COURT OF QUEEN'S BENCH, District of St. Francis.

October 5th, 1882. Hoar, Mr. Justice DOHERTY, presiding.

The Queen ex. David Kelly. Charge Forgery.

James Taylor of Magog, deposed that on the 6th of April last he received a letter from an A. A. Dickson, in Montreal, informing him that he held a note for \$2,000 against him endorsed by David Kelly.

By A. H. Moore and T. L. Hoyt it was proved that Taylor was a cautious business man, with ample means, and not likely to ask for credit, or any one to write a note for him.

Letitia J. Webster found poetry with her signature in album C which she is quite sure she wrote in Nellie Kelly's album.

Cross Examined.—Am not positive, but do not think I wrote the name in Catherine Kelly's book.

Mary A. Webster, about the same evidence. Elma J. Merry.—Was at Taylor's about a year ago last fall and saw an album there with writing of both Marie and Letitia Webster.

Nellie Kelly, sister of prisoner.—Had no album while working at Taylor. Left Taylor's March, 1880, and commenced working for Webster, where I continued until I left, first for Lowell, Mass., which was in September, 1880, and returned in July, 1881.

By the defence an album was shown witness, being prisoner's exhibit C, with dark cover and gold edge, containing names on different pages of "James Taylor," "Mrs. Taylor," and upon being asked if the same was written by him, he replied that he did not write it.

Morton Culland, arrested prisoner about one o'clock in the morning as he was coming out of J. Webster's house, Kelly said to him and Jameson I wrote the note of my house and Taylor signed it at his (Taylor's) house, no one being present.

Suppose it must have been a mistake. Was not in Lowell until Sept. 1880. This is not my sister's album. I left Magog about the first week of September, 1881, for Lowell with my sister. Never have been on intimate terms with any man in Magog since received letters from married man while there.

Evidence for Crown.—Mrs. Joseph Thomas.—On Monday 22d August, 1881, Nellie and Catherine Kelly said they had a large washing to do, but would not do it until the 24th of August, 1881, all went to Magog Village to take boat for Newport. Boat was two hours late.

His Honor charged clearly against prisoner. He believed that the attempt to impeach Taylor was without effect. His character stood as well as before the attack; that there was an album not yet produced in which Taylor and his wife wrote; that it was strange the brother happened to be present just at the time of the assault, and the more strange that the club which he held over Taylor's head did not come down.

His Honor in the afternoon of the same day in rendering the sentence said in justice he should give prisoner several years in Penitentiary, but considering that he was a young man, and the recommendation of the jury, he intended to give him a light sentence in the hope that he would mend his ways, and if he had any of the Seven hundred dollars, return it to the man to whom it belonged.
