REDS SMASH THROUGH FIVE GERMAN DIVISIONS

Allies Bring Up Reserves In Preparation For Heavy Offensive

75,000 Huns Retreating In Disorder

Germans Abandon Military Equipment and Supplies as Soviets Advance on 62-Mile Front—5,000 Nazis Reported Killed in 24 Hours.

By JAMES M. LONG, Associated Press Staff Writer.
London, Jan. 8.—(AP)—A new Russian offensive in the Central Ukraine has broken through five German divisions on a 62-mile front, has surrounded the Dnieper bend stronghold of Kirovograd and is nearing a line with the unchecked Northern Ukrainian drive, part of which now is 22 miles inside Poland.

The new offensive by Gen. Ivan S. Konev's 2nd Ukrainian Army sent perhaps 75,000 Germans retreating in disorder, abandoning their military equipment and supplies, said the Moscow communique recorded by the Soviet radio monitor.

This new drive was less than 56 miles from the Southernmost portion of the great offensive of the 1st Ukrainian Army under Gen. Nikolai F. Vatutin. The top of this arc, stretching more than 300 miles from Northwest to Southeast, reached Klesov in a 12-mile advance inside Poland. Red Army units on the lower rim curled Eastward to capture Zhitomir, on the Middle Dnieper South of Kiev, linking with a long-established Russian bridgehead South of Pereyaslav.

Berlin went even farther than Moscow and in a broadcast by Capt. Ludwig Sertorius said "it now appears as if Vatutin's left wing has made contact with units of Gen. Konev's Army Eastward and Southward of Belaya Tserkov."

If the two armies had already joined hands it appeared that they would do so shortly for the Germans seemed unable to stand against the might of the two rampant armies.

Vatutin's forces alone reported 5,000 Germans killed in the last twenty-four hours, and in the last five days official Soviet count has placed German dead at 20,000 along the entire Russian front.

Once joined, the two armies would not only seek to clear the rich Dnieper bend—the Germans' Easternmost salient in Russia—but perhaps 500,000 to 750,000 men but batter the Nazis out of all Southern Russia into Poland and Rumania.

The town of Kirovograd, near which the Russians and Germans have been attacking and counter-attacking for weeks, was expected to fall into Russian hands shortly since its garrison now is cut off from all aid.

German reports of the fighting in Russia were gloomy, but the most striking indication of their plight came from a Tass dispatch which

ARMY DOCTOR ON TRIAL FOR NEGLIGENCE

Witnesses Support His Decision in Medical Examination of Laborer Who Died After Acceptance Into Army.

Fredericton, Jan. 8.—(AP)—Decision of Captain G. G. Alley in medical examination of Pte. Charles Fraser Smith was supported by witnesses at a general court-martial of the medical officer on a charge of negligence yesterday.

Lt.-Col. H. A. Courtney, President of the District Depot Medical Board, expressed opinion the Captain had reached a proper decision, under the circumstances, in the case of the 41-year-old laborer who, called up for military service, was approved medically but died a few days later.

Contrary to previous witnesses, Dr. C. H. Turner, of Fredericton, said he had examined Smith in October, 1942, and doubted the man was diabetic then. Other witnesses have testified he suffered diabetes for many years and used insulin regularly up to the time of his call-up.

Another civilian physician, a diabetes specialist, testified today his decision would have been the same as Capt. Alley's.

The prosecution is seeking to prove that Smith, while suffering diabetes, was admitted into the army as a result of a negligent examination.

Capt. Alley's case may be completed today. Arising from the same cause, two other hearings will be proceeded with next week. They involve Lt.-Col. H. E. Baird, Officer Commanding the Fredericton Military Hospital, and Capt. Nor Litter, of the District Depot Medical Staff.

Col. Courtney said Smith's army document included his statement that he had had diabetes 17 years previously but after his examination he was placed in A-1 category.

The witness had experience of men trying to disguise their medical condition so they could get into or keep out of the army.

"It is a common practice to regard with doubt any statements made by men during an examination," he said. "I would think I was being imposed on by Smith as regards his statements, especially when the analysis of his urine gave no indication of diabetes."

He replied "yes," to the question: "If events showed Capt. Alley made an error, it would be nothing more than an error in judgment or the fallibility of the human mind?"

Col. Courtney said he could name even senior Canadian army officers who quite possibly were diabetics.

"Were there seven specialists on your medical board on Sept. 13?" (the date of Smith's examination) asked Defence Counsel, Col. P. Elmer McLaughlin.

"No, we have never had a board proper consisting of seven specialists, under the Pulham System, as we have not the personnel. I myself am filling two positions on the board. So is Capt. Alley. I have found Capt. Alley very willing, conscientious, zealous and very satisfactory. I have found his judgment to be very good."

Despatches from Moscow today reported that the Second Ukrainian Army of Gen. Ivan S. Konev had opened a new offensive and broken through five German divisions on a 62-mile front in the Central Ukraine.

POLES TAKEN PRISONERS BY RED SOLDIERS

Have Pessimistic View of Reaching a Conciliation with Russia—Polish Underground Members Taken by Russian Forces.

By JUDSON QUINN, Associated Press Staff Writer.
London, Jan. 8.—(AP)—The Polish underground continues to fight the Germans, but its members become prisoners of war when taken by the Red Army, a Polish spokesman declared today as the Poles took a frankly pessimistic view of reaching a reconciliation with Russia.

Although a Polish Government declaration two days ago and Premier Stanislaw Mikolajczyk's broadcast today as the Poles took a frankly pessimistic view of reaching a reconciliation with Russia.

A spokesman in London said Poland was unwilling to give up territory in the East in return for promises of compensation at Germany's expense in the West.

This spokesman said the Polish Government considered Eastern and Western territorial questions separately.

Russia has given many indications that she does not recognize the Eastern border of Poland but regards as Russian territory the Eastern half of the country, which she occupied in September, 1939, in agreement with Germany. The question has become acute since Russian troops pushed across the border in pursuit of the retreating Germans.

Premier Stalin, so far as is known in London, is insistent on settling boundary disputes only after military victory.

An authoritative Polish spokesman said he was pessimistic about chances for an agreement stemming from a projected meeting in the next day or so between Premier Mikolajczyk and President Edouard Benes of the Czechoslovak Government in London.

It was learned today that Benes talked to Mikolajczyk before his recent trip to Moscow to sign a Czech-Russian treaty.

Republicans To Meet In Chicago

By HAROLD OLIVER, Associated Press Staff Writer.
Washington, Jan. 8.—(AP)—Wendell L. Willkie's expressed willingness to hold the 1944 Republican nomination convention in Chicago cleared the day today for that city's easy selection.

The only other possible stumbling block to harmony at next week's convention-planning meeting of the Party's National Committee in Chicago, as seen here by some party chieftains, is the method of setting up an arrangements committee.

Nurse's Death Is Accidental

Montreal, Jan. 8.—(AP)—Coroner Richard Duckett today declared accidental the death of Nancy McCunn, 23-year-old dental assistant from Fredericton, whose body was found in the office of Dr. A. Gerald Racey after an explosion had wrecked the sixth place of the Drummond Medical Building December 30.

The verdict followed by two days the report of a Fire Commissioners' Court which said Miss McCunn died of carbon monoxide poisoning while working alone in Dr. Racey's laboratory.

The Fire Commissioners found that the explosion occurred when a watchman carrying a lighted cigarette opened the door of the office to investigate a smell of gas.

SHIPBUILDERS BACK AT WORK IN PICTOU

Pictou, N.S., Jan. 8.—(AP)—A full crew was back at work today in the Pictou shipbuilding yard following a demonstration by 700 employees over the resignation of a shipyard official.

The demonstration was staged in sympathy with Thomas Turner, Hull superintendent, who resigned after a disagreement with the management. The 700 employees quit work late in the day shift.

The yard, operated by Foundation Maritime, Limited, employs about 2,000 persons in all.

U.S. STEEL INDUSTRY SET UP NEW RECORD

New York, Jan. 8.—(AP)—The United States steel industry in 1943 set a new production record for the fourth consecutive year by turning out 88,872,598 tons of ingots, the American Iron and Steel Institute reported today. This exceeded by nearly 3,000,000 tons the previous peak output of 86,029,921 tons in 1942.

It was learned today that Benes talked to Mikolajczyk before his recent trip to Moscow to sign a Czech-Russian treaty.

RANDOLPH PAUL NOT IN FAVOR OF TAX BILL

State Treasury Counsel States Four Reasons for Declaring New Bill to Go Before Senate "A Tragic Failure."

Indianapolis, January 8.—(AP)—Treasury Counsel Randolph Paul charged today that the \$2,000,000,000-plus tax bill scheduled to come before the Senate next week started out to be a revenue measure but "is now in large part a measure to appropriate public funds for relief of war profiteers and others."

Paul said in an address prepared for delivery to the Indiana State Bar Association that the measure as it stands is "a tragic failure" because, he argued:

1. It does not raise enough revenue. (The Treasury asked for \$10,500,000,000.)

2. It fails to reduce inflationary pressure.

3. "It denies to more than 50,000,000 taxpayers the simplification of tax law to which they are entitled."

4. "The bill, particularly the Senate Finance Committee version, makes a dead letter" of the contract renegotiation act designed to prevent exorbitant war profits.

Of the measure's revenue yield, Paul argued that the House bill would raise about \$2,100,000,000 a year but that the bar to the automatic rise in social security levies would reduce prospective receipts by \$1,400,000,000.

This arithmetic is at variance with the Senate Finance Committee. It estimated new revenue in its measure at \$2,284,000,000 without regard to social security levies. Paul's text did not elaborate on his figures.

WAR BULLETINS

Santiago, Chile.—President Juan Antonio Rios, without mentioning the military dictatorships in Argentina and Bolivia which have virtually hemmed in his country, said today that "Chile is and will continue democratic."

The statement, however, was construed as a declaration to other democratic nations in the Hemisphere, particularly the United States, that Chile stands firmly with the democracies.

Berne.—French police estimate that 500 persons, Frenchmen and Germans, meet violent death every day throughout France, a Paris dispatch to the Tribune de Geneve said today.

These include the victims of railroad sabotage, bush fighting, political assassinations, Nazi reprisals and executions.

American Troops Seize San Vittore And Capture All German Defenders

New York, Jan. 8.—(AP)—San Vittore, six miles Southeast of the highway centre of Cassino, has been captured by United States troops, the BBC said last night in a broadcast recorded by CBS.

The broadcast said the German garrison which had stubbornly opposed the American troops had been wiped out and that 5th Army forces were in complete control of the town.

Nazi resistance finally crumbled, the broadcast said, when two American infantry units met after fighting their way to the centre of the wrecked town. German losses were reported to have been heavy as the defending Nazis contested every street and house.

Bq DON WHITEHEAD, Associated Press War Correspondent.

San Vittore, Italy, Jan. 8.—(AP)—United States troops fighting from house to house in a bitter battle which raged for nearly 40 hours captured the village of San Vittore at 3:37 p.m. Thursday, killing or capturing virtually all the German defenders.

Control of San Vittore put the Allied 5th Army a step nearer Cassino

and wiped out German resistance in one of the toughest defensive points in the enemy's winter line.

More than 100 prisoners were taken in the town alone during the battle through the gray stone houses and at least an equal number were killed in the savage fighting that swirled through the streets, into houses and up on rooftops.

But though the Germans fought well they did not fight wisely because the doughboys trapped them and only a scattered few Germans slipped through the ring of steel which closed around the shell-smashed town.

I went into San Vittore Friday morning with a small group of correspondents and camera men. We walked two miles through the shrapnel-torn olive groves and slipped along walls to escape detection by the enemy on the hill over the town.

On the slope of a hill outside the town American soldiers were cleaning out the last German defenders in machine-gun nests and the air vibrated with the crack of small arms and the whack of enemy mortar shells. Litter bearers trudged down the cobbled lane carrying out the wounded.

Gen. Clark Moves Up His Base

British and American Troops Fight Through Maze of Nazi Defences Guarding Communications Centre of Cassino.

London, Jan. 8.—(AP)—A German broadcast Friday claimed that Lt.-Gen. Mark W. Clark, Commander of the Allied 5th Army in Italy, had moved his headquarters and was bringing up heavy reserves in preparation for a "large-scale offensive" against Nazi defences.

The broadcast did not locate Clark's new headquarters but the implication was he had moved closer to the front lines.

Alger, January 8.—(AP)—British and American troops fought their way methodically through the maze of Nazi defences guarding the communications centre of Cassino today and threatened to outflank the fortress village of San Vittore, six miles to the Southeast, where for three days American infantry had engaged in desperate, no-quarter street fighting with a German garrison.

(San Vittore has been captured by United States troops, the BBC said in a broadcast recorded in New York by CBS.)

American forces to the East of Cassino hacked their way forward four miles to storm 3,500-foot Mount Maio, cutting a German supply road. Meanwhile British troops pressing up the Garigliano River from the South reached the edge of the Cassino plain, where their tanks might go into action for the first time.

Germans defending the crumbled remains of San Vittore were in imminent danger of being trapped and cut off by these converging Allied columns.

Although the 5th Army's 10-mile wide offensive had gained from one to four miles since the jump-off early Wednesday morning, there yet was no indication of a substantial breakthrough. The Germans were retreating from one defence line to the next after making the Allies pay the highest possible price.

British troops at the Southern end of the active front pushed steadily Northward from Rocca d'Evandro and captured 79 more prisoners for a two-day bag of 126.

The full striking power of the Allies had not yet been brought to play, as the tactical air forces had been hampered by bad weather since dive-bombers supported the first day's advance. Ground progress likely will speed up when the skies clear.

Mr. Justice Thibeaudeau Rinfret Is Appointed Chief Justice Of Canada

Ottawa, Jan. 8.—(AP)—Prime Minister Mackenzie King announced last night the appointment of Mr. Justice Thibeaudeau Rinfret as Chief Justice of Canada, succeeding Sir Lyman P. Duff, who retired today on his 80th birthday.

Making the announcement, Mr. King referred to Mr. Justice Rinfret, a native of Montreal, as the senior member of the Supreme Court of Canada, now that Sir Lyman has retired. The new Chief Justice was first appointed to the Court in 1924.

"The newly-appointed Chief Justice, like his predecessor, has had wide judicial experience and is highly esteemed by members of the judiciary and the legal profession of Canada," said Mr. King.

Mr. King referred to Sir Lyman's nearly forty years of service in the high court—he was appointed 37 years ago—and said that in many of the judgments he delivered Sir Lyman "interpreted the spirit rather than merely the letter of the law."

"Sir Lyman retires from the office of Chief Justice with the knowledge that no member of the judiciary of Canada has a finer record of

service, or has possessed more completely the esteem of the Bench and the Bar of our country, or the confidence and regard of its citizens."

The new Chief Justice is sixty-four. Before his appointment to the Supreme Court twenty years ago, he spent two years as a member of the Quebec Superior Court.

During recent years as the senior puisne judge, he has been Sir Lyman's closest collaborator. Sir Lyman frequently held conferences with his colleague on the bench over points of law raised by the counsel arguing before them or court procedure.

Mr. Justice Rinfret is less volatile than Sir Lyman and speaks slowly and deliberately. He is equally at home in English and in French and his judgments are noted for their clarity and conciseness.

He began his legal practice at St. Jerome, Que., but soon moved to Montreal, where he developed his special mastery in the fields of corporation and municipal law. His one venture into politics was in 1906 when he contested the federal riding

Forty-Two Nazi Planes Are Knocked Down By United States Big Bombers

By ROBERT N. STURDEVANT, Associated Press Staff Writer

London, Jan. 8.—(AP)—Strong formations of United States heavy bombers, escorted by Allied fighters, knocked down 42 enemy planes yesterday in daylight raids on targets in Southwest Germany, a communique announced today.

A joint United States Army and Air Ministry communique said 12 of the big bombers and seven Allied fighter planes were missing but that the pilot of one of the fighters is safe.

The communique said opposition generally was weak but that a few groups encountered heavy Nazi fighter formations. Returning crewmen said the flak over some areas was intense.

The heavy bombers shot down 33 Nazi fighters while the escorting Allied planes downed nine enemy ships.

While the enemy bombers were blasting Southwest Germany hundreds of medium bombers and fighters continued their day-to-day

hammering of German installations in Northern France.

Suggesting a night follow-up by the R.A.F., Vichy and German long-range radio stations went off the air early last night.

Exact targets of the heavy bombers were not immediately disclosed but the region is the same as that which saw the record-breaking attack by 1,500 bombers and fighters ten days ago. The target then was identified in neutral reports as Ludwigshafen, a centre of the German chemical and poison gas industry.

R.C.A.F. Spitfires put in a busy day in support of the United States heavy and medium bombers. The Canadian planes covered the medium bombers attacking Northern France and the withdrawal of the heavy bombers returning from their raid on Southwest Germany.

More than 200 United States medium bombers, taking advantage of better visibility, participated in the morning assault on Northern France extending their record for consecutive sorties (individual plane

SCREENING IS ABOLISHED BY U.S. EXAMINERS

Selective Service Enforces Sweeping Revision of System for Physical Examination of Draft-Eligibles.

Washington, Jan. 7.—(P)—In a sweeping revision of the system for physical examination of draft-eligibles in the United States, Selective Service today abolished "screening" examinations by local boards and arranged for final examinations to be given at least twenty-one days before actual induction.

Under the new system, to become fully effective February 1, post-induction furloughs also are abolished. Currently these are three weeks for those inducted into the Army and one week for those who go into the Navy.

Men in Class 1-A who are about due for a call to service will be dispatched to induction stations. There they will be examined by Army and Navy physicians. All will be sent back home as civilians with those who are found acceptable having assurance that they will not be ordered to report for induction for at least three weeks.

The Army and Navy examiners also will classify acceptable men in three groups—"army general service," "army limited service" and "navy" (including Marines and Coast Guard)—according to their physical condition. The Navy demands a slightly higher degree of physical fitness than does the Army.

The Army accepts for limited service men with physical defects barring them from general service. The classification by induction station doctors, however, will be simply a tag of degree of physical fitness. As far as practicable, wishes of the drafted man regarding the branch of service he enters will be followed.

TRAFFIC NEARS NORMAL TODAY

Sherbrooke and environs today were nearly back to normal as snow-removing equipment continued clearing up banks of snow left by plows in various parts of the city, following a fourteen-inch snowfall yesterday.

In view of the fact that there was little wind, the threat of a major traffic tie-up feared on Thursday night and early yesterday did not materialize because the snow was heavy and packed down quickly.

All streets in the municipality are now open to traffic. Snow-fighting equipment was still being used today to rid the thoroughfares of piles of snow. The great difficulty encountered yesterday by the city workers was automobiles left parked all night along curbs in the downtown and residential sections.

All main routes leading out of Sherbrooke were also open to traffic today. Although trucks and buses were able to get through without much trouble, in many instances some of these roads were not recommended for passengers.

At the same time, reports reaching here this morning stated that conditions were returning to normal in several of the smaller Eastern Townships centres, which were almost completely isolated by the storm. Numerous side roads have been cleared, but there were many others still blocked.

Twenty-Five Die In Bus Accident

Kingman, Ariz., Jan. 8.—(P)—Twenty-five aviation cadets, a gunnery instructor and their bus driver, and an army private, were killed in a collision of an army bus and a fast Santa Fe freight—the worst crash in Arizona history.

In addition to the 27 dead, Kingman Army Air Field officers reported that eight other cadets were critically injured and that none of the 36 servicemen aboard the bus escaped injury.

The collision came at 9 p.m. near the entrance to the field as the bus was returning the young fliers to the base from a gunnery range across the railroad tracks after a night gunnery mission.

Five minutes after the crash more than 1,000 servicemen at the base for volunteered their blood for the cadets. A message appealing for donors was flashed on the screen of the base theatre and the rush to exits was so great military police had to be summoned to maintain order.

A YEAR OF DESTINY

Pretoria, South Africa, Jan. 8.—(P)—Prime Minister Smuts predicted today that this year "is going to be a year of destiny."

Addressing the Transvaal head committee of the United Party, Smuts said: "Unless something unforeseen happens and unless we make some incalculable blunder, this year is going to be a year of destiny and of decisions which will affect the fate not only of South Africa but of the whole world for generations to come."

Gen. Crear met gunners and anti-tank men and also went to the headquarters of a French-Canadian unit (the Royal 22nd Regiment of Quebec).

On Wednesday he saw the men who captured the Adriatic coastal town of Ortona and walked about the town. Earlier in the week he conferred with Lt.-Gen. Sir Oliver Leese, now Commander of the British 8th Army with which the Canadian 1st Division is fighting.

The position on the front remained unchanged as winter weather limited activity on both sides to patrolling. Whenever possible the troops are taking shelter in houses or, more often, the remains of houses. Snow fell yesterday but the wind blew it away almost as quickly.

The Canadians have cleared all the ground to within about a half-mile of the Arielli River, about five miles northwest of Ortona, the main enemy forces are North of the river but the Canadians are still in contact with rear-guard elements.

Maritime troops (the Carleton and Yorks of St. Stephen, N.B.) and French-Canadians (the Royal 22nd) are patrolling on the right bank with Central Canada troops (the 18th Highlanders of Toronto) who occupied Tomasso and Nicola covering the left.

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The cup of blessing which we bless, is it not the communion of the blood of Christ? The bread which we break, is it not the communion of the body of Christ?" (I Corinthians 10:16).

The Lesson-Sermon also includes the following passages from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "We cannot choose for ourselves, but must work out our salvation in the way Jesus taught. Obeying his precious precepts—following his demonstration so far as we apprehend it—we drink of his cup, partake of his bread, are baptized with his purity; and at last we shall rest, sit down with him, in a full understanding of the true Principle which triumphs over death. YOUNGSTER HIT BY AUTOMOBILE

Eleven-year-old Jacqueline Roy suffered severe head cuts and was badly shaken up late last evening when she was struck by a car while crossing King Street from the North to the South side near Gillespie Street.

At the time the accident occurred, Constable Armand Desbriens happened to be in the vicinity and carried the injured girl to the Duberger Pharmacy, where she was treated by Dr. Emile Bruneau. She was then taken to the home of her mother, Mrs. Edgar Roy, 30 Gillespie Street, and her condition today was reported as satisfactory.

Police said that the driver of the machine was Norman Gibson, 1 Lawwood Street. He was travelling from West to East on King Street. He told police that although he was driving at a slow rate of speed, he was unable to stop the car owing to the slippery condition of the thoroughfare.

CHINESE OPEN NEW OFFENSIVE ON BURMA ROAD

New Delhi, Jan. 8.—(P)—Chinese troops have crossed to the East bank of the Upper Chindwin River in a fresh offensive to clear the way for the steady advancement of the New Burma Road, it was disclosed yesterday.

The operation was supported by a four-day attack of fighters and fighter-bombers of the U.S. Army Air Force starting Jan. 1, a communiqué from Admiral Lord Louis Mountbatten's Headquarters stated.

Exact location of the drive was not given but it was announced that the Chinese had thrown the Japanese from the West bank of the river in the Yupbang area and occupied some positions on the East bank. The scene is in rugged North Burma in the Hakwang Valley area, roughly 100 miles Northwest of the Japanese base at Myitkyna, terminus of the Mandalay railroad.

During his twenty years on the Supreme Court Bench the new Chief Justice played an important role in formulating the Court's decisions on some of the more important constitutional cases in Canadian history.

Cellar-Grown Oysters.

Clams and oysters were cultivated in cellars during the winter by Dutch settlers of early New York. They planted the sea food in beds of sea sand mixed with Indian meal in autumn, and the crop was watered twice a week with river water, which kept it fat and edible.

HITLER'S MATA HARI MURDERED IN EUROPE

London, Jan. 8.—(P)—Mady Soyka, a Mata Hari of this war, known once as the best dressed woman in Central Europe is dead.

A Vienna newspaper has announced, "Mady Soyka has been taken from us forever by a cowardly murder with robbery in occupied territory." Feeling here is that whatever that end was, it was a fitting one for the sordid lady who tried to poison Austrian society with Nazi propaganda and who spied for her boss Hitler in almost every capital of Europe.

Her last efforts were in Paris, and when the Germans took over the people who had been her friends were imprisoned and she was rewarded with the ownership of one of the most flourishing cafes in the Champs Elysees.

Final Plans Are Completed For Entertaining Airmen At University During Week-End

Final plans for the reception of the first group of the Royal Air Force Command airmen to spend a week at the University of Bishop's College were completed yesterday afternoon at a special meeting held between the Principal and the members of the Students' Council.

These airmen are the first class of thirty to come to the college for twelve consecutive weeks and while they will be met by a reception committee composed of the members of the Students' Council. After being welcomed to the college the men will then be shown to their rooms where they will remain until time for the luncheon which will take place at one o'clock. The students of the university and their guests will then leave for Convocation Hall where preparations will be made for the inaugural ceremony which will begin at 2:04. At this time the invited guests and the guests of honor will also move into Convocation Hall for the meeting which will be in charge of G. H. Montgomery, K.C., D.C., L.L.C., Chancellor of Bishop's University. Following the Chairman's remarks several addresses will be delivered by the following guests: D. C. O'Leary, D.C.L., L.L.C., Chairman and President of the Canadian Pacific Railway and Chairman of the Executive Committee of the University of Bishop's College, Major General L. R. Laflèche, D.S.O., M.P., Minister of National War Services, Squadron Leader Victor Dore, Superintendent of Education for the Province of Quebec, Air Vice-Marshal R. G. Marx, C.B., D.S.O., Air Officer Commanding the R.A.F. Transport Command and the Rev. Dr. A. H. McGreer, Principal and Vice-Chancellor of the University.

A special service will later be held in the chapel of the University with a choir composed of the college students in attendance. The music will be under the direction of F. L. McLeary, Organist and choir master of St. Peter's Church in Sherbrooke, and the sermon will be delivered by the Rev. Dr. A. H. McGreer.

At 4:15 a tea will be served in the Old Arts Building to which the students, the airmen and the invited guests will be welcomed. The Old Arts Building of the university will be taken over by the airmen during their stay at the college and it has been completely vacated by the students and put in shape for their use.

These men which are being taken in by the University in groups of thirty for a period of one week per group for the next twelve weeks are of the group similar to the R.C.A.F. Ferry Command and their task is that of flying planes from one theatre to another so that they may be taken over by the fighter and bomber crews. While in Canada these men are the guests of the Government and they are taking

short courses and studying the conditions of the country.

While at Bishop's University the general history and development of Canada and its place in the Commonwealth. During the week the airmen are at the University they will take a series of lectures in history and economics of the country and they will also be given some programmes in French so that they can have a glimpse of the life led by the other group in the Dominion.

Lectures will take place every morning and once in a while some special events will take place in the afternoon. Some of the afternoons will be taken up with a tour of the leading industrial centres in Sherbrooke and Lennoxville and in the evenings they will be given a chance once a week at the university and they will also be entertained at a dinner at the Social Club on Wednesday evenings.

Besides this a series of recreational activities will also be open to the airmen. All the sporting facilities of the university will be open to them and they will be able to play badminton, as well as ski, skate and play basketball. All the equipment for badminton will be supplied by the college and the students and Bishop's University C.O.T.C. has supplied skiing equipment for thirty airmen. As for the skating no definite plans were made since the rink was burned to the ground early last week but it is expected that any who wish to skate will go to the Arena in Sherbrooke.

The complete inaugural programme will be broadcast over the C.B.C. network starting at 2:04 on Sunday afternoon and during this time the audience will hear the addresses delivered by the guests of honor and the service to be held in the chapel at the University.

The first group of personnel who will be in on Sunday will leave on January 15 and the next lot will come in at noon of the following day.

WILL DISCUSS WATER FILTER WITH PUBLIC

A complete description of the type of water system needed for the city will be given to the public at a special meeting to be held at the City Hall a week from Thursday, T. J. Lafreniere, chief engineer of the Department of Health and Social Welfare for the province, will be in town on January 18 to conduct the meeting which has been called by the Chamber of Commerce.

Mr. Lafreniere has made a study of the water conditions of other cities in the province and he is considered an authority on the matter. Having previously been to Sherbrooke and examined the condition of the water, he is now in a position to give the public some idea of the type of filtration system they should have installed.

In calling this meeting the Chamber thought that it was in the interest of the people of the city to know just what the Council planned to install when the time comes to have the work done. Everyone knows the deplorable state of the drinking water in the city and all are clamoring for a filtration plant or some other means for purifying the water, but few know just what a filtration plant will do to their water supply or how it will operate.

Mr. Lafreniere will attempt to put before those present a picture of a modern filtration system and will also be there to answer any questions which may come before the minds of the public. The Chamber has already sent out invitations to the service clubs of the city as well as to the other organizations requesting their support and attendance, and it is hoped that as many of the public as possible will make it a point of being present. Everyone is advocating better water, and it is up to the public to show an interest in the move taken by the city and find out just what is going on.

The motion that a filtration plant be installed in Sherbrooke has already been passed by the Council, and it is hoped that when the motion is put before the public for their approval that the people will know what they are supporting or turning down.

This is another step taken by the Chamber of Commerce with the interest of the public at heart and the people should give them their full support. The Chamber is pushing the water problem and they are counting on the people of the city to back them up.

NOW PRESUMED DEAD

Previously reported missing on active service with the R.C.A.F., Overcast, Pilot Officer Gordon H. Dunn, son of Mr. and Mrs. W. F. Dunn, 219 McNamany Street, is now for official purposes presumed dead, according to a casualty list. He received his education at St. Patrick's Academy and O'Sullivan's College and was in the employ of E. T. Fairbanks before enlisting in July, 1940.

UNITED CHURCH W.A. MEETS AT LENNOXVILLE

A largely-attended meeting of the Women's Association of the United Church was held at the home of Mrs. E. Seale, Park Avenue. The opening devotional period included the singing of an appropriate hymn, "Standing at the Portals," with Mrs. W. H. Abbott accompanying and followed by the Lord's Prayer, repeated in unison.

The newly-elected President, Mrs. Seale, presided and in welcoming the members, expressed the hope that the New Year fraught with laden possibilities, might be one of achievement and success. Routine business followed, Mrs. R. W. S. Nutbrown, Secretary, read the minutes of the final meeting of the past year, which were duly approved, and Mrs. A. E. Abercrombie, Treasurer, submitted the final report of the finances for 1943. Letters of thanks and appreciation were also read by the Secretary. Animated discussions on outline of work for the coming year and appointment of committees occupied much time.

Following adjournment the hostesses, Mrs. Seale, served refreshments, assisted by Miss N. Lowering, Mrs. L. B. Pierce and others. Mrs. W. J. Lane and Mrs. R. S. Lipsey presided at the services on a perfectly-appointed lace-covered table, centered with white and maize mums in a silver holder.

During the social hour that followed, an interchange of greetings and good wishes for the New Year enhanced in no small measure the enjoyment of the afternoon.

NAMED TO HEAD LOCAL SAVINGS STAMPS APPEAL

Cliff Bryant and Armand Laberge have been named Joint-Chairmen for Sherbrooke County in connection with the permanent War Savings Stamps drive which will be conducted throughout the present year, it was announced today by the local National War Finance Committee in the City Hall.

Plans are under way to promote the sale of stamps in schools, clubs, organizations, at special events and with the general public. The sale of stamps already is well organized at local plants, as well as at banks and local and district post offices, the latter of which will continue selling the twenty-five cent war stamps as in the past.

The announcement said that the chain, drug, food and variety stores will hold their monthly stamp drive campaigns in connection with the local committee, as the retail store groups have done in 1943.

The campaign is a nation-wide one with an objective of \$3,000,000 for the Dominion. The quota for Sherbrooke County will be announced shortly, as well as the names of the Joint-Chairmen and quotas of the eleven other counties which comprise the two Eastern Townships Divisions, Five and Six.

Army Travels Faster Than Cupid, Disrupts Granby Youth's Plans

An East Coast Canadian Port, Jan. 7.—Cupid just can't compete with the army when the army wants to move fast, and Lieut. A. W. McKenna, of Granby, Que., is one who will tell you even the best-laid plans can go astray.

Lieut. McKenna, who arrived in Britain with the latest group of reinforcement troops sailing from this port, didn't know twelve hours in advance that he was to sail. He was willing to admit that two New Year's dance tickets he bought for a frolic in this port weren't going to be of much use to him, since the New Year found him thousands of miles away.

But that wasn't all. He had planned on being married to a girl from Simcoe, Ont.—Marion Taylor—on his first leave which was to have come up early in January.

"But all that must wait now," he shrugged. "I was to have had leave in October, then in November, but both times it was cancelled—so I'm still single."

Ald. J. W. Genest Generally Is Favored To Follow Mayor Ross

With the Sherbrooke municipal nominations barely two months away, those individuals who find a diet of politics of any sort a meal worthy of the best attention are already casting about for a successor to Mayor Alex C. Ross, whose two year term of office expires in mid-March. Although no direct campaign has been launched as yet for any particular individual to occupy the post of Chief Magistrate, Ald. J. W. Genest, at present Chairman of the Electric Light and Power Committee of the Council, is generally favored for this position.

Alderman Genest has been a member of the City Council for many years and has shown himself a capable administrator who always carries the best interests of the city to the forefront of his mind. While in the past two years he has headed the Electric Department, he is perhaps best known for his work as Chairman of the Parks and Real Estate Committee. An ardent lover of flowers and gardens, he devoted much time and energy to his duties and the splendid system of parks and squares which Sherbrooke possesses today is a testimonial to the work which he did during the time he directed this Department.

AYER'S CLIFF

A very pleasant meeting of the Young Women's Association was held at the home of Mrs. Howard Keeler one evening, when reports for the year's work were heard which proved that this society had indeed been active and the financial report was most satisfactory, showing a good balance on hand to start the new year. The slate of officers for the new year was presented by the Nominating Committee's Convener, Miss Irene O'Leary, and was adopted as read: President, Mrs. R. G. McHugh; Vice-President, Mrs. Willard Relford; Secretary, Mrs. H. Nelson Pierce; Treasurer, Mrs. Sidney Baldwin; Corresponding Secretary, Miss Mildred Paul. A social hour was enjoyed, when refreshments were served by Mrs. Keeler, assisted by Mrs. Glen Little.

An item of interest to many throughout the district is that of the death of Dr. D. S. Kealey, Educator, of Hoboken, N.J., who died in a New York hospital with a heart ailment. Dr. Kealey, Mrs. Kealey and three daughters are summer residents here and also spend many weeks during the holidays here in the winter at Cooper's Farm, and have many friends in the community.

The many friends here and of Dr. F. J. Quigley, of Union City, N.J., summer residents here, will regret to hear that they have both been ill since returning home and are friends would wish. To Dr. Quigley the deepest sympathy is expressed in the passing of his father. All sincerely trust that both Dr. and Mrs. Quigley may improve steadily from now on and be able to return to Lake Massawippi to make the final recovery.

A. L. SPAFFORD PASSES ON IN HIS 62ND YEAR

Arthur L. Spafford, 61, a member of a well known family in the Eastern Townships, died at his home in Sherbrooke last evening following an illness of two years.

Mr. Spafford was born in North Hatley and received his early education at Bishop's College School. He later graduated as a chemical engineer from McGill University and worked for some time with the Nickels Chemical Company in Vancouver and New York, later transferring to the Philip Carey Company in Norristown, Pennsylvania, where he became General Manager of the firm. He retired from this position some time ago and came to Sherbrooke where he had made his home since last fall.

He leaves to mourn his loss his wife, the former Dorothy Somers, two sons, Sidney, in the Royal Canadian Air Force in Western Canada and Robert, who is working with an air service in Montreal and his daughter, Joan, at home. He is also survived by his mother; three brothers, Ernest, of East Broughton, Claude, of Sherbrooke, Earle, of Montreal, and one sister, Mrs. Ross Stinson.

Mr. Spafford had played an active part in hockey and football, both during the time that he was at school and university and after he had graduated and in 1908 he was manager of the McGill Football Club.

Funeral will take place from Johnston's Funeral Chapel, 21 Melbourne Street, but arrangements have not as yet been completed.

ESTABLISHMENT OF EMPLOYMENT SERVICE URGED

Selective Service Official Warns After War There Will Be 100,000 Men After Jobs.

Ottawa, Jan. 8.—D. W. Foster, Associate Director of National Selective Service, expressed belief yesterday that an "efficient" Government employment service would do much to help solve post-war labor problems.

Addressing a meeting of the Canadian Restaurant Association, Mr. Foster said that in his opinion a post-war employment service would be set up.

"We have solved a lot of manpower problems but we will be called on to solve a lot more of them," he said. "In future we will have 100,000 men after jobs, instead of jobs available for 100,000 men. Lots of people say 'We won't let unemployment happen again'; but it can happen again."

"I think the best thing to do is to talk little about it and do as much as we can to avoid it."

"I think that maintenance of the present-day system of handling labor would do much to help solve the problems we are going to have to face."

Mr. Foster spoke before Kenneth W. Taylor, Foods Administrator for the Prices Board, told delegates Canada's 1944 food supply will be about the same as in 1943 but that there will be greater demand for available supplies.

Mr. Taylor said one-quarter of the manpower on farms prior to the war has joined the armed forces or entered war industries.

"Yet with three-quarters of pre-war manpower, farmers boosted their production 42 per cent. That is a remarkable achievement and I make that point to show that we cannot expect any great increase in production this year."

Increase Of Ninety-Six In Number Of Arrests Made In Sherbrooke In 1943 Period

The annual report of the Sherbrooke Police Department for 1943, compiled by Secretary Majella Vigneault, and released today by Director Percy Donahue, showed that ninety-six more arrests were made in the city last year, compared with 1942. Arrests for 1943 were 756 and totalled 660 for the previous year.

As a result of an upward swing in the number of arrests, fines collected increased \$1,581.90 during the past twelve months. Fines paid by 491 convicted persons last year netted \$4,865.60, as against \$3,283.65 in 1942 when 406 paid fines.

Auto accidents, amounting to more than \$50 in damage, numbered seventy-three, while 368 other collisions were listed under the damage standard of \$50 established for statistical purposes in January, 1943. Total car mishaps on city streets were 578 in 1942. Two persons were killed in auto accidents last year, compared with one in 1942. The corresponding year, with seventy-five and 120 persons being injured, respectively.

Other accidents enumerated eight dead in 1943, compared with two for the same period in the previous year, with sixty and eighty-one, respectively, injured in sixty-nine and eighty-three other mishaps within the city limits.

The investigation Department under Pierre Arand recovered nineteen of twenty stolen cars during the year, with the total valuation of the stolen machines listed at \$14,700. The only car not recovered had a value of \$450. This department was instrumental in recovering twenty-nine out of thirty-nine stolen bicycles, having an aggregate value of \$1,280.

There was a total of 108 miscellaneous theft cases investigated. Although 180 items, worth \$5,062, were stolen, police got back 107 articles valued at \$5,291. During these investigations, Sgt. Detective Arand was assisted by Constables Roland Gaboriau and Albert Tanguay, all of whom were lauded.

TO WED LILYBET?
Lieut. Edouard Moreau of the Sherbrooke Police and Fire Department has been promoted to the rank of Acting Captain, it was learned today. He is the President of the Independent Association of Police and Firemen, Inc. of Sherbrooke.

Acting Captain Moreau was born in Sherbrooke on August 10, 1910, and joined the force on March 28, 1938. He was elevated to Lieutenant on June 8, 1943, having been made Sergeant on April 23, 1941, and on November 24 of the same year was created a Sergeant.

Thirty-four years of age, he was educated at the French School taught by the Maristes Brothers at Beauceville, where he received a diploma after taking a six years' commercial course. He was graduated in 1931. Chemical warfare expert of the department, he was given a certificate in May, 1942, after taking a two weeks' course in special air raid precautions at Amherst College, Amherst, Mass. The course was sponsored by the United States War Department, and he was chosen to study it as an official delegate of the Sherbrooke Police and Fire Department.

Acting Captain Moreau is married, being the father of two boys, Andre and Jacques. He resides at 54 Bowen Avenue North.

GLORIFY YOURSELF

MEN TABOO TOO MUCH MAKE-UP,
SO APPLY COSMETICS SPARINGLY

BY ALICIA HART

It takes more than a new formal, smart hair-do or gift of gab to make a successful service men's hostess, says charming Mary Stuyvesant, beauty counsellor on loan to the SSO from a famous cosmetic house. Proper make-up, posture and natural vitality are even more impressive, she has gathered from the boys in uniform who drop in regularly at the club for dances, bridge and ping-pong.

The most popular of the junior hostesses, Miss Stuyvesant has noticed, are those who don't drip glamor. Too much mascara, too thick plucked rouge and too much perfume will lose a girl a dancing partner as quickly and consistently as stepping on his toes.

"And if you are a tall girl, stand tall," says this beauty authority. Good posture, she points out, will do more to make you attractive than all the glitter of sequins and rustle of tulle in the world.

And never, never overact. When someone asks you to dance or if he may sit down and talk to you, don't chatter away like a magpie. Relax, ladies, and listen. That's the secret of the popular girl's success.

LOCAL B. AND P. CLUB WAR WORK APPRECIATED

Cable from England Gratefully Acknowledges Large Shipment of "Bundles for Britain."

The splendid war work achieved by the Sherbrooke Business and Professional Women's Club under the efficient supervision of Miss Eva Hall is perhaps deserving of greater publicity than any other branch of service, due to the fact that those who assume the responsibility give so unselfishly of their limited leisure hours in their noble desire to "do their bit."

Congratulations are due the club, and the many citizens of Sherbrooke, who have so generously contributed to its major war activity—"Bundles for Britain."

Miss Hall has just received a cable from club headquarters in England, acknowledging two huge packing cases of clothing sent in September, making the total shipments to date, eight cases.

That the contents, every article of which is cleaned, mended or renovated before packing, have in every instance arrived in good condition, is indeed most creditable for the amazing amount of work this supervision entails means hours of tedious effort on the part of Miss Hall and her assistants.

Proof that the clothing is so badly needed, and that it is distributed to the very best advantage, is given in excerpts from scores of letters received by the National Federation and forwarded to the Sherbrooke Club.

These letters, from all parts of England, and from people in all walks of life, make one realize more fully the dire straits in which hundreds of war victims are, through no fault of their own, left absolutely destitute.

The club is a medium through which everyone can do his or her bit, by contributing at least one good article of clothing to each shipment, and thus by kindly co-operation, encourage the club's magnificent work, and feel happy in the thought that each individual is at least striving to help.

At the close of an interesting letter describing a slice out of a week's work at the distributing base in England, the Secretary says, "Do please let the good people of Sherbrooke know how much British people appreciate their kindness, and if you do not hear from me please remember that life is strenuous these days."

MIND YOUR MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. If you are wrong is it better to admit it or to try to defend yourself?

2. Is the person likely to have gracious manners who brags, "I don't care what other people think of me?"

3. In order to appear poised and self-possessed should you try to always arrive for appointments on time?

4. Is it sometimes possible to repay the kindness of a friend by doing something nice for his child?

5. When planning a children's party is it better to have a number of small prizes or one or two expensive prizes?

What would you do if—
You go to live with your officer who has been at an army camp for several months—
(a) Try to entertain all of the couples who remained here before your arrival
(b) Don't feel responsible for repaying the social obligations your husband made before your arrival?

Answers

1. It is far better to admit it.
2. No.
3. Yes.
4. Yes.

Often that is the solution when you can't think of any other way to repay a kindness.
5. It is better to have a number of small prizes.

Better "What Would You Do?" solution—(a).

daughter, Helen, had Christmas din-
ner with her aunt, Mrs. Eva Kent,
and cousin, Mr. Cecil Kent, and has
since visited her sister-in-law, Mrs.
Simons, in Lennoxville.

Capt. Edwin Bruhmuller, R.C.
A.F., Toronto, Ont., has been a
guest at the home of Mrs. Fannie
Bowen and family and attended the
card party in the Municipal Hall.

At the card party sponsored by
the Guild of St. James' Church,
cards were played at nine tables.
The ladies first prize was won by
Miss Ruth Bowen, and the second to
Mrs. Fannie Bowen. The gen-
tlemen's first prize went to Lindsay
Pocock and the second to Master
Rodney Bowen.

Mr. and Mrs. Bernard Mitchell
and little Miss Joan Mitchell, of St.
Johnsbury, Vt., spent a holiday with
Mr. and Mrs. Kenneth Little and
family. On their return they were
accompanied by Mrs. Mitchell's
mother, Mrs. Susie Leavitt.

The turkey supper on New Year's
Eve was arranged by the men of the
United Church congregation, and
served by them, assisted by sev-
eral of the ladies.

Miss Merna Rogers, of Verdun,
was a guest of her sister, Mrs. Hugh
McClary, and Mr. McClary.

The three little sons of Mr. and
Mrs. George Harrison, of Sher-
brooke, have been staying with their
aunt and uncle, Mr. and Mrs. Allan
Wheeler.

AYER'S CLIFF

The hosts of friends here of Mr. Homer G. Curtis, of Stanstead, were indeed grieved upon learning of his death, which occurred at the home of his brother, Mr. William Curtis, on December 23. Mr. Curtis has been a frequent figure in the place, having been Secretary of the Stanstead Country Agricultural Society and also of the Horticultural Society for years. Seldom does a person pass on that people in general feel that it is going to be so difficult to replace. Mr. Curtis held the respect of all persons and was loved by all who had any association with him. All join in deeply mourning his passing with his family to whom sincere sympathy is extended. Friends fully realize that they have lost a much loved and important figure from the Eastern Townships.

Mrs. George Lyford and little daughter, of Coaticook, have been spending a few days at the home of Mr. and Mrs. N. E. Lyford.

Mr. and Mrs. L. C. Piercy, of Beauharnois, spent the New Year's holidays at the home of his brother, Mr. D. H. Piercy, and Mrs. Piercy, at the home of Mr. and Mrs. A. W. Piercy, visiting her mother, Mrs. M. R. Sherman.

Organized Sales Of War Material

Montreal, Jan. 8.—The policy for disposal of Canada's huge war material surplus after the war as outlined today by the heads of the government-created War Assets Corporation Limited, will be a compromise between the necessity of liquidating valuable assets as soon as possible and the prevention of an overflow of surpluses on the market causing unemployment.

J. B. Carswell, of Toronto and Hamilton, former representative in Washington to the Canadian Munitions Department, who was elected earlier in the day president of the recently-formed Crown Company, said in a statement issued at a press conference:

"Essentially, the Corporation's job will be one of compromise, recognizing that surpluses impounded too long cease to be assets, and, on the other hand, that surpluses released too quickly could have most disastrous effects on industry and employment."

At the same meeting, Hon. Wilfrid Gagnon of Montreal was elected vice-president and F.O. Peterson also of Montreal was appointed secretary-treasurer. A general manager will be appointed shortly.

Mr. Carswell's statement said the corporation would impound all war material surpluses in one great repository and supply "intelligent but firm control on the releasing gate-valves."

"Dick says
it's the cheapest thing we have"

"JUST look at the cost of electricity and how it has come down in the last few years. Dick says it's the cheapest thing we have and that's because the light company is giving us a square deal.

"He says that the average cost per day in 1913 was 10½ cents and now it's just around 5 cents. Nothing else we buy has dropped in price that way. In fact the water rates went up after the water company was taken over.

"And what's more, Dick says, everyone's using more electricity, what with irons and stoves and percolators and toasters. We use more and yet it costs us less.

"Yes, if the Government takes the company over and operates at a loss, Dick says, that loss has to be made up out of the taxpayers' pockets . . . and that means your pocket and mine."

Slow Trading Recorded On Mart Owing Chiefly To Big Snowfall

Trading on the Lansdowne Market was the slowest yesterday that it had been for many months. Several good reasons were given for this poor market and the chief one seemed to be the heavy snowfall that blocked country roads and left people in the more remote parts of the city practically stranded.

The numerous empty stalls on the market were proof of the impassable conditions of the country roads and most of the dealers at the stalls were the ones who buy directly from the wholesalers and carry on their trading on Fridays. The lull after the holiday rush was said to have been another reason for the slow market, since on both Thursdays before Christmas and New Year's trading was quite heavy and some of the merchants said that they did not expect to do business again until another payday came around. When questioned about the sale of fruits and vegetables at the last two markets, most of the dealers said that they had their biggest rush just before the New Year's holiday and one said that they did about thirty-five per cent more business on the Thursday before New Year's than they do ordinarily. The egg market was heavier before Christmas, however, and the dealers said that the consumers bought enough eggs at the one time to last them over the whole holiday season.

The price of eggs dropped this week and once again the supply was large and the demand light. Grade A large eggs were selling at 45c to 46c a dozen as compared with 50c last week, while the mediums were going from 40c to 45c and the pullets from 35c to 40c. Peewees were not too plentiful, but they were selling at 30c per dozen. The quantity of the eggs is increasing every week and it is expected that the prices will drop even a little lower before spring. Many hens are just starting to lay and reports say that there should be no shortage from now on.

Little change was noted on the fruit market with cranberries up from 37c to 40c per pound and with an extra large stock of oranges on hand. A total of eight different grades and sizes at prices from 25c a dozen to 65c were offered for sale and dealers said that they were going good. Rhubarb made its first appearance for some months on the market and since it is just coming back the prices were high. The quotation yesterday was 25c per bunch which contained approximately five or six stalks. Plenty of grapes and lemons at the usual prices were also offered for sale and many different winter varieties of apples were selling on the local market.

Several changes were recorded in the vegetable market, cauliflower selling at 35c a head instead of 25c and with iceberg lettuce going at a reduction of 5c to 15c. Spinach was selling at two pounds for 35c. When questioned about the price of onions this week one dealer said that he didn't believe that there was an stall on the market selling them. The supply had been completely sold out some time ago and no more had been available. It was learned, however, that the Government had lifted the duty on United States onions and that before long shipments would be coming from across the border. This will also keep the prices of onions from going up and may in some cases bring about a slight reduction. It was estimated that Canada's onion crop was only about half as large this year as it had been in the past and this is the chief reason for the shortages in the country. Green peas also made their first appearance on the market and they were selling at 30c per pound with green beans going at 25c.

FLYERS TANGLE WITH ARMY HERE TOMORROW

League-Leading Rand To Play Paper Makers On Windsor Ice

Two games are scheduled to be run off tomorrow afternoon in the Eastern Townships Intermediate Hockey League with the Richmond Flyers seeking to topple the Army squad in a match at the Sherbrooke Arena and the Rand invading Windsor for a tussle with Dallas Grant's Paper Makers.

All Kour's collar-dwelling Flyers feel confident that they will snap their three-game losing streak when they tuck up against Yvan Dugre's Army men in the game on Sherbrooke ice tomorrow. The Richmond boys are going to be reinforced by the three new players who were supposed to be on the Flyers' line-up Wednesday. In a telegram addressed to the Record Sports Editor, Henri "Guido" Roy informed us that he and his buddies would definitely be on hand for the game tomorrow.

The three new men can certainly be used, too, for it was announced today that Dave Hall, Richmond winger, has received a new posting and is leaving the station today. Another Flyer, Rivard, is also reported to be leaving shortly, so Guido, Besette and Gruhn will certainly be a godsend to the stricken Richmond team.

With two crack lines, the Flyers stand a good chance of topping the Army squad tomorrow. Jimmy Planché, Eddie Emberg, and Ernie Spiers form one powerful attacking unit and Guido, Besette and Gruhn will make up another equally strong one.

The Army is also expecting two new players for the contest tomorrow. Rumors are still circulating that Jean Pusie will be on the Army roster, plus an additional hockey artist. So, with two new players, the already strong Army squad will be no

pushover for the Kourimen and stand even chance of upsetting the reinforced Flyers.

In the other Sunday game, "Pop" Leroux's high-riding Rand pucksters seek to down the second-place Windsor Mills Paper Makers. Win or lose, the Rand stays on top of the Intermediate loop heap for they are at present three points ahead of their nearest rivals, the Paper Makers. "Pop" Leroux is content to take his chances with his regular team and trust it to carry them through the game. Harry Allen is expected to be back with the Rand for the game tomorrow after missing the match Wednesday with an injured knee. Also back on the line-up will be the league's leading sniper, Roger Roy, who was also absent for the match Wednesday.

Dallas Grant has reported that he will have an extra defenceman for tomorrow's go. The new man, Whitowsky, is expected to arrive in time for the match and to help out on the defence weakened by the absence of "T-Bone" Lacroix, who is out with a lacerated ankle.

The Paper Makers will be going full blast tomorrow in an effort to win the match and move within one point of the league-leading Rand squad. In the last game that Windsor played, they went down to a 5-3 defeat at the hands of Yvan Dugre's Army men, but are determined that a repetition of Thursday's game will not happen again.

Roy, Planché In Deadlock For First Place In Snipers' Race

Roger Roy, of the Rand, and Flyers' Jimmy Planché are tied for the lead in the Intermediate League in individual scoring race with 11 points each. Roy, brilliant Rand stickhandler, has banged in seven goals and picked up four assists while big Jimmy Planché, flashy Richmond centre, has rapped in six goals and helped out on five others for his total of eleven points.

Four men are in a second-place deadlock in the scoring list. They are Eddy Emberg, Guilbault, Letarte and Harry Allen. These four each has ten points, one behind the top scorers. Shifty Eddy Emberg, of the Flyers, has six goals and four assists to his credit, while Emile Letarte, of the Rand, has five goals and five assists. Guilbault has scored four and helped out on six others, and Harry Allen has rapped in two and set the stage for eight others.

Morey, Boileau and Dussault are sharing the third-place spot with nine points each. Normand Dussault's game with the Flyers brought the young speedster up into the third-place position.

Leading the race in number of goals scored is Roger Roy. This tricky little stickhandler has sunk the puck past opposing goalkeepers seven times. The league's ace playmaker is Harry Allen. The lanky Rand centreman has supplied passes to his teammates that were good for goals on eight different occasions.

The Rand is supplying the league lead men this year, with two of its men having scored the greatest number of minutes in the cooler. The two are "Pop" Leroux and Robert Bergeron. Bergeron actually is far ahead of "Pop" though. Both have spent twelve minutes in the

box, but "Pop" has a misconduct to help him out, while Bob Bergeron has had six minors dished out to him.

LEAD IN GOLF TOURNAMENT TAKEN BY SAMMY BYRD

Los Angeles, Jan. 8.—(P)—Babe Ruth's former understudy with New York Yankees, Sammy Byrd, surprised everyone by grabbing the lead today in the \$12,500 Los Angeles golf championship with a dazzling 66 over the par 71 Wilshire Club course.

Always a steady shotmaker, Byrd was superlative yesterday as he fired long ones and putted flawlessly. He rammed home six birdies and made only one mistake during the entire 18 holes.

This pace-making performance was especially good because of the heavy going caused by recent rains. The slow greens spoiled the game of many a competitor in the field of 135 qualifiers. It boosted him ahead of such players as Jimmy Hines of New York, Willie Hunter of Los Angeles' Riviera Club and Olm Dutra, the host pro, all of whom had 69's. The championship is being conducted under winter rules.

BILL HOLLETT DISPLEASED BY PLAYER TRADE

Detroit, Jan. 7.—(P)—Manager Jack Adams, of Detroit Red Wings, finally caught up last night by telephone with William (Flash) Hollett, whom the Detroit club obtained from Boston Bruins yesterday in exchange from Martin (Pat) Egan. Both are defencemen.

"I talked to Hollett who is in Toronto," said Adams. "He says he has some grievances with the Boston club in connection with the deal, but I think maybe we can fix things up. Anyway, he made the call and I'm quite sure he's interested in staying in the National Hockey League."

In Hollett's absence, Egan played with Detroit Thursday night at New York but will join Boston today at Toronto. If Hollett decides today to join Detroit, he could arrive here in time for Sunday's game with Chicago.

BLUE TEAM IN THREE-STRING WIN OVER REDS

The Blues moved one step closer to the league-leading Reds when they won three strings from the Whites in a regular game of the Kayser Day Men's Bowling League. The Reds also won, but were able to capture only two strings from the last-place Greens.

High single in the Blue-White match was carried off by N. Bilo-deau, of the Blues, who trundled a score of 166. The high three string aggregate was won by his teammate, A. Bourguignon, with a score of 391.

In the Red-Green match, the high single was taken by R. Dubois, of the Reds, with a score of 149. Dubois continued to bowl steadily and also walked off with the high three-string total with a score of 368.
