontario Ave; Miss Mary Fitzpatrick, who will be Mrs. A. A. Allan's guest; Mr. and Mrs. C. Bouthellier and Miss Bouthellier, who will be with Mrs. Baumgarten; Mr. Kilgour, of Toronto, who will be Mr. J. C. King's guest; Mr. and Mrs. R.G. Reid, jr., of Newfoundland, who are with Mr. and Mrs. Reid, Drummond street; Mr. and Mrs. Bryce Allan (Boston), Col. and Mrs. Hanbury Williams (Ottawa), Capt. Trotter, A.D.C., and Capt. Wyndham, who will be at the "Ravenscrag" house party to meet H. R. H. Prince Arthur of Connaught. At the Windsor will be Mr. and Mrs. J. R. Valentine, of Philadelphia; Mr. and Mrs. Louis Haight, of New York; Mr. H. L. Movins, of Cambridge, Mass.; Mr. and Mrs. J. J. Dixon, of Toronto; Dr. and Mrs. Webster, of Ottawa; Mr. and Mrs. R. F. Carman, of Long Island; Mr. and Mrs. A. B. McLea, of New York; Mr. and Mrs. S. F. Clough, of New York; Col. Lessard, of Toronto; Mr. Orson Moulton, of Batavia, N.Y.; and Dr. S. H. McCoy, of St. Catharines, Ont.



OBSERVANCE OF MAY DAY IN MONTREAL.—MEN AND WOMEN TOOK PART IN THE PARADE LAST NIGHT TO THE NUMBER OF 300. —See Page Ten.

PRINCE'S QUARTERS ON SS. 'VIRGINIAN'

Suite of Rooms on the Bridge Deck Have Been Reserved—Victorian Arrives at Liverpool.

Special quarters have been arranged on the Allan Line Royal Mail SS. Virginian for His Royal Highness, Prince Arthur of Connaught.

Four rooms on the bridge deck have been set aside for his accommodation, and that of his aide Captain Wyndham, while right to the rear of these rooms, N. O. P. and W. with special bathrooms attached are the three servants rooms. The suite is a handsome one with doors connecting the various rooms. In all there are over 150 passengers who will be his fellow passengers.

Upon arrival in Liverpool a special train will be in waiting to convey him at once to London.

At present the Virginian is reported 100 miles southeast of Cape Race in dense fog. While this may delay her arrival for some few hours it will not interfere with her leaving on the 10th.

The Victorian which bore the other members of the Prince's party, General Killy-Kenny, etc., who parted with him at Ottawa, arrived in Liverpool this morning at six o'clock and reported all well on board.

PRESTON AND GRIFFITH.

Both Have Been Summoned to Appear in Ottawa.

By Cable from Our Own Correspondent.

London, May 2.—Messrs. Preston and Griffith will sail on the Empress of Britain. They have both been summoned to appear before the Ottawa Committee in connection with the North Atlantic Trading Company.

WINDERMERE.

Payment of Half Million.

The City Treasurer to-day sent away in interest the goodly sum of half a million dollars. This is the half yearly payment on the city's consolidated debt of one million dollars.

COUNT WITTE HAS AT LAST RESIGNED

Famous Russian Premier Will Be Succeeded by Former Minister of Interior.

St. Petersburg, May 2.—The resignation of Count Witte as Premier has been accepted. He will be succeeded by

Count Sergius De Witte, who has resigned the Russian Premiership.

M. Goremykin, former Minister of the Interior. The official announcement of the changes in the cabinet will be made to-morrow.

The successor to Count Witte, Privy Councillor Goremykin, was Minister of the Interior from 1895 to 1899, and has taken a prominent part in Russian political life, especially during the revolutionary period of the last few years. The administration of M. Goremykin as Minister of the Interior was not marked by any of the harshness which has been so prevalent during several previous administrations.

THOUSAND COPPERS MIXED IN MOLASSES

Janitor Cook, of McGill Medical, Given Strange Honor by Freshies and Sophs.

To-day at noon was held the great annual "Cook celebration" at McGill, when Mr. Cook, janitor of the McGill Medical building, was the central figure of a procession of about three hundred medical students through the streets, and was the recipient of a gift of ten dollars in coppers, which had been mixed up in a couple of gallons of molasses and the mixture then distributed through a barrelful of sawdust.

This demonstration has been held annually for the last fifteen or twenty years and is taken part in by the sophomores and freshmen in medicine, and the most important personage in it is always Mr. Cook. Mr. Cook has been connected with the McGill Medical building longer than any of the professors of that faculty. Day after day he sits in his little office inside the main door, where he distributes their mail to the students, watches that none of them uses the telephone, and takes careful note of any misbehavior in the hall. There are few of the medical students who do not know and fear his biting sarcasm.

To-day's celebration was a great event for Mr. Cook. He was dressed in the typical garb of John Bull with abundant display of red and white bunting. An old express waggon had been provided as a chariot, and Mr. Cook seated himself in this with his barrel of money behind him and a small boy with an umbrella beside him to keep off the rain. Over the whole waggon was a huge sign bearing on one side the legend: "I am Sir Oracle; when I ope my lips, let no freshman speak," and on the other, "Me and the Dean, Czar of the Freshmen Year, boss of the faculty." Instead of a horse, an automobile, in which rode the four members of the committee—T. H. Taylor, W. C. Rocheleau, W. B. Hunter and J. E. Lovering—had been provided to draw the waggon.

CONFERRING WITH COTTON STRIKERS

Six hundred men and women are on strike to-day at the Hochelaga mill of the Dominion Textile Company, but every effort is being made by the officials of the company as well as the representatives of the strikers to settle the differences.

At a conference held this morning between the representatives of the company and a committee representing the mill spinners, the demands of the men for a twenty per cent. increase were granted, and it is expected that all the demands of the other departments will be amicably settled at a conference which has been arranged for this afternoon.

Since yesterday afternoon three hundred, mostly women, went out.

A joint meeting of the mill spinners of the Hochelaga and St. Henri mills was held last night. It was decided that if an agreement was not reached to-day the St. Henri men would go out on Friday, which is their pay day.

Joseph Lalois, of the St. Henri mill, is representing the St. Henri mill spinners at the meeting of the strikers in their headquarters in the Tremblay Hall, 1897 East St. Catherine street to-day.

The company is being represented at the meetings by Messrs. W. T. Whitehead, general manager, and John Taylor, superintendent. The strikers are represented by Messrs. P. Fafard, secretary-treasurer of the local union, and T. Courneyer, vice-president. The committee that represented the weavers at the conference in the afternoon was composed of Louis Laveigne, Louis Baland, M. Delparois, M. Cloutier, and six young lady operatives. Mr. Delparois will be chairman of the committee.

The weavers are also demanding a twenty per cent. increase, the abolition of the fining system, and a few minor changes.

It is now expected that the whole difficulty will be a thing of the past by to-morrow, and that the big factory will be in full operation by Monday morning.

Wrestling Bouts at Sohmer Park.

In order to suit the arrangements of the principals, the double series of wrestling bouts fixed for Sohmer Park have been changed to Monday next. Both the Japs are in hard training, and it is expected that the bouts will be very exciting.

MR. BROUGH DIED IN LONDON TO-DAY

London, May 2.—T. G. Brough, manager of the Dominion Bank at Toronto, died in the London private nursing home at three o'clock this afternoon. He went into the hospital for adenoids and whilst there had an apoplectic seizure, followed by paralysis.

WINDERMERE.

Theodore G. Brough, general manager of the Dominion Bank of Canada, since the death of Mr. R. D. Gambol, his predecessor, in 1899, had been in the services of the bank since 1874. Born in Goderich, the son of the late Judge Brough, his career began when some time before he had entered the employ of a mercantile house in New York.

Since 1874 he has served in numerous capacities with banks. In 1886 he was appointed the manager of a branch in Toronto and five years later he was appointed inspector.

After the death of the first general manager of the bank he was made manager of the chief Toronto office. In 1899 occurred the death of the then general manager, Mr. R. D. Gamble, Mr. Brough succeeding him.

During his years of service the business of the bank grew largely and throughout he showed great capacity, intelligence and loyalty to its interests.

When he left Toronto last March he appeared to be in the best of health. An apoplectic stroke seized him on April 21, only to be succeeded by paralysis. His life from the first was despaired of. At the time of his death his wife, and two daughters who had been at school in Paris, were with him. Two other daughters sailed from New York for London last Saturday.

Cut glass sugar and creams $5 a pair. R. Hemsley, 255 St. James St.

Special Notice.

An Interesting Letter.

The following letter speaks for itself: "I wish to acknowledge receipt of the Lindsay piano, which I won as a prize at the S. P. C. A. Tombola. It is a very fine instrument indeed, and I will feel pleasure in recommending my friends to buy Lindsay pianos." (Signed) Mrs. Alfred T. State, 134 Fairmount. The letter was addressed to C. W. Lindsay, Limited, 2366 St. Catherine street (old number). 104 2

WON'T PRODUCE MR. SIFTON'S CLERKS

Special to the Montreal Star.

Ottawa, Ont., May 2.—There was a lively meeting of the agriculture committee this morning, when Col. Sam Hughes' motion to summons A. P. Collier and Miss Violet Kelly to give evidence in respect to the North Atlantic Trading Co. came up. Mr. Collier was formerly private secretary to Hon. Clifford Sifton and Miss Kelly was a stenographer of the department. Col. Hughes said that he understood that both Mr. Collier and Miss Kelly could throw important light on the question, as they still had notes taken at the time the deal was put through.

A long and unceremonious wrangle took place, warm terms being used.

Hon. Mr. Fisher pointed out that the committee could not protect the witnesses in respect to other charges there might be against them. He understood that they are now in the United States and could not be compelled to come to Canada. Mr. F. D. Monk was inclined to dispute this view. He thought Parliament could protect witnesses. The motion was finally put to a vote, and was rejected by a considerable majority.

FAVORITE AGAIN BEATEN.

Gorgos Won the Two Thousand Guineas Stake.

London, May 2.—At Newmarket today, the Two Thousand Guineas stakes, for colts and fillies foaled in 1903, distance one mile, was won by Gorgos. Dame Agneto, (a colt by Diamond Jubilee) was second and Ramrod was third. Twelve horses started.

Gorgos won a splendid race by a neck. A head separated second and third horses.

Beppo, ridden by "Danny" Maher, led most of the way, but finished fourth. The favorite, Cingal, was never dangerous.

The betting on Gorgos was 20 to 1, on Dame Agneto and Ramrod 100 to 7.

The Gulf Report.

Quebec, May 2.—Generally clear, with some fog in Gulf; winds generally northerly.

Fame Point—Inward at 6 a.m., Salacia.

Low Point—Outward at 5 a.m., Christianborg and Virginian Lake; inward yesterday at 7 p.m., Wasis.

REBATES ARE STILL GIVEN SOMETIMES

But Mr. Junkin Thinks Rebate of Agent's Commissions a Great Evil.

GOVERNMENT CAN PREVENT

Severe Cross-Examination of Witness This Morning by Mr. Shepley.

Special Staff Correspondence.

Toronto, May 2.—Mr. Shepley wanted to know regarding the Gooderham matter discussed yesterday, what was the volume of insurance in the Manufacturers' Life on which a commission was paid to the insured. Mr. Junkin could not tell this but he said he had another thing to explain. He had not done the company justice in his evidence about stock bonuses. These were really recorded fifty-two times a year in weekly reports to the board.

Mr. Shepley reverted to the rebate question. Mr. Junkin said that a rebate generally of 5 per cent. was allowed to recognized life insurance men and directors when these applied for it. He admitted that it was quite possible that when the company was younger and looking for business, the agent's commission would be given to men who came to the office and wanted to take out big policies. This had not been the practice since he became general manager.

"This is a pretty general practice," added the witness. "I am sorry to say it is."

Mr. Junkin declared that in order to keep abreast of the competition, they were forced to give a rebate. These rebates amounted to not more and in most cases less, than the agents' commission would be.

"As far as the Manufacturers' Life was concerned, has this been discontinued since you became manager?"

"It has for the last three or four years. The rebate system was introduced into Canada by the American companies."

"You mean to say that there have been no rebates given since you became manager?"

"I refer to head office. I have no doubt that many of our agents practice the rebate system."

REBATE SYSTEM STILL EXISTS.

"Then it has been absolutely done away with at head office?"

"That is too strong. There are a few cases. We have not laid down a strict rule."

"Has it been done with your knowledge?"

"No."

"Could it be done without your knowledge?"

"It could."

Mr. Jenkin explained that regarding rebate, he had often told his associates that he would prefer doing without business than getting it with a rebate. He had once gone so far as to return a cheque on a $4,000 policy, taking the risk of having it cancelled.

The action of agent in this matter came up. Mr. Junkin said that these were on commission and they looked on the commission as their own property. The company did not know what they did with it.

"Is it ever foregone in part or in whole to get business?"

"Yes."

"Is this prevalent in your company?"

"Not very, compared with other companies."

Mr. Junkins stated that for years back he had been pointing out to the agents the desirability of holding out for their commission.

"The laborer is worthy of his hire," he said. "Any how, it is only a matter of firmness."

"Do you consider it honest to the body of policy holders that some should be given a rebate?"

"I consider it the greatest evil in he business."

"Yes, but is it honest?"

This was a question at which Mr. Junkin seemed to shy. His counsel, Mr. McLaughlin, then put in a protest that his client should be questioned as to facts and not, as to ethical issues Judge MacTavish supported Mr. Shepley however, and the latter put his question again.

"Taking everything into consideration," replied Mr. Junkin, "the motive of the company and those of the agent, the system is honest. The whole motive is to get the business."

"IS IT HONEST?"

"I asked you to take the large view, the view of the public insuring."

"As a matter of public policy I think that rebates should be abolished."

"That is not answering my question. Do you think they are in the interest of the public?"

"No."

"Could you stop them in your company?"

"I could not. The Government could stop it very largely."

"Then your agents wouldn't obey you?"

"No; they would continue."

Judge MacTavish—"Then a man applying for a policy at your head office would not get as favorable terms as he would by going to one of your agents."

"That is the position now. It is in my opinion the most important matter with which the commission has to deal. I hope a strong law will be passed on the matter."

"How could the law prevent rebate if your agents will not obey you?" asked Mr. Shepley.

"It could exact a severe penalty."

"Could you not inflict a penalty yourself?"

"Yes, I could, to the advantage of all my competitors."

Mr. Shepley then took up another phase of the question.

WIDESPREAD BUSINESS.

Under examination, Mr. Junkin said that the Manufacturers' Life did business in Canada, Michigan, West Indis, Japan, the free ports of China, Straits Settlements, India, Great Britain, Bermuda, Egypt, South Africa and Newfoundland. Mr. Junkin explained that in all these fields much the same methods prevailed of appointing agents. He or the assistant manager arranged with the agent and after settling on a basis, this was submitted to the agency committee. The general agent appointed sub-agents, who are directly responsible to and paid by head office.

"Do you differentiate in these fields in the matter of premiums?"

Mr. Junkin explained the system. In Canada, Michigan, Newfoundland, Bermuda, Great Britain, South Africa, what is known as the "home rate" is in force. Certain of the West Indies (Jamaica) and Japan, enjoy the "subtropical" rate. In the others the "tropical" rate, still higher, prevails.

"This is a recognized custom among all insurance companies?"

"Yes."

"Do you adhere strictly to this rule, or do you permit variations?"

"Only in Jamaica is there a variation. Our experience there is so favorable that we followed the principle of the Standard, and large risks of over £3,000 are allowed the home rates. Most of these are wealthy men who make trips north yearly and they are thus regarded as better risks."

"Then the man who can afford to take a £3,000 policy gets a better rate than the poor man."

VARIATIONS IN RATES.

Mr. Shepley then asked if any variations were allowed at home in the matter of premiums. Mr. Junkin said that the only one was that policyholders living under unfavorable conditions or in bad health were either charged higher premiums or a lien was taken on their policy. The former of these was common to most companies, but few used the latter.

In the "lien" system, a man with a family history of consumption had a clause in his policy whereby if he died the first year after insuring only 50 per cent of the policy would be paid. Each year some of the lien was taken off until, after a term of years, the whole would be payable.

Mr. Shepley next took up the history of the older Temperance and General Company now amalgamated with the Manufacturers' Life. In that company, as the witness explained, a differentiation was made between the advantages enjoyed by abstainers and the general class of policyholders. In non-participating policies, the former got lower premiums, and in the case of participating policies the premiums were the same, but the abstainer received larger profits.

Mr. Junkin explained that now an enquiry is being made, it is the intention to see what could be done to make the rates uniform. The methods would be to raise the rate of the abstainers' section.

CALL LOANS AGAIN.

Mr. Shepley then went into the matter of the call loans issued by the Manufacturers' Life in 1904-5 on the security of Mexican Light and Power and Imperial Rolling stock. Many of these were to the Prudential Securities, to Col. Pellatt and his partner MacRae, and there was one to Waldron, the general agent of the Manufacturers' Life in Hamilton.

Mr. Shepley then handed over the witness to Mr. Hellmuth, representing the Ontario Government, for cross-examination. He stipulated, however, that he ought to have the right to recall Mr. Junkin for further questioning.

Mr. Hellmuth wanted to know the part Mr. Junkin had played in the agitation conducted at Ottawa in 1893, regarding the new insurance legislation. Mr. Junkin was a member of a delegation sent up by the Toronto Insurance Managers' Association. He had at first been against the change of the rate of reserve from 4 1-2 to 3 1-2 per cent., but was afterwards converted, thinking the change would make far more conservative methods of expenditure.

Asked by Mr. Hellmuth what had been the policy of the Manufacturers' Life since the new legislation, he said that since the company had to change to 14 per cent. rate in 1910, and 13 1-2 rate in 1905, his company would change the basis of reserve of their old business out of the surplus as soon as this was sufficient.

INVESTMENTS AND ASSETS.

About this surplus there was then some discussion. Mr. Hellmuth asked a few shrewd questions as to investment and assets, and Mr. Junkin stated that the company never invested more than 5 per cent of their assets.

Mr. Hellmuth wanted to know on what view of the assets this percentage was based. Was it the market or cash value of the assets. He took one year for example. The cost of the securities forming the assets was $4,079,000. The market value was $4,177,000 and this was given in the statement. Mr. Hellmuth stated that the statement of assets shown to the policy-holder varied with the fluctuations of the stock market.

"You give a certified sheet saying that the assets are worth $4,177,000. They didn't count that. You gave this value because if on a given day on the exchange you could have sold them, you could have realized this. The agent insuring them may have been lower. Your assets would thus far vary from day to day."

"Yes."

"Then it follows that a surplus would rise and fall in the stock exchange barometer?"

"Possibly."

Wall Street Broker Suspends.

New York, May 2.—The suspension of Charles W. Saacke, a broker, and member of the New York Stock Exchange, was announced on the exchange to-day. Mr. Saacke is not regarded as a big trader. He is a member of the firm of Boskowitz & Company, which was organized last January.

Forty Vessels Tied Up.

Milwaukee, Wis., May 2.—It is estimated that about forty vessels are tied up in Milwaukee, and that 800 men are idle as a result of the 'longshoremen's strike.

RALLY IN WALL STREET.

New York, May 2.—Wall Street, 2 p.m.—The rally in the afternoon proceeded to considerable length, and carried St. Paul and Atchison a point over last night, and Pennsylvania, Southern Pacific Canadian Pacific, North-Western, Amalgamated Copper, Brooklyn Rapid Transit, and the Smelting stocks varying fractions. Reading made another downward plunge to 5¼ below last night, and unsettled the rally. Westinghouse Electric lost 11 and Toledo, St. Louis and Western pref. 3½.

A BIG BREAK IN WALL STREET

Causes Stocks to Sell Off Here Throughout the Morning.

ANACONDA MELTED AWAY

The Stock Dropped Fourteen Points in New York and Northern Pacific Broke Five Points.

With Wall Street opening up all the way from a point to five points down, the local Exchange naturally reacted from yesterday's prices in about the same proportion, and, taken all in all, the morning was both a lively and an anxious one.

Brokers were busy chasing clients for more margins, and the clients in turn were chasing the money.

Detroit opened to-day at 90½, as compared with 92 at yesterday's close. Dominion Iron opened at 27, slid off to 26, and closed at noon at 26¼. The lowest price yesterday was 28.

Montreal Power opened up a point down from yesterday's lowest, and on numerous small transactions went down to 86 and closed at noon at 87½.

Everything considered, C.P.R. held wonderfully steady in Montreal, opening at 157, which was just a fraction better than the lowest yesterday afternoon. One small lot went for 155¾, and closed at noon at 156¼.

There is nothing in the local situation to disturb matters, the entire responsibility of the decline being attributal to the uneasy feeling in Wall Street.

The Dominion Textile Company is having some trouble with its employes at the Hochelaga mill, and 600 are now on strike. They demand 20 per cent increase in the wage scale, and the company has offered 10. A settlement is in sight. One small lot of Textile pref. changed hands this morning at 102.

Prices were smashed at the opening of the stock market to-day. The rush to dispose of securities seemed to indicate that liquidation of an important character was under way, and speculative holders of stocks generally became alarmed and made a precipitate rush to get out of the market.

Forced selling was caused by calls for additional margins over night from brokers, to which responses this morning were lacking or were unsatisfactory. Congested selling orders resulted in some wide variations in prices on simultaneous sales at the opening, and orders to sell at the market price in other stocks found no bids, but at concessions at many points.

Anaconda's 14-point break was the most conspicuous instance. Northern Pacific opened down 5 points. There was one sale of 300 shares of Union Pacific at 112, ¾ point below last night; but a stream of 8,000 shares immediately followed at prices all the way from 141¾ to 140. Twenty-five thousand shares of U.S. Steel went simultaneously at 38¼ and 37, compared with 39 last night.

Great Northern pref. broke 3½, and Reading, Delaware & Hudson, Locomotive and the Pressed Steel stocks, 2 to 3. An immediate rebound, reaching 1 to 1½ in the speculative leaders and 4½ in Northern Pacific, followed the first staggering blow at the market.

At the Stock Exchange it was believed that the opening break represented further liquidation by certain large operators who were caught in last week's slump. This, together with short selling by prominent traders and the absence of support by the big banking interests, accelerated the decline. Toward 11 o'clock the market rallied sharply and some shares sold above last night's prices.

The early rate for call money was 8 per cent.

The London securities markets generally are steady. South Africans are unchanged. Americans opened considerably unsettled, but the lack of selling pressure, which soon became evident, caused improvement in that group.

The home fire insurance officials estimate the total San Francisco loss between $125,000,000 and $150,000,000.

The market rallied shortly after noon and there were substantial recoveries throughout the list. Before 1 o'clock, however, prices again started downward, many of the gains being lost while some of the active issues went lower than before the rally. Call money advanced to 12 per cent.

Silver Mines of Cobalt and Lake Temiskaming.

WEALTH FOR THE PROSPECTOR.

The Temiskaming Navigation Company have completed their arrangements for handling the expected rush to Cobalt this summer. On the arrival of the trains from Montreal over the C.P.R., the steamers leave Temiskaming Station for the delightful ride up Lake Temiskaming, amid some of the most magnificent scenery to be found in Canada, to Haileybury, New Liskeard and Ville Marie and intermediate points. This is the shortest way of reaching the mining districts of Cobalt, Lake Temiskaming and the Quinze River as well as being the most beautiful and enjoyable route for those on a summer holiday or fishing trip. Full particulars of the rates, connections, hotel accommodations, etc., may be obtained by addressing The Temiskaming Navigation Company, Limited, Temiskaming, Quebec.

PLUNGERS THOUGHT TO BE CRIPPLED IN WALL STREET.

Special to The Montreal Star.

New York, N.Y., May 2.—Stocks fell to low records at the opening to-day. There was much confusion on the floor of the Exchange, as everybody was trying to sell at the same time. Principal excitement was around Anaconda, Amalgamated Copper, United States Steel, Reading and Union Pacific "posts." Enormous quantities of stocks were "thrown over" in the first few seconds. Shortly before noon there was a second collapse. Some issues declined lower than at the opening and selling was on a large scale. Centres of pressure were Union Pacific, which broke to 139 7-8 before mid-day; United States Steel preferred, which sold down to 192 and Amalgamated Copper, which dropped to 98 5-8. The entire market continued to "break" rapidly. Wall Street continues to be filled with disturbing rumors, affecting the standing of prominent plungers, and it was said one or more of these had been required last night to furnish several hundred thousand dollars additional margins before the opening of business to-day, in default of which their securities be put up as collateral for previous loans would be thrown on the market for what they would bring. Much interest centred around stocks in which Standard Oil interests are prominent, in view of the belief that Commissioner Garfield would render his report regarding his investigation of the Oil Trust this week. Standard Oil stock was notably weak.

SALES IN TORONTO.

Special to The Montreal Star.

Toronto, May 2.—Sales: Mackay com., 785 at 60⅝ to 61½; Mackay pref., 15 at 71½; General Electric, 125 at 143 to 144; Toronto Rails, 2 at 114; Imperial, 2 at 242; C.P.R., 25 at 156; Sao Paulo, 678 at 135⅝ to 137; Detroit, 25 at 91½; Niagara, 11 at 126; London and Canada, 19 at 108½; Montreal Power, 25 at 87½; Mexican, 125 at 58⅞; Ontario, 10 at 141; Twin City, 785 at 110 to 110½; Scotia, 100 at 60; Standard 2 at 250; Toronto, 3 at 250.

MIMING EXCHANGE OPENED TO-DAY

Board Room Located on Ground Floor of Old Stock Exchange.

TO BE DAILY SESSION

Members Will Keep Eye Open for Wild Cats—Memberships Going at $250 Each.

The Montreal Mining Exchange held its first session to-day.

The Exchange is very comfortably situated on the ground floor of the old Stock Exchange building, the apartment being conveniently situated and amply large, at least for the present.

To-day the members contented themselves with making preliminary arrangements relative to calling stocks, and a committee was named for revising the old lists and adding shares of companies regularly organized.

At the meeting to-day three names were proposed for membership, and $250 each was bid for two seats.

It is expected that the Blard will begin business with its full complement of members, twenty, as all the seats are either taken or in the process of being sold.

It is the intention of the committee in charge to keep a sharp lookout for the men who want to unload prospects — poor prospects at that — upon the public as first class properties.

The daily sessions will for the present be from 11.30 to 12.30 daily. Mr. Robert Meredith is the secretary of the Exchange.

Trend of Business for the Month of April

Following are some of the principal stocks dealt in on the Montreal Stock Exchange, showing fluctuations for the month of April, and the high and low for the year to April 30:

THE BIG UNITED STATES BANKS.

There are 151 national banks in the United States which can show gross deposits of $5,000,000 or over. The National Bank of Commerce, New York, for the first time in history, heads the list, reporting $171,441,758 and the National City Bank is second with $167,228,650. There are thirty-one national banks in the city of New York in the $5,000,000 class, twelve in Philadelphia, eleven in Boston, nine in Chicago, eight in Pittsburg, six in St. Louis, five in Kansas City, five in Cincinnati, five in Baltimore, four each in San Francisco, Cleveland and Minneapolis; three each in Denver, Minneapolis, Omaha, Detroit, Newark, St. Paul and Brooklyn; two each in Buffalo, Albany, Los Angeles, Milwaukee, Portland, Ore.; New Orleans, Rochester and Seattle; and one each in Washington, Scranton, Pueblo, Dallas, Birmingham, Jersey City, Duluth, St. Joseph, Atlanta and Louisville.

Banks with gross deposits of over $50,000,000 are:

	Gross deposits
National of Commerce, New York	$171,441,758
National City, New York	167,228,650
First National, Chicago	91,291,332
Park National, New York	92,831,343
Hanover National, New York	98,780,000
First National, New York	85,152,172
Chase National, New York	66,963,268
Corn Exchange National, New York	51,235,900
Continental National, Chicago	53,518,800
National Bank of Commerce, St. Louis	50,968,600

HOW MONEY STRINGENCY HITS THE MARKET.

Special to The Montreal Star.

New York, May 2.—Money market affairs forced themselves upon the consideration of Wall Street again yesterday through the advance of call rates to 10 per cent.

A recurrence of money stringency following hard upon the treasury-assisted gold imports of upward of $40,000,000, had an unpleasant influence on the stock market.

The sub-Treasury yesterday trasferred by telegraph $2,083,500 currency to San Francisco, and to banks which shipped again direct to western points.

The banks which are importing gold by Treasury aid, turned in $3,000,000 to the sub-Treasury. They nearly offset both amounts, however, by depositing bonds to the extent of $5,000,000 to facilitate new and additional imports.

The manner in which the banks wash one hand with another on these transactions is becomng amusng. Transfers to interior points, plus the gold received and paid in at the Treasury, are nearly offset each day by the amount withdrawn from the Treasury and loaned to banks on short time to facilitate new gold imports. Until the currency shipments fall off, or currency begins to return, it is difficult to see where a real benefit to the local money market results. The whole performance moves around in a circle.

NOVA SCOTIA STOCKS.

The Nova Scotia Steel and Coal Company anticipate a flourishing business in the St. Lawrence this season. Mr. W. E. Muir, sales agent of the company, states that contracts have been made already for more coal than was sold during the whole of last year. Two steamers have been put on by the Scotia Company to run to Mr. Muir's yard at Wellington basin, instead of one employed last year. Extra tonnage has also been arranged for Windmill Point. Mr. Muir states that the demand for old Sydney coal is rapidly increasing.

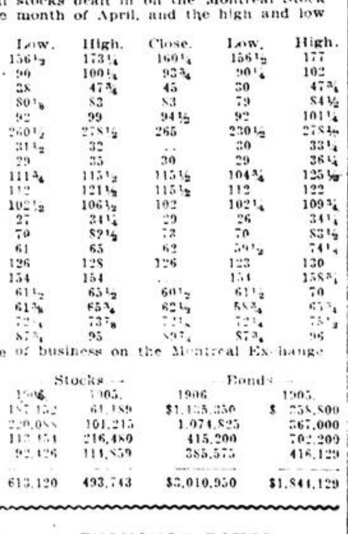
THE MARKET IN TORONTO.

Special to The Montreal Star.

Toronto, Ont., May 2. — Sao Paulo, Twin City and Mackay were marketed freely to-day by tired holders, and other stocks were offered down on a smaller scale. At the opening sellers offered lower and dropped to meet buyers. Support was apparent, as offerings were quickly taken in weak spots. Brokers say there has been little forced selling, as high margins have been called all along. It is claimed by some margins average 15 points.

EXCHANGE RATES.

Between banks: New York Funds, 1-64 to 1-64; Sterling, 60 days, 8 7-32 to 8¼; Sterling, demand, 8⅞ to 8 29-32; Sterling, cables, 9 1-32; Paris, francs short, 5.19⅜.



E. and C. Randolph: Apart from the somewhat higher rates for call money, nothing has occurred to account for yesterday's very violent break in the stock market. The almost total absence of support was disconcerting to the bulls, and the way in which such stocks as St. Paul, U. P. and A. C. P. were thrown over would seem to indicate a renewal of the urgent liquidation which has been going on since the San Francisco disaster. Notwithstanding the denials, there is now little doubt that by far the greatest portion of the selling of high price issues and medium priced investment stocks has been for the account of insurance companies, and it is impossible to foretell when this liquidation will be completed.

Laidlaw and Co.: As is the case in all wide-sweeping market movements, it was difficult to assign specific causes for yesterday's large decline of prices. The rise of call money rates, the wholesale calling of loans by local institutions, the labor disturbances in the anthracite regions and at Paris, and lastly a report that the investigations of the manner of doing business by the Standard Oil Co., which are to be submitted to the President to-day would be drastic in its criticisms, and followed by indictments of officials—all these were put forward as explaining the decline, and no doubt each contributed toward the general unsettlement.

Burnett and Co.: The first half of the fiscal year of the Pressed Steel Car Co. ends with the close of next month. The showing of earnings in that period is expected to be very favorable. In the first half of 1905 the company got rid of the orders taken at low prices at the end of 1904 and early in last year. For the last six months the company has been working at the fullest capacity of its plant on profitable business. Interests acquainted with the situation say that the company will probably show 12 per cent. or better earned on its common stock in the first half of 1906, or at the rate of 20 per cent. per annum. This large margin has encouraged many persons interested in the property to believe that there may be a resumption of dividends on the common stock at the close of the half year.

J. S. Bache & Co.—There was a continuation of the heavy liquidation witnessed yesterday at the opening to-day. Prices fairly melted away, and the few breathing spaces were followed by an outpouring that was at times demoralizing. There was very little support at any time. There was no change in money rates: market opened at 8 per cent., but receded slightly, and at noon 7 per cent. is bid. The Garfield report is expected to be sent to the Senate by the President, and comment on the same will probably disclose the cause of the heavy break.

J. B. Picken & Co.—Although Americans in London are somewhat higher than our closings, considering the extent of yesterday's declines the rallies are disappointing. The talk in the Street is generally pessimistic. The heavy declines of the last few days have undoubtedly weakened many accounts, and are likely to cause continued liquidation accompanied by falling prices. So far the Street has stood the strain successfully, but fears are felt that unless better support is accorded to the market than was manifested yesterday, some failures may occur. At the same time the Street is singularly free of sinister rumors, and it is believed that the large houses are as a rule in a strong position.

Under the influence of the weak market in Wall Street yesterday afternoon, stocks began to slide off here, but fortunately it was not far from the close, so there was no great opportunity to put the unloading practice into active working order.

The Night and Day Bank opened in New York yesterday, on the corner of Fifth avenue and Forty-fourth street. The success of this bank will be watched with interest.

Postmaster-General Cortelyou has recommended a new postal note, in denominations running from 1 cent to $2.50. The plan is an amplification of the money order system. It is proposed that special postal notes of the denominations of one to nine cents be sold at their face value without a fee. A fee of one cent would be charged for notes from 10 to 40 cents, and two cents for notes from 50 cents to $2.50.

Stocks collapsed so violently in the New York market in the last hour of trading yesterday afternoon, that they reached a new low record for the year. The break on Saturday was mild compared with that of the last half-hour. Losses of three or four points were sustained by several stocks within a very few minutes. There was a stampede in the various brokers' offices by customers trying to get rid of their holdings. The scene on the New York Stock Exchange was one of the liveliest that has been witnessed this year. While stocks were going down call money rates were being marked up.

While there was some minor rioting in Paris yesterday, and numerous small brushes between bodies of workingmen and detachments of police occurred, there was none of the general disorder which it was feared would occur on May Day. The occasion was generally observed, and by far the greater part of Paris had the appearance of an unusually quiet Sunday. It is estimated that 80,000 men went out on strike, it being a part of the Socialists' plans to paralyze the city if possible by a general strike. There was considerable disorder in connection with the meeting of workingmen when it was voted to strike, but no serious trouble occurred.

Tin, 40.
Antimony, 21½ to 22.

London—Lead £16

Dolly Varden's New Home.

"We have secured the exclusive franchise for the famous Foot-rite shoe of twenty improvements," said F. H. Johnson, of the firm of French & Smith. "Our territory covers St. Catherine street from Bleury street west to Atwater avenue. We have the Dolly Varden shoe franchise. This shoe, with its fourteen new features, is sold at the same price in Canada and the United States."

French & Smith move to their new store, the building just vacated by the Molsons Bank on St. Catherine street, on Saturday morning. "While we won't be as ship-shape as we would like, we will be ready for business at once," said Mr. Johnson.

Special Notice.

The Willis Piano Bargain Sale.

We seldom offer bargain sales, but when we do we have a bona fide sale on hand, and the public get the benefit. Two hundred pianos and organs must be sold in May from our head office. 600 St. Catherine street west (near Mountain street), being the Montreal stock taken over from the old company. Call or write to-day for particulars, catalogues and special price list. Willis & Co., Limited, 600 St. Catherine street west (near Mountain street), Montreal.

LAKE VESSELS TO BE TIED UP AT BUFFALO

The Strike Among Grain Carriers may be Prolonged.

WHEAT MARKETS LOWER

April Failures Increase—Rather Stiffer Tone in Cheese and Butter—Live Stock Market Steady.

From the Special Correspondent of the Montreal Star on the Chicago Board of Trade.

Chicago, Ills., May 2.—May wheat sold from 78 7-8 off to 78 1-4 and up to 78 1-2; July from 79 1-8 to 78 3-8. They closed yesterday at 78 3-4 and 79 1-4 respectively. The bull longs in July showed the white feather soon after the opening by taking to their heels on the increased offerings. That option slipped off quickly from 79 1-4 to 78 and reacted to 78 3-8 on shorts buying, the influence being the "reported" sales for export of 50,000 bushels No. 1 northern in store at 3c over the May price. Milliken, the largest grain man in the south-west, and who is now going over the winter wheat belt, says that conditions could not be improved upon and that a bumper yield may be looked for.

Winnipeg has received 903 cars of wheat so far this week against 816 at Minneapolis and Duluth. This suggests that Manitoba wheats still have the field for export so far as American wheats are concerned.

Fort William, Ont., May 2.—There were no bids for Canadian wheat for Buffalo yesterday morning and it is understood that all United States bottoms now at the head of the lakes will be taken as far as Buffalo, where the mates will quit, leaving the vessels unloaded. Nothing can be learned as to the possible duration of the strike.

Inspections at Winnipeg yesterday were:

No. 1 northern	51
No. 2 northern	26
No. 3 northern	5
No. 4 northern	0
Other grades	23
Total	105
Last year	66

Showery in England; forecast unsettled.

Winnipeg was easy, being 3-4 down on May at 78 1-4, and 3-8 down on July at 79 7-8, and 1-4 down on October at 76 1-2.

Duluth was 3-8 down on May at 78 3-4.

Chicago was 1-8 down on May at 78 5-8, 7-8 down on July at 78 3-8, and May corn was 1-8 down at 47 1-8, July being 1-4 down at 46 1-4. May oats were steady at 32 5-8, and July 1-8 up at 31 1-4.

The Liverpool spot wheat market closed unchanged, to-day, at 6s 7 3-4d to 6s 8d for No. 1 Nor. Man.; 6s 5d to 6s 5 1-2d for No. 2 and 6s 4 3-4d to 6s 5 1-2d for No. 3. Options closed about 1-8d up, at 6s 9 3-8d for May, 6s 7 5-8d for July and 6s 7 1-4d for September. Paris closed 5 down, at 23.80 for May, and 22.20 for September and December.

Local Market.—There was nothing new in the market for oats this morning, and dealers still quoted recent figures, being 39 1-2 store, for No. 4, 40 1-2 for No. 3, and 41 1-2 for No. 2. Demand continues good at these figures.

HAY.—The market for hay was reported very weak, this morning, being from $1 to $2 per ton lower at various points in the United States and in London. The local market is easy in sympathy, and dealers quote $9 per ton for No. 1 timothy; 8 for No. 2, and about $6.50 to 7 for clover and clover mixed.

PRODUCE MARKETS BRACE UP

Eggs and Cheese Show Firmness—Butter About Steady.

Campbellford, Ont., May 2. — Offerings on cheese board yesterday were 600 boxes, half colored. All the white sold at 10 11-16c; all the colored at 10 13-16c.

CHEESE. — The market for cheese showed very little change to-day, but there was a slightly firmer feeling, owing to the prices paid in the country yesterday, Campbellford selling up to 10 13-16c. On the local market, however, it would be impossible to sell finest Ontarios at more than 11c, and some claim that they can get all they want at 10½ to 10¾c. White cheese is in good demand and very scarce, colored being momentarily neglected. Should these conditions long prevail, white will bring a premium. It is likely, however, that many of those who have been making colored cheese will after this bring in white. Demand from England at present prices is said to be fair.

Receipts reported on the Board of Trade this morning amounted to 3,618 boxes.

BUTTER. — The market for butter is holding about steady, although many dealers declare it is lower to-day than yesterday. Some claim that choicest creamery could not be sold at more than 18½c, and that it is hard to get more than 18c for it. Others say that choicest is quotable at 18½ to 18¾c, and mediums at 18c. As a matter of fact, the market is bound to be a little irregular at present, owing to the continued declines which have been taking place. Demand for local account is good, and quite a quantity of butter is being consumed. It is not likely that the market will go very much lower, though fractional declines are looked for by some.

Receipts reported on the Board of Trade this morning amounted to 1,502 packages.

EGGS. — The market for eggs is as firm and as puzzling and discouraging to packers as ever. Sales of round lots of fresh gathered were made this morning at 15¾c, so that figure may be regarded as a fair indication of the market value. A range would be from 15½ to 15¾c, though it is thought that there are very few sellers at the lower figure. Quite a quantity of eggs are now being put away, and the number twos are offering at fully ½c under the price of straights.

Receipts reported on the Board of Trade this morning amounted to 1,547 cases.

PROVISIONS ARE STEADY.

The market for dressed hogs is steady. Fresh abattoir stock, fine, was quoted at 10 to 10¼c.

HAMS—Extra large hams, 25 lbs. and upwards, 13½c; large hams, 18 to 25 lbs., 14c per lb.; medium sizes, 12 to 18 lbs., 14½c, and extra small sizes, 8 to 12 lbs., 15c; hams, with bone out, rolled, 15c for large, and 16c for small.

BACON. — Wiltshire bacon, 50-pound sides, 14c; spiced roll bacon, boneless, 12½c; English breakfast boneless bacon, 17c; Windsor backs, 15½c; green flanks, 11½c; long clear, 12¼c.

PORK—Heavy Canada short cut mess pork, $22.50 per bbl.; selected heavy Canada, short cut mess, boneless, special quality, $23.50; Canada short cut back family pork, $22.50; half bbls., $11.50; heavy short cut clear, $20.50 per bbl., and $10.50 for half bbls.; clear fat backs, $22.50 per bbl.; heavy flanks, $23.00; heavy short cut clear, $21.00; heavy clear fat, $21.50

LARD—In 20-lb. wooden pails, choice, refined lard compound, 7¾c per lb.; extra pure, 12¼c; finest kettle, 13¼c.

SAUSAGE.—Packed in baskets of 25 or 50 lbs. each: Pork links, 7 to 8c per lb.; smoked Saveloy links and Frankfurts, 8c; Oxford links, farmers' sausages and 1-lb. package Cambridge sausage, 8c; bologna sausage and smoked Brunswicks, 6c; pork sausage meat, in 20-lb. pails, 8c.

BEEF.—Extra plate beef, per half bbl. of 100 lbs., $6.75; per bbl. of 200 lbs., $13 per tierce of 300 lbs., $19.

IRON AND STEEL MARKETS.

San Francisco Demand Will Not Be Felt for While Yet.

Scarcity of steel billets, sheets and bars is more pronounced in the Pittsburg district, and almost all of the leading markets are in the same condition, says Dun's Review, of N.Y. Structural shapes are sentimentally affected by the calamity at San Francisco, but as an actual market factor it will not be felt for some time, as plans must be made and insurance losses adjusted before any large proportion of the reconstruction can be accomplished.

In so far as any alterations in prices occurred during the past week, the level is slightly lower, chiefly in pig iron, and the more attractive terms stimulated business to a material extent. Whereas a special contract was reported last week for steel rails at an advance of $1 per ton for delivery next year, several of the leading producers have since opened their books for business in 1907 on the old basis of $28.

This is along the line of conservatism that has marked the action of the United States Steel Corporation heretofore, and is the best augury of continued prosperity that the industry could have.

Implement manufacturers are placing orders for their season's requirements of iron and steel, in the aggregate amounting to a very heavy tonnage.

The following table, prepared from official statistics, is interesting as showing the growth of the iron industry in the U.S.:

Year.	Pig Iron Production, Tons.
1905	23,000,000
1904	16,500,000
1903	18,000,000
1902	17,800,000
1901	15,900,000
1900	13,800,000
1890	9,200,000
1880	3,800,000
1870	1,700,000

TRADE FAILURES IN APRIL.

Rather Less Favorable Throughout America Than Year Ago.

Canadian failures during April were 71 in number, and $612,274 in amount of defaulted indebtedness, which is slightly less favorable on the whole than in the same month last year, but below the normal monthly average. Manufacturing insolvencies were 14 in number and $397,607 in amount, against 16 last year for only $53,933. This difference was chiefly due to two large failures in the manufacture of clothing and furniture. Trading failures were 55 in number and $208,466 in amount, compared with 69 failures last year, involving $344,093. There were two other commercial failures for $6,200, compared with three similar suspensions last year for $9,050.

Commercial insolvencies in the United States during the month of April, as reported by R. G. Dun & Co., were 793 in number and $8,059,649 in amount of defaulted liabilities. In the corresponding month last year there were 833 failures, involving $8,056,866. Although the aggregate loss for the month is about the same as in April, 1905, analysis of the returns makes a much more satisfactory exhibit for this year in strictly commercial channels. Manufacturing failures were 187 in number and $2,122,328 in amount, against 194 failures last year for $3,883,260. Trading failures also make a gratifying comparison, 575 this year, involving $3,190,302, against 616 defaults in 1905, when the liabilities were $3,646,128. But in the third class of brokerage, real estate, insurance and similar occupations, there were 31 failures, with an aggregate indebtedness of $2,747,019, against only 23 last year for $527,478. This increase was entirely due to the failure of a single telegraph and cable company, which in no way reflects the business situation. There were three banking failures for $520,000, which compare with six similar suspensions last year for $1,559,000, and 16 two years ago, when the indebtedness amounted to $4,357,000.

CHEESE QUIET IN ENGLAND.

London, May 2.—The market for Canadian cheese has been quiet, choicest being quoted at 68s and white 63s, occasionally 64s. Bacon, average weight, 44 to 62 pounds, No. 1, 63s to 67s; heavy, 62s to 66s; No. 2, 60s to 66s; heavy, 59s to 62s; No. 3, 58s to 63s. Demand is quiet and prices are weaker, especially for stout collections.

Firms Registered and Incorporated.

The following companies, etc., have been registered in Quebec Province: MONTREAL—Bender & Bain, manufacturers' agent; Mde. Louis Charron, millinery; Gauthier & Larin, hotel; John T. Hawkins, lumber, etc.; Meyer Thomas Co., Ltd.; Eddie Robinson, shoes; Robitaille and Lavoie, contractors; Nap. CATTLE EASY IN ENGLAND.

More Doing Here for Export Just Now—Local Market Steady.

The English cattle markets were on the easy side this week, London being, however, reported unchanged on Americans, at 12½c. Liverpool showed a decline on Canadians, quotations being 11¼ to 11¾c for best. Another cable quoted 11½ to 12c.

Ocean navigation being now open to the port of Montreal, for the present season, shipments of live stock will immediately begin from here instead of from the winter ports. Probably half a dozen vessels with cattle accommodation will sail this week, and the aggregate number may reach 3000 cattle and 1000 sheep. Shipments from the ports of Portland, Me., and St. John, N.B., for the week ending April 28, were 2269 cattle and 135 sheep, against 1798 cattle and 1125 sheep the previous week. Shipments from St. John N.B., during the entire month of April were 7016 cattle and 2160 sheep, those from Portland being 3429 cattle and 1040 sheep. For the five months of the winter season, the shipments from St. John were 27,771 cattle and 4448 sheep, those from Portland being 26,190 cattle and 9361 sheep.

The prospects for the season's trade are not any too encouraging, but local agents state that a large part of the Glasgow space for May has been taken at 35s., and a considerable amount of the Bristol space at 35s. Liverpool is quoted at 35s., London at 30s., and Manchester at 35s. Cattle are being marketed very slowly but there are some prospects of arrivals from the west ere long, although the quality of these is poor.

The local market showed very little change this week. Receipts are fair, and choicest stock sold at 5¼ to 5½c per lb., choice being 5 to 5¼c, good to fine 4¼ to 5c, medium 3½ to 4c., and common 2½ to 3¼c. Supplies of sheep and lambs continued on the light side, and prices were steady at 5 to 6s per lb. for sheep, lambs ranging from about $4 to $6 for good stock, each. Poor calves sold at $2 to $4 each, and good at $5 to $8 each. Supplies of hogs were rather on the light side. Demand from butchers was not very active, and advices on bacon from the other side were rather easy. Sales were made at about 7¾ to 7⅞c for selected, prices being about steady.

"RED FLAG" AFFAIR WAS TAME SHOW

Some 300 Socialists Took Part in the Parade Last Night.

HISSED BY SOME STUDENTS

Poor Band Music and Stunted Cheering Formed the Chief Feature of the Demonstration.

The first "red flag" demonstration in Montreal came off last night, and to those whose curiosity prompted them to turn out with the expectation of seeing trouble, it came as a sad disappointment.

Imagine an undisciplined crowd of about 300 led by an execrable brass band, a couple of tawdry gilded banners, and a few flickering and sputtering torches, and you have the Socialistic demonstration of Montreal fully described.

It was a motley throng that wended its way in a slow and mournful manner from Empire Hall along St. Catherine street. The band played, and occasionally some unrestful spirit would call for a cheer, which would be responded to in a lifeless manner, by the 300 odd men and women who formed the procession.

PROCEEDINGS QUIET.

No fighting, no counter demonstration, nothing startling took place along the line of march, so that one thing at least may be said in favor of this, the latest innovation into Montreal. The crowd was orderly and not looking for trouble from anyone. At Laval a crowd of students had collected, and as soon as the band turned the corner of St. Denis street, they started to jeer and hiss, calling, "Canaille, canaille", but the red flagites would not be tempted and passed on content with replies, such as :"A bas la calote, a bas la pape."

There were two banners in the procession, upon one "Workers of the World Unite" and upon the other some motto in Yiddish, and several designs emblematic of the trades pursued by those under it, when not engaged in following the red flag. Each celebrant wore a bow of red ribbon, and many had large badges on their coats.

FOREIGNERS PREVAILED.

The parade was made up mostly of foreigners, all of whom are members of one or other of the socialistic societies in the city. There were nine of these societies represented in the parade, these being: The United Garment Workers, Cloak Workers Union, Socialist Labor Party, Italian Socialists, Social Democrats, Socialist Party of Canada, Cap Makers Union, and Carpenters Union. The May Day Demonstration was arranged for by a board of comrades chosen from each of these societies, and of this picked body Mr. Robert E. Scott of the Socialist Labor Party is the king pin.

In speaking of the demonstration Mr. Scott had a good deal to say, the most interesting of which was that these societies and unions did not represent anarchy, but were purely of a political character, for the purpose of bettering the condition of the working man, and at the same time, not being in the field to "bust up" the labor unions.

After the parade a meeting was held, speeches were delivered, and excitement ran high. Comrade Cielo addressed the gathering in Italian, Comrade Herschen in Yiddish, and Comrade St. Martin, in French and English.

Is Charged With Huge Candy Theft.

John Pamakes alias Papissamake, a Greek, twenty-five years of age, appeared before Judge Choquet, sitting as extradition commissioner, to-day, charged with having stolen $1,800 worth of candy from a certain New York firm. He pleaded not guilty to the charge and was remanded for eight days.

CIVILIZATION IS BASED ON WEALTH, DECLARES MR. CARNEGIE AT THE M'GILL CONVOCATION

Without Wealth There Could Be Neither Church Nor Bank Nor Hospital Nor University, Says Laird of Skibo—Great Scotchman Honored by Fellow Countrymen.

"Without wealth, there could be neither a church, a bank, a hospital, a university nor any of those things which go to make up what we call civilization."

So remarked Mr. Andrew Carnegie in thanking the faculty and governors of McGill for the honor they had done him in conferring the degree of LL.D., honoris causa, in special convocation.

Molson Hall was well filled when the Principal, the Deans of the Faculties of Arts and Science, many members of all faculties of the University and affiliated colleges escorted Mr. Andrew Carnegie, rector of St. Andrew's University, Scotland, to the platform at the end of the hall. There was a fair number of students to the rear of the hall and at intervals they spiced the proceedings with the usual college yells. In honor of Dr. Butler, principal of Columbia University, the Columbia yell was also given, as well as the Princeton and Yale slogans, when it was discovered that Mr. Carnegie's party included graduates of each of the others.

DR. PETERSON'S WELCOME

Dr. Peterson presided and near him upon the platform was Sir William Macdonald. In his introductory remarks he referred to the fact that McGill was honored that day by the presence of a number of distinguished visitors from the United States: Dr. Butler, head of Columbia University; Col. McCook, a trustee of Princeton; Mr. Richard Gilder, editor of the Century Magazine, and graduates of the leading universities of the United States.

But they were there convoked that afternoon to do honor to another man, a man who enjoyed opportunities for usefulness such as few men had, and who, moreover, was using those opportunities in a way altogether unexampled in the history of even that country of wonders, the United States.

WONDER AND ROMANCE.

His career in its culmination was both a wonder and a romance. Beginning life as a boy in a cotton factory, at a wage of a little more than $1 a week, Mr. Carnegie to-day stood at the head of the list of those men whom the world counted her most successful men. But they were not met, said Principal Peterson, to praise Mr. Carnegie for his wealth or his success; his riches commended him to his fellow-men, because he had shown himself fit to be rich. He had already given away of his own free will over $150,000,000.

Dr. Peterson then quoted from Mr. Carnegie's writings to show that it was the duty of a man of wealth to set an example of modest, unostentatious living, and after providing for those dependent upon him, to consider all surplus revenue as trust funds, which he was bound to invest and dispose of in the manner which he felt was in the best interests of the community. In both Scotland and in the United States Mr. Carnegie had done great things for the higher education. His gift of £2,000,000 to the Scotch colleges had been duplicated by the gift of almost identically the same amount—$10,000,000—to the colleges of the United States, Canada and Newfoundland. These endowments were to be administered upon grounds free from all denominationalism, the true way of academic progress.

THE INVESTITURE.

The Dean of the Faculty of Arts, Dr. Moyse, then presented Mr. Carnegie for the degree of LL.D., which had been awarded because of his "great public liberality, his munificent contributions in aid of scientific research and investigation, his thoughtful and well directed endowments to higher education, and his earnest efforts in the cause of international peace."

The degree was conferred by Principal Peterson, Registrar Nicholson investing Mr. Carnegie with the hood of the degree.

MR. CARNEGIE'S REPLY.

After signing the register and receiving his parchment, Mr. Carnegie delivered a short address. He was proud to know that a Scotchman had been the founder of McGill, a man from Glasgow. The university was largely indebted to Scotch benefactors, Mr. Carnegie mentioning Sir William Macdonald and Lord Strathcona by name.

Speaking of the former, he said: "I have heard of him for a long time, but I never had the pleasure of meeting him. I had pictured him as a huge man of six feet or so in height, and I was afraid to think how broad. Instead I found that he was no taller than I am myself, and that he had the kindliest smile. As I'm getting on in years, I'm gauging the value of people more and more by their smiles, and I at once decided that he was a man who would stand by me.

"We'll stand together, won't we, Mac."

This remark was received with deafening applause.

WEALTH BASIS OF CIVILIZATION.

Mr. Carnegie went on to discuss upon what the progress of the world was built, what constituted the difference between a civilized man and a savage. The difference was that the savage ate all he made, whereas the civilized man saved something. This was the beginning of wealth. Upon what was McGill built and the Macdonald Institute that was in course of creation? Wealth.

Socialists cried against wealth, but, bless their poor hearts, they did not know what they were talking about. There could neither be a church, nor a bank, nor hospital, nor university, nor anything of what was called civilization without it. (Applause.)

Franklin had said that the most acceptable work in the sight of God was doing your duty to man. More of peace upon earth was what was wanted. That was theology, and a great deal more. Take McGill, the first thing that was needed was wealth, then the architects, and then the educated man to organize the educational department and get the right man in the right place.

CANADIANS BRETHREN.

"The men of dollars, who give of their surplus," said Mr. Carnegie, in conclusion, "they are your benefactors, equal with your professors and your Principal. That is what I wish to say to you to-day, but I wish to tell you that this is the last public appearance, the last ceremony, that I am called upon to make in this happy journey through Canada. I have met many friends, I have met most delightful treatment, and one town seems to vie with another. We are going home to your southern neighbors, and are going to say to all our friends: 'The people of Canada are just our brethren, and this imaginary line which separates you is wholly imaginary.'" (Applause.)

PRESIDENT BUTLER, OF COLUMBIA.

Principal Peterson then called upon President Butler, of Columbia University, who delivered a short address. The university was one of the oldest institutions in the world. There were only two that were older. These were the Roman Church and the civil law. Before there was such a thing as parliamentary government, before navigation by compass was conceived of, before the printing press existed, men and women were crossing mountains, plains and rivers to sit at the feet of learned men.

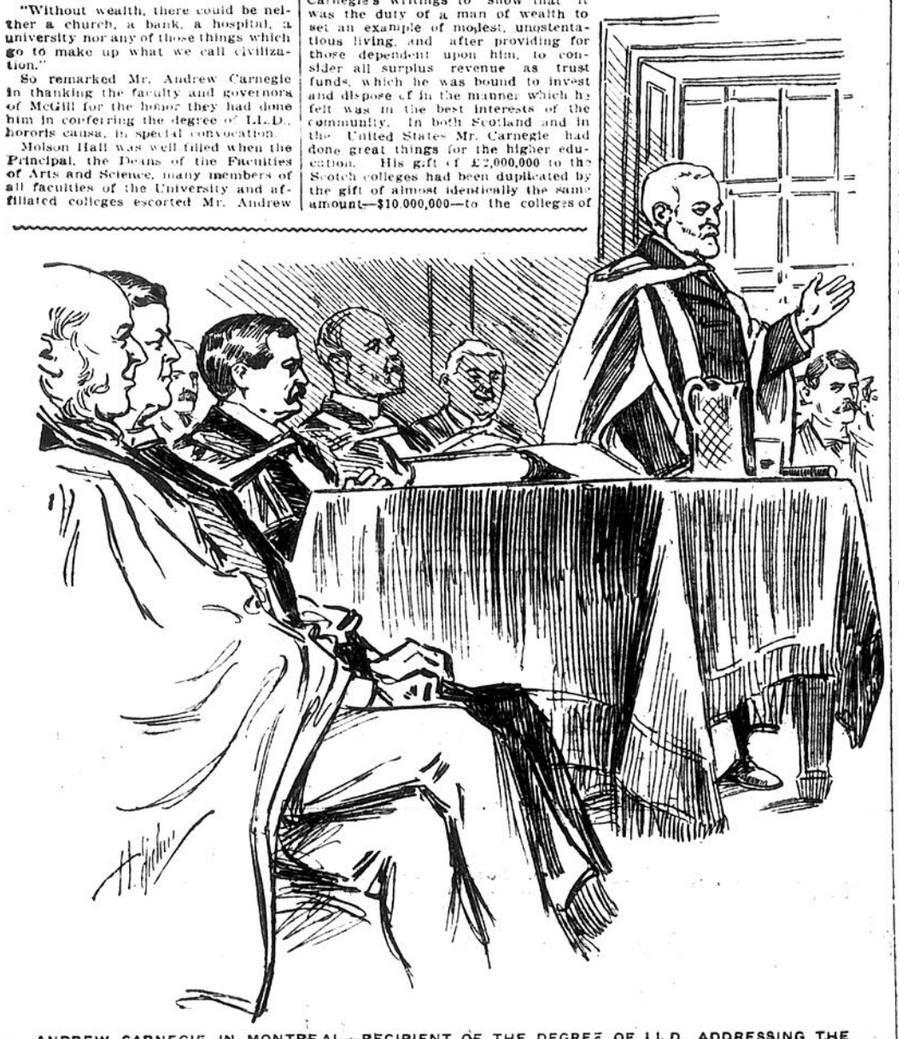
McGill was a child of Glasgow, just as in a sense the later foundation was the child of Bologna. Here on the banks of the St. Lawrence they harked back in history and in ideal to the old teachers of the old Roman law.

UNIVERSITY IDEALS.

The university could not exist for the sole purpose of scholarship. With scholarship and learning there must also go service. The use of truth was its application to the needs of man, to the higher needs of man.

On this side of the Atlantic we had made a contribution to the knowledge and usefulness of universities. We had not invented new methods of enquiry, or produced scholars higher in type than those of the ancient world or across the sea, but there was something in relating the university to the community in which it stood, and there was the inspiration of democracy and public opinion in relating these universities to the people they would serve. There was nothing more splendid in the whole range of modern life than service to this university ideal.

Dr. Peterson thanked the two gentlemen for their addresses and then with cheers for the youngest of McGill's graduates the convocation dispersed.



ANDREW CARNEGIE IN MONTREAL.—RECIPIENT OF THE DEGREE OF LL.D., ADDRESSING THE SPECIAL CONVOCATION.

TRUE SCOTTISH WELCOME TO LAIRD OF SKIBO CASTLE.

Mr. Andrew Carnegie was yesterday afternoon the guest of the St. Andrew's and Caledonia Societies at St. Andrew's home on Aqueduct street, where he met a number of Montreal's most prominent Scotchmen. Mr. Carnegie who went thither from McGill and whose arrival at the institution was greeted by a stirring pibroch played by the piper of the Caledonia Society, was accompanied by Mr. W. M. Ramsay, and Mr. W. McNab.

After those present had been presented to the Laird of Skibo an address was read by the President of St. Andrew's and a certificate of membership in the Society was presented to the guest of honor. Mr. McNab, then explained the special object of the Caledonia Society, which he declared was the closer union of Scotchmen in Montreal, and the encouragement of Scotch literature and games. Mr. W. Drysdale, of the Burns Club, also made a brief address in which he referred to the monument to the Scotch bard which the Club had in contemplation.

In reply Mr. Carnegie spoke of the pleasure it gave him to receive such kindly tributes from those of his own nationality and to meet those who, like himself took a hearty interest in the spread of a greater love and understanding of the literature of Scotland.

The reception was brought to a close by Mr. Robert Reid reciting a Scotch poem of his own composition, to Mr. Carnegie's very evident appreciation.

M'GILL FACULTY GIVE DINNER IN HONOR OF MR. CARNEGIE.

A dinner was given in special honor of Mr. Andrew Carnegie at the St. James Club last evening by the professors and faculty of McGill. Dr. Peterson occupied the chair, and in all there were some forty-five representative citizens present.

The toast list was a short one, but in his reply Mr. Carnegie thanked McGill for the honor they had done him, and expressed the pleasure he had felt in visiting Canada at this time. Dr. Butler and Mr. Gilder also spoke.

In addition to the guests of honor, Dr. Butler, president of Columbia University; Colonel McCook, and Mr. Watson Gilder, there were present Mr. Justice Davidson, Hon. Lomer Gouin, Mr. C. M. Hays, Hon. J. C. McCorkill, Dr. Roddick, Mr. Charles Cassils, Sir Montagu Allan, Mr. C. S. Campbell, Rev. Dr. Barclay, Mr. G. F. C. Smith, Mayor Ekers, Mr. J. B. Learmont, Mr. James Crathern, Mr. George Caverhill, Mr. R. W. Reford, Mr. W. W. Ramsay, Dr. William Gardner, Mr. C. J. Fleet, Judge Doherty, Robert Meighen, Sir William Macdonald, Dean Watson, Mr. George E. Drummond.

WON FIRST PRIZE.—The winner of the first prize in the Gymnastic class at the Girls' High School was Winnifred E. Wilson, not Winnifred Shaw, as stated.

SUFFERED FOR FIVE YEARS WITH KIDNEY TROUBLE.

A Neglected Cold Results in a Serious Ailment—Pe-ru-na Brings Relief.

MR. THEODORE ROBITAILLE.

Mr. Theodore Robitaille, Mastai, Quebec, Can., member of St. Vincent de Paul, section St. Genieve, St. John Baptiste Society, writes:

"I suffered for five years with kidney trouble brought on by a severe cold which I neglected, and allowed to run on.

"I spent hundreds of dollars hoping to get cured, but nothing helped me. I read of Peruna and decided to try it. I took it for two weeks when I began to feel relief. Then I kept taking it for two months longer, when I considered myself cured.

"I have reason to thank you, for I have now for over a year enjoyed perfect health."

THE amount of suffering caused by a neglected cold is great. It is a common daily experience—this unnecessary suffering, inconvenience, expense and sometimes even death—because of a slight cold which seemed insignificant at first, but which, being neglected, caused inflammation or congestion in some organ of the body.

The kidneys are frequently affected by cold, and if they do not receive immediate attention, serious ailments often result.

The correct thing to do in cases of cold in the kidneys is to take a reliable remedy to relieve the congestion, to equalize the circulation, to aid digestion, to strengthen the various organs, and thus tide the system over the temporary weakness until nature has had an opportunity to adjust things to a normal condition.

No better remedy has been found for this purpose than Peruna. The sincere statements of those who have experienced the benefits of Peruna in cases of kidney trouble are proof sufficient of its superior medicinal value.

Carnegie--An Impression

This the great man, this the man of millions, this the man who goes through the world building libraries and endowing colleges and pensioning heroes and professors? A short slight figure, not more than five feet five or thereabouts, grey hair and a short grey beard. Above the beard a square face with deep-set grey eyes. A small insignificant man, a man you would never notice a second time,—unless he happened to smile. Then you would exclaim, "What a dear, delightful old gentleman!" His smile transforms him. It is the cheerfest, pleasantest, brightest of smiles. It breaks over his face like a beam of sunshine on a grey day. It is the smile that would make little children come to him. It is a smile that would cause the humblest in the land to feel that he would be treated as an equal. Then the smile passes off, and the sternness becomes apparent. You see the canny Scot, you come upon the shrewd, hard, keen mind that weighs and sifts and measures. In his speech he is just the plain man of affairs, a man who has worked his way up from the lowest rung of the ladder. He speaks without notes of any sort. It is not a speech, but just a plain "heart-to-heart" talk. At McGill he began very quietly and earnestly about the grand picture that had been painted of him, but he disowned any connection with it. There was no affectation about this. You could see that it was the utterance of a humble mind, and yet a mind that was proud of its capability to succeed. Passing on he spoke of the founder of McGill, old James McGill, a Glasgow boy, a graduate of Glasgow University.

He then turned towards the vice-chancellor and said there was a later Mac—"they were all fine boys, the Macs"—a man whom he had been rather afraid to meet. But the moment he saw him he was undeceived. He expected a great six-footer, broad in proportion. Instead of that it was a bit of a man, no bigger than himself! The next thing he noticed was that Macdonald had the sweetest smile. That won a way at once to his heart, and he knew they would always be friends. At this juncture Sir William Macdonald removed his spectacles and wiped his eyes. He then spoke of a third Scotsman connected with the university, Strathcona. This was all in the most genial manner, with many smiles and much applause. Then with a sudden seriousness he turned to the work of the university, the question of education. In this connection he quoted Franklin in words to the effect that we wanted more heaven on earth—less theology and more religion. He then spoke of great wealth and its uses and obligations, of how the universities owed as much to the men who gave as to the professors. It became evident that to his mind it was a great thing to amass a large fortune. One could see that we would fall somewhat to understand a man who had no longings for wealth and its power. The speech was the measure of the man, a streak of geniality, a streak of shrewdness and kindness, a streak of undeveloped intellectuality, capped off by a great respect for success. A canny, little, hard-working Scot-American, with a pleasant smile and a simple manner, utterly devoid of pretension—such is the famous Carnegie.

AT THE HOTELS.

LAST NIGHT'S ARRIVALS.

At the St. James—J. H. Martin, Lewiston; Jno. J. Dornan, Toronto; Jno. Hastings, Chicago; J. O. D. Champagne, Cobalt; Arthur T. Ring, Lewiston; P. McNally, Plattsburg.

Erainger, Winnipeg; R. M. Gleden, New York; Rev. J. F. Little, Dundalk, Scotland; J. Bertram, New York; A. S. Maunsell, Winnipeg; J. R. Gretton, London, Eng.; W. P. Simpson, Glasgow.

Stops Headache

Zutoo, the Japanese headache cure, is a friend in need.

Don't without a trial, condemn it as something that will hurt you.

Taken when you suspect a headache, it will ward it off. Taken later it will cure the headache in twenty minutes. In every case it will leave you feeling good. It is harmless as the soda which is one of its ingredients.

If it does not do all that is claimed for it, then discard it. But don't confound it with the drug cures and condemn it without a trial. That isn't fair to

PASSENGER SEASON IS INAUGURATED

Allan Liner Parisian and Dominion Liner Dominion Have Arrived In Port.

The passenger season for the port of Montreal was opened yesterday by the arrival of two ocean liners, one of them being the Allan line Royal Mail steamship Parisian. She had on board 353 second class passengers, who were landed here, 398 third class being landed at Quebec. The Parisian left Liverpool on April 19. The passengers of the Parisian were all young men and women from the British Isles, who had determined to strike out afresh in Canada. They were of a superior class, and appeared to be well supplied with money.

The Parisian experienced fair weather and little or no ice was encountered. There was a delay of 24 hours owing to a fog and the liner took a southerly route of 270 miles around Cape Race, making a total distance well over 3,000 miles. It is estimated that the Parisian lost at least 24 hours by taking the more southerly route.

The second passenger steamer to reach port yesterday was the SS. Dominion of the Dominion line. She brought 230 second class and 40 first class passengers. Eight hundred and sixty-three steerage landed at Quebec. Captain Mendus, who has been in charge of the vessel for many years, stated that the Dominion had made a good passage and had met little ice and but slight fog. Among the second class passengers was a party of English girls for domestic service, brought out by the Women's Domestic Guild of Montreal.

The majority of the second class passengers were bound for the West, and there was also a party of immigrants brought out under the auspices of the Salvation Army, who made the barf melodious with their hymns and farewell songs.

The Dominion made a good run, many of the days showing 300 miles and over the highest being 315 miles on April 28th.

Would-be Suicide Gives Bonds.

Mrs. Paquette, 99 Murray street, who is charged with attempting to commit suicide last week by swallowing a dose of Paris green, appeared yesterday afternoon before Judge Desnoyers in the Court of Special Sessions. She was required to furnish a personal bond of $200 and two good securities of $200 each to keep the peace during one year. She furnished the required security and was allowed to go.

Horse Dashed Through Plate Glass.

Yesterday afternoon a horse belonging to the Lilley & Cameron Cartage Company, Limited, 97 Colborne Street, ran away and dashed through the plate glass window of Messrs. Dale & Co., the insurance firm, on the ground floor of the Coristine building. The horse was badly cut, and the express waggon was smashed.

A STRONG HEART AND STEADY NERVES

Very important it is in this age of competition to have a clear cool head, a strong heart and steady nerves.

Too much rush and bustle, work and worry, fall to the lot of the average business man—his heart and nerve system will not stand it—he gives them too much work to do.

Women also are doing the same thing attending to their household duties and looking after their social obligations. The constant strain under which they have to continue day in and day out, the irregularities of habits and loss of rest will soon shatter the strongest system. Before long you become nervous, starting at the least sudden sound, the heart flutters and palpitates, specks float before the eyes, the pulse becomes weak and irregular, you have faint and dizzy spells, lack of self-confidence, rush of blood to the head, irritability of temper, shortness of breath, starting in sleep, sensation of pins and needles, sleeplessness, restlessness and finally physical breakdown or nervous prostration.

MILBURN'S HEART AND NERVE PILLS

are the remedy you require to restore you strength and health. Their extraordinary curative power manifests itself immediately they are taken. Through the medium of the nervous system they impart a strengthening and restorative influence to every organ and tissue of the body. Many have been cured, among them being Mrs. Ray V. Coomies, Wellington, P.E.I., Mrs. E. Kilmer, Humberstone, Ont., Mrs. C. McDonald, Portage la Prairie, Man., Mr. Walter Cleveland, Bayswater, N.S., Mrs. Owen Martin, Alma, N.B. and thousands of others.

The price of Milburn's Heart and Nerve Pills is 50 cts. per box or 3 boxes for $1.25. Can be procured at all drug and general stores, or will be sent on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

OGILVY'S

ST. CATHERINE & MOUNTAIN STS.

Millinery for the Horse Show!

THURSDAY we shall show a large number of new hats in our millinery salon. The idea is to help you to select a hat or bonnet you'll be pleased to wear at the horse show.

You should see these hats anyway, they've more dash and go and style to them than anything we've shown you for some time.

Perhaps you wish a hat trimmed to order, we have nimble fingers here, ready to follow out any instructions, or to build a hat we think will suit you. Either way you shouldn't delay, horse show time is nearly here.

SMART GLOVES!

Every fashionable woman demands gloves that fit correctly. They're the finishing touch to a smart costume or dress. It's our aim to make this an ideal glove store. We've been here long enough to know exactly what Montreal women want, and you can depend on us not to mislead you with colors and styles. A glove that pleases everyone is "The Premier."

MADE OF EXTRA FINE FRENCH KID, with two clasp fasteners, gussets between fingers, reinforced palms; self, white and black fancy embroidery; newest shades of tan, brown, beaver, grey, green, navy, black, white; sizes 5 1-2 to 7 1-2. Splendid value..... $1.25

CHILDREN'S DRESSES

IN GREAT VARIETY

The dainty Dresses we have for Children of from one to five years old to wear, get too little mention in the paper, yet we sell a lot of them every day. We've just received some new kinds from New York; they're the prettiest, cutest styles you'll see in a long time. The low neck kinds for hot weather are beginning to pop out, also the outing dresses for seaside and play time. Bring your children to Ogilvy's and see how well we can do for them. A special offer for Thursday is—

15 dozen CHILDREN'S DRESSES, all new styles, including Russian and French, made of print, chambry and gingham; washing colors, as sky, pink, fawn, navy, cardinal and white; plain, stripe and check effects; nicely trimmed with embroidery frills, insertion and strapping, tucks and box pleats; to fit ages 1 to 5 years.

Worth $1.00 and $1.25. Thursday 75c each

Ogilvy's St. Catherine and Mountain Streets.

COMPANY DABBLED IN SPECULATION

These Stocks Called Investments, though Sold on two Point Gains.

DIRECTORS' INSURANCE

Mr. Gooderham and Others Received Commissions on Their Own Policies.

Special Staff Correspondence.

Toronto, May 2.—A curious argument took place between J. F. Junkin, managing director of the Manufacturers' Life, and W. N. Tilley, assistant counsel for the Insurance Commission, at the session of yesterday afternoon.

The point at issue was whether it had been the custom of the insurance company in the years 1901-03, when it made several losing deals in stocks of various kinds, to buy and sell stocks for investment purposes, or merely for speculation. To make his case clear, Mr. Tilley took the trouble to actually go through all stock transactions conducted during those years by the company, and the net result proved that in part, at least, the Manufacturers' Life was out to buy and sell for speculative purposes.

Mr. Junkin seemed to become rather fatigued towards the end of his fifth day in the witness box. He stated that all the securities traded in were non-speculative, except, perhaps, Dominion Coal. Mr. Tilley, with the record of all the transactions in his hand, showed up many instances where a couple of points' raise, had sufficed to cause sales, and where purchases and sales of the same securities had the same result.

"GOING STRAIGHT NOW" PLEA.

Mr. Junkin, late in the afternoon, fell back on his old argument, that at the present day the Manufacturers' Life is keeping within the bounds of the law. He stated that they at present held securities of six banks, out of a total of nine securities.

A great deal of time was spent by Mr. Shepley in going over the Gooderham loan to the company, and its repayment. The interesting part of this is the fact that it was kept out of the returns to the Government.

Mr. Shepley went on with the dealings between the company and Mr. Gooderham, taken up at the morning session.

Mr. Blackadar had, in 1901, discovered an item of over $73,000 paid to Mr. Gooderham. This, as has already been explained, covered the repayment of moneys advanced by Mr. Gooderham to the company. This, Mr. Blackadar had remarked was not entered either in the Government statement or in the company's statement. Mr. Junkin thought that as the money had been raised by levying on the shareholders, and not from the policyholders, there was no need to put it in the accounts.

"But," asked Mr. Shepley, "had the shareholders not the right to know where their money went?"

"They could see it in the report of the annual meeting."

Mr. Shepley thought it quite unlikely that they would read this volume.

ADVANCED AGENTS MONEY.

Mr. Junkin then explained how the debt which Mr. Gooderham advanced had arisen. In the early days of the company, it had advanced to its agents money to help develop their agencies. These had not proven very successful, and the company took over the accounts. There was a large business done and a large impairment of capital. The shareholders raised $100,000 by paying a bonus on their shares. Then the directors paid over $30,000 themselves.

"Then there was no substance or reality in the figment about there being commuted commissions to the tune of $30,000?"

"I suppose so."

"There was no such asset on hand?"

"I think the company was too young."

"Was it true that the company had no legal liability to repay this?"

"I think it is quite probable."

Mr. Junkin had an explanation to make also about the Leslie Estate mortgage, which had been held by the company. Mr. Gooderham bought the property for $40,000. The mortgage was in the name of the Manufacturers' Life. Mr. Shepley noticed in one of the papers connected with this that a suit had been entered by a Gooderham vs. one Leslie. Mr. Junkin explained that one Robert Gooderham had held mortgage on the same property, and when the company foreclosed, they had to foreclose on him also.

Mr. Shepley passed to another point. "I believe that Mr. George Gooderham was heavily insured in the Manufacturers' Life. How much insurance did he carry?"

"I remember one policy of $50,000."

Mr. Shepley then proceeded to question the witness closely on this score.

MR. GOODERHAM GOT COMMISSION.

Mr. Junkin stated that Mr. Gooderham's policy was one of ten year endowment. He paid his premiums at head office, and took the commission of 10 per cent. for himself. This was because he and others had, in the early days of the company, got together and agreed to take out large policies. Some of the early directors had taken the commission off their premiums.

"Is this privilege accorded to the directors and officers of your company."

"Yes. A life insurance man can get 5 per cent. off if he goes to another company or goes to his own."

"What is your own system?"

"We get 5 per cent. off as a rule."

"Do you personally?"

"Yes."

"Do all your directors?"

"No, I think not."

Mr. Shepley then reverted once again to the Gooderham affair.

"Do you justify the suppressing of the payment of $4,300 to Mr. Gooderham in the Government return?"

"Well, it belonged rather to the profit and loss account."

"Still it was the payment out of money in a particular year for a particular purpose."

"At that time I was looking at the thing from the standpoint of the policy holder, rather than that of the shareholder. The latter paid for it."

Mr. Shepley then embarked on a systematic study of the stock operations of the Manufacturers' Life in the years of 1901 and 1902.

STARTED OUT WELL.

In the former year, the first after amalgamation, the buying was conservative and evidently for purposes of dividend. The purchases included 28 Bank of Toronto, 500 Dominion Bank, 400 Toronto Electric, 500 Toronto Railway. The Company had taken over 643 Ottawa Electric from the Old Manufacturers' Life, and 350 from the Temperance and General. All these were held at the end of the year except 300 of the Toronto Railway.

Coming to the record of 1902, Mr. Shepley remarked that the investments were becoming more motley. The company began to buy and sell largely.

A sheaf of weekly reports for the year on these stock dealings aided Mr. Shepley in his inquiry.

During that year 525 Twin City was bought, 150 Sovereign Bank, Dominion Bank, 1,700 C. P. R., of which 400 were sold.

There were many transactions in Commercial Cable, of which 1,000 were bought and 400 sold. Dominion Bank was also sold. Dominion Coal was bought and sold, as well as Toronto Electric. Bank of Toronto and Toronto Railway were sold.

Mr. Shepley drew attention to the fact that between the years 1901 and 1902 there had been a change in the territory of investment. The transactions were becoming more or less speculative.

MR. JUNKIN DEFINES "SPECULATIVE."

"But all securities have been more or less fluctuating in the last few years," protested Mr. Junkin. "Why, even British Consols—"

"Oh, Mr. Junkin, please do not mention British Consols and Dominion Coal in the same sentence. You know what I mean when I speak of speculative stocks."

"I do not think that, apart from Dominion Coal, you can use the term to describe our investments of that year."

"Wasn't that about the time that C. P. R. was moving?"

"I do not recall that. It has always proven a most profitable investment."

Mr. Junkin stated also that Twin City and Commercial Cable were good investments. He remarked that in 1902 even Dominion Coal had been looked upon as very good.

The witness was becoming weak and weary-looking. He descended from the elevation of his stand for a moment to have a glass of water. Then Mr. Tilley relieved Mr. Shepley with the "big stick."

Mr. Tilley's first query was a poser.

"Can you tell me," said he, "a few examples of speculative stocks traded in here in Toronto?"

"I can't answer that. I can't reflect on any firms like that."

Mr. Tilley then took up all the stocks in which the Manufacturers' Life had traded in 1902, asking the witness his opinion about each in turn.

Mr. Junkin vouchsafed the information that in the last year he and his fellow-directors had come to look on bank stocks as at once the safest, and most profitable investments. Out of the nine securities now held by the Manufacturers' Life six were banks.

"Perhaps you learned this from experience?" insinuated Mr. Tilley.

"No. Apart from the cases you know about, we have had no losses with our stocks."

In referring to the Ottawa Electric, one of the large holdings of the Manufacturers' Life, Mr. Junkin said that it was not as good an investment as it had been.

"SOCIALISTIC" OTTAWA.

"Owing to the socialistic spirit of the people of Ottawa, who tried to sacrifice the property, it stopped paying dividends for a while."

Mr. Junkin admitted that the Manufacturers' Life had two current accounts, one with Osler and Hammond, and the other with Pellatt and Pellatt. Both these firms bought and sold securities without any cash passing to or from the Manufacturers' Life. The company seemed to settle with its brokers every few days as was elicited by some questions regarding a small payment of interest to Osler and Hammond. This was not dealing on margin, said Mr. Junkin.

Mr. Tilley noted that the company sold 700 shares C. P. R., and then 200 more at about 136. Shortly afterwards they bought 900 shares at 129, afterwards selling 700 at 131. He wanted to know whether these purchases could be considered investments.

The rest of the afternoon session was devoted to dealing in the same manner with the various securities held at that time by the Manufacturers' Life; the question being whether the company was buying for investment or speculation.

Under Mr. Tilley's examination, it was shown that the idea of the company, was in part at least speculation. The ultimatum delivered by the witness was that for the last year the company had confined itself to investment preferablyin bank stocks.

Prince's Programme at Quebec.

Special to The Montreal Star.

Ottawa, May 2.—The programme for Prince Arthur's Quebec visit is as follows:

Thursday, May 3 — Arrive at 5.15 p.m., inspect guard of honor, proceed to Chateau Frontenac; dine at Spencerwood.

Friday, May 4—Leave for Montmorency, 10 a.m., leave for Quebec, 11.30. Presentation of address at City Hall, noon.

Visit Laval University, 2.30 p.m.

Drive round city, dine at Citadel, 8 p.m., leave at midnight.

St. Francis Bar Elections.

Special to the Montreal Star.

Sherbrooke, Que., May 2.—The annual meeting of the St. Francis Bar was held yesterday, Mr. L. E. Panneton, Batonnier, presiding. The election of officers resulted as follows: Batonnier, C. W. Cote; syndic, J. A. Leblanc; treasurer, M. Bready; secretary, C. D. White; delegate, L. E. Panneton, K.C.; council, W. L. Shurtleff, K.C.; H. D. Lawrence, H. R. Fraser, auditors, Arthur Gendron and F. S. Rugg; library committee, L. E. Panneton, K.C.; M. Bready, R. Macdonald, E. Rioux.

Arrested for Murder.

Winnipeg, Man., May 2.—The police arrested Salvatore Maeri last night for the murder of Giovanni Romanilo here early on Monday morning. Eye witnesses of the crime among other prisoners swore that Maeri was the guilty man. All the suspects were allowed to go free last night.

Raine's Law Hotels No More.

New York, May 2.—It was estimated that 500 so-called Raines' law hotels in this city went out of the hotel business yesterday and became ordinary saloons without the privilege of renting rooms. This was the result of the new Practice law, which amends the old Raines.

Need Fear No Germs When Blood is Rich.

Spring is the season of germs. When the frost leaves it releases myriads of disease germs which float in the air ready to attack the weakened and run-down system.

With the blood rich and pure disease germs can have no horrors for you, and because the blood is usually weak in the spring you need just such help as Dr. Chase's Nerve Food can give you.

It is because of its blood-enriching qualities that Dr. Chase's Nerve Food is so popular as a spring medicine.

The tired, languid feelings, the headaches and dizzy spells, the attacks of weakness and indigestion, the depression and irritability may all be avoided this spring if you begin early to use Dr. Chase's Nerve Food.

Through the medium of the circulation of the blood the beneficial effect of this treatment is soon felt in every organ of the body. Health, strength and vigor replace weakness and disease.

It is interesting to note your increase in weight from week to week while using Dr. Chase's Nerve Food—50 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

What is the Price?

What Matters the Cost to the Heart Sufferer when an Hour's Delay may mean the Grim Reaper's coming.

"Count the cost" is good advice, but what of the cost of a tried remedy like **Dr. Agnew's Heart Cure** to the possible cost of the life of a dear one? Where there's bad blood there's likely bad digestion, nervousness and sleeplessness, and where all these are is certain to be heart weakness. Do as Mrs. Mary Hugill, of Irvington, California, says: "I used this remedy while in Canada and think it the best on earth for heart and stomach." Gives relief in 30 minutes.

Dr. Agnew's Catarrhal Powder relieves cold in the head in 10 minutes. 25

NOTES.

The steamship Bray Head, from Rotterdam, inward yesterday at Father Point, Captain Pickford, reports several large icebergs in 50.00 north, 45.00 west, and in 47.40 north, 50.11 west; passed large quantities of large drift ice; from Cape Pine to Cape Rosier, no ice; ran into thick field of ice 138 miles west of Cape Rosier, steamed through it for fifteen miles; ice apparently packed along Anticosti to abeam of Cape Rosier.

Mr. N. P. Boucher, engineer of buoy service, reports all gas buoys between Montreal and Sorel are placed from 5 m. to 195 m. inclusively; no night navigation is open between Sorel anchorage and Montreal.

The R. & O. steamers between Montreal, Thousand Islands and Bay of Quinte ports, Toronto and Hamilton began their regular tri-weekly service this week, and are leaving on Mondays, Wednesdays and Fridays. These steamers will leave at 2.30 p.m., an earlier hour than last year, so that passengers may have daylight all through the islands and Bay of Quinte.

The Allan line SS. Carthaginian, from Glasgow and Liverpool for St. John's, Nfld., Halifax and Philadelphia, sailed from St. John's, Nfld., at 8.30 a.m. on the 1st of May.

Cheap Excursion to Quebec.

Tickets at single fare $4 for the round trip, good leaving Montreal this evening and Quebec Monday evening. Stateroom berths, 50c, 75c or $1. R. & O. steamers leave Montreal at 7 p.m. and Quebec at 5.30 p.m., daily, except Sunday. Steam heat, electric lights and bells throughout. For tickets and staterooms, apply at 128 St. James street, opposite Post Office. 104 4

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

Spring Ailments

Pimples, boils, eczema and other eruptions, loss of appetite, that tired feeling, fits of biliousness, indigestion and headache, are some of them.

They are all radically and permanently cured by Hood's Sarsaparilla.

This great medicine thoroughly cleanses the blood and restores healthy functional activity to the whole system. It makes people well.

"I have used two bottles of Hood's Sarsaparilla this spring and have got a great deal of relief out of them. I have been troubled with biliousness, but Hood's has completely cured me," D. J. CAROUCHE, 542 Antoine Street, Montreal, Que. Got

Hood's Sarsaparilla

Sold everywhere. 100 doses one dollar.

Still Talking Canadian Cattle.

Can. Associated Press.

London, May 2.—At the annual dinner of the Holderness Agricultural Club of Hull, in replying to questions, the permanent secretary of the Board of Agriculture said that whatever the decision of the Government might be respecting importation of Canadian cattle, the board would have to accept it. Supposing Canadian store cattle were admitted, the board would have to maintain the strictest watch on ports to prevent the introduction of disease.

Special Notice.

Removal Piano Bargains.

As we are removing on or about June 1st, we offer entire stock of new and used pianos at special prices, cash or easy terms. Leach Piano Co., 569 St. Catherine street west, between Stanley and Drummond streets. 104 2

STREET RAILWAY HAS NO MONOPOLY

City Attorneys so Advise in Reference to Southern Counties Line.

MATTER AGAIN LAID OVER

Road Committee Declares That Widows Must Make Application to Committee in Writing.

The Road Committee spent some time yesterday afternoon in again discussing the question of the Southern Counties Railway Company getting an entrance into the city and laying tracks on certain streets.

The protest from merchants on Mill street, against the company putting down tracks on that thoroughfare was brought up; the contention was that it was too narrow.

Another point raised was the preference which the Street Railway Company had to a number of streets.

An opinion from the city attorneys was read stating that while the M. S. R., had preferential rights to certain streets such right could not be construed into a monopoly. The opinion was as follows:

ATTORNEY'S OPINION.

"In streets where the M. S. R. already has car lines, also on those where it has a preference, we understand the city may grant to the Southern Counties Railway permission to pass there, provided that this does not cause an obstruction or interference with the M. S. R." Besides, the said company is not going to establish regular routes, but rather a line of communication to connect with other companies, it being understood there is to exclusive monopoly granted to the M. S. R."

In regard to protests which had been made, Mr. Harris, president of the Southern Counties Railway, said that narrow streets could not be helped, and that the company should not be kept out of the city by any such excuse. He said that in many United States cities there were narrow streets where cars ran. He said the company should be given an opportunity to land its passengers somewhere near the centre of the city; for this reason it was desired that the company's terminal should be on McGill, near William street.

AGREEMENT QUOTED.

Mr. Harris quoted the following from the agreement with the M. S. R. to show that the City Council had the power to amend routes, etc.: "Whenever the public service shall require it, the city shall have the right, by simple resolution of the council, to change and modify such circuits, and to order new routes, provided, however, that the company shall not be forced to abandon any route already established to give way to another company, and provided also that should the city decide to establish a new line in any of the streets, mentioned in the specifications, and not mentioned in the said schedule, the company shall be given the preference to establish such line."

The committee decided to take the whole matter up again at the next meeting.

STREET PAVEMENTS.

Ald. Lariviere showed that something must be done in order to get additional means for repairing streets. It was shown that to put the streets in really good order it would take hundreds of thousands. For the present nothing more was done than to vote amounts for the repairing of certain asphalted streets. In a few days a special committee will meet and will make a special study of the revenue question.

WIDOWS MUST APPLY.

A couple of requests were made by aldermen to get horses and carts, owned by widows, employment on the streets. It was decided that the widows should make their applications in writing.

SLEEPING BEAUTY.

Special to the Montreal Star.

Belleville, Ont., May 2—The village of Canifton, near this city, has a peculiar case, having a genuine sleeping beauty within its gates. Edith Latta, a 15 year old girl has for the past month been asleep for fully 22 hours, out of every 24, and can only be roused for purposes of attaining nourishment by very strenuous methods. After eating she suddenly becomes drowsy and drops off into a sleep which is almost deathlike in its heaviness. The girl's uncle, who is a doctor, thinks she is suffering from a nervous disease. The girl sleeps so soundly that she can be pricked with pins without being awakened. Many doctors have visited the sleeper, and the case is a most interesting one.

Induction of New Pastor.

Rev. K. J. Macdonald, B.A., B.D., the new pastor, will be inducted into the pastorate of St. Matthew's Church on Thursday evening, May 3rd, at 8 o'clock. Three former pastors will speak:—The Rev. Charles Doudiet, Rev. W. R. Cruickshank, B.A., and the Rev. Professor Mackenzie, B.A., B.D. The induction will be carried out under the management of the Presbytery of Montreal on Friday evening, May 4, at 8 o'clock, the congregation will tender a reception to Rev. and Mrs. Macdonald.

Prevost Case Not Yet Decided.

The case of Mr. Prevost, ex-Water Inspector, was discussed by the Water Committee yesterday afternoon for a time; but nothing definite was decided. At its next meeting the committee will decide whether or not Mr. Prevost was justly dismissed.

Death of Albert Brodeur.

Albert Brodeur, 21 years of age, son of A. S. Brodeur, died yesterday after a lingering illness. The funeral will take place to-morrow morning from his father's residence, 141 Cherrier st., to the Church of St. Louis de France, at 7.30 a.m. The interment will take place in the Cote des Neiges cemetery.

Beautiful Homes at Small Cost

Metal Walls and Ceilings mark a distinct advance in interior decoration. They are made in dozens of handsome designs, from the severely plain to the most elaborate. By merely changing the color scheme of painting, the house is re-decorated without any of the inconvenience, and at a small part of the cost, of wall-papering. Metal Walls and Ceilings never crack nor peel, stay in perfect condition as long as the house stands, and are absolutely fireproof. Those who intend to build or remodel their homes are invited to write The Metal Shingle & Siding Co., Limited, Preston, Ont., for a beautifully illustrated book on Art Metal Building Materials. Mention this paper.

HAMILTON'S

The Last Week But One of Our Removal Sale

Reasonable Reasons for Remarkable Reductions in Housekeeping Linens and Cottons

Our stock of Linens and Cottons is altogether too heavy—the bigger the stock the more goods to handle in removing, and the more expense. You can readily see the logic in this. You can as readily see the advantage to you, because we have nothing to gain by moving such a heavy stock. Better to sell now, even at a big loss, and have the room and money for something else. That's what we've decided to do to-morrow in offering you values in Linens and Cottons that should clear them out in a hurry.

These Peremptory May Moving Prices in LINENS and COTTONS for To-morrow, Thursday, in the "Cotton Section."

WHITE VICTORIA LAWNS, full widths and fine sheer finish, 25 pieces clearing Thursday at, yard	8c
WHITE ORGANDIE MUSLINS, sheer linen finish, muslins for Waists or Costumes, clearing at, yard	10c
WHITE LONGCLOTH. This is a 36-in. wide, even round thread Cotton, free from dressing, clearing at, yard	9½c
WHITE PILLOW SLIPS, hand made, of fine White Cambric, deep hem, felled seams, clearing at, each	12½c
WHITE PILLOW COTTON, a nice bleached fine smooth finish cloth, free from chemicals, clearing at, yard	3½c
WHITE SHEETINGS, 2 yards wide, plain round thread, medium weight, full bleached, clearing at, yard	19c
WHITE SHEETINGS, 8-4, or 2 yards wide, a full bleached heavy weight plain sheeting, clearing at, yard	23c

IN THE LINEN SECTION.

LINEN HUCK TOWELS, unbleached, plain or colored borders and fringed ends, clearing at, each	8c
LINEN ROLLER TOWELLINGS, a lot of pure linen Towellings, in both bleached and unbleached, clearing at, yard	8c
LINEN HUCK TOWELS, an extra large size of Huck Towels, made of pure Irish flax, clearing at, each	10c
SCOTCH LINEN CRASH—15 pieces of 17 in. wide heavy all pure linen Scotch crash, clearing at, yard	10c

GENERAL SWAYNE HERE.

Somaliland Commissioner in the City on a Pleasure Trip.

Brigadier-General E. J. Swayne, who since 1902 has been Commissioner and Consul-General for the Somali Coast Protectorate is in the city to-day, the guest of Sir George Drummond.

The General is on a pleasure trip and leaves this afternoon for Ottawa, from whence he will continue his trip across the Pacific ocean.

General Swayne joined the Indian Staff Corps when he entered the army in 1883; served in Burmah in 1886 and 1887, where he received the medal with clasp. During the years of 1890 and 1892 he was assigned to special duty in the Somaliland reconnaissance. He served in the Uganda mutiny and Jubaland in 1898; commanded the Somaliland Field Force in 1901-1902, receiving his Brevet and medal and clasp. He was raised to the rank of Brigadier-General in 1904.

MISS STEEN APPOINTED. — Miss Christine Steen has been appointed manager of "Our Handicraft Shop" by the committee of the Canadian Handicrafts' Guild, vice Miss Holmes-Orr, who has resigned.

ELECTION WAS ANNULLED.

Ahuntsic Councillors Unseated and May 21 Fixed for New Election.

Decision was given by Mr. Justice Dorion, of the Circuit Court, this morning, annulling the municipal election recently held at Ahuntsic for one of the seats in the council, and appointing the 21st of this month as the date for its renewal. In the recent election, P. N. Courville was elected with a total vote of 78. His opponents, Messrs. Latendresse and Tolhouse had each 71 votes. Courville's election was contested by Latendresse and the court maintained the contestation. But as the other candidate had the same number of votes as Mr. Latendresse the court decided that the election should be held over again. J. Nadon has already been appointed returning officer, Messrs. Monk and Baker acted for Mr. Latendresse.

Murderer Still Unknown.

Hamilton, May 2.—The inquest in the Barton Township murder case closed last night, the jury finding that the woman came to her death by a bullet wound in the head, inflicted by some person unknown to them.

If others have failed, we can repair your watch. R. Hemsley, 255 St. James.

ON ALMOST STRAIGHT PARTY LINES, RESOLUTION CONDEMNING CONTRACT NORTH ATLANTIC TRADING COMPANY, WAS VOTED DOWN

Mr. Bourassa and Mr. Verville Voted with the Opposition Against the Government—Mr. Foster Showed that Company Receiving Hundreds of Thousands of Dollars from the Government, had Paid up Capital of $340.67.

Special Staff Correspondence.

Press Gallery, House of Commons, Ottawa, May 2.—The sitting of the House which commenced on Tuesday afternoon, did not come to an end until 2 o'clock this morning, when a vote was taken on the contract of the North Atlantic Trading Company. The motion of the Opposition condemning the contract and calling for its cancellation was voted down; ayes, 61; nays, 115. The division with two exceptions was a party one. Mr. Bourassa, Liberal of Lavalle, spoke and voted against the Government, and Mr. Verville, Laborite of Maisonneuve, also voted with the Opposition.

During the sitting seven speeches were added to the debate, the principal speakers being the Prime Minister, and the leader of the Opposition. The other speakers were the Minister of Agriculture, Mr. Miller, Liberal of South Grey; Mr. Lake, Conservative of Qu'Appelle; Mr. Stockton, Conservative, of St. John, and Mr. Bourassa, Liberal, of Lavalle.

Routine proceedings having been disposed of, the Prime Minister moved that a message be sent to the Senate informing them that the House agreed with them in asking His Excellency to transmit to Their Majesties the resolutions of Parliament, inviting King Edward and Queen Alexandra to visit Canada. The motion was adopted.

Mr. Oliver then laid on the table of the House the return asked for by Mr. Borden in regard to the land transaction of the Qu'Appelle, Long Lake and Saskatchewan Railway Company. This is the long delayed return which on Monday Mr. Oliver said that ten typewriters were engaged in preparing. It was a bundle of manuscripts, etc., about eighteen inches in thickness about all the page could conveniently carry in his arms.

When presenting it, Mr. Oliver said that yesterday, he had stated that ten typewriters were engaged on the report. He had made a mistake, the number was not ten, but fifty-six.

Mr. Borden—"Well, that is about as near as the honorable gentleman gets to anything."

Early in the session, Mr. Taylor, Conservative of Leeds, asked a question respecting the cost of the cheese-curing station at Brockville. Mr. Fisher answered and periodically since then, Mr. Taylor has been correcting Mr. Fisher's answer, and Mr. Fisher has been correcting Mr. Taylor's reply. According to their statements made yesterday, Mr. Fisher had found an error of four dollars in Mr. Taylor's compilation and Mr. Taylor claimed then there was an error of $15,000 in Mr. Fisher's answer. The Brockville cheese-curing question stands at present in that position.

TRADING COMPANY CONTRACT.

The adjourned debate of the North Atlantic Trading Company, and its contract with the Government was resumed by Mr. Miller, Liberal of South Grey. He maintained that the contract was an excellent one and that it had resulted to the great benefit of the country. He dealt largely in generalities and repetitions of statements made earlier in the discussion. According to Mr. Miller's contention, the testimony given by Mr. Smart before the Committee on Agriculture and Colonization assured them that the company was paid only for agriculturalists and domestics actually brought to Canada and settled here. That the company had to spend $15,000 a year in advertising the resources of Canada was a guarantee that they would prosecute with vigor the work of bringing settlers out, for that was the only way by which they could make a profit.

Mr. Lake, Conservative, of Qu'Appelle, spoke on the other side of the question, discussing at the outset the faults of the Government's western land policy. He pointed out that in his speech Mr. Oliver had set a high price on western lands, but last session when the autonomy bills were before the House, and when the lands were being withheld from the two new provinces, he did not think they were so valuable. He ridiculed the idea that the growth and prosperity of the west was due to the "Siftonian policy." It was due, said Mr. Lake, in the first place to Providence, and secondly to the industry and perseverance of the western people themselves.

WHY SO MUCH SECRECY?

Coming down to the contract itself, Mr. Lake said it was marked throughout by secrecy, and by an attempt on the part of the Government and its supporters, to prevent information being obtained by the Opposition. The best immigration propaganda was that carried on by the immigrants themselves, who satisfied with their new home, were the means of inducing relatives and friends in the old country to try their fortunes in Canada. The time had come for putting an end to bonusing immigration, especially from continental Europe, and concentrate our efforts upon immigration from Great Britain.

GALLERIES CROWDED.

The Prime Minister was the next speaker, and a full Chamber and crowded galleries listened to Sir Wilfrid's defence of the Government and their connection with the North Atlantic Trading Company.

At the outset he gave the history of the immigration propaganda on Continental Europe. The system pursued by the North Atlantic Trading Company was thirty years old, and it had been resorted to because in countries where military conscription was in force, emigration was looked upon with a jealous eye. In 1873 the Ontario Government sent one John Dyke to Germany to induce emigration to Canada, but he was placed in gaol and only secured his release at the intervention of the British Ambassador. From 1870 to 1896 the Canadian Government had paid bonuses to booking agents in Germany and other continental nations for directing emigrants to Canada. Mr. Sifton found this system in operation, but he set about changing it, and instead of a number of agents he made arrangements with one concern to carry on the work. That was in 1899, and in 1902 the arrangement was modified; but it was not until 1904 that it was put in the form of a solemn contract, signed, sealed and delivered. That contract had been placed before the Committee on Public Accounts, and it was signed by the Minister of the Interior and the secretary or manager of the company. There were the engagements of the company to carry on a propaganda, to spend yearly $15,000 in advertising Canada and in addition £1,000 a year on special work in Scandinavia, provided the Government spent £750. For its part the Government undertook to pay £1 per head on agriculturalists and domestics.

Now what had Mr. Foster's motion to say about it? In the first place, it charged that the contract had been made without the knowledge of Parliament—it had been concealed. Is that true or is it not true, asked the Prime Minister. He regretted that Mr. Foster was absent, because that absence was caused by illness, and also because it prevented him debating this point with the honorable gentleman.

Was Mr. Foster's statement true or was it false?

PREMIER'S FLAT DENIAL.

"Mark my word," said the Prime Minister, "there is not a word of truth in it."

Then the Prime Minister quoted from the report of the Department of the Interior for the year 1901-02 laid on the table during the session of 1903, which, on page 54, gave a full description of the contract with the North Atlantic Trading Company. That volume contained the report of Mr. James Smart, then Deputy Minister, setting forth the negotiations and the arrangements arrived at, and this was followed by the very terms of the contract itself.

Was Mr. Foster's statement falsehood and slander, or was it ignorance and deception? Whichever it was, it was of the grossest kind.

Mr. Foster's next charge was to the effect that the contract had been made and the money paid thereunder without authority and without a parliamentary appropriation having been made. There was no more truth in this charge than in the other, said the Prime Minister. Mr. Foster, in his own speech, had said that money had been voted to a company that did not exist. If the money had been voted, there must have been an appropriation for it. As a matter of fact there had for years been items in the estimates for the pay of immigration agents, contingencies, etc., and the wording of the items remained the same from year to year, the only change being in the amount of the items. Out of these votes, for thirty years, agents in Great Britain had been paid and agents on the Continent. Out of these votes had been paid the North Atlantic Trading Company. The Government had as much authority to pay the company out of those votes as they had to pay the immigration agents in Great Britain.

Then the motion of Mr. Foster stated that the contract or arrangement was continued for 13 years and called for an expenditure by the Government of one million dollars, and all this without reasonable compensation or advantage to the country.

This was answered by the terms of the resolution themselves. The million dollars could not be earned without the immigrants being brought out, which at $5 a head meant an addition of 200,000 people to our population.

But it was urged that there was no proof, that these people would be brought out by the company and not by means of other agencies. But what other agencies were there? asked the Prime Minister. No other Canadian emigration propaganda was carried on in Continental Europe besides that in which the company was engaged.

COMPANY OF "RESPONSIBLE MEN."

It was charged that the contract was with unknown persons. There might have been some truth in that five or six years ago, and if it was a defect, it had been corrected, because eventually the contract had been made with responsible men. The contract had at first been signed by a company, but that did not satisfy Mr. Sifton, who insisted upon responsible names. The North Atlantic Trading Company was formed, and its manager and secretary signed the contract.

Gentlemen opposite asked for the names of the shareholders. Who ever heard of such a thing? What advantage would it be to know who the shareholders were? Such a complaint was weak and futile.

Mr. Borden, leader of the Opposition, asked permission to ask a question. How did it happen that the concern used a corporate seal six months before it was incorporated; and what was the company's paid up capital?

NO ANSWER GIVEN.

The Prime Minister—"If the honorable gentleman has nothing better to say, he had better keep his seat."

Was it a serious contention that a contract could not be entered into before incorporation; and of what importance to the point at issue whether the capital was paid up or not? This question of whether the work was done by a corporation or a syndicate seemed soul-harrowing to the Opposition.

Then they complained that the company had no vessels afloat. Do ticket sellers usually have vessels afloat, asked the Prime Minister. The further Mr. Foster's motion was investigated, the more futile it appeared to him—the more it crumbled to pieces under one's hand.

In Mr. Foster's speech, there was the vicious insinuation that the arrangement was discrimination against British, and in favor of foreign immigration, there was always this appeal to prejudice, there was not a word of truth in the insinuation. The Prime Minister gave statistics. Since 1900 there had been spent in Continental Europe on this emigration propaganda the sum of $221,626; there had been brought out 128,108 immigrants, of whom 49,871 had been paid on, so that the expenditure was $1.72 per head.

During the same period 186,500 emigrants had come out from Great Britain. The expenditure had been $86,600 or $4.64 per head. Where was the discrimination?

Mr. Foster had said that the propaganda was unnecessary because conditions were such in Europe that the immigrants would have come to Canada anyway. The Prime Minister admitted that those people would have left home, but they would have gone to the United States. Ten years ago, Canada was unknown in Europe; but she had since then been advertised, she had become known as the new and rising star of the West.

CONTRACT IS CANCELLED.

In reply to Mr. Borden the Prime Minister admitted that the contract had been cancelled because some of its terms had not been complied with by the company. Secrecy was charged. This was for the purpose of saving the Company from worry in foreign countries and from being watched and interfered with.

But the Opposition had insinuated that there was something more behind it all, that secrecy was to shield men who had improperly profited by the contract. If they believed that, let them come out and make accusations and, said the Prime Minister, "I will tell them that no mercy shall be shown to offenders."

The Prime Minister did not think that the present policy of immigration should be put an end to. Immigration must be continued; a demand for labor must be created and great works had to be constructed to carry to market the produces of that labor.

IN REGARD TO MR. SIFTON.

Mr. Foster's conclusion was quoted, where he said that in this matter he had no sympathy for the Prime Minister, for he had brought the trouble upon himself by making Mr. Sifton powerful. The Prime Minister said he would have to take a share of the mud that the member for North Toronto was throwing. It was part of the game, but he would remind that gentleman that if there were blows to give, there might be blows to receive as well. What he had to say in that regard would be reserved for another occasion.

Such was the Prime Minister's defence of the contract with the North Atlantic Trading Company.

SOME LIBERALS ROSE.

As Mr. Borden rose to reply, several Liberals left their seats as if to leave the House. The Opposition called out, "Sit down! Take your medicine!" As soon as quiet was restored, Mr. Borden proceeded. His speech was not long, but it covered all the ground, and again and again it stirred his followers to enthusiastic applause.

At the outset, Mr. Borden remarked that Mr. Foster did not require any person to speak in his defence, but threats had been made with respect to that honrable gentleman. As soon as his health permitted, Mr. Foster would be in his place and would be ready to meet anything the Prime Minister might bring against him. The Prime Minister had repeatedly charged Mr. Foster with dishonesty, but the Prime Minister had shown the grossest ignorance himself, for he was ignorant of the resolution before the House, not knowing what was the question then under consideration. Mr. Foster had given notice of his motion, but information subsequently received from Lord Strathcona respecting the North Atlantic Trading Company had necessitated changes. The motion had been amended, but the Prime Minister had shown that he was ignorant of that, and had been asking his followers to vote down a motion that was not before the House.

Mr. Borden ridiculed the idea that ten years ago Canada was unknown. Fully two hundred years ago Canada was known in song and story, and she would be known one hundred years after the Government of the Prime Minister was buried in oblivion. Did the Prime Minister think that Canada, the land of Cartier and Champlain; of Wolfe and Montcalm shone by means of his reflected glory?

Mr. Bennett—"Carnegie told him that."

Continuing, Mr. Borden said that the Prime Minster had complained of the levity shown by members of the Opposition, while his own followers had discussed everything except the question before the House. The Prime Minister himself had told about Mr. Dyke's experience in Germany, but what had that to do with the contract under consideration?

CALLED PROPAGANDA LEGAL.

At this point and in reply to Mr. Borden, the Prime Minister said that he took the position that the propaganda of the company in Germany was legal.

Why then, said Mr. Borden, did the Government last session insist that the names of the men could not be disclosed because it would expose them to prosecution in Europe?

Sir Wilfrid had quoted from the report of the Department of the Interior to show that the House were in possession of knowledge respecting the existence of the contract. Had the Prime Minister read further, he would have found it stated that the contract or arrangement had been made two years before; it had therefore been in existence two years before any information had been given Parliament. What about the Prime Minister's assertion that there was no truth in the statement made by Mr. Foster.

The Prime Minister had contended that Parliament had authorized the contract because they had voted supplies for immigration work. The hollowness of that argument showed to what straits the Prime Minister was reduced.

And then he had contended that the contract was not improvident because, if the $5 a head were paid, it must follow that the country would receive value. Mr. Foster had pointed out that the immigrants would come by force of circumstances, but the Government paid the company $5 a head whether the company was instrumental in bringing them out or not. How absurd was the position of the Government and their supporters who, at great length attempted to show that the contract was a good one, and in the next breath said that the Government had done well to cancel it.

The Prime Minister had excelled himself when he said that it made no difference whether the company had any paid up stock or not. In one part of his speech, he justified the contract on the ground that it had a responsible company behind it and yet he did not know anything about the company's capital. That made no difference, said the Prime Minister, and yet he charged the Opposition with levity. Could there be greater levity than that?

The Prime Minister admitted that the company had no vessels afloat, and he ridiculed the idea that it should have. In this connection Mr. Borden went on to show that in the early days of the contract Mr. Smart had referred to the concern as a steamship company, and Mr. Oliver had also referred to it in the same way. But this year they had no information upon that point.

As to the discriminating effect of the contract, that had first been pointed out by the British press.

Mr. Borden asked them to examine the circumstances attending the founding of the company and the carrying on of its operations. Its authorized capital was $146,000; it had been paid between two and three hundred thousand dollars from the Government, and it possibly might have received one million dollars. And what was its paid-up capital? It was the sum of $340.67. The Prime Minister was not eloquent about that. He had made much about the responsible company behind the contract, but said nothing about its magnificent paid-up capital of $340.67.

REGISTERED IN GUERNSEY.

And it was registered in the Island of Guernsey, where the English law against fictitious or bogus companies was not in force.

No wonder the Department of the Interior had been afraid to give the information asked for and the Liberal majority in the Committee of Agriculture had sustained Mr. Smart when he refused to tell who were in the concern.

The company had not registered in Guernsey until June, 1905, six months after it had been described in the contract as a corporate body. The Prime Minister said that made no difference; but how could the Government enter into a contract with a corporation six months before the corporation came into existence? That was a doctrine he had heard that night for the first time.

Passing on to the cancelling of the contract, Mr. Borden pointed out that Mr. Oliver had claimed that it was done because the company were not living up to its provisions—because there was a falling off in the number of immigrants brought out from Norway, Sweden and Finland. In 1903 there had been 2,297 brought out; in 1904, 2,575, and in 1905, 2,396. The falling off up to June 30, last, was very slight, and it was known to the Government last summer, so that if the contract was to be cancelled because of those returns and that small falling-off, it should have been done last summer, and not nine months after the Government were aware of the state of affairs. Perhaps the Government were cancelling the contract on the returns of the nine months since last June, and he called upon the Prime Minister or Mr. Oliver to make a statement with respect to that.

They did not do so.

Mr. Borden then showed that although the arrival of Swedes and Norwegians and Fins during those nine months amounted to only 920, it must be remembered that the period did not include the spring months when the great majority of immigrants came to Canada, and further, this number was 39 per cent. of the total number that arrived during the whole of the preceding year. The excuse for cancelling the contract was not based on facts, for the facts were the very reverse of the excuse.

WHY WAS IT CANCELLED.

There was some other reason, there was something behind it all which had not been disclosed to the House.

Mr. Borden then summed up briefly repeating the points he had made during his speech, concluding with the assertion that it was with confidence that the Opposition placed their case before the electorate of Canada.

Three other speeches were delivered. Mr. Fisher, Minister of Agriculture, defended the contract in reply to Mr. Borden, and Mr. Stockton, Conservative, of St. John, replied in a speech condemning the entire transaction.

MR. BOURASSA AGAINST CONTRACT.

Mr. Bourassa, Liberal, of Labelle, was the last speaker. He was against his party on this question and he spoke with considerable heat, throwing the blame on Mr. Sifton who, he said, had been spoken of as the greatest danger to the Liberal Government.

The whole arrangement, said Mr. Bourassa, was bad in principle; and the time had passed when Canada had to be advertised.

Mr. Bourassa could remember the time when Mr. Oliver used to speak against immigration bonuses, but times had changed.

Mr. Bourassa said he had turned against the Government because they had turned against themselves and had taken up parts of the old Tory policy. He had not been sent to Parliament to allow such things or to accept the excuse that things were to be allowed to go unchallenged because it had once been done by the Tories. Here Mr. Ethier, Liberal of Two Mountains, interrupted. Mr. Bourassa turned upon him.

"I can remember the old Opposition days when I took a hand in fighting the battle of the Liberal party, the member for Two Mountains was quiet enough."

Mr. Bourassa used the expression applied to the late Ross Government in Ontario. There were barnacles that should be treated with an iron hand, and to-day there were thousands of independent Liberals who held that the barnacles on the Federal Liberal party should be treated in the same way. It had been said long ago that the time would come when the Liberal Government would see the mistake they had made in putting Mr. Sifton in a place of power, and it had been predicted that he would yet wreck the Liberal Government.

"That is right," called out Mr. Morrin, Conservative of Dorchester. "That gentleman," said Mr. Bourassa, "has already cost the Government much and worse things will follow if the barnacles are not got rid of."

This brought the debate to a close. The question was put and the Opposition demanded a division.

HOW THE VOTE STOOD.

While members were being called in, Mr. Talbot struck up the familiar French song, Allouette, in which a large number of the members joined. Just as the song was finished, the whip appeared, the doors were closed and the vote taken. It was on Mr. Foster's amendment to the motion to go into supply, it being to the effect that the contract with the North Atlanic Trading Company was bad in every way that it deserved condemnation and should be cancelled.

The vote resulted as follows. For the amendment proposed by Mr. Foster 61, against 115, majority against the amendment 54. It was a straight party vote with two exceptions, namely, Mr. Bourassa, Liberal of Lavalle, and Mr. Verville, Laborite of Maisonneuve, both of whom voted with the Opposition in support of the amendment, condemning the movement. The amendment having been voted down, the motion to go into supply was carried as a matter of form, for the committee at once rose. The House adjourned at 2 a.m.

CRIPPLING SCIATICA

A Sure and Certain Way to Cure this Terrible Torture

There is just one sure, scientific cure for sciatica, rheumatism, lumbago, neuralgia, headaches—you must drive the pain from your blood and nerves with Dr. Williams' Pink Pills. Liniments never cure nerve and blood diseases. Dr. Williams' Pink Pills strike straight at the cause because they actually make new blood. Through the blood they conquer the painful poison, soothe the nerves, loosen the muscles and banish every ache and pain. Mr. Thos. J. Etsell, Walkerton, Ont., says: "When I began using Dr. Williams' Pink Pills I had been off work for three months. The cords of my right leg were all drawn up and I could only limp along with the aid of a stick. The pain I suffered was terrible. Only those who have been afflicted with sciatica can understand the misery I was in both day and night. I took six boxes of Dr. Williams' Pink Pills before they helped me, but after that every day saw an improvement, and by the time I had used fifteen boxes, every vestige of the pain had disappeared. I have no hesitation in pronouncing Dr. Williams' Pink Pills the best medicine in the world for sciatica."

Every dose of Dr. Williams' Pink Pills makes rich, pure, health-giving blood. That is why they cure headaches and backaches, indigestion, kidney and liver troubles, anaemia, heart palpitation, and the ills that afflict women only. But be sure you get the genuine pills with the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around each box. Imitations are worthless—often dangerous. All medicine dealers sell these pills or you can get them by mail at 50 cents a box or six boxes for $2.50, by writing The Dr. Williams Medicine Co., Brockville, Ont.

Montreal has reason to be proud of an organization like ours!

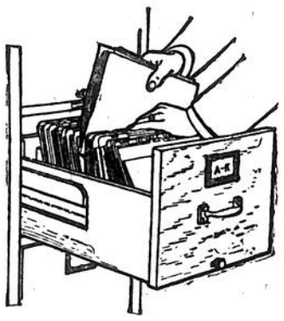
We are the original makers in Canada of Office Filing Systems and business equipment in both Wood and Steel.

Go where you will—you'll find in no other country more intelligent Methods for simplifying office routine than those we have created, nor will you find Cabinet work more substantial, attractive, or economical for the fitting of your office than is made at our ample factories.

The quality of our Office Equipment is exceptional, because WE OURSELVES MANUFACTURE EVERY BIT OF IT! And the value you get—dollar for dollar—is greater because of our economical production, due also to our big facilities and the fact that we sell direct from our own factories through our own selling force!

This stack contains three Vertical Letter File Sections and one 5-drawer 6x8 Card Index Section, with Top and Base, a most desirable outfit.

By our Vertical Filing the complete correspondence with one concern—or upon one subject—is kept compactly together in a heavy manila folder. The folder is filed VERTICALLY (on edge) in a Cabinet Drawer or Tray, being kept upright by a sliding compressor.



Don't you want us to mail you our printed matter describing our Time-Saving, Money-Saving and Trouble-Saving Systems?

THE MONTREAL CITY AND DISTRICT SAVINGS BANK

Fifty-Ninth Annual Report.

Montreal, May 1st, 1906.

To the Shareholders,

Gentlemen,—Your Directors have pleasure in presenting the Fifty-ninth annual report of the affairs of the Bank, and of the result of its operations for the year ending December 31st, 1905.

The net profits for the year were $149,919.05, and the balance brought forward from last year's Profit and Loss account was $26,086.49, making a total of $176,005.54. From this amount have been paid two dividends and bonus, and $25,000 has been applied to the re-construction of the St. Catherine Street East Branch, leaving a balance at the credit of Profit and Loss of $51,005.54, to be carried forward to next year.

The number of open accounts, on December 31st last, was 80,175, and the average amount due each depositor was $229.71.

The branch on the corner of St. Lawrence Street and Pine Avenue was opened during the year. Contracts have been given out for the construction of a new building corner of Ontario and Maisonneuve Streets.

The 26th of this month marks a new era in the history of this Bank—being the Sixtieth Anniversary of its establishment—It is a matter of gratification to be able to congratulate you on the steady progress of the Bank.

Your Directors have to record, with much regret, the death, since the end of the year, of their Vice-President, Mr. Raphael Bellemare—for twenty-eight years a Director of the Bank, and for fifteen years its Vice-President—whose high character justly commanded the confidence of the public. The vacancy in the Vice-Chair, created by his death, has been filled by the election of Mr. Justice Ouimet, and the vacancy in the directorate, by the election of Mr. M. Nowlan de Lisle.

As usual, a frequent and thorough inspection of the books has been made during the year.

The Report of the Auditors and the Balance Sheet are herewith submitted.

W. H. HINGSTON,
President.
