HAVE CUT OFF FOOD SUPPLY TO FOREIGNERS Numerous Fatalities In United States Over Week-End

Foreigners Have Evacuated From Honan Province

About Forty Residents from Peking Syndicate Mines in Honan Arrived in Peking Last Night, Reporting that a Strike of Two Thousand Chinese Miners Began Last Week and that Water and Food Supplies of Foreigners in Honan Had Been Cut Off, Making It Necessary for Them to Leave the Province.

(Associated Press Despatch)

PEKING, July 13.—Most of the foreign residents have been safely evacuated from Honan Province in central eastern China, where there are considerable coal and iron deposits. About forty refugees from the Peking syndicate mines in Honan arrived in Peking last night, reporting that a strike of two thousand Chinese miners began last week and that the water and food supplies of foreigners in Honan had been cut off, making it necessary for them to leave the province.

The Peking syndicate, largely controlled by foreign capital, is one of several important coal and iron companies operating in Honan.

RUSSIAN SHIP WITH A CARGO OF AMMUNITION ON ITS WAY TO CANTON

(Associated Press Despatch)
CANTON, July 13.—A report received by the Japanese semi-official news agency says it is reliably reported that a Russian steamer bearing 1,500,000 rounds of ammunition has sailed from Vladivostok for this port.

SHANGHAI, July 13.—A wireless message from Changsha, in Sunan Province, says the Chinese authorities there have renewed their assurance of protection for foreigners.

GENERAL STRIKE OF COOLIES IS CALLED

(Associated Press Despatch)
HANKOW, July 13.—Reports from Changsha say a strike of coolies began there Friday and that a general strike is set for tomorrow.

SITUATION AT CANTON IS REPORTED QUIET

(Associated Press Despatch)
HONG KONG, July 13.—The situation at Canton is reported quiet. Hundreds of agitators have proceeded from the city to the coast ports to carry on propaganda.

TWO MEN WERE KILLED TODAY IN QUEBEC FIRE

Many Jumped from Hotel Windows When All Other Means of Escape Were Cut Off by the Flames.

(Associated Press Despatch)
QUEBEC, July 13.—Two men are dead as a result of a fire which broke out in the Neptune Inn here at an early hour this morning. The dead are R. Brown, a young Englishman, and Joseph Pickard, a retired lumberman. The former was suffocated in his room and his dead body was discovered by the firemen after the flames had been subdued. Pickard died in the hospital from the severe injuries he had sustained through jumping from a window.

Though a number of other inmates were more or less injured, none of them has been reported. Many people, both women and men, jumped from windows when all other means of escape had been cut off by the flames. The fire is said to have broken out in the room of Mr. Pickard, but from what cause no one seems to know. The first alarm was turned in about 4.45 this morning, and when the firemen arrived on the scene they found the famous old building enveloped in flames and with the whole neighborhood on the streets. The Neptune Inn was one of the oldest structures in the city. The interior was entirely gutted but the stout old walls stood the fire test fairly well. The building was regarded as a historic landmark and was formerly the home of the old Quebec Chronicle.

(Associated Press Despatch)
MOSCOW, July 13.—Forty-three deaths from the bubonic plague have been reported in south-east Russia since the outbreak of the epidemic last month. Eighteen communities in the upper Volga regions have been affected thus far.

WILL WED

Let the wedding bells peal forth for Princess Mafalda and Prince Philip. It has just been announced in Rome that the Princess Mafalda, second daughter of the King of Italy, is betrothed to Prince Philip of Hesse, nephew of the former Kaiser.

RIFFIANS ARE PLANNING FOR A NEW ATTACK

In Taza Region French Position Is Looking a Little Brighter Today.

FEZ, July 13.—While the situation along the front, where the French are holding back Abd El Krim's Riffian invaders, remains generally unchanged, there are indications that the Riffians are planning another attack on Kelaï Des Less, one of the posts nearest this city. The French command has taken all the necessary precautions. In the Taza region, to the east, the position begins to look brighter. The Riffian pressure has been at least temporarily relieved by the junction of two French mobile columns, effected after sharp fighting.

THREESCORE KILLED IN U.S. IN ACCIDENTS

Deaths from Drownings Led Fatalities Over Week-End—Three Heat Victims in New York.

(Associated Press Despatch)
CHICAGO, July 13.—More than 300 persons were killed throughout the United States as the result of the heat wave, lightning, automobile, flying and bathing mishaps and other causes, over the week-end. With thousands of persons seeking relief from the humidity at beaches, deaths from drownings led the fatalities, twenty-eight lives being lost. Nineteen were killed in automobile smashups, four were slain by lightning, six died of the heat, three perished in a train explosion and one met death in an airplane accident. In addition several were injured, mostly in motor car accidents.

Three of the heat deaths were recorded in New York City, where the second hottest Sunday of the year was reported. The mercury there rose to 91 degrees with a humidity. In the middle west the highest temperature was at Des Moines—100 degrees—while the 98 point was reached at Lincoln, Nebraska, with 97, the record at Omaha. Chicago contributed two at the heat death total, and Sioux City, Iowa, one. Missouri's hot weather was reduced by a heavy rainfall.

France's 1925 Budget Definitely Voted After Being Sent To The Senate No Less Than Six Times By Chamber Of Deputies

Vexed Points Regarding Deduction of Income Tax Payments from Following Year's Income and Relief of Smaller Classes of Traders from Paying Business Turnover Tax Were Finally Divorced from Bill, With Government Pledging Itself to Introduce Measures Dealing With Them at an Early Date.

(Associated Press Despatch)
PARIS, July 13.—After being sent from the Chamber of Deputies to the Senate no less than six times, France's budget for 1925 was definitely voted long after dawn this morning. Financial Minister Caillaux remained to the bitter end, speaking in the Senate and Chamber at each appearance of the measure and thus being prevented from going to the bedside of his wife, who was injured in an automobile accident near Angers yesterday. Decrees were read closing the Senate's session at 5.45 a.m. and the Chamber's at 6.15. The Communists protested noisily as Premier Painleve read the Chamber decree.

was merely a show of hands without debate. At about three a.m., while the Senate was awaiting the return of the budget from the Chamber, the additional appropriations for the Moroccan campaign already voted by the Lower House were introduced and after a brief discussion unanimously adopted. The Chamber, in the vote before the final one, by which the budget was sent back to the Senate, passed the budget only when Premier Painleve came to the aid of the Finance Minister and made the question of retaining his revenue features intact one of confidence. Defection of the Socialists in the Chamber on this vote came when M. Blum, their leader, moved an amendment seeking to re-instate an article, dropped by the Senate, exempting provision dealers and small traders employing less than three persons from the turnover tax. After the Premier had made the question one of confidence in the Government the amendment was defeated by 225 to 245, with the Socialists and two-thirds of the radicals voting for it. The budget was then sent back to the Senate by a vote of 421 to 150, with the Socialists again voting against the Government.

RUBBER SHARE SECTION OF LONDON STOCK EXCHANGE PRESENTED WILD APPEARANCE

(Associated Press Despatch)

LONDON, July 13.—The rubber share section of the London Stock Exchange presented a wild appearance this morning, reminiscent of the 1910 boom. Dealers received hundreds of orders over the week-end from the provinces to buy shares, and tried to execute these amid excitement and rising prices.

The fact that raw rubber advanced another two-pence to 52d per pound was an added stimulant.

Argument Over Defence Motion To Quash Indictment In John T. Scopes Evolution Case Will Probably Take Place Today

Second Day of Trial Promises to See More Progress than on Friday, When a Jury Was Selected—Dayton Methodist-Episcopal Church Was Pastorless Today as a Result of Week-End Activities in Evolution Controversy.

(Associated Press Despatch)
DAYTON, Tenn., July 13.—The scene of the Scopes evolution case shifted today back to the court room after a week-end interval in which attorneys' conferences, signed statements and addresses held the public's attention.

The second day of the trial of John T. Scopes, Dayton High School instructor, on a charge of teaching evolution in the public schools contrary to the recently enacted Tennessee statute, promises to see more progress than Friday when a jury was selected.

Court observers foresaw today these possibilities, the entering an argument of a defence motion to quash the indictment; arraignment of young Mr. Scopes after his motion had been overruled and the presentation of the prosecution's case through a score or more of witnesses.

The Methodist Episcopal Church (northen) was pastorless today as a result of week-end activities in the evolution controversy. The minister, the Rev. Howard Gale Byrd, announced that he had withdrawn from the charge after members of his congregation protested against Dr. Charles Francis Potter, Unitarian clergyman, of New York City, preaching in the church.

Dr. Potter, exponent of modernist doctrines, who became widely known through a series of debates with Dr. John Roach Straton, New York City, spokesman for the fundamentalists, had been invited by Mr. Byrd to occupy his pulpit Sunday morning. Dr. Potter accepted and announced he would speak on the subject "evolution."

Pastor Resigns When approximately fifty of the church membership of ninety-four protested, warning the pastor that Dr. Potter's appearance might cause a "disruption" of the congregation, the New York clergyman recalled his acceptance. Mr. Byrd then announced to the Board of Stewards his retirement and the three regular Sunday services of the day were cancelled.

Dr. W. Foster Taylor, of Miami, Fla., Mr. Bryan's minister, had been invited by Mr. Byrd to preach in his pulpit Sunday night. Mr. Byrd, who roofed and painted his own church and fashioned the furniture in his parsonage with his own hands out of black walnut from the mountains around Dayton, is regarded here as the original instigator of the charges against Professor Scopes. His friend, George W. Rappleyea, original prosecutor, said that the liberal views of Mr. Byrd, his pastor, has induced him to make a test of anti-evolution law. Modernist Regarded as an Infidel Explaining the protest of what he said was the greater part of his membership against Dr. Potter's preaching, Mr. Byrd said that "here" a modernist is regarded as an infidel. As to his own beliefs the retiring pastor said: "I do not see why the theory of evolution need conflict with Bible doctrine of creation."

The minister, whose family includes Mrs. Byrd and three small children, said he had no plans for the future. He characterized his retirement as "just quitting."

PRINCE PAYS A VISIT TO VICTORIA FALLS Declared It Was Most Wonderful Sight He Had Ever Seen.

(Associated Press Despatch)
LIVINGSTON, Rhodesia, July 13.—The Prince of Wales visited the Victoria Falls yesterday, viewing them under most favorable conditions. He showed great enthusiasm and delight, declaring it was the most wonderful sight he had ever seen. The Victoria Falls, on the Zambesi River, were discovered by Livingston in 1855. The cataract is one of the greatest in the world, with a width of one thousand yards and a drop of 360 feet.

PLAYING WITH GUN, YOUNG LAD SHOT HIMSELF

Fatal Accident Took Place at Scotstown Last Evening—Inquest Being Held Today.

(Special to the Record)
SCOTSTOWN, Que., July 13.—Arthur Baldwin, seventeen years of age, a Gibbs' Home boy, was instantly killed here last evening as a result of playing with a gun which he had been forbidden to handle. The young lad, who has been residing with Mr. and Mrs. Philip Boy for the past two years, while Mr. Boy was away at Ballallem, some five miles distance, last evening secured Mr. Boy's gun and together with a friend, Albert Lemaitier, twelve years old, of Montreal, started to experiment.

They evidently secured some cartridges and loaded the gun. Suddenly the gun was accidentally discharged while young Baldwin held it and the charge entered his left side just below the ribs and came out at his shoulder. On seeing his companion fall to the floor, little Lemaitier rushed to secure the assistance of neighbors. Dr. Smith was called, but on arrival could do no more than pronounce Arthur Baldwin dead. Dr. Bachand was called and an inquest is being held today.

MINE OWNERS WILL REOPEN DISCUSSIONS

Proposal Has Been Submitted to British Coal Miners' Federation, Which Is Meeting Today.

(Associated Press Despatch)
LONDON, July 13.—The British mine owners, until declining to withdraw their notice of intention to terminate the agreement with the miners, have notified the mediator, W. C. Bridgeman, of their willingness to reopen the discussions at the point where they were suspended. This proposal has been submitted to the Miners' Federation, which is meeting today at Scarborough. The general council of the Trades Union Congress yesterday endorsed the refusal of the miners to meet the mine owners until the latter's proposals calling for lower wages and a longer working day were withdrawn.

ECUADOR MILITARY COUP WAS ACCOMPLISHED WITHOUT BLOODSHED

President Cordova Resigned and Took Refuge in Colombian Legation.

(Associated Press Despatch)
LIMA, Peru, July 13.—Complete success without bloodshed accompanied Thursday's military coup in Ecuador by which General Francisco Gomez De La Torre was made military chief of the government at Quito, despatches from Guayaquil report. President Cordova resigned and took refuge in the Colombia legation. Troops assumed functions of military and civil government.

ORANGEMEN CLASHED WITH SINN FEINERS AT GLASGOW; BOTTLES, STONES AND FISTS WERE USED

Giant Celebration of 235th Anniversary of Battle of Boyne Ended in Battle Royal—It Was Only After a Hard Struggle that Police, by Constant Clugging and Arresting, Were Able to Disperse Disturbers—One Hundred Treated at Hospitals and Many Took Their Wounds Home to Nurse.

(Associated Press Despatch)

GLASGOW, July 13.—Many sore heads were being nursed out among the Irish of the Clyde district today as souvenirs of the giant celebration of the 235th anniversary of the battle of the Boyne here on Saturday night and Sunday morning. Fully fifty thousand Orangemen attended the celebration, the local members being augmented by train loads from surrounding places and a large contingent from Ulster.

The ceremonies in an outlying park in the afternoon passed without disorder, but trouble began when the demonstrators, marching back into the city in the evening, encountered bands of jeering Sinn Feiners. Fighting broke out and continued sporadically all along the route and throughout the night.

Bottles, stones and fists were the weapons used. The Sinn Feiners waved flags, which the Orangemen tried to capture. Bandmen were seen wielding their instruments as weapons in the midst of the struggling mobs. One old woman who waved a green petticoat from a window was rendered hors de combat when a stone struck her in the face. Many other women were among the fighters and they took their full share of the injuries.

It was long after midnight before the police, by constant clugging and arresting, were able to disperse the disturbers. The casualties are variously estimated. About one hundred persons were treated at the hospitals, none for serious injuries, many more took their wounds home to nurse. There were at least fifty arrests.

SCOPES TRIAL AT DAYTON IS DENOUNCED

Says Chief Figures Would Do Better to Open Hearts So that Grace of Jesus Might Enter Their Hearts.

(Associated Press Despatch)
PROVIDENCE, R.I., July 13.—"These men who have gone into the courts of the law to determine by legal process whether man is descended from the common ancestor of the ape and the gorilla or whether he is a creation of God, and in their foolish conceit imagine that the truth of the issue depends upon their finite knowledge, would do better to get down on their knees, bow their heads and open their hearts so that the grace of Jesus Christ might enter their hearts." In these words Right Rev. William A. Hickey, Roman Catholic bishop of the diocese of Providence, denounced the Scopes evolution trial, now in progress at Dayton, Tenn. The statement was made in his address dedicating the new Church of Our Lady of Mount Carmel.

EXPLORER SAYS HE HAS LOCATED OPHIR IN PERU

Claimed to Have Discovered an Indian Tribe of Pronounced Jewish Appearances.

(Associated Press Despatch)
VIENNA, July 13.—Ophir, reported in the Bible as the country of gold mines from which the navy of King Solomon brought gold to Palestine, was located in Peru, says Dr. Von Hauch, an Austrian explorer. Von Hauch declares he met in the primeval forests of Peru, in the Pampas Delsacramendo, 300 members of an Indian tribe of pronounced Jewish appearances, speaking a language similar to Hebrew. The name Solomon is the most common name among the members of the tribe. There is a legend current among the tribe, says the explorer, of a land of gold known as Ophir, situated on the River Hualla, to which, so the legend says, white men came many years ago and carried off large quantities of gold.

RICHEST WIDOW IS MARRIED
MR. AND MRS. ALFRED G. WILSON (By NEA Service)
DETROIT, July 13.—Mrs. Matilda B. Dodge, widow of the late John F. Dodge, wealthy automobile manufacturer, is now the bride of Alfred G. Wilson, Detroit lumber man. The two were joined in marriage at Mrs. Dodge's home here in a ceremony surprisingly simple. Only immediate friends and relatives were present. Immediately after the ceremony they left for New York, to sail for an extended honeymoon tour in Europe. Mr. Wilson remarked that he would return to his lumber business as soon as the wedding trip was over "I'd be lost without it," he said. Mrs. Dodge had been known as the wealthiest widow in America.

CARDINAL BEGINS A LITTLE BETTER
(Associated Press Despatch)
QUEBEC, July 13.—Enquiry at the Archbishop's Palace this morning elicited the information that His Eminence, Cardinal Beign was "a little better" than last night when he suffered a slight indisposition which was believed to be due to the fatigue of a motor trip to and from St. Nazaire, Dorchester county, where he blessed the corner stone of the new parish church at two o'clock yesterday afternoon.

Children's Cozy Corner

IN PRAIRIE DOG TOWN By Thornton W. Burgess.

We all work for the common good, As everybody always should. —Yap Yap the Prairie Dog.

Digger the Badger sat with a far-away look in his eyes. Peter knew without being told that in his imagination Digger was seeing his old home in the Far West.

"A Prairie Dog town is a lively place," said Digger. "Yap Yap is social. Yes, sir, Yap Yap is very social. He and his relatives and friends do a lot of visiting back and forth.

"But how did the Coyotes work together?" persisted Peter.

Again Digger appeared not to hear. "A lot of people seem to think the Burrowing Owl, who lives in Prairie Dog town, depends on young Prairie Dogs for his food.

"What happened then?" asked Peter.

Digger grinned. "I went without my dinner," said he, "or my breakfast or my supper, whichever it happened to be. The one who saw me would give the alarm and each one of the other watchmen would take it up in turn and Yap Yap and all his friends who were visiting would scamper to their homes."

Peter shook his head. "I've never heard of any," said he. "But tell me, Mr. Badger, about how those Coyotes work together. Please do."

"Oh, did you want to know about that?" asked Digger, pretending to be much surprised.

COWANSVILLE

A very largely attended meeting of the "Y's" which was held at the home of Mr. H. Taber on July 8th, where they were most hospitably entertained by the Misses Mary and Ruth Taber. After devotional exercises and reading of the minutes, four new members were cordially welcomed to the ranks. Two excellent essays written by pupils of Grade IX on the subject "As a good citizen what should be my attitude towards Alcoholic Liquors" were read. Both agreed that the use of alcoholics was fatal to the development of the fourfold life and that all good citizens should strive to make their country a land of sane minds in sound bodies. It was moved by Mr. J. McClure and seconded by Mr. Perron that the "Y's" have an ice-cream social on Emmanuel Church grounds on Wednesday, July 15th, and his motion was carried. The meeting closed with the singing at the National Anthem, after which a social hour was spent in games and music. Mr. David Christie is assisting in Hulburd and Bell's store during Mr. Harry Parker's absence. Mr. Maitland Hungerford, of Haverhill, Mass., and his mother, Mrs. Merrill, Hungerford, of Swanton, Vt., were recent guests of relatives at the Ottawa Hotel. Her Wonderful Teeth

Remove the dingy film that's clouding yours and you'll be surprised that your teeth are just as white and charming as any one's—make this unique test.

HERE is a simple test that proves the truth that most of us have pretty teeth without ever knowing we have, or ever revealing it.

This is the reason: Run your tongue across your teeth, and you will feel a film. A film which absorbs discolorations and hides the natural color of your teeth.

Remove it and your teeth take on a new beauty. Maybe you have really beautiful teeth without realizing it.

Film is charged too with most tooth troubles. It clings to teeth, gets into crevices and stays. Germs breed in it. And they, with tartar, are the chief cause of pyorrhea.

So, besides loss of tooth beauty, film is a serious danger to healthy teeth. You must re-

move and constantly combat it. It is ever present, ever forming. Old-time dentifrices were unable to combat it successfully. And tooth troubles were a serious problem.

Now modern science has discovered a new way. A new-type tooth paste called Pepsodent that acts to curdle the film, then harmlessly to remove it. No soap or chalk, no harsh grit dangerous to enamel.

Mail the coupon for a 10-day tube free. Or, buy a full size tube at any drugist's today. See what beauty lies beneath the film on your teeth.

ORANGEMEN OF SHERBROOKE CELEBRATED

Annual Picnic Held in Taylor's Grove, Birshton, on Saturday—Rev. T. B. Moody and Senator R. H. Pope Spoke—Orange War Record.

The 235th anniversary of the Battle of the Boyne in Ireland was fittingly observed by the Orangemen of Sherbrooke county, Saturday July 11th, in Taylor's Grove Birshton. The celebration took the form of a basket picnic, with a fine programme of music, addresses and sports, and a unique feature of the event was a Baby Contest, open to all Orangemen's babies on the grounds. After the contents of the baskets had been dealt with, the usual parade headed by the Sherbrooke Regiment band, and marshalled by R. W. Bro. Capt. Prinn, paraded to the Birshton Church and back to the starting point in the grove, where the platform programme was carried out. As all Orange Lodges are opened with prayer, this was the first number on the programme. The County Master, Bro. T. C. Thompson, who is also Provincial Grand Master, welcomed the brethren, their families and friends who were present to enjoy the beautiful weather to renew old acquaintances and make new ones.

Senator Pope Speaks. Hon. Senator R. H. Pope, who was the first speaker, was given a rousing reception, and gave one of his characteristic patriotic addresses, stressing the glory and worth of British connection, a united Canada in which men of every religious persuasion might unite for the purpose of making Canada a safe place for democracy to dwell in. The Senator spoke of the Old Flag—the Union Jack—the traditions of which were the brightest and best the world had ever known.

The next speaker, Rev. T. B. Moody, of Beebe, P. Q., spoke in Orange and Protestant ideals, the right of every citizen to choose his religion and worship God according to the dictates of his conscience. The Orangemen had shown their loyalty to Canada and the Empire in 1812, again in the Fenian Raid, the Boer War and in the Great War, in which two hundred and fifty thousand Orangemen fought on the side of the Allies, and in which six thousand Canadian Orangemen made the supreme sacrifice. In the city of Toronto alone eighty thousand Orangemen enlisted for service in the Great War, and the first seventy-five who enlisted in Canada were members of the order. The Order had been consistently loyal and dependably British in all its history.

Rev. Bro. Moody spoke of the religious phase of the Order, and explained Protestantism as something which witnessed for the truth, and not something which had for its sole purpose to protest against the religious teachings of other sects. He also spoke of the old Red, White and Blue Flag—the Union Jack—and denounced any attempt that might be made from any party to change its present form.

Results of Sports The following are the results of the sports held during the afternoon: Boys 5 to 6 years—Sydney Bailey, 1; Curtis Picard, 2. Girls 5 to 6 years—Katherine Syms, 1; Phyllis Seveigney, 2. Boys 6 to 7—Robt. Hammond, 1; Sydney Bailey, 2. Girls 6 to 7—Alice Loveland, 1; Thelma Jones, 2. Sherbrooke had already served several years as Governor of Nova Scotia and in 1816, on July 12, was appointed Governor of the colony of Canada, immediately after the war with America and at the commencement of the agitation for responsible government, which ended in the Rebellion of 1837. In the century since those days the little village has grown to be the present flourishing city of Sherbrooke, with its 24,000 population.

LOCAL TOURIST PARTY HAD FINE TRIP IN EAST Dr. E. A. Tomkins, Mr. E. G. Pierce and Party Travelled Through Maine, Maritime Provinces and Quebec—Describe Splendid Tourist Conditions.

A motoring party consisting of Dr. E. A. Tomkins and family, and Mr. and Mrs. E. G. Pierce have just returned from a trip through Northern Maine, New Brunswick, Nova Scotia and Quebec, having covered nearly two thousand miles. Road conditions were found to be most favorable, with the exception of the portion travelled in Maine which leads to the New Brunswick line via Skowhegan, Bangor and Calais.

The government highways of New Brunswick are mostly gravel construction and are well cared for by constant work being done with road drags and renewing of gravel. Nova Scotia was found to be not behind in the matter of road building and large sums of

Mr. and Mrs. Robert Neville, Jr. and daughter, and Mr. Leslie Neville, of Montreal, were in town over the week-end visiting Mr. Alex Neville, of this city, Mr. and Mrs. Neville's son.

Doctor and Mrs. J. Alexander Hutchison, Mackay Street, Montreal, have returned home after a short stay at North Hatley. Mrs. Hutchison is returning to Hatley in a few days to stay for the remainder of the summer.

Miss Jessie Meigs and Miss I. S. Harkan, of Melbourne, Que., who have been spending the last two months motoring in England and France, are at present in Scotland and will not return home until August.

Dr. E. A. Tomkins and family, Portland Avenue, and Mr. and Mrs. E. G. Pierce, Stanley Avenue, have returned from a motor trip through northern Maine, Nova Scotia, New Brunswick and the Province of Quebec.

Amongst those registered at the New Sherbrooke on Saturday and Sunday were Mr. and Mrs. Valmore Beauchemin, of Montreal, Mr. and Mrs. G. Kenneth Miller and the Misses Shurley and Ruth Miller, of Montreal, Mr. and Mrs. C.A. O'Dell and Mr. Carroll A. O'Dell, of Montreal, Mr. P. E. Boivin, of Granby, Messrs. M. F. and V. C. Breakey of Brooksville, Que., Dr. and Mrs. W. H. Alexander, and Mr. and Mrs. R. O. West, of Toronto, Mrs. J. J. Abbott, Mrs. Fritt and Mrs. Sargent and daughter, of Montreal, Mrs. J. A. Doherty, of East Angus, and Mr. and Mrs. D. A. Elliott, of Island Pond.

money have been and are being expended in road improvement down in the Maritime Provinces.

However Quebec Province is not lacking in this respect said the travellers, and nowhere did road conditions excel those of this Province. Auto tourists were found in evidence at every turn and special mention was made of the various camping sites. In this respect Moncton and Quebec City far outdid any other place visited. At the former place the municipality maintain free of charge a most magnificent camping ground called Moncton National Park and Tourist's Camp, one mile outside the city limits, planned by J. D. MacDonald, C. E. Thousands of dollars have been expended in equipping the grounds and there has been erected a large building with all modern cooking utensils, such as electric and oil stoves, running hot and cold water, stationary tubes, sinks, tables, chairs, etc. All sanitary conditions are well planned and carried out and the grounds nicely cut with a lawn mower. The superintendent, Mr. John Walker, a returned soldier, is untiring in his efforts to assist tourists in every possible way. Moncton citizens are justly proud of their free public camping ground, which is very largely patronized indeed.

Quebec City has a most interesting free camp that is well maintained, it was noticed. All modern conveniences are well arranged, enabling the tourist to live very comfortably owing to the fact that the building contains a well equipped kitchen, writing room, etc. About fifty cars were on the grounds when the local party visited them, and were from nearly all parts of the United States and Canada.

En route were seen many private camping grounds for which a small charge is made. These were, generally speaking, well kept and one was struck by the class of people touring the country by auto and passing the hotels and using their camping outfits. Among them are men of all professions with their families. All kinds of tenting equipment are to be seen, as well as cars so arranged as to be quickly converted into sleeping berths. The auto tourist indeed has become an important factor in the summer travel of this country.

Weather conditions have been unfavorable in the eastern provinces, state the local tourists, crops are rather backward. The Annapolis and St. John River Valley have good showing for all kinds of grain, hay and roots and the former valley promises an extra large apple yield this season. From the view point of scenery there is nothing lacking; hills, mountains brooks, rivers, lakes and the sea all combine to make the Maritime Province trip one of great enjoyment. "See Canada first."

Some cash gifts. The guests included Mr. and Mrs. Bootland, Mr. and Mrs. Wilfred Allison, Mr. and Mrs. Riddell, of Galetta; Mr. and Mrs. John Allison and daughter Lucy, of Kinburn; Mrs. Florence Bunclark, of Sherbrooke; and Rev. and Mrs. J. E. B. Cowan, formerly of Wilmore, Kentucky.

LUSSIER-LAPLANTE SUTTON, July 13.—A very pretty wedding took place on June 17 at the Catholic Church at 8 o'clock, when Miss Alice Laplante, daughter of Mr. and Mrs. Michel Laplante, was united in holy matrimony to Mr. Hormidas Lussier, of St. Cyrille, Que., the Rev. Father McGee officiating.

The bride, who was gowned in white duchess satin and carried a bouquet of Ophelia roses, was attended by Misses Aldea Bondville and Annie Desmarais, and two flower girls, little Therese Lassonde and Therese Allard. Miss Lena Yates rendered a solo, "Noel du Mariage," accompanied by Miss Pauline Chen-

After the ceremony the guests repaired to the bride's home, where a buffet lunch was served. Afterwards the couple left by motor for Drummondville, where they will reside.

Canada's Police and the Public

New Era of Mutual Respect has Dawned. Chiefs of Police to Hold Big Convention in June. Important Problems for Debate. Finger Print System.

Even in this enlightened age there are parents who frighten their children with threats of what the police will do to them if they do not behave. That is because their own mental development has been arrested, and is in danger of an indeterminate sentence in the Prison of Apathy. Up-to-date parents know that the policeman on their beat is the friend of all the children who come within his ken, and of every law-abiding adult citizen. One of the commonest sights in the cities of this continent is that of a policeman escorting school children over dangerous street crossings. It is significant of the growing co-operation between those entrusted with enforcement of the law, and those whose employes they are.

In many municipalities there is still too little of the necessary sympathetic understanding between the police force and the people. That is, perhaps, the fault of tradition, which persists in regarding the policeman as an automatic enforcer, seeking whom he may entangle within the meshes of the law. But it is passing with the realization that he is very human and would sooner have his area noted for its orderliness and decorum than the number of arrests he can enter upon the records, and that he craves the assistance and fellowship of the people in his efforts to protect them. The various social societies and clubs have done something also to bring about a mutual understanding. It is a usual procedure now to have an address by a chief of police, who tells why co-operation is an essential, while in a number of schools chiefs and traffic officers have done good work

in their talks to the pupils on "safety first" ideas and plans.

The Chief Constables

In Canada no little credit for this expanding fellowship between police and citizens, is due to an organization whose membership embraces chiefs and certain other ranks of police forces. It is known as the Chief Constables' Association of Canada, and has had a steady growth in influence and membership during the twenty years of its life. When it meets in annual conven-

Though decreased in numbers the R.C.M.P. are busier than ever.

tion in Winnipeg early in June, it will have the largest attendance in its history. Every province from the Atlantic to the Pacific will be well represented. Problems affecting them all, as well as the country at large will be discussed by the members, with the fundamental reason of the existence of their Association in mind as outlined in these words from a summary of its aims "to increase police efficiency so as to make Canada the safest place on earth for those who respect our laws."

The Association has had two annual sessions in the Maritime section, both in New Brunswick, once at St. John and subsequently at Moncton. On each occasion the Western members were present in goodly numbers, as they were at Ottawa last year when Chief A. M. Ross of that city was elected president. They are looking forward to the gathering in the Manitoba metropolis, not only to renew acquaintances with their Eastern brethren, but also, one may surmise, to help those who have not been that far before, to a wider knowledge of the West. Coincidentally, Chief Newton of Winnipeg is the immediate past president, and Sir Hugh John Macdonald, police magistrate of that city, is one of the three honorary life presidents, the other two being Col. G. T. Denison, Toronto, and Recorder Hugh Semple of Montreal.

East or West, however, the problems of the police forces are much the same. The objective of those in the Dominion today is being greatly aided by co-operation not only with the citizens, but with one another in Canada, the United States and other countries.

Finger Print Bureau

There have been advances and progress for his own protection of which the average resident of this Dominion knows little. Take the matter of identification as an instance. In fiction and in serious articles alike, Canadians often read much about the wonderful finger print bureaus in other countries, and their great aid in tracking wrong-doers and punishing crime. Yet the Finger Print section of the Royal Canadian Mounted Police, located at Ottawa, is one of the very finest on this continent, and contains the records of some 112,000 individuals. It has been rightly termed "the national clearing house for the police and prison departments of Canada." Not only does it receive and exchange information with the growing number of finger print departments of the various local forces and penal institutions in the Dominion, but it has a monthly system of exchange with an increasing number of States, prisons and reformatories of the United States and with bureaus in other countries. Some astonishing results in tracking and convicting criminals have been obtained by means of finger prints taken in this country, or sent here from other lands. A Canadian Sherlock Holmes may yet arise who shall do justice to this branch of the work in his own country. Inspector Foster of the Bureau at Ottawa, has stated that the actual cause of its establishment was the escape from the penitentiary of Joseph Chartrand, sentenced to life imprisonment in 1904 for the murder of an Ontario provincial constable. He was recaptured in a few days. Subsequently this man, regained his liberty, but was twice re-arrested and returned to prison for

various crimes, through the medium of finger prints which conclusively established his identity, though his prints were sent to the Bureau from points as far apart as Parry Sound and Boston, Mass. Not only are the police forces in the cities and larger towns of Canada paying increased attention to their finger-print departments and co-operation with the Ottawa Bureau, but the police of smaller municipalities are finding that the system has great advantages to them. Notorious criminals and wanted

argued against it from any source. Canadian Police Chiefs are not enamoured of the idea; the expense of such a scheme, and the large clerical staff or staffs that would be necessary to keep it in useful shape, are their main objections. What they are more concerned about just now is a system of quick and secret communication between all police centres in this country, and the United States. Wireless, with a proper code, has been suggested as the probable best method. That may not be as fea-

sible yet as its advocates seem to believe. Across the border it is being considered seriously, because there, as in our own country, the telephone and the telegraph have not always been free from leakages, though in the main they have been of very great assistance in combating crime. In these days of the high powered motor car bandit, quick communication between police forces is an absolute essential. Another question which has been receiving increasing attention at the Police Chiefs' conventions, is that which comes under the general heading of the word "parole." It is, indeed, a topic for grave deliber-

ation in any gathering of law officers. The International Association of Chiefs of Police has given it a foremost place on their agenda for several years, and the Canadian Association always devotes many hours of consideration to it. To Dominion and provincial governments alike, resolutions on the subject have been repeatedly presented backed up by delegations from men who have been selected to emphasize the written views.

Parole, ticket of leave, the extra mural permit and other laws and regulations made in the interests of convicted persons, are not objected to, in principle, by the Association, as an organization or by its individual members. It is in the manner of the application that they find room for criticism. Lack of real supervision over men released before the expiry of their sentences, and the granting of freedom to prisoners who have notoriously bad records are the main allegations for fault finding. Police officials have been amazed at times to meet on the streets, criminals with bad records, whom they had last seen in connection with court proceedings for some violation of the law, resulting in sentences to long terms of imprisonment. What the police in Canada, as in the United States have been urging, and are persistently pressing, is that there should be wise and close supervision in cases where, under any law or regulation, prisoners are released long before their sentences expire, and that in any event there should be no such leniency where the prior record is one of frequent and desperate crimes.

Another question to which Canadian police forces from one end of the Dominion to the other are devoting attention, is the drug habit. One officer who has had much to do with directing the combat at various points said:—

"The narcotic drug evil has become so thoroughly commercialized and imbedded in the large centres of population in Canada, that it is a very difficult matter to get at the root of the evil. Fighting commercialized vice, and more especially those engaged in the narcotic drug traffic, constitutes a far greater problem than most people have any conception of, inasmuch as there are thousands of individuals and organizations whose sole occupation is catering to humanity's vices."

There are people who make a great fuss over criminals, usually because they have not depth of mind enough to grasp the significance of the battle the law wages on their behalf every hour of every day. But the police officer is coming to his own in public estimation. He appreciates the relationship.

The modern policeman is the friend of all the children on his beat.

men frequently seek refuge in such localities. The Bureau has had some striking evidences of that fact. In connection with this matter of identification it is worth noting that from various centres on this continent propositions have come for a compulsory nation-wide system. Two magistrates in Canada have publicly advocated it and a New York Commissioner of Police has suggested that it should be applied to every resident of that city over fifteen years of age. There is such a system in France, where it is claimed that its advantages for the law-abiding citizen outweighs every possible disadvantage that might be

FROST.—In loving memory of our dear mother and grandmother, Mrs. Franklin L. Frost, who went to her eternal home, July 13th, 1924.

"And somewhere yet on the hill tops
Of the country that hath no pain,
She will stand at God's beautiful doorway
And bid us welcome again."

Forever dear to
MR. AND MRS. RAYMOND FROST,

IN MEMORIAM.
In loving memory of Mrs. A. Loughheed, who departed this life July 13th, 1923.

Not now, but in the coming years
It may be in the better land,
We'll read the meaning of our tears,
And then sometime we'll understand.
God knows the way. He holds the key.
He guides us with unerring hand,
Some time with tearless eyes we'll see,
Yes, there, up there, we'll understand.

Inserted by
MRS. G. H. LIDDELL.

The rose suddenly, standing beside him. "Poor Joe" she said, laying a hand on his arm. "I hope you will be very happy."
His eyes angrily accused her. "You don't mean that. You're laughing at me," he protested. "No, on my honor."
He stood for a moment peering down at her, then suddenly he bent, and before she could guess his intention, he put his arms round her and kissed her.

CHAPTER XLII

"First—And Last,"
Eleanor gave a smothered cry, and started back.

"How dare you! How dare you!" Basted was flushed, and his voice shook as he answered:

"You've been asking for it ever since I came in, and, besides—you owe me something. I paid you a hundred and fifty pounds not long ago."

He did not mean to be caudish, but the words sounded caudish, and he would have given his right hand to recall them when he saw the look of shame and sorrow that flooded her face—the face which had once been dearer to him than any other on earth. He broke out into distressed apologies.

"Oh, I say, Eleanor—I didn't mean anything. I'm awfully sorry—for Heaven's sake don't cry."

For she had covered her face with her hands and was sobbing wildly.

MARBLETON

COUNCIL MEETING.
MARBLETON, July 10. — The regular session of the municipal council of Dudswell was held in the council rooms, Bishop's Crossing, on July 6, with Councillors Alex. Bernard, Henri Bernard, John Desmarais, O. F. Jenkinson and T. A. Dawson present, and with Mayor B. F. Staples in the chair.

The minutes of the last session were read and approved.

The annual revision of the valuation roll was taken up and the building lot of L. E. Crite, 18th, range 4, was reduced from \$1,000 to \$200 on account of the buildings having all been removed, and lots 27b, 27c and 27d, range 6, property of John Desmarais, from \$2,095 to \$1,800.

It was decided to submit to the next regular session a by-law to borrow 2 per cent. money enough from the government to finish building the remainder of the Marbleton-St. Camille road next year. Bills amounting to \$1,622.12 were received and ordered paid.

THOSE BENEFICENT BLUES

Here's a doctor saying a good word for the blues. As a means of gaining reliable temperaments and highly strung nerves an occasional gloomy outlook of life, he says, is distinctly beneficial. And of course we all know how profitable it is for dentists to feel down in the mouth.

ANOTHER HIT

The "Flapper Wife" fox trot that took America by storm during the last few months has scored a hit in far Hong Kong, and has scored this hit with none other than Prince George of England. The song was introduced there through the Hong Kong Telegraph, which obtained it through NEA Service, and when played during a dance in which the Prince joined it aroused his applause to such an extent that it had to be repeated twice. This royal approbation has made it the favorite throughout the white settlements in the East.

PIRATES STILL LEAD GIANTS BY SMALL MARGIN

Brooklyn Handed Pittsburgh a Beating, But New York Fell Before Cubs After Sixteen Innings.

(Associated Press Despatch) NEW YORK, July 13.—The Pirates were still leading the National League this morning, notwithstanding a Sabbath defeat by Brooklyn.

Zach Taylor, of Brooklyn, did his best for his neighbors by lacing out a home run in the ninth, to make the score 4 to 3, but meanwhile Chicago upset the Giants in a sixteen inning joust, at the Polo Grounds, and the Corsairs are still a few points higher up the ladder than New York.

With Chicago one run ahead of the Giants and the bases loaded, Gabby Hartnett's disgust over rulings of the umpire took form in a wild heave. Young promptly raced home into extra innings. The deciding run with the tying run, forcing the game came when Grimm doubled in the sixteenth. The final score was 9 to 8.

Blanching the twin defeat of leading National League contenders, both Washington and Philadelphia triumphed in the American. St. Louis

Browns fell before an eighth inning rally by the champs by 5 to 3, while Rommel gave the Tigers but a single run as he scattered eight hits to yank the Mackkmen out of their slump by 8 to 1. Twenty-one hits were made by Philadelphia.

Teddy Lyons, of the White Sox, blanked the Yankees with five hits to win by 3 to 0, and Cleveland smothered the Red Sox under 18 hits to breeze home 13 to 2.

SHAWKEY SUSPENDED (Associated Press Despatch) CHICAGO, July 13.—Bob Shawkey, pitcher for the New York Yankees, has been indefinitely suspended by President Johnson of the American League. The action came as a result of an argument with Umpire Ormsby last Friday in the Yankees game with St. Louis.

LOCAL GOLFERS SCORE VICTORY OVER LACHINE

Many Interesting Matches Were Played on Local Course—Forty-Eight Took Part.

The representatives of the St. Francis Golf Club registered a victory over the Montreal Island Club (Lachine) golfers in their inter-club match played over the local course on Saturday afternoon in which forty-eight players took part, the final score being 10 points to 2. It was an ideal golfing day and several close and exciting contests were staged. In their exhibition game W. C. "Paddy" Grant came from behind in the last three holes to beat out Dave Turnbull, the local professional, one up.

U. S. WESTERN AMATEUR GOLF TOURNEY (Associated Press Despatch) DETROIT, July 13.—A foray against par was launched today at the Lochmoor Country Club by 150 golfers in the first half of the qualifying play in the Western Amateur Golf Championship. Harrison H. Johnson, of St. Paul, by virtue of being the present champion, did not have to play in the medal rounds, but he showed that he was well able to survive that ordeal by scoring 37-34 yesterday, in practice as against par 72 for the 6,780 yard links. His performance was equalled by Chick Evans, of Chicago, eight times holder of the title. Other scores near par yesterday indicated that a score under 70 today need not be a surprise.

BOXING BERLENBACH AND MARULLO MEET TONIGHT (Associated Press Despatch) NEWARK, N.J., July 13.—Paul Berlenbach, of Astoria, light heavyweight champion of the world, and Tony Marullo, of New Orleans, will meet here tonight in a twelve round bout, the first in which Berlenbach has engaged since winning his crown from Mike McGuire. Berlenbach and Marullo went through twelve fast rounds last winter with Marullo strong at the finish. He suffered a broken hand early in the battle. Jack Rapaport, South Orange, welterweight, will meet Eddie Shevlin, of Lyons, in the semi-final.

PLAYERS MAY CARRY ON WITH BASEBALL HERE

Club Officials Decided to Quit Last Night—Three Games Will Be Played This Week.

Semi-professional baseball in Sherbrooke, while somewhat groggy, has not as yet been "counted out." The management of the Sherbrooke Baseball Club sounded a warning previous to yesterday's contest with Berlin, N.H., which the locals won by the count of 11 runs to 2, that unless there was an improvement in the attendance they would be forced to cease operations. Consequently, when less than six hundred fans turned out to witness the affray yesterday afternoon at the ball yard, the management decided to give up the fight to "keep Sherbrooke on the baseball map." It was pointed out that the club is already \$500 behind, and that with the weekly loss averaging \$200 the club could not continue to operate.

However, this morning the ball players themselves decided to take a hand in attempting to keep baseball alive here, at last for another week to see how matters turn out. Therefore, there will be a series played on Tuesday, Wednesday and Thursday with Chapple Johnson's All Stars (colored) team from Schenectady, N. Y. Some of the players have intimated that they are willing to accept "cuts" in their pay envelopes in order to hold the team together.

Sherbrooke has had a semi-professional ball team for the past five years, but the receipts have never offset the expenditures. The heaviest loss was recorded last year when the club entered the Green Mountain League with Newport, Barre, St. Johnsbury, Saranac Lake and Plattsburgh. A public subscription list was started early this year to wipe off the old debts, and this move met with considerable success. A financial statement for this year is to be issued tomorrow by the club officials.

SHERBROOKE WON EASILY Sherbrooke chalked up their third straight victory over the Berlin, N. H., representatives at the local ball yard yesterday afternoon, the final reading of the score board being 11 to 2. The locals had all the best of the argument, taking the lead in the opening frame.

Ed Bennett was on the mound for the locals and twirled a first class game. He was particularly effective with men on the base paths. Burns served up the benders for the visitors and was hit hard, Andy and Ralph Jenkins each getting in clouts that were good for the "round trip."

While the score was rather one-sided, it was a very good game of ball. Several neat plays were staged and some good base running witnessed. The big fielding feature was again staged by "Dutch" Lafontaine when he ran back into the high grass in left field to pull down a smash that looked good for a home run. The first serious accident of the season occurred during the game when Swasey, the Berlin right fielder, was struck in the face by one of Bennett's fast curves. The unfortunate player was taken to the Sherbrooke hospital for treatment.

The score by innings: Sherbrooke 410 212 10x-11 Berlin 000 101 000-2 Batteries—Bennett and Landry; Burns and Pree.

BERESFORD AND HOOVER MEET AGAIN THIS AFTERNOON (Associated Press Despatch) PUTNEY, England, July 13.—Jack Beresford, Jr., of England, winner of the Diamond Sculls and recognized in the British Empire as the amateur sculling champion of the world, and Walter M. Hoover, of Philadelphia, formerly of Duluth, meet late this afternoon for the Philadelphia Challenge Cup, which Beresford won at last year's Olympic games. Beresford has declared his intention, regardless of the outcome, of returning the cup to the United States, since the Diamond Sculls and not the Philadelphia Cup are emblematic of the world's amateur championship. Beresford won the Diamond Sculls for the second consecutive year in the recent regatta at Henley, where Hoover was put out in the semi-finals. The men today face the starter at 6:15 p.m., rowing over a course of 1 3/8 miles. The start is just above Putney bridge, where the annual Oxford-Cambridge eight oared classic begins. F. I. Pittman, a noted oarsman, will umpire the race.

LACROSSE EAST SHERBROOKE TEAM OUT TONIGHT The members of the East Sherbrooke Lacrosse Club are requested to be on hand tonight in uniform for a hard and fast workout. The practice will commence at 6:30 o'clock, and will be on the old lacrosse grounds. A coach is expected to be on hand tonight.

RICHMOND BEAT Q.C.R. IN E.T. SOCCER LEAGUE

Other Game on Saturday Between Lennoxville and Beebe Ended in 1 to 1 Draw.

Quebec Central received a severe jolt on Saturday in Richmond, when they received a 3 to 1 trimming. Lennoxville and Beebe drew 1 to 1 at the former team's home ground. These were the results of Saturday's Eastern Townships Soccer League games. The Quebec Central team had a hard game in Richmond, with the home town players doing their very best and fully deserving the victory. The line-ups were: Q. C. R.—Peak; Jarvis and Webb; Johnson, Scott and Twyman; Milnes, Shand, Wootten, Morrison and Loach. Richmond—McKeish; MacKeil and Gregory; Leonard, Brooks and Brown; Halbert, Parks, Seiwright, Byrne, Campbellton, Ramant and Edwards.

Beebe and Lennoxville Draw The Beebe-Lennoxville game in Lennoxville was a good clean contest. Thomson put Beebe ahead in the first period while Sefton equalized for Lennoxville in the second. No more scoring was made and the game ended 1 to 1.

ANGUS AND BEEBE WIN BY DEFAULT Two more games in the Eastern Townships Junior Football League were defaulted on Saturday. Elasco failed to appear on their own home ground, the parade ground, and East Angus was awarded the game in consequence, while at Beebe the home team won through the non-appearance of the scheduled Circuit Rangers from Sherbrooke. These were the only two games booked to be played.

TENNIS VANCOUVER, B.C., July 13.—Willard Crocker and Jack Wright, Canada's Davis Cup team, won the Canadian tennis championship in men's doubles on Saturday when they defeated Scott, of Tacoma, Wash., and Turenne, of Seattle, 6-2, 6-3, 0-6, 6-2. Marjorie Leeming, of Victoria, won the ladies' singles championship by defeating Mrs. Wright, of Ottawa by 7-5, 6-4. Willard Crocker, Montreal, won the men's single championship, defeating Wallace Scott, of Tacoma, 4-6, 9-7, 18-16, 6-2.

TRIBUTE PAID WORK LOCAL HOSPITALS DO

Rev. E. C. Russell Speaks of Sherbrooke Hospital and I.O. D.E. Sanitarium — Hospital Should Get \$150,000 from Quebec Government.

A glowing tribute to the efficient services the Sherbrooke Hospital had paid the community was made by Rev. E. C. Russell in a sermon delivered in St. Peter's Church yesterday morning. The speaker also complimented the Daughters of the Empire, Tubercular Sanitarium in East Sherbrooke on its splendid work.

Mr. Russell was speaking on "Three kinds of religion," which were traditional religion, superstitious religion and practical religion as preached by St. James in his gospel, verse 26, chapter 1, when he said, "Pure religion and undefiled before God and the Father is this, to visit the fatherless and widows in their affliction and to keep himself unspotted from the world." The point was emphasized that the test of religion was a very simple one, namely, Have we ministered to those about us in the name of the Great Master?

It was in dealing with the question of acts of mercy that Mr. Russell paid tribute to the two local institutions, the Sherbrooke Hospital and the I.O.D.E. Sanitarium. He said he had noticed in the press that a delegation from the Eastern Townships had waited on the Provincial Government to ask a grant of \$60,000 and that the Government had given a somewhat evasive answer to the effect that they might do something. The preacher said he was astounded that such a paltry request should be turned down by a Government that had made \$4,300,000 on their Liquor Commission, and thought some of the money that the Provincial Treasurer called for poor schools might well be diverted to the worthy object of the Sherbrooke Hospital. Instead of asking for \$60,000, those dependent upon the administration of the hospital should have demanded in the name of the people a grant of \$150,000 and a yearly grant of at least \$10,000. It would be well for the people to get a list of the beneficiaries of the Quebec Government and to make a careful analysis of where the money is being spent.

Rev. Mr. Russell declared that the pitiful excuse of the Quebec Government for not being able to give the assistance needed to the Sherbrooke Hospital because of the large grant to the sanitarium at Ste. Agathe, is a clever begging of the question, as the same government had made a large benefaction to the Lake Edward Sanitarium and at the same time had given princely assistance to other hospitals apparently on an accredited list.

The cheap suggestion that in a watered-down form assistance might be given the hospital, is an insult to those who are so bravely and so self-sacrificingly trying to keep open the doors of a hospital that ministers to all sufferers, but which primarily is to relieve the English-speaking sick of the Eastern Town-

Following the arranging of bail the case was adjourned until July 15. The following is the complaint laid by Mr. Dakin, in this case: "The information and complaint of Frederick W. Dakin, residing at 650 Belgium avenue, in the city of Westmount, district of Montreal,

ships. The speaker addressed a very large and representative congregation. Evening Sermon. In the evening Rev. E. C. Russell took for his text the quotation from the Bible, "His mother" (Mary) "kept all these sayings in her heart." The speaker pronounced an eulogy on all womanhood and in particular on motherhood. He held up our Lady, the Blessed Virgin Mary, as the example to all women.

Province of Quebec, received before me the undersigned District Magistrate, in and for the District of St. Francis, the 11th day of the month of July, in the year of Our Lord, one thousand nine hundred and twenty-five.

"The said Frederick W. Dakin declared that he has reasonable and probable ground for believing and does verily believe that in the city of Sherbrooke, and in the town of Windsor Mills, in the district of St. Francis, during the months of May and June, 1925, S. Robert Newton, Stephen G. Newton, Andrew G. Sangster and Charles Napier Blakley, of the town of Windsor Mills, had committed an indictable offence triable in the Province of Quebec, namely, that S. Robert Newton, Stephen G. Newton, Andrew G. Sangster and Charles Napier Blakley conspired together to defraud the Newton-Dakin Construction Company, Limited, a body politic and corporate, duly incorporated and having its head office and principal place of business in the city of Sherbrooke, by divers false pretences and indirect means of its moneys and goods.

"Therefore he demands justice." The above complaint was sworn before Judge J. H. Lemay in the city of Sherbrooke in the District of St. Francis the 11th day of July, 1925.
